### HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

Thursday, September 9

**HURRICANE BETSY** raged through southern Florida early Wednesday and moved on into the Gulf of Mexico, leaving behind her at least four dead, 20 injured and property damage in the millions. Hardest hit by the 140-mile-an-hour winds was the densely-populated Gold Coast, from Palm Beach south through Miami Beach's hotel area down to the Florida Keys. Cities reported widespread flooding and wind damage, power failure and loss of telephone service.

Friday, September 10

**BISHOP JAMES A. PIKE** of San Francisco was declared innocent of heresy by his brothers in the Episcopal House of Bishops, but received a mild rebuke for his unilateral actions. A group of conservative Arizona clergy had accused Pike of denying the doctrine of the Trinity, virgin birth and incarnation. Pike was cleared of heresy accusations for the third time since 1961.

Saturday, September 11

**PAKISTANI TROOPS** and tanks forced Indian invaders into retreat on the northern plains Friday. Pakistani officials claimed "the enemy has been thrown back in all sectors inside Indian territory and across the border." In Rawalpindi, Pakistan, President Mohammed Ayub Khan called on his people to carry the fight into India, even as UN Secretary General U Thant talked peace with Pakistani officials. Thant now plans to confer with Indian officials in New Delhi.

**STATE AUTHORITIES** Friday approved a \$6-million-a-year rate increase in two classes of auto insurance by 310 companies. Collision rates will rise 11½ percent and liability fees will go up 14½ percent. The increase will affect 750,000 of the state's 3,000,000 insured motorists, although the Automobile Club, the biggest auto policy writer in the state, raised its premiums last spring and is not involved.

Sunday, September 12

**HURRICANE BETSY'S** known death toll rose past 50 today, while the coroner feared 150 to 200 dead in heavily-flooded New Orleans alone. Damage estimates ranged up to \$1 billion. Hardest hit was a sprawling suburb of 3,000 homes, ravaged by floodwaters from a broken levee. President Johnson, who flew in from Washington Friday, declared New Orleans a major disaster area, and Louisiana Gov. John J. McKeithen promised victims fast state and federal aid.

Monday, September 13

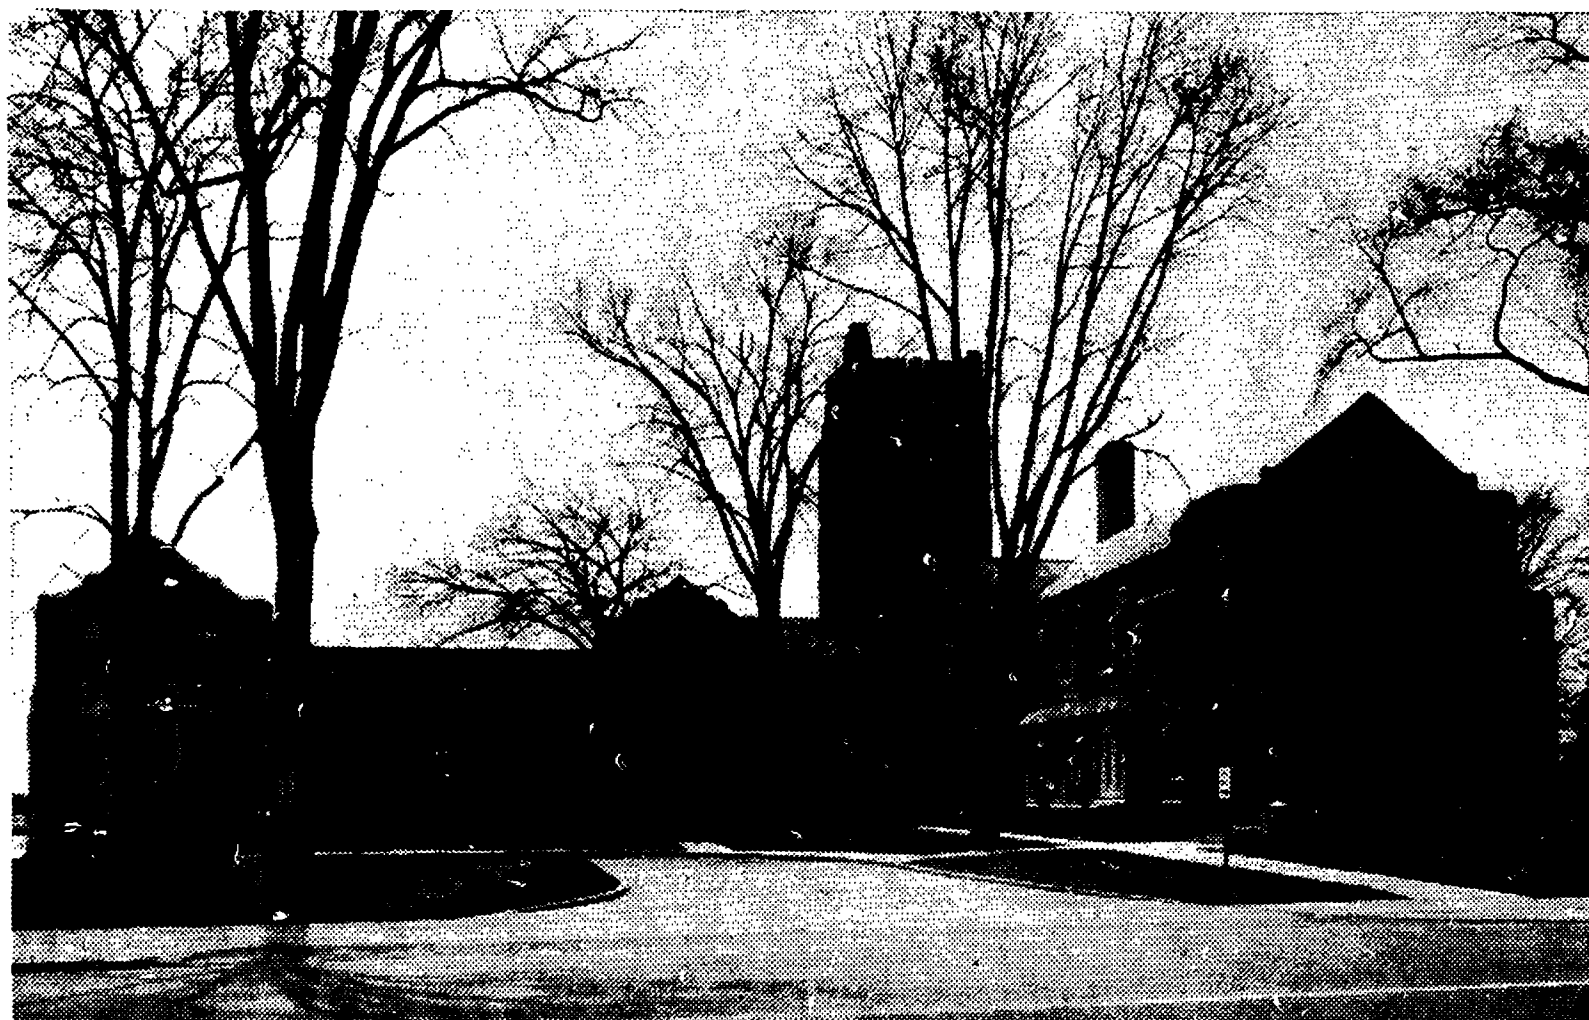

**A SUNKEN OBJECT** in the Mississippi near Baton Rouge, located Sunday by Army Engineers, may be a missing barge that has 600 tons of fatal chlorine gas aboard. An Army spokesman said that positive identification would have to be done by divers.

**NEARLY 750 REPUBLICAN** leaders predicted that Gov. Romney will seek a third term as Governor next year rather than run for the U. S. Senate. The top party members, gathered on Mackinac Island to plan their 1966 campaigns, also discussed possible contenders for Patrick V. McNamara's Senate seat. One possible choice, Rep. Robert P. Griffin of Traverse City, told friends he would like to run if he could attract adequate support and financing.

Tuesday, September 14

**SECRETARY OF STATE** Dean Rusk told Communist China Monday to stay out of the India-Pakistan conflict and allow the United Nations Security Council to settle the undecided Kashmir war. Following a meeting with the Senate Foreign Relations Committee, Rusk said he felt China had been fishing in troubled waters, seeking to exploit the border war. A U.S. airlift of American citizens is expected to begin by midweek from both West and East Pakistan.

### Grosse Pointe Memorial Church 100 Years Old

The Pointe's largest church is observing a century of service and growth. Details of the celebration including services on Sunday are contained in the story below.

### Plan Annual Meeting at Memorial

Five New Board Members To Be Elected To Replace Retiring Officials.  
September 27

The Grosse Pointe War Memorial Association will hold its Annual Dinner and Meeting in its Crystal Ballroom, the evening of Monday, September 27, at 7 o'clock.

All current contributors to the Memorial Association are considered members and are cordially invited to attend. There is a token charge of \$2.50 per person for hors d'oeuvres and dinner, and paid reservations are requested at the Center by September 23.

Dinner guests will be entertained by the leading men and women of the Grosse Pointe Theater, who will present excerpts of past productions and give a peek behind the curtain into future shows. Don Bliss will sing selections from "Kiss Me Kate" and Jim Harkema and Virginia Williams a medley from "Oklahoma." Larry Marco and Ann Young will do numbers from the first show to be given this coming season — "Little Mary Sunshine."

A brief meeting will follow the entertainment chaired by Theodore H. Hecke Jr., who will report on the state of the Center, aided by treasurer George N. Monro, III, and Alger Shelden, chairman of the Investment Committee.

Then five new board members will be elected to take the place of George C. Cossaboom, Walter B. Ford II, Theodore H. Hecke, Jr., H. Lyn Pierson, and Mrs. Frank W. Wylie, whose terms of office are expiring.

**PAYMENT APPROVED**  
The Farms council on Monday, September 13, approved partial payment in the amount of \$6,902, to the DeMeulenaere Construction Company, for work completed on the curb, catch basin and sidewalk repair program.

### Malicious Damage Done To Parked Cars in City

Five reports of malicious damage done to parked cars were made to City police within less than five minutes early Sunday morning, September 12. The destruction, which occurred shortly after 1 a.m., included overturning, a shattered windshield, a broken side mirror and smashed headlights.

Police said the cars damaged were parked in the vicinity of Waterloo and Lakeland. A 1959 Fiat belonging to Meredith Metzner, 409 Rivard, was overturned from the curb into the middle of the street on St. Clair south of Waterloo, and a chunk of concrete was thrown through the windshield. Mrs. Judy Miller, 916 University, reported that she

### Pointe Memorial Church Observing 100th Birthday; Anniversary Services Set

Pastor Emeritus Dr. Frank Fitt to Preach Twice; Historical Marker to Be Dedicated at Site of First House of Worship

One hundred years ago the Grosse Pointe Memorial Church began in a home in Lake Shore road with 13 members. Today it is one of the largest United Presbyterian Churches in the United States, with a membership of over 3,600, and with a church school enrollment of over 1,400.

The names of the original founders are still to be found in Detroit and environs: Mr. and Mrs. Edmund A. Brush, Mr. and Mrs. Isaac C. Smith, M. C. Canfield, Mr. and Mrs. D. Bethune Duffield, Alexander Michie, Mr. and Mrs. George Neff, Rufus M. Kerby, Isabella G. D. Steward, and Alvin S. Lothrop.

