## HEADLINES of the WEEK

**PLEDGING PRICE ROLL-BACKS** and refunds to consumers, Price Commissioner Chairman C. Jackson Grayson told Congress Tuesday as many as 10 percent of the nation's biggest firms may be making illegal excess profits. The government's chief price setter also said that price controls could be extended to food as a last resort if rising food prices threaten the Nixon administration's anti-inflation fight. He was testifying before the Joint Economic Committee of Congress.

**Friday April 21**  
**LANDING SAFELY ON THE MOON** Thursday night were astronauts John W. Young and Charles M. Duke Jr., nearly six harrowing hours late in the planned touchdown in the volcanic highlands. Apollo 16 program officials said the late landing, attributed to fears over a harmless instrument fault, might cut down the moon stay from a planned 73 hours to as few as 60, and probably would eliminate the last of three scheduled moonwalks. The near-perfect landing came at 8:24 p.m. on the boulder-strewn Cayley Plains north of the Great Descartes Crater.

**Saturday, April 22**  
**ANN ARBOR POLICE** charged and clubbed 600 anti-war protesters blocking U.S.-23 highway traffic on an overpass near Ann Arbor Friday. Earlier the demonstrators, protesting the intensified U.S. bombing in North Vietnam, damaged and set fires in an ROTC building on the U-M campus, causing an estimated \$4,000 in damages. Meanwhile in Detroit, 15 persons were arrested when 200 anti-war demonstrators blocked the street in front of the downtown Federal building.

**Sunday, April 23**  
**NORTH VIETNAMESE TROOPS** captured three more military bases Saturday, one 40 miles from Saigon and the other two in the Central Highlands. Thousands of South Vietnamese soldiers were shifted into the capital area to shore up government defenses against possible communist attack. U.S. B52s continued to pound the area around embattled An Loc, 60 miles north of Saigon. Troops of both sides continue to fight in streets of the capital.

**Monday, April 24**  
**ASTRONAUTS JOHN YOUNG** and CHARLES DUKE JR. rocketed off the moon Sunday night and rejoined their Apollo 16 companion, Thomas K. Mattingly, ending a record surface expedition that will bring fresh discoveries to the history of the lunar highlands. The astronauts stowed a record 245 pounds of rocks and soil samples aboard the lunar lander Orion before they blasted off the surface at 8:26 p.m. in the eighth day of the moon mission.

**Tuesday, April 25**  
**A TEAM OF SURGEONS** at Sinai Hospital successfully implanted a partly mechanical heart in a 45-year-old man from Albany, Ore., on Monday. The team, headed by heart surgeon Dr. Adrian Kantrowitz, began the operation at 5:45 p.m. on Vincenzo Orsi, city engineer for Albany, who has been disabled for more than a year because of congestive heart failure. It is the second such operation in history.

**PONTIAC VOTERS** turned down a school tax increase of 5.5 mills Monday, leaving school officials with the prospect of an expected deficit for this year of more than \$3 million. The proposal was decisively beaten, 7,863 to 3,467. High anti-busing sentiment was given as the reason for the defeat. In Farmington, voters also defeated 6,185 to 5,980 a school tax increase of 3.5 mills for one year.

## Fund Drive Donations Are Lagging

Just \$7,000 Has Been Received Since Last Week; Residents Are Urged to Forward Contributions

After a record breaking start Grosse Pointe War Memorial's 1972 Annual Family Participation Campaign has slowed down. Just \$7,000 has been received since last week's report. To date \$69,291.50 has been donated by 3,932 contributors. The goal necessary to balance the budget was set at \$95,000 and certain unforeseen expenses have arisen since the budgeting.

This past weekend the Center's staff placed in the mail combination follow-up letters and postage free remittance envelopes. These were sent to all Pointe families not yet heard from. The Center staff wishes to emphasize that in some cases the follow-up appeal has crossed incoming gifts in the mail. They hope such donors will be understanding.

The Center serves over 225,000 people a year including repeats. Many Pointers find activities to bring them to the Center several times (Continued on Page 11)

## Grosse Pointe Garden Club Council Tree Sale To Highlight Arbor Day

Three Types of Crabapple Trees Are Scheduled For Sale at Elworthy Field Saturday, April 29, From 10 a.m. to 4 p.m.

Spring is here, and a young man's fancy turns to trees.

For the Grosse Pointe Garden Club Council will sell trees to commemorate the 100th anniversary of Arbor Day in Michigan Friday, April 28. The tree and shrub sale is Saturday, April 29, from 10 a.m. to 4 p.m. at Elworthy Field.

The money, donated by garden clubs, will be used for planting trees on the Charlevoix side of Elworthy Field, which is used by all of the Pointes as a recreation area. The Garden Club Council is composed of 18 local garden clubs.

Three types of trees are scheduled to be sold: Redbud Crabapple, (Zumi), at \$4 each; Red Jewell Crabapple, at \$9 apiece, and Radiant Crabapple, at \$9 each.

Many clubs have made voluntary contributions for the planting. They include the Deeplands Garden Club, Windmill Pointe Garden Club, Suburbia Garden Club, Garden Club of Michigan, Junior League Garden Club, Little Garden Club, Grosse Pointe Farms Garden Club. More are the Grosse Pointe Park Garden Club, the Grosse Pointe Shores Garden Club, Trowel Error Garden Club, Grosse Pointe Women's Club and the Grand Marais Garden Club. The committee chairman

for this event are Mrs. Henry Ledyard, treasurer; Mrs. George Ryckman, storage; Mrs. Urban Boresch and Mrs. Elmore Frank, supplies; Mrs. Henry Hollister and Mrs. John Malcolm, orders; Mrs. James Gram, workers; Mrs. David Lowe, posters; Mrs. Pierre Palmentier, publicity, and Mrs. Emil Leidich and Mrs. Pierre Heftler, consultants.

Garden buffs may be interested to know that the Redbud Crabapple is a small to medium size tree growing from 10 to 15 feet. It has rosy-pink buds which open to pinkish or nearly white blossoms. It's reported to be easy to grow and will tolerate almost any kind of soil. Birds find the tree's round, quarter-inch red fruits a gourmet's delight.

The Red Jewell Crabapple grows from 12 to 15 feet and requires little space. It's reported perfect for home planting and has a deep green foliage and one of the finest red fruited, white flowering crabs. The fruit, which is less than a half inch, persists in a glossy, firm condition to mid-December, then it darkens and shrivels a little but retains some of its "shine" through February and March.

Finally, the Radiant Crabapple grows from 18 to 25 feet. Its deep red buds open to a deep pink, and its early foliage is reddish and its mature leaves are green. It sparkles with a half-inch red fruit which persists into the winter. It's reported highly resistant to scab, rust and fireblight.

## Wayburn Fight Unsettled; Detroit to Make Next Step

By Roger A. Waha

The saga of the Wayburn avenue boundary dispute continues and it seems it may be a while before the matter is definitely settled.

Mr. Rohr noted that the next step is the obtaining of more information on the situation and he added that he has no idea when Detroit will make a decision. If there's

any move to redefine the boundary, this step will follow Detroit's action, said Mr. Rohr. Mayor Matthew C. Patterson just about summed it up when he said, "We'll play it as it comes and see what Detroit is going to do."

As reported in the April 13 edition of the NEWS, Mr. Rohr felt that if both cities are willing to approve the annexation there should be no problem when the matter goes to the State Legislature regarding special enabling legislation.

City Manager Robert A. Stone cited some estimated tax figures for the council. The major amount of taxation on Wayburn lots goes to Detroit with The Park receiving around \$4,300. If the annexation takes place, The Park would receive an estimated \$45,000.

## Lee H. Allen Will Not Run On June 12

Trustee Regretfully Announces He Will Not Be a Candidate in School Board Election

Lee H. Allen, treasurer of the Grosse Pointe Board of Education, in an exclusive interview with the NEWS on Monday, April 24, announced he will not run for re-election on June 12.

Mr. Allen said, "If candidates appear who are objective and whose prime concern is the integrity of the school system I do not intend to run for re-election. My interest in the deliberations of the board are more intense than they were four years ago, but I had to make a decision of personal priorities."

"The nature of my job has changed over the past four years and involves a great deal of time away from my home and family. Although I know I am not indispensable to the school board I am indispensable to my wife, five sons (I had four when I came on the board) and my job."

"I have a year to again come back after a sabbatical leave. The problems now are more intense, my interest is more intense but it is not fair to my three boys to continue in this way."

## Youth Freed Of Drug Charge

The charges against Lewis J. Stockard, 21, under the City of Grosse Pointe ordinance pertaining to narcotic or hypnotic drugs, based on the state ordinance, were dropped by Judge Douglas L. Paterson on Tuesday, April 24, because of the recent State Supreme Court decision in the case of The People versus John Sinclair which declared that state ordinance unconstitutional.

Stockard was charged with a misdemeanor on February 22 in The City (punishable by 90 days in jail and/or \$500 fine).

## Student Behavior Subject of Code Passed by Board

Provisions Govern Tobacco, Drug and Alcohol Usage, Subordination to Authority and Falsification of I.D.

By Kathy Duff

A Student Code of Behavior was passed at a recent special meeting of the Board of Education held in the small board room at 389 St. Clair.

The code was recommended by a representative system-wide committee composed of students, teachers and administrators.

In the code are provisions pertaining to student tobacco smoking, possession and use of narcotics, falsification of student identification cards, insubordination to authority, among other elements of behavior which create difficulties between students and school administrations.

Trustee Lee H. Allen commented that the school board had gone beyond most school systems by defining in writing what is acceptable behavior and determining the penalties of unacceptable behavior.

Board Secretary Barbara Thompson pressed for the inclusion of the word "marijuana" in the fifth section of the code which pertains to the "possession, use, or under the influence of narcotics or dangerous drugs".

Mrs. Thompson wanted to make it perfectly clear that marijuana was considered in this category, and the board members backed up her suggestion by including the drug in Section 5.

The most discussed provision in the code, according to Trustee William Huette-man, was the section which governed falsification of student identification cards.

The code, as passed, specifies a five-day suspension for the first falsification of I.D., a 10-day suspension for the second violation; and suspension from school for the rest of the semester with no credit granted in the event of a third I.D. violation.

Other provisions in the student code govern tobacco smoking.

Recently, the school board decided to allow all high school students to smoke on school grounds, dropping the previous regulation which allowed 18-year-olds to smoke in certain designated areas.

For the first tobacco smoking violation, a student will be suspended for three days; second violation, five days separation; third violation, 10 days separation.

Also in the code is a provision stating: "The administration should be notified of any case of insubordination, profanity, intimidation, or abusive conduct."

No corrective measures were detailed for insubordination offenses. Each case will be judged on the particular incident.

As for alcohol, the offense carries the same penalties as drug usage on campus or at school sponsored activities. First offense, suspension of up to 20 days; second offense, suspension from school for the remainder of the year, no credit granted.

