A U.S. AIRLINER carrying 231 Americans was released from Soviet custody today. The plane was forced to land on a Soviet island while flying north of Japan, accused by the Russians of flying in their air space.

THE "STOP AND FRISK" law was passed by Detroit's Common Council Tuesday night by a vote of 5-2. This gives policemen the authority to stop persons whom they believe are carrying weapons or about to commit a felony, and search them.

Friday, July 5
CAPT. JOSEPH TOSOLINI denied that he intruded into Russian air space when two MIG fighters forced him to land on Iturup Island in the Kuriles with 231 passengers, including 214 Vietnam-bound troops. Robert J. McCloskey, State Department press officer, insisted, however, that the State Department had reliable information, including radar tracking, that the plane had inadvertently entered Soviet territory.

ELEVEN MOTIONS of appeal to upset the convictions of Dr. Benjamin Spock, William Sloan Coffin, Jr., and two others on charges of conspiring to aid young men to avoid the draft were denied by Federal Judge Francis J. W. Ford. The four face sentencing July 10 and their counsel has confirmed that the sentence will be appealed.

Saturday, July 6
CLINTON VALLEY HOSPITAL, which opened in Harrison Township five years ago, suspended operations and transferred its patients to other hospitals in the area, as of 3 o'clock Friday. Milner Foster, hospital controller, said the difficulties arose when a bank which holds a note for \$145,000 froze all the hospital's assets. He added that although several creditors extended support, the bank would not cooperate.

Sunday, July 7
PRESIDENT JOHNSON'S bubbletop limousine was splattered by eggs thrown by anti-American demonstrators when he arrived in San Salvador today on his first visit to Central America. The Secret Service vehicle which followed the Johnson limousine was splattered with red paint. Other than these minor incidents the President was warmly received by 150,000 Salvadorans along the route of his motorcade through this capital.

Monday, July 8
A HOUSE BILL, which is before the Rules Committee in Washington, calling for a ban on the mail-order sale of rifles, shotguns and ammunition is expected to pass this week, but there is doubt a law providing stiffer restrictions on weapons will reach the President before Congress adjourns next month. The more controversial bill, which calls for registration and licensing, is scheduled for action later in the week.

TWO TEENAGE MEMBERS of an entertainment group were ambushed on a Vietnam road and killed on Friday. Two other members of the group were wounded. A U.S. spokesman who announced the investigation of the incident could give no reason for it. Rumors implicating that the attackers were South Vietnamese prompted the investigation, although the two survivors indicated that the attackers were Viet Cong guerrillas.

Tuesday, July 9
SOUTH VIETNAMESE President Nguyen Van Thieu indicated from Saigon that he would like to meet with President Johnson within the next week or so to discuss military matters, some questions relating to preliminary peace talks in Paris, and some matters concerning joint defense efforts. He asked that the meeting take place somewhere in the Pacific since his country is in such a critical state at this time.

Burglars Act Athletic at New School

Steal \$780 Worth of Sports Equipment and Uniforms From Grosse Pointe High North

Burglars invaded the new Grosse Pointe North High School during the night of Tuesday, July 2, and escaped with more than \$700 worth of sports uniforms and equipment.

Woods police said they received a report from Dr. William Craig, school principal, that the school had been entered, possibly through an unlocked trap door on the roof.

The thieves entered Room B-118, where the sports goods are stored, by removing the door's glass moulding and breaking the pane.

Police said that evidence showed that the culprits tried on various items before deciding on what uniforms and sport equipment to take.

Evidence also showed that the burglars tried to enter Room B-202, and the library on the second floor, but were unsuccessful.

An inventory of the remaining goods in B-118, revealed that the thieves took approximately \$780 worth of baseball, basketball, football and tennis equipment and clothing.

Det. Gerald Kensora, who is investigating the theft at the school is asking the cooperation of parents, or citizens, who might know of anyone who display any athletic uniforms, time watches, or other sports equipment, who have never had them before.

Parents, especially, are urged to report possession of items by their offsprings, if they (the parents) are suspicious of the method in which they were obtained, or if they believe their children do not have a right to them.

Arrest of Three Juveniles Solves Woods Burglaries

Woods police filed charges against three juveniles, two of them brothers, accusing the youngsters of burglary of an occupied dwelling. The arrests solved three burglaries in the city, it was said.

Woods Dets. Gerald Kensora and Everett Plumb said that the break came following two burglaries, on the same day, of the home of Mr. and Mrs. Joseph F. Wade, 921 Cook road, from where the young culprits took approximately \$110 in currency and change, mostly from a collection, which included Indian head pennies, a large dollar bill, and other coins and bills. The family had been out of town between June 16 and June 23.

Pedestrian Safety Awards Won in National Contest By Four of Five Pointes

Woods Achieves Top Rating in Casualty Record And Program Score; City, Farms And Park Given Citations For No-Deaths Achievement

Grosse Pointe Woods is among three Michigan communities receiving an Award of Excellence in the 29th annual National Pedestrian Safety Program. The Award of Excellence is presented to those cities and states which achieve top ratings in their casualty record and pedestrian program activities score, according to Automobile Club of Michigan.

Grosse Pointe Woods won the award in competition with 684 other cities from across the nation in the 10,000 to 25,000 population class. Grosse Pointe Woods shared first place honors with five other cities in its class: LaGrange, Illinois; Springfield Township, Pennsylvania; Grove City, Ohio; Beech Grove, Indiana and Amherst, Ohio.

In addition to its outstanding pedestrian protection program conducted by local police, school and safety officials, Grosse Woods was commended by Auto Club for not recording a pedestrian fatality in 1967.

Wins 19th Award

Since 1949, Grosse Pointe Woods has won 19 awards in the National Pedestrian Safety Program. These include: five no-death awards, six special certificates for pedestrian program activities and in 1966 the grand award plus the award of excellence.

In addition to Grosse Pointe Woods, Greenville and Detroit were the only other Michigan cities to receive awards of excellence, in the under 10,000 population and over one million population classes.

The city of Grosse Pointe, Grosse Pointe Farms, and Grosse Pointe Park received Pedestrian Safety citations in the National Pedestrian Safety Program.

The citation is awarded to cities competing in the program which record no fatalities for at least one year, according to Automobile Club of Michigan. This is the fourth consecutive year without a pedestrian death in the city.

James Weyhing, who was dispatched to the scene when the Wades reported their home had been burglarized, spoke to several of the people living in the neighborhood. The residents gave him the names of three boys seen near the Wade residence, and the officer gave the names to the detectives.

Plumb said that he spoke to a 14-year-old boy, one of the three named, in the presence of his mother, and found that this youngster was not involved in the crime. However, the lad gave the policeman the names of a 13-year-old boy, and another 13-year-old and a 14-year-old, the latter pair, brothers, who, it was said, were the actual culprits.

Cracker Firers Land in Trouble

Two juveniles and an 18-year-old attempted to elude City police after they were spotted setting off firecrackers at Maumee and Roosevelt by officers, on Thursday, July 4.

The youths were first observed shooting firecrackers in front of 306 Roosevelt. They then proceeded down the street setting off another firecracker. When they spotted the police they ran into a nearby yard.

Patrolman Jerry Petz apprehended one of the youths hiding in the bushes. After discovering the names of the other two boys, (brothers), involved, Petz went to their home and was told by the boys' sister that they were out. Petz then spotted the pair on their home grounds. On seeing Petz the youths once again fled.

In the meantime officer Edward Miller, who was searching the area for the youths, was notified that Petz had spotted the pair and apprehended the other juvenile.

Petz stopped the 18-year-old at the door of his home and requested that the youth come to the police car. The youth came out of the house and sat on his bicycle, but refused to sit in the scout car or discuss the episode. He ran back into the house and Officer Petz went after the boy, who continued to resist arrest. Petz then tried to get the youth to come out of the house, in the attempt, the youth's arm went through the hall window. He was not hurt.

Officer Miller then arrived on the scene. The 18-year-old and his brother, who then came out of the house, and the other juvenile were advised of their

Arrests Help Police Solve Burglaries

Stolen Pistol Found Under Car Dashboard; Two Accused Youths Free on Bond

Shores police solved two burglaries with the arrest of two teenagers, one of whom is awaiting trial in circuit court, and the second arraigned on Wednesday, July 3, for examination. The accused youths are now free on \$1,000 bond each, until trial date.

The first arrested in the case was Nick Prinziavalli, 18, of 22647 Ardmore park, St. Clair Shores, who was taken into custody for speeding on Lake Shore road on May 23, by Sgt. Donald Jacobs and Patrolman Gordon Swartz. The youth appeared to have been drinking, the police reported.

At the station, a search of Prinziavalli's car uncovered a .22 caliber automatic pistol under the dashboard, which was turned over to Dets. Frank Mustazza and William Marshall.

Weapon Was Stolen

In a check of their files, the detectives found that the weapon had been reported stolen sometime between March 31 and April 7 in a burglary of the home of Humphrey Springstun, 25 North Edgewood. In this burglary, the thieves took several other hand guns and rifles, part of a collection, and a tape recorder. The family was out of town at the time.

Prinziavalli was examined before Shores Judge George Beauchamp on June 5, on a charge of breaking and entering an occupied dwelling, and released on bond, pending a circuit court trial date.

In continuing their investigation of the break-in, Mustazza and Marshall received information that a second suspect, Hugh L. Dodge, 19, of 23030 Ardmore park, St. Clair Shores, was involved with Prinziavalli.

Dodge was arrested on June 24 on a warrant charging him with the burglary of an occupied dwelling, and was given a preliminary hearing before Judge Beauchamp, who set July 3 as the date for examination. Fingerprints found at the Springstun residence matched those of Dodge, according to Detroit police fingerprint experts, Mustazza and Marshall said.

The detectives said the accused youths were also involved in the May 12 break-in of the John Morstons home, 25 South Duval, from where a .22 caliber pistol, several watches, a number of silver certificates and several hundreds of dollars were taken. The pistol has since been recovered, the officers added.

The policemen also disclosed that three very valuable gold watches, stolen from the Springstuns, were also recovered.

Three Top Artists In Music Festival Next Wednesday

Gordon Staples, William Doppman And Paul Schaller In Virtuoso Program in Fries Auditorium At War Memorial Center

The Grosse Pointe Music Festival continues next Wednesday, July 17, with a virtuoso program of three of the greatest works in chamber music literature. The concert will be at 8:30 p.m. in the air-conditioned Fries Auditorium of the War Memorial Center, 32 Lakeshore road. Performing will be three of the Festival's favorite artists, Gordon Staples, violin, William Doppman, piano, and Paul Schaller, clarinet.

Opening half of the program will consist of Beethoven's Sonata Number 1, opus 12, in D Major, and the Grieg Sonata in C minor, opus 42. Both are for violin and piano. To climax the evening, the trio will perform the famous "Contrasts" for clarinet, violin, and piano by the contemporary Hungarian composer, Bela Bartok.

In this startling piece of music rich in the Hungarian folk themes that were Bartok's inspiration, changes of key are so rapid that the scores for both violinist and clarinetist call for rapid switching between differently tuned instruments while playing, adding a touch of showmanship to an already demanding performance.

All Well Known Here

The trio performing are well known to Festival audiences. Gordon Staples, newly appointed concertmaster of the Detroit Symphony, has been a leading figure in the Festival since its inception. He has served as its musical director for the past six years and has appeared on most of the concerts since the very first one 11 years ago.

William Doppman, nationally famous recitalist and soloist with leading orchestras, including the Detroit Symphony, is a University of Michigan graduate and winner of America's three most important musical prizes — the Naumberg, Michaels, and Leventritt Awards. He is currently artist in residence at the University of Texas in Austin.

Paul Schaller is making his fourth appearance in the Festival this summer. He is principal clarinet of the Detroit Symphony and is remembered by Festival audiences for his part in a performance five years ago of Schubert's "Shepherd on the Rock."

Banquet on Terrace

A Terrace Banquet will again precede the concert. It will be served at 6:30 p.m. and feature a Chaud-Froid Buffet of gourmet delicacies appropriate for the summer season.

Concert tickets and dinner reservations may be obtained in advance at the War Memorial Center, 32 Lakeshore road (phone: TUxedo 1-7511). Concert tickets will also be available at the door.

WINDOW DAMAGED

Unknown vandals taped a large firecracker to a window at the northwest side of the Brownell Junior High School building and lit the explosive. The resulting concussion created a six-inch hole in the three-foot by six-foot window, leaving powder stains visible on the glass. The incident took place on Tuesday, July 2, Farms police were told.

Arrest of Teen Burglar Duo Solves Woods Thefts

The arrest of two East Detroit boys, 16 and 15 years old respectively, by Woods police, cleared three burglaries in the Woods, and two attempted break-ins, it was disclosed by Det. Lt. Henry Marchand on Monday, July 8.

Det. Gerald Kensora, who had been working on the cases, disclosed that charges have been filed with Juvenile Court authorities, accusing the pair of burglary of occupied residences.

The teenagers were taken in custody originally on June 11, when they were reported to be seen late at night on Vernier road, near Marter road. They were stopped by Shores Patrolman Donald Fronczak, who was in the general area when a be-on-the-lookout broadcast was radioed by Woods police.

The detective contacted East Detroit police, and was informed

Ten Accused In Loan Case Facing Trial

Giacalone Also Charged With Illegal Possession Of Weapons Following Hearings Here

Ten men accused of running a loan shark racketeering syndicate were bound over to Circuit Court for trial after hearings in the City of Grosse Pointe Municipal Court, Monday, July 8. Three others, Richard Zimmerman, Ronald Morelli and Albert Bucciero have yet to be bound over.

Tony and Vito Giacalone, both of Grosse Pointe, will face trial on charges of conspiring to extort and possession of illegal weapons. Blackjacks were found in their homes during a raid by federal, state and Sterling Township police on May 14.

The complaint against the Giacalone for possession of blackjacks was signed by Sgt. Anthony Cona, of the Michigan State Police Intelligence Bureau.

