FORD MOTOR COMPANY announced on Wednesday the smallest average price boost of the Big Three automobile manufacturers. The increase amounted to 1.6 percent or \$50 on the 1969 models. The biggest increase of the company's 84 models is on the top-of-the-line Lincoln Continental Mark III luxury car, on which the increase is \$158.

SENATOR EUGENE McCARTHY has been booked into the Sheraton-Cadillac Hotel next Wednesday as a reporter for Life magazine covering the World Series. McCarthy reportedly will sit "with the people" rather than in the press box during the games.

EDMUND MUSKIE, DEMOCRATIC vice-presidential candidate was greeted by hecklers Wednesday in his first day of a two-day campaign trip through Michigan. Muskie handled them with ease.

Friday, September 27

CHRYSLER CORPORATION on Thursday cut back the amount of its previously announced price increases on 1969 model passenger cars by an average of \$34. The cutback came as no surprise since both General Motors Corporation and the Ford Motor Company substantially undercut Chrysler's increases. Chrysler's group vice-president, John J. Riccardo, said the new prices show an average retail price increase of \$55 or 1.8 percent.

GEORGE BALL, U.S. ambassador to the United Nations, resigned Thursday to join the campaign staff of vice-president Hubert H. Humphrey, Democratic nominee for president. Johnson named J. Russell Wiggins, editor of the Washington Post, to succeed Ball.

WAYNE COUNTY CIRCUIT JUDGE Victor J. Baum ruled Thursday night that the Ecorse school strike was illegal and ordered striking teachers to report to work Friday.

THE WHITE-HAIRED dean, a cannon and three cathedral officials jumped off St. Paul's Cathedral in London Friday by parachute. It was the Church of England's latest bid to win the attention of youth. First man off was W. A. Talbot-Ponsonby, co-ordinator of the youth festival program. He was followed by 51-year-old Arthur Morrison, the preacher's assistant, who served as a para-medic in World War II. Third was Vernon Overington, 60, the dean's verger.

ARTHUR J. GOLDBERG, former United Nations Ambassador, indicated Saturday he would try to play a leading role in healing the breach between the Humphrey and McCarthy factions of the quarreling Democratic Party.

THE LATEST NATION-WIDE Gallup Poll, conducted last weekend, shows Richard Nixon with a 43 to 28 percent lead over Hubert Humphrey. This represents a slight drop in Humphrey's support from the previous survey in early September. George Wallace continues to make an impressive showing and has support of 21 percent of the nation's registered voters, a new high.

Vice-President Hubert H. Humphrey said today in Salt Lake City that, if elected president, he would stop the bombing of North Vietnam, thus moving away from the Johnson administration's war policy.

WHILE THE ECORSE School Board was holding a special session Monday night, some 35 mothers were having petitions printed that would recall them, because of the continuing teachers' strike. Spokesman for the mothers said, "Board members will not talk with the teachers and will not talk with the mothers." Only token class sessions were held in Ecorse's seven schools as negotiations appeared stalemated.

Torch Drive Film Star Presented With Puppy

Photo by Benyas-Kaufmann

Delighted with her gift of a Beagle puppy, from executive secretary of the Michigan Humane Society, **FRANK ANDREWS**, is **CINDY GOODMAN**, daughter of Mr. and Mrs. Robert Goodman, owners of the Woods Sports Center, at 18860 Mack. Cindy and Mr. Andrews are featured players in the Lowell Thomas-narrated, Torch Drive film, "A Moment That Is Always Now," being distributed throughout Michigan to major corporations, clubs, church organizations and other civic groups for showing. Cindy, who has cerebral palsy, is the youngest of 11 children. She will be appearing with her therapist on October 11, at Liggett School, to demonstrate the work of the Detroit Orthopedic Clinic, which is a Torch Drive Agency. Any person interested in viewing the film may call Gordon Goyette, Jr. at the United Foundation, 965-7100.

Immediately following the general gathering, at a special meeting of the Directors, David W. Kendall was elected president; Hon. Neal E. Fitzgerald, first vice-president; William B. Cudlip, second vice-president; Mrs. John W. Mulford, secretary; Mrs. Hansel Dwight Wilson, assistant secretary; William J. Croul, treasurer; and Philip T. VanZile, assistant treasurer.

Six New Directors Of War Memorial Association Listed

David W. Kendall Elected President at Board Meeting Following Annual Dinner Session at Center; Committee Reports Heard

Six new directors were elected at the 20th Annual Meeting of the Grosse Pointe War Memorial Association held Monday evening, September 30. They are: Mrs. Frederick M. Alger, Jr., Arthur A. Cerre, William J. Croul, James D. Tracy, Mrs. Hansel Dwight Wilson and Philip T. VanZile.

The annual meeting was preceded by dinner which began with Grace offered by Monsignor McPhillips of St. Paul Roman Catholic Church. Dinner was followed by a program of recorder music and chamber singing. Following the program, Mrs. John Mulford, secretary of the Association, presented proof of meeting notification and the minutes of the 1967 annual meeting were approved.

Small Loss Incurred
William F. Huettelman, retiring president, called upon Harry W. Mellen, treasurer, for the tentative audited statement covering the fiscal year which ended July 31. This report showed a small \$3,300 loss after depreciation and capital improvements.

Woods Municipal Judge Don J. Goodnow passed sentence on 34 persons found guilty of various offenses, adjourned six cases to another date, and dismissed charges against seven people accused of law violations, and concluded his work docket by signing warrants for the arrest of 18 citizens who failed to appear in his court to answer charges against them. The judge held court on Saturday, September 21.

Many Improvements
Mr. Huettelman also emphasized the amount of money spent for maintenance and improvements such as a new catering office, a new cloak room, sump pump replacement.

William Cudlip, chairman of the Family Participation Campaign and Harry Mellen, public chairman, were thanked for their able guidance of the Annual Fund Drive which this year brought in \$85,300 from 600 families.

This amount was sorely needed in view of rising costs. Mr. Huettelman pointed out that the Center still gets 65 percent of its income in fees and investments and does not draw.

Ask Citizens To Help Find Solutions

Superintendent Anderson Discusses Formation of Study Committees with PTA Council

Dr. Theos I. Anderson, Superintendent of Schools, has announced the formation of three school study committees which will function during the balance of the 1968-69 year.

Dr. Anderson, featured speaker at the first meeting of the year of the Grosse Pointe PTA Council, made his address to the assembled delegates Monday evening in the Exhibition Room of the Central Library.

"The three problems facing the public schools require the thought and attention of the best minds and most interested and public-spirited citizens of our community," Dr. Anderson said.

Three Decision
He said that Grosse Pointe will have to decide whether it wishes: (1) to maintain the current level of the instructional program when the voted operational millage is renewed within the next two years; (2) to provide housing adequate to the implementation of the instructional program in the three middle schools; and (3) to provide funds needed for extensive renovation and remodeling of South High School.

Dr. Anderson indicated that detailed plans for the development of the three committees will be forthcoming shortly. He said that the Board of Education had approved the principle of citizen involvement in the study groups at an executive session held Thursday, September 26.

The Superintendent of Schools said that the studies of all three problems would be started as soon as possible, and definite findings, conclusions, or recommendations should be made to the Board of Education before the end of the current school year.

"This may not mean that all studies will be completed, but progress reports should be made," Dr. Anderson said.

Much Help Needed
Dr. Anderson added that the solution of the problems he outlined are of such magnitude and are so far-reaching that the trustees and administrative staff will require assistance from the schools' professional staff as well as from interested citizens.

"At the moment we envision the formation of three study groups," Dr. Anderson commented. "Each will be given a charge to study a problem and present findings. Each committee," he added, "will be of an ad hoc nature."

Dr. Anderson said that each committee will be chaired by a member of the Board of Education and will contain broad cross-sectional representation of thinking in the school district.

Board Will Select
"Selection of committee members will be made by the Board of Education and the administrative staff after the names have been submitted," Dr. Anderson said.

"Announcements will be made of these committees and a procedure will be established to secure names of interested citizens who would like to serve. It is anticipated that further details will have been developed by the time the Board of Education holds its regular monthly meeting on Monday, October 14."

The PTA Council meeting was chaired by vice-president Thomas Candler in the absence of president Charles Parcells, Jr., who was out of the city.

MOVIE GOER ROBBED
Gerald B. Hawk of 238 Raven, East Detroit, lost a \$35 tape deck player to thieves on Wednesday, September 25. He told Woods police that the item was taken from his car parked in the Woods Theater lot while he was attending a movie. He said that the vehicle's doors and windows were locked.

Friday, Oct. 4 Final Day for Registrations

Erroneous Closing Date Contained in Editorial Last Week; Must Be Registered To Vote

Grosse Pointers are advised that **TOMORROW, OCTOBER 4, 1968**, is the FINAL DAY for registering to vote in the General Election to be held Tuesday, Nov. 5, 1968, NOT Saturday, October 5, as erroneously announced in an editorial in THE NEWS last week.

On Friday the City Clerk's offices in the various City Halls of the five Pointes will be open for registering from 8 a.m. to 8 p.m. Today, (Thursday, October 3), registrations will be taken during the regular office hours.

If eligible voters have not cast their ballots during the past two years, and have not had their registration reinstated, their registration is being cancelled and, in order to vote on Nov. 5, they are required to reregister. It also should be noted persons reaching the age of 21 prior to the November 5 election may register now to vote at that time.

THIEVES TAKE BIKES

Mrs. Nanette Quinones of 353 Moorland, called Woods police on Saturday, September 28, and disclosed that unknown persons entered the garage on her property and stole three boys' bicycles, stored there. She did not give the value of the bikes.

See Antique, Classic, Sport Cars at Center Saturday

Lovers of fine automobiles can have a field day this Saturday afternoon, October 5, from 2 to 5 o'clock at Grosse Pointe War Memorial where some 50 cars dating from the turn of the century to as yet unveiled sport and experimental cars, all in mint condition, will be displayed by their owners and the major automobile corporations.

Since everyone will want to keep tuned to the World Series at the same time, portable TV sets will be placed around the grounds. Refreshments will also be available, so one can take in the show, keep tuned to the baseball action and eat and drink simultaneously. Admission is 50c for adults and 25c for children.

Facilities and Programs Differ in Development of Pointe's Middle Schools

Pierce Only One of Three to House All Its 'Feeder' Sixth Grades; Principal William Mogk Describes Schedule

By Pepper Whitelaw

Last week we explored the rationale of the Middle School. This week we will concentrate on Pierce Middle School and information received from its principal, William Mogk.

Before describing the schedule at Pierce, we would like to emphasize that the goals and objectives of the three Middle Schools in Grosse Pointe are the same. However, the facilities of the schools differ, consequently the programs will differ to some extent.

Pierce is the only Middle School to house all its "feeder" sixth grades.

Generally speaking there are more similarities than differences in the current programs at Pierce, Brownell and Parcels Middle Schools.

Two Phase Program
The Pierce program is best described in two phases, first the teachers and then the students.

English, Math and Social Studies for sixth graders are handled by one teacher, 30 youngsters in the morning, and 30 in the afternoon.

In the seventh and eighth grades there are three teachers for English, Math and Social Studies. They work with a group of 95 youngsters at each grade level. Here the teachers and youngsters work together in these "basic" subjects for one-half day. During this time, each unit, which is labeled a "house" establishes its own bell schedule and class period time. This allows for

large group instruction, team teaching, and traditional scheduling. These teachers and students are also together for guidance purposes. They are divided into Houses A, B and C.

12-Week Course
Science in the sixth grade level is taught by one teacher daily for 12 weeks, for each student. The classes are held in a laboratory-type room, where demonstration and experimentation take place.

In the seventh grade, three teachers provide science experiences for each youngster on a half-year basis. Eighth graders receive experiences in a science lab for a full year.

The course is taught by the same teachers who teach the seventh graders.

Physical education is provided for each youngster on an every other day basis.

Art and music for sixth graders are provided on a 12-week basis. Seventh graders receive a semester of each. Eighth graders, who have elected the courses, are provided with a full year of instruction.

Arts and Homemaking
Industrial Arts and homemaking in the sixth grade are provided for six weeks each on a co-educational basis. In the seventh and eighth grade

Recover Stolen Cruiser on Lake

City police received a report on Tuesday, September 24, from James Ranger, 17840 Jefferson, that his 16' Glassmaster, Mercury cruiser, had been stolen from his boat dock at the rear of his property.

He told officers that the boat contained four life jackets, one fire extinguisher, anchors and ropes, as well as the boat registration.

Police notified the Coast Guard at Belle Isle. Officers Richard Lanski and John Drummond recovered the boat at 16638 E. Jefferson at the breakwall. The ignition had been knocked out and the battery was dead.

