As Compiled by the  
Grosse Pointe News

Thursday, December 23  
U.S. and VIETNAMESE troops in Vietnam will get a 30-hour respite from fighting starting at 6 p.m. Christmas Eve, thanks to cease-fire instructions issued by U.S. and Vietnamese government military leaders. The truce for American forces was ordered by General William C. Westmoreland, commander of U.S. forces in the Asian nation. He stated that "consistent with like instructions" issued by Vietnamese chief of staff Gen. Linh Quang Vien, "U.S. forces will not fire at or on the enemy except in self-defense during the hours from 1800 (6 p.m.) 24 December and 2400 (midnight) 25 December." The Viet Cong in a broadcast two weeks ago offered a 12-hour cease-fire from 7 p.m. Christmas Eve to 7 a.m. Christmas Day, stating as conditions that U.S. troops should not carry weapons, launch attacks or engage in spying.

BRITISH PRIME MINISTER Harold Wilson shuffled posts in his Government Wednesday night in the midst of increasing political strains within the Cabinet and the Labor Party. The shift involved seven Cabinet and non-Cabinet posts. Tom Fraser was replaced by Mrs. Barbara Castle, 54, as transportation minister, the only Cabinet member to lose his job in the shake-up. He had stirred up a controversy by proposing a roadside breath test to cut down on drunk driving, and a 70 m.p.h. speed limit on the country's now no-limit roads. Also Wednesday, the Wilson Government moved to insure recovery of the pound by deferring interest payments on loans made by the U.S. and Canada at the end of World War II.

Friday, December 24  
SENATOR PHILIP A. HART (D, Mich.) Thursday asked Attorney General Nicholas Katzenbach to rule on whether the Selective Service System has power to cancel the draft deferments of students who publicly protest the war in Vietnam. The request continued Hart's dispute with Lt. Gen. Lewis B. Hershey, who declared that a number of University of Michigan students who participated in anti-Vietnam war demonstrations at the Ann Arbor draft board were violating the Selective Service Act. Consequently their student deferments were cancelled. Hart explained in his letter to Katzenbach that he requested a policy ruling because he felt "the rights of dissenters in a democracy have to be very carefully protected." He asserted that a court should judge the legality of the students' actions, not Gen. Hershey. The draft also made news Friday as Defense and Selective Service officials decided to review the records of high school graduates of draft age who are classified as unfit for service except in emergency, especially through failure of mental tests. Under pressure for manpower for the Vietnam war, the Armed Forces recently relaxed mental requirements so that many more men will now be acceptable.

Reports that a U.S. Air Force C-123 transport crashed December 11 into a mountain 240 miles north of Saigon were released after the wreckage was sighted Thursday. The crash apparently killed all 85 persons aboard, a military spokesman said, including 81 Vietnamese paratroopers and a crew of four Americans. In another development, the spokesman stated that three Navy planes from U.S. Seventh Fleet carriers were shot down Wednesday while attacking the Uongbi power plant, 14 miles northeast of Hanoi.

Saturday, December 25  
VIET CONG GUERRILLAS broke the Christmas truce at about 9 p.m. by shooting mortar shells into a United States Marine enclave located 350 miles north of Saigon, at Chu Lai Air base, military sources

## Largest Christmas Display in Pointe

Photo by Eddie McGrath, Jr.

Outdoor holiday decorations are probably more lavish this year than ever before. It seems the Pointe never looked lovelier. Lakeshore road has many magnificent productions of Christmas light-

ing. There is no question but this is the most ambitious creation. It may be seen towering over the surrounding rooftops on the George P. Johnson property at 1034 Whittier road in the Park.

## Santa Claus Given Assist By Helpers

Volunteers Take Over Gift Delivery Problems and Pays Visits to Nine Families

Seven self-appointed Park and Detroit helpers cut in on Santa's well-known package delivery option this year, but reports from the Pole and from Pointe youngsters assure us that he staged no sit-down protests in return.

Knowing St. Nick, we suspect he may have even appreciated the efforts of the group, who visited nine families in the Park, Detroit, and St. Clair Shores Christmas Eve. At each home they distributed the family gifts from Santa's sleigh, really a work-a-day two-wheeler trailer dressed up for the occasion. Since the eight reindeer were already spoken for, an undisguised 8-cylinder auto was harnessed up to provide the go-power.

Santa's number one helper was Dennis Mitchell, 20, of Port-lance, Detroit. Dennis won the role of the jolly gentleman himself by originating the whole idea, and he dressed accordingly to make the rounds. His elf-helpers were: Edward Price, 20; Richard Bohle, 20, and Tom Crowley, 20, all of Pemberton road, and James

## Three Teenagers Guilty Of Stealing from Coin Box

Three Detroit teenage boys were given 90 days suspended sentences, and fined \$35 each and assessed court costs of \$15 each, for their part in the breaking into a soft drink machine, which netted them only two dollars. All three were placed on probation for one year.

The trio were sentenced and fined by Woods Municipal Judge Don J. Goodrow, at an arraignment held on Wednesday, December 22, on a charge of larceny from a soft drink machine.

Convicted were David W. Hughey, 18, of 4220 Newport; Joseph M. Mocerri, 17, of 12131 Stringham court; and John R.

