

# SCHOOL ELECTION IS TODAY

## HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

Thursday, September 5

**TEACHERS IN FIVE** Detroit area school districts signed new contracts on Wednesday, but nearly 2,500 teachers in eight Wayne County districts without contracts, continue to boycott their schools. Those areas settling include Chippewa Valley, Jeffers and Bedford, Romulus and Heintzen. Still out are Lincoln Park, Northville, Riverview, River Rouge and Trenton.

Friday, September 6

**LEADERS OF THE** Senate acknowledged Thursday that they probably did not have a sufficient number of votes to break a filibuster against the nomination of Associate Justice Abe Fortas as Chief Justice of the United States. Supporters of President Johnson's controversial elevation of Fortas, conceded that the prospects of Senate approval of the nomination had become dim.

**SENATOR** Everett M. Dirksen disclosed Thursday that he has been under guard by police intermittently for the last six months because of threats against his life. He said the last threat came just before the Democratic National Convention. He said he was guarded constantly while he was at home in Illinois last week.

Saturday, September 7

**CITY OF DETROIT** officials and civic organizations who heard that parking lots were intended to charge up to \$10 for parking if the World Series should come to Detroit on October 5, 6, 7, launched a massive effort on Friday to prevent this type of price-gouging. Common Council president Ed Carey asked Robert Reese, corporation counsel, to look for legal means to prevent price-gouging.

Sunday, September 8

**A HOSPITAL** WARD in Seoul was cleared and ambulances stood by Saturday for the possible release of the crew of the U.S. Navy intelligence ship Pueblo from North Korean captors. Informed American sources said the release might coincide with the celebration of North Korea's 20th anniversary.

**MOST MAJOR HOTELS** and motels in the Detroit area are holding down the prices for World Series reservations. Some of the hotels are asking for a deposit in advance to guarantee the room will be held. Unless there is a major reversal, the Tigers will play the first two World Series games in St. Louis against the Cardinals on October 2 and 3.

Monday, September 9

**JUDITH ANNE FORD**, an athletic blonde from Illinois, was crowned Miss America 1969 Saturday night in Atlantic City. The pageant itself was marked by two protests. A Negro organization claimed Miss America represented "white racism" and a women's group contended the pageant "used young women to deny them their suffrage."

Tuesday, September 10

**THE CITY OF DETROIT** is going to provide parking at bargain prices during the World Series. In a move aimed at private lots, some of which planned to charge up to \$10 a day for series parking, City officials hope to open up more than 4,000 city-owned spaces downtown and thousands more at the State Fairgrounds and shopping centers on the outskirts of Detroit. They even plan to include a bus ride to and from Tiger Stadium for a slight additional charge.

**SAUNDRA WILLIAMS**, a 19-year-old sociology student from Philadelphia, was named Miss Black America at a contest held in a hotel just four blocks from the Boardwalk in Atlantic City from the regular Miss America Contest. Sponsors of the Negro event said it was a coincidence that their event was held in Atlantic City at the same time as the Miss America contest. A Negro-owned modeling agency and a civil rights group sponsored the contest.

## Freak Mishap Victims Sue Two Cities

Woods And St. Clair Shores Named In Legal Action After Parachute Accident At Park

Two of the four persons injured in a freak accident at Woods waterfront park on Saturday, July 13, Mr. and Mrs. Otto Fischer, 1048 North Brys drive, have taken legal action against the cities of Grosse Pointe Woods and St. Clair Shores, (where the Woods' park is located).

On that date Michael Danaher, 15, of 692 Cloverly road, attempted to pull Mark Morgan, 16, of 1014 Yorkshire park with his speed boat. Morgan was harnessed to a parachute by rope to the speed boat, in an effort to lift Morgan off the ground and over the water. The parachute caught and enfolded the Fischers, their grandson, Robert Jed, four and a-half years old, and Mrs. Denise Potter, 28, of 23701 Fifteen Mile road. The victims were dragged over the ground and across a cement breakwall into about five feet of water before Danaher could stop the boat. All four were taken to St. John Hospital, shaken and dazed.

**Injuries Listed**  
Otto Fischer, 66, sustained injuries to his left hand and back. He also claims "possible aggravation of a pre-existing heart condition."

Mrs. Fischer sustained severe injuries to her right leg and left forearm, that according to

## League of Women Voters Will Conduct Campaign For Monetary, Moral Help

Canvass Set For September 16 and 17 During Week Set Aside For Observance Of Many Services Rendered By Organization

A two-day local finance drive will kick off League of Women Voters Week in Michigan, which extends from September 16 through 21. On Monday and Tuesday, September 16 and 17, members of the Grosse Pointe League, in teams of two, will call on commercial concerns to solicit money as well as moral support for the activities of the League, many of which are community-oriented.

Most Grosse Pointers are familiar with the voters' service aspect of League work. This includes the presentation of non-partisan information on candidates and ballot issues, campaigns to encourage registration and voting on an informed basis, rallies at which pro and con viewpoints on pertinent issues are discussed from the podium; still other rallies at which local candidates for office are given an opportunity to speak. Many Pointers have

## City Police Nab Young Speeder

A 15-year-old boy was stopped by City police on Saturday, September 7, for driving in excess of the speed limit on Maumee at Lincoln.

The youth was driving on a Michigan Driver Education Certificate and was alone in the car. This is a violation of the Michigan Drivers' Education Certificate Law.

The boy told officers that he had taken the car without permission. His parents were notified and the car released to them.

## Car Reaps Parking Meters When Driver Blacks Out

Woods police officers shook their heads unbelievably when they arrived at the scene of an accident on Mack avenue at about 8:30 a.m. Friday, September 6, calling it a miracle that a woman driver and her passenger escaped serious injuries or death. The woman's car knocked down eight parking meters, walking on the sidewalk, were nearly hit by the advancing vehicle, according to school crossing guards. Two of the pupils barely made it to the doorway of a building, and the other three ran as fast as they could ahead of the auto, and sped around the corner, at

Anita, just as the vehicle stopped rolling. At the scene, on Mack between Hawthorne and Anita, were Patrolmen Robert Setchell and Stephen Petrik, who took the driver of the accident car, Miss Claudia B. Kott, 22, of 14551 Ivanhoe, Warren, to St. John Hospital, suffering from a bump on the head. The woman had blacked out while traveling south on Mack, and was still unconscious when placed on a stretcher and was enroute to the hospital.

The other woman in the automobile, Mrs. Hallie Bush, of 21831 O'Connor, St. Clair Shores, escaped without a scratch. Mrs. Bush, in a statement, disclosed that as she and Miss

## Skippers Set To Fight for World Title

Two Pointers Qualify To Compete For Tempest Crown Against Star-Studded Field

By F. W. George

Bob Sellers and Jerry Jordan, Grosse Pointe skippers who have distinguished themselves in previous one-design sailing class races, are in the fleet of star-studded experts competing in the World Tempest class championships this week at the Grosse Pointe Yacht Club.

Neither fared too well in the six-race series for National honors in last week's racing in three swift, sleek 22-foot sloops.

Both got off to poor starts but improved enough to qualify for the world event this week. Sellers placed ninth and Jordan 11th. They were easily the best of the 12 local entries. Billy Kelly, of the Larchmont Yacht Club, supplanted Charles Ulmer, of City Island, New York, for the championship.

Kelly won the last three races to beat out Andy Kost.

## \$1,381 in Loot Taken from Car

A Farms resident informed Farms police that he was missing sports equipment and clothing valued at a total of \$1,381, taken from the trunk of his car sometime between Tuesday and Wednesday, September 6 and 7.

William E. Lassiter of 65 Stephens, victim of the theft, told police that golf equipment included four woods, valued at \$135; eight irons, worth \$175; and a black horsehide golf bag, valued at \$150.

The loot also included a suitcase filled with items of clothing for street wear and for the golf course.

Lassiter itemized the loss, which when the value was totaled, showed the thief, or thieves, got away with \$1,381 worth of loot.

Det. Joseph Miller and Police Sgt. Arnold Parsons, in questioning Lassiter, said that it is possible that the theft occurred in Toledo, where the Farms resident has a business location, possibly on September 6, during the afternoon or evening, while Lassiter's car was parked in the company's lot.

A report of the theft and the itemized list was dispatched to Toledo authorities for further investigation.

## Gray Fund Gives \$12,000 to Farms For Tennis Courts

Planning Commission Recommends that City Match Gift and Build Four at Ideal Location Within Pier-Park Recreation Area

The Farms council on Monday, September 9, accepted the "very generous" offer of \$12,000 from the Roland Gray Fund, for the construction of two tennis courts to be located at the Municipal Pier-Park.

The offer was made on a matching basis, with the city, hopefully, contributing a like amount, so that four tennis courts can be built. However, there will at least be two courts, for the enjoyment of those who participate in this sport.

The Mayor's Advisory Planning Committee, after making a study of the proposed offer, the ideal location for the courts, and problems which might arise if the courts are constructed elsewhere, recommended that the city council accept the monetary gift, and build four courts in the new area of the Pier-Park.

The committee agreed with Francis P. Boyer, president of the Gray Fund, that the new area was ideal for the courts, because it would make it much easier for supervision and maintenance, and because there would be less expense in the construction of lighting facilities, since light poles are already in this section.