In both cases, alcohol and (Continued on Page 2)

## School Board Election Is A Wide Open Race

By Pepper Whitelaw

It will be an open race for two trusteeships on the Grosse Pointe Board of Education on Monday, June 12. Both incumbents, Barbara R. Thompson, secretary, and Lee H. Allen, treasurer, have announced they do not intend to run for re-election. This is one of the rare times in recent years that no incumbents will be on the ballot.

To qualify as a candidate one is no longer required to be a property owner. However, aspirants must be residents of the school district and qualified registered voters.

Nominating petitions must be filed no later than 4 o'clock Monday, May 15, with the secretary of the board of education, in the business office at 389 St. Clair avenue.

## Pointe Boy Surrenders After Chase

James Stevenson, 18, Held in Connection With Armed Robbery, Burglary and Arson

By Kathy Duff

Currently held in the Shores jail is an 18-year-old Pointe youth James A. Stevenson, 478 Fisher road, who is implicated in 27 crimes ranging from arson to armed robbery.

Stevenson's arrest came at 8:10 a.m. Tuesday, April 18, after Shores Patrolmen Robert Bensingher apprehended the suspect after receiving stolen-car bulletin over his scout car radio.

Minutes earlier, Edward Nepi, owner of the beauty salon located at 19463 Mack, had contacted The Woods police to report his Mark III Continental stolen from the rear of the salon.

At the scene, Mr. Nepi informed Woods Patrolman Arthur Gekiere that he had left his car keys in the inside armrest and when he returned at 7:45 a.m., the Continental was missing.

The Woods patrolman immediately broadcast a stolen car bulletin.

Among the 50 scout cars which picked up the bulletin was Shores Patrolman Bensingher who was operating a radar at 619 Lake Shore road in the Shores area. He reported the Continental along the Shores streets of Lake Shore, Oxford, and Morningside, as the driver attempted to elude the police car.

At Oxford and Morningside drive, the driver jumped out of the car and attempted to flee the Shores policeman. Patrolman Bensingher exited his scout car, pulled his gun, and commanded the suspect to halt.

Questioning the suspect who immediately surrendered, Stevenson produced three pieces of identification, each with a different name. The suspect was taken to the Shores police station.

At the Shores Jail, Stevenson agreed to talk with authorities after being informed of his Constitutional rights.

In an interview with the Farms detectives, Stevenson spilled a career of crime which included armed robbery, breakings and enterings of both businesses and residences, stolen cars, and arson.

It was learned that he worked primarily in The Pointe, particularly in the Farms, yet his criminal activities include several armed robberies in Harper Woods, East Detroit, Roseville and Detroit.

In The Farms alone, Stevenson's arrest helped clear up many cases the Farms detectives have been working on the past year. Through an exhaustive effort on the part of Farms detectives, Sergeant George Van Tiem, Joseph Miller and Earl Field, over 19 cases have been closed.

Foremost is the recent armed robbery of the Briggs Pharmacy, 18544 Mack, on Friday night, March 31.

Or that night, witnesses said that a white male, about 23-years-old, five feet and 10 inches tall, entered the store, bared a blue steel revolver beneath his coat, and demanded the money in the cash register. He escaped with \$25.

Talking with Farms authorities, the suspect revealed several crimes which had never been reported to the police. Most were breakings and enterings not reported by the homeowners.

One fact which came to light was that a mid-December fire in a McKinley road residence was not an accidental fire, it was arson committed by Stevenson. The suspect said that he had broken into the house, had discovered nothing worth

(Continued from Page 1) stealing, and had set fire to the house in his anger. Stevenson also slit a water bed in the basement of the dwelling, however, the vandalism was never reported by the homeowners. Farms firemen had noted in their report that the fire had started in two separate places, but arson was not suspected.

The suspect broke into 10 dwellings in The Farms in the last year, and attempted to break into six others. In The Farms detectives' report, sent out to neighboring municipalities to aid them in solving cases, it was stated that Stevenson used a glass cutter to break the windows, and then taped the glass before entering the dwelling.

Another curious facet of Stevenson's modus operandi is that an empty soda bottle or a half-eaten apple would often be found in a burglarized residence.

The suspect was arraigned before Woods Municipal Judge Don Goodrow on Wednesday, April 19, for concealing and receiving stolen property over \$100, a felony carrying a sentence of up to four years. The warrant was issued by the Wayne County Prosecutor's office.

He is currently held in the Shores jail under bonds amounting to at least \$10,500.

Also facing Stevenson are two charges of armed robbery filed by the cities of Roseville and East Detroit.

Roseville authorities have charged Stevenson and Mark Kemp, currently a student at South High School, with the armed robbery of the Black Angus Restaurant, 27454 Gratiot, on Friday, April 7.

The pair were arraigned on Thursday, April 20. Both stood mute when the charges were read, and each was placed under a \$5,000 surety bond. Their examination date is set for Wednesday, May 10.

Stevenson is also implicated in the armed robbery of the Georgian Inn Motel, 31327 Gratiot, Roseville. He has not been charged with this armed robbery.

The story is much the same in East Detroit as Stevenson has been arraigned for the Sunday, April 16, armed robbery of the Cow-to-Car dairy bar, 18405 Nine Mile road, and is implicated in the July 4, 1971, armed robbery of the Eastland Motel at Gratiot and Eight Mile road.

In Harper Woods, Stevenson admitted to the armed robbery of the Parkcrest Motel, 20000 Harper, on two occasions. The admissions were substantiated by police reports of holdups occurring on the dates Stevenson cited.

Stevenson is also under suspicion for several recent crimes committed in Detroit.

The police were on Stevenson's trail since the Continental he was driving at the time of his arrest was the second car he had stolen over a two-day period.

On Monday, the day before his arrest, Stevenson was seen parking a maroon Buick Riviera in the Brownell Middle School parking lot and then jumping the fence which encloses the school grounds.

Farms police, running a check on the suspicious abandoned car, discovered that it had been stolen from a parking lot in East Warren at 8 a.m. that morning.

Farms detectives, investigating the stolen property, discovered two fingerprints on the left window of the vehicle. At The Farms station, they traced the fingerprints to Stevenson's which were on file due to his extensive juvenile record.

Stevenson was a baseball player at South High School before dropping out to join the service when he became 18-years-old. He was in the service for only a short time before receiving a discharge.

**Pass Behavior Code**

(Continued from Page 1) drug usage, the Youth Service Division will be notified and the offenders could face legal prosecution.

With drug usage, the second offense carries the additional possibility of a student's expulsion from school. The sale, distribution, or delivery of narcotics or dangerous drugs on school property or during school sponsored activities will be cause for expulsion.

The final clause of the code states: "In all cases where students become involved with police authorities, the school administration will conduct its own investigation to determine the effects of the involvement upon the student and/or the health and welfare of the school population."

"In cases where suspension is necessary, a student may be provided with an alternative educational program."

The use of the word "may" in the last sentence of the code prompted Mr. Allen to ask if the board was "obliged" to find an alternative educational program for the suspended student.

Superintendent of Schools, Theos I. Anderson, said that it depended upon the pupil's age, if the student was under 16 years, whether the board had to find an alternative program.

The adoption of the code sparked little discussion among the two dozen students who were present at the meeting.

However students were instrumental in its formulation since five high school students sat on the committee which wrote the behavior code.

Jim Cooper, assistant principal of North High School, served as chairman of the committee which included Don Basset, principal of Mairé Elementary School; Dave LaDuke, Science Department chairman at South High School; Miss Betty Brady, Grade 6 at Barnes; John Thursby, assistant principal at South High School; Douglas Schubert, Math Department chairman at Parcels; Russell Jones, Chief Psychologist; and Reginald Stenkiewicz, Director of Pupil Personnel.

The student members

were: Lynn Howell, Steve Rabaut, and Pat Maley, all seniors at North High School; Lynn Dolson and Patricia Hober, both seniors at South High School.

**It's 'Play Ball' As Pointe Little Leagues Start Season**

"Take me out to the ball game" can easily provide the lyrical introduction to little league baseball activity in The Pointes.

Youngsters from The Farms, Woods-Shores, Park and City are preparing for the start of the 1972 season which begins Saturday, April 29, for Farms leaguers. Park and City ball players will kick off their seasons Saturday, May 6, while Woods-Shores youngsters will open their activity Sunday, May 7.

The annual parade will highlight opening day for the Farms Little League at 10 a.m., and will be followed at 1 p.m. by the opening games of the Major and AAA Leagues. Don McPhail, vice-president, reports that Mayor William Butler and Police Chief Robert Ferber will participate in the ceremonies. Chris Cotzias is president of the league.

It's "play ball" as the Pirates meet the Giants at Kerby Field, diamond one, and the Phils tackle the

Reds at the high school diamond to make up the Major openers.

Opening day for City Leaguers features the presentation of a check to City Manager Thomas Kressbach for Elworthy Field. Meanwhile, Park ball players are preparing for their opening day with president Tim Van Antwerp at the helm.

It will be "Youth Baseball Day" May 7 when the Woods-Shores Little League combines their opening day ceremony with the Woods-Shores Babe Ruth League. Werner Lueckhoff, president of the little league, said a parade down Mack avenue to Ghesquiere Park is planned, followed by greetings from city dignitaries and the raising of the flag with the Boy Scouts. Then the young players will "show their stuff" at 2 p.m. Mr. Lueckhoff said that 46 teams, totaling around 615 youngsters will participate in this year's action.

Meanwhile, Babe Ruth leaguers have around 21 teams of 13-15-year-old players, totaling around 252 youngsters. Senior Babe Ruth leaguers, for boys 16-18 years, features about 80 players. David Marstiller is president of the Babe Ruth Little League.

**WCIBE Sets June Election**

The Wayne County Intermediate Board of Education has unanimously approved June 12, 1972 as the election date for the establishment of a Wayne County area vocational-technical education program. June 12 is an annual school election date in 33 of Wayne County's 37 local school districts, including Grosse Pointe.

The proposal is the latest development in a series of related events extending over several years. In the fall of 1970, at the request of the Wayne County Superintendents' Association, the Wayne County Intermediate School District appointed an Advisory Committee to study the long range-occupational needs of the youth of Wayne County. Following a comprehensive study of manpower needs, the Advisory Committee developed a master plan, and presented a recommendation for financing it.

The Grosse Pointe Board of Education considered a resolution in support of the proposed county vocational education program at the annual meeting, held last July 6, but tabled the motion until the regular meeting of August 9. At the time of the reconsideration, the issue was discussed again, and the trustees acknowledged the need for improving and extending vocational educational programs, both within its own district and throughout Wayne County. However, in their opinion, the proposal presented at that time did not appear totally satisfactory.

Four area vocational-technical centers will be constructed and ultimately put into operation if Wayne County citizens approve a one mill property tax levy.

Because they do not hold annual school elections on June 12, four of the county's local school districts must hold special elections on that date for the area vocational-technical centers.