## Pointe Pumping Stations Busy Many Hours During Abnormal December Rain

More than 168.5 Million Gallons Poured Through Sanitary Storm Systems; Several Flooded Basements Attributed to Local Troubles

The abnormal rainfall, which fell on December 24-25, kept personnel of the five Pointe storm water pumping stations busy for many hours, and according to official records, more than 168.5 million gallons of storm water were pumped through storm drains. Normal rainfall storm water pumpage for all stations totals approximately 41.2 million gallons.

The rainfall figures for the two days, was 2.64 inches, plus one inch of snowfall, it was disclosed by Wendell Baker, superintendent of the Farms Water Filtration Plant, which houses official U. S. Weather Department gauges, which records the inches of rain or snow that falls in the area.

### Lasted Three Days

Baker revealed that 21 of an inch of rain fell on December 24, and 2.43 inches of rain fell Christmas Day, with an additional .02 of an inch falling on the 26th.

On December 25, the weather turned to freezing, changing the rain into snow, and the records showed that one inch of the white stuff fell on the area. Earl Field, plant maintenance foreman at the Farms pumping station, said that Wayne County also maintains pumping equipment at the station, Chalfonte and Kerby, and that storm water is pumped through the same barrel system by county and city pumps.

He disclosed that during the

two-day rainfall, 34,293,000 gallons of storm water was pumped by the Farms equipment, and 49,300,000 gallons by county pumps. The normal pumpage at the Farms station during an average rainfall, is 13.3 million gallons, and normal for the county, about 25 million gallons, Field said.

### Handles Big Area

He pointed out that the reason for the heavy load pumped by the county equipment, is because storm waters are poured through the county system from surrounding communities, including from Roseville and St. Clair Shores.

Nine calls were received from Farms residents, complaining of flooded basements, during the two-day rain period, but investigations disclosed that the floodings were all caused by local sewer trouble.

In the Park, only six calls were received regarding flooded basements, according to Herbert Heger, director of the Public Works Department, who disclosed that these were all due to home sewer blockage. In two cases, DPW workers assisted residents in pumping out the water from their basements and starting up the furnaces, which went out because of the height of the water.

### Park, City Busy

Heger also disclosed that more than 16 million gallons of storm water were pumped, according to records of the Storm Water Pumping Station, Jefferson and Maryland. Normal pumpage during an average rainfall is between three to five million gallons, he added.

Grosse Pointe City Manager John Cantwell revealed that the City's Storm Water Pumping station, Charlevoix and Neff, poured more than 18 million gallons of raw storm water into Lake St. Clair. There was no alternative, but to pump the

## Roland Gray Fund Gifts Hit \$10,000

Successful Start Made in Campaign to Perpetuate Memory of Prominent Citizen

Some 175 donors have contributed more than \$10,000 to the Roland Gray Youth Fund, it was reported this week. This is considered to be a good start in the campaign to pay honor to the memory of the prominent Pointer whose sudden death last October 8 shocked the community.

A committee was formed within a week of Mr. Gray's death to collect funds and formulate plans to memorialize the man whose contributions were legion. Particularly interested in the youth of the Pointe, he was responsible for and active in many movements to further their proper development as good citizens.

He founded the church basketball league, was one of the original organizers of Little League baseball, helped promote hockey and football leagues, was the first coach and director of the badminton club, conducted annual tennis tournaments at the Neighborhood Club.

As tennis professional at the Country Club of Detroit for 19 years, he played a large role in the supervision and guidance of hundreds of children of prominent Pointe families. He stressed manners and sportsmanship as more important than skill in athletic participation.

The Roland Gray Youth Fund is expected to show considerable growth. Many individuals and families have indicated they want to contribute. Eventual uses to which the fund will be put depend upon the amount raised. Contributions may be made to help support some or all of the many movements and organizations in which Mr. Gray was most interested. Outstanding students in local schools who need financial help may be assisted. If enough money is raised, one or more permanent scholarships could be established in his name.

The committee reports that not a single request for a donation has thus far been made by any organization.

The Fund has been incorporated by the state as a charitable movement and approved by the Internal Revenue Bureau of the Treasury Department as an organization to which all contributions made will be tax deductible.

The Fund is being handled by the Trust Department of the Detroit Bank and Trust Company and Cleveland Thurbur, Jr. of that institution is the treasurer. Those wishing to contribute should make checks payable to the Roland Gray Youth Fund and sent to Mr. Thurbur at the bank, Detroit, 48226.

## Park Youngster Struck by Truck

Harris A. McCaleb, 38, of 14926 Shirley, Warren, was given a violation ticket by Park police on Tuesday, December 21, following an injury accident in which his backing panel truck struck a four-year-old Park boy.

According to a police report, McCaleb was backing out of the driveway of 1337 Bishop road, when he struck Toby Lindheim, son of Mr. and Mrs. Nicholas D. Lindheim of 1381 Bishop.

The boy was pedaling his tricycle south on the sidewalk, but McCaleb, who said he looked both ways, failed to see him. The boy was thrown to the sidewalk, and his tricycle was crushed underneath the panel truck, police said.

Young Lindheim was taken to Bon Secours Hospital in a police ambulance, accompanied by his mother, who was called by a neighbor who witnessed the mishap. At the hospital, x-rays showed that the youngster had a slight fracture of the skull. He was held in the hospital for 24 hours for observation.