**Made To Order**

Everything appears to be ideally situated, including a drinking fountain, in the desired area, it was said.

Shepherd Norton, a member of the Fund's Board of Directors, when the council expressed concern regarding a statement that Fund officials are requesting a voice in the supervision of the courts, alleviated the fears of the solons, when he clarified this statement.

Norton said that the supervision requested applies only to the design and construction of the courts, not the supervision after they have been built.

One of the sites looked upon with favor by the Gray Fund, was Kerby Field, Chalfonte and Kerby, but this was dropped when objections were received from residents living in Hillcrest, and from officials of

## Lawn Damager Given Small Fine

City police have charged 21-year-old Joanne Owston, 5050 Grayton, Detroit, with driving the wrong way on a one way street and driving over the curb and sidewalk. She was fined \$10.

Miss Owston was observed by William Marsden, 831 Fisher, on Friday, August 30, when she drove over the lawn, over the sidewalk and curb, crossed the street and into the driveway and over another lawn at 847 Fisher, then into the street again.

Mr. Marsden told officers that he called to Miss Owston to stop but, she turned off her lights and drove off, the wrong way on Fisher, at a high rate of speed.

The witness gave police the license number of the car which was traced to Miss Owston.

## Police Warn Against Hiring Of Help Without References

A warning to Shores residents particularly, and to all citizens of The Pointe, was given by Shores detectives against the hiring of any person as a permanent, or part time, domestic, unless that person can present at least three references from former employers. They are also urged to demand the prospective employee's Social Security number.

Det. Sgt. Donald Jacobs and Det. Frank Mustazza disclosed that a Shores resident, name withheld, who recently hired a woman as a part time house cleaner, was "taken" for a \$7,000 diamond ring and yellow gold, pearl tie clasp valued at \$200.

The woman who perpetrated the domestic hoax in the Shores, is believed to be the same per-

## Road Block Terminates Wild Chase

Four Police Departments Involved as Canadian Driver Burns Up Streets; Hits 85 MPH

A wild and often perilous chase at speeds reported to be up to 85 miles an hour, finally ended when Grosse Pointe police apprehended a young Canadian motorist driving a 1968 red Torino, after a tire blew out, as he attempted to escape by swinging around a road block set up on St. Paul near Lakeland, last Friday, September 6, at 2:30 a.m.

At the end of the mad pursuit in which Detroit, and Grosse Pointe Park, City and Farms police took part, taken into custody was Ronald I. Michon, 22 years old, of 461 Park street, Espanola, Ontario, who came here to visit his uncle and aunt, Dr. and Mrs. Antoine Nahoun, of 1030 Kensington road.

Detroit police reported they started "chasing and clocking" Michon when they observed him "traveling at high speed" heading south on Cadieux. His pursuers said he ignored all stop signs, red traffic lights, and the flasher on their car.

**Streaks Into Park**

When he streaked across Mack avenue into Grosse Pointe Park police of that community were notified of his swift approach. Minutes later Park officers, Edward Janostak and Howard Carl, cruising along Jefferson in a scout car, headed for Cadieux. Then they spotted the speeding red car between Harvard and Bishop. By the time they swung around to follow it was passing Kensington.

The fugitive then turned onto Whittier road at high speed, weaving from side to side, and narrowly missing cars parked at the curbs. The police scout car siren was screeching, the blue light flashing, and still Michon ignored the officers, they said.

**Over 85 on St. Paul**

Next, he swung east on St. Paul as he continued to ignore stop signs. Police reported that on St. Paul "Michon pulled away from them at a speed estimated at 85 miles an hour, as his car swerved, almost out of control, from one side of the street to the other."

Both City and Farms police were alerted, and a scout car was used for a road block on St. Paul near Lakeland. When

## Ask Voters To Support Propositions

Operating Deficits Estimated at \$2,600,000 Faced Unless Proposals Are Approved

Faced with an operating deficit of \$671,000 during the 1967-68 school year which began last week and a deficit estimated at over \$2,600,000 for 1969-70, The Grosse Pointe Public School System is seeking authorization on September 12 to levy additional funds which will permit the schools to operate at the current level over the next two years.

School officials have said that 82 percent of the public schools' \$12,591,000 operating budget which was approved on August 28 is allocated to salaries of the system's 900 employees, with the remaining 18 percent used for materials and supplies.

In addition to operating funds, the schools are seeking permission to levy one mill for building and site purposes each year for the next ten years for capital improvements and to accommodate an enrollment projected to exceed 15,000 by 1980. Enrollment figures for the current year are up more than 300 above 1967-68.

**Enrollment Increases**

School officials note that although a slight overall decline has been noted recently in the population of the school district, the annual school census shows that an increasing percentage of those eligible to attend the public schools are now doing so. A decline has been observed in parochial school attendance throughout the school district in recent years, they commented.

If the requests are passed, the operating levy will add \$4.50 per thousand dollars of state equalized valuation to the property owner's tax bill each year over the next two years. Approval of the building improvement levy would add \$1 to each thousand dollars of state equalized valuation over each of the next ten years.

Passage of the two propositions would raise the school tax paid by residents of the district from \$25.49 per thousand to \$30.99 per thousand for 1968-69 as well as for 1969-70.

**Other Districts Higher**

In an August survey of 11 Detroit area school districts Grosse Pointe ranked in 9th place in millage levied for school purposes. Approval of the two propositions on Thursday will raise the local schools to 8th place out of the 11 districts surveyed.

In a comparison of per pupil costs with the same 11 districts, Grosse Pointe's estimate of \$943 for 1968-69 compares favorably with both Bloomfield Hills and Birmingham. During 1967-68, for example, Grosse Pointe's per pupil cost fell between those of Birmingham and Bloomfield Hills.

Oak Park's per pupil cost for 1967-68 was \$936 and it is estimated at \$1,132 for the current year.

**To Cut State Aid**

An upward adjustment in state equalized valuation of property, estimated to average 4 percent throughout the school

## Teacher Salary Talks Continued

A fact-finding session designed to break the impasse between negotiators for the Grosse Pointe Education Association and the Grosse Pointe Board of Education, ended unsuccessfully on Thursday, September 5.

Initially, Dr. Leon Herman, an attorney and member of the American Arbitration Association, tried to act as a mediator between the two groups to attempt a settlement without getting into fact finding.

A second meeting was scheduled for Wednesday evening, September 11.

Both sides will present their arguments in support of their positions in a quasi-legal hearing. After hearing all the arguments, Dr. Herman will deliver an opinion as to what he believes the settlement should be. This opinion will not be binding on either party.

## Warn About Hiring Help

(Continued from Page 1)  
The woman gave her name as "Connie Mae Brown", the detective said. Her employer accepted her excuses. She started working on Thursday, August 22. At the close of the day's work, she approached her boss for a pay advance, claiming that she needed the money to get

her car out of a repair shop. She said she had \$120 toward the repair bill, but that this was not enough. She got the advance. The next day, she failed to show up. That was the day that the Shores resident found his ring and tie clasp missing, and called the authorities.

Shores, and all Pointe citizens for that matter, are warned that before hiring any one to work for them should request at least three references, the person's phone number and Social Security number. On receipt of the references, each should be checked for authenticity, as should the SS number, the Shores detectives said.

their claim, may be "permanent in character."

Both indicated that further medical treatment might disclose other injuries and disabilities not apparent when they filed the action.

They claim that St. Clair Shores and Grosse Pointe Woods are responsible for holding forth a public place to guests without providing reasonable and prudent supervision and precautions to prevent injuries to guests in that they were or should have been aware of the activities the boys engaged in and prevented them from these activities before injuries occurred. They also claim that additional park personnel should have been provided to protect guests from harm.

Ask \$25,000 Each

The Fischers claim they each have been damaged in the amount of \$25,000. They are represented by Sugar, Schwartz, Silver, Schwartz & Tyler.

The boys had attempted the stunt once before the accident and were urged by Don Hallman, park and recreation director not to attempt the stunt again, but despite his urgings the boys shouted, "just once more" and hurriedly prepared for another take-off, according to the police.

When the accident occurred, a witness, Richard D. Taylor, 2012 Vernier road and Director Hallman immediately leaped into the water to assist the victims.

The Woods Council has turned the matter over to City Attorney George Catlin.

## Wild Chase

(Continued from Page 1)

Michon realized what had happened, police said, he drove off the pavement over a curb and onto a lawn, blowing out a tire. Then the car spun across the street, and headed in the opposite direction.

Resists Officers

At this point Farms' officer Clarence Reichling, who was on the scene directing the road block, ordered Michon out of his car. Other police arrived to assist. They reported that Michon "resisted" when they attempted to handcuff him, and "struggled" with them when they attempted to put him into a scout car. His car was left at St. Paul and Lakeland. He was taken to the Park police station and locked up.

Michon was taken before Park Municipal Judge C. Joseph Belanger Friday morning, within a few hours after his arrest. He entered a plea of guilty, was sentenced to pay a fine of \$100, and spend three days in the Wayne County jail. The formal charge was reckless driving.

Following his release he was slated to answer traffic violation charges in Detroit, as well as Grosse Pointe City and Farms.

