THE OREGON PRIMARIES brought victory for Senator Eugene McCarthy and an upset to the campaign of Senator Robert F. Kennedy. McCarthy captured 44 percent of the vote to Kennedy's 38 percent. This was the primary that Senator Kennedy had earlier said he could not afford to lose. The Democratic rivals have now turned to California to battle for victory in next Tuesday's primary. Meanwhile, Richard M. Nixon scored a 72 percent runaway on the Republican ballot.

U. S. ATOMIC SUBMARINE Scorpion and her 99-man crew are still missing. Though 40 U. S. Navy ships and submarines headed into a third day of searching thousands of miles of the Atlantic waters, they have discovered no signs of hope.

PRESIDENT CHARLES DE GAULLE defied the demand of millions of Frenchmen that he quit, yesterday. In response, his many foes assailed his message in a special radio broadcast as a call to civil war. According to Communists, the strikes that have paralyzed the nation would continue. The teachers' union said the 77-year-old leader "has just declared war on the French people." De Gaulle hinted that he might use the army to break the general strike and combat an attempt by "totalitarian communism" to take over the nation.

THE AMERICAN BROADCASTING COMPANY announced today that Senators Robert F. Kennedy and Eugene McCarthy have agreed to meet in an hour-long televised debate Saturday night. Vice President Humphrey declined an invitation to join the other two Democratic Presidential aspirants on the program.

THE TRAFFIC DEATH TOLL in Michigan climbed today as motorists took to the highways during the four-day Memorial Day holiday weekend. As of Friday night, at least 10 persons were killed in Michigan traffic and five drownings were reported. A national count showed at least 132 persons dead in traffic since the holiday began Wednesday.

FRENCH MILITARY sources revealed that strong army forces have been rushed to the Paris area in support of President Charles de Gaulle. The troops were standing by but there was no sign of violence despite the 10 million man strike that has paralyzed Paris.

SOUTH VIETNAMESE troops in Saigon supported by planes drove back Viet Cong attackers on northeastern fringes Saturday, but across town some guerrillas held out despite U. S. big guns blasting their hideouts to rubble. South Vietnamese planes strafed and bombed residential areas a few miles northeast of Saigon's center. Civilians have already left the area.

NEW STRAINS on the United Vietnamese relations came about yesterday with the misfiring of a rocket by an American helicopter gunship which killed seven key South Vietnamese officials. A full-scale investigation is currently underway by the U. S. Command. American officials were shaken and concerned over possible repercussions from the incident.

HURRICANE ABBY, drawing a second wind from the warm Gulf of Mexico Monday, began moving again toward the thickly populated Tampa-St. Petersburg area and the string of Gulf Coast resorts already swept by gale winds and heavy rains. Nearly a million residents prepared for the storm as red and black hurricane flags were flying from Marco Island, south of Naples, northward to Tarpon Springs, above the Tampa Bay area.

Hearing Set In Argument Over Building

Woods Councilmen and City Inspector Named in Suit Brought by Property Owners

The long, involved saga of two new Woods' property owners and the Woods Council has finally hit the courts. In the past, the Council and the homeowners, Mr. and Mrs. Gordon Peterson of Brys drive, have made sincere attempts to come to an understanding. However, a meeting of the minds was never accomplished and the suit evolved.

The suit, brought against the Woods Councilmen and City Building Inspector Earl Wakeley, concerns a home valued at \$100,000 built by Schultz Homes, Inc. for the Petersons. A Board of Appeals Hearing was held on March 18, during which the Petersons requested a variance to modify the family room to a porch classification. At the time the board listened, expressed their regrets to the Petersons but unanimously denied the variance.

At the hearing John Hyland, Buffalo architect, who designed the Petersons' home, was present. At that time he was asked if he presented more than one design for the house. Only one design.

The Council then requested Mr. Wakeley to locate the original plans.

High School Commencement Exercises Set for June 13

Grosse Pointe High School seniors are rounding up a busy schedule of events which will culminate on Thursday, June 13, with the formal commencement exercises which will be held on the football field, weather permitting. The ceremonies will begin at 7:30 p.m.

Students and parents will sit on the 50-yard line in the bleachers. Temporary bleachers will be set up on the track for additional seating. In case of inclement weather, the gymnasium will also be ready for use. School authorities hope to have Fisher road closed off so outside traffic noises will not disrupt the ceremonies.

Since the senior class is unusually large this year (995 candidates, including summer school graduates, as compared with 899 last year), there will

One-Way Roland, Maison Limited Parking on Mack Okayed by Farms Council

Action Taken to Alleviate Serious Traffic Problems Plaguing Area Residents; Solons Decree Six-Month Trial

The closing of Roland road from Mack avenue to the "Y" junction of Roland and Maison, was deferred for at least six months by the Farms council, following a public hearing held on Monday, June 3. The council agreed to the adoption of recommendations of Police Chief Jack F. Roh in making the roads one-way streets.

The one-way system will be effective until the first council meeting in December, at which time the city body will accept other recommendations, or finalize a decision to continue the new system.

In another move to alleviate the parking situation in the area, the council decreed the creation of 11 metered parking

A reception will follow in the Edsel Ford Gymnasium.

be no adult speaker other than principal Jerry Gerich, who will say a few words then formally introduce the class to Dr. Theos Anderson superintendent of schools.

The two student speakers representing the senior class that evening will be Steve Gibson and Meg McIntosh. Cathy Griffith is the alternate.

Directly following the commencement ceremonies Fries Ballroom, will be re-named "Our Beautiful Ballroom" for an after-commencement party. The party will begin at 10 p.m. and end at 2 a.m. The theme of the party, sponsored by the Mother's Club, is "Up, Up, and Away!" and will feature the music of the "Sounds of Nile."

The ballroom foyer will be transformed into a carnival

Phony Bilks Car Owner Out of \$90

Woods Resident Victimized by Man Claiming to Be Bumping and Painting Expert

Andrew Ruen of 1739 Newcastle was bilked out of \$90 by a phony car repairman on Saturday, June 1, according to information released by Woods authorities.

It was disclosed that Ruen was approached at his home by a man who appeared to be Mexican, and who asked Ruen if the car in the driveway adjacent to the house belonged to Ruen. When he received an affirmative answer, the man offered to bump out and paint the front end of the car, which was damaged for \$90. He was a bump and paint man, he told Ruen.

When he received a go-ahead from the resident, the man, and a 14-year-old boy, one of four other persons with the "repair man", in a car at the curb, began working on Ruen's automobile.

Trip to Bank

The pair "worked" two hours on the car. Ruen notified the man that he would have to go to the bank to draw out the money to pay him. The man went with Ruen, police said.

On the way back, the Mexican said he needed some tools and asked for the full amount of \$90, which Ruen gave him. They made a stop at a hardware store, and then returned to Ruen's residence, where the man "worked" another 45 minutes, after which he informed Ruen he will have to leave to purchase some items needed on the car.

Ruen told police that the man got into his own car at the curb, and drove away, going east on Newcastle toward Mack, and that was the last time he was seen.

Car Not Improved

To aggravate the matter, Ruen said, not only was he cheated out of the money, but the condition of the car was worse than before the culprit started "working" on it.

Ruen described the man as being about 25 or 26 years old, about 175 pounds, having dark hair, very dark complexioned, and dressed in dirty clothes. The man spoke in Spanish to his young "helper," Ruen added.

GONE WITH THE WIND

City police received a report from an employee of Walton Pierce, 17100 Kercheval, that a large plate glass window in the store had just cracked, due to the wind.

Memorial Center Drive Successful; \$82,064 Donated

Total of 5,228 Donors to Date Sets New Record; Additional Contribution Expected Throughout the Year

Grosse Pointe War Memorial's 1968 Annual Family Participation Campaign has gone over the top, insuring the operation and continued development of the Center in the new fiscal year beginning August 1. A total of \$82,064 has been received from 5,228 families thus far with many donors still expected to be heard from.

Gifts to the Center are gratefully received and acknowledged at any time throughout the year.

William B. Cudlip, campaign chairman; Harry W. Mellen, treasurer; and William F. Huetteman, president, are joined by the other volunteer directors of the War Memorial in thanking the many Grosse Pointers who have so loyally supported the Center and its activities. Their response to the Memorial's annual appeal has been most heartening.

These monies provide the needed one-quarter total income, which added to the Center's invested endowment and intake from class and accommodation fees make possible the continuation of Center programs and services as well as the maintenance of its handsome buildings and grounds.

The Center points out that last year's record number of donors, who by the end of December included 5,098, has already been exceeded. Among recent contributors to whom the Board wishes to extend its sincere thanks are:

They also told Mrs. Speck that Mobil was undoubtedly carrying on an investigation of their own.

Stocking-Masked Bandit Holds Up Man in Garage

Arrested L. Post, 46, of 1657 Brys drive, was held up by a stocking-masked gunman, as he entered his garage on Saturday, June 1, according to information given to Woods police.

Post, who flagged down Cpl. Thomas Kervin and Patrolman William Lentz, told the officers that he entered his garage at 5:15 a.m., to get his car to go to work, when someone called to him. He said he turned around when he heard the word, "Sir."

He said he was confronted by a young man, who had a stocking over his head and face to distort his features. The youth showed him what appeared to be a gun, and ordered him out of the garage on threat of his life.

Church Taken Off Hook in Curb Project

Woods Council Decides Baptists Have Done Share in Improvements Along Eight Mile

Appearing once again on the Woods Council agenda Monday, June 3, was the question of the installation of curbs and gutters on the south side of Eight Mile road between Mack and Goethe.

At previous Council meetings and at a special meeting of the committee - of - the - whole, at which representatives from the Grosse Pointe Woods Baptist Church were present, the question as to whether the church should be charged for either the proposed street widening or the installation of curbs and gutters was discussed.

The church representatives felt since they originally dedicated the necessary right-of-way for the street and participated in the cost of the street construction and the necessary installation of storm sewer drainage they should not be made to participate in the new improvement costs. They added that they did not object to the proposed construction project if such was constructed without expense to the church.

Members of the committee-of-the-whole voted to recommend that the matter be placed on the Council agenda Monday night. On Monday the council voted to provide curbs, gutters, paving and diagonal parking on the south side of Eight Mile road without assessment from the church since some members felt the church's original contributions toward improvements in that area more than covered what normally would be expected of a property owner. The vote was 4-2 with Mayor Kenneth McLeod and Councilman Donald Cook voting no.

Five Seeking Election to School Board

40,590 Qualified to Cast Ballots; Campaign Has Been Both Bitter and Confusing

By Walter W. Fuller
What has been billed as the most momentous election ever held for the choice of trustees to fill vacancies on the Board of the Grosse Pointe Public School System, is scheduled for next Monday, June 10.

On that day thousands of citizens living in the five Pointes, and a portion of Harper Woods, will trek to their respective polling places in 10 precincts to cast their ballots for the five candidates seeking two four-year terms as school trustees, as well as for those running for a four-year term as a member of the ruling body of Wayne County Community College, District 1.

All registered voters, whether or not they are property owners, are eligible to cast their ballots for candidates on this occasion. Polling places in the district will be set up in 10 public elementary schools. They will be open from 7 a.m. to 8 p.m.

Bitter and Confusing

During the past few weeks charges and counter-charges, have been made by opposing factions during the somewhat bitter, and equally confusing campaign for the two School Board vacancies. Many rumors, some of them of a vicious nature, were spread and rapidly squelched. The campaign has been "most unusual" as one schoolman reported.

One of the "unusual" situations in the campaign was the early withdrawal from the race of trustee candidates Malcolm W. Lovell, Jr., who had served for four years on the Birmingham (Mich.) Board of Education before moving to Grosse Pointe, and Russell H. Peebles, a five-year member, and current vice-president of the Grosse Pointe Board. Their statements, made at the time, declared their beliefs that they felt their action was "in the best interests of the school system."

Now Five Candidates

This left the following five candidates seeking the two Board vacancies: Lee H. Allen, John K. Grylls, Kenneth S. Halsey, Mrs. Barbara Rickard Thompson, and Dr. Carl R. von Gruening.

Mr. Allen, a Grosse Pointer for 12 years, lives at 71 Moross road, Grosse Pointe Farms. A sales engineer and a metallurgist for an industrial raw materials firm, he served in the Navy for three years, and has been active in community work. He and his wife, Marieke, are parents of four sons, all of whom are attending Kerby School.

Mr. Grylls, an attorney and professional engineer, resides with his wife Phoebe Coe, and three children, Lynn, Mary and David at 610 University place. The children attend Pierce and Mair schools. Grylls describes himself as "an independent and concerned citizen."

Mr. Halsey, a resident of Grosse Pointe for 10 years, lives at 1141 North Oxford road, with his wife and three school-age children. Senior partner in a law firm, he graduated from the University of Detroit Law School. He is a former special FBI agent, and served in the Navy and with the Air Force Judge Advocate General's Corps during World War II.

Mrs. Thompson, 54 Radnor circle, is the wife of Joseph P.

Stupid Pranks Also Dangerous

Edward McKenzie, 430 University, called City police on Wednesday, May 29, to report that some boys were pulling up a stop sign at Kercheval and University.

Upon arrival Cpl. Richard Clarke and officer Dwight Scott found the Stop sign missing. They replaced it with a temporary Police Department Stop sign.

They also found the sewer cover in front of 598 University removed and dropped into the manhole, and the water plugs from a nearby hydrant missing.

the Board of Education, to
Mrs. Thompson is a graduate
of Michigan State University,
and has been a history and
political science teacher. Prior
to and during her 20 years re-
sidence in Grosse Pointe she has
a lengthy record of community
service.

Dr. Von Gruenigen, a Pointer
for 16 years, is a dentist
with an office in Grosse Pointe
Farms. He resides at 94 Grosse
Pointe boulevard, with his wife
and two daughters, who attend
schools here. He is a graduate
of the University of Detroit,
and lectures at the University
of Michigan.

About 1,000 interested voters
jammed Parcels Junior High
School auditorium to attend a
special three-hour public meet-
ing of the Board of Education
last Monday night.

Circulars, passed out at the
doors and in the auditorium,
gave the background of the five
candidates for the trusteeships,
and stated the platform on
which each is running.

All candidates were seated on
the stage, with School Board
members. Each of them was
given 10 minutes for a talk, and
later five minutes for rebuttals.

All were greeted warmly by
the large audience. All present-
ed their arguments succinctly,
and without rancor. The talks
preceded a lengthy period set
aside for the audience to ques-
tion the candidates. Oddly
enough most of the questions
were addressed to Mr. Halsey
or Dr. Von Gruenigen. All can-
didates were permitted to com-
ment on all the suggestions, fol-
lowing the answers given by
the one to whom they were ad-
dressed.

While an applause meter was
not used, it appeared to ob-
servers present that Mrs. Thompson
and Mr. Grylls won the largest
share of the public acclaim for
their presentations.

40,590 Registered
A Selected Statistical Chart,
issued by the Grosse Pointe
Public School System, lists 40-
590 registered voters in the dis-
trict. At last year's school elec-
tion, held June 12, a total of
6,390 votes were cast. That was
the largest number of votes
ever polled up to that time, in
a Grosse Pointe school election.

As simple arithmetic will
show, this means that 34,200 re-
gistered voters did not cast their
ballots at the 1967 election, which
is a sad situation in a commu-
nity of proud and supposedly
patriotic Americans. An intensi-
ve last minute drive is being
made by various groups to
bring out a much larger vote
next Monday.

It also should be noted that

there are 14 candidates seeking
the one four-year trusteeship at
Wayne County Community Col-
lege, District 1.

These are Charles S. Davis,
George R. Filgo, James R. Hal-
ey, Laverne F. Hopman, James
Bennett Hughes, Frank Imbri-
aco, Sam Perry, Donald M.D.
Thurber, Thomas Trendowski,
Gerald W. Tuzinowski, N. Jo-
seph Tager, Joseph L. Posch,
Arthur M. Rutledge II, and
Joseph Edward Stermer.

There are two more an-
nounced meetings at which the
school board candidates are
scheduled to appear. One will
be sponsored by the Women's
Republican Club of Grosse
Pointe at the Grosse Pointe
War Memorial today, June 6,
at 10 a.m. A similar meeting
was sponsored by the League of
Women Voters at Pierce Junior
High School, last night.

The Catholic Churches of
Grosse Pointe will sponsor a
"Candidate Night" Sunday,
June 9, at 7:30 o'clock at St.
Clare of Montefalco, church au-
ditorium.

was one of the 10 citizens who
opposed the closing.

The Recommendations
The following are the recom-
mendations made by the police
chief and accepted by the
council:

1. The making of Maison a
one-way street from Mack ave-
nue to Chalfonte with a stop
sign being placed at the inter-
section of Maison and Roland
for traffic headed toward Chal-
fente.

2. The making of Roland road
a one-way street from Chalfonte
to Mack avenue with a stop sign
being placed at the intersection
of Roland and Maison for the
traffic headed toward Mack on
Roland.

3. A No-U-Turn sign being
placed at the "Y" of Roland
and Maison, so vehicles cannot
turn off onto this street and
make a U-turn to return to the
business area of Mack avenue.

4. The installation of one-hour
parking signs for the entire
length of Mack avenue from
Maison to the Woods city limits.
This would prevent employees of
the business district within De-
troit and the Woods from park-
ing in the Farms on Mack for
the entire day.

5. The installation of parking
meters and the installation of
wide-angle parking on Maison
from Mack to the new alley on
both sides of the street, which
would provide at least a dozen
parking spaces. (This was
changed from Maison to Ro-
land).