McCaleb was issued a violation ticket for backing his truck without proper observation.

## Woods Replaces Parking Meters in Business District

Old Posts Straightened, Painted, Waxed to Improve Appearance; New Rates Set by Council Become Effective

The Woods has installed 435 new on-street and off-street parking meters, all along Mack avenue, its only business district, to replace a like number of meters that were removed on December 10 to give Woods shoppers free pre-Christmas parking. The cost of the new meters is approximately \$25,000, it was disclosed by City Administrator Chester Petersen on Monday, December 27.

The new meters, Petersen said, purchased from the Duncan Parking Meter Company of Chicago, are the manual operating type, chosen after exhaustive tests and performance data proved this type to have less operational and maintenance problems. The old meters, installed in 1953, were of the automatic type.

### Posts Straightened

During the free parking period, December 10 through 26, the city's Department of Public Works crews were busy straightening all parking meter posts and painting them with a corrosion resisting black paint, calculated to provide a very harmonious "colonial color touch" with the new meter heads, which are of a bronze color, the city administrator said.

The meter cases and posts were given a coat of wax to keep them sparkling and highly attractive, Petersen added.

The installation of the new meters coincided with the Woods' new parking meter rates recently adopted by the city council, which are in immediate effect.

### New Rates Set

The new rates for on-street parking, it was disclosed by Petersen, are as follows:

Six minutes for one cent; half hour for five cents; one hour for 10 cents; and two hours for 20 cents. Off-street parking: half hour for five cents; one hour for 10 cents; and eight hours for 20 cents.

In accordance with a city ordinance, it was pointed out, all parking meter funds will be used for the following purposes:

1. Provide for the proper regulation and control of traffic on the public streets; 2. To cover the cost of supervising and regulating the parking of motor vehicles in the parking meter zones.

3. To cover the cost of purchasing, leasing, acquiring and installing, operating, maintaining, supervising and regulating the parking meters; and 4. To acquire and maintain off-street parking locations and facilities.

### More Space Sought

With the anticipation of increased parking revenue, the Woods council is looking into the possibility of purchasing or acquiring more land for the purpose of constructing badly needed additional off-street parking facilities, Petersen said.

He revealed that the council already has a comprehensive parking study underway, which will be used as a guide for future off-street parking requirements.

## Missing Farms Housewife Found Unconscious in Woods

A Farms housewife, who failed to return from a shopping trip, and was reported missing by her husband, was found unconscious, lying face down, in a cul-de-sac at Raymond and Bournmouth. At the last report she is in St. John Hospital doing fine.

Michael Marian of 234 Stephens road, called Farms police on Friday, December 24, at approximately 5 p.m., and reported that his wife, Catherine, had gone shopping at 2:15 p.m., and failed to return when she was supposed to.

Farms police sent out a general broadcast of the woman and the license number and description of the family car.

At 1:44 a.m., Woods Patrolmen Adrian Meerhaeghe and Peter Thomas, while on routine patrol, saw a car that ap-

## Center Plans To Welcome Newcomers

Traditional Reception for New Residents of Community Being Held Sunday, January 9

All new residents who moved into any of the Grosse Pointes during 1965 are cordially invited to a reception at the Grosse Pointe War Memorial, 32 Lake Shore Road, on Sunday afternoon, January 9, from 2:30 to 4:30 o'clock.

The reception is for every member of the family. An infants room with baby sitters is provided.

In the receiving line to greet the newcomers will be the Memorial's officers and board of directors, including Mark C. Stevens, president; Thornton E. Waterfall, first vice-president, and Mrs. Waterfall; John T. Short, second vice-president and Mrs. Short; Mrs. Paul G. Hykes, secretary, and Mr. Hykes, and George N. Monro III, treasurer and Mrs. Monro.

Other board members in the welcoming line, will be Frank P. Boyer and his wife, Mrs. Harley G. Higbie, William F. Huettner and his wife, Harry W. Mellen and his wife and Mesdames Robert P. Scherer and Stephen T. Stackpole.

Guests will be received in the Crystal Ballroom overlooking Lake St. Clair. Besides the Center's board of directors, guests will have the opportunity of meeting representatives of the many groups at the Memorial Center and sponsored by it, as well as representatives from the schools, churches, service and all community activity groups which the newcomers are welcome to join.

Following refreshments, guests will be taken on tours of the beautiful Memorial buildings by the Center's Youth Council.

The Memorial Association is sending special invitations to all new residents of whom it is aware through the Telephone Cross Index, but it knows the list is not complete, and urges all newcomers to attend the reception, invitation or not, and make themselves known.

All Grosse Pointers who know of newcomers are also asked to encourage them to come and let the Center know of their arrival in the community.

## Fords Donate \$60,000 for Endowment

Three Families Make Important Contribution to Assure Development of Memorial

Three recent gifts totaling \$60,000 have been added to the endowment fund of the Grosse Pointe War Memorial Association, it was learned this week. Mrs. Edsel B. Ford has given \$25,000; her daughter and son-in-law also contributed \$25,000 from the Walter B. and Josephine Ford Fund, and Mr. and Mrs. Benson Ford gave \$10,000.

