THE UNITED STATES revealed Wednesday that its proposal to reduce stocks of nuclear arms would mean the destruction of "several thousand" nuclear weapons by this country and a similar number by the Soviet Union. An American representative to the U.N., William C. Foster, told the General Assembly's political committee that this would involve weapons "extending up into the megaton range." He said the proposal should remove any doubts about the sincerity of American intentions to halt nuclear proliferation.

THE FEDERAL COMMUNICATIONS COMMISSION (FCC) announced Wednesday that it will investigate the costs, rates and earnings of the American Telephone and Telegraph Company—the nation's most profitable non-industrial corporation. The inquiry, which is expected to last more than a year, will probe how much AT&T is earning on its interstate and international telephone service and others, and how much the company needs to maintain and expand its services. The wording of the FCC order indicated that the agency was seeking to make a case for lower rates. The company and the FCC have negotiated five major rate reductions in the last five years. The latest, a \$100 million two-stage cut, became effective in February and April.

CHRYSLER CORPORATION Thursday announced all-time highs in world-wide sales, net earnings and unit sales of passenger cars and trucks in the first nine months of 1965. The firm also announced a dividend of 50 cents a share for the third quarter, doubling the 25-cent dividend effective since 1962. Chrysler, last of the Big Three auto makers to issue its third-quarter report, recorded unit sales totaling 16.6 per cent of the domestic passenger car market, against 14 per cent in the 1964 third quarter.

ACTING GOV. William G. Milliken, following the instructions of the touring Gov. Romney, Thursday vetoed three state spending bills which would have given \$11.2 million a year to elderly renters, war veterans and seven state universities. Milliken said the bills threatened the state's fiscal integrity, since the veto messages said, the state budget surplus will evaporate within two years. He charged the Legislature with voting "additional spending for new and improved programs without revenue adjustments to support them."

AT LEAST 18 PERSONS were injured Friday in the head-on collision of a Grand Trunk Western Railroad passenger train with a freight train in Pontiac. Only three of those injured were hurt seriously enough to be hospitalized, however. The crash occurred near the Pontiac station. Witnesses said the 20-car freight train apparently jumped a switch in the adjacent railroad yard and ran onto the main track where it was hit head on. They gave the speed of the passenger train as 35 m.p.h. and said the freight was moving even slower.

THE PRESIDENT'S DAUGHTER, Luci Baines Johnson, 18, flew to the LBJ Ranch Friday night, supposedly to ask her parents' consent to be married to Pat Nugent, of Waukegan, Ill., according to reports from her friends. They said President and Mrs. Johnson already knew their daughter was about to become engaged, but that the President was still withholding his consent.

Woods Pistol Team Retires News Trophy

The sharpshooters of the Woods Department of Public Safety bested the other four Pointe Police Departments in an annual pistol shooting match held at the Mt. Clemens Police Pistol Range, for the third consecutive year, and earned the right to retain permanent possession of the Grosse Pointe News Trophy.

The champs, from left to right, are, PATROLMEN ROBERT LORENZ and MARTIN TROMBLEY, SGT. THOMAS KANE, and PATROLMEN BERNARD KELLY, (holding the NEWS trophy and an award for his high marks in slow and time fire), and DONALD SCHMALTZ.

Boy Beggar Sends Treats To Sick Kids

Turns Over Entire Stock of Halloween Loot to Police to Take to Hospital

Everyone knows that you are supposed to shout "Help the poor!" on Halloween. But Tommy Bradley meant it. Tommy, who lives at 502½ Notre Dame, is seven. He went begging with everyone else this Halloween, dressed in costume and muffled in a big shaggy coat to keep out the cold. And he collected a fair pile of treats, too.

What Tommy didn't do was take his candy home like everyone else, to eat right now or to lay up for the long stretch until next Halloween. He walked into the City Police department on Maumee at 7:40 Halloween night and asked the officer to please give his candy to poor children, who weren't able to go begging like he was.

And that's just what they did. We don't know how many would-be witches and cowboys were confined to the Children's Ward in Bon Secours Hospital that evening. But Halloween came a little closer to all of them through Tommy's gift.

CAR DAMAGED

John N. Keller of 2113 Vernier road, informed Woods police on Friday, October 29, that a hit-and-run driver damaged the left rear fender of his 1965 Chevrolet, while the car was parked in front of his house.

Vandals Find Many Ways To Celebrate Halloween

Over 15 separate incidents of vandalism were reported to City police over the Halloween weekend. Department sources indicate. The despoilers, often described as young boys or teens, tore up traffic signs, downed fences, threw bottles, sprayed paint and soaped home and car windows.

The first report came from Mrs. Martin Mogge, 1734 Maumee, who told police that someone threw lighted matches onto the trunk of her car late Thursday afternoon, October 28. The matches left powder marks on the finish, but officers who investigated said no permanent damage was done to the car.

Stolen \$10,000 Sculpture Found in Woods Home; Pair Absolved by Police

Partner of Resident Bought Fredericks Creation From Unknown Man He Met In Restaurant Nine Years Ago; Case Considered Closed

A piece of art, valued at \$10,000, reported stolen nine years ago, was recovered by Woods police in the basement of the home of Carl M. Piltz, 19942 West Doyle. Piltz was not aware that the object was stolen.

The "Torso of a Dancer," a life-size sculpture, was found in the Woods residence on Saturday, October 30. The work of internationally known Marshall Fredericks, was reported in perfect condition. The sculptor had credited the statue with starting him on the road to fame.

Piltz told police that the sculpture was given to him by his

Vandals Ruin Paint on Cars

Vandals used an unnamed powerful chemical in spraying four automobiles parked on Beaufait, between Jackson and Mack, according to complaints received from the car owners. The incidents occurred on "Devils Night," Sunday, October 31.

The complainants told Woods police that the chemical was so powerful, that the car paint peeled off when they touched the vehicles to wipe off the stuff.

Reporting the vandalism were: Philip A. Filkin, 17, of 4367 Harvard, Detroit; John W. Lode-wyk, 18, of 1923 Beaufait; Christopher R. Eggleston of 3931 Prospect court, Ann Arbor; and John D. Renswick, 18, of 1078 Anita.

business partner, Gordon Porath of 13954 Abington, Detroit. They are co-owners of the Century Detroit Corporation, 6101 Concord, Detroit, a manufacturing plant.

Bought for \$150 Porath said that he had purchased the sculpture from a man he met in an exclusive Detroit restaurant in 1956, the year it was stolen, for approximately \$150. The seller told Porath that he was divorcing his wife and he wanted to get rid of the art piece.

When Porath gave the statue to him, Piltz said, he (Piltz) displayed it for awhile at the plant where he used to work, then he removed it to the recreation room in his basement. The Woods detective said that a thorough investigation was conducted and that there is no doubt both Piltz and Porath are innocent in the matter.

The whereabouts of the sculpture was made known in a letter sent to Wood Director of Public Safety Allen Andrews, Jr. The letter was unsigned and there was no return address. The sergeant and Patrolman

Thief Gets \$100 In Woods Home

Mrs. Shirley Johnson, 45, of 987 Vernier road, discovered she was the victim of a burglary when she found her wallet missing from her purse in her home on Saturday, October 30.

Mrs. Johnson told Woods police that she left home at 6:30 p.m., Friday, for a dinner engagement. She left a large purse on the dining room table. Her daughter, Susan, 17, went out about an hour later, but failed to lock the door.

Miss Johnson told investigating officers that she returned home at about 11:30 p.m. and went to bed. Her mother returned home at 12:30 a.m.

The daughter said that she heard a noise at approximately 12 midnight, but paid no attention, assuming that her mother had returned home.

At 11 a.m. Saturday, Mrs. Johnson disclosed to police, she went to get her wallet from her purse and discovered it was gone. The wallet contained \$100, her driver's license and several credit charge plates, she said.

November 14 Symphony's Opening Date

Albert Tipton Will Be Flute Soloist at First Concert in Thirteenth Season

There is a stir in the air, hereabout, unrelated to fall breezes. A zephyr-like commotion it is, moving over the five "Pointes," eliciting pleasant excitement and purposeful activity. It is Symphony time.

From the rehearsals emanate the beautiful sounds of the Mozart D Major Concerto for Flute and Orchestra and Mouquet's Flute of Pan.

The solo flute, made of platinum, is one of eight of its kind in the world and the artist who plays it is Albert Tipton, one of America's foremost instrumentalists.

The Grosse Pointe Orchestra is preparing the season's opening concert under the baton of its distinguished Director, Felix Resnik.

When two such men join their skills, the result is magnificence in music.

This season, the Grosse Pointe Symphony Society, in cooperation with the Grosse Pointe Library, sponsors a series of music appreciation hours.

The Library Commission has provided space, piano and recordings in the Central Library, at Kercheval and Fisher. On the Wednesday morning preceding each concert, Mrs. Robert L. Kaiser, who for 13 years was one of the education directors of the Cleveland Symphony, will lead the discussions. The time is 10 until 11:30. Season ticket holders and their guests are invited to share in this preview of forthcoming concerts.

The Society continues the delightful social hour, following the concerts, when audience, orchestra members, director and soloist meet and visit.

Mrs. Pierre V. Heftler, social chairman, and Mrs. Camilla Ayers, president of the Grosse Pointe Symphony Society, Mrs. John W. Nelson, chairman of the Women's Committee, Mrs. Felix Resnik, wife of the director, Mrs. Robert Armstrong, Mrs. S. Wells Utley, Mrs. John Glover, Mrs. John Lee Thompson and Mrs. Carl J. Henrichs will welcome the guests and preside at the handsome tea tables.

BACKS INTO CAR

Victoria Ridge, 12097 Sharon, Romulus, reported to police that an unknown motorist backed into the left rear fender of her car, Saturday, October 30, about noon, while it was parked in the municipal lot between St. Clair and Notre Dame north of Kercheval.

Incumbents Picked To Fill Vacancies On GP Council

David Burgess Unopposed For Mayor; Monro, Wood And Smith Easily Defeat Two Opposing Candidates; Charter Amendment Approved

Grosse Pointe City voters Tuesday handed all three of their incumbent councilmen another four-year term on he Council and okayed the amendment to the City Charter, making municipal judges of the present two justices of the peace. Mayor David E. Burgess, unopposed, was elected to a second term. David Tennent, 821 Rivard, received one write-in vote for mayor, however.

Newly-elected Councilmen are: G. Gordon Cook, of 430 Rivard; George N. Monro, III, 2 Woodland place, and James Morgan Smith, of 253 Lakeland. Unsuccessful candidates were Walter Gibbs, Jr., of 501 University, and Suzanne Lane Gidday, 710 Neif.

The City recorded 4,451 registered voters and 2,034 votes cast.

Mayor Burgess was reelected by 1,398 votes.

Votes for Councilmen were as follows: George N. Monro, III, 1,426; G. Gordon Cook, 1,425; James Smith, 1,246; Walter Gibbs, 766, and Suzanne Gidday, 604.

Voters favoring the Charter amendment numbered 1,362, and 199 were opposed. The amendment updates the court of the City of Grosse Pointe by changing it from a justice court, presided over by two justices of the peace, to a municipal court, presided over by two bonded municipal judges. These judges will preside for four years, but the present justices will be constituted municipal judges for the remainder of their terms.

City residents also voted for four Wayne County Circuit Court Judges, Third Judicial District, at the same time that they filled their municipal offices. The other four Grosse Pointe municipalities voted only for Circuit Court Judges. The judges' six-year terms will expire January 1, 1971. Eight candidates ran for the Circuit Court judgeships.

