

## BE SURE TO VOTE SEPTEMBER 12

### HEADLINES of the WEEK As Compiled by the Grosse Pointe News

**Thursday, August 29**  
DELEGATES to the Democratic National Convention last night chose for their presidential candidate in the November election Vice-President Hubert H. Humphrey. Humphrey's victory came amid confusion and chaos both inside and outside the convention arena. Supporters of Senator Eugene McCarthy and his peace platform protested both the adoption of the party's Vietnam platform and the selection of Humphrey by booing, arm waving and foot stamping. In downtown Chicago police and National Guardsmen fought peace demonstrators with clubs, rifle butts and tear gas.

**Friday, August 30**  
DELEGATES TO the Democratic National Convention, following the wishes of presidential candidate Humphrey, last night chose Senator Edmund S. Muskie of Maine to be their candidate for vice-president in the November national election. Following Muskie's election, both men spoke before convention members and attempted to heal wounds the party has suffered during the week and to rally the delegates' support for the coming campaign.

**Saturday, August 31**  
THE FBI RESCUED four-year-old Stanley Stafford Jr., son of a Beverly Hills banker, from a kidnaper Friday, who used the child as a shield while shooting it out with agents during a wild auto chase. The FBI began the pursuit after a \$250,000 ransom drop went awry and ended after an FBI car rammed the car of ex-convict Robert L. Dacy, 39, of Lakewood. Kidnap charges will be up to local police since the boy apparently had not been taken out of the state. The FBI did charge Dacy with assaulting a federal officer.

**A PURGE** of reform liberals began to roll across Soviet-occupied Czechoslovakia Friday. Moscow signaled for a house-cleaning of key liberals with a newspaper attack calling for the ouster in Prague of "bankrupt politicians" and "those who have succumbed to nationalistic sentiments."

**Sunday, September 1**  
THE STATE DEPARTMENT announced Saturday that the United States and its North Atlantic Treaty Organization (NATO) allies will review their troop commitments in Europe as a result of the occupation of Czechoslovakia by Soviet block forces.

**IN HOUSTON, TEX.** Saturday, surgeons made medical history when they transplanted the heart, one lung and two kidneys from a young woman into four men in simultaneous operations. The corneas of the donor, a 20-year-old shooting victim, also were removed and placed in an eye bank.

**Monday, September 2**  
ANOTHER EARTH TREMOR jolted northeastern Iran Sunday just 20 hours after a four-minute earthquake wiped out entire communities and killed thousands. Damage from the second quake could not be immediately determined due to the widespread devastation already caused by the previous earthquake. Latest estimates were that the death toll would reach at least 20,000.

**Tuesday, September 3**  
SOME 24,000 PUPILS will be starting school late this year because six Detroit-area school districts have postponed school openings for a day or more. Another 12 districts with 92,000 pupils were in danger of postponements as negotiations for teachers unions and district administrators bargained late into Monday evening. School districts considered certain to postpone openings include Inkster, Ecorse, Gibraltar, Heintzen, Northville and Crestwood. Considered likely to postpone openings are Allen Park, Taylor, East Detroit, Dearborn Heights No. 7, Lincoln Park, Plymouth, River Rouge, Riverview, Romulus, Trenton and Highland Park.

### Park Spends \$570,000 for Recreation

Improvements Completed  
and Being Made at Two  
Sites Give City Out-  
standing Fun  
Facilities

When all of the many improvements in both its Three Mile Drive and Waterfront parks are completed the city of Grosse Pointe Park will have spent \$570,000 and its 16,566 citizens will be able to boast of two of the finest recreation facilities in the huge metropolitan area, according to Mayor Matthew C. Patterson.

In a park improvement progress report issued on Friday, August 30, it was shown that 29,187 people used the facilities of the Three Mile Drive park this year, as compared to only 9,875 during 1967. The large increase in attendance was attributed to the completion last Memorial Day of a new wading pool which is 56 feet in diameter and has a center depth of 18 inches, said Donald L. Guinan, director of Parks and Recreation.

Planting of 100 additional trees at a cost of \$7,513, will be completed in both parks during October, and parking lots will be expanded by the spring of 1969, the report revealed. The major portion of landscaping also will be completed this fall.

**Acreage Increase**  
During the winter the now vacant McMillan estate will be taken over by the city, it was announced by City Manager Robert A. Stone. He said that the McMillan garage will be used to store park equipment, and that the future use of the residence on the property will be determined by the Grosse Pointe Park council after a study is made by the City Plan Commission.

The grounds, now available on the estate, will increase the area of the Three Mile Drive park to 20 acres, and will be ready for use by the summer of 1969, Stone added. During the coming winter months there will be three natural ice skating rinks on the property.

**Strike Delayed Pool**  
As has been previously announced the wading pool at Waterfront Park was completed, and in use on Memorial Day. "Because of the construction strike," Stone said, "work on the swimming pool and bath house was delayed, and the completion date of both has been moved to October 31. The filling of the old pool area has been completed, and the filling of the former marina area south of the Recreation Building is scheduled for completion by early fall. These projects will add about four additional acres of choice Waterfront Park area for the city."

**Marina Construction**  
The marina construction, consisting of a sea wall and 114 new walls, has a completion date of November 30. This portion of the extensive improvement program is being financed by a revenue bond issue to be paid from the boat well revenues, "without pledging faith and credit of the city."

Mayor Patterson pointed out that, under the plans now near completion, the marina will be ready for use by the fall.

### Rise in Property Values Figured in School Budget

In the current period of nationwide economic inflation, property values throughout the nation have risen, and Grosse Pointe is no exception. A school tax levied upon property with a higher valuation than it had the year before will, naturally, produce more revenues for the schools.

However, this increased revenue does not necessarily represent a "profit" for the schools. Far from it. The school system, like the man who operates a business, must pay higher and higher prices for goods and services.

But in the unpredictable economic climate of the Detroit area at the present time, school officials have taken into consideration the essential rise in property valuation throughout

### Pointe Yacht Club Hosting Sailing Championships for National and World Titles

Top Skippers from Many Foreign Countries Here to  
Compete in Two Tempest Series Starting  
Friday on Lake St. Clair

Grosse Pointe Yacht Club is in the forefront in yachting news this week as skippers from all over the United States and foreign countries rendezvous at the big club for the National and World Tempest sailing championships which start Friday on Lake St. Clair.

Norbert (Holly) Hollerbach, general chairman, says there are 52 Tempests, (22-foot sloops), entered in the series for the Nationals which start Friday and run through Sunday. The World championships, with an even dozen skippers entered from Sweden, France, Italy, England, Germany, the British West Indies, and a lone entry from Australia, G. F. Garrett, start next Tuesday.

Garrett, first of the foreign contingent, arrived at the GPYC Sunday and was out on the lake and sailing an hour later. "If I must come this far it makes sense to come early and

#### SHIRTS STOLEN

Cedric Richner, 713 University, reported City police the theft of 12 shirts from the rear seat of his automobile, which was parked in front of his residence. He told police a neighbor called him on Saturday, August 31, and told him that a dark haired male, about 5' 10" tall, had just removed something from Richner's car. He told Richner the man headed north on University. Police searched the area but could not locate the thief.

### Next Door Fires Doused in Park

Last Saturday was what might be called an unusual day for the Grosse Pointe Park Fire Department. Within a few hours they were summoned to the home of next door neighbors to extinguish fires.

During the late afternoon a run was made to the home of Dr. R. B. Fahim, at 1005 Bishop road, where they found smoke and a short in a furnace wire. Then, at 11:14 p.m. they received a call from Robert J. Ackerman who lives at 1003 Bishop. There, the report said, someone struck a match and the head flew into window drapes setting them afire.

### North High Offers Much To Students

Fine New Facility Has  
Special Programs Avail-  
able for Independent  
Study by Able Pupils

Grosse Pointe North High School, the community's newest educational facility, opened its doors to more than 2,000 students in grades 9, 10, and 11 for the first time on Wednesday, September 4, 1968.

Dr. William L. Craig, Principal, has provided information on various facets of the school's program.

"As a comprehensive school like South, North High includes students with varied capacities, needs, and interests," he said. "We expect that 82 percent will continue with some form of advanced education. History suggests that they will attend nearly 100 different institutions including 4-year colleges, junior colleges, community colleges and special vocational schools. The remaining 18 percent will enter the world of work directly upon graduation. The high school experience, for many, will terminate their formal education," he said.

**Special Programs**  
Dr. Craig mentioned that a number of special academic programs are available, including honors, advanced placement and independent study. The honors program serves the needs of able students. Those who take eight such courses during their four high school years, and who pass with a grade of "B" or better, qualify for a special honors award.

Advancement placement is offered. (Continued on Page 2)

### Schools, Teachers Seeking to Reach Salary Agreement

Pointe Education Association, Bargaining Agent,  
Urges Resumption of Classes September  
4 Despite Wage Dispute

As of Tuesday, September 3, a salary agreement for the 1968-69 year has not yet been reached by the Grosse Pointe Education Association, bargaining agent for 650 classroom teachers, and the Grosse Pointe Board of Education. In spite of this, the Grosse Pointe Education Association urged teachers to resume classes on Wednesday, September 4.

"Pending the exhaustion of all legal procedures, the teachers are willing to make sacrifices to continue the high quality of education that has characterized the public schools of this community," an official of the Grosse Pointe Education Association said Tuesday.

**Mediator Appointed**  
At the request of both parties, a mediator appointed by the Michigan Labor Mediation Board met with the opposing groups last week in an attempt to hammer out a contract prior to the opening of school.

In spite of these efforts, an impasse seems to exist regarding salaries and fringe benefits. Following a meeting on August 31, the teachers' organization and the school trustees have jointly requested fact-finding by a Labor Mediation Board-appointed official.

**Will Conduct Hearing**  
The fact-finder will conduct a hearing and will issue a written recommendation to both parties. However, his recommendation is not binding on either group. It is expected that the fact-finder will not be named until the end of this week.

Representing the teachers in the negotiations which began in April are Don Richards, Will Brown, Stanley Smith, Miss Virginia Downs, James Haskell, Edward Werneth, Maynard Leigh, and Jerry Keith.

Board representatives are Lawrence F. Kennedy, Richard Kay, William Mogk and Thomas Coulter, Attorney for the Board of Education.

### Lawns Damaged By Girl Driver

William Marsden, 831 Fisher, called City police on Friday, August 30, to report that while standing on his front porch, he observed a two-tone Rambler station wagon going north on Fisher.

He said the driver of the Rambler then cut into the driveway of 352 Fisher, drove over the lawn, over the sidewalk and curb, across the street and into the driveway and over the lawn of 847 Fisher, then back down to the street.

He told officers he called to the female driver to stop but she turned off her lights and drove the wrong way on Fisher at a high rate of speed. Officers checked the car registration through the license number Mr. Marsden obtained. He told officers he would sign a complaint against the driver. Police are currently investigating.

### Farms Installs New Meter Heads in MO Parking Lot

The Farms has purchased 250 new parking meters, at a cost of \$12,500, in its first phase of a five-year program to replace 550 obsolete meters throughout the city, it was disclosed by City Manager Andrew Bremer, Jr., on Friday, August 30.

Bremer said that under a contract with the Duncan Meter company of Illinois, the firm is pledged to hold the price line of \$50 per meter, regardless if the cost rises within the next five years, which could occur on such things as a hike in the cost of steel and labor.

