He also disclosed that he would not make any cabinet appointments until December 5 at the earliest.

Last week's NEWS carried a picture of the new swimming pool at the recreation area at the foot of Alter road. This view, across the new wading pool and the big pool, shows the new bathhouse which is

Pointes Share In \$111,533 Road Fund

Third Quarter Report by
State Highway Director
Reveals 11.9 Percent
Increase in Collection.

The five Pointes will share \$111,533 of a total of \$66,985,812 of third quarter Motor Vehicle Highway Fund collections being distributed to Michigan counties, cities and villages. The distribution was announced by Henrik E. Stafseth, State Highway director on Thursday, November 7.

Stafseth said that net receipts in July, August and September showed an increase of \$10,834,206, or 11.9 percent more than the same period of 1967. Most of the increase is attributed to the gas tax which took effect last January 1, he pointed out.

A breakdown of the amounts to be received by the Pointes, is as follows:

Woods, \$36,532; Park, \$30,463; Farms, \$25,847; City, \$13,862; and Shores, \$4,289.

Wayne County's share amounted to \$4,296,495, Stafseth disclosed in his quarterly report.

The Motor Vehicle Fund includes all state gasoline and diesel fuel taxes, and license plate fees. After deduction of collection costs and the Waterways Commission's share, 46 percent or \$30,804,273, goes to the Department of State Highways; 34 percent, or \$22,768,376, to counties; and 20 percent, or \$13,393,162, to 328 incorporated cities and villages for use on State and local highways, roads and streets.

Park Recreation Projects Near Completion; Marina, Pools, Bathhouse Included

Total Cost of Improvements at Two Sites Is \$720,000;
Job To Be All Finished in Time for
Opening of Parks Next May

By the time the next boating season opens on May 1, 1969, enthusiasts of this type of recreation will be hard put to locate where the old marina had been in the Park's Waterfront Park. This, too, applies to trying to find the spot covering the old swimming pool.

Park manager Robert Stone expressed deep satisfaction on the work progress of the \$720,000 recreational improvement program at both the Waterfront and Three Mile Drive Parks.

The work on the \$570,000 improvements, mostly at the Waterfront Park (swimming pool, bathhouse, etc.), should be completed by Friday, November 15; and the new \$150,000 marina, with its 228 boat wells, should be finished by Saturday, November 30, the city manager said. So far, everything is progressing on schedule.

Two Bond Issues
The general recreational facilities are being paid for out of the \$570,000, raised by a General Obligation Bond issue authorized by the voters earlier this year; the \$150,000 comes from a Revenue Bond, which will be paid off from revenue received from well rentals.

Stone said on Thursday, November 7, that the marina was about 80 percent completed, and by the end of the month should be finished, except for the installation of water and electrical facilities. This phase of the program will be done during the winter months, he said. The painting of the wells will be done during the spring, and completed by May 1.

The city manager said that the city will shortly send out notices to boat owners who had been renting wells at the Waterfront Park, and those on the waiting list, for their reservations for next season. Rental fees will range from \$125 to \$350 a well, depending on the size of the boat.

Take 28-Foot Boats
Most of the wells are 14 feet wide and 35 feet long, and these will take boats up to 28 feet long. These wells will rent for \$200 a season, he added.

All 228 wells, regardless of size, will have water and electricity, Stone pointed out.

The filled-in old swimming pool and old marina areas will be completely landscaped. Added to the strip of land sold to the Park by the State Conservation Department, with the approval of Detroit, the filled-in areas and the strip have increased the Waterfront Park area by four valuable acres.

Planting 87 Trees
Eighty-seven trees of varied species will be planted throughout the park, especially at the filled-in spots. Twenty of the trees will be planted along Windmill Pointe drive, and some trees will replace those that had to be uprooted to make room for the new pool and bathhouse.

The old gate house at the Waterfront Park, at the foot of Alter road, will be torn down, to be replaced by a planter, with a cement edging. A new gate house, measuring 12 feet by 24 feet, is presently under construction within the park itself.

The parking spaces at the Three Mile Drive Park will be increased from 78 to 115; and spaces for the Waterfront Park parking will be doubled from 150 to 300.

Association, there are close to 100,000 persons in Michigan who have diabetes and don't know it. The purpose of the detection drive, an intensified version of the year-round detection programs, is to find the unknown diabetic and refer him to his physician for prompt treatment.

The early detection of diabetes is most important, says Dr. Kaine, because diabetes can best be controlled and treated, when found early.

Judges Pick First Winner In Contest

Lisa Bowers of University
School Awarded Weekly
\$25 Prize by Pointe
Rotary Club

The judges have announced the first winner in The Rotary Club of Grosse Pointe's contest, Youth Forum. She is Lisa Bowers, a senior at Grosse Pointe University School. Lisa was awarded \$25 in cash for her winning entry.

The Rotary Club urges Grosse Pointe students to join the contest which will run on a weekly basis, for the best essay, editorial, letter or article on subjects of interest to the youth of the community as they relate to each other, their parents, their teachers, the police, and the community itself.

The \$25 cash prize will be awarded each week to the Grosse Pointe student who in 350 words or less, presents an entry selected by the judges for publication in the NEWS. Sincerity and originality are more important than form or style for the purpose of this contest. The entry must be legible, must be signed, and should be submitted in a sealed envelope bearing the name and address of the contestant.

More than one entry is permissible. All entries become the property of the Rotary Club of Grosse Pointe. The decision of the judges is final. The name of the winner will be withheld from publication upon request. Send your entry to The Rotary Club of Grosse Pointe, Youth Forum, P.O. Box 5212.

This week's winning entry is printed on the editorial page of this issue.

Absentee Votes Set New Marks

All the Pointes report Absentee Voting was high this year.

The Woods issued 1200 absentee ballots as compared to 700 four years ago.

The Shores reports absentee voting almost doubled, totaling 220 absentee ballots.

In the Farms approximately 1100 absentee ballots were cast, about 300 more than were cast four years ago.

The City of Grosse Pointe reports 610 absentee ballots issued, which is 142 more than in the last presidential election.

Grosse Pointe Park issued 800 absentee ballots a considerably higher number than four years ago.

Motorist Drowns When Car Plunges Into Lake St. Clair

Rescue Attempts by Two Shores Policemen Foiled
by Numbing Cold Water; Man's
Death Ruled Suicide

Two Shores police officers, Patrolmen Daniel Healy and William Marshall, dove into the cold water of Lake St. Clair on Thursday, November 7, to try to save a drowning man, but were forced to give up when they became so numb from the chill water they had to turn back. The victim drove his car over the seawall and into the lake.

The Wayne County Medical Examiner's Office ruled that the death of Kenneth G. Versigan, 22, of 17370 Ilene, Detroit, was due to drowning, and that it was a suicide.

Versigan was traveling north on Lake Shore at 12:45 p.m., at what is believed to have been an excessive speed, when he swerved from the roadway opposite 625 Lake Shore. The vehicle shot over the seawall and approximately 75 feet out into the lake.

Worker Hears Splash
Anthony M. Aiuto, 36, of 21150 Huntington, Harper Woods, who was working in the front yard of the Lake Shore address, did not see the car go into the lake, but did hear the loud splash it made. He ran to the water's edge and saw the automobile sinking.

Aiuto yelled to his co-worker, Shirley R. Baumgarten, 23, of 22017 Nevada, East Detroit, to call police.

Healy and Marshall, in separate scout cars, were the first to arrive at the scene. They shed their guns and belts and dove into the water, but were hauled out, numb and shivering, by others who arrived.

A call from the Shores station to the Grosse Pointe Yacht Club, brought out Harbormaster Dovie Martens and Bruce Sellers, who located the top of the submerged car, and placed a marker buoy over it. The St. Clair Shores Coast Guard Station was contacted and a boat and crew were dispatched to the location.

Scuba Divers Help
PO/1 Robert E. Morin, in command of the boat, dove into the water in a scuba outfit, and within a few minutes he was assisted by Leon Sehoyan of 57 Colonial road, and off-duty City Patrolman Virgil Beaupre, both scuba diving enthusiasts, who volunteered their services. They swam to the car and attached chains from two wreckers from the Mack-Moross service station, and the vehicle was pulled out. Approximately 35 men helped in hauling the auto out of the water, and over the seawall. Police found a pint bottle of whiskey, some of its contents consumed, in the car.

Several hundred onlookers stopped to watch as the futile rescue attempts were made, and remained to watch the body and the car pulled from the lake.

Was Deliberate Act
Shores Police Chief Thomas Cochill, who was at the scene, said that there were no skid marks on the pavement, nor any sign on the grass that Versigan had tried to step on his brakes to stop his car. From

Council Launches Program To Attack Teen Problems

Due to the growing concern among responsible citizens with the increase in teenager drinking and drug taking, the Family Life Education Council conducted a preliminary exploration of these problems and their possible solutions at a meeting held recently at Grosse Pointe University School.

Representatives from The Neighborhood Club, the Department of Community Services, local public, private and parochial schools, county clubs, police forces and churches, were present and exchanged ideas at a brainstorming session.

From this exchange the group established attack committees which will attack these problems in five areas. The first area of attack is the problem of adult and parent carelessness which

The fourth attack area is four-fold and will deal with: the de-

velopment and promotion of programs geared to provide relevant information to the public at large regarding the alcohol and drug problems through public meetings; to break the prestige of drinking; to organize a neutral resource center for parents and minors to obtain alcohol and drug education information, and to provide a reporting center for suspected involvement.

As a follow-up to the meeting at Grosse Pointe University School, the Family Life Education Council is planning a meeting on Tuesday, November 19, at the Neighborhood Club Teen Center, 17150 Waterloo, at 8 o'clock, in which interested citizens can join in this community effort by volunteering to be a member of the target sub-committees.

Mr. Short currently serves as Chairman of the Legislative Committee of the Michigan Library Association and is also on the Board of Trustees for the YMCA for the State of Michigan.

In other business, the trustees acted upon a number of routine matters, including the approval of the minutes of the regular meeting of October 14.

To Hold Presentation
It was announced that the third in the current series of educational presentations will be held at 7:30 p.m. on Monday, December 2, in the gymnasium of Montclair School. The topic will be the community's public high schools. The public is invited to attend.

Copies of the presentation given November 4 by the elementary principals were made available to members of the audience, as were recent copies of "Staff Comments," an internal school publication.

The Grosse Pointe Association of Educational Secretaries ratified its contract with the Board of Education by a vote of 76 to 3 at a meeting held at 5 p.m. Monday. At the meeting, the trustees passed a resolution approving the new secretarial contract.

Among points raised by members of the audience was a letter read by Mrs. Joseph H. Perry, III, President of the Mothers Club of South High School. She reminded the trustees of the serious need for renovation of the building.

all appearances, it seemed that the young man had deliberately driven his car into the lake.

The County medical examiner official who was called, ordered the body taken to the Shores station, where, after examination, it was ruled that death was by drowning.

The suicide verdict was based on information from close relatives, that Versigan had been despondent, and threatened to take his life on several occasions. He actually attempted to kill himself last December, it was said.

Since the death was ruled a suicide, it will not be recorded as a traffic fatality, Chief Cochill said.

Arrest Reveals Second License

A Detroit woman, stopped by a Woods policeman for a traffic violation, produced a valid Florida operator's license, but was arrested for driving while her Michigan license was revoked.

Patrolman Robert Setchell, in a report of the arrest, said that he was patrolling on Mack avenue, on Tuesday, November 5, when he observed Frances Ann Bruce of 2305 Park, traveling north on the avenue at a high rate of speed. The scout car radar set the pace at 50 miles an hour.

The officer stopped the woman at the north city limits, and requested her license, and she produced the one from Florida, claiming that she just arrived in Michigan about a month ago.

Setchell radioed his station for a check on the validity of the woman's license. The return reply indicated that the Florida document was valid, but that Miss Bruce's Michigan operator's license had been revoked.

The woman was taken to the station where she was issued two violation tickets, one for speeding and the other for driving while her Michigan license was revoked. The Florida license was confiscated.

Miss Bruce was released on \$100 bond, and is scheduled for an appearance in the Woods Municipal Court on Saturday, December 7.

sible" diabetic and his physician are aware of the testing result.

