### HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

Thursday, August 5

**VIET CONG GUERRILLAS** destroyed 1.8 million gallons of aviation fuel in a pre-dawn attack today on the Esso storage complex serving U.S. jets at Da Nang Air Base. The fuel was for bombing missions against the Viet Cong and North Vietnam. In addition, a South Vietnamese outpost protecting the facility was overrun and suffered heavy casualties. The complex is about two miles from positions held by several hundred American Marines. The assault was the most audacious by the Viet Cong in the Da Nang area since Communist squads hit the airbase itself a little more than a month ago.

**AN INCREASE** in the retail price of milk in southern Michigan appears certain as a result of higher costs for raw milk, which were announced Thursday. However, due to widely varying pricing policies, the use of milk as a "loss leader" by supermarkets, and the practice of making quantity-order discounts for home delivery customers, it was impossible for dairy industry sources to put a flat "price per quart" tag on the expected change. The Michigan Milk Producers Association told dairies Thursday that it was boosting the cost of 100 pounds (roughly 46 quarts) of raw milk for bottling by 10 cents as a result of an average 6.4 cents per 100 pounds increase ordered Sunday by Federal Milk Marketing officials. The two boosts work out to slightly more than one-third of a cent per quart.

Saturday, August 7

**THE FEDERAL GOVERNMENT**, acting under the day-old voting rights act, filed suit charging that Mississippi's poll tax levied to disenfranchise Negroes. The suit requested abolition of the tax. It accused Mississippi officials of using the tax to discriminate against Negroes, contending that the tax amounts to racial discrimination since whites are better able to pay it. The Justice Department intends to file similar suits Tuesday challenging the poll tax in the three other states where it is levied—Alabama, Texas and Virginia.

Sunday, August 8

**THE WHITE HOUSE** disclosed today that President Johnson has rejected an appeal by President Kwame Nkrumah of Ghana for a temporary halt in bombing of North Vietnam. The appeal came when Nkrumah decided to go to Hanoi for conferences concerning settlement of the war. The Ghana leader desired to protect himself from the bombing. Although his appeal was rejected, President Johnson said Nkrumah would be in no danger in Hanoi and that the United States would welcome anything he could do to end aggression in Vietnam.

Monday, August 9

**THE INVESTIGATION** of a derelict coastal freighter Sunday by a Coast Guard boarding party revealed the captain and two of the crewmen had been slain. A lone survivor told them a bloody tale of mutiny on the high seas. Three crewmen of the freighter Seven Seas and a skiff were missing. The survivor told the boarding party he had been hiding in the chain locker since he found the first mate and the skipper shot to death Saturday night. He said he thought a fourth crewman, other than the one found dead by the boarding party, had been heaved overboard. The other three members of the crew apparently fled aboard the 14-foot skiff, which was motorless and had only two oars.

Tuesday, August 10

**MICHIGAN DRAFT BOARDS** were instructed Monday to review the status of 76,953 deferred students in a quest for additional manpower for the armed forces. The state Selective Service director said the review was ordered, in part, to postpone the day when married men might be called.

### Fire Pumper Being Readied for Service

This is the new Pitman Snorkel fire engine which was ordered by the Woods City Council months ago. It is now being equipped and will hopefully be available by the end of August to help all of the Grosse

Pointes and Harper Woods under the Mutual Aid Pact. Features of the machine are an automatic boom which can be raised to a height of 65 feet and a 10,000 gallon per minute pump. It cost \$50,000.

### Loses Purse To Snatcher In Bus Booth

Youth Escapes Pursuer After Taking \$100 From Woman; Victim Slugged From Rear

A report of a purse snatching and assault was made to Shores police on Thursday, August 5.

Lt. George LaForest received a call from the maid at the Danaher residence at 699 Lake Shore drive who stated that an unknown teenager had just stolen a purse from a woman at Colonial road and Lake Shore drive.

A few minutes later a call was received by a resident at 44 Renaud road who stated that a boy had just thrown a purse in the rear yard at 40 Renaud and had been seen by a gardener who could identify him.

The gardener, Charles Luther, of 28509 Grant, St. Clair Shores, took up the chase but lost the boy at the address where the purse was discovered.

Luther described the culprit as about 5'7", thin, with blond, Beattie-type hair.

The victim, Lulu May Allen, 32, of 3324 St. Joseph, Detroit, who is employed at the Donald S. Crampton residence at 51 Sunningdale drive, told police that she was standing in a bus booth on Lake Shore when a youth struck her in the back with his fist, simultaneously jerking her purse from her left hand.

A wallet containing \$100 was missing when the purse was found.

### Elm Trees Take Up Most Of Park Council Meeting

In a brief meeting Monday, August 9, the Grosse Pointe Park Council attended to the few items on the agenda with great dispatch, possibly due to the absence of two council members.

First on the agenda was approval of John V. Sheoris, 1117 Grayton avenue, as a new appointee to the Planning Commission. Sheoris, a member of the A. I. A., is with Smith, Hinchman & Grylls Associates Inc. His term expires in 1967.

The only other significant vote taken was concerning the removal of 23 more diseased city elm trees.

### Nab Cat Burglar Suspect In Woods After Resident Phones Tip Into Police

Picked Up on Mack Avenue After Eluding Officers on Anita and Abandoning His Car; Door of House Found Open

A cat burglar suspect was apprehended by Woods officers Monday, August 9, as the result of a tip from a Woods resident. Investigation of the case is still pending.

Arrested was Charles Galloway, 21, of 2429 W. Grand Blvd., Detroit.

Woods police responded to a call from John VanVleet, of 561 Anita avenue, who reported that he'd observed a man emerge from a '63 white Ford and proceed to go between the houses at 529 Anita. VanVleet further stated that the subject came out from between the houses, walked across the street, and went to the rear of 505 Anita.

A scout car was dispatched from Vernier road and Morning-side drive. Upon stopping, officers were approached by the complainant who pointed out the house where the subject was last seen.

### Use School Lot For Drag Racing

Alger Lodewyk, custodian of Parcels Junior High School complained to Woods police Monday, August 2, that the back parking lot of the school is being used as a race track.

Mr. Lodewyk showed police several spots where autos were racing over the lawn bordering the lot. The lawn looked as if it had been victim of drag racing.

A bid for \$2,025, roughly \$88.05 per tree, was accepted from the Fox Tree Service Co. However, the company could not produce insurance in time. The city requires that all people and companies they hire must carry full insurance, which this company did not have.

Council members decided to instruct City Manager Robert Slone to try the next lowest bidder which was Shock Brothers Tree Service Co., with a bid of \$2,070. If this company does not prove to be satisfactory, then the manager will try the third bidder, the Cal Fleming Landscaping and Tree Service Co., whose bid was for \$2,115.

If still no satisfactory results

### TWO METERS MISSING

While collecting from meters on Mack avenue Monday, August 9, Farms police noticed that two meters were missing from in front of the Van Riper Studio. They had been pulled out from the concrete base that had been cracked open from cars hitting the meters.

### Reveal Plans For Opening School Year

Registration Dates for New Pupils, Staff Meetings to Precede September 9 Classes

The Grosse Pointe Board of Education has revealed plans for the opening of school this fall.

Registration for pupils new to the school system will begin Monday, August 30, at all schools. On Tuesday morning, August 31, all members of the administrative and supervisory staff will meet to review plans pertinent to the opening of the school year.

On Wednesday, Thursday, and Friday, September 1-3, the Experience Workshop will be held for new employees of the professional staff. New teachers will meet with the Superintendent and their principals, and attend various meetings during the three-day workshop.

Beginning Tuesday, September 7, all staff members will be on duty in their assigned buildings to prepare for the arrival of all pupils on Thursday morning, September 9.

Tuesday afternoon and all day Wednesday, September 8, the staff will be involved in departmental, guidance and grade group meetings in all buildings. Orientation meetings for new pupils will also be held during this period in each secondary school.

### Police Salvage Damaged Boat

Larry Reinardy, of 28085 Plymouth road, Livonia, phoned the Shores police station on Friday, August 6, to notify officers that his boat had a hole in its side, and that he was in need of assistance.

Police were sent to the foot of Deeplands road where they salvaged several articles from the boat and took them to the station for safe keeping. They contacted the owner and were given permission to do whatever necessary until he could pick the craft up in the morning. Officers informed Reinardy that the water was getting rough and that the boat would probably have to be taken to the Grosse Pointe Yacht Club for the night.

It was decided that the boat should be removed from the lake to prevent its sinking. However, in attempting to lift it over the breakwall, considerable additional damage was inflicted.

The motor was taken to a nearby gas station and the boat was tied up at the Yacht Club. No estimate of damage was made.

### Bids for Sewer Project in City Stun Councilmen

Explanation Demanded Why Engineers' Estimates Were \$128,502 Lower Than Lowest Bid Received; Revisions in Plans Suggested

City Council's hopes for bids on an improved and updated sanitary and storm drainage sewer system that would roughly coincide with estimates outlined in the approved bond issue, went down the drain Monday, August 9, even though the job was contracted.

The lowest bidder of nine, the S. Weissman Excavating Co., presented a figure which varies \$128,502 from the original estimate of \$1,101,450. Weissman's net bid (1 per cent less than the base bid if jobs on both the sanitary and storm jobs are contracted) was \$1,229,952.

Passage of the General Obligation bond issue by a 780 to 181 vote last May assured a figure of \$1.32 million which would be available for: 1) a sanitary relief sewer in Lakeland avenue, 2) a storm relief sewer in Waterloo avenue, and 3) automation of the City pumping station in Charlevoix avenue. However, the \$1.32 million sum included contracting, engineering, inspection, and contingency fees which add up to quite a bit more than the variance in Weissman's bid and the estimate.

**Councilmen Upset**  
Differences in bids and estimates were most apparent with regard to the sanitary sewer construction. The discrepancy was \$119,937, with an estimate of \$486,825 and a net bid of \$606,762.

The figure for storm sewer construction was much closer; \$623,190 was bid and \$614,625 was estimated, for a variance of only \$8,565.

Council members were very upset with the results of the bidding, especially on the sanitary project for which the bid was approximately 30 per cent off the estimate. They demanded an explanation from George Jerome and Company, the City's consulting engineers, which prepared the estimates and contracted the bids.

Mr. Jerome, who was present at the meeting, explained that his original estimate of cost was based upon preliminary plans as opposed to detailed plans. The reason that a preliminary plan estimate was employed was because funds were not available to pay for such detail.

### Village Shops To Stage Show

The Grosse Pointe Commerce and Civic Association cordially invites all residents of Grosse Pointe to attend their annual Back To School Fall Fashion Show. Grosse Pointe Village merchants will present their fall lines, Monday, August 16, at 8 p.m. in the Grosse Pointe War Memorial.

