## HEADLINES

### of the WEEK

As Compiled by the  
Grosse Pointe News

Thursday, December 19

**THREE MORE COLLEGES** in Michigan, Adrian, Albion and Jackson Community, and the entire Highland Park school system closed Wednesday as the flu continued to claim more casualties. Nationally, the American Red Cross has called the spread of the virus a "disaster situation" and has ordered local chapters to give assistance to stricken communities.

**THE VIET CONG'S CLANDESTINE** National Liberation Radio announced today that they would release three American prisoners. The radio also suggested a Christmas Day battlefield meeting with American commanders to discuss details of the release. The NLR also called on the U.S. to respect the Christmas cease-fire, announced to begin at 1 a.m. Saigon time December 24 and running to 1 a.m. December 27.

Friday, December 20

**A RELIABLE** United States source indicated Thursday North Korea has agreed to release in the near future the 82 crew members of the U.S. intelligence ship. The unidentified source revealed that it was possible the Americans would end their 11 months of captivity by Christmas.

Saturday, December 21

**BARBARA JANE MACKLE**, kidnapped debutante was found by FBI agents Friday buried alive but in good condition after her parents paid the \$500,000 ransom. The box, which the 20-year-old Emory College junior was buried in, held an air pump, food, water, and a battery-powered light that failed a few hours before she was located in an isolated, heavily wooded rural area some 20 miles northeast of Atlanta. She is believed to have been in the box about 80 hours. The ransom money was paid early Friday. A suitcase crammed with \$20 bills was left at a shopping center about five miles northwest of the Mackles' Coral Gables home. The two suspects are said to be Gary Steve Krist, 23 and Ruth Eisenmann Schier, 26.

Sunday, December 22

**ASTRONAUTS AIR FORCE** Col. Frank Borman, Navy Captain James A. Lovell, Jr. and Air Force Major William A. Anders were jolted into orbit Saturday in a flawless launch. They orbited the earth one and a half times, then ignited the powerful third stage booster rocket and within seconds were flying faster and higher than man ever before had dared.

Monday, December 23

**THE 82 CREWMEN** of the United States Navy intelligence ship Pueblo walked across the snow-covered "Bridge of No Return" to South Korea and freedom this morning, after 11 months in North Korean captivity. In order to free the crew, the United States signed a so-called apology document. A formal United States statement denied that the United States had admitted espionage.

**JULIE NIXON AND DWIGHT** David Eisenhower II were married Sunday in a ceremony in Marble Collegiate Church in New York, with the Rev. Dr. Norman Vincent Peale officiating. The wedding ceremony was attended by about 500 relatives and close friends.

Tuesday, December 24

**MILITARY SPOKESMEN** REVEALED Tuesday that Communist soldiers twice broke their own Christmas cease-fire minutes after it began on that date. Guerrillas unleashed a 40-round mortar salvo into a South Vietnamese military camp 25 miles west of Saigon just 20 minutes after the 1 a.m. truce.

**APOLLO 8 COMMANDER** Frank Borman sharpened his aim at the moon with a 12-second burst of his spaceship control rocket Monday night. The brief blast slowed Apollo 8 only 1.4 miles an hour, but that was just enough to make the final course correction.

Grosse Pointe and Woods Lions Clubs Distribute Christmas Cheer to Needy Families

Members of the Grosse Pointe Lions Club and the Grosse Pointe Woods Lions Club, assisted by police and firemen from the Farms, Shores, City, Park and Woods, manned their stations all over The Pointe, on Monday, December 16, and sold their hearts out so that needy Pointe families could have a Merry Christmas, through the sale of Goodfellow newspapers.

## Agile Burglar \$2,000 Richer

An agile burglar entered the Peter Morris Beauty Salon, 20902 Mack, on Sunday, December 15, and made off with \$2,000. The thief apparently gained entry through a 22-inch sliding window off of the second floor sun-deck.

The breaking and entry was reported to Woods police on Sunday by custodian Alvin Lehner and Lillian Morris. Indications lead police to believe that the thief entered the owner's office by prying off the door. He then tried the door off a filing cabinet and took the money. The thief also tried open the reception desk but did not disturb the contents.

## Nab Youth Following Chase, Hit-Run Injury Accident

Park and Shores authorities obtained separate warrants on Tuesday, December 24, against an 18-year-old Roseville youth, who left Park police on a chase through four Pointe communities, and who became involved in a hit-and-run injury accident in the Shores on Sunday, December 22.

Accused on the two counts is David E. Bell of 25026 Leach, who is charged in the Park warrant with failure to stop his vehicle on police command; and in the Shores' warrant, with leaving the scene of an injury accident, a felony under a State statute.

Bell escaped on foot, after being thrown out of his car. At the start of the foot chase, he stumbled and fell on the pavement, scraping his face and

## Educators Hold Discussion To Study Possible Future Inter-School Cooperation

Representatives of Public and Non-Public Institutions Accept Dr. Theos Anderson's Invitation to Meet

At the invitation of Dr. Theos I. Anderson, Superintendent of The Grosse Pointe Public School System, representatives of the community's public and non-public schools met Tuesday to discuss possible future avenues of inter-school cooperation.

The joint meeting with the public schools' Administrative Council was called as a result of an unofficial poll initiated by Dr. Anderson last summer to determine in what ways the public schools might be of additional service to the non-public schools and to the community.

Initial requests from several representatives included expanded use of the public schools' audio-visual materials. Several requests were made for the enrollment of entire classes or individuals in various special

## Surveillance Pays Off in Car Thefts

Woods Police Arrest Youth Who Confesses to Taking Wallets from 10 Parked Vehicles

Persistent surveillance and astute police work led to the solution of six larcenies from motor vehicles by Woods police on Wednesday, December 18.

Since September, a Mack and a half block area on Mack avenue from Baskin Robbins, 20081 Mack, to Johnson's Optical, 20148 Mack, has been plagued by a thief, who entered cars when the drivers went in to stores to drop off dry cleaning or pick up items, and stole purses and wallets.

Woods public safety officers have been keeping a tight surveillance on the area and it paid off Wednesday when they arrested Paul Stephen Haydic, a 20-year-old, St. Clair Shores youth.

Haydic was first observed on Tuesday, December 17, in the area but he did not make any attempt to enter cars at that time.

He was spotted again Wednesday in the area of Henry's Cleaners, 20119 Mack and Alike Jewelers, 18332 Mack, walking along the sidewalk. He tried a car door reaching around the front seat apparently trying to determine whether a wallet or purse had been left in the car.

He then checked a white Corvette, then continued walking. Shortly afterwards the owner of the Corvette drove off in her car. She was stopped on Prestwick and Mack by a public safety officer who asked her if anything had been taken from the vehicle. She told the officer she had taken her purse with her into the store.

Haydic was arrested and taken to the Woods station where he admitted to 10 such thefts in the area. Only six of these had been reported to the police. Haydic told police he usually dropped the wallet or purse in a mailbox after he had removed the money.

He netted some \$325 from the six thefts. He appeared before Judge Don Goodrow on Thursday, December 19, and pled guilty. He was ordered to make restitution of all of the monies within 90 days through the Probation Department and pay court costs of \$75. He was put on one year probation. This was Haydic's first offense.

Public safety officers who apprehended Haydic included Don Sabel, Leroy Tobian and Ronald Hayden.

## GPUS and Liggett Hold Discussions For Mutual Help

Special Committee Exploring Various Areas of Possible Cooperation Between Pointe's Independent Institutions

Grosse Pointe University School trustees have announced that they will delay the construction of the new 14-classroom Middle School at least until the summer of 1969, since a new element has affected their planning.

Recently discussions between trustees of GPUS and Liggett School indicated that it may be in the interest of both schools to explore ways in which their academic, administrative and physical resources can most advantageously be used to strengthen each other and to improve independent education in the community.

A committee consisting of Hugh C. Riddleberger, Headmaster of GPUS, Frank J. Sladen, Jr., Headmaster of Liggett, W. W. Wotherspoon, president of GPUS Board of Trustees, J. Joseph Jennings, Jr., president of Liggett's Board of Trustees, Earl I. Heenan, Jr., GPUS trustee chairman, Horace C. Ford, Liggett trustee, James M. Earl, GPUS trustee, and Mrs. H. Bradford Aarons, Liggett trustee, has been formed and will explore various areas of possible cooperation. The presidents of the Board of Trustees of GPUS and Liggett are ex-officio members of the committee.

The committee will report its initial findings by April 1, 1969.

## Thief Surprised In Park Home

A burglar, who broke into the home of Mary Berndt, 615 Westchester, was frightened by the early return of a member of the family and fled the building before he could be apprehended, according to Park police.

Mrs. Berndt's son, Dennis, 22, told police that he had returned home on Sunday, December 22, in the evening, and had parked his car in the driveway, when he noticed the family pet poodle sitting in the driveway. The door leading from the garage to the breezeway was open, but he did not pay too much attention to this, he said.