Persons most likely to be diabetic are over 40, overweight, and blood relatives of someone with diabetes. Women are more susceptible than men. Mothers who have had exceptionally large babies, nine pounds or more, are likely to develop diabetes at some time in their lives.

Common symptoms of diabetes are extreme thirst, frequent urination, constant hunger, loss of weight, itching, easy tiring, changes in vision and slow healing of cuts and scratches. However, it is possible to have none of these symptoms and still have diabetes. That is why being tested can prove to be so important.

Once discovered, diabetes can be controlled by diet, exercise, and when necessary, insulin or one of the oral compounds that reduces blood sugar. A planned diet is basic to the successful control of diabetes.

Neglect of diabetes may lead to an increased risk of coronary disease, hardening of the arteries, cerebral hemorrhage, blindness, kidney disease, gangrene, and diabetic coma. The problem of diabetes has

a special importance to all working people. "There is little question," says Dr. Kaine, "but that well controlled diabetics are outstanding successes in nearly every profession and are proficient in almost every line of work. The few exceptions are a very small number of especially hazardous jobs."

But people whose diabetes is uncontrolled because they don't know that they have it, often lose out on the job. They may be out more often than others because of illness, but may not feel sick enough to call a physician. They may be highly susceptible to skin infections, colds, flu, pneumonia, tuberculosis, and a variety of upsets. Uncontrolled diabetes opens the

door to a variety of health problems. Thus it is wise for anyone,

especially those in the more susceptible groups, to be tested for diabetes.

Pointe Jaycees Have Charter Night

Grosse Pointe's Junior Chamber of Commerce became official on November 7 when a charter was presented at a ceremonial dinner. Among those participating were, left to right: PAUL D. BAGWELL, the principal speaker; PIETER VAN HORNE, president of the new group; and JOHN C. PROST, extension chairman of the Detroit Jaycees.

The Golden Lion Restaurant was the scene of Charter Night for the Grosse Pointe Jaycees, on Thursday, November 7. Paul D. Bagwell, past president of the United States Junior Chamber of Commerce, was the principal speaker of the evening.

The Charter from the United States Jaycees, the Michigan Jaycees and the Junior Chamber International was presented to the president, Pieter van Horne, by Don DeMoss of Flint, Mich., external executive vice president of the Michigan Jaycees.

Other Jaycee officers in attendance were John Bernard, national director of the United States Jaycees; and Ron Hoppe, state vice-president, Michigan Jaycees. Gordon R. Miesel, past president of the Detroit Jaycees presented the Grosse Pointe Jaycees with a large banner with the inscribed Jaycee Creed. The Detroit Jaycees, under the direction of the extension chairman, John C. Prost, were responsible for starting the Grosse Pointe Jaycees over the past several months.

The toastmaster of the banquet was Prost, who introduced the mayors and councilmen present. They included Matthew Patterson, Grosse Pointe Park mayor; William G. Butler, Grosse Pointe Farms mayor; Gilbert T. Jerome, Grosse Pointe Shores president; and Kenneth R. McLeod, Grosse Pointe Woods mayor.

The Councilmen attending the banquet were Ken Boerner, Grosse Pointe Woods; Don Cook, Grosse Pointe Woods; Ben Pinkos, Grosse Pointe Woods; Richard Hudson, Grosse Pointe Farms; Doug Grahams, Grosse Pointe Park.

Mr. Bagwell told those in attendance about several of his

outstanding experiences in the Junior Chamber of Commerce movement in the past 25 years. Bagwell said "I am so very pleased that you started a Jaycee Chapter in the Grosse Pointes. Our community is indeed fortunate to have these young business and professional men working in community development and leadership training."

Pieter van Horne, President of the Grosse Pointe Jaycees and the other officers were sworn in by Michigan Jaycee vice president Ron Hoppe. In receiving the Charters, van Horne told those in attendance that the Jaycees had already gotten involved in several community projects. One of these was helping to gather election returns through the News Election Service which was comprised of the CBS, NBC and ABC, AP and UPI organizations. Also, he indicated that the Grosse Pointe Jaycees would be conducting a community survey

to find out what problems exist in the community and where the Jaycees could be of some assistance.

The Grosse Pointe Jaycees are made up of young men between 21 and 36 interested in community affairs and leadership training. Anyone interested in joining the Jaycees should call Mr. van Horne at 886-8302.

Naval Officers Has Views On Edict on Model Planes

Last August the Grosse Pointe Woods Council was faced with a dilemma. Residents near Parcels Middle School, some 162 strong, were complaining bitterly about the noise and safety hazard created by motorized model airplane enthusiasts, who were flying the planes on the school grounds.

Those residents urged the Council to pass an ordinance which would prohibit the flying of these motorized planes. The hobbyists urged the Council not to do so. After much soul searching, the Council voted to pass an ordinance which declared the operation of internal combustion model airplane engines within the City of Grosse Pointe Woods a public nuisance and the use of such prohibited. Persons violating the ordinance could be faced with a fine not exceeding \$500 or imprisonment in the City or County Jail for a period not to exceed 90 days, or both fine and imprisonment at the Court's discretion.

Following this action on August 5, the NEWS ran a story, (August 8), which was subsequently read by LCDR Thomas N. Jones, USNR, who is temporarily living near Garden City, Long Island. His ideas are expressed in letters to the NEWS and to Mayor Kenneth L. McLeod of Grosse Pointe Woods. They follow.

 Grosse Pointe News

 Gentlemen:

I am enclosing a copy of a letter I sent to the Mayor of Grosse Pointe Woods on August 19, 1968. I am forwarding my copy because I understand that nothing beyond the action reported in the NEWS had been done.

Two points were brought out in your article, namely that the noise and the "danger" were the chief objections. I have been checking to see what if anything can be done to overcome these objections.

I find that through the model organizations, very substantial

insurance can be purchased for just a few dollars a year. This should aid in solving this part of the objections. As to the noise problem, which I suppose can be objectionable, there are on the market mufflers and some communities require them for operation.

I am strenuously opposed to the action taken by the Grosse Pointe Woods Council, and wish to add my voice to those who have spoken out at the council meetings.

I have received a reply to my letter from Mr. Chester Peterson in which he assured me that the council would keep an "open mind" on such matters. I believe that more than an open mind is needed. Someone has to take the lead and initiate action. Perhaps the NEWS is that someone.

I shall look for your reply with interest.

Cordially yours,
 Thomas N. Jones

 Mayor Kenneth L. McLeod
 City of Grosse Pointe Woods
 20025 Mack Avenue
 Grosse Pointe Woods
 Michigan 48236

Dear Mr. Mayor:
 I read with interest in the August 8, 1968 issue of the GROSSE POINTE NEWS, of the Grosse Pointe Woods Council's action in banning the flying of gasoline engine powered model aircraft within the city limits.

As a resident—although temporarily living in New York—I am disturbed over the council's action. Since our recall to active service a year ago, we have been living near Garden City, Long Island, and have had a chance to observe how other cities operate their community services. The area we live in is part of Nassau County, which to our delight and amazement operates one of the finest, most extensive park systems we know of. Without casting unwarranted reflections on the parks of the Pointes and the Detroit Metropolitan area, we can safely say that they do not hold a candle to the Nassau County system. I bring this up because they have included in their recreational programs, provisions for model airplane flying, both tethered and radio control, pony cart racing, pistol and rifle ranges, tennis, golf, boating facilities, swimming facilities, picnic areas, museums, and are presently building a complete new cultural center. The directors of this vast system seem to have a can-do attitude when fostering activities such as I have mentioned. I would commend such an attitude to you and the

AMA President At Bon Secours

In a frank and searching appraisal of the need for medical care and the deficiencies of the present program Dr. Dwight L. Wilbur, president of the American Medical Association urged that the Association take the lead in sponsoring and stimulating education and training of more physicians, nurses, technicians, medical assistants, therapists and other workers in the health field.

Dr. Wilbur was the speaker at the Annual Fall Symposium of Bon Secours Hospital. He had a large and enthusiastic audience of staff members, hospital personnel and guests.

"The community hospital is the focus for health care for the people. It should have facilities for Emergency Care and for Intensive Care, Coronary Care, Intermediate and Ambulatory Care. It should provide outpatient services for X-ray and laboratory examination since many studies can be carried out before surgery. The use of these facilities would reduce the number of days of inpatient hospital care, thereby lowering the cost of medical care."

Grosse Pointe Woods Council. Would it not be better to see if a time and a place cannot be found to encourage the building and operating of model airplanes, boats, and the racing of the so called go-carts under proper supervision, rather than banning them. These activities absorb many hours of time and are an excellent means of development of those skills that are so important to a boy as he attains manhood, namely skill with hands and mind to create.

A great deal has been done in Grosse Pointe to develop the Little Leagues for the athletic minded, but what of those whose talents are more of a mechanical nature? We have a fine waterfront park. Isn't there a part of it that could be used for other than its present uses? What I am saying, Mr. Mayor, is that you and the other members of the council are men who have displayed initiative in the business world. Can't you apply it to city government, especially in the area of recreation? It is easy to say no, but how much better to find a way to say YES even if under strict control. May I offer my encouragement to all of you to take such a course of action.

Alister Hardy To Speak Here

Sir Alister Hardy will lecture on "Religion and Evolution," on Wednesday, November 20 at 8 p.m. at the Grosse Pointe Unitarian church. Tickets are on sale Sundays after church and are \$2.

The distinguished British professor will discuss his departure from the traditional Darwinian evolution theory and his desire to prove that God is "Both a philosophical and scientific reality."

Sir Alister is emeritus professor of Zoology at Oxford and Gifford Lecturer at the University of Aberdeen from 1963 to 1965. He was awarded his Oxford D.Sc. in 1938, was elected a Fellow of the Royal Society in 1940 and was knighted in 1937.

Precautions Urged Against Burglary of Pointe Homes

This is the time of year when police in all communities are bracing for the upsurge in the reports of burglaries they expect to be receiving from local citizens, according to Farms Det. Joseph Miller. Residents should take every precaution to help cut down these breakins.

Miller said that more home and store burglaries are reported during November and December, than at any time during the year. He attributed this to the holiday season, when families purchase Christmas gifts and keep them about the house until they are to be put under the Christmas tree.

Too, the detective said, with the advent of cold weather, many families leave home for warmer climates, and are gone from short to long periods of time. Some will be returning to find their residences have been forcibly entered and ransacked, and valuables taken. Many leave without taking the necessary precautions to discourage criminals from breaking into their homes.

For those who will remain at home, Miller advised that when they leave the house for an evening, to keep a light on while they are absent. The little cost of burning electricity is well worth it, since it may save the loss of valuables, and possibly the cost of damages which might be caused by unlawful intruders.

Citizens planning on leaving town for any period of time, can give burglars an open invitation to break into their homes by placing a notice in the newspapers that they are away. These notices are the biggest source of information to robbers. Miller said that there are many things that citizens can do to help prevent illegal entries of their homes, and one of them is to not "advertise" it.

If you plan on going out of state for any period of time, Miller said, notify your local police, so that they can keep a watch on your home.

Inform your neighbors of your intention and ask them to keep an eye on your premises, and if they see or hear anything suspicious, to call police immediately. Ask them to check your property periodically, and to make sure that everything is locked, even after the police make their rounds. A smart burglar waits until police make a routine inspection, and then when the officers leave, breaks into a home.

Notify your mailman to withhold your mail, or forward it to wherever you are staying, or, if you do not plan on remaining away from home too long, have one of your neighbors collect your mail and keep it for you until you return. Have your neighbor also collect any advertising flyers that might be placed on your porch.

Notify your milkman and newsboy that all deliveries are to be stopped during your absence.

One of the best investments citizens can make, if they plan on going away, Miller said, is the purchase of a timer, which can be set to turn on lights, televisions, or radios at the approach of darkness, to give the impression that someone is at home.

Records Stolen From City Store

While on routine patrol on Kercheval on Wednesday, November 6, City police noticed a boy walking alongside of Jacobson's Home Decorating, 17141 Kercheval, carrying several unwrapped records.

