A DERAILED car of a Bob-Lo amusement ride sent nine Detroit area youths hurtling to the ground Wednesday night, killing one and injuring the other eight. Identified as Thomas C. Minidis, 17, the dead youth was, as the others, a member of the Senior Youth Group of the Greenfield Methodist Church. They were all on a summer outing which doubled as a going away party for one of the boys who will leave for Western Michigan University in the fall.

Friday, August 27

A FISCAL REFORM PROGRAM which will hopefully add \$200 million in State revenue collections by June of 1968 was backed by Governor Romney and a group of 17 legislators at a meeting Thursday. The key measure rests on a three percent personal income tax which would become effective January 1, 1967. This would be in addition to the one percent taxes presently levied in Detroit, Hamtramck, Flint and Saginaw, raising the total tax to four percent for residents in those cities. The proposal will be considered at a special legislative session this fall. Also included in the plan are a four percent corporate income tax, an increase in the cigarette tax, relief on property, food and drug taxes, a repeal of the business activities tax, and higher exemptions on intangibles.

Saturday, August 28

STATE ATTORNEY GENERAL Frank Kelley asked for and was granted, a delay in a decision concerning a citizen's petition for a grand jury probe of the Wayne County Sheriff's Road Patrol ticket-fixing scandal. Kelley apparently wanted a chance to study the details of the existing probe since he had just entered the Wayne County Prosecutor's office investigation. Meeting for 40 minutes with circuit judges, presiding judge Thomas J. Murphy announced that the petition had been "taken under Prosecutor (Samuel H. Olsen) in view of a request from the Attorney General for consultation before a decision by the bench."

Sunday, August 29

PRESIDENT Johnson called in two special mediators in a last ditch attempt to avert a national steel strike due to begin at midnight Tuesday. The President picked Senator Wayne Morse, Oregon Democrat, and Leroy Collins, Undersecretary of Commerce, as negotiators and directed them "to isolate the issues between the parties and to see what steps can be taken to bring them together." Saturday the two settlers met with both sides for almost two hours in a meeting which Chief Federal Mediator William E. Simkin called an "exploratory session."

Monday, August 30

AFTER 120 TRIPS around the world, Gemini 5 astronauts Gordon Cooper and Charles Conrad sped safely back to earth Sunday and were reported to be exceptionally "healthy, happy and aware." The historic flight, breaking all records, lasted 7 days, 22 hours and 55 minutes. The two men plunged into the Atlantic at approximately 7:55 a.m. Detroit time, and were soon recovered and taken aboard the USS Champlain, which had been stationed waiting for them 900 miles east of Jacksonville, Fla.

Tuesday, August 31

THE STEEL STRIKE set for midnight Tuesday was postponed a week as President Johnson, acting as his own mediator, won agreement from union and management negotiators Monday night. The President made the announcement on television and spoke of the efforts to avoid a strike he said could hinder U.S. military and economic security. With him while he told of the agreement were I. W. Abel, the president of the United Steelworkers of America, and Conrad Cooper of the U.S. Steel Corp.

## Happy Summer Days Fading Into Memories

The call back to classes and nippy nights that chill the water, herald the end of another big swimming season. Teams from Lochmoor, Grosse Pointe Yacht Club and the Country Club of Detroit were very active dur-

ing the summer in the Inter-Club League. This is the gang that represented the Country Club, posed on the edge of their excellent pool next to the golf course and tennis courts.

## To Dedicate New Church October 3

Unitarians Plan Special  
Services to Welcome  
New Minister In  
New Structure

The Grosse Pointe Unitarian Church announced this week that special service installing its new minister and dedicating its new building will be held Sunday, October 3, at 8 p.m.

The service will feature an address by the Reverend Dana McLean Greeley of Boston, president of the Unitarian-Universalist Association, and greetings from the Mayor of Grosse Pointe and representatives of the Jewish, Protestant, and Catholic Clergy.

The Reverend Harry C. Messer, D.D., of New York City will be installed as the fourth full-time minister of the church, succeeding the Reverend William D. Hammond.

The new building, located at 17150 Maumee avenue, is of a striking contemporary design. Architect for the building was the late Charles K. Backus.

Special guests and church officials will gather for a pre-service dinner at the Village Manor in Grosse Pointe.

Members of the Committee on Installation and Dedication are James Graves, chairman; church president John Hamman, Mrs. Nelson Frolund, John Hermann, Creighton Lederer, Mr. and Mrs. Roger McGuire, John Singley, Mrs. Roger Smith and Alfred Taylor.

### DEMOCRACY

There is at least one place where a man can express his opinions without question—and that is in the ballot box.

## Accused Teacher Waives Examination; Awaits Trial

James N. Bowen, 27, of 4926 Maple, Dearborn, a former Pointe school teacher accused of taking indecent liberties with a child, waived examination at a hearing held before Woods Judge Don Goodrow on Wednesday, August 25.

Judge Goodrow continued Bowen's bond of \$500, and bound the man over for trial in the Wayne County Circuit Court.

Bowen was arrested on a warrant charging him with the offense on Thursday, August 12. The warrant was recommended by Assistant Wayne County Prosecutor Dale Devlin.

The accused man resigned his position as a teacher at the Dexter M. Ferry, Jr., School, when the matter first came to light earlier this year.

## Grosse Pointe Artists Set Annual Festival for Sept. 11 At War Memorial Center

Five Groups Invited to Participate in Event Scheduled  
for 10 a.m. to 6 p.m.; Expect to Have  
100 Exhibitors

The original, the bizarre, the conventional, perhaps even the op will be on display Saturday, September 11, from 10 to 6 o'clock in the gardens of the Grosse Pointe War Memorial Center.

Occasion? The Grosse Pointe Artist's Association's annual Art Festival. This is an invitational exhibition, juried by experts, (juried meaning judged and selected for its quality), which will give the public an opportunity to choose good works of art in any medium for a very small price.

### Five Groups Invited

The Festival Committee has voted to invite the following art groups to participate: the Detroit Society of Women Painters and Sculptors, the Palette and Brush Club, the Birmingham Society of Women Painters, art teachers from the Society of Arts and Crafts, and art teachers from Wayne State University.

Included in the exhibit will be demonstrations on the potter's wheel, silk screen, watercolor oil painting, weaving, decoupage and an artist doing caricatures in pastel.

Lunches will be served for those who care to bite and browse.

### BOY BREAKS WRIST

Robert Kalwarczyk, 15, of 21160 Kenmore, Harper Woods, fell from a tree, while playing in Ghesquiere Park, at the rear of the Woods Municipal Building, 20025 Mack, and broke his right wrist. He was conveyed to St. John Hospital by police ambulance, for treatment of the injury.

Expect 100 Exhibitors  
Most importantly, this is the chance for Pointe buffs to familiarize themselves with and support local area artists. There will be about 100 exhibitors and each will be identified by a self-made sign hanging over his or her work.

Chairing the event is Mrs. Edward MacCallum. Co-chairman is Mrs. Walter Stewart. The committee: Mrs. Stanley Dolega, prizes; Mrs. Fred Swartz, mailing list; Mrs. Thomas Jeffers, posters; Mrs. William Pankhurst, publicity; Mrs. David Tennant, demonstrations; and Mrs. Robert Brownell, printing.

## Find Park Man Dead in Home

A Park woman, who got up at 9 a.m. on Saturday, August 28, when she heard one of her three children had awakened from sleep, found a smoldering mattress in one of the bedrooms, and found her husband dead on the bathroom floor.

Park Fire Lt. James Sullivan said he found Robert Page, 39, of 869 Whittier, on the bathroom floor, where he had been found by Mrs. Page.

Page was rushed to Bon Secours Hospital by police ambulance, but was pronounced dead on arrival.

Fire Chief William Graul said that the fire in the mattress was so insignificant, that no water was used to put it out in the house. The mattress and box spring were carried out of the house by firemen, and then doused with water, he said.

The dead man's body was released to the Wayne County Medical Office, where an autopsy was performed to determine the cause of death.

Chief Graul said that it will be about two weeks before a report of the autopsy will be given by the County department.

Probable cause of the mattress fire, the chief said, is a dropped cigarette.

### HUBCAPS STOLEN

Mrs. Margaret Blachut of 1821 Oxford road, lost two hubcaps from her car to thieves, during the night of Monday, August 23. She told Woods police that the theft occurred while her car was parked on the street near her home.

