A past potentate of Moslem Temple Shrine, and 1968 director of Detroit Court, No. 28, Royal Order of Jesters, F. Raymond Dasher died suddenly on April 17, at his home, 19251 Bretton drive, S. Detroit. Funeral services were held last Saturday at the Ross B. Northrup Funeral Home, with interment in Grandlawn Cemetery.

ERIC STARVO GALT has been charged with conspiracy and murder in the assassination of Dr. Martin Luther King Jr. The FBI in a fugitive warrant issued on Wednesday in Birmingham, Ala., said 36-year-old Galt conspired with a man, "whom he alleged to be his brother," to violate King's civil rights. A first degree murder charge was filed against Galt in Memphis where 39-year-old King was shot to death on a motel balcony on April 4 by a fleeing sniper.

ATTORNEY GENERAL RAMSEY CLARK warned from Washington that racial unrest in the nation's cities could be dangerously escalated if police are allowed to shoot to kill or maim arsonists and looters. He added that if police "overreact" with excessive violence during civil disorders, it would force more blacks to adopt "terroristic and guerrilla tactics." Clark made his statement after Mayor Richard J. Daley of Chicago ordered his police force to shoot looters and arsonists.

UNITED STATES diplomatic sources in Washington expressed growing impatience with the impasse over where to make initial peace contacts with North Vietnam. The latest U. S. proposal lists 10 new potential sites, raising the number to 15. The same Washington sources indicated that Paris, not included as a possible site by either party, may be the ultimate compromise selection.

U. S. WARPLANES made their heaviest raids of the year on North Vietnam Thursday and flew the largest number of missions in nearly four months despite President Johnson's order confining them to the southern panhandle.

IN AN ATTEMPT to beat back accelerating inflation, the Federal Reserve Board approved a discount rate of 5.5 percent for three of its 12 banks. The nine other banks are expected to follow in a move virtually sure to trigger higher interest rates on loans throughout the economy.

THE FBI has pinpointed an ex-convict, high school dropout and Army reject as the fugitive Eric Starvo Galt, target of a massive manhunt in the assassination of Dr. Martin Luther King, Jr. An exhaustive investigation revealed that Galt is 40 years old James Earl Ray. This was the first positive identification of the man sought by the FBI since the April 4 slaying of King in Memphis, Tenn. There was no indication that the FBI was any closer to catching Ray.

A KILLER TORNADO swept through Greenwood, Ark. on Friday slashing through the business district causing death, scores of injuries and heavy property damage. Thirteen persons were killed and more than 70 were hospitalized. Approximately 200 more were given emergency treatment at a first aid station in a library according to state police. A search of the rubble is continuing.

THE AFL-CIO Communications Workers of America said on Sunday that court injunctions obtained by the Bell Telephone System blocked any immediate progress toward settling the union's four day-old nationwide strike of nearly 200,000 telephone workers.

## Set School Census Here During May

### Field Workers To Carry Identification Cards During Project

Residents of the Grosse Pointe School district are reminded that the annual school census will take place as usual in May.

Besides collecting the standard information provided by all local residents, a special census will be made of all handicapped children. This year the procedure for enumerating the handicapped has been changed.

The census takers will not attempt to interview each parent of a handicapped child and receive the pertinent data verbally. Instead, the census taker will leave a special form at each home to be completed by the parents if they have a handicapped child.

These forms are then mailed directly to the Schools' Department of Pupil Personnel. Through the latter, efforts are made by school officials and others to provide special education services for handicapped boys and girls.

The local census is supervised by Mrs. Betty Castle with 20 field workers operating out of the Department of Pupil Personnel. All census takers carry an identification card signed by Reginald P. Sienkiewicz, director, and will gladly present it if requested.

The chief reason for carrying such identification is to prevent commercial concerns from posing as legal census takers. The cooperation of all residents of the school district is solicited to complete the process as accurately as possible.

The census must be completed by May 27.

## Pointers Urged to Send Annual Center Donations

Grosse Pointe War Memorial's board of directors is hopeful that their follow-up solicitation letter, and postage paid remittance envelope, will succeed in bridging the gap between the \$45,000 so far received in the 1968 Annual Family Participation Drive and the \$80,000 needed by August 1.

Grosse Pointe War Memorial week at the Center saw many thousands of citizens enjoying programs from children's plays to adult concerts. The concept of a community cultural center for citizens of all ages was thoroughly demonstrated. It is hoped that every family now will make whatever gift they can to keep this institution and its activities going.

The directors are very grateful

## State Police Make First Car Inspection in Woods, Many Fail to Pass Test

### Michigan Troopers Discover Noisy Mufflers, Faulty Windshield Wipers, Bad Brakes, Many Other Violations

By James J. Njaim

Grosse Pointe Woods motorists were waved to a vehicle inspection check lane conducted by Michigan State Police at Mack avenue and Lochmoor boulevard on Monday, April 15. The troopers gave each car a thorough going over to check equipment to determine its safety.

Woods Director of Public Safety Allen Andrews who, on behalf of the police chiefs of the Pointe and Harper Woods, requested the inspection, said that more than half of the automobiles inspected failed to pass the test.

He said that in the six hours of the inspection, a total of 142 vehicles were checked, and that 98 cars, or 69 percent failed to meet safety specifications.

The police chiefs, who were on hand to observe the troopers at work, wanted this demonstration to see how the vehicle inspections are conducted under the State Law giving this authority to the State Police and those working under their direction. They had discussed this program at a recent Traffic and Safety Committee meeting, sponsored by the Michigan Automobile Club, and wanted to see whether the method could be adapted to their respective communities.

During the checkup, troopers issued a total of 26 violation tickets, for one or more of the following reasons:

Operating a motor vehicle on a suspended, or revoked license; driving while operator's license was expired; no operator's license on person; no car registration; or for failing to show proof of insurance.

The violators will be heard before Woods Municipal Judge Don J. Goodrow, who offered his cooperation in processing the citations and hearing the charges in his court room.

It was also disclosed that drivers of cars inspected were informed of violations regarding their cars not meeting State Law requirements for safe equipment, but these people were not necessarily a citation for court.

Some of the violations noted, were: noisy mufflers, no directional signals; windshield wipers or washers not working; headlights not operating properly; aim of headlights not adjusted

## Civics Students Visit Capitol

For the sixth consecutive year a sizeable percentage of ninth grade civics students at Parcels Junior High School voluntarily gave up one day of Easter vacation in order to learn more about the history and government of Michigan.

Approximately 150 students made the trip to the State Capitol Building on April 16, 17 and 18, one-third of the students making the trip each day.

Ernest J. Hurst, Junior High Social Studies Department Head, said today, "When we first conceived the plan of taking students to Lansing on a voluntary basis during the Easter vacation in 1963, we expected no more than one bus load of students to be interested."

"We were quite surprised when we had three bus loads and we have had at least that many every year since. Our previous practice of taking students on regular school days presented problems of disrupted class schedules, the make-up of school work missed, and requiring students who may have gone previously to make the trip."

Only one bus makes the journey on each of the three days. Mr. Hurst says that the students benefit since a smaller group can move around more easily and ask more questions of guides and officials.

The day's itinerary included the Michigan State Capitol Building and the State of Michigan Historical Museum. Each

## Time Goes Ahead Here On Sunday

### Michigan Goes on Daylight Saving Hours For Summer Months

Like it or not, it's happening again!

Daylight savings time will officially return to the State of Michigan—and the Grosse Pointes—early next Sunday morning. So, at 2 a.m. on April 28, Pointers undoubtedly should join the remainder of the state and set their clocks and watches an hour ahead.

Be it known, however, that this is not mandatory for an individual. If you should retire earlier, say midnight, there's not one thing to prevent you from shoving up the hands at that hour. If you do this you'll be able to sleep through the time change without a fret or a fume. On the other hand, the changing of the hands may provide you with a good reason to stay out late.

Of course, if you happen to be a nonconformist, as more than a few are these days, you can struggle along through the summer always being an hour behind time. This may not be too practical, but then, who wants to be practical?

Add Hour to Hour

There also are those penurious folks who are afraid they might wear out their precious time-pieces by all this "resetting stuff." But, if they don't change now they may well have to go gallivanting around during the next few months adding an hour to their hour.

Finally, there are those who firmly believe that adopting daylight time would be much better during the winter months. "Whatta we need daylight savings time in the summer for?" they argue. "We already have too much of it. What we need, for goodness sake, is to save some daylight in the wintertime when it's scarce."

By the way, if you wish to arise from your downy on Sunday morning in time for church, golf, tennis, bicycling or Bloody Marys, you'd best set your hour glasses, clocks, watches, and sun dials AHEAD one hour, before you retire.

If you really are opposed to daylight savings time in Michigan, as some are, you'll have an opportunity to vote on the subject next fall.

WRONG NUMBER

Two juveniles were stopped on Jefferson and Fisher on Sunday, April 20, by Farms police. The youths were in possession of a house number sign that belonged to Harold Boyer of 17700 East Jefferson. Their parents were notified and the boys reprimanded and released.

## School Board Runs Into Hassle During Monday Meeting

### Legality of Peebles' Speech Questioned; Censorship Once Again Issue; New Position Created

By Pepper Whitelaw

Breaking all precedents Russell H. Peebles, vice-president of the Grosse Pointe School Board, dropped a bombshell in the capacity-filled gymnasium at Maire School on Monday night when he announced his candidacy for re-election to the School Board in a 15-minute speech outlining his reasons for running. In the past only board members who did not wish to continue to serve, made their intentions known at board meetings, not candidates.

Peebles was interrupted almost immediately by trustee Arnold P. Fuchs, who called for a point of order. He said that School Board meetings were not the place for campaign speeches. President Alice Mary Hykes then asked Thomas Coulter, legal adviser to the School Board, for a ruling on Mr. Peebles' unorthodox move and was told that it was not a legal decision but one that she as president must make. Mrs. Hykes gave Mr. Peebles permission to continue.

After Mr. Peebles made his statement, Calvin Sandberg, trustee, announced that he wished to call a Special Meeting of the board to give other candidates the same opportunity to be heard. On June 3, at 7:30 o'clock, at Parcels Junior High School, Mr. Fuchs agreed. Normally a Special Meeting of the board can be called if two or more members so desire, however, Mr. Sandberg worded his request as a motion and the question was put to the board for a vote and was unanimously passed.

Mr. Sandberg then asked anyone in the audience planning to be a candidate for the School Board if wished to be heard. No one indicated that they would like to do so, however Barbara R. Thompson, secretary of the School Board, stated that she was a candidate.

Both Mr. Fuchs and Mr. Sandberg displayed displeasure with Mr. Peebles' move.

Censorship Question

Censorship of school materials once again became a

topic for debate on Monday, when a list of courses offered at the high school, 27 in all, were presented by Superintendent Theos Anderson.

Trustee Fuchs said that he

## City Police Nab Vandals At School

### Youngsters Caught By Officers At Maire, Attempt To Escape, Now on Probation

City police located the culprits who have been committing acts of vandalism at Maire School, 740 Cadieux, for the past few weeks, breaking 42 windows and damaging the screens on the school's portable classrooms.

The vandals were two 11-year-old boys, who the police rounded up Saturday, April 20, after receiving a call from Peter Shurt, 739 Lorraine, reporting juveniles were breaking windows at the school.

Upon arrival officers were met by a youngster who pointed out the vandals who were still on the school grounds. When the boys sighted officers Edward Miller and Ronald Pryor they ran out in front of the school. Miller and Pryor took off in pursuit.

