DEFICIT FACED BY SCHOOLS

HEADLINES of the WEEK

As Compiled by the
Grosse Pointe News

Thursday, June 22

TWELVE MEN were shot by a Pinkerton guard who went berserk in an office building in Cherry Hill, N.J. Six of the victims were killed and six wounded, three of them critically. The gunman, identified as Edwin Grace, 23, of Brooklyn, N.Y., armed with two sawed-off rifles, went from office to office, shooting at workers sitting behind desks, and in hallways, as other employees fled in terror. Grace shot himself in the head as police closed in. He was reported to be in critical condition in a hospital in Cherry Hill, where he underwent an emergency operation. For some unexplained reason, the authorities said, Grace chose men as his victims, telling women to get out of his way. Witnesses said that Grace calmly reloaded his guns as he went through the building, picking his victims indiscriminately.

Friday, June 23

THE EAST COAST was pounded by the tropical storm Agnes. Torrential rains spawned deadly flash floods from the Carolinas to New York, causing tens of thousands of persons to flee their homes as rivers overflowed in 11 states. At least 30 deaths were reported yesterday, mostly by drowning, and up to 12 persons were missing or believed dead as the storm moved up the Eastern Seaboard into the eastern section of New York. Damage was estimated to be in the millions. The 30 deaths raised the toll to 46 since Agnes began her destruction a week ago.

Saturday, June 24

FIVE STATES, New York, Pennsylvania, Virginia, Maryland and Delaware, have been declared major disaster areas by President Nixon, who promised whatever is needed to aid the stricken states along the Eastern Seaboard. Helicopters rushed food and water to flood victims. Authorities said that the worst is yet to come as Hurricane Agnes wreaked havoc in the East. The Ohio was the mightiest of a dozen or more rivers in flood stage.

Sunday, June 25

DESPITE THE EFFORTS of thousands of disaster workers, including national guardsmen and volunteer inmates of prisons, the mighty Susquehanna River smashed through sandbag dikes and swamped Wilkes-Barre, Pa. Raging 15-foot deep waters flooded the city. The Ohio River, also in record floodstage, spread through the Golden Triangle of Pittsburgh's business district and forced evacuation of towns in West Virginia and Ohio. The weeklong death toll spawned by tropical storm Agnes has climbed to more than 110 and damage has soared into billions of dollars. More than 350,000 were left homeless and uncounted scores were on the missing list. Along the Eastern Seaboard, hundreds of thousands left their homes to the mercy of spreading water and fled to higher ground. Pennsylvania appeared to be the hardest hit, with 47 known dead and more than a quarter of a million residents homeless. Damage was statewide.

Monday, June 26

GOVERNORS and state officials of Pennsylvania, Maryland, New Jersey, Virginia, Delaware and New York met at Harrisburg, Pa., a city where 10 feet of water still covered some streets and homes, to discuss recovery from the destructive tropical storm Agnes, which had spun into Canada, after more than a week of raging along the Eastern Seaboard of the United States. In Canada, Agnes died in a flurry of rain squalls.

Shores Tax Rate Hiked By Trustees

One Mill Increase to
\$16.25 Per Thousand
of Valuation Explained
by President

By Kathy Duff

In the offing for Shores residents is a tax increase of one mill. For as of April 1, 1972, the village's property tax will be raised from \$15.25 to \$16.25 per \$1,000 of assessed property valuation.

The tax hike was announced at the last meeting of The Shores trustees on Tuesday night, June 20. After careful review of the provisions in the new budget, the trustees approved the 1972-1973 budget.

President Gerald C. Schroeder, acting as head of the Budget and Finance Committee, said that a tax increase was the only way The Shores could balance the increased costs of running the village. For the trustees' information, he gave a breakdown of the expenses which have skyrocketed in the past year.

The biggest financial headache The Shores must face is the payment of its share of the Clinton Refuse Disposal Authority. The cost is divided on a pro rata basis among the five Grosse Pointes and Harper Woods.

Whereas it cost The Shores \$7,470 to dispose of its garbage this year through a land

Extensive Damage Done By Vandals to Residence Being Restored in City

Unwelcome Guests Pay Two Visits to House at
16940 East Jefferson; All Doors Broken,
Chandeliers Smashed

By Pepper Whitelaw

Unwelcomed guests visited 16940 East Jefferson twice over the past weekend. The first group, some 11 teenagers, was charged with trespassing after an alert City resident reported seeing a number of suspicious youngsters entering the house.

Fast action on the part of City police officers Dale Van Dale and Dave Teolis resulted in the apprehension of all of the youths.

Eight were found inside of the house and three on the grounds.

All eleven were taken to the City station. Three juveniles were turned over to their parents and eight minors were charged with trespassing on private property.

Plan Festival In The Village

The City of Grosse Pointe Council approved a request by the Grosse Pointe Village Civic and Commerce Association to present a Summer Festival in St. Clair and Kercheval avenues, Thursday, June 29, through Saturday, July 1, from 1 o'clock until 5 o'clock.

The Grosse Pointe Artists' Association, Grosse Pointe Rose Society and the Men's Garden Club of Grosse Pointe will have displays. Everyone is encouraged to come.

Murderer of Pointe Youth Given 30 Years in Prison

The admitted murderer of 18-year-old Pointer Karl Fulmer in Orlando, Fla., last October was sentenced last week by Circuit Judge Dominick Salvi to not less than 30 years and not more than life in a state prison.

The murderer, Louis Smith Gattis, III, 24, was told by Judge Salvi "there is no hope that in the future you will be law abiding."

The court contended the background of Gattis evidenced a criminal propensity with little chance for reform. He cited Gattis' previous offenses then revealed that the man's home life was "poor" which possibly was a miti-

gating factor in his deviation from the law. The court added that this crime was "one of the worst in Seminole County."

Some 30 deputies conducted an exhaustive search of the Little Wekiva River in January where they found parts of Karl's body and identifiable clothing. Identification was further verified by dental records.

During one of the many intensive interrogations of acquaintances of The Pointe youth police discovered that Gattis had murdered Karl because the youth had inadvertently seen some stolen

and released on \$25 bond each pending their court appearance on July 11.

Police notified

The following morning at 6:55 a.m. an Elmsleigh lane resident called City police to report an open door at the same Jefferson avenue address. Officer Edward Miller, Jr. was dispatched to the scene but was unable to gain entry since a large chain was pulled across the driveway.

City police Sergeant Douglas Allor called Farms Police to ascertain ownership of the residence. He then contacted C. A. Greiner, 78 Lakeshore, owner, and informed him that the door was open.

Mr. Greiner checked the building then returned to the City station to report some \$3,000 worth of damage to the interior of the house. Officer Miller and Mr. Greiner then returned to the scene.

All Doors Opened

Investigation revealed that all doors in the house had been opened and all the lights turned on.

It is believed that entry was gained either by smashing a window pane in the inner door of the basement or through the rear doors on the first floor. (These doors showed evidence of jimmy marks).

Patrolman Miller found the bottom half of the basement door smashed. It appears as though the vandals used an eight-foot piece of cabinet formica as a battering ram to do the damage.

The culprits also tossed burning newspapers all over the basement apparently trying to start a fire. They also broke the door leading from the kitchen to the basement.

Chandeliers Broken

Four chandeliers, three wall-type and one hanging type, located in the dining room, were also broken.

All outer doors in the living room were open. Officer Miller found a beer bottle smashed on the floor. Mud

Youth Faces 2nd Charge For Drugs

Canadian Caught With
Marijuana Now Accused
of Possessing Peyote
Buttons

By Pepper Whitelaw

Park police obtained a warrant approved by the Wayne County Prosecutor's Office on Friday, June 23, in which Dennis Bruner, 18, of Rural Rte. No. 1, Harrow, Ont., was charged with illegal possession of Peyote, a derivative of the Peyote cacti, from which it got its name.

The warrant was obtained by Park authorities when the Peyote was positively identified through analysis by the Michigan State Police Scientific Crime Laboratory in East Lansing. The report was received on Friday.

Acted on Tip

The youth was arrested by Park Dets. Charles Petrie and Robert Saiford and Det. John Kendall of the GP Youth Bureau on Monday, June 5, who acting on a tip, kept the 1400 block of Nottingham under surveillance, and arrested Bruner and a 14-year-old boy when the pair retrieved a bag from a car parked in that block. The officers confiscated 45 pounds of Peyote buttons. A by-product of the stuff is mescaline, an hallucinogenic drug.

Bruner and the juvenile were taken to the Park station and searched. The policemen found a lid (one ounce) of marijuana in Bruner's pocket. The juvenile was released pending further investigation of his part in the matter.

Bruner was charged with

Rape Suspect's Hearing Shifted

The examination of Douglas Love, 26, of St. Clair Shores, before Woods Municipal Judge Don C. Goodrow, scheduled for Wednesday, June 21, was postponed to Wednesday, June 28, according to Grosse Pointe Shores police.

Love was arrested by GP Shores police Friday, June 16, in the case of a 14-year-old Shores girl who was allegedly raped May 26. He was charged with carnal knowledge of a female juvenile which, police said, means statutory rape.

Transfer Pytell For Handling Of Court Cases

Has Convicted 98 Percent of Defendants in Recorder's Court; Law Students Question Bonds

By Kathy Duff

Farms Municipal Judge Robert E. Pytell, previously serving in Detroit's Recorder's Court, has been transferred to handling pre-trial examinations.

It is the second year that the Farms judge has presided in Recorder's Court. Last June, he was also asked to hear cases in Recorder's Court to relieve the system of its heavy backlog of cases.

However, a charge has been raised that Judge Pytell's record carries an unusually high rate of convictions. The Detroit Free Press reported that 98 percent of the defendants were found guilty in his court since Monday, June 5.

The judge has been criticized for placing undue weight on police officers' testimony and for setting bonds too high.

Law Students Protest
In an attempt to represent the defendants' rights, a group of University of Detroit law students have brought forth a writ demanding freedom for 16 defendants allegedly held too long or on too large bonds. All 16 defendants cited in the Recorder's writ reportedly appeared before Judge Pytell.

The students, allowed to sit in as courtroom observers and to represent occasional defendants, contend that some of the Recorder's defendants they seek to free are being held in lieu of bail bonds set higher than the fines they would receive if convicted.

The hearing on the writ began on Monday, June 26, before Recorder's Judge Robert J. Colombo.

The students' complaints have been substantiated by some more seasoned court observers. It was reported in the Saturday, June 24, Detroit News that some experienced attorneys assigned to misdemeanor defendants during the last few days have complained to regular members of the Recorder's bench about Judge Pytell's alleged high conviction rate.

Worm 'Hooks' NEWS Writer

The NEWS received a call Friday, June 23, that a foot long yellow worm was discovered in front of Double-day Book Store in the Village. Ah, a fisherman's hope and dream—this worm MUST be seen.

So the NEWS' most "naive" reporter went to see this once-in-a-lifetime sight only to discover . . . that the worm . . . is . . . man-made . . . advertising . . . "Double-day Gardens."

Say, somebody oughta "hook" that worm!

City to Exercise Option For More Tennis Courts

The City of Grosse Pointe Council on May 18, awarded a contract to the Dougherty Paving Company in the amount of \$21,987.70 for construction of four tennis courts at Elworthy Field. Construction of these courts, adjacent to St. Clair avenue, has since begun.

At the time of that contract, the City Council authorized City manager, Thomas Kressbach, City attorney, Richard Hicks and Rossetti Associates, Inc. to negotiate with Dougherty Paving Company for an alternate bid which would provide an option to the City for construction of four additional

Show Horse Electrocuted At Hunt Club

Believe Valuable Animal
To Have Chewed Off
Electric Extension
Cord

A chestnut gelding thoroughbred horse was believed electrocuted after reportedly nibbling on a nine-foot household extension cord at the Grosse Pointe Hunt Club, 655 Cook road, Saturday, June 24. The horse is valued at between \$10,000 and \$25,000.

An attorney representing the horse's owner, (of Birmingham, Mich.), told police that the animal was discovered lying down in the stall by the owner's daughter with a piece of extension cord in his mouth.

Officer John Albrecht of the Woods Department of Public Safety received a report on the horse, who was stabled on the east wall of the show arena in a paw assigned to Third Chance Farms, Metamora, Mich.

The owner and trainer of the farm told police that the horse was apparently electrocuted after chewing the cord. The cord was taped to the top of a 10-foot-high board running across the length of the stalls. The owner-trainer said that his employees had not placed the cord on the stalls.

A Hunt Club representative stated the club had not provided such an electrical hook-up.

Officer Albrecht talked with a groom for Horse Limited of Westlake Village, Cal., who reportedly said he had installed the extension cord, and that such installations are common at a horse show.

Correction!

Last week's issue of the NEWS had a retirement story on Ora Russell, who has taught upholstery classes for the Department of Community services for 25 years. It contained an error in his future plans. Mr. Russell is retiring to Anaheim, Cal., where he will marry Ila M. Emmons.

Board Votes To Ask Loan Of \$475,000

Superintendent Anderson Explains How Three Items Threw Budget Out of Balance

By Pepper Whitelaw

For the first time in the history of the Grosse Pointe Public School System it anticipates a deficit balance of approximately \$88,000 in the general fund on June 30.

At the special meeting of the Board of Education on Monday, June 26, the board unanimously approved, (Trustee Robert Warner was absent), floating a 60-day loan dated July 1 and due September 1 in the amount of \$475,000 to finance the existing deficit, and for general operation for July and August.

IRS Ruling Hurt

Superintendent Theos I. Anderson explained why such a deficit exists. He said three items threw the budget out of balance. The first was \$142,000 in retroactive pay to the professional staff. The system was ruled against by the Internal Revenue Service on this issue and made to pay retroactively to its professionals.

The second fact was the state's action in withholding some \$325,000 in state aid. It appears that the state prefers the schools to be in a deficit position rather than the state. "The third" factor was the unusually high legal fees because of the property tax suit and the Detroit desegregation suit.

Dr. Anderson said that to date some \$62,968 has been spent on legal fees, while only \$20,000 was budgeted.

Got Extra \$80,000

Dr. Anderson added that the system did receive some \$80,000 more than anticipated in special education funds from the state, with the transfer of \$125,000 from the general fund contingency reserve to the general fund. (This transfer was approved unanimously by the board at Monday night's session). A total of \$205,000 will be available for use in closing out the 71-72 fiscal year together with \$75,000 of the borrowed amount. The rest of the funds from the loan, some \$400,000, will be used for operations in July and August.

According to director of finance Ray MacArthur this loan is a temporary financing arrangement separate and distinct from the annual tax anticipation loan and is borrowed against 72-73 anticipated state aid.

Treasurer Lee Allen pointed out that this deficit is one-half of one percent of the total budget.

Street Vacating Plea Approved

The Woods Council by a 5-2 vote voiced no objection to St. John Hospital's request for the vacation of the Detroit portion of Kingsville avenue extending from Linville avenue easterly to the west boundary line of the Seven-Mack Shopping Center. The action was taken at the regular meeting Monday, June 19.