Others Bound Over

Others bound over on conspiracy charges by Judge Douglas L. Patterson were: Bernie Marchesani, 44, of Roseville; James Karalla, Jr., 34, Clarence Stephan, 42, of Detroit; Russell Badamo, 47, of Warren; Lee Mocerri, 46, of Roseville; Amos Neff, John Chaney and Leo Mocerri, all of Detroit.

Find Stray Beer Truck and Cargo

A beer truck, loaded with cases of the brew valued at \$900, which was stolen June 19, from an alley at the rear of 15000 Jefferson avenue, was recovered in Toledo, Ohio, July 1.

Park police officials reported that the truck had been abandoned on a side street in the Ohio city. Police there impounded it, and later turned it over to its Detroit owner, Altes Brewing Co.

They added that the ignition keys were missing, and the "cargo" was intact. They also said they had no clue as to where the truck had been since it was stolen, or of the identity of the thief.

Ask Voters To Approve Propositions

Four And a Half Mill Levy For Two Years And One Mill For 10 Years To Be Requested

At their first special meeting of the 1968-69 school year, the trustees of the Grosse Pointe Board of Education acted on the recommendations of Dr. Theos I. Anderson, Superintendent of Schools, to authorize two ballot propositions to be placed before the electorate on September 12, 1968.

Proposition #1 seeks approval of a 4½ mill levy for each year of a two-year period for the operation of the public schools and libraries.

School officials said that approval of the levy would keep Grosse Pointe competitive with salary schedules of other nearby school systems, help meet the additional costs of operating Grosse Pointe North High School, and would meet increased operating costs of all schools and libraries caused by the nation's inflationary spiral.

Proposition #2 would levy one mill for building improvement and site acquisition over a 10-year period to modernize portions of Grosse Pointe South High School and to begin the improvement of middle school facilities.

Not For Major Projects

A levy of this kind is regarded as an economical means of financing educational improvements of a small nature, and is not designed to provide for major construction. Further, it is considerably more economical than bonding, since no interest is required to be paid on the funds. It is anticipated that, if the levy is approved, it will raise approximately \$4 million over a 10-year period.

At Monday's meeting it was revealed that with the recent passage of House Bill 3699 in Lansing, a Board of Education may bond itself up to 5% of its State Equalized Valuation for building and site purposes. The trustees indicated that they are currently studying the full local implications of this piece of legislation.

Cite Tight Budget

In discussing the need for the additional 4½ mills, the trustees said that the preliminary budget for 1968-69 is a tight one. The 9-mill levy over the two years would provide the schools with only a modest contingency fund, considering the size of the projected budget. School officials said that they hoped that a portion of the contingency fund could be used to finance program improvements, although they indicated that it would not do all that they thought should ultimately be accomplished.

Dr. Anderson revealed that the trustees had recently studied the preliminary report of the curriculum study being made under the auspices of the schools' Professional Study Committee. In addition, they had the full report of "Operation DIG," a recent project designed to develop instructional goals for The Grosse Pointe Public School System.

Outlines Critical Needs

The paper, an outline of critical educational needs for the local public schools, and which will be presented to the public within the next few weeks, is a brief outline of the needs representing only the highest possible priority.

Areas of concern listed are in K-12 program development, preschool and primary education, in learning centers and learning packages, in the expansion of the Department of Instruction, in improved in-service training, in an extended contract year which would provide teachers with summer opportunities to write curriculum, the use of paraprofessionals, data processing, the need for additional specialists for the elementary schools, and additional provision for children with learning disabilities.

First Proposition

The full text of the Proposition #1 follows: "Shall the limitation upon the total amount of taxes which may be assessed against all property in The Grosse Pointe Public School System, Wayne County, Michigan, be increased, as provided by the Constitution

The brothers in the presence of their father, and the boys confessed to the break-in of the Wade home.

The older brother said that he and his 13-year-old friend were playing in the Wade back yard, and that he lost his identification bracelet. On June 21, he and the friend returned to the yard to look for the item.

When the younger fellow asked his companion if the Wades were away, and received an affirmative reply, the pair decided to break into the building. They forced the outer patio door at the rear of the building and entered the house, and helped themselves to the coin collection they found in a bedroom, and left.

The duo went to the older boy's home, where they divided the loot. A short while later, the pair, accompanied by the younger brother, returned to the scene and entered the house again.

The 13-year-old brother removed two bottles of beer from the kitchen refrigerator, opened one, took several swallows, and poured the rest into the sink. The other 13-year-old, then helped himself to several beers from the same cooler, drank most of the contents, and even took a swallow from a bottle of vodka he found in the kitchen cabinet.

The 14-year-old, and his first companion, were returned to their homes, where they gave up their loot, except for a total of seven dollars the older boy had spent, and a small, undisclosed amount spent by the other lad.

Plumb and Kensora said they asked the young trio if they had been involved in other burglaries in the Woods, and without hesitation, and while their parents listened, the three confessed to another burglary.

The detectives said that the juveniles were responsible for the break-in of the home of Mrs. Mary Wilkins, 903 Crescent lane, while the family was away on vacation. They ransacked the house and took 15 half-dollar pieces, four golf balls, a plastic practice golf ball, and a package of firecrackers. The trio returned this loot, which they had split and kept in their respective homes.

Plumb and Kensora, working as a team, spent many hours hunting suspects, before a Wade neighbor gave the names of the boys seen in the vicinity.

Second Proposition

The full text of Proposition #2 follows:

"Shall the limitation upon the total amount of taxes which may be assessed against all property in The Grosse Pointe Public School System, Wayne County, Michigan, be increased, as provided by the Constitution of Michigan, by one (1) mill on each dollar (\$1.00 for each \$1,000.00) of the assessed valuation, as equalized, of all property in the School District, for a period of ten (10) years, from 1968 to 1977, both inclusive, the proceeds of the levy thereof to be used for the construction, furnishing and equipping of additions to existing school buildings, the remodeling and repairing of existing school buildings and to purchase real estate for school purposes?"

Resolution Passed

In other action prior to their 9:45 adjournment, the trustees passed the following resolution:

"RESOLVED That the Superintendent of Schools, with the approval of the President of the Board of Education, be and he is hereby authorized to cause to be prepared and distributed to the residents of the School District such printed factual information, as he may deem proper, setting forth the need for adoption of the millage propositions to be submitted to the electorate at the September 12, 1968 special election, which is in conformity with the requirements of the laws of the State of Michigan, the costs of printing and mailing of the same to be paid by the School District; provided, a sample draft of all proposed materials shall, if time permits, be mailed to each member of the Board of Education for their suggestions or comments prior to its printing and distribution."

that the 16-year-old had a juvenile record. There was no record on the other lad, it was said.

With the help of East Detroit officers, Kensora arrested the teenage pair at their homes, and took them to the Woods station for questioning.

The boys confessed that they broke into the Jacques residence, ransacked the place, but found only a metal box containing colored slides, which they scattered on the floor of a bedroom.

Under further questioning, in the presence of their parents, the lads admitted that on April 29, they attempted to break into the home of Betty Lou Harrington, 20423 Sunningdale, but were frightened away by an alarm that went off when they broke the glass of a rear door.

Again, on April 29, they said, they forced their way into the home of Mr. and Mrs. John F. Dehayes, 657 Sunningdale, by breaking the glass of a side door. From this home, they took three silver dollars, a five-dollar gold piece, two twenty dollar gold pieces, all collector items, and \$55 in other money.

On April 30, they further admitted, they broke into the home of Sam Cracchiolo, 1063 Sunningdale, by breaking the glass of, and unlocking the rear door. The loot from this home was a .32 caliber revolver, a man's white gold wrist watch, \$35 in currency and coins, and \$25 worth of assorted costume jewelry.

The 16-year-old lad claimed that he sold the revolver to a 19-year-old boy for eight dollars, Kensora said. The boy also claimed he did not know the name of the buyer, the detective added.

The pair confessed to the attempted burglary of the home of Thomas Tyrrell, 833 Roslyn road, on June 1. When they failed to force their way into the building, they left, they said.

Park Reports All Quiet on Fourth

Despite the large Fourth of July holiday attendance at both the Three Mile drive and Waterfront parks, operated by Grosse Pointe Park, there was no vandalism or littering anywhere to be found, according to Robert A. Slone, city manager.

Slone had high praise for those who gathered at the lake-front recreation areas for summer outings, last week-end. "Everyone seemed to be having a happy time," he reported. "The weather was perfect, and the picnickers orderly. Not a single untoward incident was reported. Family outings were much in the majority. There were 16,500 people clocked at both parks during last Thursday."

Because a strike has held up the construction of the new waterfront swimming pool, Slone again reminded Park residents that the Pierce Junior High School pool is now available to them on a limited scale.

Ellen Eckstrand of 963 Roslyn road, was taken to St. John Hospital by Woods police ambulance on Wednesday, July 3, when she fell and suffered a compound fracture of the right arm. The injury occurred as she was entering her house. She missed the first step and fell, a police report disclosed.

RUBBISH IN POOL

Andrew T. Cureuri of 1072 Devonshire road, reported to Park police that during the early morning hours of Wednesday, July 3, someone dumped the contents of a rubbish can into the family swimming pool, then tossed in the container. Park police believe the stupid act was the work of "mischievous youths."

Ten Accused Facing Trial

sante, of the Michigan Crime Commission.

The \$2,500 bonds on the Giacalone brothers were continued, as were the \$10,000 bonds on the other eight men involved.

According to Attorney General Frank Kelley the arrests were made after a six-month investigation into organized loan-sharking. Kelley said that the loans carried an interest rate of from one to five percent weekly. Enforced repayment was handled by lesser racketeers called "collectors."

Fatally Wounded

Samuel DiMaggio, 57, who was found fatally wounded on

his lawn in Sterling Township three months ago, was said to be a victim of loanshark collectors, according to Kelley.

Four men were sought in the DiMaggio slaying. One, a Grosse Pointe Woods resident, Robert Dunaway, 38, was found in the trunk of an abandoned car with a bullet through his head, in Atlanta, Ga. Attorney General Kelley said that Dunaway was a "Mafia Collector."

Two Detroit men, John Palmer, 29, and Peter Vassallo, 24, await trial in Macomb County Circuit Court on manslaughter charges.

Present For A Pal

By Pepper Whitelaw

Whenever Ruth Harbo, of Kensington road, hears, "The Camels Are Coming," she'll believe it after her recent experience.

It started back in January when PAT OETTING, of Whit-tier road and ANNIE KLEENE, of Cadieux road, remembered it would soon be Ruth's birthday. Being creative young ladies, lively with imagination, they decided to give Ruth a gift she would always remember . . . none of those mundane type gifts that ordinary people give to friends.

So the two gals put their heads together and came up with a smashing idea. Why not make Ruth's gift and why not make it a BIG gift . . . like would you believe, 5'5" tall?

In a flurry of excitement, the girls collected chicken wire, cardboard and old rope, (all the necessary ingredients for a camel), . . . then began. After the construction job was over, the girls then covered the camel with papier mache . . . six layers of it. Then they under-coated it, tried several colors of paint . . . finally ended up mixing their own shade of "Camel Caramel," and presto a camel fit for any Arabian princess OR 18-year-old senior girl at Grosse Pointe High School WITH a large bedroom!

This work of art took over five months to create. In the meantime Ruth's birthday came and went, (it was on February 23), and Ruth thought her friends had forgotten. But not so, over in the basement on Cadieux road which was covered with paper, rope, paint and other creative tools, the girls were ready to deliver their "gift."

How to get it to Ruth's house presented no problem to these two clever gals. They found some old roller skates took, them apart, put two wheels on each of the camel's feet and ROLLED it down Cadieux to Charlevoix and finally to Kensington road.

When they arrived at Ruth's home, as planned, Ruth was out. They carried the camel up to Ruth's bedroom and waited.

About an hour later Ruth burst into her room and screamed in disbelief, "It's a camel!" Needless to say Ruth was delighted with her gift . . . so much so that it has become a roommate, and a reminder of her friendship with two wonderful girls.

In Trouble

(Continued from Page 1) rights and told they were under arrest. They all were taken to the City station and charged as disorderly persons, shooting off firecrackers and fleeing from an officer. No more firecrackers were found on their persons. The 18-year-old was given a court notice to appear on July 23 in City Municipal Court. The information on the juveniles was turned over to juvenile authorities.

Six Involved As Cars Crash

Six persons were involved in an automobile accident at the corner of Cadieux and St. Paul, Grosse Pointe Park, Friday, June 28.

The mishap occurred at 8 a.m. when Mrs. Ricarda Gareau, 40, of 1471 Lakepointe, Grosse Pointe Park, drove through a red light in a 1961 Ford, and struck a 1964 Dodge truck being driven by Samuel McQueen, 59, of 2942 Harding, Detroit.

With Mrs. Gareau was her daughter, Kathleen, 15. Riding in the truck with McQueen were Cermint Owens, 39, of 5106 Hereford; Timothy Nichols, 17, of 4607 Cadieux, all of Detroit. No injuries were suffered by occupants of the truck.

Mrs. Gareau and her daughter were taken to Bon Secours Hospital where they complained of head and back injuries. They were X-rayed and discharged the same day.

Because of the City-Park borderline scene of the accident, scout cars from both communities responded. Mrs. Gareau was given a traffic violation ticket.

MACP Election Follows Session

Five of the Pointe area police chiefs attended the Annual Summer Conference of the Michigan Association of Chiefs of Police, held in Traverse City, Sunday, June 30 through Wednesday, July 3.

Attending the conference were: Park Director of Public Safety William Ellenburg, City Police Chief Andrew Tetaert, Shores Police Chief Cochill, Woods Director of Public Safety Allen Andrews, and Harper Woods Police Chief Allen Migho. Because of injuries sustained in a recent accident, Farms Police Chief Jack F. Roli was unable to be present.

