## HEADLINES

of the  
**WEEK**

As Compiled by the  
Grosse Pointe News

Thursday, June 13  
THE STATE'S new fair housing bill was signed into law Tuesday by Governor George Romney, who called it "One of the truly significant moments in the social development of our state." The bill will take effect 90 days after the formal close of the legislative session, probably some time in the fall.

THE RIGHT TO STOP and search a suspicious person, important in crime prevention, has been restored to the policeman on the beat by a vote of 8 to 1 in the U.S. Supreme Court.

Friday, June 14  
SURGEONS FAILED in a desperate attempt to save the life of a 47-year-old man in Houston, Tex., yesterday. They attempted to implant the heart of a sheep in his body, when no human heart was available. He died in surgery. The operation was performed at St. Luke's Episcopal Hospital, where four human heart transplants took place in recent weeks. Officials would not identify the man.

THE UNITED STATES' application to return James Earl Ray to the United States moved steadily forward today as the British government authorized extradition proceedings to begin. The application was dispatched to the Home Office, the British equivalent of the United States Justice Department, after clearing its first legal hurdle in the Foreign Office a few hours after United States Consul Jack Herfurt delivered the petition. Ray's return will take up to six weeks or longer if he fights extradition, because of court formalities and appeals.

Saturday, June 15  
DR. BENJAMIN SPOCK, well-known baby doctor, was among the persons convicted in Boston of conspiracy to counsel young men to evade the draft. Spock said, "My main defense was that I believed a citizen must work against a war he feels is contrary to international law. The court has decided to feel differently." After the conviction Friday night by an all-male federal jury, Spock's counsel, Leonard Boudin, said there would be an appeal to the U.S. Circuit Court of Appeals, and to the U.S. Supreme Court if necessary.

Sunday, June 16  
A SPLIT DEVELOPED in Washington in the ranks of the gun lobby when three leading gun manufacturers came out in favor of a compromise version of the Administration's gun control bill. The three companies, Remington, Winchester and Savage, said they supported legislation banning the interstate mail order sales of rifles and shotguns, as proposed by the Administration. But they suggested that the Administration's approach be modified to allow individual states the right to exempt themselves from the prohibition of mail order sales.

Monday, June 17  
DR. NATHAN FEINSINGER, labor mediator, told the University of Wisconsin, Sunday after his attempts to bring the bargainers for the Detroit Free Press and Detroit News and the four striking unions to an agreement failed. The publishers agreed to Feinsinger's economic suggestions but the unions refused. Feinsinger said that the bitterness on the part of the unions involved was the stumbling block to the settlement. He will return to Detroit if the parties involved so desire. The strike is now in its 215th day.

Tuesday, June 18  
DR. NATHAN FEINSINGER called contracts in the newspaper industry "interludes between strikes" from his Wisconsin home yesterday, after talks between Detroit's newspaper publishers and striking unions collapsed, and the blackout drifted into its 216th day. Between \$3 and \$10 per week separates the publishers of the Detroit Free Press and Detroit News and the four unions on strike against one or both papers.

## Rotarians Name Louwers Outstanding Citizen

Grosse Pointe Rotary Club's "Citizen of the Year" award ceremony was held in the Crystal Ballroom of Fries Auditorium, Monday. Pictured left to right are: MRS. ARTHUR E. LOUWERS, former Park Police Chief; ARTHUR E. LOUWERS and DR. AL CERAVOLO, who made the presentation.

## Pointe Man Dies in Fall On Mt. Stuart

Douglas Edward Merrill Plunges to Death Following Slip on Snowfield in Cascades

Douglas Edward Merrill, 26, of 1235 Anita avenue, plunged to his death on Saturday when he fell while climbing Mount Stuart in Washington Cascades. He slipped on a snow field.

Douglas, the son of Mr. and Mrs. Robert Merrill, was a Grosse Pointe High School graduate. He received his degree from the University of Michigan in 64 in geology. He received his M.A. degree from the University of Washington in '67 and had advanced to candidacy for a Ph.D. degree in geology at the University of California in Berkeley.

Doug was vacationing after examinations. He was a member of SAE fraternity at the University of Michigan and a member of the Sierra Club of California.

The Merrills have one other son, Ronald, who is a professor of Oceanography at the University of Washington.

Memorial tributes may be sent to Mountain Rescue Council Unit, Box 67, Seattle, Wash., 98111.

## CORVETTE STRIPPED

Harold Miller, 5243 Radnor, Detroit, reported the theft of two wheels, tires and hubcaps off of his '66 Corvette which was parked on the east side of 17450 Mack at the Sunoco station. He told officers he parked the car there at 5:30 p.m. on June 13 and returned for it at 2:25 a.m. on the 14th, to discover the theft. Police are investigating.

Police reported that Hunter, who lives at 1005 Beaconfield avenue, was running to catch the moving bus as it pulled away from the curb at Jefferson and Wayburn, when he suddenly tripped and fell beneath it. Pedestrians, seeing his precarious predicament, shouted at the bus driver. One screamed

## Summer Music Festival Again Offered at Center; Opening Program July 10

Eleventh Annual Series Promises Unusual Entertainment; Dinners Preceding Each Concert Will Have Harmonizing Menus

The eleventh annual Grosse Pointe Summer Music Festival, opening next month at the War Memorial, 32 Lake Shore road, will have an elegant international flavor. The three-concert series this year includes Russian balalaikas and a Viennese Concert-Ball, along with the festival's traditional chamber music offering.

And continuing a successful tradition to last summer's season, there will again be terrace dinners preceding the concerts, with menus that harmonize with each concert program. These are scheduled at 8:30 on three Wednesday evenings in July.

Opening night on July 10 will feature an orchestra of balalaikas—a group of virtuosi that has a history of almost 50 years of touring with an amazing variety of music—from Russian and Ukrainian folk songs, dances, and gypsy tunes, to light classics.

The dinner beforehand will feature such Russian specialties as shashlik and palachinki, prepared with the guidance of the festival committee's culinary authorities, Mrs. Harold B. Tyree and Charity de Vicq Szecek.

Staples to appear

Gordon Staples, newly appointed concertmaster of the Detroit Symphony and long time music director of the festival, will appear on the second program, July 17, with clarinetist Paul Schaller and pianist William Doppmann. They will present works of Grieg, Beethoven, and Bartok. The dinner will be a Chard-Froid Buffet.

For the final evening, the Festival planners were inspired by the great success of last year's Candlelight Cabaret and they hope even to top that gala program. Music will be by a Viennese ensemble of strings and woodwinds from the De-

troit Symphony under the direction of Felix Resnick, member of the Detroit Symphony and Director of the Grosse Pointe Symphony Orchestra.

Unusual Program  
The program for the Concert-Ball may be the most unusual ever planned for the Festival. Maestro Resnick has programmed works that the great Viennese composers—Mozart, Schubert, Beethoven, Lanner, and all the Strauss—composed for entertainments in the homes of the Viennese nobility. These works—waltzes, marches, polkas, two-steps, contre-dances, and mazurkas, for example—display the genius of the composers, yet are tuneful and danceable, and were danced to by the Viennese.

So, with tables and a dance floor laid out in the Crystal Ballroom, the festival's patrons will be free just to listen or to dance to this delightful music performed as originally scored for a salon group of instruments.

Portions of the program will be for listening only and in this category will be special performances by guest artists, Mr. and Mrs. Gordon Staples, who will play a special group of Schubert dances for two violins and guitar with classical guitarist, Alexander Szecek, (who will also offer some of his sentimental songs of old Vienna).

## Top Pointer Honor Given To Louwers

Rotary Club Selects Retired Park Police Chief As Community's Outstanding Citizen

The Grosse Pointe Rotary Club named former Park Police Chief Arthur E. Louwers "Citizen of the Year" at its meeting on Monday, June 17. Each year Rotary recognizes a Pointer for outstanding civic achievement. The basis of selection is on total contribution to society.

Chief Louwers, in accepting the honor, said that he felt the award was an accolade to all Pointe police officers.

He was presented with the following framed resolution:

WHEREAS, ARTHUR E. LOUWERS is retiring this year after thirty-eight years of service to Grosse Pointe Park and the Grosse Pointe Community; and

WHEREAS, he has been a leader among the Police and Safety Officers in the Grosse Pointe area; and

WHEREAS, his leadership has been recognized by his fellow Police Officers who elected him President of the Southeastern Michigan Chiefs of Police Association, and President of the Michigan Police Chiefs Association; and

WHEREAS, he has played an important part in developing local safety programs such as the Bicycle Safety Inspection Program for the protection of our children; and

WHEREAS, he authored a book of rules and regulations which has been adopted by almost every law enforcement agency in Michigan; and

WHEREAS, he has received statewide recognition for his establishment of Police Training Programs; and

WHEREAS, as a Police Officer he has epitomized competence, fairness, understanding, and firmness; and

WHEREAS, he has served the community by his firm but sympathetic handling of young people in trouble; and

WHEREAS, Grosse Pointe is a better place to live because he has given so much of himself to it;

NOW, THEREFORE, BE IT RESOLVED THAT THE BOARD OF Directors on behalf of the entire membership of the Club, records its deep and sincere appreciation for the efforts of Arthur W. Louwers, and for his devotion to the community, designates him as CITIZEN OF THE YEAR; and

BE IT FURTHER RESOLVED, that he be presented with a suitable copy of the Resolution.

## Bon Secours Asks City to Assist in Plans to Expand

Request Zoning Ordinance Amendments To Permit Hospital To Proceed With Program To Double Present Capacity

Bon Secours Hospital requested the Grosse Pointe City Council Monday evening to amend its zoning ordinance to permit the hospital to expand. The hospital asks that the zoning of its land bounded by Cadieux, Maumee, Notre Dame and Caroline be rezoned to change its use for hospital purposes.

The hospital also requested that it be permitted to use the strip of land which it owns between Caroline and Jefferson for parking purposes.

The hospital proposes to reduce the height of its expansion from the initial request to 45 ft., the height of the present facility, in accordance with the previous understanding arrived at between the Council and the hospital in May of 1966.

Want 320 Beds  
The expansion would permit the hospital to increase its size to 320 beds and enable it to completely remodelize all present areas. The expansion has the approval of the Greater Detroit Hospital Council.

Hospital spokesmen said that approval for the expansion was not asked immediately after the favorable decisions of the Michigan Court of Appeals because the hospital wished to study the possibility of operating and constructing the hospital under the City's present 35 ft. height limitation which would be 10 ft. less than the present construction. These studies by consultants and architects made it clear that the 35-foot limit imposed unreasonable cost penalties and operational difficulties, the spokesmen said.

Public Hearing Set  
Mayor David E. Burgess explained to Neil B. Hayes, attorney representing Bon Secours Hospital, and hospital representatives present, that the Council had set Wednesday, August 7, at 8 o'clock, in Maize School, for the public hearing on the issue.

He further explained that the City Planner, Brandon Rogers, who should be present at the hearing, would be vacationing from July 15 through August 2. He said that notification of the hearing must also be published prior to the hearing.

Mayor Burgess added that since this was such an important and controversial issue the Council felt it would be judicious to take time to insure that all legal requirements were properly fulfilled.

WINDSHIELD BROKEN  
George S. Hoover of 28404 Grant, St. Clair Shores, complained to Farms police on Wednesday, June 12, that while he was traveling east on Kercheval in his pickup truck, a car with five teenage boys passed him. One of the passengers leaned out of the left rear window and tossed an unknown object at his windshield, shattering the glass. He was unable to give the authorities a description of the car or occupants, or the direction they took when leaving the scene.

The letter to the Commission stated that the new clubhouse, to be finished "sometime during 1969", will have a floor area of approximately 33,000 square feet. The men's locker room building will remain until the clubhouse is completed. Plans call for the immediate construction of a pre-fabricated steel caddy and cart storage structure.

## Schools Forced to Charge For Playground Programs

Summer playground fun for elementary school age children is once again going to be available to Grosse Pointe children. An exciting program of arts, crafts, games, singing, story telling, and extraordinary special events has been announced by the Department of Community Services of the Grosse Pointe Public Schools.

Beginning Monday and Tuesday, June 24 and 25, a well trained staff of playground workers will be ready to receive children at nine of the 10 elementary schools. Because of extensive construction work at Trombly, that school program will be combined with Defer. Due to necessary budget cuts throughout the schools this year, because of the voters' rejection

of the proposed increase in tax millage, it has become necessary to conduct a self-sustaining program this summer, and on a restricted basis whereby the playground will be open only two days a week at each school (Defer being the only exception). It will be necessary to charge a daily fee of 50 cents for each child with a maximum charge of one dollar per day for any one family.

This fee will not include the cost of some of the craft materials that are traditionally sold to those children wanting them. School officials are confident that this minimal cost will not detract from the enthusiasm previously shown for the satisfying and profitable benefits children have realized in

## Join Forces To Put Heat On Councils

Park Association Circulating Entire Population With Letter Citing Grievances

The epidemic of "Blue Flu" which hit the St. Clair Shores Police Department last week turned into a show of "Blue Power," on Monday, June 17, when members of the police associations and their families from Grosse Pointe Park, Grosse Pointe City, Grosse Pointe Farms, Harper Woods, Roseville, East Detroit, St. Clair Shores and Detroit, Melvindale, Garden City, Pontiac and New Haven, picketed the St. Clair Shores City Hall on Jefferson and 11 Mile road, prior to the Council Meeting.

The combined action is part of a planned campaign to show city administrations the strength and determination of the Police Officer Associations of these communities.

Informed sources told the NEWS that this "united front" was the approach all the police associations were planning to use in future negotiations. Most of the participating police associations are currently involved in wage negotiations.

Are Far Apart

A representative of one of the Pointe associations told the NEWS that the police associations have set a minimum and that the communities have set a maximum—well below the associations' minimum.

If the showing in front of St. Clair Shores City Hall is an example of "Blue Power" it will be something to be reckoned with.

The Grosse Pointe Park Police Officers Association has carried the fight one step further. It has hand delivered the following letter to each and every Park resident:

"Dear Resident:  
"Your Police Officers of Grosse Pointe Park seek your support on their request for wage increases. We think you should know the status of our pending negotiations with the city for a salary adjustment. As residents we realize that you are faced with the unending problems of tax increases, but we have the same problem. After some months of negotiating with the city committee we have been offered a wage increase that would leave our base pay \$1,300 less per officer than the base salary paid Detroit police officers. This is extremely unfair."

## Hoodlums Beat Up Farms Youth

Farms police are searching for four teenage hoodlums, who, without warning or provocation, severely beat a Farms boy about the face on Monday, June 17. The victim, J. Herbert Munchausen, 17, of 323 Moross road, was taken to St. John Hospital where several stitches were required to close wounds inside the mouth and outside the lip.

Patrolman Robert Kraiza, who was dispatched to the Kroger parking lot, Mack and Moross, was met there by Farms Fire Sgt. Arthur Turner, who had been sent to the scene when a citizen reported a person lying on the ground.

The fireman told the officer that an unknown woman informed him that four, or five, boys got out of a small car and started to beat Munchausen, for no apparent reason.

The beating victim told Kraiza that he was on his way to Kroger to shop for his mother. He walked down Hillcrest, jumped over the wall at the rear of the parking lot, and saw several boys "doing something to a car in the lot."

Munchausen said that he walked past the youths with barely a glance, when a small car with four youths drove up alongside of him, and the occupants piled out, and before he realized what was happening, they began to beat him, knocking him to the pavement.

