A GUNMAN WEARING a white cowboy hat and tennis shoes pushed a stewardess into the cockpit of a DC8 jet over Florida Wednesday and held a pistol to her head until the pilot detoured his craft and 109 persons to a landing in Cuba. About five hours after the hijacking, Delta Air Line Flight 843 returned to Miami, leaving behind in Havana a young man who gave his name to the airline as S. Wilson. He was identified by Havana Radio as a 29-year-old former St. Petersburg man with a name that sounded like Laurence Roberts. The broadcast monitored in Miami said the man had asked for political asylum and that the Cuban government had taken the request under consideration.

NORTH VIETNAM threw a new battalion of troops at Hue's Citadel on Thursday, and another front sent their heaviest artillery barrage in two weeks thundering down on the U.S. Marine combat base at Khe Sanh. Military spokesmen said the Communist battalion of about 500 men stormed the northwest wall of the Citadel in Hue in an attempt to reinforce the besieged Communist troops inside the fortress.

U.S. PLANES for the first time in the war attacked the Hanoi radio station that beams out all Communist propaganda from North Vietnam, according to reports from the U.S. Command. But, monitors said radio Hanoi was still on the air.

FORD MOTOR COMPANY revealed Friday that profits nosedived to their lowest point in 20 years, dropping 86.5 percent from 1966 to 1967, when the firm was closed down from September 7 to November 10, by a strike of the United Auto Workers. Ford said its 1967 profits were \$84.1 million, or 77 cents a share, compared with \$621 million, or \$5.63 a share in 1966. It was the lowest profit level since 1947 when Ford earned \$62.7 million.

Sunday, February 25
PRESIDENT JOHNSON announced today that 60 leading businessmen had agreed to join a private-public effort to find jobs for the hard-core unemployed in the nation's slums. Henry Ford II and two other businessmen flew from Washington to the LBJ Ranch, where Mr. Johnson is resting and working, to report on the progress of the job-finding effort.

SECRETARY OF DEFENSE Robert S. McNamara's testimony before the Senate Foreign Relations Committee on Tuesday revealed that some 15 hours before two American destroyers came under attack in the Gulf of Tonkin in August, 1964, they warned higher command that North Vietnam regarded them as enemy craft. Despite the warning, Congressional testimony disclosed the destroyers were not instructed to break off their intelligence-gathering patrol off the coast of North Vietnam. On the night of August 4, they became involved in a naval encounter with North Vietnamese patrol boats that was to mark a turning point in the American involvement in the Vietnam war.

Monday, February 26
NORTH VIETNAMESE troops ambushed a U. S. Marine platoon patrolling outside the barbed wire of the Khe Sanh combat base Monday and overwhelmed the outnumbered Leathernecks. A second platoon of 45 men sent to help also suffered casualties.

Tuesday, February 27
GOVERNOR GEORGE ROMNEY struggling to stay in the Republican presidential race, is involved in an embarrassing political problem in his own state. Republican conservatives who have long opposed the governor are in the midst of a well-organized campaign that could siphon eight or more Michigan delegates from Romney, forcing him to go to the Republican national convention without the unanimous endorsement of his own state.

King Speaks March 14 at High School

Human Relations Council Sponsors Appearance Of Civil Rights Leader In Gymnasium

The Rev. Martin Luther King, Jr., will speak at the Grosse Pointe High School gymnasium, March 14, 1968. Dr. King, Nobel peace prize winner and prominent civil rights leader, will discuss the "Future of Integration" in his talk, according to Dr. Harry C. Meserve, president of the sponsoring Grosse Pointe Human Relations Council.

"The Grosse Pointe Human Relations Council is proud to present Dr. King to the Grosse Pointe community," Dr. Meserve said. "We feel that his visit here symbolizes the concern of thousands of white people for the injustice Negroes have suffered too long."

"Dr. King's presentation should furnish both information and inspiration for those in our community who are concerned about the Negro's search for justice," Dr. Meserve said.

Dr. King will be introduced by the Rt. Rev. Richard S. Emrich, Episcopal Bishop of Michigan.

Dr. King's talk begins at 8 p.m. Tickets are available by mail from the Grosse Pointe Human Relations Council, 32 Lakeshore Drive, Grosse Pointe Farms, 48236. Check and stamp of return envelope must be enclosed. Grosse Pointe area churches, private and parochial schools, and the Neighborhood Club also have a limited number of tickets. Tickets are \$1 for college and high school students and \$2 for adults.

Too Young for Science Fair, Students at Kerby Create Their Own Show

Sixth Graders Accept Imaginative Teacher's Challenge And Produce Exciting Display Of Completed Sophisticated Projects

By Pepper Whitelaw
An enthusiastic young teacher, 28 bright-eyed youngsters and a challenge resulted in one of the most exciting displays of children's work we have ever seen. The teacher, Miss Phyllis Mulligan, the students, her sixth graders at Kerby School; the challenge, a science project.

Miss Mulligan hit upon the idea while working on a regular science lesson with her class. Because she was anticipating a field trip to the Science Fair at Cobo Hall, (which her students were too young to enter), she felt if they worked on a project themselves they would have a better understanding of Cobo's Science Fair.

She let the children select topics in which they were interested and create displays from these topics. The projects took over two months to complete. During that time the students gave weekly oral progress reports. All 28 worked on and completed their projects. All did admirable jobs.

Teachers Are Judges
The difficult job of selecting the winners went to two teachers at Kerby, Ed Knuth and Miss Rita Flaherty.

Charles Skowron, son of Dr. and Mrs. Charles A. R. Skowron, of Ridgmont road, was the first prize winner. He built a paper-making machine and actually made paper! He wrote to a paper company asking for pressed wood pulp from which to make his paper. After it arrived he set to work. His display was most impressive. It included written information on how the process of making paper begins, a list of the equipment he used, an outline of the actual process of making paper, and of course the machine itself, which was fashioned into a wooden box 8" by 10 1/2" with a wire screen and forming rack.

Studies Egg Embryo
Susan Sandrock, daughter of Rev. and Mrs. William Sandrock, took second prize with her project called "The Egg and I." It was an experiment in the development of the chick embryo, in which she observed the stages of growth and development during incubation.

Susan made the incubator out of a cardboard box. She lined this with foil to reflect the heat from two 15-watt light bulbs. A thermostat was placed inside to regulate the temperatures. Susan tells us the ideal temperatures for this situation are between 100 and 103 degrees. She placed a pan of water in the incubator to provide moisture for the eggs.

Brings Fertile Eggs
After purchasing three dozen fertile eggs, Susan began her work in earnest. The eggs had to be turned three times a day. She had on display samples of the various stages of development in jars of formaldehyde. Her presentation included sketches of the various stages.

Park Revises Procedures For Passes

Applications Mailed To Residents With Return Envelopes For Official Validation

The Park has revised its park pass application procedure, in which the applications and permits are to be filled out by the citizens at home and returned to the Public Service Department to be validated. This is being initiated for the strict control of admittance to both the Waterfront and Three Mile Drive Parks.

Applications with attached park passes, with return envelopes, were mailed to all homes in the Park on Monday, February 26; it was disclosed by City Manager Robert Stone.

He said that residents have been informed that upon receipt of the application and completed individual permits, a thorough investigation will be made, after which the individual permits will be validated with the embossed signature of Herbert Heger, public service director.

Had to Appear
In previous years, it was necessary for residents to apply for the permits by appearing in person at the Municipal Building, which created an inconvenience to both the citizens and the municipal office employees, in time and in processing of the papers.

The city listed nine regulations governing the use of the parks, including that each family is entitled to a total of 25 guests during the season and shall be responsible for their conduct. The number of guests is limited to six on Saturdays, Sundays and holidays from Memorial Day through Labor Day.

Replacement Charge
Too, lost permits will be replaced on payment of one dollar to the Public Service Department. Children under 16 years of age must submit a letter from a parent, authenticating such loss. No guest permits will be replaced.

It was pointed out that the city reserves the right to refuse, revoke or cancel any permit for violation of any provisions of the Ordinance, or any regulations governing the use of the parks.

Under the General Conduct Rule, it was stressed that courtesy, moderation and respect for others will be required of all using the parks. Boisterous conduct and profane and obscene language will be cause for eviction from the parks.

Building Reports Disclose Pointe Is Still Booming

Building Departments Approve Total Of 489 Construction Permits Having Total Value Of \$5,739,940

Building construction in the Pointe is still booming, according to 1967 records which showed that the five Pointe Building Departments approved a total of 489 permits, for varied construction valued at a total of \$5,739,940.

Topping the list in the number of permits issued and the valuation of property involved is the Woods, the fastest growing Pointe, which recorded 189 permits of all types, valued at a total of \$2,279,655.

The following is the report as submitted, showing the number of permits approved, and the valuations: 50 new residences, \$1,480,120; 84 additions and alterations, \$278,330; 32 garages, \$37,505; eight swimming pools, \$30,000; three new commercial buildings, \$78,000; and 12 commercial additions, \$375,500.

105 Farms Permits
The Farms Building Department approved a total of 105 permits of all kinds, valued at a total of \$1,115,800.

Ten permits were approved for new homes having a valuation of \$563,000; one was issued for a commercial building worth \$30,000; and miscellaneous permits, for others, such as garages, etc., numbered 94, having a valuation of \$522,800. No commercial building permits were requested.

The City's report revealed that 53 permits, valued at a total of \$691,100, were granted last year. This report showed that six permits for single homes valued at \$308,000 were sanctioned, as well as one for a duplex worth \$30,000; two commercial remodeling jobs valued at \$145,000; 31 minor permits, valued at \$189,350; and 13 for garages, valued at \$18,750.

Few But Costly
The Shores reported disclosed that it did not approve as many permits as did the Park, but the overall valuation exceeded that of the latter.

The Shores granted a total of 33 permits, and the Park approved 109.

The former approved 17 permits for new residences having a valuation of \$813,100; 10 for additions worth \$62,100; and six miscellaneous, valued at \$15,200.

The Shores is strictly a residential community; there are no commercial buildings within its boundaries.

The Park revealed that nine residential permits were okayed during the past year, eight for single homes and one for a two-family flat, having a total value of \$419,000; and 100 miscellaneous permits, worth a total of \$343,985. No applications were received for commercial constructions.

APPROVE APPROPRIATION
At its regular meeting on Monday, February 26, the Park council approved appropriation of \$400 to the Babe Ruth League to assist the League in its annual program. It was disclosed that a large majority of Park children take part in the League's area activities, which includes boys from the City and Farms.

Philip Schook, an employee of Schettler's Drugs, 337 Fisher, called City Police on Wednesday, February 20, to report he had been kicked by a teenage boy while he was trying to control the flow of high school students into the store.

The youth used profane language then fled the store. He was described as about 15 or 16 years old, 5'6" tall with blond curly hair.

Trombly Sole Precinct to Pass Issues

Record Number Of Voters Turn Down Propositions By More Than Two To One Margin

Following a trend in the school bond and millage elections set throughout the Detroit metropolitan area in recent months, the three propositions of Grosse Pointe's special school election were defeated on Monday.

"Of course we are disappointed in the reaction of Grosse Pointe voters to the three propositions for the betterment of the schools and public libraries. Obviously, this is a mandate from the residents who voted," Mrs. Paul G. Hykes, President of the Board of Education, said.

A contributing factor to the defeat, in the opinion of school officials, is growing resistance to taxation across the nation. School levies are the sole remaining discretionary taxes.

Staff members said that the Reassessment Confusion recent reassessment of property in the school district led to some confusion regarding the amount of millage to be levied. The trustees pledged to vote to levy only the millage needed to raise \$5-100,000 to meet an estimated operating deficit over a two-year period.

If present instructional programs and services are continued, the projected budget for 1967-68 will be short \$1,649,651.00. School officials will not know until early summer the official results of the reassessment of property in the school district.

Pressed for details of proposed cutbacks in instructional programs and services, school officials declined to comment. In the official statement to the staff, President Hykes and Dr. Theos I. Anderson, Superintendent of Schools, said:

Request Cooperation
"The unofficial tabulation of the February 26 election speaks for itself. Your cooperation will be greatly appreciated in the days ahead as we attempt to assess our position and our future course of action."

Proposition #1 called for the levy of 7.5 mills for operation for a two-year period for general operating purposes of the schools and libraries. Proposition #2 called for a one mill building and site levy for a 10-year period. Proposition #3 was for library bonding which would have cost 3/4 of one mill over a 15-year period.

The three issues passed in only the first voting precinct, Trombly School.

Balloting Heavy
Balloting in the February 26 election was heavier-than-usual, with a total of 14,779 separate votes cast on Proposition #1, 14,156 on Proposition #2, and 14,138 on Proposition #3.

Prior to Monday, the highest number of separate votes cast in a special school election was on May 9, 1966, when more than 10,000 were recorded on each of two propositions related to the community college election. More than 9,500 were cast in the same election for the supplemental bond issue for Grosse Pointe North High School.

Until all absentee and spoiled ballots are counted, a determination of the number of individual voters who participated in the election will not be possible.

The NEWS had an inquiry Tuesday as to the cost of the school election. Officials of the system stated the direct costs, (ballots, clerks, etc.), was \$3,200. This figure does not include advertisements, etc. of the PTA, Council, nor time donated by teachers and others in putting booklets together, etc.

Tabulation of the vote will be found in the box on Page Five.