The police heads heard reports of how three cities handled the 1967 riots, from the police chiefs of these cities: Superintendent John Nichols of Detroit; Chief James Rutherford of Flint; and Superintendent William Johnson of Grand Rapids.

The chiefs also heard a report from Governor Romney's Crime Commission, and also discussed the current Drunk Motor Law and the new Breathalyzer Test Law, and the changes that should be made in these statutes.

TIE ROD BREAKS

Park police reported that when a tie rod snapped on her 1962 automobile as she drove from Barrington road onto Windmill Pointe drive, Ellen Ruth Zuellig of 516 Piper, Detroit, lost control of her car. It ran across the drive's parkway, ripping up some sod, then struck a tree before coming to a stop. The car was badly damaged. The driver was shaken up, but escaped injuries.

The fellow who plans his work well and sticks with it is bound to be a winner.

Drinking Driver Selects Devious Route to Safety

City police received a complaint from James Fountain, 13303 Kercheval, on Saturday, July 6, regarding a drunken driver at Cadieux and Jefferson.

Fountain told police the driver, James T. Schanta, 8350 Lyford, Del., was traveling east on Jefferson and was driving all over the road. He added that Schanta nearly hit oncoming cars a number of times.

Schanta then turned onto Lincoln, driving up over curbs on both sides of the road, leaving tracks on several lawns

He then made a U-turn in front of 251 Lincoln, parked his car and went to sleep.

He later told officers he knew he was drunk and wanted to get out of traffic.

Police did not witness his erratic driving but they received

phone calls from numerous irate residents who had.

Schanta was taken to City police station and advised of his rights. A breathalyzer test was administered. Schanta registered 0.31 per cent at 5:10 p.m. and 0.27 per cent at 5:25 p.m. (0.15 per cent is considered too drunk to drive, according to authorities).

Schanta was issued a violation for no operator's license on his person and drunken driving.

Cars in Tangle At Intersection

City police were dispatched to the scene of an accident at University and Charlevoix on Saturday, July 6. Upon arrival officers John Drummond and Ronald Pryor found a car, owned by John J. Jennings, 418 Moran, parked in front of 712 University and another vehicle, owned by Glen J. Cross, 981 Beaconsfield, parked across University on Charlevoix. Neither car was occupied.

People in the area advised officers that the occupants of one of the vehicles involved were in a nearby residence.

Officers talked to three teenagers, who had witnessed the accident and to Mr. Cross, who pointed out the driver of the other car, Mr. Jennings.

The officers approached Mr. Jennings and asked for his drivers license and registration. Mr. Jennings could not produce a valid license or registration and was in an intoxicated condition, according to the police.

He was placed under arrest under the Drunken Moto Law, accident and twice informed of his rights by officer Miller, with officer Pryor witnessing.

Mr. Cross indicated that he wished to sign a complaint against Jennings for drunken driving and failing to stop for a stop sign at University and Charlevoix.

Jennings was taken to City police station. He was joined by his attorney, who advised him not to answer any questions regarding the accident. Jennings refused to take a chemical test and signed a refusal form.

Officers found 27-foot skid marks from the Cross automobile on Charlevoix and University.

Both cars sustained minor damages and they were driven from the scene. Mrs. Cross suffered minor injuries.

Jennings was released on \$50 bond and given a court notice to appear on Tuesday, August 6.

FIRE IN TV SET

While watching a television program Thursday night, July 4, in their home at 762 Bedford, Dr. Virgil P. Goodman and his wife suddenly discovered that the set was afire. Park firemen responded to the call, moved the burning apparatus outdoors, and extinguished the fire, which was believed to have been caused by a short in the wiring.

One-Time Novice Palmist Flops as Dream Builder

By Walter W. Fuller

Once upon a time I was considered by myself, and one of my three friends, as one of the finest amateur palmists this side of Daulatabad, Afghanistan.

For quite a spell I took great pride in my innate, if silly, ability to tell the fortunes of eager females by examining the lines and configurations engraved in the palms of their dainty hands. Actually, I had a pretty good thing going — and at no charge to the customers, most of whom took my ability and polished line of gab seriously — sometimes too seriously.

Then, sadly one day, I realized that perhaps the main reason I was being invited to so many quilting bees, housewarmings, barn raisings and other sorts of clam bakes, was so I might do my fortune-telling stint. Besides that, too many of the gals were taking me seriously, and that could be distressing. Also, to be honest, I was strictly a happy humbug.

Quits Hand Reading

So, right quick-like, I gave up sitting in some cozy corner with some hopeful twitler-bug, trying to honestly interpret the meaning of her heart, life, head, and character lines.

After all, it was a pretty rugged experience, while all around me was this great and rare spirit of fellowship — not to mention comestibles and potables, stories and laughter. So, what happened? I deserted palmistry, and turned to pre-scripting the proper food which was guaranteed to produce practically any sleeping dream desired.

Confidentially, after making a couple of bloopers, that experience was not too successful, to say the least. On the other hand you might like to read just a bit about that now defunct company, once called Dream A Fuller Dream, Ltd.

After all, you will recall, that in "The Tempest," Shakespeare wrote: "We are such stuff as dreams are made on, and our little life is rounded with a sleep." So, you see, that was the inspiration for the dizzy dream bit.

A Popcorn Dream

So, the idea was, what did you dream about last night . . . or, better still, what would you like to dream about tonight?

For instance, home experiments proved that if you down a dish of popcorn before retiring you most likely will dream about taking a wild train trip, riding madly to destination "nowhere."

All you'll know is that to get to wherever you think you ought to be going, you'll have to transfer to a bus at Dubuque, Iowa. Then you suddenly find your train has gone past Dubuque, and you become frantic — you race helter-skelter into oblivion . . . and you awaken in a cold sweat.

You can create one of the oddest and most perplexing dreams by eating bananas and dill pickles, washed down by a bottle of cold beer. This snack produces a dream which has inch-high pixies running up and down your nose, and playing leap frog on your forehead. Then these little guys discover your eyebrows, and start plucking them out one by one.

Best Dream of All

If you favor a Fuller dream that has to do with falling

through space after being dumped from an airplane, try a mustard covered dish of vanilla ice cream and some dry sherry, before hitting the sack. Usually, this dream ends by the victim falling out of bed after becoming tangled in blankets.

Now, to end this nonsense, how about a pleasant dream? Well, all you have to do is eat six graham crackers, and drink a tall glass of tepid milk. Sleeping on this delectable combination should result in your romping over fields carpeted with rose petals with a beautiful woodland nymph at your side.

This is our A-1 preferred dream from which most people hope they never awaken. However, sad to relate, that gorgeous sprite surely will shove you into a spring-fed stream — and the cold water will rouse you, squealing, and trying to wipe away the water that isn't there.

These are just a few of the scores of prescriptions we have on file which may (or may not), produce any dream anyone orders.

However, be reminded that our once unsuccessful dream company is now defunct — thanks to our many failures!

Men Gardeners To Hold Picnic

A cook-out picnic will take the place of July's regular membership meeting for Grosse Pointe Men's Garden club and male guests, Thursday evening, July 18.

Staged at Grosse Pointe Farms park, the affair starts at 6 p.m. Leo Hatfield, assisted by John Cooper, will be in charge of arrangements and culinary activities.

Another activity of the club is well under way, with 170 pupils of Kerby and Richard schools entered in the annual school garden contest, sponsored by the men.

Awards of ribbons to the successful juniors will take place in the fall, after two garden inspections, made in July and September. Hugh V. Foley, club vice-president, is in charge of the activity.

Price-McGoohan Rites Revealed

Mary McGoohan, daughter of Mrs. Edward J. McGoohan, of San Antonio, Tex., and the late Mr. McGoohan, became the bride of John Edward Price, son of Mr. and Mrs. Edward W. Kulaski, of Pemberton road, June 28, at an evening Nuptial Mass in St. Athanasius Church, Evanston, Ill.

Mrs. William Szymczak, of Chicago, was maid of honor, Edward J. Price, brother of the bridegroom, served as best man.

Both the bride and bridegroom, who is also the son of the late Edward F. Price, are finishing Doctorates in English at Chicago's Loyola University.

Mr. Price will begin teaching at Chicago's DePaul University in September. His bride will teach at Rosary College, River Forest, Ill. The newlyweds will reside in the Chicago suburb of Oak Park.

Every day men run up against the kind of truth that hurts.

Boy Shoplifter Blames Parents

City policeman Edward Miller was dispatched to Krogers store, 18919 Kercheval, on Saturday, July 6, to pick up a juvenile shoplifter.

The 15-year-old was spotted hiding three candy bars under his shirt and leaving the store without paying for them, by City police Sgt. Duncan MacEachern.

MacEachern detained the youth until Miller arrived. The boy told police that his parents had thrown him out of the house.

He was turned over to juvenile authorities at Wayne County Youth Home. His parents were notified.

Tossed Cracker Burns Girl's Leg

Three teenage boys, on a holiday joyride in a jeep, viciously hurled a large lighted firecracker at an unsuspecting girl walking along the 1400 block of

Wayburn avenue in Grosse Pointe Park, shortly after 5 p.m. on Thursday, July 4. The miscreants sped away. The missile exploded at the

feet of Kathy Van Wingarden, 17, of 1441 Wayburn. Police reported she suffered three punctures and severe burns on her left leg. She was taken to Bon Secours Hospital emergency room where she was treated and discharged. Park police received several other fireworks complaints from citizens, none of them serious. No arrests were made.

The one-family airline.

If you're now expecting us to tell you what a big, happy family we all are at Delta, forget it.

You're not interested. And we know it.

We know that the only family you care to hear about is the one that beats you into the bathroom every morning.

And until the time comes for you and your family to fly some-

where together—to visit relatives, say, or to put a little pleasure in your next business trip—you've got no time for us.

If you do call Delta, the last thing you'll want to hear about is how great we are with families, and how many deliriously happy trips we've flown in the past.

You'll be looking for proof—not promises. And it's not very likely

that we'll be getting more than one chance to do the proving.

You'll expect us to be able to put you all on a flight that's going where you want to when you want to. You'll expect us to be prepared in case somebody in your family is more interested in a warm bottle than a sizzling steak. And you'll expect to get the whole trip at family-plan discount fares that you can afford.

And you'll be right to expect all those things.

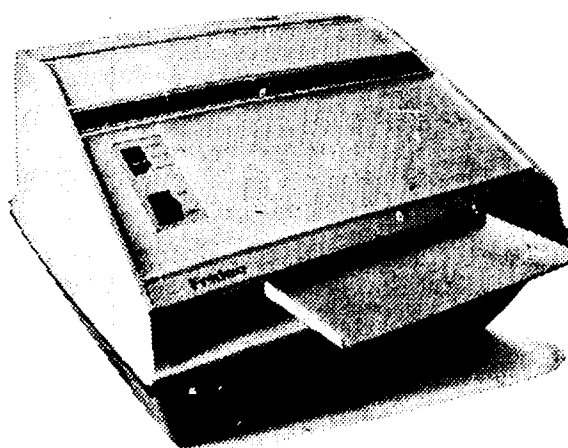

Our job is to make your family as important to us as it is to you.

That may sound like a pretty hard promise for the nation's fifth-largest airline to keep. But it's worth the extra effort.

The way we look at it, one satisfied family is worth four or five satisfied individuals.

Property Group Holds Meeting

The annual meeting of the Audubon-Whittier Property Owners Association was held June 25 at the Grosse Pointe Yacht Club. A cocktail hour preceded the business session. Speaker of the evening was William Ellenberg, new Director of Public Safety for the City of Grosse Pointe Park, who spoke of the duties and problems of the Police and Fire Departments and how residents can help. A question-and-answer period followed. Mrs. Ellenberg was introduced and was a guest

of the Association. Out-going President William Rieman conducted the election of new Block Directors. The following were elected for a two year term: On Audubon—Daniel Tindall and E. R. Wybrandt; on Whittier—Mrs. Clinton Amluxen and John Kirsch. Continuing for their second year are: On Audubon—Jack McKernan and Nicholas Coraci; on Whittier—John Colletti and Ray Ponkey.

Following the meeting a buffet was served. The new Board of Directors met after the meeting and officers for 1968-69 were elected.

President is Jack McKernan, of Audubon road; vice-president is Nicholas Coraci, of Audubon road; and secretary-treasurer is Mrs. Clinton Amluxen, of Whittier road.

The first order of business was to elect George P. Johnson as honorary member of the Board as long as he wishes to remain. Other outgoing directors are Kenneth Hollidge, Donald Hayes and Irwin Schaffner, secretary-treasurer.

President McKernan held a board meeting July 2 at his Audubon road home. The following was resolved: A new Directory will be devised; a picnic will not be held this summer but a dinner-dance will be held. Residents of the two streets will be notified as to date and place later in the fall.

It was suggested by Mrs. Don Berschback that card marathon groups be formed, daytime or evening. Anyone desiring to join a bridge or pinocle group may call the secretary, Mrs. Amluxen, at TU 2-2342.

The Association is made up of residents in Audubon and Whittier from Jefferson to Kercheval and has been an active group for many years.

ELECTRICITY—
YOUR BEST WAY TO LIVE BETTER

An electric unit costs less to buy primarily because it's simpler in design and manufacture. There are about 16 essential sub-assemblies in an electric air conditioner as compared to 34 in a flame-type cooler.

An electric air conditioner costs less to operate.

A flame-type air conditioner uses both gas and electricity so there are two charges for energy.

An electric air conditioner costs less to install. It's lighter in weight; less complicated. The outdoor condenser for a flame-type cooler is much bulkier and heavier than the condenser for an electric air conditioner.

Public Schools in Focus

By Dr. Theos. I. Anderson
Superintendent of Schools
In recent days much national publicity has been given to a notice of vacancy for a teaching position in a California school district. The reason for the unusual interest in the matter is the proposed salary schedule for the job, reported to range from \$15,600 to \$25,000.

Because of the interest generated by the announcement of the intriguing vacancy, I have conducted a bit of an investigation into what I have learned to be a new concept in staffing, which Dr. Jack Rand, Superintendent of Schools in Temple City, California, is attempting to implement over a three-year period.

