Thursday, February 1
THE UNITED STATES Military Command reports that Saigon is quiet "except for some sporadic small arms fire" after attacks on the capital that saw a Viet Cong suicide squad killed at the United States Embassy. The Viet Cong also seized part of Hue, the old imperial capital, far to the north. President Nguyen Van Thieu proclaimed martial law throughout South Vietnam.

The attacks were part of a bloody two-day battle that spread over nearly half of South Vietnam's 44 provincial capitals as well as vital U.S. government installations at other points. Although military figures were incomplete, spokesmen said southern allied forces had killed 2,643 Communist troops across the country in the 48 hours before noon on Wednesday. Preliminary reports stated that 68 Americans and 178 South Vietnamese soldiers were killed and 171 Americans and 330 South Vietnamese soldiers were wounded. Although there was no estimate of civilian casualties they are believed to be high.

THE SUBMARINE MINERVE which disappeared off Toulon, France, Saturday, was declared officially lost on Wednesday by the French navy officials, 52 men were aboard.

Friday, February 1
FIGHTING SUBSIDED in Saigon today but still raged in Hue and the Communists pressed their biggest offensive of the war into a fifth day with fresh attacks on at least eight other cities. General William C. Westmoreland, commander of the United States troops in Vietnam, has said the next phase of the enemy's plans is a major assault in the north. In the current attacks against government cities a senior American official said the Communists threw 36,000 men against 35 populated centers. He added: "The enemy suffered a substantial military defeat, but still has the capacity for a second wave of attacks."

Saturday, February 3
HUNDREDS OF PEOPLE were prevented from reaching their homes Friday as the rising flood water along the Clinton River left over 100 families homeless. The river level reached its peak shortly after midnight Saturday, leaving nearly 15,000 acres of land in Macomb County under water. Although colder temperatures retarded the flow of storm waters into the river during the night officials declined to say when they believed flooding conditions would be over.

Sunday, February 4
ALTHOUGH THE FULL STORY of what happened aboard the Pueblo between the moment when the ship's skipper radioed that North Koreans were boarding his vessel and when he sent his last message saying he had to get off the air, remains an official secret, some of the details of the Pueblo's final hour at sea have come to light. The indications are that Commander Lloyd M. Bucher and his men acted with dispatch and heroism once they realized that the ship was going to be seized by the North Koreans. It is said that they locked themselves into a compartment on the ship and worked for at least 45 minutes to destroy secret documents and sensitive equipment after North Korean sailors boarded the vessel on January 23.

TWENTY-NINE PROMINENT Protestant, Roman Catholic and Jewish clergymen have issued a statement charging that American conduct in Vietnam has been marked by "consistent violation of almost every international agreement relating to the rules of warfare." The 6,000-word document is contained in a 420-page volume published today by Clergy and Laymen Concerned About Vietnam, a two-year-old interfaith organization that is opposed to American policies in Southeast Asia.

Helen Avenue Being Closed For Safety

State Concurs With Woods
Director In Decision To
Halt Through Traffic
At Vernier

Woods Public Safety Director Allan Andrews informed the Woods Council on Monday, February 5, that the State Highway Department has concurred with his recommendation that Helen Avenue be closed to through traffic at Vernier, for a period of one year.

Director Andrews made the recommendation because of the high accident rate at the intersection. He added that barrels would be used to indicate the closing.

The Council suggested that if both Director Andrews and the State Highway Department were in agreement regarding the intersection, that a more attractive and permanent closure should be used. They suggested extending the curbing across the street.

Director Andrews said that he would contact the State Highway Department with this suggestion and report back to the Council with their decision.

LOOSE MANHOLE COVER

City Police received a report on Saturday, February 3, from William Sweeney, 845 N. 1st, of a loose manhole cover in front of 887 Grosse Pointe Court. The police notified the Highway Department which replaced the cover.

Memorial Church Offers Wide Variety of Topics For Study During Lent

Father Sheehan To Address Ash Wednesday Dinner
And Discussion Kicking Off Versatile
Program; Public Invited

A varied and versatile program, appealing to all interests and age groups, will be featured in "Lent '68" at Grosse Pointe Memorial Church. Topics embracing everything from serious reflection to rock and roll will be covered in separate study groups, for which the general public and church members are asked to sign up in advance.

Here is the plan for "Lent '68." A kickoff dinner and discussion, led by Father James Sheehan of the Archdiocese of Detroit, will be held at 7 o'clock on Ash Wednesday, February 28. The individual study groups will meet on the five subsequent Wednesday evenings, each led by a staff member of Memorial Church.

Group "A" led by Rev. Bertram Atwood: "The Cost of Discipleship." This takes in studies about what the people of God are committed to; in what way the Church finds authority to speak; Biblical, Catholic and Protestant positions on authority; in what way a discipline can be found that is viable in present everyday living.

Reference books for Mr. Atwood's study group are these: "Life Together" by Bonhoeffer; "We Shall Rebuild" by Macleod; "Community in France" by Tais; Book of Common Worship.

A mimeographed outline of the course, with appropriate Biblical passages and materials from these reference books, will be provided. All who wish to participate are asked to purchase Bonhoeffer's book in paper back for \$2 and to register by February 20, if possible, so that sufficient copies may be made available.

Group "B" led by Rev. Gary Gruber: "A Christian's Understanding of Social Issues." Each week's discussion will embrace a specific area under this general heading.

Burglars Loot Is Fairly Heavy

The burglar who broke into the Rochford residence, 1310 Bishop road, on Sunday, February 4, if he did not have any help, must have been fairly strong to carry out the loot he found in the house.

Blood Drive To Be Held Feb. 14 and 15

Red Cross Unit To Make
Collection In Fellowship
Hall of Memorial
Church

The American Red Cross Bloodmobile will visit Grosse Pointe under the auspices of The Grosse Pointe Blood Council and the Grosse Pointe War Memorial Association, Wednesday and Thursday, February 14 and 15 between the hours of 2 and 8 o'clock.

In order that the setup may remain overnight, the Grosse Pointe Memorial Church is opening its Fellowship Hall for the collection and that is where donors should report after parking in the adjacent War Memorial lot.

Chairman of this blood collection for the War Memorial is Mrs. Alfred Goolsby who feels Valentine's Day with its bleeding hearts is a particularly appropriate time for the drive, especially when the need for blood in Vietnam has nearly doubled due to the intensified fighting.

Co-chairmen assisting Mrs. Goolsby are Mrs. Norman Sumner and Mrs. John Sumner.

Vandals Damage Basketball Hoops

Five Woods residents reported to police on Sunday, February 4, that unknown vandals damaged basketball hoops attached to garages on their properties.

Farms Firemen's Attempt to Obtain Pay Hike Stalled

City Attorney's Claim That Petition Filed To Get Charter Amended Did Not Comply With Law,
Leads To Tabling Of Request

A petition circulated by the Grosse Pointe Farms Fire Fighters Association, Local 1509, AFL-CIO, asking for a special election to amend the Farms City Charter so that policemen and firemen shall receive equal pay, was received by the Farms council on Monday, February 5, and filed, with no further action taken.

The petition bore approximately 2,300 signatures of local residents, but the council's decision was based on advice of City Attorney George McKean, who quoted a State Election Law which requires that such petitions be signed by qualified registered voters of a community, if a referendum is sought. Some of the signatories were not registered voters, according to City Clerk Peter Caputo.

It was pointed out by McKean that some of the persons had signed the petition twice, and in one instance, a resident signed three times.

Another reason, it was claimed by the city attorney, that the petitions are not considered valid, is that several persons who helped to obtain signatures, were themselves not registered voters of the Farms, as required by law, (firemen working, but not living in the Farms).

Hopes Are Stymied
The action taken by the council at Monday night's meeting, stymied the hopes of members of Local 1509, to have the charter amendment placed on the ballot at a special election, they hoped to have called by the city council this spring.

However, according to Mayor William Butler, the firemen have a legal right to recirculate another petition, if they so desire, and if found in order, a referendum can be placed on the ballot at the regular election in November.

If the firemen decide to recirculate another petition, the mayor stipulated, then they must conform to the following:

1. They do so on their own time; 2. They do so out of uniform; and 3. They explain to the people involved exactly what the petition means and what its consequences will be.

City Policy Cited
These, and the following were adopted as city policy by the council:

1. Pay shall not be set on a mandatory basis by charter for any appointive job.

2. Pay for one job should not be geared to the pay of another and dissimilar job. Each job should be weighed on its own merits.

3. The job (duties and responsibilities), of firemen and policemen are not comparable; thus, their pay should not necessarily be the same.

4. The work of firemen is not as hazardous as the work of policemen.

5. The firemen of Grosse Pointe Farms are adequately paid for the work they perform.

6. Firemen are scheduled to work 121.5 days a year, including vacations and paid holidays; and this means they have 23.5 days a year off (plus vacations and paid holidays). Policemen work five 8-hour days a week (Continued on Page 7)

School Board Quiz Offers Information

Every Effort Being Made
To Fully Inform Voters
Before Going To Polls
On February 26

In an effort to inform the community fully on the background to the special school election scheduled for February 26, the trustees of the Grosse Pointe Board of Education are conducting an informational campaign designed to answer all questions that citizens may have concerning the issues.

Ballot Proposition No. 1, which seeks to levy a maximum of 7 1/2 mills for operation over a two-year period, would help keep the local schools competitive with salary schedules of other nearby systems.

The additional funds would help meet the costs of growing school population, (including the operation of North High School), and would cover increased costs of operating all schools and libraries.

The answer to a number of questions about Proposition No. 1 are provided here.

Will the passage of Proposition No. 1 mean that taxpayers will not again be asked for additional operating millage before 1970, when all voted operation millage will expire?

We do not anticipate that it will again be necessary to ask for additional funds, but neither the trustees nor anyone else can predict what course the national economy may take, nor what lies ahead for public school enrollment. Among the many factors in enrollment increase is the growth in the number of transfers from parochial schools.

What will happen if Proposition No. 1 fails?

It would be necessary to establish priorities to maintain as many as possible of our present instructional programs. It is impossible to give specifics, but it is safe to say that a number of program curtailments would occur and class sizes would have to be increased. Salaries would be uncompetitive and would result in the loss of good teachers and a general lowering of staff morale to the point where the district could face a situation similar to that found in many Michigan communities this year.

Grosse Pointe is a pleasant community with good schools, many better-than-average students, and a fine record of school support. Why must we compete so fiercely for teachers with districts not offering our advantages?

According to the Wall Street Journal education is the "fastest growth industry in the nation." Although the colleges and universities are graduating increasing numbers of young educators, many of the best of these are attracted to business, government, and social service posts. We require a high calibre faculty to work creatively and effectively with the bright young people of Grosse Pointe.

What percentage of the school system's total tax levy is allocated for operational expenses? The budget for 1967-68 allocated 89.8 per cent for operational expenses.

What percentage of the operational budget is allocated for instruction?

During 1966-67, for example, the schools spent 65.79 per cent of the operational budget for instruction.

Why are the taxpayers asked to approve additional operating millage at this time? Because of the growth of the public school population and the national economic spiral which has caused prices and wages to rise higher and higher, the 6-year levy approved in 1963 will not provide adequate funds. The Board of Education would have had to request additional millage from the voters in the fall of 1966 to meet staff payroll if the State's reassessment of property had not provided the school district with a larger tax base.

Why did the Board of Education approve a salary adjustment for teachers in November, after contracts for the school year were already signed?

Two Students Interviewed About Use of Marijuana

In the past two weeks the News has reported on interviews with Farms Police Chief Jack F. Roh, principal of Grosse Pointe High School Jerry Gerich, and director of the Neighborhood Club Ed Krattli on the use of marijuana in the Grosse Pointe area. This week two students at Grosse Pointe High School were interviewed.

The first, a senior boy with interests as varied as water skiing and relaxing at the coffee house of his Church, is an average student.

He said that he felt there was less talk about marijuana in the high school now than there was last year at this time, and also that more students talked about marijuana than used it. He said he felt the penalties for use of marijuana were too high for most teenagers to risk trying it, but added that those who do try it, do so out of sheer curiosity and rarely use it as a habit.

Marijuana

(Continued from Page 1)
ing about it and investigating it can be an intelligent solution be reached.

He pointed out that the teenager today lives under many pressures and often tries to escape by means that adults usually frown upon. He cited earning good grades, admission into the college of his choice and daily social pressures as a few of the problems the modern teenager has. He added that the teenagers have a genuine fear of atomic war and worry about world problems in general.

He was most emphatic in his belief that marijuana at the high school was no major problem.

The second interview was with a petite, senior girl with a high scholastic average, who was very active in school activities.