PARK BUYS TRUCK
The Park council agreed to buy a stake truck with a winch and boom, for the Public Works Department. It accepted the low bid offer of Ken Brown, Incorporated, to sell the vehicle to the city for \$10,786. Four other bidders were well over \$11,000 in their sale offers. The council took action on Monday, February 26.

HUBCAPS STOLEN
Gloria Jean Ehrler of 21620 Lakeshire, St. Clair Shores, called Farms police on Wednesday, February 21, and informed them that while her automobile was parked in the Punch and Judy lot, someone stole the four spoke-type hubcaps. She did not give the value of the loss.

after more than four years of study and the expenditure of about \$4.4 million, TALUS will make specific recommendations," he said.

"These recommendations will be guided by the needs and the desires of the people of the region as revealed in our surveys. Our purpose is to propose a plan that will make the region a better place in which to work and live.

"Our assignment is to propose, and we have faith that the people of the region have the understanding to recognize that adoption of the plan will be for the benefit of all future residents of the region."

TALUS findings show the following 1965-66 population in Grosse Pointe Communities:

Grosse Pointe—6,920 (in 2,307 housing units)

Grosse Pointe Farms—11,038 (in 3,446 housing units)

Grosse Pointe Park—15,030 (in 4,598 housing units)

Grosse Pointe Shores—2,419 (in 695 housing units)

Grosse Pointe Woods—22,351 (in 6,199 housing units)

Persons per housing unit varied. In Grosse Pointe it was 3.0; in Grosse Pointe Farms 3.2; in Grosse Pointe Park 3.3; in Grosse Pointe Shores 3.5; and in Grosse Pointe Woods 3.6.

The TALUS survey covered more than one-half the geographical area of the seven counties of SEM (Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw and Wayne) Rubin said. The average number of persons per housing unit in the area surveyed was 3.5, he said.

"The relatively low average of persons per household in the City of Grosse Pointe—3.0—is understandable when we look at other statistics showing that 48.1 percent of the heads of household in Grosse Pointe are over 45 years of age compared with 30.9 percent for the entire region," Rubin said.

Autos available per household and trips per household per day in the Grosse Pointes are well above the average for the Detroit region, he said.

For the entire region, 37.3 percent of the households have two or more cars available and households average 8.0 trips per day, TALUS statistics show.

In the Pointes comparative figures are:

Grosse Pointe—44.4 percent of households have two or more

cars available, average 9.1 trips per day.

Grosse Pointe Farms—69.5 percent of households have two or more cars available, average 9.8 trips per day.

Grosse Pointe Park—54.4 percent of households have two or more cars available, average 8.9 trips per day.

Grosse Pointe Shores—96 percent of households have two or more cars available, average 12.3 trips per day.

Grosse Pointe Woods—67.3 percent of households have two or more cars available, average 11.0 trips per day.

The TALUS survey shows that Grosse Pointe Shores has the highest percentage of households with incomes of \$20,000 or more in the Detroit region—71.4 percent. This figure was only slightly higher than the 70.8 percent for Bloomfield Hills, Rubin said.

The TALUS survey, based on one interview per 25 households, showed no households in Grosse Pointe Shores reporting gross annual incomes of less than \$15,000, he said.

In other Pointe communities, income per household statistics gathered by TALUS showed 66.1 percent of City of Grosse Pointe households with incomes of \$10,000 or more. This income level prevailed in 80.5 percent of Grosse Pointe Farms households, 65.1 percent of Grosse Pointe Park households and 73.3 percent of Grosse Pointe Woods households.

Throughout the region, incomes above \$10,000 annually were reported in 28.6 percent of all households, Rubin said.

Grosse Pointe area heads of household are far better educated than the average for the region, TALUS data shows, with 11.3 percent for the entire region reporting graduation from college.

In the Pointes, the figures are: Grosse Pointe—52.6 percent; Grosse Pointe Farms—55.6 percent; Grosse Pointe Park—42 percent; Grosse Pointe Shores—52 percent; Grosse Pointe Woods—42.2 percent.

Bloomfield Hills (61.5 percent) Franklin (60.6 percent) and Bloomfield Township (58.4 percent) reported higher percentages of household heads graduating from college.

Of the five Grosse Pointe communities, only Grosse Pointe Woods has a larger percentage of households with children under 18 years of age than the average for the entire region.

In the region, Rubin said 50.3 percent of all households have children under 18.

In Grosse Pointe Woods, the percentage is 52.7.

But in other Pointe communities, the statistics are: Grosse Pointe—39.3 percent; Grosse Pointe Farms—44.9 percent; Grosse Pointe Park—33.8 percent; and Grosse Pointe Shores—49 percent.

Residents in all Grosse Pointe communities show more stability than in the region as a whole. For the entire region, 38.2 percent had lived for 10 years or more in the dwelling they were occupying at the time of the survey. In the Pointes, the following 10-year-or-more percentages applied: Grosse Pointe, 45.6 percent; Grosse Pointe Farms 62.7 percent; Grosse Pointe Park, 52.6 percent; Grosse Pointe Shores, 40 percent; and Grosse Pointe Woods, 46.6 percent.

Housing data gathered by TALUS showed a relatively low percentage of home-owners in the City of Grosse Pointe, Rubin said.

For the entire region, 73.3 percent of residents either own or are buying their homes, but in the City of Grosse Pointe, 65.8 percent of residents are in this category.

The latter figure coincides with a finding that 64.9 percent of City of Grosse Pointe housing units are one-family dwellings.

The percentage of residents in other Pointe communities who own or are buying their homes are: Grosse Pointe Farms—91.5 percent; Grosse Pointe Park—75.6 percent; Grosse Pointe Shores—100 percent; Grosse Pointe Woods—96 percent.

CHIPPER PURCHASED

Miller Equipment company was the successful bidder in selling the Park a brush chipper on Monday, February 26. It offered to sell the city this machine for \$4,267, less trade-in for the old chipper of \$1,750, making the net amount \$2,517. The firm's bid was the lowest of four received.

Wait State Approval

The bond wells, however, will be constructed as soon as the Municipal Finance Commission in Lansing approves a \$150,000 Revenue Bond Issue for this purpose.

George McKean, the Park's bond attorney, drafted an ordinance which made it possible for the city to authorize the bond issue. The issue, which will be paid off in eight years, will be completely financed through revenue received from well rental fees, and will not be an obligation of the taxpayers of the city.

After this is paid off, Stone said, the projected amount of \$40,000 from the rental fees, which is nearly half of the present amount in the Parks and Recreation fiscal budget, will go into financing, and will be used for the maintenance and continued improvements of recreational facilities at the parks.

Low Interest Rate

The continued savings realized from the General Obligation Bonds, through lower costs, the city manager said, will be applied to landscaping, park expansion and other improvements.

On January 22, the Park council sold the General Obligation Bonds to the National Bank of Detroit, which offered to charge the city an amazingly low in-

terest rate of 3.95537 percent, or \$284,665 over a period of 20 years, the lifetime of the bonds.

Considering the bond buying market of the present day, the low interest rate speaks well for the Park, McKean told the council, at the time.

No habit grows faster than that of depending on others.

He stressed that there are only rare cases when a juvenile has any business being in and around a school in which he is not enrolled, when school is in session.

Disturbances caused by non-enrolled juveniles have reached major proportions in some schools, the judge said, but with help of police and school officials, the Court intends to let every juvenile know that if he is not enrolled in a school and has no business in that school, that arrest will automatically result in conveyance to the Youth Home.

School officials have been requested to place copies of the judge's memorandum on school bulletin boards.

QUESTION:

"Where can I get the highest interest on bank savings in Detroit?"

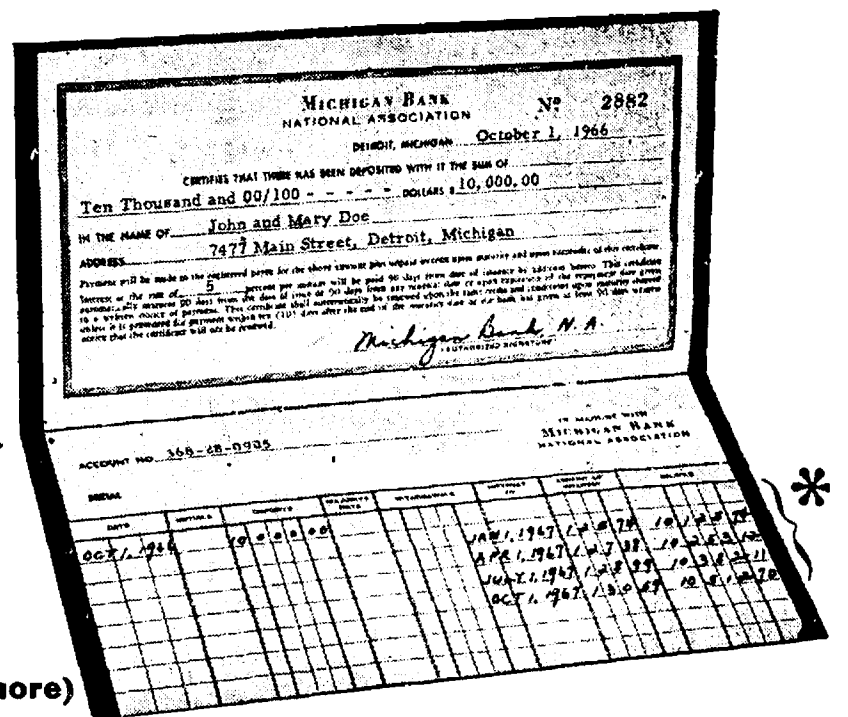

ANSWER:

At Michigan Bank. We pay 5% interest on time savings over \$1,000.00. Since this interest is compounded daily and paid four times a year, you earn the highest interest in dollars and cents at Michigan Bank. Interest is paid every three months by adding to your time deposit passbook, credit to your regular savings passbook or by check, sent to your home.

THIS IS THE HIGHEST RATE THAT FEDERAL LAW WILL ALLOW ANY BANK TO PAY (except on certificates of \$100,000 or more) AND IT'S AVAILABLE RIGHT NOW!

ACT NOW! Compare the interest you are now receiving on your savings at other financial institutions. Bring in your passbook and in a few short minutes you will be earning 5% compounded daily and paid quarterly with the safety and peace of mind that only a bank can provide!

Automatically renewed at every 90-day maturity unless you or the Bank have given notice that the time savings certificate will not be renewed.

Pointe Fires Claim 4 Lives In 1967; Loss Total \$273,209

Four persons died in fires and property loss totaled \$273,209 during 1967, according to final reports compiled by the five Pointe fire chiefs for submission to the State Fire Marshal's Office in East Lansing, and to their respective city councils. Total alarms answered by all departments is 460, the reports showed.

The four fatalities were recorded by the Woods Department of Public Safety on January 25 and December 2.

On the former date, a fire claimed the lives of three children of Floyd A. Charley, and gutted the family home at 1005 Vernier road. The children were Nancy, 21; John, 15, and David, 12.

On the December date, Eli Richardson, 61, an employee of the Protestant children's home, 900 Cook road, who resided in an apartment in the home, was trapped in his room by a fire of an unknown origin. His body was recovered by firemen.

The firefighters carried Richardson out of his apartment and efforts to revive him were unsuccessful. At a Wayne County Medical Examiner's inquest, it

was ruled that his death was accidental and that he died by smoke inhalation.

The following are the reports, in brief, submitted by the chiefs: Woods—total alarms answered, 86, of which four were false. Loss on dwellings, \$33,032.96; loss on buildings other than dwellings, \$24,600; loss on contents of dwellings, \$13,302.33; loss on contents other than dwellings, \$26,750; other fire losses (motor vehicles, etc.), \$2,016. Grand total of fire losses, \$99,701.

Park—number of alarms answered, 85, of which 28 were false. Loss on dwellings, \$97,441; loss on contents of dwellings, \$27,257; loss on residential garages, \$3,515; loss to commercial buildings, \$2,000; and car fire loss, \$1,253. Grand total of fire loss, \$131,548.

City—number of alarms answered, 162, with only one false. Loss on buildings insured, \$5,115.65; loss on contents insured, \$2,876; loss on automobiles insured, \$838.18; loss to telephone booth, \$80; loss on buildings uninsured, \$40; loss on contents uninsured, \$98; loss on automobiles uninsured, \$167. Grand total of fire loss, \$9,214.89.

Farms—total alarms answered, 93, of which eight were false. Loss on dwellings, \$5,566; loss on buildings other than dwellings, \$4,400; loss on contents of dwellings, \$12,800; loss on contents other than dwellings, \$3,190; other fire losses, \$1,820. Grand total of fire loss, \$27,855.

Shores—no breakdown of losses, which totaled \$4,970. There were 39 alarms answered, five of which were false.

Loses Bracelet In Fitting Room

Mrs. T. J. Reghanti, 1014 Bishop, reported the loss of a gold charm bracelet to City police on Friday, February 23. She told police that she had removed the bracelet in a fitting room at Jacobson's, 17030 Kercheval, while trying on some cloths and forgot it when she left the store.

Mrs. Reghanti discovered the loss almost immediately and called the store only to find that the bracelet was gone.

The bracelet, valued at \$100 contained charms of baby shoes, bananas, cable cars, theater masks and a tea kettle.

Broken Windows Blamed on Kids

City police received a report on Wednesday, February 21, from Frederick Witney, 608 Washington, stating that children in the area have been breaking the windows on the east side of his garage.

