

FARMS IGNORES SAFETY PLEAS

HEADLINES

of the WEEK

As Compiled by the
Grosse Pointe News

Thursday, November 14
NINE DETROIT POLICE-
MEN were suspended Wednes-
day by Commissioner Johannes
F. Spreen for allegedly beating
Negro youths after a police
dance at Veterans Memorial
Building, Saturday, November
2. Spreen said a report of the
investigation of the incident
would be turned over to Wayne
County Prosecutor William L.
Cahalan for possible criminal
prosecution.

Friday, November 15
SCIENTISTS IN WASHING-
TON announced Thursday dis-
covery of a medicine which
may lead to the control of
virus diseases ranging from
common colds to smallpox.
And if human cancer is a virus,
which is still an unanswered
medical question, the medicine
might even cure cancer and
leukemia.

CATHOLIC BISHOPS IN
Washington, who were debating
in secret, reached a general
agreement Thursday to back
Pope Paul VI's reaffirmation
of the church's long-standing
ban on artificial birth control.
It was learned that the lan-
guage of a pastoral letter to
instruct the nation's 47 million
Roman Catholics, will encour-
age marriage to form their con-
science in the light of the papal
encyclical "Of Human Life."

Saturday, November 16
IN AN 11,000-WORD pastoral
letter, the nation's Roman
Catholic bishops Friday de-
clared that artificial contracep-
tion "is always an objective
evil" but that circumstances
may reduce moral guilt of cou-
ples who practice it, thus clear-
ing the way for Catholic mar-
ried couples to use birth-control
pills and other contraceptives if
their consciences permit it.

PRESIDENT-ELECT Richard
M. Nixon has sent the Soviet
Union a message expressing
confidence that there can be
great strides toward world
peace and security in the years
ahead. Moscow's response was
swift and unexpectedly friendly,
leading observers to hope for
better relations than had been
expected between the Nixon
administration and the Soviet
Union.

Sunday, November 17
PATROLMEN Leo T. Haidys,
Jr., and Richard Stinson, both
34, were released under bond
Saturday following their ar-
raignment on assault charges in
the alleged beating of Negro
teen-agers at the Veterans Mem-
orial Building two weeks ago.
Haidys was released under \$5,
000 bond after pleading innocent
to a charge of felonious assault.
Stinson was released under \$1,
000 bond after pleading innocent
to a charge of assault and bat-
tery. Recorder's Court Judge
George Crockett set Haidys's
preliminary hearing for Novem-
ber 26. Evans's Court Judge
Robert L. Rydman's Court Judge
Stinson a jury trial at his request.
Trial was set for December 2.

Monday, November 18
AN AGREEMENT was reached
Sunday to end a bitter, city-
wide strike of 55,000 New York
teachers but the union delayed
a rank and file vote on the pro-
posal. Teachers had been sched-
uled to vote on the agreement
Sunday night, paving the way
for classes to resume Monday
for the city's 1.12 million
pupils, most of whom have been
deprived of instruction for al-
most three months. The delegate
assembly and the rank and file
vote was put off until today.

Tuesday, November 19
THE SUPREME COURT an-
nounced Monday that it would
consider whether the House
of Representatives had acted
constitutionally in barring
Adam Clayton Powell from his
seat in the 90th Congress.
Throughout the litigation the
House has insisted that the
courts have no jurisdiction to
sit in judgment on its internal
affairs. This surprise action
raises the possibility of a con-
frontation between the legisla-
tive and judicial branches
over the exclusion of the Har-
lem democrat.

treasurer of the club, is shown presenting a check

ERNEST HOBBS, show chairman for the club, is

cardiac children a vacation at the Grace Bentley Sum-

Woods Gives Club Permit For Building

Zoning Law Variance
Granted to Provide
Lochmoor with Pro-
tection Against
Vandalism

The Woods Council, acting
as a Board of Appeals, on
Monday, November 18, granted
a variance to the zoning ordi-
nance to the Lochmoor Club
(Ill.) Police Department. The
position is equivalent to that of
chief.

The director, who several
years ago was assistant city
manager of Peoria, said that he
received a letter from the pres-
ent city manager of that city on
Friday, November 1, offering
him the police post. He had to
make up his mind quickly, An-
drews said, and on Monday,
November 4, submitted his res-
ignation.

He said that he will leave the
Woods December 8, and will
assume his new position the fol-
lowing day.

Is Sorry to Leave
"I feel very sad in leaving the
Woods and all the friends I have
made here," Andrews said,
"and I especially feel sad on
leaving this department. I have
been very happy here, and have
received the very best coopera-
tion from the Woods city offi-
cials, especially Mr. Petersen,
and from the personnel of the
Public Safety Department."

The members of the depart-
ment are an exceptional group
of men, but then, this is an
exceptional department. The
citizens of this city have a right
to be proud of their public
safety officers and departmen-
tal workers.

Farms Seeks to Untangle Roland-Maison Area Traffic

At a meeting held last June 3,
the Farms council considered
and approved traffic controls for
the Roland-Maison area, sought
by the residents but the union
delayed a rank and file vote on the
proposal. Teachers had been sched-
uled to vote on the agreement
Sunday night, paving the way
for classes to resume Monday
for the city's 1.12 million
pupils, most of whom have been
deprived of instruction for al-
most three months. The delegate

Allen Andrews Resigns As Woods Public Safety Director; Going to Peoria

Accepts Job as Superintendent of Police in
Illinois' Second Largest City;
Leaves December 8

Woods Director of Public Safety Allen Andrews
announced his resignation, effective Saturday, December
7, four years and six days after he was appointed head
of the department, it was disclosed by City Administrator
Chester Petersen.

Andrews is leaving the Woods
to take over the post of police
superintendent of the Peoria
(Ill.) Police Department. The
position is equivalent to that of
chief.

The director, who several
years ago was assistant city
manager of Peoria, said that he
received a letter from the pres-
ent city manager of that city on

While on routine patrol on
Saturday, November 2, City
police found a broken window
at Active Realty, 17266 Mack.
The window appeared to have
been broken by a rock.

At a meeting held last June 3,
the Farms council considered
and approved traffic controls for
the Roland-Maison area, sought
by the residents but the union
delayed a rank and file vote on the
proposal. Teachers had been sched-
uled to vote on the agreement

At its regular meeting held on
Monday, November 18, the coun-
cil was informed by Chief Roh-
cail that a further study of the
proposed one-way conversion has
changed his opinion of this
course of action, which has the
support of the residents affected.
At the June meeting, the coun-
cil approved making Roland and
Maison one-way streets, with
this system to be effective until
the first council meeting in De-
cember, after which it would be

decided that the solons will ac-
cept other recommendations, or
finalize a decision to continue
this directional travel. This was
not concluded because it was
found, after more study, that
this would create a great incon-
venience to the people living in
the two roads, Chief Roh said.
The chief said that other
measures, such as that to alle-
viate the parking situation in
the area, by eliminating the
green strips on both sides of
Roland, and indenting and
widening the 11 parking meters,
has worked very well. This al-
lows parking space for six cars
on the north side, and five on
the south side, from Mack to
the alley.
The alley was made one-way

School Study Committees Start Work

Groups Probing Education
Problems Will Meet
Monthly Through
Entire School
Year

Grosse Pointe's three
School Study Committees
met for the first time at
7:30 p.m., on November 18,
at North High School. Ap-
proximately 150 residents
of The Pointe have agreed
to participate in a searching
analysis of various areas of
local public education.

Trustee Calvin J. Sandberg
will moderate the sessions de-
voted to studying future mil-
lennia. Mrs. Joseph P. Thompson,
secretary of the Board of Educa-
tion, will chair meetings
studying the middle school, and
Edward J. Pongraz, treasurer,
will chair the group of residents
studying the physical facilities
of South High School.

Trustees to Moderate
Mrs. Paul G. Hykes, presi-
dent of the Board of Education,
said on Monday that the school
trustee will serve in the role of
moderator. "I want to assure
you that in no way are the
committees to be considered
'rubber stamp' groups. Neither
your moderator, nor I, nor the
Superintendent of Schools has
any preconceived idea as to how
you will react to the question
of your charge," she com-
mented.

Meetings of the committees
are scheduled for the third Mon-
day of each month through
May. Dates for the balance of
the 1968-69 year are Decem-
ber 16, January 20, February
17, March 17, April 21, and
May 19. The groups will meet
concurrently.

Staff Workers Named
Lawrence Kennedy, Assistant
Superintendent—Personnel, will
serve as staff resource for Mr.
Sandberg's group, Dr. Joe Spag-
noli, Assistant Superintendent—
Instruction, will assist Mrs.
Thompson's committee, and
Benjamin Zenn, recently ap-
pointed Director of Administrative
Services, will work with the
group headed by Mr. Pongraz.

Each committee will present
its findings to the Board of
Education as soon as possible,
but not later than May 1, 1969.
Committee members understand
that their recommendations are
not binding on the Board of Edu-
cation and that their respon-
sibilities will have been ful-
filled when the findings and

Whiteley Agrees To Fill Vacancy On School Board

Former Trustee and President Will Be Elected When
Educators Hold Special Meeting at
Monteith on November 25

Dr. Robert K. Whiteley, former school trustee, has
agreed to fill the vacancy on the Grosse Pointe Board
of Education created by the resignation of John T. Short.

The remaining six trustees
will ballot officially on the ap-
pointment of Dr. Whiteley at a
special meeting to be convened
at 7:30 p.m. on Monday, Novem-
ber 25, in the gymnasium of
Monteith School, 1275 Cook road.
Because November 24, the
final date for making the ap-
pointment, falls on Sunday, the
law permits the trustees an ex-
tra day in which to take action.

Dr. Whiteley, who served two
four-year terms on the Board
of Education from 1959 to 1967,
was president during 1963-64,
and vice-president during 1962-
63 and again in 1966-67.

Under provisions of the
School Code, Dr. Whiteley will
serve the remainder of Mr.
Short's term, or until June 30,
1969. He has indicated that he
will not be a candidate for a
trusteeship in the annual elec-
tion slated for June 9.

"I am pleased to be able to
serve my community again,"
he said.
"We are delighted that Dr.
Whiteley has consented to give
of his time and talent to the
public schools of Grosse Pointe;
his acceptance of this interim
appointment underlines his deep
concern for education," Mrs.
Paul G. Hykes, President of the
Board of Education, said.

A native of Arizona, Dr.
Whiteley is a graduate of Stan-
ford University. He received
his M.D. degree from the Uni-
versity of Michigan.

Was War Prisoner
During World War II Dr.
Whiteley served five years as a
Major in the U.S. Army Medical
Corps, three of these as a pri-
soner of the Japanese in the
Philippines.

Dr. Whiteley has practiced
medicine in Detroit and Grosse
Pointe since 1936. He has been
active in the Michigan State
Medical Society.

He has been a resident of
Grosse Pointe since 1945 and is
a member of the Grosse Pointe
Memorial Church. Dr. and
Mrs. Whiteley, 216 Lakeland
avenue, are the parents of
three sons.

Mr. Short, 975 S. Brys, re-
signed on November 4 to accept
a business promotion in the
East. He and his family expect
to make their home in West
Hartford, Conn., some time in
January or February.

The Grosse Pointe Board of
Education is composed of seven
members. In addition to Mrs.
Hykes and Dr. Whiteley, others
are Mrs. Joseph P. Thompson,
secretary; Edward J. Pongraz,
treasurer; and trustees
Lee H. Allen, Arnold P. Fuchs
and Calvin J. Sandberg.

RESIGNS WOODS POST
The Woods Council on Mon-
day, November 18, accepted
with regret the resignation of
Baird F. Roberts as a member
of the Board of Review. Mr.
Roberts is leaving the area. A
replacement will be announced
at a later date.

In a secret election held un-
der the auspices of the State
Labor Mediation Board in the
Farms council chambers on
Wednesday, November 13, the
Grosse Pointe Farms Police
Officers Association rejected
the city's latest wage offer, by
a 15-2 vote. Two policemen, one
on vacation and the other, ill,
were unable to ballot.