She was in agreement with the boy's statements and affirmed that marijuana was not a major problem at the high school.

She said that she felt enough evidence has been presented so that the majority of the teenagers are afraid to try marijuana.

When asked about the loyalty teenagers felt toward one another and their unwillingness to "rat" on each other she responded with "self preservation" . . . the boy however said that whether misplaced or not he felt a certain loyalty to other teenagers that he couldn't explain.

The girl said she felt that the overcrowded condition at the high school affected the attitudes of the students and that when the two high schools were operating in September a different attitude toward the school would undoubtedly come about.

She mentioned that students were thinking about ways to stave off vandalism and other improper conduct at school. Some suggestions such as a student court and student monitors have been under discussion but with the overcrowded conditions no action could really be taken that would be effective until the overcrowding problem is resolved in September.

No specific texts need to be purchased, although Mr. Gruber will provide mimeographed materials. He requests that all who wish to attend this course phone the church office at least one week in advance, that is, by Ash Wednesday February 28.

Group "C" led by Rev. James Handley: "The In-Sounds."

Here, a limited group of twelve graders and adults will be trying to get tuned-in and turned-on to the message of contemporary sounds, especially as they pertain to Christian concerns. The resource persons are four senior high school students who have assisted Mr. Handley in designing the course: Mike Maun, Joe Pehrson, Dan Prince and Ed Oetting. Here is the week by week schedule.

March 6: The Beatles/Mike Maun/Youth Lounge of church.

March 13: Electronic music/Joe Pehrson/Pehrson's home.

March 20: Folk music/Dan Prince/Prince's home.

March 27: Protest songs/Ed Oetting/Youth Lounge of church.

April 3: Rock jam session/The Burlington Route/Youth Lounge.

The Burlington Route is a local musical group that will perform live. All other music is recorded. Participation is limited to the first 24 persons who register with Mr. Handley, (either by mail or calling the church office), and who intend to be present for all five sessions.

Group "D" led by Rev. Richard Mitchell: "The Rich Nations and The Poor Nations."

This study group takes its name from the Barbara Ward book of the same name and will be used as its text. The book costs \$1.25 in paper back and takes two weeks to obtain, so all participants who do not have a personal copy are asked to obtain one by writing or phoning Mr. Mitchell at the church no later than February 20. The content of the course has been outlined by Mr. Mitchell as follows.

March 6: The basic differences between rich and poor nations. Why some have prospered and others haven't. The first two chapters of Barbara Ward's book detail basic discrepancies. Is she correct in her analysis?

March 13: How communism differs. Its impact on other nations.

March 20: National development is influenced by economics and politics. Many actions of rich nations directly affect development of other nations and their interrelationships.

March 27: There are concepts, other than economics and politics, which influence national growth. If men and nations do not live by bread alone, where does the growth of ideas originate?

April 3: Review and reaction to Barbara Ward's basic suppositions as stated in "The Rich Nations and The Poor Nations."

Burglaries

Goodall, who are awaiting a hearing in Detroit's Recorder's Court, on a charge of burglary, are the same two arrested by Park Patrolmen Edward Janostak and John Kendall, who witnessed the pair steal an expensive adding machine from an office supply store on the Detroit side of Mack avenue, on December 13. The Detroit charge is the result of that arrest.

D'Hoest and Goodall smashed the window of the store, reached in and grabbed the machine, an automatic calculator, valued at \$690.

Pal Caught Later
Janostak and Kendall went into action and were successful in apprehending Goodall, but the youth's companion was able to escape. Goodall's partner was later identified as D'Hoest, who was arrested by Detroit authorities, and charged on complaint of the Park police-men.

LaPratt said that charges against the juvenile have been filed with Juvenile Court authorities; and that warrants have been sought against D'Hoest and Goodall, who were scheduled for a hearing in the Park Municipal Court yesterday, February 7.

INTOXICATING DISCOVERY

City police received a radio call on Friday, February 2, to assist officer John Drummond, who was holding an intoxicated youth at the Neighborhood Club. Upon arrival officers talked to the boy who said he had found and consumed six cans of beer in a field near his home. Police could not locate his parents but sent the boy home with a family friend.

Sex Offender Given Jail Term

Luther Maxwell, 26, 2626 Anderson, Detroit, married and the father of three children, was arrested by Park police on Tuesday, January 30, and charged with indecent exposure. Maxwell was arraigned before Park Municipal Judge C. Joseph Belanger on the date of the arrest, and plead guilty as charged. He was sentenced to 15 days in the Wayne County Jail.

Police Chief Arthur Louwers said that Maxwell, on completion of his jail term, will be released to Detroit authorities for investigation of similar offenses committed in Detroit.

The police chief said that his department had received three complaints from parents and teachers in Park area schools, of a man committing the indecent act in the presence of young girls walking to and from school in the morning, and after school was dismissed.

Maxwell was arrested on an accurate description of his car, given by 12-year-old and 11-year-old girls, before whom the man had committed the act. The girls, who were praised by the chief for their alertness, told police that the offender's vehicle had a pink top and was painted white on the bottom, and that it bore white license plates.

All personnel in the department where placed on alert as the children walked to and from school.

At 5:30 p.m. on January 30, Patrolman William Furtaw saw a car at Charlevoix and Somerset, which matched the description given by the girls, including the white plates, which were issued by the State of Tennessee. Maxwell was taken into custody and charged.

Chief Louwers said that information has been sent to Tennessee authorities pertaining to the Park offense, and possibly those Maxwell might have committed in Detroit, in the event that police of that state might want Maxwell on similar charges.

To Show Classic At Film Forum

"The Informer," a classic of betrayal and punishment, is the film to be presented by the Friends Film Forum and the Grosse Pointe Public Library on February 16, at 9:15 p.m. in the main Reading Room of the Central Library. This is a series which is especially planned to provide unusual and outstanding films for discriminating viewers.

This month's film was directed by John Ford and is based on a novel by Liam O'Flaherty. It stars Victor McLaglen with Margot Grahame, Heather Angel, Preston Foster, Wallace Ford and Una O'Connor.

"The Informer" is set against a background of the 1922 Irish Rebellion and has been widely praised for its maturity of subject, classic unity of time and place, imaginative direction and artistic photography. The psychology of the informer is depicted with a sureness and effectiveness rare in the cinema, through the subjective use of images and inner monolog. It has been called a classic drama of man's conscience.

The film won four Academy Awards, the New York Film Critics' Awards for Best Motion Picture and Best Direction; Best American Film of the Year and an award for Best Scenario at the Venice Film Festival in 1935.

The general public is invited to attend this program and other Film Forum programs which are presented on the third Friday of each month, October through April.

Series Offering Austrian Films

Austria is the next country to be featured on the George Pierrott selected Grosse Pointe Adventure Series at the Grosse Pointe War Memorial. The date is Valentines Night, February 14. Prior to the show, a Tyrolian and Viennese dinner will be served in the Crystal Ballroom at seven o'clock.

At 8:15, the travelogue "The Smiling Face of Austria" will be personally presented by Frank McGinnis in Fries Theatre. In the film will be seen both the old and new Vienna, the city of eternal music, St. Stephens, the symbol of Viennese spirit, will be visited as well as Schonbrun and Belvedere castles.

The audience will be taken around the Ringstrasse with its magnificent monuments and baroque designs. Then they will vicariously drool over epicurean pastries in T. Hermann's on the Graben.

Leaving Vienna, the film follows the swift flowing Danube through the Wachau Valley and viewers will be awed by the Gross glockner, the highest peak in Austria. From tiny mountain towns, the picture turns to the grandeur of Mozart's Salsburg, then too there will be visits to Kitzbuhel, Bregenz and four famous castles.

Dinner and show are \$4.50, tax and service included. Paid reservations should be in by February 12. Tickets may be bought in advance for the movie only at \$1.50.

It's easy to figure a living wage for the other fellow.

Club and Schools Sponsor Course in Home Gardening

Are you one of those people who are interested in home gardening but have never been too successful at it? Or an avid gardener looking for new horizons?

Then the Department of Community Services-Grosse Pointe Public School System in cooperation with the Men's Garden Club of Grosse Pointe is offering a six-week course in Home Gardening starting Wednesday, March 6, from 7:30 to 9:30 p.m., in the Community Service building, 43 Grosse Pointe boulevard, just for you.

The first session will feature F. MacLean Alexander, Jr., who will speak on "Planning Your Garden." Mr. Alexander, a landscape contractor, studied landscaping at the University of Michigan and Michigan State University, and was graduated from Wayne State University. He is a member of the Men's Garden Club of Grosse Pointe.

Elmore W. Frank will speak on March 13, on types and varieties of roses best suited for our gardens. He will show colored slides on insects and diseases. Mr. Frank is Consulting Rosarian for the American Rose Society in Grosse Pointe and is one of the organizers and first president of the Grosse Pointe Rose Society. He is also a Judge of Horticulture accredited by the Men's Garden Clubs of America.

"Hardy Plant Materials for the Average Garden—Ornamental Shrubs, Wild Flowers, etc." will be discussed on March 20, by Harry Elkins. Mr. Elkins is a teacher at the Guyton Elementary School and past president of the Men's Garden Club of Detroit. Mr. Elkins has one of the most distinguished gardens in the Grosse Pointe area.

Mrs. Amy Duke Harris will speak on "Lilies" and "Hemerocallis," on March 27. Mrs. Harris earned a BA degree (cum laude) at Duke University and a MA at the University of Virginia. She is editor of Woman's Magazine and Women's Editor of Men's Magazine, past-president of Women's National Farm and Garden Association, and the immediate past-president of the Grosse Pointe Garden Center.

Harold A. Weik, an active member of the Men's Garden Club, and the club's delegate to the Men's Garden Club of America National Convention the past two years, will summarize what he considers to be the most important points in the successful growing of prize vegetables and fruits in the home garden. Mr. Weik has won many ribbons in the annual Grosse Pointe Men's Garden Club Show, for his fine vegetables.

"Annals, Biennials and Perennials" will be the topic of Howard W. Poe's presentation on April 3. Mr. Poe holds a BA degree from the University of Michigan and a MA from Columbia University. He is a Counselor at Pierce Junior High. He is a member of the Men's Garden Club of Grosse Pointe and the Grosse Pointe Rose Society, and has an outstanding garden.

That same evening Kenneth Cary, who holds a BA degree from Indiana University and a MA degree from Columbia University, will discuss "Chrysanthemums." He will supplement his discussion of growing mums with colored slides.

The course will conclude with Elmore W. Frank's discussion on "Lawns" on April 10, and a panel featuring Vincent R. DePetris, J. Arthur Shimmin and David L. Swanney.

Mr. DePetris is past president of the American Chrysanthemum Society and an honorary life-member of the National Chrysanthemum Society. A medal winner, Mr. DePetris was cited by the American Association for the Advancement of Science as one of the leaders in American Science.

Mr. Shimmin has served as director of the Men's Garden Club of Grosse Pointe and was president of the club in 1963. A member of the Detroit Rose Society, he was one of the organizers of the Grosse Pointe Rose Society in 1963 and is past president of this organization.

Mr. Swanney's experience includes many years as a professional gardener, starting in his native Scotland and continuing in the United States. He is now superintendent of the James S. Whitcomb estate in the Farms.

Class members may ask any gardening questions of these panel members.

School Board Answers Election Questions

(Continued from Page 1)

Board settled the contract in the Spring, both sides agreed to a re-examination clause if the comparative ranking of Grosse Pointe's school schedule among area school systems fell below fifth place. Considering the strikes and turmoil that marked the opening of the 1967-1968 school year in a number of Michigan communities, the re-examination feature of our contract proved highly beneficial to the educational welfare of the children of Grosse Pointe and resulted in a fair salary settlement for our teachers.

How much will it cost the school district to hire additional staff members for 1968-1969? As we open Grosse Pointe North and change to a middle school type of organization approximately 50 additional teach-

ers and administrators will be needed for the 1968-69 school year. Included in this number are both elementary and secondary teachers to eliminate oversized classes and to meet increased enrollments. We estimate the cost of these additional professionals to be \$450,000.

Because of salary increases and the rising cost of goods and services required by the schools, a number of districts in Michigan face deficit financing. Is this likely to occur in Grosse Pointe?

In spite of deficit spending throughout the state and nation, your Board of Education expects to continue sound fiscal policies. Therefore, we hope to attract teachers who find some advantage in being employed by a district in a sound financial position. Banks like to do business with the Grosse Pointe schools; we have an AA credit rating with bonding companies.

How does Grosse Pointe compare with other area districts in tax rates?

In a ranking of tax rates for all Wayne County school districts (levied on State Equalized Valuation for the current year) Grosse Pointe is 29th from the top among the 43.

