American infantrymen supported by artillery, planes and tanks battled the Viet Cong on Wednesday for control of the tiny hamlet northwest of Saigon, Ap Long Muc, in the fourth day of heavy fighting. U.S. Infantry Division men called in artillery and napalm air strikes only 50 to 100 yards ahead of them as they advanced into the hamlet, which is near the district town of Trang Bang. United States and Vietnamese forces have reported killing 396 enemy in the Trang Bang area since Sunday. Allied casualties were described as light.

Friday, March 29

THE UNITED STATES signed a new arms contract with Jordan on Thursday permitting the sale of an unspecified number of warplanes, armored personnel carriers and other gear to that Arab nation. State Department officials declined to itemize the arms covered in the contract or to put a price tag on it.

THE SENATE Armed Services Committee voted Thursday to kill the Navy's F-111B plane project. It suggested that the Navy specify just what it needs to replace the trouble-plagued jet fighter. If the full Congress follows suit, the committee action will mean an end to the controversial two-pronged TFX program for which former Defense Secretary Robert S. McNamara fought during his seven years in office.

Saturday, March 30

VIET CONG SHELLED a big U.S. helicopter field and five allied infantry bases Friday and early Saturday, military spokesmen reported. The reports indicated considerable damage to helicopters at Camp Holloway in the central highlands.

MORE THAN 6,000 customers and employees fled through flames and smoke Friday as fires erupted in three of Chicago's most famous department stores, Carson, Pirie, Scott and Co.; Montgomery Ward and Company; and Wieboldt's. Millions of dollars worth of damage were caused to all three stores. Mayor Daley said at a press conference that there was no proof of arson and that there was "no evidence at all" that the fires were the result of an arson conspiracy.

Sunday, March 31

UNITED STATES AIR FORCE B-52 bombers hammered points below the demilitarized zone Saturday, presaging possible new fighting in the border area. The eight-engine jets, each capable of carrying 25 tons of explosives, made three raids between the U.S. Marine outpost at Khe Sanh and the U.S. military base at Cam Lo.

Monday, April 1

PRESIDENT JOHNSON shocked the nation Sunday night over major television and radio networks when he announced that he would not seek and will not accept the nomination for another term as President. He also announced a pause in air and sea attacks on North Vietnam, except in the area near the demilitarized zone. He called this move "the first step to de-escalate" the war, saying the United States will substantially reduce "the present level of hostilities." He also appealed for immediate peace talks. In still another major announcement, the President said some 13,000 support troops will be sent to Vietnam during the next five months, some of them to be reserve units that will be called to active duty. This would indicate only a small reserve call-up.

Tuesday, April 2

THE STOCK EXCHANGE recorded the greatest volume in 20 years on Monday following President Johnson's announcement on Sunday night of the de-escalation of the Vietnam War. Over 17 million shares were traded. Dow Jones 30 Industrials went up 20.67.

Flag Ceremony Presented at Monteith School

A discussion in Jean Palazzolo's social studies class at Monteith School after a study of the Revolutionary Wars led to a dramatic flag ceremony recently. The audience's breathless attention to the ceremony with the roll of the drum, the marching feet of the flag carriers, and the vocal tribute to great men born in

February, added to the children's thrilling experience of patriotism. Among those children participating in the ceremony (front row left to right) are PATTY OUTLAND, DAVID WYBO, DAVID HOWELL, and KAREN OLEN. Those on stage are, (left to right), ALLEN ANDREWS and GAIL ISSETTE.

Center Drive Gets Off to Good Start

Total Of \$16,013 Received From 920 Donors In First Three Days Of Annual Campaign

Grosse Pointe War Memorial's 1968 Annual Family Participation Campaign is off to a good start. A total of \$16,013 was received from 920 givers between Friday and Tuesday.

Comparing third day receipts with third day receipts in the 1967 campaign shows this year's drive started March 18 and by this time \$28,647 had been received from 1,558 donors so this year's efforts must be sustained to catch up.

In all, 18,288 personalized letters were sent to the families of all five of the Grosse Pointes. William Huettner, president of the Memorial's Board of Directors, is very pleased and gratified with the many early returns received so promptly.

The Center is especially grateful for the breadth of participation taking place in these first few days. Never before has the Center heard from so many families per day.

William B. Cudlip hopes the breadth of support will continue and that all families will avail themselves of the free tickets being offered to Center Programs in April.

A very partial list of givers to date appears below. Continued lists of donors will appear in this newspaper in next week's and the following issues.

Tour of New High School Scotches Frills Rumors; Structure Very Functional

Myths Of Lavish Waste Of Funds Exploded; Swimming Pool Constructed Of Aluminum Instead Of More Expensive Tile

By Pepper Whitelaw

I have just returned from a tour of Grosse Pointe North High School, and contrary to what I have heard recently, the school will not be carpeted throughout, there will be no escalators, no fancy chandeliers, no plush foyer.

There will not be three swimming pools, the entire stage is not the elevator type (only a small portion which can accommodate a 15-piece band is the elevator type and this doubles as a freight elevator), the Homemaker rooms are functional but not fantastic, and the gym, including the upper level, can comfortably house 1,470 students. Approximately 1,600 students, it is estimated, will be participating in physical education classes in the school's second year.

Although Grosse Pointe North High School is not lavish, not fantastic, not overdone by today's standards, it is a wonderfully functional facility of which the community can be justifiably proud.

Pool Is Aluminum

The swimming pool is L-shaped, so as to provide a separate living area, with an area for spectators to view competitive events. The pool is made of aluminum rather than the more expensive tile. It is 25 yards by 25 meters.

The gym will provide a center varsity basketball court (50'x94') and two other basketball courts (50'x84'), with adequate space on the periphery. The gym is converted into two separate areas by use of a divider.

The two upper level physical education areas will be used for gymnastics, tumbling, modern dance, golf, archery, wrestling, and other small group sports.

Halls Vinyl Tiled

The halls and most of the classrooms have floors of vinyl tile. The library, a math resource center, the foyer of the auditorium and the home economics "living room," are the only carpeted student areas. The carpeting is of the industrial type for easy upkeep. Carpeting was installed in the library because as many as 300 students can use the facility at one time and the carpeting keeps noise at a minimum.

The Performing Arts Center has an auditorium with a seating capacity of 825. It also includes an instrumental music room, a choral music room, class rooms for speech, music and drama and practice rooms.

Classrooms Are Small

The size of the average classroom is less than 900 square feet. The cinder block walls are colorfully painted. To best utilize existing space the floor plan incorporated interior classrooms.

It appears that the entire facility will be completed by September with the possible exception of the theater part of the Performing Arts Building.

The goal behind the planning of Grosse Pointe North High School was to provide for the students of Grosse Pointe a functional facility. That goal has been achieved.

Offer Free Programs at Memorial

Week of Attractions for All Ages Starts April 11; Must Pick Up Tickets at Center

Beginning Thursday April 11, there will be a week of free programs at Grosse Pointe War Memorial Center to which all citizens of the community are cordially invited.

Free tickets are necessary for admission and may be picked up any time at the Center office. Some programs will appeal to young children and their parents, others to adults and teens and some just to adults.

Tschaikowsky's "The Seasons" will be presented in an Evening of Ballet Thursday, April 11, at 8 in Fries Auditorium. It will be produced by Mary Ellen Cooper just as it was presented on the stage of the Detroit Institute of Art for the Tuesday Musical.

The program involving 35

Burglar Cleans Cleaners' Safe

Woods police are investigating the disappearance of more than \$1,000 from the office safe of the Indian Village Cleaners, 20948 Mack avenue, which was reported on Monday, April 1.

The money was discovered missing by Charles E. Brown, 39, of 3723 Maxwell, Detroit, and reported by Ella Etheridge of 23765 Lawrence, Warren. Both are employees of the cleaning establishment.

Brown told police that he opened the store at 7:15 a.m., and about five minutes later Mrs. Etheridge came to work. Brown said he opened the safe in the presence of Mrs. Etheridge, and both discovered the money missing.

Mrs. Etheridge said that she had placed \$1,077.76 in currency and coins in the safe prior to closing at 7:31 p.m. on Saturday, March 30. Everything was in order when she left, she said.

Det. Everett Plumb, assigned to investigate the matter, said that there was no sign of forcible entry into the store, nor was there any evidence that the safe had been forced.

Robert Rissman of Royal Oak, a partner in the chain of cleaning establishments, whose office is in the Woods store, told Plumb that a similar type of break-in occurred at one of his cleaning places at Kelly and Morang, Detroit, approximately a month ago.

Water Rate Study Shows Variations In Pointe Charges

Three Buy from Detroit and City Gets Supply from Farms System; Farms Customers Pay Least and Woods Users Most

Since House Bill 3868 is now being debated in the State Legislature the NEWS felt that an explanation of the bill and a comparative study of Pointe water rates would help the consumer better understand the entire picture.

The bill would place Detroit Metropolitan Water Services and the wholesale rates it charges for water and sewage under the control of the State Public Services Commission, with the intended purpose of protecting the consumer as regards water and sewage costs.

Some representatives of DMWS have indicated that regulating Detroit's wholesale rate would only give minor protection to the consumer since each community sets its own consumer water rate.

Detroit Supplies Three
Three of the five Points buy water from Detroit; the Park, Shores and Woods. These cities pay Detroit \$1.18 per thousand cubic feet of water.

Grosse Pointe Park charges the consumer \$1.89 per thousand cubic feet with an additional charge of 46 cents for sewage.

Grosse Pointe Shores does not separate the sewage charge from the water charge and its total rate is \$2.10 per thousand cubic feet.

Grosse Pointe Woods charges \$2.05 per thousand cubic feet with an additional 95 cent charge for sewage.

Other Costs Included
The water and sewage rates of those three Points include the cost of buying water from Detroit plus the cost of the operation and maintenance of a water distribution system, sewage system, repair, replacement and maintenance of mains, maintenance of water meters, maintenance such as cleaning, repairing and replacing of sewers, and payment for sewage treatment to the Wayne County Road Commission, plus costs of labor, billing and collecting.

Leaves Cigaretts To Pay for Gas

Ronald Wilde, an attendant at Joe's Tire Center, 17800 Mack, reported to City police on Thursday, March 25, that around 6:45 p.m., that date, a tall, Negro male, wearing a brown overcoat and a Negro female with short hair, wearing a dark blue velvet dress, drove into the station and asked for \$2 worth of gasoline. When Wilde tried to collect for the gas the male handed him two cigarettes and fled.

Sam Ferris, manager and co-owner of the station, pursued the pair who were headed west on Mack. He attempted to stop them but they refused to stop. Ferris gave up the chase at Conners and Mack in Detroit.

Information on the car, a '59 four door bronze Pontiac, and a description of the pair were radioed to all cars.

The new director of public safety's salary, Slone said, will be \$14,000 a year, plus fringe benefits.

Ellenburg, who was born on June 29, 1919, has been a resident of the Detroit area for 45 years. He is married and the father of six children, four of

Parent Club at North High Launched at Open Meeting

An enthusiastic, but small group of 100 parents attended the open meeting last Thursday, March 28, in the auditorium of Parcels Junior High School, to discuss the organization of a Parent Club at Grosse Pointe North High School.

The meeting was opened by Mrs. William Ludwig, president of the Mothers Club of Grosse Pointe High School, who introduced the members of the Planning Committee, namely, Jack Persson, Parcels Junior High School P.T.A. president; Donald Remter, father vice-president, Parcels Junior High P.T.A.; Mrs. Marianne Brines, representative, Mothers Club of Grosse Pointe High School; Floyd Nixon, father vice-president, Brownell Junior High

School P.T.A. (who was unable to attend); and Dr. Craig. Following Mrs. Ludwig's discussion of the role of the present Mothers and Dads Clubs at Grosse Pointe High School, Mr. Persson presented the Planning Committee's proposal for the formation of a Grosse Pointe North High School Parent Club for the group's consideration and discussion.

After a lengthy discussion of the pros and cons of affiliating with the P.T.A. or forming Dads and Mothers Clubs similar to South High School, it was finally moved and seconded and approved that they form a parent organization and that a committee be set up and charged with the responsibility of making a recommendation at the following

291 Electors Take Time to Cast Ballots

Election Costs \$4 Per Vote As All Incumbents Seeking Office are Unopposed

By Pepper Whitelaw

Last Monday's election in the City of Grosse Pointe Woods for a Mayor and three councilmen cost the city a little more than \$4 a voter. There are 11,779 registered voters in the Woods . . . only 291 appeared at the polls (141 males-150 females).

The reason for this apathy at the polls seemed to be because the incumbents were running unopposed. Mayor Kenneth R. McLeod, mayor of the Woods since 1962, was running unopposed for a two-year term. Councilman Kenneth W. Berner and Thomas E. Leah, council members since 1962, and Benjamin W. Pinkos a councilman since 1960, were running unopposed for four year terms.

The question arises why vote when the candidates are unopposed? The answer? First, to exercise one's democratic privilege; secondly, to show one's support of the incumbents, and thirdly, to avoid the hazard of a "write-in" slate of candidates, who could win the election and who might be unqualified. And even more dangerous is the possibility of boss-type politicians coming into an election and winning on a "write in" basis just because the average voter did not appear at the polls.

An election costs money. An election takes a great deal of work and preparation. For example Department of Public Works men set up the voting machines in the morning and removed them at night, 35 women worked in the 12 precincts on the day of the election and police were on duty in the morning and at night. The election cost the Woods \$1200 and only 291 out of 11,779 voters appeared at the polls . . . apathy?

Cyclist Seriously Hurt in Accident

A 16-year-old motorcyclist was in surgery for several hours at Bon Secours Hospital on Thursday, March 27, where doctors fought to save his left foot, which was nearly amputated following a collision with an automobile at Vernor and Berkshire. A rear seat passenger on the motorcycle escaped injury.

A Park police report revealed that James T. Jackson of 1359 Philip, Detroit, was driving his Honda east on Vernor Highway, when he was struck by a car driven by Joan Elizabeth Gauthier, 38, of 1416 Berkshire. The woman had stopped for the stop street, and then proceeded into the intersection, hitting the motorcycle on the side.

A passenger riding with Jackson, Randall Oshove, 16, of 2180 Philip, Detroit, was thrown clear of the machine and was not injured, but Jackson's left foot became entangled in the machinery, and this member was nearly severed from his leg. He was rushed to the hospital by police ambulance. Doctors say he might lose the foot.

Police officers at the scene said that Jackson was traveling on Vernor at about 7 p.m., without his cycle headlight on.

A witness, Charles A. Howe of 1263 Berkshire, told police that he saw Mrs. Gauthier stop for the stop sign at Berkshire, then proceed into the intersection. She was traveling south on the road, he said. He stated that he saw the collision and saw the two boys thrown off the bike. The woman was issued a traffic violation ticket. She was charged with entering an intersection without due care and caution and causing an injury accident.

A ticket was made out charging Jackson with driving without a headlight, and filed with Juvenile Court authorities.

A court date for Mrs. Gauthier is pending.

heard a loud muffler noise, and got out of bed and looked out the front window and saw the car parked in front of his house.

Plumb said that officers arrived at the Lochmoor Lounge, 20934 Mac's avenue, just as Michniak was walking away from the side door of the building. The door showed evidence of an attempted forced entry. A heavy lever was found in the snow a short distance away, it was said.