Vivacious Jackie Crampton will narrate the fashion show and many residents will model the back to school apparel—from newsy patterned tights for the girls to the classic navy blue blazer for the boys.

The Village Manor will serve free refreshments.

### Identical Cars Get Youths Tagged Disorderly Persons

At 10 p.m. Saturday, August 7, Lester Young, 4820 Devonshire road, Detroit, called City police to report that two young men had just broken into his car and had escaped.

However, he had obtained their license number, which he gave to police. He said the car they were driving in was last seen heading north on Cadieux road.

Scarcely 15 minutes later, Gary Vermeulen, 20, of 20000 Edmondston, St. Clair Shores, telephoned City police and stated he believed that police were looking for him and a friend, identified as Robert Francis Groll II, 15895 Collingham, Detroit. He is also 20 years old.

Police asked the boys to come into the station, which they did. They told officers that they had been waiting for a friend

### Census Data Released by Tabulators

Woods Continues to Be Fastest Growing With Present Population of 21,979

Grosse Pointe School District's total population has risen to a new record of 68,924 persons as reported in the annual school census taken last May. This is a gain of 5,334 people since the census was conducted in 1960, and 25,160 over May of 1950.

Grosse Pointe Woods continues to be the most populous of the municipalities with a total of 21,979, an increase of 2,859 over 1960 and 750 since just last year.

Next is the Park which has added 424 to its total from five years ago. With 152 more persons than last year, its population stands at 16,435 in 1965.

Third in line is the Farms with 12,679, an addition of 110 since 1960 but only 14 since the '64 total.

The part of Harper Woods contained in the Pointe school district reached a high of 7,855, up 1,093 from the 1960 figure.

**City Growth Smallest**

The City which has added a mere four residents in the past year, though 299 in the last five, has 7,126 inhabitants.

Finally is the Shores at 2,850, which has attained 549 additional residents since 1960.

The Woods has continued to lead all categories in comparison with the other municipalities. It has more residences, more residences under construction (51 at census time), more children in each age grouping, and more persons per residence. It is interesting to note that in the past five years Grosse Pointe Woods alone has gained almost three thousand people, whereas the rest of the municipalities have contributed only 2,475 together.

Since the 1950 census, the total population of the Woods has more than doubled, that of the Shores nearly trebled, and that of the Harper Woods fraction more than quadrupled. The school census (the 5 to 19-year-olds) and the May membership

### Visiting Shopper Struck by Car

Kercheval avenue at the Notre Dame avenue intersection was the scene of an auto-pedestrian accident Monday, August 2. The accident occurred in the middle of the afternoon.

Lance Keeton Olson, 17, of 8801 Conant, Detroit, was traveling east on Kercheval at an estimated speed of 25 m.p.h. when his car hit Mrs. Helen Haberkorn, 56, of 917 Hollywood place, West Palm Beach, Fla. Mrs. Haberkorn was crossing Kercheval about 12 feet east of the crosswalk.

Witnessing the accident was Miss Jane Moore, 373 Rivard boulevard.

Mrs. Haberkorn, who had been shopping in Grosse Pointe on her way to Canada, was taken to Bon Secours Hospital where she was treated for three broken ribs and a broken left leg. As of last weekend, she was still in the hospital.

Olson was not injured but the car he was driving, owned by the Swedish Crucible Steel Co., had a damaged radio antenna. He was charged by City police with reckless driving.

Mrs. Haberkorn was ticketed under the pedestrian ordinance for not walking in a crosswalk.

### \$1000 Collection Of Coins Stolen

Douglas Kaselitz, 1137 Kensington road, reported to Park police Sunday, August 8, that someone had stolen a coin collection valued at \$1,000 from his home.

He believed the theft to have occurred between July 21 and July 25, although the family was not away at the time.

Police believe the coins were taken by someone who has or had permitted access to the house as there were no visible signs of a forced entry.

have more than doubled since then.

### 26,627 School-Agers

The total for school age children stood at 26,627, up 2,387 from 1960 and 577 from 1964. Of this figure, 11,613 were enrolled in public schools, an increase of 474 over the preceding year.

Ages 12-14 led with the largest gain in any age bracket (285). While the five through 19-year-olds have increased markedly in the past five censuses, the infant through four-year-olds have declined.

Defer had more preschoolers (558) than any other elementary district. Perry was second with 550, followed by Poupard with 546. Perry led in the 5-11 age group with 1,230. In the 12-14 and 15-17 year brackets, Monteth led the other districts while Kerby had the most 18-19-year-olds. Defer had the greatest total (2,957). Ferry experienced the greatest total gain with 293 more children than in the 1964 census.

At Other Schools  
The highest percentage of children attending parochial school 38.9 per cent with Barnes following closely with 38.6 per cent. Mason led with 74.7 per cent attending public school. The highest percentage (12.3 per cent) attending private school appeared in the Kerby district. The Kerby section had 174 people in college, Monteth 158, and Barnes 147. Total college enrollment for the entire district was 1,280.

Grosse Pointe Woods led the municipalities with 67.6 per cent of their 5-19-year-olds in public school. The City followed with 65.6 per cent. The percentage of children attending parochial school was 35.1 per cent in both

the Park and Harper Woods. The Shores had a higher percentage of youngsters in private school attendance 14.4 per cent than any of the other municipalities. Grosse Pointe Woods had more young people (416) in college than the other districts.

New Families Enumerated  
For the first time in local census experience, new families to the school district were enumerated. Poupard district had the largest number of new families (299) of which 212 were without children and 87 with. Ferry district had the most new families with children (138). Of the total number of new families in the district this year (1,399) there were 798 which had children. Thus there was an average of 2.5 children per new family with 69.3 per cent attending the public schools.

Grosse Pointe Park and Grosse Pointe Woods each had a total of 385 new families. The Woods had the most families with children (292) whereas Harper Woods had the most new families without children (213).

license number. They then went home where they called the city station.

Police called Young and told him their story, and he said he still wanted to prefer charges. However, the charge was changed from breaking and entering to disorderly person. Upon investigating, the police determined that the friend the boys were waiting for did have an identical automobile to that of Young.

## Park Council

(Continued from Page 1)  
are obtained, the council will start all over, although it is their wish to dispose of the trees with the utmost haste.

In other elm tree news, City Manager Stone revealed he had communicated with representatives of the McMillan estate and that they were willing to have the city assume responsibility for the spraying, trimming and removal of elm trees on the estate. The estate will be billed immediately after completion of each individual job.

The council decided to accept the offer.  
It was also revealed that the state survey of elm tree deaths due to blight has not yet revealed its final totals. However, it was noted that 8.8 per cent of the city's private trees are believed to have succumbed.

## Causes Accident On Lake Shore

Shores police officer Leo Carroli arrested a man Saturday, August 7, for entering an intersection without due care and caution and causing an accident.

Charged was Eugene Alfred Peterson, 38, of 161 Dickerson street, Romeo, Mich.

Officer Carroli was driving north on Lake Shore drive when he stopped behind Peterson's black Ford at the Lake Shore-Vernier light. Peterson made a left turn into oncoming traffic and hit a green Tempest.

The Tempest was driven by Don Leo Phillip, of 938 Dickerson, Detroit.

thing in front of me. I thought it was a farm wagon."

Two Groups of Pigs  
Police believe that two separate groups of pigs ran across the road. The driver of the truck also told police that he applied the brakes on his truck moments before the crash because some pigs "ran in front of me."

A 15-year-old boy in the truck told police that the flames were so hot that no one could get near the wreckage.

The truck driver and Meier tried to get the members of the family out but the gas tank exploded.

Also injured in the crash were Lloyd J. Wooden, 50, the driver; J. Wooden, 78, the driver's father; and Robert Delbridge, 15, all of Byron.

The three are in fair condition in Mason General Hospital. The truck was carrying two horses which had participated in a pulling contest early in the day at the Ingham County Fair, in Mason.

A requiem mass was held Tuesday, August 10, in St. James Catholic Church, Mason, for Mrs. Meier and the three children. Burial was in Maple Grove Cemetery.

### BOY INJURES LEG

At the request of Mrs. Alma Green of 972 Blairmoor, Woods police conveyed her son, Richard, 8, to St. John Hospital for treatment of a very severe gash to his left leg. The mother said her son suffered the injury while playing in the yard at 955 Canterbury, and falling on a lawn sprinkler.

## Thieves Visit Boat at Club

Theft of a TV set valued at \$200 which was taken from a boat moored at the Grosse Pointe Yacht Club was reported to Shores police on Thursday, August 5.

The complainant, Mrs. Byron Nichols, of 95 Tonnancour place, told police that the larceny occurred either August 1 or 2.

Mrs. Nichols and her son, Bruce, 15, had come into the station at the request of Lt. George LaForest in regard to some unknown persons having used Bruce's name for the purpose of entering the club.

Complications concerning this matter arose on August 2 when Bruce boarded his father's boat, the Jay Bee, and found that unknown persons had been aboard. He first noticed a 6-pack of beer open on the deck of the 37' Chris Craft. Also, a lamp had been tied up with its cord as though it were about to be taken off the boat.

Upon further investigation Bruce discovered that the Sony model TV was gone. It was black and enclosed in a plastic case.

Police are still investigating.

**BALL GLOVE STOLEN**  
Mr. Henry Cornille of University place called Farms police on July 9 to notify them that his son's left-handed first baseman's mitt was taken from the handle bars of his bike while it was parked in front of the Grosse Pointe Public Library. The glove which was purchased at Gray's is valued at \$25. The boy's name, Tim Cornille, is written all over it.

**HITS PARKED CAR**  
Farms police received a call about an accident which took place July 7. Archibald Deacon Grieve, of 4025 Hereford, Detroit, was going north on Muir road when he struck a station wagon parked in front of 238 Muir. Damage to the parked car, owned by Peter G. Miller, was \$90; damage to Grieve's auto was \$80. Both parties agreed to let the insurance companies settle.

## Sewer Bids Stun Council

(Continued from Page 1)  
tained plans in the event that the bond issue failed.  
The only solution Jerome could suggest was to revise certain provisions of the proposed contract which hopefully won't affect the ultimate efficiency of the system. He recommended these five revisions:

- 1) Four street diverters (not in the original estimate) to be eliminated from the contract at a savings of approximately \$15,000.
- 2) A 36" storm sewer to run from Jefferson avenue to the lake which would service the area from Jefferson to Maumee avenues on Fisher, Lincoln, and Washington roads, to be deferred until a proposed subdivision is developed later this fall. This will enable the City to share the storm sewer with the subdivision developer, preventing expenditure of about \$13,000.
- 3) A relief sewer north of Charlevoix avenue servicing Grosse Pointe court which is a contingency item and will not be constructed unless results indicate a more definite need. This may eliminate \$25,000 worth of work.
- 4) A contingency provision of \$13,000 for a new sanitary sewer in certain sections of Notre Dame avenue which might be required in the event that the existing house connections are at a level which would interfere with the installation of the relief storm sewer.
- 5) By installing the storm sewer in St. Clair avenue from Maumee avenue north to Charlevoix avenue in the area between the sidewalk and curb (rather than placing it as planned in the street) on the east side of the street approximately \$25,000 will be saved.

