THE MACOMB COUNTY Board of Supervisors voted Wednesday to withhold its membership in the controversial Southeast Michigan Council of Governments. This will permit the supervisors to explore the possibility of forming a new council of governments composed exclusively of Macomb County communities and school districts. Macomb's refusal to join COG is the second major setback COG has encountered. The first occurred last year when the State Legislature failed to authorize additional powers to the group.

A TWIN-ROTOR Sikorsky S61 commercial helicopter fell apart in the air then crashed into flames on Wednesday half-way through its 32-mile flight to Los Angeles International airport, in Paramount, Calif. The flight had originated in Disneyland. All 23 passengers aboard were dead. The crash was the first fatality in the company's 21-year history. Federal Aviation Agency authorities are investigating the cause of the crash.

GOVERNOR GEORGE ROMNEY called Friday for a change in federal law to give state officials powers to end prolonged strikes, such as the Detroit newspaper strike, that create state emergencies. Romney said "The public interest in Michigan in a prompt settlement of the Detroit newspaper dispute is now much greater than the private interests involved."

Sunday, May 26

PRESIDENT CHARLES DE GAULLE laid his presidency on the line in a brief "yes" vote for his referendum proposal. A "no" vote he said would mean he would quit the presidency he has held for 10 years. Major leaders in the unions reacted with hostility to De Gaulle's proposal, saying that the need was not for a vote but for higher wages. The entire nation continued in a state of turmoil following the address. De Gaulle's reform program will be submitted in June.

THE MICHIGAN SENATE voted on Friday by a 21-15 vote to permit restaurant and hotel bars to sell liquor on Sundays, but not until most church services have ended. For the first time in years, both houses of the Legislature have approved Sunday liquor bills in the same session. The bills do differ however and an interhouse agreement must be reached before the measure can go before non-drinking Governor George Romney.

Monday, May 27

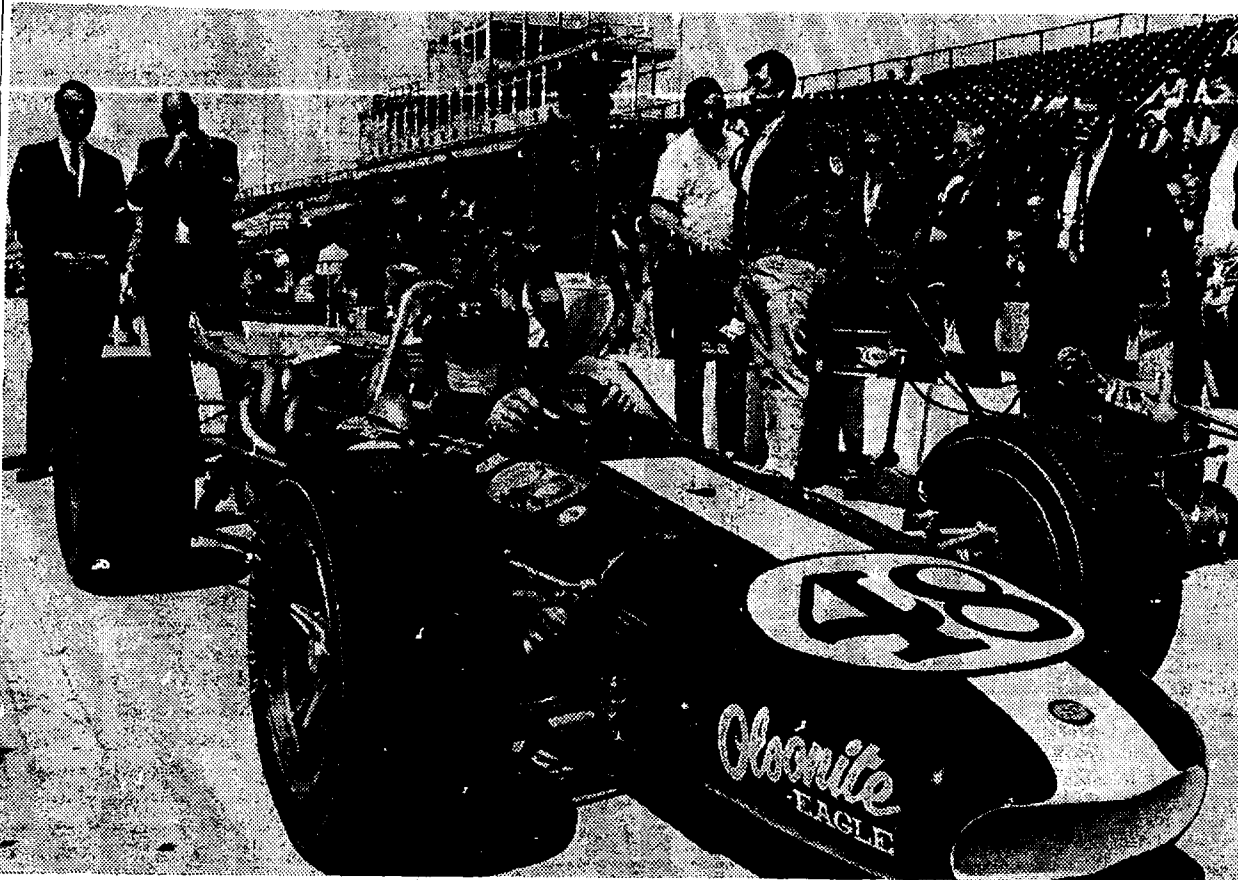

AN AGREEMENT worked out by French labor, management and the government today to end the nation's paralyzing general strike was rejected by two key automobile plants in the Paris area. None of the union leaders would predict whether the ten million striking workers would accept the pact and end the giant defiance of President Charles de Gaulle's government.

THE NUCLEAR-POWERED U.S. submarine Scorpion was reported overdue at sea Monday night with 99 officers and men aboard. According to the Defense Department, the Scorpion had been scheduled to return to Norfolk, Va., at 1 p.m. yesterday at the end of a routine operation. There was no hint of what may have happened since the submarine was last heard from a week ago.

NEW YORK GOVERNOR Nelson A. Rockefeller, accompanied by his wife Happy, flew into Detroit Tuesday night to seek Michigan delegate support in his bid for the Republican presidential nomination. The couple had dinner with Henry Ford II in what was termed a purely social visit with an old friend, before the governor's news conference and speech to the Economic Club of Detroit on Wednesday noon. He willingly agreed to be the central figure in a GOP quiz show.

Pointer Has Two Entries in Indianapolis 500

Oscar L. (Ozzie) Olson, of 66 Renaud road, industrialist and sportsman, has joined forces with DAN GURNEY, auto racing's most versatile star, in an all-out effort to win the Indianapolis 500 on Memorial Day. Olson, president of Swedish Crucible Steel Co., Detroit, is the owner of two Olsonite Eagles which Gurney's

All-American Racers Co., Santa Ana, Calif., has entered in auto racing's main event this year. Gurney, pictured at wheel, will drive one of the Olsonite Eagles in the 500 and the second will be driven by World Driving Champion Denny Hulme.

Graduation Schedule at St. Paul High

Baccalaureate Mass Sunday Morning Starts Week of Ceremonies; Honors Night Wednesday

Beginning with a Baccalaureate Mass at 9 o'clock in the morning of Sunday, June 2, the senior class of St. Paul High School will inaugurate a week of commencement activities. The freshmen class will treat the seniors to a breakfast immediately following the Mass.

Second on the agenda of activities will be the annual Honors Night Convocation to be held in the St. Paul gymnasium on Wednesday, June 5, at 8 o'clock. This is actually the highlight of the week, because it is at that time that the seniors of '68 will exchange the torch and the rose with the class of '69 and thereby bring in the new senior class.

Father Leonard Wallace will preside over the ceremony with Father Vincent Welch assisting him. Guest speaker for the evening will be Judge Robert Pytel. Seniors James Hayes and Karen Scheele will make student presentations.

Graduation will take place at St. Paul Church on Friday, June 7, at 7:30 p.m. Rev. John J. Castellet, S.S.J., S.T.D., S.S.L. of St. John's Seminary, Plymouth, will deliver the commencement address. Father Wallace will confer diplomas at the ceremony with Father Welch assisting him.

\$1,084,275 City Budget Gets Council's Approval

At its regular meeting on Monday, May 27, the City Council voted to adopt the annual budget for the fiscal year, beginning July 1, 1968 and ending June 30, 1969. A public hearing on the budget was held on May 6.

Based on a state equalized valuation of \$40,583,900, and a millage rate of 20.86, a total of \$858,900 will be raised by local taxes for both operating and debt purposes. Last year's millage rate for these purposes was 19.38 based on state equalized valuation. Local property taxes currently provide 79 percent of all general fund revenues. The budget provides a significant first step towards a long-range street improvement program. An estimated \$30,000 has been allocated to street resur-

School Trustee Discusses 'The Secret Minority' and Citizens for Education

Welcomes Opportunity to Explain Groups Supporting Two Candidates in Election Scheduled for June 10

By Cal Sandberg
I have asked to present a viewpoint that differs from statements that have appeared in The Grosse Pointe News. After the encouraging "They're At It Again," GPN editorial, I accept the assignment with enthusiasm.

Let me, first, attempt to explain "that group" that is supporting candidates Halsey and von Gruenigen. Called, at times, the "unidentified minority" or "secret minority," the group has never had any formal name. However, Secret Minority, if not an accurate description, at least gives it a label and, I'm sure, adds an aura of mystery and romance that delights many of the workers.

The SM is not the Grosse Pointe Voters Association of 20611 Wedgewood. The Association is purely a legal instrument, properly registered, to receive campaign contributions, if any. It has four officers, two of whom are not even active participants in this campaign.

Has No Officers
The SM, itself, has no officers nor anything that can be dignified by the term: Organization. Any attempt by male logic to diagram its tenuous feminine inter-relationships only leads to despair. I don't even try.

But it is effective. Last year, the SM spent some \$750, (a matter of public record), to elect two candidates to the Board. This year, it will probably spend about \$150 more. This amount, it efficiently used, is more than ample to take the SM message to a community of this size. The information that

the opposition is prepared to spend some \$8,000 in an attempt to elect its candidates is, to the typical SMer, a frightful extravagance and symptomatic of what is wrong with the opposition's philosophy. The credo of SM workers, candidates, (and trustees) is: Bucks are not a substitute for brains.

Basic Attitudes
The SM has no formal written set of principles, yet, I feel all its members seem to support three basic attitudes. These are: (1) Our present school policies are no longer giving our children the level of education we feel they are entitled to and which they once received; (2) that the fiscal policies of the system are still based on a "seller's market" that no longer exists in this community, and which are sorely in need of revision and reform; and (3) that the hope of this system rests in a vigorous defense of local control that is truly representative of the intellectual capabilities

City Agrees To Ban DDT Tree Spray

Will Substitute Methoxychlor to Protect Elms Beginning with Next Spring's Program

Another Grosse Pointe community has decided to use Methoxychlor for spraying against Dutch Elm disease instead of the more toxic DDT. The City of Grosse Pointe Council on Monday, May 27, concurred with the recommendation of City Manager Thomas Kressbach, to use Methoxychlor beginning with the spring of 1969 spraying.

The Environmental Defense Fund, of Brookhaven, N.Y., an organization of scientists, has been waging a war against the use of persistent, broad spectrum pesticides, such as DDT, in publicly-financed and directed pest-control programs for months, carrying their fight to the courts.

All five of the Pointes were included in the staggering list of defendants and would-be-defendants in the suits. Since that time the City of Grosse Pointe Woods has initiated the use of Methoxychlor. It is anticipated that the suits against the Woods and the City will be dropped following their actions.

Both the Michigan Department of Agriculture and the Kalamazoo Nature Center have concurred with the Environmental Funds beliefs regarding Methoxychlor, and it has especially stressed that it is less dangerous to birds and animals.

Issue Warning On Solicitors

Be cautious about a so-called "Local Welcoming Committee" which has been reported to the Better Business Bureau.

According to several residents one receives a telephone call from a nice voice asking how he or she likes the schools, likes the community, then offers a free cookbook . . . If one buys a magazine subscription. The caller hangs up when the resident questions what company the caller works for.

This is not Welcome Wagon. It is not a local project. Don't be fooled.

PAPERS PILFERED
Mrs. C. B. Crouse, 288 Provincial, reported the theft of a Manila envelope from her automobile, which was parked at a meter near Mondy Cleaners, on Fisher road, on Thursday, May 23. The envelope contained personal papers. City police are investigating.

Memorial Center Drive Nears Goal Set for Thursday

Contributions Close to \$80,000 Quota; Campaign Will Continue Throughout Year; 1967 Gifts Totaled \$82,073

Grosse Pointe War Memorial's 1968 Annual Family Participation Campaign is close to its goal and it is hopefully expected that the monies needed to operate beginning in August will be forthcoming by this Memorial weekend. The latest report shows \$79,189.50 has been received from 5,004 donors. At the end of last year \$82,073 was given by 5,098 families.

Harry W. Mellen, treasurer of the Grosse Pointe War Memorial's volunteer board of directors, is very pleased with the prompt response received to the personalized letters sent to the families of all five Grosse Pointes. He fully expects the flow of gifts to continue as a result of newspaper articles, advertisements, follow up letters and telephone calls.

To those who find it more advantageous personally to give later in the year, Mr. Mellen hastens to assure them that gifts are gratefully received whenever given and are tax deductible for the calendar year in which made.

