## May Copy Mutual Aid Plan

(Continued from Page 1)  
a large arsenal was recovered from the Pointe home.

In another incident, Pointe police were asked by Harper Woods police officials for assistance in raiding a gambling establishment. The gambling ring was smashed, and the operators arrested and convicted.

In March 1960, Chief Louwers formulated plans for a mutual assistance pact, for the approval of the other four Pointes and Harper Woods. Copies of the agreement were submitted to all the police chiefs to be presented to their respective city councils.

The pact was hailed by the public officials and police chiefs of the Pointe and Harper Woods, and by June 1, 1960, the six communities had all signed the agreement.

Prior to the Mutual Aid Pact, police officers from Park, City, Farms, Woods, Shores and Harper Woods, were dispatched to any of their sister cities,

when help was requested, but at the officers' own risk. If, and when, they left the jurisdiction of their respective towns, they lost their insurance protection.

If any officer was injured, or killed, while assisting officers of another city, his family could not claim damages.

Chief Louwers said that prior to the aid pact, officers from one community were sent to help in another community, more or less under a "gentlemen's agreement."

**Now Have Protection**  
However, with the signing of the agreement between the Pointes and Harper Woods, each officer is completely protected under insurance terms.

"Since the Mutual Police Aid Pact was signed into being in June 1960, it has worked 'beautifully' for all of the Pointes and Harper Woods," Chief Louwers said. "Where before the agreement, each department used its own discretion in the assigning of officers to aid another department; under the pact, each department is duty-bound to send help when asked."

He said that since the aid pact became official, officers from each of the communities have on many occasions been called upon to assist wherever there might be trouble, and a show of force has done wonders to prevent any serious trouble. On the few occasions when riots threatened in the Pointe, officers from all six cities were on hand to quell the possible disorders.

**Could Happen Here**  
Disorder on the scale that hit Southgate recently, has never occurred in the Pointe or Harper Woods, Chief Louwers said, but that does not mean that it could not happen here.

To take care of any possible rioting on a large or small scale, the chief said, all the lieutenants and sergeants of the five Pointes and Harper Woods recently attended a Tactical Units Training School, taught by the Federal Bureau of Investigation, State Police, and local police unit officers.

What these lieutenants and sergeants learned at this school, they imparted to the personnel of their respective departments. The departments now have a formidable force, individually, or combined, to handle any situation that might arise.

Blaze Damages  
Garage in City

The Grosse Pointe City Fire Department responded with all apparatus Thursday, July 1, to a fire at 537 Lakeland avenue. Firefighters found a fire coming through the roof of a garage on the property and one garage is owned by James Flem entire side wall in flames. The Flom of the same address.

Members of the fire department worked nearly an hour and a half to douse the flames.

Their report stated that the fire originated in the garage and the probable cause was some sparklers stored there.

Kitchen Storage Space  
Ought to Be Organized

Working conditions in any kitchen can be more convenient and enjoyable if the storage is ample and well organized. Michigan State University Cooperative Extension Home Economists recommend storing supplies and equipment where they will be used.

This makes it easier to get ready for the job, to do it, and to clean up after the job. Proper storage also makes it easier for children and others to help with the work in the kitchen. Remember, there should be a place for everything and everything in its place.

Here are some practical and simple principles:

Kitchens should be planned by work centers; with the equipment, the work space, and the storage for that center all together.

Items to be stored should be sorted carefully and home-makers should consider who will use it, when it will be used, and where.

Arrange frequently used items so they are easy to get and replace. Store them so they can be easily seen, reached safely, grasped readily, and replaced rapidly.

Check the space you need and either buy or build storage devices or aids to provide more storage for your family needs.

them and conspiracy charges which bring up to five years in prison will be administered whenever appropriate.

But, are there any developments in the aftermath of the Pointe melee, which, in passing, is one of a number of occurrences in the area?

In the interest of protecting juveniles, the policy of this paper has been previously to report such occurrences omitting names. However, it is hoped that revealing the identity of those arrested will somewhat diminish the feeling of minors that they are "getting away with something."

Although the opportunity for drinking parties is probably more apparent than ever before, both Police Chief Louwers of the Park and Det. Lt. Robert Van Tiem of the City do not feel there has been an increase in the number of such parties reported. Therefore there has been no crackdown in the general policy of either station.

**Parents Sent Letter**  
Chief Louwers reports that Park police had more problems years ago. In response, a letter was sent out to parents warning them that all parties should be by invitation only, that adult supervision should be present, and that the police should be called immediately if any problem should arise. Pre-notification of parties was also suggested.

Both officers agreed that most parties are of the open house, unchaperoned type, attended by young persons from 16 to 19 years of age. However, there are cases involving 13 and 14 year-olds at supposedly supervised parties.

The purchase of liquor in the Pointe by minors was also thought to be very difficult by both Louwers and Van Tiem. They ventured that most minors get older persons to make the purchase for them or else they raid their parents' supplies. False identification was not thought to be a major source for purchase in the opinion of Capt. Louwers.

**Are Usually Sorry**  
When asked about the attitude of most teens when they are caught, both again agreed

that they were generally sorry, and embarrassed. Any resentment or inappropriate behavior experienced by police is mostly caused because the young person is still under the influence of drink.

Though police don't feel problems are on the rise, it is interesting to note that three local teens have a decidedly different view.

When questioned, a 19-year-old Farms girl who will be a college sophomore in the fall, said "Yes, I suppose it's on the rise. But I think that Grosse Pointe parents have a lot to do with it; they certainly aren't setting a very good example for their teen-age sons and daughters."

Another 20-year-old college senior-to-be said, "All I know is that my brother's crowd seems to be drinking a lot more than we ever did."

Still another felt that "Drinking by minors seems to be more accepted now that it was a few years ago. It is now not so much a question of age but rather the nature of the situation. If it is done in moderation in the privacy of the home many parents even condone it."

## HOLE IN WINDOW

Robert Waldron, of 532 University place, reported to the Grosse Pointe City Police Department Sunday, July 11, that someone had shot a BB through the front window of his home, breaking the glass.

## Peché Island Owner Vows Fight Against Elm Blight

(Continued from Page 1)

**Dutch Elm Disease.**  
In his story Slone disclosed that the island had numerous dead and dying elms, and the owner of the real estate was not doing anything about it. Because of the dead and dying elms, the island has become a virtual uncontrolled breeding place for the beetles.

The city manager stated in his article, that the Park was the most westerly of the five Pointes, and lies directly north-west of the uninhabited island. One-third of the prevailing winds blow from the southwest, bringing the beetles from the island directly to the Park.

Opposite the island, he stated, on the Canadian shoreline, lies Riverside, where elm trees have nearly disappeared.

Walkerville and Windsor, both Canadian communities, have lost more than 3,000 elms in 10 years because of the Dutch Elm Disease, brought to the mainland by the beetle larvae wafted to these cities by the prevailing winds. These cities are now waging a hard battle against the disease, it was pointed out.

Slone stated that the prevailing winds blow across all these communities, toward the Park, and as a result, carry the beetles that infest elm trees, into the city, and the other Pointes and surrounding communities.

At Monday night's meeting, Slone told the council that he had become concerned about the conditions on the island and had

written a letter to Harris, asking cooperation by doing something to help eliminate the elm blight.

Slone said he did not expect an answer from Harris, but when he received Harris' letter, promising to conduct a spraying and sanitation program on the island, and help fight the blight, he was happy to relay the information to the council.

## Farms' Water Plant Sets Record in June Drought

(Continued from Page 1)

The supervisor said that prior to improvements made to the Filtration Plant about four years ago, the plant was hard put in pumping any amount near nine million gallons a day. Today, however, pumping that amount is nothing.

He said that further improvement is contemplated in the near future, which would increase pumpage and storage capacity, and increase water pressure.

He said that the city is planning more storage space to hold an additional one million gallons of water. The present holding capacity is 1.5 million gallons, he added.

Other near future improvements to increase water pressure, Baker said, will be the installation of a 20-inch water main, replacing a 14-inch main, along Grosse Pointe boulevard; and the installation of a new electrical starting mechanism for the high pressure pumps.

Other improvements will be made over a period of time to give residents the best possible service, Baker said.

### INJURED IN HOME

The City Police took Dorothy Garbosi, 44, of 744 Notre Dame avenue, to Bon Secours Hospital Tuesday, July 6, for treatment of a leg injury suffered at her home.

## Motorcyclist Hurt in Crash

Police received a call from 235 Vendome about a motorcyclist accident on July 3.

Kenneth Hugh MacLean, 23, of Rivard boulevard, was traveling west on Vincennes place, when he lost control and struck a garage at the Vendome address.

He was riding a 1964 Honda.

Taken to Bon Secours, and attended by Dr. Rodriguez MacLean was severely injured and put in the intensive care unit. Hospital officials reported him to be progressing well as of Tuesday, July 13.

