Thursday, January 14
THE INTERIOR DEPARTMENT said Wednesday that a proposed Alaska oil pipeline should be built in the interest of national security and the state's economy even though some environmental harm will be "unavoidable." The department's preliminary recommendations were contained in a 196-page draft report based on studies underway since April, 1969. The department announced that public hearings will be held February 12-13 in Anchorage and February 16-17 in Washington. It said its recommendations were subject to change as a result of those hearings.

Friday, January 15
PRESIDENT NIXON announced Thursday he will seek to merge the Peace Corps, VISTA and other volunteer agencies so that millions of Americans of all ages can enlist in building "a better America and a better world." The President disclosed the plan during a speech at the University of Nebraska.

SGT. CHARLES E. HUTTO was found innocent Thursday of crimes at My Lai, the second American GI to be tried and cleared in the alleged massacre carried out by U.S. troops. A six-officer Army court-martial panel deliberated just two hours and four minutes before returning the verdict, which was greeted by shouts of joy at Third Army Headquarters at Fort McPherson, Ga.

Saturday, January 16
BOWING to a federal court order, the new Environmental Protection Agency (EPA) began a move Friday to ban the use of DDT. William D. Ruckelshaus, EPA administrator, said makers of the chemical pesticide will be notified next week that they have 30 days to quit selling it in interstate commerce.

THOUSANDS of New York City policemen rebelled against their own union leadership and refused to work Friday. Protection of the nation's largest city was left in the hands of senior officers, detectives and police academy instructors. Mayor John Lindsay, reassured New Yorkers that they were "fully protected," but it was obviously the gravest security crisis the city has faced since World War II.

Sunday, January 17
U.S. STEEL CORPORATION, the nation's largest steel producer, announced a 6.8 percent price hike Saturday, considerably below the Bethlehem Steel Corporation price boost that angered President Nixon. U.S. Steel's increases, ranging mostly from \$10 to \$12 a ton, triggered immediate speculation that Bethlehem, the second-largest producer, would roll back some of its \$16-\$17 increases announced earlier this week.

Monday, January 18
THE UNITED STATES has increased its direct involvement in the fighting in Cambodia with Navy support ships, Army helicopters and liaison personnel, authoritative sources and field dispatches disclosed Sunday. The moves, which included the stationing of a U.S. 7th Fleet helicopter carrier off Cambodia in the Gulf of Siam, were made without official announcement.

FIFTEEN HUNDRED TEAMSTERS Union members struck four big produce markets Sunday in New York, cutting off 95 percent of the city's fresh fruit and vegetable supply. The strikes affect not only supplies for most groceries but also produce for the city's restaurants and hotels.

Tuesday, January 19
PRESIDENT NIXON ACHIEVED a partial rollback of a steel price increase Monday, and launched a move to stem the wage-price spiral in the construction industry. In a day filled with economic developments, major interest rates continued to slide, and the government reported that the nation's real output of goods and services in the final quarter of 1970 took its sharpest quarterly decline in years. Under pressure from the White House, along with competitive reasons, Bethlehem Steel Corporation trimmed to 8.8 percent a previously announced 12.5 percent boost in prices for steel used in construction.

Architect's Drawing of Proposed New Tennis Club

Opposition by a few residents of the neighborhood was heard in the council meeting in Grosse Pointe Farms Monday night, against permitting use of

the former DePetris Florists property in Grosse Pointe boulevard by a new tennis club. Details of the proposal and discussion are told in the story below.

January 31 Concert Set by Symphony

Two Outstanding Student
Performers Will Be Solo-
ists on Second Pro-
gram of Season

The Grosse Pointe Symphony Orchestra will give its second concert of this 18th season on Sunday, January 31, at 3:30 p.m., in the Performing Arts Center of Grosse Pointe North High School, Vernier at Moingside.

Featured performers at this Young Artists' Concert will be Miss Rochelle Abramson, pianist, of Southfield, and Timothy Malosh, flutist, of Detroit. Miss Abramson, who is a sophomore at the University of Michigan at Ann Arbor, will perform the "Introduction and Rondo Capriccioso," by Saint-Saens. Having studied with Mischa Mischakoff and Angel Reyes, she is pursuing her studies with Professor Paul Makowitzky at the University of Michigan. Miss Abramson has been the winner of many competitions, including both the junior and senior string competitions of the Tuesday Musicale of Detroit, the Pontiac Symphony String Competition and the Stillman-Kelly National Competition.

Had Aspen Contract
Last summer she attended the Aspen School of Music and held a summer contract with the Aspen Festival Orchestra. In previous summers Miss Abramson attended Interlochen and the Berkshire Music Center at Tanglewood, Mass., on scholarships. A 1969 graduate of Cass Technical High School, Miss Abramson has performed as soloist with both the Cass High School and Pontiac Symphony Orchestras.

Mr. Malosh, who is a sophomore at Wayne State University, where he holds a scholarship, also was graduated from Cass Technical High School in 1969. He will perform the "Concerto for Flute" by Ibert.

Youth Tackles, Downs Man Being Pursued by Police

A Detroit man, wanted by Farms police for writing a bad check, sought to elude officers in a foot chase, but was tackled and brought down by a 17-year-old youth, whose aid was asked by the policemen. A letter commending him for his assistance, was mailed to the teenager by Farms Police Chief Robert Ferber.

On Thursday, January 14, at 6:09 p.m., Patrolmen Philip Miglio and Kenneth Pine were dispatched to Sears, at Mack and Moross, where the store manager, Richard Giacomo, pointed out William R. Dworniczak, 44, of 8128 Olympia, as a person wanted by the Farms authorities for uttering and publishing.

Giacomo showed the policemen a photostat copy of a check, which, it was asserted,

Neighbors Against Planned New Tennis Club Building On Former DePetris Site

Express Opposition at Unofficial Hearing; Proposers
Stress Enhancement of and Increase in
Valuation of Residential Property

Plans for a proposed \$900,000 tennis club building on the site of the former DePetris Florists property, 230 Grosse Pointe boulevard, was brought before the Farms council at an unofficial hearing on Monday, January 18. It met with vigorous opposition by three couples living in the immediate area, who claim that other neighbors also were against the construction.

Although it was not scheduled on the council agenda, at the close of the official meeting, the couples agreed to hear Edward C. Roney, former Farms councilman, who had asked members of the city body to grant him the privilege to address them on the proposed project.

Has Architect's Drawing
Roney, who heads a group of Farms citizens interested in the construction of a tennis club, displayed an architectural drawing of the building, and a sketch of the proposed development of the property.

Roney told the council that he had contacted a number of residents in the immediate area, and those he had talked with, expressed no radical opposition to the project, which comment aroused protests from six persons in the audience, who announced that they were against such a building in their neighborhood.

They charged that having a tennis club building on the DePetris site, would decrease the value of residential property, and increase vehicular traffic, create a noise disturbance and also create a messy neighborhood.

Would Prefer Homes
In spite of a statement from Mayor William Butler that the council cannot act on the matter officially, the couples said they would much rather see eight new homes go up on the site, instead of the club building.

The mayor said that the council had consented to hear Roney, unofficially, of course, who had asked what steps he should take to have the zoning changed, so that the land could be developed from its present obnoxious non-conforming use, to a less obnoxious use.

In presenting his plan, Roney claimed that the construction of the club building would enhance the neighborhood, and would increase the value of residential property in the immediate area. This raised dissenting remarks from the people present, one of whom stressed that if the building was approved, she would sell her home, valued at

Miglio approached Dworniczak and asked him for identification, and the man presented his operator's license. The officer asked the suspect to step to the front of the building, to which the man agreed, but as he stepped outside, Dworniczak began to run west on Mack. Miglio and Pine gave chase.

Dworniczak ran between two buildings, 18870 and 18850 Mack, to the alley at the rear, then turned south in the alley. Miglio and Pine were not far behind the fleeing man. Miglio shouted to a teenager to "Stop that man," as Dworniczak raced by.

The youth, John E. Boyle of 23150 Gladhill, St. Clair Shores, joined the chase, and seconds later, he was under control by 12:53 p.m.

City, Farms Cooperate on Two Projects

Will Share Cost of Repav-
ing Fisher Road Block;
Agree on Water Con-
nection Change

The City of Grosse Pointe Council on Monday, January 18, took action on two issues which illustrate how the needs of two neighboring municipalities can best be fulfilled through cooperation.

The first deals with the resurfacing of Fisher from Jefferson to Maumee. The resurfacing of this area will be reviewed this spring by The Farms for inclusion in its 1971 resurfacing program. This portion of Fisher likewise has a high priority among the City streets requiring resurfacing. Since Fisher is a borderline street between the City and the Farms, its resurfacing could be done as a joint project with the cost shared between the two cities.

Farms officials requested that City officials consider this as a joint project which would be included in its resurfacing program which will be bid on later this year.

The City Council unanimously approved this action. The project will be under the supervision of the Farms, and the City will pay its share on an actual cost basis at the time of completion.