Officers stopped the youth and asked him where he got the records. The youth said he had just purchased them at Kresges'. He did not have a receipt on his person. He told officers he had thrown it away.

The officers and the youth went to Kresges' and the lad indicated the clerk from whom he allegedly purchased the records. The clerk denied making the sale.

The boy was taken to the station then released to his parents. The records were valued at approximately \$13.

Rapidity does not always mean progress, and hurry is akin to waste. The old fable of the hare and tortoise is just as good now, and just as true as when it was first written.

State Penalizes 6 Pointe Drivers

Secretary of State James M. Hare, in a weekly report dated November 1, revealed that his office had suspended the driving privileges of three citizens of the Pointe, and completely revoked that of three others.

The report showed that the operator's license of Paul J. Keeler, Jr., of 1022 Harvard, has been suspended as of October 15 through January 12, because of an unsatisfactory driving record.

An approximate three-month suspension, from October 1 through December 28, was given to Salvatore Ciaramitaro of 1329 Berkshire, because of an unsatisfactory driving record.

Michael Louis Flattery of 29 Briarcliff place, had his license taken from him from October 10 through January 10, because of an unsatisfactory driving record.

Those who had their licenses revoked, were: Joseph M. McElligot of 655 Hampton road, as of September 3, because of driving while under the influence of liquor and failing to comply with the Financial Responsibility Law; Clinton P. Reid of 15420 Windmill Pointe drive, as of October 17, because of an unsatisfactory driving record; and Thomas W. Kleinschmit of 716 Rivard boulevard, as of October 14, because of an unsatisfactory driving record.

The Secretary of State's report revealed that during the week of October 27-November 2, the drivers' licenses of 917 Michigan motorists were suspended and those of 237 were revoked.

GLASS SHATTERED

Mrs. George Christiansen of 175 Vendome, notified Farms police that an unknown person threw an egg-sized rock through the casement window of the north front bedroom of her house, shattering the glass. The missile landed on the mirrored glass of a small table beneath the window, shattering that, too, she said. The incident was reported on Thursday, November 7.

University School Hosts Panel to Discuss Drugs

On the evening of November 7, at 8:00 p.m., the Grosse Pointe University School sponsored a panel discussion on the subject of drugs in the community, for a large group of the families of children in the school. The panelists were Allen H. Andrews, Jr., the Director of Public Safety of Grosse Pointe Woods, Dr. Max Gardner, a psychiatrist, and the Reverend Gary Gruber, associate rector of the Grosse Pointe Memorial Church.

Symphony Opens Season Sunday

The Grosse Pointe Symphony will present its opening concert of the current season Sunday afternoon, November 17, at 3:30 o'clock in the Parcels School Auditorium. Guest artist will be pianist Francis Brancalone.

The program will include Prelude to Act Three, "Die Meistersingers," by Wagner, Mozart's Eine Kleine Nachtmusik, Prokofiev's Concerto for Piano and Orchestra Number Three, featuring Mr. Brancalone, and Chabrier's Espana. Tickets will be available at the door, and the public is cordially invited to attend an artist's reception following the concert.

Among the old friends invited to hear pianist Brancalone are Father Robert Ryan, director of the Roman Catholic Archdiocese's Music Commission and of the Palestrina Music Institute, and Father Edward Majeske, now retired, who taught Mr. Brancalone during his high school years in Detroit.

Parents Invited To St. Paul High

Education is for everyone. On Wednesday, November 13, from 7:30 till 9:00 parents of St. Paul High School students learned much in their one night at school.

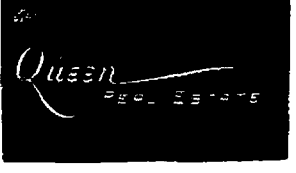

They were able to follow a shortened version of their child's schedule. This gave parents an opportunity to meet and talk with all of the teachers and learn something about the general format of each subject. This activity was held in coordination with National Education Week.

Men Gardeners Meeting Nov. 21

President Sam Macy of Men's Garden Club of Grosse Pointe urges all members to attend the monthly meeting at the War Memorial Center on Thursday, November 21, at 8 p.m. The annual election of officers is to take place, with a slate of nominees presented by a committee headed by Alfred R. A program of garden discussion will follow. Plans will be announced for the Ladies' Night meeting to be held in December. At that time it is anticipated an unusual program of garden films will be shown. The clubs presentation of

plaques to winners of the 1968 Service and Horticultural Awards, postponed from the October dinner meeting, will be made at the December session. Curiosity is like fire—it can be either helpful or harmful.

Michael Synod Killed in Battle

An 18-year-old Pointe youth was killed Friday, November 1, in Quang Nam Province, just five days after returning to duty from nearly a month in the hospital recovering from an earlier wound. The youth, Marine Lance Cpl. Michael J. Synod, was the son of the John Synods, of 696 St. Clair avenue.

Students at Maire Enjoy Annual Tour of Washington

For the fifteenth year the Maire School Annual Washington trip, sponsored by the school's PTA descended upon Washington for two glamorous days on October 24-25.

This year both fifth graders at Maire School and last year's fifth graders, currently attending Pierce, whose trip was postponed because of the Poor People's March last year, some 117 students in all, left Union Fort Street Station at 5:15 p.m., on the 24th. Forty adults accompanied the group.

The entourage arrived in Washington on Friday morning and were greeted by sunny skies, of which they took advantage immediately by having their pictures taken on the Capitol steps.

The students toured the Capitol, had lunch, and then visited the Bureau of Printing and Engraving, where they watched the printing of currency. They went on to the Federal Bureau of Investigation where an FBI trainee served as guide.

They then stopped at their hotel, the Woodmen, for a short rest, after which they regrouped onto three private tour buses for dinner and a tour of the National Historical Wax Museum.

Then a nighttime tour of Washington, which included stops at the Jefferson Memorial, where they had a breathtaking view of Washington at night.

On Saturday they enjoyed an especially conducted tour of the White House, prior to the regular visiting hours, arranged by Lucien Nedzi. The next stop was Arlington National Cemetery where they saw the statue of the flag raising at Iwo Jima, the impressive changing of the guard at the Tomb of the Unknown Soldier, and paid their respects at the Kennedy gravesites.

This was followed by a drive through the countryside beside the Potomac to Mount Vernon, where the group spent time, viewing the home of our first president and buying souvenirs.

They then toured historical Alexandria after which they returned to Washington for lunch and a visit to the Smithsonian Institute.

An exhausted but happy group of students then boarded the train for dinner, and the happy ride home.

Edward Dely of the Kearney Travel Agency accompanied the students. Tour chair-

men were Mrs. Philip Dickinson, Mrs. John Dodge, and William Ehrlich. Other adults accompanying the group were: Dr. Gordon Murray, Miss Helen James a teacher at Maire School, and Mrs. Gordon Murray, Dr. William Nichols, Mrs. Richard Blondell, Mrs. Harry Hoffman, Mr. and Mrs. Carl Mann, Mrs. Donald Kuhn, Mrs. Robert Waldron, Mrs. Gerald Sweet, Mrs. Gino Cioe, Mrs. Carl Fischer, Conrad Ott, Delbert Schneider, Mrs. Marvin Mead, Mrs. Ronald Ladd, Mrs. Robert Freer, Mrs. Charles Angell, Mrs. Evelyn Griefenstein, Dr. and Mrs. Jacques Beaudoin, Mrs. Robert King, Miss Julie Ralph, Mrs. Stephen Sweeney, Mrs. James Finerty, Mrs. William Kessler, Mrs. John Williams, Klaus Motte, Mrs. Frederick Stopel, Gerald Crane, Joseph Jagolls, John Mazer, Mrs. Ralph Miller, and Mrs. Gerald Smith.

Decoration Won By Sandy Wiener

Alexander L. Wiener, Jr., 31, son of the Alexander L. Wiener, of Woodland place, was recently decorated by the Vietnamese government for meritorious service. President Thieu made the presentation.

Sandy has been serving as a civilian in the Mekong Delta for 18 months with the United States Agency for International Development, which is involved with the pacification program there. The agency works pri-

marily with educational and agricultural programs.

Sandy attended The Choate School, Grosse Pointe University School, and Yale University. He then went on to Harvard where he earned his law degree. He spent one year in

Africa on a Ford Foundation Fellowship.

During the time G. Menner Williams was Assistant Secretary of State for African Affairs, Sandy worked in Washington with the State Department.

Citation Given Woods Officer

Receiving a department citation from MAYOR KENNETH L. McLeod was Woods public safety officer, Donald Schmaltz. Patrolman Schmaltz was awarded the citation at the regular Woods Council meeting on Monday, November 4.

Patrolman Schmaltz was praised by the Mayor for his actions on the night of Monday, January 8, when he and his partner, Patrolman Bruce Marone answered a "family trouble" call at the home of Dr. and Mrs. William Mason Mathews, 1708 Lochmoor boulevard.

When Schmaltz and Marone arrived, 24-year old Frederick Mason Mathews hit Schmaltz with a blast from a 12-gauge shotgun. Schmaltz was shot in the abdomen and liver. He was rushed to St. John Hospital, where the pellets in his stomach were removed. The pellets in his liver were left because doctors felt it was too dangerous to remove them.

Schmaltz was disabled through April of this year. He returned to full duty in May.

His assailant was ruled competent to stand trial for assault with intent to murder and for felonious assault by Circuit Court Judge Joseph A. Sullivan, on September 12. He is currently free on \$5000 bond pending his court appearance.

PTA at Defer To Hear Panel

"The Role of the School Today in Sex Education for Children," will be the topic for discussion of the Defer School PTA Meeting at 8 p.m. on November 19.

A knowledgeable panel including: Dr. Calter Worrell, Grosse Pointe pediatrician; Mrs. Dorothy Albright, public school nurse; Reverend Gerry Gruber, associate minister of Grosse Pointe Memorial Church; Robert Welch, assistant principal curriculum of Grosse Pointe North High School; Jesse Lowther, Defer principal and Dr. Gerald Stronski, general practitioner, will speak three minutes each on the subject, "The Role of the School Today in Sex Education for Children."

Following room visitation from 8:30 p.m., parents will convene in the gymnasium to hear the aforementioned panel. Following the panel's presentation, parents will break up into small "buzz" groups to formulate feed-back questions to the panel.

Refreshments will be served continuously throughout the evening.

Coach Francis J. McCann To Be Honored at Banquet

Coach Francis J. McCann will be honored by the Detroit Chapter of the National Football Foundation and Hall of Fame at a banquet at the Cadillac Sheraton Hotel on Thursday evening, December 5.

Coach McCann, who retired in June of 1967 after 48 years of service to the children of Detroit University School and its successor, the Grosse Pointe University School, will receive the Civilian-Sportsmanship Award for his contribution to education both as a teacher and as a coach of athletics. This prestigious award is given to one person in the State of Michigan each year.

Known to generations of University School Alumni, Coach McCann at one time or another served as athletic director, head coach of football and baseball, and teacher of Latin, mathematics, and history. Always, he served as a friend and counselor to all those who knew him.

It is remembered with pride that Coach was almost always a teacher and a coach, and it was not until the last few years of his service to the University School that he turned his attention to full-time teaching. His "Dockets System" in Latin, a program which permitted each student to progress as rapidly as he was able, was long a trademark of his approach to that subject.

The banquet on December 5 will feature several outstanding attractions. John S. Pingel, of 582 Peach Tree Lane, a trustee of the University School who has already been elected to the National Hall of Fame, and who will be honored on December 3 in New York City, will again be honored for his induction by

Harvey Harman, Executive Director of the National Football Foundation and Hall of Fame. Woody Hayes of Ohio State will be honored and will serve as the guest speaker, and former Commissioner of the Big Ten, Tug Wilson, will receive the Willie Heston Award for his outstanding contribution to athletics. Also present at the banquet will be the All-State High School football team as selected by the Detroit News. These young men will be honored as will the High School Coach of the year and 30 All-American football players living in the Detroit area.

To Coach McCann and the other honorees, the evening represents a well-deserved tribute to their dedication to the playing and coaching of this great sport.

This one-of-a-kind Oriental rug portrait of Josef Stalin, woven by peasants in his native Georgian village, is typical of the unusual antiques to be found at the Detroit Christmas Antique Show-Sale in the Light Guard Armory, November 20 through 24.