Now St. John has the council's "blessing" regarding the vacating of the unpaved portion of Kingsville before going before the Detroit Common Council. The Woods side of Kingsville is reportedly paved, (some 12 and one-half feet).

Both Councilmen Kenneth W. Boerner and Marvin R. Boutin voted "no" on the motion.

Seniors Enjoy 'Real' World

What do you do with a senior when he has already been accepted at college? To keep him down on the school bench seemed a waste of youthful energy and enthusiasm to University-Liggett School faculty so they evolved a program that allowed U-L S seniors to become involved in areas of specific interest to them in the "real" world.

Forty-three out of 72 U-L S seniors spent these past weeks active in service and industrial organizations of every description, in courts, hospitals, schools, laboratories and television stations.

In exchange for volunteer service, the students were given an inside view into the "real" world workings of the organizations of their choice. Faculty communication with the organizations helped evaluate the students' off-campus performances. All reports were favorable; most of them were enthusiastic. The students themselves expressed only one regret, that there wasn't enough time for more experiences of this nature.

Drug Charge

(Continued from Page 1) illegal possession of marijuana under a local ordinance which makes possession of the weed a misdemeanor.

July 5 Trial Date
Bruner is scheduled to appear for trial before Park Municipal Judge William E. Speer on Wednesday, July 5, on the marijuana charge. He was released on \$2,500 bond until trial.

He was arraigned before the judge yesterday, June 28, on the latest charge, for preliminary examination. The judge's setting of the actual examination date came too late for this issue of the NEWS.

Petrie, Saiford and Kendall said that the Peyote was the largest amount that they can recall having been confiscated in the Pointe.

The detectives said that the buttons are placed in the sun to dry, then are ground up and mesquite derived from it and made into pill form. The actual value of the seized Peyote was not determined, but it was said that a mesquite pill retails at 50 cents each in street sales.

Murderer

(Continued from Page 1) merchandise in the Gattis apartment and Gattis feared discovery. The merchandise had been taken from numerous breakings and entries in the area. It was during the interrogations that police were told that Karl's body was in the Wekiva River. Seminole County police said, "Karl was a fine young man who just happened to stumble into the wrong place at the wrong time."

Karl was the son of Mrs. P. C. Fulmer of The Woods.

Vandals

(Continued from Page 1) had been tracked through-out the house.

On the second floor scattered pieces of broken light bulbs were found on the floor and draperies were damaged.

A wall phone had been torn from one of the bedroom walls and an eight by 10 section of wall tile ripped from the bathroom wall.

The door leading to the third floor attic had also been broken and various articles disturbed.

Mr. Greiner told officers that when he checked the house that morning and discovered the entry, he found five juveniles fishing on the property. Officer Miller talked with the youths who he found courteous and cooperative, and unaware of the vandalism that had occurred.

The Greiners were in the process of restoring the house at the time of the vandalism.

LWV to Give Media Awards

Voter education efforts by newspapers, radio and TV will be recognized with an annual award by the League of Women Voters, the group's state council decided at its recent biennial meeting in Kalamazoo.

Mrs. Donald L. McConachie, president of the Grosse Pointe League of Women Voters and Mrs. J. Howard Kay, delegates to the meeting from the Grosse Pointe League, indicated that the League of Women Voters' Community Awareness award will be given to the member or members of the media who display an outstanding cooperative effort with the League in providing information on local issues during the preceding year.

Ten finalists, chosen from the recipients of the 43 local awards, will be candidates for the state-wide Community Awareness Awards. The state winners will be announced each Spring at the Michigan League's convention.

Judge Pytell

(Continued from Page 1) said that he did not keep a "score card" of the number of defendants found guilty in his court, so he could not answer the charge that he found 98 percent of defendants guilty.

The judge said that he heard between 90 and 120 cases each day he presided in Recorder's Court and that he judged each case after carefully listening to both sides and then weighing the evidence presented.

Asked if he thought most Recorder's Court judges gave too much credibility to the reports of police officers, Judge Pytell said that he kept in mind the interest the witness had in the case. He pointed out that a police officer is not personally involved in the outcome of a case, whereas the defendant is.

Judge Pytell stressed that he uses the suspended sentence quite often in the case of a first offense.

Tighter Monitoring
Much of the tighter monitoring of Recorder's Court and of the bonds set is the direct result of the beating death of a Wayne County Jail inmate on Sunday, June 11. The victim, a 21-year-old, was in jail because he could not pay a \$50 bond fee after being charged with carrying a knife longer than three inches.

Politicians and concerned parties are now pressing for the lightening of bond fees on the misdemeanor charges and, in jail, the separation of persons charged with misdemeanors from persons held on more serious charges.

Two on Parole
The judge said that he ordered high bonds for two defendants who had been convicted previously on similar charges and were currently on parole. He intimated that these were part of the 18 defendants aided by the University of Detroit students.

Judge Pytell also said that he occasionally held defendants for clinical examination to determine if they were fit to stand trial. He admitted that he did not realize they were housed with persons on serious charges in the Wayne County Jail.

Presiding Recorder's Judge Joseph A. Gillis denied there was any special significance in Judge Pytell's transfer. Woods Municipal Judge Don J. Goodrow is currently assigned to Recorder's Court.

City Tennis

(Continued from Page 1) the order is not placed until Spring 1973 or not later than August 1, 1973, the price will be \$25,933.

Mr. Kressbach told the Council at its meeting on Monday, June 19, that the prices have been reviewed by Rossetti Associates, Inc. and in their opinion the prices are reasonable. They recommended that it would be in the best interests of the City to enter into a contract on the basis of these prices.

Mr. Kressbach added that he concurred with Rossetti Associates' recommendation and suggested that the proper City officials be authorized to execute a contract with Dougherty Paving providing an option to the City for constructing the four additional courts in accordance with the prices and time tables presented.

Mr. Kressbach added that the exercise of this option and additional construction of the courts would be dependent on the City having sufficient funds to undertake the project and on being satisfied with the tennis courts currently under construction. The Council gave Mr. Kressbach the authorization he requested.

Tax Hike

(Continued from Page 1) fill operation, it will cost the village \$9,700 to incinerate its refuse next year in Clinton Township where the incinerator is located. Moreover, the village has to pay \$7,875 towards bond principal and interest.

Other financial hurdles are much the same as those which face a household in inflationary times. However, with The Shores, a person has to multiply the problem by 3,045, the population of the village.

The Detroit Edison bill will be \$50,000 in the upcoming year in contrast to \$32,000 presently. Insurance rates have also jumped, from \$9,000 to \$11,500 in the case of Workmen's Compensation, and from \$3,550 to \$5,300 for Fleet Insurance.

The Shores also has to pay the bill collector for the planned resurfacing of Colonial, Hampton and Roslyn roads. The firm of Ward & VanNuck of Mt. Clemens submitted the low bid of \$25,200 for the job. Colonial road will also cost the village \$8,000 in sewer work.

CACTI LIFTED

The Farms police had a thorny problem on their hands Tuesday morning, June 20, when Mrs. Joseph Schults reported that someone had stolen two potted cacti from the front of her house at 280 Stephens. The plants, valued at \$75, were planted in orange pots. The larger plant, the flat type, was 25 years old.

Judge Pytell Tolds Court

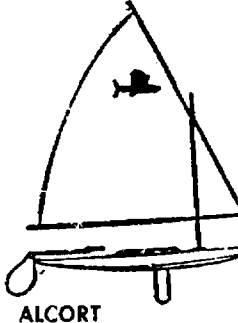

The Farms municipal court convened recently with Judge Robert E. Pytell presiding. At the close of the court session, five cases were adjourned to later dates and four bench warrants were issued for failure to appear in court.

James W. Zettner, 15537 Sprenger, East Detroit, was charged with driving with defective equipment. He pled guilty, was found guilty, and fined \$15. The defendant was also asked to attend traffic school and pay court costs of \$10.

Robert Leo Thibodeau, Jr., 128 Stephens, was charged with driving left of the center on a curve. He pled guilty, was found guilty, fined \$25 and required to attend traffic school.

Charles James Grigg, 10765 Stratman, Detroit, was charged with driving with expired license plates. He pled guilty, was found guilty, and fined \$30.

George Joseph Martin, 448 Roland, was charged with failure to stop in assured clear distance. He pled not guilty, was found not guilty and the case was dismissed.

Ferber Reviews Farms Statutes

At the last Farms council meeting, Police Chief Robert K. Ferber submitted routine reports on two city ordinances passed by the trustees in November 1971.

In the police chief's opinion, the bicycle stand in front of Stroh's Ice Cream Parlour, 74 Kercheval, has alleviated the pedestrian hazard caused by customer bicycles blocking the sidewalk. The stand, which holds nine bikes, was approved on a trial basis by the council on November 15, 1971, and is now given the go-ahead on a semi-permanent basis. Patrons are encouraged to use the stand.

In another action, Chief Ferber prepared a letter for resident pet owners explaining the Animal Regulation Ordinance which became effective November 21, 1971.

The letter explains that no family may have over two dogs or cats without securing the approval of their contiguous neighbors. A family may have up to six dogs or cats under this provision. Also available are the application forms for multiple animals. (Puppies and kittens under 12 weeks of age are exempt as The Farms does not want to break up young families.)

A total of 26 residents were permitted to keep over two animals as they were licensed prior to the passage of the Animal Regulation Ordinance.

The Farms has issued 1,262 (1973) dog licenses as of mid-June. At the end of July, the city will review each license to insure that no Farms residents are in violation of the ordinance.

Students Take Toronto Trip

Some 42 Deferites are still talking about their field trip, an extension of their open classroom project, to the Toronto Science Exhibit.

The sixth graders, and 10 parents braved the early morning hours to catch the Windsor Canadian National Railway train at 6:15 a.m.

Youngsters packed extra large lunches for the four-hour train ride, however most of them were consumed by 6:30. Following the train trip the youngsters transferred to a bus in which they toured all of Toronto.

Their visit to the exhibit was one of experimentation and exploration. One of the most popular exhibits was the space capsule and moon lander, which students could operate themselves.

Brian Junker, Gordon Dobie and Peter Dever had the shocks of their lives as they sent some 15,000 volts of electricity through their bodies.

Laura Massimino and Kathy Laskowski preferred exploring the variety of musical instruments. Debbie Pravettone tried pumping a bicycle hard enough to see herself on television. Bob LePlae decided that the train ride was the best part of the whole junket.

Following an exciting visit at the exhibit the youngsters boarded the elevator to the 56th floor of the Toronto Dominion Tower to view the city.

Parents, students and teacher alike all agree to return in the near future and try some of those experiments they missed out on this time!

Sentence Four on Bike Larceny Charges in Woods

Stories on the rising tide of bicycle thefts in The Pointes have been very much in the NEWS the past few weeks. And if you think all the thieves are getting away "scot free," think again.

Woods police, for example, arrested four men this month on charges of attempted larceny and all have been sentenced before Woods Municipal Judge Don C. Goodrow.

Nonetheless, the overall situation for bike owners can be better. While police are working diligently to curb thefts, owners must consistently do the same.

Detective Everett Plumb of the Woods Department of Public Safety said that even though schools are closed, bike larcenies are still a problem. He asked all Pointe residents to use caution when securing their bikes. He added that bikes left on the street or in parking lots have a good chance of being stolen.

Both Gordon John Fraser and John David Martinson of Detroit, who police said, took a bike from Parcels School Monday, June 5, pled guilty to a charge of attempted larceny Wednesday, June 14, before Judge Goodrow. They were assessed court costs of \$30 and sentenced to 20 days

in the Detroit House of Correction, (DeHoCo). Fraser received 10 days off his sentence for time spent in custody awaiting trial, while Martinson received five days off his sentence.

The other arrests took place Monday, June 12, when Woods police were on surveillance at Parcels. They spotted a car backing up near the bike rack and noticed one of the men attempt to cut a bike chain with a bolt cutter. Police ultimately arrested the pair on Hawthorne road.

The men, James Michael Typinski of Harper Woods and Richard Patrick D'Hondt of The Farms, appeared before Judge Goodrow Wednesday, June 21, on a charge of attempted larceny under

Thurber Given Award by WSU

Donald M. D. Thurber, 10 Rathbone place, chairman of the Board of Trustees for Wayne County Community College (WCCC), was honored by Wayne State University with a Distinguished Service Award at a luncheon Thursday, June 22, in the McGregor Memorial Conference Center.

Mr. Thurber was cited for his work in the establishment and development of WCCC and his efforts in behalf of higher education and community service.

Wilbur M. Brucker Jr., chairman of the WSU Board of Governors, and WSU President George E. Gullen Jr. presented the award at the luncheon attended by members of the WCCC Board of Trustees and the WSU governing board.

Chairman of the WCCC Board of Trustees since 1968, Thurber has been a guiding force in the development of the college since its inception in January 1969. Active on all fronts of education, Thurber has served as a regent for the University of Michigan, a member of the State Board of Education, a member of the Michigan Citizens Committee for Higher Education Planning, and is currently a member of the Advisory Committee on Higher Education Planning in Southwestern Michigan.

In addition to his service to education, Mr. Thurber has held executive posts with the Michigan Foundation for Infantile Paralysis, the Governor's Study Commission on the Deviated Criminal Sex Offender, the Mayor's Committee for the Rehabilitation of Narcotic Addicts, Detroit Urban League, the Family Service of Metropolitan Detroit, and the Episcopal Diocese of Michigan.

He was also a consultant to the Secretary of the Interior and a member of the National Park Trust Fund Board.

A magna cum laude graduate of Harvard University, where he received an A.B. degree, Mr. Thurber has his own public relations firm in Detroit.

Wayne State Honors Ferry

Wayne State University conferred an honorary degree on W. Hawkins Ferry, at university commencement exercises June 20, in Cobo Hall.

Mr. Ferry, active in civic affairs, an art collector and author, received an honorary degree of fine arts.

Mr. Ferry was cited for his long-time interest and involvement in both university and community affairs. He was hailed as "the finest example of the citizen who loves and serves his city, helps to beautify it, and aligns it with the glories of the past, and the promises of the future."

Mr. Ferry lives in Lake Shore road.

To Take Action Against Edison

By Roger A. Waha

A question from a Hollywood road resident, which was added to the council agenda at The Woods' regular meeting Monday, June 19, was related to previous council action regarding the Detroit Edison Company that evening.

The council unanimously approved a Committee of the Whole recommendation that no action be taken on Edison's request for a proposed franchise to be adopted by ordinance subject to confirmation by Woods' electors.

And that the city petition the Michigan Public Service Commission requesting it to adopt enabling regulations to provide Edison with a reimbursement plan for the expense of undergrounding existing electrical services within a community.

The resident wanted to know if posts and wires in his area can be put underground because of their unsightliness, and added that Edison is currently replacing old poles with new ones.

City Attorney George Catlin told the resident that nothing can be done on undergrounding at this time, and the best hope for the immediate future is the replacement of new for old poles.

