INDIA AND PAKISTAN, ignoring the UN's plea to cease fire and withdraw their troops from each other's territory, continued fighting in Kashmir and East Pakistan. An Indian spokesman claimed Wednesday that Indian troops had gained control of the major cities of Jessore, Comilla, and Sylhet in "Bangla Desh," India's rebel name for the country of East Pakistan. Pakistani President Agha Mohammed Yahya Khan has set up a national defense fund, in what was believed to be a preparation for a long war with India.

DR. RALPH J. BUNCHE, 67, a Detroit-born Negro, recipient of the 1950 Nobel Peace Prize, and a leader in the UN since its creation in 1945, died Thursday in New York. Dr. Bunche first gained world recognition as the negotiator of the 1949 armistice between the new state of Israel and the Arab states. After winning the 1950 Nobel Peace Prize for his part in the Palestine accord, he played successive key roles in the Suez Canal crisis of 1956, the civil strife in the New African nation of the Congo in 1960, and the ethnic struggles of divided Cyprus in 1964.

THE MICHIGAN LEGISLATURE passed Thursday a drug bill which would be a sweeping reform of Michigan's current drug abuse control laws. The most striking reform measure would reduce simple use of marijuana to a misdemeanor offense subject to a maximum penalty of 90 days in jail and a \$100 fine. The new act provides for a year in jail and a \$1,000 fine for conviction of possession. Four years in prison and a \$2,000 fine would be the maximum upon conviction for "delivery," or giving marijuana to another person. The bill has been sent to Governor Milliken to sign into law.

WILLIAM H. REHNQUIST, 47, was confirmed Friday by the Senate as President Nixon's fourth appointee to the Supreme Court. The vote was 68-26, with U.S. Senator Robert P. Griffin voting for the nominee, and U.S. Senator Philip A. Hart voting against him. Mr. Rehnquist, previously a Justice Department lawyer, will take his seat on the court in January.

A GAS EXPLOSION ripped through a water tunnel being built under Lake Huron five miles north of Detroit Saturday, killing 17 workers and seriously injuring nine. The cause of the blast was not officially determined, but natural gas seepage from the shale surrounding the tunnel was suspected. The doctors trying to free the victims from the twisted metal inside the tunnel were afraid to use torches because of gas fumes still lingering in the tunnel. At the time of the blast, 3:11 p.m. Saturday, 40 men were in the tunnel.

Monday, December 13

THE DEATH TOLL of the Lake Huron tunnel explosion had risen to 22 Sunday, with eight workers still hospitalized. Four different federal and state agencies have launched a search into the cause of the explosion.

Tuesday, December 14

INDIAN AIRBORNE UNITS were within six miles of Dacca, the capital and last significant stronghold of East Pakistan on Monday. In Dacca, the commander of Pakistan's military forces in the East, Lt. Gen. A. K. Niazi, said that he would sacrifice the city and all his troops there rather than surrender to India and the Bangla Desh rebels. On Monday, 30,000 Pakistani soldiers fortified the capital city Dacca.

County Okays Resurfacing Of Streets

East Jefferson and Moross Will Be Repaired at Cost of Estimated Half Million

The Wayne County Road Commission has announced a \$12.7 million County-wide street resurfacing program which will begin in early summer and be completed by the fall of 1973.

Michael Berry, chairman of the Board of Road Commissioners, said it was the single largest resurfacing program ever undertaken by the Board and would be financed through gas and weight tax revenue bonds.

Berry, his fellow commissioners, Freddie G. Burton and Philip J. Neudeck, together with Third District County Commissioner Ervin A. Steiner, Jr., announced three projects for the Grosse Pointe area that will cost an estimated half million dollars.

Berry and Steiner explained that the bonding program would enable the Commission to do the resurfacing in a two season period rather than over a long period with the gradual accumulation of the yearly returns of the gas and weight tax money.

Many Items Fill Agenda At Park Council Meeting

By Roger A. Waha
Grosse Pointe Park city attorney Richard D. Rohr gave a progress report on the Detroit Edison Company's proposed street lighting rate increase at the Park city council meeting Monday, December 13.

Rohr feels progress is being made on the Edison question and hopes to work with a rate expert early in the new year. A hearing has been scheduled for Wednesday, January 19, at the Public Services Commission office in Lansing. The Park, Woods, Farms and City entered into administrative action last week against Edison's proposed hike. The Pointe cities are currently participating with other communities to help pay legal costs to fight the rate increase. These communities in-

Tenure Act for Teachers Subject of Discussions By Educators, Lawmakers

Grosse Pointe Education Association Has Meeting With Board of Education Members to Hear Reactions to Bill to Repeal Act

By Pepper Whitelaw
The Michigan Tenure Act for teachers has been discussed at great length by educators and politicians during the past year. A bill to repeal the act is currently in the education committee of the House of Representatives.

The Tenure Act contains formalized fair dismissal practices for teachers set into law by the State of Michigan, which assures teachers that "due process" be exercised in employment practices.

There are two types of teacher contracts, probationary and tenure. During the first two years that a school district employs a teacher, he is issued a probationary contract. At the conclusion of that period that probationary teacher's contract may be terminated at the discretion of the board.

However, if a teacher successfully completes his probationary period, and has a tenure contract, he can only be dismissed for "just and reasonable cause" and the burden of proof lies with the administration.

Local Meeting Held

At a recent local meeting of the Grosse Pointe Education Association, one of six district-wide meetings held by the GPEA during the school year, members asked School Board

members their attitudes on tenure and how they felt about repeal of the Tenure Act.

Rita Carey, president of the GPEA, released the following statement on that meeting to the NEWS:

"The Grosse Pointe Board of Education and four members of the Central Administration Staff met with teachers on Tuesday, November 16, for the purpose of discussing the Michigan Teacher Tenure Law. With one exception (Donald Semmler), the Board was unanimously in favor of repealing the law. And while it was clearly stated that the Michigan Association of School Boards had earlier voted for repeal, no member of the Grosse Pointe Administration committed himself at the November 16 meeting."

"Opportunism" Evident
"However, opportunism was evident as each successive board member took his or her turn at the podium to make general and implied charges that incompetency is prevalent in the Grosse Pointe Schools. One member (Mrs. Barbara Thompson), was so convinced

Gets 5-10 Years On Drug Charge

A Grosse Pointe woman was recently sentenced to 5-10 years in jail for possession of narcotics, by Wayne Circuit Judge Thomas J. Foley.

Mary M. Grunow, 20, 1977 Allard, was sentenced to a minimum of five years in the woman's division of the Detroit House of Correction in Plymouth.

Miss Grunow and several youths were arrested September 15 in Harper Woods Memorial Park by Harper Woods police officers and members of the Wayne County Sheriff's metro squad.

She was charged with possession of narcotics after police confiscated a metal pill box containing about 20 grams (.07 ounces) of heroin.

Three Proposals On Student Rights Okayed by Board

Committee Composed of Students, Teachers and Administrators Commended for Production Covering Policies

By Pepper Whitelaw

Student rights proposals were on the agenda at the regular meeting of the Grosse Pointe Board of Education on Monday, December 13. The board was asked to take action on a student rights policy, a student organization policy and one on the distribution of student printed materials.

The matter got off to a stumbling start when it was discovered that members of the Grosse Pointe Education Association had not been consulted on these changes. Lawrence Kennedy, assistant superintendent of personnel, told the board that they were contractually committed to discuss any changes in procedures which would affect hours, wages or working conditions with the GPEA before the changes were approved by the board. He said this was part of the master contract between the school board and GPEA employees.

Attorney Consulted

William Adams, board president, then asked for a brief recess to consult with board attorney Douglas West. Following the recess Mr. Adams indicated that Mr. West said that there was reasonable doubt that these changes would affect the working conditions of the teachers and the matter was then reopened for discussion and vote.

Lee Allen, treasurer, then asked if he could review the makeup of the committee which formulated these policy changes.

Don Bassett, chairman of the committee, said that the presidents of the Student Associations of both high schools were asked to select representatives, and members of the Education Association were asked to recommend members. Each group did so and the committee was formed.

Members include students Foster Peabody, Jeff Moran, Lynn Howell, Clay Adams, Mary Squires and Mark Kennedy; Betty Brady, Dave LaDuke and Doug Schubert, teachers; board president, William Adams; Russell Jones, of the pupil personnel department; four administrators, Richard Kay, Jim Cooper, John Thursty and Mr. Bassett.

Committee's History

Mr. Bassett then gave a brief history of the committee. He said South High principal Jerry Gerich indicated to administrators that there were areas in the student discipline code that needed updating and other areas that needed to be covered on student rights and due process. The staff was in agreement with Mr. Gerich and the committee was formed.

Mr. Bassett said the group was intent on preparing policy documents which would protect the administration, the school board, the teachers and the students.

They came up with what the

Woods Councilmen Caught On Horns Of A Dilemma

By Kathy Duff
The Woods council learned in their Monday night, December 13, regular meeting that "You can't please all of the people all of the time."

But in an attempt to please some of the people, some of the time, the solons were also thwarted. For some of the other people were not pleased.

It sounds fairly confusing, and it is, since some local residents are currently protesting SEMTA's rerouting the bus off Brys drive.

Previously, the only complaints the bus service heard were from the Brys drive residents who said that the buses caused their houses to vibrate, their dishes to rattle (and sometimes break), and, in general, endangered the safety of their children playing along

Comparison Made With 1969 Figures

Board of Education Hears Interesting Presentation at Monday Night's Meeting

A summary of the results of the June, 1971 Drug Abuse Survey and a comparison with the results of the December, 1969, survey which caused such a furor all over the city when it was published, were presented to the Board of Education at its regular meeting on Monday, December 13, by the department of instruction.

A 10 percent systematic random sampling of students by grade for grades five through twelve were tested in all public schools. The 1971 study of the fifth and sixth grades was made using the same survey questionnaire that was used in 1969 survey.

The study of the seventh through 12th grades was made using the recently developed Oakland Drug Abuse Questionnaire, (which Grosse Pointe participated in designing).

Although different survey questionnaires were used for the two surveys, certain questions on each were sufficiently similar so that comparisons were possible on those items originally surveyed in 1969.

Reliable Estimates

The stability of the results from both surveys suggests that these data are probably valid. The results of the 1971 survey show a decrease in the use of drugs and substances in the Grosse Pointe Public School System according to the department of instruction, which conducted the survey under the direction of Len Jensen and Roger McCaig.

Dr. Joseph Spagnoli, assistant superintendent of instruction, told the NEWS that this survey will be of great value in the development of pertinent programs on substance abuse in the School System.

He added that the role of the school on the drug abuse scene is that of preventive education and that this survey provides administrators with information on critical areas which need to be discussed and incorporated in the school curriculum.

Big Decreases Shown

The survey indicated that drug abuse among fifth and sixth graders has decreased to a level that should probably be considered an optimum floor for a school system that serves 1900 young people in this age group.

The use of inhalants has reduced from 13 per cent of

Tree Lighting Set In Farms

The Grosse Pointe Farms Boat Club's gift to Farms' residents at Christmas time is the erection of a tree of lights on the flag pole near the entrance of the Farms Pier Park.

The idea originated last year after Mayor William Butler contacted Mr. and Mrs. William DeGalan and Mr. and Mrs. Jerome Janisse about having some sort of decorations at the park.

The two families went to work and came up with something of an engineering miracle. The tree is over 30-feet high, has 28 cords and 980 small lights, each light hand dipped with a special red glass dye.

Last year, hockey sticks played havoc with the Christmas display so Mr. DeGalan had to practically reconstruct the entire tree this year. He said he was more than happy to do it since Farms' residents enjoyed it so much last year.

This Sunday, December 19, formal tree lighting ceremonies will be held at the Pier Park at dusk. Mayor and Mrs. William Butler will preside over the ceremonies. Members of St. Philomena's Choir will lead those in attendance in carols.

Farms residents are urged to attend this holiday gathering.

Blaze Damages Home in Park

Park firemen answered a call from Randy Elias, 1468 Lakepointe, Saturday, December 11, and extinguished a blaze in the kitchen.

Painting tools were being cleaned with gasoline in the kitchen sink, with the gasoline igniting. The fire was apparently started by a static spark or friction, said Phillip Costa, assistant chief.

No one was hurt in the four family flat although there was extensive smoke damage, and damage to walls and kitchen cabinets. Some smoke also penetrated the upper flat.

Results of School Drug Survey

(Continued from Page 1)

students to 8 per cent, and the use of pills and marijuana to 2 per cent, a usage level that should probably be regarded as a practical zero.

There is an absolute zero in the reported use of hallucinogens and heroin. These statistics represent a marked decrease in the usage levels reported in the original study and is a testament to the massive effort for this target group last year in the instructional program.

Elementary school children are significantly more aware of the drug scene, directly and indirectly than they were a year ago. They have received more information, know more people involved in drug abuse and have easier access to drugs than a year ago.

Get More Information

More fifth and sixth graders are receiving information about drugs from all sources than before. Almost all young people in this group (92 percent) now report that their teachers include drug abuse education in the curriculum. The total input of information from all sources appears to have reached a bombardment level, and the bombardment appears to have been extremely effective in reducing experimentation with drugs.

An increase is reported in the exchange and use of drugs and inhalants in school. In view of the marked decrease in the actual use of drugs, this finding should be interpreted as an increased awareness of a small incidence of use and traffic.

More Smoking, Drinking

Frequent smoking, however, is increasing among fifth and sixth graders. The number of students who report having used alcoholic beverages one or more times has increased from 10 per cent to 15 per cent with beer and from 5 per cent to 9 per cent with other alcohol.

In the Middle School, grades seven and eight, the percentage of regular drug users, (more than once a month) is about the same as last year, in the 3 percent zone. The number of experimenters however has increased from 5 percent to 10 percent.

Experimentation with most forms of drugs except narcotics has increased. The greatest increases appear to have occurred with marijuana (now 7 percent), inhalants, (now 6 percent), stimulants, (now 4 percent), and depressants, (now 4 percent).

More Seventh Graders

The first dramatic increase in the use or experimentation of drugs occurs in the seventh grade.

The perception of students indicates that a drug abuse program does exist in the middle school and that drug abuse education is more than a hit-and-miss matter in the high school.

The survey also revealed that middle school students react more favorably to school drug abuse programs than high school students.

The profiles of user-experimenters indicates that they are more estranged from school and family and do more dating than young people who have never used drugs at all. This finding is consistent with previously conducted local research, which determined that users-experimenters tend to be more hostile to school and family than young people who have never used drugs at all.

The number of seventh and eighth graders who smoke every day has increased from 2 percent to 10 percent.

Drinking Decreases

The number using alcoholic beverages more than once or twice appears to be somewhat less, from 22 percent to 14 percent, than 18 months ago.

In the high school section of the survey, it was found that in the original survey, 71 percent of students reported never having taken drugs. In the recent study, 73 percent report this same behavior. The 73 percent figure, however, is confounded by the fact that many high schoolers today apparently no longer regard marijuana as a drug.

This conclusion may be drawn from observing that 32 percent of all students report that the first drug they used was marijuana although only 27 percent admit to using or experimenting with drugs. When marijuana is specifically included in the list of drugs only 60 percent of students report they have never used drugs, compared to 73 percent when marijuana is not specifically listed.

More Marijuana Users

There is little question that the use of marijuana has increased. Only 34 percent of students now report that they have never used marijuana. Of these, about two-thirds use marijuana more than once a month and can hardly be considered experimenters. Despite the efforts of the adult establishment, the use of marijuana appears to be taking hold as an accepted practice.

The use of narcotics has increased over the 18-month period, (now five percent experimenters and six percent users). In the original study, specific drugs appeared on the questionnaire rather than the general category narcotics. The totals cannot be added to determine the number of students involved since the same student may have been using more than one narcotic. It is estimated that the increase of user-experimenters in this category has increased from 7 to 11 percent.

The level of the use of stimulants appears to be about the same as in the original study, that is 8 percent experimenters and 6 percent users. The use of depressants is also about the same as in the original study, 7 percent experimenters and 3 percent users.

The great majority of students who use or experiment with drugs start with marijuana, (80 percent). Fifteen percent start with stimulants.

Peak in Junior Year

As in the original study, drug use and experimentation appear to peak in the junior year (34 percent user-experimenters). A high correlation exists between peer centrality and drug use. Peer influence, (as measured in several questions dealing with friends as a response category), is negligible through the sixth grade, emerges as an important factor in the seventh grade, builds toward a dominant force in the 11th grade and begins to decline in the 12th grade. Further evidence of this phenomenon is revealed in the significant relationship between dating and using drugs.

The same general profile exists for high school students and middle school students who have experimented with drugs or use drugs. The tendency to drop out of institutional activities, (school and church), is even greater among high school than middle school user-experimenters.

The number of students who smoke daily has increased from 16 to 25 percent. Occasional or regular drinking of alcoholic beverages has decreased from 50 percent to 31 percent.

Eleven percent of students have \$20 or more per week to spend on whatever they want. While this statistic is certainly a sign of the times and probably will be alarming to many adult interpreters, it should be noted that there is no significant relationship between drug use and access to money.

Xmas Flower Show Is Open

Pointers can enjoy a beautiful preview of the holidays when they visit the Christmas Flower Show, now open at the Belle Isle Conservatory.

The Christmas flower show is open daily from 9 a.m. to 6 p.m. Admission is free.

Thousands of poinsettias—in bright reds, pinks, white and variegated green and white—herald the holiday season while stelia, a small white flower, and Jerusalem cherries add to this festive flower fare.