MOTORIST HITS DOG

City police received a report from a motorist on Sunday, September 8, that a dog had been hit by a car on East Jefferson. On arrival officers found a black Labrador retriever had been killed. They located the dog's owner, Henry F. Rust, 17530 East Jefferson, who took the dog home to make burial arrangements.

district, has been figured into the budget projection for next year, school officials indicated. They point out that an increase in the local property tax base of the school district means that the schools will receive less money per pupil from the State of Michigan. The per pupil State Aid for 1968-69 has been estimated at \$141.17, down from \$148.81 during 1967-68.

During the past week the Board of Education has sponsored three community-wide informational meetings designed to inform the public of the election. Speakers included Mrs. Paul G. Hykes, President of the Board of Education; Dr. Theos I. Anderson, Superintendent of Schools; and John Schwan, Chairman of the Science Department of North High School.

Citizens Lead Support  
Three citizens also volunteered their services for speaking engagements. Thomas Candler addressed the audience at Parcels Middle School on September 4, William Bokram spoke at Brownell on September 5, and Geno Cioe was a speaker on September 10 at Pierce.

John T. Short, Vice-President of the Board of Education, moderated all three sessions.

All qualified registered voters may cast their ballots on Proposition No. 1 (operating funds), but only property owners and their spouses may ballot on Proposition No. 2 (building improvement).

Polling places for the special election are the community's 10 public elementary schools which will be open from 7 a.m. to 8 p.m. on Thursday.

Little League, the latter fearing they would lose the outfield fence on the Little League diamond.

It was felt by the council that construction of the courts cannot be started at least until next spring, when the ground-fill in the new section, at the north end of the park, has sufficiently settled.

Mayor Expresses Thanks  
Mayor William Butler thanked the Gray Fund, on behalf of the council and the people of the community, "for the very generous contribution of \$12,000 for the building of two tennis courts which will add to the recreational facilities of the citizens of the community."

With the elimination of Kerby Field as a site for the courts, the mayor announced that he was reactivating the committee which recently made a study of proposed recreational improvements at the field.

Councilman Richard Hudson, who was chairman of the committee, approved the reactivation, and will again serve as the group's head.

Those who served on the original committee, besides Hudson, were Mrs. Nancy Waugaman, Dean Riddle, Robert Weyhing, and H. Gordon Wood.

Mayor Butler said that he will name several more citizens to the committee, at the next regular meeting of the council. Those picked will represent varied civic and recreational groups.

## Fishing Rodeo Attracts 500

Over 500 young fishermen from the Farms and City participated in the 1968 Fishing Rodeo on August 31. The youngsters started fishing at 8:30 a.m. and by 10 o'clock were exclaiming over their catches. Mark Diner of the Farms caught the first fish... a six-inch Rock bass. The first fish caught by a City resident was a six and a quarter inch Rock bass by Greg Wickland. Jill Harvey of the Farms was the first girl to catch a fish.

Walking away with the honors for catching the most fish were Albert Berger of the City and Jeff McKendrick of the Farms.

Grand prizes were awarded to Kathy Dowdall, who caught a 12-inch bass and was presented with the Farms Harry Furton Trophy, and Jim Blenman of the City, who was awarded the Clyde Putnam Trophy. Jim landed a 10-inch bass.

Over 30 fish were caught during the Rodeo. Other lucky anglers were: Jerlyn McWatt,

Sinolenski, Tim Gallagher, John Ferdinand, Chris Wilson, Kirk Garey, Jim Heidt and Randy Walworth.

## Citizens Address Meetings Asking Support for Schools

"I'm speaking here tonight as an interested citizen, concerned about our schools. I would like to be sure of the continuation of our excellent educational system," William E. Bokram said last Thursday night at Brownell Middle School.

Mr. Bokram, a resident of Grosse Pointe for more than 30 years, addressed the audience at an informational meeting sponsored by the Board of Education on the forthcoming millage.

In his remarks, Mr. Bokram quoted Al Ferguson, president of the Ferguson Construction Company, which is completing the recently opened North High School.

"If North High School were to be bid today, the contractor interested in doing the job would have to figure 30 per cent more for wages of construction workers," Mr. Ferguson said.

He added that, in addition, the costs of materials would have to reflect an 8 per cent increase.

Mr. Bokram also quoted Mr. Ferguson as having said that school people will receive fewer square feet per budgeted dollar in the future for construction projects. Thus, the delay of proposed capital improvement projects will eventually cost more.

Mr. Bokram used the examples to cite the importance of passage of Proposition #2 at the polls today, Thursday, September 12. The 10-year one mill levy will permit the schools to modernize and expand existing buildings, to accommodate a projected public school enrollment of 15,000 by 1980. The current enrollment stands just below 13,000.

"The money paid represents an investment in our homes, in our community, and in our children. I feel it's a good investment," he concluded.

Mr. Bokram appeared on the program at Brownell Middle School along with Dr. Theos I. Anderson, Superintendent of Schools; Mrs. Paul G. Hykes, President of the Board of Education; John Schwan, Chairman of the science department at Grosse Pointe North High School. The session's moderator was John T. Short, Vice-president of the Board of Education.

"Pride should be a natural asset to Grosse Pointe, since a majority of our citizens are above average in education, incomes and public service. Most families in Grosse Pointe own their own home and have children in public school," Geno Cioe told the audience at Pierce Middle School on Tuesday evening.

As one of three citizens in-

cluded by the Board of Education to speak on the need for approval of additional school millage on September 12, Mr. Cioe, 1204 Yorkshire, served as a panelist along with school trustees and staff.

"About all I can do is tell the way it is with me. For instance, when I'm told that good schools increase the value of our home, my reaction is that we did not come to Grosse Pointe to speculate in real estate. There are many reasons why we moved to Grosse Pointe, but certainly the most important was to have a good school system in which to educate our three sons," he said.

"A lot of people preceded us who did something to make this a desirable school system which we have inherited," Mr. Cioe continued. He reduced to three the factors affecting public education as money, planning, and pride.

"You and I know costs are going up because we are paying more for food, clothing, and everything we buy. Most of us in business can see rising costs on labor, materials and services," Mr. Cioe said.

"We all agree good planning is needed. It took five years from the first action of our school board to the opening of classes this fall for us to have North High School. We can't order a school from the Sears catalog. From what catalog can we order a teaching staff that is dedicated, creative, and well trained? We must continue planning and showing a financial investment in the future. You just can't build a great school system in a year," he concluded.

## Burglars Steal Restaurant Safe

Burglars broke into the Original Pancake House, 20273 Mack avenue, during the night of Tuesday, September 3, and carted off a store safe containing an undetermined amount of cash.

The burglary was discovered by two women employees, a cook and a waitress, who arrived for work at 6:10 a.m., and noticed that the safe was not in its customary place under the counter beneath the cash register.

The employees called Mrs. Lorene Tom of Harper Woods, manager of the establishment, who in turn called Wood police.

Dispatched to the restaurant were Det. Everett Plumb, Sgt. Thomas Kane, Cpl. Donald Collins and Patrolman Bruce Marone.

The policemen turned up evidence that showed the place had been entered through the rear door of the building. The burglars pried off the glass molding of a small peep window of the door, removed the glass and reached in to depress the bar to open the door. The intruders possibly stood on several milk cases in order to be able to reach down to the bar, it was said.

Further evidence revealed that the thieves used a small two-wheel hand truck, taken from the store room at rear of the building, to move the safe, which was first taken to the front of the restaurant, then to the back door and placed in a vehicle.

A small desk in the office, used to keep company records, was forced open, Mrs. Tom told the policemen, but nothing appeared to be missing. She said that she closed the safe and went home at 9:55 p.m. Monday night, and left the business to the assistant manager, Lawrence J. Gernon of Allen Park. Plumb, who was assigned to the case, said the investigation will continue, and a number of persons have already been questioned for possible clues.

## 'Abusive, Pushy' Driver Arrested

Milan Bucko, 21, of 758 Midlesex, became "abusive and pushy" when arrested by Farms police at 2:21 a.m. on Sunday, September 1, and charged with reckless driving and being a disorderly person.

According to Patrolmen Timothy Morrison and John Kraiza, who were patrolling east on Chalfonte, at Moross road, Bucko was seen traveling south on Moross at high speed. Bucko was paced at 45 miles an hour in that section of the road zoned for 25 miles an hour, the policemen said.

Morrison and Kraiza said that they pursued Bucko, and at the Moross-Lake Shore intersection, four motorists were stopped for a red light on Moross. Bucko passed all four of the stopped vehicles and sped through the red light, and was forced to halt by the officers, as he made a turn onto Lake Shore.

The patrolmen said that they informed Bucko that he was under arrest for reckless driving, at which point the man became belligerent and claimed he did nothing wrong. He produced his operator's license and car registration on demand, then got out of his car and became very abusive, got back into the auto, and tried to lock the car door.

Kraiza jerked open the door of Bucko's car, and ordered him out, and when he refused, both policemen grabbed him by the arm and pulled him from the vehicle.

The officers said that when they informed Bucko that he was under arrest, and then notified him of his rights, Bucko became "abusive and pushy," which forced Kraiza to handcuff him. He was taken to the station.

At the station, Bucko was informed that besides the reckless driving charge, he was being charged as a disorderly person, and \$50 bond would be required before he can be released.

The officers said that Bucko refused to post any bond, and demanded to be heard in court. He was placed in cell No. 1, where he became violent and broke a wall mirror. He was transferred to a second cell, and held until Farms Municipal Judge Robert Pytell arrived later that morning.