The Public Service Commission's present regulations do not provide for Edison to recover costs as part of its rate base for improvements to the system, noted Mr. Catlin. Under the present rate structure, he said, Edison can't recover the cost of making improvements. "Edison needs cash on the barrelhead for its various projects."

Mr. Catlin referred to the council's action and noted: "We said to Edison that the city will go before the commission with the complaint that we will not do this, (regarding Edison's proposed franchise request, subject to voter confirmation), and see what the commission will do about it."

City Administrator Chester E. Petersen said, "Edison has never recognized the need to make capital improvements." He added that the commission didn't supply Edison with a rate structure to recapture costs.

With the council action authorizing the city to petition the commission The Woods hopes, in Mr. Catlin's words, to "force the issue."

Vandal Paints Sign, Hydrant

A vandal, or vandals, painted a stop sign black and a fire hydrant white, at the intersection of Kensington and Kercheval, it was reported on Thursday, June 22.

Discoverer of the vandalism was James King, an employee of the Park Department of Public Works, who noticed the painted over sign and hydrant while on his way to work, and reported this to Park Fire Chief Phillip Costa, who in turn made the information available to police for the official record.

"Not only is the painting of the stop sign hazardous to motorists, especially at night, but the painting of the hydrant is also a dangerous thing," Chief Costa said. "The hydrants are painted a certain color so that they can be easily located, and although personnel of our department know the exact location of all hydrants, painting the one at the Kensington-Kercheval intersection, could make it difficult to see at night, even if painted white. "The few seconds it takes to locate the hydrant," he stressed, "could mean the difference of a fire spreading that much further, and makes it that much harder to extinguish."

"Too," he added further, "there is the work involved in replacing the sign, and repainting the hydrant, which requires the use of city manpower, and the unnecessary expenditure of the taxpayers' money."

Shores Officers Praised By Mt. Clemens Residents

"So many citizens are prone to judge and criticize the police of our country that it is a pleasure for me to write a letter of commendation," said Mrs. R. H. Reitzel of Mt. Clemens, who along with Mrs. F. B. Adams of Mt. Clemens, wrote letters to the Shores Department of Public Safety praising the work of patrolmen Michael Kenyon and John Trevillian.

Both officers assisted five elderly ladies Thursday, May 11, after their car broke down. The letters were read at the Shores Village meeting Tuesday, June 20.

The women, going to a luncheon, were travelling south on Lakeview drive when they had car trouble. Both officers arrived separately to render assistance. "While Mr. Trevillian furnished transportation for the others to Moross road, Mr. Kenyon remained with me until the AAA arrived and rectified the trouble," said Mrs. Reitzel.

She continued, "Your police force is indeed fortunate to have the above mentioned men in your organization. They were both gentlemanly, kind and considerate and we felt safe with them about. It's a good feeling to know we have protection and security when it is needed."

Car Damages Three Lawns

Nancy Delaney, 701 Lincoln, called City police on Sunday, June 25, to report damage to her front yard. Officer Dennis VanDale went to the scene where he found tire tracks on the front lawn. A check of the area revealed that a car had been traveling northbound on Lincoln when it went up the drive of 701 Lincoln, across the front yard then across the lawn of 705 Lincoln and out the side drive. Officer VanDale noted considerable damage to the lawn at 701 and minor damage at 705.

A check of the entire street revealed that the front yard of 917 Lincoln had also been damaged. It appeared that the car went up the driveway of 913 Lincoln and across the front yard of 917 then exited the front drive of 917 Lincoln.

Properties damaged were those of Mrs. Delaney, Mary Nebel, and William Bundesen.

Park Council Has Busy Day

By James J. Njaim

The Park council, at its regular meeting held on Monday, June 26, approved appropriation of monies from the Contingent Fund to help defray the cost of paying Wayne County a requested fee of \$9,723, for local property assessments, tax roll preparations and other miscellaneous services.

City Comptroller Nunzio Orti informed the council that only \$4,000 had been set aside in the 1971-72 fiscal budget, which ends June 30, for payment to the county, which was primarily for the annual fee or the tax roll preparations. The additional funds, he said, were for the assessment of properties to state equalized valuation, as required by State law, and for other minor services, such as collection of late taxes and so on, done by the county.

In addition to this sum, the council okayed the payment of \$720 to the law firm of Bodman, Longley, Bogle, Armstrong and Dahling, for Municipal Court services, for the months of March, April and May. The firm is the legal advisor to The Park and handles all court cases in which the city is involved.

The city comptroller informed the council that 60 property owners have chosen to ignore fees totaling \$530 for the spraying of elm trees on their properties. They have also ignored two notices that payments were due.

Orti recommended, and the council concurred, that the amounts owing be placed on a Special Assessment Roll, making the fees due and payable by Friday, June 30, which ends the fiscal year.

The council instructed City Attorney Richard Rohr to look into Detroit's proposed increase in the water service rates of 23 cents per 1,000 cubic feet, which is scheduled to go into effect on November 1. Rohr will check to determine if the new rate falls within the Federal Price Control limits, and will make his report to the council at the July 10 meeting.

Orti told the council that the present rate charged by Detroit, which sells water to the Park, is \$1.17 per 1,000 cubic feet, and the additional charge would mean a hike of approximately 20 percent. About 70 other communities in the Metropolitan area are serviced by Detroit and are charged varied rates, depending on the distance and the water lines used.

The Farms has its own water plant and sells this commodity to the City. A handful of other cities also have their own plants.

Percival Peters, who handles the food concession at Windmill Pointe Park, asked the council to relieve him of

the remainder of his three-year contract which terminates on Labor Day of this year. He cited ill health as his reason for quitting.

The owners of the Park Pharmacy, and several other residents expressed an interest in taking over the concession for the balance of the summer recreational season, provided they be given a three-year contract. All stated that if granted the concession, they planned to buy new equipment and make improvements to the building and the area around it.

It was the unanimous decision of the council, (Councilman Warren Couger absent,) that bids be taken, with the concession going to the best bidder.

In further action, the Park solons, Mayor Matthew Patterson voting against and Couger absent, passed an amendment to a city ordinance, which would permit the selling of alcoholic beverages on general, municipal and primary election days. This will go into effect on August 15.

The amendment conforms to a State statute repealed by the Legislature in Lansing, but which left the prohibition of liquor sales on such days up to local governments.

Thief Snatches Lady's Purse

A Detroit woman, walking south on Maryland, and while crossing Hampton on Friday, June 23, was the victim of a purse snatcher, it was reported to Park authorities.

The victim told police that at approximately 7:46 a.m., she observed a car stopping and the driver getting out. There were three other persons in the vehicle, she said.

She said that as the driver got out, she distinctly heard him tell his companions, "I'll see you later," and saw the passenger in the front seat slide across and take over the wheel.

The man who got out, she said, first walked slowly then ran toward her and on reaching her side, jerked the purse from her hand and ran back toward the waiting automobile and got in. The vehicle sped west on Hampton, turned left on Maryland and right onto Jefferson toward Detroit and disappeared.

The purse snatching victim gave police a good description of the car and its license number, and stated that all occupants of the vehicle were black males.

A check of the license number of the auto, revealed that it was registered to a Detroit man, who had reported the car stolen to Detroit authorities several days prior to the purse theft.

BID ACCEPTED

The Farms Council recently approved the bid of Vanopdenbosch Construction Company to handle The Farms 1972 curb, catch basin and sidewalk repair program. The firm submitted the bid of \$19,365; the lowest of the five bids submitted.

Wall Approved at Parking Lot

By Roger A. Waha

In an effort to curb the noise, litter and automobile lights at the parking lot at Hampton road and Mack avenue, the Woods council at the regular meeting Monday, June 19, unanimously concurred in the Committee of the Whole's recommendation that an agreement be executed between residents at 1849 Hampton and the city for the erection of a 6'6" ornamental masonry wall on the parking lot's east side, (the west side of the residents' property).

And that the City Engineer be authorized to prepare the necessary plans and specifications and receive bids on the construction. City Administrator Chester E. Peterson said specific details on the construction will be worked out with the residents.

At the regular council meeting Monday, May 15, 17 residents expressed their concern via a petition over "the noise, littering, obscene language and other incidents" at the parking lot. At that time, the residents were upset over a loud speaker blaring from a nearby beauty salon during the day and the "coming and going" of Lochmoor Lounge patrons during the evening.

While the Hampton road residents, at the June 19 meeting, said the noise situation is better, the beauty salon speaker reportedly still goes on. As for the proposed wall, Mr. Peterson felt it would help cut the noise, litter and keep out car headlights.

The residents at 1849 Hampton said they were not asking for a wall but it would be "nice." Once again they felt the parking lot should be closed at 10 p.m. as expressed at the May 15 meeting.

As City Attorney George Catlin advised at the earlier meeting, a resident should sign a complaint regarding the noise so the matter could go to court. This point was again made at the June 19 meeting.

Mr. Peterson, in the same vein, noted that Mr. Catlin is currently preparing a comprehensive noise pollution ordinance for the city. The city also has one instrument for measuring the amount of noise and hopes for more in the future.

Milk River Sparks Talks

A proposed takeover of the operation of the Milk River pumping station, a large storm water station and retention basin in the Vernier-Marter road area, by Grosse Pointe Woods and Harper Woods will have to wait until a water pollution and control study takes place.

Woods City Administrator Chester E. Peterson, who attended a meeting of the Milk River Drain Commission Wednesday, June 14, said action isn't favorable on the proposed takeover at this time. He added that no further meetings with the commission have been set.

The commission is awaiting a report from its consulting engineers regarding additional improvements that may be made at the station in accordance with the water pollution bill, noted Mr. Peterson. No indication was given when the report will be completed, he added.

Both cities passed resolutions requesting an engineering study and the preparation of a feasibility report on the administration, engineering operation and maintenance requirements of the station earlier this year.

The resolutions focused upon the seeking of alternatives which may result in an overall reduction in operation and maintenance costs, an investigation of electric rates charged to the facility for power and power transformer requirements, and a review of personnel requirements and operation of the station.

Both The Woods and Harper Woods pay around 95 percent of the station's cost, while the cities of St. Clair Shores, East Detroit and Roseville pay the other five percent. The facility primarily serves The Woods and Harper Woods and portions of the other cities.

Woods Council OK's Proposals

The Woods Council at the regular meeting Monday, June 19, acted on numerous Committee of the Whole recommendations including the following which were unanimously approved:

- That the city attorney be directed to refer to the University of Michigan Law School Legislative Aid Bureau, the legal problems associated with attempts by local government units to prohibit and control the exhibition of "X"-rated movies.
- And the request that the bureau research the problem and make recommendations to the city on the possibility of a valid ordinance restricting and/or eliminating the exhibition of such films within the city.
- That the city proceed with phase one of the Lake Front Park pool's renovation and reconstruction, and authorize the city engineer to proceed with plans and specifications for the installation of an aluminum splash pool with alternate bids for increased size of pool.
- That the city proceed with repairs to sections of the tube sheet segments and the replacement of the tubes for the park's hot water supply boiler, and that quotations be taken immediately for such work.
- The approval of a request of Dennis S. Dudash, owner of lot No. 1 of Marks and Mahoney Estates Subdivision, Hollywood avenue, for a trade of part of the extreme southwest tip of his property for a portion of the extreme northeast tip of the city's unplatted land — provided that the petitioner pay any surveying or engineering expense and any cost for the installation of a six foot stockade fence.
- That the proposed ordinance to require a license to operate a landscaping, lawn care, tree trimming or tree removal service be referred to the city administrator for further study.
- And that the request of Borman's, Inc., for a new

SDM license at 20382 Mack avenue, (Farmer Jack Super Market), be denied, (the vote was 5-1 in the instance with Councilman Kenneth W. Boerner voting "no").

Sights Set On Alcoholism

Woods Mayor Kenneth McLeod, behind unanimous council approval, has signed a proclamation citing the week of June 25-July 1 as "Alcoholism Detection Week" in the city.

The action, taken at the regular council meeting Monday, June 19, urges all residents to join the effort to put an end to "this costly and destructive disease."

Drinking Youth Lands in Jail

Sgt. Alfred Martin was on routine patrol in The Farms early Friday morning, June 9, when he noticed a '70 Maverick traveling east on Lake Shore, cutting in and out of traffic without signaling.

When the policeman pulled alongside the vehicle and motioned the driver to the curb, the driver John David Halfacre, 17860 Masonic, Fraser, swerved to the right and drove over the curb before coming to a stop in front of 431 Lake Shore.

According to the police report, Halfacre, 20-years-old, had a difficult time removing his driver's license from his wallet upon request.

At the Farms police station, the offender was read his constitutional rights and the advice rights for taking the Breathalyzer test. The youth refused to take the breath test and was later placed in The Farms jail. While in the cell, he proved a nuisance until falling asleep at 3 a.m., an hour and a half after his arrest.

The youth was charged with driving while under the influence of alcohol and was later released under a \$100 bond. His court date is Wednesday, June 28.

The Indians started off the week with a close win over the White Sox, 7-6. Dave Case was on the mound for the winners and Jeff Theide for the Sox. For the Indians, Doug Donald had a homer and two singles and Jeff Welscher, two hits. Paul Saber slammed a triple and a single, while Whit Boyd rapped a double for the White Sox.

Continuing their winning ways, the red hot Indians slipped by the Red Sox, 2-1, on a neat three-hitter by Doug Donald. Tom Lizza and Dick Borland led the Indian attack with two hits each, while Chris Montague had a double for the Red Sox.

Joe Cornille tossed a perfect no-hit win for the Red Sox over the White Sox, 2-0. Lefty Joe faced the minimum number of batters with no walks. A triple play was a feature of the game by the Red Sox, wiping out two runners who had reached base on errors. Chris Montague had a double and single.

The Tigers trimmed the Yankees 13-7, with Bob Kaiser taking the win. Joe Carolan stroked two doubles for the winners. Then the Yankees, with Tom Fuller scattering three hits, subdued the Red Sox, 4-0. Fuller led the Yanks with a round-tripper and a double.

Rolling on, the Yankees knocked off the Indians, 10-8, with Bill Brucker getting the win. He also contributed a triple and double. Dave Hinks also had a double.

The Indians pummeled the White Sox, 10-2, as Dave Case went all the way for a strong performance. Jim Neville and Jeff Welcher had homers and Dick Borland smacked three hits for the winners. Brian Cammett and Ed Schervish had two hits each for the Sox.

Second half American League standings are: Indians, 6-2; Red Sox, 4-3; Yankees, 3-3; White Sox, 3-5; Tigers, 1-4.

In the National League, the Cardinals ripped the Phillies, 14-5, as rookie Dave Ferris took the win. Tom Shine was on the mound for the Phillies. In an extra inning thriller, Matt Armbruster broke up the game with a ninth inning homer to give the Giants a 2-1 win over the Braves. Ron Rodgers took the win and Bob Glass the tough loss.

Bunnies Bop Police, 14-2

The Pointe police softball team needed more than "rabbit ears" Sunday, June 25.

