THE U.S. SENATE unanimously approved yesterday a billion-dollar military pay raise bill which is more than double the amount requested by President Johnson. The bill was amended earlier in the day to provide free postage to servicemen in South Vietnam or in any other combat zone. The Senate measure would give an 11 percent pay increase across the board, to enlisted men with more than two years service. Officers would get a six percent raise. Adjustment of Senate-House differences and approval of a compromise by Congress and the President could make the pay increases effective starting next month.

A SECOND U.S. JET was shot down by surface-to-air missiles in North Vietnam in less than a month, yesterday. The loss was about 50 miles southwest of the North Vietnam capital of Hanoi. No parachute was seen and the pilot was presumed dead. A retaliatory raid on the missile site was expected. The hit was about 10 miles outside range of the five fixed missile sites ringing Hanoi, indicating that a mobile unit fired the missile. U.S. officials have cautioned that more missile sites may appear in North Vietnam. Soviet and Red Chinese technicians are known to be in North Vietnam, raising the political risks of retaliatory raids.

THE COMBAT-EQUIPPED TROOPS from the California National Guard rolled into the riot torn Watts area of Los Angeles last night as three days of turbulence were climaxed by the first fatality—a 27-year-old deputy sheriff. He had been shot. Three suspects are being interrogated at a sheriff's substation. By this morning, 10 deaths were reported while uncounted thousands of Negroes were looting and burning scores of buildings. The Guard, the 40th armored division, was mobilized to assist hundreds of police and sheriff's deputies overwhelmed by outnumbers and weary from three days of round-the-clock patrols.

Sunday, August 15

THREE DEPUTY SHERIFFS and another who quit his county post two weeks ago charged officers in charge of the Wayne County road patrol Saturday with wholesale fixing of traffic tickets over the last five years. The four said that Sheriff Peter L. Buback and his under sheriff, James Bommarito, have been aware of the situation for more than a year, but have taken no action to stop it. Instead, five members of the road patrol who protested the fixing of tickets they had issued were suddenly transferred to duties at the county jail "for silencing," they charged. Accused of "abetting and protecting" the operation was road patrol Inspector Dan D. Martin. Involved are tickets issued for both moving and parking violations by sheriff's deputies in the unincorporated areas of western Wayne County.

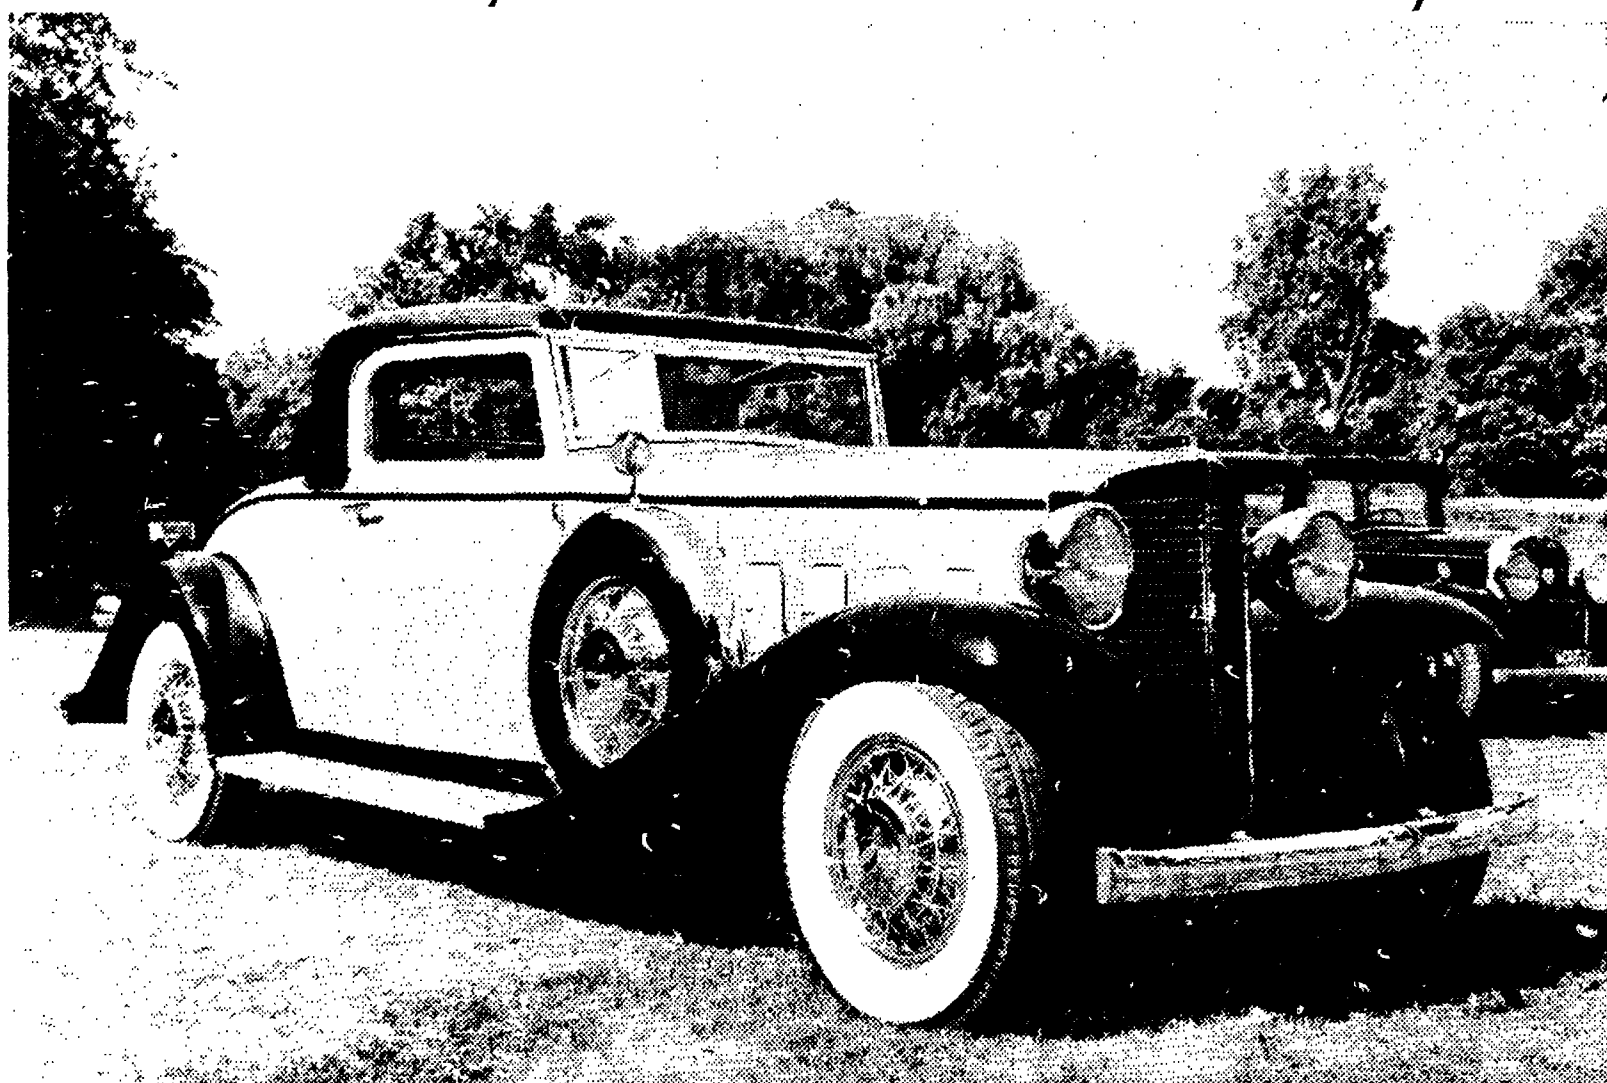

Monday, August 16

A WAYNE COUNTY SHERIFF's deputy said Sunday that he had evidence of widespread illegal gambling in the out-county area. His revelation came a day after he and four other men, three of them deputies, charged the Sheriff's patrol with wholesale ticket fixing. The deputy also said prostitution and official bribery were involved in the growing scandal. In addition he said he had definite evidence of gambling, too. Sheriff Peter L. Buback said he wanted a complete investigation.

Tuesday, August 17

GOV. EDMUND BROWN reported Monday that after six days of rioting and looting in the Negro sector of Los Angeles, it is all over. However, Negroes in the area violently disagreed. Last night a series of sniper incidents brought out police and National Guard units in quick and massive responses. The riot toll has risen to 33 dead and 812 injured.

Pointe Entry Wins Honors at Classic Car Rally

Henry Ford Museum Photo

Dr. Ivor David Harris, of 320 Provencal road, captured the first place award in the early primary production division competition at the Midwest Grand Classic Car Rally held recently at Henry Ford Museum and Greenfield Village in Dearborn. Harris' 1931 Marmon Sports Coupe (above) was one of more

than 100 beautiful luxury cars competing in the event, which is held annually at the Village. The Midwest Grand Classic is co-sponsored by Henry Ford Museum and Greenfield Village and the Classic Car Club of America. Awards are made on the basis of excellence of automobile restoration.

Golfer Gets Hole-in-One Window

Club, Not Ball, Shatters Big Window in News Office; One of Mixed Group Believed Guilty

Someone must have had a mighty powerful backswing to send a golf club 14 feet through an eight-foot-square glass window at the NEWS office on the night of Tuesday, August 10.

Police were notified of the hole-in-one (window) by the doorman at The Bronze Door and two residents of Muir road. They told police they had noticed four boys and three girls strolling on Kercheval avenue about the time that the window was broken.

People at the NEWS were not too impressed with the smashing shot when they received a bill for over \$300 to replace the window.

It is hoped in the future that aspiring golf champions will limit their practice to the more customary courses.

CLOTHING STOLEN

Mrs. Lucille Hertz, of 320 Moran road, called Farms police Tuesday, August 10, to report the following articles of clothing missing from her home. Taken within the last two weeks were a black and white three-piece bathing suit set, size 12, valued at \$50; a black crepe two-piece cocktail dress, size 10, worth \$225; and a size 10 silk print dress, valued at \$135.