He was on the ground until Sgt. Turner arrived, he said. The sergeant took the youth to the hospital and the Fire Department ambulance.

(Continued from Page 1)  
exclusive of fringe benefits but the fringe benefits paid us are substantially less than those paid police officers in surrounding communities. The committee negotiating for the city refuses to recognize that police-men employed here have at least the same expenses as Detroit policemen and in many instances our policemen have expenses greater than their counterparts employed by the City of Detroit.

"Numerous surveys throughout the years of bargaining with city officials have established that the crime rate per capita in Grosse Pointe Park is actually greater than in the two adjacent Detroit precincts. Does it seem reasonable and fair to you that your policemen be paid almost 15 percent less than Detroit policemen?"

We take pride in the fact that our officers in most instances are better trained and better qualified than many of the officers employed by the City of Detroit. Our responsibilities based on population to police ratio are greater than the responsibilities of the Detroit police officer. We believe that the residents of our city receive the very best in police protection and services; that the community deserves it; but we also believe that we should be compensated on a basis that will not permit other communities

to outbid us for qualified personnel.

Of the police officers now employed by the City of Grosse Pointe Park, more than 25 percent are recruits; 40 percent have less than two years' service, and over 50 percent have less than five years' service. Those officers having accumulated minimum retirement benefits have little incentive to remain with the Park system if the wage differential continues. Those communities paying more than the Park are continually soliciting our police officers to leave the Park. The administration of our department feels that the policeman does not reach his maximum efficiency until at least five years of service. We agree, but to retain young police officers requires a salary that is both comparable with that paid by competing communities and also constitutes a living wage.

"You are aware, I am certain, that the qualifications of a police officer and his roll in the community has vastly changed in the past few years. To function efficiently, today's policeman must be highly skilled and thoroughly trained in many areas. The training must continue with changes of law and changes in community problems. We think one of the important ways of retaining the character of your community is to maintain a police force comparable to the one we have.

"The police patrolmen are paying for this appeal from their own pockets and the cost represents a substantial amount from the pockets of each of us. You can see how important the problem is to the men. We think that you, as a citizen, are vitally involved and we hope that you will support us in our effort to obtain fair compensation for our professional services. We appeal to you to contact our councilmen and mayor and tell them to pay us a salary equal to the base pay of the Detroit police officers."

Also included in the letter are the names, addresses and phone numbers of the councilmen and mayor, with a tear-off at the bottom that reads, "I do support the police officers in this report." or "I do not support the police officers in this report." This tear-off was then to be sent to one of the Park police officers with the resident's name and address.

## Freak Fall

(Continued from Page 1)  
returned to his work at the hospital.

Discussing the unusual mishap, Sgt. McAllister said: "If Mr. Hunter hadn't been a small man—five feet three inches tall, 116 pounds—he surely would have been severely injured. He told me he had lived through a Florida tornado, a California earthquake, and a Great Lakes shipwreck, so this really was nothing."

A witness to the accident, Mrs. Margaret C. Jennings, 4170 Harvard, said she was standing in front of a sandwich shop at 15009 East Jefferson, when she saw a man running for the moving bus. "He seemed to claw at the door for a few seconds," she added, "and then disappeared beneath the vehicle. I was sure he'd be killed and a lot of us screamed at the driver who apparently hadn't seen the man."

When a News reporter called Hunter at his home the day after the accident he was preparing to leave for his hospital job. "Forget it," he chuckled, "there was nothing to it!"

## Chase Youth at 100 MPH

(Continued from Page 1)  
on Kercheval, passing the patrolmen.

Belanger, driving the scout car, glanced in the rear view mirror and saw the youthful driver turn left onto Waverly lane, with, it appeared, with only the driver in the auto.

Belanger said he made a "U" turn to follow, and as he approached the lane, he saw the other car stopped on the lane, at Kercheval, and drove near to ask the driver if something was amiss. The 16-year-old behind the wheel replied in the negative, but he seemed frightened, which aroused the policeman's suspicion.

The police officers said that as they were about to walk toward the other automobile, the driver took off at a high rate of speed, going west on Kercheval.

**Police Gave Chase**  
Belanger and Kraiza gave chase. They said the driver of the car sped through the red signal lights at the Moross and Kerby roads. Kraiza radioed a general alert.

The officers said that by the time the two cars reached the Moran intersection, the speed had reached 100 miles an hour, and the lead car was getting away. At Kercheval and McMillan, an unsuccessful attempt was made to stop the speeding driver.

The patrolmen said that the chase continued west on Kercheval, at over 100 miles an hour. All traffic signal lights through the City were green.

A Park police car was blocking Kercheval and Harvard road, and the young driver, seeing this, made a desperate at-

tempt to turn left onto Cadieux and lost control. The auto leaped the west curb, hit a tree and bounced back onto the road, and came to a stop.

The driver was placed under arrest, as was his companion, who the officers said, was either slumped down, or had been sleeping in the front seat during the chase.

Det Miller said that car with the teenagers had been stolen from a location in Detroit, and that the license plates had been stolen from a car in Highland Park.

## School Board Holds Last Regular Meeting of Year

The last regular monthly meeting of the Grosse Pointe Board of Education for the 1967-1968 year was held at 7:30 p.m. on Tuesday, June 11, at Maire Elementary School, 740 Cadieux road.

Mrs. Paul G. Hykes, president, conducted the meeting and Dr. Theos I. Anderson, Superintendent of Schools, presented his report.

Mrs. Hykes introduced successful candidates in the June 10 election, incumbent Mrs. Joseph P. Thompson, currently serving as Secretary of the Board of Education, and newcomer Lee H. Peebles.

Russell H. Allen, retiring vice president of the Board, was given a standing ovation by the audience. Mr. Peebles, currently ending five years as a trustee, was not a candidate in the June 10 election.

In commenting on the record turnout in a normally light trusteeship election Mr. Peebles said, "It was most gratifying the way people turned out and voted for good education in Grosse Pointe. I know you will continue the fine school system we have upheld. It has been a great privilege for me to serve as your trustee."

In his informal report Superintendent Anderson revealed that the enrollment of the public schools has now reached 12,618, an increase of 332 over a year ago.

He also reported that Grosse Pointe High School was again placed on the list of secondary schools approved for 1967-68 by the North Central Association.

Dr. Anderson commended 150 seniors at Grosse Pointe High School who were elected to the National Honor Society as well

as those who received awards from the Detroit Association of Phi Beta Kappa and other organizations.

A major item was the approval of textbooks for the coming year. The list of textbooks, presented to the trustees at the May meeting for their scrutiny, was approved, with Trustee Arnold P. Fuchs abstaining.

By a six to one vote, the trustees approved a 5 per cent salary adjustment for Dr. Theos I. Anderson, Superintendent of Schools, who has completed the first year of his initial five-year contract.

The Board of Education approved the report of Ray MacArthur, Director of Business and Finance.

In other business, the trustees approved professional staff appointments for the coming school year, approved leaves of absence, resignations, and changes in salary schedule status.

In addition, the members of the Board of Education approved appointments to the summer school staff of Grosse Pointe High School, Brownell Junior High School, and Montclair and Richard elementary schools for the six-week session which began June 17.

The trustees also authorized the appointment of staff to conduct summer programs in driver education and three programs in special education. The remedial reading and perceptual development program, pre-school language and speech development, and an activity program for trainable retarded children.

In a discussion of staffing for 1968-69, Lawrence F. Kennedy, Assistant Superintendent-Professional Personnel, reported that the total list of vacancies numbers 17. One secondary and five elementary school teachers are under contract on an unassigned basis which leaves a net of 11 members of the professional staff to be employed.

Three of these vacancies are on the elementary level, 10 at the secondary level and four in the special education area. This means the elementary situation

at this point is well in hand, while secondary and special education areas are in reasonable control.

Mr. Kennedy said that since his last report, the special education field has produced an increased number of interested and qualified applicants with the exception of those with majors in the secondary level of preparation of work with the mentally handicapped. Mathematics and industrial arts applicants still remain in the minority with vacancies existing in these areas.

According to Mr. Kennedy, of the 100 new teachers under contract to date, seven formerly taught in the Pointe and are returning. Six of the recruits did their student teaching in the local public schools.

The trustees set Monday, July 1, as the date for the organizational meeting for the coming year. They will gather at 7:30

### Women Injured As Cars Crash

Mrs. Helen B. Johnston, 916 Harcourt, was driving north on Rivard on Tuesday, June 11, and failed to stop for the sign at Waterloo. Her car was struck on the side by a car driven by Eula Mae Caulton, 3448 Arndt, Detroit, which was traveling east on Waterloo.

Both drivers sustained minor injuries and were checked at Bon Secours Hospital. The cars were towed from the scene. Mrs. Johnston was issued a ticket for reckless driving.

### University School Holds Class Day and Graduation

Class Day exercises were held on June 12 at the Grosse Pointe University School. The seniors, who were to receive their diplomas the following day, sat on the stage in the school's auditorium while many awards were given to students in the Upper School, grades seven through twelve.

The School Spirit Award is presented to the homeroom which has shown the best school spirit throughout the school year, and this year the award was given to the 9th grade boys. Deborah Lynch presented the award to Class Presidents, Don Lennox and John Chapman.

The Citizenship Cups were then awarded. These are presented to the seventh or eighth grade girl and boy who have shown the greatest loyalty, cooperation, and the finest citizenship. Susan Florence Valk of the eighth grade girls received a cup, and Henry Montgomery Gage was the winner of the eighth grade boys.

The other awards were for academic significance. Of these the most important was the Williams Alumni Association Award which is presented to a member of the junior class who has demonstrated leadership, service, and high academic achievement. The award was presented to Jonathan Leon Kempner.

The following day, June 13, the 69th annual commencement took place on the Gancy Court by the Edsel B. Ford gymnasium.

Joseph L. Hudson, Jr., President of the Board of Trustees, opened the Commencement Ceremony. The speaker was John Chandler, Jr., former Headmaster of the school. The invocation and the benediction were pronounced by The Rev. Gary R. Gruber of Grosse Pointe Memorial Church, Presbyterian. The elected speaker for the senior class was John Hoag, and in his absence the speech was read by the president of the senior class, David Jones.

Of the many awards presented the following were significant: The Betty Ellis Cup, presented to the senior girl who has given the most unselfish and consistent service to the school, was awarded to Louisa Hopkins Bowen.

The Service Cup which is given to the senior boy who has given the most unselfish and consistent service to the school went to Ripley Scotten Odell.

The Headmaster's Cup which is awarded to the senior girl who has displayed the most outstanding school spirit and leadership was awarded to Deborah Elizabeth Lynch.

The Class of '44 Cup, presented to the senior boy who has displayed the most outstanding school spirit and leadership, went to Ray Nelson McKinley.

The Trustees Cup is awarded to that member of the senior class with the highest academic record for the last three years. This was given to Paul Rexford Gupta.

Following the awards Mr. Chandler gave the commencement address and the diplomas were awarded.

### Safety Program Held At Maire

Maire School's Safety Program, with a big assist from the City of Grosse Pointe Police, turned out to be a huge success. On May 29, Sgt. Douglas MacEachern and Cpl. George Brackx inspected 350 bicycles.

All those students whose bicycles passed the inspection placed their names in a container for a drawing on Tuesday, June 11.

On that day, at the final assembly, Sgt. MacEachern and officer Ronald Pryor drew the names of 32 winners. Happy students won transistor radios, baseball gloves, tennis racquets and other sports equipment. Prizes were donated by the City of Grosse Pointe Police and Fire Association and some Kew-Forest avenue merchants.

Safety Patrol boys took part in a special drawing for a fitted baseball glove donated by a village merchant. Lucky winner was Safety Lt. James Robb Baubie.

### Fete Volunteers At Bon Secours

A dinner party was given at Bon Secours Hospital Tuesday, June 11, by the Sisters of Bon Secours to honor the Red Cross Volunteers who serve so diligently at the hospital.

Each year the Sisters plan this event to express their appreciation to these women who expend a great deal of time and energy doing charitable work for the patients at the hospital.

Mother John Andrew, Superior of the Sisters of Bon Secours, acknowledged with gratitude the work of the volunteers and commented on the punctuality, loyalty and devotion to the patients.

Service pins were awarded to Mrs. Frank Rosier, Liaison Officer for the Red Cross. A 15-year service pin was given to Mrs. Theodore Maas, chairman, a 10-year service pin to Mrs. Willi Widmann and five-year pins to Mrs. Harold Johnson and Mrs. Louis Decker.

The 32 Red Cross Volunteers contributed 7,784 hours of charitable service last year, bringing the grand total for the 11-year period to 80,355. Six of the volunteers, Mrs. Theodore Maas, Mrs. Roy Flagler, Mrs. Folger Davis, Miss Laura Krause, Mrs. Philip Davis and Mrs. Leo Herbold have each contributed in excess of 300 hours.

Mrs. Folger Davis was appointed by Mrs. Rosier as co-chairman of the Volunteer Unit.

## Rescuers, Rescued and Grateful Parents

Able to smile her gratitude to Fire Sgt. Arthur Turner and Fireman Donald Ettinger, is Heide Hinkel, 5, who on June 6, was revived by the firemen, both members of the Farms Fire Department, after she fell into a neighbor's swimming pool and nearly drowned. Heide, while playing with a friend, fell into the pool and sank to the bottom. She was pulled out by the woman owner of the property, Mrs. Edward Frohlich, of 30 Preston place. The girl was blue and in serious condition, when the firemen arrived. Turner applied mouth-to-mouth resuscitation, and when Heide began to breathe again, Ettinger quickly applied the oxygen resuscitator. Also shown in the picture are Heide's grateful parents, Mr. and Mrs. Edward Hinkel, Jr., of 27 Preston place. The firemen were cited by the Farms council on Monday June 17.

## Lightning Hits Houses, Wires

The severe spring storm that hit The Pointe in the early police on that date to report a large tree limb had fallen in City police and firemen hopping front of her home. Officers re-

land, 851 Lincoln, called City moved the limb and observed that another limb was hanging precariously on the same tree. They notified the Highway Department to attend to it.