One 12x20 inch window was broken on Tuesday, February 20. Mr. Witney found a piece of brick in the garage that apparently was used to break the window. He added that children use

the vacant field next to his property as a shortcut. Officers on the road will keep a lookout.

Winners never seem to find fault with the referee's decision.

City Police received a report from Mrs. Lafray Taylor, 1414 Bedford, on Wednesday, February 21, stating that someone had stolen her alligator purse from Maier-Werner Beauty Salon, 17670 Mack on that date. Mrs. Taylor told police that she had placed her bag on the floor next to her while she was under the drier. When she was ready to be combed out, she reached for her purse and discovered it was missing. Dial direct.

Want to be a wise moneysaver? Then just dial your Long Distance calls direct instead of placing them Person-to-Person. It's one way to cut your phone bill if you are reasonably sure the party you are calling will be there. And it's easy, too. Just dial "1", then the Area Code, if it's different from your own, and the number you want.

For an idea of how much you can save, here's an example. A 3-minute Person-to-Person call between Detroit and Cincinnati costs \$1.30 at the day rate. Dial direct Station-to-Station and that same call costs only 85¢. You pocket the 34 per cent difference.

One of Dogs' Best Friends Puts Accent on Airdales

One of dogs' best friends is Mrs. Doris Lubeck, a vivacious Grosse Pointe Woods grandmother who has found an absorbing hobby in training and showing airdale terriers and in teaching other owners how to make their pets behave. Since she is also a busy housewife and mother, she must schedule her activities very carefully to crowd into a twelve-hour day most of what she wants to do.

• She is one of the founders and the first president of the Airdale Terrier Club of Michigan, which is shooting for a record entry of the breed in the fiftieth annual Detroit Kennel Club all-breed dog show at Cobo Hall Sunday, March 3.

• She plans to show her own two handsome airdales, Refal Zeld and Refal Ramona. She trained them herself, and she will handle them in the show ring.

• She works tirelessly to stimulate interest in airdale terriers. Other breeds may be more responsive and more attractive, more affectionate and more courageous, but don't expect to sell these heresies to Mrs. Lubeck.

• She helps teach in the obedience classes which are conducted by the Southeast Michigan Obedience Training Club each Tuesday night from 7:30 to 9:30 at the Grosse Pointe High School. The other teachers are Ann Holcomb, Nancy Grubbs, Jack Duncan and Ray Gielegheim. They have about 125 dogs in their classes. They do not train the dogs, however. Their purpose is to train the owners to train the dogs. New classes will open at Grosse Pointe High on February 27. The fee is \$10 for a ten-week course and Mrs. Lubeck thinks this is a great bargain.

"I think all dogs should be trained in obedience," she says. "The dogs are happier when they have been taught good behavior, and the owners are happier, too. An unruly pet can be troublesome, and there is no reason for it. Not when the problem can be solved so easily."

"I have always trained my airdales in obedience, even

though they are exhibited in the conformation classes. A dog as big as an airdale should be taught prompt obedience, for his sake as well as yours. Then you can always keep the dog under control, in traffic, at home, or wherever you are."

Mrs. Lubeck fell in love with airdales when she was a little girl. She recalls fondly that her grandfather, Everette S. Hilton—still enjoying excellent health at 93 years of age—fancied the breed. He always owned airdales. Doris says that she grew up with the breed. For her, propinquity lent enchantment.

"I love 'em," she concedes. "They are excellent pets. They are very devoted but they are not, as many believe, 'one-man' dogs. They like everybody. How are they as watchdogs? Well, let me explain it this way: If an airdale knows that you don't want to let someone in the house, that person isn't going to get in."

"They are all-around family dogs, fine with children. They swim and they are excellent hunters. They are very responsive and easy to train. More than anything else, they want to please you."

The Lubecks live at 1050 North Renaud road. There are four boys in the family. David, 23, is married. He and his wife, Sue Ann, and their first baby, Bryan, seven months, reside in Roseville.

The boys at home are: Roger, 17; Jeffery, 10; and Randolph, eight. Roger, a young man with a mind of his own, prefers the family's three cats. Jeff is moderately interested in the doggy activities. "He'll go to a show with me, if I'll go to a Red Wing hockey game with him," explains Mrs. Lubeck. Randy has inherited his mother's enthusiasm for the show ring. He is intent upon learning how to handle dogs in the show ring.

Her husband is Robert Lubeck, an associate editor of The Detroit News. He drives the station wagon to the show, hauls in the crates and stands on the sidelines and cheers.

"Bob is just wonderful about it," says Mrs. Lubeck. "He is so tolerant, and so interested. He doesn't groom the dogs, but he shares my enthusiasm. The other members of the Airdale Terrier Club know that they can almost always get me at dinner-time. Sometimes it seems my phone never stops ringing, but Bob never complains about the interruptions. He takes a real interest in the dogs."

Thieves Steal Hand Machine

Farms police are looking for four male Negroes, who, it is believed, are involved in the theft of an expensive hand machine from the Sears Store, Mack and Moross, on Tuesday, February 20.

Patrolman Thomas Kelly, who was dispatched to the store to take a report of the theft, said that he spoke to two employees of the firm.

Both men said they saw two men pick up a "Router" (a wood cutting machine), from a counter and place it in a large paper bag one of the alleged thieves was carrying, and walk out of the store.

The employees said they followed the culprits, who ran to a waiting car, with two other men in it. The thieves jumped into the vehicle, and the driver drove away at high speed. The "Router" is about six inches in diameter, and had two handles, and is valued at \$60, it was said.

B. Joy, Jr., Mrs. Sidney H. Morgan, Mrs. Longyear Palmer and Clayton C. Purdy, Jr.

Mrs. Marie Bower, 658 Neff, reported to City police on Wednesday, February 21, that a black and silver MG hexagon emblem was taken from the rear of her '64 MG sedan while it was parked in area No. 4 parking lot. The emblem was valued at \$6.

Surprised

GUSTAVE STADELBAUER

"I don't know what I've done to get so much attention," smiled Gustave Stadelbauer, resident of the Grosse Pointe Nursing Home. The attention he was referring to was a gala birthday celebration given in his honor on Saturday, February 24.

All of his family and friends were there enjoying punch and cake and generally making it a very Happy 102nd Birthday! (It seems to us that's reason enough to get lots of attention!)

City Mayor David E. Burgess and City Manager Thomas Kressbach also stopped by to wish Mr. Stadelbauer many happy returns.

Born in Winterbourne, Ontario, Mr. Stadelbauer moved to Michigan in 1893 where he began farming on 80 acres in Huron County. His first home was a log cabin.

At the age of 40, he bought a general store in Wadsworth that was a flag station on the Pere Marquette Railroad between Bad Axe and Uhley. He happily recalls taking some of the yard goods from the store, loading them in his horse and buggy, and selling them in neighboring farm communities.

In 1919 Mr. Stadelbauer moved to Detroit after he lost his right arm in a farming accident. He took a job with the City of Detroit and stayed with them until his retirement at the age of 76.

When Mr. Stadelbauer celebrated his 100th birthday he received birthday greetings from President Johnson. His comment . . . "I'll take more than just a card to get me to be a Democrat!"

Mr. Stadelbauer has a son Fred, two grandchildren and a baby sister, who lives in Winterbourne . . . she's just a youngster . . . 100 years old!

Gustave has been making his home at Grosse Pointe Nursing Home for the past 18 months and the people there are enjoying his lively sense of humor.

May you have many more Happy Birthdays, Gustave!

Library Offers Family Films

Four films will be presented at the next Family Film Night Program to be held on Friday, March 1 at 6:30 and 7:30 p.m. in the Exhibition Room of the Central Library. The following four color films will be shown and have been selected to include something of interest for both children and their parents.

The program is sponsored by the Grosse Pointe Public Library, a Division of the Public School System and it is hoped many families will take advantage of this opportunity to spend an evening together.

CLAUDIUS—BOY OF ANCIENT ROME—Color, 16 min. Through the varied experiences and activities of a young boy we are shown the way of life and customs of ancient Rome. The film shows that, then as now, growing up had its problems as well as its rewards.