At the center of the flower display is an old-fashioned grist mill decked in snow and icicles, about to receive a visit from Santa and his reindeer who are coming in for a landing.

A beautifully decorated Christmas tree and Frosty the Snowman, surrounded by poinsettias and greens, are side displays.

A bonus for visitors to the Christmas flower show is Detroit's famous orchid collection, now beginning to reach its peak.

The Belle Isle Conservatory is staffed and maintained by Parks and Recreation.

Fellows who let good enough alone get nowhere fast. No person is tall enough to be above neighborly criticism.

Park Council Meeting

(Continued from Page 1)

proposed resolution at its last regular meeting and placed it on file.

Edison rate hikes have hit Park residents where it hurts most, as the saying goes, during the past two years. Park city manager Robert A. Slone said there was around a 65 per cent increase last year and a 45 per cent hike this year for an 110 percent, two-year increase.

The meeting featured an unanimous council vote to award a bid for an emergency fire ambulance to Ted Ewald Chevrolet, 15175 E. Jefferson, at \$7,740, and an unanimous approval of \$800, allotted in the city budget for this year, to the Grosse Pointe All-American Football Leaguers, Inc. Rohr also reported on the annexation, west side of Wayburn.

The Park took seven bids on Monday, December 6, for the ambulance with the contract being given to Ted Ewald. An advantage here is that the vehicle is close by for service, as Ewald is next door to the Municipal Building.

Work begins immediately on the building of the ambulance, which is scheduled for completion around April 1, 1972. When the new vehicle is set to go, the current ambulance will become the fire department's auxiliary car, said Fire Chief Henry De Clerk.

Like many others, the GP "little gridders" have been hit by rising costs and the council's approval is a big help. The Leaguers, for boys 9-12, had 200 youngsters and 21 cheerleaders participating this year, said Thomas Newman, treasurer. Over 200 boys are expected to take the field next year.

Expenses for the league include paying officials for handling home games and replacing equipment. To the chucks of the council and public, Newman said, "We'll be sitting pretty good if we receive your check."

With that, the council gave the green light, and will consider the Leaguers in next year's budget.

As for the Wayburn boundary hassle, which has been going on for around a year, Rohr commented that the Park is coming close to being regarded as "pests" by the Detroit Corporation Council.

Residents on Wayburn's west side packed the Park council chambers on Monday, November 8, to find out what progress was being made on their petition to have their properties located completely within the Park city limits.

At that time, Rohr told the people that copies of the petition and a Park council resolution have been presented to the Detroit Common Council and are being studied by the Detroit Corporation Council. The documents were in the hands of the council on Thursday, November 4.

They are still in the council's hands.

After the meeting was concluded, Service Awards were presented to Detective Sergeant James La Pratt, police department, for 15 years serv-

ice; Herbert L. Heger, director of public services, 25 years, and officer Donald Del Place, police department, 35 years. Officer Del Place, right on the job, was brought from his downstairs desk to receive his award.

Not present but also receiving awards were William Griesbeck, water department, for 20 years service, and Clarence Ballitis, department of public works, 15 years. The awards were the clasps of a different color representing the five-year designations.

A retirement award was presented to Oscar Sabbe, superintendent of the electrical department, for 18 years service. He received a watch.

One award not on the agenda was a certificate of appreciation presented to Slone for his 14 years service to the Park as city manager. Mayor Matthew C. Patterson presented the certificate.

Slone, obviously pleased, said, as Mayor Patterson announced the presentation, "This is indeed a surprise." He added that there's no finer group to work with than the Park city council and city employees.

The last Park council meeting of 1971 is set for Monday, December 20, at 5 p.m. in the Municipal Building, 15115 East Jefferson.

U-L Boys Sell Scotch Pines

University-Liggett School junior classmen Lew Curry, Greg Stahl, Dave Boydell, Scot Whitford, and Steve Markey, led by Bill Boydell, of the University-Liggett School faculty, went into the woods near Cadillac, Mich. recently to personally select, cut, and bundle 500 of the most perfect Scotch pine Christmas trees they could find.

The trees, from five to nine feet tall, and priced at one dollar per foot, now await buyers at the University-Liggett School field house on Cook road.

The University-Liggett School Juniors are selling the trees through Friday, December 17, from 4-8 p.m. weekdays and from 10 a.m.-5 p.m. weekends.

All proceeds from the sale will go to the University-Liggett School Junior Prom fund.

MINI-BIKE STOLEN

Mrs. Samuel J. Palazzolo, of 380 Fisher road, called the Farms police on Thursday, December 2, to report the theft of a red mini-bike from her garage. The theft was discovered by the Palazzolos' 12 year-old son, Philip, who had noticed the opened garage on his way to school Thursday morning. The mini-bike, which is valued at \$100, has a red Ruttman Company frame and is constructed out of spare lawnmower parts. The bike has no serial number or license number which could be used for identification.

information on insurance, inheritance, landlord tenant relationships and contracts. He added that members of the community, who have particular talents in the field of law, etc., will be tapped for special programs within the classrooms.

Mr. Corbin said one portion of the pilot program will deal with the draft. He added that there is more misinformation available on this subject than any other he has run into. He said as new laws develop the course will be updated. He said he wanted these new adults to get correct and good information in the schools rather than have them depend on street corner rumor.

The course will also include vocational possibilities for young adults. In this area students will look into their interests and grades and see just where these talents can best be utilized in future career planning.

The role of the young citizen in preserving man's environment will also be included in the course. Mr. Corbin pointed out that en-

vironment includes human environment.

Dr. Spagnoli said that this course will fit into the school system's elective sequence.

The course must be approved by the school board before it can become part of the high school curriculum. Trustees are presently studying the matter and will take action on the course at their January meeting.

Insulation. It's like a sweater for your home.

Just like a sweater keeps you warm, insulation keeps heat in your home. And saves you Gas and money.

Many homes today still don't have the proper amount of insulation for maximum comfort and economy. But chances are you can install adequate insulation in your attic, yourself, at moderate cost. And your attic is where the greatest escape of heated air takes place.

This is just one of many Gas and money-saving ideas you'll find in Michigan Consolidated Gas Company's free booklet, "The Great Escape." By checking and correcting the ways heat escapes from your home, you can make Gas (already one of today's big bargains) an even bigger bargain.

Fill out the coupon, and learn more ways to foil the great escape—and save Gas and money, too. Or pick up a copy of "The Great Escape" at any of our offices. It's free.

Teachers Tenure Act

(Continued from Page 1) that the condition was widespread that she indicated she would like to establish a personnel placement office through which she could locate other occupations for those persons not suited for classroom teaching.

"Another board member expressed chagrin over the fact that when cuts were necessary this year, tenure had forced the district to keep some rather poor teachers, and at the same time, had made it necessary to let some mighty fine young teachers go."

"Another member informed the audience that he had attended a meeting recently where 'hundreds' of parents had expressed dissatisfaction with the teachers and at the same time had discussed tenure as the reason for retaining incompetent teachers. Like many of the other members he emphasized the need now for teacher accountability. Such references suggest that heretofore teachers have not been accountable."

Morale Hits Low
"As a result of the November 16 meeting the morale of many hardworking teachers in the Grosse Pointe Public School System has reached an all-time low. These individuals have pursued their teaching tasks with enthusiasm despite increased workloads, the sharing of classrooms, shortage of texts and materials, and to say nothing of the recent wage-freeze which has deprived many of an equitable wage."

No Board Support
"No such support has been extended by Central Administration nor the Board of Education. When words of encouragement could mean so much our teachers have had messages containing only caustic inferences. In fact, teachers have become the proverbial 'whipping boy' for the community's problems — problems which are present in every community throughout the state of Michigan."

"The GPEA now takes the responsibility of speaking in behalf of our teachers. First, we would like a certain degree of accountability from the Board in regard to the statements made at the November 16 meeting. If, in fact, charges of incompetency were made at a recent meeting with parents, then those charges should be stated specifically and to those teachers against whom they were made. We feel that a teacher can answer only to a specifically stated charge."

"Secondly, we feel that the entire teaching staff has been reprimanded for alleged poor performance on the part of a non-stated number of teachers. An apology to those teachers not involved would seem to be in order."

"Finally, if such Board accountability is not forthcoming we feel they will be

contributing not only to the perpetuation of conditions causing low teacher morale, but also they will have set the framework for the lowest teacher image known to the profession."

Trustees Contacted
The NEWS, after hearing the GPEA's report of the meeting, contacted some of the board members regarding their attitudes on tenure and the Tenure Act. Mrs. Thompson said, "I would like to retain tenure but I also would like to change the law so quiet incompetence would be grounds for dismissal. Presently a teacher can go along for 30 years quietly turning children off and as long as the teacher does not violate the negotiated contract, the board must retain him. I am against firing teachers for whimsical reasons but I believe the worst offense a teacher can commit is incompetency."

William Adams, board president, told the NEWS that he felt most of the board, with the exception of Mr. Semmler, believe the Tenure Act should be modified and integrated with Public Act 379 which requires boards of education to collectively negotiate contracts with their employees. He went on to say that PA 379 provides the teachers with the same protection the Tenure Act does.

Much Dissatisfaction
Trustee Robert Warner told the NEWS that as a result of his recent exposure to the community during his election campaign he found there was a great deal of dissatisfaction expressed with the selection of criteria used to decide just which teachers were to stay and which ones were to be dismissed, as a result many teachers who parents would have liked to have stay, were released. "This is the first time this kind of situation has existed in The Pointe," said Mr. Warner, "and it brought into focus what tenure can force school boards to do."

Mr. Semmler said that the Tenure Act provides that teachers cannot be dismissed without just cause. "I believe absolutely nothing is wrong with tenure. The problem lies not with the Tenure Act and teachers, but with the administrators, who have not been able to present and substantiate their cases."

Key Directs Relations
The NEWS then spoke with Richard Kay, director of employee relations for the school system. Mr. Kay said that the Tenure Act also spells out completely the number of years a teacher can be placed on probation, rules for transfer of tenure, the possibility of going into a third year of probation. It also standardizes the dismissal procedures and requirements for teachers throughout the state.

He went on to say that to put these questions in the hands of local boards, could ultimately end up with one board setting a probationary period of 60 days, another setting a probationary period of five years. "This could create all kinds of problems when teachers transfer into different school districts," he added.

He pointed out that in the past the question has arisen as to whether boards of education have any obligation under the Tenure Act when teachers are involved in strikes, but that recent court rulings have clearly stated that the boards have the right to establish beginning school dates.

According to Mr. Kay the two basic reasons for dismissal of a teacher are incompetence and insubordination. Incompetence can only be proved if the school district has specifically defined standards in writing. Insubordination must

be proved by presenting documented proof and witnesses to back up the charges, both in legal form.

As you can see, before this matter is ultimately resolved there will be a great deal more conversation between teachers, school boards and politicians throughout the state.

bus. He was concerned for the local residents who must use the bus as a means of transportation, and were inconvenienced by having to walk to Mack to catch one.

Mr. Szabo remarked that the claims of dishes rattling and buses speeding were unfounded, and he pointed out that many of the Brys residents who complained of the buses speeding had speeding tickets themselves, whereas no bus had ever been ticketed. Moreover, some of those children whose safety was endangered have a regular pastime of throwing snowballs at the moving buses, he added.

The Woods council listened to the man's remarks and acknowledged that they had recently placed on file a letter from another local resident, Robert A. Reuther, 1145 Hampton, who was also inconvenienced by the rerouting.

The council told Mr. Szabo that the issue was still being discussed in the committee-of-the-whole, and that they would keep his opinions in mind.

This gesture on the part of the Woods council proves that they are still trying to please most of the people most of the time.

Elm Tests

(Continued from Page 1)
Many trees would have to be sacrificed rather than risk their infection of other trees.

Lost 147 Last Year
Last year alone, the city lost 147 trees, and at the half-way mark of their program this year, only 41.

At the November meeting, the Woods council had moved to write the Michigan Department of Agriculture to protest the termination of the service, and they also notified the local state representatives of their concern.

State Representative William R. Bryant, Jr., wrote Dale Ball, director of the Department of Agriculture. The Woods council placed on file at the Monday, December 13 regular council meeting his letter which stated:

"These communities with a large percentage of Elms, who have greatly slowed spread of the disease, have thousands of trees to protect that provide shade and beauty which cannot be replaced.

"To cross off all Elms as a lost cause is somewhat like crossing off all cancer patients for whom the disease can only be arrested or slowed. Please reconsider."

Assurance Received
Chester Petersen, city administrator, announced in the Monday night meeting, after the letter had been placed on file, that he had received a letter that day from the Department of Agriculture that the laboratory service would not be suspended.

"We achieved what we wanted to, that they will still test the samples," Mr. Petersen noted with satisfaction.

Woman Reports Being Assaulted

A man broke into the home of Mrs. Rita Babich, 2087 Stanhope, Saturday, December 11, and assaulted her with a blunt instrument while she was in bed.

Mrs. Babich told officers Paul Crook and Albert Abend of the Woods Police Department that she managed to turn on a light during the assault, then screamed, with the assailant running and diving through a bedroom window, shattering all the glass. The scream awakened Mrs. Babich's daughter, Linda, who contacted the police.

The man was described as in his early 20's, approximately six feet tall, with medium length hair and wearing brown clothing.

Mrs. Babich was taken to St. John Hospital, treated, and released.

Youths Caught With Beer, Pills

Farms policemen Gerald Deburghgraeve and Philip Miglio were on routine patrol at 2 a.m. on Thursday, December 9, when they noticed a '71 Chevrolet with four young people inside, turn east on Mack from Fisher.

Radioing into Farms station, they checked the car on the "hot sheet" and discovered that the vehicle was a rented car which had not been returned.

The officers apprehended the car and stopped it at the

corner of Canyon and Warren. The driver of the car was an 18-year-old Detroit girl, Carol Ann Christopher, of 4226 Lenox. Police charged her with driving without a Michigan operator's license. Her court date is January 12.

One of the three passengers, Robert Minard, 23, 147 North Rose, Mt. Clemens, had rented the car in Clinton Township. When called, Clinton Township police placed a hold on Minard, since he had also passed a bad check to rent the car.

The other two passengers, Ronald Thomas, 17, 17790 Glendale, Roseville, and a 14-year-old Detroit girl, were released by Farms police at 4 a.m. Thursday.

Police found a case of beer and an assortment of pills in the car. The pills have been taken to a drug analysis lab in Warren.

Sergeant Gets Kidney Machine

Sergeant Lucien Snep of the Farms Fire Department recently received approximately one million Betty Crocker coupons towards the purchase of a life-saving kidney machine for himself.

He needed 600,000 coupons and used the "extras" to help two other needy recipients. Now Snep says he has enough coupons to work towards a fourth machine.

Snep delivers the coupons Thursday, December 16, to the Michigan Kidney Association, Ann Arbor.

It's hard to believe, but the earth is actually closer to the sun in winter than it is in summer! Why, then, is it colder in winter and warmer in summer?

Winter and summer are actually caused — not by the earth moving closer or farther away from the sun — but by the tilt of the earth. In our winter, the northern half of the world is tilted away from the sun, while in summer it is tilted toward the sun — although the earth itself is really closer to the sun, in actual miles, during the winter.

Best and Company Closing Subject of No Comments

By Pepper Whitelaw

At Best it's a mystery . . . Best and Company, 16828 Kercheval, since mid-November the comings and goings at Best have been rather unusual. The doors have been closed for almost a month now . . . the merchandise is off the shelves . . . and the word from Best and Company hierarchy is "no comment."

But there is plenty of comment and second-guessing from local residents. For a short time pickets promenaded, but even they have disappeared now.

The NEWS could get little comment for the local store manager. After some investigating discovered that Jack Lev, of the Grand Stores in Milwaukee, Wis., was the man to contact. Mr. Lev, admitted that the merchandise has been removed from the store, adding that it was removed because it was "seasonal" merchandise. His only other comment was, "the employees wanted to strike and they did." When asked if there were plans to move Best's out of The Pointe Mr. Lev said, "no comment."

When asked if he had any idea when it would open again he said "no comment, but then it could open anytime . . . the manager reports to work everyday."

Mr. Farmer said that Best

and Company is part of a corporation which owns five stores in Milwaukee, Wis.; two in Chicago, and two in the Metropolitan Detroit area (The Pointe store, on Kercheval, and one in Northland).

He said none of the stores is unionized. In April of this year the employees at the Northland store voted 6 to 1 to become members of ACWM. The election, according to Mr. Farmer was conducted by the National Labor Relations Board.

Then in July of this year, employees at The Pointe store also decided to join ACWM. The vote was 22 to 9. The union then began negotiating with the company representatives, (Jack Lev an officer of the firm and a Mr. Kramer, first name not known).

Mr. Farmer said the union has been trying to negotiate with the company continuously since the certification at the Northland store. The store and employees could not reach an equitable agreement so the employees of both stores voted (55 to 1) to strike.

The strike began Thursday, November 4, and subsequently The Pointe store locked its doors. Since then merchandise has been removed, pickets have been seen and that's about it.

Mr. Farmer said, "hourly wages at Best and Company were far below standard even for non-union help. We made our rock bottom offer on November 3. The company didn't even want standard labor relations, such as binding arbitration, included in the contract."

Mr. Farmer said that besides Mr. Kramer and Lev, Best and Company was represented during negotiations by New York attorneys from the firm of Seligman and Seligman.

No future meeting dates have been set up. But Mr. Farmer indicated that picketing would resume.