Although they are not in Wayne County, what are the comparable tax rates for the school districts of Birmingham and Bloomfield Hills?

For 1967-68 Birmingham's millage is 30 and its debt service amounts to 5.20, for a total of 29.36.

How will Grosse Pointe's tax rates compare with other area districts if the proposed bond

and millage requests are successful?

The results of a recently conducted survey indicate that at least 20 Wayne County school districts contemplate requests for increased operational millage. The amounts of the proposed levies range from one to 10 mills. Even with the proposed increase in millage, it is estimated that Grosse Pointe will rank no higher than 8th place for total operation.

Thieves Steal Golf Equipment

Robert A. Wright, 56, of 417 Saddle lane, lost valuable golfing equipment to thieves who broke into the trunk of his car on Saturday, February 3, according to a report made to Woods police.

Wright told police that the thieves, punched out the lock of the car trunk and took a set of man's golf clubs, a set of ladies' golf clubs, a dark golf bag containing six golf balls and two pairs of golf gloves and one golf umbrella, a lady's windbreaker, a man's golf bag containing a dozen balls, and another golf umbrella.

Also, a yellow sweater and a man's windbreaker; a suit of rain gear, and a pair of golf shoes, and the car's spare tire and wheel.

Wright estimated his loss at about \$1,600.

for 52 weeks a year (minus vacations and paid holidays); this is 260 days on duty and 105 days off duty plus vacations and paid holidays. Thus firemen have more opportunity than policemen to earn additional money on the outside.

Must Keep in Touch
It was pointed out that it was city policy to permit policemen and firemen the right to work while off duty, to earn extra money, provided they have the permission of their respective chiefs, and that they inform their chiefs where they will be working, in the event they are needed in case of emergencies.

Fireman Lucien Saeff, president of Local 1509, said that all that was required was that 1,800 names be obtained on the petition, but on advice of the local's attorney, Theodore Saks, more names than needed were sought, just in case some of the signatures should not be valid.

Saeff said that his organization will abide by the council's decision in this instance, although it is felt that the firemen had complied with the law. But any further action that will be taken by the Association will be determined after a talk is held with Saks.

Cottage Hospital Returns Nine Trustees to Board

The Board of Trustees of Cottage Hospital was given a significant nod of approval at the hospital's Annual Meeting January 24 when all nine of the trustees whose terms had expired were re-elected to three-year terms. The theme of this year's Annual Report is the role of trustees of voluntary hospitals.

The re-elected trustees are Mrs. Andrew W. Barr, Mrs. George R. Fink, Mrs. Carl B. Grawn, Mrs. Nelson Holland, Mrs. James McMillan, Mrs. Sidney H. Morgan, Mrs. Longyear Palmer, Howard F. Smith, Jr., and Mrs. Cameron Waterman, III.

"The trend, (of holding the hospital liable for the acts of doctors), adds a new dimension to the previous moral responsibility of trustees to insure that quality medical care is furnished," Robert A. Waters said in his report as president of the Board of Trustees.

Further, Mr. Waters explained that "the advent of Medicare increases markedly the intrusion of the Federal government into the hospital field."

"Therefore, I predict that we will see more and more controls over hospitals by the Federal government," he said. "The administration of such controls will, of course, further increase the cost of hospital care," he warned.

On the brighter side of the annual message, Mr. Waters reported that Cottage Hospital has continued to improve services and facilities, it has not been faced with the substantial problems Medicare has posed in many hospitals, it has not had to borrow money in order to meet the costs of the new Wage-Hour Act, and it is pushing ahead with plans to expand the number of beds and to modernize in many areas.

"I attribute all of these bright spots to the hospital's efficient administration, past and present, backed by a highly competent medical staff and a concerned Board of Trustees," Mr. Waters concluded.

In his report, the president of the medical staff, David H. Barker, M.D., noted the addition of services such as the Inhalation Therapy Department and Cardiac Resuscitation Carts and emphasized the medical staff's increasing concern over patient care controls.

The Annual Report of the Cottage Hospital states, in comparing 1966 with 1967, there is significant growth in a number of services at Cottage. Especially noteworthy are statistics showing that an excess of 1,100 more emergencies were handled in 1967, approximately 12,000 more laboratory tests were administered, and more than 13,000 more prescriptions were filled.

Ralph L. Wilgarde, in his Report of the Administrator, noted that "Cottage Hospital has human assets not found in many hospitals" as he paid tribute to the members of the Board of Trustees.

Ending on a note of high optimism, Mr. Wilgarde said, "We do have a future."

COOK REAPPOINTED

Councilman Donald D. Cook was reappointed by the Woods Council on Monday, February 5, to the Election Commission for a two year term. The Election Commission discussed election procedures and presented their recommendations to the Council for approval. City Attorney George Catlin and City Clerk Leona D. Liddle are also members of the commission.

Three Pointers Taken Off Road

Three Pointers have been denied the right to operate a motor vehicle by the Secretary of State's Office in Lansing, according to the latest report, dated January 26, received. Two of the drivers are named among 369 State motorists added to the list of the latest to have had their licenses revoked, and the third is among the total of 571 who have had their licenses suspended, as revealed by Secretary of State James M. Hare.

The revocation penalties were applied against Phil Valare Tack of 363 Belanger road, who has been denied the privilege to drive as of January 23 because of an unsatisfactory driving record and for failing to change his address on his license; and David W. Schervish of 240 Fisher road, who was taken off the road as of December 28, 1967 because of an unsatisfactory driving record. Forbidden to drive for seven months is Richard Lee Westfall of 2003 Oxford road, whose

license was suspended as of November 17, 1967 through July 17, 1968, because he drove a motor vehicle while his operator's license was previously suspended.

Torino...for people who know there's more to a performance car than painted stripes.

1968 Torino GT Fastback (Top)
1968 Torino GT Hardtop (Bottom)

Anyone can paint stripes on a car. Ford's performance champs earn their stripes the hard way. Torino swept the first five places in the Riverside 500. It's the Pace Car for the Indy 500. It's the hottest-selling new car in the country! Fairlane took first place in its class for braking and for economy in the Union/Pure Oil Performance Trials—in fact, Ford Motor Company cars won more classes than all other manufacturers combined! If it's performance you want, ride with a winner! See the man with Better Ideas... your Ford Dealer.

FACTS ABOUT THE 1968 TORINO

When Torino takes the first five spots in the Riverside 500, first time out, you know it's tough! These cars, of course, were driven by professionals and were modified to meet the special demands of competition. But, the same kind of basic durability and maneuverability are built into every Torino we make. So if you

want stripes, get 'em on the car that gives them meaning! Choose from three GT models—fastback, hardtop and convertible. All with a 289-cu. in. V-8, wall-to-wall carpeting, all-vinyl interiors, styled steel wheels, GT identification and wide-ovals. Or choose the regular hardtop or 4-door sedan. Like the GT's, they've got

a longer 116-in. wheelbase for smoother riding comfort, more room and up to 20% more trunk space. There's a wide range of engines and luxurious features. You can even have a Torino Squire wagon, with 2-way Magic Doorgate. See America's hottest newcomer at your Ford Dealer's soon!

North High School's Gym Floor to Float on Springs

When Grosse Pointe North High School opens this September one of its outstanding building features will be the Springaire floor in the gymnasium.

Just what is a Springaire floor? It's a cushioned wood floor consisting of an active floor separated from the concrete base by heavy steel spring leaves of controlled deflection. This cushioned or "floating" floor has been most effective in preventing shock to knee, ankle and hip joints of performing athletes, who in the past have suffered because gym floors are generally too rigid.

Under Grosse Pointe North High School's gym floor there will be 5800 especially tempered, rustproofed, heavy steel springs. Schools which have this type of flooring in their gym say that the physical education instructors are less tired after a day on Springaire floors.

The floor was designed, developed and invented by Pointer Leo E. Kuhlman, of Fairford road. He installed his first Springaire floor at Lochmoor Golf Club in 1951. Since that time Springaire floors have been installed all over the country including St. Paul's and Our Lady Star of the Sea in The Pointe.

Mr. Kuhlman, who was a general contractor for over 40 years, dreamed up the idea of the Springaire floor when he was looking for an all-purpose flooring for the Educational Building in Our Savior Lutheran

Church. They wanted one floor that could be used for roller skating, indoor sports, square dancing and yet attractive enough to have in a meeting room and banquet hall.

Some authorities at that time claimed that an all-purpose floor was impossible, but Mr. Kuhlman would not take "impossible" for an answer. He spent many a sleepless night planning an all purpose floor and came up with the idea for Springaire flooring. He contacted a steel spring products company which designed the right size and temper of springs.

His next step was to convince Lochmoor Golf Club members to let him install the floor. He was so sure of the success of his flooring that he told the club people they needn't pay for the floor unless it proved to be everything he said it was.

The flooring was what Mr. Kuhlman promised and more. That was the beginning of Springaire floors and the fulfillment of Mr. Kuhlman's dream... an all-purpose floor. Today hundreds of gymnasiums, dance floors, recreation rooms and hand ball courts all over the country have Springaire floors and love them!

Students Busy At Austin High

The Austin English Department is staging its annual Shakespearean Symposium during the month of February under the direction of Thomas E. Bailey, vice principal and English Department chairman.

During these lectures and demonstrations, students assemble in small groups for displays and discussions about Shakespeare and his works. The groups are led by Mr. Bailey with smaller group discussions in their individual classes. Also presented are the movies of "Macbeth" and "Julius Caesar."

Also during the month of February, the Augustine Speech Contest begins. In this festival each student in the school delivers a speech, a dramatic reading or an oral interpretation. If the students pass the preliminary round, he will pass to the final rounds.

Here trophies are given for the best speakers and they will go on the Genesian Speech Festival on February 25 and the Michigan Forensic Contests which follow in March. These speech activities are under the direction of the English Department and Vice Principal of Activities Mr. Bailey.

The Austin Student Senate has just scheduled the Mardi-Gras Dance for the benefit of the missions on February 24. The dance will feature the band "The Taxi." Preparations for this event have been made by Senate President Tom Misuraca and the Austin Dance Committee.

Austin was the seat of the Model United Nations assembly caucus on Saturday, February 3, at 9:30. Countries from other schools arrived to prepare their briefs for the spring convention. In this organization under the direction of Mr. J. Geller and Brian McMahon, schools represent UN nations by acting together in a two-day convention as the countries would actually appear in the General Assembly and Security Council.

The Austin Friars rolled to another basketball victory by beating Detroit Cathedral, 79 to 57. Mike Gibson led the Friars with 19 points while John Sark tallied 12. All Austin players scored in the game. Dave Pawlak led Cathedral with 13 points. The Friars are now 54 in league play.

The bowlers of Austin find themselves in last place in the Central Division Bowling League. Team captain and All-City Bowler Bob Fletcher leads the Friars with a 185 average.

The Austin swim team is in first place in the Central Division with a 2.0 record.

Tax Discussion Attracts Crowd

The informative property assessment meeting held in the Farms Municipal Building on Thursday, January 25, was termed a success by Farms City Comptroller-Assessor Carrol Lock.

There were a few vacant seats, but the number of people who were interested enough to attend the session numbered at least 50, Lock said.

He said that the discussion was a general one, covering the obligation and responsibility of the local assessor under the State laws and a brief explanation of the local assessed value, county equalized and State equalized values and their differences.

Typical of some of the questions asked, Lock said, were: Question: Do I understand that the State equalized value increased about 15 percent last year?

Answer: Yes. This did take place last year and the State equalized valuation is a changing valuation which relates to the value of the property as of December 31 of the prior year.

Question: When will we be at the State level, or 50 percent of the value, in the 1968 Assessment Roll. We believe that the County and State will accept our value without an additional increase this year, or next year. This value will be the same as the 1967 State equalized value.

Question: Has property been reassessed during the past three years?

Answer: Unless some improvement or change has been made in the property, generally the local value has remained the same from 1964 through 1967; however, the State equalized value has been different in each of these years.

Questions relating to school financing were asked, and Ray MacArthur, Assistant Superintendent in Charge of Financing, was present, and he answered questions pertinent to the School District and explained matters relating to the schools.

An example of an actual house showing the different valuations and the amount of taxes paid from 1963 through 1967 was explained.