The two youths, disregarding the traffic light on Kercheval, fled behind the Medical-Dental Center at 660 Cadieux then into the yards of nearby terraces and disappeared.

Persons in the area told the officers that one of the boys had run into a nearby house.

The officers went to the house and located one of the boys who admitted breaking the windows and who identified his companion.

The boys and their fathers were told to report to the City police station on Monday, April 22, for a talk with Chief of Police Andrew C. Teetaert.

On Monday, Chief Teetaert apprised the youths of the seriousness of their actions, and placed them on probation to the City police department for an indefinite period. The boys must appear at the station every Saturday. They are also confined to their own property after school hours.

The boys' fathers told the Chief that they would make complete restitution.

No estimate of the damages were available.

## Contractors Back Out on Construction

### Building Firm Claims Cannot Erect Incinerator Because of High Cost; Forfeits \$167,000

The Grosse Pointes-Clinton Refuse Disposal Authority's hopes for immediate construction of a 600-ton incinerator received a temporary setback, when the firm which was to build and operate the facility, reneged on its contract, it was disclosed by Authority Manager Vernon H. Olson on Monday, April 22.

The company, General Waterworks Corporation of Philadelphia, Pa., refused to carry out the terms of its contract on the grounds that the actual costs were greatly in excess of original estimates, and as a result, has agreed to forfeit a total of \$167,000, of a \$250,000 performance bond deposited with the Authority.

It was revealed that all participating members of the Authority, through their respective councils, have agreed by resolutions, to accept the amount of the forfeiture. The members are the five Pointes, Clinton Township, Harper Woods and Mt. Clemens.

It was said that the action taken by General Waterworks will not prevent the construction of the incinerator, but it will delay it from 10 to 15 months, and that the cost of the building will be \$3 million, double the original estimated price.

The proposed incinerator building is to be located at Quinn and Lipke roads in Clinton Township, on the site of the 72-acre of the old Hartman Property, which the Authority purchased in its entirety from the heirs of the estate.

General Waterworks officials claimed that they had "over designed" its contract for the proposed \$1.5 million incinerator building, and therefore could not fulfill its contract obligations.

Olson pointed out, however, that the engineering plans are the property of the Authority, and construction can start as soon as new bids are received.

Plan for More Bonds

Early in 1967, the organization sold \$1.8 million in bonds to finance the building of the incinerator. It was pointed out that additional bonds can be sold, if necessary, to meet the higher cost.

It was also pointed out, that despite the doubled cost of construction, quoted rates on the burning of rubbish would remain as under the original estimated construction figure.

Since the members of the Authority had stopped dumping at a site at Fourteen and a Half Mile road and Quinn road in Clinton Township, the organization contracted with a firm to dump rubbish at a site in Twenty-Three Mile road in Chesterfield Township, until such time when the incinerator building is erected and in operation.

Under the terms of the con-

## Bakery Reports Theft of \$287

A report of nearly \$300 missing from the Verdneck Bakery, 21015 Mack avenue, disclosed by an employee of the firm, is being investigated by Woods police. The theft, or misplacement of the money was revealed on Friday, April 19.

Mrs. Judy Cannon of 22000 Edmuntson, St. Clair Shores, an employee, told police that the money was apparently taken sometime between 6:30 p.m. on Saturday, and 12:30 a.m. on Sunday. Missing from its place at the rear of the bakery, was approximately \$287.27, representing four days sales receipts.

Anne Marie Smith of 22306 Colony, St. Clair Shores, also an employee, told investigating officers that she had locked up the money at 6 p.m. at the rear of the store.

The money was discovered missing by Mrs. Cannon shortly after midnight Sunday, when she went to the location of the money to change a \$20 bill for a customer.

The matter was referred to officers of the Detective Bureau for further investigation.

## State Appeals Court Shatters GP Farms Firemen's Hopes

The Grosse Pointe Farms Fire Fighters Association petition to require a vote to amend the Farms City Charter to give firemen equal pay with local police was rejected by the State Court of Appeals on Friday, April 19.

In rendering its decision, the Appeals Court upheld an earlier ruling given in Wayne County Circuit Court, in which it was determined that the Association had failed to file enough valid petitions to require a vote to amend the charter.

Members of the Association, Local 1509, AFL-CIO, had collected a total of 2,296 signatures on petitions calling for a special election.

Farms City Clerk Peter Caputo rejected the petitions,

## School Board Hassle

(Continued from Page 1)

and his friends had read some of the material from one particular course called Comparative Government and felt that some of the material therein was not suitable for the high school student. He added that that world peace could come about with disarmament and that the United States' foreign policy had been a deterrent to achieving world peace.

Then followed a discussion in which trustee Edward J. Pongracz stated that the School Board hires qualified professionals like the superintendent and teachers, to handle the selection of study materials and that he personally felt that the board should trust their judgment in academic matters.

Mr. Fuchs and Mr. Sandberg expressed concern over the addition of 27 courses during an austerity program but the matter was clarified by Millard Grell, director of instruction, who explained that many of the courses were improvements on old courses. Mr. Grell added that the books Mr. Fuchs was referring to in his earlier statements were those used a year ago in a summer school course but no longer in use. He added that the Science Research Association materials are used extensively in our school system and that the company was considered highly reliable.

At a meeting some months

back Mr. Fuchs took exception to the use of "Catcher in the Rye" in an elective, senior English course at Grosse Pointe High School, saying it was unsuitable.

**Position Created**  
 Superintendent Anderson then suggested the establishment of the position of Activities Director at Grosse Pointe North High. Dr. William Craig, principal of Grosse Pointe North High School, outlined the functions of an Activities Director and added that many schools throughout the country use him to great advantage in coordinating activities outside the classroom.

Mr. Fuchs and Mr. Sandberg took exception to establishing the position. Mr. Sandberg suggested that all that was needed to fill this position was a secretary and a schedule sheet and indicated that the Activities Director would be in fact a tour director. Fuchs said that he hesitated to add one more position to the administrative staff since the school was to have three assistant principals, and suggested one of them be used in this position. Dr. Craig then stated that the position of Activities Director would be comparable to a teaching position and not part of the administrative staff. A vote was taken on the question with Mr. Fuchs and Mr. Sandberg opposing and Mrs. Hykes, Mr. Feebles, Mrs. Thompson, Mr. Pongracz and John T. Short voting yes.

**Tuition Raise**  
 Mr. Anderson then asked for a change in tuition rates for summer school courses in order to make them self-sustaining. Mr. Pongracz stated that he did not feel that the summer school program should be self-sustaining, adding that this was the opportunity for "our parochial friends" to use the public school system. The board voted to raise the rates with Mr. Pongracz voting no.

The new rates will be \$15 for Elementary courses compared to \$12 last year; \$25 for Secondary Courses compared to \$15 last year. Courses not reimbursed by State Aid are financed through fees.

Dr. Anderson mentioned the new State Aid Program which has passed both houses and is awaiting the signature of the Governor. He added regretfully that State Aid this year will be \$6 less per student than it was last year due to the increased enrollment and reassessment. Mr. Coulter reminded board members that the last day for filing for trusteeships on the School Board was Monday, May 13 at 4 o'clock.

This year candidates for trusteeships on Wayne County Community College will also be on the ballot on June 10 for Pointe voters.

## Court Ruling

(Continued from Page 1)

The Appeals Court said evidence of errors in the petitions were presented to the trial judge, and it was up to the firemen to prove the validity of the petitions, which they failed to do.

At a council meeting held on February 5, the city solons filed the petitions with no further action, based on advice of City Attorney George McKean, who quoted a State Election Law which requires that petitions be signed by qualified registered voters of a community, if a referendum is sought.

McKean, charged at the time, that some persons had signed twice, and in one instance, a resident signed three times.

The city attorney cited another reason for his rendition, that is, that the petitions were invalid because several persons who helped to obtain signatures, were themselves not registered voters of the Farms, as required by law, referring to firemen working, but not living in the community.

Following the rejection by the city body, the firemen took their case to Circuit Court, and then to the State Court of Appeals.

In fact, the company will accept all rubbish, except logs, branches exceeding three inches in diameter and six feet in length, water heaters, automobile bodies, and other bulky items. These items are to be separated from the general rubbish and be disposed of at a price established by the Authority.

The Authority is scheduled to meet on Tuesday, April 30, to accept new bids and to study construction plans of contractors.

group had lunch in the cafeteria at the Michigan State University Union Building. Governor George Romney, Lieutenant Governor William Milliken and Representative Robert Waldron (also House Speaker) have expressed by letter their willingness to meet with each group and are scheduled to do so. In addition, it is hoped that State Senator Charles Youngblood and other officials will be available for brief conferences.

The educational field trip supplements classroom study about Michigan and its government. Some classes plan mock legislative sessions when they return to their school to implement the things they learn.

Teachers going along on at least one trip besides Mr. Hurst are George Pamerleau, Burl Von Allmen and Tom Smith.

#### Jim Clark Accepted the Risks—and Lost

And so now Jim Clark is gone, dead at 32, a victim of a terrible and mysterious crash at the Hockenheim Motodrome in West Germany. His Lotus-Ford careened out of control at 175 mph, somersaulted off the track and shattered against a tree. He was killed instantly.

The news came over the kitchen radio on Palm Sunday morning and in that moment it was as shocking as the assassination of Dr. Martin Luther King . . . probably because I had met Jim Clark on several occasions and was in the midst of reading his biography, "Jim Clark at the Wheel," at the time of the tragedy. He seemed like a friend.

Frankly, I never thought it would happen to Clark. Not because he was lucky or had some special gift of life out there in those SUPER-POWERED racing machines; rather, because he seemed like the complete professional—a man who could adjust to any emergency, a man who could overcome any adversity . . . a man who had so much skill behind the wheel that he knew exactly what he was doing every second of the way.

#### Cool and Calm at 150 MPH

In his book, Clark stated: "I am often asked what it is like driving a very fast car around a circuit, and how I feel at high speed. To a family man, driving a car along a road at 70 mph is relative to the traffic he is passing. He feels as though he is driving too quickly and in that context, maybe he is.

"But to ask a racing driver how he feels about driving 150 mph is something completely different. One of the integral parts of racing is being able to feel at home at high speeds.

"Now this may seem to be a very naive statement but think about it for a minute. On the circuit I am so at home that I never notice speed. I am too busy watching the dials and thinking that maybe the engine should be turning 300 rpm's more at a particular spot on the circuit.

"The fact I am travelling at 150 mph means absolutely nothing," Clark was a professional in every sense of the word—in the minds of some, the greatest driver in history. The legendary Juan Fangio won more Grand Prix (Formula 1) championships, Stirling Moss was more daring and the fabled Spanish nobleman, Alfonso de Portago, who died in the Mille Miglia, the last of the great open road races, was far more colorful.

But none was more a master of the wheel than Jim Clark. The shy, dark-haired son of a Scottish sheep farmer, he did it all at the age of 32. He did it in an era when those low-slung race cars were on the verge of developing into airborne missiles. He became the youngest Grand Prix champion in history; he was the first to win seven Grand Prix races in one year; he was the first to win five straight on the Grand Prix circuit. He was also the first Briton to prevail at Indianapolis, winning the "500" in 1965.

#### A Pure, Natural Racing Talent

He wasn't daring.

He wasn't dashing.

But he was a pro. He knew exactly what he could obtain from man and machine, and pushed both to the ultimate. He raced because he loved it.