Former Pointe Teacher Accused of Sex Offenses

A former teacher of the Grosse Pointe School System was arraigned before Judge Don Goodrow on Thursday, August 12, on a warrant charging him with taking indecent liberties with a child.

Accused of the offense is James N. Bowen, 27, of 4926 Maple, Dearborn, who had resigned his position as a teacher at the Dexter M. Ferry, Jr., School, when the matter first came to light earlier this year. Director of Public Safety Allen Andrews, Jr., said that a warrant was obtained from the Wayne County Prosecutor's Office, on complaint of the parents of a 10-year-old boy, a student at the school. The warrant was served on Bowen and he was taken into custody from his home, and arraigned Thursday evening.

Disposal Authority Studying Best Method of Financing Proposed Incinerator Plant

Will Decide Whether to Raise Funds for Building by Private Enterprises or Revenue Bond; 600-Ton Capacity Edifice Agreed Upon

The Grosse Pointe-Clinton Refuse Disposal Authority has decided to build a 600-ton incinerator plant on its 73-acre site in Clinton Township, and opened bids for such a construction on Tuesday, August 10, but have not awarded a contract for the building pending further study.

According to information released by Authority Manager Murray M. Smith, at a meeting held in the Farms Municipal Building, 90 Kerby road, prior to the opening of the bids, the Authority decided that it would be in the best interest of the partner-communities to build a 600-ton plant.

Smith said that although the bids were opened, the Authority is holding off the awarding of a contract to the lowest bidder, pending further study of a method of financing the construction of the incinerator plant.

Sifting Finance Methods
The two methods under study, are, financing through private enterprise, and financing by revenue bonds issued under the authorization of the Authority. The study will take about two or three weeks, Smith said.

He said that there are some particulars in each method that would be favorable to the Authority, which is comprised of the Park, Farms, City, and Clinton Township.

Under the private method of financing, the incinerator plant will be built and operated by a private firm, with a guarantee of a certain number of tons to be burned each day. The company will operate and maintain

the plant for a period of 20 years, after which the plant will revert to the ownership of the Authority.

The second method is the floating of revenue bonds, under the Authority, to be paid off through revenue realized from the operation of the plant. Smith said.

Under the private method, Smith said, the cost would be 28 cents a ton more than if operated by the Authority, but there are several features under this private method that would offset this extra cost.

Burning Costs Pared
The Authority manager previously disclosed that a 600-ton plant could be operated for less than four dollars a ton, a better refuse burning price than that offered by other incinerator plants in the Detroit area.

Smith said that present plans call for the burning of 510 tons of refuse a day in the proposed plant, with 90 ton capacity held in reserve for future expansion. The 510 tons include the requirements of the Authority partners, he added.

The Authority members will try to sell capacity to other interested communities, within the next month, Smith said. The Woods and the Shores have expressed an interest in acquiring the services of the Authority, he said.

The 73-acre site in Clinton Township is located in Quinn road, between Gratiot avenue and Fourteen and a Half Mile road.

15 Sentenced For Holding Beer Party

Minors Fined, Put on Probation, Ordered to Write Essays on Obeying Law

Sentencing of 15 youths arrested at a beer party on Fisher road June 25, was Tuesday, August 10. The youths, all Grosse Pointe area residents, were among 22 arrested by Grosse Pointe City Police at a party at the home of Dr. Frederick Aumann, 699 Fisher road.

An estimated 20 others fled the scene, where police, summoned by a neighbor's complaint, found beer and wine bottles strewn throughout the home. Susan Aumann, hostess for the party, reported in her testimony at the first trial, Tuesday, July 27, that she had held beer and wine drinking parties on at least one other occasion.

Her parents told Judge Patterson they had never been present for any such parties and had not learned of them.

Seven of the 15 sentenced Tuesday had been tried previously on July 27. The other eight were tried Tuesday night, August 10, and all were found guilty of being minors at a party where beer and wine was served. This is a disorderly person charge.

All Draw Fines

The 15 were fined from \$20 to \$100. Paying fines were Rodrick Wilson, 18, 706 Rivard boulevard; \$50; John Montgomery, 17, 745 University place, \$50; Dana Foucher, 17, 1042 Wayburn, \$35; Thomas Clark, 19, 1289 Torrey road, \$20; Barbara Robrecht, 18, 434 Lincoln road, \$20; Paulette Wernet, 17, 1328 Lakepointe road, \$20; Timothy John McCann, 18, 1974 Severn road, \$20; William Scott Tilly, 17, 1047 Yorkshire road, \$50; Gayle B. Forner, 18, 2105 Van Antwerp, \$30; Ann O. Krist, 18, 2021 Huntington road, \$20; Susan Kretschmar, 18, 2000 Manchester boulevard, \$20; Richard D. White, 19, 1341 North Oxford road, \$20; John M. Chandler, 18, 418 Belanger, \$20; Ronald Keith Angel, 18, 24775 Adlai, East Detroit, \$20; and Susan Aumann, 19, 699 Fisher road, \$100.

The youths were also sentenced by Judge Patterson to three months probation, a 30-day 10 p.m. curfew, and were ordered to copy the laws relating to minors and intoxicating beverages. Each must write a 100 word essay on "Why I Should Obey the Law."

The driver's licenses of the 15 were all turned over to their parents with the exception of Susan Aumann, who had never acquired one.

Elm Disease Toll Worst in History Survey Reveals

Pointe Has Lost 1,873 Trees in Last Five Years; Many More Expected to Be Doomed When Over-worked State Department Reports

There are approximately 27,871 elm trees growing in the Pointe, according to a recent official count, and a desperate attempt is being made to protect these beautiful shade trees, as the worst elm losses in history hit the Pointe area.

Hundreds of publicly-owned and privately-owned elms have been lost to the Pointe in the last five years, with 1965 counting the worst loss in years. It appears that the dread blight, the Dutch Elm Disease, this year any way, is taking an increased toll of the stately shade trees.

The total loss recorded by all of the Pointes for the last five years is 1,873 elms, public and private, with the number expected to increase when the State Agriculture Department completes its analysis of a large number of samples of trees suspected of having the blight. More than four weeks ago the Department conducted a survey in the Pointe, and is swamped with so much work from all over Michigan, that it is finding it difficult to complete the checking of the samples taken from this area.

No Shores Report
For example, the Shores had a large number of samples of suspect trees sent to Lansing for analysis, and not a single report has been received to date. What the total loss will be in the Village, if any, will not be known until the report is received.

These are the reports received from each of the Pointes, regarding their elm losses, this year and the four previous years:

Park—Total number of elms, approximately 6,500, of which about 3,500 are on public property, and about 3,000 on private property.

Admit Damaging 11 School Cars

Evidence concerning damage inflicted to 11 Driver Education cars at Grosse Pointe High School on Saturday, July 31, was turned over to and assessed by High School authorities.

On Monday, August 16, principal Jerry J. Gerich called Farms police to report that restitution for \$100.60 will be made, and the complaint withdrawn.

Two Pointe boys admitted to the destruction. They are Carter W. Hall, of 333 Washington road, and Jeffrey B. Wilson, of 1323 Nottingham road. Hall is 18 and Wilson is 17.

Hall was arrested by City police when residents of Rivard boulevard complained about his speeding on that street. Four sets of air cleaners stolen from the High School cars were found in his car at the time of his arrest.

Because the theft had occurred in the Farms he was turned over to Farms police. He implicated the other youth at that time.

Pointes Receive \$83,471 Of State Highway Funds

The State Highway Department has started distributing second quarter Motor Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.

Howard E. Hill, State Highway Director, said net receipts of the Highway Fund during April, May and June of 1965, amounted to \$52,548,373, an increase of \$3,508,891, or 7.2 percent, compared to the same period in 1964.

Of that total, the five Grosse Pointes received \$83,471. All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.

Grosse Pointe Woods received the largest portion of the five municipalities. It got \$27,506. Next was Grosse Pointe Park, receiving \$22,806. Third

Will Carry Legal Battle To High Court

To Cost Over \$10,000 to Seek Reversal of Opinion Favoring Bon Secours

The city of Grosse Pointe has decided to carry its controversial legal battle with Bon Secours Hospital to the Michigan Supreme Court, in an effort to have a Circuit Court decision granting the hospital the right to expand its facilities, set aside.

At its regular meeting held on Monday, August 16, the City council authorized appropriation of funds to appeal to the State's highest court, to reverse an opinion rendered by Circuit Court Judge Joseph Moynihan, Jr., on July 30, declaring a section of the City's Zoning Ordinance unconstitutional, which blocks the hospital's plans to expand its facilities.

Have Surplus Fund
City Attorney Charles Wright III, told the council that the appeal will cost an estimated \$10,000, and a copy of a transcript of the recent court proceedings, will cost several hundred dollars.

Questioned about where the funds would come from, by one of the citizens attending the public hearing in the matter, Mayor David Burgess referred the question to City Manager John Cantwell, who stated that the City has about \$12,000 in a surplus fund.

The City Council authorized the acquisition of the services of Dean Charles H. King of the Detroit College of Law, to present the City's appeal to the Supreme Court, and to work with the city attorney in preparing the case.

Approximately 60 persons packed the City council chambers during Monday night's hearing. A majority of those attending opposed the hospital's proposed multi-million dollar expansion.

Door Left Open
In answer to a question regarding a possible compromise that might be reached with hospital officials, and what effect an appeal might have on such a compromise, if one is reached, Mayor Burgess said that the door is still open for an agreement with hospital officials.

He said that if a compromise is reached by City and hospital officials, the appeal suit will be dropped. However, he added, what sort of a compromise will be presented, if any, is not known. It is not known if hospital officials are willing to compromise the situation, the Mayor pointed out.

Suspect Freed In Woods Case

The cat burglar is not. According to new information released by Woods Public Safety Director Allan Andrews, the man suspected of breaking into a home at 505 Anita avenue on August 9 should never have had the term "cat burglar" applied to him.

In the original report obtained from Grosse Pointe Shores police, Charles Galloway was labelled with the misnomer.