Chief Roh said that during
a traffic survey of the area in
the past two weeks, personnel
of his department placed six
violation tickets on commercial
vehicles, and 17 on passenger
vehicles, for illegal parking.

WATER MAIN BREAKS

Mrs. Peggy Hanson, 382 Wash-
ington, called City police on
Tuesday, May 28, to report
water gushing out of the ground
in front of 376 Washington.
Officers Dwight Scott and Ron-
ald Pryor checked the area and
reported that a water main
apparently had broken. Melvin
Beatty of the Water Depart-
ment was notified immediately
and his department made the
necessary repairs.

Hold-Up

(Continued from Page 1)

Kerving and Lentz were pass-
ing by, and gave the policemen
details of what had taken place.
The officers radioed an alert
after Post gave them a partial
description of the culprit, then
proceeded to search the neigh-
borhood themselves, without
success.

Post said that the bandit was
about five feet seven inches tall,
weighed about 150 pounds, had
a slender build, and was wear-
ing dark trousers, and a light,
or beige, jacket. He heard no
sound of a motor vehicle, before
the incident, nor after the gun-
man left, the victim said.

Rolling, Driverless Car Injures Girl on Tricycle

Four-year-old Kristan Moriarty, daughter of the Daniel A. Moriarty of 534 Anita, suffered a serious head injury when she was hit by a driverless car that rolled backward from a driveway.

On Tuesday, May 28, Kristan was pedaling past the driveway of 629 Hawthorne on her tri-

cycle, when suddenly the automobile began rolling back, and the left rear of the vehicle hit the child, throwing her from her bike onto the cement.

Mrs. Edythe Schoettley of the Hawthorne address, told Woods Cpl. Peter Thomas and Patrolman Leroy Tobian, that she pulled into the driveway, and put the car gear into park. She said she intended to put the vehicle in the garage later.

She said she walked across the street to talk to Mrs. Marie A. Luber of 628 Hawthorne. While conversing with her neighbor, Mrs. Schoettley said, she heard a noise and turned her head for a moment, toward her house, and screamed when she saw the car roll back and hit Kristan.

Mrs. Schoettley ran to the aid of the little girl, while Mrs. Luber went into her house to call police.

Thomas and Tobian said that when they arrived at the scene they found the Schoettley car, a 1967 Mercury, blocking the street and the tricycle under the left rear wheel. Thomas said that when he entered the car to start it up to move it back on the driveway, the gear was in park position.

Shores Patrolman Gordon Swartz, who also responded to the call, carried Kristan from the Schoettley residence, and placed her in the Woods police ambulance. The girl was conveyed to St. John Hospital, accompanied by her mother, who had been called.

At the hospital, doctors found that Kristan suffered from a skull fracture and bruises and abrasions about the face and hands. At the last report, she was said to be in fair condition.

Tobian, who transported the child to the hospital, said it appeared that when the child was thrown from her tricycle, she struck her shoulder and head against the left rear wheel, or the side of the car. She was dragged a few feet before the car stopped, he said. She was conscious en route to the hospital, he added.

SMOKE SCREEN?

Guy Willetts, 456 University, called City police to report that at approximately 11:15 p.m., May 31, his son Guy reported smelling smoke at the rear of the house. Upon investigation they found someone had burned a hole in the rear screen.

ARE URGENTLY NEEDED!

Your Grosse Pointe Board of Education is under attack!

Control is being sought by a vocal minority group . . . dedicated to a program of looking backward and to retrenchment! A minority . . . dedicated to a program that would hush every voice but theirs!

Grosse Pointe Citizens for Education was formed and has worked to prevent this take over! We now ask for community support !!!

Over the past two months we have invited ALL WOULD-BE CANDIDATES to come before our

organization (some eight hundred concerned Grosse Pointe residents) so that the candidates could first answer a written questionnaire . . . and then talk FORTHRIGHTLY and openly of his or her beliefs in regard to the problems confronting our school board . . . and plans and programs to solve them.

We listened to all who would come before us, and by secret vote then chose those we felt to be best qualified . . . those whose views best fit the consensus.

Recent history indicates our opposi-

tion's supporters will vote as a bloc straight down the line! Yes, once again the highly organized minority will attempt to "steal" an election.

AND . . . IF THEY SUCCEED . . . THEY WILL HAVE "CONTROL" OF YOUR SCHOOL BOARD!

The Citizens for Education of Grosse Pointe now ask that you back BOTH OF OUR UNANIMOUSLY ENDORSED CANDIDATES . . . BARBARA R. THOMPSON and LEE H. ALLEN . . . ONLY! DON'T FRACTIONALIZE YOUR VOTES!

inal plans. The Council found, after careful study, that the plans that were originally submitted by the builder were not the same plans submitted by the architect and used to build the home.

The Board of Appeals denied the variance because they felt the family room still constituted an encroachment on the rear yard requirements of the zoning ordinance and that it could not in all honesty be classified as a porch.

Earlier in March the Council, in an effort to facilitate the Petersons' building, voted to rescind the Stop Work order issued by Mr. Wakeley to permit the builder to continue work on the house proper, but not on the family room.

Want Writ Ordered

The Petersons contend in their suit that a writ should be ordered requiring the Councilmen and Mr. Wakeley to accept a proposed modification of the plans as they believe the porch conforms with the zoning ordinance of the City of Grosse Pointe Woods and permit them to proceed with construction of the dwelling to complete the porch as shown in the modification.

The city contends that "particular stress should be placed upon the fact that, according to legal interpretations contained in the opinion, a "porch" is an open appendage attached to the enclosed part of the building. It is an exterior appendage to a building . . . differentiated from its (the building's), principal mass. "A so-called porch may in some cases be enclosed, yet if it appears that the projection is part of the main building, even though called a porch, it will be considered a violation of building restrictions if beyond the set-back line." In the past this has been the policy followed by the building inspector.

City Attorney George Catlin has appeared for the Councilmen and Mr. Wakeley and will attend a hearing on the matter on Monday, June 17.

Park Residents Win Fight To Bar Bank Parking Lot

The Michigan Bank's request for permission to raze a house it owns at 976 Barrington, to make way for a proposed parking lot for its branch office at Jefferson and Barrington, was rejected by the Park Council on Monday, May 27, following a public hearing.

Residents living in Barrington and surrounding areas attended the hearing in which the council sat as a Board of Appeals, to protest any development of a parking lot, which they claimed would be detrimental to the neighborhood.

Samuel Travis, attorney for the bank, who had asked for a postponement of the session last February 12, because two members of the city council were absent, said at Monday's hearing, that he did not wish to ask for one at this meeting, even though Mayor Matthew Patterson was absent because of illness.

Only one resident living in Barrington favored the proposed parking lot, but those who protested the move asserted that this citizen was not affected since he lived further down the road and was not as concerned as the residents living in the immediate vicinity of the bank.

Thirteen Barrington residents who were unable to attend the hearing, affixed their signatures to a petition, protesting the bank's proposed intention.

The signers claimed that a parking lot would be a nuisance, an eye sore, and disagreeable to neighborhood.

Travis, in his opening speech, pointed out that early in 1963, the council instructed the city's planning consultants, Villan-Leman and Associates, Incorporated, to study the best use of the property at 976 Barrington, and to submit the findings to the Park Planning Committee for a recommendation.

The attorney said that the consultants outlined the parking development as the best possible use of the property, and the Plan Committee, at the time, recommended that the bank be allowed to go ahead with its proposed plans, after it made a further study of the situation.

Travis said that to clear up any misunderstanding, he wanted it known that the bank is not asking for a zoning change, but to have the property developed to the best possible use, as provided under the Zoning Ordinance.

He said that Michigan Bank is asking for the same rights granted to Verheyden Funeral Home, Richard Buick, and others within the Park limits, who were permitted to develop parking lots.

He also said that the lot, if allowed to be constructed, will be maintained at all times, that there would be a green strip, and the proper setbacks adhered to, but this did not sway the residents, who charged that the other businesses were not in their neighborhood, and the locations were entirely different from theirs.

The residents contended that the Park is primarily a residential community, and that the bank purchased the house,

on Lot 347, knowing that the property is in a residential zone. A gas station in Barrington, adjacent to the bank is bad enough in their neighborhood, they added.

The people charged that the house, now empty, has been subjected to vandals, who have broken several windows. They also charged that, even now, employees of the bank have been using part of the property for parking.

Travis interjected that the parking lot is needed badly for the bank's customers, and stressed again that if the permit will maintain the lot in the best interest of city and the neighborhood. He also pointed out that the license to operate the lot is based on a year-to-year approval by the city. If the bank did not conform to the regulations, the city can refuse a license, he said.

This brought the comment from the protesters, that in the event the Park refused to grant

an annual license, then the lot, already constructed, would be still there and in time would become a big eye sore because of lack of maintenance.

After listening to both sides,

Mayor Pro Tem Robert Hutton called for a vote on the matter, and the Board of Appeals, without a dissenting voice, rejected the bank's petition for a permit.

Barnes School Loses Principal

Dr. Roger D. O'Connor, Principal of John R. Barnes Elementary School, 20900 Morning-side drive, has announced his resignation, effective with the end of the current school year.

Dr. O'Connor has indicated that he intends to enter community college work. As preparation for a new assignment, he has been accepted in the Junior College Leadership Program at UCLA this summer.

He expects that he and his family, residents of St. Clair Shores, will move to the West Coast this fall.

Dr. Theos I. Anderson, Superintendent of Schools, said of the departure of the Barnes Principal, "In the short time that I have been in Grosse Pointe I have come to realize the value of Dr. O'Connor's contribution to the school system in general and to the Barnes community in particular. However, in accepting the challenge of the fast-moving and ever-widening junior college movement, he has chosen to expand his own horizons and share his talents elsewhere. We wish him well."

