SECRETARY OF STATE Dean Rusk said Wednesday that the United States may stop bombing North Vietnam as a move toward peace, but the Communists have not yet indicated what peace step they would take in return. Rusk added that there is no lack of means of communication between the two countries, so North Vietnam could easily indicate whether ending U.S. air strikes would lead to negotiations to end the war. The U.S. wants such an indication before it halts the strikes. In a speech to delegates to the three-day White House Conference on International Co-operation, Rusk said North Vietnam had declined to answer weekly diplomatic inquiries.

COMMUNIST CHINA rejected Wednesday a United Nations' invitation to attend a world conference on disarmament. A Foreign Ministry statement said Peking will certainly not participate in the conference, proposed unanimously Monday by the UN General Assembly. The statement added that Red China "will never enter into any relations with the United Nations and any conference connected with it before restoration of her legitimate rights in the United Nations and the expulsion of the Chiang Kai-Shek clique." Observers in Hong Kong said the refusal of Communist China, a nuclear power, to participate would deprive the conference of much of its significance.

SECRETARY OF STATE Dean Rusk told newsmen Thursday, after he talked with President Johnson, that the United States is willing to attend a conference on Southeast Asia of the sort Britain's Foreign Secretary Michael Stewart proposed Thursday. Stewart's television speech earlier Thursday in Moscow urged the Soviet Union to join with Great Britain in calling a conference to arrange a ceasefire in Vietnam and shape a peaceful settlement. "We have indicated for some time that we will be willing to attend a conference on Southeast Asia or any component part," Rusk said.

DETROIT IS ONE of eight cities chosen as models in a sweeping new plan to make possible faster and more efficient Federal grants for urban projects. Under the new plan, the selected cities will submit master plans for eligible projects to the new Department of Housing and Urban Development, which will handle all study and approval processes now scattered among scores of agencies. The master plans will be considered as units and funds will be supplied at once or on a definite schedule. Advantages to the cities should include savings in time and the cost of frequent trips to Washington. In addition, a high source said model cities will have the best chance of going away with the most from the pool of Federal funds.

AN ALL WHITE JURY in Montgomery, Ala., Friday found three Ku Klux Klansmen guilty of Federal conspiracy charges that stemmed from the slaying of Detroit civil rights worker Mrs. Viola Liuzzo. They each got 10-year sentences, the stiffest penalty possible. It was the second time in two days that a white Alabama jury returned a verdict of guilty in a racial case. Late Thursday, the first of three white Klansmen accused of killing Negro Willie Brewster in Anniston was convicted of second degree murder.

NO PERSONS INVOLVED in the three other deaths at Pontiac Osteopathic Hospital will be criminally prosecuted, Oakland County Prosecutor S. Jerome Bronson announced Friday. Bronson criticized hospital administration and staff members for "serious and reprehensible derelictions." But he said the careless action of no individual displayed "the degree

Teens Admit Garage Raids To Get Beer

Five Juveniles Caught As Woods and Shores Police Join Forces For Roundup

Woods and Shores police combined forces on Friday, December 3, in rounding up five juveniles who were raiding garages in search of beer on Friday, December 3. A Shores officer fired three shots into the ground before a boy he was chasing came to a stop and meekly surrendered.

Taking part in the roundup were Woods Sgt. Allen Selby and Patrolmen Donald Collins, Donald Schmaltz and James Farrell, and Shores Patrolmen Frank Mustazza and James Jurcak.

According to a Woods police report, the Woods officers were dispatched to the home of Nelson Meredith, 1527 Sunningdale, where a garage breaking and entering was reported to be in progress. The Shores station was called for assistance, and Mustazza and Jurcak were dispatched because they were in the vicinity.

On arrival the policemen met Meredith, who had just chased a group of boys he had surprised in his garage, but the boys escaped.

Witness Gives Tip

A witness arrived at the Meredith residence and informed the policemen that she was standing in front of her home in Sunningdale, when two boys walked by. On sighting her, she said, the boys began to run, arousing her suspicions.

The witness said the boys ran across the street and climbed over the fence of the Lechmoor Golf Club property. The officers began their search of the area.

While the search was in progress, three shots were heard, and Collins ran to the area to investigate. He found a 15-year-old boy.

Groundbreaking Ceremony For Second High School To Be Held December 15

Three-Section Plant Expected To Be Ready For Use During 1967-68 School Year; Foundation Piling First Step In Project

Groundbreaking ceremonies for Grosse Pointe's second senior high school have been set for 11 a.m. on Wednesday, December 15, it was announced by Edward J. Pongracz, president of the Grosse Pointe Board of Education. In addition, Mr. Pongracz revealed the latest information available on the proposed structure.

President Pongracz and Mayor Kenneth McLeod of Grosse Pointe Woods will make brief addresses. The program includes the singing of "The Star Spangled Banner," to be led by Herman Klein of the music department of Grosse Pointe High School. Guests invited by the Board of Education trustees to attend the groundbreaking include municipal officials from throughout the school district, members of the Citizens' Advisory Committee, representatives of the PTA, student and school employ groups, and representatives of various community groups.

Recently-developed details of the new building were provided by Mr. Pongracz. He indicated that Grosse Pointe High School-North has been planned as a comprehensive facility to provide educational opportunities for the college-bound as well as the non-college-bound student.

The building to be constructed now will house 2,000 students and has been designed to facilitate the construction of additional classrooms in future years if needed.

Has Three Sections
The three sections of the plant include an academic wing flanked on the east by an auditorium-instructional center and on the west by the physical education facilities. The school will contain 92 teaching stations where students may be assembled for instruction.

Sixty-five of the teaching stations will provide rooms for classes in science, math, English, foreign language, social studies, and business education. An electronics laboratory within the library will permit students to listen to tapes, records, and ultimately, the use of video-tape machines.

Plans have been made for eventual use of closed circuit TV. Included now will be a conduit system, a TV control room, a specially designed speech and dramatics room which may serve as a program origination point.

Five spaces have been planned as student study centers for remedial work, advanced placement, or special projects designed by teachers and students.

Dr. F.M. Barrett, 17220 Mack, complained to police Wednesday, December 1, that a group of boys between 12 and 14 years old have been bothering him and his patients at his office for several weeks.

Barrett stated that the boys have been knocking hard on windows and nearly breaking them, yelling obscene language at patients, and entering patients' cars parked in the lot behind the office.

He requested a special police watch between 4 and 5 p.m., and said he would notify police when the boys return.

On recommendation of Wayne County Assistant Prosecutor Dale Devlin the warrant was issued and signed by Judge Goodrow for the arrest of Hucul on a charge of larceny by conversion of under \$100. Hucul is still being sought on this warrant.

Police Seek Con Artist Second Time

Bench Warrant Signed By Woods Judge For Arrest Of Clarence Hucul

Woods Municipal Judge Don J. Goodrow dismissed a charge of larceny by conversion against Clarence Hucul, on Wednesday, November 24, and on Wednesday, December 1, signed a bench warrant for Hucul's arrest on a similar charge stemming from another case.

On the November date, the judge dismissed the first charge after Hucul agreed to repay Mrs. Stella Woodhouse of 2120 Vernier road, a down payment of \$600 she had given him for contracting work to be done to two houses owned by her, including the one in which she resided. Before dismissing the charge, Judge Goodrow assessed Hucul court costs of \$50.

Hucul had used two addresses, one when he signed a contract with Mrs. Woodhouse, 28263 Essex, Roseville, and another when he endorsed a check in the amount of \$600 given as a down payment by the woman.

Gets Second Complaint
The second complaint, on which the December 1 warrant was issued, was made by Mrs. Helen Kozowicz of 2110 Vernier road, who complained that on October 15, Hucul, signed a contract to install 260 feet of five-inch aluminum gutters around her house.

Mrs. Kozowicz said she gave Hucul a deposit of \$90 and agreed to pay the balance on completion of the job. The total cost of the job was to be \$160 the woman said.

On recommendation of Wayne County Assistant Prosecutor Dale Devlin the warrant was issued and signed by Judge Goodrow for the arrest of Hucul on a charge of larceny by conversion of under \$100. Hucul is still being sought on this warrant.

No Work Done Yet
Mrs. Kozowicz said that only a few feet of gutters were delivered to her house, and no work has been done since the contract was signed.

In the case of Mrs. Woodhouse, Hucul contracted to install aluminum siding, baked enamel downspouts and gutters on both houses, for a total cost of \$824. Some of the material was delivered, but no work done.

Police said that Hucul has been involved in many similar deals, and has an extensive record.

FARMS BUYS SALT
The International Salt Company was awarded a contract to sell the Farms rock salt at the delivery price of \$7.80 a ton, or \$7.40 a ton, if the salt is picked up by city trucks. The Farms council approved the contract on Monday, December 6.

Scooters Improve Trash Collections In Three Points

Time and Money Saved For City, Shores and Farms By Use of Three-Wheel Carts; Woods, Park Have Private Contracts

Grosse Pointe Farms has followed the City and the Shores in switching to small, 3-wheeled scooter carts for rubbish pickup, according to City Manager Andrew Bremer, Jr. Bremer said the carts will save \$8,000 a year in labor costs on each of the two collection crews now using them.

The scooters are "like a dump truck in miniature," Bremer said, with a hydraulically-operated body that rises to drop its load directly into the larger collection truck. They have made it possible for the Farms to shift from four to three-man collection crews on the two routes where the scooters are used.

One crew is still collecting by hand. Bremer said the city hopes the carts will speed trash pick-up to the point where one crew can be dropped entirely.

Speeds Up Collection
Grosse Pointe Shores began using their two scooters in August, according to Village Manager Thomas K. Jefferies. He stated that the carts can collect rubbish from seven homes before dumping it, while hand pick-ups meant collecting from only one house at a time. The carts are used for all rubbish collection in the Shores.

City Manager John M. Cantwell noted that "It's the greatest flattery in the world to be copied," when informed of the Farms' scooter purchase. He stated that before the City got its scooters, its maintenance men spent almost all of their time—five days a week—on rubbish collection. Now it takes three days to complete collections for the whole community.

Time for Other Work
This, Cantwell said, is a 40 percent reduction in time spent on pick-up and a two-thirds increase in efficiency, although the advantage cannot be measured easily in money saved. It means the workmen have more time for sewer and catch basin cleaning, street patching, and street sweeping, areas that were deteriorating before.

"The scooters are also easier on the men," Cantwell noted, "since they do not require as much walking." Although all home rubbish pick-up in the City is done by scooter, commercial districts are still collected by hand, Cantwell said.

Both the Woods and the Park have arrangements for rubbish pickup by a private firm on a contractual basis.

HITS BRICK WALL
Richard Neil, 16819 Cranford lane, complained to police that the two top rows of bricks were broken from a small wall bordering his side drive some time before Wednesday morning, November 25. Neil said the 4' gash could have been made by an auto.

BY HOOK OR . . .
The owner of a car bearing the license K61829 was ticketed for blocking the driveway of 814 Notre Dame Wednesday evening, November 25, police reports indicate. Officers John Erskine and Thomas Nankervis entered the locked car with a coat hanger and removed it.

Investigating Farms officers said that the burglar, or burglars, first attempted to enter the house by trying to force open a rear door with a pry bar, but when this failed, they kicked in the basement window and entered the house that way.

Missing, police were told, were a portable television set, and a portable hi-fi in a black case, values not known.

Dr. Kamm arrived shortly and tended his father and then called police.

Police Chief James Furton and Det. Sgt. George Van Tiem said when they arrived at the residence, a private ambulance was waiting at the curb. The elder Kamm was still alive when they entered the house, they said.

It is not known how long Kamm had been lying on the floor, but it was established that he had fallen and struck his head on an open cabinet door.

Furton and Van Tiem said that there was no evidence that the Kamm residence had been forcibly entered, and there was nothing to indicate foul play. The body was released to the

Set \$7,500 Goal to Help Pointe Needy

Public Asked to Be "Just A Little More" Generous Than Usual When Buying Papers

The Grosse Pointe Lions Club has set a goal of \$7,500, through the sale of Goodfellow newspapers on Monday, December 13, but the extent of public generosity in purchasing the papers will determine how far the organization can carry out its many civic activities during the coming year.

Every cent realized through this, the 36th annual sale of Goodfellow papers, will be used to help the Pointe needy at Christmas time, and to assist numerous agencies, including the Leader Dog School for the Blind, Rochester, Mich.

Club president Charles H. Wilson named Carl Schweikart, chairman of this year's drive, and also named him permanent chairman.

The organization has received permission from the Park council to use the recreation building at the waterfront park at the foot of Alter road, on Thursday, December 23, to fill baskets that will be distributed to needy Pointe families the following day.

Police, Firemen To Help
Members of the Lions Club, aided by policemen and firemen of the Park, City, Farms and Shores, will be at their appointed intersections, regardless of the weather, hawking their papers, hoping that the general public will be generous and give just a "little more" than usual.

What the public pays for the newspapers is strictly voluntary, but contributions, large or small, will be accepted with a warm smile and a "thank you." Buyers are urged to "dig deep" and give what they can.

A new policy will go into effect on the day of the sale, and that is, no papers will be sold during the dark hours of the morning. Sales will commence after full daylight.