When he entered the house, Berndt said, he observed two other doors open, and thought "We have company!" He went into the den and got his revolver, and as he stood at the bottom of the stairway, he heard a noise coming from the dining room, and ran to the area.

Berndt said he saw a male figure running out of the house, through the breezeway and into the garage, and the last he saw of the intruder, was the man running on Korte road.

Berndt was able to give police a fairly good description of the suspect.

## SHELF BROKEN

City Police received a report from George McHugh, 907 Fisher, on Sunday, December 15, of a broken shelf in his garage. Mr. McHugh said it appeared as though the shelf had been broken by someone climbing up on it. A check of the garage revealed nothing was missing.

## Burglars Leave Pointe AAA Branch Office in Shambles

Burglars broke into the office of the Grosse Pointe branch of the American Automobile Club during the night of Sunday, December 22, and left the place in a complete shambles. The thieves made an unsuccessful attempt to break into a safe.

Park Det. Robert Saifryd and Charles Petrie said that it is believed that there had been more than one culprit involved because of the extent of damage created, and the length of time it must have taken to ransack the building.

Entry into the place was gained by breaking the center pane of a window on the west side of the edifice, the detectives said. Anyone standing in this area cannot be seen from Jefferson avenue, they said.

Saifryd and Petrie said that

## Police Nab Young Girl Shoplifters

Find Marijuana Pipe and Partially Smoked Cigaret on One; Loot Returned from Car

The apprehension by City Police of two 16-year-old female shoplifters on Monday, December 16, led to the discovery of a marijuana pipe and a partially smoked marijuana cigarette on one of the girls.

The girls, both Park residents, were reported as suspected shoplifters after a merchant had spotted a number of women's articles of clothing in the back seat of their car, which was parked in area 5 parking lot in The Village. Patrolmen Virgil G. Beaupre and Richard Lanski watched the car and waited until the two suspects returned. They placed the girls under arrest and took them to the city station, where they were checked by matron Dorothy Chapel. Their parents were notified and asked to come to the station.

Found on one of the girls was a marijuana cigarette and a marijuana pipe plus an assortment of pills. Found in the vehicle was \$58.90 worth of merchandise from Himehloch's, 17131 Kercheval; \$93 worth of merchandise from Jacobson's, and \$118 worth of merchandise from Peck and Peck. All told, the girls allegedly had stolen about 19 articles from the three stores.

Both girls were filed on in Juvenile court, one for larceny from a store, the other for larceny from a store and possession of marijuana. A laboratory analysis of the cigarette indicated that it contained 0.37 grains of marijuana and some white substance which preliminary tests indicate was an opium derivative.

HUBCAPS STOLEN

Esther Cullen, 19369 Albion, Detroit, called City police on Friday, December 20, to report the theft of the rear hubcaps off her car which was parked in the parking lot behind Sanders, 17043 Kercheval. She told police she left the car at 9 a.m. returned to it at 6 p.m. and drove directly home. She did not notice that the hubcaps were missing immediately.

A safe, on rollers, was taken from the Claims Office by the burglars, and wheeled into a storage room, a short distance away. The dial had been knocked off, and the thieves made an unsuccessful attempt to break into the safe by tipping it over and peeling away the bottom. The detectives said that the burglars were apparently amateurs, who frustrated in their

## Patrolmen's Top Salary Upped \$1,000

The City of Grosse Pointe and the Grosse Pointe City Police Officers' Association, representing the City's patrolmen have entered into a new two-year collective bargaining agreement providing for increased wages and fringe benefits.

The agreement, which runs through June of 1970, also covers important non-economic matters such as association security, management rights and responsibilities, grievance procedure and seniority.

Signing the agreement, for the City were Mayor David E. Burgess, City Manager Thomas Kressbach and Finance Director Robert Bendzinski. President Virgil G. Beaupre, vice-president Edmund Benthuyts and Secretary Richard Lanski signed for the Association.

The new contract provides a top salary for patrolmen of \$9,300, retroactive to July 1968, \$9,500 beginning in January 1969, and \$10,150 from July 1969 through June 1970.

Previously, the top salary for patrolmen was \$8,300. Other items in the economic package include time and one half pay for overtime including off duty court time, minimum four-hour payment for standby duty, an increase in uniform allowance in July 1969 from \$100 to \$125, an increase of \$70 in holiday pay allowance, full payment by the City of \$8,000 life insurance with the addition of a double indemnity feature, and partial payment of longevity to an employee at time of retirement.

The City recognized the Association in April of 1968 as representative for the patrolmen. The agreement which is the first formal contract between the City and its patrolmen, culminates eight months of bargaining beginning last May.

The City's negotiating team consisted of Mayor David E. Burgess, City Manager Thomas W. Kressbach, City Treasurer Robert C. Bendzinski and Director of Public Safety Andrew Teetart.

Representing the Association were Beaupre, Benthuyts and Lanski.

## Action Center Board To Meet

The proposed Grosse Pointe Inter-Faith Action Center has tentatively set January 22, as its first meeting of the Board of Directors.

The steering committee, consisting of five clergymen and nine laymen from the various Grosse Pointe churches, was appointed by the Grosse Pointe Ministerial Association. The committee has accomplished the preparation of the rules for the Center; preparation of a job description and list of qualifications to be used in considering candidates for a director for a Center; and it has obtained information on possible sites for a Center office.

Ray T. Huettnerman, Jr., steering committee chairman, is confident that a majority of the churches will approve the concept of the Center and will want to participate.

To date, the committee has received written approval from seven churches: Grosse Pointe Memorial, St. Ambrose, St. Clare, Our Lady Star of the Sea, Grosse Pointe Methodist, St. Michael's, and Grace United Church of Christ. They have tentatively committed a total of \$14,000 to \$16,000 to support the Center.

Several other church boards will meet soon to consider the proposal and are expected to take formal action to approve the concept of the Center.

Also pledging support and cooperation to the Inter-Faith Action Center is the Grosse Pointe Human Relations Council. In welcoming the Center to the community, Dr. Harry Meserve, chairman of the Council, stated, "We have long hoped that the churches would involve themselves more fully in human relations efforts."

Open Sundays 10:00 to 4:00  
Thurs. and Fri. 9:00 P.M.

than 90 miles an hour.

Following an alert to all stations, police units from all the Pointes and Harper Woods converged on the area. At 5:04 p.m., Meeker and Warren notified the Shores that the speeding car had become involved in a serious accident at Lake Shore and Deeplands. The Park police-men said that they can positively identify Bell as the driver of the vehicle they had been chasing, and that he was behind the wheel at the time of the accident.

The first car that Bell struck, in front of 535 Lake Shore, was driven by Elgin K. Dallwein, 39, of 6889 Page, Warren. In Dallwein's car was his wife, Colleen, 36; their children, Barbara, 15; David, 13; Wayne, 11; and Edward, 1, who was in the front seat with his mother. Also in the vehicle was Gerald Woods, 16, of 8138 Busco court, Warren.

Police at the scene said that Dallwein suffered chest and internal injuries, and Barbara complained of a whiplashed neck. The father and daughter were taken to Bon Secours Hospital, where the father is reported in serious condition.

After hitting the Dallwein car, Bell's vehicle traveled 293 feet from point of impact, and crashed into a second auto,

driven by Keith M. MacKenzie, 18, of 535 Lakepointe, skidded another 84 feet and smashed into a tree. Bell was thrown from his car, but got up, and sped away on foot, a policeman in pursuit.

A police report disclosed that MacKenzie was badly shaken up, otherwise, uninjured, as were his passengers, Robert and Timothy Graham, of 1952 Beau-fair. The report did not disclose if they required medical treatment.

It was revealed that when Bell picked himself up off the ground, he fell, losing a shoe. Meeker chased the youth, who fled between houses and disappeared, to be arrested later in the Park.

A 16-year-old girl, a passenger in Bell's car, was held for questioning and later released. She told authorities that Bell had picked her up at her home to take her to dinner at a friend's house. En route, Bell began to speed, and she begged him to slow down, but without avail. She was shaken up, but not injured following the triple-crash.

Shores Police Sgt. Harry Hamilton went to the hospital to question Bell, and to inform him that he was under arrest for leaving the scene of an injury accident.

The car Bell was driving belonged to a relative of the youth, police said. The vehicle was a total loss.

Mr. Schweikart told the NEWS that this was the first time in 34 years that he was unable to man a selling post ... he, as were many other members, was down with the flu. Mr. Schweikart told the NEWS that some 88 baskets were given to needy families. The bushel and a half baskets included all the goodies that are

traditional at Christmastime, turkey, candies, vegetables, etc. He added that throughout the year Lions assist the needy with items such as glasses, hearing aids, dental work and clothing. Although sales were down a bit this year the totals were still pretty impressive. As has been true for years the City of Grosse Pointe sold the most papers with \$2,090, the Park netted \$1,375, the Farms, \$786

and the Shores \$497.

The Woods Chairman Captain Donald Coates and co-chairman Robert Greiser, report that they collected some \$2,295, a little less than last year because of the flu epidemic.