100 leading antique dealers from all over the United States will have well-stocked exhibits, keyed to the show's theme, "Give An Antique For Christmas." A portrait artist and glass blower will be present, and the U. S. Marine Corps Reserve will have their "TOYS FOR TOTS" collection booth at the show.

Show hours for the first four days, November 20-23, will be 1 to 11 p.m. and the final day, Sunday, November 24, 1 to 9 p.m. There is free parking adjacent to the Armory.

Children Led to Safety From Major Fire in City

A fire broke out in the Edward Schamecher, Washington road residence on Saturday, November 9, causing thousands of dollars worth of damage. The cause of the fire is still undetermined but firefighters believe that it might have been caused by a sauna bath located in the basement of the house.

Mr. Schamecher was awakened at 3:30 a.m. by noises coming from the pipes. He went downstairs on the first floor to investigate and saw smoke billowing out of the basement. He awakened his wife and told her to get the children up and out of the house. He then called the City of Grosse Pointe Fire Department.

Mrs. Schamecher had the children form a hand-in-hand chain and led them out the back door. Mr. Schamecher said there was a brief moment of panic when his wife, who had corralled the children out toward the back exit, counted only seven children (the Schamechers have eight children, ranging in age from 5 to 17). The eighth little Schamecher was discovered behind dad. He was hurried out the front exit by his father.

Mr. Schamecher praised the conscientious, diligent work of the City and Farms fire departments. The City called in all off-duty men. Andrew C. Tee-taert, Director of Public Safety and Captain R. Marshall were also at the scene.

The entire basement of the residence was gutted and the

furniture there destroyed. The kitchen paint was blistered and the entire house, including the second floor sustained smoke damage.

Mr. Schamecher told the NEWS that it will be at least two months before the house is once again habitable. In the meantime the family is staying at the home of their neighbors the Dick Borlunds. Next week they'll move in with other neighbors, the Jerry Jordans until other arrangements can be made. Mr. Schamecher said they want to stay nearby because four of the children attend Richard Elementary School, two attend Brownell Middle School and two attend Austin.

Both Chief Andrew C. Tee-taert and Captain R. Marshall complimented the Schamechers' handling of the evacuation of the children.

Firefighters remained on the scene until 8 a.m. to make sure all the hot spots were out.

Norsemen Gridders Romp To 56-7 Win Over Cougars

By John Edwards '71

It was a great way to begin the Fall Football Festival as the Norsemen of Grosse Pointe North practically ran the Dearborn Heights Annapolis Cougars off the field as they crushed them with a score of 56 to 7.

It was no contest from the start as the Norsemen rolled up 27 points in the first quarter. The scoring spree started when the Norsemen went 54 yards in four plays, including a 35-yard run by Steve Schleicher '71. It ended with Mickey Reese '70 slashing 10 yards for the touchdown. Wally Foraker '71 booted the extra point and it gave Grosse Pointe a 7 to 0 lead at the 10:19 mark.

Only three minutes later the Norsemen got the ball and went on a 55-yard drive. It took three plays to cover the yardage and was highlighted by Bruce Jodar '70 dashing the final 37 yards for the score. Foraker kicked the extra point and the score was 14 to 0.

The Norsemen put another score on the board when Grosse Pointe obtained the ball on the Cougar 38 and went on the ground all the way. Chris Truhan '71 went the final 11 yards for the touchdown. Foraker again added the extra point and this made the score 22 to 0.

Pass Interception Pays

A minute later it was 27 to 0. Glen Hilger '70 intercepted a pass and on the next play Lenny Constantine '70, with great protection from his line, tossed to Brian Webster '70. The play covered 40 yards. The extra point attempt failed. In

the last seconds of the quarter, the Cougars fumbled and Grosse Pointe recovered on their own 42.

In the second quarter the Norsemen went 55 yards on the ground with great blocking and great running. Reese went the last 14 yards almost untouched for the score. Al Fiorello '70 threw a good block on the two of Dearborn, helping Reese to score. Foraker kicked the extra point and the Norsemen took a 34 to 0 lead.

Then Dearborn went on a drive, helped mainly by Norsemen penalties. Then they fumbled and Bill Mitaski '70 recovered on Grosse Pointe's 27. It looked as though Grosse Pointe would score again. First there was a screen to Reese and with two blockers out in front, he took off for 40 yards to the 30 of Dearborn. Jodar ran for seven. Truhan passed 14 yards to Webster to the Cougar nine. Then Grosse Pointe fumbled and Dearborn recovered on its own 13.

Cougars Bottled Up

The Cougars could go nowhere. Larry Ringle '70 and Bob Pouge '70 dumped the Cougar quarterback for an eight-yard loss and the defense held them there. Dearborn punted and Grosse Pointe got

the ball on the Cougar 28. From there they went to the five yard line of Dearborn on two passes, one from Constantine to Jim Shelton '70, and from the quarterback to Webster. A holding penalty on Grosse Pointe nullified a five-yard run by Constantine that would have been a touchdown. This put the ball on the Dearborn 20.

A 10-yard run by Reese and a 10-yard toss from Constantine to Webster put the six points on the board. The extra point attempt failed, but the Norsemen had a 40 to 0 lead.

In two plays, Dearborn Heights went 66 yards on pass plays from Jim Olsen for a touchdown. The extra point was good and it made the score 40 to 7 to end the first half.

Schleicher Goes Over

With 5:10 left in the third period, Schleicher went in from four yards out. This capped a 45-yard drive that went all the way on the ground. Foraker collected his fourth point of the day with the extra point boot, making the score 47 to 7. Joseph Carruthers, the Norsemen's head coach, started to substitute. Bill Robertson, '70, picked off a Cougar pass and took it to the Dearborn Heights 38. From there the offense took the ball to the five of the Cougars with good running from Dan Clem '71 and Foraker. When they reached the five, the buzzer sounded signaling the end of the third quarter.

Wally Foraker started the fourth quarter by slashing five yards for the touchdown. The extra point was not kicked but run by Clem. This made the score 54 to 7 at 11:54 in the period. Grosse Pointe would have had another touchdown as Foraker scampered 40 yards to the end zone. A clipping penalty nullified the run. The offense did go to the Cougar six before stalling.

Score on Safety

They were not done scoring though as Charles McNair '71 and Roger Ulmer '71 tackled the Dearborn quarterback in the end zone for a safety, making the score 56 to 7.

Grosse Pointe obtained the ball on the Cougar 48, but couldn't go anywhere. Dearborn then gained possession of the ball. Jim Olsen tossed to Mike Lawson, the play covering 35 yards. On the next play though, Phil Guarbada '70 tossed Olsen for a six yard loss. Several plays later the game ended with the final score: Grosse Pointe, 56, Dearborn Heights Annapolis, 7.

It was the men up front, the linemen, who deserve much of the credit for the Norsemen's win. On offense the tight end Jim Shelton '70, the tackles Emmett De Guevere '70 and Larry Briski '70, the guards John Gregory '70 and Bob Pouge '70, and the big center Gerry David '70, were making gigantic holes for the backs. Without their outstanding blocking there wouldn't have been much of a running game.

The defensive line also played an excellent game, bottling up Dearborn all day. The ends Brian Webster '70 and Lee Walker '70, the tackles Alex Taylor '70 and Bob Kort '71, and the middle guard Larry Ringle '70, allowed the Cougar runners little yardage and put a good rush on the quarterback when he was attempting to pass.

These players rarely are recognized for their hard and outstanding work. This is not to take away any credit of the other outstanding performances in the game by the backs and other players. It was a great team effort and hopefully they will have a season next year like they ended this one.

In the game against Lakeview, an error was made when it was stated that Mickey Reese '70 intercepted a pass and took it 30 yards for a touchdown in the second quarter. It was not Reese but Dennis Piesche '70 who grabbed the ball and went the 30 yards for the touchdown.

HIT-RUN DAMAGE

Mrs. Susan Miskec of 89 Willow Tree Lane, called Farms police on Sunday, November 10, to complain that a hit-and-run driver damaged the left rear section of the car. The vehicle was parked in front of 66 Kercheval, while she was attending a movie, she said. A damaged Pontiac hubcap was recovered at the scene by investigating officers, apparently from the hit-run automobile.

Unity, Spirit Given Credit For Devils' Championship

By Craig Carr '69
When the 1968 football season began, many people at GPSHS took it for granted that the Blue Devils were not going to win a BCL championship. The reasons for this belief were three-fold.

The varsity had 23 seniors on the team, but most of them lacked experience. The underclassmen, the underclassmen, who give a team depth, had been split with the new high school. Finally, and probably the most important reason, Wyandotte and Fordson were football powerhouses.

"We were not a talent-laden ball club," remarked Head Coach Russ Hepner as he recalled the practices the team held last spring.

However, at that point, Mr. Hepner recognized that the players had a great amount of enthusiasm and desire. The team worked hard during the spring practice and through the summer on conditioning and gaining the proper attitude for playing football.

"That's Why We Won"
This, according to Coach Hepner, later proved to be a major factor in the Devils' success. "As far as conditioning, technique, and execution, we were the best in the league," he said. "And that's why we won."

The members of the team will always look back at the game with Royal Oak Dondoro on September 27. The Acorns won the contest 28-27 and, as it turned out, even a tie by Grosse Pointe would have meant sole possession of the BCL championship.

It was a heartbreaking defeat, of course, but was probably the turning point of the season for the Blue Devils. "You lose a game like we did against Royal Oak," explained Coach Hepner, "and the unity on some teams starts to dissolve."

Had Opposite Effect
For the Devils, though, it seemingly produced the opposite effect. Both the offensive and defensive teams began to play as a unit. And, as a result, the Devils rattled off five straight wins, including victories over their chief competitors Wyandotte and Fordson.

The offensive team played consistently well throughout the season, but it wasn't until

after the Dondoro game that the Devil defensive squad began to perform as a unit.

"In the last four league games we gave up fewer points (25) than we did in the one game against Royal Oak," Coach Hepner pointed out.

Big Psychological Lift
This sudden turnaround by the defense, as well as the ability to come from behind and pull out victories in the fourth quarter, was probably the biggest psychological lift the team got all year.

Three of the victories in their five game streak came in games in which the Devils were either behind or tied at the end of the third quarter. What it added up to was probably the most exciting football season in many years at Grosse Pointe.

"It is impossible to single out any one individual as the key to the season," Mr. Hepner said as he explained the near impossibility of choosing the team's Most Valuable Player.

"All 40 guys were a part of the program," he continued, "and the way these guys achieved success is a good lesson to the freshmen, sophomores, and juniors coming up. You don't win BCL championships without thinking about football all year long, and that's exactly what these guys did."

Praises Other Coaches

Mr. Hepner also praised the other coaches on the team. "Al Moebus did a heck of a job with the offensive and defensive interior line," he commented. The other members of the staff who did an outstanding job, and certainly deserve a lot of credit, are George Duditch who coached the offensive and defensive ends, and John Rice, who was the backfield coach.

The coaches had little trouble in getting the team "up" for each game. They did, however, inspire the ball club greatly. One player commented, "The coaching staff generated so much enthusiasm this season, that we couldn't help but be enthusiastic too."

The faculty and students of Grosse Pointe South High School also wish to extend their appreciation and salute the coaching staff and members of the 1968 Blue Devils.

Austin Players Doing Comedy

The Austin Players open their eleventh season with the comedy "Around the World in Eighty Days" on November 30 and December 1 at Pierce Auditorium. Performances are on Saturday at 2 and 8 p.m. and on Sunday at 8 p.m. Tickets will be available at the door for \$1.00. The auditorium is located on Kercheval at Balfour.

Students participating are from all grade levels at Austin and receive course credit for participation on stage or on the crew in two of the annual shows. The female roles are supplied by the young ladies from Our Lady Star of the Sea.

Accepting this bet Mike Breen, Brian Welch, Bruce Grubb and Elaine Welch who play Fogg's London friends. Accompanying Mr. Fogg on his global journey is his French servant played by Tim McMillan.