"People who race are motivated by many things," he once said. "Some race because they feel they can make easy money at it. Others race because it is the 'done thing' or because it might make them more attractive to the girls.

"There is also the driver who has a natural liking for racing, and a curiosity for what racing can offer him. I think I fall into this category. I know what the dangers are but once you start, you can't stop.

"I guess you can say racing is like smoking. It gets into your blood and you have to carry on, no matter the consequences."

Death is a part of auto racing. Every driver knows this and accepts the sport on its own terms. He feels it will never happen to him . . . because if he ever thought, even for an instant, what it would be like to hit a tree at 175 mph, as Jim Clark did, he would never get into the car. Actually, what it takes is a certain lack of imagination.

It is said that if a man drives hard enough and long enough, he will succumb to the inevitable.

The inevitable overcame Jim Clark.

At 32 he is dead.

But how many men—how many of us—go through an entire lifetime and never do the thing we really want to do?

### Exchange Club Presents Exhibit

Charles S. Marling, president of the Exchange Club of Grosse Pointe, has announced that the Freedom Shrine, a permanent exhibit of 28 authentic reproductions of historically famous American documents ranging chronologically from The Mayflower Compact to the Instrument of Surrender in the Pacific, World War II, will be formally dedicated on Tuesday, April 30, at 9:30 a.m., at Brownell Junior High School where the display will be housed. The Exchange Club is presenting the exhibit to the community.

William Wieland, district director of Metropolitan Detroit Exchange Clubs, will deliver the dedicatory address. He will also make the presentation on behalf of the Exchange Club. The gift will be acknowledged by William Christofferson, principal of Brownell Junior High School. Members of the School Board and officers of The Grosse Pointe Exchange Club will also participate in the program.

All of the historical papers in the collection are exact photographic reproduction of the priceless originals. Each document is permanently mounted on an individual wood-grained plaque and protected against all forms of deterioration by the newest methods of plastic lamination.

The Freedom Shrine is exclusively an Exchange Club

project and important part of the Americanism Program of The National Exchange Club. "The ideals and precepts set forth in its documents," said Mr. Marling, "constitute a precious heritage, not only for Americans but for freedom loving people everywhere. The Freedom Shrine is the Exchange Clubs' positive rebuttal to Communism and all other un-American ideologies."

### WSU Symposium Looks Ahead

The city of tomorrow—what will it be like? Will it be something out of science fiction, or perhaps a place unfit for residential living? What does the future hold for our cities, and what can our scientists do with our technological "know how" to insure improvement?

These are the kinds of problems that will be posed during the Centennial Symposium planned Tuesday-Friday, May 7-10, in the McGregor Memorial

Conference Center, Wayne State University. The symposium, keyed to the theme of "Technology and the City: Human and Social Dimensions," will bring together scientists, city planners, and engineers from government, industry and education.

One of the featured participants will be Dr. Constantinos A. Doxiadis of Daxiadis Associates, Athens, Greece, who will discuss "Energy and the City of Man," at 3:30 p.m. Tuesday.

That's true... temporarily.

## Adventure Series Slated April 30

Kenneth Richter's "Britain" is featured Tuesday evening, April 30, at 8:15 p.m. on the George Pierrot selected Grosse Pointe Adventure Series at the War Memorial. The program is preceded by a roast beef and Yorkshire pudding dinner in the Crystal Ballroom. Dinner and show are available for \$4.50 by immediate reservation. Show only is \$1.50.

The theme of the film "Britain" is that the most vital of the many contributions of this great nation to the world's civilization is the system of English Law, which is essentially a series of ground rules based on common sense, a decent regard for the rights of others, and a sense of fair play.

Beginning with Britain's earliest historical relics, mysterious Stonehenge, the film covers reminders of Norman domination and the feudal period of moated castles. Westminster Abbey and the Tower of London lead into Elizabethan England and the areas where the great men of that

period — Shakespeare and Drake — held sway.

Stately Woburn Abbey, seat of the Dukes of Bedford, symbolizes the good life in Britain at the time of her greatest imperial power.

The Industrial Revolution is viewed through the eyes of Victorian England at the Science Museum in Kensington and the grim red-brick factory towns of the Midlands.

The remains of ruins from World War II are shown and then the film turns to the Britain of today with pictures of a British family at home and views of them enjoying such British institutions as afternoon tea, cricket and an evening at the Pub.

British culture is represented in scenes at Eton and the great universities and the works of master designers such as the Adam brothers and Hepplewhite.

Specially beautiful and picturesque parts of Britain are shown such as Kent, Cornwall, the valleys of Wales, Suffolk, Kersey and Lavenham. The Tourist's Britain is included too from the Crown Jewels and the Changing of the Guard to the Castle at Edinburgh.

## Road Project Now Underway

Work has started on four highway construction and improvement projects totaling nearly \$1.9 million in Branch, Eaton, Newaygo and Wayne counties, the State Highway Commission announced today.

Included is seven miles of construction on M-20 east of Hesperia.

The Wayne County project is 1.4 miles of paving on the I-96 Business Spur (Grand River Ave.) between I-94 and Trumble avenue.

Cooke Contracting Co., Detroit, is contractor on the \$204,258 project, and 75 percent of the cost will be financed with state funds and the remainder by the city of Detroit. The work is scheduled to be completed in November.

### METER TAMPERER

City patrolman Dwight Scott took a teenage boy to the City police station on Monday, April 15, after he was found tampering with a parking meter on Kercheval avenue. The youth was issued a meter violation ticket. He had put money in the meter after he received the violation. The boy's father was notified and the youth was released with a warning.

Mr. Richter originally started to be an astronomer; but while earning his way through Harvard working at photography, he became completely absorbed in film making.

Governmental film making and then Hollywood polished his camera technique. He feels his films are a wonderful media to get people to understand others. He has been to sixty countries

and photographed and met such world figures as England's Queen Elizabeth, the Shah of Iran, Conral Adenauer of Germany and Marshall Tito of Yugoslavia.

## Looking Ahead

Former Michigan Governor G. Mennen Williams and Mrs. Williams of Tonnacour Place, a long-time Grosse Pointe, was nominated by President Johnson to serve as Ambassador to the Philippines. He was nominated by President Johnson on Tuesday, April 16.

## Williams Nominated to Ambassadorship of The Philippines

Five-Time Governor Happy to Receive Nomination to Serve "Very Important and Sensitive Post"

Last week Michigan's five-time governor G. Mennen Williams of Tonnacour Place, a long-time Grosse Pointe, was nominated by President Johnson to serve as Ambassador to the Philippines.

Mr. Williams, 57, has had a long career of public service, which started in 1936 when he became an attorney with the Social Security Board in Washington. Later he served as executive assistant to the late Frank Murphy also a governor of Michigan, who was at that time Attorney General of the United States.

Following word of his appointment, Mr. Williams issued the following statement:

"Obviously, I am greatly honored and happy to be nominated by the President to serve in the very important and sensitive post of Ambassador to The Philippines. In the present world circumstances I feel that a significant service to the nation and to the cause of world peace could be performed in Manila. If confirmed by the Senate, I will gladly serve."

"When the matter of a foreign assignment was first broached by the White House early in March, Nancy and I were somewhat shocked by the thought of leaving our Michigan home and pursuing once more and taking up residence in a far-off country."

Proud and Glad to Accept  
But, with so many other Americans serving their country in foreign lands, I felt proud and glad to accept this opportunity. The Philippines, of course, is one of the great countries of the world, and I am sure my work there will be both enjoyable and challenging.

"I will be following another Michigan citizen, my friend the late Frank Murphy, who as

America's first Ambassador to Manila, did so much to cement the fraternal relationships which exist between the American and Filipino peoples. While working with him in Washington, I met many Filipino citizens and leaders of that day."

Mr. Williams was born in Detroit, on Feb. 23, 1911, the son of Henry P. and Elma Mennen Williams.

Elected Governor in 1948, and re-elected in 1950, 1952, 1954, 1956 and 1958, he served the greatest number of consecutive terms of any governor in American history to that time.

As Governor, he provided progressive leadership in the fields of education, mental health, conservation, civil rights, social and labor legislation,

traffic safety, highway construction, and in the building of the Mackinac Bridge.

In 1961, Mr. Williams was appointed by President Kennedy

as Assistant Secretary of State for African Affairs. President Kennedy described the assignment as "second to none."

Mr. Williams travelled 500,000 (Continued on Page 11)

## Stiffer Law Proposed To Curb Traffic Tramps

LANSING—Like to contribute to a \$30-million fund enabling the state's traffic "tramps" to continue on their carefree way? The scofflaw (a term borrowed from the prohibition era) laws, ignores violations tickets, snorts at court summonses, and drives on a revoked license.

Secretary of State James M. Hare says there are 30,000 such hard-core offenders among 200,000 drivers generally classed as incorrigible in Michigan. He estimates that it costs an average of \$1,000 a year to track down each, bring him into court for trial, and support him for a term in jail.

And you are already paying indirectly for the scofflaw's shenanigans.

It amounts to more than \$6 a year for each of the state's near five-million motorists, most of whom settle promptly if they get a ticket.

Hare believes he has a solution to the scofflaw problem and its tremendous cost. He has proposed a law which permits the scofflaw's car to be seized and impounded.

Such a law already has been adopted in Oregon. In Michigan, a similar law was passed twice by the House, but turned down twice by a Senate committee.

Hare now is working for reconsideration of the bill in the current legislature.

"The Oregon law is a stiff one that merits investigation by the legislature," he said.

### Loses Driver License

The hard-core offender, in his repeated failure to respond to traffic charges, usually winds up by losing his driver license.

Under the proposed law, the offender's car would be impounded for from 30 to 120 days if he drove while his license was suspended or revoked. The convicted driver would be liable for all costs incurred in the impoundment, whether his vehicle is eventually returned to him or not.

Seizure and impoundment of cars in such circumstances would add a heavy penalty which Hare believes is needed to curb the confirmed flouters of the law—in addition to sentences imposed by the courts. There is legal precedent for seizure of automobiles or other property in law violations. In prohibition days, Federal agents customarily confiscated and sold cars in which bootleggers transported contraband liquor. Even today conservation authorities seize guns from

Seppala, general chairman of the 27th annual Program Planning Institute for men and women to be held Wednesday, May 1, at Detroit's Rackham Memorial Auditorium, from 9 to 2:45 o'clock.

Sponsored by 50 educational and civic associations, church groups and social agencies, the Institute is an adult education service designed to help officers and committee chairmen carry out their duties more effectively and enlist enthusiastic participation of their membership through improved programming.

Miss Rosemary H. Klug, chief of Women's Division, Detroit Police Department, will open the general session with "Community Challenge You and Your Group."

Questions will be answered in 13 concurrent discussion groups from 10:30 to 11:45 o'clock and repeated from 1:30 to 2:45 o'clock, concentrating on various phases of programming, helps for new officers, public speaking, ways and means and parliamentary procedures.

One of the workshop participants will be Mrs. Wilbur M. Brucker, Jr., of Merriweather road, Junior League of Detroit past-president.

The luncheon program will present George Gullen, Jr., vice-president for University Relations, Wayne State University, and national president, YMCA. His topic will be "Let's Look at Ourselves."

In addition, there is a summer recreation and therapy activity for more than 300 handicapped school children at camp, classes for adult socialization for disabled patients and a class for pre-school blind children, effected with Board of Education approval and geared to prepare these children for future academic situations. Equipment loans are also made.