City returns in this balloting were: Blair Moody, Jr., 1,001; Harry J. Dingeman, Jr., 854; Charles S. Farmer, 705; Thomas J. Foley, 681; Robert E. Demascio, 523; Orville L. Hubbard, 489; Joe B. Sullivan, 433, and Anthony J. Szymanski, 232.

The Farms recorded 2,131 voters from a total of 7,739 registered. Ballots cast showed: Dingeman, 1,580; Moody, 1,485; Foley, 1,375; Farmer, 1,029; Sullivan, 697; Demascio, 537; Hubbard, 448, and Szymanski, 472.

School Trustees To Meet Monday

The official time of the regular November meeting of the Grosse Pointe Board of Education has been set for 8:30 p.m. on Monday, November 8, it was announced by Edward J. Pon-gracz, president.

Other school-related commitments of the trustees have necessitated the change from the usual 7:30 p.m. beginning time. The meeting will be held in the schools' administration building at 389 St. Clair avenue.

Thirteen Teenagers Hurt In Traffic Signal Crash

Thirteen teenagers suffered injuries of various degrees, none serious, in a four-car collision at the Grosse Pointe boulevard-Mapleton intersection on Monday, October 25. Injuries ranged from bruises and bumps to cuts about the face and hands.

According to Farms Patrolman Francois Belanger, total damage to all four cars amounted to approximately \$1,900. Those injured with cuts, were taken to Cottage Hospital for treatment, and those with bruises and bumps were advised to see their family doctors for a complete examination.

In his report, Belanger stated that John H. Miller, 17, of 45 Deming lane; Barbara Jane Wood, 17, of 550 Renaud; and Ann Marie Decker, 17, of 590

Many Police On Trail of Check Artist

Man Located In DeHoCo Also Wanted By Woods And Tuscola County Authorities

Robert P. Calkins, 24, no known address, was arrested by Woods police on Friday, October 29, as he was released from the Detroit House of Correction. He was taken into custody on a warrant charging him with uttering and publishing (writing a phoney check).

Calkins was arrested by Det. Sgt. Jack Mast and Det. Everett Plumb, after he had completed a six-month term for writing 189 bad checks, amounting to \$4,000, and passing them in Detroit.

The check artist was sought by Woods authorities since last April, when he passed a check for \$48, without having the funds to back it, at the Wrigley Supermarket, Mack near Moross.

Acts on Hunch

Mast said that because of the length of time since Calkins was being hunted, it was assumed that he had either left the state, or was probably serving a jail term somewhere. Acting on a hunch, Mast sent a letter to the warden at DeHoCo, and received a reply that the wanted man was serving six months in the prison for bad check writing.

Calkins was arraigned before Woods Municipal Judge Don Goodrow on Saturday, October 30, and was found guilty of passing the phoney check at the supermarket. He was sentenced to five days in the Wayne County Jail and ordered to make restitution to the store.

Not Out of Trouble

Calkins will be out of jail, tomorrow, November 5, but will not be out of trouble. Detroit has a hold on him for failing to pay traffic violation fines totaling \$141.

This is not all; a hold has been placed on Calkins by the Sheriff of Tuscola County, Upper Peninsula, with Detroit police. The sheriff wants Calkins for violation of probation, on which he had been placed—for writing bad checks in Caro, Mich.

Mast said that Calkins has a bad check writing record in Texas, too.

Ask \$149,370 To Help Pay For Sewers

Improvement Project Receives Certification and Second Place Priority In State

Grosse Pointe City's application for \$149,370 in federal funds to aid its sewer improvement project has received certification and second place priority among the 53 valid applications reviewed by the Michigan Water Resources Commission, Mayor David E. Burgess, announced on Thursday, October 28.

"This certification by the Commission is historically the hardest part in any effort to obtain federal funds for such projects," Mayor Burgess said. "It looks like we are in a very advantageous position at this time." Only the top five of the 53 valid projects were certified, Burgess stated, with Macomb county's application receiving first place priority. The other three certified applications were submitted by Detroit, Howell, and Battle Creek.

Inspection Required

Burgess said the next step in obtaining part of the \$3,520,169 in federal funds available for distribution by the Michigan Water Resources Commission, is federal inspection of the project. He said an inspector from the U. S. Public Health Service would visit the City Wednesday, November 3, to review details of the planned improvements and look over the site.

After that comes the "formality" of filing application for a revised grant with the Public Health Service, Burgess said. This application must be made within 15 days of the inspection and lists a request for 30 percent of the work still unfinished on that part of the project eligible for federal assistance.

Bond Issue Approved

A \$1,325,000 bond issue approved by City voters provided the original funds to finance the sewer project. The only part eligible for a 30 percent federal grant, Burgess said, is the unfinished portion of the work related to the relief sanitary sewer, which will help control water pollution.

Estimates for this portion of the project totaled \$498,000, he added, before any work had been done. Now that work on the project has started, however, the request will have to be revised to total 30 percent of the work still undone. Burgess said he believes, however, that although the request for assistance will now have to be scaled down, the fact that the city voluntarily undertook the correction of a defective sanitary sewer system helped the city obtain a high priority rating.

City Prepared For Big Snow

When snow seeks to swathe the Pointe again this year, Grosse Pointe City will be ready.

City Manager John Cantwell reports that he has already purchased two new snowplows and a new jeep with broom-sweeper to be used in clearing snow from sidewalks.

The new jeep, he said, should do as much work as two of the jeeps used last year, when the sidewalk cleaning was sublet to a private company. The plows can be attached to the jeep if snow piles especially high. Cantwell feels the new equipment will provide faster service to City residents.

He also said that contracts for cleaning the City's parking lots have been let on a competitive bid to Howell, for the third straight year.

Discussing future possibilities, Cantwell stated that he hopes funds will be available by next year to buy "a major piece of equipment," a catch-basin cleaner, to haul away piled leaves from City streets before they can collect in catch basins. The cleaner, he said, would greatly speed leaf removal, spare residents the trouble of burning leaves, and would also end smoke pollution. The device operates by suction, and in a recent trial, Cantwell said, lifted a manhole cover and the 165-pound man who was standing on top of it.

boys had soaped her car with

dows. She said the car had been parked in front of her home at about 8 p.m. the night before. Mrs. D. H. Basinski, 868 Neff, reported two garbage can covers missing from her home Saturday evening.

Officers who investigated the complaint of a City resident the same evening, found two stripes

of black paint, three and four feet long by three inches wide, sprayed across the front of the office at 1720 Mack avenue.

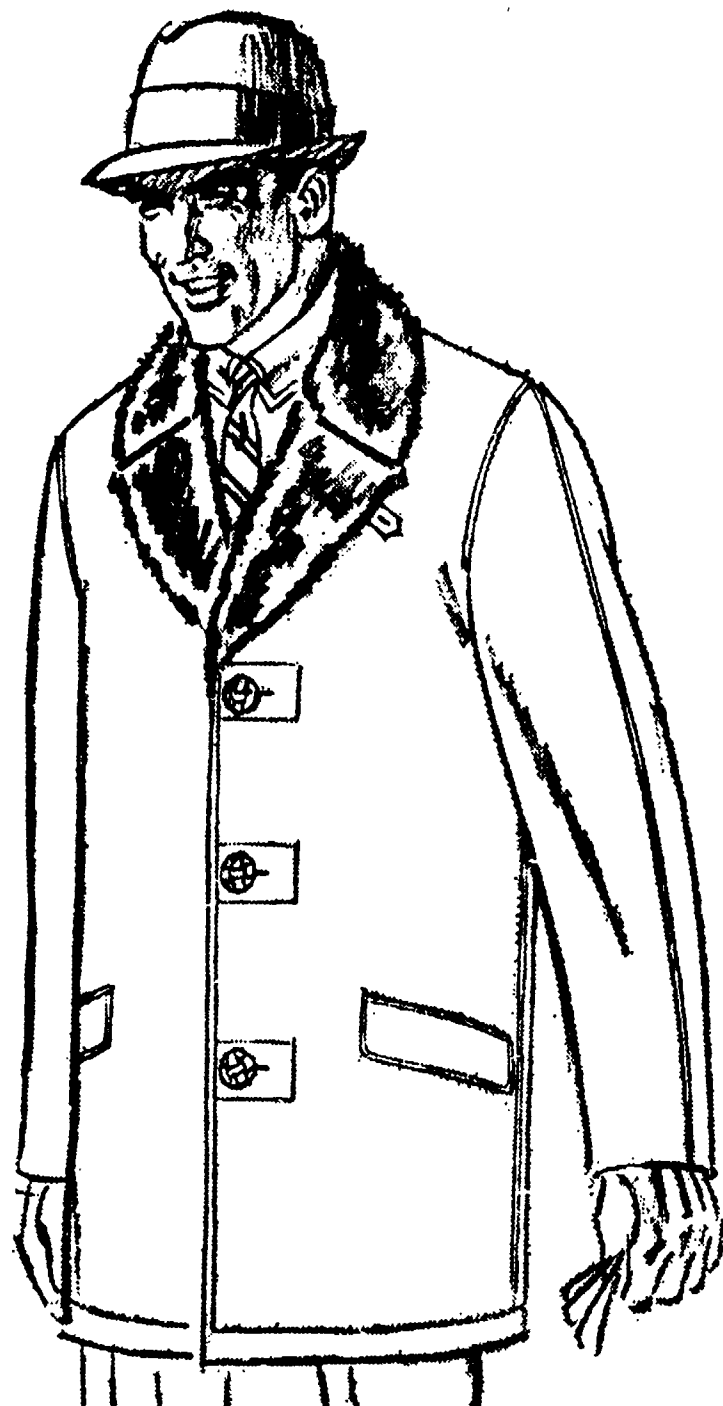

More signs were removed Sunday evening. Officers Gerard DeBoever and Donald Ludlow apprehended two juvenile boys at 12:12 a.m. for removing a parking sign and post from the north side of Maumee, west of Fisher. The boys were taken into the station and, advised to appear there at 1 p.m. on Monday, November 1.

Later the same evening the officers caught three juvenile boys smashing pumpkins in the vicinity of 374 University. They warned the boys, all residents of Grosse Pointe, made them clean up the mess, and sent them home.

Still another crime was added to the long list by the last complaint, Monday morning. Mrs. H. E. Sickenberger, 696 Neff, stated to police that one "10x10" window and two smaller garage windows had been broken at her residence since Saturday, October 30.

There was immediate opposition to the commission from both African nationalists and some extremist white settlers who want independence now.

A PRETTY BLOND 18-year-old was found on the bathroom floor of a southwest Detroit home Monday, her nude body stabbed more than 20 times in the head and chest. Julie Pasanen, daughter of Mr. and Mrs. Eino Pasanen of 198 Ferris, Highland Park, was a full-time babysitter caring for the 18-month-old son of Mrs. Eileen A. Kadri, of 4847 Trenton. The body was found in the Kadri duplex at 3:30 p.m. Police Monday night issued orders to pick-up Mrs. Kadri's estranged husband, Najeb, 24, saying they wanted him for investigation of murder.

PRESIDENT SUKARNO Monday declared a state of war in central Java, where two districts are reportedly under control of Communists. Sukarno said the declaration was prompted by grave national danger and the need to head off a national disaster. Although the Javanese President apparently did not name the Communists in his broadcasts, army generals warned that Communists had stepped up terrorist activities and were waging guerrilla warfare for control of the world's fifth largest nation.