## Lions Club Backs Drive For Safety

Woods Distributing Pam-  
phlets on Traffic  
Rules to Every  
Home

The Woods Department of Public Safety is going all out in its efforts to instill traffic safety in the minds of motorists living in the Woods, by sending easy-to-read traffic rule pamphlets to each home in the city.

Police Lt. Roland Symons, traffic safety officer, and Patrolman Jack Patterson, traffic and school safety officer, disclosed on Monday August 30, that the pamphlets will be attached to the Woods' quarterly report, mailed every three months to the citizens of the community by the city administration.

The pamphlets contain a summary of the basic driving rules, simplified for easy reading, prepared by the Department of Public Safety, and the Woods Citizens Traffic Safety Commission.

The entire cost of printing of the booklets was paid for by the Grosse Pointe Woods Lions Club, an organization active in many of the Woods' civic affairs. Approximately 10,000 booklets were printed as a public service by the Lions Club.

The booklet stresses regulations governing driving, parking, drinking drivers, driver licenses and the right-of-way of emergency vehicles, etc.

For those who do not want to take the time out to read the simply-put rules, which are not hard to understand, it is recommended that they read the point charges, and what can happen if a motorist accumulates 12 or more points, as prescribed by the Michigan Traffic Violation Point Schedule.

Allen Andrews, Jr., director of Public Safety, and Symons and Patterson expressed the appreciation of the department to the Woods Lions.

The booklets will go out with the quarterly reports early this month, it was said.

## Art Institute Announces Hour

Effective Tuesday, September 7, the Detroit Institute of Arts will be open to the public from 9 a.m. to 9 p.m. Tuesday through Friday, and from 9 a.m. to 6 p.m. Saturday and Sunday.

The Museum is closed on Mondays and legal holidays. It will be closed Monday, September 6 (Labor Day).

The Kresge Court Continental Cafe will be open from 11 a.m. to 5 p.m. Tuesday through Sunday.

## Destructive Storm Singles Out Farms On Friday, Aug. 27

Only Pointe to Suffer Heavy Damage; Woods and  
Shores Left Unscathed, with Park and City  
Barely Touched

Wind, rain and hail seemed to have singled out the Farms during the severe thunderstorms that rumbled through the Detroit area on Friday, August 27.

Wendell Baker, superintendent of the Farms Water Pumping Station, 29 Moross road, said that there are no facilities to measure wind velocity, or falling hail at the plant, but did say that the rainfall for Friday totaled 1.51 inches.

He said that the first rainfall recorded on that date was between 3:30 a.m. and 3:50 a.m., when a total of .80 of an inch came down, with .58 of an inch coming down on the area during the first few minutes.

The second downpour was recorded between 7:55 p.m. and 8:05 p.m., during which time a total of .71 of an inch deluged the Pointe, with .66 of an inch falling within the first 10 minutes.

A report from the United States Weather Bureau at the Metro Airport, disclosed that the thunderstorms in the area were accompanied by half-inch hail and winds up to 72 miles an hour.

The elements hardly touched the Park, City, Woods and Shores, but blasted a small area in the Farms.

Hail pummeled the Farms, and strong winds blew down wires, trees, poles and limbs in a small section in the city.

Police recorded damage as follows:

Charlevoix and Moran, high tension wire down. High tension wires down at 77 Lakeview (pole also down); Grosse Pointe boulevard and Stanton; rear of 114 Grosse Pointe boulevard; rear of 190 Lewiston; 257 Merriweather; 31 Kerby and 36 Newberry.

Trees and limbs down at Grosse Pointe boulevard and Oldbrook, Ridge road between Lewiston and Moran, Grosse Pointe boulevard and Cambridge; rear of 70 Kerby; 60 Cambridge; Grosse Pointe boulevard and Lothrop road; 66 Touraine; Charlevoix, between Moran and Kenwood court; and at Kerby and Lake Shore road.

In the Park, only one tree, at 1216 Bishop road was hit by lightning during the height of the storm; and in the City, Mrs. Mary Grasse of 692 Washington, reported lightning struck her house and blew three quarter-inch holes in the ceiling of an upstairs bedroom of her home.

Outside of rain and possibly hail pelting the Woods and Shores, no damage to public or private property was reported.

## Shores Garden Club To Meet

Grosse Pointe Shores Garden Club's first meeting of the season is scheduled tomorrow, Friday, September 3, at 12 o'clock, at the Hampton road home of Mrs. Robert Patterson.

## Teachers Spend Summer Taking Graduate Courses

Fourteen members of the staff of the junior high school of The Grosse Pointe Public School System used the summer recess from their teaching duties to return to college and university campuses to attend a wide variety of classes and workshops.

At Pierce Junior High School, for example, James Hunt pursued a master's degree at the University of Illinois, while Miss Helen Van Loo was a student at Western Michigan University.

At the north end of the school district, seven teachers from Parcels Junior High School attended classes during the past summer. Miss Janet Bolton took graduate work in English at Wayne State University, while Miss Janet Collinson and Miss Christine Stuart attended classes at the Sorbonne in Paris, France, through an arrangement with Temple University.

## Police Nab Youth After Wild Chase

Attempt to Avoid Pursuing Officers

A 17-year-old St. Clair Shores motorist led Woods and Shores police on a 70-mile-an-hour chase through Woods streets before he was captured on Saturday, August 28.

Arrested was Thomas A. Franks of 23158 Westbury, who was charged with reckless driving (70 miles an hour in a 25-mile zone). Franks was released after posting bond of \$100, pending an appearance date before Woods Judge Don Goodrow.

Woods Patrolman Albert Abend, the arresting officer, said he saw Franks going east on Lochmoor boulevard at a high rate of speed, and gave chase.

The officer said that the (Continued on Page 2)

## Four Accused In Theft of Car

Three Pointe youths, and one from Detroit, arrested by Park police on Wednesday, August 25, and accused in warrants of being in possession of a stolen car, were arraigned before Park Judge C. Joseph Belanger. Warrants charging the youths with the offense were recommended by Assistant Wayne County Prosecutor Dale Devlin.

Arraigned on the Wednesday date was Robert Stevens, 18, of 624 Roslyn road. The other three appeared in court the following day. They are: Timothy Pawchuk, 19, of 1127 Kensington; Dennis Berndt, 19, of 615 Westchester; and Rodney Luzi, 19, of 8281 Marion, Detroit.

The youths, represented by attorneys, all stood mute, and pleas of innocent were entered for them by Judge Belanger, who released the four on \$2,000 bond each, pending a definite examination date.

According to information released by Police Chief Arthur Louwers, Sgt. Thomas Martin and Patrolman Henry Wilson were patrolling Kercheval at 2 a.m. on Saturday, August 21, when they observed Stevens in his car, pushing a 1965 Corvette with three boys in it, down Three Mile drive. The officers took the four into custody, and drove them to the station for questioning.

## Staff of 768 All Set for Bells to Ring

Student Population Sets an  
All-Time High of 11,610;  
May Reach 12,000  
This Year

With all administrative and supervisory personnel on duty since Monday, the final plans for the beginning of classes in The Grosse Pointe Public School System were made during the past week. All students will report for a regular schedule on Thursday, September 9.

Registration of pupils new to the Grosse Pointe school district was handled in all buildings this week. School officials urge parents of any child who is to attend classes in the public schools to enroll their children before 3:30 p.m. on Friday, September 3.

Total staff of the Grosse Pointe Public School System for the 1965-1966 year number 768, and includes 241 elementary and 268 secondary teachers. The Grosse Pointe Public Schools also employ 80 office workers and 101 plant personnel.

### 11,610 Students Counted

Records maintained by the school's Department of Pupil Personnel show that the student population in June reached an all-time high of 11,610. Predictions for the coming year could reach 12,000 before June of 1966, schools' officials said today.

They base their prediction upon a number of factors, including figures contained in school census data gathered in the spring. Among the factors affecting the school's enrollment are these:

Since 1950 the total population of Grosse Pointe Woods has more than doubled, that of the Shores nearly trebled. The school census (the 5 to 19-year-olds) and the May membership have more than doubled since then.

In the past five years Grosse Pointe Woods alone has gained more than 2,000 people, while the rest of the school district has gained nearly an equal number. Grosse Pointe Woods experienced the greatest gain of all the municipalities in its 1965 census as compared with 1964.

### 68,924 In District

It now has 21,979 residents, 750 more than last year. Total school district population is up 1,389 from 1964 for a grand total of 68,924.

There was a total gain in the school district of 555 children (through 19 years). The largest gain in any age bracket occurred in the 12-14 group, with 285 listed.

