TWO TORNADOES swept through Michigan on Tuesday causing widespread damage at Big Rapids and the tiny town of Frontier in Hillsdale County. A tornado funnel was first sighted at 4 p.m. near Romeo. A tornado watch for a large portion of Michigan went into effect at 2 p.m. and was lifted at 5:30 p.m.

MICHIGAN BELL Telephone Company raised the reward it offered for information against cable cutters, and Detroit police were ordered to spare no effort in attempts to apprehend saboteurs. The company has doubled their original reward of \$5,000 because of the growing number of cases of damage to lines. The cutting of telephone lines began since last Thursday when 18,200 Communications Workers of America members went on strike against the company.

Friday April 26
IN MEXICO CITY, Thursday, authorities questioned a United States citizen who they said resembled the man wanted in the slaying of Dr. Martin Luther King, Jr. then released him without pressing charges. The man identified as Daniel David Kennedy of Baltimore told authorities that he was on a walking tour of the State of Sonora and denied any connection with King's death. An FBI agent said there was no resemblance between Kennedy and the suspect, James Earl Ray.

IT IS BELIEVED that the United States has suggested to Hanoi a formula for allowing a third party to try to arrange a mutually acceptable site for initial peace talks. Officials said Thursday that a note delivered to North Vietnam through its embassy in Laos earlier this week went beyond the mere request for some formal diplomatic response to United States proposals of 15 possible sites.

Saturday, April 27
UNITED STATES B-52 bombers, closer to Saigon than ever before in the war, hit enemy targets within 26 miles of the capital Friday in an effort to break up Viet Cong forces believed massing for their second major offensive of the year.

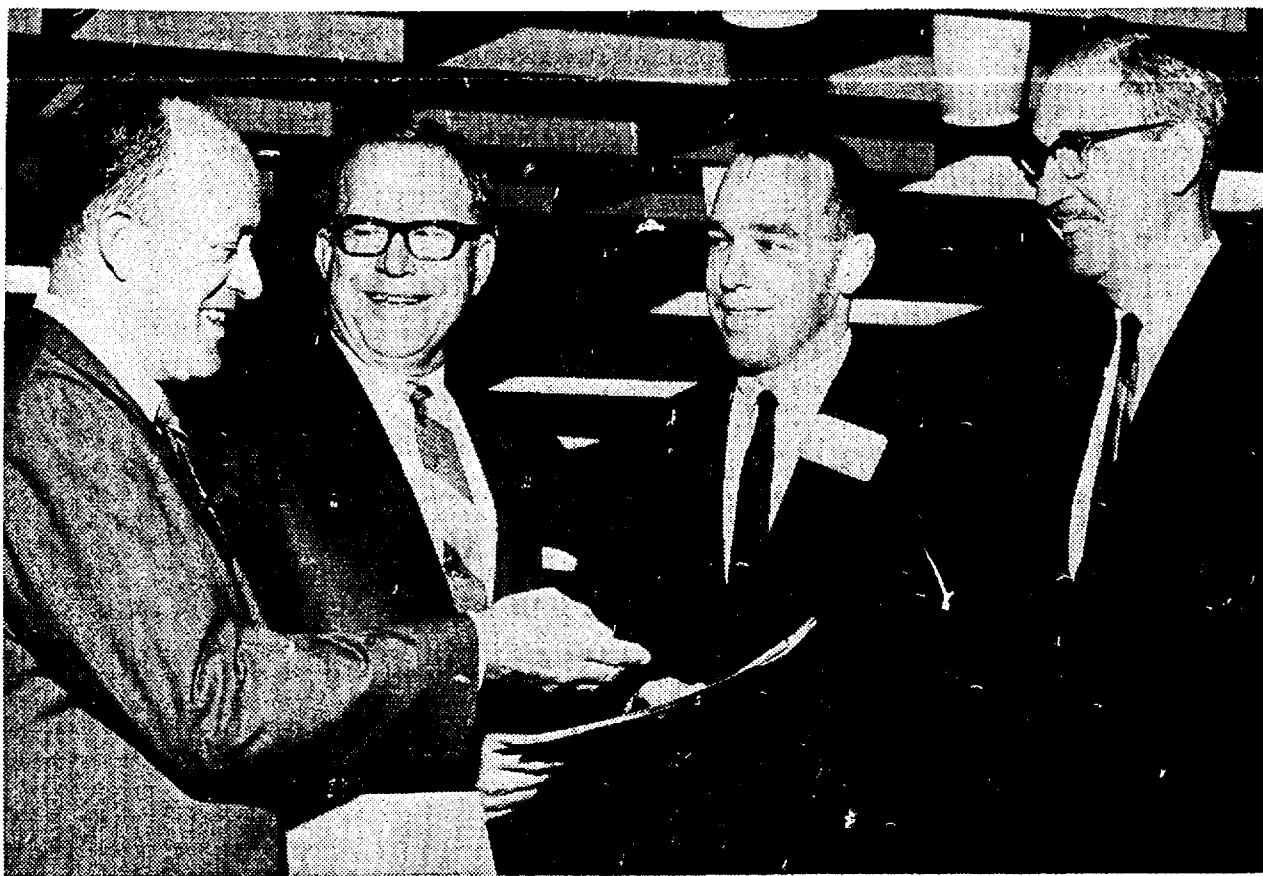

IN WASHINGTON reports of progress continued from closely guarded contract talks in the nationwide telephone strike while more workers voted on whether to join the 200,000 already involved in the nine-day walkout. Informed sources report that negotiators for the striking AFL-CIO Communications Workers of America and the Bell Telephone System were moving closer to a contract agreement.

Sunday, April 28
VICE-PRESIDENT Hubert H. Humphrey arranged for a series of talks with advisors in Washington, continuing to lay plans for his formal presidential candidacy. He reported today that he would welcome but does not expect President Johnson's endorsement and added, "I'm not going to lose a minute's sleep over what he will do."

FRENCH DOCTORS in Paris reported that they transplanted the heart of a 23-year-old dead man into a 66-year-old male suffering from a chronic cardiac illness. Europe's first human heart transplant was performed at Paris' De la Pitie Hospital in an eight-hour operation from Saturday night to this morning. Dr. M. Marcardier, chief of heart surgery service at the public hospital, refused to release the name of the recipient or donor.

CAMPAIGN ORGANIZERS for the Poor People's campaign in Washington report that their original estimate of 3,000 tent dwellers was too conservative and added that there might be hundreds of thousands of demonstrators camped all over Washington. Even though organizers emphasize their belief

Schoolmen Discuss Public, Private Education

A meeting which may well herald a new era in community cooperation between private and public education in Grosse Pointe was held last Thursday. Administrators from The Grosse Pointe Public School System and Grosse Pointe University School held a joint session. The two-hour agenda included a discussion of the basic objectives of public and private education. The administrators discussed common problems and means of involving staff members in curriculum development. Pictured above (left to right), in the library of the Upper School at 1045 Cook Road, are headmaster HUGH RIDDERBERGER of Grosse Pointe University School; DR. THEOS I. Rotary Club Searches For Top Citizen

Requests Nominations of Pointers; Annual Award of Citation Scheduled

The annual Grosse Pointe Citizen of the Year award will be made by the Grosse Pointe Rotary Club at the regular meeting on June 15.

Residents of The Pointe are asked to mail their nominations to the Rotary Office at 15135 Kercheval, Grosse Pointe 30, by May 15. State as fully as possible the reasons your candidate should receive this award.

The candidate must be at least 21 years of age and reside within the geographical limits of any of the five Grosse Pointe municipalities. He or she need not be employed in the area.

The basis of selection should be his/her total contribution to society through any of the following areas: family and home, religion and church, community activities, youth activities, cultural efforts, humanitarian work, professional or business, local government or education.

This may be an honor given for work done by the individual in his/her association with Grosse Pointe, and not necessarily for accomplishment in the previous year or current year.

Members of Grosse Pointe Rotary are not eligible for this award. If the selection cannot be narrowed to one individual, two may be selected.

At the station, the accused man was informed of his legal rights, and while the arresting officers were preparing a report on the reasons for the legal detention, Coe fled the police building on foot. Policemen let out the air of the tires of Coe's impounded car in case he should return and try to remove the vehicle from the pound.

County Consumer Prices Highest In Years, Wage Increases Also Noted

Higher Local Transit Fares, Home Ownership Costs, And Medical Charges Blamed For Hike

In addition to the sharpest upturn in consumer prices in the tri-county area in three years, increases in wages running as high as 9.9 percent were reported during the past week.

Prices of consumer goods and services in Grosse Pointe increased eight-tenths of one percent in March.

The U. S. Bureau of Labor Statistics announced that higher local transit fares, home ownership costs, meat and poultry prices, and medical charges account for two-thirds of the increase in the Detroit area Consumer Price Index.

This is the largest rise in the index since June, 1965. The March index on the 1957-59 base rose to a new high of 118.2. Consumer goods and services which cost \$10 in 1957-59 now cost \$11.82. The All Items Index advanced 3.4 percent since March, 1967.

Thomas J. McArdle, director of the Bureau's North Central Region, said the public transportation index jumped 13.4 percent in the month as a result of the 5-cent increase in bus fares early in March. This increase conforms to the trend in local transit fares in other cities during the past year.

Home ownership costs rose nine-tenths of one percent as home repair costs, mortgage interest rates, and water and sewer rates increased.

The food at home index advanced three-tenths of one percent as seasonal declines in many food prices were offset by sharp increases in meat and poultry prices. Chicken, chuck roast, beef liver, and porterhouse steak prices advanced farthest. Declines in the prices of oranges, cabbage, carrots, celery, cucumbers, and spinach helped lower the fruits and vegetables index 1.4 percent.

Further increases in physicians fees, hospital and operating room charges caused the 1.1 percent rise in the medical care index.

Area Wage Survey
Skilled maintenance craftsmen in the three-county Detroit metropolitan area received wage increases averaging 9.9 percent between January 1967 and January 1968, the Bureau of Labor Statistics reported in releasing the results of its latest Detroit area wage and salary survey.

McArdle said the jump is the highest average increase reported for this occupational group in the nine years the Bureau has been conducting annual area wage surveys in Detroit. The large increase this year, he said, was mainly caused by the settlements of the Big-Three auto makers with the UAW in the last quarter of 1967.

Other occupational groups also showed substantial gains, McArdle said. The average

School Head Discusses Education

Outlines Changes, Needs In Grosse Pointe School System

Dr. Theos I. Anderson, Superintendent of Schools, recently addressed the Grosse Pointe Citizens for Education. In that address Dr. Anderson discussed "Where Does Public Education in Grosse Pointe Go From Here?"

He started off by asking the question, "Where Are We Now and Why Are We There?" In summary here are some of his remarks:

"First we have met with voter disapproval at the polls, the first defeat in 19 years.

"Second, there is a growing interest in education both locally and nationally because of the amount of money being poured into it.

"Third, the educational enter-

Thief Invades Woods Church

A burglar who broke into Christ the King Lutheran Church, 20338 Mack avenue on Tuesday, April 23, escaped with an undetermined amount of money from an office in the church building, Woods police were informed.

Det. Everett Plumb said that the thief entered the church by breaking the frosted glass of a rear window.

A soft drink machine in the basement appeared not to have been entered, although a number of keys were found on the floor near the machine, it was said. Mr. Richard Krenning, assistant minister, who discovered the break-in, said the keys were from his office.

On checking the first floor hall and offices, it was found that the invader had entered the outer office by breaking the glass of the door leading into this office, which in turn leads to two other offices.

Plumb said several file cabinet doors were found slightly open, and drawers in the desk were opened and contents dumped on top of the desk. In checking the other offices, it was found that the culprit had broken into a petty cash box and removed an unknown amount of money.

The detective said that a number of church collection envelopes had been torn open and the contents taken,

Shores Electors To Hear Village Pension Changes

Public Meeting to be Held at Vernier School to Explain Proposed Charter Amendment to Give Municipal Employees Increased Benefits

A proposed charter amendment to improve pensions for Shores village employees will be explained at a public meeting on Monday, May 6. Residents of the Shores, who will vote on adoption of the amendment in the May 21 regular village election, are invited to the meeting at 8 p.m. at the Vernier School, 36 Vernier Road, Frank A. Colombo, village trustee, will preside.

The primary purpose of the amendment is to update the village pension program which has been in effect since 1943, according to Gilbert T. Jerome, village president. This will be accomplished by changing the pension formulas used to compute benefits for the two categories of village employees, general employees and policemen (who also serve as firemen). The proposed pension formulas are approximately the same as those in use in many other Michigan municipalities, Jerome said.

"While the village's wage scales are competitive with other communities in this area, our pensions lag because we use a less liberal formula to figure benefits," Jerome said. "The board of trustees has unanimously endorsed changes in the charter that would assure our employees financial security when they retire at least comparable to that provided by other cities in this area."

The proposal would require the village to increase its total contributions to the pension fund for employees from the present 12 percent to about 16 percent of annual payroll. Based on the present village payroll, the additional cost to the Shores would be \$11,740 for the coming year, the village president said.

"This additional expense has been anticipated in preparation of our current budget and, based on current conditions, we foresee no necessity for a tax increase," he added. Employee contributions to the retirement system are a percentage of their salaries. The percentages will not be changed by the proposed amendment.

Burglars Raid Golf Club Stand

Woods police are investigating the break-in of the concession stand at the Lochmoor Golf Club, 1018 Sunningdale, reported on Thursday, April 25, in which the burglar, or burglars, escaped with approximately \$120 in tangible merchandise.

Richard Brennan of 1706 Campbell, Detroit, general manager of the Club, told investigating officers that the stand, located near the ninth hole of the golf course was looted some time between Sunday, April 21 and Thursday, April 25.

Taken, Brennan said, were five cases of beer, worth \$19; six boxes of assorted candy, valued at \$10.50; five boxes of gum, valued at \$3.25; five boxes of cigars, valued at \$38.50; and 18 cartons of assorted cigarettes, valued at a total of \$48.60.

The matter is assigned to officers of the Detective Bureau for further investigation.