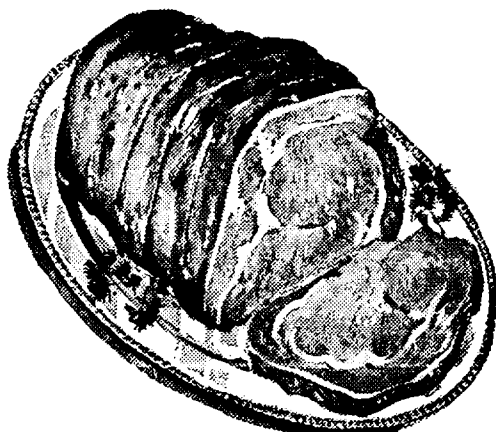

Lock said that if additional interest is shown, future meetings will be held. Citizens who are interested should contact the Assessor's Office at the Farms City Hall, Tuxedo 5-6600, so that a meeting may be scheduled, Lock added.

WSU Pays Honor To Two Pointers

Two Pointers were recently presented Centennial Medallions by Dr. William R. Keast, president of Wayne State University. The Centennial Medallion was designed for presentation during the University's Centennial years to persons who have played a major role in the development of Wayne State or

in its Centennial program. Recipients were Louise C. Grace, of Hillcrest avenue, and John H. Webster, of Pine court. Miss Grace was a member of the Detroit Board of Education before Wayne State became a state university with an elected Board of Governors. At that time, the Detroit Board of Edu-

cation was the governing body of the University.

Mr. Webster was a member of the Detroit Board of Education from 1925 to 1949.

The presentations were made at the opening of the exhibit telling the history of Wayne at the Detroit Historical Museum. The exhibit will be open until June 23.

GPUS Extending Popular Class

One of the most popular programs at the Grosse Pointe University School is the Pre-Kindergarten. In recent years interest has grown to such an extent that applications are far in excess of available places. As a

result, the Board of Trustees and the Headmaster, Hugh C. Riddleberger, have decided to make some changes with the thought of offering opportunities to more students. First of all, the Pre-Kindergarten

is designed for boys and girls who have reached their fourth birthday by November 1 of the year they enter. In the past there has been one session of 50 students divided into three separate classes of approximately 17 each. The school day extended from 8:30 until 2:30 with lunch and a nap period taking up most of the afternoon. In 1968-69 there will be the morning program terminating at noon with no lunch or nap. An afternoon session lasting from 12:30 until 2:30 on Tuesday, Wednesday, and Thursday will be offered to 30 children who do not plan to continue on to the Grosse Pointe University School Kindergarten.

The pre-school experience has been praised more and more by pediatricians and educators. The stimulating opportunities given children by an experienced professional staff are proving most helpful in preparing children for a healthy academic experience.

Because of the experience of the various nursery schools in the neighborhood it is believed that this new offering will prove very popular for a great many families. The University School will accept eligible students on a first come, first served basis, and it will definitely restrict the enrollment to 30 students, or 10 to a teaching section. Those interested should contact Mrs. Grace Eriksen at 884-4450.

HARD TO BELIEVE

It's easy to remind the other fellow of the character building qualities of adversity.

Young Burglar Caught in Act

A 14-year-old Detroit boy was arrested and held for Woods authorities by a Detroit police officer on Thursday, February 1, when the policeman saw the youngster unlawfully enter a home and then emerge with two transistor radios and a steak knife.

According to a Woods police report, the teenager, who was distributing advertising handbills, entered the home of Mr. and Mrs. Edmund W. Tropp, 1934 Manchester. The front door of the house was slightly ajar and the family was not at home.

When the boy came out of the Tropp residence, he was taken into custody by Patrolman John M. Pettis, who is temporarily residing at 1933 Manchester. The officer called Woods police.

Lt. Harry Duross, Cpl. Bernard Kelly, Det. Gerald Kensora and Patrolman James Davidson were dispatched to the scene. Pettis told these officers that he observed the boy approach the Tropp residence to leave a handbill. The teen apparently noticed the open door, and walked into the house.

Pettis ordered the boy to remove the radios and knife from the canvas bag the youngster was carrying, and give them to the Woods policeman.

Duross apprehended another 14-year-old boy, who was assisting the other in the distribution, in front of 1800 Manchester. Both boys were taken to the station. The second boy was released when it was proven that he was not involved in the theft.

The parents of the first boy were called and informed of their son's action. When the parents arrived at the station, their son was released to them, and they were told that a charge of burglary had been filed against their offspring with Juvenile Court authorities. A hearing date is pending.

Later in the day, Tropp, and his son, Edmund L., 10, arrived at the station to identify and claim the radios and the knife, which were returned to them.

Fortune never smiles on a man just because he expects it.

GPARC Meets On February 14

The Grosse Pointe Association for Retarded Children announces a most important meeting open to all Pointers on February 14 at the Grosse Pointe Main Public Library. The time will be 8:15 p.m.

Robert Brown, president of the Association, will present Mrs. James Hardy, Director of Emmanuel Children's Center, Midland, Mich. Mrs. Hardy will discuss and answer questions about the controversial Doman-Delacato System.

This is a system of muscle and motor redevelopment affecting the central nervous system, and is reported to be effective with children with brain damage of various natures.

Parents and professional people will profit from information on this nationally discussed system which originated in Philadelphia. A coffee hour will follow.

Scouts Giving Demonstration

Defer PTA's Boy Scout Troop 147 will celebrate Boy Scout Week, February 7 through February 13, by staging a realistic camping demonstration in the front lawn of Defer School on Saturday, February 10, between 10 a.m. and 3 p.m. Movies of Troop 147 in action will also be shown.

Any potential scouts are welcome to attend and help Troop 147 celebrate the 58th anniversary of The Boy Scouts of America.

- Free Public Education is the Nation's first line of defense

Not having a reason to save is one of the best reasons for starting a savings account.

Saving is in style:

More and more people are saving . . . and, not necessarily saving for a specific reason. To be sure, there are still a number of those who have a savings objective; retirement, college, or whatever. But there's a steady increase in the number of people who are saving just to have that good "money in the bank" feeling.

If you're not now putting your money in the bank, NBD can help you. Start with as little as ten dollars. Then deposit a little each week. And watch it grow. Save ten dollars each week, for example, and you will have almost \$2,300 in just four years, based on the current rate of interest.

NBD has more than 95 offices. So, there's bound

to be an office near your home or work. NBD pays and compounds an annual rate of 4% interest, quarterly. This encourages you to keep your savings where they belong . . . in the bank and continuing to earn.

And you can save automatically by having money transferred into Savings from your Checking Account. You don't even have to come in to make a deposit. NBD does it for you.

Get that good savings habit, now, at Michigan's largest bank. Open your Savings Account at the nearest office of NBD. You'll find we treat your money as if our business depended on it. It does!

Appoint Pinkos To Woods Post

Councilman Benjamin W. Pinkos was appointed by the Woods Council on Monday, February 5, to the Promotional Committee which sets up rules and procedures for promotions in the Public Safety Department.

A recent vacancy for the position of Sergeant was created when Jack William Mast resigned from the Public Safety Department to take the position as the first Police Chief of Clinton Township.

The Promotional Committee also includes Public Safety Director Allen Andrews and Mayor Kenneth R. McLeod.

After the committee sets up the rules and procedures Director Andrews conducts these procedures as established by the committee with the Michigan Municipal League. When the examinations are concluded the committee will review the procedures involved and make the promotion.

2 Pointe Drivers Taken Off Road

The operators' licenses of two Pointe residents were revoked by the Secretary of State's Office in Lansing, according to the recent report received from Secretary of State James M. Hare, dated January 16.

The weekly list disclosing names of State motorists whose right to drive has been suspended or revoked, showed that Robert Ida of 641 Washington road, had his license taken from him on January 9, because of an unsatisfactory driving record and for failing to appear for re-examination.

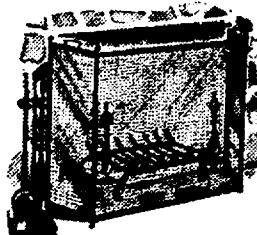

Frank G. Schwartz of 1038 Kensington road, had his license

of the Grosse Pointe Central Library, as well as the construction of two new branch libraries within the school district.

revoked because of an unsatisfactory driving record. This occurred on December 21, 1967.

The information released by Hare revealed that during the week of January 7-13, the driver's licenses of 519 State motorists were suspended and those of 466 were revoked.

Greyhounds Beat St. Paul Lakers

Friday night's 54-50 loss to the Greyhounds of St. Ladislaus in the Greyhound gym killed St. Paul's chance of participating in the city basketball tournament.

The Lakers shot 37.6 per cent from the floor while St. Ladislaus netted only 35.1 per cent. Both squads snared 55 per cent of their free-throws. A tall Greyhound team out-rebounded St. Paul 26-22.

The Lakers grabbed a 7-1 lead early in the first quarter

but St. Ladislaus came out on top 15-12 at the end of the period. The Greyhounds sustained their lead 29-27 at half-time and 43-37 in the third quarter.

With one minute left in the encounter St. Paul trailed by only one point. But St. Ladislaus scored three free throws in the time remaining for a 54-50 victory over a disappointed Laker squad.

St. Paul's Girls Still Unbeaten

In one of the closest, most tense games of the season, the St. Paul's girls basketball team finally came out victorious over a strong St. Martin's six 38-28.

A fourth quarter scoring surge by the forwards, especially Jan Gilbert, broke up the game that had seen the lead switch hands five times in the first three quarters.

This victory enabled the Lakerettes to remain atop the Southeastern Division with a 5-0 record. A win next week over St. Cyril's would clinch the championship.

Jan Gilbert ended up with 12 points, 10 of those coming in the fourth quarter. Karen Scheele had 13, while Lanie Quinn pumped in six for the Lakerettes.

Candidates For Incarceration

If a cherubic-faced youngster comes to your door peddling copies of the Grosse Pointe News . . . he's a crook. If it's a pimply-cheeked adolescent who punches your doorbell for the same purpose . . . he's a crook. We have no newsboys. Our papers are distributed by only two methods. The bulk of our circulation goes to paid-in-advance subscribers whose copies are delivered by Uncle Sam's postmen. The balance is placed at newsstands, in stores and in boxes where they may be purchased by anyone.

The woes of the circulation department are many . . . and they seem to have multiplied during this period of the strike against the Detroit dailies. Several weeks ago we reported on the incident witnessed by a gentleman who came to our office and informed us of what he had just seen occur in front of the Grosse Pointe Post Office where Warren comes into Mack avenue. The NEWS has a paper sales box there, as does another publication which has a limited circulation in the area. Our informant saw a man get out of his car, empty the Grosse Pointe News box and put the papers in the back of his vehicle, then fill the other box from the supply of the other publication he was carrying. Of course this sort of thing is nothing but common thievery. The police are working on the case, and we hope they will be able to pin the tail on the donkey shortly.

Then there came this phone call from a woman who wanted to know what had happened to her Grosse Pointe News carrier boy. She said she had been buying a paper from him for a long time, delivered to her door. The only way this dishonest delinquent could have obtained the papers was to steal them from one of the many boxes we have on the street. Hence the warning to anyone whose home might be visited by someone offering to sell copies of this paper. He is a candidate for incarceration.

And this seems to be as good a time as any to air our gripes over some other predators who plague the circulation department. Many, many times when we are notified that the issue is going to be late coming off the press, we arrange to have a few bundles of the first copies produced, rushed to the News office where they can be placed in the outside boxes to serve those who are especially anxious to have an early peek at the classified columns to find the home they are seeking, or to be the first to see the picture of Wanda in her wedding gown. So what happens?

Business people in the neighborhood, some of whom are advertisers, swoop down and grab stacks of papers, (unaccompanied by the tinkle of one thin dime), and rush gleefully back to their offices and emporiums to distribute them among the entire staff of employees. They are ably abetted by the policemen and firemen who come calling to collect copies for everyone in their departments. The next time we get a parking ticket we hope the writer has a twinge of conscience and realizes he is slapping the source of his free annual subscription to the Grosse Pointe News.

There is, we'll admit, a certain amusement value in watching the furtive paper-pickers palm a few issues, or the more sophisticated heisters push a penny in the box and pretend it's a dime. In fact, some of these "free subscribers" are so comical we'd like our paid subscribers to share our amusement. How about a hidden camera snapping pictures at a 30-second interval from late Wednesday afternoon through mid-Thursday morning? Now THAT's an idea for a full-page picture story!

Letters to the Editor

To the Editor:
I am certain that every teenager knows the dangers of smoking. Though their conscience may tell them that smoking is dangerous, they, believing that it is "sophisticated," quiet their conscience with the feeble excuses that it makes them more popular, or that it's fine if they smoke now, because they'll always be able to stop whenever they want to.

They don't realize that, while in some groups smokers might be more popular, the majority of people see them as very immature. Nor do they realize that smoking is habit-forming, and

What Goes On at Your Library

By Virginia Leonard

It's been some time since I turned my attention to new staff members. But somehow the fall and holiday seasons were unusually hectic, and only now I seem to be finding time to write about our newest professional assistants at the Central Library. If you use our main library, undoubtedly these librarians have helped you solve your reading and reference difficulties many a time.