William F. Huettnerman, president, and the entire board of directors wish to thank the citizens of all the Grosse Pointes for their excellent response to the 1968 Annual Family Participation Campaign. They pledge to continue the program and services which have elicited this support.

A word of grateful appreciation is added to the following donors whose gifts have recently been received:

FENDER FOUND
City policemen Edward Miller and Ronald Pryor found a new fender which had apparently fallen off of a Chrysler truck on Fisher and Kercheval on Monday, May 27. The fender was tagged and held at the station until local dealers were contacted.

Other meetings at which the School Board candidates are scheduled to appear include a meeting of the League of Women Voters at Pierce Junior High School to be held June 5 at 8 p.m., and a meeting of the Women's Republican Club of Grosse Pointe to be held at the Grosse Pointe War Memorial at 10 a.m. on June 6.

Kerby Field Improvement Meeting Draws Big Crowd

Approximately 100 persons attended an informal, special hearing, held in the Farms Municipal Building, 90 Kerby road, on Monday, May 27, to discuss proposed improvements at Kerby Field, Kerby road and Chalfonte avenue.

The meeting was chaired by Councilman Richard Hudson, who with his committee, sought the best possible re-development of the field.

Before seeking comments from the audience, Hudson informed the people that his committee, appointed and charged with the study of the proposed improvements by Mayor William Butler, last November, had carried out the study during the winter months. Each member of the committee represented an interest, he pointed out.

Hudson said that he represented Little League Baseball, Babe Ruth Baseball, and Little League Football. His colleagues, H. Gordon Wood, represented those interested in tennis; Nancy Waugaman, civic interests; Dean Riddle, citizens neighborhood and engineering; and Robert Weyhing, St. Paul School. When the chairman called for a showing of hands, to indicate what interests the audience represented, approximately 60 persons showed they were for Little League Baseball. Hudson said that the prime purpose of the meeting was to accept suggestions from the people to present to the city council, at the next regular meeting on Monday, June 3. He said that annually, at

Negotiating Teams Start Discussions

Board of Education and Staff Representatives Meet in Two Sessions During Past Week

The Grosse Pointe Education Association 1967-68 Negotiating Team presented their proposal for salary and benefit improvements to the Board of Education's Negotiating Team last Thursday. They met for further discussions yesterday but negotiations are far from a settlement.

Included on the Association's Negotiating Team were Donald Richards, president; Virginia Downs, past-president; Edward Wurnet, vice-president negotiations; Donald Keith, vice-president salary; Stanley Smith, salary; and James Haskell, salary. Members of the Board of Education's Negotiating Team are: Dr. Theos I. Anderson, superintendent of schools; Lawrence F. Kennedy, assistant superintendent professional services; William C. Mogk, principal of Pierce Junior High School; Roger O'Connor, principal of Barnes Elementary School; and Richard W. Kay, director of community services.

Based on Long Study
The teachers have based their requests on extensive studies of other communities' teacher salaries as well as other public service employees salaries.

It was interesting to note that their proposal was entitled, "Striving for Excellence."

The report was preceded by some startling statistical material. From the National Education Association Journal—January 1968, "Education is the career choice of only four percent of male college students according to a U. S. Chamber of Commerce survey."

Another was: "Teachers are among those workers in the nation most likely to take moonlighting jobs according to The National Consumer Finance Association."

And this from Bureau of Labor Statistics, "City Worker Family Budget, Bulletin No. 1570-1 October, 1967: 'The typical American family needs an income of more than \$9,000 a year to maintain only a moderate standard of living.'"

Grosse Pointe's beginning BA salary of \$6,475 is 31 per cent below the moderate living budget for a family of four. The proposed beginning BA salary of \$8,000 is still 15 per cent below the same budget.

Act To Lower Smoking Age

The Grosse Pointe High School Student Council is taking action to influence the Michigan State Legislature to abolish the present smoking laws in the state.

Currently, House Bill 2565 of the Michigan House of Representatives, seeks to change the minimum smoking age from 21 to 18 years of age.

Al Fortunski is chairman of the Student Council's smoking committee which introduced and passed in the Council a resolution to circulate a petition in homes to lower the smoking age.

The petition states, "We the undersigned feel that the present law is ineffective and unenforceable in view of our experience at the various high schools in the Border Cities League. Therefore, it is the opinion of the undersigned that House Bill 2565 be changed to read that there be no age limit to the use of tobacco."

"Parents would use their own discretion as to their child's smoking, and sales, to the discretion of the proprietor in whose store the cigarettes are sold. We think the emphasis should be placed on Youth Education to the dangers of smoking."

Copies of this petition are currently being circulated in other Border Cities League schools. When they are signed they will be returned to the high school and forwarded to House Majority Leader, Robert Waldron.

and aspirations of this community.

Is the SM a political party? It certainly fulfills the requirements of one. It selects candidates, endorses them, supports them. Is it a liberal or conservative oriented group? Well, two of its concerns are reform-minded, the third, definitely, status quo. Is a Trustee, (or a candidate), supported by SM a tool of a free agent? I certainly am a free agent. No one has ever presumed to tell me how I should vote . . . and it's just as well they haven't.

Looks at Citizens

Now, let's look at the Citizens for Education. We watched the genesis of this organization with obvious interest and learned a few things about it. In spite of its pretensions of being only an objective education study group, it was a bonafide party, (it selected, endorsed and supported candidates). And since its creators were composed of those who opposed the SM candidates in the last election, (and still do), it was obvious that Citizens for Education was formed to be the opposition party.

Nothing wrong with this. Voters should have a choice. And CFE principles do offer an alternate view: (1) The school system is all right the way it is; (2) the fiscal policies and procedures of the system are all right the way they are; and (3) assimilation of our local school district into a regional government might do some good.

Defends CFE's Rights

I don't agree with those who feel that CFE has no right to evaluate candidates ("who evaluates the evaluators?"). This would be a legitimate criticism if CFE was presuming to be the official candidate sanctioning organization of the entire Grosse Pointe community. I suppose there is some implication in this direction, but I feel that most of us in the Grosse Pointe School District recognize CFE as just another political group, exercising its natural right to select and reject whom it chooses.

But I can't understand the distress about the fact that the SM candidates did not submit their qualifications and seek the endorsement of the CFE party. Does Senator McCarthy submit his qualifications to the Republican party? Does Nixon seek the endorsement of the Democratic party? For that matter, have Mrs. Thompson and Mr. Allen submitted themselves for evaluation and support by the SM party?

I am more disturbed by the success of CFE in discouraging eligible candidates from exercising their right to submit their qualifications directly to the electorate. For example, Mr. Peebles was discouraged from running by his failure to win CFE endorsement. Yet, Mrs. Thompson, with an almost identical voting record over the past four years was encouraged and supported. It is possible the criteria of who will be encouraged are based, not on what the candidate stands for, but whether he can win or not?

Sees Other Possibility

An even more interesting possibility was if Halsey and

Cub Pack Holds Awards Night

Climaxing an event-filled season, Cub Scout Pack 34 held its final meeting and awards night Thursday evening, May 23, in the Ferry School gymnasium.

Incumbent Cub Master Frank Perkin and his wife Barbara, the head Den Mother, were awarded B.S.A. service pins by Mr. Van Egmond for their spirited leadership and guidance.

Boys and their fathers enjoyed skating, a baseball game, a field trip to Selfridge Air Force Base and other activities directed this year by Judge Blair Moody, Jr.

Four boys were presented the Webelos Award and will go into regular scouting this fall. They are: Andrew Donato who received all fifteen activity badges, Bruce Duncan, John Paterek and Frederick Van Horne.

Henry Deman and Mr. Donato were commended for their work developing these boys' talents.

A special plaque in recognition of leadership and service to Pack 34 was presented to Dr. Donald Ingram. As past Cub Master and all around leader of pack activities, the boys and their parents appreciate his many contributions. He is leaving Grosse Pointe this spring.

Young Driver To Go to Court

A youth stopped by Woods police for driving without lights, was found to be operating a motor vehicle while his license was revoked.

John H. Shugrue, 20, of 18953 Woodland, Harper Woods, was traveling west on Renaud, toward Mack avenue, when he was observed by Cpl. Thomas Kerving at 1:25 a.m. No lights were visible on the youth's car.

Shugrue was stopped at Huntington and Mack, and asked for his operator's license and car registration.

The officer requested a check of the license, and received return information that Shugrue's license had been revoked by the Secretary of State's Office in Lansing. The license was confiscated and held for the Secretary of State.

Shugrue was given a ticket for driving while his license was revoked, and will have to appear before Woods Municipal Judge Don Goodrow on July 13.

Kerby Field Improvement Meeting Held

(Continued from Page 1)
budget time, a sum is set aside for improvements at the field, but for the past three years, major expenses have hit the Farms, and the funds were diverted to meet these expenses. But, this year, he added, he thought something could be done to start the improvements. Hudson said he contacted officials of Farms Little League Football to determine what affect eliminating football facilities at the field would have on the league, and was informed

that since the League played only four games a year, this would not hurt the organization too much. Games could be played elsewhere. However, he said, St. Paul High School officials disclosed that if the football facilities were removed, the school's Class C standing would be hurt, since the field is the only place practice is held. Too, the committee contacted Babe Ruth leaders on the proposed elimination of the 90-foot diamond, but this proposal was

not looked upon with favor by the League. So, it was decided that the facilities would be retained, especially so that St. Paul can keep its athletic standings.

The myriad proposals offered by the citizens indicated that the people were extremely interested in the improvements, but one citizen questioned how taxes would be affected, when it comes to pay for the needed project.

Hudson said that the estimated cost of \$90,000, was a very rough estimate, but that the proposed improvements would not be done all at one time, but over an extended period of years. The financing will be decided by the Council, he added.

A proposal was offered that the Farms increase its annual contribution to the maintenance of the field, since the annual budget item of \$450 was inadequate. The other Pointes, it was pointed out, set aside large sums each year for Little League diamond upkeep, with the Park, for instance, spending \$2,000 a year for this purpose.

The Little League enthusiasts advocated the removal of tennis courts from Kerby Field, to create more room for baseball diamonds. It was suggested that the courts be moved either to the Municipal Pier-Park, or to the McMillan playground of the Richard School.

Hudson, and the members of his committee stressed that the installing of tennis courts in the playground could not be done, because the property is owned by the Grosse Pointe Board of Education. Although the School System is maintained by the citizens' taxes, city taxes cannot be used to put tennis courts, or other city recreational facilities on school property.

An interesting phase of the meeting was the fact that even those who do not play tennis, advocated extra courts for those who enjoy this sport.

The chairman stated that because of the limited areas for recreation in the Farms, there are only three locations available for the placing of tennis courts, and these are in Kerby Field, the Pier-Park and the level area situated on the land of the Water Filtration Plant.

Everyone had an opportunity to talk on behalf of their favorite recreation group, but Mrs. Jane S. Frost of Hillcrest road talked about a very neglected, it seemed, group, the tots of the neighborhood.

She asked that a "corner of the field be set aside for the little children," where they could play. She presented a prepared sketch layout for swings, slides and so on, so that tots, too, can enjoy recreation at the field. The proposed suggestion, with the plan outline, was accepted by Hudson, to be given to the city council.

A resident living in close proximity to the Department of Public Works garage, Chalfonte and Kerby, requested that something be done about removing the rubbish piled against the outside of the DPW building at the end of each week waiting to be transported to the dump.

Health and recreation, he said, is "like ham and eggs." Both go well together, but no one wants children, or anyone else, to play in or near "a dump," which is what the situation looks like behind the garage, which is close to the field, he added.

After receiving and recording the comments and suggestions of the citizens, Hudson asked for volunteers from the audience, who would be interested

Fewer Park Burglaries; Auto Mishaps Increase

Breaking and entering, (burglary), crimes decreased an amazing 55 percent, and automobile accidents increased four percent in Grosse Pointe Park during 1967 as compared to the records of the previous year.

These figures are shown in the annual 1967 Park Police Department report recently submitted to Robert Stone, city manager, by retiring Police Chief Arthur E. Louwers.

During last year 19 burglary reports from homes, and an equal number from stores and offices were reported. No pocket picking or shoplifting complaints were made to Park police. However there were four purse snatchings, and 241 bicycles were stolen. Thfts from automobiles totaled 16, and 52 varied auto accessories, valued at \$1,629, were reported stolen.

A total of 359 automobile accidents were listed by Park police, the majority of them on Jefferson (71), Kercheval (52) and Mack (51) avenues.

More Bike Violations
Last year there were only four bicycle accidents noted, as compared with 13 in 1966. However, in this same period bicycle violations increased from 67 to 101.

"Since today's bicycle riders will be tomorrow's automobile drivers," Police Chief Louwers report read, "It is necessary to teach proper safety rules at an early age. This training is promoted through both the Police Department's Safety Bureau, and the schools. Our officers issue a special bicycle violation notice for improper behavior. Should a parent fail to return the signed notice, indicating their knowledge of the described violation, a special informative letter is sent."

During 1967, the report shows, 59 juveniles were cited for speeding in automobiles, five for reckless driving, and 96 for various other traffic violations. Of these, 37, had their licenses suspended, 15 were ordered to attend traffic school, and 17 were required to write essays on traffic safety.

Commenting on this phase of law violation, Chief Louwers said: "Any juvenile apprehended while driving without a license, is immediately transferred to the Detention Home. With but few exceptions, all so charged were delivered to the custody of the Wayne County Probate Court authority."