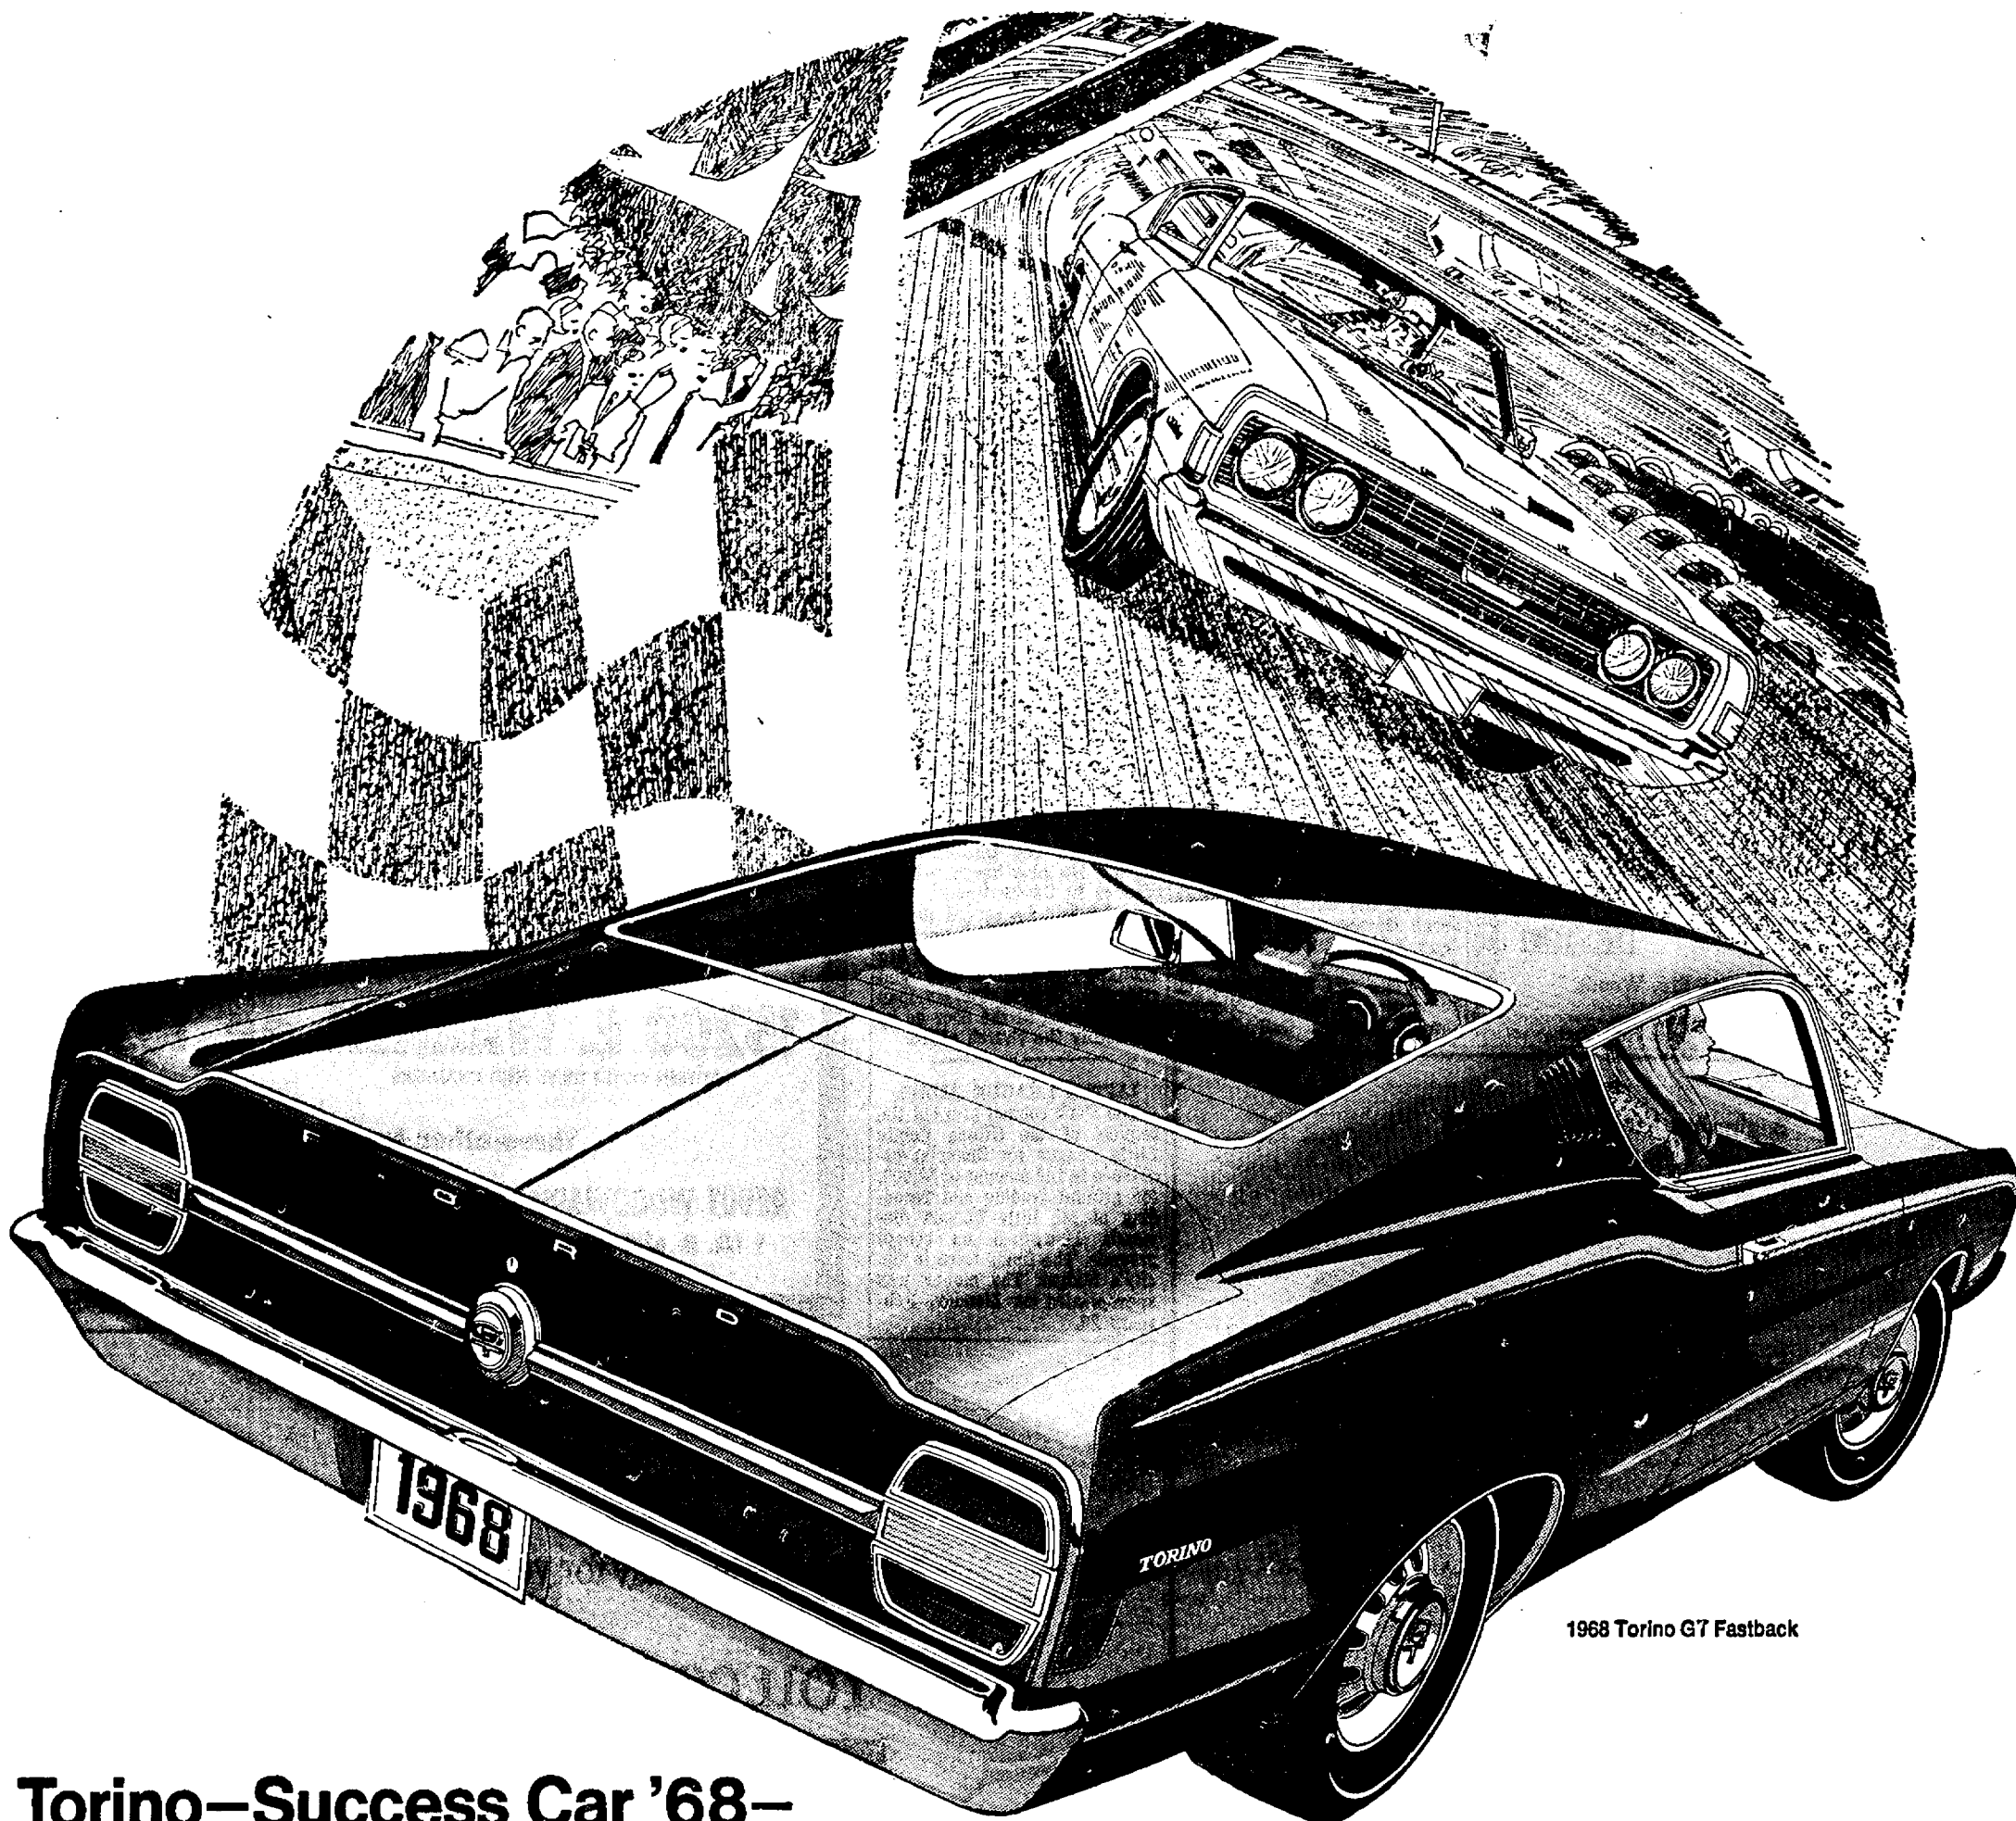

TAD, THE FROG—Color, 11 min. Tad hatches from a tiny egg into a tadpole, and develops into a full grown adult. One observes how frogs breathe, what they eat, how they grow and live.

PUSS IN BOOTS—Color, 11 min. This well-known fairy tale is retold with animated puppets. Made by the Dietz Brothers, the puppets are artistic creations of romantic miniatures from the German folklore.

ZOO BABIES (Observing Things About Us)—Color, 11 min. In this presentation of zoo animals and their offspring, these questions are answered: Do all baby animals look like their parents? How do they get their food? How are they protected? Attention is directed to the physical characteristics and habits of baby monkeys, gnus, kudus, lions, peacocks, alligators and bears; and the relationship of the babies to their parents.

For information about other Film Programs presented by the Grosse Pointe Public Library and the Friends Film Fund, ask at the desk for our publication entitled "An Invitation" or call Mr. James Titterton, Head of Audio Visual Department at Central Library, TU 4-2200, Ext. 42.

Ford power dominates Daytona 500

1968 Torino GT Fastback

Torino—Success Car '68—how's this for a track record?

- FEB. 25, 1968—Ford Motor Company sweeps Daytona 500 with Torino taking 2 of first 5 spots. Only 22 out of 50 entries go all the way
- FEB. 2, 1968—Torino named Official Pace Car for the Indianapolis 500
- JAN. 21, 1968—Torino finished 1, 2, 3, 4, 5 at Riverside 500
- JAN. 10, 1968—Ford Motor Company cars won 5 classes out of 9 in the Union/Pure Oil Performance Trials
- JANUARY '68—Torino/Fairlane takes first place in sales among intermediates—today's fastest growing class of cars

FACTS ABOUT THE 1968 TORINO

In the Daytona 500, Torino—top of the Fairlane line—showed its stripes and capped a long list of 1968 Torino/Fairlane successes. Earlier, Torino swept the first five places in the Riverside 500. Fairlane took its class in braking and economy at the Union/Pure Oil Performance Trials. Torino has been named pace car for the Indy 500. The Torinos at Daytona and Riverside were driven by experts and were specially prepared and modified,

but durability and maneuverability are built into every Torino and Fairlane we make. Torino's three GT models—fastback, hardtop and convertible—have earned the right to wear their stripes. All come with a 289-cu. in. V-8, wall-to-wall carpeting, styled steel wheels, wide-ovals, and GT identification. Like the GT's, the regular Torino hardtop and 4-door sedan have a full 116-in. wheelbase (longer than 38 competing models) for a

smoother ride, more room, and up to 20% more trunk space. They offer a whole range of Six and V-8 engines, and a raft of luxurious features. There's a Torino Squire wagon with 2-way Magic Doorgate, too. For Torino flair at a modest price, choose one of the eight Fairlanes—including the Fairlane 500 Fastback . . . America's lowest-priced fastback. You'll see why Torino/Fairlane has outdistanced the competition in the 1968 sales race, too.

Obituaries

FRANK E. COOPER

Teacher, lawyer, author, Frank E. Cooper of 87 Merriweather road died February 16 at the age of 57.

Mr. Cooper was a partner in the Detroit firm of Beaumont, Smith & Harris, which he joined upon graduation from the University of Michigan Law School in 1934. During his 34 years of active practice he developed expert knowledge of labor, anti-trust, and unemployment compensation law, but he worked in all areas, a true specialist only in the distilled experience and practical wisdom that he knew as the law. His interest in the daily life of the law extended beyond his practice to frequent involvement in efforts for law reform. He belonged to many professional associations and participated in the work of many committees, often as chairman.

One such group was the Administrative Law Section of the American Bar Association, which he served in many capacities, including that of chairman. He also served as a special consultant to the Hoover Commission Task Force on Legal Services and Procedures in 1954-1955.

When the Model State Administrative Procedure Act, promulgated by the Conference of Commissioners on Uniform State Laws, was revised in 1961, Mr. Cooper was called upon to act as a consultant to the drafting committee. One of the legal reforms most attracting his attention in recent years has been the proposal to create the office of ombudsman, an independent official who would serve as an overseer of administrative agencies to ensure that they are justly and efficiently discharging their ever-increasing duties to the public.

Teaching was an additional career which Mr. Cooper embraced with the joy of an avocation, beginning at the Walsh Institute of Accounting and at the Law School of Wayne State University, and continuing for more than 20 years at the University of Michigan Law School, where he held the rank of Professor of Law.

Professor Cooper was also faculty editor of Prospectus, the new journal of law reform being introduced by the Law School. The subjects he taught included courses and seminars in administrative law, and a pioneering course in the role of effective legal writing as a tool of advocacy, persuasion, and the on-going planning of ordinary life. He enriched his courses in all fields with the lessons learned in daily practice, remaining in practice not only from his love of it but also from the firm conviction that it contributed invaluable insights to his teaching.

Following several contributions to professional journals, Mr. Cooper won the Ross Essay Award in 1942 for an article on the desirability of changes in federal legislation and administration in the newly developing area of federal labor relations law.

In 1949, he won the State Administrative Law Essay Contest sponsored by the American Bar Association. His first book appeared in 1951, entitled "Administrative Agencies and the Courts." Later books included "Effective Legal Writing," "The Lawyer and Administrative Agencies," "Living The Law," and "Writing in Law Practice."

Following several years of research under the auspices of the American Bar Foundation, he published in 1965 a two-volume treatise on State Administrative Law. He was also co-editor, with the former Dean of the Michigan Law School, Dean E. B. Stason, of a volume of "Cases and Other

Materials on Administrative Tribunals." Throughout the years in which these works were produced, he continued a steady stream of contributions to legal journals and, on occasion, to newspapers and other popular media.

Mr. Cooper was also actively engaged in the affairs of Christ Church, Grosse Pointe, where he served for many years as a lay-reader, a member of the vestry, and chancellor of the parish. He was also a warden of the church beginning in 1967.

Prof. Cooper was born in Detroit on July 3, 1910, and was graduated from Northeastern High School there. He earned a bachelor's degree at Michigan in 1931 before entering Law School.

He was a member of Phi Beta Kappa, the Order of Coif, Phi Kappa Phi, Sigma Delta Chi, the American Judicature Society, the American Law Institute, and national, state, and Detroit bar associations. Surviving Mr. Cooper are his wife Margaret, whom he married in 1936, and three sons, Frank, Lee, II, Edward and William. Frank is studying for a Ph.D. degree in econometrics at the University of Wisconsin; Edward is an Associate Professor in the Law School at the University of Minnesota; and William is serving as a Chaplain's Assistant in the United States Army.

Services were held Monday morning, February 19, at Christ Church. Interment was in the Christ Church columbarium.

Goes Wrong Way Without License

Richard Gray Hammett, 11150 East Jefferson was stopped by City police on Friday, February 23, for going the wrong way on Fisher road. He was unable to produce a driver's license. The car and driver were taken to City police Station and a check on the license showed no record of his having a Michigan operator's license.

Hammett was issued a violation for no valid operator's license and another violation for going the wrong way on a one-way street. He was released on \$50 cash bond.

City Babe Ruth League to Meet

The Babe Ruth League of Grosse Pointe will hold its annual rally on Wednesday, March 6, in the old auditorium of Grosse Pointe High School from 7:30 to 9:30.