**Council Reluctant**  
Council members were reluctant to accept Jerome's recommendations at first, feeling that the adaptations were not in the best interests of the voters who had voted funds for something they might not get.

Jerome suggested that construction could be worked out with the Weissman firm scheduling the five proposed revisions so that they could be included if deemed necessary and funds are available.

Mr. Weissman, who was at the meeting also, and whose company has approximately \$14 million of sewers under construction at the present time, agreed to Jerome's proposal and was quick to offer any cooperation possible.

In addition, Weissman made a suggestion that would amount to a saving of about \$5,220. A difference of \$1 per foot could be had, he said, if jacking process was used on parts of the construction rather than open cut process. He assured the Council that the change would not affect the system adversely.

**Promised to Comply**  
Weissman said that if his company was awarded the contract, he would happily comply with anything the Council desired. He also allowed the right to make revisions as long as they are enumerated before construction on the other items is completed.

With this understanding, the Council voted unanimously to award the contract to Weissman with the right to revise the contract for any or all of the five items.

Construction is slated to begin by September 15.

The Council also considered automation of the pumping station for which bids have not as yet been taken.

Jerome, who has been working along with Westinghouse on the project, assured the Council that the \$60,500 which his company has estimated is fairly reliable.

**Can Ask for Grant**

He also notified the Council that the City is eligible to apply for a grant which was explained in a letter from the Michigan Water Commission. Under a federal water control grant, Michigan has been allotted \$2,950,000, and the City's pumping station evidently falls under the conditions required for application.

Jerome suggested that the Council approve a motion to apply for the funds, as the application must be on file by September 15. He said that the Commission's decision would be made known the end of October. There was some protest, especially from Councilman Walter G. Huber who said, "We are tending to look on the bright side of things and now we're in a hole, especially depending on the grant."

**Must Feel Way**

Mayor David E. Burgess felt that the Council would be acting in worse faith if it did not go ahead, however, especially in view of Weissman's assertions. "We'll have to feel our way on the whole thing," he said, emphasizing that further delay would certainly not be in the best interests of the City.

The motion to apply for the grant was unanimously passed. Thus, work can finally begin and the possibility of court action against the City by the Michigan State Board of Health can be eliminated.

## Thief Gets Set Of Golf Clubs

A set of golf clubs was stolen from a station wagon owned by Robert M. Harris, of 280 Ridgemont road, he reported to Farms police Friday, August 6. Mr. Harris reported that the Gary Player clubs, including four woods, nine irons, and a putter, was taken sometime after August 4. They were contained in a gray canvas bag trimmed with brown leather.

## Waldron Blasts Pointe Senator

Wayne County Republican Chairman Robert E. Waldron has blasted Senate Tax Committee Chairman, State Senator George S. Fitzgerald (D-Grosse Pointe Park) for gross neglect of his elected responsibilities for fear of jeopardizing his reelection chances next year.

Fitzgerald said that he doubts that there will be any action this year or next on any major part of a comprehensive fiscal reform program.

Growing disagreement among Democratic Senators about the wisdom of returning to Lansing this fall to discuss tax reform and the possibility of a state-wide income tax seems to be at the heart of a current move among Democrats to cancel such a session.

Waldron, not often moved to anger, stated that, "under Governor Romney's sound leadership during the past 2 1/2 years, Michigan has balanced its budget and established fiscal responsibility. Now Fitzgerald and other Democrats want to rob our State of its hard-won fiscal integrity by waiting to cope with tax reform till we slide way back into the red again. If we drift back into decline this way, we'll lose important business and we certainly won't continue company expansion creating new jobs the way we've been doing recently."

"It's particularly reprehensible," continued Waldron, "that of all people, Fitzgerald, who is the Senate tax committee chairman, should drag his feet on tax reform. This is amazing right now when there is more public understanding on the subject than ever before; more civic and government groups have joined the bandwagon than anyone ever expected. Why, then, are Democrat leaders stalling?"

"Republicans stand ready to attack this problem immediately. We realize that tax reform is needed now in order to retain long range fiscal integrity. We await word from the majority Democrats that they are ready to face up to this responsibility NOW," Waldron concluded.

## Stopped Vehicle Struck in Rear

Katherine Alpert, of 311 Beaupre avenue, stated to Woods police Sunday, August 1, that while she was southbound on Mack avenue awaiting a traffic signal change at Bourne-mouth road, her vehicle was struck in the rear by a car driven by Joyce Jean Heleski, of 1395 Hampton road.

Mrs. Heleski confirmed the statement and added that when she applied her brakes for the stop, her car went into a skid, and she was unable to halt in time to avoid a collision.

## Physically Handicapped Enjoy Weekend at Camp

Twenty thrilled children, plus counselors and advisers, spent a weekend at Camp Rotary. The children, ages 5 to 18, were physically handicapped students at the School for Exceptional Children. The counselors were volunteer high school girls, age 14 years and up. The advisers were the staff at the school, plus a few husbands. The camp, located at 29 Mile road and North avenue, is a Boy Scout camp run by the Mt. Clemens Rotary Club.

This is the second summer for the overnight campout. Last year it was for one night, this year for the entire weekend. The program for the weekend was a regular camp program including flag ceremonies, campfires, hikes, and camp crafts.

Highlight of the weekend was a talk by a camp ranger who also took the students around the camp in a trailer. A second big feature of the weekend stay was a fishing excursion one of the men conducted. He caught a rock bass and the children took turns "reaching" the fish.

Students on the trip included Pamela Buhler, Peter Burgess, Mary Pearce, Bill Stanko, Steven Roberts, Joel Steinbeck, Juanita Burlinson, Ellen Powell, Wendy Cope, Lucy Coccione.

More were Jack Hendricks, Laurie Schewe, Jimmy Schoenher, Gregory Ignasiak, David Tapert, Jim Dunn, Pamela Stefani, Tony Craig, Tom Lynch, and Roger Soltyz.

Each of the volunteers chose one child for whom to be responsible for the entire weekend. Volunteers who went were Mary Lynch, Ruth Malcolm, Posey Lundy, Dawn Lynch, Sandy Nankervis, Cheryl Lynch, Patti Steele, Mary Bruno, Molly Drake, Cynde McGurk, Laurie Suty, Karen Eland, Marcy Robertson, Cyndi Bain, Charlotte Bacon, Patsy Beeds, Debby Less, Christ Clinton, Cheryl Heide, and Linda Anderson.

Also along for the weekend was Nancy Thomas, guest of one of the volunteers, herself crippled and confined to crutches and a wheelchair.

Staff members accompanying the group were Bernice Nankervis and Mr. Nankervis, Linda Anderson, Baisch and Mr. Baisch, Ruth Govostes (affectionately known as Miss Hall by the students, who find it difficult to pronounce her name), Sue Parske, and Chris Thomas.

Miss Hall noted that when parents arrived at the camp Sunday afternoon to drive their children home, none wanted to leave, as was indicated verbally or by insistent tugging of sleeves.

It was also remarked that 101 high school students have worked regularly this summer at least once a week during the six-week summer session. They come from 25 high schools in the area. Sixty other students have worked at least one day at the school.

## New Fire Engine History Recalled

Thanks to Clarence C. Woodard, of 555 Briarcliff drive, we have the word on the history of the Woods' new Pitman Snorkel fire engine which is just about ready to be put into operation. Mr. Woodard, an historical buff, clipped and saved Mark Belaire's column from The Free Press, "The Town Crier," when Detroit obtained its Snorkel a few months back.

Belaire, a Pointe resident and himself a fire buff, is a member of Box 12, an organization of prominent citizens especially interested in fires and everything pertaining thereto. A number of Detroit Fire Commissioners have been recruited from the ranks of the organization.

First used commercially for street lighting and tree trimming, the Snorkel switched to firefighting in 1959 in Chicago.

And just how did the name Snorkel come about? An affectionate Chicago fire chief pointed to the title when he said that the numerous connections in the basket made him think of a Navy snorkel.

Reports were quick to pick up the nickname. Said one, according to Belaire, "I thought a snorkel operated only under water." And a fireman who'd just stepped dripping wet out of the basket answered: "Just where the hell do you think we've been for the past two hours?"

The Snorkel has unique advantages. The basket can be raised, lowered, and positioned by a single hydraulic control which is similar to that in an airplane. The Snorkel is capable of swinging in a 360-degree circle.

In an emergency, the basket can be manned by one person, although it can hold six. Other features of the basket are connections for air, a device that sprays water from beneath if flames are darting too close for comfort, and a microphone that maintains communication with the ground.

The apparatus is especially suited to rescue work, and its peculiar talents will be helpful to Pointe firemen in many situations to which the present equipment is ill-adapted.

**MAILBOX RUINED**  
Woods police, investigating a complaint made by Ralph Forney, 64, of 1423 Torrey road, that someone had ripped off his house mailbox, and flattened it, discovered that the box had been blown off the house by a firecracker. The vandals apparently stomped on the box while it was on the ground.

## Woods Police Tag Motorist

Walter C. Wagner, Jr., 18, of 17737 College, Detroit, was cutting lanes and driving over private property to avoid stopping for a traffic light on Saturday, July 17, and was arrested by Woods police. He failed to produce an operator's license and was taken to the station.

Patrolman John Bergen said that he was stopped at Vernier road and Mack avenue, when he observed Wagner cutting across the traffic lanes on Mack, at about 5:15 p.m., and driving through private property to avoid the red light at the intersection. Wagner was stopped by the officer just a few feet from the light.

Bergen said that he asked Wagner for his operator's license, and the motorist was unable to produce it. Wagner was taken to the station. A teletype was sent to Lansing, and the return answer disclosed that Wagner's license was neither expired, suspended nor revoked.

Bergen gave Wagner a violation ticket for not having his license in his possession. The motorist was released on posting of \$25 bond, pending the court appearance.

**NAIL IN FOOT**  
City police Officer Erskine took David Kleefus, 199 Ridgemont road, to Bon Secours Hospital Wednesday, August 4, after he stepped on a nail in The Village.

## Passing Driver Douses Car Fire

Farms police and firemen received a call to Manor and Mack avenues on Saturday, August 7, on the report that a car was on fire.

They found a '57 Oldsmobile owned by Robert Garbesi, of 744 Notre Dame avenue, burning. A passing motorist, Maurice Van Coillie, of 20923 Sunnyside, St. Clair Shores, put out the fire with a car extinguisher.

The car was towed to a service station. Assistant Watson and Ettinger piped.