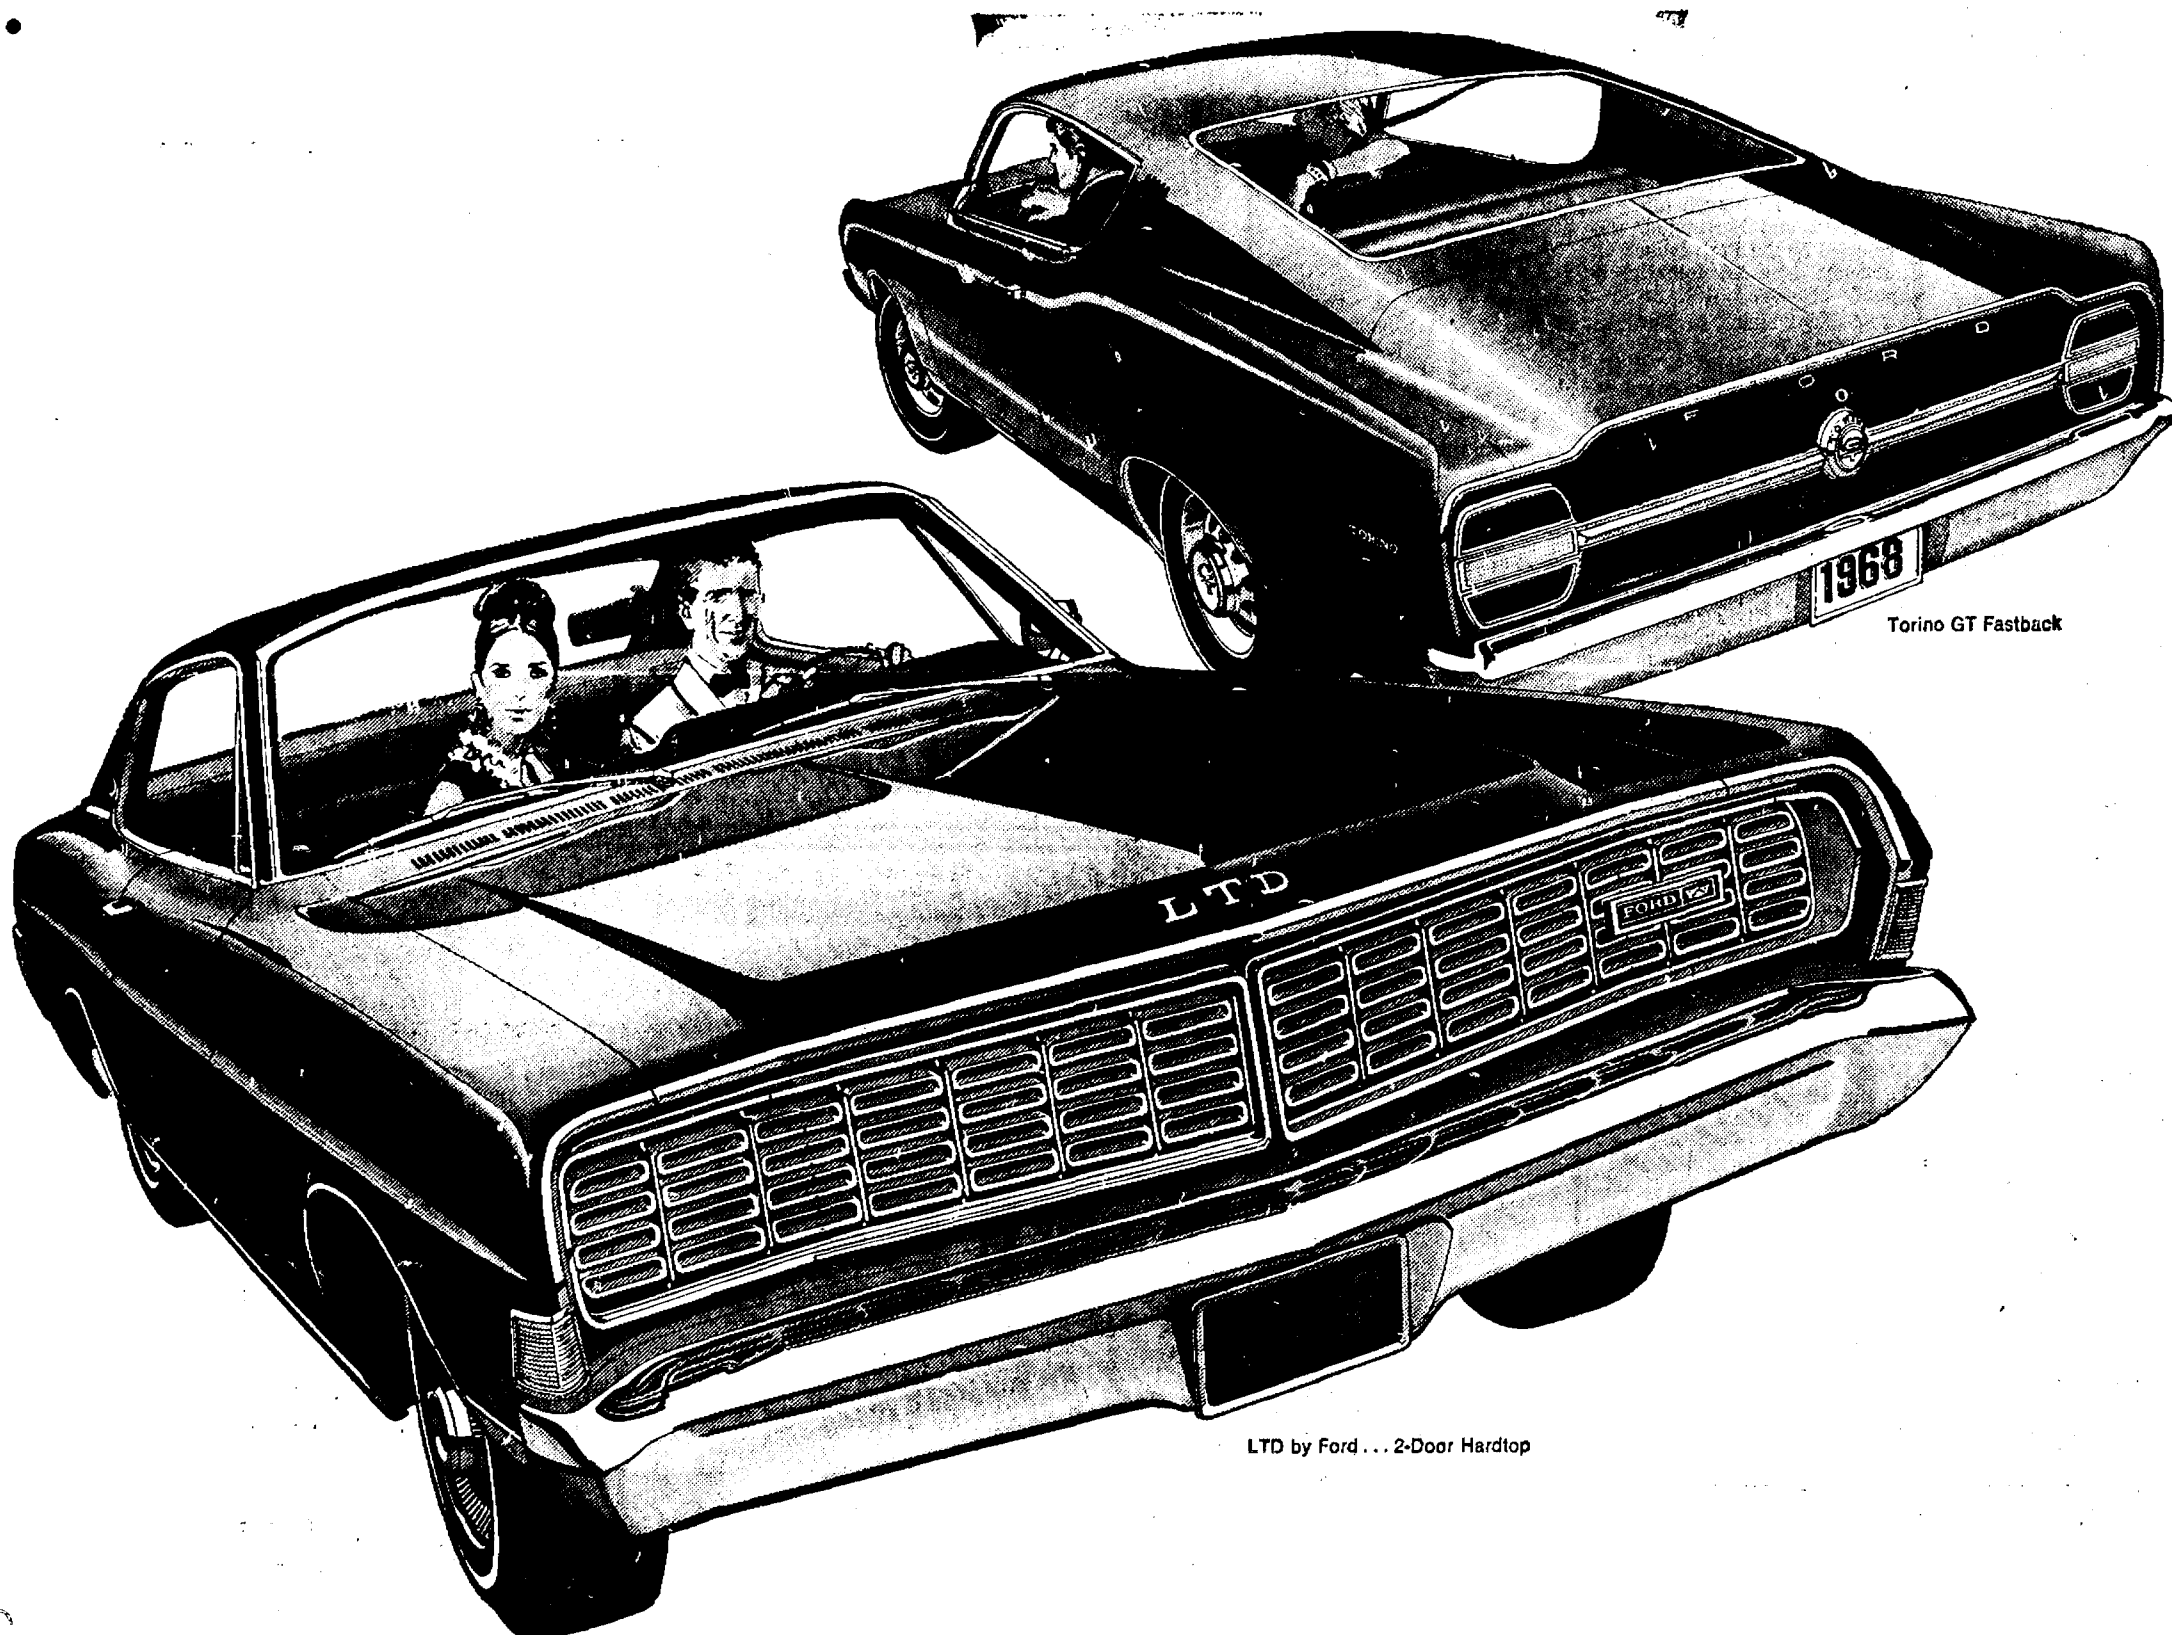

Dr. O'Connor, an educator with 15 years of service to the Grosse Pointe Public School System, came to the community as an elementary teacher, a post he held for four years at Mason School.

Prior to his appointment to the elementary principalship in 1963, he taught three years at Parcels Junior High School and two years in the social studies department at Grosse Pointe High School.

Dr. O'Connor was on sabbatical leave from the schools as the recipient of a Fulbright Scholarship to Germany, where he did research which led to the completion last year of a doctorate in comparative education at Wayne State University.

In his letter of resignation, addressed to Superintendent Anderson, Dr. O'Connor said, "I deeply value the opportunity I have had in Grosse Pointe to be a teacher and principal. I have been stimulated by and learned a lot from my colleagues all along the way. I have seen Grosse Pointe's educational program grow and develop, and I earnestly hope that this progress will continue. I know you are committed to the betterment of the school system. May your efforts, and those of my fellow administrators, the teaching staff, and all who wish for a richer, fuller educational life in Grosse Pointe be realized."

Tomorrow is the day that the thing you didn't put off today will begin to sprout.

Fire Damages Theater Office

Woods police are investigating
the possibility of arson in a fire
that damaged the interior and
changer and ticket equipment
of the Woods Theater box office
shortly after midnight on
Thursday, May 30. Damage is
estimated at \$400.

While on routine patrol on
Mack avenue, at 12:32 a.m.,
Public Safety Officers Paul
Titcombe and Theodore Hinz,
were stopped by a woman who
excitedly told them that the
box office was ablaze. Only a
short distance away, the patrol-
men dashed to the scene in
their scout car.

On arrival, Titcombe and
Hinz observed the complete in-
terior of the office in flames,
and radioed their station. The
officers leaped out of the police
car, and grabbed a fire ex-
tinguisher from the trunk of the
vehicle, and aimed its chemical
through the slot-opening of the
glass on the south side of the
box office.

The officers said that as they
played the chemical, the com-
bination of heat and coolness of
the liquid cracked the glass
of the north and south sides of
the office. While the officers
were trying to put out the
blaze, the fire truck arrived,
and personnel doused the fire
with water.

The green cloth curtains were
taken down and removed, and
the debris cleared from the
cubicle.

Three young boys standing
near the theater, called Hinz's
attention to a cigaret lighter
on the counter of the box office.
The lighter was about half
filled with fluid. The item was
taken as evidence.

Titcombe and Hinz said they
had just passed the theater at
12:30 a.m. and everything was
in order. About two minutes
later, they were flagged down
by the woman and told of the
fire.

The policemen said that the
box office door was locked and
secured at the time, but on the
north and south sides of the
cubicle, there are three-inch
openings through the glass, for
the exchange of money and
tickets.

It is believed that someone
had reached in through one of
the slots, and started the fire.
An investigation is still in
progress.

The City of Grosse Pointe
Council, sitting as a Board of
Appeals, granted the request
of Mamas Mukufian, 813 Lor-
aine, on Monday, May 27, for a
reduction of the requirement
for distance between detached
accessory building (garage) and
house from 10 feet to 7 feet and
reduction of the side yard re-
quirement, between the garage
and abutting property line,
from three feet to two feet.

GROSSE POINTE SCHOOL BOARD ELECTION—June 10, 1968

YOUR Kids YOUR Money YOUR Decision

Another Four Years of THIS...

- A 4½-million-dollar high school proposal that becomes a 12-million-dollar fact?
- A millage referendum so obviously over-estimated that it could have taken in tax revenues over *one-and-a-half* million dollars in excess of proposed budget needs?
- A failing educational system . . . one that our Superintendent rates no better than a "B+" (address at Barnes PTA, Feb. '68)?
- A stated or voted intent to involve our schools in regional problems through membership in the Council of Governments?
- A fearful reluctance to bring important school matters before the public . . . and discuss them openly and honestly before the public in Regular Board meetings?
- A commitment to vote, not on the merits, but by bloc ("I agree with the majority. I will *not* vote with the minority," opposing candidate's speech at Ferry and Brownell, May '68)?

... or a New Team approach to the serious problems facing parents and taxpayers?

Example: House Bill #3699 (which just passed both Houses of the State Legislature) would give your School Board the power to float *additional* bonds (incur additional debts that must be repaid with *new* tax money from you) in the amount of 5.3 million dollars . . . WITHOUT A VOTE FROM THE COMMUNITY!

Don't want this awesome new power resting in the hands of Trustees who have publicly stated that "Brains, not bucks" is the only sensible answer to our current educational dilemma?

Judi Graffius Gillis Wins Title of Mrs. Pennsylvania

There is never a dull moment around the John A. Graffius Harbor Hill household. In April their 17-year-old son John, a senior at Grosse Pointe High School and skin-diver, assisted the Coast Guard and Farms Police in recovering a body from Lake St. Clair.

This past week-end their daughter, Judi, (Mrs. David C. Gillis), 24, won the Mrs. Pennsylvania Contest at Plymouth Meeting, a suburb of Philadelphia.

Judi and David, (who is the son of Mr. and Mrs. George M. Gillis, of Fairway drive), both are Grosse Pointe High School graduates. Judi was also graduated from Briarcliff. After they were married in St. Paul's-on-the-Lakeshore they moved to

New Haven, Conn., while David finished up at Yale.

Then last summer they moved to Pennsylvania, where David affiliated with a retail clothing firm. In the meantime Judi got

involved . . . and loved it! A friend suggested she enter the Mrs. America contest. At first Judi just laughed . . . still laughing she entered. She won hands down in the County Contest and became Mrs. Montgomery County. Last week-end she entered the state contest. She beat out 10 competitors. Now she'll represent Pennsylvania in the Mrs. America Pageant in Minneapolis in August. Judi's reaction? "Who Me? Honestly?"

The winner on the state and national level has to be a multi-talented lady. She must have looks, personality, an awareness of the world around her and have outstanding homemaking skills.

College Trend

By Tom TRENDowski

"Some men are uncommon to extraordinary degree, others to lesser. And perhaps most uncommon of all is the common man whose achievements are exalted beyond the expectation of his circumstance."

These words of Crawford Greenwalt* can be classed among the truly great and profound statements. The story of the "common" man is, indeed, the true story of America's greatness. In the well-springs of our nation's growth can be found the principle of the "open society." This principle has done much to bring about fuller development of our human resources.

"The story of America is the story of the common men who, whatever their motives, whatever their goals, were inspired to uncommon levels of accomplishment. Just as many drops of water can join to make a waterfall, increments of human accomplishment, small perhaps for any individual, will, when multiplied by millions, create a nation whose stature is second to none. This is America, these her uncommon men."

We have said that the TREND to Community Colleges is due, in part, to our desire to provide quality education at lower cost to parent and student. However, in a more basic way, this College TREND is due to our belief in the redemptive quality of Man. For many, the Community College offers the opportunity for a fresh start — for another chance for the student to taste success, and to offer the maximum contribution to society. Indeed, it may be that opportunity to become the uncommon man.

The concerned citizen will provide support to the Community College Concept out of recognition and understanding of the basis of the New TREND.

Education is often defined as preparation for life. The world-of-work is an integral part of life. Unfortunately, many large school systems have failed to note the relation between school curricula and "preparation for life." The result has been a growing learning gap.

There has been great concern with bricks and mortar, and with the pursuit of "social solutions." However, the dynamics of our changing technology, and their influence upon the practical technical/vocational needs of the student, deserve greater recognition. Only then will the learning gap be narrowed. On Monday, June 10 the concerned citizen has the opportunity to select the Trustee who is sensitive to social and technological TRENDS. He will select the man who has the faith, the vision and the understanding to assure closure of the learning gap.

Would You Believe 16 Fish?

Fisherlady, ALICE (MRS. RICHARD) KAY, of Rivard boulevard, caught this string of 16 fish, including a 23" Northern Pike, off of the Farms Pier on a recent Wednesday. It all began when she and her husband decided to have lunch and fish at the Pier. As long as Dick was there the two poles were very inactive... but as soon as he left, Alice's line wasn't still a moment. Alice and her fishing friend, Marion (Mrs. Joseph) Perry, of Lewiston drive, can be found at the Pier whenever the wind is out of the east and the barometer falling (they have their own ideas, and who can argue with success?).

Similar Names Prove Confusing

A similarity of organizational names has led to some misunderstanding in the present campaign for the Grosse Pointe School Board Election.

Local members of CEF, (Citizens for Educational Freedom), report they have been besieged by calls inquiring if CEF is the organization sponsoring two candidates for the School Board. The answer is NO.

The organization takes this opportunity to point out the full names and functions of the two organizations. Citizens for Education is a newly formed group in Grosse Pointe organized to evaluate and assist candidates for the School Board.

Citizens for Educational Freedom is a national organization incorporated in 1958 and dedicated to the following principles:

parents' primary and constitutionally guaranteed rights in education; freedom of choice in education without severe financial penalty; and excellence in education for all children regardless of school attended.

The local Grosse Pointe Chapter of CEF was chartered in 1962, and works in conjunction with the national and state organizations to promote public opinion and legislation which will bring liberty and justice for all in education.

Thief Abandons Undrivable Car

Mrs. George A. Devlin, 19495 Lighthouse, Grosse Ile, reported to City Police on Wednesday, May 29, that someone had stolen her '67 dark green Barracuda, which was parked on St. Paul, west of Rivard, at 9:30 p.m., the night before. The keys were removed and the car locked. The car contained one Olympia portable typewriter, one clipboard with papers and some Liggett School posters.

A teletype was sent out on the theft. On Friday, May 31 at 7:30 a.m., Detroit Police Department Auto Recovery notified City police that they had recovered the car at Frankford west of Harvard in Detroit. They added that the car was not drivable. The rear tire was flat, the air cleaner gone, the battery gone and part of the ignition removed. The typewriter was also missing from the auto.

Neighbors told Detroit police that the car was parked in the area early Wednesday, May 29. Police are investigating.

Dr. G. Merrill Lenox Talks Before Senior Men's Club

In an address before the Senior Men's Club of Grosse Pointe on May 28, Dr. G. Merrill Lenox, Executive Director of the Ann Arbor Washtenaw Council of Churches discussed the topic "Twenty Years in Detroit—Paradise or Perdition?" Dr. Lenox, who was introduced by Leonard H. Thomson served as chief executive of the Metropolitan Detroit Council of Churches 1947-1987 and is active in state and national civic and religious affairs.

Dr. Lenox expressed his sense of satisfaction in living in Detroit over two decades and outlined some of the striking changes that had transpired in that time. Under the category of "Paradise," admitting it was not quite that, he outlines some aspects of life in Detroit that had impressed him. They were (1) the inclination of so many community leaders to join in planning for the common good; (2) the progress he had observed toward racial justice; (3) the political sanity Detroit had evidenced in the face of extremist political pressures and (4) the promise of interfaith solidarity.

While the inter-church leader scored those "self-centered citizens who are feverishly obsessed with feathering their own nests," he did sense in the community "a large measure of dedication on the part of persons of all

walks of life to contribute to the common good." He cited the Torch Fund Drive and the New Detroit Committee as examples.

Dr. Lenox outlined many advances in providing equal opportunity for all citizens and pointed out how through fair employment and open housing legislation some progress had been made. He did assert strongly that vastly more must be done and that "we are in dire trouble."

As a third strong point, the Council executive referred to what he called "political sanity in the face of extremist pressures." He noted that during the Senator Joseph McCarthy era and at other crucial periods Detroit had "kept its head admirably."

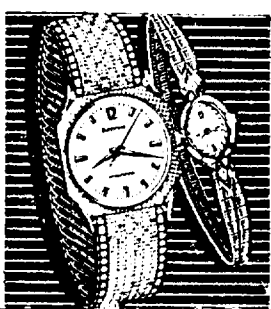

Dr. Lenox praised the leaders of the various faiths for "cooperation unexcelled anywhere." He said that "Detroit had commendable cooperation even before the Second Vatican Council but that it has increased phenomenally in the last five years. For Catholics, Protestants, Orthodox, and Jews to work unitedly is now the rule rather than the exception."

In lauding the good, Dr. Lenox did not hesitate under the caption "Perdition" to point out the inadequacies in the life of the city. He talked of "the smugness and lethargy of too many citizens who accept all the blessings of a great metropolis but few of its responsibilities. We have too many human parasites," he charged.

He expressed sadness also over "much moral deterioration—a breakdown of personal integrity, a flouting of those values and standards which we believe to be ingrained in the very heart of the universe itself. He mentioned specifically alcoholism, delinquency, the breakdown of family life and crime. He referred to the let down of moral standards in books and periodicals, movies and television and denounced the "disgraceful pornography which has been unleashed upon us."

The chief emphasis of the Senior Men's Club's guest speaker was upon "a massive effort to rid our nation of white racism. We live," he said, "in dangerous days. We must eradicate from America all traces of racial bigotry and provide genuine equal opportunity for every citizen, regardless of color, class or creed. This," he insisted, "is our inescapable and solemn duty as Americans and as men of God."

Stage Ambitions Succumb To African Nomads, Camels

By Walter W. Fuller

Eight years ago, as she entered her first teen year, pretty, brown-eyed Lauri Wigle was filled with high ambitions to become either one of the nation's top models, or a star of stage, screen and television.

Today, at 21, and more charming than ever, Laurie is majoring in anthropology at Wayne State University, and has an intense desire to live with a nomadic tribe in an African

desert, as part of the career she plans to follow. "I'm really 'hung' up on nomads and camels," she effuses.

Laurie explains such a tremendous switch in her choice of careers came as the result of the influence of her "anthropology-minded" mother, Mrs. Marie Wigle, with whom she lives in Mapleton road.

Just eight years ago this month, 13-year-old Laurie Wigle, ready to enter her freshman year at the St. Paul Catholic High School in Grosse Pointe boulevard, sat on the end of a tubular lawn chair and posed for a photograph.