**You and church.**

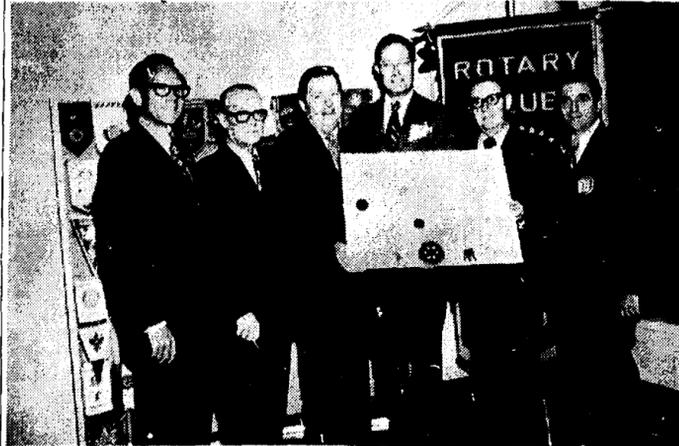

Every time you see someone as perfect as God made him, every time you dissolve a friend's fear with love, you are a living example of church.

Church means reaching out with compassion to all mankind. It is working to see God's goodness realized in everyone's life—proving His power to heal any problem. It is something you can practice every day.

We invite you to learn more about what church is, and to hear a simple Christian service. Won't you come?

Photographed at the Grosse Pointe Rotary Club luncheon held Monday, April 24, are officials of the Pointe community displaying proclamations signed by the mayors of the five Grosse Pointes. The proclamations declare the week of April 23-30 as Grosse Pointe Rotary Antiques Week in recognition of the 17th Annual Rotary Antiques Show-Sale at the War Memorial. They are (left to right) **MAX GARDNER, M.D.**, president of the Grosse Pointe Rotary Club; **KENNETH McLEOD**, Woods mayor; **C. B. LUNDY, JR.**, Shores trustee; **JOHN L. **South's Choir Rated Tops**

The 70 member Grosse Pointe South High School Cappella Choir, under the direction of Leonard L. Riccinto participated once again in the District X Michigan School Vocal Association Choral Festival held recently at Fraser High School.

Twenty-seven choirs were judged in sight-reading skills and also in the renditions of two works (one required and one a choice). The choirs were evaluated for technical accuracy, balance, response to the director, expression, style, intonation, tone quality, and basic musicianship.

The ratings are Superior, Excellent, Good, Poor and are based on the accumulation of letter grades in eight categories. Out of 24 grades, the choir received 23 grades of A, and one grade of B, thus being awarded by four judges the ratings of 1, 1, 1, 1, (the only choir with a perfect rating).

"The choral festival is a competition against oneself and not really a contest between schools. The discipline and group effort to make the notation become a living expression of beauty is tremendous and life-giving. It is striving to do your

Elegance from the 1800's, expressed in personalized silver mustache cups, may be found among the antiques and collector's items in Grosse Pointe Rotary's 17th Annual Antiques Show, April 28, 29, and 30, in the War Memorial, 32 Lake Shore road.

The silver mustache cups, a very rare item, will be shown by Barbara Cohen, along with other English Victorian and early American antiques.

Other souvenirs of a more leisurely era, to be found in the exhibits that fill the War Memorial's Fries Auditorium ballroom and two rooms of the adjacent Alger House, include a collection of biscuit barrels, a French china tureen with matching soup bowls, bronze statues by French and Belgian artists, brass candlesticks, coffee grinders, antique jewelry, clocks, watches, and lamps.

Furniture, Oriental rugs, paperweights, dolls, primitives, miniatures, doll furniture, dried flower arrangements in antique containers, books (those that are antiques in themselves and a complete selection of reference works on every phase of antiques and collecting), prints, paintings, art glass, pattern glass, ivory, jade, and even a pair of antique American-made auto lamps are among the other collectibles and antiques offered for sale in the show.

A clockman from Valparaiso, Indiana, will repair antique clocks and music

Our mid-engine car is a fair-weather friend that won't let you down in foul weather.

On sunny days, the top snaps off in thirty-seven seconds, stores under the rear trunk lid and takes up virtually no space.

On rainy days the top locks back on almost as fast. And because it's fiberglass, it won't leak or rip. Unlike fabric.

But a friend is more than a fiberglass top.

First of all, it's a two-seater in the classic sports car tradition. And because two's company.

Right behind the two seats is an engine in our race car tradition.

With the engine in the middle, handling must be believed.

The car simply goes where you point it.

Also with the engine in the middle, you get a trunk in the front and the back. A sort of his and hers. Together they give 16 cubic feet trunk space.

And also rack-and-pinion steering, and a five-speed gearbox, 4-wheel disc brakes and a built-in roll bar as standard equipment.

So see your friendly dealer and let the sun shine in.

**Montreal Exudes a European Atmosphere**

Sidewalk cafes on Sherbrooke Street give the city a Parisian touch. Stanley Street's espresso cafe customers are likely to find themselves embroiled in animated discussions of politics or art reminiscent of Rome, Budapest or Madrid.

A wide variety of excellent French theater—and some fine theater in English—is staged in this sophisticated city. Theater, ballet and opera flourish in Place des Arts where the acoustics of the main hall are comparable to those of the famed La Scala.

Not the least of Montreal's enchantments is the endless variety of unsurpassed French cuisine. In the cozy ambience of chandeliers and rose-red walls at Cafe Martin, a creamy vichyssoise can be followed by an incomparable coq au vin. Les Filles du Roy, in the Old Quarter of Montreal, offers excellent cuisine in the historic atmosphere of New France. So much to see and enjoy this weekend will whet your appetite for a future extended stay.

The Woods is currently conducting a cooperative tree sale for the city's residents as part of a Municipal Tree Planting Program. Limited quantities of four types of trees are being offered to residents under two different plans.

"Plan A" provides that the tree, (or trees), must be planted on the street right-of-way between the sidewalk and curb with the Woods delivering, planting and guaranteeing the tree, (or trees), for a period of one year.

Meanwhile, "Plan B" provides for the delivery of the tree, (or trees), to the resident's address only.

The trees offered include Crimison King Maple, costing \$56 per tree under "Plan A" and \$44 per tree under "Plan B." Sunburst Locust, \$56 under "A" and \$44 under "B"; Scarlet Hawthorne, \$48 under "A" and \$36 under "B," and Golden Seedless Ash, \$50 under "A" and \$38 under "B."

All applications must be received by Wednesday, May 10, and checks should be made payable to the City of Grosse Pointe Woods. The trees planted on the city right-of-way and dedicated to the city as a gift are tax deductible. The trees are between two and two and one-half inches in diameter.

**Center Plans Bike Hike Rally**

Grosse Pointe War Memorial Association is sponsoring its second annual family bike hike and car rally on Sunday afternoon, April 30. Families are asked to rally at the Center, 32 Lake Shore Road, by 12 noon. There, they will be given the rules of the road which will lead them to a mystery location where bikes will be unloaded from the trunks, racks or interiors of the motor vehicles and the bike hike will begin.

Clues will lead the bikers from one spot to another eventually winding up at a picnic area where prizes will be distributed. Each family is responsible for bringing their own bikes and picnic lunches. There is a registration fee of \$1 per person or \$2 for a family regardless of size.

The Center would appreciate registrations in advance for planning purposes. The hike and rally is open to young people and adults. Families are encouraged to bring children.

**Tie Vote Kills City Resolution**

A resolution urging the Michigan Legislature and United States Congress to study problems of residential noise pollution and enact legislation with that goal in mind was defeated by the City of Grosse Pointe Council on Monday, April 17, by virtue of a tie vote (three to three).

The motion to adopt the resolution was made by Councilman Alfred Reuther, Jr. and seconded by Councilman Arthur S. Fetters, Jr. Mayor John L. King supported the motion. Councilman George N. Munro, III, George Henry and Robert L. Nugent opposed the resolution and suggested it be reworded and studied further. Councilman Lorenzo Browning was absent.

The resolution stated that the Council was interested in improving "liveability" of the neighborhood environment by reducing residential noise pollution particularly attributable to the operation of power lawn mowers, chain saws, construction equipment and motorcycles.

It stated that studies have indicated that this source of noise could be more readily reduced at the source through more adequate muffling or improvement of equipment design by the manufacturer and suggested that such a requirement would be a more appropriate subject of state and federal legislative bodies and regulatory agencies than through local ordinances.

**SACE Asks to Be Heard During Senate Hearings**

Mrs. George Maghielse, co-Chairman of the broad-based Grosse Pointe Study and Action Committee for Education, the community-wide organization concerned with legislative changes affecting the local public schools, has wired Senator James O. Eastland, Chairman of the Senate Judiciary Committee, for a place on the agenda during hearings on the Student Transportation Moratorium Act of 1972.

The bills (H.R. 14244 and S. 3388), designed to implement President Nixon's busing halt proposal, would place a moratorium on all new or additional busing orders. No student would be bused to a school to which he was not already being bused.

The moratorium would not affect busing plans currently in effect. If enacted into law it would last until July 1, 1973, or until passage of "substantive legislation," whichever is earlier.

Mrs. Maghielse said that the Grosse Pointe Study and Action Committee for Education, funded by local PTA/PTO groups, will be represented at the state meeting of the Michigan Congress of Parents and Teachers being held this week in Mount Pleasant. She said that the Grosse Pointe group is considering introducing resolutions in four areas not covered by those proposed by the state PTA. These include: (1) financial plight of public libraries attached to school districts; (2) intervention in the Detroit desegregation suit; (3) involvement in the property tax suit; and (4) a position on future deficit spending for public education.

Queried on the status of other bills concerning the school busing issue, Mrs. Maghielse said that HR 620 which calls for the creation of a constitutional amendment to prohibit busing, is currently in the House Judiciary Committee. A majority containing suspected marijuana and a hashish-type pipe. However, charges of possession of suspected narcotics were dropped due to complications in the case.

Grosse Pointe War Memorial Association is sponsoring its second annual family bike hike and car rally on Sunday afternoon, April 30. Families are asked to rally at the Center, 32 Lake Shore Road, by 12 noon. There, they will be given the rules of the road which will lead them to a mystery location where bikes will be unloaded from the trunks, racks or interiors of the motor vehicles and the bike hike will begin.

Clues will lead the bikers from one spot to another eventually winding up at a picnic area where prizes will be distributed. Each family is responsible for bringing their own bikes and picnic lunches. There is a registration fee of \$1 per person or \$2 for a family regardless of size.

The Center would appreciate registrations in advance for planning purposes. The hike and rally is open to young people and adults. Families are encouraged to bring children.

Tavery was apprehended early Tuesday morning, March 28, by two Farms policemen who saw the defendant's '62 Chevrolet making improper turns and failing to signal.

At the scene, the Farms police found a plastic bag

**Farms Submits Building Report**

John DeFoe, Farms director of public service, recently submitted the building department's quarterly report for the first three months of 1972.

Miscellaneous additions, such as family rooms or expansion of commercial facilities, are way down this year.

In 1971, 13 building additions received permits in The Farms and totaled \$135,900 in investments. This year, only one less building addition received a permit; however, the 12 additions were assessed at just \$73,750.