Judge Pytell set a hearing date for yesterday, September 11, and Bucko posted the required bond and was freed until the hearing.

## Public Schools Enroll 12,890

Enrollments in The Grosse Pointe Public School System stand at an all-time high of 12,890, it was reported at the regular meeting of the Board of Education, held Monday night at Monteth School, 1275 Cook road.

Reginald P. Sienkiewicz, Director of Pupil Personnel, said that preliminary figures telephoned into his office on Friday, September 6, show that the schools' enrollment has increased 410 in the last year.

Enrollment at recently-opened North High School is 1889 in grades 9, 10, and 11. South High School, which comprises grades 9 through 12, has an enrollment of 2,553 students. The largest gain throughout the system occurred in grades 9-12, with 269 students more than last year.

Mr. Sienkiewicz reported a public school enrollment of at least 43,000 by the end of the current year.

## Hopes Pointe Can Continue To Attract Best Teachers

"I hope that the Grosse Pointe public schools will continue to attract teachers who are of the calibre necessary to do more than merely cope with our highly motivated youngsters—teachers who will inspire them—teachers who will enable your children to reach their potential in school and later in life," John Schwan said Tuesday night at Pierce Middle School.

Mr. Schwan, Chairman of the Science Department of Grosse Pointe North High School, was a panelist during three informational presentations given prior to the special school millage election being held today, September 12. His talk was entitled "A Teacher's Concern for your Child's Educational Opportunity."

Mr. Schwan highlighted a number of points about the changes that have occurred in education locally which reflect the growing national interest in improved education.

He said that teachers are constantly being urged to upgrade their skills. In his own case, he mentioned that during the last 10 years he had attended four summer institutes sponsored by the National Science Foundation and on one project had pursued a program of studies on Saturday through the year at Wayne State University.

Mr. Schwan also said that in the field of science, as in other disciplines, the explosion of knowledge makes necessary the acquisition of new materials available to the student if his education is to be current.

"In the long run," he said, "we hope that the scientific method of inquiry will become a parcel of each student's intellectual equipment for life. This will enable him to keep an open mind and to continue learning for the rest of his life."

Commenting upon the teacher, he asked, "What is your image of your child's teacher? What is today's teacher in Grosse Pointe like, contrasted with one of 30 years ago?"

"If you compare the teacher of 1938 to the teacher of 1968, one point stands out. Today's educators are better trained than ever before. No longer is one permitted to teach with two years of college training," he commented. "The minimum requirement is four years, with pressure for an increase to five and six years for permanent certification. In the mid-thirties in Grosse Pointe, more than one-fourth of the professional staff did not have four years of college training. But today all of them have a degree and more than 60 per cent of the professional staff has five years or more training," Mr. Schwan added.

"As the educator strives for professional status through his increased training and knowledge, he will be able to do a better job of helping you educate your child," Mr. Schwan said.

Mr. Schwan, an educator with 19 years in his profession, has been on the teaching staff of The Grosse Pointe Public School System for the past 10 years. He is a parent of three children attending public schools and he is a property owner.

**McMillan Estate Closed to Public**

Last week the NEWS story concerning the expansion planned for Grosse Pointe Park's Three Mile Drive Park on Essex drive, erroneously stated that the McMillan residence, located south of the recreation area, is "now vacant."

According to the agreement between the City of Grosse Pointe Park and the McMillan family when the property was sold to the municipality, Mrs. James T. McMillan retained the right to live there as long as she wished and her family was assured they would have a reasonable period to vacate the residence.

Mrs. McMillan died on August 12. Servants are still living in the residence and will continue to until the family has ample time to remove the furnishings and personal property. This may take a number of months, which is in agreement with the understanding between the city and the family.

The city will use the garage for storage of some of its equipment, but, to keep the record straight, the property is not now open to the residents of the Park, and will not be for some time.

The proper announcement will be made by the city when the McMillan estate is officially added to the Three Mile Park recreation area.

A second cup of coffee... an extra piece of toast... and absolute quiet. Kind of eerie isn't it? Well, Mom, isn't that what you've been dreaming of all summer? Now the time is here it isn't nearly as wonderful as you thought it would be. I know, because I feel the same way.

No Junior to complain about the cereal. No Junior to complain that there isn't anything to do. No Junior to complain about having to do his chores. No Junior to look you smack in the eye, a smile on his lips, and comment on the beauty of the morning. No Junior to rattle with the dog. No Junior to watch eating those nightmarish, yet imaginative, concoctions only teenagers can create. No Junior to keep you alert and lively while you're on that second cup of coffee.

Strange isn't it how a week can alter a mother's outlook?

September, the month when moms are forgotten and the excitement of new friends, new schools, new subjects, takes over. The time when life once again settles into a routine... an exciting one, but a routine none-the-less. September, the time when moms relinquish their teenagers to the capable hands of their teachers. September, a time for new adventure for our offspring. A time for looking ahead and planning.

Let's remember September next summer moms, and make a few resolutions. After all it won't be too many more summers before the teenagers are mature adults and then every month will be September.

**VOTE THURSDAY, SEPT. 12th**

Grosse Pointe Citizens for Education, a nonprofit, nonpartisan advisory group of more than 900 members, established four task force committees to study the millage proposals and make recommendations on them. Our committees asked two basic questions with respect to each proposal: first, is the increase absolutely necessary to the maintenance and progress of our public school system; and secondly, is the proposal carefully conceived and developed in a businesslike manner to provide taxpayers with full value for their money? The answer to both questions was a clear and convincing "YES"! Upon the recommendation of the four task force committees, our executive committee and general membership unanimously endorsed both millage proposals.

The adoption of the two millage proposals is of crucial importance to public education in Grosse Pointe. Through the years, the high quality in our school system has been of great value both to our children and to the maintenance and growth of property values for all home owners. The continuation of that record of achievement depends upon your support of these two millage proposals.

## Prowlers Using Liggett School

Woods police are investigating the mysterious entries into the Liggett School building, which have been occurring nightly for about three weeks.

According to an official report, Allen Bishop, in charge of maintenance at the school, called the authorities on Friday, August 30, and disclosed that the school, located at 850 Briarcliff had been entered. He said that this has been happening during the evening and early morning hours for the past three weeks.

Bishop said that Thursday evening, prior to locking up, he and two other employees, placed masking tape over the classroom doors, over several corridor doors, and over the exterior doors and windows of the edifice.

Friday morning, he said, he discovered that several pieces of tapes had been broken from interior corridor and classroom doors.

In looking over the premises, Bishop said, all he could find missing were three gallons of ammonia, used in the washing of windows, and five bottles of soft drinks from the cafeteria. It is possible that children are using the building for meetings, he said.

At any rate, investigating officers said, there are no marks of forcible entry, and it is assumed that someone has a key, to enter and leave the school, possibly through the door of the receiving room.

The matter was referred to officers of the Detective Bureau for further investigation.

## Maimed Puppy Hopes for Love

By Pepper Whitelaw

A black and white puppy of unknown parentage sits hopefully in the Anti-Cruelty Association's Animal Shelter waiting for someone to claim her. She's six weeks old, and has such sad eyes that we call her Sorrowful. Sorrowful has known a lot of heartache in her short lifetime.

About a week ago, her owner, Hilton Keys, 49, of 3432 Garfield, Detroit, cut off her ears. Keys said he did so because the puppy had "knots" behind her ears and he wanted to remove them. He did it with a scissors with a five-inch rusty blade.

Detroit police received an anonymous call telling them that a man had just cut off a puppy's ears, and the man and the puppy were in front of the man's residence.

Officers from the Gratiot Mack station were dispatched immediately to the Garfield address where they found Keys and the bleeding puppy. Sorrowful was immediately taken to a veterinarian's office for treatment. She was in a state of shock.

Keys was charged with animal cruelty and appeared before Grosse Pointe Farms Municipal Judge George A. Beauchamp, who was visiting in Detroit Recorder's Court. Keys was sentenced to 30 days in jail, ordered to pay \$100 in court costs and placed on one year's probation.

Sorrowful was released from the veterinarian's office on Friday, September 6. She then went to spend the weekend with the president of the Anti-Cruelty Association, Dorothy Dyce, after which she was admitted to the Animal Shelter.

Anti-Cruelty officials hoped to find a home for Sorrowful... a permanent, loving home. They said that the puppy's hearing miraculously had not been permanently impaired.

Do you know of anyone who might want a puppy to love? Sorrowful has a lot of love to give!

The Anti-Cruelty Association, who helped Sorrowful so much, helps thousands of animals each year. It is totally financed through gifts and donations from animal-loving citizens and it is only through these donations that animals like Sorrowful can get help.

### TO HONOR TEACHERS

Grosse Pointe War Memorial's "Group" for swimmers in their twenties will greet and meet all the new single teachers in the area at a "Barbecue Lawn Party" (or grasser), to be held at 32 Lake Shore Sunday, September 15, at 6 p.m. Festivities will go on as scheduled indoors in case of rain.

## Find Marijuana On 15-Year-Old

A 15-year-old juvenile youth was turned over to the Wayne County Youth Home by City police on Friday, September 6. The youth, who has had five other arrests, was picked up on his way to a dance at the Neighborhood Club by officers Richard Lanski and John Drummond, when they observed that he seemed to be under the influence. When they approached the lad they noticed his eyes were bloodshot. When asked if he had been smoking marijuana or had any in his possession he denied that he had.