This policy was adopted to prevent another traffic fatality, such as occurred on December 14, 1964, when Walter Zentgrebe, 75, was killed at the Jefferson-Bedford intersection while selling Goodfellow newspapers. The tragedy happened during the dark hours of the morning. The driver of the death car was cleared of blame.

old boy had been taken into custody by Jurcak.

Jurcak said he saw two boys, who on seeing him, separated and ran in different directions. The officer said he took after the 15-year-old, and when it appeared that the boy was outdistancing him, he shouted to the boy, identifying himself as an officer, and ordered him to stop. The boy paid no heed to the command, and Jurcak said he drew his service revolver and fired three shots into the ground.

Halted By Shots

The Shores policeman said the teenager stopped at once, and surrendered without further incident.

In the meantime, Selby and Mustazza arrested two other 15-year-old boys, found in the area, and took them to the Woods station for questioning.

Schmaltz, still searching, found two boys, one 16 years old, and the other 15 years old, walking in front of Mason School in Vernier road, and at the same time, saw a third boy climb over the school fence and run toward Goethe. The officer took the first two boys into custody, and drove his scout car to Goethe and arrested the third youth, at Goethe and Hawthorne.

All Confess

At the Woods station, the five teenagers were questioned by Det. Gerald Kersora, and all five confessed that they had entered several garages in a search for beer.

One teenager took Schmaltz to the rear of Christ the King Lutheran Church, in Mack avenue, where several beer bottles, five full and four empty, had been cached by the group. The youth said four bottles were consumed at this spot.

The full and empty bottles were confiscated and held as evidence, and the boys were later released to their parents, pending a hearing date in Juvenile Court.

Charges of breaking and entering and larceny have been filed against all five boys, police said.

who deposit coins, realizing too late, that the meter heads were empty.

This year, clear plastic bags have been placed over the meter heads, insuring that parkers do not mistakenly insert a coin to pay for parking.

The City cannot grant free parking because its Parking Ordinance prohibits such a policy. The Park does not allow free parking because it has a limited number of metered on-street parking.

The only worth-mentioning off-street parking in the Park, is in the lot located behind the Municipal Hall, 15115 East Jefferson, where parking is free all year around.

The Shores has no business district and no meters.

The academic wing will house special education facilities providing for continuation of the present type "A" program for the educable, mentally handicapped.

Many Other Features

Other features are two additional large group instructional areas in the academic wing capable of seating up to 125 students, six seminar classrooms for smaller groups, and five teacher-teacher or teacher-pupil conference-planning rooms.

Other rooms will house classes in homemaking, arts, art and driver education.

Mr. Pongracz said that the physical education facilities include a gymnasium that may be divided into three areas for conducting separate classes. The gymnasium to be used for competitive athletics will house 2,000 people. Also included in the physical education area in the west end of the building is a swimming pool.

Outdoor facilities include a football field, a quarter-mile track, two baseball fields that will serve as a practice football area, five tennis courts, and an area for girls' field hockey.

A complete cafeteria with several dining areas will accommodate 700 people at a sitting. One dining area has been designed to serve as a student commons.

800-Seat Auditorium

Mr. Pongracz commented that the auditorium-instructional center, located at the east end of the plant, will house an 800-seat auditorium divisible into three instructional areas. Classrooms and individual practice rooms in the wing will house classes in vocal and instrumental music, as well as speech, dramatics and forensics. The rooms have been designed to serve as dressing rooms. An area is also available for students to work on set design and construction.

The academic and physical education wings of Grosse Pointe High School-North will contain 292,000 square feet, and the auditorium instructional center an additional 30,000 square feet. The building, designed by Harley, Ellington, Cowin and Stinton, is expected to be ready for student use during the 1967-1968 school year.

President Pongracz said that work on the foundation piling of the structure will begin in the near future and that the Board of Education will receive bids on the project on March, 1966.

Fatal Fall

GP Woods Lions To Sell Papers

Thirty-five Grosse Pointe Woods Lions Club members, assisted by personnel of the Woods Department of Public Safety, will take up their assigned posts to sell Goodfellow newspapers on Monday, December 13, at about 5 a.m.

The sale is expected to be the Club's largest and most successful Christmas Time fund raising drive. The organization has set a goal of \$3,000.

The Woods Lions hope to raise this sum to enable their Club to insure a Merry Christmas to any needy family, or families, in the area. This important drive will also determine the extent to which the group can continue its humanitarian work among the less fortunate.

The proceeds of this drive will enable the Woods Lions to play "Santa Claus" to many organizations and individuals, not only on December 25, but also throughout the entire year. The chief recipient is the Leader Dog School for the Blind, Rochester, Mich.

President of the Woods Lions, Demar L. Buttrey, has appointed Sheldon Ryan as chairman of the Woods drive.

The Club hopes the public's response this year will be extremely generous.

team rooms and an equipment room.

This is the first artificial ice skating rink to be constructed in the Grosse Pointe area, and it is hoped that everyone will use and enjoy it.

To gain admission to the rink, all Pointe residents will have to show their park cards, driver's license or other suitable identification, to obtain a new rink identification card which they should carry with them for future identification. The rink will only be open to Grosse Pointe residents. Some rental skates will be available.

Admission Charges

An admission charge of \$1 for adults and 50c for children 12 years and younger will be made for each community skating session to help defray the cost of operation. If the weekend sessions become popular, an additional Wednesday session may be added.

The Grosse Pointe Hockey Association will also use this facility as their home ice and will have more than 200 Pointe boys participating in their program.

The University School Skating Club has been formed to use the skating rink on week nights and weekends, having 22 hours of ice time per week. Any Grosse Pointe resident who is interested in additional skating time should inquire for further details by writing to Gordon Wood, President, University School Skating Club, 1045 Cook road, Grosse Pointe Woods, Michigan, 48238.

Thief Ransacks Home in Farms

Farms police were forced to wait for the return of the Edward C. Nevergolds of 175 Country Club drive, before it could be determined what had been stolen from the house on Thursday, December 2, it was disclosed by Det. Sgt. George Van Tiem. A burglar had visited the residence on that day.

The burglary was discovered by a caretaker, who arrived at the house at 8 a.m., and found the rear door standing open. He told police that he thought someone had opened the door to allow fresh air into the house. He had also told this to a neighbor, and the neighbor called the authorities, he said.

Police said that entry into the house was gained by the thief by breaking the glass of a window at the rear of the house. Both rear and front doors were open. The house was completely ransacked.

The Nevergolds arrived home on the Thursday date, and after taking inventory, disclosed that the burglar had stolen and old large dollar bill, \$21.95 from a gin rummy box, 37 silver dollars, and two silver lighters from a dresser drawer in the bedroom, Van Tiem said.

Two Complain Of Car Soaping

Two incidents of car soaping were reported within two days in the City last week.

Mrs. James Milton Robb, 16-904 St. Paul, told police that she found her car windows soaped when she went to drive it from the underground garage on Notre Dame Friday evening, Dec. 3.

The next afternoon, Dec. 4, a complaint of soaped car windows and body came from Mrs. Benjamin Stabile, 16933 Cranford. She stated that the car was parked the night before in the drive behind her home.

Intruder Visits Home in Woods

A burglar made a thorough search of her home while she was out, Viola M. Price told Woods police on Wednesday, December 1.

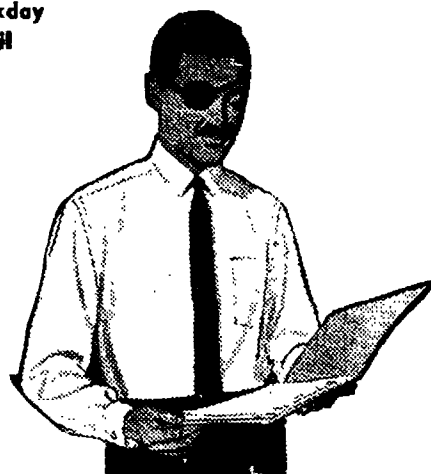

The woman told authorities that she returned home, after a short absence, to discover a window broken out of a grade door at the rear of the house, through which the intruder entered.

She said that the burglar, or burglars, went into the north-

east corner bedroom of the house and opened and searched all the dresser drawers, then went into the kitchen and searched the cupboards. Nothing appeared to be missing, the woman said.

Mrs. Donald E. Tyrrell of 833 Roslyn, called police and said that she had heard a strange noise in her back yard, near the woodshed, between 6:45 p.m. and 7:30 p.m., and turned on the light. She failed to see anyone, she said.

Homestead Tax Exemption Act Clarified for Pointers

The Senior Citizens Homestead Tax Exemption Act, passed by the State Legislature in Lansing this year, has aroused considerable interest among the senior citizens in the Pointe, evidenced by the many calls received by the local assessors, it was disclosed on Friday, December 3.

Information regarding procedures to be followed in preparing applications for partial property tax exemptions under the Act, are in the hands of the Pointe assessors.

It was pointed out that the Act will not apply to the December 1965 School and County tax bills already prepared and mailed. It will first become effective on tax day, December 31, 1966, for the 1966 tax year, and will effect the 1966 local, county and school taxes.

In order to file for the Homestead Exemption, the Pointe assessors stated, certain qualifications must be met. The applicant must:

1. Own and occupy the property as a homestead on the tax day, December 31; 2. Be of the age of 65, or over; 3. Have been a resident of Michigan for at least seven consecutive years immediately preceding application; 4. Have a gross income combined with the income of a spouse for the immediately preceding calendar year of not more than \$5,000; and 5. Not have real property taxable under the General Property Tax Act, which exceeds \$10,000 of STATE equalized value.

The fine points of the Homestead Act are being studied by the various assessors, but if any one has a question as to eligibility, they should check with their local assessor. The Act applies to all eligible senior citizens throughout the State.

Pointe residents who qualify, may file their affidavit, or claim, for exemption on forms available at their respective city halls, during regular office hours, no sooner than January 1, 1966, and no later than March 1, 1966. As a matter of fact, this must be done every year, for the current year taxes, it was pointed out.

At the time the claim for exemption is filed, certain information must be presented for verifications, especially proof of age and proof of property ownership.

The proof of ownership must show the APPLICANT'S NAME as OWNER or CO-OWNER of

the homestead, as of tax day, December 31, 1965; and any person anticipating application should insure that any necessary change should be made before that date.

No homestead shall be allowed more than one exemption, i.e., if a person is eligible for a Veteran's Homestead Tax Exemption, that person shall be allowed to file one exemption, either the Senior Citizens Exemption, or the Veteran's Exemption.

Those eligible to file for either the Senior Citizens Exemption, or the Veteran's Exemption, are advised that filing for the former will be to their advantage, since the Senior's Exemption allows for \$2,500, whereas, the Veteran's Exemption allows for only \$2,000.

Eligibles are advised that applications must be filed with assessors of their respective communities, and that no applications will be accepted before January 1.

OKAY CONTRACT

At its regular meeting held on Monday, December 6, the Farms council accepted the proposal of the Broadway Janitorial Service to clean and maintain the Municipal Building, 90 Kerby road, for fee of \$300 a month, or \$3,600 a year. The council acted on the recommendation of City Manager Andrew Bremer, Jr.

When overcools you over and then overlooks you, figure out who's to blame.

Fails to Follow Sign's Message

A multiple collision resulted Saturday afternoon, December 4, when a driver entered Mack from Notre Dame without yielding the right of way, struck one car traveling east on Mack and then another moving west.

Selma Lucille Conway, 9517 Manistique in Detroit, was ticketed for reckless driving when she failed to stop at a stop sign on Notre Dame at Mack at 4:40 p.m. Saturday. Her auto hit the right front of a car driven by Irma L. Field, 780 Trombley, then continued into the west-bound lane, striking Karen Gibson's car in the left rear fender. Miss Gibson resides at 21700 E. Eleven Mile, St. Clair Shores.

There were no passengers and no injuries to the drivers. The Conway and Field autos were removed to a nearby service station.

Grant Armstrong Resigns As Farms Municipal Judge

Farms Municipal Judge Grant E. Armstrong submitted his resignation to the Farms council on Monday, December 6. The resignation, accepted with deep regret by the council, will become effective on December 31.

The judge, who was re-elected to a four-year term during the spring election last April, has held the judicial post since July 1963. A practicing attorney, he has offices in the Buhl Building in Detroit. He lives at 66 Hady place.

Mayor William Connolly said that he had talked with Judge Armstrong, and the judge gave the reason for resigning as pressing private business combined with his judicial duties

was too big a burden.

The council appointed Mayor Connolly and Councilman William Butler and Benjamin Warren to seek a qualified replacement for the municipal judge post.

Under the City Charter, the council can appoint a qualified person to fill a vacancy created by a resignation or death, with the appointee serving until the next biennial election, which in the Farms will be April 1967.

Candidates for the municipal judge post must file for the office, to fill the unexpired term. Judge Armstrong was elected to serve to April 1969.

The names of prospective appointees will be submitted to the council for approval at the earliest possible time.

In a statement clarifying the reason for quitting his judicial post, Judge Armstrong said:

"I have continuously served the City of Grosse Pointe Farms since 1953, as its sole municipal judge.

"After extensive thought, and with deep reluctance, I have decided to resign as of December 31, 1965.

"With the utmost sincerity, I express my gratitude to the citizens of our city, for providing me with the opportunity to serve them in the judicial branch of our city government. My resignation is required by the demands of my profession and my personal affairs."

The best cure for worry is doing something—preferably for someone worse off than you.