For the Playboy Bunnies routed the Pointers, 14-2, in a benefit contest at the University-Liggett School. All proceeds went to the Muscular Dystrophy Association of America.

Sergeant Donald S. Jacob of the Shores Department of Public Safety, who along with Liaison Officer Michael Ferrence of the Youth Service Division coordinated the contest, said there was a "real good turnout" of 216 fans considering the nasty weather. So over \$200 will go to Muscular Dystrophy.

Shores Still Considering Court Sports Fans' Pleas

By Kathy Duff

The possible construction of paddle tennis courts or additional tennis courts again enter the discussion of The Shores trustees at their last meeting, Tuesday, June 20.

Several residents attended the 8 p.m. meeting to lend support to a petition, signed by 89 persons, asking the construction of additional tennis courts.

One resident, Mrs. Wayne N. Jacobus, 45 Hawthorne, emphasized that the petition was not against the construction of the proposed paddle tennis courts, that the petition was just in favor of additional tennis courts.

As in all the municipal parks, The Shores tennis courts are in constant use in good weather. The problem is aggravated by the use of one of the courts for tennis lessons for Shores youngsters.

The Village presently has two excellent courts in the George Osius Park; one passable court; and one court which resembles an ill-kept garden as much as a tennis court. According to Daniel R. Beck, trustee and chairman of the Park and Recreation Committee, the village spent \$1,100 to refurbish the one older court.

Another resident of Hawthorne, Donald Haigh, said that he spends a great deal of time at the park and has

seen many persons turned away from the busy courts. (Mr. Haigh is the citizen member of the Park and Recreation Committee, and Trustee Carl E. Hedeen completes the three-member committee.)

To show his support of additional tennis courts, Mr. Haigh offered to contribute \$500 towards a fund for the construction of tennis courts.

The Hawthorne resident recently contributed electrical wiring when he heard that The Shores had budgeted \$2,000 to light the two existing courts to increase playing time. The lighting installation work will be handled by The Shores public works department, according to Village Superintendent Thomas K. Jefferis.

Another tennis enthusiast, Herman R. Allen, a resident of 85 Lake Shore who is frequently seen playing tennis at 7 a.m., suggested that a canvas windbreaker and benches be added to the playing area.

Mr. Beck thanked the Shores residents for expressing their views, stating that the response "gives us a good indication of interest." He then promised that their opinions would be taken into account.

And taken into account they were, as the trustees later included \$3,000 in The Shores 1973 budget under the chameleon heading of "Court Sports," as the monies could go to either paddle tennis courts or additional tennis courts.

Police Clinch Tie in League

It's onwards and upwards with the Pointe police softball team in Macomb-Oakland Softball League action. The Pointers dumped Warren Traffic, 9-0, on Sunday, June 25, making their record 6-1, according to Park patrolman Michael C. Kortas, team manager.

The Pointers were in a close race with Warren Patrol and the State Police who, going into Sunday's action, were 5-1. So the club

can do no worse than a tie for top spot.

Interestingly enough, the Pointers face Warren Patrol in their next game Sunday, July 9, at the L. W. Baumgartner Park, 15 Mile road near Schoenherr. Game time is scheduled for 10:30 a.m. at diamond two.

Bad Weather Slows GPSA

Bad weather conditions forced the cancellation of all Grosse Pointe Softball Association games Saturday, June 24. This postpones the end of the season's first half, and the standings, for at least another week.

However, games were played Sunday, June 25. In the morning contest, the Sarasota Truckers handed Art Van their first loss, 9-5. Good fielding and accurate hitting secured the victory. The Truckers now have a good chance of tying Art Van for the first half crown. Two more wins in their upcoming games would force a playoff contest.

In another game, Team Z edged the Marauders, 7-6, in the afternoon. Although neither team has a chance of taking the first half, their improvement guarantees a much closer second half race.

Pinkos, Catlin Reappointed

Woods Councilman Benjamin W. Pinkos and City Attorney George Catlin were unanimously reappointed as director and alternate director to the Grosse Pointes-Clinton Refuse Disposal Authority. The action was taken at the regular council meeting Monday, June 19.

On a rainy, windy June 22 better suited to football, the Cubs beat the Braves, 12-8. Bill Beveridge's home run with one on helped the Braves off to an early four-run lead. The Cubs came back with six runs in the bottom of the second inning, added two more in the third and then put the game away with a four-run outburst in the fourth inning.

The Cub offense was led by Tim Lane with two doubles and included singles by Rich Harrison, John Fitzgerald, Chris Martinelli, and Tom McHugh. Martinelli was the winning pitcher.

Then the Giants won their ninth game by beating the Astros, 18-2, in a June 23 game cut short by darkness. John Doerger and Tim Fink-enstaedt shared the no-hit Giant pitching. Giant runs came on a three-run homer by Kurt Forrester, who also got a two-run triple, a triple by Don Dittmars, two doubles by Kent Forrester, and singles by Jeb Lipson, Ross Murray, Peter Gushee, and John Orstwedder.

The Astro pitching was done by Steve Makos; their runs were scored by Coleman Rogers and Marty Hollerbach.

Sacramento, behind the three-hit pitching of Steve Stanitzke, defeated Louisville, 7-3, on Sunday in AAA league play. This was the first game of a three-way playoff to determine the second half season winner.

Sacramento, Louisville and Portland each won its last

game during the week to wind up with 6-1 records. Sacramento won a close game over Hawaii, 10-9; Portland defeated Denver, 12-1, and Louisville beat Newark, 9-5.

Portland, first half winner, is scheduled to meet Sacramento in the final playoff game Tuesday, June 27. If Sacramento wins it will be the second half winner and will meet Portland again for the AAA Championship at Kerby Field Thursday, June 29, at 6 p.m. If Portland wins, they will automatically become the AAA Champion.

Gary Gorenflo was the pitching and hitting hero in Portland's 12-1 win over Denver. He pitched a no-hit game and struck out 12. Gorenflo also hit two triples to lead a 14-hit attack.

Mike Minkwicz and Howard Ballantyne each contributed three hits to the Portland attack, while Mike McDonald and Glen Newa collected two hits.

Bob Striker of Sacramento won his own game in Sacramento's 10-9 win over Hawaii with a bases-loaded triple in the bottom of the sixth to overcome a 9-7 Hawaii lead.

Striker was the winning pitcher as he raised his season record to 4-2. Glen Wil-

liams and George Roney led the Hawaii hitters with home runs.

Louisville overcame an early 4-1 lead by Newark with six runs in third inning to win 9-5.

Brad Bennett and Mike Bryk each pitched three innings with Bennett getting credit for the win. Bryk led Louisville with a triple and single. Steve Fisher contributed a triple and single for Newark.

Sunday's playoff between Sacramento and Louisville was played before a large and excited crowd at Kerby. Steve Stanitzke pitched three-hit ball and struck out 12 to get credit for the win.

Woods DPS Gets 'Mention'

The Woods Department of Public Safety received an "honorable mention" in the Annual Traffic Safety Award for 1971.

In a recent letter to Donald B. Coats, director, Charles Pegg, chairman of the Safety and Traffic Committee of the Michigan Association of Police Chiefs, said, "In your population division of under 50,000 the city of Norton Shores was judged to be the winner. Please consider submitting your Department's application next year because you have a fine traffic law enforcement program."

Golf Equipment Stolen at Club

A Troy resident discovered his golf bag and clubs, valued at \$500, missing at the Lochmoor Club, 1018 Sunningdale, Monday, June 5. Officer Russell Allard of the Woods Department of Public Safety was told by the resident that he put his golf bag containing 16 clubs on the stair landing near the northeast club house door, (inside), and when he returned an hour later, they were gone.

The bag was a large, round, black leather one, ("Spalding"), with a large tag saying "Scott Twin Beach Country Club" on it. The clubs included woods and irons, ("Haig-Ultra"), a matched set.

Hospital Blood Drive Success

Nearly 100 pints of blood were donated by employees of St. John Hospital during its recent donor club drive.

J. E. Briski, M.D., staff pathologist and drive chairman, said another donor drive will be conducted at the hospital in the fall.

The newly-formed St. John Hospital Blood Donor Club, affiliated with the Michigan Community Blood Center (MCBC), has approximately 1,800 members who are assured full coverage for a year through the MCBC program.

The Center is a state-wide non-profit organization devoted to medical research and education.

Items Stolen At Farms Pool

The Farms police have received two reports of personal belongings stolen at the pool of The Farms Pier. One report was filed Monday, June 19, when a mother contacted the police to report the theft of her son's watch.

The resident of Hamilton court said that her 12-year-old son last saw his watch when he left it on a reclining chair at the west end of the pool.

The watch was a Mickey Mouse type, with black nylon strap, purchased at Disneyland and valued at \$30.

The second report was from a resident of Lewiston road. The mother said that her 16-year-old son left his black leather wallet with his clothes at the edge of the pool.

Besides a small amount of currency, the wallet contained a driver's education certificate and a Pier pass. The loss was estimated at \$14 when reported on Wednesday, June 21.

To Worship On Thursday

The Grosse Pointe Congregational Church, Chalfonte and Lothrop roads will provide a Weekender Service every Thursday evening at 7:30 p.m. until August 31.

We encourage all to avail themselves of the opportunity of regular worship during the summer months. Crib and Kindergarten services are also available for these services.

Given \$218,000 For Research

Mrs. Robert G. Hartwick, of Lakeshore road, a trustee of the Kales Family Foundation, on June 9 announced a gift of \$218,000 from the Foundation to the Child Research Center of Michigan, in the Children's Hospital.

Mrs. Hartwick and other trustees of the foundation Robert G. Kales, president, also of The Shores; Mrs. Neil McMath of Bloomfield Hills, and Mrs. Hugo Huetig, of Washington, D.C., were guests at a board meeting of the Center, when the announcement was made. Mrs. Hartwick stated the gift was to be used for a new research program to be instituted by the Center.

Accepting the award for the Center was Dr. Wolf Zuelzer, Director, recognized internationally for his research advances in blood diseases, particularly leukemia.

The Child Research Center is a separate corporation, closely affiliated with and located in the Children's Hospital. It consists of multiple varied individual research projects relating to children's diseases. Of primary importance are research studies on cancer, blood diseases, infectious diseases, birth defects and hereditary disorders in children.

City Approves Two Variances

The City of Grosse Pointe Council sitting as a Board of Zoning Appeals on Monday, June 19, approved two variances.

The first was that of Dr. and Mrs. J. L. Bocaccio, 286 Roosevelt place, to construct a single-story addition to the rear of their home. The Council approved reduction of the rear yard requirement from 25 feet to 16 feet for a distance of 13 feet.

The board also approved a request of Paul Jankowski, on behalf of Dr. Asghar Shafadeh, to construct a garage as part of a proposed new home at 14 Alger place. The floor space of the proposed garage exceeds the 600 square feet provision of the zoning ordinance by approximately 96 feet.

FARMS LARCENY

Two incidents of vandalism, costing The Farms an estimated \$75, were reported recently at the police station. On Sunday evening, June 11, Sgt. Arnold Parsons reported the larceny of a "One Way" sign from the corner of Lothrop and Kercheval. The second larceny was reported by Ptlm. William Fowler Wednesday night, June 14, of parking meter #82 in front of 52 Kercheval.

Two Collisions On Mack Ave.

Mack avenue in The Farms was the scene of two traffic accidents Friday, June 23. Violations were issued to one driver in each of the accidents, indicating that both accidents could have been averted had the drivers exercised proper caution.

The first accident, occurring at 9:50 a.m., was the result of one car stopping to allow another car leave a parking space in the area of Mack and Calvin. However, the pavement was wet and a third car was unable to stop and collided with the stopped car.

A violation was issued to Mark J. Connell, 16, 1081 North Oxford, for driving too fast for conditions. His car was taken to Farms Texaco Service. The other driver, a Roseville man, was not injured.

A second accident occurred three hours later when Martin M. Dulapa, 450 Colonial court, misjudged oncoming traffic and attempted to cross east-bound Mack at the Mack and Colonial intersection.

He was struck by Janice M. Nim, 6373 Rugg, Detroit, who was traveling east-bound with traffic. The woman, along with a three-year-old passenger, was taken to St. John Hospital. There they were treated for minor injuries and released. Their car was taken to Farms Texaco Service.

Mr. Dulapa was booked on failure to yield.

Garage Guttered By Park Blaze

A raging fire, which totally destroyed the interior of a brick garage on the property of Mrs. Gloria Schnur, 1108 Audubon, was believed to have been caused by faulty wiring, according to information released by Park Fire Chief Phillip Costa.

The alarm, which was called in at about 12:37 a.m. on Monday, June 26, brought fire fighters and equipment from both the Park and City. The firemen battled the blaze and put it out in approximately 15 minutes, although they remained at the scene nearly two hours cleaning up the premises and overhauling the building to make sure there were no live sparks to start another fire.

Chief Costa said that the front metal door was slightly open, and flames were shooting out and up, engulfing the door and destroying an outdoor basketball basket. The fire also destroyed the beams and rafters of the garage, leaving only a warped door and the brick walls standing. There were no vehicles in the building, the chief added.

He said that the fire was in sight of the City Fire Station, where firemen saw the smoke and flames. By the time fire personnel and equipment from both departments arrived, the garage was a mass of burning material, the chief added.

The Park Fire Department head said that the flames were fed by a number of aerosol cans containing paint and lacquer, which exploded from the heat, spattering their flammable contents and adding fuel to the blaze. No other property was damaged, it was said.

The amount of the damage will have to be determined by insurance adjusters, Chief Costa said.

New Equipment At Bon Secours

Bon Secours Hospital has recently acquired xeroradiography equipment for processing special diagnostic x-rays.

This equipment develops x-rays to resemble a photograph rather than a negative which must be viewed against a lighted background. These xeroradiographs provide much better detail for certain types of examinations than was formerly possible. Its primary use is in detection of abnormalities of the breast and breast cancer, but it is also used for soft tissue examination, and detection of foreign bodies and bone fractures of the extremities.

The xeroradiography system is manufactured by the Xerox Corporation and uses the same principle as an office copy machine. The result is an extremely accurate xerox picture which reveals the details of soft tissues or bone structure.

These pictures are much easier to read, save the physician considerable time and greatly help him to make an accurate diagnosis.

Xeroradiography is a relatively new tool in the field of radiology. This procedure was written up in Time Magazine last December.

Before Bon Secours Hospital obtained this equipment in May, physicians in this area had to send their patients to Hutzel Hospital for xeroradiographic x-rays.

Drunk Driver Nabbed in City

City police officers Richard Lanski and Virgil Beaupre were on routine patrol on Friday, June 23, when they saw a '62 Rambler station wagon being driven in an erratic manner while traveling East on Jefferson from Lakeland. The headlights were off. They stopped the car and the driver, Eugene Yarnell, of Detroit, was asked for his operator's license. Yarnell, who had difficulty walking and smelled of alcohol, told officers he had none. He was taken to the City station and advised of his rights. Yarnell produced a California driver's license which had expired December 1, 1971. He refused a breathalyzer test. He was subsequently issued a violation under the drunken motor law and Michigan operator's license never acquired.