Youths Hold Up Caesar's Pizza

Two youths held up Little Caesar's Pizza Treat, 19757 Mack, Saturday, December 11, taking approximately \$404 from the cash register, and an employee's wallet with \$50 in cash and a \$56 payroll check.

Officers William Desilets and Bruce Marone received reports from Gregory Andrew Winne and Ronald Allan Hill, employees, about the robbery.

The robbers entered the building and ordered a pizza. After taking the order, Winne proceeded to make it up. Hill, who had been adding up the receipts, looked up to see one youth pointing a gun at him. The thieves told both employees to lay on their stomachs and the other man picked up a knife and took Hill's wallet.

The robbers told both employees to crawl into the food locker where they stayed for five minutes. When they released themselves from the locker, the culprits were gone. The cash register was emptied and all phone receivers were cut and removed from the building. Officer Desilets found five receivers and the knife behind the pizza parlor.

Besides the stolen cash, the robbers took one roll of dimes, nickels, and pennies.

One thief was described as Negro, about 19, with a large afro hair cut and a fu-manchu mustache, 6', about 165 pounds, thin build, wearing a brown coat and armed with a blue, steel .38 caliber snub-nosed revolver. The other was white, about 15, with dark shoulder length hair, approximately 5' 6", 145 pounds, wearing blue levis and a blue coat, very nervous, and armed with a knife.

Hash Pipes Get Pair in Trouble

Farms policemen Gerald Deburghgraeve and Philip Miglio were on routine patrol Friday, December 10, when they noticed a Michigan license plate obscured by dirt on a '64 Valiant traveling north on McKinley.

As the vehicle stopped after signaled by the Farms police, Patrolman Miglio noticed an object thrown from the right side window. Upon investigation of the grass beneath the right side window, he found a pipe of the type commonly used in connection with the narcotic "hash". The police found two more pipes inside the car.

At the Farms station, Robert Shea, 18, 1433 Cadieux, and Neil Talamage, 19, 237 McKinley, were booked on possession of narcotic paraphernalia after a pipe had tested positive for traces of narcotics. The two youths were released to their parents after posting bond, awaiting their court date.

LOITERER'S WANTED

Farms policemen Samuel Cardella and John Kralza were on routine patrol Sunday night, December 12, when they noticed a youth loitering around 157 Lakeshore. Entering his name into the LEIN listing of wanted suspects in Detroit, the Farms police learned that he was wanted by Detroit police for a traffic warrant. Robert Grabowski, 19, 10620 Lakeshore, posted bond pending his Detroit court date.

Study Day Held At St. Ambrose

"Everyone has a natural right to education, food, health care, clean environment, housing and fair wages which society has a responsibility to provide. All rights including those of private property are subordinate to these natural rights." So stated Reverend Thomas Hinsberg, who keynoted peace and justice at a Study Day, sponsored by the Detroit-Grosse Pointe Vicariate of the Archdiocese of Detroit on December 4 in the St. Ambrose Parish Center in Allen Road.

Father Hinsberg, who is Archdiocesan Director of the Commission for World Justice and Peace, also pointed out that two billion people in the world today are deprived of basic necessities, although Pope Paul has affirmed that the goods of the earth belong to all men.

Sister Ann Remorino, I.H.M., recently returned from a parish in Recife, Brazil, and now working in Detroit's Inner City, pointed out that the greater part of foreign aid is allocated for military expenditures, 90% of all foreign aid is in loans which must be repaid and which must be used to purchase goods from American firms at prices they set.

The group, with a heightened awareness of the use of foreign aid, passed a resolution to support Representative Ronald Dellum's Foreign Aid Amendment which requires that no further foreign assistance be furnished Brazil until President Nixon reports to the Congress that the Inter-American Committee on Human Rights has determined that the government of Brazil is not engaging in the torture of political prisoners. And further that all contact Senators Hart and Griffin and our Congressmen to determine their stand on this issue.

Sister Ann also asked that Archbishop Dom Helder Camara of Brazil be supported in his work which has been criticized by the present Brazilian government and that Cardinal John F. Dearden be encouraged to visit the parish in Recife, staffed by Detroit Priests and I.H.M. Sisters, as a visible sign of that support.

Charles Nathanson, executive associate editor of the Dawn Newspapers, speaking from an informed historical point of view, demonstrated how at times the United States has put its own economic and political interests ahead of the human needs of other countries. Mr. Nathanson also brought out that student protests have had some effect, or President Nixon would not now be going to China on a mission of peace.

Two concurrent workshops were run, one on the People's Peace Treaty the other a semi-documentary film on nuclear warfare entitled "Wargames." Several committees were set up to continue the work of the Study Day in more than 15 Protestant and Catholic Churches which were represented.

3 Cars Stolen In Parking Lot

Over a two-day period, Farms police received three reports of cars stolen from the parking lot behind 18950 Mack.

Mrs. Barbara Marshall, 1198 Marlborough, called Farms police on Wednesday, December 8, to report that someone had taken her four-door Buick "225" between 11:30 a.m. and 9:05 p.m. when she returned to the lot after work.

She recalled parking her car that morning in the lane closest to Moross road. She left the car unlocked.

Mrs. Marshall described the car as having a black exterior with white interior, license number LXY-438. The vehicle is owned jointly with her husband, and is uninsured.

Robert M. Arnold, 2155 East Eight Mile road, an employee of Sears, reported to Farms police on Thursday, December 9, someone had taken his navy blue '66 Pontiac between 8:40 a.m. and 6:00 p.m. from the parking lot behind 18950 Mack.

He had parked his car that morning in the third row from the Moross side.

Mr. Arnold values his car at \$500, since the vehicle has a damaged right door and is missing the chrome molding on the left side. The Michigan plates read KFY 214.

In the last case of the three car thefts, witnesses had spotted suspects and had attempted to chase the stolen car down Kerby road.

Louis Betka, 12789 Flanders, a Sears employee, recognized the black '67 Pontiac Catalina of Sears employee Elio Larese being driven west in the alley behind Mack by two unknown youths.

Mr. Betka, with a companion, chased the car west in the alley at 9:20 p.m., yet lost the car traveling south on Kerby road.

One of the youths was described as about 20 years old, and wearing a checked jacket and white knit hat. His accomplice was also described as being a 20 year old youth. Both were white.

The owner of the car, Mr. Larese, 18430 Concord, reported to Farms police that he had parked the car at 9:05 p.m. at the rear of Sears service garage. He had locked the car. It was recovered on Friday, December 10, in East Detroit.

Commenting on the auto thefts, Farms detectives George Van Tiem noted that lost cars are retrieved 95 per cent of the time, sometimes stripped of valuable attachments and then abandoned. The two currently unretrieved cars have been listed in the LIEN machine at Farms headquarters, which will identify the car as "hot" if suspected by any policeman in the greater Detroit area.

WSU Sets Two Area Courses

The Division of Urban Extension of Wayne State University, in conjunction with the Department of Family and Consumer Resources (formerly Home Economics), is offering two courses for the Winter Quarter in the Grosse Pointe area. These courses will be held at Rodgers Junior High School in St. Clair Shores, beginning the week of January 10.

Child Development II, an in-depth study of the young child, will be offered on Wednesday evenings from 6:30 to 9 o'clock. It may be taken by students who have already completed at least two years of college or by graduate students. This course may be used as graduate credit towards the permanent teaching certificate upon consent of the adviser. Last year this course was offered by the War Memorial, where it was taught by Elizabeth Williams. Mrs. Williams will again be the instructor.

A course for individuals beginning work in the Child Development area, Individual Development Through Family Interaction, will be given on Thursday nights from 6:30 to 9 o'clock and will be taught by Leanne Wilson.

Further information concerning these two courses may be obtained by contacting Mrs. Anne Linn at Wayne State University. The number is 577-3311.

'Blockbusting' Reports Heard

Some recent telephone calls to the NEWS from residents alleging that unscrupulous out-of-area realtors have been employing "blockbusting" tactics in The Pointe, prompted the paper to contact the Civil Rights Commission, which handles these cases.

Mrs. Lillian Benbow, assistant director of housing, said that if any homeowner receives visits, telephone calls or printed matter from a realtor, which he has indicated he does not want, it is his prerogative as a citizen and homeowner to register a complaint with the Civil Rights Commission because this is an illegal practice.

Mrs. Benbow said the usual technique of a "blockbuster" is to telephone a homeowner and mention that a neighbor-

ing home has been sold to a member of a minority group, hoping to create panic. Then if the homeowner expresses fear over such a situation, he convinces the homeowner to sell his home quickly and more cheaply than he should. The "blockbuster" then sells the home to a member of a minority group realizing a much bigger profit than is proper.

Miss Benbow explained that the commission exists to make sure everyone receives equal protection under the law and that if anyone is contacted by a "blockbuster" to report it immediately to the commission by contacting Mrs. Rosalie Sullivan at 222-1810.

Enough would satisfy all if the neighbors didn't have more.

Students and Teachers Enjoying Holiday Season

Students and teachers in the Grosse Pointe Public School System have been busy this holiday season with special activities for parents, fellow students and the community-at-large.

Kindergarten pupils of Mrs. Evelyn Kyzivat of Kerby School presented a dramatization of "The Night Before Christmas," for their parents yesterday, Wednesday, December 15, and will present another performance, Thursday, December 16.

The Brownell Middle School music department, under the direction of Daniel Evola and Mrs. Christian Judson, presented its 14th annual Christmas Concert on Friday, December 10.

Pierce Middle Schoolers also held their annual Christmas program yesterday, December 15. Parents toured the building then were entertained by the sixth and seventh grade vocal music students and the band and orchestra.

Pupils in five classes at Maire Elementary School decided to forego the traditional gift exchange and purchased canned goods and other supplies for needy families through the Junior Red Cross program, instead.

John D. Rohrer, principal of Ferry School, said that prior to Thanksgiving the building combined its annual clothing drive with a canned goods collection which was given to the North American Indian Association of Detroit. Wayne Bolden, coordinator of activities at Ferry, was the director of the drive.

Mrs. Bethany Tlusty, first grade teacher at Ferry, also sent gifts to the Indian Association from her room in lieu of children exchanging gifts at Christmas time.

A Christmas tree-lighting ceremony for kindergarten, first, and second graders at Monteith School was held last Monday, December 13. The school's Christmas assembly is slated for 9:12 a.m. tomorrow, Friday, December 17. Monteith's holiday spirit is further exemplified in special Christmas display cases in the building's lobby.

Fifth graders in Norman DuCoin's class are collecting used toys for holiday distribution.

"Toys for Tots Fun Night," an activity sponsored by the Student Council of Parcels Middle School, took place on Friday, December 10. Proceeds from the evening of dancing and games were used to purchase toys.

William Mesdagh, Principal of Mason School, reports that Carolyn Harwood took her second graders to the Belmont and Georgian East Nursing Homes to sing Christmas carols.

Mrs. Mercedes Jacobs and her Mason fifth graders will have a play for parents to night, Thursday, December 16 and for the pupils at 1 p.m. on Friday. Mrs. Christine Brady, who teaches French at Parcels, took her students to sing French carols for Mason pupils at 9 a.m. on December 14.

The Mason PTA held its traditional Christmas Open House last week featuring the North High School Pointe Chorale and visits to the holiday-decorated rooms.

Jaycees Seek Man of Year

The Grosse Pointe Jaycees are looking for the most outstanding contributor to the community over the past year.

Each year the Jaycees present a distinguished service award to a young man between the ages of 21 and 35. The recipient is selected from nominations by a service selection committee. This year's committee will be chaired by Mayor William G. Butler of the Farms; and will have John W. Lake, Director of the War Memorial; William J. Adams, President of the Grosse Pointe School Board and past recipient of the Jaycee's D.S.A.; Clarence F. Wascher, Manager of Jacobson's.

The Jaycees encourage nominations from individuals and organizations throughout the community before January 17, 1972. Anyone wishing to offer a nominee should contact Kenneth Roy at 575-1127 or 499-0534.

Drivers Accused Of Being Drunk

Woods policemen arrested two drivers under the influence of liquor within a two-day period last week.

While on patrol Wednesday, December 8, Patrolman Paul Crook and Sergeant Thomas Kane were stopped by a passing motorist who had observed an auto, driven by John George Bageris, 601 North Rosedale court, traveling east on Vernier road at Mack avenue. He said the motorist appeared to be driving in an intoxicated manner.

The officers followed Bageris and noticed he crossed the double yellow line on two occasions. They blinked their lights on and off in an attempt to pass him but failed to do so because his auto was straddling the lane line.

They stopped Bageris on Vernier at Marter road and took him to the station where he was released on a \$100 bond.

Officer William Desilets, while on patrol Friday, December 10, observed a vehicle driven by Herbert Edward Uppler, 110 Range road, Port Huron, traveling north on Sunningdale Park at a high rate of speed.

He paced the auto's speed at 40 m.p.h. on Sunningdale toward Vernier at which time the car struck the right curb once and crossed the yellow lane several times.

Uppler then proceeded west to Mack on Vernier and then north on Mack. Patrolman Desilets paced the auto at 60 m.p.h. between Anita and Hampton at which time the vehicle changed lanes on several occasions and appeared to hit the curb at Hollywood.

The vehicle was stopped at Roslyn and Mack where Uppler attempted to park his car and drove over the curb twice. Patrolman Desilets took him to the station where Uppler was released on a \$100 bond, and like Bageris, has a court notice to appear on January 26.

Dr. John Wolfe Improves X-Ray

A Grosse Pointe physician, Dr. John N. Wolfe, 44 Warner, has made a distinctive contribution to medicine by developing a new x-ray system for more accurate and earlier detection of breast cancer and other diseases.

According to Dr. Jack Goldman, senior vice-president for research at Xerox Corporation, Dr. Wolfe alone stimulated Xerox to produce and market the new xeroradiographic equipment that is now beginning to be manufactured. Dr. Wolfe worked on the project at Hutzel Hospital for six years starting at a time when xeroradiography had been abandoned by Xerox and the medical profession as a dead issue.

This work has culminated in the development of the new xeroradiographic equipment (first delivered to Hutzel Hospital) and the establishment of the world's first training program in its use.

Steal Telephone At Country Club

Farms patrolman Johannes Winter, answering a call from the Country Club of Detroit, 220 Country Club drive, at 8:30 p.m. on December 6, spotted two youths turn west on Lakeshore from Moross.

Patrolman Winters focused the spotlight of his scoutcar on the two boys, and the pair attempted to hid in the bushes. The policeman noticed a bulky object under the jacket of one of the boys. It later proved to be a phone.

When confronted with the recent report of a breaking and entry at the Country Club, the two admitted breaking in to the club and taking the phone from the dining room.

At the Farms station, the pair were searched, and one was found to have a pipe in a hand-sewn interior pocket. Farms detective Joseph Miller tested the pipe for traces of marijuana, which proved positive.

The pair were charged with breaking and entry, and the second youth was also charged with possession of narcotic paraphernalia. After signing statements admitting their guilt, the boys were released to their parents.

Banner Exhibit At Art Gallery

A unique and colorful holiday exhibition featuring more than a dozen "banners" or tapestries by artist Diane Barr, of Grosse Pointe, opened today at the Sign of the Mermaid Art Gallery, 88 Kercheval, Grosse Pointe.

Miss Barr's works, mostly in felt and other materials and done with needle and thread, will be on display through Christmas. Some of the banners are six feet in length.

"I never learned to sew clothes—and, to tell the truth, I have trouble keeping buttons on things," Miss Barr said. "But I approach the creation of banners as 'drawing' with needle and thread and not really sewing."

Miss Barr recently was commissioned by Time Magazine to "sew" a cover illustration. "But when I finished," she explained, "the editors felt that it was too far-out."

Smoking Withdrawal Clinic Offered by St. John Guild

As part of its community health information program, the Saint John Hospital Guild will sponsor a five-day smoking withdrawal clinic. This is the third such clinic to be held at the hospital and is scheduled for Monday, January 3, through Friday, January 7, at 7:30 p.m.

Said C. Bradford Lundy, Jr., Guild president: "This program is being offered to the public as a free service of the Guild in response to numerous requests received by the hospital for assistance in smoking withdrawal."

"Each month," Lundy continued, "Saint John Hospital sees an increasing number of patients with diseases linked to smoking. We feel that the tragic toll of heart disease, cancer and emphysema could be significantly reduced if smokers were able to break their habit. Unfortunately, this habit is often difficult to break without help. Through our smoking withdrawal clinic, we are offering this help."

Heading the program will be John H. Burrows, M.D., director of Oncology at the hospital. Participating in the program will be noted authorities in the crusade against smoking. They include: Arthur W. Weaver, M.D., chief of head and neck

surgery at Veterans Hospital; Emanuel Tanay, M.D., forensic psychiatrist; Alfred Lui, M.D., assistant chief of thoracic surgery at Wayne County General Hospital; James J. Humes, M.D., vice president of medical affairs at Saint John, and Michael Brennan, M.D., president of the Michigan Cancer Foundation.

The program will feature proven methods of smoking withdrawal and will stress the positive aspects of not smoking. Techniques used will include group dynamics and other methods which have proven effective in withdrawal from alcohol, tobacco and drugs.

According to the Michigan Cancer Foundation, which is cooperating with the Guild in presenting the program, these five-day smoking withdrawal clinics are the most effective means yet devised to aid smokers in breaking their habit.

The Guild encourages all smokers to make a New Year's resolution to stop smoking and, for assistance, plan to attend this smoking withdrawal clinic. For free tickets, write to the Saint John Hospital Guild, 22101 Moross Road, Detroit, Michigan 48236, or call 881-8200, extension 474.