Burglar Visits Homes in Park

The burglary of two Park homes, committed within two days, appears to have been the work of the same burglar, according to Det. Lt. Stanley Enders.

Entered were the homes of Arthur L. Wilson, 942 Pemberton, on Thursday, December 2; and Max J. Stringer, 1156 Harvard, on Saturday, December 4.

In each of the break-ins, the detective said, the homes were completely, but neatly, ransacked. In both homes, the burglar searched dresser and other drawers, and put everything neatly back into place, Enders said, indicating that the crimes were committed by the same person.

Entry into the Wilson residence was gained by removal of a steel casement window at the rear of the house. Entry into the Stringer home was made by placing masking tape thickly about the glass of the rear door, and smashing the glass. Masking tape was also put over a pane of glass of the French door leading into the living room, and the glass smashed, Enders said.

The Wilson home has been vacant for two months. Enders said, since the family moved to Lauderdale, Fla., where they are building a new home. All furniture in the house was covered, and items packed, preparatory to transportation to Florida.

The lieutenant said that it is not known what, if anything, is missing. The Wilsons will have to take inventory, when they return to the Park, he added.

At the Stringer residence, Stringer told investigating officers, that he and his family had been away from home from 10 a.m. on December 3, to about 12:30 p.m. on December 4.

Stringer said the thief took a 19-inch portable television set, and a transistor radio, values not known. Nothing else appeared to be missing, he said.

Enders said that the method of operation by the burglar indicates that the invader is without doubt the same person who has burglarized other Park homes, and homes in the Pointe area.

POLICE IMPOUND CAR
Police impounded an auto belonging to Joseph E. Lennon, 58, of 1450 Lakeview, Detroit, early Thursday morning, Dec. 2, when they found that the man had been drinking. The car was removed from Kercheval and Rivard. Lennon was ticketed and fined before the car was released to him.

Girl Accused As Shoplifter

A 20-year-old St. Clair Shores girl will appear in Farms court on January 5, on a charge of shoplifting, according to information released by Farms police on Wednesday, December 1.

Accused is Beverly Dugener of 21812 Thirteen Mile road, who, it was said, had a Teflon frying pan, for which she had no receipt, in her shopping bag. Complainant in the case is the Sears, Roebuck company, Mack and Moross.

According to a police report, Miss Dugener was apprehended by a store employee, who demanded a receipt for the article in her bag. With the young woman was a 15-year-old girl. Earlier, it was said both girls went to the store and returned an electric carving knife, for which they had no receipt, claiming the knife was purchased at another branch store.

Both girls were taken to the station by police, for questioning. Later, the 15-year-old was released because of lack of evidence. Miss Dugener, was charged and released on a \$25 bond until the January court date.

Church President To Preach Here

The president of The American Lutheran Church will be in Grosse Pointe Sunday, December 12, as the guest of a local congregation just completing its stewardship campaign.

Dr. Fredrik A. Schiotz, who is also president of the Lutheran World Federation, will speak at the 8:30 a.m. and 11 a.m. services of St. Paul Evangelical Lutheran Church, Chalfonte and Lothrop.

When the ALC in 1960 chose Dr. Schiotz as its president, it chose a man with a well-worn passport. In the responsibilities it laid upon him, extensive international travel is a continuing necessity. His visit to St. Paul church comes as part of a journey to Toronto.

During his stay he will be the guest of Raymond W. Mottel, L.L.D., 1845 Stanhope, Grosse Pointe Woods, a member of the Board of Trustees of The American Lutheran Church, and of the Reverend and Mrs. Charles W. Sandrock. Mr. Sandrock is pastor of St. Paul.

Dr. Schiotz will use the occasion at both services to dedicate the stewardship pledges of the congregation. December 12 has been designated by St. Paul as "Heart and Treasure Sunday." Following the 11 o'clock service, Dr. Schiotz will be honored at a congregational "brunch."

Indian Guides Enjoy Outing

The Grosse Pointe Y. Indian Guides sponsored by the Haman YMCA held their annual overnight outing at Greenfield Village this past weekend. One hundred thirty fathers and sons participated.

The group toured the Village Saturday, the Museum on Sunday and had a rousing time in the gymnasium and swimming pool Saturday night.

Mr. Lee Kitchen, Assistant Longhouse Chief was in charge of the trip and was assisted by Mr. Fred Altman, Longhouse Sachem.

The next event is the Winter Camp-Out at Camp Ohyesa, Jan. 29 and 30.

Child Guidance Clinic Names Administrator

The Board of Directors of Northeastern Wayne County Child Guidance Clinic has named Miss Carolyn R. Wheeler as administrator of the clinic.

The Board said that Miss Wheeler presently will devote half time to the clinic until next July when she will assume full-time status.

Miss Wheeler has been a visiting teacher in the Grosse Pointe public schools for the past 13 years and will continue part-time until the end of the school year. Prior to that she served as an intake supervisor for the Flint Child Guidance Clinic. She also has held teaching positions in other Michigan cities.

Miss Wheeler is a graduate of the University of Michigan and has a Master's degree from Columbia University and a Master's in Social Work from the University of Michigan. She trained at the Lansing Children's Center and the Kalamazoo Child Guidance Clinic. She has been active in the national organization and Detroit chapter of the National Association of Social Work, and has served on the Board of the Northeastern Wayne County Child Guidance Clinic since 1963. She is also past president

of the Grand Rapids Association of Child Education and was the first president of the Michigan Association of Visiting Teachers.

In announcing her appointment, the board said: "Her knowledge of the community which the Clinic serves,

of public education specifically, and her philosophy of mobilizing all possible resources to help children will be important assets as the Guidance Clinic develops as an important mental health facility to serve Northeastern Wayne County."

The Grosse Pointe Camera Club will provide the program for the December meeting of the Men's Garden Club when they assemble at the Grosse Pointe War Memorial Center on Thursday, December 16 at 8 p.m.

A series of slides taken by Camera Club members, including many shots of Men's Garden Club of Grosse Pointe gardens, will be shown with a commentary by Gilder Lembeck, past president of the Grosse Pointe Camera Club and of the Detroit Photo Guild.

Lembeck is a photographer with a national reputation. He will explain problems involved in flower and garden photography.

The meeting was arranged through the services of Frank Taugner, member of both clubs.

Installation of the officers and directors of the Men's Garden Club of Grosse Pointe for 1966 will provide a second highlight of the evening's activities. As is usual at the Christmas meeting wives of members and guests are cordially invited and special Christmas refreshments will be served during the social hour.

Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Coin Burglars Busy in Park

Burglars, possibly juveniles,
broke into two Park homes on
Thursday, November 25, and
Friday, November 26, looting
both residences of nothing but
coins, none of which were col-
lectors items.

Entered on November 25 was
the home of Dr. Charles
Vaughn, 1223 Buckingham,
which was completely ran-
sacked. All that could be deter-
mined missing, according to the
doctor, is approximately \$10 in
dimes, nickels and pennies.

Entry into the house was
made by breaking off the mold-
ing of the rear door, removing
the glass and reaching in and
unlocking the door.

The second burglary was re-
ported by G. R. West of 1026
Bedford. Entry into his house,
it was disclosed, was made
when the burglars broke the
glass of the French door with a
prying screw driver.

West told police that when he
discovered the burglary on his
return home, he took inventory
after calling police. He said
that all he could find missing,
was about \$30 in loose and
rolled coins from one bedroom,
and between \$50 and \$100 in
rolled coins from another bed-
room.

Police said that it is possible
that the burglaries were com-
mitted by the same person, or
persons.

Bad Deal Given To Eagle Scout

John Jensen, the 13-year-old son of Mr. and Mrs. Leonard Jensen of Fisher road, was awarded the coveted Boy Scout rank of Eagle Scout at the Annual Recognition Dinner of Troop 74 November 15. In a story covering the awards the following week, the portion covering John's accomplishment was deleted at the print shop.

A ninth grader at Brownell, John is a member of St. Michael's Episcopal Church where he serves as an acolyte. He has attended the Episcopal Camp Chickagami for the past five years.

He has been very fortunate to have made two trips to the Philmont Scout Ranch at Cimarron, New Mexico. This has been one of the highlights of his scouting experience.

Of his 22 merit badges, John's favorite was First Aid. His hobbies include all sports and he also enjoys model railroading and model car racing.

John has been a Den Chief, a Patrol Leader and is now Senior Patrol Leader. He has served as an instructor at two Lake-shore District junior leader training courses as well as a junior staff member at a Lake-shore District Klondike.

Scoutmaster Gerald Webster of River boulevard is leader of the 33-boy Troop 74. John has been a member of the troop for his entire seven years of scouting.

Ignored Sign Causes Crash

A woman motorist who apparently failed to stop for a stop sign caused a two-car collision at Notre Dame and Waterloo just after midnight Friday, Dec. 3. The crash caused minor injuries to both drivers and made towing necessary for their cars.

Charged with reckless driving for failing to halt for a stop sign was a 40-year-old Detroit woman, name withheld, who was driving a '62 Buick. Also injured in the crash was Thomas Foster, 44, of 7078 St. Clair. No charges were brought against Foster. Both drivers were alone in the cars.

Police who investigated found the woman was driving south on Notre Dame when she came to Waterloo and continued into the intersection without stopping. She struck Foster's car, which was traveling east on Waterloo, in the front left fender. The impact sent Foster's car skidding to the right into Notre Dame. The woman's auto swerved sharply to the left, narrowly missing a telephone pole as it went up over the right curb bordering Waterloo, and down again.

Foster and a passing witness both stated that the woman neglected to stop at the sign on Waterloo. She refused to make a statement to police.

Both cars had to be towed away. The drivers were taken to Bon Secours Hospital, where they were treated for slight injuries and released.

TEST DRIVER HALTED

Police stopped an elderly man and two women Tuesday, November 30, when they found them driving in a '66 Plymouth that lacked plates. The man told the officers that he was test driving the auto, which was from a local dealer, and the salesman had told him he did not need license plates if he drove in Grosse Pointe. The officers sent the man back to the dealer for plates.

Accused Man Awaiting Trial

Richard J. Brannon of 23090 Rein street, East Detroit, arrested on a bench warrant signed by Farms Municipal Judge Grant E. Armstrong, appeared before the judge on Wednesday, December 1, on a charge of larceny of a rented automobile. Brannon was remanded to the Wayne County Jail in default of \$100 bond, to await trial in Circuit Court.

According to Farms police, a complaint against Brannon was signed by E. J. Crawford of 324 State street, Detroit, area manager for the Avis Rental Agency, who accused Brannon of renting a car from a gas station at Mack and Kirby, an agency of the firm.

Crawford said that Brannon rented the car on July 20, and was to have returned the vehicle on July 30, but failed to do so. Brannon was arrested by police officers of Detroit's Fourteenth Precinct on the Farms warrant, while he was driving the car. He was released to Farms authorities.

At his arraignment Wednesday, Brannon stood mute and an innocent plea was entered for him, and he was bound over to circuit court.

Detroit police placed a hold on Brannon who is wanted by them on several charges of traffic violations.

Yule Decorations Erected by Ford

Thousands of colored Christmas lights illuminate the front lawn of Ford Motor Company's Central Office Building in Dearborn.

The scene, visible from Michigan Avenue east of the Southfield Freeway, has become a local landmark. The company has decorated its office building every year since 1902. In earlier years, Ford Christmas displays were centered at the former Ford Rotunda.

More than 12,000 lights create a unique, contemporary Christmas tree as high as a seven-story building, topped by a star five feet tall. Over 5,000 large bulbs were hand-dipped to provide a distinctive shade of color for the main body of the tree. An additional 7,000 miniature white bulbs provide high lights.

Additional lights form a background for a resplendent, life-size Nativity scene.

The display will remain throughout the holiday season. Traditional music will be played day and night.

On Christmas Eve and Christmas night, front window lights of the 12-story building will spell out "Merry Christmas." Crosses will be formed by window lights at the ends of the building.

"Deck the Halls," a special exhibit highlighting the decorating of the home at Christmas time, is open now through January 2 in the Henry Ford Museum.

The outdoor complex at Greenfield Village is also decorated with traditional settings of the holiday season. Homes of some of the famous Americans who once lived or worked in the buildings now situated in the Village contain decorations appropriate to the period in history when these people would have lived in them.

Famous for its heritage of reflecting three hundred years of American history, visitors to the Henry Ford Museum and Greenfield Village will find special delight with the decorations of the past exhibited here during the holiday season.

Both the Museum and Village are open the year around. Winter visiting hours are 9 to 5 p.m. daily for the Village; 9 to 5 p.m. on Monday through Friday, and 9 to 6 p.m. on Saturday and Sunday for the Museum. Admission to Greenfield Village is \$1.40 for adults and 50 cents for children. Admission to Henry Ford Museum is \$1.40 for adults and 50 cents for children. Special family and educational group rates are available for both the Museum and Village.

Drivers Needed For Volunteers

Grosse Pointe High School students who are giving one afternoon a week to share their time and talents with Detroit youngsters at Mercy School need adult volunteers to drive them. The after-school activities are carried on Monday through Thursday and the drivers leave the High School at 3:15 and return by 5:30 on a day of their choice.

If you can help make this enrichment program possible for some of the inner city youngsters, please indicate your willingness to drive the volunteer leaders by calling Vivian Davis at the Neighborhood Club, TU 5-4600.