13 on Probation
During the past year 13 juveniles were placed on probation to the Police Department, 86 were remanded to parents, and 30 were turned over to other jurisdictions. Among juvenile violations were larceny (3), auto thefts (23) and breaking and entering (17).

The Service Division of the department issued 121 taxi operator licenses, 1,171 dog, and 932 bicycle licenses. Park police received a total of 5,431 calls, impounded 86 dogs and 12 cats, traveled a total of 184,264 miles in police cars that consumed 24,791 gallons of gasoline. They also traveled 5,087 miles by motorcycles, which used 102 gallons of fuel.

Chief Louwers reported three retirements in the department at the close of last year. They were Arthur Conlan, Stanley Enders and Adhemar Mouton. Their places have been filled by Michael C. Kortas of 12122 Kilbourne, Detroit, a Marine Corps veteran who served in Vietnam, Lawrence D. Rice, 293 Manistique, Detroit, also a Marine Corps veteran, both single, and

Edward B. Serwach, 2683 Belmont, Hamtramck, who has a wife and young son, and is studying police administration at Macomb Community College. The total force is 30, plus six school guards, and a part-time dog warden.

The road to success in this modern age is a public highway—not a private thoroughfare.

MOWER STOLEN
Lloyd Jones of 333 Chalfonte, phoned Farms police on Saturday, May 25, and informed them that someone broke into his garage and stole his rotor-type power mower, valued at \$60.

Special Recognition Won By Public School System

The Grosse Pointe Public School System has been cited for special recognition in the 1968 School Public Relations Awards contest, conducted by "School Management" magazine. The district was honored for its new teacher-recruiting publication, "Opportunity to Serve Youth in Grosse Pointe, Michigan."

In this eighth year of the contest, more than 1,200 entries—a record number—were received and judged. The 136 winners, representing nearly 100 communities in 35 states and Canada, were announced in the May issue of the magazine, a leading national publication for school board members and administrators.

Grosse Pointe's prize-winning recruiting materials consist of a kit containing five attractive folders, each on a topic of interest to the potential teacher. For example, one is devoted to each of the levels of instruction, elementary, middle, and high school. Another covers the community, while still another

is concerned with salary schedules and fringe benefits. A letter to all teaching applicants signed by Dr. Theos I. Anderson, Superintendent of Schools, is included, as is a map of the metropolitan area.

The new materials had their genesis in the formation, a year ago, of the schools' Public Relations Advisory Committee. This group, under the chairmanship of George T. Eddington, Assistant to the Superintendent, has delved into a number of aspects of school-community communication, with an eye toward improving them.

Grosse Pointe residents who served as committee members on the recruiting materials project included Theodore J. Wilner of J. Walter Thompson Co., David Fairless of Michigan Bell Telephone Co., and William Ludwig of Touche, Ross, Bailey, and Smart.

School staff members, in addition to Mr. Eddington, included Gary Souter, former graphics teacher at Grosse Pointe High School, and Mrs. Joan Kubista, currently on leave from Mason School. Her husband John, an artist and currently a sales representative for New Center Studios, became interested in the development of the new publication through his wife's participation on the committee. In turn, Mr. Kubista brought the project to the attention of Bill Kastan, well-known Detroit artist.

Although Mr. Kastan's range of talents and credits is virtually limitless, he had never before worked on a school-related project. He accepted the challenge by designing a cover showing the lamp of learning interwoven with a stylized row of children, a unifying touch for the entire kit of materials. Another distinctive feature of the packet is a modernistic logo, or symbol, incorporating the letters GP.

Paper stock in warm, vibrant colors is used to enhance Mr. Kastan's original black line drawings and appropriate photographs.

Mrs. Paul G. Hykes, president of the Board of Education, commented on the successful outcome of the project. "I have been pleased to participate as liaison between the Board and the Committee," she said. "We hope that the entire community will realize that we have had the benefit of thousands of dollars worth of time and talent donated freely and generously by leaders in the communications profession. They deserve our gratitude for bringing the project to realization. We are indebted to them all," she concluded.

Discussing the initial success of the project, Dr. Theos I. Anderson, Superintendent of Schools, said, "I have taken copies of the packet with me to recent meeting of school administrators. They have been unanimous in their praise for our up-to-date approach to recruiting. They all realize, as we do, that we must constantly devise new means of attracting teachers." "Candidates have expressed considerable pleasure with the completeness, format, and esthetic quality of the recruiting material," Lawrence F. Kennedy, Assistant Superintendent-Professional Personnel, stated. "We feel the brochure has high visibility and is attracting the attention of possible candidates more effectively than ever before."

"Some applicants state that they get a most favorable impression of the school system because of the quality of the effort made to solicit their candidacy. If we are willing to put the talent, time, and effort into preparing such excellent materials they are inclined to feel that other aspects of our educational program will likely be of similar calibre. In short, we are putting our best foot forward in a significant and highly recognizable way," he concluded.

Special Meeting Of School Board

A special meeting of the Grosse Pointe Board of Education has been scheduled for 7:30 p.m. on Monday, June 3, in the auditorium of Parcels Junior High School, Mack ave-

nue and Vernier road. Purpose of the meeting is to allow candidates for two trusteeships in the June 10 election to express their respective philosophies.

The public is invited to attend.

How old am I? I was born in Armenia back when people didn't keep records. Now I'm retired and want to collect my benefits.—K. L.

You're 61, and you start collecting benefits Aug. 8. Social Security is sending back the two bags full of conflicting birth date records you sent, has decided to believe your real birth date was Aug. 8, 1906. Your records showed three different birth dates between 1905 and 1907, but the feds bought the middle one when Action Line showed them a faded inscription in your aunt's family bible. Anyone who can prove the lack of official birth date records can satisfy S.S. with a variety of other documents—from midwives' statements to hospital bills—but be sure the date's the same on all of 'em.

I win \$10 from a pal if you answer this question the way I did: In the Sherlock Holmes stories, what was Dr. Watson's first name?—R. L.

Elementary, dear sir: John. Most of the time that is. Sir Arthur Conan Doyle himself slipped up once or twice on the detective's sidekick's first name. In one story he had Watson's very own mother calling the doctor "James."

I have two Army discharges—one honorable and one dishonorable—and I'd like to use just the good one in applying for a job. Trouble is, I'm afraid the employer would check the Army and they'd foul it up for me. What should I do?—F. G.

Rip up the dishonorable one. Any employer who checked far enough would find out what Action Line learned: That you were wounded in Italy in '44; that a doctor later declared that you were fit for active duty; but that you were discharged and went AWOL for 111 days; that you were court-martialed, sentenced to five years, and were dishonorably discharged; that after two years your CO revoked the dishonorable discharge on condition that you re-enlist; that you went back to active duty and earned the honorable discharge. Good luck on the new job.

I think some smart cop is pulling a fast one on me. I cut through a parking lot to get around a red light and he gave me a ticket. Can he do that?—G. P., Bloomfield Hills.

He can—in your town and 247 others in Michigan, including Detroit. You can't zip through private property, gas station service drives, or alleys to beat traffic lights. One guy beat the rap: He was charged with roving through a gas station at 60, passing a cop car on the wrong side, crashing into a gravel pit. Jury: let him off, saying they just didn't believe that much could happen to ANYONE.

I drove through Burnside, Ky., and they've got signs at the city limits saying "The First Boy Scout Troop in America Originated Here." Do they have the right to make that claim?—R. R., Plymouth.

As much right as West Philadelphia, Baltimore, New York City, Cincinnati, Lansdown, Pa., and Elizabethtown, Pa.—which also claim the first troop. Boy Scouting started in England in 1908, spread quickly to America with several groups doing good deeds—including a bunch in Burnside. But the National Boy Scouts of America didn't consolidate and start keeping records until 1910. Girl Scouts were tidier bookkeepers. Their first troop was started by Juliet Low, March 12, 1912, in a stable behind her home in Savannah, Ga.

My husband died when I was 47. I have no intention of remarrying, my only child is grown and married, and I want to do something useful with the rest of my life. Teachers Demand Pay Boost; Negotiations Started by Teams

(Continued from Page 1)
as compared with officers of one of the Pointe's police departments. The teachers started off with the cost of college, \$6,800 plus \$33,900 (police-

man.)
wages for four years) and came up with \$40,700 behind when they begin to work in their fifth year. (This police department pays \$8,000 per year for patrol-

men.)
On a 20-year basis, after the teachers have worked off their initial deficiency of \$40,700 they are still \$72,605 behind he salary earned by some local patrolmen... teachers over that period have earned \$102,095 as compared to \$174,700 earned by patrolmen.

The comparison was made since both jobs can be considered public service in nature.

Another interesting statistic in the report says Grosse Pointe ranks 70th in taxes spent for schools in Wayne, Oakland and Macomb counties.

Salary Requests

Here are some of the requests of the teachers as presented to the Board of Education's Negotiating Team.

Presently the School Salary Schedule is based on 12 steps for BA, 13 for MA, or 12-13 years. The teachers are requesting that this be changed to 10 steps or years.

As to direct salary changes here are the requests. In the first year current salary with a BA is \$6,475. The teachers are requesting \$8,000. In the second year, the salary is currently \$6,735 and the new proposal is \$8,040; the third year currently pays \$7,360 and the new proposal asks for \$9,920; currently the fourth year salary is \$7,680 and the request is for \$10,560. In the fifth year current salary is \$7,980, new request is for \$11,200; sixth year currently is \$8,300, new proposal \$11,840; in the seventh year currently a teacher is paid \$8,625, new proposal is for \$12,480; the eighth year current pay is \$8,950, new request is \$13,120; in the ninth year current wage is \$9,335, new request is \$13,760 and in the 10 year current salary is \$9,725 and the new request is for \$14,400.

For MA Degree Holders

The requests for those with master's degrees are as follows: In the first year current salary is \$7,075, the request is for \$9,600; in the second year, current salary is \$7,340, the new request is \$10,240; the third year current salary is \$7,980, the new request is for \$11,520; in the fourth year current salary is \$8,305, the new request is for \$12,160; the fifth year currently pays \$8,640, the new request is for \$12,800; in the sixth year the current salary is \$9,100, the new request is for \$13,440; the seventh year pays currently \$9,450, the new request is for \$14,080; in the eighth year the current salary is \$9,800, the new request is for \$14,720; the ninth year pays currently \$10,275, the new request is for \$15,360; in the tenth year the current salary is \$10,625, the new request is for \$16,000.

Other Proposals

Other proposals included in the teachers' requests are that public librarians' annual salary (11 months) be determined by adding 22 per cent to the corresponding teachers' annual (10 months) salary.

They also proposed a 10 per cent increase on each step of the AB nurses' salary schedule and a 7 per cent increase on each step of the R. N. nurses' schedule.

With regard to full-time substitute teachers they propose a 10 per cent increase on each step of the present full time substitute salary schedule.

On the day-to-day substitute they propose the daily rate of substitutes be increased to \$34 per day.

The proposal also asks for an increase in pay for extra college courses as well as full payment of tuition for college

courses taken, rather than the minimal \$15 currently received.

Credit for Experience

They also proposed that full credit for outside experience to the top of the appropriate salary schedule be granted. They felt this clause would help bring to The Pointe many more experienced teachers.

They also asked that teachers be granted the services of credit union deductions. (This is merely a case of bookkeeping).

Currently teachers are paid \$3.57 per hour for extra duty such as sponsoring a club, athletics, school newspapers, etc. They want the extra duty rate increased to \$5 per hour, and

ask that the building committee have the prerogative of establishing a total dollar amount for each duty to eliminate the necessity of keeping account of hours. It is noteworthy here to mention that teachers' extra duty does not include open houses, PTA meetings and make-up work; this is all done without payment.

They have also included in their requests increases in long service increments to be paid to eligible teachers.

Other Requests

Other requests were improved insurance benefits, a medical insurance proposal, group term life insurance and a request that

a summer school teacher be paid 10 per cent of his regular salary, recognizing an undefined.

able amount of time in assigned meetings during the regular school year.

The total cost of the teachers' requests would amount to approximately three million dollars.

The Board of Education is considering the teachers' requests. The teachers stand firm in their desire to have better education in the school system and feel that unless the salaries and benefits are brought up to a more livable income Grosse Pointe will eventually be unable to attract teachers with experience and vision.

They feel their requests are reasonable in the light of the current economic situation. They no longer wish to be second class citizens... they want to be first class citizens, as well as first class teachers. Since they spend almost as much time with Grosse Pointe's children as do their parents, they believe they have the right to expect this consideration.

City Budget

ment \$134,235, Public Improvement and Other \$103,780.

City Manager Thomas Kressbach pointed out that the spiraling prices in the economy are continuing to produce a sharp impact on the budget. Although the City's total number of employees has not increased in recent years, including the adopted budget, wage costs have nevertheless risen significantly. Other costs affecting the budget have also risen including hospitalization insurance, social security, refuse disposal, and public works equipment replacement.

Reports Losing \$3600 Bracelet

Mrs. Harry Mack, 345 Rivard, called City police on Tuesday, May 21, to report the loss of a diamond bracelet valued at \$3600. She told police she left her home at 6 o'clock that evening to visit friends at 555 Rivard. She returned home around 11 o'clock and discovered the bracelet was missing.