The election was called for by
the city's wage negotiation rep-
resentatives and was approved
by State Mediator Gordon Lee.
Patrolman Thomas Kelly,
president of the GPFPOA, and
a representative on the police
wage team, said that the offi-
cers of his department rejected
the city's offer because they
still are seeking \$10,000 now,
not later. However, he said, if

the Farms would offer an
amount reasonably close to the
demand, it might be accepted.
The city has offered a two-
year contract to the GPFPOA,
which would give the police-
men \$9,300 from July 1, 1969,
on January 1, 1969, \$9,900 on
July 1, 1969, and \$10,000 begin-
ning January 1, 1970.
Kelly said that his organiza-
tion will ask the State for fact-
finding, and if necessary, will
take issue in court against the
Farms on charges of unfair
labor practices.
He alleged that the city, in an
effort to force a settlement, has
threatened to withdraw its offer
of pay, retroactive to July 1, if
the wage question is not settled.
Kelly was referring to a writ-

Parents Ask For Guard at Bad Crossing

Kerby School Children En-
dangered by Lack of
Protection at Moross-
Kercheval Intersec-
tion

By Pepper Whitelaw

The matter of bringing a
problem before your com-
munity's Council for con-
sideration is supposed to be
as simple as writing a letter
requesting to be placed on
the agenda, then waiting for
notification as to an appear-
ance date. It should be that
easy, but apparently it isn't,
at least in the City of Grosse
Pointe Farms. Even when the
matter concerns the safety of
children.

It was brought to the NEWS'
attention recently that some
parents in the Kerby School
district, have been trying with-
out success to get on the agenda
to discuss the matter of an
adult crossing guard at the
Moross-Kercheval intersection.

Too Young For Job
Presently there are Safety
Patrol boys on duty there but
both school principal Custer
Homer, and representatives of
the American Automobile Club,
feel fifth graders are too young
to handle this crossing.

The parents, in an effort to
get a professional opinion, went
to the Manager of Highway
and Traffic Engineering Prob-
lems, of the AAA, A. C. Gib-
son. Mr. Gibson conducted a
survey and sent the results to
Police Chief Jack F. Roh, Mr.
Homer and John Trellay,
Safety Education Consultant.

The survey indicated that
Safety Patrol boys should not
be assigned to the Moross Ker-
cheval crossing, due to the dis-
tance from the school, and "the
inability of fifth grade boys to
adequately protect and guide
child pedestrian movements in
view of the existing vehicular
traffic volumes and speeds." The
report also recommended that
an adult guard should be
trained by the police depart-
ment and operate under its
jurisdiction.

Boys' Duty Extended
To date Mr. Homer has ex-
tended the patrol boys' duty at
this crossing three times, hoping
that an adult guard would be
forthcoming. Unfortunately
the matter can't even get on
the agenda, much less be re-
solved. The bad weather is just
around the corner, danger in-
creases and nothing is being
done.

The mother representative
contacted a city official and
was told the matter could not
be put on the agenda for the
next meeting which would have
been on November 4. She un-
derstood, because she had not
contacted him until November
1.

Although if you call the
Farms a bright voice will ex-
plain that if you want to be
placed on the agenda and the
council thinks the matter is
worthy, a spot will be found for
you if your request is in by 4
o'clock the Friday before the
next scheduled meeting.

Plea Ignored Again
Just last week, Mrs. Edward
E. Donaldson was told the
matter would not appear on the
agenda on Monday, November
18, either. She then asked if
it would appear on the Decem-
ber 2 agenda and was told "we
can't promise."

The Farms Council meeting
on Monday began at 8 o'clock
and concluded at five minutes
to nine. It seems that a matter
as important as children's
safety could have been squeezed
onto an agenda that didn't even
take an hour to cover.

P.S. Cost of an adult crossing
guard is \$6 per day.
P.S.S. The Farms is the only
Pointe that has no adult guards
on the payroll.

To Appoint New School Trustee

The trustees of the Grosse
Pointe Board of Education will
hold a special meeting at 7:30
p.m. on Monday, November 25
for the purpose of naming a re-
placement to fill the vacancy
created by the resignation of
John T. Short.
The meeting will be held in
the gymnasium of Monteith
School, 1275 Cook road. The pub-
lic is cordially invited to attend.

Many a train of thought is wrecked for lack of an engineer. All the safety laws in the world won't help the driver who isn't safety-minded.

going east, exiting onto Roland, which is also working out very well, it was said.
Chief Roh, at Monday night's meeting, said that the most recent survey disclosed that now the real problem is the matter of parking, especially by truckers, and by private drivers, who park beyond the installed "No Parking" signs, which ends at Roland-Maison "Y." The installation of "Commercial Vehicles Excluded" signs, starting at the "Y," would help the situation, the chief added.

He said that his department has been receiving two to three calls a day from irate residents, complaining of private cars parked in front of their homes, thereby depriving them of parking their own vehicles in front of their property.

The truck parking occurs mostly during noon time, when truckers stop for lunch. The private cars are left mostly by employees of stores in the Mack-7 Shopping Center.

Chief Roh said that as far as the commercial vehicles are concerned, if additional "Commercial Vehicles Excluded" signs are installed, this would handle that problem.

As far as the private vehicles parking on Maison and Roland

beyond the "No Parking" signs already in position, there would be only one answer to this, and that would be to extend "No Parking 8 a.m. to 4 p.m." signs on the remaining section of these streets, daily, except Sundays and holidays, the chief stated.

"Of course, this may cause a problem with some of the residents living in these streets who want full time street parking," Chief Roh pointed out. In this event, he would still grant special permission, upon request, for parking when special functions are being carried out. "It is felt that this would be much less of a problem than making the streets one-way, and cause many residents to drive out of their way to get to their homes," he added.

In regards to the complaints of speeding on the two roads, the chief said that his department personnel had spent many hours in the area, but due to the distance, and present equipment of the department, no true picture of this could be had, as could be obtained with a radar unit.

The council accepted Chief Roh's recommendation, and authorized the installation of the "No Parking 8 a.m. to 4 p.m." signs, to determine if this would help solve the parking problem. The chief said that the signs will be placed just as quickly as they are available.

Farms Police Reject City's Wage Offer

(Continued from Page 1)
ten statement, over City Manager Andrew Bremer, Jr.'s signature, which is verbatim, as follows:

"Since purely retroactive salary payments may not be made, the City has offered to negotiate an additional increment of income equal to the wage increases which would have been effective July 1, 1968 had the City and the Association reached agreement by that date. The City believes that, as a matter of accounting, the City's offer must be accepted and ratified prior to December 1, 1968 if the increment in lieu of retroactive pay is to be granted."

Kelly charged that the statement indicated that if the wage question was not settled by the set date, the police officers will be denied retroactive pay, when and if the question is satisfactorily concluded. This amounts to a threat in an effort to force the Association to settle, he added.

Bremer denied the charge emphatically. He said that in no way is the city making a direct, or implied threat, in order to force a settlement.

"I, and the other members of the city's negotiators, would only be too happy to settle this matter in an agreeable manner, so that every one involved will be satisfied. We want to settle this so that every one will be happy, including the members of the Association. We feel that if any city employee is unhappy, this is not good for the community."

The city manager said that the statement Kelly referred to, in turn refers to a section of the Farms City Charter, as interpreted by the city attorney, which strictly prohibits the granting of retroactive pay in wage negotiations.

Retroactive pay is determined by the Farms council, and is given at its discretion. Under the present City Charter, the

city manager explained, it is illegal to make wages retroactive on conclusion of an agreement. Therefore, he pointed out, retroactive wages are given in the form of premium pay, each pay day, until this is completed. A lump-sum back pay is prohibited.

Bremer said that it is up to the council to set the date when back-pay offers are to be withdrawn. No threat was made, and none was intended, he stated.

"I, and my colleagues representing the city in wage talks, regret very much the negative vote of the Association. We are just as anxious to settle the matter as are our police officers."

cers. An amicable settlement means that every one can continue working in a happy frame of mind, and that is exactly what we want."

Park Police Nab 2 Car Thieves

Approximately five minutes after Mary Lee Scott of 1683 Severn, notified Park police, on Wednesday, November 13, that her car had been stolen from in front of 15119 Charlevoix avenue, two juveniles were in custody and charged with the theft.

Patrolmen Collin LaLonde and William Furtaw, were in the immediate area when the broadcast came over the police radio, and they spotted the vehicle traveling north on Wayburn, then east onto Hampton, and then north on Maryland. A 15-year-old boy was driving the auto, and a 16-year-old boy was sitting in the front seat. Both were taken into custody and conveyed to the station.

A call to the Detroit Police Youth Bureau brought out that the 15-year-old was wanted on a Juvenile Court writ for failing to appear on a charge of burglary.

At the station, the stolen car was searched and police recovered a Delco tape deck and an amplifier, which the boys confessed to taking from a car parked in the lot of Richard's Buick, 15103 Kercheval. Also found was a reverberator, which the teenagers admitted taking from a car parked on Manistique, south of Jefferson, Detroit. This information was relayed to officers of Detroit's Jefferson Station, Fifth Precinct.

The 16-year-old lad was released to his father to await a scheduled hearing in Juvenile Court on a charge of car theft; and the younger boy was released to Juvenile Court authorities, on the writ.

Tribute Paid to Athletes By Parents at North High

More than 290 parents and faculty jammed the Grosse Pointe North high school cafeteria November 12 to honor 127 athletes, team managers and cheerleaders at the Fall Sports Round-Up dinner sponsored by the new school's Parent Club.

Athletic director Ed Wernet, cross-country coach Tom Gauerke and football coach Joe Carruthers presented GPN's inaugural varsity letter awards to 35 athletes and two team managers.

Receiving letters from Wernet were Rick DiCicco (basketball), John Weaver (swimming) and Tom Keller (tennis) they earned last fall and spring at Grosse Pointe South high school before transferring to North.

Special honors went to cross-country letter winners Richard Montauk and Bill Rider; and to football lettermen Bill Mitasik, Larry Ringle, Steve Schleicher and Ed Shelton.

Coach Gauerke announced that Montauk and Rider had been named to the Bi-County all-league cross-country team and presented Montauk with the team's "most valuable" trophy.

The selection of tackle Larry Ringle and half-back Ed Shelton to the Bi-County all-league defensive unit and of linebacker Bill Mitasik to the all-league second team was announced by Coach Carruthers. Shelton and fullback Steve Schleicher received trophies as the team's "most valuable" players on defense and offense respectively.

Both varsity coaches were unreserved in predicting their teams' 1969 prospects.

"We surprised a lot of people this year," cross-country coach Gauerke said, noting GPN's 6-1 overall record and second-place finish in the league's championship meet.

"And we're going to keep on surprising them next year and for a long time to come."

Carruthers made no excuses for the football team's 3-5 record in its first year of competition.

"Experience was the big difference this year," he said. "You have to learn to win. The last three games this year gave our team the experience of winning (victories over Lake Shore, Fraser and Dearborn Heights Annapolis high schools). And with a full nine-game schedule next year, those last three might be the start of a winning streak of 12 or more."

Not to be outdone by their mentors, 1969 football co-captains-elect Glen Hilliger and Bob Pogue presented plaques on behalf of their teammates to Carruthers and assistant varsity coaches Dick Grammatico and Jim Krucki. Reserve football coach Joe Schneider and his assistant, Bill Mitchell, also received awards from their 40-man squad.

Highlighting the program were

GPJR Council To Hold Panel

What changes have taken place in your child's school curriculum that will help combat racism, the disease which affects us all and divides America? How does the Grosse Pointe school system compare to Detroit schools in its response to the growing demand for curricula that recognize the role of black Americans in our total picture? What have private and parochial schools done?

On Tuesday evening, December 3, a panel presented by the Grosse Pointe Human Relations Council will attempt to find the answers to these questions. The public is cordially invited to the meeting which will take place at 8 o'clock in the Fries Auditorium at the Grosse Pointe War Memorial Center.

Moderating the panel of education experts will be the noted Dr. Charles H. Wright who has practiced medicine in Detroit since 1946 and is an assistant clinical professor of gynecology at Wayne State University. President of the International Afro-American Museum, Dr. Wright has profound interest in the spreading of information on Negro culture. He has recently returned from volunteer residency on the S. S. Hope.

Panelists include Mrs. Agnes Shearer, Supervisor of the Social Studies Department, Division of Curriculum and Educational Research, in the Detroit Public Schools; Dr. Joseph Spagnoli, Assistant Superintendent-Instruction of the Grosse Pointe Public Schools; Sister Rosemarian, Social Studies Co-ordinator of the Archdiocese of Detroit; and Hugh Riddleberger, Headmaster of the Grosse Pointe University School.

The panel will be concerned with such areas as methods of revision and updating of curriculum, extent of control by school boards on choice of textbooks and content of courses, possibilities of pooling of resource materials, public response to curriculum changes.