When asked the reason for the \$62,150 drop in building activity, Mr. DeFoe commented that it surprised him since weather conditions were favorable for winter construction.

As for the building of residences and business establishments, the number has remained fairly constant.

No new homes were built in 1971 or 1972.

The sole business which filed and received a building permit in 1972 was the controversial Burger Chef restaurant to be built on Mack avenue, between Kerby and Moross roads, before July, 1972. (No new businesses went up in The Farms in the first three months of 1971.)

Burger Chef's first request for a building permit was denied by the Farms building department on the grounds that Burger Chef was a drive-in restaurant.

Representatives of the company appeared before the Farms Council Monday night, February 14, and convinced the solons that the restaurant would be a sit-down family style restaurant.

The building department then issued a permit for the restaurant assessed at \$130,000.

**Kiwanis Holds Area Meeting**

The Grosse Pointe War Memorial was the scene of the annual spring meeting of the Second Division of the Michigan District of Kiwanis, on Thursday, April 13. The meeting was co-hosted by the Grosse Pointe and Burbank Clubs. James Barker, of Harvard road, is president of the Grosse Pointe Club. The Lieutenant Governor of the Division, Dr. Monroe S. Lechner, presided at the affair and the featured speaker and faculty co-ordinator was Michigan District Governor James Soltesz. Representatives from the eight clubs in the division

participated in the discussion. Emphasis was placed on Kiwanis' goals of working with and for youth groups to improve the environment and the community and to promote better understanding in order to bridge the "Generation Gap."

**Rugby Club Seeks Players**

By Kathy Duff Believe it or not, Detroit has a Rugby Club. Moreover, this sports club is trying to stir up some interest in The Pointe, either by encouraging Pointe men to join the club or by encouraging Pointe women to cheer the players on when they play home games on Belle Isle Saturday afternoons.

Bill Reading, of Windmill Pointe drive, and his three roommates are very active in the club. Recently the club, known officially as the Detroit Rugby Football Club, scored two victories before Kalamazoo (10-0) and Toronto (25-0) before faltering before the Cleveland Club. No mention was made of Detroit's score against Cleveland.

Established in 1968, the Detroit Rugby Club has a membership of 75 players, ranging in age from 20 to 40 years. The group plays a spring and fall schedule, each with about 12 games. Most of the games are against university opposition, yet about one-third are against other city clubs.

For the uninitiated, Rugby (capitalized because it was first played at Rugby College, England, in 1823) bears a loose resemblance to football as football was derived from Rugby play. In Rugby, however, there is no halt of play after tackle, and there are no forward passes. The ball can only be advanced by running or kicking, and it may only be thrown to the side and rear. Scoring is similar in the two sports as the ball is carried over the end line.

In contrast to football, Rugby players do not wear any protective equipment. One of the sport's few printable mottos is "Give blood! Play Rugby."

Rugby also differs from football in that the players pride themselves with their playing off the field. Rugby songs are traditionally sung at post game parties, held in Detroit at the Sewer Bar off East Jefferson. If ever you meet a Rugby player, be sure to ask just what a "Rugger-hugger" is.

Pointers who are members of the club are John Hart, Allee Wamplet and Paul Gandillot, of Windmill Pointe drive; Kevin Broderick, of McKinley road; Larry and Jack Harwood, of Maumee avenue; and John Meilik, of Kercheval avenue.

Interested Pointers should contact Bill Reading at 331-4364, who seconds the club's saying: "If you enjoy contact sports, football, hockey, dancing... Give Rugby a chance."

It's too late to learn when a man decides he knows it all.

**South Wins Track Meet**

Grosse Pointe South High won its first home track meet Tuesday, April 18, against Lincoln Park, 71-52.

The meet was started off when The Reverend Howard Rickey of Bethel Nazarene Church gave an invocation in memory of Philip Goid. Mr. Goid, who passed away last December, was a member of the Dad's Club and had actively helped South's athletic department for several years.

Being captain of Princeton University's track team in 1936 and 1939, and breaking his school's one fourth mile record, Mr. Goid took special pleasure in helping Grosse Pointe's track meet. He also represented Princeton in track meets abroad in the summer of 1938 and was awarded the coveted Bill Bonthron Cup.

South started its lead with a slam in the shot put and pole vaulting events. High jumpers received first and second places and the long jumpers took second and third. High jumper Bruce Moulton, missed breaking the school record of six-feet, one-inch, by an inch.

The team's biggest weakness seemed to be in the relays. South had bad luck, (one member in the 880 relay was injured), and the passing was sloppy.

Double winners and high scorers Bob Quigley and Don Jones received 10 points apiece. Quigley placed first in both the 100-yard dash and the 220. Jones took first in the high and low hurdles.

**Blues Play Carpet Saints In Hockey Action April 27**

By Bill Polier The Grosse Pointe Blues, the communities' Bantam travel team representative to the Michigan Amateur Hockey Association, will square-off in the final playoff game for Tri-County area second division honors tonight, Thursday, April 27, at 7 p.m.

All fans are welcome to the contest at the Winter Wonderland arena on Schoolcraft road, four blocks east of the Southfield freeway in Detroit's northwest area. Admission is free.

The Blues face the Downriver Carpet Saints, a team beaten by Grosse Pointe two weeks ago in an earlier playoff round. The score was 6-3.

In the last pairing of the Blues and the Saints, Grosse Pointe forged to a 3-0 lead on two goals by Jim Carbone and one by Mark Santl. After the Saints first tally, Grosse Pointe struck back with second period goals by Dennis Austin and Santl's second goal of the evening. A third period goal was by the Blues' Chad Morris.

Last week's playoff saw a tough, bitter battle with Detroit's Kings. The Kings had been the tournament front-runner until meeting the Blues. The first two periods had more action in the penalty box than around the nets as both teams failed to score.

Midway through the third period the Blues' defenseman Tom Stewart found the range and tallied with an assist from Tom Costello. With just over a minute to play, the

Blues executed a "picture play" with passing from Santi to Peter Polier to Tom McCubbin who scored the all-important "insurance goal" that brings the Blues to tonight's final game of the hockey season.

The Blues' players have had a long season since their selection in early fall of 1971 as the finest 13- and 14-year old hockey players in the Grosse Pointe area. Led by Coach Fred MacGregor, these boys have faced America's finest Bantam hockey teams in their weekly bouts in the ultra-tough Tri-County League, a league which includes the United States' Bantam hockey champ. The support of the community in their final playoff game would be appreciated by the boys and is exciting fun for all those who come to watch and cheer.

**TIP FOR DOG OWNERS** The Shores Police Department wishes to notify Shores residents that 1972 dog licenses are now available at the city offices in 795 Lakeshore drive. A dog owner should purchase the license, which costs \$3 and requires a valid vaccination slip for the dog, before May 1.

**Trombly PTA Meets May 1**

The twentieth annual PTA Dad's Night will be observed in conjunction with the annual election meeting at Trombly School on Monday, May 1. Prior to the general meeting at 8:15 o'clock, parents are welcome to open house in the classrooms.

Program Chairman Ralph Jackson brings the scope of the year's program right back into the schoolhouse and school district with "Our School Reports"—Principal Frank J. Welchenbach—and, "Our P.T.A. Reports-Legislation"—Kenneth Roy and Ronald Hill.

To fully acquaint parents with "their school business," President John Prost has invited all announced candidates seeking a post on the Board of Education in the coming June School Election to participate in the program. Each candidate will introduce himself and discuss his attitude on serving as a School Board Trustee.

Thomas Clark, chairman; Mrs. Paul Brownell, Mrs. William Johnson, and Mrs. Ronald Smith, members of the nominating committee present the following slate of officers for the 1972-1973 term: president, Ralph Jackson; vice-president, Kenneth Roy; second vice-president, Mrs. Joan Garvey; recording secretary, Mrs. Bruce Taylor; corresponding secretary, Mrs. Joseph Greiner; treasurer, Robert Jarvis.

The "Dad's Night Social Hour" following the general meeting is the closing festivity of the evening. Mrs. Foster Redding and Mrs. Bruce Thomas, social chairman, together with the room mothers, are planning this special occasion for fathers and mothers too.

Since this meeting marks the transition period of another very active PTA year, parents and teachers join in expression of recognition and appreciation.

**South's 'Tower' All-American**

By Mark O'Keefe  
"The Tower," Grosse Pointe South High School's student newspaper, has received the highest possible rating—All-American—from the National Scholastic Press Association in addition to gaining marks of distinction in all five evaluated categories.

This marked the 16th consecutive year that "The Tower" has received an All-American rating and the 34th time in the past 39 years. The newspaper's 3,540 points clinched a first class rating and the five marks of distinction put "The Tower" into the top category.

The main strength of "The Tower" was judged to be page two which earned all of 200 possible points for editorials and all 150 possible points for editorial page features. Thus the newspaper earned a mark of distinction for editorial leadership.

A second mark was awarded to the newspaper for writing and editing. Mrs. Helen Gonzalez, who rated "The Tower," commented, "The staff, in addition to handling straight news easily, produces excellent in-depth articles."

The physical appearance of the newspaper earned it another mark. Pages two and three attained 140 of a possible 150 points by being "lively and attractive . . . unified." Sports page make-up received all 150 possible points for being "lively and interesting, but not overdone."

Content and coverage earned a mark of distinction for a good balance among stories and sports coverage. "The Tower" is a complete high school publication—broad in coverage, up to date in content," wrote Mrs. Gonzalez.

"The staff knows how to use photographs to emphasize stories," was Mrs. Gonzalez's comment on the newspaper's photography, which earned a fifth mark of distinction for "The Tower."

The newspaper's staff includes managing editors Ted Sweeney and Steve Weyhing, plus staff members Craig Dooms, Andrea Roumell, Sue Little, Gail Cox, Ian Howard, Julie McCrea, Teri Mageau, Pat Stainsby, Clark Adams.

More are Mark Domin, Thad Huetteman, Kathy James, Karen Abraham, Julie Cerre, Helen Varty, Mark O'Keefe, Dennis Gabriel, Linda Minnella, Cecilia Leslie and Robert Button, faculty advisor.

**Report Heard on Coach Line**

The City of Grosse Pointe Council recently heard a report from Councilman Alfred Reuther, Jr., its representative to Southeastern Michigan Transportation Authority (SEMTA).

Mr. Reuther explained to the Council that since SEMTA, which is operating the former Lake Shore Coach Line, projects a \$6,000 operating deficit for the first three months of this year, the City in accordance with its contractual agreement with SEMTA will pay some \$500.

He added that projections indicate that the losses in April and May should be in lesser amounts. There is currently no firm projection for June.

Thomas Kressbach, city manager, told the NEWS that it is estimated that the City of Grosse Pointe will pay SEMTA some \$250 for April, May and June losses.