Mr. Hudson will speak on "Grosse Pointe — Youth and New Detroit" on Sunday, May 5, at 7:00 o'clock at the Grosse Pointe Memorial Church, in Lake Shore Road.

Succeeding speakers in the series of programs will include Frank Joyce, Executive Secretary of People Against Racism; Mrs. Laura Moseley, of the United Foundation and the staff of the New Detroit Committee; and Dr. Arthur Johnson of the Detroit Board of Education.

Park, Shores, North High School Construction Could Be Affected If Unions Walk Out

A threat of an impending strike by the Building Trades Unions may delay the completion of three important projects under construction in the Pointe. At the last report, negotiations between construction employer associations and the unions were still in progress, with hopes of a settlement very dim.

When the NEWS went to press, discussions were still underway, with no report received on whether or not a settlement had been reached.

The agreement with the following trades expired on Tuesday, April 30: Lather, Plasterer, Plaster Tender, Marble Mason, Marble Helper, Tile Setter and Tile Finisher.

The Sheet Metal Workers, Steamfitters, Painters, Roofers and Structural Iron Workers have carry-over agreements and will not negotiate this year. The Plumbers' contract does not expire until June 15, and negotiations with that union are in progress.

Jeopardized by a possible strike, insofar as the completion date is concerned are the improvement program at the Park's Waterfront Park, which includes the new swimming pool and bathhouse; the Shores' brand new 130-well marina; and the construction of sections of the Grosse Pointe High School North.

Park City Manager Robert Slone said that concrete for the wading pools at both the Waterfront and Three Mile Drive Park were poured on Monday, April 29, and it appears that these pools will be finished.

He also said that there is a possibility that the 12,000 square-foot swimming pool at the Waterfront Park might be ready for use by the time the park is officially opened on Memorial Day. It is currently being plastered. However, the new bathhouse might not be completed.

If the plumbers do not strike, Slone said, it will be possible to use the new pool without the bathhouse, but if the pool is not ready, then there will be lake

Fire Damages GP Park Home

City firemen were called to assist the Park Fire Department in a two-alarm fire that damaged the home of Mr. and Mrs. Henning Freden, 865 Barrington road, on Monday, April 22.

Park Fire Chief William Graul said that the blaze started in the attic of the house, when a fan motor overheated, igniting the enclosing canvas covering of the fan. The fire spread to the roof, and down between the walls of the house to the basement. The alarm was sounded at 2:07 p.m.

When Park firefighters arrived at the scene, the blaze had already gone through the roof. A second alarm brought a truck and personnel from the city. The fire was confined to the attic, and extinguished within 20 minutes.

Chief Graul said that damage to the attic and roof and between the walls, was extensive. There was considerable smoke damage in the basement, and slight smoke damage to the first floor of the building.

The amount of damage will have to await a complete report from insurance adjusters, the chief said.

Bicycle Safety Program Continues During Month

The annual Bicycle Safety Program in the Pointe and Harper Woods began yesterday, May 1, and is in full swing, with the entire month of May designated as Bicycle Safety Month, according to information released by school safety officers.

The safety officers of the five communities, are: Park Cpl. George Blair; City Sgt. Duncan MacEachern; Farms Sgt. Arnold Parsons; Woods Patrolman Steven Petrik; and Harper Woods Patrolman William Maier, all of whom will supervise the inspection of public and parochial and private students' bikes in their respective cities.

There is no Shores school safety officer because there are no schools in that community. An inspection date will be given each school, during which time the policemen will completely check the bikes of every student, for proper brakes, pedals, seats, handle bars, tires, lights and reflectors.

It was pointed out that boys and girls of all ages enjoy riding bicycles, and, most certainly, only bikes in good working condition should be used. Each officer also will review the safety laws with the school children in Safety Assemblies. All bicycles should be licensed, not only because it is the law, but also because it will materially assist in the recovery of the two-wheelers in the event that they are lost or stolen.

The safety officers said that their respective departments will offer prizes to lucky youngsters, in conjunction with the inspection, contributed through the generosity of local merchants.

The policemen said that the ultimate reward is the face of a happy youngster riding on a safe bicycle. It is the aim of the safety officers, working together, to try to reduce child bicycle accidents, hopefully, to the vanishing point.

They stress that with the warm weather, more and more bicycles will be in use, and they urge all parents to instill safety laws into the minds of their children. All parents are urged to purchase bike locks, and en-

Hudson To Speak

(Continued from Page 1)
in the summer of 1967 as the chairman of a citizens committee to mobilize the public and private resources of our community, The New Detroit Committee.

In a release shortly after the publication of the Advisory Commission Report, Mr. Hudson said, "One of the most controversial and undoubtedly most difficult findings for the public to accept will be the Commission's position on racism. However, many of us who have been closely associated with the Detroit situation since last summer concur in this finding of the Commission."

According to the Commission Report, "White Racism is essentially responsible for the explosive mixture which has been accumulating in our cities since the end of World War II."

The Report also says, "What white Americans have never understood — but what the Negro can never forget — is that white society is deeply implicated in the ghetto. White institutions created it, white institutions maintain it, and white society condones it."

Speaking recently on the progress of the New Detroit Committee, Mr. Hudson noted one important problem of restoring the city, "... we are already finding a serious lack of understanding and personal concern in many sectors of the white community. Only if every one of us becomes involved, personally and meaningfully, in the basic problems underlying our civil distress can we enjoy any realistic expectation of a strong and unified society."

Mr. Hudson spoke of the dangers of "a new white backlash", both those active in opposing rehabilitation and "those who refuse to listen or to think, and those who would attempt to answer black extremism with white extremism."

"The point", according to the New Detroit Chairman, "is that each of us can do something in our own way to contribute to the solution of the many overwhelming problems besetting our society today."

Youth and the Suburbs
Mr. Hudson's New Detroit Committee has sought to involve both youth and suburbia in the rehabilitation of our society. A "Homes By Christ-

mas" campaign, endorsed by the Committee and its Special Task Force for Youth Involvement and involving young people, raised \$180,000 to restore homes destroyed last summer.

Mr. Hudson and others of the 39-member Committee have sought suburban involvement. Mr. Lynn Townsend, Chairman of Chrysler Corporation and a member of the Committee, said in November, "... too many individual citizens are indifferent to the problems of the inner city."

Kent Mathewson, president of Metropolitan Fund and co-ordinator of the New Detroit Committee, said at an assembly at Cranbrook School in Bloomfield Hills, "The citizens of the suburban region must take the lead in solving this urban crisis ... not with guns and bullets, but with attitudinal changes, with a heightened social concern, with a deeper awareness of the true causes of crisis and rebellion."

Cpl. David B. Robb Serves In Vietnam

Marine Corporal David B. Robb, son of Mrs. Jean Robb of Neff Road, is serving with the Third Amphibian Tractor Battalion, U. S. Marine Corps, in Vietnam.

His battalion, a unit of the First Marine Division, supports the division's three infantry regiments by troop movements, resupply, river patrols and beach defense.

The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials for the projects are made available through the Marine Corps Reserve Civic Action Fund. Marines in Vietnam provide the know-how and guide the Vietnamese people in carrying out these projects.

VANDALS AT WORK

City police received a report from Ron Frankland, 1429 Brys, on Tuesday, April 23, of a broken window in his '65 Plymouth. The car was parked in front of 589 Washington when the vandalism occurred.

Cat May Look on King, But Can't Crash Party

Aristotle lives on Trombley Road in Grosse Pointe Park. Not Aristotle, mind you, the great Greek philosopher who lived 384-322 B.C., and wrote such gems of wisdom as "Poverty is the parent of revolution and crime."

Aristotle ("Ari" for short) of Trombley Road, is a cat — a big, coal black, sleek and burrished feline. He even may be blacker than coal — probably as black as the middle of an unlighted ten-mile tunnel, or the inside of a bus driver's glove. "Ari" has a long tail, short whiskers, stand-up ears, jade green eyes, and is left-handed.

Good old "Ari" is not nearly as graceful as cats are supposed to be. Actually, he's about as clumsy as an elephant with arthritis in all four legs. When "Ari" jumps down off of anything he lands stiff-legged and flat-footed — kerpunk.

Most of the day that darned cat sleeps, and bathes himself (with his front left foot). A goodly portion of his week-end is spent sitting in an upstairs window watching the players on the tennis court next door. When he tires of this he curls up in a chair, and does some more snoozing.

Well, as you probably have heard, "a cat may look on a king." This unimportant piece of obfuscated information appears in John Heywood's "Proverbs Part II," compiled about 1555 A.D.

But, let's return to sage old "Ari," a beautiful animal to behold. Last Saturday evening he left home just before supper-time. He is wont to visit a friendly neighbor across the street. Often he is a guest in this residence, and he usually returns home smelling of expensive perfume some one dabs into his fur.

Well, on that Saturday evening, the folks to whom "Ari" makes frequent visitations were holding a party. Cars drove up, people de-carred, and tramped up onto the porch, and went inside carrying packages.

Observing all these goings-on "Ari" trotted across the street, sat a minute on the lawn in contemplation. Soon he moved to the side delivery entrance, sat there looking up at the door knob. No luck. Then he trotted around and squatted on the front stoop, listening to the while to the merriment inside. Still no one paid any attention.

So, that cat, jumped down off the porch, moved back to the center of the entrance walk where he felt sure the folks inside could clearly see him through a window. After all, "Ari" was filled with cat curiosity and was dying to join the party.

For a short time he sat there, crest-fallen, waiting for a friendly voice to invite him in. Then he realized this would not happen. So he arose with great dignity, turned his back on the party, and strutted to his own home across the street to seek sympathy, comfort — and a snack . . . which often is a potato chip, a piece of bacon, or even baked beans.

It there is any moral to this silly cat tale it probably is that "a cat may be able to look on a king," but he is unable to

crash a party. End of story. As you have seen this was a silly little story about a silly big cat. Have you any silly little stories about one of your silly animals?

take the vehicle to the Wood's station to take the breathalyzer test, to which he had consented. The test showed that Coe was intoxicated.

On return to the Shores station, Coe was informed of his rights by Sgt. Donald Jacobs, and while Swartz and Lupro were writing out violation tickets and making a report of the arrest, Coe slipped out the door and fled.

Besides being charged with flight to avoid prosecution Coe is charged with being drunk and disorderly, driving while under the influence of liquor, and driving while his license was denied.

The latter charge, it was explained, pertained to the Secretary of State's Office denying renewal of Coe's operator's license until he has cleared himself of an outstanding traffic warrant, as required by the State Driver License Law.

An all-points bulletin was sent over the police radio to all law enforcement agencies to be on the lookout for Coe.

Pointer Dies In Vietnam

Spec. 5 John Miculs, son of Vladislav Miculs, of Balfour road, is believed to have been among the eight Americans and 18 Montagnard tribesmen who were killed on Friday, April 19, when two United States heli-

copters collided in flight near Qui Nhon on the coast 160 miles northeast of Saigon. The helicopters were carrying the men into an operation southwest of Qui Nhon.

John's father was notified on April 25, that John was missing in action. On April 28, he received another telegram and then a visit from an Army sergeant, who informed Mr. Miculs that John had died from burns suffered in the crash of his helicopter. John was crew chief and machine gunner on the 'copter.

Only a month ago John volunteered for six more months in Vietnam. He had already spent a year there. He was granted leave before his second trip to Vietnam for the funeral of his mother this past March.

John was graduated from Grosse Pointe High School in 1963, where he was a Varsity football letterman. He attended Michigan Mining and Technological School in Houghton, Mich., before joining the Army.

John's birthday was April 29th . . . he would have been 23.

DETROIT OPEN SUNDAY 1-5

Boy Scouts Begin Push For Big Scout-O-Rama

Thousands of smartly uniformed Boy Scouts throughout the metropolitan Detroit area, hundreds of them from the Grosse Pointes, are out knocking on doors, ringing doorbells and stopping friends, neighbors and relatives to sell them tickets to the huge Scout-O-Rama '68 show at Michigan State Fairgrounds this coming June 7-9.

The Scouts have been enthusiastic ticket salesmen, especially for the once-a-year spectacular at the Fairgrounds, but this year the individual boys are earning handsome Scout merchandise prizes for their sales of Scout show tickets.

The sale of tickets to Scout-O-Rama '68 will not only net much-needed unit funds for the individual Cub packs, Scout troops and Explorer posts, but this year the individual boys are earning handsome Scout merchandise prizes for their sales of Scout show tickets.

Ticket Sales Chairman Paul D. Galvin, manager of car sales promotion for Dodge car and truck, said that Cubmasters, Scoutmasters and Explorer Advisors report tremendous interest on the part of the Scouts to sell a record number of tickets to Scout-O-Rama '68. Galvin said that most of the Scouts also will be taking active part in the mammoth spectacular at the

Fairgrounds and thus have plenty of added incentive to have the biggest audience ever to see them perform the Scout skills and techniques.

Over 30,000 Cubs, Scouts, Explorers and leaders will take part in the indoor-outdoor show which utilizes nearly all available space at the Fairgrounds. Over 600 action-packed booths, displays and exhibits will be manned by the Scouts. Each will feature an in-action type of program, showing the Scouts making, trying and demonstrating, many will offer show visitors an opportunity to get in on the act.

Some of the major Scout-O-Rama '68 show features are an authentic Indian village, where brightly-costumed "Indians" will enact colorful, age-old tribal dances and ceremonial events. A huge outdoor living area will be of special interest to all families who enjoy getting out in the woods on summer weekends, and they'll pick up a lot of valuable tips from the scouts on how to make their outdoor trips easier and much more enjoyable.

There will be a display built around the "World Friendship" aspect of Scouting where boys in authentic native dress and Scout uniforms from other nations will display dozens of unusual and exciting activities ranging from a rickshaw ride to a Japanese Ceremonial Tea.