The endowment fund is one of the chief sources of income which keeps the Memorial Center going and enables continuing expansion of facilities and cultural, educational and social activities for the entire community.

### Library Drive Failed

When the association accepted the gift of the Russell Alger property in Lakeshore road, funds had been collected in a drive to create a library as a memorial to those who served in World War II. Not enough money had been collected to build a suitable library, and when the Alger family came forward with the offer of the magnificent property, it was a happy solution to a knotty problem.

Donors to the library drive were contacted for permission to use their contribution for the restoration and development of the Alger property, and the response was almost unanimously affirmative. After the necessary expenditures were made, there was a balance of about \$125,000 which was put into an endowment fund to provide income through the years ahead.

### Steady Progress Made

From this start the endowment has made steady progress through outright gifts, memorials, etc. until it now amounts to almost \$800,000, and the fund is providing income in the neighborhood of \$30,000 a year. Rentals, admission fees, etc. bring in additional income, and the difference between the total income and the budget for operation and maintenance of the Center is made up through the annual Family Participation Campaign for funds.

There has been a gradual increase in the number of families who contribute to this yearly drive, and this year there were more than 4,000 individual contributions which put the campaign to raise the \$75,000 goal over the top.

## Woman Driver Dies in Car

An elderly Detroit woman motorist, apparently feeling a heart attack coming on, pulled her car over to the curb in front of 1007 Cadieux, on Tuesday, December 21, and slumped over the wheel.

Park Police Chief Arthur Louwers disclosed that the woman, Mrs. Florence E. Tampert, 73, of 8900 East Jefferson, brought her car to a complete stop before she lost consciousness.

Mrs. Tampert was taken to Bon Secours Hospital by police ambulance and was pronounced dead on arrival.

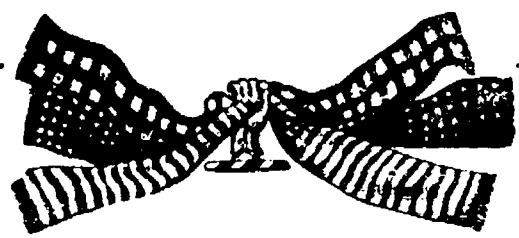

## Students Display Christmas Spirit

The Christmas spirit of giving, to the tune of more than \$50, was shown by a Trombly sixth grade class last week. In the first place, it was entirely the children's idea to forgo the usual class gift exchange so that needier children might be remembered at Christmas time with the money they didn't spend on themselves.

Then a few enterprising youngsters decided to raise more by caroling in the evenings. Equipped with their musical instruments, the sixth graders sang and played for Park families. The generous financial response they received was added to the class collection.

The coins and bills were counted and sent to the Goodfellows on the last day of school before vacation. Happiness glowed in the sixth graders' eyes as they completed Project Presents.

and Bruce Balcerski, 18 and 20, of Barrington road.

Since Christmas wouldn't be complete without Christmas Carol, Andrea Zaun, 16, of Westchester road, agreed to pinch hit for her.

Starting time for the sleigh was set at 7:30 o'clock Christmas Eve, from the backyard of Edward's home on Barrington. The group thought the 13 children at the Francis Crowley residence, on Pemberton, would especially enjoy the in-person gift delivery. Other lucky families on their list were: the Gary Mitchells, of Lakepointe avenue, the Steve Czarneckis, of O'Connor, St. Clair Shores, the Hubert Bohles, Joseph Di-Santes, Edward Kulaskis and Dr. and Mrs. Matthew Balcerski, all of Pemberton road; the Edward Werneskis, of East Outer Drive, Detroit, and Rev. and Mrs. Allan A. Zaun, of Westchester road.

### IN DOUBLE TROUBLE

A young motorist who was stopped by City police Tuesday morning, December 22, for driving through a red light on Jefferson at Fisher, also was ticketed for having no driver's license on his person. Officers charged David Neil Hart, 17, 1031 Alter, formerly of 21701 Bon-Hour, St. Clair Shores, for both offenses and held his car for a licensed driver. It was later released to his mother.

water into the lake, he pointed out, because the new \$1,325,000 sanitary sewer system is still under construction. Normal pumpage is about 900,000 gallons, he said.

The City is voluntarily undertaking the construction of the new system, to eliminate the pollution of lake water, which has been prevalent for years because of the old sewer system.

Because it is undertaking the project voluntarily, the City is receiving a Federal grant of \$127,410, to help defray the cost of the program.

### More Flooded Basements

Cantwell said that 10 complaints were received because of flooded basements, but these were all due to local troubles. Many complaints were received because of flooded streets, but

the flooding was deliberate, to prevent water from going into the outmoded sewer system too fast, and to prevent excessive basement flooding, he said.

The Woods Storm Water Pumping Station, located in Torrey road, pumped more than 32.2 million gallons of storm water, according to Robert Goodhand, station foreman. Normal pumpage during an average rainfall is one million gallons, more or less, he said.

Approximately 10 complaints were received regarding flooded basements, Goodhand said, but none was attributed to inadequate pumpage at the storm water station. The pumps functioned perfectly, he added.

### All Complaints Probed

He said all the complaints were investigated and found to be either local sewer trouble, or seepage through basement walls, or through sanitary facilities because of the local trouble.