The detective said that Michniak was queried for a reason he was in the area, and the youth claimed that his car had broken down and he was looking for a gas station. He pointed to a car on a side street, where police found Johnson laying down on the front seat and Belanski flat on the rear seat. All three were taken into custody and driven to the station for questioning.

At the station, the car was searched and the pistol was found in the glove compartment, and confiscated. Johnson police said, admitted that the gun was his and that he had purchased it from a place in Toledo approximately a week ago, for \$45. He used false identification at the time it was bought, he said.

All three have been involved with the law on previous occasions, it was said. Johnson was on probation to Detroit's Recorder's Court for an offense committed in Detroit. His probation officer, Richard DeWyck, notified of the charges against the youth, placed a hold on him, for violation of probation.

Police Chief Louwers, born
in Detroit on April 29, 1906,
was appointed a probationary
patrolman on the Park Police
Department on June 12, 1930,
and two years later, was as-
signed to the Plain Clothes Di-
vision of the Detective Bureau.

On June 1, 1940, he was ap-

the rank of detective sergeant;

on May 1, 1944, made a de-

introduced new police proce-
dures and methods of opera-
tions, in such things as record
keeping, criminal investigation
procedures, and so on.

Established Programs
In 1951, he established a Po-
lice Recruit Basic Training
Program, with the backing of
the Southeastern Police Chiefs
Association, and the Federal
Bureau of Investigation, which
is standard to this day. Many
policemen from the Pointe, St.
Clair Shores and surrounding
communities, have received this
training, the only such training
in their careers.

Chief Louwers authored a
book of rules and regulations
for Police Departments which
has been adopted by almost
every local law enforcement
agency in Michigan.

He is a 1953 graduate of the

Mayor Matthew Patterson ex-
pressed his regrets when noti-
fied that Chief Graul and Chief
Louwers had asked to be re-
tired.

"These two men have served
the community long and faith-

retirement will leave a void in
the ranks of the employees of
Grosse Pointe Park, that will be
felt for a long time."

Good Friday evening, April 12, there will be a concert of religious music at 8 p.m. for which the free tickets are not necessary.

On Saturday afternoon, April 13, Grosse Pointe Children's Theater will give two performances at 1 and 3 o'clock of "The Little White Rabbit Who Wanted Red Wings." The production will be under the direction of Mrs. Sydney Reynolds. It is the story of a bunny who envied all his animal friends their various showy parts such

as the squirrel his bushy tail. He wished for a pair of beautiful red wings such as he saw on a bird, but after getting them he found he could not use them and was shunned by other rabbits. For the outcome it's necessary to see the play.

A choice of programs is offered Monday evening, April 15, which should appeal to many high school and college students as well as adults. Ray Fleming Cranbrook M.F.A. and members of the faculty of Mercy College will give a free demonstration of painting and figure work in the Crystal Ballroom.

At the same time John Fernald, director of the Meadow Brook Theater will show how he trains the members of his company in acting, voice production and the like. They will do excerpts from several plays on the stage of Fries Auditorium to illustrate.

Finally, on Tuesday, April 16, a special travelogue added to the Grosse Pointe Adventure Series will be presented free of charge to the Grosse Pointe public in two shows 7:15 and 9 p.m. Frank McGinnis will present in person his color film of the "Fabulous Riviera" covering Spain's Costa Brava, the famous strip from Cannes to Monte Carlo in France and the ruggedly beautiful Italian Coast past Portofino.

All the Center asks is that free tickets for these events be picked up in advance at the War Memorial so attendance can be regulated and prepared for.

**The one-stewardess airline.**

Delta has twelve stewardesses for every plane in the fleet. Relays work flights round the clock. In any Delta day, nine hundred may be on duty.

But only one girl is important. The one on your flight. The one who serves you. Not the ones in the other cabin. Your stewardess. If she's efficient and cheerful, she's doing her job. If she's inattentive and curt, the entire airline seems sour. Our reputation

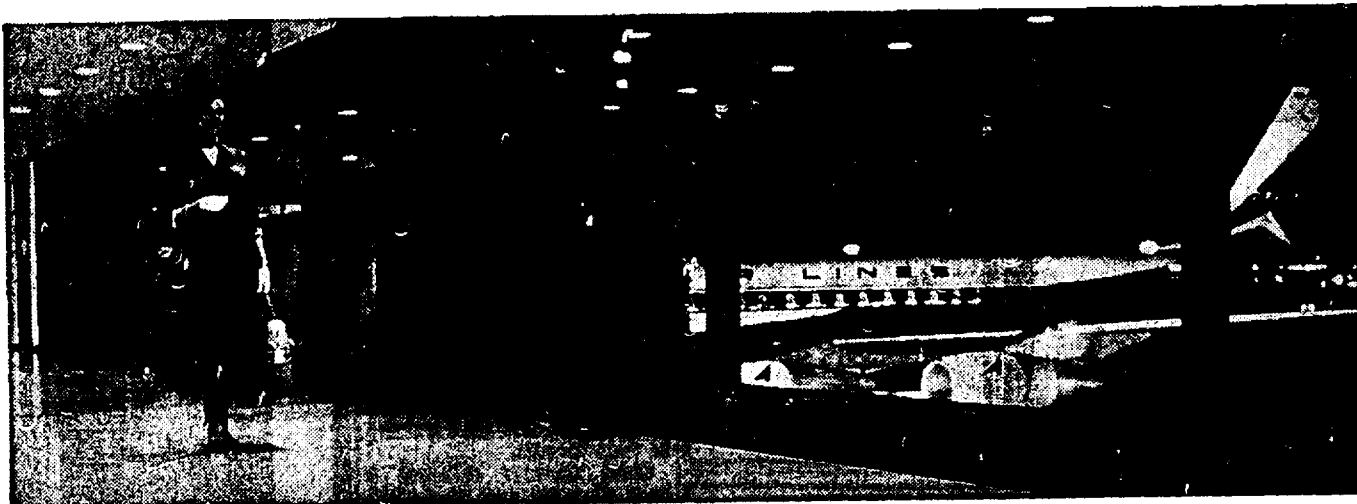

really rides on her slender shoulders.

That's why we call Delta the one stewardess airline. She's singular. Undefined. But we know her when she comes in to ask for a job.

There's much technical training for a stewardess. But we never try to teach a Delta girl to be gracious. She might forget under pressure. We hire the one who is gracious naturally.

It lasts.

We now have committed \$863,000,000 for jets. We can find the dollars. No trouble. The real job is to make sure we have the right girl for those jets. The one stewardess that matters. For the flight you're on. Your stewardess.

ing meeting as to the type of organization.
In addition, a poll was taken of all the parents as to what their present feeling was about the four types of groups discussed and a vote was 70 in

favor of a parent group with no affiliation, seven in favor of the Parent-Teacher-Student Association and two in favor of affiliation with the P.T.A.

A motion was approved to accept the Planning Committee a selection of six parents to serve as a Nominations Committee. The representatives would be Mr. and Mrs. Tom Candler, Mr. and Mrs. Alex Gill and Mr. and Mrs. Ben Rabaut.

A subsequent motion was approved to instruct the Nominating Committee to select a chairman and secretary to serve in the organization of a Constitutional and Bylaws Committee. The group approved the proposal that anyone wishing to serve on the Constitutional Committee would be able to sign up at the close of the meeting.

Dr. William L. Craig discussed the special role of the Parent Organization in opening a new high school and some of its ongoing functions and activities in the judgment of the administration.

Dr. Craig emphasized the role of the Parent Club in maintaining a direct line of communication between the school and the parents through general meetings, study groups, and other special programs, and emphasized in addition, the need for parent support and assistance in planning and supervising the school's extra-curricular activities, particularly the athletic program, school social affairs, school clubs, and the additional service within the school program, of providing parent assistance in operating the resource centers and other facilities of the school.

One of the members of the audience complimented the Planning Committee on its fine work, and particularly Mr. Persson on his role as moderator. It was endorsed by the assembly that Mr. Persson continue to serve as moderator of the next meeting of the parent group which will be scheduled in the near future, date to be announced.

Water Rate Study Shows Variations in Pointe Charges

of 92.5 cents for a thousand cubic feet. These two cities maintain their water distribution system and water lines, replace meters plus the costs of billing, general administration costs including accounting and payment of a sewage processing fee to the City of Detroit.

The City of Grosse Pointe

Students' Art Being Exhibited

An exhibit of art done in the public schools of Grosse Pointe, in grades one through nine, is being held at the War Memorial from now through April 28.

This sampling of the great variety of work done in the classes will give the public an opportunity to see this creative side of Grosse Pointe youth.

Because there now are four elementary school art teachers in the public system, increased space is given to art of the lower grades in the second floor rooms and corridor used for this exhibit. Among the many different items will be a huge stitchery map of the United States, done in one elementary school as a class project.

A reception will be held on Saturday, April 6, from 1 to 3 o'clock, on the second floor of the War Memorial, to which parents and all interested citizens are invited to meet the art teachers and to see the displays.

charges the consumer \$2.09 per thousand cubic feet of water with an additional charge of 66 cents for sewage disposal. The Farms charges \$1.64 per thousand cubic feet and 36 cents for sewage disposal.

The City, the Woods and the Shores are on a flat rate. Grosse Pointe Farms and Park are on a step rate. Farms' rate is \$2 each for the first 9,000 cubic feet and \$1.65 for that in excess of 9,000.

Grosse Pointe Park's rate is \$2.35 per thousand for the first 100,000 cubic feet and that water in excess of 100,000 cubic feet, \$2.20.

When making a comparison of rates all the above factors must be considered. No fair comparisons can be made just by listing the retail cost of water to the wholesale cost of water since all of the five Pointes have combined water-sewage bills and since there are added costs to the various communities over and above the initial wholesale costs.

To Show How To Prune Roses

The Grosse Pointe Rose Society will have a pruning demonstration on Sunday, April 7, from 2 until 4:30 p.m. Anyone interested in rose culture is welcome.

Many experienced rosarians are participating and will offer pruning tips and advice on successful rose culture.

The demonstration will be held in the garden of Mr. and Mrs. Harold B. Lee, 575 Lakeland. Participants include William Collins, Elmore Frank, Paul Kolvoord, Howard Poe, Angelo Taveggia, James Turnbull, Sherman Willson and Dr. W. O. Ross.

Isn't this the summer you quit watering your lawn by hand?

There is an easier way. Let TORO automatic underground sprinklers take over.

They automatically sprinkle your lawn on a pre-set schedule—even at 2 A.M.—when you're fast asleep. TORO fully-automatic sprinklers are installed by men who know their business—official TORO Master Installers. If you haven't met one yet, meet one now. (There's no obligation.)

Offer Series of Lectures On Problems of Childhood

"I hope that everyone in Grosse Pointe interested in gaining a fuller understanding of the problems of childhood and adolescence will attend the outstanding series of lectures being sponsored by the Maire PTA," President William Ehrlich said Monday.

He indicated that Dr. Richard Cutler, Vice-President of Student Affairs and Professor of Psychology at the University of Michigan, will begin the first of the series of three lectures with films at 8 p.m. on Tuesday, April 9, in the auditorium of Pierce Junior High School.

"We are most fortunate to have been able to obtain the services of Dr. Cutler for our series. He is a dynamic speaker and an eminently qualified educator," Mr. Ehrlich said.

In the first lecture, Dr. Cutler will define personality and examine some of the factors which shape its development. He will illustrate his points through filmed interviews with several six-year-olds who examine the same picture and reply to his question about what it means to them with widely varying answers. Dr. Cutler is expected to explain how culture, interpersonal relations, and environmental conflicts create diverging views of the world as early as six years of age.

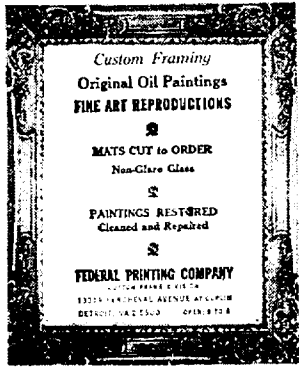

In the second portion of the April 9 program, Dr. Cutler will

discuss the toddler's first encounters with society and describe the effects these have on his personality.

In the second lecture, slated for 8:15 on Tuesday, April 23, Dr. Cutler's topics will be "Middle Years" and "A Matter of Discipline." He will examine the roles of collecting and clubs in the lives of the seven to ten-year-olds and he will discuss the aims and methods of discipline suitable at all stages of childhood.

In the last of the series to be held at 8:15 p.m. on Tuesday, May 7, Dr. Cutler will explain the changes and adjustments facing the new adolescent and the complex dimensions of maturity—social, emotional, and intellectual.

A ticket costing \$3 will admit a husband and wife or a single person to all three lectures. Students may purchase tickets for twenty-five cents. All tickets are available at the office of the elementary school serving your neighborhood.

Burglar Invades Home in Woods

Donald Sommer of 2320 Stanhope told Woods police on Thursday, March 28, that he left home for about four hours and returned to discover that someone had broken into his house.

The burglar, or burglars gained entry by forcing open the milk chute at the rear of the house, and opened the door leading into the kitchen. The chute was concealed by several large evergreen trees.

Police said that the break-in was done by someone who appeared to be familiar with the house, and knew just where to go. The home was not ransacked.

The thief took a tape-recorder from the northwest bedroom of the house, and a 19-inch portable television set from the northeast bedroom. Also taken from this room was a transistor radio, Sommers said. He did not recall the values of the stolen items, he told police.

Investigating officers said that a basement window and screen were removed from the north side of the house, and also from the south side.

Sommers said that he left home at about 7:45 p.m. and returned at about 11:55 p.m. and found the side door open, after which he called police.

Gardening Hints Given by Phone

Pointe gardeners who may have gardening problems have the opportunity to avail themselves of the Cooperative Extension Service provided by the Michigan State University, U.S. Department of Agriculture, and the Wayne County Board of Supervisors, through the Metropolitan Detroit Landscape Association.

As of March 18, the Wayne County office of the Cooperative Extension Service again resumed its "Problem-of-the-Day" automatic answering service. This is a two-minute recorded message of timely garden hints, and is available 24 hours a day.

The message is unbiased factual information and may be had by merely dialing the "Problem-of-the-Day" phone number, 728-8000.

Errant Driver Hears Sentence

Ralph R. Fisher, 17, of 20552 Waltham, Detroit, arraigned before Woods Municipal Judge Don J. Goodrow on Saturday, March 30, on a charge of driving while under the influence of liquor, entered a plea of guilty, and was sentenced to pay a fine of \$100 and his operator's license was ordered suspended for a period of 90 days.

Fisher was arrested by Patrolman Martin Trombley and Thomas Podeszwick on Thursday, March 28, when the officers observed him traveling west on Vernier road, and saw the youth's car jump the curb at the northeast corner of Vernier and Mack, narrowly missing another vehicle.

Trombley and Podeszwick, in their scout car waiting for the light to change at the intersection, gave chase. They said they paced Fisher at a speed exceeding 70 miles an hour, and forced him to a stop at Harper avenue.

The policemen said that when Fisher was ordered out of his car, and to produce his license and registration, the youth became belligerent. A strong odor of alcohol was detected on the young man's breath, and he had difficulty in standing and

walking. Fisher was arrested and placed in the scout car.

The patrolmen said that en route to the station, Fisher became abusive and very aggressive and they were forced to subdue and handcuff him. At the station, the youth consented to taking a breathalyzer test, which he failed. Fisher claimed to have had 10 bottles of beer, but asserted that he was not intoxicated.

The biggest safety factor in any automobile on the highways is the man behind the wheel.