Next Sunday the Grosse Pointe Memorial Church will celebrate its One Hundredth Anniversary at both morning Services of worship — 9:30 and 11:15 a.m. Dr. Frank Fitt, pastor emeritus and minister of the Church from 1930-1958, will preach on "Retrospect and Prospect."

The Chancel Choir, under the direction of Malcolm M. Johns, will sing an anthem commissioned for the celebration and written by Dr. Richard Felciano, Ford Foundation Fellow and Professor of Music at San

### Burglar Visits Ware Residence

An unlocked rear door provided entrance to an unknown person or persons who robbed the Frank Ware residence, 400 Washington, of 2 radios, a stereo photograph, a television set and several gold watches and cufflinks late Wednesday afternoon, September 8, City police said.

A neighbor, Frank Wylie of 380 Washington, told police he noticed an older model, dark colored car in the drive of 400 Washington about 12:30 or 1 p.m. Other residents of the area saw nothing suspicious.

heard glass breaking in front of her home and then a car sped away, squealing its tires. Police who investigated found the left front headlight of the car in front of her home smashed, apparently by a metal object.

Police also discovered the left front headlight broken on the cars parked in front of 765 University and 857 University. They belonged to Alice Cavatio of 3094 Anderson, Detroit, and Russell W. Knowles, of 856 University.

Francisco College.

On Sunday afternoon an historical marker will be dedicated at the site of the first house of worship in Kerby road near Lake Shore. The public is invited to join with members of Memorial Church at the site for a brief service.

Roy Schartenberg, of Kensington road, has organized a group of old automobiles to lead the way from Kerby road to the Church for a carillon recital by Dennis Jones on the Memorial Carillon.

Dennis Jones, of Buckingham road, is the youngest member of the American Society of Carillonists. It is hoped that young people will follow the old cars on bicycles and that others will follow in their own cars back to the church. The Women's Association of the Church will serve refreshments at the lake front during the recital.

During the fall a series of sermons and lectures will be delivered by foremost American churchmen on "The Shape of the Church and the Shape of the Future." These will be published for study of how Memorial Church can fulfill its mission in the century ahead.

The scholar-preachers who will speak are: Dr. David Noel Freedman, editor of the new Anchor Bible and Professor of Old Testament in San Francisco Seminary, and archaeologist American Church History in Union Theological Seminary, New York; Dr. Samuel Miller, Dean of Harvard Divinity School; Dr. John Coventry Smith, general secretary of the Commission on Ecumenical Relations of the United Presbyterian Church; and Dr. Kyle Hasselden, Editor of "The Christian Century."

On Sunday morning the copies of the history of the Grosse Pointe Memorial Church will be available for members of the congregation. This history, bound in blue buckram and embossed with a gold Celtic Cross, has been prepared by the One Hundredth Anniversary Committee — Paul Williams and Harry Whittingham, co-chairmen; Mrs. John G. Garlinghouse, Mrs. Walter E. Pattee, Robert E. McKean, Raymond C. Smith, Renville Wheat, and the Reverend Bertram deHeus Atwood, ex-officio.

**WALLET LOST**  
Judith Warner, 22500 Mylly, St. Clair Shores, reported to police that she left her wallet in the locker room of Bon Secours Hospital, where she is employed, at 11 a.m. Thursday, September 9, and when she returned at 4 p.m., it was missing.

### Incinerator Plant Closer To Reality

Disposal Authority Offers Contract Membership to Eight Communities, on First Come Basis

The Grosse Pointe-Clinton Tofee Disposal Authority took another step nearer to building an incinerator plant, when it invited representatives from 11 communities to attend a luncheon-meeting at the Grosse Pointe Yacht Club on Tuesday, September 14.

The Authority is comprised of four constituent members, the Park, Farms, City and Clinton Township, and is seeking contract members, the number of which will determine the capacity tonnage plant that will be built.

Murray M. Smith, retired Farms city engineer, and now Authority manager, presided at the meeting, at which sample contracts were given to representatives of interested communities present.

**Woods, Shores Interested**  
At the meeting were Park City Manager Robert Slone, Farms City Manager Andrew Bremer, Jr., and two other potential officials, Woods City Administrator Chester Petersen and Shores Village Superintendent Thomas Jeffers. The Woods and Shores expressed an interest in becoming contract members of the Authority.

Absent from the meeting was Grosse Pointe City Manager John Cantwell, who was out of town on official business.

Also present were the city managers of Harper Woods and Mt. Clemens.

Sent invitations but unable to send a representation, were (Continued on Page 8)

### Police Officer Goes to Dogs

A Farms police officer was bitten on the left leg by a poodle on Sunday, September 5, when he tried to capture another dog that was running-at-large.

Patrolman Donald Pilon was dispatched to Kerby lane, where a Labrador was reported to be running in the street. The officer found the animal in the front yard of 116 Kerby, and when he entered the yard to slip a noose over the dog's head, a female poodle, on a chain, bit Pilon on the leg, breaking the skin.

Pilon was driven to Bon Secours Hospital where he was given a tetanus shot. The owner of the poodle, Joseph N. Hartmann, was ordered to keep the pet confined for a 10-day period. The owner of the Labrador was issued a violation ticket for allowing his pet to run-at-large.

### Two Youths Suffer Abdominal Cuts In Knife Battle

Both Require Surgery; Third Teenager Treated for Multiple Cuts About Chest, Neck and Arms In Altercation

Two teenage boys suffered stomach wounds and another teenager suffered cuts about the chest, neck and both arms and several fingers, following a knife fight at Chalfonte and Kerby on Friday, September 10, according to a Farms police report.

Hospitalized for knife wounds

in the stomach, were Jeffery Parcells, 17, of 1014 Buckingham and Patrick R. Webb, 17, of 405 Rivard boulevard. Parcells remained at St. John Hospital for one day after surgery, and was released; Webb underwent an emergency operation at Cottage Hospital, where he stayed for five days before being allowed to go home.

The third injured teenager, William J. Sliney, Jr., 18, of 19381 Woodside, Harper Woods, was treated for the multiple cuts, and released immediately after treatment.

Unaware Of Wound

Webb, Farms police said, was not aware that he had been stabbed until he was being questioned in the Farms station, then was rushed to the hospital by police.

According to information released by Farms authorities, a citizen called that station at 10:50 p.m. to disclose that a knife fight was in progress at Chalfonte and Kerby. Sgt. Eugene Boylan, and Patrolmen Vincent Peters, Robert Conn, Marvin Krebs and James Bliss were dispatched to the scene.

The policemen said they arrived at the scene and found Sliney bleeding from multiple cuts. Sliney was taken to St. John Hospital for treatment. At 10:58 p.m., the police dispatcher radioed information that a call had been received from the Standard Service Station, Mack and Moross, that revealed a youth was in the station, who appeared to have been knifed.

**Woods Police Take Call**  
Woods police officers cruising in the area, answered the call and found Parcells in the gas station, suffering from the stab wound in the stomach. After radioing the information to Farms authorities, the Woods crew took Parcells to St. John (Continued on Page 2)

### Juveniles Steal Lawn Furniture

Three separate larcenies of lawn furniture occurred on Stratford place between 1:30 p.m. Friday, September 3 and 6:30 p.m. Saturday, September 4, according to City police reports.

A. C. Ryan, of 5 Stratford place reported the loss of 2 chaise-type lawn chairs from his garage, between 10 p.m. and 10 a.m.

B. J. Wembhoff, 9 Stratford place, also reported the loss of a similar chair, with mattress, from his patio, between 1:30 p.m. and 10 a.m.

The third report of missing lawn furniture came from Donald Cherry, 4 Stratford place. City police said they later traced the larcenies to four juveniles, all Detroit residents, who had earlier been fishing in the area.

### Police Chiefs Issue Warning To Missile-Shooting Vandals

The police chiefs of the Pointe issued warnings to vandals, especially those carrying sling shots and those firing BB guns within the Pointe limits. Anyone apprehended, adult or juvenile, using these weapons in violation of the law, will be dealt with accordingly, the chiefs stated.

The warning followed numerous complaints from citizens and store proprietors who reported windows and other properties damaged by sling shot-fired missiles (stones, agates, etc.), and BB pellets.

The complaints, listed under "malicious destruction of property" in police books and reports, are received almost daily by local police, from irate

### Sick Vandals Overturn Six Volkswagens

Vicious Pranks Reported in Park and Farms; All Occurred Sunday Night, Sept. 12

A group of vandals seem to have taken vicious delight in overturning one Volkswagen in the Park, and five in the Farms, during the night of Sunday, September 12, according to complaints received by police.

In the Park, Rex Ciavola of 1303 Devonshire, called police and disclosed that he found his 1964 Volkswagen sedan lying on its left side. Policemen sent to the Ciavola residence to investigate helped right the vehicle. The amount of damage was not disclosed.

The Farms police listed their complaints in the day book, as follows:

Car overturned, Volkswagen sedan, Charlevoix and Cloverly, owned by Miss M. Packer of 114 West Adams, Detroit; Volkswagen bus with New York license plate, overturned at Kenwood court and Charlevoix; Volkswagen sedan overturned in front of 284 Kenwood court.

Overturned car, a 1964 Volkswagen sedan on its left side, owned by John B. Kean and parked in driveway at the garage door; 275 Lewiston, Brady residence, Volkswagen sedan overturned on its left side, \$200 damage.

Frank Barrows of 279 McMillan told Farms police that he discovered that an attempt was made to overturn his Volkswagen. He said he found his right running board bent, and the car's cigarette lighter missing.

Police were at a loss to explain the motives behind the vandalism.

### Roland D. Schultz Seaman Apprentice

Roland D. Schultz, son of Mr. and Mrs. Robert Schultz of 1910 Lennon, was awarded the rank of Seaman Apprentice upon his graduation from the Coast Guard's Basic Training Center at Cape May, N.J. Recruits enrolled in the 8-week course learn military drill, small boat handling, use of small arms, firefighting, seamanship, first aid and Coast Guard history.

Roland reported to Cleveland, O. for assignment on September 14, 1965.

residents and store owners. Damage runs into many thousands of dollars each year. Residents complain of smashed rear house windows, storm and screens, thermopane windows and screens; store owner complaints range from the smashing of small windows in doors and at rear of buildings, to damaging or destruction of large front windows.

The most recent complaint was received by the Woods Department of Public Safety on Wednesday, September 8, from the Pulte Construction company of Detroit, presently completing a restaurant building at Mack and Bournemouth.

### Completion Seen Before Spring Rains

Hope to Get Federal Funds to Augment Bond Issue Cash; Expected to Cost \$1,425,000

Grosse Pointe City's big sewer improvement project gets underway today, Thursday, September 16. The program, which calls for modernizing both the sanitary and storm drainage systems, and automation of the pumping station, will cost about \$1,425,000 and is expected to be finished by March 17, 1966, in time to be ready to handle the spring rains and eliminate basement flooding.

Work is being started first on the sanitary sewer major trunk, beginning at Charlevoix and Nef, running on Charlevoix to Lakeland, then on Lakeland to East Jefferson.

The tunneling and jacking method of construction is being employed, with no continuous open cut. There will be shafts about 100 feet in diameter every 300-400 feet in the center of the street. Where work is being carried on, the street will be blocked to through traffic, but with egress and ingress permitted for residents. This is expected to be done on only one block at a time.

**Will Take 100 Days**  
The working schedule on the sanitary system will be from 7 a.m. to midnight, and the only real noise should be the compressor working above the street. It is estimated it will take 100 working days to complete the sanitary system improvements.