## Believes Vandal Damaged Tires

In a delayed report to City police Friday, August 6, Mrs. Meredith Mae Boccia, 388 Lincoln road, said that she believed her car had been vandalized. She had had the air go out of one tire on her car, and two days later the air in another tire went out. When she had it fixed, the attendant told her that the tires had been pierced by some sharp object, apparently an ice pick.

The tires are valued at \$54. The exact date of the vandalism was unknown.

**STOLEN BICYCLE**  
Mrs. Barbara Gebula, 1422 Maryland road, reported to Park police Monday, August 2, that a bicycle had been stolen from the porch at her home.

## Ignored Light Causes Crash

Andrew Abo, 77, of 171 Muir road, ignored a red light at Charlevoix avenue and Cadeux road Saturday, July 31, and caused an accident, involving two minor injuries.

Abo was heading east on Charlevoix when he went through the red light at the intersection and struck a car driven by Donald Alfred Morkin, 38, 12919 Dayton, Detroit. Morkin had a green light.

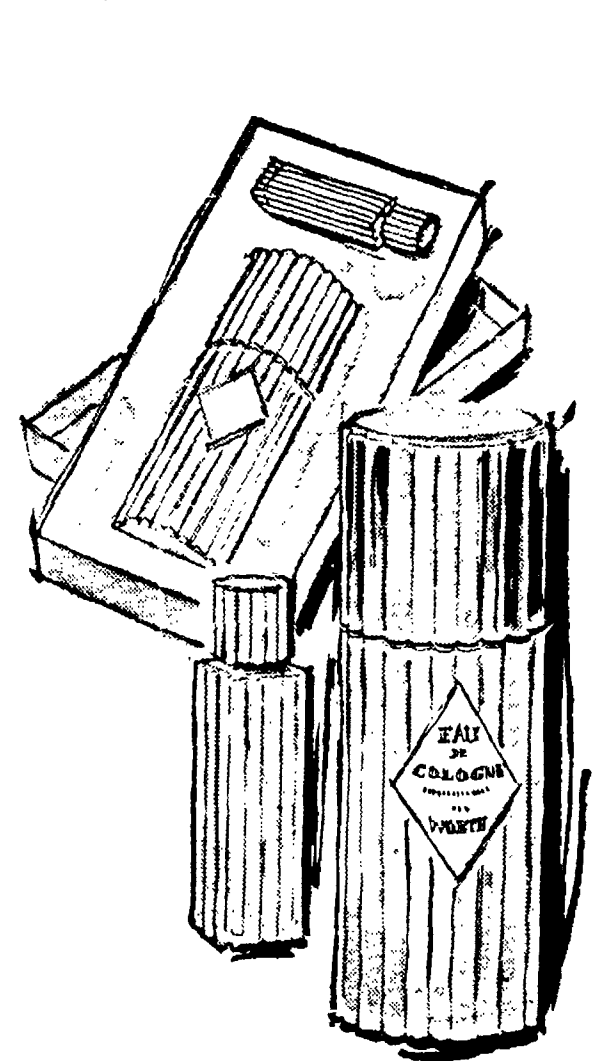

Witnessing the incident was Albert Cooper, 316 Stephens road, Grosse Pointe Farms.

Both Morkin and his passenger, Joseph Weisner, 32, 4343 Cadeux road, Detroit, were injured and taken to Bon Secours Hospital. Morkin was treated for an injured neck and released while Weisner had suffered a bump on the back of his head. He was also treated and released.

Abo was charged with disobeying a stop signal.

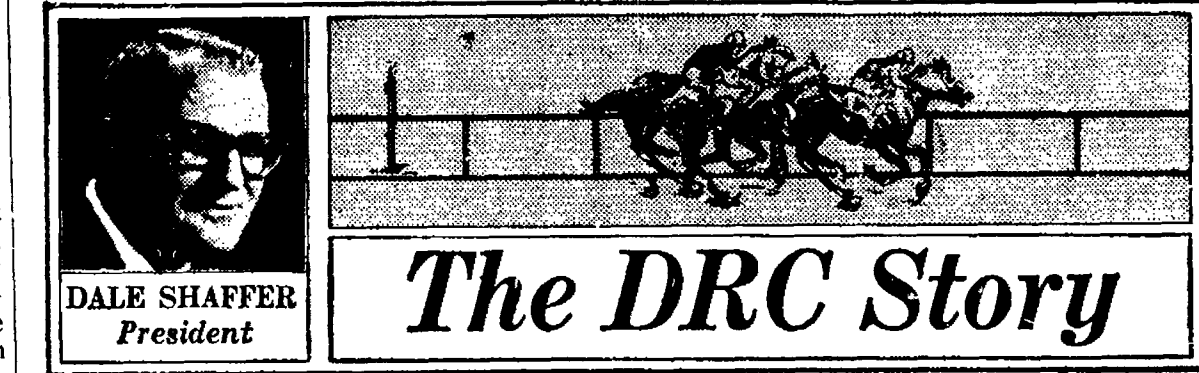

**BIKE IMPOUNDED**  
While cruising in an alley at the rear of Mack and McKinley, two Farms patrolmen noticed a self made motor bike being driven without lights. The driver had stopped the bike by running into a fence. The driver Karl Alfred Kasner, 24, of Detroit, was issued a violation. He had never acquired an operator's license and had no license plate. Mrs. Kasner was called and she came to the station to pick up her son. The bike was impounded.

## The DRC Story

### LIPSTICK SMEARS and THE SUSPICIOUS WIFE

Confucius and Shakespeare were Horse Players.

But it doesn't take a Chinese philosopher or an English poet to spell out the dangers of the Husband who goes home from the race track with lipstick smears on his collar or cheek.

It is a tell-tale mark. The translation is easy for any Suspicious Wife. The explanation is very difficult for the Branded One.

If you find yourself in this predicament, I wouldn't suggest saying you were kissed by one of the horses running at the Detroit Race Course. But you might interest the Suspicious Wife in the lips of our thoroughbreds. There is something special about them.

The fields for our nine race program Monday-through-Friday and the big 10 race card on Saturdays are drawn from the 1,500 horses stabled on our grounds. Every one of these thoroughbreds has a LIP TATTOO.

It is far more meaningful than the Hearts-and-Daggers, the Slithering Snake or the Dancing Girl Tattoo on the arms or chest of the old time sailor or carnival character.

The Lip Tattoo is a safeguard taken for the Fan's protection, and to increase your racing pleasure at DRC. It is a means of quick and positive identification of every thoroughbred. It is as foolproof as fingerprinting among people.

The Lip Tattoo consists of a letter designating the year of the horse's birth and four digits of his Jockey Club registration number.

ber. The tattoo is on the inside of the horse's upper lip.

The Lip Tattoo is one of the multiple steps taken by the 50 major tracks in the United States and Canada which are members of the Thoroughbred Racing Association and its Racing Protective Bureau, to safeguard the sport and guarantee its high level conduct.

The Detroit Race Course is the only Michigan track which belongs to the TRA.

Our constant and continuing aim at the DRC is to provide the finest in facilities and the best in racing for your entertainment and pleasure.

We have a new \$3,000,000 clubhouse, which will open soon; excellent dining facilities in our Mile Terrace and Silk Room; a pleasant and relaxing atmosphere in our spacious bars; parking for 12,000 cars, with Valet service for those who desire it; a new paddock and Walking Ring that has the horses in view of the spectators at all times; Express Lines in our betting areas; and a new entrance off Inkster Road, which speeds the flow of traffic.

It adds up to A Package of Pleasure... and one of the real bargains in entertainment. Our General Admission is only \$1.

Racing is finer and more fun at the DRC. Come out soon and visit us.

## Senior Men's Club Very Busy

Members of the Senior Men's Club of Grosse Pointe have been enjoying an active summer. The group, which holds its regular Tuesday meetings in the War Memorial Center, gathered on August 3 and 10 in the Michigan Consolidated Gas Company Hospitality Center in The Village, while the Memorial Center was closed for the annual summer refurbishing.

The Bridge Sub-Club held two meetings during July. On July 6 a total of 40 players participated. Winners included: Bob McDonald, Kenneth Lander, Jim Steep, Lee Thibodeau, Lou Offer and Grove Campbell.

Twenty-nine players were present on July 29 and the winners were: Herman Joos, Oscar Richards, Ed Suits, Nicj Aagesen, E.O. Brady and Russell Nears.

The Cribbage players meet on Wednesdays at the War Memorial, with luncheon at noon and play starting at 12:30. The top 10 of those playing 50 percent or more of the games for the first 18 sessions of this semester include: Ed Ulrich, Homer Marson, Walter Rohr, Pedan Meikle, Bill Cook, Rube Fielder, Henry Toenjes, Mack Monroe and Herb Siewert.

William Frame, 487 Bourne-mouth road, pled not guilty to charges of disobeying a stop signal. He was found guilty and paid a \$10 fine.

Pleading not guilty to a charge of obstructing traffic at an intersection was Malinda Jacobs, 4285 Sturtevant, Detroit. She was found guilty and fined \$5.

Daniel Beal, 1263 Heyden, posted a \$100 May 25 for driving without a license, and did not show up for his court date, set for Wednesday night. The bond was forfeited. He was supposed to have gone to California and apparently never returned.

Four names were sent to Lansing for failing to answer summons to the court session. Also seven warrants were issued.

Largest player on the Central Michigan University pre-season football roster is sophomore tackle Bill Sinkule who checks in at 262 pounds.

## Store Window Broken by Boys

The manager of Jacobson's Home Decorating store, 17141 Kercheval avenue, called City police Monday, August 2, to report boys with BB guns at the rear door of the shop.

Officer Lanski was dispatched to the scene and apprehended one juvenile at the rear of 647 Neff road. The boy was taken into the station where he involved two other Grosse Pointe juveniles.

The boys' mothers were called and the boys were taken into the station. Their mothers were told to contact the manager at Jacobson's regarding cost of damages. A 74"x68" window was broken.

The boys' slingshots, rather than BB guns as had been assumed, were confiscated.

The first person to fly across the English Channel was Louis Bleriot, who made the flight on July 25, 1909.

## Center Offers Movie Classics

The Grosse Pointe War Memorial Association is rounding off its season of summer film repertoire with the presentation of Rogers and Hammerstein's "Carousel" on Tuesday evening, August 17, and Jerome Kern's "Showboat" on Tuesday, August 24. Show time is 8 o'clock.

This trial series of great musicals has been well received. Patrons of the Memorial find it pleasant to meet their neighbors in the formal gardens, listen to

the sound of fountains, and then enjoy the tuneful shows in the air-conditioned comfort of the little theater.

Intermissions between acts seem welcome. Coffee may be enjoyed while one inspects the art on exhibit in the lobby or

folks can chat and enjoy a smoke as they stroll on the terrace by the lake.