The second issue was a request from the Farms for City approval to change the valve arrangement at Maumee and Fisher road the connection between the Farms and the City water distribution system.

The proposed alteration would permit water to flow from the City back to the Farms under certain fire flow conditions in the southeast corner of The Farms. This would increase water pressures in that area of the Farms and alleviate the necessity of the Farms constructing a loop water main to reinforce pressures in that area and save the Farms somewhere in the neighborhood of \$17,500.

City Makes Conditions
The City Council, after being assured by City engineers that the proposal was feasible and would not effect the City's water system, also approved this action under the following conditions that the Farms be authorized to construct the alteration at no cost to the City; that the Farms maintain the meter, meter pit, and valve arrangement at the Fisher-Maumee connection at no cost to the City and that the authorization be revocable if in the opinion of the City it effects the City water operations and in the event of revocation, the Farms shall restore the connection to its existing configuration at no cost to the City.

BICYCLE STOLEN
Thomas Burke reported to Woods police that on Monday, January 11, sometime between 5 and 7:45 p.m. at Our Lady Star of the Sea, 575 Ballantyne, someone had stolen his five-speed bike while it was parked just outside of the gym door. The bike, reportedly worth \$95, has a banana seat and large handle bars.

SHOPPER'S PURSE TAKEN
Mrs. Susan DeCur, of Detroit, went to the Woods police department to report the theft of her purse Friday, January 8, while she was shopping at the Wrigley Supermarket, 19281 Mack. Inside the purse, which was on the shopping cart, were \$150, a bank book, and a Sears charge plate.

Group Discussing Establishment of Nature Study Site

Meeting Held at Library to Investigate Possibility of
Setting Up Outdoor Laboratories
to Educate Children

By Pepper Whitelaw

Some 55 Pointers who agree with the concept that all young people should have the thrill of loving and respecting their environment and the experience of caring for it, met on Wednesday, January 12, at the Main Library, to discuss the formation of a committee to investigate the establishment of environmental study areas in The Pointe.

Environmental study areas are outdoor laboratories where young people can acquaint themselves with nature as a vital part of their lives. Spearheading the program is Mrs. William Klingbeil, educational resource authority, children's camp and trip counselor, who has worked with youngsters for some 25 years and who is vitally interested in working with them in the out-of-doors. Although land is at a premium in The Pointe there are areas available for these nature centers. Areas such as the undeveloped portion of the old Vanderburgh estate which is part of the North High School property, a part of Elworthy Field in the City of Grosse Pointe, or small areas on elementary school grounds, such as at Barnes Elementary School, where wild flowers and plants could grow undisturbed.

Exploratory Session
Wednesday's session was an exploratory one geared to excite Pointers into some positive action. In attendance were city officials, school and city administrators, representatives of garden clubs, civic and social organizations and students from public and private schools in The Pointe area.

Speaking at this session were three women who are prominent in the state for their environmental work: Mrs. Robert Hendrix, Mrs. W. J. McCarthy and Mrs. A. Marriott Walker. Introducing the speakers was Mrs. Leland Carter, president of the Grosse Pointe Beautification Council.

The main thrust of this organization will be the investigation and creation of natural areas in The Pointe through combined community effort, action and education. Hopefully this group will serve as the impetus for the correlation of all Pointe environmental activities.

Youngsters Do Care
If proof is needed to convince Pointers that youngsters care about the land they live in, here is a poem written by Bill Ramsey, age 10, fourth grader in Mrs. Donald M. Priest's class at Mason School which should eliminate all doubt.

Let me tell you about the smog
above the trees,
And the flowers with disease,
And the trash I have found,
Pollution is all around.
Before we know it...
All the fish are going to die,
Can't see a sun in the sky,
Black rain falling to the ground,
Pollution is all around.
DDT in the fruit,
Everybody standing mute,
We're all to blame!

THEFT DISCOVERED LATE
James Stone, 678 Thornbury, called Woods police Sunday, January 17, to report that he had discovered the theft of a spare tire and wheel from the trunk of his car. Stone said the tire, worth \$80, was taken sometime Sunday, January 10.

Bryant Offers Resolution
Clarifying Public Act 100

State Representative William R. Bryant, Jr., representing the Grosse Pointes and Harper Woods, has introduced in the Legislature a Concurrent Resolution for passage by both Houses, clarifying the intent of Public Act 100, Section 84, to remove any threat of a \$45 per pupil revenue limit next school year.

Representative Bryant, newly elected Representative, succeeding Robert Waldron, has been working with the school administration, local groups and concerned parents to try to assure that no setback will be forced as a result of language contained in the Act passed last term.

"I have had perhaps 500 letters supporting our efforts and the concern is heartening," Bryant indicates, "and, although most key Legislators and the

Must Decide On Question Of Primary

Term of Present Council
Extended 19 Months
by Acceptance of
State Legislation

By Greg Boyd

In what was otherwise a routine, run-of-the-mill council meeting in the Woods on Monday, January 18, one piece of legislation which may prove to be of importance in future city elections was referred to the committee-of-the-whole for further study before the council decides on action.

Because of a bill recently passed by the Michigan legislature and signed by Governor Milliken, Grosse Pointe Woods must take action by April 1 of this year to avoid the installment of primary election procedures before the general election, which will be enforced by state law after the deadline.

The main purpose of the bill, reported in the NEWS last week, and accepted by the council Monday, allows municipalities in the state to change their election dates to odd-numbered years in the Fall. The purported purpose of the election-change date is to save tax-payers money by scheduling city elections in conjunction with some non-partisan state elections and school board elections. The cost of holding a separate election in a different month and a different year would thereby be avoided.

Accepts State Bill
The council, given the option to follow the legislation or to bow out, voted to accept the bill, changing the city election dates from April, 1972, to November, 1973. In effect, the present council's term of service has been extended one year, seven months. Official term of service after the election in 1973, however, will remain four years for the council and two years for the mayor.

The decisions the council now faces are two, one relatively minor. The council must decide by April 1, the exact date on which newly elected council members will take over office. If there is no action taken by that date, the bill provides that councilmen-elect will take over their seat on January 1, 1974, allowing the possibility of "lame-duck" councilmen enacting legislation almost two months.

Must Act by April 1
If the council prefers to move the date of office-takeover closer to the November 6 election date or any date up to the New Year, they must do so by April 1.

The major decision from the council refers to the establishment of a primary election. In all previous elections, the Woods has not enacted primary election procedures. The legislative bill now provides that a primary election must be held, unless the council decides to vote against it by April 1, if there are more than two candidates running for any particular seat. In other words, more than twice the amount of candidates as there are seats available would necessitate a primary.

Council Marvin Boutin said that he would like to continue the no-primary election procedure in the Woods mostly because of the extra cost incurred by those running for election to conduct two campaigns. He said the cost of running for election only once will encourage men of high calibre to run.

Attempt to Hide Theft Backfires

In spite of precautionary measures taken by a shoplifter, a security guard at J. C. Penney's, 19251 Mack, spotted him trying to walk out of the store with a pair of pants under his coat.

John Roberts, 19333 Woodside, in Harper Woods, was seen by the guard as he walked into the store and over to the men's department. The guard said Roberts took the pair of pants from the shelf and dropped them on the floor, before walking around the store, presumably to wait until the men's department was clear.

Walking back, Roberts reportedly put the pants under his coat and was stopped as he was walking out of the store. Woods police were immediately called and Roberts was taken to the station.

ers from the major private clubs in the Pointe.
Rape Alternative
"The alternative to the Club on this site is to build another subdivision of eight homes, thereby enabling eight more families to join the Pointe community. This would add a possible 16 more children, and 16 more cars to the neighborhood, and higher taxes."

"Yet, since the Club would be paying the same real estate taxes as these eight homes combined without demand for any city and school services, except police and fire protection, the Club proposes suggest the building would bring welcome assistance instead of added costs to the community's taxpayers."

Roney's arguments failed to sway the area residents, who charged that he is proposing a commercial building in a neighborhood zoned Residential-1, in which there are a number of very expensive homes.

May Have Open Hearing
The residents appeared to pay no heed to Roney's answer that the Club would be nonprofit, such as the Country Club of Detroit and the Little Club, both of which charge membership fees, and fees for use of their respective facilities.

In concluding the unofficial hearing, Roney was informed that he could still, if he so desires, petition the council for a public hearing, to which people affected can make known their views in the matter.

Woods Shifts Election Dates

(Continued from Page 1)
for office, as they have in the past.

Opposed by Huettner
Boutin was opposed by William Huettner, who said that he didn't think the cost of conducting two campaigns outweighs the advantages of having a primary.

Bringing up the fact that, in a past election, 10 candidates ran for only three council seats, Huettner said the primary has a very useful function by preventing three candidates from running for the same seat. The point he brought up was that the third, less qualified candidate may find himself elected because of a split vote for the other two.

Admitting that elections will be few when the number of those running will be so many as to necessitate a primary, Huettner said that approving a primary now will relieve the situation when it does arise.