He added, however, that if the Highway Transportation Package, currently in the Senate, passes, the April, May and June payments would not be needed. The Highway Transportation package includes two bills; one which would raise the gas and weight tax and another which would relieve local bus lines by providing them with funds to operate

and upgrade equipment. Lack of ridership is reported to be the cause of the operating deficit.

a week and in some cases several times a day. The Memorial operates seven days a week and every night except Sunday evening and that too is often busy. This means much wear and tear and while the Center's fees cover in most cases the cost of activities, they do not meet the cost of upkeep of the beautiful multimillion dollar buildings and grounds which were given to Grosse Pointe in perpetuity. The Center takes no tax monies or United Foundation funds and only asks citizens to contribute annually to the extent they are able to make up one-fourth of the operating costs.

Here's quite an oddity. One of the most famous and one of the best colleges in the world, Oxford University of England, is actually named after one of the most ignorant animals in the world!

It turns out that the great Oxford University is named after the ox. Oxford got its name because it is situated at a site where oxen used to ford the river — hence the name "Ox-ford."

And, here's another interesting fact . . . with all the new carpet materials on today's market making the right choice for your home and your family's needs you should consult an expert before buying . . . Here's where we can be of service. There's no obligation, of course.

### Short But Not So Sweet

History was made by the Grosse Pointe Board of Education on Monday, April 24, at a special meeting of the board. The school bell echoing the meeting to order could still be heard faintly in the distance as President William Adams adjourned the meeting just eight minutes later.

The speed with which the meeting was adjourned left a small audience surprised and a few board members visibly upset. Although President Adams indicated that at these special meetings (this was an accounts

payable session, not a regular meeting) it is not necessary to ask those present if they wish to speak, this reporter who has been covering board meetings for many years, has never been present at a session where neither the board members or the audience were extended the courtesy of expressing themselves.

At a time when the school board is under such careful scrutiny by the public it seems indeed unfortunate that President Adams should take this tack. —P.W.

### One View From The Capitol

By William R. Bryant, Jr.

The proposed state constitutional amendment (H.J.R. E.E.E.) to bar all racial school busing unless consented to by the parent or guardian failed by 10 votes last week.

After having co-sponsored the resolution it became clear to me those who were its principal sponsors were perpetrating a fraud. I asked from the start that language be added to restrict the resolution "to the extent allowable under the United States Constitution" and told them I wanted such an amendment before I could vote for the resolution. They refused.

With my amendment (1) the resolution would be constitutional under the federal constitution and (2) Judge Roth could not use it as evidence of state intent to cause racial segregation. Without my amendment, the proposed state constitutional amendment would be unconstitutional and Judge Roth might use it and successful appeal might be that much more difficult.

When the resolution was

first presented, it was said this was the only way in which a busing question could be placed on the ballot because we have no procedure for placing so-called "advisory questions" on the ballot. Well, that was correct, but correct only because there is no state statute allowing advisory questions. I will introduce, this week, a bill to provide such statutory provision.

If that bill passes, I will introduce a resolution for an advisory ballot question concerning whether or not federal legislative guidelines for and limits on the use of busing to achieve school desegregation should be enacted by Congress.

It is a fraud, and a cruel one, to lead people to think a state constitutional amendment can presently do anything to stop any busing and worse, as now worded, such an amendment might increase the chances that a Detroit metropolitan desegregation order would be upheld by the U.S. Supreme Court.

### Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools

April 14 was the last day of hearings on metropolitan school integration plans being discussed in the courtroom of U.S. District Judge Stephen J. Roth. Now, attorneys in the case have until May 5 to file written arguments in the case, with Judge Roth's decision on an integration plan not expected until some time after that.

On April 14 Judge Roth took under advisement a request from the NAACP that he order the immediate purchase of 350 school buses so that cross-district busing could begin throughout the Detroit area this coming September. It was the contention of the NAACP that April 14 was the last day that buses could be ordered in time for delivery prior to the opening of school in September. The NAACP had asked that the state be required to pay the cost of the new buses, estimated at \$3.5 million.

Instead of complying with the NAACP request, Judge Roth ordered the State Department of Education to determine the number of school buses in Wayne, Oakland, and Macomb counties, with the survey to be completed in two weeks. There are now 1,783 buses in use in 51 Wayne, Oakland, and Macomb county districts which receive state funds for busing students. The transportation survey ordered by Judge Roth will locate buses owned by local school systems and operated with their own funds.

At the conclusion of the hearings on April 14, Judge Roth cited existing metropolitan programs in which the suburbs and the city of Detroit have joined to solve common problems. They include the Detroit water system, the Southeastern Michigan Council of Governments (SEMCOG), and the Huron-Clinton Metropolitan Authority.

A summary of Judge Roth's feeling and an inkling of the direction he may take in the case are found in this quotation from the metropolitan press:

"Where we are concerned with the basic right to educational opportunity, we must look to the full community—to the metropolitan area."

"He said the legality of changing school boundaries was decided by the U.S. Supreme Court before I was born" and cited a case against the city of Pittsburgh.

"He quoted that decision as saying 'that the powers of a municipal corporation rest in the state' and 'the state may therefore remove all such powers or destroy the corporation with or without the consent of the citizens.'"

"Although property owners may be harmed or property values lowered, they have no recourse," Judge Roth quoted the decision as saying.

### Letters to the Editor

April 25, 1972

Dear Sir: I was one of the lucky people who enjoyed the beautiful concert performed by the Grosse Pointe Symphony Sunday afternoon, and the lovely reception afterwards. The accomplished musicians, the outstanding conductor, the distinguished

soloist, Mischa Kottler, and the fine surroundings at North High School all added up to make a perfect afternoon.

We Grosse Pointers really have something to be proud of!

Sincerely,  
 Mrs. Richard H. Scholl

### What Goes On at Your Library

By Virginia Leonard

A current issue of the WRITER has an article by Elizabeth Janeway entitled "The Battle of Fiction and Non-Fiction." This article is adapted from a talk given at the Radcliffe Course in Publishing Procedures, published in the RADCLIFFE QUARTERLY and the Boston Herald-Traveler BOOK GUIDE.

I'm sure you are all acquainted with this author—a successful writer of novels, beginning with THE WALSH GIRLS in 1943. She has also written juveniles, done critical writing and reviews.

I was particularly interested in this article because I have been watching, recently, how non-fiction has "taken over" fiction, and fiction has always been my favorite form of reading.

Why has non-fiction become so much more popular than fiction? Why is non-fiction so much more widely read, queried our author. And usually it sells better. This is an interesting topic and is a trend that is likely to continue. One reason, Miss Janeway gives, is that fiction is much harder for people to follow than non-fiction. "Fiction, you see is not about facts; but a b o u t relationships. In that sense it's like algebra instead of arithmetic. Fiction isn't a straightforward statement; it's a comment on something the author believes the reader knows something about already. But today in a very heterogeneous society like ours, it's rare for people to have the sort of common background of assumption which permits fiction to speak movingly, evocatively and clearly to its audience."

The reading audience of today seems to need to have things spelled out to them. Fiction will not answer the question—they want to know whether the thing actually happened. Non-fiction can answer this, and do it plausibly.

Unlike history or biography, fiction openly requires from the reader some prior knowledge of the way life works. The reader and the writer must be talking about the same facts and the same rules. But now social change is taking place so fast that there is an ever-widening gap, especially between generations. If personal relationships are no longer the same between classes of people, then fiction may fail, for it demands this relationship.

In relatively stable times, people have turned to fiction for interpretation; whereas, in times like these, people turn to non-fiction just to find out what's going on. Both fiction and poetry demand an intimate knowledge and a shared experience; fiction should also be about recognizable people. Television has had its influence. Although McKuham seems out of fashion today, he was right on his basic premise—that what is important about television is not just what it says, but much more—how it says it, how it picks up experience and processes it

and passes it on to the viewer. Television still needs to grow and develop much more richness.

There has been, as you all know, a plethora of sex novels, and I for one have been put off by many of these, although I am by no means a prude. I was glad to see what Elizabeth Janeway had to say about this: "It's interesting today to note how many writers want to grab the reader via sex; and of course it works—for a while. But sex novels defeat themselves in the end, because they cease to be novels. They reach for the reader at the level of involvement which produces heavy breathing; and Janeway's law of critical appreciation declares that heavy breathing breaks down the brain cells. In other words, personal involvement at this level wipes out critical ability. Instead of understanding the world through art, the reader experiences sensations. Now it happens to be psychologically true that the more you want something, the less you can tell how good it is until you've had it!"

And as for pornography and censorship—Miss Janeway is opposed to any kind of censorship from anyone, but she warns one not to get pornography mixed up with literature, which it isn't. "It aims at hard breathing and no thinking at all. It is a substitute for action, not a comment on it." Pornography really isn't fiction since it doesn't deal with personal relationships. It only deals with relationships within the self. She feels it is deeply narcissistic and claustrophobic. What causes the confusions, sometimes, is that literature can be written around pornographic situations. Henry Miller, she feels, would be a good example of this. Perhaps, for a while, with taboos broken and frankness coming forth, fiction can progress and any author can better show his audience the reality of other people's experiences. "And so, the wider the range of life that can be used as material for art, the better for all of us, readers and writers alike."

## You've lost the weight. Now lose the inches.

After starving, steaming, straining and turning yourself into a track star for as long as you can remember, you've finally lost pounds.

Congratulations. But what about the inches that didn't get lost when the pounds did? The inches that insisted on hanging around your waist. The inches that turned into excess baggage on your arms, your thighs and your other problem parts.

Losing pounds doesn't always make you the shape you want to be. Contour Wrap does. Always. After one visit to CONTOUR WRAP, you're two inches thinner over all. After five visits, five inches. If it doesn't happen, you pay nothing! A Contour Wrap session is like an appointment with your beautician, only better. Because Contour Wrap makes you prettier all over. You simply relax on a lounge dressed in Contour Wrap tape (the method to our "miracle"). Catch up on your reading, take a beauty nap, or break bread with a friend. After 90 minutes the wraps come off. And you leave trimmer. Now that you've gone through the struggle, relax at Contour Wrap. And look better than ever.

## Salads Will Be Spring Luncheon Fare

Completing plans for Kappa Kappa Gamma Detroit Alumnae Association's sixth annual Spring Salad Sampler luncheon are general co-chairmen MRS. LEONARD WINZER, (right) of Harvard road, and MRS. JAMES STEWART, of Canterbury road. The benefit luncheon will be held next Thursday, May 4,

from 11:30 to 1 o'clock at the Grosse Pointe Congregational Church, Chalfonte avenue at Lothrop road. Mrs. John Nicholson, 884-0623, is in charge of tickets, which are \$2 each. Party proceeds will assist KKG's philanthropy, the Rehabilitation Institute of Detroit.

Among gifts given to the Institute this year will be a Recreational Therapy Department, to be used by patients in preparing special

meals and refreshments for themselves. It will also be used in the program of training blind patients.

Committee chairmen for the salad luncheon include the Mesdames Charles Monahan, Peter Higbie, William Ludwig, Richard Roland, Charles Tappan and Thomas Christensen.