Other activities will include a Bike Rodeo, a competitive Field Sports event, Conservation, Camping, Cooking, and much, much more. Show hours for Scout-O-Rama '68 will be from 7 to 10 p.m. on Friday, June 7; from 10 to 10 p.m. on Saturday, June 8; and 1 to 5 p.m. on Sunday, June 9. Tickets for the show have been priced at \$1, which admits one adult and one child under 12, or two children under 12.

(Continued from Page 1) porting the seven teenagers to the Shores station.

When the owner of the automobile was notified of its recovery, he refused to press charges because of friendship ties with the 16-year-old boy's family.

The youth's companions were released to their respective parents after being given a stern warning.

The 16-year-old, however, was issued tickets on the two traffic violation counts and is scheduled to appear at the next session of Juvenile Court.

Traffic Safety Drive Increased

An intensive educational program, designed to reduce traffic accidents caused by driver loss of control, got underway this week in Detroit and Michigan, according to the Traffic Safety Association.

The Association reports that, in the first three months of this year, Detroit's record of traffic fatalities increased by 18 over the same period in 1967, and the main contributing factor to the rise was driver loss of control.

In most of the 39 fatal accidents in which the Detroit Police Accident Prevention Bureau claimed the driver was at fault, the violations indicated that the

driver had lost control of either himself or his car. Of the 39 accidents, 12 were attributed to driving without due care and caution; seven were blamed on speeding; five on driving left of center; four on skidding out of control; interfering with traffic or pedestrian, ignoring stop signs and signals and failing to yield accounted for the others. In addition, the Bureau recorded 15 pedestrian victims as being at fault.

Spearheading the radio-news-paper program, are more than 1,200 posters, urging drivers to "Control Both Your Car and Yourself," which are erected

on street-side standards in the other 1,200 of these posters, pre-Metropolitan Detroit area. Compared by the Traffic Safety

prise is growing fiercely, both at the local and national levels. "Fourth, we need to communicate with the home just what is going on in the school.

"Fifth, we must attempt, however, difficult it may be, to prepare students to live and work in a world that will be unbelievably different from today's.

"Sixth, we must consider the demands of population growth and make efforts to construct facilities before our needs reach the crisis stage.

"Seventh, there is a need for an assessment of education here. Are we providing the kind of a program the community wants?

"Eighth, we are being asked to provide more and more services for the entire community.

"Ninth, there are radical changes occurring in the posture of the professional staff of the schools today. The public must understand the reason for this and the staff must understand the viewpoint of the public.

Criticism Mounts

"Tenth, we in the schools are facing a mounting wave of criticism. All we ask is a reasonable opportunity to sit down with our critics to answer their charges, face-to-face.

"Now, finally, 'Where Do We Go From Here?' As usual we have not been lacking in advice from any quarters on how to keep the schools running next year, in spite of a potential deficit, even with the extra money provided by the reassessment of property. Shortly after the defeat, we had suggestions such as 'Don't Open North High School.' 'Cut down on supplies and equipment (my answer is that this accounts for 18% of the budget. We can't cut out heat, light, water. However, we can defer such things as textbook purchases), or 'Cut down on staff,' people are under contract, the school system is growing. We are not overstaffed when we compare ourselves with other school systems.

More recently, we have considered these possible curtailments: One, cut out the extra-pay for extra-duty program for teachers, this is a negotiable item with the bargaining agent, so it could not be dealt with lightly. Second, raise the summer school tuition and make the entire program self sustaining and not have the Board sub-

in non-violence, sources in the nation's capitol indicated that the thought of hundreds of thousands of people streaming into tent cities before Washington has had time to recover from the April riots, is unsettling. Police have laid plans for possible disturbances. No action is expected until May 13, when The Rev. Ralph Abernathy, who took over as president of the sponsoring Southern Christian Leadership Conference after Dr. Martin Luther King Jr. was assassinated, is convinced his pleas for a guaranteed annual income and housing, job and education guarantees will fall on deaf ears. He then expects to lead the first wave of his marchers into Washington.

REPUBLICANS UNITED behind Governor George Romney at the GOP state convention in Cobo Hall Saturday, selecting him as their favorite son candidate to the national convention in Miami Beach August 5. The 48-man Michigan delegation also selected at the convention thus became bound to vote for Romney on the first ballot of the nomination.

VICE-PRESIDENT Humphery acknowledged on Monday that the Johnson administration "May have overspoken itself" in declaring its spokesmen would go anywhere, anytime for Vietnam peace talks. He became the first United States official of major stature to acknowledge the U.S. may have overstated its case in the broad pledge voiced by President Johnson and Secretary of State Rusk.

sidize it in any way. The School Board has approved this change just recently. Third, eliminate subsidies for the cafeteria program. We could raise the price of food served throughout the district. Fourth to defer maintenance projects. Fifth to eliminate the elementary school foreign language program. Since this strikes many people as the most expendable part of the curriculum, hence it could be dropped.

"But these five items will not save a sufficient amount to operate in the black. If we have to go farther than these, I foresee such consequences of lack of voter support as these possibilities: Enlargement of class size at all levels, this would result in a lessening of individual attention; general reduction in services, however any fewer remedial reading teachers in the system would be a disaster. And, with increased emotional problems, if anything, we should have an increase in psychologists, social workers, teachers of the perpetually handicapped; curtailment of education program, if this were done, we would not have a broad enough program for all aptitudes we have among our student body. The three R's are not enough today for most schools.

education in Grosse Pointe are not encouraging unless an enlightened citizenry takes charge and demonstrates an interest. I am convinced that public education in this community is at the crossroads. If we believe that education is a worthwhile activity, let's go ahead. If, as a community, we do not believe it, let's not pretend that we do.

"Public education is in the public's hands—for the time

being at least. If they want it to stay there, they, and others like them, are going to have to work hard and give their utmost support. It is obvious that if the local districts do not support public education, and if the individual states do not provide financing, the federal government will step in and do it for us. The big ogre of a big government will do what the individual citizens refuse to do. If

this happens, the citizens who vote against millage and bonding issues will have only themselves to blame. The choice is theirs to make."

Shores Hearing

(Continued from Page 1)
The proposed amendment will improve the terms of the two separate formulas used to determine pensions for general employees and policemen-firemen who retire after May 1, 1968. Present retirees will not be affected by the changes.

General Employees
General employees (all those except police officers) will receive an increase of 10 of 1 percent "final average salary" times years of service. "Final average salary" is usually the average of the employee's annual pay during the final five years of his employment.

Under the proposed formula, pensions for each general employee would be figured by adding 1.2 percent of his first \$4,200 of "final average salary" to 1.7 percent of the excess over \$4,200. The result would then be multiplied by his years of village employment.

Presently, the village computes pensions on the basis of 1 percent of the first \$4,200 plus 1.5 percent of the balance over

\$4,200.
A 30-year employee whose "final average salary" is \$7,000 would retire with an annual pension of \$2,940 or \$245 a month, under the proposed formula, compared with \$2,520, or \$210 a month, under the current formula.

Police Officers
The police officer pensions will equal 2 percent of "final average salary" for each year of service up to 25 years and 1 percent for each year over 25 years. The current formula is based on 1.5 percent of "final average salary" for each year of service.

A police-fireman with 30 years service in the village and a "final average salary" of \$8,300 would retire with an annual pension of \$4,565, or \$380.42 a month.

Education Committee Interviews

Grosse Pointe Citizens For Education is currently interviewing prospective candidates for the School Board. To date they have interviewed four candidates.

John F. Dodge Jr. and W. James Mast, co-chairmen of the Candidate Evaluation Committee, told the NEWS that to date only two candidates have refused to appear for an interview. He added that the committee will make every effort to gather pertinent data on those candidates who have refused to appear.

Mr. Mast explained that the Evaluation Committee is composed of 45 members from all walks of life—housewives, merchants, business and professional men. He added that every candidate will be given the opportunity to be interviewed. After these interviews the Evaluation Committee will make their recommendations to the organization as a whole and then the group will support two candidates.

Mr. Mast said that a careful and thorough study was made before the data sheet for candidates for evaluation was finally decided upon. Some of the questions included on the questionnaire are: occupation, education, community and civic organizations, how often does business require that you be out of town, for how long each time, are you aware of the time demanded by Board membership, is your family in agreement, what particular experience have you had which would be helpful to you as a Board Member, why do you want to be a member of the board, how do you rate the Grosse Pointe Public School System, why, what are its major strengths and weaknesses, what do you think will be the most important areas of concern for this system in the next three years, why, what do you believe are the major duties and responsibilities of the school board, what is the proper relationship of the school board to the Superintendent, to what extent do you feel a school board member should influence curriculum? Define your educational philosophy. Besides basic skills, what values should our schools encourage; what is your view of present methods of school financing, suggested alternatives, what were the major factors contributing to the millage defeat in February of 1968; What program do you propose to bring the community and the school system into closer communication? Now can we best retrain and attract good teachers?

Then the candidates are asked to make comments and proposals regarding all or any of the following: the adult education program, our library system, community college proposals, vocational education, the Council of Governments, possible uses of paraprofessionals in our system, aid to private and parochial schools and federal and state aid to education.

The Executive Committee of the Grosse Pointe Citizens For Education is comprised of two members from each elementary school district, in this way the whole school district is covered by two members.

Kenneth F. Bergmann, chairman of the group, said: "The purposes of the organization are to provide a forum for study and discussion of the goals of public education in the Grosse Pointe Public School System, and to make recommendations regarding financial needs of the school system; to distribute information concerning the functioning and activities of the school system; to foster support for and interest in the school system; to evaluate the qualifications of candidates for membership on the Board of Education and to support candidates of the highest qualifications for membership on such a board."

Any adult person who is a resident of the Grosse Pointe Public School System, and who contributes \$5 or more to the Organization, can become a member. Interested persons may write to P.O. Box 6872, Grosse Pointe Farms, Mich., 48236.

Issue Another Warning On Home Repair Fakers

A second and more emphatic warning to alert home-owners in the area to door-to-door gyp salesmen "who may be a part of the notorious 'Williamson Gang,'" has been issued by the Beter Business Bureau of Metropolitan Detroit.

"Now we are receiving calls of an alarming nature from residents in Wayne, Macomb and Oakland counties," said C. Lane Breidenstein, general manager of the Bureau. "These gypsies especially are preying on the elderly who are frightened and confused. All home-owners are urged to beware of these fakery."

Breidenstein said one old couple were quoted a price of \$1.85 an inch with a total of \$500 for a gutter repair job. After the itinerant worked for three to four hours he attempted to collect the \$500. To get the man off their property, the couple gave him \$100 in cash, without receiving a receipt or written statement as to the work done. When their son arrived, he found that the repairs were made with tar as a filler for the holes.

"The Bureau became very alarmed when it learned that this same itinerant offered to repair gas leaks. This could be extremely hazardous in the hands of an inexperienced workman," he continued. "We have been reliably informed that when a homeowner detects a gas leak he should immediately contact his gas company which will make an inspection and inform him what procedure to follow."

"In another case a business man agreed to have aluminum coating applied to doors and windows of his firm. He foolishly left a check for \$52 for the work. He returned to find that the work was not finished and the itinerant had left with the check. Stopping payment on the check was fruitless because it had already been cashed. So we urge every home-owner to re-

Pointers Attend R.O.A. Meeting

Among the members of the Michigan Department of Reserve Officers Association and their ladies who actively participated in last weekend's annual state conference were Major and Mrs. Charles F. Woodbury Jr. USAR; Colonel Carlis J. Stettin, USAR, and Rear-Admiral Leon J. Jacobi, representing the Office of Naval Reserve Affairs Pentagon.

Michigan made national R.O.A. history by becoming the first R.O.A. Chapter to hold its annual convention outside the continental borders of the United States.

The Michigan R.O.A. officers held the conference in conjunction with the Windsor Garrison consisting of the 39th Technical Squadron, RCME; Windsor Regiment; Essex-Kent Scottish; and HMCS Hunter.

Guest speaker was Lieutenant General Frederick R. Sharp, DFC, CD, Vice Chief, Defense Staff, Defense Forces of Canada. General Sharp was formerly Air Marshall of the Royal Canadian Air Force. He was accorded his present rank designation to conform with Canada's recently instituted single service concept of integration.

Panhellenic Association Holds Spring Luncheon

The Detroit Panhellenic Association held its annual spring luncheon at the new Raleigh House in Southfield yesterday. Highlight was a talk by Ann Pellegrino, "Flying Amelia Earhart's Route."

Chairman was Mrs. Joseph York, of Farmington; her committee included, Mrs. Norman Dodge, of Berkshire road.

Prayer probably would be more effective if so many didn't pray with their fingers crossed.

Pierce Students Concert Friday

Three instrumental music groups will combine their talents to present the 27th annual Spring Concert in the auditorium of Pierce Junior High School on Friday, May 3, at 8 p.m. Under the direction of Dr. Thomas Moore, they will offer a total of 15 selections.

The 61-member Symphonic Orchestra will begin the program with Bellini's "Grand March" from Norma, followed by two parts of the suite from Dido and Aeneas by Purcell and selections from Handel and Grellet by Humperdinck.

Next, the Symphonic Band, composed of 73 students, will play "Minute Men March" by Olivadoli, "Kije's Wedding" by Prokofiev, "La Cumparsita" by Rodriguez, and "Trumpet Voluntary" by Purcell.

Completing the program, the Concert Band, made up of 65 boys and girls, will play eight numbers: Chamber's "Hos-rauser's March," Widdowson's "Portrait of This Old Man," Llewellyn's "My Regard," with Scot Feringa performing a trombone solo, Gliere's "Russian Sailor's Dance," Ketelbey's "In a Persian Market," Adreley's "The Work Song," Drake's "It Was a Very Good Year," and, as a finale, Evan's "Lady of Spain."

Tickets are on sale now for 50 cents for adults and 25 cents for students with S.A. tickets. They may also be purchased at the door tomorrow evening. The entire community is invited to attend.

Strike Threatens

(Continued from Page 1) swimming. Citizens might be temporarily inconvenienced by changing into swimming gear at home before coming to the park, if they wish to indulge in this sport, he added.