Pointer of Interest

She wore a red and white polka dot dress, and a warm smile. Her large brown eyes sparkled, and she held her new five-week-old kitten, Spooky, in her lap.

At that time, Laurie already had been a winsome, photogenic, brunet child model for about eight years. As a result, that photograph, and an accompanying story about her, appeared in the Grosse Pointe News on June 30, 1960. She was that week's "Pointer of Interest."

Many nice things have happened to Laurie Wigle since then, perhaps the most important of all events was the grant to her of a \$500 scholarship by the Grosse Pointe Rotary Club. That was in September of 1964, when the perfectly poised, mentally-sharp, thrilled and

Photo by Eddie McGrath, Jr.
LAURIE WIGLE

happy high school graduate entered Wayne State University, wondering just what her major in college might be.

Sponsors Are Proud

From that day to this Laurie, has made her original Rotarian sponsors "point with pride," as she continues to carry a remarkable 3.7 average, and still is at Wayne doing undergraduate work in anthropology and sociology, as she heads for a doctorate net fall.

It also may be somewhat of a surprise to learn that during the last semester Laurie worked through the Wayne Medical School in physical anthropology, part of which course required a survey of a group of patients in Wayne General Hospital.

Since her Rotary scholarship started her on her way, she has won grants or scholarships from Wayne Educational Opportunity board of governors, and from the National Defense Educational Association Fellowship, of the Department of Health, Education and Welfare.

She also expects to receive all expenses during her doctor's degree studies. Laurie Wigle is justifiably proud of the grants she has received, and also of her membership in Alpha Kappa Delta, (Wayne Chapter), of the National Sociology Honor Society.

Born in Windsor

Born in Windsor, Ont., Laurie lived with her family in Arizona before moving to Grosse Pointe. Here she became an enthusiastic Girl Scout, and horse back riding was her chief hobby.

"Now I have no time for hobbies," she says. "There are so many other things that keep me busy and, of course, you could say that anthropology is my chief interest, my main hobby. Some day after I have done my field work, perhaps in North Africa, I plan to teach at the college level. I gave up the idea of modeling and acting because I have found there is more of a future in anthro-

pology, for a greater length of time."

An average day with Laurie Wigle, as she says, "begins at the crack of dawn." She appears for work at the Wayne University library at 8:30 a.m. After a stint there, which may include some studying, she attends classes until 12:30.

Her Job at Rectory

From the university she rushes out to St. Paul Rectory on the grounds of the high school she attended, where she works until 9 p.m. as a receptionist, a position she has had since 1964. Then home, for more book persuing, and dreams of the life of a nomad.

When Laurie Wigle decided to switch from a career as an actress to one as an anthropologist the stage lost a great potential star, and the world of anthropology gained a dedicated scientist in that field. Laurie is dead certain she made the right choice, and so are a lot of other people.

BORERS IN ORNAMENTALS

Borers attack a wide variety of plants: Peach Ash, Mountain Ash, Lilac, Locust, Birch, Dogwood, etc. Weakened trees are most susceptible. A vigorous, healthy tree is the best defense. Newly planted ornamentals are particularly susceptible. Adults may be beetles or moths, depending on the species.

Owners Ordered To Clean Up Lots

Vacant lot owners of record in the Farms attended a public hearing in the council chambers on Monday, June 3, to find out on what grounds the city can venture onto their lands and cut obnoxious weeds and remove unsightly objects, such as broken cement, without the owners' approval.

The objectors were informed that the city has the authority under an existing ordinance that requires owners to clean up their lots, and that if this is not done, then the city can step in and do the job and assess the costs to the owners.

City Clerk Peter Caputo disclosed that he sent letters to all such owners, advising them of the public hearing, which was set to consider the adoption of a resolution authorizing the city to proceed with necessary weed cutting and general clean-up on vacant lots, and the creation of a Special Assessment District, to assess the cost of the project to the property owners.

Under the law, if the owners fail to cut the weeds on their land when the weeds reach six inches or more in height, they will be given a notice by the city, and if the cutting is not done within a reasonable time, the city will authorize the cutting, and cleaning if required, and bill the owners.

Mayor Pro Tem William Kirby said the Farms will call a public hearing on such a program each year, as prescribed by the Ordinance. However, if the owners provide for the removal of weeds and foreign materials, they will not receive a notice to comply. A check of the lots will be made every two weeks, he said.

FARMS BUYS TRUCK
The Farms council accepted the bid of International Harvester, to sell the city a truck cab and chassis for the Department of Public Works, for \$5,722.65. The council took this action on Monday, June 3.

MORTGAGE MAN INSURANCE AGENCY

We genuinely believe we offer an exceptional opportunity for an active, experienced insurance agent to profitably associate with our very highly respected, small, centrally located downtown Detroit agency now celebrating over a half century of general insurance service.

Our agency has been operated solely as a "service agency" to our larger Mortgage Banking & Realtor operations; in all of our years, no concentration of time nor effort has been expended to fully capitalize on the personal and business entrees so developed.

We need an ambitious agency man who a) wants relief from the financial burden and administrative responsibilities incident to his agency operation, b) wants more time in the field for his sales production, c) wants an office, staff and Companies of which he is proud and upon which he can depend, d) wants to negotiate a commission split arrangement which will net him at least 50% more of each earned commission than he now retains, e) wants to build an equity in the agency itself, and f) has the proven ability to currently produce a reasonable volume of profitable business.

From the right individual or agency, we shall be most receptive to any plan of association (except the sale of our agency) which may provide for permanence and profit. Hence, we invite inquiries which fully detail the personal and business background of interested individual and/or agencies.

You are assured your reply will be received in ABSOLUTE confidence. The employees of our firm know of this opportunity.

The Salvation Army asked me to write an ad about the need for expanding their youth program.

The next day my wife's purse was snatched.

It really happened. I'm asked to do the ad on a Wednesday, and on the Thursday a young man makes off with my wife's purse. Call it Fate or whatever, an experience like this really brings the Army's need close to home. A lot closer than reading about it. A lot closer than just writing about it.

Captain Harvey, a rugged and very direct young man who runs a Salvation Army Drop-In Center, said:

"We want to tell people how much we need to expand our Drop-In Centers. We need bigger places where young people can come and work and play together. Not just places where we can reach them . . . but where they can reach each other. And right

now, we're operating out of premises that would look jammed if you and I and no one else were in them."

So, alright, the Army's asking for funds again. But let me ask you this. Does it always take a tough, personal experience to bring a big need like this home to us? I hope not. And anyway, how do you improve something big without everyone pitching in?

Put it down to peace of mind if you like, but I'm writing a check out to The Salvation Army Building Fund. And for that reason, I've made out this ad with my own signature—not the Army's.

It's the best way I know to show my good faith.

Schools Losing Millard D. Grell

Millard D. Grell, Director of Instruction for The Grosse Pointe Public School System for the past year, has resigned to accept a position as Assistant Superintendent of Schools in Sioux City, Ia.

Mr. Grell's new responsibilities will embrace a school-age population of 20,000. The Sioux City school plant consists of 27 elementary buildings, 6 junior high and 3 senior highs.

Mr. Grell will head an instructional staff of nine administrators and supervisors.

Mr. Grell, who came to Grosse Pointe in 1964 from Hastings, Neb., served as Principal of Monticello Elementary School for two years. In 1966 he became Curriculum Planning Director, a position which entailed preparation for the implementation of the middle school concept for the community's three public junior high schools.

He assumed his present post last August.

Commenting upon Mr. Grell's departure, Dr. Theos I. Anderson, Superintendent of Schools, said, "We wish him the best in his new endeavor. We are pleased that Mr. Grell has received a new and challenging assignment. We are indebted to him for his many contributions to our schools. Undoubtedly his fine record here has provided an opportunity for him to advance to a position of responsibility in the larger school district in Iowa."

Dr. Anderson indicated that a search has been launched for a successor to Mr. Grell.

Mr. and Mrs. Grell, and their family, residents of Stanhope road, plan to leave Grosse Pointe late in June.

Little League Results

Woods-Shores By Jan Walker

The April showers just didn't know when to stop and proceeded to make the baseball diamonds a slippery, muddy mess last week. Because of all the rain and muddy fields, the schedule of Little League games played was limited.

AMERICAN MAJORS Standings

Orioles	3	5	.375
Tigers	2	6	.250
Senators	1	7	.125

In a seessaw American League pennant race, the Indians bounced back to take both of their opponents and regain sole possession of first place. They first knocked off the first place Yankees 14-4. Rick Stieger picked up three hits, Tom Brennan got two hits and made some fine defensive plays and Paul L'Heureux and Tom Dye did some good fielding.

In a soggy four-inning affair, the Indians shutout the Athletics 5-0. Chip Little pitched three innings to pick up the victory, while Rick Stieger again let his bat dominate the offensive attack with two hits and three RBI's. Jeff Stieber, Jay Henderson, John Leonardo and Little all hit safely for the Indians.

The Phillies have remained on top in the National League by gaining their eighth straight victory. They shutout the Cardinals 7-0. Dave Thieman and Kerry Sogolows combined pitching talent to hurl one-hit ball. The hitters were Harry Albright and Bob Haight.

The second place Braves defeated the Dodgers by a 21-6 margin. Phil Guastella did an outstanding job at bat with two homers, one a grand slam, three singles and a total of nine RBI's. Mike Onofrey and Randy Mitseff also added a home run.

The Cubs remained tied for second place with their victory over the Pirates 5-0. Doug Krieger and Bob Kaiser shared pitching honors giving up only one hit. Krieger picked up three hits and Drew Brophy went two for two.

After two outs, the big bats of Dallas banged out two hits and the game was climaxed by a home run by Gary Gula. The battery of Angelo Polizzi and Tom Morath held Charleston to four hits.

Indianapolis swept past Louisville 8-2, with the one-hit pitching of Harold Holmes.

In a good team effort, Wichita came up with a victory over Minneapolis 9-1. Grant Chyz and Jim Daniell shared the pitching honors and Jim scored three runs.

Jim Klimchuck hurled a no-hitter and struck out 15 batters as Rochester whipped Columbus 7-0. Dennis Austin had two hits and an RBI.

Another no-hitter is credited to Jeff Bame as Columbus went past Tampa 2-0. Rick Huettner of Tampa gave up only one hit in his pitching effort. Roy Dossin got that hit for Columbus.

The Yankees gained their fifth straight victory on June 1 as they beat the Giants 10-4. The Giants moved out in front in the first half of the second inning with two runs on singles by Steve Kleiner and Jim Campbell. The Yankees came back in their half of the second with six runs on several walks, and singles by George Maghielse and Tom Conway.

Yankee starting pitcher, Kelly Kelp, shut out the Giants in the third and Giant pitcher Andy Hopping, who took over from John Trapp in the second, allowed no runs in the third and fourth innings.

Then in the fifth, the Yankees scored four runs on a single by Pete Collinson, several walks and alert base running by Tim O'Gorman. Gil Kernan pitched the last three innings for the Yankees, allowing the Giants only two more runs.

Little League Majors

The final week of the first half of the season saw all four Major League teams tied with four wins and four losses apiece. The first two teams to meet to determine who would be in the inevitable playoff game were the Cubs and the Dodgers.

The Cubs scored two runs in the first inning on hits by Mark Leidy and Joe Cornillie, four runs in third on hits by Leidy, Cornillie, Don Chouinard and Paul Bauhof and two runs in the fifth on a walk and hits by Hank Finkenstaedt and Robb Baubie. The Dodgers had a three run rally in the third on a walk by Leo Hurley, and doubles by Chris Montague and Jim Tracy. Final score—Cubs 8; Dodgers 4. Winning pitcher: Don Chouinard.

The game to determine the

second team in the playoff was between the Braves and the Cardinals. This game was won by the Braves through the fine pitching of Tom Klumpp who struck out fifteen batters and gave up one hit to Tom Harwood. The Braves scored eight runs on hits by Rick Linden, Tom Klumpp, Spence Gaarder, Dave Moonie, Art Behn, Dave Hinks and George Cohan. Final score: Braves 8, Cardinals 0.

The winning team in the playoff game for the first half championship was the Braves. The winning pitcher again was Tom Klumpp who started the scoring in the second inning with a home run over the fence in center field. Dave Moonie batted three for four, Tom Klumpp three for three and Rick Linden two for two. The Cubs' hitting was by Don Chouinard, Hank Finkenstaedt, Joe Cornillie and a double by Robb Baubie. Final score: Braves 8; Cubs 3.

It's All Up To You!

Every election is important, but the one in which 40,590 Pointe residents are qualified to cast their ballots on Monday, June 10, has extreme significance. The Grosse Pointe Public School System, long listed among the nation's finest, could be drastically influenced by the results of this vote. Five candidates, only one of whom is an incumbent, hope to be selected as trustees on the Board of Education. Only two will be successful.

The issues and the qualifications of the candidates have been extremely well aired, at public and private meetings, in campaign literature, by personal contacts, in the news and editorial columns of this and other publications, and in many advertisements. Nothing could be achieved here by attempting to delve further into the details which have been given such complete exposure. The struggle for election has been intense, at times, both bitter and beleaguered.

We believe that the school system has suffered two serious setbacks . . . the first in last year's election of trustees when a too-populated field of candidates resulted in the defeat of the president of the Board of Education, Dr. Frank Parcells, who was seeking reelection, and the election of two new members whose contributions to the welfare and continued progress of the system have been indiscernible. The second came when proposals for increased taxes, needed to maintain the standards of which we have been so proud, were defeated.

This down-grading of the brand of education we shall provide our young could well be continued at next Monday's election. It is not only the privilege, but the duty of every qualified elector to go to the polls and put his wishes on record next Monday. We hope that many of the 32,000 voters who shunned the ballots last June, will be in evidence this year.

We believe the best interests of our public school system will be served by following the selection of the Grosse Pointe Committee for Education, and highly recommend voting for Mrs. Barbara Thompson, incumbent, and Lee H. Allen.

Letters to the Editor

To The Editor:—

At the time of my resignation from the Grosse Pointe Public School System, which I have served 10 years as a teacher and five years as an administrator, I would like to say several things which seem to me to be pertinent to the current educational scene in this community. The forum of the Grosse Pointe News is probably the best place to say them. It has afforded a place for the airing of all shades of opinion on the schools while, at the same time, pursuing a policy of fair and constructive reporting on education in Grosse Pointe.

I have valued most highly working with my fellow teachers and administrators. They have provided the professional stimulus that has kept my attention focused upon this school system. Since I became a principal, I have looked for the same standards of professional and personal quality in candidates which I have found among my colleagues. A principal knows the classroom needs of his school and should be able to recommend that teachers without experience, advanced degrees, or specialized knowledge be hired if they show promise of doing the job. The idea that a reputable school system can maintain its standards by hiring predominantly BA candidates without experience is as false for education as the notion that industry can exist primarily on untapped personnel.

Many people in Grosse Pointe are upset by the changes that are going on in the school system, the money that is being spent, and the general unsettled conditions that seem to exist. In my opinion, the major cause of the unrest has been ignored. During the 1950s, Grosse Pointe, like many other American suburbs, enjoyed the luxury of isolation from reality. Urban problems, population explosion, and the cruel thrust of world affairs broke upon the suburbs in the late fifties and early sixties. Had Grosse Pointe built North High School in the 1950s when its need was well indicated, it would have been psychologically and physically ready for the 1960s. A similar lag is noticeable in curriculum development. It was not until the administration of Superintendent Wilson that the idea of a general updating of the curriculum took hold. I sincerely hope that Superintendent Anderson will be allowed to bring the idea to fruition. I might say in passing that as a line administrator, I am becoming increasingly concerned about the de-

mands upon a superintendent's time for budget and board matters when increasing demands are being put upon him for program matters.

During the rest of the sixties and throughout the decade of the seventies, Grosse Pointe should emphasize curriculum development. The system-wide curriculum staff should be expanded to provide needed service in research and evaluation, subject matter revision, in-service programs, teaching methodology, knowledge of learning and the learner, as well as in the scope, sequence, and goals of the curriculum. There are only two people in the central curriculum department. They are expected to administer the whole instructional program, the primary duty of the school system. The teacher in the classroom and the principal in the office require the help and resources of curriculum personnel in order for the teaching-learning process to improve.

I will stoutly defend the excellence of the Grosse Pointe Schools in many areas, yet at the same time in my contacts with others in the field of education and in my own subjective comparisons with other systems, I find things that are lacking. A case in point is art, music, and physical education in the elementary schools. Every year the elementary principals agonize over the absence of sufficient teachers for these essential programs (notice I do not call them frills). Surely Grosse Pointe should have a complete and rich curriculum offering in the arts. But the lack here is part of a larger picture. Should increased staff in one area be at the expense of a reasonable pupil-teacher ratio in another area?

My letter is not intended to be a plea for more money for the schools, but it is intended to indicate that, in my opinion, more needs to be done in this school system and that the public must discuss money in terms of needs, not just whether to spend or save. At a time when the system should be poised to grapple with the new times in education, I hear cries for cut-back and pull-back. Such blanket denial cannot be what this community really wants for its schools.

The administrator today is being required to reexamine his role. In the long run, he will benefit from this reexamination. There are those who talk of the erosion of the administrator's position now that teacher negotiations have come along. Some would apparently greet such a

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools

I wish to pursue the comparative theme begun a few weeks back. You may recall that as a result of our study, the compilation of square foot costs of recently constructed and about-to-be constructed high schools places Grosse Pointe North High School in a favorable position.