Grosse Pointe Woods continued to lead all categories in comparison with the other municipalities; it had more residences under construction, more residences, more children in each age grouping, and more persons per residence.

Defer had more pre-schoolers (558) than any other elementary district. Ferry was second with 550, followed by Poupard with 546. Ferry led in the 5-11 age group with 1,230.

In the 12-14 and 15-17 age groups Monthle led the other districts while Kerby had the most 18-19 year olds. Defer had the greatest total (2,957). Ferry experienced the greatest total gain with 293 more children than in the 1964 census.

Grosse Pointe Woods led the municipalities with 67.6 percent of their 5-19-year-olds in public school. The City followed closely with 65.6 percent in public school.

### Workshop Being Held

A three-day workshop for newcomers to the professional staff of the public schools is underway at the present time, with approximately 75 persons in attendance. The conference, slated to end tomorrow afternoon, will provide new staff members with an overview of procedures followed in the local public schools.

Yesterday the group was greeted by Dr. Charles H. Wilson and other members of the administrative staff. At a luncheon held at noon at Grosse Pointe High School, Dr. Frank H. Parcels, vice-president of the Board of Education, delivered the opening remarks. (Continued on Page 2)

Elementary and secondary teachers meet separately today for a review of policies at their respective levels. Tomorrow they will all meet for a final general session.

Tuesday and Wednesday of next week are devoted to organization meetings and planning conferences at all levels of instruction. Dr. Dean Berkley of Indiana University will be main speaker at the all-system meeting scheduled for 10:15 a.m. on Tuesday in the auditorium of Parcels Junior High School.

**Calendar Highlights**  
The calendar for the school year in The Grosse Pointe Public School System shows that the buildings will close on Thursday and Friday, November 4 and 5 for teachers' conferences. The Thanksgiving recess is scheduled for November 25 and 26.

Winter vacation begins after the close of school on Tuesday, December 21, and lasts until Monday, January 3. Spring vacation is scheduled from April 8 to April 18. Graduation exercises at Grosse Pointe High

School are set for Thursday, June 16, with all classes ending on Friday, June 17, 1966.

Site improvement plans throughout the school district this summer included landscaping, blacktopping and repair of fences.

Remodeling and improvement at the various buildings included the addition of shelving, acoustical tile, and outdoor floodlights.

**Summer Maintenance**  
The recently-completed summer maintenance program included painting and repairs to the roof of Richard, the replacement of some blackboards at Trombley, the pointing of door jams at Brownell. At Parcels the sump pumps and vacuum pumps have been overhauled.

Throughout the school system worn-out equipment has been replaced where necessary. Some new film projectors have been added at Barnes School, while filmstrip projectors, gym mats and projection screens have been added at Kerby. At Mason School replacement of classroom furniture and gym equipment this year received priority.

At Grosse Pointe High School the locker rooms have been renovated and enlarged. The bookstore facilities have been improved, as has the English planning room. Two new classrooms have been made by utilizing space in the balcony of the auditorium, and quarters housing TV teaching classes in the business education department have been improved. Before the advent of cold weather the passageway connecting the various buildings will be enclosed.

At Brownell Junior High School three small doors separating the gymnasiums have been replaced by a large folding door. At Richard School alterations have been made in the kindergarten areas.

School officials report that all supplies, including texts, furniture, and instructional materials have been delivered to the individual buildings.

## Wild Chase

(Continued from Page 1)  
youth drove to Holiday road, ignoring a stop sign, turned south on Holiday, ran a stop street at Torrey, where he made a left turn and headed east on Torrey at speeds of 70 miles an hour. Shores Patrolmen Melvin Yacks and Leo Corradi made the chase.

In his effort to escape the policemen, Franks sped through a stop street at Wedgewood and Fairford, another at Morning-side and Fairford, and still another, at Ballantyne and Fairford, where he made a right turn and lost control of his automobile.

**Bends Left Wheel**  
The vehicle struck the curb with such force, the left wheel bent and began to wobble. The car continued on and came to a stop in the side drive of 569 Ballantyne.

Franks gave no explanation regarding his behavior when he was arrested. He was taken to the Woods station, and issued a violation ticket.

## Senior Ladies Launch Season

The Grosse Pointe War Memorial-sponsored Senior Ladies Club will resume its meetings on Wednesday, September 8, at 12:30.

Open to all women in Grosse Pointe aged 60 or over, the group meets the second and fourth Wednesday of each month except August. Usually a tea is followed by cards, but occasionally special programs are introduced and the group each year contributes presents to the Children's Hospital.

Birthdays are usually special occasions for the senior ladies and a small fund is set aside for flowers and get well cards for members who have to miss meetings.

Those who do not have transportation available to and from the Center can usually work out some arrangement with other members. A special invitation is not needed, but if any are hesitant about coming, the Center will put them in touch with some current members who will be on the lookout to welcome them.

## Errant Trucker Clears Warrants

Eddie L. Maxwell, 27, of 2999 Canton, Detroit, can get his operator's license back, now—that is, if he hasn't accumulated too many traffic violation points.

Maxwell received assistance from Shores police on Tuesday, August 24, in paying up several outstanding traffic warrants against him. Because he had not paid his fines, his license had been suspended by the Secretary of State's Office in Lansing, Maxwell said.

Patrolmen Chester Painter and Gordon Swartz said that they were patrolling Lake Shore road at about 8:15 p.m., when they observed Maxwell driving a dump truck, which had no tail lights. The trucker was stopped on Vernier road, in front of the old Vernier School. When asked for his operator's license, Maxwell told the policemen that he had left it at home. At the station, he changed his story and stated that his license had been suspended because he had failed to pay fines on outstanding traffic warrants issued by Detroit authorities.

At 9:30 p.m., Maxwell was arraigned before Shores Judge George Beauchamp, and found guilty of driving while his license was suspended, for which he was fined \$25, and paid court costs of \$10; and was fined one dollar for not having tail lights on the truck. He paid the fines and costs.

Shores authorities called Detroit police and were informed Maxwell owed fines totaling \$42, in their warrants.

## Douse Two Fires At Stein's Store

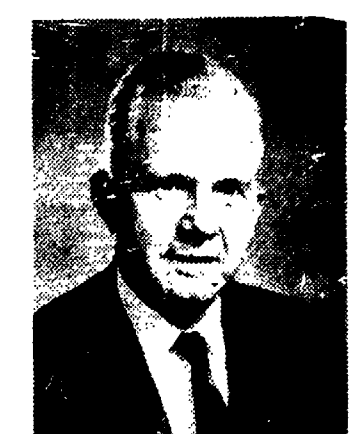

City firemen responded to two alarms within four days at the S. S. Stein and Co. store in Ker-cheval avenue in The Village.

On Tuesday, August 24, it was reported that an awning was afire. When equipment arrived, however, the fire was out though firemen employed the booster to make sure. They ripped off the burnt part of the awning. The fire was supposedly started by a cigaret.

Then on Friday, August 28, the City pipemen worked 32 minutes to extinguish a rubbish fire at the rear of the store. Upon arrival, they found flames running up the side of the building, scorching the cornice. The blaze was soon under control. It was assumed that vandalism was the cause.

### Juvenile Lucky In Gun Accident

A 13-year-old Detroit boy narrowly escaped serious injury, or death, when a bullet, accidentally fired from a revolver, penetrated his left arm on Wednesday, August 25. The boy was taken to St. John Hospital by Woods police, for treatment of the wound.

Det. Sgt. Allen Selby said that a 15-year-old Woods boy, employed by a cousin-owner of the House of Gems, 19591 Mack, and the younger lad were in the store alone. The 15-year-old was watching the store while the owner was out.

The 15-year-old discovered a five-shot revolver in a shoulder holster in the store, and removed the shells, and put them in what he thought was a safe place. His companion, however, unnoticed, reloaded the fire-arm and went to the restroom at the rear of the store.

As the 13-year-old emerged from the room, the 15-year-old observed that he had strapped on the shoulder holster, with the revolver in it, and reached out to take the gun away from his friend.

As the older boy grabbed the gun and was pulling it out of the holster, the firearm discharged, and the bullet penetrated under the skin of the younger boy's arm, just below the elbow.

Police said that the bullet passed through the boy's arm, struck a metal door at the rear of the store, bounced off and ricocheted off the wall, where it spent itself and fell to the floor. The flattened bullet was recovered by the police officers sent to the scene.