First, let me dispel any notion that the person who fills the position in question is in any respect an "ordinary teacher." He will be in the top rank of three categories of instructors in an organization called "The Differentiated Teaching Staff."

As the master teacher or teaching research associate, he will be responsible for translating new curriculum research

into courses for the school district, as well as for evaluating courses.

Working with him will be the senior teacher, dubbed a "teacher's teacher" who would spend at least half his time in the classroom and who would help his principal evaluate and select other teachers in his field.

In addition, the system's regular teachers would comprise the majority of the instructional staff of the school system.

Yearly salary ranges for the two preceding categories of teachers would be from \$14,500 to \$17,500 for the "senior teacher" and from \$7,500 to \$11,000 for the "regular teacher."

Other personnel in the program, called "academic assistants" will include teacher interns to assist the regular teachers, technicians in charge of clerical and housekeeping tasks, and an employee who would take care of the school's business functions.

The California program is an attempt to keep the gifted teacher in the classroom rather than by "promoting" him into other

areas of responsibility in the school system.

Officials in the Temple City schools expect that by this September a single secondary level "master teacher" in social studies will begin his duties. By the end of the three-year developmental period it is anticipated that the program will be in operation throughout the 4,500 student school district.

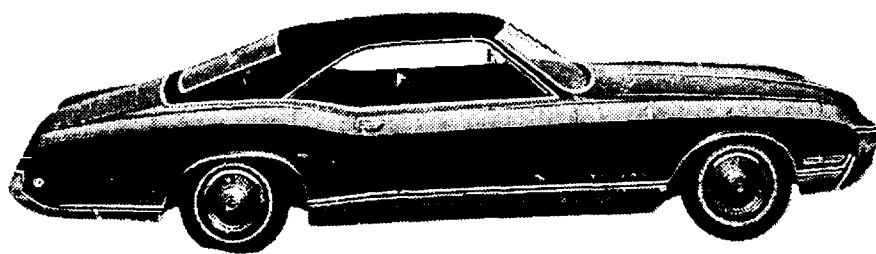

Thus, by the fall of 1971 the California system would employ six or seven "master teachers" and a "senior teacher" for every eight or ten staff teachers, with the "master" and "senior teachers" grouped around five disciplines.

As with all new developments in education, we shall be interested in an evaluation of the Temple City program. It is the responsibility of the administration of your public schools to be constantly alert to the ever-changing climate of education. And beyond this, we have the additional responsibility to determine whether these ideas have relevance for our own situation in Grosse Pointe.

WOODS-SHORES

All-American West Division By Ken Frankland

The final week's games of the second half were all but washed out as the rains spoiled any chance to complete the schedule. However, City Messenger had already built up an insurmountable lead with an 8-0 record and met the first half winner, Pioneer Furniture, on June 29 for the All-American West Division Championship.

City Messenger kept their record intact as they beat Pioneer 9-4 in a well played ball game. The score was only 1-0 for Messenger as they went to bat in the top of the fifth inning. Then they exploded for six runs and went on from there.

For the winners, Larry Pappas pitched a three-hitter and struck out seven batters. The hitters were Mike Alkire, Pappas, Jim Whipple and Jeff Potter with two hits apiece. For Pioneer, Jim Clark had two hits and drove in two runs.

PARK, CITY, FARMS National League By Dorothy Kennel

On Monday, the Braves continued their winning ways by defeating the Phillies. Mike Getz hurled a fine game for the victors, and the Braves' bats were hot.

On Tuesday, the Giants rallied to score four runs in the bottom of the seventh to edge the Dodgers, 7-6. The Dodgers scored in the second on singles by Reghanti and Court. They added two runs in the fourth on three walks and two Giant errors.

In the bottom of the fourth, the Giants pushed across one run on walks and a single by Renaud. The Dodgers added one run in the fifth, but the Giants came back with two runs in the bottom of the inning to make it 4-3. In the sixth the Dodgers pulled ahead, 6-3, with two runs scored on a double by Tim Page and singles by Albert and Moore.

The game appeared to be "in the bag"; but in the bottom of the seventh, the first three Giant batters walked to load the bases. Two runs scored on Steve Katsaros' single, and the tying and winning runs were driven in by Chet Brown's timely double. This gave the win to Giant pitcher, Steve Kennel.

The Dodgers bounced back on Wednesday to clobber the Cards, 5-1. In the first inning, the Dodgers scored three runs on a single by Albert a double by Rohn, and singles by Reghanti and Eppinga. Mark Lauth walked in the second and scored on Jim Moore's double, to give the Dodgers a 4-0 lead. In the third, the Dodgers made it 5-0 when LaRose scored. The Cardinals' lone run came in the sixth when McShane singled and came home on Cornillie's double. Taking credit for the victory was Dodger pitcher, Fred Rohn.

On July 4, the Phillies blasted the Giants, 13-4. The Phillies exploded to score four runs in the first inning and then added seven more runs in the third. The Giants came back with two in the fourth, and both teams added two runs in the sixth. Louie Bruno was the winning pitcher, relieved by VanLokeren in the sixth. The Giants collected only four hits while committing five errors. The only extra base hit of the game was a double by John Renaud of the Giants. The Phillies scored 13 times with Jack Gardner and Bob Tebelman each rapping two hits.

It was an explosive Fourth! At the high school the Braves downed the Dodgers, 12-2. The game got off to a bad start for the Dodgers when the Braves scored five unearned runs in the first inning. In the third, the Dodgers pushed across two runs on a single by Moore, a triple by Rohn, and a long sacrifice fly by Reghanti. Bill Eppinga just missed a home run in the sixth when his hard-hit ball, stopped by the tennis court fence, was speedily fielded by right fielder Jon Worrell, and Bill was tagged out at the plate. Strong hitters for the Braves were pitcher Kingsley who had a triple, and Mike Getz and Corlone who each hit a double. With this important victory, the Braves became the second-half winners.

The drizzle didn't dampen the game between the Cards and the Phillies on Friday. The Cardinals came from behind to win, 9-5. The Phillies scored their five runs in the first inning. Then the Cards brought in Mario Coraci who held the

on July 16, 17 and 18. All Star results will be in next week's article.

PARK, CITY, FARMS American League

In spite of the cancellation of games occasioned by the rains the second half championship of the American League was decided on Friday night when the Indians nailed it down by defeating the Yanks in a tight, tense 8-6 victory.

Van Conway went all the way

for the Yanks and Jay Imesch and Ed Moran shared pitching duties for the Indians. The game was tied at the end of the fifth inning 6-6. In the Indian half of the sixth George Hubbard provided the big punch with a triple and then scored on a sacrifice fly. Bob Kulka got a double in the same inning and later scored to make the score 8-6. The Indians held in the top of the seventh. For the Yanks, Van Conway hit a triple and a single. Newhouse and Munchauser also got hits. Cassel and Ed Moran of the Indians also got two hits each, the latter's being doubles.

Leading up to the final game, the White Sox beat the Red Sox 14-4 on Monday. Saber pitched a tight game with two hits and

16 strike-outs. The Sox got four runs in the first and were never behind. They added four in the second, five in the fifth and one in the seventh. The Red Sox got two in the third and one each in the sixth and seventh. The White Sox hits were pretty well divided with Bert Foote leading with two hits, one a double. Mike Nally and Tom Towson got the Red Sox hits.

Also on Monday the Yanks beat the Tigers behind Newhouse's pitching. He allowed three hits, Pete Steffen and Bill Watts were each two for three for the winners.

On Tuesday the Indians took the Tigers 9-1. Jim Stevenson a 13-year-old, allowed one hit and had 11 strike-outs. The Indians scored in each of the first

six innings. Cassel and Hubbard lead the attack with two hits each. Zinn got the Tiger hit. Wednesday the White Sox handily beat the Yanks behind the one-hit pitching of Kamper. The White Sox bats rang out mightily with Bill Watts leading the attack.

On July 4, the Indians and Red Sox met in an early morning game. The Indians opposed Mark Guttwald and it was a pitching duel with Cleveland winning by a 4-3 score. Parker allowed two hits and Guttwald

Babe Ruth League

(Continued from Page 13)
wrap up its second consecutive Automotive League championship and congratulating their manager Gene Clem and coach Jack Burns for their fine work, the league turned its attention to tournament play.

Our All-Star team composed of the following 14's and 15's is managed by Gene Clem and coached by Bill David and Jim Biesenthal: Terry Buda, Gary Bennett, Mike Bauer, Dan Clem, Tom Clem, Len Constantine, Scott Burns, Dan Dykstra, Jeff David, Joe Tringali, Rob Palmer, Steve Schleicher, Denny Menzo, Bob Swor and Mark Zink. Our Thirteen Year Old All-Star team is managed by Dave Marsteller and coached by Bill Schleicher and Norm Blohm, and has the following boys: Larry Bauer, Kevin Clinton, Dave Constantine, Charles DeMars, Mike Fricke, Mike Jara, Kevin Krauss, Bryan Lane, Greg LeFevre, Pat Mal y, Carl Munaco, Ernie Ney, Chris Richards, Roger Rosenbusch and Bob Straetmans.

The Thirteen saw action in the District "B" Tournament this past weekend which saw some of the most exciting baseball played in our area in some time. In Saturday's action, Harper Woods Americans eliminated the Woods All-American West team by a 5-3 score. Rick Walker took the loss for the Woods while pitching a six hit, allowing only 2 walks and striking out 7. Our runs were scored by Curt Calka, Joe Dancy and Greg Bertleson. In the second Saturday game L'Anse Creuse moved past East Side Kiwanis 11-4.

On Sunday, The Grosse Pointe University School fields saw some terrific action. In the first game of the day Harper Woods Americans won their second game as they stopped the Woods All-Americans East squad in an 8-0 that was much closer than the score indicates. Tim Allard was tagged with the loss but he collected one of the Woods' two hits. Gerry Foucher got the other hit.

The second game was a real thriller featuring teams from Clintondale and our sister league from Grosse Pointe, Inc. American League which saw Clintondale come out on top with a 1-0 win. Both pitchers threw three-hitters with Grosse Pointe's Jim Stevenson taking the loss. Bruce Cassell, Richard Moore and

Rob Quigley were the hitters for Grosse Pointe. This win advances Clintondale to next week's finals at L'Anse Creuse where they will meet Harper Woods Americans, at 9:30 a.m. If possible, our third game was even more thrilling than the last as Grosse Pointe Inc.'s Nationals locked horns with the Woods Automotive in a nine inning 3-2 epic. Grosse Pointe Inc. drew first blood as Don Briggs walked, advanced to third on Ed Alberts double and scored on a fielder's choice by Wid Knight in the first. The Woodsmen came back in their second when Kevin Krauss walked, stole second, went to third on a passed ball and scored on Larry Bauer's suicide squeeze bunt. In the fifth inning the Woods went ahead when Bryan Lane walked, stole second and went to third when DeMars walked and scored on a passed ball. Their lead didn't last long as Lou Bruno doubled and scored on Mike Getz's single in the 6th. After scoreless seventh and eighth innings, Chris Richards of the Woods walked, was sacrificed to third and scored when an attempted double play got away to win for the Woods. There were too many excellent plays by both teams to attempt to point out any, but all the boys should be complimented on their fine play. Even though he pitched a fine game Wid Knight was tagged with the loss with Mike Fricke getting the win. The Woods hits were collected by Roger Rosenbusch, Mike Jara and Kevin Clinton with two.

The final game of the day was called by darkness with Harper Woods Nationals leading L'Anse Creuse in the bottom of the seventh by a 10-0 score. This game will be completed next Saturday at 11:30 with the winners facing the Woods Auto immediately after the game is ended, and will also be played at L'Anse Creuse.

The regular All-Star Tournament will also be played at L'Anse Creuse High School with four games on Friday. At 9 a.m. Grosse Pointe, Inc.'s National League team faces Harper Woods Americans with the winner meeting the winner of the 11:30 game between East Side Kiwanis and Clintondale at 2:30 Saturday. The Grosse Pointe Woods team will face Harper Woods National League entry at 2 p.m. Friday, with the winner facing the winner of the L'Anse Creuse. Grosse Pointe, Inc. American League, 5 p.m. game, on Saturday at 5:30 p.m. All games will be played at L'Anse Creuse High School, with the tournament championship game being played on Sunday at 2 p.m. The Thirteen-Year-Old championship game will be played at 4:30 on Sunday following the other game.

This is youth baseball at its finest and is exciting, interesting ball. We urge all of our friends of the Pointes to attend and share with the boys in their BIG moment. The best way to get to the field from the Pointe is to take the I-94 Expressway to the Metropolitan Beach exit, turn right to the first light (Crocker Blvd). Turn left on Crocker past the L'Anse Creuse Board of Education

City To Hold Swim Classes

Tom Gauerke, Pool Director at Neff Memorial Park, has announced the registration dates for the City's second session swimming lessons. They will be held July 13 through July 19, from 10 a.m. to 5 p.m. at the park.

Mr. Gauerke suggests early registration since the first session had more than 600 registrants.

Lessons will be held three days a week, for one hour and are free to all City residents.

The solution to summer heat may be right at your feet. All you need to do is cool and dry the air in your home.

If you have a forced air heating system, you have ductwork. And a furnace blower. So you're already moving and filtering air.

That's a big part of an electric central air conditioning system. All that's left is to cool the air and wring the steamy dampness out.

Add two compact units—cooling coil and condenser—and, presto, your heating system becomes a cooling system too. A system that cools, dehu-

midifies, cleans and quiets your home. For less money.