They said in addition to Christmas baskets filled with

good things to eat, they gave a number of gift certificates from the J. C. Penney Company, to families that needed clothing.

## Play Rehearsal Disrupted By Accoster at Memorial

Farms police received a report from a person at the Grosse Pointe War Memorial on Friday, December 20, of a man accosting juvenile girls, who were rehearsing for a play in Fries Auditorium.

The three girls were interrogated in the presence of their parents. They described the man as being a white male, slightly obese, 45 to 50 years of age, wearing thick, black rimmed glasses, a dark green soft cap, and a fur collared, brown fingertip coat.

The three girls were approached individually. When the man approached the third girl she screamed and ran into the auditorium, where the accoster was observed by most of the adults and children present. All agreed with the description the girls gave officers.

## Rosemary Chirco Doing Very Well

The Dominic Chirco's had a very special Christmas present yesterday... their baby daughter Rosemary was home with them to celebrate. For a while there it was touch and go for her, however.

Rosemary was born October 1, in St. John Hospital, three months premature. She weighed only one pound eight ounces... about the size of a Rock Cornish game hen. She was immediately placed in an Isolette and given tender loving care by the entire St. John staff. Rosemary thrived under this care. Then on Sunday, December 15, out she came weighing five pounds seven ounces... full of smiles, very round and cuddly. (So round in fact that the nurses began calling her "Chubby")... ready to join her proud momma and papa for the holidays.

The Chircos who live on Gray in Detroit have only been in the states since mid-September. They came here from Sicily. Dominic, 28, was here for a visit a while back and loved the States so much he returned after his marriage with his wife, Rose, who is 24. To the Chircos and "Chubby" Buon Capodanno!

A general broadcast was sent out. City of Grosse Pointe police indicated the man fitting the description of the accoster had approached two juvenile girls on St. Paul earlier in the day. They said he was driving a black and white car.

The accoster was observed on Thursday in and around the auditorium by one of the mothers who asked him what he was doing in the building. He told her at that time that he was a father of one of the girls. The police checked out this information and found it to be false.

## Students Picked To Lead Service

A group of seven students will present the morning message at both services—9:30 and 11:15 a.m.—on the theme, "Commitment," on Sunday, December 29 at the Grosse Pointe Memorial Church. The service will include readings from contemporary writers as well as some personal remarks from the students.

Those leading the service will be Wendy Glanz, Michigan State University; Craig Dykstra, University of Michigan; Steven Dykstra, University of Wisconsin; Stuart Dykstra, Albion College; C. Richard Mills, Alma College; John Gajewski, University of Michigan; and Robert Miller, student intern from Princeton Theological Seminary. Today is a day of many commitments, is the premise on which this service is based. More are commitments to professions, extra-professional activities, families, friends, religion, etc. But unless a man has an underlying commitment, a driving force, which all his other commitments are subordinated and related to, he is not a fully integrated person.

This basic commitment is needed if one is to become fully human, and it must include a response to Someone or Something greater than oneself. It must grant a purpose for living to the one who is committed. It must allow the committed the freedom to the responsible for others, and it must fortify him to withstand the storms of life that seek to compromise that commitment.

## Teenager Foiled In Theft Attempt

Helen Ballard, a nurse in the offices of Dr. Arnold Kocsis, 18430 Mack, called Farms police on Friday, December 20, to report an attempted larceny.

Miss Ballard told officers that she heard a noise in the reception room, and when she went out to see what it was, saw a teenage Negro male, wearing a black leather jacket and pork-pie hat, crouched over the desk trying to pry open the left hand drawer.

When Miss Ballard entered, the youth said he was seeking employment, then left attempting to conceal a short implement in his left hand, then pocketing it.

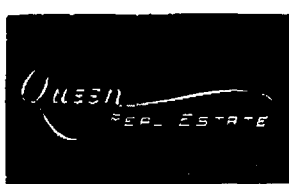

Upon arrival Farms police found pry marks on the wood around the lock of the desk.

You'll never meet success—get a hustle on and overtake it.

## Reports Larceny From His Car

Woods police received a report of larceny from an automobile on Tuesday, December 17, from Dennis Alfes, 1985 Anita. Dennis told officers that he parked his car in front of his residence at 9:30 p.m. on December 16, and everything was in order.

On December 17, at 4:30 p.m., his father noticed the driver's door of the car was ajar. Dennis checked the car and found persons unknown had stolen a K-mart tachometer, valued at \$23, a reverberator, valued at \$28 and a Hurst gear shift knob, valued at \$6. Dennis also found a gold cigaret butt in the car and a cigaret burn in the front seat.

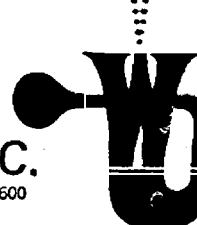

# personalized Christmas cars

Silly idea? Well, we wouldn't suggest having a special car just for the Holiday Season... but why shouldn't you have a car that expresses your personality year 'round? A bit jaunty? Conservatively stylish? Solid, substantial citizen? Youthful yet not outright childish? No matter... we think that among our three outstanding lines of fine imports, you'll find the car that suits you... with a capital YOU! Volkswagen. BMW. Mercedes-Benz. Each one of them a car that is different... but not just for the sake of difference. For the sake of value, yes. For the sake of style, yes. For the sake of durability, reliability, comfort, convenience... yes, yes, yes. The point is that Wood cars have personality... that's why they suit men and women with personality. So come in and let us personalize a Christmas car for you. Make this a really Happy New Year.

Social Security Office Relocated

The Social Security Office serving the east side of Detroit, the Pointes, and Harper Woods has been relocated at 14740 Mack avenue, according to an announcement by George C. Franzen, district manager. The East Side office, for seven years a busy spot at 17731 East Warren, has been installed in a completely renovated building in Mack avenue at Manistique.

The office provides all social security services to residents of postal zones 5, 13, 15, 24, 30 and 36. Total population in the area served by the district office is estimated at 1/2 million residents. At present this area includes approximately 50,000 residents who are receiving regular monthly social security benefits.

Franzen stated the new office, in modern and enlarged space, will be better able to provide the full range of social security services to the retired, disabled, and other beneficiaries.

Approximately 250 applications for retirement, survivors, or disability benefits are processed in the office each week, Franzen reported. The office also provides information on medicare and assists individuals in completing claims for medicare benefits. Social security cards for newworkers and replacements for lost or destroyed cards are issued to about 500 persons per week in the area. The staff of the office includes approximately 50 people, specialists in the various social security subjects, who are available to the public for personal consultation and telephone contact. The new telephone number, (not included in the current telephone directory), is VA 2-5777.

Home calls by special field representatives operating out of the 14740 Mack avenue office are also provided for those people who, because of infirmity or disability, are unable to travel. These field representatives are also available as speakers and can provide literature for groups and organizations interested in learning more about the various aspects of social security. Films are available also and can be shown by field representatives or loaned out on request.

Franzen reminded residents of postal zone 14 that the same range of services is available to them at an office operated under his supervision at 11201 East Jefferson. The telephone number of the Jefferson avenue office is 821-1730. He stated that office hours at both offices are 8:30 a.m. to 4:30 p.m. Monday through Fridays and until 7:30 p.m. on Wednesday evenings for those who are unable to call during the day.

Franzen stated that a formal opening and dedication will be held shortly after the first of the year with details to be announced later. It is expected that prominent government representatives and local officials will appear.

## Chrysler X-Way Section to Open

Traffic will begin rolling January 10 over the longest and most costly section of urban freeway ever opened at one time in Michigan, the Department of State Highways announced today.

Ceremonies on the freeway will mark the opening of an eight-mile section of I-75 (Chrysler Freeway) extending from the Edsel Ford Freeway in Detroit north to half a mile north of Nine Mile Road in Hazel Park. The project cost \$65 million, not including costs of right of way and engineering.

The new freeway section passes through the cities of Detroit, Hamtramck, Highland Park and Hazel Park. With the exception of a one-mile section yet to be built in Hazel Park—the site of an interchange with I-696—it will enable motorists to drive non-stop on I-75 from downtown Detroit to a point near Alger in Arenac County.

A one-mile section of the north-bound lane of I-75 between Six and Seven Mile Roads was opened to local traffic Wednesday December 18, to relieve congestion on the area service road. One section of the north-bound I-75 lane from Seven Mile road to the terminus in Hazel Park was opened to local traffic in November.

## Estimates Tree Damage at \$350

Harold Poppen, 218 Dean lane, called Farms police on Thursday, December 19, to report that persons unknown had run over 10 Japanese Hicks trees and damaged the lower portion of the built-up half of the circular driveway.

The latter damage was apparently done by the weight of a heavy vehicle. Trees on the northwest side of the driveway were also split and damaged.

Mr. Poppen told police he heard a loud motor noise around 6:30 p.m. but did not discover the damage until the time he called the police at 9:10 p.m. Damages were estimated at \$350.