Then, when an article on high schools appeared in the Ladies Home Journal (a readable but hardly professional education publication), I compared Grosse Pointe's per pupil cost of \$747.11 with those rated by the magazine as the "top ten." Six of the districts spend more than we do (up to \$1300) and three others receive significant foundation assistance.

Therefore, it seems that I might profitably turn, for comparative purposes, to these topics: tax rates, instructional, administrative and operational costs, as well as our ranking in the number of professional staff members per thousand pupils.

First, let's make a comparative study of Grosse Pointe's school tax rate. Here are the facts:

1. In terms of total school tax, Grosse Pointe ranks 29th from the top out of 43 districts in Wayne County.

2. In terms of tax levied for operation, Grosse Pointe ranks 25th from the top out of the same 43.

3. In terms of debt service (for buildings), Grosse Pointe ranks 29th out of 43.

Our total school tax rate of 25.49 mills compares favorably with such suburbs as Birmingham and Bloomfield Hills. Both of these levy more school millage than Grosse Pointe. For 1967-68 Birmingham's millage is 30 and its debt service amounts

development with glee. But eradicate a principalship, assistant-principalship, or other administrative post in Grosse Pointe today, and it will be necessary to recreate it tomorrow. Administrators carry out the directive functions of the school system as an organization, and no organization can exist without a directing agency. Some of these elemental functions are: assigning and coordinating human resources to benefit the pupil in the classroom; allocating and coordinating material resources for the same purpose; organizing and scheduling the educational program; working with staff to diagnose deficiencies in and find ways of improving teaching and learning; working with staff to solve personnel problems and provide conditions for good morale; interpreting the educational policy to the public, and so on. Administrators perform some of these functions better than others, but the functions remain and so does the need for administrators. I feel it is necessary to mention these things, and yet I am surprised in doing so, because Grosse Pointe is a community which prides itself on its managerial occupations.

I am astounded by the suggestion that the Grosse Pointe School System is over-administered. I do not see an assistant principal placed in an elementary school when its enrollment exceeds 750 or when special education programs are housed in it. I do not see curriculum coordinators in reading, science, and mathematics working throughout the system. These are taken for granted in many systems. It is difficult enough to find time to supervise instruction or develop curriculum adequately in a 500-pupil school. As the enrollment and staff of a building increase, these functions become more critical. The thought of eliminating jobs at the central administration level leaves me speechless. Central administration is already strained to provide minimum service to staff in the field. This is a plain fact of school life in Grosse Pointe. While I naturally speak with a degree of subjective admiration for my fellow administrators, I can state quite objectively and with first hand knowledge that they work long and hard.

There is always the possibility of estrangement between the Board of Education administrators and teachers in any community and Grosse Pointe is no exception. But estrangement will not happen if the effort is continued here on all sides to maintain the spirit of respect and trust that has characterized the era of contract negotiations so far. The confidence which a principal and a staff have in each other is one of the major attributes of a successful building. Confidence must exist between the Board of Education and its administrative and teaching staff in order for the educational enterprise to flourish.

I do not wish to end my career Cassandra like and predict dire consequences and dark days, but I will not avoid sober reflections for a school system which I have come to revere. I have been sobered by rumors that I have been forced to resign because of a disagreement with my Superintendent. I am surprised both Dr. Anderson and Mr. Kennedy over a month ago of the fact that I was approaching a decision to leave Grosse Pointe. It is strictly a personal

to 520, for a total of 35.20. Bloomfield Hills levies 22.10 mills for operation and 7.26 for debt, for a total of 29.36.

My source for the information that follows is a publication of the Metropolitan Bureau of School Studies, Inc., entitled Membership, Financial Data, and Costs per Pupil in Metropolitan Detroit Schools, dated February, 1968. The organization comprises 58 public school systems and three universities. The selected rankings that are used below show our relation to these school units.

Another interesting comparison is this one, based on the number of staff members related to membership size, as of Sept. 29, 1967. Grosse Pointe's figure of 52.51 professional staff members per thousand pupils is exceeded by a number of the districts included in the study. Among the districts outdistancing us in this ratio are the following: Birmingham 62.77, Dearborn 52.86, Fitzgerald 55.26, Grosse Ile 54.18, Harper Woods 52.65, Highland Park 73.88, River Rouge 54.42, South Redford 53.57.

And, finally, a statistic of note taken from last year's annual report of The Grosse Pointe Public School System. In 1960, when we had about 10,300 students, we had 471 teachers. In that year we employed 37 in administrative and supervisory capacities. By last spring, when the public school population had grown by more than 2,000, we had 562 teachers and one less administrator. I think these figures demonstrate our concern for class size and quality of instruction over the need for an expanded administration.

It is only with the opening of the new high school that the need for a larger administration became necessary.

decision of mine to leave the field of elementary-secondary education and seek a position in the field of community college administration. I have long been interested in this field, and I am moving to California to pursue it. I am neither dissatisfied with my job at Barnes School, my salary, or my Superintendent. The reason that I was only able to take the step of placing my letter of resignation on the Superintendent's desk on Wednesday, May 22, was that it took until that time for me to finally commit myself to saying good-bye to 15 years of deeply satisfying professional and personal association with pupils, parents, and colleagues in this community.

I hope I have said a few things the way they are, as well as set the record straight. There remains but my desire to wish this community a distinguished future through its schools. The parents will, I know, make this possible for their children. Under Dr. Anderson's leadership, it can be done.

Dr. Roger D. O'Connor, Principal, Barnes School.

May 30, 1968

Dear Mayor Butler: This is to notify you that the Grosse Pointe Human Relations Council has transmitted to the Board of Education a check in the amount of \$2,048.65, covering police protection for the meeting addressed by Dr. Martin Luther King, Jr., on March 14, 1968, at the Grosse Pointe High School Gymnasium. This sum represents full payment, with the modifications agreed upon at a conference on May 15th, at which Mr. Bremer, Chief of Police, Mr. Andrew W. Barr, and I were present.

The Council pays the bill at this time because it agreed prior to the King meeting that it would be responsible for such costs.

Upon presentation of payment, however, the Council wishes to voice its strong disapproval of and opposition to a policy which erodes the freedom of all of us. Police protection is a matter of public right to be provided at public expense for the protection of everyone. To require an organization to pay for police protection over and above the normal tax payments of the citizens of the community raises fundamental questions relating to the First Amendment. If the taxing of expenses such as this were made to every group holding a public meeting where protection was necessary due to the agitation of others primarily from outside the community, such requirement would effectively foreclose most community groups from holding such meetings. To do so would, in the opinion of the Board of the Grosse Pointe Human Relations Council, be a violation of free speech and free assembly.

We nonetheless pay the bill because of our previous commitment, with the distinct understanding that in so doing we establish no precedent in the community. It is respectfully suggested that this policy of protection charged to an organization, which is not followed in most communities, be thoroughly reviewed and rescinded.

Thank you for your prompt attention to this matter.

Sincerely yours,
Harry C. Meserve,
President, Grosse Pointe Human Relations Council.

What Goes On at Your Library

By Virginia Leonard

It's that time of year again when vacation seems quite near, And "summer is icumen in" — loud and clear. Really, any poor devil who writes a column like this each week, Occasionally grows weak.

At the thought of coming up with even one new thought Fit to go to press. The deadline becomes a juggernaut, Bearing down on a somewhat drained brain. Each library-oriented idea becomes insane, Dreary, dull, inchoate, not at all apropos.

What you'd really like to do is go Off on a cruise, or sit on a beach, Or beseech

Some other fertile-minded colleague to pinch-hit —

With courage and grit —

For you. But they're all busy too, Or claim they can't write a line (let alone two).

So you read some magazines for an idea.

And you ask your husband for aid (he frequently can be a Great help). But this time even he draws a blank,

And so you thank

Him prettily — and stare at your clean sheet of

paper some more,

And feel like croaking, raven-like, "Nevermore."

You know your library service is a pretty important thing,

Your staff is great — but doggone it — it's spring,

When people garden, or golf, or travel or swim,

And you, too, would like to play hooky — yield

to a whim —

Let just one Thursday whizz by,

(Sigh!) Without this column, however,

So far you've never

Let this happen — so rev up the typewriter —

don't complain,

(Like the hardy postman — "Neither snow, or rain . . .")

And you hope while you struggle and woo the muse,

You'll still make the next issue of the

GROSSE POINTE NEWS.

It won't be deathless prose

(Or poetry, as far as that goes).

It won't be a profile of a staff member,

It won't give you recent reviews of books published

since last December.

It won't remind you of the variety of our library wares,

It won't deal with children's books, hobbies,

or books on bears.

It won't be a non sequitured pot pourri,

It won't cover a local celebrity cap-a-pie,

It won't list all of our myriad library facets,

It won't tell you how to raise gerbils or bassets,

It won't commemorate any special Weeks,

It won't remind you of books about antiques,

It won't suggest that you reread some old classics,

It won't make you curl up with a good book on one

of your favorite hassocks.

If you've read this far, you'll know I've succeeded —

My column is finished — I've all the lines I needed!

On the evening of June 8, (that's this coming Saturday), the graduating class of the Academy of the Sacred Heart in Lakeshore road will be honored by the Academy's Alumnae Association and Janet Stuart Mothers' Club at the annual Laurel Ball.

Early in the evening, the white-gowned graduates and their dates will stop at the Convention to visit the nuns—then it's on to the Grosse Pointe Yacht Club, where a large laurel wreath is to hang in the circular hall and cherubs holding topiary trees will decorate dinner tables in the ballroom.

The graduating class will assemble on a platform backed by a green-bowed trellage, with urns of red roses on either side.

Each girl, carrying a sheaf of red roses, will walk down the red-carpeted runway to be greeted by the president of the Alumnae Association, Mrs. Robert Mason, and the president of the Janet Stuart Mothers' Club, Mrs. Don T. Galvin.

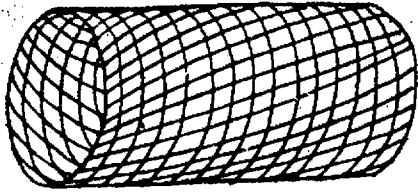

The fathers will then have the privilege of the first dance with their daughters.

Wreaths Well Deserved

This year's graduates have earned their victory-symbol laurel wreaths.

Five of the girls, Victoria Klose, Ellen Eishenlaub, Barbara Sumeracki, Susan Petz and Susan Ross, were invited to sing in the Archdiocesan Honors Choir.

Susan Ross and Jennifer Whelan, received letters of commendation for their performance on the National Merit Scholarship Test, and Catherine Cherry received (Continued on Page 34)

End First English Co-op Nursery School's Year

The First English Lutheran Cooperative Nursery of Grosse Pointe Woods brought another successful year to a close recently with a tea for the mothers and a "graduation" party for the children.

The fall semester found the children on a visit to the Grosse Pointe Public Library, enjoying a pinata party complete with Mexican costumes and games, a pumpkin hunt, a Halloween party and a Christmas party. In the spring came an Easter party, an exciting visit to the Grosse Pointe Woods Fire Station, a visit to a farm and of course the final party, at which children who are going on to kindergarten receive certificates from Mrs. Rosier and each mother receives a silhouette of her child.

Officers for the coming year are Mrs. Gerald Metzger, president; Mrs. Horace D'Angelo, vice-president; Mrs. Richard Gross, secretary; Mrs. Dominic Luberto, treasurer; Mrs. Allen LeChard, health chairman; and Mrs. Eugene Loren, equipment chairman.

Anyone interested in enrolling a child or finding out more about the First English Lutheran Cooperative Nursery may call Mrs. Donald Schumer at 881-3603.

Presidents' Day Set For Ladies

How to get involved in meaningful personal action to improve community attitudes will be the subject of the 15th Annual Presidents' Day sponsored by the Women's Committee of United Community Services (UCS) on Friday, June 14, at Ford Auditorium.

With the theme "What I Can Do," the UCS program has been planned especially for the participation of more than 1,000 metropolitan-area leaders of women's organizations as well as other concerned individuals.

In explaining the objectives of this year's Presidents' Day, Mrs. John B. Greene, president of the UCS Women's Committee, said: "Since human dignity has, throughout history, been a right worth fighting for and dying for, we have focused this program on the responsibility of each of us to assist in some way in the effort to extend this right to all Americans."

The featured speaker will be Dr. Milton Coveny of Wayne State University, with Bob Allison of WWJ's "Ask Your Neighbor" serving as master of ceremonies. Mr. Allison will also interview a panel of people in action who will describe practical ways of working for community understanding.

Trunk Showing At Jacobson's

Infants', toddlers' and back-to-school frocks are going prettily plain and fancy in the Polly Flinders Trunk Show collection that comes to Jacobson's three area stores. The collection comes "out of the trunk" in Grosse Pointe Wednesday, June 12.

Melvin Friar, Polly Flinders representative, and petite models will help customers explore this outstanding array of fall-cued cottons and easy-care blends.

The stars in the collection are the hand-smocked dresses. The story of hand-smocking dates to the early nineteenth century. The simply-made "smock" or shirt of this period was fitted by stitches which regulated the width of the front and back, now known as smocking stitches.

The traditional English smock was worn by tradespeople in rural England. Each county had its own smocking designs and colors just as the Scots wore plaids to distinguish their clans.

Polly Flinders dresses are made in the old tradition of smocking using the delicate embroidery techniques established for hand smocking many years ago. All smocking is done by hand following a hand-stenciled

design with the finest embroidery floss. Fine fabrics are used to be sure the dresses will wash indefinitely, still retaining their original shape and beauty.

Janet Stuart Club Officers Named

How Is My Child Going To Spend This Summer?

If you already have an answer to this question both you and your child are indeed fortunate. If you do not have any definite plans perhaps we have an idea that will prove both fun and educational. Our idea: join our vacation music club, "That's a terrific idea," you say, "but what is a music club, what does it cost, and what does my child get?"

How does your child benefit from this club? The most beneficial result will be a knowledge of how to read and play music. He will learn to play an instrument by himself and with a group. He will have fun. He probably won't get bored this summer. He'll get a sense of satisfaction and accomplishment. If you have a boy or girl who you feel may enjoy or benefit from our music club, we would cordially invite you to register. We have clubs forming at both convenient Olympic Music locations, 22000 Greater Mack, bet. 8 and 9 Mile Roads, or 31360 Harper, just North of 13 Mile Road. We invite you to register now by phoning 778-2840.

Forrest-Smith Rites Are Read

Carol Smith, daughter of Mr. and Mrs. Elbert Smith, of Elgin, Ill., formerly of Birmingham, became the bride of Steven Forrest, son of Mr. and Mrs. Allan Forrest, of LaBelle road, at an afternoon ceremony Saturday, May 18, in the Grosse Pointe Memorial Church.

Following a dinner reception at the Golden Lion, the newlyweds left for a vacation in Florida.

Participation of women in public affairs is a good way of keeping affairs public.

BRIDES, WE ALWAYS SAY, SHOULD FOLLOW TRADITION:

A. engagement ring, 1.49 carat, marquise cut diamond with tapered side baguettes, wedding band, seven marquise cut diamonds totalling .77 carats, platinum.

UNLESS, OF COURSE, THEY PREFER TO START THEIR OWN:

B.

C.

D.

B. updated Victoriana, engagement ring, .40 brilliant cut diamond, nostalgia set in antiqued 14k yellow gold, wedding band, six blue-red garnets in antiqued 14k yellow gold.

C. one-of-a-kind engagement rings, absolutely avant garde, 18k yellow gold dusted with a profusion of diamonds, pearls, sapphires, emeralds, and occasionally such gemmy exotica as kunzites, tourmalines, peridots.

D. go-together wedding bands in 18k striated gold, his - narrow, unadorned, hers - wide, emphasized with an unusual golden beryl, the color of very dry champagne, 6 1/2 carats.

E. from our extraordinary custom collection of mix-and-match wedding bands in 18k gold, sculpted, textured, burnished to a fare-thee-well.

We have been designing engagement and wedding rings at David Wachler and Sons for over 45 years and this we know... each bride is beautiful and each bride is beautifully individual

in her taste. She may select a heart-shaped diamond solitaire. Chaste. Sentimental. She may select a black cabachon opal. Fiery. Dramatic. But then she may prefer a dome cluster of star rubies. The color of love.

Whatever her wish we will create the wedding jewelry meant only for her. For her beauty. For her individuality. And the bride-to-be who is concerned about the budget-to-be may be pleased to learn that uniqueness at David Wachler and Sons need not be costly. Prices for hand-made, 18k gold rings begin at 40.00.

F. for the bride of several years standing who has an important anniversary in the offing, might this not be the time to redesign her engagement and wedding rings? to give them a new enchantment? as shown, 22 baguette and brilliant cut diamonds in a dazzling with or without plan, combining 14k white gold and 18k yellow gold, only one of our zillions of divine ideas for restyling.

Theta Sigs have designated 1968 as "The Year of the Champions" and with the help of the Detroit Tigers, the Lions, the Red Wings, Pistons and Cougars, an all-day event is scheduled.

Book Fair Chairman Rhea Victor estimates that there will be approximately 5,000 volumes on hand for the sale along with records, original cartoons, Tiger Yearbooks and autographed photos of the various Detroit sports stars. There will be new and old books, rare volumes, paperbacks and hard covers with prices starting at 15 cents.