There will be displays of audio-visual aids and textbooks currently being used as well as slide presentations of new educational methods. The Human Relations Council urges all who are interested in the education of children to attend the meeting.

Considered as key personnel, besides Bremer, are City Comptroller Carol Lock; City Clerk Peter Caputo; Public Service Director John DeFoe; Water Superintendent Wendell Baker; Fire Chief M. William Mason; and Police Chief Jack F. Roh.

In another action taken by the council, the city clerk was requested to make a study and report to the council, on a possible pay increase for election workers, who presently receive \$1.50 an hour.

The hiking of the hourly rate for these people was submitted by Councilman William Kirby, who stated that \$1.50 was inadequate, considering the long hours worked by members of the Election Committee, some of whom worked a total of 21 continuous hours during the November 5 national election.

Conflict of Interest?
Mayor Butler admonished jokingly, that since Kirby made the suggestion for the pay increase, there might be a possible conflict of interest, inasmuch as Kirby's daughter is an election worker.

Kirby replied that his daughter would gladly resign, if it would help her co-workers, if this in truth was a conflict of

interest.

Caputo, who as city clerk is in charge of elections in the Farms, said that normally, election committee members work from two to three hours, depending on the precinct, after voting is finished, counting the ballots following a local election.

He said that the November 5 election was extremely heavy, and the counting of ballots from some of the Farms precincts was not completed until about 3 a.m.

The mayor said that he thought that the workers should do this job because of civic pride in their community, and because they should consider it a patriotic duty to be of help

during elections.

Nevertheless, the mayor voted with the rest of the council in requesting that Caputo submit a report on the matter.

MR. INDOOR COMFORT

Are You A Hothead Or A Coldfeet?

by
ROBERT A. "Doc" WILLIAMS

It's the time of year to discuss furnaces. But before we tell you about the Carrier furnaces, we'd like to discuss some types of people you encounter in homes that are ready for a new furnace system or have an improperly designed system.

Let's call them "hotheads" and "coldfeet."
Hotheads suffer from a heating distribution system that provides too much heat at times because the furnace itself is actually too large for the home. Or, improperly placed registers don't permit heat to reach areas where warmth is needed. As a consequence, because heat naturally rises, a layer of warmth forms in the upper half of a room. Anyone standing up feels warmth in the upper half of the room, but an inadequate supply of heat in the lower half.

The solution for hotheads is a Carrier furnace installed by Williams. With proper sizing of the Carrier system of furnace, ductwork, and registers, just the right amount of heat is supplied to give a warm, toasty heat that eliminates those pools of hot air that settle under ceilings.

Coldfeet suffer from a similar problem which originates from a furnace that is too small and provide enough heat; or, from a distribution system that is improperly designed and will not allow heat to reach every room properly. Ductwork may also be undersized, and not

enough heat can be "squeezed" through to every room. In this situation, the heat also rises and forms a cold layer of air in the lower half of the room.

The solution for coldfeet is much the same. Again the answer is proper sizing. We recommend the Carrier furnace because it is well known for its ability to give an even flow of heat that does away with hot and cold pools of air in rooms and helps eliminate drafts.

Modern compact design will also permit you to free needed space in your basement area that can be converted into an extra room that can be used as a recreation room, hobby shop, sewing room or extra bedroom. Carrier construction features trouble-free burners and rugged construction to give a world of warmth with less fuel.

Those sizing problems are no problem when your Carrier furnace is installed by Williams. We offer you a free survey of your home that quickly determines just what Carrier furnace is needed and how the ductwork and registers should be installed.

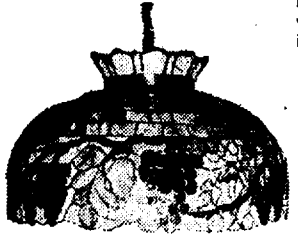

Why not call Williams and ask for a free survey today? There's absolutely no obligation.

For a FREE SURVEY of your home for a new Carrier furnace system, call "Doc" Williams at 372-5500 at Williams Refrigeration and Heating.

Legislators Plan Hawaiian Parley

House Speaker Robert E. Waldron, (R-Grosse Pointe), of University plan, will be among some 1,000 state legislators representing nearly every state in the nation to attend the 10th annual meeting to the National Conference of State Legislative Leaders (NCSLL) in Hawaii next month.

Representative Waldron is a member of the NCSLL Executive Committee which planned this year's conference program. The conference begins December 4 and runs for three days. Speaker Waldron will also moderate a panel discussion on "Public Employee Bargaining." This is one of two panel discussions set for the opening day. In addition to public employee bargaining, discussion of state governmental topics will include crime prevention, Medicaid, and gubernatorial-legislative relationships.

Waldron, the first Michigan lawmaker to serve on the executive committee said, "Today's legislator must have not only ability but also an incisive knowledge of contemporary affairs if he's to fulfill the leadership responsibility his constituents have entrusted in him." "This is one reason," Waldron added, "that the 1968 NCSLL Conference will explore in depth some of the most critical problems confronting state government today. Besides participating in workshops and panel discussions, delegates also will have an opportunity to discuss these issues with some of the nation's leading authorities in government and social affairs."

The Speaker also announced that he had named seven other legislators to a special delegation to attend the conference. They include: Martin D. Buth (R-Comstock Park), William P. Hampton (R-Bloomfield Hills), Roy Spencer (R-Attica), Arnell Engstrom (Traverse City), David S. Holmes (D-Detroit), Albert A. Kramer (D-Oak Park), and Albert R. Horrigan (D-Flint).

Among the featured speakers at this year's conference will be Congressman Gerald Ford of Grand Rapids, the Minority Leader in the U.S. Congress; Governor Richard Hughes of New Jersey; Governor John Connally of Texas; Dr. Charles Hitch, President of the University of California; U.S. Senator Henry Jackson of Washington; and U.S. Senator Daniel Inouye of Hawaii.

As a conference prelude, the legislators on December 3 will receive a two-hour confidential briefing on United States defense in the Pacific. It will be conducted by Defense Department officials with the Commander in Chief of the Pacific (CINCPAC).

Legislators also will meet with American servicemen stationed in Vietnam who are in Honolulu on rest and recreation leave. A reception has been planned at Honolulu's Ilikai Hotel, headquarters for all conference sessions.

The conference will conclude on Friday night with the traditional state banquet, highlighted by an address by Senator Jackson of Washington.

VANDALISM AND THEFT
The Michigan Bell Telephone repair service personnel called Woods police on Thursday, November 6, and disclosed that two public phones, at Mack and Hawthorne, had been damaged and the coin boxes stolen. Damage to the phones was estimated at about \$12.20 each, and the boxes were said to have contained an estimated \$40 each in change.

Edgar B. Galloway, of Beacon Hill, second vice-president of the association, and a vice-president of the National Bank of Detroit, has been assigned to a study of "The Heart Fund—Its Future." Mr. Galloway is also a member of the board of trustees and the fund raising committee. Gordon Wood, 240 Touraine road, a member of a corporate law firm in the Penobscot Building, and former chairman of the board of the association, assigned to "Why and How Heart Affiliates Should Be Involved in Legislation." Park Employs New Policeman

Timothy G. Mink, 27, of 15610 Tacoma, Detroit, decided to follow in the footsteps of his father, and was sworn in as the Park's newest police recruit. His father, Gerald G. Mink, is a 22-year veteran of the Detroit Police Department.

The new policeman was employed by the Michigan Consolidated Gas Company for the past three years as a salesman, before deciding on his new career. He began work with the Park Police Department on Tuesday, November 12.

He is married to the former Mary Quinn of Detroit. They are the parents of Patrick, 6, Susan, 5, and Thomas, who is four years old.

Capt. Gerard Kesteloot said that Mink scored high in written, oral and physical examination, and that the recruit fills a vacancy in the personnel ranks, caused by the recent death of Capt. Arnold Hough.

GPUS Teachers Attend Parley

A number of teachers and staff members of the Grosse Pointe University School attended the 61st annual conference of the Teachers Council of the Independent Schools Association of the Central States at the Netherlands Hilton Hotel in Cincinnati, O. on Thursday, Friday and Saturday, November 14, 15, and 16.

The theme of the conference, which drew a record number of over 800 delegates, was education and technology, and the four principal speakers addressed themselves directly to the subject of the mushrooming impact of technology on our schools.

The keynote speaker at the opening banquet on Thursday evening was Bennett Cerf, noted author, publisher, humorist, columnist, television panelist, and chairman of the board of Random House Publishing Company. Mr. Cerf spoke on the subject of the implications for education of recent affiliations between computer manufacturers and publishing houses.

There were three additional major speakers during the conference. On Friday morning the Information Services Department of the General Electric Company presented a two-part program on computer time-sharing in education, keynoted by Dr. G. Heinz Pfeiffer, manager of the Educational Technology Division of the General Electric Research and Development Center, who discussed the future role of the computer as an educational aid.

At luncheon later the same day, Robert E. Lee, Commissioner of the Federal Communications Commission, addressed himself to the subject of the impact of communications technology on independent schools, and at Saturday's luncheon, Dr. Ann Grooms, Innovations Disseminator for the Development of Educational Activities, discussed innovative programs in elementary and secondary schools, surveying the latest programs being used in research schools throughout the nation.

Other features of the conference included Friday and Saturday academic meetings in nine subject areas: art, elementary education, English, foreign language, library, mathematics, music, science, and social studies. Also provided for ISACS members was a Saturday morning seminar program offering a choice among a number of areas. Titles included Curriculum and Scheduling, Guidance and Counseling, the Outdoors in Elementary Education, Humanities, Physical Education, Montessori Education, and the Utilization of Television in Independent Schools.

A highlight of the entire conference was Friday's cultural evening in Cincinnati. Delegates were given the choice of a special program at the University of Cincinnati on the subject of the nature of educated man in the year 2000, or a tour of the Cincinnati Art Museum, or a concert by the Cincinnati Symphony Orchestra, (with Van Cliburn as featured guest soloist).

MAN SENTENCED
Robert J. Fishel, 45, of 1004 Lakepointe, charged with being a disorderly person, entered a plea of guilty at a hearing held before Park Municipal Judge C. Joseph Belanger on Wednesday, October 23. Fishel was ordered to pay a fine of \$40, or serve 10 days in the Wayne County Jail. He paid the fine.

Farms Submits Building Report

No applications were requested for building permits for either residences or commercial construction during October, it was disclosed in a monthly report submitted by Farms Public Service Director John A. DeFoe. During the month, however, 13 miscellaneous construction permits were approved for building valued at a total of \$87,800.

During October 1967, one permit was approved for a home valued at \$150,000; one permit for a commercial building worth \$30,000; and 14 miscellaneous permits were granted for construction valued at a total of \$54,000.

From January 1 through October 31 of this year, only four permits were for homes, valued at a total of \$147,000, as compared to eight approved during the same period for residences worth a total of \$507,000.

No commercial building permits have been applied for so far in 1968, whereas, only one was given out in 1967 for a store valued at \$30,000.

Almost as many miscellaneous permits were approved this year, 38, as compared to 87 issued in 1967, having a total valuation of \$406,400 and \$486,300, respectively.

No nonassessable construction permits were applied for either this year to date, or last year during the same period.

Athletes Hold Award Dinner

The annual awards banquet for the football players on the varsity, junior varsity, and freshman teams, as well as for the members of the cross country team was held recently at Grosse Pointe South High School.

Letter awards were given to 25 varsity football players and six cross country members. All the players on the varsity football team also received small trophies as tokens for winning the BCL championship this year.

Chris Malafouris was announced as the player chosen by his teammates as the Blue Devils' Most Valuable Player in 1968. Malafouris was the team's place kicker and led the Devils in scoring.

Former Detroit Lion Terry

Barr was the guest speaker for the evenings.

Those football players who received their letters are as follows: John Anderson, Nick Balderi, Mike Boruta, Jim Colby, Bill Ehrlich, Jim Humes, Robin Jacobs, Mike Johnston, Dennis Kahle, Chris Kerns, Chris Malafouris, Steve Maun, Jim Montmorency, Jim Parker, Chris Penoyar, Tom Reghanti, Bill Schleicher, Bill Shirar, Richard Smith, Zach Stoumbos, Mark Straetmans, Steve Triner, Neil Tuttle, Larry Ulmer, Mike Withers, and managers Greg Kieren and Kris Snyder.