The boat was turned over to Frank Kerbrat, security man, who returned it to Mr. Ranger.

Judge Hears 34 Cases in Woods Court

Don Goodnow Has Busy Day Passing Sentence on Many Accused of Law Violations

Woods Municipal Judge Don J. Goodnow passed sentence on 34 persons found guilty of various offenses, adjourned six cases to another date, and dismissed charges against seven people accused of law violations, and concluded his work docket by signing warrants for the arrest of 18 citizens who failed to appear in his court to answer charges against them. The judge held court on Saturday, September 21.

Norbert T. Hubert of 19222 Woodcrest, Harper Woods, accused of driving a motor vehicle while his operator's license was suspended, was found guilty and was sentenced to pay a fine of \$50 and serve five days in the Wayne County Jail.

Michael G. Blumenthal of 3950 Chalmers, Detroit, was found guilty of never acquiring a valid Michigan driver's license, and was fined \$15, and ordered not to apply for a driver's license for 90 days. He was also found guilty of making an illegal turn, which cost him another \$10.

Thomas Gregory Caroselli of 11626 Laing, Detroit, was found guilty of the charge of reckless driving and fined \$75, and prohibited from driving for a period of six months.

Damaged Property
Robert Rabaut of 425 Washington, charged with damaging private property at Blazo's Restaurant in Mack avenue, was found guilty and fined \$12.50, and ordered to make restitution of damage amounting to \$7.50. The same applied to Frank Peters of 1030 Nottingham, who was found guilty of a similar charge.

Parking so as to obstruct traffic cost Marlon M. Lazuka of 3636 Aller road, Detroit, a fine of \$7.50, after he was found guilty.

Jack Sinhuber of 5925 Lodge-wick, Detroit, was found guilty of allowing an unlicensed driver to operate a motor vehicle and his fine was \$5.

James Palazzola of 20211 Woodside, Harper Woods, was found guilty of speeding, for which he paid a fine of \$10, and guilty of squealing tires, which cost him an additional \$10.

Loiterers Fined
Salvatore C. Palazzola of 20000 Lancaster, Harper Woods, and Michael J. Boughner of 20635 Hollywood, Harper Woods, both accused of loitering, were found

Fine Weather Continues To Lure Many to Beaches

Pointers are still participating in varied recreational activities at their respective municipal parks, although the parks were officially closed on Labor Day, September 2.

The chief activities since the close down, according to the recreation directors, is boating and picnicking, with these, especially boating, to come to an end on October 31. All boat owners should have their crafts removed from the marinas and drydocked by that date.

The swimming pools were closed down shortly after Labor Day, as were wading pools, in the parks that have them, when life guards returned to college. The Park's Waterfront and Three Mile Drive Parks remained open, although officially shut down, as long as the weather permitted.

According to records still kept at both parks, a total of 2,358 residents and guests attended the parks during the week of September 22-28.

On Saturday, September 28, the number of persons using the Waterfront Park was 700, and the number at the Three Mile Drive Park, 201. Sunday's figure was 404 at the Waterfront, and 110 at Three Mile.

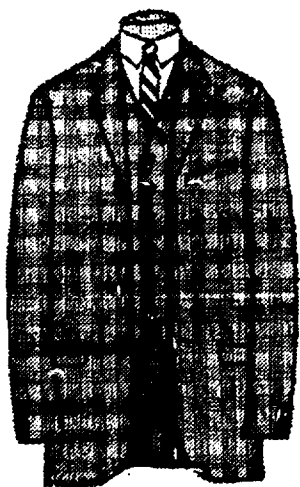

The new wading pools were closed down on September 16. There is one in each of the parks. The new swimming pool and new bathhouse, which should have been completely finished by June 1, but construction was held up by the recent strike of the trade unions, should be completed by November 1.

levels a semester of instruction is provided by the same teachers in their specialty.

Instrumental music is provided for all students twice a week. Band and orchestra groups will also be developed.

French teachers teach all students on an every-other-day basis or on a half period of every day basis.

The Library and Materials Center is an important part of Pierce's Middle School. Here, Pierce has two staff members permanently assigned to the Center. They provide the students with the opportunity to learn research skills and study development. Sixth graders are scheduled in the Center a half-hour a week.

Audio-Visual Program
The Audio-Visual department in the Center is currently developing a program whereby students may do independent study. The head of this department is also helping teachers develop new materials and approaches to instruction.

Three counselors provide individual and group guidance for youngsters each day. Every sixth grader sees a counselor once a week. Seventh graders see their counselor daily, as some part of the "house" is scheduled for group guidance each day. Eighth graders have contact with their counselor through the planning of their "house" teachers.

The student schedule allows each student to be with a teacher, or team of teachers, for half the day. During that time they study the "Basics" of English, Mathematics and Social Studies. This time also lends itself to the various guidance activities which develop as this block of time is known as the "house" time.

Guidance Increases
In the opposite half day, the students travel to the various "special" subjects such as Science, Physical Education, Art, and Music. For the most part, when they go to the "specials" the students travel as a "house." By doing so, the students develop spirit, the teachers know from where they come, and the guidance services increase as the special teachers know who the counselor and homeroom teacher for each student are.

Mr. Mogk said that it is his belief that this cuts down on what some people label the "impersonality" of the traditional Junior High School schedule.

According to Mr. Mogk, some of the advantages of this

program are apparent in the effect on such programs as Pierce's intramural program, which capitalizes on the "house" approach. Currently students are involved in spirited, competitive games of flag football, softball and kickball. Soon field hockey and other sports will be added to the year-long aquatics program.

Focuses on Individual
Pierce's Middle School program is guidance oriented and focuses on the individual. For example, a period called Individualization, which permits a student to work and study independently is an integral part of their middle school program. Here a willing and capable student can work on a subject he is especially interested in, on his own.

Enrichment courses are available to sixth grade students in English, Mathematics and Social Studies on a three week basis. These courses are taught by seventh and eighth grade teachers and are geared to enrich and supplement, not replace, the regular classroom program.

We have described the Middle School as it is at Pierce. The entire concept is an evolving one. The approach requires planning and organization by the teachers, parents and students involved.

Although it is early in the school year, both the students and the teachers at Pierce seem very interested and stimulated in the development of this program.

Sleeping Driver Toted Revolver

When Grosse Pointe Park police discovered a man sleeping in a car facing the wrong way on one-way Whittier road, they aroused Carl A. Poreda, of 6195 Stricker avenue, East Detroit, and arrested him on a charge of carrying concealed weapons.

While patrolling in a scout car Tuesday, Sept. 24, at 3 a.m., Patrolmen Edward Janostak and Lawrence Rice, came upon the "wrong-way" car in the Whittier 1000 block. Upon investigation they found a man slumped behind the wheel sound asleep. A flashlight revealed the butt of a gun above his trousers' belt.

The policemen immediately radioed for assistance, and Sgt. Henry Connee responded. According to their report, they opened the passengers' door, shook Poreda awake, and confiscated a fully-loaded, six-shot, steel, snub-nosed revolver which, he said, he "carried for protection."

During a routine custodial search police said they also found, in the automobile trunk, a nine millimeter automatic Starr pistol in a holster. They also reported Poreda had no permit to carry a gun.

After being taken to the police station a security warrant was issued charging him with possession of concealed weapons. On Wednesday, September 25, Poreda appeared before Park Municipal Judge S. Joseph Belanger for arraignment, and was released to his attorney on a \$1,000 personal bond, after pleading not guilty. His examination was set for October 2.

Elizabeth Cass DAR Meets Next Monday

The Elizabeth Cass Chapter, Daughters of the American Revolution, has asked Grosse Pointe's Mrs. H. Justin Davidson to speak at the Chapter's Monday, October 7, meeting at the Grosse Pointe War Memorial. Last year Mrs. Justin was featured in the News as a "Pointer of Interest."

This year she holds the position of Voters Service chairman for the Grosse Pointe League of Women Voters. These Voters Service activities involve basic citizenship training; they are designed to help the busy citizens decide how he should vote informally.

To do this the citizen should have an understanding of government and politics so that he may be encouraged to participate in public affairs. Many activities of Voters Service are closely concerned with elections. The subject of Mrs. Davidson's talk will be "Voting is People Power."

Gas Taxes, License Fees Set Highway Fund Record

State gasoline taxes and license plate fees produced a record \$309.9 million for Michigan's Motor Vehicle Highway Fund in the fiscal year that ended June 30, an increase of 9.6 percent, according to the Department of State Highways. Henrik E. Stofseth, state highway director, said the increase is due in part to a hike from six to seven cents a gallon in the state gas tax, effective last January 1, part of the "Good Roads" tax package enacted by the Legislature last year.

Net revenue for distribution to the state, counties and municipalities was \$300.3 million, an increase of 9.1 percent. The Highway Department received \$139.7 million, up eight percent; the counties shared \$103.6 million, up 7.6 percent; and incorporated cities and villages shared \$56.9 million, up 14.9 percent.

The percentage of increase for municipalities was greater in proportion than that for the state and counties, again a result of the tax package which hiked the municipal share from 18 to 20 percent on January 1 county portions from 47 to 35 percent, respectively, to 46 to 34 percent.

The following are the amounts paid to the Pointes during each of the last two fiscal years: Grosse Pointe received \$54,347 in 1966-67 and \$61,146 in 1967-68; Grosse Pointe Farms received \$117,430 in 1966-67 and \$113,258 in 1967-68; Grosse Pointe Park received \$117,430 in 1966-67 and \$133,179 in 1967-68; Grosse Pointe Shores received \$19,241 in 1966-67 and \$21,427 in 1967-68; Grosse Pointe Woods received \$141,804 in 1966-67 and \$160,321 in 1967-68.

State Police Nab Fleeing Offender

Walter F. Stratmann, 25, of 2017 Lancaster, charged by Woods police as being a disorderly person, and released on personal bond to appear in Circuit Court, on the date of his arrest, Wednesday, September 25, failed to make his appearance before Circuit Judge Joseph Sullivan, who issued a capias warrant for the man's apprehension.

On Thursday, September 26, State Police of the Ypsilanti Post notified the Woods authorities that they arrested Stratmann in Ypsilanti, where he apparently fled to avoid appearing in Circuit Court.

Woods Patrolmen Donald Sabel and Thomas Podeswik were authorized to return the wanted man to the jurisdiction of Wayne County under the disorderly person warrant, and released him to the Wayne County Sheriff's office for Circuit Court, where he is scheduled to stand trial on a charge of felonious assault filed against him by another community's police department. The assault was said to have taken place August 12.

Judge Sullivan terminated Stratmann's personal bond, ordered him held on \$2,000, and two sureties. Stratmann was remanded to the County Jail in default of bond, to await trial. Woods police placed a hold on him for an October 5 hearing in Municipal Court on the disorderly person count.

According to an arrest report, Stratmann entered the Big Boy Restaurant, Mack and Vernier, in a highly intoxicated condition. He sat at a counter near the cashier's cage, in which a woman employee was working.

Stratman, addressing the woman, began uttering obscene remarks, demanding that the cashier come to where he was sitting. The woman ignored him, and alerted another woman employee, who in turn called Jeff A. Jones, 41, of 783 Wordsworth, Ferndale, a private guard hired by the restaurant.

Jones was asked to remove Stratmann from the premises, and when the guard approached, Stratmann became belligerent, using foul and obscene words, and challenged Jones to step outside and fight.

As he was leaving the place, a customer saw Stratmann pull out a knife from behind his back, as well as a pair of scissors. The customer alerted Jones to the fact that Stratmann was armed.

Jones went to his own car and picked up his long night stick from the front seat, and approached Stratmann, who had both hands behind his back, as if to conceal something. Before Stratmann knew what had happened, Jones "punched the man in the stomach," and Stratmann fell backward to the ground. The guard leaped on the fallen man and wrestled the knife and scissors from him, just as Patrolman Wayne Baum arrived in answer to a police dispatch.

Baum said that Stratmann appeared to be very drunk, and at the station, was placed in a cell immediately to allow Stratmann to use the cell's facilities. The officer said that the man pulled off his shirt, dropped it on the cell floor and set it afire. The burning garment was doused and its owner was promptly booked and locked up.

When he was sober enough, Stratmann informed Woods police that he was scheduled to appear in circuit court that afternoon, and was released on personal bond. He promptly disappeared and was not heard from until State Police reported he was in their custody.

Cyclists Injured When Hit by Car

Two 12-year-old boys were painfully but not seriously injured, after being struck by an automobile while riding their bicycles at Vernor and Devonshire, Grosse Pointe Park, last Monday at 7:21 p.m.

Carter A. Van Lopik, 38, of 1239 Whittier road, an employee of the Wayne County Road Commission, driver of the car, was ticketed by police on a charge of driving under the influence of alcohol. He was released to appear in court on October 30.