Cultivate the habit of kindness and courtesy—it's part of the business of life.

## Delay Refunds On Income Tax

Delivery of Federal income tax refunds to 13,038 taxpayers in Michigan is being held up because the returns were filed without necessary signatures.

"Instead of refund checks, these taxpayers are getting their

Forms 1040 or 1040A back to be signed," IRS District Director A. M. Stoepler said. Many missing signatures were those of wives required to sign joint returns, he added.

Another major reason for de-

lay of refund checks, Mr. Stoepler said, is the neglect of taxpayers to include their correct Social Security numbers on tax returns.

Incorrect or missing Social Security numbers are delaying 14,106 refunds of Michigan taxpayers, he noted.

## Hold 'Floral Splendor' Exhibition Downtown

Wright Kay and Company's Woodward Avenue Store is Setting for Display by Michigan Division, Woman's National Farm and Garden Association

"Floral Splendor" beckons beauty lovers to the eighth annual exhibition of table settings and flower arrangements being presented by the Michigan Division of the Woman's National Farm and Garden Association Wednesday and Thursday, April 24 and 25, at Wright Kay and Company in Woodward Avenue, Detroit.

This year's theme, that floral beauty embodies the finest human sentiments, was chosen from readings by George S. Hillard as a departure from traditional WNFGA travel and geographical motifs.

Occupying three floors of Wright Kay and Company, "Floral Splendor" travels the range of artistic, social and historical awareness depicting the best and the oldest in civilization, from primal handicrafts to European table settings, touching upon every aspect of life and history.

Dazzling from display windows on Woodward Avenue and on John R. are bright precious stones with their complementary floral backgrounds revealing in the notion that "Flowers are nature's jewels."

The flower-studded entryway, featuring a floral tribute to WNFGA state and national officers, leads to the first floor where the "Splendor of Achievement" symbolically honors a late Association member and three achievement groups.

Further on, "Floral Splendor" becomes the ability of the bloom to represent creativity in a display depicting drama, painting, architecture, ballet, music and sculpture.

Nearly, seven arrangements characterizing different cultures lend balance to the artistic impulse with the "Splendor of Tradition."

Completing the first floor exhibit is a display dominated by

glasswork and metal tableware, touched with floral accents. "Splendor in Artistry" combines the brittle with the fragile, illustrating the unifying power of the bloom.

Arriving on the mezzanine, the visitor finds the joy of generosity detailed in the delicate "Packages," a special exhibit by Mrs. Richard Opitck, of Trenton, renewing the "Splendor of Giving."

Sharing this special space is the "Splendor of Little Things," a collage of miniature flower arrangements by Mrs. E. A. Linder, of Bloomfield Hills.

On the second floor, exhibits describing the "Splendor of Festive Occasions," variegated commemoration of once-in-a-lifetime events, occupy every corner.

Acknowledging the source of floral beauty, seven creations reminiscent of the "Splendor of Nature" decorate the fourth floor with such selections as "Campers Cookout," "Stream" and "Mountain."

Mindful of the universal appeal of blossoms, the exhibits demonstrate in eight national motifs the "Splendor of Foreign Flavors."

Recessed in the fourth floor alcove are seven interpretations of age-old crafts marking progressive stages of man's development, explained by the words of Niebuhr: "Creating is the true essence of life."

Additional window displays are being presented by Wright Kay stores in Grosse Pointe and Northland.

The entire Flower Show is staged by WNFGA members with the assistance of Wright Kay and Company. China, silverware and accessories are provided by Wright Kay.

To aid the continuation of the various scholarships sponsored by WNFGA, Wright Kay will again award its annual \$1,500 contribution to the Association.

The contribution is normally used for the Club's Fellowship Fund, which sponsors a graduate student in the field of horticulture at Michigan State University every year.

WNFGA officers are: Mrs. Marvin L. Katke, president; Mrs. J. Philip Wernette, first vice-president; Mrs. Clarence Brosteau, treasurer; Mrs. Wilson McClellan, Mrs. Frederick Stefanski, Mrs. Chester Wisniewski, advisors.

The Flower Show Committee for 1968 includes Mrs. H. Rollin Allen, Mrs. Paul E. Machuga, Mrs. Joseph Schartz, Mrs. Richard Opitck, Mrs. P. N. Askounes, Mrs. Harold R. Smith, Mrs. George Schmidt, Mrs. Earle C. Heft, Mrs. Arthur Cox, Mrs. William Gehlert, John R. Wait, Mrs. Jack F. Ehlinger, Mrs. William J. Ullenbruch, Mrs. Norman Scheffer and Mrs. L. E. Maxwell.

Edward C. Nevergold has been elected as executive vice-president of Ford Motor Credit Company (FMCC). He has been appointed executive vice president—North American credit operations.

Mr. Nevergold joined FMCC as sales manager in October, 1960 and was elected a vice-president at that time with responsibilities for U.S. sales activities. He was appointed vice-president—field operations in April, 1962 and vice-president—North American credit operations in November, 1966, the position which he held until his recent appointment.

Born in Beaver, Pa., Mr. Nevergold is an alumnus of the University of South Carolina. He and his wife live at 175 Country Club Lane.

# Summertime Music Fund Concert Slated

Re-Scheduled Benefit Featuring Pianist Ruth Burczyk to Be Held Tomorrow Evening in Parcells Junior High Auditorium

If you have a love for good music, perhaps a record collection, maybe just a few favorite radio programs, turn the knob to "off" and let your set cool awhile.

If you can find a worthwhile TV program sandwiched between commercials, then darken your set and give yourself a chance to go "live" for a change.

Tickets are still available for the re-scheduled benefit piano recital to be given Friday evening, April 26, at Parcells Junior High School auditorium by Grosse Pointe's own Ruth Burczyk.

The concert is being sponsored by the Department of Community Services of the Grosse Pointe Public School System and "Met the Masters," a music appreciation class conducted by Ruth Kaiser under the auspices of the Grosse Pointe Public Library.

Proceeds from the benefit will go to the Summertime Music Scholarship Fund which provides local high school students with an opportunity to spend at least two weeks during the summer at the University of Michigan, Michigan State University, Wayne State University, Interlochen or other national music camps.

The scholarship fund, supported solely by donations, was established by the Band and Orchestra Parents Club of Grosse Pointe High School. Last year, 16 students attended the universities and music camps on full or partial scholarships provided by the fund.

Mrs. Jerome W. Benson, general benefit chairman, is being assisted by Mrs. Allen Chase, ticket chairman; Mrs. Clement Barone, ticket co-chairman; Mrs. Thomas V. LoCicero, social chairman; Mrs. Stephan Sweeney, social co-chairman; Mrs. Emmett Egan, treasurer; Mrs. Edward P. Frohlich, Patroness chairman; and Mrs. Roy Zimmerman, publicity.

Mrs. Burczyk made her concert debut at the age of 16 with the Wisconsin Symphony, and shortly after was first-place winner in a statewide contest sponsored by the Wisconsin Federation of Music Clubs.

She received the Young Artists Diploma from the National Guild of Piano Teachers and has served on the Guild's Staff of Adjudicators.

In subsequent years, she has devoted herself to the teaching and development of many fine students, appeared in solo recitals in Wisconsin and Michigan and presently serves on the board of several symphony societies and music organizations in addition to being an active member of the Mu Phi Epsilon international professional music sorority.

Mrs. Burczyk has appeared as guest artist with the Detroit Symphony Orchestra, Rochester (Minn.) Symphony, Wisconsin Symphony, Scandinavian Symphony, Windsor Symphony, Detroit Women's Symphony, Grosse Pointe Symphony and more recently the West Shore Symphony in Muskegon.

Her popularity has grown with each appearance as she has proved herself to be a gifted keyboard artist whose sensitive interpretations of the classics have brought her critical acclaim.

Her program, beginning at

8:30 o'clock, will include selections from the works of Liszt, Chopin, Brahms, Poulenc, Griffes, Beethoven and Bach.

Ticket prices are \$1.50 for students, \$2.50 for adults. Patron ticket donation is \$5.

Further information may be obtained by calling VA 1-9883.

## Right Advice Offered

"Keep right both day and night and you'll cut down your chances of being wrong," is the advice given by the Automobile Club of Michigan to all pedestrians in the state. "If you must walk on a highway, always walk on the left facing traffic

since this allows you to cautiously observe the flow of oncoming traffic." To bring this message to Michigan youngsters, 17,000 copies of this award winning poster are being distributed to schools throughout Michigan.

## TIRE GONE

City police received a report from Robert A. Smart, 461 Lakeland, on Saturday, April 20, stating that sometime within the last two weeks some unknown person broke the lock on the trunk of his '68 Dodge and removed a spare tire and wheel. Police are investigating.

## Y-Teens Spend Weekend Visiting Tri-Y's in Toronto

By Pepper Whitelaw  
Three Pointe girls were among the 20 Y-Teens acting as unofficial ambassadors to Canada on the weekend of April 4.

Because of the assassination of Dr. Martin Luther King, Jr., the International Exchange, an inter-racial exchange week-end between Y-Teens from the Downtown Branch YWCA and their counterparts, the Tri-Y's in Toronto, took on an added significance.

Fourteen Negro girls and six white girls chosen from Y-Teen Clubs in seven metropolitan high schools, the inner city and Grosse Pointe, took off by train to Toronto where each was "adopted" for the week-end by a Tri-Y and her Canadian family.

The three Pointers were from

Grosse Pointe High School. They were: Christine Baker, 16, a junior, and Julie Keogh, 17, and Julie Gillis, 17, both seniors. The girls were excited over their experience and came back filled with admiration for Torontonians.

Part of their visit included a visit to Lawrence Park High School. The girls made comparisons of school systems. First off, they told us they were surprised to find that many of the students at Lawrence Park studied four languages and that most of the students took at least three languages. Latin was stressed much more there than here in The Pointe.

In Toronto the classes are 40 minutes in duration compared to the 55-minute class periods at the high school. They added that although the classes were shorter the students took more subjects. They all enthusiastically mentioned that the Canadian students had a shorter day and a longer lunch hour.

The three felt that there was more for the young-adult to do in Toronto... "name stars appear in small coffee houses not like in Detroit where most of the stars appear at Cobo Hall."

As far as clothes are concerned the girls felt that more girl Torontonians wore mod clothes than here... and chimed, "We're more conservative."

They were very much impressed with family relationships in all three of their adopted homes, and said that the families did more together because the children wanted their parents to participate with them. They also expressed surprise over the many party-type gatherings which included all age groups... "And all of them were fun."

The girls felt that Canadian students were more adult acting than their American counterparts and said that although the parents seemed more permissive the teenagers seemed less wild. All three said that students there were more independent than the average American student.

Another of their observations was that the teenagers in Toronto seemed much happier than the teenagers here.

They also became better acquainted with hockey on their weekend and expressed surprise over how early in life children began playing hockey there.

Chris stayed with Joan Pengelly's family. Julie Keogh stayed with Gail Smith and her family and Julie Gillis stayed with Kathy Aganno's family.

From all the girls told us they left Toronto with a new respect for Canadians and a feeling of pleasure for having been able to share their culture, and their friendships.

## Students Busy At St. Paul's

The girls from the clothing classes at St. Paul's will be presenting a fashion show called "Sun and Fun — the creative force," Sunday, April 28th, at 8 p.m. in the all-purpose room of the school.