### LAWNMOWER STOLEN

A 1964 Sears Craftsman 20 inch rotary lawnmower, cream color, was reported stolen from the Michael Lahey residence on McKinley avenue, July 8. Mr. Lahey said that he noticed that the garage door was open when he left for work at 7:30 a.m., but he didn't notice anything missing at that time.

### Heavy Downpour Fills Basements

It doesn't rain but what it pours.

Rain has been slight in the Grosse Pointe area, but when it does rain, what a torrent. Last Wednesday's steady downpour brings to mind the Tuesday last summer when the News staff waded around barefooted pushing water out the front door.

Last Wednesday's episode also brought a flock of Woods residents to the regular council meeting Monday night, July 12, complaining about the great amount of water in all of their basements.

Woods city engineers are working on a solution to the annual problem.

And that was the most exciting happening of the three and a half hour meeting. At least the length of the meeting was a bit shorter this time. About three hours shorter than last time.

In other business on the agenda, the council members approved the request of the Republican Citizens of the 14th district to sell tickets in Woods stores for their circus performance scheduled for August 2.

However, the council refused to allow tickets to be sold in the waterfront park. A third action taken by the council was the approval of a variance for Dr. Edward L. Wallace, 1605 Cook road. The variance will allow Dr. Wallace to change his business residence into a commercial building only. The property is zoned at the present time so that the building could not be used for commercial purposes only.

Dr. Wallace must now file a recordable document stating he will use the back of his property for parking, change none of the exterior of the building, and remodel only the interior to suit the needs of his optometry business.

### Neighborhood Club Issues Statement

(Continued from Page 1)

when the Mutual Aid Neighborhood Club was incorporated under the inspiration of Miss Jessie Hendrie with Mrs. Russell A. Alger as president, the organization has served the growing recreational needs of this community. It has also been headquarters for many groups and projects: —Public Welfare, Civil Defense, Flood Control and Emergency Fuel Administration to name a few. The Club has at various times housed special interest programs such as Leagues, Tournaments, Volunteer Training, Summer Day Camp and the School for Exceptional Children. The Neighborhood Club also sponsored the first Nursing and Health Service, the first Domestic Science and Manual Training Classes for the public schools; maintained the first equipped playground and tennis courts, the first gymnasium used by both public and parochial schools; started the first library in Grosse Pointe with the help of Wayne County, and established the first hospital in a cottage in 1918 . . . still known as Cottage Hospital.

In 1962 when its building was declared unsafe by consultant engineers, the Club undertook a comprehensive decentralized program by taking its personnel and equipment to churches and schools throughout the area, thus continuing to serve the growing recreational needs of its young participants.

Since that time the Club headquarters have been temporarily situated at 710 Notre

Dame, although its famous Thrift Shop has operated as usual on the old property. Mr. Edgar Krattli and Miss Pauline Masak have carried on the Club's group work and recreation programs under these changing conditions. Summer Day Camps have continued to function at the Pierce Jr. High School.

Grosse Pointers will be happy to know that the Thrift Shop will open as usual in the Fall. It is the Neighborhood Club's main source of income. The

### Safety Program Planned by RC

The American Red Cross will give a demonstration on canoe and water safety on Friday, July 16, at 11 a.m. at the Park waterfront park, at the foot of Alter road, according to information released by Jack Rice, recreation director.

Also on the program, the junior and senior life saving class will demonstrate various techniques, and the mechanics of life saving.

The program has been arranged by George Wibby, American Red Cross Water Safety Director of Wayne County, under the supervision of Rice. It was officially disclosed.

### Andrew D. Amerson At Fort Riley, Kan.

Cadet Andrew D. Amerson, 20, son of Richard K. Amerson, 136 Moran road, is attending an extensive six-week training program at Fort Riley, Kan., ending August 7.

Cadet Amerson will be given advanced training in the military subjects he has been studying at the University of Michigan in Ann Arbor, under the Reserve Officers Training Corps (ROTC).

While at Fort Riley, he will be trained in various military subjects which will give him the skills necessary to take command. Upon completion of the senior course the cadets can choose any of the technical or combat branches of the Army in which to specialize.

Those cadets who have already received college degrees will be commissioned second lieutenants upon the completion of the summer training.

Cadet Amerson was graduated in 1962 from Beverly Hills (Calif.) High School.

He is a member of the Acacia fraternity.

Cadet Amerson is also the son of Mrs. Gretchen D. Adamson, 704 N. Alpine dr., Beverly Hills, Calif.

### Ranney Teaches In Philippines

Myron E. Ranney of South Renard Road is home from the Philippines where he has completed a year's teaching experience in the Oliver Hazard Perry School at the United States Naval Communication Station at San Miguel near Manila.

At a recent ceremony the Navy presented a letter of commendation to every teacher at the school for a good job done in instructing the children of American personnel at the base.

Besides teaching for the Navy, Mr. Ranney taught a night class in American history at the University of the Philippines.

On his free time he visited many places of historic interest in the islands including Mindanao, Corregidor, Baguio and the Northern Provinces of Luzon where ancient terraced rice fields were observed.

Returning he stopped at Hong Kong, Taiwan (Formosa) and Hiroshima. In Tokyo, he completed a two weeks course in school administration sponsored by the University of Southern California.

Mr. Ranney is a graduate of the Grosse Pointe High School and has a master's degree from Michigan State University.

### Youngster Darts In Front of Car

Farms police were summoned to Moran and Ridge roads, Monday, July 12, on the report that a child had been hit by a car. They found that Laura Wilson, age 5, of 184 Moran road, had been struck by a car driven by Mrs. Palmer T. Heenan, of Bishop road.

A witness to the accident, Mrs. Joan Moran, of Moran road, stated that the child ran out into the street without looking. Laura was attempting to cross the street.

The girl was taken to Bon Secours and treated by Dr. Gomyalis for a bruised left side.

None of the four Heenan children, passengers in the car, was hurt.

No violation was issued.

### TRAPPED DOVE FREED

Mrs. Larry Gentile called Farms police on Thursday, July 8, to complain of a morning dove which was caught in her basement. Officers Krukowski and Farley went to the Fisher road resident and took care of the matter.

### Pick Cemetery For Kid Prank

Patrolman William Elworthy was sent to St. Paul's Cemetery, Moross and Country Club lane, Saturday, July 10, on a report that kids were trespassing on the grounds.

The three youngsters who were caught reported that another two boys and a girl had entered the cemetery for the purpose of scattering toilet paper around the grave markers, but that they had fled the scene upon the arrival of the scout car.

The three who had fled later appeared at the station of their own volition and admitted what they had done.

All the youngsters involved were minors. Their parents were contacted and agreed to a police proposal that they would have their children appear at the cemetery Monday at 10 a.m. to assist the custodian in policing the area.

### Schettler Drug Enlarges Store

The Schettler Drug Store located at 337 Fisher road, for many years has just finished a complete remodeling program.

Additional space has been added to the store, which was acquired from the former beauty parlor which occupied the space next door. This practically doubles the size of the room and has enabled Schettler to add many new departments for the convenience of the public.

Schettler Drug Stores, founded by George Schettler in 1888, have been in continuous business since that time, with other prominent shops located in the Fisher Building and the David Whitney Building.

The cosmetic and toilet preparations department occupies the most prominent space in the new room, and the store is well stocked with all the principal beauty aids and treatment lines that are in popular demand.

Two new departments have been added for the convenience of the public—one being Hallmark greeting cards and stationery items and the other a complete variety of the famous Sanders candy.

The prescription department has been enlarged in order to take care of this very large and important part of the business. Added space has been given to the wine, beer and packaged liquor department.

Before moving to Fisher road, Schettler's occupied the very important corner of East Jefferson and Rivard and ranks as one of the oldest merchants in the Grosse Pointe area.

### 'Hill' to Have 2 New Buildings

Kercheval "On The Hill" is changing, with one new building on the east side of the block nearly completed, and another about to be started.

Margaret Rice announces that her new fashion shop will be ready for occupancy about August 5. Located at 78 Kercheval, the new construction replaces the present store next door.

The Williamsburg face brick front of the 30 by 100 ft. building is enhanced by a wrought iron grill at the top. There is over 4,000 sq. ft. of selling space. The second floor has been planned for storage space, marking rooms, workrooms and offices. The entire building will be air conditioned and heated by unique equipment on the roof of the building.

"We are proud to be a part of the continuing growth of Kercheval-on-the-Hill, Grosse Pointe," said Margaret Rice, "and this new building with two and a half times our former space is tangible proof of how we have grown with the area."

Just up the street, architects have designed two levels of shops with offices above for Purdy & Eggar Associates, Real Estate.

The street facade will be of rough brick and dark stained wood with copper panels and roofs. The main entrance will be into a tall lobby, with vines and plants. This will lead to arcades, lined with intimate shops and a short flight. The building will be set back from the sidewalk providing a tiny court from which to window-shop at both levels.