They Want Primary
Among the residents asking for the installation of a primary were Gerald O'Brien, 976 Braincliff; Mary Lee Most, 1415 Alaine; and Charles Woodbury, 1976 Beaufort.
"I see where we're losing no money at all," Most said, "Fre-

quently, an odd fellow can get in who is not well qualified because two others have equal support. This can be catastrophic," she continued, "and a primary is most necessary if there are more than a certain number of candidates running."

"More votes were cast for those who lost than those who won in a recent election," Woodbury commented. "I don't see that campaigns would have much of a cost in a primary."

A motion to study the question of a primary and the date of office take-over further in the committee-of-the-whole was made by Kenneth Boerner and seconded by Huettner. The motion passed unanimously and recommendations will be made for a future council meeting between now and April 1.

Flutist with the Detroit Symphony, Mr. Malach himself gives lessons at Royal Music School in Royal Oak. Mr. Malach was first flutist of the Grosse Pointe Symphony for the past two years. At Wayne State University he is first flutist in the orchestra and a member of Phi Mu Alpha Sinfonia music fraternity. Mr. Malach soloed with the Detroit Metropolitan Orchestra performing the Vivaldi "Flute Concerto" just last month. He has played also with the Detroit Youth Orchestra and the Meadow Brook Festival Orchestra.

In addition to the flute and violin works, the Grosse Pointe Symphony, under the baton of Felix Resnick, will also perform: "An Outdoor Overture," by Copland, "Symphony No. 3 in B Flat Major," by Schubert, "Overture to 1812," by Tchaikovsky, and "Adagio for Strings," by Barber.

The concert will be followed by a reception at which members of the Women's Committee will serve, and the audience will have an opportunity to become acquainted with the soloists, conductor and members of the orchestra. Tickets may be obtained by calling 881-1256 or purchased at the door on the day of the concert for \$2.50 (adults) and \$1.00 (students).

The Governor has recommended cuts from the guarantee that basic State aid would not be below that of last year to less than half the aid attributable to this guarantee. The Governor also proposes a two percent across the board decrease in total State aid.

later made a low flying tackle, bringing Dworniczak down. The police officers handcuffed Dworniczak and searched him, after informing him that he was under arrest for uttering and publishing. The Detroit Police taken to the station, where a check of records showed that Dworniczak was wanted by Detroit authorities on a felony fraud and for larceny, and also for violation of parole.

Dworniczak was remanded to the custody of the Wayne County Sheriff's Office to await a hearing in Farm Municipal Court on the uttering and publishing charge. Detroit authorities were notified that the man was in the County Jail and Dworniczak's parole officer was also notified of the circumstances.

Chief Ferber called Boyle's act of pursuing, and tackling Dworniczak, an "unselfish and courageous act," and thanked him for aiding in the capture of the fleeing suspect.

Part of the letter reads: "The suspect you apprehended was being pursued by our Department on a charge of 'scheme to defraud.' A routine check later revealed the suspect was also wanted on felony warrants by the Detroit Police Department."

"It is only through the support of all citizens that police agencies will be able to successfully accomplish their sworn duties. The support you rendered was of the very highest caliber."

A copy of the letter was given to Farms City Manager Andrew Bremer, Jr., and a second copy was mailed to the St. Clair Shores Police Department.

Battle Plans Drawn

planned our program and our budget around an anticipated state aid payment of \$141 per child this year. If we are reduced to the "formula" figure of \$109, we shall face deficit financing," Dr. Anderson said.

Would Widen Scope
Mrs. Nelson said that she felt the role of the Study and Action Committee could encompass more than the current battle to amend Public Act 100 and could include attention to the impending cut in current financial state-aid.

Mrs. Thompson, who served the Board of Education as its Legislative Chairman for four years, gave an effective review of the thrust toward state control over education at the local level and cites the countless activities in which she and a small group of Grosse Pointers had engaged in the recent past.

Dr. Anderson said that if the limitations on per pupil revenue are not lifted, the local schools faced the prospects of a drastic cut of program and staff for the 1971-72 year.

William A. Bryant, recently elected to the House of Representatives, attended the meet-

ing. Mr. Bryant introduced a House Concurrent Resolution on January 14 which would permit the local districts a 5 percent increase in revenue collections for 1971-72 over the current year to enable them to meet the inroads of economic inflation. The State Legislature is expected to be in recess until February 2, so no action can be taken until that time on his resolution.

Cooperation Needed
Mrs. Nelson said that she and the others leading the Grosse Pointe Study and Action Committee for Education hoped that changes in the law could be made by mid-February through joint cooperation of the four legislators serving the school district with other lawmakers across the state in those districts which would be similarly affected if subsection 6 of section 8 of Public Act 100 is not amended.

Mrs. Nelson announced the names of Chairmen of the 11 Subcommittees and provided brief information on the duties of each group. She urged citizens interested in changing the law to give their names to the chairmen so that if a concerted community-wide effort is launched, the organization will be able to function effectively.

Chairman Named
Names of chairmen and the functions of the 11 subcommittees follow:

1. State-wide School District Contacts Committee. Maintain effective liaison with school trustees and administrators in similarly-affected districts across the state. Coordinate dates with other districts for possible trips to Lansing and various telephone and telegram campaigns. Mrs. D. G. Schneider, 419 St. Clair, 885-0624.

2. Telephone Committee. Set up local fan-out system to disseminate information needed to launch various activities. Mrs. Klaus Motte, 1403 Yorkshire, 885-8798.

3. Legislative Action Committee. Establish contacts with area legislators to express local point of view and to attempt to have this incorporated into proposed bills. Mrs. George Maghiesse, 752 Lakeland, 884-0704.

4. Community Organization Committee. Alert all appropriate community organizations of the problem and enlist members' aid in campaign. Mrs. Robert Warner, 365 McKinley, 882-1554.

5. State-wide Community Organization Committee. Contact civic, PTA, and school-related groups across the state and encourage their cooperation in a coordinated action program. John Prost, 652 Pemberton, 822-8454 and Thomas E. Candler, 51 N. Duval, 886-2325.

6. Promotion Committee. Draft letters, news releases, flyers, for organization to send. Follow through on printing and distribution to point of dissemination. Mrs. Lewis B. Morrow, 16935 Maumee, 885-0858.

7. Transportation Committee. Organize bus or automobile trips to Lansing. This should not be considered until the legislature is in session (around February 1). Mrs. Albert C. Dickson, Jr., 185 Ridge road, 884-1989.

8. State-wide Teacher Contacts Committee. Maintain contact with teachers' groups in similarly affected districts. Coordinate their participation in state-wide action program. Stanley Smith, 21211 Mack avenue, 886-8330.

9. Finance Committee. Raise funds needed to conduct local action program. Mrs. F. C.

Burglar Enters Trombly School

The burglar, or burglars, who broke into Trombly School, ransacked desks and cabinets in the boiler room and principal's office, smashed open a soft drink machine and damaged a safe, according to information released by Park Det. Sgt. James LaPratt.

The break-in of the building was discovered by Arthur Colby, school custodian, when he arrived for work at 7 a.m. on Thursday, January 14. On entering the boiler room, he noticed his desk open and his filing cabinets gone through.

Colby told police that he went to the office of the principal, Frank J. Welcenbach, where he discovered that the door glass molding had been pried loose and the glass removed. He also found that some of the desk drawers in the office had been ransacked.

LaPratt said that the thief entered the building by breaking the glass of a window of the school clinic at the rear and crawling through.

The sergeant said that in his investigation, he determined that after crawling through the clinic window, the intruder went to Welcenbach's office and pried the molding loose with a metal file, then went to the boiler room, where he went through the desk and cabinet there.

Following this, the burglar helped himself to an assortment of tools and returned to the principal's office, where he made an unsuccessful attempt to knock off the dial of a large wall safe, causing some damage.

Frustrated in his try to get into the safe, the thief then went to the teachers' lounge, and with the aid of the tools, completely mutilated a coke machine, from which he took between \$4 and \$8 in change, LaPratt said.

The officer said that this was the only loss, with the exception of a brown leather attache case belonging to Welcenbach, bearing the initials "FJW." LaPratt urged any one with information pertaining to the burglary of the school, to contact the Park Police Department, Valley 2-7400. The name of the informant will be held in the strictest confidence, he stressed.

MAN FALLS ON ICE

Thomas Rothermil, 10640 Gratiot, was walking on the sidewalk north on St. Clair from Kercheval on Friday, January 15, when he slipped on the icy pavement and twisted his right knee. Police were called but Mr. Rothermil refused hospitalization. They escorted him to his car and notified the Highway Department to salt the area.

Junior League Sponsors Drug Education Workshop

By Pepper Whitelaw

At the regular meeting of the Grosse Pointe Board of Education on Monday, January 11, Dr. Joseph Spagnoli, assistant superintendent of instruction, asked Roger A. McCaig, curriculum associate in his department, to briefly outline the newly formulated workshop on drug education sponsored by the Junior League of Detroit and planned and directed by the school system.