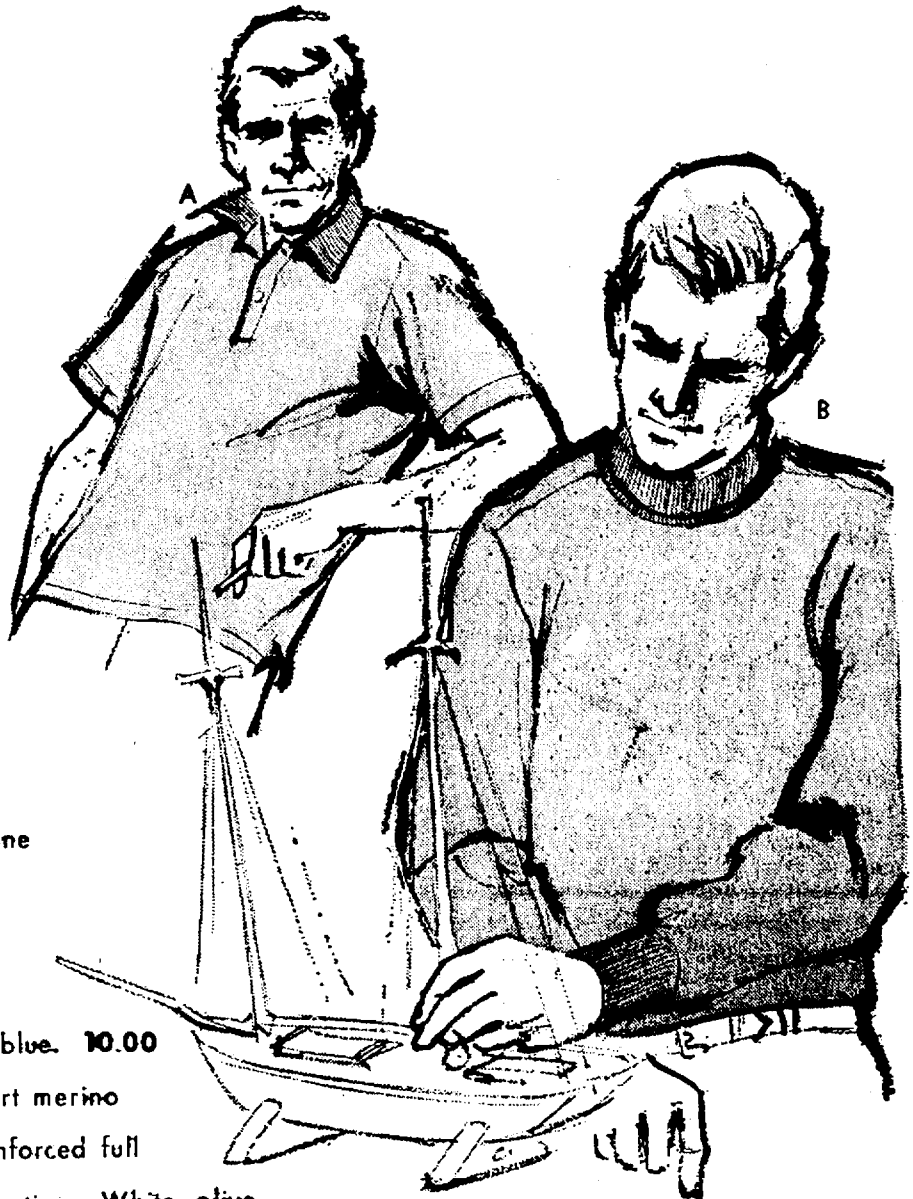

Mrs. Mack said that upon leaving her friends' home the bracelet caught in her coat and she adjusted it on her wrist. She suggested that the latch on the bracelet might have broken at that time.

The bracelet was insured. It is described as a half inch platinum bracelet with a large diamond at the top, circled with smaller diamonds, then a double row of smaller diamonds circling the entire bracelet.

College Trend

By Tom TRENDowski

What is today's most significant College TREND? The prospect of co-education at Ivy League schools? Is it the tumult by restive campus groups?

The fact is that the most significant College TREND today is the explosive growth of the Community College Concept. This is true both in terms of plant facilities and in enrollment.

There are a number of reasons for the new TREND. The basic reason is that it makes good sense to bring the school to the student.

The expanding Multiversity—the mammoth publicly supported college—has reached a practical limit of growth. The massive college campus is not the answer to America's growing college needs. As for the private sector, even the best endowed private colleges are limited in funds available for expansion.

The KEY to the problem is the Community College. —This is the concept which can close the gap between the high school and the University. It is a feasible, practical approach—a truly economical solution to the cultural, technical and vocational needs of the many.

The new College TREND fills the educational gap in several important ways:

1. The first two college years are made possible to many at a modest cost.
2. Opportunities for upgrading educational, cultural, and technical levels are made available to the mature student and to the worker.
3. Quality technical/vocational training becomes possible for those endowed with mechanical skills and abilities.
4. The Community College center becomes an organic, functional part of its community. It thus provides a new dimension for cultural enrichment and civic participation in this important part of the educational process.

(Next week: The role of the concerned citizen, and the uncommon man)

Note: The Author, Tom Trendowski is a Community College Trustee candidate. He is a graduate of Wayne State University where he received his AB and MA degrees, and a Michigan Life Teaching Certificate. He has attended the University of Chicago, and was awarded an MBA degree by the Graduate School of Business Administration of the University of Michigan. He is a member of several professional societies, and has participated in civic groups devoted to the cause of education. He presently is employed as an engineer by the General Electric Co.

Bad Drivers Receive Stiff Penalties in Park Court

Found guilty of driving under the influence of intoxicating liquor, in addition to speeding 70 miles per hour in a 30-mile zone, John Alfons Wibbelman of 69 Hall place, was given a triple sentence by Judge C. Joseph Belanger in Grosse Pointe Park Municipal Court on May 22.

On both charges Mr. Wibbelman entered pleas of not guilty, but was found guilty by Judge Belanger, who sentenced him on the drunk driving charge to an \$85 fine, or 20 days in jail, and recommended that the Secretary of State revoke his driver's license for six months. On the speeding charge the sentence was \$75 or 20 days in jail. The fines were paid.

Four other cases were heard in court, nine drivers had their bonds forfeited, and eight cases were sent to Lansing for failure to answer the summons of the court.

Donald McClarty, 942 Nottingham, Grosse Pointe Park, entered pleas of guilty to two charges of driving without a valid license, and was sentenced to five days in jail on each count. In addition he was fined \$50 for having a mutilated license.

After pleading not guilty to a charge of speeding, Jeffrey W. Smith, 413 Champagne place, Grosse Pointe Farms, was found guilty and sentenced to \$15 or five days in jail. The fine was paid.

Entering pleas of guilty for not having a registration certificate in his possession, for speeding 50 miles per hour in a 30-mile zone, and for having no liability insurance, James Caudill, 7252 East Lafayette, Detroit, paid fines of \$20 \$25 and \$15, on the respective charges.

After pleading guilty to having no operator's license on his person and fined \$2, Chester A. Lowe Jr., of 908 Webb, Detroit, was found guilty of driving "while his ability was impaired," and reckless driving. He was fined \$85 and placed on probation for six months, with the stipulation that he may drive his car only to and from work.

Those whose bonds were forfeited by Judge Belanger for failing to appear in court, are: Gordon Handley, 1325 Manistique, Detroit, speeding 45 in 25 mile zone, \$35 bond, and \$2 for no license on person.

Athanasios Patouhas, 2937 Lakewood, Detroit, 35 miles an hour in 25 mile zone, \$15. Gordon Vitatoe, 916 East Grand Boulevard, Detroit, no valid license, \$75. Roger Jump, 10326 Somerset, Detroit, speeding, 45, forfeited \$20 bond.

Thomas Walsh, 880 Beaconsfield, Grosse Pointe Park, improper backing, \$10; Patricia Burke, 11702 Rosemary, Detroit, 43 mph in 30 zone, \$17.50; Alden Kiefer, 22712 Worthington court, St. Clair Shores, failed to stop for red light, \$10. Rodney Grayson, 627 Drexel, Detroit, received two tickets within a month for speeding 45 miles an hour in a 35-mile zone. When he failed to appear in

court as directed he forfeited two bonds totaling \$52.50. Joanne Xenakis, 639 Westchester, Grosse Pointe Park, charged with making an improper left turn, forfeited a \$10 bond. Judge Belanger sent eight cases to Lansing for failure to answer summons. These traffic law violators cannot renew their licenses until their fines have been paid, he said.

Church Offers Special Music

The Choirs of Christ Church, 61 Grosse Pointe Boulevard, are singing the Missa in Angustiis in D minor by Franz Josef Haydn, more popularly known as the Lord Nelson Mass, at the regular 9:30 and 11:15 services on Sunday, June 2.

While it is difficult to imagine that these classical masses were originally intended for use in the church service it is interesting to note that this tradition is still being followed in the larger churches and cathedrals of Austria and South Germany. Although this custom has never been widely practiced in America, it illustrates another area of the rich musical heritage of the Church.

This mass was written for the celebration of the Name Day of Princess Esterhazy in 1798. It is one of the six late Masses which follow the London Symphonies, and is contemporary with The Creation and The Seasons. The Latin work "Angustiis" (literally "Narrow" or "constricted"), can best be translated in this context as "fear," hence "A Mass In Time Of Fear".

As Haydn was writing this Mass, Lord Nelson was defeating the French in the battle at Abukir. The coincidence did not lead to the identification of this Mass with Lord Nelson, since news of the victory did not reach Vienna until some time after the Mass was completed. The identification with Nelson dates from a performance of the Mass in his presence some two years later during a visit to Prince Esterhazy.

Also included in the service are four Mozart sonatas for organ and strings drawn from a group of church sonatas written for use in the Cathedral in Salzburg. They serve as ideal companions to the Lord Nelson Mass.

The choir of girls and men singing at the 9:30 service and

the choir of boys and men singing the 11:15 service will both be accompanied by an instrumental ensemble made up largely of students from Michigan State. This music will be under the direction of Edgar Billups, organist and choirmaster of Christ Church.

SCARE CALL
A St. Clair resident called City police on Monday, May 20, to report his wife had received an anonymous phone call from a woman instructing her to take a blasting cap to the police department if she found one on her porch. A special watch was placed on the residence.

Grosse Pointe District Swept by Heavy Rains

An unusually heavy two-day rain storm, accompanied by high winds, scattered twigs and branches of trees over sidewalks and pavements on side streets and wrecked many flower gardens, in most of the Grosse Pointe area last Sunday and Monday.

Hundreds of motorists were unable to start their cars due to "excessive dampness". Church attendance fell off Sunday because of the heavy rains.

which started Saturday night, and continued until early Tuesday morning.

Women shoppers who ventured out on Monday wore colorful, (and some strange), rain gear. Many wore boots and carried "windproof" umbrellas, as they loded their way through the business areas.

On Monday, also, angry southeast winds whipped across Lake St. Clair, causing "high seas", and spewing tons of roily water across Lake Shore Drive, splashing much of it against passing automobiles, and causing poor visibility for motorists who drove there throughout the day with headlights glowing.

Weathermen reported gusts of winds as high as 39 miles an hour, and waves up to eight feet high on the lake.

Several boats were reported to have broken loose from their moorings at the marina in the City's Municipal Park. The owners were notified, and no damage was reported. At the same park one barge broke loose and another was partially sunk.

City police reported a tree, blown down on a nearby vacant lot on Cameron avenue, was partially on high tension wires. The Edison company was notified.

Despite the fact that the rain

WSU Medical Alumni Elect

New officers for the Wayne State University School of Medicine Alumni Association were elected at the Centennial Clinic Day and Alumni Reunion, held at Detroit's Sheraton-Cadillac Hotel, May 15.

Dr. James Aiuto, 680 Cadieux, took office as president of the Association. Among others taking office at a morning session of the 100th annual meeting were Drs. Frank B. Walker II, 1206 Balfour, and William A. Harriety, 1377 Devonshire, as president-elect and secretary, respectively.

Elected to the Association's Board of Governors was Dr. James J. Horvath, 776 Berkshire.

measurement at the Farms Water Filtration Plant for the period of the storm was 2.92, very few flooded basements were reported, and no street floods were recorded at municipal offices. The reasons for this was said to be the "lack of the intensity of the rainfall over the period of the storm."

While both winds and rains abated by Tuesday afternoon, the weather was still extremely unseasonable, with an autumn chill and heavy dampness in the air, and a thick cloud cover above.

The Pointes proved to be more fortunate than western portions of Wayne County, where a record rainfall flooded hundreds of basements, and caused the closing of many side roads in the down river area. Some schools in the Westland area also were reported temporarily closed.

TRENCH COAT TAKEN
D'Etta Burke, 1242 Casgrain, reported the theft of her trench coat from Leon's Hairdressers, 17888 Mack avenue, on Thursday, May 9, to the City police on Thursday, May 23. She told officers she put her coat in the cloakroom at 3 o'clock and at 6 o'clock when she returned for it, it was gone. The coat was described as a London Fog tan coat valued at \$45. In the pocket of the coat was a pair of black leather gloves valued at \$9 and a multi-colored scarf valued at \$8.

How to raise your sights without raising your new-car investment.

Just do one simple thing many low-priced-car buyers should do, and don't. Price check an Olds 88. You'll discover a lot of so-called low-priced cars cost as much or more. Suddenly, you can raise your sights to a full-size Olds 88 and all its benefits. You'll gain Olds big-car room.