The \$200,000 building will contain 12,000 sq. ft. of air conditioned space.

### Swim Lessons At Farms Pier

Registration for the second session of swimming lessons at the Farms Pier will be held this weekend in front of the first aid room.

From 10 a.m. to 4 p.m. on Saturday and Sunday, parents may register their children for beginner, advanced beginner, and intermediate courses, as well as diving, synchronized swimming and competitive classes.

The second session classes begin the week of July 19 and meet twice a week for four weeks.

Too much foresight causes people to worry a great deal about things that never happen.

### Cabin Cruiser Strikes Piling

A Chris-Craft cabin cruiser which hit a piling 200 ft. offshore, east of the Little Club, at 11 p.m. Monday, July 12, was still stranded in three feet of water Tuesday morning.

Farms police and the Belle Isle Coast Guard received several calls from citizens who told of a boat in distress in front of 60 Lakeshore, and said that

they heard people calling from the 25-ft. cruiser.

Before the Coast Guard could get to the scene, a passing cruiser had picked up the passengers and taken them to shore where they were met by police. The passengers, all non-swimmers, were Thomas Champagne,

Joseph O'Connor, Barbara Hill, and Edward McDermatt, all of Detroit. The owner of the craft, Eugene Johnson, of Southgate, was not aboard.

Coast Guard officials said the condition of the boat was very bad.

**Why some men sleep better . . . than others**

The worries of the night run deep. For questions pursue a man even in his sleep.

"What will happen to my family if something happens to me?" he asks.

"Will there be enough money for college, a daughter's wedding, enough for my wife's basic needs?"

Most men sleep better with worries like these behind them. And you can too.

### MACP Honors Chief Louwers

Four Pointe police chiefs attended the annual Michigan Association of Chiefs of Police Convention held on June 27-28-29-30, at the Caberfae Lodge, Cadillac, Mich. One of the chiefs was elected to a high office in the Association.

Elected second vice-president was Park Police Chief Arthur Louwers. He was congratulated by the other attending Pointe chiefs, James Furton, Farms; Andrew Teetaert, City; and Allen Andrews, Jr., Woods.

Shores Chief Thomas Cochill was unable to attend. Other elected officers of the Association for the 1965-66 year, were Grand Rapids Superintendent of Police William Johnson, president; Mt. Morris Chief Fred Serra, first vice-president; and Iron River Chief Ralph LaRock (re-elected), sergeant-at-arms.

Retiring president, Birmingham Chief Ralph Moxley, was appointed to serve as secretary-treasurer for one year, replacing Joseph A. Childs, who recently retired as Commissioner of the Michigan State Police. Childs was made a life member of the Association.

More than 350 police chiefs, wives and guests attended the convention.

At the close of the convention, the MACP endorsed and approved a resolution calling on the State Legislature to authorize reflectorized license plates.

The Association also endorsed and approved resolutions recommending a centralized records keeping system; a more specific method of crime reporting; and several traffic safety programs, including periodic automobile maintenance checks; revision of the Michigan Motor Vehicle Code; and an increase in funds for more State police patrols.

### Letter Confirms Grant to Board

The letter confirming the grant to the Grosse Pointe Board of Education, which makes possible the purchase of the Neighborhood Club property, follows:

June 29, 1965  
Grosse Pointe Public School System  
389 St. Clair Avenue  
Grosse Pointe, Michigan  
Attention: MR. HUSBAND  
Gentlemen:

The Helen Newberry Joy Fund is happy to confirm to you a grant of \$225,000 to be used by you for the purchase from the Neighborhood Club of all its property, both land and buildings, situated in the City of Grosse Pointe between Waterloo and Charlevoix Avenues and between St. Clair and Neff. Payment of the grant will be made on request, it being expected that a customary deposit will be required upon your signing the purchase contract with the Club and the balance upon consummation of the purchase after the usual title examination and legal approval and the obtaining by the Club of officers of necessary evidence of authority to sell and convey.

The Fund has wished to make this purchase possible in order that the property would become available under your administration for public recreation for the entire Grosse Pointe community embraced within the area of your System, and makes the grant for this public purpose.

We understand that you are prepared to move forward promptly after the property has been acquired with the demolition of the principal building on the property, now unoccupied or nearly so, and with causing the small building at the corner of Waterloo and St. Clair to be vacated within a reasonable time, say not to exceed six months, so that the necessary program for the suitable development of the entire property for public recreational purposes can proceed with expedition.

The Trustees, on behalf of Mrs. Joy who established the Fund, wish the Board of Education the greatest success in developing and operating this property for public recreation.

Sincerely yours,  
HELEN NEWBERRY  
JOY FUND  
Henry B. Joy, Jr.,  
President.

**Sunrise Watchers Disturb Sleepers**

It's getting so that you can't even watch a sunrise anymore. Grosse Pointe City police received a complaint early Friday morning, about 4:30 a.m., that four girls were causing quite a racket on the street corner.

It turned out, upon investigation, that the girls were attending a pajama party and had wanted to see the sunrise. No doubt it was for the first time. Unfortunately, they found it quite a laughing matter, and couldn't contain themselves. Laughter, glee, hysterics; is that what sunrises inspire these days?

Or maybe it was the lack of sleep all night, the too much pop and potato chips, and the ridiculous situation of the moment.

After all, what would a bunch of teenagers be doing out watching a SUNRISE?

It's really not so impossible as it sounds. We know many teens who enjoy that sort of thing. But with the respect and solemnity that is required, and the consideration for the "laterisers" of the Pointe.

**Car Hits Bike; Three Injured**

A 10-year-old boy was badly hurt as the result of an accident which occurred on Lake Shore road at Moross on Saturday night, July 10, about 9:30 o'clock.

John Alexander Campbell, age 17, of 4154 Balfour avenue, Detroit, was going west on Lake Shore when he slowed for a traffic signal. As he neared the intersection, the light changed and he speeded up, hitting a child on a bicycle.

Stephen Brideau, son of Mr. and Mrs. Arthur Brideau, of Kerby road, was struck on his right side by the left front bumper. Stephen flew through the air and landed on the hood of the car, going through the windshield on the driver's side. The boy suffered a broken leg, and facial injuries which required 52 stitches. He is still in Bon Secours hospital and will probably be there another week. Dr. Rodriguez is treating him.

Also hurt in the accident were Campbell, and Christina Stieger, 16, of 6201 Bluehill, Detroit, a passenger in his car. Both they and the Brideau boy were conveyed to Bon Secours by Officers Joe Belanger, John Farley, Ronald Wooten, and Earl Field.

Campbell was issued a violation ticket and an August 18 court date was set.

Hudson Mead of 420 Washington road, was appointed to the six-member Michigan Historical Commission by Governor Romney. It was disclosed on Thursday, July 8, by Albert J. Thorburn, Fourteenth Congressional District (GOP) Campaign chairman.

Mead, a practicing attorney, is a member of the executive board of Republican Citizens-Fourteenth District. He succeeds Prentiss Brown, who retired, and will complete Brown's term, which expires on May 21, 1967.

Thorburn also disclosed the re-appointment of James Quello of 954 Berkshire road, to the Michigan Veterans' Trust Fund Board of Trustees.

Quello has served on the board as a Veterans of Foreign Wars representative since 1952. His appointment is to another three-year term expiring February 25, 1968.

**Judge Belanger Begins 5th Term**

Park Judge C. Joseph Belanger was administered the oath of office by City Clerk Charles Hiese on Tuesday, July 6, to begin his fifth four-year term as municipal judge since the Park incorporated from a village to a city in 1950. The job pays \$5,200 a year.

A native of Menominee, Mich., and a 1922 graduate of the Detroit College of Law, the judge has presided on the Park judicial bench since 1939, when he was appointed village justice of the peace, to fill a vacancy created by the resignation of JP Rudolph Schmidt, who left that post to work for the Burton Abstract company of Detroit.

After serving out Schmidt's unexpired term, Judge Belanger ran for election, and was elected to a four-year term in his own right, and was re-elected to succeeding four-year terms, while the Park was still a village, and operating under the jurisdiction of Grosse Pointe Township.

However, do not be deceived. Opel may be small outside but it's a different story inside. GM built this 2-door sedan with 35.1 inches of leg room and 46.3 inches of shoulder room in the front. ## Babe Ruth League

### WOODS-SHORES By Royal L. Bradley All American League

Marv Boutin, winners of the first half of the season met City Messenger, winners of the second half, in a three game series over the week-end. A double header was played Saturday, with the deciding game on Sunday afternoon.

In a loosely-played first game, the Boutin team ground out a top-sided 21 to 6 victory. Maceri was the winning pitcher, and aided his own cause with three

singles. Egan, Poole and Zillman for Boutin, and Assessor, Jaratovic and Schwanitz for City Messenger, all hit safely.