The boy had a package of cigarettes sticking out of his pocket. When officers checked the package they found two regular mentholated cigarettes and two hand rolled cigarettes. He was advised of his rights then taken to the City station. Upon arrival at the station he was once again advised of his rights.

Further search of the youth's clothing revealed loose tobacco papers and dried plant material. He told officers the dried material was flower plants given to him by a person who told him to try it for its hallucinatory effects.

The youth also stated that he and persons unknown went into the east side of Detroit, and bought "a nickel's worth," or \$5 worth, of marijuana just two days before.

He said he had made 17 cigarettes and smoked all but two of them himself.

## Little Gridders To Sell Candy

A strong turnout of 140 youngsters registered on September 7 to participate in the 1968 Little Football League season. This large group necessitates the call for additional drivers for the Grosse Pointe Lions Little Footballers' Annual Candy Sale this Saturday, September 14. Drivers are asked to report to the Neighborhood Field, corner of St. Clair and Waterloo by 10 a.m. on Saturday to pick up route assignments and four or five footballers.

In launching the 1968 season last Thursday, September 5, at the Pierce Junior High School Auditorium, Bob Brower, president, told an audience of parents and youngsters that the cooperation of the parents was

essential to the continued success of the program. He pointed out that the only financial assistance that the team received was through the \$5 registration fee and the yearly Candy Sale.

This year the Candy Sale will be limited to the one day. Mr. Brower is confident that the residents of Grosse Pointe City and Park will again support the boys September 14.

"Early last fall we seeded Windsor into our lawn. Results were beautiful! Our bare spots filled in and we are so pleased." MRS D SPRINGMAN

We had a problem lawn for years, until we seeded Windsor into it and now we are very, very pleased with the results." HARRY HESS

"For 4 years we tried everything, without success. Then in early fall two years ago we seeded Windsor into our lawn, with almost unbelievable results. Today the lawn is like a thick carpet. People who knew our poor old lawn want to know 'What happened?' because for years we had told people that our problem was the poor soil ('Like concrete')." MRS GENE TROWBRIDGE

"For the past two years have been seeding Windsor into my lawn in the fall. Results have been amazing — real beautiful grass getting thicker all the time." J G CHARLESTON

"Our lawn seemed hopeless when we decided to seed Windsor into what was left. Improvement was slow at first but we kept seeding. Great success in time." MRS FRANCIS MCGUIRE

"I have succeeded in growing Windsor directly in an old road bed!" MAXINE SCHWANKE

"Last fall I seeded in Windsor. Results were just beautiful, so much so that four neighbors have been converted to seeding Windsor." SAM SINACORE

"I bought a box of Windsor and sowed it in areas where the lawn looked poor. I was disappointed because I saw no results at first. But this summer, to my surprise, the Windsor has come up and my lawn is the envy of all." P C BARTROL

• Windsor succeeds in trying situations because of its unusual root and rhizome strength.

### Why it is now practical

With the introduction of Windsor, the remarkable new variety of Kentucky bluegrass, seeding right into an existing lawn became practical. Now, with a little patience and a box of Windsor, you can begin to upgrade your lawn without digging up and

starting over. Your ultimate reward will be the rich green carpet that only Windsor can provide—one that feels like velvet and wears like iron. And fall is the naturally right time to plant grass seed.

Whether you seed Windsor into your present lawn or not, right now is the time to fertilize, for a better lawn this fall and next year. Your grass is probably hungry right now. Feed it with Turf Builder, the fertilizer that makes grass multiply itself. (Scotts dealers are having a timely Seed-and-Feed Sale. See special fall offer below.)

### No-Quibble guarantee

**MORE BIKE THEFTS**  
Bicycle thefts in Grosse Pointe Park have zoomed again, mainly because their riders neglect to properly lock them, police said. Last Saturday three

bikes were stolen at the Trombly school, and two at Pierce Junior High School. Similar thefts also were reported at both 1105 and 1122 Kensington, and another by Arthur Johnson, 828 Pemberton road.

# In 5 years you can save over \$140.00 with a new Gas dryer.

Work it out for yourself. It takes less than 2¢ to dry a load of clothes with Gas. And you can dry 5 loads in a Gas dryer for the cost of drying 1 with electricity.

Based on the number of loads an average family dries, there's a saving of \$28 or more a year—\$140 in 5 years. Your Gas dryer can actually pay for itself in 5 years with the money saved in operating costs.

There are no hidden expenses, either. Installation is free. Maintenance comes to less than 20¢ a year, on the average (or the amount you can save on a few loads).

No wonder 7 out of 10 families that now have dryers have Gas dryers. Money aside, Gas finishes loads up to 10 minutes faster, so you can get more loads through in a day. Clothes come out fresh, soft and looking like new, including all your permanent-press things.

Gas makes the big difference... costs less, too. Not just for 5 years, either; but as long as you use it. See the latest dryer models at dealer or Gas Company showrooms.

Isn't it time you bought  
her a new Gas dryer?

## Sail Races

anecki, of New York. Ulmer took third.

Sellers and his crew, Jerry Guwara, discovered they were carrying more than a 100 pounds of water in the enclosed fiber glass hull of Assault which put them in the cheap seats in the 31-boat fleet at the end of the first day. Sellers then took sixth and fifth in the last two races and thinks he has the right combination to do something in the world.

**Brand New Boat**

Jordan, with the redoubtable Peter Goebel as a proper live ballast crewman, took delivery on his Tempest, which he named Marilyn, the day before the nationals started and, as he says, "I was still learning where all the strings lead."

Kelly, 28, a New York stock broker, was a member of Bus Mosbacher's America's Cup crew aboard Intrepid in her successful defense of the America's Cup against Australia a year ago.

Cliff Norbury, of England, is here and defending his world championship in the 25-boat fleet against skippers from Sweden, France, Italy, the British Virgin Isles and Australia.

Jerry Garrett, of Sydney, Australia, finished 12th in last week's nationals.

Norbert (Holly) Hollerbach, chairman of the GPYC Race committee, is working through the man-sized job of conducting the biggest month of active yachting in the history of any club hereabouts.

**Richardson Is Next**

Right on the heels of the National and World Tempest championship, Holly and his gang, (there are nearly 40 involved), will hold the Richardson Yacht Racing Union series in Cal-40 sloops next week, September 17-19.

These are match races in which each skipper from four of the Great Lakes Yachting Associations race one another in a round robin series.

John Odenbach, of Rochester, N.Y. owner of the famous ocean racer "Madame X", will be here to represent Lake Ontario's Yacht Racing Association.

The Lake Michigan Y A will have the Schoendorf brothers, Tom and Bill, of Milwaukee. The Schoendorfs won the overall honors in the Chicago Yacht Club's Mackinac Race with the 42-foot Commanche in July. They cleaned up the Chi-Mac twice in other years with the famed 56-foot cutter, Blitzen.

**And Around Buoys**

Walt Swindeman, of the North Cape Yacht Club, will give the Interlake Yachting Association a formidable representative. Swindeman a former national Lightning and Dragon class champion, has raced one-designs as well as Mackinac boats and is particularly expert in racing around buoys in a series like the Richardson.

The Detroit River Yachting Association selected Thomas K. Fisher again to carry its burgee. This week Fisher said his son Tom, Jr. would serve as co-skipper.

Commodore George Hinman, of the New York Yacht Club and the Cruising Club of America heads a list of distinguished yachtsmen who'll be here for the Richardson series.

## Hits Meters

(Continued from Page 1)

Kott was traveling on the avenue, Miss Kott passed out and slumped over the wheel. She stated that she tried to arouse her companion without success.

The car went out of control and turned toward the curb in front of 20853 Mack, traveled along the curb snapping off the meters and the sign, hit the building at number 20791, and came to a complete stop in front of number 20779. The distance was measured at 395 feet.

The cause of Miss Kott's blackout is not known, nor is it known whether she has had this affliction before. The matter is still under investigation, police said. The front end and the left side of Miss Kott's car were badly damaged.

## To Pick Name For NHS Paper

Grosse Pointe North High School students will hold an election next Monday, September 16, to name their school paper. The titles being voted upon are: North Pointe, North Star, and Norseman.

The titles were taken from those submitted last spring by the students from Grosse Pointe South, Parcels, and Brownell and selected by journalism students and members of the Steering Committee. The final selection was made by the Journalism III students who will serve as editors for the newspaper.

MR. and MRS. WERNER RICHERZHAGEN and their son, MARK, recently returned to their South Renaud road home, after motoring through Germany, Switzerland, Austria, Denmark and Sweden.

## Driver Injured In LS Accident

A Shores police officer, who was stopped at the guard shack on the grounds of the Grosse Pointe Yacht Club on Friday, August 30, heard a fast moving car pass the Lake Shore-Vernier intersection, and heard the noise of a crash, as the apparently speeding car struck an object.

Patrolman Ronald Forth, in his report, disclosed that within seconds after he heard the automobile zoom past the intersection, he heard a loud crash. He said he sped to Lochmoor and Lake Shore and saw a car had hit a tree, and the driver of the vehicle was unconscious behind the wheel.

Forth called for assistance and Patrolmen John Trevillian and Bruce Darlington were dispatched to help.