Stolen Torso

(Continued from Page 1)

Lee Cochill, armed with a search warrant, went to Piltz's residence. Piltz expressed complete amazement when informed that the statue was stolen property. He helped the officers to unbolt the sculpture and carry it outside to the police car.

Partner Also Amazed
Piltz said his partner was just as amazed as he was, when notified of the circumstances. Mast said that as far as his department is concerned, the issue is closed, since the department's primary concern was the recovery of the art piece, and to see that it is returned to its legal owner.

He also disclosed that Detroit authorities have dropped the matter because of the expiration of a six-year statute of limitation. The statue was stolen from the home of the late John B. Terns, 999 Whitmore, Detroit. Clyde Terns, executor of his late brother's estate, was contacted by the Woods Department of Public Safety, as to his wish in the disposition of the sculpture. Terns requested that the art piece be returned to Marshall Fredericks for safekeeping, until such time that it can be returned to the Terns estate.

Officials Pleased
City Manager Chester Petersen and Director Andrews expressed great pleasure in the part the Safety Department had in recovering the valuable art work.

Fredericks, who recently completed a second recasting of the "Torso," was said to be elated with the recovery of the original. The first recasting was badly scarred by vandals in 1963, and the latest casting was requested by Clyde Terns, whose late brother commissioned the sculptor to create the original. No actual value was ever placed on the "Torso of a Dancer," but it is probably worth \$10,000 for which it was insured in 1956, experts say.

Harvard's Dean To Preach Here

One of America's great preachers, Dean Samuel H. Miller, of Harvard Divinity School, will preach in the Grosse Pointe Memorial Church on Sunday at both morning services of worship—9:30 and 11:15.

In the evening Dean Miller will meet informally with members of the congregation and any other interested people from the community to discuss the Present Reformation in the Church.

Dean Miller and President Pusey, of Harvard, will be in Detroit for a few days to speak about Harvard University, and at the same time make studies in the needed new forms of ministry for the coming church. President Pusey is chairman of a committee of the National Council of Churches on reorganizing theological education.

Dean Miller was minister of Old Cambridge Baptist Church and Professor of the Philosophy of Religion in Andover-Newton Theological School before becoming Dean of the Harvard Divinity School in 1959. He gave the Lyman-Beecher Lectures on Preaching at Yale and the most helpful of his books has been, "Prayers for Daily Use" and "The Dilemma of Modern Belief."

The public is invited to the services on Sunday morning and evening.

Two Retreats For Tuxis Club

The first of two annual weekend retreats for Tuxis will be held November 5-7 at the Detroit Baptist Camp near LaPeer, Mich.

Tuxis members planning to go on the retreat will leave the parking lot of the Grosse Pointe Memorial Church Friday, at 4:30, and will return around noon on Sunday.

The retreat, costing \$10 a person, will be highlighted by discussion groups dealing with the theme, "Jesus Christ — So What?"

"The co-educational weekend will prove to be both enjoyable and enriching," says Gary R. Gruber, Tuxis sponsor. "We expect a fairly good turnout."

For those members who are not planning to go to the weekend retreat, there will be a regular Tuxis meeting Sunday night at 7 o'clock. A religious movie will be shown, in the Fellowship Hall of Memorial Church.

Refreshments, following a brief discussion, will be served. Tuxis members got into the Halloween festivities last Saturday evening by collecting money for U.N.I.C.E.F. from 5 to 7 o'clock. A little more than \$400 was contributed by home owners in the Grosse Pointe residential area.

"It's funny how many people reacted to our drive," commented a Tuxis member. "Many Grosse Pointers made excuses, said 'not tonight' or just refused to give. One lady thought that UNICEF is communistic, but on the whole, most of the people donated freely."

Test Your Memory What Happened February 25th, 1965?

On this date, metropolitan Detroit was paralyzed for three days. The world's largest industrial city was stopped. Almost all industry and business was at a standstill. Why? A sudden nine-inch snowfall crippled the city. Customers of Cal Fleming Snow Removal Service had their snow removed twice within twelve hours after the snow had stopped. You too can have dependable snow removal service. Call TU 1-6950 for free estimate.

Farms Council Approves \$11,881 for Four Projects

The Farms council, at its regular meeting held on Monday, November 1, approved the awarding of three contracts, and the final payment on a completed project, all of which will cost the city a total of \$11,881.

Acting on the recommendation of City Manager Andrew Bremer, Jr., the council agreed to give Standard Oil company the contract to sell the Farms 22,000 gallons of fuel oil, at a cost of 11.5 cents a gallon, for a total of \$2,945, the lowest of four bids received.

Also on recommendation of the city manager, Shock Brothers, Inc., was awarded a contract to trim 271 city-owned trees for the price of \$2,522, the lowest cost offered of two bids received. The firm was also given the right to plant 20

new trees, at a cost to the city of \$1,768. Three other bidders lost out because their prices were too high.

To be planted, as soon as they are available, are five Lindens, two Sugar Maples, three Norway Maples, four Moraine Locusts, five Sunburst Locusts, and one Crimson Maple.

The council approved appropriation of \$1,000 to be transferred from the Contingent Fund, to meet the tree planting payments.

Final payment of \$4,646.87 to the George Jerome company, consulting civil municipal engineers of Detroit, for completed work on the Pier-Park Development Annex and Expansion program, received the council's consent.

School Leaders Plan Dialogue

Dr. Charles Wilson, Superintendent of the Grosse Pointe Public Schools and Dr. Hugh Riddleberger, Headmaster of the Grosse Pointe University School will hold a dialogue on "Education in the Great Society: Problems and Prospects" before the Adult Forum of the Grosse Pointe Unitarian Church on November 7.

The meeting will be held in the Gallery of the new Unitarian Church on Maumee at 8 p.m. this Sunday evening.

Speaking from public and private school viewpoints respectively, Drs. Wilson and Riddleberger will discuss how education in Grosse Pointe has met the challenges of social and economic change as well as the relationships of the school to the community, the parent and the individual student.

500 Students Star in 'T.T.O.'

With a cast of 300 boys and 200 girls, Austin Prep School will present five performances of "Take Time Out." This lavish musical spectacular in 28 scenes will be produced on November 4, 5, 6 and 7.

Curtain time is 8 o'clock, and an added performance will be a matinee on November 6 at 2 o'clock. "T.T.O." (the slang term for the show), will be staged at Austin Prep, East Warren avenue, Detroit.

The female roles are filled with talented young ladies from six high schools: Star of the Sea, Dominican, Regina, Bishop Gallagher, St. Paul and St. Ambrose. All boys come from Austin and from all grade levels.

The production is under the supervision of Thomas Bailey, Vice-Principal of Activities, with Joseph Hayes, of the New York stage, as director.

According to Mr. Hayes, "T.T.O. makes Ben Hur look like an intermission."

The program includes solos, musical dance reviews and comic scenes. It offers a variety of musical memories, ranging from scenes of "Oklahoma" and "West Side Story" to reviews of the roaring twenties and a journey to Calypso Islands.

The students have been rehearsing for four weeks. At the opening try-outs, Mr. Hayes declared, "If you know your right foot from your left, you have talent. We will do the rest." And this is what has happened.

Dance routines were taught, solo parts were memorized, and voices were tuned to the musical notes. Meanwhile, 50 Austin men of the stage crew began transforming the gym into a theater-in-the-round.

Tickets were put on sale for \$1.25 through a sales force of students. Costumes and props were flown to Detroit from New York. The orchestra is now tuning up.

**In Memory of His Father**

A set of Navy "Wings of Gold" and a sword were presented to the Naval Aviation Museum at NAS Pensacola recently. They belonged to Lieutenant Commander Godfrey de Courcelles Chevalier, USN, Naval Aviator No. 7, one of the pioneers of naval aviation and famous throughout the world for his accomplishments in aviation. LCDR Chevalier died in 1922 at the peak of his Naval career. VADM ALEXANDER S. HAYWARD, JR., USN, Chief of Naval Air Training, accepted the "Wings" and sword from LCDR Chevalier's son GODFREY during ceremonies at the Naval Air Station October 5.

Godfrey Chevalier of 1813 Severn road, doesn't remember his father, but he recently presented mementos to the Naval Aviation Historical Museum at the Pensacola Naval Air Station, Fla., to perpetuate the memory of his father, a famous Navy aviator and a decorated hero of World War I.

Chevalier was only two years old, when his father, Lieutenant Commander Godfrey de Courcelles Chevalier, USN, was killed in a plane crash in 1922, at Hampton Roads, Va.

The lieutenant commander was a pioneer in naval aviation, and was instrumental in paving the way for the strongest defense arm in the world today—the United States Navy's aircraft carriers.

An Annapolis Academy graduate, Lt. Comdr. Chevalier was destined to take off and land an aircraft carrier underway. He spent 12 years in the service of his country before his untimely death.

Chevalier was designated Naval Aviator No. 7, and he and his fellow flyers explored the "flight of the eagle," just as the present day astronauts explored the limits of outer space. It was a time of extreme risk demanding men of rare courage and dedication.

There was no question that Chevalier was this kind of a man. As a midshipman aboard the USS New Hampshire in 1910, he single-handedly rescued 20 of his shipmates from the Hudson River after a liberty barge had been swamped.

He went to France as a member of the first U.S. Armed Forces detachment to enter the country, and it was not long before he was recognized as the most experienced pilot in the U.S. Navy. For his extraordinary feats, the French government conferred upon him the Legion of Honor Medal.

In 1922, Lt. Comdr. Chevalier made his crowning achievement. He was chosen to fly the first plane off the United States' first aircraft carrier, the USS Langley, and then set her down in a perfect landing.

His flight accomplishments made him known all over the world, and he was given the Distinguished Service Medal by his grateful country.

The lieutenant commander's son, nicknamed "Chevy" by his friends, after being sought out and persuaded by Capt. Richard

Brown, commanding officer of the Grosse Ile Naval Air Station, who learned his identity, consented to go to Pensacola and offer his treasured mementos of his father (a tarnished sword, a pair of Navy wings, faded photos and a book of yellowed news clippings) to the Naval Aviation Historical Museum.

While in Pensacola, "Chevy" viewed the living results of his father's efforts in Naval Aviation, student pilots training aboard a modern aircraft carrier. He also saw "Chevalier Field", named after his illustrious navy dad.

The only son of the aviation pioneer, Chevalier, a long time Detroit area resident, has been purchasing agent for Chrysler Corporation for 11 years.

Pointe Students Brighten Torch

The flame of Detroit's United Foundation Torch is shining just a bit more brightly this week because of the unselfishness and thoughtful giving of students in Grosse Pointe's schools, who have just completed their annual Torch Drive.

Especially proud are the boys and girls at Brownell Junior High School, who responded with a record-breaking total of \$744.77. This exceeds last year's total by over \$200.

Three home rooms led the way for the near 100 student body. Mrs. Marjorie Stechschulte's seventh grade, Miss Patricia Rossi's eighth grade and Mr. Herman Bryant's ninth grade groups set the pace for 33 home rooms in the building. Daily posting on a large chart in the hall kept the school abreast of the latest totals, which showed 16 homeroom groups earning twenty-inch torches as symbols of "over twenty dollars." Competition between grades grew to be very keen the last two days of the drive, as students gave money they had saved from their lunches or had earned from baby-sitting, leaf-raking, and other odd jobs.

As a way of recognizing the spirit of civic responsibility which prompted their generosity, all members of the three high homes were treated to doughnuts and milk in the school cafeteria by principal William Christofferson last week. It was hard to determine who was proudest!