Library Offers Family Movies

Family Film Nights are held on the first Friday night of each month at 6:30 and 7:30 p.m. in the Exhibition Room of the Central Library. This April program is the last one until the series starts again in October and it is an interesting and entertaining one. We hope many families will take this opportunity to spend an evening together, April 5.

ANIMALS IN SUMMER — Color, 11 min. The animal photographer, Lynwood Chace, turns his lens upon a dozen or more common animals of the

woods during the summer months. From the fish and frog, to insects and meat eaters, we see animals seeking food and sheltering their young from their enemies.

SEA ADVENTURES OF SANDY THE SNAIL — Color, 16 min. A story told with finger painting. Betty Ohlrogge, accomplished artist and teacher, narrated the story while she creates, with finger paints, the beautiful world of the ocean floor as it might appear to a snail. Shown are a starfish, puffer, pair of sharks, an abalone, and a sea horse.

I'M NO FOOL HAVING FUN — Color, 9 min. Disney Jiminy Cricket traces the history of fire and points out safety rules. He sings and dances to "I'm No Fool" as he conducts a safety contest between Y-O-U and a common fool.

THE THIRSTING STONES — Color, 14 min. The fairy tale about the stones that revealed a treasure, and the shepherd boy who is rewarded for his goodness.

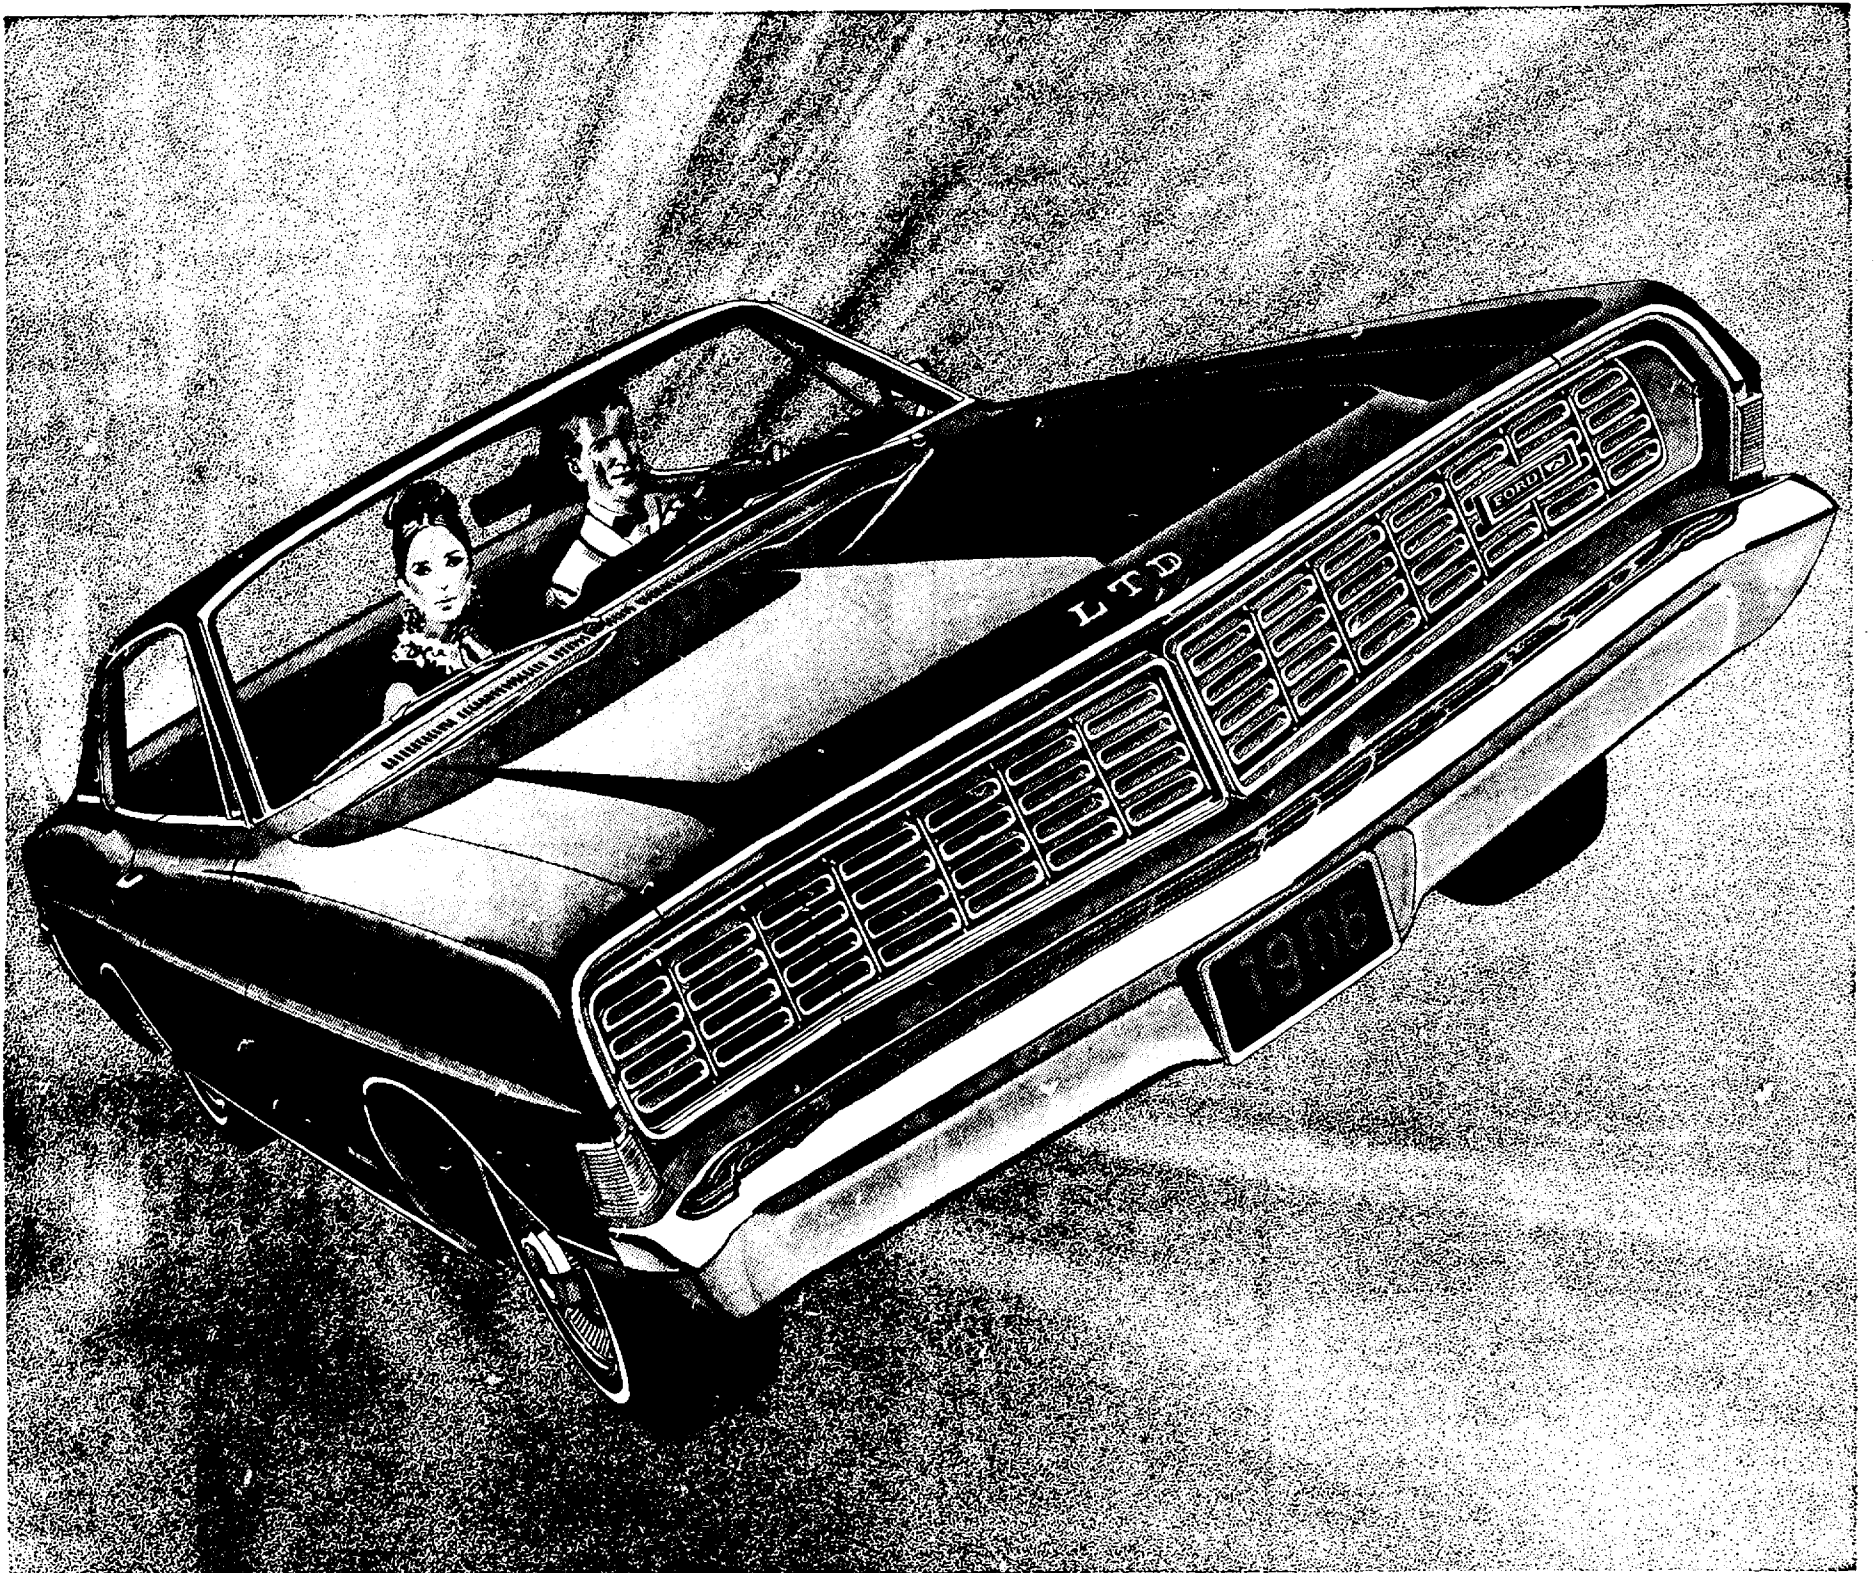

The above program is sponsored by the Grosse Pointe Public Library a Division of the

Public School System. For information about other Film Programs or film loans please call

James Titterton, Head of Audio-Visual at Central Library, TU 4-2200, Ext. 42.

Report to people who think talk about a quiet car is a lot of malarkey.

1968 LTD by Ford... 2-Door Hardtop

Don't listen to the talk...listen to the cars. There's a difference. But don't take our word for it. Compare 'em. Compare Ford with any car that claims to be quiet. In five minutes you'll know. Ford's the quiet one. The '68 LTD is built to be quieter than the LTD that rode quieter than the Rolls-Royce. See the man with Better Ideas... your Ford Dealer.

FACTS ABOUT THE 1968 FORD

The LTD, XL and Country Squire are the only cars in their class with strong die-cast grilles and hidden headlamps as standard equipment. The LTD comes with a 302-cu. in. V-8 with options up to a 428-cu. in. V-8. Other LTD options include an exclusive split full-width front seat with either half individually adjustable. There's a choice of 12 interior trims includ-

ing a special Brougham Interior Trim. Better ideas like these continue right through the entire 21-car Ford line. Power front disc brakes at no extra cost when you order power brakes • Fully synchronized manual transmission instead of partly synchronized • Ford's exclusive push-button tuning when you order AM radio/Stereo-Sonic

tape • An optional Convenience Control Panel with lights to warn you if your brake is on, a door is ajar, and to remind you to fasten your seat belt • A 2-way Magic Doorgate on all seven Ford wagons • Choice of formal or fast-back styling on Galaxie 500 2-Door Hardtops • New, trim, easy-fold convertible tops with windows of real glass • An optional

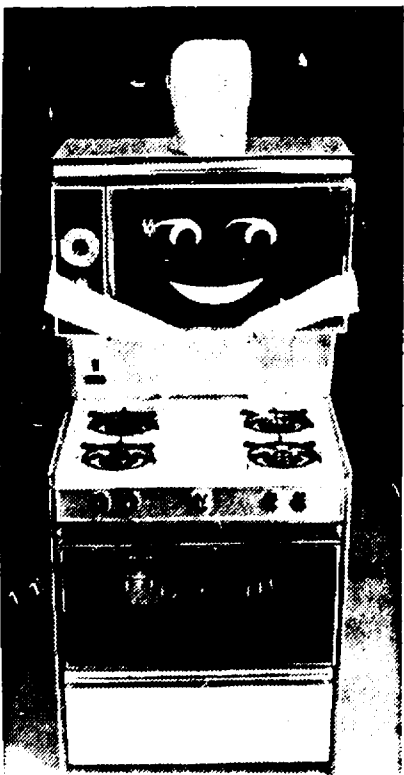

Automatic Ride Control system • A 7-position Tilt Steering Wheel and other exclusive options • Reversible keys • Ford's famous Twice-a-Year (or 6000-mile) Maintenance. And to top it all, total performance proven by Ford's 1st and 2nd place sweep of their class in the 1968 Union/Pure Oil Performance Trials. Test-drive a new Ford and see for yourself.

INTRIGUED BY MANAGEMENT CONSULTING?

but concerned about travel or relocation?

Right here in Detroit, there is an exceptional opportunity in management consulting for a recent M.B.A. or a manager with 3 to 8 years experience—with less than 35% travel.

A consulting firm ability and reputation depend mainly upon the quality of its staff, thus we are interested only in individuals who have superior business, intellectual and personal background. For these individuals consulting offers opportunity and enjoyment which are not available in most positions:

- (1) Rapid advancement based solely upon performance;
- (2) Intellectual challenge and responsibility far beyond the range ordinarily available to young executives; and
- (3) The stimulation of an attractive and unusual group of associates.

If you have these qualifications, if you seek high achievement in your business career and if you are willing to make a maximum commitment, then you should consider this opportunity.

To do so, write Box No. D-5, Grosse Pointe News, 99 Kercheval, Grosse Pointe Farms, 48236, Mich., or call 965-9424 and ask for Mr. Johnson.

Pointe Rotary Club Opens Antique Show on April 26

Grosse Pointe Rotary Club has announced its 13th Annual Antiques Show to be held April 26 through 28 at the War Memorial Center, with proceeds going to the support of civic and benevolent projects.

James A. Passanante, Jr., president of Grosse Pointe Rotary, says this year's show will feature program innovations, new management, and an expanded roster of leading dealers, 90 percent of whom will be exhibiting in Grosse Pointe for the first time.

John E. Peel is chairman of the Rotary Antique Show, with Stephen Balogh as assistant chairman. Committee members are Dr. Albert J. Ceravolo, Bruce K. Bockstanz, Sidney A. Ochs, Clynton J. Scott, John A. Hammel, Minert N. Thompson and William J. Merritt, public relations chairman of Grosse Pointe Rotary.

