### HEADLINES

#### of the WEEK

As Compiled by the  
Grosse Pointe News

**Thursday, March 1**  
**MILITANT INDIANS** holding 10 hostages and demanding to see two U.S. senators exchanged gunfire briefly with federal marshall's Wednesday in Wounded Knee, S.D. There were no reports of injuries and an Indian spokesman repeated earlier assurances that the hostages would not be harmed by the demonstrators in control. Demands included an investigation of the dealings of the Department of the Interior and the Bureau of Indian Affairs with the Oglala Sioux, and, in general, an airing of Indian grievances.

**Friday, March 2**  
**PALESTINIAN TERRORISTS** burst into the Saudi Arabian embassy in Khartoum, Sudan, Thursday, seized two American diplomats and several other persons, and demanded the release of Sirhan B. Sirhan and more than 70 jailed guerrillas. French, British and Soviet ambassadors escaped by climbing over a wall during the initial confusion; one remaining Belgian diplomat was reported wounded in gunfire. The guerrillas, part of the Black September group, were brandishing guns and wearing masks.

**Saturday, March 3**  
**A HUGE CRANE**, unmanned, plunged through 23 stories of an apartment building under construction in Bailey's Crossing, Va., Friday, slicing it in two as it crashed through floor after floor to the basement. At least six workmen were killed and 34 injured. The two ends of the structure remained upright, but officials feared that the rest might collapse. Some survivors were rescued from the remnants of the top floor by Army helicopters before the pilots were warned away from vibrations collapsing the rest of the structure. Damages were estimated at \$10 million.

**Sunday, March 4**  
**MORE POW'S** were released Sunday as the third contingent of liberated American prisoners of war started leaving Hanoi. The first of the 106 POW's to be released during the day left Hanoi's airport about 1 a.m. Detroit time on a C-141 hospital plane for the flight to Clark Air Force Base in the Philippines, where they will undergo medical checkups before heading for the U.S. The withdrawal of American troops from South Vietnam has also resumed. With the latest releases, a total of 299 Americans will have been freed, leaving 295 still imprisoned.

**Monday, March 5**  
**IN KHARTOUM, SUDAN**, eight Palestinian Black September guerrillas surrendered at dawn Sunday, ending a 60-hour siege of the Saudi Arabian Embassy in which a Belgian and two American diplomats were murdered. Two Arab hostages were freed unharmed. The terrorists were taken immediately to a military prison. Dead are U.S. Ambassador Cleo A. Noel, 54, Deputy Chief of Mission George Curtis Moore, 47, and Belgian Charge d'Affaires Guy Eid, 38.

**Tuesday, March 6**  
**TWO SPANISH AIRLINERS** collided over western France Monday. One of them crashed after exploding into flames, killing all 68 persons aboard, but the other, carrying 106 persons, landed safely more than 100 miles away. The disaster occurred during a strike of civilian air control tower technicians. French military technicians were manning the towers at the time. The ill-fated plane, a Spanish Iberia Airliner DC9, crashed 18 miles south of Nantes, 205 miles southwest of Paris. The second plane, a charter flight, continued on to Cognac, 122 miles south of Nantes, where it landed at an air force base.

### Pointe VIP's Kick Off Rotary Antiques Week

Practicing the ribbon cutting which will open Grosse Pointe Rotary's 18th Annual Antiques Show-Sale in the War Memorial Center are (left to right) Co-chairman JOHN MacCARTNEY, Farms Mayor WILLIAM BUTLER, Park Mayor MATTHEW PATTERSON, Publicity Chairman GEORGE MEASEL, Co-chairman WILLIAM

PETERS and City Councilman GEORGE D. HENRY. The Antiques Show will be held this weekend, from Friday, March 9, through Sunday, March 11. Tickets are \$1.50 at the door or \$1 in advance sale from Rotarians. Proceeds from the show support Rotary Club's many community projects.

### Woods Gives Nod to Shift Of Precincts

Adopts Ordinance to Revise, Establish and Describe Boundaries of Voting Areas

An ordinance to revise, establish and describe the boundaries of the election precincts in The Woods was unanimously adopted by the council in action taken at the regular meeting Monday, March 5. The previous measure, (Ordinance No. 330), is now repealed with the revised ordinance becoming effective Thursday, March 15.