Ernie Harwell, who broadcasts the Tiger games on WJL radio, will auction off sports books, rare volumes and noted disc jockey J. P. McCarthy's recording of the Tiger Fight Song during the noon hour at the Press Club. Al Ackerman of WWJ-TV 4 and Red Jones, retired major league umpire and television personality, will be auctioneers at dinner.

Among collector's items promised for the auction are two rare editions of "Ify the Dopester," a collection of baseball articles written by the late, great Malcolm Binney of the Detroit Free Press.

Dave Diles, sports director of WXYZ-TV 7, will be master of ceremonies and will introduce the various sports celebrities who are planning to attend this annual event.

Dawson Taylor, author of best sellers on golf and bowling will be on hand to autograph his latest books. Theta Sigma Phi's well-known syndicated poetess, Elinor K. Rose, will autograph her latest volume "Rhyme and Reason," just published by Simon and Schuster.

Members of the Detroit Chapter will model authentic uniforms of the various teams, including the jersey worn by all-time hockey great, Gordie Howe.

All proceeds from the Book Fair are for the Lucy Corbett Scholarship, established by Theta Sigma Phi in memory of a beloved woman journalist. The fund helps deserving women students in journalism to complete their education.

Members of the Book Fair committee include Sibyl Gill, Betty Angelo, Lee Olson, Sylvia Coughlin, Marion LaFontaine, Janet Odell, June Hicks, Virginia White, Barbara Bryant and Eleanor Breitmeyer.

'Secrets Of The Sea, Will Unfold At DBC

Fish Mobile, Conch Shells and Scuba Gear to Provide Background Decor for Women's Committee's June 19 Bridge-Luncheon

When Mrs. Clinton P. Hardy, of Radnor circle, decided on "Secrets of the Sea" as the theme for the Women's Committee's June party at the Detroit Boat Club, she wasn't fooling.

Not many women can keep a secret as provocatively as Mrs. Hardy. Eyes a-twinkle, lips sealed, she will divulge only a few skeletal facts—and that's all.

Mrs. Hardy and her fellow deckhands have a whole treasure chest of party plans for the bridge luncheon scheduled Wednesday, June 19, but everything is being kept tantalizingly vague, which is one sure way of mustering everyone over

to Belle Isle that afternoon to unravel the mystery.

A fish mobile is taking shape these days in secret sessions of the committee. It is destined to do its swimming from the large sailing ship that is a traditional party of the club's lobby decor.

Co-chairmen Mrs. Emil J. nets, conch shells and scuba Heinrich and Mrs. John C. Cook have been shopping for swoopy gear to add further authentic touches to the surroundings.

Would you believe seafood for

luncheon? Well, your guess is as good as anyone's but there ARE rumors afloat that the favors will be totable and edible. They're being shipped from the East Coast in time for the party.

In possession of all knowledge concerning the fete are other members of Mrs. Hardy's committee: Mrs. Herbert E. Cook, Mrs. John I. Pittwood, Mrs. Milton R. Weed, Mrs. Cecil G. Shuert, Mrs. Dan R. Abbey, Mrs. Harold Davis, Mrs. James M. Workman and Mrs. William J. Kirby.

MARY F. DOYLE, of East Williams, has been awarded an assistantship by Marquette University for graduate study next year. The assistantship, awarded on a competitive basis to students of ability and promise in their field, has been offered to Miss Doyle for study in History. Miss Doyle is a Senior in the College of Liberal Arts at Marquette University, Milwaukee, Wis.

'Laurels' To Graduates

BARBARA EGAN, (left), and KATHLEEN KEARNEY, members of this year's Lakeshore road Academy of the Sacred Heart graduating class, examine a laurel wreath, traditional headgear for the graduates during the Academy's commencement ceremonies. Rate Wool High In Fire Safety

When it comes to fire safety in clothing and furnishings, wool is rated far superior to most fibers studied in a test in the United States. In fact, the test revealed that wool actually extinguishes itself when the flame is withdrawn from direct contact.

Main conclusions were that test fabrics of 100 per cent wool showed a noticeably greater resistance to ignition when exposed to flames than the other seven fabrics tested, and that a tendency to continue to burn after ignition was less in wool than the others.

A report by the firm ACH Fiber Service Inc. of Boston, Mass. says: "The results of the study are most persuasive in revealing that the resistance of the wool fabrics both to the ignition and spreading of flame is superior to all other types examined, and significantly so in the case of most of the fibres tested."

"The wool samples became even more resistant to ignition and flame-spread after they had been subjected to normal cleaning procedures."

Several of the other fibres showed a greater propensity to ignition and flame-spread after dry-cleaning or washing, mainly because of the removal of fire-resistant finishes.

The technical investigation—described by ACH as a "limited study"—was aimed at determining the relative levels of flammability of fibres used generally in households, commercial enterprises and transportation facilities. It was largely based on officially recognized flammability test methods. Glass and asbestos fibres were excluded from the tests.

Ninety-eight consumer items in 18 categories were tested including shirting, nightgowns, dresses, baby blankets, curtains, upholstery and carpets. Eighty-one consisted of 100 per cent of a single fibre type, 11 were blends of wool and other fibres and six were carpet samples.

Of the samples that burned, most of the wool samples took "significantly longer" to catch fire, before and after cleansing, than the other fibres, and were self-extinguishing after fire was removed.

According to the report, the time of flame-spread is related to fabric construction and weight. Generally, the heavier the construction, the longer it takes for a flame to spread. In the tests, for instance, heavy-weight wool blankets did not ignite after extended fire application.

"Several non-wool fabrics of lightweight construction displayed a great readiness to be ignited by a flame and barely passed the official standard test in this regard. Among these fabrics are some which displayed dramatically rapid flaming tendencies."

Some of the synthetic fabrics, depending upon their melting point temperatures, tended to melt and drip when burning, "introducing an additional hazard of burns quite aside from direct contact with a flaming fabric since they became a molten mass of plastic."

Dealing with fire hazards, the report sums up: "It is clear from these tests that wool fabrics provide the wearer or user with a higher security than is associated with fabrics made of other fibres."

SUZANNE MORGAN, of Yorkshire road, has been awarded a scholarship by Notre Dame University for graduate study next year. The scholarship, awarded on a competitive basis to students of ability and promise in their field, has been offered to Miss Morgan for the study of English. Miss Morgan is a Senior in the College of Liberal Arts at Marquette University, Milwaukee, Wis.

Beck-Hastings Troth Revealed

The Reverend Dr. and Mrs. Wendling Hastings, of Topeka, Kans., and Presque Isle, formerly of Grosse Pointe and Grosse Ile, are announcing the engagement of their daughter, Charlotte Ayres Hastings, to The Reverend Charles M. Beck, II, of Davidsonville, Md.

Miss Hastings attended the College of Wooster, Wooster, O., and was graduated from Washburn University in Topeka. She has done graduate work in Paris at the Sorbonne, as a teaching fellow at the University of Kansas, at Michigan State University and at Princeton Seminary.

Her fiancé, son of Mr. and Mrs. Charles M. Beck, of McKeesport, Pa., was graduated from Worcester Polytechnic Institute, Worcester, Mass., and did graduate work at Yale University. He was graduated in January from The Theological Seminary, Princeton, N.J.

PAUL D. WEOT, son of VERNUS L. WEOT, of St. Clair avenue, was recently appointed district manager of the Palm Beach County office of the Florida American Automobile Association. Paul attended St. Paul's High School and the University of Detroit and took the Fire and Casualty course at Orlando, Fla., Junior College. He lives in Boca Raton with his wife, the former MADELONE BROWN, and two sons.

From Another Pointe of View

(Continued from Page 25)

the certificate award of the Detroit Association of Phi Beta Kappa.

As part of their Christian Living Course, which touches on social problems facing the world today, the entire class spent one hour each Thursday putting principles into action by each helping a child from St. Bernard's or St. Anthony's Inner City elementary school with his studies.

In addition to the above-mentioned girls, these tutors included graduates Susan Bartush, Jo Ann Beer, Kathleen De Schryver, Margaret Dimond, Barbara Egan, Ann Fisher, Mary Gottfredson, Kathleen Kearney, Catherine Schrage and Megan Walker.

Participate In Innovations

This Academy graduating class of 1968 has participated in many curricular innovations designed, says the School's administration, to help them meet the demands of the "person-oriented, media-molded, community-conscious society of today."

Their Psychology course, besides teaching current personality theory, has introduced them to the thought of Martin Buber, Teilhard de Chardin and the Existentialists.

A Film Study course, including such prize-winners as "La Strada," "David and Lisa" and "Raisin in the Sun," resulted in comments by many pupils on how much better they felt they understood people and the issues they face after critically viewing these movies, and a course in Sociology, also introduced this year, alerted the students to the problems of crime, drug addiction, mental health, family life, alcoholism, poverty, et cetera.

Guest lectures in the Academy's Christian Living Course, such as The Reverend David Eberhard of the Riverside Lutheran Church, The Reverend Demetrios Kavadas of Assumption Greek Orthodox Church, The Reverend Gary Gruber of Grosse Pointe Memorial to participate in their course on Ecumenism.

Now To Reap The Glory

And now, as graduates, at their very own Laurel Hall, these young ladies will bask for an evening—deservedly—in the glory of their accomplishments.

"Basking" with them, equally deservedly, will be their parents: Dr. and Mrs. Thomas F. Beer, Mr. and Mrs. J. Addison Bartush, Mr. and Mrs. Donald G. Cherry, the Victor J. De Schryvers, the Joseph H. Dimonds, the Paul Eagans, the Joseph Eichenlaubs, the Edwin Fishers, the Robert L. Gottfredsons, the James J. Kearneys, Mr. and Mrs. Willard Klose, Mr. and Mrs. Robert J. Petz, Mr. and Mrs. John B. Ross, the Joseph A. Schrages, the J. P. Sumerackis, the John W. Walkers and Dr. and Mrs. Joseph L. Whelan.

You Can Take Pointers Out Of The Pointe . . .

. . . But You Can't Take The Pointe Out Of Pointers, (to paraphrase a certain familiar "jingle") . . .

Pat and John Dieter, who moved just a while ago from Barrington road to Shorewood, Wis., at a recent dinner-dance sponsored by the Milwaukee area Michigan State University Alumni Club, ran into three of John's MSU Psi Upsilon fraternity brothers—and one turned out to be Dick Mitchell, whose mother lives in Yorkshire road, and who was graduated like Pat from Grosse Pointe High School.

Naturally, the trio spent a good part of the evening extolling the virtues of Grosse Pointe, to each other and to other party-goers at the Milwaukee Yacht Club . . .

The Dieters, in their new home in their new state, often rendezvous with another Pointe expatriate couple, Mary and Jerry Haney, who moved from Westchester road to Lake Bluff, Ill., the same day Pat and John left for Shorewood.

Lake Bluff and Shorewood are quite close to one another, so the Dieter and Haney families are able to see one another frequently—and John and Jerry have decided that all former Grosse Pointers suffer from "Grosse Pointe-itis" . . . because, no matter how happy they are in their new communities, they always wind up by saying: "BUT, it can't compare to GROSSE POINTE!"

Will Entertain In Mod World

It will be a "Mod, Mod World" when the Junior Women's Association for the Detroit Symphony Orchestra entertains new members next Wednesday June 12, at the Grosse Pointe Hunt Club.

An orientation program, lunch, a splash in the pool and a Fashion Happening in eye-popping psychedelic colors promise to fill the day with fun and emphasize that this organization is where the ACTION is.

A repeat of the skit first presented at the annual meeting which introduced the latest fundraising project—The Symphony Gourmet Club—will serve to bring the new Junior Women up-to-the-minute on the full calendar of projects planned for 1968-69.

Serving on the committee planning this Psychedelic Splash bash are Mrs. John D. Fife, Board adviser; Mrs. John Remick, decorations; Mrs. Lee J. Deola, reservations; and Mrs. Hugh G. Harness, fashions.

WILLARD LENZ, JR., of Moran road, a graduate of Grosse Pointe High School, was recently named to the Dean's List at Wayne State University. A Chemistry major in the WSU College of Liberal Arts, he was also awarded the Merck Index Award for exemplary work in Chemistry at an Honors Convocation June 4. During the past term, he was initiated into Alpha Chi Sigma, a national professional fraternity for chemists and chemical engineers.

Discuss Affiliated Artists Michigan Plan

MRS. FERDINAND CINELLI entertained at a recent luncheon gathering, the second meeting of the Michigan Committee for Affiliate Artists, and among those who gathered in her Voltaire place home were FRANCIS ROBINSON, (center), assistant manager of the Metropolitan Opera of New York, and JUSTINO DIAZ, of the Metropolitan Opera and of the board of Affiliate Artists, an organization seeking to build new audiences for the arts by affiliating young artists with local institutions, such as liberal arts colleges, which the affiliated artist is pledged to visit several times each year.

Hold Affiliate Artists Committee Meeting

Mrs. Ferdinand Cinelli is Hostess at May Luncheon
Gathering in Her Voltaire Place Home;
Special Guests Are Present

The Michigan Committee for Affiliate Artists, Incorporated, held its second meeting at the Voltaire place home of Mr. and Mrs. Ferdinand Cinelli on Friday, May 25. Richard Tucker and Justino Diaz, of the Metropolitan Opera, and the Board of Affiliate Artists were guests of honor. Mrs. Cinelli, a member of the Michigan Committee, was hostess.

Donald M. D. Thurber, of Neff road, reported to the group that several Michigan organizations and colleges are interested in having their own affiliate artists.

Among them are Detroit Adventure, the Jewish Community Center, the Flint Performing Arts Society, Oakland University and Hope, Kalamazoo and Albion Colleges.

"Michigan foundations have been approached for possible underwritings for Michigan appointments," Mr. Thurber stated, "and several are in the process of evaluating the program. Additional efforts need to be made for support of and participation in the Michigan and the national programs."

Affiliate Artists was founded in 1965 as a non-profit, tax exempt organization designed to build new audiences for the arts by bringing young artists of professional standing to audiences in non-theatrical settings.

This is accomplished by affiliating the artist with an institution such as a liberal arts college which the artist visits several times yearly. Michigan's

first affiliate artist, Mary Beth Peil, is with Alma College in Alma.

Two new members have joined the committee since the fall of 1968: Mrs. Frank W. Coolidge, of McKinley avenue, and William Byrd, of Flint. Mrs. Coolidge is chairman of the National Federation of Music Clubs; Mr. Byrd is director of the Flint Performing Arts Society and conductor of the Flint Symphony Orchestra.

Special guests at the luncheon were Francis Robinson, assistant manager of the Metropolitan Opera of New York; Felix Resnick, of Huntington Woods, conductor of the Grosse Pointe Symphony; Pierre V. Heffler, of Buckingham road; Anderson Clarke, of Beloit College, Wis. Nancy Stokes, Affiliate Artist with the Dayton, O., Living Arts Society; Mrs. Byrd; and Edward Warner and Plato Karayannis, executive director and artist activities director, respectively, of Affiliate Artists, New York.

Also attending were Mr. and Mrs. Marshall Fredericks, Richard A. Forsyth, Dr. David DiChiera, Mrs. Theodore O. Yntema, Dr. Robert Klotman and Dr. Howard McCluskey.

Gerich to Check German Schools

Principal Jerry J. Gerich will be traveling in Germany later this year visiting the United States-supported dependent schools there. These public schools are on United States Military bases. Mr. Gerich says, "It's the biggest school system in the world, includes over a million pupils."

The schools are visited every three years by an accrediting association to make sure their standards remain high enough so students may get along in a college in the United States.

Mr. Gerich's traveling companion will be a professor from the University of New Mexico. Among the cities they will visit will be Berlin, Heidelberg, Weisbaden, Augsburg and Frankfurt.

Mr. Gerich will represent the North Central Association which covers a 19-state area from West Virginia to Arizona. He said they will visit every classroom and talk to teachers, department heads and administrators in an effort to help these schools along with their program of self-study.

The trip is planned for October.

MR. and MRS. J. THOMAS CARROLL, JR., of Alexandria, Va., announce the birth of their first child, JAMES THOMAS CARROLL, III, May 23. Mrs. Carroll is the former DIANE L.F. PLAE, daughter of MR. and MRS. GEORGE L.F. PLAE, of South Oxford road. Paternal grandmother is MRS. JAMES T. CARROLL, of Detroit.

WE'RE PROUD TO OFFER . . . THE LITTLE BIG HOUSE

So often we've been handed the challenge, "Find me a house which shows as well inside as it does from the curb, requires a minimum of maintenance and above all . . . has few but large rooms." We believe what is pictured above will fill the bill. If you desire first floor living or prefer to sleep upstairs, this delightful house has two bedrooms on each floor, and all four have their own bathrooms. The living room is thirty feet long, and the large library has random-width-pegged floors and a charming fireplace wall. The most elaborated heating and cooling system was built into the house to keep the temperature as you desire. A special attachment also electrically cleans the air and removes most impurities, which naturally makes for a dust free house and less frequent decorating. All this just a few feet from the lake on Deeplands.

Recent action saw Dick Green Chrysler-Plymouth best Merolis Chevrolet 8-6 behind the 14 strikeout pitching of Cass Michaels. Jeff Paige took the loss with Kevin Clinton in relief. Kevin Hurley, Brad Biesenthal, Chris Truhan and Joe Tringali were among the hitters for Green. For Merolis, Steve Schleicher, Denny Menze and Tom Ballew were the hitting stars.