William Denler, Pointe interior decorator, has consented to share some of his expert knowledge with show visitors. His seminars will be conducted twice daily, at 2:30 and 7:30, and will cover "Decorating With Antiques."

Admission to the seminars will be included in the antique show admission price. Those attending Mr. Denler's interior decorating session will have an opportunity to apply their new-found knowledge immediately. The wide variety of rare and collectible items offered in the show's exhibits will rival or excel any found in this area in recent years.

Advance sale tickets for the antique show may be purchased from Grosse Pointe Rotary Club members. A few of the beneficiaries of Rotary Club assistance are the School for Exceptional Children, Bon Secours

Hospital, Cottage Hospital, Grosse Pointe Little League, Neighborhood Club, Rotary scholarships, student loans, sponsorship of a foreign exchange student annually, and various other charitable, educational and scientific causes.

Show hours will be from 1 to 10 p.m. all three days, Friday through Sunday, April 26, 27 and 28. Free parking is available for show visitors at the Grosse Pointe War Memorial Center parking lot, and there will be food service on the premises.

Molester Chases Boys with Cane

A Rivard boulevard resident told City Police on Saturday, March 30, that her son and his friend, both 13-year-olds, were stopped while walking on Rivard by a man in a dark Falcon or Corvair, who ordered them into his car.

The man was described as being 60-65 years of age, with gray hair, about 6 feet tall, wearing a felt hat with a hole in the right side and a heavy brown overcoat.

When the boys didn't obey the order, the man got out of

his car and took after them, swinging a cane. The boys fled to their homes. The man was last seen driving north on Rivard.

Lodge Complaint About Speeders

Two Woodland place residents called City police on Wednesday, March 27, to report cars speeding back and forth on that street. The complainants stated that the cars belonged to friends of a Woodland place resident's son.

Officers observed 10 cars in a driveway on the street but witnessed no speeding during their surveillance between 4:05 and 5:30 p.m.

The mother of the youth is reportedly in Florida. The youth was cautioned by Chief Andrew C. Teetaert to have the speeding stopped.

Austin Speakers Capture Honors

Speakers in the Michigan Forensic Speech Contest broke records this week in capturing seven winning places out of the seven categories. The speakers were from Austin Prep. School and they participated in the District Speech Competition at Oak Park High School.

The seven winners will go on to the Regional Finals at Dearborn High on April 23. After this competition comes the Michigan Finals in Ann Arbor in May.

The district contest gave each speaker two preliminary rounds to qualify for the final round. Fourteen of the sixteen speakers won the honors of going into the finals.

In the category of Declamation, Rick Woodbury took first place and Steve Schaefer won the second place. Both speakers qualify for the Regionals.

In Serious Prose, speakers were Bob Berschback and Jerry Mann. Bob Berschback went into the finals and won first place which enables him to go to the Regionals.

Joe Shea and Pat Mullins represented Austin in Humorous Interpretation. Winning first place in the finals and going to the Regionals is Joe Shea.

Original Oratory was read by Fred Petz and Mark Hodgman, who took a third in the finals. Mike Orlando and James Moffa spoke in Extempore Speech. Taking a second place in the finals, Mike Orlando is qualified to go to the Regionals.

In the area of Radio News, Tony Vehar and Mike Maurice spoke. Both speakers made it to the finals with Mike Maurice taking a second and therefore going to the Regionals.

In Multiple Reading, Austin took first in both the preliminary round and the finals. The selection which won and will go to the Regionals is a cutting from the play "MacBird" and the cast is made up of George Niespolo, Dan Coban, Don Wortman and Rick Evatz.

This speech festival is not the first this year for Austin. In February, all Austin students participated in the Augustine Speech Festival which is under the direction of the Austin English Department. Here trophies for winners of final rounds were won and plaques for all semi-finalists.

In the 1968 Genesis Speech Festival Joe Shea captured the Gold Medal for Humorous Speech, winning this field among 40 contestants from all over Michigan. Joe Shea will also be Austin's representative at the Michigan Speech Sweepstake in late April to compete with other schools' best speakers.

Horsch Letter Award Winner

William F. Horsch, of Linville avenue, Commander USNR-Ret., was recently selected by the trustees and officers of the Freedom Foundation of Valley Forge, Pa., to receive The Honor Certificate Award for his 1967 Letter-to-the-Editor, which appeared in The Retired Officer Magazine.

President Kenneth D. Wells of the foundation said that Cmdr. Horsch's letter was an outstanding accomplishment in helping to achieve a better understanding of the American Way of Life.

Cmdr. Horsch's letter follows: Dear "Art"

As The Retired Officer pointed out recently, "There is no way to compensate a man economically for the endless hours of loneliness in a missile silo, for the long months at sea separated from his family, for the anguish and the agony of combat in Vietnam. That kind of sacrifice cannot be repaid out of any treasury."

You and I know, Art, that FREEDOM IS NOT FREE! Ever since the Battle of Lexington, not too far from your birthplace, Americans have fought, bled and died for freedom. And if it were not for men like your brother Bill, retired from the Navy, and your brother Bob, who just contributed his medical skill in Vietnam, and millions of others who wore the uniform of our country, we would not be enjoying the cozy comforts, religious freedom and blessings found nowhere else in the world today. Every American owes a debt of gratitude to those who have served in our Armed Forces with honor.

Just as we have reaped the

benefits of sacrifices made by those who served our country in the past, so I hope, and pray, that your little son Richard and your lovely wife will reap the benefits of peace and freedom tomorrow because of your willingness to make sacrifices today. You, and your fellow countrymen, wearing the uniform of the United States, are the hope of the free world.

Affectionately,
Uncle Bill

Art, now serving with the Navy in Vietnam, is the nephew of Cmdr. William F. Horsch, USNR-Ret., Grosse Pointe, Mich. We reprint his heartfelt letter with permission.

Farms Council Frustrates Second Charity Fund Drive

The Farms council on Monday, April 1, denied the request of a second charitable organization to solicit funds in a door-to-door campaign.

As in the case of the Detroit Society of Crippled Children and Adults, whose request was turned down on Monday, March 18, The American Cancer Society was informed that under a new ordinance, this type of campaign is not permitted in the Farms.

As he did on March 18, for the first group, Councilman William Kirby moved that the ACS

be given permission to conduct its planned campaign, but his motion was frustrated by lack of support, and the motion was lost.

Kirby contended that because these organizations had either not been notified, or were given notice too late to change their plans, they therefore, should this year only, be given the right to solicit door-to-door.

A spokesman for ACS was believed to have been in the audience, but left before he was given an opportunity to speak on the society's behalf.

At the March 18 meeting, representatives of the DSCCA informed the council, that plans had already been formulated for their annual campaign, and that 78 Farms women volunteers were poised to collect funds door-to-door, on Saturday, March 30, and again on Saturday, April 7, during the daylight hours only. It was pointed out by the society officials, that they had just received notice of the new law banning this type of campaign in the city.

However, they said, because of the short notice, and since

plans had already been set, they requested that the society be given permission, this year to carry on as usual. No such request will be submitted next year, the council was told.

Permission for the solicitation was refused.

Most people find it much easier to plan the work than to find time to work the plan.

Mary Williams held her last job 24 years

that's her problem

Mary has a heart full of memories and an empty home. She's only 44. She's healthy, intelligent and willing.

Mary wants a new job. But ironically, 24 years of success has spoiled Mary, at least in the labor market. She's finding out the hard way that she's decades behind in terms of modern business skills.

The YWCA's "Project Self-Start" helps women like Mary catch up. We conduct

classes in such areas as business machines, apartment management, civil service exams, retailing, etc. We help Mary brush up on arithmetic, English, interviewing, even personal grooming.

How's it working? Almost too well. In less than a year, "Self-Start" has helped more than 1,200 women find their way to a productive new life. And this has helped employers, too. But to keep handling the de-

mand, our facilities must be expanded. We sorely need your contribution.

Today, Mary Williams is an unemployed mother. Soon, with the help you give us, she'll take her ability and ambition back into the business world. WHAT'S THE YWCA COMING TO? TO YOU!

Elms in Shores Ordered Sprayed

According to a Grosse Pointe Shores Ordinance, all elm trees on private property must be sprayed for the elm bark beetle this year, as in the past. The village will arrange for a local spraying contractor to do this work.

The Parents' Group of the Foundation for Exceptional Children will hold its regular monthly meeting Tuesday evening, April 9, at 8 o'clock in the Grosse Pointe Main Library, Kercheval avenue at Fisher road.

Bernie Falk, a physical education consultant in the Grosse Pointe Public Schools, will be the guest speaker.

During the past 18 years, Mr. Falk has worked with thousands of people with perceptual motor handicaps. Years ago, Mr. Falk noticed that many people had poor eye-hand coordination and he decided to work with these people to improve their perceptual motor skills through physical education.

He has worked with boys and girls in the public schools and presently has classes to help people with perceptual motor

problems in his physical education studio.

Mr. Falk will provide case histories of improvements made by people following his program. In addition, some of Mr. Falk's students will demonstrate the physical exercises.

Methodists Plan Special Services

The Palm Sunday Services at Grosse Pointe Methodist Church will feature a procession with banners and palms. The Family Service at 9:15 will feature the Girl Choir and the Boy Choir in a Palm Processional led by acolytes bearing two banners proclaiming "Hosanna." The Service of Worship at 11:15 a.m. will also feature a procession with banners. The banners are contemporary in design with stylized palm leaves in colors correlating to the Lenten and Palm Sunday seasons. They are an innovation here which seeks to use the talents of the church members to inject a greater note of celebration and joy into the worship services. They were created by the Chancel and Sacraments Committee whose chairman is Mrs. Thomas Munson. Mrs. William Montgomery, Mrs. Alex Peal, Miss Grace Simmons, Mrs. Dale Womus, William Berry and Sydney Yerge assisted in the making of the banners and bearing staffs.

The Girl Choir and Boy Choir will sing "Who Is This Who Comes Riding?" by Neander at the 9:15 a.m. service. The Chancel Choir will sing "The King of Glory Praise" by Darwell Bill Priest and Steve Reed, trumpeters, will accompany the Prelude, Offertory and Postlude. Mrs. Robert Sutton is Choir-master-Organist, Rev. Perry A. Thomas is the minister at Grosse Pointe Methodist Church.

Nature Confuses People and Cars

By Pepper Whitelaw

Confusion's the name weather's the game. Just when I had put away the old, desperate, dismal looking winter clothes . . . the snow fell and fell and fell.

The boots, long since tucked away for another season . . . the bulky knits, bulking up the storage bags . . . then out of the clear, blue yonder falls that incredible white stuff.

Once again, out came the boots, the mufflers, the bulky knits, but before I could catch my breath the sun was shining, the snow melting and kites took over where only yesterday the sleds were the thing.

Happy to see the sunny days but refusing to be fooled again, I now wear my spring outfits underneath my winter coat. My boots sit cleverly on the back porch filled with pink geraniums and the mufflers are nestled in my handkerchief drawer . . . so come what may I won't be caught by surprise!

In fact, even my car doesn't know whether it just had a spring tune-up or a winterizing!

CHAIN IS BROKEN

A Washington road resident reported to City police on Wednesday, March 27, that she had received a prayer chain letter in the mail promising money if the chain was continued and threatening dire consequences if the chain was broken. She turned the letter over to the police.

Oh that Stanley's... great food and drink, brought to you by one of New York's great restaurateurs.

Tigers Ready for Opener Against Boston Tuesday

With an assist from the weather, the Tigers could attract their largest Opening Day crowd in nearly a decade when they pry open another season at Tiger Stadium on Tuesday, April 9, against the Boston Red Sox, defending champions in the American League pennant race.

The team's strong finish for a second-place tie in 1967 and favoritism in the 1968 flag chase have pushed advance ticket sales strongly and a big turnout is expected for the Tigers' first home appearance.

Opening Day attendance record was set in 1960 when 53,563 turned out to see the Tigers win, 6-5 over the Chicago White Sox in 80-degree weather. Totals since then have ranged from 29,411 on a 36-degree day in 1962 to 41,643 in 1961 when the mercury reading was 54.

The customary Opening Day ceremonies will precede the Tiger-Red Sox clash, with Merle Alvey's band supplying music from a center field position between noon and 1:05 p.m.

Home plate ceremonies starting at that time will feature presentations to Manager Mayo Smith by the Greater Detroit Board of Commerce and the Detroit Fire Fighters Association, introduction of the two teams, raising of the flag by a joint Armed Forces Color Guard, and singing of the National Anthem by the Don Large Male Chorus of 30.

For the traditional first-pitch ceremony, Governor Romney and Mayor Cavanagh, who have been an Opening Day battery since 1963, will team up again.

Fans will find Tiger Stadium sparkling. Much of the grand-

stand has been freshly painted and Jess Walls, stadium manager, has supervised the laying of 14,000 square yards of new sod throughout the infield and outfield areas of the playing field.

Although most of the Tiger lineup remains intact from the past season, Tiger fans will see some new faces, especially among the pitchers. A number of farmhands made impressive showings during spring training, forcing Smith to defer his final cutdown decision until the last moment.

Conceding nothing in the pennant race, Smith has predicted a six-team battle, with the Red Sox, White Sox, Baltimore Orioles, Minnesota Twins and California Angels joining the Tigers in the scrap.

"I know that the Tigers are better prepared for this pennant race because of the last one," he said. "They went through something in 1967; they grew up and they are a better team for it."

Following the Opening Day clash, the Red Sox will remain for another date with the Tigers Thursday, April 11. Games with the White Sox April 13-14, Cleveland Indians April 17-18, and Oakland Athletics April 29-30 complete the first month's home schedule.

NAB CANDY THIEF
City Police received a call on Friday, March 15, from John Ohl, of Cunningham Drugs, 16941 Kercheval, stating that he was holding a 10-year old shoplifter. On arrival officers found that the youth had stolen a 10-cent candy bar. He was taken to the station and turned over to his parents.

Elmore W. Frank will discuss "Lawns." His discussion will include the best varieties of grass for this area, preparation of the soil for either seeding or sodding, as well as rejuvenating old lawns, fertilizing, watering and general upkeep.

A panel composed of Vincent R. DePetris, J. Arthur Shimm and David L. Swanney, will be present to answer any gardening questions from class members.

Letters to the Editor

To the Editor:

Defeat of the millage and bond proposals at the school election of February 26 is still in the forefront of many people's minds. The seriousness of the situation faced by the school system was made clear by Superintendent Anderson in statements quoted in your issue of March 28. Clearly, our ability to maintain a program of quality education in Grosse Pointe is in jeopardy.

It seems to me that many of our electors forgot, as they cast their ballots, some basic and highly relevant facts referred to below.

Education, like everything else, costs more than in the past. It is now predicted that costs will continue to rise and at an accelerated rate. Budgets for school operation will necessarily increase.

The needs of our young people can be adequately met only through an educational program at least equal to that currently in force. Actually, the objective should be to improve that program. Advancing technology and the steady growth of knowledge in all fields make life more complicated. One result of these changes is that educational requirements for good jobs are higher.

For those who wish to go to college, entrance requirements are stiffer than ever before. As a result more extensive preparation is needed. This calls for high caliber instruction in classes of moderate size.

The presence of excellent schools in a community tends to sustain and increase property values. The extra cost of first-class over second-class education appears to be a prudent expenditure — not an extravagance. The net cost to us of additional school taxes is reduced by deductibility of the payments on our federal income tax returns. However, even if the additional burden is inconvenient, we should not in this community be caught up in the wave of resentment against rising taxes which has caused rejection of many millage proposals. Our school district is better able to afford excellent schools than many others.