The revision resulted from the redistricting of the city by the State Legislature. A majority of the city is in one Senate district while another portion is in a new district. So the precinct boundaries were realigned to sustain the Senate district and to equalize the precincts regarding the number of voters in each as much as possible.

Places of voting in the 12 precincts are as follows: election precinct number one, Parcels Middle School; number two, Barnes School; numbers three and four, Mason School; numbers five and six, The Woods Municipal Building; number seven, Ferry School; number eight, Barnes School; number nine, Grosse Pointe Memorial Post No. 303; number 10, Montclair School; number 11, Parcels Middle School, and number 12, Ferry School.

### Woods Expects to Qualify Soon for Flood Insurance

By Roger A. Waha  
The Woods will soon receive notification from HUD on whether the city qualifies for flood insurance. And it seems a solid bet that it will.

In order to forward an application to Washington, D.C., for final certification, the council unanimously adopted two resolutions at the regular meeting Monday, March 5.

City Administrator Chester E. Petersen told the council he received a recent call from Washington advising him the city's application would be approved upon receipt of the two resolutions. He hopes to receive official notification around Friday, March 16.

### Brownell Sixth Graders Become Deeply Involved In Problems of Animals

Overpopulation, Saving of Endangered Species and Work of Zoo and Humane Society Spawn Varied Projects

By Nancy Borth  
The reaction of the sixth graders at Brownell Middle School was that of indignation. They were outraged by the rows and rows of cages of dogs and cats depicted in the film. Most of these animals, the film told them, would have to be destroyed.

They were outraged by the excuses given by pet owners as they brought their pets into the Humane Society to give them up.

"He's too big now, he used to be such a darling puppy," one woman said.

"We're going on vacation now so we thought we would get rid of him now," said a man who brought in an older dog.

"She's just had too many puppies and I'm tired of her," said another woman as her child whimpered at the thought of giving up his dog. These were some of the scenes in a film the sixth graders saw at Brownell entitled, "Why the Animals Cry." The children were also disturbed by another film about animals, "Say Good-bye," which dealt with the disappearance of entire species of animals from the face of the earth.

**Step Toward Kindness**  
Mrs. Mary Jane Better and the sixth grade teachers at Brownell believe that the first step towards being kind to your fellow human beings is being kind to animals.

The sixth graders at Brownell have taken that first step.

### 15 Would Like To Be Judge

Fifteen applications have been received for the office of interim municipal judge in The Woods, (as of Tuesday morning, March 6), according to City Administrator Chester E. Petersen. The period is from April 1 through the November elections.

The Woods Council at the regular meeting Monday, March 5, held a brief recess on the request of Mayor Pro Tem Marvin R. Boutin in which this matter was discussed. After the recess, Mr. Boutin said a decision would be made on the position on or before the retirement of Municipal Judge Don J. Goodrow.

Judge Goodrow retires April 1 after 28 years of service to the community. While his term doesn't expire until 1975, a judge will be elected for a two-year period in November to fill his unexpired term.

### Charge Pair For Theft at Gas Station

Farms Officers Make Arrest After Monitoring Radio Report from Detroit Police

Two Farms policemen, Cpl. Otto Glanert and Patrolman Gordon Evans, were cruising on Mack avenue when they received a radio run to investigate a report of a robbery of a Shell Service station, Mack and Gateshead, just over the Farms city limits in Detroit. They were dispatched because they were close by.

The Detroit police call was monitored in their police car. The time was 9:32 p.m. on Sunday, March 4.

Glanert and Evans sped to the station, where an employee informed them that two white males had escaped north on Gateshead in a green 1966 four-door, hardtop Pontiac, allegedly after taking some cash from the building.

The employee told the officers that one of the pair involved was named "Jerry", which Evans happened to recall was a former worker at the place. The worker supplying the information could only give the policemen the three letters of the license plates.

The Farms officers cruised the area for several blocks, and located a car much like that described as the getaway vehicle. The three letters also matched the plates said to have been on the auto.

Glanert and Evans said they spotted the vehicle parked in front of Pete's Bar, 17839 East Warren. They entered the place and saw two men seated on stools at the bar, drinking and arrested them on suspicion. The names of the suspects were withheld pending further investigation.

Detroit police were notified of the arrests, and a scout car crew was dispatched to the bar to take the two men into custody. Before the Detroit officers arrived, Glanert and Evans searched the arrested pair. In the pocket of one, they found \$275.