Roger Rinke Cadillac battled Richard Buick to the finish before dropping a close one 7-6. Dan Clem took the win with Jeff David getting the loss. David had a double and Ed Ahee had two hits for Cadillac

but Dan Dykstra's three hits and Tom Clem's two, combined with the 14 strikeout pitching of Dan Clem proved to be too much for the Green men. In the third game of the evening, Pointe Dodge took the measure of Rinke Pontiac 6-2 in a hard hitting contest that saw Len Constantine take the win from Mark Zink. The pitcher's were also hitters as Len had two and Mark one. Joe Baker, Bob Swer and Phil Wenzell also collected hits for Dodge. Pontiac's hitting came from Mike Howie and Larry Bauer with one apiece and Jim Ney with two.

Pointe Dodge came back on Wednesday to drop Dick Green Chrysler 5-1 behind the four-hit offerings of Phil Wenzell

with Dick Cochell getting tagged with the loss. Cochell had two hits, with Cass Michaels and Rob Palmer adding one each. For Dodge the hitting was supplied by Len and Dave Constantine and Ken Zavala. Rinke Pontiac and Rinke Cadillac hooked up in a good old fashioned pitcher's battle. Gary Bennett's one hitter topped Mike Fricke's four hitter as Pontiac took this tight one 2-0 in eight innings. Bennett, Mark Zink, Haze Locke and Mike Bauer had Pontiac's hits with Ed Chase scoring the winning run. Ed Ahee's double was the hit for Cadillac, as Bennett struck out fourteen walking only one.

Richard Buick won another close one behind Tom Clem's one-hitter as they downed Merolis Chevrolet, 3-2. Bubba Montmorency had the Chevy hit while Scott Burns and Chris Richards were the hitters for the Buick squad.

In the week's finales, Merolis Chevrolet stopped Rinke Pontiac 2-1 with great control pitching by Ed Doyle who didn't walk a batter. Jim Ney took the loss in relief of Roger Roenbusch. Steve Schleicher had two hits for the winners and Bill Robertson and Denny Menzo also added one each. Gary Bennett picked up three hits and Mark Zink two for the losers.

Terry Buda's thirteen strikeouts led Pointe Dodge to a 5-2 decision over Roger Rinke Cadillac with Greg Hartemayer taking the loss. Greg did his best with two hits, and Jeff David, Mark Wittmer and Tom Ogle each tallied one for Cadillac. Ken Zavala and Dave Constantine each singled for Dodge but the big hit for Dodge was Phil Wenzell's two out double that drove in three runs to put Dodge ahead to stay.

Richard Buick came up with their third thriller of the week as they bested Dick Green Chrysler 2-0 behind the two hit pitching of Scott Burns who singled in his own behalf. Tom Clem's triple and Marty Schnurr's two run double also helped Buick's cause. Green's hits came off the bats of Brad Biesenthal and Craig Robinson. Joe Tringali was tagged with the loss even though he only gave up three hits.

This week's action took us into the final games of our first half season. On Wednesday night in the only game played up to that time because of the inclement weather Dick Green Chrysler-Plymouth dropped an 8-1 decision to the Rinke Pontiac squad. Jim Ney was the winning pitcher with Dick Cochell taking the loss. Rob Palmer singled in the first, advanced to third on Dick Cochell's single and scored on Joe Tringali's hit. For the Pontiac team, Gary Bennett's three hits, and singles from Carl Munace, Mike and Larry Bauer, Mark Zink, Jim Ney and Haze Locke concluded the hitting.

Thursday, Memorial Day, saw Tom Clem and Jim Bery of Richard Buick combine efforts for a nine inning no-hitter over Rinke Pontiac with Gary Bennett getting the loss. Dan Clem with three hits, Scott Burns, Marty Schnurr and Dan Dykstra all had hits for Buick but Terry Lynch's squeeze bunt in the ninth drove in the winning run in a tight 2-1 game. In another squeaker, Roger Rinke Cadillac edged Dick Green Chrysler 1-0 with Jeff David getting the win over Cass Michaels. Cass did everything he could as he had two hits with Craig Robinson chipping in with one. For Cadillac, Greg LeFevre had a single and Ed Ahee singled in the winning run.

In the Memorial Day wind-up Pointe Dodge took the measure of Merolis Chevrolet 6-4 as Phil Wenzell topped Steve Schleicher. Schleicher's three-run triple was the big blow for the Chevy men with Denny Menzo also adding a single. Bob Shore, Terry Buda and Len Constantine's two run single were the big blows for Dodge. Saturday saw Merolis lose another tough game as Cadillac took an 8-7 decision. Ed Ahee was the winning pitcher

with Tod Kaufmann getting charged with the loss. Alan Janson singled for Chevrolet and Denny Menzo had two doubles, while Clay James had a double and single for Cadillac with Mark Wittmer driving in two runs with his single.

In the final game of the week, Pointe Dodge dropped Richard Buick 4-2 to win the first half of the season and guarantee the Dodge men at least a share of the playoffs. Terry Buda took the win with a fine three hitter and Dan Clem was charged with the loss. Danny did his best for Buick as he singled in one of his team's runs. Tom Clem singled and scored a run, and the other hit was by Don Eugenio. Phil Wenzell led the Dodge charge with two hits, Joe Baker singled and scored their first run, Bryan Lane singled, and Don Darling's bunt single put him on base where he scored the eventual winning run.

The first half season is ended and we now start a new half with all of our teams starting fresh. Please come out and watch the boys as they scramble for the second half championship and the right to meet Pointe Dodge in the League Championship playoff. First half standings were:

Pointe Dodge	9	1

American League

The past week saw the race in the American League tighten up considerably.

On Monday the league-leading Red Sox met their first defeat at the hands of the Yanks. The score was 5-2. Yank pitcher Van Conway gave up only three hits. Going into the top half of the 7th, the Red Sox were leading, 2-1. With two out, Tom McGraw of the Yanks doubled, D'Hondt walked, Conway singled, bringing in the tying run. Billy Watts singled and Greg Brecht, getting his second hit of the day, brought in the fifth run. Conway and Watts also got two hits for the day.

On Tuesday the Indians continued their resurgence with a victory over the White Sox, 15-7. Jim Parker allowed the Sox four hits and got 10 strike outs. Keogh drove in three runs in the first with a single. Cassell, a 13-year-old and Zerwick of the Indians each had three for four.

On Wednesday the Yanks and Tigers battled for nine innings with the Yanks finally winning 10-7. Chris D'Hondt, pitching for the Yanks allowed four hits and had 16 strike outs. The Yanks had a 7-3 lead in the top of the 7th when Kevin Kelley, a rookie, tripled in three runs and scored the tying run. In the last half of the seventh Tom McGraw picked off the winning run and the game went into extra innings. In the top of the ninth, D'Hondt singled, Conway walked and Billy Watts hit a three-run homer. D'Hondt and Watts each had two hits. Donnelly, Menten and Walworth supplied the hitting punch for the Tigers.

On Thursday two of the league-leading pitchers met when Van Eman of the Red Sox opposed Saber of the White Sox. The White Sox came home with

a tight 4-2 win. Mike Nally celebrating his return to Babe Ruth play from St. Paul's varsity, got three hits in three times at bat. The Red Sox got two in the first. The White Sox then picked up one in the third and went in to the top of the seventh trailing 2-1. Charlton got to second on an error. Bachman and Wells got on with bunts. With the score tied, bases loaded and no outs, Van Eman struck out the next two. Nique then hit a single to score the winning run.

On Friday the Indians, behind the pitching of Jay Imesch subdued the Tigers. Ed Moran, joining the team from St. Paul Varsity, hit a triple that drove in three runs. Casel had two for three. For the Tigers, Kevin Kelley had three for four and John Donnelly had a triple and a single.

National League

Last week's weather was wet!

The first three games were postponed because of rain.

Monday's game between the Dodgers and the Cardinals was played at 1 p.m. on Thursday, with the Cardinals emerging victoriously, 5-1. It was a scoreless game until the third, when the Cardinals scored two runs on a walk, singles by Cornelle and McShane, and a fielder's choice. In the bottom of the fourth, the Dodgers picked up one run. However, in the fifth inning, on singles by Cornelle, Wettengel, Carachi and McLaughlin, the Cardinals pushed across three more runs. Although the Cards loaded the bases in the seventh with no outs, they were unable to break through a tightened Dodger defense. Cornelle pitched 5 innings, picking up the win for the Cardinals, with Owens hurrying the last two innings.

The two first-place teams met in a game played at the High School Field on Thursday at 3, and the Braves edged the Giants 2-1. In a pitchers' battle between Brian Kingsley and Steve Kennel, both teams were held scoreless for 5 innings. The Braves tallied two runs in the 6th on a walk, a sacrifice, and singles by Robbie Hummel and Mike Getz. In a last inning rally, the Giants scored on Doug Graham's lead-off double, but the Braves' defense stiffened and the game ended, 2-1. Winning pitcher Kingsley allowed only 3 hits, struck out 7, and walked none.

On Friday the Phillies handed the Cardinals an 8-7 victory. In a see-saw battle, the lead changed hands several times before the Cardinals jumped ahead in the 6th by a score of 8-5. The Phillies scored two runs in the 7th, but the Cardinals held on to their one-run margin. Winning pitcher was Mario Carachi. Doubles were hit by David McShane and Carachi for the Cardinals and by Bruce Kaselitz, Steve Hammon, and Vito Tocco of the Phillies.

The Phillies and Giants, who were scheduled to play Tuesday, got in a wet three innings on Saturday morning before the game was called, and finally replayed their game on Sunday morning. The Giants took a quick lead when they scored three runs in the first inning on a single by Kaselitz, who subsequently stole home. The Giants threatened again in the top of the 7th, when they loaded

the bases, but relief pitcher Du-four struck out the next two batters to retire the side. In the bottom of the 7th, the Phillies threatened again, but Katsaros ended the game by catching Kaselitz's long fly to left field. Giant pitcher Chet Brown pitched brilliantly, holding the Phillies to three scattered hits, as the Giants took the game 3-2.

The other Sunday morning game saw the Braves bowing to the Dodgers, 8-1. 13-year-old Dodger pitcher, Bill Kendall, had a no-hitter going into the 5th inning. The Dodgers had scored 4 runs on singles by Fred Rohn and Tom Court and a solid triple and a double by Tom Reghanti. In the 5th, John Bell got the Braves' first hit, and Torlone scored their only run. In the 7th, four more hits by Dodger players Court, Louth, Kendall and Rohn, brought the score to 8-1. In the last of the 7th, the Braves threatened, when a walk followed by Chuck Getz's single put two men on base, but Kendall struck out the next three batters to end the game. The Dodgers earned the victory by means of good pitching, errorless fielding and solid hitting.

The race has really tightened up, with three teams tied for first place. In the final week of the first half of play, the National League teams will play the American League teams. In the event of a first half tie, play off games will be on Sunday, June 9, at 2 p.m.

Rain scrambled the schedule of the American League during the past week.

The first game was not played until Wednesday when the White Sox defeated the Tigers 7-1. Kamfer pitched for the Sox allowing 3 hits, while his teammates picked up 7. GPHS Students Stage Near-Riot

Riot-trained police of the five Pointes were rushed to the Grosse Pointe South High School Tuesday afternoon, June 4, to help quell a near-riot started by rampaging capped-and-gowned seniors, it was disclosed by Farms police.

The incident stemmed from the annual "skip day", which, according to school heads is unauthorized. The seniors attended precommencement exercises, after which, instead of returning to classes, they gathered outside the gymnasium. Then things began to happen, which necessitated the call up of the police to control unruly students.

Police set up barricades and after several incidents, finally dispersed the milling students, but not before a number of them were arrested for reckless driving and other violations. Police said that oil or grease was smeared on Fisher and Grosse Pointe boulevard, and students with cars gunned their motors and took off, with squealing tires, at a high rate of speed.

There was a rumor that a student was beaten by a police officer, but what actually happened, it was said, was that a group of teenagers surrounded a Farms police car, driven by Patrolman William Fowler, and rocked the vehicle. The officer was unable to leave the car, and for a while it was feared that the car was going to be tipped over on its side.

Information on what actually happened is still a little vague, since the NEWS was past the deadline time, and a police report was not forthcoming, but a more complete story of what did happen will be published in next week's issue.

City Shuns Plea For Parking Lot

The City of Grosse Pointe Council on Monday, May 27, once again reviewed the request of Dr. Lee Carrick, 18050 Mack avenue, to establish a public parking lot on the corner of Lincoln road and Mack avenue.

A second survey of the parking on Mack avenue, between Rivard and Fisher, was conducted on May 17, 18, and 20. The parking usage during this second survey was slightly higher than reported during the first survey on March 22, 23, and 25.

Based on the most recent survey, City Manager Thomas Kressbach, said the number of vacant spaces in these three blocks varied from a low of 14, to a high of 35. The total number of available spaces in these three blocks is 51. Therefore, during the peak demand period, 73 per cent of the spaces was occupied and 27 per cent was vacant while during the lowest demand period only 31 per cent of the spaces was occupied while 69 per cent was vacant.

Mr. Kressbach said that, based on the most recent survey, he had no reason to change his original recommendation. The council received and placed on the file the communication from Dr. Carrick.

All-American West Division
In a week shortened by rainy weather, Pioneer Furniture, a new team this year, collected two victories to capture the first half crown in the West Division. On Friday, May 31, Pioneer edged City Messenger 4-3 in a very close and well played game. The winners had but one hit going into the 6th inning but picked up two runs to go ahead 3-2. City Messenger got a clutch hit from Greg Bertleson with two outs to tie the ball game in the top of the 7th. However, Pioneer came back in their half of the 7th to get the win. Dave Martin led off with a single and came home with the winning run as a hard hit ball eluded the grasp of the City Messenger first baseman.

Pioneer wrapped up first place on Saturday as they completed a tie game with Valley Die Cast. The game was resumed in the top of the 8th inning and the first five Pioneer batters got hits with Dan Dupuis driving in the winning runs with a bases-loaded double. John Hayes retired the side in the bottom of the 8th to set the victory.

Pioneer was aided by the Ray Whyte team as the latter defeated Locke Lumber 3-2 on Saturday. Whyte received pitching from Mark Crane as he went all the way and did not give up any walks. He pitched out of a bases-loaded jam after Locke had narrowed the score to 3-2 with no outs in the 5th inning.

On Friday, Locke had beaten Valley Die Cast 7-1 to stay in contention. Dave Brown pitched Locke to their victory as they gathered several hits in beating Valleys ace pitcher Dave Hosea. IT DOES MAKE A DIFFERENCE!

You're only one in millions, so . . . why bother

TO VOTE,
TO SPEAK UP,
TO GET INVOLVED,
TO COMMIT YOURSELF??

YOUR VOTES

ARE URGENTLY NEEDED!

Your Grosse Pointe Board of Education is under attack!

Control is being sought by a vocal minority group . . . dedicated to a program of looking backward and to retrenchment! A minority . . . dedicated to a program that would hush every voice but theirs!

Grosse Pointe Citizens for Education was formed and has worked to prevent this take over! We now ask for community support!!!

Over the past two months we have invited ALL WOULD-BE CANDIDATES to come before our

organization (some eight hundred concerned Grosse Pointe residents) so that the candidates could first answer a written questionnaire . . . and then talk FORTHRIGHTLY and openly of his or her beliefs in regard to the problems confronting our school board . . . and plans and programs to solve them.

We listened to all who would come before us, and by secret vote then chose those we felt to be best qualified . . . those whose views best fit the consensus.

Recent history indicates our opposi-

tion's supporters will vote as a bloc straight down the line! Yes, once again the highly organized minority will attempt to "steal" an election.

AND . . . IF THEY SUCCEED . . . THEY WILL HAVE "CONTROL" OF YOUR SCHOOL BOARD!

The Citizens for Education of Grosse Pointe now ask that you back BOTH OF OUR UNANIMOUSLY ENDORSED CANDIDATES . . . BARBARA R. THOMPSON and LEE H. ALLEN . . . ONLY! DON'T FRACTIONALIZE YOUR VOTES!

VOTE! JUNE 10, 1968

Parcells Holds Government Day

Local Government Day was observed successfully and informatively on Tuesday, June 4, by students in the civics classes at Parcells' Junior High School.

Ernest J. Hurst, Department Head for Junior High School Social Studies, invited three key officials to augment the current study of urban affairs and local government.

Featured speakers included Chester Peterson, City Administrator for Grosse Pointe Woods, Public Safety Director Allen Andrews, and Municipal Judge Don Goodrow.

As the basis for their remarks, the officials responded to the following questions:

1. What are your major duties or responsibilities? How do they relate to the rest of the city administration?
2. What are some of the problems facing Grosse Pointe Woods and other communities around our country?
3. What can students do to help their community be a good place in which to live?
4. What are the vocational opportunities for young people in city government?

Each of the visiting speakers addressed assemblies of one to three civics classes.

Participating teachers, in addition to Mr. Hurst, included Robert Reddewig, Burl VonAllmen, Donald Dungan and George Pamerleau.

To Hold Barnes Social June 10

Barnes Elementary School's P-TA once again will present its annual Ice Cream Social to be held on the front lawn of the school Monday, June 10, from 6 to 8:30 o'clock.

The event is timed to coincide with the School Board Election to be held the same day, providing citizens coming to school to vote an opportunity to visit with friends while enjoying ice cream, chocolate and strawberry toppings and home-made cakes donated by Barnes mothers. The cost is 50c per person.