Sgt. Selby said that the shooting was accidental, and no charges were made in the matter.

### Tim Filbin Wins Honor At Columbia Academy

The Department of the Army, U.S.A. Instr. Gr. (M.S.O. ROTC) Columbia Military Academy, Columbia, Tenn., confirmed the promotion of Cadet Master Sergeant Tim Filbin to rank of Cadet 1st Lieutenant and Company Commander of Company "A" of the Cadet Corp at Columbia Military Academy.

Tim is a Senior at C.M.A. this year and a Three Letter Man on the Academy Rifle Team.

Formerly a student at Pierce Junior High School, he is in his fourth year at the Academy and will return shortly from a month's tour of England, Scotland and Ireland to receive the good news of his promotion.

Cadet 1st Lt. Tim Filbin is the son of Mr. and Mrs. William R. Filbin of 709 Middlesex road.

### Arrowmen Hold Conference

The young men pictured here were among the 58 Order of the Arrow members from the Detroit Area Boy Scout Council who attended the 1965 National Convention of the Order of the Arrow, held from August 27 through the 31st on the campus of Indiana University at Bloomington, Indiana. Left to right are: DAN WOOD, 597 Fisher; CLAYTON EVANS, 337 McKinley; and ART REZANKA, 952 Westchester.

The Arrowmen from this community joined over 3,000 fellow delegates from Scout councils all across America for the five-day, 50th Anniversary National Conference at Bloomington.

The Order is a nationwide brotherhood of Scouting's honor campers who work quietly in the background to help make camping opportunities available for all boys in Scout troops and Explorer posts. There are nearly 1,500 members currently active in the Mi-Gi-Si-O-Paw-Gan Lodge of the Detroit Area Council. Many of these members are adults who have continued their service to Scouting after their own Scouting experiences.

Gathered recently at MRS. ALVAN MACAULEY, JR.'S Kenwood road home to address invitations to the Junior Council of the Founders Society Detroit Institute of Arts' formal dinner dance September 25, featuring the music of Lester Lanin, were MRS. ROBERT SCHERER, JR., East Side invitation chairman, and MES-DAMES LEO J. FITZPATRICK, JR., BRUCE DAVENPORT, MYRON MAY, STEPHEN SMITH, HARRY JEWETT, PETER VAN OSDOL and WILLIAM HOWENSTEIN.

### Court Praises Wisdom of Age

An elderly Park man, who voluntarily surrendered his operator's license to Judge C. Joseph Belanger on Wednesday, August 25, was lauded by the judge, "for this wise action."

Giving up his right to drive was George Balle, 80, of 1244 Maryland, who handed his license to the judge, stating that he had reached the age when he should stop driving a motor vehicle.

Judge Belanger praised the "young man" for taking this step, and for being human enough to realize the frailties of age.

The judge said the license will be sent to the Secretary of State's Office in Lansing, with

**QUINELLA**  
SI, SI.....AQUI, AQUÍ

I am a prejudiced witness.  
I think there is greater drama, more excitement and thrills in thoroughbred racing than any other sport.

I am not standing alone in the middle of the track with that viewpoint either.

Racing **OUTDREW EVERY RIVAL SPORT** in Detroit in 1964. The thoroughbreds attracted 1,672,130 fans. We are well on our way to helping top that total for our current season.

I think racing's growth and popularity can be traced to one basic thing ... a **FUN FACTOR**. We must compete with many other attractions for your time and your entertainment dollar. Consequently, our job becomes one of making racing real fun for you ... of making the Detroit Race Course a place where you can relax and enjoy yourself in the most pleasant atmosphere and delightful surroundings.

The **QUINELLA**, which we are introducing to Michigan racing fans, is one of these **FUN FACTORS**.

What is a Quinella?  
It is a form of pari-mutuel wagering which is **NEW** to Michigan, but time-tested, exciting and highly popular elsewhere in the United States, Canada and South America.

The imaginative race track operator who originated the Daily Double, Canadian Leo Dandurand, also is responsible for introducing the Quinella to North American sports fans. He borrowed the idea from a jai alai fronton in Rio de Janeiro and, along with an associate, James Monroe, first tried it in 1931 at old King's Park in Montreal.

The **QUINELLA** races at the DRC are

the fourth and the eighth daily. In Quinella betting, the object is to select the first two horses in the race, regardless of the order of their finish. The selections can run first and second, or second and first, and you still collect on your wager.

It makes for added racing excitement and thrills, just as does the ever-popular Daily Double, which we run on our first and second races.

The **QUINELLA** is just one of the many **FUN FACTORS** at the DRC. Coming up is the big Labor Day Week-end. Why don't you join us for it?

Our new \$3,000,000 clubhouse is open. It's the talk of the town and of the racing world.

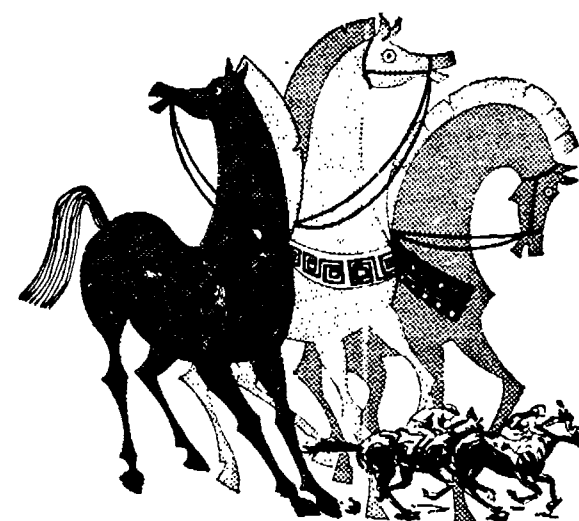

We have two excellent dining terraces, "The Winner's Circle," in the new clubhouse, and "The Mile Terrace." There's a picturesque old world tavern, "Ye Olde Tired Horse Pub"; beef buffets and snack bars. Your reservation for the dining terraces is invited. Call GA 1-7170.

Our racing program will be highlighted by the \$10,000-added Mile Trial on Saturday, Sept. 4, and the \$25,000-added Labor Day and the \$10,000-added Union Special on Monday, Sept. 6.

Our "Corridor of The Stars" has a superlative collection of 30 paintings of thoroughbred racing scenes by Fay Mowery Moore, the nation's foremost feminine artist of the sports world.

**FUN FACTORS** ... you will find them everywhere at the Detroit Race Course.

### Pat Reynolds admits she was wrong!

(She was sure electric dryers were more expensive. Then we showed her these money-saving facts.)

- 1 Gas dryers cost a couple of pennies less per load to operate; we'd be the first to admit it. But with electric dryers you still come out ahead. Read on.
- 2 Electric dryers cost less to buy. Model for model, prices run about \$20 to \$40 lower than gas dryers.
- 3 And now, for a limited time, this lower price includes installation and wiring, if needed, when you buy from one of the many dealers participating in this special sales event.
- 4 Electric dryers cost nothing for electrical repairs or labor. Gas dryers? Well, you can get a manufacturer's repair service policy—but it will cost you up to \$120 over the first five years of operation alone. Of course, if your dryer is electric, Edison comes out, repairs electric operating parts, and leaves without leaving you a bill! (It's the only no-charge dryer repair service offered by a utility company in this area.)

Add up ALL the costs and you'll see what Pat Reynolds saw—electric dryers actually cost less to own.

### Brownell Shifts Lunch Schedule

Brownell Junior High School will be operating under a modified "closed campus" plan during the 1965-66 school year. In this type of plan, all students, except those living within a certain specified walking distance of the school, are required to eat their noon lunch in the school cafeteria.

Students may purchase their noon lunch from the cafeteria, or they may bring a sack lunch from home and purchase milk from the cafeteria.

Each student has been scheduled for noon lunch into one of three lunch periods, 11:30-12:05; 12:05-12:40; 12:35-1:10.

It will be necessary, then, because of the 35-minute lunch period, to permit only those students who live within a five-minute walking distance from school to go home for noon lunch. Students living within the boundaries of Belanger on the north, Beaupre on the west, Lothrop to Madison on the south, and Mack on the east, are encouraged to go home for noon lunch providing they are not tardy to class upon return to the school. Students should time their return to school so as not to arrive earlier than five minutes before their next class begins.

Parents who wish their child to be permitted to go home for noon lunch regularly, must make this request in writing to the building principal. Upon receipt of the written request, the school will issue a "Home Lunch Permit." All other students will be restricted to the school campus during their noon lunch period.