Ugly Blackout for Beauty

Last Sunday was a breathtakingly beautiful fall day in The Pointe. Correction . . . in most of The Pointe. The non-glaring exception was The Farms, or at least that considerable portion of The Farms through which we traveled. Driving east on Maumee, the transition as we crossed Fisher road from The City to The Farms was completely startling. The lovely landscape faded from our feasting eyes as we were suddenly engulfed in an envelope of pungent smoke that emanated from smoldering puffs of pollution which were everywhere.

We were acutely reminded of the warnings, pleas, admonitions from other Pointe municipalities which this paper published as the season of falling leaves approached. The burning of Nature's remnants was discouraged or entirely outlawed. Special pickup services were proffered to avoid the nuisance of irritating smog, damage to pavements, traffic hazards due to impaired visibility, etc. With all the stir being made about the dire threat engendered by pollution, the requests for cooperation seemed to make a lot of sense. The memory of innumerable accidents which have been caused by temporary blindness induced by leaf-burning smoke, augmented the meaning of the message.

The Farms doesn't seem to have gotten around to taking any stand on this matter. We hope it does before another fall comes our way. It seems a shame to have beauty and the sun simultaneously blotted out simply by crossing a geographic line which separates two sections of a single, closely knotted community.

Letters to the Editor

Dear Sir:

We're angry! I've heard this complaint before, but this is our first experience. Our daughter's brand new suede leather jacket and two books were stolen from her locker Monday. The Grosse Pointe High School authorities "don't blame us for being upset" but their apathy in the situation is disgusting.

I requested an announcement on the school P.A. to offer a reward for information. The reply was "We can't disrupt the whole school because of someone's brown jacket." We decided to place the offer in the form of an ad in the school paper. They would not print it.

Our daughter was to get a locker of her own so she could put a decent lock on it, but they decided against it. Any child could open those lockers and this particular one has been robbed twice.

However, I see no persecution of the thieves. On the contrary, let's quiet down and try to forget it. And what about parents who let a new, expensive jacket come into their home, no questions asked? These kids are learning that crime does pay, and our school is teaching the course.

Mrs. Irving T. Winkler, Jr.
1339 Grayton road

Dear Sir:

Could we possibly make room beside your "Lost and Found" section for something called "Hit and Killed" for our beloved pets? Heartbroken people can search in vain for a pet and never know it was hit and killed on the road.

I wonder if the driver of the car who killed a beautiful cat on Kercheval between Moran and Kenwood Friday night could have prevented it? Some one must be looking for their pet, a beautiful cat mostly white with grey patches here and there and a tail all tiger gray. The police could report to you all their pick-ups.

Thank you,
Animal Lover

To the Editor:

How safe is it to drive through the various Grosse Pointes and Detroit? Every few weeks your paper seems to record another high-speed police chase "at speeds up to 100 miles an hour."

Last week's episode, as described in your November issue, tells of Grosse Pointe Woods policemen roaring through East Side Detroit streets, chasing a car whose driver had made an improper left turn. The car ran red lights at two major thoroughfares; whether the police car "in hot pursuit" was forced to do the same thing was not reported.

Do these desperate remedies fit the crime? Must we all be endangered because someone gets chased by the police? (It was only AFTER the chase that the police learned that they had been pursuing the driver of a stolen car; the offense for which he was stopped was that of making an improper left turn.)

In fact, in reading of this particular wild chase, one gets the impression that all involved were pretty lucky to come out of the affair alive, uninjured, and with only (!) three cars damaged — to an undisclosed extent. Your article, incidentally, did not indicate whether the two vehicles with which the fleeing driver collided were parked or moving — a matter of some interest when one thinks of the speed at which the escaping car was moving.

Only a few months back a Detroit policeman was killed in one of these super-speed pursuits. The violation, as I remember the incident, wasn't a major crime. But even if it had been and even if the fugitive had been caught, he wouldn't have been given the death penalty. In the end, it was the policeman who was executed!

One thing is sure. If these chases continue, one of these days some young family innocently riding down the street is going to be wiped out; or two of your policemen, who ought to be alive, will be dead. Or maybe it will be a teacher or a doctor on his way to the hospital or a community leader. And for what?

The whole policy of high-speed chases ought to be very seriously pondered by responsible officials in the Detroit-Grosse Pointe area.

Sincerely,
John Conley

Dear Editor:—
In reply to a concerned teacher and resident of Grosse Pointe, I suggest that possibly the answer to the problem at the high school football games is not with the police department but with us parents of the students.

I observed the police attempting to stop the "action" on Fisher road and also observed the treatment the officers received from the students at the scene. It's a sad day, teacher, when the police officers must be our baby sitters at all these events.

Do you suppose the parents and teachers have failed, not the police officers? Next time you see some of the "games" on Fisher road, how about identifying some of the student drivers and appearing in court against them? I also notice that none of this action happens when Austin or St. Paul use our football field. Why? Why?

A Fisher road resident

CAR THIEF CAUGHT

While on routine patrol on Wednesday, November 6, City police were stopped by Joseph Naso, manager of the Farms Auto Wash, 17819 Mack, who told them that a '67 Chevrolet had been stolen from the auto wash that morning and that he had just seen a male Negro abandon the car on Mack east of Rivard, and head west on Mack. Officers went to the area and arrested Willie Heath, 556 Lenox, at Mack and University and turned him over to Detroit police.

What Goes On at Your Library

By Virginia Leonard

We hope you've been dropping in at our three libraries to see the displays of Friends' books, i.e., the books recently purchased with money given to us by the Friends of the Grosse Pointe Public Library. I've helped order these fine volumes, participated in some of the processing, and now it is a satisfying feeling to see them on display, ready to be enjoyed by all the Grosse Pointe patrons. Let me tell you about some of them.

One book by Fritz Kamper is entitled GLASS: A WORLD HISTORY. This is an anthology of much of the world's most beautiful glass and is also a scholarly history of fine glass-making from earliest times to the present day. There are 243 plates, forty in full color. There is also a most useful glossary and an index of technical terms.

Another lovely and distinctive volume is CITIES OF DESTINY, edited by Arnold Toynbee. This is a fine illustrated history of the city, its origins, development and ultimate domination of the civilized world. Toynbee describes the essential quality that distinguishes a city from a mere conglomeration of dwellings. There are 342 illustrations, with 157 in color.

THE LAROUSSE ENCYCLOPEDIA OF ANIMAL LIFE is an up-to-date encyclopedia with many illustrations in black and white and full color, of the animals of the world. These animals range from the simplest amoeba, to the largest, such as the elephant or whale. It is authoritative, being based in part on the well-known LA VIE DES ANIMAUX by Bertin; it is complete, covering all kinds of animal life, with particular attention to the American species.

An interesting study by R. M. Fry is SHAKESPEARE'S LIFE AND TIMES. This is a pictorial record—a handsomely illustrated biography, giving us a dramatic, human view of Shakespeare as he lived his life, reared his family, faced the complexities we all have in our lives, and solved his interpersonal relationships. There are 114 illustrations, many taken from 16th and 17th century originals.

Are you interested in our Scandinavian heritage? Then you will like Ter Tychare's THE VIKING. Here are incorporated the latest and most revealing discoveries made about the heroic race of Scandinavians who first settled the shores of

North America. There are 62 pages of full-color illustrations and more than 300 drawings and photographs, all magnificently done. This book is the result of an unusually intensive teamwork of a dedicated group of experts from universities and museums all over Europe.

The revised edition of Leonard Deutsch's A TREASURY OF THE WORLD'S FINEST FOLK SONGS is a great collection of international folk songs acclaimed by critics for over twenty years. Here we have piano and guitar accompaniments, the original songs and English translations, and 171 living folk songs from 30 languages. If your bag includes riddle songs, the Italian tarantella or salterello, the Spanish seguidilla, the Slovakian czardas, or the Bulgarian horo, then this is your book.

For the water aficionado, we suggest THE GREAT AGE OF SAIL, edited by Joseph Jobe. This covers the exciting period covering five centuries when sailing ships spanned the ocean waterways around the globe. The range is from Christopher Columbus to the voyage of the Preussen in 1910. Thanks to these sailing ships, captains and crews, geographers were able to draw maps of the continents, new trade routes were established, and maritime nations built up vast empires.

For the gardener we offer Shozo Sato's THE ART OF ARRANGING FLOWERS. This is a complete guide and introduction to Ikebana—the Japanese culture, the reader is introduced to eleven basic styles. Then follows a section on vases, materials, tools and methods. The book is beautifully illustrated in black and white and in color.

Who could resist John James Audubon's THE IMPERIAL COLLECTION OF AUDUBON ANIMALS: THE QUADRUPEDS OF NORTH AMERICA? This is indeed a monumental book. "In one volume we have American history in the exploration and travels of Audubon, the collection of 150 of the finest animal paintings reproduced in full color for the first time since 1848, and the accurate, modern natural history of each animal included."

Have we piqued your curiosity? Have we whetted your interest in seeing and reading some items from this great collection of books? If so, come and visit our libraries. This is a collection well worth perusing.

Rotary Club Essay Contest

By Lisa Bowers

Pessimism has plagued today's youth, affecting its actions, talk, attitudes, and outlooks. Its stifling presence has all but suffocated laughter, hope, and fear. In a time which promises a fascinating future and stimulating present, why does despair lurk in every comment and threaten every smile?

Gloom menaces today's youth as much as the draft, college entrance, and parents. It is reflected in youth's writings, art, and songs. Even complaints, traditionally characteristic of youth, no longer reflect hope, but rather die out in despondency. There are no answers from those who usually have every answer. Rather, youth negatively responds that the problems are meaningless, worthless, or open-ended. Where is the fire needed to kindle the world of the next generation?

The very nature of youth must somewhere hide the needed spark. The newspaper's world of death, poverty, and corruption, is not that of youth's. Ours should be a world of idealistic purposes and meanings. Now is the only time we can enjoy and try to believe paperback theories and utopian ideologies, for we live in a vacuum which permits their existence.

Though the experiences of age and realities of the adult world may refute these ideologies, we should give them a chance to exist in our sheltered discussions and isolated frames of reference. They will too soon die an agonizing death when exposed to the concrete world. This is not to say that youth must reject reality. Rather, we should take advantage of our privileged, semi-real position to explore every facet of thought. Once adults, the circumstances of our lives cannot permit the existence of such utopianism.

We are growing from childhood into manhood, and the loss is ours. Our super-sophistication, too often put on and not understood, even by ourselves, has killed discoveries made possible by naivete. As junior adults we have forgotten what crazy, zany fun is at the one time we can get away with it and enjoy it. And in our haste to be assimilated into the adult world, we only read the "Cliff's Notes" on life, and accept others' interpretations.

Life is to be lived. Youth has forgotten this. In attempting to

by-pass mistakes, criticism, experimentation, and conflict, it has developed a pseudo-existence characterized by acceptance, acquiescence, and detachment. We are all afraid without knowing what we fear, and we lack the motivation and courage to seek out and face our fears.

Youth is too aware of the responsibilities awaiting it in the adult world. They are weighting us down and presenting us problems before we even inherit them. If we cannot live our youth for all it is worth now, when such living can have meaning for us, the adult world which we create will only be a continuation of today's, complete with its pessimism, hopelessness, and supposedly insoluble problems. Only if we take a stand now will optimism, hope, and a truly lighter side of life have a chance in tomorrow's world.

WOMEN'S PAGES

From Another Pointe of View

A cracked saucer, an old martini pitcher, an ancient punch cup . . . you name it: Nothing is safe these days at the Detroit Boat Club.

Members of the DBC's Women's committee and Flower committee are directing avaricious glances in every direction in preparation for their combined "Bargainique" and bridge luncheon next Wednesday.

Thrifty-minded Club ladies set their alarm clocks ahead that day, when cut-rate holiday flower arrangements and table accessories go on sale promptly at 11 o'clock. These sale items, on which Mrs. Leland W. Foster's "flower power" committee has been working all year, will be parted with "at cost" — and this can often be EXTREMELY low when you consider the scavenging that can be done around a Club that is almost 130 years old!

Mrs. J. C. Hurley, of the Women's committee, describes her group of Wednesday's part-planners as "small but mighty." Following the Bargainique, shoppers will stow their treasures in the ballroom and head for a discount-priced luncheon in the dining room.