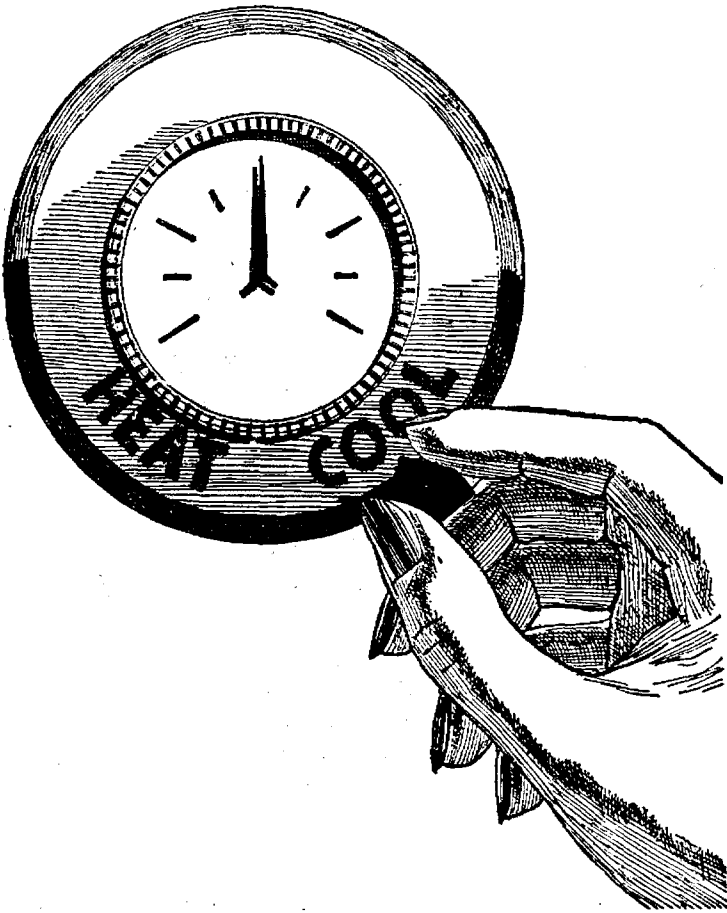

That's right. Electric air conditioning costs less to buy, less to install, less to operate than the flame type.

Electric cooling works efficiently, like your refrigerator. Cools a 1,200-square-foot house for as little as \$24.00 per season.

Call an air conditioning contractor, right away. He'll give you a free estimate and show you how electric central air conditioning is well within your reach.

"It's like a miracle . . . and what more fitting place for a miracle than in a production of Our Lady of Fatima," smiles Mrs. Syd Reynolds, director of the Grosse Pointe Children's Theatre. Mrs. Reynolds was speaking of the forthcoming trip she and members of her children's theatre group will take to Fatima, Portugal, on July 15.

Mrs. Reynolds and the children were invited by the Bishop of Fatima to present Mrs. Reynolds' original play, a musical drama, for the first International Seminar of Priests from all over the world.

The play has been presented at various schools throughout Michigan this past year.

The presentation at Fatima marks the first time anyone has enacted this play at this hallowed sanctuary and also the first time any peace ambassadors from America have represented their country in praying for world peace. The play will be translated into six different languages.

Governor George Romney will send the following letter, along with a flag of Michigan, and a United States flag, with Mrs. Reynolds:

"Dear Bishop:
The children you are receiving from Michigan bring with them the prayerful hopes of all Americans that someday very soon we shall share a universal and lasting peace.

Until we return to God and his Holy ways, this will sadly be but a dream. For we have been the recipients of the choicest bounties of Heaven, but many have forgotten God. Many are too proud to pray to God that made us thus.

We should heed his word: in the First Chapter of James: 'If any man lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him. But let him ask in faith, nothing wavering. For he that wavereth is like a wave of the sea driven with the wind and tossed.'

The State of Michigan, through these young people visiting you today, is proud to have this opportunity to share

in this magnificent spiritual shrine."

Mrs. Rose Kennedy has also sent Mrs. Reynolds a letter to be given to the Bishop by the children. Mrs. Kennedy will see the play when they return from Fatima on July 30, when the group will fly to Hyannisport to present the play in the church hall. Mrs. John Mazer will provide the musical accompaniment. At that time they will present Mrs. Kennedy with a Pilgrim Virgin statue of Fatima which is to be placed in the

Alert Manager Prevents Theft

An alert store manager prevented the theft of over \$520 worth of merchandise from Best and Company, 16828 Kercheval, on Tuesday, July 2.

On that date, Michael Cooney, manager, observed a Negro woman, about 25 to 30 years of age, who was carrying a black leather coat, place five dresses under the coat, then place the coat on a chair. When she discovered that she had been observed, she went into the fitting room then slipped out of the store leaving the dresses behind. She was last seen entering a black Buick Electra convertible, driven by a Negro male, which was heading east on Kercheval.

The information was sent to all cars and police checked the stores in the area. Later in the day, the manager of Winkelman's, 16900 Kercheval, called City police to report that a two-piece brown, mink-trimmed ladies suit, in a size 14, was missing from the store. He told officers that a woman fitting the description of the woman in Best had been seen in Winkelman's earlier in the day. The suit was valued at \$130.

An interesting sidelight to this story is on May 31, the children sent letters to friends regarding the financing of their trip . . . on the same day they knelt and said a rosary praying for the opportunity to go. On June 5, the date of Robert Kennedy's death they received responses from anonymous Pointers donating the money for this Peace Pilgrimage.

Will Also Make Movie

The children, with the help of Father Messia Dias Coelho, a Portuguese priest, who is the best-known authority on Fatima and a renowned photographer, will be making a movie of Mrs. Reynolds' play. The movie will be a sound, color movie and will run one hour. It will be a documentary on the children's trip called, "The Children's Crusade for Peace" and will be dedicated to the Kennedy family. Upon their return the group hopes to raise local funds to help with the completion of the movie.

The children have also been invited to present the play in the Bishop's town and other spots in Portugal.

This is not only a great honor to the children but for the entire United States.

Mrs. Reynolds visited Fatima twice last year in preparation for writing her play. She talked with people and collected facts with the assistance of the priests of Fatima. At that time she received an Imprimatur from Cardinal Coaroy of Ceylon. She hopes to make the movie available to schools and television.

Those Making Trip

Those children accompanying Mrs. Reynolds are: Gwen Humble, 14 years old, who will portray Our Lady of Fatima; Lisa LaBuda, 14 years old, who will play the mother and narrator; Jerry Wolf, 16 years old, who plays the role of the Angel of Peace; Cindy Reynolds, Suzie Wightman, and Moira Brophy, all 11-year-olds, who play the roles of the Shepherd children. Michael Reynolds, 13, and Kathy Brown, 15, will help stage the play. Dominic Cusuman will present the flags to the Bishop. Mrs. Catherine Meyer and Mrs. Elaine Downey will also be part of this peace pilgrimage.

Anyone interested in sending prayer petitions to Our Lady, through Mrs. Reynolds, may do by sending them to 1250 Grayton road, and they will be left at the altar of Our Lady of Fatima. Anyone interested in having the children bring their play to their church or school may call TUxedo 5-6219.

INSURANCE AGENCY

We genuinely believe we offer an exceptional opportunity for an active, experienced insurance agent to profitably associate with our very highly respected, small, centrally located downtown Detroit agency now celebrating over a half century of general insurance service.

Our agency has been operated solely as a 'service agency' to our larger Mortgage Banking & Realtor operations; in all of our years, no concentration of time nor effort has been expended to fully capitalize on the personal and business entrees so developed.

We need an ambitious agency man who a) wants relief from the financial burden and administrative responsibilities incident to his agency operation, b) wants more time in the field for his sales production, c) wants an office, staff and Companies of which he is proud and upon which he can depend, d) wants to negotiate a commission split arrangement which will net him at least 50% more of each earned commission than he now retains, e) wants to build an equity in the agency itself, and f) has the proven ability to currently produce a reasonable volume of profitable business.

From the right individual or agency, we shall be most receptive to any plan of association (except the sale of our agency) which may provide for permanence and profit. Hence, we invite inquiries which fully detail the personal and business background of interested individual and/or agencies.

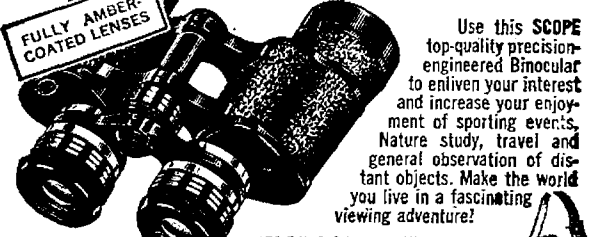

You are assured your reply will be received in ABSOLUTE confidence. The employees of our firm know of this opportunity.

HUBCAPS
Jon P. Krazon of 10715 Peerless, Detroit, informed Woods police that his car was parked in the Woods Theater lot while he was attending a movie, on Friday, July 5, and when he returned, he discovered that thieves had stolen all four of the wire wheel type hubcaps, valued at a total of \$130.

One thing this world needs is an amplifier for that still, small voice of conscience.

Residents Recapture Spirit of Fourth

With flags flying, residents of Edshire, Peach Tree, Wedgewood, and Pear Tree lanes, celebrated the Fourth of July in the traditional manner, for the fifth year in a row. The idea originated with Mrs. James Costello, who felt the true spirit of the Fourth needed greater emphasis.

Children on these streets decorated bikes, wagons and pets with red, white and blue crepe paper. Uncle Sam hats were everywhere, as were striped vests and flags. A dune buggy, owned and operated by the Patrick F. Carrons, took a special spot in the parade, as did a gaily decorated Armenian Cart.

Mr. and Mrs. Robert Burchick led the parade which toured the area, with horns blaring and flags waving.

After the parade everyone gathered at the Carrons for

coffee, sno-cones and cotton candy, then off to pool parties given by the Charles Flemions, the Vincent Melles and the Edward Robertsons.

The evening was topped off with a mass visit to Parcels to view the fireworks.

Sounds like a bang-up way to celebrate the Fourth, doesn't it?

PARK LITTLE LEAGUE Majors

The Indians wrapped up their pennant in regulation play by taking both halves of the American League race with 9-1 and 8-2 records. In the National League it was different when the Braves and Cardinals matched 9-1 records.

This forced a playoff which was won by the Braves 12-4. This game appeared to be a rout by the Braves as they scored 4 runs in the first. However, the Red Birds organized a rally in the sixth and final inning after two were down. Four runs scored and the bases were loaded when the third out closed out proceedings. Armbruster was credited with a well-deserved victory.

Final week games leading up to the Braves-Indians World Series reflected the continuation of a busy and thrilling season.

American

The Indians were double winners with 6-2 over the Orioles and 8-2 over the White Sox. Against the Orioles Quinn batted 3 for 3, including a double and Haddad knocked 3 for 3. In the game against the White Sox, it was all Haddad as he pitched the victory and blasted a homer and 3 singles.

The Senators also were on the win side twice with a 15-1 coaster over the White Sox and a tighter 5-3 win over the Yankees. Steve Pemberton unleashed a grand-slam homer and a double to take care of the Pale Hose. He subdued the Yankees with 15 strikeouts. Barr and Olson collected two hits apiece. Jacoby, Peters and Morrison touched him for doubles to let him know it was still a ball game.

The Athletics squeaked by the Yankees 3-2 as McKernan fanned 10. He had help from Redmond and O'Keefe who accounted for 4 hits. The A's also downed the Orioles 16-12 as Finan aided his own cause with a 4-bagger and double.

National

The aforementioned Braves and Cardinals picked up two wins. The Redmen punched the Red Legs 6-3. In their 14-8 victory over the Dodgers it was their heavy bats again as Briggs homered, doubled and singled twice. Armbruster cleared the fence twice and Copty homered in addition to getting 2 singles. The Cardinals passed the Dodgers 10-6 with scores in every inning but were holding

their collective breaths as the Dodgers crossed the plate 5 times in the sixth aided by Newman's round tripper. It was a bit easier winning against the Pirates 10-3 and Chuck Bayer blasted two over the fence plus a double.

The Pirates shut out the Giants 10-0 as Chip Gauthier knocked out two doubles and a single. The Giants succeeded with an appeal play to chalk up a double play since their offense was non-existent. The men from San Francisco were also inept against the Red Legs and they gave up 18 runs while scoring only once. In this one Chancey blasted 3 doubles, Michalak 2 doubles and Reno 3 singles for the winners.

The Giants managed a victory in the finale by downing the Dodgers 18-3. Newman cleared the fence on a solo for the Dodgers but Steve Blake was overwhelming as he homered and singled three times and scored four runs.

The Red Legs Chancey scored the winning run in the fifth to leave Reno as the winning pitcher over the Pirates 4-3.

Minors-American

This pennant will have to wait as Purdue, Michigan State and Marquette are potential winners. Michigan State made a big dent in home plate when they beat Wisconsin 15-5 and Marquette 16-3. Burton with 2 doubles and McCarroll with three, subdued Wisconsin handily as Shaalan was the winner. Against the Leathernecks McCarroll and Shaalan homered and Day blasted 3 triples.

Paul Groat pitched the Marquette to a 6-5 thriller over Michigan. Verbiest did likewise in leading Purdue over Army 5-2. Hawaii's Dooley had difficulty in stopping Purdue 15-14, so did Telbeman of Wisconsin in his 22-14 win over Michigan.

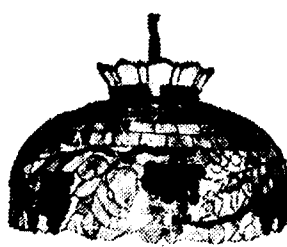

Glendening framed 6 and hit a two bagger along with Fikany and Miller blasted a homer and knocked in 4 runs as Ohio State downed Army 18-10.

National

This is also a possible 3-way tie between Navy, Iowa and Illinois which this week's games will resolve. Iowa took the measure of Minnesota 16-9 and Indiana 13-8. Navy downed Air Force 3-1 and Iowa 7-4. Air Force outlasted Northwestern 25-22 and Minnesota passed Alaska 12-4. Northwestern also took the Klondikers 10-8.