The money and the suspects' car were released to the Detroit patrolmen. The pair were identified by the gas station employee as the two who were in the place.

Glanert and Evans, in their report, said there was no actual hold-up. They said approximately \$600 had been reported taken by the suspects.

### Bus Line Shows \$6,043 Deficit During January

Pointes and St. Clair Shores Must Again Dig into Pockets to Subsidize Month's Operations

By Roger A. Waha  
The five Pointes and St. Clair Shores, all of whom recently approved a three-month extension agreement with SEMTA, (Southeastern Michigan Transportation Authority), will be reaching into their pockets.

For the Authority's deficit for January was \$6,043 and the communities are responsible for up to \$5,000 according to the extension agreement which runs from January 1 to March 31.

Each community pays a specific percentage of the \$5,000 per month operating subsidy to SEMTA, (if needed), with The Woods paying 27 percent, St. Clair Shores, 25 percent, The Park, 20 percent, The Farms, 18 percent, The City, eight percent, and The Shores, four percent. This means The Woods will pay \$1,350 for the January deficit, while St. Clair Shores will pay \$1,250; The Park, \$1,000; The Farms, \$800; The City, \$400, and The Shores, \$200.

Only Month  
Daniel D. Morrill, SEMTA assistant operations manager, said January would be the only month in which the communities would have an obligation to fund the deficit. He noted SEMTA may have to ask for payment of estimated February and March deficits but the communities would be refunded in May when monies are expected from the State as part of the two-cent gasoline tax hike, which became effective February 1.

While the specific February deficit figure isn't compiled yet, Mr. Morrill expects it to increase due to the negotiated labor contract which became effective February 2, and because of the recently instituted lower school and senior citizen fares. School fares, for example, were (Continued on Page 2)

### Thieves Take \$400 Piccolo

A 19th century piccolo, one of a kind and the only one in the Detroit area according to its owner, was taken from the North High School band room Sunday, March 4.

Pierre Palmentier of Fair court road told Woods Public Safety Officer William Desilets someone took the piccolo during the afternoon. It was left in a small, black case on a coat rack, upon searching the room, Mr. Palmentier found the empty case.

He described the instrument as between 120 to 150-years-old, black in color with a silver mouthpiece, and named "Louis Lot, Paris."

Palmentier valued the piccolo at around \$400.

Police said the janitor reported the band room was left open and unlocked, but he did not observe anyone inside the area.

### Mothers Back in School As Volunteer Health Aides

By Kathy Duff

They trail in all day long. Some with headaches, some with stomach aches, some with cut fingers and some with symptoms of an upcoming bout with the flu. It's the school clinic at Brownell Middle School and South High School, now staffed with volunteer mothers wearing crisp Red Cross aprons.

But it hasn't always been that way. Since June 1970, the Pointe public schools have been without school nurses, a result of recent millage cutbacks. Without the nurses, a sick child had to try to make it through the school day, or to seek out an administrator to call home. The administrators were not equipped to handle the sick children, so there

### 'Sandbag' It Watchword Of Pointers

Enthusiastic Crowd Participates in Community Effort to Dike Neff Park

By Holly Angell  
Pointers joined for a common cause on Saturday, March 3, when they converged on Grosse Pointe City's Neff Park to fill and tie and lift sandbags for a waterfront wall.

The cold and rainy weather certainly wasn't conducive to outdoor activity. But that did not dampen the volunteers' spirits. Over 50-strong, they came and made their dents in the sand pile.

The crowd was varied: mothers and fathers, high school and middle school boys and girls, young children, a few babies and even a dog.

**Wear Practical Garb**  
Practical garb was the order of the day: blue jeans, boots and ski parkas predominating. Only Ms. Audrey Polter flashing a "Women's Rights Now" badge on a brilliant yellow outfit, stood out in color.

City employees in the Department of Public Works came equipped with shovels and strings for the helpers and loading trucks to lift the bags to the waterfront. City Manager Thomas Kressbach and Superintendent of Public Works Douglas Collinson, oversaw the project.

The workers were not limited to City residents only. Bill Mogk, principal of Pierce Middle School was there along with Bill Bakeman, head of Pierce's Outdoor Club and some 20 club members. Members from St. Paul's Boy Scout Troop 61 were also in attendance.