At this time registration for the coming baseball season is conducted. Boys aged 13, 14, and 15 are eligible—those who were born prior to August 1, 1955, and on or after August 1, 1952.

All interested boys should attend, accompanied by a parent. A registration fee of \$10 per family has been established to help defray the expense of operating the League. The entertainment will consist of World Series films.

Officers of the Babe Ruth League for the 1968 season are: John V. Moran, president; Richard Williams, vice-president; William Fox, secretary; and William Pankhurst, treasurer. The Commissioners are Richard Williams for the American League and Webster Knight for the National League.

Hoodlums Beat Park Teenager

Park police are searching for at least five teenage hoodlums who viciously beat a 14-year-old Park boy on Wednesday, February 14, for no reason whatsoever. The victim had to be hospitalized, according to information released by Park Police Chief Arthur Louwers.

Requiring surgery was Bruce Miedema of 1435 Lakepointe, who was taken to Bon Secours Hospital for treatment of facial wounds, resulting from the beating. The chief said that plastic surgery was performed on Bruce's nose.

The youth told police that he was on his way home at about 8:15 p.m. on Wednesday, and was crossing Mack avenue when he observed a car with several white and colored males.

At Mack and Maryland, the teenager said, one of the car's occupants, a Negro, got out and approached him and asked the way to Drexel street in Detroit. Bruce said that when he answered that he did not know, the hoodlum struck him in the face with his fist.

The victim said he ran east through the Mack-Maryland alley, pursued by the youth who had struck him, and the others in the car. He said that his assailants caught him and began beating him about the face and body, after which they ran back to the automobile and sped away.

Bruce was unable to notice the license plate number of the vehicle, but he told police that it was either a 1965 or 1966 light blue four-door hardtop Plymouth.

Letters to the Editor

To the Editor:

We are ashamed to have to realize that in Grosse Pointe we are so motivated that we will not supply the best of education to our young people. We have a standard of living which ranks among the highest in the country.

Yes, we have most of the material things! But the fact that so many turned out to vote "NO" for a less tangible expenditure and yet for such a vastly more important commodity, education, only proves the need for the generations ahead to obtain that which the ones out of school have failed to acquire . . . the ability to distinguish between that which is lasting and that which is transitory.

We pray that this community will have the opportunity to correct this mistake and the wisdom to recognize it has made one.

Sincerely,
Kay and Pierce Smith

It isn't too late to say a few kind words for the marvelous ladies at the Post Office in Harrison's. All during the Christmas rush they were able to handle too many customers to count and politeness was their watchword.

A few remarks in your paper to thank these fine people would, I feel, be in order. I would prefer that my name be omitted; please simply sign me as

An Answer To The Open Letter To Whom It Should Have Concerned

This is from an 11-year-old observer. I have nothing but sadness for the nine-year-old boy of the parents who wrote about the unexplained hit-and-run motorists who killed Smokey, their pet dog. But . . . Why was Smokey running loose — a puppy and black too at 10 o'clock at night? My family and I have seen many people take Smokey back to his home because he always ran loose across the street. Not once have I seen Smokey on a leash or in the yard.

How would these people know that Smokey was hit twice by the motorists unless they saw it? If they saw it, why was Smokey in the street? This is a very busy street and our dog is either in the house or in our fenced yard. I had a dog four years ago who was killed by a car, so I understand what the shock to the boy must have been. My dog had escaped from the backyard of my house, and it was not all our fault. This was their fault!

Maybe there is no law that states that a motorist "must" stop for a dog accident, but why was the dog running loose? My father predicted that Smokey would be run over because his owners didn't care. Do these people really care about pets or do they think more about themselves?

A Dog Lover

To The Editor:

Do you realize you and your readers live nowhere in the United States? If you wish to verify this statement, check it on the February, 1968, National Geographic Society's new map of the United States. There are Royal Oak and St. Clair Shores, even Marine City, but absolutely no Grosse Pointe.

Of course I know we have no Zip of our own, but neither does St. Clair Shores. Some

distant people might like to know where our town is located, and as long as protests are so popular nowadays, why not start one?

Sincerely yours,
Edna Marks
(Mrs. Charles B. Marks)

To the Editor:

The non-public school system of Michigan is in a period of increasing financial stress and is facing an uncertain future. Parents of children in these schools are carrying a burden that would cost the taxpayers of Michigan some 202 million dollars annually if these students were enrolled in public schools.

In the Grosse Pointe School district, non-public schools are furnishing quality education to thousands of our children, making a most important contribution to the area.

All Grosse Pointe residents have a vital stake in the future of these schools.

John V. Moran, Chairman
St. Paul's
Education Committee

Gentlemen:

May I submit the following in defense of the motorists who were so strongly vilified by Mr. and Mrs. Paul G. and Mary K. Flory in last week's issue of The Grosse Pointe News because of their wanton killing of their pet dog "Smokey"?

"AN OPEN LETTER TO WHOM IT SHOULD CONCERN"

It is reasonable to believe that these two motorists did not deliberately run down your pet dog, Mr. and Mrs. Flory. Your dog was killed because it was in the street in the dark of night. I grant you though, they should have stopped. Yes, they should have stopped, hauled the both of you to the Police Station and filed a complaint against you.

We have ordinances which forbid dogs running at large, ordinances which most dog lovers prefer to ignore. You no doubt, are like the thousands of other owners of dogs who allow their dogs to "break away" under cover of night or early dawn. This allows your dogs to "exercise" and pass on to your neighbors the responsibility of cleaning up after them — a very, very offensive chore to say the least.

In addition, you should consider yourselves fortunate that you only had to explain the loss of a pet to your son, and not the loss of a husband or father to his wife and children. Yes, either of these drivers could have easily lost control of their cars avoiding your dog, hit a parked car or a tree and been maimed for life or killed.

Your son's loss was tragic, but your son will benefit more by your good example in respecting the laws of the Community and the rights of your fellow citizens than he would by the affection shown him by his pet.

Instead of extolling willful lawbreaking by inserting your letter in such a prominent position in the paper, the Editor should have returned your letter with a copy of the City Ordinance for your assimilation.

Anonymous — Obviously.

What Goes On at Your Library

By Virginia Leonard

Have you ever read PEYTON PLACE? Would you believe that it ranks as No. 1 Best Seller for the past 70 (yes, we said seventy) years in the fiction category, taking both hard cover and paperback sales into consideration? And can you guess which book ranked first in sales in the non-fiction list? THE POCKET BOOK OF BABY AND CHILD CARE (THE COMMON SENSE BOOK OF BABY AND CHILD CARE), by Dr. Benjamin Spock! (followed as No. 2 by BETTER HOMES AND GARDENS COOK BOOK).

All this and more amazing bits of information on this subject can be found in Alice Hackett's 70 YEARS OF BEST SELLERS: 1895-1965, which has just been published. This is the latest edition of her earlier 50 YEARS OF BEST SELLERS, and 60 YEARS OF BEST SELLERS. The author states she is not making any attempt to glorify the best seller per se, but just to give the facts. As I always suspected, a book which generates good sales, snowballs into even greater popularity when many people feel it is "the thing" to buy and/or read it. Many times it merely sits on the coffee table unread, or is given away, but when it is the "in" thing to do, no one is going to stop these people. Thus sales stimulate sales, and the lucky author begins to envision movie rights.

The term "best seller" is frequently comparative rather than absolute. The book to which this term is applied may be a terrific seller from a sales standpoint in a certain city or a particular area—or even a specific store; but another might be number one all over the United States.

Our story of best sellers begins in 1895, as that was the first year that such lists were printed in the United States, and they were printed in the BOOK-MAN. In 1912 a best seller list was started in the PUBLISHERS' WEEKLY. Since the first edition of Alice Hackett's book, tremendous changes have been made in the business of book-selling and publishing. During World War II there were paper quotas and shortages in other materials. But once these restrictions were lifted, book clubs began to boom, thus affecting the best seller lists. Perhaps the greatest stimulus to the book selling industry, however, was the "paperback revolution," making its greatest impact felt from the 1950's on. By 1963, 300 million paperbacks a year were produced. Since then the trend has been ever upward.

It must be stressed constantly that annual best seller lists show the reading tastes of the book buyers who actually go to a store to select books, not of those who buy by mail or pick up random reading from newsstands. Also, you will discover in Miss Hackett's book that many of the books which appear on the all-time lists do not appear necessarily on the yearly lists. This is because certain titles may not pick up enough sales in one year, to merit the honor, but over a period of years will accumulate enough votes to get on the overall lists.

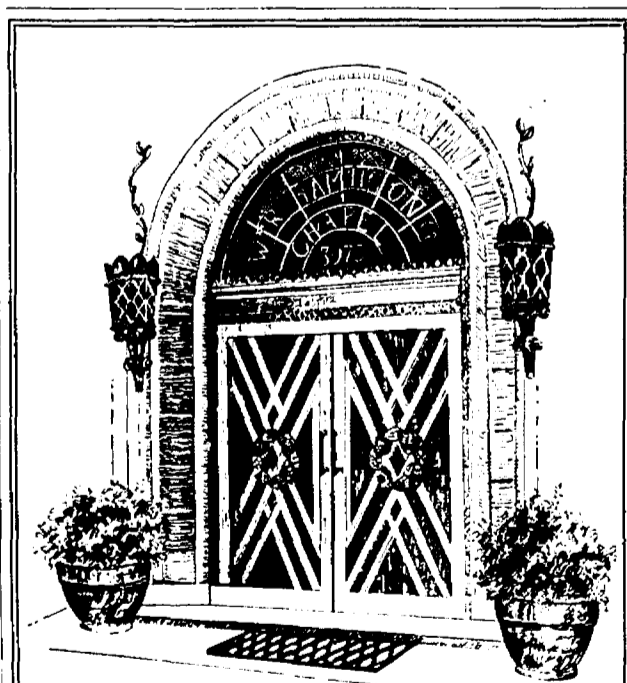

The yearly lists are interesting when studied in the light of social history and literary taste. And what a range! From Pollyanna to Polly Adler; from BE-SIDE THE BONNIE BRIAR BUSH (1895) to VALLEY OF THE DOLLS (1966). Think of the influence the following titles have had on our country: THE PIT (Norris), THE JUNGLE (Sinclair), THE ECONOMIC CONSEQUENCES OF THE PEACE (Keynes), FOR WHOM THE BELL TOLLS (Hemingway) and WITNESS (Chambers). Many books have added new words and phrases to our vocabulary—THE VIRGINIAN, BABBITT, LIFE BEGINS AT FORTY, THE HUCKSTERS and THE MAN IN THE GREY FLANNEL SUIT.

Which publisher has the most titles on the long-range best seller list? Doubleday. Which author has the most titles? Mary Roberts Rinehart (11), followed by Sinclair Lewis (10), Zane Grey and Booth Tarkington (9 each), and Louis Bromfield, Winston Churchill (the American novelist), George Barr McCutcheon, Gene Stratton Porter, Frank Yerby, Edna Ferber, Daphne Du Maurier, and John Steinbeck (8 each).

And so it goes. We strongly urge you to dip into this book which contains a treasure of information on the subject of best sellers. The latest year to be evaluated, 1966, lists VALLEY OF THE DOLLS as the No. 1 best seller in fiction, and HOW TO AVOID PROBATE (Dacey) as heading the non-fiction group. We are already wondering how future years will fare.

A new acquisition to our Central Library is a coin-operated copying machine known as the Coronastat. The charge is 10 cents a copy. During the first two weeks it has done a rushing business, with the children being the most inventive as to what to copy. Mittens, hands, profiles, toy cars—all have been recorder for posterity, along with the usual paper articles!

What's New on THE HILL . . .

By Sibyl

Antique-ing? . . . There's a fabulous find at Denler, 77 Kercheval. A pair of beautiful antique three branch sconces are authentic Louis XVI.

Ruth VanZile . . . and Jane Dant have been to market last week. They are back and so enthusiastic about all the beautiful buys. If you're looking for them, you'll probably find them opening the newly arrived packages and dashing off to display all the goodies for you at The Dants — The League Shop.

Your Hang-Up . . . may be the new group of irresistible hangers at Trail Apothecary, 121 Kercheval. We bet you won't leave without a handful. Our personal choice is the floral prints but the colorful velvets and satins are lovely too. They really spruce up your closets and make pretty and practical shower gifts.

Gourmet Cookware . . . from Waterford, Ireland is new at the Mermaid. The cast iron has undergone a new process called "Durabond" which makes it extra hard. You can use regular metal cooking utensils without scratching the surface. The white casserole with black lining is simply great . . . so is the skillet. Florence Eiseman Fans . . . there's a new collection of adorable brother and sister fashions (2-4 and 3-6x) at Young Clothes, 110 Kercheval. For bigger sisters (7-14) a cheery go-to-party dress is trimmed with crisp white pique and has a pique cowl neckline.

Nicely Nautical . . . the sailor-collared, bell-bottomed, two piece pajamas at Touch of Elegance. Made of comfortable, carefree "Blendaire", they come in yellow or blue . . . fifteen dollars. Other dreamy new sleepwear is in heavenly crepe d'lys and chiffon d'lys. At 63 Kercheval in the Colonial Federal Building, you'll love the terry put-overs (swim suits, shorts, etc.) They have a bit of chiffon at the neck and can be initiated. Priced plain . . . eighteen dollars . . . with a monogram . . . twenty-two dollars. The delivery time is good.

