

## HOSPITAL OBTAINS JUDGMENT

### HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

Thursday, July 29

**PRESIDENT JOHNSON** announced to the nation yesterday that he is sending 50,000 more American GIs to South Vietnam to deal the Communists "death and desolation" if that must be the path to a just peace. The President stated that the monthly draft calls will be more than doubled, from 17,000 to 35,000, to help increase U. S. forces in Vietnam from 75,000 to 125,000 troops. He ruled out, for the time being, a call-up of military reserves.

Friday, July 30

**TEAMSTER PRESIDENT** James R. Hoffa moved a step closer to a prison term yesterday when the Sixth U. S. Court of Appeals in Cincinnati upheld his 1964 conviction on jury tampering charges. The decision was a unanimous one. If the U. S. Supreme Court refuses to hear a further appeal, the 52-year-old Hoffa will be sent to prison for eight years and force him to abide by a promise he made earlier this year to resign as the \$75,000-a-year head of the Teamsters' Union. Those who keep a close watch on the Supreme Court predict that it will refuse to hear a further appeal.

Saturday, July 31

**PRESIDENT JOHNSON** signed the Medicare bill, which provides health care for the aged, into law Friday in a ceremony dedicated to former President Harry S. Truman in Independence, Mo. Truman was the originator, 20 years ago, of the legislation. Johnson used 72 pens to sign the bill, giving the first to Truman as a souvenir and the second to Truman's wife, Bess. As approved by the Congress earlier this week, the 133-page measure includes hospital care under Social Security for the elderly, a low-cost optional plan to pay doctor's bills for old people and an across-the-board raise in Social Security benefits. Increased Social Security taxes will pay for most of the program.

Sunday, August 1

**FIVE OTHER UNIONS**, in addition to James Hoffa's Teamsters' Union, are competing for 250,000 public employees who are enabled to join unions and bargain collectively under changes in Michigan's labor laws. Included among possible new members are police, sheriff's deputies, firemen, road commission, waterworks, sanitation, office and other personnel on payrolls of counties and cities.

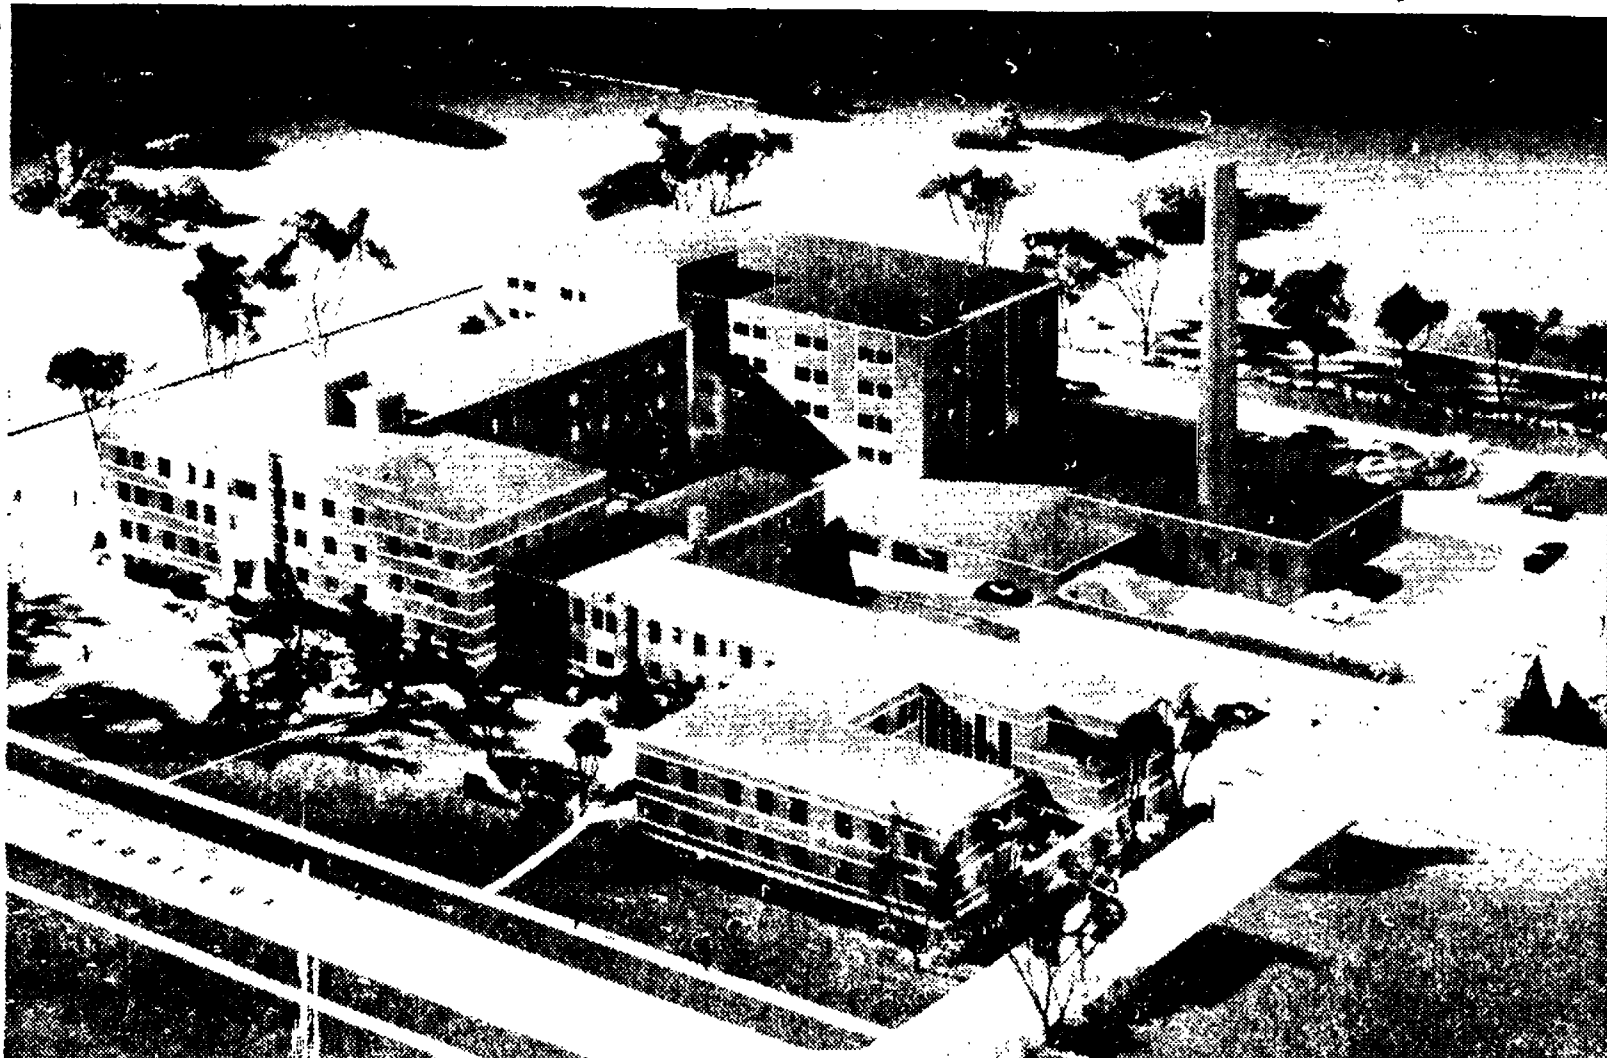

Monday, August 2

**THE VIET CONG** hit 15 outposts south of Saigon with mortar and small arms fire early Sunday, inflicting light to moderate casualties. The Communist troops also fired on five other locations elsewhere in the country in one of the heaviest barrages of brief strikes in the war. The Communist forces recently have reverted to their earlier tactics of numerous limited attacks against small and undefended outposts. Since the United States showed itself willing to commit large American units to action, the Viet Cong have not staged the prolonged attacks they launched previously. Government forces took only light casualties but an observation plane reported that the Viet Cong had blasted a large gap in the railroad bridge and a smaller one in the highway bridge. The bridge and highway were hit southeast of Hue in the Thua Thien province. Meanwhile, U. S. and Vietnamese pilots killed an estimated 200 guerrillas in the 24-hour period ending early Sunday.

Tuesday, August 3

**A STATE INVESTIGATION** into Twin Double betting at Michigan racetracks was set in motion yesterday while the Detroit Race Course ejected several bettors from the track under a new Twin policy. Both actions stemmed from the fact that two gamblers had won more than half a million dollars at Hazel Park by buying live Twin tickets. "Live" tickets bear the winning numbers in the first two races and make their holders eligible to bet on the last two.

### Court Says Hospital Can Go Ahead With Project

This is a photograph of the architects' model of an enlarged Bon Secours Hospital. A legal hurdle set up by the City of Grosse Pointe was put aside last week by Circuit Court Judge Joseph Moynihan, Jr. The hospital

is ready to go ahead with the expansion program which will cost several million dollars. The City is expected to decide soon whether it will take an appeal from the Court Judgment.

### City Police After Noisy Motorcycles

Many Residents Complaining; Machines Impounded Pending Installation Of Mufflers

The Grosse Pointe City Police Department has revealed a crack-down on noisy motorcycles, by order of Chief of Police Andrew Teetaert.

Complaints by residents of unduly noisy motorcycles are by far among the most numerous "type" calls the police department receives each week.

For example, Officer DeBoever took into the station Tuesday, July 27, Robert D. Taffon, 575 Lakeshore road, for driving a Honda motorcycle at excessive speeds on Kercheval avenue and with excessive noise. He had been traveling 50 m.p.h. in a 30 m.p.h. zone.

He was charged with speeding and excessive noise and released.

His motorcycle was impounded until proper mufflers were installed.

The very next day a Cushman motor scooter, driven by two Detroit juveniles, was impounded by the police department because of excessive noise. It was held at the station until a guarantee was obtained stating that the scooter would get a muffler.

The police department has made it a policy that in all cases of motorcycles, etc., causing excessive noise, the vehicles will be impounded until the situation is remedied.

### Keep Fireplace at Ready; Advice of Weatherman

Its going to be a long winter this summer.

And this is no joke. The U. S. Weather Bureau's 30-day outlook, beginning Sunday, August 1, was for temperatures much below normal for August. Also, only light precipitation is expected.

Snow would be a form of light precipitation, at that.

For the month of July, the mean temperature recorded in Detroit was only 70.4 degrees, as compared to the average July mean of 73.9. Normal average highs for this time of year are 83.5 degrees while the normal average high for 1965 during the month of July was 80.5 degrees. The average low for this year is 3.5 degrees below the normal average low of 63.8 degrees.

Perhaps this doesn't sound like a great difference, BUT,

### Council Hears Complaints Of Farms Residents Over Walk Repair Assessments

Request for Reimbursement For Death of Collie Dog Also Consumes Time at Meeting; Decision Postponed to September

Citizen complaints constituted the major portion of the Farms Council meeting, Monday, August 2. In accordance with a resolution adopted by the Council on July 19, a public hearing on the sidewalk special assessments was held.

Letters had been directed to all property owners involved in the special assessment, copies of which were submitted to the Council and to the Grosse Pointe News for publication in the issue of July 29.