### September 8 Session For Detroit Garden Club

Members of the Detroit Garden Club will gather for their regular meeting next Wednesday, September 8, at the Grosse Pointe War Memorial.

### Parochial, Private School Students Ready for Classes

Approximately 6,530 new and old students will be attending classes when the five parochial schools servicing the Pointe open their doors on Wednesday, September 8, according to official information.

An additional 675 pupils will be on hand when the Grosse Pointe University School, 1064 Cook road, opens its door on Wednesday, September 8. It was disclosed by Headmaster Joseph C. Riddleberger. The total number of students are enrolled in both the high school and grade school, the headmaster of the private institution said.

Only two parochial schools, St. Joan of Arc in St. Clair Shores, and St. Ambrose, in Detroit, are not actual Pointe schools, but a large number of students from the Woods attend St. Joan, and a large number from the Park are enrolled at St. Ambrose.

St. Joan is just over the Woods-St. Clair Shores city limits line; St. Ambrose church and rectory are located in the Park, and the school is just over the line in Detroit.

St. Joan, staffed by the Sisters of St. Joseph of Nazareth, Mich., is strictly an elementary grade school, and this year has an enrollment of 1,940 pupils, according to Sister Susanna, S.J., principal.

St. Ambrose, which has grades one through 12, has an enrollment of 400 high school students, and 775 grade school students. The latter will begin the school term on Wednesday. Freshmen and sophomores

will begin classes on September 8, and juniors and seniors will start on September 9, according to released information.

The school is staffed by the Sisters of St. Dominic of Adrian, Mich. Sister Marie Grace, O.P., is the principal of the high school, and Sister Bernard Marie, O.P., is principal of the grade school.

St. Paul School, 170 Grosse Pointe boulevard, staffed by the same Dominican Order as St. Ambrose, will officially open on September 8, with Wednesday and Thursday set aside for student orientation, and a full day of school starting Friday, September 10. The high school enrollment is 365, and that of the grade school, 780.

Principal of the high school is Sister Ann Judith, O.P.; and of the grade school, Sister Marie Alphonsus, O.P.

St. Clare de Montefalco School, elementary only, has an enrollment of 1,260 students, according to Sister Assumpta, O.P., principal, and head of the staff of the Dominican Order from Columbus, O. School opens at 9 a.m. on September 8, she said.

Our Lady Star of the Sea School, 467 Fairford, is staffed by the Sister of the Immaculate Heart of Mary of Monroe, Mich., and is a high school and grade school. The high school enrollment is 260; and the grade school, 750.

Mother Donna Mary, I.H.M., is the principal of the high school and convent head; and Sister Mary Cyprian, I.H.M., is principal of the grade school.

### School Staff to Hear Coach of Speech Champs

### Legion Founders Honor Baldwin

Only 21 of the original 1,500 former generals, captains, sergeants and buck privates who formed the Society of American Legion Founders in 1919 met in Portland two weeks ago for the Legion's 47th National Convention.

Paul R. Baldwin, of Whittier road, was one of them. And besides that, he left Oregon as the society's newly-elected president.

Helping to organize the Legion which today numbers more than 2.5 million members, the founders were members of one of two groups. Holding only to the dream of an American veterans' group, 400 caused in Paris in early 1919. Later in the year 1,100 members met in St. Louis to formally organize the Legion.

Council who will be guiding this and subsequent activities of young people at the War Memorial are Rick Ludwig, president; Bill Radcliffe, vice-president; Sue Flinterman, secretary; and Dave Anderson, treasurer.

This first "Other Side" of the school year will be strictly an informal non-date affair featuring the very popular "Underdog" Band under the leadership of Jack Louisell. Soft

drinks will be served from a stand up bar and during intermission a discotheque featuring popular records will continue the dancing in the absence of the band.

## Wave Lengths

By Anne Boynton

We might as well have had a hurricane Saturday in the eyes of the 149 skippers who started in the Crescent Sail Yacht Club's 32nd annual regatta. Quite a few sails were fluttering in the 30 mph "breezes" which close to evidence themselves right about race time, and only 103 boats finished the course.

Actually, the gusts were not too noticeable inshore. Out in the middle of the lake, however, they were of the "blow the man down" variety and the results were dismantling to say the least. Boats were dismasted, course markers downed, and a committee boat was in a collision.

Poor Bob Harris and his 28-foot sloop, Bob-Eth, which was the stake boat at the first mark, she was dismasted and rammed, causing a hole to be thrust in her bow.

Also dismasted was Charles Keresztes' Manon which was high in contention for the Crescent class win, but forced to surrender in the second leg of the nine-mile course.

Finally, in an attempt to avoid further difficulties, race chairman John Fennessey canceled short course activities for all classes.

Though they provided some thrills, the class A leaders apparently and fortunately didn't have many spills. Leading all the way, Tom Hanson secured a victory in Dauntless, winning by a minute and 16 seconds on corrected time. Second in line was Winsome, piloted by Skip Grow and Carter Sales. Apache and Falco II followed.

Hank Burkard churned out the best corrected time of the day to outdo Guy McNaron's Bounty sloop. Vashiti, and clinched the class B win. Meteor completed the 18-mile course in two hours, 11 minutes, and 50 seconds.

A mere 14 seconds separated the class C contenders, but Gerald Murphy's Cal 30, Blue Bird, swooped its way to a triumph. Giving way to Murphy was second place Chuck Bayer in Pilot.

Boats in Cruising D were in all kinds of trouble! So much so, in fact, that they missed the mark and were not approved. Therefore, prizes for this class will be determined at the DYC Sweepstakes. One of the class D winners who avoided the mess at the mark was Doug Wake in Velerio. However, he was unable to beat Gerald Sharp's corrected time of 1:09:35 and gracefully accepted a second.

Before we give you the complete results, though, we'd like to hoist some thanks, this being the last sailing column of the summer: to Wilbur Smale, Vincent Famularo, Bob Verhelte, George Van, and Frank McBride we couldn't be more grateful. They've all been exceptionally helpful in rescuing a non-sailor in distress!

## Woods Conducts Tennis Tourney

Saturday, August 21, saw the beginning of the second annual Grosse Pointe Woods Tennis Tournament, under the direction of William Duell, the Recreation Department's tennis instructor.

The tournament lasted for an action packed week and included five divisions: mixed doubles, mens doubles, mens singles, womens singles and boys singles. Eighty residents participated in the week's activities. All matches were started in Ghesquiere Park at 9:30 a.m., on Saturday, August 21, with the preliminaries being held during the day and the finals in the evening.

In the men's singles event the defending champion Fred Williams was defeated by a newcomer, Dick Kellerr.

In the women's singles, one of the most popular events, there was an unexpected turn of events when defending champion, Linda Bique, was beaten by another member of the Keller family, Sue. Although Sue was beaten in the finals, 6-4, 6-4, by Mrs. M. J. Forish, it was still a remarkable performance for a first year tennis player.

The boys' finals saw another of the Keller clan overcome obstacles and come out victorious. Defending champion, Tom Keller, 12, soundly defeated Doug Brown, 16, who plays for the Grosse Pointe High School tennis team.

The most popular divisions seemed to be the mixed doubles, with 12 teams, and the womens singles. In the mixed doubles, a more congenial atmosphere prevailed. But, the Keller family retained domination, with Dick and Sue Keller winning the finals 6-3, 6-2.

Men's doubles was a repeat of last year's event when Dick Keller Sr. and Buzz Busbey defeated Bill Berns and Roberts in the finals, 6-2, 6-1.

At the conclusion of the women's singles on Saturday, August 28, trophies were awarded to all winners and runners up, winding up another successful year on the courts.

## Going Somewhere?

Anyone who leaves The Pointe in the summer without necessity dictating the move, should have his head examined. We have imparted this advice to our readers for many years, being firm believers that our fair and favored community offers, from May to November, as many vacation lures as can be found anywhere.

Well, we have put in a call for the phenologist and eagerly await his diagnosis. We succumbed to the siren call of far-away places two weeks ago and tried to jam into six days a schedule that could be comfortably handled in not less than two weeks. We flew to Albany, picked up a rented car and drove through the mountains to Hanover, N.H., to take in an informal weekend class reunion at Dartmouth. During the next five days we traversed large sections of that state, Vermont, Massachusetts, Connecticut, New York and Pennsylvania.

