INDIA and PAKISTAN are on the verge of an all-out war, as they engaged in a major battle over disputed Kashmir. Pakistan planes shot down four Indian fighter-bombers in air battles. Never before in 18 years of often bloody quarreling had either India or Pakistan used air power in combat roles. Kashmir is the Himalayan state divided by a UN ceasefire line into Indian and Pakistani sections. UN Secretary General U. Thant appealed to both nations to pull back their armed forces and respect the ceasefire line.

Friday, September 3

INDIA and PAKISTAN continued to battle for possession of Kashmir, with Pakistan gaining the advantage with U.S. arms used in violation of aid agreements. U.S. diplomats sought a U.N.-established ceasefire.

CONFIDENCE grew that steel contract negotiations would be settled before the strike deadline of midnight, September 8. President Johnson, worried about possible effects of a strike on the economy, continued subtle pressure on negotiators in Washington to reach an early agreement.

Saturday, September 4

A STEEL STRIKE was definitely averted Friday evening with President Johnson's announcement that management and labor had reached "essential agreement" on their contract dispute. The strike, threatened for Wednesday midnight, would have halted 80 percent of the nation's steel production, and was the biggest danger to the national economy in months.

Sunday, September 5

DR. ALBERT SCHWEITZER, for over half a century physician to African tribesmen, was buried today near the jungle hospital to which he devoted most of his life. He died in peace Saturday night in his hospital in Lambaré, Gabon, following a stroke suffered a week earlier. Tributes to the 90-year-old Lutheran minister and religious philosopher flowed in from all over the world as his many years of humanitarian service came to an end.

Monday, September 6

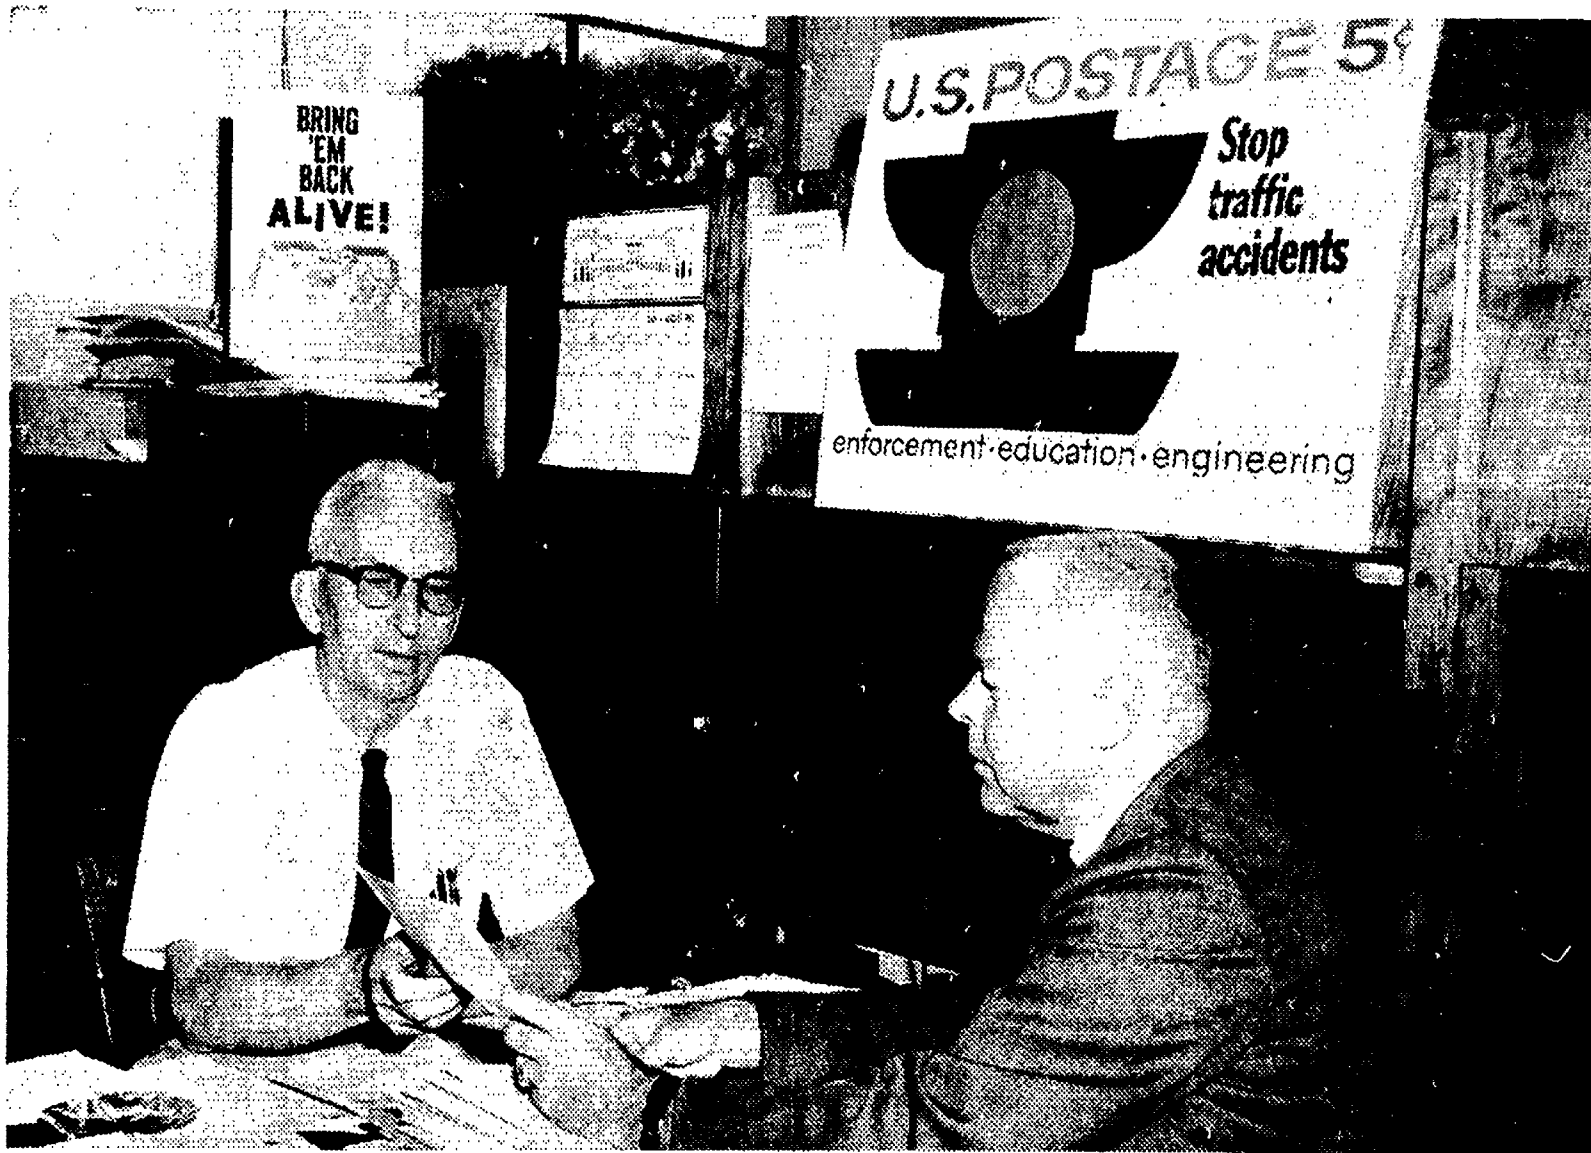

SELMA, ALABAMA, where five months ago racial strife gave a primary impetus to formulation of the new voting rights law, was quiet today as 19 Negro children registered for classes in three formerly all-white schools. Police stood guard, but the atmosphere was calm. Meanwhile, white schools in two other Alabama towns turned away large groups of Negro pupils who tried to enroll, and the man who led 200 arrested Negroes on the February march to Selma, Dallas County Sheriff James G. Clark, was fined \$1,500 by a Federal judge in Mobile. He was declared in contempt of court for violating a Federal restraining order against the march.

Tuesday, September 7

MIAMI and the rest of south Florida prepared for Hurricane Betsy's high tides and howling winds as the storm crossed Great Abaco Island in the Bahamas and continued on her south-west course. Winds reached 140 miles per hour on Great Abaco, and Nassau felt its full force this morning.

INDIAN TANKS, infantry and jet planes attacked west Pakistan Monday in a three-pronged strike aimed at Lahore, Pakistan's second-largest city. Indian troops were believed to have advanced 15 miles from the border to the city's outskirts by Monday night. Meanwhile, Indian air attacks destroyed Pakistani freight trains, military vehicles and outposts, while Pakistan paratroopers raided at night far behind Indian lines in Punjab. UN Secretary General U. Thant announced Monday night that he will visit the feuding nations in an effort to end the growing Kashmir war.

## New Stamp Ally in Safety Campaign

The postage stamp is the latest ally in the campaign to reduce traffic accidents. A five-cent commemorative stamp with this theme is now on sale at the Grosse Pointe post office. WALTER A. BINNEY (left), assistant superintendent of the Grosse Pointe branch post office, sold the first sheet of the stamps to GEORGE MEASEL, manager of the Grosse Pointe division of the Automobile Club of Michigan. Binney noted the Auto Club's summer-long "Bring 'Em Back

Alive!" traffic safety campaign. Richard R. Hurd, a New York City artist, designed the three-color horizontal stamp, shown enlarged on the wall. The post office printed 115 million of the stamps, the usual number for a commemorative. Auto Club has distributed more than 1,500,000 pieces of literature this summer in its educational campaign to promote safer, more alert and careful driving.

## City-Farms Fish Rodeo Big Success

Girl Tops Field of 400 Participants; 26 1/2-Inch Muskies Caught in Pre-Rodeo Contest

For two hours Saturday morning, children from the City and Farms fished from the Farms Pier, participating in the annual Fishing Rodeo. This event climaxed several weeks of pre-Rodeo fishing for the boys and girls of both the Pointes.

Pre-Rodeo contests attracted many of the regular young fishermen from the two parks. In the City, pre-Rodeo winner for the girls was Mary Winkler with a 17-inch pickerel, while Chuck Winkler caught a 19-inch pickerel to win for the boys. Victors from the Farms were Carol Mastrosianni with a 16 1/2-inch sucker and Jim Kerr with a 26 1/2-inch muskie. Over 30 fish were caught during the pre-Rodeo period.

The Rodeo itself took place on Saturday, September 4, from 8:30 to 10 a.m. Sharon Wicklund caught a 9-inch rock bass to take first among the City girls, and Scott Wicklund won for the City boys with a 7 1/2-inch bass. Two boys tied for first place in the Farms share of the contest. Paul Nuyen and Jack Klick, Jr., brought 11 1/2-inch carps to the judges' stand for measurement.