Students in the fifth and sixth grades are busy working on posters to be used for advertising the Ice Cream Social. The posters will be displayed in various business establishments, schools and on committee workers' cars.

Robert Jones and Richard Stofflet will drive around The Pointe in their antique automobiles displaying some of these artistic posters.

For entertainment, there will be the "Paradise Jug Band," a group of Grosse Pointe High students, and Robert Krueger and Anthony Zappin who will be dressed as clowns, passing out favors and enjoying ice cream and cake with everyone attending the social.

Chairmen this year are Mr. and Mrs. Charles McAslan with Mr. and Mrs. William Calder as co-chairmen. In charge of Cakes, Cathy MacDonald; Helpers, Norma Schiller; Traffic and Entertainment, Marilyn Clemente; and Clean-Up, Jacqueline Tischbein. Also assisting are Mrs. Robert Jones and Mrs. Herbert Smith.

Serving cake and ice cream will be the parents of children attending Barnes School, with the assistance of Barnes' Boy Scouts, Girl Scouts, service girls and safety patrol boys.

The pioneers, who blazed the trail to open up this great land of ours, have descendants who literally burn up the road.

Austin Prep School News

Some events of the Senate during the spring have included Senate Exchange Days with Bentley High School of Livonia. On May 15, the Student Senate of Bentley visited the Austin open Senate meeting and was given a tour of the school. On May 22 Austin's Senate visited Livonia to exchange ideas and to gain new methods of student government and activities.

The election of the Senate nominees for the year 1968-69 by the present Juniors was to be held on May 29. It is the day on which, according to the Constitution of the Senate, the Juniors vote for seven nominees from the entire class who will be placed upon the fall ballot for the four officers of next year's Senate. All Student Senate activities are under the direction of Mr. Thomas E. Bailey, Vice Principal of Oetivies.

The Student Senate breakfast was conducted at 8:30 on May 28 at the Pancake House in Mack avenue. It is at this time the president of the Senate officially gives up his office for this year. The Senate officers graduating this year are Tom Misuraca, president; Paul Beaupre, vice-president; Tony Vehar, secretary; and Chris Bonamy, treasurer. Senior Homeroom presidents graduating are Tim Frederick, Brian Hickey, Vince Peseski and Rick Evatz.

The president of the Senate also presents the school with the Senior Gift at the Senior Prom. This year's elected Senior Gift was a new public address system for the building purchased by the Seniors.

The Austin Players staged their annual student directed plays on May 19. The four plays were judged and awards made. James Moffa received the Best Direction Award for his show "The Stronger" by August Strindberg. Best Actor Award went to Bob Berschback for his role in "Impromptu", a play by Ted Mosel and directed by Tim

Sail Club Regatta Winners Listed

Light weather prevailed over the weekend of the Grosse Pointe Sail Club's unique one-of-a-kind regatta and it was a light weather boat—the Thistle, sailed by Crescent Sail Yacht Club's Herb Mainwaring—that swept the series.

Several hundred spectator craft watched the action off the Grosse Pointe Yacht Club as the consistent Mainwaring scored two seconds and a third in the three-race series.

Mainwaring edged James Tuscany's 25-foot Folkboat, who had two firsts and a seventh, by 29 points to 27½. Tuscany is from the Grosse Pointe Yacht Club.

Third was Bayview Yacht Club's Al Gregory in the 24-foot Raven, who scored a first, a second and a sixth—although on elapsed time he twice was the first boat to finish the two 4½-mile and one three-mile triangular course.

Mainwaring, in the 17-foot Thistle, was second on elapsed time in all three races. Hal Stead, the regatta chairman, complimented the spectator boats who watched this first of its kind race Saturday on Lake St. Clair.

"The power boats and sailboats who watched these 11 one-design class champions were magnificent," he said. "Never once did they infringe on or impede these fine sailors who were fighting both for an elapsed time victory and regatta honors based on a handicapping system."

Fourth place went to the Detroit Yacht Club's Marilyn Perry, only lady skipper in the race, with 24 points, and fifth was won by Joseph Steyaert in the Olympic class Flying Dutchman.

A disappointment in the series was the fast, new Tempest, a 22-foot, all-out racing machine, sailed by John Paypas, of Bayview, and the 15-foot Olympic class Finn, sailed by Al Bortolotti, also of Bayview. Both were very late at the starting line for the second race and elected not to finish.

OPEN HOUSE
2:30 till 5

WE'RE DOING our Spring house cleaning and expect to broom these two listings by Sunday evening. 910 Grand Marais has just been vacated by its owner, and all that is required is a bit of dusting followed by the movers and your furniture. This white brick colonial has a step-down living room with fireplace. The paneled library also has a fireplace, and both of these rooms open onto a large, covered porch. Just the house for the family which must have at least four bedrooms.

THE OWNERS of our open house at 804 University are in the process of moving, so if this doesn't sell quickly it will soon start gathering cobwebs. If yours is a family which is looking for a large three bedroom with that extra room on the first floor, then this one you should see. Priced right close to \$30,000.

BY APPOINTMENT

AND FIRST advertised is the kind of a house we wish we had a dozen of. This type of house appears so infrequently on the market that it is usually purchased before the newspaper reaches your door. The three bedroom colonial with two full baths up, first floor lavatory, modern kitchen, and extra room seems to be the ideal of many of our prospects. How about you?

THE BEST example of a center entrance colonial offered in the Park. This one comes off well, and at a price less than forty thousand. There are four bedrooms and two baths up. The first floor includes a den, lav, good kitchen and breakfast room. The basement is one you would like to entertain in.

THE BIG LITTLE house which everyone wishes someone would build more of. Just the ticket for the couple or family which require first floor bedrooms and two more upstairs for whatever. All four bedrooms have their own bathrooms. There is a large library with fireplace, a fancy kitchen, and generously proportioned living room. The house is Cape Cod by design and sits comfortably in the Deeplands subdivision.

IN THE FARMS with an over abundance of air-conditioning. Bedrooms and bathrooms for a more than normal sized family. A house of decorating contrasts; this one has a formal living room and dining room but the den welcomes you to come in and put your feet up. The barn-sized family room has appropriately been... barn sided. Come see for yourself. You may be delighted.

NOW WE CAN GIVE you a choice of two larger two-family flats on Trombley Road. Both buildings have four bedrooms in each of the first and second floors, and there are also bedrooms on the third floors. If you want space in your next home and the opportunity of having a tenant to contribute to your living, then these are "must sees."

NESTLED ON A HILLSIDE lot which was landscaped by one of the Pointe's finest architects, this charmer has three family bedrooms and a fourth for stay-in help. Separate dining room and library to get away in. We think you'll be tempted to take a swing at this one when you see how magnificently it sits on its terraced lot. Wouldn't you like to sit there too?

Carl Graham . . . son of the Richard Grahams, of Notre Dame avenue, left New York last August with 125 Europe-bound American Field Service students. He'd completed his junior year at Grosse Pointe High School, said good-bye to his parents, his brother, Paul (a recent University of Michigan graduate now living in Boston), and his sister Marna, 10, a Maitre student . . . One of 11 members of the AFS group bound for France, he was to be the only one located for the coming year near Paris, studying and living in Le Pecq, a suburb 10 miles west of the French capital, with M. and Mme. Jean-Jacques Dubois and their son Daniel, one year younger than Carl and like him, a high school student. The Dubois have a daughter, too, Martine, but Carl has never met her—she's spending the year as an AFS exchange student in Orange, Va. . . . Due back in New York July 20 (he'll return to Grosse Pointe High for his senior year next fall), Carl has kept his family informed of his experiences over-the-water via letters which, we think, provide fascinating glimpses into the mind of today's Young American Abroad:

August 27, 1967 . . . "The two days in Paris were a little tiring but great. We all met Benedicte (a girl), who is with Paris AFS, and she oriented us a little more. She's great. She met us at Orly at 5 a.m. . . . We took a boat-tour on the Seine during which, I'm afraid, I was fairly well out of it. My recollections are a bit hazy regarding the boat, but we were all like that (this was 10 in the morning Paris time, or about 22 hours without sleep). We were supposed to go SWIMMING, of all things, then, but we were so tired they changed the schedule . . . (We) went to a hotel, where we were to be oriented. Benedicte jokingly said we could lie on the floor, and when we immediately did so with obvious relish, she took pity on us and left us to sleep for an hour and a half . . . We dined yesterday at a fantastic restaurant called a "creperie." We had crepes with ham and an egg inside for the main course, then crepes with jam or cognac for dessert . . . Then I saw the Dubois for the first time just outside the restaurant, got kissed on both cheeks by them (a welcome) . . . then said good-bye to everybody . . ."

August 27 (continued) . . . "Now, the Dubois: I haven't met Daniel yet because he hasn't returned from Switzerland . . . My parents I call 'Maman et Papa'—they have made me feel so at home that it seems natural already . . . M. Dubois has vacation during all of August, and so far, I've been in and around St. Germain, into the Forest of St. Germain, looked out from 'La Terrasse,' which has an eye-popping view and which is just up a little slope from our house, and in general gotten to know the neighborhood a little. The house and my room are marvelous, as expected, and Maman is an EXCELLENT cook . . ."

September 4, 1967 . . . "I'm very sorry to start a letter with bad news but half my lower jaw, practically, becomes intensely painful upon eating anything harder than a chocolate bar. I thus am going to the dentist and you thus will be hearing (or perhaps already have when you read this) from AFS New York, who will no doubt be asking you to fork over . . . Don't worry, it is not extremely painful all the time; I'm just sorry to cost you more when I've finally LEFT. (Ed. Note: The French dentist fixed Carl's teeth, the pain subsided and he began again to enjoy Maman's delicious cooking—all in record time) . . . I'm having troubles, of course, understanding—the combination of unknown slang and/or vocabulary and rapid-fire speech just goes over my head sometimes. I'm combating by reading—newspapers, books, maps, signs, labels, everything. Also by listening intensely until my ears get red (then I quit). I'll iick it . . ."

September 4 (continued) . . . "The Dubois yesterday took me and went to Normandy. It was really fascinating—you look at the cliffs and the long, long beaches at the foot—then at the still-extant huge, squat, ugly German concrete bunkers with their 150-mm cannons and their complete control of the whole place and you wonder how the hell, you should pardon the expression, D-Day ever came off at all . . ."

September 10, 1967 . . . "You have probably already heard and made a decision about what they call a Velo-Solex. If not, PLEASE give permission for me to ride one. In the first place, these things only go at the normal speed of a bicycle—it's just that you don't have to pedal. Also, motorbikes, cycles and scooters are VERY, VERY common here in France, and cab drivers take notice of them and watch out for same . . . You don't even need a license to drive one, or plates. And the hill to my high school is STEEP! (Ed. Note: Carl was soon not-pedaling his Velo-Solex up that steep hill) . . ."

September 10 (continued) . . . "The high school itself is beautiful, bigger than GPHS. Four class-buildings plus an administration building, all enclosed in a huge park with lots of trees . . . It's all boys, and I'll be entering in Classe Terminale, Philosophy section . . . At this point I don't exactly what's going to happen . . . At this point be nice to meet some guys my own age (and maybe girls too, thereby!) . . ."

MR. AND MRS. PETER STALKER, II, OF LAKELAND AVENUE

By Pepper Whitelaw

It's that time of year again! Carnival time at Gross Pointe University School . . . and Peter and Debby Stalker are more than a little aware of the fact. Peter is chairman of the affair, which this year will be held Friday, June 7, from 4 to 10 o'clock, and Saturday, June 8, from 10 to 10 o'clock.

And Peter's chairmanship automatically makes Debby the head of Personnel Recruitment and Placement, and that's (quite a big job and title for such a petite gal).

But Debby has met her responsibility squarely. She'll have over 500 volunteers working on Friday and Saturday. "Everyone is so willing to help that it isn't much of a job at all," she says.

Her workers will man the ticket-selling booths as well as the "strictly GPUS-handled booths," (the others are handled by a concessioner), such as the Baked Goods Booth where carnival goers will find pies, cakes, pickled and branded fruits, souffles, relishes, cocktail snacks, homemade preserves and jellies.

A special feature of this booth will be the Kiddie Korner where there will be over 5,000 candy bars to tempt children.

Books and Records

"The Books and Records Tent, always a highlight of the Carnival, will be chock full of old records and books . . . maybe even a Guy Lombardo record or two!

There'll be lots and lots of rides, including the Ferris Wheel and Salt and Pepper. Fabulous prizes . . . a Dodge Dart, bicycles, sweaters and loads of other surprise gifts, will keep the Carnival exciting. Admission this year is 75 cents for adults and 25 cents for children.

"Speaking of children, the children at GPUS really worked for the Carnival," Debby adds. "Betsy Wood and Bob Levi, who are in charge of student manpower, have practically the entire Upper School working on the Carnival."

"But then, we're all working for it, and loving our work," Debby grins. "Husbands and wives have traditionally worked together on the Carnival!" . . .

Provides Scholarships

"The main purpose of the Carnival mustn't be lost in the excitement however," adds Peter. "The scholarships we will obtain from the proceeds do an awful lot of good . . . they are all based on need."

"Out of 723 students, 42 are currently attending GPUS on a scholarship basis."

"We give three types of scholarships at GPUS," Peter continues:

"Memorial Scholarships are given by private donors in the names of specific individuals. Alumni Grants are given by the Alumni Association, (these six full scholarships are funded with 25 percent of the Carnival proceeds.) And Committee

Grant Scholarships are given by the school administrators and board of trustees and are funded by the remaining 75 percent of the Carnival's proceeds. These 25 Committee Grants are both full and partial scholarships.

"So you see, besides providing the community with two days of fun, the Carnival will mean scholarships for deserving students," Peter adds.

Everyone Helping

"Everyone has been so willing to help. People like vice-chairman Jim Danaher, who'll be chairman next year, and Bill Boydell, who rounded up fathers to help the off-duty policemen patrol the grounds . . . just all of our committee chairmen have been great!"

The gay posters we've all seen around The Pointe were done by students of all ages from GPUS. This year's Carnival poster winners outdid themselves!

Barbara Porter took first place; Priscilla Mead, second place; Jane Peabody, third place; Marlena Dossin, fourth place; and John Hoag, Kiki French, Beth Ballantyne and Debby Deneau all received Honorable Mention.

The Stalkers are having fun helping with the Carnival . . . but then, they're "fun" people. They both enjoy their lovely Georgian Home on Lakeland avenue and have some interesting stories to tell about it.

For example, have you ever heard of turning a house completely around so it would face another direction? Well, that's exactly what one of the past owners of the Stalker home did when Lakeland avenue was created. Originally the house faced Lake St. Clair.

Built in 1901

It was one of the first "permanent" homes in Grosse Pointe, built around 1901 and designed by noted architect Charles Platt.

The Stalkers' "surprise" room, off the beautiful white Italian marble foyer, is a bit of a shock compared to the rest of the spacious house with its 16-foot ceilings and delicate colors.

"This is going to be my favorite room," beams Peter. Here in all its original glory is an early 18th century tap room, once located in Providence, R.I.

It was moved, board by board, into the home. Its ceiling is only seven feet high. "This is our next project," Debby grins. "We're going to fill it with our very favorite antiques."

Peter is a native Pointer and an alumnus of GPUS, (in fact when he was 11 years old he was a Pointer of Interest!). Interestingly enough, when

asked at that time what he would like to make his future work he said either medicine or law—even at 11 Peter knew where he was headed.

Today he is an attorney with Clark, Klein, Winter, Parsons and Prewitt.

Williams and Harvard

He was graduated from Williams College, then went on to Harvard Law School, interrupting his studies at Williams in his junior year to study at the Sorbonne.

This was an important interruption for Peter because it was at the Sorbonne that Debby, from Cleveland, Tenn., met her future husband from Grosse Pointe. Debby, who was attending Sweetbriar at the time, had also decided to study at the Sorbonne.

In 1956, Peter and Debby were married in Cleveland, Tenn. They moved to Cambridge, Mass., where Peter studied at Harvard and Debby went on to complete her studies at the University of Boston. Then, quite naturally, they returned to The Pointe, to a home on Moran road. Last year they purchased their present Lakeland avenue home . . . (incidentally, if you ever pass by, open your car windows wide and appreciate the fragrance of Debby's beautiful gardens).

Have Three Children

The Stalkers have three children, Peter III, 9, a fourth grader at GPUS, Deborah, 7, in the first grade at GPUS, and Marshall the Mighty, "telephone answerer extraordinaire," who greets each caller with a whoop of delight. He's only two and can hardly wait for the Carnival days.

According to Peter and Debby all three of the children have been saving their pennies for the "DAY!"

The Stalkers love to travel. "Just ask us, we'll go," smiles Debby. They've been to Europe, the Caribbean and Mexico . . . just the two of them.

As a family the Stalkers visit Debby's parents, the Reeves Browns, in Cleveland, Tenn. "The grandparents love seeing the grandchildren and the grandchildren love seeing their grandparents . . . so that's always a happy trip," smiles Debby.

Both Love Bridge

Both the Stalkers are bridge buffs. Peter loves golfing. Debby loves gardening and has colorful formal gardens. She also loves doing needlepoint but then there is very little Debby Stalker doesn't like to do.

Debby and Peter are enjoying their jobs with the Carnival. They both hope for good, clear, sunny weather on Friday and Saturday.

They've set their scholarship fund goal pretty high this year: They both hope for \$30,000 . . . but with their determination, energy, and infectious enthusiasm, we'll bet they make it!