In the afternoon game, City Messenger's ace 13-year-old Ken Marone rallied his team, and pitched them to a 7 to 6 victory. Assessor, Jaratovic and Schwanitz each had two hits, and Pat Cohan, David, Berns and Marone each had one for City Messenger.

For the losers, Maceri hit two doubles and a single. Dan Cohan and Joe Isca, two singles, and Egan a single. In the last half of the 7th inning, with the tying run on third base, Jaratovic made a sparkling catch of Jodar's hard line smash at third, to end the ball game.

The final game was played Sunday afternoon before a huge crowd of excited parents and friends. Both teams were keyed up and Maceri and Schwanitz hooked up in one of the most exciting games of the year.

The game was tied at 4 each in the fifth inning. After a scoreless sixth, Boutin rallied for two runs in their half of the 7th inning, and Maceri struck out the first two that he faced in the last of the 7th, the third batter grounding out to second base to end the game. For the winners Maceri had two singles and a triple, Egan a single and a triple, Jodar and Joe Isca two singles each, and Di Cicco, Paul Isca, Zillman and Poole each connected for singles. For City Messenger, Jaratovic had a double, and Assessor, Place, David, Marone and Snyder all contributed singles.

### WOODS-SHORES Automatic League By Don Bloomquist

The 1965 season's regularly scheduled games have come to a close. Here are the standings:

	W	L
Shalla	6	4
Green	6	4
Rambler	6	4
Causley	4	6
Richards	4	6
O'Brien	3	7

Shalla, Green and Rambler were in a dead-lock for first place and so it was necessary to have a play-off between these teams. Lots were prepared by league president Jack Belanger and managers George Sinning, Bob Burns and Norm Blohm drew to see which team would draw a "by." Norm Blohm's Rambler team drew the "by" and so the first play-off game was between Shalla and Green.

If the Shalla team could take the next two games it would be all over and they would be the 1965 champs, because they won the first half championship. Rick Shalla took the pitcher's mound for Shalla and held a tough Green team to just three hits as Shalla won the game by a score of 8 to 1. Greg U'mer pitched for Green and also hit a nice double. George Dereere rapped a solid double and Tom Hermann a single, but this just wasn't enough. Shalla presented a hitting attack that was something to behold as Dan Clough, Al Slowik and Jim Russman all belted out doubles. Spike O'Brien also reached second on a fielder's choice. Bill Schleicher, Al Slowik, Fran Addy and Don Cantle hit singles when they were needed to bring in the eight runs.

Shalla now rested up for the afternoon game with a determined Rambler team. Perhaps Bob Burns' Green team fired the Shalla belters out, because the afternoon contest was all Rambler! Blohm's mighty Rambler team defeated a fine Shalla team by a score of 6 to 1 to force the playing of a two out of three series to determine the 1965 Championship. In the first inning Rambler marked the score board with two runs—in the second they chalked up another and in the fifth three more.

Responsible for this hitting attack were Mike Boruta, who had two singles, Marc Ranney, a double, Gene Barratta, a double, Jeff Matheus, a single and a double, Gary Veitch and Bill Opdyke, singles. They really opened up against the pitching of Chris Malafouris and Don Cantle.

Marc Ranney pitched a wonderful game as he held the rough Shalla boys to only two hits going into the seventh inning. In the seventh Shalla got three more hits, but Ranney didn't walk one better. Ranney is one of the finest pitchers in the league and all wish him luck in the All-Star tournament. For Shalla, Rick Shalla and Don Cantle had singles, while Chris Malafouris had two singles and Bill Schleicher had a nice double. Both teams rested up over night and they faced each other Sunday, July 11 in a big double header at the Grosse Pointe University School.

On this sunny Sunday after-

noon, District Representative Dave Marstiller tossed a coin in front of Shalla's George Sinning and Rambler's Norm Blohm to determine who was to be the home team in the first championship play-off game. Sinning won the toss and a confident Shalla team took the field.

After a scoreless first inning, Rambler sent Marc Ranney to the mound for the second day in a row. For a while it looked as if Marc was tired out from Saturday's victory, because Shalla got three quick runs, but then Marc settled down and held the powerful Shalla team to only one more run, which came in the seventh. The final score was Rambler 11-Shalla 4.

Ranney struck out nine men and only walked two. His teammates really offered batting support as Gene Barratta smashed a homerun in the top of the third, which brought in three runs to tie the game. Later in the game Gene got a single and drove in another run. Jeff Matheus also wielded a heavy bat as he had two singles and a double and five runs batted in. Pitcher Marc Ranney hit three singles in a row while Marve Larivee had two singles and a run batted in. Gary Veitch also had two singles and a run batted in. Mike Barratta had a good single.

Rick Shalla started for Shalla, but was relieved in the top of the third by Spike O'Brien. In the top of the fourth Shalla returned until the seventh when Jim Russman came in to finish the game. Al Slowik was the big hitter for Shalla as he belted a double, single and a homerun in the bottom of the seventh. Al accounted for three of the four Shalla runs. Chris Malafouris had a single which drove in the other run. Fran Addy had two singles for Shalla, Rick Shalla and Bill Schleicher each had a single. Shalla catcher Fran Addy made a nice throw which picked off a man going to second.

Rambler left the field confident about the 5 p.m. game while Shalla left with vengeance in mind.

Once Norm Blohm's fighting bunch won the game and the 1965 Woods-Shores Championship. The score was 6 to 1 under the good pitching of Jeff Matheus and the terrific defensive play of the rest of the Rambler team. Mike Brauta came up with an unassisted double play which was an example of how this Rambler team operated throughout the series.

Bill Schleicher pitched a beautiful game for Shalla. He only allowed three hits, but the Shalla defensive play was plagued by about six errors. Gene Barratta continued his big batting by blasting a double that brought in three of Rambler's six runs. Paul Naz and Jeff Matheus each got singles while Gary Veitch got credit for an RBI. Shalla had five hits, but Jeff Matheus made the Shalla boys scatter their hits so they weren't effective. Al Slowik had a double and Rick Shalla, Chris Malafouris and Bill Schleicher had singles. Don Cantle's single drove in the only Shalla run.

The season is about over save for a game in each division to settle the division champ and then a 2 out of 3 series to determine the League Champs. This series will be during the week of the 19th after the All-Stars in each division compete in the District Babe Ruth Tournament. The Tournament will be held Friday through Sunday, July 16-18, at the Harper Woods High School on Beaconsfield near the Eastland Shopping Center.

On Tuesday, July 6, we had three games. The first was a RED SOX victory over the YANKS 6 to 5 in a game delayed from the previous day. The second game saw the WHITE SOX forfeit to the TIGERS. The GIANTS at the Neighborhood Club took the BRAVES 12 to 4 under winning pitcher Wally Marantette. Losing pitcher was Robin Jacobs. Wednesday saw the INDIANS under good pitching by Doug Dzuzia take the RED SOX 8 to 1. Kip O'danie helped Doug with a beautiful triple. Phil Dara was the losing pitcher relieved by Ronnie Sass, who did a beautiful job. Wonder where he's been? This game was played at the High School field which as always was in excellent playing condition even though the rains had come not too much prior to game time.

At the Neighborhood Club it was the PHILLIES 14 over the DODGERS 1. Ric Scavarda was losing pitcher and Dave Schnurr the winner. Thursday the YANKS helped the INDIANS by taking the TIGERS 7 to 4 in a real thriller.

we hear tell. Bill Noecker was named winning pitcher and George Hodges the loser. At the other diamond it was the CARDS 3 and the BRAVES 0. Gerry LeDuca was winning pitcher and Robin Hayes the loser.

Friday the WHITE SOX forfeited to the RED SOX. At the other diamond the GIANTS under winning pitcher Woody Cox took the PHILLIES 4 to 0.

Bill Bailey was losing pitcher. We are told in this game that Wally Marantette set a record with the longest hit ever seen at the Neighborhood Club, a triple bouncing smack off the top of the Tennis Court fence, in left field.

Saturday saw three games out of four scheduled actually played. The WHITE SOX for the third time in a row forfeited to the YANKS. In the

BRVES-DODGERS game it was the BRAVES 5 and the DODGERS 4. This game was tied up in the 7th and finally in the 9th BRAVES Dick Cumberly got a single, then stole second and was finally brought in by a double by Bob Sautter to win the game. Winning pitcher was Robin Jacobs and loser Gary Richardson.

## A Way to Express Our Thanks

The grant of \$225,000 to the Board of Education by the Helen Newberry Joy Foundation, for the purchase of the Neighborhood Club property, should furnish a happy solution to a problem which has involved the club, the City of Grosse Pointe, and the many groups which have used the condemned building and the expansive play areas.

Court approval of the transaction is necessary but there should be no hitch in clearing up such legal requirements. A meeting of the four Pointe mayors and the president of the Shores is expected to be arranged as quickly as possible, and out of this it is reported that a committee of representatives from each of the five municipalities will be formed to make a study and offer recommendations for the development and maintenance of the property.