Mercy School is located at 6920 Sylvester, just two blocks beyond East Grand Boulevard. It is one of the schools involved in the Greater Cities Project, and the volunteers recruited by the Neighborhood Club provide the children with experiences to supplement their classroom learning.

The groups include: dramatics, science, music appreciation, folk music, crafts, chorus, games, and piano instruction.

The students who are serving as volunteer tutors and club leaders include: Thalia Saraf, Helen Szyc, Linda Kummerfeld, Roger Williams, Elizabeth Lang, Bob Langbauer, Dick Deheke, Laurie McGregor, Jody Melano, Mary Kirby, Leslie Thomas, Jacky Slavko, Jacki Muntz, Pam Snook, Nancy Marantetti, and Nancy Thorpe.

Frederick B. Kahle Trains for Marines

Marine Private Frederick B. Kahle, son of Frederick L. Kahle of 88 Webber Place, has graduated from Marine recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

During his eight weeks of intensified recruit training under veteran noncommissioned officer Drill Instructors, he learned small arms marksmanship, bayonet fighting, and methods of self protection, as well as receiving instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He has been assigned to Camp Pendleton, Calif. for four weeks of individual combat training and four weeks of basic specialist training in his military occupational field.

The George MacKenzie is stationed along the spacecraft's light path in the event the mission is aborted over the Pacific. He has gone through an extensive training program in recovery operations since his ship was selected as a unit of the recovery force.

The ship was selected as a unit of the recovery force because of her search and rescue capabilities. Normally operating as a unit of the Pacific Fleet's Destroyer Force, the George MacKenzie will return to her normal duties after the mission is completed.

A most unusual car for people who enjoy the unusual

Ever wish for lighter, more precise steering? Ever wish your car was more sure-footed on snow and slush? Ever wish for a steadier, flatter ride on undulating roads?

Those are the usual wishes that lead people to the rear-engine Corvair.

Its steering is lighter and more precise. The engine weight's off the front wheels, so they're easier to maneuver. It's more sure-footed. The engine weight's on the rear drive wheels, so

they keep digging in harder. It rides and corners flatter. There's an independent suspension system at each wheel.

Even if you don't give a hoot about economy, you've got that, too. The air-cooled engine, for example, has no place for antifreeze.

Ready to break away from the usual and do some driving that's really different? Your Chevrolet dealer's the man to see.

New Standard Safety and Convenience Features. Seat belts, front and rear • Padded instrument panel and sun visors • Outside rearview mirror (always use it before passing) • Shatter-resistant inside rearview mirror • Windshield washers • Two-speed electric wipers for better visibility in heavy rain or snow • Back-up lights.

who, where and whatnot by whoozit

It's an old flying tradition . . . that when a man solos, he gets his shirttail cut off. The Otis McKinley family has another tradition: Each McKinley son solos on his 16th birthday. Latest to "lose his shirttail" is Grosse Pointe University School student Ray N. McKinley, who soloed November 4, at McKinley Airport in Fraser, (Ray couldn't very well have soloed anywhere else; his father, Otis McKinley D.D.S., Mayor of Fraser, owns McKinley, largest privately controlled airport in Michigan). Ray's big brother, Dr. Velton McKinley, started the 16th birthday solo tradition in 1951. Another brother, Otis L. McKinley, a GPUS graduate now attending the University of Michigan, made his solo in 1961.

Everyone's filled with the Christmas spirit . . . Everyone's ready to "give" during the holidays, but why limit "giving" to one season of the year? Volunteer service, hours spent helping others, keeps the Spirit of Christmas alive all through the year. The Michigan Cancer Foundation, because of the growing need for transportation for medically indigent cancer patients to and from treatment centers, has issued an urgent plea for additional volunteer drivers. Persons able to use their own automobiles for this service and those qualified to drive a car provided by the service are asked to call the Cancer Center, Temple 3-0710, for details. Trips are scheduled to and from hospitals at volunteers' convenience, and insurance coverage is provided for the volunteers and the patients.

That pretty little girl . . . appearing in so many newspaper advertisements recently, is brown-haired, blue-eyed Melinda Jo Manos, of Moross road, a full-fledged model at the age of six, and a most charming, as well as a most photogenic, young lady.

Carolyn Hubbard Lucas' new children's book, "Understanding Andy," dedicated with affection to "all the lovely bad ones" and charmingly illustrated by the author, is out just in time for Christmas — and a more delightful Christmas present for "all the lovely bad ones" on our holiday gift list we couldn't imagine! Mrs. Lucas, drawing on her own experience as a mother and grandmother, (and child, of course), puts herself in a small boy's place, describing typical family situations from the point of view of "Andy," who

" . . . just can't seem to please my folks
Altho I really try
But everything I do provokes
And I can tell you why—
I'm often late in getting home,
I like to play in dirt,
I hate to have to wash and comb
My hair and change my shirt,
I cannot seem to learn to spell,
My marks in school are poor,
And reading doesn't go so well
I'm slow but seldom sure.
I track in mud upon the floor,
Forget to feed the cat,
I never shut the kitchen door—
(I should remember that).
I'm bad for friends and family—
I set them in a rage—
I guess they wish that I might be
Most any other age."

PILFERINGS

The art of giving men presents is to give them some-

thing which they cannot buy for themselves; something which, without your cooperation, they would never be able to possess.

People always get what they ask for; the only trouble is that they never know, until they get it, what it actually is that they have asked for.

The young man was very pleased and excited when his mother told him he was going to have a baby brother or sister—so pleased and excited, in fact, that he told his kindergarten teacher and classmates, day after day after day, "There's going to be a new baby at our house!"

Finally, one morning, mother called her son over and let him "feel" the new baby kicking inside her. The youngster "felt," nodded and went outside to play. He made no further reference to the expected child.

Several weeks later his kindergarten teacher, curious about the boy's sudden silence, questioned him: "Tommy, I thought you said you were going to have a new baby brother or sister?"

"I was," explained Tommy, in a soft, ashamed voice, "but my mother ate it."

Hardware Store Theft Nets \$600

Safe burglars successfully opened a safe in the office of a Woods hardware store on Saturday, December 4, and escaped with a large sum of money.

The burglary was discovered by Herbert DeCost, 11203 Edgemont, an employee of the Damman Hardware Store, 19245 Mack avenue, who told police that he opened for business at 8:39 a.m. He said he went into the office and found the safe open, and money drawers removed from a desk.

DeCost said the burglar, or burglars, took \$600 from the safe, and desk drawers. Most of the money was in the safe, he said.

Another employee, Walter Frisby, 29, of 21004 Ardmore park, St. Clair Shores, told police that he had locked up the store at 9:10 p.m. Friday night, and before leaving made sure the safe was locked.

It was disclosed that the burglars entered the store by smashing a wall of a stairway leading to the Alesia Hair Fashions and Pointe Bridge Center, located above the hardware store. The rear door leading to the stairway was forced open, police said.

To date, no clues have been found, it was said.

R. M. Waterman, Jr. Receives Commission

Reuben M. Waterman Jr., whose parents live at 32 McKinley place, was commissioned an Army second lieutenant after graduating from the Officer Candidate School at the Artillery and Missile Center, Fort Sill, Okla., November 23.

The 23-week-course, designed to prepare the men for officer duties in field artillery units, included training in communications, map and aerial-photo reading, electronics and combined arms tactics. Leadership preparation was also a major part of the curriculum.

The 23-year-old officer entered the Army in January 1965. He was graduated from Hotchkiss High School, Lakeville, Conn., in 1960 and from Yale University, New Haven, in 1964. Waterman is a member of Phi Gamma Delta fraternity.

and back, and to and from ski areas and entertainment spots, and also covers chaperonage and insurance. Tow fees and admission to night clubs are extra. Only a few places remain open to members. Ski Hi membership is \$3 for the season.

Driver Accused On Two Counts

A Farms police officer's complaint of reckless driving against William T. Collins, 21, of 27024 Nanton, Madison Heights was upheld in Park Municipal Court, at a hearing held before Judge C. Joseph Belanger on Wednesday, December 1.

The judge found Collins guilty as charged and fined him \$75 and placed him on probation for one year and restricted his driving to to-and-from work only during the probation period.

The reckless driving complaint was signed with Park police by Farms Patrolman John Kraiza, who also gave Collins a violation ticket for speeding 65 miles an hour on Lake Shore, a 35-mile speed zone. Collins was scheduled for a hearing before Farms

Municipal Judge Grant E. Armstrong on December 8.

Kraiza said he was patrolling Lake Shore on the Wednesday date, when he observed Collins traveling west on Lake Shore at a high rate of speed. The officer gave chase and paced the youth at 65 miles an hour and attempted to stop him.

From Fisher road to Neff, Collins continued at this speed. Kraiza said. At the Jefferson-Neff intersection, the officer turned on the scout car flasher and siren, which was ignored by Collins. However, Collins was finally forced to stop at the Jefferson-Nottingham intersection.

After bringing Collins to a halt, Park police were called and dispatched to the scene,

where Kraiza signed a reckless driving complaint against the driver. In the meantime, Kraiza gave Collins a ticket for speeding in the Farms.

Devil Natators Beat Ann Arbor

By Dale Eichbauer

When they meet Fordson tomorrow night, the Grosse Pointe Devil tankers will take with them a winning margin. Last Friday night the Devils, in their first meet of the season, defeated the Ann Arbor Pioneers by a score of 63-42.

Many of the events produced close finishes, as in the first event, the 100-yd. medley relay, which the Devils took in 1:24.6, only 2 seconds ahead of the Pioneers. Also close were the 100-yd. freestyle, won by Ron Richards in 52.1, and the 100-yd. breaststroke by Dale DeMaulester in 1:08.6.

Other Grosse Pointe victories included the 60-yd. freestyle, where Mike Neil and Ron Richards finished 1-2, the 160-yd. individual medley, where Tom Mertz and John Swegles also finished 1-2, and the 100-yd. butterfly, where Tom Mertz emerged victorious.

In addition, the 100-yd. freestyle was won by Ron Richards, the 100-yd. backstroke by Jim Shirilla, and the 100-yd. breaststroke by Dale DeMaulester.

Big Third Quarter Enables Lakers to Beat St. Thomas

In their first big game of the season, the St. Paul Lakers' basketball squad downed a weaker-than-expected St. Thomas team 74 to 55 last Friday on the Lakers' home court. Despite the 19-point final margin, the Lakers were forced to fight a tough struggle in the first half in order to remain in the game.

The first quarter found St. Paul at the bottom of a 14 to 10 score as mental errors marked the Lakers' play. In the second quarter, an all-out battle raged as the Lakers fought to reach the Bluebreaks of St. Thomas. As the teams left the floor at halftime, the game was knotted up in a 25 to 25 tie.

The Lakers had looked poor throughout the first half and their fans were in a quandary as to the contest's final outcome. However, at the end of the third quarter, there was little doubt in anyone's mind as to who would triumph. The Lakers emerged from their locker room a new team. Their speed and determination were too much for the Bluebreaks. Bill Bigham and Rick Jablonski continuously picked off St. Thomas' passes and sped down the hardwood for easy layups. The Lakers' defense held their opponents to a mere 6 points as they themselves hit for 21 on an 18-point combination by Bill Bigham and Don Ameiz. This brought the tally to a 46-31 margin as the teams entered the final quarter of play.

In the fourth period, fouls began to catch up with both

teams. As 54 fouls had been called, six players were eliminated from competition. However, only two of these were Lakers.

Once Coach Ed Lauer realized that his boys had built up a safe point cushion, he was able to empty his bench and all the Laker substitutes saw action. Bill Trefzer and Mark Smolenski led the Lakers in the final quarter with seven points each.

Bill Bigham, senior guard for the Lakers, was high with 26 points. Don Ameiz followed with 17 and Ron Frankland added 8.

Leading the losers, Bartkowicz tallied for 20 counters while Palaski posted 11 points on the scoreboard. The Lakers grabbed off 5 of the game's 8 jump balls and were given considerable help on the boards by Don Ameiz, Don Oliver, and Ron Frankland.

On Friday, December 10, the Lakers of St. Paul will meet St. Florian at Florian's home court. St. Florian bettered the St. Paul team in all encounters last year but is rated as a considerable underdog in this year's test.

Introducing New Teachers at High School

Newcomers to the professional staff of Grosse Pointe High School paused during a reception planned to welcome them to the building. Shown standing (left to right) PAUL KINNEY, MRS. JANE WAYNE, CARL SCHOESSEL, MISS SANDRA CHARNEY, RICHARD YOUNIS, MRS. GAIL GRILLO, GERALD THORPE, MISS SANDRA BLOOMQUIST, THOMAS HYSLOP, RUSSELL REED, MRS. MARGARET BYRNES, MRS.

VICKI GUY, MRS. SUSAN BLACKWELL, MRS. JUDITH GILES, MISS KAREN GIBSON, JOHN EM-LAW, MISS BEVERLY LISIECKI, MRS. SUZANNE WOLF, HERMAN CLEIN. Counselors seated at the table are (left) MISS HELEN MUTTON and (right) MRS. EVELYN WESTERVILLE. Not pictured with the newcomers were James Cooper, Mrs. Grace Vander-Schaaf and Mrs. Mary Ellen Harvey.

Seven departments at Grosse Pointe High School began the 1965-66 school year with new personnel. Principal Jerry J. Gerich revealed.