More important than any of the considerations above is the need, nationally and locally, for sound, strong and enlightened leadership. Essential to this objective is the availability of superior education. . . . This is a troubled time with many problems awaiting future solution and we should, within the limits of our ability, take care to equip the rising generation as well as possibly can. It seems safe to predict that if we provide adequately for our school system as soon as another election can be held that course will bring to us great future satisfaction.

Respectfully yours,
Raymond K. Dykema

Dear Editor:

Attached is a copy of a letter I have written to Mayor William Butler of Grosse Pointe Farms, concerning the Martin Luther King meeting.

Sincerely yours,
Emil Mazzy,
Secretary-Treasurer
International Union,

April 1, 1968

Dear Mayor Butler:

I read with great concern a statement in the recent edition of the "Grosse Pointe News," which said that the Grosse Pointe Human Relations Council will be billed for between \$2,200 and \$2,300 for the police protection provided by the Grosse Pointe Community Police Department during the recent appearance at the Grosse Pointe High School Gymnasium of Dr. Martin Luther King.

I believe that billing of the Grosse Pointe Human Relations Council is totally and completely unjustifiable. The first amendment of the Constitution of the United States guarantees the right of free speech and free assembly. The Constitution does not guarantee the right of free assembly and free speech providing you have the

money to pay for it. If the policy of the Grosse Pointe Communities was carried out in every other public assembly, freedom of speech in our country would be totally and completely eroded.

I am certain that only a very small minority of the citizens of the Grosse Pointe Communities are bigoted or biased and would in any way attempt to interfere in the exercise of free speech and free assembly on the part of citizens who wanted to listen to Dr. Martin Luther King or to any other speaker that might be considered controversial.

Our community governments have the responsibility and obligation to protect the exercise of free speech and not attempt to regulate free speech by levying fantastic fees against those holding meetings because a minority of our citizens are threatening to disrupt the meetings.

I do not agree with you, Mr. Butler, that the Grosse Pointe Police Department handled themselves in an efficient manner. Why was Don Lobsinger and his cohorts who were picketing the high school, and who were easily identifiable, permitted inside the gymnasium so that they could disrupt the meeting?

If the Police Department was functioning in an efficient manner, Lobsinger and his fellow semi-fascists who do not believe in the Bill of Rights and free speech, would have been barred at the entrance to the gymnasium.

I cannot understand why the Police Department didn't have pictures identifying Lobsinger and his clique. Lobsinger and his group had been disrupting meetings all over the Greater Detroit area for several years. I am sure that the Detroit Police Department has pictures of this group.

If free speech is to be maintained, then those who are trying to disrupt free speech should not have been permitted into the hall.

I am a member of the Grosse Pointe Human Relations Council. I am opposed to paying for the special police assessment that has been levied against the Grosse Pointe Human Relations Council in its exercise of free speech.

Sincerely yours,
Emil Mazzy
Secretary-Treasurer.

Seaman Mark Taylor Serves on Destroyer

Seaman Mark L. Taylor, USN, son of Mr. and Mrs. Robert F. Taylor of 27 Warner road, is serving aboard the destroyer USS Taussig from the Tonkin Gulf, which recently fired on the enemy ashore.

Royal Australian troops ashore spotted an enemy base camp and tunnel entrance. The Australians requested that the Taussig fire on the target. The destroyer fired 133 rounds, often firing within one thousand yards of the Australians.

The Australians reported the barrage was on target but an effective assessment of damage couldn't be made because of the dense foliage. It was the first action for the ship since it arrived.

The Taussig's firepower is provided by six five inch guns. The Taussig was commissioned in 1944 and has seen action during World War II, Korea and now Vietnam.

His ship is on a seven-month deployment to the Western Pacific.

PFC James E. Stohl Serves in Vietnam

Marine Private First Class James E. Stohl, son of Mr. and Mrs. James T. Kohl, of 1337 Wayburn avenue, is serving with the First Motor Transport Battalion, First Marine Division in the Republic of Vietnam.

The battalion supports the First Marine Division by providing vehicles and equipment and by driving troop and supply convoys.

Battalion personnel maintain and repair their vehicles and equipment, participate in civic action programs carried out by Marine units in Vietnam.

What Goes On at Your Library

By Virginia Leonard

It has now been over a month since our February 28th election. My recent hospital sojourn has delayed my mentioning this event until now. I know I speak for the entire Grosse Pointe Public Library Staff in saying that we deeply regret the defeat of the three millage issues. We feel that other converging and current problems, developments and events unfortunately contributed to this defeat. Our needs still exist, of course, but we do want to say "thank you" to the 4,454 loyal souls who voted "yes" on the above three issues. We are most appreciative of their faith, their attitude and their interest in our welfare. We do not know what the future holds, but it is encouraging to learn that such a large number of people did care about our problems.

At long last, I can turn my focus on four until-now neglected but fairly new Staff members. Unfortunately my definition of "recent," here, must go back to last summer and fall, but these girls have all been most patient.

First of all, at the Central Library, have you had part young Donna Kramer McTea wait on you at the charging desk? She's a native Grosse Pointe (all of her 26 years), attended Michigan State University, has had some previous clerical experience, and is the mother of Diana, aged six and a pupil at Montclair, and David, aged 3. She sometimes (when exasperated) refers to them as "little monsters," but does admit to having great affection for them, and feels they are, like most youngsters of this age, "full of beans." Donna's chief interests are the out-of-doors, music, art and interior decorating. The out-of-doors she may soon be satisfied by the very recent purchase of a new car; as for music, she plays the piano and has been a member of the Grosse Pointe Woods Presbyterian Church Chancel Choir for 10 years. Also, you'd better beware of this gal—she's taken up target shooting as a hobby!

Next in line is Margaret DeConinck, one of our fine clerical assistants in the Processing Department. Margaret is the wife of Tim, construction estimator for the Morganawatt Painting Company. She is also the mother of Dianne, 20, a student at the University of Dayton (Ohio). A native Detroit (who lived at one time in Grosse Pointe), Margaret attended the Detroit Business Institute, and,

worked for several mortgage companies and for the City of Detroit. Her main interests (outside the Processing Department and her family)? Sewing, reading, and golf. She's proved to be a great asset in our Department, where she has learned how many different kinds of work exist in a Processing Department.

An excellent half-time clerical assistant at the Park Branch is Helen Anderson. Her husband, Ernest, is employed by the Arcadia Machinery and Tool Company. Her two daughters, Nancy and Diana (in their twenties) are married; Ernest's five children are: Jim and Christopher (both attending Wayne State University), Judene and Michael (both at Grosse Pointe High School), and Gail, who is a student at Pierce Junior High. Helen, before joining our Staff as a full, half-time assistant, worked for the System for a year part-time. Prior to that she was an executive secretary for 19 years for Packard Motor Car Company and later Studebaker Corporation. She's substituted for us many a day in the Processing Department also, and I recommend her as an efficient and reliable worker. Glad to have you aboard, Helen!

If you are a patron of the Woods, you are already a friend of Norma Curtis. (There's something so winning about her face and smile, I can't imagine that you could be anything but a friend!). Her husband, Don, is a district engineer for the Carborundum Company. Her daughter, Sue, is a junior at Grosse Pointe High School. Norma hails from Jamestown, N.Y., but she's been Grosse Pointe almost three years now. She, also, was a substitute in the System before becoming a full half-time assistant. In Jamestown she was involved in a great deal of volunteer work, such as hospitals, church activities, and Girl Scouts. What does Norma do in her spare time? She loves reading, decoupage—and bridge. (She asked me to amplify this by saying that everyone in her family likes to read.)

So there they are (and you will notice they all like to read)—four fine additions to our Staff. We're awfully glad they're with us. If you haven't met all of them, come in and visit with them, the next time you need books.

What's New on THE HILL

By Sibyl

Very Important Date . . . April 9th . . . Mr. William Denier, F.A.I.D., told us Mrs. Dolly Phillip of Phillips Galleries, Ltd. in New York, will replace Mr. Gump on a lecture program because he was taken ill in Florence, Italy. Her subject will be French and Italian Antiques. This is the third important lecture in the series, "International Experts on the Decorative Arts," sponsored by the Michigan Chapter of the American Institute of Interior Designers. The time is 10:30 a.m. at the Grosse Pointe War Memorial, Fries Auditorium. You can get tickets at Denier, 77 Kercheval.

Spring Showers . . . are fashionably fended with chic travel umbrellas from Margaret Rice. They come in black, brown, navy, and yellow. The navy has a matching case and like all of them a bit of interesting contrast on the handle with white grosgrain, touched with red and polished with navy patent . . . fifteen dollars.

Anything . . . new under the sun? For girls it's printed blue jeans at Young Clothes, 110 Kercheval. One pattern is fresh white daisies on navy. Extra nice . . . most come with matching hats.

Easter Thoughts . . . and gifts are plentiful at The Dants—The League Shop. The elegant eggs we saw were the hand-lacquered ones from Kashmir. Each one has its own gold plated stand. Swedish crystal eggs have a zodiac or floral motif on them and weight papers. Charming ceramic rabbit or lamb boxes are imported from Italy. Those for whom a dog means year-round happiness, there's a very handsome china spaniel. You'll love him.

Something New . . . for Easter? How about a handsome tie or two? Select his from the fabulous collection of Bronzini and Countess Mara neckwear at Picard-Norton, 92 Kercheval.

Nine Silver Craftsmen . . . hand make beautiful sterling silver flatware and serving pieces for Old Newbury Crafters. Each piece has the personal signature mark of one of these experts. The designs and workmanship is outstanding. See the collection . . . new at the Mermaid.

A New Season . . . a new product for a newer complexion. For the first time in America, you can obtain Guerlain's Ambrulion Face Cream. You touch it on little lines, then make-up. They tell me the lines become much less noticeable. Use it for moisturizing and beautifying effects at night. One and one-third ounces are seven dollars at Trail Apothecary, 121 Kercheval.

Entertaining Ideas . . . from the Touch of Elegance include newsy world map glasses in three sizes . . . stem, eleven ounce old fashioned and hiball. They're very good looking and nicely priced. Then there's a heraldic helmet ice bucket. You'll have to supply the rest of the armor and the ice. All we can do is start the quest to 63 Kercheval in the Colonial Federal Building.

"Countess Angelique" . . . can be had at Mr. Sheridan—Books, 81 Kercheval. We understand fans are lining up to read her latest adventures. If you're not a line-stander, call 881-1671 or 881-2916 for delivery.

Spring Fever? . . . Why cure it? Enjoy pampering your appetite with delicious delicacies at the Bronze Door, 123 Kercheval. Enjoy being romantic. Listen to Freddie Warren's lovely lyrical tunes. Call 886-1931. If you don't have spring fever, maybe you can catch it!

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

The Women's Division for Project HOPE in Detroit will sponsor a fabulous spring event, a combination Spring Festival and Ball, the Ambassadors Festi-Ball, to be held Saturday, May 18, in Detroit's Statler-Hilton Hotel.

Mrs. Herman Sattler, of Webber place, Division president, has announced that one of The Pointe's grandest "Grandes Dames," Mrs. Horace E. Dodge, will serve as honorary chairman of the Ball and has delegated Mrs. Florence Sisman as her personal ambassador to the party.

Mrs. James H. Quello, of Berkshire road, general chairman, reports that present plans call for cocktails and dinner, a floor show, dancing, a casino . . . In short, everything necessary for a Most Memorable Night.

All Ball proceeds, of course, will be donated to Project HOPE. The Ball itself will be dedicated to the people of Detroit and to those serving on the Ship Hope, scheduled to arrive in Ceylon April 13 for its next mission of healing and teaching.

Junior Symphony Women's "Doings"

We wonder sometimes . . . "Do those Junior Women's Association for the Detroit Symphony Orchestra members ever rest?" . . . And the answer to that question is, obviously, "No!" . . .

Invitations (pink and red) are out for the Juniors' Carnation Ball, their annual black tie party, to be held this year Saturday, May 4, at the Detroit Yacht Club.

And the Juniors have still another iron in the fire: They're sponsoring Opening Night at the Cabaret "Pops" Concerts, Wednesday evening, April 17, at the Detroit Light Guard Armory in East Eight Mile road.

Kendra Van Hamm Marries Lt. Savage

Newlyweds Will Live In Colorado While Bridegroom Completes Graduate Studies At University Of Colorado; Brother Gives Sister in Marriage

SS. Peter and Paul Jesuit Church in East Jefferson avenue, Detroit, was the setting for the Tuesday evening, April 2, wedding of Kendra Carolyn Van Hamm, daughter of Mrs. Gilmore Serigus Van Hamm, of Bishop road, and the late Mr. Van Hamm, and Lieutenant William Evans Savage, USAF.

The bridegroom is the son of Mr. and Mrs. Robert Henry Savage, of Stamford, Conn., formerly of Lakepointe avenue.

Officiating at the 7:30 o'clock nuptial Mass was The Reverend Henry F. Birkenhauer, S.J., of Clarkston, Mich. Altar boys were the bride's cousins, James B. and Richard Berschback.

The bride, given in marriage by her brother, Edwin Van Hamm, wore a gown of silk-faced ivory satin, fashioned with short sleeves and a Watteau train. A band of pearl beading outlined her neckline.

Her mantilla veil was fashioned of ivory Alencon lace, and she carried a Colonial ar-

rangement of pink and white Sweetheart roses and ivy.

Her honor attendant was her twin sister, Krista Van Hamm, who wore a sleeveless Empire frock of lime green pique, its high-rise waist defined by a shocking pink satin band caught at the front with a Dior bow.

Bridesmaids, in gowns identical to that of the honor maid, were Mary Madeline Van Hamm, another sister of the bride, Carol Ann Savage, the bridegroom's sister, and Katharine Bishop Bellairs, of Flint.

They wore lime green Dior headbands and carried Colonial bouquets of pink Sweetheart roses and white daisies.

Honorary bridesmaids were Linda Hoyt, of New York; Betsy Huizinga and Linda Kress, Delta Delta Delta sorority sisters of the bride at the University of Michigan.

Michael Smith acted as best man for the bridegroom, and Lieutenant Patrick Nesbitt, USAF, of Ann Arbor, and Thomas Walker, of Kalamazoo, seated the guests.

A reception at the Lakeland avenue home of Mr. and Mrs. Stanley R. Day followed the rites.

The mother of the bride wore a floor length dress of melon-colored silk, with a matching coat, while the bridegroom's mother selected a floor-length gown of emerald green chiffon, styled with long sleeves ending in beaded cuffs.

Both mothers pinned phalaenopsis orchids to their purses.

When the newlyweds left for Boulder, Colo., where they will make their home until Lieutenant Savage completes his graduate work at the University of Colorado, the bride was wearing a pink crepe dress and matching wool coat.

Hurper Auxiliary Pledges Funds

The Harper Hospital Auxiliary has pledged \$118,000 to establish the General Surgery Intensive Care Unit in the 348-bed Webber Memorial Building of the Harper-Webber Medical Center Project.

The action was announced by Mrs. Clarence Page, president of the Auxiliary, following a general membership meeting.

"It is most gratifying," Mrs. Page said, "to be able to give such an indication of our organization's support of this project which will constitute such an important part of the emerging Detroit Medical Center."

