RECORD RAINFALL hit Detroit Tuesday and Wednesday causing heavy flooding throughout Southeastern Michigan with a threat of more rain to come in some areas. The northwest and western areas of Detroit were hardest hit. Four persons died as a result of the storm and flood. James Grandy, 18, of Crosswell, was found dead in an open drainage ditch in Troy Wednesday morning. Randy Williams, 11, of Niles, was swept into a drain and drowned, and two other unidentified boys drowned in flood waters at Telegraph and Edward Hines Drive in Dearborn Heights. Although the official rainfall was measured at 2.17 inches, amounts of up to five inches were recorded elsewhere in the state.

DESPITE THE breakthrough Tuesday in an agreement between publishers and unions on a "\$33 for 34 1/2 months" economic package, no quick cure to the 225-day old newspaper strike was seen on Wednesday. Two unions without agreements on non-economic issues still are barriers to a final solution of the strike. The publishers put off meeting with the Detroit Newspaper Guild until next week. They will meet with the second union, Local 40 of the Mailers, an affiliate of the printers union, on Thursday in the Book Building. Picket lines were still up yesterday. No newspapers are expected to be published until after the 14th of July.

RAMON GEORGE SNEYD, believed by the United States to be James Earl Ray, suspected slayer of the Rev. Martin Luther King, took the stand in Bow Street magistrate's court in London on Thursday and denied he killed the Negro leader. His denial followed David Calcutt's statement that Ray was linked to the slaying by three fingerprints on the murder gun and by a witness. Calcutt is the British lawyer for the United States.

PRESIDENT JOHNSON signed into law on Friday an income tax surcharge bill that will become effective this July 14. On that date the withholding tax on paychecks will increase 10 percent under this income tax bill. The bill also includes a mandatory \$6 billion cut in federal spending. Johnson said the nation's economy is moving too fast and that this tax package will apply the fiscal brakes. He added that now the nation can attack the threats to its prosperity, soaring interest rates and the deteriorating U.S. trade picture. Under this new law, higher taxes can be collected 15 days after its enactment.

PRESIDENT CHARLES DE GAULLE today won the most stunning landslide election victory in French history. A second Sunday of voting in parliamentary elections saw Frenchmen give de Gaulle control of 355 seats in the 487 seat national assembly. The parliament's term runs five years.

ELEVEN-YEAR-OLD twin sisters Nora Ann Guiley and DeAnna Guiley were found dead today. Nora's body was found on the floor of the first floor bedroom of the two-family dwelling at 927 Harper, between Gratiot and McClellan and the body of her twin was found lying beside the front porch of a home at 6646 Roberts. The girls were apparently victims of a vicious knife-wielding prowler.

Stands Mute On Charges After Fight

Motorist Accused of Felonious Assault for Using Chain in Attack on Lake Shore Road

Alvin S. Knapp, 46, whose address is given as Huron Valley Motel, Milford, Mich., was given a preliminary hearing before Farms Judge Robert Pytell on Tuesday, July 2, on a warrant charging him with felonious assault. Knapp stood mute and the judge entered a plea of (Continued on Page 4)

Frightened Girl, Startled Mother

Five Woods police officers were dispatched to a home in the Woods, when a frightened 15-year-old girl phoned that a lone stranger was sleeping in her mother's bed. The scared girl said that her mother was out and she was home alone, and would the police come quick. The officers entered the house and went to the bedroom, where the startled sleeper was wakened and questioned as to what she was doing in the house. It turned out that it was the girl's mother, Mary, who had arrived earlier than expected and had immediately gone to bed. Mother was permitted to go back to sleep, that is, if she could, after seeing the boys in blue in her room.

Ford Debut Decorations Stolen from Little Club

A fabulous display, used during the June 21, debut of Josephine Clay Ford, daughter of the Walter Buhl Fords, II of Provençal road, was missing from a tent at the rear of the Little Club, 5 Berkshire place, and was presumed stolen. The loss of the display, valued at a total of \$7,405.50, was reported to Farms police on Monday, June 24, by Rudy Sperschneider, president of the firm; and Gene Fowlers, company representative. The items making up part of the display, they said, were taken sometime between Saturday, June 22 and Monday, June 24, the date the loss was discovered. The firm officials gave police the breakdown of the missing items and their values, as follows: Two rolls of red carpet, 12 feet by 30 feet, \$280; one-piece

Two Youths in HS Melee Sentenced in Farms Court; Six Others Await Hearing

One of the Boys Convicted to Return Before Judge Robert Pytell for Examination on Narcotics Charge on July 17

Two youths arrested by police following the disgraceful "Skip-Day" melee at Grosse Pointe South High School on June 4, were sentenced by Farms Municipal Judge Robert Pytell on Wednesday, June 26.

Convicted were Jonathan C. Dahl, 18, of 155 Stephens road, who was found guilty of reckless driving; and David Dillon, 19, of 20890 Ridgemont, Harper Woods, who was accused of reckless driving and being a disorderly person. Dahl, a High School student, was fined \$25 and placed on probation for one year to the Farms court, and forbidden to operate a motor vehicle for 30 days. Dillon, a non-student, was found guilty of the reckless driving charge, the second charge was dropped. He paid a fine of \$50.

Dahl, who police said was chased on his motorcycle at 70 miles an hour, will again appear before Judge Pytell for examination on July 17, on a warrant accusing him of illegal possession of narcotics.

Was Carrying Hashish When police officers finally stopped the youth, Dahl was searched and 10 tinfoil packets of hashish, (concentrated marijuana), were found on his person. Gregory P. Darling, 18, of 20954 Country Club drive, Harper Woods, is still awaiting a court date. He is charged with being a disorderly person and creating a disturbance. Also arrested as a result of

The melee began at about 10:55 a.m. and lasted about 25 minutes. It followed a formal assembly of the senior class to honor the top five percent of the graduates, and the conducting of other matters.

A small group of seniors who refused to obey instructions to return to their classrooms, went to their cars on the school grounds.

Put Oil on Street Some of these youths poured a considerable amount of oil on the street pavement of Grosse Pointe boulevard and on Fisher road, gunned their car motors, squealed tires, hoping to create sparks to ignite the oil, according to Farms Police Chief Jack F. Roh, and took off at high speeds. When it appeared that the incident might get out of hand, a request for assistance was asked by Chief Roh, and policemen arrayed in riot gear from the other Pointes and Harper Woods were dispatched to the area to maintain the peace. A total of 35 officers were on hand during the near-emergency.

Alert Police Nab Suspect After Holdup

Detroit Station Asks Help After Accused Flees Into Pointe Following Robbery

Alert Grosse Pointe Park policemen arrested a suspect in the hold-up of the F a m o u s Cleaners branch store, 14835 East Jefferson, corner of Alter, Detroit, Saturday, June 29, at 7:15 p.m.

Following a radio dispatch from Detroit's fifth police precinct stating that the thief had fled eastward into Grosse Pointe Park, Sgt. David Taylor of the Park Fire Department, reported seeing a colored man run north of the fire hall, then observed the same man, seemingly in a confused state, running back south to Jefferson.

When Park police patrolmen Richard Warren and Andrew Meeker, drove from the station west on Jefferson a motorist informed them that there was a "suspicious character" in the alley behind the White Tower restaurant at 15009 East Jefferson. A radio alarm went out. The two patrolmen then drove (Continued on Page 4)

Crash Helmet Law Amended

The police chiefs of the Pointe state that although a recent United States Supreme Court decision nullified a Michigan law requiring motorcyclists to wear crash helmets, a new State law, which went into effect on June 12, makes it mandatory that a helmet must be carried on such vehicles.

The chiefs pointed out that the statute provides that a motorcycle, or motor driven cycle, shall be equipped with the number of helmets equal to the number of riders on the cycle.

Helmets must be of the type approved by the Michigan State police, it is stipulated in the law. The department heads said that they have issued directives to their respective personnel, that the helmet requirement be strictly enforced, and those in violation be issued tickets.

It is hoped, the chiefs said, that since the headgear must be carried on motorcycles, that the cyclists, and/or their passengers, will voluntarily wear them. Many lives have been saved and serious injuries, prevented by wearing of the gear, statistics show.

School Trustees Set Tax Election For September 12

Special Meeting Called for July 8 for Final Decision on Length of Time and Amount of Millage Increase to be Sought

By unanimous vote, the trustees of The Grosse Pointe Public School System have set Thursday, September 12, as the date for a community-wide election for operating millage. The trustees took the action at their annual meeting held Monday evening, July 1, in the gymnasium of Maire Elementary School, 740 Cadieux road.

At a special meeting slated for 7:30 p.m. on Monday, July 8, in the gymnasium of Monteth Elementary School, 1275 Cook road, the trustees will set the length of time the millage will run, as well as the amount.

Estimated expenditures for the 1968-69 year have been pegged at \$12,516,773 and at \$13,796,790 for 1969-70.

Income for 1968-69 will fall short of estimated requirements by \$734,271. For 1969-70 the schools will need an estimated \$2,565,959 more than the present 14 mill levy will produce to continue to operate the current program.

Consider Two Plans If the needed millage is presented to the public for approval in two separate one-year plans, the trustees will probably ask for 2 mills for 1968-69, and for 6 1/2 mills for 1969-70, making a total of 8 1/2 mills.

However, if the trustees ask the public to approve a two-year levy on September 12, they would use 2 mills the first of the two years and 6 1/2 mills the second year, a saving of 1/4 mill. This economy would be effected through the investment of the revenue earned the first of the two-year period when needs are not as great as during the second year.

Revenue Estimates School district revenue estimates are based on the latest data available. The State Equalized Valuation of the school district is \$379,676,741 for 1968-69 and estimated at \$394,676,741 for 1969-70. Anticipated enrollment for the fiscal year 1968-69 is estimated at 12,850 and 13,150 for 1969-70. State Aid per pupil for 1968-69 is \$14.17 and for 1969-70 it will amount to \$137.91 under current legislation.

The additional operating millage, if approved, makes no provision for modifications to the educational program other than the opening of North High School and the initial phase of the implementation of the middle school concept.

Much discussion, pro and con, over the merits of a one-year or a two-year millage ensued. For example, it was pointed out that if the trustees authorize a one-year millage and if this is approved in September, this will mean that the trustees will have to again ask for approval of operating millage in June of 1969 (for the 1969-70 year) and in the fall of 1969 (for renewal of the current 14 mill operating levy which will expire then).