"A perusal of the biographical sketches of this year's additions to the professional staff reveals an exceptionally well-qualified group of teachers," Mr. Gerich said on Friday.

"We have sought to find teachers with backgrounds of unique talents and experiences which will greatly benefit our instructional program," he said. "We have been exceedingly fortunate to have had them join our faculty," Mr. Gerich concluded.

Sixth in Series
In this issue, the Grosse Pointe News presents the sixth in its series designed to introduce to the community the new teachers employed by the Grosse Pointe Board of Education to serve in the 14 public schools under its jurisdiction.

New to the staff of the business education department are Mrs. Suzanne K. Wolf, Miss Karen M. Gibson, and Miss Beverly A. Lisiecki. Mrs. Wolf was graduated from Wayne State University

with "high honors." She began her association in January with the school as a student teacher.

"As a student teacher, I had the unique experience of working with the closed-circuit television system at Grosse Pointe High School. I found this medium of instruction challenging and beneficial to the students," she said.

Selected as the outstanding business education graduate from Wayne State University for 1964-65, Miss Gibson was nominated for membership in Pi Lambda Theta.

She began her career in The Grosse Pointe Public School System with a seven-month stint of teaching at Brownell Junior High School last year.

"I feel that schools and teachers have an obligation not only to train students to be the best in their chosen fields, but also to produce the best citizens who can contribute to the growth of the community, country and world," she added.

Graduate of C.M.U.
Miss Lisiecki is a graduate of Central Michigan University where she won a scholarship and where she was affiliated with Delta Zeta sorority. On campus she was secretary of the student body and homecoming queen. Oil painting, skiing, tennis, and coaching cheerleading are among her interests.

"I am pleased to have had the opportunity to become a teacher," Miss Lisiecki said. Five additions and replacements to the teaching staff of the English department of Grosse Pointe High School this fall are Mrs. Susan A. Blackwell, Mrs. Gail L. Grillo, Mrs. Vicki L. Guy, Mrs. Jane Wayne, and Thomas A. Hyslop.

A native of Chicago, Mrs. Blackwell spent her high school and college days in Nebraska. A possessor of both bachelor's and master's degrees, she has attended Kearney State College, the University of Denver, the University of Nebraska, and the University of Colorado. She hopes to begin work on a Ph.D. in English. Experienced in her field, she has taught in Nebraska and in Florida.

"It is my firm belief that English need not be a dreaded subject," she said. "By making a class fun for students, it becomes interesting to them and they are enthusiastic. Good literature, especially, easily lends itself to this approach and the learning is a priceless process," Mrs. Blackwell added.

Little Jam Sessions
Mrs. Grillo is a graduate of Wayne State University. She plays the piano, her husband the saxophone, at weekly jam sessions with friends. Camping, another interest, has taken the Grillo family on trips through Michigan and Canada.

"I have been a student in a Detroit public school, in a typical one-room rural school in Michigan's Upper Peninsula, and in a convent school in Green Bay, Wisconsin, where classes were held in a basement of a chapel," she said. This diversified background has taught me that the unique relationship between student and teacher can function profitably in any situation. It is the responsibility of the student and the teacher to make the relationship a profitable one," Mrs. Grillo added.

A Phi Beta Kappa graduate of the University of Missouri, Mrs. Guy also attended Northwestern University, and is presently pursuing a graduate degree at Wayne State University. During her college days she was a member of the student council, she was on the dean's honor roll, she was in Torch and Scroll, and Mortarboard, National Writers' Honorary Fraternity. On campus she was affiliated with Chi Omega sorority. Mrs. Guy has held university scholarships and also a Ford Foundation scholarship.

Mrs. Guy, a native of Tulsa, Oklahoma, has taught in Hillside, Ill. Her hobbies are tennis, writing, travel, swimming, golf, cooking, bicycling, reading, and collecting rare books.

Hamtramck Native
Born in Hamtramck, Mrs. Wayne holds two degrees from Wayne State University, and has also attended the University of Michigan. Experienced

as a secondary English teacher, she taught juniors and seniors at Denby High School before joining the staff of The Grosse Pointe Public School System.

Her professional activities include membership in the Detroit Metropolitan English Club, and the National Council of Teachers of English. Hobbies and extracurricular activities are photography, tennis, skiing, dancing, reading and writing.

Mrs. Wayne gained much valuable IBM experience in administrative research and statistics when she was employed by the Detroit Board of Education. She has worked for the Detroit schools as a secretary to the Board of Education, and in the personnel department. The Waynes are residents of Grosse Pointe Woods and their children attend Ferry Elementary School.

Mr. Hyslop is a cum laude graduate of Northern Michigan University. On campus he was affiliated with Alpha Phi Omega, he took graduate courses in English, and earned a place on the dean's list.

"One bit of information, one value, one tendency accepted by a student may change his life, and that student may well be instrumental in changing the world," Mr. Hyslop said recently as he discussed the importance of the teacher in the total educational picture.

Has Three Hobbies
Photography, hunting and fishing are his interests. He and his wife and two young boys are residents of Grosse Pointe Woods.

Additions and replacements to the foreign language department include the Misses Sandra Bloomquist and Sandra Charney in French, Mrs. Judith Giles in Spanish, and Mrs. Grace Vander-Schaaf in German.

Miss Bloomquist is a native Grosse Pointe and a graduate of Ferndale High School who holds a degree from the University of Michigan. She earned a scholarship and was a member of Alpha Delta Pi on the Ann Arbor campus. She has studied at the School of Music at the University of California and at the Sorbonne in Paris.

"Having travelled widely in Europe this summer, I was struck with the importance of the communicative aspect of education — not only by the language barriers but by the cultural barriers between countries. As a language teacher, I hope to stress the importance of surmounting such barriers and inspire in my students a curiosity for learning about them," Miss Bloomquist commented.

Musically-inclined, she plays the piano and the guitar, and her interest in sports centers on golf.

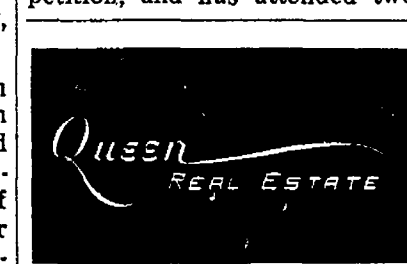

Studied In France
Miss Charney, a Detroit, a graduate of Cody High School and Wayne State University, has studied at the Alliance Francaise in Paris. Experienced, she has taught in Detroit.

During the year she spent in Paris working as a governess, she had time to tour Europe. Skiing, international folk dancing, antique hunts and water colors claim a portion of her out-of-school time.

A native of Kalamazoo, Mrs. Giles was graduated both from

University High School and Kalamazoo College. She has also attended the Universidad de los Andes in Bogota, Colombia, and the Universidad de Guadalajara, Mexico.

A holder of a four-year academic scholarship, she received an honorable mention in the National Merit Scholarship competition, and has attended two

greater depth of understanding of the people who speak the language and their culture. For this reason I believe that the study of a foreign language can be of importance and interest to anyone who is interested in people in general," Mrs. Giles said.

Travel Extensively

Her extensive travels have led her to Europe, to Mexico, and to South America, as well as to Canada and most parts of the United States.

Mrs. VanderSchaaf, a native of the Netherlands, met the requirements to become a teacher both in her own country and in the United States, having earned a degree from Wayne State University.

Her varied teaching career on two continents embraces virtually all age levels, including several terms at South Macomb Community College.

Her hobbies embrace yarn-craft, sewing, gardening, hiking, camping, cycling and singing. Choir, drawing, and botany are interests, also. She and her family have enjoyed camping from the Atlantic to the Pacific in State and National Parks noted for their historic and literary value.

"My own (unique?) idea on education: there is too much talk on what we ought to do, should, and plan to do. My idea: grab the bull by the horns and show what you can do. My experience: this is the same in the Netherlands as in the United States," she said.

Three new men who joined the staff of the social studies department this fall are Richard H. Younis, Paul E. Kinney, and Gerald L. Thorpe.

Has Varied Experience

A native of Indiana, Mr. Younis finished high school in Dearborn, earned a bachelor's degree at Detroit Bible College, and a master's degree at Eastern Michigan University. A veteran of three years with the Marine Corps, his tour of duty included a stay in Japan. An experienced teacher, he joined the local faculty after serving in Melvindale.

"I believe in the total educational development of the individual — intellectual, social, physical, and moral — for the purpose of preparing the student to become an effective citizen in the community, making wise decisions and solving problems encountered in daily living," he said.

"Besides being well-prepared academically, I believe the most important qualities of a good teacher are patience and understanding. I believe in the importance of the individual, providing for individual differences, and being interested in the progress of every student," Mr. Younis said last week.

Mr. Kinney, who finished high school at Royal Oak-Dorchester, is a graduate of Michigan State University. He was a member of Delta Tau Delta social fraternity. He has also attended Albion College for courses in history, economics, political science. Athletics, jazz, and folk music are among his interests.

Has Harvard Masters

A native of Pontiac, Mr. Thorpe holds a bachelor's degree from Wayne State University and a master's degree from Harvard University. In addition, he has done additional work in historiography and politics at Boston College and Harvard. A Phi Beta Kappa, he is a member of Phi Sigma Alpha, national honor society in political science.

An experienced teacher, his previous posts were in Pontiac, Michigan and in Newton, Massachusetts. In Newton, he was a member of a city-wide committee for the revision of social studies, a team-leader in a continuous learning project. He has been a curriculum consultant with Educational Services, Inc. He is interested in the area of curriculum theory and development. In the future, Mr. Thorpe would like to earn a doctorate and to apply concepts of modern political theory to the high school social studies curriculum.

He lists his hobbies as bowling, golf, painting, puttering, and camping. Other extracurricular activities include politics and coaching Little League baseball. The Thorpes and their three children are residents of Harper Woods.

New Science Teachers

John Emlaw and Carl A. Schoessel were added this year to the science department faculty.

Skiing, golf, tennis and hunting are favorite activities of Mr. Emlaw. A graduate of Western Michigan University, he has also lived in San Diego, Cal., where he worked and studied.

Born in Moline, Illinois, Mr. Schoessel attended Rock Island Senior High School, and is a graduate of Augustana College where he earned recognition on the dean's list. During his college days he held various scholarships and was a member of the swimming team, the cross country team, the letterman's club.

His professional affiliations include the American Institute of Biological Sciences and the National Association of Biology Teachers. He generally spends his summers as an aquatic director at Loud Thunder Boy Scout Reservation in Illinois. The Schoessels are residents of Grosse Pointe Park.

Completing the roster of the newcomers to the professional staff of Grosse Pointe High School are Mrs. Mary Ellen Harvey, librarian, Russell D. Reed, instrumental music, and Mrs. Margaret A. Byrnes in physical education.

Following completion of the requirements of her bachelor's degree, Mrs. Harvey continued her studies in library science at Wayne State University. She has also studied courses in child development and adolescent psychology at the Merrill-Palmer Institute.

Has Three Hobbies

Her hobbies include skiing, horseback riding, and sewing and she has traveled extensively throughout the United States and Canada.

Born in North Adams, Mich., Mr. Reed attended Hillsdale College before transferring to the University of Michigan

What Goes On at Your Library

By Virginia Leonard

By VIRGINIA LEONARD

A rather unusual set of displays will be featured in all three of our Libraries early in December; these will be our Christmas offerings to all of our patrons and will represent Yuletide greetings from all over the world. We'll wager you could never guess the focal point—dolls! Yes, dolls from many countries and nations—each one to remind us of universal brotherhood at this very special time of year.

Our generous contributor is Mrs. Arthur Sherman, Jr., who has been collecting dolls for over 30 years, and, as a result, has over 700 in her home. I can't think of a more fascinating hobby, and can hardly wait to see the 50-odd representatives she will choose to put in our show cases at all three Agencies. In my telephone conversation with Mrs. Sherman, I learned that she has dolls of all sizes and materials. As for the latter, she mentioned such items as leather, cloth, fur, wire and wood—and some with china heads. The oldest one, she thinks, is about 65 years old. You may have your choice from the primitive to the sophisticated, too. One doll, from Pitcairn Island, is made of balsam wood, and would represent one of the primordial type. On the other side of the ledger are the bearded, sequined, embroidered and lace-trimmed ones.

And just how did Mrs. Sherman start this interesting collection? She was motivated, in the teaching of history, to begin this avocation in order to illustrate the costuming of other countries; and soon a supplementary education program mushroomed, over the years, into her current multitudinous family. My first question, was of course, had she visited all these countries herself? No, said Mrs. Sherman; rather, people from all over the world had brought these dolls to her. (An interesting observation—many men had been contributors!) She has her "children" housed in a separate room in glass cabinets, and has shown them to interested groups (such as Brownies).

After my conversation with our donor, I began to think about our own holdings, book-wise, on dolls and doll collecting. A search of the catalog and shelves revealed the following:

In our adult collection, there

is Catherine Christopher's COMPLETE BOOK OF DOLL MAKING AND COLLECTING, which explains with photographs and full-sized patterns, how to make and dress all types of these attractive, inanimate moppets. Another for the collectors is C. E. H. Fawcett's DOLLS: A GUIDE FOR COLLECTORS. Antonia Fraser's DOLLS is a compact survey covering a variety of countries from prehistoric times to the present. Various types and styles are discussed, along with pertinent festivals, legends and literary references.