Three Arrested For Shoplifting

Minutes after Farms police received a call on Saturday night, December 11, from a retail store located at 19215 Mack, they apprehended the three shoplifters walking west in the alley behind 18330 Mack.

The three youths, all Detroit residents, had taken six Ross Cassette tape recorders from the retail store at 18330 Mack. Store officials said each recorder was valued at \$22.56, so the combined theft totaled \$135.30.

At the Farms police station, the three Detroit youths Ronald Johnson, 22, 684 Coplin; Norris Thomas, 20, 756 Nava-hoe; and Edward Smith, 20, 735 Conner, were booked, charged with larceny from a building.

There's a reason—the reckless driver is rarely wreckless.

DONALD B. BAKER, CLU appointed MASS. MUTUAL GENERAL AGENT

OFFICES AT:
Suite 1680, The First National Bldg.

We are proud to announce the appointment of Donald B. Baker, CLU as general agent to head one of our three agencies in Detroit. He first joined Mass Mutual in 1963 as agent in our Detroit-Gold Agency, where he was subsequently appointed Staff Supervisor and then Management Trainee. Most recently he was manager of our Dearborn office.

The best part of New Year's Eve dinner at the St. Regis
just might be staying for breakfast.

Mr. and Mrs. Dorfman, the hypothetical couple shown here in the not-so-hypothetical St. Regis bed, are demonstrating that when the New Year's Eve party is over and it's time to go home, you don't have to.

If you arrange for one of our New Year's special plans (call us at 873-3000 and we'll tell you all about them) you can start, say, by ordering dinner in your complete, regular menu. Have it served in the dining room or the lounge or upstairs in your room. Then you might be going to the Fisher to see "Sleuth" Or you might be having some friends over for a catered party. Or all of the above. And then, when your friends leave the hotel, you stay.

In the morning, there's breakfast in bed, parades and football on color TV, and lots of lying around doing not much of anything. Nice? Well, we think it's so nice that you won't even mind paying for it.

Two Residents Given The Bird

By Roger A. Waha

"Well, here she comes." This remark has been heard often by a local resident during the past six weeks. There's nothing unusual about it—except that the greeting comes from a myna bird who has taken a liking to her back yard.

The young bird doesn't belong to the lady. That's the problem. She would like to find the owner.

During past visits, usually at 8 a.m. and between 2-4 p.m., the myna has managed to devour dried up crabapples and mountain ash berries in her yard. At other times, he perches himself in her trees. On one occasion, he took the opportunity of peering into her glassed-in porch and focused on a bunch of grapes inside.

The resident believes that her feathered friend hides in some heavy shrubbery behind her yard between visits.

After some checking, she discovered that no one has lost a myna. And with the chill of winter upon us, she's concerned for his welfare.

So if, by chance, you're missing a myna, contact this attentive resident at VA 3-0523.

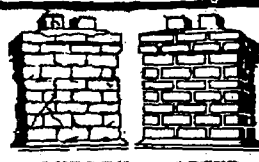

The myna is not the only missing bird.

Another resident, Mrs. Homer Swander, 40 Newberry, has been keeping a small medium sized green parrot content for three weeks.

She also has done some checking but to no avail. Meanwhile Mrs. Swander feeds the parrot sunflower seeds at an outside perch. She describes him as a "little greedy," not allowing other birds on the perch at mealtime. But he's a "happy" bird, often zooming off in different directions, ultimately returning for more goodies.

Mrs. Swander plans to balance his diet, adding some toast and fruit to his dinner plate. But she, too, is concerned for the parrot's comfort.

Like the myna, the parrot may join the ranks of missing birds unless its owner claims him. If you've lost a parrot, Mrs. Swander would be more than happy to assist you. She can be reached at 881-5125.

THIEF LOSES OUT

Erwin C. McLeod, 17495 Wanda, Detroit, an employee of The Frank Adam Mercury dealership located On-the-Hill, reported to Farms police on Friday, December 10, that someone had broken the trunk lock of his car. The car was parked in the free lot which has access to Ridge road behind 107 Kercheval. Mr. McLeod left the car at 7:30 a.m., and when he returned at 1 p.m. he noticed the damage. The thief was able to take nothing of value, since the spare tire was chained to the car by a heavy chain and lock.

Cameras Stolen At Sears Store

Farms police were called on Monday, December 6, by an employee of Sears, Roebuck, and Co., 18950 Mack, to report the theft of camera equipment valued at \$805.

Earlier Monday morning, Farms police had been at the scene, investigating a broken window on the west side of the store.

The merchandise inside the store appeared in place, and a report was filed at Farms police station at 12:30 a.m. noting the breakage of a \$200 plate glass window.

The Sears employee later notified the Farms police that someone had entered the store and had made off with several movie cameras and their electronic flash attachments.

The thief had taken the equipment from inside a locked glass display case, having found the key nearby.

All the stolen merchandise was Sears brand, and marked with black embossed tape noting the stock number and price. The cameras were black; two had walnut trim.

Farms detective George Van Tiem is handling the investigation. In searching for a motive for the theft, Detective Van Tiem does not think that the thief wished to convert the stolen merchandise into fast cash, since he did not take other costly merchandise in the immediate area. Noting that the thief took the corresponding flash attachments, the detective believes that the stolen merchandise will become Christmas gifts.

Detective Van Tiem is pessimistic about catching the thief, since a girl had wiped the glass display counter, removing all fingerprints, before the police investigation. The detective also said that there are no serial numbers to identify the stolen merchandise, since the serial numbers on Sears products are located on the inside of the product and are not recorded by the company.

Burglar Visits VFW Alger Post

While City Patrolman Edward Miller, Jr. and Corporal Richard Clarke were on routine patrol on Tuesday, December 7, at approximately 4:15 a.m., they discovered that the Veterans of Foreign War's Alger Post, 17145 St. Paul, had been entered.

Investigation revealed that entry was gained through a window on the north side of the building. Officers found the inside first floor door leading to the basement had been pried open and the hinges and numerous one-inch tire iron marks on the door near the hinges.

About \$65, the day's receipts, had been removed from the premises.

Planning Trip To Greenfield

During the Christmas holiday on Monday, December 27, from one to five thirty, the Grosse Pointe War Memorial Association is planning a special family holiday treat in the form of a trip to Greenfield Village and the Ford Museum. It is, of course, expected that children will be accompanied by a parent.

The charter bus will leave the Memorial Center, 32 Lake Shore road at 1 o'clock. On arrival in Dearborn, tour members have the option of touring Greenfield Village where the Inn, Edison's home, the Chapel and other buildings are specially decorated for the holidays, or spending the afternoon in the fascinating Henry Ford Museum with its Avenue of Shops, special Christmas exhibits and demonstration of crafts. Weather may be a determining factor in the individual's selection of indoors or outdoors.

Including round trip transportation, this family holiday treat is offered for \$2 for children under 6, \$2.50 for children 6-14 and \$4 for adults. Tickets are available at the Center office.

Grosse Pointe South Drops Two of Three Cage Tilts

By Mark O'Keefe
A dazzling second half performance by the Grosse Pointe South Devils salvaged their opening basketball game over Dearborn, 77-73.

However, South couldn't manage to win their next two contests against East Detroit and Royal Oak.

In the opener, coach Chuck Hollosy cited South's poor rebounding as the cause of Dearborn's 38-31 halftime lead. In the second quarter alone the Devils were outrebounded 12-7.

"They were using the fast break to set up plays. Our defense wasn't aggressive enough so they got the ball where they wanted it and scored on cheap shots," continued Hollosy.

In the second half, South's defense tightened up and caused Dearborn's tiring team to make 10 turnovers in contrast to South's five.

Accurate shooting by Jim Wilson and Steve Kennel helped South pull the game out after it was tied 71-71 with one and one-half minutes left.

Kennel led South's scoring with 22 points, and Pete Farnier added 18. Farnier led the Devils in rebounds with nine. Other standouts for the Devils were Dave Gaitley and Mike Stavale on defense.

South sank 21 of 35 free-throws, good for 60 per cent, but short of Dearborn's 23-35 for 66 per cent.

Substitutions were made frequently by Hollosy, especially in the fourth quarter when Vito Tocco, Chris (the Sweet Man) Charlton, and Stavale fouled out. Altogether, nine Devils played.

Royal Oak made a phenomenal comeback last Friday to tie South and eventually win in overtime, 78-75. South had managed to build a 55-38 lead over Royal Oak in the third quarter, but Dondero soon tied the Devils, 66-66.

Hollosy summarized South's fourth quarter slump — "We stopped shooting." Meanwhile Royal Oak was scoring 22 points to put the game in overtime.

Six quick points in overtime by Royal Oak made South the underdogs. Gaitley and Farnier helped the Devils back to a 75-74 lead with 21 seconds left. Dondero took several shots before they could sink one, giving them a 76-75 victory.

Gaitley and Jim Bird were South's high scorers with 23 and 19 points, respectively. Dan Wright's 21 points was tops for Royal Oak.

South was again short of personnel as Charlton, Tocco and George Heidt fouled out. Another factor contributing to Royal Oak's victory was their accurate shooting from the freethrow line. South sank 19 of 34 freethrows for 56 per cent while Dondero sank 28 of 39 shots for 72 per cent.

The East Detroit game was another heartbreaker. South trailed throughout the game but managed to tie the game at 72-72 with just 13 seconds remaining. East Detroit got a second chance with a one and one foul shot when the referee ruled that a Devil had distracted the shooter by talking to him. Both shots were made the second time giving the Shamrocks a 74-72 victory.

Among the top contributors to the Devil attack were Bird with 29 points, Farnier with seven rebounds, and Steve Kennel and Bird with six rebounds each.

The Devils will be in Fordson at 8 o'clock tomorrow to face the Tractors who are presently 2-0.

FORD HOSPITAL
One of the largest medical facilities in town is the hospital maintained in the Ford World Headquarters.

South JV Cagers Have 3-0 Record

By Mark O'Keefe
South JV's are now 3-0 after convincing basketball victories over Dearborn, Royal Oak and East Detroit.

Grosse Pointe led all the way in the 56-47 win over Dearborn. A fourth quarter surge brought Dearborn within four points of South. At this point Dearborn switched to a man-to-man defense, enabling the Devils to protect their lead. Coach Dan Cole explained that South's height advantage could be better utilized while playing man-to-man.

Jim Scala and Pete Grambo helped scale the Devil attack. Scala had 14 points and 17 rebounds while Grambo scored 13 points and hauled in 15 rebounds.

Coach Cole added, "I was pleased with the performance of our guards: Rob Heidt, Terry Corbett, Stu Thiede, and Scott Solomon, who all showed good poise under pressure."

Royal Oak presented no unsurmountable problems to the Devils as they came out on top in a 64-59 game. South built up a 22-8 first quarter lead, and overcame poor officiating and rough playing by Dondero.

Four Devils scored in double figures. Grambo led with 17. Heidt had 14, while Stu Cammet and Corbett netted 12 and 10, respectively. Gambo and Scala were tops in rebounding with 16 apiece and Cammet nabbed 14.

The Devils played their best game of the year against East Detroit in their home opener. The JV's combined their best offensive game so far with their top defensive effort.

All of the Devils' played in the game. Coach Cole was pleased with everyone's defensive play. In the fourth quarter, when most of the first string was on the bench, the Devils outscored the Shamrocks 22-15.

Scala led the Devil scoring parade with 20 points, while Cammet poured in 19 and Gambo had 14. Scala also led South's rebounding with 18. Gambo was second with 12, and Cammet had eight.

Coach Cole added that South beat Detroit at their own game. Both teams like to play man-to-man.

The JV's hope to start the New Year with a 4-0 record as they meet the Fordson Tractors at Fordson at 6:30 o'clock tomorrow.

SIGNAL BROKEN
Farms police, on routine patrol early Saturday morning, December 4, noticed damage to a traffic signal on the northeast corner of Lakeshore and Moross. The officers were unable to locate any witnesses to describe the incident or to fix the time of the damage. The only evidence was an auto aerial found near the signal. Police estimate the damage at \$2,500.

North High Five Chalks Up Wins

By Dave Moxley
North High School's cagers opened the second half of the season this past week by defeating Warren Sterling Heights' Stallions by a score of 66 to 41.

Sterling managed to elude the Norsemen in the first half and took advantage of the many fouls called against North to chalk up half of their total first half points through free throws.

However, the Norsemen exploded in the second half and ran up the score to a victory. The Norsemen defeated Roseville Brables' Cougars on December 10, by a score of 78-32.

North High cagers will meet the Lakeview Huskies in Bi-County League competition on January 21.

LAWN DAMAGED
Francis J. McIntyre, 302 Merriweather, called Farms police on Sunday night, December 12, to report that someone had driven over his lawn. The vehicle had driven for 30 feet between the curb and sidewalk on the Beaupre side of the McIntyre property. The owners said that the damage was slight.

John's Island: 8 pertinent points for those considering Florida this winter.

- Location.** John's Island is a private residential resort located at Vero Beach in subtropical Florida just 65 miles North of Palm Beach.
- Privacy.** Natural geography and a manned gatehouse assure John's Island residents total privacy and security. The property is bordered on the East by 2 1/2 miles of private oceanfront, on the West by 10 miles of Indian River waterways.
- Golf.** A championship 18 hole golf course designed by Pete Dye and Jack Nicklaus forms a permanent 167 acre green belt in the heart of the John's Island property. A second course designed by Pete Dye is under construction assuring residents unburned, varied play. *True Ball is Director of Golf.* The John's Island Club is private and offers full dining, pro shop and locker facilities. Our Beach and Tennis Club is now under construction.
- Environment.** At John's Island more trees have been relocated than other private Florida communities have removed. Large, heavily wooded homesites on the golf course, its lakes and John's Island Sound are presently available for sale. Also, Oceanfront Condominiums, private residences and South Village Townhouse Apartments. Some properties are available for rental.
- Design Building.** John's Island maintains its own construction company, Town Island Builders, exclusively for the property owners' use. James E. Gibson, A.I.A. is resident architect. Complete maintenance service is available for the absentee owner. Property owners are guaranteed the highest standards of design and materials.
- Residents.** The average age of the John's Island property owner is 52. You probably know someone who lives at John's Island. Either on a personal basis or by reputation.
- Zoning.** Zoning at John's Island limits building height to 3 stories. Strong deed restrictions further protect property owners.
- Management.** John's Island is owned and administered by E. Uwyd Eccleston and Roy D. Chapin III. A detailed and illustrated brochure on the property may be obtained by writing Mr. Chapin, John's Island Drive, Vero Beach, Florida 32960.

North to Give Yule Concerts

By Sherri Rudolph

"The Most Wonderful Time of the Year," is the theme of this year's Grosse Pointe North Choral and Orchestra Christmas Concert. Following past traditions the many different choral groups will perform selections especially chosen for them by director Herman A. Clein.

The Mixed Chorus will sing "Pine Cones and Hollyberries." The Advanced Mixed Chorus will sing traditional Christmas carols.

The Honeytones, a group of nine girls, will offer "Tiny King" and "Alleluia."

The Men's Invitational, the newly formed ensemble this year will be heard in "Christmas is Coming" and "Jingle Bells." The Pointe Chorale, a select mixed group of 22 voices will harmonize in "Go Tell it on the Mountain," with soloists Brooks Hoffman and Kathy Thompson. They will also sing the Chorales' traditional Christmas selection "Christmas Is."

Two selections chosen by Mr. Clein for the Concert Choir are "The Wassail Song" and "Honor and Glory." A highlight of the evening will be the choir's rendition of "Christmas Story," written by David Gregory, class of 1971. David has dedicated his song

to Mr. Clein and the Choir of 1971-1972.

The Orchestra, under the direction of Nathan Judson, will play "Water Song" by G. F. Handel, and accompany the Concert Choir in "All Glory To God In The Highest." The climax of the evening will be the bass choruses and orchestra in Handel's symbolic "Hallelujah Chorus," from the "Messiah."

There will be two performances, Wednesday, December 15, and Thursday, December 16. The concerts begin at 8 o'clock in Grosse Pointe North's Fine Arts Auditorium. Tickets are \$1 for adults and 50 cents for students.

Farms Council Clears Agenda

The Farms council, at a recent meeting, approved of a bike rack being placed in front of the Stroh Old Fashioned Ice Cream Parlour located on the Hill.

The owners of the ice cream spot, Gari Stroh and Michael VarLokeren, were issued the permit for 60 days, extending from April 1 to May 31 this spring.

The permit was issued in the hopes that the bicycling patrons would neatly park their bikes, instead of strewn them in the sidewalk in front of the store, forcing the pedestrians to walk in the street.

If the new bike rack alleviates the problem, then the Farms council will extend the permit.

The Crescent Sail Yacht Club is assured of smooth sailing for 10 more years, since the Farms council voted to extend its harbor lease. The representative of the club agreed to the payment of \$800 a year for the use of the submerged bottom lands in their two boat harbors.

The bid of American Protective Alarms, Inc., was accepted for the installment of a security alarm system for the Water Filtration Plant on the corner of Moross and Lakeshore. The firm submitted the lowest bid of the three received, in the amount of \$1,310.

Farms City manager Andrew Bremer cited the need of an alarm system since the water plant is in the process of being automated.

Wilber M. Brucker, Jr., was appointed to the Farms Board of Canvassers to fill the post vacated by the expiration of Earl I. Heeman, Jr., term.

The council expressed belief that the other member whose term is expired, George Bushnell, will serve on the Board of Canvassers another term.