All fashions modeled during the show will be fashions created by clothing students and worn by the girls themselves. The garments to be modeled by students include jumpers, culottes, pant dresses and suits, coats and dresses.

All garments have been selected by the girls and offer a good look into the fashions of '68.

Four students from St. Paul's have recently received recognition for original writings they have submitted.

Senior Kathy Mazzola has had poetry accepted by the National High School Poetry Press. The poem will be published in the semi-annual anthology of poetry entitled YOUNG AMERICA SINGS.

for girls between the ages of 15 and 17 who meet at the Metropolitan YWCA on Witherell avenue in Detroit. There are 50 members from Grosse Pointe High School.

Currently they are supporting an Indian boy in Arizona through revenues received from dances and bake sales.

One of their more interesting additions to their Y-Teen calendar is the "One Way Coffee House." It's located on a one-way street (hence the name). The next coffee house evening is scheduled for Saturday, April 27, and will feature a Grosse Pointe group the "Stationary

Grass." Group members include: Mike Waddell, Mark Rahaut, John Delloff, Ray Assessor, Jerry Piscope and Jim Phlypo, all of Grosse Pointe High School.

The girls hope for a good turnout and remind interested teenagers that cover charge is only 50 cents at the door the night of the 27th with a school identification card.

After talking to the three gals and hearing about Y-Teens it sounds like an alive, interesting and vital group of which any young gal would be proud of being a part.

Hats off to the Y-Teens!

## St. Paul's Baseballers Win, Track Team Loses

Lakers Jeff Ploen and Gordie Piche both scored on wild throws in the third inning to lift St. Paul's varsity baseball team to a 2-0 victory over Bishop Foley. Both players hit back-to-back singles in the team's season opener at Kerby Field Monday, April 22.

St. Paul had four hits in the encounter, three of which belonged to Jeff Ploen who batted

1900 in the game. Bishop Foley had only two hits. Senior Doug Dziuba is credited with the win, striking out seven batters.

St. Paul's varsity track team lost its season opener at the hands of Pontiac Catholic Central 77-41 Sunday, April 21. The meet held at the Grosse Pointe High School Field, saw the Laker squad take four firsts, five seconds, and six thirds.

Junior Mike Corbett led the team in points with 16, placing first in the long jump and shot putt events. He also grabbed a second in both the 100 and 220 yard dashes. Sophomore Terry Allard was second with five

points from his first in the two-mile run.

Rick Casazza, a senior, came in second in the shot putt and third in both the 100 and 220 yard dashes. Second year student Jim Casazza grabbed a first in the one mile run. Senior John Smale received a second in the poll vault event for three points. Sophomore John Moran placed second in the half mile run.

Junior Dennis Hayes came in third in both the low hurdles and the high jump. Junior Mike Swartz and Sophomore Ron Hagg each received a point for their third in poll vaulting and the 440 yard dash respectively.

## GP Little League-Babe Ruth Season Spices Dull Routine

By Pepper Whitelaw

It's almost that magical time of year again. Dinners become suppers, hair-dos suffer from over-exposure to the elements, younger daughters complain about having to sit so long and Dad is home earlier than he has been all year . . . yes, it's Little League, Babe Ruth Baseball time!

The young lad involved goes through a metamorphosis, too . . . suddenly he is no longer tired (like the many times earlier in the year when you asked him to put out the trash). His colds become less debilitating and his appetite increases.

The entire family routine is turned upside down . . . in a fun sort of way. Togetherness is the name for the game of baseball in both Little League and Babe Ruth League.

Mothers become girls again . . . shout, cheer and, much to the chagrin of their offsprings, direct unfortunate remarks to the umpires.

### Dads Change Too

Dads, too, undergo a change. Most of them are a great help to the boys and manager but some fit into three less appealing categories. The "buddy" type dad that smiles a lot, shouts, "That's alright fell!" (after his son has just dropped the ball and allowed two runs to score). Then there is the dad who never has the time to manage a team himself, but decides his son's manager is inadequate. Or how about the frustrated athlete dad who isn't satisfied that junior is playing a consistently good game and has just hit a double. He stands on the sidelines and yells "Grip your bat a little higher" . . . "Keep your eye on the ball" . . . and finally "What's the matter with you?!"

As for the boys themselves, they realize but too soon that a hero one minute can be a monster the next. In most cases they are giving their all and play the game in spite of the conduct of the adults, which admittedly at times could be much improved.

Although the season hasn't officially gotten underway I had my baptism in raindrops at a "practice game" recently and must admit, with some chagrin, that even though I vowed not to yell and generally make a spectacle of myself I failed miserably . . . but I had a ball at the old ball game!

Experienced men know criticism is a friend of success.

## Auto Plates Gain Called Good Sign

Michigan could be headed for a banner year in automotive sales if sale of license plates through the rush period is any barometer.

Michigan counted nearly 3.8-million vehicles licensed through early March, a nearly 200,000 ahead of its 1967 pace.

Secretary of State James M. Hare said a 200,000-vehicle increase a year is considered good . . . a 250,000 hike "phenomenal." He predicted that Michigan could hit the 4.8-million mark and perhaps go higher if the current trend continues.

Increase in 1967 was the smallest in 10 years. Total motor vehicle registration in 1967 was 4,615,630, only 40,000 more than all of 1966. Registration when Hare became Secretary of State was 3.2-million.

**GP Symphony To Hold Concert**  
Annually the Grosse Pointe Symphony presents young artists in a Concerto Concert. This year's program will be held on Sunday May 5, at 3:30 o'clock in Parcels School auditorium. Director Felix Resnick will introduce Daniel Smith, who is presently majoring in piano music at the University of Michigan. Daniel is the son of Mr. and Mrs. Robert Smith of Harvard road; Jacqueline Hartman, 17-year-old flutist of Oberlin College, a pupil of Clement Barone, and violinist Shelia Fiewkowsky, 16-year-old, who is a pupil of Emily Mutter Austin. Mr. Resnick has planned the following program: Concerto in G Major for Flute and String Orchestra by Johann Joachim Quantz. Quantz wrote more music for flute than any other composer. Jacqueline Hartman will be the soloist. WOMEN'S PAGES

## From Another Pointe of View

By Janet Mueller

We can't tell you what the decor will be for the Afterglow at the Detroit Institute of Arts following the Metropolitan Opera Company's May 20 Opening-Night-in-Detroit performance — according to Afterglow co-chairman, (with her husband), Mrs. Ernest A. Jones, of Bloomfield Hills, "It's a secret!" — but we CAN tell you, after sampling some of the goodies under consideration as Afterglow party fare, that the "supper" part of the invitational supper-dance at the Arts Institute will be, as always, scrumptious!

Mrs. Ralph T. McElvenny, of Cloverly road, thinks so, too: She cleaned her plate at the Afterglow "tasting" luncheon. And so did Henry Ledyard, of Lewiston road, before rising to tell everyone that some GOOD tickets remain for the May 20 presentation, in Detroit's Masonic Temple, of Verdi's "Luisa Miller."

Tickets are available for several of the other operas as well, Mr. Ledyard added, with especially fine seats still on hand for the second night opera, Mozart's "Le Nozze di Figaro." This latter work is, Mr. Ledyard believes, more familiar to audiences than "Luisa Miller," which he described to Tasting Luncheon guests as a "beautiful opera . . ."

And Donald M. D. Thurber, of Neff road, after nodding his agreement to Mr. Ledyard's adjective "beautiful" as applied to "Luisa Miller," gave this succinct resume of "Luisa's" plot: "Boy Meets Girl; Boy Loses Girl; Boy Finds Girl; Boy and Girl Poison Each Other . . ."

Sounds like a real winner!

## Stars Of The Evening

The Charles Law McCabes, of Deming lane, are co-chairmen of the presentation of a new Swedish cultural film sponsored by the Detroit-Swedish Council, Inc., to be shown at The Whittier Hotel on Friday evening, May 3.

And the McCabe family "stars" in the film, too: Several of its scenes were photographed in their home, with the McCabe daughters, Nina and Lisa, taking part in traditional Scandinavian Sankta Lucia pre-Christmas ceremonies.

Betty Olson, daughter of the John B. Olsons, of East Jefferson avenue, appears with the McCabe girls as "Lucia." Portraying a Swedish family on Lucia Morning in Sweden are Dr. and Mrs. Bjorn Fritzell and their children, who presently reside in Ann Arbor.

A lace-trimmed Court cap caught her tiered silk illusion veil, and she carried a cascade of Jack Frost roses, stephanotis, phalaenopsis orchids and ivy.

Dorothy Louise Chylinski served as her sister's honor attendant. Bridesmaids were Carolyn Chylinski, another sister, Kathie Kremer, Rosemary Cusenza and Gayle Lofquist. Karen Torner was junior bridesmaid.

Aquastar is the only company in the world that specializes in underwater watches and instruments. Aquastar watches, depth gauges and instruments are made in Geneva Switzerland. They are meticulously assembled on a production line that moves at a small snail's pace. It takes a full three months to build an Aquastar watch. Out of experience has come Aquastar's approach to underwater products. Extreme accuracy and extreme simplicity. The need for accuracy is obvious. At 200 feet a tank of air can be gone in five minutes. A diver's life can depend on his timepiece. The need for simplicity is obvious only to someone who has dived himself. Says Fred Robert, a diver since 1948, "The sea is a strange environment. It can blot out your memory and completely change your sense of time, distance and direction. Every diver knows he must plan his exact movements in advance, on the surface." Aquastar . . . meets the challenge of underwater exploration. ## Slate Elizabeth Cass DAR School Fund Benefit Party

Education for American youth has always been uppermost on the agenda of the Daughters of the American Revolution's activities.

The DAR sponsors a student loan fund, available to young men and women who wish to continue their education and believe in the ideals of America.

## Students Discuss Program For Cool Summer Action

Among the black and white representatives of some 6,500 Catholic, Jewish and Protestant high school students in metropolitan Detroit who attended the April 22 meeting at Holy Redeemer High School to discuss a summer "Action" program were representatives from Austin Prep School and Our Lady Star of the Sea.

The purpose of the program is "to cool it during the summer months." It will also keep constantly in the public eye the fact that there are inequities in housing, in education, in employment, that need correcting," according to the two Holy Redeemer faculty members who were instrumental in getting the program started, Geraldine Felling and Bill Riccobono.

Students decided that the most effective and feasible way to create continuing awareness of these problems was to have

bumper stickers that read "I Have a Dream," the title of one of Dr. Martin Luther King's speeches. The stickers will be made available to the students who in turn will sell them at cost in their respective neighborhoods.

Ideal parents forget the lectures—they build character in their children by example.

## Guitar Classes Set For May 6 at Center

Beginning Folk Guitar classes will again be taught at Grosse Pointe War Memorial starting Monday, May 6, at seven o'clock. They will meet Monday and Wednesday evenings at seven through June 12. The fee for the ten-class series is \$15.

Alex Suczek, who originated the guitar classes at the Center, returns to teach them. He has devised a group lesson plan which enables all students to pick 'n' strum accompaniments to simple folk tunes after just one lesson. As the classes progress, more complicated chords

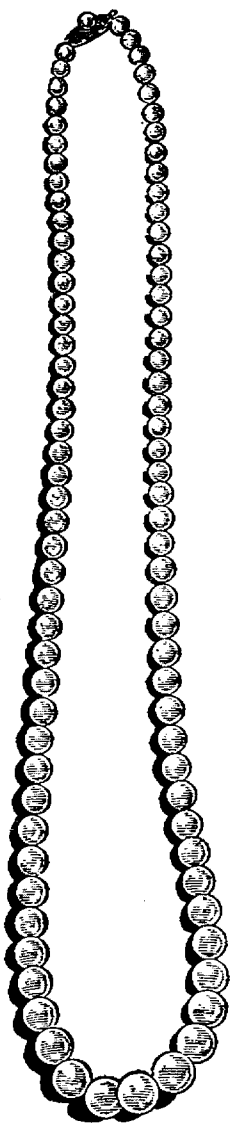

and hand positioning are added so that a modest repertoire is accomplished by the end of the course.