Because of the community-wide interest in the drug problem, the NEWS later contacted Mr. McCaig for an in-depth explanation of the workshop and its goals.

He said that the workshop, "The Alternative To Drugs," stresses preventive education rather than corrective. Workshop sessions will be held on a sequence of 10 Thursdays beginning January 28 and concluding April 7. Sessions run from 4 p.m. until 6 p.m. and will be held in Brownell Middle School, Room C-11.

The workshop is open to teachers, parents and administrators from public, private and parochial schools. Parents wishing to enroll, or wishing to attend any or all sessions are requested to notify the principal of their elementary schools by Monday, January 25. There is no charge for participation in the workshop.

Mr. McCaig said The alternative to drugs is achieving the proper balance between the interrelated facets of the individual's being—the physical, intellectual, social and emotional selves.

Mr. McCaig and Dr. Spagnoli have arranged to have knowledgeable discussion leaders as workshop coordinators including school social workers Lynn Adams, Gerhard Ritsema and Jane Stone, and elementary resource teacher Regina Walker.

Woman Thwarts Snatch Attempt

Woods police are looking for three youths in connection with an attempted purse snatching from a woman Monday, January 11, at the rear of the Wrigley Supermarket, 19231 Mack.

Mrs. Estelle Kroth, 1060 S. Oxford, told police that while she was walking behind the market around 2 p.m., two 15 or 16-year-old youths ran up and tried to grab her purse, knocking her down on the pavement. A struggle ensued and when the woman screamed, the youths ran towards Bourne-mouth, jumped into a car driven by an accomplice, and took off, it was reported.

Another woman, witnessing the incident, helped Mrs. Kroth with a description of the boys but did not stay or leave her name.

One boy was described as having long blonde hair, of medium height, slender build, and wearing a tweed jacket with a black collar and blue jeans.

The other youth was said to have long medium-light blond hair, and wearing a furry jacket. Mrs. Kroth could not provide a description of the driver of the car.

D'you Know That?

Inventing the TELEPHONE was destined to cause—a lot of Talk...

But do you know which people do the most phoning? It's not Americans. Though we lead the world with over 90 million phones, (China's 800 million people, have a scant 250 thousand phones) ... Curiously, the most phone calls are made by Canadians. They average more than 500 calls per capita each year. Which lead us to view a Canadian much like a Saint! What with going through the day with a constant "hello" round his head...

Woods Officers Receive Praise

Letters of appreciation and gratitude for public safety officers' performance in a job that is often times thankless are always highly valued by the Woods Public Safety Department.

One such letter, addressed to Public Safety Director Donald Coats, was recently received from Clinton Justice, executive director of the Protestant Children's Home, 900 Cook, after police were called to help in an emergency.

A 10-year-old boy was knocked unconscious Tuesday, January 5, after slipping and hitting his head on the curb. Lt. Roland Symons and Patrolmen Stephen Petrik, Arthur Gekiere and Stuart Gerow immediately answered a call from the home and transported the child to St. John Hospital in an ambulance. As it turned out, the boy experienced only mild shock.

The letter, a copy of which was sent to the NEWS, was a tribute to the officers' professionalism.

"We of the Protestant Children's Home wish to commend you and your department for your prompt and expert response to our emergency need," the letter stated. "The people of Grosse Pointe Woods are fortunate to have the service your department offers in all areas." I express the appreciation of all our staff and board for the security we all feel."

Fast work on the part of Lt. Roland Symons and Officer William Entwistle in another instance was applauded by Mrs. James Doyle, 2010 Stanhope, when she called the emergency service.

"The ambulance and scout car arrived in about two minutes," the letter read, "and I want you to know we deeply appreciate the officers' compassion and care."

Correspondence sent from Mrs. Thomas E. Crowley, 1317 Roslyn, and received by the department Thursday, January 7, concerned an emergency on September 22, 1970.

Mrs. Crowley stated that "services in the Woods can't be beat."

Many other residents in the Woods will attest to that.

\$4,000 Donated To Bokram Fund

Over \$4,000 has been contributed to the Joanne P. Bokram Memorial Arts Fund, established recently as part of the new Grosse Pointe Foundation for Academic Enrichment.

The fund, honoring the memory of the late Grosse Pointer, will be utilized to strengthen and enrich the arts programs in area schools, particularly at the high school level.

Individuals and organizations are invited to contribute. Their donations will help bring experts in various artistic fields to lecture or work with groups of students, beyond the regular course of study.

Contributions may be made payable to Grosse Pointe Foundation for Academic Enrichment, Joanne P. Bokram Memorial Arts Fund. They may be mailed to James Cameron, Detroit Bank and Trust, 211 West Fort Street, Detroit 48231.

SHOPPING THEFT
Gerilyn Pelchat, 4379 Barham, contacted City police to report the theft of her wallet from her purse while she was shopping at the Wrigley Supermarket, 17410 Mack. The wallet, containing \$28, was stolen Tuesday, January 5.

Jaycees Honor William Bryant

William Bryant, representative of the First District of the Michigan House of Representatives and member of the Detroit and Grosse Pointe Jaycees has been named winner of The Pointe Jaycees' annual Distinguished Service Award.

The award is given to the young man who has contributed most significantly to his community and who has been successful in his chosen field of endeavor. It was presented on Wednesday, January 20, at the annual Pointe Jaycees' Bosses' Night Banquet.

Mr. Bryant was chosen by a senior selection committee chaired by Clarence Wascher, manager of Jacobson's and consisting of William Butler, mayor of The Farms; Richard Kay, director of Community Services, and Kenneth Roy, Jaycee president. Alan Lang, board member, handled the project.

Mr. Bryant, an attorney with Watson, Wunch and Kelding, is married to the former Lois Ann Rupp and has two children, Jennifer, three, and Andrew, one year old.

Mr. Bryant is one of the youngest representatives in the Michigan House and a former member of the Wayne County Board of Supervisors. As a supervisor he helped lead the opposition to Albert Zak in the latter's abortive attempt to secure large wage increases for board members.

Mr. Bryant is a director of NARCO. He is a member of the Air Conservation Committee of the Tuberculosis Society and the Rotary Club. He has been active in the drug abuse program and in the fight to amend Public Act 100.

The report revealed that last year a total of 80 permits for construction valued at a total of \$832,000, were approved by the Farms Building Department, whereas the total for 1969 came to 121, worth a total of \$953,450.

During all of 1970, only four residential permits, having a valuation of \$208,000, were granted; only two commercial permits, worth a total of \$85,000; and 74 miscellaneous permits, for garages, home additions, etc., valued at a total of \$539,000. Also one permit for non-assessable construction, valued at \$30,000, was approved.

Compared to this, the previous year showed that five residential permits were approved for homes valued at a total of \$335,000; none for commercial; and 116 miscellaneous, worth a total of \$678,450. No non-assessable permits were applied for during 1969.

was deeply saddened, as we all were, when I was informed of former Chief Mason's untimely death. During his tenure of service with the City's Fire Department he was a valued member of our staff, and a true professional in his chosen field of public service. We here at City Hall who enjoyed the privilege of being associated with him share in the sorrow of his passing.

I personally express my deepest sympathy to his family and his many close friends."

Emptied Purse Found in Street

A 17-year old St. Clair Shores youth, Craig Willner, was driving north on Lakeland on Friday, January 8, and as he approached Waterloo, observed a brown leather purse in the street. Craig picked up the purse and took it to the City of Grosse Pointe police, who notified its owner, Mary I. Behrend, 20 Chalmers, Detroit.

Mrs. Behrend told officers that the purse had been stolen from her while she was at Jefferson and Mariborough on that date. The purse contained \$133 in cash, money orders and identification at the time of the theft. Only the identification was in the bag when it was recovered.

City police released the purse to Mrs. Behrend's daughter and advised her to notify Detroit police of its recovery.

Woods Building Shows Big Drop

The rising cost of building new homes was reflected in a report from Woods Building Inspector Earl Wakeley showing almost a \$1 million difference in the total spent by Woods residents for new homes and additions to their old ones in 1970 as opposed to the 1969 expenditures.

A major portion of the \$956,054 difference is due to the drop in the construction of new homes. In 1969, 38 new homes were built in the Woods while the 1970 total was only 17. Additions and improvements to homes already built numbered 96, while in 1969 the total was 78.

The breakdown of 1970 expenditures includes \$651,050 for new homes, \$405,998 for home additions, including \$4,500 for three pools, and two new commercial buildings totaling \$67,000 in construction costs. Total homes spent by Woods residents and retailers in 1970 was \$1,119,548. The 1969 tally was \$2,075,602.

One home was built in February; two in March; one each in April, May and June; five in August; four in September; and one each in November and December.

Most of the additions took place in late summer and early fall with 17 being built in September; 15 in July; 11 in August; and 10 in October. The only other month in which additions hit double figures was April with 12.

DELINQUENT DRIVER

Woods police received a call from the Harper Woods Police Department asking for verification of traffic warrants on Frank Duross, 733 Harcourt, who they were holding at the station. Woods officials asked that he be held on \$100 bond for 28 unpaid parking tickets and two traffic warrants, one of which was for driving without a license in his possession. Harper Woods also reported that Duross was wanted by several other departments.