Peter Ruffner and Tom Cornille, both of University place, arrived at 8 a.m. although work didn't officially begin until 10 a.m. They had the unique distinction of filling the first bag.

**Sustenance Supplied**  
Pepper-uppers in the form of sandwiches, donuts, coffee and hot chocolate were supplied by Mrs. Donald Blain, Mrs. William Newman, Mrs. Edward Krull and Mrs. Hudson Mead with Mrs. G. William Duffield, president of Environmental Action Now, as organizer.

### Cottage Asks Rezoning For Parking

Ordinance Amendment Not Compatible to Overall Planned Development of Area

By James J. Njaim

At a public hearing held on Monday, March 5, The Farms Council rejected a request from Cottage Hospital to rezone three pieces of property across from the hospital building from residential to parking.

Hospital officials had requested the rezoning as a means to alleviate the on-street parking problem on Muir, Kenwood and Lewis-ton, between Kercheval and Charlevoix, on Ridge road, Kercheval and on Mapleton. Parking on these streets has been a big problem to residents of the area, since the hospital erected a new addition to its facilities. The new addition is not yet completed.

The major complaint of the residents of the area affected is that employees and visitors at the hospital have practically taken over the on-street parking spaces normally used by the householders, thereby depriving these citizens of the right to park in front of their homes.

**Committee Named**  
A committee comprised of hospital and resident representatives, at the request of Mayor William Butler, met recently in an effort to resolve this thorny problem, and at a council meeting held on February 5, the representatives informed the solons that every effort was made to try to solve this very difficult situation.

At the February 5 session, the council received a survey report from Police Chief Robert Ferber, done at the request of the solons, in which it was revealed that not only are the cars of employees parked on the streets, but also vehicles belonging to doctors, visitors, salesmen and members of the Women's Auxiliary.

Ralph L. Wilgarde, Cottage Hospital administrator, conceded, as pointed out by one of the residents at the meeting, that the hospital was a guest in the neighborhood, and Wilgarde said "a good guest does not try to enforce its will on its neighbors."

**Anxious to Cooperate**  
He said that every effort will be made to cooperate with the city council and with the residents of the area in any way that will alleviate the problem. Whatever decision the solons make will be accepted by the hospital administration for the creation of better relations with Cottage's neighbors.

### Vandals Cause \$1,200 Damage

The Woods Department of Public Safety received three reports of malicious destruction of property along Mack avenue within a five-minute period Sunday, March 4. In each case, someone shot H.B. or pellet holes through windows of three business places. The combined, total value of the windows is around \$1,200.

Public Safety Officer Albert Abend discovered where the culprits shot a hole in the rear door, and in the front window, of Manufacturer's National Bank, 21312 Mack. The front window measures six-by-10-feet, police said. The value of both is approximately \$600.

The officer also found damage to the front door glass of the Carlisle Brake Lining Corporation, 21304 Mack, in which two holes were discovered. The value of this is around \$200.

Another hole was discovered in the front window of the Haas Precision Industries, 21308 Mack. This window reportedly measures six-by-10 feet in size. Its value is approximately \$400.

## Farms Council Rejects Cottage's Rezoning Request

(Continued from Page 1)  
One resident living in Ma-  
pleton, who read from a pre-  
pared statement, charged  
that when the hospital ap-  
proached the council for per-  
mission to construct its addi-  
tion, the hospital officials  
promised that Cottage would  
be "self-contained."

The resident said he op-  
posed a proposed ordinance  
amendment which would re-  
zone the property owned by  
Cottage, from residential to  
parking because the city is  
overburdened with tax-free  
land.

**Long Range Planning**  
Mayor Butler said that the  
council is dedicated to long-  
range planning, not only in  
the interest of the city, but  
also to the residents living in  
the area surrounding the hos-  
pital and the hospital itself.

Re zoning of the isolated  
pieces of land in question is  
not sound planning of the  
property, he said. However,  
he pointed out, this planning  
must be done on a place-  
ment basis, rather than all  
at one time.

Councilwoman Nancy Wan-  
garden suggested two alter-  
natives. One was that in order  
to resolve the situation, the  
city must meet the problem  
head-on, and proposed that  
the council authorize the in-  
stallation of limited parking  
signs on the north side of  
Main road. This not only  
would reduce unlimited park-  
ing on that side, but would  
make it free as a fire route.  
This did not meet with the  
approval of the other voters.  
Her second suggestion, ad-

vised to Wignard, was that  
the hospital make some ar-  
rangements with nearby  
churches to use their parking  
facilities, and that Cottage  
provide a shuttle service, to  
and from the lots. Of course,  
she stressed, the council has  
no right to force Cottage to  
do this, but this could act as  
a short-measure stop-gap un-  
til the problem is solved, and  
would take some of the bur-  
den off the hospital.