AERIAL REMOVED

Social Studies Classes Teach Cooperation at U-L

The essence of social studies is cooperation. That is exactly what is happening between first and fifth grade social studies students at University-Liggett School, even to the point of sharing desks.

Under the guidance of University-Liggett School teacher Patricia Gahagan, the first graders, studying the home life of people in different communities and lands, built a milk carton trailer park and on the day of Grosse Pointe's first snowfall they constructed in igloo complete with windows and crawl space.

When they came upon a picture of a Philippine village in their social studies books, they found it hard to turn the page; especially since their classmate Dianne Alcantara is from the Philippines.

But a soaring first grade imagination is sometimes encumbered by tiny first grade fingers. The first graders' plans to construct the Philippine village started with great enthusiasm, but began to look more and more like a project geared for fifth graders. So, they appealed to Carol Fenley's University-Liggett School Fifth Grade class for help.

As well as being better able to construct Philippine villages, Miss Fenley knew that her fifth graders have a special need to be useful members of their community, above and beyond their social studies books.

As a result, Mrs. Gahagan and Miss Fenley worked out a "buddy" system for their students. Each fifth grader was assigned a first grade buddy. The two classes then met regularly for their social studies. First grade teacher Mrs. Gahagan noticed how much this experience helped her students grow. Now their awareness of the world around them and their friendships included the fifth grade, the first graders were more confident of their place in the school community.

Added confidence was also the fifth graders' reward. Now they know how to help teach

Park Firemen Make 645 Runs

The Park Fire Department has made 645 overall runs so far this year.

Fire Chief Henry De Clerck reports that from January 1 to December 10 his men have made 367 ambulance runs and 278 fire and miscellaneous runs.

BINOCULARS MISSING
Charles Davis, Jr., 43 McKinley, reported to Farms police on Wednesday, December 8, that a pair of German-made binoculars were missing from his house. Mr. Davis said that the binoculars had been missing since May '71, and were valued at \$300. Police could find no trace of forced entry of the McKinley home.

Public Schools in Focus

By Dr. Theos I. Anderson,
Superintendent of Public Schools

With the recent release of the latest version of Governor Milliken's education reform plan, it is appropriate to review the objectives as outlined by the Educational Reform Commission in September of 1969. Therefore, I am taking the liberty of sharing with readers summary information received from the Executive Office.

1. "Quality education for every child, no matter where he may live. This means an educational system which will assure that our children are well educated, properly prepared for the world in which they will live and work. It also means that educational opportunity must be equal for all children, regardless of race, economic status of parents, or geographic location in Michigan."

2. "A rational system of educational finance which will provide the resources needed at state and local levels to assure quality education. Such a system must be stable and reliable; it also must grow as population and needs grow."

3. "Equity of tax burden. Justice requires that all persons contribute their fair share to the cost of education. Because education is a public responsibility, all parts of the public must contribute; such contributions should be based on ability to pay."

4. "Local control. Long-standing tradition in this state requires that local communities and school districts retain control over important matters of educational concern, such as curriculum and personnel. The difficult problem of raising educational revenue should be removed from local districts, so they can concentrate on educational quality."

In addition, Governor Milliken has released his proposed criteria for state aid to schools. He has said that revenues should be shared with school districts after passage of the constitutional amendment in such a way as to provide: (1) Improved educational programs; (2) Excellence in education by leveling-up, not averaging down; (3) Local control by boards of education through their continued hiring and directing

of staff and determining curriculum; (4) The integrity and identity of school districts; (5) Local initiative for program enrichment; (6) Programs to meet the special needs of students—such as vocational education, special education, compensatory education; (7) The opportunity for local districts to operate pre-kindergarten programs; and; (8) All the foregoing at a cost which would not be excessive to the taxpayers.

The Governor has made the following statement about local control: "Since the original proposals for education reform, people have frequently expressed concern over a loss of local control. In response, I think it important to look at the present responsibilities of our local school board. Without a doubt, the two major functions of a school board are to determine educational policy and to hire personnel. By determining educational policy—approving curriculum, textbooks and promotion policies—the school board assures that the educational offering is uniquely molded to fit the needs and desires of the community. By hiring the superintendent, the school board assures that its policies are implemented, and by hiring administrators and teachers, the school board assures that its policies are carried out. Under my proposals, the local school board will continue to function as the instrument of community control."

Governor Milliken has said this about local enrichment: "The proposed constitutional amendment grants local school districts the authority to go beyond the foundation program approved by the local voters. School districts may levy up to six mills with each of those mills being equalized by the state.

For example, if a school district would levy one mill and receive \$25 for each pupil, the state would pay \$5 making a total of \$30. On the other hand, districts that would receive just \$10 per pupil from the local tax would receive \$20 to also give a total of \$30 per pupil. If all six of the enrichment mills were voted, each school district would receive a total of \$180 per pupil.

Letters to the Editor

To The Editor:

I am writing this letter in response to a story that appeared in your newspaper yesterday regarding the closed restrooms at North High School. Your story was written to correct one that I wrote that was published in the November 24 issue of North Pointe.

As the author of that story in North Pointe, I feel that it is my duty to point out the errors in your reporting. Let us first discuss my usage of the word "law." One of the definitions of the word as it appears in the Webster's Seventh New Collegiate Dictionary is: "a rule or order that is enforceable or obligatory to observe." In other words a regulation, a guideline, a suggestion. The word "law" was used in reference to the paragraph before when I quoted a student's opinion. Your crassitude was very evident.

The only incorrect statement that I made in my story was regarding the girls restrooms. There is only one girls restroom open on each floor at all times.

During the lunch hours, boys still must come from the third and second floors in "B" building to relieve themselves because only one boys restroom is open on the first floor at this time. Also, Art and Shop students in "A" building must use the same first floor

facility. There is a restroom open in "C" building for the students in that building only, and facilities in the "A" building gym for the gym students only.

This means that approximately 700 to 1000 boys (roughly 90%) must use one restroom with six urinals and four fater closets. The number of urinals and water closets in this restroom still is eleven under the recommendations that I received from the Wayne County Board of Health.

I have not had a chance yet to speak to Mr. Feighner or Dr. Anderson, two of the sources you used in your story, but I did talk to Mr. Cooper, the Assistant Principal of Administrative Services. He is the one who initially authorized the closing of the restrooms. Upon reading your story, Mr. Cooper referred to the last paragraph as "erroneous."

You will be happy to know that because of the story that appeared in North Pointe, Mr. Cooper will open the restrooms for a trial period beginning December 17, 1971.

Let us strive for more accuracy in the future for the sake of the public. I trust you will correct your error as we have ours.

Sincerely,
Philip W. Frame
Assistant Page Two Editor
And Circulation Manager of North Pointe.

What Goes On at Your Library

By Virginia Leonard

Once upon a time, many years ago, there lived a prospector and his wife ELEANOR AND FRANKLIN (Lash). Many people would have considered them THE DRIFTERS (Michener), since they moved about quite a bit. Their main interest was in archeology and they had recently returned from the RA EXPEDITIONS (Heyerdahl).

Several years before, when they had received A MESSAGE FROM MALAGA (MacInnes), they had taken off with great zest and curiosity for they never knew what adventure lay ahead of them. Another time they had been summoned to BEAR ISLAND (MacLean) where it had been rumored, some rare archeological finds might be uncovered. The hope had proven false, but they had had the fun of one more trip, with the possibility of gold at the end of the rainbow.

One day, Eleanor received a letter from her friend, JENNIE (Martin), telling them, excitedly, that much was happening in the West.

"We certainly cannot go into such primitive country with so little to go on," commented Franklin, mildly. "ANY WOMAN CAN!" (Reuben) retorted Eleanor, her eyes flashing with the promise of adventures in store.

"Your father would not have approved of my taking you into the wilderness," said Franklin, who, as usual was the cautious one of the two.

"HONOR THY FATHER (Talese) is a fine slogan under some circumstances," replied Eleanor, shaking her head vigorously. "If you wish you can remain here and polish the WHEELS (Hailey) of your wagon, but I intend to saddle up my horse and join my friend, Jennie. There is trouble afoot, and OUR GANG (Roth) should be able to take care of whatever evil is brewing."

"I would prefer THE OTHER (Tryon) alternative—that of waiting a bit here where we are safe, until we learn more about your friend's plans, how large a gang she has, and what she plans to do."

Eleanor was reluctant to do so, but they did wait a few weeks; then another letter arrived. This time money was enclosed to help them with

their journey.

"We must not look a GIFT HORSE (Knef) in the mouth," cried the impetuous Eleanor. "Come, Franklin, let us pack up our wagons and leave for the West. Jennie has mentioned something mysterious in this letter. She tells us that THE DAY OF THE JACKAL (Forsyth) is upon us. I wonder what she means?"

"It sounds like some sort of an Indian uprising to me," said Franklin. "I fear THE WINDS OF WAR (Wouk) are upon us, but as our friends are in trouble, we must go to their assistance. I think we should wait no longer."

For many a day and night, Eleanor and Franklin plodded westward. They got lost many times, were not sure of their destination and were beset with bad weather. Many times they thought of giving up and returning to the East where things were more civilized. They even wished they were back at some of their previous archeological sites. The East had been their VANTAGE POINT (Johnson).

When Eleanor and Franklin finally reached Jennie's camp, they found that the group was, indeed, having trouble with the Indians. The leader seemed possessed of the devil and nothing could dissuade him from leading an attack on all the poor white settlers.

"We must find an EXORCIST (Blatty)," cried Eleanor. And find one she did, who was able to remove the demon from the Indian Chief. Alas, however, it was too late for Jennie. Some of the Indians had already attacked and gravely wounded our friend. In spite of the care that Eleanor and Franklin gave her, she succumbed; her final request was: "BURY MY HEART AT WOUNDED KNEE (Brown). THEIRS WAS THE KINGDOM" (Deiderfeld) sadly commented Eleanor and Franklin, "and now the Indians have so little left."

"Now," said Eleanor, "let us return to our archeological digging. Peace here has been restored and we can leave with a feeling that is BEYOND FREEDOM AND DIGNITY (Skinner)."

In case you think we have taken leave of our senses, I have once more tried to weave a story, using all the titles of the Best Sellers.

What's New on THE HILL

by Pat Rousseau

Name Drop . . . this Christmas with gifts by Ford, Stroh, Tiffany, Dunhill, Dior, Jensen, Blass, Rembrandt. Famous names are part and parcel of the Hill . . . beautifully gift wrapped, of course.

Where Oh Where . . . is the newest most luxurious condominium in Grosse Pointe? Between Neff and St. Clair, 17111 East Jefferson. You'll find the Jefferson Apartments and the good life. Security and serenity with full comfort keynote the basic planning. A beautiful reception hall welcomes residents and all guests with a full-time attendant on duty to assist and look after the security of each individual. Many sensible details have been incorporated in the construction to insure tranquility and peace of mind such as fiberglass insulation in all walls and floors and concrete sound barrier floors. Each residence is larger than most suburban homes. The grandeur of Georgian detail is skillfully joined with contemporary technology. Visit the model apartment open daily 12 to 5 except Wednesday . . . 882-7708 or 886-4880.

There's Still Time . . . to get cards imprinted with your name at the League Shop, 98 Kercheval.

Preview Christmas . . . in the window of Denler, 77 Kercheval. Deer heads, soft colors, ruffled curtains . . . it's very today with hints of a romantic past.

For Enjoyment . . . all year long give sizzling steak platters. At Virginia Williams, 79 Kercheval they come in two sizes on walnut servers . . . eight and nine dollars.

Convenience . . . is a precious commodity if you're planning redecorating. You'll be glad to know you can find the largest supply of fabric samples (near or far) right here at Maurice Wood, 70 Kercheval. Upholstery and drapery workrooms are on the premises.

Give Sunny Thoughts . . . like a cabana set, swim trunks, double knit Bermuda shorts from a handsome new cruise wear collection for men at Picard-Norton, 92 Kercheval.

An Infallible Gift Formula . . . give her fragrance from the world's greatest perfumers. Find it at Trail Apothecary, 121 Kercheval by Estee Lauder, Elizabeth Arden, Chanel, Lanvin, Azore, Nina Ricci, Guerlain, Dior, Carven, Givenchy, Mary Chess, Shelley/Marks, Balenciaga, Norell, Nettie Rosenstein, Yves Saint Laurent, Jean D'Albret, Helena Rubinstein, Revlon, Marcel Rochas, '4711', Yardley, Jean Nate, Balmain, Schiaparelli, Jacqueline Cochran, Lubin, Rigaud . . . my favorite is Ondine. Dear Santa take note.

A Pastel Paddle Racket . . . how about that for a sporty Christmas gift? They come in five colors at Gray's Sport Shop, 106 Kercheval. Gray's is now lettering t-shirts and sweat shirts and staying open each evening until nine till Christmas Eve.

Hamlin's Has . . . Frank Schoonmaker lead-crystal wine glasses for all occasions and all wines. They are \$2.75 each at 89 Kercheval . . . TU 5-8400.

Tapestries . . . by well-known artist Diane Barr are now exhibited at the Mermaid Gallery, 88 Kercheval. Some are free hanging. Some are framed. All are interesting, beautiful and decorative. The Gallery is open Thursday evening until 10. Four o'clock tea is served to warm and energize Christmas shoppers.

Sea-ing Santa . . . for South bound families will find at Young Clothes, 110 Kercheval, a colorful collection of children's swim suits with matching cover-ups, brother and sister matching beachwear, pinafores and French aprons.

Find . . . that hard to find men's gift at the Sign of the Mermaid, 75 Kercheval. Barware, leather accessory and leather desk sets plus adult party games.

Christmas Treat . . . all year long via Stroh's Ice Cream Parlor gift certificates and other goodies at 74 Kercheval. Give one or several booklets filled with 25c certificates. Great for kids of all ages and Santa, too.

Open Again . . . the Bronze Door opened last Monday with a great new menu, new price, new refurbishing and your old friend Bill Jatrosen as manager . . . 123 Kercheval . . . 886-1932.

'Tis the season for Christmas teas, and the Lorenzo D. Brownings are opening their Lakeland avenue home for a special one next Tuesday.

It's a party with two purposes: A donation tea to raise funds to help defray the expense of extending two part-time faculty members to full-time employment at St. Paul Grade School, and a chance for St. Paul "people" to get together just-for-the-fun-of-it during the holidays.

Hostesses at the 1:30 to 4:30 o'clock party will be mothers of St. Paul students. The Browning home will be bright with Yule decorations, an organist will play Christmas melodies and paintings from The Generous Critic art gallery will be on display for guests' enjoyment.

Something To Look Forward To

It's always nice to have something to look forward to, and here's a post-Christmas something that's really something: The Cognac Festival, sponsored by the Women's Association for the Detroit Symphony Orchestra, coming to the Pontchartrain Hotel Friday evening, January 28.

The program begins at 7 o'clock and will feature a complementary Cognac hour followed by a sumptuous six-course dinner, each course enhanced by the subtle flavor of Cognac.

We SAID this was really Something!

James Beard, internationally famous author and gourmet chef, will be on hand to demonstrate the fine art of cooking with Cognac. He'll be assisted by Detroit's own Duglass Duglass, the Pontchartrain's Executive Chef.

Proceeds, of course, benefit the Detroit (Continued on Page 17)

Historical Museum Holds Open House

Symphony Juniors' Choraliers Will Sing at Traditional Holiday Program Scheduled for This Sunday Afternoon

Mrs. R. Alexander Wrigley, of Bishop road, is chairman of the Christmas Open House for the Detroit Historical Society to be held from 3 to 5 o'clock this Sunday, December 19, at the Detroit Historical Museum, Woodward avenue at Kirby.

Members, families and friends of the Society will enjoy a truly delightful afternoon, for Mrs. Wrigley has invited the Choraliers to present a musical program from their repertoire of sacred and secular carols. The Choraliers are a group of members of the Junior Women's Association for the Detroit Symphony Orchestra. (Continued on Page 16)

The Festival comes to Detroit courtesy of the French National Association of Cognac Producers. The Honorable Jacques Direks-Dilly, Consul General of France in Detroit, and Mme. Direks-Dilly are honorary chairmen.

Coordinating the Festival are Mrs. William L. Mitchell, general chairman, and Mrs. Walker Meldman and Mrs. Thomas Schoenith, area chairmen.

Mrs. Earle MacPherson is in charge of decorations. Mrs. Joseph H. Spitzley of publicity, Mrs. Charles L. Wilson, Jr., of reservations and Mrs. John H. Ganschow of seating.

Looking Farther Forward, In The Same Vein

If a Something like the Cognac Festival is your bag, (whose bag isn't it?), you might like to look a little farther forward too, to March, when the Alliance Francaise de Grosse Pointe, in cooperation with the Grosse Pointe War Memorial, again presents its series of three Wine Lecture-Wine Tasting Evenings.

This program is ALWAYS sold out well in advance of the first lecture.

So we thought we'd remind you about it now, so you can keep an eye out for the first public tickets-available announcement . . .

Something For George To Look Forward To

George A. Nicholson, Jr., of Cadieux road, research partner with Smith, Hague and Company, will receive an honorary Doctor of Laws degree from Carthage College, Kenosha, Wis., January 23, during a special celebration program in honor of Carthage's 125th anniversary.

George is the grandson of Dr. J. M. Ruthrauff, president of Carthage College, (the library there is named after him), from 1895 to 1900.

Mr. Nicholson was born in Kansas, received his Bachelors degree from the University of Michigan and his Masters degree from Harvard University and began his business career in 1930 with the old Hudson Motor Company.