## Traffic Fatality Reported in Park

Grosse Pointe Park had its first traffic fatality of the year on Wednesday, December 18, when Miss Eleanor Mae Kelley, 48, of 4215 Buckingham, Detroit, was fatally injured while crossing at the intersection of Mack and Buckingham.

Miss Kelley, and her life-long friend, Florence Aikens, were crossing the street together. When they reached mid-street, Miss Kelley apparently stepped back and into the path of a car driven by Cleon Douglas Houston, 73, of 3960 Three Mile, Detroit, which was traveling east on Mack in the lane closest to the center lane.

Miss Kelley was thrown a considerable distance. She was dead on arrival at St. John Hospital.

Assistant Prosecutor, Raymond Miller took formal statements from both Miss Aikens and Mr. Houston. A careful analysis and investigation of the accident was made and findings indicated that there was no criminal negligence on the part of Mr. Houston, who was released.

## Over \$12 Million Given To Harper-Webber Fund

Foundations, friends and individuals have subscribed slightly in excess of \$12 million to the Harper-Webber Medical Center Fund, Joseph L. Hudson, Jr., general chairman of the fund announced today.

The fund is seeking \$12,800,000 by public subscription to help meet the \$39 million estimated cost of the Harper-Webber Project in the Detroit Medical Center which includes construction of a 348-bed Webber Memorial Building as well as extensive reconstruction and modernization of Harper Hospital's present plant.

The Harper-Webber Complex, with a total of 774 beds, will be a major teaching facility for adult medicine and surgery of the Wayne State University School of Medicine at its new location in the Detroit Medical Center.

Reporting progress of the fund Mr. Hudson said that it has exceeded its original goal of \$10,250,000. He pointed out, however, that the larger goal was made necessary by increases in construction costs since the fund began seeking subscriptions in December, 1966.

"The very substantial amounts subscribed by many contributors are evidence of the importance they attach to the success of the fund," Mr. Hudson said.

"It is evident these contributors view the Harper-Webber Project as vital to the fulfillment of the Detroit Medical Center with the benefits this civic enterprise will bring to the people of Detroit and the State of Michigan," he added.

Mr. Hudson also announced the following major subscriptions to the fund:

1) \$3 million by the Eloise and Richard Webber Foundation. The Webber Building is being named in honor of the Webber family of Detroit, whose members have played a leading role in the growth of Harper Hospital, as well as in the development of the Detroit Medical Center.

2) \$1,500,000 by the Kresge Foundation to establish the surgical department in the Webber Building, as well as the new central sterile supply unit in one of Harper Hospital's present buildings. The new surgical department will have 22 operating rooms, including two specifically designed for heart surgery and other complicated procedures requiring large operating teams and elaborate electronic monitoring equipment.

3) \$750,000 by Mrs. Edsel Ford. Contributions by other members of the Ford family have brought the family's participation to \$1,100,000.

4) \$350,000 by the Alfred P. Sloan Foundation for creation of the general clinical research center in the Webber Building. The center will provide a unit for care of patients with obscure conditions for which improved methods of treatment are being sought. The unit will have its own laboratories, diet kitchen, and other facilities required for exhaustive research on the causes and treatment of the ailments under study.

5) Contributions of \$300,000 each by the D. M. Ferry Jr. Trustee Corporation; the Hudson-Webber Foundation; and the late Oscar Webber.

6) \$250,000 was subscribed by the George R. and Elise M. Fink Foundation to establish the teaching center in the Webber Building in memory of George R. Fink. The Josephine E. Gordon Foundation's gift of \$250,000 will create the center for diagnosis of heart conditions and research on cardiovascular disease, as well as two rooms for specialized cardiovascular procedures in the radiology department.

7) The Anderson Family Fund

subscribed \$200,000 to build and equip the library on the first floor of the Webber Building in memory of Wendell W. Anderson. Other gifts of \$200,000 each came from the Walter and Josephine Ford Fund and the late Ernest Kanzler.

Alfred R. Glancy, Jr., is chairman of the fund's major gifts committee and also of the building committee of the hospital's board of trustees. Luther R. Leader, M.D., chairman of the doctors' committee said that a report from his group would be made soon.

A recent report from the hospital revealed that the Harper-Webber Project had been approved for grants totaling \$15 1/2 million by the Department of Health, Education and Welfare.

## Class Swapping at Kerby Pleases Teachers, Pupils

By Pepper Whitelaw

Some students at Kerby Elementary School have been reaping the benefits of two progressive and inventive teachers, Edward Knuth and Gene Pluhar. The pair decided to take each other's classes for two hours a day for a four-day period. During this time Mr. Knuth taught Mr. Pluhar's gym classes and Mr. Pluhar taught Mr. Knuth's fifth graders art.

If the students enjoyed the exchange as much as the teachers did, (and we're sure they did), it was a most rewarding and worthwhile experiment.

The art students worked on a clay project, but before they began the actual work Mr. Pluhar taught them the history of pottery, the use of pottery for both utilitarian and decorative purposes, exactly what clay is, the methods of working with clay and the firing processes.

Although the students worked primarily with the Coil method, (which consists of rolling clay between the hands and then attaching wet rolls to the clay by knitting), they were also taught how to work clay with a potter's wheel and with the slab method.

Although like most of the elementary schools Kerby does not have a kiln or pottery wheel of its own Mr. Pluhar used Brownell Middle Schools equipment for the project. A little thing like lack of equipment couldn't stop this inventive young man.

While the students were engrossed in their "new art teacher" another group of students were excited about their "new gym teacher, Mr. Knuth. Mr. Knuth worked with kindergarten, third and fourth graders. He taught creative movements, sports activities such as soccer and volleyball ball and to the tiny kindergartners... little games... and the children loved the change and new ideas Mr. Knuth brought them.

This is Mr. Knuth's sixth year in the Grosse Pointe School system. He has been teaching for 12 years. Gymnastics is not

alien to Mr. Knuth; he coaches tennis at North High School.

Mr. Pluhar is in his first year of teaching. He is a graduate of Northern Michigan University.

Hopefully this cooperation between teachers will result in more class swapping. The principal at Kerby, Dr. Custer Homeier encourages creativity among his staff.

This approach gives both the students and teachers further opportunities to express themselves. It's a taste of what education in the future is all about... cooperative teaching. Besides that, it keeps both youngsters and teachers on their toes and helps both of them operate creatively without interfering with the normal school schedule.

Mr. Knuth and Mr. Pluhar are planning more class swapping, and so are the other teachers at Kerby... and the students are delighted with the prospects!

## Farms Employs Veteran Officer

At its regular meeting held on Monday, December 16, the Farms council approved the suspension of a section of the Rules and Regulations governing the Police Department, to allow the hiring of a veteran police officer.

The council waived Subsection F of Section 2, which requires prospective patrolmen to submit to a written and oral examination as prepared by the Michigan Municipal League. The waiving of the rules was recommended by City Manager Andrew Bremer, Jr., at the request of Police Chief Jack F. Roh.

The council not only granted the waiver, but also approved the hiring of the recruit, at the six months patrolman's rate of \$7,700 a year.

The action of the city body cleared the way for Gordon C. Evans, 30, of 15415 Bringard, Detroit, whose employment began immediately the next day, December 17, with the start of the 7 a.m. shift.

The city manager and the police chief said that the department was fortunate in having a man of Gordon's experience join the Farms force.

Evans has had 10 years experience as a police officer, two years with the Oak Park Department of Public Safety, a combined police-fire department, and eight years with the Detroit Police Department, from which he resigned to apply for the Farms job, Chief Roh said.

The chief said that Evans is a graduate of the Detroit Police Academy, and it is felt, from the investigation conducted by the Farms Police Department, the patrolman is well qualified to become a member of the department.

Evans, who is married, has built up a fine reputation as a police officer during the past 10 years, Chief Roh said.

The "new-old" patrolman is a January 1957 graduate of Detroit's Denby High School, and has been a member of the United States Naval Reserve, inactive duty, from June 1955 through June 1962, his application showed.

## Woods Officer Wins Promotion

Det. Gerald Kensora, Grosse Pointe Woods public safety officer has been promoted to corporal effective December 22. Cpl. Kensora attained the highest aggregate score in testing through the Michigan Municipal League.

Cpl. Kensora joined the department on December 14, 1959. Prior to that he was a Detroit policeman for five years.

He and his wife Margaret live in Somerset avenue, Detroit, with their six children, five boys and a girl.

Cpl. Kensora fills the vacancy left by Cpl. Donald Collins who recently resigned to go into private business.

## Ens. Frank O. Starr In Navy Exercise

Navy Ensign Frank O. Starr III, of 1145 Balfour road, participated in operation "Beef Trust" aboard the nuclear-powered armed destroyer USS Bainbridge off the coast of Southern California.

The last major exercise of the year, the eight-day exercise involved 28 ships and 31 air squadrons, including four Canadian units.