Hurt in Fall
Mrs. Gertrude Droeg, 68, of 1922 Hunt Club, slipped on a stairway landing in her home on Saturday, October 30, and suffered pains in the spine and back. She was conveyed to Cottage Hospital by Woods police ambulance, for treatment of the injuries.

As citizens of the Grosse Pointes and members of the Grosse Pointe Human Relations Council, we support this statement of purpose from our by-laws:

STATEMENT OF PURPOSE

"As residents of the Grosse Pointes who are proud of their community and desire to maintain its high standards, we affirm our belief that:

The dignity of the individual is the basis of our ethic and community life.

The continued life of our community is dependent upon the recognition by all of us of the individual rights of each neighbor.

For our community to continue to flourish and prosper, we must learn together to recognize dramatic changes that are taking place in our nation and their effect upon the rights of all citizens in this, our community. And each of us acknowledges the fact that one's desirability as a race does not depend upon his race, color or creed.

We expect:

To promote goodwill, understanding and respect for human dignity as well as respect for the law among present and future members of this community, regardless of race, color, religion or national origin;

To create discussion, disseminate information and offer opportunity for people to become more knowledgeable and effective in inter-group relations;

To cooperate with other groups or organizations of similar purpose;

To become reconcilers in our community, a voice of calm and reason, a group uniting all people of good will prior to and during integration, with the goal of making our community a place where men of all races will have equal opportunity in education, housing, employment and total community life."

Farms Police, Firemen Lauded

Letters to the chiefs of the
Farms Police and Fire Depart-
ment, from the Detroit Edison
Company, were received by the
Farms council on Monday, No-
vember 1, and placed on file.

The letters, to Police Chief
James Furton, and Fire Chief
M. William Mason, paid com-
pliment to officers and person-
nel of both departments for
their action on October 7, when
live electric wires fell on the
cyclone fence around the park-
ing lot of the Grosse Pointe
High School.

The letter, signed by C. F.
Ogden, administrative vice-
president of Edison, made ref-
erence to the incident:

"Your officers and your de-
partment are to be highly com-
mended for the prompt action
and procedures you followed in
keeping with recommended
safety standards established for
situations such as this."

Mayor William Connolly and
the members of the council ex-
pressed pleasure that the offi-
cials of the firm took the time
to write such a letter, which
was made a part of the official
records of Monday night's
meeting.

The October 7 incident ori-
ginated at the rear of 38 McKin-
ley place, when a defective pin
on a pole caused a live wire to
fall against others at the cross-
bar at the top of the pole.

The downed wires knocked
out electric power in a five-
block area bounded by McKin-
ley place, Edgemere, Grosse
Pointe boulevard and Lake
Shore drive. Arcing wires fell
in Pin court, near the boule-
vard. Power was restored four
hours later.

Policemen and firemen re-
mained in the area where the
wires had fallen, rerouting traf-
fic and preventing the curious
from venturing too close.

By action of the police and
fire personnel, over 2,500 High
School students were prevented
from leaving the school build-
ing, until it was safe to do so.

The policemen and firemen
on duty at the scene, also re-
ceived the praise of Jerry Ger-
ich, High School principal.

**9 Cases Heard
In City Court**

Justice Douglas Paterson found two motorists guilty of driving recklessly at the October 25 session of Grosse Pointe Justice Court.

Milton Anthony Paterson, 28040 Rosemont in Roseville, was convicted on a second count of reckless driving, and fined \$100. Paterson was also placed on six months probation, restricted for 30 days to driving only to and from work, and required to attend four traffic school sessions.

Eric Paul Demrose, 23000 California, St. Clair Shores, was also found guilty of reckless driving. On motion of the attorney present, two counts were added to the charge, speeding and disobeying the stop law. Demrose pled guilty to breaking the stop law and was found guilty of speeding. He paid a \$35 fine.

Justice Court met the next day, Tuesday, October 26, with Justice Malcolm Sutherland on the bench. Five of the seven cases scheduled involved the charge of reckless driving, with three of the defendants found guilty in separate violations. They were:

Stephen Elmes Petz, 111 Lakeshore, who was fined \$25 and ordered to attend four sessions of drivers' school; James Edward Thompson, 432 Bedford, also fined \$25, and Arthur Williams, Jr., 22592 Lange in St. Clair Shores, who was fined \$50.

The fourth motorist charged with reckless driving, Lee Harman Young, of 1604 Fairview, was also charged with never acquiring a Michigan driver's license. He failed to appear in court, however, thereby forfeiting \$75 bond, and a warrant for his arrest was issued.

Patricia Alice Kuhn, 19259 Linville, was also charged with reckless driving, but the case was dismissed for lack of witnesses.

Other defendants included Charles Fotion, 2184 Hilger, Detroit, charged with not stopping for a red light and found guilty of disobeying an amber light. He forfeited \$5.

Arthur Bremner Renny, 938 Roslyn, was fined \$3 for making an improper U turn.

CAR BADLY PARKED
Joseph Palms, 873 Notre Dame, reported to police that a car was parked over the curb on the lawn in front of his home, Sunday, October 31 at about 9:30 p.m. Officers issued a ticket to the owner of the car, who was identified as Agnes T. Marshall, 21400 Tanglewood in St. Clair Shores.

**Burglar Visits
Home in Farms**

Two Farms residents, both sisters, were robbed by an unknown burglar on Saturday, October 30, while one sister was raking leaves at the front of the house, and the other was shopping.

The residence burglarized is the home of Marian and Helen Craft, 73 Meadow lane, the former was raking leaves, and the latter was at the store.

Investigating officers disclosed that the front screen door was locked and the rear door was left open. The thief had no trouble getting into the house.

Missing, the sisters told police, were five dollars from a desk in the first floor hallway, five dollars from a purse in a second floor bedroom, and a lady's yellow gold wrist watch, valued at \$125.

Marian Craft informed police that she had noticed a boy, about 16 or 17 years of age, standing in front of her house at approximately 12:30 p.m., who appeared to be watching her. She gave authorities a description of the youth.

Car Top Slashed
Vandals slashed the convertible top of her car in four places, and broke a window of the car, Angeline Miltello of 525 Moorland, complained to Woods police. The incident occurred on Saturday, October 30, while the vehicle was parked in front of her house.

Children Visit Bird Sanctuary

Mason School fourth graders visited Jack Miner's Bird Sanctuary in Kingsville, Ontario, Canada, Thursday afternoon, October 28. Classroom teachers, Mrs. Norma Priest, Mrs. Mary Erickson, and Miss Ann Hebert including the principal, Dr. A. Lawrence Gagnon accompanied the children.

Hartley Thornton, a naturalist with the Michigan State Conservation Department, also accompanied the students on their trip. With the aid of a portable, battery-operated microphone he explained many interesting facts related to nature study. The same procedure was repeated on the return trip home. The children were given an opportunity to ask many questions related to their study of wildlife.

The group was met at the foundation grounds by Manley and Jasper Miner, who have carried on the great conservation work of their father since his death.

Manley Miner reviewed the history and purchases of the sanctuary. He directed attention to pictures and maps that were permanently displayed to enhance his comments. The children watched from an observation tower while the large enclosures were baited with corn to trap Canadian Geese so they could be banded. It was in this same area that the first geese were banded many years ago.

The Canadian Broadcasting Company had a crew of cameramen on location at the sanctuary. Jasper Miner provided grain for the children to feed the birds gathered in their private pond. As the children allowed a variety of Canadian geese, snow geese, brown ducks, swans, and mallards to eat from their hands, they were photographed by the CBC-TV team. The children are anxiously awaiting a letter from Manley Miner informing them of the time and date of their television debut on Channel 9.

Jasper Miner then guided the fourth graders across the road to the field where thousands of Canadian geese were resting before continuing their southern journey. The children waited twenty feet from the huge flocks as he walked through the fields causing the majestic birds to take to flight. As the birds filled the sky, it was easy for the children to see why these powerful feathered creatures are able to fly to winter homes in southern states as well as Central and South American countries.

Mrs. Wolfgang Hoffman, Mrs. James Head, Mrs. Tony Mazza, Mrs. William Dean, Mrs. Donald Doddridge, and Mrs. Edward Onofrey, room mothers, assisted the teachers with the supervision of the children.

University School Notes

The University School welcomed two American Field Service students this year.

Clementine Van Goch aged 18 is from Dalfsen, a small village in Holland. Her father is retired, having formerly been general manager of Shell Netherlands. Clementine has two older brothers, one a doctor and the other an engineer. Her older sister, an occupational therapist, was born in the United States. Before the war, and before Clementine was born, the family lived in Indonesia.

Other than her native language and English, Clementine speaks both German and French. She loves the theater and concerts and her favorite sports are sailing, tennis, skiing and riding.

Before coming to America Clementine wrote: "I should like very much to take part in the social life in the U.S., which is, I think, more active than here... It is good, I think, that people from different countries tell each other about their countries and help in that way to dispose of prejudices against each other."

Clementine, will be living with the Earl Heenans while she is in the United States.

Oguz Tatis, the other American Field Service student at the University School this year, is from Izmir, Turkey. He is also 18 years old. His father is the headmaster of the largest private school in Turkey.

Parents Invited Back to School

Classes will begin for all parents of Grosse Pointe High School students Monday evening, November 8, at 7:30 sharp.

A regular Monday schedule of classes will be followed so that parents may become familiar with the subjects being studied by their children. Eighteen minutes will be allowed for each period during which time the course of study for the year, the objectives, and the teaching techniques will be explained to parents.

The program will encompass all six periods of the day. When the bell rings eight minutes will be allowed to reach the next class which may call for some sprinting on the part of the parents. You will appreciate the fact that during a normal day, your son or daughter is only given six minutes to reach his class room, so parents, wear your walking shoes.

Bring with you a copy of your child's schedule for a Monday, and also a map of the building which will be mailed to each home. This may be marked by the student to show the best route to each class room.

A study hour on your child's schedule will be a fine time to take a breather and enjoy a cup of coffee and a doughnut which will be served throughout the evening in the cafeteria and the girl's gym in the main building.

A group of mothers who do not have children attending the High School at the present time have volunteered to serve you so that every mother with a child in school will be able to attend classes. Mrs. Charles Adams is chairman of the Social Committee of the Mother's Club and her co-chairman is Mrs. Alton Donnell. Young Cyclist Hurt in Woods

Daniel Dupuis, 11, of 1268 Anita, suffered lacerations on the back of his head on Saturday, October 30, when he was knocked from his bicycle when he drove into the path of an oncoming car.

The driver of the car, Thomas M. Schaden, 25, of 10445 Somerset, Detroit, was exonerated of blame and was released after making a statement to Woods police.

According to Schaden and witnesses, young Daniel was crossing the street, as Schaden was traveling west. Schaden was unable to stop in time to prevent hitting the boy.

Daniel was taken to St. John Hospital, where x-rays showed no skull fractures. The boy was treated for the lacerations and released.

Police Summon Laughing Driver

Mrs. Jean Harris, 736 University, accused a laughing motorist of entering an intersection recklessly and nearly causing a collision with her car, Monday evening, October 25, police reports indicate.

Mrs. Harris told officers she was driving east on Waterloo Monday when the incident occurred. As she approached the intersection at Notre Dame, she said, a '65 Buick driving north of Notre Dame entered the crossing, forcing her to brake suddenly to avoid an accident.