Barriades will be erected at the intersections, but fire fighting equipment will be able to get through in case of emergencies. The shafts will be surrounded by fences four feet high, all marked with blinking lights.

Negotiations are being carried on with Grosse Pointe Farms which would give that city the dirt removed in the sewer construction, to provide fill for the expansion to be carried on at the Farms Pier-Park in developing the Whitcomb site, recently acquired.

Trucks carrying the fill would use Lakeland avenue to E. Jefferson, thence east on Lake-shore road to the Farms park-site.

The largest pipe being used in the sanitary system is 42 inches in diameter and is graduated down to 30 inches. Maximum and minimum depths of this sewer will be 25 feet and three feet.

**Storm Drain Project**  
Work on the storm drain project will start in two weeks. This will all be open cut, starting at the lake, on the east side of the new Elmsleigh subdivision just west of Stratford (Continued on Page 2)

### Bloody Burglar Also Over Tired

A Sinclair Gas Service station at Mack and Fisher road, during the night of Friday, September 10, cut himself when he broke two window panes at the rear of the building.

Farms Patrolmen John Kraiza and Otto Glanert, dispatched to the station to investigate, said they found fresh blood near the windows and near the cash register inside the building. The burglar helped himself to \$30 in cash from the register.

Det. Sgts. Jack Paisley and George Van Tien said that apparently the thief was not injured too badly because he had stolen 12 new tires and the station owner's car, parked on the property.

The owner of the station, Albert A. Murray of 1452 Bishop, told the detectives, that the thief, or thieves, must have used his car to take away the tires.

Murray's car, a 1960 Chevrolet, was recovered by Detroit's Jefferson Avenue Station, Fifth Precinct officers, at Mack and Bewick.

Paisley and Van Tien said they have no clues as yet, but an investigation is underway. The owner of the station is taking inventory to determine his actual loss, they said.

## Police Chiefs Issue Warning to Vandals

Continued from Page 1  
tion firm informed police that several BB pellets were fired through a 17-foot by 14-foot plate glass window on the north side of the edifice. The estimated cost of replacing this glass, he told police, is \$300.

The vandals seem to take a vicious delight in shooting at anything and everything, just to test their aim. They have been known to shoot out street light globes, and glass fixtures on the outside of private homes.

The police chiefs stated that any adult or juvenile apprehended indulging in such vandalism, or any other form of vandalism, will feel the full weight of the law. Adults will be tried in adult court, and juveniles will appear in Juvenile Court. Adults found guilty of vandalism will not only be fined, and possibly receive a jail term, but will be made to pay full restitution for damages. Parents are responsible for the acts of their juvenile children, under State Law, and must make restitution for vandalism acts of their young offspring.

The chiefs also pointed out that their respective communities have local laws against the use of BB guns, or other weapons being fired within their respective city limits. There is also a law against the possession of sling shots.

A recent state law makes it illegal for any person to purchase any hand gun that fires pellets either by gas cartridge or air pressure, without a permit, the same as with regular pistols and revolvers.

Like pistols and revolvers, the pellet guns must be registered with local police, and cannot be carried without a concealed weapons permit. Violation of Michigan's gun laws constitutes a felony, which carries a stiff penalty, the chiefs pointed out.

## Cinema League Meets Sept. 23

The first meeting of the Grosse Pointe Cinema League will be held Thursday, September 23, at 8 o'clock. Films will be shown by Clarence Komorowski in the Fries Auditorium of the Grosse Pointe War Memorial. Mr. Komorowski is employed by General Motors as a studio engineer in the Chevrolet interior design studio.

Mr. Komorowski's film, "A Tale of Two Palms," was taken in Hawaii and Tahiti in October of 1963. It is a 16mm color film with a magnetic sound track added with narration and background music.

The first reel will show the windward side of Oahu, the Mormon Temple at Laie, a Hukilau and a visit to the Polynesian Cultural Center, showing different dance groups from New Zealand, Hawaii, Fiji and Samoa. Then on to Tahiti.

The St. Clair Shores Lions Club, The Pilots Club, Detroit Rehabilitation Institute, General Motors Tech Center Ski Club, and the General Motors styling division employees and their families have enjoyed film presentations by Mr. Komorowski.

This will be the first opportunity for the Grosse Pointe public to view these outstanding films.

The Grosse Pointe public is invited to see "A Tale of Two Palms" free of charge. Those who are interested in photography are invited to join the Grosse Pointe Cinema League.

## FARMS PAYS BILL

At its regular meeting held on Monday, September 10, the Farms council agreed to pay the Michigan Mutual Liability company, an additional advance premium due of \$3,939 because of a rate change endorsement received from the company. The increased premium is the result of an amendment to the Michigan Workmen's Compensation Act. The extra cost will come from the Contingent Fund, already in the 1965-66 Fiscal Budget.

## Knife Battle

Continued from Page 1  
Hospital. Parcels was a passenger in a car driven by Webb, police said.

The Farms officers at the Farms-Kerby intersection, where the fight was alleged to have occurred, placed Webb, and another passenger in Webb's car, Roger P. Klee, 17, of 21103 Vernier, Harper Woods, in a scout car and took them to the station for questioning. While being interrogated, police realized that Webb had been stabbed and took him to the hospital.

Also taken to the station for questioning were James Peters, Jr., 18, of 18582 Woodcrest, and Edward Jones, Jr., 18, of 19104 Woodside, both of Harper Woods. Peters was the driver of the second car, owned by Sliney.

Police said Klee, Jones and Peters were not involved in the fight, and were released after questioning.

## Remarks Start Fight

According to information pieced together by the authorities, the boys were mouthing vulgar remarks at each other, while driving on Chalfonte. When Peters stopped for a red traffic light at Kerby, Webb bumped into the rear of the car.

Sliney, it was said, then jumped out of his car, a knife in his hand and advanced on Webb's vehicle. Webb grabbed a knife out of the glove compartment of his car, jumped out, and clashed with Sliney.

Parcels, police said, grabbed a tire iron from the rear seat of Webb's automobile, and tried to break up the fight, and was stabbed in the abdomen. Who struck the blow is not known.

## Had Been Drinking

Both Webb and Klee admitted to consuming four to six bottles of beer before the start of the altercation. Police found three empty beer cans, and four full cans of beer in Webb's car, and confiscated them.

Investigation of the fight was assigned to Det. Sgt. Jack Paisley, who said that the matter is still being probed, to determine what charges, if any, will be made in the incident.

## DOELLE REAPPOINTED

The Park council at its regular meeting held on Monday, September 13, appointed Councilman John Doelle a director of the Grosse Pointe-Clinton Refuse Disposal Authority, representing the Park. Mayor Matthew Patterson was appointed alternate. Doelle, who has represented the Park since the Authority was formed three years ago, is secretary of the organization.

## APPROVE BID

City Manager Andrew Bremer, Jr., recommended to the Farms council on Monday, September 13, that the city purchase a cab and chassis for a rubbish truck for the Department of Public Works, from Stark Hickey, at a cost of \$5,730. The bid was the only substantial one received, the council was informed. The purchase was approved.

## Start City Sewer Project

Continued from Page 1  
place. From there it will go to E. Jefferson and north in St. Clair avenue. From Jefferson to Maumee the sewer will be laid in the street, and from Maumee to Waterloo it will be between the curb and the sidewalk on the east side of the street.

Preservation of elm trees is the reason for the shift in locations. There are 14 elm trees on St. Clair between Jefferson and Maumee that would have to be lost if the sewer was not laid in the street. From Maumee to Waterloo there are only six, and by laying the sewer between the curb and the sidewalk the City is saving \$23,000 in construction costs.

Every effort will be made to complete the project with the least possible inconvenience to the residents. It is believed that no one will have to park on the street for more than one night.

## Cooperation Pledged

At a meeting held last Thursday heads of the police and fire departments, engineers and contractors all agreed on ground rules and promised complete cooperation to minimize nuisance to the residents. Deliveries are being re-routed and special traffic controls put into effect.

There will be ingress and egress to the large municipal parking lots behind the business establishments on either side of Kercheval on the east side of St. Clair avenue. The contract calls for the complete restoration of all sidewalks and

driveways damaged by the construction, and shrubbery and grass will be replaced.

The St. Clair open cut will be 15 feet deep and the pipe used is elliptical in shape, measuring 63 inches high and 98 inches wide. At Waterloo it becomes 48-inch round piping.

The project is being financed by the \$1,325,000 bond issue approved by the voters of the City. Application has also been made to the State Water Resources Commission for \$140,000 from funds supplied by the federal government to be distributed by the Commission.

The amount of work which can be done in automating the pumping station will depend upon whether or not the City gets this grant from the Water Resources Commission.

## Teachers Spend Summer Teaching Other Teachers

Many members of the professional staff of The Grosse Pointe Public School System were called upon during the past summer to serve on the faculties of institutions throughout the nation. Among those who taught at the university

level were John Hammel, Dr. Glen Cooper, Lawrence Gagnon, Ronald Buehler, Miss Ruth Curtis, Robert Welch, Miss Alice Wellpott, and Miss Mary Lu Eyster.

John Hammel, Principal of Maitre School, served on the faculty of Central Michigan University in Mount Pleasant. He taught three graduate courses: elementary curriculum, mental hygiene, and a seminar on problems in elementary education.

"I found the students serious of purpose and capable of producing excellent papers and reports. Most of them were teachers, with some administrators sprinkled through the large class in curriculum. Facilities for living and teaching were excellent! A wonderful, satisfying experience," he concluded.

Dr. Glen Cooper, principal of Defer School, was a member of the faculty of the education department of Oakland University this summer.

Principal Lawrence Gagnon of Mason School served as lecturer and consultant for a human relations workshop at Rutgers University in New Jersey.

"It provided a wonderful opportunity to assist teachers to plan lessons for the inclusion of critical thinking and clarifying values in classroom interaction to increase their awareness of human relations," he commented.

Ronald Buehler of the administrative staff, taught in an institute in educational media organized under the National Defense Education Act. He was at the State University of New York at Oswego.

Miss Ruth Curtis of the Department of Pupil Personnel taught for the University of Michigan in a speech improvement program at Shady Trails in Northport, Michigan. She served as internship coordinator. In this position she was assistant to the director, and was in charge of coordinating work in speech and hearing and supervising interns. "The position was demanding, but very rewarding and professionally stimulating," Miss Curtis remarked.

Robert Welch, coordinator of the Wicking Library at Grosse Pointe High School, served again on the faculty of the Graduate School of Education at Harvard University. For the seventh year, he was a Master-Teacher in English and was responsible for the supervision of four intern teachers who were beginning work on the Master of Arts in Teaching degree. Mr. Welch reports a profitable summer, one resulting in a personal letter of commendation from the Dean, Dr. Theodore Sizer.

Miss Alice Wellpott of the staff of Parcels Junior High School was a member of the faculty of Sagamore Reading Camp at Ravuette Lake, New York, conducted in affiliation with Syracuse University. Miss Wellpott reports that the program was designed for senior high school students who plan to attend college. Reading improvement in speed, comprehension, vocabulary, study skills in subject areas, note-taking were included in the curriculum.

"Truly a rewarding experience, for the six-week period was preceded by a workshop supervised by the camp director, head of the reading program of the Beverly Hills Public Schools in California," Miss Wellpott said. "It gave me an opportunity to examine many reading materials and reading tests plus the enjoyment of working with reading teachers from other school systems," she added.