## Aliens Required To Make Report

Walter A. Sahli, District Director of the Immigration and Naturalization Service stated that aliens in the United States will be required to report their addresses to the Attorney General within the near future.

All aliens, with few exceptions, who are in the United States on January 1 each year must report their addresses by the end of that month. Only the following classes of aliens are excused from this requirement:

- (1) Accredited Diplomats; and
- (2) Persons accredited to certain international organizations.

Forms with which to make the report can be obtained from any Post Office or Immigration and Naturalization Service Office during the month of January.

Mr. Sahli said that the law provides severe penalties for failure to comply with the reporting requirement.

## Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools  
Although I have lived in Michigan for a relatively short time, almost since the day I arrived, I have been hearing that in financing public education, we are on the brink of "fiscal reform."

Some kind of change is necessary because the financing of public education throughout the state and nation has reached the crisis stage in many localities. The reasons for this are simple: (1) an increasing schoolage population; (2) economic inflation that erodes the value of the dollar; and (3) implementation of the recently won right of collective bargaining enabling public employees to improve their salaries.

There seems to be general agreement throughout the State of Michigan that property tax has about "had it" as the basis for operating the schools. Those of us who concur are interested in the possible impact of recent proposals on public education in Grosse Pointe in the future.

Among these are three that merit our attention: (1) Michigan Association of School Administrators; (2) Michigan Department of Education; and (3) the "Spencer Proposal."

MASA proposed formula for the school year of 1969-70, provides that if a district levies at least 18 mills for operation it will receive at least a 5 per cent increase in next state aid per membership pupil over the 1968-69 net state aid allowance per membership pupil.

This would provide the Grosse Pointe schools with \$94,000 more next year.

The Michigan Department of Education proposal for additional financial aid for the 1969-70 year provides that if a local district levies at least 18 mills for operation it will receive at least an 8 per cent increase in net state aid per membership pupil over the 1968-69 net state aid allowance per membership pupil.

The proposal would provide our local public schools with an additional \$150,000.

Finally, let me discuss one of the most widely-circulated proposals to date. Attributed to State Senator Roy L. Spencer of Attica, his program would shift, on the average, 8 mills of the property tax burden, (approx-

mately \$260,000,000), to a state educational income tax fund. The main thrust of the Spencer "proposal" is to shift the financial burden from the local district and property tax to an income tax and the state general fund and to provide a method whereby a low-value district can provide a high-value educational program.

A recent communication from his office states: "Further, the program would provide for the enactment of a uniform equalized school district personal income tax as an option to be available for the use of the local district if that district so chose. This would be similar to the uniform city income tax (now law), except that it would be levied by the district and collected by the state, then returned to the district from the educational tax fund on a per pupil equalized basis."

In the case of Grosse Pointe, this most emphatically does not mean that the income taxes paid out by Grosse Pointe would be returned to us. We would receive a percentage based on a formula, with the bulk of the local contribution used to equalize "educational opportunity" throughout Michigan.

If the proposal were passed, Grosse Pointe would probably be one of the districts classified in this way: "If a district chose to remain with the property tax for extra effort, the state educational tax fund would supplement that extra effort on a formula basis also. Corporate income tax would be reserved for state use as part of the educational tax fund."

Let me emphasize that the preceding are merely proposals which may or may not receive serious consideration in Lansing in their present form.

With plans already underway for the preparation of the school system's budget for the 1969-70 fiscal year which begins on July 1, we shall be watching events in the State Capitol when the legislature reconvenes in January.

Parcells Middle School Dec 11

I find it most important that someone clarify a few very fundamental misunderstandings in the field of education. Parents are not the best judges of methods and techniques in this field any more than they are in the field of medicine or law. They mean well but are generally deficient of the system they had, otherwise these people would feel as though they were admitting inadequacy. Herein lies the error, for they overlook the great adjustments made through experience after their educative process. They have had time to adjust to the feverish pace of today, but their children arrived in the midst of this cultural and technical explosion. The body of knowledge alone has mushroomed beyond capacity to accumulate, let alone retain. Retention under the "academic system" was always proven to be a soon forgotten veneer. Within six months 70 percent of rote memory is lost. Would you hang on to this? Most educators believe education has become artificial and obsolete.

What did the past system do to prepare youth for today? Did it school them commitment or provide them with a good, solid self-image? Did it give them the experience of analyzing information and making sound decisions through critical analysis? Could they not use these skills today?

Instead young people were force-fed data which had been cherished and preserved since before the turn of the century. In the 1940's some of us woke up to a new world that was accumulating knowledge so rapidly that it was obvious the educational system had to change. Our methods of learn-

ing and instruction had to be altered with new techniques long before proven far more successful. How well we did this is quite evident. Large groups of our population are diverging into all sorts of reactionary and searching groups as our society breaks apart. They were in no way prepared for today—they were trained for 1900.

The staggering pace of life today is reflected in the great restlessness of our youth. Young people can no longer sit quietly with faces glued to a lecturer who speaks of things far removed from the student, because he is not a part of the knowledge nor the process of learning. If not before, now is the time for the total person to be involved in his learning. For ever-so-long, alert minds and conclusive evidence have cried out that you cannot be taught—only trained. Everyone must go through the learning experience themselves if it is to be meaningful. Advice and knowledge handed out are effective to the same degree.

There are many more things that parents cannot do for their child than they suspect. Once again social conditions obviously bear this out.

Investigative learning, where the student physically and mentally makes his own choices and discovers under very skillful guidance and through a well planned woods of experiences is the effective way. No words can describe to the rookie soldier what one trip on his own stomach through the simulated training with live ammunition will teach him. The drop-out rate, I couldn't care less or it's not my world attitudes, escapism through drink and dope, fierce unreasoned demonstrations, and even self-destruction are all screaming evidence of the failure of yesterday's

systems to function today. There are many people who trade in a perfectly good car in six months or a year to have the up-to-date, improved model, and leave their children with 70-year-old archaic, disproven educational methods.

The logical, proven way is to make the student the focal point of the educative process. How else can we recognize or allow for individuality? How else can the difference in rate or maturity and readiness be met? How else can each child preserve his early desire to learn and build a health ego? Respect and concern for others comes with respect and deep concern for one's self. It was much easier to force the child into social and educational molds of the past before they became so assertive and aware. You are not going to succeed in forcing the youth of today to humbly follow under the same wicket. We constantly speak of individual uniqueness and yet continue to hold up standards by which all are harshly judged. This judging leads to intense competition, which in turn brings cheating, lying, copying, others doing their work, rivalries and jealousy. These conditions build frustrations and guilt feelings which are cancer to the personality and the individual himself. Middle School offers mild, self-imposed competition which acts as a self-starter and builds pride and self-image in everyone—not just the 10 percent at the top.

The outstanding fallacy today is the idea put forth by some uninformed people that there are two extremes — the child centered school and the teaching of academics. How wrong they are! The difference is not in the material, but in the Method of using it. Middle School simply says that instead of force-feeding massive doses of information, we inspire the student to investigate and find these facts in areas of his own choosing and, further, to make meaningful conclusions from these facts. During his three years the student will cover all the areas, but in the order of his choosing. Further, my many years of experience have always proven that the student will try harder and dig deeper in searching for knowledge which is of his doing. This information will remain with the student due to his involvement and struggle to find it—hard to find, hard to forget.

If these well meaning people wish to help their children let them take up and advocate that others also take up the forgotten role of character and moral building of their children. This would give the schools more time to devote to the academics through modern methods. Their educational system is in good hands—those of experts in that field.

Sincerely,  
Robert McKenna

## What Goes On at Your Library

By Virginia Leonard

We've already told you, in previous Yuletide columns, that Christmas is an isthmus. Separating one year from another.

We've suggested book titles, as a gift, for mother, Brother, aunts and uncles, cousins and aunts. (We haven't, we admit, covered moon flights, LSD, or heart transplants).

But we've written original stories, with libraries and books in focus. We've described our holiday-decorated agencies—no hocus pocus.

Our libraries offer, as you well know Books on cookie-baking, Yuletide gift suggestions, decorating, sports involving ice and snow. You've already been told you can come in and rest your weary feet. Listen to AV offerings—just come in and momentarily admit defeat.

Rewrite gift lists, address Christmas cards, read magazines, use our Coronastat.

Perhaps, in essence, all you need is a temporary place to hang your hat.

To back-track a little as to our past performances—we've even done acrobatics.

We've taken religious themes (at the risk of offending the agnostics).

"Yes, Santa Claus, there is a Virginia"—this opener has been used.

This column, at Christmas, has tried to instruct, divert, and perhaps has confused.

Many, but every year, you understand, We can't be grand,

We can't produce gems of wisdom—something new and untarnished,

Something rare and sparkling—varnished or unvarnished,

Something titillating and new—covered with tinsel and holly.

With a Santa Claus ho-ho-hoing—red-suited and jolly.

A Christmas library column can be many a thing—It may serve to advertise, advise, amuse—even presage the rites of spring!