A Chartered Financial Analyst, he founded the National Association of Investment Clubs, the World Federation of Investment Clubs and the Investment Education Institute. He's presently chairman of the National Association's board of advisors and chairman of the World Federation, which involves most of the countries of Europe.

He's a columnist for "Better Investing" magazine. He has contributed to the "Financial Analysts' Journal" and other publications.

He's a past-president of the Financial Analyst Society of Detroit and has served as a trustee for the Student Episcopal Foundation and a member of the Christ Church, Grosse Pointe, Council.

It's nice to see a good man honored. Congratulations, George.

Fine Arts Ball Set Saturday

"Christmas Ball" invitations sent to members of The Fine Arts Society of Detroit are just that: Cleverly simulated Christmas balls.

The annual dinner-dance is scheduled for this Saturday December 18th at the Grosse Pointe Yacht Club. It begins with a happy hour at 6:30 o'clock.

Mr. and Mrs. Donald W. H. Rothang, chairman of the event, and their industrious committee have designed table decorations composed of glistening ornaments in traditional shades of red and green.

Joining the Rothangs as they greet arriving members and guests will be "Fine Arts"

President Bernard P. Pearse and Mrs. Pearse.

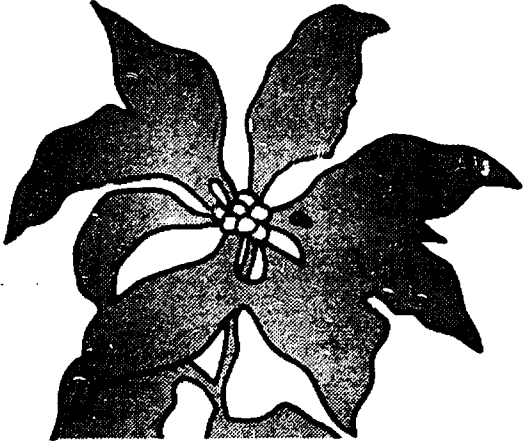

The evening will feature the 25-voice Fine Arts Chorus under the direction of Grayce (Mrs. Richard S.) Shannon with piano accompaniment by Audrey (Mrs. Joseph N.) Jennings.

The program includes "Snow, Snow, Beautiful Snow" plus two Austrian carols, "Still, Still, Still" and "Christmas Bells," and "Praise Ye The Lord" from the Christmas oratorio by Saint Saens.

It will conclude with Mrs. Shannon inviting the audience to join the chorus in singing all the Yuletide favorites.

League-Goodwill Yule Party Today

Junior League of Detroit is Sponsor of Annual Affair; Volunteers from Many Other Organizations Assist

Pride plus pleasure are the special gifts to all who participate in the League for the Handicapped Goodwill Industries Christmas Party today, Thursday, December 16, from noon to 3 o'clock at the League-Goodwill Building in Ash street, Detroit.

Fifty years of service, helping the handicapped to help themselves, plus plans for expansion of League-Goodwill services supply the pride.

(It is interesting to note that the traditional program of Goodwill Industries—the collecting, repair and selling of contributed articles—was one

for the success of the party.

"Although we coordinate the event and donations from League members provide the money, many individuals and groups participate with gifts and services."

Helping Mrs. Moray plan the party were Mrs. Calvin C. Purdy, Jr., Mrs. Ronald K. Dalby, Mrs. Charles R. Kincaid and Mrs. John H. Hemminger.

Leaguers will be joined by volunteers from other organizations including B'Nai Brith, Junior Group of Goodwill, the Grosse Pointe Memorial Church Service Guild and the League-Goodwill board of directors.

Joe Vitale's Trio and other local groups, including Les Couchon Blues, (a vocal group from the Detroit Police Department), will entertain the 400 guests.

Members of five garden clubs have made decorations and corsages for the ladies in attendance. Business firms donated table favors, prizes and goodies for Santa's pack.

GPYC Presents Santa Sunday

Santa Claus comes to the Grosse Pointe Yacht Club this Sunday, December 19, to greet boys and girls at the Club's traditional Children's Christmas Party from 1 to 3 o'clock in the afternoon.

There will be refreshments, entertainment and gifts for all the youngsters.

Chairman of the party, under general GPYC Ladies' chairman Lee von Berg, is Kathy Withers, assisted by co-chairman Mary Ann Olmsted.

Committee members are Bernice Carmichael, Betty Eger, Joann Fisher, Donna Jean Fonville, Marilyn Hagermoser, Susan Mischak, Shirley Plante, Sue Ralsch, Fran Strong and Mary Lou Treder.

Fort Pontchartrain DAR Meeting Set Tomorrow

The Fort Pontchartrain Chapter, Daughters of the American Revolution, will gather for a luncheon meeting at the First Presbyterian Church of Dearborn at noon Friday, December 17, with Mrs. George Killeen, regent, presiding.

The program, "Heritage — Christmon," is a viewing and explanation of contemporary Christmas decorations based on the ancient symbols of the early Christians.

MR. and MRS. GEORGE BUSHNELL and their son DAVID CHRISTIAN, of Bass Lake, Calif., arrived in the Pointe a few days ago. They didn't want to miss the Christmas cocktail party Mrs. Bushnell's mother, MRS. YOUNG LeGRO, gives every year in her Lakeland avenue home. Mrs. LeGRO's entertaining this entertaining at the traditional fete.

March Bride

Photo by Eddie McGrath, Jr. Mr. and Mrs. Arthur H. Engstrom, of Three Mile drive, are announcing the engagement of their daughter, LYNN BERNICE, to Edward P. Welsh, Jr., son of Mrs. Robert Smith and Edward Welsh, of Wilmington, Del. A March 25 wedding is planned.

Know yourself—it's no misfortune to tumble to your faults.

Santa to Visit Lochmoor Club

Lochmoor Club's annual Children's Christmas Party will be held this Saturday, December 18, beginning at 12:30 o'clock. Chairman of the affair is Mrs. Walter V. Bernard, Jr., assisted by Mrs. William Draper, Mrs. Joseph Gaspar, Mrs. Edmund Jaskolski and Mrs. Edward Schmid.

The boys and girls will be entertained by Kelly the Klorophyll Clown, enjoy dessert, (ice cream, punch and cookies), and view a ballet, "Mary Had A Little Lamb,"

performed by Mimi Oakman, before Santa arrives with his helpers, Kyle Gaspar and Nancy Sitch, to distribute gifts. Also "neiping out," dressed as Christmas dolls, will be Patty Bozick, Gail Eugenio, Pam Hallmann, Carol Peters, Debbie Spring, Sally Face and Cathy Fossati.

MR. and MRS. ALVIN J. KLINE, who've lived for 30 years in Lochmoor boulevard, celebrated their Golden Wedding Anniversary next Tuesday, December 21. Son AL, his wife VIRGINIA and their four children, DOUG, NANCY, SALLY and BOB, are coming from East Grand Rapids for the family dinner.

Cornelius-Hopkins Vows Are Spoken

Bride and Bridegroom Write Ceremony for Their Candlelight Wedding in Sacred Heart Chapel Saturday Evening

Returning to their home in Spruce, Mich., in time for the beginning of the season at Mount Maria Ski Area are Mr. and Mrs. Thomas Maurice Cornelius who exchanged marriage vows Saturday, December 11, at a 5 o'clock ceremony in the Sacred Heart Chapel of the Sacred Heart Academy in Lakeshore road.

Mrs. Cornelius is the former Suzanne Marie Hopkins, daughter of Dr. and Mrs. Scovell M. Hopkins, of Doyle court.

The bride and bridegroom wrote their own service for the candlelight rites at which Father Jay Samonie presided and designed their matching wedding bands which were made by Mrs. Donald Wicke, of Harsen's Island.

The wedding music was baroque, played on an unaccompanied organ by Susan Kieren,

of Ann Arbor.

The former Miss Hopkins chose a wedding dress of crepe-backed satin flocked in a brown wallpaper print and sashed with brown velvet, Victorian in style and featuring Bishop sleeves and a high ruffled neckline.

She held the heirloom prayer book carried by her mother and grandmother at their wedding, surrounded by a cluster of stephanotis interspersed with baby's-breath.

Dunn-Vervais Betrothal Told

The engagement of Sandra Vervais and Morrill Dunn, III, has been announced by her parents, Mr. and Mrs. J. E. Vervais, at an informal champagne reception at their home in Napa, Calif. Mr. Dunn is the son of Mr. and Mrs. William McKee Dunn, former Pointers who now make their home in Winnetka, Ill.

The bride-elect was graduated from Armstrong College in Berkeley, Calif. Her fiancé was graduated from Trinity College, Hartford, Conn., and Northwestern University School of Law. He is now practicing law in San Francisco.

His maternal grandmother is Mrs. James Trafton Keena, of Detroit.

A May wedding is planned.

She was attended by Mrs. Jay Zulauf, of Seattle, Wash., in a long frock styled with a scoop-necked rust velvet bodice and patterned jersey skirt, carrying a loose cluster of garden flowers, and flower girl Kimberly Vera Gresser whose pastel yellow chiffon dress, Empire-waisted, was ruffled at her high neckline, bodice and the cuffs of her puffed sleeves.

Kimberly carried a basket filled with rose petals.

Michael Bradley Cornelius, of Ironwood, served as his brother's best man. They are the sons of Mr. and Mrs. Maurice C. Cornelius, of Spruce.

Ushering were Steven Michael Hopkins, of East Lansing, and Dennis Lee Hopkins, the bride's brothers, and Ray Frost Fleming, of Bloomfield Hills.

The T. M. Corneliuses

Exchanging marriage vows in Sacred Heart Chapel Saturday, December 11, were SUZANNE MARIE HOPKINS, daughter of Dr. and Mrs. Scovell M. Hopkins, of Doyle court, and Mr. Cornelius, son of Mr. and Mrs. Maurice C. Cornelius, of Spruce, Mich.

For her daughter's wedding and the reception in the Grosse Pointe War Memorial's Fries Crystal Ballroom following the ceremony Mrs. Hopkins selected a Bishop-sleeved dress of

sky blue chiffon under a sleeveless lace coat threaded with gold and silver.

The bridegroom's mother wore a sheath of daffodil yellow crepe-backed satin with gold accessories.

Both mothers carried single glameillas.

Out-of-town guests included the bride's grandmothers, Mrs. Norma Hopkins, of Ashland,

Villagers Plan Holiday Dance

The Villagers' committee met at the Fairholme road home of Fern and Buzz Stanfield recently, to discuss final plans for their annual Christmas Dance.

Peace Lutheran Church Presents Yule Concert

An evening of Christmas music will be offered by the choir of Peace Lutheran Church, East Warren avenue at Balfour road this Sunday evening, December 19, at 7 o'clock under the direction of Erwin J. Aufderberg, musical director of the congregation.

Songs by the Children's Choir include "Many Years Ago" and the Tyrolean carol "Rejoice and Be Glad." The High School Choir will perform a piece well.

form "Away in a Manger" and "Sing Noel."

"Alleluia," by J. S. Bach will be sung by the Senior Choir. The Senior Choir also will be featured in "In Dulci Jubilo," for two violins and choir, by Buxtehude. Violinists are Lloyd LaVerne and Erika Krueger.

Several traditional Christmas carols will be played by the Handbell Choir.

"Handbell choirs are a standard part of the musical departments of many churches, especially the larger ones," notes Mr. Aufderberg. "It takes hours of practice to perform a piece well."

"But our bell ringers go one step further than most — they will be the accompaniment to our Senior Choir in 'The Snow Lay On The Ground,' a musical treat for all listeners."

Laura Hanneman leads the Handbell Choir.

The combined choirs of more than 100 voices will join to sing "Come Hither Ye Children," "Noel Carol" by Caldwell and "Sing Gloria" by K. Davis.

The program closes with the mass chorus singing Kessel's "Glory To God."

A coffee hour in the church's auditorium follows the concert. The public is invited.

Charlie Brown Returns Dec. 18

The holiday entertainment season opened Saturday at the Grosse Pointe War Memorial when the Children's Theatre of Grosse Pointe, under the direction of Mrs. Syd Reynolds presented "You're a Good Man Charlie Brown."

Two shows were given, the first beginning at 11 a.m., the second at 2 p.m.

Do you think of Charlie Brown as a wistful fellow, or a bewildered little guy? He was interpreted both ways in the performances given by John Bogan and Tom Gebbie. Two casts presented the play, one in the morning and the other in the afternoon. Other members of the casts were

Sue Wightman, Moira Brophy, Cindy Reynolds, Therese Shaheen, Jeff Craft, Bill Champion, Ken Bouerner, Bob Gebbie, Mike Keegan, Mrs. Donald Hansen, pianist.

"You're a Good Man Charlie Brown" will be repeated on Saturday, December 18, at the War Memorial at 11 a.m. and again at 2 p.m. Tickets are available at Punch & Judy Toyland and the Grosse Pointe War Memorial.

Churches, schools and civic organizations interested in rates, or in presenting the play as a fund raiser for their organization should contact Mrs. Syd Reynolds, Director, 885-6219.

Special Concert Held on Dec. 8

The Grosse Pointe South High School Symphony Orchestra, under the direction of Russell D. Reed, combined forces with organist Edgar Billups, Wednesday, December 8, at Christ Episcopal Church, on Grosse Pointe boulevard, to present a special concert.

The 66-piece orchestra opened the concert with the first movement of Schubert's "Unifed Symphony." The middle portion of the program was devoted to four short organ sonatas by Mozart. These works are scored for strings, a small wind section, and organ.

Mr. Billups, performing with the orchestra in five compositions, is the organist and music director at Christ Church. He is well known for his outstanding musical performances as director of the choir and as organist.

The concluding composition was a brilliant setting of a theme by Vincenzo Albrici, "Antiphonal Fantasy," by Norman Dello Joio. The work calls for organ, brass, and strings.

"This concert provided a splendid opportunity for our high school students to perform some great literature with pipe organ in the fine acoustical setting of the sanctuary of Christ Church. It was a real musical treat for the public to hear these seldom performed works," said Mr. Reed.

Spending Christmas among the palms this year will be MRS. GEORGE A. SCHEMM and BARBARA LOCKE, of Maunee avenue, headed for Hawaii and a rendezvous with Mrs. Schemm's son-in-law and daughter, DR. and MRS. JOHN F. McDERMOTT.

This Is The School Parcells Students Built

Malawian children now have a school of their own, thanks to the donation of \$1,200 made to them by Parcells Middle School students. Malawi

has one of the densest populations in Africa and the need for classroom facilities increases daily.

Park Garden Meeting Held

The Grosse Pointe Park Garden Club met last Monday, December 13, at noon in the Grosse Pointe War Memorial. Mrs. Dorothy Carr and Mrs. Kenneth Patton were hostesses.

Program for the day was a Christmas party featuring "Make It, Bake It, Grow It, Sew It" gifts.

Celebrating their 25th wedding anniversary tomorrow at a dinner-dance at the Country Club will be MR. and MRS. JOHN S. ALBERT, of Elm court.

Parcells School Students Good at Helping Others

By Pepper Whitelaw

Youth of today are concerned. Concerned with participating in community affairs, helping those less fortunate and improving the school environment in which they live.

Students at Parcells Middle School are outstanding examples of today's youth. Led by student council officers Denna Dauphinais, president; Mark Gerganoff, vice-president; Beth Williams, secretary; Philip Pallenberg, treasurer; Patty Blaser, publicity chairman; and sponsor William Taylor, the students have had a busy and productive year, with the promise of more of the same.

They have just completed a food drive in which over 1400 items were collected, for needy families in the Grosse Pointe-Harper Woods area. (Parents volunteered their time to fill over 14 baskets with the goods collected).

Student Council members spent weeks preparing for the canned goods collection mailing posters and advertising their drive.

They've also recently completed a successful Toys for Tots Fun Night. Admission to the dance was a new or used toy valued at 75 cents. This dance featuring the music of "Second Nature," and "Yellow Jam," afforded the students a social evening and at the same time gave them the opportunity to help give needy youngsters a Merry Christmas.

But the good works don't stop there. Parcells students recently donated \$1,200 to the Peace Corps School Partnership Program. Their check made possible, through a community self-help program with the assistance of a Peace Corps volunteer, the building of a school for the children of Malawi. Malawi, which was known as Nyasaland before gaining its independence on July 6, 1964, is some 520 miles in length and varies in width from 50 to 100 miles. It is bounded by Zambia on the northwest, Tanzania on the northeast and Mozambique on the south southeast. The land area is about 37,000 square

miles; the southern tip of the country is 130 miles from the sea.

The estimated population is somewhere near four million, including 7,000 Europeans, 12,000 Asians and mixed races. Presently students at Parcells are gathering interesting information to send to students at the Malawi school.

Last year Student Council leaders collected enough money to pay for line markers in the swimming pool by sponsoring Fun Nights, holding bagel sales and working in their Snack Shop.

The Snack Shop is open on Tuesdays and Thursdays after school. There students may purchase candy and other goodies, proceeds from these sales are used for school needs or charitable causes. The Student Council members are now working very hard to earn enough money to purchase a kiln for the art department.

The decision as to where the proceeds from their charitable endeavors is spent is decided on by a vote of the 28-member Student Council.

And . . . Parcells students recently captured the Middle School Trophy for having collected the most money during the Walk-A-Thon, some \$2,500.

But . . . the students aren't going to sit back on their laurels! They're already working on their next project! That's the kind of enthusiasm they have over at Parcells!