## Marter Area Residents Petition Woods to Curtail Heavy Trucks on Street

City Traffic Experts to Make Study and Review of Problem This Month to Seek Possible Solution in the Matter

Demands by residents living in Marter road and surrounding areas, that the Woods curtail heavy traffic on Marter, will be studied by the Department of Public Safety and the Citizens Traffic Safety Commission, according to a joint statement made by City Administrator Chester Petersen and Director of Public Safety Allen Andrews, Jr.

Copies of the letter of the demands made by the residents were sent to the State Highway Department and to Petersen and Andrews.

Both Woods officials said that although it is true that Marter road is not a state highway, it is still classified as a north and south major arterial street by the State Highway Department, and gasoline and diesel fuel taxes are given to the Woods for the maintenance of the road.

Only Through Street The road cuts through the residential section, from Vernier road "rough to Lake Shore road, and is the only through street in that immediate section. Other streets in the area are either dead end, or are staggered, creating an inconvenience to motorists.

Trucks heavily loaded with building materials are using the road, which initiated the complaints of the area residents.

Petersen and Andrews said that the section is presently under development by subdivision contractors, which could account for the heavy truck traf-

fic, and when the subdivisions are fully developed, the traffic would probably ease up.

However, they said, the matter has been referred to the experts in the Department of Public Safety and the Citizens Traffic Safety Commission, for study and review, in the hope that a solution can be reached to alleviate the problem as much as possible, under the present circumstances.

## Burglars Steal Color TV Set

A valuable console color television set was stolen from the Pointe Electronics, 1975 Mack avenue, during the dark hours of Saturday morning, September 4, by burglars who smashed a store window to steal the set.

Wood's Patrolmen Albert Abend and Thomas Podeszwick were dispatched by police radio to investigate a report from a citizen that an alarm was ringing from the store at 4:35 a.m.

The policemen said they arrived at the scene to find an 8x6-foot window on the north side of the store smashed, and a brick among the broken glass. The owner's wife, Mrs. Donald C. VanDamme of 1693 Brys, was notified by the Department of Public Safety, and she in turn called Sloane Barbour of 16902 Cranford, vice-president of the firm, to investigate any loss.

After checking over the premises, Barbour informed authorities that the burglars had stolen a Zenith console 21-inch color television set, valued at \$365.

The citizen who had called police when he heard the alarm go off, told the officers that he had seen someone running to the nearby alley, and heard what sounded like a late model car start up and move away. He said he did not see the make of the car, nor did he get a good look at any persons.

The case was assigned to Det. Sgt. Allen Selby and Det. Gerald Kensora.

## 4,000 Kids Guests of Metro Club

More Than 5,000 Hot Dogs Consumed at Annual Field Day at Neighborhood Club

The 24th Annual Field Day, sponsored by the Grosse Pointe Metropolitan Club, Spirit No. 20, held at the Neighborhood Club field on August 28, was the most successful in the history of the organization, according to David Taylor, club president and chairman of the affair.

Taylor disclosed that more than 4,000 Pointe children and their parents participated in the Field Day, the largest number that has ever taken part in such an event. Last year and the year previous, approximately 3,000 persons were in attendance.

Plenty of Music

The gala crowd was entertained by the Aristochords Band and the SHE'S Combo Band. The American Legion's 40 & 8 Boxcar was never empty of passengers. Equally busy was the fire truck of St. Clair Shores Bruce Post 1146, VFW. Both took the kids for rides around the area.

Another concession that did not lack young customers, was the ponies, which the boys and girls took turns riding.

Taylor revealed that more than 5,000 hot dogs were consumed by the happy crowd, as were 50 huge bags of popcorn, more than 6,000 cups of cokes, and "gobs and gobs of candy."

Many Prizes Awarded

Hundreds of balloons were distributed, and many games were participated in by the children and beautiful prizes awarded to winners.

The Metropolitan Club sponsors the annual inter-city fishing rodeo in the Pointe, Little League Baseball and other athletic activities and civic ventures in the Pointe. It also sponsors a Juvenile Program to help combat juvenile delinquency.

Membership in the club is comprised of policemen and firemen of the five Pointe departments.

VANDALISM REPORTED

Robert E. McKean of 166 Ridge road, complained to Farms police on Tuesday, August 31, that vandals dumped all equipment surrounding his pool, chairs, tables, etc., into the swimming pool on his property.

## Many Innovations Being Introduced At Public Schools

Curricular and Organizational Changes Made In Many Of Systems Buildings; Nearly All Grades Affected

With the beginning of classes at all levels of instruction in The Grosse Pointe Public School System set for today, school officials announced a number of curricular and organizational innovations.

At Defer Elementary School,

for example, Dr. Glen Cooper, principal, revealed that children enrolled in one kindergarten section will begin their reading readiness activities early in the year, and will be introduced to a beginning reading program later in the year if they are capable of it. Children selected for the special section are the more chronologically-mature youngsters who have entered the experimental group with parental knowledge.

Some of the children concerned, those with birthdays in October and November, were eligible to begin kindergarten a year ago. The new approach will enable members of the staff to adjust the program to the maturity level of the children.

John Hammel, principal of Mair School, indicates that he and his staff have developed an improved schedule of conferences dispersed throughout the year to avoid proximity to recesses and holidays.

All Conference Room

Edwin Wendt, principal of Ferry Elementary School, said that the scheduling of an additional section of fourth graders will fill his last available classroom. A conference room has been constructed in a second-floor hall, he added.

Principal Roger O'Connor of Barnes Elementary School has announced that the curriculum of the second grade classes will include a continuation of recently-developed early elementary (Continued on Page 2)

## Burglars Raid Vacated Home

Two teenage boys were seen leaving a Park home on Thursday, September 2, that had been vacated by the owner just the day previous, according to information released by Park Police Chief Arthur Louwers.

The home, located at 15440 Windmill Pointe drive, is owned by Charles Helin, who had moved from the house and had taken most of its contents with him.

A caretaker of the property, name not given, told investigating officers that he saw two boys, between the ages of 15 and 17 years, running from the house, carrying a canvas bag. There was still several small articles left in the house, but what was taken, if anything, is not known, it was said.

It was surmised by the police investigators, that the boys were fishing in the area nearby, and when they apparently did not catch any fish, decided to break into the house.

The house was entered by forcing the south door on the east side of the building, police said.

The incident is still under investigation, it was said.

## Woods Officer Discharged After Complaint by Girl

Ronald Ross of 20511 Hollywood, Harper Woods, a special officer employed by the Woods Department of Public Safety, was fired from his job by Director of Public Safety Allen Andrews, Jr., on Wednesday. Ross was charged with conduct unbecoming an officer.

Andrews disclosed that as a special officer, Ross was empowered only to enforce the Dog Ordinance, as dog warden, and to issue violation tickets for overtime meter parking. Ross has had the job for about three months.

Ross was dismissed from the department, following an investigation of a complaint made by a 21-year-old Woods girl, name withheld, who told investigating officers that on Tuesday, August 31, she was traveling east on Vernier road, at about 1:30

## Teeners Hurt As Car Hits Tree in Park

Girl Very Seriously Injured; Companions Released After Treatment in Hospital

Three teenagers were injured, one seriously, when the car in which they were riding crashed into a tree on Kensington, 169 feet north of St. Paul, Friday evening, September 3.

Seriously injured, and reported holding her own in Bon Secours Hospital, is Beth Mary Stephens, 15, of 3477 Bedford, Detroit. The others hurt were Douglas Casmer, 18, of 10444 Dupree, Detroit; and David Weiler, 18, of 423 McKinley avenue. Casmer and Weiler have since been released from the hospital.

Casmer was treated for abrasions about the body and cuts about the face; and Weiler, for deep lacerations of the right ear, and a slight one on his forehead, and abrasions of the right arm.

Undergoes Surgery

Miss Stephens was given immediate surgery at the hospital for several fractured ribs, a punctured lung, and for the removal of a ruptured spleen. She was also treated for serious multiple cuts about the face, head and neck. Hospital officials report her condition as fair.

According to Park police, Casmer, driver of the car, was traveling north on Kensington, when he somehow lost control of the vehicle in front of number 113. The car jumped the curb and crashed into a tree in front of 119 Kensington.

Car Total Loss

Police Chief Arthur Louwers said that the car, a 1962 Plymouth convertible, was a total loss.

Investigating officers were unable to question the accident victims at the scene, or at the hospital, to find out what had caused Casmer to lose control. The matter is still under investigation, the chief said.

GOLF SET STOLEN

Mrs. Rita Tretzer of 290 Kenmore, informed Farms police on Monday, August 30, that a complete set of golf clubs, four woods and nine irons, and a putter, all in a green golf bag, plus a pair of white golf shoes were stolen from her car parked in the Woods Theater lot. The information was relayed to Woods police, who have jurisdiction in the matter.

## Court Asked For Approval Of Proposal

Grant of \$225,000 by Joy Foundation Would Enable School System to Acquire Property

Attorneys for the Neighborhood Club have started action to obtain legal permission for the club to sell its property in the City of Grosse Pointe to the Grosse Pointe Public School System for \$225,000.

The Pointe Board of Education revealed at its meeting on July 12 that it had accepted a grant of \$225,000 from the Helen Newberry Foundation to purchase the site, subject to court approval. It is this approval which is now being sought.

The petition asking the approval was filed in Wayne County Circuit Court by the club attorneys, Benjamin H. Long, David M. Preston, L. Stanford Evans, Jr. and Charles R. Kinnaird. The plaintiff, whose official name is the Mutual Aid and Neighborhood Club of Grosse Pointe, states in the petition that it intends to use the net proceeds of the sale in furtherance of its corporate charitable purposes.

To Build Across Street

It is understood the club will erect a new building for its headquarters, in the parking lot across Waterloo avenue from the present condemned building. That structure has been closed since August 1963, when it was considered unsafe.

It has been reported that the club's new building might house, in addition to offices, a teenagers' drop-in canteen. Since the clubhouse has been closed the organization has been carrying on its recreational and educational program in various school buildings and churches, and at the War Memorial Center. The athletic facilities on the club site, including tennis courts, baseball diamonds and playgrounds, have remained in use.

The law requires that notice of the proceedings in this case be published at least once a week for four weeks. Such notice will appear in this paper. The court will set a hearing date on the petition and following publication of notices for four weeks, not less than 30 days is legally designated for answer to the petition (complaint), or such other action permitted by law.

The original grant of the land to the club was made by the late Dexter M. Ferry, Jr.

For Entire Community

Negotiations between the Joy Foundation and the Board of Education were conducted by Harold Husband, Assistant Superintendent Administrative Services, and Henry B. Joy, Jr., son of the late Helen Newberry Joy, who is president of the Foundation.

Mr. Joy said the grant was made because the Board of Education is the only governmental body serving all of the Grosse Pointes. He stated the acquisition is to be used for public recreation for the entire community embraced by the area of the school system, which includes a small portion of Harper Woods.