Window Shopping . . . at Gray's Racquet and Sport Shop, 106 Kercheval, you'll see a display of tennis and golf equipment. If you drop in, you'll learn that the good looking golf bag is very specially priced. Mr. Gray tells us it is a one hundred-twenty dollar value which he is able to sell for seventy-five dollars. By the way, he has a limited supply of steel tennis rackets.

La Grenouille . . . hopped right into the center of the costume jewelry picture. You can find this fashionable little frog at Margaret Rice along with fish, turtles, poodles, lions and very royal crowns. Some are enameled. Some are set with stones. Many are a dazzling composite. Prices start at six dollars.

Finnish bowls . . . for baking, for salads, for serving abound in the latest shipment to Virginia Williams, 79 Kercheval. Let your imagination roam as you see the sizes. Choose white, color or pattern from these distinctive Finnish designs.

Mr. Sheridan—Books . . . 81 Kercheval, recommends . . . "Mrs. Beneker" by Violet Weingarten. The new novel is hilariously funny . . . yet tenderly serious. The heroine is a mother whose children are grown. In trying to get into the swing of things and understand them, she goes back to school to look at the contemporary scene. This even includes a thought or two about a guru. For delivery call 881-2916 or 881-1671.

Brighten Your Life . . . Tuesday, March 5, by lunching at the Bronze Door, 123 Kercheval. There will be a fashion show by Anthony's featuring styles which preview spring. Call 886-1932 for reservations because this is always a popular day.

Photo by Benyas-Kaufman

MRS. JOSEPH B. SCHLOTMAN, (right), of Lakeshore road, accepts her "Heart of Gold" award from MRS. LYNN A. TOWNSEND, of Bloomfield Hills, at Metropolitan Detroit's first community-wide recognition ceremony for outstanding volunteers. Mrs. Townsend was co-chairman of the Valentine's Day event in Cobo Hall. Nearly 1,500 tri-county area residents attended the awards luncheon which saluted Mrs. Schlotman and 11 other volunteers for noteworthy service. The ceremony was staged by the new Volunteer Award Council comprised of representatives of 35 leading women's organizations working in cooperation with Women for the United Foundation (WUF).

Artists Market Has Face-Lift

A preview of Detroit talent expressed in poster art is on the docket for March 1 at the Detroit Artists' Market. The show, which will continue through March 28, will be officially opened at an invitational reception from 4 to 7 o'clock.

Because posters are a new item in the Market's customary exhibitions, the Market itself has had a face-lifting.

With architect Marco Nobili in charge, a system of staggered panels and lighting techniques has transformed the gallery into a dramatic foil for contemporary poster art.

Assisting in the transformation operation are students from Mr. Nobili's class at the School of Arts and Crafts.

Market volunteers wielding hammers and paint brushes include Mrs. Max Wolfe, Mrs. John McNaughton, Mrs. Herbert Gardner, Mrs. Robert Bender, Mrs. Joy O. Ray, Mrs. Carl Westman, Mrs. Johnson Lackey, Mrs. Jean Mesritz, Mrs. Mort Persky, Mrs. Hudson Mead and Mrs. Irvin Malcolm.

For true happiness lay by a little sunshine for a rainy day.

A film "Changing World," will precede a discussion on guidelines for local involvement. No reservations are necessary and child care service will be provided.

The Memorial Church Women's Elizabeth Ketchum Group will meet Friday, March 8, at the Bishop road home of Mrs. Harold W. Quackenbush. Mrs. Fred W. Adams will lead the devotions.

Girl Scouts Benefit From Cookie Sale

Five Types Of Cookies To Be Offered; Sale Starts March 8, Continues Through March 17; Hope To Top 1967 Record

Cookie-conscious parents and friends of the 34,000 Girl Scouts of the Metropolitan Detroit Council are scouting for customers and sales for their popular products.

They look to an exclusive new recipe for almond swirls to give competition to the favorite peanut butter patties, also exclusive with Girl Scouts.

Other cookie choices for the 42nd annual sale, March 8 through 17, are chocolate mint, shortbread and creme sandwich.

The Scouts' goal to top the 1967 record sale of over 1,085,000 boxes of cookies is set to meet specific costs not covered by United Foundation allocations.

These are: (1) extension of concentrated professional efforts to involve more girls and adults in low income areas in Scouting's informal educational program; (2) subsidizing camping for needy girls; (3) meeting maintenance costs of Camp Holly and Camp Metamora, not covered by minimal camp fees; and (4) developing the Council's goal of "at least one camping opportunity for every girl every year."

"We really do need 100 percent participation, as all girls under 18 years of age, for their safety, are forbidden by Council policies and a Detroit ordinance to sell anything door to door," points out Mrs. Herman Cardani, Cookie Sale chairman for the Grosse Pointe and Harper Woods area.

"This is the only Girl Scout Council we know of whose girls are restricted to selling in Council authorized booths which generous merchants let us have.

"Girls may also take telephone orders, but adults must handle the delivery and collection. We hope some of our customers will want full cases at \$6 for a dozen boxes, one kind or assorted. Cookies make nice gifts, especially to patients in institutions and for mailing.

"Of course, Girl Scout cookies are family favorites at any time."

Cookie committee members for this area include Mrs. S. S. Muglio, Mrs. Charles Vroom, Mrs. Donald Gagne, Mrs. Albert Cooper, Mrs. A. S. Messant, Mrs. C. J. France, Mrs. Craig Maarks and Mrs. Thomas De Vries.

The Metropolitan Detroit Council offers Girl Scouting in most of Wayne County. Other Girl Scout Councils provide the program in Oakland, Macomb, Washtenaw, Livingston and western Wayne counties.

Cookies sales in southeastern Michigan will benefit over 65,000 Girl Scouts seven through 18 years of age.

Wojcik, Richard and Frederick Kirchner, brothers of the bride, seated the guests.

The mother of the bride wore a floor length gold brocade dress and coat ensemble, while the bridegroom's mother selected a lace-trimmed aqua crepe costume. Both mothers chose cybidium orchid corsages.

Maitland MacKenzie Marries John Grech

Christ Church is Setting for Saturday Afternoon
Rites; Reception at University Club
Follows Ceremony

Planning to make their home in Lakeshore Village when they return from a vacation in La Jolla, Calif., are Mr. and Mrs. John James Grech, who exchanged marriage vows Saturday, February 24, in Christ Church, Grosse Pointe.

The 2:30 o'clock rites, at which The Reverend Erville Maynard officiated, were followed by a reception at the University Club.

The bride, the former Maitland ("Mimi") Ijams MacKenzie, daughter of Dr. and Mrs. Edward P. MacKenzie, of University place, wore a gown of candlelight illusion, appliqued with a lace floral motif and accented with seed pearls, over candlelight illusion.

A satin band, ending in a back bow, defined her Empire waist, and her Chapel length illusion veil fell from a band of pearl-studded flowers. She carried a cascade of white cymbidium orchids and ivy.

Mrs. Jon Paulsen, of Kalamazoo, was matron of honor for her sister, and bridesmaids were Mrs. Arthur Schaeper, Mary McKay Sumner and Georgiana Schmitt, of Cleveland Heights, O.

Their floor length, A line frocks were fashioned of blue velvet, and they wore peacock bandeaux in their hair. Their flowers were Fuji mum and ivy cascades.

The bridegroom, son of Mrs. Charles C. Grech, of Detroit, and the late Mr. Grech, asked

Ronald Hanlon to act as best man and Robert Sharkey, of Akron, O., Alexander Volcanoff, of Wyoming, Mich., Michael Miller, of Ann Arbor, Thomas Hext, of Highland Park, and Edward P. MacKenzie, Jr., brother of the bride, to usher.

Mrs. MacKenzie, mother of the bride, wore a dress and coat ensemble of deep rose silk shantung. Mrs. Grech, the bridegroom's mother, selected a beige brocade jacket dress. Both mothers chose cymbidium orchid corsages.

Among the out-of-town guests were the bride's maternal grandmother, Mrs. Reid Johnson, of La Jolla, the bride's paternal grandfather, Wallace S. MacKenzie, of Boynton Beach, Fla., and Mrs. MacKenzie, the bride's uncle and aunt, Judge and Mrs. James Cullen, of Baltimore, Md., and the bridegroom's uncle and aunt, Mr. and Mrs. Robert Dien, of Chicago, Ill.

Torch Drive funds can be used only for the operating expenses of agencies such as the YWCA. For all building and expansion, special monies must be raised, as in the current YWCA Expansion Fund Drive.

Shores Garden Club To Meet

Members of the Grosse Pointe Shores Garden Club will gather for their monthly meeting tomorrow, Friday, March 1, at the Lakeland avenue home of Mrs. Russell W. Vance, who has asked Mrs. Harry W. Mellen and Mrs. McInnes Walton to serve as co-hostesses.

Following a noon luncheon, a conservation program will be presented by Mrs. Marvin Katke, president of the Michigan Division of the Women's National Farm and Garden Association, who will talk on birds, using slides and recordings.

Life goes better for people who take things as they come.

Parents Of Retarded Unite To Offer Help To Others

The auditorium of the Reynolds Aluminum Building at Northland was the site of an unusual training meeting a week ago Tuesday. It was a gathering of parents of retarded children from all corners of the metropolitan area.

They came to be "trained" in the art of giving hope, help and understanding to parents of new-born or newly diagnosed retarded children, through the Volunteer Visitors Program.

A casual observer would have been surprised at hearing the laughter and good-natured banter emanating from this group—this is not the traditional

picture of parents of retarded children—but these smiling people are the "survivors" of one of life's greatest tragedies, who are offering to help others.

The idea for this program, which was initiated by the Grosse Pointe Association for Retarded Children with the assistance of Dr. Elaine Hacker, Dr. Paul Zavell and Dr. Calier embraced by all other Associations for Retarded Children in Wayne, Macomb and Oakland counties, representing over 3,000 members.

A formal announcement will be sent to doctors, churches and social service agencies outlining the procedure for using this service. Mrs. Cass Pieronek, of Renaud road, is the chairman of the Volunteer Visitors Program.

Among the speakers on the panel were Dr. Homer Weir, superintendent of Plymouth State Hospital, Miss Carolyn Wheeler, director of the North-eastern Wayne County Child Guidance Clinic, Mrs. Kermit Charron, community representative for Lapeer State Hospital, Eugene Pettis, Out-patient Social Service director at Plymouth State Hospital, and Dr. William Sosnowsky, Chief Psychologist for the Grosse Pointe School System.

Dr. Sosnowsky commented, "Mrs. Pieronek's concept is a masterpiece in humanitarianism. She has used her own misfortune with creative splendor in enlisting parents with mentally retarded children to help soften the shock of tragedy for those parents who have recently gained a handicapped child and those many that fate shall look upon."

"The Volunteers program is of tremendous benefits to all of us involved with mental retardation and its consequences."

Betrothed

At a dinner party at the Detroit Athletic Club, Mr. and Mrs. George Hanson, of Maumee avenue, announced the engagement of their daughter, BETSY, to Craig Dykstra, son of Mr. and Mrs. Richard Dykstra, of Balfour road.

Betsy and Craig were both graduated from Grosse Pointe High School and are now juniors at the University of Michigan, where she is affiliated with Alpha Delta Pi and he is affiliated with Chi Psi.

Deanery Plans Mar. 7 Meeting

The fourth quarterly meeting of Wayne Eastern Deanery, DACCW, will be held on Thursday, March 7, at 8 p.m. at St. Matthew's parish, Harper and Whittier.

The newly-elected officers of the Deanery will be formally installed at this meeting and a comprehensive report on the coming D.A.C.C.W. convention at Cobo Hall on March 10-11 will be presented.

All priests, sisters and women of the parish, are cordially invited.

Howard Smith At Town Hall

Howard K. Smith, who has won every major television award, will discuss "The Challenges Facing America" when he appears at Detroit Town Hall Wednesday, March 7, in Fisher Theater.

Luncheon following the 11 o'clock lecture will be at the St. Regis Hotel. This program is the last in the 1967-68 series.

During the summer of 1966 Smith went to Vietnam to do an interview with his own wounded soldier son. That fall he was anchor man for ABC coverage of the gubernatorial and Congressional elections and served as host on the ABC Scope Series.

Smith spent most of the war years abroad. In 1957 he became CBS's chief Washington correspondent. His program, for which he had complete editorial freedom, set a new standard of excellence in the analysis of the critical issues and decisions facing his own people.

In 1961 his "CBS Reports: The Population Explosion" won him an Emmy Award. Other outstanding broadcasts have included "Is Congress Out of Date?" "Why Race Hate?" and "What Is Really Wrong with America?"

Among senior high school girls attending the annual state-wide conference of Y-Teens at Clear Lake Camp near Battle Creek the weekend of February 17 and 18 were PAT CLAY-COMB, of Kerby road, and CHRISTINE BAKER, of Rivard boulevard.

Expert Offers Gardening Tips

Scots have thrived for generations on barley in their broth, but it was David Swanney's dear old great-grandmother who came up with the idea of placing a pearl of barley on a shrub cutting to "heal the wound" and help it grow.

And this lady's descendant, who sprang from a long line of distinguished gardeners in Scotland, kept the audience at the Grosse Pointe Garden Center's February 21 Workshop spell-bound for two-and-a-half hours while he told how to propagate fuchsia trees, geranium trees, chrysanthemum trees, espaliered gooseberries, mock orange, lilacs . . . and then covered details of required care and types of fertilization needed to help all such things flourish.