Michael Gates, superintendent of the Shores Department of Public Works, said that only one complaint was received because of a flooded basement, and an investigation disclosed that this was due to local trouble.

He said that two pumping stations located at each end of the Village, Robert John and Crestwood, and at 515 Lake Shore, pumped a total of 68 million gallons of storm water. Normal pumpage for both sta-

tions totals approximately 21 million gallons, he said.

He attributed this high pumpage to the fact that accumulation of rain is heavy on Lake Shore and Vernier roads, the two biggest thoroughfares in the Shores.

# Borrowed Cars Figure in Crash

A young driver who failed to see an approaching car after he stopped for a sign on Lincoln at St. Paul, drove into the side of the other auto with his borrowed car. He fell from the car he was driving as it pushed over the curb following the crash at 3:20 p.m. Monday, December 20, police reports show. Karl Thomas Tant, 18, of 13710 Balfour, Oak Park, was only slightly injured after the car he was driving collided with the vehicle driven by Deborah Peakbody, 17, 471 Rivard. Owner of the car he was driving, 3 Melvin W. Correll, 768 Southfield, Birmingham, Miss. Johnson's vehicle belongs to J. V. Jenks, 499 University.

A ticket was issued to Tant for reckless driving.

Both motorists were treated at Bon Secours for slight injuries. The cars had to be towed away.

# Pointe Police Await Word To Stop Issuing Licenses

Pointe motorists are receiving original and renewed operator's licenses from their local police departments on a day-to-day basis, and the only persons who will be unhappy are the motorists.

No official word has been received from the Secretary of State's Office in Lansing, ordering the Pointe department to cease issuing drivers' licenses, the complete function of which will be taken over by the State.

A number of communities in the Detroit area have already suspended this service, and residents and others are forced to travel just a little further than previously, to obtain the piece of paper which allows them to drive their motor vehicles.

The latest to disclose that it will stop giving out licenses, is the Detroit Police Department, which will cease this operation on January 3.

By mid-January, the Secretary of State's Office will have opened eight offices in the area, one of which is expected to be located at Jefferson and Chalmers, which would be very handy for Park, and possibly City residents, but not so for drivers in the other Pointes, unless an office is opened near them.

The five Pointe police chiefs said that to date, no official word has been received to cease issuing licenses to residents and others who apply.

However, it was pointed out, when the word does come, licenses will continue to be issued and driving tests given, until the absolute deadline is reached, or until a complete transition is made. After that, these operations will become the functions of the State.

Further information, as soon as received, will be relayed to the residents of the Pointe and Harper Woods.

# Park Employs New Secretary

Erma Nyiri of 4830 Grayton, Detroit, officially assumed her duties as secretary to Park City Manager Robert Slone, on Thursday, December 16.

A native of Detroit, the new secretary is a graduate of the now defunct Detroit High School of Commerce. She was with the Eaton Chemical Company of Detroit for nine years, before resigning to work with the Park City Administration.

Miss Nyiri succeeds Miss Betty Poupore, who resigned on November 16, after eight years of service with the city, to seek another place of employment.

# Detroit Sorosis Meets Jan. 4

The members of Detroit Sorosis will meet on January 4 at the Cloverly road home of Mrs. William J. Willis.

Following a 12:30 o'clock luncheon and a business meeting, Mrs. Frank S. Cartwright will present the speaker, Larry S. Davidson, whose topic will be "World Condition As I See It."

# Cody Honored By Red Cross

Frederick K. Cody, of Stratford Place, chapter chairman of the Detroit Chapter of the American Red Cross from 1963 to 1965 was honored for his leadership on Monday evening, December 20. The informal get-together, hosted by Sylvester Leahy, chairman of the new Southeastern Michigan Chapter was attended by fellow board members at the Detroit Athletic Club.

In making the presentation to Cody, who was accompanied by his wife, E. A. Shirmer member of the National Board of Governors of the Red Cross read from the tribute which stated in part, "During Fred Cody's two terms as Chapter chairman, a spectacular and highly successful Red Cross National Convention was held in Detroit—the first since 1950. ## From Another Pointe of View

By Janet Mueller

We can't think of a better finale to the Holiday Season than that chosen by Mr. and Mrs. John Huettman, Jr., of Lakeshore lane: an extended trip through California and Mexico.

And wasn't it nice of the Huettmans to ask their son, John, II, and daughter, Mrs. William E. Donahue, to "come along out west" as a Christmas present?

The family quartet left immediately after December 25 for the Coast, where they'll be enjoying the Rose Bowl parade and game, rooting for Michigan State University, naturally... John, III, is a sophomore in MSU's College of Business Administration and Banking.

PURDY & EDGAR'S NEW YEAR'S OFFERING, AND OTHER DELIGHTS

QUITE POSSIBLY our first sale of the New Year, because a house with five bedrooms and three upstairs bathrooms will not stay on the market very long, especially when it is listed under forty thousand dollars. Like the year, this spanking new "baby" is sure to tickle your fancy. And we're sure you won't mind feeding time when you get a look at its remodeled kitchen complete with builtins.