With the Neighborhood Club out of the picture as far as the site is concerned, it is presumed that a new name will be given this recreation area which will serve the entire community. It is to be devoutly hoped that the appellation selected will honor the family whose generosity made the gift possible. The grant comes from the Helen Newberry Joy Foundation, through Henry B. Joy, Jr., foundation president and son of one of the greatest ladies The Pointe and Detroit ever knew. Her contributions of money, time, talent, devotion and inspiration, to uncounted movements for betterment of the entire metropolitan area, are legendary. What better way could be found to further perpetuate her memory than to give her name to this site which will continue to play a large part in the lives of countless residents?

## Teenager Probes Problem

In today's issue of the NEWS there is the first article in a series of three concerning teenage drinking in the Pointe. According to police interviews, there is no cause for undue consideration of the topic.

We think there is.

Although Grosse Pointe is not really a Darien, Conn., as implied by many newspaper and magazine articles, it very well could be. The real difference is the fortunate lack of tragic automobile accidents involving teenagers who've had just one too many for the ride home.

But just because there haven't been any, is no reason to suppose that teenage drinking is not a problem.

As Miss Boynton's article indicates, it is not impossible to purchase alcoholic beverages in the Pointe without proper identification. Difficult, but not impossible. What many people don't know about is the mastery of at least several students' at Grosse Pointe High School in the art of creating fake proof. These "artists" not only will sell a teen an 'of age' driver's license but two other pieces of identification, including fake draft cards, necessary for the purchase of liquor.

This is, in our opinion, a major problem area as far as the purchase of illegal beverages.

But there is a further problem. Parents. Parents are to blame in at least two ways. First those who leave their teenage children home alone for a weekend or a week or a summer with an unlocked, well-stocked liquor cabinet are not only inviting trouble, they are sanctioning it.

A teenager is a complex individual who is just at the point of learning his basic moral code. He is now in the process of finalizing the beliefs that he will carry with him and live by for the rest of his life. But it isn't all that easy. The teenager is also, normally, a very unsure, insecure person. That is why the "crowd" is so important to him. That's why he will accept a dare that he knows is wrong. That's why he will drink with his friends or at a party. He has to belong. Everyone knows this, but how many stop to realize how difficult the struggle is to do right for a teen who really hasn't attained his identity, his sense of self-importance?

It is true that if the liquor wasn't there, if the house wasn't empty, some of the problem would be non-existent. These parents are probably unconscious of what they are sanctioning, but it does not reduce their responsibility.

What is worse, though, is the parent who will mix drinks for a 17-year-old daughter and friend so that "they will get used to the effects of liquor before they get carried away at age 21." If a person doesn't have enough sense to drink moderately at 21, he certainly should not be drinking when he is five years less mature. Why it should take five years to get used to the effects of alcohol is beyond reason.

Now a protesting reader might be about to say that even though a teen may need to feel socially accepted at a party, that is no reason why he should need to go out and get bombed with just one buddy on a Saturday night. But look at it this way. Adults who drink USUALLY do so because they enjoy the stuff, so why is it improbable that after enough exposure a teen may not learn to enjoy it too?

It seems as though what one enjoys, one indulges in.

But as has been repeated endlessly, why on earth should a teen need liquor to have a good time? He has enough buoyancy and imagination to create it on his own. He shouldn't need a crutch. And though an intoxicated teen may be aware of what he is doing, it's an awful lot easier to do things he wouldn't under normal conditions.

Unlike what many people may think, there is a definite problem here. The solution is not up to the law enforcement agencies. They can only enforce punitive measures. It is not up to the liquor dealers. They can not

But it is up to the parents as a matter of teaching, trust, and opportunity as well as good judgment. It might make the difference between life and death to one of Grosse Pointe's teens. By K.D.

## What Goes On at Your Library

By Virginia Leonard

One pleasant June Sunday afternoon recently, while lazily half-concentrating on the radio and sunning myself, I heard the announcer say that Helen Keller was 85 years old. Helen Keller! There is a name that conjures up so many pictures, emotions, recollections. Do you remember the first time you read her *STORY OF MY LIFE*, written many years ago? This was a really unique experience. Think of the years of effort, training and learning that prefaced such an accomplishment! Think of the little girl that Anne Sullivan faced so many years ago (and if you saw *THE MIRACLES WORKER* you will undoubtedly recall the image of Patty Duke in the role—and so admirably done, too).

Many biographers have told the same dramatic and poignant tale. *HELEN KELLER*, by Van Wyck Brooks, is really a sketch upon which a fuller portrait could be constructed. Richard Harriott gives us *THE THREE LIVES OF HELEN KELLER*, a pictorial biography; the "three lives" consist of Helen's life before the arrival of her teacher, her life of training and growth, and her subsequent life of devotion to others. There are two biographies in the Juvenile section: one by C. O. Pearce—*THE HELEN KELLER STORY*; the other by J. W. Tibble—*HELEN KELLER*, focusing primarily on Helen's earlier years. A book written by this fine woman herself is *OPEN DOOR*, consisting of brief prose selections from her writings, showing her philosophy of life. In essence, it is a collection of meditations.

In the Juvenile collection there is a fictionalized account of Helen Keller's early years with Annie Sullivan, their lives together until Annie's death, then to John Macy. The title? *THE SILENT STORM*, by M. M. Brown. This, of course, leads us to other books about this famous teacher. We have one well-known one with the simple title, *TEACHER*, by Helen Keller herself. This is her heartfelt tribute to the brave teacher and companion who made her what she is today. Another, by Lorena A. Hickok, *THE TOUCH OF MAGIC*, is subtitled: "The story of Helen Keller's great teacher, Anne Sullivan Macy." There have been others similarly handicapped by blindness who have written of their problems, their outlook on life, their hard-won successes. B. M. Dahl's *FINDING MY WAY* is one of this genre. It dwells mainly on how the author had to rearrange food, clothes, furniture and habit so she could live independently. Hector Chevigny chose the interesting title: *MY EYES HAVE A COLD NOSE*. Here, in middle life, the author,

or a writer of radio scripts, living in Los Angeles, was unexpectedly stricken with blindness. This autobiography tells how he met his trial and sets forth his philosophy of life. *A GIRL AND FIVE BRAVE HORSES*, by Sonora Carver tells of Carver's famous diving horses—of how Sonora learned to ride these same horses off a high tower into a small tank—of her accident that resulted in total blindness—of her decision to ride again in spite of her handicap—and of her successes.

Elizabeth Yates, in *THE LIGHTED HEART*, focuses on the author's husband's impending and actual blindness, telling how together they were able to restore his usefulness and capacity for pleasure. *LIFE AT MY FINGERTIPS* by Robert Smithdas, is the autobiography of a man, who, at the age of five, lost his sight and hearing, but who went on to become the first person so deprived after Helen Keller to finish college, and who is now both a public relations counselor and a lecturer.

We certainly must include one book on the Seeing Eye Dog. *FIRST LADY OF THE SEEING EYE*, by M. S. Frank, is the story of Buddy, a German shepherd dog, the first Seeing Eye dog owned by the author. He describes his trip to Switzerland in 1927, where he met Buddy, and the subsequent founding of the establishment of the training center for this type of dog.

Several other books dealing with the subject of blindness are *I'LL BE SEEING YOU* by Henry Barry. Here a blind veteran, wounded in World War II, describes his difficult climb back to health and a better security than he known before the war. An interesting volume is *BLINDNESS: WHAT IT IS, WHAT IT DOES, AND HOW TO LIVE WITH IT*, by T. J. Carroll. Another is *A HAND-BOOK FOR THE BLIND* by Juliet Bindt. This is an aid for the sightless, and for those who work with them, by a woman who has been in this condition since she was thirteen. It gives many practical suggestions on clothes, how to travel alone, housekeeping, etc.

Belatedly, we salute Helen Keller's birthday, and all the blind who are fighting the good fight to live as full and rich a life as possible. We feel certain it is seldom easy.

Bringing this whole subject closer home, we commend a dedicated group of women of our area, the Grosse Pointe Brailleists, who meet in our Central Library once a week, and whose aim is to learn to write Braille and ultimately to convert children's books into Braille for the blind.

## From Another Pointe of View

By Janet Mueller

Wearing bathing suits, shifts and Bermuda shorts, but "thinking fall," a group of local ladies are currently busy with plans for next autumn's Neighborhood Thrift Shop Fashion Show.

Show date is Tuesday, September 21; place is the Crystal Ballroom of the Grosse Pointe War Memorial. Admission ticket, as always, is via a bundle of clothing, bric-a-brac or "anything salable," to stock Thrift Shop shelves for the coming year.

For the first time, Walton-Pierce will present the fashions. And, as a special bonus, there will be a Tea Table where the ladies can gather to talk over fall's style trends.

