**IN STATE PRIMARY ACTION,** Senator George McGovern swept to a one-sided triumph in Massachusetts Tuesday and Senator Hubert Humphrey captured Pennsylvania for the first presidential primary victory of his long political career. The results were a double setback to Senator Edmund Muskie's battered presidential campaign. Governor George Wallace placed third in Massachusetts and fourth in Pennsylvania.

Friday, April 28

**PONTIAC HOUSEWIFE IRENE McCABE** and five other mothers who walked 620 miles from Pontiac completed the last 10 miles to Capitol Hill Thursday. They were greeted by about 300 supporters and several congressmen and senators, including Michigan U.S. Senator Robert Griffin. Friday afternoon Mrs. McCabe will meet with presidential advisor John Ehrlichman to seek White House support for a U.S. constitutional amendment to prohibit busing for integration. The amendment is currently bottled up in the House Judiciary Committee.

Saturday, April 29

**MICHIGAN BELL TELEPHONE COMPANY** was granted Friday rate increases up to 15 percent higher than last December 1. The Michigan Public Service Commission granted an immediate \$25.8 million increase to Bell in addition to a \$18 million interim increase granted in December for a total of \$43.8 million in little more than four months. In addition, Bell was allowed to begin charging \$8.40 a year for the system's 510,000 unlisted numbers.

**HEART SPECIALIST DR. ADRIAN KANTROWITZ** of Sinai Hospital is planning three more heart pump operations despite the death Saturday of his latest patient, Vincenzo Orsi, the 45-year-old city engineer from Albany, Ore. Kantrowitz, who developed the device and led the team that implanted it in Orsi's chest, said that the latest operation brought the heart pump, which takes over about half the work of the heart's main pumping chamber, nearer to perfection.

**VIETCONG COMMUNIST FORCES** seized the last combat base guarding the northern approach to embattled Quang Tri Sunday night and blew up two bridges, cutting the only road between Da Nang and Hue. The North Vietnamese also shot down two of five helicopters sent to evacuate American personnel from Quang Tri. The South Vietnamese pullback from the Quang Tri combat base came after an intense North Vietnamese artillery barrage which poured more than 3,500 shells on the base defenders.

Tuesday, May 2

**TWO AUTOMOTIVE GIANTS,** General Motors Corp. and Ford Motor Co. were indicted by a federal grand jury in Detroit Monday on charges of conspiring to fix prices and to maintain a monopoly in the automobile fleet sales market. The grand jury charged that the conspiracy grew out of an effort by Ford and GM, beginning in 1969, to reduce Chrysler Corp's growing share of the lucrative fleet market. The action resulted from an 18-month investigation by a grand jury which subpoenaed many of the industry's top executives.

## Salt Usage Decreases In Pointe

**City Officials Cite Weather, City Budgets and Concern for Ecology as Reasons for the Drop**

With the season of snow and sleet hopefully behind us, the five Pointes have compiled their salt statistics for the 1971-1972 winter.

With the exception of The Shores, each municipality reported a decrease in salt usage from the 1970-1971 winter.

The Shores was called upon to use more salt this year according to Stanley Vernier, Shores superintendent of public works, since the village had to salt the one-mile stretch of Lake Shore road around the Edsel Ford estate.

Since the curving road is a high danger area when road conditions become icy, the village always had a salt truck standing by.

The Shores used 300 tons of salt in the 1970-1971 winter, in contrast to 375 tons this year.

The Woods, in an effort to reduce salt usage for ecological and financial reasons retained its 1970 policy of four different salt alerts determining salt usage.

The policy is simply that the amount of snow and road conditions determine the amount of salt, according to Woods City Administrator Chester Petersen. The alerts include a "white snow" alert (just a trace of snow which will quickly melt, no salt used); a "green snow" alert (less than three-fourths of an

## Memorial Center Drive Entering Final Stretch

Grosse Pointe War Memorial Center's 1972 Annual Family Participation Campaign is entering its final phase. Follow up letters have been sent to all families in the five Grosse Pointes not yet heard from and a second follow up note will be sent to givers of record who have not been heard from by May 10. Then the Center's staff will conclude the effort with personal phone calls to former members.

To date, the Memorial has received \$79,573 from 4,609 families. The goal is \$95,000 with the target date Memorial Day, May 29. The Center's Board of Directors hopes all Grosse Pointe families will consider their uniquely beautiful and active

## Gala Evening For South High Graduates Slated For Wednesday, June 14

**Party Begins Immediately Following Commencement; Includes Buffet, Two Bands, And Games**

**By Laurie Brieden—Graduating Senior**  
In the past years the Grosse Pointe South High Mothers' Club has always given the senior class an after commencement party. This year a group of students got together and decided we wanted something we'd really enjoy on our special night, so we formed a committee to work on all aspects of the party.

These included searching for the right bands, finding underclassmen to work instead of mothers, deciding on the food to be served and planning other types of fun.

Probably the most difficult part was finding the bands. What we needed was a band in the dining room to play while we ate and a dance band.

After sitting in on many jam-sessions, we hired "Earwax," a band that plays Crosby, Stills, Nash and Young, and Cat Stevens type music, to play in the dining room.

After that was out of the way, we began our search for a dance band. Fortunately, even with our limited funds, we came up with a great band, the "Limousine," (formerly the "Lil' n' Stik"). And they are fantastic!

All of us thought that more students would attend the party if we could cut the cost. We did. This year instead of the usual \$3 per person, admission is only \$1.50.

It should be lots of fun. There will be games in the library of Alger House, a fantastic buffet, and even a comic picture booth where each senior attending can have a polaroid photograph taken free of charge.

The party begins immediately following commencement exercises and will last until 2 a.m. It's a non-date

## Rob Woods 'Del' April 24

An armed robbery at the Woods Delicatessen, 21016 Mack avenue, resulted in the loss of around \$229 in cash from the store, and a customer, Monday, April 24.

Officer John DeLora of the Woods Police Department received a report from an employee, and from a resident, on the robbery. While on patrol, officer DeLora was flagged down by the resident who reported that he was robbed at gunpoint.

At the store, the employee said a white male walked into the delicatessen, went to a cooler, took out a drink, came over to the counter, stepping around it, and pointed a .38 caliber blue, steel snub-nose revolver at him.

The culprit reportedly asked for all bills from the cash register, plus the change, to be put into a bag. This was done when the resident walked in. The thief reportedly started out, grabbed the resident, spun him into the counter and took his wallet and some money from his pocket.

## W. Bryant Wins Point On Wording

**Legislator's Proposal to Amend Anti-Busing Amendment Is Accepted By Committee**

Representative William R. Bryant, Jr. (R) from Grosse Pointe, this week criticized Detroit daily newspaper reporting of a recent House of Representatives vote on submitting to the electorate an anti-busing amendment to the state constitution, known as House Joint Resolution EEE.

"A crucial reason why it was important to vote against the resolution was never mentioned in the articles, even though the daily papers had previously editorialized on the same point," says Bryant. "That reason is that Judge Roth could use passage of the resolution, as it was then worded, as evidence of state intent to segregate school because the language is unconstitutional."

Representative Bryant had proposed to those seeking passage of the resolution that it be amended before the recent vote. They had refused to consider the amendment at that time.

"Because the language voted on is unconstitutional, it would be used by Judge Roth as evidence against the state and would make successful appeal of a metropolitan order more difficult," Bryant explains.

Representative Bryant has met again with proponents of the resolution and they now agree with him that passage of the resolution might be used against the state unless amended as Bryant has been demanding. The Ad Hoc Committee To Preserve Neighborhood Schools, set up by House members and headed by Representative Joyce Symons of Allen Park, met with him on April 25th and agreed to accept an amendment proposed by Representative Bryant.

The present language of House Joint Resolution EEE is as follows: A student shall not be assigned to, transported to, nor compelled to attend any particular public school on account of race, religion, color, national origin or any other purpose without the prior written approval of the parent or guardian.

Bryant's amendment will add the words "except as required by the United States Constitution." That amendment has now been filed with the House Clerk. It is sponsored by Representative Bryant and co-sponsored by Representative Joyce Symons of Allen Park, the principal

## Three Pointes Try New Mutual Aid Fire Program

**Park, Farms and City Combine Forces for Fighting First Alarm Fires**

By Roger A. Waha

Three Pointe fire departments are currently participating in a pilot program which modifies existing mutual aid fire assistance procedures as they relate to certain, (non-multiple), first alarm responses. The program, which includes The Park, Farms and City departments, became effective Monday, April 17.

Under the program all first alarms, except for fire alarms of a minor nature, will have the following response according to a directive: In The City, The Park will respond to all locations from Cadieux road to and including Lakeland, and the Farms will respond to all locations from Fisher road to and including University to assist The City. Then in The Park and Farms, The City will respond to assist those cities. The first alarm response consists of one engine or ladder company with a minimum of three firefighters by the assisting city.

On alarms of a minor nature, when the dispatcher or person receiving the fire call can satisfactorily determine that the fire alarm is of a minor nature, (e.g., car fire, brush fire, overheated furnace, wire down) and requires only single company response, first alarm mutual aid assistance shall not be called for.

However, the fire unit commander may countermand the dispatcher and call for a mutual aid first alarm response if he deems it necessary. In the event of doubt, first alarm mutual aid assistance should be requested.

The NEWS contacted the city managers of the participating cities for their impressions and benefits of the pilot program.

Thomas Kressbach, city manager of The City, said, "It's advantageous and beneficial in providing improved fire protection service for certain types of alarms, particularly residential alarms."

He mentioned that, under the pilot program, calls for mutual aid response come on the initial alarm which provides for "more manpower on a first alarm basis." Before this, he said, a mutual aid alarm wasn't called before the initial city needed help.

We plan to look at it regarding improved fire service to the citizenry and also "if the service can minimize the significant cost increases we've experienced in all areas of government," stated Mr. Kressbach. The pilot program will be under consistent analysis regarding response, fire department workload, dispatcher's requirements and departmental training, he noted.

As for the program's stimulus, Mr. Kressbach noted two factors: (1) improvements in providing service and fire protection, and (2) the matter of increasing costs of government, including

## Farms Fire Captain Has Spring Fire Safety Hints

by Captain Warren Schultz

This spring, before your man's fancy has a chance to turn to other things, practice "togetherness" by teaming up with him for some vigorous clean-up activity in and around your house.

Right now, before the lure of the golf course or boat club takes over with the coming of warmer weather, take time to rid your property of accumulated clutter and rubbish.

Indoors, concentrate on the attic, basement and closets, those out-of-sight, out-of-mind places where "treasures" no one will ever want or need again could give fire a place to start. These combustibles create danger in the home environ-

ing fire service, particularly during the last four to five years. "We'll take a good, close look at it and its possibilities regarding closer cooperation between the cities," he said. He mentioned the fact that there's joint service cooperation between the cities in other areas, too, such as the Youth Services Division.

Mr. Kressbach noted that this pilot program isn't a drastic mutual aid change as prior alarms from commercial area buildings, e.g., hospitals, or multiple residences are responded to in a mutual aid fashion. During the first week of the program, The City responded to three alarms, two in The Farms and one in The Park, he added.

## 11-Year Old Pointe Girl Hit By Car

**Mary Kaliardos in Improved Condition in St. John Hospital; Witnesses Clear Driver**

By Kathy Duff

Recovering in St. John Hospital is an 11-year-old Pointe girl, Mary Kaliardos, after being struck by a car traveling eastbound near the Mack and Moross intersection at 5:35 p.m. Tuesday, April 25.

According to witnesses, the girl darted from the curb in front of the Mack and Moross Standard Station, 19100 Mack, and was struck by a '69 Camaro traveling about 25 m.p.h. She was crossing north against the light and 44 feet from the crosswalk.

The driver of the '69 Camaro, a 19-year-old St. Clair Shores youth, slammed on his breaks but could not avoid hitting the girl. She was struck by the left front fender.