Mr. Suczek is a Harvard graduate and magazine editor whose avocation is music, particularly as a guitarist and troubadour. He was active with the Brattle Theatre group while at Cambridge. More important he has an international background, speaking nine languages which allows him to choose and teach folk songs from many countries.

Literally thousands of stu-

dents have studied with Mr. Suczek at the Center in the past and many thousands more know him through the Grosse Pointe Summer Music Festival which he has managed at the Memorial for the past several seasons.

Pointers DAVID WEAMER and DAVE McKEE will appear in George Gershwin's "Of Thee I Sing," to be presented by the Alma College Players May 9 through 11 in the College's Dow Auditorium. Both young men are Alma seniors.

## Background: THE GOLD CRISIS

To fully understand activities in the world gold markets since the devaluation of the British pound, November 1967, one must go back to the 1944 conference in Bretton Woods, New Hampshire, which established the present world monetary order by creating the World Bank and the International Monetary Fund.

World War II ended in 1945 with most of the world's gold reserves in the United States. After the war, we embarked on a series of reconstruction programs such as the Marshall Plan. Western Europe was rebuilt and convertibility of Western European currencies was restored in the mid-1950's.

The decade of the fifties was a period of quiet on the balance-of-payments front. American capital continued to be exported in aid and foreign investment, and the United States ran small yearly deficits in its balance of payments—that is, we exported more U.S. capital than we received in foreign currencies through the sale of our goods and other transactions abroad. Also, positioning of troops abroad drained off additional capital. All this meant that other countries accumulated U.S. dollars in their reserves.

**BALANCE-OF-PAYMENTS DEFICITS:** By 1958 our balance-of-payments deficits were becoming too big to finance easily. In 1958-59 they averaged \$3.7 billion. In that volume, dollars flowed abroad too fast to be absorbed into world reserves. A substantial part of these dollars came back for conversion into gold, and our gold reserves fell.

In the early sixties corrective steps were taken to offset or neutralize the outward flow, such as limiting private American capital exports. President Kennedy said in 1963: "The great free nations of the world must take control of our monetary problems if our monetary problems are not to take control of us."

**GOLD POOL FORMED:** An eight-nation gold pool was established in London in 1961—with the United States providing 50 percent of the gold—to keep order in the private market for gold and to stabilize its price. (France withdrew from the pool in 1967.) During 4 of the 6 years during which it functioned, the total private demand for gold had been less than the supply, and monetary authorities purchased large amounts of gold through that pool at \$35 an ounce in order to prevent the price from falling.

However, during the past 2 years, things began to change. In the first place, the supply of newly mined gold was being bought by speculators and hoarders and thus did not increase the world's monetary reserves. In 1967, speculative demands for gold were so large that in order to keep the price of gold from rising, large amounts of gold from the monetary reserves of gold pool members had to be sold in the free market to meet those demands. Our balance-of-payments deficit rose in 1967; the Arab-Israeli war and the closing of the Suez Canal caused pressure on the United Kingdom which led to the devaluation of the British pound. That proved to be a shock to the world monetary system, generating waves of instability, which were capitalized on by some people who were convinced that a change in the dollar price of gold was inevitable. Speculators and hoarders in 4 months snapped up from the United States alone about \$1 billion worth of gold in excess of the world's new production in 1967. The stock of gold in the Treasury was reduced from a post-war peak of \$24.6 billion to about \$10.5 billion, its lowest level since mid-1936.

**CENTRAL BANKS ACT:** The continuing speculative demand for gold resulted in a major step. The central banks simply said they would no longer supply gold to the free market in London or elsewhere. In the last 2 months of 1967 and the first 2 months of 1968 some \$2 billion was supplied to satisfy the demands of speculators who were buying the gold in anticipation of a change in its price. At the same time the seven central banks, believing that henceforth officially—held gold should be used to effect transfers among monetary authorities, said they would no longer buy or sell gold on the London gold market or any other private gold market in order to try to stabilize the price there. Also, they agreed that they will not sell gold to monetary authorities to replace gold sold in private markets. In short, the bankers created a two-price system for gold—\$35 an ounce between governments, and another price to be set by supply and demand among private buyers.

**SPECIAL DRAWING RIGHTS:** In the longer run it will not be sufficient simply to conserve global reserves. Therefore, a discussion of gold would not be complete without mentioning the new Special Drawing Rights (SDR's) of the International Monetary Fund which were agreed to in principle at Rio de Janeiro last September. SDR's will be new reserve assets which will provide for flexibility in monetary management for the world monetary system.

Over the past 10 years, experts have come to realize that existing international reserves are too small and that the shortage will become greater when the United States stops running a balance-of-payments deficit. The international monetary system founded at Bretton Woods had to be expanded to meet this shortage. It was recognized that a rapidly expanding world economy is impossible without an increase in reserves. Countries need reserves to maintain confidence in their currencies. Countries hold their reserves in gold, dollars, pounds, reserve positions in the IMF, and in other ways. These reserves must be quickly convertible into other currencies. It is these internationally accepted units of reserve that are in danger of becoming scarce. The supply to them is drying up.

The Special Drawing Rights will be a supplement to international reserves and over time will take a larger role, relative to gold, in the international monetary system. At the same time the creation of reserves will be controlled by international monetary authorities in such a way as not to provide inflationary fuel and produce new disequilibria in the world economic system.

When the SDR's come into being the international monetary system will no longer be dependent for new reserves upon new supplies of monetary gold nor upon deficits in the balance of payments of the reserve currency countries.

And there'll be Oriental rugs, too, plus accordions, rare old china and glass, a collection of colorful, authentic costumes from foreign lands, a sunken garden pool.

### Dem Women Hold Forum

The women of the Grosse Pointe community are invited to participate in the Grosse Pointe Democratic Women's Discussion Group's four-week forum on the Kerner Report, which began yesterday, April 24.

Mrs. Helen M. Graves of 1304 Buckingham road, chairman, said that Kerner Report pertains to the "Report of the National Advisory Commission on Civil Disorders", and that discussions will be held at 473 University place.

The first session, held yesterday, was on "What Happened?" "Profiles of Disorder; Patterns of Disorder; and Organized Activity".

On Wednesday May 1, the second part will deal with "Why did it happen?" "The Basic Causes; Rejection and Protest; An Historic Sketch; The Formation of the Racial Ghettoes; Unemployment, Family Structure and Social Disorganization; Conditions of Life in the Racial Ghettoes; and Comparing the Immigrant and Negro Experience."

On Wednesday, May 8, part three will deal with "What Can Be Done?" "The Community Response; The Police and the Community; Control of Disorder; The Administration of Justice under Emergency Conditions; Damages; Repairs and Compensation; The Media of Mass Communication; The Future of the Cities; and Recommendations for National Action."

Part Four, to be held on Wednesday, May 15, will pertain to Supplement and Appendices. The complete text is available for \$1.25 at almost all book stores and grocery stores.

The meetings will be from 9:30 a.m. to 11:15 a.m., on each of the discussion days.

### Pierce PTA Sets Final Meeting

The Pierce Junior High School PTA will hold its final meeting of the school year at 7:30 p.m. this Friday, April 26. During the business meeting, the annual election of officers will be held.

Following this, students will perform in the spring Talent Show. Those participating include a chorus of students in the eighth grade; Jim Cioe and Jeff Montgomery in a brief skit; Kathy Woods, vocal solo; Barb Beeby, piano; Candy Angott, Dede Drexel, Julie O'Brien, Carol Codd, Sherry Purcell, and Pam Knighton, vocal production; and Bill Schoelwer, Jeff Schott, Jim Kerwin, Bud Dawson, and Charlie Menthon, humorous skit. A group of girls in the ninth grade clothing class will model the creations which they have made in the class. Final decisions on other performers were made this week. Mr. John Mason is again directing the entire production.

At the conclusion of the auditorium performance, the audience is invited to visit the boys' gym to see displays of curriculum materials and student projects organized by the various departments. These should help parents appreciate the different types of class work in which students have been involved during the year.

Refreshments will be served in the girls' gym as usual. Everyone in the community is invited to attend.

Among the 10 alumni of Indiana University recently awarded the professional designation of Chartered Financial Analyst by the Institute of Chartered Financial Analysts is SAMUEL A. PAYTON, of Notre Dame avenue.

## Pick Babe Ruth Queen At Woods City Hall Tonight

This Thursday evening, April 25, is the big night for 18 of the Woods and Shores loveliest young girls.

At 7:30 in the Council Chambers of the Woods city hall they will appear before the members of the Woods City Council to be judged for the Woods-Shores Babe Ruth League's annual "Miss Babe Ruth" contest.

As in past years, each of the league's 18 teams has selected a girl age 13-15 from the Woods or Shores to act as their Queen. These girls are then judged by the Council, who are given the next to impossible task of selecting the girl they feel is most representative of the ideal Babe Ruth Age girl.

The winner is crowned as "Miss Babe Ruth," and she and her court, preside over the opening day parade and ceremonies to be held Sunday, May 5.

This year's queens are: Miss Palmer Moving & Storage — Sandy Tilton; Miss Midland Mutual Life Insurance — Denise Bredon; Miss Flame Furnace — Linda Seymour; Miss Cox & Baker Builders — Judy Alfes; Miss Marv. Boutin Realty — Barbara Kennedy, and Miss Kiwanis Club of Grosse Pointe — Debbie Peterson, representing the East Division of our All-American League.

Representing the Automotive League are: Miss Rinke Pontiac — Kathy Paddon; Miss Roger Rinke Cadillac — Peggy David; Miss Dick Green Chrysler — Kathy Scivo; Miss Merolis Chevrolet — Michelle Burkli; Miss Pointe Dodge — Mary Moran, and Richard Buick — Judy Burke.

Our representatives for the

All-American League's West Division are: Miss Ray Whyte Electric Products — Jean Foley; Miss Pioneer Furniture — Linda Dickerson; Miss Harbour Nine Restaurant & Marina — Laurie Russell; Miss Valley Die Cast — Shawn Berry; Miss City Messenger — Laura Oskin, and Miss Locke Lumber — Lucy Schippert.

All of the league's friends are urged to attend the contest at the Woods City Hall—tonight at 7:30 p.m. Please plan to attend as your attendance will make the evening just that much more exciting for the girls.

Among those admitted to Monteith College of Wayne State University for the fall 1968 quarter are LYNN B. HUTTEN, of Barrington road, who will enroll in a pre-Social Work curriculum, ANNE K. DONNELL, of Balfour road, and GERALD T. MANN, of Audubon road, who will enroll in a pre-Medicine curriculum.

ANNA L. LARSON, daughter of MR. and MRS. DAVID B. LARSON, of Hawthorne road, a junior at Wittenberg University, was one of the featured performers in Wittenberg's synchronized swimming club's annual aquatic show the weekend of April 18 and 20.

## Saint John Ladies Plan Polynesian Party

Photo by Eddie McGrath, Jr.