The city manager said that the firm has agreed to accept equal monthly payments extended over the next 36 months for the first 250 commitment, which will be paid from the parking revenue. (Continued on Page 2)

### Voters Asked To Approve School Plea

Educators Cite Necessity  
of Curtailing Programs  
Unless Millage Increase  
Is Granted

Residents of the Grosse Pointe School District will make a crucial decision affecting the educational welfare of 13,000 students from kindergarten through high school on Thursday, September 12.

Faced with increased operating costs and a growing student population over the next two years, the trustees of the Board of Education are asking the voters for approval of 4½ mills each year for the next two years to operate the schools and public libraries, and one mill each year for the next 10 years to begin to accommodate the growing school population and to begin the modernization of the system's aging buildings.

Informational presentations will be made in the three middle schools on September 4, 5, and 10. Trustees of the Board of Education, working with the administration, have endeavored to make perfectly clear to the entire electorate the consequences of a defeat at the polls on September 12.

#### Would Curtail Programs

"Not only will it be impossible to move forward in curriculum planning, but we shall have to begin to curtail existing programs immediately. The September election date is virtually the last day for an election to raise funds for the 1968-69 school year," Mrs. Paul G. Hykes, president of the Board of Education, said.

"If revenues are not increased by \$3 million over the next two years, drastic curtailments of programs and services will have to be instituted," she added. "Your schools are caught in the same economic spiral that affects every segment of the nation."

"It is vital to the continuation of the present program, and for some limited and modest program improvements, that the electorate approve both propositions at the polls," Mrs. Hykes concluded.

### Citizens Support School Tax Hike

"We are all aware of the competition which our young people face when entering college. With 80 percent going on to college, we must continue to assure them the best preparation possible. This requires an excellent faculty, good teaching resources, professional counseling and a highly accredited school system. I urge a vote in favor of two school millage proposals on September 12," Thomas E. Candler said Wednesday evening.

Mr. Candler is one of three interested citizens selected as panelists to discuss the September 12 public school millage propositions. He appeared at Parcels Middle School along with Mrs. Paul G. Hykes, President of the Board of Education; Dr. Theos I. Anderson, Superintendent of Schools; and John Schwan, Chairman of the Science Department of North High School.

John T. Short, vice-president of the Board of Education, who chaired Wednesday's meeting, will moderate the two remaining sessions.

"As a parent and tax payer, I want to tell you why I am wholeheartedly behind the victory for these two proposals," Mr. Candler said.

"Parents living in this part of the district know what school population increases can mean to our children's classes and facilities. We realize that the Board has been doing its best to keep up with the increased school population in our area, but the simple fact is that we do need added facilities," Mr. Candler added.

"Although I am just as opposed to tax increases as anyone," he said, "I feel that our community benefits from the reputation of its school system." (Continued on Page 2)

### Three Groups Back School Propositions

Support Pledged by Cit-  
izens for Education, PTA  
Council, League of  
Women Voters

"Three community groups have endorsed both Proposition #1 and Proposition #2 in the special school election set for Thursday, September 12," Mrs. Paul G. Hykes, president of the Grosse Pointe Board of Education has announced.

Grosse Pointe Citizens for Education took its action several weeks ago following an intensive study of the budget and many aspects of the school program," she said.

Mrs. Hykes added that the officers of the Grosse Pointe PTA Council have also given their endorsement to both proposals.

The president of the Board of Education revealed the contents of a letter dated August 21 and signed by Mrs. Carl J. Fischer, Jr., president of the League of Women Voters of Grosse Pointe and Mrs. Joseph J. Marshall, the organization's public relations director. The communication states:

"The Grosse Pointe League of Women Voters supports the September 12 School Referendum. This favorable decision is based on a study of local school finances conducted by the Grosse Pointe League and the subsequent consensus by the members of the organization. Both millage proposals were unanimously endorsed by the Board of the Grosse Pointe League of Women Voters at a meeting on Wednesday, August 14."

### Thieves Ransack Peoples' Home

Mrs. Wesley Peoples, 315 Washington, called City police on Friday, August 30, to report that thieves had entered her residence on Thursday, August 15.

Missing were a portable television set, a portable refrigerator valued at \$85, and a stereo record player, valued at \$30. Beer bottles were strewn all over the house and a complete dish in the bedroom had been broken.

Mrs. Peoples told officers her cleaning woman found the house in this condition when she arrived to clean on August 25.

### Next Door Fires Doused in Park

Last Saturday was what might be called an unusual day for the Grosse Pointe Park Fire Department. Within a few hours they were summoned to the home of next door neighbors to extinguish fires.

During the late afternoon a run was made to the home of Dr. R. B. Fahim, at 1005 Bishop road, where they found smoke and a short in a furnace wire. Then, at 11:14 p.m. they received a call from Robert J. Ackerman who lives at 1003 Bishop. There, the report said, someone struck a match and the head flew into window drapes setting them afire.

The city manager said that the firm has agreed to accept equal monthly payments extended over the next 36 months for the first 250 commitment, which will be paid from the parking revenue. (Continued on Page 2)

**WINDSHIELD BROKEN**  
Evelyn McCort of 1048 Verrier road, informed Woods police on Friday, August 23, that while she was gone from home from August 9 to August 23, she

parked her car in the driveway alongside her house. When she returned home, she said, she discovered that someone had shattered the windshield with either a rock or BB pellets.

## Back Schools

(Continued from Page 1)

Property values, as represented by recent selling prices of homes in my neighborhood, have certainly far outstripped the recent tax increases due to reassessment of our property.

"Although my tax will increase some \$100 or more with these millage proposals, I can say without doubt that it is a small price to pay for the continued worth of my biggest investment, my home," he said.

Mr. Candler, a graduate of Grosse Pointe High School, and Dartmouth College, has been active in a number of social and civic organizations. Currently he is serving as Vice-President of the Grosse Pointe PTA Council and as an elder of the Grosse Pointe Memorial Church. Mr. and Mrs. Candler, residents of Grosse Pointe Woods, have three children attending the public schools.

At tonight's meeting, to be held at 8 p.m. at Brownell Middle School, the citizen representing the district will be William E. Bokram of Grosse Pointe Woods, a resident of the community for over 30 years. Mr. and Mrs. Bokram are the parents of four children attending the Grosse Pointe public schools.

At the open meeting scheduled at Pierce Middle School at 8 p.m. on Tuesday evening, September 10, the citizen representing that area will be Geno Cloe, active in PTA affairs at Maire and Pierce. Mr. Cloe was president of Maire PTA during 1965-66 and treasurer of Pierce PTA in 1967-68.

## New Meters

(Continued from Page 1)

minutes parking for one penny, Bremer said.

**Bronze Colored**  
Bronze-colored meters, placed in the first three rows in the MO lot, allows 12 minutes parking for one penny; one hour parking for a nickel; and two hours for a dime.

Blue-headed meters, installed for fourth and fifth row parking, allows two hours for a nickel; four hours for ten cents; and 10 hours for 25 cents.

There was some difficulty encountered when bronze heads for the third row, and blue heads for the fourth row, could not be installed because of the yokes set on common poles, it was disclosed. All the heads are adaptable to the single poles in the lot, but adapters must be attached to the yokes to attach the bolts which hold the meter heads in place.

The obsolete types looked out of place among the new meters which were continued in use until the adapters were installed.

Bremer said that the Duncan Meter company has a five-year guarantee on its product, and gave the Farms several mechanical replacements in the event the inner-works of any meter should become defective. Every three months, a representative of the firm will arrive in the city to inspect the meters, and to repair the defective mechanisms, at no cost to the city, the city manager added.

He said that the city has made it easier to report on meters that have broken down by painting the poles black, and stenciling white numbers on them.

Bremer said that the new meters should increase parking revenue, since parking time is registered when the required coin is placed in the proper slot, and a handle is turned as far as it will go to the right. The old meters registered the time automatically.

**No Winding Necessary**  
The new meters are less susceptible to the elements, it was pointed out. During the winter, the old type tended to freeze, especially when moisture entered the mechanism.

The new types do not need to be wound up, whereas, the old ones required at least two windings each week; the new heads are less apt to jam, will not operate with slugs or beer can rings, and is less susceptible to vandalism, Bremer stated.

The city manager said that it was decided that new heads should be in the Kercheval lot, first, so that this area will be completely serviced with the new gadgets, for the sake of uniformity, rather than placing a new meter here-and-there.

Bremer said that the obsolete types are from 10 to 15 years old, and although considerable revenue has been lost, through inclement weather and faulty mechanisms, over a lengthy period of time, they have paid for themselves about four times over.

## Park Invests in Recreation

ing completion, the area of the Waterfront Park will be increased from nine to slightly more than 13 acres.

"As most of our citizens well know," the mayor said, "the operation of this park was somewhat hectic during the season just passed, due entirely to construction problems and activities. However, with the use of the Pierce Junior High School pool, we were able to provide considerable swimming for our citizens."

**Residents Cooperated**  
"We received complete understanding, and full cooperation from Park residents during the summer season, and for this the officials are most grateful and appreciative."

"The work now going on, which will continue during the

fall months, will provide our city with two of the finest lake front parks in the metropolitan area which, we believe, will be well worth the efforts and inconveniences we have experienced. We wish to thank residents of the Park for their patience during a time of many problems due to the construction workers' strike."

(Continued from Page 1)

currently anticipated, the schools will levy such millage to cover the estimated operating deficit over a two-year period.

On at least two occasions in the recent past the Board has not levied all the millage which it was authorized to collect. For example, in 1963-64 the rate was reduced from 11.25 to 10.25 mills for operation because sufficient revenues were available to meet the school's needs. And, in 1960-61 Wayne County allocated 8.90 mills to Grosse Pointe, but the school system levied only 8.40 mills.

### SWIMMERS SOUGHT

Karl Ness, 615 Lakeland, reported to City police on Monday, September 2, that young boys were playing in his backyard pool. On arrival officers found a broken cup in the yard, which according to Mr. Ness had been thrown at the lady of the house.

## Public School Heads Tell Of Successful Graduates

Public school officials in Grosse Pointe have said that during 1967-68, they received word on a number of graduates who achieved academic success in college.

For example, Yale University reported that Gregory Theokas, a 1964 Grosse Pointe High School graduate, was named a Ranking Scholar (top 10%) of his class.

And two 1963 graduates of the high school received Woodrow Wilson Fellowships. They were John Hunter Comly and Leslie Catherine Woodcock.

Four 1963 graduates of Grosse Pointe High School who were also National Merit Scholars that year have completed their

undergraduate college with an outstanding record. They are Donald Kosy, University of Michigan; Patricia Nash, University of Michigan; Robert Hudson, Wayne State University; and Philip Pratt, University of Michigan.

Patricia was Phi Beta Kappa, Donald is seeking his Ph.D. at Stanford, and Robert has entered the Wayne State University Medical School.

Walsh Institute named Gordon W. Roeglin, Jr., (1964) to the President's Honor List in honor of his fine academic achievement.

And a member of the Class of 1965, Mary C. Zinn, was placed on the Dean's list at Smith College (Mass.), in recognition of her high academic standing.

Michigan Technological University announced that Lawrence W. Jossens, a 1964 graduate, was ranked in the upper two percent of his class for outstanding academic performance this past year.

Marygrove College has informed the schools that one of their graduates, Sandra DiBasio (1964), was named to the Dean's list in the last term of the 1967-68 year.