He was detained pending payment of \$200 bond. Later that evening Yarnell complained of severe chest pains and was taken to Bon Secours Hospital. He was checked there and returned to City jail. He was released later in the day upon payment of bond and his car was released to a licensed driver.

The modern home is little more than a family filling station.

Takes Tractor for A Joyride

A yellow tractor was taken from Ghesquiere Park Wednesday, June 21, and driven to Bramcastor and Manchester where it was abandoned with its engine running and the ignition key removed.

Public Safety received a report on the tractor which belonged to the Washtenaw Asphalt Co. of Ann Arbor. The tractor, which wasn't damaged, was returned to the park.

The company reportedly requested special attention to vehicles left in the park overnight.

Ever wonder in which state of the U.S. the most American Presidents were born?

More have been born in Virginia than any other state.

A total of eight U.S. Presidents were born in Virginia — George Washington, Thomas Jefferson, James Madison, James Monroe, William Henry Harrison, John Tyler, Zachary Taylor and Woodrow Wilson.

The state that ranks next is Ohio, where seven Presidents were born.

Thus, oddly enough, almost half the U.S. Presidents, or 15 out of 36, were born in just two states, Virginia and Ohio.

Fire Destroys Grass Cutter

Melvin Urtel of 1176 Bishop road, lost a power mower which burst into flames as he was pouring gasoline into the mower tank and some of the fluid splashed onto the hot motor.

Park Fire Chief Phillip Costa said that by the time firemen arrived at the scene, the mower was completely engulfed by flames and was a total loss. The incident occurred at 11:13 a.m. on Tuesday, June 20, according to an official report.

The chief pointed out the danger of filling power mower tanks, or other gasoline operated equipment, when the motor is hot.

"Another danger," Chief Costa continued further, "is the filling of tanks of mowers and other equipment which run on gasoline, while the motors are running. This could cause an explosion that not only could damage the equipment, but there is extreme danger to those operating the equipment."

Honor Degree Given Marick

The Montana College of Mineral Science and Technology recently awarded Louis Marick, of Merriweather road, an honorary professional degree of Engineering Science Engineer at spring Commencement exercises in Butte, Mont.

Dr. Marick holds the position of Consultant at the U.S. Army Tank-Automotive Command in Warren. While with Uniroyal, Inc., (U.S. Rubber Co.), Detroit, 19 patents were granted in Dr. Marick's name. The patents pertained to tire structure and design, inner tubes, and electrically conductive rubber and its applications. Since his association with the U.S. Army Tank-Automotive Command, two additional patents have been granted.

A member of six professional societies, Dr. Marick has written numerous articles and spoken frequently on his field.

City to Repair Kercheval Curb

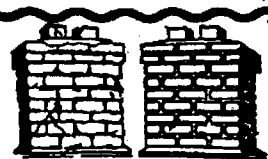

At a recent meeting of the City of Grosse Pointe Council members voted to extend the August 3, 1970 recapping contract with Vanopdenbosch Construction Company to include recapping of some 3,500 lineal feet of curb on Kercheval between Lakeland and Fisher road.

City Manager Thomas Kressbach told the Council that Vanopdenbosch's price represents the same price paid in 1970 and 1971.

The estimated \$6,300 cost of the project will be charged to the Public Improvement Reserve Fund.

With the recapping of these curbs the present curb replacement needs on Kercheval will be completed, according to Mr. Kressbach.

Dangerous Practice

Syringes, plastic medicine bottles may be disposable out our youngsters are not. An incident in the City of Grosse Pointe early this week prompts this editorial. Two young girls, ages 11 and 14, were playing in the Village when they came upon a number of syringes and partially filled bottles of medicine in a trash container in back of a clinic on Cadieux and Kercheval.

The girls took their "find" home to show their mother and brother. The brother and mother immediately went to the area. A check revealed that the "trash" was from a doctor's office there.

The young girls were using the syringes as squirt guns. Rumor has it that older youngsters find this a source of free hypodermic needles.

City manager Thomas Kressbach said that he felt trash of this nature should be handled in a special manner separate from regular rubbish, which in the business area on Kercheval is picked up daily. He added that he would talk with his council regarding the possibility of passing some sort of ordinance to cover this and speak with the city attorney regarding legal ramifications. He added that he plans to conduct a survey of hospitals, nursing homes and doctors in the area ascertaining just how they dispose of this type of "trash."

In the meantime local doctors, dentists and firms who use syringes and medical supplies are urged to avoid disposing of this type of material in this manner. Residents should also be cautioned about disposing of partially filled medicine containers.

Items of this nature can be very dangerous to our young people. The hypodermic needles can be reused, a dangerous practice but for the drug user sometimes a financial necessity.

Medical men should be the first to realize the dangers of disposing of such items in this manner and request that all of the Pointes assist them in some practical and safe way to dispose of them.

Pointers Help Happy Hollow

Camp Happy Hollow in Dryden, Mich., a non-profit camp for mentally retarded and emotionally disturbed

youth has received support from several Pointe organizations.

The Special Education Club of North High School, at its annual banquet, presented the camp with a check for \$50 and the Grosse Pointe Association for Retarded Children has donated \$160. Both donations are for camperships.

Recently a group of some 20 students from South High and several from the Special Education Club at North helped clean up the camp for the coming season.

This is the fifth year South High students have readied the camp for the summer season.

LWV Forms Housing Group

Acknowledging the futility of scattered and sporadic attempts to deal with housing problems, members of the Grosse Pointe League of Women Voters joined with the League of Women Voters in the Greater Detroit area June 10 in forming a metropolitan Housing Action Committee to be co-chaired by Mrs. Sally Brown of the League of Women Voters of Grosse Pointe and Mrs. Sharon Blight of the Northville-Plymouth League of Women Voters.

This committee emanated from the League of Women Voters commitment to working for equality of opportunity in housing through the implementation of open occupancy laws, the promotion of an adequate supply of housing for low-income families, and lobbying for appropriate housing legislation.

The Metropolitan Housing Action Committee has agreed that all major efforts must be taken on a regional level to be more effective. It was decided that the League of Women Voters working in conjunction with other groups and agencies concerned with housing inequities will accelerate progress toward solutions.

Therefore, as an initial step, league members are co-operating with the Michigan Civil Rights Commission and the Inter-Faith Centers for Racial Justice in monitoring area real estate offices as part of the U.S. Department of Housing and Urban Development's Affirmative Fair Housing Marketing Program.

Participating in the HUD Affirmative Fair Housing Marketing Program from Grosse Pointe League of Women Voters are Mrs. Donald L. McConachie, president and Mrs. Esther Howell.

WWJ-TV has been named the recipient of a "special award" from the Grosse Pointe Motion Picture and Television Council for its "quality and excellence in programming for children."

The council, through its president, Eileen R. Declercq, expressed its cognizance "of the impact of television on the young" and expressed to WWJ-TV "the appreciation of the community."

The award citation was accepted by Lawrence M. Clamague, program and production manager of WWJ-TV, at a luncheon meeting held at the Bayview Yacht Club.

It was the first such award ever presented to any television station by the council. Grosse Pointe and Mrs. Sha-

We live in a world of blatant sound and glaring sights. Examples abound: the inescapable transistor radio, the omnipresent bill-board. The result is that we hear and see a lot. But we live in danger of not listening to anybody and not focusing on anything.

The socio-cultural upheaval that we are experiencing compounds the problem. What danger signals do we heed? Racism? War and peace? Unemployment and automation? Pollution of our environment? Quality and equality of education for all Americans?

Danger signals are alerting us to an additional catastrophe, to a disaster that would eventually affect the quality of life in the Grosse Pointes.

Quite simply, unless the electorate votes in favor of the proposed millage for the Public Library in the September election, no public library will exist in a community that rates among the top 10 in the United States culturally, financially, and socially.

A public library expresses in a community that does not have an institution of higher education within its boundaries, can be seen as a symbol and sign of the scale of values cherished by the people of that community.

A public library expressed the ethos of the people who support it. If they recognize the indispensable role of the mind and man's creative instinct as he grapples with life and exercises his Creator's gift to seek truth and create beauty and embody goodness, then they will make readily accessible to themselves and their children the treasures of man's adventures on that holy mission.

For there is something holy about what a library contains. The word holy comes from a Germanic root that means whole, integral. With his mind and emotions man from the dawn of time has struggled to find himself, to make himself whole, responding to an instinct that Jesus encouraged with His admonition that we should be perfect men as our Heavenly Father is perfect God.

Obviously a lot that is trivial, even vulgar, has found its way into print and into the other media of communication. But the deeper truth remains: the public library is the resource center for its people for all that has been known and experienced by our fellow man throughout the ages. It functions as a screening or selecting agency, making an informed and energetic effort together and preserve the best that has been known and thought. And it functions as a reservoir of man's wisdom as well as a handy place to find a book on the care and sail-

ing of ships or how to master a job shot in tennis.

Educators have long recognized that the learning process involves multiple factors. The availability of the tools of learning is one factor, e.g., the books, the technical equipment. But even more important is the spirit of learning that must pervade a family, a school, a community. That spirit can be measured in objective terms: How many books and periodicals are readily at hand? How often are they used? Are they considered normal components of daily living? Do they find a place in conversation?

A community needs books and periodicals, films and recordings readily available as much as the family and the school. In fact, people need desperately the resources that individually they can not provide, but that as a community they make available in the public library.

If the trees of Grosse Pointe were to be axed at their roots, we would instantly recognize the devastation, a bare landscape, its physical beauty and graciousness destroyed. For trees are an essential part of the beauty in which we live.

If the doors of the Public Library close in September, the shades are drawn, the books gather dust or, even worse, are dispersed, then the cultural atmosphere of our community will be similarly devastated. It's a danger all too real, all too imminent. Let's not be desensitized by the blatant sounds and glaring sights to the point of not listening to a danger signal that portends a devastation of the quality of life in the Grosse Pointes.

ATTEMPTED B-E

Nina Krieger, night manager for Sanders, 17043 Kercheval, called City police on Saturday, June 24, to report an attempted breaking and entry. She told officers she noticed pry marks on the door casing as she was leaving the building on that date. Officer Dale Van Dale ascertained that a half-inch to 3/4-inch pry tool was used.

Two Educators Receive Honor

Miss Frances E. French, Assistant Principal Instruction at South High, and William C. Mogk, Principal of Pierce Middle School, have been selected as "Leaders of American Secondary Education for 1972," according to Dr. Theos I. Anderson, Superintendent of The Grosse Pointe Public School System. Nominated earlier this year by the school's administrators, these educators were selected for this national honor on the basis of their professional and civic achievements.

"Leaders of American Secondary Education" is an annual awards program honoring

ing the men and women who have distinguished themselves by their service and leadership in the field of secondary education. Each year, the biographies of those honored are featured in the awards volume.

In announcing the award winners to the administrators, Dr. V. Gilbert Beers, director of the Leaders of American Secondary Education program, cited them for their exceptional service.

Guidelines for selection include an educator's talent in the classroom, contributions to research, administrative abilities and civic service and professional recognition.

Mrs. Allan Shelden, III, of Provençal road, has tea planned for 200 this afternoon, and each guest will come bearing a gift, trinket or treasure, for the Archives of American Art's fall Auction (of 150 Unusual Collectors' Items) and "World's Largest Garage Sale."

It's the first in-gathering for the Auction-Sale. Mrs. John N. McNaughton, honorary chairman, will, of course, be there.

Others on the invitation list are Mrs. Joseph L. Hudson, Jr., Mrs. Wendell W. Anderson, Jr., Mrs. John Wendell Anderson, II, Mrs. Roy D. Chapin, Jr., Mrs. Alger Shelden, Mrs. Livingstone Howard, Mrs. Lee Hills, Mrs. Allan Shelden, Mrs. Wesson Seyburn, Mrs. Henry Ford, II, Mrs. Benson Ford, Mrs. Edsel Ford, Mrs. Max Fisher . . . And many, many more . . .

William E. Woolfenden, director of the Archives, is coming in for the tea from New York, where he now resides.

Founded in Detroit in 1954, the Archives of American Art has grown to include the world's largest collection of material documenting the history of American visual arts. It affiliated with the Smithsonian Institution in 1970, and has agreed to match Smithsonian support, dollar for dollar.

Hence this year's dual fund-raising event: An evening auction, to be held in the Detroit Institute of Arts Friday, September 29, and the gigantic garage sale, on Larned street outside of Jim's Garage and in the restaurant itself, Saturday and Sunday, September 30 and October 1.

The benefit is co-sponsored by the American Institute of Interior Designers. Upwards of 20,000 people are expected to attend the two-day sale, and contributions, anything and everything, from antiques to old gold to office furniture to gift certificates, all tax deductible, will be collected all summer long.

In-gathering—teas, cocktail parties, et al.—are being scheduled throughout the summer, all about Detroit and the suburbs. Next week, Saturday, July 8, Diane Schoenith will give her husband, Tom, a birthday party . . . with a "twist."

The Schoeniths' 100 guests have been asked to bring Auction-Sale acquisitions instead of birthday presents. The donations, displayed in a large tent in the backyard of Tom and Diane's Devonshire road home, will be backdrop for the party.

Mr. Campbell Claims Bride

At a small ceremony Saturday, June 24, at Old Christ Church, Detroit, Laura Marie Gauthier became the bride of Henry Munroe Campbell, IV. The 1 o'clock rites were followed by a reception at Botsford Inn.

Laura is the daughter of Mrs. Laurence Gauthier, of Livonia, and the late Mr. Gauthier. Henry is the son of Mr. and Mrs. Henry Munroe Campbell, III, of Kenwood road.

For her wedding, the former Miss Gauthier chose a gown of ivory silk organza over satin crepe, trimmed with Venetian lace at hem, waist and neckline.

Her veil of silk illusion, trimmed with Alencon lace, had been worn by many members of her mother-in-law's family.

Mrs. Clifton Gidgon, of Walled Lake, was matron of honor. Mary Elizabeth Gauthier was bridesmaid. Both wore frocks of blue voile embroidered in white, designed and created by the bride.

The bridal gown was designed by Laura, and fashioned by Mrs. Gidgon.

William L. Campbell was his brother's best man. Thomas and Sherman Campbell and Douglas McMillan and Richard H. Turner, Jr., ushered.

The new Mr. and Mrs. Campbell will travel in Europe, returning to reside in Ann Arbor.

John David VanderKloots' Balfour Road Home Is Scene of Reception Following Their Daughter's Evening Marriage

Wearing her mother's wedding gown of white Chantilly lace over Duchesse satin, fashioned with tapered sleeves, a heart-shaped neckline, bouffant skirt and court train, Lynn Elizabeth VanderKloot was married Saturday, June 24, to Michael James Ross.

Her illusion veil fell from a Princess cap. She carried a cascade of white Sweetheart roses, stephanotis, baby's-breath and ivy.