Both cars stopped, Mrs. Harris stated, but when she talked to the driver of the other vehicle he just laughed. He backed away, swung his auto around the complainant's car, and drove off.

Police teletype to Lansing revealed that the license plate Mrs. Harris reported belongs to Walter E. Van Allen, 2180 Manistique, Detroit. When officers contacted Van Allen, he told them his son had been driving the car and promised to send him into the station.

Ski Club Has Full Schedule

Two enthusiastic audiences, at 3 and 8 p.m. turned out in the Fries Auditorium of the Grosse Pointe War Memorial Center Sunday, to welcome John Jay and his 25th anniversary film, "Silver Skis," sponsored by the Grosse Pointe Ski Club.

At the same time, the crowd said farewell to this well-known ski photographer, who has presented his final skiing film for Grosse Pointe audiences.

After this time-spanning "Silver Skis" which begins in 1936 with the rise of the sport in the United States and covers the changes in technique which the last 30 years have seen, Mr. Jay will retire from the world of ski photography.

Ski Club members also gathered Wednesday evening to view the first half of Rex Chivalola's films, "Skiing Round the World."

At this meeting, club president Chuck Collinson revealed that the club will sponsor a wine-tasting party at Calvert Catering on Friday, November 19.

Five French wines will be sipped, and gourmet cheeses tasted.

Later there will be dancing, "buffeting," and guests will sample a drink which the club brought from Canada two years ago, while skiing in the Laurentians.

The drink is called Caribou.

Awarded Letters For Merit Tests

Thirty Grosse Pointe High School seniors have been awarded Letters of Commendation for their performance in the National Merit Scholarship qualifying test, according to Dr. Robert J. Hanson, guidance coordinator.

These students all scored just below the Michigan semi-final list cut-off score of 142, when they took the examination last spring. They were among 1,047 Commendation winners announced in Michigan. The names of the 20 semifinalists from the High School, among 594 announced in the state, were made known last month.

Letter of Commendation winners named were: — Thomas Anderson, Susan Axson, Carol Bashara, Glen Bowler, Crispin Cioe, Mary Comly, Ann Crozier, Richard Dehncke, William Eldridge, Anne Elmer, John Entenman, Susan Flintermann, Edward Gruca, Linda Homeier and Marilyn Horn.

Others are: Barbara Kemp, Lee Lewis, Linda MacCallum, Kathleen Mooney, William Nelson, Nancy Piester, Charles Russell, Karl Schneider, Pamela Snook, Barbara Stauffer, Barbara Trentacosta, Thea Werner, Marc Witus, Virginia Wood and Charles Worthman.

Although these Commenda-

tion winners can progress no further in the National Merit competition, their test scores have been reported to other organizations offering scholarships and to colleges and universities they designated when they took the test.

National Merit semi-finalists and commendation winners together total only 2 per cent of all high school students in the country and only seven per cent of all those who took the qualifying test. Grosse Pointe High School last year had 14 semi-finalists and 21 commendation winners, compared with 20 semi-finalists and 30 letter winners this year.

The interior color scheme is a blending of orange and green. Operating hours are 7 a.m. to 1 a.m. Sunday through Thursday, 7 a.m. to 3 a.m. Friday and Saturday. Frank Kamiecki has been named manager of the new restaurant.

"Calculated risk" seems to be a popular phrase for old-fashioned "gamble." But there's no place for either in preparing or dispensing pharmaceuticals.

Ever notice the letters U.S.P. or N.F. on a medicine label? The letters represent two official books that are recognized by federal law — the United States Pharmacopoeia and the National Formulary.

Together they are the pharmacist's "bible." They give approved standards of quality, purity, and potency of most medicinal agents.

Blue Devils Take 13-6 Beating from Monroe

By Edw. Gruca

Grosse Pointe dropped to a tie for third place in the BCL by losing to Monroe 13-6 last Saturday in what Coach Wernet termed "our poorest game of the season."

The Devils took an early lead, but fell behind 7-6 in the second quarter and trailed by one point until the Trojans scored again with 47 seconds left in the game. Offensive spark was lacking in both teams with each side having difficulty solving the other's defense for more than short yardage. John McMillin and Tom Jennings led the Devil defense in tackles.

Grosse Pointe kicked off to Monroe, and the Trojans fumbled on their first play from scrimmage with Joel Penoyer recovering on the 33. On a fourth down play with 1 yard to go, Mike Van de Ginste swept around the right end 24 yards for a touchdown. The extra-point kick was blocked and the Devils had a 6-point lead with only 3 minutes gone.

Monroe came right back and penetrated to the Devil 25, but was turned back here. The teams exchanged punts to finish out the quarter.

Punter Drops Ball

Early in the second quarter the Devils went back to punt on fourth down but Rocky Withrow dropped the pass from center on the Grosse Pointe 26. The Trojans covered this distance in 6 plays, going over the goal line on a 6-yard pass. Monroe drove through the Devil line for the extra-point and took a 7-6 lead.

For the rest of the quarter neither side could progress, and the teams punted back and forth four times.

The Devils took the second half kick-off and moved to mid-field before Monroe intercepted on its 44. The Trojans pushed on the ground to the Grosse Pointe 32 before giving up the ball on downs. Again unable to crack the Monroe defense, the Devils punted to the Trojan 33 as the quarter came to a close.

Goal Time Stand

Monroe controlled the ball for the next 14 plays and was finally forced to give it up on the Devil 26. On third down Grosse Pointe fumbled, and the loose ball was kicked toward the Devil goal. Van de Ginste went back to try to pick up the ball, but he couldn't hang on to it. A Monroe player recovered on the 6-yard line. The Devil defense put up an impressive

stand and stopped the Trojans on the 1.

Grosse Pointe ground out a first down, but soon afterward the Trojans intercepted and took over on the Devil 10 with the aid of a personal foul penalty. Monroe passed for 6 yards and then traversed the final 4 on an end run. With 47 seconds left the Trojans had a 13-6 lead.

Tom Jennings ran the kick-off to the 39, and after two incomplete passes Don Lindow threw a sideline pass to Van de Ginste, good for 15 yards. Lindow's next three passes were incomplete and left only 1 second on the clock for the fourth down play. Lindow faded back and threw the ball (and the Devil's second-place hopes) downfield near the Trojan goal. But it was blocked and fell just out of Van de Ginste's reach.

Season Ends Friday

The Devils will close out their 1965 season with a non-league game against Lincoln Park this Friday at 8 p.m. on the latter's home field.

The Railsplitters beat Grosse Pointe last year 7-0, but this year the Devils will be heavy favorites as Lincoln Park has managed only one victory all season.

Pointe Packers Closing Season

By Dean Riddle

The Grosse Pointe Packers hosted the St. Clair Shores Green Hornets at Kerby Field on Saturday, October 16. The Hornets Freshmen beat the Packers 19 to 0. The Packer J.V.'s lost to the Hornets 13 to 6 with Jim Whims getting the Packers TD on a 20-yard end run. The Hornets Varsity shut out the Packers 35 to 0.

On Saturday, October 23, the Roseville Chiefs were the Packers' opponents at Kerby Field. The Packers Freshmen won 20 to 6. Roy Heidt scored on an 18-yard run and added the P.A.T. for the first 7 points. Bob Taylor scored the second TD on a 14-yard scamper and added the P.A.T. Clay Purdy went 6 yards for the last TD. Rocky Gust and Kevin Corbett were outstanding on defense.

The Packer JV's took their game 25 to 6. The first TD came on a 45-yard pass play from Gregg Davis to George Heidt with Bruce Gamble adding the P.A.T. Gamble then carried 30 yards for 6 points while Lee Terry added the last 12 points on runs of 40 and 45 yards.

The Chiefs Varsity took a close one 7 to 6. Clayton James scored the lone Packer TD on a 12-yard off-tackle play.

On Sunday, October 31 the Packers journeyed to Southgate to play the Southgate Tigers. The Packer Freshmen edged the Tigers 7 to 6. Roy Heidt ran 23 yards for the TD while Bob Taylor added the P.A.T. Frank Queenan, Bart Dickson and Steve Kratzet starred on defense.

The Packer JV's shut out the Tigers 13 to 0. Both TD's were passes from Davis to Sczgiel of 6 yards and 8 yards. Davis added one P.A.T. Steve Wehling, Paul Simon and George Heidt were defensive stars.

The Tiger Varsity swamped the Packer Varsity 33 to 0.

The Packers will play their last games this year on Sunday, November 7, at Grosse Pointe High School Field against the Grosse Pointe Lions. The first game will start at 1 p.m. and admission is free. Come on out and see your friends and neighbors' sons play football on the field where in a few years they might well be high school stars.

Woods Spartans Win and Lose

The Southfield Jayhawks edged the Woods Spartan Varsity Saturday in a close, spirited game. The score was 6-0.

The Jayhawk touchdown was scored by Lewis Harp late in the first quarter. The Spartans and Southfield traded several scoring threats but neither was able to score any other points. The game ended with the Spartans on Southfield's 8-yard line.

Jim Ney, Dave VanSteen-Kiste, Steve Schliecher and Dave Przeslawski were Spartan standouts.

In the Pony game, Coach Werner Luckhoff's stalwarts powered their way to their eighth win in a row this season, 25-0. The Spartan Pony team has not been scored on this year and has given up only six first downs in eight games.

Ernie Ney supplied the offensive punch, passing 25 yards to John Mindell for one score, scoring another on a quarterback sneak and playing a good game at quarterback.

John Mindell scored on a 25-yard run and Jeff DeClaire went 12 yards untouched as a reverse completely fooled the Jayhawk defense.

The Pony defense again performed brilliantly led by Steve Gates and Gene Kline. Dean Shier covered two Jayhawk fumbles to further frustrate Southfield.

The Jayhawk Junior Varsity romped to a 35-0 triumph over the Spartan Junior Varsity. Tom Przeslawski, Rolfe Volker, and Mark Wittmer performed well in defeat.

The Spartans travel to East Detroit this week to close out their season with a night game under the lights at East Detroit's Memorial Stadium. The first game kickoff is at 6 p.m.

St. Paul Ends Season In Fourth Place Tie

There were no sighs of relief and quiet whimperings of "I'm glad that's over" when the St. Paul football Lakers finished their finest season in four years Sunday.

In fact, the spirited Laker players were pounding their fists into their palms and wishing they could play the first three games on their schedule over again.

Football teams on the St. Paul campus are traditionally slow-starting. The Lakers this year were no different and dropped their first three games, before banging out three wins in the final four games for a fourth-place tie in the Catholic League A-East.

It was only the combination of the big play at the wrong time and lighting problems that set the Lakers down 28-0 to St. Catherine in an odd-hour contest Sunday.

Big Plays Turn Tide

The big plays came in the form of a bolt of tackle, a long punt return and a spectacular pass catch which gave St. Catherine a 21-0 lead by the middle of the fourth quarter after St. Paul played most of the game in Warrior territory.

The lighting problem came about in the second half when Laker players found vision bad in the midst of creeping darkness and dust at Mark Park, a traditional dirt bowl. Since the field is owned by a number of schools three games were scheduled for Sunday.

When the Laker fans pleaded for someone to turn on the lights their complaints fell on deaf ears. Oddly enough it was after St. Catherine intercepted a Laker pass in the waning minutes that the lights were turned on, and then in time to accommodate the Warriors' passing attack.

The St. Paul squad came on the field like mad-men and marched with the opening kickoff to midfield before punting. St. Catherine moved nowhere in four plays, and the Lakers took over at their own 40. Seniors Danny Wright, Bob O'Leary and Tom Handlos moved the ball to the Warrior nine in eleven plays. The big play was a 38 yard jaunt around end by O'Leary.