And for that matter, Galloway cannot even be called a suspect. Woods police freed him last week for lack of evidence. Director Andrews reports that they could pin nothing on him.

But the Director is concerned with the "cat burglar" association for it has caused unnecessary unrest among Woods residents. And rightly so. "The" cat burglar, whoever he or they may be, has in past years caused thousands of dollars of loss to many Pointe homes.

The case against Galloway is pretty much closed. During the period he was held he was questioned by Woods Detective R. Setchell. He also consented to take a polygraph test at the Wayne County Sheriff's department, which he was not obligated to do.

Results were negative, and since investigation has produced virtually nothing, police felt that there was not enough evidence to request a warrant for breaking and entering.

So everyone can rest easy.

Elm Disease Toll Monuts; 1,873 Lost in Five Years

(Continued from Page 1) Eighteen publicly-owned elms have already been cut down, with 23 in the process of being removed, and possibly 20 more, when the analysis is completed. There were 83 samples taken from private property, and all reports are not in yet. The loss for the year 1964, was

23 city-owned elms and 25 private, for 1963 — 17 city-owned and 39 private; for 1962 — 10 city-owned and 58 private; and 1961 — eight city-owned and 18 private. Total loss, so far, during this period, 264 trees.

City Has Lost 184

City — Total number of elms, approximately 5,300, of which about 2,800 are on public property and the rest on private property.

This year, 22 publicly-owned trees were lost and 27 private trees; in 1964 — seven public trees and 36 private; 1963 — nine public and 36 private; and 1962 — 12 public and 37 private; (no loss figures were given for 1961. Total loss in the four years, 184. Farms — Total number of elms, roughly about 5,100, of which about 2,600 are on city-owned land, and 2,500 are on private land.

Woods Hardest Hit

In the Woods, the hardest hit, the loss in the last five years totaled 1,062 elms. The latest survey disclosed that the city has a total of 8,571 elms, with 2,383 on public property and 6,188 on private property.

The total loss, so far this year is 216 elms, including more than 60 diseased and non-diseased trees that were cut down in a full block of vacant property. The trees were removed to make room for residential construction.

Of the 216 elms lost this year, 157 were on private property, and 59 on public property. In 1964, the loss was 203 private and 53 public; in 1963 — 112 private and 39 public; in 1962 — 171 private and 51 public; and in 1961 — 161 private and 56 public.

The Shores' loss for 1965 will be determined by the analysis when it is completed in Lansing. The total number of elms in the Village is about 2,400, of which 400 are publicly-owned and about 2,000 are on private property.

28 Removed in Shores So far this year, eight public trees, known to actually have the disease, have been removed, and at least 20 on private property, it was said. Of the eight public trees, four were on Lake Shore, a county road.

In 1964 the Village lost five public trees and 33 private; in 1963 — two public and 30 private; in 1962 — four public and 25 private; and in 1961 — none on public property and 27 on private land. Total loss during this period, 154.

The reason for the heavy loss on private property, it was disclosed, is due to the subdividing of large estates. The elms had little care, and were hurt by the digging of streets, sewers, house basements, and so forth, when roots were damaged by excavating machines.

All Pointe officials agree that a further and more elaborate study must be made to control the disease which is killing the elm and which is slowly destroying the beauty of the Pointe.

Sex Offender

(Continued from Page 1) Det. Gerald Kensora and other officers conducting delayed and exhaustive investigations into the offense of which Bowen is accused.

Delays are attributed to the fact that many of the parents, and the victims, who have filed complaints, are presently on vacation, and cannot be reached for questioning. Too, the director said, the investigations are being hampered by parents, who understandably, refuse to subject their children to the embarrassment of answering questions regarding alleged incidents.

The investigations disclosed that none of the victims were forced into committing the acts, which Bowen is accused of perpetrating on them.

Andrews said that another concern of his department, as a result of the parents' complaints, is that gossips are naming and accusing another teacher, who is in no way connected with the alleged offenses, causing this teacher considerable embarrassment and anguish because of the unjust accusations.

Richard Scout Troop at Camp

Boy Scout Troop 74, Richard School PTA sponsored, had another "first" in beginning its 21st year in Scouting. This year for the first time the troop camped at Detroit Area Council Camp Chas. Howell as a complete unit. In past years the boys have attended camp individually but this time they went as a unit.

According to Troop Scoutmaster Gerald F. Webster and Camp Scoutmaster Gerald Moore who spent the entire two weeks with the boys, "Earning better than three merit badges each and in almost every case advancing one rank in Scouting certainly shows that the boys were not playing for two weeks."

Awards earned include the following: BILL SAVAGE — Advanced to 1st Class and Merit Badges in Rowing and Swimming; BILL BROWNELL — Merit Badges in Canoeing, Rowing and Life Saving; BILL CHO — Merit Badges in Swimming, Life Saving, and Marksmanship; CHRIS HUGHES — Merit Badges in Canoeing, Pioneering and Swimming; GARRY HUGHES — Merit Badges in Basketball, Canoeing, Swimming, Life Saving and Nature; ROBERT KNUDTSON — Merit Badges in Basketball, Camping, Leatherwork, Life Saving and Pioneering; LINCOLN LEE — Merit Badges in Camping, Life Saving, Nature and Pioneering; CURTIS LEIBRAND — Merit Badges in Canoeing, Life Saving, and Rowing; RICK RIGNEY — Merit Badges in Life Saving, Pioneering, and Rowing; HARRISON SPAIN — Merit Badges in Basketball and Swimming; BYRON STUCK — Merit Badges in Basketball, Canoeing, Pioneering and Rowing.

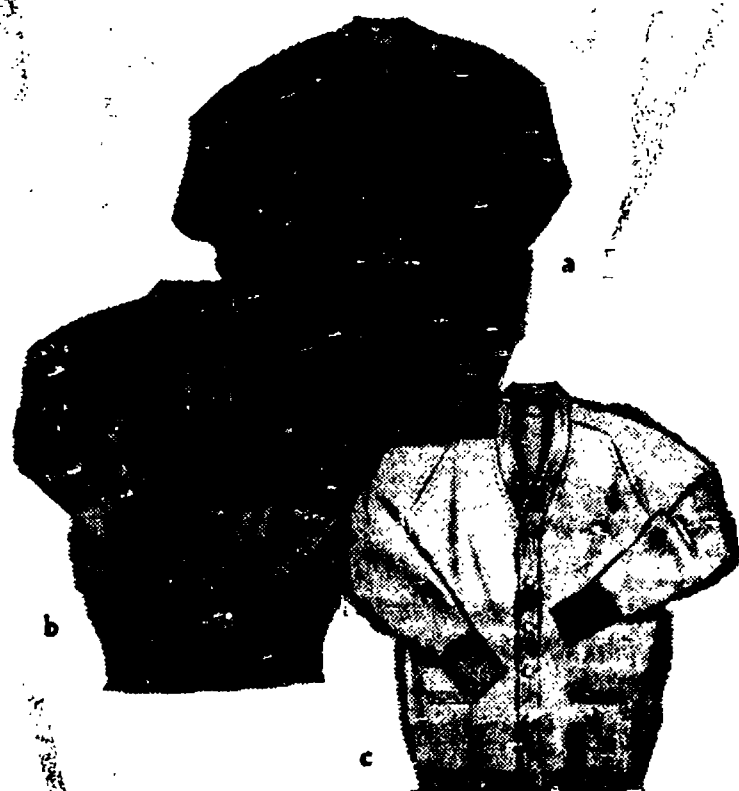

In addition two of the boys became eligible for SCOUT LIFE GUARD which requires obtaining the Swimming, Rowing and Life Saving Merit Badges as well as instructing in water skills and demonstrating waterfront safety and rescue skills. The two eligible boys are Robert Knudtson and Lincoln Lee.

During the two weeks Byron Stuck was elected and inducted into the ORDER OF THE ARROW.

HOW A FRIENDLY CHAT COST ME \$3,000,000

You remember the comedian's gag line:
"With friends like that . . . who needs enemies?"

One Saturday a year ago, our Clubhouse dining terrace was crowded. We had to turn away numerous fans who wished reservations. A friend of mine, observing the situation, remarked, "You should enlarge the dining terrace." I agreed we needed more space. So, what originated as an idea to merely expand our dining terrace turned into a \$3,000,000 construction program for a new Clubhouse.

We open the magnificent new Clubhouse Saturday. Everyone who has had a preview look, terms it one of the finest sports facilities in the United States.

It is a facility I am proud to offer the racing fans of Michigan. It is one, I believe, they deserve.

The amazing growth of racing in Michigan has brought new responsibilities to management. One of the paramount responsibilities is to provide a facility which guarantees comfort, convenience and maximum pleasure for the fans.

This was our ambitious goal when we started our expansion plan. I believe we have attained it. I invite you to visit us soon and make your own judgment.

In our new Clubhouse will be "The Winner's Circle" dining terrace. It is a beautifully appointed restaurant serving the finest food

and beverages. It can accommodate 650 persons. We invite your reservations. Call GA 1-7170.

There's a touch of another land in Ye Olde Tired Horse Pub. It has the decor and atmosphere of a true-to-life Old English tavern. Even losers will find it an ideal place to relax.

With the opening of the new Clubhouse, we will make available to our fans a new concept in racetrack accommodations . . . the Grandstand Terrace.

This air-conditioned area has another excellent restaurant in "The Mile Terrace." There are three fine bars and a snack bar.

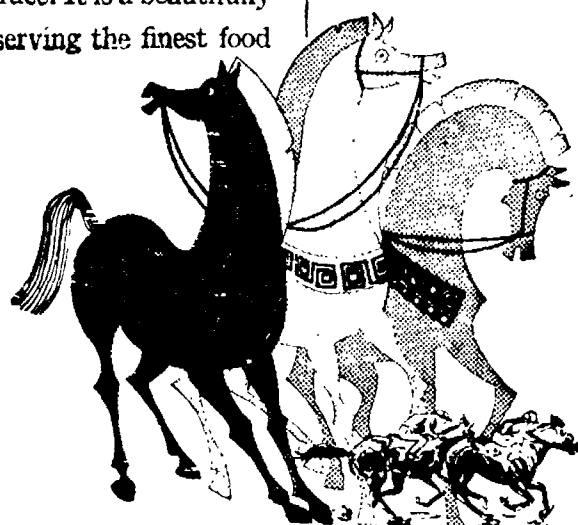

We have parking for 12,000 cars. A new entrance off Inkster Road supplements our Middlebelt and Schoolcraft entrances and speeds the flow of traffic.