Shores Village Superintendent Thomas Jeffers said that the 130-well marina at the George Osius Park is practically completed, except for the installation of electricity and water and sanitation plumbing. Boat well users will possibly be able to use the wells, without the other conveniences, he added.

Dr. Joseph Spagnoli, Assistant Superintendent of Administrative Services of The Pointe Board of Education, said that it is hard to predict what is going to happen. At the last report, he said, it was unofficially disclosed that some of the union workers might work on a day-to-day basis, while negotiations for new contracts are underway.

As to what affect a strike would have on completion of the new school building it could be serious, especially if a strike should extend into May and June.

As it presently stands, he pointed out, there are six areas of the school under construction, and all but the Performing Arts Building, is within 30 days of completion.

The construction industry is

deeply concerned because of the fact that the unions' demands are higher than ever before in history.

For example, it was stressed, the Electrical Workers Union, Local 58, IBEW, set an all time high in 1968 by demanding an increase of 59.2 percent in wages and fringes for the year.

In dollars and cents, it was stated, this amounts to an increase of \$3.80 an hour for wages and benefits. The electrician's package amounts to \$6.422 an hour.

The six basic trade unions have also made unprecedented demands upon the employers this year, it was said.

Monteith Pupils Plan Post Office

Each year The Grosse Pointe Public School System participates in the final phase of professional training of college students who plan to enter teaching. Thus, as student teachers, young men and women receive excellent training under the supervision of one of Grosse Pointe's many master teachers.

The schools profit from the arrangement, too. For example, this is one means of observing at first-hand potential candidates to fill staff vacancies in the local school system.

Student teachers make a number of contributions to the curriculum of the learning situations in which they work in the local schools. At Monteith School, for example, Nancy Watkins from Western Michigan University in Kalamazoo, has been working with Miss Clara Reed and her group of Primary I students on a unit designed to improve the child's understanding of his community.

The work has culminated in a post office project. Each child in the Primary I class has been involved in the planning and creating of a post office and its facilities, in a trip to the post office, and in writing and mailing a letter.

Hoped-for outcomes of the unit are a better understanding and appreciation of community helpers, and a better knowledge of what a post office is.

The children's social development is enhanced through planning together, sharing, and learning courtesy through conduct on a trip.

Grace Hospital Alumnae Slate Meeting May 14

The May meeting of the Alumnae Association of the Grace Hospital School of Nursing will be held Tuesday evening, May 14, at 8 o'clock in Grace Northwest Hospital.

Mrs. Marty Maly, "Miss Michigan of 1956," will present the program, "Today's Face Fashions," after which refreshments will be served under the direction of hostess Dorothy Marr, director of Nursing.

New president of the Alumnae is Constance Karr Palmer, Class of 1951. Vice-president is Carolyn Kemp Gallmeyer, '58; recording secretary is Pat Roskeski Webster, '42; corresponding secretary is June Koss Somlyo, '43; and treasurer is Cathy McArthur Ferguson, '64.

The Alumnae are looking forward to their fall banquet, planned for Friday, October 11, at which they will honor members of the 50th anniversary class of 1918. "Bud" Guest will be guest speaker.

Tri-County Scholarships Offered Students

Applications are now being

accepted for the Dr. Donald L. Golden Foundation College Scholarships—open to all public school 12A students in Wayne, Oakland and Macomb counties. There will be one winner from each county. Students should contact their principals or counselors for details on how to enter the competition. Applications must be mailed no later

than Thursday, May 9.

Dr. Golden, founder and director of the Detroit Optometric Centers, established the scholarship out of gratitude to the man who gave him his chance to attend college when finances curtailed his own college plans.

The Foundation will award these college scholarships to 12A students in Wayne, Oakland and Macomb Counties, annually. On the selection committee

are: Detroit City Councilman, Nicholas Hood; prominent businessman and Detroit Tiger Hall of Famer, Charles Gehring; Dr. Richard Drescher, director of Counseling in Detroit Public Schools and Paul Winter, educator and radio personality. Coordinating efforts of the committee will be the Directors of Counseling for the three counties involved.

Need 15 strip steaks? Or, 10 beef tenderloins? Or 5 ribs? No order is too large or too small to be filled!

Just call 931-6970 to place your order, giving the time and the day (after 24 hours) you plan on dropping in at your neighborhood Farmer Jack's store.

When you come in to the store, your meat manager will have your order all wrapped and ready to go!

And...there's no extra charge for this special service, either -- because Farmer Jack will stand on his head to serve you better!

200%

GUARANTEE

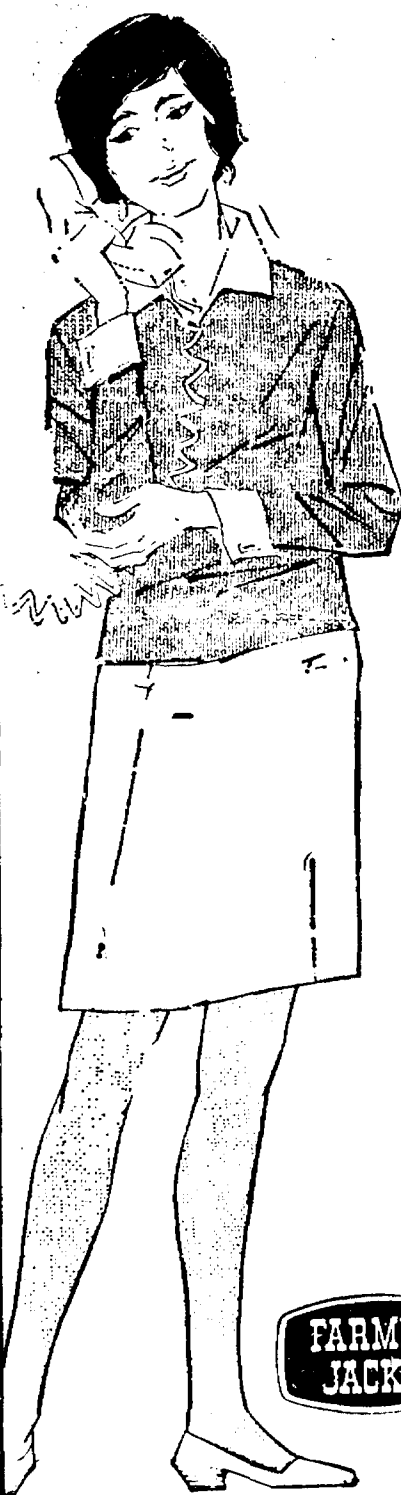

on everything at Farmer Jack's.

(That means **DOUBLE** your money back!)

Since Farmer Jack's standards are the highest in town, the quality of anything and everything you see in his food stores is always guaranteed to be top-notch!

BUT -- if for any reason the "impossible" happens, and you purchase a defective item from any department of Farmer Jack's (grocery, produce, dairy, or meat) -- whether it's the fault of the individual store or not -- just return the item to your store manager. He'll refund your money immediately -- **TWICE OVER!**

A 200% double-your-money back guarantee on everything you buy at Farmer Jack's -- it just goes to show you that Farmer Jack means what he says -- even with the lowest prices around, you still have the assurance that the quality of everything you buy at his stores is the best in town! (How **DIFFERENT** can you get?)

**Call
Farmer Jack
if you're not
happy or
satisfied.
He wants you
to be happy.
Call 931-6600.**

Got some "pet peeves" about food shopping? If so, then Farmer Jack sure would like to know about them! You see, he will stand on his head to serve you better, but he can't do that, unless he finds out when something bothers you!

That's why, twenty-four hours a day, seven days a week, Farmer Jack is always "on call" when any of his customers want to phone him!

Just dial 931-6600, ext. 741 from 8 a.m. - 5 p.m., to register your "gripes," suggestions, or comments. Call 931-6970 after hours -- the "top hands" at the other end of the line will assist you with any problems, and they'll do their best to see that everything is taken care of!

A real, sincere desire to make his stores the best in town -- that's what makes Farmer Jack's so **DIFFERENT** from any other stores!

Farmer Jack's shelves
are always full, all day
They're never out of
anything I want, even
special cuts of meat!
If a feature item runs out
they give rain checks,
everybody smiles, says
hello, thank you. . .

Now that the horse-riding, high boot-wearing season is over the town is again overrun with calves . . . and what's wrong with that!

Your weeds fade away or Scotts will pay!

Ever try digging out dandelions?

It's not only hard work . . . it's a waste of time. The roots go down deep . . . sometimes 18-24 inches. And if you leave the least little bit

of root behind it can grow right back up again.

There's an easier way. Turf Builder Plus 2 gets rid of dandelions and twenty four other lawn weeds with no trouble. No mixing. No spraying. No mess. No odor.

There's no guess work about it. Results are guaranteed—or your money back.

...and grass gets thicker

What's more, you'll be feeding your lawn at the same time with Turf Builder—America's favorite lawn fertilizer. Your grass will get thicker

because Turf Builder makes grass multiply itself.

5,000 sq ft 6.95 (50 x 100 ft) 10,000 sq ft 12.95 (100 x 100 ft)

Want to prevent Crabgrass, too?

If you are concerned about crabgrass, ask for Turf Builder plus 4. It clears out this pest before it can get started and disfigure your lawn. It also gets rid of the dandelions and other such weeds—in addition to feeding your grass to new thickness and beauty.

3,645 Families Give To Memorial Center Fund

Grosse Pointe War Memorial Campaign follow-up solicitation has just been mailed to Grosse Pointe citizens who were out of town on spring vacation, or were waiting till income tax day was past, to make their contribution.

Returns have picked up as a result of this effort and to date \$57,484 has been received from 3,645 families.

The pace of returns, however, must continue to rise if the Center is to meet the goal of \$80,000 necessary to operate in its new fiscal year beginning August 1. As of this date in 1967 when the goal was \$75,000, some \$63,750 had been given by 3,900 families.

The Center's Board of Directors hopes the \$80,000 goal will be achieved by Memorial Day.

Each year more people pass the thresholds of Alger House and Fries Auditorium. They come for classes, lectures, concerts, plays, exhibits, young peoples' supervised recreation, films, etc., or to get the free loan of hospital supplies and blood, or just to enjoy the beauty of the place.

All this is maintained without one tax dollar being used, or any United Foundation monies.

Fees, when collected, simply support a particular activity and do not begin to cover overhead. Your gift to maintain the upkeep of the million dollar buildings, already given outright to the community, may be deducted from your income tax. Won't you give now. All gifts are greatly appreciated regardless of size.

The Center's Directors wish to publicly acknowledge with sincere thanks gifts already received from:

"Any man able to build a \$250,000 estate should enjoy it as it grows"

A lot of work goes into the building of a lifetime estate. And Manufacturers Bank believes that the estate should continue to grow and meet all your future objectives. To accomplish this ... even when you can't give it your full attention ... Manufacturers recommends the Living Trust. A Living Trust relieves you of the day-to-day responsibility for your estate and provides professional management to help keep it growing. The fund will be administered by an experienced

Manufacturers trust officer to meet such objectives as retirement income, security for your wife and education for the children. The trust may also qualify your estate for substantial Federal Estate Tax Savings.

Your Living Trust can be drawn up by your attorney and funded with property you have already accumulated. Cash, life insurance, securities and real estate. And should you wish to add to, change or terminate the trust during your lifetime, you are free to do so.

For complete information, contact the Trust Department at Manufacturers Bank Main Office 222-4326, or the Oakland Trust Office 642-8444. An experienced Trust Officer will be happy to explain how a Living Trust will help you "keep family and family funds together."

GP High School Trackmen Score

Grosse Pointe High Schools trackmen endured snow flurries, showers, a biting wind, and chilling temperatures last week but remained undefeated by dumping Roseville last Thursday and Fordson a week ago by identical 74-44 scores. The Devils had opened their dual meet season April 11 by routing Lincoln Park 102-16.

Their first three victories have been highlighted by senior Rick Gross and sophomore Rick Schott teaming in the distance runs. Although Gross and Schott have not faced each other this season, they have alternated in winning every mile and two mile race so far.

Gross opened the season with a 4:33.4 mile against Lincoln Park and ran a 9:40.3 two mile in a heavy rain at Fordson. Schott's peak outdoor times have been 4:43.8 against Fordson and 9:50.7 against Lincoln Park.

Both Gross and Schott won at Roseville last Thursday, but it was a three-event spurge when the Devils led only 24-12 which clinched a meet hampered by snow, wind, and temperatures in the low 30's.

Doug Hammel, Dave Fenton, and Bob Ihrie slammed the high hurdles, followed by Wes Burnett, Jim Belitsos, and Neil Tuttle, who placed 1-2-3 in the half mile. An event later, Jim Brines and Chuck Maticas finished 1-2 in the 400-yard dash.

Two days earlier, Hammel and Fenton earned 1-2 finishes in both the high and low hurdles against Fordson. Chris Penoyar, Bruce Lockhart, and Larry Ringle slammed the shot put in that order.

Other Devil wins included Gross' and Schott's victories, Bob Schueler's 5'10" high jump, Burnetts 2:10.7 half mile, and a sprint relay first by Ihrie, Jeff Matheus, Doug Potthoff, and Jim Belitsos.

Juniors Paul Naz and Bob Ihrie tallied 25 1/2 points between them against Lincoln Park as the Devils won all 13 events and broke 100 points.

Naz was a triple winner, taking the long jump (21'4"), and both the 100 and 220-yard sprints. Ihrie was a member of the winning 880-yard relay quartet, took a first in the high hurdles, a second in the low hurdles, and a third in the high jump.

"Annie" Aims To Get Her Man With a Gun

The Wightman sisters, (left to right) MARY ANNE and SUZY, will portray sisters in the Senior Division of the Grosse Pointe Childrens' Theatre production of "Annie" Get Your Gun," at Fries Auditorium on May 11 and 12.

"Anne Get Your Gun" Slated At War Memorial May 11-12

Once again it's spring and once again the Senior Division of the Grosse Pointe Childrens' Theatre is busy putting its finishing touches on its outstanding Broadway Musical, as fresh as a daisy "Annie Get Your Gun." Aside from the beautiful flowers budding forth at the Memorial Center, other signs of spring are gay and colorful stage sets being painted on its grounds for the show under the expert direction of Arlan Ramsay and fathers of the Theatre.