The girl, who is a student at Kerby Elementary School and the daughter of Mr. and Mrs. Nicholas Kaliardos, 405 Moross road, was rushed to St. John Hospital by the Farms firemen. There she was treated for head injuries and placed in intensive care.

Doctors now term her condition satisfactory. She was

## Commission Upholds Pine Ruling

**MLEC Affirms September 20 Examiner's Decision To Restore Back Pay and Benefits To Farms Patrolman**

By Pepper Whitelaw

The City of Grosse Pointe Farms has once again been ordered to reinstate Patrolman Kenneth G. Pine, who filed an unfair labor practice charge against the Farms following his dismissal in April last year, just one day prior to the conclusion of his probationary year. The Grosse Pointe Farms Police Association contended that Pine was fired "because he filed and processed a grievance over a payment of wages due him for attending a training course."

The city maintained that Pine was fired because he had not satisfactorily completed the terms of his probationary period and it therefore had the right to fire him. The first order to reinstate Pine came from trial examiner Sholomo Sperka last September. The Farms appealed the case to the Michigan Employment Relations Board which came up with its decision last Friday, April 28. The commission affirmed the trial examiner's decision to reinstate Pine with full back pay and according to this reporter, overruled the 26 exceptions to Sperka's order filed by the Farms.

The matter of Pine's firing has created a real bruhaha. Just prior to the commission's decision the Police Officers Association of Michigan issued a press release (April 25) and a fact sheet expressing its views on Pine's firing.

In an effort to keep the public informed on both sides of any controversial issues the NEWS is reprinting in full both the press release and fact sheet signed by Carl Parsell, president of the Police Officers Association of Michigan and the City of Grosse Pointe Farms' response to those allegations.

The Police Officers of Michigan's press release states: "There is a serious dispute between the City of Grosse Pointe Farms and the Grosse Pointe Farms Police Officers Association which is a member of the Police Officers Association of Michigan (P.O.A.M.)."

"A year has now passed since the city officials of Grosse Pointe Farms illegally fired Officer Ken Pine. The Police Officers Association of Michigan felt this was a local issue and should be handled at a local level. It is now very apparent that it can and will not be settled by local officials on the local level. Therefore, it is

or operating electric heaters and other sources of ignition. Observe the "no smoking" rule religiously.

Store all dangerous products in tightly capped metal cans, never in glass jars, and keep in a cool place.

The fire department also urges everyone to include a check of the home electrical situation on the spring clean-up schedule. It is good practice to check electrical cords for frayed or loose connections. Cords under rugs are invitations to fires, and hanging cords on nails, or tacking them on baseboards, also adds to fire hazard.

As a final and important check, look at the fuse box, and make sure you use only 15 AMP fuses, except on special circuits designed to carry heavier loads.

The Farms fire department invites you the home owner, to ask us at any time to inspect your home for fire safety. Call TU 5-1000, and we will be glad to arrange an inspection.

Prices are leveling off some — but taxes are still booming.

inch, salting only at intersections; and a "red snow" alert (more than one and a half inches, complete salting).

In The Woods, salt usage has dropped from 3,032 tons in 1969-1970, to 1,438 tons in 1970-1971 when the salt policy has instituted, to 1,330 tons in 1971-1972.

This last winter, The Woods was also responsible for salting Vernier road for the first time. Over 375 tons of salt were spread over Vernier road alone this year.

Herbert L. Heger, Park director of public service, reported that the city used significantly less salt this year than last, 820 tons in contrast to 1,180 tons used in 1970-1971 winter. In the 1969-1970 winter, 1,220 tons were spread over Park streets.

The Farms spent \$10,429 to purchase 931 tons of salt for the city this winter since salt is priced at \$11.20 per ton.

Last year, according to Farms director of public service, John Defoe, over 1,000 tons of salt were used on Farms roads.

The story was much the same in The City as 591 tons were used in the 1971-1972 winter, in contrast to 811 tons last year.

### Bryant

sponsor of House Joint Resolution EEE.

The Committee further agreed to seek another vote on the amendment before the May 16 Michigan Presidential Primary and to start a petition drive if the resolution again fails to get the necessary 74 votes in the State House.

"My amendment," Bryant says, "makes the resolution constitutional, keeps Judge Roth from using passage as evidence against the state and will allow the resolution to have real effect. It does not weaken it, in any way. It strengthens it and makes it have real, instead of illusory, impact."

Bryant indicates when his amendment is adopted he will then actively support the resolution, and also, as an alternative, if it still fails to pass, he will introduce a bill to allow an advisory vote on busing to be placed on the ballot.

### Mutual Aid

(Continued from Page 1)

Farms City Manager Andrew Bremer feels the program is an "excellent" one and that it will provide more manpower on a first alarm basis which is "extremely important." He noted that it will help increase service without an increase in cost to taxpayers. The trial period, he said, is scheduled to continue through the middle of June with the program being evaluated as it goes along. Mr. Bremer also stressed the cooperation between the cities in providing better service to residents; "There are certain things in conjunction that cities can do much better."

Robert A. Slone, Park city manager, said, "The biggest thing right now is that it increases manpower that is immediately available at a fire. It also helps to more easily coordinate the firefighters in the three Grosse Pointes who for years have been under mutual aid."

### Girl Hit

taken off the critical list Thursday morning, April 27.

No violation was issued against the driver of the car as he was traveling with the eastbound traffic after passing under a green light at the Mack and Moross intersection. His field of vision was impaired by a car to his right, blocking sight of the girl as she ran from the curb.

Robert Ferber, Farms police chief, noted that the incident closely paralleled a Mack accident on February 26, 1971, when a 70-year-old St. Clair Shores man was struck by an eastbound car.

The victim, Manuel Vasquez, ran from a Mack traffic island against traffic, and was hit by a car less than five feet from where the Kaliardos girl was struck.

The man died two days later in St. John Hospital of multiple injuries.

She has worked with Dr. J. B. Rhine in the Parapsychology Laboratory at Duke University and lectured throughout the United States and abroad. She established her reputation as a critical and objective researcher with her condensation and editing of E. W. H. Meyers "Human Personality and Its Survival of Bodily Death." She has the happy ability of making scientific and recorded mate-

rial entertaining and fascinating. Miss Smith is listed in the "Who's Who in American Women" and in Contemporary Authors. Miss Smith will explore the world of the unknown with her audience touching telepathy, clairvoyance and precognition. Harry McKnight will talk on "You and Your Psychic Ability and Its Application" on Thursday evening, May 11, at 7:30 o'clock. He holds a master's degree from Tulane University, and is currently working on his doctoral program at the University of Texas. He is director of the Instructor Training Program of the Institute of Psychorionology at Laredo, Tex. and has frequently been a guest on radio and national TV. Mr. McKnight maintains everyone has psychic ability and shows how it can be applied. There are many familiar ways that psychic ability is developed—meditation, yoga, and prayer being familiar methods. Mr. McKnight shows how one can achieve self confidence, motivation and leadership by perfecting concentration, memory, creative imagination and verbal expression. He maintains that the development of the Psi area of the brain can control disturbing behavioral patterns leading to excessive overeating, nervousness, insomnia, smoking and the drug habit. He feels it is imperative in this age for man to learn to exercise a maximum of his intuitive potential and expand the use of his mind. Admission fee for the two lecture series is \$3.50, or \$2 for a single lecture.

# Firing of Patrolman Results in Allegations and Answers

(Continued from Page 1)  
 the official stand of the P.O.A.M. to enter into this dispute on behalf of our member association, Grosse Pointe Farms Police Officers Association.

"This has become a 'David & Goliath' symbol for all police officers throughout the State of Michigan as to whether any one city... rich as it might be... can destroy a police association.

"The City of Grosse Pointe Farms is refusing to accept the decision handed down by the Michigan Employment Relations Commission and this 'Giant, Powerfully Rich City' who's average per capita income is estimated to be \$90,000.00, with the backing of large Corporations like Parke Davis, Detroit Bank & Trust, is fighting the small Grosse Pointe Farms Police Officers Association who number 17 men and trying to BREAK this police association.

"The P. O. A. M. is trying to 'EVEN THE ODDS.' We have entered into this dispute with the backing of over 6,000 members throughout the State of Michigan. It is a fact, which we intend to make known to all people, legislators and other elected officials of this entire community... as well as the giant Corporations like Parke Davis, Detroit Bank & Trust and several others that the Grosse Pointe Farms Police Officers Association are legally within their rights and have won their decision from the Michigan Employment Relations Commission. However, the City Officials, some of whom are playing dual roles as an official of both the City of Grosse Pointe Farms and an official of these aforementioned Corporations, are refusing to accept the decision.

"The Grosse Pointe Farms Police Officers Association is to be commended, they have done everything legally within their power to reinstate Officer Ken Pine. The Police Officers Association of Michigan now intends to fully support the Grosse Pointe Farms Police Officers Association and fight this battle until Officer Ken Pine is placed back on duty and has received all his back pay."

In its analysis of POAM's April 25 release The Farms issued this statement:

"Under date of April 25, 1972, the Police Officers Association of Michigan, by its President, Carl Parsell, issued a press release which purports to speak to a dispute which arose between the City of Grosse Pointe Farms and the Grosse Pointe Farms Police Officers Association over the discharge on April 19, 1971, of Police Officer Kenneth Pine. The press release and its accompanying flyer are irresponsibly inaccurate in their statement of facts and implications of wrongdoing on the part of the City and its officials; this analysis attempts to identify and correct the most serious errors and misrepresentations appearing in the release.

"The press release itself (as distinguished from the accompanying flyer) is inaccurate and misleading in several respects.

1. "The implication that the City is refusing to accept a final and non-appealable decision is inaccurate. The City has the right, if it desires to do so, to pursue every open avenue of appeal. It is inappropriate for the POAM to suggest that

there is something wrong with the City exercising its legal rights of appeal.

2. "The underlying hyperbolic nature of the press release is made clear by its assertion that the per capita income of the City of Grosse Pointe Farms is estimated to be \$90,000.00. Estimated by whom? The figure given is absurdly high and has no real relevance to the context of the Pine case anyway.

3. "Its assertion that the City has the backing of large corporations is ridiculous as a matter of fact and offensive to any reasonable analysis.

4. "There is absolutely no evidence that the City is trying to break the Police Officers Association.

5. "The implication in the press release that there is something wrong with City officials who are not employed full time by the City but holding other full-time employment with corporate employers had anything whatsoever to do with the City's position in the Pine matter."

In its flyer POAM states "There is a serious labor dispute between the City of Grosse Pointe Farms and its police officers." It goes on to say that Farms city manager (Andrew Bremer) lack of respect for the police and for the law is responsible for this dispute; that Chief Robert Ferber attempted to resolve the dispute; however, he was overruled by the city manager; and by his own lieutenant; that Chief Ferber was forced by Mr. Bremer to illegally terminate a police officer; that Mr. Bremer's inability or refusal to cope with labor matters caused this dispute to be placed in the hands of the Michigan Labor Relations Board in the form of an unfair labor practice; that this inability or refusal caused your city to be cited for violations of the Labor Law; that Mr. Bremer refused to accept the trial examiner's decision, and that Mr. Bremer was quoted as saying he will not honor any decision that orders the officer reinstated. "If you don't know about this—well let us enlighten you" notes the flyer.

Ken Pine was hired as a police patrolman by your city, April 20, 1970.

"At this time Officer Pine was compelled to sign a secret agreement stating he would attend a school required by your department some time during his probationary year. It further stated he would not be paid for the time he spent in school which was outside of his normal work hours. "This agreement violated two provisions of the collective bargaining agreement which was in force at the time of his hiring. The collective bargaining agreement was unknown to Pine at this time—however, it was well known by those officials who forced him to sign this secret agreement. "Officer Pine successfully completed the training school—along with two other officers from the Grosse Pointe Farms Department. "The officers then requested payment for the hours they spent in school while off duty.