Four Elections Possible Thus, approval of a one-year millage would subject the community to four school operating millage elections in a 19-month period. On the other hand, although estimates for future budgets and future property reassessments (Continued on Page 2)

Music Festival's Opener Has Russian Atmosphere

An oldtime Russian atmosphere will prevail at the opening concert of the 11th annual Grosse Pointe Music Festival next Wednesday, July 10, at the War Memorial Center. For this first concert of the series, a Russian Balalaika Orchestra will take festival goers back in time to Russia of the 18th and 19th centuries when the three-stringed instrument developed and spread through that country to become the national instrument. The orchestra directed by Michael Kuzmich, was organized a half a century ago by a group of native Russians in Detroit. Their purpose was to preserve the true Balalaika music and the skill of playing it. The group has been active con-

City Police In Scuffle At Hospital

Park Officers Assist in Subduing Brothers Charged with Disorderly Conduct

City patrolman Richard Lanski was assaulted on Sunday, June 30, while attempting to subdue an irate man. Lanski along with patrolman John Drummond and Cpl. George Brackx answered a call from Bon Secours Hospital reporting "men fighting."

Upon arrival officers found William Lopez, 24, of 827 Cherry, attempting to restrain Clarence LaBranche, 22, of 881 Marlborough, Detroit, from entering the hospital.

Clarence LaBranche told officers that he was carrying his wife into the Emergency Room, (she had suffered a fainting spell), on a stretcher, with the help of his brother Joseph and Lopez, when three boys, who were waiting in the Emergency Room, laughed.

LaBranche became irate because he thought the youths were laughing at him. While relating the incident to officers Clarence began swearing and shouting and had to be told to quiet down.

Gets Noisy Again At this point Joseph LaBranche came out of the hospital and began swearing and shouting which set off his brother Clarence again. Then the officers were forced to put Clarence in the scout car. While officer Drummond was pulling (Continued on Page 4)

Village Stores' Windows Broken

Ernest Columbia, manager of Peter Pan, 17015 Kercheval, called City police on Sunday, June 30, to report that two windows on the north side of the building had been riddled with BB shot.

The BB's were found on the ground nearby. No one was seen in the area. Upon checking the neighborhood, officers found that two windows on the north side of Kresge's had also been broken side of Jacobson's Home Deco and two windows on the north rative Shop had been smashed by pellets.

Mr. Grell's qualifications for the position followed, at which point Dr. Anderson said, "Mr. Fuchs, I am not going to publicly discuss any individuals. . . this I think is irregular, and improper, and I cannot do it! So I will just have to say no comment."

The chair, (Mary Alice Hykes, board president), then exercised her right to ask for stoppage of the discussion and asked for a vote on the question. Question Legality. Further byplay regarding the legality of this move followed. The attorney, Douglas West, explained that Mrs. Hykes' ruling would stand unless the majority of the board ruled otherwise. A motion for stoppage of the discussion was made, at which point Mr. Fuchs was asked, at which point Mr. Sandberg indicated that he did. Then Mr. Fuchs voted no on the motion. The motion was passed by a 5-2 vote with Mr. Fuchs and Mr. Sandberg voting no.

A Roll Call vote on Dr. Spagnoli's appointment, was then called for. The vote was taken. Mr. Pongraz voted yes, Mrs. Hykes voting yes, Mrs. Thompson voting yes, Mr. Short voting yes, Mr. Fuchs voting no and Mr. Sandberg voting abstaining. Mr. Peebles was absent. Controversy Starts Over Appointment

Trustees Fuchs and Sandberg Defeated in Attempt to Block Selection of Dr. Joseph Spagnoli

Once again controversy marked a School Board Meeting. In a special meeting on Thursday, June 27, Superintendent Theos I. Anderson recommended that Dr. Joseph Spagnoli, who is presently Assistant Superintendent of Administrative Services, be named Assistant Superintendent of Instruction.

What appeared to be a routine appointment turned into a lengthy and sometimes heated discussion. Dr. Anderson explained that for the past few months they had been reviewing applications and interviewing men for this position. He said that 28 persons applied. Eight were invited for interviews. Ultimately three were interviewed because in the interim the other five had either obtained other positions or changed their minds about considering the job.

Unanimous Decision He and his committee consisting of Jerry J. Gerich, principal of Grosse Pointe South High School, William Mogk, principal of Pierce Junior High and Frank J. Welchenbach, principal of Trombly School, were unanimous in their selection of Dr. Spagnoli.

Dr. Anderson then recommended that the vacancy created by Dr. Spagnoli's appointment be listed as Director for Administrative Services since some modifications in the responsibilities of the job were being planned. There followed a lengthy discussion where Dr. Anderson was made to defend his recommendation.

Two Question Move Both Trustees Fuchs and Sandberg raised questions regarding Dr. Spagnoli's appointment to this position. Mr. Sandberg asked if the Board was backing down on its original intention to hire an educator of national reputation for the position, or whether they had decided to compromise.

Mr. Fuchs questioned the validity of creating a void in a position that was so vitally involved with the completion of Grosse Pointe North High School. He further commented on Millard Grell, who held the position of Director of Instruction for one year and indicated that he felt Mr. Grell had not been treated properly both during his tenure in the job and after the position was opened to applicants.

Accented Other Post Mr. Grell, who had not submitted a written application, was being considered for the post, according to Dr. Anderson, but submitted his resignation, to accept a position in Sioux City, Ia., before the final interviewing was completed.

Further discussion regarding Mr. Grell's qualifications for the position followed, at which point Dr. Anderson said, "Mr. Fuchs, I am not going to publicly discuss any individuals. . . this I think is irregular, and improper, and I cannot do it! So I will just have to say no comment."

The chair, (Mary Alice Hykes, board president), then exercised her right to ask for stoppage of the discussion and asked for a vote on the question. Question Legality.

lated Dr. Spagnoli on his appointment.

Has Much Experience
Dr. Spagnoli has had four years experience as an elementary school principal in Illinois, nine years experience as Superintendent of Schools, and has worked as curriculum coordinator in the Grosse Pointe School system with Dr. Leroy Selmeier.

He was appointed secondary planning director prior to the time he was appointed superintendent for administrative services.

Other items of business included the appointment of 21 new teachers and the acceptance of seven resignations.

Donald Bassett, currently teaching at Brownell Junior High School, was appointed principal of Maire School.

Some lateral transfers were also approved by the Board. Edwin Wendt, currently principal at Ferry School, was appointed principal of Poupart School. Jack McMahon, current principal at Poupart, will become principal at Barnes School and John Rohrer, principal of Maire, will become Ferry School principal.

Good for System

Dr. Anderson explained that he felt these lateral transfers were good for the school system and that he hopes more transfers of this nature could be made periodically.

The Board also voted to charge \$1 for transcripts at Grosse Pointe High School after the first three are processed.

The Board voted unanimously to accept a contract to remove the house currently on the Neighborhood Club site on St. Clair avenue, submitted by Suburban Wrecking Company. The contract specifies that the work will be completed 15 days after the contract was awarded.

TWO BIKES STOLEN

Two bicycles were reported stolen from the City of Grosse Pointe this past week. The first report came from Mike Moffat, 3852 Harvard, on Monday, June 24. He reported that his 26", red and white Schwinn was stolen from the rear of the Kroger store in Kercheval avenue. Tim Wittstock, 936 Washington, reported his 26", black and chrome, Schwinn, stolen from the City park on Saturday, June 29.

ments are thought to be as accurate as humanly possible to make them, there is, quite naturally, some chance that they may not be 100 per cent dependable.

It was revealed that the trustees had met recently on an informal basis with the elected officials of each of the municipalities that comprise the school district to get an opinion regarding a one-year or two-year millage. The consensus of the group was that the schools should go for millage for two years.

Credited with Defeat

Regarding property reassessment, regarded by many community observers as the reason for the defeat of the three school financial propositions in February, it was reported that the average increase in State Equalized Valuation for 1968-69 throughout the school district was 8.5 per cent. For next year, the increase in State Equalized Valuation of property in the school district has been estimated at 4 per cent.

Dr. Theos I. Anderson, Superintendent of Schools, said that if he were asked for a millage recommendation now instead of next week, he would ask for 4½ mills each year for two years. This would allow a 2 per cent contingency fund in the budget, hardly considered excessive in light of the size of the total budget.

Other Advocates Heard

Advocates of a long-range building and site program were heard on Monday night, as were those who favor an expansion of the public library system, an integral division of the public school system for almost 40 years.

The ill-fated February 26 election sought permission to levy one mill for building and site purposes for a 10-year period, as well as the sale of bonds to construct an addition to the Central Library and adequate branches for Grosse Pointe Woods and Grosse Pointe Park, thereby releasing the present facilities for much-needed middle school use.

Discussion between the audience and the trustees also centered upon the need for enrichment of the curricular program. In answer to this, Dr. Anderson said that the schools' Professional Study Committee had been working all year on the development of instructional goals, the second part of a three-phase program. He indicated that during the coming year the recommendations of the staff will be publicized.

Ask Citizen Involvement

Several in the audience also suggested that the trustees consider citizen involvement in the development of the curriculum as well as in the long-range building program. They were informed by President Hykes that the suggestion would be taken under advisement.

During the question and answer period it became necessary for President Hykes to ask Attorney Thomas Coulter to read provisions in the School Code covering the ejection of a person creating a nuisance in a public meeting. She indicated that Stanley Fisher, of St. Clair avenue, was out of order and that he should interpret the reading as a warning for his intemperate remarks and that in the future he would be ejected from Board meetings if he engaged in similar behavior. The meeting ended at 11:15 p.m.

TRAFFIC STOPPER STOPPED

A juvenile was given a violation on Thursday, June 27, by City police, for interfering with moving traffic at Kercheval and Notre Dame. The youth ran into the street held up his right arm and attempted to stop traffic twice. He then fled, but was stopped by police and given the violation. His parents were notified.

Longest Meeting Held By Board of Education

The trustees of the Grosse Pointe Board of Education held the longest annual meeting in the memory of community observers of the school scene, on Monday, July 1, in the gym of Mair School. The session began at 7:30 p.m. and ended at 11:15 p.m.

The trustees set the date for a millage proposal (see related story), heard from a number of residents interested in the conduct of school affairs, (many of whom were active in the June 10 election) and acted upon a variety of routine organizational matters.

Mrs. Paul G. Hykes, the first woman to serve as president of the board, was re-elected to her second year in that office. John T. Short, who has served the board as treasurer during 1967-68, was elected vice-president, and Edward J. Pongracz, long-time trustee, was named treasurer.

Mrs. Joseph P. Thompson, re-elected to a four-year trusteeship on June 10, and who served the board as its secretary and legislative representative during 1967-68, was re-elected secretary.