Too, she added, this would  
prove that the hospital would  
try to show that it is a good  
neighbor to the residents of  
the area.

Wignard said that Cottage  
has thought of such a solu-  
tion and is trying to make ar-  
rangements with churches in  
the vicinity, although some  
of the employees of the hos-  
pital do not take too kindly to  
the matter. However, he said,  
every conceivable means is  
being explored, but whatever  
the council decides, the hos-  
pital will abide by the decision.

### Butler Explains

In an explanation of the re-  
jection of the rezoning of the  
hospital-owned property from a  
residential classification to a  
parking classification, Mayor  
Butler had this to say:

"The council rejection re-  
sulted from its opinion that  
the rezoning was not com-  
patible with the overall plan-  
ning of this area; and, in-  
deed, may well be de-  
terminative to a permanent  
solution to the area's parking  
problem generated by Cot-  
tage Hospital and, in part, by  
the Hill business community.  
The council recognizes the  
severe parking problem in  
this area and its effect on the

surrounding residents. The  
council, therefore, has asked  
the firm of Villan-Leman  
and Associates, Incorporated,  
city planners, to study this  
problem and to propose a solu-  
tion which would provide  
permanent relief to all those  
involved."

"Concurrently, the council  
will determine the financial  
feasibility of this project. The  
city anticipates these reports  
within the next few months,"  
he added.

**Sign Request Refused**  
In another request from the  
hospital, for permission to  
erect double-faced signs,  
that is signs that can be seen  
within a reasonable distance  
by oncoming motorists travel-  
ing both sides of the streets,  
the council turned down a re-  
quest that the signs be 32-  
ft. sq. and seven feet in  
height.

John M. McNaughton, pres-  
ident of the hospital's Board  
of Trustees, told the voters  
that the signs would be  
placed at all entrances to the  
hospital, which would inform  
motorists of the parking reg-  
ulations on the premises.  
McNaughton was informed  
that the height and the size  
of the signs did not conform  
to present city ordinances,  
and at the request of Mayor  
Butler, the board president  
consented to prepare and  
present a second request to  
the council at its next regular  
meeting scheduled for March  
15.

Plans for the signs will be  
within the specified size and  
height so that they will meet  
with the approval of the coun-  
cil, and will be ready for the  
council by that date, accord-  
ing to McNaughton.

## SEMTA January Deficit

(Continued from Page 1)  
dropped from 35 to 25 cents  
from 7 a.m. to 5:30 p.m. on  
school days.

Starting April 1, Mr. Mor-  
rill had earlier said no fur-  
ther agreements will be ne-  
cessary with the six commu-  
nities due to monies received  
from the gas tax hike.

The automatic agreement  
also reaffirms SEMTA's in-  
tention to refund the original  
capital contribution given by  
the six communities, less pre-  
rate depreciation, when Lake  
Shore was purchased by  
SEMTA on September 1, 1971.  
The communities contributed  
a total of \$78,000 for the bus  
line's purchase.

**Expected Amount**  
A February 28 press release  
from SEMTA indicates  
around \$30 million of the  
package will be put into a  
discretionary fund for high-  
way related projects and pub-  
lic transportation. (Over \$80  
million will be used for "tra-  
ditional highway purposes").  
Half of this fund, amount-  
ing to around \$10 million will  
be used to subsidize the bus-  
es of the bus companies in

Michigan and for the pur-  
chase of new buses. "Since  
the money is allocated on  
population and service miles  
traveled, SEMTA area bus  
systems will receive roughly  
\$5.5 million a year from the  
gas tax," notes the release.

Continuing, the release re-  
ports, "The Purchase of Ser-  
vice Contracts that SEMTA  
signed with the bus com-  
panies in the area enables SEM-  
TA to pass through the gas tax  
money to the bus companies  
to cover much of their oper-  
ating losses. While the Pur-  
chase of Service Contracts are  
in effect, SEMTA will  
proceed with negotiations to  
make outright purchases of  
the bus companies."