The members of the cross country team who attained a letter were: Mike Belitsos, Jim Brines, Dave Larsen, Rick Schott, John Bodeau, and Bob Roose.

GPSHS Natators Eye State Title

By Craig Carr '69

Last year the Grosse Pointe swim team was the best in the state, and this year Coach Carl Schoessel believes the team may repeat their state championship.

"If we can get the breaks like we did last year," he said confidently, "we can do it again."

"Nobody in the BCL has the talent we do," he continued. "Fordson and Royal Oak Dondero are good, but we can beat them." However, Mr. Schoessel, who was named the Coach of the Year in Michigan last year, is not about to take other teams in the league too lightly. There is always the possibility of an upset, and Mr. Schoessel feels "A lot will depend on how our meets are planned."

The non-league teams that Mr. Schoessel feels will give the tankers a run for the state title

are Birmingham Seaholm, Battle Creek, Saginaw MacArthur, Birmingham Groves, and Ann Arbor.

This year's team consists of 23 swimmers, and 18 of them are seniors. This is due mainly to the high school split in which half of last year's J.V. team went to Grosse Pointe North. This may affect future South teams, but the varsity this year has plenty of talent and experience.

Returning from the 1967 team will be numerous swimmers who received awards for their performance last year.

Pete Maxon, who was named to the all-state team in the 50-yard freestyle, will return. As will all-BCL swimmers John Fountain in the individual medley, Charlie Brown in the butterfly, and John Walters in the backstroke. Maxon and Brown also earned All-American honors.

A swim meet consists of ten races and diving competition. The diving and individual events such as the butterfly, backstroke, or freestyle award points on a five for first, three for second, and one for third basis. The winning team in a relay race receives eight points and the losing team is awarded four points.

Based upon this type of point distribution, there are 105 possible points in a swimming meet. Therefore, when a team attains at least 53 points they automatically win the meet.

Because of the many different events in a meet, a team that intends to win a state championship must be equipped with versatile personnel.

Mr. Schoessel feels that this year's team is quite well-rounded in that they have "four or five kids who can swim in several different events, and do a good job of it."

St. Clare To Have Fatima Statue

America's national Pilgrim Virgin statue of Our Lady of Fatima, presented to the United States as a permanent memorial of the Fatima Golden Jubilee Year, will make a unique three-week peace pilgrimage here.

On its arrival November 17, the statue was brought in colorful procession to Blessed Sacrament Cathedral for city-wide opening ceremonies. Persons of every faith attended the welcoming ceremonies at 3 o'clock, followed by a 5:30 Mass and an evening program. The statue will be in Greater Detroit for a 21-day tour.

Bishop Walter J. Schoenherr was on hand to welcome the symbolic statue to Detroit and open the prayer program. In giving Chancery approval for the parish-wide program, the Bishop added a warm personal blessing on "this spiritual effort to turn turbulent Detroit into a city of prayer and peace, and unify the people of God."

The statue was blessed by Pope Paul VI and flown to the United States personally by Fatima's Bishop Joao Venancio in October, 1967, as a "peace link with Fatima." Prior to its presentation in Columbus, O., at a national welcoming ceremony, it was carried around the world on a history making 20 nation peace pilgrimage.

It will be taken to St. Clare of Montefalco Church, Whittier and Mack avenues, on this morning, November 21, where it will remain all day and all night.

Sculptured of wood, 40 inches tall, and beautifully handpainted, it represents the Mother of Christ as she is said to have appeared in the 1917 apparitions and miracle at Fatima, Portugal, where she foretold the rise of atheistic Communism and requested prayer and sacrifice as Christ's way of peace.

St. Clare Church will have a special 9 o'clock Mass for all sick and shut-ins today with blessings of the sick at the Shrine of Fatima. The symbolic statue of Our Lady will be carried in procession.

The rest of the morning hours will be reserved for bringing the statue to St. John Hospital and Bon Secours Hospital, and St. Joseph Home for the Aged.

The Pilgrim Virgin statue will be returned to St. Clare Church at Noon and will remain there during the day long prayer observance for peace. All churches are invited to join in this special pilgrimage.

There will be a special Mass for World Peace at 7 p.m. preceded by a procession and in a Rosary in which all are invited to take part.

A sermon on Our Lady of Fatima will be given by a special guest who is well acquainted with Fatima. After the Mass, all are invited to remain for refreshments and special films. Exhibits demonstrating the Fatima message will accompany the symbolic pilgrimage of "Our Lady" in her march from parish to parish. This program will conclude with an all-night vigil of prayer.

Those wishing any further information on this may call Mrs. Syd Reynolds, TUxedo 5-6219 or Father Vincent Burnell at TUxedo 5-4960.

Farms Solon Delays Quitting

Farms Councilman Benjamin Warren, Jr., at the urging of Mayor William Butler, on Monday, November 18, agreed to delay his resignation until December 31. Warren had submitted his resignation at the November 4 council session, and it was to have been effective following Monday night's meeting.

The councilman, who said he is leaving his post because of health reasons, and that he planned on being out of the city for three months, at the time he announced that he was quitting, said he wanted to leave so that a successor can be appointed to serve the balance of his term, which expires in April 1969. He said it was not fair that

the city should retain him as a councilman, when he will be gone such a long period of time. The mayor suggested that since Warren was not due to leave the city until December 31, he might consider holding off his resignation until that time. This would avoid a possible appointment to fill the vacancy, until the regular spring election in April, the mayor added. Butler said that the council might get by with only six councilmen until that time.

Under the Farms City Charter, when a vacancy occurs on the council, an appointment must be made to fill that vacancy within 60 days, otherwise, a special election must be held.

Club Celebrates 15th Anniversary

Our Lady of Fatima Rosary Making Club is celebrating its 15th anniversary this year. A mass was conducted on Wednesday, November 20 at 7:30 p.m., in St. Clare of Montefalco Church to commemorate this happy occasion. The regular meeting followed immediately after mass, in the parish hall.

The club is sponsoring a program to bring the family rosary back on the air. Persons interested in helping with this program should write to Our Lady of Fatima Rosary Making Club, Detroit Archdiocesan Chapter, P.O. Box 812, Detroit 31, Mich. (48231).

Any \$6,800 car makes you feel secure on a country club driveway. The Mercedes-Benz 280S makes you feel secure on a bustling turnpike. Look under the rear end and you'll begin to see why.

At Mercedes-Benz, engineers—not styling geniuses or marketing wizards—have the upper hand.

And these stubborn purists insist that if a man can afford to invest \$6,800 in an automobile he is entitled to get more than a status symbol.

Result: the Mercedes-Benz 280S at right bristles with sophisticated, ultra-performance features available only as extra-cost options, if at all, on domestic sedans in the so-called "fine car" field. It steers, maneuvers and stops as if your life depended on it.

This is one reason why *Car and Driver* magazine, with a world of cars to choose from, concludes that the current Mercedes-Benz line "represents the present pinnacle in safe car engineering."

Racing car suspension

For a clue to the uncanny handling and evasive ability of the 280S, scrunch down and look beneath the rear bumper—at the axle. It's not the rigid "beam" axle of most domestic cars. It is articulated.

This Mercedes-Benz low-pivot swing axle permits each rear wheel to move up and down independently of the other, just as the front wheels do. The result is leech-like roadability.

If you know what you're looking for, you can also spot heavy-duty thrust arms, individual coil springs and shocks, and a horizontal hydro-pneumatic load-leveling device.

All in all, suspension ideas more common on 180-mph Grand Prix racing cars than 5-passenger sedans.

Engineering extravagance?

A passenger car doesn't need a suspension fit for a racer, argue some critics. True, reply Mercedes-Benz engineers. For everyday city driving, this is sheer engineering extravagance.

But some day you might have to get off the pavement, onto a stretch

of potholed back road. You might have to enter a sharp curve or a turn-off faster than you intended. You might have to change course quickly while cruising at 65 mph on a busy turnpike.

And, suddenly, you realize that this engineering extravagance is no extravagance at all.

Sharp reflexes

Occasionally, it is also necessary for a 3,400-pound automobile hurtling along at high speed to stop abruptly.

Once more, Mercedes-Benz engineers draw on their experience with World Champion racing machinery. They employ the more expensive, but clearly superior, type of brakes used almost universally on today's professional racing circuits.

Disc brakes.

The engineers don't stint, either—by putting disc brakes only at the front wheels, and settling for conventional drum brakes on the rear. They insist on attaching a massive disc brake to every wheel of every Mercedes-Benz.

Someday, doubtless, 4-wheel disc brakes will be offered on a domestic "luxury" car.

Accurate steering is vital for maximum control, too. In a sudden crisis, you don't have time for a sweeping twirl of the wheel. The car must respond instantly.

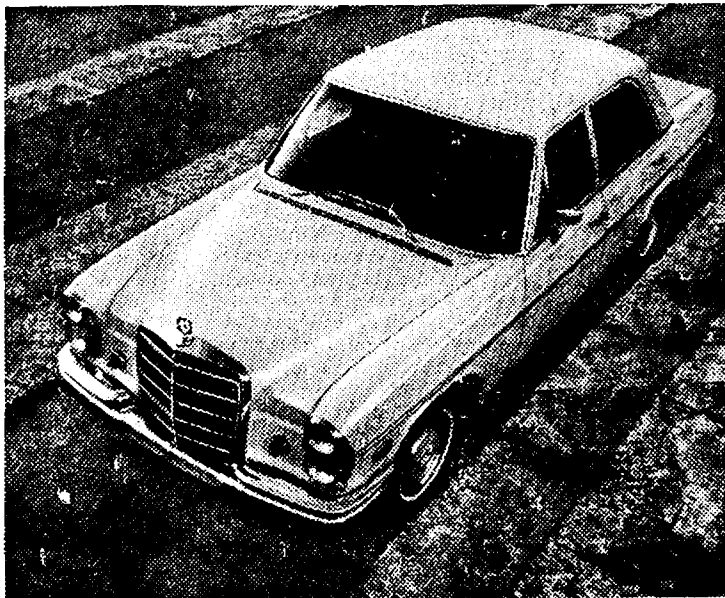

The 280S does. Credit the ingenious Mercedes-Benz recirculating-ball-type steering system. It eliminates sloppy play in the wheel—and blesses you with the "feel" of the road. Suddenly, you are a more confident driver.

Taut, sensitive steering is retained even with Mercedes-Benz power steering—characterized by *Car and*

Driver as "unquestionably the most precise unit of its kind ever developed."

If trouble comes

The responsiveness which makes the 280S such a joy to drive is its best defense against blundering motorists. However, if the worst happens,

Of all "luxury class" cars, the 280S is rated the safest, most roadworthy. Read why.

the car is designed to shield you. Naturally, it meets all the latest U.S. safety regulations. But Mercedes-Benz safety goes beyond the letter of these laws.

The entire passenger compartment is built as a sturdy "safety zone." Doors are designed to stay shut on impact. The front and rear of the car are engineered to crumple in a crash at a controlled rate, absorbing shock and reducing the threat of serious injury.

"A fellow hit me at 50 mph when I was stopped at a toll booth," reports one Mercedes-Benz owner. "People in his car were hospitalized. But I just opened my door and stepped out."

Showroom experiments

The 280S is as habitable as it is roadworthy and safe.

Slip behind the wheel, and flex

your back. This is no marshmallow seat. It supports you, hour after hour. It should: it was designed with help from orthopedic physicians. The springs inside are tuned to the car's suspension motions, cancelling out thousands of tiring vibrations every mile.

Check the rear shelf. Carpeted. Feel the underside of the dashboard.

There's no spaghetti tangle of wires. It's fully finished off. Finger the wood trim—real walnut, not plastic.

Many cars are designed to win admiration for their owners. Mercedes-Benz cars are designed to win admiration from their owners. Quite a distinction.

No shortcuts

Your 280S is built with uncompromising care, to make it a lasting investment.

Every 280S begins life in a shower of sparks. It is not bolted into being, like a conventional car, but solidified by thousands of welds. After 50,000 miles or so, you may start to wonder if it will ever rattle.

When welding stops, the body is gone over by hand with a soft glove. Bumps and burrs are spotted and smoothed away. Vital seams are packed with solder and buffed to oblivion.

The body is then dunked in a 52-ton primer tank, baked, spray-painted, hand-sanded, sprayed again, then hand-sprayed. Total primer and paint rust protection: over 44 pounds.