Bright, perky costumes are coming to life in the center and the snappy, marching melodies from the show are bursting forth from the Memorial. Aside from this, the members, combining Junior Intermediate as well as Senior Division (some seventy-six in number, are going through the play, perfecting it for their springtime performance for the community. Mrs. Syd Reynolds is in the "Drivers Seat" as director and over all producer with Mrs. John Mazer as musical director and Mrs. William Morrison as choreographer.

The show will be presented at the Fries Auditorium, 32 Lakeshore on Saturday and Sunday, May 11th and 12th at 2:00 and 7:30 o'clock. Donations for tickets will be \$1.00 for every one. Tickets may be purchased at the Grosse Pointe War Memorial, (TU 1-7511), Punch and Judy Toyland on the Hill, and Peter Pan Shop in the village.

Mr. Christofferson, will base his talk, "Looking Ahead to the Middle School," on questions submitted by Richard parents in advance of the meeting. Richard Principal Ted Jacobs is soliciting questions through the school newsletter. A question-and-answer session will also be part of Monday's program.

ment, except as otherwise provided in this Chapter. During the period of his absence from Village employment and until his pension begins his balance in the members savings fund shall be accumulated at regular interest.

Voluntary Retirement; Compulsory Separation from Village Employment:

Section 12. (a) Any member, who has attained or attains his voluntary retirement age and has 10 or more years of credited service, may retire upon his written application filed with the Commission setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired.

(b) A member shall be separated from Village employment the first day of the calendar month next following the month in which he attains age 60 years if he is a public safety member, or age 65 years if he is a general member, except as provided in subsection (c) of this section.

(c) In the discretion of the Council, any member who has attained his age for automatic separation from Village employment, as provided in subsection (b) above, may continue in the employ of the Village for periods not to extend beyond his attainment of age 63 years if he is a public safety member, or age 68 years if he is a general member.

(d) Upon his separation from Village employment, as provided in this section, a general member shall receive a pension provided in section 13, and a public safety member shall receive a pension provided in section 13.1.

Pension—General Member:

Section 13. (a) Upon his retirement, as provided in this Chapter, a general member shall receive a straight life pension equal to the number of years, and fraction of a year, of his credited service multiplied by the sum of 1.2 per cent of the first \$4200 of his final average salary plus 1.7 per cent of the portion, if any, of his final average salary which is in excess of \$4200. Upon his retirement he may elect to receive his pension under an option provided in section 14 in lieu of a straight life pension.

(b) According to such rules and regulations as the Commission may from time to time adopt, any general member who retires prior to his attainment of age 65 years may elect to have his straight life pension actuarially equated to provide an increased pension payable to his attainment of age 65 years and a reduced pension payable thereafter. His increased pension payable to his attainment of age 65 years shall approximate the sum of his reduced pension to be payable after his attainment of age 65 years and his estimated social security primary insurance amount. This subsection shall not be applicable in the case of a retiree who elected option A or B provided in section 14, nor a retiree who retired under section 15.

Pension—Public Safety Member:

Section 13.1. Upon his retirement, as provided in this Chapter, a public safety member shall receive a straight life pension equal to 2 per cent of his final average salary multiplied by the number of years, and fraction of a year, of his credited service not to exceed 25 years, plus 1 per cent of his final average salary multiplied by the number of years, and fraction of a year, of his credited service which is in excess of 25 years. Upon his retirement he may elect to receive his pension under an option provided in section 14 in lieu of a straight life pension.

Terminal Payment:

Section 13.2. In the event a retiree dies before he has received in straight life pension payments an aggregate amount equal to his accumulated contributions standing to his credit in the members savings fund at the time of his retirement, the difference between his said accumulated contributions and the said aggregate amount of pension payments received by him shall be paid to such person or persons as he shall have nominated by written designation duly executed and filed with the Commission. If no such designated person survives the retiree such difference, if any, shall be paid to the retiree's estate. No benefits shall be paid under this section on account of the death of a retiree if he elected to receive his pension under option A or B provided in section 14.

Pension Options:

Section 14. Prior to the effective date of his retirement, but not thereafter, a member may elect to receive his pension as a straight life pension payable throughout his life; or he may elect to receive the actuarial equivalent, at that time, of his straight life pension in a reduced pension payable throughout his life, and nominate a beneficiary, in accordance with the provisions of option A or B set forth below. If a member does not have an option election in force at the effective date of his retirement his pension shall be paid him as a straight life pension.

Option A—Joint and Survivor Pension: Under the option A upon the death of a retiree his reduced pension shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the Commission prior to the effective date of his retirement; or

Option B—Modified Joint and Survivor Pension: Under option B upon the death of a retiree one-half of his reduced pension shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the Commission prior to the effective date of his retirement.

Pension—Death of Member:

Section 14.1. (a) A member who continues in Village employment after he either (1) acquires 10 or more years of credited service and has attained his voluntary retirement age, or (2) acquires 25 years of credited service, may, at any time prior to the date of his retirement, elect option A provided in section 14 in the same manner as if he were then retiring, and nominate a beneficiary whom the Commission finds to be dependent upon him for at least 50 per cent of his support due to lack of financial means. Prior to the date of his retirement a member may revoke his election of option A and nomination of beneficiary and he may again, prior to his retirement, elect option A and nominate a beneficiary as provided in this subsection. Upon the death of a member who has an option A election in force his beneficiary, if living, shall immediately receive a pension computed in the same manner in all respects as if the member had retired the day preceding the date of his death, notwithstanding that he might not have attained his voluntary retirement age. The said option A shall be applied to a pension computed according to section 13 for a beneficiary of a general member, and according to section 13.1 for a beneficiary of a public safety member. If a member has an option A election in force at the time of his retirement his election of option A and nomination of beneficiary shall thereafter continue in force, unless prior to the date of his retirement he elects to receive his pension as a straight life pension or under option B provided in section 14.

(b) A member who continues in Village employment after he either (1) acquires 10 or more years of credited service and has attained his voluntary retirement age, or (2) acquires 25 years of credited service, and does not have an option A election in force as provided in subsection (a) of this section, and (1) dies while in Village employment, and (2) leaves a widow, or in the case of a female member leaves a widower whom the Commission finds to be totally and permanently disabled and to have been dependent upon the female member for at least 50 per cent of his support due to lack of financial means, the widow or widower shall immediately receive a pension computed in the same manner in all respects as if the member had (1) retired the day preceding the date of his death, notwithstanding that he might not have attained his voluntary retirement age, (2) elected option A provided in section 14, and (3) nominated his said widow or widower as beneficiary.

Disability Retirement:

Section 15. Upon the application of a member, or his department head, a member who (1) is in the employ of the Village, (2) has 10 or more years of credited service, and (3) becomes totally and permanently incapacitated for duty in the employ of the Village, by reason of a personal injury or disease, may be retired by the Commission: Provided, that a physician, designated by the Commission, after a medical examination of the member, reports to

the Commission (1) that the member is physically or mentally incapacitated for duty in the employ of the Village, (2) that such incapacity will probably be permanent, and (3) that the member should be retired. The 10 years of service requirement shall be waived in the case of a member who becomes in receipt of workmen's compensation on account of his disability arising out of and in the course of his Village employment.

Disability Pension:

Section 16. (a) Upon his retirement on account of disability, as provided in section 15, a general member shall receive a disability pension computed according to section 13, subject to section 17. His disability pension payable to his voluntary retirement age shall not be less than 17 per cent of his final average salary; nor shall his disability pension payable after his voluntary retirement age be less than the sum of 12 per cent of the first \$4200 of his final average salary and 17 per cent of the portion, if any, of his final average salary which is in excess of \$4200. Upon his retirement he may elect to receive his pension under an option provided in section 14 in lieu of a straight life pension.

(b) Upon his retirement on account of disability, as provided in section 15, a public safety member shall receive a disability pension computed according to section 13.1, subject to section 17. His disability pension shall not be less than 20 per cent of his final average salary. Upon his retirement he may elect to receive his pension under an option provided in section 14 in lieu of a straight life pension.

(c) If a disability retiree is paid workmen's compensation on account of his disability arising out of and in the course of his Village employment, upon termination of his workmen's compensation period, or at his attainment of age 65 years, whichever occurs first, he shall be given service credit for the period he was in receipt of a disability pension and his pension shall be recomputed to include such additional service credit. His disability recomputed pension payable to his attainment of age 65 years shall not be less than his weekly workmen's compensation converted to an annual basis.

Re-Examination of Disability Retirees:

Section 17. At least once each year during the first 5 years following the retirement of a member with a disability pension, and at least once in each 3 year period thereafter, the Commission may require a disability retiree, who has not attained his voluntary retirement age, to undergo a medical examination to be made by or under the direction of a physician designated by the Commission. Should any such disability retiree refuse to submit to such medical examination in any such period the Commission may suspend payment of his disability pension until his withdrawal of such refusal. If such refusal continues for 1 year the Commission may revoke his disability pension. If upon such medical examination of a retiree the said physician reports to the Commission that the retiree is physically able and capable of resuming employment with the Village he shall be returned to the employ of the Village and his disability pension shall terminate; provided, that the report of the said physician is concurred in by the Commission. In returning the retiree to Village employment reasonable latitude shall be allowed the Village in placing him in a position commensurate to his type of work and rate of salary at the time of his retirement. A disability retiree who has been or shall be returned to the employ of the Village shall again become a member of the retirement system. His credited service in force at the time of his retirement shall be restored to full force and effect. He shall be given service credit for the period he was receiving a disability pension if within the period he was in receipt of workmen's compensation on account of his total and permanent disability arising out of and in the course of his Village employment; otherwise he shall not be given service credit for the period.

Members Savings Fund:

Section 18. The members savings fund is hereby created. It shall be the fund in which shall be accumulated, at regular interest, the contributions made by members to the retirement system, and from which shall be made refunds and transfers of accumulated contributions, as provided in this Chapter.

(a) A public safety member's contributions to the retirement system shall be 5 per cent of his salary. A general member's contributions to the system shall be the sum of 3 per cent of the first \$4200 of his annual salary and 5 per cent of the portion, if any, of his annual salary which is in excess of \$4200.

(b) The officer or officers responsible for making the payroll shall cause the applicable contributions provided for in this section to be deducted from the salary of each member on each and every payroll, for each and every payroll period, so long as he remains a member of the retirement system. The members' contributions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any member shall be changed thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and payment of his salary less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by him during the period covered by such payment, except as to benefits provided by this Chapter. The said contributions when deducted from the salary of a member shall be paid to the retirement system and shall be credited to his individual account in the members savings fund.

(c) In addition to the contributions deducted from the salary of a member, as hereinbefore provided, he shall deposit in the members savings fund, by a single contribution or by an increased rate of contribution as approved by the Commission, the amount he might have withdrawn from the members savings fund, together with regular interest from the date of withdrawal to the date of repayment. In no case shall any member be given credit for service rendered prior to the date he withdrew his accumulated contributions until he returns to the members savings fund all amounts due the fund by him.

(d) Upon the retirement of a member his accumulated contributions shall be transferred from the members savings fund to the retirement reserve fund. At the expiration of a period of 3 years from the date an employee ceases to be a member any balance standing to his credit in the members savings fund, unclaimed by the member or his estate shall be transferred to the pension accumulation fund.

Refunds of Accumulated Contributions:

Section 19. (a) Should any member cease to be an employee of the Village, for any reason except his retirement or death, before he has satisfied the age and service requirements for retirement provided in section 12, he shall be paid his accumulated contributions standing to his credit in the members savings fund upon his request in writing on forms furnished by the Commission.

(b) Upon the death of a member, if no pension becomes payable by the retirement system on account of his death, his accumulated contributions standing to his credit in the members savings fund at the time of his death shall be paid to such person or persons as he shall have nominated by written designation duly executed and filed with the Commission. If there be no such person surviving the member his accumulated contributions shall be paid to his estate.

(c) Refunds of accumulated contributions, as provided in this section, may be made in a single sum or in installments, as the Commission shall determine.

Retirement Reserve Fund:

Section 20. (a) The retirement reserve fund is hereby created. It shall be the fund from which shall be paid all pensions payable as provided in this Chapter. Should a disability retiree return to the employ of the Village his pension reserve at that time shall be transferred from the retirement reserve fund to the members savings fund and the pension accumulation fund in the same proportion as the pension reserve was originally transferred to the retirement reserve fund.

(b) If, at the end of any fiscal year, the total of the pensions paid from the retirement reserve fund during the fiscal year is more than 12.5 per cent of the sum of the balances in the retirement reserve fund and the pension accumulation fund the pension payable in the next ensuing fiscal year shall be reduced pro-rata so that the total of the pensions so reduced shall not exceed the sum of the balances in the members savings fund and the pension accumulation fund. The pro-rata reduction shall be applied to all pensions payable to retirees and beneficiaries in the said ensuing fiscal year.

Expense Fund:

Section 21. The expense fund shall be the fund to which shall be credited all moneys provided by the Village to pay the administrative expenses of the retirement system and from which shall be paid all administrative expenses of the system.

Pension Accumulation Fund:

Section 22. (a) The pension accumulation fund is hereby created. It shall be the fund in which shall be accumulated reserves for the payment of the portions of all pensions payable from moneys provided by the Village. Upon the basis of such mortality and other experience tables, and regular interest, as the Commission shall from time to time adopt, the actuary shall annually compute the pension reserves (1) for pensions being paid retirees and beneficiaries, and (2) covering service rendered and to be rendered by members. The said pension reserves shall be financed by annual appropriations to be made by the Council, determined according to paragraphs (1), (2) and (3) of this subsection, subject to subsection (b) of this section.