Mrs. Earnest Ray is vice-chairman of the pre-holiday spree. Doling out sales slips will be Mrs. John C. Cook.

Several Pointers travelled on Tuesday, November 12, to the Birmingham home of Mrs. Robert B. Winter for a luncheon and heads-together planning session for Fashionscope '69, the Women's Association's highly successful benefit fashion show, (the 1968 version brought in upwards of \$13,000 for the Orchestra), held annually at J. This is a hair that used to be grey.

It didn't like being that way. So it came to us and said make me a pretty warm rich brown again. And we did. And now it looks years younger and feels years younger and is enjoying life all over again. We don't always think grey should be eliminated. Some heads turn that way, magnificently. Others only seem wan and washed out. If your case is the latter, see us. We know how to make big bad grey go away. Like that.

Richard Brandt Will Take Bride

The Reverend Canon and Mrs. John G. Hilton, of Carlisle, Pa., have announced the engagement of their daughter, Mary Louise, to Richard C. Brandt, son of Mrs. Mark Little, of Webber place, and the late Richard C. Brandt.

Alencon Lace Accents Bride's Ivory Dulcette Satin Gown and Borders her Mantilla Veil; Attendants Wear Willow Green Velvet

Grosse Pointe Memorial Church was the setting for the Saturday, November 9, wedding of Frances Huntington Kerr, of Anita avenue, and Peter Karl Ness. A reception at the Country Club of Detroit followed the 2 o'clock ceremony.

The newlyweds are vacationing in Canada and will return to make their home in Harper Woods.

The bride is the daughter of Mr. and Mrs. Robert Kerr, of Rochester, N.Y. The bridegroom is the son of Mr. and Mrs. Karl Ness, of Lakeland avenue.

For the rites, the former Miss Kerr selected a skimmer gown of ivory dulcette satin with Alencon lace accents. Her floor length mantilla and Court train were bordered in matching lace, and she carried a cascade of Eucharis lilies and ivy.

Mrs. Robert MacDonald, of Dayton, O., served as her sister's matron of honor. Bridesmaids were Mrs. Robert Kerr, Mrs. John Schoff, Julie Phillip, Barbara Pieczynski, Mrs. Thomas Graedel, cousin of the bride and Margot Ness, the bridegroom's sister.

Their floor length frocks of willow green velvet were accented with matching satin Empire bands and Dior bows topping Watteau back panels.

Their head circlets of willow green satin-held butterfly veils, and they carried yellow and bronze daisy chrysanthemums.

Acting as best man for the bridegroom was Albert Black. Rainer Sigmund, of Stuttgart, Germany, the bridegroom's cousin, Richard Eckel, Peter Lentz, Robert Kerr, brother of the bride, Richard Purdy and Robert MacDonald seated the guests.

Wendy and Stuart MacDonald, the bride's niece and nephew, were flower girl and ring bearer.

THEY'VE ARRIVED

DEAR PAT,

Today, thanks to you, my friend, I felt like Shirley Temple on the good ship Lollipop. Why have you never told me what fun you have in your market?

I planned my day so that I could dash over to the toy building and check your Christmas order. I had been feeling a bit medieval in my 22" skirt (every female in New York is wearing them at just below arrest length and in some cases I think the law is looking the other way). But as I walked through that imaginary looking glass I became Alice in Wonderland.

When I arrived the salesmen (one looked exactly like Puff the Magic Dragon) were involved so I wondered about investigating this bright and shiny Oz. In my enthusiasm I had managed to wind up every toy that did anything mechanical—I had twelve versions of Rock-a-bye-baby playing discordantly-four marching drum majorettes twirling a positively hair raising sport's car rally zooming on the speedway and an angelic three foot talking doll whose tape recorder inards were jammed at "Kiss Me". In the midst of this I had upset a long cylindrical box labeled Lincoln Logs on to the floor (there really is no way to cram them back into that crummy can) and this is where "Puff" found me making a valiant attempt at figuring out the system.

I explained my mission and then asked to be shown some of your selections. He was overjoyed and did all but take me by the hand. We skipped into a Santa's Workshop sort of area as he spoke to me as though I was three and a half and my feet wouldn't quite reach the floor in a sitting position. He really got in the spirit of the thing.

You are a child at heart, Pat, the "adorables" you chose would brighten the eyes of any little guy or gal Christmas morning. As a matter of fact, I wouldn't mind finding that silly-faced gorilla under my tree. The life size Raggedy Andy had his arm protectively around Ann's shoulder and she, in turn, was keeping a watchful eye on the Gingerbread boy and girl. Even Emmett Kelly would chuckle at your clown-love his haircut. I enjoyed an immediate rapport with an immense lion with the "heaven help us" expression looking over at a tiger whose eyes were answering "If heaven doesn't I don't know who will." And your humpty-dumpty is a whimsical butterball-pussycats-wiggly giraffes-jumping frogs and the marvelous Pug face dog.

I can't wait until they all come to live with us for a while at T. O. E.

As I was leaving I accidentally knocked over a box of Pick-Up-Sticks. That's what Mr. Puff was doing as I walked out the door back to reality.

Best Love,
Jo

St. Paul Club Presenting Play

The Harlequins, St. Paul's drama club has slated its first event. On November 17 they will perform J. M. Barrie's play, "The Old Lady Shows Her Medals," in the Genesee Drama Festival Competition. They also plan a presentation for the school sometime around then.

The play is a story of London Charwomen "ands". They hold a very "special" place in society—just a little better than the ordinary everyday run-of-the-mill charwomen. The play concerns their desire to have a part in World War I. It is through their sons that they have their moment of glory.

In Mrs. Dowey's case it is a very special moment as we see an unexpected turn of events when Kenneth Dowey of the Black Watch appears. For Mrs. Dowey has no son, Kenneth no family. Kenneth decides to spend his leave with her and the two are soon on excellent terms. Soon after Kenneth returns to war and is killed. Mrs. Dowey is left with the medals and memories of her "son".

The cast for the play was selected from members of the Drama Class. The female lead role of Mrs. Dowey will be played by Sue Sendebach. Bob Hurley will play the male lead of Kenneth Dowey. The charwomen "ands", Mrs. Mickleham and Mrs. Twymley will be played by Kris Morris and Helen Rabaut. Anne Walsh will play the Haggerty woman. Rev. Wilkins will be played by Doug MacEachern and Bob Martin will narrate the play.

The play will be conducted under the direction of Drama advisor, Sr. Marie Dorothy, who will be assisted by student director Martha Kratz.

MRS. DANA KREIDLER, of Lincoln road, entertained the Elmira College Club at a luncheon at the Women's City Club Tuesday, November 5. MRS. LORRAINE ROEDER, director of Alumnae Affairs, spoke about the college.

Navy League Ladies Plan 'Bella Festiva'

Fashion Luncheon Proceeds Will Furnish Message-Home Tapes for Hospitalized Veterans in Vietnam

The Fries Auditorium of the Grosse Pointe War Memorial will be the setting for today's "Bella Festiva," a luncheon-fashion show sponsored by the Detroit Women's Council of the Navy League of the United States.

Mrs. Albert Navarro, of Stephens road, is chairman of the party, which seeks to raise funds for tape recordings to be used by hospitalized Vietnam veterans to send recorded messages home.

This fall fashion lunch is an "extra" activity of the Council, whose main fund raising effort is the Navy League Ball, traditionally held in the spring.

Currently, the Detroit Women's Council, chartered in 1942, during World War II, has approximately 100 active members. Mrs. Robert G. Kales, of Cloverly road, is president.

Among prominent Detroit area charter members were the late Mrs. Fred T. Murphy, Mrs. Benjamin S. Warren, Sr., Mrs. R. Thornton Brodhead, Mrs. William R. Kales and Mrs. Charles Gittlin.

Mrs. Thomas K. Fisher and Mrs. Edsel Ford, two other charter members, continue their

efforts in support of the Council's activities.

Other founders include Mrs. Frank B. Nair, current Council treasurer, who at last year's Navy Day ceremonies was awarded the Navy League Scroll of Honor; Mrs. Alvin J. Herzig, Mrs. William B. Bachman and Mrs. Louis A. Braun.

Through the years, the Council has given aid to the Wayne Recruitment Program, contributed to Nurses' Scholarship Funds, the Dolphin Submarine Scholarship Fund, "A Day in the Navy" and the Marine Corps Care Program.

It has sent television sets and gifts, including paperback books and recording tapes by the hundreds, to hospitalized veterans.

It has contributed \$1,200 annually toward the local Sea Cadet program and has supported "Joe's" telephone operation in Vietnam, through which servicemen call home.

Today's party will feature fashions by the Juliet Shops and music by Al Navarro.

Tea Will Honor Camp Patrons

The Michigan League for Crippled Children, a non-profit organization, will honor its past presidents and donor club representatives at a tea at the Women's City Club next Thursday, November 21. A movie of children in action at Camp Grace Bentley last summer will be shown.

The League, whose officers and board of directors work throughout the year without remuneration, owns and operates the Camp. It is situated on Lake Huron, 12 miles north of Port Huron.

Orthopaedic and cardiac children from six through 16 years of age, from anywhere in the State of Michigan, are eligible to attend the Camp regardless of race, creed or national origin, providing they meet the medical requirements.

Children whose parents are unable to pay the nominal fee and who might otherwise be deprived of a much-needed vacation are sponsored by many individuals and organizations.

It is the aim of the League, through the Camp, to contribute to the child's better physical well-being, to aid in the development of strong character, to contribute to his better use of leisure time and to provide as much constructive and inspirational guidance as it is able, consistent with the child's own enjoyment.

From Another Pointe of View

(Continued from Page 15)

Mrs. Herbert E. Cook, Mrs. Albert Law, Mrs. Kenneth Locke and Mrs. Manfred Whittingham.

Bargainique will be the first DBC monthly party under the aegis of the new overall Women's committee chairman Mrs. J. Ross Bush, of Pemberton road, who took office at the group's annual meeting October 30, and who, in her inimitably efficient style, already has dates and party chairmen lined up for the Club's entire 1968-69 season.

Pointers named by Mrs. Bush to assist her during the year include Mrs. Locke, Mrs. Donald R. Spencer, Mrs. William J. Kerby, Mrs. Roger K. Bailey, Mrs. Ralph M. Burke and the Mesdames William A. Champion, J. Burns Cody, Arthur H. Engstrom, Robert H. Kennedy, Earl G. Meyer, Milton B. Osgood, James S. Owens, Henry W. Ruifrok, Stanley C. Smith, Frank Standish, Joseph P. Wright, Dan R. Abbey, John C. Cook, Henry G. Gildner, Jr., Harry W. Mellen, Don W. Miller and George A. Nicholson, Jr.

Anyone For A Christmas Fair?

Enthusiastic workers have prepared such a bountiful supply of gift items for St. James Lutheran Church Women's Guild's Christmas Fair that a whole fleet of cars is needed to transport the merchandise from private homes to the Church in McMillan road.

But everything will be in place, promise general chairman and co-chairman Mrs. Franklin Quale and Mrs. Edwin Trinklein, when doors open at 10 o'clock next Thursday morning.

They'll open onto an all-day Three-Floor Fair, featuring a variety of booths in a holiday setting created by St. James' Senior Youth Group under the direction of the Jack Frasers.

There'll be a Country Store, with such delicacies as home-made spaghetti sauce and salad dressing as well as special Christmas goodies, under the chairmanship of Mrs. Erwin Stoetzer. Mrs. Arthur Wible chairs that "burrows" favorite, the Attic Treasures Department, and Mrs. Quale is in charge of the Christmas Decorations Room.

Other booths and chairmen are Religious Art Treasures, Mrs. Charles Finger and Mrs. Thomas Stevenson; Aprons Galore, Mrs. Roland Blank and Mrs. Francis Schultze; Decoupage, Mrs. Sumner Gurney; Boutique, Mrs. Harold Rieth; Children, Mrs. Carl Carlson; Knitting, Mrs. Russel Haskins, Jr., and Mrs. Louis Neuder; and Christmas Cards, Mrs. Frank Mumford, Sr.