Tickets for the last two offerings may be purchased by Grosse Pointe patrons in the Center's office in advance for \$1.25 or at the door for \$1.50.

The Grosse Pointe War Memorial Association is rounding off its season of summer film repertoire with the presentation of Rogers and Hammerstein's "Carousel" on Tuesday evening, August 17, and Jerome Kern's "Showboat" on Tuesday, August 24. Show time is 8 o'clock.

This trial series of great musicals has been well received. Patrons of the Memorial find it pleasant to meet their neighbors in the formal gardens, listen to

the sound of fountains, and then enjoy the tuneful shows in the air-conditioned comfort of the little theater.

Intermissions between acts seem welcome. Coffee may be enjoyed while one inspects the art on exhibit in the lobby or

folks can chat and enjoy a smoke as they stroll on the terrace by the lake.

Tickets for the last two offerings may be purchased by Grosse Pointe patrons in the Center's office in advance for \$1.25 or at the door for \$1.50.

**OKAY ASSESSMENT**  
At its regular meeting held on Monday, July 12, the Park council approved payment of \$56, a Michigan Municipal League Special Assessment, as the city's contribution to take care of expenses for the 41st American Municipal Congress Convention to be held in Detroit on July 24 through July 28. The assessment is 10 percent of the \$560 annual dues the Park pays to the MML.

## GP Dem Club Officers Meet

New officers and board members of the Grosse Pointe Democratic Club met Wednesday, July 28, at the home of the president, Mrs. Helen Graves, of Buckingham road, for a planning session for fall activities.

Other elected officers include Tom Roach, of Westchester road, Mrs. Norma Matthews, of Cranford lane, and Harold Jinks, of Lakepointe avenue, vice presidents; Perry W. Lewis, of Hunt Club drive, treasurer; Mrs. Pat McGuire, of McMillan road, recording secretary, and Mrs. Lee Hennes, corresponding secretary.

Appointive officers include the following board representatives from each of the five Grosse Pointe communities: George Roumell, of Lakepointe avenue; Phillip Gillis, of Kensington road; Walter Gibbs, of University place; George Craighead, of Lincoln road; Dr. Emanuel Tanay, of Fisher road; Mrs. Mary Sullivan, of Merriweather road; Dr. Ted Fleming, of Anita avenue; Mrs. Carol Miller, of Newcastle road; George Crane, of Moorland drive, and Blair Moody, of Willow Tree lane.

Board members at large are Clifford Crookford, of Lincoln road; John Kenealy, of Meadow lane; Mrs. Mary Remillet, of Mt. Vernon road; Edward Baumann, of Roslyn road, and Mrs. Beverly Tarpinian, of Bishop road.

## Anticipate Jobs For Students

The Clerical & Sales office of the Michigan State Employment Service are now recruiting high school students to register for the expected fall turnover in part time work. A shortage now exists of applicants living in the far northeast section of the city, particularly for those students living in zones 24, 30 and 36.

Most employers of youth under 18 years old insist that the applicants live within the area of the place of employment. Carson Zeiter, Youth Placement Specialist of the Clerical and Sales office says that the biggest outlet for high school students are in retail establishments. Supermarket and drug stores employ the bulk of them.

The Michigan State Labor Law establishes an average 8 hour day, 6 day week, with a maximum combined school and work week of 48 hours for minors under 18 years old. This means that they can actually be on the job for an average of 15 to 20 hours a week. The youths must be at least 16 years old and have a Social Security card to register. Juniors in high school are in particular demand.

Youths who are interested and who live in the above zones should register at 1145 Griswold, 2nd floor. The hours are 8:30 a.m. to 4:00 p.m., Monday through Friday. Employers with job openings for these youths should call Mr. Zeiter at 222-1879.

## Wallets Emptied At Farms Pier

Farms police were called to 23 McKinley place on Friday, August 6, to get a stolen money report.

Dr. Donald Hogan, of the McKinley address, told police that he and a visiting friend, Robert Benitez, of 4343 Autumn court, Charlotte, N. C., had placed their wallets in the bottom of a beach bag while their families went swimming at the Farms pier. They left the bag near a picnic table.

When they returned they found their wallets on top of the bag, money missing. Dr. Hogan lost \$10 and Mr. Benitez, \$37.

## Two Cars Tangle At Intersection

John Sullivan, 57, of 881 Washington road, was charged by Park police Tuesday, August 3, with failing to yield the right of way when he caused an accident at Waterloo avenue and Washington.

Sullivan was heading south on Washington and stopped at the stop sign at Waterloo. He started up, failing to see a car driven by Helen D. Mings, 1417 West Euclid, Detroit, approaching from the west on Waterloo.

Sullivan struck Mrs. Mings' car in the left fender, which caused him to veer off and hit a fire plug and go over part of a lawn. His car was damaged on the right side and front end. Paint was scraped on the fire hydrant and there were tire marks on the grass.

Mrs. Mings' left front fender was damaged.

No one was injured.

## Skids 76 Feet; Rams Into Tree

Robert W. Redlin, 20, of 51 Lochmoor boulevard, apparently traveling at a high rate of speed early Friday morning, August 6, hit the island and skidded 76 feet, striking a tree in front of 1087 Lochmoor.

Suffering abrasions, Redlin was taken to St. John's Hospital and released soon afterwards.

A little reflection will bring to light the things that have kept you down in the dumps.

## Youth Arrested On Sex Charge

A 17-year-old Grosse Pointe Park youth was arrested by Park police Tuesday, July 27, on charges of indecent exposure.

Richard Kuhn, of 1306 Beaconsfield avenue, was arrested at his residence after police were called by the complainant in the case.

Kuhn was arraigned on a state warrant and appeared before Judge C. Joseph Belanger. He pled guilty as charged and a \$500 cash bond was ordered by Judge Belanger. The case was bound over to the circuit court for trial.

He was previously arrested by Grosse Pointe Park police on a similar charge. That case is now before the circuit court.

Kuhn is being examined by a psychiatrist.

## New Patrolman Hired in Shores

Shores police have announced the addition of a new patrolman to the force.

Thomas Dettmer, 25, of 1760 Hampton road, began work Monday, August 9.

A former bookkeeper, he graduated from Grosse Pointe High School. He is unmarried.

## GUEST CUTS TOE

City police officers William Plumb and Richard Clarke took Phil Guicheleau, 24, 7675 East Joy road, Ann Arbor, to Bon Secours Hospital Saturday July 24 for treatment of a toe he cut while at the City park.

## Extinguish Fire In Park Garage

Park firemen spent nearly an hour Tuesday, August 3, extinguishing a fire at 1314 Yorkshire road, in a garage owned by Maire McHenry. Flames had broken through the roof by the time firemen arrived at the scene.

In order to gain entrance, firemen had to remove panels from the garage door as springs at the top of the door had burned away and they could not get the door open.

Cause of the blaze was unknown.

## School Custodian Reports Robbery

Grosse Pointe Board of Education employe Art Colby, 1054 Maryland avenue, reported to Park police Tuesday, August 3, that he had been robbed of \$28 that morning.

While working at the Trombly School, he had hung his trousers in the custodian's room at 7:50 a.m. When he returned at noon, the wallet in one of his pockets was gone, and with it the \$28.

The empty wallet was located out in the hall.

By Anne Boynton  
An hour and a half of telephoning, including calls to the Grosse Ile Yacht Club and its commodore who lives heaven knows where; to numerous Pointe wives who hopefully would divulge their husbands' office phone numbers; and to George Van, sports writer at the Detroit News, produced only an hour and a half of frustration on the part of this reporter whose knowledge of sailing extends only to the equivalent of three weeks lessons. Seems the man who answered at the Yacht Club knows nothing about sailing (we're in the same boat, but perhaps we're on the wrong tack), the commodore and numerous Pointe ladies were not home, and Mr. Van was on vacation. **ONE helpful bit of info about the Grosse Ile Yacht Club Regatta last week-end (yes, that's what this article is supposed to be about) did wend its way over the line. Mrs. Henry Burkard informed us that the Regatta actually consists of five races: the Saturday's race, the jaunt from Grosse Ile to Put-in-Bay, and three races at the Bay. A trophy will be awarded after the final race which was over yesterday. And although we have no right mentioning a single winner when the others will probably not appear in print, we must take exception in this case. Mr. Burkard was the overall winner in the race to the Bay!**

**Johnny Grace Plays Golf With Pro Career in Mind**  
By Mike Granger  
The game of golf, to the average fan, can mean another frustrating weekend on the course, but to 17-year-old Johnny Grace golf means a career.

**Confidently, Johnny stated, "Someday, I hope to be a pro. I eat the right foods, plenty of meat and vegetables, and lift weights."**

**Grace began playing golf shortly after his parents moved to Grosse Pointe from Texas, six years ago. Playing at the Detroit Golf Club, Grace recalls a score somewhere over 120. More important, though, was the fact that he found the game "interesting and challenging."**

**In the years since his first attempt, 45 strokes have been chopped off his score. Greatly**

**gratulations!**

**Gary Player is Johnny's idol. Player, like Grace, stands 5'7", but he admires Player for his "clean living" and for what he has done for the game itself.**

**Following his recent U.S. Open victory, Player turned over \$20,000 of his winnings for the development of junior golf in the country.**

His most memorable event was not this hole-in-one, but did occur at the Golf Club. In the district last year, Grace hit a 40-footer at the eighteenth hole, which enabled him to qualify for the finals at Green.

In the latter part of August, John had the opportunity to display his skill with Ken Venner, then the U.S. Open winner. "He gave me a few tips," Johnny commented.

Gary Player is Johnny's idol. Player, like Grace, stands 5'7", but he admires Player for his "clean living" and for what he has done for the game itself. Following his recent U.S. Open victory, Player turned over \$20,000 of his winnings for the development of junior golf in the country.

## Lochmoor Swimmers Take Inter-Club Crown

By Mike Granger

This was the meet that was, and for the Lochmoor swimmers, August 8 was the BIG DAY. Competing against eleven other clubs, Lochmoor tallied 380 points to edge Western Golf Club by a slim five points, thus gaining the Inter-Club Championship Title.

Going into the final event, the Boys 200 Meter Medley Relay, Lochmoor owned a seven-point lead over Western. After the first two legs of the event, the backstroke and breaststroke, Western was leading the race and Lochmoor was in sixth. But, a brilliant butterfly effort by Jim Godin, and John Hoffman's free style output preserved the victory for Lochmoor.

Of the eight relays, Lochmoor captured three, establishing two new records.

Getting things started were the Girls 100 M. Medley Relay and the quartet of Laurie Simon, Lisa Beckenhauer, Mary Ambrose, and Mary Klein. Their winning time was 1:07.2, breaking Grosse Ile's record of 1:09.3. In second place were a quartet from Oakland Hills, a full 34 seconds behind Lochmoor.