Mr. Joy further stated he hoped the Board of Education and each of the municipalities would appoint members to a committee to investigate ways and means by which the facilities of the club could be used to best serve the entire community.

The case has been assigned to Judge James Canham of Circuit Court. On Tuesday morning he set Friday, November 7, as the date for the hearing. He has also designated Attorney General Frank Kelly as defendant in the suit to act for the public interest in general.

THIEF TAKES HUPCAPS

Elmer Herschelman, 16, of 677 Shoreham, lost four hubcaps from his car to thieves on Thursday, September 2. He told Woods police that the theft occurred while the car was parked in the Woods Theater lot, and while he was attending the movies.

## Marter Area Residents Want Traffic Curtailed

(Continued from Page 1)  
elimination of the traffic, claimed that they petitioned the State Highway Department to remove a huge sign on Vernier road, which indicates in bold letters, that the driver is approaching Marter road, which leads a driver to assume that the street is a throughway or state highway.

The citizens said that officials of the Highway Department are willing to remove the sign, if Woods officials requested this, but no such request has been made, the citizens charged.

The letter to the State and Woods officials, submitted by the citizens, is written verbatim, as follows:

"Where do we go to collect for damage to our homes caused by heavy traffic and the fact that the city has opened Marter road as a State highway, allowing cement trucks and other trucks carrying exceedingly heavy loads to use this thoroughfare exclusively?"

"We insist on Marter road being made into a ONE WAY NORTH STREET and parallel streets such as Morningside, Wedgewood and Charlevoix, made one-way streets. Why are we not afforded the same protection as the people on Chalfonte, north of Moross road? A large sign posted there directs 'Northbound Traffic to use Mack avenue,' instead of Chalfonte.

"We're Fed Up"  
"If traffic is going to Nine Mile road and Jefferson, why can't they continue on Vernier, past Marter, all the way to Jefferson, onto Lake Shore road and north to Nine Mile road? In other words, we are fed up with the heavy traffic using Marter as a throughway from Mack to Jefferson and Nine Mile road. We repeat, we do not want through traffic from Vernier to St. Clair Shores.

"We want immediate removal of the huge sign on Vernier, which indicates in bold letters, that the driver is now approaching Marter and although the sign does not proclaim said street as a throughway or state highway, the fact that such a large sign, as opposed to other street signs, intimates that it is one!

"Motor bikes, Hondas and foreign cars should be muffled,

similar to the requirements in Grosse Pointe Farms. This, the police apparently ignore.

"Also, we request that Marter be closed to commercial trucks of all types and a load limit be put on the loads they are carrying. We have observed trucks going through which have no business using a neighborhood side street as a throughway. For instance, boats being delivered, via Marter, to marinas in St. Clair Shores, Kroger food delivery trucks, lumber, cement and double trailer loads of dirt for fill, so many that only Heaven knows where they are going!

"Want All Stop Streets  
"In lieu of our request for ONE WAY TRAFFIC, we request that every street starting with Anita and ending with Yorktown, be made STOP streets.

"It takes a careful person almost 10 minutes to walk across Marter on Sundays. What would it take during the week? Children are in constant danger.

"A petition to the (Woods) council is being circulated to hear our request."

Petersen and Andrews said that the study and review of the problem will be started this month.

## Discharged

(Continued from Page 1)

The young lady told Ross to go to the front door and she would talk to him there. She said that her mother was with her at the front door, which was locked, and Ross began pounding again. When asked what he wanted, Ross, the girl stated, identified himself as a police officer, and told her that she had been speeding.

Following this, the girl said, Ross turned away, got into his car and drove off, after which she called the Woods station, to complain and ask for information concerning Ross.

Patrolman Theodore Hinz, who took the complaint, gave the information to Police Sgt. Jack Mast, who accompanied by Patrolman John Bergen, went to Ross' home, to question him.

Mast, who said that Ross appeared intoxicated, said that Ross told him that the girl was speeding and he was trying to stop her. The sergeant suspended Ross on the spot, and Ross surrendered his badge and hat, and was ordered to appear before Director Andrews later in the morning.

The girl would not sign a complaint, but Det. Sgt. Allen Selby said that he will discuss the matter with the Wayne County Prosecutor's Office, to determine what action, if any, can be taken against Ross.

girls and the grand trophy for the entire Rodeo went to Theresa Peters. Theresa topped the field of 400 participants by capturing a 12 1/4-inch sucker.

The Rodeo represented the help and sponsorship of many individuals and groups. Among them were Jack Klick, Joe Dowdall, Cecil Kalkoff, Dick Hudson, Charles Verheyden, the AMT Corporation, Sears, Wrigley's, and Gray's Sport Shop.

The Metropolitan Club and the Optimists also helped to make the Rodeo a success. Carl Lienemann of the Farms and Clyde Putnam of the City were co-chairmen of the event.

## REPORTS THEFT

Farms police took a report from Gloria Shepke of 14786 Collinson, East Detroit, on Friday, September 3, in which she disclosed that she had parked her car in a lot next to 18550 Mack, and when she returned to it, discovered that a thief had stolen all four hubcaps.

economic materials used successfully in the first grades last year.

Vincent Peterson, principal of Parcels Junior High School, has announced that the English classes in the three junior high buildings will use paperback volumes instead of anthologies in ninth grade English classes for the first time this year.

Principal Millard Grell of Monteth has indicated that the use of the Dolman-Delacata Developmental Scale will start in kindergarten this fall. The scale is a reproduction of the stages and levels of mobility development through which normal children progress from birth to the development of perfect walking.

At Mason School, Principal Lawrence Gagnon, says that team teaching will be introduced in grades four and six. In addition, he adds, as much co-operative teaching as possible will be done in other grades to take advantage of the strength of the staff, and will enable the teachers to schedule children for both large and small-group instruction.

Jerry Gerich, principal of Grosse Pointe High School, reveals a new approach to the tenth grade world history course. Social studies department head John Corbin reports that Miss Laura Mackeben and Miss Ottilia Schubert worked through the summer on the course revision. Instead of the traditional chronological approach, the year's work will be divided into units of study. The five major topics are, man, religion, democracy, economics, and nationalism.

An outgrowth of last year's changes in the eleventh grade American history course is a new emphasis on independent study. Students who had the course last year and who are now twelfth graders, will be given the opportunity to explore independently particular areas of interest they have with a teacher-adviser.

Under the plan a student will work 18 weeks on a topic of his choice and will meet with an adviser periodically. At the end of the 18 weeks a committee of teachers from the social studies department and one teacher from the English department will evaluate the student's research and grade his written project.

Enrollment in the special project is limited to 15 this year. Working with the students this year will be teacher-advisors

Raymond Gault, James Kaloger, Robert Bradley, John Corbin, and James Reghi. The students will meet with an adviser-teacher every two weeks. The staff of the Wicking Library at Grosse Pointe High School will serve as research advisers.

Principal Richard Kay of Richard School has indicated that first graders in his building will attend class for the first two weeks on a half-day basis.

"Our experience tells us that these young first graders take some time to get adjusted to the strenuous demands of a full day," Mr. Kay said. "Also, the new arrangement will enable the teachers to acquaint the

children properly with first grade materials, and to identify the needs of each of her charges. Individual attention at this moment in their school life is highly desirable, in most cases essential," he added.

### Chamber Music Concert Slated

The Chamber Music Players of Grosse Pointe open their 1965-66 season on Sunday, September 12, at 3 o'clock in the ballroom of the Grosse Pointe War Memorial, with a music program consisting of works by Khatchaturian, LeClair and Viotti.

Arline Clossen and Elsa McKinney, violins, will perform the Viotti Duet for Two Violins, opus 9, No. 1.

Lucille Zocharski, violin, and Camella Ehrlich, piano, will play the Violin Sonata No. 3 by Jean-Marie LeClair. LeClair, a pupil of Corelli, was a violin master of the 18th century who influenced Mozart.

Khatchaturian's Trio for Violin, Clarinet and Piano will be presented by Stephen Fuller, violin; Kay Fuller, Clarinet; and Zelda Keil, piano. This 1932 student composition, reminiscent of Debussy and Ravel, is considered even more outstanding than some of the composer's later works, which show a tendency to imitate Rimsky-Korsakov's oriental effects.

Kay Fuller is a sophomore pre-med student at the University of Michigan; Stephen enters the State University of Iowa this fall; Mrs. Keil, a resident of Oak Park, is active in the Metropolitan Music Guild whose membership is drawn mainly from the western areas of Detroit and suburbs.

At this first program meeting, applications for season membership will be accepted, with preference given to Grosse Pointe residents. In addition, sustaining memberships are available on a month-to-month basis. A coffee hour follows each of the musical programs.

Programs for the 1965-66 season are under the supervision of the newly formed program committee, whose chairman is Lela Lawrence.

Plans are underway for a chamber music workshop this fall; it is tentatively scheduled for November, and is under the chairmanship of Margery Aber.

### Introducing Pointe's New Teachers

Shown grouped around Maire School's Presidential Tree are the newcomers to the building's professional staff for 1965-1966. Left to right are Principal JOHN HAMMEL, MELVIN SCHMITTEL, MRS. ELENORE ZIEGELMUELLER, MRS. NANCY MOORE,

and MISS MARIANNE TOKAR. Mr. Hammel explained that the tree was planted last December 1 to honor our nation's chief executives who were assassinated while they were in the White House.

Again this year the Grosse Pointe News will introduce to the community the newest members of the professional staff of The Grosse Pointe Public School System. This week's column, the first in the series of weekly biographical sketches, features teachers at Lewis E. Maire Elementary School, 740 Cadieux road.

Principal John Hammel revealed the names of his staff's new teachers. They are Mrs. Elenore Ziegelmüller, Miss Marianne Tokar, Melvin Schmittel and Mrs. Nancy Moore.

Mrs. Ziegelmüller, on the main staff to teach a second grade group this year, is widely experienced. She has held similar teaching assignments in Los Alamos, N. M., and in Ann Arbor, Mich.

A native of Ishpenning, Mich., and a graduate of high school there, Mrs. Ziegelmüller spent her first two years of college at Northern Michigan University. She received her bachelor's degree from Alma College and her master's degree from the University of Michigan.

In Who's Who As an undergraduate she was a member of Kappa Iota, and she was listed in Who's Who Among Students in American Colleges and Universities. Mrs. Ziegelmüller is also a member of Pi Lambda Theta, the Michigan Education Association and the National Education Association.

An accomplished musician, Mrs. Ziegelmüller plays both the piano and the organ. Camping is another interest. As a summer and winter sports. Her travels have taken her throughout the United States, as well as to 16 countries in Europe.

Miss Tokar, who will instruct third graders at Maire during her first year in Grosse Pointe, is a native of Ohio. Born in Cleveland, she was graduated from Bedford High School. She completed her education at Capital University in Columbus.

On campus Miss Tokar was president of the Capital Student Education Association and Regional Director of the Ohio Student Education Association.