Things started out badly, and we should have had enough sense to call the whole trip off right then. Leaving The Pointe in bright sunshine we headed for the airport with the top down on the convertible. Instant rain came tumbling out of an unseen black cloud and drenched us to the skin while unkindly reminding us we had forgotten to take along a raincoat.

Other highlights of the crowded excursion included a flat tire on the rented car while attending a class picnic miles from any garage, high in the hills of Vermont, then discovering that the spare had a bubble the size of an ostrich egg. This required limping fearfully for 40 miles to the nearest agency of the rentee, then marking time while all tires were checked and several changed.

Then there was the little incident of tumbling down an extraordinary steep hillside in Westchester County, N.Y., one evening, when we stepped off a deviously-twisted walk in the unlighted darkness, attempting to find our way from the house down to the swimming pool terrace. Not too much damage... multiple brush burns from the sturdy shrubbery that rushed by with amazing speed as we grasped frantically for something to break the fall... a gouged knee... a practically brand-new pair of slacks torn beyond repair, and a sport jacket sufficiently soiled to strike despair into the heart of the cleaner. To say nothing of a frightfully deep wound to the dignity.

There was also the most frustrating hour spent trying to find a special parking lot at the New York Worlds Fair. We had been invited to come straight to the executive parking space at the General Motors exhibit, with instructions to leave the parkway which runs through the fair grounds, via a service road. Caught in the bumper-to-bumper traffic tearing down the parkway at 50-60 miles per hour, we were completely through the fair area before we realized we had missed the cut-off. The next exit was half way to Kennedy Airport. Getting off, circling and looking for the next entrance to get back, we were rushing once more through the heart of the fair and back towards the Tri-Borough bridge. We covered a mighty portion of Long Island, on and off throughways, before getting advice, from a patient man in the middle of Astoria, that guided us to our destination.

In connection with the visit to the Fair, we must express our great gratitude to the friends at the General Motors and Ford exhibits who perform such miracles in making the occasion memorable. They go out of their way to think of things to make fair-going easy and pleasant; their buildings and shows are magnificent; their contribution to the Detroit image, tremendous.

The final stinkeroo of the journey east was the most unpleasant of all. We had driven from New York up to our summer place on Lake Wallenpaupack in the Pocono mountains, spent the night with daughters and grandchildren and left the next noon for the Scranton-Wilkes-Barre airport to turn in the car and negotiate the final leg of the trip. It was a beautiful day and a beautiful road... a stretch straight as a pencil, at least a mile and half long, not a car in sight. As we neared the one farmhouse in the area a Pennsylvania State Trooper barged from behind a high hedge and flagged us down. We were, he told us, going 65 mph while the speed limit was 50. Radar had given him this information, which we deemed slightly exaggerated, as we stopped and backed up within 100 feet after being so rudely interrupted.

We couldn't have been more polite as we apologized, asked if he thought we had been driving recklessly and told him we had to catch a plane for Detroit. We are completely convinced that from the moment he heard this he had but a single thought in mind... to make us miss that plane. While he studied and re-studied our driver's license with the meticulous concentration he might be expected to devote only to the newest issue of Playboy, I noted there was a sign on the farmhouse lawn designating it as the residence of a justice of the peace. I repeated that I was trying to get a plane and suggested that we get inside, see the J.P. and get it over with so I could be on my way.

"He isn't home", was the frightening reply, the only words my captor had condescended to utter in five minutes. When I asked where we went from there, he carefully guarded his stony silence, got in his car, (also bravely hidden behind the hedge), and picked his phone off the dashboard hook. For what must have been 20 minutes and seemed like three eternities there were garbled and scratchy mutterings, punctuated by a dozen "1040's" and long periods of silence. To cut an excruciatingly long story short, this clown in official uniform had us follow him five miles in the direction away from the airport, to the headquarters of another J.P. We asked permission to use the phone and in the presence of the justice called Allegheny Airlines and asked if there was any chance of holding up the flight. The flight was on time, we were told, the airport was 20 miles away and the take-off was scheduled for 19 minutes later.

Armed with this information, the pair aligned against us continued stalling tactics to clinch the deal. Our request to pay the fine and be mailed a receipt was met by the filling out of forms, laborious legal quizzing, etc.

Bless Allegheny! When we pulled into the airport, long after departure time, there sat our plane. We jam-

med into the one open parking space, directly in the main entrance of the terminal, unlocked the trunk, an airline employee grabbed our bags, we climbed aboard the ship whose motors were running, the door slammed and away we went. A few minutes later, when the "No Smoking" sign went off and we reached for a cigarette, we were slightly dismayed to find the keys to the rented car in our pocket and realized we had failed to check it out. No big problem... we were down in Erie about an hour later and went to the agency's booth there and turned over keys and papers and advised them their property was blocking the entrance to the Scranton terminal.

Don't get us all wrong. Despite the fact that we had packed and unpacked in three different states in six days, covered we won't know how many miles until we get the car bill, run into these few rather disturbing experiences, it was a lot of fun to see the old classmates and friends, the lovely New England landscape, get a glimpse of the Fair, have dinner at "21", see the children and their kids and go boating at the summer camp. But it was also wonderful to be home and we still maintain it's most difficult to beat The Pointe, especially during vacation time. One feels so secure here.

## What Goes On at Your Library

By Virginia Leonard

Let me count the ways (if Peter De Vries can borrow it for a title from Elizabeth Barrett Browning, I can confiscate it for an opener) — I repeat, let me count the ways I've enjoyed my just-now-ending summer vacation. It has been replete with varied experiences and has included two trips.

First, sequentially, I must record my day jaunt to New England—a locality with which I've been carrying on a love-affair for many years. I seem to need the scenery, sea air and general atmosphere every few years to recharge my batteries; also, luckily, several tried and true friends live in this area.

This year my husband and I added a new dimension by visiting Yale University where I renewed a friendship of college days by looking up my former Italian Professor, Dr. Thomas G. Bergin, (the author of the new DANTE). Here, in a whirlwind of about 24 hours we had a tour of the campus, (including the Library, naturally!) ate at Mory's (women not allowed during the college year) and reminisced like mad. Then on to Scituate on the South Shore of Boston to visit ex-Grosse Pointers, the Chumblays. (Mrs. Chumblay worked as part-time Librarian for the Grosse Pointe Public Library some years back). This sojourn included an unexpected trip down to Plymouth where her son, Mike, at Boy Scout Camp only one day, had forgotten several important items such as tennis shoes, sweat shirts and the like.

It's hard to part from old friends, but we had a schedule, so on to Cape Ann to spend a day with former companions we'd originally met in Vermont. Just to live on Cape Ann would seem to be sheer heaven, but these people had just bought a cottage right on the water, so our visit was extended an extra day as the weather was perfect, the new second-hand convertible for exploring, the scenery gorgeous, and the lobster so succulent. So finally we came home, sunburned, sandy, overweight but terribly happy.

Four days at home encompassed the usual washing and ironing, cleaning and getting reacquainted with our two sons. Then off again, this time to Chicago to attend a two-day conference sponsored by A. C. McClurg & Company and held at the Sheraton-Chicago. If by this time I'd forgotten what a book looked like my memory was refreshed quickly for I was bombarded on all 25 sides by book publishers and their

wares. We were handed tons (literally) of their brochures announcing fall publications. We heard them talk for almost eight hours, looked at their attractive displays, listened to Madeleine L'Engle speak (author of Newberry winner in 1963 for A WRINKLE IN TIME) at a luncheon meeting.

At a cocktail party we had the opportunity to meet approximately 60 local authors of both juvenile and adult books. I think my most enjoyable encounter was with Charles Merrill Smith (author of that delightful new HOW TO BECOME A BISHOP WITHOUT BEING RELIGIOUS). He was just what I expected — witty, warm and friendly. Dinner with McClurg representatives and a tour through the McClurg Company at Elk Grove Village (about 35 miles outside of Chicago) rounded out this jam-packed but most rewarding visit. We headed for Ann Arbor where we exchanged cars with our U. of M. son, Tom, who had somehow inveigled us into lending him the convertible for a short trip he wanted to take before college opened. And finally, HOME to Detroit.

Our other son has just left for a one-week canoe trip in Upper Michigan, and my husband and I are girding our loins to face the reality of the working world. We've crowded a great deal into a few weeks — it's been a bit heady but informative, broadening and fun.

And I think that from a vacation such as this, one brings many things back to one's job also. Fresh ideas; memories of favorite haunts and people, new and old scenes; a reaffirmation of values; the thoughts and philosophies of other people in different localities. All this and more, it would seem to me, can make for a better librarian, who can, hopefully, do a better job than she did before. At any rate, we can only try.