The driver of the accident car, Robert J. Bader, 24, of 5242 Bewick, Detroit, was conveyed to Bon Secours Hospital. En route, he was still unconscious, the policemen said, but at the hospital, where he regained consciousness, he became violent. The patrolmen, with the assistance of two City police officers, were forced to restrain Bader, using handcuffs

and leg irons until his violence subsided.

Bader was treated for a head injury and released and taken to the station, where two passengers, Charles W. Henderson, 21, of 1401 Harvey, Baltimore, Md.; and Edwin G. Zillier, 22, of 2143 Springle, Detroit, awaited his return. Neither was injured.

According to a report of the accident by Forth, Bader and his companions were traveling

south on Lake Shore road, when at 707 Lake Shore, Bader's auto struck a median and went out of control. Evidence showed that the car skidded 468 feet and hit a tree on the west side of the road with its left rear. The car spun around, facing north.

Bader apparently struck his head against the steering wheel, or dash board, and was knocked unconscious. His companions, sitting with him, fortunately escaped harm.

No ticket was issued to Bader, since no one witnessed what actually happened, it was said.

In the West Division Larry Pappas of City Messenger received the pitching award. The "Outstanding Player" voting resulted in a tie in all three divisions. In the Automotive League Gary Bennet of Rinko Pontiac and Dan Clem were considered by the managers of their league as most valuable. John Short of Cox and Baker and Jim Perry of Flame Furnace won the award in the East Division. In the West Division Mike Day of Ray White Electric, and Jim Whipple of City Messenger were the winners.

### Trees, Lawns Hit By Park Driver

After leaving a Jefferson avenue restaurant, Albert C. Bowles, 87, of 696 Trombley road, Grosse Pointe Park, headed for home last Friday around 9:30 p.m. According to Park police he "made it the hard way."

They said he pulled up in his driveway and stopped. Then he suddenly backed his car across Trombley, went over the curb and cut ruts in the lawn of Dr. John Pear, 707 Trombley.

Just as suddenly, the report said, he drove forward into his driveway and around the rear of the house to "land" on the grass at the Edward Lee home, 15825 Windmill Pointe drive, knocking down two trees with the forward motion of the car.

Mrs. Lee said she was standing looking out the kitchen window "when I saw a car going across the lawn, knocking down trees. It was quite a surprise."

Next the car went across the two lanes and the center parkway of Windmill Pointe drive, and shot across the lawn, knocking down a house number sign, ripping up the grass and smacking into another tree at the home of Lee Klein, 15832 Windmill Pointe.

There the wild drive ended. Damage to the car included a badly dented hood, and a smashed left front fender and broken windshield. Police who had been summoned, ticketed the unarmed Bowles for not driving with due care and caution. They said he was unable to explain his weird driving pattern.

**240-FOOT DIVE**—U.S. Navy diving instructor Robert Croft, 34, goes down on his 240-foot dive off Fort Lauderdale, Fla., a record without breathing devices. Croft, from Mystic, Conn., said this is his last competitive dive.

**UNDER POLICE GUARD**—Telling a news conference in Washington that he has been under police guard intermittently for the last six months because of threats against his life, Senate GOP leader Everett M. Dirksen of Illinois remarks, "I hope he waits 'til the frost comes and the bura swallows are gone."

**"MOST WANTED"**—Billy Ray White (above), described as a moody, violent-tempered and escape-prone alleged killer, is added to the FBI's list of "Ten Most Wanted Fugitives." He is charged at Albuquerque, N.M., with unlawful flight to avoid murder prosecution. White is 5-foot-10, weighs 140-145, has brown hair, hazel eyes and a ruddy complexion. He has a scar on his left temple and a tattoo on his chest.

**END OF AN EMPIRE**—The once-great British colonial empire in Africa came to an end with the granting of independence to Swaziland. The constitutional instruments were presented to King Sobhuza II (above) by the British commonwealth secretary. Swaziland is a 7,000-square-mile, land-locked nation bordering South Africa. Population is 400,000.

## AAUW Season Starts Sept. 19

The Grosse Pointe Branch of the American Association of University Women will open the '68-69 club year with an informal coffee next Thursday morning, September 19, at the home of its president Mrs. Edward R. Bunn in Balfour road.

The AAUW is open to graduates of accredited colleges or universities; anyone interested in joining may contact Mrs. Bunn or Mrs. Donald Seifert, membership chairman.

AAUW group programs outlined for the year cover a wide range of interests including the study of contemporary writing centered on violence, emerging philosophies current to the times, practical developments in the area of education, creative writing workshops and many others.

First group meeting of the year, to be held on Wednesday, September 18, will consider the question of "winning ethics" or how society establishes criteria for success. Leading the discussion will be a panel composed of Mrs. Keith A. Leibbrand, Mrs. David Petibick, Mrs. Richard S. Kray and Mrs. William D. Beach. This meeting will be held at the home of Mrs. William J. Rice, of Fairfield road, at 7:45 o'clock.

Mrs. Ralph A. Kimble will review the book "Pulitzer" for the Book Group's initial meeting on Monday, September 23, at 1 o'clock at the home of Mrs. M. L. VanDagens, of Moran road.

The Politics of Public Education Group will meet on Thursday morning, September 26, at the home of Mrs. Robert Jessup, of Lakepointe avenue, to take up the question "How Best to Use Money in Education."

Featured speakers for this meeting will be Mrs. John A. Nelson and Mrs. Lewis B. Morrow. Subjects to be discussed include team teaching, teaching machines and conservation of time in schools.

The popular Contemporary Literature Group will start out with a study of violence as it appears in current fiction. Mrs. Vincent Leonard and Mrs. Robert Snyder will lead this discussion at a meeting Tuesday evening, September 24, at the home of Mrs. Fred E. Reclor, of Alford avenue.

The Art Appreciation Study Group will meet Friday morning, September 27, at the home of Mrs. W. T. Krebs, of Kenwood court, to discuss plans for the year and to view film strips on the "Ash Can School of Art" and "The Modernists."

The first Tri-Delta Alumnae Chapter meeting of the current season will be held next Wednesday evening, September 18, at 8 o'clock, in the Hawthorne road home of Mrs. Leonard West. Dessert and coffee will be served.

Co-hostess Mrs. James Schroth, 884-6030, is the lady to contact for reservations and transportation assistance.

The program will include movies of the national Tri-Delta convention, held last June in Miami Beach, Fla., plus a resume of the convention business.

INCONSISTENT  
It seems odd that people will shed their blood for the right to govern themselves, but won't even take time to vote.

Charles E. Voll, an agent of the Federal Bureau of Narcotics and Dangerous Drugs, was the guest speaker at a joint meeting of regular and associate members of the Grosse Pointe Fraternal Order of Police, Lodge 102, held at the Grosse Pointe Yacht Club, on Monday, September 9.

Voll's topic was "The Marijuana Problem, The Most Current Affecting Teenagers in the Country."

He stressed that the battle lines in this impending conflict are being drawn in the colleges and universities of the United States.

"Our adversaries in colleges and universities, all in the minority of the total student population, are a sophisticated, intelligent, articulate, but unrealistic group," he said, "but by no stretch of the imagination can they be characterized as the criminal type."

He said that many of the students who smoke "pot," are mainly the products of the average, God-fearing, hard-working, patriotic, middle-class American families.

Voll went on to explain how the young people who indulge in smoking marijuana, do so for "kicks," and how gradually those who persist in this, take to the use of narcotics, just as deadly and dangerous, and even worse, than the "weed."

The agent, like law enforcement officials everywhere, is opposed to the so-called legalization of marijuana.

### This is a clock.

It keeps track of the hours and the minutes. So do we. Sometimes it runs a little late. Sometimes so do we. But not often. And not if we can possibly help it. You see, we're almost as concerned with promptness as we are with prettiness. And with courtesy, too. And all the little niceties that make you feel gosh-it's-nice-to-be-here instead of when-will-I-ever-get-out. If you'd like your pretty-making time to run on time, try us. We're inveterate clock-watchers.

## Cynthia Caton Weiss Wed In Saint Paul's

Speaks Vows Friday Afternoon to Robert L. Munson; Reception at Country Club of Detroit Follows Ceremony

St. Paul's-on-the-Lakeshore was the setting for the double ring ceremony at which Cynthia Caton Weiss, daughter of Mrs. Philip Weiss, of Kenwood court, and the late Mr. Weiss, spoke her marriage vows to Robert L. Munson.

Officiating at the afternoon ceremony Friday, September 6, was Father Leonard Wallace.

A reception at the Country Club of Detroit followed the 4 o'clock rites.

The bride's gown of imported beau d'ange was fashioned with a modified A-line skirt, an Empire waist and short sleeves outlined in re-embroidered Alencon lace, and a portrait neckline.

Matching lace edged her fingertip illusion mantilla, and she carried an 18th century bouquet of white and ivory flowers, tied with white velvet ribbon.

Suzanne Weiss came from New York City to serve as her sister's honor attendant. Bridesmaids were Fredricka Cody, a cousin of the bride, Mrs. Paul Goodman, the bridegroom's sister, Mrs. Francis X. Kotcher, Jr., and Mrs. John H. Frank.

They wore sleeveless sheaths of layered turquoise over lime chiffon, styled with small mandarin collars. Their hairpieces were chiffon bows with back cascades of turquoise and

lime ribbons, and they carried Flemish bouquets of varicolored flowers.