The salad luncheon has long been a favorite of area teachers and other working women on limited lunch hours, so it is suggested that others attending arrive during the last half of serving hours, when a wide selection of salads will still be available—and the buffet line shorter.

A few copies of "A Key to Kappa Salads," containing over 100 salad recipes used at the luncheons, are still available and will be sold at the May 4 luncheon.

### Trowel, Error Club To Meet

Members of the Trowel and Error Garden Club gathered for their monthly meeting at 10:30 o'clock this morning, Thursday, April 27, in the Grosse Pointe boulevard home of Mrs. Robert Taylor, who has asked Mrs. Norman Summers to serve as co-hostess.

## Messing-Reed Betrothal Told

Dr. and Mrs. George R. Reed, of Albion, have announced the engagement of their daughter, Karen Virginia, to Robert E. Messing, son of Mr. and Mrs. Malcolm R. Stirton, of Lothrop road.

Mrs. Reed, currently teaching in the Midland Public Schools, is a 1970 magna cum laude graduate of Albion College. She affiliated with Alpha Xi Delta social fraternity, Alpha Lambda Delta, Beta Beta Beta and Phi Beta Kappa national honoraries, Contributor's Club English honorary and Le Cenele French honorary. She attended the University of Grenoble, France, during her junior year.

Mr. Messing also attended Albion. He spent last year studying at St. Joseph's College, Darjeeling, India, and the Dehra Dun Language School, Dehra Dun, India, and is currently enrolled in the College of Economics at Michigan State University.

## Community Reaps Dodge Tour Benefits

This past year was different: For six months Garden Center Board members, some 40 in all, planned and worked to acquire "Rose Terrace," the home of the late Mrs. Ann Thomson Dodge, as an outstanding Fall Tour attraction. And outstanding it was, and outstanding was the amount of money raised, \$17,000, half of which was donated immediately to the War Memorial, whose John Lake had done a great deal toward "getting" the Dodge estate for the public tour. The remaining \$8,500 has just been allocated.

first color lithograph and carved his first woodcut only 75 years ago.

The Detroit Institute of Arts will open the exhibition "Edvard Munch: The Graphic Work," by the dynamic Norwegian artist (1863-1944) who probed the subconscious in his woodcuts, etchings, drypoints and lithographs, next Wednesday, May 3.

The stark, bold quality of Munch's work expresses human emotions with dramatic impact. His personal experiences and the stimulation of literary and philosophical ideas were given visual form in his exceptionally powerful and intensive graphics.

In printmaking, Munch found a spontaneity he could not attain in painting. While on a visit to Paris in the 1890's he encountered the works of Manet, Whistler, Redon, Toulouse-Lautrec, Pissaro, Bonnard and Gauguin.

Inspired by their approach to printmaking, he began a vigorous production of prints that continued throughout his life, constantly growing in confidence, freedom and mastery of expression.

Always an innovator, Munch mixed diverse techniques in a single print. In some color lithographs, he used both woodcuts and lithograph stones. He tried sawing a woodblock into pieces, giving each segment a different color before printing.

He made use of relief that results when a damp sheet of paper is pressed against an etched plate.

The exhibition of 104 works on loan from the Munch Museum in Oslo, Norway, plus four from the Detroit Institute of Arts permanent collection, will be shown in the South Wing Ground Floor galleries through Sunday, June 4.

Home again in Lakeshore road are MR. and MRS. ALFRED J. FISHER, JR., who spent the winter in Palm Beach, Fla.

## 'Cool' Meeting For Unitarians

The Grosse Pointe Unitarian Church is expected to be well represented this Saturday, April 29, when the Unitarian Universalist Women's Federation of Michigan gathers in Ann Arbor to gain insights into "How to Keep Cool and Still Be Effective."

Through scores of impromptu "disagreeable remark" skits, the women hope to find ways to handle their own feelings and to respond positively when they hear comments challenging their basic values.

For instance, one of the skits, according to Mrs.

Creighton Lederer, of The Pointe Church, will revolve around a social gathering where the hostess makes a blatant, bigoted remark.

"Do you argue with her, or do you remain quiet?" ponders Mrs. Lederer, who is a board member of the Federation. She lives in Three Mile drive.

featuring gourmet food and dancing to the music of Phil Cole. Party hosts are Dr. and Mrs. Cal Worrell and the Michael Webbs.

At the dance—all weekend long, in fact—there should be a great deal of in-and-out-and-all-about wandering through the Clubhouse, for during the Club's annual one-week closing, just prior to Easter, the Clubhouse had a facelift.

Redecorating and rearranging were accomplished through and under the supervision of Bill Clark, under the watchful eye of Bob Brinker, chairman of the House committee.

Although tennis continues daily at the Grosse Pointe Hunt Club, the Spring Horse Show is the last major equestrian event before the big 62nd Annual Grosse Pointe Horse Show, to be held June 21 through 25. This Show traditionally draws exhibitors and spectators from across the country.

## Say Hello To Martha

Martha Mitchell's coming to town, and will be honored in Grosse Pointe next Thursday, May 4, at a cocktail party in Mr. and Mrs. Peter R. Fink's new home in Ridge road.

The party will be an opportunity to meet the ladies informally. Their husbands, so prominent on the political scene, MAY accompany them . . . depending on prior commitments.

Funds raised via the \$50-per-person invitational gathering will go to re-elect President Richard M. Nixon and Michigan Republicans. Mrs. Henry M. Woodhouse and Mrs. William W. Cunningham are co-chairmen of the event.

## A Cottage 'Family Gathering'

Once a year, Women's Auxiliary to Cottage Hospital members, their friends, staff doctors and their wives get together as "a family," just for fun, (profit doesn't enter into it at all!), at the Auxiliary-sponsored spring dinner-dance.

Setting for the party this year will be the Little Club. Date is Saturday, May 13. The evening begins with a 7 o'clock cocktail hour, the Four Charades will provide dancing music, and yellow decorations will bring a sunny touch to each dinner table.

Mrs. James E. St. Denis is chairman of the 1972 dance. Mrs. David N. Spierling is co-chairman and Mrs. Virgil Goodman is handling reservations.

## Au Courant Questions

Did you know that Sigma Gamma Association, founders and sponsors of the Detroit Orthopaedic Clinic, a Torch Drive Agency, is sponsoring an Evening at Wolverine Harness Raceway Friday, May 5? . . . and that one of the Evening's races will be named in honor of the Association?

Proceeds will benefit the Education and Research Department at the Orthopaedic Clinic, which at present is studying and testing the ability of the non-verbal child.

Did you know that honorary chairmen of the Junior Women's Association for the Detroit Symphony Orchestra's Olde English Ball this Saturday night, at Meadow Brook Hall in Rochester, are Sir James and Lady Easton, of Chalfonte avenue? . . . It's black tie, OF COURSE.

## Miss Nuzback Wed To Curtis R. Nichols

Eyelet Lace Accents Bride's White Chiffon Gown; Attendants Wear Lilac Print Frocks; Pair to Reside in Cincinnati

A reception at Royalty House followed the Friday evening, April 21, wedding of Marilyn Nuzback, daughter of Mrs. Joseph Nuzback, of Aline drive, and the late Mr. Nuzback, and Curtis Roy Nichols, son of Mr. and Mrs. Kenneth R. Nichols, of Cincinnati, O., in Saint Joan of Arc Church.

Presiding at the 7 o'clock rites were The Reverend Eugene L. Carinci, of Saint Joan, and The Reverend Milo Beran, of Cincinnati.

An eyelet lace front panel and matching lace cuffs accented the bride's white chiffon gown, featuring a sheer yoke with a Mandarin collar and a detachable Chapel train.

A white satin bow at the back of her Venice lace cap caught a bouffant illusion veil.

Mrs. Thomas Rafels, who served as her sister's honor matron, and bridesmaids Marilyn Goecke, the bridegroom's sister, of Cincinnati, Roberta Smola, of Olyphant, Pa., and Barbara Smola, the bride's cousins, and Carol Kay, of Akron, O., her University of Cincinnati roommate, wore lilac floral-printed frocks with solid lilac bodices.

Their high, ruffled collars and long sleeves were trimmed with purple velvet ribbons, matching the ribbons that defined their Empire waists. They were baby's-breath in their hair.

Flower girls Christine Smola, the bride's cousin, and Susan Goecke, the bridegroom's niece, were in long linen dresses, their ruffled collars and cuffs trimmed with lilac floral-print fabric, with matching sashes and hairbows.

The bridegroom asked his brother, Scott Nichols, to serve as commentator at the ceremony, and another brother, Douglas Reed Nichols, to act as best man.

In the usher corps were Kenneth L. Nichols, another brother, of Joplin, Mo., George Rank, of Huntington, W. Va., Gary Smith, of Cincinnati, and Thomas Rafels. Michael Goecke, the bridegroom's nephew, was ring bearer.

Metallic brocade accented the champagne satin gown chosen by Mrs. Nuzback for her daughter's wedding. The bridegroom's mother wore lilac crepe.

The newlyweds will live in Cincinnati.

Out-of-town guests included the James Grau family and Paul Goecke, of Cincinnati; the Anthony Nuzbacks and the David Nuzbacks, of Madison, Wis.; the Stanley Smolas, Anna, Irene and Eleanor Smola, of Olyphant; Master Sergeant and Mrs. Thomas K. Smola and their family, of Westover Air Force Base, Mass.; and the Daniel Kays, of Akron.

**Farms Loses Fence, Window**

The Farms police received two reports of damage to city property within a two-day period.

A resident of Allard road called Farms police Tuesday, April 4, to report damage to the Farms' stockade fence located at the corner of the Mack alley and Allard road. Some unknown motorist had struck the fence, damaging a six-foot by six-foot area.

The second call came Wednesday morning, April 5, when a city employee reported a pane of glass broken in the east side of the Farms Pier gatehouse. The malicious property damage occurred between 4:30 p.m. Tuesday, April 4, and 11:15 a.m. Wednesday, April 5. The gatehouse window measured 34 inches by 44 inches, and will cost The Farms \$30 to replace. The Farms Pier is located at 350 Lake Shore.

Mr. Lueckhoff added, "We sincerely hope that this gesture will reflect our continued interest to better our community's environment." The league coordinator is Dr. Albert C. Howe.

**Find Nursing Home Resident**

A 71-year-old woman, who reportedly walked away from the Alpha Manor Nursing Home, 440 E. Grand boulevard at Kercheval, was discovered by Shores patrolman John Trevillian, returned to the station and ultimately picked up by a nurse Thursday, April 13.

Patrolman Trevillian received a radio run to Lake Shore, south of Vernier road, to look for an elderly lady who was reportedly walking in the street, or who may have been lost.

The patrolman found her walking north on Lake Shore on an island. Upon questioning the woman, all the patrolman could understand was that she lived in Detroit. After returning to the station, the woman was discovered wearing a plastic wrist band with the name of the nursing home. A nurse was then contacted and she came to pick up the woman.

**Park Okays Compensation**

The Park Council at the regular meeting Monday, April 24, unanimously approved the doubling of pay to three members of the city's Board of Review. Each member will receive \$200 compensation for his work, rather than \$100 apiece.