Chairman of the Fashion Show-Tea Party is Mrs. Bruce Chalmers, of Grosse Pointe boulevard. The Neighborhood Club Thrift Shop's present chairman is Mrs. W. Brace Krag, of Merriweather road.

### A Busy Lady

One of The Pointe's busiest ladies this summer has been, (and is going to be), Mrs. C. Blount Slade, of Edgemere road.

Back last weekend after a visit with her son and daughter-in-law, the Robert Whitelaw Slades, in New York State, Mrs. S. will welcome her daughter and son-in-law, the Robert L. Connells, of Bethesda, Md., tomorrow.

In the East, Mrs. Slade visited with her son's family at their Poughkeepsie home. Then the whole group, including seven-year-old Sean and just-turned-six Jenny, and a delightful Welsh Corgi with the marvelous name of Guinevere, (note that authentic Welsh spelling!), vacationed at Lake George in The Adirondacks.

Founders Society Patrons to Be Special Guests at  
Detroit Institute of Arts Cocktail Party and  
Collection Tour

Michael Magee, daughter of Mr. and Mrs. Thomas Patrick Magee, of Lakepointe avenue, was married to Gilbert Joseph Waitkus July 3.

More than 500 patron members of the Founders Society Detroit Institute of Arts are invited to cocktails "with a twist of art" in their honor this evening in the Riviera Court. Guests will watch four prominent Detroit-area artists demonstrate their specific skills.

The small family ceremony, held in the bride's home, was followed by a champagne breakfast in the Commodore's Room of the Detroit Yacht Club.

This event, exclusively for the Museum's Patron Members, is the first of a series, conceived by William M. Day, president of the Founders Society Detroit Institute of Arts and president of Michigan Bell Telephone Co., in the belief that Patron Members should be given special recognition in acknowledgment of their support of the Detroit Institute of Arts.

For her marriage, the former Miss Magee chose a white pique frock frosted with Begian lace at neckline, sleeves and scalloped hemline.

As well as sending out invitations, the Patron Membership committee is enthused about enrolling new patron members of the Founders Society.

Her shoulder length illusion veil was secured by a small seed pearl crown. She carried yellow Sweetheart roses.

Patron members contribute \$100 annual membership dues to the Founders Society. The Patron Membership committee includes Mrs. Max M. Fisher, Mrs. Theodore O. Yntema, Mrs. Ernest A. Jones, Mrs. James McClintock, and Mrs. Gaylord W. Gillis.

Her only attendant, Sharon Janals, wore a lace-trimmed Empire dress of sheer yellow cotton batiste, and a shoulder corsage of white flowers.

Highlights of The Detroit Institute of Arts collection—Italian sculpture, French decorative arts, Flemish and Venetian painting, and Etruscan art—will be described to Patrons by members of the Museum's curatorial staff. Following this tour, Patrons will gather in the Riviera Court.

Roger Miller was his brother's best man. They are the sons of Mr. and Mrs. Joseph F. Waitkus, of Detroit.

Here, artists who will demonstrate their skills are Robert Broner, graphic artist; Guy Palazzola, painter; John Glick, ceramist, and Robert Wilbert, painter.

The mother of the bride wore a sheer wool afternoon suit in a natural ivory shade. Mrs. Waitkus chose an afternoon suit of deep grey silk sheer.

Broner is represented in the permanent collection of 13 museums in the United States and Europe; his work is also in private collections of Nelson Rockefeller, Lessing Rosenwald, Howard Lipman, Lawrence Fleischman, Roy Neuberger, Gertrud Mellon and Harry Winston. Broner has had nine one-man shows and has

Mr. and Mrs. Carl Reichelt, of South Deeplands road, will fete the bride and bridegroom-elect at a dinner party this evening.

Tomorrow, Mrs. Berrien Eaton is having a luncheon for out-of-town guests, and in the evening the bridegroom-elect's parents, Mr. and Mrs. Joseph A. Wheelock, of Greenville, Del., will host the Rehearsal Dinner at the Detroit Club.

The annual Grosse Pointe City Little League picnic will be held on Saturday, July 17, starting at 12 noon. All boys who played baseball this year and their families are welcome.

Mr. and Mrs. Eagan will receive guests at a reception at the Little Club following their daughter's wedding.

The place is Neff Memorial Park, Jefferson avenue. There will be games, prizes and food for all.

Mrs. Walter E. Simmons, of McRiweather road, entertained at a luncheon Wednesday, honoring recent bride Mrs. Richard Alfred Weber, the former Sarah Reid. The young Webers are now at home in Meadow lane.

For the brave mothers and fathers, there will be a baseball game at the Neighborhood field starting at 9:30 Saturday, July 17, between the mothers and fathers! The parents of all of the boys are welcome. They will be put on a team whether they can play baseball or not.

The mother of the bride wore a white lace-covered pale yellow silk sheath, and a corsage of green cymbidium orchids. The bridegroom's mother's gown was fashioned of pale blue silk linen, and she chose a white orchid corsage.

When the newlyweds left for Acapulco, Mexico, the bride was wearing a pale lime green jacket dress with a silk print blouse, and bone lizard accessories.

half-year-old Campbell and his year-and-a-half-year-old  
brother, Bill, for the week.

The Connellys will return to The Pointe after their  
short northern vacation, and will spend the last week  
of July renewing old acquaintances before they return  
to their Maryland home.

## Back From Abroad

Mr. and Mrs. Stanley Tutag, of Cloverly road, and  
their daughter, Linda, and Ann Heglin, daughter of the  
Edward Heglins, of Rivard boulevard, are home again  
after a three-week tour of Europe.

They flew to London, then travelled by boat to Hol-  
land, visiting Florence, Rome, Monaco, Austria, Belgi-  
um, France, Switzerland and Germany before jetting  
back to the States.

The two girls are among The Pointe's youngest  
transatlantic travelers. They will both be juniors at  
Grosse Pointe High School in the fall.

## More Returnees

England, Scotland, Sweden, Norway, Denmark, The  
Netherlands, Belgium, Luxembourg and France were  
on the Taber family's European tour agenda.

Mrs. Earle M. Taber, Jr., and her daughter, Debbie,  
of Lochmoor boulevard, and Debbie's grandparents, the  
E. M. Tabers of Hartford, Conn., spent five weeks  
traveling on The Continent and in the British Isles.

Debbie's father managed to get away for only one  
week; he joined his family in Amsterdam, and flew  
home a few days ahead of them, in early June. The en-  
tire trip was planned for early summer, so that Debbie,  
a sophomore at the University of Michigan, could return  
in time for summer school at U. of M.

The Tabers had "a wonderful time," were especial-  
ly intrigued by a train tour of Sweden, from Stockholm  
up past the Arctic Circle into Lapland and back. Hos-  
pitable Swedish fellow travelers, proud of their coun-  
try, entertained "foreign" train companions at dinner  
during the tour, (reindeer meat was a popular entree).

This train trip was just about the only place the  
Tabers saw any Americans, as the regular tourist season  
had not begun. They didn't even see any American stu-  
dents until Paris. Debbie found her years of High School  
French extremely helpful in this "off-season."

In London, the Tabers glimpsed the Brigade of  
Guards rehearsing for the Queen's Birthday at St. James  
Palace.

Their only disappointing experience was in Utrecht.  
Debbie had planned to stop off for a visit with Ria  
Brouwers, who spent a year as an exchange student at  
Grosse Pointe High, but:

"Our driver had planned too much for that day, so  
we just went right to the airport. We couldn't stop or  
we would have missed our 'plane!'"

## Still Traveling

Ann Noecker, of Handy road, and Carol Quinn, of  
Whittier road, hope to run into Ria some time during  
their vacation.

The girls are spending the summer in Europe.  
Among the 12 countries they plan to visit are Bulgaria,  
Yugoslavia and Greece.

A special end-of-summer treat for Ann will be a  
visit with the family of Dr. Franz Van Der Holst, in  
Brussels, with whom she lived in 1963 when she was an  
American Field Service exchange student from Grosse  
Pointe High School.

Terry Gostow stands a little over 5'5", but after pacing the Grosse Pointe Yacht Club swim team to a 162-149 victory over Oakland Hills, she must feel 10 feet tall.

This was the Yacht Club's first victory since the two teams met last year, and if Joe Falls and the other baseball writers will pardon the expression, this puts Grosse Pointe 21 days ahead of last year's pace.

In their first outing at the Detroit Yacht Club, the Pointers were without a relay victory. The Detroit Golf Club was a little more charitable, permitting their visitors one relay victory. Against Oakland Hills, Grosse Pointe produced two relay victories, the Girls Freestyle and the final Boys Medley. Do I hear three—anybody?

It was the individual efforts of the swimmers that caused this victory. Grosse Pointe outscored their opponents 128-93, as they grabbed 14 of the 20 age-group events.