(1) The appropriation for members' current service shall be a per cent of their annual salaries which will produce an amount which if paid annually by the Village during their future service will be sufficient to provide the pension reserves, which are not financed by their accumulated contributions, for the portions of the pensions to be paid them based upon their future service; and

(2) The appropriation for members' accrued service shall be a per cent of their annual salaries which will produce an amount which if paid annually by the Village over a period of years, to be determined by the Commission, will amortize at regular interest the unfunded pension reserves for the accrued portions of the pensions to be paid them; and

(3) The appropriation for pensions being paid retirees and beneficiaries shall be a per cent of the annual salaries of members which will produce an amount which if paid annually by the Village over a period of years, to be determined by the Commission, will amortize at regular interest the unfunded pension reserves, if any, for pensions being paid retirees and beneficiaries.

(b) Anything contained in this Chapter to the contrary notwithstanding, the Commission shall never certify and the Village shall never be required to pay into the pension accumulation fund, in any year, a sum larger than 20 per cent of the aggregate salaries received by all members during the preceding fiscal year.

(c) Upon the retirement of a member the difference between his pension reserve and his accumulated contributions shall be transferred from the pension accumulation fund to the retirement reserve fund. The Commission may from time to time transfer from the pension accumulation fund to the retirement reserve fund such additional amounts as it determines to be necessary for the proper maintenance of the retirement reserve fund.

Investment of Moneys:

Section 23. The Commission shall be the trustees of the assets of the retirement system. It shall have full power and authority to invest and re-invest such assets subject to the provisions of Act No. 314 of the Public Acts of 1965, as amended, and as it might from time to time be amended or replaced by successor acts.

The Commission shall have full power to hold, sell, purchase, assign, transfer and dispose of any securities and investments in which any moneys of the system shall have been invested, as well as the proceeds of said investments and any moneys belonging to the system.

Method of Making Payments:

Section 23.1. No money shall be paid by the retirement system except upon a warrant signed by the Village Treasurer and countersigned by the chairman of the Commission or such other commissioner as may from time to time be duly authorized by the Council. No warrant shall be issued unless it has been previously authorized by a specific or continuing resolution adopted by the Commission. All payments by the system shall be made in accordance with procedures for payments of moneys from the Village's general fund.

Allowance of Regular Interest:

Section 24. All interest and other earnings on moneys and investments of the retirement system shall be credited to the pension accumulation fund. The Commission shall, at the end of each fiscal year, allow and credit regular interest on the members' individual balances in the members savings fund at the beginning of the fiscal year; and on the mean balance in the retirement reserve fund. The amounts of interest so allowed and credited shall be charged to the pension accumulation fund.

Assignments Prohibited:

Section 25. (a) The right of a person to a pension, to the return of accumulated contributions, the pension itself, any optional benefit, any other right accrued or accruing to any person under the provisions of this Chapter, and the moneys belonging to the retirement system shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law, or any other process of law whatsoever, and shall be unassignable, except as is specifically provided in this Chapter: Provided, that the Village shall have the right of set off for any claim arising from embezzlement by or fraud of a member.

(b) If a member is covered by a group insurance or prepayment plan participated in by the Village, and should he be permitted to, and elect to, continue such coverage as a retiree, he may authorize the Commission to have deducted from his pension the payments required of him to continue coverage under such group insurance or prepayment plan.

Correction of Errors:

Section 26. Should any change in the records result in any person receiving from the retirement system more or less than he would have been entitled to receive had the records been correct, the Commission shall correct such error, and as far as practicable shall adjust the payment in such manner that the actuarial equivalent of the benefit to which such person was correctly entitled shall be paid.

Section 27. (Reserved).

Pensions and Retirement Allowances Continued:

Section 28. Pensions and retirement allowances being paid as of the effective date of this amendment to the Village Charter shall be continued to be paid according to the provisions of the Village Charter in effect the day preceding the effective date of this amendment.

Effective Dates of Amendments:

Section 29. The effective date of the 1957 amendments to Chapter XI of the Village Charter is September 23, 1957. The effective date of the 1968 amendments shall be May 1, 1968.

Trombley Dads to Be Honored

Dad's Night will be observed in conjunction with the annual election meeting of the Trombley PTA on Monday, May 6. Prior to the general meeting at 8:15 o'clock, parents welcome to visit in the classrooms.

To fully acquaint parents with "their school business," Dr. Donald Briggs, President, has invited all announced candidates seeking a post on the Board of Education in the coming June School Election to participate in the program. Each candidate will be privileged to introduce himself and his aspirations as a School Board Trustee.

The Executive Board will also present a revised constitution to the Association for formal action. Principal Frank Welbach will present an "Our School Reports."

John Tracy, Chairman, Mrs. Robert Smith, Mrs. John Welksnar, Mrs. Richard Havel, and Mrs. Robert Kennedy, members of the nominating committee present the following slate of officers for 1968-1969: president, Richard Heglin; vice-president, George Roumell; second vice-president, Betty Frommelter; recording secretary, Mrs. Donald Spencer; corresponding secretary, Mrs. Hazen Richardson; treasurer, Harry Brown.

The "Dad's Night Social Hour" in the gym following the general meeting is the closing highlight event of the evening. Mrs. Shirley Schoenith and Mrs. Doris Austerberry, Social Chairmen, together with room mothers are planning this occasion "for father." To be sure it is for mother too.

Since this meeting marks the transition period of another very active PTA year, parents and teachers join in expression of recognition and appreciation to the outgoing officers, committee chairmen, and room parents for their spirited leadership and contribution.

City police received a report on Saturday, April 27, from Jerome Smith, of the terraces at 17517 Maumee. He said that two juveniles had just dumped ashes on the rear of the property. He added that he has observed the boys on different occasions breaking the glass of a gaslight located in the front courtyard of the terrace, as well as a rear window at 17520 Maumee. Mr. Smith said the landlord replaced the glass in the gaslight. Patrolman Edward Miller talked to the boys and had them clean up the ashes and apologize to Mr. Smith.

Vandalism Must Stop!

A vandal is defined as "one who willfully, or ignorantly, destroys, damages, or defaces property belonging to another, or to the public." He has no conscience.

Vandals are mentally sick, and definitely undisciplined. They are the type of people, of all ages, and both sexes, who throw stones at cats, tear the wings off of live flies, scribble on walls, carve their initials in desks, and smash street lights.

A vandal is a moron who gets kicks out of driving his car across someone's new sown grass, or throws beer cans on front lawns of a residence, or tosses a glass bottle into a street. Vandals are people with weak minds and strong bodies, who pour glue and ink on the floors of new schoolrooms. They have a sick sense of humor, and absolutely no sense of responsibility. If they are not imbeciles, they're at least temporarily insane, as they plunder and despoil, and destroy for no valid reason whatever. Their fiendish activities cost tax payers millions of dollars annually. Their destructive and negative thinking causes them to go berserk without rhyme or reason.

Youngsters as young as 10 years of age, and as old as 20, are the main practitioners of the horrible art of vandalism. They come from affluent families, whose parents appear to have lost touch with their activities. They also spring from impoverished homes. They are identified with all strata of society.

Vandalism is a vicious plague on the citizens of any community. Vandals are difficult to apprehend because they are furtive cowardly sneaks. Not even the most alert police department on earth can even imagine where they may strike next.

Movements are being taken in large cities and small towns, throughout America to halt the steady and alarming increase of vandalism. An aroused citizenry, cooperating fully with law enforcement agencies, stricter discipline by parents over their children, and harsher rules and regulations which are rigidly enforced, may be one answer to this grim, ponderous and universal problem. Let us begin NOW!

W.W.F.

An Age Of Discontent?

It's strangely odd, but very obviously true. Only a short time ago thousands of Americans were bitterly — and many unfairly — criticizing the President of their United States. Some of their attacks were quite vicious, which did seem too bad.

So LBJ suddenly announced, via radio and TV, that he would not — under any circumstances — accept the office for another term. He was through! There were no "ifs" or "buts" in his surprising statement. He was definitely, and irrevocably quitting to retire to his Texas estate.

And, just last week, millions of lapel buttons appeared throughout the nation which read "LBJ. PLEASE STAY". Talk about irony!

After all, for the past many months, loud-mouthed dissenters were chanting and shouting an entirely inexcusable, different and wicked LBJ rhyme, which certainly must have crushed the hearts of the entire Johnson family.

So, now, various groups of Americans have started firing blasts at current candidates for the highest office our Nation has to offer. If memory serves correctly there was a time when a somewhat small but extremely vocal slice of the population loudly threatened to leave the United States if LBJ won the office of President. A few hundred thousand did depart the country a few months after his inauguration, but they all came back. They were tourists!

Today there are those who threaten to leave the country if Bobby Kennedy becomes President. And another sizeable group plans to get out of America if Richard Nixon wins. Still others declare they will go into exile if Hubert Humphrey should get the nod from the majority of voters.

Thus far nothing has been heard about what might happen if Gene McCarthy, or George Wallace, or Ronald Reagan, or someone else, should win.

We strongly defend the constitutional rights of all Americans to "belly-ache" as much as they care to. They also have the privilege of moving permanently to Pago Pago, or Borneo, to live, if they so desire. That's the way it should be.

However, the odds are about a zillion to a penny that no single expatriate will be noted because of the results of next November's results, no matter who's elected. After all, where could they go, and find the freedom they have here?

W. W. F.

Are you still living in the past, or did you remember to turn your time pieces ahead last Sunday morning?

The trouble with miniskirts is that the boys seldom look at a girl's face any more.

Dear Friends:

As you perhaps know, the City Council of Grosse Pointe Farms is prohibiting all door to door solicitation by civic and health organizations. They, however, will permit a mail campaign to be carried out.

Inasmuch as it is Cancer we're fighting, not the City Council, we urge everyone to give as generously as possible. This will help the American Cancer Society, Wayne County Unit in its programs of re-

search education, and service to cancer patients. Will you kindly send your donation to Mrs. Charles MacKinnon, 217 Muir, Grosse Pointe Farms, Michigan 48236. She will see that you get a receipt for income tax purposes. Please make check payable to the American Cancer Society. Fight Cancer with a check-up and a check.

What Goes On at Your Library

By Virginia Leonard

Since life has been slowed up a bit for me during the past month or so, I've had more time to read. Aside from some books at home which I've reread, the ones from the library collection have all been new, and it occurred to me that you might like to have me share them with you.

As usual, there seems to be a wealth of good Jewish-oriented literature. One new book of humor is UNFAIR TO GO-LIATH by Ephraim Kishon. Here we have a group of acerbic sketches, which charm, amuse and stimulate. Israeli's best-known humorist manages to snatch all the nagging little problems of everyday life, making them universally pertinent, rather than basically Jewish. For example, in "Peanuts for the Masses," he deals with the eternal problem of being invited out at 8:30 P.M. Is it, or isn't it, for dinner? In this case, the poor couple involved devour tons of peanuts and other hors d'oeuvres (and have become slightly nauseated) before the dining room door is opened to exhibit a table set for a large dinner—and this some time after 9:30 P.M.!

Another with Jewish flavor is the new novel HERMAN HAD TWO DAUGHTERS by Zelda Popkin. Here we see the growth of Herman's two daughters, Celia and Jessie, growing up in the ghetto immigrant section of the small town, Grady Mills—the section known as "The Hill." Jessie, the bright one, grows up to become the well-known playwright and semi-bohemian, Jessie White. Celia, the not-so-bright, domestic one grows up to marry Joe Sloan (ex-Slowowitz) and becomes a rich Park Avenue kosher housewife. Here the author is writing about the enormous generation gap between the immigrant merchants and their professional sons and daughters, as the mores of the new land take hold. But the characters are well-drawn, human and sympathetic.

If you read THE PUMPKIN SEED by Penelope Mortimer, you will enjoy her new book, MY FRIEND SAYS IT'S BULLETPROOF. Muriel Rowbridge, 29 years old, has had breast surgery and is left with emotional lesions. She has broken with a lover and has come to California on a press visit. She keeps a running diary for personal release. While on this trip she is strongly attracted, briefly, to a movie director. She also has a short affair with Robert, whom she has met on the trip. She does not love him, but he gives her back the sense of self she had lost, and offers marriage. She turns him down, for now; feeling once more "whole," she finds she can be an adult without help. There is great intensity and personal involvement in this novel.

It is so hard to find fantasy these days, but Peter Beagle has done it with THE LAST UNICORN. This is a whimsical, evocative, tantalizing story, ranging from low comedy to high fantasy; it is also quite original. The last unicorn's search for her lost fellow takes her through a wondrous land as imaginative as

Tolkien's. She is captured by a wicked gypsy, freed by Schmendrick, a bumbling magician, who accompanies her searching for an elusive magic. Later they are joined by Molly Grue (Everywoman), who wants to bring the unicorns back to the world. They reach the kingdom of evil King Haggard and meet the challenge of the Red Bull. Here is enchantment for fantasy fans of all ages.

A rollicking new autobiography (once again with Jewish flavor) is ALEXANDER ROSE'S MEMOIRS OF A HETEROSEXUAL. Father travelled all over the United States. Sometimes mother, and all the children, didn't follow him but stayed home to maintain a kosher existence. Alexander spent most of his time either in the pool hall or the library. He learned lip-reading, because he went through a phase when he thought everyone was talking about him! He learned shorthand to become a detective. He wanted to be a musician so he learned to play the violin. He was also an actor, a writer, a court traveler, and a radio and television personality. His anecdotes are very funny.

If you are a Georges Simenon buff, we have a new one for you—THE CONFESSION. This is a fine, perceptive novel about an adolescent, with the author making very shrewd observations about a quiet sixteen-year-old, Andre Bar. His parents are having domestic difficulties, and insist upon telling him their sides of the story of their sordid but continuing marriage. This is a short, psychological study — and Simenon is a master of this.