Our Turf-O-Gram board, an electronic message board in the infield, gives fans late scratches, jockey changes and all the other up-to-the-minute information they desire.

Our paddock and walking ring provide a front-and-center view for hundreds of fans of the horses before they go on to the track.

Yes . . . it was an expensive chat with my friend. However, I am happy about the developments it produced. I think you will be, too.

3 Cars Tangle At Intersection

The man held responsible and ticketed for entering an intersection without due care and caution was the only person injured in a three car collision which occurred on Monday, August 9.

Charged was Edward John Hickey, 71, of 14801 Mansfield, Detroit, who complained of injuries, but refused to go to the hospital.

Hickey, who was travelling north on Trombley road, pulled out into Jefferson avenue, and was struck by a vehicle driven by Gilroy Pavey, 59, of 10581 Gratiot road, Richmond, Mich. Pavey then veered off and hit a car driven by Lawrence Gilbert Putnam, 66, of 420 Roland road.

Police noted that weather conditions were rainy at the time of the accident.

C. I. Reynolds, of Lochmoor boulevard, was a witness.

City Planners Grateful For Joy Foundation Gift

Thanks for the presentation to the Grosse Pointe Board of Education, of the Neighborhood Club Property, has been expressed in a letter to Henry B. Joy, Jr., sent by the Committee for the Study and Planning of Grosse Pointe Community Needs.

Mr. Joy is the president of the Helen Newberry Joy Foundation, which is providing the City of Grosse Pointe with \$225,000 to purchase the site in Waterloo avenue from the Neighborhood Club. The letter follows: Dear Mr. Joy:

We wish to thank the Helen

Pointe Students Get Scholarships

Some additional 1,500 college scholarships have been awarded for 1965-66 through expansion of the state program under Act 358 of the 1965 Legislature. Acting Superintendent of Public Instruction Alexander J. Kloster, who is chairman of the Higher Education Assistance Authority which administers the program, said that the increase in appropriation has made it possible to help a total of 4,350 Michigan youth's while their college expenses this year.

Dr. John Porter, Director of the Authority, noted that the \$2,000,000 appropriated for 1965-66 scholarships has enabled the Authority to direct \$500,000 toward renewing 1,250 scholarship awards made last year and \$1,500,000 to support the new scholarships.

Dr. Porter also noted that the Act allows the Authority to make Residual Awards, which will permit full use of the appropriated funds, and enable many more qualifying applicants to receive awards throughout their undergraduate years. Residual Awards are made to those students who are runners-up in the state scholarship competition when initial award winners relinquish their scholarships. Each award is determined on the basis of the cost at the institution which the applicant chooses to attend, and his college residency status. All awards are renewable upon annual application, full-time attendance, maintenance of a cumulative "C" average, and continued demonstrated financial need.

Financial need is carefully determined and a detailed analysis of the income and assets of each student and his family is conducted with the assistance of persons from the colleges who are chosen for their knowledge and experience in the area of financial aids. The need analysis system of College Scholarship Service is used to determine financial need.

The examination date for the 1966-67 scholarship program will be Saturday, November 20, 1965. Students desiring information about the state scholarship procedures for the 1966-67 year should contact their high school counselor or principal.

A list of the 1,506 additional state scholarship winners for 1965-66 includes the following Pointe residents: Krista F. Van Hamm of 1154 Bishop road, University of Michigan; Mary C. Crandall of 1251 Beaconsfield avenue, Michigan State University; Kerin A. Huvaere of 1353 Wayburn avenue, Wayne State University; Janice M. Smith of Loraine avenue, Wayne State University; and John E. Stempfle of 811 Lincoln road, University of Michigan.

SHUTS DOOR ON HAND

City police officers Cronin and Erskine took Louise Ellen Ashcraft, 48, 22704 Wildwood, St. Clair Shores, to Bon Secours Hospital Saturday, August 14, when she shut her car door on her hand in the Village Manor parking lot.

Newberry Joy Foundation for the generous gift of the Neighborhood Club land and building, to the community.

The utilization of this land for education and recreation, so necessary for the proper development of all of the Grosse Pointes in general and for the City in particular, has long been a concern of our organization.

The City of Grosse Pointe, with their planner, Scott Bagby and Associates, have pointed out in their long range plan for the development and improvement of the City of Grosse Pointe that, "The City of Grosse Pointe at present is the most valuable portion of the School District from a per-pupil tax return standpoint, and that the City is probably the one portion of the District most vulnerable to decline in character and value . . . the City should take immediate steps to acquire the Neighborhood Club property since a permanent public playground in the area is essential to a sound future. It is hoped too, that the School District will participate in this initial step."

Since our Committee long urged that a city planner be consulted for the solutions to the City's pressing needs, it is indeed gratifying that the planner's suggested goals are being implemented through the generosity and far-sightedness of the Helen Newberry Joy Foundation, the Grosse Pointe Board of Education and the Council of the City of Grosse Pointe.

Please accept our most sincere thanks and congratulations for carrying on the kind of leadership that has made Grosse Pointe a symbol of a fine residential community.

Sincerely,
William J. Thorpe, Jr.

City Carrying Hospital Battle to Higher Court

(Continued from Page 1)
possible, that if a compromise is reached, a referendum will be presented to the City voters, for an advisory decision in the matter.

Wright said that the legal controversy will not be pursued beyond the State Supreme Court, and whatever opinion is rendered by that body will be

final because the issue is a State matter.

Hospital Won Twice

Bon Secours Hospital, located on Cadieux, between Maumee and Notre Dame, has won two decisions, so far, in its long legal battle to obtain a permit from the City for its proposed expansion program.

On May 24, Judge Moynihan handed down an opinion stating that the City Zoning Ordinance, which the City sought to enforce to prevent the expansion, was unconstitutional; and on July 30, handed down his judgement, which was to allow the Sisters of the institution to proceed with their proposed program.

The City's decision to appeal to the State's highest court, could delay the hospital's proposed expansion, possibly for several years, or block it completely.

The hospital initially petitioned for an expansion permit on April, 1963, and asked the City council for a re-zoning of an 83x785-foot strip of land between Caroline and Jefferson, to permit its use for off-street parking purposes, and to allow a variance for the construction of an addition to the hospital structure to about 45 feet above the grade level. The request was denied.

Ordinance Amended

In January, 1963, the council enacted an amendment to the Zoning Ordinance, which would in effect block any expansion by Bon Secours.

In rendering his opinion, Judge Moynihan stated that, at the time the City enacted the amendment, evidence was shown that the City officials were aware of the hospital's plans to expand.

The issue was presented in a referendum to the City voters in November, 1963, as an advisory vote, and the majority of ballots cast were against the expansion, and the council denied the hospital's petition on November 18, 1963.

The issue has been a matter of court litigation since.

Hears Six Cases In City Court

Judge Sutherland heard six cases at the August 10 session of the Grosse Pointe City Municipal Court.

Dorothy Elizabeth Jankowski, of 44 Kerby road, was charged with reckless driving involving an accident. She was found guilty of driving without due care and caution and fined \$25.

For allowing an unlicensed driver to operate her automobile, Stella North, 5989 Neff road, was fined \$10.

Walter Nobar, 140 Sibley, Detroit, was found guilty on a drunk and disorderly charge and fined \$25.

Jacalyn Slavko, 1844 Kenmore drive, was charged with reckless driving involving an accident. She was found not guilty by the court and her case was dismissed.

Charles O. Thompson, 790 Washington road, was found guilty of driving without due care and caution on a reckless driving charge.

Walter C. Abner, 10608 E. Warren, Detroit, paid a fine of \$50 and was sentenced to six months probation for driving his car while his license was revoked.

Lt. James F. Brown Receives Navy Wings

Lt. (junior grade) James F. Brown, son of Mrs. F. H. Brown of 123 Meadow lane has received Naval Flight Officers' Wings from Capt. Clifford A. McDougal, commanding officer of Carrier Airborne Early Warning Squadron Eleven (VAW-11).

Lt. (jg) Brown recently completed the year long training that earned the wings and designation as an airborne air controller. VAW-11 provides airborne early warning services to all aircraft carriers in the Pacific Fleet.

Lt. (jg) Brown will soon join a team of pilots, enlisted technicians and naval flight officers in providing these essential services to an aircraft carrier in the Western Pacific.

Center Offers Movie Classic

Jerome Kern's "Showboat" is coming to the Grosse Pointe War Memorial, 32 Lake Shore, on Tuesday night, August 24, at 8 o'clock. On board will be such fine singers and actors as Ava Gardner, Howard Keel, Katherine Grayson and William Warfield.

Grosse Pointe patrons are invited to enjoy this immortal show in the air conditioned comfort of Fries Auditorium. The film is, of course, in color and the score has some of the world's best known songs—"Ol Man River," "The Man I Love," "My Bill," and a host of others.

Coffee will be available at intermission when guests can also enjoy a display of Grosse Pointe artists' paintings.

This will be the last presentation of the Center's Summer Film Repertoire of great musicals. Tickets may be purchased in advance at the Center's office for \$1.25 or for \$1.50 at the door.

Air mail letters may be passed to some people, but C. R. Brennecke, of 207 Grosse Pointe boulevard didn't think too kindly of some "sea mail" innovator

who placed a hose in his mailbox. Mr. Brennecke called Farms police on Wednesday, August 11 to report damage to the hallway and basement.

Local Scouts Visit Ranch

Two Grosse Pointe Farms Boy Scouts of Troop Number 156, Christ Church, left by train July 31 for two weeks of high adventure at the fabulous National Philmont Scout Ranch near Cimarron, N.M.