Swim League Opens Season

By Lincoln Lee

Tuesday, July 2, marked the opening of the Inter-City Swim League season with three meets scheduled. The Farms suffered a 226-212 defeat at the City; the Woods dealt St. Clair Shores a 267-148 defeat; and the Park, unable to field a complete team due to the delayed completion of their pool, forfeited to the Shores.

In the action at the City, the City team took the opening relay and never relinquished the lead throughout the meet. The City slammed eight events, the Farms four. Turning in outstanding performances by taking two firsts were Anne Brinkman and Gil Kernan for the City, and Bob Roh, Beth Boerner and Tom Wise for the Farms.

At the Woods, a strong Woods team held St. Clair Shores to seven firsts, the Woods picking up 33 firsts. Double winners for the victors were Jacki Briski, Mark Stevens and Brian Fink, with Nancy DeGreane picking up 2 firsts for St. Clair Shores. The standings after one meet are:

	W	L
City	1	0
Shores	1	0
Woods	1	0
Farms	0	1
Park	0	1
St. Clair Shores	0	1

FARMS

The Farms Little League regular season was drawn to a close by an exciting all star game between the National and American League teams.

It was a great game, and when the dust had cleared, the National League emerged victoriously, 9 to 1. The American League scored four runs in the fifth inning, three in the second and two in the third to ice the contest.

John Schmidt of the Indians, Clay Purdy of the Yankees and Dave Peters of the Tigers each collected three hits to pace the American League attack.

Mark Schmidt of the Pirates led the National League with two hits. The annual game is played between the 12 year stars of the League.

Meanwhile, the final standings for the third round look like this:

	W	L
Yankees	6	1
Reds	6	1
Tigers	5	2
Indians	4	3
Giants	3	4
Red Sox	3	4
Pirates	1	6
Phillies	1	6

Final playoff action is scheduled for this week at Kerby Field.

Class C Minors

Albany won the Class C Minor League championship defeating Columbus 5 to 0, in a tense, tight, well-pitched game by both sides.

Brian Murray went all the way for the winners, picking up his tenth victory of the season. Dave McCoy got a big triple to lead off the fourth inning when Albany scored their fourth and fifth runs.

Craig Higgins, the season's best hitter for Albany, led off the third inning with a single and scored the winning run.

The game between the Major-Minor League Champion will be played on Saturday, July 13, at 10 a.m. at Kerby Field.

Remember The Pueblo?

Last week Russian fighter aircraft forced an American DC-8 transport plane, with 231 service men passengers and crew bound for South Vietnam, to land on a remote communist-held Pacific island. Following an apology from our State Department the craft and men were released.

At about the same time, Cuban officials freed a hijacked Boeing 707. Its passengers were sent home six hours later on a refugee plane. Castro also had previously released two other hijacked U.S. airplanes.

But, what about our ill-fated intelligence ship, USS "Pueblo," and its benighted crew of 82 Americans, seized last January 23 by North Korean pirates? Have they been completely forgotten? Has our government failed to exert the proper pressure on the brazen buccanniers who still defiantly thumb their noses at the United States Government? Washington remains strangely silent on this grave matter. And, even sadder to relate, so do the American people.

It is known that on May 28 the United States proposed to North Korea that the crew be turned over to the Neutral Nations Supervisory Commission in Korea. No reply has been announced as of this writing.

Whatever, if anything, is now going on concerning this vital matter, the American people . . . and more especially, families of crew members . . . surely have a right to know.

In a recent telephone conversation with a top aide in the Washington office of Michigan Sen. Bob Griffin, (the senator was not available), the most the Grosse Pointe News could learn is that "an investigation on this matter still is under way."

Anyway, it's refreshing to note that Mrs. Lloyd M. (Rose) Bucher, energetic wife of the "Pueblo's" gallant captain, and mother of two young sons, has started a nation-wide campaign from her San Diego home, in an attempt to remind the American people that her husband and his crew remain prisoners of North Korean communists.

"I cannot believe the American people have forgotten the 'Pueblo' and its crew, and I appeal to them to help get some action from leaders of our country who are hoping that all of us will forget the entire incident."

Mrs. Bucher revealed she has received seven letters from the State Department since the first one dated March 30. President Johnson also wrote to her. Since then, she stated, six more letters have come from Washington. All said the same thing: "Be patient, no progress has been made, we are doing everything we can."

With some friends and families of members of the crew, Mrs. Bucher has started a "Remember the Pueblo" bumper sticker campaign. They would like to see a couple million of these reminders on automobiles from coast to coast. The group also hopes that interested Americans will bombard Congress members with messages on the subject.

Bumper stickers will be sent for a donation of 25 cents, to cover cost of handling, by Mrs. Bucher, Box 9796, San Diego, Cal., 92109. Perhaps local service clubs would like to help in this effort to free these gallant Americans.

Let the Grosse Pointe communities take the lead in sending "Remember the Pueblo" messages to both Senators Hart and Griffin in Washington, reminding them of this incident, one of the most shameful in United States history!

Americans remembered the Maine and the Alamo—WHY NOT THE PUEBLO! W.W.F.

It Was Different Then?

Last week the Chicago Tribune asked who said this: "Whatever the outcome of the Presidential elections in November, a new administration will take place. None of us knows which political party will direct the administration. I suggest this is a most appropriate time for the Senate to record its extreme reluctance to see recess appointments made to the Supreme Court."

The answer: "Sen. Philip Hart of Michigan, one of the most liberal of Democrats, speaking in behalf of a resolution he had drawn up, and backed by Lyndon Johnson, at that time majority leader of the Senate. All this was eight years ago when President Eisenhower was a lame duck like Mr. Johnson is today."

The Tribune closes its long editorial with this paragraph: "What Messrs. Hart, Johnson, and others, regarded as dirty politics in 1960 seems to have become noble statesmanship in 1968, and it is the opponents this time who are villains. Consistency and politics never did mix well." W.W.F.

Letters to the Editor

To the Editor:

I read with great interest the letter of Gregg D. Watkins in last week's issue of the Grosse Pointe News. I found it most flattering that Mr. Watkins felt that I alone kept the movie, "The Fox," out of the Grosse Pointe area, or even that the Grosse Pointe Motion Picture and Television Council did. I know that I did not personally demand that the picture not be shown. That indeed would have been presumptuous of me. I only stated that in my opinion, after viewing the film, it did not measure up to the moral standards of the community. This was my "freedom of choice." Evidently many others in the community felt the same

way as was evident by the volume of mail received by both the Community Theaters and the officials of Grosse Pointe Farms.

The police chief of Grosse Pointe Farms deemed it, "no better than a smoker" and said that he could foresee many problems if it were shown. In the June 6 issue of the Michigan Catholic, Mr. Irving Goldberg, Co-owner of the Community Theaters said, "Frankly the movie treats a delicate subject matter which I do not feel fits the Punch and Judy right now. I had scheduled the movie for the theater before I saw it, which is not unusual." Mr. Watkins asks: "Who gave Mrs. Declercq the right to de-

termine what is trash?" When Oscar Levant criticized a performer as he was leaving a concert one evening, another guest challenged, "Who do you think you are to criticize him?" Levant countered, "Who do you have to be?" No you do not have to be anyone but yourself to be a critic.

While I do not believe in censorship I do believe in the obscenity law and its enforcement. I object to those who abuse their rights to freedom of speech by diminishing mine. While I do not believe in censorship I do believe, with the large majority of Americans, in the God-given standards of morality. I believe that to maintain this standard, both individually and collectively, is a birthright guaranteed by the Constitution of the United States.

Of course we must all face reality . . . a dirth of Walt Disney or the whipped cream of the 30's, lacks appeal to the sophisticated audiences of today. But films should be done with the proper perspective . . . Life may not be all Moonlight and Roses . . . but neither is it all violence, unnatural sex situations of degenerates. Mr. Watkins wrote that he

What Goes On at Your Library

By Virginia Leonard

Violence. What picture does that word conjure up for you? Does it recall last summer's race riots? Does it make you think of recent student protest demonstrations? Does it make you think of Vietnam? Perhaps you think back to violence in other periods of history — and in many other countries. Or you may ponder on the unsafe conditions of big cities. Is not this violence spawned by inner hatred, finally bursting forth toward others, toward the Establishment, toward enemies, toward nations — and finally, often, toward oneself? So there is also inner violence, which, in its final, purest form, may result in accident or suicide, the final form of self-destruction.

I'm sorry to sound so morbid, but violence seems to be all around us. You can pick it up on any media — television, radio, the theater, certain forms of music. Has it created more violence, or is it a sign of the times? Both, probably. And violence can also be found between the pages of a book — violence in all the forms and varieties I have mentioned.

Let us take, for example, Negro literature. The author may be relating calmly and unemotionally historical or fictional facts, but he is relating a tale of violence. And if he is an angry young man, he is doing it with fire in his eyes. William Styron, in his CONFESSIONS OF NAT TURNER, tells us of a gory slave rebellion. And page by page he builds up Nat's resentment of his treatment — he must do this to make the denouement plausible. The Negro cries out in anger, frustration and bitterness from the pages of James Baldwin, Malcolm X, Stokely Carmichael, Dick Gregory, John Williams' THE MAN WHO CRIED I AM.

Recently in compiling a non-annotated bibliography of the American Negro, (and of holdings contained only in our libraries), I was amazed to find that in its final form it consisted of nine pages single space. I wonder how many of these you have read.

Books have been appearing with greater frequency on various race riots — both in Detroit and other cities. And they will continue to come as assessments, evaluations and ex-

planations are poured forth. Perhaps by understanding them we can prevent further violence of this sort.

The books on Vietnam — pro and con — are legion. We suggest you come in and look them up under their subject in our card catalog. You might find a new one that would help you to understand the problem a little better.

If you are fortunate enough to get a newspaper now and then, you must be aware of the student uprisings in universities such as Berkeley and Columbia — and even Paris. Students have rioted for years in foreign countries — now it is coming closer. And we must listen to our youth and find out what they are thinking. Books are bound to come, but now there is a wealth of material in magazines and newspapers. Come in and read about it.

I think our recent assassinations fit into this picture. First John Kennedy then Martin Luther King, and so very recently, Robert Kennedy. We have material by and about these tragic heroes in our libraries; more will appear. As the dust settles, you may want to know about these men. You may also want to delve back into history and read of the assassinations of other names in history.

Many violent authors come to mind, and it would be futile in a column such as this to attempt any in-depth treatment. But as I write, Norman Mailer is the first to come to mind. AMERICAN DREAM shows a tremendous inner conflict; his recent ARMIES OF THE NIGHT shows his intense involvement with the Washington Peace March.

When it comes to inner conflict, we can easily enter the field of psychiatry. A new book, full of heartaches, is Louise Wilson's THIS STRANGER, MY SON — the touching and tragic story of her son, a schizophrenic. An earlier book very similar in nature was Arthur Woolson's GOOD-BY MY SON. One of my favorites, (now in paperback), is I NEVER PROMISED YOU A ROSE GARDEN by Hannah Green. Browse in our section of books (131 and 132) on mental illness and emotional disturbances — you will find much inner turmoil.

WOMEN'S PAGES

From Another Pointe of View

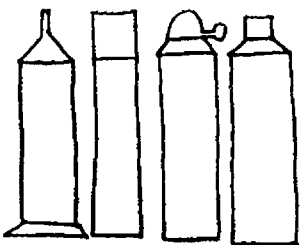

By Janet Mueller

It's full summer now in Our Part of the World, The Pointe's "best" season according to long-time residents who insist: "Why should ANYONE leave Grosse Pointe during July and August when all the requirements for a vacation spot—sun, lake, sports facilities—are right at hand?"

But people DO leave . . . especially the Younger set, the immediately pre-, immediately post- and right-now college group, who travel-study-play, (hard, that is), while the rest of us sway desultorily in our hammocks.

Here, for example, are some cases in point . . . Sydney Raymond, the almost-21-year-old daughter of the Ralph Raymonds, of Bedford road, a Russian major at the University of Michigan—she'll start her senior year in August—is in the middle of a five-week Slavic Workshop at Indiana University, Bloomington.

Sydney's studying and speaking NOTHING BUT (Continued on Page 31)

These are little miracles.

Otherwise known as conditioners. They give body and bounce and life and lustre to hair that hasn't all the body and bounce and life and lustre it needs. The only thing we would point out is this: different heads need different conditioners. We tell you if you need one and if so, which one. And each time you come in we double check the situation. Like to buy a little miracle? We sell them, most reasonably.

groom, were bridesmaids.

They wore citron silk crepe dresses belted in satin with matching Dior headbows and carried bouquets of yellow cabbage roses.

Louise Leithauser, sister of the bridegroom, served as junior bridesmaid, wearing a pale yellow dotted swiss frock with a crown of yellow daisies and carrying a bouquet of the same flowers.

Best man, Mark Hart, was assisted by ushers Gary Reeder; Dennis David, brother of the bride; Sam Serra; John La Rose; and brothers of the bridegroom, John and Doug Leithauser.

David Reeder, the bride's nephew, was ring bearer. The mother of the bride wore

a beaded gown of silver gray peau de soie and the bridegroom's mother chose a beaded gown of blue chiffon.

Both accented their outfits with orchid corsages.

Some people have as much trouble adopting a budget as others have in keeping one.

Teens Seek Jobs

Teens are looking for jobs this summer. If you need any type of teen help for odd jobs, lawn cutting, baby-sitting, secretarial service, drivers, office help, call the Neighborhood Club at TU 5-4800 to list your need. Scores of teens stop in weekly to check if anyone needs their services.

To date too few jobs have been listed for the number of teens seeking employment. The Neighborhood Club has, for the summer months, taken over the Grosse Pointe High School employment service known as WOOFY conducted over the years by school counselor, Larry Westerville. Let's give the teens a chance to be helpful by giving them employment.

'Amboy Dukes' Playing Tonight

"The Amboy Dukes," whose record is currently number one, play a one night stand at Grosse Pointe War Memorial's Crystal Ballroom tonight, Thursday, July 11, at 8:30 o'clock. This is the Youth Council's only Super Othr Side this summer and it is offered at the bargain admission price of \$2 in advance. Tickets will be sold at the door if any remain at \$2.50 per person.