Lesley Gordon's A PAGEANT OF DOLLS is an account of the history of dolls and doll making from prehistoric times to the present. Eleanor St. George's THE DOLLS OF YESTERDAY is a volume of information for the collector, again containing brief histories of many types. If your fingers have a creative urge, we suggest G. L. Schaeffer's HOW TO MAKE YOUR OWN DOLLS FOR PLEASURE AND PROFIT. And finally, Gwen White's DOLLS OF THE WORLD again stresses history and collecting.

In the children's Room you will find Juliette Hallen's HOW TO MAKE FOREIGN DOLLS AND THEIR COSTUMES, giving directions for making seventeen nationally dolls (how I wish I could find a good synonym for this word!) and their costumes, plus directions for several other smaller kinds. Helen Hoke has written THE FIRST BOOK OF DOLLS, containing material for the young reader.

And there are some authors who have written Juvenile fiction centered around these small figures. L. V. Albrecht's DEBORAH REMEMBERS is one; also L. M. Bannon's THE WONDERFUL FASHION DOLL and Gwendolyn Bowers' THE WISHING BOOK DOLL. Rebecca Caudill wrote THE BEST-LOVED DOLL; and E. J. Coatsworth, THE NOBLE DOLL. And Rumer Godden has given us innumerable titles, such as THE FAIRY DOLL, HOME IS THE SAILOR, IMPUNITY JANE, LITTLE PLUM, and MISS HAPPINESS AND MISS FLOWER.

So if you like d---, and wish to see Mrs. Sherman's colorful and attractive groupings, do visit our three Libraries during the month of December—it should be a delightful respite from your Christmas shopping!

The dinner-dance starts with cocktails at 7 o'clock, followed by a traditional smorgasbord dinner.

This year's Lucia, Christina Anderson, daughter of the Marvin Andersons, and her "star boy" assistants, Greg and Dwight Nelson, sons of the Dwight Nelsons, enter the ballroom at dessert time.

"Lucia" Christina, dressed in a flowing white robe with a crimson sash and crowned with greens, will carry a tray of coffee and the traditional Lussekaka rolls.

Decorations at the annual "Luciafest" are always unique and beautiful. Tables at Saturday's party will feature very large, round, authentic Swedish Christmas mats, centered with Christmas wreaths and one large candle.

There will be a full-size Christmas tree, decorated in true Swedish fashion with candles, little flags, small birds and other gay ornaments. The Swedish apple tree

'65 Christmas Walk Scheduled for Today

Seven Local Homes to Be Opened For Detroit Symphony Orchestra Maintenance Fund Benefit Tour

The annual Christmas Walk, sponsored by the Junior Women's Association for the Detroit Symphony Orchestra, will take place this afternoon, between 1 and 5 o'clock, in Grosse Pointe, tomorrow afternoon, also between 1 and 5 o'clock, in the Birmingham area.

Locally, Walk chairmen are Mrs. Donald R. Briggs, of Lakepointe avenue, and Mrs. John D. Fife, of Wedgewood road.

Tickets, at \$2.50 each, may be purchased at the doors of each of the seven Pointe homes open to the public. Proceeds are donated to the Detroit Symphony's Maintenance Fund.

Head hostess at W. Hawkins Ferry's home is Mrs. Theodore K. Friedt. Items of special interest here are Mr. Ferry's many modern paintings and sculpture, and Walk visitors will be hard-pressed to decide which part of this house is most interesting: The outside, with its unusual architectural features and use of materials, or the inside, with its delightful mingling of contemporary and antique furnishings.

Mexican decorations will set the holiday mood in this spectacular residence in Lakeshore road.

The exterior of the Thomas K. Fishers' home in Fair Acres drive is contemporary Georgian, and the interior has French accents in its furnishings.

In the entrance hall, outstanding features are a pair of Louis XV chairs, (dating from 1760), as well as a small Christmas tree which has figures depicting the story of Puccini's opera, "Turandot."

Two pieces to be noted in the living room are a gold leaf table and a carved French planter, (both Louis XV). The background colors in this room

have been chosen to blend with the tones of Mrs. Fisher's portrait, which hangs above the fireplace.

Tea will be served at Mr. and Mrs. Fisher's, and Phil Skillman will be playing Christmas music at the piano. Head hostess is Mrs. George F. Curran, Jr.

Mrs. Richard C. Lyon is the head hostess at Mr. and Mrs. Richard M. Kimbrough's English Tudor style home, where a different geographical style of decor has been used in each of the main rooms.

Ceiling-to-floor windows open onto a garden and small pool in the Mediterranean living room, which features a gallery running the full length of one wall. Dominant colors are pinks, greens and beiges. New and antique pieces of furniture are tastefully arranged on two beautiful Indian rugs.

Other areas of interest in this East Jefferson avenue residence are the Early American "Barn Room," the formal gold and white dining room and the comfortable sitting-guest room with cranberry red carpeting, where pictures taken from old books and framed by the Kimbroughs decorate the walls.

Traditional greens and a family Christmas tree will provide holiday glitter at the Kimbrough home.

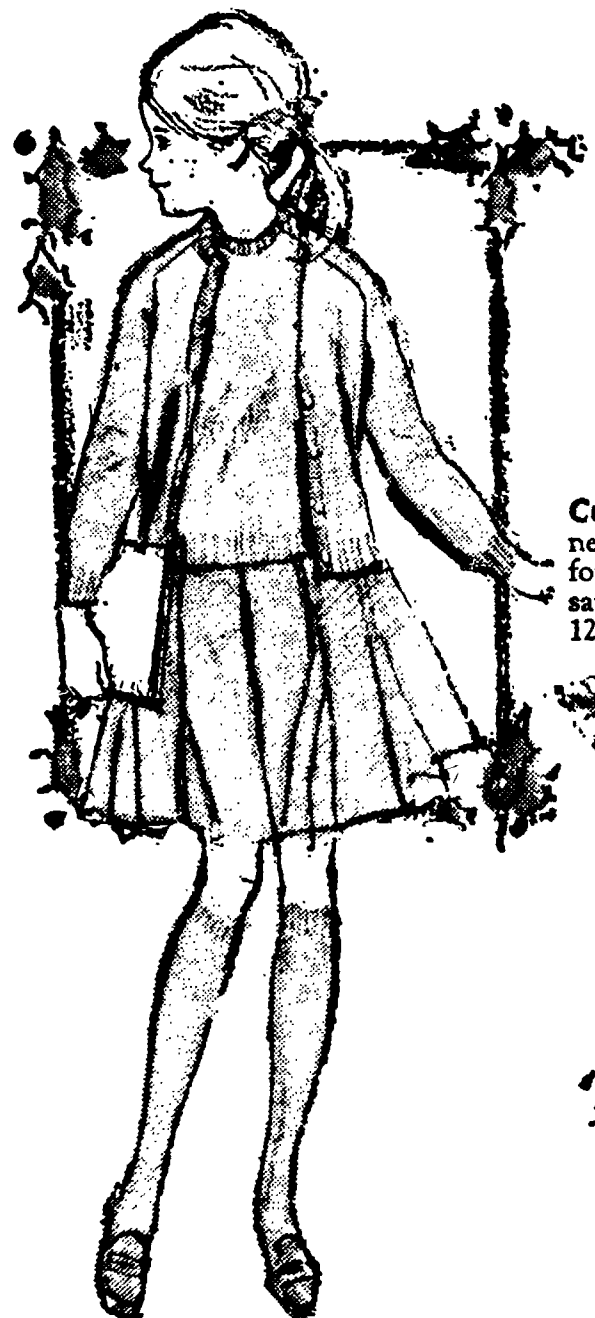

Mrs. Andrew L. Malott's Georgian house in Oxford road is an example of how beautiful a home may be when all details

Doherty-Duffy Rites Read In St. Paul's

Reception At Grosse Pointe Yacht Club Follows November 24 Ceremony; Pair Living In Bloomington, Ind., After Canadian Vacation

Mary Kathleen Duffy chose a gown of cameo bouquet taffeta, its Empire bodice of mousseline de soie accented with applied Alencon roses, centered with seed pearl clusters, for her November 24 marriage to Timothy James Doherty.

Reverend Norbert Huetter, S.J., officiated at the 5:30 o'clock rites, in St. Paul's on the Lakeshore.

The bride, daughter of Mr. and Mrs. Melvin E. Duffy, of Ridge road, wore a garland headpiece of Alencon lace and a French silk illusion bouffant veil.

She carried a bouquet of Amazon lilies, stephanotis and ivy.

Jade green belts accented her attendants' spruce green satin frocks. Matching open crown pillboxes with whimsy veils completed their ensembles, and their flowers were amber carnations.

Mrs. Wallace G. Harper served as her sister's matron of honor. Bridesmaids were Mrs. H. Alan Henchel and Lynne Martin. Christine Duffy, another sister, was junior bridesmaid. John E. Doherty, III, acted as his brother's best man. They

are the sons of Mr. and Mrs. John E. Doherty, Jr., of Buckingham road.

Seating the guests were Lawrence Smith, John Patterson, Thomas Staats, David Doherty, the bridegroom's brother, and Michael J. Duffy, the bride's brother.

Mrs. Duffy greeted her guests at the Grosse Pointe Yacht Club reception following her daughter's wedding, wearing a grey and gold brocade coat-dress ensemble.

Mrs. Doherty chose a coat-dress ensemble, too, in a fuchsia shade of peau de soie.

After a short vacation in Canada, the newlyweds are making their home in Bloomington, Ind.

Enjoying a quail shooting holiday at Wright City, Mo., recently were MR. and MRS. HENRY B. JOY, JR., of Provençal road.

In St. Paul's on the Lakeshore November 24, MARY KATHLEEN DUFFY, daughter of Mr. and Mrs. Melvin E. Duffy, of Ridge road, was married to Mr. Doherty, son of Mr. and Mrs. John E. Doherty, Jr., of Buckingham road.

Mrs. George VanVoorhees

MARY THERESA WELLS, daughter of Dr. and Mrs. Frederick L. Wells, of Oxford road, and Mr. VanVoorhees, son of Mr. and Mrs. Harold VanVoorhees, of Vernier road, exchanged marriage vows November 26, in Our Lady Star of the Sea Church.

Miss Wells Speaks Vows November 26

Our Lady Star of the Sea Church was the setting for the November 26 wedding of Mary Theresa Wells and George Carleton VanVoorhees.

She is the daughter of Dr. and Mrs. Frederick L. Wells, of Oxford road. He is the son of Mr. and Mrs. Harold VanVoorhees, of Vernier road.

Alencon lace detailing at her neck and Empire waistline accented the bride's white velvet gown. She wore a mantilla of matching Alencon lace.

Her bouquet was fashioned of lily-of-the-valley, stephanotis and rhododendron leaves.

Marie Koslosky was maid of honor, in a floor length gown of gold satin, with a matching headpiece. She carried a cascade of gold-centered rust mums.

Thomas Asmus served as the bridegroom's best man.

A reception at the Detroit Yacht Club followed the evening ceremony. Mrs. Wells chose, for her daughter's wedding and the reception, a costume of gold and cream brocade, fashioned with a three-

quarter length jacket and mandarin collar.

Mrs. VanVoorhees, the bridegroom's mother, wore a street length sheath of rose brocade. Both mothers chose Amazon lily corsages.

have been carefully considered for convenience, charm and comfort.

Downstairs rooms are decorated in lovely turquoise hues—except for the library, where vivid orange predominates. There is a subtle Oriental treatment everywhere.

In the living room, Chinese Chippendale cabinets display porcelain. Flanking a large sofa are a pair of very old Chinese bronze lamps, and antique Dresden urns grace the mantle. Evidence of Mrs. Malott's Symphony interests is a Steinway

piano.

From the large central entrance hall one looks through the dining room to a group of windows through which can be seen a sweeping lawn and formal gardens. Diners at the breakfast table in the bay have a view of Lake St. Clair as well as the gardens.

Christmas cedar roping decorates the stairs leading to the second floor, where blue is the predominant color in the bedrooms, including a nursery for a frequent and very special guest, Mrs. Malott's granddaughter. Head hostess here is Mrs. Charles R. Berger.

A striking feature of Mr. and Mrs. Richard J. Martin's traditional English home in Lochmoor boulevard, where the head hostess is Mrs. Bert A. Treiber, is the stained glass inset in the heavy front door. This motif is repeated in the library windows.

But even more striking, at this season, is the Christmas tree door decoration, complete with bright clumps of berries and fruits.

A crystal chandelier hangs over the white and black vinyl-tiled floor in the entrance hall, where an exquisitely ornate antique mirror presides over a small mahogany chest holding an Esther Smith-designed "Partridge in a Pear Tree."

The living room is formal, featuring white walls and grey carpeting and decorated in rich yellow and gold tones. An antiqued breakfast holds an assortment of family treasures. Mrs. Martin has arranged her white tree, daintily festooned with ribboned green balls and twinkling Italian lights, in this room.

Mrs. Richard H. Campbell is head hostess at the Windmill Pointe drive residence of Dr. and Mrs. J. G. Reid, a very authentic copy of an English Manor House, built in 1928 by Robert O. Derrick.

The beautiful oakwood carving throughout the downstairs was done by one Italian family, and the extremely large butler's pantry, with its green acid-

stained birchwood cabinets, is especially interesting.