It may be replete with yearly statistics—it may be as feckless and nonchalant as Snoopy,

It may be as solemn as a sermon—it may be devil-may-care—even loopy!

It would be simply superb to come up with some original, magical idea—

Who wouldn't like to see a Brand new slant on this greatest of holidays?

Something that isn't replete with jingle bells and sleighs?

It's all been said—again and again—But then,

If we go too far afield, And yield

To current hang-ups, far-out bags, thoughts outre, You lose the basic message of the day.

It may be true—but it's full of cheer—

MERRY CHRISTMAS—AND A HAPPY NEW YEAR! (To all of our patrons of Grosse Pointe from the entire Staff of the Grosse Pointe Public Library).

## Rotary Club Essay Contest

This week's winner in The Grosse Pointe Rotary Club's Contest, Youth Forum, is Beth Chernecki, a tenth grader at Grosse Pointe South High School. Beth wins \$25 for her winning entry which follows.

In the past decade, it seems that Christmas has been commercialized to such an extent that young children are learning to look forward to Christmas because Santa's bringing them a toy chemistry set or a play cooking stove. Parents begin to shop for presents in October, and their children start listing in early November the things they "need." Stores start stocking their shelves with Yuletide merchandise as soon as the Halloween goods have been removed.

I feel that adults should not make the mistake of allowing their children to be misled by the fantasies of Santa Claus and his elves. Instead, young tots should be granted the privilege of knowing the real story of Christmas. They should be given the chance to know the joy of Christ. Too many children think of Christmas as just another excuse for receiving presents. All that these children know is the fun of early Christmas morn, when they are finally

allowed to open their gifts. After that has been completed, what then?

Do they realize that this wonderful day is not only a day for toys and playthings, but is, in reality, the day of Christ's birth? No. They do not see this because all they have ever known is that the name Christmas is to be associated only with toys and presents.

The beautifully warm, benevolent spirit of the Yule season is slowly dissolving and being replaced by a new, passionless, manufactured scandal known as Christmas. Shimmering, tinselled evergreens, hanging mistletoe and family Christmas caroling are becoming a charade of the past. In lieu of these we find artificial trees, flashing lights and holiday parades.

For every person that revels in the true meaning of Christmas, there are two that are celebrating by drinking cocktails. To which group do you belong?

## Firemen Finish First Aid Course

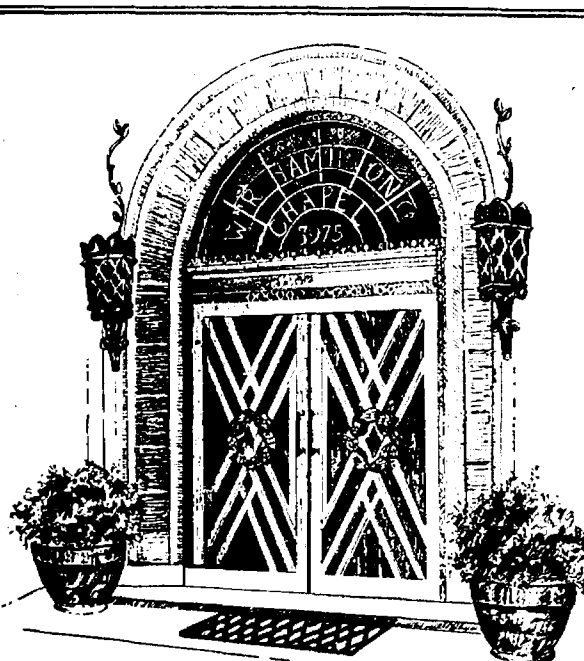

Three Farm firefighters recently completed a Red Cross class in "Standard First Aid," finishing with grades better than 96 per cent, according to information released by Fire Chife M. William Mason. The trio have already signed up for an eight-week advance course, which will start the end of January.

Awarded certificates for the elementary course, were Firemen Mel Fosgard, Dennis Knoll and James Mauk. They attended classes at the American Red Cross Center, 153 Elizabeth, in Downtown Detroit, for five consecutive Monday nights, on their own time.

They learned such things as emergency Rescue, how to make splints and apply them to fractures, and how to administer the proper antidotes in cases of poisoning.

The firemen are looking forward to the advance first aid class, which, they said, they will attend, also on their own time.

Neil Hampton, a student at Grosse Pointe North High School, was taken to Bon Secours Hospital on Thursday, December 19, by Woods police. He had injured his finger in the metal shop.

## From Another Pointe of View

By Janet Mueller

And what are YOU doing New Year's Eve? It's a good bet you'll be welcoming 1969 with friends, at a large or small gathering, perhaps at the Detroit Boat Club, where the Accent will be on Elegance, or at the Detroit Yacht Club, where there'll be TWO celebrations, an upstairs "Extravaganza," with two bands alternating constant music, and another party, complete with noise-makers, hats and balloons, in the Grill.

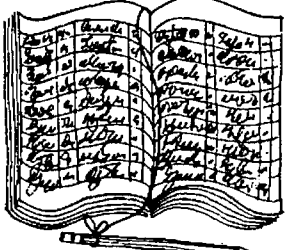

Out at the Grosse Pointe Yacht Club, New Year's festivities begin with cocktails at 8 o'clock and will continue through dinner and a post-midnight continental breakfast.

Mr. and Mrs. Chilton I. Drysdale are chairmen of the GPYC ring-out-the-old, ring-in-the-new party. Their committee members include the Bryan A. Chaplows, the Robert E. Yuhns, the George M. Coopers, the James E. Fishers, the Jerry K. Girschners, the Rudy F. M. Speers, the William M. Schmidts, the Claude A. Greiners, the Norbert H. Hollerbachs, the Roger J. Rinkes, the Keith F. Shreves, Mr. and Mrs. Walter L. Van Goethem, Jr., Mr. and Mrs. Jerry Kirsch and Mr. and Mr. Frank P. McBride, Jr.

### Choose (?) Your Partners

A modern fillip will be added to the Grosse Pointe Newcomers' Club New Year's Eve fete.

### This is an appointment book.

It's big and thick and has lots of lines and columns and we try to adhere to it faithfully. Mostly we do. Sometimes we err. Because somebody before you took a little longer than we anticipated. Because another somebody was unavoidably late. Sometimes just because we're human. When we do, we try to make the waiting as short as possible. The point is this: if you'd like an appointment book that takes itself seriously, see us. Ours isn't perfect. But it tries harder.

MR. and MRS. ROY D. CHAPIN, JR., of Country Club lane, welcomed three of his children, Lieutenant CHRISTOPHER CHAPIN, on leave from the Navy and traveling from Australia to his new assignment in the Mediterranean area, and BILLY and PENNY Chapin, who make their home with their mother in Greenwich, Conn., to The Pointe for a Christmas visit.

Ending the year on a busy note was MRS. C. DALE BARRETT, of Lochmoor boulevard, who earlier this month completed her service as social chairman of the Detroit Yacht Club's women's swimming group, the Seagulls, and received a trophy for achieving the highest score of the year as a member of the Club's swimmers, and began a stint as general chairman of the DY's Ladies' Bridge Luncheon and Fashion Show committee by master-minding a highly successful Mexican Christmas program at the Club December 17.

Starting the year on a busy note will be VIRGINIA (MRS. ROBERT E.) THIBODEAU, of Broadstone road, who will present an Art Lecture Series for Adults at the Academy of the Sacred Heart in Lakeshore road on four consecutive Tuesdays in January, January 7, 14, 21 and 28. The programs begin at 1 o'clock and will be illustrated by "Mrs. T's" extensive and very rare slide collection. Among Mrs. T's numerous artistic credentials is a solo show in the Washington, D. C., Senate Building as guest artist of Senator Philip A. Hart. She's been invited to exhibit at the Toledo Museum, the Smithsonian Show, the National Liturgical Art Show, the Michigan Artists' Exhibition and many other places.

Arriving in Italy, where they will be making their home in Milan, in time for Christmas were MR. and MRS. FRANK W. DONOVAN, JR., and their two children, four-year old FRANCO and one-year old ROBERTO. The Donovans have moved from East Jefferson avenue, and Mr. Donovan's father, FRANK W. DONOVAN, also of East Jefferson avenue, traveled across the Atlantic, (he'll be coming back, though), to join them during the holidays, with the family gathering at the home of Mrs. Donovan, Jr.'s parents, MR. and MRS. PIERO GROSSI, in Florence, Italy. PETER GROSSI, Elena Grossi Donovan's brother, and his wife completed the family circle. The junior Donovans were entertained at several farewell parties before their departure from The Pointe; hosts and hostesses included MR. and MRS. WILBER MACK and MR. and MRS. WILLIAM E. LEWIS, JR.

## Garret Barrett Claims Bride

In St. Joseph's Church, now a landmark in Detroit's new Medical Center, where both their parents exchanged marriage vows, Garret Dale Barrett and Linda Louise D'Agostino were married Saturday, December 21.