During the past year, Michigan State University put the following Grosse Pointe High School graduates on the Honors List (B+ or better grade point averages): Nancy S. Cantine (1967), Corliss P. Cuddeback (1964), William E. Grant (1965), Roger P. Klee (1966), Edward W. Knowlton (1966), Jerry L. Martin (1964), Linda S. Nissley (1965), Joel M. Penoyar (1966), Matthew R. Rumora (1966), Pamela J. Seymour (1966), Pamela J. Shook (1966) and Karen E. Ulmer (1967).

A school official said that the preceding list is not all-inclusive, and that other recent graduates of Grosse Pointe High School have also distinguished themselves.

"But it does demonstrate, we think, that the public schools are providing the background necessary to achieve success in competition with students from all over the country in institutions of higher learning," he concluded.

Remember motorists, it's just common sense to steer clear of driving practices that can result in injury or death.

Life is merely a brief lesson—and it seems that school is out before we know it.

## Cyclist Injured When Hit by Car

John Leverenz, 11, of 1032 Kensington, suffered a severe gash along the left side of his head on Wednesday, August 28, when he was struck by a car at Notre Dame and St. Paul, while riding his bicycle.

The youngster was conveyed to Bon Secours Hospital by City Patrolman Dwight Scott. Doctors said the wound might require some plastic surgery.

The driver of the automobile, Miss Jan K. Reed of 448 Lincoln road, was exonerated of blame, after she made a statement at the station. Witnesses also made statements on her behalf.

According to an official report, Miss Reed was traveling west on Notre Dame, and young Leverenz, pedaling east on St. Paul, made a sharp turn to enter Notre Dame and rode into the path of the oncoming vehicle. Miss Reed was unable to stop in time to avoid hitting the boy, who was thrown from his bike and struck his head on the pavement.

The lad was bleeding profusely from the head wound, en route to the hospital, but was not unconscious, police said.

## Hospital Names Administrator

Robert J. Maurer has been appointed Administrator of Bon Secours Hospital. He succeeds Sister Mary Gertrude.

Formerly administrator at St. Anthony Hospital, Rockford, Ill., Mr. Maurer has an extensive background and professional experience in hospital administration. He is a graduate of Duquesne University and received his Master of Hospital Administration degree from the University of Pittsburgh.

Mr. Maurer served his administrative residency at Washington Hospital and then became assistant administrator at Lee Hospital, Johnstown, Pa. For the past four years he has been administrator at St. Anthony Hospital in Rockford.

He is a member of the American College of Hospital Administrators, vice president of District III of the Illinois Hospital Association, and secretary of the Community Hospital Council of Rockford.

Mr. Maurer is the first layman to serve as Administrator at Bon Secours Hospital. His appointment follows the pattern established by the Sisters of Bon Secours in electing laymen to serve on the hospital

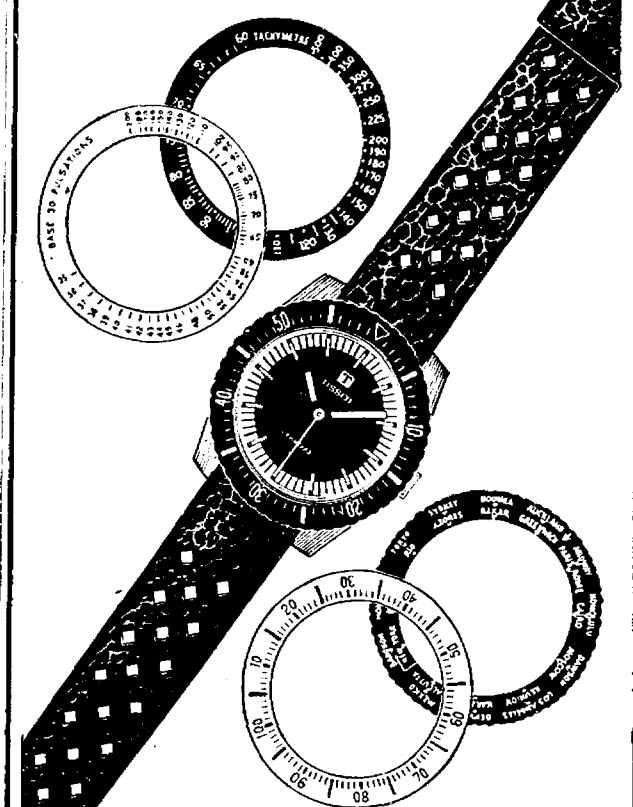

board of trustees and appointing lay people to serve in the position of controller, accountant, personnel director and director of nurses.

Mr. Maurer is married to the former Annabelle M. Lee of

Pittsburgh. They have five children, Paul, Robert, Jr., Thomas, Daniel and Kathleen Ann.

## Woods Officers Douse Car Fire

Woods public safety officers extinguished a car fire on Monday, August 26, in the public parking lot at Mack and Moross, just over the Detroit-Woods city limits line, it was disclosed in an official report.

Both Detroit firemen and Woods officers were called at about the same time, when a car, driven by Cathy Fleming, of 4101 Barham, Detroit, burst into flames under the hood.

Woods public safety officers arrived at the lot, to find that the incident occurred just over the Woods boundary and in Detroit. However, the Woods policemen, using a hand extinguisher from their scout car, doused the flames.

When Detroit firemen arrived, the fire was already out, but they checked to make sure the job was complete.

The woman said that she had started up her automobile, when an explosion sounded and the engine compartment caught fire. There was no air cleaner over the carburetor, and it was surmised that the backfire ignited the gasoline, and the blaze spread over the outer part of the engine.

## Judge Praised for Handling Of First Offenders' Case

Two young men from Grosse Pointe Park, and a third from East Detroit, charged with simple larceny, appeared before Grosse Pointe Park Municipal Judge C. Joseph Belanger, and were given sentences for their misdeeds that brought praise from Park police officials.

A series of events which brought about the arrest of the trio, began Friday, August 30, at 2:28 a.m., when Park Police Sgt. Henry Coonce drove through an alley at Mack and Cadieux. He observed two youths running south on Harvard road, carrying what seemed to be cumbersome objects. A third youth had led the way, police report.

When the trio eluded him by leaping fences and running through yards, Sgt. Coonce radioed for assistance, and scout cars from the Park and City answered his call. Shortly after Cpl. George Brackx of the City police, arrested Frederick Stoepel, 18, of 1363 Grayton road, at the corner of Grayton and Charlevoix.

**Recover Hubcaps**  
At this point, Sgt. Coonce recovered four spoked hubcaps, which had been removed from the wheels of a Rebel parked in front of a beauty shop at 17020 Mack avenue. The owner of the car is Marion Zemsta, of 351 Adams Court, Ferndale, an employee.

Then, at 4:30 a.m., Mrs. Frederick C. Stoepel, mother, of the young man arrested, entered Park headquarters with two other youths. They were searching for her son.

Upon seeing the two youths with Mrs. Stoepel, Sgt. Coonce who, by that time, was at the station, recognized them as being the two who escaped, and placed them under arrest. They are Edward Kalb, 20, of 1311 Bishop road, Grosse Pointe Park, and Joseph Beattie, 17, of 22794 Almond avenue, East Detroit.

Later Friday morning the Wayne County prosecutor's office issued a security warrant for simple larceny, and the trio was brought before Judge Belanger for sentencing.

After announcing he felt "they are basically good boys", the judge gave them a severely stern lecture on their responsibilities, and the dire results of thievery.

Then he sentenced each defendant to pay a \$50 fine and \$5 court costs. At the same time each of the youths was placed on 60-day probation to their fathers.

**Must Repay Father**  
Following the sentence the judge also ordered the three youths to repay their fathers the \$55 fines and costs he had levied against them, by the end of their probationary period.

"You may pay it from your bank account, if you have one", Judge Belanger said. "You may earn it, either on an outside job, or by doing odd jobs around your own homes, such as mowing the lawns, weeding the garden, and so on. Whatever you do you must personally reimburse your fathers for what they have paid here on your behalf, not later than 60 days from today, August 30."

Det. Sgt. James La Pratt of the Park police department, voiced the opinion of others on the force when he said: "Judge Belanger did a magnificent job of handling this rather tedious and difficult case in his court."

"These are basically good boys from fine families who have erred for the first time, and realize the error of their ways. I feel certain they have learned a great lesson, and will stay out of trouble in the future," the judge observed.

## Five Join Staff Of Defer School

The names of five newcomers to the professional staff of Defer Elementary School, 15425 Kercheval avenue, were announced today by Principal Jesse Lowther.

Assigned to teach grade six is Mrs. Diane Chisholm, a graduate of Marygrove College. Mrs. Ruby Goble, who has two degrees from Wayne State University, will teach special education.

Miss Susan Hammond, a graduate of Grosse Pointe High School, is a graduate of the University of Colorado, who has taught in Rio de Janeiro, Brazil. She will teach fifth grade.

Floyd Kitchen will teach grade 4. A veteran of Air Force service, he is a native of Detroit who has attended Eastern Michigan University.

Miss Patricia Nowak, who did her practice teaching at Mair Elementary School, and who is a graduate of Western Michigan University, will teach second grade.

## Assault Case Goes To Circuit Court

Charged with felonious assault on a policeman, Mark D. D'Achille, 17, of 2603 Beniteau avenue, Detroit, appeared for examination before Grosse Pointe Municipal Judge C. Joseph Belanger Thursday, Aug. 28, and was bound over to Wayne County Circuit Court. His bond of \$1,000, with two sureties, was continued.

On Wednesday, Aug. 14, Park police were summoned to Mack and Devonshire, where two teenagers, one a juvenile, were found exchanging blows with an iron pipe and a tire iron.

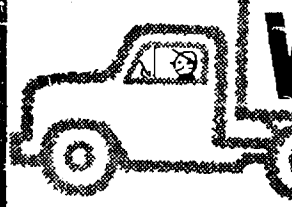

According to Det. Sgt. James La Pratt, D'Achille rushed at Patrolman Ralph Moore, swinging a two-inch iron pipe, which was about 18 inches long. Moore, and his partner, Patrolman Donald DelPlace, wrested the weapon from the youth and placed him under arrest. Both the teenagers were taken to the station.

Moore and DelPlace reported that "about 25 or 30 youths" had formed a semi-circle to watch the battle. They were ordered to disperse, which they did as police reinforcements arrived.

When Moore and DelPlace ordered the youths to drop their weapons, the juvenile followed orders, but D'Achille clung to the pipe, they said. Then, ac-

cording to report, D'Achille stepped back and shouted, "I'm going to kill you." Police were not certain whether D'Achille was referring to his opponent in the battle, or Patrolman Moore who was close enough to him to wrest away the pipe.

CHARLES F. WOODBURY, of Beaufait road, was recently promoted to the rank of Lieutenant Colonel in the United States Army Reserve. He is currently serving as the Operations and Training Officer for the 300th MP Prisoner of War Command in Livonia.

## Now you get 5% annual interest guaranteed for 4 years. And 7 other benefits.

**1. Maximum Interest Guaranteed.**  
NBD guarantees you'll earn 5% annual interest for 4 years. By continuous compounding, your money will actually earn the equivalent of more than 5½% annually.

**3. Convenient Withdrawal.**  
Any money that has been on deposit at least 90 days (the legally required limit) may be withdrawn. You can take it out during the first ten days of each calendar quarter without notice. Or at any time with the usual 3-month written notice. Any money withdrawn will have earned maximum interest right to the time you take it out.