First, may I present Mrs. Harold K. Daniels, (known to all of us now as Ruth). She hails from Oklahoma, and is a graduate of Phillips University at Enid, Okla., where she received her B.A. After a short stint as branch librarian, (a public library housed in a junior high school), in Oklahoma City, she attended the University of Illinois Library School, where she received her degree in library science.

Mrs. Daniels' next port of call was the East Cleveland Library in Ohio. (I always perk up my ears when I hear Mrs. Daniels tell of her experiences here, as I was a patron of this library as a child.) Here, she joined the staff as a professional assistant, but very soon became branch librarian of their North Branch.

Ruth married Harold Daniels five years after coming to East Cleveland. Soon Dan's work made it necessary for the Daniels to move to Painesville, O. (he was working in Ashtabula, O.), so Ruth resigned from the East Cleveland Library system, but did not go into retirement. Rather, she worked with a number of small town libraries in her new locale. At Chardon, for example, she organized the Geauga County Library.

In 1946 Dan was transferred to the Detroit area, and Ruth worked for two years in the Royal Oak Library. She became a "fugitive" from the library profession from 1951 to 1967, (the Daniels moved to Grosse Pointe in 1954). By this time Dan had become vice-president of Parke, Davis & Company.

During this period of so-called leisure, Ruth was active in the Cottage Hospital Auxiliary, the Women's Association for the Detroit Symphony, and various other community organizations. Her garden has been included in the Detroit Garden Center Pilgrimages for a number of years. Then, last summer, Ruth decided she needed to be surrounded with patrons and books again, and came to work for the Grosse Pointe Public Library as a reference assistant. We're glad she did, too.

I'll bet you've had Mrs. Robert W. McCoy help you also.

Jane, (to us), comes from Buffalo, N.Y. And so does her husband—and so do her three sons.

She attended the University of Buffalo where she earned her A.B. degree, plus her degree in library science. Later she added educational credits from Montclair, (New Jersey), State College. She was married in Buffalo (come on, now, Jane, can't we get out of Buffalo?) and lived there until 1950, at which time the family moved to Syracuse, N.Y., (two and a half years), then on to Melrose, Mass. (two and a half years), then Montclair, N.J., (10 years), and finally on to Grosse Pointe, where the family has lived for almost two years. Reasons for this nomad existence? Her husband, Robert, works for the Fairmont Foods Company and he was transferred around during this period of time.

I'm sure you'd like to know more about her three sons. Bobby, aged 28, has a Bachelor's and Master's in Business Administration from the Harvard Graduate School of Business. He is married, has a daughter, Elizabeth, almost three, and lives in Pittsburgh. Donald, the second son (23) graduated from Polytechnic Institute, (Troy, N.Y.), with a B.S. in biology, is married and he and his wife live in Albany and both attend graduate school (she is getting an M.A. in library science at Albany State College). Son Douglas (20) attended Tufts College last year, but is currently a sophomore at the University of Alabama where his major is political science.

Jane has worked as a librarian at Buffalo State College, the University of Buffalo, the Buffalo Public Library, Cedar Grove, (New Jersey), Public Library, and worked for five years as an elementary school librarian in the Montclair School System. This fall, Jane, like Ruth, was lured back into the profession, and we are proud to have her on our staff.

Her current hobbies are bowling and golf, and prior to coming to Grosse Pointe, she was active in such organizations as the American Association of University Women and various PTA groups.

We regret our rather long delay in giving these two librarians and friends some well-deserved publicity. We hope you'll come in and meet them, (if you haven't already), and let them help you with your library problems. A very tardy welcome to our staff, Ruth and Jane.

12 noon Grosse Pointe Real Estate Women Councilors — Luncheon and Meeting.

The W. Howard T. Snyders, of Hillcrest road, will entertain at a theater party in conjunction with the premier of Mr. Snyder's "Inside-Outside Detroit" this Saturday evening, February 10, when the Fine Arts Society of Detroit presents the second performance of "Fine Arts On Parade" at the Players' Playhouse in East Jefferson avenue.

Mr. and Mrs. E. H. Heaton will be in the party, as will the Snyders' houseguests from Chicago, Mr. and Mrs. Stephen Parker and Mr. and Mrs. Harry S. Parker.

Mrs. Stephen Parker, the former Kitty Snyder, just barely remembers when her clever father began his series of John Gunther-type parodies with the musical revue "Inside Detroit" in 1950.

"Further Inside Detroit" debuted a few years later — and provided more evidence of Mr. Snyder's wit and wry sense of humor about the local scene.

Planned Parenthood Dinner Slated Feb. 13

Annual Affair Will Kick Off This Year's League Fund-Raising Campaign; Carl T. Rowan Is Scheduled Speaker

Carl T. Rowan, nationally syndicated columnist and former ambassador to Finland, will speak at the annual dinner meeting of the Planned Parenthood League, Inc. The meeting will be held at the Mauna Loa Restaurant in West Grand boulevard, Detroit, Tuesday, February 13.

A Dutch treat cocktail hour will precede the 7:30 o'clock dinner.

Mr. Rowan, whose column is syndicated through the United States and Canada, is also a political commentator on television and radio.

During four and a half years in government service, he was director of the United States Information Agency, Ambassador to Finland, Deputy Assistant Secretary of State and a member of the United Nations General Assembly.

While serving in the Navy during World War II, Rowan was one of the first Negroes in the nation's history to be raised to officer rank. After receiving his Bachelors degree in mathematics from Oberlin College and his Masters degree in journalism from the University of Minnesota in 1948, he went to work for the Minneapolis Tribune.

During his 13 years with the Tribune, Rowan covered many of the major news events of the last decade, winning many awards for his outstanding reporting.

He is the only newsman in America to receive the coveted Sigma Delta Chi's medallion three years in succession. The journalism fraternity gave him the award in 1953 for "best general reporting" for articles on the school segregation cases pending before the Supreme Court, in 1954 for "best correspondence of the year" for a series of articles on India, and in 1955 for "best foreign correspondence" with a series of articles on Southeast Asia and the Bandung Conference.

His book, "South of Freedom," was named to the American Library Association's list of best books of the year in 1953. He also authored "Go South to Sorrow," an analysis of the race problem in America, "The Pitiful and the Proud" and "Wait Til Next Year," a biography of Jackie Robinson.

The subject of Mr. Rowan's

address will be "People, Poverty and Politics—New Dimensions in World Affairs."

The annual dinner will kick off Planned Parenthood's 1968 Fund-Raising campaign. Mrs. Walter Shapero once again is general campaign chairman.

Working with her as Commerce chairman is Wendell Goddard. Under Mrs. Shapero's leadership, the 1967 campaign goal was exceeded by 11 per cent.

In 1968 Planned Parenthood League, Inc., has a record budget of \$485,000 to maintain its current program and to pay for its proposed extension of services. The 1968 campaign goal has been set at \$125,000. There will be no solicitation at the dinner.

The League with offices in the Professional Plaza Concourse Building, Woodward avenue, operates 10 birth control clinics in Wayne, Oakland and Macomb counties.

Mrs. Glenn Wilson of Birmingham is Arrangements chairman for the annual dinner. Assisting her are Mrs. Aaron Gershenson, of Detroit, and Mrs. John Coe and Mrs. Byron Nichols, of Grosse Pointe.

The dinner is open to the public. Anyone wishing information may call the Planned Parenthood Office, 832-7200.

the party because of his studies at the Wharton School of Finance at the University of Pennsylvania, but Anne Snyder will be in the audience to applaud her father's "genius."

Director W. David Kludt chose veterans of Mr. Snyder's two earlier revues when he cast Leslie C. Putnam, John Peters and Dallas Chapin in the "Inside-Outside" skits.

Others in the cast are Jack Petz, Mrs. Mike Mikos, Mrs. Milton Volkens, Mrs. Henry Klein, James Hughes, Mrs. Paul Pearce, Mrs. Frank Finney, Mrs. Putnam, Mrs. Charles Hicks, Mrs. John Denler, Mr. and Mrs. Albert Bartel, Willard Rohoff and Mrs. Wilfred Harrison. Heidi Klein is a guest artist, and Mrs. Frank Standish is assistant director.

Doing The 'Relocation' Shuffle

When the John H. Dieters settled into a house in Barrington road, carefully and lovingly furnishing it with their precious antiques, they thought they'd be "Pointers" for a good long while, that young Pattie and Bobby would be attending Grosse Pointe schools for many years . . .

But the name of the game these days seems to be "relocation," especially when a company promotion is involved, and now, after a hectic holiday season, (the Barrington road house was sold, to a "relocated" couple from Ohio; Pat and John Dieter found a large older house in Shorewood, a suburb of Milwaukee, Wis., John's business headquarters from now on; there was a lot of flying back and forth to sign papers, et cetera, and much baby-sitting by Pat's parents, the Aaron E. Wilcoxes, of Loraine road), Pat and her mother are in Shorewood, arranging the new residence.

They hope to have everything ready by Saturday, when John returns from a Kansas City business trip to celebrate his birthday with his family, including Mr. Wilcox, who will fly in for the weekend.

One of the movers, incidentally, a "relocated" Californian, commented while crating the Dieters' Early American treasurers, "I haven't packed so many antiques since I helped move Shirley Temple, Black and the Bing Crosbys . . ."

"Relocation," by the way, means not only a change of schools for the young set, but a severance of club activities and affiliations for mother.

Here, Pat was a member of the Women's City Club, the Williams House Junior Board of Directors, Project Hope and the Detroit Review Club. She served as corresponding secretary for the latter group since last June, but will miss Detroit Review's Presidents' Day Tea in March, unless her mother can persuade her to fly back for it—after all, Mrs. Wilcox is a Review Club past-president . . .

Tribute To Mrs. Warren

Herewith we present the tribute, by "A Friend," to the late Mrs. Benjamin Streeter Warren, truly one of Grosse Pointe's Great Ladies:

MRS. BENJAMIN STREETER WARREN
December 14, 1877—January 2, 1968

Mrs. Warren was a beautiful person, and a very distinguished member of the community.

In the Garden Club of Michigan, she was a Charter member, a former president, and later an Honorary member.

Slate Welcome Wagon Meeting

Stouffer's Eastland will provide the setting for the next luncheon meeting of the Welcome Wagon Club of Grosse Pointe, to be held Thursday, February 15.

The group will gather at 12 noon in The Shores Room. Those present will have the opportunity to play cards after the luncheon.

Mrs. Clide Carr and Mrs. John Heamon remind all members to save articles for the White Elephant Sales, and to contact them if items are to be picked up.

The sale will be held on Thursday, March 21, at the Grosse Pointe War Memorial's Fries Auditorium, in conjunction with the Welcome Wagon scholarship bridge.

This year, the benefit luncheon will also feature showings of fur fashions, as well as hair styles and makeup.

Reservations for the Stouffer's meeting must be made before February 12 by calling Mrs. R. J. Abbott at 882-8363 or Mrs. J. E. Blackburn at 882-2428.

Any new resident who has received her Welcome Wagon hostess call is invited to attend this February luncheon.

enjoyed by her friends and by many garden lovers in Grosse Pointe and Detroit when she opened her garden to the public, on various Garden Club and Garden Center occasions.

Mrs. Warren's influence brought Mrs. Ellen Shipman, of New York City, noted landscape architect, to Grosse Pointe to talk to a huge mass meeting in Grosse Pointe on a very crucial occasion. Mrs. Shipman had designed the beautiful "Knot" garden at what is now the War Memorial, formerly the home of Mrs. Russell A. Alger. Mrs. Alger had offered her property to Grosse Pointe Farms, as a gift, to be used as a community center, and as a memorial to the gallant Grosse Pointe servicemen who died in World War II. A few obstacles seemed to stand in the way, at first, of the gift being accepted, but due to Mrs. Warren's influence and others, and Mrs. Shipman's eloquence on the subject, the city fathers accepted Mrs. Alger's wonderful gift. Everyone knows now the tremendous contribution to the cultural life of Grosse Pointe that the War Memorial has become.

Mrs. Warren was much in demand as a lecturer on the foreign gardens which she had visited.

Mrs. Warren was a leading spirit in the Mount Vernon Ladies Association, the Garden Club of Michigan, the Clemens Library, the Navy League, as well as the Lake Shore Planting Planning Committee, and she was also on the Planning Committee for planting the first half-mile of trees on Seven Mile Road.

We salute the memory of a great lady, and a wonderful person.