As a final flourish in its armor against road salt, rust and rot, the 280S gets a 24-pound slathering of plasticized undercoating.

The overhead-cam, six-cylinder engine equals the coachwork for longevity. Bearings are delicately machined to within 4/10,000ths of an inch, and pistons and connecting rods

are painstakingly matched and balanced. Yet this power plant is about as fragile as a bull. It's built to cruise flat-out indefinitely—and, on Germany's wide-open autobahns, it often does.

An unconventional car? Definitely so. Mercedes-Benz does not make conventional cars—and never will.

Woods Clarifies Porch Ordinance

The Woods Council, on Monday, November 18, voted to amend the zoning ordinance to define "open porches."

A ruling last June 20, by Judge Edward S. Higgins, in Wayne County Circuit Court, issuing a writ of mandamus lifting the stop work order placed on the porch and/or family room of the Gordon Petersons, of Brys drive, by Woods Building Inspector, Earl Wakeley, prompted this action.

At the time the Council found that the term open porches was not clearly defined in the ordinance, and to prevent similar problems in the future the following definition of "open porches" has been made to the ordinance:

The term "open porch" when used in this Ordinance shall mean a structure attached to a dwelling when it meets the following specifications:

- There shall be no enclosing walls above railing height other than the wall of the dwelling to which the structure is attached
- The space between the top of the railing and the bottom of the roof beam of the structure shall be open and unobstructed, except that insect screening may be provided in such open area
- There shall not be any insulation installed, mounted or placed on any wall of the structure except the wall of the dwelling to which such structure is attached
- There shall be no vertical framing in said structure other than supporting columns and screen frames
- The height of railing shall be limited to the maximum of 36" from the floor of the structure.
- There shall be no connection to the internal heating system of said dwelling to which the structure is attached and no installation of space heating units in the wall of the dwelling to which said structure is attached so as to provide heat to any area of said structure

The Council also approved two changes which define parking spaces with more clarity. The new amendment uses the outside dimensions of the structure to figure the off-street parking requirements based on one parking space for each 300 square feet of floor space; as compared to 250 feet of floor space as specified previously.

City Continues Tree Trimming

The City of Grosse Pointe Council, on Monday, November 18, approved the trimming of 345 trees in the city by Shock Brothers at the following locations: University from Maumee to Goethe, Rivard from Maumee to St. Paul, and Washington from Jefferson to Kercheval. Cost of the trimming will be \$3,784. The work will be done during the winter months.

The trimming represents the third consecutive year the City has undertaken a significant tree trimming program. The Council expressed the desire to continue and perhaps expand the program in the future if funds permit.

PATROLMAN RESIGNS

Director of Public Safety, Andrew C. Teetaert, has announced the resignation of Patrolman Dwight R. Scott from the City of Grosse Pointe Police Department. Patrolman Scott joined the force in February of 1967. His resignation became effective October 31.

To Give Panels For Maire PTA

Again during 1968-69 the Maire PTA has scheduled a series of educational presentations for the benefit of the community-at-large.

The first film and panel discussion has been set for 7:45 p.m. on Thursday, November 21 in the gymnasium of Maire School. Panelists will also be available for questions from the audience, it was revealed by William Ehrlich, PTA president. The public is cordially invited. Admission is free of charge.

Serving as coordinator of the program is Dr. William P. Sosnowsky, chief psychologist for the Grosse Pointe Public School System. He will moderate a panel discussion of reactions to the film from four members of the public school's professional staff.

Panelists include Mrs. Lynn Adams, school social worker; Miss Nancy Hogan, grade 6 teacher at Pierce Middle School; William Mogk, principal of Pierce Middle School; and Miss Helen Zissis, grade 2 teacher at Maire.

Films to be shown on November 21 are "Occupation: Student" and "Teaching the Troubled."

Theme of the former is that being a student is a full-time job. The film seeks to define the sources of pressure, assess the psychological toll it takes, and suggest possible solutions.

In "Teaching the Troubled" authorities, on emotionally disturbed children illustrate various aspects in the treatment of such youngsters.

The programs are offered in cooperation with the School of Education at the University of Michigan and Professor Garnet Garrison, head of the Radio and Television Center.

The concluding program in the series will be held at 7:45 p.m. on Wednesday, December 11, at Maire. Scheduled for showing then are "Schools and Delinquency" and "The Teacher as a Social Animal."

Cyclist Spilled In Fast Chase

Raymond H. Cooke, 29, of 19697 Collingham, Detroit, suffered a spill from his motorcycle on Tuesday, November 12, when he lost control while being chased in the Farms by a Woods policeman. Cooke was "dumped" on the front lawn of 451 Kerby road, where he was arrested.

Woods Patrolman Douglas Dosmas, who was in pursuit of the cyclist, radioed the Farms for help when the chase, at 80 miles an hour, proceeded south from Mack on Moross road.

The officer said that Cooke turned right onto Kercheval, sped to Kerby road, and turned north onto Kerby, still at 80 miles an hour. At Webster road, while trying to make a left turn, he lost control of the vehicle and landed on the lawn.

Cooke was taken to the Woods station, with the assistance of Farms police, where he was given a violation ticket for speeding.

On Wednesday, November 13, Dosmas appeared at the Farms station, where he signed a formal complaint against Cooke, on a charge of reckless driving made against him by Farms authorities.

Damage to Cooke's motorcycle was figured at about \$15. Cooke was not injured.

Hockey Chiefs Defeat Detroit

The Grosse Pointe Chiefs Juvenile Hockey Team won their opening game in the South east Michigan Hockey Association on Sunday, November 17, against Detroit by a score of 3 to 2. This was the first time in two years that the Grosse Pointers won an opening game.

They beat the Detroiters by a score of 3 to 2, but the score was not indicative of the play. The Chiefs outshot the opposition 35 to 5 and most of the game was played in the Detroit end of the ice.

Bill Rider led the Chiefs to victory by scoring two goals and his line-mate Curt Patterson had one goal and one assist. Bill Ehrlich and Mike Stewart had two assists each.

In the last second of play in the game Rick Adair, goalie, stopped a point-blank shot by Detroit to save the game for Grosse Pointe. The defense, Doug Maxwell and Mike Stewart played like old pros with heavy body checking and bullet-like slap shots from the blue line.

The Chiefs Roster for the 1968-69 season is: Rick Adair, Goal; Curt Patterson, Left Wing; Bill Rider, Center; Bill Ehrlich, Right Wing; Doug Maxwell, Defense; Mike Stewart, Defense; Jack Lambert, Left Wing; Tony Krol, Center; Jim Griffin, Right Wing; Gary Wedyke, Defense; John Ozark, Defense; Dominic LoGrasso, Left Wing; Mike Gill, Center; and Tony Muer, Right Wing.

The Chiefs still have openings for six more players to complete their roster.

The next game will be played in Port Huron, Mich. at 11 a.m. on Sunday, November 24, against Madison Heights.

Little Gridders Receive Awards

By DuWayne Peterson

Grosse Pointers can be proud of their entries in the All-American Little Football League as they came in first and second for the Sportsman-ship Award out of 20 teams in the Detroit and suburban area.

The Grosse Pointe Lions representing the City and the Park were awarded the Sportsman-ship Trophy by achieving 29.93 points out of a possible 30.00.

The selection is made by a vote of the coaches, referees and other officials of the league.

The Grosse Pointe Packers representing the Woods and the Farms were second with 29.86

points. The Grosse Pointe teams have always stressed sportsman-ship above all else. The coaches and boys of both teams deserve a well earned "pat on the back" for the manner in which they represented our community.

The one thing no other life insurance company can offer your family is a Mass Mutual agent.

What can he offer you?

Himself. He's unusually good at his job. Four times as many Mass Mutual agents as the industry average hold the Chartered Life Underwriter designation, granted after up to five years of intensive study. Six times as many belong to the Million Dollar Round Table, recognition of superior performance. Four times as many have won the

industry's National Quality Award for continuing service to policyholders.

And his company. Mass Mutual agents are backed by an industry leader, one of the 10 largest life insurance companies. Nobody offers sounder yet more progressive coverage. Nobody consistently earns a higher yield on investments, which means lower cost to you.

'We could go on. But we think you get the point. If your family is better than average — in your present living standard or in your goals and aspirations — you deserve a better-than-average insurance program. Designed by a Mass Mutual agent.

Public Schools in Focus

By Dr. Theos I. Anderson

Superintendent of Schools

On Friday, November 1, the membership of the three School Study Committees was closed. Prior to that date the Middle School Housing Committee had reached its full complement of 50 and names of those interested in serving were put on a waiting list. Membership on the Millage Committee reached 50 last Friday, and 50 public-spirited residents had also signified an interest in seeking a post on the South High School Committee.

During the past two weeks I have discussed the tasks that lie before two of the three groups: Middle School Housing and Future Millage. Today I wish to discuss the charge of the South High School Improvements Committee.

The Board of Education is very much concerned about the improvements that must be completed at South High School in order to bring the building up to the Grosse Pointe standards and permit the staff to fulfill the philosophy of the high school. For this reason it is requesting a Community Study Committee to inform itself of the building inadequacies and to present findings or suggestions to the Board of Education in the following areas:

1. What alterations and improvements should be made in the physical plant in order to meet the educational needs of the school system for the present as well as the foreseeable future?

2. What is the suggested timetable for accomplishing this objective?

3. What is the suggested solution to financing any recommended alterations?

As with the other groups, it is requested that the South High

Committee present its findings to the Board of Education as soon as possible but not later than May 1, 1969. It is understood that all recommendations are not binding on the Board of Education and that the Committee's responsibilities will have been fulfilled when these findings and suggestions have been presented.

What are some of the obvious needs of South High School? The list is a long one and any attempt to assign a priority is virtually impossible.

We need a complete analysis of our present 90-classroom teaching stations. Some of these have been substandard for many years. Architectural know-how will be required to assess what modifications are possible. And, any consideration of a more flexible school day will necessitate the development of specialized small and large group teaching areas and study centers to serve as satellites for library materials and educational hardware.

Modernization projects for auditorium require a reworking of the floor, the replacement of seats, a renovation of the stage, complete rewiring, and a motor-driven control panel for stage and house lighting.

Music department facilities need a complete overhaul. The room presently used for vocal music should be abandoned immediately. It is totally inadequate to house 80 to 100 students each period of the day. Ventilation and heat control are impossible.

Mr. Gerich has submitted to me a preliminary report of physical facility needs containing 33 additional items which, in his considered opinion, require attention. One of the first tasks of the South High School Improvements Committee will be to study and evaluate this list.

Letters to the Editor

To the Editor:-

At this time, when sadism, sex violence and drug glorification are being fed to our youth in enormous doses, inciting the sort of violence and tragedy which have rocked our nation in the past year, we are most grateful to Governor George Romney and to Mayor Jerome P. Cavanagh who have each issued Proclamations declaring the period of November 18-24 as "Better Literature for Youth Week," urging all citizens to combat the spread of cheap and indecent literature on our newsstands, which has such a demoralizing effect on impressionable youth.

Mr. J. Edgar Hoover in the FBI Law Enforcement Bulletin, sees a close link between sex books and rape, for in case after case, the criminal has in his possession, pornographic literature or pictures.

Is it any wonder that crime is increasing to such an alarming degree and our citizens are not safe on the streets of our cities, or even in their own homes?

We hold the writers, publishers, sellers and producers of the sordid films of perversion, which are made from this material, directly responsible. Every concerned parent and conscientious citizen should cooperate with our law enforcement officials in fighting to control this menace to our society.

Yours most sincerely,
Mrs. J. F. Wenzel,
Executive Secretary

To the Editor:-

Thank you very much for your "Pointer of Interest" article on Mrs. Earl G. Deary, Park crossing guard for Defer and Pierce schools. We wish particularly to commend Grosse Pointe Park officials for their genuine concern and action in the welfare and safety of children within their jurisdiction.

We wish, furthermore, to point out the total lack of concern for the welfare and safety of children within the jurisdiction of officials of Grosse Pointe Farms. Their disinterest and ignoring the pleadings of parents, especially along the dangerous and heavily-used Chalfonte avenue, borders on

criminal neglect. We doubt whether even the traffic death of a child would rouse them from their lethargy.

John Krato
for the Ad Hoc Committee
215 Chalfonte Avenue

November 15, 1968

To the Editor:
Your editorial the "Ugly Blackout" was an appropriate accusation of The Farms in not getting around to taking a stand on our problem of fall air pollution. It is my hope that our officials offer some program that will do something before another fall comes our way.