"The Auxiliary has never before undertaken to raise so large a sum but, being aware of the great good that will result from the project in terms of better medical services and educational facilities, I am confident we shall succeed."

Joseph L. Hudson, Jr., general chairman of the Harper-Webber Medical Center Fund, complimented the Auxiliary on its action.

"Since the Harper Hospital Auxiliary was organized in 1951," he said, "it has accomplished much for the good of both the hospital and the community. This is another example, and an impressive one, of the spirit of service that motivates these dedicated auxiliary members."

The General Surgery Intensive Care Unit will be situated on the third floor of the new Webber Building, which will be the Medical Center's major facility for teaching adult medicine and surgery.

The new structure is to be

situated between Harper and Grace Hospitals, and will be physically connected with both. Serving on the ad hoc committee which recommended the pledge by the Auxiliary were Mrs. John R. McDonald, chairman, and Mrs. Robert A. Gerisch, of Bloomfield Hills; Mrs. Fred Duval, of Detroit; Mrs. Richard M. McKean, Mrs. Emmett McNamara, Mrs. William Nagel and Mrs. Lyle G. Waggoner, all of Grosse Pointe; and Mrs. Page, of Southfield.

Set Pi Lambda Theta April Dinner Meeting

Pi Lambda Thetans will have their April dinner meeting at Topinka's in West Grand boulevard on Friday, April 5, at 6:45 o'clock. After dinner, the group will enjoy a presentation by Dr. Milton Convensky, professor of History at Wayne State University, author of "The Ancient Near Eastern Tradition," published in 1966.

His fields of interest include the History of Religion, the History of Ideas and the Development of Historical Thought. Topic for his lecture will be "Conflict of Values in Today's Culture."

This is an open meeting to which husbands and guests have been invited.

Pi Lambda Theta is a national honor and professional association for women in education.

The Alpha Pi chapter and the Alumni chapter will host the North Central Regional Conference of Pi Lambda Theta on Saturday, May 4th, at the McGregor Memorial at WSU.

Most members are currently working on at least one committee for this event, which will be open to the public. Dr. Richard Wisniewski from the Education Department at Wayne will be the main speaker. His topic for the conference is "Professionalism in Education."

Baker-Ballard Rites Are Read

Sally Jane Ballard, daughter of Mr. and Mrs. Eldon E. Ballard, of Southfield, and Corporal Andrew W. Baker, USMC, son of Mr. and Mrs. Frank W. Baker, of Rivard boulevard, exchanged marriage vows Saturday, March 23, in the Community Congregational Church of Lathrup Village.

The Reverend Philip Gentile officiated at the 11 o'clock rites, which were followed by a reception at the Raleigh House, Southfield.

The bride's gown of silk illusion over white satin was styled with Kabuki sleeves, an A-line skirt featuring tiered, scalloped bands of applied lace and a Cathedral train.

A high pillbox trimmed with lace petals held her illusion veil, and she carried a bouquet of white carnations, roses and lilies-of-the-valley, tied with pink streamers.

Her attendants wore frocks of pale pink chiffon over taffeta, accented with deep rose rosebud appliques, and matching pink Dior headbands. Their flowers were pink carnations,

deep pink roses and lilies-of-the-valley.

Honor attendant was Christine Baker, the bridegroom's sister. Bridesmaids were Janice Cantrell, Cheryl Graham, Kimberly Parker and Nancy Norris. Flower girl was Durrie Parker.

Douglas Messerlie, of Kalamazoo, acted as best man for the bridegroom, and Charles Cawley, Max Cawley, Jr., Paul Daily and Andrew Ballard, the brides' brothers, seated the guests.

A pale yellow silk dress and matching jacket was Mrs. Bal-

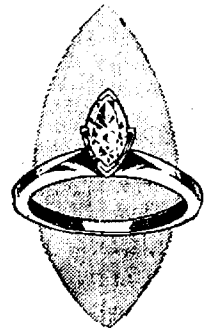

lard's choice for her daughter's wedding and the reception. The bridegroom's mother wore a yellow and ivory muted stripe dress and coat ensemble. Both mothers chose corsages of yellow roses.

The newlyweds vacationed in Niagara Falls and Montreal, Que., and will make their home in Camp Pendleton, Calif., where the bridegroom is stationed with the United States Marine Corps.

The big tasks in life are expertly completed by men who took pains with the little ones.

DBC Women's April Is Eventful Month

Easter Sunday Children's Party Planned; Bridge Luncheon And Dinner-Dance Also On Club Agenda During Next Few Weeks

It's raining violets at the Detroit Boat Club as the Women's committee sets the stage for its busiest month of the year. Following a general committee meeting called by chairman Mrs. Sheldon L. Drennan, of Lakecrest lane, for Wednesday, April 10, the group will tally three full-of-spring-spirit fetes.

On Easter Sunday afternoon, April 14, a double-decked party will be staged by Mrs. Henry G. Gildner, Jr., and her committee.

Seven years and up will be the age level welcomed on the first floor of the Club, while the second floor will be left free for an Easter Egg Hunt by toddlers under six.

Lisa Mower's talents along Easter Bunny lines have been detected, and she has been persuaded to don rabbit clothes for the afternoon.

Making sure no soft-boiled versions get mixed in with the hard-boiled eggs will be Mrs. Gildner's battery of aides: Mrs. David W. Courtney, Mrs. Roger K. Bailey, Mrs. David N. Schaaf, Mrs. Sean P. Schaeffner, Mrs. J. P. LaGrasse, Mrs. Benjamin L. Gravel, Mrs. Andrew Basile and Mrs. James Munson.

Showers of violets drip from Mrs. Kenneth Locke's poster in the Club foyer, advising bridge-playing members of the monthly luncheon scheduled for Wednesday, April 17.

(Aside to all those busy bees who feel that this spring they may be carrying an oversized load: Mrs. Locke has been darting out of her Balfour road home each morning, trying to sandwich committee meetings between rehearsal sessions for both Theater Arts and Fine Arts productions for the last six weeks. Even she admits it has been a juggling feat.)

Portrait Class Starts April 17

A new portrait painting class will begin Wednesday mornings at Grosse Pointe War Memorial for both beginning and more advanced students.

The initial class is April 17 and the course continues through June 19. Hours are 9:30-12 a.m. The fee is \$35 for 10 2½-hour classes, plus a small model charge.

Instructor for the portrait class will be Carol Wald, former arts and crafts instructor who is currently teaching at the Birmingham Art Association. Miss Wald is recently returned from a one-man show at The Gallery, Fort Lauderdale, Fla.

Joy Hakanson, art critic of The Detroit News says, "Carol Wald's pictures function on several levels leaving the spectator free to take from them what he will. The important thing to me is that they have the art presence born of intense communication between painter and canvas."

Miss Wald, a native Detroit, studied art on a four-year scholarship at the Detroit Society of Arts and Crafts. She has since attended the Skowhegan School of Painting in Maine and the Cranbrook Art Academy.

Miss Wald has works in collections of the Detroit Institute of Arts and the Detroit Historical Museum, the Booth Collection in Bloomfield and the Nelson Collection in Portland, Me.

Miss Wald has won prizes at the Michigan Artists Annual, the Michigan Fair Invitational and first place in the International Freedom Festival. Her works have been exhibited all over the nation.

Those wishing to study portraiture with Carol Wald are urged to sign up for the class in advance at the War Memorial office.

EARLY START

It appears that the American people are doing their presidential shopping early.

H. West, Mrs. Lewis W. Rohr and Mrs. John M. Fitzgerald.

With only three days to recuperate from its violet-drenched fete, the women will corral their husbands for a formal dinner-dance in the Boat Club's ballroom on Saturday, April 20.

This is an annual event, traditionally chairmaned by the Women's committee's second-in-command, this year, Mrs. J. Ross Bush, who has been pen-

ning invitations aided by the secretary-treasurer, Mrs. Carlisle F. Rueger.

With no tickets to sell, no promises to keep, no advertising to promote, this party is the group's annual excuse for introducing husbands to each other in a gay, relaxed atmosphere. This is positively assured, since the ballroom that evening will be shared by the Yachtsmen's Ball committee and its guests.

Movie-Banquet Set at Center

A frontier banquet and "Klondike Adventure" travelogue will be presented Monday evening, April 8, on the Grosse Pointe War Memorial's George Pierrot selected Grosse Pointe Adventure Series.

At 7 o'clock in the upstairs of Fries Auditorium the dinner will be served family style on checkered cloths. The bill of fare will include Alaskan King Crab, Klondike Sourdough, Barbecued Ribs, Corn on the Cob, Frontier Baked Beans with Pork Rinds, Slaw and Garden Vegetable — all topped with Fried Apple Pie and Coffee.

The travelogue will be presented after dinner in person by Don Cooper. "Klondike Adventure" is a rollicking, true life adventure based on the great gold rush of 1898—one of the colorful chapters in American History. (It is recalled as Don and his brother Dennis retrace the footsteps of their wanderlust grandfather over Chulcot Pass and down five hundred miles of the roaring Yukon River.

Their laugh-loaded adventures take them to many of the onetime roaring mining camps—Skagway, Whitehorse, Atlin and Dawson City—into primitive Yukon Indian "fish camps" and eventually to famed old Bonanza Creek and its one remaining prospector still "holding down his claim."

From Another Pointe of View

(Continued from Page 23)

Arthur Fiedler, conductor of the Boston Pops, will lead the Detroit Symphony in a program of popular classics, and James Tocco, featured artist for the evening, will play Tchaikovsky's Concerto No. 1 for Piano and Orchestra, B-flat minor, Opus 23.

Mrs. A. L. Steinbach, of Merriweather road, is handling ticket orders for the evening. Mrs. Steinbach and Mrs. Richard O'Connell, of Birmingham, are general chairmen of the project.

Short Subjects

The Grosse Pointe Yacht Club, closed for cleaning and re-furbishing during March, re-opens this week, and the first big event on the Club's calendar is its second annual Clambake a Go-Go party Saturday evening.

There'll be a buffet dinner, featuring various kinds of fish (clams, naturally!), entertainment and dancing to the music of Hank Warren and His Clambake Five.

General chairmen are Mr. and Mrs. Robert Fraser, of Robert John road.

The Frasers, incidentally, Mr. and Mrs. William Killebrew, of Roslyn road, and Mr. and Mrs. Edward Ranger, of Grosse Pointe boulevard, are just back from a trip to Spain and North Africa.

Now isn't THAT the perfect way to beat Michigan's Miserable March Weather?!

The Grosse Pointe Farm and Garden Club's April meeting, its annual meeting and subscription luncheon, will be held next Monday, at the Grosse Pointe War Memorial, beginning at 12:30 o'clock.

Hostesses are Mrs. John S. Albert, III, Mrs. Frank Cornell and Mrs. S. Wells Utley.

Portrait Of The Artist

She's not tall—a mere five feet, two inches. She has dark hair and a smile that reflects her delight in the world around her.

She's a wife and mother now, no longer that 16-year-old girl making her debut with the Wisconsin Symphony Orchestra, but she's still a concert pianist, a finer artist as a woman that she was as a teenager. Professionally personally, she continues to grow.

She's Ruth (Mrs. Walter J.) Burezyk, of Littlestone road, and she's appearing tomorrow evening in "Meet the Masters" piano recital benefitting the Summertime Music Scholarship Fund for Grosse Pointe High School students.

The Concert, co-sponsored by the Grosse Pointe Public Schools Department of Community Services and the Grosse Pointe Public Library, begins at 8:30 o'clock in the Grosse Pointe War Memorial's Fries Auditorium.

Music has been a part of Mrs. Burezyk's life since early childhood. She comes from a musical family, started training at the age of eight and continued under the tutelage of Irma Schenut Hall in Milwaukee.

Shortly after making her debut she was first-place winner in a statewide contest sponsored by the Wisconsin Federation of Music Clubs. She received the Young Artists Diploma from the National Guild of Piano Teachers, for whom she later served on the Staff of Adjudicators.

She is a teacher and has appeared in solo recitals and as guest artist with many symphony orchestras, including the Detroit, Rochester, Minn., Scandinavian, Windsor and Grosse Pointe Symphonies. Her performance of Tchaikovsky's Piano Concerto No. 1 in B-flat minor with the last-named group resulted in an unprecedented standing ovation.

To Marry

Mr. and Mrs. Roy Matzka, of Dorthen road, are announcing the engagement of their daughter, NANCY JEANNE, to Frank Van Hollebeke, son of Mr. and Mrs. Frank Van Hollebeke, of Yorkshire road.

To Hold Kappa Delta East Alumnae Meeting April 10

The East Alumnae Association of Detroit Kappa Delta will hold its monthly meeting next Wednesday evening, April 10, beginning at 7:45 o'clock at the home of Mrs. Henry Szymanski in Haverhill road, Detroit.

Assisting Mrs. Szymanski will be Mrs. John Dodge and Mrs. Richard Edin, with whom reservations may be placed by calling 331-0765.

Guest speaker will be Rose Ashford who will speak on collecting art.

GPHS Juniors Planning Prom

Grosse Pointe High School's juniors are in a flurry of excitement as they prepare for their Junior Prom on Friday, May 3, at the High School.

Working with "Camelot" as a main theme and "The Lusty Month of May" as a subtitle, the decorations committee has decided on an outdoor background with a replica of King Arthur's castle situated on the stage. The balconies will carry out the same theme.

The prom will feature "The Well Respected Men," a group from Wayne State University. Tickets will go on sale the week after Easter vacation at \$2.50 per couple.

Set Annual Egg Decorating Class at Center

The annual Easter egg decorating sessions at Grosse Pointe War Memorial will take place this year on the Sunday before Easter, April 7. The first group will gather at 2 p.m., the second at 3:30. There is usually more room at 3:30.

Instruction is free and is given by the Ukrainian Division of the International Institute under the direction of Mrs. Martha Wichorek. The cost of materials including raw white egg, stylus, dyes, beeswax, pat-

terns and cleaners is 50c. Adults are welcome with the children, and the grown-ups find it fascinating too.

The Memorial's Youth Council assists in setting up the egg decorating sessions, helps with the dyeing and cleaning process and assists the youngsters having difficulties.

The Ukrainian art of egg decorating or Pysanky, as they refer to them, has been passed down from generation to generation and eggs decorated 100

years ago are kept as works of art to be brought out for display at Easter and on other holidays. All the patterns used are symbols of things such as "wealth," "plenty," etc.

The egg decorating process involves tracing patterns on the egg with hot beeswax. Dyes then cling to the egg except where the wax lines have been drawn. The process repeated many times produces a very interesting multicolored patterned egg.

Four Health-O-Rama Programs Scheduled

Women For United Foundation Cooperating With United Health Organization To Present Exhibit-Test Series In Tri-County Area

Grosse Pointe will provide the top leadership for a series of Health-O-Ramas scheduled in the Wayne, Oakland and Macomb area by Women for the United Foundation (WUF) in cooperation with the United Health Organization (UHO).

Serving as co-chairman of the series are Mrs. Alfred R. Glancy, III, of Cloverly road, and Mrs. A. Alexander Wrigley, of Bishop road.

Mrs. Edwin O. Boudin, of Trombley road, and Mrs. Joseph A. Vance, Jr., of South

Deeplands road, are co-chairmen of agency participation.

Scheduled in four geographic locations, the Health-O-Ramas will offer more than 30 educational and scientific exhibits together with 12 free medical tests.

The first will be held April 25 through 27 in the Special Events Building of Northland Shopping Center, Southfield.