Van Lopik was driving east on Vernor Highway when he admitted, police said, that he did not see the cyclists in front of him. His car slammed into the rear of bicycles being ridden by Shawn Doyle, of 915 Berkshire road, and Charles Ciaramitaro, of 1214 Berkshire. Both were taken to Bon Secours hospital suffering from bumps and abrasions. They were released after being given first aid treatment.

Park police reported that before the impact Van Lopik "had partially left the roadway, then skidded back to the center." Both bicycles were dragged under the front of the car, they said.

While in Bon Secours hospital young Doyle was handed a pen by the police and asked to write his version of the accident. He wrote: "I was riding my bike behind Chuck, going east on Vernor, and heard a car approach, and the next thing I knew I was flying in the air, and then got up and sat on the grass, and then the police came and put me on a stretcher, and now I am here."

In another Park accident last Monday night at 11:30, John Synod, of 696 St. Clair avenue, Grosse Pointe City, was slightly injured when his car was struck by one driven by Henry P. Bozimiowski of 1515 Yorktown, Grosse Pointe Woods. Police said Bozimiowski, "speeding between 35 and 38 miles per hour, drove through a stop sign at Yorkshire and Vernor and struck Synod's car on the right side." Synod was taken to Bon Secours hospital and released after an examination.

Today a man is known by the money he manages to keep.

Fine Weather Prolongs Beaches' Lure

(Continued from Page 1) using sections of the old marina at the Waterfront Park, while the new marina is under construction. The latter should be completed by December 1, it was said.

Picnics are being held by individual families and groups from churches, Boy Scouts and Girl Scouts, and other organizations.

At the Grosse Pointe City Norbert P. Neff Memorial Park, no records are kept on attendance after the park is officially closed, it was stated. However, the number of users has slack-

ed off after Labor Day. Approximately 75 percent of the citizens using the park are boaters. Individual family and some group picnicking continues.

The summer's biggest drawing card, the swimming pool, was closed down when the life guards terminated their employment to return to their college studies, a few days after Labor Day.

At the Farms Municipal Pier Park, all recreational facilities, except the swimming pool, are still in operation. The swimming pool was officially closed approximately two weeks ago.

On Saturday, September 28, a total of about 500 persons used the park, as compared to between 1,000 and 1,100 on Sunday, September 29, most of whom were boaters.

The Woods' records showed that a total of 217 residents, and 13 guests used the city's lake-front park on Saturday, September 28, and 300 residents and 58 guests were on hand the following day.

The swimming pool was dis-

continued after Labor Day, when the park was closed, it was said, but facilities remained open for picnicking and boating, with residents taking full advantage of both. A complete shut down is scheduled for October 31.

Tennis is being played daily, and this sport will continue until the first snow falls, it was said.

No records of attendance are kept at the Shores' George Osius Park, after the official closing. The park, however, as in the other Pointes, is kept open until the last day of this month, for those who wish to hold picnics, and for those who want to use their boats.

HONORED

William N. Montgomery, of 932 Washington road, received the coveted 33rd Degree in the Supreme Council of the Scottish Rite of Freemasonry, during that order's annual convention in Atlantic City last week. Montgomery is military coordinator for the Michigan Bell Telephone Co.

Venetian Night Winners Named

The Grosse Pointe Boat Club held its Venetian Night lobster and clam bake on Saturday, September 21 at Neff Park, with Bud Thorpe as chairman and Russell K. Davis as co-chairman, along with Ralph Bower and Bill Goldsberry. Serving on the committee were Jim Hoyt, Art Fellers, and Larry Leto.

The weather was beautiful, and many boats were decorated and entered in the competition. Chairman Thorpe invited Commodore and Mrs. Tony Delsener from neighboring Grosse Pointe Farms to do the judging.

There was a total of six prizes. Mops, pails, flares, first aid kits, drinking glasses, and other items interesting to boaters were awarded.

First prize for the inboards went to Mr. and Mrs. Alvin Turney and family for Workmanship on their theme, "The Flower Power Squadron," complete with a large-nosed Hippie with much black hair placed on the bow of the boat, and a peace emblem painted on the stern. There were large colorful flow-

ers, both hand painted and artificial, covering the entire boat. "Hawaiian Luau" was the theme of Commodore and Mrs. Frank Voorwerk's boat, with a pig on a rotisserie, hula girls, many leis, flowers, and lanterns. The first prize for originality

went to Mr. and Mrs. Will Barrett for their Just Married theme. Will and Marie had many hundreds of pompons with which they covered their boat. The Venetian night party coincided with their 35th wedding anniversary, and the Barretts arrived dressed in their original wedding garments of 35 years ago.

The them of "Neptune," of the Bud Thorpes, and "Camping Out In Michigan," of the Russ Davis's tied for second place for originality. All eyes were on the beautiful golden mermaid with seaweed entwined in her

hair, and King Neptune complete with beard and strident, emerging from the sea. A treasure chest with jewels, added a realistic touch. "Camping Out In Michigan," (Continued on Page 16)

Is Your Furnace A "Fair Weather Friend"?

by
ROBERT A. "Doc" WILLIAMS
 (MR. INDOOR COMFORT)

It's time to think about your furnace system and how it's been treating you for the past several winters. After all, colder weather is just a few weeks away, and the need for proper heat will be of concern for you once again.

If your furnace is over 15 years old, it is probably a "fair weather friend." You're ready for a new space-saving CARRIER furnace system.

A "fair weather friend" furnace is one that is nearly worn out and only gives a reasonable amount of heat during the milder days of the heating season. When the temperature drops down below the 20's, it's a different story. It will not only give you cold rooms, floors, and drafty areas; but may actually leave you without heat.

With a new CARRIER furnace installed by us at Williams, you'll be assured of a warm, toasty heat during those coldest days. We design our installations of CARRIER furnace systems to give you a pleasant 75 degrees when the outside temperature is zero. You'll also enjoy a noticeable savings on fuel that will over the years help pay for your new CARRIER system.

That old furnace system of yours may also be giving you trouble because the distribution system of the ducts and registers is out of balance or improperly designed.

That problem won't occur with a CARRIER furnace installed by Williams. We offer a free survey of your home which determines the best way to supply ducts and registers from the furnace to every area of the house. With a wide range of sizes available in CARRIER furnaces, you'll be assured of getting the right amount of heat for those cold days we were talking about.

With a new CARRIER furnace system installed in your home; most probably in the corner of your basement, you'll be freeing needed living space that can be converted into an extra bedroom, recreation room, or hobby shop. The Seaspray Green baked enamel finish harmonizes nicely in basements, game rooms, or utility rooms.

Don't go through another "winter of discontent." Why not call Williams today at 372-5500 and ask for a free survey of your home for a new CARRIER furnace. There's absolutely no obligation.

For a FREE SURVEY of your home for a new CARRIER system, call "Doc" Williams at 372-5500. Williams Refrigeration and Heating, Inc., (Servicing Greater Detroit Since 1937), an authorized CARRIER DEALER.—Adv.

Hospital Offers Training Session

A training program in Cardiac-pulmonary Resuscitation will be held at Bon Secours Hospital Wednesday, October 9, at 10 a.m. The purpose of the program is to prepare interns, residents and attending physicians, nurses, technicians and maintenance personnel of the hospital to do mouth-to-mouth breathing and cardiac compression to counteract cardiac arrest from acute coronary disease, toxic and allergic reactions, drowning, electrical and lightning shocks. The sessions will be held in the Science Hall.

Dr. Robert Griffin, chairman of the Cardiac Intensive Care Unit of the hospital, Dr. Stanislaw Ancerewicz, a Resident, Miss Dorothy Griggs, Director of Nursing, and Mrs. Jean Wolfel, In-Service Coordinator, will take active parts in the training sessions which will be repeated at 7 p.m. and 10 p.m. for persons on the afternoon and evening shifts.

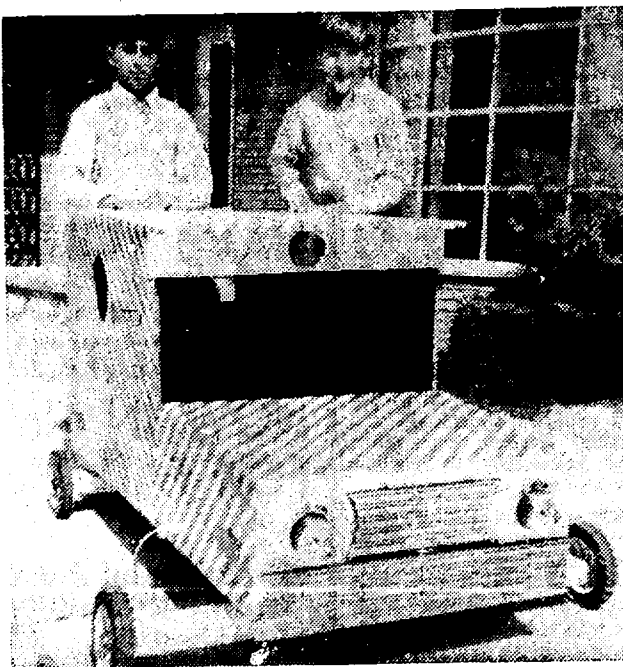

There will be a discussion of the indications for cardiopulmonary resuscitation and the methods used to clear and maintain the airway for breathing and to sustain circulation by compression of the chest.

Recent investigations indicate that a rate of 80 to 90 per minute should be kept up by the person compressing the chest. Mouth-to-mouth inflation of the lungs should be done at a rate of two to each 15 compressions of the chest.

Policemen and firemen of all the Grosse Pointes have been invited to attend the training sessions at the hospital.

New '69 'Chyfi' Model

Proudly beaming at their new model are, left to right, designers RICKY FILIPPELLI and GRANT CHYZ. The boys are both sixth graders at Ferry Elementary School.

Car Produced By 10-Year-Olds

By Pepper Whitelaw

The Motor City may have two more auto designers in the making, in the persons of Grant Chyz, 10, and Ricky Filippelli, 10, of Perrien place.

The pair, bored with the usual pursuits of other 6th graders, decided to design a car . . . one they would be proud to "drive" up and down their street . . . one that would make them the envy of the sixth grade set.

They put their heads together, got their hands working, and came up with quite a sporty number that we think should be called a "Chyfi."

The boys collected plywood (for the body), two by fours (for support and the axle), four lawn mower wheels, sporty accessories (courtesy of Mr. Filippelli), a rope and pulley (for the steering mechanism), white and blue paint (for the body and trim) and masking tape. Voila . . . a sports car that would make any pre-teen shout with delight.

Braathen Named Nixon Chairman

Richard Durant, Republican Chairman of the 14th Congressional District, has announced the appointment of the Nixon-Agnew Chairman for the east side district.

Clayton A. Braathen, of 929 Westchester road, Grosse Pointe Park, was named to the position from which he will direct the Presidential effort in the 14th.

Braathen, a former FBI agent, has been active in Republican circles on the east side for many years. He helped manage the only successful Republican campaign for Congress in the 14th when he helped former Congressman Harold Youngblood unseat Democrat Louis Rabaut in 1946.

Since then he has served on the District Republican Committee and this August was one of the two delegates the District sent to the Republican National Convention in Miami. Michigan cast four votes for Nixon on the first and only convention ballot; Braathen was one of the four.

Both Durant and Braathen emphasized that the appointment served only to underscore the 14th District's determination to carry the east side for Nixon and Agnew.

"Governor Romney has appointed a separate Presidential campaign manager for Michigan," they said. "This will provide assurance that the various county organizations will coordinate their efforts for Nixon. Exactly the same thing applies in the 14th."

Durant praised Braathen's drive and organizational ability. "Braathen brings a wealth of experience to our campaign in the 14th," he said.

The appointment has been confirmed by the state organization.

Mr. Braathen may be reached at the regular Republican headquarters at 15316 East Warren.

Shores Police Want 'em Back

Six battery-operated Inter-matic Burglar Alarms, round and about four inches in length, were stolen from as many fire extinguisher boxes on the marina docks of the George Osina Park, on Wednesday, September 25, it was disclosed by Shores police.

Det. Frant Mustazza said that the alarms were apparently taken by a person, or persons, who knew exactly how they operated, since the gadgets did not sound off when the box doors were opened.

He said that each alarm was attached to a small brass chain by a screw, with another screw holding the chain to the box door. When the door is opened, the pull on the chain tips the gadget over, causing the cylinder to emit a very loud noise, which can be heard for quite a distance.

Mustazza said that an alarm was placed in each of the 22 extinguisher boxes around the marina, for two reasons, to prevent theft of the extinguishers, and to sound an alarm in case of a boat fire. The alarms are valued at \$9 each.