Mrs. Herman Fischer, of 464 Fisher road, was first to address the Council. Assessed \$27.50 for improvements on her sidewalk, Mrs. Fischer protested that there is nothing wrong with the cement other than its natural tendency to buckle over tree roots.

Complaining that the tree was planted by the City during the Depression, she felt that it is not her responsibility to correct the condition.

Could Get Own Bids Mayor William F. Connolly, Jr. reminded Mrs. Fischer that she was under no obligation to accept the city's assessment, and that she is free to get another bid. The woman said she understood the Council's position, however, she wanted to state her case.

Next was Mrs. Charles Reinowski, of 191 Beaupre avenue, who although not on the assessment list this year, foresaw herself on it next year. She says she has six squares which are currently buckled.

Mrs. Reinowski's main contention was that even though the improvements may be made this year or next, the trees will still grow, thus necessitating improvements again and again.

She suggested that perhaps a petition from residents would open up the matter again.

Mayor Connolly then explained that the present program of assessing residents was started last year. The Council decided against going into the general fund years ago. This year, however, it has attempted to consolidate the needed improvements into one section, instead of assessing residents scattered from one end of the city to the other. Next year a different area of concentration will be assessed. The idea behind this method is that bids for the job will be lowered if the improvements are centralized.

**Claim Dog Poisoned** Next before the Council were Mr. and Mrs. Robert Rodgers, of 35 Lakecrest lane who were claiming \$200 for the replacement of their three-year-old thoroughbred Collie, King, who died June 10, 1965.

Mrs. Rodgers contended that the dog was probably poisoned by a pesticide distributed by the Atlas Pest Control Company in accordance with the City's rat extermination program. She admits that her evidence is only circumstantial, however, especially since no autopsy was performed on the dog.

The reason why no autopsy was conducted, explained Mrs. Rodgers, was that she did not realize that the pesticide had been distributed the day before the dog's death. She had been out of town and was not home when the Atlas representative

### Record Set For Meeting In Woods

Council Handles Bids For Street Resurfacing and Repairs Approved; Sewer Cleaning Machine Bought

The Woods Council voted on 15 items Monday night, August 2, in record time. Only, for a change it was a record for brevity, with the meeting over before 9 o'clock. Two of the 15 items were not even listed on the agenda.

The main issue for the evening was the consideration of bids on street resurfacing, concrete pavement widening and repair, and alley pavement and drainage.

The street resurfacing contract, known as section A, was awarded to the Detroit Asphalt Co. Their bid, the lowest, was for \$31,045.50. The only other bidder was the Cooke Construction Co. whose bid was \$24,426.

Streets to be resurfaced under the contract include sections of Cook road, Torrey road, Manchester boulevard, North Renaud road, Christine court, Virginia lane, Dorthen boulevard, and Huntington boulevard. The alley from Bournemouth road to Severn road, just northwest of Mack avenue, will also be surfaced.

**Error in Bid**

The contract for section B, the concrete widening and repair, and alley paving and drainage, was bid for by five companies. Lowest bidder was the Lanzo Construction Co. with a bid of \$30,202.10. The

### Youths Invade Hunt Club Pool

Woods police received a complaint from John Greenwald, night watchman at the Hunt Club in Cook road, who called to report a large gang of boys in the pool. He said that they refused to leave when he told them to do so.

On arrival, police found the following teen-agers in the pool playing water polo: Dennis Weir, 5776 Kensington; Thomas Reno, 6394 Oldtown; Tony Sheldon, 4687 Anderson; William Frank, 2241 Woodhall; James LeDuc, 6215 Grayton; Jerry Palm, 3039 Harvard. All are of Detroit.

When questioned, the boys stated that they had misunderstood Mr. Greenwald when they asked him if they could swim. They thought that he said he wouldn't be responsible for any injuries.

Officers Charles Hamel and Everett Plumb warned the boys to leave and not return, or else court action would be taken the next time.

### New \$50,000 Fire Truck Will Help Protect Pointes

Equipment Purchased by Woods Will Be Available to Assist in Emergencies in All Municipalities Under Mutual Aid Pact

A brand new \$50,000 fire truck, one of four of its type in all of Michigan, was delivered to the Grosse Pointe Woods fire station two weeks ago.

The truck, which was budgeted for two years by the Woods City Council, will be available to all the Pointes and Harper Woods under the mutual aid pact. The fire chiefs of the various communities are meeting to decide how it will fit into the program.

Furnished by the Seagrave company, it is a Pitman Snorkel model with a Seagrave chassis. It is a combination truck which does the job of two, having a full set of ladders and a 10,000 gallon per minute pump.

In addition, the machine features a huge boom which extends to a working height of 65 feet. The boom is fully mobile, capable of reaching over houses and power lines, and will achieve its full elevation in three minutes. Equipment on the boom includes a huge deluge gun which can be moved while the boom is in motion, safety devices, and a speaker through which a person in the boom can communicate with a person on the cab.

**Bigger Capacity** The 38 1/2-foot vehicle, about 10 feet longer than a standard pumper, increases a regular pumper's capacity by 25 percent. The others deliver about three tons per minute.

Weighing 38,000 pounds, the truck has power steering and a 300-horsepower engine. Firemen report it to be more easily maneuverable than the Woods' other two trucks.

Another asset is an electrical back-up system which will lower the boom if the engine fails. It can also be lowered manually. Dual batteries and dual ignition operate in situations which might prove dangerous. For instance, if someone on the boom was unable to see a wire he was nearing, a person in the cab could switch control from the boom to the cab and perhaps avoid a disaster.

**Automatic Boom** Because the boom is fully automatic it eliminates the manpower formerly needed to carry and position the hoses. This necessitated 30 to 40 men and is an operation which is very tiresome. Now, the boom does

### Catch Juvenile Bicycle Thieves

Grosse Pointe Park Sgt. Charles French and Patrolmen Walter Paton and Rodney Wedding arrested four Detroit youths Friday, July 30. The four were all juveniles, aged 15 and 16.

At the time of the arrest the boys were in possession of stolen bicycles and in the process of stealing others.

They were turned over to the juvenile division where charges were filed against them.

### Speeder with Injured Son Should Have Had Chauffeur

Park Cpl. George Blair made a routine stop of a speeder on Windmill Pointe drive, but wound up arresting a man wanted in Detroit and St. Clair Shores.

While on patrol, Saturday, July 24, Cpl. Blair observed William George Koerber travelling 45 m.p.h. on Windmill Pointe drive. The maximum speed allowed is 25 m.p.h. When stopped, Koerber told Cpl. Blair that he was on his way to the Park to pick up his son, who had received a minor injury, and take him to the hospital.

When Cpl. Blair examined Koerber's operator's license, he found it to have expired in March. But, verifying that his son had been injured, he confiscated the license, and permitted Koerber to proceed to the park, telling him to then come to the police station.

### Vandal Loots High School Driver Cars

Youthful Speeder Caught with Missing Air Cleaners; Says Park Boy Stole Them

Damage to 11 Grosse Pointe High School Driver Education cars was revealed after police stopped a car speeding down Rivard boulevard on Sunday, August 1. City police officers stopped Carter Wilkinson Hall, 18, of 333 Washington road, for speeding. In questioning him, they found four sets of air cleaners in his car.

Hall stated that a 16-year-old Park minor had taken the air cleaners from the cars parked in the High School parking lot. Investigation showed the following damage: Plymouth, aerial bent, wiper bent; Buick sedan, wiper bent; Dodge sedan, aerial broken, wiper broken; Dodge sedan, two wipers bent; Dodge sedan, air cleaner missing; Chevrolet, air cleaner missing; Corvair sedan, two wipers broken off.

Also, a Comet sedan, two wipers missing; Chevrolet sedan, one wiper missing, air cleaner missing; Rambler sedan, air cleaner missing; Dodge Sportsman bus, gas cap missing.

Hall was caught in the city when a Roosevelt place resident complained of Hall's racing his car on the street. He was taken to the City police station for questioning, and Farms police were called when the air cleaners were discovered.

Farms police then picked Hall up at the City station. The name of the other suspect, a minor, was also revealed to Farms police.

At the time of his arrest, Hall was not speeding and a charge against him for that violation was not issued as the Roosevelt place resident refused to sign a complaint.

The Farms' case is pending further investigation. No charges have been made as yet.

### VANDALS VISIT CLUB

Merton Nye, in charge of the grounds at Lochmoor Club, told Woods police that when he arrived at work, Sunday morning, August 1, he found someone had torn a drinking fountain up at the fourth tee. Damage was set at about \$25. Nye asked police to keep watch on the course.

### COIN ACTION

At a session of said Court held at the City-County Building in the City of Detroit, on July 30, 1965, PRESENT: HONORABLE JOSEPH A. MOYNIHAN, JR., Circuit Judge

The above-entitled action having been tried by the Court without a jury, and the Court having filed a written Opinion setting forth findings of fact and conclusions of law which, by this reference are incorporated into this Judgment for greater certainty, and the Court having concluded that the plaintiff should have the relief for which it prays in this action;

NOW, THEREFORE, IT IS ORDERED AND ADJUDGED:

1. That Ordinance No. 96 of the defendant City of Grosse Pointe, insofar as it, or any section thereof or amendment thereto purports to prevent plaintiff from using its lands described in paragraphs 5 and 12 of plaintiff's Complaint for a hospital or for hospital purposes, is wholly arbitrary, unreasonable, discriminatory, invalid and void for the following reasons:

(a) Such Ordinance, and particularly Sections 3.12 and 2.15 thereof have no tendency to promote the public health, safety, welfare or morals of the defendant City of

### Bon Secours Wins Second Legal Round

Appeal by City Could Delay Start of Proposed Expansion Program; Council Must Decide

Bon Secours Hospital may proceed with its proposed expansion program, according to a judgment handed down on July 30 by Judge Joseph A. Moynihan, Jr. of Wayne County Circuit Court. This gives the Sisters of the Institution located in Maumee avenue between Cadieux and Notre Dame, the second straight victory in the long legal battle with the City of Grosse Pointe, which has sought to block the expansion.

Judge Moynihan handed down an opinion on May 24 last, stating that he considered sections of the City Zoning Ordinance, which the City sought to enforce to prevent the expansion, were unconstitutional.

Since that time there had been no new development in the legal engagement. The City was powerless to take any action until presented with a judgment, which could be studied and a decision reached.

Now that the judgment has been obtained and presented, Mayor David Burgess stated that he will call a meeting "in the immediate future" of the council and City Attorney Charles Wright, III, to decide what action shall be taken.

The City could accept the verdict of the court and permit the hospital to proceed with its program without further opposition. It could also seek a compromise through discussion with hospital officials, or it could appeal to a higher court against the judgment handed down by Judge Moynihan.

Such an appeal could possibly produce a reversal; it would certainly create a long delay (maybe several years), of any start the hospital might make on its expansion program.

Frank Couzens, Jr., chairman of the hospital's Advisory Board, issued the following statement: "Bon Secours Hospital is pleased to have in hand the Judgment of the Court which permits us to proceed with the plans for our much needed and long delayed expansion. We will apply for the necessary building permit at the earliest practical date.