**5. New Quarterly Statements.**  
Statements, mailed you each quarter, show the current total of your account, including the additional deposits you've made. They also show the interest you've already earned. And the total amount that has been on deposit long enough to be available for withdrawal without notice.

**7. Handy Passbook Folder.**  
Now you can keep all your statements, deposit and withdrawal slips and Income Tax Statement together in this compact passbook-type folder.

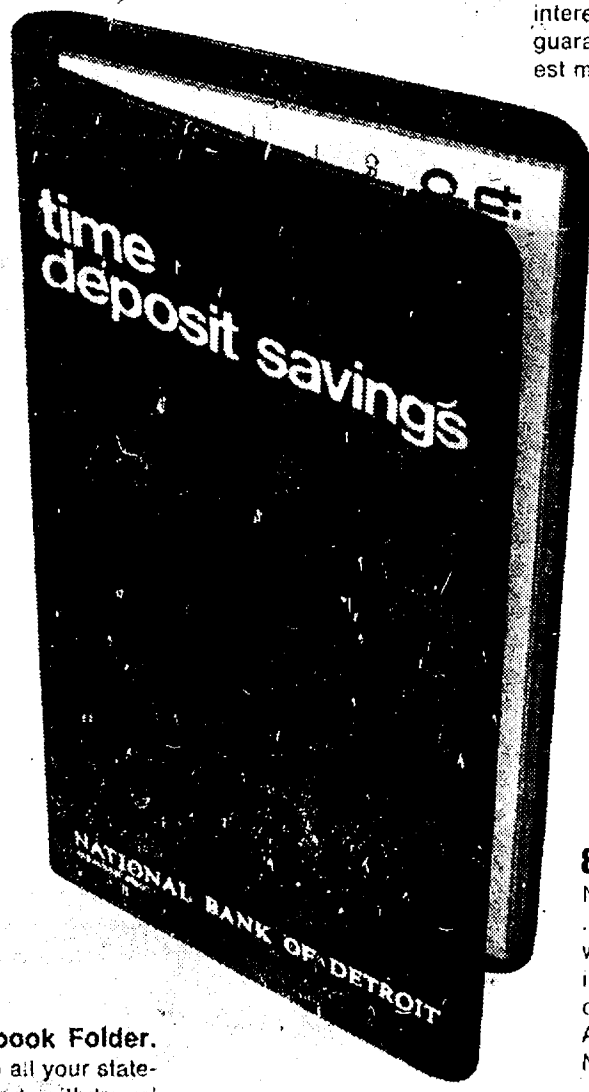

**2. Continuous Compounding.**  
Since 5% is the maximum annual interest rate permitted by law, we couldn't change that. But we could increase the number of times the interest is compounded. We did. We guarantee to compound your interest minute by minute.

**4. Add to Your Account.**  
You can open a Time Deposit with \$1,000 or more. Then you can add to it in increments of \$100 or more. Even arrange automatic transfer from your checking account. If you start with \$1,000 and add \$100 every month, for example, you'll have \$6,423.95 at maturity.

**6. Income Tax Statement.**  
You get a convenient year-end Income Tax Statement showing the total amount of interest earned during the year.

**8. Security and Convenience of NBD.**

## Exchange Students Welcomed To New School

Everyone is new at Grosse Pointe North High School so these exchange students pictured with their host "brother" and "sister" and assistant principal, MRS. EVELYN WESTERVILLE, feel just like all the rest of the students.

Pictured left to right are: CINDY CURTIS, host "sister", LEMUEL BALAGOT, exchange student from the Philippines, CRAIG BORDEN, host "brother", ULLA JENSEN, exchange student from Denmark, and Mrs. Westerville.

By Pepper Whitelaw  
Many Pointe students excitedly entered the doors of

beautiful new Grosse Pointe North High School yesterday, but none more excited than Lemuel Balagot, 17 and Ulla Jensen, 16.

Both are here in the United States as exchange students under the Youth for Understanding Program. Their reactions to North High were "big" and "new."

Lemuel, who is from the Philippines, lives in the suburb of Mandaluyong. He attends a private school, José Abad Santos Memorial School ("we call it 'JASMS,'" grins Lemuel) a school with an enrollment of 100 students, so you can understand his statement, "It's so big."

Ulla, who is from Denmark, attends a school that is over 150 years old, thus her "So modern and new," remark. Her school had an enrollment of 300 students.

Lemuel and Ulla speak English fluently as well as other languages.

Lemuel, who believes German is the future language of business, speaks fluent German. He hopes to ultimately go into Hotel Management in his own country.

Ulla speaks Danish, French, German and Spanish and is interested in the history of the North American Indians.

Lemuel is making his home with Mr. and Mrs. Douglas Borden and their 18-year-old son Craig, of Woods Lane. Ulla is staying with the W. P. Curtisses and their daughter, Cindy.

Mrs. Evelyn Westerville, an assistant principal at North, has taken the pair under her wing. She said, "We have tried to arrange Lemuel's and Ulla's courses so they are taking some of the courses their host-students are taking. You see both of them have reached or passed our junior level so we've hand-tailored their courses."

Life will be kept interesting for the pair. Mrs. Westerville said they will take four academic subjects plus physical education. "But we plan to get them involved in community groups where their leadership, creativity and initiative can be emphasized," she added. "They'll have an opportunity to study our student government and visit other schools, too."

Although they've been here but a short time both have been introduced to the hamburger. Ulla tells us that in Denmark the national teen favorite food is "Frikadeller," which she described as meat balls, dipped in milk, flour, and onions.

Lemuel introduced Craig to some of his country's foods, and according to Craig — "there really spicy!" Lemuel grins and admits, "We are quite generous with Soy Sauce!"

When queried as to dating habits of their countries both students said that there was not much single dating, most of the social functions centered around group activities.

Sitting and talking to Lemuel, Ulla, Craig, Cindy and Mrs. Westerville, we are sure that all five, AND Grosse Pointe North High School, will have a most enjoyable association.

# Pointers Express Divided Opinions on Chicago Melee

By Walter W. Fuller

As most Americans seem to be at the moment, Grosse Pointers are widely divided in their opinions expressed regarding the horrendous melee on Chicago's Michigan avenue during the Democratic National Convention last week.

Many in this area place the blame for the bloody Donnybrook squarely on the broad shoulders of the pugnacious lord mayor of the Windy City whose political power reaches from the Land of Lincoln to the banks of the Potomac river.

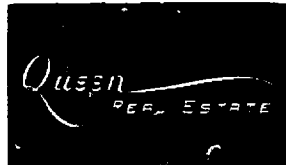

Others condemn the Chicago police and the National guardsmen for "their unwarranted karate-chopping, kicking, and head-cracking of the youthful protesters who were herded into a concentration camp atmosphere."

A large number denounced the young people, saying "the kids got what was coming to them . . . they shouldn't have gone to Chicago . . . it serves them right."

In a restaurant, a diner took what might be called a calm, thinking man's attitude. Said he, "Until we know who or what provoked this ugly happening, no one should point a finger of guilt at anyone. I believe there should be an immediate and unbiased investigation, and let the chips fall where they may. It could be that some alien force from outside may have started all the trouble, in an effort to continue their secret battle against our freedom, and the American way of life."

Who Started It? While the Pointers freely expressed their opinions on the Chicago cause celebre, they first asked that their names not be used.

There also was a drug store clerk who refused to offer an opinion, but who asked: "I have been wondering how the Republicans would have handled a similar situation?"

A young gasoline station attendant said he believed that the hundreds of law enforcement people on hand should have controlled the "crowd of unarmed kids without bloodshed." Then, he also wanted to know: "Who started the thing, anyway?"

From this point on let us use some quotes from other Americans, which may be found interesting, if not profound.

John S. Knight, newspaper publisher, quoting Mayor Daley: "I am running this city, and do not need any outside advice on how to comport myself. So long as I am mayor the public safety will be protected."

Pearl Mesta, Washington's famed party hostess: "I called off the Democratic unity party I planned to give in Chicago in protest against beating up of kids by Chicago police."

Vice President Hubert H. Humphrey: "I think it's unfortunate that people are led to believe the police waded in, without provocation. To the contrary I saw (from his 25th floor suite?) a policeman get stabbed in the face with a broken beer bottle cutting his eyes, his face, for no reason at all . . . Now some of them (the police), overacted, there's no doubt about that."

"I think we ought to quit pretending that Mayor Daley did something that was wrong. He tried to protect lives."

Saw Nothing Wrong

An unnamed Chicago police

## Nab Shoplifter In Kresge Store

Allen Weed, manager of the Kresge store, 17101 Kercheval, called City police on Saturday, August 31, to report he was holding a juvenile shoplifter.

The youth and a friend had taken an alarm clock valued at \$6.77, and poster paints, valued at \$5.50. One of the boys left the store as the other youth was caught. He threw the paints in the bushes at Mair school.

Both boys' parents were notified and told to come into the station. The youth, who had disposed of the paints, recovered same and returned them to the store.

sergeant: "The people who were down at the Hilton told me they saw nothing wrong with what the police were doing. Only the newspapers did."

Sen. Philip Hart (Dem. Mich.): "I was appalled and ashamed at the force the Chicago police used against the dissidents. Mayor Daley should have gone to the Conrad Hilton Hotel to see for himself what was going on."

From Detroit News editorial: "In Chicago, when needed, Mayor Daley's police were there. But were all the clubbings necessary?"

Gov. Lester Maddox of Georgia: "Mayor Daley did a fine job of handling the demonstrators. What sickened me was not the 10,000 hippies, but the New York delegation standing there like a bunch of Communists, or civil rights demonstrators, singing 'We Shall Overcome'."

Chicago Police Supt. K. P. Conlisk Jr.: "There will be no apologies from us. The police had a very difficult situation, and handled it well."

Detroit's Mayor Cavanagh: "Some Chicago policemen were brutalizing and beating people without provocation."

Bill Butcher, Wayne State U law student, who helplessly watched Chicago police deliberately smash the motorcycle on which he rode from Detroit: "The TV cameramen missed the worst part of police brutality, which was in the back end of the park where it was dark. It was simply incredible, believe me."

End of Quotations

From a New York Times editorial: "Not since the gangster days of a generation ago has the reputation of Chicago been so tarnished as it was during the past week . . . Only this time, instead of the forces of crime and anarchy, it was the misuse of the forces of so-called 'law and order' by Mayor Richard J. Daley that has brought shame to his city, embarrassment to his country, and has gravely accentuated the internal divisions within the Democratic party . . ."

"When clergymen, young women, and reporters—not to mention peaceful demonstrators—are beaten by Chicago's police in Chicago's streets it is not only the image of Mr. Daley's fiefdom that suffers; it is the cause of law and order and freedom and democracy—all of which are inter-dependent, something that Mayor Daley does not seem to understand."

End of quotes—beginning of a few convention memories.

Memory No. 1. Watching on TV the defiant, incredulous look on the face of Chicago's little Caesar, the lord mayor, as he sat in a choice seat at the Democratic phantasmagoria, surrounded by his guards, listening to National Democratic leaders denouncing him from the podium as well as from the floor.

Memory No. 2. Delegates seriously casting ballots for an overly young Georgian for the office of vice-president, when they well knew that, at 28 years of age, he was too young to serve if nominated.

Memory No. 3. A presidential candidate who admitted he had watched the battles between police and demonstrators from the picture window of his luxurious suite, and did nothing to en-

deavor to stop the horrible episode.