Much Camp Experience Four summers of experience as a camp counselor provided Miss Tokar with further knowledge of children. She spent two recent summers in Maine camps. Other interests include reading, knitting, and sewing.

Mr. Schmittel, a fifth grade teacher, is a native Detroit. He attended the University of Michigan and Wayne State University, where he received his bachelor's degree in 1961. During college days he was on the varsity crew and claimed membership in Delta Chi. Mr. Schmittel expects to receive his master's degree in elementary education from Wayne in December.

### Given Top Posts For Torch Drive

Denis J. Bracken, 1012 Whittier road, and William S. Blakeslee, 22 Warner road, have been named group chairmen of the automotive and suppliers unit of the 1965 Torch Drive.

Their appointments were announced by Semon E. Knudsen, unit chairman. Knudsen, a board member of the United Foundation, is group vice president in charge of Overseas and Canadian Group, General Motors Corp.

Bracken, vice-president, Stamping Assembly and Steel Group, Ford Motor Co., is chairman of Teams 4, 5, and 6. Blakeslee, vice-president and group executive Defense-Space, Chrysler Corp., is chairman of Teams 7, 8 and 9 in the unit.

The Torch Drive goal in the tri-county area is \$21,892,500 for the 1966 operating budgets of 207 health and community welfare agencies. The dates of the Drive are from Oct. 12 through Nov. 4.

Mr. Schmittel, an experienced elementary teacher, Mr. Schmittel taught grades four and six in the Nankin Mills School District for four years. His professional memberships include the Michigan Education Association and the American Geographical Society.

Leisure time activities for Mr. Schmittel are reading, collecting stamps and coins, tinkering with his car, and sports of all kinds. Travel, another interest, has taken him recently on a Western tour that included Alaska. Mr. and Mrs. Schmittel are residents of Detroit.

To Be Substitute Mrs. Moore, who calls Maire her headquarters, will serve as a substitute in grades one through three throughout the public schools.

Born in Chicago, Mrs. Moore completed her high school education at New Trier Township in Winnetka, Illinois. She earned degrees from Northwestern University and Tufts University, where she held scholarships. Mrs. Moore was recognized for departmental honors in history and literature of religions at Northwestern where she was affiliated with Delta Delta Delta.

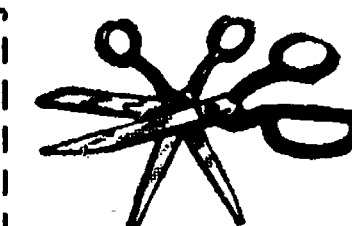

Mrs. Moore's out-of-school interests center on sewing, reading, and collecting antiques. The Moores spent the past summer camping and visiting in Wyoming, California, Texas, and Florida. Mr. Moore is an international business trainee for the Rockwell-Standard Corporation. Of his newcomers Principal Hammel said recently: "When school opens on Thursday I have every confidence that our recent staff additions will exhibit the same high degree of competence that characterizes the teachers of The Grosse Pointe Public School System."

**WINDOW BROKEN**  
Mrs. Richard Waddell, of 381 Rivard, told City police Tuesday, September 7, that an unknown person or persons had broken a 10" by 28" window pane in her home with a marble, at about 12:30 a.m. that morning. Police reports indicated several similar complaints of vandalism in the surrounding area.

### Can you guess what it costs to maintain a Gas dryer for 5 years?

Not much. In a survey of more than 300 families who owned their Gas dryers an average of five years, a great majority never had a service call. And total maintenance costs averaged out to less than one dollar per dryer for the five-year period.\*

A Gas dryer will dry more than five loads for the cost of doing one in an electric. And Michigan Consolidated Gas Company will connect any new or used Gas dryer free in the areas we serve. In fact, by owning a Gas dryer instead of an electric, you can expect to save enough in seven years to buy a new Gas dryer. And most Gas dryers last for more than ten years.

During Gas Dryer Dividend Days, prices are reduced. So now's the time to see the latest Gas dryer models at your dealer or Michigan Consolidated Gas Company showrooms.

**Guilty Drivers Hear Sentences**  
 John Jay Hoker, 26, of 69 Hawthorne, accused of two counts of traffic violation by Park police, appeared before Judge C. Joseph Belanger on Wednesday, August 25. Hoker was charged with drag racing and speeding on Jefferson.

The motorist entered a plea of not guilty to both charges and was found guilty, and sentenced to pay a fine of \$85, or serve five days in the Wayne County Jail. The fine was paid.  
 Judge Belanger severely lectured Hoker, who had a total of 19 traffic violations on his record, including those for which he was found guilty by the judge.  
 The judge sent a transcript of the offenses to the Secretary of State's office in Lansing, with the request that Hoker be given an immediate re-examination on his right to drive.  
 Denise Williams, 17, of 768 Grand Marais, who received two traffic violation tickets on August 8, one for improper passing, and another for never having acquired an operator's license, was found guilty of both charges. She paid a fine of \$50 for not having a license and a \$10 fine for the improper passing.

She also received a lecture from the judge, who ordered that she attend a session of the Driver Safety School.  
 Elizabeth Buttermore, 17, of 3900 Bedford, Detroit, pled not guilty and was found guilty of entering an intersection without due care and caution and causing an accident in which two persons were injured. She was fined \$50, and ordered to pay court costs of \$220. In addition, she was placed on probation for six months and forbidden to drive during that time.

**THE FINE ART OF SPLITTING SECONDS**  
 The Clocker at a race track is a lonesome, and a rugged individual. He is part of a strange breed. He begins work at dawn and his day never seems to end.  
 His specialized knowledge is amazing. By sight . . . and in a split second as horses come on the track to work . . . he must be able to identify them. At the Detroit Race Course, during our current meeting, for example, that means the talent to recognize immediately approximately 1,500 horses.  
 The Clocker often must "catch" the works of three horses simultaneously. It requires the quick eye, concentration and an intimate knowledge of thoroughbred training procedures.  
 When the Clocker says: "He worked in one ten and change," it becomes gospel for owners, trainers and many fans.  
 Translated it means the thoroughbred went six furlongs (three-quarters of a mile) in one minute, ten and a fraction seconds. "Change" is a clocker's terminology for the fifths of a second used in timing horses.  
 The Stop Watch and Split Seconds are proper tools of the Clocker's trade. I do not want Detroit racing fans to deprive themselves of the thrills, excitement and some of the finest fun that is available in Sports by borrowing them, however.  
 A Race Track . . . like an airport . . . isn't a facility it is feasible to build in the center of the downtown area.  
 Our track, at Middlebelt and Schoolcraft Roads, is 20 miles from the heart of Detroit, Kennedy Square. Yet, the distance should not be a barrier to your enjoyment of our splendid facilities and the unmatched entertainment thoroughbred racing provides.  
 The Expressways and main thoroughfares from every section of the metropolitan area provide ready access to the DRC from wherever you live or work.  
 The Smart Fan (and that means YOU) will measure his PLEASURE after he reaches the DRC rather than the minutes or miles it takes to get there. Don't put the Stop Watch on your journey. Let The Clocker worry about the split seconds.  
 It is our aim to make your every trip to the DRC a memorable one.  
 There's a New Look to our track this season. We have just completed a \$3,000,000 clubhouse that was designed for your comfort, convenience, and ultimate in pleasure.  
 The Grandstand Terrace, with its fine restaurant and bars, is a different concept in race track facilities. I am sure you will enjoy them. The Grandstand has been completely refurbished.  
 We have expanded and improved our parking facilities. We can handle 12,000 cars. To make it more convenient and quicker for you to reach and leave the track, our entrances off Middlebelt and Schoolcraft have been implemented with a new entrance off Inkster Road.  
 We have nine races Monday-through-Friday with a post parade of 3:20 p.m. The big Saturday program of 10 races starts at 2 p.m.  
 Racing at the DRC is finer and more fun than ever. Visit us soon and see for yourself.

## Christ Church Picks Organist

Edgar Billups has been appointed Organist and Choirmaster at Christ Episcopal Church, Grosse Pointe, succeeding Elwood Hill, who has retired.

Mr. Billups, a native of North Carolina, began playing the organ at the age of 15 and commenced his formal study two years later with Dr. Austin C. Lovelace and Mrs. Mildred L. Hendrix. Through her influence he was admitted to the Organ Institute at Andover, Mass. where he met Professor Arthur Poister of Syracuse University. He completed four years of study with Dr. Poister, and was awarded a Fulbright grant to Frankfurt, Germany, where he studied with Professor Helmut Walcha, a leading authority on the interpretation and performance of the organ music of Bach, and the pre-Bach period.

Upon his return to this country Billups began his work toward the degree of Master of Music in organ at Syracuse University, during which he presented the third part of the Klavierübung of Johann Sebastian Bach as his master's recital.

Billups has served several churches in North Carolina and New York as organist and director, and has played recitals throughout the East, including Duke University and Washington Cathedral. Since 1960 he has been organist-choirmaster at All Saints' Episcopal Church, Pontiac.

Mr. and Mrs. Billups will reside in the Manor Apartments in Grosse Pointe.

Cemetery followed services Tuesday at the Verheyden Funeral Home and St. Paul's Church.

## Institute Has Art of Israel

"ART ISRAEL," the first major exhibition of contemporary Israeli art to be shown in the United States, will open at the Detroit Institute of Arts Wednesday, September 8, and remain through October 3.

The exhibition includes the work of 26 painters and sculptors and introduces the latest national school of art, since the State of Israel was founded in 1948.

"Art Israel" was organized by the Museum of Modern Art, New York, under the joint auspices of the America-Israel Cultural Foundation, Inc., and the International Council of the Museum of Modern Art. William C. Seitz, curator of the Department of Painting and Sculpture Exhibitions at the Museum of Modern Art, made the selections.

Some 85 works of art were chosen by Mr. Seitz, who viewed the work of more than 700 Israeli artists in central locations—New York, Paris, London and Israel.

Seitz points out two recurrent themes which pervade Israeli art: "The tragic, and intensely felt identification with Jewish tradition and its recent trials; and its form in the celebration of nature."

Artists included in the exhibition are Yaacov Agam, Aikha, Mordecai Ardon, Avigdor Aron, Naphtali Besem, Moshe Castel, Itzhak Danziger, Fima, Michael Gross, Shmuel Haber, (Continued on Page 7)

## Chorus Working On Yule Program

The calendar may call September but it's beginning to sound like Christmas as the Grosse Pointe Community Chorus begins rehearsals for its 13th Annual Christmas Program to be held on December 5.

Rehearsals will be held in the choral room at Parcels School, Mack at Vernier, each Tuesday evening from 8 to 10 o'clock, beginning September 14.

The chorus will continue under the direction of Richard Johns, director of music for the Grosse Pointe Woods Presbyterian Church and the accompanist will be Jerry Hughes.