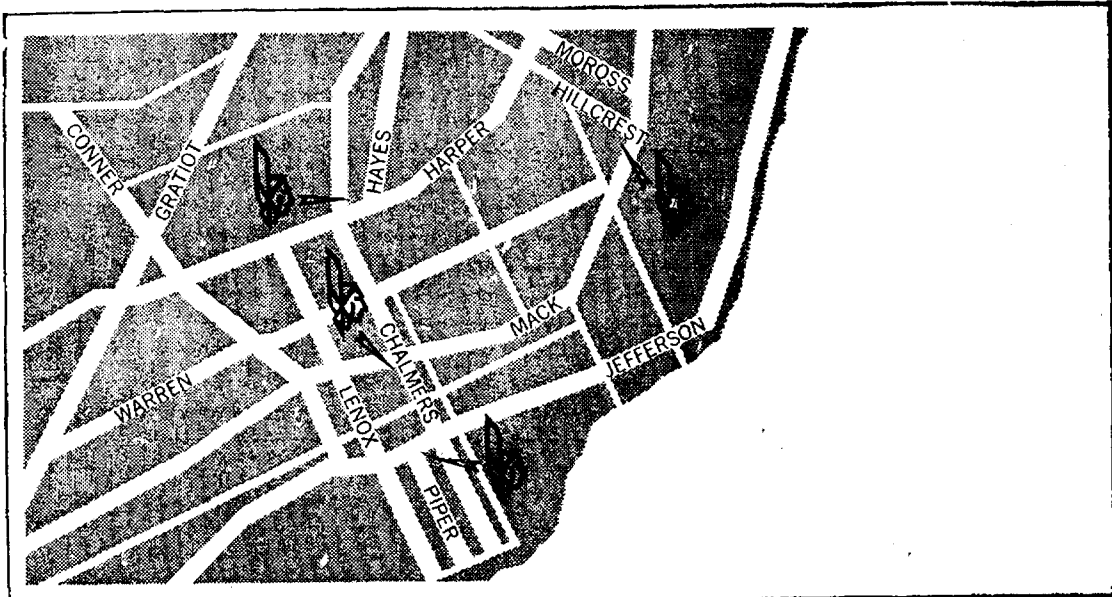

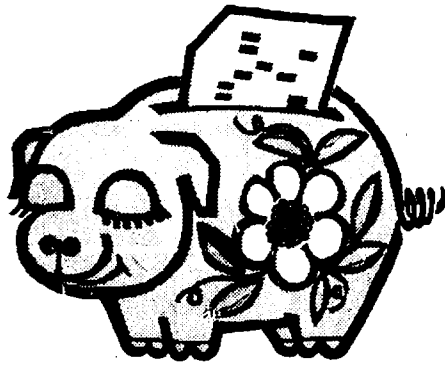

Mrs. William Rappman, 466 Lincoln, also called Police on that date to report an Edison wire was down at 453 Fisher and was arcing. Officers notified the Edison Company.

Firemen responded to a call on the 15th reporting lightning had struck a house at 818 Cadieux. They found two holes in the roof of that residence and two holes in the roof of 824 Cadieux. Neither of the houses sustained fires.

The reward for good deeds often goes to the wrong person.

### Pair Accused In Tire Theft

Two men were arrested by Woods police and charged with stealing two brand new tires from the Mobil Center, 19770 Mack avenue.

On Wednesday, June 12, police received a phone call from Francis Hoffman of 18791 McCormick, Detroit, an employee of the service station, who reported that two men in a car drove into the station, removed two tires from a rack, and then drove north on Mack toward Vernier.

Patrolman Thomas Podeszwick, on the alert for the pair and their car, spotted them at Vernier, near the Edsel Ford Freeway, and stopped them. The officer called for assistance.

Accused of the larceny are Willie G. Johnson, 33, of 5744 Van Dyke; and Clarence Rodgers, 38, of 3122 St. Aubin, both of Detroit. They were taken to the station for further questioning by Woods Cpl. Bernard Kelly and Patrolman Donald Sabel, who arrived to help Podeszwick. Three Harper Woods policemen also showed up in case they were needed.

Podeszwick said that after he stopped the pair and was about to get out of his scout car, Johnson and Rodgers got out of their vehicle and approached him, as if they did not want him to look into their auto. Nevertheless, the officer went to the other car, and saw two new tires on the rear seat and informed the pair that they were under arrest on suspicion of larceny.

At the station, another employee of the gas station, William J. Haas, 22, of 3935 Coplin, told police that he was pumping gas, when Hoffman asked him if he had removed two tires from the rack, and he replied in the negative.

At that time, the two men in the car were driving away, Haas said, and he chased them in his car to Eight Mile road and Mack, and got close enough to take down their license plate number.

It was not disclosed which of the pair it was, but Hoffman said that one man asked for the restroom, after which he took a paper towel from a dispenser near the gas pumps and began to wash and wipe his windshield. The second man got out of the vehicle, and also started to clean the glass.

Completing their cleaning, the men left the station, just as Hoffman asked Haas about the tires.

Kelly, while searching the men at the police station, discovered a hypodermic needle fastened to the inside of Rodgers' hat.

A complete investigation in the matter is still in progress, it was said.

Three bicycle thefts were reported to City police on June 14, and June 15. Michael Men-then, 912 University, reported the theft of his gold and chrome trimmed bicycle from the bike rack at 17101 Kercheval on June 14.

On that same date Jim Cioe, 1204 Yorkshire, reported his red and white bicycle stolen from Nef Memorial Park. Martin Walton, 458 Washington, reported the theft of his black and white bike from Nef Memorial Park on the 15th.

### Louwers-Graul Retirement Banquet Attended By Many

By actual count, 275 persons attended a retirement banquet held at St. Maron's Social Hall, St. Jean and Kercheval, Detroit.

Wednesday evening, June 12, to honor two outstanding Park officials, Police Chief Arthur Louwers, and Fire Chief William Graul.

Chief Louwers retired on May 31, after 38 years of service with the Police Department, and Chief Graul will leave his post on June 30, after having served the city for 46 years.

Park Mayor Matthew Patterson, who emceed the program, disclosed that a number of police chiefs and other public officials from cities, near and far, were unable to be present because of pressing duties, and other reasons.

However, the 275 persons in attendance, heard glowing tributes paid to Louwers and Graul, from the mayor, and other speakers, after which the chiefs were given a standing ovation.

Larry Knox, retired Inkster police chief, came from Canada Creek Ranch, his home near Onaway, Mich., 300 miles away, to be present at the banquet. He was introduced by Mayor Patterson.

Among the area police heads present, with their wives were: City Chief Andrew Teetaert; Woods Director of Public Safety Allen Andrews; Park Director of Public Safety William Ellenberg, who succeeds both Louwers and Graul; and Harper Woods Chief Allen Miglio.

Shores Director of Public Safety Thomas Cochill was unable to attend because of illness; and Farms Police Chief Jack F. Roh, was unable to be present because of back and side injuries suffered the day before, June 11, which resulted when he tried to stop a driverless, runaway car.

Also in attendance was retired City Police Chief Thomas Trombly, Chief Teetaert's predecessor.

Fire Department heads present, were: City Chief Albert Yaklin; Farms Chief M. William Mason, and of course the directors of public safety, whose titles not only make them heads of the police departments of their respective communities but also fire chiefs. Also present was retired fire chief George

Poupard. All members of the council were at the banquet, as well as every off-duty park police officer, including Capt. Arnold Hough and Lt. Gerald Kesteloot. City Mayor David Burgess attended and so did the following municipal judges, C. Joseph Bolanger, Park; Don J. Goodrow, Woods; and Douglas Patterson, City; and other judicial dignitaries from Wayne County and surrounding cities.

There was a large contingent of agents of the Federal Bureau of Investigation, and a number of State Policemen, who as Col. Frederick E. Davids, State Police Director, said, also represent the State Fire Marshal's Office, since each trooper is automatically a deputy fire marshal.

Many others were present to pay tribute to Chiefs Louwers and Graul, including the chiefs' families friends and plain armiers.

Before the feast was underway, Rev. J. William Griffith of St. Richard's Catholic Church, Westland, a relative of Chief Graul, was called upon to give the invocation.

Mayor Patterson introduced the wives of the honorees and others at the head table, after which he called for recognition of dignitaries in the audience.

Following this, Col. Davids; Glen Thom, retired Detroit Fire Chief, and presently Warren Fire Commissioner; and Glenn Leonard, Oak Park Director of Public Safety and current president of The Michigan Police Chiefs Association, were asked to speak.

At the conclusion of the speeches, Mayor Patterson presented Chief Louwers and Chief Graul with inscribed, gold wrist watches, after which he asked the chiefs to introduce their families.

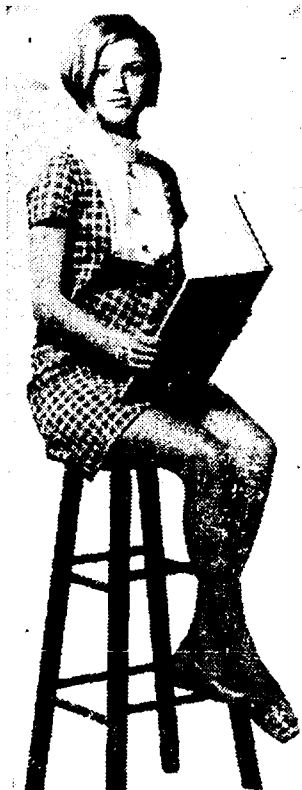

The newest recruits of both the Police and Fire Departments of the Park, Patrolman Michael Kortas, and Pipeman Casper Allor, presented each chief a portable AM-FM portable Zenith radio, Kortas to Louwers, and Allor to Graul, gifts of the personnel of their respective departments.

Park City Manager Robert A. Sloan was then called upon to present the chiefs with service certificates after which he introduced the members of the committee who worked so hard for the success of the banquet. They are:

Fire Capt. Henry M. DeClerck; Police Lt. Gerard J. Kesteloot; Fire Lt. Philip M. Costa; Police Sgt. George B. Blair; Del. Sgt. James E. LaPratt, and Veronica C. Fodell, who was committee treasurer; and Erma O. Nyiri, who was the secretary.

Climaxing the affair was the presentation of the retirement badges to each of the chiefs, by Director of Public Safety William Ellenberg, who succeeds both men as administrative head of both departments.

City Municipal Court convened on Tuesday, June 11, with Judge Douglas L. Paterson presiding. Four cases were heard.

Two drivers were charged with car not under control resulting in an accident. Both pled guilty and were found guilty and fined \$20. They were Irma Vlach, 2057 Hawthorne, and David Lodge, 319 Greenwood, Birmingham.

Randall Barnosky, 23445 Colonial, was also charged with car not under control resulting in an accident. He pled not guilty and was found not guilty and the case was dismissed.

Thomas Sullivan, 382 McKinley was charged with driving under the influence of alcohol. He pled guilty and was found guilty. The case was taken under advisement and a pre-sentence probation report was ordered.

It seems that a necessity is a luxury that the Joneses have.

### Troop 74 Holds Annual Picnic

Four members of Boy Scout Troop 74 received scouting's highest rank when the Troop held its annual picnic at the Farms Park on Monday evening June 10.

Over 100 guests, including parents of the honored boys, watched as Scoutmaster Gerald F. Webster presented Eagle Badges to Rick Koerner, son of Mr. and Mrs. Phillip F. Koerner, of Washington road; Rick Rigney, son of Mr. and Mrs. Don W. Jones of McKinley avenue; Steve Sarvis, son of Mr. and Mrs. William F. House, of Rivard boulevard; and Jim Thomas, son of Mr. and Mrs. J. D. Thomas of Lincoln road.

Scouts Koerner, Rigney and Thomas have joined the newly organized Explorer Post 74. Scout Sarvis is Senior Patrol Leader for the Troop.

The coveted Eagle awards climaxed the announcement of 23 advancements in rank and 93 merit badges earned by the troop during the year.

Advanced to Life Class were: Todd Leibbrand, Jed Mooney, and Bill Cullingford. Jim Bolz and Rick Hackett were announced as new Star Class Scouts.

Those who earned First Class rank were: Scott McCaig, Jeff Brackett, Jon Walton, Bill Serigson, Rick Belanger, Dave Mooney, Arthur Gabbart, Dave Miller, Jim Fox, Jeff Blevins, Jim Gardiner, Bill Marritt and Mark Denman.

Harry Brooks advanced to the rank of Second Class scout.

A feature of the evening's ceremonies was the presentation of the Troop Charter by Ray

C. Phebus, Neighborhood Commissioner, to Institutional Representative Rene R. Linden, acting for the Troop's sponsors, the Richard School PTA and to Ted Jacobs, principal. Mr. Jacobs commended the boys for their work during the year, and promised that their charter would be displayed proudly at Richard School.

Now in its 25th year, Troop 74 has an active membership of 40 boys who meet weekly during the school year and attend a two-week camp session each summer, in addition to taking part in regular weekend camps and canoe trips.

**"Why didn't you make me take piano lessons?"**

What would you do if twenty years from now your son said that to you? Rend your garments? Tear your hair? Save yourself the trouble. Give him piano lessons now. First of all, it will shut him up 20 years from now. Second, he might pick up some culture, which never hurt anybody. Lastly, he might have talent. Good. Now that that's settled, what kind of piano should you buy him? A Baldwin, what else?

Baldwin is endorsed by scores of leading concert performers. Baldwin not only comes in nine foot concert grands, but in grand little verticals that fit your living room and your budget. At a small down payment, easy terms financed by Baldwin. If you're dubious, rent a Baldwin for a few dollars a week. If you decide to keep it your rental fees go toward the purchase price. Can you think of a better way to keep peace in the family?

We have a select group of good used pianos guaranteed, prices start about \$445.

## Pointes Taking Necessary Steps to Keep Own Courts

At its regular meeting held on Monday, June 17, the Farms Council approved a resolution to retain its municipal court, rather than have the city come under the District Court System.

A new law signed by Governor Romney Monday morning, June 17, gives Class III municipalities, seven days to decide if they wish to retain their municipal court, or place themselves under the jurisdiction of district courts.

At the meeting, Mayor William Butler disclosed that he met with officials of the other Pointes and Harper Woods, and it was the determination of all, that the individual cities retain their own court system.

Farms Municipal Judge Robert Pytell, present at the meeting, also informed the council that he had met with the judges of the other Pointes and Harper Woods, and they all favored their respective cities keeping the courts.

The District Court Act, passed by the State Legislature on Thursday, June 13, and Section 9928 provides that in Third Class districts, any city, or combination of cities, which (1) presently have municipal courts and which (2) comprise more than 50 percent of the total population of the district, by governing body resolution, may retain their municipal courts and thereby avoid the establishment of the District Court throughout the entire district.

Single-city Third Class Districts and a single city comprising more than 50 percent of the district population have the sole power of decision.

It was pointed out that in some cases, cities must act in concert with other cities in the

district in order to meet the 50 percent population criteria.

In other cases, some cities will have no choice, since they do not meet the population standard.

Insofar as the Pointe area is concerned, it was disclosed at the meeting, The Woods and Harper Woods would comprise one district, and the Shores, Farms, City and Park, would make another.

A letter from the Michigan Municipal League, of which the six communities are members, advised that officials of cities that could come under the Act, but do not wish to do so, must take opposing action within seven days.

Fast action is imperative, it was stated, especially where joint action must be taken by two or more cities.

As the matter stands now, the League revealed, the decision on retention of municipal courts, once made, is irrevocable, but it is likely that future legislation will permit a change in the decision.

The Farms council instructed City Clerk Peter Caputo to notify the proper channels of the intent of the Farms to keep its local court, and that a resolution has been adopted to that effect.

At their regular meetings, also held Monday night, the City, Woods and Harper Woods councils approved their own resolutions to retain their respective municipal courts.

The Park council will hold a special meeting tonight, June 20, to take the same action as the other city bodies.

It was disclosed by Shore Village Superintendent Thomas Jefferis, that his community's status is in doubt, and that a ruling must be rendered by Attorney General Frank Kelley, to determine if villages, need not, or must come under the jurisdiction of a District Court.

Actually, he said, the Shores' two judges are justices of the peace, the offices of which will be abolished on January 1 throughout the State, under the 1963 Michigan Constitution.