There are many more . . . but the one which must have broken the poor old Demmy donkey's back, is of Chicago city employees, packed into the galleries for the occasion wildly waving those "banners with that strange device . . ." No, in this case it wasn't "Excelsior" . . . it was "We Love Mayor Daley!"

The elephant trumpets! The donkey brays, "Neigh, Neigh!"

## Boys Find Gear Taken From Boat

Binoculars, a compass and 90 feet of nylon rope stolen from a boat owned by Edward Baganz, of 500 Barrington road, Grosse Pointe Park, were found by some boys in the center parkway at Middlesex road and Windmill Pointe drive on Friday, August 30. They were turned over to Park police.

A large nylon sail which also had been stolen was found outside the Waterfront Park the day after the discovery of the robbery on the evening of July 10. A box of miscellaneous tools still is missing, police said. The Baganz boat was moored at the Waterfront Park Marina.

Does seeding into an old lawn really work?  
Read our mail!

"Early last fall we seeded Windsor into our lawn. Results were beautiful! Our bare spots filled in and we are so pleased." MRS D SPRINGMAN

We had a problem lawn for years, until we seeded Windsor into it and now we are very, very pleased with the results." HARRY HESS

"For 4 years we tried everything, without success. Then in early fall two years ago we seeded Windsor into our lawn, with almost unbelievable results. Today the lawn is like a thick carpet. People who knew our poor old lawn want to know 'What happened?' because for years we had told people that our problem was the poor soil ('Like concrete!')." MRS GENE TROWBRIDGE

"For the past two years have been seeding Windsor into my lawn in the fall. Results have been amazing—real beautiful grass getting thicker all the time." J G CHARLESTON

"Our lawn seemed hopeless when we decided to seed Windsor into what was left. Improvement was slow at first but we kept feeding. Great success in time." MRS FRANCIS MCGUIRE

"I have succeeded in growing Windsor directly in an old road bed!" MAXINE SCHWANKE

"Last fall I seeded in Windsor. Results were just beautiful, so much so that four neighbors have been converted to seeding Windsor." SAM SINACORE

"I bought a box of Windsor and sowed it in areas where the lawn looked poor. I was disappointed because I saw no results at first. But this summer, to my surprise, the Windsor has come up and my lawn is the envy of all." P C BARTROL

Windsor succeeds in trying situations because of its unusual root and rhizome strength.

### Why it is now practical

With the introduction of Windsor, the remarkable new variety of Kentucky bluegrass, seeding right into an existing lawn became practical. Now, with a little patience and a box of Windsor, you can begin to upgrade your lawn without digging up and

starting over. Your ultimate reward will be the rich green carpet that only Windsor can provide—one that feels like velvet and wears like iron. And fall is the naturally right time to plant grass seed.

Whether you seed Windsor into your present lawn or not, right now is the time to fertilize, for a better lawn this fall and next year. Your grass is probably hungry right now. Feed it with Turf Builder, the fertilizer that makes grass multiply itself. (Scotts dealers are having a timely Seed-and-Feed Sale. See special fall offer below.)

### No-Quibble guarantee

All Scotts products are fully guaranteed. If they don't work to your complete satisfaction—just let Scotts know and you'll get your money back promptly and with no quibbling.

### 4 New Teachers At Maire School

Donald Bassett, Principal of Maire Elementary School, 740 Cadieux road, has added four newcomers to his building's professional staff.

Mrs. Rose Evanski will teach second grade. An experienced teacher, she holds degrees from Marygrove and Wayne State.

Miss Helen James, who will teach fourth grade, came to Grosse Pointe last year. She is a native of California and received her degree from Western Michigan University.

Miss Mary Looks, who has spent 15 years in Japan, is a graduate of Wheaton College. She will teach a group of fifth graders.

Miss Deane Preston is a graduate of Western Michigan University who will teach special education at Maire School.

Don't be too critical of your wife's judgment—it was her decision to marry you.

### Army 'Absentee' Appears in Pointe Traffic Courts

After being arrested by Roseville police on Thursday, August 29, John Eugene Cooley, 24, of 28919 Essex avenue, Roseville, appeared before two Grosse Pointe municipal judges, spent two days in jail, and then was turned over to a provost marshal at Fort Wayne for a later trial on a charge of being absent without leave from the United States Army.

The Roseville police turned young Cooley over to Grosse Pointe Farms police on a charge of failing to appear in court, after being involved in an accident there. He was taken before Judge Robert Pytell, and placed on probation for 30 days.

At this point Cooley was found to be AWOL from the Army. However, the Grosse Pointe Park police also had a warrant out for him on a charge of driving along Jefferson avenue, 47 miles an hour in a 35-mile zone on April 30, 1964. After he admitted his guilt,

Judge C. Joseph Belanger sentenced him to \$25 or two days in the Wayne County jail. Because he had no money to pay his fine Cooley went to jail.

After he spent his two days in jail he found husky Army military police waiting for him. They took him to Fort Wayne where he is said to have deserted three weeks ago.

**Speeders Draw Fines**  
Other traffic cases in Judge Belanger's Court included a charge of driving 40 miles an hour in a 25-mile zone, against Russell McNair, Jr., of 215 McKinley, Grosse Pointe Farms. After pleading not guilty he was found guilty and sentenced to pay a \$15 fine or spend five days in jail. He paid.

Marshall Beck, of 863 Beaconsfield avenue, Grosse Pointe Park, entered a guilty plea to a charge of driving 35 miles an hour in a 25-mile zone, and was fined \$15. Beck also was charged for not possessing a valid operator's license. He pleaded guilty, was sentenced to a \$25 fine, or five days in jail. He paid both fines.

Because the exhaust pipe of his car was emitting too much smoke a traffic ticket was issued to Gregory Bercheval, 5728 Bedford avenue, Detroit. He pleaded guilty, paid a \$5 fine.

**Many Bonds Forfeited**  
Because the following did not appear to answer charges in his court, Judge Belanger ordered their bonds forfeited:

Gregory Decock, of 3896 Cadieux road, Detroit, speeding 49 miles an hour in a 30-mile zone, \$15 bond; Martin Allor, 1143 Beaconsfield, Grosse Pointe Park, pulling in front of moving traffic, \$12; Mabel Reese, of 2951 St. Clair, Detroit, 35 in 25-mile zone, \$15;

Rockney Stoup, of 1029 Van Dyke, Detroit, forfeited a \$20 bond for driving 42 in a 30-mile zone, also a \$30 bond for not possessing a driver's license; Ralph Lucas, 1722 C street, NE, Washington, D.C., \$25 bond, for causing signal light accident; Carl T. Embury, of 4252 St. Antoine street, \$10 bond, running through red light; Wayne H. Mullins, 4412 Woodmell, Detroit, 50 in 30-mile zone, and Albert Gelardi, of 2555 Marlborough, 40 in 30-mile zone, \$20, and signal light violation, \$15.

Mary Lou Ball, of 850 S. Oxford, Grosse Pointe Woods, who was sent to driver training school, following receipt of a ticket for speeding 40 miles an hour in a 25-mile zone, was fined \$5 and costs by Judge Belanger. Irene Scadding, of 1835 Hart, Detroit, paid a \$15 fine after pleading guilty to causing an accident at an intersection.

## Pleads Guilty to Charge Of Trying to Buy Dope

Emmett Stafford, 40, of 3011 Virginia Park, Detroit, accused of attempting to obtain narcotics with a fraudulent prescription, entered a plea of guilty at his trial before Circuit Judge Edward S. Piggins on Wednesday, August 28. Sentencing was set for Friday, September 20, and he was released with his bond of \$1,000 continued.

James Wicker, Jr., 34, of 3314 Elmhurst, Detroit, arrested with Stafford on June 8, and charged in a warrant with possession of a dangerous weapon, appeared before Judge Piggins Thursday, August 29. His attorney asked for a postponement of trial and the judge set a new date for October 1. Wicker's bond of \$1,000 was continued, and he was released.

Stafford and Wicker were arrested by Woods police on the June date, when Stafford tried to have a phony prescription filled at the Merit Woods Pharmacy, 19325 Mack avenue. Sheldon Weisberg, the store owner, refused to honor the prescription, when he became suspicious of the appearance of the paper.

In the store at the time, to make a purchase, was Woods Det. Martin Trombley, who was recognized as a police officer by Weisberg, and who was informed of Stafford's attempt to have the phony prescription filled. While the drug store owner was talking to the officer, Stafford left the store.

Trombley went outside to locate Stafford and spotted him in an adjacent store just as Woods Cpl. Peter Thomas drove by in a scout car. Trombley stopped the corporal, and both went into the store and arrested the man.

About that time, Wicker, who was circling around the area, waiting for Stafford, came into view, and the officers, becoming suspicious, stopped him and

asked for his operator's license and car registration. Wicker was unable to produce the registration, and he and Stafford were taken to the station for further questioning.

At the station, a search of Wicker's vehicle produced a fully loaded 6.35mm caliber Rigarmi Brescia automatic. The weapon was confiscated. A check with State Police disclosed that the gun was not registered.

Woods Det. Everett Plumb, who obtained the warrants against Stafford and Wicker, said that Stafford admitted under questioning, that he tried to have the prescription filled for 30 capsules of 10 milligrams of Dolophine.

Wicker did not reveal why the automatic was in his car nor did he say how it got there.

## Judge Paterson Hears 8 Cases

Eight persons appeared before City Municipal Judge Douglas Paterson on Tuesday, August 27, for hearings on different law violations.

John Jennings, Jr., of 416 Moran, accused of driving while under the influence of liquor, entered a plea of not guilty and was found guilty of a lesser charge, driving while ability was voluntarily impaired. He was sentenced to pay a fine of \$100, or serve 10 days in the Wayne County Jail. The fine was paid.

Charles Moroco of 333 Lincoln road, charged with being a disorderly person, stood mute, and a plea of innocent was entered for him. The case was adjourned to October 8 for a further hearing.

Also accused of being disorderly persons, in separate cases, were Arthur Getz of 1119 Buckingham and Peter Caulkins of 33 Willow Lane. They both pled guilty and were found guilty as charged. The judge set September 9 as the date for sentencing.

Sally Walker of 1333 Beaconsfield, charged with not having her car under control and causing an accident, pled guilty and was found guilty of a lesser charge of careless driving. She was fined \$15.

Joseph Krausman of 201 Mcmillan, entered a plea of guilty and was found guilty of failing to yield the right of way and causing an accident. He was sentenced to pay a fine of \$50.

Bruce Nichols of 95 Tonnancour, stood mute to a charge of reckless driving, and after evidence was presented, was found guilty of careless driving, and it cost him \$75.

James Schanta of 8350 Lyford, Detroit, pled guilty to driving while under the influence of liquor, and being in violation of the Financial Responsibility Law, and was found guilty. Sentence was deferred pending a pre-sentence report.

Three persons had their operator's license revoked for failing to appear for examination because of unsatisfactory driving records; one had his revoked for driving while under the influence of liquor and for failing to comply with the Financial Responsibility Law; and the fifth had his taken away for a period of three months.