My profound thanks go to a dedicated and efficient Processing Department who carried on beautifully in my absence. Also, heartfelt kudos go to Barbara Harrison of the Woods Branch, Louise Leeson of the Central Library and Peggy Schmitz, of the Processing Department, who contributed fine Library Columns in my absence.

## From Another Pointe of View

By Janet Mueller

Calling ALL dirt gardeners! Thursday, September 9, is the day to bring your prize dahlia, eggplant or whatever to the sunroom of the Grosse Pointe War Memorial for the annual Horticulture Exhibit sponsored by the Garden Center.

Mrs. Donald A. Williams is in command of the affair this year, assisted by Mrs. David N. Viger, who was last year's chairman.

Entries will be accepted for judging in the morning; then, in the afternoon, from 2 until 5 o'clock, all interested gardeners are urged to visit the display and enjoy a tea party.

Mrs. Valentine Guenther, past president of the Garden Center, will do the flowers for the tea table, using blooms from the nearby Trial Gardens over which she has presided this year.

Miss Marie Louise Anderson supervised the mailing of notices to the thousand Garden Center members, and Mrs. Benjamin W. Stockwell, Mrs. Harold W. Bailey, Mrs. C. Bayard Johnson and Miss Christine Edwards have busied themselves with other important jobs, all necessary for a truly fine show.

Vincent De Petris and James Farquhar will be the judges for this Merit Exhibit, awarding ribbons to the winners.

(We wonder how Mrs. Jerome Remick's vegetables will fare — her garden has always turned up winning beauties . . . and too bad the season is over for Mrs. Richard Webber's superb iris! . . .)

Grosse Pointe has many avid gardeners, including current Garden Center president Mrs. Ivor David Harris, who grows all sorts of flowers and vegetables. Mrs. Harris is in Ireland just now, but will be returning soon . . .

## Julia Hoyt Is Bride Of Douglas J. Read

Couple Traveling In French Canada; To Live In Detroit, Where New Mrs. Hoyt Will Be Completing Senior Year At Mercy College Nursing School

St. Joan of Arc Church, St. Clair Shores, newly dedicated August 26, was the scene Saturday of the wedding of Julia Clare Hoyt, daughter of Dr. and Mrs. Charles Noye Hoyt, of Woods lane, and Douglas John Read.

The Nuptial Mass was celebrated at noon by Reverend Edward Rapp, of Chicago, Ill., a cousin of the bride.

For her marriage, the former Miss Hoyt chose a white peau de soie gown, styled with a chapel length train. Her bell-shaped skirt was appliqued with Alencon lace, embroidered with seed pearls, and an obi sash with a rose accented her back waistline.

Her headpiece, a peau de soie rose tipped with seed pearls, held her elbow length bouffant illusion veil. She carried a bouquet of Amazon lilies, stephanotis and ivy.

Mary Stommel, of St. Clair, Mich., was maid of honor. Bridesmaids were Virginia Gray, of Glenview, Ill., a cousin of the bride, Barbara Foster, of Royal Oak, and Susan Damm, of Grand Blanc.

The attendants were dressed alike in floor length, short-sleeved frocks of mint green taffeta, fashioned with lace bodices and accented with darker green velvet ribbon at their waistlines.

Their mint green taffeta petal headpieces caught their short-silk illusion veils, and their flowers were auratum lilies. The honor maid's bouquet was accented with yellow roses.

Robert W. Read served as his brother's best man. They are the sons of Mr. and Mrs. John D. Read, of Franklin.

Ushering were Birney C. Hoyt, brother of the bride, Thomas J. Faber, Dennis A. McManus and Ray A. Voss.

A reception in the Crystal Room of the Whittier Hotel followed the ceremony.

Mrs. Hoyt wore a peacock blue chiffon dress with matching accessories and pinned Georgian-na orchids to her purse, while the bridegroom's mother chose a two-piece champagne beige embroidered linen gown, brown-toned accessories and a corsage of Georgian-na orchids.

The bride's grandmother, Mrs. Charles P. Rapp, of Evanston, Ill., was dressed in pale green and wore a corsage of yellow Sweetheart roses.

After a wedding trip through French Canada, the newlyweds will make their home in Detroit, where the bride will complete her senior year in the Nursing School of Mercy College.

SUSAN B. CARL, daughter of MRS. ROBERT O. CARL, of Manor road, received her Master's degree from Northwestern University at the end of the summer school session. Susan is a 1960 graduate of Grosse Pointe High School, and was graduated from Kalamazoo College. She spent part of her Kalamazoo junior year studying at the University of Caen in France. She is a Biology major, and has accepted a position at the Conant High School, Palatine, Ill.

## Miss Kelly Marries Michael E. Winters

Boat Club Reception Follows Saturday Rites; Couple Traveling In Northern Michigan; To Make Their Home In Detroit

At a 12 o'clock ceremony in St. Ambrose Church Saturday, Joy Ann Kelly, daughter of Mr. and Mrs. George Merrill Kelly, of Westchester road, became the bride of Michael Edward Winters.

He is the son of Mr. and Mrs. James A. Winters, of Jackson. A reception at the Detroit Boat Club followed the rites.

For her wedding, the former Miss Kelly chose a gown of white peau de soie with a "two-inch band of pearls and crystals" trimming her elbow length sleeves and hem of her A line skirt. A tiny bow accented her Empire waistline.

Her elbow length silk illusion veil fell from a tiny, leaf-shaped pearl clip. She carried a small cascade of white roses and ivy.

The attendants wore floor length, sleeveless gowns of pale pink linen, their Empire waistlines defined by hot pink embroidered flowers and green ivy leaves.

## Salvation Army Seeks Clothing

Those happy days are almost here again. Wise mothers are sorting out last year's back-to-school clothing and calling The Salvation Army for a free pickup. The number is WO. 5-7760.

Clothing that children have outgrown will be welcome by smaller tots whose mothers depend upon The Salvation Army's Red Shield retail stores for dresses, suits and coats at low prices.

Your donation will have a double charity purpose in that it helps homeless men working their way back to better living at the Men's Special Service Center at Lafayette and Sixth—and also giving deserving needy children good clothing at attractive prices.

So why not phone WO. 5-7760 right now? A Salvation Army Red Shield truck will respond to your call.

Cover your ears! . . . when members of the James P. Danaher family begin to blow their whistles. Young Jim Danaher returned to his Colonial road home after six weeks in Europe, bearing gifts for everybody, including a marvelously piercing siren whistle, made in England, covered in Italian leather, small enough to carry in a pocket and loud enough to stop traffic three blocks away. His father is so intrigued by The Sound that he has written abroad, ordering whistles for the whole family, and can hardly wait until every member of the Danaher household, whistle-equipped, lets loose at a Lions' football game, (we predict they'll empty the stadium!) . . . Jim and two classmates at Portsmouth Priory School, Portsmouth, R.I., spent the summer touring The Continent, visiting friends. They stopped in London, Paris, Nice, Rome, Florence, Lucerne, Geneva and Frankfurt. Between now and returning to Portsmouth in mid-September, Jim will enjoy a few days' vacation with his family at Shanty Creek Lodge.

**Tip for Women Who Want to Know More About Money . . .** look into the Wayne State University course on Finance for Women, to be taught this fall by one of our most fascinating recent Pointers of Interest, Lillian Hogue. It will be a 12-week course and, as far as we know, the first comprehensive coverage of the subject in the Metropolitan Detroit area.

Her shins are still black and blue — guiding a wheel chair and its occupant through square dance figures takes a good deal of practice!—but Cheryl A. Salomon . . . daughter of Mr. and Mrs. Earl William Salomon, of Lochmoor boulevard, would not have traded her experience as a volunteer housemother for muscular dystrophy victims at Camp Rankin this summer for the smoothest, most beautiful legs in the world. The camp, only one of its kind, enables MD victims, bound to their wheel chairs for 365 days of the year, to break the monotony of their existence. Volunteers such as Cheryl, an education major at Michigan State University who will be graduated this year, supervise the activities of the campers and accompany them on cook-outs, fishing trips, swims and nature hikes. Proceeds from the annual benefit Derby Ball, (\$7,500 was raised this year), make the camp program possible, and the volunteers serve as arms and legs for the crippled campers.