Showing surprising strength, for a change, were the older swimmers. Fifteen-year-old Terry Gostow carried home three blue ribbons. She swam in the winning freestyle relay, and notched solo victories in the freestyle and backstroke events.

Steve Mason won his first race of the season, the butterfly event. John DeHayes, who has been in a slump of late, edged teammate Dick Ray in the freestyle. In the backstroke, Mason tied Rick Renzelli, but the judges awarded the blue ribbon to the Oakland Hills swimmer. Both boys were timed at 31.5.

In addition to Terry Gostow's excellent showing, Chris Everett beat Joan Couzens to the wall in the butterfly race. Joanne, swimming her last Inter-Club meet, also lost to Terry in the 50 free, but was on the winning freestyle relay.

Sharing the spotlight with Terry was Bruce Black. Black won the 50 yard freestyle race with a 25.5 clocking, plus the backstroke event, and anchored the medley relay.

Bruce's 1-year-old brother Jeff won his second straight victory of the year in the backstroke race. Four other swimmers notched their second victory of the season. Nita Storms, 10, and Maureen Burke, 14, were victorious at the D.Y.C., while Ben Storms, 8, and Kathleen Padon, 12, repeated their D.G.C. victories.

John Klang speaks highly of two young girl swimmers, Kristine Sheets, 8, and Kathy Beck, 10. Both swimmers came through their coach by winning their respective freestyle events.

Grosse Pointe's victory, even at the expense of a weak Oakland Hills, is a start in the right direction. Two years ago when the Yacht Club swam at Lochmoor, only one point separated the two teams. Tonight, Lochmoor will host the G.P.Y.C., but you can be assured the results will not be that close.

It's the little trials of life that lift people over the great ones when they come.

**Wave Lengths**  
By Anne Boynton

It was a big week-end for those who made the sailing scene. Saturday, 261 starters ran out the waves at the Grosse Pointe Yacht Club's annual sailing regatta, and Sunday, a more select group vied for the Midwest Raven and Thistle sailing championships on Lake St. Clair. Both provided good viewing and some excellent and close races.

First... Saturday... Grosse Pointe Yacht Club regatta. Regaining his strong foothold made in last week's Grosse Pointe Club's regatta, Toot Gmeiner again came through in Apache for a first in class A. He pounded out a 4:17:57 corrected time, a full three minutes ahead of second place Norb Taylor in Vitesse II. Third was Milt Cross in Whisper, followed by Clare Jacobs in Falcon II, and Russ Moore in Revelry.

Cruising Class B's winner put in a repeat performance too, before pointing her bow toward (ah...) Macnac. Henry Burkard, of the Detroit Boat Club, in Meteor III, bettered Liwyd Eccleston Jr.'s Bikini for the top spot. Quite a jump for Bikini which ran twelfth last week. Not so for Mutiny skipped by Lee A. Smith, which dropped a peg to third. Claiming fourth and fifth places were Charles Bowers in Maia and John Blunt in Affair-de-coeur.

Battling the shifty yet mild wind, Don Smith in Yare went the 18 miles in 4:48:18. A corrected time of 4:02:38 put him way ahead with the best time of the day. Falling short of Smith's splendid show was second place Gene Mondry in Sea Skai. Third, fourth, and fifth were taken by Charles Smith, Rich Kommel, and Karl Ness and Maurice DeClercq.

Sailing the shorter 9-mile course, Barton and Oiler churned out a 2:42:57 corrected time to wangle top honors in Cruising D class. Then came Roy Barbier's Roulette, Robert Dodd's Windlassie, James Daoust's Van Guard, and Frank Perry's Alida.

As if Saturday's thrill and spills weren't enough, we're off to Sunday's Thistle and Raven final matches which completed a three-race series. And oh what a series it was—full of the kind of drama that must keep the sailors in a complete state of frenzy!

The deciding factor in the Raven battle was, appropriately enough, one Wave's Length. Sailing in inches ahead of Assault, maneuvered by Bob Sellers from hosting Grosse Pointe Yacht Club, were Al Gregory and his crew from the Detroit Yacht Club in Typhoon II.

Sellers, the defending champ, was ahead after the first two races and had a slight advantage near the end of the last 10-mile trek. However, a wave bouncing off the GPYC breakwall broke his string and Sellers had to settle for a 1-3-2 record and second spot.

The victorious Gregory wound up with a 4-1-1 showing.

Not to be outdone or undone as the case may be, Ned Lockwood, an Indianapolis sporting goods dealer, claimed the Thistle title in a bout which paralleled the Raven race. Finishing with a 1-7-2 record and 59.4 points, Lockwood and Spike Boston fought for the crown right to the end of the line. Four inches separated their bows at the finish. Forced to accept a 6-4-1 results and 58.4 points, Boston was trailed by his father, Howard Boston, who pulled a third with a 3-5-4 and 57 point score.

Then there's the Grosse Pointe Sail Club's Thirteenth Annual Regatta which shouldn't be missed. Next week, that is. Regatta Chairman is I. Nels Jorgenson. Robert Dolsen heads up the Race Committee along with Jack Purcell and Al Thorburn.

Also, don't forget the Sail Club's weekly races held every Tuesday night during June, July and August. All DRYA members are invited to enter at no fee. The course is charted to start and finish approximately 200 yards upstream from the Grosse Pointe Park Municipal Pier. The preparatory signal is at 1910, the start at 1915, and the time limit's set at 2130.

TWO U.S. AIR FORCE F-4C Phantom jets using air-to-air missiles shot down two Communist MIG-17 fighters 70 miles from Communist China today during the deepest U.S. aerial penetration of North Vietnam to date. America's newest air heroes are Capt. Kenneth Holcombe, of Detroit, and Capt. Donald C. Anderson, of Fairbanks, Alaska, aboard one plane, and Capt. Thomas S. Roberts, of La Grange, Ga., and Capt. Arthur C. Clark, of McAllen, Tex., flying the other. It was the first "kill" for U.S. Air Force planes since the Korean War. Three MIGs downed earlier this year were bagged by Navy planes off

## who, where and whatnot

by uboozil

Once upon a time . . . June was every bride's favorite month, but nowadays there is a steady summer-long parade down local church aisles. In Grosse Pointe, July and August seem to be as, if not more, popular months for exchanging marriage vows than June, and today, in the middle of the 1965 Wedding Season, we find ourselves in a reminiscent mood . . .

... so far, we think, the summer's most traditional bride was Julie Donovan (Mrs. George Anthony Gratton Darlow), charming as a tinsy in the wedding gown her mother and grandmother had worn before her . . .

... we recall with a chuckle the engagement announcement of a certain young lady who is to be married this month; caught up in a whirl of betrothal festivities, she remembered to notify the newspapers of her engagement — but neglected to say WHO she was engaged TO. (a telephone call put everything to rights) . . .

... then there was the couple, (bride and bridegroom's last names both begin with "M"), who informed all their friends, and the local papers, that they would honeymoon on Pago Pago in the South Seas — their real wedding trip destination was Bermuda . . .

... heirloom veils were worn by many of the Summer '65 Brides, including Eleanor Gillett Duffield (Mrs. Ethan Christopher Prewitt), whose veil was fashioned of Battenberg lace from her maternal grandmother's wedding dress; she bowed further to tradition by carrying the prayerbook used by her mother and grandmother at their weddings . . .

... Carol Pucci (Mrs. Dixon Doll) wore a Brussels lace mantilla she found, and fell in love with, on a European trip . . .

... sentimentality was the keynote at the wedding of Lindalee Locke and William Dennis Barton, Jr. Lindalee chose to be married on her parents' wedding anniversary, June 26, in Grosse Pointe Memorial Church, where Mr. and Mrs. Kenneth P. Locke had spoken their wedding vows; she was the sixth bride in her family to carry a lace handkerchief which made its first appearance at the wedding of her great-great-grandmother, and has since been carried only at family weddings . . .

... two "best friends," Karen Jensen (Mrs. Randal McGregor Jones) and Bonnie Willingham (Mrs. Dennis James Perkins), would certainly have been in each other's wedding parties — if they hadn't decided to be married on the same day . . .

... many local brides still prefer a traditional at home wedding reception rather than a party at a club or restaurant; among these traditionalists: Harriett Foster Bradshaw (Mrs. William Buttolph Lafer), Cynthia Jane Hyde (Mrs. Herbert William Langford), Sally Lynn Harris (Mrs. Timothy John Hannert), and Barbara Phelps Beebe (Mrs. Richard Lawrence Beizer) . . .

... wedding trip destinations for this summer's brides have run the gamut from a canoe trip in Minnesota and Canada (choice of Pamela Whitney Waterman and Christopher Gale) to a cruise through the Greek Islands (selection of Gail Ann Phillips and Jay James Jodway).