Strolling Mother Robbed of Purse

A young mother, who asked that her name be withheld, while pushing her baby in a stroller on Nottingham at about 12:14 p.m. on Tuesday, January 12, was robbed of her purse by two youths who leaped from a car driven by a third person.

Det. Sgt. James LaPratt said that the woman stated that as she approached Fairfax, a 1966 or 1968 Chevrolet, with a black top and tan body, pulled ahead of her and waited at the corner.

It was occupied by three colored males.

When she neared the corner, two occupants of the vehicle jumped out, grabbed her purse, hopped back into the auto, which then sped away.

LaPratt said that the woman's purse was recovered by a motorist at Chalmers, south of Warren, in Detroit, and turned over to police. The other contents of the purse were intact, but \$4.40 was missing.

The robbery victim described one of the thieves as being between 16 and 18 years old, about five feet eight inches tall, weighing about 150 pounds and having an Afro hair style. He was wearing a light blue satin jacket and brown trousers. The second robber was said to have been dressed all in brown, is between 18 and 20 years old, about five feet seven or nine inches tall, and weighing about 170 pounds. His hair was also Afro style, it was said. A description of the driver was not available.

DRINK UP

Of all the cures being proposed for today's auto insurance ills, Automobile Club of Michigan feels that Michigan's proposed Motorist Protective Legislation makes the most sense. It can save you, the driver, money. And, it can prevent a disaster to Michigan's auto makers caused by car insurance becoming too expensive or unavailable at any price.

What is it?

What are the other solutions being offered around the country?

Why is car insurance costing you more each year? And, most important, what can you do now to start lowering its cost?

Start by reading the January issue of Motor News magazine.

Normally Motor News is available only to the 920,000 Michigan AAA members. Because the auto insurance problem is so important to all Michigan drivers, you can pick up a free copy of the January issue regardless of where you insure your car. Just stop in at any AAA office or write to:

OPEN HOUSE 2:30 to 5 SUNDAY

A "MUST SEE" is this gracious French country house being offered at 300 Lincoln Road. From the curb the house appears gigantic, but inside you'll find just four comfortable master suites and servants rooms over the garage. There is a carriage house detached from the main house and just enough yard to qualify as a mini estate. Recently redecorated which includes a dream kitchen with all the built-ins.

ALSO OPEN for your inspection is a spacious English townhouse at 394 Rivard Boulevard. The bathrooms, lavatory and kitchen are all spanking new and ready for first time use. This unit presently has a \$39,000 mortgage balance which may be assumed.

60 LEWISTON is a beautifully constructed, French Normandy with slate roof, five family bedrooms and four baths, plus two maid's rooms and a bath, high ceilings and lovely floors. Stepdown dining room, and fireplace in the master bedroom, living room, library and recreation room. Great location in Grosse Pointe Farms. Owner transferred.

BY APPOINTMENT

FARMS LOCATION on an eight foot lot, is this first advertised Cape Cod with three bedrooms and that all important family room off the living room. The last three times this house changed owners it did so the first week it was offered for sale.

A CONDOMINIUM town house of top quality construction may now be seen and purchased for \$48,000. Four bedrooms on the second floor and two more on the third are six features which are certain to attract the buyer who is looking for elbow room in a condominium apartment. There is a library off the entrance hall and also a first floor lavatory.

FOR THE FAMILY or individual seeking a three bedroom condominium for less than \$35,000. This one has a first floor lavatory and new kitchen, and located just one block from Village Shopping.

NOT JUST another bath and a half colonial but this house at 424 McKinley Avenue "opens up" giving the feeling that there are more than three bedrooms above. It shows well, and all the decorating required is your dust cloth.

DOES THE SPARKLE of newness and close proximity to the lake lure you to view this beautifully decorated four bedroom, three bathroom house in the Farms? There is a den with entrance from the rear of the center hall and a large family room with fireplace. The over-sized porch is really an extra room for seven months of the year. Better see this one or you'll have to wait for it to be featured in a future house tour.

A BIT of New England tucked away on Touraine Court, and offering three bedrooms and two full baths in the second floor. Certainly there is a paneled den, separate dining room, covered and screened porch and delightful garden.

IN THE CITY and just a few blocks to Hill or Village Shopping, is this three bedroom contemporary with three bedrooms on the second floor. is imagination a liability?
Could be... because some folks say our line is all way-out, arty. They don't see the "Spicecrafts" for the Brave New Worlds. Sure, we make the beautes in the area rug field, but we make all the carpet basics, too. Remember: it took our trail-blazing kind of imagination to produce the first 100% tufted nylon and Acrilan® tufted carpets in the industry. Public Schools in Focus

By Dr. Thos. I. Anderson,
Superintendent of Schools
The Year-Round School: Part I
Extension of the school year
is one of public educator's many
perennial topics that merits
endless discussion and com-
ment. Proposals for changing
the school year in various ways
appear from time to time in
professional journals, research
studies are conducted, individual
citizens and school trustees be-
come interested, and the topic
opens up once again. The mass
media contribute to keeping
the issue alive and before the
public. The most recent widely-
circulated article that I have
seen on the topic is, "Why It
Pays to Keep a School Open
All Year," which appeared in
Parade, the Sunday Supplement
on December 27.

It describes a plan in operation
in the Valley Elementary
District, 30 miles from Chicago,
which has launched what it
calls the "45-15 Continuous
School Year Plan." Every
youngster goes to school for 45
class days (about nine weeks)
and then has a 15-class-day
(three-week) vacation. The plan
operates all year long, but in
rotating shifts. Weekends, holi-
days and traditional Christmas
and Easter vacations are taken
by all students simultaneously.
In addition, all pupils will get
12 days off together from June
24 to July 6 to permit school
maintenance work to be ac-
complished.

Basically, all the various ex-
tended-year (or year-round, or
four-quarter), plans center on
a single common goal: Keep
school costs down by avoiding
constructing new facilities to
meet growing enrollments. In
addition, proponents of various
plans advocate the development
of new programs to fit the
changed organizational patterns,
as well as options to provide
instruction for those who want
it all year.

Residents of our school dis-
trict may recall that the Board
of Education sought their
opinion on a four-quarter plan

of public school operation in
the winter of 1964, prior to
voter approval of the bond issue
for North High School. Results
of the post card poll showed
that 83 percent of those who
returned cards opposed imple-
mentation of the four-quarter
plan, (and 58 percent of those
favoring it—out of the remain-
ing 17 percent of the total)
wanted their children to be on
vacation during the summer
quarter. These two groups con-
stituted 93 percent of those who
returned post cards. Thus, the
Board of Education concluded
that Grosse Pointe, in 1964 at
least, was not interested in a
changed pattern of school or-
ganization.

Why bring it up again? My
reason is that the results of an
important study on the extend-
ed-year are now being widely
disseminated. Entitled "Feas-
ibility Studies for Extending the
Regular School Year," the
study was funded through a
legislative appropriation and
consisted of six different stud-
ies in eight different Michigan
school districts: Northville, Port
Huron, Utica, Ann Arbor, Free-
land, and in the tri-city area
of Okemos, East Lansing, and
Hasslet.

Various designs were studied
by the school districts concern-
ed: Port Huron, Northville and
Utica selected the Four-Quarter
Mandated design for their K-12
studies; FreeLand opted for the
Mandated Trimester, Port
Huron, Northville, and Utica
school districts selected the
Four Quarter Mandated design
for their K-12 studies. The de-
sign is also called the Stag-
gered Four-Quarter Plan or the
Quarterly plan.

Other districts used designs
called the Mandated Trimester,
the Modified Split-Trimester,
and the Five Term or Con-
tinuous School Year for their
study.

Because of this recent study
and the relevancy of the topic,
during the next two weeks I
propose the subject of the ex-
tended school year in as much
depth as space permits.

Letters to the Editor

Dear Mr. Edgar:—
Few of us know the impact
of a housefire until it occurs at
home as happened to our fam-
ily on January 8. We were ex-
tremely fortunate that the fire
erupted during the day, thus
preventing the probable loss of
lives.

We are also most fortunate
to live in a community where
the convenience and efficiency
of our local Grosse Pointe City
Fire Department does exist.
These men are dedicated and
concerned. So too are our next
door neighbors and many
friends.

We would also like to thank
the kind lady who informed
Mrs. Borland that our house
was on fire. She pounded on
the door, came in and called
the fire department, while my
wife got the children and our
dog out of the house, and then
left anonymously.

We live in a wonderful com-
munity!
Richard E. Borland
821 Washington Road

ing in The Detroit News about
the wonderful work Bon Se-
cours Hospital is doing to com-
bat drug addiction in Grosse
Pointe, in conjunction with
FLEC, I am more than ever
convinced that the selfish mi-
nority who would prevent this
fine hospital from expanding
should hide their heads in
shame. Heaven forbid that any
of their kids should need this
kind of help, but wouldn't it
be ironic, and certainly not im-
possible.