Others are scheduled at Westland Shopping Center, May 16 through 18; Eastland Shopping Center, May 23 through 25; and Wayne State University's Old

Main Building, June 8 and 9.

Hours for the Northland, Westland and Eastland Health-O-Ramas will be 11 to 9 o'clock daily. The Wayne State event will be open from 10 to 6 o'clock.

Among those responsible for planning the Eastland Health-O-Rama are Mrs. Charles R. Berger, of South Edgewood drive, and Mrs. Paul F. Decker, at Notre Dame avenue.

Mrs. Berger is Eastern Wayne unit chairman for WUF, and Mrs. Decker is the area's Health-O-Rama chairman.

WUF's president, Mrs. R. Jamison Williams, of Birmingham, said the Health-O-Rama series is planned to focus attention on the importance of annual physical examinations as a safeguard to health.

"Because the health of every member of our community is a common concern," Mrs. Williams said, "we must work together to assure early detection and prompt treatment of illness for all."

The WUF president said the Health-O-Ramas will familiarize Oakland, Wayne and Macomb residents with the resources offered through Torch Drive agencies and other community resources.

"The series is an ambitious undertaking made possible through UHO's effectiveness in bringing together diverse community health resources, both public and private," Mrs. Williams said.

The newly-formed UHO, created last summer and supported through a grant from the United Foundation, has undertaken comprehensive health planning in the tri-county area.

Headed by President J. A. Mullen, of Lake court, UHO seeks a strong, working partnership among all health agencies. It is concerned with all matters relating to health including facilities, manpower, services and budgeting.

WUF is a 22,000-member organization of both Torch Drive volunteers and community leaders who plan specific programs and activities to promote the aims, purposes and ideals of the UF on a year-round basis.

At each Health-O-Rama, free screening tests will be offered for anemia, blood pressure, cancer cholesterol, diabetes, galactemia, hearing, height and weight, oral cavity and vision along with a chest X-ray which will be checked for lung cancer, emphysema, enlarged heart and tuberculosis.

Tests will be administered by physicians associated with the health agencies, assisted by volunteer medical technologists and student nurses from Detroit-area schools of nursing.

Test reports will be mailed to the individual participants' private physicians.

Joining with WUF and the UHO as co-sponsors of the series are Detroit District Dental Society, Detroit Society of Medical Technologists, which will provide more than 80 volunteers to assist with testing, Macomb County Medical Society and Michigan Association of Osteopathic Physicians and Surgeons.

More co-sponsors are Michigan Ophthalmological Society, Michigan State Medical Society, Oakland County Medical Society, Shopping Centers Inc., Wayne County Medical Society, Wayne County Osteopathic Association and Wayne State University.

Participating agencies will include the American Medical Association, American Red Cross, Children's Hospital of Michigan, Children's Leukemia Foundation of Michigan Cystic Fibrosis Research Foundation, Detroit Department of Health, Detroit Hearing and Speech Center, Michigan Association for Better Hearing and Speech and Florence Crittenton Home.

More are Goodwill Industries of Greater Detroit, the Kenney-

graduate of the University of Michigan School of Social Work and has worked with children in the Inner City since her graduation.

She helps the children to solve their own problems and to widen their horizons.

Extend Ehrling Contract To '72

Sixteen Ehrling's contract as music director and conductor of the Detroit Symphony Orchestra has been extended through April, 1972, it was announced by the Symphony.

Ehrling has served in the post since December, 1963. His contract, prior to the renewal, would have expired in April, 1969.

Symphony President Robert B. Semple said that the Symphony's executive committee unanimously agreed to extend Ehrling's tenure.

Semple also paid tribute to Ehrling, saying that the conductor has "stimulated a fresh enthusiasm" for music in Detroit and that the city will be "continually enriched through having a man of such stature."

Since Ehrling's appointment to the Detroit podium, the Orchestra has been expanded from 90 to 103 members, the average number of Symphony concerts each year has increased from 150 to more than 200 and the Symphony season has grown from 29 to 47 guaranteed weeks.

Ehrling has led the Orchestra in 333 concerts to date, including numerous tour performances. The Orchestra made its first visit to the West Coast under his direction in 1966.

Of the 238 works conducted by Ehrling before home, (Ford Auditorium), subscription audiences, 73 have been new to the Symphony's repertoire or were given a premiere performance.

He has been especially praised as an interpreter of 20th-century music, though his additions to the Symphony's repertoire include much old as well as new music.

The Symphony's popular annual "Concerto Night" program, at which members of the Orchestra are featured as soloists, was initiated by Ehrling during his first season in Detroit.

Ehrling also is the principal conductor at two American music festivals that feature the Detroit Symphony each year: The summer-time Meadow Brook Music Festival, on the campus of Oakland University, Rochester, Mich., and the Worcester Music Festival in Worcester, Mass., each fall.

Since moving to Detroit from his native Sweden in 1963, Ehrling has fast become a familiar figure to symphony audiences across this nation.

He already has appeared as

guest conductor with the orchestras of Boston, Chicago, Los Angeles, Cleveland, New York, Minneapolis, Pittsburgh and Philadelphia, to name a few. Audiences in dozens of other U.S. cities have enthusiastically received him during his tours with the Detroit Symphony.

The Ehrlings live on Trombley road with their two daughters: Elizabeth, 14, and Ann-Charlotte, 10.

He was cited by the Society for making "substantial contributions to the advancement of the natural gas industry's science and technology, particularly in modern transmission and distribution for natural gas. He was responsible for the rehabilitation and development and operation of the Six Lakes underground gas storage field (in central Michigan), one of the largest in the United States."

Mr. Schmidt earned his B.S. and M.S. degrees from Wayne State University which honored him with a doctors degree in 1958. He joined Michigan Consolidated after graduation in 1936 and was elected a vice-president in 1953.

1967-68 school year are MICHAEL J. MONAHAN, of Balantyne court, and ELLS WORTH J. STAY, of North Oxford road.

Appearing in the Wayne State University Beta Sigma Phi Fellowship musical production of "Anything Goes," to be presented April 4 and 6 in the Grosse Pointe War Memorial's Fries Auditorium, are JACKIE DUEMLING, of Lakepointe avenue, and PAT MILLER, of Bournemouth road.

MICHAEL COOPER, son of DR. and MRS. RALPH R. COOPER, of Lakeland avenue, and a 1965 graduate of Grosse Pointe High School, received recognition for his outstanding scholarship record at the University of Michigan's Honors Convocation on Friday, March 29. Michael is enrolled in the Honors College and is majoring in Geo-Chemistry. He was elected to Phi Beta Kappa and to Sigma Xi, national honor society for Research Scientists.

Lt. Patrick C. Wade Receives Promotion

Patrick C. Wade, 23, son of Mr. and Mrs. Richard C. Wade, 1570 Fairholme road, was promoted to Army first lieutenant during ceremonies at Ft. Story, Va., recently.

Lt. Wade is assigned as assistant post provost marshal with Headquarters Company, U.S. Army Support Element at the fort.

Lt. Wade, whose wife, Marilyn, is with him at the fort, entered the Army in February, 1967 and was last stationed at Ft. Gordon, Ga.

The lieutenant is a 1962 graduate of Grosse Pointe High School and received a B.A. degree in 1966 from Michigan State University. He received his commission through the Reserve Officers' Training Corps program at the university.

TAIL LIGHTS STOLEN

Several youths were surprised while tampering with a car at 701½ St. Clair on Friday, March 29. When they heard the owner of the vehicle approaching, they fled, taking the tail lights of the car with them.

Slate Memorial Players' Drama

Drama, suspense, family conflict and unexpected audience participation will combine to make an evening of exciting theater when Memorial Players present "Between Two Thieves" on Sunday, April 8, and Monday, April 9, at 8 o'clock.

A traveling troupe of Jewish players finds that their standard presentation of the re-trial of Jesus of Nazareth suddenly goes awry and runs away with them, with surprising results for both them and the audience.

The play is open to the public and will be given in the Chancel of Grosse Pointe Memorial Church. Admission is free, but players are urged to pick up tickets ahead of time at the church office, since the capacity is limited.

Other performances will be at St. John's Presbyterian Church on April 11 and at Grosse Pointe Unitarian Church on Good Friday, April 12.

OWN TERMS

Most people are willing to be on the level, but most want to set their own level.

Hockey Steers Have Big Year

The Grosse Pointe Steers, (Thompson-Cain), Midget Hockey Team topped a brilliant season in Southwest Michigan Hockey Association this past Sunday by defeating Royal Oak three to one, thus winning their two game total final play-off series five goals to two.

The two victories gave the Steers a total season record of 21 victories, one tie and one loss, with a fantastic 14 shut-outs—good enough to finish first in regular season play also.

Goalie Jim Bayes led the Steers' charge with Captain Bill MacIntyre on defense along with Doug Maxwell, Tom Keller and Mike Stewart.

Up front the forwards were led by Ed Wells, Chuck Socia, Tom McGraw, Bill Rider, Sandy Sides, John Danaher, Bill Ehrlich, Ross Downing, Jim Safran, Keith Olson, Kevin Bolton, Jim Bolton and Peter Viger.

Coach Leonard Johnstone should also be given a tremendous amount of credit for his excellent job this year, as should his assistant Chris Coury.

J.D. Owens is planning a hunt in Kuala Lumpur. Want to go along?

Mr. J. D. Owens of Buckingham Road, Grosse Pointe Park: former news correspondent, ex-columnist, world-famous raconteur, professional PR consultant and patron of the Grosse Pointe War Memorial Association.

There's nothing Mr. Owens would rather do than stalk the wily Malay tiger or Africa's elusive dik-dik, especially from the safety and comfort of a theatre seat in the Grosse Pointe War Memorial Center.

Mr. Owens is an avid fan of George Pierrot's Adventure Series, a recent addition to the Center's regular program schedule. He and his family have discovered an almost unlimited variety of cultural, social and recreational activities at the Center, ranging from legitimate theatre and chamber music through bridge clubs and French classes. Mr. Owens is checking into the Gourmet Club and, of course, the Adult Ski Club. He's a War Memorial contributor.

You see, the Center earns about three-quarters of its operating expense, but that just isn't enough; so each year people like you and Mr. Owens—from all the Pointes—join in a Family Participation Campaign

to meet the rest of the budget, so we can continue our full schedule. This year our goal is \$80,000. Any size gift is greatly appreciated.

Want to go along on one of Mr. Owens' "trips"? Great. You've probably already received a Free Activities Pass in the mail. It includes five excellent programs for every member, every age group of your family. This Pass is good only through April 19th, but there are worthwhile events every day of the week, no matter when you come. See for yourself.

We think that once you get acquainted you'll agree a contribution to the Grosse Pointe War Memorial Center is just another way of supporting your own family.

Right J. D.?

Indubitably.

It should be snapped up this week by some family seeking two full baths up and a first floor powder room. The kitchen was brought up to snuff just recently, and Mom will like the large eating area in her cookery. In the Farms at \$34,000.

IF YOU'VE BEEN peeking around at four bedrooms in the City but can't find anything under forty-five thousand dollars, then this offering might be the solution! In this brick colonial on University Place, you will find three bedrooms on the second floor, and the ever popular first floor center hall plan.

THIS ONE SPEAKS for itself. Its distinctive appearance from Lake Shore Road calls you inside to see more. Once there you'll see how the house "opens up" from the tremendous entrance hall with a large living room, dining room and paneled library. Upstairs are five family bedrooms and several more for live-in help. The three-car garage is in a separate building with its own chauffeur's apartment.

THE MOST POPULAR . . . tops our list . . . we're sure you will . . . agree with us that this newer colonial in the City containing those four bedrooms with two full second floor baths . . . could be the ideal solution to your shopping problem. This one has a den and a family room. Promise Mom anything but give her a house.

THE ONLY STEP you'll have to take is the one to your phone, if it results in seeing, loving and buying this French influenced home on Balfour Road. Four family bedrooms serviced by two baths are supplemented by two maids' rooms and another bath. Shows as well inside as it does from the curb.

WE ARE PROUD to offer a choice of two properties to you who are searching for a two-family flat. Try our super deluxe duplex on Trombley with an extra lot. For the budget minded we can offer a newer but smaller place at \$37,500.

A SIDE-entrance, brick colonial that is all spit and polish. Situated on a street south of Jefferson, and in the Park, we know of none other which shows as well. Take advantage of the recent price reduction and the opportunity of buying on land contract.

BEEN FOOLED before by a sweet sounding ad on a house that soured when you got inside to see for yourself. Well, this April we are serving up three new offerings which "show" as well as they sound. Lochmoor Boulevard in the Shores, which means just a skip to the Lake, provides the setting for this center hall colonial with four family bedrooms. Take note: the first floor includes living room, dining room, den, library, and large family room.

Family Affairs Month Observed

A Grosse Pointe resident has been named vice chairman of the 1968 Family Affairs Month program for metropolitan Detroit.

He is Thomas L. Munson, 167 Moross road, a partner in a Detroit law firm. General chairman this year is Carroll S. Anderson of Birmingham.

Munson, a member of the 1967 Advisory Committee for Family Affairs Month, is immediate past president of the Detroit Bar Association and is a member of the House of Delegates, American Bar Association. He also is chairman of the Wayne Detroit Legal Services Coordinating Council.

Other memberships include the American, Michigan and Detroit Bar Associations, the American Judicature Society and the Detroit Club.

Family Affairs Month, held each year in April, is a public service program sponsored by the fields of law, banking, insurance and certified public accounting. Its purpose is to encourage every head of a family to establish a plan for his retirement and for his family's financial security.

To help the family quickly assess its net worth, the sponsoring organizations each year distribute the Family Affairs Check List and Balance Sheet. By using these, the head of the household can immediately determine if his family's needs are being met.

Six area residents are members of the Family Affairs Advisory Committee. They are: John Feikens, 743 Pemberton, president of the Detroit Bar Association; Hans Gehrke, Jr., 45 N. Deerparks, president, First Federal Savings & Loan Association of Detroit; Ralph J. Kliber, 790 N. Oxford, president of the Michigan Association of Certified Public Accountants.

Also Gerald E. Warren, 305 Grosse Pointe Boulevard, vice-president, National Bank of Detroit; Leslie C. Putnam, 185 Earl court, president, Life Insurance and Trust Council; David D. Williams, 211 McKinlev, senior vice-president and trust officer, National Bank of Detroit.

ROCK BREAKS WINDOW
S. E. McGee, 17530 Mack called City police on Saturday March 30, to report someone had thrown a rock through the upper story window of an apartment at 17590 Mack. The rock had apparently been thrown from the sidewalk.

Business Notes

Robert F. Schnoes, of 591 Renaud road, has been appointed president of the Dresser Industrial Valve and Instrument Division of Dresser Industries, Inc. Mr. Schnoes was formerly president, Controls Division, American Standard Inc., with headquarters in Detroit. In his new position, he will be responsible for all activities of the Dresser IVI Division and will have his headquarters in Stratford, Conn.

A fourth-generation member of the Stroh family has been elected as the new president of The Stroh Brewery Company, effective April 1, 1968, according to an announcement by John W. Stroh, of Lake Shore road, chairman of the board.

He is Peter W. Stroh, of 907 Park lane, a great-grandson of founder Bernard Stroh. He was formerly vice president and director of operations of the brewery.

John W. Shenefield, who has been president, was elected to the newly-created position of vice chairman of the board of directors.