"Chief Ferber recognized the city's obligation to compensate the officers but stated he could not return all of the time due them. He stated he would return 80 hours, in the form of additional time off, to each of the three men.

"The officers then requested payment for the hours they spent in school while off duty.

"Chief Ferber recognized the city's obligation to compensate the officers but stated he could not return all of the time due them. He stated he would return 80 hours, in the form of additional time off, to each of the three men.

"Chief Ferber consulted with Lieutenant Ignatius Backman who is responsible for scheduling the uniform division. The lieutenant stated he could schedule the time off without reducing effective patrol.

"The lieutenant, after assuring the chief he could and would schedule the time off, went over the chief's head to the city manager, hoping to avoid the chief's order.

"The city manager, after hearing from the lieutenant forced the chief to withdraw the time. The chief then advised the officers he was powerless to honor his previous commitment.

"The officers, having their time taken away, were left with no alternative but the grievance procedure.

"While the grievances were being processed, Pine was repeatedly warned to withdraw his grievance procedure.

"On April 5, 1971, there was a meeting between the city manager, city controller, representatives of the Grosse Pointe Farms Police Officers Association, the Association's attorney, and the aggrieved officers.

"The Association's attorney presented the grievance to the city manager who refused to discuss the issues. His reaction was to fire Pine by instructing him to pick up a termination notice waiting for him in the office of Chief Ferber. This ended Mr. Bremer's conception of a grievance meeting.

"The Police Officers Association went with Pine to the chief's office where Pine received his two week notice of termination.

"The chief apologized to Pine and stated, 'Pine is a damn good officer.' "Patrolman Pine's record contained no oral or written reprimands and had he not filed a grievance there is no reason he would not be employed today.

"Patrolman Pine worked for your city for 364 days, and would have completed many more had Mr. Bremer lived up to the collective bargaining agreement and to the state labor laws.

"Pine was fired for filing a grievance. This violates state labor law. The violation was directed to the Labor Relations Board in the form of an unfair labor practice. "Your city could not excuse or defend Pine's firing at the Labor Relations Board Hearing.

"Chief Ferber testified under oath that had Pine not filed a grievance there would have been no other reason to prevent him from successfully completing his probationary year because he was a good cop.

"In his decision, the trial examiner points out that Pine was unquestionably fired for filing a grievance?

"The hearing resulted in Pine being ordered back to work with full pay, benefits and seniority. But the city still refuses.

"Your city was ordered to post written notice that they recognize the employee's rights to participate in lawful concerted activity—but refused.

"This back to work order was challenged by your city manager because he was unable to bring himself to admit he violated the law?

"Due to the city manager's administrative incompetence in the area of labor relations forces your police officers to seek compulsory binding arbitration for all future labor.

"In February of 1972, the

Farms City Manager, Mr. Bremer, through his attorney, John O'Meara, attempted to buy his way out. He offered Patrolman Pine all his back pay plus an excellent reference for any other city except Grosse Pointe Farms if he would withdraw the unfair labor practice?

"When the money offer failed, Mr. Bremer, through his attorney, retaliated by threatening to disregard any future back-to-work order.

"What local and national embarrassment this man, because of his refusal to admit he was wrong, would cause you and your city?

"Do you know further tax dollars will be spent on appeals?

"Due to your city manager's unwillingness to negotiate in good faith and his complete disregard for the law that the P.O.A.M., Police Officers Association of Michigan is stepping in to assure your police their protection under the law.

"Your police and the P.O.A.M., Police Officers Association of Michigan will not rest until Pine is reinstated."

It then listed the names, addresses and phone numbers of members of The Farms Council, city attorney, city comptroller, police chief, city manager and judge saying "the following elected officials are doing nothing to solve the problems in Grosse Pointe Farms."

Here is the Farms' response to the allegations:

"The flyer which accompanied the press release was also substantially in error in its statement of the facts and totally irresponsible in its use of what facts were stated correctly.

1. "Its statement that the City Manager's lack of respect for the Grosse Pointe Farms Police and for the law is responsible for the Pine dispute is absolutely wrong and unsupported by any evidence. It is nothing more than a biased, destructive allegation which is hardly designed to promote a healthy relationship between the City and its Police Officers Association.

2. "The implication that Chief Ferber disagreed with the City Manager and had to be overruled by the City Manager in connection with the Pine matter is wholly inaccurate. The Chief of Police recommended to the City Manager that Pine be discharged.

3. "It follows that the Chief of Police was not forced by the City Manager to discharge Pine; the characterization that the Pine discharge is an illegal discharge is a mere conclusion and happens to be wrong.

4. "The assertion that the City Manager's inability or refusal to cope with labor matters caused the Pine dispute is absurd. The matter was placed in the hands of the Michigan Labor Relations Board because the Union thought it had a right to do so. The Association had a dispute with the City and wanted the dispute resolved by the State Labor Relations Commission.

5. "The allegation that the City Manager refused to accept the Trial Examiner's Decision apparently refers to the fact that the Trial Examiner's Decision was appealed, as the City or any other litigant is entitled to do. The implication that there was anything wrong with the City appealing the Trial Examiner's Decision is irresponsible. The allegation that the City Manager was quoted saying he

would not obey the order of a competent authority is wholly groundless. No such statement was ever made by the City Manager or anybody else representing the City of Grosse Pointe Farms.

6. "The statement to the effect that Kenneth Pine, when hired by the City of Grosse Pointe Farms, was compelled to sign a 'secret' agreement is another clear indication of the absurd bias of the POAM's press release and flyer. Officer Pine was not required to sign any 'secret' agreement. He and other police officers hired at about the same time, as a condition of employment, were asked to sign statements to the effect that they would, at their own expense, obtain certain training during their first probationary year of employment as a policeman. There is nothing whatsoever secret or illegal about the agreement Pine was asked to sign. Never was it stated to Pine or any other officer signing such an agreement that they would be paid for time spent obtaining training outside of normal working hours. To the contrary, the purpose of the agreement was to state expressly that the prospective police officer understood that the training he must obtain during his first year was to be obtained at his own expense. And that's exactly what Pine agreed to.

7. "The assertion that the agreement violated the collective bargaining agreement between the City and the Association happens to be wrong. At any rate, it's a mere legal conclusion. The City believes now and believed at the time Pine signed his agreement in no way is in conflict with the collective bargaining agreement between the City and the Association. The statement that Chief Ferber had first recognized the City's 'obligation' to compensate Pine and other officers for time spent obtaining training during their probationary year is substantially misleading. The Chief of Police, who had recently been appointed by the City of Grosse Pointe Farms, was at first unaware of the existence of the agreements signed by probationary officers to the effect that they would obtain their proba-

tionary year training at their own expense; not knowing of the agreements he did enter into discussion with them of the possibility of payments being made for some of the time they spent in training. He never agreed to make such payments and as soon as he learned of the existence of the agreements to obtain the training at the expense of the officers, he informed the officers that no compensation for the time would be forthcoming.

8. "The filing of Pine's grievance in itself had nothing whatsoever to do with his discharge. The decision to discharge Pine was made before he ever filed any formal grievance. The statement that he was discharged because he filed a grievance is simply an error.

9. "The flyer's characterization of the meeting between the City and the Union Grievance Committee which ended in Pine being informed of his termination is substantially inaccurate. The decision to discharge Pine had been made before that meeting and nothing that happened at the meeting changed the City's mind about Pine's termination.

10. "The implication that the Police Chief did not wish to have Pine terminated is wholly erroneous; the Chief recommended to the City Manager that Pine be terminated. The statement by the Chief of Police to the effect that Pine was a good officer, as the record at the trial before the State Labor Relations Commission makes clear, referred to the Chief's opinion that Pine was a 'mechanically' competent officer.

11. "The assertion that Pine was fired for filing a grievance is in conflict with the position the City has maintained from the beginning. Pine was not fired for filing a grievance. He was fired because the City, exercising the discretion it retained during the probationary period, concluded that he was not the kind of police officer the City wanted on its force.

12. "The statement to the effect that the City could not excuse or defend Pine's firing before the State Labor Relations Commission is

silly. Although the City has not thus far prevailed in this litigation it has, of course, defended its position.

13. "The statement attributed to Chief Ferber to the effect that had Pine not filed a grievance he could have continued to be a Grosse Pointe Farms policeman is wholly out of context and inaccurate. It was Chief Ferber's decision to discharge Pine made prior to the time Pine filed his grievance and his testimony at the hearing was entirely consistent with those facts.

14. "The implications that in the face of an unfavorable decision received from the Trial Examiner the City must give up its defense and ignore all avenues of appeal is unfitting of a responsible association. So long as avenues of appeal lie open the City and any other litigant has the right to use those avenues to wholly test the legality of an order with which it disagrees.

15. "The allegations of the POAM which purport to plumb the state of mind of the City Manager characterize as administrative competence are nothing but destructive diatribe and deserve no answer.

16. "The statement that an offer was made by the City's attorney to reimburse Pine for all his back pay and provide excellent references for work outside the City of Grosse Pointe Farms is simply not true. No formal offer of any kind was ever made. At one point the attorney representing the City did discuss the possibility of settling the Pine case and suggested various possible compromises. If this attempt to find a compromise basis for settlement satisfactory to all is supposed to be another indication of the City's lack of good faith in this matter, the POAM is living in a rather unrealistic world.

17. "The statement that the attorney representing the City threatened to disregard any future back-to-work order is a pure and complete fabrication. It is beyond comprehension that any attorney would make such a statement under any circumstances. Certainly no such statement was made in this case.

"In general, the press re-

lease of April 25, 1972 and the flyer attached to it, are irresponsible and full of misstatements of facts. Even when the facts referred to are accurate, the documents attempt to draw implications from them with the most tawdry and absurd form of reasoning. It is unfortunate but true that this kind of emotionally irrational approach to the conduct of its affairs with the City has caused substantially all of the disputes between the City and its Police Officers Association. If a more responsible balanced approach to its relationship with the City were forthcoming from the Association, there is little doubt that most, if not all, of the disagreements over the past few years could have been easily resolved."

As to the Pine decision the city of Grosse Pointe Farms has 20 days to either conform with the determination of the Michigan Employment Relations Commission or appeal in Circuit Court.

Clarence Reichling, vice-president of the GPFPA told the NEWS, "The association is elated with the ruling, however, it was nothing more than we expected is as much as patrolman Pine was unquestionably fired for exercising his rights under the labor law. We hope Mr. Bremer and the City realize their responsibilities under the law to comply with the back-to-work order and that this regrettable incident will serve as a reminder to the city of Grosse Pointe Farms of its responsibilities to its police officers. The association holds no ill feelings and all of us are anxious to see officer Pine back in uniform."

The decision as to what avenue Farms officials will take, that of appeal or compliance, should be forthcoming within the next week, according to Mr. Bremer.

Plans for the Saint John Hospital Guild's 12th Annual Stag Dinner have been announced by the 1972 general chairman, Roland Rinke. The \$100 a plate benefit dinner, which has raised over \$400,000 since 1961, will be held on Wednesday, May 17, at the Grosse Pointe Yacht Club. This year a special committee has selected William B. McIntyre, M.D., as "Man of the Year." Dr. McIntyre has been an active member of the medical staff since the hospital first opened in 1952. In addition to maintaining his practice in internal medicine, he has been active in the affairs of the medical staff and a devoted supporter of the hospital. In 1970, he served as chairman of the Guild's Stag Dinner and is currently vice president of the Guild and chairman of its Community Health Education Committee. The Saint John Hospital Guild, which is sponsoring the dinner, is a group of 250 businessmen, physicians, and community leaders. Founded in 1948, it has since that time devoted itself to supporting the growth and development of Saint John Hospital. In addition to the fund-raising events, the guild sponsors the hospital's Community Health Education program featuring public forums on smoking, alcoholism, arthritis and other major community health programs.