In addition, the current board is composed of three other trustees: Lee H. Allen, elected on June 10 to his first term; and Arnold P. Fuchs and Calvin J. Sandberg, both beginning their second year in office.

"I have high hopes for the coming year," President Hykes said, as she took office. "With six other trustees willing to work hard for the schools, with our capable and hard-working and well-trained staff, I feel certain that we shall come closer to accomplishing our goal of better education for the youth of Grosse Pointe."

The trustees were unanimous in their choice of the legal firm of Hill, Lewis, Adams and Goodrich to serve as attorneys for the coming year.

Regular meetings of the Board of Education will be held during 1968-69 in the gymnasium of Monteith Elementary School, 1275 Cook road, at 7:30 p.m. on the second Monday of the month.

Other agenda items included approval of bonding in the amount of \$10,000 on each employe and \$100,000 each on the Director of Business and Finance and on the Treasurer.

They designated four banks for the establishment of commercial accounts and set the maximum amount for deposits in each. They also named banks for savings deposit receipt accounts.

The trustees re-established procedures for auditing and paying vouchers and re-created five accounts in the General Fund: payroll, petty account, custodian, travel, and health.

The trustees adopted by-laws for the coming year, received certification of the June 10 election from the Board of Censors, and adopted a resolution to float a tax anticipation loan in the amount of \$3,735,000 against next December's tax revenues.

Matters not on the agenda, discussed later in the evening were explosive in nature.

One member of the audience rose and asked Board members if Bill 3699 had been vetoed by Governor Romney. Members in-

formed the questioner that the Bill had not been vetoed to date. She then presented Mrs. Thompson with a copy of some campaign literature distributed by Citizens for Education, endorsing Barbara Thompson and Lee H. Allen, which stated parenthetically, that Bill 3699 had been vetoed.

Mrs. Thompson readily admitted the error and went on to say that the information that the Bill had been vetoed was broadcast over a local radio station and that she believed it to be fact, when it was added to the campaign literature. The questioner then said that the information could have, and should have been checked by simply calling the governor's office. Mrs. Thompson said she had no reason to question the validity of the statements broadcast.

Mr. Allen added that all Mrs. Thompson's and his campaign literature was signed and that if there were any questions, the reader could contact them, differing from other literature used in the campaign that was unsigned.

A letter sent by five of the Board of Education members during the last millage election was then discussed at length. At that time Mrs. Hykes, Mrs. Thompson, Mr. Short, Mr. Peebles and Mr. Pongracz sent a letter to residents of Grosse Pointe Woods by way of a clarification of a letter sent to Woods residents by Woods Assessor and Controller, Frederick G. Hornfisher. In his letter Mr. Hornfisher illustrated the effect the passage of the three school proposals would have on the 1968 tax bills. The four Board members felt that the letter was misleading, so in an effort to clarify this they composed a letter and sent it to Woods residents.

Trustee Fuchs said he did not approve the letter because the decision to mail it was discussed and made at an Executive Session, not at a regular, legal, official meeting of the board. Normally under these conditions a special board meeting could have been called but in this instance one of the board members was out of the City and the four members felt they could not wait for approval since the election was just one week away.

During the discussion it was also revealed that the four board members each personally paid \$98 out of pocket to send the communication. It was pointed out that the letter was not on board stationery and was unsigned. The accompanying letter which was included as a page in more than 10,000 Question and Answer booklets on the millage, was enclosed and did bear the letterhead of the Board of Education.

Big Rats Plague Hamilton Court

The Farms council, at its regular meeting held on Monday, July 1, promised that action will be taken to eliminate sewer rats in Hamilton court and surrounding areas.

The determination to take action was made following a complaint of an irate citizen who appeared before the council, and who told the solons that not only are the rats running on the surface of the ground, but also nest in the sewers.

The citizen, a woman residing in Hamilton court, informed the council members that on several occasions, in her own home, and in those of several of her neighbors, live rats, "not little ones, but great big ones" have come up into basements, through basement toilet bowls.

In one instance, she said, a huge rodent even came through a window in a second floor bathroom of a neighbor's house. Prior to coming to the council chambers to make her protest, the citizen said, her daughter was in the back yard of their property, when a large rat scurried in front of her and hid in the bushes. The disgusting situation has been prevalent for some time, and many complaints have been made to police and to the Department of Public Service, but to no avail, she added.

She said that a similar rat problem had plagued the neighborhood about four years ago, and that the city had placed poison bricks in various locations and the rats were eliminated.

Now, she charged, the problem has returned, and the city is not doing anything about it. Mayor William Butler, and City Manager Andrew Bremer, stated that the Farms does not have a rat control program, but it did have at one time. The program was discontinued when the rat population was exterminated in the city.

Bremer said that the matter of the present problem was called to his attention about a week ago, and he has taken steps to relieve the neighborhood, and the city in general, of rat-infested areas.

He said that poison bricks will be placed at certain points in Hamilton court and within a two-block area of the court, out of reach of people and pets, of course, and that this should effectively solve the matter.

The citizen was asked by the

B-B PISTOL FOUND

Dr. J. R. Hyland, 17200 Mack, called City police on Wednesday, June 26, to report finding a pistol on the roof overhang at the rear of his building. Officer Edmund Benthuyts found the pistol to be a new Daisy B-B pistol. It appeared that the pistol had only been on the roof for a short time. Inquiries were made in the area but no one had any knowledge of the gun.

 handcuffs on Clarence, Joe came running over and grabbed Drummond from behind. At this point Lanski grabbed Joe to

keep him off of Drummond. Joe then swung around and hit officer Lanski in the groin with his knee.
 Two Park officers, William Furtaw and Sgt. Bobby McAllister, who had come to assist City police, were also on the scene. Furtaw shot Joe LaBranche in the face with mace in an attempt to subdue him.

Taken to Station

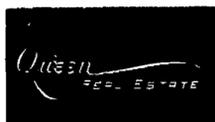

The two brothers were taken to the City station and charged as disorderly persons under the Preservation of Peace ordinance. Bonds of \$110 each were set. A third brother, Victor LaBranche, posted the bonds and the men were released pending their court date of July 23. Lopez was issued a witness notice for the same date. Officer Lanski was sent home due to the injury he had sustained in the hassle.

SPEAKERS STOLEN

Robert Kuhn, park superintendent, called City police on Saturday, June 29, to report that two radio speakers had been stolen from the overhang at the bathhouse in the City park. It appeared that the thief used a trashcan to climb up and over the fence to reach the speakers.

cent for him, and released him on \$5,000 personal bond, pending examination scheduled for Wednesday, July 10.

Knapp was arrested by Farms Patrolmen Thomas Kelly and Clarence Reichling, at about 8:40 p.m., July 1, at Lake Shore road and Edgemere.

The officers were dispatched to the scene when a phone call was received that a fight was in progress, and arrived to find Donald L. Paul, 22, of 2150 Fleetwood, holding Knapp on the ground, and a heavy four-inch chain about a foot away from the battlers.

Shouts Accusation

Paul said that he had been driving north on Jefferson, (Lake Shore in the Farms), when at 60 Lake Shore, Knapp pulled alongside of him and shouted that he had cut in front of him at Somerset and Jefferson. Paul said he stopped and got out of his vehicle to talk to Knapp.

As he approached the other vehicle, Paul said, Knapp jumped out, with a heavy chain in his hand, which he swung at him, hitting him on his right little finger. Paul said he wrestled the chain from his assailant, and threw it several feet away.

When Kelly and Reichling arrived, Paul explained that after he took the chain from Knapp and tossed it several feet away from where they were standing, Knapp ran to it and picked it up again, and charged at him, swinging the lethal weapon. Paul said he again took it away from Knapp and wrestled him to the ground.

Several motorists who were behind the pair, stopped when the fight began. They told the policemen that Knapp's accusation of being cut off was not true.

Knapp was placed under arrest and taken to the station, and released to Det. Joseph Miller.

Miller said that the Wayne County Prosecutor's Office approved the warrant charging Knapp with felonious assault, at about 10 a.m. Tuesday, July 2.

The severest penalty was handed to Robert F. Daniels of 33805 Vistaway, Fraser, who was found guilty of driving a motor vehicle while his operator's license was revoked. The violation cost him a fine of \$75, and 10 days in the Wayne County Jail.

north on Wayburn to the alley. Another scout car, carrying Patrolmen William Furtaw and Paul Konefke, came into the Maryland avenue entrance to the alley, thus trapping the suspect.

Park Police Capt. Arnold F. Hough reported that when the first car drove into the alley the suspect stood facing the patrolmen with a gun in his right hand. He then turned and ran toward Maryland. When the second car arrived, Hough said, he threw the gun to the alley pavement, and surrendered to the officers without resistance. The suspect was booked as a fugitive from Detroit police who picked him up and took him to Beaubien street headquarters.

Robbed at Gun-Point

He was identified as Harry

Taylor, 3864 Crane avenue, Detroit, a Negro, 24 years old. The victim of the hold-up was Bessie Gibson, 1219 Lyncaste who said the man walked into the store with a pistol in his hand, pointed it at her, and said: "Gimme the money." He took five \$1 bills and some change from the cash register, then demanded more. When told there was no more, he fled. The weapon he carried was a blue steel five-shot revolver.

Plan to Change Woods Ordinance

A recent ruling by Judge Edward S. Piggins, in Wayne County Circuit Court, issuing a writ of mandamus lifting the stop work order placed on the porch and/or family room of

the Gordon Petersons, of Brys drive, by Woods Building Inspector, Earl Wakeley, has resulted in the Council reviewing the definition of "Open Porches" in the city ordinance.

The Council, at its regular meeting on Monday, July 1, referred a proposed amendment to the ordinance, to the Committee-of-the-Whole for further study. Council members felt they wanted the term "Open Porches" more clearly defined. They also want the amendment to be more restrictive.

Thomas Schoenith, 585 Lakeshore, entered a plea of guilty for illegally entering an intersection, and paid a \$40 fine. David Lee McDonald, Route 2, Quincy Beach, Mich., was fined \$50 or five days in jail. Sentence was suspended when he paid \$15 costs.

Kenneth F. White, 12265 Congress street, Ypsilanti, was fined \$15 for speeding 45 miles per hour in a 30-mile zone, and \$40 for violating a law against a minor being in possession of alcohol in an automobile.

Because she was unable to produce a valid operator's license, Barbara Hughes, 2218 Ashland, Detroit, paid a \$30 fine. An illegal U-turn cost Ferdinand Hudson Jr., of 3041 St. Clair, Detroit, a fine of \$6.