He has grown Pilea plants from Vietnam in sun or shade on Mrs. James S. Whitcomb's estate, where other better-known plants have perished.

After Mr. Swanney's five years' apprenticeship at Kain Park, West Lothian, Scotland, he went to the Edinburgh Botanical Gardens for two years and continued estate work in this country for 23 years more. For the past 11 years he has been in charge of the Whitcomb estate.

He is a member of the National Association of Gardeners. With his wealth of knowledge and experience, Mr. Swanney makes gardening sound very simple—provided one grasps the know-how!

He finally admitted to his audience at the Grosse Pointe War Memorial that he asks his helpers to keep little notebooks in their pockets to jot down the instructions he suggests to them while on the job.

GEORGE PAULIN, of Audubon road, GEORGE PFEFFER, of Linville road, and MICHAEL MABARAK, of Three Mile drive, are members of the Ferris State College Men's Glee Club, which will present concerts designed for young people in five high schools during its annual Michigan tour March 4 and 5.

EUNICE NGIT KWAI TOM WHITTAKER, of Kenmore drive, a substitute teacher in Detroit and a member of the Wayne State University Dance Workshop, will perform in the Workshop's 39th annual spring dance

Overlooking Country Club Golf Course

Seldom do we have the opportunity to offer such an exceptional home in this sought-after location on the Country Club property. Small enough for easy maintenance but large enough for comfortable living, this exquisitely decorated home has every facility for gracious entertaining, including a library and a magnificent paneled family room with barbeque grill and sink.

The remodeled kitchen has a large breakfast bay overlooking the golf course. The first floor also contains a spacious bedroom and private bath with double countertop sink, plus a separate lavatory. Two more bedrooms and a huge bathroom are on the second floor, with plenty of storage space.

The basement contains a lovely paneled recreation room with fireplace and bar, and a completely tiled sauna bath.

A new sprinkler system simplifies the care of the beautifully landscaped 100-foot lot. Call now for an appointment to see this fine home.

Pointers Named To UHO Board

Three Grosse Pointers have been added to the board of trustees of the recently formed United Health Organization (UHO).

They are John E. Hearst, 794 Trombley road; Richard F. Huegli, managing director of United Community Services (UCS) and a resident of 10 Radnor circle; and M. Frank McCaffrey, who lives at 40 Roslyn and is associated with Byrnes-McCaffrey.

The UHO was established last summer to undertake comprehensive, area-wide health planning in Southeastern Michigan. It currently is supported through a grant from the United Foundation.

President of the new organization is J. A. Mullen, chairman of the board, Sheller-Globe Corp.

Executive vice-president is Edward W. Tiescher, of Huntington Woods, former executive vice-president of the Michigan Cancer Foundation.

The UHO board of trustees includes representatives of all health resources as well as community leaders from Wayne, Oakland and Macomb Counties. Serving on the board are representatives of public and private agencies, county medical societies, county health officers, dental, osteopathic, labor and racial groups, and the medical schools.

Now concerned with comprehensive health planning in the tri-county area, the UHO is taking steps to include Monroe, Livingston, Washtenaw and St. Clair Counties at a later date.

Questers Plan National Convention

For almost two years, Pointers have been involved in preparations for the 18th annual national convention of Questers, to be held at Detroit's Sheraton-Cadillac Hotel the first three days in May.

Mrs. Pierre Palmentier, of Fair court, is national convention chairman.

Members of the 260 coast-to-coast chapters of the organization, dedicated to the study and appreciation of antiques, objects of art and their historical background, are scheduled to spend one convention day in Grosse Pointe, one in Detroit and one in Oakland County.

Mrs. Palmentier will entertain members of her committee at a March 25 luncheon meeting to finalize convention plans. Among the honored guests will be Mrs. John Pear, Questers national president; Mrs. Frederick Schumann, state president, and Mrs. Edgar Hahn, first state president.

Mrs. Charles O. Walker, Jr. has been appointed to represent the state organization on the convention committee. Registration is being handled by Mrs. Norman L. Parker and members of the Grand Marais chapter.

Each local chapter is assisting in some phase of the convention preparations.

The Fox Creek group, under the chairmanship of Mrs. Michael J. Brennan, has planned two delightful tours. Printing and photography assignments are being handled by Mrs. David Turner and members of the Pettipointe chapter.

Mrs. William Srigley and the L'Anse Creuse Questers will be in charge of the Hospitality Room at the hotel, and the Pear Tree chapter, under the leadership of Mrs. Robert C. Sheridan, will supply a group of charming hostesses who will guide small groups of visitors to points of interest in the area.

Members of the Minerva Dill chapter, with Mrs. Charles LeFevre, Jr., as chairman, will greet and escort Questers to their tables at the annual luncheon.

The Grosse Pointe chapter, under the supervision of Mrs. Harry Hauschild, is preparing table favors and decorations for the annual luncheon and board luncheons at the hotel.

It's all a big job... but one that Mrs. Palmentier is more than delighted to undertake. She's delighted, too, that interest in the Quester organization is growing, with new chapters being organized continually.

Recently Questers became international, with formation of the first Canadian group in Tecumseh, Ont.

Today, Grosse Pointe chapters alone have over 115 members. Most chapters have a membership limit of 25, as meetings are held monthly in members' homes.

Strictly A "First-Nighter" Affair

Grosse Pointe Newcomers' Club's up-coming bi-annual Variety Show is strictly a "First-Nighter Affair," since it opens—and closes—this Saturday evening.

But that doesn't mean it won't have a successful, albeit brief, run... Our spies tell us the Show is a delightful melange of songs, dances and skits—and that tickets are already at a premium...

Mrs. Peter Caputo and Jack Shattuck are co-writers and directors. Mrs. Robert Blaine is production manager, Edward Rowady is chorus director and properties are being handled by Mrs. Robert Lees and her able-bodied crew.

There'll be lots of dancing girls—and an unbelievable chorus of dancing men!—all choreographed by Mrs. Shattuck and costumed by a committee headed by Mrs. Jean Heaman.

Curtain rises at 8:30 o'clock in the Grosse Pointe War Memorial's Fries Auditorium. Frank Angell is serving as master of ceremonies, heading a cast drawn entirely from Club membership.

Show tickets double as admissions to an Afterglow at Stouffers Eastland, where a late supper will be served. Chairmen for the post-show party are Mr. and Mrs. Martin Hawley, 882-6085, who are also handling reservations... If you can't reach the Hawleys, (their phone has been known to remain busy ALL DAY), try Mrs. Blaine at 822-1368.

Wayne Women Planning Party

Exciting new spring fashions will be displayed in the Wayne State University Faculty Wives Fashion Show on March 22.

The show will follow a noon luncheon at the Fries Auditorium, Grosse Pointe War Memorial Center. Tickets are \$5. Faculty wives and their guests are welcome.

Phil Skilman is in charge of background music. Mary Morgan of CKLW fame will be the commentator for the fashion show.

Reservations should be made, by March 20, with Mrs. Lucia Pucci (TU 1-1327) or Mrs. Ethel Bossenbrook (UN 3-3162).

Guides Guests Of Girl Scouts

Girl Scout Troop 2367 of Star of the Sea School entertained Girl Guide Company Two of Windsor, Canada in commemoration of Thinking Day, on February 23. The Girl Guides and their captain, Mrs. Dorothy Temple, were invited for a catered supper followed by a program of games, songs, and an exchange of experiences, all of which contributed to an atmosphere of friendship and understanding.

An important part of the evening featured the presentation of Friendship Tokens made by the Scouts.

Also in attendance were Neighborhood Chairman, Mrs. Charles Reichling, and International Friendship Chairman, Grosse Pointe District, Mrs. Alex McLuckie.

EUGENE H. BAHN, of Gray-ton road, professor of Speech at Wayne State University, will appear in WSU's ninth annual "Frofs 'N Pupils" variety show next Thursday evening, March 7, in the Community Arts Auditorium on the Wayne State campus.

a development by
A. W. MILLER, INC.

Open 9:00-5:00 week days; 2:00-5
Sundays. Closed Saturday.

Located off the West Bound
Harper Ave. Service Drive,
between Eight Mile Rd. and
Vernier Rd. in Harper Woods.

HARVARD Rd., 3938 — 3-bed-
room colonial. 1 1/2 baths,
prime condition. Excellent lo-
cation. Owner. 886-4670, after
6:30 p.m.

OUR POLL takers predict that
these two candidates on
University Place are run-
ning neck and neck in po-
pularity. For those who pre-
fer the Farm colonial flavor
we can offer a four-bedroom
with convention-size family
room and caucas-size den.
There's also an impressive
front porch, perfect for
making that inaugural ad-
dress. If your choice tends
towards the conservative,
we have the ideal candi-
date in this five bedroom
English, with three full
baths on the second floor.
Our survey shows this to
be the number one bet in
its size and price category.

"IF YOU CAN'T stand the heat,
stay out of the kitchen!"
But we believe you'll want
to stay when you see the
beautiful cookery in this
large colonial on Rivard
Boulevard. There is a large
living room with screened
and covered porch off the
rear. The spacious center
hall runs the full depth of
the house, with a magnifi-
cent staircase flowing from
this hallway. Just the thing
for tossing bride bouquets.

THIS OLDER house has been
completely redone, which
includes a kitchen, baths
and most rooms. First floor
features a step-down den.
Upstairs are five bedrooms
and three bathrooms.

SOUTH OF Jefferson on a
street where prices are
usually much higher, we
offer a very attractive col-
onial, also with three bed-
rooms up. This one is very
similar to the one adver-
tised above, only includes
new carpeting and drap-
eries, air conditioner,
color television antenna
and disposal.

THIS LARGER house offers the
perfect combination to
those who want lotsa land,
and a house with rooms
with room to roam in. The
kitchen has been completely
done over and includes
every gadget in the cata-
logue. A greenhouse with
its independent heating and
watering system makes it
a focal point of the large
entrance gallery. Bedrooms
and baths for a large fam-
ily. All this on a decadent
street leading to the lake.

LAKE SHORE ROAD has long
been known for its mag-
nificent mansions, but few
of the great old homes are
left. We are proud to offer
a complete estate which has
been maintained in superior
condition. Call when you
have a few minutes to talk,
and we'll illuminate the
many features of this spe-
cial listing.

Pointe Counter Points

by Pat Rousseau

Romance... is really in the spring collections. The pretty girl is prettier than ever with the blessings of the designers. At Walton-Pierce we spied a Patullo dress. It was navy with a belted waistline and a froth of white cut-out lace at the stand-away neckline. Another designer navy had a jabot of white lace and deep cuffs of the lace on the long sleeves. In junior sizes there are also touches of lace and lots of organdy ruffles outlining neckline and edging cuffs. The lace and organdy saga started in New York in January. The ladies just couldn't keep all that prettiness hidden away until spring. They wore it whilst the snowflakes fell. Don't wait for the first Detroit robin to be lace-light, organdy-gay and fashionably pretty.

Pretty, Natural, Soft... these words are repeated over and over in all the fashion and beauty news. When it comes to hair coloring, it is more important than ever. We asked Sheri, the hair color expert at Leon's just what effects can be achieved for this important and really best of all looks. She told us the trend is blonde on blonde, brown on brown... for redheads... copper-blond or other interesting "natural" combinations. This can be done with shading or streaking or both. We like lots of different tones in hair. Doesn't nature? Call TUxedo 4-9393 and try to catch her before she goes on her Florida vacation or book her afterwards. Sheri is a very popular colorist. The hairpieces she works on are treated to the same expertise until they match and blend perfectly.

Activity Center... your kitchen? Why not plan it that way from the beginning? In an "open end" kitchen, you can have china silver and linen conveniently near the dining area. Perhaps you'll want to include a desk... (we have)... a sewing center (we haven't)... but analyzing your family's way of life is the important part of planning a kitchen in the Mutschler manner at 20227 Mack Avenue.

See The World... through fashion-wise, square-framed sunglasses. Oblong ones also go along with the latest look. Michelle's Boutique at Leon, 17888 Mack Avenue, star them for style in a newly arrived group. Prices start at three and go to thirteen dollars. By the way, there's a ONE-HALF-OFF SALE on separates which include slacks, tops and sweaters.

Acrymats... is a name you'll be hearing more about. After you see these unusual plexiglas place mats, exclusively at Claire Pearone, 397 Fisher Road, you'll know why. They are designed by artist, Ann Kobacker. Not only are they beautiful but practical. They resist one hundred eighty degrees temperature. Some are clear with butterflies, or leaves, or flowers electronically sealed in the plexiglas. Others have a Greek Key or Regency design around the edge and your fine wood table surface is the background. The "wet look" design comes in a rainbow of colors. These are very special mats for very special people. Prices start at six-fifty each. Napkins can be coordinated with them at Claire Pearone. By the way, the mats can be custom made in any motif you wish.

Ed Hickey... tells us there is a selection of about three hundred-fifty of the world's finest wools for custom tailored suits and jackets at 17140 Kercheval. We asked about the prices and were delightfully surprised to learn that for a coat and trousers, delivered to your measure, prices start at one hundred sixty-five dollars and the time is three to four weeks. The fashion trend is to plaid, stripes and light patterns.

Last Week... we went to the opening of Martha's Closet, 373 Fisher Road. It's darling! You'll love the charming decor. You'll also be delighted with the closet full of great coat and dress ensembles which everyone seems to live, lunch and travel in these days. Martha and Mary Jo left the next day for New York to buy more goodies. They should be back now and their finds should be in Martha's Closet. Go take a look!