Several years ago I had written to the Council to consider the procurement of a vacuum leaf collector. The letter was erroneously posted in the minutes as just another complaint against burning in the streets. About a year or so later I wrote to Manager Bremer, urging him to include a vacuum collector in his presentation of the budget before the approach of fall. But this letter wasn't acknowledged. On another occasion I had the opportunity to make my views known to Councilman Hudson. He said various types of equipment were "being evaluated."

Well, this fall still speaks for itself. So the only pressure left to me as an individual was... example, I just don't burn at all, no matter how tempting the smell is in little doses. I bag as many of the fallen leaves as I can and sweep the rest along the curb. The piles have been high and even had to be wet down at times to keep from blowing to the neighbors' property. Perhaps your editorial will strike a responsive chord in our thinking. Farms residents.

Jack Smith

Thanksgiving Day, Center Closed.

What Goes On at Your Library

By Virginia Leonard

We're sorry, but we're going to resort to the Leonard doggerel again this week. We seem to have hit a low-ebb period. It's not quite time for Thanksgiving or Christmas doings, (even if all the stores start months ahead of time). So, here we go!

FAMOUS IMPRUDENTS

I can't believe
That Adam and Eve,
Really thought very far ahead.
It would have been easier
On Julius Caesar
On the Ides, if he'd stayed in bed.
And did Macbeth -
On second breath
"Think through" the advice from the Sisters?
Juliet, we know,
And her Romeo,
Should not have been underground trysters.
And young Candide
Would have profited, indeed,
If he'd cultivated his garden.
Esau and his hunger,
Led to a blunder,
Which God could never pardon.
Achilles, oh spare us!
Might have won against Paris,
If he'd taken care of his heel.
The flight of Icarus,
Too high and too vigorous,
Turned him into a drowned schlemiel.

SURVIVAL ANYONE?

The brontosaurus
Was no walking thesaurus,
The pterodactyl too,
Gets no bookish ballyhoo,
The mighty tyrannosaurus
Possessed little reasoning power,
And the diplodocus
Was an illiterate, shoddy cuss,
The armored stegosaurus
Would mentally bore us,
Good old triceratops
Would have needed some props,
The iguanodon we're not knocking,
But he wasn't a blue stocking,
We're sure ornitholestes
Never heard of Orestes —
To be succinct —
They became extinct.
Will man do better - and survive?
Will his great brain keep him alive?
Will he keep fine and fit?
Or will he "blow the bit"?

Rotary Club Essay Contest

The second winner in the Grosse Pointe Rotary Club Contest, Youth Forum, is Susan Smale, a student at St. Paul's School, who wins \$25 in cash for her entry entitled "Where Lies The Blame?", which follows.

Vandalism is an ever-present and ever-increasing problem of our society. It isn't limited to just one class of people or just to teenagers themselves. However it must be admitted that the most destructive of it is done by the young adult. To many, it has become a game in which they can get their "kicks." It's a big joke to mar or destroy the property of another.

When looking at the overall situation you see that there is a general lack of respect, not only for the particular thing being vandalized, but for the owner of the object himself who is usually of the older generation. You can see that there is no real concern or respect for the individual, or else they would never do an act if they thought of the person who had to right their wrong. There is no concern for the time and effort put into a particular thing when they go to destroy it. So it is established that the youths of today are lacking in respect and sincere concern for

their neighbor, which again includes the older generation. But this should say something more. How did the youths get to be like this? It is my feeling that this started when these teenagers were children. Parents of children today have worked really hard for what they have. They naturally want to give their kids what they themselves never had. This doesn't work, though. The child is always seeing the materialistic side of life, he is always "getting" but doesn't "give" the thanks and respect which is due, and the parents don't demand it either. So if it isn't expected in the home, how can it be expected in the streets?

The real solution for this problem shouldn't lie in the hands of the law, but in our parents of today and especially of the future. It is our responsibilities as teenagers to realize the mistakes of past times and as young adults to form our own better society for the future.

Criminals lurking in our libraries? Spies in the archives? Sounds like a way-out television plot — but it's actually a real-life thriller reports Mrs. Guy B. Willets, of University place, Ibox program chairman.

Ibox members, their husbands and friends will embark on a vicarious cloak-and-dagger "caper" among the nation's bookshelves at 8 o'clock tomorrow evening in the Vendome court home of Mr. and Mrs. Joseph W. Caskey.

Leading the chase through "The Underworld of History" will be Dr. Philip Parker Mason, director of the Labor History Archives at Wayne State University, whose coverage of the alarming thefts taking place in our libraries includes a rare and remarkable case chronicled in the 1959 files of the Federal Bureau of Investigation: The arrest and trial of "Alias Robert Broadford Murphy" and his wife, who stole invaluable historical documents and presidential papers.

The above information, incidentally, was skillfully "lifted" from the November Ibox bulletin, which is edited by Mrs. Richard Anslow and Mrs. John B. Renick — I should get 10 years?

Auxiliary Party Benefits Two Hospitals with One Management, One Medical Staff and One Medical Teaching Program

The Detroit-Macomb Hospitals 18th annual Anniversary Ball will be held Saturday evening, November 30, at the Grosse Pointe Yacht Club. Chairman and co-chairman of the party are Mrs. Volland J. von Berg and Mrs. Frank Puglasi, both of North Rosedale court.

The Hospital's Auxiliary sponsors the event for the doctors, to show its appreciation of the role of the doctor in the community. Mrs. Marvin Tait, of Warren, is current Auxiliary president.

The Ball, beginning at 7 o'clock, will feature music by Al Navarro. Mrs. Robert Brenz is in charge of decorations and Mrs. Arthur A. Ulmer of favors. Other committee heads include the Mesdames Thomas Lee, Jeremy Webster, William Harrity, Robert Borchak, C. Jackson France, Norman Arends, Henry M. Donzalski and Paul Dionne.

The Detroit-Macomb Hospitals Association was founded December 28, 1961, through the merger of Detroit Memorial Hospital and South Macomb Hospital Corporation. The Association now operates Detroit Memorial Hospital (340 beds) in downtown Detroit and South Macomb Hospital (200 beds) in Warren.

The two hospitals have one management, one medical staff and one medical teaching program. But each hospital has its own history of development.

The Detroit Memorial Hospital story begins more than 120 years ago, June 9, 1845, when the Daughters of Charity opened the first hospital in the

Northwest Territory and named it St. Vincent's.

The Sisters transferred operations to a new hospital November 6, 1850, and re-named it St. Mary's. Its site is the present location of Detroit Memorial.

St. Mary's expanded to a new unit, now part of the main building of Detroit Memorial, in 1878. Subsequently, there were other large additions now part of the Detroit Memorial complex.

St. Mary's was purchased by Detroit Memorial Hospital, a non-sectarian, non-profit corporation formed by 100 physicians from the St. Mary's medical staff, December 14, 1949, after the Sisters had announced they were closing their operations at the site.

The Anniversary Ball originated in 1950 to commemorate this purchase.

Since 1950, Detroit Memorial has been completely remodeled, refurbished and expanded.

Detroit Memorial and South Macomb Hospital, a corporate organization formed September 27, 1957, in response to community need for a voluntary hospital expressed by the Greater Warren Chamber of Commerce, merged December 28, 1961.

Following the merger, a community fund-raising campaign and architectural planning for South Macomb were begun. Architectural plans were completed in 1963 but were revised and reduced in scale when bids were over the budget.

Ground-breaking ceremonies were April 19, 1964, and on March 1, 1966, South Macomb opened for its first patients.

This is hair that doesn't tell its age.

Actually it's pushing fifty, but it doesn't look a day over thirty-five. For a number of reasons. It eats the right foods. Gets plenty of rest. And puts itself in the hands of a very competent hairdresser. Us. Each week we brush it vigorously. Shampoo gently. Occasionally, we give it a nice conditioner. And we shade and shape and set it to be current without being crazy. Like to keep your age to yourself? Then see us. We know how to keep a secret.

Mrs. Gerathy, famous for her courses at the Grosse Pointe War Memorial, will describe the materials she selects, why she selects them and her methods of construction.

Other items filched from the Ibex Bulletin: Mr. and Mrs. Vernon Davis won't make the meetings; they're on their way around the world . . . Mrs. Charles M. Endicott will literally have her hands full at Ibex meetings for some time to come; she's "doing" a three-by-four FOOT needlepoint tapestry.

The canvas reproduces an 18th century French painting. And that's rather an ambitious project, even for Marianne Endicott who's no stranger to ambitious projects: The varnish is scarcely dry on the harpsichord she and husband Chuck spent three years building.

The start of the campaign last month was highlighted by the announcement of a \$1,000,000 challenge gift—believed to be the largest ever given—a private two-year college—from Mr. and Mrs. Eugene W. Kettering, of Dayton, O., toward the science center.

Members of the Bon Secours Hospital Guild, who have scheduled their next meeting, a Christmas luncheon party featuring a bake sale and surprise packages, for Tuesday, December 10, in the Hospital's Science Hall, enjoyed a past-to-present parade of fashions and jewelry at their November meeting.

Commentator Joanne Leahy described the costumes of participants, including a full-skirted champagne garden frock (1890), trimmed with deep violet and featuring a sheer hand-made yoke, worn by Lucille Helm, who accented it with antique earrings, watch fob and ring (1850).

Kay Arpino selected a hand-made Alice Blue gown (1890) and a beige hat trimmed with black braid, and Margaret Bauer chose a delicate lace dress accented with black braid and beads over red taffeta.

Amy Vente displayed a sequin-headed dress with a full skirt from the 1920's era, wearing with it a black Milan straw picture hat suitable for afternoon teas.

Suzanne Redoute's street-length dress styled with long sleeves, open cuffs and reverse lapels was also a 1920's fashion, and Dianne Levick selected a 1840 frock of Copenhagen blue lace.

Representing "today" was Margaret Caviston, in Mod sun glasses, red mini-skirt, black fishnet stockings and high black boots, who played her guitar and sang soul songs.

Tea was served after the show, with Helen Laige and Nell Hilton pouring.

Hold Pro Musica Program Nov. 15

The pairing of virtuosity and versatility in the repertoire of American duo-pianists Melvin Stecher and Norman Horowitz provided a thoroughly enjoyable first meeting of the Pro Musica Society of Detroit on Friday evening, November 15, at the Detroit Institute of Arts.

The team, engaged by the Society for this season's opening concert, has been together some 16 years. Their concert tours have taken them across the United States and Canada and through Central and South America.

Pro Musica member heard Etude in the form of a Canon, opus 56, No. 4 by Schumann-Debussy, (this is from a set of six Canon Etudes, written originally for a pedal pianoforte); Andante and Variations in B Flat by Schumann, (Clara Schumann and Felix Mendelssohn introduced this work in concert in 1844; Rondo in C Major, opus 73, by Chopin, (the only work that Chopin composed for two Pianos Solo, by Walter Piston, (written especially for Stecher and Horowitz); and En Blanc et Noir, by Debussy.

Debussy divided this latter work into three sections, the first prefaced by four lines from Gounod's Romeo and Juliet. The second is based on Luther's choral honoring French war hero Lt. Jacques Chabot. The final section is dedicated to Igor Stravinsky.

Also on the program was Fantasy, opus 5, Suite No. 1 by Rachmaninoff. Composed in 1893 and dedicated to Tchaikovsky, it is based on poems by Lermontov.

A Pro Musica evening is a time to listen and a time to talk over what is heard. The listening is done in the Lecture Hall of the Detroit Institute of Arts beginning at 8:30 o'clock and the conversations take place in the Institute's Romanesque Hall after the concert.

Tea, coffee and small cakes and sandwiches on flower-decked tables await members and their guests at the traditional soire honoring visiting artists.

Members of the Social committee, under the chairmanship of Mrs. W. Terrence Bannan, are Mrs. Edward Roth, Mr. and Mrs. Eugene Karpus, Mrs. Edward P. Frohlich and the Misses Inez and Margaret McEvoy.

Hosts and hostesses for the Society's November 15 meeting included Mr. and Mrs. Phillip C. Baker, Mr. and Mrs. E. Steven Bauer, Mrs. Edward Baumann, Mr. and Mrs. Raymond D. Gage, Mrs. Robert Hauss, Mrs. Delos P. Heath, Mr. and Mrs. Alexander D. La Pointe, Mr. and Mrs. Thomas V. LoCicero, Mr. and Mrs. Arnold Lungershausen, Miss Joan Rossi, Mrs. M. Melin Shaner, Mr. and Mrs. Eugene P. Sims, Miss Rosalind Sowinski, Mr. and Mrs. Alex C. Sucek and Mrs. Julian G. Wolfner.