In the Girls 200 M. Freestyle Relay, Pinky Sinclair, Cheryl Gardner, Kitty Wilkins, and Miss Beckenhauer erased the five year record of the Detroit Boat Club foursome, Lochmoor's time of 2:04.9 was four seconds ahead of the Country Club of Detroit, second place finishers.

The Girls 100 M. Medley Relay—10 & Under—surprised a Dearborn foursome by the narrowest of margins, 1 of a second. Making up the relay were Carolyn Wood, Lucy Moran, Carron Promack, and Janet Zuscovitch.

In the Boys 10 & Under Relay, the combination of D. J. Godin, Gary Hoffman, Bobby Ambrose, and Mark Promack finished second to Dearborn. Two other boys relays finished fourth.

The 11-12 Girls pulled off a couple of 1-2 finishes, worth 32 points. Mary Ambrose edged teammate Laurie Simon in the backstroke, while Little Lisa turned the trick on Miss Ambrose in the freestyle race. In the preliminary round, Lisa was timed at 30.2, a new record. In the final, Lisa added three gold medals to her beautiful collection of blue ribbons.

The only other Gold Medalist was Jim Godin. And if their was an award for the most improved swimmer in the Inter-

Club League, Jim would win it without any trouble. Under the guidance of Coach Roy Pouliot, Godin won his backstroke race, finished fourth in the freestyle, plus turning in his excellent butterfly performance in the final relay. Jim will be an important asset to Grosse Pointe High School's swimming team.

In the backstroke race, John Walters collected a third.

Cheryl Gardner completed her Inter-Club career on a high note. In addition to her relay triumph, she took home a second in the freestyle and a third in the butterfly. Sue Stuckey beat her in both races.

Kitty Wilkins had quite a day for herself. She finished second to Country Club's Sandy Haass in the freestyle, and placed fourth in the backstroke.

In the 10 & Under backstroke races, Carron Promack and D.J. Godin notched back-to-back fifth places.

Pinky Sinclair grabbed a fourth in a backstroke race, while Susy Heholt claimed a third in the 8 & Under freestyle and Big Brother Tommy tied for fourth in his 11-12 freestyle race.

The Country Club of Detroit finished eighth. In addition to Sandy Haass's conquest, Hank Kuhnman, 8, won a gold medal, and the freestyle relay finished behind Lochmoor.

The Grosse Pointe Yacht Club finished last with 113 points.

## City Captures Diving Meet

Results of the Grosse Pointe Inter-City Diving Meet are in and the Grosse Pointe City tankers have emerged as the victors in the seventh annual affair.

Winning the junior boys competition was Shores diver Ray Johnson with 20.2 points. Cathy Marcopulus, of the City, won the junior girls contest with 28.24 points.

In the intermediate class, Guy Willets of the City triumphed in the boys division with 29.42 points and Cynthia Hassig, a Farms diver, scored 24.3 points for a victory.

The senior boy winner was the Woods diver, Don Forsyth, with 36.43 points. No senior girls competed.

Final score for the competition held Saturday, July 24, was the City, 17 points; Farms, 14 points; Shores, 7 points; and Woods, 6 points.

Judging were Steve Selander, Debby Davis and Jim Wood. A post-meet diving exhibition was given by Jim Wood of the City and Jim Woods of the Shores.

## Records Broken In Swim Meet

The 18th annual Grosse Pointe Park swimming meet was held Saturday, August 7, at Waterfront Park. Entries for the meet, held under the supervision of Recreation Director Jack Rice, numbered over 85.

Highlights of the meet included a total of 13 new pool records being established in a 25-event program. Park Swim Team coach Pat Richardson attributed the large number of record performances to the conditioning and experience the Park swimmers received in early season dual swim meets.

The dual meets against the City and Shores were held using only swimmers developed by the park coaches. This was done with the goal being to provide as many swimmers as possible a chance to compete and take part in a learning experience.

The value of this program was brought to light in the annual Park swim meet in which the swimmers established more new records than ever before. The Park is expected to make its strongest showing in recent years at the Championships to be held at the Grosse Pointe Shores pool August 14 and 15.

Saturday evening, following the swimming meet, the Journeyman supplied the music for the Park dance. Over 450 people attended this annual affair in spite of poor weather.

## Inter-City Swimming Meet Set for Weekend

All of the Grosse Pointe municipalities were represented on July 21, 1965 at the meeting held at the Grosse Pointe Shores Park to discuss the rules and regulations regarding the inter-city swimming meet to be held at the Shores Park, August 14 and August 15.

Saturday's events will all be preliminary events and all finals will be held Sunday. Because of the number of qualifying heats to be run-off on Saturday, starting time will be 1 p.m. The finals on Sunday will start at 2 p.m.

There will be two heats in each qualifying listed event. Each city is allowed one swimmer in each heat. The fastest swimmer of the two entries is to be placed in the first heat. Place swimmers in each event shall be primarily determined on the basis of time, with the head judge reserving the right and authority to make final decisions determining places in case of duplicate times or conflicts.

The scoring in each final event, with the exception of the relays, will be based on the following 7.5,4.3,2.1. The top five swimmers in each event will receive ribbons. Relay scoring will be as follows: 12, 8,6,4,2.

## Next Move Up to City

No reference to the legal battle between the City of Grosse Pointe and Bon Secours Hospital was made at the City council meeting held Monday, but this was no surprise. It was the first gathering of the councilmen since the hospital obtained a judgment against the city on July 30, and it was not expected any official action would be taken at this public session, which was a special meeting called to hear bids on the \$1.32 million sewer project for which the voters approved a bond issue last spring.

The council also held an executive session Monday night, it is reported. These conclaves, behind closed doors, give the elected officials and administrators an opportunity to discuss matters privately before public action is taken. It can be rather safely speculated that the Bon Secours case was given a bit of an airing during that gathering.

As the situation now stands, the hospital has been told it may proceed with its proposed expansion program which would double its capacity to 320 beds, increase parking areas and add other facilities to the physical plant. This was stipulated in a judgment handed down on July 30 by Circuit Court Judge Joseph A. Moynihan, Jr. This followed an opinion handed down by him on May 24, stating that he considered sections of the City's zoning ordinance, which the City sought to enforce to prevent the proposed expansion, unconstitutional.

With the handing down of the judgment, the law provides that the City be given 20 days thereafter in which to notify the court if it wishes to appeal. If no appeal is made within that time, the case would be closed and the hospital would be in a position to proceed with the expansion. So the City has until August 19 to indicate that it will appeal, and it seems equally safe to surmise that an appeal will be taken.

The law further provides that court can be petitioned for a transcript of the case, and that the court is allowed 90 days in which to furnish such a transcript. The City of Grosse Pointe has already applied for the transcript. After receipt of same, the City will have 60 days in which to file a brief. Thus grind the legal wheels and thus continues the sparring between the municipality and the institution.

The City has scheduled another regular meeting for next Monday night, August 16, and it is presumed that at that time the council will make known its decision to appeal. That may well be the signal for the two sides in the altercation to get together. Up until the most recent developments there has been no real reason for any bargaining. The hospital waited, hopefully, for the court's decisions in its favor. The City waited, equally hopefully, that the rulings would not go against it.

Now that the die is cast, it is to be hoped the two will soon find a common ground on which to arbitrate, and that compromises can be reached which will accomplish the most good for the whole community. It would be a pity to drag out a long legal battle which could last for years and engender untold bitterness.

## What Goes On at Your Library

By Virginia Leonard

Guest Columnist:  
Barbara Harrison.

Summer's casual days often bring out the urge to travel—hidden, submerged or merely forgotten during the cold winter months. Some are privileged to take up this call and wander off to the upper peninsula, the West, Europe or the thousands of fascinating nooks and crannies in our world. For those of us not so lucky to indulge in our every wanderlust whim, I would propose a less expensive, though still stimulating substitute.

Every year, thousands of Americans experience their travel vicariously via short trips to their public library. A library card is all the passport necessary, and a wealth of travel experience is waiting on the shelves for the choosing.

Maritime travel is a good summertime mode of adventure. A SERPENT'S COIL by Farley Mowat describes the wreck and salvage of a freighter while battling tempestuous hurricanes in the North Atlantic. A NIGHT TO REMEMBER by Walter Lord chronicles the disaster of the "unsinkable" Titanic ocean liner. For those who prefer traveling alone, THE GODS WERE KIND by William Willis describes the author's solitary Pacific ocean voyage aboard his handcrafted sailing vessel.

Traveling by air can be just as exciting and sometimes dangerous. RUNAWAY ZERO-EIGHT by Arthur Hailey portrays alarm and peril when both the pilot and co-pilot of a commercial airliner suffer food poisoning on a flight across Canada.

A transcontinental jet flight whose return trip includes a typhoon, a sandstorm and engine failure is dramatized in Rene Pugh's THE LONG HAUL.

The space traveler may want to try Martin Caiden's MAROONED which realistically describes a United States space shot where the astronaut be-

comes orbited without power to return to earth. FIFTH PLANET by Fred Hoyle depicts a race between the European-American and Communist blocs to reach an earth-like planet of another solar system.

Accompanying an expedition is an unusual but interesting travel endeavor. Cool summer fare is Maurice Herzog's account of his French mountain-climbing expedition which scaled ANNAPURNA in 1950, at that time the highest mountain ever conquered. You might prefer the jungle exploits of Arm and Denis as he travels the world ON SAFARI describing his encounters with lions, gorillas, elephants, and even head hunters. In AKU AKU the renowned explorer Thor Heyerdahl guides an expedition to the Pacific Easter Islands to investigate the relics and giant statues left there by an ancient civilization who had mysteriously vanished.

Back to reality. For those actually planning a vacation, the library also can offer aid. The following titles may give you an idea of what's available—THE LOST TOWNS AND CITIES OF AMERICA, by J.B. Humphreys, WONDERFUL PLACES TO TAKE CHILDREN series, EXPLORING OUR NATIONAL PARKS AND MONUMENTS, by Butcher, ENJOY EUROPE BY CAR, by W. J. Dunn and ALL THE BEST IN SCANDINAVIA, by Clark. Though summer is half over, there's still some good traveling weather left. You're welcome to come in and browse.

This is the first of three columns which will be written by Guest Columnists while I am on vacation. My thanks to them for holding down the fort in my absence.

## Police Arrest Drinking Driver

Early in the morning of Saturday, August 7, Shores police officers Donald Fromczak and Lt. George LaForest observed a car proceeding on Lake Shore drive without lights.

In overtaking the green '57 Chevy, the officers noticed it weaving from lane to lane. They stopped the vehicle at 575 Lake Shore drive after some difficulty.

The driver, Claude Carrol Newcomb, 59, of 1602 Lemay, Detroit, had ignored the police car which had all its emergency lights turned on.