**Bursting at the seams . . .** this summer, was the William H. Bundesens' house in Lincoln road. Visitors included the Bundesens' daughter, Ana, and her husband, Captain Richard A. Stevenson, and their three children, Kimberly, Richard and Todd, who came from Newfoundland for a three-week stay. After 30 months way up in cold Canada, where the winter snow is measured in feet, (the two boys were born there), the young Stevensons positively reveled in our "warm" Michigan sunshine. Coming from Chicago to complete the family reunion were the Bundesens' daughter, Lillian, her husband, Curtis A. Comier, and their son, David. The Stevensons joined the Corniers in the Windy City for a short vacation before proceeding to Tennessee, where Captain Stevenson will be stationed at a United States Air Force Base near Smyrna.

The longest, straightest hair . . . we've seen locally, belongs to Michael Ann Mullen, daughter of the Janarius A. Mullens, of Washington road, (no, she can't sit on it YET, but in a few more months . . .)

Both Miss Harris and her mother, Mrs. William P. Harris are Sigma Gamma members who have given many service hours to the Association which founded and sponsors the Detroit Orthopaedic Clinic, a Torch Drive agency.

Mrs. Joseph Spitzley is general chairman of the black tie affair. Committee members include the Mesdames Lowrey Kammer, Richard C. Kern, James A. Humphreys, Jr., Alden Gallup, Everett Moeller and William Witherspoon.

### Busy Year Ahead

A busy, busy year is in store for members of the Detroit Symphony Orchestra's Junior Women's Association, who gather September 16, at the Grosse Pointe Yacht Club, for their 1965-66 season opening general meeting, luncheon and fashion show.

October activities include an orientation meeting in the Lower Level of the Ford Auditorium, for new members only, and an "Evening with Karl Haas" with an afterglow to follow at the Detroit Boat Club.

Albert and Mary Norris Tipton will provide the program for November 10's general meeting at the Pontchartrain Hotel.

## Pointer of Interest

WILFRED "TOOT" GMEINER, OF PEMBERTON ROAD

By Anne Boynton

For a man who once made his living selling peanuts, "Toot" Gmeiner is sailing free and easy these days. But as the popular skipper would attest, there's quite a bit of sea to cross between peanuts and Apache.

What exactly was Wilfred Douglas Gmeiner's occupation before his retirement a few years back? Well, that's hard to say. If there's one thing he wasn't though, it's a narrow-minded professional. "I have always felt that a person ought to be flexible enough to move from one job to another," he professed. "It gives you a vast knowledge and a greater understanding of other people's problems."

And here is a man who can obviously substantiate an opinion which might well be flaunted by others as highfalutin' hogwash. So, let's substantiate.

### Started on Planes

His first job was building airplanes with the Stinson Aircraft Company in Wayne, Mich. After a year the company was bought up so Mr. Gmeiner left the aviation field and went into . . . well, from here on, the jobs don't necessarily follow in order.

Anyway, the list goes something like this: from the aviation business he started selling tires with Goodyear, then switched to work in an automobile collision and repair shop, then to the creamery business, to retailing, to peanuts, and to working in a laundry. He was with H. F. Mulkey Co. tool sales for awhile and also worked in advertising for the Jam Handy Corp. Then on to Motor City Distributors where he was a co-owner until his retirement in 1958.

Whew! "And there are a few more I wouldn't want to list," Mr. Gmeiner chuckled, but curtailed the discussion by saying that "If you don't like something, you should get out." He confessed, however, that he liked everything he did—buying, selling, administration, and ownership, and could not admit a preference for any one occupation.

Except perhaps marriage which he has been at since 1933. He met his attractive wife Ruth, the former Ruth Campbell, daughter of the late Detroit civic leader Harvey Campbell, in 1927 at a dance at the Detroit Yacht Club.

### Sailor Since Age 14

And sailing, where "Toot", admittedly, changes tack. He's been afloat since the age of 14 when he sailed with his uncle at the DYC on "Calypso", a 54' yawl. Since then he's raced on every type of boat imaginable—catboats, racing boats, 6 meters, 12 meters, schooners, ketches, yawls, sloops, and cutters.

He prefers craft to be about 45 to 50 feet long. "I like a boat that's good and solid 'cause your life depends on it," he said. He spoke from experience as he recalled 110-mile-per-hour winds coming back from Bimini 10 years ago. He was on Away, a sister ship of his boat, Apache, along with Mrs. Gmeiner, the Harlow Davocks, and Bill Law. Also, the 1954 Mackinac race in which only four boats, of which Apache was one, finished.

The elite group of which Apache and Away are a part, is composed of only 20 vessels. Of these 20 which sail the seas of the world, six are of the immediate area.

### Good To Each Other

Apache, a 45-foot New York 32 sloop, has long been good to "Toot", and he to it. Together they have won the Mackinac race five times, more than any other duo. In fact, the combination is known all over the Great Lakes and points south as one which rarely loses.

The skipper has been sailing

the renowned race since 1941 when he acquired Apache from Tommy Fisher. And he hasn't missed a year since. This is quite an accomplishment when one considers that he's chalked up about 60,000 miles in connection with Mackinac races alone.

When Apache was his, "Toot" was ready to go. He swept the honors at the 1942 DYC Memorial Day regatta and went on to take a Class B win in the Mackinac. In 1943 everything was in order for a total Mackinac triumph. Since then, Apache has been and is the boat to beat.

The Port Huron to Mackinac jaunt, the annual Nassau contest, and the bi-annual Bermuda run, are Mr. Gmeiner's favorite courses. So was Cuba before we lost her.

### Took 12 DYC Crowns

In addition to claiming Mackinac fame, Apache has also taken the DRYA (Detroit Yacht Association) crown for the best overall performance at year's end 12 times. To count up actual Class A wins in the DRYA competition races would, of course, be impossible. Suffice to say that the number would be staggering.

Then too, "Toot" has sailed the southern circuit for over 20 years. Last year was no exception. The Gmeiners took the boat to Florida to campaign with it in the races down there. They have, he says, piloted Apache over some nine or ten thousand miles of sea this past year. And that's quite a few waves, anyway you look at it.

Although she doesn't race, Mrs. Gmeiner often accompanies her husband on cruises. "She's a good sailor," Mr. G. vows, then added, "She never gets sea sick." Mrs. G. interpreted the comment as meaning, "I can keep the eggs in the pan."

### Boys Have Crewed

The rest of the Gmeiner family has naturally spent much time afloat. Both boys have crewed with their father for the Mackinac run quite a few times.

Douglas, 22, has done a lot of crewing especially having taken a year out of his studies at Ferris State College to sail south with his family. At Ferris he is undecided as to a major—either advertising or marketing.

Another son, Frank, 27, is an electrical sales engineer with Fife Electric. He is married to the former Linda Miller and has three children.

Daughter Nancy, now Mrs. Jack Fife, hasn't sailed as much as her brothers, but no doubt follows their adventures. The Fifes have added four grandchildren to the Gmeiners' brood though, who have been sailing since they've been in diapers.

### World's Biggest Club

Besides actual racing, Mr. Gmeiner has additional water duties. As the present Commodore of the Detroit Yacht Club, he has immeasurable responsibilities. "It's a lot of work besides being an honorary job," he confessed. Understandably so, when one notes in passing that the DYC is the largest

yacht club in the world with a membership nearing 3,500. Boat ownership runs in the neighborhood of around 400 with well space for about 50 less, a shortage which "Toot" has attempted to alleviate during his term.

Before being lifted to the DYC Commodoreship, Mr. Gmeiner served the club as committee man, director, and treasurer. He has also been Commodore of the Cruising Club of Detroit.

And that's still not the end of "Toot's" water dogging. He's in the yachting business, selling boats in this area as a representative for Henry Hinckley and Co.

So, just why does the helmsman of Apache find so much enjoyment in a sport which is merely a pastime for most people? "Because every time you sail, it's a challenge," he said. "There's always variety." Also, he added, "Sailing is the most Corinthian of sports."

**Always in Motion**  
Anyway, one can well see where his sailing philosophy fits in right along with his theory of the placid life. A calm sea certainly doesn't make an interesting race. Neither does a non-static life without ups and downs make for enlightening experiences. Sometimes the rough waves are the best for the boat—they test its endurance and worth.

On land, Mr. Gmeiner is game for still more adventure. As part owner of an amphibious airplane, he has flown all over the Bahamas. He also houses a passion for fast cars—two Mercedes 300 SL's which he's had for years.

But whether on land, sea, or in the air, "Toot" is always in motion . . . and likes it that way.