William J. Koffmann, 18, of 19703 Barlow, Detroit, is scheduled to appear in Shores court on September 18, on a charge of reckless driving.  
 The youth was arrested by Shores Patrolman Donald Fronczak on Saturday, August 31, when the officer observed him traveling south on Lake Shore road, at approximately 60 miles an hour. This occurred at 10:10 p.m., it was said.  
 Koffmann, on seeing the scout car, slowed down slightly at Duval, and at Briarcliff, made a left turn, without signaling, and proceeded north at high speed.  
 Fronczak said that he gave chase. As he arrived at Duval, again, Koffmann made a sharp left turn, without giving signal, the policeman said.  
 The officer said he turned on the scout car flasher and siren, and pulled up alongside the youth's car, and motioned him to the curb at North Edgewood, but Koffmann ignored the gesture, although he did slow down. Fronczak said he finally forced the youth to a stop at Roslyn road.  
 Koffmann was taken to the station, where he was given a violation ticket for reckless driving. He was released after posting bond of \$75, until his hearing in court.

## Educators Point to Pointe

The eyes of top educators throughout America will be on the citizens living in the Grosse Pointe School System area, when they cast ballots which will decide the fate of two important millage proposals here next Thursday, September 12.

The result of this special election can decide whether the Pointe's high-prestige educational policy will continue, or whether it will operate on deficit financing in the amount of \$671,000, program curtailment and staff cuts. The decision is squarely on the shoulders of those eligible to cast their ballots in the area.

Let us now examine the cost to the taxpayer. The cost of the passage of Proposition No. 1 (operating funds) will vary, depending on the value of your property. For each \$1,000 state equalized valuation the cost will be \$4.50 annually.

All right, so what will Proposition No. 2 (building improvement) cost? In this case the tax will be \$1 for each \$1,000 assessment.

So, you see, the total cost per \$1,000 for the passage of both propositions is \$5.50 annually, less than the price of a fifth of spirits frumenti, or two cartons of cigarets, and much, much less than the many small luxuries we all enjoy.

Here it becomes a question of values. We hope that voters in the community will value an additional investment in education for the young people.

W. W. F.

## Changes Sorely Needed

One of the surest ways to eliminate such disturbing scenes as millions of Americans viewed both on the streets of Chicago, and in the hall where the Democrats held forth, is to eliminate the ridiculous, sometimes almost insane, quadrennial national political side-shows. They serve no significant purpose, except to rob the people of their rights to choose their own candidate for the Presidency.

As everyone knows, under the present inane system of selecting candidates for the two top posts in the United States, the citizens of our nation actually have no choice of their own, and little voice at the nominating conclaves.

According to national pollsters Eugene McCarthy and Nelson Rockefeller were indicated to be the people's choice, NOT Hubert H. Humphrey and Richard M. Nixon. And, so, what did the delegates from the various states do? You already know that answer.

Strange and mysterious is the game of power politics in our nation, and shuffling a card from the bottom of the deck is not an unusual move. This time the cards were stacked against McCarthy and Rockefeller—and against the people!

Delegates to these conventions seldom, if ever, listen to the citizens they are supposed to represent. Rather, they listen to the Establishment, the bosses, and do what the overlords order them to do. Few of them have minds of their own, and if they did they wouldn't be allowed to use them.

Just as Caesar Daley, the lord mayor of Chicago, tolled the death knell of big city bossism in his bawlick the other day, we hope the Democrats heard the last gasp of those quadrennial political spectacles in America.

They are as antiquated as the horse and buggy, and we suggest steps be immediately taken to set up national primary and general elections so that by 1972 the people themselves may have an opportunity to elect the candidates of their choice for President and Vice-President.

W.W.F.

## Letters to the Editor

Dear Sir:

In recent weeks the Grosse Pointe News has published a great deal of propaganda in favor of the Grosse Pointe School System's request for a millage increase, which is to be voted upon at the September 12 election. Statistics have been bandied around rather freely in these articles.

However, it is my opinion that the full and true story has not been told through omission of certain pertinent facts. And these facts are important, because they have a direct effect upon the taxpayer's pocketbook.

1) In all reports there has been only the mention of the current 14 mill levy as the present obligation. The fact that taxpayers are also assessed an additional Constitutionally-approved 15 mills has been conveniently overlooked. So, actually we are subject to a tax of \$29.00 per \$1,000 of assessed valuation, and the additional 5 1/2 mills requested for the first year would bring this up to \$34.50 per \$1,000.

2) The School Board has tried to minimize the effect of State Equalized Property Valuation upon school tax. They mention an 8.5% increase in 1968-1969 and another 4% increase in 1969-1970, which is drastic enough. But they overlook the increases in valuation over the past two years which, for many property owners have added up

from 35% to 40%. All of this means that, even without additional millage, school revenue will be substantially increased. If my arithmetic is in error, I will be happy to stand corrected. If not, I feel that these facts should be properly presented to the voters prior to the September 12 election.

A. J. CUTTING  
15355 Windmill Pointe Dr.  
Editor's Note:—  
The NEWS asked school officials to answer Mr. Cutting's letter. Their reply follows.

The 14 mills mentioned by Mr. Cutting represents the "excess voted" millage levied for school operating purposes approved by the electorate in October, 1963, to run for a six-year period from 1964 to 1969 inclusive.

This 41 mills is over and above the constitutional 15 mills which is shared by the county government and the school district.

The school district has been allocated 8.90 of the above 15 mills for operation, which together with the 14 mills approved by the voters, has resulted in a total millage of 22.90 for operation.

To the millage levied for operation must be added the millage required to finance existing school debt. This varies each year depending on requirements of the amount of

debt to be paid and the amount of state equalized valuation for a particular year. In 1967-68 the debt millage was 2.59 mills.

Thus the total millage levied for school purposes was 25.49 mills on each \$1,000.00 of state equalized valuation.

This represents only the school portion of the TOTAL tax bill a home owner pays. In addition to the school millage, a home owner pays taxes to support the county government and the city government.

In 1967-68 taxpayers in Grosse Pointe Park where Mr. Cutting resides paid the following taxes:

City 19.38 mills  
Wayne County 7.11 " " " " " "  
G. P. Schools 25.52 " " " " " "

Total 52.01

\*Includes .03 mills retained by the city for administration costs for preparation of tax rolls, mailing, and collection costs.

The school system has recommended an increase of 4 1/2 mills for operation which would result in a total rate of 27.40 mills.

It is also recommending a one mill levy for building improvement.

The total school rate, if these recommendations are approved, would be as follows:

For Operation 1968-69

Allocated from

15 mills 8.90

Excess-Voted 1963 14.00

Excess-Voted 1968 4.50 27.40

For Building Improvement 1.00

For Debt Retirement 2.31

30.71

Mr. Cutting is correct in indicating that state equalized valuations have increased and that the school system has levied the maximum millage authorized. At least this has been true for the past four years. (There were two occasions during the past eight years when the Board of Education did not levy the full authorized millage because of sufficient revenue.)

The reason the Board of Education has levied the full authorized millage on the adjusted state equalized valuation during the past four years is due to the fact that costs have risen much faster than revenues from all sources during this same period.

The policy applied involves the Board's original six-year long term financing plan which follows in summary:

The budget projections made in 1964 for the six-year financing program showed an estimated deficit in 1969-70 of approximately \$1,000,000.

In contemplation of this estimated deficit the Board considered two or three possible courses of action.

The Board of Education at that time adopted the following fiscal policy in an endeavor to finance the six-year program extending from 1964-65 through 1969-1970.

"Levy the maximum voted operating millage (14.00 mills) and continue to reserve as much

By Virginia Leonard

Guest Columnist: Ruth Daniels

"Happiness Is A Stock That Doubles In A Year" is the title of a book on the stock market by Ira U. Cobleigh who states that the stock market ranks third, (after weather and health), as a topic of conversation. He suggests that the book be read to the accompaniment of the hit song called "To Dream the Impossible Dream" from "The Man of La Mancha."

The author begins with a technical analysis of the selection of the "action stocks" tells how to recognize the right climate for speculation. 234 pages later he warns that it is a road map not an insurance policy. "May all your stocks copy Xerox!"

This year of alleged affluence has produced many books to help the investor and the speculators play "The Money Game." The title of Adam Smith's book. The author thinks that making money is truly a game, but success does not alleviate the prime urge to make, spend and risk more.

John W. Hazard's "Choosing Tomorrow's Growth Stocks Today" explains step by step how to buy stocks that will grow. Mr. Hazard is Executive Editor of the magazine "Changing Times." Now he has written a book in which he expertly evaluates today's market and names tomorrow's opportunities in rapidly expanding industries.

"Everybody's Guide to the Stockmarket" by High M. Finley is a concise clear guide to intelligent investment for the layman. This is the ideal handbook for the man (or woman) who wants to take advantage of the opportunities afforded by sensible investment.

"You and Your Stockbroker" by Robert J. Schwartz presents and explains, in question and answer form, the legal rights of the customer and the duties of the broker. This information is intended to smooth the way so each party knows his rights and obligations, making for a pleasant relationship.

In addition to the circulating collection, your library subscribes to several services useful to the investor. "Moody's

Manual of Investments" consists of five annual volumes supplemented by semi-weekly supplemental sheets; Bank & Finance, Industrials, Municipals and Governments, Public Utilities and Transportation. Other Moody services are Bond Survey, Stock Survey and Dividend Record, plus Standard and Poor's Outlook.

Annual Directories of use to the investor in the business collection are: "Middle Market Directory" by Dun and Bradstreet. A list of 25,000 companies with a net worth of \$500,000 to \$1 million. In alphabetical, geographical and product sections. "Million Dollar Directory" by Dun and Bradstreet; a list of 29,000 companies with a net worth of over \$1 million arranged as above plus a list of top management executives. "Thomas Register of American Manufacturers," 7 volumes; 5 volumes list companies, volume six lists manufacturers along with brand name and a list of commercial associations, and volume 7 is a useful alphabetical product-finding guide.

"The Directory of Michigan Manufacturers" is a biennial publication listing more than 16,000 manufacturing plants, whose products keep Michigan in the forefront around the world. Information is presented in: 1) Geographical section, (complete listing). 2) Alphabetical section, by firm name, refers to complete listing. 3) Products section under 3,100 product heading.

as possible in the Escrow for Future Budgets account consistent with salary and other general economic requirements.

"Employ economic measures and good fiscal policies."

"Finance the entire six-year period, or go as far as possible toward this objective without submitting a millage proposal to the electorate for an increase in the millage rate."

Inherent in this policy, considering an estimated deficit at the beginning of the program, it was the intent to levy the maximum millage, to the extent needed against all increases in state equalized valuations.

Although this policy has produced more revenues than originally estimated, they have failed to keep pace with the rapid increases in the costs of education. This is true, not only in our school system, but in all school systems throughout the state of Michigan.

Dear Sir:  
I am writing this letter with the sincere hope that this news-

paper will be able to do something to help the innocent home owners who have been plagued by the frequent emptying of beer bottles on lawns and the subsequent danger of children receiving cuts from these broken bottles.

I am referring mainly to underage drinkers who make a "drop run" on somebody's lawn.

Adequate garbage disposal cans are not available. Teenagers do not have any place to throw their empty bottles. Most do not enjoy creating work for other people. I have even known some to pick up their mess the next morning.

I am not proposing a methodical solution to end underage drinking. I am not condoning it. It is wrong according to the law. Whether or not the law needs changing is another matter. But I do believe that by providing adequate garbage disposals one facet of this problem will be mitigated.

Sincerely yours,

## From Another Pointe of View

By Janet Mueller

Tying some 800 bows, in 22 different colors, is just about the most UNUSUAL way to spend a Labor Day Weekend we've ever heard of—but, considering the damp, dank weather Pointers enjoyed (?) over the holiday, we have this word of consolation for Mrs. J. Crawford Frost, Jr.: "At least you ACCOMPLISHED something..."