**Plan Hospital Week Activities**

Nurses' uniforms, ranging from exact replicas of those worn by Florence Nightingale and Clara Barton to permanent-press flared pants suits worn by present-day nurses, will be modeled at a fashion show at Cottage Hospital Friday, May 12.

Nurses from St. John and Bon Secours Hospitals have been invited to the show, which will honor nursing personnel of Cottage as part of its celebration of National Hospital Week, May 7 through 13.

Meticulous detail has gone into the six historical uniforms to be shown, according to Bob Meier, representative of the White Knight Company which handled the historical research. Their appearance in the fashion show at Cottage will be the first time the early uniforms have been shown anywhere except in California, where they have created a great deal of interest.

Other activities of the week include a tree planting ceremony Tuesday, May 9. Employees, represented by Mary Louise Sharp, laboratory technician, and Elsie Rowe, R.N., will present to Administrator Ralph L. Wilgarde a tree purchased for the hospital grounds by voluntary contributions.

The Hospital will honor all its employees at a tea in the Hospital Board Room, also on May 9.

Girl Scouts, Boy Scouts, Camp Fire Girls and other teenage groups will visit Cottage on the afternoons of Monday, May 8, and Wednesday, May 10. With members of the Women's Auxiliary as guides, they will tour the Hospital and see demonstrations of work done in the Physical Therapy, Occupational Therapy and Respiratory Therapy Departments.

**Cinema League Meets Tonight**

Mrs. Lester MacDowell, whose photography work has been exhibited in foreign salons, will present a selected collection of color slides entitled "Flowers and Vignettes of the American West" at the regular meeting of the Cinema League tonight, Thursday, May 4, at 8 p.m. at the Grosse Pointe War Memorial.

When Dorothy's husband retired she joined him in his interest in quality photography and became an associate member of the Photographic Society of America. The membership resulted in some international photographic acceptances at various exhibits. She has been identified in The Pointes in music and drama circles over the years and is also a member of the Grosse Pointe Camera Club.

After the program members and guests will be served coffee, tea and cookies by hostesses: Mrs. W. H. Mueller, Mrs. Edward N. Hartwick and Mrs. Oliver Levelace.

In two weeks the club will hold its annual meeting and banquet in the Crystal Ballroom of the War Memorial. The 1971 highlights of the annual competition of the Photographic Society of America will be presented after the dinner. Banquet tickets will be available to buyers at tonight's meeting.

**South to Hold "Pops Concert"**

The community is invited to Grosse Pointe South High School's first "Pops Concert" this Saturday evening, May 6, at 7:30 o'clock, at South's gymnasium and "ride" the Showboat-Russell D., while listening to the Symphony Band and Orchestra play works by such popular composers as Leroy Anderson, Lowe, Rogers, and Gershwin. Also featured will be the High School's String Quintet playing hits from "King and I," "Fiddler on the Roof," and "Sound of Music."

Hotdogs, childdogs, soft drinks, coffee, snacks, and desserts will be sold at modest prices. This is the first year the Bands and Orchestra have presented a Pops Concert, appealing to the whole family, the food, light and popular music providing something for everyone.

The admission price is \$1 per adult, children 12 and under will be admitted free. Tickets may be purchased from band and orchestra members or at the door. All receipts will go toward summer music camp scholarships. Every year the Bands and Orchestra Parents Club sponsor students to camps. Last year, they sent 20 students to seven camps after raising nearly \$1,200. Thirty-five students have applied this year to such camps as Blue Lake, National Music

**GP Rose Society Meets May 10**

How to select and grow miniature roses is the topic of the Wednesday, May 10, meeting of the Grosse Pointe Rose Society to be held in Central Library at 7:30 p.m.

Mrs. Robert C. Parks, an American Rose Society consulting rosarian and the leading miniature rose trophy winner in Detroit shows, will describe the miniature roses with superior show qualities and those with best garden color.

Program chairman is Jerry Kulaja. Mrs. George Moister and Mrs. Sterling Sanford are serving as hostesses and welcome interested persons to attend the meeting.

**SCHOOL BLAZE**  
Farms firemen were called to the Richard Elementary School, 176 McKinley, Tuesday, April 25, on the report of trash burning in a barrel outside the school. When the firemen arrived, at 5:55 p.m., the fire was out.

Camp and All-State Sessions at Interlochen, Michigan State, Ferris State, ASBDA Honors Band, Wayne State, and some will tour Europe with the YFU String Ensemble and the MYI Band. The Bands and Orchestra will be featured later this year in their Spring Concert on May 21, and the Outdoor Concert and Ice Cream Social on June 2.

**It's not applying for the mortgage that gets you. It's waiting for it to come through.**

If you've ever bought a home, you know you can expect some time to pass between the time you apply for a mortgage loan. And the time you get it. Weeks on end is not uncommon. At NBD, we've regularly been approving mortgage loans in as little as 10 days.

Which means that, when you get your mortgage loan from NBD, you can be sure that the time between the day you find your new home, and the day you move in, will be as short as possible.

Another thing you'll appreciate about an NBD mortgage is the cost. It's not uncommon for us to save you \$100 and more in closing costs, for example.

If you'd like more information, stop in and pick up our booklet "Buying and Financing Your Home." It answers just about any question you might have. And also gives you several more good reasons why we at NBD make more mortgage loans than any other bank in town.

**Ted Sweeney Best in State**

Ted Sweeney, co-editor of The Tower, Grosse Pointe South's student newspaper, won the first All-MIPA Award from the Michigan Interscholastic Press Association at the state convention Friday, April 28, at Central Michigan University.  
The award was originated this year to recognize a student, representative of the best high school journalists in the state.  
Students from across the state were encouraged to apply for the award with an essay, samples of work published in school newspapers, and advisor recommendations. Finalists were invited to the Central campus one day before the convention to work on The Student Journalist, a tabloid newspaper to be published in one day and distributed at the convention.  
Ted, as well as Steve Weighing, the other editor of the Tower, and Linda Minnella, editor of the Tower magazine, was among the 17 finalists. The original applications as well as the work on The Student Journalist were the basis of selecting the winner.  
Ted has been in the journalism program at South for four years. Prior to being named one of two managing editors this year, he served as page two editor as a sophomore and page one editor as a junior. He has served on the newspaper's editorial board for three years. A year ago he was elected Most Valuable Staff Member.  
Ted won a gold key in 1971 in Quill and Scroll national writing competition for a feature story and won the Brown Book Award as South's outstanding male junior English student. He is also a member of Quill and Scroll, international honorary journalism organization. Membership requirements at South include earning points equivalent to 800 inches of type. Ted has earned more than 1,500 points in three years.  
As his assignment on the convention newspaper, Ted worked with Steve on leading a telephone press conference interview with Walter Cronkite of CBS News. Cronkite was so impressed with the quality of the interview that he called Central the day after the interview to congratulate those who participated.

**RICHARD J. PRYCE** has been appointed to the post of assistant administrator at Saint John Hospital, it was recently announced by James T. Farley, president of the hospital.  
Prior to joining the staff at the hospital, Mr. Pryce was associated with Arthur Andersen & Company for the past seven years as a manager specializing in hospital systems consultation in the Administrative Services Division.  
In announcing the appointment, Mr. Farley stated, "We are fortunate to obtain a man with Mr. Pryce's experience. In the increasingly complex field of hospital administration, his skills will be a valuable addition to our management team."  
The new administrator is a former naval officer and a graduate of the University of Michigan where he earned a bachelor's degree in engineering and master's degree in business administration.  
He lives in The Park with his wife, Nancy, and their three children.

**Farms Gives Rubbish Tips**

John DeFoe, Farms director of public service, has a few tips on rubbish pickup to pass on to residents.  
Although his advice, which amounts to garbage, is directed to Farms residents, it provides practical guidelines for any Pointe resident in regard to rubbish collection.  
In order to avoid repeated trips, all special and seasonal solid wastes will be picked up by the Public Works Department on a resident's regular collection day.  
Special solid wastes refer to such items as refrigerators, stoves, hot water tanks, and similar discarded household appliances. Refrigerator and freezer doors must be removed before placing them at the curb.  
One of the dividends of winter property maintenance is that snow melts; however, grass cuttings do not. Mr. DeFoe asks that grass be collected in suitable containers such as plastic bags, metal or plastic containers. The maximum capacity of any container must be under 30 gallons; the weight should not exceed 50 pounds.  
All seasonal solid wastes should be placed at the curb before 7:30 a.m. on the day of a resident's regular collection day.  
Yard and garden rubbish, such as shrubbery and vine prunings, should be tied in manageable bundles or in acceptable containers. Tree limbs and large branches should be placed in orderly piles between the sidewalk and curb.  
The public service departments ask residents not to mix other types of waste with limbs and branches as they are pulverized at the site by special equipment.  
Cities will not pick up any debris or scrap materials left by building and home improvement contractors or landscape debris of commercial landscapers. (Disposal must be provided by the contractor or homeowner).  
Falling within the category of approved containers are plastic bags, bushel baskets, cloth bags, plastic or galvanized (30-gallon maximum) garbage cans, wooden and heavy cardboard boxes.  
Those containers which are beyond pail, so to speak, are large oil drums, steel barrels, wheelbarrows, wagons and paper bags.  
Happy garbage!

The fourth and fifth grades under the direction of Mr. Lucatsky will present a musical program for the parents and teachers. Mr. Lucatsky will be assisted in this presentation by Mrs. Evelyn Kyzivat. A social hour for parents and teachers will be held in the meeting following the general meeting.

**SUSPICIOUS BOAT**

**Brownell Sets Spring Concert**

The Instrumental Music Department of Brownell Middle School will present its annual Spring Concert Friday evening, May 5, at 8:00 p.m. in the Performing Arts Auditorium at North High School.

The "B" Band will open the program with Mrs. Elsie Garlough conducting "Little French Overture" by Anzalone; "Old MacDonald" by Giroux; and "Nobody Knows The Trouble I've Seen" by Costle. Mrs. Christine Judson will then conduct the group in "Kum Bah Yah" by McBeth and "Tangotown" by Kinyon.

Mrs. Judson and the Orchestra will continue the program with "Variations on a Theme by Handel," arranged by Whitney and "Scherzo" by Siennicki. Carrie Smith and Peter Schmidt will be featured as a violin duo in Vitali's "Concerto for Two Violins and Orchestra." The Orchestra will close its portion of the program with "Theme from Exodus" by Gold.

The "A" Band will continue the concert with J. C. Bach's "From Heaven Above." Guest conductor for the evening will be Nathan C. Judson, instrumental director at North High School. He will conduct the Band in "Great Gate of Kiev" by Moussorgsky. Mrs. Judson and the "A" Band will close the program with "Procession of the Sardar" by Ippolitou-Ivanov and "Glory and Honor" by Rachmaninoff.

An added feature of the Concert will be the first appearance of the girls in the Bands and Orchestra wearing new skirts made by Mrs. Wendy Kamman's home economics classes. The groups earned the money for the material for the skirts by staging Bagel sales after school.

The performing season for the Brownell Instrumental Music Department does not close with its Spring Concert. On May 15, several students will participate in a Solo and Ensemble Festival designed for the Brownell P.T.A. meeting to be held that evening.

On May 17, the "A" Band and the Orchestra will travel to Romulus Junior High School to perform their portion of an exchange concert with that school. May 23 will feature the Brownell Orchestra along with the orchestras from Pierce and Parcels middle schools and North and South high school in an All-City Concert in the gymnasium at North High School. Paul Freeman, conductor-in-residence with the Detroit Symphony will conduct the five orchestras together in several selections.

The season will close with the Brownell groups appearing in an outdoor Pops Concert on June 6 on the school's athletic field. The public is cordially invited to attend any of these concerts.

**Police Warn Of Solicitation**

An officer in the Farms police department has this warning to pass on to Pointe residents.

A phone solicitation drive is currently being conducted by the Police Association of Michigan.