Fine Pointes of Real Estate

By C. W. Toles, Jr., Realtor

"When Is A Broker Not A Realtor?"

A real estate broker is anyone licensed by the state to operate his own real estate business. A broker, however, may use the designation "Realtor" only if he is a member of a local board of the National Association of Real Estate Boards. It is registered in the U. S. Patent Office, and should always be capitalized.

Unfortunately this term has become one of the most abused words in the English language. More often than not it is pronounced "reel-a-tor" instead of "reel-tor," it frequently appears in print uncapitalized and used in reference to any real estate operator, whether or not he is a member of a local board.

Through extensive advertising throughout the country, the National Association is attempting to familiarize the public with the significance of the term so they will be aware of the advantages of dealing with a member. To become a Realtor, a broker must meet certain qualifications, and to remain a member he must maintain high ethical standards and pay substantial annual dues.

All-Michigan Dinner Fare Detailed for Home Tables

Luscious Michigan Bonanza Ham, accented by a golden mustard sauce, was the talk of the table when Michigan newspaper editors and their wives met, January 26-27, at Michigan State University.

Over 700 representatives of the state's weekly and daily papers were treated to a delicious repast of Michigan agricultural products at the famed All-Michigan Dinner Saturday evening, January 27, at this continental meeting of the Michigan Press Association at The Kellogg Center for Continuing Education.

Complementing hearty slices of Michigan hickory-smoked ham were Congressional Bean Soup, a zesty Michigan Cabbage Patch Slaw, a Michigan relish plate, Michigan Baked Potato with sour cream or butter, Michigan Green Bean Surprise with mushrooms, Michigan Cherry Pie a la mode and Michigan dairy products.

"Michigan is one of the few states in the nation which can provide a complete meal of its agricultural products," reports Joe E. Wells of the Michigan Department of Agriculture, who has supervised the collection of Michigan foods and favors for this annual fete.

The All-Michigan Dinner is co-sponsored by the Michigan Department of Agriculture and Michigan's agricultural producers and processors, and is prepared under the supervision of Mrs. Evelyn Drake, food service director at MSU's Kellogg Center.

Mrs. Drake recommends cooking Michigan hams slowly, basting them frequently with the juice from Michigan's spiced apples or peaches.

Mrs. Drake's recipe for Bonanza Ham with Mustard Sauce allows a baking time of 15 to 20 minutes per pound of ham, plus a few minutes setting time before cutting.

BONANZA HAM
(12 to 14 servings)
1 boneless ham
(about 5 pounds)

Brown sugar
Accent
Spiced crabapple juice
Trim off any extra fat. Rub the surface of the ham with brown sugar and Accent. Score the fat side of the ham. Bake in a 350°F. oven, fat side up, until light brown, (about 35 to 45 minutes). Then baste with spiced crabapple juice or spiced peach juice every 15 to 20 minutes until done, (perhaps another 45 minutes).

MUSTARD SAUCE
(Serves 8)
1/4 cup sugar
2 1/2 tsp. dry mustard
1 Tbsp. corn starch
Salt to taste
1 cup evaporated milk
2 Tbsp. vinegar
3 Tbsp. prepared mustard

Sift together the dry ingredients. Heat the milk and add to the dry ingredients. Cook in a double boiler until thickened. Add the prepared mustard. Last, add the vinegar, just before serving. If the sauce needs thinning, add a small amount of vinegar.

Serve with ham slices.
Congressional Bean Soup, first course of the All-Michigan Dinner, was made from a recipe used at Washington, D.C., in Capitol dining rooms.

The late Speaker Joe Cannon of the U.S. House of Representatives was reputed to have so enjoyed the bean soup that he introduced a bill which requires the soup to be served every day the House is in session.

CONGRESSIONAL MICHIGAN NAVY BEAN SOUP
(Serves 6)

2 pounds Michigan navy beans
1 1/2 pounds smoked ham hock
Salt and pepper to taste
1 onion (optional)*

Cover the beans with cold water. Soak overnight. Drain and re-cover with water. Add smoked ham hock and simmer slowly for about four hours, until beans are tender. Add salt and pepper. Just before serving, bruise the beans with a large spoon or ladle just enough to color.

*The version of this recipe served in the Senate restaurant includes the onion. It is chopped

and braised in a little butter until light brown and then added to the soup a short time before serving.

Cabbage Patch Cole Slaw, a tasty dish prepared from firm, crisp heads of Michigan-grown cabbage, added flavor to the All-Michigan Dinner.

Michigan ranks ninth in the nation in the production of cabbage. Here's the recipe for an ideal dinner or luncheon slaw using this versatile vegetable.

MICHIGAN CABBAGE PATCH COLE SLAW
(12 servings)
1 1/2 quarts shredded cabbage
3/4 cup snipped sprigs of parsley
3/4 cup sliced green onion
Combine chilled vegetables.

Woods Appoints City Physician

The Woods Council, at their meeting on Monday, February 5, concurred with the recommendation of City Administrator Chester E. Petersen to appoint Dr. Donald E. Van Hoek as City Physician. Dr. Van Hoek's offices are located in 20223 Mack avenue. He will attend to all on-the-job injuries, medical examinations for employees and other emergency and routine medical problems arising out of employment in the City of Grosse Pointe Woods.

BIG REAL ESTATE DEAL
The Woods Council, on the recommendation of City Attorney George Catlin, on Monday, February 5, agreed to purchase for the sum of \$1 the east 18 feet of the south half of lot 71 of the J. E. Beaufait Subdivision, which is located at Marter road near Anita, from the Department of Conservation. This property reverted to the state through provisions of the General Property Tax Law and is subject to disposal by the Department of Conservation.

BIG PUSH
One lesson that life teaches us today is that one must be a corner, or he's a goner.

Expert Teaches Flower Fixing

Nearly every woman in Grosse Pointe is fascinated by the idea of contriving new and unusual flower arrangements to highlight the decor of her home.

Mrs. Richard T. Gerathy, trained specialist and flower show judge, in conducting a course in original flower arrangement at the Grosse Pointe War Memorial beginning last Friday, February 2, from 1 to 3 in the afternoon. The class will

continue for six weeks for a fee of \$15.

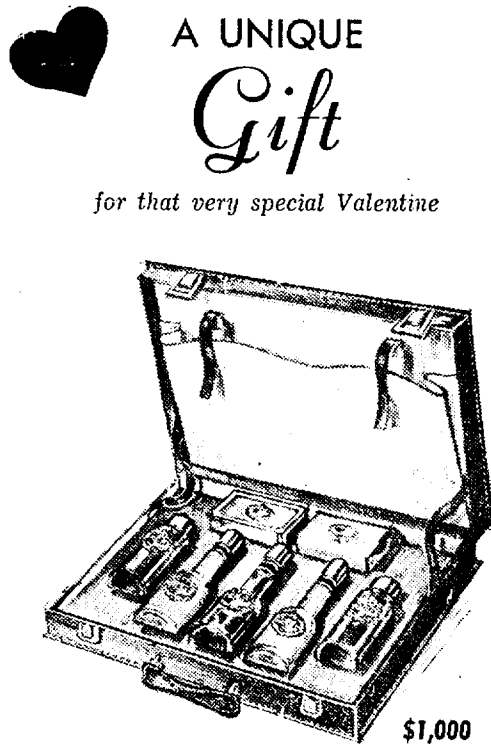

Through studying with Mrs. Gerathy students will learn to use inexpensive materials effectively and to make arrangements which are dramatic without employing too many ingredients. The whole range of flower, dry fruit and green

combinations will be covered to highlight every spot in the home.

After taking this course the homemaker can devise color highlights for every part of her home and change them frequently while spending a very nominal amount for materials and giving outlet to her creativity.

AAUW To Consider Selection Of Judges

Coffee And Dessert Will Precede Next Thursday Evening's Program By The Honorable Theodore Souris; Talk On Africa Slated Following Week

The Honorable Theodore Souris, Justice of the Supreme Court of Michigan, will discuss the selection of judges in a talk before friends and members of the American Association of University Women at the Grosse Pointe War Memorial next Thursday, February 15.

Justice Souris will address himself to whether or not the method of choosing judges should be changed and what alternatives are available, in view of a current movement to put a referendum on this question before Michigan voters next fall.

A resident of Grosse Pointe, Justice Souris received his elementary and secondary education in the Detroit and Grosse Pointe school systems, his Bachelor of Arts and Law degrees from the University of Michigan.

He was appointed to Wayne Circuit Court in 1959 and was elected to the Michigan Supreme Court in 1960.

Coffee and dessert will be served prior to the meeting. Mrs. Sheldon Drennan will serve as hostess for the evening.

The following week, three AAUW study groups will com-

bine to hear a talk on Africa by Mrs. G. Menner Williams at the Grosse Pointe Central Library on Tuesday evening, February 20, at 7:45 o'clock.

Club To Meet

Mrs. Henry Bokram will entertain the Pointe Garden Club at her home in Lakeland avenue on Monday, February 19. Her assistant hostesses will be Mrs. Adam Cook and Mrs. Robert Winter.

In the game of life the fellow to watch closest is yourself.

1968 Social Register in The Mails

The beautiful 1968 edition of the Michigan Social Register, now in the mails, is dedicated to the memory of Matilda Dodge Wilson "whose agile mind conceived the idea of benefactions which she would see completed in her lifetime. Her many generosity were too numerous to be catalogued here, but the ones for which she will be best remembered are Oakland University and its cultural offshoot, the splendid and world famous Meadow Brook Festival, both created out of money and land which was hers. Immense wealth sometimes comes to rest in the hands of a truly worthy steward and Mrs. Wilson was one of the greatest of these."

The Social Register is compiled by Virginia F. Searcy of the Garden Court, who has edited all editions for the past eleven years. She and her large Advisory Committee endeavor

to select, as listees, those people whose social heritage, philanthropic efforts, professional, business and political achievements are indicative of a personal and social integrity worthy of recognition in their respective communities. Many fine Pointe families are thus included.

Mrs. Searcy points out that the format of the book is different from that of books of a similar nature, in that no confusing numbers, abbreviations or symbols are used. Instead, club, fraternal and organizational affiliations are spelled out in full, thereby enhancing the book's value as a quick and ready reference.

Subscribers to the '67 edition were elated to find all addresses correctly zip-coded. This most appreciated feature has been continued in the '68 edition, much to the gratifica-

tion of listees.

Copies of the Social Register are sold only to subscribers and are not available in book stalls. This is to prevent the book from falling into the hands of those who would use it as a mailing list. The name of the

subscriber is imprinted on the cover as proof that the person named is a listee and fully entitled to have a copy.

Social leaders in the Detroit and outstate areas express complete satisfaction with the manner in which the book is handled. It does not depend, for its appeal, upon sensational head-

lines resulting from the indiscriminate "dropping" of persons of prominence, as seems to be the case with some publications. (adv.)

LWV Dinner Topic Is Juvenile Court

The Honorable Judge James H. Lincoln Will Speak at February 14 Husbands-Wives Gathering at Grosse Pointe War Memorial

Annually, the Grosse Pointe League of Women Voters has felt a certain study item worthy of more elaborate presentation and broader community coverage than usual, because of its importance and the need for action.

This year, the concern is Michigan Courts, the occasion the League's annual husband-wives dinner at the Grosse Pointe War Memorial at 6:30 o'clock on Wednesday, February 14, and highlighting the presentation with his depth and dedication will be the Honorable Judge James H. Lincoln.

Michigan Courts is the League's Current Agenda Item

concepts of family legal services.

Probate courts in Michigan have often been referred to as the "Mainstream of Human Misery" or the "Court of Tears."

It is unsettling to discover that the capacity at state institutions for boys under 17 remains less than 1,000 as compared to a capacity of over 11,000 adults in prisons. This is even worse when one notes that more than half the major felonies in Michigan are committed by persons of juvenile age.

Also, of the 24,519 youths under official court jurisdiction at the beginning of 1966, 14,009 had committed no offense of any kind.

The larger group is under court supervision only because of mistreatment or abuse by parents or step-parents, and this does not include guardianship or adoption cases. Studies show that those who will become chronic wards of the state either as mental patients, prisoners or welfare charges come from this group. Their major characteristic is mistreatment and abuse.

The Honorable Judge James H. Lincoln's talk, "Your Child and Juvenile Court," will detail all areas of concern in the court systems. It is his intention to talk about the Wayne County Juvenile Court and some of its resources.

The recent Supreme Court cases will be discussed, as will the changes that are taking place in Juvenile Court procedure.