Big-car stability and strength. The kind of deep-comfort ride you get on its full 123 inches of wheelbase. All the GM safety features, too. Plus the extra assurance that's yours in an Oldsmobile. You'll also be rid of some problems, too. Like paying extra for a big V-8 engine. (And our Rocket 350 runs smooth and easy on regular gas.) CREATORS OF IDEAS FOR ADDED LIVABILITY

Williams Makes Hit at Parcels

Former Governor G. Mennen Williams scored a big hit at Parcels Junior High on Wednesday, May 15 when he addressed 700 eighth and ninth grade students during the sixth period.

He went to Parcels as a result of an invitation by Ernest J. Hurst, Junior High Social Studies Department Head. After the Parcels Student Government President Doug D'Agostino opened the assembly, Governor Williams was introduced by Roger A. McCaig, Curriculum Assistant in the schools' Department of Instruction and a former Parcels teacher.

After speaking in general terms about some of his experiences, the former Governor invited questions from the assembled students. They responded by asking questions which showed that the youth of today have a deep personal concern for contemporary issues.

Questions ranged from "Do you think the governor should have a four-year term?" to "How do you feel about the guaranteed annual wage?" and "What is your position on the War in Vietnam?" Governor Williams commended the audience on the quality and caliber of the questions. A number of students remained after the regular dismissed time in order to continue the questioning on a more informal basis.

Mr. McCaig states "This is an excellent example of how our teachers extend learning opportunities beyond the conventional classroom environment."

In order to make the study of civics more meaningful, such speakers as Congressman Lucien Nedzi, House Speaker Robert Waldron and State Senator Charles Youngblood have visited the junior high schools in recent weeks. In addition, ninth grade civics students in all three junior highs have made educational field trips to the State Capitol Building in Lansing to see state government in action.

THIEF TAKES HUBCAPS

Charles Shuler of 30208 Jefferson, St. Clair Shores, informed Woods police on Wednesday, May 22, that while his car was parked in the Woods Theater lot, a thief stole the four hubcaps from the vehicle. He said they cost a total of \$92.

Retiring Chief Feted at Dinner

Nearly 200 Grosse Pointers, the majority of them from the Park, gathered last Monday evening at The Old Place on Jefferson avenue, for a \$15-a-plate dinner honoring Park Police Chief Arthur E. Louwers who will retire June 1, and Fire Chief William B. Gaul who leaves his department July 1.

Among those who attended were a group of Park officials, headed by Robert Stone, city manager. Wayne Circuit Judge Carl M. Weideman presided at a program which followed the banquet. With Carl Schweikart, a Park attorney, he was co-chairman of the Park Citizens Committee.

Other guests included the chiefs of police of the four other Pointes; Councilman Robert Hutton of the City of Grosse Pointe Park; Wayne Circuit Judge Edward S. Piggins, the families of the retiring officials, and William P. Ellenburg, a former Detroit district police inspector, who will become the Park's new director of public safety after the two chiefs retire.

Prior to the close of the program Walter Schweikart, attorney and Grosse Pointe bus official, presented, "on behalf of those assembled, checks of substantial amounts".

Another party will be given for Mr. Louwers and Mr. Gaul when a \$5-a-plate buffet dinner is held at St. Maron's Hall, Kercheval and St. Jean, Wednesday, June 12, at 6 p.m.

This affair is being sponsored by the Public Safety Retirement Banquet Committee, which is being chaired by Park City Manager Stone. Serving with him are Capt. Henry M. DeClerck, Lieut. Gerard J. Kesteloot, Lieut. Philip M. Costa, Cpl. George B. Blair, and Cpl. Det. James E. La Pratt. Veronica C. Fodell is treasurer of the committee, and Erma O. Nyiri is secretary.

Club Will Hear Hawkins Ferry

Prominent Pointer, W. Hawkins Ferry, of Lakeshore road, will be the guest speaker at the eighth meeting of the 1967-68 season, of the Book Club of Detroit, at the Scarab Club, on Tuesday, May 28. He will speak on "Detroit Architecture from the Log Cabin to the Skyscrapers."

Mr. Ferry attended Grosse Pointe University School, Cranbrook and Harvard University.

Hospital Starts Youth Program

Sixteen boys and eleven fathers attended Cottage Hospital's first Medical Explorer Post meeting this week, held in the hospital's Nurses Residence on Ridge Road.

Conducted by Cottage Hospital's Assistant Administrator and Post Advisor, William B. Rudasill, the first of what will be bi-monthly meetings described the contents of the program for the young participants.

Rudasill explained that a Medical Explorer Post, usually sponsored by a community hospital, provides high school boys with an opportunity to explore their interests in the health care field.

He also stated that the Post at Cottage would be "action-oriented," and that members of the Post would have first-hand opportunity to observe various areas of the hospital. This would include discussions, tours, demonstrations, exhibits, practical experience, as well as speakers.

According to the Cottage Hospital Post Advisor, each activity in the hospital would be guided by an advisor, and boys would learn how a physical examination is done, the ABC's of life saving, the inner workings of a hospital laboratory, and field trips to pharmaceutical plants and medical schools. Other activities are planned.

Six high schools were represented by the following boys attending the initial Cottage Hospital Medical Explorer Post meeting: Don Bayma, Gary Bayma, Mike Berry, Larry Candela, Tom Carlin, Claude Fedders, Rick Fisher, Gary Janowiak, Dennis Johnson, Art Kainz, Kip Lynch, Bill Miller, Ray Moldenhauer, Dave Schlack, Marco Thormino, and Alan Wieme.

He pursued graduate studies at the Harvard School of Design, and has since worked as an architectural designer. He served as an instructor in art, and architectural and industrial design at Wayne State University.

He has spent more than 20 years on his book, "The Buildings of Detroit: A History," soon to be published by Wayne State University Press. His book is a fascinating pictorial record of the development of American architecture from pioneering times to the present day, told within the framework of a distinct locality.

Mr. Ferry will give Book Clubbers glimpses from his book into the log cabins of early explorers and soldiers, into the Victorian mansions of lumber barons, and into Pointe and Bloomfield residences of motor magnates. He will also give them an insight into the constantly improving building techniques that gave rise to the American skyscraper and factory. He will speak of the vivid robust architects whose drive and initiative helped knit together the fabric of one of America's greatest cities.

Mr. Ferry will present, in his entertaining style, a scholarly commentary with colorful anecdotes. Make your reservations with secretary-treasurer, Richard D. Walker (869-2272 or TU 1-2642) by Monday, May 27, before 10 a.m. The bar opens at 6 p.m. Dinner will be served at 7, and the program begins at 8. The Scarab Club promises an excellent dinner for \$4.50. Guests are welcome.

Driver Accused On Two Counts

Clyde R. Miller, 30, of 23104 Hoffman, St. Clair Shores, expressed his feelings about consenting to a breathalyzer test, by crumpling a consent form into a ball and returning it to police at the Woods station.

Miller was arrested by Cpl. Thomas Kerving, shortly after midnight on Monday, May 27, when Miller was sighted driving at a high rate of speed, going north on Mack avenue. Kerving said he paced the man at 60 miles an hour.

During the pacing, Miller turned left onto the Toddle House lot, 20195 Mack, where he was approached by Kerving, who requested the motorist to produce his operator's license and car registration. The officer said that the man appeared to be intoxicated and fumbled for his wallet. When informed of the speed he had been traveling, Miller expressed disbelief, the corporal said.

At the station, Miller was informed of his rights pertaining to taking a breath test, and about signing a consent form, whereupon, the motorist asked for time to read the paper. Fifteen minutes passed, it was said, and Miller crumpled the paper, and said "Here is your consent form". He was handed another, but he refused to sign it.

He was given a violation ticket for driving while under the influence of liquor and another for speeding 60 miles an hour in a 35-mile zone. He was released on \$100 bond. His court date is scheduled for Saturday, June 8.

Surdam Named Festival Head

PEST OF THE WEEK LEAF MINERS

These insects mine out the centers of leaves leaving only the outer surface of the leaf, which is almost transparent. Whole leaves or major portions of leaves may be destroyed. Adults lay eggs in the leaves in early May, but activity has been delayed due to the cool weather. It should begin as the weather warms. Trees commonly affected are Elms, Oak, Maple, etc. Birch and Hawthorne are especially susceptible. Last year a heavy infestation occurred on Oaks.

Vernors'
new slogan,
here it is again.

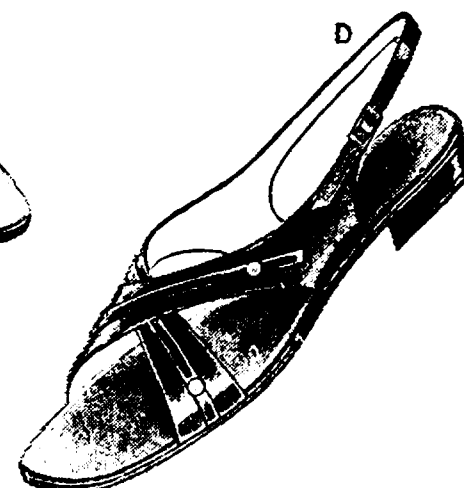

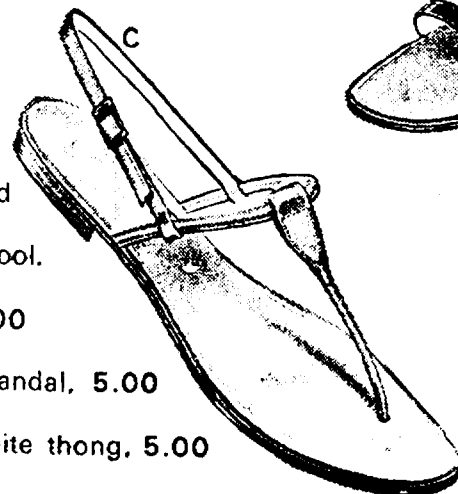

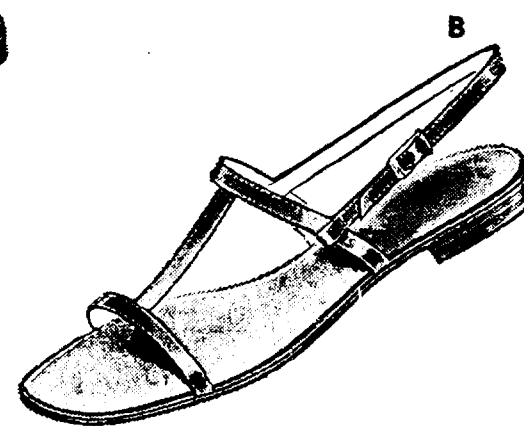

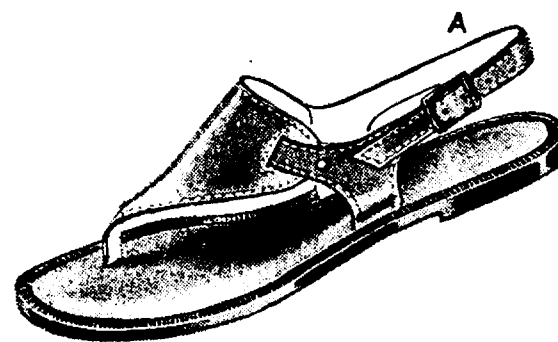

No slogan? That's right, no slogan. Vernors is so different it doesn't need a slogan. We don't need a lot of square, so-called "catch" phrases to tell you Vernors and Vernors One-Calorie are very different—that it's different because it's flavor-aged 4 years in wood. Try gingery Vernors. The taste is unfettered by slogans.

Since we have no slogan, we donate this space to you... the tired, over-sloganed American consumer. It's yours! Do with it as you will. There's no guess work about it. Results are guaranteed—or your money back.

Housing Group Conducts Tour

Eight Grosse Pointe houses were opened to members and friends of the Detroit Urban League Guild on Sunday afternoon, May 26, in the first "Opening Doors" house tour organized under the joint auspices of the Guild and the Grosse Pointe Committee for Open Housing. Project "Opening Doors" was held to acquaint prospective residents with this suburban community on Lake St. Clair.

The tour was limited to 100 persons. In spite of heavy rain, sixty ticket-holders braved the downpour. Leonard O. Roellig of Bedford road, president of the Grosse Pointe Committee for Open Housing, said "This house tour was planned with the double objective of showing houses, schools and recreation facilities that are typical of property in various parts of Grosse Pointe, and to show minority group families that many Grosse Pointers are eager to welcome them into the community."

Mrs. Junetta Watt, president of the Detroit Urban League Guild, said "We are aware that many Negro families who could afford to do so fail to consider living in Grosse Pointe because they do not know the community. We are glad to cooperate with the Grosse Pointe Committee for Open Housing in their effort to demonstrate the positive aspects that Grosse Pointe offers to Negroes in the middle and upper income brackets."

The "Opening Doors" tour began at 2 o'clock at the Grosse Pointe United Church. Visitors assembled there and were met by volunteer guides who drove them to the houses which were scattered throughout the area. The guides pointed out schools, parks, libraries, shopping, transportation routes and other neighborhood assets while small groups of visitors went from house to house.

At 5 o'clock, participants in the tour met community leaders at a reception at the home of Mr. and Mrs. George E. Bushnell, Jr. in Cloverly road. Elected officials and other local leaders were invited to attend the reception as an expression of community goodwill.