Drops End Zone Pass

However, a fourth down pass from Wright slipped through the outstretched hands of Senior end Rick Jablonski in the end zone.

St. Catherine had the ball for one play before Tackle Danny Sutherland and End Jack O'Leary rocked Warrior star halfback Carlos Parker for a two-yard loss and tore the football away from him. O'Leary pounced on it at the 18.

This time Bob O'Leary hit for one yard, and Quarterback Danny Wright went seven yards up the middle before the Laker attack fizzled at the St. Catherine 10.

The score was 0-0 at the end of the first quarter but the Lakers had outgained their adversaries 90 yards to pailry 17. St. Catherine moved to the 15 but no father, and were forced to punt. St. Paul moved from the Warrior 33 to the 23 on the running of Wright and O'Leary before the attack stalled.

First Big Play

After moving to the 46-yard line in five plays, Parker raced off tackle, cut to the outside and went 54 yards for the score. The extra point was good and St. Catherine led 7-0.

St. Paul found the Warrior defense a little tougher now and was stopped at their own 40 in four plays.

Enter the Warriors' second big play. When the Lakers punted to the St. Catherine 30 halfback Joe Didlake scooped in the ball and went 70 yards down the sidelines for the second score.

The extra point was good and the score at the half was 14-0.

St. Catherine did nothing after receiving the third quarter kickoff and St. Paul, having taken over, maneuvered to the Warrior 29 before running into trouble again.

Because the contest started at 4 p.m., the afternoon sun was well nestled behind the western stands and Laker players and fans complained that the lights should be turned on. Their pleas met with no success.

Held on 8-Yard Line

The Warriors meanwhile moved 63 yards on the ground in 17 plays before being held for downs at the Lakers 8. Bolstered by the play of Line-man Jim "Snippo" Snyder, Jim Kotz, Tom Reichold and the line-backing of Gary Piche, the Laker defense simply refused another score.

Wright and O'Leary took the ball to the 16 before St. Paul punted.

Enter the Warriors' third big play. Stopped on the ground St. Catherine went to the air and End Joe Dudley made a spectacular finger-tip catch at the goal line for the Warriors third score and a 21-0 lead.

Again the Lakers' pleas to turn on the lights were spurned and St. Paul players were touching hands to make sure they were on the field.

A personal foul penalty and runs by Wright and O'Leary took the ball to the St. Catherine 45 before a Laker pass was intercepted by Jim Taylor and returned to the Laker 33.

Perfect Timing

Then as if on a perfect cue, the Mack Park flood lights were turned on as the St. Catherine center put his hands over the football to start a Warrior offensive move.

Apparently not satiated to their fullest, St. Catherine began throwing passes and calling time outs so they might eat out another score. They were successful and scored with 28 seconds remaining.

Playing their last game in Laker uniforms were graduating seniors: Co-captains Paul Thoen and Danny Wright, backs Bob O'Leary, Tom Handlos, Bob Reilly, and Mike Bellardi, and linemen Rick Jablonski, Paul Truba, Marv Rieli, Dennis Babel, George Wilson, Tom Reichold and Jim Snyder.

GPHS Victorious Over Arch-rival

By Matt Zukowski

The Grosse Pointe University School football team rolled over archrival Detroit Country Day School Saturday with a score of 33-7. The victory leaves the Knights with a record of six wins and no losses with one more game to play.

The Knights started off the scoring in the second half with a one-yard plunge by quarterback Art Getz after a 20-yard pass from Getz to Chuck Wright. Grosse Pointe scored again in the quarter when Tom Coyle grabbed a D.C.D.S. fumble and ran 55 yards for a touchdown. Don Green kicked both extra points. D.C.D.S. scored in II quarter on a 45-yard run by junior Bob Davenport.

In the third quarter, the Knights piled up 12 points more. Senior Mark Weiss dodged tacklers on an 80-yard

sprint to paydirt. Rusty Heenan bulled in from the one-yard line for another six points after a pass from quarterback Getz to end Harris Brown.

The Knights finished the Yellowjackets off in the fourth quarter with a 20-yard pass from Art Getz to Chuck Wright for the team's fifth touchdown of the day. Don Green booted the extra point.

This game was one of a long series in the rivalry between G.P.U.S. and D.C.D.S. A cup has gone between the two schools since 1935 to the winner of the game. In the years since, G.P.U.S. has won 16 times to 9 victories for D.C.D.S.

Grosse Pointe meets Ann Arbor University School next Friday in the last game of the Knight's season. A victory will mean an undefeated season for G.P.U.S.

Little League Holds Election

Gilbert Metry was elected president of the Grosse Pointe Park Little League at the League's fall meeting held in the Grosse Pointe Library on October 27.

Metry succeeds Arthur H. Getz who has served as League president for two terms. Getz will continue as a member of the board of directors, having special assignments with the district, state and national Little League organization.

Thomas Thompson was re-elected vice-president. A. Ralph Sandt was named secretary, and Warren Cougar was selected as treasurer.

Robert Morrison, Darwin D. Martin, Jr. and James Maxwell

were re-elected directors.

Paul Holsington was also elected to the board and will serve as player agent.

Morrison will assume responsibility for the League's concession stand in addition to his duties for the playing fields. Martin will continue to direct publicity and scorekeeping. Maxwell will retain responsibility for equipment.

The treasurer's report indicated a balance of almost \$4,000 remaining at the end of the season.

Retiring secretary Fred Rohn reported that more than 300 boys remain on the League roster with the "graduation" of 12-year-olds who will not be eligible to participate next year.

More On Dutch Elm Disease

Two weeks ago we devoted this space to excerpts from a magazine article which told of the efforts of a retiring municipal judge in New England who has been carrying on a one-man battle against Dutch Elm Disease in his locality. The same story was told, in part, in Robert Peterson's column on the Feature Page of the Detroit Free Press last July 16.

We are now in receipt of a letter from Edward A. Eichstedt, vigorously protesting against the dissemination of such information. Mr. Eichstedt, senior member of Eichstedt and Grissom Associates with offices at 15324 Mack avenue, Grosse Pointe, is unquestionably one of the leading landscape architects and site planners not only in the Detroit area, but in the whole country. Major projects which have been handled by this firm form an imposing list ranging from the Northland, Eastland and Westland shopping areas to the Ford Exhibit at the recent World's Fair in New York, the General Motors Proving Grounds and Tech Center and the master plans and contract drawings for a great expansion program at Oberlin College.

We are most happy to let Mr. Eichstedt tell his side of the story in his following letter to the Editor and the Extension Service of Michigan State University, the U.S. Department of Agriculture and the Wayne County Board of Supervisors, cooperating.

Dear Editor:

I have nothing to sell. I just want to prevent ill-advised abuse to our Grosse Pointe Elms, which I have watched grow over the past 40 years. Hence this letter.

On your editorial page October 21 issue you carried a full dress description of an alleged cure for Dutch Elm Disease, with the following remark: "While the so-called experts appear to have a tendency to pooh-pooh the attempts of amateurs to find a solution to this great problem, the fact remains that the experts and the municipalities, under their guidance, seem to be waging a losing fight against this disease."

Do you really think this is a good reason for publishing an amateur cure without consulting competent research? Medical research has not conquered cancer, but this is a reason for suggesting cures by amateurs?

Believe me this subject of Dutch Elm Disease is being researched by the best brains in the country and I enclose a clipping to show you the scholarly manner in which the New York Times handled the report on this research. When these dedicated pathologists and entomologists find a solution you will hear about it from them. And they are not "so-called" experts. In the meantime sanitation plus prophylactic spraying is the best treatment.

I enclose also a bulletin issued by the Wayne County Extension Service, backed up by the U.S. Department of Agriculture and Michigan State University stating that the "Wallingford" cure is a positive danger to the health of the tree. In all fairness I think you should publish this bulletin, to prevent further damage to our elms, and perhaps in a following issue you could publish the New York Times report, if you can get permission.

Incidentally, you omitted one step in the doctor's or judge's formula. Where I read it he wanted all his patients to be dosed with epsom salts before the rest of the operation proceeded. I am not kidding.

Sincerely yours,
Edward A. Eichstedt
Landscape Architect

Gentlemen:
The recently publicized "cure" for Dutch Elm Disease which involves the excavation of soil from around the base of the tree and the application of agricultural limestone after scratching (damaging) the roots and the spraying of the trunk of the tree with magnesium, in the

form of epsom salts, is in the opinion of myself and the people of Michigan State University just another fantastic quack-type procedure. There has been absolutely no research on this particular method by an authorized federal, state or local agency. As near as I can determine the only tree which has been treated with this material is that of a retired municipal judge from Wallingford, Connecticut, and in checking with the DPW in Wallingford I find that they do not know whether or not the tree was actually diseased.

If this method were used to treat trees which were already infected with Dutch Elm Disease, and if these trees were located in an area which did not have a control program, then probably no harm would result from this treatment. However, if this were done in areas that had control programs these trees would then become carriers of Dutch Elm Disease and would be sort of a "Typhoid Mary" in such an area. Unfortunately, recently, some people have taken upon themselves in this area to treat healthy elms in this manner. I am sure as a horticulturist you will realize that this opens the tree's root system to infection by a great many fungus diseases such as: Armillaria mellea which will eventually cause the death of the tree.

Unfortunately, in the area of horticulture there is no penalty for propagation of quack cures. However, if the lawyer from Connecticut who is promulgating this particular method were to try this in his chosen field of law, he would probably land in jail. As far as I am concerned this is much the same as a horticulturist trying to tell a medical doctor how to cure a fatal disease in humans.

Recently, the City of Lincoln Park has taken to treating their trees which are diseased, not the healthy trees, with this particular treatment. I might also point out the fact that the City of Lincoln Park has not seen fit to spray their trees for Dutch Elm Disease since 1955. I would like to repeat that there is absolutely no research to support the effectiveness of this particular treatment. Since there is a saucer around the base of the tree which is supposed to be filled with water approximately three times a week this probably is the only benefit to the tree from this particular treatment.

Sincerely,
Gordon K. Dennis,
County Extension Agent,
Horticulture.

Letters to the Editor

To the Editor:
Much has been said about the teenage delinquents — now I think it is about time we give credit where credit is due — to the non-delinquents. They work hard at their studies, at home, are all around sportsmen striving to become decent American citizens believing that fighting for one's country is fighting for freedom for all.

If we could just open our eyes and ears we can find evidence of good children all around us. We can see them

playing football and baseball, listen to the music of the practicing band echoing its notes on these frosty mornings. We would like them to know that we enjoy the sound of trumpets. We believe that the percentage of delinquents is very small and when balancing one against the other there is sure to be a predominance of the good.

The old adage of "As the twig is bent so is the tree inclined" does not always hold true as: "There is so much good in the worst of us and so much bad

October 29

Dear Sir:

A French Poodle owned by the Frank Trentacostas family of Berns court was killed last Wednesday by the speeding driver of a Cadillac.

Though the accident may have been unavoidable, what excuse can be given for the driver who sped away and left the dog to lie in the street to die?

The Trentacostas

October 31, 1965

Dear Sir:—

Although I haven't attended formal classes for a number of years, I have the distinct feeling that my education began all over again last Saturday night at Pierce Junior High School. And I didn't care for the orientation period.