Saverio Amodeo, 21516 Maple, St. Clair Shores, entered a guilty plea to speeding 50 miles an hour in a 30-mile zone, and was fined \$25. Donald Tavoularis, 1178 Beaconsfield, Grosse Pointe Park, was found guilty of running through a signal light, and fined \$8.

Martin Waliko, of 1417 Manistique, Detroit, arrested for speeding on April 28, and again on May 2, for having improper

license plates, failed to appear on his court date, and thus forfeited two bonds, one for \$15, another for \$10. A report was sent to the Secretary of State's office in Lansing.

Farms Will Extend Study Of Kerby Field Changes

The proposed improvements at Kerby Field, presented to the Farms council on May 27, which was prepared by a group of six interested citizens appointed by Mayor William Butler, has been referred, on Monday, July 1, to the Mayor's Advisory Planning Committee. A further study and recommendation will be given to the council at a later date.

At the start of Monday night's regular council session, the mayor said that he, City Manager Andrew Bremer and other officials made a survey of the tennis at the municipal garage, adjacent to the playground, and possible locations for proposed tennis courts.

He said that in the best interest of the community, he recommends that the report of the committee, which was headed by Councilman Richard Hudson, be given to the Planning Committee, which members are

highly qualified for a continued study of proposals. Mayor Butler requested that Hudson, and possibly the members of his study group, which prepared the report, would perhaps meet with the Planning Committee. The proposed improvements at the field would cost an estimated \$90,000.

It was unofficially stated that the Roland Gray Fund has offered to donate an undisclosed amount for the construction of tennis courts, provided these are located in the Municipal Pier-Park, leaving Kerby Field for Little League Baseball and Football, and Babe Ruth League and other sports participation.

At the hearing held on May 27, following the presentation of the report for the Kerby Field improvements, one of the highly discussed issues was the possible location of tennis courts, for tennis buffs, at possibly in the field, near the Farms Water Filtration Plant, at Moross and Lake Shore roads, or in the Pier-Park. Six tennis courts were suggested for an area now occupied by a baseball diamond at the easterly end of the field.

The field is used by the following groups: Little League Baseball, Babe Ruth Baseball, St. Paul Baseball, St. Paul Girls Softball, Little League Football, end of the field.

Mayor Butler said that the 1965-66 recommendation of the Parks Recreation Commission will be used in the study of the Planning Committee, and if it is necessary, professionals in recreation should be hired to help in the study of the proposed improvements at Kerby Field.

PENNY PITCHERS WARNED

City police received a report from Paul Gach, 345 Kercheval, on Monday, June 24, of six youths loitering in front of the building. Upon arrival officers found two of the juveniles pitching pennies. Officers sent them on their way. A few minutes later Chief Andrew C. Teetaert saw the two pitching pennies again. He took them to the station, notified their parents and released them with a warning.

You'll find that it is a lot easier to be critical than it is to meet the critical.

Accuse Motorist of Drunk Driving

Martin P. Doyle of 22851 Lake Shore, St. Clair Shores, was arrested by Woods police on Thursday, June 27, on a charge of driving while under the influence of liquor.

Patrolman Michael Ferrence, on patrol on Mack avenue, observed Doyle weaving from lane-to-lane, traveling north on the avenue, and pursued the motorist.

The officer said that he turned on his flasher and sounded his horn several times, but was ignored. He was unable to stop Doyle, the policeman said, because of the excessive weaving of the man's car.

Ferrence said that he finally stopped Doyle at Mack and Eight Mile road and requested Doyle's operator's license and car, registration. The patrolman said he detected a heavy odor of alcohol on the man's breath and informed him he was under arrest for drunk driving.

At the station Doyle failed the breathalyzer test, and he was issued a violation ticket for drunk driving. When he sobered, he was released after posting bond of \$100. His court date is scheduled for July 27.

DOWN AND OUT

Side-stepping your responsibilities in the battle of life is one sure way of ending up permanently on the side lines.

Expect Record Holiday Traffic

Record volumes of holiday traffic are expected on Michigan highways during the long Fourth of July weekend, the State Highway Commission said.

The Commission estimated that motorists will travel 819.6 million vehicle miles during the five-day period of July 3-7, nearly 240 million miles more than were traveled during the recent five-day Memorial Day weekend.

Rural volumes are expected to exceed the daily average by 54 percent, and motorists are urged to plan their holiday trips to avoid peak travel periods. All construction on state highways, excluding emergency repair and other work which does not interfere with traffic, will be suspended from 5 p.m., July 3 to 8 a.m., July 8.

"Every precaution will be taken to eliminate hazards and minimize inconvenience to the public due to road and bridge construction," the Commission said.

"The moving of construction equipment on or across public roads will not be permitted."

TOOLS STOLEN

Ernest W. Renas of 1221 Torrey road, informed Woods police on Saturday, June 29, that someone entered his garage and stole a tool chest containing various type of tools. He set his loss at a total of \$23.

**Melkite Patriarch Honors
Pointe Families With Visits**

As Eastern Rite prelate, whose residence is in the Park, and two Pointe families were visited by His Beatitude, Maximus V. Hakim, Melkite Patriarch of Antioch and of all the East, of Alexandria and of Jerusalem, who is traveling through the United States.

The patriarch, who last journeyed to the United States four years ago, as archbishop of Galilee and Jordan, visiting Melkite Roman Catholic parishes throughout the country, came to the Detroit area on Monday, June 24.

He arrived at Metropolitan Airport on the Monday date, shortly before the Most Rev. Francis Zayek, Apostolic Exarch of the Maronite Rite of the United States, the first so appointed by Pope Paul VI in American history. The bishop

had returned from a journey to another part of the country.

His Beatitude was the guest of Bishop Zayek for the day. The bishop is in residence at Three Mile drive and Jefferson.

On Tuesday, June 25, Patriarch Hakim addressed a special academic convocation at the University of Detroit. During the ceremony, he received a doctor of humane letters honorary degree from the Very Rev. Malcolm Carron, SJ, president of the university.

Following the presentation of the degree, the patriarch, whose plans for the balance of the evening were undecided, at the invitation of the Most Rev. Elias Koulieter, Bishop of Brazil, who is in this country, honored the home of Mr. and Mrs. George Koulieter of 1011 Kensington road. Mr. Koulieter is the bishop's nephew.

Mr. Koulieter, and his wife, Marie, unaware of the visit, nevertheless proved a wonderful host and hostess. With the aid of Mr. Koulieter's parents, Mr. and Mrs. Beshara Cueter (sic) of Detroit, and Mrs. Koulieter's parents, Mr. and Mrs. Michael Kikany of Roseville, and other relatives and friends, prepared a sumptuous Arabic meal for the dignitary and his entourage.

The entourage included the Most Rev. Joseph Tawel, Melkite archbishop of Cairo, and of all Egypt.

Following the meal, Patriarch Hakim, according to the traditions of the Eastern Byzantine Rite, blessed the Koulieter residence, George and Marie Koulieter, and their children, George, Jr., 13; Margaret, 11; Paul, 9; Joanne, 7; Michael, 5; and three-year-old Robert.

During his week's stay in Detroit, Patriarch Maximus V. Hakim was the guest of the Rt. Rev. Archimandrite Agabois Riashi, pastor of Our Lady of Redemption Church, McDougall and Charlevoix, Detroit.

On Wednesday, June 26, His Beatitude celebrated Solemn Divine Liturgy at the church, which was attended by the Most Rev. John F. Dearden, Archbishop of Detroit.

Following the celebration, the patriarch and his entourage were the honored guests at a banquet at the Sheraton-Cadillac Hotel in Detroit, sponsored by the Detroit Melkite community. Archbishop Dearden, unable to attend, was represented by the Most Rev. Thomas J. Gumbleton, Auxiliary Bishop of the Archdiocese.

On Friday, June 28, taking time out from a heavy schedule, Patriarch Hakim kept a promise, made four years ago, and visited the home of Mr. and Mrs. James Fikany, 1425 Grayton, brother and sister-in-law of Mrs. George Koulieter.

In the summer of 1964, Mr. Fikany and his wife, Jeanette, predicted that the next time the then archbishop visited Detroit, it would be as the Patriarch of all the Melkites. The visiting dignitary did not forget this, and insisted that before leaving Detroit, he wanted to see the Fikany and their family.

His Beatitude blessed the Fikany residence, the Fikany, and their children, Denise, 14; Mike, 13; Sharon, 11; James, Jr., 10; Joseph, 9; John, 6; and Mark, who is only two and a half years old.

Patriarch Hakim, who was elected to his high office last November on the death of His Beatitude Maximus VI Saigh, stopped in Chicago to attend the four-day Melkite Convention, held annually, each year in a different city. This year's convention was from July 1 through July 4.

Too many finished orators don't seem to know when to quit.

Shattered Alibi Nets Conviction

James D. Walsh 43 of 3650 Lincoln, Detroit, charged by Shores police with possession of a stolen car, was tried before Circuit Judge Benjamin Burdick on Wednesday, June 26, and found guilty by a jury. Judge Burdick set July 18 as the day for sentencing.

The jury deliberated only 20 minutes before bringing in a verdict of guilty, after Walsh's alibi that he borrowed the automobile from a friend, Eugene Genest, of Glen Gables Apartments in Detroit, was proved a lie.

Shores Det. William Marshall and Frank Mustazza said that they investigated Walsh's claim, and found that on the date that Walsh claimed he was loaned the car by Genest, and several days before and after, Genest was in Macomb County Jail, awaiting sentence in Macomb Circuit Court for a crime he had committed.

The detectives said that Walsh, and three witnesses in his behalf, swore that Walsh borrowed the vehicle from Genest but Marshall and Mustazza presented an impeccable witness, the custodian of the Macomb jail, who testified that Genest was in custody at the time. This testimony swayed the jury.

Walsh was arrested by Shores Cpl. James Jurcak on February 23 for speeding on Lake Shore road. When the man could not produce an operator's license or car registration the corporal took Walsh to the station. A check with the teletype reports on file, revealed that the car had been stolen in Detroit, and that the license plates on the auto had also been stolen.

Policemen Picket Council Meeting

Another concentration of "Blue Power" was stopped Monday night when policemen from the City of Grosse Pointe and Grosse Pointe Farms, who had joined policemen from 28 communities in picketing the St. Clair Shores City Hall at Jefferson and 11 Mile road, prior to a Council Meeting, were informed of the sudden death of Lt. Daniel Morrill of the St. Clair Shores Police Department. Lt. Morrill was on duty at the time of his death.