Our children were born at
Bon Secours. We've had tonsils
removed there. We've had
surgery there. We've used their
fine emergency facilities, all
with prompt, efficient and sym-
pathetic service.

It's just about time all of
Grosse Pointe said "thank you"
by letting them expand, as they
must to continue their high
standards in serving the com-
munity.

What Goes On
at
Your Library

By Virginia Leonard

The year 1970 is now past
and we can look back, sadly,
and note some of the authors
whom we have lost this 12-
month period.

Taking them alphabetically,
the first to be mentioned is
Charles Abrams, a city plan-
ner, lawyer and author; a New
York City housing expert. We
have his THE CITY IS THE
FRONTIER.

A well-known Hebrew writer
who died recently is Samuel Jo-
seph Agnon. In 1988 he was co-
recipient (with Nelly Sachs,
also deceased this year), of the
Nobel Prize for Literature, and
was the first winner of Israel's
Bialik Prize in Hebrew Litera-
ture in 1935. We have his
TWENTY-ONE STORIES and
TWO TALES.

I'm sure you will all remem-
ber GAMES PEOPLE PLAY by
Eric Berne, not to mention his
latest book, SEX IN HUMAN
LOVING. The former was in-
tended for the apists, but it
scored a sales blitz, selling 650,
000 copies in hard cover and
2,000,000 in paperback. It also
attracted criticism from Berne's
colleagues. I am sorry that we
will not be getting any more
books written by him, as I did
enjoy both of them.

Some of you will recall Vera
Brittain's TESTAMENT OF A
YOUTH, written rather long
ago and consisting of an ac-
count of the author's conversion
to pacifism. She wrote with pas-
sion of experience in her des-
criptive and often brutal anti-
war books.

A name not known to me is
Horace R. Cayton, a sociologist
as well as an author. We have
his LONG OLD ROAD. On the
other hand, you must all know
Louis Fischer, author and free-
lance foreign correspondent.
Among others, he wrote LIFE
OF LENIN, winner of the Na-
tional Book Award (1964); al-
together he had about 20 titles
to his credit.

Another well-known author is
E. M. Forster, a British author
with five published novels.
Titles familiar to you might be
PASSAGE TO INDIA and
ROOM WITH A VIEW. He also
has some non-fiction titles which
appear in our catalog. Forster
was known for a combination of
relaxed style with complex vi-
sionary content and for occupa-
tion with the theme of the need
for wholeness in human rela-
tionships.

For the whodunit buffs, we
have lost Erle Stanley Gardner,
author of over 140 books, in-
cluding the world-famous Perry
Mason mystery novels, based
on his own experiences as a
lawyer. He may very well have
been the best-selling American
writer of the century, whose
paperback editions sold at the
rate of over 2,000 an hour!

And who has not heard of
John Guther, a writer and ro-
ving journalist, so well-known
for his international best-selling
INSIDE series? For the history
aficionados, we must list Rich-
ard Hofstadter, historian, au-
thor and educator. Two of his
titles which we have are ANTI-
INTELLECTUALISM IN AM-
ERICAN LIFE and THE

STRUCTURE OF AMERICAN
HISTORY.

Another familiar name is Jo-
seph Wood Krutch, prolific
author, naturalist and conserva-
tionist. In 1955 he won the Na-
tional Book Award for THE
MEASURE OF MAN. He was
also a founder of the Literary
Guild.

In the field of anthropology,
we have lost Oscar Lewis, so
prominent for his CHILDREN
OF SANCHEZ and LA VIDA.
His books were really lengthy
tape-recorded interviews. His
theory was that poverty is an
identifiable culture transcend-
ing national difficulties.

When it comes to war, we all
recall Sir Basil Henry Liddell
Hart, a British military strat-
egist, whose theories of tank war
fare were used more freely by
the Germans than his own coun-
trymen during World War II.
He was an advocate of arms
control and conventional de-
fenses. Two of his titles were
DETERRENT OR DEFENSE
and THE REAL WAR, 1914-
1918.

Two semi-classics are MID-
DLETON and MIDDLETOWN
IN TRANSITION and now Ro-
bert S. Lynd is gone. As you
may know, "Middletown" was
really Muncie, Indiana, and not
all the citizens there were flat-
tered to learn that by large they
regarded successes as a
matter of mere money and had
no real sense of understanding
for their poor and hardly more
for their own children.

Time and space are running
out, so we will finish the rest
of this alphabet briefly. Gone
is the eminent psychologist, Dr.
Abraham Maslow; we have his
PRINCIPLES OF ABNORMAL
PSYCHOLOGY. John O'Hara de-
serves a column for himself.
His name is known to all of
you; he won the National Book
Award for TEN NORTH FRED-
ERICK in 1956. Harry A. Over-
street is gone also; he popular-
ized psychology for the layman.

You remember FBI IN OUR
OPEN COUNTRY and THE MA-
TURE MIND? Clinton Rossiter
was Professor of American In-
stitutions at Cornell and we
have several of his titles.
George Henry Soule, known as
an educator, economist and a
liberal socialist, wrote NEW
SCIENCE OF ECONOMICS and
PLANNING, U.S.A. And finally
we have Quincy Wright, a
university professor and author
of PREVENTING WORLD WAR
III.

Each year we lost some, and
gain some new faces. But those
that are gone have left a bit
of immortality in their writings.

Each year we lost some, and
gain some new faces. But those
that are gone have left a bit
of immortality in their writings.

What's New on
THE HILL

By Pat Rousseau

Francesco Beauty Salon... opened at 117 Ker-
cheval on the Hill, July, 1968. Loyal customers
of owner, Frank Messina, followed him there. To-
day, a staff of five keeps things running smoothly,
turning out beautiful hairstyles and offering spe-
cial services at moderate prices. Hours are 6:30
to 4:30 except Thursdays when late appointments
can be made.

To Market... To Market...
Tony Morse went to buy new
furniture, decoratives and art
for The Mermaid and the Mer-
maid Gallery. Shipments are
arriving daily.

Valen-Timely Special... at Trail Apothecary,
121 Kercheval, is the special gift package of Femme
by Madame Rochas. When you buy the spray
toilet water for six fifty, you get a Femme purse
spray free.

January Specials... offer very
special buys at The League Shop,
98 Kercheval. There's some-
thing new every week. Don't
miss the bargains.

Admiring Art Work... in the beautifully
decorated model in the Jefferson Apartments, East
Jefferson and Neff Road, we learned the paint-
ings and graphics were from The Sign of the Mer-
maid Gallery.

Window Shopping... at Denler, 77 Kercheval,
we loved the antique botanical prints and the
charming water colors by Madame Cloutier. In-
side, we discovered so many more including large
size colorful botanical prints from Sweden. These,
incidentally, are surprisingly inexpensive.

Raves... for the model apartment at the
Jefferson Apartments, Neff Road and East Jeffer-
son. It was decorated by Eleanor Schneider, AID.
You'll want to leave everything behind and move
right in. If you're moving from a large home,
you'll be glad to see the rooms are big and airy
and there is plenty of closet space. Visit, as we
did, the model apartment and then go next door
where you will get a much better idea of the quality
construction of the building. Call 882-7708 for
more information.

Warm-up Headquarters... these cold days
is The Bronze Door, 123 Kercheval. These snowy
nights Harvey Griffin brightens the atmosphere
even more by entertaining. For reservations, call

From Another Pointe of View

By Janet Mueller

The annual meeting of the Women's Auxiliary to Cottage Hospital opens at 11 next Tuesday morning at Cottage Nurses' Residence in Ridge road.

First off, there's the election of officers for the coming year with, (no upsets expected!), Mrs. Ralph Quinones serving as president and Mrs. Jack Leithauser as president-elect.

Others are Mrs. Walter Remter, first vice-president; Mrs. George Bertels, Jr., second vice-president; Mrs. John Barlow, recording secretary; Mrs. Edward Moon, corresponding secretary; Mrs. Francis Van Duesen, treasurer; Mrs. Fred Grice, assistant treasurer; Mrs. Richard Langs assisted by Mrs. John P. Then the officers will be installed, at a candle-light ceremony with Mrs. William Nagel, director of Education for the Southeast District of the Michigan Association of Hospital Auxiliaries, presiding.

Then a member of the Hospital's Board of Trustees will present Service Awards.

Then everybody goes on vacation!

Travel Fantasy is the luncheon theme chosen by chairmen Mrs. John Gilmore and Mrs. Moon. Auxiliary members have been advised to come to the meeting in "resort attire"—anything, from ski pants to muumuus, goes—and each will be seated at the table of her "dream vacation."

Well... vicarious is better than nothing.

Mrs. Gilmore, 886-6164, and Mrs. Remter, 881-8633, are accepting reservations.

Junior League Calendar

The Junior League of Detroit will publish a 1972 calendar featuring the work of budding artists from Detroit's Public Schools whose entries, on the theme "Detroit With A Positive View," were judged Friday, January 8, in the School Center Building.