Miss Mary Lu Eyster of Poupard School served as a visiting associate professor of education at Alaska Methodist University in Anchorage, Alaska. She conducted workshops in children's literature and in methods of teaching the social studies.

## Motorist Hurt In Park Crash

A Detroit motorist suffered serious injuries Friday evening, September 10, when his car crashed into a tree on an island at the intersection of Windmill Pointe drive and Berkshire road.

Injured was Louis R. Levorata of 3081 Philip avenue, who was taken to Bon Secours Hospital, where doctors disclosed the man suffered a dislocated hip, a fractured cheek bone, head lacerations, and the loss of bottom teeth.

Park police officers investigating the accident, said there were no witnesses to the accident, but at the hospital, Levorata was able to give them a verbal account of what must have happened.

In the statement taken down by Patrolman Ralph Moore, Levorata said that he was driving west on Windmill Pointe drive.

## The DRC Story

## THE MAN WHO COUNTS CALORIES FOR HORSES

Ray Hopton is a Calorie Counter . . . for other people and for horses.

He worries about everybody's weight but his own.

The lean, six-foot-two Hopton is the Detroit Race Course's Racing Secretary. A vital part of his job is to assign the weights each horse carries in the major stakes.

It is a job which requires a unique knowledge of thoroughbred performances, a skill of blending proving factors with potential, and a touch of luck.

There's a race track adage which says: "Weight brings all horses together." That is what Hopton attempts to do with his assignments in events such as the famed \$75,000-added Michigan Mile, to be raced at the DRC Saturday, Sept. 18.

The Mile is Michigan's richest race. It is a Showcase of the Stars.

A year ago, Hopton achieved a Racing Secretary's dream when Tibaldo and Going Abroad finished in a dead heat in The Mile. Going Abroad carried 120 pounds and Tibaldo 112 pounds.

Racing Secretaries and Handicappers point to the late John B. Campbell for the "perfect" assignment of weights in a top stakes event.

In the 1944 Carter Handicap, Brownie, Wait A Bit, and Bousset finished in a rare Triple Dead Heat. Brownie carried 115 pounds, Wait A Bit 118 pounds and Bousset 127 pounds.

How important is a POUND in a horse race?

Mighty important. By a Racing Secretary's calculation, a spread of two pounds is equal to one length in a mile race.

Owners and trainers watch the assignment of weights to their horses intently. They argue violently if they feel the weights favor a rival. The weights often determine whether

a turf star will start in The Mile or look elsewhere for an engagement.

You may wonder, and with good reason, why The Michigan Mile is raced at a mile and one-eighth. Originally—and hence its name—The Mile was contested at that distance.

Then, it was raced at a mile and one-sixteenth. This year, in response to repeated requests by horsemen, we made the distance a mile and one-eighth. At this time of the year, owners and trainers prefer the longer route for their Handicap stars. They feel it makes for a better race. It enables us to get more big name horses.

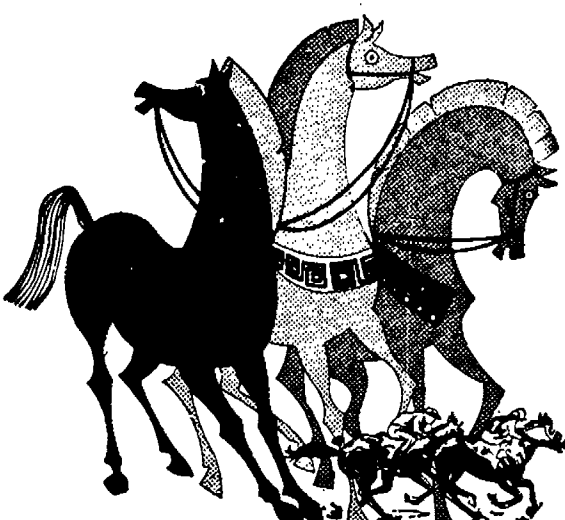

Our probable starters Saturday include Malicious, which defeated the great Kelso in the \$100,000 Aqueduct Handicap on Labor Day; Pluck, which finished second in the Aqueduct; Take Over, winner of the \$113,000 Washington Park Handicap; Pia Star, co-holder of the American record for the mile with a clocking of 1:33-1/5; the California star, Native Diver, winner of six stakes this season; Roman Brother, who won the New Hampshire Sweepstakes in 1964; and old rivals, Going Abroad and Tibaldo.

Michigan Mile Week is something special. We have a Stake-A-Day on our racing program.

Our new \$3,000,000 Clubhouse is open. It offers facilities for every taste . . . the beautiful Winner's Circle dining terrace; the picturesque Ye Olde Tired Horse Pub and the colorful French Quarter Lounge, where you can enjoy a quick snack and a refreshing drink.

Why not visit us during Michigan Mile Week and increase your Racing Pleasure! For dining terrace reservations, call GA1-7170.

**Alert Policeman Tags Motorist**

A 17-year-old Farms youth, who told police that he had no other means of transportation since his operator's license was taken from him, was given a violation ticket for driving while his license was revoked.

Farms Patrolman Earl Field, the arresting officer, said that while he was handling a funeral detail at St. Paul on the Lake Shore, on Saturday, September 11, he noticed a car being driven by Claude A. Greiner, Jr., of 78 Lake Shore.

The policeman said that he knew Greiner had had his license revoked by the Secretary of State's Office in Lansing, and stopped the young motorist.

Greiner told the officer that he had been operating a motor vehicle since his license was taken from him because driving was his only means of transportation. The youth was taken to the station and issued the violation ticket. Court date was set for Wednesday, September 29.

The young man was released to his parents pending the court appearance.

## Second Officer Quits in Farms

Farms Patrolman William Elworthy, formerly of 5036 LaFontaine, Detroit, resigned from the Farms Department, after more than 14 years of service. His resignation became effective on Sunday, September 12.

Elworthy, the son of George Elworthy, retired director of the Neighborhood Club, joined the Farms force on April 16, 1951.

He is the second Farms officer to quit in three weeks. His resignation followed that of John Krukowski, who left the force on August 25, to work as a plant security officer for a manufacturing firm near Miami, Fla.

Elworthy and his family will reside in Livingston, Ky., where he will go into private business. Before moving into his new home in Kentucky, Elworthy will visit his brother, Richard, who resigned from the City Police Department more than a year ago to enter private business in Angola, Ind.

The resigned Farms policeman expressed regrets on leaving the department and his former colleagues and his many friends in the Pointe and Detroit. He said that he did not decide to resign on the spur of the moment, but had contemplated such action for quite some time.

## September Meeting Held By Board of Education

The regular September meeting of the Grosse Pointe Board of Education was held Monday night in the schools' administration building at 389 St. Clair avenue. Edward J. St. Clair, president, chaired the session that began at 7:30 o'clock.

Miss Helen Zissis, first grade teacher on the staff of Ferry Elementary School, made a half-hour presentation on the Initial Teaching Alphabet. She was introduced by Dr. H. Leroy Selmeier, Assistant-Superintendent-instruction.

Miss Zissis said that the new phonemic approach which came into prominence in 1960 in England, was devised by Sir James Pitman. Introduced into the United States in 1963, Miss Zissis mentioned 500,000 children are being taught this method now, compared to 23,000 throughout the nation last year.

The growth of the use of the Initial Teaching Alphabet has grown from an increased attention to producing better readers. "Children learn faster through I.T.A. and they learn to write with greater care and fluency. The youngsters are able to delve into literature earlier than under the more traditional approach to reading," she commented.

"Today we are concerned with preventing reading problems, and with motivating young readers to be on their own," she said. Miss Zissis explained that children in other districts have experienced little or no difficulty in making the transition from the I.T.A. "transitory" alphabet of 44 letters to the traditional orthography of 26 letters. The Ferry teacher said that I.T.A. is not necessarily a panacea to reading problems, but rather an innovation which thoughtful educators see as a possible improved method of teaching reading.

School authorities said that Miss Zissis's experiment is part of a three-year investigation into the I.T.A. that is being conducted in The Grosse Pointe Public School System. Following her remarks, Dr. Charles H. Wilson, Superintendent of

Schools, commented upon selected items in his monthly report.

Of initial enrollment for the 1965-1966 school year, Dr. Wilson said that the enrollment for Thursday, September 9, reached 11,717. On Friday, it totaled 11,780, and on Monday it was 11,824, an increase of 107 in the first three days.

Monday's enrollment figure represents an increase of 214 students over June of 1965. School personnel emphasize that the situation is still fluid, that the official figures for the year are those gathered on the fourth Friday.

Dr. Wilson mentioned that the recently-passed Public Act 343 will require public schools in Michigan to provide auxiliary services to nonpublic institutions. He said that although preliminary rules for implementation of the legislation will become operative September 20, many details remain to be worked out. He indicated that invitations will be issued to Grosse Pointe's non-public schools to send representatives to a meeting with the schools' staff at 3 p.m. on Monday, September 20, in the administration building at 389 St. Clair Avenue.

The Board of Education also set a special meeting for 2 p.m. on Wednesday, September 22, to open bids on piling for the foundations of the proposed Grosse Pointe High School North. This session is also scheduled for the Board Room of the administration building at 389 St. Clair Avenue.

Following the Superintendent's Report, the trustees of the Board of Education passed upon a variety of personnel appointments. After the close of the regular business meeting, President Pongraz and the members of the Board of Education answered questions from a group of parents from the Ferry School district. The residents posed a number of queries relative to the investigation that led to the departure of James Bowen from the teaching staff.

The meeting was adjourned at 9:40 p.m.

## DePetris Talks To Rotary Club

The local Grosse Pointe Rotary last Monday heard an excellent talk by the local but nationally known horticulturist Vincent R. DePetris concerning the Value of Plants.

Mr. DePetris said that in our progress in the scientific areas we cannot forget the tremendous value we have and must maintain in plant life. He discussed plants that merely cover the top soil and retain it, to the taller type and the actual forests that we are in effect wasting.

He cited the great waste that occurred in northern Michigan when forests were cut and the remains burned, leaving only a reddish soil that would take nature centuries to return to productivity.

During the question and answer period Mr. DePetris discussed the manner in which "forced blooming" could occur through merely reducing the daylight hours by covering the plants with a black cloth. He said that each plant has a blooming period and while some may be forced in eight weeks, others may require 12-15 weeks of reduced daylight to effect blooming.

Mr. DePetris, born in Switzerland and a student in Rhode Island State and Harvard has been in the florist business since 1926. He has been in the local Rotary club since 1937 and was its president in 1941-42.

In 1941 he was honored by the Massachusetts Horticultural Society, in 1948 by the Garden Club of America and on 1961 was listed as a national horticulturist by the American Academy of Scientists.

To flatter some people it pays to keep still and listen.

# Summer Study Produces Scholarships for Teachers

Many members of the professional staff of the Grosse Pointe Public School System were awarded grants and scholarships for study during the summer recess from their teaching duties. Although most of the stipends were made possible by the provisions of the National Defense Education Act or through the National Science Foundation, others were recipients of grants by private corporations or by Grosse Pointe organizations.

Local public school teachers who received grants to study under the National Defense Act during the summer of 1965 were Miss Suzanne Boiven and Robert Bradley of Grosse Pointe High School, Edward Knuth of Kerby School, Miss Katharine Mullaney of Trombly School, Miss Diana Levering of Ferry and Poupard, and Donald Richards of Pierce.