This was the second time in a matter of weeks that the St. Clair Shores City Hall was the target of "Blue Power" pickets. On Monday, June 17, members of police associations and their families, in an effort to show their combined strength, picketed prior to a council meeting.

Monday night's march was part of a continuing campaign to demonstrate to city administrators the strength and determination of the police associations' of the combined communities.

This "united front" is said to be the approach that will be used in the future by the associations. Most of the participating police associations are currently involved in wage negotiations.

Patrolmen from Romeo, East Detroit, Royal Oak Township, Macomb County Sheriff's Patrol, and Dearborn Heights were among last night's pickets.

Informed sources told the NEWS that no progress has been made to date, on local negotiations.

Leads Rescuers Of Trapped Unit

PHU LOI, Vietnam—The 1st Battalion, 18th Infantry, recently made contact near Tan Hiep, a small village 16 miles north of Saigon. Receiving heavy volumes of automatic weapons fire, they called for help.

Troop A and Troop B of the 1st Squadron, 4th Cavalry, immediately answered the call. Commanded by Lieutenant Colonel Thomas B. Tyree, Grosse Pointe, Mich., the 1st Infantry Division troopers established an L-shaped blocking position.

Opening up with rounds from the main guns of the tanks and with machine gun fire, the "Quarterhorse" laid down an impenetrable screen of fire. Troop A, commanded by Captain John E. Conley, Macomb, Mich., and Troop B, commanded by Captain Eugene L. Daniel, El Paso, Tex., succeeded in routing the enemy into the open, driving them into the deadly guns of "Huey" Cobra helicopters.

When darkness fell, enemy resistance faded, but small and sporadic action continued until the area of contact was swept. The enemy paid heavily that day as 245 bodies were counted.

Pointe Boat Club Rendezvous Set

Due to stormy weather warnings, last weekend's plans for a Grosse Pointe Boat Club rendezvous at Bridgeview Marina, Sarnia, Ont., were postponed until this coming weekend.

Any boats interested in joining the group, which will leave the Grosse Pointe City Neff Memorial Park dock Saturday morning, July 6, returning Sunday, July 7, should contact the flotilla captain, Al Turney, at TUxedo 5-3918.

Industry and prosperity may be spelled differently, but they mean about the same thing.

Feline's Taste Wins Approval

A cat may look at a queen... and it also may choose the type of cheese it desires... it says here.

Wallace A. Temple, a Detroit attorney who resides at 184 Fisher road, reports how he started what he calls "huggermuggery" as a result of a friend's cat who "turned up a supercilious nose at all brands of cheese except Black Diamond cheddar which sells at two bucks a pound."

This item was reported by Mark Beltaire, Pointer and columnist of the Detroit Free Press (a few hundred days ago, that is). The clipping regarding the gourmet cat, which was named "Sox" was sent to the Canadian firm which makes BD cheese.

A short time later there came to Bob Rosekrans of St. Clair Shores, the cat owner, a letter from Donald Greenleaf Joss, chairman of the board, thanking him for sending along the clipping.

"I am also a great admirer of cats, having had one myself for many years," Joss wrote. "One of the things that impresses me about cats is their obvious superior intelligence over other pets. Your cat certainly displayed his intelligence when he chose our cheese."

A few days later there came, addressed to "Sox", and bearing a cat's paw print on an attached card, a three-pound wheel of choice BD cheddar."

Automotive League World Series

Each season our league plays a best-of-three World Series between the champs of the first and second halves of our season. This year Pointe Dodge won the first half and Richard Buick the second to qualify to meet for the League Championship. In the first game, played Friday, Buick took the first game 5-4 behind Dan Clem with Terry Buda being charged with the loss. Both boys pitched excellent baseball but some careless fielding by both teams resulted in all of the scoring. Joe Baker, Don Darling and Corky Bogdziewicz collected Dodge's hits. Dan Clem, Terry Lynch, Bob Haas had one hit apiece for Buick while Dan Dykstra collected two.

The sun, which was noticeably absent all week finally came back on Sunday for the second game of the Series which saw a well played game by both teams. Len Constantine took the win from Scott Burns who had relief help from Dan Dykstra, to lead Dodge to a 4-2 win which evened the Series at one game apiece. Dodge hitting was supplied by Joe Baker with two, Len and Dave Constantine, Bob Swor and Mike Gille, and Phil Wenzell whose first inning single drove in two runs. Marty Schaurr led the Buick attack with two hits and an RBI, while Scott Burns, Dan Clem, Terry Lynch and Bob Haas each added safeties.

I Am An American

By Walter W. Fuller

(Editor's Note: Several years ago Mr. Fuller, now a member of the Grosse Pointe News' editorial staff, wrote a column, "I Am An American." It achieved wide distribution throughout the United States, was reprinted in pamphlet form, and entered in the Congressional Record. We believe its message is more timely today than when written.)

I AM AN AMERICAN. For more than 300 years my ancestors lived on and loved the soil that is the United States of America. I would, if necessary, give my life for my country, if it would guarantee the preservation of her democratic freedom for my children, and their children.

I AM AN AMERICAN. I love the great Nation in which I was born. I love its immense expanse of fertile fields, its bustling, smoke-grimed cities, its peaceful villages, its picturesque cross-roads settlements, its rushing streams, and placid lakes, its snow-capped mountains, its towering forests, its farms, its sea-coasts, and its vast new network of man-made superhighways.

I have lolled on the rock-bound coast of Maine, and peered out over the vast expanse of emerald water that is the Atlantic Ocean. I have tramped through the New Hampshire hills, and basked in the brilliant sunshine at Miami Beach. I have skirted the Columbia River, watched the boats on Puget Sound, cruised around the Great Lakes, fished for perch and bass in Lake Huron's Potagannising Bay, off Drummond Island. I have gawked at the skyscrapers in New York, and smirked at the snobs in Hollywood.

I have ridden the cable cars in San Francisco, joined the hippies in the city park at Sausalito across the bay. I have climbed Lookout Mountain at Chattanooga, and strolled on the Gettysburg battlefield, looked upon the myriad beauties of our Nation's Capital, slept high in the wilderness of Yellowstone Park.

I have tasted the delectable viands in New Orleans, have stood in the shadow of the Alamo at San Antonio, have wandered over the Boston Common, strolled the streets of Santa Fe at dusk, ridden on a huge flat-top, the "Saipan", out of Pensacola.

I have seen and done all this and more in my America, yet I do not love Maine more than California, Michigan more than Florida, Oregon more than Texas. I do not yearn for Seattle, or Dallas, or Atlanta. They're ALL mine, for I am an American. I love my country — ALL of it!

I AM AN AMERICAN. I have visited Montmartre clip joints and thumbed through the book stalls along the Seine in Paris. I have watched the changing of the guards at Buckingham Palace, and listened to the radicals rant in Hyde Park.

I have traveled the canals of Amsterdam, puffed my way up the Alps at Lucerne and Montreaux, awakened to the clanging of innumerable church bells at Cologne, and cruised down the Rhine to Wiesbaden. I have crossed the English channel on a storm-tossed steamer, and sat in the misty dusk along the River Clyde. I have watched bullfights in Mexico City, the high divers at Acapulco, and visited the stinking downtown market at Port au Prince, Haiti.

I have sauntered along the Prado in Havana in the moonlight, have viewed the awesome Canadian Rockies at Banff and Lake Louise, have joined the strollers on Dufferin Terrace high above the St. Lawrence river at Quebec, and watched the gambling at a casino at Agua Caliente. I have visited all these places — and more — but I still love my country best.

I AM AN AMERICAN. If you don't like me and my country for what we are, then be on your way. There's no place for you around here. If you don't like us, and the American way, then pack your bags, gather your scorn, and skedaddle back to your homeland.

I AM AN AMERICAN. I believe there are millions of aliens who have come to our shores during the past half-century who have become even more dedicated and enthusiastic Americans than many who were born here. They have joined together to revel in their new-found prosperity, security, and freedom, and to help make this the greatest nation the world has ever known.

I AM AN AMERICAN. I am proud of my country and its people, the vast majority of whom are law-abiding patriots. To those who would betray this great land of liberty, this vast area of unlimited opportunity, may I not ask you to join with all good Americans in building, instead of destroying, in preserving instead of ruining.

Think hard before you toss a fire bomb, vandalize a school, or join in a riot, violate a law, participate in crime in the streets, or attempt to carry on any other of your proposed nefarious misdeeds. Ponder the future because your game is a losing one. You are certain of failure because your cause is unjust. So stop before you start!

I AM AN AMERICAN. If America goes down I want to go down with her. If she is to be destroyed then I wish to be destroyed. But America is NOT going down! I am confident that the Republic of the United States can stand for hundreds of years to come so that the generations not yet born will enjoy the precious liberties we have known.

I am convinced that our nation is going onward and upward despite the ill-advised acts of anarchists, assassins, arsonists, saboteurs, revolutionists and communists who growl in darkness.

I AM AN AMERICAN. I am certain that America and Americans will live in prosperity and freedom long after the dictators of the world have turned to dust.

I am positive that America — the United States I love — with the help of all truly patriotic, thinking citizens, and with the help of an all-seeing God, will rise above her present multitudinous problems to become a great and more magnificent land than ever before. So be it!

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools
Have our academic standards declined in recent years? From data contained in two sets of objective statistics maintained by the Grosse Pointe Public School System it would seem that, if anything, they have improved.

For example, from our record of 1651 graduates of Grosse Pointe High School who were recommended for the University of Michigan, a study spanning the years 1932 through 1967, we find that last year's graduating class had 17 percent "A" marks, the highest percentage since 1945 (with 19.5 percent), compared to 11 percent in 1932. Readers may be interested in learning that the all-time low for our entering freshmen was in 1936, when not one of our graduates received an "A" during his first semester in Ann Arbor. The year was notable for another reason: 25.6 percent of the University of Michigan freshmen from Grosse Pointe received marks of "D", an unequalled record to date, although members of the Class of 1949 came the closest, with 18 percent in the "D" category.

Incidentally, no failing marks were given to our students during their first semester in Ann Arbor in 1939, 1943, 1946, 1953, or 1954.

A second statistical table, "A Summary of First Semester College Marks 1932-1967", is a study of more than 6,000 recommended graduates of Grosse Pointe High School.

In 1935, for example, 47 graduates of our high school entered 21 different colleges. The summary of their first semester grades shows that 14 percent received grades of "A", 31.5 percent "B", 43.6 percent "C", 9.5 percent "D" and 1.4 percent "E".