During the Dukes' break, a local rock 'n roll band will take over. Also to add to the Super Other Side, there will be a continual light show by the "Middle Earth."

The Grosse Pointe War Memorial is definitely limiting the crowd for the Dukes and is employing extra policemen for protection.

Easter Seal Day Camp Opened Monday, July 8

A change of plan will bring some 200 handicapped youngsters from all over the Detroit metropolitan area together to enjoy a month-long day camp program, sponsored by the Detroit Society for Crippled Children and Adults, Inc., in cooperation with the Detroit Department of Parks and Recreation, from Monday, July 8, through Friday, August 2.

Conducted annually by the Easter Seal Society, the camp is again slated for Smith House in Rouge Park, West Outer drive and Chicago boulevard.

The children from five to 16 years in age are referred each year by three orthopaedic schools and miscellaneous agen-

cies, then interviewed by Detroit Society staffers.

Rosemarie Evenhuis, executive director of the Detroit Society, is also director of camp activities. She explains:

"We hope to add new dimensions to our camp program again this year and intend to intensify action in all phases for later evaluation of the benefits accrued through this recreation program."

"With our expanded staff of social workers to assist in solving individual or parental problems, we believe new concepts in program planning for day camping for the disabled can be developed."

Assisting a supervisory staff

of eight paid counselors will be a nurse, cook and a group of Senior Girl Scouts.

As in the past, campers will be picked up at or near their homes each morning by chartered buses and transported back each afternoon with the breakup of camp at 2:45 o'clock.

During the camp day, there are diversions suited to tastes and capabilities, crafts where small gifts to take home may be made; woodworking for the older boys; checkers and cards; plus other games to play. Football still remains the one formal large group activity enjoyed by everyone.

At lunch time, campers are gathered together by the counselors at long picnic tables outdoors. Hot meals are served two days during the week with picnic fare provided during the remainder. Community singing and a 20-minute rest period follow.

The Easter Seal Day Camp is conducted by the Detroit Society, a voluntary health agency, with no charge of any kind to the children's parents. Easter Seal Society president is William R. Ludwig, of Rivard boulevard.

NAB 'CRACKER TOSSERS'

A Rivard resident called City police on Tuesday, July 2, to report a group of boys in a '66 Thunderbird had thrown firecrackers in front of her home. A description of the car was sent out to all cars and the boys were picked up. The caller refused to sign a complaint. The youths were reprimanded and released.

Fall Bride

Photo by Bransby Studio

Plans for an October 5 wedding are being made by NANCY ANN NEWHOUSE and Thomas D. Trimmer, whose engagement has been announced by her parents, Mr. and Mrs. S. Sidney Newhouse, of Kerby road.

The bride-elect was graduated from the University of Michigan, where she affiliated with Alpha Chi Omega.

Her fiancé, son of Mr. and Mrs. William E. Trimmer, of South Bend, Ind., is also a University of Michigan graduate.

M. R. Noecker Weds In East

The Community Baptist Church, Whitefield, N. H., was the setting for the Saturday, June 29, wedding of Carlee Ann Astle, daughter of Mr. and Mrs. Charles Frederick Astle, of Whitefield, and Marshall Raymond Noecker, son of Marshall Vernon Noecker, of Heady road, and the late Florence Harriet Noecker.

Officiating at the double-ring all-white ceremony was The Reverend Ward H. Crawford. The bride, given in marriage by her father, wore an Empire gown of white silk organza, trimmed with embroidered Swiss Guipure lace. Matching lace motifs were featured on her Cathedral train.

Her silk illusion veil fell from an organza Camelot cap, and she carried a cascade of white orchids and English ivy.

Honor matron was Mrs. John T. Owens, of Syracuse, N.Y., and bridesmaids were Mrs. Anthony Paskevich, of Solon, O., Mrs. Donald Alsted, of Williamsport, Pa., Patricia Smith, of Whitefield, Sophie Kadak, of Hampton Bays, N.Y., and Ann Noecker, the bridegroom's sister.

Their floor length frocks were fashioned of white linen and featured Empire yokes. They carried cascades of red roses and English ivy, and their headpieces were ribbon bows with long streamers entwined with red Sweetheart roses.

William Noecker acted as best man for his brother. In the usher corps were Lieutenant Brian Mumaw, of Indianapolis, Ind., Terence Martia, of Dobbs Ferry, N.Y., Raymond Norton, of Washington, D.C., William Hamm, of Ann Arbor, and Alan Astle, the bride's brother.

Following a reception at Century Hall, Whitefield, the newlyweds left for a vacation in Jamaica. They will make their home in New York City.

MORE BICYCLE THEFTS
Bicycle thefts continue to plague Pointe children and police. City police received reports of three thefts in a two-day period. The first report came from George Kushner, Jr., 388 St. Clair, reporting his 20" blue and chrome bicycle stolen from the city park. Roy Erickson, 376 Washington, reported his copper and chrome Schwinn Stingray stolen from the city park on Sunday, July 7. On the same date David Brinkman's 20" gold Schwinn was taken from his garage.

Cheryl Ferrara Weds Mr. Bass

Making their home in Devonshire road, Detroit, are Mr. and Mrs. Richard George Bass, who vacationed at Lake George, N.Y., and Niagara Falls, Canada, following their Saturday, June 1, wedding in St. Thomas the Apostle Church, West Springfield, Mass.

Mrs. Bass is the former Cheryl Anne Ferrara, daughter of Mr. and Mrs. Francis P. Ferrara, Jr., of West Springfield. The bridegroom is the son of Mr. and Mrs. George E. Bass, of Manchester boulevard.

The 11:15 o'clock rites, at which the Reverend Paul E. O'Day officiated, were followed by a reception at Willow Glen House, East Longmeadow, Mass.

For the ceremony, the bride selected a long-sleeved gown of silk organza over peau de soie. Seed pearls and crystals accented the rose appliques at her neck and sleeves.

A pillbox headpiece caught her Chapel length silk illusion veil, and she carried a Colonial bouquet of pink roses, white carnations, baby's-breath and stephanotis.

Honor attendant was her sister, Cynthia A. Ferrara, bridesmaids were the bridegroom's sisters, Kathryn A. Bass and Mary Beth Bass, and junior bridesmaid was another sister

of the bride, Candice A. Ferrara.

Applied daisies accented the necks and sleeves of their floor length pink chiffon frocks. They wore natural flower headpieces and carried Colonial arrangements of pink carnations, roses, baby's-breath and ivy.

Acting as best man was Terry A. Biglin. In the usher corps were Theodore M. Barthell, Jr., Francis P. Ferrara, III, the bride's brother, and James J. Bass, brother of the bridegroom.

The bride's mother chose a powder blue lace ensemble and a pink orchid corsage. The bridegroom's mother selected a champagne linen jacket and dress and a corsage of avocado green cymbidium orchids.

Later, Duke Ellington and his orchestra will give a concert for the guests at the entrance to the center's 750-foot-long enclosed mall.

A highlight of the musical program will be a rare appearance as piano soloist of Detroit

Kerby Principal Is Proud Papa

By Pepper Whitelaw
Kerby School principal Custer Homeier, is a very proud papa these days. His daughter Virginia Ann, has been named the Outstanding Undergraduate Student in Elementary Education at Portland State College.

The remarkable part of the story is that Virginia is the mother of five children! Virginia cut her education short after one year at the University of Michigan when she married Robert Anderson of Chicago.

Bob's job as a marine architect, took him to Portland, Ore. So Bob and Virginia settled down in the suburb of Parkrose, Ore. and began raising their family: Kathryn, Christine, Erika, David and Daniel.

Then Virginia decided to go back to school for her degree. Two years ago she became a full-time student at Portland State. She completed three years work in two years and a couple of summers.

In the course of the two years she won an Oregon State Scholarship, a PEO Scholarship and an Eastern Star Scholarship. This August she'll have her BA in elementary education... then she teaches in her own suburb of Parkrose.

Virginia was also elected to Alpha Sigma Omega, women's scholastic honorary society. She continued as an officer in her PTA, and as a member of the Human Relations Council and the League of Women Voters... she stayed busy and loved it.

Now Virginia is looking forward to the fall and her new teaching post. If she follows the pace she has set for herself it won't be long before she'll be working on her Master's degree.

Driver Nabbed Without License

Charles H. Gleason, 30, of 5952 Drexel, Detroit, was arrested by Woods police on Wednesday, July 3, for speeding and was found to be driving on a suspended operator's license.

Gleason was spotted driving south on Mack avenue by Patrolman Douglas Dosmas, who, in his report, stated the motorist was traveling at a high rate of speed. At the Lochmoor boulevard intersection, the driver made a fast "U" turn, squealing his tires, at which point, the officer took up pursuit.

Dosmas said he turned on the flasher of his scout car, and finally stopped the man at the Mack - Vernier intersection. When Gleason failed to produce his operator's license and car registration, a check was made with the Woods station and the return report revealed that Gleason's license had been suspended by the Secretary of State's Office in Lansing.

The motorist was taken to the station, where he was issued a violation ticket for driving while his license was suspended. He was released on \$100 bond, pending a hearing in court scheduled for Saturday, July 13.

ANCH, 3 bedroom brick, 2-car garage, finished basement. St. Clair Shores-12 Mile Rd. area. 778-0470.

WE'VE SAID IT before, and we'll say it again, from all indications of the initial interest in the following two "first offerings," the chances are they will be sold by the weekend. Could be that your call will be the one which could make our prediction a reality.

ON LINCOLN Road, off the Kercheval, we put forth a four bedroom, two bath colonial which is priced in the mid-forties. New driveway, carpeting and general redecorating has recently been completed.

ON MT. VERNON we have listed a fine little three bedroom colonial with that extra room on the back. There's a first floor lavatory, paneled basement room, and good carpeting throughout.

BY APPOINTMENT
THIS ONE is a rarity... that small house with big rooms... the kind so often requested by those interested in reducing house size but still having elbow room in the master suite, and living and dining and family rooms. Located on a lot just big enough for privacy but not large enough to make you a slave. Let us give you a tour... we think you'll rave.

THE BEST OF everything has gone into our Cape Cod on South Deerparks. Each of the four bedrooms is serviced by a bathroom. There are two enormous bedrooms on the first floor. The house has a generously proportioned living room and big library. Air conditioned throughout. Stop running around... this one begs you to sit down and cool your heels.

FOR THOSE who desire owning income property, we can show you two larger flats on Trombley Road. Both feature four bedrooms on each floor and also have complete two bedroom apartments on the third floor. Upstairs or down let your tenant make your mortgage payments.

PEAK OF Perfection... is this newer five bedroom, story and a half offering in the Farms. Only a few blocks away from Hill Shopping and most schools. Party-sized family room and secluded party-sized backyard patio. This house has recently been completely redone, and the owner will move quickly to accommodate a buyer.

SOUND THE ALARM. Several suspicious characters have been poking around the grounds of this delightful, older colonial located just a few feet from the lake. We believe one of them is liable to commit legalized robbery and snatch this charmer up before the public finds out it's available to all. Better keep your motor running 'cause we can send you up the river just a few houses, where another waterfront property is waiting to be "taken."

WHEN IT COMES to "cool" single story houses in the Farms, we'll put our best foot forward with this white ranch on Stephens hill. You can sock it to us if we misrepresent this listing as the best ranch offering in the Farms. Three family bedrooms are serviced by two baths. There is a third bath and a fourth bedroom off the kitchen. Better lace into this one before someone else flies it up.

SELDOM WILL a house actively come on the market on this one block long street which leads to the lake. When a property does become available it is usually sold before the ad appears in this sheet. We believe this offering will follow the same pattern. This Georgian influenced colonial has five bedrooms, all on the second floor. Off the large entrance foyer are a formal living room, family room, library and dining room. Less than ten years old, so don't worry about "putting" the house back together again.

ONE OF THE FEW remaining lots with 100 feet frontage available in Grosse Pointe City. Located on a street of stately mansions.

Sox 4-3 to take sole possession
of first place. Chip Little pitched
a great game for the win. Jay
Henderson had two hits. The
Indians came up with 16 runs to
defeat the Senators 16-6. Chip
Little had two hits and blasted
a homerun. Jeff Sieber and
Tom Dye also had two hits.
Eric Adrian, Phil Howells, and
Bob Beyer each had two hits
for the Senators. Chip Little and
Jay Henderson combined pitch-
Tigers 3-1. Tom Dye drove in
the winning run for the Indians
and Pete Black and Steve Ru-
dolph made some key defensive
plays. Mike Phelps came up
with two hits for the Tigers.
The Red Sox outlasted the
White Sox 3-1 as Pete Bollinger
went the distance for the vic-
tory. Mark Bissinger had two
hits and scored the winning run.
Bill Crocker and Bob Burns
were the defensive stars and
Rick Padilla did a good job
catching. For the White Sox,
Mike Marshall got two hits and
John Puleo played a good game.
Despite two homers by Ed
Watko of the Athletics, the Sen-
ators won 7-4.

National Majors

Kerry Sogolows pitched the
Phillies to a 5-0 win over the
Cubs. Dave Thieman hit a
homerun and Harry Albright
had three hits, while Ken Sog-
olows and John Brobst each had
a two-base hit. The Phils, with
a 19-1 victory over the Dodgers,
clinched the National League
Pennant. Dave Thieman was the
winning pitcher and also hit a
homer. Harry Albright went
five for five; Kerry Sogolows,
four for five to lead the Phils
attack with 21 hits. Rick Bry-
kalski added two hits along with
John Brobst.

The Phils continued their win-
ning ways as Kerry Sogolows
pitched the Phillies to a 13-7 de-
cision over the Pirates. John
Brobst hit a homer and a triple
and Rick Capotosto and Dave
Thieman each had two hits.
The Phils had their toughest
game from behind with seven runs
in the sixth inning to beat a stub-
born Red Legs team 9-7.