Serving a chicken loaf and cranberry jello salad luncheon from 11:30 to 1:30 o'clock will be members of the Evening Guild, under the direction of the Mesdames Richard Green, Harold Davidson and Richard Parker.

If you're up around East Grand boulevard in Detroit tomorrow, why not drop in at St. Joseph's Mercy Hospital's auditorium, where the Hospital Auxiliary is presenting its annual Fall Festival from 8 in the morning until 8 in the evening?

Although its name is autumnal, the Festival qualifies, we feel, as a "Christmas Fair," since holiday decorations and boutique items, (perfect for Christmas gifts), are featured. There'll be a bake sale, too... Mrs. Henry Weitenberger, of Moorland drive, is general chairman.

A special feature of St. Ambrose Altar Society's Christmas Fair, to be presented Saturday at the Parish Hall, corner of Maryland and Hampton roads, from 9 to 9 o'clock, will be "Portraits by Brother Cosmos."

Orders for these charming pastels, done from photographs, will be taken by Mrs. Andrew Duhaime. The cost is nominal — \$5 each — and samples will be shown.

Mrs. Theodore Westfall is chairman and Mrs. Frank Dehels co-chairman of the St. Ambrose Fair. Committee heads include the Mesdames Robert Roth, Emery Raskey,

James O'Sullivan, Frederick Gmeiner, George Rickoff, James Riley, Edwin Rollo, Joseph Gares, John Dyle and Peter Tocco.

Among the booths will be a Flea Market, a 5-and-10-cent shop for children, doll, handcraft, baked goods and candy departments and a Fall Fruitarama.

There'll be games booths, too, for children and adults, and lots of luscious "carnival-type" refreshments: Candied apples, fresh roasted peanuts, popcorn...

Bonsai Date Changed!

The November Bonsai Workshop for members and prospective members of the Grosse Pointe Garden Center is scheduled one week earlier than usual this month because of Thanksgiving.

Classes will be held next Thursday, November 21, from 10:30 to noon and 1 to 2:30 o'clock at the Grosse Pointe War Memorial. A sandwich luncheon, at \$1.25, may be reserved in advance.

About four hundred sponsors of the Hilberry Theatre were guests of Wayne State University President and Mrs. William R. Keast and the "Understudies" at the Sixth Annual President's Preview Saturday evening, November 9.

The Preview, featuring a performance of Labiche and Marc-Michel's "An Italian Straw Hat," was a "thank you" to the guests for their contributions to the Fellowship Fund for the Theatre's 37-member repertory company.

Five Hundred Club Members and Guests Will Participate in Next Wednesday's Theater Evening; Many Pointers Make Reservations

A special subscription dinner at the Detroit Athletic Club prior to the premiere showing of "Star," the musical which opened last evening Wednesday, November 13, at the Madison Theater, brought together some 30 couples representing the Junior Women's Association for the Detroit Symphony Orchestra.

Arrangements were in the hands of Mrs. Girard F. Smith, general chairman of the affair which benefits the Symphony maintenance fund. DACers, themselves, are look-

ing forward next Wednesday to the special dinner-theater party planned for members and their guests. Some 500 will meet at the Club for an early dinner and then travel by chartered buses to the Madison Theater and the 8 o'clock curtain time for "Star."

DAC President Nathan B. Goodnow and Mrs. Goodnow have invited three couples to be their guests. They are Dr. and Mrs. Chris Smith, Mr. and Mrs. Karl Crawford and the David Turners.

Mr. and Mrs. Herman Weckler will have a table for six as will the Joseph L. Cobancs. Joining forces at a table for 11 will be J. E. Mihelich and Samuel R. Nicholl.

Among the many foursomes will be the J. W. Wellers, Mr. and Mrs. E. W. Albachten, the Marvin R. Andersons and the L. D. Brownings. Other reservations include those of Mr. and Mrs. Fred Stetekub, Mrs. A. C. Beaumont, Mrs. William G. Curtis, Mrs. William J. Kuebler and Mrs. John M. Marshall.

The meeting focused upon fellowship, values, privileges and responsibilities of membership. Katherine Riggs, state membership chairman, was the main speaker.

November Smiles For May Operas

Just the thought of next May, when the New York Metropolitan Opera Company will once again visit Detroit, brings smiles to the faces of MRS. JOHN BENFIELD, of Lakeshore road, MRS. ALEXANDER WRIGLEY, of Bishop road, and MRS. RALPH T. McELVENNY, of Cloverly road, (left to right), who paused

to chat at last week's Detroit Grand Opera Association luncheon. Mrs. McElvenny, general chairman of the Association, was hostess to more than 70 volunteer workers at the Grosse Pointe Hunt Club. Mrs. Benfield is Grosse Pointe chairman of the 1969 Met Opera Season, and Mrs. Wrigley is advertising chairman.

Detroit Grand Opera Volunteers Gather

Overture Program Scheduled for Early Months of 1969; Seek to Increase Program Book Advertising Revenues

Mrs. Ralph T. McElvenny, of Cloverly road, general chairman of the Detroit Grand Opera Association, entertained more than 70 volunteer workers of the Association at the Grosse Pointe Hunt Club last week.

Women's Committee

members from 25 communities in Southeastern Michigan attended the luncheon and meeting.

During the business session, Mrs. McElvenny pointed out that the women would once again be responsible for promotion and ticket sales of Overture to Opera, the opera education project which has been presented by the Detroit Grand Opera Association for the past several years.

The other major project will be to increase advertising revenue for the Association's opera

program book, which is passed out during the May operas.

Dr. David DiChiera, of Birmingham, Overture producer, stated that Overture would present two operas in the early winter of 1969. They are Donizetti's "Il Campanello" and Weill's "Der Jasager." Performances will be held in education and community centers in the Detroit Metropolitan area.

The new advertising chairman, Mrs. R. Alexander Wrigley, of Bishop road, said, "Based on the first efforts of last year, I am confident that this year's Women's Committee can gain additional revenue for the opera program."

Her two co-chairmen are Mrs. W. Calvin Patterson, of Birmingham, and Mrs. Russell E. Bauer, of Lakeshore road.

Mrs. McElvenny reinforced Mrs. Wrigley's statement by saying, "Last year we gained an additional \$6,000 in revenue from more advertising, and we feel this can once again be accomplished in 1969. Because the cost of bringing the Metropolitan Opera to Detroit is always increasing, it is imperative that our committee once again produce another success."

It was also announced that the Detroit spring season for the Metropolitan Opera performances will be from May 26 to May 31. All performances will be given at the Masonic Temple Auditorium in Detroit.

Co-Op Nursery Conference Set

The semi-annual East Area Conference of the Greater Detroit Cooperative Nursery Council will be held this Saturday, November 16, beginning at 9 o'clock in the Grosse Pointe War Memorial. Following registration, a series of workshops and in-depth discussion groups will enlarge upon the Conference theme, "A Creative Happening." Dr. Cynthia Colvin, of Wayne State University, will be a featured luncheon speaker.

The East Area, largest of the four areas in the Council, involves about 1,200 families and their pre-school children.

Among the local Nursery Schools taking an active part in this Conference will be Grosse Pointe Congregational Nursery, Grosse Pointe Shores Nursery, Grosse Pointe Woods Nursery, Play Group, Grosse Pointe Cooperative Nursery, Memorial Nursery Inc., and St. Paul Lutheran Cooperative Nursery.

376 WASHINGTON ROAD; A HOUSE SO CHARMING — IT'S NEVER BEEN LISTED!

IT'S TRUE. This 11-year old home has been sold two times by the owners without a realtor.

We're leaving the state for a new job and we'd love to show you why our house truly has charm.

It has a very big (75'x150') lot filled with towering trees and it's completely fenced in.

Drive in the circular driveway, then enter a lovely, two story center hall brick colonial. Downstairs you'll find an elegant living room with fireplace, formal dining room, family room, powder room and a huge kitchen with eating space for six.

Upstairs you'll find three bedrooms and two full baths. The master bedroom's so large we have two double beds in it with room to spare.

Then there's a full, finished basement with another half bath and a fireplace.

Since February, every room in the house has been freshly painted or papered. Every room has brand new carpeting and new draperies or shutters. And the woodwork in much of the house has been antiqued in a lovely, warm finish.

If you're interested in buying this charming house that's priced in the low 50's, call us at 886-0102 or

41 WOODLAND Shores comes on like a new house but in truth it is three years old. The completely new decorating job has now been finished... and we believe the colors and carpeting will go with any furniture period. The subdivision in which this residence is located was once part of the Pointe's finest Lakeshore estates. Vacant and ready for you.

187 STEPHENS is currently the only larger, four bedroom colonial being offered in the Farms. Built slightly over a decade ago for the present owner, this impressive house really "spreads out" across its one hundred foot wide lot. The circular drive and attached garage make for real eye appeal from the curb, but come inside, the looking is easy.

SOMETHING NEW

A SOLID ENGLISH Tudor with slate roof and double lot. (You may purchase the house without the adjacent property.) The layout of this one provides for three bedrooms and two baths on the second floor. Over the garage is a maid's bedroom and third bath. The first floor includes a separate dining room, living room, library and large, covered and screened terrace.

IN THE FARMS we uncover a cute three bedroom colonial with a larger than normal kitchen and two car garage. Don't let today's high prices bottle you up. This one can be yours if you pop for \$32,900.

BY APPOINTMENT

FOR THE BIRDS... more specifically "for your bird" Thanksgiving turkey type. We see no reason why your family can't enjoy the coming holiday in this empty house in the Decplands area. Bedrooms on the first floor and five more on the second... for the large family, just the berries... cranberry type.

LET IT SNOW, let it snow, let us show you one of the better buys available in the Pointe today. Baby it's cold outside, so come on in and warm up to this four bedroom Cape Cod with two full baths. Recently redecorated throughout, and this includes a jazzy kitchen. Can be had for a song.

IF YOU'VE BEEN peeking about looking for something with tremendous curb appeal, and only require three bedrooms but must have two baths and a first floor lavatory, then this southern colonial could be the solution. This compact offering has a comfortable extra room with access on either side of the living room fireplace. There is a separate dining room and attached garage.

THE ONLY STEP you'll have to take is the one to your phone. We'll tell you just enough about this three bedroom, two bath ranch house to entice you into seeing for yourself. It is situated on a small court in the Farms, yet is only a few steps to shopping and schools. Priced to be picked off in the low forties.

FOR YOU WHO want to own an income property, we have one of the few remaining lots in the Pointe which is zoned for two family dwelling. Live in one unit and let your tenant make the payments which will amortize your investment.

Feature Page

who, where and whatnot

by whoozit

No finer choice could have been made . . . and we're delighted to report that Mrs. Charles A. Dean, Jr., of Lewiston road, has been appointed chairman of the Cultural and Fine Arts Committee for United Citizens for Nixon-Agnew by the national chairman Mrs. William F. Burdick, of Washington, D.C. . . . Among organizations actively served by this Committee are the Detroit Institute of Arts, the Detroit Symphony Orchestra, the Metropolitan Opera, the Society of Arts and Crafts, the Friends of the Detroit Public Library, the Garden Club of America (conservation) and the Garden Club of Michigan; also receiving Committee service are Ferdinand H. Cinelli, on behalf of the excavations of Etruscan Arts in Italy; Arthur Turner, president of Northwood Institute, Midland; Douglas F. Roby, president of the United States Olympic Committee; and W. Hawkins Ferry, collector and author . . . Mrs. Dean's Committee members include the Mesdames Wendell W. Anderson, Jr., Christian Henry Buhl, Emory M. Ford, John G. Garlinghouse, Harley Higbie, Alvan Macauley, Jr., Lynn McNaughton, David W. Rust, W. Warren Sheldon and Allen Sheldon, III, and Robert H. Kanzler and Mr. Macauley . . . In Oakland County, the Committee includes Mrs. Don E. Ahrens representing the Birmingham Women Painters, prominent artist John S. Coppin, James D. Hicks, manager of the Meadow Brook Music Festival at Oakland University, Mrs. Henry Clyde Johnson, active in the Archives of American Art and Metropolitan Opera, and Mrs. William L. Mitchell, chairman of the Meadow Brook Theatre . . .