The bridegroom, son of Mr. and Mrs. George C. Munson, of Traverse City, asked Thomas Custance, of Troy, to act as best man.

In the usher corps were Fred Cody, Jr., the bride's cousin, Francis X. Kotcher, Jr., and the bridegroom's brothers-in-law, Dr. Charles Hodgekisson, of Grand Rapids, and Paul Goodman.

For her daughter's wedding, Mrs. Weiss selected a green chiffon sheath, its yoke and sleeves embroidered with tiny jewels, and green velvet accessories. The bridegroom's mother wore a ciel blue silk sheath with deeper blue accessories.

Both mothers pinned ivory cymbidium orchids to their purses.

The newlyweds, who are motoring to Maine, will return to make their home in Hubbard court, Westland.

The bride's gown of imported ivory peau d'ange was fashioned on Edwardian lines, with a yoke and long sleeves of Rosepointe lace. Her fitted bodice swept into a full skirt which extended into a Cathedral train.

She wore an heirloom mantilla, a Cathedral length veil of Rosepointe lace belonging to her great-grandmother Mrs. David Charles Whitney, and

## WE'RE PROUD TO OFFER . . . THE LITTLE BIG HOUSE

So often we've been handed the challenge, "Find me a house which shows as well inside as it does from the curb, requires a minimum of maintenance and above all . . . has few but large rooms." We believe what is pictured above will fill the bill. If you desire first floor living or prefer to sleep upstairs, this delightful house has two bedrooms on each floor, and all four have their own bathrooms. The living room is thirty feet long, and the large library has random-width-pegged floors and a charming fireplace wall. The most elaborate heating and cooling system was built into the house to keep the temperature as you desire. A special attachment also electrically cleans the air and removes most impurities, which naturally makes for a dust free house and less frequent decorating. Gleaming silver invitations to a "Bal Masque" on Saturday, September 28, are on their way to 1,200 current members of the Detroit Institute of Arts Junior Council. New members who join the group before September 12 will be welcomed at the Bal.

The gala atmosphere will be established by strolling violinists playing during cocktails, beginning at 6:30 o'clock.

A gourmet dinner at 8 o'clock will precede dancing to the music of Bill Harrington and his Orchestra. Harrington has entertained at private parties for President Eisenhower, Kennedy and Johnson as well as at society balls from Newport and the Hamptons to Palm Beach, (Detroit Tiger fans will want to note that Harrington's nephew is shortstop Ray Oyler).

Five days later, the club will have a much mellower coloration—that of tawny yellow and rust autumn hues which will set the stage for the September 18 fashion show and luncheon.

A trio of veteran party-planners is at the helm of this event, called "Great Expectations" in anticipation of the busy social season ahead for Detroit and suburban women and their husbands.

Sharing the chairmanship are Mrs. Daniel M. Carne, of Willow Tree place, Mrs. William H. Miller, Jr., of Lancashire road, and Mrs. Robert W. Lang, of Balfour road.

Framed posters throughout the club rooms will depict the city turning the corner into a busy new season—the World Series (surely!) the Lions games, the Symphony concerts, opening nights at the Fisher and Meadow Brook, Town Hall, Celebrity Series and Art Institute events—and B. Siegel has promised to forecast the whole panorama with the choicest of costumes.

It's an accepted fact that the Committee for this party is the largest of the Women's Committee's social year, because the event is invariably so popular that reservations have to be halted to keep the Clubhouse from overflowing.

Working with the three chairmen are Mrs. Dan R. Abbey, Mrs. Ellsworth W. Allison, Mrs. John R. Barlow, Mrs. John C. Cook, Mrs. A. John Cutting, Mrs. David R. Crandall, Jr., Mrs. Walter B. Gary Schick served as his brother's best man. Ushers were Donald Oswald, Peter Mitchell, Arthur Raymond, Gary Ghesquiere and the bride's brother, Gordon Jeynes, Jr.

The bridegroom's mother's hot pink silk shantung costume suit featured a rolled mandarin collar. Both mother's corsages repeated the orange and pink shades of the bridesmaids' bouquets.

When the newlyweds left for a vacation in Northern Michigan, the bride was wearing an orange dress with matching coat and accessories. They will reside in Manchester, Mich., and will teach school in the Manchester area.

Because of the great interest in learning to create and maintain miniature trees in the Japanese Bonsai fashion, classes will resume this fall the last Thursday of September and October at 10:30 o'clock, with another afternoon session from 1 to 3 o'clock, both for members of the Garden Center.

To join the Center, Pointers pay dues of \$3 a year, entitling them to enjoy all the free activities of the organization which has 1000 members. On the days of the Bonsai workshops, a subscription sandwich luncheon is available by reservation at the Garden Center room in the War Memorial.

Tonight's musical fare will include Wagner's Prelude to "Die Meistersinger," Bizet's Symphony in C and Richard Strauss's "Ein Heldenleben." Saturday's program will be the same except that Honegger's Symphony for Strings will be performed instead of the Bizet Symphony in C.

The performances also will be the first in the Symphony's 1968-69 subscription series—"subscription" here meaning that the concerts are offered in various combinations, as well as singly, though purchasers of a series' plan get comparative bargains.

Subscriptions are still available through the Symphony office (961-0700) for Series of 11 or 22 Thursday performances or for 6, 12 or 18 Saturday performances.

Tickets for individual concerts are now available at Ford Auditorium Box Office, all 15 Grinnell's and all Hudson's stores.

The Subscription Series will include six guest conductors: Sergiu Commissiona, Hans Werner Henze, Seiji Ozawa, Antal Dorati, Jean Martinon and Werner Torkanowsky.

## who, where and whatnot

by whoozit

That was SOME Birthday Card . . . Barbara Kennedy gave Lee Haller: Thirty feet long and a yard wide! . . . Barbara, just graduated from Skidmore College, and Lee, just graduated from the University of Michigan, have been next-door neighbors in South Oxford road since grade school days. For Lee's 21st birthday, the talented Miss Kennedy, (she'll continue her Art studies at the U. of M. this fall, created a "Peanuts" fantasy . . . Lee would very much like to use the "card" as a continuous, (running around all four walls), mural in his room in Ann Arbor, (he'll be studying at the U. of M. too this fall, beginning Med. School) . . . but the room's too small for it! . . .

And speaking of birthday cards . . . did you know that Florence (Mrs. Edward) Kleffuss and Jean (Mrs. Edward) Piggins have been passing the SAME card back and forth since 1957? . . . They claim they "relate" to the two ladies pictured on it . . . Current holder of the now-rather-dog-eared specimen is Mrs. K., who'll return it to Mrs. P. this month, ("Which is hardly fair," claims Jean, "since I have to hold that card for 11 months while Florence, born in August, only has to save it for one . . .") . . .

Amazing Coincidence Department . . . The Paul Giffins, of Moran road, have just said good-bye to her daughter, Mrs. Robert Collins, and the two young Collinses, Susan and Martha, home now in San Mateo, Calif., after a two-week visit here . . . Betty and Bob Collins moved from McKinley avenue to San Mateo three years ago . . . A few months ago, Jim and Virginia Schaffer moved from McKinley avenue to San Mateo, too—into a house right across the street from the Collinses! The two couples, who hadn't known of each other's existence in The Pointe, (the Collinses lived "up" McKinley, the Schaffers, "down"), are now West Coast neighbors . . .

Carolyn Hubbard Lucas . . . has been dividing her summer time between Huron City, on the tip of Michigan's "thumb," and East Jefferson avenue, but she's not been neglecting her pen at either place . . . Here are two of her latest verses:

### SUMMER SHOWER

The rain is pouring from on high  
And splashing in the street.  
From the small bed on which I lie  
I cannot see the leaden sky  
Or forms of people passing by  
But I can hear the steady beat  
Of summer rain that low and sweet  
Makes music of the sound of feet.

### LAKE HURON

I led my children to the shore,  
The scene was bleak and wide;  
They heard the water rush and roar,  
And faced it open-eyed.  
One said, "How far the great waves roll,"  
One said, "How vast—How blue"  
Each saw the thing that awoke his soul:  
"How beautiful!" said Sue.

### PILFERINGS

Artur Rubinstein, the pianist, and Michael Rubinstein, the banker, once lived in Paris on the same block. Frequently letters and telegrams addressed to one were delivered to the other. One day Michael came to Artur with a batch of telegrams. "These are for you," he said. "Please come with me and tell my wife that Louise of Vienna, Ilsa of Prague, Margaret of Budapest, etc., are your friends, not mine."

Artur opened his desk and produced a batch of telegrams that belonged to Michael. "I'll be glad to help you," he said, "if you'll do this for me. Tell my wife that the five million lire in the Bank of Rome and the two million pounds in the Bank of England are your money, not mine."

One fisherman to another loading case of liquor into rowboat: "It makes more sense than putting boats in bottles."

—Ray Helle, "Cavalier"

Reminiscing, Supreme Court Justice William O. Douglas told a New York City audience about his service on the Yale Law School faculty under "boy-wonder" Dean Robert M. Hutchins in the late 1920's. They dropped in on the Supreme Court one day and, as Douglas related it, the late Justice James Clark McReynolds greeted Hutchins and said, "Well, dean, I suppose you're teaching the students that the members of the Court are nothing but a bunch of old fuddy-duddies." Hutchins, quick as a rattlesnake, replied, "No, Mr. Justice, we let them find out for themselves."