This organization, in contrast to the Fraternal Order of Police (F.O.P.) and the Metropolitan Club of America, does not involve many Pointe policemen and firemen and it does not sponsor any local activities. Less than five percent of the Pointe policemen belong to the organization.

Moreover, the solicitation drive is being handled by a professional firm, so less of the expected contributions will end up in the coffers of the Police Association.

A Pointe resident should keep these facts in mind if he is thinking of contributing.

**Tools Taken From Vehicle**

A resident of Windsor, Ontario, parked his car at the rear of Kitchen Corner Company, 19850 Mack avenue, and later returned to discover that various tools, totaling around \$655 in value, had been stolen from the auto.

Officer Paul Crook of The Woods Police Department received a report from the man who said seven items were missing including a "Rockwell" portable table saw, \$125 value; a "Black and Decker" sabre saw, \$39; a "Skil" saw, \$89; a "Rockwell" porta cable sander, \$115; a "Skil" Corporation drill, \$39; a "Skil" reversible screwdriver, \$69, and a "Stanley" one-half horsepower roter, \$179.

Miss Bryce and her court will ride in the parade which begins at 1 p.m. Sunday, May 7, at Manufacturer's Bank. The parade proceeds down Mack avenue to Ghesquiere Park where the ceremonies will be held at the Little League diamonds.

There will be a full slate of games involving both the Little League and Babe Ruth League beginning immediately after the ceremonies.

**Pointe Policemen Open Softball Season May 7**

By Roger A. Waha  
The champs are ready to give it the "ol' police try" once again.

For the Grosse Pointe Police Team, who took the divisional title and championship last year in the Macomb-Oakland Police Softball League, will be out to make it two in a row when they open their season Sunday, May 7, against the FBI, 10:30 a.m., diamond two, L. W. Baumgartner Park, 15 Mile road near Schoenherr.

Under the guidance of Park patrolman and manager Michael C. Kortas, the team features a roster of at least 21 players from the five Pointes and Harper Woods, 13 of whom played last season. The Pointers, in fact, are the only club representing Wayne County in the 12-team slow pitch league.

The other teams, which are made up mainly of police officers although some firefighters also will make their presence felt, include Sterling Heights Police Department, Sterling Heights Fire Department, New Baltimore State Police, Warren Patrol, Warren Traffic, Macomb County Sheriff's Department, East Detroit Police, Clawson Police, the FBI, Shelby Police, and Probate Court. The last regular season game is July 23, followed by the playoffs with the last two remaining teams battling for the championship.

For the second straight year, the Pointers will be sponsored by Richard Buick, 15103 Kercheval avenue, Pointe Dodge, 19391 Mack avenue, and the Grosse Pointe Park Police Officers Association, according to officer Kortas.

The Pointers' roster currently consists of 17 police officers, three firemen and one DPW worker. Returning to the field are Park officers Kortas, Steven Mollitor, Colin La Londe, Richard Wedding and Park DPW worker Arthur Conlan; City Fire Chief Robert Marshall, assistant manager; Farms officer John Kraiza; Woods officers Bruce Marone, Wayne Baum, Thomas Hunke, Ronald Hayden and Detective Theodore Hinz, and Shores officer John Trevillian.

Making their diamond debut for the Pointers are Park officer David Hiller and Park firefighter Joe Bialk, City officer David Teolis and City firefighter William Tucker, Woods officer Paul Crook, Shores officers Michael Kenyon and Archie Grieve, and Harper Woods officer John Trevillian.

Officer Kortas said his pitchers are patrolmen Wedding and La Londe. His infielders are scheduled to include officers Hiller, Teolis, Kraiza, Hayden, Trevillian, Detective Hinz, firefighters Bialk and Tucker, Chief Marshall and himself. Meanwhile, the outfielders include officers Mollitor, Marone, Baum, Hunke, Crook, Kenyon, Grieve, Turrill and DPW worker Conlan.

The possibilities for a consistent starting line-up are slim because of the various duty schedules in each department but each player will obviously get his whacks in towards defending the championship.

All of the Pointers' games will be played at the Baumgartner Park. After the FBI contest comes the Sunday, May 14, game against the Probate Court at 10:30 a.m., diamond two.

Officer Kortas reports that all games are free and invites one and all to come out and watch the black, scarlet and white uniformed Pointers in action.

**Austin Runners Score in Meet**

Austin distance runners, who began training on January 3, highlighted the long winter by entering four meets which climaxed successfully with the Bella Vista Marathon, (13 miles, 192 yards), recently. The meet was held at Grand Blanc, Mich.

Largely on a rebuilding program, Austin showed best in the 14 and under age group. John Monahan, Tony Provenzola and Chuck Roarty swept all three trophies awarded in the 13-man field.

With these young men and more, Austin hopes to have a representative program, both in track and cross country, by 1973. Mike Pellerin and Bruce Dyer are the coaches.

**Yachtswomen Meet May 11**

**Park Leaguers Open May 6**

By Mark O'Keefe  
Opening day ceremonies for The Park Little League's 19th season begins at 12 noon Saturday, May 6, at Defer School, 15425 Kercheval avenue.

Mayor Matthew C. Patterson will begin the ceremonies with a short speech. Former Tiger Billy Hoft will be on hand to throw the first pitch of the season to Bill Ehrlich.

Managers of all 24 teams will be introduced including Bob Van Sile of the Yankees, Bill Peseski of the White Sox, Tony Tocco of the Senators, Don O'Keefe of the Athletics, Bill Reno of the Indians, and Michael Raymond of the Orioles, whose teams compose the American League majors.

Don Venderbush will return to manage the Giants as will Don Armbruster to the Braves, Dick Benoit to the Redlegs and Larry Keegan to the World Champion Pirates. They will be joined by Paul McCarthy of the Dodgers and Tim Foley of the Cardinals to round out the National League's majors.

Full color pictures of all teams will be taken on opening day and will be sold to team members for \$2 each. Due to unavoidable difficulties, this year's program containing posters and schedules will not be printed in time for opening day; however, teams will play the same schedules as they did last year.

Little Leaguers, ages 9-12, in the National League will start their first game at 10 a.m. Saturday while the American League will play at 1 p.m. after the ceremonies. During the season, games will be played at 6 p.m. Monday through Thursday, with Friday reserved for rainouts. All Minor League games will be played at Pierce Junior High, 15430 Kercheval, or at diamond one at Defer. Major League games will be played at the remaining three diamonds of Defer.

Little Leaguers will have a harder time hitting home runs this year because the fences have been placed farther from the plate, especially in center field. This will also place a heavier burden on outfielders by giving them a greater area to cover.

**Public Schools in Focus**

By Dr. Theos J. Anderson, Superintendent of Schools

Even at a time when men are again walking on the moon, the schools are claiming an almost disproportionate share of the media coverage. And in the Detroit area and across the nation, bus-ing dominates education news.

The New York Times of April 23, 1972 said that the President's legislation to concentrate more funds in poor schools rather than bus the students to better schools has received little support in Congress, partly because of the wide-spread skepticism among educators about the effectiveness of compensatory education.

A further problem has been that, in submitting the legislation, the Administration shifted its policy on what could be done by putting more resources in schools where a majority of the students have a poor educational background.

The Times article quotes Mr. Nixon as saying in 1970 that, "The best available evidence indicates that most of the compensatory education programs have not measurably helped poor children catch up."

On the other hand, we have Elliot L. Richardson, Secretary of the Department of Health, Education and Welfare reportedly stating (in the Detroit News of April 23) that with "effective management and enough money," President Nixon's proposed heavier use of special education funds for needy children can help them learn better, even in segregated schools. The newspaper report says that the "study concludes that although special education for needy children generally has not worked, it can be made to work along the lines proposed by Mr. Nixon."

More on the same subject: Lambda Corporation, an Arlington, Va., technical research firm, has said that

the key to reducing school segregation lies in redrawing school attendance zones and revising existing bus routes. The report, completed recently for the Department of Health, Education, and Welfare, states that even "in the largest cities analyzed, almost complete elimination of segregation in schools seems possible without exceeding economically reasonable limits on the number of students bused" or busing students more than 35 minutes each way.

Still beyond our borders: the Pennsylvania Supreme Court has turned back challenges to a busing plan developed by the Harrisburg, Pa. school board to achieve racial integration. And in Memphis, Tenn., the federal judge who ordered a busing desegregation plan for 14,000 of the city's 147,000 school children, has been given bodyguards.

And in Michigan: A resolution seeking a state vote on an anti-busing constitutional amendment fell 10 votes short of the two-thirds majority it needed.

A plan to wipe out traditional public education has just been unveiled by an organization called FACE (Finance All Children's Education), a group reportedly seeking "total and absolute" school reform.

According to one report, all schools would be placed "in a competitive market controlled by parents." The plan would be based on a flow of funds from taxpayers to parents to schools. Parents would receive a certificate representing a specified dollar amount for each child. This would be redeemable in any Michigan school which admits pupils without discrimination as to race, color or national origin. The group is seeking an amendment to the State Constitution guaranteeing the right of parents to choose schools for their children.

**One View From The Capitol**

By William R. Bryant, Jr.

A time to fish or cut bait in the question of financing for next school year is fast approaching.

The Michigan Senate this week has been debating the budget bill for state school aid. There are three major questions they must answer. First, how much money; second, whether or not to continue using two formulas, one for low property value districts and one for higher value districts, or to switch to a single formula; and third, whether or not to have a "grandfather" clause as in the past, to guarantee high value districts they won't have their state aid reduced below a certain level next year.

The school finance law suit against Grosse Pointe and others is now in trial.

The question of a constitutional amendment to eliminate local school operating taxes is still up in the air, mainly because of the graduated income question and the severe questions of loss of local control over education policy and content.

This combination, together with the uncertainties created by the threat of a Roth desegregation order, create the issue for 72-73 state school aid and the question, what position I should take on it.

If state school aid moves to a single formula and if there is no "grandfather" clause (1) our schools will get only about half the aid they get this year, but (2) the act would be more "constitutional," may be approved in the school finance suit and thus may forestall the drive for a constitutional amendment wiping out the

**Firefighters Finish Courses**

Twelve members of the Park Fire Department have completed three courses at the 15th annual Fire and Safety School, Macomb Community College. The courses were presented two evenings a week for three weeks, April 11-12, April 18-19 and April 25-26.

A certificate was given to each firefighter for each course including "Elevator Rescue Techniques and Use for Firefighting," "Tactics and Strategy" and "Crisis Medicine."

Firefighters attending the courses include Chief Philip Costa, Lieutenant David Taylor, assistant chief, Lieutenant James Palmer, Sergeant William Hunt, Sergeant Andrew Benoit, Sergeant Joseph Block, and firefighters Leon Falliers, Charles Henry, Clare Klovski, Tony LaBonty, Casper Allor and Joseph Biak.

**What Goes On at Your Library**

By Virginia Leonard

A week or so ago the National Book awards were given out in New York City. This was the 23rd year for this annual event. As you may know, these \$1,000 literary prizes are awarded for "distinguished books by Americans and published in the United States during the preceding year." The program is administered by the National Book Committee, a non-profit membership corporation of prominent citizens which also sponsors, in cooperation with the American Library Association, the National Library Week Program.

This year the categories were expanded from seven to ten, with prizes being given in Arts and Letters Biography, Children's Books, Contemporary Affairs, Fiction, History, Philosophy and Religion, Poetry, The Sciences, and Translation. In prior years Biography and History had been combined, Science, Philosophy and Religion were conferred in alternate years, and Contemporary Affairs was the one that was added this year "to recognize distinguished work on current events and public issues."

I was so pleased to note that the judges gave the Fiction prize to THE COMPLETE STORIES of Flannery O'Connor, posthumously, of course, since she died in 1964. The rule had been that an author could not be considered if he had been dead more than 2 years, but the judges waived the rule. This collection of 31 stories, 12 of which had never before been published, was the unanimous choice of the judges. I have always thought Flannery O'Connor one of the truly great writers of our times, and now am eager to read the new stories contained in this volume. (And Miss O'Connor was competing with such good novels as RABBIT RE-DUX by John Updike and WONDERLAND by Joyce Carol Oates among others.)