Ralph E. Cross, of 50 North Deepfords, has been elected to the National Academy of Engineering, according to a statement issued in behalf of the academy by Eric A. Walker, president of Pennsylvania State University. Cross is president of The Cross Company of Fraser, Mich. which builds automation equipment.

The Academy in its official notification stated that election to its membership is the highest distinction that can be conferred on an American engineer and is limited to those who have made "important contributions to engineering theory and practices, or who have demonstrated unusual accomplishment in the pioneering of new and developing fields of technology."

Better Business Bureau Elects

Three Pointers were among the new officers and directors elected by The Better Business Bureau of Metropolitan Detroit at its recent meeting.

Wallace M. Jensen, of Stonehurst road, was elected treasurer. Mr. Jensen is a resident partner with Touche, Ross, Bailey and Smart. He has long been active in the bureau, having served both as its president and director for many years.

Fred W. Parker, Jr., of Washington road, and William J. Bingham, of Muskoka road, were elected to the board. Mr. Parker is president of the Rockwell-Division North American Rockwell Corporation and Mr. Bingham is a vice-president of the National Bank of Detroit. They were elected to three-year terms.

who, where and whatnot

by whoozit

The atmosphere in Room 313, Defer School, was hectic, electric . . . There, in the Witness Stand, sat Little Boy Blue, protesting his innocence . . . There was Little Bo-Peep, insisting on his guilt . . . Herewith follows a faithful transcript of the proceedings, prepared by Court Reporters, (alias Sixth Grade students), Sarah Colby and Mimi McCarthy . . . We've taken the liberty of paraphrasing it a bit, but the spelling, punctuation and sentence structure remain Miss Colby's and Miss McCarthy's . . .

TRIAL

LITTLE BO-PEEP VS. LITTLE BOY BLUE

In Room 313, on February 14th and 15th, trial was held. Little Bo-Peep (Susan Junker) was charging Little Boy Blue, (David Hall), of neglecting duty.

Little Bo-Peep stated that she hired Little Boy Blue to care for her sheep. One day her sheep ran away and when she found Boy Blue, he was under the haystack sleeping. She also stated that she paid Boy Blue good wages, all three meals a day, and a room. She said these were the same things she gave her other farm hand Jack-Be-Nimble, (Scott Benedict). Jack testified that this was the truth. Little Bo-Peep's step-sister, Mother Goose, (Susan Tait), stated that this was truthful also. Little Bo-Peep's prosecuting attorney was Scott Robertson.

Little Boy Blue stated he was an orphan, Miss Peep didn't pay him well, he only received lunch, and he slept in the barn. He said he was only paid to take sheep out of the barn in the morning, and bring them back at night. Jack said that both he and Boy Blue got up at 8:30 a.m. But Boy Blue said he got up at 5 a.m. He said the animals got up at five.

Old Woman in the Shoe, (Pat Curtis), said she lived near Miss Peep, and that Boy Blue was very trustworthy. She said the day the sheep ran away, she was coming toward the Peep farm and she saw Boy Blue chasing the sheep. She wasn't sure of the time. Farmer in the Dell, (Art Marcus), said the same. Boy Blue's lawyer, (Brian Litch), found out from Miss Peep that she lived by I-75. He stated that maybe the cars scared the sheep away.

The verdict of the charges against Little Boy Blue was not unanimous, so there was a hung jury. The jury was made up of Ken Wellertitter, Wanda Agby, Mimi McCarthy, Sarah Colby, Barbie Surrel, Laurel Turner, Chris Arnold, Kevin Fradenek, David McDonald, George Sherban, Mary Lynn Burns and Kim Kotowski. The foreman was Mimi McCarthy. They were all sworn in by the clerk, Claude Weiller. The judge was Steve Woodhouse.

The mock trial was witnessed by Mrs. Younke, the teacher of this class.

From former Pointer John R. Gordon . . . comes this "Comedy of Typographical Errors," as reported in a recent issue of the "Minnedosa (Canada) Tribune."

"Weekly newspapers always run the risk of errors in their classified columns and it's amazing there aren't more of them . . . We can be thankful however, we haven't as yet had a string of errors like the almost unbelievable one that recently plagued a small daily south of the border . . . It started with the following on Monday:

FOR SALE: R. D. Jones has one sewing machine for sale. Phone 958 after 7 p.m., and ask for Mrs. Kelly who lives with him cheap.

On Tuesday—
NOTICE: we regret having erred in R. D. Jones' ad yesterday. It should have read: One sewing machine for sale. Cheap. Phone 958 and ask for Mrs. Kelly who lives with him after 7 p.m.

On Wednesday—
R. D. Jones has informed us that he has received several annoying phone calls because of the error we made in his classified ad yesterday. His ad stands corrected as follows:

FOR SALE: R. D. Jones has one sewing machine for sale. Cheap. Phone 958 after 7 p.m. and ask for Mrs. Kelly who loves with him.

Finally on Thursday—
NOTICE: I, R. D. Jones, have no sewing machine for sale. I smashed it. Don't call 958 as the telephone has been taken out. I have not been carrying on with Mrs. Kelly. Until yesterday she was my housekeeper, but she quit.

PILFERINGS

I was flying from Montreal to Boston for a weekend shopping expedition. Determined to outfit myself from head to toe with new clothes, I had nothing in my large suitcase but a pair of pajamas and a gift bottle of Scotch for the couple I was to stay with. I opened the case for the customs officer. He looked in, looked at me, closed the case and said, smiling, "Have a nice weekend."

Pointers of Interest

THE LYNDEN J. KAUFMANN FAMILY, OF ST. PAUL AVENUE: MR. AND MRS. KAUFMANN, NANCY AND ANGELA PLIESS, (THE GIRL WITH THE LONG-EST HAIR).

By Janet Mueller

"I really think," says Betty, (Mrs. Lynden J.), Kaufmann, "that we believe sincerely, all four of us, that our young people must have opportunities to get to know one another, to exchange ideas, if there is to be any hope at all for a better world . . ."

"After all," her daughter Nancy adds, "it's the people who make a country."

Lyn Kaufmann nods, and so does Angela Plieiss, the Kaufmanns' "other daughter" — their American Field Service daughter, who came to them full-grown last August, from Nurnberg, Germany, and who will be returning to Germany in a few months, but who is now, and will always be, a "daughter" to Betty and Lyn, a "sister," (her first), to Nancy.

First for Liggett

Angela is the first foreign student to spend a year at The Liggett School under the auspices of the AFS program.

But her presence at Liggett is long past the "experimental" stage: Angela is a part of Liggett now, a part of her class and of the school, not something stuck on top of it, like embroidery on a dress, but something absorbed into it, part of the fabric's weave.

Just as she's part of the Kaufmann family's fabric, and of the community's, Grosse Pointe's, fabric . . .

Liggett's AFS Chapter is already making plans to raise the money to bring a second AFS student to the school next year. The chapter is sponsoring a Germanium Sale, offering baskets of Irene Red and Salmon Pink plants at \$5.50 for a basket of eight.

Orders are being taken now through April 10 at the school. The plants themselves will arrive in the latter part of May.

Gets Full Scholarship

The School provides a full scholarship, amounting to about \$1,500, for the exchange student. The School's AFS Chapter contributes \$750 toward transportation and a monthly allowance for the student, (\$14 per month).

But this doesn't fully cover the costs for Angela; her own family in Nurnberg is supplying additional money, and the Kaufmann Baby-Sitting Service, founded by Nancy before Angela's arrival, now boasts two qualified sitters . . .

Angela is the second in a family of four, children of Marianne and Herr Prof. Dr. Gunther Plieiss, a pathologist at Nurnberg Hospital.

Her older brother, Rainer, 22, is studying Medicine at Hamburg. Her younger brother, Michael, 15, and her sister Reane, 11, are both in school in Nurnberg.

In Nurnberg, Angela attended Labenwolf School, a public girls' and boys' school. "In Germany, we usually have separate girls' and boys' schools," she observes, with an enrollment of about 700 students in grades five through thirteen.

Knew About Program

She'd been aware of the AFS program for years — her family had known a girl who had been in Michigan as an exchange student, this girl had come to visit them, shown them slides — but she first seriously considered applying when she picked up an AFS pamphlet at her school.

She filled out forms, was interviewed, filled out more forms, was finally notified that she had been accepted and that the search for her American "family" had begun.

Acceptance by AFS does not necessarily mean that a student WILL study overseas. Students must be matched with sponsoring families, "parents," "brothers" and "sisters" with whom they will live as family members during their year abroad.

"Fifty-one students from Nurnberg were accepted by AFS," Angela recalls, "but only

eight, five girls and three boys, were finally chosen to go . . ."

Call Selves 'Hopies'

"We German 'Hopies' — we called ourselves 'hopies' — because we were all 'hoping' to come to the United States — all met in Berlin after we'd been notified that we'd been accepted as AFS candidates. Then we all went home, to wait until we received definite word whether or not we were going . . ."

"I was lucky; I learned in the spring that I would be studying at Liggett, living with the Kaufmanns. We were able to exchange letters and pictures . . ."

Lucky, too, (or so Angela thought at the time), was the fact that the godson of Liggett's Headmaster, Frank J. Sladen, Jr., happened to be stationed with the United States Army near Nurnberg. He came to see her, to give her ideas of what life would be like in the States — but apparently, his memories of summer in Southern Michigan were all "warm."

Given Bad Advice

"He told me," Angela laughs, "that in Michigan, in the summer, it was very, very hot . . . So I packed my coat in the trunk I was having sent after me . . . My mother was shocked: 'You're not going without a coat!' she said — but I assured her that in Michigan, in the summer, it was very, very, hot . . ."

Last year, Michigan experienced one of its coldest, wettest, most miserable summers in years. Nancy let Angela borrow one of her coats until her own came through.

The riots, too, referred to on German television as "civil war," caused Angela's family to become a bit apprehensive about letting their daughter go off to a suburb of Detroit. Angela also was apprehensive — but for a different reason: "I was afraid they wouldn't SEND us to Detroit!"

But they did . . . and on August 6, 1967, Angela Plieiss stepped off a bus at the Greyhound Terminal in downtown Detroit. The Kaufmanns were waiting for her.

Nancy Is Youngest

Nancy is the "baby" of the Kaufmann family. She has two older brothers, Peter, in his mid-thirties, married, the father of three, vice-president of an advertising agency in Dallas, Tex., and Duncan, 30, an IBM computer serviceman in Ann Arbor.

Mr. Kaufmann is assistant vice-president, Union Relations, the Detroit Edison Company.

The Kaufmanns have lived in Grosse Pointe for six-and-a-half years. Before that, they lived in Indian Village. Next year, they'll be living on Hilton Head Island, off the coast of South Carolina: Lyn is retiring and, tired of Michigan winters, (she's a native Michiganian), but he's STILL tired of Michigan winters) he's built a house on the island, where the Kaufmanns have been vacationing for about 20 years.

Prepare For Move

"I started about the first of the year, trying to get things ready for moving," Betty says ruefully, glancing "round her living room, its walls glowing with pictures. ("Our favorite is the one we happen to like most at the moment," Lyn says), its furniture bright, comfortable . . . Everything in the Kaufmann home looks as if it's well-used and well-loved.

"But I think I really should have started a year ago," she adds. She gestures toward a chair: "The material for THAT is in, I know, but they haven't come to pick it up yet . . ."

"Of course, we'll be sorry to

leave the people we know here," Lyn observes, "but we've built up quite a group of friends on Hilton Head . . . And so many Michigan people head for Florida every year, I feel SURE we'll see plenty of our old friends . . . (a certain nuance in his voice suggests that he wouldn't be surprised to find himself running the Kaufmann Miami-Route Old Friends Motel next winter).

Real Liggett Girl

Nancy Kaufmann's been a Liggett Girl since pre-school, an active, enthusiastic member of the School's student body. Currently, she's president of Symmatheta, the student group that produces Liggett's plays. And she'll be Liggett's May Queen this year.

Her mother is a member of Liggett's Board of Trustees. Nancy had known a few AFS students through friends in Tau Beta; Betty, as a Board member, was aware of Liggett's first tentative steps towards involvement in the AFS program.

When the Kaufmanns decided they'd like to have an AFS student become a member of their family, they like Angela, filled out forms, were interviewed, filled out more forms.

Worth The Trouble

Then, finally, Angela came and she was worth all the interviews and forms and time and planning it took to get her here.

As Angela recalls, she couldn't speak fluent English when she first arrived. Lyn disagrees. "She did very well," he maintains. "I don't think she had half as much trouble as we did: We speak in an idiom, you know . . . I remember: A friend asked me a few weeks after Angela arrived, 'Well, are you learning to speak German?' " "No," I answered, 'I'm learning to speak English . . ."

To compound Angela's idiomatic confusion, the Kaufmanns took her with them to the Deep South, to spend the remainder of the summer on Hilton Head. And Angela, like a true Kaufmann, fell in love with the drawing Southern speech, the Spanish moss — and the pecan pie!

Active In Sports

At Liggett, she's been active in sports. She's especially fond of field hockey and basketball. She's a singer, member of the Liggett Oulet, (her Nurnberg family is very musical), and goes with Nancy and a group of Liggett student volunteers on Saturday mornings to the Duffield Elementary School in Detroit's Inner-City, to tutor groups of Duffield pupils.

The girls are truly enthusiastic about their Duffield project. They use a measure of their success with their pupils the number who come back, week after week.

Most DO come back, to the Liggett girls' delight . . . "And," says Nancy, now in her second year as a Duffield tutor, "they MUST feel at ease with us because MY! They do get wild sometimes!"

The Kaufmanns and the Plieiss, through letters, telephone conversations and gift exchanges, (Nancy particularly treasures a collection of tiny "Prune People," fashioned of dried prunes, nuts and raisins, an amber necklace and bracelet, a charming, embroidered "Sound of Music" sweater and "real German marzipan!" — all sent by Herr Prof. Dr. and Frau Plieiss to the girl they've begun to think of as their American daughter, though they've never seen her), have become good friends.

And Angela's list of the friends she's made here, in school and out of school, is legion.

Which means, of course, that saying good-bye, something that must be said in just a few months, will be difficult . . .

of her AFS agreement, to remain in Germany at least two full years after she returns from her year in The States. The purpose of AFS, after all, is to give her a look at life in America — so that she, in turn, can tell her family and friends what life here is REAL — LY like . . .

She'll be returning to Labenwolf, for two or three more years' study before she's eligible to enter the university in Germany, (her German secondary school is relatively equivalent to our high school plus junior college). And, among the German Misconceptions About American Education after participating in Liggett's small classes and individualized instruction, is the one that "American students don't have to study as hard as German students."

"That impression," Angela laughs, "lasted just about one week after classes began."

Off To Sweetbriar

Nancy will be off to college in the fall, to Sweetbriar. And she's promised, sometime in the next few years, to "go over and pester Angela."

But it won't be the same. "I know," says Nancy, "that I'm going to feel a little lonely. Now, when I run in the house with something to say, I pat Duffy, (the Kaufmanns' black poodle) on the head and race up the stairs, shouting, 'Oh Angela . . .'"

"And pretty soon, Angela won't be there . . ."

Nancy, new to being-a-sister, doesn't realize that this is something that happens between ALL sisters. It's part of growing up, of coming of age . . .

Sisters go their separate ways, children leave home . . . And still, somehow, the family remains The Family . . .

The Kaufmann Family, the Liggett Family is something that Angela will always be a part of . . .