Mrs. Frost-of-the-Sore-Fingers is among a group of local ladies looking forward to a visit from out-of-country delegates to the Associated Country Women of the World's international convention, currently under way in Lansing.

The Woman's National Farm and Garden Association is an ACWW member unit, and the Metropolitan Detroit WNF&GA affiliate clubs have invited all out-of-country delegates to be their guests in Detroit next Wednesday.

They'll come by bus, (by 22 buses, to be exact, each bus designated a different color, each passenger "matched" to her bus by a colored ribbon corsage—hence Mrs. Frost's "tires cramp").

En masse, they'll visit Northland and Greenfield Village, and be officially welcomed to the city by Mayor Jerome P. Cavanagh. Then each bus will head in its own special direction, following its own special itinerary arranged by a committee composed of local affiliate club members.

Two will travel to Grosse Pointe where, that evening, Mrs. Lynn McNaughton, honorary president of the WNF&GA, will entertain ACWW officers and members of the "Detroit Day" committee at a dinner party in her Kenwood road home.

## This is Mrs. Jones.

You know, Mary Jones. Ted's wife. She's having her hair done for the party at the club tonight. We're also doing Mrs. Smith and Mrs. Hopkins. And we're getting Mrs. Brown ready for her trip to Europe. And not one of them is losing a minute of her precious time. That's the beauty of a hairpiece. That, and the fact that you can always look perfect on a moment's notice. If you've yet to discover what a little wiggy can do — c'mon. This is 1968. Nobody just wears her own hair anymore.

## THEY'VE ARRIVED

DEAR PAT,

You'll understand if this missive reads somewhat incoherently. At the moment I'm having a small nervous breakdown. Nothing too serious but a bit involved for Excedrin. The Lithuanians were celebrating today—I don't know what—but it was important enough to tie up the city with one big, fat, solid 8 hour parade. Wherever I turned—a Lithuanian—on float—on foot—on his merry way.

Now I'm no different from any other flagwaving U.S. Miss—I love a parade (I saw Music Man 7 times—twice on TV) but this was not my day for confetti throwing and these gaily bedecked throngs halted my advance at every turn making my 11 o'clock arrival at Odette Barsa Lingerie a virtual impossibility.

Then I made a decision that could well have gained me entry into Bellevue. I remembered the subway—the same subway that I feared—avoided—ignored as though it did not exist. I went down under! Subways are not for sleeping! Subways are ideal settings for Alfred Hitchcock movies and for 7 minutes I played all the parts including that of the victim. But they are speedy and though frenzied and wild-eyed I did arrive promptly at one of my most favorite showrooms to view the frothiest, most feminine sleep and at home wear the market has to offer.

I have decided that the designers of these beautiful pieces are madly in love. There is nothing but romance emanating from each lace tier and floating panel. As a matter of fact, Pat, I can practically guarantee you and you know who a second honeymoon if you own a dreamy, fully pleated, sleeveless short gown topped by an equally pleated, long-sleeved coat to match. Just seeing this line has me humming strains of dum dum de dum.

Those not "posting the bars" are not neglected. Honestly, you could select these blindfolded and make no mistake. The most difficult task is selecting colors—all are so yummy. There is a velvet Pettipoint short robe with a shirred satin yoke and cuff, so soft and airy, topping a mated gown that I felt I had to buy in a creamy coral and a blue that can only be described as the exact same color as Paul Newman's eyes. (You'd probably prefer Goulet Blue.)

I can't wait for you and everyone to see an orchid ensemble coming in shortly — it's so — hmmm — well not designing women but more women in design. Very scrumptious.

Say, would you think it rather insane to redecorate my house to match a hostess gown? Well, it doesn't matter because I've already lost my mind over a mink-trimmed brocade and am carrying a swatch to match paint when I return. (Yes, it's orange.)

I could report much more but, as I said, nervous collapse. When I left that absolutely soothing showroom I walked out to find that the Lithuanians had caught up with me. I feel like a maniacal mole. I've spent most of today underground.

Best Love,  
Jo

## Judith Lomax Wed To Larry J. Thomas

Pink and White Striped Tent in Garden of Bride's Parents' Ridge Road Home is Focal Point for Reception Following Afternoon Rites

Christ Church, Grosse Pointe, was the setting for the afternoon ceremony Saturday, August 31, at which Judith Lomax, daughter of Mr. and Mrs. Allen Murrell Lomax, of Ridge road, spoke her marriage vows to Larry Jay Thomas.

Following the 4 o'clock rites, at which The Reverend Erville B. Maynard officiated, the Lomaxes entertained at a reception in the garden of their home, where pink and white chairs and small tables covered with pink cloths were placed under and surrounding a pink and white striped tent.

The bride's white linen sheath was trimmed with Pointe de Venise lace at her high neckline and hem, and matching lace edged her Watteau train.

A band of fresh stephanotis and ivy held her Cathedral length silk illusion veil. She carried a bouquet of stephanotis, baby's-breath and ivy.

Attending her was Leslie Schimpf, of Boston, Mass., who

wore a floor length sheath of apple green peau and carried an arrangement of shattered pink carnations.

## Let Your Success Show A Little

(with apologies to Cadillac)  
and one of the best symbols of success is the home you live in

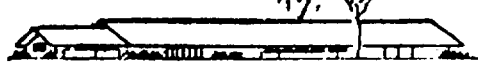

This one needs no apology. It is not so large it creates a housekeeping problem or so small it lacks required accommodations for the average family. In fact we think it is just right. Included are a nice living room with mirrored fireplace, breakfast room, 4 bedrooms and a nice paneled recreation room. Attached at the rear is a 3-car garage.

MAY WE SHOW IT TO YOU?

## 3 GOOD RULES TO REMEMBER WHEN BUYING OR SELLING A HOME IN THIS AREA

1. Choose a Realtor (a member of the Grosse Pointe Real Estate Board, Detroit Real Estate Board, Michigan Real Estate Association and the National Association of Real Estate Boards). Not all Real Estate Brokers are Realtors.
2. Make your choice only from those you feel are ethical and have the experience, contacts and past record of performance to develop a sale in the shortest time possible.
3. Consider Johnstone & Johnstone. A firm that has specialized in the sale of Grosse Pointe properties for 40 years. 3 Grosse Pointe offices. 40 full time professional sales people.

By Their Accessories . . . you shall know them. At Walton-Pierce, fashionable women choose accessories as carefully as they select their clothes. Now, they are picking up the newest shapes in handbags and evening purses. They are collecting the big barrel in soft chin-chilla, mink and nutria. They have all "the season" scarves from France . . . our favorite, Voitures d'Hiver. (Guess we'll have to wait to wear that one!) They are Dior-ing waistlines with his lovely linkings, and costume-jeweling new necklines with newsy costume jewelry pieces. We have never thought accessories can make the wrong look . . . look right. We are convinced the right accessories can perfect the perfect fashion image!

Opt . . . to be curly-topped because it is "the" look. A French Perma gives you the permanent basis for all those natural looking curls. It is quick and easy on the hair. We watched Wahib doing one of his expert haircuts before giving the Perma. Not all that much later he flicked the curls into place into a flattering comb-out. At Leon, 1788 Mack Avenue, this complete beauty package is twenty-five dollars . . . TUzedo 4-9393.

The Look Of The Thirties . . . with the dash of Fall '68 . . . that's the hat-happening in Michelle's Boutique at Leon, 1788 Mack Avenue. The cloche, the slouch and the Sahara, avec scarf from the land of fabled films. Remember?

Everything . . . from linens to toothbrushes can be stored beautifully in Mutschler's vanities for the bath, bedroom, dressing room or powder room. The distinctive storage is practical as well because the cabinets have removable shelves and carry-alls to tote make-up, plus etceteras elsewhere. Choose from colonial, traditional or contemporary styles. Get the ideas at Mutschler Kitchen, 20227 Mack.

Martha's Closet . . . is fabulously fragrant these days. Lending the elegant air are Bergdorf Goodman's Plaza 3, Number 9, Butterfield 8, and Nandi. All are available at 373 Fisher Road . . . in perfume, cologne, dusting powder and bath oil. While boutique-ing, we noticed a colorful assortment of velvet bows . . . small to large and discovered pretty pearl treasures in jewelry . . . sale tagged.

Hickey's . . . Boy's Department is a world of handsome back-to-school clothes which we are happy to report are mostly easy-care. Turtle or crew neck sweaters are machine washable and are priced from eight dollars. Slacks and shirts are permanent press. The Comings And Goings . . . at Robert's Place, 405 Fisher Road, is the talk of the area. In come tired passe hairdos and out go the newer shapes of the new season. Robert tells us although hair is still shortish there is a bit of softness due to more length. Robert himself will be leaving his place one day in November to be a guest stylist at the Realistic show in the Sheraton-Cadillac . . . 886-4130.

Once A Year Special . . . Now is the time to stock Dorothy Gray's cleansing and salon creams while they are so specially priced at the Notre Dame Pharmacy.

The Kaleidoscope . . . sees all shapes and sizes of glasses belabeled in different ways. The Coca-Cola trademark decorates in Tiffany style . . . clear glass. Other labels are used differently and there's a choice of beer brands. See this new entertaining idea at 16135 Mack at Bedford.

## Pointer Of Interest

DR. JOSEPH SPAGNOLI, ASSISTANT SUPERINTENDENT OF INSTRUCTION, GROSSE POINTE PUBLIC SCHOOLS.

By Pepper Whitelaw

When the doors of Grosse Pointe North High School opened yesterday, Dr. Joseph Spagnoli smiled with satisfaction. And so he should have, for as the Grosse Pointe Public Schools' Assistant Superintendent of Administrative Services he had devoted most of the past year to overseeing the progress of North High, handling the hundreds of problems that always arise with an undertaking of this size and generally reporting, checking on and being ready with the answers when School Board members and interested people in the community asked questions.

Now he has stepped into a new position, (although he will still coordinate some 40 per cent of the work involved in his past post of Assistant Superintendent Administrative Services that pertains to North High), as Assistant Superintendent of Instruction.

Dr. Spagnoli, well-known in education circles throughout the country, recently returned from Harvard University, where a select group of 40 educators and administrators from all over the country were invited to attend a 14-day seminar on the "Realities of Power." He says it was a most rewarding experience.

### Is People-Oriented

Dr. Spagnoli is people-oriented . . . and in his position, where he must coordinate instruction for Grosse Pointe's students, it's vital that he is.

Dr. Spagnoli is aware . . . He says, "Our primary responsibility is to the boys and girls and people in our community, but we must also look at the long-range picture . . . that which goes beyond our own good school system. We must accept the fact that we are preparing our children to live in the world, not just in Grosse Pointe."

Dr. Spagnoli has a sense of responsibility . . . "We in the Grosse Pointe School System have a responsibility to other school systems. Since we have such a good system here, we should share our advantages. When we are asked to participate in education projects, we should do so . . .

"A free exchange of ideas and interaction of talents is a MUST in education today. We must force ourselves to become involved with other school systems so we can have this interchange."

### Also Successful Father

As a father, Dr. Spagnoli has been just as successful as an educator and administrator. He has two children, Gina, 14, who is in the ninth grade at North, and Scott, 15, a 10th grader at North. Scott and Gina are both excellent students.

"Scott, (a science fiction fan), was included among the 25 top students at Parcels Junior High School last year," smiles Papa.