Any person who has any knowledge of anyone having such an instrument, or parents who notice their children in possession of such a gadget, when they otherwise never had one previously, are asked to contact Shores police, in person or by phone. Information will be kept confidential. The police phone number is TUxedo 1-5500. The information can be given to any police officer, or directly to Det. Mustazza.

Shade trees and shrubs make many contributions to human welfare. These have been described in detail at various meetings of the National Arborist Association.

Tests made in hot weather prove that well located trees can keep a home 10 to 20 degrees cooler than similar sun-drenched houses—a clear savings in air-conditioning bills. And in the winter they break the force of cold winds, thus reducing heating costs. They soften harsh noises, provide privacy, and add a sense of permanency and beauty to the home. Most important of all, trees and other plants provide literally all the oxygen we breathe and need to sustain life.

True, investments in trees return dividends unequaled by any other form of investment.

Thousands Still Stroll Atlantic City Boardwalk

ATLANTIC CITY — Dear Boss: Well, here I am in good old Atlantic City which the natives are wont to call "the summer and fall resort capital of the world." You will note that nothing is mentioned about spring and winter!

At this moment we are snail-ing along the famed and well-worn board walk in an oversized electric go-cart, with an over-stuffed frozen custard cone in one hand, and a pencil in the other, trying to set down some of the uneventful events that are happening all around us.

Such, for instance, as a big fat lady leading a tiny dog... a bearded man with about 50 strings of beads around his neck and risking getting slivers in his feet because he wears no shoes, and a stunning red-haired babe in a bikini — I think!

As you perhaps have heard this is one of the better known tourist traps on the Atlantic seaboard betwixt Philadelphia and New York City. It hasn't changed much since I was here last, which is quite a spell.

Sitting in this broad-seated go-cart beside me are my wife, Helen, and D. Lyle Fife, one of Grosse Pointe's leading sportsmen, and his Judy. They, too, are finding that it's not easy to devour one of those twisting mountains of frozen custard when the sun is beaming down, and the temperature is 86. It's hard for a person to keep ahead of the melting process, which, in order to save your clothes from spots, you have to catch on a paper napkin which slowly becomes soaked with the stuff, and gets your hands covered with goo. More fun!

One thing about the stop-over in Philly was that we cogitated with our friend, T. Mel Rinehart, concerning the history of Philadelphia which, we understand, the British captured during the shooting back in 1775, or thereabouts.

Then someone mentioned the Delaware river, and all we could see in our mind's eye, was G. Washington, sometimes known as the Father of Our Country, in a painting, standing up in a boat heading either for or away from Trenton, with several of his aides oaring the vessel through chunks of ice.

Big question was how Mr. Washington could stand up in that boat which appeared to be crashing into ice, and bounding up and down like a cork in a rapids. We unanimously decided he should have been sitting down.

When, at last, we came upon a place called the Burgundy Motel which was across the street and down a block from the Haddon Hall, we were joined by Wayne Circuit Court Judge Edward S. Piggins and his Jeanie, and Carl Lyle Johnson, veep of Parke, Davis Co., and his Alice, all Pointers.

And that very evening all of us went to Hackney's famed bistro, overlooking the ocean, and gorged on steamed clams and lobsters. The night stroll along the board walk, back to our hostelry, was one of the highlights of our trip—besides that, it settled our feast, as someone said.

More Than Custard But, boss, there is much more to this seaside resort than frozen custard cones. There are poker games, auction sales, fortune tellers, a wax museum, novelty shops galore, a couple of piers featuring all sorts of entertainment, ocean bathing, sail boat riding, and hotels, motels, boarding houses, and so on and on.

Then there are conventions. Just as soon as one of these conclaves comes to an end, thousands of delegates arrive for another national meeting. Atlantic City has the many conveniences needed to properly host a convention — except it's not easy to reach—especially from Detroit.

In order to get here from our famed Motor City we had to take a Northwest plane to the City of Brotherly Love which, as you should know, is Philadelphia. And, when we arrived 75 minutes later we were required to sit around for an hour and a half before we got the 10:30 a.m. airport limousine to our hotel in A.C., which takes another 70 minutes.

So many Detroiters go to so many conventions in this New Jersey town that it makes a fellow wonder why they don't have

direct flights from there to here — then someone told me they have no place there to land jets... if that's true, why don't they build a proper airport?

Most Hotels Are Old

Well, then there were breakfasts, banquets, a luncheon at Haddon Hall, and a delightful afternoon repast at the famed old Traymore. Most all of the hotels are old enough to have more charm than "modern" inns... they have, for instance, unbelievably huge and impressive lobbies.

Oh, yes, boss, those board walk go-carts have changed over the years. Once upon a time they were basket types of vehicles, which were pedaled by heavy muscled young men. Later they were operated by small gasoline motors, and were equipped with horns which startled strollers along the walkway out of their wits. Today the drivers jingle-jangle a soft-toned bell when someone blocks their way.

There are many, many other things that could be set down here, such as what happened at the swimming pool at our hotel, and how we never saw a policeman on the board walk, and how most tourists there do not realize there is a genuine Atlantic City business section far removed from the helter-skelter of the board walk—and so on and on, boss. But this is the end... for sure! I just thought you might like to know.

Faithfully yours, Walter W. Fuller, who'll, hopefully be back there before you get this, thank goodness!

To All Citizens of GROSSE POINTE FARMS:

Are your police less valuable to you than those of the City of Detroit?

Are the lives and safety of your children less important because they live east of Altar Road.

The Grosse Pointe Farms Police Officers Association, after six months of negotiations, still has no contract with the City of Grosse Pointe Farms.

You have an experienced police force, a group of dedicated men who believe the job of being a policeman is a good one.

Every group or Commission that has studied police recruitment problems has recommended a base salary for experienced police at a minimum of \$10,000 a year.

For this you get:

Parks that are parks to play in safely.

Streets that are safe to walk at night.

A community that is, indeed, a good place in which to live.

We feel that your City officials are too ready to short change your police officers. We feel they are afraid to reveal their own nagging doubt about the adequacy of current salary schedules.

An experienced policeman, according to every survey or report issued recently, is worth \$10,000 a year.

This Association thinks you agree

We urge you to call your City Council members at their offices and homes to make your thoughts known. We list their names and phone numbers here for your information.

The hushabye heat.

Soft and low. Gentle and quiet. That's electric heat. It's the quietest heat you can get. If it's radiant, there's no sound at all. If it's a warm-air furnace, the fan runs at a lower speed. Gives only a gentle hum, soft as a lullaby.

What else? Electric heat is clean. No fumes. No soot. No draft. No chill one moment nor a burst of hot air the next. The humidity stays in the comfort range.

It's better for you. Your nose and throat. Better for your home.

Call Edison for the name of your nearest Edison-approved Electric Heat Contractor. He'll give you a no-obligation survey. And we'll see that you get a \$100 trade-in allowance on your old heating plant.

Plan Discussion After Sermons

"A New Kind of Religion" will be the theme of a series of sermons and discussions by Dr. Harry C. Meserve, Minister of the Grosse Pointe Unitarian Church, Maumee Avenue and Neff Road, in the City of Grosse Pointe. The series of sermons is designed to explore a new approach to religion that makes room for the believer, the doubter, the agnostic, and the concerned person whose theological beliefs are limited but whose ethical commitments are strong.

This approach to religion not only takes into account the enduring truths and values of the Judeo-Christian religious tradition, but the great insights of the other great religions of mankind as well. It is based upon the assumption that religious truth is varied and many-sided.

Each sermon will be given by Dr. Meserve at the regular Sunday morning service of the church at 10:30 a.m. Opportunity to discuss the sermon and to raise questions about it will be provided in an informal discussion group the same day.

The first of these discussion groups will be held on Sunday evening, October 6, at 8 o'clock, and will be sponsored by the Church's Sunday Evening Forum and Membership Committee.

Other discussion groups will be held each Sunday immediately after the morning worship service. All persons who are interested in religion as a search and an adventure of mind and spirit are invited to attend. For further information, call the church office, 881-0420.

Reputations cannot be built on the things you intended to do.

Report Weekend Auto Accidents

Four automobile accidents were reported to Grosse Pointe Park police during the last weekend.

Driving in a Detroit city-owned car in the 15500 block on Mack avenue, last Friday, September 27, at 12:15 p.m., Adolph M. Ploehn, 48, of 1619 North Fairview avenue, Lansing, struck an automobile which, police report, turned in front of him as it started to enter a private drive. Lucille J. Kaiser, 21, of 3089 Newport, Detroit, said she did not see the approaching car as she made the turn. Both cars were damaged.

On the same day at 5:50 p.m. William T. Penman, 17, of 2327 Maxine, St. Clair Shores, ran into the rear of a car being driven by John B. Halsey, of 1862 Prestwick road, Grosse Pointe Woods, after he had stopped to await the passing of a fire truck and scout car, near the intersection of Jefferson and Barrington, according to police. Penman was given a ticket for failure to stop at a safe assured distance.

When Floyd C. Bratten, 67, of 1327 Nottingham road, Grosse Pointe Park, was backing out the side drive of his home, he stepped on the gas accelerator instead of the brake, and his car crashed into the steps and a porch pillar at the home of J. M. Robins, 1322 Nottingham, across the street. The mishap occurred Saturday, September 28 at 1:20 p.m.

Last Saturday at 12:43 p.m., when Robert Maharak, 23, of 1258 Three Mile drive, Grosse Pointe Park, was driving east

on Kercheval avenue, he crashed into a car driven by Norman C. Morris, 68, of 2405 Larchmoor, Canton, Ohio, who suddenly pulled into Kercheval from Yorkshire road, police reported. No charges were made against either driver.

Money refuses to talk today—it just goes without saying.

SEEK APPLE TOSSERS

John E. Caulkins, 33 Willow lane, called City police on Sunday, September 29, to report a group of boys had thrown apples at his car while he was driving down St. Paul between Cadioux and Notre Dame. Mr. Caulkins attempted to catch them but was unable to do so. A woman at the scene gave Mr. Caulkins the name of one of the youths. Police have arranged to talk to his parents.

NEW FROM THE EXCHANGE AT AAA FAULT-FREE COLLISION PROTECTION!

Chris Columbus just ran into the newest car insurance protection from the Exchange at Triple-A. It's called Fault-Free Collision Protection. And, it doesn't cost one red cent extra when you carry collision coverage with the Exchange. Here's how it works: Your collision damages are immediately paid in full... including the deductible... when your collision damages exceed your deductible and the other driver is identified and at fault. No more waiting for the wampum until after sending smoke signals and holding pow-wows with the other insurance company.

Of course, if both cars carry collision coverage with the Exchange, both are paid in full... regardless of fault... by famous FELLOW MEMBER COLLISION PROTECTION. Also, ask about NEIGHBOR-CARE, drive-in CLAIMS SERVICE, the new OUTDOOR LIVING PACKAGE and MONEY BACK on your car insurance, all available at no extra wampum when you insure your car with the leader.

As Chet Runningboard would say, "You come around these parts Chris, and you soon discover why Exchange top'em car insurance tot'em pole!"

Find Stolen Car In Lake St. Clair

A late model car, reported to have been stolen in Detroit, was found in the waters of Lake St. Clair, opposite 147 Lake Shore road, at the point where the road is divided by an island, it was disclosed by Farms police on Monday, September 30. The vehicle, a 1965 gray Plymouth, was discovered partly submerged, by Ronald Leigh of 11415 Rivard, and Miss Carolyn L. Dugan of 11328 Rivard, both of Warren, as they passed that section of the road on their way home at 1:41 a.m., and called police. The couple said that their attention was attracted by the reflection of the tail lights of the dunked automobile, as they passed along the road. Officers dispatched to the scene, went into the water, and searched the car which was several feet away from the break-wall, but found it empty and the doors closed. The ignition switch was missing. The station was radioed for a larceny check, to determine if the car was reported stolen, but the return message at this time, revealed that it was clear. However, at approximately 2:10 a.m., a teletype message from Detroit's Conner Station, Fifteenth Precinct, disclosed that the car had just been reported missing by its owner. The message stated that the owner, Frank Foley of 9764 Sanilac, Detroit, had parked the vehicle in the area of Blue-hill-Harper, but did not give the exact location, and when he returned he found it gone. At the request of Fifteenth Precinct authorities, the car was pulled out of the lake and towed to Detroit's No. 1 automobile pound, St. Jean and Freud. Since the theft was reported to have taken place within Detroit's jurisdiction, further investigation in the matter is being conducted by Detroit police.

Public Schools in Focus

By Dr. Theos I. Anderson,
Superintendent of Schools

The Grosse Pointe community faces three serious educational problems which it must attempt to solve within the next two years if it is to maintain an adequate educational program for the 13,000 children who attend the public schools here.