Their experience is limited, but their spirits are willing . . . and as far as Sherman Fitzsimmons, Jr., of Stephens road, is concerned, it's the spirit that counts: He's very pleased with the "couple" engaged as maid and bartender for his next dinner party, Mr. and Mrs. James Robinson, of Kenwood Road . . . Mr. Fitzsimmons "bought" the pair (for one evening only) as high bidder for their services at Action Auction '68, the November 1 benefit for the Academy of the Sacred Heart in Lakeshore road . . . Mr. F. also was successful bidder for the talents of Mrs. Walter F. Robinson, who'll refinish a piece of furniture for him . . . Among other Action Auction high bidders were the Rankin Pecks, of Lakeshore road, who'll be flying off to London . . . Robert Sholly, of Lakeland avenue, who'll be enjoying weekends in the wild blue yonder, (his was the high bid for a course of flying lessons) . . . the Robert Peabodys, of Lochmoor boulevard, who'll spend a weekend in New York City . . . the Robert Gottfredsons, of Grosse Pointe boulevard, now Lake Shore Tennis House family members, (they put in the high bid for two weeks' use of a camper, too) . . . the Richard Pieroneks, of Lochmoor boulevard, who'll spend two weeks next summer traveling around the country in a motor home . . . In all, the 164 items auctioned off by Larry DuMouchelle brought in more than \$22,000 for the Academy's operating expenses . . .

One more bit of Auction news . . . and we'll leave the subject of Auctions for good! (at least for this year) . . . Did you know that among the bracelets, rings, watches, lighters, antique clocks and silverware of all sorts, shapes and sizes to be disposed of at the Archives of American Art's first Jewelry Auction is a genuine Roman helmet? . . . And that all items, including the helmet and King Farouk's diamond and sapphire-studded lapel watch are evaluated at lower than retail prices and, at similar auctions, most items have gone for about HALF of the evaluation? . . . and that, since only about 50 to 75 items can be auctioned in one evening, the balance will go on sale the day after the November 22 auction, on Saturday, November 23, at the Detroit Institute of Arts? . . .

Weatherman, hold that snow and ice! . . . The Ribbon Farmers Chapter of Quarters, Inc., has a field trip scheduled this month, next Monday, November 18, in fact, and the ladies would prefer nice, dry streets to sleety, slushy ones for their trip from The Pointe to Greenfield Village Museum and back again . . . The women plan to gather at 11:30 o'clock at the Lakeland avenue home of their program chairman Mrs. Harold B. Lee, then to head out to Greenfield as a group for a conducted tour of the museum . . .

There was no problem . . . getting from the Madison Theatre, where "Star!" premiered last evening at a full-house benefit showing sponsored by the Junior Women's Association for the Detroit Symphony Orchestra, to the Afterglow, also sponsored by the Juniors, at the Harmonie Club: Mrs. Philip K. Mebus, Jr., of Balfour road, Afterglow chairman, and several of her hostesses dashed out at intermission time to place gold contact paper stars on the sidewalk, leading from the Madison to the Harmonie, and the Afterglow-goers just followed the Starway . . .

MRS. ANDREW W. L. BROWN, OF BEDFORD ROAD

By Janet Mueller

There are canned goods in the dining room, cartons in the hall: A new kitchen is being installed and, while the installation work goes on, the Browns of Bedford road are "making do."

A son is upstairs in bed, sick with flu. Sally (Mrs. Andrew W. L.) Brown is downstairs, in what's passing for the kitchen, cooking him a pancake.

It's mid-afternoon. She's just home from her temporary, (since October 1), part-time job with the Neighborhood Service Organization, a voluntary social agency that, she explains, "does a number of things, depending upon where the need is . . . is not tied to any one kind of service, any one location . . ."

Sally's an NSO Administrative Assistant, charged with getting into operation a Community Health Program for Detroit's inner city.

Just Getting Started

"We developed the plan for the Inner City Community Health Program," Douglas says with the Brewster Douglas Comprehensive Service Project. "It's just been funded." she explains. "I'm working with NSO temporarily—he SURE to put in that 'temporarily'—until the Program gets on its feet."

The pancake's done; Sally, edging her way past crates and relocated-for-the-duration pieces of furniture, carries it upstairs. A minute or so later, she's down again, settling into a chair, ready to talk . . .

But the boy upstairs hasn't finished with her yet. A pancake's a good enough hors d'oeuvre but, for a 16-year-old whose flu is on the wane, it's not exactly filling . . . He decides he'd like some cinnamon toast, too.

"Mom," the voice drifts down the stairs, rounds a corner, enters the living room, "where's the toaster?"

Just Where It Should Be

And Sally, who in the past half-hour has come home from her job, greeted an interviewer, cooked a pancake and had her picture taken . . . Sally, whose house is literally upside down, the contents of whose kitchen cupboards are stacked on floors, chairs, the dining room table . . . this amazing Sally Brown who, we've begun to think, NOTHING can faze, answers, without stopping to think, "On the dryer, of course—where would you think it would be?"

A remarkable woman, this Mrs. Andrew W. L. Brown . . .

A month ago, October 15, in New York City, Sally Brown and 20 other women, including Mrs. Dean Rusk, Mrs. Martin Luther King and Dr. Mary Calderone, were honored at a luncheon given by the National Council of Women of the United States, named recipients of the sixth annual "Woman of Conscience" awards presented by the Council to women who have performed outstanding service for human rights.

She was nominated for this award by the Unitarian-Universalist Women's Federation, one of 25 national organizations affiliated with the National Council of Women.

Trustee of Church

Sally Brown is an elected member of the Board of Trustees of the Grosse Pointe Unitarian Church. The women's group of her church nominated her as a "Woman of Conscience" because of her outstanding work as an organizer of the Grosse Pointe Committee for Open Housing, her service on the Steering Committee of "Homes By Christmas," (the Emergency group which helped to relocate families burned out of their homes during the Detroit riot of 1967), and her many other community activities to advance human rights.

Her citation reads:

" . . . Because she has had the concern, the dedication and the courage to confront her friends

and neighbors with the need for open occupancy housing; and

" . . . Because she has shouldered to shoulder with Black families seeking homes in her formerly segregated community; and

" . . . Because she has used her gifts of quiet persuasion and charm to effect such revolutionary changes."

A remarkable woman, this Mrs. Andrew W. L. Brown . . .

Surprise for Friends

One thing about the citation may come as a surprise to many of Mrs. Brown's friends, who've known her for years as "Sally," her first name is really "Louise," and it's to Mrs. Louise "Sally" Brown that the citation is made out.

"My sister and I had one of the first 'Underground Newspapers' in the United States," she smiles. "We called it 'The Weekly Gingle' and distributed it in the tiny country school we went to."

"We all had pen names—mine, naturally, was 'Sally'—but of course in a small school in a small town, one couldn't remain anonymous for long, even under a pen name . . ."

The small town was Hubbardston, Mich., population approximately 350, located some 40 miles north of Lansing. The small school had four rooms, one for the first four grades, one for the second four and TWO for the high school, one for each of the two high school teachers: The principal and the superintendent of schools.

"I was very fortunate," Sally says of her elementary-high school years. "We had very good teachers, so I got a very good education."

Graduated With Honors

She went on to Michigan State, where she earned her Bachelor's degree magna cum laude and was elected to Phi Beta Kappa, then to Merrill Palmer for graduate work. She's never really "left" Merrill Palmer.

"I've been on the Merrill Palmer staff and faculty for 26 years off and on, between babies," she notes. She helped organize the Merrill Palmer Alumni Association and served as its first national president.

She received her Masters degree in Social Work from the University of Michigan.

Her youngest "baby," Grant, is 12 now, a seventh grader at Pierce Middle School whose favorite hobby is collecting toy men from Germany. Another interest, which he shares with his father, is lapidary work.

Other Children

The other "babies" are Cameron, 22 and a senior Sociology major at Columbia University, a jazz enthusiast, (he plays string bass), who took a year off between his freshman and sophomore college classes to tour Sweden with George Russell, (he made two records with Russell in Germany and has also played with Don Cherry); Heather, 18, a Grosse Pointe High School graduate who has just entered Bennington College after an "au pair" year in Cannes on the French Riviera during which she lived with a French family, studied ballet at the Rosella Hightower School and took French language courses; and Douglas, 16, a senior at Grosse Pointe High School. He's the upstairs pancake-eater, whom his mother describes as "very much concerned about the mechanization and depersonalization of modern life."

Swedish Is Easy

Cameron's taking Swedish at Columbia now, and says it's a snap—but for him, it should be:

His year in Sweden with Russell was his second Scandinavian experience.

He spent his first year in Sweden, the year between the time he was graduated from high school and the time he entered college, as a Youth For Understanding exchange student.

He was the first YFU student ever sent from the States for a full year's study in a foreign country WITHOUT knowing the language of that country. The idea was to see if an American student, speaking no Swedish, could learn the language, could adjust . . . and Cameron proved just how very adaptable American students are.

The Atlantic, by the way, isn't a one-way street as far as the Browns are concerned: They've had three foreign students, two from Cameron's Swedish family, one from Germany, living with them.

Regard for Individual

"I was brought up to regard people on the basis of their worth as individuals, not to make judgments on the basis of race or class," Sally Brown looks back, tries to put into words just "how" and "why" she became involved in working for human rights.

"I was brought up a Methodist, and was an active member of the Epworth League in the '30s. That had a very strong social philosophy . . ."

"I suppose I went into Social Work because I was interested in what motivates people. I started out thinking I would work primarily with individuals, on a one-to-one basis, but after a while I realized you can't solve big problems 'person-to-person' . . . You have to do things, work for things that help society become its best self, too . . ."

"I believe that every individual has a right to achieve his potential. I've certainly found this philosophy strengthened by my husband."

Six Months Courtship

Sally met her husband, a Dartmouth graduate, the night he arrived in Detroit. They were married six months later. Both were working for United Community Services.

Mr. Brown is assistant director of the Community Services and Retired Workers Department of the United Automobile Workers—and he's no "slouch" when it comes to human rights involvements, himself.

He's finishing his second year as president of the Michigan Welfare League and serves on the National Board of the National Association of Social Workers.

He journeyed to Helsinki, Finland, last summer for the International Conference on Social Welfare; he was a member of the Planning Committee and vice-president of the Conference's Commission on Human Rights.

He's a member of the Executive Board of the National Council of Senior Citizens, has been on the boards of the NAACP and the Detroit Urban League, serves on the Governor's Migrant Labor Commission, is vice-chairman of the Comprehensive Neighborhood Health Services Center and a member of the Detroit-Wayne County Community Mental Health Board.

Member of HRC Board He's also on the Board of Grosse Pointe Human Relations Council, an organization he and Sally helped form. He served as the Council's first vice-chairman.

Sally's "private" list of accomplishments, (of course, Mr. and Mrs. Brown support each other's endeavors, always), includes helping to organize Americans for Democratic Action in Detroit, serving as consultant to nursery school educa-

tion for community groups and, of course, the Grosse Pointe Committee for Open Housing.

She served as the Open Housing Committee's first president. She's watched it grow, from a nucleus of representatives from Grosse Pointe churches and interested private citizens gathered, in April, 1966, at a meeting called by the Social Responsibility Committee of the Grosse Pointe Unitarian Church, to a current active membership of some 150 persons.

Conducted Campaign

In its two-and-a-half years of existence, the Grosse Pointe Committee for Open Housing has conducted a good-neighborhood pledge campaign, obtained listings of homes for sale on the open market, escorted Negro families in their search for Grosse Pointe homes, co-sponsored neighborhood showings of "A Time For Burning," established a dialogue with local realtors, (the Committee's most recent contribution to this dialogue is a letter offering assistance to any Real Estate broker who may be confused about or wish advice on any provision of Michigan's Open Housing Law, which goes into effect tomorrow), mailed quarterly newsletters to interested Detroiters as well as Grosse Pointers, initiated an outreach program to inform Detroit Negroes of the availability of housing in Grosse Pointe . . .

Put down in print, that's quite a list of accomplishments. Remarkable, in fact . . .

But then: So's Mrs. Andrew W. L. Brown.