The oldest of our four children qualified my wife and me as brand new "Junior High Parents." At the Halloween party my wife was selling tickets, and I, along with four other men, was helping at the soft drink counter. Before we got busy, I had time to go into the auditorium to watch the stage show. As it turned out, you could watch the performers all right, but you certainly couldn't hear them. All you could hear was the heckling, shouting audience. Without a doubt, that was the wildest group I've ever seen. They were rude, loud, unruly, ill-mannered and thoroughly

disturbing. I've never seen anything like it; not in junior high, high school, Army days, or any time since.

On several occasions performers had to stop in the middle of a number because they were unable to hear the band—six feet in front of them! My sympathy was divided between the performers, who were being paid to be there and were doing their best to entertain, and the hundreds of kids in the audience who sincerely wanted to hear the show, but couldn't. Very little of the performance was audible on our side of the footlights. The merchants who foot the bill for this sort of thing could, I feel sure find a more deserving group on which to spend their money.

Now let me qualify what I have just said. That was my impression of the children's behavior all right, but it was created by a dozen empty-headed loud mouths who, unfortunately, were joined by the majority in their horrible example.

I cannot say the children were impossible to control, because no one tried. Maybe the chaperones are not supposed to try. Maybe that's the accepted way of showing our children a "good time." Maybe it's part of their preparation for bigger and better stage shows in high school. I will not presume to say what should have been done. I'm a newcomer on the scene.

Maybe that's why most parents refuse to get involved in their children's activities. That way, they can't be disappointed in their behavior.

Sincerely,
MAD PARENT

What Goes On at Your Library

By Virginia Leonard

Thanks to the able assistance of several of my colleagues, I've been thoroughly spoiled this past month, and have had columns written by James Titterton, Harriet Helms and Margaret Irwin—all specialists, in a sense, in the fields of library service which they covered. To compensate for this period, during which no one has mentioned new adult books, I'll try to give you a listing, with comments, of some of our recent additions to our Libraries. Among them you may find something which strikes a responsive chord.

Are you a mystery buff? If so, the new Rex Stout THE DOORBELL RANG will be your cup of tea. And what a villain! Nero Wolfe, with a \$100,000 retainer, is persuaded to take on the untouchables of the F.B.I. Here is a new peak for an old master, and you will have to read the book yourself to find out how it is all resolved.

In a light vein—Richard Armour is at it again, and this time he's attacking the groves of academe; or, here is what every young person should know before leaving for college. The book is entitled: GOING AROUND IN ACADEMIC CIRCLES! humor runs rampant, and if the sober-minded freshmen don't appreciate it, many post grads will! Deans, housemothers, dormitory roommates and library regulations—no one and nothing are spared. This is certainly a different kind of orientation handbook!

A more serious, but timely, title is ON ESCALATION, by Herman Kahn. Here, the author of ON THERMONUCLEAR WAR formulates principles "for inter-actions of escalation" in the political use of force.

Edwin Teale, in WANDERING THROUGH WINTER, has rounded out his four-season cycle (which includes NORTH WITH THE SPRING, JOURNEY INTO SUMMER, and AUTUMN ACROSS AMERICA). The Teales started in December 21 in California and ended their journey with the Vernal Equinox, north of Caribou, Maine. The style is relaxed—geared to low-key, offhand information.

Has Syth a new book—THE CRIPPLED TREE—which is an autobiography divided between history and imagination. It includes three generations of Chinese political, social and family history. The "crippled tree" is one sense the violent, isolated, brilliant child; in another, it is China, twisted in itself, yet surviving.

A bright, well-known figure is Sammy Davis, Jr.; his book—YES I CAN. It is one whole of a story. Sammy started dancing to fame at the age of three; he had very little education or family life. His real life was

that of vaudeville and its zany inhabitants. Famous names and places zip like flashcards through the book. He hit the shattering world of prejudice at the age of 16 and has been fighting through it ever since.

Of local interest will be Edmund Love's THE SITUATION IN FLUSHING. Here, the author of SUBWAYS ARE FOR SLEEPING tells of railroad watching in Flushing, Michigan. His boyhood recollections are most intriguing; Mr. Love had no dull relatives, and records none of the dull moments between early childhood and the borderline of adolescence.

As Katherine Ane Forster is a favorite of mine, I must mention her new, COLLECTED STORIES which includes FLOWERING JUDAS, PALE HORSE, PALE RIDER, and THE LEANING TOWER. This author is considered by many to be one of the classical modern writers in this genre.

A new novel I've been enthusiastically recommending lately is Nash Gordon's THE RABBI. Mr. Gordon traces the career of a rabbi who has married a "chickadee" (a convert from Christianity). His professional life covers a number of congregations. His wife, after 20 years of marriage, falls into involuntarily melancholia and undergoes shock treatment, but eventually recovers and returns home. The flashback technique is used there; I found the story very moving, sensitive and well-written.

If we were enumerating by title, Julian Semyonov's PETROVKA 38 logically have followed the first-mentioned Stout opus. It is a story in the genuine police-method style. The author deals with juvenile delinquency in the Soviet Union, the housing shortage and a general preoccupation with money and material comfort. The title (did you wonder about it?) is the telephone number of the Moscow Police Headquarters.

The story-line deals with the five-day tracking of a gang of young armed robbers who are also cop-killers. One of my favorite authors has a new novel, but Brian Moore has recently published THE EMPEROR OF ICE CREAM. Here, the protagonist is Gavin Burk, 17, a tormented, Irish, ineffectual. He has left school and joined the F.A.P. (First Aid Party) at the start of World War II. His sorties into the grown-up world make him realize that it is no different from school—the same sort of people come out on top. The finale, the bombing of Belfast, is a powerful scene of destruction, and puts Gavin finally on the road to manhood.

Well, have we "hooked" you into coming to our Libraries to examine some of our new books? We hope so.

The Mesdames Boydell, Dahling, Gard and May, after contacting many of their fellow classmates, announce that a goodly group will report, with hockey sticks, to GPUS field at game time, 2:30 o'clock.

Mrs. Orville Freeman To Speak

The Raymond H. Berry Memorial Lecture, for members of the Grosse Pointe Garden Center, will be held this year in the Crystal Ballroom of the Grosse Pointe War Memorial on Friday, November 12, following a subscription luncheon.

The Garden Center Board is jubilant over its speaker — none other than Mrs. Orville Freeman, wife of the United States Secretary of Agriculture.

Jane Shields Freeman is an outstanding person in her own right, stunning as a model and brilliant, with a list of activities a mile long. She has worked on some 20 boards in her home state of Minnesota and currently, in Washington, has another 20 projects filling every waking hour.

She would delight the audience were she just to walk in and say, "Hello" . . . but her talk will be a thought-provoking discussion of our country's "Keep America Beautiful" aims, with tons of fascinating information for everyone.

What a treat for Grosse Pointe women!

AAUW To Present 'Pinocchio' Nov. 13

New York's Traveling Playhouse Will Perform Live Drama at Pierce Junior High; Two Shows To Aid Association's Fellowship Fund

"Pinocchio" grows the longest nose in history, his adventures carry him to the Fire-eater's Theater, Boobyland and even inside the dogfish. It's fun and fantasy for the lucky children of the Grosse Pointe community.

The Grosse Pointe branch of the American Association of University Women will bring the famous Traveling Playhouse of New York City to The Pointe Saturday, November 13, for the sixth consecutive year.

This professional adult company will present an original musical version of the ever-popular "Pinocchio" at Pierce Junior High School Auditorium in Kercheval avenue.

Two performances, at 1 and 3 o'clock, are planned to accommodate as many children as possible, according to Mrs. Richard Edin, general chairman of the Children's Theater committee.

Single tickets are 75 cents each. They may be purchased now from AAUW members, PTA officials, AAUW representatives in the schools or the following area merchants: Peter Pan, Inc. and Doubleday's in The Village; Punch and Judy Toyland On-the-Hill; Harkness Pharmacy in Mack avenue.

Group reservations for 11 or more children may be obtained by notifying Mrs. R. D. McLaughlin, Group Reservations and House chairman (821-5198), by noon Friday, November 12. (Don't overlook this easy way to entertain birthday parties, nursery school or scout groups.)

For those who cannot plan ahead, tickets will be sold at the box office the day of the performance.

AAUW sponsors this event

to provide financial assistance to college women for post-graduate work and research.

Community parents anticipate Children's Theater with great pleasure. It offers the seldom-found opportunity to see live, professional drama geared to children's imaginations.

A grant from the Rockefeller Foundation in 1949 inaugurated the Traveling Playhouse under the direction of Ken and Kay Rockefeller. Its plays, written and staged to entertain children from four to 12, achieve such a high level of performance that adults watch with absorption and interest.

The ingenious interpretation of "Pinocchio" features clever but simple songs. There will be much audience participation, with clowns running in the aisles during the prologue and Pinocchio's chase by his "father."

Sets and costumes promise to be extremely well done, details and imagery truly outstanding.

AAUW members of the Children's Theater committee are: Mrs. Edin, general chairman; Mrs. J. Robert Jessup, Ticket and Finance chairman; Mrs. Fred Lewis, Ushers chairman; Mrs. David C. Neal, Publicity chairman; Miss Louise Rau, Fellowships chairman; Mrs. William Saile, Patrons chairman; Mrs. McLaughlin, Group Reservations and House chairman.

Block bookends for men are still another new item, according to Decoupage Decor chairman Mrs. Del S. Chalmers.

The Christmas Booth, under the chairmanship of the Misses Iva and Pearl Hooper, is lovelier than ever, featuring wreaths in four different sizes, each one an original, fashioned of fruit, flowers and greenery for walls and dining tables.

Fruitwood sconces, Aztec urns and baskets in Holiday and all-season decor, are included in the Christmas Booth display.

Plan Antiques Mart To Benefit Goodwill

Eighteenth Annual Event Sponsored By Junior Group
Opens Sunday, November 14, Closes
Wednesday, November 17

Volunteers throughout Metropolitan Detroit will take part in the 18th Annual Antiques Market and "country store sale of goodies" sponsored by the Junior Group of Goodwill Industries.

Proceeds are used to help provide rehabilitation services and job training programs for handicapped men and women at Goodwill Industries of Greater Detroit.

The sale will be held Sunday, November 14 through Wednesday, November 17, at the Goodwill Industries, Brush street at

East Grand boulevard, Detroit. The public is invited. Admission on Sunday is \$2, on other days, \$1.

Invitations have been mailed for a Champagne Preview to be held Saturday, November 13. This is also open to the public. Donation per person is \$10. (This also entitles one to admis-

sion every day of the sale).

Approximately 49 antique dealers will feature Early American, some English and French furniture, and Oriental art. Each dealer will be in a booth with decorative settings.

Unique accessories to interest decorators will include wall sconces, paintings, old prints and etchings, fine old china, crystal and pressed glass, silver, brasses and pewter. Some of the dealers do not have shops, so their articles might be seen only at this showing.

Representatives from Kendall School of Design of Grand Rapids and from the Fine Arts Department of Michigan State University, Wayne State University and the University of Michigan will be present for advice and information about careers in Interior Design.

You will be able to purchase a wide variety of old-fashioned candies, toothsome goodies of Grandpa's day, gay candy novelties for children, pecans, cheese, and many other items at the Country Store. Pretty Juniors in their dainty print dresses with aprons and bonnets will make a visit here a "fun" stop.

Next on Goodwill Lane is the Pantry Shoppe, its sunlit shelves stocked with homemade jams, sparkling jellies, pickles, relishes and other delicacies especially prepared by the Junior Group members.