Douglas added pensively, "I thought that was a funny story at the time, but it sort of haunts me as the years go by."

—Newsweek

## Pointer of Interest

MRS. RICHARD C. HUDSON, OF ROLAND ROAD  
By Janet Mueller

The 'phone rang. "Excuse me a minutes," said Marge Hudson, turning to answer it. "Hello? 'into the receiver) . . . Oh, hel-LO!" Her voice becomes immediately warmer as she recognizes the voice of the person on the other end of the line.

They chat for a few seconds, then Marge pulls an appointment calendar into position beside her. It's a medium-sized standard wall calendar, the kind many housewives hang on the inside of the kitchen cabinet, each date enclosed in its own box with space inside the box to jot down memoranda for that particular date.

The current-month boxes of Mrs. Hudson's calendar are jammed with notations. More notes dot various boxes for one, two, three, four months ahead.

"Let's see," says Marge, studying the calendar. "How about Monday afternoon? . . . No? . . . Then how about Monday morning? . . . Okay, I'll squeeze it in Monday morning, because I'm not free Tuesday or Thursday, and I know you're not free Wednesday . . . Marge is more likely to run out of pies than fingers."

### Husband on Council

Married to Richard C. Hudson, head of the Estimating Department at Albert Kahn Architects and Engineering and currently completing his fourth year on the Grosse Pointe Farms City Council, she campaigns actively for him when he runs for re-election.

Mother of a 16½-year-old son, Rick, (his formal name is Richard F. Hudson — "Be sure to put in the 'F,'" notes Marge, "Rick's NOT a 'junior'"), and a 14-year-old last-month daughter, Sandy, (Sandra), both of whom attend the new Grosse Pointe North High School, with her husband a member of the Board of the Grosse Pointe Citizens for Education, she puts in long hours as a block worker prior to School Board elections.

### Is Fashion Expert

For the past 15 years, free-lance fashion coordinator and manager. She's done fashion shows for stores, clubs and various organizations, including the National Secretaries Association and the Builders and Flower Show at Cobo Hall.

She's served as fashion coordinator and commentator of the latter exhibition for the past seven Februaries. Last year, she did four programs a day for the Builders and Flower Show . . .

She taught a Charm and Poise course at the YWCA for three years and is currently teaching modeling to a few private students.

At the just-completed State Fair, she appeared in a 25-minute daily program, taking a plain-looking woman of about 30 and in 25 minutes turning her into an attractive person.

She Knows The Tricks. "She didn't become a raving beauty, of course," Marge says, "but she DID become attractive. And that's the point I want to put across, that's my creed: There's not a homely woman in the world. Any woman can be attractive — all she has to do is know the tricks."

Marge knows the tricks. She first appeared before the public during her teen years, as a professional baton twirler, majorette for a Drum and Bugle Corps and a member of the Grinnell Majorettes.

"We (the Grinnell Majorettes)," she recalls, "used to appear in every parade in Detroit. And after each of those parades, we would all be taken in for a massage. The muscles in our legs had to be rubbed down, HARD, or they would all knot up . . ."

Luckily, Marge has always been naturally athletic. She was a member of Southeastern High School's hockey and basketball teams and pitcher on

the high school girls' softball team.

### Played Semi-Pro Ball

She played semi-pro ball for "about four years," and later, as a mother, was able to put her baseball experience to good use.

"One year, the coach of my son's Little League team was SO bad, another mother and I went out and just coached the heck out of the boys," she reminisces adding, with a smile, "Boy! Did my son get razzed!"

She's used her majorette experience, too. She taught a Neighborhood Club class in Baton Twirling for two winters, and this summer coached a group of Grosse Pointe North High girls.

Marge started modelling as a teenager. She gained more poise, learned more about appearing before the public, via a Novelty Act which she developed and performed at various clubs during World War II.

"I was working as secretary to the chief inspector of an automobile company," she explains, "and, after I turned 21, I decided to take up flying."

"I needed extra money for flying lessons, so I registered at a Talent Agency and worked weekends doing my Novelty Act."

In Ferry Command. Eventually, she was interviewed by the late Jacqueline Cochran and accepted in the Women's Ferry Command, the corps of female pilots who ferried planes back from overseas during World War II.

"But before I could get to Dallas, (Ferry Command training headquarters), I got a telegram from Washington saying the program had been discontinued because enough wounded veterans who could do the job had been returned to The States."

Marge still regrets this lost Ferry Command opportunity. It's one of the few things she's attempted that didn't work out.

For several years after her marriage to Dick Hudson, Marge remained "at home." She had two babies. Gradually, she began to get back into modelling as a part-time interest.

### The Man 'Stunk'

Then, one day, she went to a fashion show. "There was a man commenting," she remembers, "and, frankly, he stunk!"

"I said to myself, 'I can do better than that.' So I went to a store, explained that I had no experience but that I knew I could do the job — and the store hired me! I was with them for 15 years . . ."

Marge was on her way. She took voice training, (she has a naturally deep voice for a microphone, which helps). She did one show, then another. She began to appear on television, commenting fashion segments, doing commercials.

She's never let her career interfere with her family life. Fourteen years ago, when her children were small, she helped organize the Grosse Pointe Co-operative Nursery. She was its first vice-president and went on to serve two years on the Greater Detroit Council of Co-operative Nurseries.

Taught Sunday School. She served two years as project chairman for the Grosse Pointe Congregational Church Women's Association, and taught kindergarten Sunday School at the Church for three years.

She's encouraged Sandy's in-

terest in Girl Scouting, and just this past spring helped six Scouts get their Good Grooming badges.

Sandy, incidentally, a tall, willowy girl with sun-bleached light brown hair, did her first modelling for a back-to-school clothes layout last summer. She was 5' 7" then — this year, she's 5' 10", and Marge, although she's very proud of her daughter, "Detroit's Twiggy," rather hopes Sandy's stopped growing!

The children certainly don't think of their mother as a celebrity. "We don't discuss my work at home," Marge observes. "I don't think the kids really realize the things I do . . . One of their friends will come up to them at school, will say, 'I saw your mother on TV the other day,' and my kids will answer, 'Oh, yeah?' — and that's the end of THAT conversation!"

### Other Accomplishments

Marge's list of incidental accomplishments, incidental interests, is endless. She initiated the Grosse Pointe Farms Miss Junior Miss Contest. She's belonged for years to the Eastern Star and is serving this year as program chairman of Detroit's Business and Professional Women's Club. She's Detroit representative for the National Cotton Council.

The Hudsons are a golfing family. Rick caddies at the Country Club of Detroit. Marge took lessons this summer and plays twice a week, and the children play every Friday at Burning Tree Golf and Country Club, to which the Hudsons belong. Sandy and Marge teamed up in the Club's recent mother-daughter tournament, Rick and Dick in the father-son tournament.

"In the winter, when we can't golf, we bowl," Marge adds. A collection of trophies on a shelf above her "office" proves her ability at the latter sport.

This "office," a relatively new addition to the Hudsons' collection of antiques, is a handsome liquor cabinet, originally part of Marion Davies' estate. Its shelves are deep, widely-spaced, perfect for storing thick files and looseleaf folders.

It stands in a corner of the Hudsons' family room, and Marge shares it with Dick: "He has two drawers and I have two."

### Is Antique Lover

Marge loves antiques. Dick's great-grandfather was an antique dealer; many of her favorite pieces are family heirlooms. She particularly loves her bedroom, with its birdseye maple furniture — especially her bed, which still has the original notes at its ends to attach an old-fashioned rope mattress.

She has no "busy-work" hobbies. "If I find myself with a free hour, and I really want to relax, I love to get wrapped up in a good book," she says.

And "wrapped up" she does get — she'll stay awake until 3 or 4 in the morning to finish a story.

This concentration on what she's doing at the moment, this getting "wrapped up" in things is, simply, the way Marge Hudson lives. She's not an Amateur Personality.

She could no more do a job sloppily, leave something half-finished, than she could take on a project she wasn't interested in the first place.

It's all or nothing with Marge — except, of course, when it comes to doing those little necessary tasks common to all housewives. Like cooking.

"I only cook because we have to eat," Marge admits. Honestly is another of her strong points.

The cousins (Betsy's father and Kristin's mother are brother and sister) chose dresses in keeping with the pink-and-white party theme.

A pink sash accented Betsy's long-sleeved white organdy frock. She held the silk oriental fan, covered with Sweetheart roses, carried by her mother, the former Barbara Ann Wicking, at her presentation to society 21 years ago this month.

White Cluny lace accented the neckline and sleeves of Kristin's pink silk dress, and she carried a bouquet of pink Sweetheart roses and carnations, her father's gift.

Grandmothers Mrs. Webster Bonham Knight and Mrs. Theodore Foster were among the three-generation party guests. Pouring were the Mesdames Wesley R. Johnson, James D. Beyer, Edward R. MacCauley, Clarence D. Blessed, William Y. Gard, Jack A. Tompkins, Jack B. Frey, Emil Traut, John Brabb, Bert Wicking and Mrs. William Blackmon, of Dallas, Tex., Mrs. Knight's sister.