The youths, Brad Barker, son of Dr. and Mrs. David Barker, of Kerby court, and Donald Moore, son of Dr. and Mrs. Warren R. Moore, of Belanger road, have been active in scouting for nearly four years. Brad is a Life scout and Donald an Eagle scout.

The Philmont Scout Ranch is an area covering over 137,000 acres in the land of the Old West in northern New Mexico. It contains countless trails over mountains, streams and evergreen forest lands designed to give scouts the opportunity to enjoy the great outdoors.

It is rich in wildlife, natural beauty and history. The land was donated to the Boy Scout movement by the philanthropist Waite Phillips for the purpose of increasing the enjoyment of American ideals and nature by our youth.

Young Barker and Moore were part of the Detroit Expedition Number 801 composed of 33 scouts and three adult leaders. Their journey west was by bus to Chicago, and by the Denver Zephyr to Colorado.

While at the ranch they can participate in hiking, archery, prospecting, marksman ship, fishing, mountain climbing and many other endeavors. They will spend two days in basic training at the home base camp, and then start out for 10 days on the trail with full pack and equipment.

The boys returned to Detroit August 15, having stopped at the Air Force Academy at Colorado Springs en route.

UF Capital Fund Division Plans Campaign in 1966

The Capital Fund Division of the United Foundation will sponsor its first campaign early in 1966, according to an announcement by Ralph T. McElvenny, chairman of the division.

McElvenny, 63, Cloverly road, GP Farms, said that the drive would be a "major effort to raise funds for capital requirements of voluntary, non-profit hospitals and health, social service and recreational agencies."

McElvenny, president of the Michigan Consolidated Gas Co., is a vice chairman of the UF board of directors.

He emphasized the difference between the capital fund drive and the Torch Drive.

The annual UF Torch Drive raises operating budgets for 207 health and community services," he said.

"It seeks funds to pay for doctors, nurses, medicine, social workers, research specialists and the hundreds of day-to-day expenses in the operation of agencies."

"The capital fund drive, on the other hand, is only for buildings and much-needed equipment."

Chairman McElvenny said there would be no solicitation of individuals but that the drive would seek donations from only about 1,200 corporations, foundations and trusts.

Roland A. Mewhort, Birmingham, and Grosse Pointers Andrew W. Barr, 125 Merriweather, and Dexter Ferry, 43 Old

book lane, will assist McElvenny as chairman and co-chairmen, respectively, of the Capital Fund Division's Evaluation and Allocation Committee.

Mewhort, president of the Manufacturers National Bank, is a director of the UF and a member of the Capital Fund Division committee. Barr, resident partner of Price, Waterhouse Co., is a UF vice president, a member of its Goal and Allocation and Capital Fund Division Committees and 1965 Torch Drive co-chairman for Audit.

Ferry, president of the D. M. Ferry, Jr. Trustee Corp., is a member of the UF Advisory Board.

McElvenny said the benefiting agencies must be in the geographical area embraced by the United Foundation Torch Drive. This includes all of Macomb County, all of Wayne with the exception of Plymouth, and Oakland County exclusive of the Pontiac area.

In the past 18 years, major financing of capital requirements has been provided through the Greater Detroit Hospital Fund in 1948 and the Metropolitan Detroit Building Fund in 1955 and 1961.

Walter C. Laidlaw, UF executive vice president, said the goal of the Capital campaign will be announced probably sometime in December.

"Corporations and foundations who contribute will be granted a five-year immunity from capital requests of the participating organizations," Laidlaw said.

Judge Patterson Has Busy Court

In addition to the sentencing of 15 youths arrested at a teenage drinking party, (reported in detail on page one), Judge Patterson also heard two other cases August 10 at a session of the City Municipal Court.

James Eugene Rappert, 12765 Kelly, Detroit, was charged as being a disorderly person; a minor in possession of beer in an automobile. He was found guilty by the court and sentenced to pay a fine of \$50, six months probation, no pleasure driving for 30 days, and he will be required to attend four sessions of driving safety school. He must also copy for the court all the laws relating to minors in possession of intoxicating beverages.

The court found Edna Vera Trombley, 5394 Linsdale, Detroit, guilty of reckless driving and ordered her to pay a fine of \$75 and put her on six months probation.

Center Holding College Dance

It's College a go-go for many hundreds of young Grosse Pointe men and women and what with the new tri-mester plans in vogue at many universities, they leave earlier than they used to. For this reason the Grosse Pointe War Memorial Association is holding its college send-off dance on Thursday evening, August 19, from 9 to 12.

Committee workers Mary Bell, Mary Thorne, Sherrie Strache, Dave Updegrat, Gregg Hykes, John Clarke, Sue Boyd and Sally Harrison have mailed invitations to as many Grosse Pointe High School '64 and '65 graduates as they could, but they emphasize that all Grosse

Pointers of college age are welcome, whether they receive a notice or not. They are equally emphatic that younger boys and girls are not welcome.

Everyone going to the dance should take their drivers' license to establish their age and residency.

Though this is essentially a non-date affair, couples are not precluded. Admission is 75 cents per person, and dress is sports coats and slacks for the men and cotton dresses for the young ladies.

The Kake Eaters will play, spelled by a discoteque of selected records. Refreshments will be available at the service bar.

Warn Cyclists Of Road Rules

Jack Patterson, Woods School Safety Officer, due to the large number of bicycle-motor accidents occurring in late summer, wishes to remind cyclists and parents of the rules of the road.

- Double riding on bikes is not allowed.
- Lights and reflectors are required after dark.

- Bikes must obey the same rules as automobiles, such as signaling, and stopping for signs and lights.

Patterson, who is very concerned with the increase in accidents in the summer months, cautioned that last year two pre-schoolers were seriously injured the same day right before school started.

He warned that police are rigidly enforcing rules and issuing tickets.

Lightning Hits Home in Park

The Grosse Pointe Park Police department received word Sunday, August 8, that lightning had just struck the home of Park Police Corporal George Blair.

He and his family live at 905 Beaconsfield avenue. They were not home at the time. The report was made by neighbors.

Although it was not raining at the time, shortly after noon, signs of a brewing storm were apparent when the lightning struck.

The bolt first grazed a large tree next to the house and then jumped to the front door, smashing several shingles. It then entered the house, and ran out through an electrical circuit.

There was little damage to the inside of the house.

Theft Reported At Little Club

William LePla, manager of the Grosse Pointe Club, called Farms police on Sunday, August 15, to report that some time after the pool closed the night before, someone jumped the fence and broke into a pool-side desk.

Taken from the belongings of pool director Larry Doyle was a Kodak 8 mm movie camera, turret type, valued at \$97. Also stolen was a beige, table model radio, worth \$40, owned by a lifeguard, Ernest Buehler, of 5824 Lannoo, Detroit.

Thomas J. Cox Takes Aviation Field Trip

Midshipman First Class Thomas J. Cox, son of Mr. and Mrs. Joseph C. Cox of 280 McKinley avenue, is attending a three week aviation field trip at the Naval Air Station in Corpus Christi, Tex.

The trip is designed to give Midshipmen a general picture of the Navy's flight training program, to aid them in the selection of a career field.

Corpus Christi is one of the largest naval air stations in the U. S. More than 75,000 Navy pilots have been trained there since World War II.

He is a Naval Reserve Officers Training Corps (NROTC) Midshipman from the University of Michigan in Ann Arbor, Mich.

Burglar Visits Home in Farms

Mrs. Malvina Verbeest, owner of a house at 475 Kerby road, reported to Farms police on Wednesday, August 11, that someone cut a 12"x12" hole in the corner of a screen on the back porch and crawled through. The person entered the house through the rear door and proceeded through the downstairs without disturbing anything.

He continued upstairs to quarters shared by four roomers, taking a number of articles and placing them in a suitcase before leaving.

Missing from the belongings of Roy Huntsinger, Danny Houser, Ted Michaels, and Leo Paul Chiotti were an RCA table model radio, black, worth \$34; a portable Motorola radio, valued at \$15; a large gray and blue suitcase, cost \$19; a medium tan sweater, worth \$9; three white shirts; \$15 in assorted coins; a Sunbeam electric shaver; and a Ronson lighter.

Peter J. Durling Takes CG Training

Seaman Apprentice Peter J. Durling, USCG, son of Mr. and Mrs. J. Durling of 72 Lakeview, was graduated from basic training June 25 at the Coast Guard Recruit Training Center at Cape May, N. J.

Recruits are taught military drill, small boat handling, use of small arms, firefighting, seamanship, first aid and Coast Guard history. Instruction included study of atomic and biological warfare and an introduction to maritime law enforcement.

Fails to Check Moving Traffic

An accident on Jefferson avenue, west of Maryland avenue, Saturday, July 29, serves as proof that it is always necessary to check traffic before making any kind of a move in one's car.

Inell Crocker, 57, 10332 Grand River, Detroit, was driving east on Jefferson when she decided to change lanes. A car driven by Martin Neumann Fentner, 25, 1138 Beaconsfield, struck Mrs. Crocker's automobile in the left rear fender. He was also traveling east.

Mrs. Crocker was charged with changing lanes without proper observation. Her court date was set for August 25. Both cars were driven from the accident and no injuries occurred.

SLASHED TIRE
Mrs. Joyce Stevenson, 365 Roosevelt place, reported to City police Tuesday, July 27, that sometime between 1 and 2 p.m. Sunday, July 25, an unidentified person or persons slashed one of the tires of her car parked at the City Park.

Witness Theft of Boat Battery

A case involving a 17-year-old boy who stole a battery was closed on Friday, August 13, when the owner of the battery, Hamilton C. O'Connor of Muskegon road, declined to sign a complaint.

Officers were summoned to the Municipal Pier on Thursday, August 12, by Russell Hageman, of 461 Cloverly road, and Tom

Bachman, of 217 Lakeview avenue, who witnessed the theft. Taken to the station for questioning was Stephen E. Petz, of 111 Lake Shore drive, who allegedly took the 12-volt battery from a 16-foot boat moored at the Pier.

Also taken to the station were four other boys, three of them minors, who were sleeping

aboard the Petz's 22 foot Century boat which was disabled west of the Pier. Police recovered the battery later.