"Our salary for Board of Review members for the two-day, complete sessions is \$100," said City Manager Robert A. Stone. This includes the time the members are with the public from 8 a.m. to 8 p.m. But with this year's reassessment program, the time each member put into Board of Review activities more than doubled.

So instead of \$100 per person because of the extra time, it was proposed to increase the amount to \$200 and the council agreed.

### Students Win French Honors

Sixteen of the 54 winners in the National French Contest sponsored by the Detroit Chapter of the American Association of Teachers of French are students in the Grosse Pointe Public School System. Twelve of the 16 students are students at South High School.

South High School's strong showing includes four winners in Level III-B who are students of Francis Granger (Katherine McLeod, Mary J. Kennedy, Elizabeth Rohr, and Arthur Mitchell), and one in Level IV-B (Catherine Draper).

Karen Crane and Steven E. Potter, winners at Level IV-A, are also students of Mr. Granger's.

In Level III-A South High School students Cynthia Hoffmann, Jane A. Burham, and Rita C. VanAssche, all students of Mr. Granger, were winners.

At Level II-A Susan Fordon and James R. Fox, South High students of Miss Ester Porter, were recognized in the competition, as were four North High School students of Guido Regelbrugge: M. Kathleen Kennedy, Jonathan Pepper, Patricia Blanken, and Lee S. Van Deest.

The fine tradition in achievement in French at South High School was explained by Miss Ester Porter, veteran foreign language teacher at the school.

"Grosse Pointe South High School has been entering the contest since 1959," she said. "Each year we have had students who have placed first, second, or third in the Detroit Chapter area. On several occasions our students have placed high in the East Central Region comprising Michigan and four other states."

"In 1967 David McLaughlin was named second place national winner in French III, Division A, and in 1970 Catherine Draper was the national winner in French II, Division A. In 1971 Catherine Draper finished second nationally in third year, Division B, for students who have lived or studied in a French speaking country," Miss Porter concluded.

### Tots Visit Woods Police

Eighteen three-year-olds from the Tots 'n Tykes Nursery School toured the Woods Department of Public Safety Thursday, April 13, and obviously had a fine time as they sent a wall-to-wall "thank you" note, which is hung in one of the meeting rooms.

The note features numerous crayon drawings from the tots, and closes with "many thanks." The note is addressed to officers James Fowler and Jack Treppa.

### Dancer Visits Defer School

Mrs. Shirley LaJoy's third and fourth graders were treated to a "guest appearance" on Thursday, April 13, when Peggy Coburn of the Kay Wise Ecole de Ballet visited Defer Elementary School.

The visit was part of the recent Open Classroom experiment. Recently students have been treated to such non-bookish experiences as the establishment of a retail grocery store.

In one of the four large rooms in the basement of Defer School, Mrs. Coburn demonstrated and led exercises which develop grace and muscle tone.

The boys' group was fascinated to learn the exercises were used by the Los Angeles Dodgers in their warm-up sessions. For the girls, Mrs. Coburn demonstrated the dances she had performed with the St. Louis Civic Ballet.

The dancer tried to impress upon the young students the importance of daily exercise and acquainted them with the reasons for the President's Council on Physical Fitness.

Mrs. Coburn was invited to lead the class by Mrs. LaJoy and Mrs. Caroline McKee, an educational resources student teacher.

In addition to her classes at L'Ecole de Ballet, Mrs. Coburn does photographic and fashion modelling in the Detroit area. However, she felt right at home with the young students since she once conducted an after-school dance class for students in St. Louis under the auspices of the local PTA.

Because this spacious family home is in excellent condition and there's four bedrooms, three full baths and library, plus a great recreation room. At \$38,900, what have you seen that's better?

**MAYBE YOU'D LOVE A CAPE COD**

Especially when this charmer is just a few years old, complete with four bedrooms, 2 1/2 baths and family room. Now add a Grosse Pointe Woods park pass and a close-to-Liggett location. Let's talk it over.

**OPEN SUNDAY—2:30 to 5:00**

SPRING INTO SPRING and while you're at it take a fling at touring the Pointe on Sunday afternoon and stopping in to say hello and personally inspect one or all of these open houses.

WITH A SENSIBLE FLOOR PLAN which includes two bedrooms on the first floor and a third on the second, this gem also has an enclosed porch. The full basement has a recreation room and wet bar and there is also a one car garage. Be there . . . 1249 Brys Drive.

WE EXPECT A CROWD in this one because it has four bedrooms, two baths, a den, and two car garage and is listed under thirty thousand dollars. You'll see the crowd at 781 Notre Dame. Why not join it!

DRIPPING WITH EYE APPEAL both inside and from the curb. This white colonial has a full bathroom for each of its four bedrooms and there is a dressing room between the master bedroom and bath. Generously proportioned rooms throughout and a beautiful covered and screened terrace with access from double French doors at the rear of the living room and also from the wide center hall. Price reduced and we've deduced that this will give 375 Washington a selling boost.

THREE BEDROOMS FOR SURE and with a slight stretch of the imagination it could be four. There is a heated sleeping porch which is usable year around and is directly off the upstairs hall. Great kitchen and like-new carpeting. Try it you'll like it. Buy it.

ON THE LAKE at 914 Lake Shore, we offer an unequalled view from within nearly 600' of secluded yard depth. Here is a six bedroom executive home offering complete privacy, entertainment areas for at-home business needs and gracious family living. If your tasteful redecorating can be "the exception", this will be your showpiece . . . at a sensible less-than-Lake Shore price!

CONTEMPORARY LIVING at its finest. Could it be that at last the market offers you that house that architecturally speaks for itself and defies the rigid, traditional lines of most of the Pointe's housing? This house is tucked away in the Woods but close to both private and public schools. There are two baths on the main floor and either two or three bedrooms depending on owner's preference. This is a one-of-a-kind offering which must be seen to be appreciated.

A HOT ITEM during the past few years and we'll venture that this kind of house will be just as attractive a package to sell in the Spring of '72. The town house condominium is no longer a new thing in the Pointe. Our four bedroom offering is near Rivard at Jefferson, just a step to everything. Priced to move.

Inside The Mothers' Club

Executive board members of the South High School Mothers Club had an opportunity to meet with Miss Rita Carey, president of the Grosse Pointe Education Association, at their April 10 meeting. Miss Carey pointed out that her organization differs from most unions in that members are vitally concerned with their end product—the students.

During a question and answer session, the following subjects were discussed: 1. The full page ad in the Grosse Pointe NEWS, paid for by the teachers, which received favorable comment. 2. Economy measures approved at a special Board of Education meeting in April, which included cutting approximately 50 teachers, Driver Education during the day, Physical Education and some portion of the Art and Music programs at all levels. Alternatives are a dilemma, but could include cuts in maintenance, such as grass seed and mowing, or administration, already understaffed.

3. Possibility of closing the public library, which may be foreseen if put on a separate ballot from the school, each for one mill. 4. Question of when a millage vote might best be held, which is difficult, influenced as it is by the busing controversy and the school board election in June.

5. Other possible sources of additional revenue, such as private donations or events similar to the Walk-A-Thon, which may be necessary to keep current school activities. 6. Assistance of teacher aides, which is welcome in all areas but actual teaching. At present, at South High, there are 21 regular volunteers and 11 teacher substitutes, as well as paraprofessionals in the library, Resource Centers, Counseling Center and Social Studies classes.

7. Issues on the GPEA agenda, which this year will include curriculum and class size, as more important than salary. 8. Dedication and high standards of Grosse Pointe teachers, which have made cutbacks less felt, because the teachers have tried to compensate.

The business meeting was opened by President Mrs. Charles Beltz. Vice-President Mrs. Donald Briggs announced that 31 scholarship applications have been returned to her this year. This sets a record in number, as well as percentage of boys applying—almost half, rather than the usual one-quarter or one-third!

Alexander Gikkas Wins Silver Wings

Second Lieutenant Alexander P. Gikkas, son of Mr. and Mrs. Alex P. Gikkas of 1428 Yorkshire, has been awarded silver wings upon graduation from U.S. Air Force navigator training at Mather AFB, Calif.

Lieutenant Gikkas is being assigned to Luke AFB, Ariz., for flying duty with a unit of the Tactical Air Command which provides combat units for air support of U.S. ground forces.

A 1964 graduate of Grosse Pointe High School, the lieutenant received his B.S. degree in business administration in 1969 from Northern Michigan University.

He was commissioned in 1971 upon completion of Officer Training School at Lackland AFB, Tex.

His wife, Katherine, is the daughter of Mr. and Mrs. Ted Fotiou of Grand Blanc, Mich.

Writes Woods On House Bill

The Woods has received acknowledgments to a resolution approving House Bill 5374 from Governor William G. Milliken and Senator Charles N. Youngblood, Jr. The letters were on the council agenda at the regular meeting, April 17.

In action taken at a recent regular meeting, the council unanimously passed a resolution by Councilman Benjamin W. Pinkos on the bill and copies were sent to Governor Milliken and Senator Youngblood.

This bill amends the General Property Tax Act to exclude from the cash value of real property the following: amount paid as realtor's fees; amounts paid by the owner for obtaining financing; amounts attributable to personal property included in the purchase price; amounts paid as closing costs, and amounts paid for surveying the property.

As reported in the March 30 edition of the NEWS, City Administrator Chester E. Petersen noted that if the bill passes, there will be a seven to 10 percent reduction in assessed valuation.

Governor Milliken, in his April 3 letter to Mr. Petersen said, "in principle, I believe that the basic provisions of this bill are necessary and equitable. Its purpose is to improve the equity of the means of property taxation. However, the overall impact of this bill is not completely clear. It is believed that it could have a devastating effect on the revenues of local governments."

The governor continues by saying that the bill has presently been recalled by the House of Representatives and is currently being reconsidered. "Hopefully measures will be taken which will lessen the impact on the revenues of local governments. I am confident that when all the facts are known, appropriate action will be taken," adds Governor Milliken. In his letter to Mr. Petersen, Senator Youngblood thanked him for sending a copy of the resolution.

Center's Tours Prove Popular

The Grosse Pointe War Memorial Association, which has sponsored a number of well-patronized local and foreign tours in recent years, will continue to offer its tours as in the past, according to Frank P. McBride, Jr., of Grosse Pointe Woods, chairman of the War Memorial board.

"It is really not our function to compete with business enterprises," McBride said, "especially when there are capable and experienced professionals offering such services. However, War Memorial tours appeal strongly to the artistic, musical, cultural and educational interests of our members and are an extension of the year-round program emphasis of the War Memorial. We hope, for example, to have a fall tour. In the future we expect to work even more closely than we have in the past with travel agencies on the many arrangements that enter into an organized tour," McBride concluded.

Alan R. Miller, counsel for Grosse Pointe area travel agencies, paid tribute to the War Memorial for "creating new interest on the part of many culturally-inclined persons in our programs." "The services of the private travel agencies are at the disposal of the War Memorial and its friends as future tours materialize," Miller said.