Good vision is a FAMILY AFFAIR at Van Dyke!

We count with pride the many Michigan families who entrust their precious vision to our care. Usually, parents who have been our patients bring in their children for an eye examination. Often, Junior or Sis become the initial "goodwill ambassadors." And, sometimes, the whole family shows up to have their eyes checked! However it happens, we're delighted. We know how very important professional eye care and quality eyewear are to a family's visual health and happiness. That's why nothing makes us prouder than to be counted "a friend of the family."

Health Education Council To Meet

The Health Education Council of Grosse Pointe is presenting a program focusing on the behavioral problems of children in school and home. Two Grosse Pointe School System Social Workers, Mrs. Caroline Spiewak and Mrs. Marvis Abramson, will answer questions and comment on the film, "If These Were Your Children."

All delegates and interested residents are cordially invited to attend the program on Monday, November 25, at the Grosse Pointe Central Library, Kercheval avenue and Fisher road, at 1 o'clock.

MRS. PETER H. WAYNE, of Woods lane, national president, entertained the National Board of St. Mary Alumnae at a recent Sunday brunch. Twenty-two members were present.

Inside the Mother's Club

The Executive Committee of the Grosse Pointe South High School Mothers Club held its regular meeting on Monday, November 4, at 12:45 o'clock in the Board of Education Building.

Mrs. Joseph Perry, president, commenting on her activities for the month, mentioned the well-attended Parents' Night and the successful Ninth Grade Party, her visit to Denby High School for Career Day and the students' United Foundation Torch Drive. Mr. Beach's homeroom was again the winner with \$103 donated to the UF total received of \$1,214.83.

A committee is being formed, under the chairmanship of Benjamin Zenn, director of Administration, to study the needs for renovation at South High School. Edward Pongracz will represent the Board of Education and 50 volunteers will form the committee, with additional names to be placed on a waiting list.

There will be a special meeting of the Board of Education at Monteth School on December 2, at 7:30 o'clock, in this regard.

Mrs. Benson McClure, Faculty representative, advised that senior applications for college admission are coming in rapidly and, despite rumors to the contrary, there are no cut-off dates regarding Michigan University. She suggested that a call to Dr. Hanson would clarify any misunderstandings in this regard.

Mrs. McClure advised that Farms Police Chief Roh spoke to the High School counselors on the problem of drugs in our community. Information is made available to the students through Effective Living Courses and the Introductory Sociology and Senior Applied Science classes.

The public was invited to attend the FLEC meeting, on alcohol and drug addition, at the Neighborhood Club Tuesday evening, November 19, at 8 o'clock, announced Mrs. Perry.

Membership chairman Mrs. Kenneth Adler reported an additional 107 memberships, with dues received now totaling \$1,484 and members numbering 742.

Three new discussion groups have been established with the help of Mrs. P. N. Buckminster, and dues received to date from all of the neighborhood groups total \$346. Speakers this month are school staff members: Mrs. Pohlman, on Family Life Education, Dr. Hanson, on Testing, and Mr. Vogt, from North High School, on Opportunities in the Service. One neighborhood bridge group forwarding dues was formed in 1945 and still maintains an interest in the High School.

Mrs. S. Schaafsma discussed the Pointe Players production, "Life With Father," which was held November 14-16 for the benefits of the Scholarship fund.

Plan are underway for College Information Night to be held in January. Mrs. King Clifford, program chairman, is investigating successful similar college nights held in our area, hoping to incorporate the best ideas from each school. This will be

Benefit Planned By First Society

The fall benefit of the First Society of Detroit has been scheduled for Sunday, November 24, at the Birmingham Country Club, with proceeds going to the Pediatric Wards of Detroit General Hospital.

Glynn L. H. Armitage, First Society president, said money raised at the party will be turned over to the Hospital in order that the Pediatric Wards will be able to buy toys, arts and crafts supplies, books and puzzles for their young patients. City funds are presently unable to provide for this equipment.

The First Society is a group of young, single adults drawn from throughout the Detroit metropolitan area who stage three benefits parties annually and turn over the proceeds to a specific charitable organization. Attendance at First Society function is by invitation only.

Music for the November 24 benefit will be provided by the Al Navarro Orchestra and The Warlocks.

Members of the First Society executive committee who are laying plans for the next party are Dolores Ann Dowdall, Barbara Hafeli, Patti Rossi, Mr. Armitage, James A. Boylan, Richard Fulmer, Frank J. McGinnis, Jr., Larry P. Miller, Ray C. Pearson, Kathy Brady, G. William Paddock, Mary Lou Dominico, Morgan Edwards, Larry Kazanowski, Gail Kornmeier, Josie Paulus and Marty Hartwell.

Pi Beta Phi Alumnae Have Cocktail Fete

Pi Beta Phi Alumnae of Grosse Pointe gathered for their annual cocktail party this year at the Buckingham road home of Mr. and Mrs. John D. Owens Saturday evening, November 16.

Chairman for the 6 to 8 o'clock fete was Beth Gustafson.

The group has begun collecting items for its annual rummage sale, to be held next March.

Sigma Kappa Alumnae Hold Fall Fashion Tea

The Grosse Pointe Alumnae of Sigma Kappa, which includes all members of the Macomb County and Grosse Pointe area, invited all women to attend a Fall Fashion Tea Tuesday, October 15, at 1 o'clock at B. Siegel's, Eastland.

All proceeds donated through the purchase of tickets from members will be used to help support the group's charity projects for the 1968-69 season.

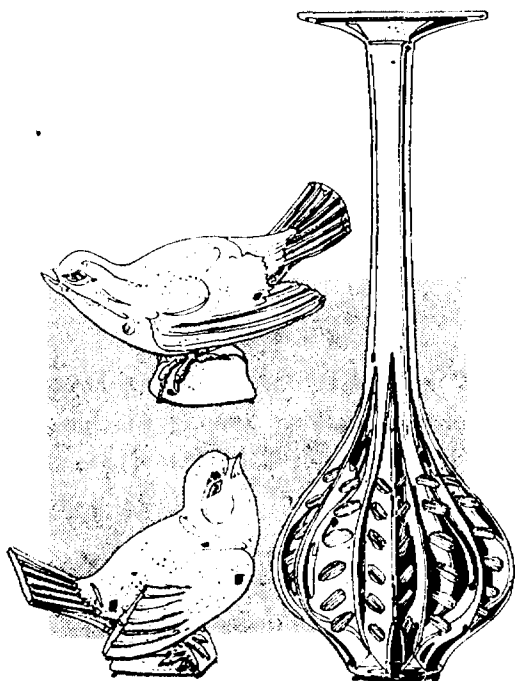

Members of Sigma Kappa who served as models included Mrs. James Gotham, Mrs. Edmond Allen, Mrs. Arthur Wier, Mrs. Melvin Pavlek and Mrs. Herbert Rusing.

President Mrs. J. Dale Petro-skey acted as hostess, greeting the guests.

Schedule LWV Unit Meetings

The November Unit Meetings of the Grosse Pointe League of Women Voters, being held on November 19, 20 and 25, are devoted to two vital topics on the current agenda: (1) a study of the Michigan Courts as they relate to children and juveniles; (2) a study of Fair Housing, with special emphasis on the federal and state laws, as well as the June, 1968, Supreme Court decision.

Mrs. J. Howard Kay, who chairs the Michigan Courts topic, with the help of her committee is presenting a review of Judge Horace Gilmore's remarks on "The Circuit Court and the Juvenile," made at the November 13 League luncheon at the Grosse Pointe War Memorial.

The concept of the family court is also being discussed. Concern over the increase in divorce, in delinquency, in neglect cases and generally in troubled domestic relations has prompted some concerned citizens to believe that a change in court structure is advisable.

For many, a family court could be the answer.

Ideally it would be a blending of judicial process and social service process, and its purpose would be to protect the family and restore it to society as a permanent law-abiding unit.

The Court Study committee consists of Mrs. Charles J.

Church Sponsors Blood Collection

Our Lady Queen of Peace Parish, 21201 Bournemouth is sponsoring an "open" Red Cross bloodmobile on Friday, November 29, from 2 to 8 p.m. at the church.

Sponsorship of the bloodmobile might indicate that it was for church membership only but this is not the case. Anyone wishing to replace blood used by a patient, or to donate to a self-account or to give to a group account of their choice may use the facilities.

To make an appointment to give blood call the recruitment chairman at 886-2775. Support of this bloodmobile is important as the Red Cross must collect, process and deliver 350 to 400 units of blood each day to maintain its commitment to the patients in 108 hospitals served in the tri-county area.

Morris A. Barr Addresses ESU

Morris A. Barr, of London, England, director-general of the Commonwealth English Speaking Union, spoke on "Links Which Bind the English-Speaking Countries Together" at the dinner meeting of the Detroit Branch ESU Wednesday evening, November 13, at 6:30 o'clock in the Crystal Ballroom of the Grosse Pointe War Memorial's Fries Auditorium.

Mr. and Mrs. Barr, traveling to this country on the final voyage of the Queen Elizabeth, the Detroit Branch's guests of honor. Mr. Barr is a native of Australia and a graduate of Scotch College, Melbourne University and the Melbourne Conservatorium of Music. With two special fields of interest, journalism and music, he has followed careers in both.

He has served as chairman, Educational Staff, of the Melbourne Argus and chairman of the Australian Journalists Association. He has been a lecturer for the Victorian Council for Adult Education and head of the Melbourne Conservatorium of Music, and has appeared as a concert artist in the United States and Australia.

He had an active part in arranging last summer's World Conference of ESU branches in Edinburgh, where he first met delegates from the Detroit Branch.

While here he was the luncheon guest of local Branch president Leslie C. Fulman, of Earl court, who asked several other members of the local ESU Board to join them at the Detroit Athletic Club, November 13.

Meanwhile, Mrs. Barr was the guest of Mrs. Hansel Dwight Wilson, vice-president of the Detroit Branch, at the Berry Memorial Lecture and luncheon.

Three Penalized By Park Judge

Three traffic violators received severe penalties in the court of Park Municipal Judge C. Joseph Belanger on Wednesday, November 13.

Kerry J. Nichol, 34, of 36954 Lamphier drive, Mt. Clemens, entered a plea of guilty to driving a motor vehicle while under the influence of intoxicating beverages, and was fined \$85, with the alternative of serving 20 days in the Wayne County Jail. He paid the fine. He was ordered to surrender his operator's license to the court, and was forbidden to drive for a period of 90 days.

Samuel Reed, 31, of 2250 Be-
wick, Detroit, pled guilty to driving without ever obtaining a valid Michigan operator's license, and also entered a guilty plea to speeding 40 miles in a 25-mile zone. He was sentenced to pay a fine of \$75, and serve five days in jail, with an additional 10 days to be served if he failed to pay the fine. The speeding charge brought an additional \$15 fine, or five days. Both fines were paid.

Robert E. Sleek, 21, of 22919 Recreation, St. Clair Shores, accused of drag racing, pled not guilty and was found guilty, and was fined \$35, which he paid rather than serve five days in jail.

Have a son or daughter . . . a friend, perhaps, who'll be spending this Christmas overseas, and wonder what he/she'd REALLY like as a holiday gift? Here's the list of items a Grosse Pointe mother, (nameless, by request), who is flying to Japan to be with her son, in NASU (Naval Air Support Unit), and daughter-in-law during the Christmas Season, was asked by said son and daughter-in-law to PLEASE NOT BOARD THE 'PLANE WITHOUT . . . Cuff Links . . . Cologne . . . Long Underwear . . . Furry Slippers . . . Cold Ducks . . . Artificial Sweetener . . . Pickled Herring . . . Trench Coats . . . Meat Tenderizer . . . Instant Tea With Lemon (Imagine, bringing tea to The Orient) . . . and Pistachios . . .