Lions to Meet Colts Friday

The Detroit Lions will again face the National Football League's Western Division champion Baltimore Colts at Tiger Stadium in the 18th Annual Detroit Free Press Charity Football Game, on Friday, August 20.

Proceeds from this year's pre-season event again will go to Children's Hospital.

A record crowd of 46,382 watched the Lions and Colts, later to become Western Division champions, battle to a 28-2 tie last August. From that game, Children's Hospital derived \$43,000 to help purchase new equipment.

Tickets are available at the Detroit Lions, 1401 Michigan Avenue, Detroit 48216. Reserved seats are priced at \$4 lower deck and \$5 upper deck.

Four Teenagers Facing Charges

Four teenagers, including two minors, were issued violations by Woods police on Wednesday, August 11, for possession of alcoholic beverages.

Dennis Peil, 18, of 9155 Grayton road, and Thomas Padilla, 17, of 1886 Prestwick road, were arrested after police discovered 18 cans of Colt 45 Malt liquor in their car which was parked in Canterbury court. Seven of the cans were empty.

Police questioned the boys and the two 16-year-old girls who were with them as to where they had obtained the beer. They stated that they had gotten it from a person in the area of Eight Mile road and Gratiot avenue.

Six Pointers Attend Fort Riley Program

Six Grosse Pointers were attending an extensive six-week training program at Fort Riley, Kan.

The cadets were given advanced training in the military subjects they have been studying at their respective schools, under the Reserve Officer Training Corps (ROTC).

Cadet Michael R. Wade, 21, is the son of Mr. and Mrs. Richard C. Wade, of Fairholme road. He is a 1962 graduate of Grosse Pointe High School and has been studying at Michigan State University.

A member of Theta Chi fraternity at Michigan State, Kenneth W. Meek Jr. whose parents live in Vernier circle, is also a '62 GRHS graduate.

William N. Kuschel, 21, is a 1961 graduate of Luther High School in Chicago, and received his B.S. degree from Rose Polytechnic Institute this year. He is a member of Alpha Tau Omega fraternity and is the son of Mr. and Mrs. William G. Kuschel, of S. Rosedale court.

Son of Mrs. Beatrice M. Thomczek, of South Renaud road, Lawrence G. Thomczek is a 1961 graduate of Austin Catholic Preparatory High School and has been in training at the University of Detroit.

Completing requirements in 1961 at Grosse Pointe High School, Cadet Richard O. Flaherty, 21, went on to Western Michigan University in Kalamazoo.

Mr. and Mrs. James M. Flaherty, his parents, reside in Holiday road.

The brother of Cadet Michael Wade, Patrick C. Wade was graduated in '62 from GPHS and chose to further his studies at Michigan State.

While at Fort Riley, these six were trained in various military subjects which will give them the skills necessary to take command. Upon completion of the senior course, the cadets could choose any of the technical or combat branches of the Army in which to specialize.

Those cadets who have already received college degrees were commissioned lieutenants upon the completion of the summer training.

Young Natators In Good Hands

Youngsters engaged in training for Grosse Pointe Wood's Swim Team find themselves in the capable and experienced hands of Fred Cutler, the team coach. Fred's ability as a coach and team organizer is attributed to his excellent background in competitive swimming.

Fred and his family made Grosse Pointe their home in 1950 where they were introduced to the "world of swimming" by that well known coach Roy Pouliot. Fred and his brother, Les, became real prodigies at the old Detroit Turners Club where they worked under Mr. Pouliot.

Although they were all around good swimmers, both boys excelled in the backstroke. Les so perfected his swimming ability that he entered a number of national meets and was considered definite Olympic potential.

Fred, too, proved himself a swimming star by backstroking his way in high school to a place on the varsity swimming squad of the Blue Devils at Grosse Pointe High where he helped to capture many a victory for the Blue and Gold.

During the four years Fred has been with the Department of Recreation, he has accepted various responsibilities all relating to the field of swimming.

His first summer was spent in a lifeguard chair, the second summer he graduated to swimming instructor. By the third summer at the park after his completion of his frosh year at college, Fred was ready to initiate his coaching career as assistant coach. With his previous experience and his sophomore college year behind him, he now enjoys his present status of head coach.

True dedication is demonstrated when one is willing to forego material gain for the achievement of purpose. This virtuous quality is rare indeed, but is one virtue well possessed by Fred Cutler.

"It has come to our attention that opportunities were available to Fred where he would have been more generously compensated for his other talents, but, instead he chose to remain at a task which he enjoyed for less monetary reward. We, in the Recreation Department, not only commend his dedication, but appreciate his choice," said Don Hallman, Woods Recreation Director.

Aside from his interest in competitive swimming and his coaching duties, Fred is also involved with building and racing cars. His home boasts of as many racing trophies as it does swimming awards.

Midn. Chubb was graduated from Grosse Pointe High School in 1961.

Woods Tankers Victorious In Triangular Swim Meet

One of the most thrilling swim meets of the season for youngsters and parents alike was experienced by Grosse Pointe Woods, St. Clair Shores and Roseville swimmers on Thursday evening, August 12.

Grosse Pointe Woods Recreation Department played host to the first annual tri-meet between the three communities.

The Recreation Department of St. Clair Shores was responsible for organizing and training the team to represent their community, and the youngsters from the private club of West-grove represented Roseville.

Outside of first place by Richard Briski from the Woods, the Shores and Roseville swimmers were chalking up a number of first and second places, and things looked grim indeed for the Woods team until the re-run of the falsely started race of girls, 8 and under, when Chris Babcock and Pam Hallmann produced a first and second for the Woods. This sparked the Woods team to a tremendous comeback with a show of real strength in the breaststroke, backstroke and fly events.

Star swimmers of the evening for the Woods included the Briski children, Richard, Jackie and Larry walking off with blue ribbons in all their events, with 10-year-old Jackie Briski upgraded to girls 14 and under, 50-m. freestyle, capturing a first place with a 36.1.

The Van Buskirk, Karen and Kathy, amassed six first places and 34 points for the Woods. Just turned 13, Karen set a new pool record in her age group for the 25-meter fly with a time of 15.7. Sister Kathy formerly held this record with a time of 16.8.

The "Jones Girls", Kathy, Karen and Sandy, turned in their usual good supporting efforts by winning several seconds and a first place in the girls relay for points for the Woods team.

Other first place ribbons awarded to Woods swimmers were Brian Fink, 12 and under, backstroke; Candy Lakin, 12 and under, breaststroke; Joe Thieman, 14 and under, breaststroke; Julie Desmet, 12 and under, backstroke; Dave Thieman, 10 and under, backstroke; Shelly Shaw, 16 and under, backstroke; Pat Schaft, 12 and under, fly; and Marty St. John, 16 and under, fly.

Coch's Son Does Well Recreation Director Don Hallmann from the Woods beamed as his newly-turned 10-year-old son Keith Hallmann upgraded to swim in the boys 12 and under 50-meter freestyle and 12 and under breaststroke, snatched a third in the free style and tied

for first place in the breaststroke with a time of 21.15.

The Huckins girls, Leon Trumbauer, the Yata family and Nancy De Grove of St. Clair Shores, with the help of Dave Kaminski, Nick Katranis and the Foukes clan of Roseville, constituted a real threat to the Woods swimmers.

Coach Fred Cutler and his assistant Jim Heidich of the Woods team escaped their traditional loss in the pool as a result of their victory but underwent a soaking in the showers from their team charges.

Coach Cutler commented that the fine and much improved performance by the boys and girls on the Woods team was due to their diligent and consistent efforts at their daily workouts.

Although the Woods team totaled 164 points for an overwhelming victory, with the advent of a newly proposed indoor olympic-size pool in St. Clair Shores, there will be future exciting and more closely contested meets between these communities. With a pool for regular training sessions, the St. Clair Shores team could well be considered a very formidable contender to any surrounding community.

What Goes On at Your Library

By Virginia Leonard

Guest Columnist
Louise Leeson

"Come fall, the lawn and garden deserve the same enthusiastic spirit and tender loving care lavished on them in the spring, when hopes are high, after a winter spent with the seed catalogues, and one can barely wait for the snow to melt before getting a spade in the soil."

I quote this inspirational message of Mr. John Elder. Mr. Elder is head engineer, chief gardener, general factotum, mainstay and supervisor for the beauty of the grounds, and for the care and safety of the buildings at The Grosse Pointe Public Library.

Fourteen different, flourishing shrubs and trees on the grounds of the main library receive Mr. Elder's expert care, spring and fall, as well as annual displays of tulips and other flowers in season. Perhaps the most welcome is the blossoming of the lights on the blue spruce at Christmas. We are grateful, John, for all those hours spent making the evergreen bloom.

Speaking of bouquets, the Grosse Pointe Rose Society deserves our most grateful thanks for the charming rose garden now in flower on the lawn of the Grosse Pointe Public Library, near the main entrance. This beautiful display means lots of labor by the members of the Rose Society, who planted and maintain it, for the pleasure of our residents. The bouquets of roses one sees in the library all summer are gifts from individual gardens of Rose Society members. Lovely and lavish, and thank you, Grosse Pointe Rose Society.

Even charter members of the Green Thumb Society may need an occasional book on garden or lawn care. The library has many titles in this category. A perusal of the index or a request for help from the librarian, may put you down the garden path in which you are interested.

We love our tree-shaded gardens in Grosse Pointe, but they can create special problems. GARDENING IN THE SHADE, by H. K. Morse, may be of help. AMERICAN HOME GARDEN BOOK and PLANT ENCYCLOPEDIA, or AMERICA'S GARDEN BOOK, by James Bush-Brown, are comprehensive. THE NEW YORK TIMES BOOK OF LAWN CARE, and THE NEW YORK TIMES BOOK OF LANDSCAPING, edited by Joan Lee Faust, come to mind, for those who are making a renewed attack on the crabgrass and plantain.