Judge Lincoln brought to the position of Juvenile Judge varied experience in a number of positions. He has a B.A. with a History major from the University of Michigan and an L.L.B. from the Detroit College of Law. His work experience includes farm boy, Dairy Inspector for the State of Michigan, five years in Detroit auto factories, Personnel Staff of Frank Murphy when Attorney General of the United States, Assistant U.S. Attorney and Executive Aide to former U. S. Senator Blair Moody.

He was elected to the Common Council of the City of Detroit in 1954 after his defeat for Mayor in 1953, and re-elected to the Detroit Council in 1957. He was appointed to the Probate Bench (Juvenile Division), in May of 1960 and was elected to a four-year term in November 1960, then elected to a six-year term beginning January 1, 1964.

Judge Lincoln is married and has a family of four children between the ages of 15 and 24.

Judge Lincoln has not confined his interest to Wayne County in matters of delinquency. He serves as chairman of the Youth Employment Opportunities committee as well as chairman of the Traffic committee for the National Council of Juvenile Court Judges.

He is chairman of the Resolution committee and vice-chairman of the Juvenile Affairs committee of the Probate Judges' Association of Michigan.

Reservations for this important event must be telephoned in by February 12 to either Mrs. Alton Donnell at 836-5048 or Mrs. Leslie Pressel at 886-2274. The cost of the dinner is \$3. The public is most cordially invited.

Marriage is not a prerequisite to this husband-wives affair. Citizens, either single or married, who have an interest in the item, a concern for improvement and a desire for a stimulating evening are most welcome.

Lindsay Heads Seal Campaign

Ted Lindsay has been named the 1968 Easter Seal Campaign chairman. The former Red Wing Hockey Club left winger will head the campaign team for the Detroit Society for Crippled Children and Adults, Inc., for the third year.

Paul J. Abele, president of the Detroit Society, 17330 Schaefer, announced the appointment and said:

"Ted's sincere interest in our program at the Therapy Center and his efforts in our behalf in the past have helped to champion the cause of the disabled and handicapped. We couldn't be more delighted that he has accepted the chairmanship for another campaign year which will open March 1 and continue through Easter Sunday, April 14."

Assisting Lindsay on his fund-raising team will be George Bott, C. H. Chisholm, William J. Davis, Joseph Dimond, Marvin

Garrick, George Kelly, William Ludwig, John Hahler, Alfred McKeown and Frank Tschirhart, all Detroit Society officials.

The Easter Seal appeal is conducted annually by the Detroit Society throughout Detroit and in Harper Woods and the five Grosse Pointes Lindsay commented:

"The work I've seen performed by the team of professional staff members at the Society's Therapy Center is deserving of the utmost support by the community."

"Just as all members of a hockey team—or any team—pull together, the folks there work as a team to help in the total rehabilitation of crippled children and adults in their care."

"I urge you to contribute as generously as you can so that such work may continue and more and more of our handicapped children and adults may be treated through the Detroit Society's year 'round program'."

University School News

A tutoring program sponsored by the Council for Community Activities has recently begun at the Sampson Elementary School in Detroit. Some 45 students in grades 10-12 have signed up as regular tutors, with an additional 15 as substitutes. Sessions are held for an hour on Saturday mornings. This year, as in the past, the tutoring program is among the most enthusiastically supported activities of the C.C.A.

Basketball and Hockey

The winter athletic season has been surprisingly successful. The Varsity basketball team, under the guidance of Coach Wood has posted an impressive 7-3 won-lost mark. The team has only two returning lettermen from last year's District Champs. Thus, with a large crop of promising juniors, the team has looked strong.

Senior Bruce Barit has continually led the scoring parade with a 20-point-a-game average. Captain Matt Gordon has been a scourge on defense and leads the sometimes lightning Knight fastbreak. The break has been used to obliterate a number of foes this year, including the 103-21 shellacking of Pontiac Emmanuel Christian, which set a school game scoring record. With the development of the juniors, combined with the experience of the seniors, the basketball squad should make good Mr. Wood's pre-season goals: (1) Beat Country Day! (2) Make a good showing in the state tournament.

The Varsity Hockey team, a new member of the International High School Hockey league, is presently in first place in The Third Division. After a disastrous start, losing the first five games, the icemen have bounced back with nine straight unbeaten games, including seven wins and two ties. Two of the victories have been over arch-rival D.C.D.S., 6-4 and 5-4. Goalie Rick Adair has been a standout during the streak, racking up two "Sawchuck-like" shutouts. Junior Kevin Bolton has been the scoring sparkplug since his arrival on the team after Christmas vacation. Hockey at the University

Top Minstrel Group Booked

Bulging with rhythm, bright-eyed (but hardly bushy-tailed) the seven boys and two girls who are the New Christy Minstrels bring their trained voices, skilled musicianship, sense of fun and bouncy expansive beat to Masonic Auditorium Saturday, March 2 at 8:20 p.m.

They've rejuvenated folk singing, spread the joyous sound of Americana, and paved the way for the introduction of folk-oriented entertainment to audiences in nightclubs, television, recording industry and the concert circuit.

Other groups have followed their lead but none have been able to capture the Minstrels' unique swinging, singing, feet stomping, finger-snapping contagion that captures audiences on every age level.

They rocked the columns of the White House in 1964 when they introduced their particular folk-style at the invitation of President Johnson. They "brought-down-the-house" at the San Remo Festival, winning the first and second prize there.

Tickets to the Saturday, March 2 performance are available at the Masonic Auditorium box office, Grinnell's Downtown and all J. L. Hudson ticket centers.

Firehouse Fare Gourmet, News Reporter Discovers

By Pepper Whitelaw

How about luncheon or dinner at the CGPFD? The furnishings aren't too posh but the food is excellent and cooked with tender loving care. Unfortunately it's a private club, only members can dine there . . . members of the City of Grosse Pointe Fire Department.

We are all probably aware that firefighters work on 24-hour shifts. But did we ever think what they did for food during those 24 hours? We found out. Each shift has a five-man crew, three of whom are "chefs". The chef also does the shopping with money he has collected every two weeks from each man on the shift. He collects \$8 from each man giving him \$40 for five days' meals, two meals a day.

He's a great shopper because some of the dinners he turns out are really gourmet. Roast

beef tops the list of Firehouse favorites but other main dishes include meat loaf, pork chops, spaghetti, perch, pickerel, hot-cakes and sausages. Along with these main dishes are served two vegetables, salad, dessert, tea or coffee.

At lunchtime the men have soup, sandwiches and salad. (They told us they forego dessert because they have to stay in shape.)

These cooking talents are a plus to being a fireman's wife. After all, how many women can boast of being married to a brave man and a talented cook?

Boat Launching System Skifted

Woods Comptroller Frederick G. Hornfisher, after consultation with the Director of Parks and Recreation Don Hallman, recommended to the Council on Monday, February 5, that the original resolution requiring boat owners to purchase their boat launching tickets at the Municipal Building be rescinded, and that the Council adopt a resolution whereby single launch tickets would be sold at the Lakefront Park.

A perforated type ticket would be used, half of which the gate keeper would turn in for accounting records with the money to the treasurer's office, the other half given to the resident as his receipt. He also recommended that the season tickets, (\$5), be sold at the Lakefront Park as well as at the Municipal Building.

The Council concurred with Mr. Hornfisher's recommendation.

The boat launching ramp at the Lakefront Park is available for use by owners of boats not exceeding 20 feet in length. A boat launching ticket is required for each boat launching, which includes boat removal.

The dinner dramatizes Michigan as the only state in the union which has an agriculture industry sufficiently diversified to permit this type of meal.

Wayne to Start Science Building

One of the most significant events in the history of Michigan medicine will be observed during Wayne State University's Centennial Year at 11:30 a.m. Wednesday, Feb. 14, when a groundbreaking ceremony is held for the new \$24 million Basic Science Building of the University's School of Medicine. Leading local, State and national officials will participate.

The structure will be the largest State building ever constructed in terms of both cost and size. It will be only slightly smaller than Detroit's Cobo Hall. Total building area is 482,510 gross square feet located on a 5.17-acre site.

A teaching-research facility, the structure will be built in the University's new Medical Center. It will rise on a site at the southeast corner of Canfield and Brush, three blocks away and 100 years in time from WSU's first medical building which housed the Detroit Medical College. The University's founding dates from the first medical classes held in this structure in 1868.

"The new building represents the first and necessary step in allowing the school of Medicine to increase the entering class of 125 students to 200," says Dr. Gordon H. Scott, vice president for Medical School Development. "And it is particularly significant to the State since approximately 70 percent of WSU's medical graduates practice in Michigan."

A nine-story structure consisting of a six-floor tower section and a three-floor base section with basement, the building will be located west of the existing Medical Research Building and across Brush Street from Grace and Harper hospitals. It will house the departments of anatomy, physiology, pharmacology, biochemistry, microbiology and pathology, as well as administrative and service facilities.

Architects for the new building are Giffels & Rossetti, Inc., Detroit. John Williams Associates, Cleveland, participated during the planning stages. General contractor is the Barton-Malow Company of Oak Park.

To be constructed of poured and placed reinforced concrete, the new building will include three lecture rooms with a combined total of 841 seats and 32 multi-discipline laboratories. Student study areas will include sections equipped with calculators, typewriters and fixed microscopes. A television studio with facilities for color or black-and-white production will be located on the first floor. Closed circuit television will provide a relay point for televising from area hospitals to students attending classes in the building. An additional feature will be on input-output station to serve as a branch of the computing center on WSU's main campus.

The Basic Science Building is the second University structure

Norman Luboff Choir Coming

The touring Norman Luboff Choir, coming in concert to Masonic Auditorium Sunday, February 13 at 2:30 p.m., consists of 30 virtuoso professional singers, accompanied by four gifted and amazingly versatile instrumentalists, all of whom are equally at home in the cantatas of Bach or the hit tunes of our day.

Except for the classical selections of his Choir, Luboff arranges most of the material himself, and is especially noted, in this day of echo chambers and other "hoaked-up" electronic devices, for the clarity and naturalness of his arrangements, and for an eminently singable style.

The tall, husky, and full-bearded Luboff—who looks rather more like a Roman gladiator in modern dress than the elegantly creative musician he is—has a very strict and thorough musical training behind him.

"I was always interested in music—studied piano and voice as a youngster, participated in choral activities, that sort of thing—but I didn't consider music as a possible profession until after I entered college," he explains. "That was during the depths of the depression when I couldn't get a job, so I entered competition, won a scholarship, and went to the University of Chicago."

"I was toying with the idea of going into law—I love to argue—but I doubted that I would pursue it long. Now I cannot imagine having any other profession but music."

After college, Luboff started arranging and teaching professionally, interrupting these activities for studies in composition and orchestration with the noted composer, Leo Sowerby. It turned out to be relatively easy to get a foot in the music business door as a singer and so Luboff made his professional debut on Noble Cain's radio choir in Chicago for the dazzling fee of three dollars.

Tickets to the Sunday, February 18, performance of the Luboff Choir are available at the Masonic Auditorium box office, Grinnell's Downtown and all J. L. Hudson ticket centers.

Forgetting the past is alright, but don't forget the future.

Are You Thinking of Selling your house? If so call us.

GROSSE POINTE WOODS — Ranch-type, 2 baths, library. Recreation room. Owner. TU 1-1116.

A LARGER, older house which is located in a neighborhood where most recent sales have been much higher than the price we are quoting. With 250 feet of frontage on a private street, this property also has "subdivision" possibilities. If this is the kind of "deal" you've been looking for it certainly warrants looking into. Can you see your family in a rambling home with large center hall and a living room spacious enough to accommodate two grand pianos, a few couches, a dozen or so chairs and still have room left over to handle those "special pieces" you couldn't resist buying. Do you insist on having four baths on the second floor and five or six bedrooms. Do you want a large library with fireplace, and always dreamed of your own greenhouse. Does your family require a yard large enough for the kids and a couple of dogs. Let us romp you through this one before someone else collars it.

THE EVER POPULAR center hall colonial becomes even more popular when it is situated on a hillside in the Farms. Four family bedrooms seem to be what everyone wants, and that one-time maid's room and bath over the attached garage seems to get a lot of use from any family. There is a card room off the living room and a small den at the rear of the center hall. Quick hoping and get hopping.

MAY WE BE a bit presumptuous in asking if you like to revel in the luxury of large rooms which have been masterfully decorated; to lounge in your large bedroom or its sitting room? Do you insist on the privacy of an estate-sized lot and the intimacy of a warmly paneled library? Must you have quarters for stay-in help or just the rooms which you know are there for visiting family and brood? If you can picture yourself here, let us start the ball rolling by taking you there.

OUR NEXT little production is a low budget number which is sure to catch the attention of the smart investor. This two family income offers three bedrooms in each unit. The owner could live in one, while a tenant in the other would play a supporting role.