The judgement follows. STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE THE SISTERS OF BON SECOURS HOSPITAL, a Michigan non-profit corporation, Plaintiff,

## HOUSE NUMBER STOLEN

Mrs. Cecil W. Lepard, of 237 Ridge road, called Farms police Thursday, July 22, to report a larceny. Taken from the front of her house during the week

end of July 21-22, was a wrought iron house number sign approximately 12" long and 4" high, valued at \$25. The sign, black with white numbers, was sawed off the pole to which it was attached.

## Council Hears Complaints

dispersed the toxic pellets.

She complained that the representative did not ring her doorbell or ask permission from anyone who may have been home to distribute the rat poison. Also, although not stated in the contract, Mrs. Rogers had understood that the poison was to be contained in locked bait boxes.

The Red Squill pellets were scattered freely on the grounds. The Harvey Animal Hospital, where the Roger's dog was taken, diagnosed the cause of death as acute distictr dilation, although the veterinarian would not sign a letter stating the dog had definitely died of poisoning.

No Deaths on Record  
City Manager Andrew Bremer, Jr., who checked with the Health Dept. claimed that there has never been a dog death filed as the result of consumption of Red Squill. Health officials said that a dog would reject the poison, and if it did happen to eat

some, would vomit immediately.

Councilman William G. Butler questioned whether the claim was a city responsibility, a point on which Mrs. Rogers seemed to agree. She explained that the procedure of going before the Council was what she understood she must do, and that she was not really blaming the Council, but questioning the methods used by the Pest Control Co.

The Council finally agreed that matter should be put off to the next meeting, September 13, until such a time when more information will be available. The company will be contacted to find out exactly how much of what was used on the lawn and its toxicity.

In addition, the Council voted to pay several invoices received by the city, mostly in regard to work completed on the swimming pool, bath house addition, and new equipment at the Pier Park.

It also granted a request to construct a six foot redwood fence on property at the Joseph R. Reinman residence, 367 Ridgemont road.

Grosse Pointe, for its inhabitants.

(b) Said Ordinance, and particularly Sections 3.12 and 3.11(C)(2), and Sections 3.1 and 3.15 thereof as amended or added by Ordinance No. 112, constitute and unwaranted deprivation of plaintiff's property rights without due process of law, contrary to the State and Federal Constitutions.

(c) Said Ordinance, and particularly Sections 3.12, 3.15, 3.11(C)(2) and 3.1 thereof, as sought to be construed and applied to plaintiff's property rights, are wholly, arbitrary, unreasonable and discriminatory.

2. That plaintiff has a legal right to combine its two parcels of land described in paragraphs 5 and 12 of its Complaint in this action, and as combined, to use the same for a hospital and for hospital purposes.

3. That said Ordinance No. 96 and the several sections thereof and the amendments thereto complained of in plaintiff's Complaint, are ineffective to prevent plaintiff from enlarging its present hospital to 320 patient beds and expanding its hospital facilities as set forth in plaintiff's Complaint, and as supported by the proofs at the trial.

4. That the defendant City of Grosse Pointe, its officials, officers, agents, representatives and employees be and they each hereby are permanently enjoined and restrained from enforcing said Ordinance No. 96 and the said several sections thereof and amendments thereto, in such a manner as to prevent plaintiff from enlarging and expanding its said Bon Secours Hospital, and using the same for hospital purposes and accessory uses in connection therewith, as prayed in the Complaint.

above 90 degrees for six days. Seven other days temperatures reached the high 80's.

The average high last year during July was 85 degrees while this July the average high was 80 degrees. The mean temperature for this past month was 74, and temperatures have been in the cool 70's nearly all month.

On the other hand, temperatures have dipped below 50 degrees three times since July 1. On July 1 and August 2, the low recorded was 48. Of little consolation is the fact that Grosse Pointe is colder than Detroit.

Rainfall for the past month totalled 4.33 inches with 1.97 inches falling in one day, July 7. The average for July is about 2.33 inches. As a result, the amount of water pumped is considerably lower than last year.

Last month 143.21 million gallons were pumped as compared to 187.07 million gallons pumped during the same time span last year. The July average this year was 4.6 million gallons per day while the July 1964 average was 6 million per day. The most water pumped last month was 7.11 million gallons, compared to the nearly 9 million gallons pumped in one day during July last year.

All in all, perhaps wool skirts and raincoats aren't such a bad idea.

Happy evenings by the fire side.

Minor Accidents  
Occur in Shores

Shores police investigated three minor accidents which all took place on Lakeshore road over the July 30-31 week-end.

Involved in the first was Edna May Wagoner, of 13505 Memorial, Detroit, who was pulling out of the Grosse Pointe Yacht Club drive and failed to yield the right of way to Lyle Verda Cody, of 258 Moran road. Patrolman Stanley Otulakowski reported that the Cody Pontiac suffered damage to its left door.

Patrolman Leo Corrai cited an improper left turn as the cause of an accident near S. Deeplands road, July 31. Herman J. Brown, of 21624 Lakeview, St. Clair Shores, struck a car driven by Joseph E. Wagoner, of 90109 Barneveld, San Diego, California. There was minor damage to both cars.

While cruising on Lake Shore, Officer Melvin Yack noticed a car traveling at an excessive rate of speed and passing other cars on both the right and left sides. He pursued the vehicle in excess of 55 m.p.h.

The defendant, a minor, turned right on Vernier road, continued at a high rate of speed, and finally stopped the car in front of Vernier School. He stated that he was only doing 35 m.p.h.

Yack issued the boy a ticket for reckless driving.

## REPORTS STOLEN BIKE

Dan Roberts, 15, of 484 Bournemouth road, informed Woods police on Friday, July 30, that his bike, a sky-blue, boys', 10-speed, 27" Schwinn model, was taken from the front of Damman Hardware on Mack avenue.

next lowest bidder, the Colwell Contracting Co., was over \$10,000 higher, at \$40,341.20.

After submission of their bid, the Lanzo Construction Co. claimed that it had made an error, having neglected to include hook bolts priced at \$1.50 per square yard. This raised their original bid to \$34,778.60, an increase of \$4,576.50.

The Council members decided, with reservations, to accept the bid of the Lanzo Construction Co. The contract calls for paving on Bournemouth road at Mack avenue where the entrance and exit to the parking lot located there are being changed and Bournemouth is being widened. Also included in the contract is the annual street paving program which will include work in two alleys, and widening in Severn road, Huntington boulevard, and Norwood avenue. All the widening will be done at Mack avenue.

The three other companies bidding for the contract were the DiBasio and Turchetti Construction Co., \$40,981.50, Champagne-Webber Inc., \$43,776., and the La Strada Construction Co., \$45,181.

## Buy Sewer Cleaner

In other Council business, the emergency purchase of a sewer cleaning machine was approved at a cost of \$3,200. Bids for the machine were not advertised as City Engineer Lawrence Pate recommended one particular machine.

Pate had studied the work of several similar machines and told the Council he felt that a machine built only by the Champion Corp. of Hammond, Ind., and distributed by the Krueger Machinery Co., of Saginaw, Mich., would suit the city's needs best. Delivery was promised within two days.

Young Driver  
Sans License

Park police Sgt. Charles French and Patrolman Walter Paton arrested a 16-year-old Bedford road youth and charged him with unlawfully taking and using an automobile and operating a motor vehicle with no license acquired.

The car he had taken belonged to his parents, who were not at home.

He was transferred to the juvenile detention home where a complaint was filed.

## Crashes Twice In Stolen Car

A 16-year-old boy from Detroit was a three time loser Tuesday evening, July 27. He was apprehended by Grosse Pointe City police after stealing a car and having two accidents.

The youth stole a car owned by Lucille Farguharson, 5751 Kensington road, Detroit, and then ran into another car owned by Ernest and Irene H. Moser, 6501 Tripp road, Holly, Mich. Their car had been parked on Chalfonte avenue between Lincoln road and Fisher road.

The boy then ran down to E. Jefferson avenue, attempting to hitch a ride home. He was picked up by two unidentified boys. When he told them that he had just had an accident in a stolen car and was trying to get home, they drove him immediately to the City police station.

Questioning by police about the Grosse Pointe accident, revealed that he had lost control of the stolen car and ran into the one belonging to the Mosers. It was at this time he also told them about the earlier accident in Detroit.

Extensive damage was done to the front and hood of the stolen car in the crash. Witnessing the accident were Betty Luberto, 12, of 916 Lincoln road, and Julie C'Brien, 13, of 657 Washington road. A neighbor also took a photograph of the collision and turned it over to police officials.

The young thief was charged by police with reckless driving and with never acquiring a driver's license. He was then turned over to the Detroit Youth Bureau.

## Blames Accident On Wet Street

Gerald James Thompson, 16, of 13291 East Outer drive, Detroit, travelling east on Mack avenue Wednesday, July 28, turned right on to Berkshire road and found himself in the middle of an accident.

As he turned the corner, his car fishtailed and he lost control of the vehicle which went off the road, striking a tree in front of 1442 Berkshire. Although Thompson was only going an estimated 10 mph, the force of the impact damaged the left front and right rear of the automobile.

Also damaged was the right side of the car, which struck a light pole.

Contributing to the cause of the accident was the fact that it had been raining and the pavement was wet. Not injured in the mishap were Thompson and his passengers, William Reno, 15, 1120 Bedford road, Grosse Pointe Park, and Michael Fallon, 14, 1427 Yorkshire road, also of Grosse Pointe Park.

Thompson was issued a violation by Park Police for driving without due care and caution.

**GLASS DOOR SMASHED**  
Donald Van Dame, of 19755 Mack avenue, reported to Woods police that when he opened his place of business at the Mack address on Monday, July 26, he found that the front door had been struck by an unknown object, breaking a 24x8 foot piece of glass. Value of the damage was set at \$60.

**TAKEN TO HOSPITAL**  
City police officers transported Mrs. Anna M. Kienle, 553 St. Clair avenue, to St. John Hospital by request of her doctor after she became ill early Monday morning, July 26.

## Police Inclined to Doubt Woman's Tale of Robbery

Mrs. Emma Jenkins, 44, of 9393 Northland avenue, Detroit, telephoned Park police Tuesday, July 27, to report that less than an hour earlier she had been

## Two Cars Tangle On Vernier Road

Carl Wayne Noll, of 30037 Malvern, Garden City, was issued a ticket for failure to have his car under control in an accident which occurred Sunday, August 1.

Noll struck the rear of a vehicle driven by Benedetta Wishkovich, of 1561 Dorthen road, who was reportedly stopped. The woman stated, however, that she was not stopping.

Woods police noticed that the Wishkovich vehicle had skidded approximately 10' before the collision occurred on Vernier road near Sunningdale drive.

Mrs. Wishkovich complained of injuries.

The court date was set for September 11.

## Accident Victim Leaves Hospital

Farms firefighters George Green and Don Ettinger helped carry a young boy from his parents' car to his room Monday, August 2.

Mark Brooks, 12, son of Mr. and Mrs. George M. Brooks, of Touraine road, was returning home from Cottage Hospital where he has been since Friday, July 16.

He suffered a broken left leg below the knee and a fractured right wrist in an auto accident at Moran and Kercheval, in which he was pinned in front of a car driven by Marie Louise Hebert, of Fairford road.

Mark is now in a cast, extending from his waist down.

## Fire Truck

all the work and the firefighters will be fresh when they reach the blaze.