Five years later we had 80 that year, compared to 1935, graduates attending 31 colleges. They earned 2.4 percent fewer "A" marks and 2.5 percent more "E" marks during the first semester.

By 1945 the number of "A" students was the same as in 1935 and the percentage of failures was 2 percent. That year 87 graduates attended 31 colleges.

In 1950, 7 percent of our 143 graduates who entered 51 colleges received "A" marks, 28 percent "B", 47 percent "C", 14 percent "D" and 4 percent "E". The figures for 1955 show the following: "A"—14 percent; "B" 35 percent; "C" 42 percent; "D" 8 percent; and "E" 1 percent. That year we were represented on 41 campuses by 145 graduates.

Five years later our graduates received 10 percent "A" marks, 37 percent "B", 41 percent "C", 9 percent "D", and 3 percent "E". The group of 256 attended 73 colleges. And figures for 1965 reveal this breakdown: "A" 13 percent; "B" 31 percent; "C" 42 percent; "D" 10 percent; "E" 4 percent. Our 389 college entrants attended 89 institutions of higher learning.

Other points of comparison taken from the first and last years of our study reveal that 12 percent of the Class of 1967 earned "A" grades compared to 10.7 percent of the Class of 1932. The Class of 1967 produced slightly more "B" marks, the "D" and "E" marks than 1932.

It may be of some interest to learn that the highest percentage of failing grades was earned by students in the Classes of 1932, 1933, and 1934.

And finally, I might discuss honor point averages.

The average difference for honor points between high school and first year of college for the years cited is 47, which demonstrates a fairly consistent range, no marked decline in recent years between the two sets of figures.

In summary, it should be noted that as our number of graduates increased, they were admitted freely to more and more colleges and universities across the nation. Further, there has been a fairly consistent relationship between high school and college (first semester) honor points.

It is also interesting to note that in spite of increased pressure on college students and reports of a more demanding and rigorous curriculum in institutions of higher learning, that Grosse Pointe students have more than held their own.

Letters to the Editor

To the Grosse Pointe News:
Would you be kind enough to print this in your newspaper? So many contributed to the Ernie Bauer Memorial Fund, and no list was made. This seems to be the only way in which I can thank the many who contributed.

Thank you,
Carol Bauer

To the Friends of Ernie Bauer:
Your kindness, thoughtfulness, and generosity has lightened the darkness which engulfed me on the death of my husband. Ernie lived by a simple code: It is not whether you win or lose, but how you play the game that counts. You "played the game" in a way which would have made Ernie happy; it brought comfort and consolation to me and our children.

Words cannot express my gratitude for your support at a time when all my moorings were gone. Some of you I have spoken to personally, but some of you were so kind in an anonymous way that I have not been able to contact you.

Therefore this "open letter." To all of you go my gratitude and thanks. You have proven again that there are people who care, and this makes all the difference!

Sincerely yours,
Carol Bauer

Letter to Editor
To the Editor of the Grosse Pointe News,

May I publicly acknowledge my gratitude to a group of young people and their friends who belong to the Grosse Pointe High School Special Education Volunteer Program? For the last two Thursdays these teenagers have given up their leisure to devote the day helping care for nursery-age retarded children from Plymouth State Home.

These little ones have been transported by bus to the Children's Zoo at Belle Isle. As they arrived, willing hands reached out to carry them around to see the animals, then picnic. For many of the Plymouth children, this was their first experience away from the walls of a state institution.

The trip would not have been possible without the help of Mary Brake, Laurie Breckenridge, Jim Hart, Kris Kotowski, Ann Malcom, Jan Nelson, Margie and Paul Odell, Tom Sweet, astowski, Martha and Janet Thomas and Nancy Wing. You are a great bunch!

Sincerely,
Mrs. David E. Hyde

Dear Sir:—
When I first read Pepper Whitehead's editorial, I wanted to cut it out and send it to our local hospital emergency. In-

stead of defending a very poor system, it would have been much more honest of the employees who wrote to admit their deficiencies.

Would someone please explain why it took four hours for my seven-year-old daughter's arm to be set? Most of this time was spent waiting for x-rays. And it wasn't ten o'clock at night; it was three until seven in the afternoon. Although I wasn't afraid my daughter would die of her arm injury, it was very painful for her.

I would also like to ask Mr. Young if he wasn't aware before he took the job that he would have to work holidays, etc. He does get paid, doesn't he?

I sympathize completely with Mrs. Whitelaw. I've been there, too.

Sincerely,
Patricia E. Holmes

To the Editor:—
As a Grosse Pointe resident I would like to register my complete disapproval of the action of the Grosse Pointe Motion Picture and Television Council and of Mrs. DeClerq in particular.

I am amazed that she can imagine that her "Freedom of Choice" gives her the authority to determine what films the community should be allowed to see. I would remind Mrs. DeClerq that I, too, have the "Freedom of Choice" (in spite of her attempts to limit it), but I do not attempt to transform my personal taste in films into community dictums.

Perhaps I thought that "Babes in Toyland" was trash. This would hardly give me the right to prevent Mrs. DeClerq's children from seeing it, and I would never think of demanding that Walt Disney epics, artistically trashy though they are, be withdrawn from local theaters.

The action of the Motion Picture Council is only slightly less ridiculous. Who gave Mrs. DeClerq the right to determine what is trash?

"The Fox" was a boring and banal film to be sure, but it was hardly unique among current Hollywood offerings in that sense. What undoubtedly aroused the self-righteous indignation of the Motion Picture Council was the frank way in which the film dealt with sex, but whether the council considers cinematic depiction of onanism and lesbianism "trash" or not is irrelevant.

If Mrs. DeClerq does not want to see such things in movies she may exercise her "Freedom of Choice" by staying home. Please, Mrs. DeClerq, let me see the movies I want to see.

What Goes On at Your Library

By Virginia Leonard

Summer, in our Processing Department, is not a time when we nod gently over our typewriters, slow down to a hot-weather pace in our other duties, and wonder what we will do next. Right now, there are probably more books in various stages of being catalogued, than at any time during the past year. But, what with air conditioning and a fine spirit of "gung-ho-ness" on the part of all my staff, we push on, damping the torpedoes as we go.

What are some of these new books that we are processing currently? Are you involved in taking your children to the zoo these days? Then you might enjoy THE WORLD OF ZOOS by Rosl Kirchshofer. Here is a book to delight all animal lovers, with wonderful illustrations, in black-and-white and in color. It also includes a comprehensive gazetteer section, listing and describing, country by country, zoos, aquariums, and wildlife preserves in every part of the world.

If you are travel oriented these days, then we suggest TWO THOUSAND YEARS IN ROME, by Richard & Barbara Mertz. Here is a chronological guide to the Eternal City, including works of art, monuments and history.

If you are stock-minded, how about J. W. Hazard's CHOOSING TOMORROW'S STOCKS TODAY. The author, for 20 years, has written investment articles for CHANGING TIMES. The result here is one of the most complete and up-to-date handbooks on successful personal investing.

If you hit a particularly hot day, perhaps Edward Shenton's EXPLORING THE OCEAN DEPTHS would cool you off a bit. This book relates adventures with the Cousteau Diving Sauter in the Pacific. The author traces the history of this small, unique and amazing craft. The dives themselves are recorded mostly in the words of the scientists as they describe the scenes and phenomena found on the ocean floor.

Those of you who were fascinated by EDGAR CAYCE—THE SLEEPING PROPHET, will be happy to learn that Jess Stearn has now written THE SEARCH FOR THE GIRL WITH THE BLUE EYES—the story of Joanne MacIver who "remembers" a previous life she lived, one hundred years ago, as Susan Gannier. So, if reincarnation is your cup of tea, we have another interesting story for you.

How's the diet coming along? Maybe you'd like to know HOW THE DOCTORS DIET. This book, written by Peter and Barbara Wyden, is the result of the authors' asking eighty-nine leading doctors to describe how they have kept fit. So here is not a case of "tell us what to do to lose weight," but rather, "tell us what you have done to keep fit."

FROM THE WRIGHT BROTHERS TO THE ASTRONAUTS by Meior Foulois represents the memoirs of a man who was instrumental in making American aviation what it is today. His career spanned six decades; his close friends ranged from Wilbur Wright to Douglas MacArthur and Curtis LeMay. Here is the story of

powered flight in America by one who certainly knows what he is talking about.

With the constant news of heart transplants, it was inevitable that THE TRANSPLANTED HEART would be written. This particular treatment is written by Peter Hawthorne (a freelance journalist and South African correspondent for various American and British news media). It tells the dramatic story of the history-making transplant operations by Christian Barnard and his team.

Another delightful little book, somewhat special in appeal, is PLAYING CARDS by Roger Tilley. This is a fine illustrated history of playing card designs from their origins to the present day. The author was formerly responsible for the playing card collection in the De La Rue Museum in London. Most of the cards used as illustrations were specially photographed at the British Museum, where the De La Rue Collection is now housed.

A volume of "The World Ancient Culture Series" is THE WORLD OF THE NORSEMEN, by Eric Oxenstierna. This series is attempting to bring to life the great civilization of the past as they are revealed through archaeological research. The current volume covers the antiquities of Scandinavia and is handsomely illustrated.

Another new title is THE COMMON SCENTS OF SMELL by Russell C. Erb. The sub-title is: "How the nose knows and what it all shows." Here is the opening paragraph: "Are you troubled with elephants running over your premises, your lawn and gardens? This can be annoying, but hope is in sight. Get yourself a few camels. The pesky elephants will leave, scurrying (if that's what elephants do) to other lawns in the neighborhood. Of course, you may then be stuck with a camel problem. Elephants, it is said, just hate the smell of camels." Frankly, I can hardly wait to read this book!

I seem to have given you a bit of this and that, but perhaps, somewhere, I shall have mentioned a title or two that will pique your interest or curiosity. I hope so.

From Another Pointe of View

There's a sparkling evening in store for Pointers this fall, a jewelry auction benefitting the Archives of American Art to be held September 20 at the Detroit Institute of Arts.

And just HOW sparkling the evening will be you may judge for yourselves, after learning that the first acquisition, gift of an anonymous donor and presented to the auction committee via honorary chairman Mrs. Henry Ford II, is a \$10,000 cultured pearl necklace!

Pointers Frederick K. Cody and Selden B. Daume, Jr., are auction co-chairmen. Mrs. Peter R. Fink heads the Grosse Pointe Acquisitions committee, (similar committees are operating in Dearborn and the Birmingham-Bloomfield Hills-North Side areas).