The winners and judges—Detroit Public Schools' Art Director Jules Trattner, Detroit Institute of Arts' Curator of Modern Art Sam Wagstaff and Mrs. Barnett Malbin, one of America's foremost collectors of modern art—will be honored at a luncheon at the Detroit Institute.

DRC To View Travel Films

Popular lecturer Max (Mrs. Ben) Beyer, of Trombley road, will present a program featuring colored films of Spain, Portugal and the Chateau Country of France before members and guests of the Detroit Review Club next Tuesday, January 26, at the Women's City Club at 1:30 o'clock.

The Beyers, whose hobby of travel to far-off or glamorous places has resulted in professional films and talks, are particularly proud of their films of Santiago de Compostela and the Hostal de Los Catalicos, a former monastery, then hospital, now a fabulous, beautiful hotel.

Another off-beat travel spot, highlight of their trip last year, was Bussaco, Portugal, the former hunting lodge of the Kings of Portugal, to which the Beyers hope to return. Of special interest is the magnificent forest, part of the grounds—the result of the former Kings' instructions to Portuguese explorers to bring home any rare tree, shrub or flower found on their travels. Judging by the rare specimens in the forest, the explorers were VERY busy.

Mrs. Marion H. Crawford, president of DRC, will conduct a short business meeting before Mrs. Beyer shows her films. Mrs. Robert Gerisch, program chairman, will introduce the speaker.

March Fashionscope Symphorama

(Continued from Page 13)
be presented with typical flair and finesse by the J. L. Hudson Company.

Celebrity guests for the occasion, who will appear on stage, already include Polly Bergen, noted beauty, performer and beauty expert, Kasper, internationally famed designer, and Stanley Gellers, editor and fashion director of Men's Wear magazine, (and we hear there are other super celebrity guests in the offing).

An ensemble of approximately 20 Detroit Symphony musicians conducted by the Symphony's own Felix Resnick will

play lively, lifting and light show tunes to accompany the fashion parade.

An Afterglow follows the stage production and every ticket holder, regardless of price, will be invited to stay and join the fun.

As the fashion show ends, the Symphony players' group will give way to Jack Qualzy's dance band and everybody from the audience will be invited to come up and dance on stage until after midnight, if they wish.

Pete Baltrus and his combo will simultaneously be holding forth in the lower, level social

hall, just in case the stage becomes too crowded for dancing comfort. Refreshments will be available.

A pre-performance black tie dinner party will already have been held in the social hall, preceded by cocktails in the grand lobby. This phase of the "Fashionscope Symphorama 1971" evening is limited to 400—and only 400—purchasers of the 50-per-person tickets. So it behooves those interested to get their \$50 tickets early.

General admission tickets are priced at \$5 and include the Afterglow. Mrs. Arnold L. Brown, 832-1080, is taking orders.

Other ticket prices are \$10, \$25 and \$50. Mrs. Ray A. Altalo is reservations chairman. Pointers vitally interested in this gala project include Mrs. Thomas V. LoCicero, Women's Association president, Mrs. Albert D. Law, tea chairman, Mrs. Russell E. Bauer and Mrs. Thomas Girard, co-chairmen for the area.

Association officers and directors invited to the tea included Pointers Mrs. R. Alexander Wrigley, Mrs. Ray W. Macdonald, Mrs. John W. Nelson and Mrs. Pierre V. Heffler and Detroiters Mrs. John W. Griffin and Mrs. Kurt R. Keydel.

Among Pointers who received tea invitations were Mrs. James Doll, Mrs. George P. Johnson, Jr., Mrs. Andrew Malot, Mrs. C. Dale Barrett, Mrs. J. Wilfred Harrison, Mrs. Harry Redman, Mrs. Dwight M. Nelson, Jr., Mrs. Robert O. Teeg, Mrs. John C. Griffin, Mrs. Harvey O. Dixon, Jr., Mrs. Herman P. Sattler, Mrs. Winfield S. Jewell, Jr., Mrs. Robert E. Thibodeau, Mrs. William H. Mrs. Frederic L. Goeddel

In Jefferson Avenue Presbyterian Church late Tuesday afternoon, January 19, EVE EVERITT COTTER, daughter of the Frank D. Cotters, of Rivard boulevard, was married to Mr. Goeddel, son of the J. Stanley Goeddels, of Wyoming, O.

Miss Cotter Married To Frederic Goeddel

Mrs. Robert L. Durham, in Mauve Linen Trimmed with Cyclamen and Green Velvet, Attends her Sister at Tuesday Ceremony

A reception at the Rivard boulevard home of her parents, Mr. and Mrs. Frank D. Cotter, followed the Tuesday afternoon, January 19, wedding of Eve Everitt Cotter and Frederic Louis Goeddel.

He is the son of Mr. and Mrs. J. Stanley Goeddel, of Wyoming, O.

Officiating at the 4:30 o'clock rites in Jefferson Avenue Presbyterian Church was Dr. Allan A. Zaun.

Appliques of lace and pearls accented the bride's candlelight beau de sole gown with its Chapel length train applied with crystal beads and pearls. She wore an antique lace mantilla and carried a bouquet of baby's-breath and white roses.

Mrs. Robert L. Durham, who attended her sister, chose a mauve linen frock trimmed with bands of cyclamen and green velvet.

She carried a tight bouquet of cyclamen-tinted carnations matching the cyclamen velvet bow in her hair.

A. Leonard Brooks was his brother-in-law's best man.

Mrs. Cottier chose a gold-tone paisley print dress and coat ensemble for her daughter's wedding. Neck and sleeve ruffles accented the bridegroom's mother's navy blue and white silk organza costume.

Both selected phalaenopsis orchid corsages.

The newlyweds will reside in Cincinnati, O.

Killing time is just another of many forms of success-suicide.

Staples to Solo With Symphony

Gordon Staples, concertmaster of the Detroit Symphony Orchestra, will be the featured soloist at the Symphony's Thursday and Saturday, January 21 and 23, concerts this week in a program conducted by Sixten Ehrling.

Both performances begin at 8:30 o'clock in Ford Auditorium.

Mr. Staples, who has appeared 35 times to date as a soloist with the Orchestra, will perform the Beethoven Violin Concerto in D major.

The remainder of the program will consist of Carl Nielsen's "Maskerade" Overture and Hindig Rosenberg's Symphony No. 3.

Ehrling and the Orchestra introduced Nielsen's Overture to Detroit audiences in October 1965. The Rosenberg Symphony will be new in the Detroit Symphony's repertory, though Ehrling and the Orchestra did introduce the same composer's Concerto for Strings and his "Marionettes" Overture to Detroiters in 1966.

Members of the Junior Women's Association for the Detroit Symphony Orchestra will distribute their annual complimentary Souvenir Program to concert patrons at the Saturday performance. This Souvenir Program is one of the Juniors' principal fund-raising events in behalf of the Orchestra.

Tickets for the Thursday and Saturday performances are now available at Ford Auditorium, all Hudson's and all Grinnell's ticket outlets.

Founder's Day Program For Kappa Alpha Thetas

Detroit area Alumnae of Kappa Alpha Theta sorority meet to celebrate their Founder's Day this Saturday, January 23.

Commodore's Ball Lights Up the DYC

Pointers Joseph M. Bellardi, George Menendez and John H. Theuerkorn Head This Year's Roster of Officers at Belle Isle Club

Commodore's flags lined the bridge leading to the Detroit Yacht Club last Saturday evening as members and guests gathered to honor the Club officers, led by Commodore Joseph M. Bellardi, of Putnam place, at DYC's traditional Commodore's Ball.

Remi De La Meilleire and his decorating committee created a flag sailboat at the entrance while inside, in the lobby, floral arrangements and tiny lights were everywhere. A committee led by Joe McHugh was responsible for the lobby decor.

Commodore Bellardi and his wife Nancy, in a long-sleeved dress of white lace over lemon ice peau, greeted arriving partygoers in the lobby.

Also in the receiving line were Vice Commodore George Menendez, escorting his daughter Diane (Mrs. Martin Garrett, III) Chapin, in a slim, low-backed white crepe gown, and Rear Commodore John H. Theuerkorn, whose Della wore full-skirted, bead trimmed pink chiffon — beautiful albeit last-minute replacement for the specially-designed creation that wasn't completed in time for the Ball.

The Vice and Rear Commodores are Pointers too.

Other DYC Flag Officers, all at the party with their ladies, are Secretary Charles M. Dawes, Treasurer Wayne J. Dupuis, Fleet Captain John Withers, Fleet Surgeon Dr. Vincent Adams and Fleet Measurer Albert H. Trowell.

Members of the board of directors are James W. Alexander, Robert J. Cherban, Commodore William D. Cohan, Joseph A. Dewey, Walter D. Karal, Robert K. Veitch, Wayland B. Weaver, Robert A. Cousino, Richard M. Kallz, Donald H. McIver, Peter M. Shantz, Jr., Ernest R. Switzer and Robert K. Wallace.