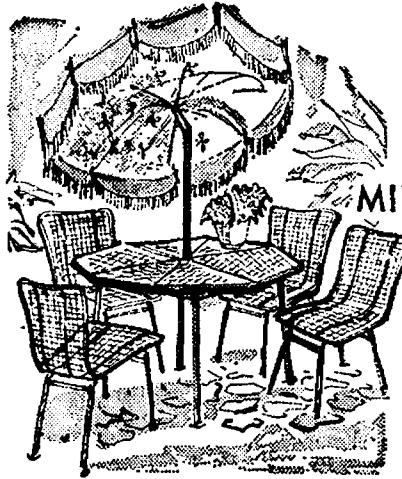

The Village Trustees are opposed to the Shores being under the jurisdiction of a District Court, he added.

### FOUR TRUST FUNDS

The Social Security Act provides for four trust funds to pay benefits. These are the Retirement and Survivors Insurance Trust Fund, the Disability Insurance Trust Fund, the Hospital Insurance Trust Fund, and the Supplementary Medical Insurance Trust Fund. The Act also provides for Boards of Trustees for each of the social security trust funds, consisting of the Secretary of the Treasury, the Secretary of Labor, and the Secretary of Health, Education, and Welfare.

### SENSELESS VANDALS

John Kelsey of 713 Moorland, told Woods police on Thursday, May 23, that vandals smashed two thermopane windows at the rear of a new home he is constructing at 563 North Bays drive, and badly scratched a new bathtub, which was still in its crate. He estimated damage at about \$100.

### Hitchhiker Beats Youthful Driver

Gordon J. Fodell, 16, of 22407 Avalon, St. Clair Shores, was so severely beaten by one of four youths to whom he offered a ride in his car on Wednesday, June 12, that he required emergency treatment at St. John Hospital.

Woods Cpl. Thomas Kerving, sent to the hospital in response to a call from doctors treating the youth, said he spoke to the youth regarding the incident.

Fodell told the officers that he left the Big Boy Restaurant lot, Mack and Vernier, when he observed four boys trying to "thumb" a ride at this intersection, and offered to give them a lift. When the youths entered the vehicle, Fodell asked their destination, and was informed it was Van Antwerp, only a block away.

The victim said that as he approached Van Antwerp, he was directed to turn right and to stop. Then one boy got out, pulled Fodell out of the car, and proceeded to beat him about the face and body. He also suffered several kicks about the body, Fodell told Kerving.

The policeman said that Fodell's left eye was swollen, and that the youth had a cut upper lip and several abrasions about the arms. The teenager was also viciously kicked in the groin, the officer reported.

Fodell was taken to the hospital by friends, who were at the restaurant, and from whom he sought help after the beating.

## Cities Deny Park Use of Pools

The City Clerk of Grosse Pointe Park, Nuncio J. Ortisi, on behalf of the City Council, has sent letters to the four other Pointes requesting the use of their swimming facilities this summer.

Mr. Ortisi explained that the Park has been in the process of constructing a new swimming pool for its residents since September 1967, but that due to delays caused in the relocation of the site and subsequent labor difficulties, it will be impossible to have the Park pool in operation for this summer season.

Both the Woods Council and the City of Grosse Pointe Council regrettably refused the Park the use of their facilities, at their regular meetings on Monday, June 17.

The City solons felt that their facilities were already operating to capacity and that they could not allow Park residents use of its pool.

The Woods Council also refused usage. It felt that allowing Park residents the use of the swimming facilities would overcrowd the pool, and because of their deed restriction which particularly specifies that the use of the facility should be limited to Woods residents.

The matter has not come before the Farms and Shores Councils as yet.

## Freak Accident Injures Farms Police Chief Roh

Farms Police Chief Jack F. Roh was momentarily knocked unconscious on Tuesday, June 11, when, while trying to stop a backing, driverless car, he was flipped over the hood of his scout car and landed hard on the ground.

He was taken to St. John Hospital by officers of his department and doctors found no bones broken. They did find, however, that he had jarred his spine, and that his entire side was a mass of bruises. Barely able to walk, he returned to duty the same day.

The chief said he parked his police vehicle on Ridge road, at Vendome road and was setting up barricades to make Ridge a one-way street to permit parking on both sides for the Theodore D. Buhl funeral procession. The barricades were to also block traffic to permit the cortege to travel one-way on the road to Kerby, in Lake Shore, en route to Elmwood Cemetery, where Mr. Buhl is buried.

Chief Roh said that as he was setting up the barriers, Mrs. Susan D. Armstrong of Handy road, drove by and stopped in front of 272 Ridge, to deliver a message there. Her car was curbed with the motor idling, and the gear shift was in park, she told police.

Suddenly, the chief said, he heard a sharp cry for help, and looked up, and saw Mrs. Armstrong's vehicle backing up. He ran toward the car, and opened the door on the driver's side, and tried to reach in to turn off the ignition but the car began to gain momentum.

Roh said that with the door open and while running backward, it was impossible to reach in to turn off the ignition, or to reach the gear shift, which was located in the front center of the car floor.

Mrs. Armstrong's automobile continued its fast pace, backing west on Ridge, to where the chief's car was parked, a distance of 16½ feet. As the woman's vehicle neared the parked car, it began to turn.

The open door scraped the left side of the scout car, and the chief, unable to escape, was pushed alongside his car, and just as he passed the front door, he was flipped over the hood, and crashed to the ground on the other side. Mrs. Armstrong's auto continued on, made a wide turn in front of the

**How a newspaper with zero circulation continues to serve 4 million people**

Sometimes a newspaper gets all involved with its city. Sees kids struggling to be artists and wants to encourage them. Sees newsboys yearning for a college education and wants to help them get it. Sees firemen risk their lives and wants to cheer their heroism.

The Detroit News is such a newspaper. Involved. And its sixty community service programs measure the depth of its involvement.

What does the community feel about these programs? On the day The News had to sus-

pend publication seven months ago, it received the first of thousands of telephone calls and letters each concerned that one or another of the programs sponsored by The News would not be held.

The answer to their worry was, and still is:

It may be a long time between papers, but the News doesn't intend to stop serving 4 million people just because it has temporarily stopped publishing.

## MLC Overrides License Refusal

The Woods Council's recommendation to deny an SDM (beer and wine), license to Merit Woods Pharmacy, Inc., 19325 Mack avenue, was overruled by the Michigan Liquor Commission in a communication read to members of the Council at its meeting on Monday, June 3.

Originally the Council denied the request for the license because they felt with a similar license holder a few doors away, parking and other legal and police enforcement problems could develop into city problems.

In a letter dated May 16, the Michigan Liquor Control Com-

mission Director, Roger J. Rosendale, rescinded its order of April 8 of this year, which denied Merit Woods the license and ordered the Council to handle the contract for license and bond forms immediately, after which the Commission would issue the license.

The Council expressed concern over this action by the Liquor Commission and said they felt the procedure quite unusual since normally the Liquor Commission recognizes the city's concern over licensing of establishments, allowing the particular city involved to have jurisdiction over such matters.

## Pointe-City Camp Project Planned

Grosse Pointe children and Inner-City children can join in gaining both skills and understanding this summer through a day camp project in the "Communicating Arts."

This pilot project is being launched by Christ Church, Grosse Pointe, and the Episcopal Church of the Messiah in East Grand boulevard, Detroit. The camp is slated for weekly mornings, 9 to 12:30 o'clock, July 15 through 31. It is open to all children between the ages of four and 11, regardless of religious affiliation.

Sessions will be divided between facilities at Christ Church and Messiah, with transportation provided both ways.

Classes will include creative dance, drama, pottery, painting, music and crafts, as well as such recreational activities as basketball and softball. Staff members have been chosen who are talented both in the arts and in developing creativity in the child.

By drawing in families from local and urban parishes, the project also hopes to foster community relations between the Inner City and the suburbs.

Co-ordinators of the program are Mrs. David Pethick, from Christ Church, and Sister Hilda Manson, from the Church of the Messiah. Sister Hilda, a church and community worker in the Episcopal Church Army, has conducted a "Summer Camp at Home" program at Messiah for many years.

There will be a \$5 enrollment fee for each child. Registrations must be made by June 27 by calling either Christ Church, TU 5-4841, or the Church of the Messiah, LO 7-1158.

## GP Woods Boy Injured by Car

Dana Byron Hoffer, 4, son of Mr. and Mrs. Arnold Hoffer of 1067 Anita, was taken to St. John Hospital by Woods police ambulance on Saturday, June 15, suffering from back and head injuries, received when he was struck by an automobile in front of his home.

According to a witness, Dana, while playing with two other children, ran into the street and was struck by a car driven by Diane Carol Larson of 34 Putnam. The youngster was knocked forward, and hit again with the left front wheel and was pushed against the pavement. The boy and car came to rest at the north curb.

Miss Larson, in a statement to police, said that she was going east on Anita, when she noticed three children playing, and suddenly the little boy darted out into the street. She said she applied her brakes hard, and swerved to avoid hitting the child, but was not successful.

A witness, Jerrald L. Maynard of 6001 Newport, Detroit, in his written statement, claimed he saw the child hit. He said he was traveling west on the street, when he observed the children, and slowed to about 20 miles an hour.

He stated he saw the car driven by Miss Larson, and noted that she was traveling too fast. He looked in his rear view mirror and saw the boy hit, and stopped to render aid to the victim, he added.

He claimed that the girl's car was traveling between 30 and 35 miles an hour.

The boy was rushed to the hospital, accompanied by his father, and at the last report was doing fine.

Police said that no ticket was issued, but the matter is still under investigation, to determine who was at fault.

## Youth Accused Of Bad Driving

Gregory L. Atkins, 18, of 499 Sunningdale, was arrested by Woods police a few minutes after midnight on Tuesday, June 11, and charged with driving while under the influence of liquor.

Sgt. Thomas Kane and Patrolman Albert Abend said they were on routine patrol, going south on Charlevoix, when they observed a car nearing the Vernier road intersection at a high rate of speed. The vehicle had no headlights, the policeman said.

The officers said they gave chase, and that they paced the car, driven by Atkins, at 70 miles an hour, and witnessed the youth driving to the extreme left of the road, in an area where "No Passing Zone" signs were posted.

Atkins was stopped at Morningside and Vernier and asked for his operator's license and car registration. The officers said they detected an odor of alcohol on the youth's breath and informed him that he was under arrest for reckless driving, which later was changed to driving while under the influence of liquor.

At the station, the young man failed the breathalyzer test, and was held until he posted \$100 bond, pending a court date. After posting of the bond, he was released to his parents.

## Thurber Named College Trustee

Donald M. D. Thurber, president of a Detroit Public relations firm, and a Grosse Pointe citizen for more than 40 years, was chosen by a vote of nearly two to one over his nearest opponent, as a trustee of Wayne County Community College, District 1, at the June 10 school election.

Thurber who lives at 794 Neff road, is a graduate of Harvard University. He served for six years as a regent of the University of Michigan, and two years on the Michigan State Board of Education.

Currently he is a member of the Overseers' Committee on Harvard College, and the Michigan Citizens Advisory Committee for Higher Education.

Thurber received 7,432 votes. Runner-up was Charles S. Davis, with 3,862 votes, and third was James R. Haley, with 1,064. College District 1 is composed of part of Detroit's east side, the Grosse Pointes and Harper Woods.

Just about the time a man begins to think he knows it all he cuts another wisdom tooth.

## Rose Society Holding Show

Tomorrow and Saturday, June 21 and 22, the Grosse Pointe Rose Society will hold its fourth Rose Exhibit at Jacobson's Home Decorative Shop in The Village.

This year's exhibit will differ from the past in that all specimens will be in bouquets throughout the store. Host and Hostesses, under the leadership of Mr. Howard Poe, will be on hand to identify the various roses for interested viewers. A large supply of beautifully potted roses will be used in the display and will be for sale.

Kenneth Cary is responsible for the potted bushes which are supplied by the generous owner of Hall Nursery, Mr. Thomas.

Again this year members of the Society will lend their artistic ability in table settings. Among those will be Mrs. George Moister and Mrs. Edward Heglin, Mrs. John Veech, Mrs. Leslie Pressel, Mrs. Robert Waters, Mrs. Herbert Mainwaring, and Mrs. Len B. Bowen. Also, one of the great points of interest will be the table settings done by men. Dr. Lyndle R. Martin will again show his skill, as will Paul Kolvoord.

## POLICE TO RESCUE

City police officers were approached on Kercheval and St. Clair on Sunday, June 2, by William Dunaway, Jr., 12, who said he had cut his thumb on a piece of broken glass from a pop bottle which was smashed on the blacktop area adjoining the Mire School playground. The officers took the boy to Bon Secours Hospital for treatment and notified his parents.

## Expand Program To Aid Retarded

Our Lady, Queen of Peace Special Education Center will expand its educational facilities for Educable Mentally Retarded children this coming fall.

The program at Queen of Peace School has been in existence since 1965. At that time, Reverend Emil Capano, Pastor, generously contributed to the Archdiocesan Special Education Program and continues to do so as the need arises. This program is under the immediate direction of Reverend John A. George, Assistant Superintendent of Schools for the Archdiocese.

Facilities at Queen of Peace, up to now, have been limited to one classroom. Due to a number of applicants, it has been necessary, however, to

add another room. Registration is not restricted to Catholics, but is open to all.

As this article is being released, there are only a few vacancies left for the fall enrollment.

PEST OF  
THE WEEK

MITES

Mites are already becoming numerous on Juniper. They cause a mottling and general yellowing of the foliage, although no damage is yet apparent on new growth. Spider mites are also numerous on Spruce and Hemlock. All are so small that a hand lens is necessary to see them. Mottled new growth and dull gray to black older needles are evident on heavily infested plants. Severe defoliation and browning of center portions of evergreen will result from this insect. Spruce, Juniper, Arborvitae, and Hemlock are affected.

## Would Add Areas To 'Wilderness'

Congressman Lucien N. Nezi of the 14th District has cosponsored a bill to designate three areas in Michigan as "wilderness."

The largest is the Seney Wilderness, a 25,150 acre tract in the Upper Peninsula. The others are the Huron Islands in Lake Superior, and the Michigan Islands, three very small islands in Lake Huron near Alpena.

The effect of designating the lands as wilderness would be to place them under federal jurisdiction for preservation in their natural state.

The Seney area is part of the 94,455 acre Seney National Wildlife Refuge, a home for moose, timber wolves, bald eagles and many rare varieties of grouse in danger of extinction.

The eight Huron Islands, containing 147 acres, are mostly granite cliffs which are the nesting sites for herring gulls. The Coast Guard maintains a station, lighthouse and boat-house there.

The three Michigan Islands in Lake Huron, called Shoe Island, Pismire Island and Scarecrow Island, total only 12 acres. They are, however, established nesting grounds for migratory birds.

Week of June 9

Tuesday June 4 marked the first week of the second half of the season, and City Messenger started right off with two wins to grab the early lead. On Tuesday,

day, Messenger overcame an eight run deficit to register a 16-13 win over Valley Die Cast. Jim Whipple led the hitters with 4 hits in as many times at bat and scored 4 runs. Rick Walker also had 3 doubles for the winners. Larry Pappas came in as a relief pitcher and choked off the Valley batters over the last 5 innings.

Ray Whyte got off on the good side as they routed first half leader Pioneer Furniture 21-7. Kevin Kirk came in on relief of Doug Shepard in the second inning and pitched shutout ball to pace the Whyte team.

In the third game, Locke Lumber breezed past Harbour 9-34. The game was marked with many walks but Lee Rabenburg the winning pitcher was too tough for Harbour. Curt Calka led the Locks hitters with a homerun.