Joseph P. Lash, a former newspaper columnist, won the prize for biography with his ELEANOR AND FRANKLIN. This is the story of their relationship, based on Eleanor Roosevelt's private papers.

Perhaps the most astounding award was in the new category, Contemporary Affairs. This went to Stewart Brand's THE LAST WHOLE EARTH CATALOG: ACCESS

TO TOOLS. Even the nomination of this book was enough to cause one juror to resign from the panel: This popular work is a 447-page compilation of information on tools and techniques for living outside a technologically complex society. It was published by the nonprofit Fortola Institute of Menlo Park, California and is distributed by Random House.

Another unanimous decision in the field of Philosophy and Religion went to Martin E. Marty's "RIGHT-EOUS EMPIRE: THE PROTESTANT EXPERIENCE IN AMERICA."

Apparently the convocation for the awarding of these prizes can be quite a lively affair. The NEW YORK TIMES reports that there were boos, hisses, laughter and applause. Perhaps the most controversial award was THE LAST WHOLE EARTH CATALOG. It created a storm of controversy over whether it was a book or a non-book. If it were a non-book, then ethically and legally perhaps it could not be considered as a nomination, let alone be a winner! The panelist, Garry Wills, who resigned, said that it could win a special prize, but not the one for Contemporary Affairs.

You might be interested in some of the "runners-up" in this contest. Following are titles which are in our libraries: THE CLOSING CIRCLE, by Barry Compton; THE DISCOVERY OF OUR GALAXY by Charles A. Whitney; OF A FIRE ON THE MOON by Norman Mailer; 365 DAYS by Ronald J. Glasser; THE COURT-MARTIAL OF LT. CALLEY by Richard Hammer; BOSS by Mike Royko (the story of Richard J. Daley of Chicago); R A D I C A L CHIC MAU-MAUING THE FLAK CATCHERS by Tom Wolfe; HENRY VIII: THE MASK OF ROYALTY by Lacey Baldwin Smith.

TIME magazine feels that there is room for improvement in the N.E.A. awards; perhaps in formalizing the choice of judges, or reducing the number of categories. But with all the brouhaha this time, it is refreshing to see that there is certainly no staidness, mustiness or lack of imagination—and certainly a variety of types was chosen! Let us hope this freshness continues.

## From Another Pointe of View

By Janet Mueller

Last year, it was one of spring's most successful parties, so this year — naturally! — Bon Secours Assistance League Group VI has scheduled a "repeat," bidding friends and friends of friends to watch the running of the Kentucky Derby, via television, at the Lothrop road home of Mr. and Mrs. Henry C. Murray.

There'll be loads of good things to sip and sup before, after and during the race. Audie Murray has put Henry in charge of TV for the afternoon, and Alice (Mrs. Patrick) Crowley has lined up a contingent of husbands to act as bartenders.

When the dust settles, the Mesdames Addison Bartush, Charles T. Fisher, Jr., and Harry J. Mack promise to share the clean-up detail. They may, of

## Film to Focus On Louis XIV

The Grosse Pointe Alliance Francaise will present a color movie, "The Rise of Louis XIV," next Tuesday, May 9, at 8:30 o'clock, in the Grosse Pointe War Memorial's Fries Auditorium.

This beautiful film, open to the public, is in French, with English sub-titles. Made in France, it was directed by Italian cinema great Roberto Rossellini.

"The Rise of Louis XIV" dramatizes the struggles and triumphs of the strife-filled 17th century in France, when the fabulous young "Sun King" came into his own as a ruler.

Louis transformed the state into an absolute monarchy, based on the theory of Divine Right and characterized by the remark attributed to him, "L'etat, c'est moi."

For several years at the height of Louis' reign, France was considered the first power in Europe. The period is known, too, as a golden age of the arts, Louis built the renowned Versailles. Painters, literary giants, composers, philoso-

phers, mathematicians and pace-setters in architecture and landscaping flourished.

"The Rise of Louis XIV" provides a dramatic and interesting view of this complex, haughty, energetic giant among kings, whose death unleashed the energies of the Age of Reason.

During the film's intermission, refreshments, including French cheeses, will be served.

The evening is free to members of the Grosse Pointe Alliance Francaise, open to students for \$1, adults for \$3.

Joining The Pointe's well-known auctioneers ERNEST and LAWRENCE DU MOUTCHELLE to knock down a fabulous array of items, including art objects and trips to destinations all over Europe, at the Spring FAD Auction Friday, April 21 at the Pontchartrain Hotel, was professional amateur GEORGE PLIMPTON, who helped raise \$70,000 for Northwood Institute. FAD is sponsored annually by the Detroit Chapter of Northwood's National Women's Board.

## Derby Ball To Have New Look In 1972

Party Proceeds Will Support Muscular Dystrophy Children's Summer Camp Program at Camp Cavell in Lexington

Although the Michigan Derby Ball, which benefits the Muscular Dystrophy Children's Camp, is 11 years old this year, plans to make it the most successful yet include a wealth of new ideas, new people, a new time and a new place.

For the first time in several years the party will be held in the spring, on Friday, June 9, at 8:30 o'clock in Detroit's newest night club, "The Michigan Palace."

The MD Ball, sponsored and totally underwritten by the Hazel Park Racing Association, has traditionally

been held the same day as the Michigan Derby at the raceway.

A slight break in this tradition has been allowed by the Association. The 1972 Ball will be held the night before, enabling owners, trainers and jockeys to attend for the first time.

## To Span Generations At First English

Making preparations for the forthcoming Mother-Daughter Banquet at First English Lutheran Church are members of the various Women's Circles, (left to right), the MES-DAMES WILFRED NOLTING, NORMAN DUCOIN, PHILIP HOOD, chairman, RICHARD LANDGRAF, HERBERT GOULD and GEORGE BLEDSOE. Theme for the evening

is Yesterday, Today and Tomorrow, depicting fashion changes. Members of the Circles will model clothes from various eras. The event is planned for next Thursday, May 11, starting at 6:30 o'clock in the Church Fellowship Hall. Reservations may be made by calling Mrs. Ronald Bauer at 886-1876.

Probably the most exciting addition to the Ball is this year's chairman, Mrs. Fred Yaffe, of Birmingham, and the new group of women she has enlisted to help send more MD children to camp.

Kathy Yaffe, invited to last year's Ball kick-off luncheon, fully intended to remain a bystander . . . but after attending a day of MD Camp, she became so interested she gave countless hours to selling the most tickets for the 1971 Ball.

This year, asked by Mrs. Robert McGregor, also of Birmingham, the Ball coordinator, to accept the chairmanship, Kathy couldn't say no.

Mrs. Florence Sisman, of East Jefferson avenue, will assist Mrs. Yaffe as co-chairman. A staunch supporter of the Ball since its inception, Mrs. Sisman will again bring to the committee many women who have worked

Entertaining at cocktails Tuesday in honor of the ROBERT J. FLEMMINGS, who are celebrating their 30th wedding anniversary, were MR. and MRS. JOHN E. DANAHY, of Cloverly road,

with her in the past.

According to Mrs. McGregor, the combination of Mrs. Yaffe and Mrs. Sisman, along with Mrs. John B. Swainson, honorary chairman, should assure a grand success.

All proceeds from the sale of tickets go to support the MD Children's eight-day program at Camp Cavell in Lexington, Mich., which provides swimming, fishing, games and camp life for children afflicted with MD, many of whom are in wheelchairs.

Reservations for the Ball, including dinner, dancing and a benefit performance by Peter Nero, may be made by contacting the local MD office, 399-8800. Tickets are \$35 per couple.

## La Leche Bids All to Lecture

Detroit-area La Leche League invites the public to an address by Marian Thompson, president of La Leche League International, Friday, May 12, at 8 o'clock at Dearborn's Ford Motor Company Auditorium. Donation is \$1.

Mrs. Thompson, in Detroit at the invitation of Dr. Charles Hermes, also will address area medical and nursing personnel at Pontiac General and Hutzel Hospitals. Her topic will be "Meeting the Need of the Nursing Couple." Mothers all over the world are taking a growing interest in La Leche League, begun in a Chicago suburb in 1956 when one mother who had successfully nursed her baby helped another who wanted to breastfeed.

The name, La Leche, is Spanish and means "the milk." A non-sectarian, non-profit organization, the League's purpose is to help encourage "good mothering through breastfeeding."

The League is now international in scope, with more than 1,200 chapters in the

United States, Canada and 14 foreign countries. In December, 1964, two La Leche League groups started in Detroit. Now there are more than a dozen metropolitan area groups conducting monthly meetings at which the various phases of breast-feeding are discussed informally. Further information about La Leche League in the Pointe area may be obtained from Mrs. John Pierce, 886-6574 or Mrs. Kenneth Isaacson, 776-1509.

## Miss Altman Wed To Richard Francini

Mrs. John Graham Serves as Sister's Honor Attendant at Mid-Day Rites; Pair to Reside in New Baltimore

Saint Michael's Episcopal Church was the setting Saturday, April 29, for the wedding of Janice Miriam Altman, daughter of Mrs. Harry E. Altman, of Broadstone road, and the late Mr. Altman, and Richard Lewis Francini, son of the Albert R. Francinis, of Detroit.

Presiding at the 12:30 o'clock double ring ceremony, which was followed by a luncheon reception at Lochmoor Club, was the Reverend Edgar Yeoman.

The newlyweds, vacationing in Nassau, will return to make their home in the Colonial Country Club Apartments, New Baltimore.

Alencon lace studded with seed pearl clusters accented the bride's Empire gown of candlelight organza. Her floor length illusion veil, falling from a lace and organza cap, was lace-edged, and she carried a cascade of pink roses, pink carnations, pink daisy mums and baby's-breath.

In Empire-waisted pink chiffon frocks, trimmed with multicolored flowers and ruffled at their necks and the cuffs of their long sleeves, were Mrs. John Graham, who served as her sister's honor matron, bridesmaids Mrs. Charles Forsyth, the bride's aunt, Marianne Cotton and Mrs. Steven Champaine, and junior bridesmaid Kelly Forsyth, the bride's cousin.

Their Colonial bouquets of pink daisy mums and pink carnations were tied with velvet ribbon. Best man was Joseph King, Curt Benham, Charles Forsyth and Eric W. Altman, the bride's brother, seated the guests.

Mrs. Altman chose a satin-trimmed coral chiffon dress for her daughter's wedding. Pink satin ribbon accented the bridegroom's mother's gown of watercolor print pink chiffon.

Out-of-town guests included the bride's paternal grandmother, Mrs. William Altman, of New York. Her maternal grandmother, Mrs. Edgar Forsyth, was also in attendance.

## Set Progressive Artists Exhibit

The Progressive Artists Club opens its 28th annual exhibit, at the Verve Gallery, Morang between Cadieux and Kelly roads, with a reception Sunday, May 7, from 2 until 5 o'clock. The public is invited to drop by, view the paintings and meet the artists. The exhibit will continue through May.

Edna Kreichelt, well-known Pointe artist and teacher, will jury the show. She has studied at the Washington University School of Fine Arts, taught summer art classes at the Grosse Pointe War Memorial, participated in the Grosse Pointe Outdoor Art Festival and is a member of the Grosse Pointe Artists Association.

Her watercolorists have won awards and ribbons at the Michigan State Fair. She is represented in the Detroit Institute of Arts' Rental and Sales Department. Many of her works have been chosen by Mike Church for the Ann Arbor Regional Art Show.

The Progressive Artists Club maintains a permanent exhibit in the lobby of Holy Cross Hospital, and closed its show at the AAA Gallery last week. Many of its members are Pointers, including Kasimira, Kaiser, of Beaufait road, who had a one-man show at Standard Federal's Savings, East Warren at Outer Drive, last month.