First, the public must decide whether or not it will maintain the current instructional program at all levels. Related to this decision, of course, is whether or not to contract, maintain or expand such present programs as music, remedial reading, and art at the elementary level, various enrichment activities at the middle school level, and such opportunities as advanced courses in the senior high schools.

The second decision the public will have to make centers about the housing of the education program. This is especially critical in the middle schools. If the philosophy which our staff has developed is to be fully implemented, each of the three buildings will require improved facilities—especially in the area of school libraries. Ideally, expansion at Pierce and Parcels should permit the space currently occupied by the branch public libraries to be utilized by the schools.

Detroit Board of Commerce, Detroit Symphony Orchestra, Harper Hospital, and a trustee of the Michigan Cancer Foundation.

adequately in the future. Because of the size of the student body nothing extensive may be accomplished during the school year. And, because the building has also been used for the summer session, few major improvements could be effected then. But next June, with the summer school program scheduled to be conducted at North High School, and with the ultimate shift of half the Seniors to North High School, it should be possible to begin the long overdue modernization program.

Third, South High School stands in need of extensive renovation and remodeling if it is to serve the student body

some time in the future, voters in the entire school district must again decide whether or not to approve the Board's requests for funds for a specific capital improvement program as well as for continued operating money.

In my opinion, any decision must involve not only teach-

ing staff, trustees, and administrators, but also interested and informed citizens who should take part in making recommendations. The decisions reached in the three areas outlined will affect the quality of public education in Grosse Pointe for many years to come.

We're one-fifth Rambler, and all the rest is new.

There was a time when all we made were Ramblers.

And, those Ramblers made our image. With the predictable result that we got a reputation for building dependable, little cars that were high on economy and low on sex appeal.

We still make the Rambler. It's a smarter buy than it ever was. But it's no Javelin.

When American Motors can build a hot, sporty car that out-sports the other sporty cars, that's news.

So far, more than 45,000 sporty-car drivers have decided that the Javelin is a better car for the money.

The Ambassador SST 4-door sedan is our luxury car. It comes with standard air-conditioning, standard V-8, standard automatic transmission, optional velour seats, a long, long wheelbase for an elegant limousine ride, and an astonishingly low price for the package.

We also make the Rebel. The Rebel is the family car that dared to cross the treacherous Baja peninsula.

Most of the specially equipped cars that start this trip never finish. The Rebel did.

But, if anything changes our image, it will be the AMX, our two-seater sports car. The AMX, specially equipped and modified, has set 106 American, national and international speed records.

At this point, it looks like our image will never survive.

North High School Grid Team Loses to Clintondale

By John Edwards '71
Saturday was a beautiful day for football, but that wasn't the

case for Grosse Pointe North's football team, as they were whipped by the Clintondale Dragons by a score of 20 to 6.

The first quarter was a defensive battle until things started rolling for Grosse Pointe late in the period. Clintondale fumbled in Pointe territory and the Norsemen recovered. On second down, Jim Shelton '70 made a quick kick that was downed on the one-yard line of Clintondale. The defense held and the Dragons were forced to punt.

The Norsemen started on Clintondale's 45-yard line and with runs by Steve Schliecher '71 and Joe Shehan '71 of nine and thirty yards respectively, took the Norsemen to the Clintondale 5-yard line. After several plays, Glen Hilger '70 booted around right end to score, giving Grosse Pointe a 6 to 0 lead with five seconds remaining in the quarter. The extra point attempt failed.

As Clintondale started the second quarter, they couldn't move. Shelton almost intercepted

a pass of Clintondale's but it slipped off his fingertips. The Dragons were then forced to punt and the Norsemen got the ball on their 26-yard line. They couldn't move the ball and were also forced to punt.

Clintondale received the ball on its 36-yard line. They lost five yards in two plays from scrimmage, but Bill Reinfeldt of Clintondale took off on a 48-yard run to the Grosse Pointe 21, when all of his receivers were covered for a pass. A few plays later a pass from Reinfeldt to Joe Masching was good for six points making the score a 6 to 6 tie. The extra point attempt was blocked.

Grosse Pointe got the ball but couldn't move it consistently,

although Al Fiorello '70 made some good runs. Nearing half-time, the Norsemen were forced to punt and Clintondale almost scored when Reinfeldt passed for 31 yards to Masching, to the Grosse Pointe 38, but the defense tightened, Shelton almost intercepted a Reinfeldt pass, and the Dragons were forced to give up the ball on downs. Then Grosse Pointe ran out the clock to end the half.

Starting the second half a 42-yard kickoff return by Mickey Reese '70 put the Norsemen in good field position on Clintondale's 38-yard line. The offense couldn't get rolling and lost the ball on downs.

A few plays later Dan Robinson of Clintondale fumbled on

Clintondale's 44 and it was recovered by Grosse Pointe. Then Grosse Pointe fumbled, and Clintondale went on a 65-yard march, which was highlighted by good running and passing and ended with a pitch to Richard Kluge for 18 that went for a touchdown. The extra point attempt was good. This made the

score 13 to 6 for Clintondale, a lead which they never relinquished.

Grosse Pointe had the ball on their own 34-yard line to start the fourth quarter, but couldn't move. They punted and Clintondale got the ball on their own 32. On the next play Kluge took off on a 68-yard jaunt for a

touchdown at 11:04. The extra point was good making the score 20 to 6. The Norsemen offense couldn't click and the final score was Clintondale 20, Grosse Pointe North 6.

The Norsemen's next game will be October 4 26 3:30 p.m. against the Cavaliers of South Lake, at Grosse Pointe South.

Industry is the mother of success—luck a distant relative.

GPNH Harriers Cavaliers Beat

By John Edwards, '71
The Grosse Pointe North High School Cross-Country team victory string was broken a week ago Wednesday when the South Lake Cavaliers beat the Norsemen 21-36.

The Cavaliers took the first three places: the first two being seniors, the third a junior. Richard Montauk, '71, came in fourth for Grosse Pointe North followed by Doug Nidhals, '70, and Dan Janicak, '70.

Tom Herrmann came in first for the Cavaliers with the winning time of 10:59:1. There was a large time gap between Herrmann and Bob McClosky, of South Lake, who was in at the time of 11:08, followed by Charles Guzowski in 11:13, Montauk followed in the time of 11:16.

The difficulty of the Vernier Hill course helped in making this the slowest race run by the Cavaliers this season. South Lake happens to be one of the strongest cross-country teams in Southeastern Michigan.

Packer Football Teams All Win

By Rick Moore

After last week's disappointing opening day, the Grosse Pointe Packers came roaring back to crush the Roseville Mohawks in all three games.

The Freshmen recovered from last week's loss to take a 6-0 decision that featured a stout defensive effort by the Packers. The Packers scored the only touchdown of the game in the second quarter on a one-yard sneak by Dan Matzka. This play was set up by a 40-yard pass from Matzka to Dan Wa'z.

Strong offensive play by Mike Rogers, Steve Rewalt and Mark Adamo featured the attack. The outstanding defensive play of Egan, Craig Henritzy, Ken Humes and Scott Egnatius prevented the Mohawks from gaining a first down.

The Junior Varsity pulled their game out of the fire with a storybook fourth quarter finish. The Mohawks completely dominated the first half, taking a 13-0 lead. After a half time "Knute Rockne" pep talk by head coach Joe Carolan, the Packers came out determined to change matters. However, after closing the gap to 13-7, on a brilliant run by Whit Boyd, the Mohawks charged back to score again.

Then with less than four minutes left in the game the Packers took charge. Whit Boyd scored twice on runs of 65 and 70 yards to give the Packers an exciting 20-19 victory. Boyd picked up over 200 yards rushing as he carried the brunt of the Packers' offense. A last minute stand by the Packer defense prevented the Mohawks from snatching a victory after the brilliant comeback.

The Packer Varsity was able to put together an offensive thrust to match their awesome defense that has allowed less than 70 yards total combined gains by all their opponents this year, in crushing the Mohawks 26-0. Kim Adler started the scoring with a 35-yard run on the fifth play from scrimmage. Phil Simon made the extra point for a 7-0 lead.

The Packers scored their next touchdown on a one-yard plunge to take a 13-0 half-time lead. They kept charging in the second half with touchdowns by Mike Shelton and John Puelo. Kent Lambrecht scored one extra point to make the final 26-0. Strong offensive blocking by Chris Cotzias, Mark Carlson, Joe Grimaudo, Dave Robert and Dan Garry featured the Packer attack.

The defensive charge was led by Dave Thomsson, Roy Martin, Joe Carolan, Rick Drykalski and John Calandro. Next week

St. Clair Teams Conquer Lions

By DuWayne Peterson

The Grosse Pointe Lions tangled with the St. Clair Shores Black Knights last Sunday and came out on the short end of the score three times.

The Varsity played well and could have won their game with a few breaks. Dave Coleman put the Lions on the scoreboard in the first period by blocking a punt in the end zone for a safety. Steve Morrison racked up good yardage on the next set of plays, but the Varsity couldn't score. Joe Briggs then recovered a fumble on the Black Knights' four-yard line and a costly penalty nullified a Lion's score.

The tide turned in the second quarter when Fred Morris broke away for a 25-yard touchdown run. The Black Knights converted the extra point and led 7-2. Steve Peterson sparked a Lion drive with a 30-yard run, but a fumble deep in Black Knight territory ended the march.

The third quarter was a defensive struggle. Bill MacConnachie brought the Lions' fans to their feet with a pass interception, as did Mike Monaghan with a 25-yard end-around play. The final score came in the fourth quarter when the Black Knights drove 47 yards with O'Callahan going the last five. The Black Knights converted again to make the final score 14-2.

Coach Don MacKenzie praised the defensive play of Myles Wilson, Joe Briggs, Barry Quinn, Tom Steen, Bill MacConnachie, Steve Brown and David Hyde.

The Junior Varsity was outclassed 34-0 by a faster Black Knight squad led by Conti, who scored three touchdowns of 30, 28 and 9 yards. Jeff Gardner called a good game at quarterback for the Lions and executed a fine pass play to Matt Rohr. Rick Borland reeled off some good gains for the Junior Varsity. The defensive squad had strong performances from Kevin MacConnachie, Jon Banks and Mark Verbiest.

The Freshmen got off to a great start with a 76-yard touchdown run by Brian Myers. The remainder of the first half was sparked by a strong defensive play by both teams. Mike O'Sullivan, John Williams, Tim Hurley and Brian Myers repeatedly stopped the Black Knights cold.

The second half saw the Black Knights break loose for three touchdowns to win the game 18-6. The turning point was a touchdown by Bryan Lob-singer after picking off a Lion pass. Mark Monaghan, Bob Conlan and Mike O'Sullivan looked good on offense.

On Sunday, October 6, the Grosse Pointe Lions play host to the St. Clair Shores Green Hornets at Neighborhood Field. The first game begins at 1 p.m.

Promises... Promises...

Promises... promises... promises! This is the big political year of the big political promises. And the candidates for office of the President of the United States are now at their flood tide of volubility. But, it should be remembered during all these talkathons that, no matter what they may say, the millennium is not around the corner under a rock candy tree.

However, that's the way of national politics. It's a grim, tough, smash-bang game and, it often appears that the one who promises the "mostest" thing thinks he'll get there "fustest." It's a part of the American scene, which fascinates millions, disgusts as many others. And then there are those who don't give a hoot one way or another, because they don't plan to vote, anyway. These are the sad-sack Slipshod Americans!

On the other side of the coin we have those highly glib citizens who believe everything they hear and read, and become too confused to vote intelligently.

During these days politicians labor long and hard to pick the minds of the voters. So, these should be the days, too, when citizens must be determined not to lose their "cool" or their sense of reason. They should be certain that they are not fooled by false promises and wild propaganda.

It seems to us that while the candidates are making innumerable promises to the electorate... many of which cannot possibly be kept... the voters of America should make a few promises of their own.

First, they should promise to seriously make an in-depth study of all three Presidential candidates, and their running mates. Second, they should pause and think what the November election means to the future of our nation. Third, they should promise themselves to make every effort within their power to determine which candidate would do the best job for all of the people during the next four years. Fortunately, thinking Americans have a month to keep their promises to make these important assessments.

And, finally, all Americans of voting age should promise themselves NOW that they will surely go to the polls, stand up and be counted, and cast their ballots for the candidates of their choice on Tuesday, November 5, 1968.

Voting is your most solemn patriotic citizenship responsibility... never forget that!

Library Offers Family Movies

The first program of the 1968-1969 Family Film Night Series will be presented Friday, October 4, at 6:30 and 7:45 in the Central Library Exhibition Room. Family Film nights are held on the first Friday night in each month, October through March and the second Friday night of April. Families are urged to attend these showings as a group. Each program has been designed to include something of interest and enrichment for boys and girls as well as adults.