Among the community leaders who attended were Mrs. Alice Mary Hykes, president of the Grosse Pointe School Board, and school board members Russell Peebles and John Short, and also Dr. Theos Anderson, superintendent of schools. Rev. Paul Winchester of Grosse Pointe Woods Presbyterian Church represented the Grosse Pointe Ministers Association.

The Grosse Pointe Committee for Open Housing was founded two years ago to promote fair housing. Members canvass houses "for sale by owner" in the Grosse Pointes to encourage their availability on the open market. The group has provided escort and other assistance to 15 Negro families seeking homes, of whom six are currently shopping. The committee also supports passage of Federal, state and local fair housing laws and seeks to widen community support of open housing through the securing of Good Neighbor Pledge cards, film showings, and discussion programs.

The Detroit Urban League is a Torch Fund agency established in 1916 to secure equal opportunity for all citizens.

Hospital Council Picks Weideman

Carl M. Weideman, Jr., of Bournemouth road, chairman of the board of directors for Martin Place Hospitals, has been elected to the Board of Directors of the Greater Detroit Area Hospital Council, Inc.

He will serve on the board for one year and be retained as a public voting member for three years. Mr. Weideman has represented Martin Place on the Council for the past five years.

His Photograph Wins Top Prize

Ninth grader Scott Franzen, of Parcels Junior High School, has won a national first prize in the "Scenes and Still Life" division of the annual Scholastic Photography Awards. Scott entered a color slide of Kitch-Iki-Ki Springs, more commonly called Big Springs in the Upper Peninsula. He took the picture with a Kodak box camera.

Scott also owns an Instamatic 104. He has been interested in photography for the last three or four years and can be seen many a sunny day around The Pointe looking for "good subjects."

Scott was informed of his win through Parcels Junior High Camera Club sponsor, John Wargelin. Vincent L. Peterson, principal, presented the certificate of honor together with a check in the amount of \$100 from Eastman Kodak during a recent Honors Assembly in the school auditorium.

Dentists Plead For Fluoridation

Some 44 dentists, who are residents of Grosse Pointe Farms and the City of Grosse Pointe, have petitioned the Grosse Pointe Farms Council to implement the fluoridation of the communal water supply.

They state in their petition "that it is in the interest of dental health for ourselves, families and neighbors that we make this request. It seems only fair and reasonable that our communities of Grosse Pointe Farms and City of Grosse Pointe have this valuable and proven health benefit. The residents of the neighboring Grosse Pointe Park, Woods and Shores, all our surrounding suburban communities and all the City of Detroit have utilized its advantages since August, 1967. In conclusion we urge the immediate adoption of fluoridation for our communal water supply."

The matter will appear on the agenda of the Farms Council at a future meeting.

The officials of the City of Grosse Pointe as far back as August 21, 1967, stated that since they receive their water from the Farms they were bound by the decision of that community regarding the use of fluoride in the water but that the City of Grosse Pointe would look favorably on the fluoridation of the water supply.

PTA at Ferry Reaches Goals

The Ferry School PTA set from which will be used to buy fans for the remainder of the classrooms. The PTA accomplished these goals through the hard work and cooperation of students, parents and staff members. PTA mothers contributed bake goods, worked in the kitchen, and sold the goods at an Election Day bake sale. Fathers dished out hundreds of scoops of ice cream at the Ice Cream Social, which over 950 people attended. Students served on the clean-up committees for both events as well as acted as message carriers. The school staff handled the publicity and other details. The PTA has already come up with plans for next year, which include a Flag Sale, proceeds

May 30th, A Holiday

Today, it always seems to blossom up a regular Tom Sawyer sort of clean Summer morning. May 30th. The good proof that March and April were not just putting us on after all. Hollyhocks and red buds and love time. And somebody with your name actually being nice to people. So nice, May 30th.

A great day like this one most certainly should have a Holiday fall on it. Perhaps one does.

In the pre-dawn of this May 30th a good kid from our town is hip-deep in slime and steam. Odds are that today he'll hear a scary sound there in the gray jungle morning and lash out at it by instinct spraying the wet grass with flame. Of course, the odds are also good that a gutted and desperate young VC boy will squeeze off one himself, gaining a really unwanted revenge and perhaps even our good kid's life.

Today, May 30th. It is not Christmas Day. For, if you recall, there is no war in Vietnam on Christmas. There will be parades today all over the place, passing bronze columns of unknown names. And just as across the world, all will be in uniform. Or are they costumed?

May 30th? Could it be Halloween? A gay affair of some kind. Men in mumus and octagon sunglasses and filthy hair, masquerading and parading, trick-or-treating. Won't the kids love going begging on this night compared to what cold October offers.

The Fourth of July and a summer outing? Sure, that's it! All the little tents line the water's edge. The people sing. But, look: the water's edge begins a pond and the pond is a part of a mall and at the end of the mall... the Washington Monument. And from your vantage point—at your feet—a steamshovel digs a G.I.-type latrine. George's birthday?

What in hell's the name of today? There goes the red-white-and-blue down Woodward proudly.

Is it Labor Day? That's the salute to honest work and those who deliver an honest day's worth of it. A nice idea that deserves a beautiful, warm Summer day like today, May 30th. Yet it seems in the back of the mind that Labor Day has always fallen in September.

The mind could be wrong. On this gorgeous May 30th Hoosier morning at Indianapolis, the classic Indy '500 motor car race cracks off its blazing start at 10 a.m. sharp. Nearly a million Americans, one way or another watch with glee. Those who came to the esteemed oval track itself came early, last week or ten days ago. They wanted to be close to the rail... to see. So they slept in ditches and trucks and tents and eat beef, beans, dogs and dirt.

They give thumbs up or thumbs down as they feel, just as had been done years ago. In Rome. Similarly they shriek and gape at the thrill of death. Indy. It is a circus traffic jam at more than 150 miles an hour, performed by children behind racing goggles with tears of fear streaming down their cheeks, trying to become kings by sundown while driving on a bad road to nowhere.

Today, May 30th. Hmmm. Which Holiday haven't we considered? Which Holiday have we the right to consider?

Memorial Day... did someone say? Isn't that the one that goes like: "... that we might live in peace, that those dear brothers who so gallantly gave their lives might not have died in vain..." Today? May 30th?

The war goes on for some good kids from our town and other towns. And tonight after the parade in our city, her streets will scream with rudeness and hate. Wet blood will mix with just dried Coca-Cola in the alley. And all day, around and around they go at Indy on the road to nowhere.

May 30th. Today. A father must take a son fishing on Memorial Day.

By F. M. "Pete" Clements,
280 Fisher Road.

Letters to the Editor

My voice has been stilled by the strike against the Detroit newspapers, but Grosse Pointe's school board election on June 10 cannot and should not be ignored.

It is an issue which concerns me not only as an editor, because what is happening in Grosse Pointe is also happening in the rest of the country, but also as a citizen of Grosse Pointe and the parent of three students in the Grosse Pointe school system.

Basically what is happening is a fight between the advocates of a progressive and healthy school system, geared to meet changing needs in changing times, and the advocates of an imagined past which never was.

The candidates for the future are Lee H. Allen and Mrs. Barbara Thompson. The candidates of the past are Dr. Carl Von Gruenigen and Ken Halsey.

On a seven-member school board, two foot-draggers would not be intolerable. They could, in fact, serve as effective brakes. But because only a sixth of the eligible voters went to the polls, a highly organized minority was able to elect two such members last year, and elect them with less than half of the popular vote.

Arnold Fuchs and Calvin Sandberg have turned out to be not even effective brakes, but obstructionists and harrassers. Their first consideration has not been the quality education which Grosse Pointers demand, but lower taxes, a popular but unrealistic dream.

They have opposed free speech and free assembly, and have openly advocated censorship both of books and of courses. Their stands are simply not consistent with our heritage as Americans or our ambitions to raise and train good citizens of the future.

Dr. Von Gruenigen and Halsey are from the same cut, supported by the same minority element which sees a massive Communist conspiracy in every history book, a Socialist manifesto in an economic text.

I do not think it is necessary to review the specific issues in this campaign. They have been argued fully in the pages of the Grosse Pointe News and in meetings in all the Points. But they all add up to one thing: The Citizens of the Grosse Pointes and the Grosse Pointe Board of Education cannot tolerate these two as members.

If they were elected, they,

Public Schools in Focus

Dr. Theos I. Anderson, Superintendent of Schools. To continue my discussion of North High School, I wish to comment on the alleged "discrepancy" between the proposed cost of the building and the figures cited last week. Although I was not here at the time, I have been through similar procedures and I know that it is difficult to estimate costs exactly prior to a bond issue. The matter of timing plays an important part.

When the bids came in, after the initial amount had been approved, the electorate approved additional money needed. Therefore, the current controversy, two years after the election, seems a post facto. Members of the Board of Education and the staff have been quoted from past newspaper accounts as stating various lower figures, including some for possible additions to existing buildings, rather than for an entirely new structure. At the time these statements were made, detailed plans for the building had not been completed, its exact size was not known, and there was no provision for a performing arts center. And, more importantly, the bids had not been taken.

For example, in the early stages of discussion, plans called for a building to house 1750 to 2000 students. If this had been done, the building would not even accommodate the 9th, 10th and 11th graders who will enter in the fall of 1968, much less the seniors who will attend the building starting in the fall of 1969.

If the smaller building had been constructed, the Board of Education would now be accused of short sightedness. How very fortunate we are that the facility will accommodate 2300 to 2400 students. Otherwise, we would now be engaged in the process of planning an addition to the building prior to its opening.

The construction of North High School is but one example of an attempt of your Board of Education to engage in long-range planning. You were fortunate that the trustees had the foresight to do this before the nation entered the current spiral of construction costs. Building cost have been rising astronomically in recent years

together with Fuchs and Sandberg, would comprise a majority on the board, but represent a minority interest in the community. We would see the board not only setting policy, which is its proper role, but dipping deeply into administrative functions which should best be left to professionals. We would see the massive resignations of teachers who could not accept this form of censorship and who can get jobs quite easily elsewhere, and of our school administrators, for whom hardly a day goes by without a better offer.

And most important, we would see our children forced into a mold of mediocrity and denied the right to explore new ways of doing things, new discoveries and new ideas. We would produce a generation of intellectual and spiritual paupers.

As for the fifth candidate for the two seats on the board, let it be said that at some other times John K. Grylls might be a welcome addition. He has bulldogged tenacity and a comprehension of the problems the board faces. He has obviously done his homework, which cannot be said for Dr. Von Gruenigen or, to a lesser extent, Ken Halsey.

But Grylls' candidacy will inevitably drain support from Lee Allen, who is not an incumbent, and possibly lead to a repetition of the disaster of last year. I would urge that Grylls follow the superb example of Russell Peebles and Malcolm Lovell Jr., who withdrew rather than endanger the school board and the school system.

In any case, I would urge the voters not to be confused and not to be ineffectual by splitting their support. Were the Detroit Free Press publishing, we would support without reservation the candidacies of Mrs. Barbara Thompson, who has proved to be a good trustee, and Lee H. Allen, who holds every promise of being one.

Mark Etheridge Jr., 686 Washington Road, Editor, Detroit Free Press.

To the Editor:

It is inconceivable to me how you can, with clear conscience, write the editorial, "They're At It Again", in this week's News, while at the same time, with two lead articles on the front page, continue your biased and slanted coverage of the School Board election. Although I have pledged loyalty to neither faction, I think it highly unfair to see prominently placed articles week after week damaging to one side. Never do I read any reports of the opposition, stating their views, reviewing their qualifications, or, at the very least, acknowledging that they must be men of courage and conviction to have submitted themselves to the vilification now being heaped upon them.

and the people of Grosse Pointe are fortunate that the current round of negotiations with the construction industry will not result in higher cost for North High School.

At some future date funds will be requested for the expansion of schools and public libraries. When this happens, the cost will be much higher than that requested in Propositions No. 2 and No. 3 on February 26.

I urge our detractors to take the time to visit schools in other suburban areas, as our staff and trustees did during the planning stages of North High. Do not judge Grosse Pointe North High School by the school you may have attended 30 years ago—judge it by today's standards.

I should like to provide some food for additional thought, a statement from the 1966 Yearbook for the National Society for the Study of Education. "School houses are the most numerous of all public buildings—there are more than 100,000 scattered across the land. And of all public buildings, the schoolhouse is the one which more people care about and argue about than any other public building."

The author reminds us that not much has happened in schoolhouse construction until fairly recently, so it is natural that when changes are made, they are regarded with great interest. But as the entire framework of education has changed, it was inevitable that the building containing it should change, too.

The author continues: "The ancient criteria for judging the excellence of buildings no longer suffice: The life expectancy of concrete floors, the number of generations of service given by an iron chair, cheapness of maintenance, and, looming over all, the initial cost per square foot, per head, or per seat."

"Fortunately, more communities now care more about performance than permanence, more about economy in the long run than cheapness in first cost. And many communities care more deeply about the waste of unfulfilled potential in the schoolhouse that does not support learning than about the cost of one which does."

Allow me to paraphrase a few of the sentences you yourself wrote in your editorial.

"You have become self-appointed political hatchmen... unfairly using your personal power to oppose a candidate for office whom you do not favor... You are blatantly and blandly defying the code of ethics which is supposed to govern you. You have become 'yellow journalists'... and should be gagged..." The attacked candidate has no defense, is not permitted equal time to answer remarks made against him... It is certainly not the prerogative of any newspaperman to act as a propagandist for the candidates of his choice... It is his job to report the facts, and let people form their own opinions.