NANCY HOUGHTON, daughter of DR. and MRS. MATTHEW HOUGHTON, of Berkshire road plays French horn with the Illinois Wesleyan University Concert Band, which presented its first concert of the 1971-72 school year Thursday, December 9, at Presser Hall in Bloomington. Miss Houghton is a freshman music major at IWU. She is a 1971 graduate of Grosse Pointe South High School.

Church Choirs Offer Concert

Children's and adult choirs of Christ Church, 61 Grosse Pointe boulevard, will take part in a new dramatic choral work, "Revelation," at 8:30 p.m. on Monday, December 27 at the church.

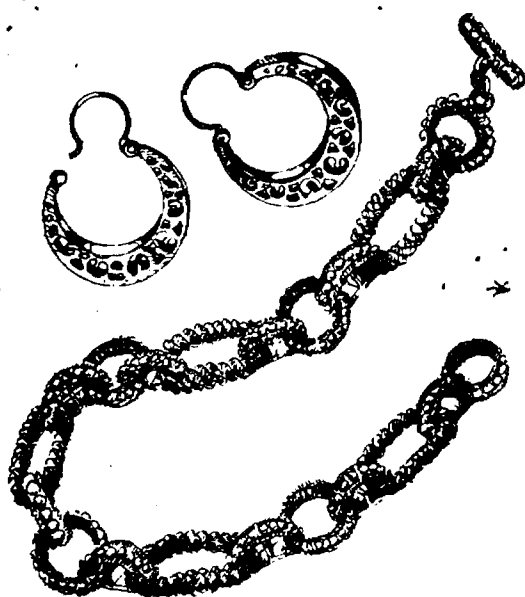

The musical work, written by Robert Jones, was commissioned for the American Guild of Organists National Midwinter Conclave, held in Detroit from December 26-29.

"Revelation" makes use of singing and speaking choirs, a baritone narrator, brass and percussion, two organs and electronic tape. The choir master of Christ Church, Edgar Billups, will direct.

There will be no admission charge.

The paramount issue at this time of year seems to center around the family budget.

Electronic Thermometer At Work

Having a reporter as a patient is almost as difficult as treating a doctor. JAMES J. NJAIM, reporter for the NEWS, who is recovering at St. John Hospital, after having suffered a heart attack, is pictured with nurses aide

EVELYN FORTON. Jim is having his temperature taken with the new electronic thermometer and he wouldn't rest until he gathered all this information on it for our readers!

The electronic thermometer is now being used in all nursing areas in St. John Hospital. It was put into exclusive use there in September after several months of study showed the considerable advantages over the old-style glass thermometers.

The major advantages of the electrical instrument include: speed, accuracy, savings in cost and labor because of less breakage and use of disposable probe covers, and less chance of contamination and cross-infection.

Basically, the instrument consists of a highly sensitive temperature sensor probe which is attached by a wire to a meter. Within seconds after the probe is placed in the patient's mouth, the patient's temperature is shown on a digital screen on the front of the portable machine.

This method of temperature taking has drastically reduced the amount of time it used to take, from two minutes to less than 15 seconds. It is estimated that the new electronic thermometers save an average of 65 to 70 hours a day in nursing time at 500-bed Saint John Hospital. The new instrument also saves the hospital the \$8,000 to \$10,000 it used to spend each year to replace broken thermometers.

The glass mercury thermometers take up much time because it takes more time for the mass of mercury in the glass thermometers to heat up than for the tiny "thermistors" probe tip of the electronic thermometer. Accuracy of the glass thermometer may be impaired if it is not left in place in the patient's mouth long enough, while the new instrument takes only seconds, thereby reducing the possibility of error.

Patient comfort was a major consideration in the decision to convert to the electronic thermometer. Rather than having to hold the glass thermo-

meter in his mouth for 10 or 15 minutes or more, the patient is now disturbed for only a few seconds. Also, there is no risk of possible injury from broken or dropped thermometers. Further, because the

probe cover is changed with each patient, there is no chance of one patient spreading disease to another. Sterile disposable covers are used for each patient and then tossed out.

No More MCF Male Monopoly

Two women—Helen Eppert and Elizabeth Loosely—have been elected to the executive committee of the Michigan Cancer Foundation board of directors, breaking a male monopoly in the policy-making agency that began with the founding of the organization 36 years ago.

Dean Arthur F. Neef, retired professor of Law at Wayne State University, who presided over the elections at the annual MCF board meeting, amended a time-honored formula and asked the "ladies and gentlemen" to take the collective oath of office.

Dean Neef, of Lincoln road, served as chairman of the nominating committee.

Elizabeth Loosely, of Harcourt road, is a registered representative for First of Michigan Corporation. She currently serves the MCF board as chairman of the Service committee.

Helen Eppert, of Bloomfield Hills, is the wife of Ray Eppert, retired chairman of the board of Burroughs Corporation. She currently serves as secretary for the Michigan Cancer Foundation board of trustees.

Dr. Michael J. Brennan, of Three Mile drive, president of the Michigan Cancer Foundation, expressed the belief that the women would do "at least" as good a job as the men in the 18-seat executive committee which governs the Foundation's activities.

Seven additional women, in-

cluding three Pointers, were elected to the board of trustees which was expanded from 62 members to 86 at the annual meeting held Monday, December 13, at the Engineering Society of Detroit.

Mrs. Frank Germack, Jr., of Perrien Place, Mrs. John C. Jacob, of Bishop road, and Mrs. Thomas F. Morrow, of Vendome road, will help direct activities of the Michigan Cancer Foundation at a point of rapid growth.

They will be joined on the board by Mary Ball, executive secretary of the Mayor's Committee for the Cultural Center, Mrs. Haley Bell, Mrs. Edward N. Cole and Ethelene J. Crockett, M.D.

Others elected from Grosse Pointe during the expansion of the board of trustees include Judge Vincent J. Brennan, Dr. John H. Burrows, director of Medical Oncology, St. John Hospital, and Robert G. Connors, staff executive of U.S. and Canadian Automotive Division, Chrysler Corporation.

The 86 trustees are representative and outstanding members of the medical, scientific,

business, labor and social organizations of the Detroit metropolitan area.

Under the by-laws of the corporation half the membership of the board is to be composed of members of the medical and dental professions.

The Michigan Cancer Foundation provides the 4.2 million people of the four Detroit metropolitan counties a unified service of cancer prevention and detection, direct assistance in the home-care and rehabilitation of cancer patients and research, development and technical training for earlier cancer diagnosis and better cancer treatment.

The Foundation is the product of a long period of growth and evolution in cancer control efforts.

When completed the Meyer L. Prentiss Cancer Center of the Michigan Cancer Foundation, currently under construction in John R. street, will be one of the top 10 research centers in the United States.

Projected opening date is September, 1972.

The Michigan Cancer Foundation is the United Cancer agency.

Slate Income Tax Classes

Although April seems a long way off, in practically no time at all, the deadline for filing tax returns will be here. Once again, it's time to turn attention to tax procedures, changes, and forms.

Be a little better prepared this year by enrolling in the courses on procedures for filing income tax scheduled by the Grosse Pointe Department of Community Services. These two courses are four-week courses, one of which begins Monday, January 3, the other beginning Wednesday, January 5. Both courses will be taught at Grosse Pointe South

High School and are from 7:30 p.m. to 9:30 p.m. The enrollment fee is \$5 per person for the four week course.

The classes will be taught by Ronald N. Kief, C.P.A. Mr. Kief is extremely well qualified and knowledgeable in income tax procedures. Mr. Kief will explain changes in the filing procedures, go through government publications, and answer questions pertinent to special situations.

Class size is limited, so call TU 5-3808, TU 5-0271 or TU 5-3701 immediately to reserve your space.

14 Cases Heard In City Court

The City of Grosse Pointe Municipal Court convened on Tuesday, December 7, with Judge Douglas L. Paterson presiding. Fourteen cases were heard and two bench warrants issued.

Mildred Floer, 3940 Chestnut Hill, Troy, was charged with careless driving, resulting in an accident. She stood mute and was found guilty. Her sentence was suspended.

Helen Wu, 1275 Audubon, was charged with failure to yield the right-of-way to through traffic, resulting in an accident. She stood mute and was found not guilty, due to reasonable doubt.

Francis O'Neil, 22464 Melrose court, East Detroit, was charged under the drunken motor law. He pled guilty to a reduced charge but was found guilty under the drunken motor law. He paid costs of \$175. He was placed on one year's probation and no driving for 90 days.

Peter Hanna, 19889 Wedgewood, was charged with reckless driving. He pled guilty to the added count of traveling through a red light. He was found guilty, fined \$50 and placed on three months probation.

Gregory Reynolds, 3538 Harvard, Detroit, was charged with careless driving resulting in an accident. His case was dismissed due to no wit-

nesses. Thomas Fultz, Jr., 1150 Burlingame, Detroit, was charged with careless driving resulting in an accident and under the drunken motor law. Fultz pled guilty to the first count, was found guilty and fined \$50 and pled guilty to driving while his ability was impaired. He was fined \$100 plus \$50 costs.

Helene Piotrowski, 9601 Berkshire, Detroit, was charged with careless driving. She pled not guilty, was found guilty and fined \$25. Her sentence was suspended. She paid costs of \$7.50, was placed on three months probation and made to make restitution.

Paul Havelit, 11, 858 Lakepointe, was charged with careless driving resulting in an accident. He stood mute, was found guilty and fined \$15.

Helen Carter, 1053 Whittier, was charged with careless driving resulting in an accident. She stood mute, was found guilty and fined \$15.

Helen Carter, 1053 Whittier, was charged with careless driving resulting in an accident. She stood mute, was found guilty and fined \$25.

John Krestsch, 3488 Buckingham, Detroit, was charged with careless driving resulting in an accident. He pled not guilty, was found guilty, fined \$25 and costs of \$7.50.

Three females were charged as disorderly persons. They were Ann Spaulding, 119 Perlin, Ypsilanti; LuAnn Denys, 10702 Somerset, Detroit; and Suzanne Denys, 10702 Somerset. All three stood mute, all were found guilty, fined \$25 each and placed on six months probation.

Popular Camp Property Sold

The closing of Camp Charlevoix on the north shore of Lake Charlevoix, the oldest summer camp for boys in northern Michigan, will come as a surprise to many Grosse Pointers. The sale of the camp's wooded land and personal property was announced this fall by the camp's owners, Mr. and Mrs. Kenneth W. Smith of Grosse Pointe.

Mr. Smith said, "We have had thousands of Grosse Pointe boys during the 46 years of Camp Charlevoix," and he added that many of the past campers have later become the business, professional, and social leaders of the greater Detroit area.

The camp had become an institution in northern Michigan. Known as a character camp for boys, it attracted campers from throughout the Midwest.

Camp Charlevoix has been in operation since 1925, when the late Lewis Reiman of Ann Arbor and the University of Michigan founded the camp on the South Arm of Lake Charlevoix. Three years later, the camp was moved to its present site on the north shore of Lake Charlevoix.

Kenneth Smith joined the staff of the camp under Reiman as a counselor in 1934. He returned to the camp every summer thereafter, with the exception of his leave to serve with the U. S. Army in World War II.

He became camp director in 1946, and two years later, he and Mrs. Smith purchased the land and assumed full control of the operation. His wife,

Ruby, had been with the camp since 1937.

The Smiths' two children, Rusty who now lives in Hollywood, Calif., and daughter, Mrs. James (Julie) Thistlethwaite of Grosse Pointe, were associated with the operation of the camp until they reached adulthood.

The camp, which opened the end of the third week in June and closed with a rodeo late in August, averaged 147 campers and a staff of 55 in recent years.

The 300 plus acres of wooded land with its 3,000 feet of lake frontage and the 38 buildings have been sold, but Mr. Smith would not disclose the name of the buyer. He would only say:

"I can't tell you who's buying it, but I can tell you it won't be subdivided and there won't be any condominiums." All the personal property of the camp, such as the sailboats, canoes, riding horses, and, yes, the 36-foot totem pole, have been sold.

Mr. and Mrs. Smith, residents of Beaufait road, are well known in Grosse Pointe. He is a past president of both the Grosse Pointe Rotary Club, and the Michigan section of the American Camping Association.

As for their future plans, the Smiths say, "Our future plans are very indefinite, but we hope to do much traveling."

Lanz Brothers Have Full Year

A year ago this month, Jerry Lanz, 22-year-old son of the Carl Lanzes of Chalfonte, was given a three-day pass by the University of Michigan Hospital to spend Christmas in Detroit.

He had been hospitalized since October with an acute kidney disease which resulted in the surgical removal of both his kidneys in early December. He was totally dependent on being placed on a kidney machine every third day for six hours at a time.

This December Jerry is coming home from Western Michigan University in Kalamazoo for his Christmas vacation. Last February he was the successful recipient of a kidney transplant from his brother Jim. He spent a long period of recovery with his parents in the Ann Arbor home they rented after their return from Honolulu. Although he still takes anti-rejection drugs provided by the Kidney Foundation of Michigan and checks in weekly at a local hospital, he has resumed his college career majoring in sociology.

His donor brother Jim made a quick recovery and is employed as a child care worker at Ypsilanti State Hospital and lives in Ann Arbor.

With both sons well established again, Mr. and Mrs. Lanz recently moved back to their home in Chalfonte.

Familiar Faces At Bronze Door

A completely refurbished Bronze Door opened this past Monday with many familiar faces. Among them Basil Jatonson, general manager, who's back at his old stomping grounds after two years at the St. Regis Hotel.

Mr. Jatonson is delighted to be back with his friends in The Pointe and told the NEWS that it is business as usual from 11:30 to 2 a.m. daily and Saturdays.

He is especially pleased to have with him another fami-

lar face in The Pointe, Joe Wagstaff, entertainer par excellence, Tuesday through Saturday from 8 p.m. until 1 a.m.

Mr. Wagstaff entertained Bronze Door customers for six seasons. His career includes entertaining at such international spots as Cobina Wright Sr., International Sutton Club in New York, Embassy Club in London, England, and Les Ambassadeurs in Paris.

Mr. Wagstaff is known in the entertainment field as George M. Cohen's only protégé.

Richard G. Gross Named To All-American Team

By Dave Moxley
What are the ingredients for an all-American athlete? Richard G. Gross, former prep track star and 1968 graduate of Grosse Pointe High, will modestly tell you that a lot of work, enthusiasm, and a little sacrifice, are involved.

Grosse, 21, is now a senior at the University of Illinois where he competes on the school's cross country and track team. He's the son of Mr. and Mrs. Clyde Gross, Jr., 731 Blairmoor court.

On Monday, November 22, Gross was awarded a position on the all-American cross country team. He achieved this feat by placing ninth in the 300-runner field at the National Collegiate cross country finals. The six-mile race was held at Tennessee's Fox Den Country Club and was sponsored by the University of Tennessee.

The top two teams and the 15 best individuals from every conference throughout the nation were invited to this meet. All-American titles were bestowed upon the first 25 finishers.

Prior to the Nationals, Gross placed second in the Big Ten championships Saturday, November 13, at the University of Minnesota.

Initially, he was discovered in the spring of his high school junior year. Thomas A. Gauerke, head track and cross country coach at Grosse Pointe North, was responsible for the discovery. Gauerke was then on the faculty at Grosse Pointe High as track coach and physical education teacher.

Gauerke examined Gross' results on the President's national physical fitness test. The 1:24 clocking in the 660-yard run convinced Gauerke that his athletic future lay on the oval.

At this time Gross was worried about making the Devils' baseball team as utility infielder. However after consultation with the baseball coach, Gauerke was able to acquire him.

Ultimately, Gauerke's awareness paid off. In the 1968 track season, Gross ascended the state as a prep distance runner. After only one year experience, he achieved heights that any seasoned thirder would be proud of, including an Albion Invitational mile championship; Schaefer Relays two-mile record; a berth on the Michigan High School Coaches Association's all-state track team, and the Detroit News' all-state track and cross country teams.

Gross climaxed his short but prosperous prep career by winning the State two-mile championship in June 1968. He established a new record

of 9:19.3 which shaved six seconds off the previous record. For this the 17-year-old athlete was named to the '68 U.S. Track and Field News' list of the year's best teams.

Graduating in June 1968 with a 3.2 scholastic average, Gross accepted a full scholarship to the University of Illinois.

At Illinois, he didn't rest on his laurels. He opened his collegiate career as an ineligible frosh. But he was able to compete in the Central Collegiate League freshman meet, placing second out of 200 competitors. This league encompasses most of the mid-western colleges.

Progress was the theme of Gross' sophomore year which turned out to be another fruitful episode.

Gross was happy with his 8:47 two-mile indoor run (the world record is 8:17), but felt that his victory in the Illinois collegiate cross country meet was most memorable. This meet is open to all colleges and universities in Illinois and attracts strong competition.

Growth marked his junior year. Gross doubled in most of the track meets, running both the mile and two-mile events in the same meet. His best double that year was a 4:09 mile and an 8:48 two-mile. While disappointed with the two-mile time, he was very pleased with his mile mark.

Illinois' track records from the two-mile to the five-mile are also logged in his name. He holds the two-mile, steeplechase, four-, and five-mile run records.

What is Gross' major motivation that helps him break these barriers? He describes it by simply saying, "It's the kind of thing you strive to do, to see if you can succeed at it."

There are other factors that support his motivation, such as his competitiveness. "He's kind of competitive by nature, from pick-up basketball to his running. Since he's not big enough to compete in any other sport, his competitiveness is still strong and has made him a fine runner," said Gauerke.

Gross will soon be entering his last semester of eligibility at Illinois, and his future is bright. He's carrying a "B" average and is majoring in finance. The Illinois Law School looks as if it will be his post graduation goal.