When the snow is on the bough, dedicated gardeners prepare their ammunition for the following spring. THE SECRET OF THE GREEN THUMB, by Henry T. Northern, is a comprehensive treatise on the nature and growth of plants. The author's premise is that one who knows something of plant structure will have the secret implied in his title. GARDENING UNDER LIGHTS, by F. H. Kranz, sounds like a fascinating hobby. There are many other titles on the culture of plants indoors.

The above may be too laborious; the chair by the fire-side may be more attractive. You might like CLAUDE MONET AND HIS GARDEN, a biography of the artist by Stephen

L. Gwynn. "He (Monet) and Renior got hold of a plot of ground, dug it . . . planted it with potatoes and lived on the results for the best part of a year . . ." There are photographs of the artist's garden. When our Michigan world is frozen, one may travel the gardens of the world through books. GARDENS AROUND THE WORLD, by Elizabeth Schuler, is a title you might like. The gardens of early and contemporary America are described in print and photographs. The tiny volume, FLOWERS OF THE HOLY LAND, by B. H. Vester, is delicate and charming.

This column will not presume to list titles on the philosophical aspects of gardening. Each of us could write his own volume on that. The ancient Chinese theory is attractive, perhaps one that strikes a familiar chord: A garden contains the essence of the world, everything being in true proportion and relation to the other.

Ens. Richard Storey Aboard Transport

Navy Ensign Richard F. Storey, son of Mr. and Mrs. Edwin F. Storey of 80 Meadow Lane, returned July 20 from overseas deployment to his home port of Norfolk, Va., while serving as a crew member aboard the assault transport USS Mountrail.

The Mountrail, a unit of the U.S. Atlantic Fleet Amphibious Force, served with the U.S. Sixth Fleet in the Mediterranean area from February to mid-June. During this period, a combination of amphibious training exercises and visits to foreign ports were conducted. Crew members of the ship had an opportunity to visit Italy, Turkey, France and the Spanish island of Mallorca during the period.

In early July, the Mountrail sailed north of the Arctic Circle to conduct an amphibious training exercise in northern Norway.

The ship returned to the U.S. following a short visit to Portsmouth, England.

Hard as it is to believe in this mid-August season, the Christmas Mart 1965, sponsored by, and for the benefit of, the Planned Parenthood League, is just a little more than two months away.

The Mart, in Detroit's Veteran's Memorial Building, opens Tuesday evening, October 26, and closes at 5 o'clock Thursday, October 28.

Mrs. Joseph B. Schlotman is honorary chairman. Mrs. Robert Kanzler is chairman ex officio, and general chairman is Mrs. John W. Coe.

Six new shops have been added to the glittering roster of specialty stores which come to town ONLY for the Mart, and there will be a fabulous Mistletoe Madness booth, featuring Christmas decorations made by local members of the Planned Parenthood League, (their lovely holiday trees, fashioned from wadded newspapers, are masterpieces of inventiveness).

Luncheon will be served Wednesday and Thursday, between 12 and 2 o'clock; cocktails will be available at lunch and after 5 o'clock; fashions of the exhibiting (Continued on Page 20)

Bride Wears Mantilla of Brussels Lace In Rose Pointe Motif; Reception at Hunt Club Follows Ceremony

A reception at the Grosse Pointe Hunt Club followed the Saturday afternoon wedding of Mary Ann Wrigley, daughter of Mr. and Mrs. Clifford C. Wrigley, of Ford court, and James Brownlee Church. The Rev. Erville B. Maynard officiated at the double ring ceremony in Christ Church.

The bride's Directoire gown of cameo white satin blended with Alencon lace had a bodice of floral patterned lace. It was styled with crescent curved decolletage, mid-length sleeves, and highrise waistline marked with a contour fold of satin.

A slender toe-touching skirt provided contrast for the separate bow-topped train which swept from clustered Watteau pleats to court length.

Delicate Brussels lace in rose point motif, softly draped over a satin circlet, formed her mantilla veil.

Assisting as maid of honor was Margo Mylander, of Arnold. Md. Mrs. Jack Kasabach, and Susan and Janet Wrigley, sisters of the bride, served as bridesmaids.

Echoing the silhouette of the bridal gown, the attendants' Directoire gowns were fashioned with delft blue Venise lace bodices, pale blue frosted crepe skirts, and streamered bow-knots of satin at the back. Their headdresses were matching silk circlets and they carried bouquets of miniature pink carnations and sweetheart roses.

The bridegroom, son of Mr. and Mrs. J. R. Church, of Rockford, Ill., asked Walter Barbee, of Iowa City, Ia., to serve as best man. Lance Nelson, of Iowa City, Thomas Ward, of Spruce, Mich., and Clifford

Marilyn Testa Bride Of Jerome Janson

Reception at Hillcrest Country Club Follows Ceremony In St. Peter Church; Couple to Live In St. Clair Shores

In a gown of silk organza over taffeta, accented with embroidered flowers, Marilyn Terese Testa became the bride of Jerome Alan Janson.

Father Robert Zerafa officiated at the Saturday morning rites which took place in St. Peter Church.

The former Miss Testa, daughter of Mr. and Mrs. Mario Testa, of Hawthorne road, chose a dress which was fashioned with a batteau neckline and

short sleeves. The controlled skirt had a full back and swept into a chapel train.

Her silk bouffant veil was secured by a Swedish pearl crown and she carried a bouquet of white carnations, stephanotis, and phalaenopsis.

The maid of honor, Louise Taiariol, wore a gown of mint green, accented with a shade of darker green at the waistline. The dress had elbow length sleeves, and she carried an arrangement of yellow and white carnations.

In identical gowns, carrying bouquets of yellow carnations, were the bridesmaids Marlen Elul, Mary Tau, and Judith Janson, sister of the bridegroom.

Mr. Janson, son of Mr. and Mrs. Haus Janson, of St. Clair Shores, asked John Korbel, of Chicago, to be best man. Seating the guests were Leonard Rezmierski, Edward Wisniewski, and Robert Testa, brother of the bride.

The mother of the bride chose a pale pink street length jacket dress with a hat of pink tulle.

Mrs. Janson's bisque linen frock featured an appliqued insert over beige netting on the bodice. Her headpiece was of shrimp chiffon. Both mothers chose white orchids.

After a wedding trip up north, the new Mr. and Mrs. Janson will live in St. Clair Shores.

Camilla Benkert

(Continued from Page 14) the bridegroom's sister, and Mrs. John H. Bjur.

They wore green Dior headbands, and carried bouquets of pink mums.

Lawrence Brisley was his brother's best man. They are the sons of Mr. and Mrs. Robert Brisley, of Alter road, Detroit. Ushering were Robert L. Benkert, the bride's brother, Kenneth Farrelly and John H. Bjur.

The mother of the bride wore an emerald green silk jacket dress with multi-colored accessories, while the bridegroom's mother chose a pale pink silk sheath dress, with matching accessories.

The newlyweds are traveling in Quebec. They will make their home in Eastland Village West.

Loses Control Of Car in Park

David Lee Maynard, 21, of 15963 Couzens, East Detroit, was charged with driving without due care and caution by Park police Saturday, August 7, when he lost control of his car and jumped two curbs on Bedford road, north of Windmill Pointe drive.

Maynard had just turned left off Windmill Pointe drive onto Bedford when he ran off the roadway on the east side of the street, striking a no parking sign.

He then proceeded across to the west side of Bedford where he ran into some bushes and trees. Maynard was not injured. The property damaged was in front of 729 Bedford and 737 Bedford.

MR. and MRS. CECIL C. WATSON, formerly of Meadow lane, are now residing in Lexington road.

The bridegroom's brother, William, was best man. The bride's brothers, Paul, of Las Cruces, N. M., John and James H. Garlick III, seated guests. Also in the ushering corps were Daniel A. Miller, of Three Lakes, Wis., and Douglas J. Shierson, of Adrian, Mich.

Mrs. Garlick wore a white pique gown with a blue velvet bodice. Mrs. Krebs chose a gown of gold dupioni.

Symphony Women Planning
For Exciting New Season

The Grosse Pointe Symphony
Society season is approaching
with exciting 1965-66 plans.

The newly organized Grosse
Pointe Symphony Women's
Committee will entertain the
membership committee of the
Society with a Morning Devon-
shire Tea, on Wednesday, Aug-
ust 25, at 10 o'clock. Mrs. Rob-
ert L. Kaiser, membership
chairman, will open her home
on Merriweather road for the event.

Mrs. John W. Nelson, Wo-
men's Committee chairman,
brings the delightful idea of
tea served in a Devonshire fash-
ion from her recent trip to Eng-
land. On the tea table will be
cerviettes (napkins), bowls of
whipped or Devonshire cream,
strawberry jam, scones (biscuits)
and butter. The scones are split,
spread with butter, and topped
with cream and jam. The ladies
will be asked if they prefer
their tea black or white. Also
in Devonshire fashion, the mem-
bers are asked to bring their
own favorite tea cup.

Assisting Mrs. Kaiser for the
morning will be the following
officers of the Executive Board:
Mrs. John W. Nelson, Mrs. Ar-
nold Lungershausen, Mrs.
Thomas V. LoCicero, Mrs. Win-

Nam, where he served since last
April as a member of Marine
Fighting Attack Squadron 531.

After spending 12 months in
the Far East, the entire squad-

as yet undisclosed, duty station
in the United States. The unit
saw duty in Japan, Okinawa,
and the Philippine Islands prior
to coming to Viet Nam.

Most of the Marines will be
assigned to other organizations
upon their return to the U. S.

While in Viet Nam, the squad-

about one ton of bombs and
40 rockets per mission.

The squadron flew the versa-
tile jet F4B Phantom II, which
is capable of speeds in excess
of 1600 MPH and altitudes in

shops will be modeled at luncheons and cocktails . . . and everything sounds so wonderful. we can hardly wait until the first week or so in September, when we will tell you ALL about the '65 Mart.

College A Go-Go

Also hard to believe is that next week marks the end of the summer for many of the Pointe's College Set. Registration for University of Michigan students begins next Wednesday with classes formally commencing on Monday, August 30.

Soon to follow suit will be all the other colleges and universities in the country. The last to go will be Michigan State University students who will begin classes on or about September 29.