An adult interested in choral singing is welcome to join the chorus after paying a registration fee of \$5. No voice tests are necessary. Registrations will begin Tuesday evening, Sept. 14 at 7:30 o'clock at Parcels School. It is suggested that anyone interested in joining the group attend the first rehearsal as it has become necessary to limit the group to 110 members. Registration will be closed after the third rehearsal.

Included in this year's program will be some of the light holiday songs as well as some of both contemporary and traditional Christmas music. It should be a treat for all who find it fun to sing.

TOM HENRY, son of former Painters MR. and MRS. JACK HENRY, who presently are making their home in New York City, a '61 graduate of Grosse Pointe University School, was graduated from Trinity College last June. He has spent the summer touring Europe and is entering Boston University Law School this fall.

**Men's Chorus Calls Singers**

Have you ever heard of the Grosse Pointe Men's Chorus? Better still, have you ever heard them sing? The chorus meets for rehearsals every Monday at 8 p.m., at the Grosse Pointe War Memorial Center, 32 Lake Shore Drive, and first rehearsal will be Monday, September 13.

A new director has been engaged for the coming season in the person of Mendel Lucatsky. Mr. Lucatsky is director of music at the Kerby School in Grosse Pointe and has had many years of experience directing musical groups in schools, universities, and churches.

The Chorus has already been given reservations for future events in the Fries Auditorium, one of which is the always popular "Ladies Night Annual Sing and Card Party."

The Chorus is desirous of increasing its membership for the coming season and if there are any males in the general area with a smattering knowledge of the difference between a "G-sharp" and an "A-flat" and a love to sing, drop over next Monday and tell it to the director. One should be able to sing "The Star Spangled Banner," or a verse of it, without blowing a fuse.

Chances are that with a few rehearsals, you will be given a voice assignment. The Chorus needs help at First, Second and Third bass. Everyone seems to want to sing second bass but come over anyway, as there is always room in left-field for utility singers.

Membership dues are a mere trifle and reasonable weekly attendance is quite important. The remuneration, in addition to fraternizing with a wholesome gang, is very rewarding—especially so when the Chorus gives evenings of song at such institutions as the Salvation Army, Carmel Hall, churches and the like. There is no withholding tax and during the rehearsal intermission there are refreshments—that is, if one brings his own dime for the thirsty coke vending machine.

Should anyone be a bit hesitant about joining and desires further information re the Chorus (now in its 25th year), phone William M. Watson at TUxedo 1-4858 in the evening.

**All-Girl Orchestra Spares Audiences Beatle-Cut Look**

By Anne Boynton

At least there's one rock 'n' roll group around whose members can't be accused of sporting Beatle cuts.

Some wear their locks long, but that's okay. And there's seldom, if ever, any parental objection to their hairstyles.

Or to tight pants for that matter. And rightly so. The order of dress for this combo is skirts.

Yes, the day of the all girl band has returned, to the Pointe at least, in the form of "The Shes," a group of five local gals who have been playing together for about two months.

Though barely organized, the band has already played during breaks at the Neighborhood Club and Christ Church dances and numerous parties. In addition, the girls are hoping to appear in the near future at the University of Detroit, at a program which will include the now famous Mo-town products, the Supremes. They have passed the first audition, must make two more, and wait . . .

All high school juniors — to be, The Shes include drummer Mary Chapel, daughter of Mr. and Mrs. Howard Chapel, of Lincoln road; bass guitarist Sue Crawford, daughter of the Robert Crawfords of Paget court; lead guitarist Carol Neumeyer, daughter of Mr. and Mrs. Walter Neumeyer, of Rivard boulevard; pianist Barb Longyear, daughter of the Donald Longyears, of Grand Marais boulevard; and rhythm guitarist Diane Damman, daughter of Mr. and Mrs. Warren Damman, of Berkshire road.

All are students at Grosse Pointe High School except Barb, who is a student at Liggett.

**Institute Has Art of Israel**

Kosso, Yehiel Krize, David Lan-Bar, Rafil Lavie, Zvi Malro-vich, Lea Nikel, Avshalom Okashi, Ezra Orion, Yehiel Shemi, Avigdor Stenatsky, Yeheskiel Streichman, Moshe Tamir, Anna Ticho, Yigael Tumar, Yaacov Wexler and Yosef Zaritsky.

Two of Israel's most influential teachers are represented: Mordecai Ardon, the leading master of figurative symbolism, and Yosef Zaritsky, leader of the New Hologram Group of militant abstractionists.

Of special interest is the sculpture in the exhibition. Sculpture has developed slowly in Israel, in part because sculpture in the round was formerly forbidden by rabbinical law, and partly because it presents greater technical problems than painting.

"Art Israel" will be previewed by members of The Detroit Institute of Arts' Founders Society from 8 to 10 p.m. Tuesday, September 7. The champagne reception will be arranged by the Women's Committee of the Founders Society. Chairman of the reception is Mrs. Lawrence A. Fleishman of Detroit and co-chairman is Mrs. Carl B. Grawn of Grosse Pointe. A special guest at the reception will be The Hon. Jacob Bar-More, consul general of Israel, and Mrs. Bar-More.

The exhibition will be open to the public without charge from September 8 through October 3. Museum hours are 9 a.m. to 9 p.m. Tuesday through Friday; 9 a.m. to 6 p.m. Saturday and Sunday.

**Park Police Nab Teen Burglars**

Two 16-year-old Park boys were arrested by Park police at 3:14 a.m., Wednesday, August 25, and charged with breaking and entering in the nighttime. The teenagers are accused of breaking into a 38-foot boat at the Park waterfront park.

Police Chief Arthur Louwers disclosed that Patrolmen Charles Petrie and Gary Mitchell were dispatched to the waterfront park, when a park watchman called the station and reported seeing two persons on a boat docked at the park marina, who had no right to be there.

The officers, in their report, stated that they boarded the craft, and found drawers had been opened in the forward compartment, and contents scattered on the deck. The officers drew their service revolvers and commanded whoever was aboard to come out with hands up.

One boy emerged and meekly surrendered. The second youth failed to heed the command, and one of the policemen entered the compartment and found the youth cowering in a hiding place, and placed him under arrest. Both teenagers were taken to the station for questioning.

Chief Louwers said both boys were charged with breaking and entering in the nighttime, and charges against them have been filed with Juvenile Court authorities.

GROUND LANDING O.K.—A batwing paraglider lands a space capsule from 8,000 feet at Edwards Air Force Base, Calif., in the first test of astronaut ground landing. The paraglider, 31 feet long and 31 wide, inflates like a life raft. It would be stored in a 10-cubic-foot container aboard a spacecraft. "The landing was very smooth," said North American Aviation test pilot Donald McCusker.

ADMIT SON, 9, WAS "TRIGGERMAN"—Mrs. Robert Colby is shown with her son Dane, 9, in the Cleveland suburb of Shaker Heights after being questioned by police in the mysterious gunshot killing of John Cremer Young, 8. Mrs. Colby admitted Dane shot him accidentally, and that she hid the body in a wooded area of suburban Gates Mills.

## Tennis Clubs To See Stars

Grosse Pointe area residents who are members of the Lake Shore Tennis House, now under construction in Marter road a half block west of Jefferson avenue, in St. Clair Shores, have been invited to join members of the Bloomfield Tennis House in celebration of Tennis Week, Sept. 13-17.

The event, which highlights the formal opening of the four-court, indoor tennis club on E. Maple road in Troy near the Birmingham city limits, will feature Dennis Ralston, No. 1 ranked U.S. amateur net star, and a half dozen other highly-rated amateurs in exhibitions.

Appearing with Ralston will be Arthur Ashe, No. 3 ranked U.S. racket wielder, and Frank Froehling, rated No. 4, as well as Marty Reissen and Clark Graebner, who form one of the world's best doubles teams and are highly-ranked in singles competition, too.

In women's exhibitions, Carole Graebner, one-half of the team which won the national women's double championship at Brookline, Mass., two weeks ago, will appear with Peaches Bartkowicz, Hamtramck's youthful star who holds both the U.S. and Wimbledon's girls' championships.

Another well-known Detroit area star, Ray Senkowski, one-time University of Michigan netter who was runner-up for the Big Ten title, will participate in the exhibition matches.

## Police Arrest 8 Bike Thieves

Park police arrested eight Detroit juveniles on Thursday, September 2, and recovered seven stolen bicycles, according to information released by Police Chief Arthur Lowers.

Patrolman Charles Slusser arrested two 14-year-old boys, on Kercheval avenue, who were accused of stealing two bicycles from in front of Best and company, 1828 Kercheval, in The Village shopping district. The boys were released to City police for disposition of the matter.

Slusser was patrolling Kercheval when he was hailed by a woman motorist, who witnessed the theft of the bikes, and followed and pointed out the boys to the officer. The woman left almost immediately, without identifying herself. The officer said the woman disappeared as he pursued the boys.

In another incident, Slusser participated in the arrest of six other boys, whose ages ranged from nine to 13, five of whom were riding stolen bikes.

Patrolman Ralph Moore, while cruising on Kercheval, observed the six youngsters turn west on Kercheval from Balfour, and drove up to them to investigate. When the boys saw the policeman, they scattered and fled.

Before leaping out of the scout car to pursue the boys on foot, Moore radioed the station for help, after which he managed to apprehend two of the juveniles.

Slusser and Patrolman Bobby McAllister arrived and arrested the other four boys before they had traveled very far.

All six youngsters were taken to the station for questioning, and it was revealed that only one boy had a legal right to his bike. The other five had been stolen from the Park, Chief Lowers said.

The six boys were released to their parents pending the filing of charges with Juvenile Court authorities, the chief said.

## Nelson Schlaff, Jr. On Aircraft Carrier

Airman Nelson W. Schlaff, Jr., USN, son of Mr. and Mrs. Nelson W. Schlaff of 825 Edgemont Park, was scheduled to return to Norfolk, Va., Sept. 3 aboard the anti-submarine warfare support aircraft carrier USS Randolph, following deployment to the Mediterranean and operations with the Sixth Fleet.

Randolph, flagship of Task Group Alfa, the Sixth Fleet's anti-submarine force, composed of surface, subsurface anti-submarine patrol aircraft, provided anti-submarine support for fleet units operation in the Mediterranean.

During breaks in fleet operations Randolph visited ports in Italy, Spain and France.

## City Lifeguards Winners in Meet

The City lifeguards won the Inter-City Lifeguard Meet for the fourth consecutive year, trouncing their nearest opponent by 27 1/2 points.

Outstanding performances were turned in by Jack Teatert, John Clarke, Steve Selander and Jim Wood of the City John Rentenbach and Les Rodis of the Farms, and Sandy MacDonald of the Shores.

The scores were:—City, 85 1/2; Farms, 58; Woods, 50 1/2; Shores, 31; and Park, 9.

## Little Gridders Must Register

Saturday will be the final day of registration for the Grosse Pointe Packers Little League football. The league is for boys 9 to 12, from the Farms and Woods.