How... to get away from it all... in town? Escape for a weekend to the Hotel St. Regis. We know several couples who have enjoyed their special weekend package which includes gourmet dinners, legitimate theater tickets for two, breakfasts (in bed if you wish). The atmosphere, service and price is planned to spoil you, so you will start planning another spree. The weekend per couple is eighty-five dollars. For details and reservations call TR 3-3000.

The Kaleidoscope... sees room dividers or space hiders as colorful fold screen. They are plain on one side and abstract-patterned on the other. Color combinations include gold-white and blue-green. Made of heavy cardboard, they are six feet square and are a bargain at six ninety-five... at 16135 Mack at Bedford.

The Sphere... 19849 Mack, has a new shipment of Stotter's fabulous heavy plastic place mats. Geranium is the new pattern... but the favorites such as the watermelon and the lemon are in the collection. There's a new barnyard motif for children. The vegetable theme decorates a plastic salad bowl with greenery salad tossers. See the coordinated plastic glasses, water pitchers and canopy dishes for serving snacks. For the boating crew... how about the colorful regatta pattern?

Wig Wasting Away... in your drawer? Take it out and to Edward Nepi, Parrucchiere, 19463 Mack Avenue, like so many smart Pointers are doing. Yes, hairdos have changed and so can your wig. Their stylists can create the new tousled curly look for your wig via clever shaping and Capilustro methods of curling. Give your hair piece a new lease on a fashion life. TUxedo 4-8858.

Refreshing... new color for carpeting... crushed pineapple... see it along with all the fresh new Cabin Craft's colors at Ed Maliszewski, 21435 Mack Avenue. Speaking about color, did you know Carter's have one hundred-fifty colors from which to select your cotton bathroom rug? They will also make them up to size. Almost custom... except the price! (776-5510).

Quaker Maid... puts its best look forward at Kitchen Remodelers, 15218 East Jefferson. Only the most carefully grown and processed North American birch is selected for your kitchen. There are twenty-one lustrous wood finishes and many cabinet styles... Contemporary, Colonial, Early American, Conestoga, Italian Provincial, French Provincial... for an estimate call 776-5510.

The Look Of Today... Hair styles curve, ripple, ripple and flutter... seemingly uncontrolled and casual but really calculated and careful. All are flattering and feminine. A soft permanent and superb haircut is a must. Now you can have the look at The Posh Studio of Beauty, Inc., formerly Tres Chic Coiffures... 886-1377.

Features... at Westfield's, 15506 Mack at Somerset, include a captain's plate with golden brown crab meat cake, Westfield's famous fish, creamy cole slaw, tartar sauce and a lemon wedge.

HECTOR MARTORELLI, (LEFT), AND BILL HUTTON, OF DEVONSHIRE ROAD

By Janet Mueller

Bill Hutton waited 17 years for a brother. Second youngest in a family of four, he has three sisters: Judy, now 22, married to Ronald Davis and living in Ann Arbor, Susan, 19, who attended Michigan State University for two years and is currently working for Standard Federal Savings and Loan Association, and Martha, 15, a 10th grader at Grosse Pointe High School.

Two years ago, he acquired a fourth "sister," Anne duVivier, who came from Belgium to spend a year living (with the Huttons), and studying, (at Grosse Pointe High), under the auspices of the American Field Service Foreign Exchange Student Program.

And THAT, as any 17-year-old, (he'll be 18 in May), boy will tell you, is a LOT of sisters...

Raised in Cordoba

Hector Martorelli wasn't quite so outnumbered at home. Born in Rio Cuarto, Argentina, raised in Cordoba, Argentina's "second city in importance," (next to Buenos Aires), with a population of about four million, he has one sister, Cristina, now 16 and in the 11th grade in an Argentinean "normal" high school.

Hector, called "Polo" at home to distinguish him from his father and grandfather, both "Hectors" too, is 18. He has completed "normal" high school in Argentina, and has had six months at a university there. Now, he's Bill's AFS brother, like Bill a member of the senior class at Grosse Pointe High School, like Bill a member of the Hutton family.

Bill is the son of Mr. and Mrs. Robert Hutton. His father is president of Standard Federal Savings and a Grosse Pointe Park City Councilman, currently serving as Park Mayor pro tem.

Orthodontist and M.D.

Hector is the son of the Hector Martorellis, of Cordoba. His father is an Orthodontist and an M.D.—"In Argentina," Hector explains, "an orthodontist must first have his M.D. before he can begin to concentrate on his specialty."

Hector is one of 10 foreign exchange students who have studied at Grosse Pointe High this year. Nine of the original 10 are completing the year; the 10th, Paulo Magillo, was forced to return to his home in Italy a few weeks ago because of his father's illness.

Two of the exchange-ites are tuition students, four are sponsored by Youth for Understanding and the remaining three, plus Paulo, by AFS.

Two come from Germany, one each from Denmark, France, The Netherlands, Italy (Paulo), Sweden, Finland, Belgium and Argentina (Hector).

Careers Coordinated Their "careers" here are coordinated by the Grosse Pointe High School Adult Foreign Exchange Committee. The Committee, through the generosity of various organizations in the community and with proceeds from an annual dinner-dance, scheduled this year for Saturday, March 2, at the Grosse Pointe Hunt Club, has established a Scholarship Fund for

Sometimes beef stroganoff over buttered noodles, a tossed salad with a warm roll and butter is another special in a tempting and changing menu. Plan on dinner at Westfield's.

The Stitchery... will open this Friday, March 1st... just in time for you to select fabrics, patterns and notions for Easter outfits. It's located on Mack Avenue in the Block... 886-6685.

QUESTION: How do nice old ladies get from the East Side to Metro Airport? ANSWER: They ride the Royal Coachman Limousine, of course.

We take them directly to the airline of their choice no inconvenient transfer to make and no luggage to carry... Call TUxedo 6-1322.

Have You Heard... of a Happiness Dress? If you are tipping the scales on the heavy side, discover one at the Ports of Call, 23220 Mack Avenue. The sizes are 16-26½. They come in lemon yellow, leaf green, chocolate brown and creamy tones. They are nicely and brightly trimmed for the young or young-in-heart heavier woman.

university—and suddenly here he was, back in high school! "During the first month, I suppose I felt a bit 'older' than the other students," he muses, "but after a while we were all the same... Except in my English class! I am taking Junior English here and in that class, with all those boys and girls, I feel really old!"

With Bill, he feels completely contemporary. Both young men belong to the Key Club at Grosse Pointe High. Hector fits in easily with Bill's friends.

The two "brothers" enjoy talking together, comparing life in Argentina, as described by Hector, with life in the United States as they both know it.

Five Types of Schools

Hector has told Bill about Argentina's school system, with its five different types of high schools: "Normal," leading to a primary teacher's permit; Commercial, emphasizing office skills; Industrial, emphasizing technical training; Literature, providing a broad general education; and National, offering a strict college preparatory course.

They've discussed class loads. In Argentina, Hector and his classmates "look" between 15 and 20 subjects per year—and Bill has a somewhat surprising attitude toward this heavy, (from an American high school student's point of view), schedule.

"I think it might be a lot better if we DID take more subjects," Bill says. "We'd certainly learn a lot more... I think it would be good for any student who could do the work."

Going To Rome

They're looking forward to Easter and a nine-day Hutton family holiday in Rome. It will be Bill's first trip abroad; he's counting on Hector to help him with the language, (Hector's family came originally from Italy and he "picked up" a little Italian at home).

They're talking and living and behaving, in short, like brothers—and like sons.

"I don't have words to explain how I feel toward Mr. and Mrs. Hutton," says Hector. "It's mutual," say Mr. and Mrs. Hutton. One person perfectly understands Hector's feelings. Anne duVivier came "back" to her American home this year, for a Christmas visit. The first thing she said when she walked in the door was, "I want to meet my other brother."

And Bill, beaming, introduced Hector. He'd waited 17 years for a brother...

It was worth it.

Carl's Corner

A letter to my store's neighborhood boys.

Sunday you were playing, properly, in back of my store, but because of some previous incidents, I came dashing out in a fit of temper and did what I condemned others for many times. I bawled you out before I gave you a chance to explain.

In spite of this you were polite and mannerly and so I apologized.

In our adult world—of which you will all too soon be a part—with our blanket condemnations of youth, because of a few slinkers, it's easy to forget that 90% of you are fine and wonderful people.

So, I hope you will forgive me for my outburst, as the gentlemen you are.

After just a few days, I felt as if I had lived all my life here," Hector recalls his quick "adjustment" to the Huttons. "Face it: With him (Hector) here, there's less work for me," Bill grins, glancing sideways at his brother. Hector grins back.

Did Some Teaching Hector, of course, had a bit more to "adjust to" than Bill.

A "normal" high school graduate, Hector is qualified to teach in his own country. He spent his fifth and final Argentine high school year actually teaching in the primary grades, rather like Practice Teaching in the United States, and was judged and graded by his fellow student teachers and regular high school and primary school instructors on how well he taught.

Did you know that... February is the Birthday Month for Abraham Lincoln, George Washington—and Detroit Review Club's current president, Pointer Mrs. Robert Kales? Shirley also celebrated her 10th wedding anniversary on Valentine's Day...

... We gleaned this fascinating bit... of information from the "Detroit Review Club News," compiled and distributed by Grosse Pointe's Chief Astrologist, Lou (Mrs. Aaron E.) Wilcox. (No, she didn't consult the stars for her DRC information—she consulted DRC members and the Club Calendar)... Among DRC's up-coming events are a March 11 Presidents' Day Tea at the International Institute, a March 22 Drama Day, an April 1 Fashion Show-Luncheon at the Harmonie Club, (several Pointers will be modelling), and an April 26 end-of-the-Club-year Musicales and New Members' Day...

Did you know that... in Argentina, according to the 1960 census, there are SEVEN girls to every ONE boy?... (To paraphrase Mr. Greeley, on the basis of these figures, today's young American male might be well-advised to "Go South...")

... We came across... this interesting statement in an article on this week's "Pointer of Interest," Hector Martorelli, in a recent issue of Grosse Pointe High Schools' student newspaper, "The Tower" Author Nanette Singer, GPHS senior, did not elaborate on it... So we've added the statistics to our list of "Points To Ponder On An Otherwise Dull Day," (it's quite lengthy list, including such items as "Half the inhabitants of the newly independent African kingdom of Burundi embrace the Christian faith" and "An old law is being revived to limit all shrimp catches in Guatemala")...

Did you know that... John Schaible, son of the John A. Schaibles, of Bishop Road, suffers perennially from dry skin and bloodshot eyes? And that he includes among his hobbies "donating blood?"

... We learned these facts... about John via a "profile" in "The Aquin," newspaper of the College of St. Thomas, St. Paul, Minn.—but before you rush to the telephone to call Mrs. Schaible and offer her your condolences, read on... John, captain of the St. Thomas swimming team and a member of its record-setting Medley Relay team, is in PERFECT HEALTH: He's just the sort of boy who ENJOYS "soaking his body in flesh-eating chlorinated water, thrashing between the sides of the tiled-lined tank, competing with the clock and his aching gut and burnin' lungs" (direct quote from Bob Gillen's "Aquin" article). Well... we suppose it takes all kinds...

... In fairness to John... we must report that dry skin isn't the only thing he'll have to show for his four years at St. Thomas, (actually, his dry skin problem began some years before he arrived at St. Thomas, back at Austin Prep, where he took up swimming when he was dropped from the freshman basketball team on the second day of practice, lettered in swimming as an Austin sophomore and was named an All-Catholic City swimmer during his junior and senior years)... He's currently non-fiction editor of "Counterpoint," St. Thomas' literary magazine, member of the St. Thomas Lettermen's Club and president of an underground student organization called A.O.A.S. ("We refuse to tell what the initials stand for," he says, "It adds to the mystique of the organization...")... An English major, he's interested in graduate school and an eventual college teaching career in Michigan...

Did you know that... Mrs. Harold W. Harden, president of the Grosse Pointe Woman's Club, who recently moved to Evanston, Ill., after living 25 years in Maison road, jets back to Grosse Pointe each month to conduct the regular Club meetings?

... We didn't either... until we talked to Mrs. Ralph E. Glahn, Mrs. Harden's left-behind-in-Maison-road neighbor and a fellow Woman's Club member, who reports that Mr. H promised Mrs. H. the monthly "plane trip" (until her term of office runs out), in return for HER promise to "learn to love Evanston"... Mrs. Harden gets a Dividend Trip in a few weeks—she's jetting back for the Woman's Club Annual Scholarship Party March 1...

Among the passengers on the train crossing Canada was a Cockney girl en route to Vancouver to marry a soldier she'd met in London. It was her fourth day on the train, and we were still only about halfway across the vast plains of Saskatchewan when somebody asked her, "How do you like what you've seen of Canada?" Staring out at the prairie, featureless and apparently without end, she thought for a moment, then replied, "It's a bit of orl right, y'know. But lumme! Somebody oughta tyke a tuck in it."

PILFERINGS

My doctor husband was recovering at home from a bad siege of virus when he heard that a bachelor friend had been suddenly taken ill. Realizing that the man lived alone, my convalescent insisted on rushing to his friend's apartment.

In a short time he returned, silent and looking annoyed.

"Well, and how was Bill?" I prodded.

"That guy?" he snorted. "All that was the matter with him was an acute case of bourbonic plague!"