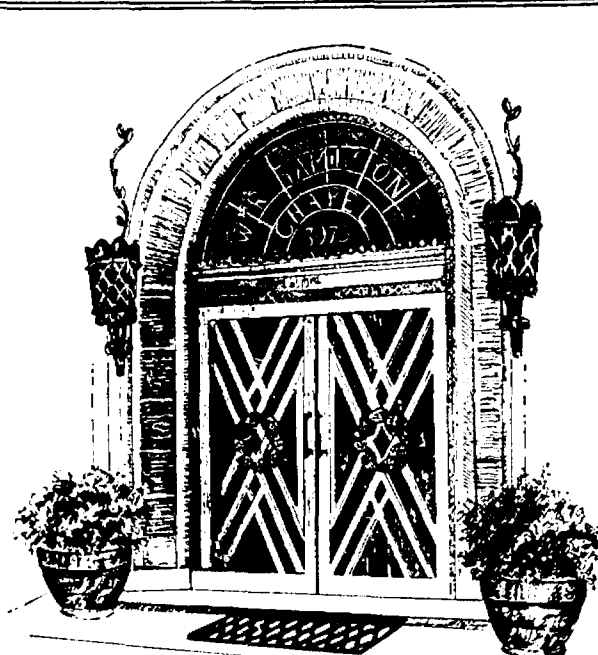

Are you old enough to remember the 30's? If so, you will nostalgically love Louise Tanner's ALL THE THINGS WE WERE. This is a scrapbook of the people, politics and popular culture in these tragicomic years between the Crash and Pearl Harbor. You can reminisce over old radio programs, fashions, rumble seats, Monopoly, GONE WITH THE WIND, the A & P Gypsies, FDR and rubber bathing suits. If you want all the facts, foibles, hoopla and pastimes of the 30's—this is for you.

Just one more and then we are finished. FIFTY WORKS OF ENGLISH LITERATURE WE COULD DO WITHOUT, by Brigid Brophy and others. If you've ever been forced to read one of the classics and found you hated it, this outrageous book is for you. And in case some of these works have been over-praised, there are undoubtedly some nuggets of truth beneath the humor.

Guess that's all for now. I hope I've touched a chord with some or one of these titles. I've enjoyed every one of them!

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

It's almost time for that fabulous spring event, the Christ Church Christmas Fair Preview Sale, where, this year, you can order everything from a personalized decoupage bike basket to a chair, antiques in your favorite color, with a blending handmade needlepoint seat — and be assured of in-plenty-of-time-for-the-holidays delivery.

Fair Preview Day this year is Thursday, May 16. Hours are 10 to 4 o'clock. Place is, (naturally), Christ Church, in Grosse Pointe boulevard.

All the Old Favorite booths will be back, the decoupage basket purses, Christmas tree ornaments, knitting, Paris Table, Tots 'n' Toddlers . . . But there are several new-for-1968 items that sound especially intriguing . . .

Some of the Fair workers, ladies handy with needles and thread, have copied the jumper-like aprons of a certain Airlines company's stewardesses, executing them in psychedelic prints and patterns, and dubbed the finished products "Christ Church Popovers."

Mrs. Tobey Hansen, the former Rhoda Phelps Newberry, is chairman of Fair Artists, a department where framed paintings, oils and watercolors, all done for the Fair by local artists, will be offered for sale. Mrs. Robert H. Kanzler and Mrs. Wendell W. Anderson, Jr., are among this department's "guiding angels."

And a Spring Special feature of the Preview will be an outdoor Plant Sale, under the direction of Mrs. Douglas Campbell who, with Mrs. Allen M. Lomax and Mrs. David N. Spierling is general 1968 Fair co-chairman.

Sigma Gamma Presents "Doctor Doolittle"

The Detroit premiere of the award-winning film, "Doctor Doolittle" is scheduled for June 11, and Opening Night will be a benefit performance, sponsored by Sigma Gamma Association, to raise funds for the Research and Education Department of the Detroit Orthopaedic Clinic, a Torch Drive agency founded and sponsored by Sigma Gamma.

Research and Education is an ongoing program of the Clinic, entirely supported by private donations, which studies surgical and treatment procedures in the orthopaedic field and shares findings with medical communities throughout the world.

Rose Society Meets May 8

The Grosse Pointe Rose Society has announced that an Englishman, Roger Watkins-Pitchford, will speak at its regular meeting next Wednesday, May 8.

Mr. Watkins-Pitchford, commentator of "Then Sun Parlor Gardener," has a startlingly varied background, including such disparate offices as plant propagator and landscapist, Special Constable of the R.C.M.P., executive officer of the Royal Canadian Navy and office manager for the B&C Engraving Corporation.

He has been active in Little Theatre movements and was the winner of the "Best English

Production in the Dominion of Ottawa Festival for the part of Marco Polo." He has had many poems published in Canadian papers and magazines and is a watercolorist of note.

His talk is entitled "Looking Forward To . . ." Members and friends can look forward to his jovial suggestions toward raising more and better roses. Serving homemade dessert before the 8 o'clock meeting will be Mrs. Donald Ross and Mrs. E. O. Brady. Mr. Kenneth Cary is in charge of the program.

Among the assistant hostesses at Williams House for Girls' Annual Tea yesterday were Pointers MRS. ALFRED H. SCHRASHUN, JR., of Kenwood court, MRS. TOM S. GREEN, of Moran road, and MRS. WILLIAM LUEDDERS, of Harvard road.

From Another Pointe of View

(Continued from Page 25)

Mrs. Joseph Caskey will preside and Miss M. Genevieve Blakeley, executive director of the Clinic, will be the featured speaker.

Twice a year the Association conducts a clothing drive, and co-chairmen Mrs. Peter Kennedy and Mrs. Sara Houtz, director of the Department, will be A. W. Moesta will be at the meeting to accept donations. Junior members are planning a Bake Sale.

Hostesses for the day will be the Mesdames M. U. Scott, James Robertson, Charles Whitney, Joseph Spitzley and Alden Gallup.

A New Idea In Auctions

How'd you like to have dinner with a celebrity? . . . spend 10 days in Acapulco? . . . take a helicopter flight over Grosse Pointe? . . . own a collection of rare stamps, shares of stock? . . . have a well-known banker or industrialist serve as bartender at your next cocktail party?

These "items" — and many more, (how about a teenage orchestra for your child's teenage party?) — are part of the most exciting idea and novel approach in fund-raising to come along in The Pointe in years: A charitable auction, "Bid and Build," to be held at the Country Club of Detroit next fall, on Saturday, November 16.

Woods Garden Club to Meet

Members of the Grosse Pointe Woods Garden Club will meet in the Lancaster road home of Mrs. Elsie Rowe next Tuesday, May 7, for luncheon and a business session. Co-hostesses will be Mrs. Neil McDonald and Mrs. Lewis Echlin.

Mr. Hastings was graduated from the University of Kansas with a degree in Mathematics and Economics.

The three 1968 Series speakers, appearing Wednesday mornings, October 9 and 23 and November 13, at 10 o'clock in Liggett's Kresge Auditorium, are Max Lerner, discussing "The World in the Year 2000," Dr. Kenneth McFarland, speaking on "Lawless America," and Dr. Harriet Mills, describing "What China Is Like Today."

Co-chairmen of the '68 Series are Mrs. William Osborn and Mrs. Carl Larson. Ticket chairman is Mrs. Thomas Swantek.

Off On A May "Mini-Trip"

Members of the Grosse Pointe Farm and Garden Club will be off on a "Mini-Trip" Monday, May 13, a journey to the Hidden Lake Gardens in Tipton, Mich., featuring a "Welcome to Spring" guided tour, by car, of the gardens and greenhouses and a "Pique-nique Magnifique" provided by hostesses Mrs. J. Crawford Frost, Mrs. A. Boynton Hartz, Mrs. Frank W. Goldie and Mrs. James A. Lafer.

The Club's new president Mrs. Wilber H. Mack expects this to be a very enjoyable party, for those who have been to the Gardens, including Mrs. Lyn McNaughton, describe them as entrancing.

Then they prescribe a sequence of Laszlo preparations for you to purchase and use at home. You will receive an "Invisible Consultation" questionnaire to fill out in private. This will be checked by the Institute against your initial analysis. After that, the Institute keeps in touch, constantly updating directions. Miss Spoor Marries Charles E. Stumb, Jr.

Newlyweds to Make Home on Vernier Road; Reception and Champagne Brunch for Members of Immediate Families Follows Morning Rites

The Friary Chapel of Austin Catholic Preparatory School was the setting for the Saturday morning, April 20, ceremony at which Patricia Louise Spoor, daughter of Mr. and Mrs. W. Gordon Spoor, of Roslyn road, became the bride of Charles Edward Stumb, Jr.

A reception and champagne brunch at the Grosse Pointe Yacht Club for members of the immediate families followed the 11 o'clock rites, at which The Reverend Leo Burke, O.S.A., officiated.

The bride wore a street length A line gown of white silk shantung, accented with a self bow at her neckline, and a short illusion veil.

Her bouquet of Jack Frost roses, stephanotis and ivy foliage was centered with a gardenia corsage.

She was attended by her sister, Dorothy Ann Spoor, who wore a street length frock of powder blue linen. Her head-

piece was a blue bow circled with violets, and she carried a Colonial arrangement of purple strawflowers and baby's-breath.

W. Thomas Stumb acted as his brother's best man. They are the sons of Mr. and Mrs. Charles Edward Stumb, of Lakeland avenue.

F. Gordon Spoor, brother of the bride, ushered.

For her daughter's wedding and the reception, Mrs. Spoor selected a powder blue knit dress. The bridegroom's mother wore a camellia pink knit suit. Both mothers chose gardenia corsages.

The newlyweds, vacationing in the East, will return to make their home in Vernier road.

Purdy & Edgar Picks

DERBY DAY Dandies parade for the first time under Purdy & Edgar colors. On this "fast track" we call the current real estate market in Grosse Pointe, records are being sold in record time. Some qualified and eager buyers are finding themselves "also rans" in a photo finish race to get their bid in. Don't be the one who had the winner picked but forgot to get his bet down.

WIN . . . you over with this fine example of a farm colonial with four family bedrooms and two baths. Over the attached garage are two more bedrooms and another bath. The library has a fireplace, as does also the step-down living room. Ready for immediate occupancy. It's an odds on favorite with us in the business.

PLACE . . . yourself in any of the well proportioned rooms in this spacious ranch offering located on a cul-de-sac in the Farms. You'll never have that boxed-in feeling, because this house sits on a gentle rise which looks over the neighborhood.

SHOW . . . your better half what you've found on Lakeshore in the way of a vacant lot which has been beautifully landscaped. The best lot left in Grosse Pointe City. You'll have plenty of grazing room on a lot 100 x 175 feet.

ALSO RAN . . . into a charming entry on Tonnancour, but you probably won't be out of the starting gate by the time it's sold. For your sheet . . . it has four bedrooms and two baths and that all important library. Why not call to see how it ran?

STILL IN the pack and holding its own on Trombley Road. This is larger, two family with a third apartment on the third floor. This building is situated on two lots, one of which may be claimed for \$15,000.

DON'T PUT this one out to pasture 'cause there's still plenty of life in her. She is in St. Clair Shores and boasts three bedrooms. Just a comfortable little house where you can slip out of harness and put your boots up. (Hope we don't sound too tacky!)

"This race is not to the swift, nor the battle to the strong . . . time and chance happeneth to them all."

J.D. Owens is planning a hunt in Kuala Lumpur. Want to go along?

Mr. J. D. Owens of Buckingham Road, Grosse Pointe Park: former news correspondent, ex-columnist, world-famous raconteur, professional PR consultant and patron of the Grosse Pointe War Memorial Association.

There's nothing Mr. Owens would rather do than stalk the wily Malay tiger or Africa's elusive dik-dik, especially from the safety and comfort of a theatre seat in the Grosse Pointe War Memorial Center.

Mr. Owens is an avid fan of George Pierrot's Adventure Series, a recent addition to the Center's regular program schedule. He and his family have discovered an almost unlimited variety of cultural, social and recreational activities at the Center, ranging from legitimate theatre and chamber music through bridge clubs and French classes. Mr. Owens is checking into the Gourmet Club and, of course, the Adult Ski Club. He's a War Memorial contributor.

You see, the Center earns about three-quarters of its operating expense, but that just isn't enough; so each year people like you and Mr. Owens—from all the Pointes—join in a Family Participation Campaign

to meet the rest of the budget, so we can continue our full schedule. This year our goal is \$80,000. Any size gift is greatly appreciated.

Want to go along on one of Mr. Owens' "trips"? Great. You've probably already received a Free Activities Pass in the mail. It includes five excellent programs for every member, every age group of your family. This Pass is good only through April 19th, but there are worthwhile events every day of the week, no matter when you come. See for yourself.

We think that once you get acquainted you'll agree a contribution to the Grosse Pointe War Memorial Center is just another way of supporting your own family.

Right J. D.?

Indubitably.

If you plan to travel . . . beyond the fringes of civilization, and you plan to wear "non-miracle" fabrics, and you don't like to put on wrinkled clothes, we know where you can get a dandy little item: A British-made iron that operates on kerosene! . . . But we advise you to move fast . . . the "Explorers Travel Iron" is one of many unusual wares in this year's Detroit Planned Parenthood White Elephant Sale; the Sale, a one-day affair, is being held TODAY in the Undercroft of Christ Church; and the doors opened at 10 o'clock this morning, (they'll stay open 'til 5, but you know how it is: The "goodies" always move fast).

Speaking of beyond-civilization's-fringes traveling . . . that Archives of American Art-sponsored trip to Easter Island, (only about 150 Americans, including The Pointe's intrepid Mark Stevens, of Moross road, have ever been there, and the Archives is the first ORGANIZATION with courage enough to attempt the journey), sounds fascinating . . . We were especially interested to learn that Archives visitors will be housed in "canvas cottages," (so what's wrong with the word "tent," anyway? . . .).

And speaking of intrepid travelers . . . we've heard several amusing stories from Detroit Athletic Club Mediterranean Holiday returnees . . . including the tale of the gentleman who, anxious to comply with a request to have all luggage outside the door of his room in Lisbon's Ritz Hotel before 7 o'clock on the morning of the group's departure from that delightful city, packed in his pajamas, put his luggage dutifully outside the door and had breakfast sent up — intending to slip his pajamas into his flight bag when he started to dress — ONLY to discover that he'd packed his trousers in his regular luggage, which was no longer outside his door . . . You can imagine for yourselves his frantic scurry to find the "right" bag among all the pieces for 150 people!