The last hours for registration will be from 10 to 11:30 a.m. Saturday at Kerby Field. The boys must be accompanied by their fathers.

## Many Teachers Still Studying

Records compiled by the office of Dr. H. Leroy Selmeier, Assistant Superintendent-Instruction of The Grosse Pointe Public School System, reveal that 20 teachers on the staff of Grosse Pointe High School used at least a portion of their summer vacation as an opportunity to further their own education.

Richard Amberg attended Harvard University, Miss Frances Natushko went to the University of Michigan, Jack Ford attended a workshop at the University of Detroit, Harvey Christensen enrolled at the Merrill-Palmer Institute, and Mrs. Carolyn Scarborough chose Central Michigan University.

Seven teachers from Grosse Pointe High School enrolled for work at Wayne State University. They are George Yacup, James Reghi, Miss Nancy Poff, Miss Louise Kaye, Mrs. Mary Ellen Harvey, Miss Karen Gibson and Thomas Gaerke.

Michigan State University drew six local staff members, including James Sando, Mr. and Mrs. B. Val Parzyck, Loren Houtman, Vincent Figas, and Mrs. Dorothy Albright.

Two teachers who attended Eastern Michigan University were Mrs. Irma Mann and James Curlett.

## GP Lions Seek Young Gridders

Grosse Pointe Lions invite all boys who were 9 years old, but not 13 years old, by September 1, 1965, and who live in the City of Grosse Pointe or Grosse Pointe Park to play football this fall.

The Lions' Annual Parents' Meeting is tonight, Thursday, September 9, in Pierce School Auditorium at 8 p.m. This meeting is always short but informative, and all parents of returning and new players are invited to attend.

Practice and conditioning exercises began Tuesday and are conducted each afternoon at 4:30 p.m. on the Neighborhood Club Field.

Boys who qualify by age, weight, parental consent, physical examination, and practical play in a game each weekend for seven consecutive weeks. Boys are assigned to teams by age and weight.

Physicals, registration, and uniform distribution will be held in the Girls' Gym (Room 139) at the Grosse Pointe High School, Saturday, September 11, from 9 a.m. to 1 p.m. Registration cards must bear parents' signatures, and boys registering for the first time must present their birth certificate. After the first game, practice is limited to four days a week.

For additional information, call Registration Committee members Dave David, 821-8456, or Joe Griffin, 821-2499.

Joe Schmidt, Terry Barr, and Nick Pietrosante are teammates in two events, the Detroit Lions football team and an insurance agency.

## Letters to the Editor

### To the Editor:

The immediate and overwhelming response to the announcement of the Grosse Pointe Theatre's 1965-66 season has been both a delight and a matter of considerable difficulty.

The delight has come primarily from hundreds of comments and letters from subscribers, praising our season, our efforts and our policy.

The difficulty has come in processing some 1,400 season ticket orders in less than a month. Our early announcement, in advance of public notice, was mailed solely to those who have attended a Grosse Pointe Theatre performance in the past two years and to others who asked to be notified of our current season of plays.

All orders have been filled strictly on a basis of postmark date, both for subscribers and our membership. This policy was clearly explained in the cover letter accompanying the announcements.

Absolutely no orders have been processed for groups requesting season tickets for resale.

As an amateur group whose success depends entirely on community support, we feel a deep obligation to please both our patrons of long standing and the newer subscribers, whose enthusiastic response has enabled us to produce shows of increasingly high quality.

Limited capacity makes it impossible to accommodate all those who request preferential seating. Still, we are continuing to honor the wishes of all customers to the best of our ability.

BOARD OF DIRECTORS  
Grosse Pointe Theatre

August 29, 1965

Dear Mr. Edgar:

The Grosse Pointe Theatre has struggled since 1948 to provide the Grosse Pointe communities with an interesting and diversified program of plays. We have never sought a position of controversy or notoriety. We feel, however, that the completely uninformed diatribe in the Letters to the Editor column of your August 26 issue requires a public answer. We would greatly appreciate it if you would publish the accompanying reply.

Also, in view of Mr. Parson's cry for some kind of "community" action against the Grosse Pointe Theatre (the word "community" was dropped some time ago, and not because we felt we were failing the community), I personally hope that

you will see fit to include some editorial opinion on the matter. Our president, Mrs. Roger Shepard, or I will be happy to furnish you with the true facts, none of which are discernible in the Parsons letter.

Again, any help you can give us on this thing will be deeply appreciated.

Very truly yours,  
JOHN F. DIBBEL,  
Public Relations Chairman  
Grosse Pointe Theatre

### To the Editor:

On Friday, August 27, one of the Grosse Pointe Welcome Wagon cars was parked at a paid meter in front of Allard Hardware on Mack avenue while the driver went into the post office to pick up a parcel. When she returned a Volkswagen with two young men about 20 years old was parked in the prohibited space in front of the post office.

One of the men was just entering the Volkswagen and as he did the hostess entered her car. As we looked up this young man threw a raincoat in his rear window and drove away quickly. She had a raincoat on the front seat of her car and noticed immediately it was gone.

The coat is a size 44, light beige in color with a plaid lining, and belongs to the husband of the Welcome Wagon hostess. Perhaps if this young man knows that someone who knows him saw him take it, he will return the coat to 145 Mapleton road without being further embarrassed.

## What Goes On at Your Library

By Virginia Leonard

Labor Day. Is the summer really gone? Where did it go? And now School — we mean, SCHOOL! Yes, that time has rolled around again, with its challenge (we hope!) to the student and Teacher; to the parent, the usual fall activities, club work, perhaps new hobbies or adult courses, and always the potential challenge of helping Johnny with his homework.

With thoughts, first of all, towards this latter idea, I would mention several books which our Libraries have available. David Engler's HELPING YOUR CHILD LEARN THE NEW ARITHMETIC might be one that would be helpful; another, by C. B. Allenwoerfer, MATHEMATICS FOR PARENTS, would cover the same area, as well as Evelyn Sharp's A PARENT GUIDE TO THE NEW MATHEMATICS. Of a more general nature we suggest J. A. Rickard's HOW TO MAKE BETTER GRADES, or E. H. Ehrich's HOW TO STUDY BETTER AND GET HIGHER MARKS. An old friend's name crops up: Marshall Jameson's HELPING YOUR CHILD SUCCEED IN ELEMENTARY SCHOOL; still another suggestion J. V. B. Warren's TESTED WAYS TO HELP YOUR CHILD LEARN.

For the busy housewife, let's make a concentrated effort to keep her even busier. If she is artistically bent, but has never had the courage thus far to take up art, Henning Nelms may have the solution in THINKING WITH A PENCIL. If not, I offer two others; Edmun Franklin-White's THE BEGINNER'S BOOK OF OIL PAINTING, and Hugh Laidman's HOW TO MAKE ABSTRACT PAINTINGS.

How about redoing the house? Dorothy Draper could help you with her 365 SHORT CUTS TO HOME DECORATING. Have you given up smoking and need some creative activity for your hands? Dorothy Brightbill has written QUILTING AS A HOBBY; Lion Plath, HAND-WEAVING; Jacqueline Enthoven, THE STITCHES OF CREATIVE EMBROIDERY; Weldon's Ltd. CREWEL EMBROIDERY, OLD AND NEW; and Hope Hanley, NEEDLEPOINT. Good luck and have fun!

Both husband and wife might be interested in Herbert Bast's ESSENTIALS OF MODERN UPHOLSTERY. Speaking of husbands, what can we offer them for the cold winter nights when they are tired of reading and television? If they hurry, there's still time, I imagine for a new barbecue, if they first read Sunset's IDEAS FOR BUILDING BARBECUES. The "How to category yields many possibilities: Robert Scharff's HOW TO ASSEMBLE BOATS FROM KITS; HOW TO BE A CRACK SHOT WITH RIFLE AND SHOTGUN, by Claude Parmelee. In a quieter vein, there is HOW TO BE A WINNER AT CHESS, by Fred Reinfield, and HOW TO BUILD A RECORD LIBRARY by H. H. Taubman. If we have a "constructionist" on our hands, further volumes to read might include HOW TO BUILD 15 FIBERGLASS BOATS, by Charles Bell; HOW TO BUILD CHILDREN'S TOYS AND FURNITURE, by Norman Cherner; HOW TO CHOOSE AND USE

POWER TOOLS, by R. J. De Cristoforo.

My final suggestion in this area I cannot resist including, as it is all-inclusive, and tops all others: HOW TO DO NOTHING WITH NOBODY ALL ALONE BY YOURSELF, by the irrepressible Robert Paul Smith.

If you are behind in your current reading, in addition to the Best Seller list, I would like to mention the following. Nikos Kazantzakis' REPORT TO GRECO continues to show the author's epic talent in his semi-autobiography, presenting scenes, events, intellectual and emotional relationships. North Lofts has a new book out: HOW FAR TO BETHLEHEM?, a fine religious novel, retelling the story of Mary and Joseph, the Three Wise Men and the shepherds. With my penchant for books about children, I must mention Don Robertson's THE GREATEST THING SINCE SLICED BREAD. Here is a warm story of 91-year-old Morris Bird III and his incredible odyssey across town in Cleveland to visit his best friend. The climax is the 1941 famous gas tank explosion (which really took place). Virginia Kirgus says: "Morris copes—with blood, burns, the badly injured and the loss of the seat of his pants and emerges one of the greatest little protagonists since buttered bagels."

Another good new fiction tome is Shelley Mydan's THOMAS—the story of Thomas a Becket, and done in a superior fashion. Still another is Machado de Assis' ESAU AND JACOB, Balzacian in the richness of its social conception. It is the chronicle of various aspects of Rio society, from the last great days of Brazilian empire to the startling events which precipitated the revolution and the founding of the Republic. Kirgus reviews it with great enthusiasm.

If, until now, you hadn't really realized that September was upon you, you do if you've read this Column! We hope we've managed somewhere along the line to job a nerve or stimulate a long-buried interest. Reading can do so many things for you—among others, it offers education, information, inspiration and recreation.

A man's wrist watch was found in the Reference Room of the Grosse Pointe Central Library on or about August 20. So far no one has claimed it. We hope the owner will contact Mr. Robert M. Orr, Director of the Grosse Pointe Public Libraries, to identify it and recoup his loss.

## Vacation In Canada For Charles Witzkes

Susan Jane Mitchell Speaks Vows at Saturday Candlelight Service in Pointe Methodist Church; Reception At Alger Houses Follows Rites

Following a brief Canadian vacation, the newlywed Mr. and Mrs. Charles Henry Witzke will make their home in East Detroit.

They were married Saturday evening, at a 7:30 o'clock ceremony in Grosse Pointe Methodist Church. Reverend James D. Nixon officiated at the rites.

The bride, the former Susan Jane Mitchell, daughter of Mr. and Mrs. Edward F. Mitchell, of Westfield, Mass., formerly of Grosse Pointe, chose a traditional gown of skinner satin, styled with a long Cathedral train falling from her shoulders.