Firemen are now practicing with the machine. It won't be in service for another two weeks due to equipment fittings and minor adjustments.

The other Michigan communities which possess such a truck are Wyoming, Wyandotte, and Detroit. There are only 10 other cities in the United States of a size comparable to the Woods which have this type of equipment.

robbed by two young men of \$70. She told police that she had been paid the \$70 by her Grosse Pointe employer and had proceeded to the bus stop at Wayburn and Jefferson avenues. She reported that then two men, about 19 or 20 years old, walked up to her, one in front and one in back.

One said: "Give us your money. If you give it to us, nothing will happen to you."

They walked away, according to Mrs. Jenkins, heading east, after she gave them the \$70 from her purse. She told police she obtained 50 cents for bus fare from someone at the bus stop and went home. After telling her husband the story of the robbery, he had her call the Park police.

Subsequent investigation led police to doubt her story. Mrs. Jenkins came into the station where police learned that she had, in effect, lost the \$70 and was afraid to tell her husband the truth.

She was released by the police and ordered to report to the Grosse Pointe Park court on Wednesday, August 4. A request for a recommendation for a warrant was to be presented to court at that time. If accepted, she could be prosecuted for making a false felony report.

## Hurt Putting Up Storm Windows

Louis Lotgering, of 20032 Holiday road, went into the Woods police station Thursday, July 29, complaining of a deep cut located just above his left knee.

He had been putting up storm windows at his home, slipped, and broken a window on his leg.

Conveyed to St. John's Hospital by ambulance, he was reported in satisfactory condition by Dr. Del Rosaril.

## Forced to Curb Following Crash

An accident, involving a woman who reportedly left the scene, was reported to Farms police Sunday, July 25.

Witnesses stated that Ellen S. Stoepl, of 360 McKinley avenue, was leaving the Standard Station and moved into oncoming traffic on Moross. Chester Joseph Sokolowski, driving a Dodge sedan, stated he had to stop suddenly to avoid a head-on collision. When he stopped, a Honda motorcycle driven by Roger Allen Tillman, 30128 Moulin, Warren, was unable to halt and struck Mr. Sokolowski's car in the rear.

Tillman suffered a cut left hand and bruised elbow. Mary Fry, who was a passenger on the motorcycle, was taken to St. John's Hospital in a scout car, possibly suffering a broken left arm.

After the accident, Mr. Sokolowski stated he walked over to the car driven by Mrs. Stoepl, and that she told him to get out of her way or she would run him over. She then pulled away.

Harry Buell, of 11611 Nottingham, followed the woman from the scene and forced her car to the curb at Moross and Ridge roads. He then called the Farms station.

Mrs. Stoepl was taken into the station by Patrolman Donald Pilon and was issued a violation for reckless driving, causing an accident. She had

been drinking, the police reported. Four witness tickets were issued. Court date was set at August 4.

### Clinic Seeking New Members

The Northern Wayne County Child Guidance Clinic is nearing the completion of its first year of operation.

Since the Clinic was opened last year to provide diagnostic and therapeutic services to emotionally disturbed children in this area, it has continuously been active in working with many children and their parents.

Approximately 300 requests for service have been received, and the Clinic has sponsored, and hopes to continue to sponsor, a series of discussion groups for parents of children having similar problems.

The Clinic has also arranged meetings between psychiatrists and both nursery school and first-year teachers in the area, aimed at increasing the teachers' knowledge of the Clinic's work and the personality and behavior problems of both the pre-school and the adolescent child.

Now, more than ever, the Clinic needs continued general membership support to help insure the continuance of its commitment to these children and their families.

Purchase of a membership, for \$5 or more, has one distinct benefit: The knowledge that the purchaser has personally participated in a community service that serves hundreds of emotionally ill children in the area.

The Clinic is located in Mack avenue, Grosse Pointe Farms. President of the Board of Directors is Mrs. Alfred R. Glancy, Jr.

Vice presidents are Mrs. Donald A. Blomquist, Dr. Charles E. Brake and Miss Carolyn Wheeler; Charles V. Hicks, Jr., serves as treasurer. Mrs. John B. Colletti as recording secretary. Mr. Willis Bugbee as corresponding secretary. Dr. Thomas A. Petty as medical advisor and Courtney Rankin as legal advisor.

### Young Imbibers Facing Charges

Five youths, aged 15 and 16, were arrested Saturday evening, July 31, by Grosse Pointe Park Patrolmen Robert Salfyrd and Rodney Wedding.

The boys were charged with being minors in possession of alcohol and disorderly persons. The arrest was made at the corner of Maryland and Kercheval avenues.

All five were taken to the police station, some in an intoxicated condition, where they were questioned by police.

The youths told the officers that they had purchased their beer at a home in Grosse Pointe City where the parents were away. They had called a beer store in Detroit and when the delivery boy arrived, one of the youths played "father" upstairs, telling his "son" to pay for the beer.

The delivery boy then accepted the money from the minor.

Four of the boys were released to their parents and the fifth was sent to the juvenile detention home as his parents

were not home. Charges were filed against all five.

The sale of beer to the minors by the Detroit store was referred to Grosse Pointe City police as the actual purchase was made within the City's limits. Prosecution will be up to the City.

### HUB CAP STOLEN

Robert Elliot, of 1047 Roslyn road, reported to Woods police that he saw three boys run from his driveway on Tuesday, July 27. When he checked his convertible parked in the drive, he found one hub cap missing.

### Three Injured As Cars Tangle

Three Detroit area men, including one young man from Grosse Pointe Farms, were rushed by ambulance to Bon Secours Hospital Friday, July 23, for treatment of injuries received in a two car automobile accident.

Treated and released were Edward Stanley Zawski, 47, of 20279 Damman, Harper Woods, lacerations of the left leg; Lawrence Edward Orlowski, 24, of 4641 Audubon, Detroit, lacerations of the mouth; and Robert Reuther, 26, 439 McKinley, multiple lacerations.

The accident occurred at the Kercheval avenue-Bishop road intersection at 11:19 a.m. Zawski was travelling east on Kercheval avenue when Orlowski, driver of the second car, who was heading north on Bishop, pulled out in front of him. He had failed to stop at the stop sign on Bishop.

Though both cars were obeying the speed laws, 30 m.p.h. on Kercheval and 25 m.p.h. on Bishop, the force of the impact pushed Orlowski's car onto the front yard at 1212 Bishop where an outdoor gas lamp was knocked over and several yards of grass torn up.

Zawski's car, which had hit the one driven by Orlowski, crossed the intersection and stopped on the wrong side of Kercheval. Both cars were towed to the Grosse Pointe Park police station.

Witnessing the accident was Arvel W. Cooney, 395 Florence, Highland Park.

Orlowski was charged by police with disobeying a stop sign. Reuther, the injured passenger, was riding in Orlowski's car.

### Joy Ride Lands Kids in Trouble

While on patrol Sunday, August 1, Park Patrolman William Furtaw noticed five young boys driving an automobile with dealer's license plates. He pursued the car, but the boys eluded him.

At the time of the sighting, there were five boys in the vehicle.

Patrolman Furtaw later saw the car on Jefferson avenue and stopped the driver, a 15-year-old Grosse Pointe Park youth, at Wayburn and St. Paul avenue. Three of the passengers were no longer in the automobile at that time.

The two boys were taken to the station and questioned. It was learned that the car belonged to the driver's parents, who were out of town. He was charged with unlawfully taking and using an automobile and operating a motor vehicle with no license acquired.

The youth was then turned over to the juvenile detention home. The 15-year-old passenger was released to his parents. Names of the other three passengers, also juveniles, were obtained by police officials and the boys will be brought into the station for questioning.

### FIRE THREATENS HOMES

Woods fire equipment was summoned to the Baumgardner home at 1191 Blairmoor road, Tuesday, July 27, on the report that several large stumps were burning, causing sparks to blow towards nearby homes. The fire was extinguished with a booster.

### Father Borgman Offers Mass

Father Mason W. Borgman, O. S. A. will celebrate his first Solemn High Mass in the United States on August 1 at 1:15 o'clock followed by Benediction in St. Clare of Montefalco church in Grosse Pointe Park.  
His blessing was given at the reception held in St. Clare auditorium immediately following the mass.  
Father Borgman completed his theological studies at the Augustinian International College of St. Monica in Rome and was ordained on February 20, 1965.

### Police Report Arson Attempt

An arson attempt was reported to Farms police on Sunday, August 1, by Dr. Ralph Fisher, of 268 Cloverly road.  
When officers Otto Glanert and Gary Evans arrived, Dr. and Mrs. Fisher showed them where someone had attempted to start fires in their rear screened porch.  
An unknown person had put a cover from a magazine between the back and bottom cushions of a couch and started a fire. Fortunately, the fire burned itself out, leaving the cushions scorched. In addition, ropes holding a canvas curtain were started on fire in three places.  
Investigation turned up matches and foot and hand prints. Evidence was handed over to the Detective Bureau.  
Later in the day, Sgt. Jack Paisley, and Officer Joseph Miller questioned residents in the area of the Fisher home. All parties claimed that they saw or heard no one in the yard.  
The attempted arson apparently took place around 10 a.m. Police are still investigating.

### Improper Turn Piles Up Cars

A Grosse Pointe Park woman was charged with making an improper left turn and failing to yield to oncoming traffic by Park police Wednesday, July 28, after she caused a three-car accident on Jefferson avenue at Beaconsfield avenue.

Charged was Nellie Marie Strata, 76, 723 Barrington road. Her court date was set for September 1, 1965.

Mrs. Strata was heading west on Jefferson when she turned in front of oncoming traffic, at the Beaconsfield intersection, and was struck by an automobile driven by Virginia Louise Rateick, 47, 886 Shoreham road. Mrs. Rateick was travelling east at the time of the collision.

Her car was carried slightly out of her lane and was struck

by a third car, also heading east, driven by Sophia Mary Hill, 42, 835 Nottingham road, who had attempted to avoid the accident but had no chance to do so. There were three parked cars, one behind the other, in the lane to the right of her car, and the accident first occurred in the lane just to her left.

There were no injuries. Mrs. Strata's car was too badly damaged to drive away from the scene of the collision but the other two cars were released to their owners.

Witnessing the accident was Jerome Braet, 23207 Greencrest, St. Clair Shores.

**Cigaret Blamed For Park Blaze**  
A one-alarm fire in a bedroom in the Park caused an estimated \$1800 damage Wednesday, July 28.  
Park firemen fought the blaze, believed to have been caused by a lighted cigarette, for 40 minutes before extinguishing it.  
Firefighters were summoned to 981 Beaconsfield avenue at 7:00 a.m. The fire originated in a first floor rear bedroom of a flat, one of four comprising the building, owned by Victor Boulard, 234 Alter road. Occupying the flat is Donald Storm.  
The building and contents were insured.

**Five Injured In LS Crash**  
Five people were injured in a two-car collision on Lake Shore road Saturday, July 24.  
Involved and hurt were Lucile Spense, of Dallas, Tex., and two of her four passengers, Sarah and Kim Carruthers, of 18289 Oak, E. Detroit. Also injured were Gretchen Kay Schuur, of 870 Washington road, and her passenger, Henry Joseph Smith, Jr., of 1924 Allard road.  
Patrolman Thomas Zoia transported the injured by ambulance to Bon Secours.  
Apparently Mrs. Schuur, going 45 in 35 mph zone, ran off the road. She then sideswiped Mrs. Spense's car and again ran off the road for 98 feet, struck a tree, turned completely around, travelled 26 feet more, and struck another tree.  
Mrs. Spense's Ford had a damaged left side, and the other vehicle, an Austin Healey, had to be towed from the scene.  
Not hurt in the crash were Michael Carruthers, of E. Detroit, and Betty Fulford, of Detroit, passengers with Mrs. Spense.