The bride, daughter of Mr. and Mrs. John J. D'Agostino, of Detroit, wore a Princess gown styled with a high jewel neckline and fitted long sleeves and embroidered with frosted pearls, crystals and seed pearls.

A chapel length train and a silk illusion veil completed her ensemble.

The bridegroom is the son of Dr. and Mrs. C. Dale Barrett, of Lochmoor boulevard. His grandparents, like his parents, were married in St. Joseph's; their family name has been on the family pew there for 50 years.

The 10 o'clock High Mass was followed by a reception at the Detroit Yacht Club.

The new Mrs. Barrett is an alumna of the University of Detroit. Her husband was graduated from Wayne State University and is presently studying at the University of Detroit Dental school.

The Lakeshore road home of Mr. and Mrs. Truman Cerney was the setting for the Saturday, December 21, wedding of their daughter, Linda Rae Cerney, and Gordon Albert Kaas.

A reception in The Whittier Hotel's Pompeian Room followed the 2 o'clock rites, at which The Reverend Heath Goodwin officiated.

The bride's ivory satin gown was trimmed with white mink and featured a built-in train.

Her floor length illusion veil fell from a circular white mink headpiece, and she carried red roses.

She was attended by Rosiland Monger, who wore a floor length frock of dark green velvet, trimmed with satin, and a matching headress. Her flowers were pink and white carnations.

ney, the bride's brother, seated the guests.

Mrs. Carney, mother of the bride, wore a gray and gold brocade dress and matching mink-trimmed jacket. Her corsage was fashioned of yellow orchids.

The bridegroom's mother, Mrs. Kaas, selected a dress and matching jacket of taupe silk and worsted, and a green orchid corsage.

Poinsettias and pine bows were featured in the Club's Green Room, where Gretchen, in a Claire Pearone original white crepe gown, belted at the waistline and collared with beads, her parents and grandmother received their guests.

The debutante carried an arrangement of lilies and ivy tendrils, her father's gift bouquet.

Mrs. Valade wore a long-sleeved red velvet gown. Mrs. Carhartt selected a chartreuse chiffon ensemble.

"The Chalk," a psychedelic rock band, provided dancing music for the young set, including three of Gretchen's friends from out-of-town, former classmates at Rogers Hall, Lowell, Mass., Catherine Welch, of Orchard Pine, Conn., Charlotte Brohard, of Cornwall-on-the-Hudson, N.Y., and Cynthia Tomasi, of Port Huron.

Robert Fink was Gretchen's escort. Her seven ushers were her brothers, Christopher and Mark Valade, next-door neighbors John and Peter Caulkins, John France, Roger Blaser and Arthur Keller.

The debutante plans to start classes next month at Eastern Michigan University.

## Elaine Carol Haddad Wed To Mr. Amada

Couple Exchange Vows at Candlelight Service in Front of White Poinsettia and Greens-Banked Fireplace in Bride's Parents' Balfourth Road Home

A home in Iowa City, Iowa, where she is a sophomore at the University of Iowa, majoring in Piano, and he, a concert pianist, is currently artist-in-residence and professor of Piano at the University of Iowa, awaits Mr. and Mrs. Kenneth B. Amada upon their return from a vacation in New York City and the East.

Mrs. Amada, the former Elaine Carol Haddad, and Mr. Amada exchanged marriage vows Saturday, December 21, at a 4:30 o'clock ceremony in the Balfourth road home of her parents,

Dr. and Mrs. Benjamin F. Haddad.

The Reverend Gary Gruber, of Grosse Pointe Memorial Church, officiated at the candlelight rites in front of the liv-

ing room fireplace, which was banked with white poinsettias and greens.

Some 40 close friends and relatives attended the service, which was followed by a reception and buffet dinner in the Haddad home.

The bride wore a street length white satin dress, fashioned with an A line skirt and white satin buttons accenting her bodice and long sleeves. Her headpiece was a Dior bow, and she carried an arrangement of white Sweetheart roses and stephanotis.

In pastel blue crepe frocks, carrying nosegays of white spider mums, were honor maid

Christine Haddad and junior bridesmaids Gail and Betsy Haddad, sisters of the bride.

The bridegroom, son of Mrs. Samuel Amada, of South Orange, N.J., and the late Mr. Amada, asked the bride's brother, William Haddad, to act as best man.

## August Bride

Photo by Eddie McGrath, Jr.

At a party in their Lewiston road home last Saturday, December 21, Dr. and Mrs. Max L. Gardner announced the engagement of their daughter, CHERYL LYNN, to Charles Allen Schneider, son of Mr. and Mrs. Marvin Schneider, of Gray-ton road.

The bride-elect attended Western Michigan University. Her fiancé is attending the University of Michigan. They plan to be married next August.

## Triangle Show Slated Dec. 30

When the Princeton Triangle Club's musical comedy "A Different Kick" is shown in Detroit December 30, it indeed will be different.

This is the Club's 80th year and it is departing from tradition by featuring, for the first time, a woman performer.

She is Sue Jean Lee, an undergraduate in the Princeton Critical Languages Department. Miss Lee is studying Chinese.

Four of the Grosse Pointers working on the show committee aren't the least bit apprehensive. The show was previewed at Princeton two weeks ago and it drew rave reviews, according to these local committeemen.

They are John B. Vanderzee, of McKinley avenue; Herbert I. Lord, of Country Club lane; Alfred R. Glancy, Jr., of Lakeshore road, and Walter G. Huber, of Notre Dame avenue.

This year's musical comedy, "A Different Kick," will be shown Monday evening, December 30 at the Detroit Institute of Arts auditorium at 8:30 o'clock.

Tickets are \$6.60, \$5.50 and \$4.40 and may be purchased at all major J. L. Hudson ticket offices.

## Mrs. Kenneth Amada

Photo by Eddie McGrath, Jr.

The Balfour road home of her parents, Dr. and Mrs. Benjamin F. Haddad, was the setting for ELAINE CAROL HADDAD'S Saturday, Dec. 21 wedding to Mr. Amada, son of Mrs. Samuel Amada, both of South Orange, N.J., and the late Mr. Amada.

## To Marry

At a family dinner party Christmas Eve, Mr. and Mrs. J. Randolph Smith, Jr., of Lakeshore road, announced the engagement of their daughter, MARILYN CRITTON SMITH, to William Ward Baker.

Both the bride-elect and her fiancé were graduated in 1965 from Grosse Pointe High School.

Miss Smith is a senior at Western Michigan University, where she is affiliated with Alpha Chi Omega sorority and is currently president of the Panhellenic Council. She will begin graduate work at WMU during the winter semester.

Mr. Baker, son of Mr. and Mrs. John W. Baker, of Hidden Lane, studied at Western Michigan University and is presently a senior in the School of Business Administration at the University of Michigan. His fraternity is Sigma Alpha Epsilon.

The couple plans a summer wedding.

## Wellesley Club Slates Dialogue

The Detroit Wellesley Club will honor undergraduates and their mothers on Friday, January 3, at the home of Mrs. John North in Yorkshire road. Assisting Mrs. North will be Mrs. William P. Herbert, of St. Clair avenue, and Patricia Stillwell, a recent graduate and present teacher at Grosse Pointe North High School.

Speakers will be three members of the Class of 1969: Jennifer Bell, Martha Teichner and Linda Walton.

This past fall, Wellesley has experienced a new expression of student interest in Wellesley's continued growth as a vital and excellent academic community. The Administration and students are working together in the effort to channel this enthusiasm into specific ideas and programs.

The College Government Publicity Committee realizes the need for better communications between the students and the alumnae, both to keep the alum-

nae informed of student activities and opinions and to encourage alumnae suggestions and support.

The January 3 dialogue should be interesting and informative and give students and alumnae an opportunity to listen and to talk about their ideas and concerns.

## DROP LOOT

Woods police received a call to VanAntwerp and Mack on Thursday, December 19. Upon arrival Nicholas Pellerito, who was selling Christmas trees at that location, told officers that two youths had taken an eight foot spruce tree from the lot and dragged it west on VanAntwerp to Jackson. They then discarded the tree and jumped into a dark, '66 Ford. He gave police the license number of the vehicle and a check was being made on its owner.

Limit your speed, motorists—not your chances to live.

## Peck & Peck is having a "THERE ARE THREE MORE MONTHS OF WINTER" sale.

Here it is the middle of Winter and what do you find in the stores? Swimsuits. Sandals. Flowery linens. Things you don't even want to try on... unless you're keeping warm on dreams of a trip South.

It's for you, stuck here in the bleak, drab cold that Peck & Peck is having its "Three more months of Winter" sale. Many beautiful wools—from sportswear to dresses to suits to coats—are now marked 1/3 off. That means the new coat you planned to buy for \$100 will only cost \$66. Instead of getting a shirt to go with those Christmas slacks, splurge! Buy a cashmere instead. It won't cost any more than a good shirt. The wool dress you meant to buy for the holidays is now marked from \$50 down to \$34. (In fact, you might even make your sun-bund friends jealous when they hear about the bargains you found.)