This jewelry auction will be the 1968 major fund-raising activity of the Archives, the world's largest research institution devoted to American Art, founded in

A candlelight ceremony in Immanuel Lutheran Church marked the marriage of MARCIA KAREN BOCK, daughter of the Frederick M. Bocks of Lakepointe road, and Mr. Hergenroether, son of the Robert H. Hergenroethers of Mt. Clemens, formerly of Roslyn road, on Saturday, June 29.

Mrs. Thomas Carle Allam

Grosse Pointe Woods Presbyterian Church was the setting for the marriage of SANDRA LEE NICHOLL, daughter of Mr. and Mrs. Vernon S. Nicholl of Woodmont road, and Mr. Allam, son of the Albert Allams of Oscoda, on Saturday, June 15.

Susan Burrell Speaks Vows

A gown of ivory linen, fashioned with a slim, tapered skirt and a small train and accented at the bodice and sleeves with white appliques, was chosen by Susan Lee Burrell for the evening ceremony Saturday, June 29, at which she became the bride of Robert Paul Gardner.

Her long mantilla was fashioned of sheer nylon net, and she carried a bouquet of white Sweetheart roses and daisies.

Grosse Pointe Congregational Church was the setting for the 7 o'clock double ring rites. The Reverend John Estes, Jr., officiated at the service.

The new Mrs. Gardner is the daughter of Mrs. Grace Burrell, of Lancaster road, and James V. Burrell, of Detroit. The bridegroom is the son of the Marvin Gardners, of Utica.

Honor maid Leslie Weesner, of Oak Park, Ill., and bridesmaids Jill Bode, of Kalamazoo, Joanne Proeitto and Ann MacDonald, of Lansing, wore floor length linen frocks accented with small green and white floral appliques. The bridesmaids' gowns were eggshell yellow, the honor attendant's a deeper yellow shade.

Their headpieces were fashioned of yellow bows and net. They carried baskets of white daisies, with an accent of yellow daisies in the maid of honor's arrangement.

Flower girl Pam Podlaskowski wore a yellow dress and carried a miniature basket filled with yellow and white daisies.

The bridegroom asked Robert Haywood to act as best man. Guests were seated by Paul Hencken, of Lehighton, Pa., cousin of the bridegroom, Norm Gross and Gary Gould.

For her daughter's wedding and the reception at Georgian Inn following the ceremony, Mrs. Burrell selected an ice blue A-line dress and a light pink Sweetheart rose corsage.

The bridegroom's mother wore an aqua ensemble. She, too, chose a pale pink Sweetheart rose corsage.

The newlyweds will make their home in Mount Clemens. Special guests included the bride's maternal grandparents, Mr. and Mrs. G.P. Lozier, of Mt. Dora, Fla., and the bridegroom's grandparents, Mr. and Mrs. Paul Anderson, of Utica, and Mr. and Mrs. F.S. Gardner, of Hillsdale, N.J.

People who have the ability to accomplish things can afford to let others do the talking.

Onions & Real Estate

George, the Greek, used to run a little lunch room in the Chicago Loop. George wasn't much of a business man but he had one idea that always produced results.

When business got dull, George would call to his helper, "Throw some onions on the grill."

Soon the odor of onions on that sizzling grill would drift through the window onto the sidewalk. One passer-by after another would hesitate, come in, and order a hamburger until business was soon booming again.

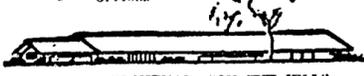

WELL, WHAT HAVE ONIONS GOT TO DO WITH REAL ESTATE?

Nothing, really. This little story is just our way of throwing onions on the fire — of letting you know we specialize in the sale of Grosse Pointe properties and that the above-pictured home is one of our most attractive offerings.

Only 8 years old—in immaculate condition—located on corner of nice winding street — and very fairly priced. Accommodations include a vanity, breakfast room, sharp modern kitchen with all built-ins; 4 bedrooms, 2 baths, family room (14½x32), recreation room (15x25), patio, lawn sprinkler, all attached carpet and draperies, and a beautifully landscaped site 170'x140' in size—

PURDY & EDGAR celebrates the GLORIOUS FOURTH by lifting the lid on this spanking new listing. Even if you deplore such pyrotechnics we believe this sparkler will be sure to dazzle you.

ALL THE OTHERS can't hold a Roman Candle to this ranch house on S. Oxford Road. Two large bedrooms, and a family room almost as big as the living room. The full basement has two rooms and a bath which might be used for live-in help. Don't be a punk . . . see this one today, 'cause it has a short fuse.

LET ONE of our firecracker salespeople prance you through this painted white Cape Cod in the Shores. The owner is preparing to launch out of this town, so is ready to pop for a deal. Better see this one if you want the convenience of first floor living but must have a house with additional bedrooms and baths on the second floor.

EVEN THOUGH we are celebrating our independence from the English, we can't but admire their fine taste in architecture as exemplified in this splendid two family townhouse on Trombley Road. Each apartment includes four bedrooms and two full baths. The large living rooms have beamed ceilings and tremendous fireplaces. The attached garage is heated with new electrically controlled doors to four parking spaces.

WITH DUE RESPECT to the French we are offering in commemoration to their upcoming Bastille Day, this French influenced townhouse just few doors down the street. Also boasting four bedrooms in each unit, the buildings both have complete apartments on the third floor. Put a bomb under your spouse and get out to see these today.

TRADITION, condition, and your ambition might be the formula which will put you into this five bedroom colonial on Webber Place. If you appreciate the traditional architecture influenced by the Georgian period, if you demand a home that's been kept in excellent condition, if you have the ambition to step up to a prestige home; then check this one before your neighbor does.

PEAK of Perfection . . . is this newer five bedroom, story and a half offering in the Farms. Only a few blocks away from Hill Shopping and most schools. Party-sized family room and secluded party-sized backyard patio. This house has recently been completely redone, and the owner will move quickly to accommodate a buyer.

THE CITY is the locale of this larger, three bedroom offering with two baths on the second floor. The master bedroom has a dressing room and its own bath. Dining and family activities are combined in a gigantic room which stretches across the rear of the house. Owner has purchased out of State and desires a quick sale here.

910 GRAND MARAIS HERE COMES de Judge, and his verdict is that for charm you can't beat early American architecture. On Grand Marais we present as evidence this four-bedroom deceiver which also supports two more bedrooms over the attached garage. This one pleads guilty of having fireplaces in both the living room and the library. But you be the jury... we know it's the best buy around... bar none.

Babe Ruth

(Continued from Page 13) Indians when he got all their hits. Sunday morning under sunny skies for a change, the Red Sox and the Cards played a game that had been scheduled for the day before. It ended up in a tie that could not be played off because of previous commitment of the Red Sox. The Cardinals scored 5 runs in the first two weeks ago when their ace pitcher Jim Van Eaman suffered a hairline fracture which put him out of the line-up for the rest of the year. Mark Guttwald went all the way for the Sox. McShane, Saracino and Callina shared the pitching for the Cards. The Cardinals scored 5 runs in a big 2nd inning. The Sox bounced back with 3 in the third inning and 3 in the fifth. Each added a run in the sixth and the Sox tied it up in the last of the 7th when time ran out. For the Sox the heavy hitting came from Nally, who hit 3 for 4, and Heels and Charlton, who each had 2 singles. For the Cards Pollina had a double and a single and Carachi had 2 singles. The Tigers were rained out all week. The final week should be hectic.

Rain washed out all but two of the regularly scheduled games. On Monday, in a 9-inning thriller, the Giants rallied to defeat the Cards, 7-6. The first on a hit by John Renaud and a long sacrifice fly by Steve Kennel in the third inning, the Cards loaded the bases but failed to score. In the 4th, David Kennel led off with a triple, but was left stranded on base. In the 6th inning, the Cards scored 3 runs on singles by Coraci, Pollina, and Saracino, a sacrifice fly by Cornillie, and three walks. The Giants bounced back to tie the score in their half on walks, singles, and Dave Kennel and Shirkers by a sacrifice bunt by Tony Chaplow. The score remained tied until the 8th, when the Cards scored 3 runs on singles by Thomas and McShane plus Giant errors. Everyone thought the game was over except the Giants, who came back with singles by Shirar and Kalsaros, a double by John Knight, and, (with two outs), a game-winning single by Doug Graham. Chet Brown pitched five innings for the Giants and was relieved by Doug Graham who took credit for the win. On Friday, the Braves and White Sox managed to complete their game before the evening rain came, with the Braves winning, 5-1. Mike Getz held the White Sox to 2 hits while striking out 12 batters. Mike Bell slammed two triples and John Torlone hit a double for the victors. On Saturday morning, the Braves and Cards had a close game for six innings. Then the Braves combined hitting with Cardinal errors, and the game ended with the score 12-1 in favor of the first-place Braves. Don Briggs hit two doubles and winning pitcher Brian Kinsley helped his cause with a triple. In a Saturday afternoon game, the Dodgers had the edge on the Phillies, 5-4, but at the end of three innings the game was called because of rain. Going into the last week of play, the Braves are leading by a comfortable margin, having lost only one game in the second half.

THE HAPPIEST DAY OF MY LIFE

"What a relief! I tried selling my home myself... but never again. I had calls at all hours of the night, people overrunning my home; 6 sales that folded up and people wanting me to arrange financing. And no sale. The happiest day of my life is when I called an expert to help me... an MLS Realtor. He solved my problems with a successful sale."

1954 in Detroit and still deriving most of its financial support from the Metropolitan Detroit community.

A "Phillips Family" Production

Nine outstanding new films will be presented at the Grosse Pointe War Memorial's Fries Auditorium Friday evening, July 12, in the "Festival of Short Films" benefitting the Grosse Pointe Committee for Open Housing.

We're anxious to see them all, of course . . . But we're especially anxious to see "Leaves," a 15-minute film which will have its world premiere showing at the Festival.

"Leaves" was written, produced, scored and directed in Grosse Pointe. It is the work of advertising agency vice-president Ronald L. Phillips, his wife and two sons, who make their home in Whittier road.

The other films on the program are recent prize-winners produced in the United States and abroad.

They include "Help! My Snowman Is Burning Down," "The Insects," "Day Of A Painter," "23 Skid-doo," "Symmetry," "Time Piece," "The Violinist" and "The Interview."

Most of these films will be seen for the first time in the Detroit area. There'll be two Festival showings, at 8 and 10 o'clock. Mrs. Foster Braun, Mrs. William H. Kessler and Mrs. Douglas A. Sargent are handling advance ticket requests.