In Friday's action, there were two very close ball games. City Messenger got their second win of the week by edging Ray Whyte 2-1 on Jeff Potter's triple that drove in both runs for Messenger. Jim Whipple was the winning pitcher as he gave up just 3 hits and only 2 walks.

In the other tight game, Locke Lumber and Pioneer Furniture played seven innings to a 6-6 tie. Both Dave Brown for Locke and James Disinger for Pioneer pitched out of several tight jams. Curt Calka, Bill Schipert and Sandy Smith had 2 hits each for Locke and Greg Cook had 2 singles for Pioneer.

The first half of the Babe Ruth race ended with the Red Sox capturing first place in the American league after a busy week in which they played 4 games. In second place are the White Sox who kept pace in the race until the last day. In third place are the Indians who haven't achieved their potential. They have been plagued with absences and some injuries but should do better in the second half. In fourth position are the Yanks, a coming team. After a discouraging start they have been able to come up with some tough wins. The Tigers who ended up 5th have undergone a reorganization and hopefully will be improving their standing.

On Monday the Red Sox had a hard time disposing of a determined Phillies team 3-2. Gut-twald for the Sox and Bailey for the Phillies engaged in a pitching duel with each allowing 2 hits and getting 4 strikeouts. The Sox picked up 2 runs in the 2nd and 1 in the 3rd. The Phillies scored a run in the 2nd and in the 7th. Murtaugh and Towson collected hits for the Sox with Kaselitz and Hammer picking up the Phillies hits.

On Tuesday the National League came roaring back when the Braves took the Red Sox 10-1. The Sox could not get to Kingsley who allowed 4 hits. The Braves had a big sixth inning in which they scored eight runs. Hits were pretty well divided among the Braves with Kingsley, Briggs and Mann leading the parade with 2 hits each. Jeff Moran, Van Eaman, Heels and Gutwald got the Sox hits.

The surprising Yanks knocked the Cards out of a first place tie in the National League on Thursday with a 5-3 victory. Chris D'Hondt pitching for the Yanks allowed 3 hits and had 17 strikeouts. The Yanks picked up a run in the bottom of the first on an error. The Cards tied it in the top of the 2nd on a single by Baulch. The Yanks went ahead in the 3rd with 2 runs and were not headed thereafter. However, in the 7th inning when the Yanks were leading 5-3, the Cards threatened with the bases loaded and one out. D'Hondt struck out the next two batters to retire the side.

In a game at the High School on the same day the Braves held off the Indians 7-6 to stay in a tie for first place in the

National League. After a shaky start in which the Indians allowed 4 runs in the first inning they settled down and Ed Moran's home run with 2 on put them back in the game. However pitcher Mike Getz got tougher for the Braves as he went along and he came up with the victory.

Friday the White Sox clinched a tie for first by taking a 6-1 victory from the Dodgers on a no hitter by Mark Saber. Wells and Saber each contributed doubles to the cause.

A postponed game between the Indians and the Red Sox was held on Saturday with Jim Van Eaman on the mound for the Sox. The Sox won 6-0, getting 2 runs in the second, 1 in the fourth, 1 in the fifth and 2 in the sixth. Gutwald, Nally and Charlton each had 2 hits for the winners, and Voight got 2 hits for the Indians.

The long week's work proved beneficial for the Red Sox. On Sunday they came into their play off game with the White Sox with their bats booming and won the first half championship behind the pitching of Mark Gutwald. Pat Murtaugh lead the Sox hitting with 5 hits.

#### Automotive League

Another exciting week of baseball in the Automotive League was capped by the Annual Managers-Coaches game played on Saturday featuring the coaching staffs of the league plus those of Harbour-9, Pioneer Furniture & Whyte Electric versus the All-American East plus City Messenger, Valley Die Cast & Locke Lumber. There were new faces but the results were the same as the Automotive Old-Timers stopped the youngsters of the All-American 9-6.

Starting for the Auto Oldsters was Dave "Hook" Marstiller against newcomer Bob "Slider" Bredon. For the first three innings the youngsters were held scoreless by the offerings of Marstiller and "Slippery Jim" Biesenthal but the Auto bats were booming. With two outs in the first inning Ken Frankland walked, Biesenthal singled as did Bill David & Bob Lynch to stake the Old-Timers to a three run lead. In the third Norm "Splendid Splinter" Blohm singled and rode home on Bill "Slug" Schleicher's double, to make it 4-0.

The fourth inning saw the All-American bats come to life as "Slammin' John" Gilmour tomahawked one over the center field fence. Wally Ballew singled and Bruce Stewart singled him home, to narrow the margin to 4-2, but the Auto gang came right back to score twice in their fourth when the Frankland brothers each singled and Biesenthal doubled them in. The Youngsters closed the gap again in their fifth when Ron Irwin walked and scored on Gilmour's double, "Joltin' Joe" Oskin singled Gilly home

and the score was 6-4. A couple of misplays resulted in runs for the Old-Timers as Gene "Wheels" Clem beat out a shot to Gilmour at third, Marstiller's bunt sent Clem to third where he scored on a throwing error which moved Marse to second. An attempted pick-off hit him and bounced to the out-field allowing him to score. Padilla walked, advanced to third and scored on Bill David's sacrifice fly.

The scoring ended in the sixth when "Big Bob" Kutscher was nicked by Bill David and scored when "Tearin' Terry" Kasiborski cleared the left field fence with a tremendous blast. The whole group adjourned to the home of Gene & Virginia Clem for a fine get-together & alibi session, and everyone had a fine afternoon.

Our regular play started on Monday as Rinke Cadillac downed Dick Green Chrysler 3-2 with Jeff David getting the win over Rob Parker who tripled. Cass Michaels also doubled for Green while Mark Wittmer doubled in Greg LeFevre with the winning run. Richard Buick homered Rinke Pontiac 15-3 with Scott Burns taking the win from Roger Rosenbusch. Pontiac got their hits from Gary Bennett, Dave Belanger & Larry Bauer. Bob Haas, Burns, Bill Poole and Terry Lynch were the hitters for Buick. Pointe Dodge stopped Merolis Chevrolet 7-5 behind winning pitcher Phil Wenzell. Jeff Paige got the loss, while Tom & Rick Ballew and Steve Schleicher did the hitting for Merolis. Len Constantine, Rick Darling & Bill Bogdziewicz were Dodge's hitters.

Buick came back on Wednesday with a 3-2 win over Dodge with Tom Clem taking the win from Terry Buda. Dodge's hit came from Len Constantine, Joe Baker & Bryan Lane, while Buick's came from Dan Dykstra, Terry Lynch, Bob Haas & Pat Maley. Merolis Chevrolet beat Rinke Cadillac behind the two hit pitching of Denny Menzo 7-0. Mike Fricke took the loss with Ed Ahee and Bob Reynolds getting Cadillac's hits. Rick Ballew, Chuck DeMars, Steve Schleicher and Jeff Paige took care of the hitting for Merolis.

Rinke Pontiac finally got on the win column 9-2 over Dick Green Chrysler. Gary Bennett was the winning pitcher over Dick Co-chell and also had a home run to help his winning cause. Haze Locke also homered for Rinke. Jim Ney had three hits and Ed Chase singled in a run. Green's big hitters were Joe Tringali who homered, Mike Jara, Randy Villareal and Brad Biesenthal. On Friday Pontiac continued its winning ways with a 4-0 win over Pointe Dodge.

## Youths Create Own Ball Park

It may not be Tiger Stadium but the baseball diamond in Three Mile drive is a blessing to Grosse Pointe Park youngsters and a source of special pride to 13 boys living in that community.

A vacant lot infested by weeds and tall grass until a short time ago, the area in which the ball field is situated is now a model of beautification.

Furthermore, the circumstances surrounding it offer well-earned and welcome relief from the usual story of restless youths wasting their time in idleness.

None of the 13 boys is willing to claim the credit, but it occurred to one of them not long ago that the community as well as they themselves needed a nearby field on which they could play. Working without adult supervision, and using their own tools, they cut and pulled until they had fashioned a baseball diamond that has been in nearly constant use ever since.

They continue to maintain the field to guard against its falling back into its earlier condition.

The 13 youngsters, who range in age from eight to 16, attend St. Clare, Pierce, Trombly and Grosse Pointe and University of Detroit High Schools. They include:

Peter and Tabby Bird, 830 Whittier; Bob Butler, 829 Grand Marais; Alex Byron, 767 Grand Marais; Jeff and John Chancey, 746 Grand Marais; Brian and Tim Finan, 796 Bedford; James Ingraham, 853 Harcourt; Tony Lloyd, 753 Grand Marais; Craig Pemberton, 924 Beaconsfield; Rick Torina, 833 Grand Marais; and Cory Walton, 800 Bedford.

## Time To Take A Stand

"Tyranny begins where law ends," said William Pitt. Surely someone, somewhere, somehow, in our Nation's Capital, must soon awaken to a dangerous national situation which has been recognized by millions of Americans for a long time.

Obviously the United States of America is in real trouble, at home and abroad, and if something isn't done now to attempt to curb the rising tide of tyrannical malcontents there may be disaster ahead.

Surely most of us are fed up to our chin with poverty marchers, lawless student mobs, race riots, crime in the streets, shootings, pornography, strikes, war, and the volatile economic situation.

We are living in strangely deranged times, where there is very little peace of mind. We have become a Nation of dreary, frightened, confused people, sorely in need of powerful, honest and forthright leadership, always wondering "What next?"

In the past score or so of years an amazing majority of us have been brain-washed by vast floods of propaganda from Washington, and many other parts of the world. Because of a lack of proper information we have been lulled into a state of false security, and are now living in a sort of patriotic coma.

Our hopes have been raised by half-truths, and outright fabrications and false promises, only to have them shattered when the truth became known.

Sad to state, but many, too many Americans have remained deaf, dumb and blind through one horrible crisis after another. Millions of them choose not to vote. They have become imbued with a "don't give a damn" attitude.

Now, in this national election year of 1968, the chips are down. It's time for the citizens of this great and glorious land to awaken and fight the evil forces which beset us from within and without, or face the possibility of losing all that we hold dear—liberty and the pursuit of happiness!

Perhaps Cassius was right when he declared: "The fault, dear Brutus, lies not in our stars—but in ourselves." As they once did in ancient Rome, we in America seem to have lost "the breed of noble bloods." In truth, there are no true statesmen in today's political arena.

Some students of history believe that the United States now is in greater danger of having its liberties trampled into the dust than at any time since the Revolutionary War.

There are bands of protesters lurking everywhere—and the Congress is rushing pell-mell to pass laws in an attempt to thwart the malcontents, without serious thoughts of how these statutes may affect the future of the nation.

Certainly law-abiding citizens do not wish to find themselves tyrannized by a government which makes hurried attempts to curb tyrants at large in the land by adopting new laws.

At this fearsome hour what America seems to need, more than anything else, are governments—federal, state, county and municipal—which will rigidly enforce the laws already on the statute books. Passing so-called emergency laws only will snip away more of the freedoms which still remain, and add to the present confusion.

Knowledgeable law enforcement leaders are the first to admit that strict adherence to the laws we already have would go a long way to solving many of our present problems. And, they would hope, that the Supreme Court may take some action to remove many of the roadblocks it has placed in their paths.

Don't you, as a freedom-loving citizen, think it's about time for the American people to get up off their big fat indifference, and fight for the right they adore with the most powerful weapons at their disposal—the ballot and public opinion?

Let us all start, right now, to give battle to both our seen and unseen enemies hard at work, endeavoring to undermine our sacred institutions. W.W.F.

## Public Schools in Focus

by Dr. Theos I. Anderson, Superintendent of Schools

With the concept of an extended school year again receiving attention nationally, most recently in Vice-President Humphrey's address to the National Science Teachers' Association, it seems appropriate to review local philosophy and sentiment on the year-round operation of the public schools.

In Grosse Pointe's 1964 community opinion poll, 83 percent of those responding did not favor the implementation of a four-quarter plan of school operation. And 58 percent of those who indicated a favorable attitude toward such a scheme wanted their children to be on vacation during the summer quarter. Thus, in effect, 83 percent of those who expressed their opinion in Grosse Pointe opposed the four-quarter plan of school operation involving our entire student body.

But this does not mean that the public schools stand idle during the summer. Far from it. Although complete registration figures are not yet available for the summer session that began last Monday, a sizeable percentage of our youth will voluntarily use a portion of their vacation to further their education.

A year ago for example, the summer school program enrolled 1,858 students. Our public schools furnished 1,361 students, 407 came from local Catholic parochial schools, and 90 came from other neighboring institutions. Why do so many students enroll in summer classes? Traditionally, the program has provided an opportunity for the student who has failed or faltered during the academic year to review and strengthen basic concepts. But summer school in Grosse Pointe and elsewhere is now geared also to an enrichment program aimed at broadening creativity, and teaching special skills. Readers may be interested in a recent study of 81 summer enrichment programs conducted by the Research Division of the National Education Association. Listed among the offerings described was a combination art and science course given to twelve gifted junior high school pupils under the direction of two teachers and two voluntary aides.

A small rural school system in Nebraska provided a special nature study project emphasizing practical aspects for students not particularly interested in school work.

Flight instruction was offered to a group of 16-year-old high school students in a suburban school system in Wisconsin. By the end of the course, eight students had soloed.

Seventh and eighth graders investigated the operation of the stock market by visiting the stock exchange in a suburb of Chicago.

The report also mentions these courses: gymnastics, an American history field trip entitled "Trails to Freedom" (designed to visit important sites in the late Colonial and Revolutionary periods), cooking, taxidermy, petrology, Japanese culture, and International Morse Code.

How does our local summer school enrichment program compare with the NEA study? You may judge for yourself. At Grosse Pointe High School we provide workshops in art and sewing, speed reading, modern literature, speech, sociology, American government, consumer economics, personal and advanced typing, notehand, independent study in mathematics, several history courses, biology, and physical science.

In the junior high schools we offer introductory typing, science enriched mathematics and pre-algebra, as well as art and sewing.

And, at the elementary level we schedule instrumental music and art, enriched mathematics, science, and creative writing.

So, in a sense, the year-round operation of the schools is here.

Grosse Pointe, like most other communities, provides a wide variety of courses for children at all levels of instruction for those who wish to avail themselves of the opportunity.

## What Goes On at Your Library

By Virginia Leonard

While in Toronto recently, we learned, sadly, via the radio, of the death of one of our favorite people—Helen Keller. I first read her *STORY OF MY LIFE* many years ago, and was so moved and impressed by it that I reread it many times in the years that followed.

And then, even more recently, the great story that was made more vivid through the play, *THE MIRACLE WORKER*. Now this truly great-souled woman has left us, but there remains an inspiring recollection of her life and the handicaps she had to overcome to communicate with the outside world. I've often wondered what more might she have done for the world had she not been deaf and blind?

All of this started a chain reaction—how many other writers could I think of who had had serious handicaps, but had produced great literature in spite of their afflictions? I don't know how many you can recall, but I'd like to mention a few that have come to my mind.

In the field of blindness, we can go back as far as Homer, the Greek poet, who was alleged to have been sightless, but who, in spite of this problem, wrote the *ILIAD* and the *ODYSSEY*.

Also one inevitably remembers John Milton, the English poet, born in 1608, who, in 1658, after losing his eyesight, began work on a great poem that had long filled his mind. In 1660 he was in political retirement, which gave him the chance to finish his poem—*PARADISE LOST*. He dictated it to his three daughters; later in 1671 he wrote *PARADISE REGAINED*. His last poem was *SAMSON AGONISTES*.