When he talks of Gina, he grins and says, "She's 14 going on 19." Gina loves athletics and is quite proficient on the trampoline.

Dr. Spagnoli's wife, Charlotte, a graduate of Southern Illinois University who majored in Art and minored in Social Studies and English, fills in as a substitute teacher whenever a critical need arises.

### Both Avid Readers

Both the Spagnolis love to read. "I try to read at least one hardback book a week, but sometimes it's pretty difficult

to do because of the vast amount of correspondence I have to handle on the job," Dr. Spagnoli admits.

"Both Charlotte and I find we've joined the ranks of bridge lovers, we're neophytes . . . I think the children are learning more rapidly than we are," he laughs.

Dr. Spagnoli's philosophy is pretty much summed up in two words: Involvement and Participation. "When you have these two ingredients," he says, "things happen!" (We have the feeling things will always happen when Dr. Spagnoli's around, because he is a "doer!") "One of the most important phases of my job is to help teachers become involved country-wide. Since their time is at a premium, as an administrator I must provide opportunities for staff members to have experiences beyond our own system. After all, one of the main purposes of an administrator is to seek new and better ways to do a better job."

### Impressive Background

Dr. Spagnoli, who has been in the Grosse Pointe Public School System for six years, came here with a most impressive background.

He was graduated from Southern Illinois University in 1948. He was awarded his Master of Science degree in Education there in 1950, with a major in Educational Administration and Supervision. He then went on to do some graduate work at Wayne State University.

He served in the Signal Corps with the 10th Air Force in Burma. He was Elementary Principal in Hurst-Bush Grade School, Hurst, Ill., (the place of his birth), from 1948 until 1952. He became Superintendent of Schools and High School Principal in Hurst-Bush Public Schools in 1952 and stayed there for 10 years.

He was a member of the Legislative Commission, Illinois High School Association. He became Curriculum Coordinator for the Grosse Pointe Public School System in 1962.

In 1964 he became Secondary Planning Director of our system, which involved his work with the supervision of the construction of Grosse Pointe North High School. Two years later he was appointed Assistant Superintendent.

### Degree and Promotion

He was awarded his Ph.D. from Southern Illinois University in September of 1967. He was appointed to his present post as Assistant Superintendent of Instruction in June of this year.

Dr. Spagnoli is an active member of many educational associations including the National Education Association, Michigan Education Association, Grosse Pointe Education Association, the Association for Supervision and Curriculum Development, the Michigan Association for Supervision and Curriculum Development, the American Association of School Administrators, American School Business Officials and Michigan School Business Officials.

He is also a member of Phi Kappa Phi and a lifetime honorary member of the Illinois High School Association.

"Before we lived in The Pointe we lived in a small southern Illinois community . . . I still remember how my association with the Grosse Pointe School System developed," Dr. Spagnoli reminisces.

He is also a member of Phi Kappa Phi and a lifetime honorary member of the Illinois High School Association.

"Before we lived in The Pointe we lived in a small southern Illinois community . . . I still remember how my association with the Grosse Pointe School System developed," Dr. Spagnoli reminisces.

### Was Asked To Apply

"I received a letter asking me if I would like to apply for an opening on the staff. Two weeks later I had a phone call setting up my interview."

"It was a very thorough interview," he grins. "I spoke to Dr. LeRoy Selmeier and then with six or eight others in the system, individually; then they made their final evaluation, and ultimately their offer. I accepted and have had a happy association ever since."

"Often I am approached by educators from other parts of the country who have a completely false picture of Grosse Pointe and what it stands for . . . In my opinion, most folks are here because they worked hard in order to be able to live in this economic and social situation. Once here they work hard to become active members of the community. I think of Grosse Pointe as being made up of people who care and will work to prove they do."

### Tribute To His Father

Dr. Spagnoli's understanding of people and situations and problems can be in part attributed to his father, who is 85 years old.

"Dad can really communicate with people . . . He's loved in his little southern Illinois community. He is retired, but never tired," Dr. Spagnoli explains.

Dr. Spagnoli's father came to the United States from Italy some 64 years ago. He brought with him a dream for his children.

Looking at Dr. Spagnoli today, we know his dream has come true!

### Nash-Goggins Rites Are Read

St. Thomas More Church, Narragansett, R.I., was the setting for the Saturday morning, August 31, ceremony at which Robert Allen Nash, son of Mrs. Glynora B. Nash, of Rivard boulevard, and E. A. Nash, of Bloomfield Hills, claimed Mary Jo Goggins, daughter of Mrs. Mary J. Goggins, of Providence, R.I., and Daniel Goggins, of Los Angeles, Calif., as his bride.

The Reverend Thomas Goggins, cousin of the bride, officiated at the 11 o'clock rites, which were followed by a reception at Wickford Mariner House, North Kingston, R.I.

The bride, given in marriage by her brother-in-law, James Mahoney, of Bethesda, Md., wore a gown of dotted Swiss, accented with Valenciennes lace and fashioned with a Watteau train.

Her floor length silk illusion veil fell from a lace-trimmed Dior headband, and she carried a cascade of Eucharis lilies and stephanotis.

She was attended by her sister, Mrs. Peter Cavanaugh, of Morristown, N.J., who served as matron of honor, and bridesmaids Hollie Marie Hurd, of Washington, D.C., Mrs. Gary Bauer, of McLean, Va., Mrs. Robert Tzybik, of Narragansett, Elizabeth Ann Dougan, of Warwick, R.I., and Mary Grzebein, of Bonnet Shores, R.I.

Flower girl was Deirdre Ellen Cavanaugh, the bride's niece.

Peter Cavanaugh acted as best man for the bridegroom. Seating the guests were E. A. Nash, the bridegroom's father, Kenneth Jannot, of Southfield, the bridegroom's roommate at the University of Notre Dame, Pieter Dierks, of Notre Dame, Ind., Gary Bauer, James White, of Arlington, Va., Daniel Goggins, the bride's brother, and Roger Nasser, of St. Louis, Mo.

Junior ushers were Andrew and Michael Mahoney, nephews of the bride. Ring bearer was Mark Allen Jannot, the bridegroom's godson.

The newlyweds will return from a Bermuda vacation to make their home in Washington, D.C.

Her fiancé, son of Mr. and Mrs. William Mackin, of Flint, is a graduate of General Motors Institute.

## From Another Pointe of View

(Continued from Page 13)

WNF&GA affiliates, the Grosse Pointe Farm and Garden Club the Grand Marais Garden Club, the Windmill Pointe Garden Club and the Grosse Pointe Shores Garden Club, forming a committee, have arranged to entertain the remainder of the visitors at a picnic supper in the gardens of the Lakeshore road home of The Honorable G. Mennen Williams, Ambassador to The Philippines, and Mrs. Williams.

### Cocktails In The Chicken Coop

Chairmen of this year's Junior Women's Association for the Detroit Symphony Orchestra projects have been invited by the Bert A. Treibers, of Whittier road, to spend "A Day in the Country" at their farm near Port Sanilac this Saturday.

Mrs. Treiber (Terry) is the Juniors' current treasurer.

"Country Day" chairman Mrs. Arthur O. Moran, Jr., has put together a committee of immediate past Board members to help her with party plans, and those who arrange to arrive early will be invited to decide between golf, swimming or just plain sitting in the sun.

These early arrivals are sure to include the Frederick C. Hertels, the Eric Truhols, the Richard S. Campbells, the Don O. Stanitzkes and the John R. Moravas, who plan to get in 18 holes of golf before meeting later arrivals for cocktails—in the chicken coop!

Everyone will then adjourn to the Huron Shores Country Club for dinner and dancing.

No doubt conversation, both in the chicken coop and at the country club, will turn to the Juniors' general luncheon meeting, their first BIG activity of the new season, scheduled for next Thursday at Oakland Hills Country Club.

A fashion show by Walton-Pierce is planned, and Mrs. Girard F. Smith, chairman of the November 13 benefit premiere of Julie Andrews' new movie, "Star," has a skit ready to publicize the event.

Her cast members include The Mesdames Richard Beadle, R. B. Fahim, Roy Leinweber, J. Dale Petrosky, Joseph F. Dillon and Peter Tillotson.

Also on the day's agenda is a "Political Review" designed to get the Juniors even busier bringing in ads for their 1969 Souvenir Program. The Program will be used starting January 11 at one of the Kresge Concerts.

General chairman of the project is Mrs. Hugh Janes; she has lined up the Mesdames Morava, Owen Regan, Robert McKendrick, Jack G. Smith and Richard M. Berg as "keynote speakers."

Thursday evening will, of course, be "Symphony Night" for the Juniors. Mrs. Donald R. Briggs, Jr., Association president, and Dr. Briggs, Mr. and Mrs. John D. Fife and Mr. and Mrs. Hugh G. Harness will be among those attending the Detroit Symphony's Opening Performance.

Saturday, September 14, will find more Juniors at Ford Auditorium for the first of the Sampler Series Concerts.

Mrs. Donald F. Chamberlin, the group's Symphony coordinator, is busy taking reservations for the Association's Afterglow at the Top of the Flame. Dr. and Mrs. Albert L. Steinbach, Mr. and Mrs. Louis Z. Horvath, Mr. and Mrs. Ernest J. Olde, Mr. and Mrs. Edman Elledge and Mr. and Mrs. Walter W. Hassig are some of the names on her "confirmed" list.

### Short Subjects

Mrs. Florence E. Sisman, Mr. and Mrs. James Ranger and James V. Votta, on behalf of the Michigan Aerospace Foundation of which Mr. Votta is executive vice-president, have issued invitations to a reception, honoring the visitors and participants of the National Aviation and Space Exposition, to be held Friday evening, September 13, on the grounds of the Horace E. Dodge estate in East Jefferson avenue.

Special guests will include the pilots of the world-famous United States Navy "Blue Angels," the officers and men of the world champion United States Army Parachute Team "Golden Knights," officers and participants of the United States Air Force and the United States Air Force Band, Robins Air Force Base.

Saturday, September 14, is the date of the Detroit Zoological Society's annual—and annually delightful—members' Family Day at the Detroit Zoo.

## Indian Guides Slate Meetings

The Grosse Pointe Indian Guides will hold organizational meetings at the Grosse Pointe Central Library at 8 p.m. on Monday, September 9, and Thursday, September 12.

The Indian Guides under the direction of Don McPhail, Longhouse Chief, is open to any lad and dad members who want to play together starting with boys in the first grade. The Indian Guides motto is "Pals Forever" and their purpose is "to foster closer companionship between fathers and sons."

A V Indian Guide tribe does anything they like that can be done together: studies birds and animals, makes indian costumes, goes to football and baseball games, goes on father and son weekend campouts, goes on canoe trips, has hobby and collection shows or plays games.

Indian Guides multiply the number of things that father and son can do together at an age when a boy thinks his dad is the greatest man in the world. The tribes meet in members' homes twice a month. Usually five to nine dads and their sons form a tribe. Both fathers and sons must attend meetings and take part in the activities of the tribe.

For further information, call the Hannan YMCA (822-7200) or call Chief Don McPhail (881-1364).

I think our fair state has been insulted! Drew Pearson reports that Sam Friedel (Democrat, Ma.) received \$2,000 from the American Trucking Assoc. and John Dingell (Democrat, Mich.) only received \$1,500. I understand both men are members of the House Interstate Committee, but ain't Mich. reps. as good (or bad) as Maryland? Rank Favoritism!