Newcomb was arrested and taken to the station. He was charged with violation of the Drunk Motor Law and placed in a cell.

Released later on a payment of a \$100 bond, he will appear in court on August 18.

## Young Car Thief Nabbed in Park

While on patrol Wednesday, August 4, Park Pat. Robert Sayfyrd arrested a 15-year-old Detroit fugitive in possession of a stolen automobile. He was, of course, driving without an operator's license.

The youth was turned over to the Warren Police Department, where the theft occurred.

## Letters to the Editor

Dear Sir:

I would like to bring to your attention to publicize the Resnick and Pepper Bills, as explained by the attached pamphlet.

All people who wish to do what they can to reduce human misery and cruelty will realize, upon a moment's reflection, that kindness to animals and an effort to reduce cruelty to animals is almost a first step toward fostering consideration for the problems of other human beings. This is very simply because an inherently kind and considerate person realizes that pain and misery is not the exclusive property of humans.

It is important that we teach our children and others that it is necessary to start caring now, or else that much more time will pass before important, anti-cruelty legislation is passed. I would personally appreciate your editorial comment in favor of what this pamphlet asks, in hopes that more Grosse Pointers will write Oren Harris and their local congressmen.

The results of your efforts will naturally not be immediately apparent, but they very definitely will materialize.

Sincerely yours,  
ANDREW M. HALL

August 5, 1965

Dear Mr. Edgar:

Your editorial in support of the Bon Secours expansion was indeed no surprise. What came as a surprise, however, were your offensive comments on the character of the Grosse Pointe City councilmen.

The men who served on the council in 1963 were conscientious individuals who, contrary

to your opinion, showed good sense and responsibility in putting the issue before the voters. The "slight majority" you mention was actually more than five percent. These voters, primarily those individuals living in the precincts furthest from Bon Secours, felt that it was not in the best interest of the community to see the hospital double its size. That the council took this into consideration in reaching its decision is not surprising.

I hope, Mr. Edgar, that you are enough of a gentleman to extend an apology to the men who served on the council in 1963.

Sincerely yours,  
Harriet Abbott Huber,  
365 Notre Dame

Jane Ann Sanborn, daughter of Dr. and Mrs. William Edward Sanborn, of Dearborn, and Thomas Benjamin Woodruff, son of Mr. and Mrs. John Stewart Woodruff, of Severn road exchanged marriage vows Saturday evening, August 7.

Dr. John K. Mitchell officiated at the 7 o'clock rites at the First Presbyterian Church of Dearborn.

The bride chose a gown of silk linen. A wide border of Venese lace patterned in a sculptured design edged her sleeves and trimmed her mock bolero bodice. Her Chapel train fell from an Empire waistline.

Venese lace daisies, scattered on her A line skirt, were repeated on her pillbox headpiece. Her bouffant, shoulder length veil was fashioned of silk illusion, and she carried a single white cabbage rose.

## DAC Officers To Go Cruising

Years ago, when Lloyd H. Diehl owned the cruiser, DeeCee, it was an annual event for Detroit Athletic Club officers, board members and past presidents to make a day of it cruising up Lake St. Clair for an afternoon on the water with dinner and the evening to follow at the Old Club.

Now, with the DAC celebrating its 50th anniversary year, the traditional day-long trip is being inaugurated again with the DeeCee, (no longer a

Diehl boat) chartered for the occasion.

Some 28 nautical minded DACers have their fingers crossed, hoping for good weather and fair sailing on Monday, August 16.

They'll go aboard at the Grosse Pointe Yacht Club basin, cruise up the Lake and repeat the formula of the past—dinner at the Old Club and an evening of good fellowship. Frank E. Kenney is this year's DAC president.

## From Another Pointe of View

(Continued from Page 11)

Co-chairmen of the Centennial Committee are Harry H. Wittingham and Paul D. Williams. Bertram deHeus Atwood, present Minister of Memorial Church, is ex-officio chairman, and committee members include Mrs. John G. Garlinghouse, Robert E. McKean, Mrs. Walter E. Pattee, Raymond C. Smith and Renville Wheat.

### Fascinating Facts

Thirteen residents met in the schoolhouse of District Number Two, on Lakeshore road between Kerby and Moran, on September 7, 1865, to adopt the Articles of Association of the Protestant Evangelical Association of Grosse Pointe.

These founders were Edmund A. Brush, Elizabeth Brush, Isaac C. Smith, Julia Ann Smith, M. C. Canfield, D. Bethune Duffield, Mary B. Duffield, Alexander Michie, George Neff, Christina Neff, Rufus M. Kerby, Isabella G. D. Stewart and Alvina S. Lothrop, (all but two of these family names appear as street names in present day Grosse Pointe or Detroit).

Messrs. Brush, Smith, Duffield and Michie and George V. N. Lothrop constituted the Church's first Board of Trustees.

The first Church building was erected at the corner of Kerby and Lakeshore road in 1867; in 1878 it was improved and enlarged.

In 1889, the Association's corporate name was changed to "The Grosse Pointe Protestant Society," and in 1890 The Reverend John Baldwin was installed as first full-time Minister.

"The Little Ivy Covered Church" was built on the site of the present sanctuary in 1894.

The membership voted to become a Presbyterian Church and the Church was renamed Grosse Pointe Presbyterian Church in 1920. In 1925, the name of the Church was changed to The Grosse Pointe Memorial Church and the new Church House was dedicated; on May 15, 1927, the new Church was dedicated.

Dr. Frank Fitt commenced his 27-year term as Minister of Grosse Pointe Memorial Church January 1, 1931. He retired and became Pastor Emeritus September 30, 1958. The Reverend Mr. Atwood became Minister of the Church October 1, 1959.

The new Christian Education Building and the Barbour Chapel, last major "improvements" in Memorial Church's physical plant, were dedicated April 1, 1962.

### A Century Ends, Another Begins

This bare outline of Memorial Church's history is expanded upon, with wit, humor and reverence, in the Centennial Committee's booklet.

It is fascinating reading, of interest to every Pointer, because, to a great extent, the history of the Church during the past 100 years is the history of The Pointe itself, a history of growth and achievement.

"The end of one century is the beginning of another," the Centennial Committee's preface concludes. "The past is important to us, not as a source of self-congratulation if we have done well, but as a guide-book to show us how we can do better in the future."

"It is hoped that this record of our Church history will be a source of inspiration to this and future generations, and that all who read it will have the same pleasure as was experienced, in putting it together, by the 1965 Centennial Committee."

## Newlywed Clarks Travel To Canada

Susan Carol Waggoner Wears Traditional Wedding Gown and Lace Mantilla Veil For Saturday Rites In Memorial Church

Enjoying a Canadian vacation are Mr. and Mrs. Charles Edward Clark, who were married Saturday, in Grosse Pointe Memorial Church.

Reverend Gary R. Gruber officiated at the afternoon service, which was followed by a reception at the Lakeview court home of the bride's parents, Dr. and Mrs. Lyle George Waggoner.

For her wedding, the former Susan Carol Waggoner chose a traditional gown styled with a

Chapel train of white silk organza with lace inserts. She wore her white lace veil mantilla fashion, and carried a cascade of white phalaenopsis orchids and variegated ivy.

In floor length gowns of lime silk linen, banded at the waist with green satin, were the attendants, maid of honor Christine Lange, the bride's cousin, and bridesmaids Mrs. Peter K. Waggoner, Lois Skagerberg, of Ann Arbor, Mary Bennett, of Royal Oak, Barbara Groom, of Arlington, Va., and Kathryn Young.

Their headpieces were lime silk linen bows, and their flowers were cascades of chrysanthemum mums with ivy.

The bridegroom, son of Mr. and Mrs. Charles E. Clark, of Philip street, Detroit, asked Theodore Darany to act as best man.

In the usher corps were

## Slate Luncheon At Lochmoor

"Fashions for Swingers" will be featured at a Lochmoor Club 12:30 o'clock luncheon and fashion show next Thursday, August 19.

Co-hostesses for the party are Mrs. Stanton Crawford, of Littlestone road, and Mrs. Carl Larson, of Putnam place.

The luncheon-fashion show is being presented as part of the festivities in conjunction with Lochmoor's Men's Invitational Golf Tournament.

Peter K. Waggoner, the bride's brother, Robert Clark, Charles Kuechenmeister, George Ellner and David Klaas. David Clark was an honorary usher.

For her daughter's wedding and the reception, Mrs. Waggoner chose a yellow corded silk and lace dress and a yellow chiffon hat. She pinned gold cymbidium orchids to her purse.

Mrs. Clark, the bridegroom's mother, wore a pink and white print ensemble with a matching hat, and a corsage of ivory cymbidium orchids.

The newlyweds will make their home in Ann Arbor while the bridegroom continues his studies at the University of Michigan School of Medicine.

## Center to Hold College Dance

The Crystal Ballroom of the Grosse Pointe War Memorial, known by the younger generation as "The Other Side", will be the setting on Thursday, August 19, of the Annual College send-off, this year to be known as "College a Go-Go" under the chairmanship of John Clarke.

Time is 9 to 12 and it will be a non-date affair with admission just 75 cents.

The party will be part discotheque, and part "live" with the Kake Eaters furnishing the music. Dress will be in keeping with the maturity of the crowd. It will be summer sport coats and slacks for the men, and cotton dresses for the young ladies,—with heels being optional.

The reason for having the party so early is to accommodate those going to tri-mester schools such as the University of Michigan which start the end of August.

All Grosse Pointers of College age are invited to this dance. Those coming must be able to prove they are of college age, and have graduated from a Grosse Pointe area high or prep school.

SUSAN HYKES, daughter of MR. and MRS. PAUL HYKES, of Rivard boulevard, is home for the summer after completing a year of teaching at the Meadowbrook Junior High School, Newton, Mass.

## who, where and whatnot

by whoozit

Thumbing through . . . a collection of poems written during last year's spring school term by local primary grade students, we came upon several we can't resist sharing with our readers:

### IF I COULD BE A BIG FAT RAT

If I could be a big fat rat,  
I wouldn't comb my hair;  
I wouldn't even wash my neck,  
Because no one would care.

If I could be a big fat rat,  
I'd have a lot of fun;  
When two big feet got after me,  
My little four would run.

—Peter Dawson  
Grade Five, Kerby School

### THE TINY ATOM

What is the smallest thing in the land?  
An ant, or a spider, or a small grain of sand?  
Or is it the snowflakes or raindrops that fall?  
Nope! It's the atom, the smallest of all.

Atoms are everywhere, all that's in sight,  
Tables, chairs, and Junior's big kite.  
The trees, the oceans, and the sky so blue,  
Oh! And one other thing, atoms are You!