Another English poet, Lord Byron, author of such well known works as *THE PRISONER OF CHILLON*, was handicapped by malformation of both feet—the right one being the worst. Some say it was polio, some call it a club foot; at any rate, he was considered crippled. Yet, who has not heard of Byron as a major literary figure?

You who were brought up on the *BARRETT'S OF WIMPOLE STREET*, will remember that Elizabeth Barrett Browning, before her marriage lived in her room for seven years, victim, apparently, of an injury caused by the fall of her saddle on her back while trying to saddle her pony.

Sidney Lanier, the American poet suffered from tuberculosis, brought on by three months in prison during the Civil War. Later, he suffered a more severe illness about four years before his death. Franz Kafka, the Austrian novelist and essayist, also was plagued with this same illness dying at the age of 40. Eugene O'Neill was also tubercular, and after the death of his parents and brother his plays took on a preoccupation with death. From 1943 until his death in 1953 he was also in poor health. However he left us such works as *EMPEROR JONES*, *MOURNING BECOMES ELECTRA* and *AH WILDERNESS*.

It is claimed that the great French author, Balzac, undermined his health by overstudy and excessive reading of mys-

tery books. Yet he produced a fantastic number of works, encompassing the "Human Comedy." The Russian author, Dostoevski so well known for his *CRIME AND PUNISHMENT* and other classics, had frail health and physical sufferings when held as a prisoner.

Sigmund Freud, usually referred to as the father of psychoanalysis, and author of a vast number of books, had cancer of the jaw, and endured great pain during the last 16 years of his life.

The world would have been poorer without the works of Emerson, and yet his health was broken, largely through the death of his wife, who died of consumption. Thomas De Quincey, the British writer fought an ever-losing fight with the opium habit but he managed to accomplish an extraordinary amount of work of high quality. Alexander Pope, although healthy as an infant, suffered a severe illness in childhood which kept him in a state of poor health, giving him a morbid outlook on life. Boswell was a great hypochondriac and was also thought to have been mad.

A more recent author who wrote, perhaps, to keep her mind off her physical condition, was Flannery O'Connor. Her disease was lupus (in the same general group as arthritis and rheumatic fever. After reading her *EVERYTHING THAT RISES MUST CONVERGE* one wishes that she might have lived past the age of 39 to have written more stories of that fine caliber.

We could go on—Edgar Allen Poe the alcoholic; Emily Dickinson the withdrawn; Shelley, the shy and sensitive (called mad by some)—the list could be endless. And always the nagging and unanswerable question—would they have done better without their physical handicaps and neuroses? Perhaps for some, the literary output would have been better and greater. For others without the sensitivity, the neurotic leanings, even the physical problems, life might have been quite pedestrian and we would never have been left the rich and inspiring legacy that Helen Keller, and others like her, have left us. Herein lies their immortality.

## Reception Held For Debutantes

The Lothrop road home of Mr. and Mrs. Jean F. Mesritz was the scene of a late afternoon reception Saturday, June 15, at which their daughter, Ann Elizabeth, and Katherine Margaret Duff, daughter of Mrs. Robert Joseph Duff and the late Mr. Duff, were introduced to society.

White geraniums lined the walk leading to the Mesritz home and at the entrance were large jardiniere filled with red geraniums. White floral arrangements were placed about the house and guests mingled under a pink striped tent in the garden, where ice cream tables were grouped. Each table was decorated with gift bouquets.

Ann's silk print dress in summer garden colors of yellow, pink and green on a white background featured a scoop neckline and highlighted her short blond hair.

Katherine's shoulder length brunette hair was set off by her white silk taffeta dress which had a soft rolled neckline.

Both debs carried spray arrangements of white butterfly orchids.

## Daughter Honored At A Small Dance

Yellow Birds in Pink Cages Decorate Tent in Garden  
Where Guests Danced to the Music of Mike Quatro and The Musical Group "The Jade"

Mr. and Mrs. Charles Albert Du Charme II and Mr. and Mrs. Daniel Lee Johnson presented their daughters, Mary Janice Du Charme and Christine Anne Johnson, to society at a small dance Thursday, June 13, in the Beverly road home of the Johnsons.

The parents and the honorees received their guests in the living room, before the fireplace which was decorated with crystal candle sconces, arranged with yellow daisies and pink petunias. Deep pink butterflies completed the background.

Guests proceeded through the dining room and onto the terrace, from where a tent extended over the garden. Inside the tent, deep pink bird cages, trimmed with yellow daisies and bows, circled the top. A pert yellow bird was perched in each.

At the far end of the tent was a dance floor. The orchestra of Mike Quatro and the musical group "The Jade," who played alternately for dancing, were

framed by two trees bedecked with yellow and pink daisies, yellow birds and butterflies, pink bows and twinkling Italian lights.

Circular tables were covered with white organdy over yellow and featured centerpieces of a deep pink candle surrounded by pink daisies. Topiary trees, sprinkled with bows and daisies, graced the entrance of the house, terrace and tent.

Mary Janice chose for her formal debut a floor length dress in off-white silk. Bands of gold and white beads trimmed the A-line, sleeveless gown. Her mother's ice blue peau de soie gown, also fashioned in the A-line style, featured ruffles around the neckline and down the back.

An empire gown in white peau de soie was Christine's choice for the occasion. It was accented with seed pearls and crystals and a graceful back detail. Mrs. Johnson was gowned in pale pink peau de soie in the empire style.

Both debutantes carried nosegays of deep pink sweetheart roses, gifts from their fathers.

Christine's escort for the evening was William Blakeslee while Mary Janice was escorted by John Michael Prestini.

Heading the ushers' corps was Robert Surdam, Jr. Included in the corps were: Daniel Johnson, Jr., brother of Christine; Timothy Brannon, of Tyron, N.C., and a cousin of Mary Janice; George Thorne, of Lake Forest, Ill.; Charles B. Gorey, Jr.; Roy Pingel; Peter Cinelli; John B. Ford III, and Ayers Morrison.

## From Another Pointe of View

(Continued from Page 21)

Saturday, June 21 and 22.

The small fry will begin the two day festival when they spend the afternoon on Friday riding ponies and carousels and competing in all sorts of races . . . not the least being a swimming one. And what would a party be without ice cream, candy and balloons?

That evening the junior members, ranging in age from 14 to 20 years, will have their whirl at Venetian Fun. Dinner will be served at 6 o'clock in the Grill room at the club and dancing will follow in the Starlite Circle . . . playing for the swinging group will be "The Little Sisters," "The Wanted" and "The Virtues."

If the senior members think they're forgotten amidst the pony rides and the boogaloo, they're wrong. On Saturday, their Venetian day begins at 1 o'clock when the Commodore's Fleet Review begins. Later in the day, prizes for boat decorations will awarded at the front stairs of the main dock.

Dinner will be served in both the Grill and the Main Dining Room. Guests will end the day by dancing to the music of Phil Girard in the Grill, on the poolside with Bob Freeman's Dixieland band or in the Starlite Circle to the strains of Don Pablo's orchestra . . . and then it's arrivederci to Venetian Days.

### A Fortunate Man

William Denler, of Cloverly road, is a fortunate man . . . he is having two birthday parties. Last Friday evening, June 14, Mrs. Denler invited a group of their friends to help celebrate his 60th birthday at an informal buffet dinner on their new terrace. His chief gift for the occasion was the surprise arrival from Boston of his daughter, Mrs. Marshall Murray. And on Friday, June 21, he will be honored again when another group of friends join the Denlers for dinner on the terrace . . . and we hope it doesn't rain.

### Bonsai Bonanza

Bonsai devotees are fortunate too! They will have an opportunity to attend free Mini-Workshops at the Grosse Pointe War Memorial Thursday, June 27, and Thursday, July 25. Two workshops are scheduled for each day . . . in the morning from 10:30 to noon and in the afternoon from 1 o'clock to 2:30 o'clock.

Mrs. Harold W. Bailey, Mrs. Monte J. Edelen and Mrs. Harley G. Higbie are chairman of the Bonsai committee of the Grosse Pointe Garden Center, which is sponsoring the coming workshops.

On a warm summer day, Pointers may find a visit to the Garden Center's Trial Garden a refreshing experience. Located on the lake side at the War Memorial, the garden is bordered with ivy and planted with several varieties of summer flowers. Not only can you find enjoyment strolling through the garden but ideas for your own yard and garden beds.

Mrs. Herbert D. Schmitz and Mrs. David C. Lowe are co-chairmen of the Trial Garden committee and are assisted by Mrs. Valentine Guenther, Mrs. Ivor D. Harris and Mrs. C. Bayard Johnson.

### Happy Grandchildren

Two happy Maire school students are Toby and Todd Lindheim, children of Mr. and Mrs. Nicholas D. Linheim, of Yorkshire road. Their grandparents, Col. and Mrs. Karl Lindheim, of Bad Kreuznach, Germany, are spending the summer with them and their parents. This is the Col. and Mrs. Lindheim's second visit to the United States. They say the lake and park-like atmosphere of Grosse Pointe remind them of the area around the Baltic Sea, where they lived for many years.

Since their arrival, they have been entertained by the Darwin Turtles, of University place, the Wayne Patersons, of Pemberton road and the Les Elliotts of Touraine road. The German Vice-Consul and Mrs. Helmut Badorrek, of Pemberton road, have also honored the senior Lindheims.

## Geisha Garden Party Planned

A George Pierrot Grosse Pointe Adventure Series extra will be presented at Grosse Pointe War Memorial Tuesday evening, July 2, at 7 o'clock, when a Japanese dinner will be served by kimono-clad waitresses in a geisha garden setting under lanterns.

Following dinner the crowd will move into Fries Theater where Hollywood actor Jerry Hausner will personally narrate and present his exotic color film of Japan, Hong Kong, and Bangkok.

It's to this area that the Center's Grosse Pointe Travel Club is planning a trip in October which will visit also Singapore, Taiwan, the Philippines, Kuala Lumpur in Malaysia, and the fabulous ruins of Angkor Thom and Ankor Wat in Cambodia. This will also be a gourmet tour including all meals and entertainment at the finest Oriental restaurants and hotels.

Paid reservations for this exciting evening at the Center including dinner, show, tax and

service at \$4.50 per person should be made at the Center's office immediately. Also \$100 deposits for the small, personalized Oriental Gourmet Tour should be made as soon as possible to the Center to allow ample time to secure visas for the different countries.

MARY EDITH CANDLER, daughter of MR. and MRS. JAMES NALL CANDLER, of Beverly road, is one of 12 freshmen entering Vassar College next September to be named a Matthew Vassar Scholar. Miss Candler is a member of the senior class of Grosse Pointe University School.

Each year Vassar selects a few incoming freshmen to receive this honor on the basis of their academic and personal distinction. The Matthew Vassar Scholar Program, inaugurated in 1961, at the outset of Vassar's Centennial celebration, is named for the founder of the College.

## Concert Tours Nice and Easy

Grosse Pointe War Memorial is again making it easy and enjoyable to take in the Detroit Symphony concerts with the world's finest guest artists at Meadow Brook this summer.

Each Friday night beginning June 28, a charter bus complete with waitress and cocktail service available will leave the Grosse Pointe War Memorial for the Oakland University campus at Rochester.

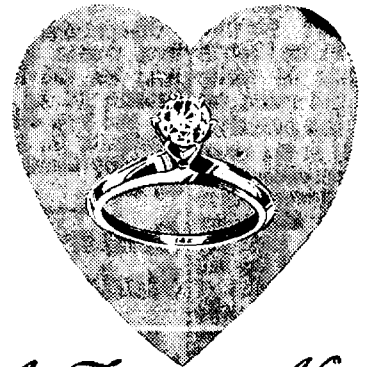

There the bus will take the crowd right into the enclosure where they may enjoy supper served at Trumbull Terrace, or out of their own picnic basket.

Afterward one has the choice of the best reserved seats in Baldwin Pavilion or to lounge on the hillside. In any case, the music will be marvelous and presented in a perfect setting.

After the concert, the bus will leave ahead of the parking lot crowd and those who want may snooze on the way home

lightful evenings. The Center requests reservations as soon as possible. Single evening reservations will be sold at slightly additional cost if seats remain available in the bus after season or half season patrons are accommodated.

## Miss Whitney Bows At Afternoon Party

Daisies Theme of Reception at Country Club of Detroit; Many Out-of-Town Guests Attend Affair Held in Green Room

Bethine Standart Whitney made her bow to society Friday, June 14, at a late afternoon reception, given by her parents, Mr. and Mrs. David Marshall Whitney, Jr., of Vendome road, at the Country Club of Detroit.

Framed by camellia trees, Bethine and her parents greeted guests in the French Room. Bouquets of white daisies about the room set the mood for the occasion.

On the mantels in the Great Hall were arrangements of daisies and white flowers. Large white paper daisies with yellow centers mounted on standards were placed throughout the hall and on the terrace. Chains of paper daisies entwined with smilax graced the balcony and were draped from the candle fixtures to columns.

Tables covered with white cloths and centered with bouquets of daisies were set up on the terrace. A yellow and striped awning covered the terrace where guests danced to the music of the "One-Eyed Jacks."

A short, sleeveless dress in a print of white daisies with yellow centers was Bethine's choice for her party. It's A-line style featured a high round neckline. She carried a bouquet of white daisies, roses and ivy, a gift from her father.

Mrs. Whitney's dress, also in the A-line style, was in yellow raw silk, with a V-neck, embroidered in white beads.

Mrs. Morrison Whitney, Bethine's grandmother, was gowned in forest green crepe which featured a lace top.

Out of town guests included: Katherine Johnson, of Princeton, N.J.; Mary Ann Boyd, of Summit, N.J.; Joan Stenhouse, of N. Haverhill, N.Y.; Elizabeth Ely, of Greenwich Conn.; Jennifer Smith, of Smithtown, L.I., N.Y. and Bert Mayne, of Albany, N.Y.

Others were: Mr. and Mrs. H. Earl Conrad, of Indianapolis, Ind.; Mr. and Mrs. Robert B. Conway, of La Jolla, Calif.; Mr. and Mrs. John N. Black, of Cincinnati, O. and Karen and Kimberly Conrad of Indianapolis, Ind.

On Monday, July 1, the movie will be "Cat Balou" with the music for the dance following to be provided by "The Present Tense." On July 8 it's "Von Ryan's Express" with Frank Sinatra and "The Sounds of Night" playing for the dance.

Highlights of the summer will be a Super Other Side on Thursday, July 11, with the "Amboy Dukes" in person.

MRS. JOHN LEVERENZ, of Three Mile drive, and her daughter, MRS. ROBERT W. FOX, of Pennfield, N.Y., recently sailed from New York on an ocean holiday vacation cruise to the Bermuda Isles.

## Mr. Ramsay Claims Bride

William Christie Ramsay, son of Mr. and Mrs. John C. Ramsay of Hillcrest avenue, claimed Lorna Elizabeth Moore, daughter of Mr. and Mrs. Ernest H. Moore, of Willis, Mich., as his bride Saturday evening, June 15.

Officiating at the 7 o'clock rites in Belleville Methodist Church, which was followed by a reception in the church hall, was The Reverend Allen B. Rice.

The bride's silk organza gown featured an A-line skirt and chapel length train with applied Baroque Venice lace flower motifs, and Kubuki sleeves.