We have no objection to Thompson lambasting Halsey, nor to Lee hurling rocks at Dr. Von Gruenigen... that's the name of the game... But when our one newspaper, which is supposed to be bound to objectivity, blatantly takes sides and endeavors to sway the public, it has lost us... This sort of thing is strictly for editorial pages and editorial commentators."

Since you wrote and obviously believe in the truth of this editorial, it is my hope that you will begin to practice the ideas incorporated therein, and allow us, as voters, to form our own opinions.

Sincerely,
Patricia L. Owens
(Mrs. Martin F.)
1041 Blairmoor Court

(Editor's Note: Mrs. Owens seems to have completely lost the point of the editorial in the May 23rd News, which she criticizes and paraphrases. We specifically stated that "the taking of sides, and endeavors to sway the public in a political campaign... is STRICTLY for the EDITORIAL pages, and editorial commentators."

Briefly, that is what our editorial, "They're At It Again", was all about. Regarding the present School Board controversy, our news columns have freely allotted a liberal amount of space so that "both sides" may state their views, as will be noted in this issue. Obviously, as has long been the custom of all newspapers, the editorial columns are used for other purposes, and are an essential part of a free press.)

To the Editor:

As a concerned citizen I am dismayed over the rumors, innuendo and inaccurate figures that are being bandied about in the upcoming school board election. This election is a serious civic affair and deserves to be treated as such.

What Goes On at Your Library

By Virginia Leonard

Are you graduating from high school this spring? Whether it's to college, a vocational school, or a job, how about coming in and looking at our college catalogs, our vocational materials or some leisure time reading?

Is photography your avocation? Summer is a good time to get in some practice with a variety of subjects and milieus. Do you need some help (if you're an amateur photographer)? Then come in and glance over our holdings in this area.

Are you a natural "green thumb"? It doesn't really matter, for we have books on gardening for the practiced gardener and the raw recruit. Perhaps we can help you with some of your horticulture problems.

What about spring and summer sports? There are so many, but would you like to be an even better golfer, a more experienced surfer, a smoother swimmer, a winning baseball player or a tennis star? Practice is all-important, but sometimes books can give you pointers on how to improve your style.

So you don't really like warm weather sports and would rather curl up in a shaded hammock or a cool porch swing with something refreshing to drink? Maybe even a little background music? What's lacking? A good book, of course. Come in and stock up for the hot days ahead.

Do you like to go on picnics? On bird walks? Do you like to identify leaves and wildlife? Then you'll need some books on these subjects—some nature guidebooks which you will find in your local library.

Are you going to travel? You'll enjoy your trip a lot more, whether it's to Northern Michigan or Japan, if you get some travel books and read up about the area or country you plan to visit. Background history is all-important, and should make all your tours more meaningful.

And what about outdoor cookery? Do you produce a really sharp barbecue meal for

the board of education who are dedicated to quality education for our children and who have a dedicated sense of fiscal and social responsibility to the community.

In this light I would urge that everyone seriously question the eligibility of any candidate who uses, or who allows to be used in his campaign, inaccurate figures when true ones are a matter of record, or rumors and innuendo when facts are available. I would also question the credibility of any claims or statements made in anonymous pamphlets and letters. We should not be represented on the board of education by a post office box or by people who hide behind post office boxes.

For instance when it is a matter of public record that firm contracts totaling \$12,183,388.37 have been let for the new high school, I find it perplexing to hear that figures way in excess of this amount are being tossed at voters as the "probable" cost of this building.

Thank goodness there is an organization (The Citizens for Education) in Grosse Pointe that is open to the public, that holds open meetings, that concerns itself with the quality of education in our community and with the quality of prospective school board members. Candidates backed by the Citizens for Education are Lee Allen and Mrs. Barbara Thompson.

Both Mrs. Thompson and Mr. Allen have taken open, forthright stands on all the important issues in this campaign in written literature and in open forum. They are eminently qualified for the positions, dedicated to the cause of excellence in education in Grosse Pointe, and are deserving of support at the polls on June 10.

Sincerely,
Kathryn Kirby (Mrs. W.J.)

Primary Stated
For August 6

When Pointe voters go to the polls on Tuesday, August 6, the vote at the General Primary Election, in the County of Wayne, the following offices will appear on the ballot: representative in Congress, state representative, prosecuting attorney, sheriff, county clerk, county treasurer, register of deeds, drain commissioner, county auditor, county supervisor and delegates to county conventions.

To date Edgar M. Branigan, Wayne County Clerk, has no information as to whether there will be any questions presented to the voters, or if a primary will be required for the non-partisan judicial offices for the Circuit Court or Probate Court. That information will be forthcoming before the last filing date, which is June 18.

admiring guests? Then you've undoubtedly used some of our books on this subject—and we do indeed have a very fine collection in the 641 section of our library—cookbooks of varying types and appeal.

Children will soon be out of school. Send them to our libraries for material for summertime reading. This can be just plain fun reading, or it may include some "how-to-do-it" books or titles on warm weather hobbies. Also we have books to help parents to plan some of their youngster's free time so that it will have been more enriched when September arrives.

Getting back to travel again—what if you want to take a trip and can't quite make it this year? Then you will have to do some "armchair traveling". Read up on some of the far-away places that you may never visit. Just think how much more enriched you will be—how much more informed a dinner companion you will be if you have a fine background on several countries. Then, if some day the occasion arises and you can make the trip—you'll be ready!

Perhaps you have a short vacation and plan to spend it at home. Set aside a part of that time to visit our libraries (remember, they are air-conditioned in hot weather!) and read up on some subject you've always wanted to pursue. If, for example, it's a timely topic, we will be able to offer you books, pamphlets and periodical articles.

How's your weight? Have you been to slough all winter—do you need a good course in exercises and dieting? We have material on both of these subjects, and wouldn't it be great to have a better figure for beach sun-bathing, or, by September, to present a trimmer and more appealing shape when your fall activities begin?

If you haven't finished your spring cleaning and redecorating, our books and magazines give you some ideas for a tired living room or a slightly shabby bedroom.

Hot days will soon be coming up. Life can get hectic, exasperating and sometimes too full of a number of things. Ride, stroll or run to our cool, quiet interior. There you can sit, cool off, have some time to yourself to think placidly about anything you want to. There you can also read our books. This, in itself, can be a sort of short "vacation".

Five Honored By Red Cross

Five Pointers were elected or appointed to posts of the Southeastern Michigan Chapter of the American Red Cross, it was announced by the incoming Chapter Chairman Chester E. Blanton, of Alger place, at the annual meeting Thursday, May 23.

Of the six new directors elected to the board, two are Pointers. They are Mrs. Wilbur M. Brucker, Jr., of Merriweather road, and David L. Helm of Stephens road.

Mrs. Brucker is the immediate past president of the Junior League and Mr. Helm is the president of Helm, Inc. One of Mr. Blanton's first official acts was the re-appointment of Mrs. John F. Hering, of Kercheval avenue, to the Office of Volunteers. She has held the position since 1958. She has the responsibility of coordinating the volunteer programs of the organization, involving nearly 17,000 volunteers. She serves, too, on the Executive Committee of the chapter.

Mrs. C. A. Norton, of Sunningdale drive, was appointed Deputy Chairman for Personnel Development by Mr. Blanton on the recommendation of Mrs. Hering.

Mrs. Norton has a volunteer record with the chapter spanning 14 years. During this time she has served primarily in the area of Service to Military Families.

During 1960 and 1961 she served as vice chairman of this service and she was appointed chairman in 1962. She has held this position since then. Mr. Blanton announced that the Southeastern Michigan Chapter, the nation's fifth largest, will take a more active role in all community disaster situations and continue its people-centered programs.

He related the recent pronouncement by national president E. Roland Harriman that local chapters are now authorized to take an active leadership in any disaster situation, be it natural or civil.

Blanton is vice-president of the Budget Stores of the J. L. Hudson Company. The Southeastern Michigan Chapter services the tri-county (Wayne-Oakland-Macomb) area and supplies more than 50 percent of the blood needs of these three counties, plus St. Clair and Washtenaw.

Mr. and Mrs. Harold W. Merrill, of Stanton lane, the Harry Goulds, of Lincoln road, and Mr. and Mrs. Gilbert Whelden, of Park lane, have just returned from a Spring Adventure Cruise aboard the new Kungsholm.

They visited many out-of-the-way places in Spain, France, Holland, England, Wales, Scotland and Ireland, and the islands of the Azores, Guernsey, Wight, Man and Arras — but there was one adventure NOT listed in the cruise brochure that none of the 1968 Adventure Cruisers will ever forget . . .

Gale force winds were blowing, seas were heavy, divers were unable to free the propeller. Many of the

From Another Pointe of View

(Continued from Page 19)

passengers were seasick. Others, diabetics, needed insulin.

Darkness fell. The St. Trillo, which had left the pier at 5 o'clock in the afternoon, was still stranded; a lifeboat ferried insulin to the tender, but nothing could be done about the constant buffeting which caused passengers to lose balance, fall, wrench ankles and elbows, even break bones.

Finally, shortly before midnight, the tender was towed back to shore by a fishing boat. Ambulances were waiting for the Very Sick; the merely "shook up" were taken to hotels, where food and beds had been prepared for them.

In the morning, they went by bus to Liverpool, where the Kungsholm, forced to leave Llandudno during the night because of the storm, was waiting.

And that's one adventure neither the Goulds, who had returned to the Big Ship on an earlier tender after a vacation from the cruise in London, and watched the attempted rescue proceedings from a Kungsholm deck, nor the Merrills and Wheldens, who were aboard the ill-fated St. Trillo, will EVER forget.

Opera President Thanks 'Met'

At the conclusion of the 10th annual Metropolitan Opera season in Detroit, Wilber H. Mack, president of the Detroit Grand Opera Association which sponsors the appearance of the Metropolitan, issued the following statement:

"Detroit is greatly indebted to the Metropolitan Opera Company for a truly magnificent series of productions, which were enthusiastically received by capacity audiences. Even standing room was in heavy demand."

Mr. Mack also paid tribute to the season's chairman, Mrs. Ralph T. McElvenney, of Cloverly road, "whose leadership made the 25th anniversary season of the Detroit Grand Opera Association one of the most successful."

Babe Ruth League

WOODS-SHORES All-American League West Division

As the third week of the first half came to a close, last week's leader, Pioneer Furniture had its league lead cut to one game. On May 21, Pioneer defeated Ray Whyte in a close game 7-4. The game was called at the end of six innings as darkness and a light rain was hindering play. Ed Reinbold got the win for Pioneer and aided his cause with three RBI's. However, Jack Dissing came on in relief in the fifth inning to get Pioneer out of a bases-loaded jam with the aid of a double play. Doug Shepard struck well in a losing cause, striking out 10 batters.

In other Tuesday action, Locke Lumber bested Harbour-9, pounding out 12 hits in a 12-4 win. Bill Shippert pitched the full seven innings and had a perfect day at the plate getting three hits to lead Locke. Jim Kaloger also helped out with two for two at the plate. Rick Priezt had two hits in Harbour's losing cause.

In the final game, Valley Die Cast continued their strong showing by breezing past City Messenger 21-3. Don Morath was the hitting star for Valley as he went five for five and drove in four runs. Joe Dancy contributed three hits and Dave Hosea pitched a good three-hitter to pick up the win.

On May 25, Locke Lumber picked up an important victory as they knocked off league leader Pioneer Furniture, 10-1. Locke broke open a close game by getting three runs in the fourth and five in the fifth on the way to their win. Dave Brown pitched a very strong two-hitter and had two hits. Other hits were gathered by Bill Shippert and Curt Calka with two apiece. Ron Dickerson broke up Brown's bid for a no-hitter with a two-out single in the bottom of the fifth inning.

Valley Die Cast got their second win of the week by besting Harbour-9 in a 14-7 contest. Joe Dancy pitched the whole game for Valley and was aided by Barry Roose's triple and two singles and two hits from Brian Whitelaw. Whitelaw also made several good plays on defense.

Thursday's final game saw City Messenger defeat Ray Whyte 7-2. Larry Pappas picked up the win on a three-hitter and had two hits to lead his team. Mike Day pitched well for Whyte but did not receive support from his team and was the losing pitcher.

On Saturday, May 25, two games that had been rained out were replayed. In the first game, Ray Whyte continued where they had left off and bested Harbour-9 in a wild contest 20-17. Each team was forced to use their young pitchers and while the score was high, the games were close. Whyte picked up eight runs in the last inning to get the win. Mike Day clubbed a homer and three other hits while Steve Rabaut had three hits for Whyte.

In the other make up game, City Messenger closed out a sad week for Harbour-9 by besting them 16-11. Joe Ooskin got the win for Messenger and had four hits while Jim Whipple contributed a pair of doubles.

PARK, CITY, FARMS National League
This week's games were close ones, with two going into extra innings. In an 8-inning pitchers' battle on Monday, the Giants edged the Cardinals, 2-1. For four innings, the teams were held scoreless. In the fifth, the Giants pushed across one run on John Knight's double, followed by a sacrifice bunt by Steve Bowserox. The Cardinals bounced right back in the 6th, scoring an unearned run on a walk and an error. The game remained tied 1-1 until the bottom of the 8th, when Doug Graham reached first on an error, stole second, and was driven home by John Renaud's game-winning single. Winning pitcher was Steve Kennel, who also collected two of the Giants' six hits. The Giants turned in a double play in the first inning.