She is the daughter of Mr. and Mrs. John David VanderKloot, of Balfour road. Mr. Ross is the son of Kenneth G. Ross, of Detroit, and the late Mr. Ross.

The VanderKloots entertained at a reception in their home following the 8 o'clock rites in Mariners' Church, at which The Reverend Richard W. Ingalls presided.

Jerry VanderKloot served as her sister's maid of honor at the evening ceremony. Bridesmaids were Andrea Ferrara, Millicent Kaufman, Dianne Seeber and Mrs. Lawrence Wilk.

The newlyweds are vacationing in The Bahamas. They will return to reside in Detroit.

Entertaining at a recent cocktail party in honor of MR. and MRS. RICHARD H. CHILDRESS, moving from Williams road to Toledo, was MRS. ALBERT NAVARRO, of Stephens road.

Star Of Sea Rites For Miss Bufalino

Home in St. Clair Shores Awaits Newlywed F. Peter Blakes upon their Return from Acapulco Vacation

Setting for the marriage of Louise Bufalino and F. Peter Blake last Friday afternoon, June 23, was Our Lady Star of the Sea Church. The Reverend Ralph V. Barton presided at the 5 o'clock rites.

The bride, daughter of Mr. and Mrs. William Bufalino, of Webster place, wore her mother's wedding gown of off-white silk organza, appliqued with Rosepointe lace, and her mother's illusion veil, secured by a lace cap.

Her casual bouquet featured white and ivory garden flowers, with roses, baby's-breath and ivy.

Carrying arrangements of vari-colored garden flowers, with baby's-breath and ivy, were Grace Bufalino, who served as her sister's honor maid, and bridesmaids Antonia and Francine Bufalino, two other sisters, Carmen Mei and Joan and Carolyn Blake, the bridegroom's sisters.

Ruffles accented their floor length ivory frocks.

Julie Blake, another sister of the bridegroom, was flower girl.

Stephen J. Blake acted as his brother's best man. They are the sons of Dr. and Mrs. Francis P. Blake, of Trombley road.

Ushering were Peter C. Lafond, Michael A. Tusa, Joseph A. Moran, Vincent F. Barresi and Neil Binge.

Mrs. Bufalino chose a floor length gown of aqua chiffon, re-embroidered in silver and gold, for her daughter's wedding. Mrs. Blake, the bridegroom's mother, selected a long gown of metallic ribbon chiffon over green, aqua and peach peau.

After a reception and dinner at the Sheraton Cadillac, the newlyweds left for a week's vacation in Acapulco. They will return to make their home in St. Clair Shores.

Village Garden Club Goes Off

The Village Garden Club traveled last Friday, to enjoy its annual meeting at the home of Mrs. Arnold L. Barrett in Sashabaw road, Clarkston.

Hostesses, in addition to Mrs. Barrett, were Mrs. Walter F. Rockwell and Mrs. Kendrick B. Brown, who celebrated the occasion by passing delightful "screwdrivers" (the kind you won't find in any list of Garden Tools!).

Conducting the meeting were the president, Mrs. David L. Gamble, and vice-president, Mrs. Joseph W. Caskey.

The long trip in heavy rain was voted well worthwhile by all 28 members in attendance, including the newest, Mrs. Harvey A. Fischer, of Warner road, and another new member, Mrs. Bill O. Brink, who, according to Club tradition of putting new members immediately to work, will this year be in charge of a Trial Garden at the Grosse Pointe War Memorial.

The rain finally gave up in early afternoon. A few brave guests wandered out to admire the spacious grounds and the path down to the lake, but most stayed indoors to enjoy Mrs. Barrett's interesting collections — among them antique fans, in her living room, and beautiful old valentines in narrow gold frames, on her bedroom walls.

Her special talent being flower arrangements, much attention was given to those scattered through the house, especially a bowl of interesting wild pansy blooms, standing up alert after a very special application of spray.

Her African Violets were in such full bloom it didn't seem possible — so she generously shared her secret: Just wash them thoroughly, leaves and all.

Garden books may not agree, but when you get results like this, who needs rules?

Cecelia Conway Wed To Mr. Mahar June 21

A reception at the Elford court home of the bride's sister, Mrs. Arthur A. Walker, followed the wedding of Cecelia Perzyk Conway, daughter of the late Mr. and Mrs. John Perzyk, of Detroit, and John Mahar Wednesday, June 21, at St. Juliana Church.

For the evening ceremony at which The Reverend Damian Kobus presided, the former Mrs. Conway chose an aqua-trimmed white dress, with white accessories, and a corsage of white carnations.

She was attended by her sister, Therese Perzyk, in an aqua suit with white accessories. The bridegroom's son, James Mahar, was best man. The couple will live in Elmdale avenue, Detroit.

Smith Day Set At Art Institute

Smith Day at the Detroit Institute of Arts has been set for Thursday, July 6, and the Detroit Smith College Club has planned a whole day's activities around the showing of the Traveling Art Exhibit from Smith's Museum of Art.

The exhibit is in Detroit July 2 through August 13.

It's a second chance for members and friends to see the collection of 58 paintings from the 19th and 20th century. Also included on the Day's agenda is a documentary talk about the Smith College Museum of Art, by its acting director, Elizabeth

Morgan.

Following the talk, Elizabeth Payne, (honorary Smith Club member), will conduct a guided tour of the Exhibit.

Mrs. Keith McGlade has written descriptions of several of the art works by painters who are represented elsewhere in the Institute.

Members and guests plan to have luncheon in a hall adjoining Kresge Court. Afterwards, they will tour the new North Wing as well as Mrs. Horace Dodge's Room.

Mrs. Robert Hamilton, of Moran road, 885-1630, is accepting reservations through Thursday noon, June 29.

bearing, in many cases, their own lawn chairs, blankets and/or pillows. They came, both sexes, all ages, to enjoy...

The occasion was Gordon and Rita Blake's Folk Musicales, on the lawn outside the Blake home in Shoreham road. The date was Saturday, June 17. The audience of 350, (give or take a few), was composed of Blake neighbors, friends and acquaintances.

Thirty-two groups performed, all non-professional, and the night was filled with music, and good fellowship.

The Blake Musicales is an annual event. Once each year, Gordon and Rita try to bring together the best of the Detroit area's folk singers. They do this because they want to.

It's hard to put the "why" of the Blake Musicales into words. Gordon and Rita want, simply, to foster an appreciation, recognition and enjoyment of local talent, by young and old.

They feel strongly about folk music, its sense of passion and compassion. They feel part of its appeal is its very human quality. "We're trying," Gordon explains, "to create an emotional appreciation of folk music, an awareness of the music of today, as well as of yesterday."

So they bring the performer and the listener together, and the performer and the listener find they're on common ground. Many of the performers' songs are original. The feelings they express are universal.

The Blake Musicales is truly a Happening. Recreation becoming re-creation. People re-discovering

Linda K. Cushman Wed In St. Paul's

Speaks Vows to Thomas Keith Koenig at Morning Ceremony; Detroit Yacht Club Reception Follows Double Ring Rites

At a nuptial high mass Saturday, June 24, in Saint Paul's-on-the-Lakeshore, Linda Kathryn Cushman, daughter of the John Pershing Cushmans, of Ridgemont road, was married to Thomas Keith Koenig, son of Mr. and Mrs. Russell James Koenig, of Fleetwood drive, Harper Woods.

Officiating at the 11 o'clock double ring ceremony was Monsignor Francis X. Canfield.

The bride's Empire gown of white satin faille was accented with English net and candlelight ivory Alencon lace, and featured a Chapel train. Her long sleeves ended in lace wrist ruffles.

She wore a Cathedral length lace and net mantilla and, following a Cushman family tradition, her grandmother's bridal petticoat. She carried a Colonial bouquet of white roses, carnations, stephanotis and ivy.

Honor maid for her sister was Anne Cushman. Another sister, Mrs. William Kingsley Fair, was matron of honor. Bridesmaids were Mary Bouwkamp, of Grand Rapids, Ann and Jean McCubbin,

Leslie Koenig, the bridegroom's sister, and Mrs. Russell K. Koenig.

Shelly Carpenter, cousin of the bride, was flower girl. All were dressed in long, golden yellow sleeveless Banlon frocks, trimmed with emerald green embroidered braid. They wore Dior bows of matching braid in their hair, and carried Colonial bouquets of daisies, baby's-breath and English ivy.

Brian Dittmer, a cousin of the bride, was ring bearer.

Jon Christopher Ebeler acted as best man. In the usher corps were Russell Richard Koenig, the bridegroom's brother, William Kingsley Fair, Glenn Pellock, Brian Paul Ashley, Joseph Henry Walrad and John Philip Crowther.

In Saint Paul's-on-the-Lakeshore Saturday morning, June 24, LINDA KATHRYN CUSHMAN became Mrs. Koenig's bride. She is the daughter of Mr. and Mrs. John Pershing Cushman, of Ridgemont road. The bridegroom is the son of the Russell James Koenigs, of Fleetwood drive, Harper Woods.

The bride's mother received guests at the Detroit Yacht Club reception following her daughter's wedding, wearing an emerald green silk worsted floor length gown. Her matching jacket was trimmed with jeweled buttons. She pinned yellow

cymbidium orchids to her purse.

The bridegroom's mother chose an apricot chiffon gown, trimmed with beading at her waistline and featuring long sleeves. Her flowers were cymbidium orchids.

Out-of-town guests included Mr. and Mrs. John B. Carpenter, of Ann Arbor, Mr. and Mrs. George W. Whitmore, of Indianapolis, Ind., Mr. and Mrs. Howard Gwinn, of Anderson, Ind., and Mrs. Paula C. Cooke, the Maurice Wilhoites, the Dan Whitmores, the Kim Whitmores, the Robert Whitmores, the Edward A. Cushman, Virginia Cushman and Mr. and Mrs. Craig Gardner, all of Indianapolis.

Mr. and Mrs. Lee Frederick Hunt came from Avon, Conn., and Mr. and Mrs. Kenneth Failor from Plainfield, Ind.

Following a motor trip through northern Michigan, the newlyweds will be at home in Devonshire road.

Sunset Turns Wet At Zoo

Sunset at the Zoo turned into "watch the rain fall, watch the winds blow" this year, but the annual party for members of the Detroit Zoological Society went on schedule last Thursday, if not quite as planned—instead of everybody wandering about the animal park as a warm day turned into a balmy twilight, everybody huddled, (for warmth!), under a large tent.

Still... everybody came, and everybody who came had a grand time, and the hamburgers were delicious, and it was all great fun...

Sunset at the Zoo always is.

Even in the wet.

In the old days, the board of education was a shingle.

Open Meadow Brook Season

The Meadow Brook Music Festival opens its ninth season this evening, Thursday, June 29, at 8:30 o'clock, at Baldwin Pavilion on the Oakland University campus, with a guest appearance by celebrated violin virtuoso Itzhak Perlman.

The 1972 Music Festival, largest to date, offers a nine-week series of 43 programs, including classical music, pops concerts, jazz, opera, folk music and both ballet and contemporary dance.

The opening night program features the Detroit Symphony Orchestra under the baton of Sixten Ehrling. Itzhak Perlman will play the Dvorak Violin Concerto.

Doc Severinsen will open the popular jazz series Friday, June 30, at 8:30, with his Now Generation Brass and the swinging Today's Children.

Mr. Perlman returns to the Meadow Brook stage for his second concert Saturday evening. He will perform the Brahms Violin Concerto,

again with the Detroit Symphony Orchestra.

The season's first Symphony Pops Sunday evening, July 2, will headline Arthur Fiedler, beloved conductor of the Boston Pops, in a program of popular favorites. Joann Freeman, Detroit pianist whose brilliant and expressive technique has won acclaim around the world, will perform the Grieg Piano Concerto.

The Sunday night concerts begin at 6:30 o'clock.

The Meadow Brook Music Festival began as a four-week program of symphonic music in 1964 and has grown steadily in the metropolitan area. Season subscription sales already have surpassed last year's record sales.

All Festival concerts are held at the Baldwin Pavilion. Tickets are available at Hudson's, Grinnell's, Wayne State University, Macomb County Community College and the Festival box office.

Tickets information is available at 377-2010.

Claudia Davis Wed In Florida

Claudia Joan Davis, daughter of Mr. and Mrs. B. Dale Davis, formerly of Washington road, now of Haverford, Pa., was married Saturday, June 24, in the Plymouth Congregational Church, Coconut Grove, Fla., to Douglas Alan Witham.

The bridegroom, a pilot with Air Indies Corporation, San Juan, P. R., is the son of Mrs. Emily Childs Witham, of Coral Gables, Fla., and Philip Witham, of Coconut Grove.

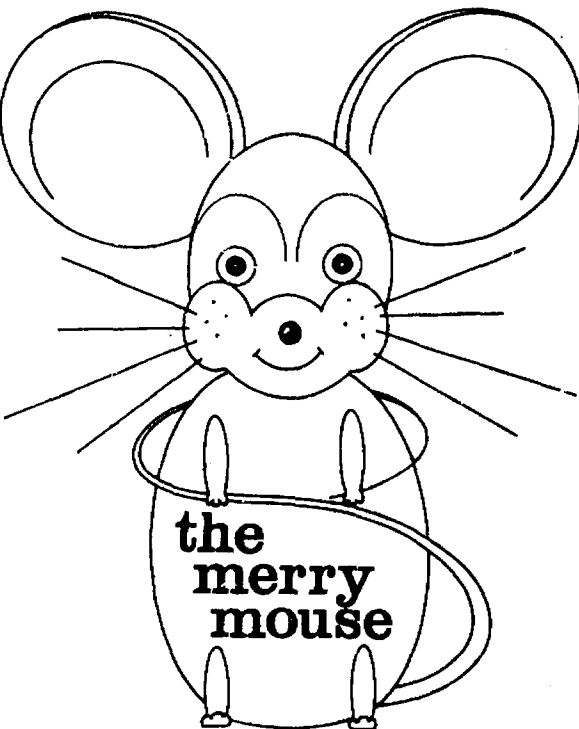

The bride wore a long

halter dress of white voile, accented with variegated flowers, and a matching shawl. Her flowers were miniature white carnations and baby's-breath.

Her only attendant was Jean Wertz, of Boynton Beach, Fla., in a long halter-neck frock of yellow pique, edged in white. Best man was Carl Anderson, of St. Petersburg, Fla.

After a reception at the Coral Reef Yacht Club, they left for Montego Bay. They will live in San Juan.

Miss Hicks Married To Richard S. Fine

Bride's Three Attendants Wear Lavender Chiffon; She Chooses Lace and Candlelight Chiffon Gown for Evening Rites

Planning to make their home in Devonshire road, Detroit, when they return from a vacation in northern Michigan are Mr. and Mrs. Richard Sherman Fine, who were married Friday, June 23, in Saint Michael's Episcopal Church.

The 6:30 o'clock rites, at which The Reverend Edgar H. Yeoman presided, were followed by a reception at Lochmoor Club.