Her floral headpiece was made of Venice lace leaves and trimmed with seed pearls. She carried a cascade of white roses.

Mary Joyce Moore served as her sister's honor attendant. Bridesmaids were Mrs. William Mydlarz, Christine and Ellen Ramsay, sisters of the bridegroom.

They wore spring time Empire style trimmed gowns. Their headpieces were tri-cornered loops trimmed with seed pearls, and they carried bouquets of Irish bells and cornflowers.

John Gustafson served as his brother-in-law's best man, Usher were Harold Davitt, Don Batchelor, Raymond Riskey, John and Ken Moore, brothers of the bride.

For her daughter's wedding and reception, Mrs. Moore chose an aqua dress and coat ensemble with matching accessories and a white orchid.

The bridegroom's mother selected a pale green dress and jacket ensemble with matching accessories and a white orchid.

After vacationing in Tampa, Fla., the couple will make their home in Detroit.

## Cass Tech Band Trip Threatened

Despite encouraging response from over two thousand Detroit area citizens and organizations, it appears the proposed trip to Europe by the Cass Tech High School Symphony Band is still not assured.

Officials directly involved in the effort say that, even with the generosity of the public, and including upcoming events to raise funds, it appears the drive will fall about \$10,000 short of the amount required for the journey of the 89 student musicians and their chaperons.

Plans now call for the band to fly to Brussels, Belgium, on June 29, aboard Sabena Airlines. Because of the time lapse between then and their invitational appearance, they have been able to schedule two additional concerts. One is near Brussels, and the other in Notre Dame Cathedral in Rheims, France.

The tour will be climaxed on July 5, in Dijon, when the Detroit organization becomes the only U.S. high school band ever to perform before the International Society of Music Educators.

This is a once-in-a-lifetime opportunity for these fine youngsters—and for Detroiters to show the world what their city is really like. Everyone is urged to participate to the fullest of their ability.

Checks should be made out to "DETROIT BANDWAGON," and all contributions should be mailed to: Detroit Bandwagon, Box 1700, Detroit, Michigan 48231.

MR. and MRS. WILLIAM H. DARST, JR., of Somerset road, will be visited by The Most Reverend JAMES P. DEES, Presiding Bishop of the Anglican Orthodox Church of North America, who will hold special services at their home June 23, at 10 o'clock in the morning. Bishop Dees will arrive June 22, and all desiring to visit with him or attend the services are welcome.

## Lucy McKean Feted At Country Club

Dinner Given by Aunt and Uncle in The French Room of The Country Club Precedes Debutant's Ball

Before a backdrop of pale pink and shocking pink stripes, Lucy Catherine McKean and her parents, Dr. and Mrs. George Thomas McKean, of Touraine road, received their guests in the foyer of the Country Club of Detroit at a small ball Saturday, June 15, which introduced Lucy to society.

Two urns, arranged with complementing flowers, were placed at each end of the receiving line, while two shields, done in pale pink and shocking pink and designed with Lucy's initials LCM, hung at the sides of the backdrop.

Framing the entrances at the foyer and the dining room were topiary trees, trimmed in pink carnations. Guests danced to the music of "The Plain Brown Wrappers" and the orchestra of Al Navarro in the dining room and on the porch.

Lucy's choice for her ball was a high necked gown of white lace through which pink thread

was woven. Her flowers of gardenias and pink baby's breath were a gift from her mother and father.

Mrs. McKean's gown for the affair was of pale pink brocade, fashioned with a pouf around the hemline.

Preceding the ball, Lucy's aunt and uncle, Mr. and Mrs. Robert McKean, honored Lucy at a dinner in the French room at the Country Club. Large balloons tied with ribbons hung from the ceiling and the tables were covered with pale pink cloths and featured floral arrangements as centerpieces.

Mrs. McKean wore an aqua striped silk gown for her niece's dinner and ball.

## Research Products 'Foul' Memories of Old Uncle Joe

By Walter W. Fuller  
"Fair is foul, and foul is fair..."

Those three gnarled, herbed and balmey babes, clad in witches' hats who, amid thunder and lightning, used that line in the opening scene of Shakespeare's "Macbeth," certainly never heard of a baseball game. Neither did the Bard of Avon, for that matter. Thus, we can not point a finger of scorn at them for calling a misplaced hit a "foul ball."

It seems certain that no one anywhere could possibly have chosen a more appropriate time to sit down and write a more idiotic and meaningless essay about such an insignificant thing as a foul ball, as this is going to be.

It all came about when this humble scrivener ran across four words in an almanac which declared that the first official baseball game in the United States was played, not in Cooperstown, N.Y., but in Hoboken, N.J., on June 19, 1846, which figures at 122 years ago yesterday.

**Curiosity Aroused**  
Being of a curious nature, after I read that item, I jogged quietly over to the beautiful main Grosse Pointe Library to do some research, specifically to try and find out who or why or how baseball's "foul ball" term came into being. My Gargantuan efforts failed—a complete flop they were!

However, for your private information, I did learn that that first game in history was played at a spot romantically called Elysian Fields, that admission was free, and that the New Yorks walloped the Knickerbockers 23 to 1. If anyone smacked a foul ball that day there is no record of it.

Here I go, getting 1,000 silly millimeters away from the main reason for writing this nonsense. But, then who can explain the inscrutable workings of the mind?

It was this mention of a historic date in baseball that reminded me that my sparkling wife, Helen, had an Uncle Joe (Oakman) who passed beyond the Purple Curtain at the age of 95 or so, after being an avid baseball fan, and a rabid Socialist all of his adult life.

The thing that bugged Uncle Joe to the point of near-hysteria, was that dagnabbed term, "foul ball." He simply could not understand how "some miscreant" could inject such a horrible name into the Great American pastime.

Every time the subject came up he would chew his cigar to pieces, and rave, rant and bluster, either to himself, or to someone else. He wrote scorching letters to editors, baseball writers and officials demanding that the expression be expunged immediately, now and forever from baseball terminology.

"Foul" is a horrible word," he would loudly declare. He often would grab a book from the shelf and recite such "foul" synonyms as "dirty, nasty, polluted, filthy, disreputable and odious."

**Was Outspoken Fan**  
Uncle Joe actually abhorred the term "foul ball." It became a fetish with him. Every time he went to the park, and a batter hit one, and the umpire yelled "fowlball ball," he would jump up, turn red in the face, and complain to all those around him about that "horrible expression." He campaigned constantly for a term which would be, he thought, more fitting to the fine old game.

He did come up with such words as stinger, jinx ball, loco, but none of them seemed to fit. "Foul ball" is putrid," snorted Uncle Joe. "Why can't they call it simply an 'unfair ball' and be done with it?"

Well, why can't they? And who started this "foul ball" bit, anyway?

## Border Cities Stars Selected

Players selected as "all-stars" who were named to the All-Border team were: Mike Wall, Monroe, and Bill Bailey, Grosse Pointe, pitchers. Drayl Busen, Fordson, and Bob Keenan, Highland Park, catchers.

## Bartlett Picked For Federal Job

Wilbur J. Cohen, Secretary of Health, Education and Welfare, after conferring with the President's Office, announced the nomination of Dr. Lynn M. Bartlett as Assistant Secretary of Health, Education and Welfare for Education.

He will replace Dr. Paul Miller, formerly Provost of Michigan State University and President of the University of West Virginia. Dr. Miller has resigned and has indicated that he may return to the academic field.

Dr. Bartlett leaves his present position as Deputy Assistant Secretary of Defense for Education and is expected to assume his new position around July 1.

Dr. Bartlett was Michigan's last elected State Superintendent of Public Instruction under the Constitution of 1907. The Constitution of 1963 made the position of Superintendent appointive by the elected 8-member State Board of Education. As the elected State Superintendent of Public Instruction,

### REPORTS VANDALISM

## University School News

The school held its first invitational tennis tournament this year on May 17 and 18. The following high schools participated: Dearborn, Ann Arbor, Grosse Pointe, Edsel Ford, Austin, St. Clair and Ypsilanti. The tournament was managed by varsity coach, Bob Wood. Dearborn High School finished first with 13 points. The singles champion was Louie Weir of Ann Arbor and the doubles champions were Peter Wittstock and Philip McCracken of Grosse Pointe High School.

The Upper School assembly program has been extremely varied this spring. On April 9, the Rev. Erville Maynard of Christ Church, Grosse Pointe, answered questions from the floor on almost anything the students wished to ask. April 16 was the Cum Laude assembly at which Miss Elizabeth Ferguson, teacher of Latin and head of the Language Department, spoke. Dr. Leonard O. Roellig, professor of physics at Wayne

State University spoke to the ninth through twelfth graders on April 30. The Ypsilanti Choir sang extremely well to the whole Upper School on May 9. A week later, Dr. Calvin VanderWerf, president of Hope College, Holland, Mich., spoke with much humor on the future of life in America.

The following Tuesday, Charles Beaver Edwards gave a talk, "Beyond the Realm of Plastic Surgery." Mr. Edwards works with plastics and makes spare parts for the human body.

One of the final assemblies was conducted by Gloria Gulino of Paraguay and Zerrin Yasar of Turkey, two of the three American Field Service students at the school. The other student is Peter Sacks of South Africa. The two girls spoke and showed slides of their countries. The high quality and great variety of the programs has been a major asset to the students this spring.

## Liggett School News

Students were honored recently at a special Awards Assembly. Diane Bader, Marilyn Krieghoff, Linda Gerhke, Nancy Kaufmann and Allene Livermore were elected to the Detroit Chapter, junior Phi Beta Kappa Society. New members of the cum Laude society are Diane Bader, Marilyn Krieghoff, Linda Gerhke, Dorothy Gerhke, Allene Livermore, Barbara Denman and Linda Koppy. Linda Gerhke

was named a National Merit Scholar.

A Liggett alumna will return to her alma mater as this year's Commencement speaker on June 13 at 8:30 p.m. She is Mrs. Valery deBeausset, formerly Constance Lee Stanton of the class of '37. After graduating from Bryn Mawr with a degree in biology, Mrs. deBeausset did research for the Navy until her marriage. Following the war, she and her engineer husband lived in India and Mrs. deBeausset taught at the Alway Settlement for Untouchable Children. When they later moved to Taipei, she wrote a column for the China Post, studied Chinese landscape painting, became an active refugee worker, and helped to establish the Tungshai University sponsored by the United Board of Christian Higher Education in Asia. After two years in Sonora, Mexico, the seven deBeaussets moved to their present home in San Jose, Costa Rica.

## Program Opens Park's Summer

Grosse Pointe Park's expanded 1968 summer recreational parks' programs soon will be in full swing for residents of all ages, according to Robert J. Slone, city manager.

Swimming classes for youngsters are planned in the wading pools at both the waterfront and Three Mile drive parks, and swimming and life-saving lessons for juniors and seniors will be conducted in the lake in front of the unfinished swimming pool.

Children may be registered for the wading pool swim lessons between June 19 and 23 by telephoning VA 2-2812. This class will run from June 24 to July 15. The next registration is scheduled from July 17 to 21, with class dates July 22 to August 9. "Guppies" from 2 to 6 years old, who can't swim, will be taught in pools. All youngsters must be accompanied by a parent.

There will be picnicking at both parks, with tennis at the waterfront park. There will be no Fourth of July fireworks display again this year. Grading and seeding are now underway in the newly filled-in portion of the waterfront park.

Sailing races on Tuesday evenings at 7, already have started, and will continue through June, July and August. They are under the direction of the Grosse Pointe Sail Club. The craft entering the race must be resident-owned, seaworthy and registered. For information call the Park's recreation director, Don Guinon at VA 2-2812.

## Hospital Emergency Room Likely Place to Go Whacky

By Pepper Whitelaw  
Riddle for mothers of energetic or athletic children... Where do you wait at least an hour, in really odd hours, with no comfortable place to sit and no one interested in why you're there? Where, after everything is completed, you leave still just as puzzled as you were when you came in? Answer: The Emergency Room of almost any hospital.

Recently I had occasion to visit just such an emergency room around 9 o'clock in the evening with a son who had sustained a baseball injury, a locked knee. Sounds simple enough doesn't it? Ah... that's just the beginning! After standing helplessly around for a few minutes a gal with a ready smile and who was completely overworked, tells me to sit down over there against the wall. My son is placed into a wheelchair and we wait... and wait.

**Parade of Injured**  
After witnessing a parade of injuries from high fevers, to nails in feet, to broken limbs, to black eyes (each incoming injury getting progressively worse) our turn arrives.

Like lightning the gal at the typewriter reduces our "tragedy" into a series of numbers... pulls a plastic strip off of a large roll, writes the injured party's name on it and smiling says, "you're all ready for X-ray"... ready... and ready... and ready!

One hour, two broken arms and a bloody face later your son's name is being called. Up you trek to X-ray only to find a row of wheelchairs ahead of you... including one poor patient who has been waiting for at least 15 minutes to be returned to this room.

**Progress Is Slow**  
As the minutes march by, your son's chair is pushed closer and closer to the X-ray room door... finally a man in a white coat, (no not the kind you're thinking of, although I was quite ready for that kind), approaches, hands me a set of X-rays and says, "Go downstairs now and the doctor will explain the results to you."

"But, I exclaimed, "my son"... "Just go downstairs lady"... "But my son hasn't even been X-rayed yet, he's still in the hall!" "Oh, sorry about that lady, have your son get back in line."

My nerves at this point were just about gone, so leaving my son, (who is now insisting he is

fine), in the hallway, I find the reception room nearby to have a cigaret. Smack square in front of me is a colorful sign that reads, "Why you must wait in X-ray"... I mean, after this long a wait, who cares... in fact I find myself hoping they'll find something wrong so my wait would not have been in vain!

**How Far Is Down?**  
Finally I hear someone calling my name, and once again the man in the white coat tells me to go downstairs. Half dazed, (by this time it's well after 10:30), my son, in his wheelchair, and I make the trip down in the elevator. Unfortunately no one told us what floor to get off, so after gliding from first to basement to ground, we find the familiar emergency section... and wait.

A harried doctor approaches and declares, "Nothing is broken," then departs before I can open my mouth. It's good news I keep telling myself but why can't he walk on that leg? I wander around for a few minutes, corner the doctor and ask, "How do we care for the injury... should he exercise it... stay off of it?"

"Oh, he must stay off of it of course... we've put an Ace bandage on it... goodnight."

Still not believing that it was all over I wandered over to the car, looking back in disbelief, and praying that more young people would enter the field of medicine so our future "emergencies" won't have to face similar situations!

### REPORTS THEFT

**FIRST OFFERING**

YORKSHIRE near Kercheval. 5 bedrooms and 3 baths. Large living and dining rooms, paneled den, sun room, breakfast room, lavatory and very modern kitchen. Recreation room and wet bar in finished basement. This home is in excellent condition including the carpeting and drapes and is priced to sell. Mr. Smith. 884-3545.

**COME BY Sunday between 2:30 and 5 and see why we dare you to compare this four-bedroom colonial with all the other competition on the market. At 1211 Bishop you'll find a center hall, brick house with two full baths on the second floor. There is a library off the large living room, and a breakfast room between the dining room and kitchen. Normally we are not great basement fans, but this one is well worth seeing. Take it all away for \$37,900.**

**ALSO OPEN 2 to 5**

910 GRAND MARAIS

HERE COMES de Judge, and his verdict is that for charm you can't beat early American architecture. On Grand Marais we present as evidence this four-bedroom deceiver which also supports two more bedrooms over the attached garage. This one pleads guilty of having fireplaces in both the living room and the library. But you be the jury... We know it's the best buy around... bar none.