"Unaccountably" . . . writes Betsy (Mrs. George E., Jr.) Bushnell, chairman of the Afro-American Artists of Detroit Art Exhibit and Sale which opens tomorrow in Fellowship Hall of Grosse Pointe Memorial Church, "many are expressing surprise at the idea of an Art Exhibit held in a Church: The Creator as source of creative talents seems to be overlooked from time to time!" . . . This particular Exhibit, which originated in August at the Detroit Institute of Arts where it was jury-selected and exhibited, a focal point in the arts festival "Detroit Discovery," should not be overlooked by ANY Pointer . . . It opens Friday evening, November 22, with a 7:30 to 9:30 o'clock artists' reception to which the public is invited . . . continues daily from 9 to 5 o'clock, and Sunday and Monday evenings from 7:30 to 9:30 o'clock, through Tuesday, November 26 . . . Memorial Church PARTICULARLY hopes for an enthusiastic response from schools, public, parochial and independent. An advance call to the Church in the case of groups or classes will assure a hostess being there to meet and guide the party . . . Working with The Reverend James Handley, Christian Education Department, Grosse Pointe Memorial Church, and Mrs. Bushnell to secure and stage the Exhibit at Memorial Church were (and are) Mr. and Mrs. William L. Craig, the H. John Siekmann, Gilbert H. Whelden, Jr., Mrs. B. Courtney Rankin, Mrs. George E. Cartmill, Jr., Mrs. Ralph Blech, Mrs. James A. Cameron, Mrs. Marjorie U. Scott, Mrs. Donald L. McConachie and Mrs. Handley . . .

And speaking of "arty" subjects . . . Did you know that this year there's a COMPLETELY NEW "Afternoon of Art" tour at the Detroit Institute of Arts? . . . Mrs. William H. Ramsay, of Radnor circle, chairman of the Founders Society Docent Volunteers Committee which has conducted the tour for the past three seasons, reports: "The new one-hour tour will concentrate on art shown in the Main Museum Building beginning with the Middle Ages and going through the 18th century. Paintings such as 'The Betrayal' by Il Sassetta, 'Madonna and Child' by Bellini, 'Man With A Flute' by Titian and 'Archduke Ferdinand' by Rubens will be discussed" . . . These "Afternoons of Art" are available, by reservation, for groups as small as eight and as large as 80 . . . They begin with a pre-tour salad luncheon in the Institute's Rivera Court and may be booked Tuesday and Wednesday of each week, October through April . . . Interested? . . . Write the Docent Office, c/o Mrs. Carolyn Goodrich, Detroit Institute of Arts, 5200 Woodward, Detroit 48202 or telephone 832-3488 for further information . . . P.S. Club groups that have enjoyed "Afternoons of Art" in the past are ESPECIALLY invited back to see the all-new program . . .

Rather clever . . . of the committee planning yesterday's Bargainique and bridge luncheon at the Detroit Boat Club to come up with those cautionary signs warning party-goers NOT to sample the edible centerpieces, wasn't it? . . . It would have been such an easy thing to do—we were tempted!—and then what would the ladies who received the centerpieces later in the afternoon as prizes have done with the "nibbled" remains? . . .

Thank you . . . Carolyn Hubbard Lucas, for another of your beautifully-wrought, beautifully expressive verses:

QUE SERA SERA

They need some hardness in their life
These young we value so:
For if we keep them from all strife
They lose their chance to grow.
They want the bitter with the sweet
But bought by their own hand,
And footprints from our older feet
Leave faint tracks in the sand.
Yet we must help where'er we may
With patience — for their sake —
And for the rest must watch and pray
In lives our children make.

In case you're laboring . . . under the misapprehension that the Archives of American Art Jewelry Auction is For Millionaires Only, we'd like you to know that at least 100 items are valued at under \$5 . . . at least another 100 at under \$10 . . . and the bulk of all the items at under \$25 . . . Tickets for the Auction, to be held tomorrow evening at the Detroit Institute of Arts, are \$1 each and are available at the Institute . . . The balance of the items will go on sale Saturday . . .

Pointer of Interest

MRS. WESTON JENKINS, JR., OF MOUNT VERNON ROAD

By Janet Mueller

The painting is a landscape: Gum trees beside a dusty country road, blue mountains in the distance . . . "It was painted for me by a friend," explains Lynne Jenkins, in her almost-accentless voice, (meeting Mrs. Jenkins for the first time, not knowing her background, one would conclude quickly, on the basis of that voice, that she's not from "here"—and "here" being wherever, London, New York, San Francisco, one happened to be talking to her—but unless one were VERY familiar with phonetic nuances, one would be hard put to pinpoint just exactly where Lynne did, originally, come from . . .)

"I'd wanted a 'typically Australian' scene," she continues, "Ah, of course," one says to oneself—the timbre of the voice ceases to be a puzzlement—"She's Australian!" "but he didn't have one on hand."

"So I asked if he'd do one, and send it over, (across the South Pacific, across the North Pacific, more than half-way across the North American continent, to Grosse Pointe), and he said he would . . . And he said, if I didn't like it, I could send it back . . ."

Likes It Very Much
It's Australia, Lynne likes it very much indeed.

She comes from Melbourne. "I was on my way around the world," she recapitulates her journey to today, to Mount Vernon road.

"This (traveling around the world), is something almost all young Australians attempt to do. We have to travel: We're so far away from everywhere!"

"Generally, a young man or woman will finish school, work for a while to earn money for plane fare, ship fare, basic expenses . . . At the time I did it, most of us used to go to England."

"We'd take flats with friends — did—and tour the Continent when and as often as we could. I remember one trip especially: A group of us traveling around Europe in a secondhand London taxi . . ."

"I spent about a year in England and Europe, then went to Canada, lived there about six months, then came to Detroit to work with the British Consulate."

Love Match on Court
Here, on a tennis court, (she'd played Inter-State Tennis in Australia), Lynne met Wes Jenkins.

The Jenkinses — he's sales manager for Revere Copper and Brass — are a trio: Seven-year-old "Tori" (Victoria) is enrolled at Kerby School. They've lived seven years in The Pointe, in Mount Vernon road.

In the past couple of years, Lynne, who finally DID make it all away around the world, has been back to Australia twice.

Two years ago, she took Tori for a visit with her grandparents. "She was only five," Lynne says proudly, "but it's amazing how much she remembers! We stayed nearly five months — Wes flew down for a while, but had to return because of business—and missed that entire (1966) terrible winter."

"Tori and I took the ship, going and coming. Tori loved that." And so, "going," did Lynne: Coming back was a different story, a true Horror Voyage, encompassing a three-day cyclone, a four-day hurricane, a violent storm in the North Pacific . . . Lynne's an Airplane Person now.

Tori Is Adaptable
Down Under, incidentally, Tori developed such a strong Australian accent "that even I couldn't understand her!" Lynne recalls. But children are extraordinarily adaptable; Tori's reverted, and is speaking Pure American.

Wes and Lynne still play a good deal of tennis. "I suppose," says Lynne, who's been playing since she was six, "you could say it's my 'primary' hobby."

She has a standing weekly

singles date with Curl (Mrs. Edward J., of Radnor circle) Tutag, a transplanted New Zealander.

The Tutags and the Jenkinses are close friends. Mr. Tutag gave Lynne away at her wedding and Mrs. Tutag is Tori's godmother.

Lynne's other hobbies are sewing, (she makes most of her own clothes), knitting, (she's a "continuous" knitter), gourmet cooking and collecting old silver. ("Not the rare pieces—my budget doesn't run to 'rare pieces'—the unusual ones").

Checks Out Her Finds

Her "most-thumbed" reference book is a dictionary of old silver hallmarks: Lynne's a knowledgeable collector who likes to check out her finds.

She's a member of the Daughters of the British Empire and of the Junior Board of Williams House, a residence home for girls. She's the new, second in its history, president of the Assistance League to the North-eastern Wayne County Child Guidance Clinic.

Her Williams House activities led her to a Clinic Assistance League commitment.

One day, with other Junior Board members, she toured Wayne County Juvenile Court. "I recommend a day there (in Juvenile Court) to EVERYBODY!" she says firmly. "There's nothing like it to re-establish your sense of values."

One of the things that had attracted her to Williams House work was its Big Sister program: Lynne wanted "to help someone who wasn't as fortunate as I."

Juvenile Court convinced her the problems of youth in today's society are far more serious, far more numerous, far more common in all classes of society than society generally believes—or is willing to believe.

Knew the President

Lynne knew that Barbara (Mrs. Webster B., Jr., of Radnor circle) Knight, a fellow Williams House Junior Board member, had played a major role in founding the Clinic Assistance League and was serving as its president.

So Mrs. Jenkins asked Mrs. Knight, "What do you do in the Assistance League, Barbara?"—and, quick as a flash, Mrs. Knight responded, "Would you like to join, Lynne?"

Now Mrs. Jenkins has succeeded Mrs. Knight as president.

What DO you do in the Assistance League, Lynne?

"Our aim is to develop an INFORMED membership, a membership aware that, although this is an 'affluent community,' it doesn't necessarily follow that it is a community in which the ideal family situation exists."

"These are OUR children, in OUR community, and we are working to support them right here."

"I think women join the Assistance League because they're concerned about children—because they want to do something to help the obvious problems of children in this community . . . because they want to know for instance, WHY children in this area are smoking marijuana."

Problems Affect All

"The problems of children, children with problems, affect us all, hit us, if nowhere else,

in our pocketbooks, when we pay higher taxes for more police, more personnel and facilities to cope with our 'problem children' . . ."

Assistance League members, (there are almost 200 of them now), do NOT work at the Clinic: All Clinic staff is professional.

They do, however, occasionally provide womanpower in answer to specific requests.

"Sometimes something comes up that's really fascinating," Lynne notes. "Just recently, for instance, the Grosse Pointe Association for Retarded Children asked if we could furnish volunteers to record seminars of the National Association for Retarded Children, meeting in Detroit. We provided them."

Basically, the material assistance rendered by the Assistance League to the Clinic is monetary.

The Northeastern Wayne County Child Guidance Clinic, like every other facility of its kind in the area, (and, probably, in the nation), is too small, has too few staff members to fully supply the demand for its services.

Only One in Area

"It's the only facility of its type in this area of the county," Lynne points out. "One of its aims is to keep waiting periods at a minimum."

In order to operate and to expand, in order to continue to move in the direction of becoming a full Family Service facility, the Northeastern Wayne County Child Guidance Clinic needs money.

The Assistance League helps provide that money.

"Our major fund-raising activity," notes Lynne, "is our February Crystal Ball."

"This, (the upcoming 1969 party), will be our second annual ball. Last year, we called it our Valentine's Ball, but we decided that theme was too limiting."

"It took quite a few brainstorming sessions to find a new name—it's surprising how few 'good' names there are!—but we're all very pleased with 'Crystal Ball'."

"We feel it presents an image of future possibilities. We feel it is a name, and a theme, that can be continued, that can grow into a tradition."

Hope To Raise \$5,000

Lynne's especially excited about the Crystal Ball Souvenir Program, through which the Assistance League hopes to raise \$5,000.

"To Promote the Ideals of Childhood" is our theme," she observes, "and we're offering advertisers who may not want to use their own copy the opportunity to sponsor some beautiful photographs of children."

The Program will be distributed at the Ball, to be held at the Grosse Pointe Yacht Club.

"Oh, and you might mention," adds Lynne, before leaving the subject of the Ball until after Christmas, "that both our marvelous 1969 Crystal Ball co-chairmen have SIX children! They REALLY care about the cause for which they're working . . ."

No more than Lynne. The entire Assistance League gathers for four general meetings a year, the Board meets once a month, but the president's on call always.

"Never a day goes by without some bit of League business," she admits.

Hold Bunny Party

"We're going to do some study groups and lecture programs for our members on the pre-adolescent. That's a group that isn't given too much attention . . . We've sponsored an Easter Bunny Party for children of the community in the past. I suppose we'll do that again this year . . . There's a

The voice is almost-accentless—but that's not to say it has no character, no heart. It rises and falls, expresses emotion, enthusiasm. There's nothing monotonous about it: it's "just a little bit different," charming, original, not perhaps "form" here but belonging here, fitting in . . .

Lynne Jenkins' tennis racket has a kangaroo cover. "What do you think of that?" she laughs. "Fur coats for tennis rackets! And now we have indoor tennis . . ."

She puts the kangaroo-covered racket back in her hall closet. It settles into a corner; it's obviously "at home."

So, obviously, is Lynne Jenkins.

PILFERINGS

A man reports an experience that will probably become increasingly common. He purchased an article from a rushed salesgirl in a large department store. "Cash or charge?" she asked.

"Cash," he replied. "Have you any identification?" she asked. He showed her his cards, she took his cash — and neither batted an eye.