An "Angelic" Afternoon

How would you like to join an angelic company next week? You can—if you'll "Be an Angel" and come to the beautiful benefit bridge-brunch, (lots of lovely prizes are promised), sponsored by the Auxiliary of the Dominican Sisters of the Sick Poor.

Heavenly setting for the festivities will be the Crystal Ballroom, overlooking Lake St. Clair, of Grosse Pointe War Memorial's Fries Auditorium and, with a committee headed by Mrs. Janarius Mullen, Mrs. Joseph Bejin, Mrs. Kurt B. Lagerfeldt, Mrs. James Roche, Mrs. Jerry Flanigan and Mrs. Edmond Dilworth, the party can't help but be something special . . .

Mrs. Charles W. Talbot, Auxiliary president, will greet guests at 11 o'clock next Thursday morning, July 11, when brunch will be served.

Mrs. Walter Fisher will help with the tickets. They are \$5 each, and should be reserved by Tuesday, July 9, by contacting Mrs. Bejin, of Lakeshore road, (881-1020).

Party proceeds will aid in educating and training the Sisters in their work for caring for the needy sick.

An "Outdoor" Day

The Grosse Pointe Yacht Club will be the "jumping off" place again this year when Detroit Athletic Club's Beavers stage their traditional outing at the Old Club in St. Clair Flats next Tuesday, July 9.

And, as always, a highlight of the expedition will be the classic baseball game, Beavers versus DAC Bowlers, which brings to the winners that coveted milkcan of unknown vintage.

Arthur D. Cronin, chairman of the Old Club committee, and co-chairman Ivan Fiscus have announced that the "happening" will get underway as usual with a buffet breakfast at GPYC at 9 o'clock.

Then, promptly at 10, more than a score of cruisers will leave for the trip across the lake and the day's activities. The championship game will follow luncheon.

For those with other interests there'll be swimming, water skiing, tennis, shuffleboard, trap shooting . . . and an Award Presentation Ceremony following dinner at the Old Club before the trip back across the lake . . .

About 300 DAC'ers are looking forward to the event, and many who are boat owners will be providing the cruisers for transportation from the mainland.

Notes On Another Cruise

This seems to be the year for large groups aboard the Bon Secours Hospital Assistance League's annual Bob-Lo cruise.

The young Tom McArthys have made arrangements for a group of THIRTY-FOUR who'll eat, drink and be merry on the Bob-Lo boat next Wednesday evening.

The Theodore Trefzlers will host a group of 24, Dr. and Mrs. James Kennary, Jr., will be in a group of 10, the Emmet Tracys will have a group of 15 and the Hans Gehrkes a group of eight.

Partying together will be the John Verbiests, Dr. and Mrs. Robert Coleman and the Joseph Schrages. And, of course, Mr. and Mrs. Leo Marx, (she's League president), will be on hand for the fun . . .

Pointer of Interest

MRS. HERBERT A. WENDT, OF MACK COURT.

"Success is in the way you walk the paths of life each day; It's in the little things you do and in the things you say; Success is not in getting rich or rising to fame, It's not alone in winning goals which all men hope to claim; Success is in the glad hello you give your fellowman; It's in the laughter of your home and all the joys you plan. Success is being big of heart and clean and broad of mind; It's being faithful to your friends, and to the stranger, kind; It's in the children whom you love, and all they learn from you, Success depends on character and everything you do."

These words by Edgar A. Guest are Mabel Wendt's philosophy of life. Mabel, Queen of Ahmos Temple 63, Daughters of the Nile, is a successful, happy, helpful woman.

She and her husband, Herb, a manufacturers' representative, devote much of their lives, both social and service, to Shrine work.

Herb is a 32nd Degree Mason, a Knight Templar, a Shriner and a member of Detroit Court #28, Royal Order of Jesters, an Honorary Degree of the Mystic Shrine, to which only 13 men are elected each year.

Even Mabel's courtship days had a Masonic touch . . . she met Herb when he was a De Molay. Because Herb is an avid bowler, the Wendts attend all Shrine bowling banquets. "In fact, smiles Mabel, "We haven't missed a bowling banquet in 24 years."

Have Perpetual Ball From the sparkle in Mabel's eyes when she talks about their lives together, you know she and Herb have a ball whether at a Bowling Banquet or a Ball. They just plain enjoy each other's company!

Mabel joined the Daughters of the Nile in 1944 and has loved every minute of her association with the group. She relates some of the history of the organization: "The Daughters of the Nile originated in Seattle, Wash., in 1913, with a ritual of ancient Egyptian rites and ceremonies. It is an International Masonic organization with close to 75,000 members in 129 temples. It is composed of wives, daughters, mothers, sisters and widows of Shriners of the Ancient Arabic Order of Nobles of the Mystic Shrine.

Hospital Helpers "The Daughters' philanthropic work is for out-patients of the Shriner Hospitals, (there are 21 of these hospitals located all over the United States).

of Borealis stones. It can only be worn at official functions, and symbolizes the office of Queen," she smiles.

"Herb and I try to attend all the Shrine conventions . . . in fact we are planning to attend one in Chicago this month," she adds.

"We've also taken cruises to Saginaw, Bermuda and the Caribbean . . . we enjoyed them so! I guess that's because both of us love to travel and enjoy our Shrine friends so much."

The Wendt's home in Mack Court is a rambling ranch. The large garden is a fantasy of roses, geraniums and penulias, most of which are in shades of pink. Mabel's favorite color.

The interior of her home is decorated in pastel shades of lavenders, beiges and blues. Touches of Mabel's femininity are apparent throughout the decor.

Loves Birds, Squirrels Birds in any form are Mabel's favorites. Throughout her house are representations of birds in crystal, china, pottery and metal.

Squirrels — real live ones — have also joined the Wendt family. Mabel has two favorites, "George," a big, brown baby who appears daily for his "treat" and "Freddie," the poppa, who never misses a daily visit and his snack.

"I think the parent squirrels train their babies to visit us," Mabel laughs.

The Wendts have lived in The Pointe since 1949. Herb is a native Detroit. Mabel is from Alpena. "Herb teases me about being in a rut . . . you see I was baptized, confirmed and married in the same church, Grace Lutheran Church, in Alpena . . . in fact, I'm still a member there," grins Mabel.

Mrs. Wendt has always been a busy lady from the days she spent doing secretarial work right up to today when she devotes her time and energy to the Daughters of the Nile. But she's enjoyed her busy life especially her work for the Daughters.

"I feel so privileged to be able to do this work for them, it's worthwhile and the friendships I've made have been priceless," she says.

And obviously, Mabel means what she says.

Where It's Happening . . . in the fashion world . . . that's where Walton-Pierce is! They have been in Italy at Pucci Palace selecting Emilio Pucci's newest designs for fall. They bought silk jersey and wool jersey short and long dresses. By the way, there is a very new look to the cut of the dresses. In the collection are velvet skirts with a culotte front, leotards, ski jackets and to top off the buy, his internationally famous blouse beautiful. Watch for them! Wait for them! Coming soon from Italy!

Half The Fun . . . of watching the Fall-Winter Designer Collections in New York last week, was seeing the whole look carried out head to toe. We love the look! The fashions are very flattering and wearable. So are the hair styles. Most models wore their hair short with a good clipped back and a softness toward the face. They did add elaborate hairpieces for evening. There are exceptions which always prove rules. The most outstanding was a beautiful young model at Rentner who wore her very long red hair au naturel and let it blow gently in the showroom's air conditioned breeze. Reverse your very own fall entrance now. Call Leon, TUxedo 4-9393, for an appointment with short or long hair.

Hard Lines . . . not for Fall '68! That goes for make-up! The eyes are very softly made up, as are the brows. That's why you need all the subtle goodies in Adiamo, the little purse size kit with four shadings, eyeliner, brush on brows, mascara and a collection of little brushes. Advertised in "Vogue" for seven-fifty and available at Michelle's Boutique at Leon, 17853 Mack Avenue. P.S. Swimmers do use the new On Stage eye liner sealer for no-mud appearance after dramatic plunges in the pool . . . two dollars.

Sale! Sale! Sale! . . . That's right you saw the multi-sale sign in the window of Claire Fearone, 397 Fisher Road! Did you stop and see the multi-fashion, sale-tagged one-half off? Do! Do! Do!

Are You . . . a magazine clipped and fier? Even if you're not ready for a new kitchen right now, you'll want to save pages 72, 73 and 74 in the June issue of "Ladies Home Journal" which show beautiful Mutschler kitchens. If you are ready, dash over to 20227 Mack Avenue and forget the scissors and the file!

Discovered . . . in Martha's Closet, an unexpected treasure of Marvella pearls marked one-half off . . . necklaces . . . single and double strand, many lengths, some with jade clasps . . . bracelets and earrings. Dive for pearl values at 373 Fisher Road.

What In The World . . . is going on at The Sphere, 19849 Mack Avenue? People are enjoying their little-bit-of-everything SALE. We particularly noted the attractive, timely summer jewelry was reduced thirty per cent.

The Kaleidoscope sees stationary colorful. Penettes are notes in many colors and designs boxed with a matching pen . . . one twenty-five. The three dollar version has a plumed pen. By the way, Lilac Hedges have new designs at 16135 Mack at Bedford.

Set Saton . . . is the name of the sensational permanent at Edward Nepi, Parruchiere, 19463 Mack Avenue. Your hair is set on rollers. It is then permanented, dyed and combed. No wonder it is so quick and the wonder is you get just the right amount of body for care-free curly summer styles. TUxedo 4-8858.

Refreshing . . . new color for carpeting . . . crushed pineapple . . . see it along with all the fresh new Cabin Craft's colors at Ed Maliszewski, 21435 Mack Avenue. Speaking about color, did you know Carter's have one hundred-fifty colors which to select your cotton bathroom rug? They will also make them up to size. Almost custom . . . except the price! (776-5510).

Viva Mexico . . . is the editorial atmosphere of July's "Bazaar". We discovered how fashionable the hand-crafted Mexican decoratives at 16273 Mack at Three Mile, were quite some time ago. More "in" than ever are the wrought iron sconces, floor candelabrum and planters. They come mostly in black but there are some colors.

Catch A Crab . . . at Westfield's, 15506 Mack at Somerset! If you like crabmeat as much as we do, you'll love the captain's plate with a golden brown crabmeat cake. The meal includes lots of other "tempters" but we like to concentrate on an important objective.

How long . . . is a kitchen torn up when Kitchen Remodelers starts to work? The time is from one to two weeks. This doesn't count the planning stage. At least, once a lady makes up her mind, her new kitchen is quickly accomplished. Visit the showrooms at 15218 East Jefferson.