MRS. RONALD W. HAUGHTON, of Cloverly road, has been installed as a board member of the United Foundation's Family Services of Metropolitan Detroit.

Park Holds Up Festival Permit

A request for a permit for a promotional festival by "Kercheval in the Park" merchants was tabled at the Park's regular council meeting, Monday, April 10. The permit is scheduled for consideration in a future meeting.

City Manager Robert A. Slone said the merchants requested a permit to use the public right-of-way along Kercheval avenue between Beaconfield and Alter road for a sales and promotion festival. The festival may be held during the middle part of June.

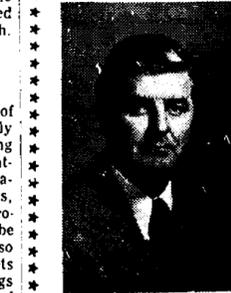

"We should encourage them rather than discourage them," said Mayor Matthew C. Patterson. However, the council wanted more detailed information on the proposed program including insurance coverage, the hours and what activities are planned by the merchants.

## Pointer of Interest

MRS. WILLIAM P. HELLER, OF HAWTHORNE ROAD, AND FRIEND

By Janet Mueller

She doesn't REALLY shake the cribs to wake the babies up, so she can feed them. That's an Old Doctors' Tale at Children's Hospital of Michigan, where Ellen Heller, twice a week—at least—volunteers her services.

But she does, still, after five of her own, love feeding babies.

"I missed being with children when mine got so big," Ellen says. So, eight years ago, she knocked on the door of Children's Hospital and asked, please, could they use her?

That was Children's Lucky Day. Ellen's too.

She's the sort of volunteer a hospital dreams about. Capable. Conscientious. Willing to go, to serve, wherever she is needed.

And she does it all with such joy!

### Eight-Year Volunteer

She's been a volunteer at Children's for eight years, a member of its Women's Auxiliary, (volunteers are not required to belong to the Auxiliary, although many of them do), for six years.

She didn't intend joining the Auxiliary—"I had had a lot of club work"—but women kept coming up to her and saying, "Why don't you come? . . . Just drop in on one of our meetings?" She did. After a while, she

was elected president.

Ellen's past-president of the Auxiliary now, but still a president: Of the Southeastern District, Michigan Association of Hospital Auxiliaries.

Next year, she'll serve as recording secretary for the State Board of Hospital Auxiliaries.

Capable. Conscientious. Willing to go, to serve, wherever she is needed . . .

### Favorite Assignment

She still likes feeding babies best of all.

Her own babies are all grown up, the youngest, Douglas, 16. Doug's a student at Grosse Pointe North High School, where his big sister, Karen, "the middle Heller," is currently student teaching.

Young Bill's a college student and Linda and Bonnie are both married. The former lives in Flint, with her husband and their seven-year-old daughter, Wendy; the latter "up north," in the Hellers' vacation home outside of Harbor Springs.

At least, that's where Linda's living now. This young lady has done her share of darting around the globe, from a season as a student in Vienna to Hawaii, where she lived when she was first married. Ellen visited her in both places. Hellers snatch at any excuse to travel.

To Europe With Kids "When Bonnie and Linda were four and five, we took them to Europe. In '64, we took the other three . . . When all the children were littler, we rented a trailer for a couple of years, and took long, extended trips."

And everyone, parents and children, had a ball. Ellen's been to Europe five times or so, to Japan and Hong Kong and Midway Island, to Egypt; in fact, she's one of those people whom other people are reduced to asking, "Where HAVEN'T you been?" (The Empty Quarter of Saudi Arabia? . . . The Great Western Desert? . . . Tierra del Fuego, perhaps?)

She and Bill have lived in Grosse Pointe, in Hawthorne road, for 31 years.

They did move once. Right next door.

A "Short" Move "Our house, (the one they lived in for the first 17 of those 31 years), got too small, but nobody wanted to move off the street. We owned this lot, next door to our first house, so we decided to build on it."

The neighborhood children were so happy NOT to see the Heller children move away that they (the neighborhood children) came over to help with the next-door move. It was some move! The Hellers are an easy, relaxed family. (While their mother was being interviewed, both Doug and young Bill, casually, separately, "dropped into" the living room. "They always have to see what's going on!", Ellen laughed.)

They have a small sailboat, and they all enjoy indoor winter swimming at the Detroit Yacht Club. Four of the children went through the Grosse Pointe Public Schools. Linda is a Grosse Pointe University School, pre-Liggett merger, alumna.

Ellen is a past-president of the Grosse Pointe Mother's Health-Education Council. She has, when she's had the time, re-finished furniture, and she loves to garden, cook, and —especially! — read.

## Short and to The Pointe

(Continued from Page 20) DR. GEORGE C. FREDERICKSON and MRS. FREDERICKSON, of Oxford road, won angling recognition in the Metropolitan Miami Fishing Tournament when they landed a 46-pound wahoo and a 26-pound, 28-pound and 30-pound dolphin, fishing out of Islamorada. They will receive a citation for their catch and also earned a Sportsmanship Award for catching and releasing five barracuda, five dolphin and one blackfin tuna.

MR. and MRS. GEORGE SCHOOF, of Muir road, celebrated their 40th wedding anniversary Saturday, April 15, with a dinner party for friends and relatives at Lochmoor Club, given by their sons and daughters, MR. and MRS. ROBERT PETERSON, of Grayton road, DR. and MRS. KENNETH SCHOOFF, of Roslyn road, DR. and MRS. HENRY ZIETER, of Stockton, Calif., and DR. and MRS. RODNEY SHROYER, of Big Rapids.

Nominees to the board of directors of Girl Scouts of Metropolitan Detroit, elected at the group's annual meeting Wednesday evening, April 19, in Rackham Auditorium, included MRS. JOSEPH A. MURPHY, JR., of Kensington road, and MRS. THOMAS H. ROCHFORD, of Belanger road. MRS. CHARLES KINNAIRD, of Moran road was among nominees to the Nominating committee. The meeting featured an informal skit, "Time Machine," highlighting Girl Scout events since 1912, and a copy of the first Girl Scout handbook included in a lobby exhibit of memorabilia dating back to 1915, when the first Girl Scout troop was organized in Detroit, as well as a presentation, "You and Space Earth," by a University of Michigan ecology team.

Among other things. Auxiliary meetings are extras, like that if-needed third-volunteer-day-a-week. So are meetings, four per year, of the Michigan Hospital Auxiliaries' Southeastern District, and the District's March workshop. Ellen goes to Lansing once a month to attend a State Board of Hospital Auxiliaries meeting, and will be off to Mackinac in June for the annual meeting. She's just back from Chicago and the Hospital Auxiliaries' Great Lakes Conference meeting.

Doesn't Begrudge Time She doesn't begrudge a moment of the time all this takes, time she could be spending on herself, lunching, relaxing, or with her family. "I give up other things for this, because I want to."

On on-duty volunteer days, she's learned to plan ahead, to provide in case she happens to be late. "My husband, (he owns Hercules

JILL HALLEAD, daughter of MR. and MRS. JAMES HALLEAD, of St. Clair Shores, and granddaughter of MR. and MRS. E. G. HALLEAD, of Roslyn road, and MR. and MRS. KENNETH HIGGS, of McKinley avenue, has been selected an Outstanding Teenager of America for 1972. In her senior year at Lake Shore High School, Jill has been active in chorus, the pep club and the marching band, is a National Honor Society member and is currently vice-president of the Foreign Exchange Club. Her parents, (her mother is the former MARCIA HIGGS), are both Grosse Pointe High School graduates.

Named to the Michigan Technological University Winter Quarter Dean's List are senior Chemical Engineering major DAVID F. McLAUGHLIN, son of MR. and MRS. DONALD L. McLAUGHLIN, of Manor avenue; freshman Mechanical Engineering major RICHARD A. BROWNING, son of the ALBERT E. BROWNING, of Westbrook court; senior Mechanical Engineering major JAMES R. SIFE, son of the EDWARD J. SIFES, of Van Antwerp road; and sophomore Civil Engineering major MICHAEL J. WOLCZKO, son of the JOHN K. WOLCZKO, of North Brys drive.

CLAUDE A. GREINER, II, of Lakeshore road, has been named to the Spring Quarter Dean's List at Fort Lauderdale University, where he is a senior Marketing major.

SUE HIRZEL, of Grayton road, is one of 10 contestants vying for the title of Queen of the annual Millitary Ball at Central Michigan University, where she is a sophomore.

Manufacturing and Engineering), is very understanding. If I walk in the door at 5:45, he'll often say, 'Let's eat out.'"

So the emergency meal Ellen's allowed for goes in the freezer, and the Hellers go out to dinner.

Ellen Heller is inclined to dwell far more on what Children's Hospital has given to her than on what she's given to Children's. "I've learned a lot about medicine," she says, musing over the personal satisfactions of a Children's volunteer. "I think being with people is very rewarding. I've learned so much about people, about illness and how people handle it. I've learned . . ."

Then, too, there are Children's children themselves: There is, for Ellen, just simply the being with children.

She doesn't REALLY shake the cribs to wake the babies up, so she can feed them.

But there are times when she'd like to.

Soloist At St. James At one time, she was extremely active in the St. James Lutheran Church Choir, highly regarded as a soloist. "But I haven't sung with the Choir for two years, because we built our house outside Harbor Springs two years ago and we go up north every other weekend, winter and summer. It wouldn't be fair to the Choir for me to continue on a part-time, when I'm available basis."

Conscientious . . . There's an organ AND a piano in the Hellers' living room. Ellen used, "years and years ago," to belong to Tuesday Musicals "and a few other little music clubs." Since she became active at Children's, she's gradually given up all other regular outside-the-home commitments, except for a couple of long-standing bridge groups. It's a question of time available, and what one most wants to do with it. "I just love being with children," Ellen Heller says.

Two-Day Minimum She's down at Children's two days a week. If needed, she goes a third day.

Fridays, her volunteer stint begins at 7:30 in the morning, and lasts "until it's over," almost never before 3 or 3:30 in the afternoon. Sometimes, she's there as late as 6 in the evening.

Wednesdays, she reports at 8:30 in the morning and is "usually out before 3." She never leaves before 2.

Some volunteers have favorite spots, assignments and areas to which they return, week after week. Ellen Heller goes where she's needed — and she's needed everywhere.

She'll be a Chaplain's assistant, working in the Surgical Lounge with the parents of children having operations.

Or a "runner," stationed outside the Operating Room on Wednesdays when Children's schedules Open Heart Surgery, waiting to take samples from a technician to the lab, where they're tested for blood gases, and to return the results to O.R.

### Another Possibility

Or the lady-who-comes-along when a child has to go somewhere for a special test, over to Harper Hospital, if necessary.

She's fed and cuddled children, worked in admitting, supervised the Observation Room—"Ours, (that 'ours' is unconscious, the true symbol of the true volunteer's pride), "is a teaching hospital, too"—and assisted the Audio-Visual man.