Miss Boiven, an English teacher, attended an institute in Applied Linguistics at Michigan State University. The program was designed to familiarize high school teachers with recent advances in linguistics as applied to the secondary school curriculum.

Mr. Bradley, a member of the social studies department, also attended Michigan State University. His program of study included extensive reading in new findings and interpretations of American History.

Mr. Knuth attended a reading institute at Sacramento State College in California. His time was spent making a thorough diagnosis of the field of reading difficulties and remedial reading instruction.

Miss Mullaney, a sixth grade teacher at Trombly, was a member of a government-sponsored

institute held at George Washington University in Washington, D.C. She reports that this was the first institute on the history of the Middle East and North Africa held in the United States. It featured lectures and discussions by State Department personnel and Presidential advisers.

Miss Levering, instructor in conversational French at Ferry and Poupard Elementary Schools, attended an eight-week French language institute held at Montana State University.

Miss Levering and the other participants were required to use French at all times. The courses were all taught by French natives.

Mr. Richards of the industrial arts department of Pierce Junior High School attended a government-sponsored institute at Michigan State University during August. His program of studies dealt with the improvement of instruction in the elementary and secondary school levels through the effective use of the traditional and newer educational media.

Among the secondary teachers receiving awards from the National Science Foundation this summer were Herman Bryant and David Thomas of Brownell, and Kenneth Cook of Grosse Pointe High School.

Mr. Bryant received a National Science Foundation scholarship for study at Wayne State University. His program of study embraced the fields of abstract algebra, geometry, and recently-developed programs in mathematics for the ninth grade.

Mr. Thomas was also at Wayne State University studying linear algebra, probability and other aspects of the mathematics curriculum. He has been selected to attend an in-serve institute at the University of Detroit during the school year. During the first term he will be in abstract algebra, with linear algebra slated for the winter session.

Mr. Cook's work centered on the development of laboratory investigations for advanced high school of first-year college chemistry courses. He was at Lebanon Valley College in Annville, Penn.

Thomas Buyze of the Ferry staff will be a member of a mathematics workshop held under the auspices of the National Science Foundation at the University of Michigan. The course will be held during the 1965-1966 school year.

Marshall Moser of Parcels received a General Electric Fellowship to study at the University of Louisville in Kentucky. He followed a program of graduate research and study with practical application in topics of industrial organization.

Mrs. Brenda Harris of Kerby School spent a week attending a seminar in conversation at Camp Shaw on the Upper Peninsula.

# Woman Suspect In Home Robbery

Joseph Lutomski, 721 St. Clair, was robbed of a large white fur rug, a portable stereo set, a portable television set and a \$30 check Wednesday afternoon, September 8, according to City police. Also missing from the home was clothing belonging to Lutomski and his nephew, Chris, who is staying with the Lutomskis while attending St. Paul School.

Neighbors described as a possible suspect a woman in her mid-20's, accompanied by an 8-year-old girl.

The thief apparently entered and left through an unlocked rear door, police said.

### To Show South Pacific Films

Beautiful color films of the islands and continent of the South Pacific will launch the Grosse Pointe War Memorial's "Meet the Travelers" series on Monday evening, September 20, at 8 o'clock in Fries Auditorium. The Grosse Pointe public and their guests are invited free of charge.

Mr. and Mrs. Rip Zwickey are giving this program. Mr. Zwickey is responsible for the beautiful photography and Mrs. Zwickey will give the commentary.

This version of "South Pacific" will take viewers first to the island paradise of Tahiti where the wild gyrations of the native dances will be brought into focus. Next it's on to Fiji with their impressive giant police force and colorful markets. Other stops on the way to New Zealand and Australia will be Samoa and New California.

The northern and southern islands of New Zealand will both be covered in the film. The thermal areas of north island are truly spectacular, and by way of contrast the glaciers of the southern island are its special feature.

Of special interest are Mr. Zwickey's underwater pictures of marine life along the great Barrier Reef off Australia. Giant clams are seen in the film along with tropical fish and living coral.

In Borneo and New Guinea the Zwickeys struck out into the back country for rare pictures of the aborigines in their native habitat.

The film ends in the Philippines with Zwickey shooting a raging river rapids in a canoe. A colorful, exciting and varied program is guaranteed for all.

### Public Schools Enroll 11,717

Enrollment figures for Thursday, September 9, the first day of the 1965-1966 year, showed a total of 11,717 children enrolled in classes in The Grosse Pointe Public School System. This represents a rise of 107 children over June, and an increase of 318 over September, 1964.

Although the enrollment of many buildings of the public schools show an increase, crowding is especially noticeable at Grosse Pointe High School.

Jerry J. Gerich, principal, announced an opening day figure of 2,722, an increase of 54 over June.

"This is the largest enrollment in our history," he said. "We still have schedule cards for 82 students who did not appear on the first day and we have not had time to program any of the students who enrolled this week," he added.

"We are concerned about maintaining reasonable class size in all departments," Mr. Gerich said. "However, we cannot solve this problem without an increase in the number of teaching stations. We simply have to place more students into already existing sections of all subjects," he said. "By August we had closed three-fourths of the classes in terms of what we thought appropriate for the particular subject area. We are trying to solve the problems that appear, but in some cases we cannot make a class any larger," Mr. Gerich concluded.

Brownell Junior High School reported 978 students on September 9, an increase of 104 over June; Parcells registered a decrease of 10 since June for a total of 984, and Pierce was up 16 students to 879.

At the elementary level an overall increase of 117 pupils is recorded over September of 1964. School authorities indicate that enrollment figures for the 1964-1966 year will present a clearer picture by the end of the first full week of school, Friday, September 17.

### Tuxis Helping In Celebration

For most people, the first day of the week is just another Sunday, but for the Grosse Pointe Memorial Church, September 19 will be a very important day. This Sunday Memorial Church will be celebrating its one hundredth anniversary.

Tuxis, the church sponsored youth group, will play a part in the celebration by having a tour of the building Sunday evening.

"We feel that every person should know something about their church," said the Rev. Gary Gruber, Tuxis sponsor.

"Our history, development, and background is important in understanding the functions and accomplishments that our church has made in 100 years. Grosse Pointers who know more about their church's history will better be able to appreciate all the blessings it has to offer."

The guided tour will be led by three of Memorial Church's ministers, Reverends Ben Tallman, Richard Mitchell, and Gruber.

## Incinerator Plant Closer to Reality

Continued from Page 1  
St. Clair Shores, Roseville and East Detroit and Detroit.  
Smith told the officials pre-

sent that the Authority is in its fourth year of operation, and gave a brief history of it.

He disclosed that firm bids have been accepted for a 250-ton incinerator plant, a 350-ton plant, and a 600-ton plant, with the number of communities signing a contract for services to determine the size of the plant to be constructed.

**Favor 600-Ton Plant**  
He said that the Authority favored a 600-ton plant, to be built under the contract method, and to be operated by the contracting builder for a period of 20 years, after which the plant will revert to the ownership of the Authority.

Smith said that bids on the three types of incinerator were opened July 20, but the contract to build is allowed to be postponed for a maximum of 90 days, or until October 20.

Sample contracts were passed out to each representative at the meeting, which spelled out the minimum and maximum tonnage of rubbish that must be received from each constituent and contract member, and the minimum cost each community must pay each month.

The minimum daily and weekly tonnage of rubbish to be burned at the plant is based on the population of each community that joins.  
Smith said that a 600-ton capacity plant can be operated on a \$3.70 per ton base rate, with 510 tons minimum to be burned each day.

**Allowances Made**  
Each community, he said, is allowed 25 percent over the weekly tonnage that it must deliver for burning, and still be charged the \$3.70 per ton base rate. Any tonnage over the 25 percent allowance will cost the community exceeding this, a rate of one and one-half times above the base rate cost.

Smith said that the 600-ton incinerator can be operated on a minimum of 2,500 tons, or a maximum of 3,190 tons a week, which is the reason that tonnage capacity was held to 510 tons per day.

The plant will be operated on a five-day week, but if necessary it can be operated on a six-day week for a long period of time. The Authority reserves the right to assign the capacity for each community, in the best interest of the Authority, he pointed out.

He asked the representatives in attendance to study the sample contract and to present it to their respective city councils, after which the Authority must be notified if their community will join.

**Given 30 Days To Sign**  
He said the contracts should be in the hands of the Authority within 30 days, after which the contracting builder will be given the go-ahead to construct the plant.

He said that officials of Detroit have expressed an interest in contracting for the burning of approximately 250 tons of rubbish daily, and if Detroit signs a contract on the Authority's terms, the represented cities will not be given preference over Detroit.

Smith said that it is a matter of those submitting contracts first, for service first. Those who apply for contract membership after the contract for building the incinerator is let, will not be accepted.

He informed the attending officials, that "smoke will not be seen coming from the incinerator stacks" for at least one and

one-half, to two years after the contractors start construction. Until that time, the land fill method must still be used.

**20-Year Contracts**  
Communities signing contracts, who are accepted, must understand that the contracts will be for at least 20 years, and that a minimum cost must be paid each week, even if the contracting community does not burn its minimum required tonnage, Smith pointed out. This is so that the Authority can meet operation and payment costs to the contractors during the 20 years, he added.

After the 20 years, Smith said, the plant will become the property of the Authority, which will then be able to operate the plant at maintenance costs.

## Senior Men Hold Golf Tournament

Tuesday, September 10, was the opening day for the Grosse Pointe Senior Men's Club Match Play Golf Tournament at Maple Lane. Thirty-two hopefuls entered the match, and by evening the field had narrowed to 16. Each Friday the number competing will be further reduced until October 8 a club champion and a runner-up will have been crowned.

The champion will receive a full gallon of a well-known distillery's top product, and the runner-up will be awarded a dozen golf balls. The presentations will be made at the Club's annual fall banquet at Maple Lane.

September 10 winners are: John T. V. Keller, Norris M. MacDonald, William E. Osband, Harvey Munk, Harry Hogan, W. Edgar Gore, Lou Baze, David T. Sickelsteel.

Other winners were: Karl L. Heinkel Mann, Hal H. Kerr, William A. Morse, William H. Heidt, Walter Hoesch, Art F. Liska, Martin B. Hutchinson, and Sam L. Shenefield.

## Babe Ruth Loop To Hold Banquet

The Grosse Pointe Woods-Shores Babe Ruth League will conclude the 1965 season at a banquet on Wednesday, September 22, at 7 p.m. at Alcom Hall. The hall is located at 21801 E. Nine Mile road (between Mack and Harper) in St. Clair Shores.

This 10th Annual Awards Banquet will feature the presentation of trophies to the outstanding players and championship teams of the 1965 season. In addition, films on professional baseball will be shown.

The Board of Governors extends to all a cordial invitation to attend the festivities. Anyone interested may obtain tickets from Jack Belanger, 884-5866.

## Hockey League Being Formed

The Grosse Pointe Hockey Association will hold its annual meeting at 8 p.m. Tuesday, September 21 in the Fries Room of the Grosse Pointe Public Library, 1 Fisher at Kercheval.

All parents of boys who played hockey last year, as well as those interested in participating this winter, are invited to hear plans for the coming season.

Games will be played at the new Grosse Pointe University School artificial rink, now being constructed in Cook road.

Any men or older boys interested in coaching or managing teams in the League are especially invited.

## Juvenile Hockey Team Gets Set

The Grosse Pointe Chiefs juvenile hockey team will begin practicing at the McManis Auditorium and Sports Arena, Port Huron, on September 30 from 8 p.m. to 9 p.m.