The Reids have many Flemish School works of art. In their 15th Century Italian library hangs a rare lithograph, "The Tug Champion and Tow," by Seth Arca Whipple.

Dr. and Mrs. Reid have decorated their Christmas tree in traditional style, and have placed an old-fashioned buggy, filled with Christmas presents, on their front lawn.

The recently built Colonial home of Mr. and Mrs. Warren L. Trafton, in Lakeshore road, features a dramatic black and white marble floor, a crystal chandelier and a winding staircase in its center entrance hall. Head hostess here is Mrs. David E. Hyde.

The house is decorated in various shades of gold. Among its unusual features is a terrace made of stepping stones hewn from a 90-year-old maple that used to stand on the property.

Bedroom wallpapers, replicas of prints in the Henry Ford Museum, will interest Christmas Walkers. The family room features a large oak dining room table, skillfully transformed by Mrs. Trafton into a party table.

A rotating holiday tree is one of the many seasonal decorations scattered throughout the Trafton home.

The ALFRED J. FISHER, JR., family, including sons MICHAEL and ALFRED J. FISHER, III, and daughters TINA and JUDY, will desert Lakeshore road to celebrate Christmas in Palm Beach, Fla.

Fete Bride-Elect Sally Cornelius

Parties honoring Sally Jo Cornelius, daughter of the James William Cornelius's, of Cincinnati, O., formerly of Grosse Pointe, who will speak her wedding vows to Stanley La Mar Redding, son of Mr. and Mrs. Lowell F. Redding, of Fort Wayne, at a ceremony on Sunday, December 19, in Grosse Pointe Congregational Church, began in late summer.

A tea given on August 21 by Mrs. Lowell F. Redding in her Fort Wayne home introduced the bride-elect to a large group of Mrs. Redding's friends.

Mrs. Robert Guenzel, III, matron of honor, entertained November 7 with a linen shower.

A luncheon and miscellaneous shower was given for Sally at the Fort Wayne Country Club by Mrs. Nevin Aiken, Mrs. Robert Irish, Mrs. Carl Moats and Mrs. Howard Shambaugh of November 13.

Edward L. Grahams Vacation in Chicago

Linda Eileen Libby Chooses Empire Peau de Soie Gown, with Bodice Detailing of Crystals and Pearls, for Saturday Rites

The newlywed Mr. and Mrs. Edward Lawrence Graham will return from a vacation in Chicago, Ill., to make their home in Grosse Pointe Garden Apartments.

A reception at the Village Manor followed their November 27 wedding, in the Grosse Pointe Woods Presbyterian Church. Reverend Andrew Rauth officiated at the 7:30 o'clock candlelight service.

The bride, the former Linda Eileen Libby, daughter of Mr. and Mrs. Albert Earle Libby, of Severn road, chose an Empire gown of candlelight peau

de soie, its bodice accented with crystals and seed pearls, featuring a Chapel train falling from a Dior bow at her high-rise waist.

A pillbox, trimmed with lace and seed pearls, secured her short illusion veil. She carried a cascade of phalaenopsis orchids, stepanotis and ivy.

Mrs. James Whitledge was maid of honor, and bridesmaids were Carol Ann Libby, the

bride's sister, and Susan Ann Cassube.

They wore sleeveless, floor length gowns of dark olive green velvet, with matching Dior bow headpieces. Their flowers were arrangements of Princess roses, accented with velvet leaves and ivy.

Flower girl Marty Szejbach's frock was also floor length, fashioned of green velvet, and she carried a white basket, filled with miniature Princess roses and ivy.

The bridegroom, son of Mr. and Mrs. Edward B. Graham, of Dearborn, asked David Richy to serve as best man.

Guests were seated by Robert William Libby, brother of the bride, Donald Overly and Frank Smolinski.

For her daughter's wedding, Mrs. Libby chose a powder blue silk matelasse dress, with matching accessories. The bridegroom's mother wore a beige lace costume, with matching accessories. Both mothers chose white orchid corsages.

Paray To Lead Final Concerts

Paul Paray will make his last appearances of the season with the Detroit Symphony Orchestra conducting three long-time repertoire favorites at Ford Auditorium on Thursday and Saturday evening, December 9 and 11, at 8:30 o'clock.

Mozart's Symphony No. 35 ("Haffner"), Debussy's nocturnes Nuages and Fetes, and Dvorak's "New World" Symphony comprise the program.

The orchestra's last performances of these works, as well as its recordings of the same compositions under the Mercury label, also were under Paray's direction.

The program is the last in a series of four being conducted by Paray this season. The Detroit Symphony's noted conductor-emeritus and former permanent conductor began his current conducting visit here on November 18.

He and his wife, Yolande, will leave Detroit shortly after his last concert to spend Christmas at home in Monte Carlo.

Xmas Carnival Opens Dec. 12

Detroit's 1965 Christmas Carnival will be held at Cobo Hall from December 12 through 22. The Carnival will open at 1:30 p.m. on Sunday, December 12, in conjunction with the municipal Christmas tree lighting ceremony.

Regular hours will be 9 a.m. to 9 p.m. seven days a week with the exceptions of December 24 and 29 when the show will close at 6 p.m., and Christmas Day (closed).

This is the fourth annual Carnival. The show was begun in 1962 by Mayor Cavanagh when the Ford Rotunda was destroyed by fire, depriving Detroit-area children of Ford's annual Christmas Fantasy. Christmas Carnival is sponsored jointly by the City of Detroit and a number of private corporations.

A highlight of the 1965 Carnival is the 600 sq. ft. Nativity scene. Framed in a backdrop of sand, palm trees and live animals, the scene is one of the most elaborate and inspirational ever presented.

Other participation-type displays are the lifesize dancing puppets, Santa's sleigh and a host of climb-on toys.

"We extend a warm invitation not only to the people of metropolitan Detroit, but to all families anywhere who may wish to visit the Carnival," the Mayor said.

"Whether they come on a bus or drive 300 miles, we feel that our visitors will be richly rewarded by this magnificent display," he added.

The Carnival consists of 150,000 sq. ft. of exhibits, self-contained shows and audience participation recreation equipment.

On weekends and on the four days following Christmas, Bozo, the TV clown, will present three shows daily at 11 a.m., 2:30 p.m. and 7:30 p.m. Monday through Friday, Bozo will appear at 7:30 p.m.

Also scheduled are regular puppet shows throughout each day.

Youngsters can visit Santa Claus in his snow castle. Santa will distribute free candy and comic books.

Polish Aid Plans Dinner and Sale

Many people living in Grosse Pointe who are of Polish descent are interested in the traditional affair which the Polish Aid Society sponsors every year.

The annual Christmas dinner featuring a boutique shoppe will be held on December 12, (Sunday evening), at 6 o'clock, at the Polish Century Club, East Outer drive north of Seven Mile road, Detroit.

Dinner will begin with the traditional "Opolek," (Christmas wafer), which is equivalent to breaking bread and wishing your friends good tidings for the coming holidays. A strolling accordionist will play Christmas carols ("Kolendy") during the evening.

Mrs. Edward Kulaski, of Pemberton road, general chairman, designed and set the theme for the party. She created three hanging panels of white felt, edged in red and gold braid, featuring the Three Kings.

The figures are 18 inches tall and their robes are red velvet, topped with gold brocade. The dining room will be decorated with hundreds of miniature lights, shining through fireproof silver bows.

The boutique shoppe will be stocked with dolls dressed in Polish native costumes, ("Kozianki"). Featured also will be handmade lunchable cloths made from lush washable velvet in palest gold color, bound with off-white satin and appliqued with gold poinsettias centered with green sequins.

Many members' hands are aching after cutting, sewing and decorating beautiful Christmas tree skirts. There are so many varieties to choose from: Red felt with jeweled white trees, pink felt with angels and trumpets, white reindeers on green felt to make any tree look festive.

Also featured are holiday aprons, gold-sprayed wicker baskets beautifully interlaced with red and green velvet ribbons to greet the mailman with his heavy Christmas card load, colorful handmade clowns to make youngsters laugh, homemade cookies, jams, jellies in decorated coffee cans and mouth-watering candy for Christmas stockings.

Mrs. Edmund Bitters, of East Outer drive, is co-chairman of the event, and among the many working as helpers are Mrs. Stanley J. Tutag, of Cloverly road, Mrs. John Worzniak, of Berkshire road, Mrs. Henry Pytell, of Lothrop road, Mrs. Raymond Kokowicz, of Buckingham road, Mrs. Stanley Formaniak, of Lakeshore lane, Mrs. Frank G. Schemanske, and Mrs. Frank Worzniak, of Lennon road.

Proceeds from this party will benefit the Golden Ager's Program for senior citizens and various charitable groups.

Northeastern Women

The members of Northeastern Woman's Club will hold their annual Christmas Party at the Hospitality House of the Michigan Consolidated Gas Company on Kercheval avenue, in the "Village", Monday, December 13, at 1:30 o'clock. There will be a member gift exchange, a program, and a tea.

Lawyers' Wives Set Tea Benefit

The Honorable James T. Lincoln, Wayne County Circuit Court Judge, Juvenile Division, will be the honored guest of the Grosse Pointe Lawyers' Wives at their annual Christmas Tea on December 15.

Both members and prospective members of the Grosse Pointe Lawyers Wives will be arriving at the Pemberton road home of Mrs. John Feikens, arms filled with wrapped Christmas gifts which they will present to Judge Lincoln for distribution to children in foster homes.

The purpose of the tea is to make Christmas a reality for as many needy children in foster homes as possible.

Prior to their placement in foster homes, many of the children were neglected, unwanted, never having owned an article of clothing or a toy to call "my very own."

Foster mothers and fathers provide the love and security needed and, most important, a normal family life. But funds are not available for luxuries, such as Christmas presents.

Refreshments for the tea will be donated by Mrs. Feikens and her committee, Mrs. Douglas Patterson, Mrs. Richard Harvey, Mrs. James Daoust, Mrs. Philip Dickinson, Mrs. Edward Piggins, Mrs. David Martin, Mrs. Anthony Verneulen, Mrs. Paul Gracey and Mrs. George Cotichio.

Faculty Wives To Play Cards

The Grosse Pointe Faculty Wives' Card Group will meet on Monday, December 13, at 7:30 o'clock, at Brownell Junior High School.

A Christmas theme will be carried out in the decorations. Dessert will be followed by the playing of pinochle or bridge.

Those planning this get-together include Mrs. Joe Spagnoli, of Roslyn road, Mrs. James Spillan, of Raymond road, Mrs. Francis Lamb, of Somerset road, Mrs. Donald Bassett, of Cloverly road, Mrs. John Thompson, of St. Clair Shores, and Mrs. James Haskell, of St. Clair Shores, chairman.

Water Problem Concerns LWV

Pollution is not so much a "people problem," says the League of Women Voters in its current report on the quality of U. S. waters — POPULATION + PRODUCTION = POLLUTION.

Issued this month by the National League, the study is also available from the Grosse Pointe League. Mrs. Lee Johnson, local League of Women Voters president, announced today. In its four-page report, the League sets down facts causing the complex water pollution problem — a situation Grosse Pointe League members consider a national disgrace!

As people buy more and more products to satisfy their needs, pollution from agriculture and industry moves. As people continue to move into cities and suburbs, pollution from sewage is increasingly concentrated.

As more people seek outdoor recreation, their sheer numbers degrade the quality of the water they crowd to enjoy.

No longer can our streams and river systems carry off waste materials and still provide satisfactory water for people downstream. The old idea of an "inherent right to pollute" public waters is now challenged.

So great has been the increase in wastes municipalities produce, the study points out, that the increase in treatment plant construction has still not been adequate to keep streams from growing more polluted.

Furthermore, because municipal sewage treatment does not remove all wastes, waste discharge remaining after treatment necessarily grows greater as total volume of municipal sewage increases.

In 1900 municipal sewage discharges are estimated to have equalled the raw sewage of 24 million people. Despite the fact that the number of sewered communities and the number served by treatment plants have been rising since then, town and city discharges in 1960 were equivalent to the raw sewage of 75 million people!

It is these same communities

which eagerly seek industries for cooling, washing and manufacturing purposes. Although industrial organic waste discharged into U. S. waters in 1960 was estimated to be twice the municipal load, detailed information on industry's waste discharges has been sparse and difficult to obtain.

Most companies have chosen to keep this data confidential. Where state agencies are allowed by law to collect information on industrial water use and waste discharge, some operate under a legislative provision that the facts will not be revealed.

Industries say that to place in the public record the names and quantities of discharged waste materials or descriptions of treatment methods would, in many cases, be tantamount to disclosing a company's secrets to its competitors.

In the meantime, of course, many companies have given considerable attention to pollution abatement, and invested large sums in preventive measures. Detergent companies, for example, which together produce more than 90 percent of all detergents sold in the United States, by July 1, 1965, had changed over from the old persistent organic cleansing ingredient to a new substance which sells for no more, cleans as well, and foams less in streams.

People in cities and industries are not the only polluters. Illustrations of contributions to the overall water pollution picture from suburban and rural America include improper farming practices, runoff from land treated with synthetic fertilizers and pesticides, discharges from inadequate septic tank installations.

Concerned though it is over the pollution problem, the League members insist "deterioration of U. S. waters can be slowed down now." But the League warns this goal will not be cheap.