Why are we putting our Current Collection on sale? Because we're a small store. And it's the best way we know to make room for our brand new Spring Collection.

Our great Winter Sale is happening right now. Come on in. Browse to your heart's content. Nearly everything you'll see is marked 1/3 off. All the good things the Christmas shoppers missed... and you'll wear them right now.

## To Keep Streets Clear of Snow

There's a good chance Detroit's main streets will be clear of snow and open to traffic this winter even after a severe snowfall if all motorists cooperate with the new snow emergency ordinance.

All Detroit main streets are being posted with red and white signs that read: "No parking 3 a.m. to 7 a.m. any day" and "Snow Emergency Route — no parking any time during emergency."

The signs implement the snow emergency ordinance approved last summer by Detroit's Common Council. Mayor Cavanagh has appointed Department of Public Works (DPW) Commissioner Robert Roselle coordinator of the snow emergency program.

In previous years, DPW snow removal crews were blocked in their attempts to clear the streets because of parked and stalled cars abandoned in the middle of snow-clogged intersections.

"If we can just get to the curbs, we have the equipment to do the job," Commissioner Roselle said. "The main purpose of the snow emergency program is to let us plow the main streets as often as necessary so traffic can keep moving after a snowstorm."

Here is a brief summary of what the ordinance means to anyone who parks a car on Detroit streets.

1. When ever accumulated snow reaches a depth of two or more inches, no matter what time of day, parking automatically will be prohibited on streets marked as snow emergency routes (all main streets).

2. If the weather forecast calls for falling snow, sleet or freezing rain which may require cleaning streets with heavy equipment, don't park on main streets.

3. If your car stalls or is stuck on a main street, make arrangements to have it moved as soon as possible. Otherwise it will be towed to the police auto pound and you'll have to pay \$25 to claim it.

As coordinator, Roselle has the authority to proclaim that a snow emergency exists. If such a proclamation is made, announcements will be broadcast over radio and television stations.

## Slate Welcome Wagon Meeting

At its Christmas party December 5, the Grosse Pointe Welcome Wagon Club presented a gift and said a fond farewell to departing president Mrs. John Haine.

Hostesses for the holiday event were Mrs. James Main and Mrs. Arthur Phillips.

The December Birthday cup was presented to Mrs. Jack Brown and the Christmas centerpiece was awarded to Mrs. Eldert Bontekoe. High scores at bridge were Mrs. Bontekoe, Mrs. Wendell Karr-Ake, Mrs. Howard B. Kinser and Mrs. Jerome Shulec.

The next meeting of the club will be held at the Grosse Pointe War Memorial next Thursday, January 2, at 11 o'clock. After a noon brunch there will be a short business

## 'Pops' To Feature Young Detroiters

Four young Detroit musicians will be soloists at the Detroit Symphony Orchestra's night-club-style 1969 Cabaret "Pops" Concerts.

The four are Beth Rhodes, Rhodes, 18-year-old pianist; Arthur Krebbel, principal French horn player with the Detroit Symphony; Linda Snedden Smith, violinist with the Symphony, and Cynthia Raim, 17-year-old pianist.

Arthur Fiedler, America's "Mr. Pops," will conduct the "Pops" for the third consecutive year. The series again will feature the magic Fiedler blend of classical and pop music against a background of candlelight and wine.

The concerts will be at 8:30 o'clock April 16 through 26 at the Detroit Light Guard Armory in East Eight Mile road.

Miss Rhodes, now a freshman at the University of Arizona, will perform Saint-Saens Piano Concerto No. 2 in G minor on April 16 and 17. She has appeared as soloist with the Center Symphony and the Music Study Club of Detroit and was soloist with the University of Arizona Orchestra in October.

She is national winner of the Baldwin Keyboard Award. Krebbel will be appearing for the third time as featured soloist with the Detroit Symphony. He joined the Symphony in 1963, coming from the Chicago Symphony, where he played under Fritz Reiner.

Krebbel, a Royal Oak resident, most recently appeared as soloist at the 1967 Meadow Brook Music Festival. He will play Mozart's Concerto No. 2 for French Horn and Orchestra at the "Pops" April 18 and 19.

Miss Smith, also of Royal Oak, has been with the Detroit Symphony two years. She was heard as soloist in Chausson's "Poeme" with the symphony in October of this year. Previously she had made solo appearances with the Eastman Rochester Symphony, the Shaker Heights Symphony and the Cleveland Women's Symphony.

She will perform Wieniawski's Violin Concerto No. 2 in D minor on April 23 and 24.

Cynthia Raim, who will be appearing with the Symphony for the sixth time, will play Rachmaninoff's "Rhapsody on a Theme of Paganini" for Piano and Orchestra at the April 25 and 26 concerts.

Miss Raim, now a senior at Cass Technical High School, was, at age nine, the youngest winner on record of the Interlochen Arts Academy's concerto competition.

Special arrangements for large groups attending the "Pops" are being made now through the Symphony Office, 961-0706. Tickets for individual concerts will go on sale in March.

Initiate Local Teachers  
Info Alpha Delta Kappa

At a Christmas luncheon held at the Grosse Pointe Yacht Club on Saturday, December 14, eight well-qualified teachers were initiated into Beta Alpha Chapter of Alpha Delta Kappa.

Alpha Delta Kappa is an honorary teacher's sorority with chapters all over the country and in several foreign countries.

Teachers must be highly qualified, experienced and well recommended by administrators and fellow teachers to be considered for membership.

Alpha Delta Kappa chooses altruistic projects to contribute to throughout the year, such as the Hope Ship League to which the group recently donated \$175.

Initiated December 14 were Marjorie Stechschulte of Brownell Middle School, Joya Sands, of Kerby, Rose Evanski, of Maitre, Margot Kahl, of Poupard, Doris Cook, of Pierce, Dorothy Kotcher, of Richard, and Thelma Rieper, of Ferry School.

In addition, Eugenia Spencer, a teacher in Warren but a resident of Grosse Pointe, was initiated.

Phyllis Mulligan, of Brownell, felled by the flu and unable to attend, will be initiated at the January meeting and the others will attend a pinning ceremony at that time.

YULE VANDALS BUSY  
Walter S. McCaughin, 472 Lakeland called City police on Sunday, December 22, to report that a small Christmas tree, which he had on his front porch, had been knocked to the ground. He told officers that two days earlier thieves had stolen two flood lights from his Christmas display.

## Baby Sitting Important Job

Babysitting is important.

It is frequently a necessity to young parents who want, and need, an occasional night out.

It is significant to teenagers and adults alike for either the extra spending money it gives or the responsibility and trust it shows.

However, there are aspects of baby sitting that should not be overlooked, according to Dr. Willard R. Lentz, director of the Detroit Health Department's Division of Epidemiology.

Dr. Lentz lists some very real responsibilities related to the job. He has these suggestions for baby sitters:

\*Ask the mother, before she leaves the house, for explicit instructions regarding any schedule to be followed.

\*Learn your way around the house before the family leaves so you won't become confused if baby calls or cries out.

\*Write down the phone number where the parents can be reached in case of an emergency, and have other phone numbers handy — police, fire and family physician.

\*If a teenager, let your own family know where you are and when to expect you home. Arrange in advance to be escorted home after dark.

\*Don't entertain friends while baby sitting, unless you have received permission. Don't turn the radio, TV or phonograph on full blast — you might not be able to hear the baby if he cries.

\*Watch little children when they are near windows, stairs, light plugs or cords, stoves, or radiators.

\*Never leave a child alone in the bathtub, even to answer the phone.

\*Be sure a child alone can't reach matches or poisonous substances of any kind.

\*Keep small and sharp objects out of reach. Small children have a tendency to put such in their mouth, ears and nose.

\*Cancel a baby sitting engagement if you are ill or feel that you are catching a cold.

\*Never answer the door unless you are certain you know who is there.

\*Keep alert. Check baby occasionally to see that he is all right.

## Elizabeth Cass DAR To Meet January 6

The Elizabeth Cass Chapter of the Daughters of the American Revolution will hold its first meeting of the new year at the Grosse Pointe War Memorial on Monday, January 6. Luncheon, served at 12:30 o'clock, will be followed by a business session.

Mrs. John Chase, the regent, will preside.

The DAR's Conservation committee has been in existence since 1969. It has been working as a public service, protecting and conserving a national resource. On many occasions it has been instrumental in backing legislation.

In keeping with this interest in conservation, Mrs. Howard Reed, program chairman, has scheduled a book review. Mrs. John Cassens, of Belanger road, well-known reviewer, will discuss "The Quiet Crisis" by Stewart Udall, the present Secretary of the Interior. This book concerns the national conservation effort under the direction of Mr. Udall.

As always, members are encouraged to invite guests. Reservations will be taken by Mrs. Paul Cornelison, 884-6506, or Mrs. John Finch, 882-6072, not later than January 3.

Barnes joined Burroughs in 1963 as a member of the company's Washington Patent or-