Smack in the middle . . . of a fascinating summer project is Sandra Riley, daughter of the Joseph Rileys, of Nottingham road, serving as this season's producer-director of Cape Cod's Yarmouth Playhouse in South Yarmouth, Mass. . . Sandra, who was graduated from St. Ambrose High School, earned her Bachelors degree at Barry College, Miami, Fla., and received her Masters degree from the University of Michigan, is a professional director at Miami Lakes Barn Theatre. In Miami, she has formed her own company and has had three successful years with increasing audience response; most of the summer '68 Yarmouth performing arts company come from Miami and have worked with Sandra there . . . The Yarmouth Playhouse has a distinguished history—Built in 1882, in the early 1900's it was named the Standish Opera House, later, in the 1930's, became the home of a Chinese Theatre Troupe . . . Scores of notable actors have trained there, including, under Franklin Trask's management, Sandy Dennis, Paul Newman, Jean Seberg and Pat Carroll . . .

AND smack in the middle . . . of a very different—but equally fascinating—project is Cynthia Ann Truhan, daughter of Lieutenant Colonel Stephen Truhan (ret.) and Mrs. Truhan, of Aline drive, presently engaged in "Late Start," an eight-week teaching program in the Lansing Urban Education Tutorial Project . . . Cynthia is a student at Michigan State University's James Madison College, (her Dean's List spring term average there was 3.75); Project "Late Start" came into being through her small group's term paper in Education and Poverty under Professor Robert Green, who presented it to MSU's president, who approved it and supplied some University funds to subsidize it—the rest of the funds necessary to carry out the project were raised by the student volunteers themselves . . . The purpose of the program is to help children in grades one through six who come from disadvantaged families to overcome their two- to three-year "lag behind niche" by academic reinforcement and intensified reading and math programs plus history pertinent to their racial and cultural heritage and home environment . . .

Still receiving congratulations . . . is John W. Marschner, of North Oxford road, who scored a hole-in-one Monday morning, June 24, on the 192-yard second hole of the Oakwood Inn and Golf Club at Grand Bend, Ont. . . Jack used a Number Four wood and ended the round of golf with 88 strokes . . . His companions, (and hole-in-one witnesses—their twinges of envy are, as any golfer will tell you, COMPLETELY excusable), were Kenneth J. Davis, of Warren, Marion J. DelCotto, of Harper Woods, and Warren W. Ament, of Ghesquiere court . . . The foursome were enjoying the annual "Golfing Retreat," sponsored by the Men's Club of the Episcopal Church of St. Philip and St. Stephen for many years; twenty-eight members of the Club and their friends attended this last "Retreat" held June 23 through 25 at the Inn . . .

Very lovely . . . we think, is Carolyn Hubbard Lucas' summer lullaby, two short verses she calls **MADONNA OF THE FLATS**
*O, hush thee, my baby, though neighbors are bawling
With scarcely a moment of peace, so it seems;
And through open windows mosquitos are calling,
For rooms we can pay for are made without screens.
So hush thee, my darling, the night is for sleeping,
And though they are far, there are stars — so they say;
And God in His mercy holds all in His keeping:
So shut your sweet eyes and await a new day.*

Did you know that . . . the lovely program of the Marriage Service of Kristen Reuss Johns and Thomas Benton Stevens was designed by distinguished Pointe artist Bill House? . . .

PILFERINGS

A young engineer, perplexed by the notations at the bottom of the drawings and specifications for a certain project, asked the chief engineer what they meant. Unable to find anything in the latest journals, the chief finally placed a call to the customer and asked him what was meant by the code, "MILTD-41."
The customer replied very curtly, "Make It Like The Drawing For Once."
—Between The Lines

Prior to the landings on the Pacific island of Saipan in World War II, the Marine battalion surgeon was briefing his men of the Fourth Division on the hazards to be encountered. In the surf, he said, beware of barracuda, sharks, anemones, razor-sharp coral, poison fish and giant clams that close up on a man like a bear trap. On shore, he went on, there are leprosy, typhus, filariasis, yaws, typhoid, dengue fever, dysentery, sabre grass, hordes of flies, snakes and giant lizards.

"Eat nothing growing on the island, don't drink its water and don't approach the inhabitants," he wound up. "Any questions?"

A private's hand shot up. "Sir," he asked, "why don't we let the Japs keep the island?"

Pointers of Interest

THE RONALD L. PHILLIPS FAMILY, OF WHITTIER ROAD: CAROL AND RON, ALEX AND CHRIS

By Pepper Whitelaw

Pointer Of Interest add one, add two, add three, add four . . . is the way we'd like to introduce the Ronald L. Phillips family, for each individually would make a fascinating Pointer of Interest. The Phillipses live on Whittier road in a roomy "Home" with a capital "H."

The head of the household is associate creative director and vice-president of Campbell Ewald, but the adjective "creative" suits each member of the family.

Ron has won many awards in the advertising industry. His primary duties involve handling the newspaper, magazine and television advertising for major corporations.

Films Are His Hobby
His hobby is working with short films. Recently he wrote, produced and directed a delightful film entitled, "Leaves," utilizing the talents of his entire family!

"Leaves," along with eight other short films, will be shown for the first time in the Detroit area in Fries Auditorium tomorrow, Friday, July 12. There will be two showings, one at 8 o'clock and one at 10 o'clock.

Tickets will be available at the door and are \$2 for adults and \$1 for students. Advance tickets may be purchased by calling Mrs. Forest Braun, 821-1556, Mrs. William H. Kessler, 885-6017 or Mrs. Douglas A. Sargent, 823-0542.

The Film Festival is a benefit for the Grosse Pointe Committee for Open Housing, of which the Phillipses are active members.

Whole Family in Act
"Leaves" is in living color and features the Phillips' seven-year old son, Alex. Carol appears briefly and Christopher, age 10, who wrote the lulling and haunting theme, provides the background piano music.

"You might call the film 'A Labor of Love,'" smiles Ron. "It took us from October until December to complete it, with the final inserts being completed in January."

"In fact," grins Carol, "We had to sweep away the snow so Guy could take those final inserts!" (Guy is Guy Morrison, who did all the photography for the film and who is Ron's partner in this venture. He had never done a film before . . . and for those of you who will view the film this will come as a surprise . . . It's expertly done.)

How Idea Was Born
The idea for the film came about through a very simple incident. One day last fall Ron came home from work to find his son Alex had made paper ornaments and hung them on a barren tree in the backyard. "I knew I had to do something with this," says Ron. "This gesture by Alex somehow displayed the eternal optimism of youth . . . I just had to capture this thought. The filming of 'Leaves' was the only way to do it."

So the Phillipses entered into a hectic, fun-filled, togetherness-type project that resulted in this tender and moving production.

Alex, the star of the movie, is a nature lover as well as an artist. No small wonder that he combined these talents to decorate a barren tree!

He attends Defer School where he is a top student. Outspoken, bright-eyed Alex is a great story writer as well. "Nothing is more delightful than an original story of one's child," smiles Carol. "Especially if it's all PHONETICALLY spelled!"

Inherited From Mom
Alex comes by his artistic abilities naturally. His mother is a talented artist. Although her duties as a mother and wife prevent her from doing a great deal of art work, she does use her talents for community activities.

She has designed the logo for the Unitarian Church Fair coming up in 1969 and designed the symbol used for the Grosse

Pointe Committee for Open Housing. Her past artistic endeavors include helping to design opera sets for the Aspen Summer Music Camp.

Carol met Ron at the University of Kansas, where she was majoring in commercial art. She is originally from Los Angeles and Ron is from Leawood, Kansas. Prior to attending the University of Kansas, Ron studied journalism at the University of Missouri for three years.

Lived Out of Drawers
Ron's early years were spent in hotel rooms . . . "I grew up in hotel dresser drawers," Ron laughs. "You see, my dad played the fiddle, the bass and the guitar all over the Midwest. He played with Paul Whiteman and Herbie Kaye and then at WHO-Des Moines, with Al Clauser and the Oklahoma Outlaws, a western band that played in Gene Autrey films and recorded with RCA."

Upon graduation Carol decided to become a stewardess. She trained for three days—then Ron asked her to marry him. "I got scared," he chuckles. So in October of 1956 Carol and Ron were married in Mission, Kansas.

Almost immediately Ron went into the Army. He was stationed on Governor's Island off the battery in New York City. He worked under the Adjutant General's office writing programs and recruiting literature for the Army and the Air Force. While Ron was in the service, Carol worked for the Travelers Aide.

Offered Agency Job
After his stint in the Army, Ron was offered a job with an advertising agency in Kansas City. The Phillipses left Kansas City in 1960 when Ron was offered a job with an ad agency in Philadelphia. There he supervised The Bell Telephone Hour commercials and was the creative director for the Plymouth account.

In 1964 Ron was transferred to Detroit and the Phillipses rented a house in Blairmoor court. A year ago they moved to Whittier road. Ron joined Campbell-Ewald in February of 1966.

He has just completed his first novel entitled "Donnyboy." "It's kind of a fictionalized story of the days my dad was working at the radio station and involves three months of a young boy's life," he explains.

Ron's agent, The William Morris agency, is currently submitting the novel to various publishers. "I'm afraid it's not in keeping with the current violent type literature that is so popular today," the author said.

Pianist Top Student
Chris, 10, who is also a top student at Defer and who wrote the recurring theme for the film, has been studying music for two years with Rosalie Lang, who teaches the Robert Pace System that originated at Columbia University. This system teaches theory as well as sight reading. Chris played the theme on a tacked piano, which according to Ron sounds like a harpsichord but is cheaper to rent.

Chris wrote the theme when he was nine years old after only one year of study. The theme is only one of many of his own compositions.

But Chris has other interests besides the piano. He is a great rock collector, loves sports and according to Ron is "the world's greatest bike buyer." He also loves to build go-carts. He recently acquired an electric guitar which he plays. He has also announced that

next fall he would like to play violin in the school orchestra. "One of my dreams," adds Ron, "is writing popular songs with Chris." (And from where we stand it looks like a guaranteed dream come true!)

Family Philosophy
"We have a family philosophy that has worked beautifully for us," Ron says. "It's simply this: Each family member has his own interests and the rest of us respect and encourage those interests. In that way we all obtain independence and are able to go through life satisfying our personal needs and being whole people."

Carol and Ron have a very busy schedule. They are members of the Fine Arts Society, The Human Relations Council, The Grosse Pointe Unitarian Church and the Grosse Pointe Committee for Open Housing.

Both of them have strong, sincere feelings on Open Housing. Both are doing something about those feelings. "We feel there has been a notorious attitude that Grosse Pointe is closed to people of minority groups. We want to prove this theory wrong and help those people who want to live in The Pointe to do so," states Carol.

"We sincerely hope our group will be out of business soon and no longer have any reason to exist," she adds. "You know, many people in Grosse Pointe are anxious to integrate this community, especially since the slaying of Dr. Martin Luther King, Jr."

"We have been members of the Open Housing Committee for two years. The group does not act as 'Straw Buyers!' Our function is to call would-be sellers and inquire if they would be interested in selling their home to people regardless of race, color or creed. If they are interested we provide a free listing service. Then would-be buyers call us and we advise them as to property available in the community," says Ron.

No matter what the discussion, the Phillipses always end with "We want to help people" . . . at the close of the interview Ron adds, "If any of your readers are interested in film making today and need any help, we'd love to share our experience with them."

You see, sharing is an important part of the Phillips' lives . . . all four of them!

Former Pointers Hurt in Accident

Mr. and Mrs. Harold E. Siebert, formerly of 753 Grand Marais boulevard, suffered severe injuries on Saturday, June 22, when their car collided with another, near Salt Lake City, Fla., as they were traveling north.

The couple were taken to Lake Side hospital in Lake City, and later transferred to their home at 1100 Pepperidge Terrace, Boca Raton, Fla., where they are reported in good condition and recovering.

The Sieberts' automobile was struck head-on by a woman driver from Jacksonville, Fla., who was killed instantly. Both cars were total losses.

A police investigation and witness statements cleared Mr. Siebert, who was driving, of any blame in the accident.

MORE BIKES STOLEN
City police had reports of three bicycle thefts from Neff Memorial Park over a two-day period. Two 26" blue and chrome bicycles belonging to John Dewald, 15 Alger place and Guy Willetts, 456 University were reported stolen on Tuesday, July 2. Michael Rosetos, 888 Rivard, reported the theft of his new green, 26" Varsity bicycle on July 4. Michael told officers his bicycle was locked.

King of Softball To Pitch Here

The fantastic Eddie Felgner, king of softball, will bring his fabulous four-man softball team to the east side of Detroit on Saturday, July 13. The game will be played at Lutheran East High School Field, Kelly and 8 Mile roads at 9 p.m.

"The King and his Court" consist of Eddie Felgner, greatest softball pitcher in the history of the game, a catcher, a first baseman, and a shortstop! No outfielder. No other players! The "King" is currently on his 20th annual tour which, over the years, has included games in 49 states and 29 foreign trips.

Over these years Felgner has compiled an unrivaled record of 3,000 wins and 261 losses. Eddie has averaged 18 strikeouts per game and his fastball has been timed at 104 MPH. His limitless variety of curve balls, sinkers, and risers are unbelievable to behold.

The "King" pitches from 19 different wind-ups which include between the legs, behind the back, on his knees, blindfolded, from the outfield, and many others—still striking out over 80 per cent of the batters! The opposition this time will be furnished by Detroit's Manufacturer's Bank All Star team.

Lutheran East is easily reached as Kelly road is one mile west of the Edsel Ford X-way, a few blocks south of 8 Mile road. A preliminary game between the East Side Mel Ott Little Leaguers and West Side Mel Ott Little Leaguers will begin at 7:30 p.m. The "King" takes the field at 9 p.m.

Tickets may be purchased at the high school (DR 1-8750) or at the gate. Refreshments are available. All proceeds will be used for Lutheran East's new track.