Mrs. Fine, the former Sally Jean Hicks, daughter of Mr. and Mrs. Charles Ellis Hicks, of Renaud road, chose a floor length gown of candlelight chiffon and Alencon lace, styled with an attached train

and Empire waist, for her evening wedding.

Lace appliques trimmed her long veil of candlelight chiffon, falling from a matching lace-trimmed bow, and she carried a nosegay of miniature white carnations, lavender carnations and baby's-breath.

Miss Scharff Says Vows To Mr. Drury

Newlyweds Motor Through Northern New England After May Rites in Pointe; Elizabeth Scharff Is Her Sister's Honor Maid

The wedding of Anne Deborah Scharff and Jay Michael Drury Saturday, May 6, in Christ Church, Grosse Pointe, with The Reverend Arnold Fenton presiding, was followed by a reception at the Country Club of Detroit.

The bride is the daughter of Clinton R. Scharff, Jr., of Vendome court, and the late Mrs. Scharff.

The bridegroom is the son of Mr. and Mrs. Lawrence C. Drury, of Ogunquit, Me., where the newlyweds, after a motoring vacation in northern New England, are making their home.

For her 4 o'clock marriage, the former Miss Scharff chose an ivory peau de soie gown fashioned with antique ivory lace sleeves and yoke, fastened at her back with covered buttons and featuring double back bows extending into streamers, and a Chapel train.

She wore her mother's lace headpiece and English silk illusion veil, and carried an arrangement of Eucharis lilies, stephanotis and ivy.

Elizabeth Scharff, in a long frock of pale blue ruffled voile and a matching picture hat, was her sister's honor maid.

Bridesmaids, in lemon vel-

low voile with lemon picture hats, were Mary Jane Dawson and Diane Twomey, of Newburyport, Mass. Their bouquets were fashioned of daisies, bachelor buttons and ivy.

Scott K. Drury acted as best man for his brother, and in the usher corps were Clinton R. Scharff, III, brother of the bride, James Marsh and Fredrick Doepeke, both of Greenwich, Conn.

Mrs. Drury selected a long gown of bone silk crepe, styled with a pink lace bodice and mandarin collar, for her son's wedding.

Out-of-town guests included the bride's grandmother, Mrs. Clinton R. Scharff, of Fort Lauderdale, Fla., the bridegroom's grandparents, Mr. and Mrs. Fredrick Danielson, from Ogunquit, George E. Westerholm, of Pompano Beach, Fla., the Dan Seymours, of New York City, Mr. and Mrs. Christopher Morris, of Manchester, N.H., and Peter Rice, of Kittery, Me.

MRS. JOHN NEUMAN, of Aline drive, daughter of Mr. and Mrs. JAY ARNOLD, of Oxford road, has received a Bachelor of Science degree in Nursing from Wayne State University.

Honor Newest Braille Experts

The Braille Volunteers of Grosse Pointe held a luncheon May 25, at the Grosse Pointe War Memorial, to honor members who recently completed the course in Braille Transcribing, and members who received their Transcribing Certificates from the Library of Congress during the past year.

Members who completed the course are Miss Terry Book, Mrs. Nancy Delaney, Mrs. Lee Francis, Mrs. J. E. Irvin, Mrs. Gail Klein, Mrs. Gloria Look, Miss Maureen Manzaroli, Mrs. Donald Navarro, Mrs. Bruce Ott, Mrs. Sally Todd and Mrs. Charles Van Doren.

Recently-certified transcribers are Mrs. Charles Elliott, Mrs. Constantine Eugenides, Mrs. Robert Hanson, Mrs. Charles Pettke, Mrs. Donald Povlitz, Mrs. Eric Reinhold, Mrs. James Simmons and Mrs. Walter Tschaech.

The party for 50 Volunteers and guests was planned by Mrs. Ross Taylor, with the assistance of Mrs. John McNamara. Special guest was Miss Harriet Helms, coordinator of Children's Services, Grosse Pointe Public Library.

The guest speaker was Mrs. Henry Kramer, Braille Resource teacher at Dearborn High School.

Mrs. Kramer was a second grade teacher in New York before coming to Michigan. After receiving her degree in Special Education from Wayne State University, she became a Braille instructor at Dearborn High School. Although Mrs. Kramer spoke on the Great Need for the Volunteer Braille Transcriber, for the most part she answered questions

posed by the audience. She was assisted by Cheryl Grebeck, a recent graduate of Dearborn High who accompanied her to the luncheon. Miss Grebeck, a recent graduate of Dearborn High, is a remarkable young lady who, though blind, makes her own clothes, knits, crochets, makes jewelry and plays the guitar, in addition to participating in many sports.

The Volunteers, in the past four years, have transcribed 25,500 pages of Braille, (152 volumes), including textbooks, foreign language books, cooking instruction books, school directories and fiction, for adults and children.

This summer, members are busy transcribing 25 books requested by schools and libraries in Michigan and neighboring states.

The members of the last class working on their manuscripts for the Library of Congress visited the Marquette School May 10 to observe and learn techniques employed in teaching blind children.

Last fall, 25 Pointe Volunteers traveled to Lansing to visit the Michigan School for the Blind.

The Braille Volunteers wish to thank the Nu Chapter of Alpha Delta Kappa, Mrs. George Jobbitt, Mrs. Irma Van Slambrouck, Mrs. Elma Schleicher, Mrs. John Mc-

Carthy, Mrs. Jane Howard, Mrs. M. M. L'Heureux, Mrs. Joseph Louisell, Mr. and Mrs. John Bennett, Mr. and Mrs. Donald Navarro and an anonymous donor for their generous contributions in the past year.

These contributions have been most valuable in helping the Volunteers not only to produce a greater volume of bound books, but to do so without interrupting their work for solicitation of financial aid.

Braille Transcription classes resume in September at the Grosse Pointe War Memorial Center, with Mrs. John McNamara, voluntary teacher for the past seven years, again serving as instructor.

She will be assisted by Miss Eva Carabell, who has worked as a volunteer for the past five years.

Anyone looking for a worthwhile project for the winter months may call 881-9566 for further information about the class.

Kerry R. Lubber Claims Bride

Claiming Mary Ann Carol Giannosa, daughter of Mr. and Mrs. Angelo Michael Giannosa, of Mallina street, Detroit, as his bride Saturday, June 24, in Old St. Mary's Church was Kerry Robert Lubber, son of the C. E. Lubbers, of Hawthorne road.

After the 10 o'clock rites and a reception at the Grosse Pointe War Memorial, the newlyweds left to vacation in Williamsburg, Va. They will be residing at Oakland University, Rochester.

For the morning ceremony, the former Miss Giannosa wore her father's sister's wedding dress, fashioned of ivory satin with double panels, front and back, of antique lace.

The heirloom gown, with

its long train, was fastened, hem to neck, with satin-covered buttons.

Lace edged her illusion mantilla, framing her face, and she carried a single, peach-colored long-stemmed rose.

She was attended by her sisters, Kathleen Jeroy, of Petoskey, and Marjorie May Giannosa, in peasant frocks of muted beige and peach, long-sleeved, with white antique lace cuffs, and lace-edged aprons.

Peach grosgrain ribbon was braided through their hair, and they carried bouquets of mixed peach and white garden flowers.

James E. Lubber acted as best man for his brother. Ushers were Peter, Jack, Joseph and Thomas Giannosa, the bride's brothers.

The mother of the bride chose a long-sleeved, formal length, pale green gown, the bridegroom's mother a long, sleeveless dress of pale pink, with a rose front panel.

SHORES CYCLISTS

On the recommendation of
Chief Joseph Vitale, The
Shores trustees approved an
increase in the bicycle li-
cense fee. A bicycle license
will cost \$1 as of July 1,
1972, so bargain-hunting
bicycle riders had better ped-
dle over to 795 Lake Shore
road pronto. The trustees
passed the license hike as
the present 50 cents fee does
not cover the cost of present
licensing forms.

**SUMMARY OF THE
MINUTES**

June 19, 1972

The meeting was called to order at 8:00 p.m.

Present on Roll Call: Mayor William G. Butler,
Councilmen James H. Dingeman, Mark C. Stevens,
Nancy J. Waugaman, Richard C. Hudson and E.
Rust Muirhead.

Those Absent Were: Councilman W. James Mast.

Also Present: Mr. John R. Axe, representing the
City Attorney.

Mayor William G. Butler presided at the meeting.

Councilman Mast was excused from attending the
meeting.

The Minutes of the Regular Meeting which was
held on June 5, 1972, were accepted as submitted.

Following a Public Hearing on the matter, the
Council adopted the "Land Use Plan for the City of
Grosse Pointe Farms," as prepared and submitted
by the firm of Parkins, Rogers & Associates, In-
corporated.

The Council granted the appeal of Mr. George
Simon, of 211 Vandome Road; thereby authorizing
him to construct a ten-foot tennis court fence on his
property at the foregoing address.

The Council granted the appeal of Mr. Peter A.
Dow, of 294 Hillcrest Road; thereby authorizing him
to erect a six-foot brick wall on the portion of his
property at the foregoing address, which adjoins the
public sidewalk along Beaupre Road.

The Council approved the low bid of the Vanop-
denbosch Construction Company, in the total amount
of \$19,365.00, for furnishing the necessary labor,
materials, tools, machinery, and apparatus or other
means of construction to complete the work involved
in the 1972 Curb, Catch Basin, Sidewalk Repair and
Replacement Program, as stated in the specifications.

The Council approved payment of a statement
from the Michigan Municipal League, in the amount
of \$954.00, for the City's annual membership fee
for one year's services of the League for the period
July 1, 1972 through June 30, 1973.

The Council scheduled a Public Hearing before
the Zoning Board of Appeals on July 17, 1972, for
the purpose of hearing the appeal of Mr. Franklin J.
Forkin, for issuance of a Special Exception Permit,
which would enable him to operate a local bicycle
repair service on the premises of his commercial
establishment, the "Craft Merchant," located at 11
Kercheval Avenue.

The Council scheduled a Public Hearing before
the Zoning Board of Appeals on July 17, 1972, for
the purpose of hearing the appeal of Mr. Thomas F.
Dansbury, of 82 Mapleton Road, from the denial of
the Building Department to issue a Permit for the
construction of a one-story addition to the rear of
his home at the foregoing address.

The Council appointed Mr. Ledyard Michell, Jr.
to serve as the City's Director; and Councilman
Richard C. Hudson to serve as the City's Alternate
Director to the Grosse Pointes-Clinton Refuse Dis-
posal Authority, each for a term ending in September,
1973.

The Council adopted a resolution to provide paid
medical, hospital and nursing care insurance, effec-
tive August 1, 1972, in accordance with Sections 16.40
and 17.39 of the City's Charter, as amended, for
qualified retirees of the City and their beneficiaries,
in a premium amount not to exceed a total of \$30.00
per month per retiree and his beneficiary.

The Council adopted a resolution to postpone the
Regular Meeting scheduled to be held on July 3,
1972, until 7:30 p.m. on Monday, July 10, 1972.

Upon proper motion made, supported and car-
ried, the meeting adjourned at 10:35 p.m.

ZONING BOARD OF
APPEALS**

Notice is hereby given that the Zoning
Board of Appeals will meet in the City Hall at
90 Kerby Road, Grosse Pointe Farms, on

MONDAY, JULY 17, 1972

at 8:00 p.m., to hear the appeal of Mr. Franklin
J. Forkin, owner of the commercial establish-
ment located at 11 Kercheval Avenue, the
"Craft Merchant", for issuance of a Special
Exception Permit, which would enable him to
operate a local bicycle repair service at the
foregoing address; as provided in Article VII,
Section 7.4 of the City's Zoning Ordinance,
pertaining to the B-1 District of the City, in
which the premises are located.

**NOTICE OF HEARING
ZONING BOARD OF
APPEALS**

Notice is hereby given that the Zoning
Board of Appeals will meet in the City Hall at
90 Kerby Road, Grosse Pointe Farms, on

MONDAY, JULY 17, 1972

at 8:00 p.m. to hear the appeal of Mr. Thomas
F. Dansbury, owner of the premises located at
82 Mapleton Road, from the denial of the
Building Department to issue a Permit for the
construction of a one-story addition to the rear of
his home at the foregoing address. Such
permit issuance was denied for reason that the
proposed construction would project into the
minimum open rear yard requirement of thirty
feet, and would thereby be in violation of the
City's Zoning Ordinance, Article VII, Section
7.10, which establishes such minimum open
rear yard requirement.

The Hearing will be public. Interested
property owners or residents of the City are
invited to attend.

The Avant-garde . . . of fall fashion are the knits. They are arriving daily at Walton-Pierce. In next week's Walton-Pierce ad, you'll see the great fashion caper . . . a long black knit cape with frog closings which is very nicely priced. Rich greens and browns are favorite colors and are found in Jacquard knit one piece classics. Some trompe-l'oeil as a three piece look. Marvelous mohair blend jackets imported from Italy complete knit pant and shirt ensembles. While we are enjoying summer, we are also previewing fall and coordinating a fall wardrobe from the newest of the new arrivals at Walton-Pierce.

Nino . . . introduced us to Face Up about three weeks ago at Leon's. Since then you've been reading about it and perhaps some of your friends have been using this instant face lift. Its creator explains it as "A patent contour band of silk elasticized velour woven in Switzerland. When properly applied this light weight wonder banishes sags and droops, smoothes wrinkles, widens eyes and gives your whole complexion a brighter, clearer look. Ask Nino to demonstrate Face Up. It is twenty-two dollars at Leon's, 17888 Mack Avenue . . . TU 4-9393.

Where Oh Where . . . is the newest most luxurious condominium in Grosse Pointe? Between Neff and St. Clair, 17111 East Jefferson. You'll find the Jefferson Apartments and the good life. Security and serenity with full comfort keynote the basic planning. A beautiful reception hall welcomes residents and all guests with a full-time attendant on duty to assist and look after the security of each individual. Many sensible details have been incorporated in the construction to insure tranquility and peace of mind such as fiberglass insulation in all walls and floors and concrete sound barrier floors. Each residence is larger than most suburban homes. The grandeur of Georgian detail is skillfully joined with contemporary technology. Visit the model apartment open daily 12 to 5 except Wednesday . . . 882-7708 or 886-4880 Michigan Condominium Corporation.

The Kitchen Aid Hat-Water Dispenser . . . gives you steaming hot water, adjustable to 190 degrees Fahrenheit. Thermostatically controlled and hot enough to make instant foods or drinks. It gives you a fresh start in cooking and helps with special clean up chores. The Kitchen Aid Hot Water Dispenser installs on the kitchen sink or adjacent counter . . . Available at Mutschler Kitchens, 20227 Mack . . . TU 4-3700.