Special guests included the DYC's many past Commodores and Grosse Pointe Yacht Club Commodore and Mrs. Ralph Kliber, Bayview Yacht Club Commodore and Mrs. G. Norman Gilmore, the Detroit Boat Club's Robert Hawksleys, the Grosse Pointe Club's John A. Hendries, the Grosse Ile Yacht Club's Will Howards, the Port Huron Yacht Club's Robert

Judith Ann Walker Wed In December

Speaks Vows to Michael David Waara at Evening Service in Central Woodward Christian Church; Pair at Home in Ann Arbor

A candlelight satin gown featuring an Empire waist, pearl-and lace-trimmed bodice and sleeves and a train, and a bouffant illusion veil falling from a lace and pearl headpiece were chosen by Judith Ann Walker for her Saturday, December 26, wedding to Michael David Waara.

She carried a Colonial bouquet of white roses, pale blue baby's breath and stephanotis.

The 6:30 o'clock rites in Central Woodward Christian Church, Detroit, at which Dr. James K. Hempstead and Bishop Walter J. Schoenherr presided were followed by a reception in the Church Social Hall.

The new Mrs. Waara is the daughter of Mr. and Mrs. Dwight A. Walker, of Stanhope avenue. Her husband is the son of Mr. and Mrs. Rudolph E. Waara, of Pontiac.

Honor maid Elaine Nowakowski wore a lace-trimmed Empire frock of pale blue satin. Bridesmaids, in identical gowns of sapphire blue satin, were Karen and Sue Walker, the bride's sisters; Kathie Waara,

the bridegroom's sister, and Peggy Gall.

They carried Colonial arrangements of blue cornflowers, white baby mums and blue baby's breath.

Best man was Douglas Densstedt, of Pontiac. In the usher corps were Barry Waara, the bridegroom's brother; Len Nosal, Paul Travis and Dr. Ben Pettit, the bridegroom's brother-in-law.

The bride's mother chose a rhinestone-trimmed apricot silk shantung costume for the candlelight service. The bridegroom's mother wore a dress and coat ensemble of mint green brocade. Both selected white orchid corsages.

The newlyweds vacationed in Quebec City and are at home in Ann Arbor.

MR. AND MRS. JOSEPH L. HICKEY, OF EDMONT PARK

By Janet Mueller

On their 25th wedding anniversary, Sally and Joe Hickey's children gave them a surprise brunch at the Grosse Pointe Yacht Club. Lots of fun, food, drink and people. But THIS TIME, the Hickeys have insisted, "no mob!" So...

Tomorrow there'll be an anniversary mass—a Golden Anniversary Mass—at Saint Paul's-on-the-Lakeshore.

And daughter Eileen (Mrs. John L.) King is having all the family over for dinner at the Kings' Lakeland avenue home. That may not be a mob... but it's hardly a "small" family gathering.

Sally Hickey O'Donnell's up from Cincinnati for it, with Mr. O'Donnell and the young O'Donnells, six of Sara and Joe's 17—nine boys and eight girls—grandchildren.

Then there are Eileen and John and their brood, and sons, Joe, Jr., and Ed, their wives and children.

Pretty Nice Alignment Two sons and two daughters, nine grandsons and eight granddaughters. How's that for a symmetrical family alignment? The Third Generation ranges in age from 11-year-old Fred (Hickey) to Ellen, in her early 20's. Ellen is Ed and Ann Farley Hickey's daughter; hers will be the next, (first of "her crowd"), wedding in the family.

Ellen and Randy Waterman became engaged in the fall. They plan to be married next June. And so the weddings begin again...

Sara Murphy and Joe Hickey met at a wedding, in Scarborough, N.Y. She was a bridesmaid.

They were married in the East, for Sally's family lived in Brooklyn, N.Y. Her father, Michael Murphy, invented the bathing suit. At Coney Island one day, he noticed men, women and children romping in the water in their oldest clothes, figured there must be a better way, went home and began to manufacture the first bathing suits in the world.

They Caught On They caught on. Mr. Murphy's Ocean Bathing Suits began turning up here, there, eventually everywhere. He was the first, and largest, bathing suit manufacturer in the world.

When Sally married Joe, and moved "west," she was no provincial Easterner; heading, half-scarred, into terra incognita on the other side of the Adirondacks. She'd already been to the Pacific Coast and back several times with her father, on private railroad cars.

The newlywed Hickeys moved directly into Grosse Pointe. Joe's family had been here since 1911.

"We were the only single family living between Jefferson and the lake from Alder road to Cadieux. The McMillan house was just being built..."

Imported Sparrows Of course, Joe's family had been Detroiters long before they moved to The Pointe. His mother's father built the first brick house in Detroit, importing the bricks from England...

For their sons' weddings the Hickeys had to travel. Joe, Jr., married a Grand Rapids girl; Ed claimed the daughter of President Franklin D. Roosevelt's Postmaster General Jim Farley as his bride in New York's St. Patrick's Cathedral.

Come Babies, Bedlam After the weddings, the babies... On Christmas, on Thanksgiving, Hickey sons and daughters, grandsons and granddaughters all come "home" to Edgemont Park. And what's it like?

"Pandemonium!" (Joe) "Bedlam!" (Sara) But they're smiling when they say those words.

Sally runs the house by herself now, with the help of a twice-a-week cleaning woman. When they first moved in she had a cook and a nursemaid but, in the past 50 years, cooks

and nursemaids have gone the way of the dodo. Sally Hickey could care less. She's quite capable of running the house herself—and she has Joe.

Talk about a handy man! Real Handy Man "I have always," says Joe, "taken care of the maintenance of this home."

He has every conceivable gadget to help him. His basement workshop is a hardware store addict's delight, shelves stocked with nails, bolts, screws, nuts in all sizes and shapes, with every-color-of-the-rainbow paints, with hammers, screwdrivers, handtools hanging on the walls, with a jig saw, a band saw, a grinder...

He even has a private "lumberyard," blocks and boards in various lengths and thicknesses stacked in a smaller room off the main workshop, (when a "handy man" needs a piece of wood, he needs it NOW).

His father's workshop, nicked, scarred, stained, indestructible, stands along one wall. In the small hall leading into the workshop, opposite Joe's "office," there's a slate ruled and lettered by daughter Eileen: Spaces for who took what when and when they expected to return it under the heading: "Borrowed from Papa."

The Slate Helps Tools, as any "handy man" knows, have a way of disappearing. Does Eileen's slate help? It doesn't hurt. Joe Hickey can be happy in that workshop all day, all alone—or with 24 fellow woodworkers of the Woodworking Club of the Senior Men's Club of Grosse Pointe, who get together every other Tuesday, (the Tuesdays the Senior Men's Club doesn't meet en masse), to "do their thing" in each other's basements.

Sally has her things to do too: Her bridge group, her friends, (in 50 years in the same community, you make a lot of friends). She's still active in the Milk Fund of Providence Hospital, as was Joe's mother, who introduced her to the group as a bride. Fifty years ago tomorrow...

It doesn't seem like 50 years," Sara Murphy Hickey muses, smiling, glancing at Joe. He's smiling back.

Dulce Greene, Grosse Pointe South High Class of 1968, will talk about her Youth for Understanding year in Germany...

And Mrs. G. A. Hein... is coming from Ann Arbor to explain the Experiment in International Living, Mrs. J. V. Jenks, of University place, will show American Field Service movies... The sponsoring organizations hope any family interested in hosting a foreign student, for a weekend or a year, will come and learn about the YFU and AFS programs...

Families with teens... who might be interested in going abroad in the next two years will find this a fascinating session too: Remember, there are drawbacks as well as advantages, disappointments as well as delights in the life of a foreign exchange student (although all we've talked to are unanimous: The advantages FAR outweigh the drawbacks)... Mrs. George Walker, of Kenwood court, is chairman of the South High School group; Mrs. B. K. Bockstanz, of North Brys drive, heads the North High committee...

Back to invitations... another pretty pink one at that, to end this column in the same motif we began it: Most charming invitation of the New Year is the lyce-and-trumpets drawing bidding guests to the Detroit Grand Opera Association's 1971 Opera Luncheon in the Detroit Institute of Arts' Great Hall this Monday... The Pointe's Ruth (Mrs. Joseph A., Jr.) Vance was in charge of reservations...

PILFERINGS

The young mother was extremely cautious in bringing up her infant. Visitors were required to wear surgical masks, and disinfectant was sprayed around the room periodically. One day she told her husband, "Junior seems to be cutting a tooth, but I can get him to open his mouth so I can see."

"Well, do as my mother did," the new father replied. "Stick your finger in his mouth and feel." When he saw her shocked look, he quickly added, "Of course, Mother always boiled her finger first."

While making a medical call in an unfamiliar part of town, I carefully checked the house number, but unknowingly I had the wrong street. The woman who answered the door looked at my black bag and said, "Well, you've come to the wrong house, but come in anyway. I feel lousy!"

Politics is like an air cushion: There may be nothing in it, but it eases our joints wonderfully.