DOWN COME the price tags on these two fine colonials, one with four bedrooms, and the other with three. In the Farms, and close to Kerby and Brownell Schools, we offer four bedrooms with two upstairs baths in the thirty thousand range. The first floor has a large paneled library with a bay window view of the tree infested yard. We said "infested" not "infected," but come see this with us... its charm is contagious.

ALSO AT A REDUCED PRICE is a white colonial with attached garage, nestled in a wide, deep lot with plenty of room to toss the ball around. Now at \$33,500.

OUR BRIGHTEST package is a complete parcel on Ballantyne Court, where sits the best story-and-a-half available. The convenience of a master bedroom and first floor bath could be a welcome change from stair climbing. For the rest of the family... well let them go upstairs, where there are two more bedrooms and another bath. Whether you want it or not, this one has a paneled recreation room which is liable to attract every kid in the neighborhood.

## From Another Point of View

### Holidays Afloat

And we'll gladly celebrate New Year's Day with the Phillip Coes, lazily cruising in the Caribbean.

Mr. and Mrs. Coe, who lead the Ideal Life — winters in Fort Lauderdale and summers in Moran road — decided to spend their holidays afloat this year. They sailed out of Port Everglades, Fla., on the "Argentina," a few days before Christmas.

The Coes were busy before their departure, sending holiday presents off to their sons, C. H. Neville, stationed with the United States Air Force in Greece, and Taylor Neville, an executive with American Express in Berlin.

But once asea, Mr. and Mrs. Coe throw cares to the wind and settled down to having a marvelous time, enjoying themselves in Jamaica, Haiti, Curacao, Panama . . .

They'll be back in Fort Lauderdale, (and remain there for the rest of the winter), the second week in January.

### New Year's Eve At DYC

Detroit Yacht Club will have a capacity crowd of merry-makers for its New Year's Eve celebration, a black-tie gala beginning with a champagne cocktail hour at 9:30 o'clock in the Club's upper lobby.

There'll be dinner, (filet mignon or lobster), served from 10:30 until 2 in the morning in the ballroom and East Lounge, dancing, (under a canopy of red and white streamers and balloons), to the music of Brahm Ward's Orchestra and singer Shirley Lange, favors . . . fancy hats . . . noisemakers . . .

At midnight, when the strains of "Auld Lang Syne" fill the Club, the huge cluster of ballroom balloons will be released.

Among those into whose hands the balloons will fall will be DYC's Commodore and Mrs. George W. Levette, of Norwood drive, who've made plans to attend the party in an eightosome with Vice Commodore and Mrs. Duncan James, Mr. and Mrs. Raymond Sitzman and Mr. and Mrs. E. R. Switzer.

At another table will be Rear Commodore and Mrs. Richard S. Daley, past Commodore and Mrs. George Curritt, Mr. and Mrs. Menor Hewitt, the Clarence Schnells, Richard Roths and Donald McIvers.

Meanwhile, DYC members without "upstairs" reservations will be cavorting at a second party, in the Club's Grill, where Phil Girard is to provide the dancing music and breakfast will be served between 2 and 4 o'clock in the morning.

### January Dates

We're happy to announce that, come next Monday, everything will be back to NORMAL, (three cheers for THAT news!), and January, though busy, ought not to be a "frantic" month.

Among the Pleasant Things planned in the next few weeks is a series of six lectures on Antique European Porcelains, to be presented by Miss Louise Langelier, of Cleveland, O., under the auspices of the National Cathedral Association of Eastern Michigan.

The first lecture is scheduled Monday, January 10, at 2 o'clock in the afternoon, in Miller Hall, Christ Church, Grosse Pointe boulevard. Fee for the series is \$25. Mrs. Paul Fischer, (TUxedo 2-6896), will be happy to answer questions and give further information.

Another important date in this first month of the new year is January 11, when Wayne State University's Hilberry Classic Theater Third Annual President's Preview is scheduled.

The President's Preview this year will feature a performance of "The Tempest," by William Shakespeare, staged by University Theater Director Leonard Leone.

Sure to be in the audience are all the "Understudies," a group of Detroit-area women working to raise fellowship funds for members of the Classic Repertory Company.

Dedicated "Understudies" include Mrs. John Wendell Anderson, II, of East Jefferson avenue, Mrs. William A. Evans, Jr., of Radnor circle, Mrs. James G. Macpherson, II, of Woodland place, Mrs. Arthur Neef, of Lincoln road, Mrs. Emmet E. Tracy, of Provençal road, and Mrs. Victor G. Raviolo, of Stratford place.

The Theater's regular season opens January 12, with a matinee performance of Oliver Goldsmith's "She Stoops to Conquer" and an evening performance of "The Tempest."

Shakespeare's "All's Well That Ends Well" opens the following week, and three more plays will join the repertory later in the season.

## Plan Symphony Concerto Night

Three principals of the Detroit Symphony Orchestra will be soloists at the Symphony's "Concerto Night" program at Ford Auditorium on Thursday and Saturday evenings, December 30 and January 1, at 8:30 o'clock.

Elyze Yockey, harpist, Paul Schaller, clarinetist, and James Tamburini, trumpeter, each will perform a concerto with the Orchestra, conducted by Sixten Ehrling.