A gaily decorated Sarsaparilla Bar will feature wonderful thirst quenchers.

Another highlight of Goodwill Lane is the Goodwill Store which offers antiques donated to Goodwill during the year.

There are three sections to this store: Ye Olde Silver and Glass, Furniture House and Jewelry Square. Courteous Goodwill employees keep this area humming with replacements as items are sold.

The "Gazebo Room" will feature a Victorian garden house. Gourmet lunches and dinners will be served by charmingly costumed Junior Group members.

The "Victorian Ice Cream Parlor" with its old-fashioned soda fountain, table and chairs, will provide delightful and tasty snacks and tempting conco-

tions served by the Juniors in perky pink and white striped dresses.

Each window on the Brush street side of Goodwill Industries will be done in a room setting with hand-carved scale-model furniture.

The preview hours on Saturday, November 13, will be from 6:30 to 10 o'clock.

Hours on Sunday, November 14, are from 2 to 10 o'clock; Monday and Tuesday, November 15 and 16, from 11 to 10 o'clock; and Wednesday, 11 to 8 o'clock.

Betrothed

At a family dinner party in their Tremblay road home, Mr. and Mrs. Bernard T. Ducey announced the engagement of their daughter, BARBARA ELLEN, to Michael Paul Bohan, son of Mr. and Mrs. Peter Edwin Bohan of Chicago, Ill.

Barbara attended The Ursuline School in New Rochelle, N.Y., and was graduated from St. Paul's High School. She is presently a senior at Marygrove College.

Mr. Bohan was graduated in 1964 from the University of Notre Dame, where he affiliated with Beta Alpha Psi and Beta Gamma Sigma fraternities.

The couple plans a June wedding.

Pointe" at next Monday's meeting of The Grosse Pointe Farm and Garden Club.

This November session begins at 2 o'clock, in Mrs. Lynn McNaughton's Kenwood road home. Assisting Mrs. McNaughton as hostesses will be Mrs. Benjamin Young and Mrs. Alexander W. Blain, II.

Plan Archives Auction

At a kick-off coffee to be held at the Detroit Institute of Arts Thursday morning, November 18, Mrs. Walter B. Ford, II, will announce definite dates for next fall's Archives of American Art Auction Sale.

Mrs. Ford is general chairman of the Sale, (first since 1962). She is being assisted by Mrs. Robert Vander-Kloot and Mrs. John D. Benfield.

Although it's not mandatory, many kick-off coffee guests will be bringing decorative or fine art objects, just to start the project going.

Among those searching their homes for suitable "treasures" to donate to the cause are Executive Board members Mrs. W. Hadley Mack, Mrs. Harry W. Anderson, Mrs. Vincent Van Fleet, Mrs. Frank N. Isbey, Milka Iconomoff, Lewis Sappington, Mrs. Daniel Siegel, Mrs. Gilbert Richards, Mrs. Charles W. Gauss and Mrs. George J. Huebner, Jr.

Other women working on acquisitions include Mrs. Paul McKenney, Mrs. George Russell, Mrs. H. Samuel Greenawalt, Jr., Mrs. Louis J. DeLamar, III, Mrs. Robert Weber, Mrs. John Denler and Mrs. Robert Taylor.

Proceeds from the Auction will benefit the Archives of American Art, a research institute with headquarters in Detroit, and branches in New York City and Rome.

Harvest Dinner

It's a promise: "You can have all you can eat" at the Annual Harvest Dinner, prepared and sponsored by the Women's Association of the Grosse Pointe Woods Presbyterian Church.

The buffet, featuring hot and cold dishes, will be served November 12, between 6 and 8 o'clock, at the Church.

And as an extra treat, an old-fashioned Sweet Shoppe, featuring homemade candy and decorated cookies, will be open from 3:30 until 9 o'clock, (if you can't stay for dinner, AT LEAST indulge your sweet tooth by dropping in at the Shoppe).

Cottage Hospital Holiday Mart

The annual Holiday Mart, sponsored by the Gift Shop Guild of the Women's Auxiliary to Cottage Hospital, will be held Friday, November 12, between 10 in the morning and 9 in the evening, at the Nurses' Residence in Ridge road.

LWV Promotes Citizenship Test

The League of Women Voters of Grosse Pointe is working hand in hand with CBS News this fall in an effort to interest as many people as possible in taking the network's National Citizenship Test Tuesday, November 9, at 10 in the evening.

The special job of the League during this campaign is to act as major distributor for the official test form which the at-home audience must have ahead of time if they want to see how they rate on all kinds of subjects related to citizenship, voting, government and politics.

The format followed on the show will be much the same as that used for the National Drivers Test given over the same network earlier this year. There will be short-answer questions and illustrated situations which the participants must solve by choosing from multiple choice or multiple sequence situations. Answers will be given during the program.

Producers of the show have had the advice of a panel of government experts including Vice President Hubert H. Humphrey, Senator Everett McK. Dirksen (R., Ill.) and professors from Harvard and Columbia Universities.

CBS reporters Harry Reasoner and Mike Wallace will monitor the hour-long quiz. The test answer forms may be reproduced in quantity by any group which wishes to do so. Mrs. Lee Johnson, president of the Pointe League, says the League of Women Voters is prepared to supply individuals and organizations with a first copy of the quiz form.

To get a copy of the National Citizenship Test call Mr. Johnson, 885-0969. The test forms are, of course, free. A limited number of copies will be available at the Grosse Pointe Libraries.

Bride-Elect

Mr. and Mrs. James Arthur Davis, of Anita avenue, announce the engagement of their daughter, KAREN ALICE, to Lieutenant Louis Curtis Bassett, Jr., USAF, son of Mr. and Mrs. Louis Curtis Bassett, of Spartanburg, S.C.

Miss Davis attended Central Michigan University, where she affiliated with Alpha Xi Delta sorority. Lieutenant Bassett is a graduate of Alabama College.

Park Garden Club To Meet

The November meeting of the Grosse Pointe Park Garden Club is scheduled next Monday, at the Stephens road home of Mrs. Albert Cooper.

Work on the club's Christmas project, under the chairmanship of Mrs. Howard Poppen, will be the main activity at this gathering.

Detroit Garden Club To Meet

The Detroit Garden Club will hold its regular monthly meeting at the Women's City Club on Wednesday, November 10. Luncheon will be served at 12:30.

The program for the day will be "Christmas Show By The Members." Hostesses for the day are Mrs. Arthur Murphy and Mrs. Fred T. Callaghan.

He is presently in flight training at Moody Air Force Base, Georgia. A December wedding is planned.

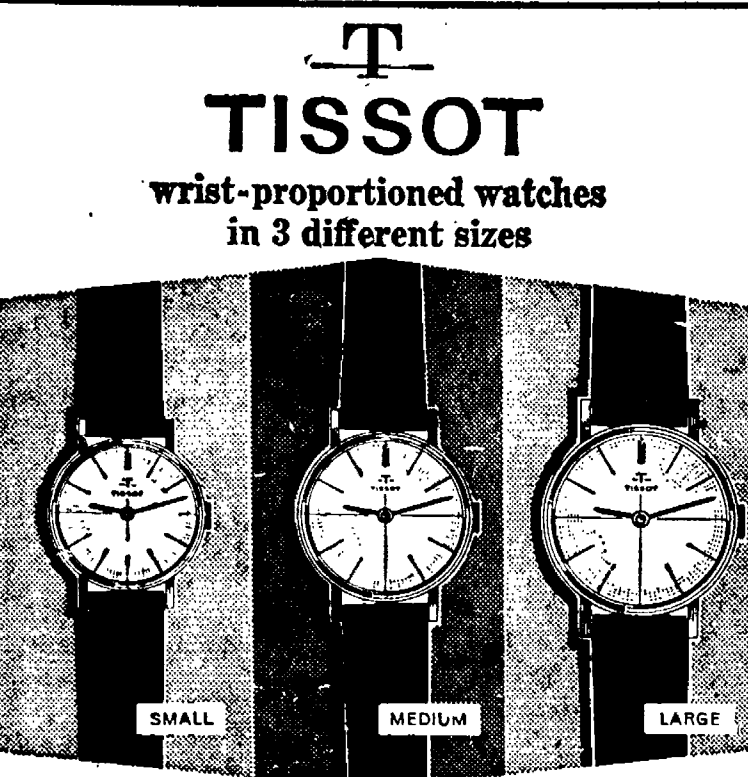

General chairman of the Mart is Mrs. Paul Moreland. Co-chairman is Mrs. Haford Kerby. Decorations chairman Mrs. Arnold Davidson promises a truly festive atmosphere, and Gift Shop manager Mrs. Louis Finke has made sure all booths will be stocked with delightful and distinctive items.

Look especially for a "Partridge in a Pear Tree" among the wreaths and unusual Holiday arrangements at the Christmas Decorations booth.

The Gourmet booth will be back again this year, by popular demand, under the direction of Mrs. Thomas Dossin and Mrs. Ralph Bower. The Flea Market, (formerly known as White Elephants), is the place to find really intriguing bargains. Mrs. Emmett Gentleman heads the Flea Market collection and sales committee.

Tea and sandwiches will be served between 11 and 5 o'clock, under the direction of Mrs. Harry Hinckley.

Among other Guild members working for various booths are the Mesdames Watson Beach, Richard Daley, Arthur Hanigan, Paul Kennedy, Henry Mertins, Lance Skinner and Stanley Smith.

CHANCES ARE the "sold" sign will be up in front of this one by the weekend. But better check it out just in case. Located in the Farms, just a block from the Pier Park. There are four large, family bedrooms served by three bathrooms. The master suite has its own fireplace and dressing room. The step-down living room is 27 feet long. There are fireplaces in both the living and dining rooms. A fountain plays in the morning room off the living room. Sure, there are a couple more bedrooms and a bath over the attached garage. Just \$39,500... honestly.

WE HARDLY have to say more: This new offering has four bedrooms with three bathrooms on the second floor. There is a step-down living room, and a family room complete with fireplace and built-in barbecue. The location is a winding street which leads to Lake Shore road. If you want to hear more, better give us a call.

JUST OFF Middlesex Pointe Drive on Windmill Pointe is the location for this attractive English house. The kitchen has been completely redone, which will please mother. Five family bedrooms serviced by two and a half baths.

IF YOU HAVE inquired around about what it costs to build a house today, then the price of this larger, Georgian colonial makes it even more tempting, to you who are contemplating making the move into your ultimate home. Majestically situated on an estate-sized lot in one of the Pointes' best locations, this is truly a house for the family which demands the best of everything. Superb architectural detailing throughout with a houseful of carpeting and draperies included. Fireplaces in every bedroom and all the main floor rooms. Not a house to be looked over... but to be looked into.

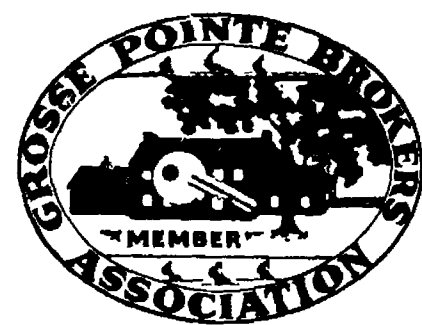

SITUATED on a limited access street, this smaller house with big rooms could be just the answer to the couple or small family who wants privacy and low yearly maintenance. Fireplaces in the living and family rooms and a lavatory and large master bathroom with tub and stall shower. The second floor has not been developed, but water and heat pipes are in. Priced in the middle thirties.

"Scepticism is slow suicide."