Helen Adams, of Hollywood avenue, who is also historian of the Lakeside Palette Club, has several oil paintings in the current show at the Community News Building, and Hazel Erickson, of Lakeview avenue, is represented in the current Holy Cross exhibit.

Astrid McGregor, of Lakeland avenue, participated in a recent Grosse Pointe Artists' show. Doris MacCallum, of Clairview court, a past-president of the Pointe Artists, is currently touring Greece, but will be represented by two landscapes and a floral oil painting in the Progressive Artists' annual exhibit.

The party's purpose is to stock the shelves of Christ Church Fair's "Collectors' Corner," where antiques, heirlooms and objects d'art will be displayed come Fair Day next fall, November 9.

Mrs. Miles M. O'Brien is Mrs. Ford's co-hostess. Anyone who cannot attend may participate by sending a gift or treasure to 81 Moran road, or by calling TUxedo 5-4841, for pick-up of larger items. Tax deductions will, of course, be given.

## Tootling Off To The Zoo

Grosse Pointe Farm and Garden Club ladies go tootling off to the Detroit Zoo next Monday, via bus, (which leaves the Country Club at 11:30 o'clock SHARP!), and train, (which goes from North to South America, Africa to Asia (in a matter of fascinating minutes, with a nice, eerie, just-long-enough tunnel along the way to break up the monotony).

They're bringing along their lunches, in boxes, and their enthusiasm, uncontained, which just may spill out all over the place. And why not? The zoo IS the place to let one's enthusiasm spill out . . .

Mrs. Oliver Dewey Marcks arranged the program. She, and Mrs. Frederick P. Hart, and Mrs. Robert G. Hartwick, are its hostesses.

## Senior Spring Thrift Sale

Busy preparing for tomorrow's Spring Thrift Sale at the Senior Center in East Grand boulevard are Pointers Barbara Locke and the Mesdames Frederick C. Kaess, Donald McPhail, Roy E. In addition to re-sale items, the Spring Thrift Bazaar offers items crafted during the year by the talented Seniors themselves: Everything from paintings, ceramics and woodwork to novelties.

Proceeds go into the Senior Activities Program Fund. All Senior activities and crafts are funded by the Seniors themselves, through their sales.

Mrs. Ethridge (Peg) will serve as president of the Senior Center next year, assisted by Mrs. Barbier as second vice-president, Mrs. Henkel as recording secretary, and W. Bruce Krag, of Merriweather road, as treasurer.

The Senior Center, Inc., is a Torch Drive Agency.

Funds raised via this party help maintain the Burtha Fisher Home for the Aged, where a new addition is in the planning stages.

Pointe area ladies working on the affair include Mrs. Thomas P. Thornton, Mrs. William Gough, president of the Auxiliary, Mrs. John Cook, Mrs. John Fallon and Mrs. Francis Crowley, chairman of the Social committee.

## Slate Reunion at Marygrove

This year's Marygrove College Alumnae Reunion will feature some good solid hours devoted solely to conversation among the home-comers, according to Mary Carol O'Malley, Alumnae director.

Scheduled for Saturday, May 6, the day begins at 10 o'clock with mass in the college chapel. The some-400 expected alumnae then go to the Theatre, the newly-renovated University of Detroit-Marygrove College facility in the Liberal Arts Building, for an address by Dr. Arthur W. Brown, Marygrove president.

David Regal, Theatre artist-in-residence, will present a short sample of Performing Arts activities, with Marc McCulloch and Jane Hamara re-enacting a scene between Ferdinand and Miranda in "The Tempest," followed by a display of costumes from the Shakespearean production and "Lysistrata," which closed the 1971-72 season in April.

Alumnae and student art will be on exhibit and for sale. A champagne reception precedes luncheon in Madame Cadillac Hall. Table-hopping conversation and coffee are expected to take up the remainder of the afternoon.

Helen Gilleran Roach, of Prestwick road, and Rose Gullo Evanski, of Newcastle road are among members of the 1972 reunion committee.

Growth of Barnes' Nature Site Features Teamwork

By Roger A. Waha
Teamwork is the key in the development of a nature study area at Barnes Elementary School, 20090 Morningdale, where a two and a half acre site is presently being returned to an outdoor nature study area and small wildlife preserve. This acre is part of the school's 10 acre playground, said principal Jack McMahon. Students and teachers at Barnes have worked hard towards making this area something of which to be proud. And the Woods city government also has lent a "mighty" hand. For on Monday and Tuesday, April 17-18, City Administrator Chester E. Petersen and Director of Public Works Anthony Guaresimo supplied the "punch" in grading some dirt on the site. For the Department of Public Works supplied one caterpillar loader and two men to assist in leveling the dirt which was obtained from the Grosse Pointe South High excavation site. And to show their appreciation for the cities assistance, fifth grade students in Theresa Schmidt's class sent at least 23 "Thank You" letters to Mr. Petersen. Mr. McMahon said that the school's Ecology Committee was formed one and a half years ago to make the land a nature study area. The committee chairman is Mrs. Raymond A. Lockhart, 45 Shoreham road, and committee members include Mr. McMahon, plus students and teachers at Barnes. Under the committee's guidance the youngsters are planting wildflowers, bushes and trees in the area. In fact, students in science classes have finished landscaping the raised two and a half acre site, and have already done some planting there, according to Mr. McMahon. Mrs. Lockhart said hopefully pine and spruce trees will be planted next year and that ultimately the students will completely take over the committee with the adults in an advisory position. The area features 70 species of wildflowers, she said, plus blackberries, with the planting of further berries to come. There's no doubt that birds will find this a "paradise of goodies." To help raise money for their work the school has held seed, pumpkin and plant sales, said Mr. McMahon. A current plant sale is planned from Monday, May 8, through Friday, May 12, from 12:30 to 4 p.m., outdoors, weather permitting. The spring plant sale is held in order to help support the future development of the outdoor nature site and is sponsored by the Ecology Committee. A wide variety of perennials, annuals, herbs, vegetables and mums are set for sale. The appreciative youngsters, who are learning about ecology by practicing it, wrote some lovely letters to Mr. Petersen. Here are a few of their comments: "I appreciate your help with the nature center. Now we can work and plant."

'Top' Sergeant Has GP Area

Master Sergeant Cavin E. Ford, who recently completed the special U.S. Air Force recruiter course at Lackland AFB, San Antonio, Tex., is currently an official recruiter at 22915 Gratiot avenue, East Detroit, which covers the Grosse Pointe, Harper Woods and St. Clair Shores areas. Sergeant Ford's job consists of counseling young men and women about a career in the Air Force. He was selected for the special assignment as a volunteer with an outstanding training record. The sergeant has completed tours of duty all over the world, including Vietnam and Thailand.

Top Sergeant Has GP Area

But most of all we can study and watch."—David Pierce. "We are thankful for your men because if they did not come, there would just be piles of dirt all over until it sunk into the ground!"—Cathy Gaskin. "Our school is so happy that you are helping us make our Nature Center. You will be the first one to see it. Grosse Pte. should be really glad it has a city manager like you."—Ricky Allor. "I want to thank you for grading the dirt for our nature center. I think it was really nice of you to do it because you're not only helping Barnes School do this project, but ecology too!"—Cindy Cordoba. "We are going to plant trees, and flowers. We already have had a few ducks. If you weren't going to move the dirt for us, it would take us a couple of years to move it by hand."—Cathy Jenkins.

A CONTEMPORARY RANCH HOUSE with a hint of the traditional may be inspected at 19922 W. Doyle, just a short block from Fairford. Tucked away on a gentle curve and just a short walk to Barnes, GPUS and Star of the Sea Schools. There are two bathrooms on the main floor, and either two or three bedrooms depending on owner's preference.

UNDER THIRTY THOUSAND DOLLARS with four bedrooms, two baths and a den. There is also a dining room and two car garage. See how much house you can buy with 10% down at 781 Notre Dame. See you Sunday.

THIS OFFERING IS AT 1249 Brys Drive, in the Woods. On the "right" side of Marter, with a \$33,800 tag that's below appraisal, and neat as a pin with plenty of family growing room. Two bedrooms and bath on the first floor, eat-in kitchen plus Florida room, finished rec room and a Dormitory up! See it Sunday. Even a poorly kept house on this popular block wouldn't last long. There isn't, and this won't!

ON VERY POPULAR WASHINGTON ROAD at Marter we have a four bedroom colonial which has a full bathroom for each bedroom. There is a spectacular staircase leading from the wide center hall to the third floor. The dining room is almost 20 feet long with rich details and built-in corner cupboards. From the living room are double French doors leading onto a screened and covered porch which also has access to the large library.

IF YOU WANT to make a real score on a three bedroom brick house with super kitchen and almost new carpeting, then stop in at 256 Merriweather and see how great this house really is. We've seen prettier places from the curb, but once inside you'll see what can be done to refurbish an old house.

FIRST TIME OFFERED

THREE BEDROOM COLONIALS come in assorted packages and we think this special little house will be wrapped up by the discriminating buyer who is looking for more than just "bath-and-a-half colonial." The house has a wide stance on a lot 75 feet wide, enough to place the attached garage on the side of the house. This also accounts for the spacious driveway free backyard. Inside is a St. Charles kitchen, separate dining room, breakfast room and a super-size upstairs bath. Tie this up quickly. We're not rib'en you!

## Pointe Counter Points

By Pat Rousseau

On Your Social Calendar . . . openings, weddings, debuts, galas, At Walton-Pierce you'll find the fashion for the occasion. The Walton-Pierce buyers are just back from New York where they hand-picked and air-expressed the pick of the fashion field. We love the long, stem green and white floral organza. It's sleeveless and has a V-neck. With its short ruffled over-the-head-cape . . . it's one of the prettiest cover-ups around.

Lashes and more lashes . . . one by one . . . that's how Dura Lashes are applied at Leon. By popular request, Leon has added this new beauty service. Miss Jamie, who is trained by the manufacturer and who taught at a well-known modeling school, will place these individual lashes on your lashes in any length or thickness becoming to you. The colors are brown and black. They last eight weeks with a bit of care. They can last longer. They cost fifteen dollars. You can sleep, swim, shower or sauna with them. Because they are placed directly on your lashes and not on the lid, the look is natural with or without make-up. Miss Jamie applies them by appointment, privately in a booth. For more information, call her or drop by at 17888 Mack Avenue . . . TU. 4-9393.

The Best Of Two Worlds . . . an apartment-home in Grosse Pointe's newest condominium, the Jefferson Apartments, 17111 East Jefferson. Residents are home owners, enjoy tax deductions and equity advantages. The apartment size is in excess of 2,000 square feet. There are nine-foot ceilings, maximum insulation, air conditioning and natural fireplaces. Enjoy the services of a doorman, permanent caretaker. Three security systems guard your apartment while home or away. The model apartment is open 12 to 5 p.m. daily except Wednesday. Prices range from \$59,800. Call 882-7708 — 886-4880 Michigan Condominium Corporation.

Featured . . . in the Cottage Hospital Tour which will be held May 18 are Mutschler Kitchens. To purchase your tickets for the tour and to have another look at Mutschler quality and styles, see the handsome displays at 20227 Mack Avenue. One of the Mutschler kitchens selected for the tour is that of Mr. and Mrs. Joseph Cisielski. It's a small well styled kitchen with a Mediterranean theme. Built-ins by Sub Zero and Thermador are used. You'll note the flush appearance with a built-in refrigerator. Mutschler kitchens will have available to the hostess in the room a list of cabinet styles, colors, appliance manufacturer and model numbers, as well as available decor patterns such as wall coverings and flooring. Please inquire and jot down these ideas for your own dream kitchen.

Window Shopping . . . at Michelle's Boutique, 17864 Mack Avenue, we admired a kicky cotton pink print dress with the new "U" neck and little sleeves. It was picked from a fresh collection of cottons. Michelle's is open every Friday evening until 8. Don't forget Monday is Ladies Day with special value luncheons, cocktails and a very special fashion show by Michelle's at the King's Table in the First National Building from 11:30 a.m. through 2:00 p.m.