The team won the South-East Michigan Hockey Association, Midget Division, championship last spring and now are moving up to the Juvenile Division. They will be playing against experienced teams from Waterford, Utica, Roseville, Royal Oak, Fraser, St. Clair Shores, Berkeley and Warren.

Any boy between the ages of 16 and 18 living in Grosse Pointe is eligible to try-out for this team. If interested, please call William Gill, TU 4-6472, or Robert Bradley, TU 1-9601 after 7:30 p.m.

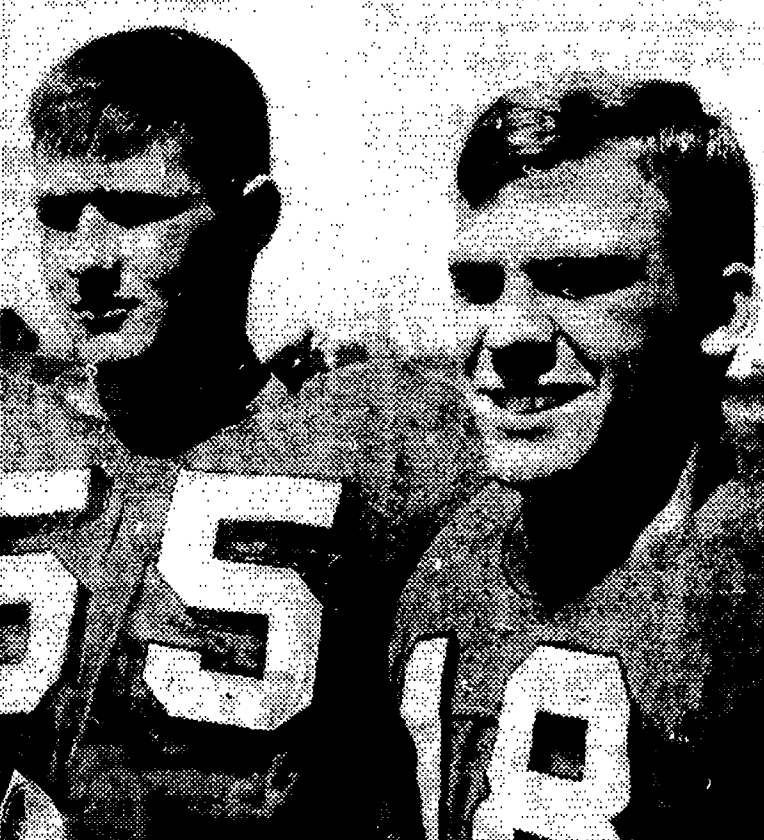

## All-Girl Crew Wins Sail Race

An all-girl crew from the Grosse Pointe Club won the annual race for the S. Otto Scherer Memorial Trophy Sunday, September 12, at Crescent Sail Yacht Club. Competing in this race, for junior sailors under 18 years of age, were two crews from the Grosse Pointe Club, two from the Detroit Yacht Club, two from the Bayview Yacht Club, and one from Crescent Sail Club.

First place winners were Mary Candler, Jane White and Chris Johnson of the Grosse Pointe Club. Detroit Yacht Club's Mike Bellard, Bob Derrez and Tim Place were second, and Ned Homfeld, Bob Schroder and Doug Barber of Crescent Sail took third place.

The trophy is named for the late Otto Scherer of Grosse Pointe Park, who was active for many years in junior sailing activities.

## St. Paul Laker Co-Captains

Seniors PAUL THOEN, left, and DAN WRIGHT, right, are two reasons why the Lakers may even the score with Catholic League opponents who've dominated St. Paul in the past three years. Thoen, a veteran 6-1, 185-pound tackle, leads a large Laker line. Wright, as a 5-9, 165-pound quarterback, gives St. Paul a potent passing attack.

## Laker Eleven Determined To End Victory Drought

St. Paul High School football fans are whispering, "the drought is over," behind their text books and crossing their fingers as the veteran-stocked Laker squad grooms itself for Sunday's season opener against Detroit's St. Thomas.

There's good reason for their optimism too, since Sunday the Lakers will field a Senior-studied starting team which may average up to 192 pounds-per-man in the line and 165 pounds in the back field.

For incentive the Lakers need look no farther than last November when their injury-prone team finished its third straight season without a win, before a handful of spectators. "We're not even looking back," said one hungry Senior lineman.

Head Coach Bill Shade and new assistant coach Ken Warren greeted 17 lettermen for opening practice two weeks ago. Included in the first day turnouts were 16 seniors, many of whom have been regulars since their Freshmen and Sophomore years.

Relying basically on last year's Wing-T offense, Shade said the Lakers hope to field a balanced passing and running attack.

Have Two Passers  
Doing the passing will be veteran Senior Quarterback and co-captain, Dan Wright or Junior letter-winner Rick Stevens.

On the receiving end, Shade has his choice of three lanky veterans and a senior newcomer. Senior Bob O'Leary and Junior Mark Smolenski both top the six-foot mark, as does converted quarterback Rick Jablonski. Senior Tom Desmet, a sticky-fingered new comer, should see plenty of action.

Last year's St. Paul's offensive line presented something less than a formidable threat to stunting linebackers or charging tackles.

The 1965 version promises size, maneuverability, and a shot of speed. Leading the front five will be co-captain Paul Thoen a 6-1, 185 veteran tackle. He'll be matched by Tom Reichold, an untried but big—6-feet, 205-pounds — senior. Dan Sutherland a mountainous junior, 6-feet, 215 pounds, has pressed for a starting position.

Five guards are battling for starting births on the Laker eleven. Senior George Wilson and Junior Jim Kotz, both lettermen, may have the inside track. They'll be pushed, however, by two senior monogram winners Denny Babel and Marv Reili. Sophomore Rick Nienstedt supplies valuable back-up strength, as does Seniors Mike Frank and Ken Kyczynski.

Battle for Center Job  
At center the Lakers have a Mutt 'n Jeff combination with their biggest man Senior Jim

Snyder, 5-11, 236 pounds, battling with Junior Tom Miller, 5-6, 150 pounds. For their running game St. Paul is looking to a quartet of halfbacks, hard-hitting Seniors Tom Handlos and Bob Reilly, and Junior speedsters Gary Piche and Rick Fromm.

Bill Gough, a junior, is a veteran fullback with Reilly doing double-duty in this position.

A healthy Laker team in 1965 means double-duty for most of the offensive starting team with a few exceptions.

One-exception, Junior Jack O'Leary, a 6-1, 185 pound defensive specialist, will team with brother Bob for one of the most potent defensive end duos in the Lakers' league.

Tackles will be Thoen and Reichold with Senior Dick Montmorency backing them up. Guards defensively will be Snyder and Sutherland, while Wilson, Kotz and Reilly will handle the line backer details.

In the defensive backfield Coach Shade will probably pick his starters from Fromm, Handlos, Piche, Stevens and Wright.

Had the Lakers a choice, they'd probably pick just about any team in the league other than St. Thomas to open against.

Fine Passing Attack  
An arch-rival of the Lakers, the Blue Streaks will bring a notorious passing attack to Grosse Pointe Sunday, headed by Senior Quarterback Bob Pulaski, who was a unanimous All-League choice as a sophomore.

Last year the Blue Streaks went through an admirable 4-2-1 season, which included a 32-0 win over St. Paul, some scores of which haven't healed — so the Laker players say. Sunday's game is scheduled for 2:30 p.m. at Grosse Pointe High School field, Kercheval at Fisher.

## Little League Meeting Called

The annual meeting of associate members, (all parents of league players), of the Grosse Pointe Woods-Shores Little League will be held Monday, September 27, at 8 p.m. in the Grosse Pointe Woods Council Chambers.

The purpose of the meeting is to elect members of the Board of Governors, as well as to transact any other business which may arise.

## With Our Blessings

This is the time of year when we say goodbye to you young men and women who are leaving for college. Some of you who attend institutions close by will be back with us often; others will not return until the Thanksgiving or Christmas vacation periods.

If your powers of perception were abnormally keen, you could find, tucked away in that outrageous assortment of luggage and duffle which is always affected by the college crowd, things other than the equally absurd collection of personal items which go ever with you. You would see a million tiny, unuttered thoughts, bits of advice which we never quite got around to passing on to you. There would be a trunk full of fervent wishes and bright hopes, a generous sprinkling of prayers, and those myriad stains would be the remnants of tears, dropped mostly by the mothers of the youngsters who are leaving home for the first time.

So much of us goes with you, it is just as well you do not know. Accepted with the seriousness with which it is sent, it would constitute a burden that young people should not be called upon to carry.

It is an unchanging law of life that the younger generations grow constantly further away from their parents. And it is, for us, a sad truism that just the reverse holds with the oldsters. Our interests turn inward and focus sharper with every passing year on the events which make up the lives of our children and grandchildren. But it is equally true that we would have it no other way.

Advice is easy, and there are so many things we think we could and should have told you, to make things easier. Looking back, we are so prone to think of these years through which you are now passing as a painless period of enchantment and frivolity. Time is a great eraser and most of us have forgotten that all things are relative; that the troubles of youth, though they may seem negligible to us, may be just as bitter to swallow as our own most devastating trials. If we are lacking in understanding, we ask your forgiveness.

The shyness of youth, if such a thing still exists, is surely equalled by the shyness of a parent who is afraid to bare his soul to his own children lest he appear weak, or in fear that he may embarrass the youngster with a display of maudlin sentiment. In removed repose, it appears to us that a great deal more of this interchange of inner feeling would be a healthy and highly satisfying experience.

We wish we had not hesitated to tell you how proud of you we are, and what tremendous boons you have granted us through your accomplishments. We are sorry about the beratings we felt at the time were merited, and we wonder fearfully whether they were harmful or helpful.

We are so mindful of our own first days in college, and of little incidents and soul-shaking experiences, which followed in quick succession through all those wonderful years. We are going through them again with you now, and hoping that something we have imparted is helping you, either to get the utmost enjoyment or the least sorrow out of them as they come along.

College is such an immense hodge-podge of opportunities and pitfalls, with so many doors that should be opened and entered, and so many others that should remain closed; so many roads that should be explored, and endless turns that should never be taken. Now, infinitely more than ever before, you are going to have to rely on your own judgment. But we want you to know that if you err, and if help is needed, we want to be given the first chance to provide the help.

There is so much said about our "future citizens," the "leaders of tomorrow," the "hope of the world," that we trust you will pardon us for mentioning these old clichés. We like to remember the college president who told the entering freshman class: "If by the time you have been graduated from here you have learned how to educate yourselves and can use a library intelligently, we shall consider that we have done a good job."

These years are but preparatory ones for the many, many which lie ahead, each pregnant with possibilities for broadening your education. The truly wise man is the one who continues to learn every day of his life, who is always honest enough to admit he does not know the answer, but then makes a point of finding it.

Your education has to do not only with classrooms and textbooks and lecture halls, but with mixing with your fellow students and faculty members, both socially and intellectually. Understanding is an attribute to be devoutly cultivated.

Let religion be a large part of your lives and be thankful that there is a noticeable surge today in the movement back to the Greatest Teacher. There will be many times when you find yourselves in need of His instruction and you will find it helpful to be on close terms with Him.

These are the golden years and yours is the privilege to make of them what you will. If we have helped you walk across the threshold with confidence, we are grateful. If we have failed you, forgive us.