A cluster of white satin roses with beaded centers caught her French illusion veil. She carried her great-grandmother's Hymnal, a wedding tradition in her family, covered with satin and a corsage of white roses.

Cynthia Ann Mitchell was her sister's honor attendant, and bridesmaids were Susan Witzke, the bridegroom's sister, Sarah Jane Noble and Kristina Testor of Sauter, Puerto Rico, a classmate of the bride's at Mary A. Burnham School, Northampton, Mass.

They wore floor length Empire sheaths. The maid of honor's gown was fashioned of blue silk organza over green linen, and the bridesmaids' gowns were made of green silk organza over blue silk linen.

They wore matching halo headpieces, with short veils, and carried cascades of yellow carnations and ivy, with an accent of garnet roses in the honor maid's bouquet.

Russel Witzke was his brother's best man. They are the sons of Mr. and Mrs. Leonard Witzke, of Roslyn road.

Kenneth Witzke, another brother, James Huddleson, of Big Rapids, Keith Reichle, of Ann Arbor, and Curtis Patriarche, of East Lansing, seated the guests.

For her daughter's wedding and the reception, at Alger House, Mrs. Mitchell chose an aqua silk crepe gown. Mrs. Witzke's dress was fashioned of mauve silk lace, and both mothers wore contrasting corsages.

In order to avoid disappointment and failure to get in to this non-date dance all senior high students of the Pointe's public, private and parochial schools are urged to pick up their tickets in advance in the Center's first floor office.

Tickets will be sold at the door only to the 600-person limit after which police will admit only ticket holders to the property. When purchasing tickets students must present proof of residency and grade in school.

On Friday, September 17, (instead of Sunday the 19th as printed by mistake on the Center's Activity card) the Youth Council will have an Ark Party from 8:30 to 11:30.

In case you don't know, an Ark Party is a dance for couples only where school clothes are worn instead of the very, very informal attire of the non-date affairs. Also at this party some of the music will be slow, and couples will dance together in addition to doing the bird, swim, jerk, etc. Admission for both non-date and date dances is 75 cents per person.

Other activities to be launched this year by the Youth Council, include an after school discotheque, a Motown jazz review and an inner city project.

## Pre-Schoolers' Class Forming

An introductory course in art, literature and music will be offered to pre-school boys and girls ages 3-5 at the Grosse Pointe War Memorial beginning Wednesday morning, September 3.

It will be taught by qualified teachers Mrs. Mary Hughes, Mrs. Lee Peters and Mrs. Helen Doelle who organized the course of study two years ago, and have successfully taught it at the Center since with appropriate polishing and alterations.

In addition to being certified teachers these women are all young mothers who believed that there was a better channel of interest for their youngsters, than the traditional nursery school approach.

They bring musical instruments into class, have the children identify sounds with certain instruments, then lead them into simple musical works that appeal to the children and arouse in them a sense of rhythm.

Art is related to objects the boys and girls are familiar with and like. They learn to identify and reproduce colors from objects around the home. Line and form come from their surroundings too.

Literature begins with play acting a simple story, and sometimes music and art are related in the process.

The Pre-school culture course lasts for 10 weeks, meeting weekly on Wednesdays from 9:30 to 11. The fee is \$25 and enrollments are being taken now at the Center's office.

Families who live within their income today are living in slightly cramped quarters.

## Bathtub Gin

Ladies: Ronge you knees! Gentlemen: Get out your raccoon coats! The Twenties are about to roar again!

And the Specialty of the House at Grosse Pointe Yacht Club's Roaring Twenties party Saturday, September 18, will be genuine "bathtub" gin—served from a genuine old-fashioned gold bathtub!

Swinging doors will lead the way into the "Speak Easy," (alias GPYC's grill), where Frank Bridge's band is to provide music for dancing.

Decor will be direct from the '20s; there will be a honkey-tonk piano, a Charleston demonstration... and the party committee promises several "surprises" before the evening's end.

Chairmen of all this fun and foolishness are Mr. and Mrs. Troy W. Maschmeyer, who have already made Roaring Twenties' reservations for 16; co-chairmen, Mr. and Mrs. James H. Quello, will have 12 at their table.

Others with early reservations are GPYC Commodore and Mrs. Harold E. Cross, who have booked a table for 12; the George DeClerks and John Botts, each hosting a table for eight; the Gordon Sultons, who have reserved space for six; and the Don LaFonds, who have made reservations for 10.

MAY WE be a bit presumptuous in asking if you like to revel in the luxury of large rooms which have been master- fully decorated; to lounge in your large bedroom or its sitting alcove? Do you insist on the privacy of a screened terrace and the intimacy of a warmly paneled library? Must you have quarters for stay-in-help or just the rooms which you know are there for visiting family and brood? If you can project yourself into this picture, then let us start the ball rolling by showing you this offering today.

JUST OFF Windmill Pointe Drive on Middlesex, is the location for this attractive English house. The kitchen has been completely re- done, which will please mother. Five family bed- rooms serviced by two and a half baths.

NOTHING COULD BE FINER and we can't find a rhyme 'er reason why this four bedroom house in the Farms hasn't been snapped up. Consider a house with modernized kitchen and that all important extra room down, first floor lav., and accessibility to schools, transportation and what not.

IT'S FUN to be popular, and for generations the center hall colonial has lead the popu- larity poll of house buy- ers. On Lakeland Avenue, we are offering one such old favorite which was built just eight years ago. The first floor has a living room with fireplace, dining room, den, spacious kitchen with ample eating space, and lavatory. Up stairs are four generously proportioned bedrooms and two bath- rooms.

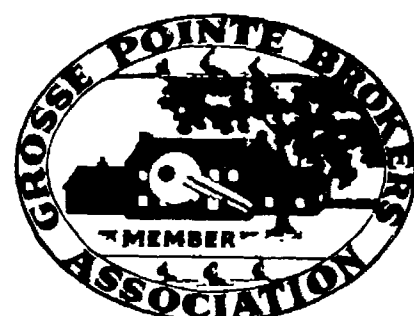

A STORY and a half with a contemporary flair, boasts two bedrooms up with a full bath, another two bed- rooms with another bath down. Large, living kitchen complete with fireplace. Full basement and two car attached garage.

TRY THIS ONE for size if you long for a house with real elbow room. Mammoth en- trance gallery which is paneled and has the living, dining and library rooms all leading from it. There are four family bedrooms with three baths, and also two more rooms for stay-in-help. Maintained in mint condi- tion.

**Lance K. Olson**  
**Case Dismissed**

Lance K. Olson, 17, of 66 Re-  
naud, accused of reckless driv-  
ing by City police, was found  
not guilty of the charge at a  
hearing held before City Judge  
Douglas Patterson on Tuesday,  
September 3.

Olson was given a ticket, as  
a matter of routine, on August  
2, when a woman, a resident of  
Florida, while jay walking,  
walked into the path of Olson's  
car at Kercheval and Notre  
Dame.

The woman was issued a viola-  
tion ticket for jay walking,  
but failed to appear in court to  
answer the charge. City police  
said that she had returned to  
her home in Florida.

## who, where and whatnot

by whoozit

Justifiably excited . . . over the appearance of her second novel-for-teenagers, (we keep wondering when she will write a book for Big People), is one of our favorite local authors, Josephine (Mrs. Edward) Wunsch, of McKinley place. "Passport to Russia" is the title of Mrs. Wunsch's latest brainchild. Official publication date is tomorrow, September 10 . . .

"Passport to Russia" . . . like Jo Wunsch's earlier novel, "Flying Skis," was inspired by a family experience, daughter Kay Wunsch's travels through the Soviet Union with the University of Michigan Symphony Band in 1961. Kay kept a diary record of her journey through the Soviet Union; Jo used this diary as a springboard for the book . . .

Friends of the Wunsches . . . who have been allowed a peek at "Passport to Russia's" advance copies, usually exclaim over the title page illustration, a charming drawing by Jon Nielsen of a girl playing a flute. "Why, that looks just like Kay!" they say . . .

The drawing SHOULD look just like Kay . . . it was taken from a photograph of her. Kay, graduated from the University now, teaches music in the Roaring Forks School District, Basalt, Col.; "Its greatest advantage is that it is very near Aspen," her mother says of Basalt, (Aspen, incidentally, is one of the skiing Wunsches' FAVORITE places in all the world) . . .

Marty McKenzie . . . the heroine of "Passport to Russia," follows Kay's route through the Soviet Union, and reacts to her surroundings as Kay reacted during her fabulous '61 Michigan Symphony Band tour. She goes shopping in Moscow, where she is amazed by the high prices and intrigued by the Lost Children's Fountain in the center of GUM, the Soviet Union's largest department store . . .

She travels down Leningrad's famous Nevsky Prospekt . . . sees the Bolshoi dance Swan Lake, enjoys a boat ride on the Black Sea, celebrates Easter in Sukhumi, goes sight-seeing in Kiev . . .

Author Jo Wunsch . . . uses Kay's diary to provide authentic background details for a delightful story. She emphasizes the friendliness of the Russian people, the warmth with which the young musicians are greeted everywhere in the Soviet Union, and lets slip more than a few fascinating, (to us, at least), bits of information . . .

(We always thought . . . like Marty McKenzie's friend, Becky, that Red Square was named "red" for the Communist Party; thanks to Mrs. Wunsch, we now know that its name means "beautiful" as well as "red" in Russian . . .)

The author is extremely grateful . . . to Margaret Niemetta, of the Grosse Pointe Public Library, for her helpful pre-publication critique of the "Passport to Russia" manuscript; when Mrs. Wunsch found herself unable to decide on final "Passport" copy changes, Miss Niemetta made all the right suggestions . . .

So, congratulations! . . . to Jo Wunsch on the publication of her second novel-for-teens. And please at least think about writing something for us Big People next time.

### Pilferings

It's a sign of age if you feel like the day after the night before and you haven't been anywhere.

—Successful Farming Magazine

The doors of the nation's schools swing wide once more, amid cheers from thousands of bright-eyed, eager mothers.

—Changing Times

A space-agency psychologist asked one of the astronauts what he was thinking about as he strapped himself into his craft atop the rocket which was to hurl him into space.

"All I keep thinking," he replied, "is that everything that makes this thing go was supplied by the lowest bidder!"

—Reader's Digest

Guidebook description of Salisbury, Conn.: "Settled early 18th century, a charming old village. Until recently, town was without street lights. When movement was started to install electricity on main street, a woman of the opposition said, 'Seems to me that if I were being chased by a stranger I'd rather it be dark.'"

—The American Guide

The new man in the office was given some fatherly advice by his superior: "I don't mind your following in my footsteps—but please wait until I get out of them."

—Wall Street Journal

## Foreign Faces To Grace GPHS

Six foreign faces will enhance the senior class at Grosse Pointe High School in the fall. Four are American Field Service students and two come under the auspices of the Council of Churches Youth for Understanding program.