Tuesday's game was another 8-inning thriller in which the Dodgers downed the Phillies, 4-3. The Phillies scored 3 runs in the first inning, and the Dodgers tied the game with 3 in the third. In a tense seventh, the Phillies loaded the bases, but Scott LaRose ended the threat with a one-handed, over-the-shoulder catch. The game remained deadlocked until the 8th, when the Dodgers pushed across the tie-breaking run on singles by Jan Sands and Bill Kendall and a perfectly executed squeeze bunt by LaRose. Outstanding fielder for the Phillies was Jack Gardner. Taking credit for the Dodger win was Fred Rohn. After a shaky first inning, the Dodgers played errorless ball, including a double play in the fourth.

Wednesday's game between the Cardinals and the Braves was rescheduled for Saturday

afternoon. This was another tight one, with the Braves scoring early to go ahead, 2-0. The Cards tied up the game in the third. Both teams tallied one run in the fourth, but the Cardinals went ahead in the fifth. For the last two innings, winning pitcher, Mario Carachi, was tough, and the Cardinals held onto their slim margin, winning 5-4. Sluggers for the Cardinals were Carachi and 13-year-old Phil Wettengel with long triples.

On Thursday, in a game marked with errors by both teams, the Braves outlasted the Phillies, 11-9. Brian Kingsley was the winning pitcher. Steve Hammond of the Phillies hit a double and a home run. The Phillies turned in a double play when center-fielder Bruce Kase-litz caught a line drive and threw to second base to double the runner.

The Dodgers threatened to upset the Giants on Friday. The Giants blasted 5 runs to take the lead in the first inning. Dan Kilian led off with a single, Tom Schmidt drew a walk, John Renaud and John Knight hit singles. Steve Katsaros slammed a double followed by Chet Brown's single. Five runs seemed a comfortable lead until the Dodgers scored one run in the second and then went ahead in the fifth when they pushed across 5 runs on 3 hits, including a triple by Tom Reghanti. However, in the bottom of the fifth, the Giants scored twice, and the game ended, 7-6. Winning pitcher for the Giants was Steve Katsaros, who allowed only 4 hits, while his teammates helped out with two double plays.

4 Pointe Drivers Taken Off Road

The names of four Pointers were added to the list of motorists whose operator's licenses were either suspended or revoked by the Secretary of State's Office in Lansing, according to the latest report dated April 29.

The listing merely states that the drivers lost their right to operate motor vehicles, and does not disclose if the cause has been corrected and driving rights restored.

The weekly report showed that the following had been taken off the road:
Kenneth A. Jensen of 1140 Paget court, as of February 2, for driving while under the influence of liquor and for failing to comply with the Financial Responsibility Law. License revoked.

Thomas W. Kane of 1402 Somerset road, license revoked on April 26, because of an unsatisfactory driving record and for failing to appear for re-examination.

Sam D. Kiswiney of 1181 South Oxford, license suspended from April 11 to October 11, because of an unsatisfactory driving record.

Frank W. Redmond of 1174 Three Mile drive, license revoked as of February 21, for driving while under the influence of liquor and failing to comply with the Financial Responsibility Law.

People who live well are those who have learned to live one day at a time.

who, where and whatnot

by whooos

On a recent vacation . . . in Funchal, Madeira and the Canary Islands, the Erie Birds, of Fisher road, discovered there's much truth in the old saying, "It's a small world" . . . Arriving at Hotel San Felipe in Puerto de la Cruz de Tenerife, they found three good-looking, dark-haired young men on duty at the reception desk, and assumed, (naturally enough), that all were Spanish . . . But "The Birds" were wrong . . .

... The young man handling their particular reservation looked down at it, looked up at his new guests, smiled and remarked, in perfect English, "So you're from Grosse Pointe Farms" . . .

... "Why, yes we are," answered Marie Bird. "Don't tell me you're familiar with our delightful hometown?" The young man grinned. "Indeed I am," he replied. "I'm Barry True, formerly of Moran road. I lived in The Pointe until we moved here in 1953. My parents, the George Trues, make their home in Santa Cruz, about 40 kilometers from here" . . .

... And so Barry and The Birds chattered on . . . He remembered the Hill and many landmarks — and wanted to know if the "big tree" still marked the entrance to the Grosse Pointe NEWS! (It does) . . .

... Marie vaguely remembered the George Trues from a brief encounter in the late Clarence McGuire's evening Spanish classes at Grosse Pointe High School . . . Mrs. True (Peggy) writes now for the "Canary Islands Sun," (the Islands' weekly English language newspaper), and has authored a book, "You Can Live Cheaply In The Canaries" — And Marie believes THAT: Since her stay in the Islands, she and Mr. Bird can't stop talking about their fabulous scenery, delightful climate, wonderful people . . . and downright amazing prices!

Here's Carolyn Hubbard Lucas . . . at her best, explaining a bit of the poet's method and motivation to those of us whose minds are more prose-oriented:

INTERLUDE

Some think because we write in verse
It is our living we rehearse;
More often 'tis imagining:
An old man dreaming of his wife in spring . . .
A flight of birds that cross a summer sky . . .
Or words of soldiers going out to die . . .
These tease the mind until we set them free:
We thank whoever reads our lines
Wherever he may be.

Way back . . . 30 years ago, the first Detroit Artists Market Garden Sale was held in the lovely garden of Mrs. Richard H. Webber, of Lakeshore road. Isn't it nice that this year's 30th anniversary Sale will be held there, too?

Here's another poem . . . (her second to appear in this column), by Val Rogers, written on May 4, her 21st wedding anniversary, in honor of the marriage of Pointer Joseph F. Maycock, Jr., to Margaret Lee Shaw, of Cass City, (Mrs. Rogers just happens to be Mr. Maycock's secretary):

TREE OF ROSES

Only yesterday . . . I found
the sunlight in his eyes;
the blossoms deeper made
by dusted butterflies
that crept away from wind . . .
And now, a year has gone,
the autumn died
and fallen:
gray gulls have found their nests;
and in his eyes
still dwells for me
a perfect haven.
What might I give my love
this joyous hour . . .
save but, again,
the sunlight on a flower . . .
A leaf, made gold, to share,
a stream of love another year;
a prayer, beyond the clouds
this beauty live
through all our years . . .
I hand my love a gentle poem
hoping in its tears
the purest sun be found
and that the rose we share
endure within this holy ground
another year
to bear for each a second rose
which sheds again
a double bloom, with single tear . . .
Till in the distant dusk of forward years
we build a tree of roses
where happy birds shall dwell; and butterflies
lift up their wings again
and
play in dreaming grasses
upon an emerald hill

Pointer of Interest

MRS. JOSEPH W. CASKEY, OF VENDOME COURT

By Janet Mueller

Some projects and some organizations seem to be long together. Take Sigma Gamma Association's sponsorship of the "Doctor Doolittle" Detroit premiere, scheduled for Tuesday evening, June 11, at the United Artists Theatre: It's fitting, we think, that an organization concerned with children almost since its inception should choose a film with a definite appeal for children (adults will like it too, of course) as its benefit movie.

Jackie Caskey, president of Sigma Gamma Association since January, is particularly pleased with "Doctor Doolittle" as the Association's benefit movie selection.

The Good Doctor, as we all know, has a "knack" with animals (some of the ones he encounters in the film are a bit unusual, to say the least) and Jackie's background includes an interesting "animal experience." She once played a Bear in a Theatre Arts production of "Cinderella."

"I'm more the 'Doris Day' type than the 'Sarah Bernhardt,'" she admits, smiling. With no illusions about herself as a Great Actress, she enjoys belonging to Theatre Arts, an all-woman theater club, performing, working backstage or just being a member of the audience.

Many Costumes
She was a "good" Bear—and a "good" Elf, and a "good" Dancer in the Ladies' Court in the aforementioned "Cinderella," as a bit player, she took several parts in the one show, wound up with just about as many costume changes and as few lines as any member of the cast!

She didn't mind. For Jackie, it's the participation that counts, the doing what you've pledged yourself to do to the best of your ability. In Jackie's case, that "to the best of your ability" translates as "very well indeed."

Mr. and Mrs. Caskey are both Easterners. She was born in Connecticut, he in New Jersey. They met when she was a student at Bradford Junior College and he was a student at Harvard.

Arrived as Newlyweds
They moved to The Pointe when they were married, and have lived here ever since, for the past five years in their present home at the corner of Vendome court, before that in the home they built in Stanton lane.

Joe is executive vice-president of an automobile dealership. There are two young Caskeys, Cynthia (called "Nicky") by most of her friends, 17, and Joe, almost 16, who'll be a senior and junior respectively at Grosse Pointe University School next fall.

Completing the family circle are a pair of brother and sister cats, Sugar and Dusty, whom Jackie describes as "sort of Tiger Persians."

In her spare time, Jackie Caskey likes to relax, preferably, in the summers, around the family pool.

Like most "pool people" the Caskeys prefer to take their vacations in the winter or spring — Grosse Pointe, when you have a pool in your own backyard, is REALLY a Summer Festival.

Live Around Pool
The only reason we go away in the summer is to visit friends," Jackie says. "Otherwise, we live around the pool."

"We have many, many bathing suits, and keep about eight sun hats on hand for people who drop in . . . Most of my friends like to sit around the pool; we're not so much swimmers as well. 'floaters' is what we call ourselves . . ."

The Caskeys do take family vacations together, heading north for skiing in the winter, south to Fort Lauderdale during Nicky and Joe's spring school vacation.

For years, with several other couples and their children, they enjoyed a "community winter vacation in Florida."

"We had a marvelous time," Jackie recalls, "but, as the children grow older, they want to do

Ambitious Project

"Doctor Doolittle" is the Association's most ambitious such project in several years. Mrs. Gordon Ford and Mrs. E. Rust Muirhead II, are general chairmen. Mrs. Alfred Glancy III, and Mrs. James Humphreys are in charge of the souvenir program.

Ticket chairman is Mrs. Sterling Graham, whose telephone (881-4431) is just about the busiest in town right now. The United Artists Theatre seats approximately 1,650 people, and the Sigma Gamma premiere committee wants every one of those seats filled at 8 o'clock "curtain time" the evening of June 11.

Ticket prices range from \$5 balcony and \$10 orchestra to \$25 patron and \$50 benefactor. All in all, about 20 Sigma Gamma members head various premiere committees. The Association numbers some 450 resident (junior and senior), 200 non-resident and 12 honorary members.

Cynthia Is Junior
Cynthia Caskey is a Sigma Gamma Junior. The Juniors are invited to join the Association while still in high school, have their own Board. They become senior members upon graduation from high school, provided they have completed an adequate amount of volunteer work.

"There's not a terrific amount of volunteering these girls can do at the Clinic," Jackie notes, "but they help where they can behind-the-scenes, making Easter baskets and Christmas decorations for the patients, raising money for the Clinic via Bake Sales held in conjunction with our general meetings."

The Juniors will usher and distribute programs at the "Doctor Doolittle" premiere.

It's not going to be a black tie evening. "Eight o'clock is early," Jackie explains. "Some of the men in our audience will probably come directly from work, stopping off just long enough to eat."

"We want families to come together; after all, this is a 'family' movie. Many of our members are planning small, informal dinner parties before the show, and are including children in their party plans."

Plan No Afterglow
There won't be a formal Afterglow at the movie's end. The youngsters in the audience have to get to bed. Wednesday is a working day for their fathers.

"We just want it to be a nice, pleasant night," Jackie says. "Most of all, we want everyone in the audience to have a good time."

In her "office," the glass-walled blue, green and white family room overlooking her pool, Jackie Caskey is making telephone calls, checking details, doing whatever she can to assure that Sigma Gamma's movie benefit will be a perfectly delightful occasion.

In "offices" like Jackie's all over the Metropolitan Detroit area, other Sigma Gamma members are doing the same things. Like Jackie, they're doing what they've pledged themselves to do to the very best of their abilities—and that, when you're speaking of Sigma Gammans, translates as "very well indeed."

Thieves Steal Valuable Wigs

Four wigs, valued at a total of \$680, were stolen from a window display of the Posh Studio of Beauty, Inc., 18700 Mack avenue, according to information released by Farms police.

The wigs were not missed until after a woman, walking with her small daughter, discovered a gaping hole in the front window of the shop and notified a DSR inspector, who in turn called police.

Patrolmen John Kraiza and Vincent Peters, the investigating officers, said someone had smashed a large hole in the 8 by 6-foot front window. The object used to shatter the glass was not found, the policeman said.

Mrs. Ronald Ruel of 21326 Broadstone, Harper Woods, wife of the owner of the place, told the officers that the thief or thieves had taken a blond wig valued at \$225; a full color wig, worth \$85; a brown and blond-streaked wiglet valued at \$150; and a blond wiglet, worth \$120.

Carl's Corner

I am honoring an idea of Judd Arnett's "Under My Government." A plan for charity recipients—we are told that they are not trained for gainful employment, but training is not necessary for cleaning and yard work. Therefore it is proposed to make Greater Detroit a beautiful and Greater Detroit All welfare recipients will be paid for keeping their own dwellings and grounds clean. (This will also take care of the baby-sitting problem for outside workers.) It's really very simple: no work on maintaining their own properties—no money.