To the Editor:

On September 1 we sadly passed papers and possession of our home at 273 Lakeland to new owners. It is with deep regret that we leave Grosse Pointe—all of it.

Four years ago we came, with our three teenage daughters and Kerry Blue, and purchased our home. No one has ever lived in it save us, and the house became home with the pleasant happy living and holidays, the pool and park close by, the jeweled ships passing at night, the gleaming lamps of Canada across St. Clair's dark waters, the marina with the slender masts in thick forest where the boats were moored. It has been a lovely place, and we have enjoyed it... church and community and War Memorial.

But especially we cannot

leave without saying how fine we think are the public services here. Every contact we have had with City Hall, with police, fire, building inspectors, rubbish removal has been outstanding and courteously handled. And we are not inexperienced in terms of standards by which to compare for we have lived in several states.

Most of all, though, we want to say thank you to the personnel of your fine school system. At Brownell Junior High and then at the High School itself all three of our daughters found excellent school homes. We liked the fine administration of Jerry Gerich and the high standards he set. We liked the gracious kindness and understanding of Mrs. Fred Flom as well as the help given by Mr. Thursty and others we probably should mention would the list not grow so long. We have been amazed, that, in a system so large, so much individual attention could be given to one pupil or one family when problems arose.

We leave feeling great regret mingled with our deep appreciation.

Warmly and sincerely,  
Jessie & Sumner Whittier

## What Goes On at Your Library

By Virginia Leonard

Have you ever been told to "get lost"—and been glad? We were. It happened at the 24th annual Planning Conference of the Grosse Pointe Public School System which was held on September 7-8 this year. The speaker at the General Meeting Tuesday morning at the Parcels Junior High School auditorium was Dr. Dean F. Berkley of Indiana University, where he is currently Director, Bureau of Field Service, School of Education, and Professor of School Administration. He is also serving as Coordinating Secretary of the Indiana Association of Public School Superintendents.

Dr. Berkley was reared on a South Dakota farm, received his A.B. from Dakota Wesleyan University, his M.A. and Ed.D. from the University of Denver, was a Ford Foundation Fellow in 1953-54. His background is rich, educationally—a former teacher, principal and coach in the South Dakota Schools; he was Assistant to the Superintendent of Schools in Sioux Falls, South Dakota. He is past District Governor of Toastmasters International and past President of Dakota Wesleyan Alumni Association, and coached five state and two national championship speech teams. Dr. Berkley is also the author of numerous magazine and journal articles, and in 1959 was the Toastmasters International Speech Contest winner in San Francisco.

After all this background, need I tell you that here was a speaker who was witty, urbane, dynamic, smooth and stimulating. His provocative topic was: LET'S GET LOST. In rich, cadenced tones, and interspersed with many amusing anecdotes, he exhorted his spellbound audience not to get lost in a maze of details in the teaching profession (and this could be equally applicable in many other fields dealing with children, such as librarianship). Rather, he urged all educators to "get lost" in enthusiasm (and here he meant the ability to react)—rating this quality, in some instances, higher than professional prowess. The lack of this element, said Dr. Berkley, can represent the death of what is inside man while living, and this can be more tragic than actual death.

He also drove home the need to "get lost" in the correct interpretation of fuzzy language—vague linguistics. Good intentions are not enough—the ultimate interpretation is what counts, in the long run.

Again, let's "get lost" in creating the environment necessary to prevent the loss of self-respect. (And here we can see the reason for drop-outs and juvenile delinquents—because these students never had any successes in school). The climate that supports and surrounds learning will produce this necessary, all-important self-esteem and help to eliminate many of our failures.

Let us by all means "get lost" in a sense of evangelism—in sharing with others any good news we may come upon and unleash creativity which is more important than manpower (which many believe mistakenly is our greatest commodity).

Let us all "get lost" in contemplating and asking the question: how do we keep education qualitative rather than quantitative, when the emphasis so frequently is unfortunately on the latter?

We still have more problems to face: let's "get lost" in resolving still another question: how do we balance individual freedom with social responsibility?

And finally, several quick and pertinent thoughts. Let's "get lost" in our concern in the personnel revolution which is currently going on in America. Let's "get lost" in some concern for the legislative jag the government is on; i.e. federal aid to education.

The speaker recalled his small daughter asking her father to "put back" a broken branch of their Christmas tree one year; he was faced with the difficult task of explaining to a three-year-old the impossibility of restoring some things once they have been separated from the main branch. There are some things which educators cannot "put back" once the connection has been broken; and in this instance, we are dealing with a very precious thing—a human life—a growing child. It is a grave responsibility which all Teachers and Librarians have in dealing with children—let us all "get lost" in trying our very hardest to do it to the best of our individual and creative ability.

Dr. Berkley left us all inspired but thoughtful—carrying with us into the fall term a feeling that we had a most important power within us—the educational future of many, many children. I think that those of us who listened to him felt the challenge of "getting lost" in the meaningful molding of our most valuable resource—our students of Grosse Pointe.

## From Another Pointe of View

By Janet Mueller

The cottages are closed now, the vacations are over, everybody is back in the Pointe. Locally, life has begun to bustle again.

It seems to us that more activities are scheduled in the next few weeks than were planned all summer long, and "Something for Everyone" could easily be our Autumn '65 slogan.

We offer, from among the many delightful programs and parties planned between now and early October, a potpourri of things-to-do-this-fall:

### Go "Gallerie A Go-Go"

The autumn season moves into high gear at the Detroit Institute of Arts on Saturday, September 25, when the Junior Council of the Founders Society presents Gallerie A Go-Go.

Scene of the black tie affair will be the Institute's Great Hall and adjoining galleries. Cocktails, at 6:30 o'clock, and dinner are to be followed by dancing to the incomparable music of Lester Lanin.

Among those assisting chairman-of-the-evening Mrs. Harry Winston are Mrs. Stanley R. Day, Mrs. Walter Robinson, Mrs. Harry M. Jewett, Mrs. Robert P. Scherer, Mrs. Henry M. Woodhouse and Mrs. Robert H. Kanzler. Points with early Gallerie reservations include Mr. and Mrs. Joseph L. Hudson Jr., Mr. and Mrs. Myron R. May, Mr. and Mrs. Raymond Biggs, Mr. and Mrs. Charles E. ## Janet Marie Holvick Wed To Mr. Dancer

Pair to Live in Detroit Upon Their Return From Northern Michigan; Reception in Crystal Ballroom, Whittier Hotel, Follows Ceremony

Janet Marie Holvick, daughter of the Carl L. Holvicks, of Devonshire road, chose a gown of ivory silk-faced peau de soie with accents of Alencon lace for her marriage Saturday to James Howard Dancer.

The dress was fashioned with a bateau neckline, Empire waist, long sleeves and detachable train.

A crystal crown caught the bride's ivory illusion fingertip veil, and she carried a cascade of butterfly roses, stephanotis and ivy.

Officiating at the 7 o'clock candlelight service, in Grosse Pointe Congregational Church, was Reverend John William Estes, Jr.

Karen Hovick was her sister's maid of honor. Her Empire gown was styled with a moss green velvet bodice and an ivory crepe skirt, with a short train, and her headpiece was a matching moss green velvet bow.

Bridesmaids, in frocks identical to that of the honor attendant, were Diane Dancer, the bridegroom's sister, Sharon Guthrie and Penny Gallo, both sorority sisters of the bride. Their flowers were cascades of tangerine carnations and ivy.

Robert Dancer acted as best man for his brother. They are the sons of Mr. and Mrs. Howard H. Dancer, of Ann Arbor. Seating the guests were Daniel Slea and Thomas Baty, fraternity brothers of the bridegroom, and Gary Fillmore, of Plymouth.

Mrs. Holvick chose, for her daughter's wedding and the reception in the Crystal Ballroom of the Whittier Hotel following the ceremony, an Empire dress of emerald green silk with a matching silk brocade coat.

The bridegroom's mother wore a blue crepe dress with a lace coat. Both mothers wore cymbidium orchid corsages.

The newlyweds will live in Alter road, Detroit, when they return from a vacation in Northern Michigan.

## Youth Council Dance Friday

What is an Ark Party? It is a party where all are welcomed aboard only as couples, one male with one female, and where the two individuals in a couple are related to one another in dancing, and do not "swim" or "jerk" away from each other to another part of the dance floor when the band starts playing.

The Bill Perich Four will play for this party sponsored by the Grosse Pointe War Memorial's Youth Council. The correct date of the dance is this Friday, September 17, from 8:30-11:30, instead of Sunday as printed by error in the Center's bulletin. It is open to all Grosse Pointe students attending senior high school classes in public, private, or parochial schools. Both fast dances, such as the frugue and watusi, and slow dances will be played.

School clothes will be the order of the evening at the Ark Party. It will be chaperoned by parents of Youth Council members and there will be refreshments available throughout the evening.

## Paul McCarthy Claims Bride

Paul Edward McCarthy, son of Mr. and Mrs. Jeremiah Edward McCarthy, of Ford court, claimed Patricia Ann Butters, daughter of Mr. and Mrs. Francis Tirrell Butters, of Falls Church, Va., as his bride Saturday, September 11.

The Reverend Anthony Repas officiated at the 11 o'clock ceremony, in St. Anthony Catholic Church, Falls Church.

The bride, given in marriage by her father, wore a silk taffeta gown accented with appliques or re-embroidered Alencon lace and seed pearls, featuring a fitted bodice and a Watteau train.

Her fingertip illusion veil fell from a flat French bow, and she carried a Colonial bouquet of gardenias and Stephanotis.

Francine Butters, in a floor length frock of champagne silk crepe and peau de soie, was her sister's honor attendant. She carried a crescent arrangement of pink Sweetheart roses and baby's-breath.

Junior bridesmaid Eileen Butters, cousin of the bride, wore an Empire gown of Nile green organza over taffeta and carried a miniature nosegay of pink roses and baby's-breath.

Carl Johnson, of Silver Spring, Md., was best man for the bridegroom. Ushering were Robert Kelly and Jerome Kelly, of Alexandria, Va.

The reception following the ceremony was held at the bride's parents' home, where Mrs. Butters received in a French beige silk and lace dress with mauve accessories. Her flowers were cymbidium orchids.

When the newlyweds left for a vacation in the South, the bride was wearing a plum-colored two-piece suit, with bone accessories. They will make their home in Columbia, S.C.

Out-of-town guests at the wedding included the bride's grandparents, Mr. and Mrs. Frederick Perry Warley, of Norfolk, Va., her great-aunt, Mrs. George Whitehurst, of Norfolk, the bridegroom's aunt, Miss Marion Hempel, and his sister, Barbara McCarthy, both of Grosse Pointe, Mr. and Mrs. Robert Pummil, of Garden City, Mich., and Miss Carlin May, Captain and Mrs. Lawrence French and Michael French, of Norfolk, Va.

The new Mrs. McCarthy is a graduate of St. Mary's Academy, Alexandria, Va., and the University of South Carolina's School of Pharmacy. Her husband is also a graduate of the University of South Carolina.

More are: registrar, Miss Dorothy Lewis; historian, Mrs. Barbara Smith; librarian, Mrs. Douglas Greig; and directors Mrs. Paul M. Cowan, Mrs. Alexander Meltinger and Mrs. John W. Ottinger.

## From Another Pointe of View

(Continued from Page 11)

Robbs, and Mr. and Mrs. L. James FitzPatrick, Jr., will also be among the Galerie a Go-Go goers.