People must show they are

Will Wed

Mr. and Mrs. Alex P. Giklas, of Yorkshir road, are announcing the engagement of their daughter, DIANE, to W. Richard Rehn, son of Mr. and Mrs. Walter E. Rehn, of Detroit.

The bride-elect was graduated from the Interior Design School at Wayne State University. Her fiancé, a member of Delta Chi fraternity, is majoring in Bacteriology at Wayne State University.

An April wedding is planned. willing to pay the price—for costs of municipal cleanup will be borne by the taxpayer and costs of industrial improvement ultimately by the consumer.

By taking greater responsibility for supporting and paying for pollution abatement, however, people can get cleaner water.

Improvement can go forward in the traditional American way — through simultaneous efforts of private enterprise, citizen organizations, and all three levels of government and through widespread growth of popular understanding and demand for water quality improvement.

POPULATION + PRODUCTION = POLLUTION also defines basic terms necessary for any discussion of pollution abatement. According to Mrs. Johnson, it sells for 10 cents and can be ordered from Mrs. Erville Maynard, 885-9183.

Hodgman-Law Betrothal Told

Mr. and Mrs. George H. Law, of Brightwaters, Long Island, N.Y., announce the engagement of their daughter, Betty Ann, to Jeffrey J. Hodgman, son of Mr. and Mrs. Daniel Hodgman, of Oxford road.

Miss Law is in her final year at Newton College of the Sacred Heart, Newton, Mass.

Her fiancé is a graduate of the College of the Holy Cross, and is pursuing his Masters degree at the Graduate School of Business Administration of the University of Michigan.

A June wedding is planned.

A unique Pancake Brunch will be held directly after the 10:30 o'clock morning service on December 12 at the Grosse Pointe Unitarian Church in Maumee avenue.

Pancakes, sausages and coffee will be offered at the family affair, sponsored and cooked by the Men's Club of the Church.

Captain-of-the-Kitchen is Charles Boehm. Russell Peebles is handling the tables and arrangements. Also on the committee are Dick Abbott, Harry Tarpinian and Forrest Browne, who is in charge of the tickets.

Yule Flowers Go on Display

The scarlet lances of 2,000 poinsettia plants amid Christmas begonias, Jerusalem cherries and 1,000 other assorted plants will be on display starting Sunday, December 11, at Belle Isle.

The annual Christmas Flower Show will be open to the public daily from 9 a.m. to 6 p.m. at the Anna Scripps Whitcomb Conservatory.

There is no charge for viewing the display which will last through Christmas and New Year holidays.

Grosse Pointe Lucia

Photo by Eddie McGrath, Jr.

Grosse Pointe's "Lucia," the Swedish Christmas Queen of Light, is CHRISTINA ANDERSON, daughter of Mr. and Mrs. Marvin Anderson, of South Deeplands road. Christina, dressed in white with a crown of candles on her head, will appear at Lochmoor Club this Saturday at the Luciafest dinner-dance sponsored by the Jenny Lind Club. She will be accompanied by two "star boys," GREG and DWIGHT NELSON, sons of Mr. and Mrs. Dwight Nelson, of Windmill Pointe drive.

Combined LWV Units Will Meet

Mrs. Thomas (Winnie) Bolton, of Three Mile drive, will welcome at her home the combined units of the Grosse Pointe League of Women Voters on Tuesday evening, December 14, at 8 o'clock.

A three-part program is planned, covering (1) a brief review of school finances by Mrs. Joseph (Barbara) Thompson, school board member, (2) a presentation of a study of community colleges by Mrs. Minert (Crete) Thompson, and (3) a discussion of exceptional children's programs.

Mrs. Kenneth (Jackie) Pitts and Mrs. Douglas (Ginny) Sargent will review the work of the special services of the public schools.

The successful program of the Wayne County Northeastern Child Guidance Clinic will be explained by Mrs. Francis (Carol) Marsh and Mrs. Donald (Thea) Bloomquist, and Mrs. Jack (Carol) Still will relate facts about the Grosse Pointe Association for Retarded Children.

After these brief reports there will be an hour of relaxation and refreshments. Call Mrs. William (Margot) Kessler, 885-6017, if you plan to attend.

DYC Sea Gulls To Hold Party

The Detroit Yacht Club Sea Gulls' annual Christmas party is scheduled next Tuesday, December 14, beginning at 12 o'clock noon.

"Christmas Medley" is the party theme. General chairman of the affair is Mrs. Eugene Maddox, who is being assisted by Mrs. Verne Houghton, Mrs. Walter Jurvis, Mrs. Harry Oliver, Mrs. Worth Stockton and Mrs. Thomas Pearsall.

Also on the committee are the Mesdames Bernard Farnell, Ronald Filter, W. P. Cusick, Herbert Joyce, Joseph Carollo and Charles Bonneau.

All committee members, in keeping with the party theme, will wear white organdy aprons and hats, decorated with colorful musical notes.

Festivities will include group carol singing and an exchange of Christmas gifts. Baskets filled with candy canes will center the luncheon tables.

Josiah Harmor DAR Plans Christmas Tea

The General Josiah Harmor Chapter of the Daughters of the American Revolution will have a Christmas Tea at the Detroit home of Mrs. Claude W. Reagan on Saturday, December 11, at 12:30 o'clock.

August Bride

He is in his senior year at Denison University, where he is affiliated with Kappa Sigma fraternity.

Pointer of Interest

MRS. ROBERT D. WARNER, OF MCKINLEY AVENUE, WITH CYNTHIA

By Janet Mueller

Jayne Warner's solution to the American woman's career versus marriage-and-family dilemma is simple: Keep your family happy by giving them a happy home; keep yourself happy by never quite giving up your career.

"I think I'm nicer to live with because I have a professional commitment," she says. "I feel, to satisfy myself, that I've got to keep in touch with what's going on in the outside world."

"I think women make better mothers, the time they spend with their children is of better quality, if they can satisfy their own interests."

"OF COURSE I believe that mothers should be at home with their children, especially their pre-school age children. But they should spend some time 'out,' too . . . I'm fortunate that my profession allows me to work on a part-time basis . . ."

Jayne's profession is teaching, and she loves it. She also loves being a full-time wife, and mother to Cynthia, four, and two-year-old Robert.

"Small Town Girl" She describes herself, basically, as a "small town girl," and though she's happily adjusted to suburban life, enjoys the advantages of proximity to a Big City, she'd move back to Battle Creek, or settle down again in Traverse City, without a qualm.

Jayne was born in Battle Creek. She moved to The Pointe in '37, taught three years at South Lake High School in St. Clair Shores, moved with her husband from their Barrington road apartment to Traverse City when his business transferred him to Northern Michigan.

She loved her year, ("We were only there from June to June"), in Traverse City. She taught there, considers it a wonderful place to raise children — "There's swimming in the summer, and in the winter everybody skis. The terrain is beautiful, and the beaches and slopes are so 'available,' you never have to worry about your children"—and found plenty of cultural activity, symphony and dramatic performances, for intellectual satisfaction.

She admits she wasn't too keen on moving back to The Pointe, "but the more I'm here, the more I like it. I think what fascinates me most is that so many people in this area are so talented, they have so much to give . . . Almost in spite of herself, Jayne Warner is becoming a Grosse Pointe enthusiast.

Refuses To Retire Cynthia was born a few months after the Warners relocated in The Pointe. With an infant to care for, Jayne gave up full-time teaching. But she refused to retire, kept her finger in the professional pot by teaching an Adult Education course one night a week at Grosse Pointe High School.

She took a three-week leave of absence when Robert was born, then went right back to her class. Currently, her professional commitment is at Detroit Adult Day School, where most of her adult students are working for their high school diplomas.

Jayne, who started at Detroit Adult Day this fall, teaches one class there, a 2 1/2-hour period twice a week, (Tuesdays and Thursdays). She's enthusiastic about the school: "The faculty is marvelous, and so are the students; they REALLY have a desire to learn!"

In her spare time, Jayne Warner likes to do "anything with my hands." She's just completed a colorful nut tree, a delightful holiday decoration featuring varnished nuts and small fruits, wired to a styrofoam cone and mounted on a gold pedestal.

She's tried her hand at artificial flower arrangements and decoupage, sews a lot, ("I've made most of Cindy's clothes, and quite a few of my own"), DOESN'T like television, enjoys

reading, ("But the only time I have for reading is at night, when I'm tired . . . and I'm afraid reading lulls me, puts me to sleep . . .").

Like Summer Trips

The whole Warner family looks forward to summer trips to Battle Creek, visits with Jayne's parents and her brother and his family, who live on a farm, complete, to Cynthia and Robert's delight, with HORSES! And Jayne and her husband try to spend a week or so each summer at Glen Lake, in the heart of what they consider Michigan's most beautiful country.

Jayne is active in Grosse Pointe Memorial Church, too. She's just finished her church Christmas Fair assignment as treasurer of the Felt Booth, and used to teach Sunday School.

"I'd like to teach Sunday School again when the children are older. I met so many delightful people through the Sunday School . . . To be truthful, I stopped Sunday School work because it interfered with my church attendance—and I need that hour of solitude!"

She also serves on a Church committee, and is a member of a Church Circle: "You might say that I have three major interests—my home, my church and education."

Her latest project, a direct outgrowth of her interest in education, is the American Association of University Women, Grosse Pointe Branch, "Education in Action" program.

New Development

The local AAUW organization has always had an Education Study group, but the Education Action program is a new development, result of AAUW's recent involvement, on a national level, with "Education: An Antidote to Poverty."

The Education in Action group was organized last spring; its aim was to examine volunteer programs related to education, and offer volunteer service to one of these programs.

Mrs. Aileen Selick, co-ordinator of all volunteer services involving Detroit-area school children, spoke to the group at a June organizational meeting, describing the various types of school volunteer programs, emphasizing that 15,000 youngsters are waiting to receive help from volunteers and outlining the types of jobs volunteers can perform.

Mrs. Selick noted that the most successful volunteer programs involved organizations which "adopt" a school, where only members of the sponsoring group serve as volunteers. The Pointe AAUW Education in Action group decided to adopt Lingemann Elementary School, 567 Montclair (south of Jefferson), Detroit. Lingemann is an integrated school, serving a racially mixed area. A high proportion of its students come from Appalachian White families. In many of the Lingemann pupils' homes, reading and language development have been neglected.

Miss Jane Maxon, the School Principal, outlined the needs of Lingemann children for the volunteers. Like Mrs. Selick, she emphasized that volunteers do not need training in teaching or other specialized skills; the only prerequisite is a sincere desire to help a child.

"Helpers' Not 'Tutors'" The Lingemann volunteers are not tutors," Jayne Warner explains. "They are 'helpers.' What these children need most is verbal contact with adults, contact on a one-to-one basis. 'Talking and listening are

very important factors in a child's development. Many of the Lingemann children have language difficulties; most have reading difficulties."

Each of the AAUW volunteers donates two hours of her time per week to Lingemann. "We have every day covered," Jayne notes proudly. "Most of the volunteers go down in the mornings, from 9 to 11 o'clock, but two of our 23 members take the afternoon shift, from 1 until 3 o'clock."

Each volunteer has her own "children," and keeps them until she and the teacher decide that sessions with the "helper" are no longer necessary.

During these sessions, (the volunteers average 15 minutes per child, but there's no cut-and-dried time limit), the "helper" concentrates completely on the child at hand.

She reads, she speaks, she listens, she sympathizes. She uses correct grammar. Hopefully, she supplies a neglected dimension in the education of these children who, thanks in great measure to their Principal, Miss Maxon, regard visits with the AAUW volunteers as wonderful treats.

Find Strange Things

"This may be the only time during the day when the child has a person all to himself," Jayne explains. "You'd be amazed at the things our volunteers uncover, just by giving a child their undivided attention: On boy was having a problem with reading, and no one knew why—until our volunteer noticed that the boy never dropped his voice when he came to a period. He had no idea that a period meant the end of something. He saw his books as just a jumble of words."

Jayne Warner set up AAUW's Education in Action program, and continues to supervise it, but she is not a volunteer at Lingemann herself. She feels her work at Detroit Adult Day School takes enough of her away-from-home time.

As group chairman, she acts mainly as liaison between Lingemann and the volunteers. Much of her work is paper work, and this she can do at home, when Robert is sleeping and Cynthia is playing outside.

Since the Lingemann project started, however, she's become so enthusiastic that she's considering dropping her work at Detroit Adult Day next year to join the Lingemann "helpers."

Praises Program

As a busy mother and part-time teacher, she likes the way the program is planned, with a minimum of general meetings and a maximum of volunteer hours in-service. After an orientation session or two, the volunteers get together only a few times each year, at functions such as the "coffee" planned next Monday at the school, to which Miss Maxon has invited the Lingemann P-TA Board, the faculty and all AAUW volunteers.

The more she sees the Lingemann project in action, the more Jayne Warner is convinced of its intrinsic value.

"I firmly believe that one of a child's basic needs is someone who CARES. And adults need to do something useful; they need to be needed . . ."

"There's a place, a need for Lingemann-type programs in our society. They are almost tailor-made for organizations such as AAUW, where all of the members are college graduates and—naturally—interested in education."

"Remember, too, it's a two-way street: The children benefit, but so do the volunteers. Children and 'helpers' are both growing; they are learning together."