THE OWNERS wish they could take this one on the road, but you can see the original production in the Deeplands area. Four family bedrooms, each with its own bath is a tough act to follow. The view from the terrace is of lush trees and a piece of the lake. Several "first nighters" have already cried "encore." So better see this before it makes its final bow.

PUT YOUR own "show" together and we'll provide the perfect setting with a backdrop of Lake St. Clair. Instead of that backyard fence you'll have a break wall on the lake and over 100 feet of frontage on a canal. \$25,000 can put you in this scene. Why not act now!

"Too low they build, who build beneath the stars."

who, where and whatnot

by whoozit

Nice People, Nice Things Department . . . A couple of weeks ago, 15-year-old George Johnson, III, boarded a Lakeshore Coach Lines bus. He was headed from his Pointe home to Cobo Hall, to view a sports car show, and he handed the driver his smallest change, a \$5 bill. The driver took the money, gave George back some silver which, like most teenagers, he pocketed without checking . . . At Cobo Hall, he discovered he'd been given change for a \$1 instead of a \$5 bill . . . There was no much he could do about it then but, when he got home, he told his mother, and she told him, "I don't know if it will do any good or not — after all, YOU should have checked your change when you received it — but you may as well call the bus company and report the loss . . ." So George called . . . and the bus company told him they'd check it out, to call back in a day or two . . . And George called back in a day or two . . . And sure enough, driver E. Page, of the Jefferson Beach run, had turned in the extra money . . .

The Lundi Gras . . . invitations are out, magnificent things they are, with a glorious reproduction of James Peale's "Still Life, Fruit," collection of the Newark Museum, on their covers . . . Lundi Gras, you'll recall, is the annual "diner extraordinaire pour gourmets," benefitting the Archives of American Art, held the Monday evening before Lent begins, (this year, that's February 26), at the London Chop House . . .

And speaking of invitations . . . one of this season's cleverest, we think, was the people-popping Art Nouveau champagne bottle bidding guests to last Sunday afternoon's champagne opening of an advertising art exhibit at the Scarab Club. The exhibit is co-sponsored by the Club and the Graphic Artists Guild . . .

Remember . . . that delightful cabaret evening finale of last summer's Grosse Pointe Music Festival, when we all sat around candle-centered tables on the War Memorial's lawn and listened to guitarists Alex Sucek, Ron Scollon and guest artist Gonzalo Torres, Mexico? . . . Well then, you'll be glad to know there's going to be a reprise this Saturday night — though not, of course, on the War Memorial's lawn, (it's a bit damp this time of year, and the breezes from Lake St. Clair are ANYTHING but balmy!) . . . Mr. Sucek and Mr. Scollon, who teach folk and classical guitar at the Center, and Mr. Torres, currently on concert tour in Michigan, will appear in a special concert at the Detroit Institute of Arts Saturday, February 10 . . . Their program of folk ballads, latin rhythms and light classics has been arranged as a cultural project in cooperation with the Mexican community of Detroit and the Guitar Society of Grosse Pointe, and will feature Torres' sparkling bossa nova style, a liberal sampling from the international songbag of troubador Sucek, classical solos, duos and trios, winding up with a selection of lively trios in the Mexican style . . . The concert begins at 8:30 o'clock in the Museum's small lecture hall, (use main entrance on Woodward avenue) . . . Tickets at \$2.50 each are available at the door, or may be obtained in advance by contacting Estudio de la Guitarra, 882-0544 . . .

Monteith School Parent-Teacher Association . . . members are planning a "first," Monteith's first-ever all-school fair, to be held all day Saturday, March 16 . . . There'll be games for adults and children, a bake sale, a lunch room . . . The decorations committee, under the chairmanship of Mrs. Clayton Shors, has selected a "Swing Into Spring" theme . . . and the general co-chairmen, Mrs. Chester Clark and Mrs. John Boomer, are inviting all Monteith families to join in the fun . . .

On a visit to New York from their native Mexico, my mother-in-law and her sister stayed at a hotel where they arose promptly at 7 a.m. each day to begin a crowded scheduled of sightseeing. After three exhausting days and nights, they decided to get something straightened out with the desk clerk. Could they have his permission, they asked, to sleep a little later than the regulation hour of 7 that was posted on the back of their door.

The puzzled clerk went to their room to investigate and came back smiling. The sign, he explained, was not a hotel rule but an advertisement. It read: "7-Up."

OUR FOURTH GENERATION OF FLORISTS

Pointers of Interest

MRS. JOSEPH A. MURPHY, JR., OF HALL PLACE, (LEFT), AND MRS. WILLIAM W. PEATTIE, JR., OF MORAN ROAD.

By Janet Mueller

Ginny Peattie and Joanne Murphy are two happy ladies today. Their "look," the 1968 Junior Women's Association for the Detroit Symphony Orchestra Souvenir Program, is "out," and will be distributed for the first time at this evening's Detroit Symphony concert.

Actually, tonight's distribution is a "preview" (perhaps, considering the subject with which we're dealing, we should say "prelude" . . .).

The official Symphony Juniors' Souvenir Program Distribution Night is Saturday, February 10, when Juniors and their guests will gather for an Afterglow celebration at The Whittier following the Symphony's concert in Ford Auditorium.

For Joanne and Ginny, this is bound to be a bit of an anticlimax . . .

They've been working on the Program since mid-summer. For months now, they've been engrossed with printers' deadlines, advertisers' deadlines, patrons' lists . . .

Operation Unbelievable . . . Each turned a corner of her home into an unofficial office for the duration (Joanne, who majored in Journalism at Michigan State University and worked in advertising before her marriage, describes this operating "out of the house," with two small children and a cat in fairly constant attendance, as "Unbelievable!").

But each has frankly liked her job as Souvenir Program 1968 general co-chairman. "I think it's been fun," says Joanne. "I've enjoyed it, too," says Ginny.

Each is proud of the finished Product, proud of the way the '68 Program committee worked together to create "their" book.

And, now that "baby's been born," each of its two Chief Mothers can expect a touch of the "blues" . . .

No Time for Blues . . . We predict they won't last long. Young matrons, mothers (of flesh-and-blood children), don't have TIME to feel "blue" for long . . .

Ginny Peattie and her husband, a supervisor in General Accounting at General Motors, have two young children: Kimberly, six-and-a-half, at Kerby School (Ginny's a Room Mother there this year), and Billy, five, who attends his grandmother's nursery school, "Mrs. (Robert) Hallbrook's Play School."

"Now THERE," says Ginny, referring to her mother, "is a 'Pointer of Interest'." Mother started the Play School when I was a junior in high school. She's a Physical Education teacher—she taught swimming in the Park for 30-odd years—she likes to keep busy, but she's not a Bridge-Player type . . .

As "Teacher's" grandson, Billy gets no special treatment. "He wouldn't go if he did," Ginny notes, "and I certainly wouldn't send him . . ."

Fifth member of the Peattie family is a ginger cat, Peppy.

She Grew Up Here . . . Ginny grew up in Grosse Pointe (she knew Joanne's husband, also a native Pointer, in high school), her husband, Bill in Highland Park.

Before she was married, she did Social Work for the Children's Aid Society, Market Research for a national firm.

Currently, her "outside interests" include the Young Episcopal Women of Christ Church, the United Foundation (She's a Regional chairman for this year's Torch Drive), the "Room Mother bit" and, of course, the Junior Women's Association for the Detroit Symphony.

She's starting her third year as a Junior Women's Symphony group member.

She enjoys "anything in the arts and crafts line," knits and makes basket purses and would

like very much to take courses in oil and water painting "some day." ("Underline," she says, "the SOME DAY . . .").

She Also Sews . . . She sews, makes most of her own and her children's clothes. "When they turn out successfully," she admits, "it's rewarding; when they don't, it's discouraging. I've had some lemons! . . ."

Because their children are so young, the Peatties are feeling their way as far as family pastimes are concerned. "We got Billy his first pair of skates yesterday," Ginny observes, "so I suppose we'll be skating all day today . . ."

One thing they do enjoy doing together is bicycle riding. Ginny and Billy's bikes have been equipped for years with seats-on-the-back for children.

The Murphys, on the other hand, are walkers.

"I've always liked to walk," Joanne says, "so has Joe. We started the boys off when they were tiny . . ."

Boys Love Pre-School . . . The boys are Michael, five, and Joey, four, both at Barat Montessori Pre-School at the Convent of the Sacred Heart in Lakeshore road. "They love it!" says Joanne, "and so do I; I think it's helping to turn them into independent, self-confident individuals."

Mr. Murphy is a staff attorney for Michigan Blue Cross—and an old friend of Mr. Peattie's. Their families vacationed at summer cottages in Kingsville, Ont., for some 20 years, so Joe and Bill literally grew up (in the summers, at least) together.

The Murphys, like the Peatties, have a family cat, Kelly, an all-black half-Persian, half-Tom.

Joanne's been interested in helping underprivileged children ever since she was first married, when she worked as a volunteer at St. Peter Claver Community House in Detroit's Inner-City.

"Last summer, I did volunteer work with the Wayne County Juvenile Court, acting as liaison between social workers and camps that will take underprivileged children for a week or two. In spite of the riots, we got 100 children out of the city . . ."

To Repeat This Year . . . This summer, she plans to work at Juvenile Court again. This is her second year as a member of the Junior Women's Association for the Detroit Symphony, her first as a member of the Juniors' Program committee.

It's Ginny Peattie's second year on the Program committee; she served last year as Grosse Pointe area advertising chairman.

The purpose behind the program is simple: To make money for the Symphony.

"This Program is the Symphony Juniors' largest annual fund-raising project," Ginny explains. "Our profits go to the Orchestra's Maintenance and Pension Funds."

"The Program is distributed each year at a highlight concert, usually in mid-season. This year, the guest artist with the Symphony tonight and Saturday night, the official publication-distribution night, is violinist Nathan Milstein."

Whole-Season Deal . . . "We'll be giving out the Program at 13 consecutive concerts after Milstein's Saturday performance," Joanne adds. "It's really a whole-season souvenir thing . . ."

The theme of the Juniors' 1968 Souvenir Program is "Backstage with the Detroit Symphony." A picture-and-text center section, produced by Detroit Symphony Public Relations director Wesley Delacay (he also designed the handsome cover) details the preparations involved in putting on a concert.

Advertisements and a list of patrons ("We have 177 patrons now: That's up from last year," Joanne and Ginny say proudly) make up the rest of the 120-page book.

As '68 Program co-chairmen, Ginny and Joanne divided the work between them, each doing the job for which she felt her own interests and abilities were best suited.

Joanne, with her journalism-advertising background, was responsible for the technical aspects of the program. She worked directly with the printer, supervised layouts, prepared copy . . .

Had Good Assistants . . . Mrs. George B. Martin, Jr., and Mrs. John MacLeod, from Grosse Pointe, and Mrs. Owen Regan, of Birmingham, were her technical staff assistants.

Ginny, a Souvenir Program area advertising chairman last year, organized and directed the corps of Junior Symphony Women, under area chairmen Mrs. Hugh Jones, for Grosse Pointe, Mrs. E. David Auer, for Birmingham, and Mrs. Keith Zersching, for Dearborn, who actually got out and sold the ads.

She worked closely with Billings chairman Mary Ann (Mrs. Robert) Van Aken, too.

"They are all excellent girls; we all worked beautifully together," Ginny observes—and adds that the fact that she, Joanne and Mary Ann Van Aken are all Pointers, all live within a few miles of one another, was a definite Plus Factor.

BROILED SCALLOPS

Contributed by Mrs. Kurt Keydel

¼ C. olive oil
2-4 Tbsp. lemon juice
½ tsp. salt
¼ tsp. fresh ground pepper
1 clove garlic, mashed with salt
¼ tsp. marjoram
¼ tsp. thyme
1 bay leaf
bacon
6-8 mushroom caps
1 lb. scallops

Mix first 8 ingredients. Marinate scallops in mixture about 1 hour. Alternate squares of bacon with scallops on skewers, end with mushroom cap. Broil under high heat until golden brown, turning frequently and basting with marinade. Serve with lemon wedges.

Proximity Is Helpful

"I think, certainly, it helps to have people who must work closely together live in the same general area. This year, we three were all from Grosse Pointe; next year, the co-chairmen and billing chairman may all be from Bloomfield . . . But there are so many times, working on this sort of a project, when you simply HAVE to get in touch with your co-chairman and billing chairman, that I think it's almost essential they be, at least, from the same side of town . . ."

For the two co-chairmen particularly, nearness-in-space is almost essential . . . And it doesn't hurt a bit if their husbands grew up together, if they each have two children, if each keeps a cat . . .