"These interim contracts  
were necessary to pass  
through the money to the bus  
companies, since the gas tax  
bill clearly states they can-  
not receive it directly. With-  
out the passage of the gas tax,  
several bus companies in the  
SEMTA region were facing  
extinction. Others would have  
had to make serious cutbacks  
in their service and probably  
increase their fares."

## Pointers Sandbag Park

(Continued from Page 1)  
The sandbag wall, 280 feet  
long, extends the entire  
length of the park, and 80 feet  
along the west side. A steel  
corrugated dike is planned  
for the east corner. The wall,  
containing about 3,500 bags,  
is three layers high, with  
plastic between each layer  
and supported and protected  
by a wooden plank frame.

**Help Other Residents**  
Max Ben, foreman in the  
City's Department of Public  
Works, and other City em-  
ployees began the construction  
during the week. When the  
bag filling for the wall was  
completed, the volunteers  
continued to fill bags for the  
use of nearby residents.

Mr. Ben claimed the park  
was in no immediate danger  
of flooding for the docks in  
the lake provide a breaker.  
However, the wall was con-  
structed as a protective mea-  
sure. The baby pool, 25 feet  
from the water, is the most  
vulnerable to potential dam-  
age.

will be held at the Grosse  
Pointe Community Rink  
Friday-Sunday, March 9-11.  
The Grosse Pointe Hockey  
Association, GPMA, will host  
the tournament. Spectators  
will have an opportunity to  
watch the best teams in  
Michigan compete for the  
state championship.

Teams participating in the  
tournament are regional  
champions from all over the  
state. These teams are:  
Grosse Pointe Bruins, Robins  
Printing Sabers, (from De-  
troit), Little Caesars, (from  
Detroit), Port Huron Star  
Oilers, Warren Hustlers and  
the Sault Ste. Marie Moose  
Lodge Squirts.

The opening game will be  
played at 5 p.m. Friday,  
March 9, with the Grosse  
Pointe Bruins facing the Port  
Huron Star Oilers. The final  
two games, set for 4 and 5

p.m. Sunday, March 11, will  
determine the winners of the  
Consolation, (third place),  
Trophy, and the Michigan  
State Champion and Winner-  
up Trophies.

There will be an admission  
charge of \$1 for adults and  
50 cents for children for each  
two game session. Tourna-  
ment passes, which will ad-  
mit the bearer to all five  
sessions, are now available  
at the rink at \$3 for adults  
and \$1.50 for children. A com-  
plete schedule of games can  
be obtained at the rink or by  
calling 885-4100.

## Clarify Teacher Baby Leaves

A new maternity leave policy is in effect this year in The Pointe Public School System. The revision was prompted by the recent U.S. Circuit Court of Appeals (6th Circuit) case, *LaFleur v. Cleveland Board of Education*, which made it clear that The Pointe's old policy failed to meet constitutional requirements.

Three types of leaves are now associated with childbirth: a maternity leave, a pre-maternity leave and a child care leave.

A woman may work through the eighth month of pregnancy and may resume her school responsibilities one month following the birth of the child. In all cases, a woman's personal physician must state that his patient is capable of resuming full duty.

If a woman wishes to leave before the ninth month, as is usually the pattern, she may request a pre-maternity leave which will be reviewed by the Board of Education. Following birth, she may file for a child care leave for one

year which may be extended to two years at the discretion of the School Board.

Provision is made in the new policy for the adoption of a child. A child care leave may be granted to a woman upon the entry of an order of adoption in Probate Court.

All of the leaves are without salary and without sick leave benefits. However, if a woman takes less than 40 days of her maternity leave, her job will be left open for her upon her return.

In past years, a woman was asked to leave work in the fifth month of pregnancy and, usually, it was two years before the woman reapplied for her job. Under the new policy, she is given more latitude in determining the length of her absence and how great an effect the child will have on her school teaching career.

## Name Pointer Advertising Rep

Bruce Miller, of Notre Dame road, recently became advertising representative for the Automobile Almanac and Sports Car magazine. His area is Michigan, Ohio and Kentucky. A graduate of the University of Toledo, he served as a lieutenant in the U.S. Naval Reserve during World War II. He went on to a career in the automobile industry which began with a post as district manager at Packard Motor Company before taking a job as assistant advertising manager at Hudson Motor Car Company.