The program for October 4 will consist of three films: 1. KNOW OLD LADY WHO SWALLOWED A FLY which is a lively animated rendition of a popular children's story. Vocal accompaniment by Burl Ives adds musical flavor to this gay and witty tale of an old lady who after swallowing a fly compounds her woes by continuing to ingest a veritable menagerie. 11 minutes in color.

TINY ASTRONAUT — Bobbie gives his permission for his pet mouse to take part in a scientific experiment. But as the moments of the countdown approach, he begins to have second thoughts. Yielding to strong conviction, he opposes the experiment, and in the process endangers his own life. 17 minutes in color.

AMERICAN SPECTACLE — From Cape Cod to Hawaii, the film scans the vast Panorama of America's natural and man-made wonders with the purpose of developing an appreciation of the varied sights this country has to offer. 32 minutes in color.

For information about other Film Programs presented by Grosse Pointe Public Library and the Friends Films Forum ask at the circulation desk for our publication entitled "An Invitation" or call the Audio-Visual Department at Central Library, TU 4-2200.

Jaycee Chapter Plans Election

The final organizational meeting of the new Grosse Pointe Jaycee chapter will be held on Tuesday, October 8, 1968.

The major business item will be the election of Jaycee officers who will serve until July, 1969. Other business scheduled is the final approval of by-laws and constitution, final arrangements for affiliation with the Michigan and the United States Jaycees and a review of plans for a charter night banquet, tentatively scheduled for late October.

John C. Prost, 652 Pemberton, Extension Team Chairman for the Detroit Jaycees, reports that over 27 men have already been enrolled and that 10 more are expected to join the group at the October 8 meeting.

All men enrolled prior to charter night are entitled to special charter membership. Prost urged interested men to contact him between 9 and 5 by phoning 444-0090, and attend the next meeting.

Membership in the Grosse Pointe Jaycees is open to all young men between the ages of 21 through 35, regardless of occupational or professional classification.

Major purposes of the Jaycees are community improvement and personal development of its members.

Venetian Night

(Continued from Page 5)
another original idea, gave a practical idea of boat camping, with a tent and sleeping bags inside, and a log fire with a coffee pot boiling on the fire. A red lantern lighted the rustic scene.

In the outboard group, first prize was awarded to the J. J. Livingstones for their timely idea of "Clew the Cards." Strung from bow to stern were pictures of all the Tiger players. Orange and black streamers completed the decorations.

The sailboats also entered into the spirit of Venetian Night. The Stan Shancks got their inspiration from the cartoon Peanuts. "Snoopy" was aptly illustrated on the sail by wife Jackie, and took first place.

Second place went to the Hervey Parkes for their sail boat, gaily bedecked with Navy signal flags, and a large flag which is flown when the Assistant Secretary of State is present.

What Goes On at Your Library

By Virginia Leonard

"MY FATHER, SOHEM ALEICHEM" is the biography of an artist who had no illicit affairs, no perversions, was not a misanthrope, did not indulge in self-torture and had no quarrel with God. This is the opening comment of Isaac Bashevis Singer in his review of the above-mentioned book, written by one of his daughters, Marie Waife Goldberg. It appears about 50 years after Sholem Aleichem's death.

This great Jewish writer had always wanted to write the story of his life—he would have entitled it FROM THE FAIR, and he actually did write parts of it, but nothing past his twenty-first year. Thus his daughter had this material to draw from, in addition to notes left by various other members of his family.

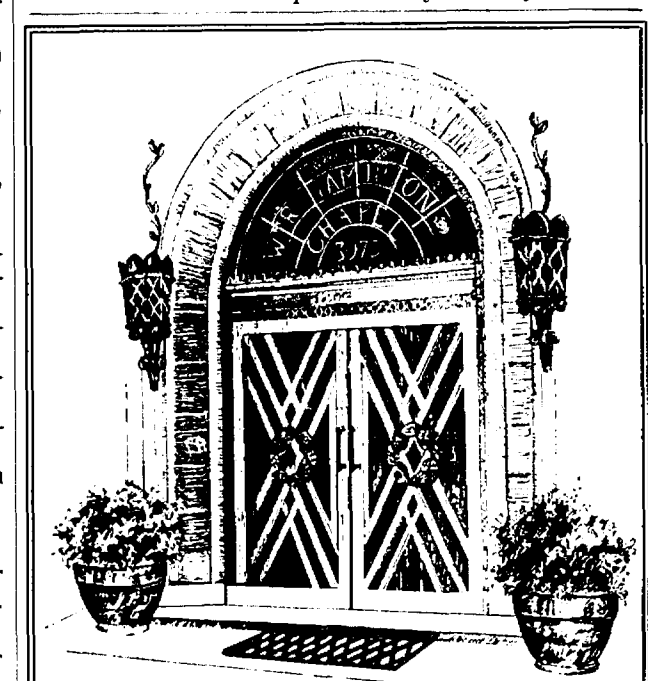

Maroussia, (as her father call her), begins her book with "fragments of memory"—recollections, as a child, of seeing her father getting out of bed, putting on his dressing gown, lighting a candle, and going into his study to write. He never wrote seated at his desk; he stood at a contraption which he had designed himself and had a carpenter build. It resembled a pulpit and was tall enough to rest his elbows on. There he would stand for hours, absorbed in his writing, sometimes laughing out loud at what he had written. And this sort of performance could go on until dawn or after—depending on how much genius was burning.

Sholem Aleichem was born Sholem Rabinowitz in 1859 in the Ukraine. His mother died early in his life, his father remarried, and he had the proverbial wicked stepmother. Luckily, early in life his father recognized his writing ability and saw to it that he had proper education. As a young man of eighteen he obtained a position as tutor to the daughter of a man named Loyeff, a scholar. The daughter, Olga, was thirteen at the time, but as time passed they fell in love, and eventually were married without the consent of Olga's parents.

Sholem changed his name from Rabinowitz to Aleichem, thus taking on a pen name which meant "Peace unto you," which is a common greeting among Jews. Eventually the Aleichems had six children, four daughters and two sons. Olga, to help out with the family's constantly precarious income, went back to school and became a dentist. Summers were always spent at a resort area where Sholem had time to be a good father to his children. He had an exuberance of spirit, an attention to small details, and an understanding of the world of children which endeared him to his offspring.

In 1903 he was able to break away from the brokerage business, which had always been a burden and not very profitable rest, Instructors.

Old World Market Opens Next Week

Folk Dancing In The Street Scheduled Thursday And Saturday Evenings While Detroit's Original Folk Fair Is In Progress

"Happiness" is coming to the International Institute's Old World Market in East Kirby street October 10 through 13 and finding it nicer than ever—because the dates of the Market have been moved forward a whole month.

"Gaiety" is discovering the wonderful new kitchen pots and pans in bright colors and out-of-this-world shapes to give a flair to everyday living and a special "oomph" to culinary matters.

"Security" is what shoppers will achieve if they come early for these goodies so that they are not all gone, especially the gay little European imports, "Marmiet," a fat pot in gay colors, "Vierkan," (use it for a pitcher), and "Theekomfoor," a very aristocratic heavy enameled iron tea pot warmer, all from Holland.

From France there is an especially good fondue kettle, heavy, heavy, heavy, to set on a heavier cast-iron stand to retain heat for keeping the fondue of just-right consistency. Last, but not least, there are lovely white porcelain coffee pots from Germany.

In the pantry shop there will be a "tasting" table this year for cheeses and other items. Dolls from around the world and toys from many lands will have a special spot, and the

JUDITH L. PIGGINS, daughter of MR. and MRS. FREDRIC F. PIGGINS, of Pemberton road, who has just begun her sophomore year at Wellesley College, Wellesley, Mass., received Freshman Honors at the College's Opening Convocation Wednesday, September 18. Freshman Honors are awarded in recognition of outstanding academic achievement during the first year at Wellesley.

International Shop will be showing everything imaginable.

There are 15 ethnic booths to shop in this year, among them the Slovakian booth, participating for the very first time.

It's the same Old World Market—but just a little different. There will be gaily-decked sidewalk cafe where volunteers from American Youth Hostels will be dispensing cider and doughnuts. Folk dancing in the street Thursday and Saturday evenings when Kirby will be blocked off from 8 to 10 o'clock will be fun for everyone.

Crafts will be demonstrated early in the afternoon in the Hall of Nations, among them—Japanese origami, Estonian wood burning, Indian beadwork and basket weaving, Polish paper cutting, glass blowing and Ukrainian Easter egg decorating and cross-stitching.

Each evening musical choral and dance performances will be given by groups from China, India, Poland, Greece, Germany, Trinidad, Czechoslovakia, the Philippines and several African lands.

Sweets from countries all over the world, will abound in the patisserie shop. The international buffet will offer foods such as Jamaican turnovers, an Armenian menu, North American Indian turkey and an East Indian rice table.

There will also be American snacks, but the "piece de resistance" should be the authentic Japanese food to be served in the "Little Ginza" which members of the Japanese American Citizens League are planning for the market.

The Old World Market will be open daily from noon to 10 except on Sunday, when doors close at 9 o'clock.

THEY'VE ARRIVED

DEAR PAT,

Today I was officially made a tried and true member of the S.S.S., which is, if you don't know, the Sidewalk Superintendent Society. Admittedly, I'm a Junior member but it is a beginning. I haven't told you before but I have my own little drilled hole in an immense barricade labeled in spray paint T. O. E. At 8:30 in the A.M. no one but me can use it and if anyone attempts to usurp my time my co-watcher to the right (a burly truck driver on his "Danish and cream cheese" break slaps a ham hand over the circle that suggests "Get lost, buddy." I, in turn, guard the peephole to my left for a lady sleeve presser who generally makes the scene about 8:35. We're a very loyal group.

Our skyscraper is coming along nicely and on schedule and I'm getting rather good at prophesying it's progress. This is why I was promoted to the circle. For four days running I made an accurate appraisal on girder additions. My truck driver friend was so impressed he outlined the circle with painted eyelashes (very long) and announced to the crowd that I was one of them. It's these little things in life that keep one going and it's the fantastic things I saw at SPORT SOPHISTICATES that make the going great.

Sport Sophisticates is an off shoot of Jr. Sophisticates designing precisely what the name suggests. A stated look for the now women, totally definable as easy elegance.

Pat, they show groupings in combinations of fabrics that make one wonder what took so long. These pieces are done as co-ordinates because they were conceived to belong to one another.

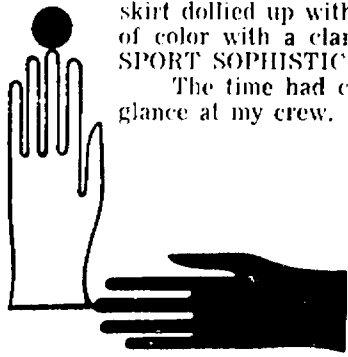

For our area and way of life doesn't a crushed corduroy (I do adore corduroy) jacket in a lush cognac shade over a silk, satin tuck shirt in navy all nicely scrunched into a soft flannel pant or jacket—sound rather smashing? Or shine this on your mental screen—soft, supple leather in antique brown hugging a crepe shirt (these shirts by-the-way are a marvel in design) teamed up with either muted plaid pants or skirt.

Where is my mind? I haven't even mentioned the construction of the skirts and pants. Dirndles that are newer and so easy to wear because the gathers dwindle and become flat in back, hanging on hi rise midriff bands. The pants are shaped for fashion and action. Lower slung-wider leg. The line is truly diversified. I love a positively gorgeous wrap coat in white gabardine. I'm sure I know the perfect persons to enhance a denim blue, red lined reversible cape that continues a subtle military look with wide legged pant and tunic turtle over-blouse or a long camel skirt dolled up with an off white vest satin shirt and given a charge of color with a claret velvet vest. Man, could I be a sport in SPORT SOPHISTICATES.

The time had come. I had to shoot along for a final quick glance at my crew. My, they are moving along nicely.

Best Love,

Jo

Ehrling will also conduct the orchestra in Brahms' Symphony No. 3 in F major and Alfvén's Suite from "The Mountain King."

Sena Jurinac became a leading soprano of the Zagreb Opera as soon as she completed her schooling.

The young singer joined the Vienna Volksoper and later the Vienna State Opera where she rapidly expanded her repertoire to include such roles as Antonia and Giulietta in "Tales of Hoffman", Micaela in "Carmen," Eva in "Die Meistersinger," the Massenet "Manon" and numerous boy roles such as Cherubino, Octavian in "Der Rosenkavalier," and Ighino in Hans Pfitzner's "Palestrina."

During the 1967-68 season, she made a stunning New York debut with the New York Philharmonic. Her U.S. debut was with the San Francisco Opera in 1959.