Incidentally, if you think you'd like to join the fun, HURRY to the phone and make your reservations. They are limited, and none will be made after this Saturday, September 18.

## Bring A Bundle, Enjoy Tea

A MUST on many local ladies' fall engagement calendars is the annual fashion show and tea sponsored by the Board of the Neighborhood Thrift Shop.

This year, the show will take place Tuesday, September 21, at 2 o'clock, in the Crystal Ballroom of the Grosse Pointe War Memorial. Fashions will be presented by the Shops of Walton-Pierce.

Admission ticket is traditionally a "bundle"—of clothing or bric-a-brac or household items—to be re-sold at the Thrift Shop. Thrift Shop proceeds help make possible the Neighborhood Club's many services to the community.

## Have A (Cinderella) Ball

The Cinderella Ball, sponsored by The Women's Committee of the Tuberculosis and Health Society, is just about THE most glamorous annual autumn event for miles around.

WE'LL GIVE YOU land lots of land under starry skies above. And you won't be fenced in because all that lies between you and your neighbors to the south . . . is Lake St. Clair. There is only so much lake frontage in Grosse Pointe. There will never be any more. While it lasts, Purdy & Edgar has for sale over 300 feet of vacant land right on the water. Utilities and a paved street are already in. Bring your architect and checkbook.

CHARMED we're sure you'll be when you view this four-bedroom colonial in the Farms. Although it is 1950 vintage, some of the decorative interior beams must be 100 years old. There is a large, paneled library with a bay window which looks into a tree shaded backyard. Two full baths up with a total of four bedrooms. Vacant and ready.

TUCKED AWAY near the end of a dead end street which leads to the lake. This traditional, French influenced house belongs to the family which requires four to six bedrooms. A spacious first floor gallery has the living, dining and library rooms all leading from it. Offered at a pittance of replacement cost.

MAY WE be a bit presumptuous in asking if you like to revel in the luxury of large rooms which have been masterfully decorated; to lounge in your large bedroom or its sitting alcove? Do you insist on the privacy of a screened terrace and the intimacy of a warmly paneled library? Stay-in-help or just the rooms which you know are there for visiting family and brood? If you can project yourself into this picture, then let us start the ball rolling by showing you this offering today.

JUST OFF Windmill Pointe Drive on Middlesex, is the location for this attractive English house. The kitchen has been completely redone, which will please mother. Five family bedrooms serviced by two and a half baths.

"Some people try to get something for nothing, and then kick about the quality."

Looking cooler-than-cool . . . in a crisp blue skirt and blue and white blouse on one of last week's muggiest days, was Miss Miho Sakakura, of Tokyo, Japan, who has been visiting Mr. and Mrs. F. F. Stetekuh, of Handy road. Pretty Miho will study Interior Design at Cranbrook Academy of Art this year.

Can anyone give us any information . . . about the "homemade" car we saw pull into a Moross road driveway recently? It's a really wild-looking machine, like nothing we'd ever seen before, and we'd LOVE to know to whom it belongs . . .

Courreges seems to be casting a long shadow . . . We're still chuckling over an item in the September issue of The Magazine of The Women's City Club. Seems the Club, "to save expenditures on certain items necessary in the clubhouse," is asking members to join a Sewing Bee. One project will be to make gay, colored card table covers; the other: To make larger boot bags for the lobby. The fact is that so many ladies have taken to wearing boots, the Women's City Club is worried about effects on its gorgeous new carpets!

A young mother we know . . . whose photographic model height and proportions are the envy of her friends, overheard her daughter attempting to describe television's Addams Family to a friend. It gave her quite a jolt when the child said seriously: "I like Lurch best. He's the butler, and he's VERY big — almost as tall as mommy!"

Settled now in their San Mateo, Calif., home . . . Mr. and Mrs. Robert A. Collins, formerly of McKinley avenue, miss Grosse Pointe but are THOROUGHLY enjoying life on the West Coast — especially since their furniture arrived at their new house, a full five days after Mrs. Collins and the babies, Susan and Martha, did. Since Betty Collins took eight leisurely days to drive across the country, and her furniture left The Pointe a few days before she set out, she was a bit piqued at the delay — until she learned that, actually, she had been lucky. At least she knew where her furniture WAS all the time. A new friend confided that it had taken his furniture 17 days to make the trip from Philadelphia to the San Francisco area. In all that time, neither the friend nor the moving company heard a word from the van driver; he had apparently dropped off the face of the earth, van and all, with a family's entire worldly possessions! When he finally arrived in San Francisco, he explained that he had been informed of a death in the family . . . and had simply turned around and driven to Indianapolis for the very lengthy wake.

In our rush of words over Jo Wunsch's new book . . . "Passport to Russia," last week, we forgot to credit the back book jacket photograph of Jo and her daughter, Kay, to Mrs. David Sutter, of Elm court. Talented Carol Sutter took more pictures Saturday at an Autographing Party, where she and Mrs. William Niemetta, of the Grosse Pointe Public Library, whose quotation appears on the book jacket, were among the "pourers." Others were the Mesdames John McLean, John Booth, Albert Thomas, Robert Gilmartin, William Herbert, Ames Howlett and Thomas Loit.

While we're thinking of it . . . we'd like to say that we think the calendar put out by Grosse Pointe High School's Mother's Club, with special school events printed in appropriate date boxes, is just about a GPHS student's mother's best friend.

## Pointer of Interest

HERBERT J. SHANKS, OF THE PROTESTANT CHILDREN'S HOME

By Janet Mueller

Herbert J. Shanks claims to be "rather a dull, colorless person" — but five minutes of conversation proves he's anything but dull, and after 10 minutes no one could possibly refer to Mr. Shanks as "colorless."

For the Director of the Protestant Children's Home in Cook road is a man who knows how to talk, someone with whom it is a pleasure to converse. And no good conversationalist can ever be colorless or dull, while men with fascinating (in themselves) hobbies or "outside interests" may be deadly conversational bores.

The Protestant Children's Home is Mr. Shanks' outside AND inside interest. He has been in Children's Institution work all his life.

"Before I entered college in Connecticut, I got a job, through a friend, working in a children's institution. After college, I went back into children's institution work, and I've been there ever since."

**Started Very Young**  
"I first started in 1925, when I was barely beyond the age of the boys in the institution. I've been with the Protestant Children's Home for 23 years, 14 here in Cook road, nine in our former quarters in Jefferson avenue."

Mr. Shanks, his wife Alice and their cocker spaniel live on the Home grounds, in a separate house, detached from the other buildings. The Shankses have no children of their own . . . but they direct, firmly and wisely and with affection, the largest "family" in Grosse Pointe.

"Our capacity is 72 children, and we're usually full. We take boys and girls between the ages of six and 14. The children are referred to us by agencies or by their own parents . . ."

"You know, children in child-caring institutions today are rarely orphans. Thanks to advances in medical science, parents live longer and fewer children are left without parents at an early age."

**Most Don't Stay Long**  
Most modern children's institutions are designed to give short-term care to children who are away from their own home or a foster home because of a special need.

"Children don't come here with the idea of staying until they are 14," Herbert Shanks explains. "They stay until some other program is preferred. The average period a child remains at the Home is 22 months; a child rarely stays with us less than 16 or more than 26 months."

Reasons for admission to the Home vary. There is usually a broken home involved, and the parent having custody of the child is not able to provide a suitable home situation. Children are often admitted because of emotional instability and an inability to adjust to their environment.

They become residents of the Home if they are in need, can benefit from group living and give promise of reasonably early discharge to a more permanent residence.

**Grateful To Pointe**  
"We have been well received in Grosse Pointe," Mr. Shanks notes. "We are very gratified by the way we have been accepted by our neighbors, supporters and the local schools."

"Our children are invited into local homes for parties. Occasionally, they may stay overnight with classmates. But we are an institution; we have to be fairly self-contained."

"We cannot give a child the freedom of movement he would have in his own home." The Protestant Home children attend the local public schools, go to the local movies, use the local parks, visit the local shops. But they do not, in general, "blend into" the community. They are transient resi-

is not more important or 'better' than another.

**Need All Kinds**  
"We need all kinds of people in this world. A man or woman should stay in a certain kind of work because he likes it — not just out of devotion to duty."

A typical school day at the Protestant Children's Home begins at 6:30 o'clock, when the children rise. After they wash and make their beds, they gather for breakfast in their cottages.

Each child has his own chore, (sweeping, dusting, etc.), to perform, under the supervision of the housemother and the assistant housemother, before he leaves for school. Some of the younger children return to the Home for lunch; by 4 o'clock in the afternoon, all the boys and girls are back on the grounds.

A free period is scheduled between 4 and 5 o'clock. "The children can do anything they want — play ball, read, sit and look at the sky," the Director explains.

The children begin preparations for the evening meal at 5 o'clock. They all come to the main dining room for dinner, and in the main dining room they may sit, if they choose, with children from other cottages.

**Many Special Programs**  
In the evening there are often special programs, recreation periods, ceramics, craft and gymnasium projects for some, required Study Hall for others.

The younger boys and girls begin to prepare for bed at 8:30, the older children start to wash and undress at 9 o'clock. By 9:30, everything is quiet.

Herbert Shanks works closely with the children all day. He is in his office a little before 8 o'clock in the morning, helps to "get the kids off to school," then devotes himself to office work, correspondence, meetings with his staff, members and committees of the Home's governing body, a 30-woman Board of Trustees, meetings with social workers, discussing referrals and contemplated discharges, fund-raising meetings.

He is available to the children when they return to the Home from school. He and Alice have their evening meal with the children in the main dining room; after the meal, he makes announcements and talks on matters of general interest.

After dinner, he is again available to the children before he returns to his own house, usually between 7 and 7:30 o'clock.

It sounds, to the layman, as if Mr. Shanks puts in a very long day indeed, but he demonstrates: "You have to remember, I'm at home as well as at work. I don't drive to and from an office. During the day, if I have time for a break, I go to my own house for half an hour or so."

**Proud of His Job**  
Herbert Shanks is proud of the Home, proud of the job it is doing. "The Protestant Children's Home is one of the oldest organizations of its kind in Michigan — certainly, there's none older."

"It was founded in 1836, the year Betsy Ross died. I always say 'the year Betsy Ross died' to the children; it helps to fix the date in their minds, to give them some idea of how old we really are."

"I believe we must work to improve the quality of service to our children rather than to expand our present facilities. The Home is a good, workable size for an institution now. We can manage with a minimum of regimentation."

"But I would like to see an increase in our social services,

The ladies of St. Ambrose Altar Society are planning a Margaret Luncheon next Thursday, September 23, at 12 o'clock noon, in the Parish Hall, Maryland and Hampton road. Tickets are \$2 each.

to institute psychiatric consultation periods to help the staff better understand the children, to do more in Special Education — although we're doing quite a lot in this field already, compared to other institutions — to conduct follow-up studies on a professional rather than informal basis.

"My 'ideal' Children's Home is small, but offers a great deal of professional service, all kinds of supportive measures for the child, INCLUDING plenty of warm, satisfactory relationships."

"That, after all, is the Protestant Children's Home's reason-for-being: To provide boys and girls with a series of wholesome, satisfying experiences."

Anyone can drive the Dodge Motor Home wherever the roads and trails lead. Nap, cook, eat, play as you roll along at passenger car speeds. Bathroom, running hot or cold water, refrigerator, television, air conditioning and other appliances are fully operative as you travel. And the minute you stop, you're home — living in relaxed comfort in your spacious home on wheels. Bring the pup!