Members of the Fontbonne Auxiliary of Saint John Hospital gathered recently to wrap up final details for "Hawaiian Hiki Ho," a luncheon-fashion show to be presented by the Auxiliary April 30. Some of the hostesses and models are, (left to right), MRS. FREDERICK VAN HOLLENBECK (seated), MRS. WILLIAM SWOR, MRS. MARTIN WEITZEL, MRS. PAUL SCHWANTZ, MRS. JOHN ELIAS, general chairman of the event, MRS. JOHN WHITE, MRS. JOHN MADISON and MRS. BRUCE McDUGALL, (seated). To be presented in a Polynesian atmosphere, the show will be held at 12 noon April 30 at the Hillcrest Country Club, in Mt. Clemens. Donation is \$5. Reservations may be obtained by calling 881-8200, Ext. 204. Proceeds will go toward furnishing the maternity section of Saint John Hospital.

Three students have been notified of awards in the Detroit Scholastic Writing Contest. MARIE ROBERT is cited for her informal article on "Procrastination," DOUG DZIUBA for his critical review on the Dean Martin Show, and EILEEN POMASKI for her critical review on "Fate in the Shakespearean Tragedy."

There are more cross-roads to success than straight stretches.

## Students Star In Panel Talk

The Central Library will crackle with ideas this evening at 8 o'clock when a group of astute teen-agers star in a panel discussion monitored by Robert Welch, assistant principal of Grosse Pointe North High School. The seven panelists are: Karen Hebbra from St. Ambrose, Ann Schulte from Our Lady Star of the Sea, Barbara Eldredge from St. Paul, Kathy DeSchreibler from Convent of the Sacred Heart, Kyle Kinsey from Grosse Pointe High School, Lisa Finkenstein from Liggett School, and Jim French from Grosse Pointe University School. Our hat is off to Mr. French who shows an uncommon amount of courage in facing six women at once.

All the students have read assigned parts of "The President's Report on Civil Disorders." Mr. Welch will also introduce other books into the conversation such as "Gone With The Wind," "Dr. Zhivago," "The Old Man and The Sea," "In Cold Blood," "Wuthering Heights," "The Valley of the Dolls."

From this we should learn:

## Masons Gather For 32nd Degree

Some 465 Masons from 11 southeastern Michigan counties will be in Detroit during the next two weekends, April 26-27 and May 3-4, to receive the 32nd Degree in Scottish Rite of Freemasonry.

The reunion, Detroit's 263rd will end Saturday, May 4, with a traditional 32nd Degree banquet. More than 1,800 Masons of that branch of the order will attend. Banquet speaker will be the Rev. Ozie D. Pruett of Indianapolis, a 33rd Degree Mason.

The Spring Class has been named in honor of the late Paul J. Abele, a widely known Detroit executive, and former president of the Michigan Crippled Children's Hospitals. Abele, a 33rd Degree Mason, died last January.

The more than 19,000 members of Detroit's Scottish Rite bodies live in Branch, Hillsdale, Jackson, Lenawee, Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw and Wayne counties.

What kinds of reading are students doing today? Do teen-agers suffer from any forms of censorship? Does the school help or hinder a love for reading?

CREATORS OF IDEAS FOR ADDED LIVABILITY

Make sure it hums.

Then it won't be a watch at all. It'll be an Accutron® timepiece.

Bulova left out of Accutron the parts that make a watch run fast or slow.

The Accutron timepiece has no balance wheel, no main-spring, no hairspring. (Therefore no tick.) Instead it has a tiny, electronically-powered tuning fork. (That's what does the humming.)

The tuning fork splits a second into 360 equal parts. The best a ticking watch can do is divide a second into 5 or 10 parts.

Accutron time is so nearly perfect that Bulova guarantees monthly accuracy to within 60 seconds.

It's a particularly good gift for the graduate who has everything except the right time of day.

## Pulpit Exchange Planned Sunday

The Rev. Nicholas Hood, pastor of Plymouth Congregational Church, Garfield at Beaubien, Detroit, will preach at both services of worship—9:30 and 11:15 a.m. at the Grosse Pointe Memorial Church this Sunday while the Reverend Bertram dell. Atwood, pastor of Grosse Pointe Memorial Church, preaches at Mr. Hood's Church at 9:30 and 11:00 a.m. This pulpit exchange is in compliance with the request of the Consultation on Church Union (COCU) to participating denominations in that organization. COCU is composed of ten major Protestant denominations (with Roman Catholic observers in attendance) to plan a joint strategy for work and service and to lay the ground work for actual union among such divergent groups as Episcopalians, Methodists, Presbyterians, and United Church of Christ. Some of the major obstacles in working toward a united church are forms of ministry (bishops, elders, etc.); adult vs. infant baptism; and form of government.

Mr. Hood is a member of the Common Council, Detroit; member of Advisory Board, Housing Center of Urban America, Inc., Washington, D.C.; founder of Plymouth Housing Corporation (the sponsor of the 230-unit Medical Center Courts Housing Development in the Medical Center of Detroit); member of Executive Board of NAACP, Detroit; founder of Horace A. White Half-Way House for Prevention of Juvenile and Parental Delinquency; and serves on numerous other local committees.

A choir exchange will include the Senior High Choir II from Memorial Church singing at Plymouth Church at 11:00 a.m. and the Plymouth Church Choir singing at Memorial Church. Members of both congregations are invited and urged to participate in the exchange.

## Mrs. David Richards

Exchanging marriage vows in Calvin East United Presbyterian Church Saturday evening, April 20, were JUNE ANN LUCAS, daughter of Mr. and Mrs. Harold Lucas, of McKinley avenue, and Mr. Richards, son of Mrs. Mark Richards, of Barrington road, and the late Mr. Richards.

## Miss Lucas Married To David Richards

June Ann Lucas, daughter of Mr. and Mrs. Harold Lucas, of McKinley avenue, and David Mark Richards, son of Mrs. Mark Richards, of Barrington road, and the late Mr. Richards, were married Saturday, April 20, in Calvin East United Presbyterian Church.

The Reverend Ernest Dunn officiated at the 7 o'clock double ring rites.

The bride, given in marriage by her father, wore a gown of candlelight silk organza over peau de soie, styled with an Empire bodice appliqued with beaded Alencon lace. Her silk illusion veil fell from

a lace and seed pearl tiara, and she carried an arrangement of white roses and stephanotis.

Honor attendant Donna Elaine Spiering, the bride's cousin, and bridesmaids Mrs. Thomas Lucas and Mrs. Denton Newland wore floor length frocks of pink faille

fashioned with trains faced in deep pink.

Their small pink hats caught short panel veils, and they carried carnation and ivy bouquets.

Thomas Lucas, brother of the bride, served as best man. Ushers were Michael Bloink and Denton Newland, the bride's cousin.

For her daughter's wedding and the reception at the Detroit Yacht Club following the ceremony, Mrs. Lucas selected a coat and dress ensemble of pale-toned lame.

The bridegroom's mother wore a dress of pale variegated silk. Both mothers chose cor-

sages of white gardenias.

When the newlyweds left for a vacation in Williamsburg, Va., the bride was wearing a dark brown wool coatdress, with matching accessories.

They will be at home in Kensington road, Detroit, after April 30.

### Our best foot forward . . .

We think you'll get a boot out of this sparkling, white colonial which is all spit and polish. The appeal from the street is so captivating we wouldn't want you to stub your toe on the curb. Now that you've gotten your foot in the door we believe winning you over will be a shoe-in. Steppdown living rooms will always be in style, and so will warmly paneled libraries with fireplaces and beamed ceilings. Who isn't entranced by a large dining room with parquet floor and bay window? Four family bedrooms are a must, but having two more over the attached garage make this even more desirable to those who have so many children they don't know what to do. So if the above sounds like it "fits," don't be a loafer and neglect to call our secretary for an appointment . . . someone else may slipper a check.

## who, where and whatnot

by uboozil

As the climax to National Library Week . . . Friends of the Grosse Pointe Public Library will have a Special Treat: Renville Wheat, of Touraine road, long-time Pointe resident and outstanding contributor to our community life, will exhibit and speak on some of the maps in his distinguished collection at the Central Library, Kercheval avenue at Fisher road, tomorrow evening, Friday, April 26, beginning at 8 o'clock . . . Mr. Wheat was an original member of the Pointe Library Friends, and has served on the Friends' Board of Directors and Acquisition committee . . . He's a trustee and officer of such groups as McGregor Fund, Michigan Children's Aid Society, Skillman Foundation and Elmwood Cemetery, was president of the Edwin S. George Foundation for 15 years until its final liquidation, is an Elder of Grosse Pointe Memorial Church and is intimately connected with the William L. Clements Library in Ann Arbor and with the Friends of the Detroit Public Library . . .

. . . And, after serving as a practicing attorney for over 50 years . . . Mr. Wheat has a broad and varied acquaintance . . . The Friends, whose program this year has been based on the truth that "man does not learn by books alone," (maps, for instance, can communicate meaning too), are looking forward to his appearance.

Bill Coe . . . that talented senior from Grosse Pointe High School who's been writing lyrics for the student-authored, -produced and -directed comedy Grosse Pointe Memorial Church's Tuxis Club is presenting tonight, and again tomorrow and Saturday nights, in the Grosse Pointe War Memorial's Fries Auditorium, is so "caught up in creativity" no one can get him to stop! — He's just written two more songs and is pleading with the cast to learn his choruses . . . This year's Tuxis Show, by the way, includes a special ballet corps of MALE TRUCK DRIVERS! Joanne Majester is the "beefcake" choreographer . . .

. . . And, still speaking of the Tuxis Show . . . We understand that John Kellogg has been commuting so often from Michigan State University, and Dale Pegg from Northwood Institute to advise the technical crew, that neither boy is sure whether he's coming or going! . . . And that the prize for Grosse Pointe High School's busiest girl student should go definitely this year to Missy Lewis; she's student director of Tuxis' "Progress, Trucks and Peanut Butter" AND is editing the GPHS yearbook, "View Pointe."

Mrs. D. Dwight Struthers . . . of Lochmoor boulevard, State president, will preside at the 49th Annual State Convention of the P.E.O. Sisterhood to be held May 2, 3 and 4 at Detroit's Sheraton-Cadillac Hotel . . . Approximately 300 members will attend, with delegates arriving from all parts of the State; special guest of honor will be Mrs. Ewing Kerr, first vice-president of the Sisterhood's Supreme Chapter, of Cheyenne, Wyo. . . . President Struthers' daughter, Jeanne Struthers, and daughter-in-law, Mrs. Jon G. Struthers, will serve as Convention pages, as will Mrs. Paul Johnson, of Fairholme road, and Mrs. Donald Foster, of Roland road . . . Mrs. Ellsworth Allison, of Fontana lane, and Mrs. William Buchinger, of McMillan road, will participate in the Convention musical programs; Mrs. Sheldon Drennan, of Lakecrest lane, will serve as chairman of Tellers and Mrs. Robert Brehm, of Brys drive, as chairman of Pages . . . Delegates from the four Pointe Chapters will be Mrs. Gordon Cameron, Jr., and Mrs. Robert Brown, Chapter AO; Mrs. Richard Mertz and Mrs. Howard Gandelot, Chapter CI; Mrs. Bernard Kirk and Mrs. William Hagedorn, Chapter CV; and Mrs. Donald Neill and Mrs. Hughitt Moltzau, Chapter DB . . . All State officers will be in attendance, including Mrs. Merrill Dillon, of McKinley avenue, State Chapter corresponding secretary . . . General Convention chairman is Mrs. Richard Hatch, of Birmingham . . .