For their final fling, the Grosse Pointe War Memorial is hosting its annual college send-off dance this evening at 9 o'clock in its air-conditioned Crystal Ballroom. We imagine the air conditioning will be well received in this delightful, at last, summer weather.

John Clarke, immediate past-president of Grosse Pointe High School, is chairman for the affair. This year, as a premiere performance, the doors will be open to "Stags and Hags" as well as couples. Admission is just 75 cents and proper attire is summer Madras coats and slacks for the fellows, and cotton dresses on the casual side for the girls.

Providing jerk, Watusi and Freddy music will be the Kake Eaters. During the breaks a discotheque featuring popular collegian sounds and rhythms will take over.

Soft drinks will be available from a stand-up bar, and candle-lit tables around the dance floor will provide conversation areas for "rest periods."

Sounds like a great way to end the summer!

International Living

Having a real summer of it is Mrs. Carl Lanz, of Challente road. Recently she became both a grandmother and acquired her Master's Degree in Vocational Rehabilitation, and she has just completed a year of teaching trainable retarded children in the new "Regional Program." This summer she is wearing her volunteer's hat as Area Representative for the Experiment in International Living. She arranges one month visits for foreign graduate students with Detroit area families.

As a matter of fact, she and her family are hosting their first foster daughter, and fifth such student, Esperanza Manaligod, of Quezon City, The Philippines. Mrs. Manaligod will be studying Business Administration at the University of Detroit and will move to the campus the end of this month.

In early September, Mrs. Lanz will join a planeload of other U.S. Experiment volunteers and staff for a flight to India where they will attend the General International Meeting of the Experiment to be held in Delhi. Following a trip to Punjab and Kashmir, Mrs. Lanz will be a guest of Dr. and Mrs. Ramesh Naik, in Barota, 150 miles south of Bombay. Dr. Naik was the Lanz' Experiment son in 1963 prior to his year of graduate work in Ornithology at Michigan State University.

For such an ambitious woman pursuing so many worthwhile projects, go our warmest wishes for a wonderful trip.

Weddings, and More Weddings

By the time you've finished perusing the pages of our latest "journal", it will no doubt be obvious that all the girls in Grosse Pointe are getting married. There just can't be many left to grace our pages! There just can't be. HELP! Tell us there aren't any more. PLEASE!

It is also apparent to us that much of the Pointe's population spends time attending the several ceremonies, even if they have to go to the Upper Peninsula to get to 'em.

As a matter of fact, we noted representatives of several families attending the marriage rites of Abby Purdy, of Newberry, Mich., and Thomas K. Kahn, of Lewiston road.

JOYCE VANNESTE OF BOURNEMOUTH CIRCLE

By Kathy Dickson

There's a housemother at the University of Detroit this summer whom a lot of fellows in universities and colleges would like to have for their own dorm mom. She's Joyce Vanneste and she's only 24, (and has been just since June 22).

Joyce's work this summer as Head Resident Adviser for Shiple Hall at U of D is only the latest experience in a lengthy list of associations with various schools and universities.

Born in Detroit, she attended Wayne Elementary School, St. Juliana's Grade School, St. Martin's High School and Servite High School. Joyce went on to attend the University of Detroit from June of 1959 to August of 1963, earning her Ph.D. degree (Bachelor of Philosophy) with a major in Psychology and minor in Sociology.

About To Get Masters

Joyce then entered the University of Michigan School of Social Work in September of 1963. She will "hopefully, with luck," complete studies for her Master of Social Work (M.S.W.) this month. At the U of M, she concentrated in Psychiatric Case Work, an area in which she did remarkably well.

As part of her curriculum, Joyce spent several hours a week during both of her years at the University working first at a school, and later in a mental health clinic.

Her first year, she spent 16 hours each week in the Special Services Department of the Lenawee County Schools talking to children with emotional problems, and their families. Joyce's second year field placement was at the Beth Moser Mental Health Clinic in Jackson, Mich., where she worked as a therapist for children and adults. She also did some joint work with families, based upon the theory that "if a child is reffered with an emotional problem to a clinic, it's because the family has an emotional problem."

For her work in the clinic, Joyce received grades for the two semesters of A- and A, a most rare and outstanding achievement at the University.

Drawing Is Symbol

Joyce offers as a symbol of her most meaningful experience in her case work a simple drawing that hangs by her desk at home. The drawing, created by a 12-year-old boy unable to verbally communicate with adults, is of a squirrel who always lives underground in tunnels. The picture, a real break through in the child's case, explains Joyce, expresses exactly how the boy felt in the only way he could express it.

"It is through experiences like this one that I have learned that, to understand people, one must learn, in this work, to communicate in each of the various ways people use to express their feelings. Each person may communicate in a different way from the next, as teenagers communicate with their humor their wit and jokes—how they feel."

At the same time Joyce was counseling patients, she also worked as a Resident Adviser at Stockwell Hall, a large dormitory on the Ann Arbor campus. Her duties included closing the house at night, being on duty certain days of the week, medical duties (taking girls to Health Service) "in the dead of night," counseling students living on her corridor, and "beyond that, the duties are defined pretty much by the individual."

Atmosphere Important

"Counselors should try to help provide the best possible atmosphere for the students in order to make their time at the university a meaningful experience. The adolescent stage of the university students is when they, already possessing their basics, solidify their philosophies of life, and the way they will relate to people for the

rest of their lives. Self-involvement is basic to a counselor. He cannot be detached if he wants to help anyone. The foundation for a meaningful experience of guidance is respect, mutual respect; respecting the adolescent for what he is, what he can do as well as can't."

With this philosophy, Joyce worked as a most effective counselor and friend to the girls on her corridor. In November and December of last year, she was promoted to assistant to the Director when Stockwell was short a housemother. Now this summer she has come into her own as a full housemother entirely responsible, under the Dean of Women and Director of Housing, for 110 nuns, 30 lay women aged 20 to 71, and three groups of 80 high school girls attending two-week journalism workshops at U of D.

"I love this kind of responsibility, but I have to remain a little more distant and let my staff do some of the work I did at Michigan."

Finishing Her Thesis

In spare moments, the very few spare moments she has, Joyce works on her thesis for her Master's degree, which is supposed to be finished this week. "Sometimes in the middle of the night I sneak down to the basement and work on it in an empty room." Her working title is "Worker Criteria for the Selection of Treatment Methods." ("The title overwhelms me so much I can hardly work on it.")

With the time she doesn't spend studying, working or counseling, (naturally, she never sleeps), several diverse hobbies occupy her. Perhaps her favorite, and the favorite of those who know her, is her passion for folk music. Not only does she play the guitar (love that Goya!) as well as piano, ukelele, harmonica, cord organ and zither, but she has written both folk songs and poetry and enjoys listening to all kinds of music, "even rock and roll."

But she favors folk music because "it's closest to people."

Currently she spends 15 minutes each day teaching one of the nuns how to play the guitar. The Sister believes it will help her when she begins teaching teenage girls the fall.

Omnivorous Reader

Her second great passion hobby-wise is reading. "I've always got at least three books going, novels and history, usually." She recently finished Churchill's History of the English Speaking People, and has started the first of seven volumes of The History of the Second World War. Churchill is one of her most admired people and Steinbeck is her favorite novelist. "I wish he'd write something more 'cause I've read all of his books." She also reads a lot of philosophy.

Another interest is Belgian history. Her mother was born in Belgium and both of her father's parents are Flemish. He was partially brought up in Belgium. Joyce speaks Flemish and "sooner or later I'm going to teach myself to read and write it."

Joyce also plans to find the time, somehow, to learn to fly.

Going to Europe

But it won't be until at least next year as she will sail on the Queen Mary September 15 for a two and a half month trip to Europe. Traveling with her on the boat will be Karen Adams, daughter of Mrs. V. C. Adams, of South Oxford road, and Karen McKinney, of Rochester, Mich., a fellow counselor at the U of M. Miss Adams will study this year in Edinburgh. Miss McKinney will spend a few weeks with Karen

in the British Isles before joining Joyce in Belgium. Joyce, of course, will visit with relatives.

The pair will then travel to parts as yet undetermined in Holland, Italy, Germany and Spain. One definite stop will be Berlin. "I want to learn how the people feel about the wall. That's the best thing about traveling—the people." Another stop will be a castle outside Paris where her parents discovered relatives last winter.

This will be Joyce's third trip to Europe, her first "on her own." She spent two or three months there, with her parents, the Earl Vannestes, of Bournemouth circle, the winter of '49, traveling mostly in Belgium, and again in 1958, between her junior and senior year in high school, visiting Paris and southern France as well as Belgium.

Travels Extensively

Joyce has travelled extensively in her own country, visiting at least 35 states, and has been to Mexico twice. One of her favorite trips was a month-long camping excursion the summer of 1962, in the Canadian Rockies and along the Pacific coast with three other girls. On the way home, they stopped overnight at the home of a great-aunt of one of the girls, where Joyce fell in love with feather beds. The next winter, the great-aunt sent one to Detroit for Joyce. It has been with her ever since, except at U of D, this summer. "I really miss it."

The future holds great promise for Joyce, though she hasn't yet decided exactly what to do with her life. She quite probably will move to Manhattan where many of her college friends live. She loves New York but has no favorite city as "all cities have something distinctive about them and you like them for that just as you like people for different things. New York is dynamic, Paris historic, and that's what you like them for."

Hasn't Made Decision

Though Joyce hasn't chosen her field of work specifically yet, it will probably have something to do with children. "I enjoy working with adolescents, especially college adolescents—there just aren't enough adjectives to describe them. My work in residence halls has shown me that the best therapeutic situation is a continuing one. Three to four o'clock appointments are too stagnant and I hate schedules. So we'll see what comes up. Something always does."

And, no doubt, something always will . . .

Something New At Bronze Door

If there was a way to improve the exquisite dining room of the Bronze Door, 123 Kercheval on the Hill, Ford and Earl Design Associates found it.

A partition containing three booths will be installed in the back of the dining room to separate it from the kitchen entrance.

The fireplace will be replaced by a decorative serving station and a wine rack installed. George W. Auch & Co. are doing the installation which will not interfere with service.