In Martha's Closet . . . 373 Fisher Road, you'll find a new collection of canvas bags good for town and travel. One is a white canvas with red and navy trim. It has a big section for lots of things, a zippered section for papers, and a purse section for money. There is a larger canvas bag in natural with three different size pockets and a large catch all. A darling red and white or navy and white checked bag is trimmed with white leather. It's just the bag to carry around the Pointe.

Those Folks At Mr. Q . . . say now's the time to think Europe. They have every brochure imaginable. Great rates, too! Drop by the new office at 19517 Mack Avenue and be tempted to travel. 886-0500.

Introducing Ultima II by Revlon . . . at the Notre Dame Pharmacy in the Village will be a beauty consultant and makeup artist from Revlon in New York. The dates are May 10 through May 13. Specially featured will be Ultima II Skim Milk Treatment group. Your skin is what it eats! Skim Milk-Natural/Organic skin care is the natural health food diet for skin created by Charles Revson. ## Pointer of Interest

MRS. FRANK A. GERMAK, JR., OF PERRIEN PLACE

By Janet Mueller

The world is a wonder, as far as Stephanie Germack's concerned. The more she sees of it, the more convinced of that she is. And she's seen so much of it . . . and she wants, intends, to see so much more.

The world has always been Stephanie's backyard.

"My father was with the British Army. We could travel to all countries that were in any way politically related to England."

So Stephanie grew up all over the world.

She spent two years in Teheran, Iran's capital, and went back recently with her husband, whose business, Germack Pistachio Company — his family have been importers for 40 years in New York and Detroit, and are credited with introducing pistachios into American homes — takes him often to the Middle East.

Remembers Teheran "I seemed to remember the city (Teheran) from when I was a little girl. A certain atmosphere still persists. I could never mistake it for anyplace else.

"When I was a little girl in Teheran, raisins were my favorite thing. They still sell raisins the same way, on the street corners . . ."

The Germacks stayed in a Hilton. They could see modern buildings, glass and steel and reinforced concrete, from their hotel windows.

But they could see, too, the hills rising beyond the city, as the hills have always risen, and once downtown, in the old center of town, Stephanie was home.

She's home in Europe, and in India, and in Pakistan. Tanzania is the country with which she most identifies her childhood: "I grew up there."

Her family lived in Dar

40's and 50's. The Garbo Page Boy will come back. I hate to use the term Prince Valiant . . . but I believe we will also see that type of look. The big trend is toward simplicity and elegance. There won't be any more long hair. I can see it really getting short. Even a refined version of the Italian cut. The shag? It's out. Too freaky for today's refined look in clothes. Women are beginning to want to look pretty again rather than funky, but I don't believe in one look for all. I really don't believe in trends. Each woman should have a style that's best for her but the general direction will be casual. Where can you achieve the latest in coiffures? At the Posh Studio . . . naturally. Call 886-1377 for an appointment.

Light Up Mother's Day . . . with a new lamp from a new selection at Wright's Gift and Lamp Shop, 18650 Mack Avenue. There are many small lamps that would be perfect for her desk or dresser.

What To Do . . . if you're planning to recarpet. Stop by at Maliszewski, 21435 Mack Avenue. We did and found just what we wanted because there's such a wide selection. Since we were planning painting, we asked Ed which comes first. He told us to paint the ceiling first, have the carpeting installed, then paint the walls. He gave us other helpful advice and we're logically and beautifully redoing a room.

Harvey's Compleat Traveler has a new line of smart looking travel handbags that have several zippered compartments and come in leather or vinyl. They're priced from twenty-two to forty-five dollars at 345 Fisher Road.

Searching . . . for that special Mother's day gift, come in and see the lovely selection of brass, crystal and silver plus an unusual assortment of porcelain and ceramic items . . . all at Ben's Boutique, 20327 Mack Avenue. 884-8690. Open Thursday and Friday 'til 9 p.m.

At Margaret's Antiques . . . you will find unusual pieces of brassware. A pretty Victorian tea kettle with an amber handle, an ink well with a letter rack and a pair of miniature griddle pans . . . 20129 Mack Avenue. Open 10 until 5, Tuesday to Saturday . . . 881-7044.

become an M.D., but I DID like medicine. I especially enjoyed the Biological Sciences, and I was good in math."

As a Medical Statistician, she could combine these "bents" in one rewarding, fascinating career.

Her parents are still in Windsor, her father, retired now, "very happy as long as he can make one trip a year to a different part of the world." Travel tends to become, for the world's wanderers, an addiction. Stephanie couldn't imagine a stuck-at-home-forever life.

"I do love to travel. I feel that it's a marvelous exposure for children, too."

When that is, the children are old enough to enjoy, to appreciate, that exposure: At six (Suzanne) and four (Frank, III), the young Germacks accompany their parents "only when we travel in the States."

World's Waiting But they know the wide world's waiting for them.

Stephanie met Frank, a lawyer who as an only son decided to enter the family business, at a fraternity party. They were married in 1964.

Together, they get away as often as Frank's business permits, combining business with pleasure in the Near and Middle East, dashing down to South America to visit Stephanie's relatives, meandering through Europe.

Language is seldom a problem, for Frank speaks Lebanese while Stephanie's Spanish sees her through most of the Romance language countries, her Polish through most of the Balkans. "The only (European) country I can't handle is Germany."

Memorable Mother's Day Gifts . . . are either discovered or designed at Bijouterie Jewelry by Cueter at 19860 Mack Avenue. There's a beautiful selection of pins and rings in 14 carat yellow gold, also Universal Geneve watches. They also design beautiful jewelry and have an excellent selection of stones.

Decorative Lighting . . . has arrived at Lee's, Inc., 20327 Mack and Lochmoor Blvd. Chandeliers and hanging lamps in bronze, crystal or pewter finish. Ceramic fixtures have floral designs. Adele Meyer, interior designer, is there to help you make your selection in the home decorative boutique. This delightful shop within a shop is open Friday evenings until nine.

Special For Mother's Day At The Palette And Brush Art Gallery . . . a frame will be given free with the purchase of an oil. They have a fresh new stock of paintings for Mother's Day. Custom framing at discount prices is another Mother's Day special. Did you know that the Palette and Brush does expert restoration . . . 17329 Mack Avenue . . . 885-3570.

Caswell-Massey . . . Arrived today with lavender sachets, pomander balls to hang in your closet and tuck in your drawer, lemony-lime colognes, sandalwood soaps and special gift boxes for that man in your life. Their favorite after-shaves and colognes like Jockey Club and Number Six are here, too. Come treat yourself (and him) today at A. J. MEYER PHARMACY, 16361 Mack Avenue.

Just Arrived . . . for our new boutique . . . sharkskin palazzo pants (\$45) . . . blazers, long and short skirts for summer. Also new are miniature frames in gold or silver (\$7.50) and gold filigree clocks (\$17.50) . . . ideal gifts for Mother's Day . . . The Margaret Diamond Shop . . . 377 Fisher Road.

Bag It! . . . with a new spring tote from the Mole Hole. A selection of designs by Trina includes unique blue denim bags trimmed in bright cable, duffle bag shapes, and lots of red, white, and blue. Priced nicely in the \$5 to \$7 range. Mack at Three Mile Drive.

And if they should ever find themselves alone, needing to communicate, in Africa, Stephanie can trot out her Tanzanian-childhood Swahili.

Fascinated By Egypt They have favorite places, of course. Frank adored Portugal. Stephanie thinks Egypt is "perhaps the most fascinating country I have ever visited."

Both think Grosse Pointe is grand. It's HOME.

Odd that Stephanie, to whom the world has always been home, should be so happy, so content, to call one place, permanently, HOME. Or is it?

"When you've gone everywhere, done all the things you wanted to do, you settle down, I think, without regrets. My children are the love of my life. My family, my home, are what I want out of life."

Settling down does not, however, as far as Stephanie Germack's concerned, mean settling "in," curling up and shutting out the outside world.

MCF Board Member

As a member of the board of trustees of the Michigan Cancer Foundation, she maintains an interest and involvement in the organization for which she worked before she was married.

She loves to entertain, to have people in, and she loves to cook, (her dessert crepes are delicious!), and she loves tennis and swimming. She loves to play bridge.

She's a member of the Junior Women's Association for the Detroit Symphony Orchestra, She's Detroit Association for the Performing Arts' Women's Coordinator.

She's a veteran chairman, of the March of Dimes Benefit Ball in 1968, the PIME Luncheon-Fashion Show and the Assistance League to the Northeast Guidance Center Fall Fashion Show in 1970, and of the Fontbonne Auxiliary of Saint John Hospital Spring Luncheon-Fashion Show this year.

That last luncheon-fashion show is taking place today, at Royal House in Warren, where some 1,000 women have gathered to view "America the Beautiful" clothes by American designers, presented by B. Siegel's, with proceeds benefitting the expansion of Saint John's Neo-Natal Intensive Care Unit.

Gigantic Undertaking These proceeds are in the neighborhood of \$20,000. Fontbonne's Spring Fashion Show, with its fabulous prizes — they range from \$1,000 in cash to a case of pistachio nuts: Wonder who donated that?—is a gigantic undertaking.

"We got a very late start (on the Fontbonne Show) this year," Stephanie admits. "I didn't begin working until the end of January. With my other projects, I've usually had a little more time."

But is it, when you come

right down to it, the amount of time you spend on a project that counts, that makes it a success? Isn't it rather what you do with that time, how you handle, control it?

"I think," says Stephanie Germack, "the most important part of being a chairman is to know how to please your committee. It is important to make sure that they know they are doing something, that they know that you trust their judgment."

Stephanie makes sure.

A Large Committee

Her Fontbonne Fashion Show committee includes Mrs. A. Joseph Hoski and Mrs. Arthur Roshak, general co-chairmen; Mrs. George Cotichio, in charge of patrons; Mrs. Frank Piku, decorations chairman; Mrs. Leroy Deola, models chairman; Mrs. Victor Caputo and Mrs. John White, program coordinators; Mrs. Charles Dawood, fashion coordinator; Mrs. John Madison, special awards chairman; Mrs. Patrick Vallani, hostess chairman; Mrs. Angelo Pugliesi, prize chairman; Mrs. Alex J. Domin, publicity chairman; Mrs. Stephen Zielinski, financial secretary; Mrs. William Cosgrove, arrangements chairman; Mrs. John Elias, favors chairman; Mrs. W. W. Woody, reception chairman; and Mrs. George Shammass, tickets and reservations chairman.

Mrs. Mark Valente, Jr., is the current president of the Auxiliary. Mrs. Florence Sisman is the honorary chairman of the 1972 Fashion Show.

All Are 'Wonders'

They've all accepted, beautifully, efficiently, the responsibilities delegated to them. They're all, as far as Stephanie, terribly happy, "wonders."

"If I had a choice," muses Stephanie, "I'd be at home, terribly involved in her home community, but still terribly susceptible to the allure of the wide, won-

derful world. "I would like, now, to make a series of 'little' trips."

A week or so here, a week-end there . . . It's long enough to be away from home.

Unless, of course, there's an especially wonderful part of the wonderful world to see.

Stephanie's never been to the Far East. She was fascinated by President Nixon's recent trip to China.

Anyone for a walk along the Great Wall with a lady who grew up all over the world?

## Real Estate Women Consider Condominium

The condominium as the home for today and the future was the subject of discussion at the Grosse Pointe Women's Real Estate Counselors' April meeting. Among the chief condominium advantages pointed out were having full title without maintenance, and each member of the association having an equal vote on any question regarding the property.

The Women's Real Estate group meets again this month, and in June, after which meetings will adjourn until September.

JEAN M. KENNEL, of Middlesex boulevard, has received her Bachelors degree magna cum laude from Western Michigan University.