. . . And here's some background . . . on P.E.O. itself: It's one of the largest women's groups in the world, with over 160,000 members in the United States and Canada . . . It's a philanthropic and educational organization, interested in bringing to women greatly increased opportunities for higher education, and accomplishes its purposes through three educational projects: The P.E.O. Educational Fund, which assists women to attain a college education through a revolving loan fund; Coffey College, a fully accredited liberal arts college for women owned and operated by P.E.O.; and the International Peace Scholarship Fund, which provides scholarship students to pursue graduate studies in the United States and Canada . . .

. . . And here's a preview . . . of the 1968 Convention activities: Registration will begin Thursday, May 2, at 1 o'clock . . . Past State presidents will be honored at a dinner that evening, and the Convention will be formally opened at 8 o'clock in the Hotel's Crystal Ballroom . . . An Educational Hour luncheon will be held at noon Friday, May 3, and Dr. John Olert, Jr., of the Grosse Pointe Woods Presbyterian Church, will give the invocation at the B.I.L. Banquet that evening at 7:30 o'clock in the Hotel's Grand Ballroom; Oakland University Chancellor Durward B. Varner will speak on "Higher Education — Eleven Years After Sputnik One."

## Pointer of Interest

MRS. DOUGLAS D. SMITH, OF KENWOOD COURT

By Janet Mueller

She's not intimidated by crowds. In fact, Edith Smith is working right now to attract a crowd—a big crowd!—to what she hopes will be The Pointe's biggest spring party.

Edie is general chairman of "Swing for Scholars," the Grosse Pointe High School Mothers' Club's scholarship benefit party, a fashion show-dessert-card extravaganza scheduled for Wednesday, May 1, beginning at 12:30 o'clock, in the GPHS Gymnasium.

"We've printed 5,000 tickets," she says. "We've planned the fashion show-dessert portion of the afternoon to come FIRST, so people who aren't particularly fond of playing will have something to interest them; they can come early and leave early, if they don't want to stay for the games."

### Hopes They'll Stay

She hopes, of course, that many WILL stay. Edie hopes that even people who don't plan to attend will buy tickets—after all they're only \$1.50 each, and it's for a VERY good cause—but she also hopes the ladies who DO decide to attend, the Grosse Pointe High Mothers, their friends, women who just enjoy a good party will end up having such a good time that the Mothers' Clean-Up committee will have to shoo them out of the Gymnasium at the end of the afternoon.

She hopes, in short, that The Pointe's biggest spring party will also be its best.

Edith and Douglas Smith, (he's a funeral director at Verheyden's), have two children: Nancy, 17 last week, April 16, a junior at Grosse Pointe High, and Doug, 13, in the eighth grade at Brownell Junior High School, looking forward to his first year at Grosse Pointe High starting next fall.

Doug will be a member of the High School's new Ninth Grade, (with the opening of Grosse Pointe North in September, each of The Pointe's two high schools will become four-year instead of three-year highs), and, according to his mother, "He feels rather big and important."

### Children Like Music

Both young Smiths are quite musical. Both sing in the Grosse Pointe Memorial Church Choir and both play the piano. Nancy's taken lessons for nine years, Doug for five—neither has to be prodded into practicing.

Nancy sings in the High School's regular Choir and its French Choir. Doug in Brownell's Boys' Choir. But Doug's favorite extra-curricular activity is not musical: It's fish!

"He started off several years ago, asking me, 'Mother, can I have a fish tank,'" Edie reports. "Now he has five tanks—and we're 'boarding' a sixth; it belongs to neighbor who's on vacation."

### Personal Hobbies

Edith's own "personal" hobbies include reading, needlepoint and collecting antiques, particularly antique silver.

A while ago, she made a needlepoint cover for her piano bench. Now she's working on a cover for a desk chair.

"But I'm ashamed to say I've been working on that one cover for over a year," she laughs, rather ruefully. "It's only half the size of the piano bench—and I just haven't had the time to finish it!"

She's been lucky in her silver collection: Many of her pieces are family heirlooms, like the graceful water pitcher with the bird on its lid that belonged originally to her grandmother.

"It's part of a set; mother has the rest of the pieces," she explains, lifting the pitcher into the light. "I'm acquiring it piece by piece."

### Family Vacations

The Smiths try to take family vacations every year. They feel it's important to do as much as they can as a family before their children grow too old for "togetherness."

Last year, they visited Expo in Montreal, then continued up around the Gaspé Peninsula and over to New Brunswick, where Edith discovered some "lovely antique shops"—she just wishes they were located closer to home!

How Mr. Smith feels about the antique shops' location is a moot point, (probably husband-like, he's GLAD they're in New Brunswick), but one focal-point item in the Smith home he INSISTED upon acquiring: The large painting over the living room fireplace, a view of the Klamath Sea, near where he was stationed in Austria during World War II.

He found the picture here in The States, recognized the scene immediately and was so delighted he had to buy it. Fortunately, Edith fell in love with the painting too.

Mrs. Smith is a member of the Detroit Association of University of Michigan Women and of the Grosse Pointe Memorial Church Women's Association.

### Active At Church

"Other than the Mothers' Club, I suppose I've been most active at Memorial Church," she observes. "The High School and the Church are both in the same general direction from my house. Frequently, I've caught myself heading for the wrong building!"

She's on the Church Women's Executive Board, has served as chairman of the Women's Service Guild, ("I think that's one of the most energetic and enthusiastic groups of young women in the Church," she maintains), is the Association's current House Committee chairman and has just become a member of the Church's Building and Grounds Committee.

She's found her work for this last-named Committee fascinating. "I've looked for carnelian, helped decorate a powder room," she says. "The Committee handles lots of challenging assignments."

And of course, as a mother, she's been involved in school-related activities. "I was active in Girl Scouts for many years," she remembers. "I don't recall precisely HOW many years, but I know at one time I received a five-year service pin."

### Was Den Mother

"I was a Den Mother for Doug when he was a Cub Scout."

It seems my children never hesitated to involve me in their projects. It was always "Hey, Mom, I need two dozen cookies" or "Hey, Mom, do you know you're chaperoning next Friday's dance?"

Obviously, Nancy and Doug know that "Mom" always come through.

She joined the Mothers' Club when Nancy entered the High School, served as a committee chairman for the Club's spring benefit two years ago and is currently the Club's president-elect as well as chairman of the re-instituted, (after a year's absence), spring benefit party.

"We decided to drop the spring scholarship benefit because it had become such a big undertaking, involving so many people and so much work, that we couldn't get anybody to take the responsibility for it," Edith explains.

"We brought it back because,

frankly, we needed the money. We couldn't raise enough through our other project, sponsorship of the High School Drama Club, Pointe Players', opening night performances, plus our \$2-per-year membership dues to support our scholarship program."

### Finance Scholarships

All monies raised via the benefit, the opening nights and the Club dues go into the Mothers' Club Scholarship Fund. The Club sponsors between 12 and 17 students per year, paying out an average of \$5,500 per year.

The scholarships support Grosse Pointe High School graduates during their first year in Michigan colleges or universities. "Need" is the primary GPHS Mothers' Club Scholarship qualification.

"The applicant must definitely need extra money in order to continue his education," Mrs. Smith notes, "and I think you'd be surprised to learn how many Grosse Pointe students DO need financial assistance to continue their educations."

"The amount each scholarship recipient receives is determined by how much his parents can afford to pay and how much he himself can earn towards his college costs during the summer."

### Rules Not Strict

"Scholastically, our rules are not strict: The applicant doesn't necessarily have to be an A or B student, but he must be able, in the opinion of his counselor and teachers, to keep up with college level work."

Applicants' and recipients' names are kept in the strictest confidence. A Mothers' Club Scholarship Committee, taking under advisement the recommendations of the applicants' counselors, makes the final scholarship award decisions.

"Our only stimulation is that the student MUST go to a school in Michigan," Edie adds. "After all, we want to keep our costs down; we want to help as many students as we can."

And the scholarships are awarded for one year only. "We feel the first year is the most important," Edie says. "If we can help a student get started, tide him over until he at least gets the lay of the land, we hope he'll find some way to continue on his own."

A Big Party demands Big Planning: Edith Smith couldn't possibly do everything by herself. She's helped by 10 committee chairmen, in charge of specific details like Food, Service, Tickets, Decorations.

### Many Mothers Help

She estimates, counting her Telephone Contact Committee, that approximately 115 Mothers' Club members are directly involved in spring scholarship benefit assignments. Many High School students, members of Service Clubs, will "help out" party day, directing traffic and assisting with clean-up.

High School sons and daughters will help their mothers put up the decorations too.

The Gymnasium stage will become a small park, with a mural backdrop, perhaps a fountain, complete with running water, a tandem bicycle, a people-size sailboat, (it's one of the prizes to be awarded during the afternoon), and, of course, a "Swing for Scholars" swing.

Tiny swings will be suspended from the handles of baskets, filled with paper flowers, centering the individual tables.

Mothers' Club members will model clothes from the Corner Boutique, hair styles by the Peter Morris Salon. The models have been selected to provide a size range of eight to 16.

There'll even be an organ grinder, and he's promised to bring along his monkey!

And there'll be tickets for last-minute guests available at the door, although Edith Smith would prefer party-goers to get

### CURRIED EGGS

Contributed by  
Mrs. Colburn Standish, Jr.  
(From "The Congregational Kitchen" Cook Book.)

8 hard-cooked eggs  
4 tsp. butter  
4 tsp. flour  
1/4 tsp. salt  
1/4 tsp. pepper  
1/4 tsp. garlic salt  
2 tsp. dried parsley flakes  
1/2 tsp. curry powder  
2 tsp. soy sauce  
1 1/4 C. milk  
Toast or rusk

Separate yolks and whites of hard-cooked eggs. Chop whites slightly. Rice yolks with salad fork. Melt butter; blend in flour, salt, pepper, garlic salt, parsley flakes, curry powder and soy sauce. Remove butter mixture from heat; add milk and chopped egg whites. Bring to a boil over medium heat, (sauce will thicken only slightly).

Serve by putting creamed egg whites over toast or rusk and top with rice egg yolks. Rice egg yolks may be warmed slightly in oven. Serves four.

Note: To serve a group, increase recipe accordingly. Put curry sauce in large bowl and sprinkle rice yolks over top immediately. Spoon out at the table.

Members in advance by contacting either her, ticket chairman Mrs. Eugene O'Brien, 882-3538, or the Grosse Pointe High School Office.

But every last-minute guest will be very welcome. Edith Smith wouldn't mind if there were several hundred of them. Crowds, after all, don't intimidate her.

## Mason Students Slate Concert

A colorful Spring Concert will be presented by grades two, four, and six of Mason School at 7:30 o'clock, on Tuesday, April 30th at Parcels Auditorium.

Under the direction of Mrs. Janet Riccinto, the theme for this vocal and instrumental program will be the celebration of Mason's 40th birthday.

As one of the oldest schools in Grosse Pointe, Mason was designed by the same architect as Grosse Pointe High South and began with an enrollment of 90 pupils. Each of its 40 years will be represented by a musical selection popular at the time. Some background narration and a few skits will be given to further highlight important phases of the school's history.

A short business meeting will be held before the program during which a new slate of PTA officers for 1968-69 will be submitted to the membership for approval.