## All-Star

DENISE SARK, 17, a senior center on the Our Lady Star of the Sea High School basketball team, was selected to the All-City and All-League quintets this week.

Miss Sark, who averages just under 15 points per game and has broken all school rebounding records, was selected by a panel of coaches from the Catholic Youth Organization's Girls' High School Basketball League.

Star of the Sea shared Northeast AA Division title honors with Detroit Servite. Both recorded 7-1 season records. The Star team last week gained the semi-final round in the league playoffs.

## RUSHMER PROMOTED

The Board of Directors of Freuhnsuf Corporation has elected Ernest L. Rushmer, of Stratford road, to the position of senior vice president of the company. He previously occupied the position of vice president and general counsel.

## Police Arrest Tipsy Driver

Donald Steele of 381 Kercheval, posted bond of \$50, pending a court hearing set for April 25, in Farms Municipal Court, on a charge of driving while under the influence of liquor.

Steele was arrested by Cpl. Otto Glanert and Patrolman Philip Miglio at 2:15 a.m. on Friday, March 2, when the officers saw Steele driving west bound in the east lane of Kerby road.

The officers said they were on patrol on Mack avenue, when they noticed the way Steele was driving on Kerby. They said they observed the motorist pull into the General Tire station, at Mack and Kerby, and followed right behind him.

Glanert said he got out of the scout car and was approaching the vehicle on foot, when Steele backed up onto Kerby road, then came to a full stop.

The policemen said that when Steele was ordered out of his car, they detected a strong odor of alcohol on his breath, and informed him that he was under arrest for drunk driving.

Steele agreed to a breathalyzer test, and was taken to the Park station where equipment for such a test was maintained. The tests, two of them, were administered by Park officers, and Steele "flunked."

He was returned to the Farms station and placed in the local cell. Later he was released, but not before he was given a ticket for violation of the Drunk Motor Law and after posting the bond.

## Woods Council Honors McLeod

A moment of silence in memory of Woods Mayor Kenneth R. McLeod, who died Saturday, February 24, at the age of 72, was held at the regular council meeting Monday, March 5. All members of the council and audience stood in respect.

Mayor Pro Tem Marvin R. Boutin told the audience the meeting would be conducted with the center seat vacant, (Mayor McLeod's chair), out of respect to his memory.

Mr. Boutin also read a telegram from the mayor of Iron Mountain, Mich., which expressed his deep sympathy on Mayor McLeod's passing. Last year, Mayor McLeod was the visiting official in Iron Mountain on "Mayor's Exchange Day."

It was also revealed that City Administrator Chester E. Petersen will contact an artist and pursue the design of an appropriate plaque to be submitted to the council for approval, and then presented to Mrs. McLeod at a future date.

## Woods Flood Insurance

(Continued from Page 1)  
with responsibility focuses upon numerous points including:

- Delineate or assist the administrator, (federal), at his request, in delineating the limits of the areas having special flooding hazards on available local maps of sufficient scale to identify the location of building sites.
- Provide such information as the administrator may request concerning present uses and occupancy of the flooding areas.
- Maintain for public inspection and furnishing upon request, with respect to each area having special flood hazards, information on elevations, (in relation to mean sea level), of the lowest floors of all new or substantially improved structures.
- Cooperate with Federal, State and local agencies and private firms which undertake to study, survey, map and identify flooding areas, and cooperate with the neighboring communities with respect to management of adjoining flooding areas in order to prevent aggravation of existing hazards.
- Submit on the anniversary date of the community's initial eligibility, an annual report to the administrator on the progress made during the past year within the community in the development and implementation of flooding area management measures.

The resolution regarding the building inspector's responsibilities also covers numerous items including:

- The building official shall review all building permit applications to determine if the site of the proposed construction is reasonably safe

from flooding and to make recommendations for construction in all locations which have flood hazards.

• The building official in reviewing all applications for construction in flood hazard locations within The Woods shall require that any such proposed construction must:

- A. Be designed and anchored to prevent the flotation, collapse or lateral movement of the structure or portions of the structure due to flooding.
- B. Use of construction materials and utility equipment that are resistant to flood damage.
- C. Use of construction methods and practices that will minimize flood damage.
- D. Provide adequate drainage in order to reduce exposure to flood hazards.
- E. Locate public utilities and facilities on the site in such a manner as to be elevated and constructed to minimize or eliminate flood damage, such utilities and facilities including sewer, gas, electrical and water systems.