**Blaze Spread By Exhaust Fan**  
Fire equipment, firemen and police officers were summoned to the home of Dr. Lyle Korum, 720 Hidden lane, on Tuesday, July 27.  
Smoke was observed rolling out of the front door and the roof vents.  
When firemen arrived, they extinguished the flames with a booster line. The fire was mainly concentrated in the kitchen and attic.  
Dr. Korum had been heating cooking oil on an electric range when it caught fire. He summoned the fire department immediately.  
Investigation showed that the exhaust fan in the kitchen was vented into the attic, carrying the flames into this area. The fan was not vented to the outside, however.  
One patrolman suffered from exposure to large amounts of smoke and heat. He was Officer Don E. Schmalz, of 9590 Whittier, and he complained of chest pains, coughing, a headache, and upset stomach.

The complainant stated that he often leaves the back door open in hot weather though he hasn't seen or heard anyone in the back room.

## Shores Natators Submerge Park

The Grosse Pointe Park Swim Team, slowed by injuries and vacation losses, fell to the Grosse Pointe Shores team, 115-173. The meet saw the Park capture 12 firsts as compared to the Shores' 21.

This meet was conducted after a pattern established a week earlier in the City-Park meet, where the swimmers used were developed solely by the Park coaches. This practice offers more swimmers a chance to compete, competition they could not get elsewhere. A total of about 75 swimmers developed by Park coach Pat Richardson and Shores coaches Gary Shirilla and Sandy MacDonald competed in the meet held Wednesday, July 28, at the Shores pool.

Pointe for 39 years, up until a year ago. He was a life member of the University of Wisconsin Alumni Club and a member of Theta Delta Chi, the Economic Club of Detroit, the Detroit Association of Life Underwriters, the American Society of Chartered Life Underwriters, and the Grosse Pointe Memorial Church.

Mr. Mandel is survived by his wife, Elizabeth; a daughter, Mrs. William H. Coddington, and two granddaughters. Memorials may be sent to the Friends of the Grosse Pointe Public Library or to the Grosse Pointe Memorial Church.

Highlights of the meet included a second consecutive sweep of the 10 and under girls backstroke by the Park's Broderick sisters, Kathy and Christie. Park swimmers Jane Blake, 14, and Bonnie Gutow, 12, combined to capture four firsts for the Park.

Shores swimmers Gordon Soor, Anita Hays, and Jim Shirilla were also double winners. Tom Richardson, swimming for the Shores, won his third consecutive 10 and under backstroke race. Tom went on to set a pool record for the event Sunday, August 1, at the Annual Grosse Pointe Shores Splash Party.

## Inter-Club Crown Taken By Lochmoor Swimmers

By Mike Granger

The Lochmoor Club swimmers closed out their '65 campaign on the same exciting, joyful note on which they began some seven weeks ago, as they slapped a 186-128 defeat upon hapless Oakland Hills.

This was Lochmoor's sixth successive conquest, as they claimed first place in the "A" division of the Inter-Club League. They succeeded the Detroit Golf Club, the 1964 Champions. Western finished second with a 5-1 record.

A cheerful, proud group of youngsters trotted to their locker rooms following the win. Speaking for the team, Captain Cheryl Gardner exclaimed, "It's great to have won the Divisional Title."

Enjoying every minute of the wild fury was Roy Pouliot, leader of the all-conquering Lochmoor aggression.

Pacing the attack were the usual gang: Carron Proulx, 10; Tommy Heholt, and Lisa Beckenhauer, both 11; Kitty Wilkins and Jim Godin, in the 13-14 age group; and in the older age group, Miss Gardner.

Miss Proulx edged team mate Carolyn Wood in both freestyle and backstroke, and she swam breaststroke in one medley relay, and butterfly in another relay. Quite a versatile young lady is Carron Proulx.

Tommy Heholt and Lisa Beckenhauer were triple winners. Tommy won his two individual events and swam butterfly in the 11-12 medley.

Little Lisa swam breaststroke in one medley relay, freestyle in a second relay, and, as usual, won her freestyle race in a breeze.

Backstroke Laurie Simon, also 11, won her specialty and

## Western Beats GPYC Tankers

By MIKE GRANGER

A strong Western swimming squad turned back the Grosse Pointe Yacht Club 160-135 in the final meet of the season for both teams. Western's victory left them one game behind the front running Lochmoor Club.

This was Grosse Pointe's third straight setback since its mid-season success against Oakland Hills.

An estimated crowd of slightly under 200 were on hand despite the cold temperature and a threat of rain. The weather, though, hardly hampered the performances of the Pointe tankers. Behind at the early stages by 40 points, the team came on like gangbusters the second half.

G.P.Y.C. Commodore Harold Cross M.D., president of the Inter-Club League, offered words of praise for John Klang. "He is faced with one of the most difficult tasks ever handed an Inter-Club coach."

This first season has given Klang an excellent chance to evaluate the talent at the Grosse Pointe Yacht Club. He has impressed all with his fine ability to organize and his willingness to accept the challenge of his position. He has developed the confidence and respect of the swimmers and the parents.

Week in and week out, the brilliant efforts of the Black Brothers, Bruce and Jeff, have been inspiring to other team members. Against Western, Bruce fought off tough David Wiebeck for freestyle and backstroke victories. Bruce also swam backstroke in the final relay, and anchored the free relay.

In the 11-12 age-group, Jeff Black notched his fifth straight backstroke win of the year. Kathy Paddon and Joe Metes picked up back-to-back victories in the freestyle. Metes combined with Jeff for a 1-2 slam in the free race.

The other Yacht Club swimmer to grab a blue ribbon through individual efforts was Chris Everett in the butterfly. Gail Hilger was just touched out by Western's Nancy Buzette in a tight backstroke race.

Of the eight relays, Grosse Pointe won three. The little 9-10 medley relays were victorious as were the Girls 200 yard Medley Relay. The combination of Patty Ray, Mariann Metes, Nita Storms, and Kathy Beck outdistanced the Western quartet, while the fearsome foursome of Brian Kolowich, Matthew Pierce, John Kelly, and anchorman Kevin Granger made up the boys team.

The combination of Chris Beck, Sue Bartelsk, Miss Everett, and Terry Gostow won the 200 M.R.

## Babe Ruth League

FARMS-CITY-PARK

By Bill Stuck  
POSTSCRIPT: — Seems like your writer just thought last week was the end. The boys found another game "up their sleeve" in the form of an ALL-STAR American versus National League. It was played at Kerby Field and the American Division, after taking the "World Series", also took this game.

It was close, with the final score 6-4 in the American Division's favor. For a time it had the making of a rout, as Bill Noecker went all the way to the mid-point of the sixth inning before things started to happen. Then came a single by Wally Marantette followed by the best HR we've seen by Walt Cytacki... almost to the "pump house".

Byron Stuck went in then and things calmed down and that

was the end of the fire. Final score was NATIONAL DIVISION 4 runs on 3 hits and no errors and AMERICAN DIVISION 6 runs on 6 hits and 4 errors. The losing pitcher was Dave Schnur relieved by Wally Marantette.

As the season FINALLY draws to an end it's interesting to look at the statistics. In both 1964 and 1965 the National Division won 18 out of the 25 inter-division games and in both game-years they were ahead in runs. In 1964 it was 191 to 120 for the American Division and in 1965 it was 172 to 113 for the Junior Division. But in 1965 the American Division came through winning two out of three in the playoffs and then the "All Star Game". It will be interesting indeed to see what happens in 1966.

In both 1964 and 1965 the National Division won 18 out of the 25 inter-division games and in both game-years they were ahead in runs. In 1964 it was 191 to 120 for the American Division and in 1965 it was 172 to 113 for the Junior Division. But in 1965 the American Division came through winning two out of three in the playoffs and then the "All Star Game". It will be interesting indeed to see what happens in 1966.

Byron Stuck went in then and things calmed down and that

was the end of the fire. Final score was NATIONAL DIVISION 4 runs on 3 hits and no errors and AMERICAN DIVISION 6 runs on 6 hits and 4 errors. The losing pitcher was Dave Schnur relieved by Wally Marantette.

## Clubs to Battle For Tank Crown

Lochmoor (6-0) and Dearborn (5-1) will battle for first place honors at the Michigan Inter-Club Swimming Championships to be held this weekend at the Red Run Golf and Country Club.

The two other area Inter-Club teams, the Country Club of Detroit and the Grosse Pointe Yacht Club, seem destined for the second division.

Lochmoor has three strong relays which should grab first place medals and may establish new records. Lisa Beckenhauer and Laurie Simon appear unbeatable in their respective races, while Susan Heholt, Jim Godin, and Kitty Wilkins may sneak in for additional gold medals.

Dearborn likewise has several powerful relays, plus a couple of boys named Szuba, Tom, 10, and John, 12, who will collect valuable points for the Dearborn team.

Western, the Detroit Golf Club, and the Detroit Yacht Club will fight it out for the next three positions.

Western has two superb swimmers, Nancy Truesdale, 10, and Jack Curtis, 12. Both swimmers will place high in the freestyle and backstroke events.

Western has a strong Boys meter Freestyle Relay which is leading the pack, while three relays are ranked second. This squad could surprise, but lack of 15-16 year old swimmers will hurt their chances.

Strong individual efforts by the Detroit Golf Club swimmers will help the team stay in the running. Diane McKnight, plus veterans Phoebe Bedford and Dick Duffield are possible gold medal winners for the D.G.C. team.

At the outset of this season, it appeared that the Detroit Yacht Club would have little difficulty defending its 1964 Inter-Club Victory. They won their "B" division this year, edging Dearborn by the narrowest of margins, 159-158, but they will have their problems this weekend.

They have two excellent 16-year-olds, Sue Stuckey and Tom Merz, (Sue appears unbeatable in her two races), a strong pair of 13-14-year-olds, Jim Matthews and Ron Richards plus two ex-

cellent 200-meter Medley Relays. But that's all they have, and it's hardly enough.

Host team, Red Run, has enough material to anticipate a first division finish, due mainly to the efforts of Read McCarthy and Gary LaDue in the thinned-out 15-16 age group.

Oakland Hills, Plum Hollow, and the Detroit Boat Club all possess a few proficient swimmers, but lack sufficient depth and talent to expect to reach the first division.

Oakland Hills has two relays which should qualify for the finals and a couple of eager 10-year-old boys.

Plum Hollow should start well and might win the second event, the 11-12 relay, but it will tail off before the meet advances any farther.

The Detroit Boat Club will be in there fighting for top honors in the second division. John Euda, 8, has a commanding lead in his classification.

The Country Club of Detroit may surprise arch-rival Grosse Pointe Yacht Club and finish ahead of them. They have a strong Girls Freestyle Relay plus a 14-year-old girl named Sandy Haass.