Miss Yockey will be heard in Debussy's "Dances Sacree et Profane," Schaller in Mozart's Clarinet Concerto in A major (K. 622), and Tamburini in the first Michigan performances of Alexander Pakhmutova's Trumpet Concerto. Miss Pakhmutova is a young Soviet composer.

Ehrling also will conduct the Michigan premiere performance of Hilding Rosenberg's Concerto for Strings and Paul Hindemith's Philharmonic Concerto. The Rosenberg concerto was written in 1946 and the Hindemith in 1932.

In each of these works three other principals of the Orchestra will be featured in solo parts. They are Mischa Mischakoff,

concertmaster, Nathan Gordon, violinist, and Italo Babini, cellist.

Elyze Yockey joined the Detroit Symphony in 1958. Previously she had been soloist with the New Orleans Philharmonic, the Halifax Symphony, and staff harpist with the Canadian Broadcasting Corporation.

She is a native Iowan, a graduate of the Curtis Institute of Music, a faculty member at Wayne State University and Mercy College, and the wife of Detroit Symphony contrabass player Julius Ilku.

Paul Schaller was solo clarinetist with the New Orleans and Pittsburgh orchestras before coming to the Detroit Symphony in 1957. He studied music at Tanglewood, at the Juilliard School of Music, and with his father, who plays clarinet with the New York Philharmonic.

James Tamburini has played with the Detroit Symphony since 1943. He was born in Philadelphia and has held posts with the NBC Symphony, Stokowski's All-American Orchestra, the Pittsburgh and Washington symphonies.

Several of his former students are now principal players with other major orchestras.

### RAY O'KEEFE, GROSSE POINTE LETTER CARRIER

By Janet Mueller

"How can we live without him!" exclaim the residents of Vendome, Touraine and Cloverly roads. Ray O'Keefe is retiring, after 24 years with the Grosse Pointe Post Office, 23 years on his present route.

The only person who's not upset at the prospect of Ray's leaving is Ray. "I think people should retire at the earliest date possible so they can get out and enjoy themselves," he observes.

And getting out and enjoying himself is just what Ray intends to do.

He's making plans to move to Tucson, Ariz.—"You can have this Michigan winter!"—and to spend as much time as possible touring North America.

"If I had plenty of money, and all the time in the world, I'd spend my time traveling. I wouldn't want to fly, I'd want to drive."

"This country is really SOMETHING! There's no reason for Americans to travel to another country; it takes more than a lifetime to really see this country."

#### Partial Agreement

Opal O'Keefe agrees in theory with her husband. But Opal still cherishes a latent desire to see Europe. "So, says Ray, 'maybe we'll go.'"

Opal, who is about to retire too, after 31 years at Chrysler, is looking forward to The Pleasant Life as much as her husband.

Ray, born and raised in Minnesota, came to Detroit in 1929 and met Opal two months later. "I've never been able to get away," he laughs, glancing sideways at his wife as much as to say, "And I've never wanted to."

They have two children, Larry, who lives with his wife and children in Warren, and Roseann (Mrs. Donald) Senick, who, with her family, keeps the O'Keefe residence in Lenox street, Detroit, fairly hopping with activity.

Larry's oldest son, Jeri, is four, and his twins, Michelle and Michael, will be two in May.

The young Senicks are Julian, 11, and Mark, eight, both of whom attend St. Philip Neri School, only a few steps down from the O'Keefe's front door. "We bought the house for our own kids, because it was near the school. Now our grandchildren are attending St. Philip's."

#### Too Cold There, Too

Ray went to boarding school before studying two years at St. Mary's College, Winona, Minn. He still has "family" in Minnesota, a sister in Minneapolis and a brother who is Assistant Plant Manager for IBM in Rochester, Minn. Ray enjoys taking Opal back to Minnesota for visits, but he wouldn't want to live there. Like Michigan, "It's too cold!"

Shatze, a dachshund whose bark is never followed by a bite, is a permanent member of the O'Keefe menage, and there's always a neighborhood cat or two, visiting the O'Keefes on a temporary basis, thanks to Mark, who somehow or other "collects" cats.

"It's amazing," Ray says. "My grandson can walk down a street, see a cat and it's his friend. Cats love him." Ray is a "dog" man himself. Shatze's predecessor lived happily in the O'Keefe household for 20 years. All the dogs on his mail route are Ray's friends.

#### Never Been Bitten

"I've never been bitten," he says proudly. "I've even got one dog that follows me up and down the streets, and everybody on my route knows his name: Jacques. He belongs to the Robert L. Gottfredsons." Ray retires officially February 10, "24 years to the day that I started with the Post Office."

right eye after an operation in 1959. He and Opal went to Tucson, where her brother owns a motel, while he recuperated.

#### Love The Southwest

Both O'Keefes fell in love with the Southwest; they have returned to Tucson many times, know the area well and have made friends there. They don't think they'll have any trouble "adjusting" to the desert.

"A lot of our friends have moved to Tucson," Ray notes, "and more of our friends, and our relatives, are planning on moving there."

They won't desert Michigan completely, though . . . how could they when their children and grandchildren still live here? "We'll be back in the summer, and maybe for Christmas," the O'Keefes promise.

Old hands at touring now, Mr. and Mrs. O'Keefe look back upon their first long trip, in '49, with amusement.

"We tried to see all the western half of the United States in five weeks," Ray laughs. "It just can't be done."