Musk Oil . . . is selling like hot cakes to men and women at Michelle's Boutique, 20227 Mack Avenue. At twenty-five dollars an ounce it's got to be good. It is the individual scent since it's a bit different on everyone subtly picking up your own scent. Eileen calls it "a little bit of heaven." Please note 9:30 to 5:30 Monday through Saturday are the new summer hours at Michelle's. Hours go into effect for June, July and the first two weeks in August. Don't forget Monday is Ladies' Day with special value luncheons, cocktails and a very special fashion show by Michelle's at the King's Table in the First National Building from 11:30 a.m. through 2:00 p.m.

In Martha's Closet . . . 374 Fisher Road, you'll find a chic black and white collection of fashions. A volle black and white geometric print is slicked with a black patent belt. Wide patio pajamas in black and white stripe polyester knit by Kasper is belted in patent and buckled with a red apple. A long black and white cotton floral entertainment features a low back and is accented with black bands. Coordinating accessories at Martha's Closet are the black and white handbags and black and white stoles.

Those Folks At Mr. Q Say . . . charter to San Juan, then cruise the S.S. Caracac, for seven great days . . . Dedicated . . . to the service of the community . . . Notre Dame Pharmacy's prescription department. The staff of five pharmacists offer fulltime experienced personal service. The pharmacy is also noted for its prompt delivery service.

"Free Hair Analysis . . . for roughness, dryness, brittleness, tired hair, split ends, stiffness that worsens each day after a setting, frizziness from permanent waving, exhausted hair, breakage, hair that looks like shredded wheat, just plain sick hair. There's help at Edward Nepl. Mr. Lawrence also says for teenage acne take a soft face cloth with lukewarm water, rub on Amino Pon Beauty Bar until lather is worked up. Apply to affected areas. Cleanse thoroughly. Leave lather on the face for ten minutes. Then rinse, leaving the second application on the skin. This should be done in the morning and in the evening. Purchase Amino Pon Beauty Bar at the Edward Nepl Salon, 19463 Mack . . . TU 4-8558."

Get The Family . . . off to happy start by perking the breakfast table with an egg coddler, decorated with charming flowers and butterflies. It's oven proof and only five dollars at The Sphere, 19849 Mack Avenue.

It's Posh . . . Michael says . . . "The cut's the thing for '72. Nothing is more important to today's coiffure than a skillfully trimmed and shaped head of hair and while the kind of expertise it takes to execute a great hair cut is relatively rare, more and more crimpers are cropping up on the scene. The hair is cut and blown dry. Brush work (with a special round brush) gives the hair body and lift." Where can you find superb crimpers? At the Posh Studio, naturally . . . call 886-1377 for an appointment.

It's a Known Fact . . . area rugs are in. At Ed Maliszewski, 21435 Mack Avenue, there's a complete collection of them . . . in both traditional reproductions and contemporary designs. The color range is wide and the price will fit your pocketbook. Call 776-5510.

FRANCES GILLIS, ESTHER BEAUVAIS AND EVELYN BONNESS, (LEFT TO RIGHT), RETIRING THIS YEAR FROM THE GROSSE POINTE PUBLIC SCHOOLS

By Janet Mueller

Don't they look young? And don't they look happy? There really must be something about working with young people that keeps one young, constantly regenerates one's sense of humor . . . and although, they ceased, formally, to work with young people in our public schools at the end of this school year, we can't imagine them ever old, or dour. It's as if their career years were a forever-young, forever-happy vaccination.

Evelyn M. Bonness, once-upon-a-time, a few weeks ago, Mathematics teacher at Pierce Middle School, is a native of Archer, Neb.

She holds a Bachelor of Science degree from Nebraska's Kearney State Teachers College, a Master of Arts from Columbia University. She also has studied at the University of Colorado, Michigan State University, the University of Nebraska, Wayne State and Western Illinois Universities.

Victim of Depression She began her teaching career in her hometown, Archer, in a one-room schoolhouse. She made \$85 a month. The next year, teaching in town, she pulled down \$100 a month. Then she decided to go back to school herself. "You might say it was a mistake. I came out in the heart of the Depression, and for the next two years I got \$80 a month."

Miss Bonness taught in Linwood, Tobias, Burwell and Kearney, Neb., before coming to The Pointe. She's been here, with the public schools, for 27 years.

She'll be staying here, able to watch the Late Show all the way through, knowing she can sleep in the morn-

ing, ("I never HAVE slept in, but now I'll know I can"), able to take up her friends on spur-of-the-moment, mid-week excursion invitations, ("If only you were more free," they'd say. Well, now I am").

A Globe-Girder A great traveler, two-time globe-girder, two-time visitor to Africa, veteran of trips to Europe, South America, Hawaii, she'll continue to travel. Alaska, for 24 days, is on this summer's schedule, followed by a visit with her family in Nebraska. "I haven't seen them for two years."

Photography is among Miss Bonness' continuing interests. She belongs to the Grosse Pointe Camera Club, has taken camera classes and loves to experiment with lenses, filters, et al. Currently, she owns three cameras.

Too, she likes to play the piano, knit, decoupage, read. Evelyn Bonness has been "very definitely" looking forward to retirement — but she's NOT going to be sitting down!

She expects she will miss being with young people. "I don't know that children have REALLY changed that

much," she says, musing over her teaching years. "Mine is an interesting age group. One day they'll be kiddish, the next so grown up. They can be charming — and THEN!"

It keeps you on your toes, exasperated sometimes, frustrated occasionally, but very often laughing. It keeps you young.

Counted The Days Frances C. Gillis, once-upon-a-time, a few weeks ago, counselor at North High School, admits, starting in late April, continuing through May, to counting the days until the end of the school year.

It's not that she was so anxious to begin her early retirement. It's just that this has been a rather unusual year, and Mrs. Gillis was ready to trade her interim bedroom shared with Travis Newkirk Schade, born Christmas Day, for permanent quarters with her husband, George, in Ohio.

George has been counting the days, too.

What happened to separate Mr. and Mrs. Gillis was this: George learned he'd been transferred, named comptroller for the Fruehauf plants in Delphos, O., after his wife had signed her contract for the 1971-72 school year. Fran could have gotten out of it, of course — but the Gillises, long-time Pointers, she taught for six years in Connecticut prior to her marriage, resumed her career in The Pointe as a day-to-day substitute in 1953, and leaves the Pointe public schools after 17 years of service, had a lot of local winding up to do.

Expectant Daughter Besides: Daughter Dorothy (Mrs. Phillip) Schade, a Ferry teacher through May, 1971, was expecting what turned out to be Travis, the Schades' first child.

Travis is the Gillises' fourth grandchild. Their son, David, a Yale graduate, in Real Estate now in Florida, is the father of three little girls: Jennifer, Leslie and Carrie. Their other son, Steve, a Vietnam veteran and University of Michigan graduate, is working in Ann Arbor while his wife finishes her degree.

"Dates are fun, but it's a long time in between," says Mrs. Gillis of her Commuting Year. The Gillises have been seeing each other on weekends, George coming "up" or Fran going "down."

Their home in Ohio is all ready for her, (those "down" weekends were spent, by and large, settling in), and she and George have already christened it with a party, inviting their Michigan Gourmet Club friends to try dining out south of the border.

Had 17 Acceptances "Fine!" said the friends, and down they came, 17 of them, headquartered in a motel, enjoying cocktails and a Sunday brunch at the Gillises'.

It's been an interesting year. George, a Monday through Friday bachelor, has learned to cook a mean hamburger. Fran hasn't minded sharing Travis' room: "It's fun for me to be there. A new baby is something I haven't had for quite a while!"

But enough is enough, and Mrs. Gillis is quite ready to make the move permanent. Born in Geneseo, N.Y., she studied at the Teachers' College of Connecticut and the University of Connecticut, received two degrees from Wayne State University and has attended classes at the University of Michigan, Michigan State and Eastern Michigan University.

She began in The Pointe as an elementary teacher, went to Pierce to teach Social Studies and became a counselor, and has been at North since it opened in 1968. "I had an interesting time following my children. When I was a junior high level counselor, my son was in junior high. I decided to teach in the school in which he was NOT."

Taught in Hawaii She taught one summer in Hawaii, at Kamehameha Schools, on the invitation of Dr. James Bushong, who had left his position as Grosse Pointe's School Superintendent to head Kamehameha. It was a wonderful summer. She helped the native children improve their communication skills, and she learned from them, trying her hand at Hawaiian crafts and customs. She lived right on the Schools' grounds.

Before she left, she visited all the islands. Mrs. Gillis has been president of the Grosse Pointe Education Association and of Delta Kappa Gamma. She has been active in church work in The Pointe. She served recently on the executive board of Grosse Pointe Citizens for Education.

She doesn't plan to teach in Ohio. She enjoys working with her hands, working with antiques, and she's been remembering how she liked participating in YWCA activities when she lived in Connecticut. She may knock on the YW's door again.

Ambivalent Feelings Her feelings on leaving teaching, on leaving The Pointe, are ambivalent: "I didn't want to leave the area. I like what I've been doing. When you have direct personal contact with a student, on a one-to-one basis, you see him in a whole new way."

"The crustiness comes off, and you see the tenderness underneath."

Mrs. Gillis, who, if she had it to do over again, would choose the same career, smiles when she talks about that "tenderness underneath." And looks much too young to be a grandmother.

Esther W. Beauvais, once-upon-a-time, a few weeks ago, third grade teacher at Kerby School, would, if she had it to do over again, choose education as a career again, too.

"To me, teaching is a profession, more than just a job," Mrs. Beauvais maintains. To the parents who've had children in Mrs. Beauvais' classes, she's a professional-plus. "If you want your child to be really stimulated, put him in Mrs. Beauvais' room," they've said, for years, passing the word on from friend to friend.

Children Agree The children agree. "I love the way the kids come back and visit," Mrs. Beauvais smiles. And she loves to receive their high school, and college, graduation announcements. She loves it when they surprise her, on her birthday, with pop and pizza.

Esther Beauvais is a native Californian, born in Sacramento, daughter of a native Californian. Her father's father owned express ponies in California. Her father went even farther west, to Hawaii, to build the Libby's cannery, and Esther remembers sitting in front of her home on King street, in Honolulu, (she was too young to be in school), waiting for Queen Liliokalani to come by. She knew the Queen was THERE, and she thought,

with simple childish logic, that OF COURSE the Queen would sometime come by on KING street.

When she was still very young, the family returned to the Mainland, settling in Oregon, where Esther grew up. She was graduated from the University of Oregon and taught in Salem before moving to Lakewood, O.

Came Here in 1943 She came to The Pointe in 1943. World War II had begun, she wanted to get away from the West Coast, she had a sister living here. She had been an Art teacher, so she applied for a job as an Art teacher with the Pointe Schools. She was assigned to Richard, and worked there for two years. Then she was married, and for the next 12 years, stayed home.

Finally, when the Beauvais' daughter, Corinne, was in the fifth grade at Montclair, Esther spoke up. She didn't want to stay home anymore. She liked to teach. The schools needed teachers.

After a brief family argument, Mr. Beauvais gave in. Esther returned to the classroom, as a substitute. Then she returned as a pupil, taking her Master of Arts degree at Wayne State University.

She Wanted More "Art was fun, but I wanted more. I love the third grade. The children are so wonderful, so dear, their reactions so spontaneous. . . I really will miss them."

Mrs. Beauvais has taught at Kerby for the past seven years. She also taught in St. Clair Shores' Lakeview District, and has earned graduate credits at Michigan State University, the University of Michigan and the University of Southern California.

There, and she thought,

Short and to The Pointe

DR. WOODBURN O. ROSS, of Kensington Road, Wayne State University Ombudsman, is retiring this June after more than 35 years' service to the University. He joined the WSU faculty in 1936 as an assistant professor of English, was director of Montclair College at its inception and in 1963 was named Dean of Montclair, and joined the President's staff as Ombudsman in 1971. He holds Bachelor of Arts and Master of Arts degrees from the University of Missouri, a Ph.D. from Yale, and prior to coming to Wayne was on the faculties of Dartmouth College, the University of Missouri and the University of North Dakota. A member of the Modern Language Association, Sigma Phi Sigma social fraternity and Pi Kappa Delta and Delta Sigma Rho forensic fraternities, he edited "Studies in Honor of John Wilcox" and "Short Stories in Context" with A. D. Wallace, and authored "Middle English Sermons."

Among candidates for Bachelor's degrees at Alma College's 85th commencement June 10 were NANCY A. ALWENS, daughter of Hidden Lane, ELIZABETH LIVINGOOD, daughter of Dr. and Mrs. CLARENCE LIVINGOOD, of University place, and SHERYL ROBERTSON ROSLUND, daughter of the GORDON H. ROBERTSONS,

of Hampton road. MARGARET R. ODELL, daughter of the JAMES M. ODELLS, of Balfour road, received her degree at the end of fall term last December.

HARLEY HIGBIE, son of MR. and MRS. CARLTON M. HIGBIE, JR., of Kenwood road, is a student at Webb School of California, which recently dedicated a new campus building, the Seeley G. Mudd Mathematics Building, during its 50th commencement exercise. Mr. Higbie is a trustee of the independent secondary school, organized as a non-profit corporation under a California law, open to young men without regard to race, creed, color or national origin.

MR. and MRS. RICHARD MCCELLERLING, of Audubon road, announce the birth of a son, THOMAS EDWIN, June 2. Mrs. McCellerling is the former EMILY HARDING, daughter of MRS. JOHN HARDING, of University place. Paternal grandparents are the EDWIN MCCELLERLINGS, of Fort Wayne, Ind.

CAROL A. COLLYER, daughter of the FRANK F. COLLYERS, of Harcourt road, has received her Bachelor's degree from the University of Massachusetts at Amherst, where she was a member of the Equestrian Club and Equestrian Drill Team and was named to the Dean's List.

She's a widow now. Her sister is living in Naples, Fla., her daughter in San Francisco, working in an advertising agency. Corinne taught for two years outside of Boston, and may go back to teaching one day. It's a profession that's always there.

Mrs. Beauvais belongs to Alpha Delta Kappa educational honorary. She swims once a week at the Women's City Club, has a subscription to the Fisher Theatre and regularly attends Detroit Symphony concerts.

She loves flowers, loves gardening, loves interior decorating. A member of the First Church of Christ, Scientist, she served on the Church's building committee.

Has Travel Plans She likes to read—one of the things she's most looking forward to, in retirement, is being able to read a book SLOWLY — and she's traveled a great deal. She'll be off to Japan in the fall, visiting museums and porcelain factories with a group led by the same professor who took Corinne on her senior year abroad.

She'll stop off in Hawaii, first time back since the waiting-for-Queen-Liliokalani days, "for a rest," on the way home.

Home will remain The Pointe. Esther's retiring by choice, and she plans to enjoy her home, her community, to do all the things that have had to wait because there was "no time." She may go down to the Art Institute as a volunteer Docent. "I've had a great life," she says happily, obviously expecting that great life to continue. No reason why it shouldn't.

When you're young, all things are possible.

Maybe I'm being naive, but it seems to me that if all airlines would Boycott any country that allows sanctuary to a skyjacker, it would cut down the number of thefts.