Things appear bleak for the G.P.Y.C.—Bruce, Jim, and Jeff Black that is.

Lastly, there is Grosse Isle. The only thing we can say about this team is... thanks, you have saved either the GPYC or CCD from a last place finish.

This weekend's finals will be a great climax to an excellent summer of swimming. Not only does this meet promise to be interesting, with many close races anticipated, but also there will be many surprises and individual upsets. The meet will probably go to the final relays before Lochmoor or Dearborn is crowned.

Barring disqualifications and other unexpected occurrences (which will happen), Lochmoor should finish first, followed by Dearborn, Western, Golf Club of Detroit, Detroit Yacht Club, Red Run, Oakland Hills, Plum Hollow, The Detroit Boat Club, Country Club of Detroit, Grosse Pointe Yacht Club, and lastly, Grosse Isle.

### Give Them The Green Light

The NEWS has never made any attempt to hide its admiration for, and sympathy with, the Sisters of Bon Secours, throughout the considerable period during which the little frame house in Cadieux road has been enlarged into a modern hospital with a present capacity of 160 beds. In the early years of this paper's existence we took pleasure in dropping off copies each week for the half dozen or so old folks who were given comfort, security and love through the tender care of the Sisters in that small shelter. We listened then to dreams for the future, to hopes for a growth that would expand facilities and opportunities for service to the community. We have been grateful that many of these dreams have come true, thanks to the dedicated selflessness of the Sisters, which has attracted a host of supporters to their cause.

For too long a time this institution has been engaged in a legal battle with the City of Grosse Pointe, to determine whether it would be allowed to further add to its capacity for service. When plans were presented several years ago, seeking permission to proceed with an expansion program which would double the number of beds and provide other facilities which would increase its stature, the city council procrastinated inexcusably in making a decision. It attempted to erect legal barriers in the form of zoning amendments which would prevent such an expansion. Instead of having the intestinal fortitude to speak their own piece, which was their right and duty, they took the cowardly route of conducting a public referendum, with the stipulation that it would only be advisory and to which they would not be bound.

It was a bitter campaign, spearheaded of course by those property owners who felt their investments would be harmed by the hospital's expansion. Experts called in by both factions disagreed widely on possible results. The vote, held in November 1963, showed that a slight majority were opposed to the expansion, and on November 18 the council denied the hospital's petition.

Among the arguments brought forth against enlarging Bon Secours was one having to do with the number of Pointers who are cared for there . . . a small percentage of the total. Is it any more of a crime for Bon Secours to admit patients from Detroit and other municipalities in the area than it is for Harper, Grace, Woman's, St. John and all the other hospitals to open their doors to the countless Pointers who seek treatment in those institutions? We all know there is a great shortage of hospital beds in the Detroit Metropolitan area. Many of us have been through the torturing experience of having loved ones, badly in need of care, kept waiting for days because there was no room in the hospital.

With Bon Secours in possession of the additional property needed to expand, and financially capable of handling the project, it seems more than a little selfish for a comparatively small group to battle a project that would supply 160 more beds and many new scientific improvements to care for the seriously ill.

It is to be hoped the City officials will take the legal setbacks gracefully, and quickly grant Bon Secours permission to proceed with the plans. Building costs and difficulties are constantly mounting, as is the need for more hospital beds.

**What Goes On at Your Library**  
By Virginia Leonard

One of the most dynamic and serious issues confronting us right now is the conflict in Vietnam. Through every conceivable type of mass media we are never allowed to forget the seriousness and potential dangers which lie in this arena—radio, television, newspapers, periodicals, discussion groups, panels—we cannot escape, nor should we, as it is a topic vital to our future.

Our libraries are endeavoring to meet the book needs of our patrons in this area by purchasing all pertinent, available material, treating the subject from all facets. Listed below are some of our holdings, dating back to 1963.

In this year R. W. Tregaskis wrote **VIETNAM DIARY**, which was an account of the war in this country from October, 1962 to January, 1963. This was reviewed, at that time, as the best first-hand account of this new kind of warfare into which Americans were being pulled because of their position in world affairs. **THE LAST CONFUCIAN** by D. A. Warner, gives us an Australian journalist's assessment of the war with the Communists in Southeast Asia. The "Last Confucian" is Ngo Dinh Diem, who was at the core of the struggle.

Still another of two years back is P. J. Honey's **COMMUNISM IN NORTH VIETNAM**, subtitled: "Its role in the Sino-Soviet dispute". This is a handy reference book for scholars and journalists, giving an analysis of thoroughly researched Communist statements and actions. No comparable book of North Vietnam and its little-known importance for the rest of Southeast Asia had appeared up until this time. It is a study of the big aims and difficulties of Ho Chi Minh, chief Asian troublemaker, and was written for the Center of International Studies at Massachusetts Institute of Technology. The fourth of these is B. B. Fall's **THE TWO VIET-NAMS**, which begins with the physical setting and traces the history of the Vietnamese nation to its present divided state.

Some very recent material (and it is only natural that more and more books would be forthcoming now) include J. M. Mecklin's **MISSION IN TORMENT**. The author is a journalist, except for a two year period when he served as a poacher "turned gamekeeper"—an officer of the U.S.I.A. stationed in Saigon. His book reflects somewhat the inability

of almost anyone, at this time, to give an objective analysis of the situation. David Halberstam has given us **THE MAKING OF A QUAGMIRE**, a book about Vietnam, and is excellent for straight, readable reporting. It is also a book about reporting. The author was posted to Saigon by the NEW YORK TIMES at the age of 27, after having seen brief service in the Congo crisis. His accounts brought him harsh criticism as well as the Pulitzer Prize. He has a fine sense of place and people, his evaluations seem perspicacious and pertinent. The book to complement Halberstam is Malcolm Browne's **THE NEW FACE OF WAR**. The author, an Associated Press correspondent in this arena since 1961, offers first-hand, painfully explicit descriptions, including that of the burning of Buddhist monks. The focal point is military here, rather than political.

A specialized incident is Jules Roy's **THE BATTLE OF DIENBIENPHU**. In the spring of 1954, the French Command in Vietnam had massed its best troops in Dienbienphu, far from the regular bases, and, within two months, the Vietnamese forces of General Grah had annihilated them and brought an end to European power in the Far East.

Two books of fiction have appeared, both of which, understandably, have hit the Best Seller list. **THE GREEN BEETS**, by Robin Moore, is a bloody, blazing account of the American Special Forces in Vietnam and Laos. To protect identities, these stories have been lightly fictionalized, but their authenticity is evident. There are nine stories—each drives home the point that almost no one knows what the Special Forces are doing in Vietnam. Morris West's **THE AMBASSADOR** tells the story of Maxwell Gordon Amberley, who, as narrator, is speaking ex post facto about his last diplomatic assignment. Sent to Vietnam after a career of foreign service spent in the Orient, where he had earned the reputation of a tough negotiator, he summons two types of anguish (his wife is recently deceased), but explicates an international situation.

We feel sure that this is only the beginning of a series of books, both fiction and non-fiction, on the topic: Vietnam. And our libraries will continue to try to have this material available for your information and understanding.

**Defer School Stages Circus**

The circus came to Grosse Pointe on Friday, July 16, for Defer Elementary school children. Mrs. Irma Canfield, Miss Pamela Smith, and Miss Barbara Simon are in charge of the Defer summer recreation program.

This program is conducted in coordination with the Grosse Pointe Public School System, and is open to all elementary age school children. Each elementary school in the Grosse Pointe area conducts a recreation period similar to the one at Defer.

The three Defer teachers plan each week an activity that ends with a party on Fridays. The girls decided on a circus theme for one week. They worked all week with the children deciding on circus decorations, costumes, side shows, peanut hunts, and games for under the big top. The older children were in charge of the big top. They presented magic tricks, tumbling, juggling, and clown acts. The little children were not left out of the circus. They came dressed as their favorite circus animal or performer. A parade was held so the older children could see the varied costumes.

Mrs. Canfield, Miss Smith and Miss Simon came dressed as clowns.

**Grownups Can Learn Much By Paying Visit To Library**  
By Anne Boynton

A half hour on the prowl at the library to find out what tops our younger set's reading list was well spent. Peeping over shoulders was fun for awhile, but no one in the children's section seemed to do anything but take out a book, glance at it, and reshelve it. Alas, the only thing left to do was to tell the kids what was up (most children are very suspicious of anyone asking them what they're reading without telling them why).

Typical of her peers, Becky Goodwin, daughter of Mr. and Mrs. George Goodwin, of Lothrop road, when asked what she liked to read best, replied "all sorts, specially (she's minus a few teeth) horse stories." Clutched under her arm she had **THE CURE OF ART**.

Tommy Lawson, whose parents are the Myron Lawsons of Lothrop road, prefers horse and science readings. Blue eyed and short shorn, with bubble gum in mouth, Tommy planned to check out **BILLY AND BLAZE** and **BLAZE AND THE MOUNTAIN LION**. Having read **BLAZE AND THE GYPSIES**, he said, "I like that one so I get the others." Tommy also recommended **700 SCIENCE EXPERIMENTS FOR EVERYONE**, though "some worked and some didn't." "My Mom didn't let me do all of it," he said, but then had misgivings and added, "I made a mistake in the last line, I really wanted to quit."

Next to fall prey to the questioning was Patricia Norton, of Rivard boulevard, who will be moving to Trenton, Mich., in August with her brother Randy and parents, Mr. and Mrs. Everett Norton. With freckles and green eyes, Patty, a strawberry blond, was appropriately reading **STRAWBERRY GIRL** by Lois Lenski when she was interrupted.

Her brother, Randy, a freckle faced redhead, donned in wheat jeans, enjoys mysteries, "kind of like folk tales." He then proceeded to give a complete account of his latest reading, **TROUBLE CREEK** which has a "real happy ending," by the way. When asked if his parents ever recommend any par-

## From Another Pointe of View

It's Showboat Time of Year again, and Grosse Pointe Yacht Club members (plus their lucky guests) can hardly wait until the Mississippi Steamer pulls up to the docks. The Showboat will remain in port in The Pointe two nights, Friday, August 6, is the Junior Showboat Party, an evening of fun and festivities especially for the 14 to 20-year-olds.

Adults come into their own Saturday, August 7, when GPYC's BIG Commodore's Review and Showboat Party gets under way.

### Summer Formals and Yachting Jackets

The over-20 contingent will gather, in summer formals and, for Review participants, yachting's blue uniforms or blue jackets with white trousers, white caps and white shoes, on the Yacht Club lawn at 6 o'clock. The Boat Review is scheduled to begin promptly at 6, according to Showboat party chairman Vice Commodore John W. Paynter, and his vice chairman, Rear Commodore Harry J. Chapman.

Club members will file their craft—in two categories, sail and power—before Commodore Harold E. Cross, M.D., and his fellow officers aboard the Review boat, "Dorothy Sue," Allan D. Foster's 50-foot cruiser. They will signal their salutes and be judged on their decorations, which can vary from signal flags and lights to the elaborate Mississippi steamboat design that won the "best decorated" award last year in the power boat category for Robert Harper and Dr. Robert Everett, co-owners of "Tug for Two."

Thomas K. Fisher, Jr.'s "Invader" was judged best decorated in 1964's sail boat category.