As for running, he will make his plans after graduation, possibly joining a track club. However, he wants to wait to see how his career plans develop.

Nevertheless, after 10,000 miles of training, Gross will give serious consideration to competing outside of college.

Game Followed By Disturbance

A disturbance between groups of youths followed the Grosse Pointe North-Sterling Heights High School basketball game Tuesday, December 7.

Officer John Kendall of the Youth Service Division observed a group of 25-30 youths chasing another group of 15-20 youths across the student parking lot.

When both groups met, verbal exchanges began, resulting in pushing, grabbing and the exchange of several blows. Kendall intervened and removed the Sterling Heights group to their cars. However, smaller groups then formed, but Woods officers arrived and the groups left the area.

Because of the large number of persons involved, identification was difficult. Several cars were later discovered speeding away from the school in what, according to Kendall, appeared to be an intent to continue the fight. However, Corporal Robert Setchell apprehended these youths and released them with a warning. Grosse Pointe North won the game, 66-41.

U-L Students Have Christmas Pageant

University-Liggett sixth graders, under the direction of parent Mrs. Paul Casey, and teachers Christine Ham-bright, Carole Johnson and Nora Kelley presented "PEACE," a colorful pageant that incorporated patriotism into the religious nature of Christmas. On stage in the

Kresge Auditorium at the Liggett Campus, a chorus of young voices accompanied a tableau series that included "The Spirit of '76" featuring Jeff Logan, Michael Martinez and Bill Beardslee, "Two Astronauts Implanting the U.S. Flag on the moon," Richard Carter and Glenn Houseman,

and "Miss Liberty," featuring Debbie Holley as a very statuesque Statue of Liberty.

Religious Christmas scenes followed. "The Nativity" featured Connie Smith, Andy Oyaas, Francine Mantho, F. K. Day, Ted Moniak, Bill Cudlip, Chris Smith, Graham Smith, David Maas, and Bill Doelle; "The Shepherds," F. K. Day, Ted Moniak, Bill Cudlip and Chris Smith; and "The Three Kings," David Maas, Bill Doelle, and Graham Smith. Different speakers emphasized the tableau scenes with narrated biblical passages and American quotations.

The Chorus, strikingly colorful in choir robes reflected brilliant red, white and blue lighting in the darkened auditorium. Pageant speakers were Ruth Carter, Noble Pruett, Ellen Hickey, Michael McGuire, Chip Collins, Thea Buc-ciero, John Hastings, Julie Gardella, Sheila Casey, and Tomasine Polizzi.

The University-Liggett Christmas schedule on the University Campus includes a lower School Santa party today Thursday, December 16, with students in pre-kindergarten, kindergarten and first grade being released for the holidays immediately afterward, and Last Day Christmas program on Friday, December 17, for grades 2 through 12. University-Liggett classes resume on Tuesday, January 4.

Boyne Country Condominiums

Right in the heart of Mid-America's skiing, golf and recreation mecca—BOYNE COUNTRY. The Boynestadt condominium village is nestled at the foot of fabulous Boyne Mountain and overlooks world-renowned Boyne Mountain Lodge.

Jungfrau

Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boynestadt village concept. The Jungfrau's five-storied reach assures a magnificent view of Boynestadt, Boyne Mountain, and surrounding terrain.

Arlberg

As vast as the Austrian Alpine Ski country after which it is named, the Arlberg apartment building houses 12 apartments and is the largest of all buildings in the Boynestadt Condominium village complex.

Mont Blanc

Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Boynestadt complex. The two-storied Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

4 seasons of recreation

Skiing at all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Wolfson Hills—from November through April.

Golf at the magnificent 18-hole championship mountain course, 9-hole par 3 course within walking distance from the village, plus a golf training camp for youngsters—and only a short drive away, the challenging 18-hole, Boyne Highlands course, already one of the top ten in the nation, designed by Robert Trent Jones plus the 9-hole par 3 Highlands course—72 holes of golf. Deer Lake Penn-Sassafras Beach Club to serve golfers, swimmers, boaters and fishermen whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal-clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would become endangered by high winds. It also has a good ice shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. Who's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads.

A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne County Four-Seasons Beach Club with Boynestadt just a mile away to the eastward.

Boynestadt is only minutes of easy access to a resort complex which offers you 10,000 acres of pleasure—skiing, golf, salmon and trout fishing, sailing, motorboating, deer and small game hunting, swimming, waterskiing, horseback riding, retirement living, investment opportunities—all in one recreational administrative organization

One Of The Many . . . services you'll find at Walton-Pierce is in the lingerie department where Florence Riley specializes in mastectomy fittings for bras and swim suits. There is a new collection of swimwear which was specially selected by Mrs. Riley for mastectomy patients.

Beauty Bar News . . . from Leon, 17888 Mack Avenue, Jo Anne showed us all the new organic products including Jibere shampoo which conditions and adds body to your hair. Health food vitamins help from within. There is also a new line of Pucci colognes for women and very special Pucci colognes for men.

Party Going Fashions . . . at Michelle's Boutique, 17864 Mack Avenue puts you in the mood for fun. Right in style is a halter neck bare back black taffeta \$85. Michelle's is open until 8 Monday through Friday till Christmas.

Why . . . are Scotsman ice cubes so clear, solid, pure? Because they are made a special way. In the Scotsman ice cube maker the operation is completely automatic. There's no need to fill trays with tap water. Fresh water is sprayed into round cube cups and frozen upside down. The impurities drain away. The Scotsman provides up to eighteen pounds of pure round ice cubes a day and can be beautifully integrated into any home or office decorating plan. See the Scotsman at Mutschler Kitchens, 20227 Mack Avenue . . . TU 4-3700.

In Martha's Closet . . . 373 Fisher Road, you'll find delightful travel accessories in a blue patchwork pattern. Included in the coordinated collection is an iron in a case, a jewelry case, a cosmetic kit, a lingerie bag and a long garment bag.

Those Folks At Mr. Q . . . have installed passport photo equipment for your convenience. Stop by and they will prepare your passport photo immediately at very little cost . . . 19587 Mack Avenue . . . 886-0500.

Madame Rochas . . . is now at the Notre Dame Pharmacy. You will also find other famous fragrances by Guerlain, Chanel, Caron, to mention a few. Coordinate her favorite perfume, cologne, soap, bath oil, etcetra for Christmas. She'll love you for it.

The Kaleidoscope . . . focuses on great gifts at little prices which are sure to please children and grown-ups alike. Open Thursday and Friday evenings until Christmas . . . 16135 Mack at Bedford.

Pointer of Interest

MRS. J. W. HARRISON, OF BALFOUR ROAD

By Janet Mueller

She was born with stars in her eyes. She's never lost them. It's several decades now since, as Geraldine Brennan, she sang on WXYZ's Masonic Temple Hour, and she was only 15 when she got \$10 a week as an extra in the Bonstelle Playhouse production of "After Dark," (she went to school during the day, trod the boards at night and dreamed, someday, of becoming a second Greta Garbo), but Jerry Harrison's still stage-struck.

Wife, mother, clubwoman, involved in her community and — very nicely — stage-struck. She was born in Hamilton, Ont., and crossed the border with her parents when she was in the 10th grade. They settled near Dexter boulevard in Detroit, and Jerry graduated from Northern High School.

She started to model while she was in high school, sang at entertainments and in the chorus of Detroit's first Municipal Opera, took dramatic lessons at the YMCA and entered a couple of movie contests, one of which, she recalls, was to find the "Panther Woman."

Was Too Wholesome Apparently, Geraldine Brennan was just a wee bit too wholesome for THAT!

She was just right, though, for Bill Harrison. "Come on down to Wilding Studios with me," a friend of Bill's said one fine day, "and see some really beautiful women."

Bachelor Bill was willing. And there, modeling for the Detroit advertising agency, a stand-out among stand-outs, was Jerry Brennan.

And so they were married. Bill, an orthodontist, has had stars in his eyes forever too. An amateur musician, he played his way through the University of Michigan.

Today, if you ask him to play—he will. The Family Grows Bill and Jerry moved into the house in Balfour road and the babies began to come.

There was Ella Mae, now

Perfume, Costume Jewelry, Evening Bags And Fashions . . . are idea gifts. Choose Bal a Versaille perfume and cologne, imported from Paris, or other fine toiletries by Madame Rochas and Mink and Pearl Bracelets and pendants by Kenneth Lane start at \$10. A gift certificate for an exquisite dress, daytime or evening, would be exciting. Stop at Mr. Julian Fashion Boutique, 15114 Kercheval in the Park . . . 822-2818.

The Poinsettias . . . are in bloom at The Arrangement, 341 Fisher Road. Don't forget to order them for gifts and for yourself. The earlier the better for holiday enjoyment. Prices start at seven fifty . . . 885-6222.

Head For Ports Of Call . . . for wonderful imported wooden toys, priced from seventy-five cents to five ninety-five. They come from Spain, Germany, Czechoslovakia and Italy and make delightful stocking stuffers . . . 23220 Gr. Mack.

Decorate Your Tree . . . with sparkling ornaments designed by you. Just pin beads, braids, spangles and sequins on a styrofoam ball. Underneath that tree place hand-made gifts of lasting beauty by fine craftsmen of this area. Most appreciated will be the gift you make yourself. Find supplies for jewelry, beadwork, macrame and candles at the Craft Merchant, 11 Kercheval. Open daily 8:00 a.m. to 8:30 p.m., Sunday 12:00 noon to 6:00 p.m.

Our Customers Are Indian Givers . . . they bring us gifts one day and take them back the next. Actually they are taking advantage of the one day engraving service available on gifts bought elsewhere or on gifts bought at Woods Trophies and Gifts, 19854 Mack at Huntington.

From Pinehurst . . . to the Pinehurst Handmade Soap and Candle Shop has come a new shipment of holly candle rings. You'll also find lots of pretty and practical stocking stuffers such as nature fresh soaps, flower balls and sachet at our own convenient Pinehurst in the lower level of the Colonial Federal Building.

Surprise the artist in your life . . . with a perfect easel personally selected from a variety of styles at The Rainy Day Company, 20369 Mack Avenue, 881-6305

barely long enough after the Dental Auxiliary presidency to catch her breath before she joined the Woman's Club.

Habitual President Four years later she was the Woman's Club's president.

One gold disc holds the pin Jerry received as thank-you for her term as president of the Alpha Delta Pi Mother's Club at Michigan State University when Ella Mae was a student there, another the pin proclaiming her two years' service as a Girl Scout Leader.

"Mr. York laughed when I insisted I wanted a 20-cent pin put on a 14 carat gold disc," she says of the latter memento, "but I SLAVED for that 20-cent pin!"

So the Girl Scout pin was mounted, sprayed with gold, and another milestone was recorded on Jerry Harrison's bracelet.

Most recent addition is the disc dated June 25, 1970, marking Jerry's graduation in Real Estate from the University of Michigan.

Joins College Crowd "Everyone else was going to college; all my children were getting degrees," she explains. "I wanted to do it too."

No descendant of Lady Susana Donaldson, only child and direct heiress of the County of Kildare, ever says die.

Since the end of her Drop Out Decade Jerry's served a term as social and press chairman for Lochmoor Club. She's affiliated with the Grosse Pointe Celebrity Series, the Women's Association for the Detroit Symphony Orchestra and the Grosse Pointe Symphony Women's Committee.

She and Bill belong to the Merry-Go-Rounders, a strictly social group of friends who meet to dance. The Harrisons play bridge and spend as much summer time as possible at their cottage near Gratiot Inn, scene of some fabulous parties including last summer's "Old Musicians" jam session Love-In and an authentic Hawaiian hula in honor of Bill's birthday.

They All Love Parties The children help them plan and carry out these parties. Party-giving and party-loving are Harrison family traits.

In her spare time at the cottage Jerry likes to garden. Bill, twice runner-up golf champion at Lochmoor, heads for the Port Huron Golf Club whenever he has a few cottage hours to himself.

Jerry's a happy traveler who's "open for suggestions this winter." (Florida, anyone?) A train trip to the New York World's Fair with son John proved such a traumatic experience — no redcaps, no service, no nothing—that she's now "resigned" to air travel.

Still frightened, still convinced that if God had meant man to fly, He would have given him wings, but resigned. If there's nothing else for it, she'll do it.

Loved the Caribbean Last February she and Peg (Mrs. Gerald) Jordan had a wonderful time on the Detroit Athletic Club's Caribbean cruise. Panama, Caracas . . . new sights, new people, new experiences will always bring stars to Jerry Harrison's eyes.

The old stars are still there. Since the end of her Drop Out Decade Jerry's become active in Tuesday Musicals, in Theatre Arts Club of Detroit, the all-woman drama club, and, with Bill, in Fine Arts, the mixed drama group that presents productions at The Players Playhouse in East Jefferson Avenue.

Currently she's on Theatre Arts board of directors, in charge of publicity and pro-

grams and official photographer. She knew nothing about that last part of the Theatre Arts publicity-program chairmanship until someone happened to mention, "Say, Jerry, I think it's your job to take pictures . . ."

Another Challenge No descendant of Lady Susana Donaldson, only child and direct heiress of the County of Kildare, could take that as anything less than a challenge.

Jerry's learning the intricacies of shutter speed and focus now, and finds "It's kind of fun."

She's maintained her affiliation with the Grosse Pointe Woman's Club. After all, the Woman's Club gave her not just a charm, but the bracelet.

She's director of the Grosse Pointe Woman's Club's Drama Group Matinee, to be presented Wednesday, January 19, in the Grosse Pointe War Memorial's Fries Auditorium.

That date's a corker! It means, somehow, sandwiching rehearsals between pre- and post-Christmas parties, and New Year's . . .

Method in Madness But: "The Grosse Pointe Theatre people are letting us use their set," and the set will be available on January 19. There's method in the Grosse Pointe Woman's Club's Drama Group madness.

"Every once in a while, over the years," Jerry explains, "the Woman's Club would put on a play. Last year we thought: Why not do it again?" The members liked the idea, and the play was a great success.

This year the Drama Group, under the general chairmanship of Mrs. Bewley D. Priestman, will present two short plays, "Will the Ladies Please Come to Order?" a farce featuring a woman's club president, secretary and treasurer and their alter egos, (what the ladies SAY vs. what they THINK), and "Papa Never Done Nothing . . . Much," which Jerry describes as a small gem in which a newspaperwoman, through an interview, discovers from a man's widow how much the man really did do.

Jerry's directing both. Happily. With stars in her eyes.

INTELLIGENCE TEST The family that spends recklessly soon finds that a little credit is a dangerous thing.

who, where and whatnot

By Whooolit

Moving into . . . the Christmas Bridal Season, we've begun to get our usual quota of calls on "How do I submit my engagement? . . . wedding? . . . Should I submit a picture? . . . How far in advance must I submit the information?" . . . So once again we've decided to save time and energy, (our readers' and ours), and print a brief resume of the NEWS' policy on engagement and wedding announcements . . .

Now PLEASE . . . everyone/anyone who's planning a wedding in the next few months, CLIP and SAVE this column . . .

The NEWS prints engagement announcements . . . as soon after they are received as possible, on a first-come, first-served basis . . . They may be submitted in advance of the actual announcement date, marked "Hold until such-and-such a time" or "Do not release until such-and-such a time" . . .

Wedding announcements . . . should be submitted at least ONE WEEK in advance of the actual wedding date . . . Like engagements, they are printed as soon after they are received as possible, on a first-come, first-served basis . . . but they take SPACE PRECEDENCE over engagement announcements . . . In other words: Some weeks our space is limited, but the brides ALWAYS come first—if it's a choice between running two engagement announcements or one wedding announcement, the wedding goes in . . . The engagements are held until space becomes available . . .

Wedding "forms" . . . are available at the NEWS office. We have no engagement forms . . . We ask our readers to use an engagement announcement that has appeared in a recent issue as their form: There's really only one way to announce an engagement . . .

ALWAYS . . . include a telephone number, where information can be checked DURING THE DAY, when submitting ANY item to ANY newspaper!!! . . .

It's not necessary . . . to write up your own engagement or wedding announcement . . . You supply the facts; we'll supply the sentence structure . . . Of course, if you find it easier to submit your announcement in "story" form, by all means do so. Sometimes you make a far better job of it than we do. . . .

But PLEASE . . . TYPE your information, or if you can't type PRINT proper names . . . Americans are not noted for their legible handwriting, and we have no resident-cryptograph decoder on the NEWS staff . . .

Photographs submitted . . . should be BLACK and WHITE "glossies" (shiny surface), 5x7 or 8x10 in size . . . We're sorry, but because our space is limited, we can only print pictures of local girls, girls whose families are living in Grosse Pointe at the time of the wedding or who have moved from The Pointe within the wedding year . . . This is a right-down-the-line rule, with only three exceptions . . . We print engagement and wedding pictures for girls who work in The Pointe School System . . . for nurses who work in Pointe hospitals . . . and for girls whose families have moved from The Pointe but who return to celebrate their weddings here . . .

What about Pointe boys . . . who marry out-of-Pointe girls, or ex-Pointers who want their former neighbors to know of their son's or daughter's engagement/wedding? . . . We print their complete stories, as submitted, WITHOUT photographs . . . The reason for this, again, is limited space, and again it's a right-down-the-line rule—with NO exceptions . . .

And what about . . . returning submitted pictures? We're sorry, but we haven't the staff to handle that . . . We hold all submitted pictures at the office for three months, however, and we'll be happy to hand them back . . . if someone comes in to pick them up . . .