Dates and attractions for other Kresge Concerts are as follows: November 30 — Mendelssohn's "Elijah," Maynard Klein conducting, with Benita Valente, soprano, Joana Simon, mezzo, Henry Nason, tenor, Thomas Palmer, baritone, and the Rackham Symphony Choir; January 11 — Yvette Mimieux narrating Walton's "Facade," Ehrling conducting; March 15 — The Romeros, guitarists, Valter Poole conducting; April 6 — Richard Ellsasser, organist, Ehrling conducting.

Hope Ship League Now One Year Old

Birthday Party For Group Of Young Adults Organized To Support Medical Training Ship Is Scheduled For Sunday, October 6

The Hope Ship League, a division of Project Hope, and the Grosse Pointe Farms Purple Pickle sandwich shop will hold a joint first birthday party on Sunday, October 6, at the Purple Pickle, Mack avenue at East Warren, from 2 until 6 o'clock.

The occasion will be a Champagne Lunch benefit as guests of the Purple Pickle. Complimentary champagne, soup, sandwiches and birthday cake will be furnished by Kenneth E. Frankford, owner of the Farms Purple Pickle, to the Hope Ship League. All donations from the sale

of tickets will go to the League which works toward the support of the Hope Ship that tours the world to bring medical training to professional personnel in less enlightened nations.

The Purple Pickle locale repeats the Hope Ship League's first benefit, the party that launched this group of young adults. It was a year ago, October 4, 1967, that Purple Pickle proprietor Frankford and his wife Maxine Sheldon, whose decorating innovations are responsible for the unique decor, opened the door of the Grosse Pointe Farms shop, third to open in the Purple Pickle chain, two days ahead of schedule to the small but earnest group than in the process of organizing the League.

The 1967 champagne benefit, attended by 100 persons, put a substantial amount of money in the League's treasury and brought favorable attention to the League's motives.

In one year the 15 young people who met at the Lakeshore road residence of Mrs. Russell Bauer to listen to a pep talk by the then-president of the Women's Division of Hope, Mrs. Herman Sattler, of Webber place, have grown to a membership of 312.

This junior group, the first of its kind in the country, has raised \$1,500 for Hope during its first year of existence. Membership is open to both men and women over 21 years of age.

The Hope Ship League is sponsored by Mrs. Bauer, Mrs. Florence Sisman and Mrs. John Ganschow, all members of the Women's Division of Project Hope.

General chairmen for the League are Mr. and Mrs. Daniel L. Burnett. Mr. and Mrs. William Bauer are first vice-chairmen. Frank T. Sliva is second vice-chairman. Joan M. Yaremy is corresponding secretary. Jane Sealoff is recording secretary and treasurer are Mr. and Mrs. H. R. Stark Langs. Frank Schober is historian.

ANN LOUISE SCHULTE, of Fairfield road, has entered Niagara University, N.Y., as a freshman and plans to work toward her Bachelor of Science in Nursing Science degree.

Mrs. William Warner, Jr.

EWA MARIE FUGER and Mr. Warner exchanged marriage vows Friday evening, September 27, in St. Paul's-on-the-Lakeshore. The bride is the daughter of Mrs. Frederick W. Fuger, of Cadieux road, and the late Mr. Fuger. The bridegroom is the son of the William J. Warners, of Lochmoor boulevard, Harper Woods.

Jewelled Alencon Lace Motifs Accent Bride's White Silk Lame Gown; Newlyweds Are Vacationing In New England

St. Paul's-on-the-Lakeshore was the setting for the Friday evening, September 27, wedding of Ewa Marie Fuger, daughter of Mrs. Frederick W. Fuger, of Cadieux road, and the late Mr. Fuger, and William J. Warner, Jr., Father Raymond Donahue officiated at the 7 o'clock rites, which were followed by a reception at the Grosse Pointe Yacht Club.

For the small, family ceremony, the bride selected a Princess gown of white silk lame accented with jewelled Alencon lace motifs, styled with an Empire bodice featuring a high, banded neckline and long sleeves, and a Chapel length train.

Matching lace accented her illusion mantilla, and she carried a cascade of phalaenopsis orchids, stephanotis and star ivy.

She was attended by her sister, Fredericka G. Fuger, who wore a frock of brown dulcette satin frosted with ceru lace, fashioned with a fan-shaped

back panel of ruffled lace tiers. She carried a semi-cascade of miniature coral-edged Serena roses.

The bridegroom, son of Mr. and Mrs. William J. Warner, of Lochmoor boulevard, Harper Woods, asked Alex Farkas, Jr., to act as best man and Barney Bauer and Charles Driscoll to usher.

The mother of the bride wore an aqua silk faille coat-dress and pinned a corsage of Eucharis lilies to her purse. The bridegroom's mother selected a shell pink silk-and-wool dress and jacket ensemble, and a corsage of small white roses.

The newlyweds will return from a New England vacation to reside temporarily in the Detroit area.

To Hear Talks By Missionary

The Grosse Pointe Congregational Church Women's Association will meet at 12:15 o'clock next Tuesday, October 8, in the church lounge.

Mrs. D. V. Fagan will be the special guest at a luncheon immediately following the business session. She and her husband are agricultural missionaries to the Philippines who have been supported by the Grosse Pointe Church since 1956.

The Fagans were last here on a visit in November of 1961, and this year once again interested persons will have the opportunity to hear Mr. Fagan speak from the pulpit on Sunday morning, October 5.

There will be other opportunities for church members to meet and talk with the Fagans

during the various other activities planned for their visit.

On Sunday there will be a luncheon at 1 o'clock in the social hall for the entire Church membership, and the young adults will host the Fagans at evening meetings. Mr. Fagan will be a guest of the Men's

Club breakfast at 7 o'clock Monday, October 6.

During the afternoon program at the October 8 Women's Association meeting, Mrs. Fagan will speak to the group about the rural life program in the Philippines.

Group Three will serve the luncheon, and reservations may be made at the Church office. Baby sitting will be provided.

Following Vacation in Northern Michigan, Newlyweds to Live on Bridegroom's Family's Ranch in Wyoming's Laramie River Valley

At a candlelight ceremony Saturday, September 28 in First Methodist Church of Mount Clemens, Stacey Anne Lundgren, daughter of Mr. and Mrs. Merrill Lundgren, of North Oxford road, spoke her marriage vows to Ronald George Hunt, son of Mr. and Mrs. William Hunt, of Jelm, Wyo.

A reception at the Georgian Inn followed the 8 o'clock service, at which Dr. John S. Jury officiated. The bride's white crepe sheath was floor length, fashioned with a texture-pattern Empire bodice. A cluster of lace accented with seed pearls caught her short illusion veil, and she carried an arrangement of miniature white roses and stephanotis. She was attended by Deborah Priestman Lash, who wore a

The prospective bridegroom is stationed with the United States Navy's Sixth Fleet in Newport, R.I., where the couple plans to reside after the wedding, a week's vacation in Pennsylvania's Pocono Mountains and a short return to the Detroit area.

floor length frock of aqua peau de soie, trimmed with white lace, and carried a bouquet of bachelor buttons, mums and stephanotis.

Best man was Robert Schmehling, of Chicago, Ill. In the usher corps were Peter Lundgren, brother of the bride, and Robert Lash.

Pilbeam-Pierce Rites Revealed

Thomas Eugene Pilbeam claimed Carol Sue Pierce as his bride Saturday, September 7, at a 1:30 o'clock ceremony in First United Methodist Church, Ionia, over which The Reverend Lester C. Bailey presided.

The bride is the daughter of the Allen G. Pierces, of Ionia, who entertained at a reception at Ionia's Hunting and Fishing Club following the rites.

The bridegroom is the son of Mr. and Mrs. Howard E. Pilbeam, of Westchester road.

For her wedding, the former Miss Pierce chose a controlled cage gown of white chiffon, styled with a high yoke and short sleeves of Venice lace and a lace-bordered Cathedral length single-layer chiffon panel train.

Her silk illusion veil fell from a lace-appliqued Dior bow. She carried a round bouquet of white snowdrift chrysanthemums and turquoise leaves.

She was attended by her sister, Mrs. Rod Andres, of Ionia, who served as matron of honor, and bridesmaids Mrs. William Moss, of Saranac, Mich., Sheila Mulford, of Middleville, Mich., and Mrs. N. Terry Swayne, of Lexington, Ky., the bridegroom's sister.

Their cage gowns of turquoise chiffon over lime crepe were designed with high yokes. Matching rose headpieces caught their brief tulle veils. They carried white lace fans bordered with peacock feathers, and single yellow roses.

Garry Ostrander, of Alpena, was best man. In the usher corps were James Elsener, of Chicago, Ill., Dr. Richard Dunn, of East Lansing, Ronald Wilkenson, also of East Lansing, Rodney L. Andres and N. Terry Swayne.

The bride's mother wore a mint green raw silk dress and matching jacket, while the bridegroom's mother selected a gold and beige brocade dress and matching coat. Both mothers' corsages were fashioned of yellow roses and white velvet leaves.

The newlyweds will return from a Canadian vacation to make their home in Detroit.

Mrs. Choma has in recent years become interested in the folklore of Puerto Rico and has made five trips there to collect ancient carved wooden figures made by santaros. These figures were venerated by many generations of country people before the era of Christian missionaries.

She will exhibit her collection and discuss the significance of the life-like figures.

The inspirational message will be given by Mrs. Norman O. Stockmeyer. Mrs. Nathaniel Banks, past-president of the Federation of Women's Clubs of Metropolitan Detroit, is program chairman and will introduce the speakers.

Edna Hack, presiding, will preside at the meeting, which will be held in the Goodwill Building, Brush street at East Grand boulevard, Detroit, at 1 o'clock. Miss Hack expects to attend a Workshop in Columbus, O., October 16 through 18, for members and officers of Area VII's local organizations which are affiliated with the National Auxiliary to Goodwill Industries of America.

The Area includes 27 auxiliaries in Michigan, Ohio, Maryland, Virginia and West Virginia and Washington, D. C.

The Women's Association was organized in 1931 to assist in the Goodwill's program of training and employment of handicapped persons. Choosing Glasses Children Like, of Parent-Pleasing Quality, is merely KID STUFF at Van Dyke!

At Van Dyke Optical, the young set makes the scene, cheerfully. We know how to make choosing glasses an adventure they cherish. (After all, that eye examination can be a trip to Mars, you know.) We've learned that Little Girls have their own idea of what Style is all about. (And heaven help the brave parents who try to dissuade them!) Little Boys? They could care less about style. Sure they want a frame that looks good, but there's a world out there waiting for them. Wistfully, too, we've watched Little Girls and Little Boys grow up. So, we anticipate it, and try to make it easier. No matter how old young folks are, we provide them the quality glasses they need for clear, sure vision...and the selection they like.

In her introductory report, Mrs. Perry welcomed members and outlined instructions for the presentation of monthly reports. Minutes of the June meeting were read and approved.

Reports were presented by Mrs. Bruce Reynolds, treasurer, and Mrs. Robert Williams, corresponding secretary.

Vice-president Mrs. James Mayshark advised that during the summer, 16 of the 22 recipients of financial grants from the Mothers' Club received the first half of those grants. The remaining six will be given in the near future, as more schools begin classes.

Many letters of appreciation have been received from these students. The Mothers' Club, through its scholarship program, will be giving \$6,800 in scholarships this year.

Mrs. Benson McClure, Faculty representative, informs the Board that the number of marking periods has been changed from six to four for the school year. Interim reports will be issued if necessary.

The Tenth Grade Party is scheduled for Friday, October

4, from 8 to 11 o'clock in the Gymnasium, according to chairman Mrs. William Cox. Chaperones are being sought.

The Ninth Grade Party is scheduled for Friday, October 11, from 8 to 11 o'clock in the Gymnasium. Mrs. Charles Mosher is chairman.

Four hundred eighty-two applications for membership in the Mothers' Club have been returned, with \$904 received. Mrs. Kenneth Adler is membership chairman.

The committee in charge of the annual fund-raising scholarship event will meet in October to formulate plans for this occasion. Mrs. Thomas Maurer is chairman of the benefit. This event will be held April 30.

Mrs. Sybrant Schaafsma, Play Ticket chairman, announced that the first play production will be "Life With Father," to be held November 14, 15 and 16. The Scholarship Benefit performance will be on the 14th.

Mrs. William Westhoff, mailing chairman, and a committee of six met in the Board of Education Building and labeled and mailed 2,175 newsletters August 29. Approximately 20 women and 15 students assembled 2,280 student kits, and on September 3, six women completed these student kits.

Senior Girls' Tea chairman Mrs. John Glover announced plans for the formal Senior Girls' Tea.