This summer, they plan to REALLY tour the West, and will embark on a 10,000-mile trip, stopping in all the National Parks, Yellowstone, Zion, the Grand Canyon, dropping down to Mexico and paying a visit to Disneyland, just as soon as Mark and Julie's school year ends.

#### Kids Love It Too

The O'Keefes travel with their grandchildren, and their grandchildren love "going along." Julie, who has been with Ray and Opal on three or four summer jaunts, enthusiastically describes "hitting the road" with grandmother and grandfather as "FUN!"

Ray's five-weeks-per-year vacation period may seem a long time to the two-weeks-per-year vacationer, but to someone who has been bitten as hard as Ray O'Keefe by the Travel Bug, the prospect of being able to take off whenever he likes, for as long as he likes, is utterly delightful.

"We bought a travel trailer last summer, and a new car early this month, so we're all set," he says happily. And after this summer's trip, there'll be others: Opal has her heart set on a vacation in Hawaii, and Ray wouldn't mind seeing Alaska.

"Sometimes we drive 50 miles a day, sometimes 300," Ray explains the O'Keefe method of touring. "We like to see things as we go; we stop and start when we want. We like the West and Southwest best — although the New England States are beautiful . . ."

#### Routes Have Doubled

When Ray O'Keefe started working out of the Grosse Pointe Station, his mail route was one of about 40. Now almost 80 routes leave from the Pointe Station. He has been a member of the NALC (National Association of Letter Carriers) ever since he started work with the Post Office; "The NALC has done a lot for us," he says. He's not sorry to have completed his last Christmas loads in the pre-holiday weeks, letter carriers often arrive at the Station at 5 in the morning and work eleven-and-a-half hours a day. Some days, Ray's Christmas mail loads averaged around 10,000 pieces.

If Opal, impressed by a Nativity or pastoral scene, asked Ray to "Look at that pretty card," he was noticeably unsympathetic.

"To me, they're not pretty," he'd tell her. Maybe next year, in the warm Tucson sunlight, Ray O'Keefe will begin to find something pretty in Christmas cards.

1 quart rye whiskey  
1 bottle red wine  
1 pint Jamaica rum  
½ pint gin  
½ pint brandy  
1 jigger Benedictine

## Convert Gym To Night Club

By Pat Jahn

Perhaps it is too late to begin making plans to celebrate New Year's Eve in New York City. But Grosse Pointe High School students still have the opportunity to purchase tickets for "Mod Midnight" when the High School Gymnasium will be transformed into a New York night club—discotheque for a few hours.

Tickets for the dance will be sold Thursday, December 30, from 8 o'clock a.m. to 3:30 o'clock p.m. in the ticket booth at the back of the gymnasium. Only Grosse Pointe High School students may purchase the tickets which cost \$2.50 per couple.

Four high school bands, Les Beaubiens, The Liberators, The Night Crawlers and The Cake Eaters, will provide the music for the dance which will last from 9 o'clock p.m. to 1:30 o'clock a.m.

Dress for "Mod Midnight" will be, for girls, anything from church clothes to semi-formal, and for boys, suits or sport coats.

A Lemon Linen Lenz . . . fresh bright style in a junior size just-in at Walton-Pierce, reminded us to tell you that cruise-wear in all sizes, for all occasions is arriving from the market and departing daily in fashionable south-bound luggage.

Top Drawer Topics . . . some of the most beautiful decoupage is to be seen on the basket-purses at 17007 Kercheval UP in the Village. Before all that Christmas money is gone . . . treat yourself to one.

Better Than Ever . . . more and more ladies have discovered the flattery of pink, so it has become a perennial favorite and is found from soft to deep shades in the cruise-wear collection along with other lovely garden colors at Claire Pearone, 397 Fisher Road.

New Year's Resolution . . . to have a beautiful new kitchen. If you're planning one, stop at Mutschler kitchens, 20227 Mack Avenue. Their kitchens are quality controlled from forest to finish. The finest material and skill are used to create and equip them. Besides they are the only hardwood kitchens that are truly flexible. The shelves are not fixed at one height. They can be moved up or down and carried from place to place. Begin with quality and live happily thru the new years.

Start The New Year . . . by starting a '66 Dodge. Instant GO! Poised performance! Styling, new as the new year! All new at Riverview, 15205 East Jefferson.

Face-setting . . . short hair, demands a precisely perfect cut. The experts at Edward Nepi, "Parrucchiere," 19463 Mack Avenue, define the line skillfully . . . so that it flatters and falls into place in the most natural way. TUxedo 4-8858.

Shadow-box . . . by Scandia holds a palette of four colors and a sable-soft brush to skim them on. The shades are soft and subtle and the method is almost mistake-proof . . . to be found at Kopp's.

"Should Old Acquaintance . . . be forgot" . . . renew yours with the Notre Dame Pharmacy. An experienced pharmacist is always on duty and your prescription is expertly filled and delivered promptly.

Resolved . . . 1966 WILL see a newer, fresher, prettier you. Everyone, who is "in the know" says Fashion Two Twenty will do it. Make the resolution stick . . . by calling Sid Erwin at 886-0252 for an appointment.

Many problems still have to be solved before we achieve the universal brotherhood of man.