**BY APPOINTMENT**

**SELDOM WILL a house actively come on the market on this one block long street which leads to the lake. When a property does become available it is usually sold before the ad appears in this sheet. We believe this offering will follow the same pattern. This Georgian influenced colonial has five bedrooms, all on the second floor. Off the large entrance foyer are a formal living room, family room, library and dining room. Less than ten years old, so don't worry about "putting" the house back together again.**

**ONE YOU MAY have missed if you have been driving the streets looking for something new on the market. This contemporary has three bedrooms and two baths on its second floor. The dining area is tied into a large family room with access to a covered patio. Owner has just purchased a house out of State, so help us "move it."**

**THE FARMS offers convenience to Hill Shopping, most schools and the Pier Park. It also has one of the few hills in the Pointe, and on this slope we can show you one of the better single story houses to appear on the market. The fourth bedroom has been converted to a first floor laundry, but could easily be transformed back to a sleeping room. There are also three baths and a full basement.**

**WOULDN'T you know we would have four listings in the Shores and all are located so you can see the lake. Two of these houses are actually right on the lake. One is an older frame and shingle house with all kinds of possibilities. The other house is all on one floor and sprawls beautifully across a lot with 265 feet of lake frontage.**

**THE BEST OF everything has gone into our Cape Cod on South Deeplands. Each of the four bedrooms is serviced by a bathroom. There are two enormous bedrooms on the first floor. The house has a generously proportioned living room and big library. Air conditioned throughout. Stop running around... this one begs you to sit down and cool your heels.**

**FOR THOSE who desire owning income property, we can show you two larger flats on Trombley Road. Both feature four bedrooms on each floor and also have complete two bedroom apartments on the third floor. Upstairs or down let your tenant make your mortgage payments.**

After one week in the second half the standings in the American League carry an unfamiliar note. The first half champs, the Red Sox are sharing the bottom rung with the Tigers and the first half fourth place Yanks are vying with the Indians for first place.

The week started off on a sour note for the Red Sox on Monday when they were vanquished by the Yanks 7-3. Conway was the winning pitcher. Mike Nally pitching for the Red Sox allowed only 4 hits but had a control problem. The Red Sox started in their first half form and collected a run in the first inning but the Yanks passed them in the second and were never headed. McGraw got a

We conclude our series of excerpts from the letters of Grosse Pointe High School student Carl Graham, who will return home in July after spending a year in France as an American Field Service exchange student:

November 25, 1967 . . . "This has been the period of trimester exams which are really important . . . So I've been really studying, like for hours, which is what my buddies also do . . . It's paying off — a dissertation in philosophy got a very good grade, the history exam which I studied about 20 hours for, (in two days), I got about the seventh highest grade on, and in FRENCH — I still can't believe this one — I got the fifth highest grade out of our class of 44 . . . We went to Brussels for the weekend of November 11 . . . Brussels itself is, like most of Belgium apparently, intensely Americanized and is really sort of an ugly city . . . (We saw) the Grand' Place—a court in the very center of the city with all the buildings incredibly old, ornate, and original, some as far back as the 1600's. (This is) one of the few places in Europe that is TOTALLY old. No modern buildings at all—too bad it was only in one spot. Belgium in itself is weird—you take a fork and depending which direction you go, you will hit country speaking one of two different languages—French or Flemish . . . SHAPE has now moved to Belgium, and in preparation they've put up even more signs in English. It's weird . . ."

November 27 (continued) . . . "Last weekend was great, too—the American girl from California came in from Rouen and it was oh, so fine to see her and talk American again . . . We talked to an American student here in Paris who was an AFSEr in Denmark four years ago—and while we were standing there, another girl came up—asked if we (the Californian and I) were indeed the French Americans for this year—then she and the Denmark student saw each other's faces, screamed and cried and hugged each other, etc. Seems they were BOTH in Denmark four years ago and haven't seen each other since. It's strange what happens in this life—two Americans out of 19 who were in Denmark four years ago meet in Paris—I would be skeptical if I hadn't been there . . . "Tomorrow I'm going to eat lunch with a French guy whose son is in the States currently . . . Apparently he has somehow wangled it so that we're to take aperitifs with the MAYOR of some city—Chee . . ."

December 20, 1967 . . . At present I'm in a cafe stuffed with students, hearing a new Beatles' record on the juke-box. Today was the last day of school before Christmas vacation, and we got out at 1 o'clock. We're going back to school at 4:30 however to take part in an old French high-school boys' custom—singing and marching in groups etc. in the streets . . . It's ridiculous but fantastic great fun—the spirit in an all-boys school can be tremendous . . ."

Later that same day . . . "Well, it is 10:30 and I'm back after a wonderful hour running around the streets singing all kinds of Russian and German songs and our school boy chants, in a group of about 100. It was just FINE, man. The flics (cops) appeared after one-half hour and followed us around for the rest of the time, all four of them, going the wrong way down one-way streets in their big truck and everything. All the townspeople are in on it and turn and smile as we descend on them and run by in a yelling horde . . . It is the kind of great thing you will always remember . . ."

Undated . . . "This weekend was interesting. We went to see an old chateau-fort built by Richard the Lion-Hearted in 1198. Or rather, what remains. It's a real citadel—on a hill overlooking the Seine Valley, accessible from only one direction. You look out through holes in the 800-year-old walls on the silver river curving off into the mist as the sun shines down obliquely through the clouds. Lovely. I took a bunch of pictures and I hope they will be good . . ."

March 14, 1968 . . . "Today was the first summery day, warm etc., since about September. . . . We have finished all our compositions now and I'm really too egotistical not to brag this time. It has a deeply unreal feeling every time I get these grades—I really don't have the impression I've done too great a job at all and the grades are just unreal . . . I'm first in French and Philosophy this time . . . Unreal, unreal, unreal . . ."

Undated . . . "In the seven months (we've been here), none of us 11 (U.S. American Field Service exchange students) has ever had the slightest incident or anything but friendliness on all sides. The same with some of the Embassy people's kids and other Americans I've met—some of them having lived here for years. In general, I find the anti-American feeling non-existent on a personal level—although there is a lot of political stuff, graffiti etc., against American politics. Americans and all things American are even considered most chic and snobby by lots of people—the biggest status symbol you can have, short of a Rolls, is a Ford Mustang. It's a funny world."

Officers of the Special Education Volunteer Program, (left to right), DAVID WHIPPLE, KATHLEEN KORNIIECK, GEORGENE SHOEMAKER, NANCY MCGRAW and WILLIAM MARTIN.

By Pepper Whitelaw

Being a teenager today is more difficult than in our day. It has become a label associated with "way-out" dancing, kookie clothes, pop, potato chips, and a general feeling of "who cares."

But those of us who have the opportunity to meet and speak with young adults cannot and will not give them that kind of a label. Proof of the sense of responsibility to others, present in our young adults comes to light in a newly formed group from Grosse Pointe South High School, the Special Education Volunteer Program.

This program offers additional help to handicapped children and youth in Grosse Pointe and surrounding areas. The major purpose of the organization is the extension of volunteer service to individual children and young adults. For example, one volunteer is helping a child to learn the latest dance steps, another is helping a child to build a reading vocabulary, still another is working with a child with severe visual motor problems.

**Meaningful Experience**  
The aim of this program is to provide a meaningful experience to those the organization serves . . . not a baby-sitting service. Dr. William P. Sosnowsky, the group's advisor and Chief Psychologist for the Grosse Pointe Schools, serves as liaison between the student volunteers and the children, and helps the students select experiences for the children.

Among the group's enthusiastic officers is Bill Martin, president, who helped Dr. Sosnowsky organize the program. Bill is the son of Mr. and Mrs. William G. Martin, of Hawthorne road. He was recently graduated from Grosse Pointe South High School and is planning to attend Central Michigan University in the fall.

He has three younger sisters; Liz, 16, a student at Grosse Pointe North High School next year; Emily, 14, who also will attend North; and Lynne, 11, who attends Ferry Elementary School.

Bill loves to fish, golf, (although he won't reveal what he shoots), and drive around The Pointe on his Honda. He devotes a lot of time to working with the handicapped. He helps with the Saturday swimming program and visits and cheers up a 20-year-old youth who is paralyzed.

**Sister Inspired**  
When asked how he found time to do so much volunteer work, Bill smiles and says, "I'm not that busy . . . besides I enjoy the work, it is very satisfying. My sister, Liz, is planning to initiate a similar program at North next year . . . I guess my enthusiasm is contagious," he grins. "We've been told that our group is one of the few such student organizations in the nation . . . and we're proud of it," he adds.

Nancy McGraw, a 16-year-old senior, and daughter of the Doonan D. McGraws, of Briarcliff road, will be secretary of the organization in the fall. She is an interested and interesting teenager. She loves to play the guitar, sing folk songs, play the piano and the harmonica.

She's been a Girl Scout for 10 years and has earned five Aide Bars, (each bar requires 50 hours of work per year). She sings in the high school choir and is a past officer of the Future Nurses Club. Nancy hopes to earn a degree in physical therapy.

She has two brothers, ASN Debbie, stationed at the Naval Air Station in Memphis, Tenn., and Bruce, 13, who attends Parcels Junior High. "I joined the organization because I wanted to help someone not as privileged get a little happiness out of life," she says. "You

should see the faces of the children we help in the Saturday Swimming Program. Any amount of work is worth those happy smiles," she adds.

**The Vice-President**

Sixteen-year-old Georgene Shoemaker, next year's vice-president, daughter of Mrs. Patricia Shoemaker, of St. Clair avenue, has two sisters; Kelly, 18, a senior at Grosse Pointe South High School, Kim, 12, who attends Pierce Junior High and Jeb, 11, who goes to Maire Elementary School. Georgene plays the piano, sings in the Christ Church Choir and is hoping to land a job teaching swimming at the City park this summer. "I enjoy helping people," she counters when queried as to why she joined the organization.

Kathy Kornieck, present secretary of SEVP, is the daughter of Mr. and Mrs. Jerome Kornieck, of Blairmore road. Kathy plans to attend Eastern Michigan University and major in elementary education. This summer she will be working at the CYO Girls' Camp in Port Sanilac. Presently she works at a local restaurant two days a week.

Bubbling with enthusiasm Kathy says, "I joined the group because I wanted to share the fun I have in living with someone else." We're sure Kathy has brightened many a cloudy day for those she helps. She comes from a large family which includes: Rick, 16; Maryanne, 13; Barbara, 11; Martha, 8; Jack, 7, all of whom attend St. Joan of Arc School; and Betsy, 4, and Billy, 2.

**Next Year's Leader**

Current vice-president and next year's president, David Whipple, is the son of the Charles H. Whipples, of Oxford road. He has a brother, Jim, 14, and a sister, Betsy, 13. Dave has worked with the Foundation for Exceptional Children . . . "We do anything we can to help . . . from playing games, to helping with lunches, to telling a few jokes," he smiles.

Dave has been an Area Leader for the March of Dimes and will be working this summer, as will Bill, as a recreational aid at Barnes Elementary School in the training program. Chances are if you're a teenager you've heard of Dave. He plays the bass guitar with a six-member rock'n roll group called "The Chances Are." He is also president of the youth group at St. Michael's Episcopal church.

"We really hope many more teenagers will offer to help in our program," Dave states. "Anyone of High School age from ANY local school can join."

"We now have 37 active members," interjects Bill, "and the group is always growing. You know, we're looking for the average student, with a desire to help others . . . grades have no bearing on membership at all."

**Year-Round Program**

Kathleen adds, "This is a year-round program, on a one-to-one basis. It really doesn't require a lot of time; you can spend anywhere from one to five hours a week with those you help."

The objectives of the organization are four-fold: To provide volunteers for assisting the handicapped, to provide educational experiences not usually found in school or at home, to develop mature understanding of the handicapped and their need to be accepted in society, and to provide guidance for

career opportunities in professions dedicated to helping the handicapped.

"Our group advisor, Dr. Sosnowsky has been fantastically helpful," Bill exclaims . . . "We all think he's a great guy."

Dr. Sosnowsky thinks the group's members are pretty great too . . . they have a wonderful working arrangement.

If any of you know a teenager who is looking for something worthwhile to occupy himself with this summer, tell him to call 885-2000, ex. 61, and speak to Dr. Sosnowsky, and he'll share in the worthwhile experience these five teenagers are having!

## Updegraff-Durie Rites Are Read

Nancy Ida Durie, daughter of Mrs. Hector R. Durie and the late Mr. Durie, of Detroit, and David Edwin Updegraff, son of Mr. and Mrs. Frank M. Updegraff, of Neff road, exchanged marriage vows Saturday, June 15, in Grosse Pointe Memorial Church. The Reverend Ben L. Tallman officiated.

For the double-ring ceremony, the bride selected a white silk, A-line organza and Chantilly lace gown trimmed with seed pearls, with a cathedral train of matching lace.

A crown fashioned of organza roses and leaves studded with pearls fell from her triple-tiered bouffant veil of imported illusion. Her bouquet of white carnations, maline daisies and variegated ivy was centered with a white orchid.

The maid of honor, Phyllis Dibble and bridesmaids, Janet Kay Updegraff, sister of the bridegroom, Marlene Durie, cousin of the bride, and Georgianna Pohl, all wore maize Chantilly lace Camelot coats over sleeveless gowns with lace Empire bodices and linen blended sheath skirts.

They wore matching Chantilly lace and chiffon picture hats and carried small yellow baskets filled with miniature yellow and white carnations intermingled with ivy and ribbon streamers.

George Moffett, III, acted as best man for the bridegroom. Ushering were William P. Kimball, Dan Dunn, cousin of the bride, William Gimmy, Robert Jacobi, Kim Katz and Robert Reimer.

For her daughter's wedding and the reception at Fries Crystall Ballroom, Mrs. Durie selected a coruscant blue silk linen and Chantilly lace sheath with a full length lace coat and a hat of shaded blue chiffon flowers. She pinned a corsage of white sweetheart roses and miniature carnations to her purse.

The bridegroom's mother chose a champagne Alencon lace dress and coat ensemble with matching accessories, and pinned a corsage of pink sweetheart roses and miniature carnations to her purse.

When leaving for her trip through the New England states, the bride wore a two-piece yellow and white cotton textured suit, with matching accessories.

The couple will make their home in Westland.

In September, Mrs. Updegraff will resume teaching at Southfield High School and Mr. Updegraff will begin teaching Economics at Eastern Michigan University.

### Atwood Family Off to Europe

The Reverend and Mrs. Bertram deH. Atwood and their daughter Betsy will leave Sunday night for London where they will visit friends. Mr. Atwood will go to Uppsala, Sweden, on July 3, for the Fourth Assembly of the World Council of Churches which will be meeting for almost three weeks.

The World Council will have delegates from 230 churches from 180 nations. There will be a large number of Roman Catholic observers. The World Council has member churches in the Greek and Russian Orthodox churches, as well as Anglican churches and most of the major Protestant denominations.

There will be six sections for group discussions of the The Mission of the Church, International Relationships, Christian Economic Responsibility, The Nature of the Ministry, New Forms of Worship, and The Christian Style of Life. Mr. Atwood will work with the last group. The meetings will be held at the University of Uppsala, and the opening meeting will be held in the ancient Cathedral.