Seven couples are available as bus chaperones for the football games, according to chairman Mrs. I. T. Davis. Others are on call if needed. Six buses were scheduled for the Ann Arbor Game. Students must sign up Tuesday before an "away" game on Friday or Saturday.

Reports were presented by the Board of Education representative, Mrs. John Kelly, and Motion Picture-TV Council delegate, Mrs. Maurice DeClercq.

Mrs. P. N. Buckminster announced that all existing Neighborhood Groups will remain with the Mothers' Club. North High School is investigating the interest in these groups through its Parents' Group, for parents of students at North.

All existing groups, mothers of Seniors and of all students attending Grosse Pointe South High School should join the Bridge, Discussion and Sewing groups with South High Mothers' Club. The \$2 dues are paid at the first meeting. Additional information may be obtained by calling Mrs. Buckminster at 886-3446.

Mrs. King Clifford announced that plans were being formulated for the 9th and 10th Grade Parents' Night, October 7, at 7:30 o'clock. Counselors will present the program that evening. Refreshments will be

served by the Mothers' Club following the program. Future meetings of the Board will be held the first Monday of each month in the Board of Education Building at 12:45 o'clock.

MRS. JEROME D. SHULEC opened her South Oxford road residence for the Saturday, September 21, meeting of the Hood College Alumnae Club. Helping her entertain members from the Grosse Pointe, Detroit, Birmingham and Ann Arbor areas were MRS. FRANK C. FISCHER, of Lochmoor boulevard, and MRS. RICHARD SPOTSWOOD SMITH, of Neff road. Among those present at the fall luncheon gathering were MRS. WILLIAM BLAKESLEE, of Warner road, MRS. H. WESTON BURNETT, of Westchester road, MRS. JOHN B. McKEENAN, of Audubon road, MRS. IF ONE of the following pitches hits you it's just our way of getting to first base with you.

GAME TIME 2 P.M. SUN.

DON'T COUNT yourself out of the game just because you don't have tickets. On Sunday afternoon we'll be having OPEN HOUSE at three of our listings—and chances are our television will probably be tuned in to the ball game. Take a swing at one of the newest four-bedroom houses offered in the Shores at 41 Woodland Shores. The straight pitch on this white colonial is sure to catch your looking. The first floor line up includes large living and dining rooms, a tremendous country kitchen, family room with fireplace, two lavatories, a laundry and over-sized attached garage.

SHIFT AROUND the corner to 55 North Deeplands and shortstop this one before it gets out in the open where anyone can field it. A real grandstander, this type of house is always a crowd pleaser. Plenty of social rooms on the main floor, and a large first floor bedroom. Upstairs there are five more bedrooms and three baths. Both infield and outfield are well-groomed and ready for play. Better touch bases with us first... then be prepared to slide home.

BETTER CATCH this one at 1794 Allard before someone else pulls it in. If three bedrooms in a colonial house can tempt you off base, we're certain our salesman can complete the pick off play.

RESERVATIONS ONLY

CHOICE of the field or fielder's choice, this one's a toss up. If you desire the convenience of one floor living the house has two master bedrooms on the first floor. If you must have a total of four bedrooms, we can show you two more, each with its own bathroom on the second floor. Don't drop the ball this time, we're sure this one will make a hit.

YOU CAN SCORE a double play by picking off this two family dwelling on Trombley Road. Four bedrooms and three full baths on each floor with a complete apartment on the third. Well tagged, this one is waiting to be gathered in.

THE OWNER of this one has been caught in the old squeeze play. He's the proud possessor of two club houses, which is one too many. Take a cut at this new offering with four large bedrooms and three full baths on the second floor. The first floor has recently been completely done over, including the new country kitchen. Family room and library augment the large living and dining rooms. If this newcomer makes a hit with you, you might stretch it into a home... run.

THIS RANGY residence sprawls over a b-o-l-park-sized lot which includes a tennis court. There are enough bedrooms for each member of the team to have his own. Located on a deadend street which terminates at the lake, this definitely is a house for a big leaguer.

IF WE TOLD you this house was a part of murderers row you probably wouldn't want any part of it. Let's just say it's sure to make a hit with anyone who only wants three bedrooms, but all on the large side. Covers a lot so big it will take a good clout to carry a ball over the back fence.

"There are three things every man fancies he can do; farm a small property, drive a car well and manage a baseball team."

Pointe Counter Points

by Pat Rousseau

Our First Impression . . . of the Walton-Pierce Custom Salon was one of cool, calm elegance, when we viewed our first collection for the "Grosse Pointe News" . . . many, many years ago. We got to know Walton-Pierce better and spent more time there on more typical days. The impression changed. It's warm, friendly and very, very exciting! Some days it's like a fabulous bazaar! Mrs. Pierce with her daughters, Mrs. Huntington and Mrs. Leonard can be found surrounded by unfurled rolls of brilliant colors and unusual textures. They are selecting just the right fabric for the right design. On the coffee table, a jewelry expert has spread a ransom of emeralds, rubies, diamonds and sapphires . . . irresistibles to wear. Golden ropes with lapis, turquoise, oxblood and pearls are grouped together. The phone rings. It's Paris. Sue, the Walton-Pierce custom model steps out of a fitting room. She is now the center of all eyes. Everything else stops. She is in a carefully marked toile. The sleeve is being checked for set, length and ease of movement. A neighbor pops in with good news. A customer calls. She'll be in for her fittings. Is the workroom ready? It is. The phone rings. It could be anyone . . . anywhere in the world. One never knows. This is Wednesday. MRS. BERNARD J. UHALIK, OF NEWCASTLE ROAD

By Janet Mueller

Twenty years ago, when Detroit's first Torch Drive was being organized, Anne Uhalik asked a friend, a woman she knew was involved in United Foundation work, if there was anything she could do to help. "Naturally," Anne, wiser after the intervening 19 Torch Drives, laughs, "she didn't say No!"

So Anne started her Torch Drive volunteer work—as a doorbell ringer. "I used to take the children, (Linda, 19 now, and Dennis, 17) with me," she reminisces about her early days as a door-to-door donation collector.

"They loved it; sometimes, I think they were rather sorry when they became too 'grown-up' to go along."

Linda and Dennis both had a special reason to love "working" for the UF. They were adopted by the Uhaliks, Linda going on six, Dennis going on three, through Catholic Social Services, a Torch Drive Agency.

Pretty Fine Reason They're one of the major reasons Anne loves to work for the UF, too.

She recalls the day she finally became Linda's mother. A relative had adopted a child in Ohio; Anne knew there are costs involved in any adoption. She took out her checkbook, asking the Catholic Social Services representative, "How much do we owe you?"

"Nothing," came the reply. "We are a UF-supported agency. We'll be happy to accept any donation you care to give."

From doorbell ringer, Anne graduated to area chairman, responsible for the Torch Drive districts from Bournemouth road to Manchester boulevard.

Last year, she served as Division chairman for Grosse Pointe Woods from the Farms' boundary to Vernier road.

Takes Over New Area This year, in the 20th annual Torch Drive which opens October 15 and runs through November 7, she was asked, because of her past experience, to accept the Harper Woods Region chairmanship.

She said Yes—even though the job involved moving into an area that was new to her, starting from scratch to find the "good" workers that are the backbone of any successful fund-raising drive.

"It's been very hard this year," Anne admits. "The UF furnishes a list of previous volunteers, of course, but I have, on my own, called almost every church in the Region to get names of people who might help."

"I'm very proud of the fact that I've managed to find four excellent Area chairmen. This Region had a reputation for being 'difficult,' and I guess I accepted it partly BECAUSE of its reputation."

Enjoys A Challenge "It was a challenge, and I enjoy a challenge. I'm not a quitter. I won't quit until I do the job I've promised to do."

The Uhaliks, both originally from Cleveland, have lived in Grosse Pointe for 15 years, first in Vernier, then in Newcastle.

A Magic Carpet . . . you don't need to transport you to fabled lands. Keshan, Kerman, Bokhara and Scerghan conjure distant places and wealth of ancient design. Pick your carpet at Ed Maliszewski's, 21435 Mack Avenue. It will land right in the decorative picture for 1969 because the trend is to oriental rugs. You don't need a pocket of gold for these excellent reproductions from Belgium. A 9x12 flies out of the store for about three hundred nineteen dollars.

every August, there's the Tomato Expedition, followed by Canning Day . . .

Production Line Project A brother of one of the Club members has a farm in Ohio. "We take the whole day," Anne explains, "and we go down to pick tomatoes. This year, we picked 16 bushels."

"We brought them home, put them in our basement, and I thought, as I do every year, 'My God, what have I DONE!'"

"Then on Labor Day the eight of us, with all our children, canned 100 quarts of tomatoes. It's an Assembly Line project. Everybody has a job."

And everybody has a grand time. Anne's especially pleased by the young people's comments. Nothing delights her more than to hear Linda says, "When I get married, I'm going to can tomatoes," to hear someone else's child remark, "If we didn't do this one year, I would REALLY miss it . . ."

She's A Marvelous Cook The home-made cookies at the Uhalik home are as good as the home-canned tomatoes. Anne's a marvelous cook—despite the fact that she claims "I usually prepare my whole dinner while I'm on the phone."

Just the other day, she made 80 "phone calls, trying to replace one of my UF replacements." She succeeded . . . But she's not surprised that her friends maintain THEY'RE surprised when they reach her!

For Anne, the time the Torch Drive asks its volunteers to donate is more than justified by the results the United Foundation delivers to the community.

The Torch Drive seeks to raise operating funds for nearly 200 healthy and community services in Wayne, Oakland and Macomb counties. Last year's campaign raised a record-breaking \$27,573,109 for 32 child care services, 25 health and medical services, 32 services for the aging, 68 character building services and 44 services for troubled families.

Starts in March "I begin working in March for next fall's Torch Drive," Anne explains, "organizing, training, and just doing general trouble-shooting."

Month by month, her schedule grows heavier. The Division is organized. Each Division in Ann Uhalik's Region schedules its own meetings; Anne attends them all.

The Torch Drive "Women's Army" is a highly efficient organization, operating under a well-defined chain of command. Anne's immediate superior is Mrs. William W. Peattie, of Moran road, Eastern Wayne Unit chairman for the '68 Torch Drive Residential Campaign.

Mrs. Peattie reports to Mrs. Henry H. Hubbard, III, of Lothrop road, Tri-County Residential chairman.

All of these ladies are strictly concerned with house-to-house solicitations; business solicitations are handled by another branch of the Torch Drive volunteer corps.

Each Has Own Reason Each volunteer has his/her own special reason for helping the United Foundation. "Most of my volunteer work has been with and for children; they're where my interest lies," Anne Uhalik explains her personal motivation.

"I get a feeling of satisfaction in knowing that, through me, children are being helped, helped in any other way, physically, mentally and emotionally, to grow up to be law-abiding citizens and God-fearing people. This is what I've always lived for . . ."

And this is why, for 20 years, "Autumn" has meant "Torch Drive" to Anne Uhalik. She

can't imagine a leisurely October. But she INSISTS on a leisurely December.

"After our November victory dinner, (Anne's convinced it will be a '68 Victory Dinner "I think Detroit's a proud town this year," she says. "I think a lot of things, most certainly the Tigers' winning the pennant, have made us proud, given us a certain momentum that will carry the Torch Drive over the top I have no qualms"), I always lie low for a month or so."

Plan Anniversary Vacation "We celebrate our 25th wedding anniversary in February, and we hope to be gone for the month, vacationing on the West Coast . . ."

We hope they're gone, too—not that we want to be rid of the Uhaliks, but we don't know one woman who deserves a lazy February-in-the-sun more than Anne.

She "survived" the summer and fall on long weekends. She's worked while the rest of us played.

She doesn't begrudge the time spent, on this year's Torch Drive or on any of the 19 that preceded it—but she IS looking forward to a warm and leisurely winter.

I think that the picking up of a word of a politician by the daily newspapers — and deliberately twisting it for ridicule is despicable — whether he's a Democrat, Republican, or Prohibitionist.

It's too bad a man can't say what he thinks or even make a foolish remark once in awhile without having his future depend upon it — after all, politicians are human even though today they are a pretty sorry lot — the hounding and baying of an asinine press is reprehensible and certainly not conducive to frankness.

Ever go tomato picking . . . and wind up with "green gunk"—stained fingers? You can scrub and scrub and scrub your hands with soap and water, still the stain clings . . . Well, here's a Stain-Away Secret, courtesy of that Veteran Tomato Picker Anne Uhalik, this week's "Pointer of Interest": When you've finished your picking, just grasp your final tomato firmly in one hand and squeeze—then wash both hands in the tomato juice and rub them with the pulp. Presto! No more "green gunk" (of course, you still have to use soap and water to wash away the tomato juice—but one quick rinse should take care of that) . . .