### On Into The Evening

Cocktails will be served on the lawn during and after the Review, and a piping hot charcoal broiled steak dinner will be dished up from the Club's outdoor grill, beginning at 8 o'clock.

Music for the evening will be provided by the alternating bands of Ari Quatro and Fenby Carr.

Among those planning to attend with large groups of

## Appeal to Help Cancer Patients

All qualified drivers willing to contribute one day or more a week to help transport cancer patients to and from medical treatment centers in Detroit are urged to contact the Michigan Cancer Foundation, Temple 3-0710, immediately.

Regular drivers away on summer vacations have left an unmet need among persons who must undergo regular x-ray treatments in local hospitals, according to Mrs. Marvin Dornbrock, volunteer transportation chairman for metropolitan Detroit.

All patients are ambulatory, necessitating no physical strength on the part of the volunteer. Any person with a car and a driver's license is urged to help during this summer period when patients with no private means of transportation and who are unable to use public conveyances are left with no means to continue a course of treatment.

The Michigan Cancer Foundation, a Torch Drive agency, provides volunteer transportation as part of a total service program for the care and comfort of cancer patients throughout Southeastern Michigan.

There is no charge for materials, counselling or services at any time.

### Junior Council To Hold Dance

Although the invitations are "under cover" until the official mailing date of August 30, the Junior Council of the Founders Society Detroit Institute of Arts does want its many members to reserve Saturday, September 25, for the gala social event of their first year — a formal dinner-dance to the music of New York's Lester Lanin in the atmospheric setting of The Detroit Institute of Arts.

General chairman, Mrs. Harry L. Winston, Jr., of Birmingham, has announced that "addressing parties" will be held on August 16 and 17 when the area chairmen assemble their committees for addressing invitations and luncheon.

On August 16 the group will meet poolside at the home of Mrs. Richard B. King in Birmingham, and on August 17 Mrs. Alvan Macauley of Kenwood road, will lend her home and gardens for the occasion.

Chairmen of invitations are Mrs. Barbara Macartney, of Bloomfield Hills, and Mrs. Walter Denison, of Birmingham. Various area chairmen for invitations are: East Side — Mrs. Robert Scherer, Jr., of Lochmoor boulevard; West Side — Mrs. Arthur Tomson, of Novi; and Detroit — Mrs. Thomas Klein, of Hubbell street.

The Junior Council of the Founders Society was organized early this year, and has already sponsored several well-received events: A dinner followed by an art treasure hunt, a tour of the exhibition "40 Key Artists of the Mid-20th Century" and a Museum Walk, which attracted nearly 500 persons.

Membership in the Junior Council is open to young married and single individuals who would like to participate in a variety of activities as a means of increasing their familiarity with The Detroit Institute of Arts. The only requisite is membership in the Founders Society of the museum.

## Miss Moeller Wed At Saturday Service

Becomes Bride of Gary Walker; Hillcrest Country Club Reception Follows Candlelight Rites In St. James Lutheran Church

Linda Moeller chose a floor length gown of white peau de soie, its Empire waistline, sleeves and Chapel train trimmed with crystals and pearl beads, for her wedding Saturday, in St. James Lutheran Church, to Gary Walker.

Reverend George E. Kurz, who baptized and confirmed the bride, officiated at the 7:30 o'clock candlelight service.

The daughter of Mr. and Mrs. Ernest G. Moeller, of Woods lane, wore a pearl and crystal headband, from which fell an elbow length, bouffant illusion veil. Her flowers were a cascade of white roses and ivy.

Mrs. Kermit Humphrey served as her sister's honor attendant, and bridesmaids were Joyce Cronenweth, Mrs. Robert Winter, Lynn Windsor and Sue Michel.

They wore floor length, Empire gowns of pink crepe, accented with matching flower embroidery, and carried arrangements of pink-shaded carnations and trailing ivy.

Junior bridesmaid was Sharon Moeller, niece of the bride, and flower girls were Carolyn Ohm, the bridegroom's sister, and Sherrie Burrows, the bridegroom's niece.

The junior bridesmaid's and flower girls' frocks were fashioned on similar lines. Sharon's dress material was pink crepe, while Carolyn and Sherrie wore high-waisted white organza dresses, trimmed with pink ribbon, and carried white baskets.

Sylvia Lin, pianist, will be soloist with the Detroit Symphony Orchestra for Oakland University's Meadow Brook Music Festival concerts Thursday, Friday and Saturday, August 5-6-7, at 8:30 p.m. in the Howard C. Baldwin Memorial Pavilion. Sixteen Ehrling will conduct.

The young Swedish-American artist born in the United States will be making her first appearances in this country in eight years with these performances. In Europe she has become one of the most sought-after solo pianists on the concert stage.

Thursday and Friday night Miss Lin will play the Schumann Concerto in A minor on a program which will include Rossini's Overture to "William Tell" and Rachmaninoff's Symphony No. 2 in E minor.

Saturday Miss Lin will play the Ravel Concerto in G major on a program which will include Weber's Overture to "Euryanthe," Beethoven's Symphony No. 4 in B flat major and Lutoslawski's Concerto for Orchestra.

Ehrling returns from Los Angeles Wednesday morning after guest conducting the Los Angeles Philharmonic in the Hollywood Bowl. His soloists were Jaime Laredo, pianist, July 27; Elisabeth Schwartzkopf, soprano, July 29; and the Isaac Stern trio with Eugene Istomin, pianist, and Leonard Rose, cellist, August 3.

Pavilion seats at \$3 and grounds admission at \$1 for Meadow Brook are available at the Festival office, Oakland University telephone 338-7211.

The program is designed to give new students an insight into what they can expect of the university — and what the university will expect from them.

There will be a color film of campus life entitled "Michigan Rhapsody," prefaced by a brief introductory talk by William J. Adams, chairman for the evening. Miss Ann Rutledge, also representing the U. of M. club, is co-chairman.

IF YOU HAVE a penchant for contemporary and want to live in one of the Shore's newest and most desired subdivisions, then give this one some serious thought. Laid out in the tri-level plan, with two bedrooms on the upper level and another bedroom and cozy den just a few steps down from the tremendous living and dining room. Only the most modern gadgetry and materials have gone into this house.

A WORD TO THE WIVES ... we'd advise you to get the man in your life to join in seeing this one before it's sold. In the Farms on a generous sized lot with ample room for the kids and the dog. Five family bedrooms and two more for stay-in-help. Baths galore and so much more that your personal inspection will prove this to be a house you'll adore.

TAGGED to be snapped up in the middle fifties. A cracking good colonial in the farms, popping up prettily on a slight hill. Four bedrooms and those important extra rooms, such as "family" and "the paneled den." Vacant and ready for your furniture.

DRIVE BY 515 Middlesex if a lot 225 feet deep and only two houses from Windmill point Drive sound appealing to you. Inside you will find five family bedrooms, a large step-down living room with random width peg flooring, plus a library and a family room.

SPOIL YOURSELF and family with a move in. This comfortable single story house on Holiday Road. This one opens up with three honest-sized bedrooms, plus a paneled library which could easily substitute for a fourth bedroom. Spread across a wide lot, the house is built over a fully equipped basement with party room facilities.

EXACTLY FITS the description outlined by so many of today's home buyers—Colonial architecture, less than ten years old, four bedrooms with at least two and one half baths, large extra room on the first floor, sparkling kitchen, and in the "right location." We have one ... in The City, and priced under \$45,000. We also have another which fits this description in the Farms, and this ain't no double talk!

"They who always follow the crowd finally become part of it."

## who, where and whatnot

by whoozit

Every Monday afternoon since summer began, between 1 and 3:30 o'clock, in the basement of the Grosse Pointe High School "Annex" (the old Country Day School), a group of young ladies have been gathering for lessons in decoupage. Their teacher is Louise Hoyt, who conducts adult decoupage classes throughout the year.

One day recently, Louise picked up the NEWS and began to read. She read a story about teenage beer parties, another story about teenagers ticketed for reckless driving. She shook her head, put down her paper, lifted her telephone receiver and dialed the NEWS office. "You seem," she said, "to always put stories about BAD teenagers in the paper. Why not visit my class and see some of the GOOD things teens are doing?" "Why, thank you for the invitation," we said, "We'd be delighted."

So off we went, to the GPIIS Annex basement, arriving in the middle of Louise Hoyt's demonstration on how to apply the final linseed oil-fine pumice coating to a decoupage wall plaque. She sat at the head of a long, low table, her class clustered around her, talking as she worked.

"We meet once a week . . . I demonstrate every step in the decoupage process; the girls continue their own work in their homes . . . The course is sponsored by the Department of Community Services, Grosse Pointe Public School System . . . The girls are all local teens, from local schools . . . This is the second year I have conducted this class for teenagers; many of the (1965) students heard about the course from last year's students . . ."

Each girl has her own special projects. Joyce Davidson is working on a series of hors d'oeuvres plates, decorated with animal figures. Dawn Lynch has already applied the required minimum 16 coats of varnish to the lids of the basket purse on which she is working. Her stain is a soft, rich blue; she is using bird figures as decoration.

Carol Clark has just started a wastebasket embellished with Rembrandt prints; she plans to use it in her Alma College room this fall. Cindy Clark, Carol's sister, is working on a series of Animal-Whimsy wall plaques, which she will hang from velvet ribbons.

Nancy Blackburn is applying the finishing touches to her butterfly tray. Two charming, delicate girls' heads, a brunette and a blond, will decorate the lids of Mary Beth Vaughn's basket purse. Mary Zens' purse lids feature old-fashioned paper dolls, and Sallie Hicks, whose brother is Dean of Men at Rollins College in Florida, is working on a "Mr. Dean" gadget box.

Chris Brink is polishing a handsome tray centered with an Hussar and his horse. Nancy Wood has several boxes and a perfume tray in various stages of completion, while among Barbara Wood's decoupage collection is a tiny nut tray, featuring brown and beige nuts scattered on a gold surface.

The grape-design tray that Christine Nelson made last summer is still good as new, and the basket purses Pam Bingham fashioned in the summer of '64 for her mother and herself, lined in burlap and hinged in gold, look as if they had been finished yesterday.

"Anyone can decoupage," Louise Hoyt claims. "Layout is the only thing that is the least bit difficult; after that, it's just polishing, polishing, polishing. The girls are wonderfully good at finding materials everywhere, in books, magazines, cards. Don't you think the things they are making are lovely?"

## From Another Pointe of View

(Continued from Page 11)

friends are the Crosses, Paynters and Chapmans. Club Secretary John F. DeHayes, Treasurer Roger K. Smith and Fleet Captain O. James Gagne and their ladies.

Others are Mr. and Mrs. J. Alfred Grow, Jr., the Ralph J. Klibers, the James A. MacAlarneys, the Leo M. Radkes, Mr. and Mrs. Byron J. Nichols and Mr. and Mrs. James A. Zinn.

Vice Commodore Paynter's party will probably be the largest, he has made reservations for a table that can accommodate 22 people.

### Junior Showboat

The Juniors will most likely spend Saturday in informal groups, reminiscing about Showboat Party, to be held tomorrow evening.

Dancing hours for the Young Set are 8 to midnight, to the music of TWO swinging bands, The Discords and the Mike Quatro Orchestra. A moderately priced dinner will be available in the Club's main dining room between 7 and 8:30 o'clock.