—Richard Kolb  
Grade Six, Monteith

The following "Cinquains" . . . written by the Poupard fourth graders, offer some revealing glimpses of a child's-eye view of the rest of the family:

### FATHER

Father . . .  
Very strong,  
Working all day,  
Never be without him,  
Dad.

—Frank Setili

### MOTHER

Mother . . .  
Loving, kind,  
Cooks, cares, helps,  
Sleeps late on Saturday—  
Mom.

—George Ryde

### SISTER

Sister . . .  
Bothers me,  
Running, jumping, playing,  
Always tattles on me—  
Sis.

—Dennis Kordich

### BROTHER

Brother . . .  
Nener still—  
Talking, walking, playing,  
Always getting into mischief—  
Trouble.

—Debra Robert

### BABY

Baby . . .  
Wet pants,  
Throwing, crying, messy—  
Always getting into trouble,  
Toddler.

—Debbie Garriss

### PILFERINGS

Little Mary was lying on her back on the floor, singing a popular song. The next time her mother looked in on her, she was lying on her stomach, humming another tune.

"Playing a game, dear?" asked her mother.  
"Yes," was the reply. "I'm a phonograph record, and I just turned myself over."

The best way to make children good is to make them happy.

—Coronet

## Pointer of Interest

The Aristochords: Guitars, (left to right), Gary Haelewyn, Mark Mathes, Dave Williams, Jim Covault; drums, John Wolff; piano, Chuck Silly.

By Janet Mueller

Like, the Kercheval-on-the-Hill parking lot scene was swinging. There were all these people, men, women and children, standing around at the back of the NEWS building. Only a lot of them weren't just standing, exactly . . . they were jiggling, twitching, swaying.

Cars and trucks crept along the alleyway, drivers' heads swivelled. Two tiny towheads, hands over ears, whirled into a spontaneous Romper Room version of the Watusi.

A lady in a blue and white shift, carrying a supermarket shopping bag, broke into several semi-twist steps on her way to her car, caught herself, laughed, deposited her packages, then half-walked, half-danced back to join the crowd clustered around the Aristochords, appearing in impromptu concert in the NEWS backyard.

They Gather Crowds  
This sort of thing happens whenever the Aristochords start to play. First thing they know, they're surrounded by a crowd, and first thing the crowd knows, everybody's dancing.

They play a loud, wild brand of rock 'n' roll with an irresistible beat—"Teenage music," they call it, but judging from the age span in the On-the-Hill crowd, we'd say the Aristochords' appeal is wider than they think.

They're polite and they're serious. They wear their hair medium long and their pants medium tight. They have a \$3,000 investment in instruments and electrical equipment, and they are determined to protect their investment: Their instruments and equipment are beautifully kept and carefully handled.

They're professionals. (translation: They get paid to play—although they play with just as much fervor when they're NOT paid, when they are playing simply for their own or their friends' amusement.)

None is younger than 15 or older than 16; all are students at Grosse Pointe High School.

15-Year-Old Leader  
Mark Mathes, 15-year-old son of Mr. and Mrs. John Mathes, of Allard avenue, is the official Aristochord "leader." His instrument is the rhythm guitar, and he is the group's "lead singer."

He started playing the guitar about eight months ago, found he had a flair for it, began to get together with two friends, 16-year-old Jim Covault, son of the Stanley Covaults, of Littlestone road, and 16-year-old Gary Haelewyn, son of the Rene Haelewyns, of Stanhope road, to work out arrangements.

Jim and Gary were both "old hands" at guitar playing. Jim had been playing the rhythm guitar for a year before he started practicing with Mark. Gary, now the Aristochords' "lead guitar," has six years of playing experience behind him, (he is the one member of the group the others think might have "a real career in music;" his fellow performers rate him as "terrific.")

The three guitarists were soon joined by a drummer, John Wolff, 16, son of Mr. and Mrs. Frank Wolff, of Newcastle road.

Quartet Augmented  
Mark, Jim, Gary and John played together as a quartet for a while, then decided they needed to augment their ensemble. About two months ago, they asked Chuck Silly and Dave Williams to lend their talents to the Aristochords.

Pianist Chuck, 15, is the son of Dr. and Mrs. Robert Silly, of Lakeland avenue, and Dave, 16, is the son of Mr. and Mrs. David D. Williams, of Grosse Pointe boulevard.

None of the boys' parents has objected to their musical "hobby;" as a matter of fact, according to all six Aristochords: "Every parent has been extra-cooperative."

"My parents like me being in a band," Dave Williams says. "My parents think the Aristochords are really good," Jim Covault remarks. "My parents encourage me to practice," Gary Haelewyn explains.

As far as the noise problem is concerned . . . "Well, I've been playing the drums for about five years, so my parents are used to it by now," is John Wolff's comment.

Adults Get Together  
The adults have all met together, talked over their boys' project, recently gave their consent to the purchase of several pieces of new equipment. In return, the Aristochords have given "free" demonstration concerts for their parents and their parents' friends.

The boys practice three times a week, on Tuesdays, Thursdays and Fridays, from 11 in the morning until 4 in the afternoon. ("We take a short break, go out and get something to eat, then come back and play some more.")

They get together in the Mathes' home. "My parents really don't mind the noise, especially now that we've had some jobs," Mark explains. "Then he adds, with a laugh, 'We start practicing AFTER my mother has gone to work!'"

Practice sessions are a good deal of fun in themselves: "People stop on the street, people look in the windows. Kids dance in the driveway next door. It doesn't bother us; we like to see the kids dancing, and the people looking in . . ."

Three weeks after the six Aristochords began to play together, they got their first job. They have since played at private parties and at fraternity parties, at the Chateau Bleu and at private homes.

Wherever they have appeared, they have been well received, by their contemporaries and, after the first shock, (Aristochord music is a shock at first, to unprepared, over-teenage eardrums), by adults.

Most of the money they earn goes into a fund to purchase new microphones, amplifiers and other expensive electrical equipment.

A crowd of admirers, critics and "assistants" seems to follow the Aristochords wherever they go.

Lost Without Jenny  
There's Jenny Williams, "the bass player's sister," who drives the boys and their equipment around, kibbitzes and applauds, is generally available whenever she's needed. "Without Jenny, we'd be lost," the boys agree.

There's Bill Powell. "He does a lot of driving, too, and tells us what's good and what isn't."

There's 17-year-old Larry Demirjian, of St. Clair Shores, who sometimes sings with the group.

Larry and Chuck Silly collaborated on the Aristochords' latest song, ("Our first COMPLETE song; we've had song 'ideas' before, but never a whole original song"), a pulsating number called "Can't You See."

The Aristochords hope to make a record of "Can't You See." As a matter of fact, they

would like to write a lot of songs, make a lot of records. They are realistic about their chances of ending up rich and famous—but they wouldn't turn their backs on the prospect of becoming Teen Age Sensations.

"Sure, we'd like to be famous, make a lot of money," Mark Mathes says. "Who wouldn't?" The Rich-and-Famous Life is a dream, the pot of gold at the end of the rainbow, something that just might happen but probably won't.

All Going to College  
The Aristochords' actual plans are much more down to earth. "We'll perform while we're in high school, and for a year afterwards. Then we'll all go away to college."

They are proud of their music, but self-critical, always trying to play just a little bit better. Friends flow in and out of the Mathes' house all the while Mark, Gary, Dave, Jim, John and Chuck are practicing, and the boys are glad that their friends come, anxious for their criticism.

"They tell us what they think, and we're grateful. After all, there's nothing wrong with criticism; it's the way to get good . . ."

Most of the boys, as individuals, do a bit of fooling around with jazz, but as a group they play nothing but rock 'n' roll.

They see no signs of rock 'n' roll "dying." Mark observes: "I think rock 'n' roll will change; there will be different sounds, like the 'English' sound that came in a few years ago, but there will always be rock 'n' roll. There'll always be a teenage music."

And there'll always be teenagers to play it, groups like the Aristochords, with their wild teenage sounds and their long teenage hair. Haircuts are the main bone of contention between the boys and their parents.

"Our fathers worry more about our hair than about our playing in the band," they claim. "We wear it this way because it is The Style; we don't do it just because we're Aristochords."

"We've all promised to get haircuts before we go back to school."

## Venetian Nights Slated At DYC

Detroit Yacht Club's glamorous summer events, the annual Venetian Nights, are slated for August 13 and 14. The festivities honoring Commodore and Mrs. Wilfred D. Gmeiner on August 14 are a 39-year tradition.

The Commodore's squadron will be anchored in column off the main dock with the flagship, the John Uznises "Evelyn U." at the upstream head of the column aboard which will be Commodore and Mrs. Gmeiner, Vice Commodore and Mrs. George W. Levette and Rear Commodore and Mrs. Duncan James; the Murray Stewarts, the Walter Lingemans the Harold J. Ryans and the Karl von Schwartz.

Other members of the Gmeiner family aboard the Commodore's well-known racing sloop "Apache," anchored astern of the flagship, will be the John Pifes, the Frank Gmeiners, Mrs. Harvey J. Campbell and Doug Gmeiner. Last astern will be the William Sullwold's "Jus-Mi-Bill." Guests aboard will include Past Commodores George A. Naudman, Edwin O. Bodkin, John H. Carter, Howard J. Cook, Alfred F. Steiner, Carl Schweikart, Charles S. Tompkins, Edward H. Zerbe and their wives.

At 2 o'clock, Fleet Captain and Mrs. Norbert V. Taylor aboard Menor Hewitt's "Athena III" will lead the parade of boats. The gaily decorated cruisers and sail yachts will receive the traditional gun salute from the flagship and a salute from Commodores Gmeiner, Levette and James as they pass in review.

Also on board will be Past Commodore and Mrs. George Currutt and Mr. and Mrs. Richard Daley.

Highlight of the afternoon will be the presentation of prizes by Commodore Gmeiner to one skipper from each dock for the "best-dressed" boat and a grand prize for the most beautiful theme of all.

In the evening the Commodore and his lady will host an invitational black-tie cocktail party and dinner in the Harmsworth Room for the DYC flag officers, past commodores, special guests and their ladies.

There'll be dinner in the Main Dining Room and Grill for members and guests followed by dancing to the music of Tommy Baldwin with singer Janice Deanne in the Starlite Circle or Jack Hagan's Dixieland Band at poolside or Phil Girard's Venetian Pipers in the Grill.

Entertainment chairman Warren Lapham and members of his committee are hard at work designing and making decorations to transform the spacious lawns into a setting of Venice. His distaff-side artists' workshop is at the Gray Haven residence of Mrs. Ruth Renold.

The ladies are painting a 35-foot mural of Venetian scenes for the backdrop of Starlite Circle's bandstand, and six-foot high cutouts of gondoliers, bridges and famous landmarks for decor around the dance floor and boardwalk.

Even the dock pilings will be decorated in gay colors. Myriads of tiny lights will gleam overhead.