We've heard, too . . . about the DAC Mediterranean Holiday-er, (a lady, this one), who mailed off her landing card during a stop-over in Sardinia, and succeeded in getting back aboard the good ship Argonaut by handing in the post card she thought she'd mailed, (this tale we can't help taking with a grain of salt . . .).

"The horses come to us . . . straight from the field, and we're responsible for all the training under the guidance of the horsemanship instructors," says James J. Vlasic, captain-elect of Culver Military Academy's Polo Team, who participated in a 17-man mounted drill, including the difficult fire jump, with Culver's Lancer Platoon in an exhibition at the Grosse Pointe Hunt Club's Spring Horse Show last Saturday afternoon . . . The son of the Robert J. Vlasics, of South Deeplands road, considers overcoming the horse's fear of fire — a natural enemy — one of the main problems in training a mount for the drill . . . Young Mr. Vlasic, by the way, is not learning just how to handle horses at Culver, (he has two varsity jumping letters): A junior at the Academy, he's been recognized for high academic achievement during all three of his years there.

"I see poems in your paper" . . . writes Mrs. Val Rogers, of Muir road, "and thought you might be interested in one inspired by reading your article on the Memorial Tree Planting Program . . . Indeed we are . . . and indeed we think our readers will be, too . . . So here are Mrs. Rogers' lovely verses:

DAWN ON LAKESHORE

Walk with me beside the latticed lake
When spring comes breaking through.
See the scattered mansions on the deep
horizon's edge:

They seem like flowers in a meadow, set in
Morning's dew. Envision, as you stroll, the height of
Morning doves in ancient trees that sing to
iridescent

Clouds. Above the still blue waters, let your
heartbeat

Tread with small duets of silken swans, the slender
Willow leaves that seem a thousand golden threads
Weaving idle melodies through rosy skies . . .

When the sun has risen vast and flaming dawn
has warmed
You through, walk yet a pace. Hear beyond,
the silver

Chimes of fading stars and moon; the soft
cathedral bells

That echo down like golden notes, forming
furry dandelions
In walking grasses.

It matters not where you may travel . . . there
is no entrance

Half so beautiful as this, for trees that dwell beside
This lake are nearly gods; and clouds . . . those
cumulous

Clouds that push the steeple bells are moved
by unseen
Arms, I know . . .

Come, fill your soul with lilacs . . . Dawn is full on
Lakeshore . . . so like a gentle evening rose . . .
the sunlight
On the waters . . . so like a lane dreams.

Pointers of Interest

The Grosse Pointe War Memorial's Board Of Directors: (left to right), MRS. JOHN W. MULFORD, HENRY LEDYARD, FREDERICK K. CODY, HARRY W. MULLEN, THE HONORABLE NEAL E. FITZGERALD, PRESIDENT WILLIAM F. HUETT, TEMAN, MRS. WILLARD S. WORCESTER; (not pictured), DAVID W. KENDALL, WILLIAM B. CUDLIP, FRANK W. DONOVAN, MRS. PAUL G. HYKES, MRS. ROBERT P. SCHERER and MRS. TOBEY HANSEN.

By Janet Mueller

They're our friends and neighbors, our fellow Pointe citizens. They're serving their community in a Very Special Way, as members of the Grosse Pointe War Memorial Center's Board of Directors, and we thought it would be particularly appropriate, in the middle of the Memorial's current drive for operating funds for the coming year, to introduce them all to our readers.

Our introductions must, of necessity, be brief. Our space is limited. So we won't attempt to give you detailed biographies; we'll present instead "snapshots," a few short paragraphs on each Director, beginning with the Board's current president, Bill Huettman.

Bill was brought up in The Pointe, attended St. Paul's School, received his Bachelor of Laws degree from the University of Detroit in 1955, did graduate work at the St. Ignace College of Law, Rutgers University, served as an officer in the United States Navy, stationed in Washington, D.C., from 1956 to 1959 and is currently a vice-president of The Detroit Bank and Trust Department.

Married To Pointe
He's married to native Pointe, the former Laurie Smith. They have four children, two boys and two girls.

His civic activities include three terms on the Grosse Pointe Woods City Council, (he's the Council's current Mayor Pro Tem); his business associations include memberships in the Michigan, Detroit and American Bar Associations and the Greater Detroit Board of Commerce; and his favorite place to relax is Lochmore's golf course.

Another dedicated golfer is Detroit Circuit Court Judge Neal Fitzgerald, who won his letter as a member of his college golf team. He also served as Manager of Football during his college years.

He's been president of both the Golf Association of Michigan and the Michigan Seniors Golf Association, and was chairman of the State Handicap Committee for many years. He carries a personal handicap of 10 strokes.

Father of three daughters, he's a graduate of the University of Detroit High School, Holy Cross College and Harvard Law School. He served as a Lieutenant Commander in the United States Navy during World War II.

Helps Epileptics
The Judge has devoted a good deal of time over the years in the interest of epileptics. He's been president of the Michigan Epileptic Society and Association, and a member of its Board since 1953.

Andrea Mulford, widow of the late John W. Mulford, Chairman of the Board of Gray Marine Motor Company, was born in California—but she's lived in Grosse Pointe Farms for 39 years.

She's president of the Grosse Pointe Garden Center, with headquarters in the War Memorial, a director of the Michigan Humane Society and a member of the Junior League of Detroit, Cranbrook Institute of Science, Founders Society Detroit Institute of Arts, Detroit Historical Society, Grosse Pointe Farm and Garden Club and Christ Church.

She has three married daughters: Mrs. Peter Dixon, Mrs. Sterling Graham, Jr., and Mrs. Thomas Little.

Born in Detroit
Harry Mellen was born and educated in Detroit, graduating from the University of Detroit's School of Business Administration in 1943. He's currently Senior Vice-President in charge of Administration for Ross Roy, Inc., a national advertising agency.

He and his wife, the former Mary Elisabeth Hitchcock, have

four children.

Harry is a member of the Detroit Boat Club's Board of Directors. He's currently serving as chairman of DBC's Membership committee and is an active participant in the Club's sailing program.

He's treasurer of the Grosse Pointe War Memorial Association, a director of the North-eastern Wayne County Child Guidance Clinic, treasurer of the Hannan Branch of the YMCA, vice-president and Board member of the Indian Village Tennis Club, a member of the Kandahar Ski Club, the Lake Shore Tennis Club and the Economic Education Committee of the Greater Detroit Board of Commerce, a former Director of the National Association of Accountants and former treasurer and trustee of Grosse Pointe Memorial Church.

Unitarian Church Member
Serena Worcester, like Mrs. Mulford a widow, is a charter member of the Grosse Pointe Unitarian Church. She actively participated in establishing the Grosse Pointe Chapter of the Church and in selecting its first minister.

She was active, too, in the early days of organizing Ibox Club, has participated in fund-raising projects for the Detroit and Grosse Pointe Symphonies, works each year for Planned Parenthood's Christmas Mart, is a member of the Grosse Pointe Branch of the Women's National Farm and Garden Club, and as a 12-year member of the Grosse Pointe Garden Center Board, has been especially involved in "Home Procurement" for the Center's annual House Tours.

She served a three-year term as a Liggett School trustee during the period of selecting a site and architect for Liggett's new building in Grosse Pointe Woods and of choosing a new Headmaster for the School.

Mother of two married daughters, she has four grandchildren.

Busy Month Ahead
Vice-president and general manager of the Detroit Grand Opera Association, Henry Ledyard has a busy month ahead of him, culminating in the annual visit of the Metropolitan Opera Company to Detroit's Masonic Temple.

He's been on the Board of Elmwood Cemetery and a Vestryman and Senior Warden of Christ Church.

His business experience includes service as Manager of American Standard Controls Division selling to the Atomic Fleet of the United States Navy.

The Ledyards have two sons and a daughter, Elizabeth, whose winter occupation sounds like "The Job We'd All Love To Have": She's assistant manager of a Vermont ski lodge.

Champion Swimmer
Among the honors Fred Cody is proudest of are his selection to the National Collegiate and Big Ten Championship Swimming Teams during his University of Michigan undergraduate years, 1933 to 1937, and his 1964 United States Red Cross "Man of the Year" Award.

Fred, father of four, is presently associated with the E. F. MacDonald Company. But he just can't seem to stay away from civic and charitable involvements. His list of "extracurricular" activities includes a United Foundation directorship, a National Arthritis and Rheumatism Foundation directorship, a Boys' Club of Detroit directorship, a St. John Hospi-

tal trusteeship and an Archives of American Art directorship.

He's also been a director of the United Nations Association for the U.S.A., the Detroit Olympic Committee, the Mayor's Stadium Committee, the Boys' Committee of Detroit, the Dominican Sisters of the Sick Poor, the Convent of the Sacred Heart, Father's Club and the American Red Cross, (he's a past-president of the latter two organizations). He's currently serving on the Michigan State Fair Authority.

And he's a past-president of the Detroit Athletic Club Beavers, a Governor of the University of Michigan Club of Detroit, a director of the Recess Club . . . among other things . . .

Mother, Grandmother
The third and final widow on the War Memorial's Board, Mrs. Robert P. Scherer, has four children and nine grandchildren, ranging in age from two-and-a-half to 10-and-a-half years.

Her major interests are traveling, gardening and her family. She likes to journey abroad several times a year.

Her favorite traveling companion is her sister; her most recent trip took her to the Orient.

The War Memorial Board's "newlywed" is Mrs. Tobey Hansen, who until just a short while ago was Rhoda Phelps Newberry. Between them, Mr. and Mrs. Hansen have six children.

Likes To Paint
Painting is Mrs. Hansen's avocation; naturally, she's a member of the Detroit Institute of Arts Founders Society.

Among her other interests are her Garden Club, the Junior League of Detroit, the Grosse Pointe Public Library and the Detroit Historical Society.

Alice Mary Hyles, president of the Grosse Pointe Board of Education, is one of Our Town's best-known citizens.

A former teacher, mother of three, she's also a professional book reviewer, does recording for the blind, is a member of the American Association of University Women and the Grosse Pointe Memorial Church Women's Association, past-president of the Mothers' Club of Grosse Pointe High School and has served as Education chairman for the Grosse Pointe District of Girl Scouts.

The Hykesses' middle child, daughter Susan, has followed in Mother's footsteps as a teacher. Susan is now satisfying her year to wander while pursuing her profession: She's teaching at Ramstein Air Force Base in Germany.

Started Young
David W. Kendall's concern with public affairs began when he was 13. The year was 1916, his father was New Jersey State Commissioner of Education, and the Kendall family often visited Theodore Roosevelt in his home in Oyster Bay.

One of Mr. Kendall's prized possessions, displayed in his law office in Jackson, Mich., where he served as president of the local Board of Education, was a photograph of Teddy Roosevelt with this inscription: "To David Walbridge Kendall, a young American of the right type, with a Merry Christmas from a fellow American."

Republican National Committeeman from Michigan from 1952 to 1955, Mr. Kendall served as General Counsel of the U.S. Treasury in 1955, Assistant Secretary of the Treasury from 1955 to 1957, and Special Counsel to President Eisenhower in 1958 and again in 1961 and '62. He retired as Chrysler Corporation Vice-President—Legal Affairs a few months ago.

An Episcopalian, he's given his time to Church as well as his country. During World War II, he served in the Pacific with the Fifth Air Force, rising to

TOFFEE BARS

Contributed by Mrs. Robert Agne

(From "The Congregational Kitchen Cook Book")
1 cup butter or margarine
1 cup brown sugar, packed
1 egg yolk
1 tsp. vanilla
2 cups flour
2 6-oz. pkgs. chocolate chips
½ cup chopped pecans or other nutmeats.

Combine butter, sugar, egg yolk and vanilla and beat until well blended. Add flour slowly and blend well. Work with hands, as this is a stiff batter. Pat mixture into a 15x10½ pan with 1" sides and bake at 350 degrees 15 to 20 minutes. While the batter is baking, melt the chocolate chips. When batter is baked, remove from oven and immediately pour melted chocolate chips over top. Then sprinkle with chopped pecans. Put in freezer for ½ hour to 1 hour to harden chocolate. Remove from freezer and when defrosted cut into squares. Makes 24 large squares.

the rank of Major and participating in the Leyte landing. He's married, and the father of one son.

William B. Cudlip is also a lawyer and former secretary, Corporation, Banking and Business Law Section of the American Bar Association as well as a former member of the American Bar Association's House of Delegates, representing the Detroit Bar Association.

Director of several companies, he's served on legal committees, is a former member of the Small Business Administration National Council of Consultants and as a delegate to the 1961-62 Michigan Constitution Convention served as chairman of the Committee on Style and Drafting and member of the Committee on Judicial Branch.

He's a member, too, of the Board of Regents of the University of Michigan, the Historical Society of Michigan and the Detroit Historical Society, and a trustee of the Institute for Economic Education. The Cudlips have five children, three sons and two daughters, and 10 grandchildren.

Music and Art are Frank W. Donovan's avocations. A recent widower, father of two sons and a daughter and grandfather of three, he's chairman of the Board of the Detroit Grand Opera Association and the Association's former president.

He's also a member of the Operating Board of the Detroit Symphony Orchestra and a member of the Metropolitan Opera Association, a former Archives of American Art trustee, director of Arwin Galleries, Inc., member of the Board of Governors of the Stratford Shakespearean Festival Foundation and serves on the Corporate and Professional Membership Committee of the Friends of the Detroit Public Library.

A trustee of the Etruscan Foundation, he's chairman of the Foundation's Italian Flood Relief Committee.

As long as the administration seems to feel that we need a war economy, I have an idea. Let's continue to manufacture and produce for war.

But instead of shipping it to Asia where it's used against us, we'll load the ship with the stuff, take it to the middle of the ocean and dump it.

Simple! Congress still has its pork barrel. Labor will still be short. And prices will still be sky-high. But nobody gets killed!