Chairman of the Junior Showboat party committee is Chip Rhode. Joe Shalla is in charge of tickets and Renee Cavanaugh heads the poster painters.

Other committee members are Tom Wiggins, Rose Zoufal, Paul Alandt, Suzie Gagne, Larry and Dick Ray, Jim Rhode, Blay Schoenherr, Chris Barnes and John Gehrke.

More are Joan Blake, Denise Carmichael, Terry Gostow, Mary Ellen Rutan, Mark Terry, Brian Van Hollenbeck, Ann Whyte, Joan and Margaret Couzens, John Graffius, Tony Greiner, Joanne Kerbawy, Jeanette and John DeHayes and Mike Kirchner.

STILL more, (if just the committee members show up, it should be a great party!) are Mary Ann Defever, Linda Kotcher, Susie Payne, Ann Fisher, Pete LaFond, Kathy Friedt, Marlene McNamara and Martha Meyers.

### Triple Celebrations

Parents who have struggled through ONE graduation this season are inclined to regard Mr. and Mrs. Barron T. Conklin, of Barrington road, with awe.

Tomorrow, Mr. and Mrs. Conklin will proudly applaud their third graduate of the year, son Michael, who receives his Masters Degree from the University of Notre Dame.

Another Conklin son, James, received his Bachelor's Degree in June from St. Bonaventure College, Olean, N.Y., and daughter Helen Marie was graduated from St. Ambrose High School, where she was named the most outstanding student of the year, also in June.

Fall will find the three Conklin graduates scattered. Michael plans to begin teaching at a suburban high school in September, the same month that Helen Marie enters the University of Dayton, and James will be off to United States Marine Officer's Candidate School in October.

As for Mother and Father Conklin — with two children still attending St. Ambrose, James and Helen Marie headed for more "schooling," they still have several graduations to look forward to . . .

### LILLIAN HOGUE, OF YORKSHIRE ROAD

By Janet Mueller

Once upon time, Lillian Hogue decided that she, too, should have a Law. After all, she reasoned, lots of people have Laws . . . if Gresham, for example, can have a Law of his own, why not Hogue?

So Lillian sat herself down and formulated Hogue's Law: The Power of Assumption. Stated in its simplest terms, Hogue's Law asserts that, more often than not, if you assume a certain result will happen, it will.

Using this formula, and assuming the best results, Miss Hogue has risen to the top of her profession, life insurance — and has had herself a marvelous time at every level of her career, and in every area of her personal relationships.

Professionally, she's just about as far as she can go, listed in five "Who's Who's": Who's Who of America, Who's Who of American Women, Who's Who in the Mid-West, Who's Who in Insurance and Who's Who in Commerce and Industry.

She entered life insurance work in 1926, has been with New York Life since 1934, and has been under an Agent's contract with New York Life since 1941.

### Many Affiliations

She is a member of the Detroit, Michigan and the National Associations of Life Underwriters, and of the Women's Group of the Detroit Association of Life Underwriters, a Life Member of the Women Leaders Round Table of the National Association of Life Underwriters, past president, (and holder of all previous offices), of the Detroit Life Insurance and Trust Council.

She was awarded the designation of Chartered Life Underwriter, (C.L.U.) by the American College of Life Underwriters in 1946.

Rising to the post of president of the Detroit Chapter of the American Society of Chartered Life Underwriters, she went on to hold offices, and serve as chairman of numerous committees, of the national American Society of Chartered Life Underwriters.

Eventually, she was elected president of the national group, the first and so far the only woman to head the American Society. Currently, she is a member of its Committee on Ethical Guidance.

She is a member of the Board of Overseers of the National C.L.U. Development Fund of the American College of Life Underwriters, and vice chairman of the American College's National C.L.U. Development Council.

The Central business District Association selected her, in 1961, as one of Detroit's Ten Top Business Women.

### She Was Sidetracked

All these distinctions definitely indicate that Lillian Hogue has found her proper field, but she entered life insurance work almost accidentally, upon her return to her native Detroit after four years in New York. (She went to Manhattan to enroll in Columbia's School of Journalism, but never got there; there were too many other avenues to explore in the Big City).

Back in Detroit "I was given a chance to do something that hadn't been done too much before, at least by a woman. I thought I'd give it a whirl for a few months, and see how I liked it," Miss Hogue is still whirling.

Her special field is Estate planning; she deals in Foundations, transfers of businesses, tax preparations. The social aspect of her work, particularly as applied to the transfer and continuance of a family business after an owner's death, rather than the dissolution of that business and the often unfortunate results of that dissolution on company employees and their families, she finds particularly satisfying.

She is fascinated, too, by

lection, and has been sending her books about his city ever since, plus other occasional small gifts, a Czech peasant doll, a piece of lace . . .

Lillian Hogue's personal correspondence takes up a good deal of her time. She is a prolific letter writer. ("Writing letters is no chore for me; it is a joy!"), delights in putting her thoughts down on paper.

Too busy with "people" to be terribly concerned with "things," she is not a collector, although she does have a penchant for Pewabic pottery. Her fireplace features Pewabic tiles, and there are several Pewabic pieces on the mantelpiece. A good part of Pewabic's allure for her is the fact that it is "home town" pottery.

### Proud of Detroit

Lillian Hogue is proud of Detroit, considers it one of the United States' most "masculine" cities, (she habitually classifies cities according to gender). She believes individuals should contribute to their communities.

Her own contributions include tenures as president of the Detroit Business Women's Club, chairman of the Detroit Inter-Club Council of Business and Professional Women's Clubs and Chairman of the Cancer Fund Evaluation Committee of the Michigan Federation of Business and Professionals Women's Clubs.

Her interest in young people is evidenced by her work in organizing Career Workshops at Marygrove College. She believes that young women, as future mothers, have a special responsibility, that they must be encouraged to strive for real ideals, must acquire a knowledge of how to do things, must develop a sense of their own worth.

The International Institute, Women's City Club of Detroit, Michigan League for Crippled Children, Inc., and Inter-Group Council for Women as Public Policy Makers are other organizations in which she is especially interested.

But Miss Hogue's primary project right now, her chief "outside" interest, is Detroit's Elliott General Hospital. She has been president of Elliott's Board of Trustees since 1962.

### Her Little Hospital

"If I could have one wish, I'd wish for the success of my little hospital," she says. "I took it from scratch, and with a very small Board—nine men and one woman—we have had wonderful results."

Lillian's "little hospital," in West Chicago boulevard near the corner of Sorrento, services an older-resident neighborhood, an area of Senior Citizens.

A majority of these residents are living, in whole or in part, on Social Security.

Ground has just been broken for the first, 143-bed unit of Elliott's new Geriatric Convalescent Center. Eventually, Lillian Hogue hopes to see a 500-bed geriatric convalescent complex at Elliott, a non-profit, non-sectarian, open-to-all-races facility, providing the best possible care for the least amount of money.

"I want to see that this thing goes well so much that I can taste it!" Miss Hogue exclaims. "We are looking ahead at Elliott; the Center will be serviced, not under the present laws of the State of Michigan, but under the laws that we can see coming. We will have complete, 'round-the-clock' medical care. We will treat all our patients with dignity, care and affection . . ."

Lillian glows as she talks about her hospital. She is describing not what might, but what WILL happen there, assuming a desired result. According to Hogue's Law, it is all bound to come true.

## Boat in Distress Towed into Pier

A boat in distress in front of St. Paul's Church on Lakeshore road, was reported to Farms police Saturday, July 31.

Officer William Fowler found an 18' Luger, 75 h.p. outboard, in by the wall, James R. Hornby, of 20254 Danbury, Detroit, said that he had lost his prop.

Fowler called the station to summon Ed Louers, recreational director, who boated to the scene. A life guard assisted with tow lines. The boat was towed to the Farms pier and tied up until it can be removed.

"We Pointe  
With Pride"

Having attended the Fisher and Grosse Pointe Theater for a full season, I think the people of Grosse Pointe have the finest and most dedicated theater group in the country. I didn't think that there was anything at the Fisher that equaled the Grosse Pointe Theater group offering. Regardless of whether or not you agreed on the type of play shown, you'll have to admit that the acting and technical aspects of the production were superb.

## Pointe Counter Points

By Pat Rousseau

Walton-Pierce . . . reopens August tenth. Their buyers were to market and placed their orders early to assure you the finest of the fashion world and advance deliveries (a very important factor this year). We were fortunate to preview the beautiful, wearable and youthful Fall styles that are in and waiting for YOU. We like the new cut to the skirts that let you move gracefully and the delightful definition of the waistline. Whether lowered, raised or natural . . . it's there!

Top Drawer Topics . . . now is the time when all good gift buyers go to their market to see the newsy and charming things we like to give to friends. A lovely lady with excellent taste and a turned-on imagination, who has been successfully doing the job at 17007 Kercheval UP in the Village, is about to take off. If you have any special orders . . . speak out! TUxedo 2-3438.

The Island . . . and the peninsula are two kitchen design elements to keep in mind when planning your Mutschler kitchen. Their experts will show you how cabinets can be hung over the stationary island or peninsula, adding to available off-the-floor storage. In some cases it serves as a divider-server between cooking and dining centers. Add casters to an island to take equipment to various work centers or even outdoors to a patio. Lots more good ideas at 20489 Mack Avenue.

Car Check-up . . . before vacationing is in order. The sign in the Service Department of Riverview Dodge, 15205 East Jefferson will pledge you car-perfect motoring. It reads, "Our service policy is to fully please our customers. If you are not completely satisfied, see Joe Doyle."

Perfect Package . . . engagement picture, bridal portrait, candid, invitations, etc. . . expertly done and quite a bargain at Paul Gach Studio, 345 Fisher Road. Call TUxedo 1-0500 for more information about this helpful one stop service.

Notice . . . there seems to be more pages devoted to the shape and movement of hair than to its color? This is casually mentioned as natural and vital. The modern woman and her hairdresser have accomplished beautiful "naturalness" and now . . . here comes another challenge. On to Edward Nepi, "Par-ruchiere," 19463 Mack Avenue for the precise scissoring and set that's the expert's answer to the deceptively simple new look. TUxedo 4-8558.

Skin Glow . . . is one thing and very much in style . . . this is done through a clever make up . . . or you're seventeen and beautiful. Otherwise, on these warm, humid days . . . Astringent Cleansing Lotion . . . is a great aid for controlling excess oiliness. One seventy-five and three dollars at the Notre Dame Pharmacy . . . chilled . . . it's even more refreshing and stimulating for the skin.

Summer . . . without Blue Grass is unthinkable. Kopp's Annual Blue Grass Event celebrates this happy fact . . . and to think we almost forgot. We particularly like the Flower Mist, three and five dollars; and the dusting powder . . . same prices. There are also the perfume and perfume mist.

The Proof . . . is in the using. Mr. Sid Erwin of Fashion Two Twenty does make-up (as a service) for the models and commentators at style shows. As a result, Fashion Two Twenty cosmetics are very much in demand in the fashion business. You can get a model treatment in selection and use of these cosmetics by making an appointment and then stopping by 20445 Mack Avenue.

Very Pearone . . . the newly decorated shop at 397 Fisher Road. Many of Miss Pearone's own antiques are being used to display the beautiful Fall fashions. Re-opening August ninth . . . do drop by.