Willie Lam Chang, a Chinese boy from Guatemala City, Guatemala, will be staying with the Jack Freys of Washington road. Son Doug will be a junior and the Freys also have a son and daughter in college.

Residing with the Cliff Ashtons, of Norwood drive, is Yoko Higushi from Japan. Two of her three American sisters will be with her at the high school. Sandy will be a senior, and Wendy will enter the tenth grade.

The William R. Ludwigs, of Rivard boulevard, will be hosting Ulrik Mickael Bernhoff from Denmark. The Ludwigs have three other children besides Rick who is in the twelfth grade.

Anne DuVivier, of Belgium, will live with Mr. and Mrs. Robert J. Hutton, of Devonshire road, and their four children. Sue Hutton will be a senior.

Pat Gutschman, daughter of the Lester Gutschmans, of Al-lard avenue, will acquire as her sister, Astrid Vollert, from Germany. The Gutschmans

have four other children, two in college, and two married. Astrid is sponsored by the Council of Churches.

The name of the other Council of Churches student could not be obtained. However, he or she is from Finland and will be spending the year with the Murray MacNabs, of Westbrook court.

In addition, we have two of our own Pointe students who have had the opportunity to visit points distant. Cindy Szady, daughter of the Leopold Szadys, of Lennon road, returned yesterday from her summer in Pakistan. Kathy Hookanson, daughter of the Edward Hookansons, of York-shire road, will come home in January from a year spent in Australia. Both are sponsored by the AFS program.

Kathy's brother, Dave, is also abroad on a private exchange. He is staying with Claes Kock, from Sweden, who stayed with the Hookansons last year. Dave is attending the Royal Academy of Music in Stockholm and will return to begin studies at Columbia.

Appropriately, Mrs. Hookanson is this year's president of the Adult Foreign Exchange Committee. Other members are Mr. Jack Frey, treasurer, Mrs. Hugh Moltau, secretary, and Mrs. King Clifford, publicity.

## Pointers of Interest

MRS. JOHN F. McNAMARA, MRS. GERALD F. FITZGERALD, MRS. GLYN W. MYERS, (LEFT TO RIGHT), OF THE GROSSE POINTE BRAILLE CLUB

By Janet Mueller

The three guiding spirits of the Grosse Pointe Braille Club are three of the merriest ladies in town. Naturally high-spirited, naturally inclined to look for the humor in any situation, they bubble over with wit, friendliness and enthusiasm.

Their capacity for laughter is matched only by their capacity for dedication. And the project to which they have dedicated themselves, transcribing books in Braille for the blind, catches their imaginations and fulfills their desire to be of service.

Emily (Mrs. Gerald F.) Fitzgerald, of Moran road, president of the Grosse Pointe Braille Club, is perhaps the most Service Work-oriented member of the trio.

Her two children are grown, and her grandchildren have begun to arrive. Daughter Barbara (Mrs. Richard F.) Finch, her husband and children, Elise, 8, and Mark, 5, have returned to the Pointe and are making their home in Harvard road after five years in Charlotte, N.C.

### All To Be Neighbors

Son Gerald F. Fitzgerald, II, a lawyer associated with his father, his wife and month-old son, Gerald F. Fitzgerald, III, are about to move into Maison road—so the whole Fitzgerald clan soon will be almost within shouting distance of one another.

Emily and her husband, both originally from out-state Michigan, have lived in the Pointe for 29 years. They met when Emily was teaching at Detroit University School, (now incorporated in Grosse Pointe University School); "I taught there when William Fries, for whom the War Memorial Center auditorium is named, was principal."

Busy Mrs. Fitzgerald is just finishing two years as delegate to the State Council of Lawyers' Wives, representing her Grosse Pointe Chapter, represents her national sorority, Alpha Sigma Tau, in College Women's Volunteer Services, is a member of the National Expansion Committee of her sorority, a member of the Women's City Club and of the Grosse Pointe Women's Republican Club, annually devotes herself to the War Memorial fund-raising campaign, ("No wonder you're never home!" Ruth McNamara exclaims in awe) . . .

### Busy at Home Too

When she is home, Emily concentrates on her Braille or picks up some knitting; a self-confessed "great knitter," she has done 25 sweaters on one pattern alone.

Kathleen (Mrs. Glyn W.) Myers, of Grayton road, knits too, and her talents as a seamstress and tailor are the envy of her friends. She made the bright blue wool suit in which she is pictured above.

"I took a Grosse Pointe Community Services course in sewing and tailoring," Kay Myers explains, "and I'm hoping to continue—if I can spare the time from Braille."

Kay, born in England, spent most of her life in Saskatchewan, ("Twenty years on the prairies"), moved with her husband and son, Jim, to the Pointe seven-and-a-half years ago.

Nineteen-year-old Jim just returned to the University of Michigan, where he is an Engineering student, "and a pretty smart boy, too, I think," his mother says proudly. "He made the Dean's Honor List last semester."

### Music and Cats

Kay Myers' other talents include playing the piano and organ, and the bane-and-delights of her existence are two Siamese cats, brother and sister, who have a talent for perching in the most improba-

ble places all over the Myers' house.

Ruth (Mrs. John F.) McNamara, of Touraine road, thinks her wonderfully woolly basset hound, "Sad Sam McNamara," is the equal of Kay's two Siamese cats any day in the week.

The McNamara children range from John, Jr., married, father of John, III, and imminently expecting another heir, ("It will be a boy," Ruth says positively; "I've told them to have two boys, then two girls, then stop!"), to Ruth Anne, called "Susie" ever since she came home from the hospital, ("I really don't know why," her mother muses, "I LIKE the name Ruth Anne."), starting seventh grade at Brownell.

In between is 16-year-old Jim, a student at Grosse Pointe High School.

Ruth and her husband are both native Detroiters: "In fact, when we were about four or five, we lived within a block of each other—but we never met 'til later."

Mrs. McNamara is an enthusiastic bowler, likes to play bridge and "fool around with the organ and piano—just for myself," believes she has set some sort of record as a Kerby School room mother: "Thirteen years! I thought I'd be a room mother forever!"

### Makes Fine Presents

She has made 12 needlepoint purses, presented them all to friends, ("Ruth is a giver," Emily explains), and admits to being "a big talker, the Eager Beaver of the group."

Ruth is secretary-treasurer of the Grosse Pointe Braille Club; Kay is chairman of the classes, learned Braille transcription at the Grosse Pointe War Memorial under Miss Ella McLennan.

When the War Memorial classes were discontinued, Kay and Emily Fitzgerald formed their own class, meeting weekly at the Grosse Pointe main library. Their first year, 1963, Emily served as Kay's assistant instructor. Then Ruth became active in the project.

This year, Ruth takes on her first class, at the War Memorial, with Emily as her assistant. Kay, who has already conducted two classes at the library, will lead two more classes this year, a Refresher course and a course for New Transcribers.

Sponsored by Rotary, The Grosse Pointe Braille Club was formally organized last March. It is sponsored by Grosse Pointe Rotary.

"We needed a sponsor," Emily laughs, "and my husband is a Rotarian."

The Mesdames Fitzgerald, Myers and McNamara are all Certified Brailleists, (transcribers who meet basic requirements receive certificates from the Library of Congress, attesting to their proficiency), and 80 percent of their students—"The best percentage in the tri-county area!"—have been certified.

"We try to keep our classes small, limit them to 12 students or so," Kay explains. "You can't handle a class properly if you have too many students."

"That's why we've been so successful," Emily adds. "We work with a limited number of students, all living in the same area, where there are two or three people always ready to help if someone gets stuck."

Classes meet once a week, with the class year roughly paralleling the school year, but

the Brailleists do not stop transcribing during the hot months. "We give our summers to this work, too," Ruth notes. "We proof-read all summer long."

### Equipment Expensive

Braille transcription may be rewarding work, but the equipment is expensive. Special paper, at approximately three-fourths of a cent per page, is one large budget item.

Braille Writers cost \$92 each and take three or four months to arrive after an order has been placed. The Club has just received a gift machine from a national sorority. Students learn transcription via a slate and stylus; when they become proficient, they usually purchase their own Writers.

"We realize it's expensive," Emily Fitzgerald says, "and we would at least like to be in a position to provide paper for our transcribers. We're open to contributions."

Ruth, Kay and Emily all admit that Braille transcription is not learned quickly. It takes time to become familiar with an entirely new alphabetic system, based on raised and spaced dots, and Ruth, for one, finds contractions particularly difficult. It is easy for a sighted person to "forget" Braille; transcription skill rusts through lack of practice.

But they emphasize that the only essential for successful transcription is the ability to concentrate. Accuracy, not speed, is important. And Braille transcription can be done anywhere, at any time.

The basic purpose of the Grosse Pointe Braille Club is to keep transcriptionists stimulated by other transcriptionists, to keep them working. "It's more interesting when you're working with a group," Kay maintains.

### Has Social Side

"We really have a ball, you know," she adds. "There's a luncheon in January for old and new members, and a final luncheon when the class breaks up in June. I've made so many nice friends through Braille . . ."

"Approximately 20 Certified Brailleists are busy in our Club right now," Ruth adds. "If there are any more in the area, we'd be happy to hear from them."

Only a few months old, the Club already has big plans. Grosse Pointe Public Library Director Robert M. Orr has provided the Braille Club with the library's discarded children's books, which members are now transcribing. They hope this year to furnish libraries for two rooms in a school for the blind.

They also transcribe textbooks. One Club member has begun to learn the Braille Music Code in order to help a piano teacher working with blind children, and the Club is searching for a transcriber to tackle the Braille mathematics code.

Future plans call for binding equipment, to be used in a Book Assembly Workshop. The Club takes on occasional service projects, too: "We found a piano for a very talented blind music student. Now all we need is the money to move it!"

### Hours Are Flexible

Kay, Ruth and Emily consider Braille transcription the perfect project for a person who has a strong desire to help others, but an irregular free-time schedule. Kay does most of her transcription while she waits for her laundry to go through the machine.

Ruth has her materials stored in her bedroom, ("My husband, Jack, calls it 'The Braille Room'," she laughs). Her enthusiasm for her project

## Film Features South Pacific

The Grosse Pointe War Memorial's "Meet the Travelers" program in September will feature color movies of the South Pacific. The show will be presented free of charge to all Grosse Pointers and their guests in Fries Auditorium on Monday evening, September 20, at 8 o'clock.

Mr. and Mrs. "Rip" Zwickey made this film on their leisurely trip through the area a few years back. The photography is Mr. Zwickey's contribution and the commentary comes from the distaff side of the family.

has led her to give talks on Braille transcription to school and church groups, and she is constantly urging friends and acquaintances to "just try a few lessons."

These teachers receive no pay; in fact, they pay out their own money for materials. But they feel Braille transcriptionists are rewarded far beyond their efforts, with much more than money . . .

"Just watch one blind child reading 'your' book. You'll be rewarded enough."