## Pointer of Interest

MRS. CHARLES D. LA FOND, OF UNIVERSITY PLACE

By Janet Mueller

If someone were to ask Louise La Fond to drop everything, pack a bag and leave for Europe tomorrow, chances are she'd go. "I LOVE to travel!" she exclaims. "I'd like nothing better than to travel all the time."

Perhaps this penchant for comings and goings is a natural result of childhood environment. Louise's father was an engineer, a specialist in steel, one of the builders of the Panama Canal under General Goethals.

She was born in Panama, lived there until she was seven, remembers "very little about it, really" except the leaves home. She made 11 trips on the ocean before she was seven.

Recently, she counted her ocean trips again, and arrived at the number 15 — a figure which represents considerable time at sea for someone who is not a ship's captain, but a figure which Mrs. La Fond plans definitely to increase.

### Danced With Prince

She has been told about her life in Panama by members of her family, (her brother recalls the Duke of Windsor's visit to the Zone when he was Prince of Wales, tells how the Prince picked up the young Louise and twirled her around a dance floor), but her own memories really begin when the family returned to the States.

Her father's work took them up and down the East Coast; they lived in Florida for several years, in Baltimore, Md., eventually in Philadelphia, Pa., where Louise, in typically American fashion, met her husband, Don, at a Villanova freshman hop.

They came to The Pointe a few years after they were married, and have lived here ever since, moving into their present University place home when their youngest son, Peter, was two.

Peter, all-State, all-City swimming champion in the Catholic League last year, will be a senior at Austin in the fall.

His sister, Cynthia, (Mrs. Lawrence B. Kelly), her husband and their four children, Lisa, 8, Cici, 7 in August, Larry, Jr., 5, and Don, 3, live only a few blocks away, in Lincoln road.

Chic, (Charles D. La Fond, Jr.), is serving in the United States Army, stationed in Munich, Germany. Chic was his mother's "excuse" for a fabulous two-month vacation in Europe this spring.

### Covered Caribbean

It was Louise La Fond's first trip to Europe, although she and Don have literally covered the Caribbean, visiting Haiti, Cuba, (pre-Castro, of course), Nassau and Jamaica.

The La Fonds fell in love with Montego Bay; they bought property there and hope, some day, to build a vacation house on the island.

When Mrs. La Fond first broached the subject of a European tour to her husband, (he could not take time off from his business to go with her), she mentioned a four-week itinerary built around the celebration of Chic's birthday in Munich.

By the time she and her traveling companion, Mrs. A. Stansell Bush, of Moran road, set sail March 11, the original four weeks had been expanded into two months.

Louise La Fond and "Petey" Bush crossed the Atlantic and enjoyed a Western Mediterranean cruise, with stops at Casablanca, Gibraltar and Majorca, before leaving their ship at Naples.

### Welcome in Rome

In Rome, at their hotel at the head of the Spanish steps, they were greeted by a huge bouquet of flowers. Don La Fond's welcome-to-the-city gift to his wife. From then on, in every new hotel room, Don's flowers were waiting. Louise literally couldn't wait to see how the next local florist would interpret bouquet

of women involved, and in the number of groups, eventually necessitated a consolidation of projects.

The first of these "consolidated projects" was the Celebrity Series, now in its 11th year. "It has become a wonderful thing, I think, for the hospital AND the community," Louise La Fond says.

The Gift Shop, in the hospital, is another consolidated League project, as is the Summer Cruise, now in its fourth year.

The latest all-League activity is a Fall Tea. When Louise became president of the Assistance League, a year ago last June, (she was recently re-elected president), she thought it would be nice to have a tea displaying things League members have made for their shop.

The tea was so successful it will be repeated this year, and will probably become an annual affair.

Has Held Many Posts  
Mrs. La Fond has served as "Captain" of her group three times, as corresponding secretary, historian and recording secretary of the League, and now as president. "This job (the presidency) takes up a good deal of time," she explains.

"You appoint good chairmen, but you still must supervise. And, of course, you must attend all meetings . . ."

She conducts three meetings a month — a Board meeting, a League meeting and a Celebrity Series meeting — "pushes a cart" once a month for the hospital, sews a bit for the shop, spends much of her at-home time on the phone, making and receiving Assistance League-related calls.

The League is currently on "summer vacation," with the next regular meeting scheduled in September. Tonight's cruise is Mrs. La Fond's last big project until the fall, and she is due for a summer rest herself, but: "My daughter Cynthia, is flying to Lisbon tomorrow, to visit the Heads; the grandchildren are moving in with us for two and one-half weeks!"

She is looking forward to their visit, plans to take them swimming at the Grosse Pointe Yacht Club and the City Park — and has lined up several good baby-sitters.

Summer at Home  
"I've had my vacation; I have no plans for the summer," she laughs. She and Mr. La Fond will stay in The Pointe this season, relax at home, invite friends in to dinner . . .

They thoroughly enjoy entertaining at dinner parties in their own home. Louise likes to plan a party, to decide upon a menu, supervise food preparations, arrange flowers, welcome guests into her house.

"To me, this (entertaining at home) is fun," she says. It is almost — but not quite — as good as taking a trip.

### Douglas C. Harris

Serves on Destroyer  
Sonar Technician Seaman Douglas C. Harris, USN, ward of Mr. and Mrs. Lawrence P. Litka of 20 Crestwood drive, is serving aboard the destroyer USS Millinix, which has deployed to the Mediterranean as flagship of Destroyer Squadron 32.

While deployed, the ship will participate in several anti-submarine warfare exercises and evaluate new tactics in this area.

His unit is part of an anti-submarine hunter-killer group composed of surface, subsurface and air units designed to seek out and destroy enemy submarines.

## Historic Sites Guide Available

A new publication, "A Guide to Michigan's Historical Attractions," designed to inform visitors about the state's historic sites, is now ready for distribution. The announcement was made by the Michigan Historical Commissions and the Michigan Tourist Council, joint publishers of the guide.

Produced through the John M. Munson Michigan History Fund, the attractive map and guide pinpoints all of Michigan's historic sites, museums and historic buildings.

Included in the publication are listings and locations of more than 200 historic sites and markers, over 40 historic buildings and 53 historical museums. In addition to the Michigan map, inset maps of downtown Detroit and other historic communities are provided.

Information on Centennial Farms, regional tourist associations, tourist information centers and pictures of historical attractions are also contained in the publication.

Copies of the Michigan Historical Guide are available without charge by contacting either the Michigan Tourist Council or the Michigan Historical Commission, Lansing.

As a general rule very few things that are worth having can be had for the asking.

Here Today . . . gone by afternoon. We checked and that's how the sale-tagged clothes at Walton-Pierce are moving. Fifty percent off on most things. Now, just in time to fill out vacation wardrobes . . . a new group of cottons and silk prints. Hurry! The shop is closing July twenty-third for a two weeks vacation. When it reopens, there will be brand new Fall fashions that were selected on a recent buying trip.

Individualists . . . shopped for unique put-away presents. Individualists took advantage of the Christmas in July sale at The Top Drawer, 17007 Kercheval . . . UP in the Village. Top Drawerists saved on boutique items and children's things. So who's a conformist?

On Vacation . . . off to Europe . . . that's the word around 397 Fisher Road these days. The shop will be closed from July seventeenth until August ninth and Miss Pearone is Paris-bound on a buying spree!

Once Upon A Time . . . a wall was just what Webster says it is: "a vertical architectural member used to define and divide space." In today's home, no wall can get away with merely standing there. Walls fold into themselves to let two rooms become one larger room or they combine with cabinets and pass-throughs to connect, as well as define, the eating and cooking areas. Walls want to work for you . . . Mutschler, 20489 Mack Avenue . . . shows them how.

From The Driver's Seat . . . it looks like the best car deals in town are at Riverview Dodge, 15205 East Jefferson. There are some very handsome models at very attractive trade-in prices. Besides, it's great to do business with Joe Doyle.

The Shape of Things to Come . . . come Fall! Shapely little suits, shapely little legs and shapely little heads. We don't care where you start your Fall '65 look . . . but Edward Nepi, "Parrucchiera," 19463 Mack Avenue, is a good place to have your hair shaped . . . for the fashionable head. TUxedo 4-8858.

Imagine . . . running out of Notre Dame Pharmacy's Silicone Sun Screen! We did. So we ordered the larger size . . . two twenty-five instead of the dollar twenty-five.

Bored? . . . Try a great new fragrance Tuvara by Tuvara. Sure to stir up a small compliment or perhaps a big romance. Kopp's have the Skin perfume, three-fifty . . . six dollars; Spray Mist, five dollars and Powder Mist, three dollars.

Are You Ready? . . . for Sid Erwin's beauty quiz? Do you remember how the pretty plum became the pitiful prune? It happened because of demotivization. Fashion Two Twenty's fabulous moisturizing cream is excitingly new and different. It takes additional water back to the skin. Special offer . . . drop in at 20445 Mack Avenue for a free trial. Try it and you, too, will be . . . plum beautiful." Sid Erwin.