In his pre-application letter to George K. Bernstein, Federal Insurance Administration, HUD, Mr. Petersen said, "Our city is located directly adjacent to Lake St. Clair and has its main municipal park fronting upon Lake St. Clair. Also, the city has several residential units which back up to an open channel of the Milk River Drain which flows into Lake St. Clair."

He mentioned that in 1952, during the record water levels for Lake St. Clair, some property owners suffered flood damage. "However, since that time the city has been engaged in a multi-million dollar sewer and drain construction program, which, for the most part, is believed to have eliminated many possibilities of flooding within the city," continued Mr. Petersen.

At the same time he noted there is still a possibility of some flooding from the open channel leading from the city's storm water pumping station into Lake St. Clair, "as well as the possibility of 'back-up' of flooding waters into our local combination sewer system because of extreme conditions posed by the anticipated record high water levels of the aforesaid Milk River Drain Channel and Lake St. Clair."

## Library Offers Films Tonight

The second in the series of the Friends Film Forum will be held on Thursday, March 8 at the Central Library, 10 Kercheval at 7:30 p.m.

Featuring the much-acclaimed "The Pit and The Pendulum," the cast of Vincent Price, John Kerr, Barbara Steele, Luana Anders and Anthony Carbone convey the brooding atmosphere and spine-tingling mystery, terror and horror of Edgar Allan Poe's classic tale.

A short companion film will be "Why Do You Smile Mona Lisa?" How did Leonardo really get that misty smile on his lovely model? This delightfully funny Czechoslovakian cartoon debunks all the theories offered by the art historians thus far.

This program is co-sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library and is open to the general public. For further information, please ask at the Circulation Desk or call the Audio-Visual Department at the Central Library, TU 4-2200.

## Sixth Graders Aid Animals

(Continued from Page 1)  
the insects, unless we do something about it."

This year's sixth graders are involved in a variety of projects concerned with helping animals.

Several of the classes have been collecting signatures in school and in the community protesting the inhumane slaughter of harp baby seals by Norwegian hunters in Canada. The 900 signatures they collected will be forwarded to the Norwegian embassy. The students also have written personal letters to the ambassador from Norway pleading the case of the baby seal.

In addition, they have written letters to the Canadian Minister of Northern Development asking him to extend the boundaries of one of the national parks so that it includes the seal breeding islands.

These students have contributed to a fund that will be forwarded to the International Fund for Animal Welfare, which is sponsored by a group of American volunteers who are trying to combat the slaughter by seal hunters.

## Help Humane Society

Other sixth grade classes are involved in projects for the Humane Society of Macomb and hope to raise enough money to establish a humane society education center at Brownell. This center would be used to educate students at Brownell and other schools in the problems of pet overpopulation, endan-

gered species and ecology.

One class has focused upon the Detroit Zoo. These students have been raising money to keep the zoological park functioning.

Sixth graders have raised money by a variety of activities such as caroling at Christmas, bake sales, rummage sales and work projects.

Besides taking field trips to the Humane Society and the zoo, the children have involved their parents in their concern for animals.

One class has concentrated on learning the purpose, method of operation and problems of the Humane Society.

## Teachers Are Proud

The sixth grade teachers at Brownell are proud of the efforts and the satisfaction the children have gotten from learning about, and helping, the animals. It is a "natural" project for children to work for animals they will tell you, and it is heartening to see them actively express "reverence for life."

One girl, after seeing one of the films at Brownell, threw her arms around Mrs. Better and said, "Thank goodness there are good people left who care."

Sixth graders at Brownell care.

## G.P. Unitarian Holds New Mass

The morning worship service of the Grosse Pointe Unitarian Church will consist of "unitarian mass," a new celebration based entirely on the works of e. e. cummings, Sunday, March 11.

e. e. cummings, both of whose parents were Unitarians, represents a contemporary flowering of a denomination which had its beginnings in early 19th century New England. cummings, born in Cambridge, Mass., and educated at Harvard, speaks to the loneliness and alienation of our times with joyful songs of springtime and love.

Darrell Eubank of Grosse Pointe has assembled and directed "unitarian mass." Mr. Eubank was formerly a member of the Shaker Heights, O. Unitarian Church, where for two years

he coordinated the music program begun there by Robert Shaw, the noted choral conductor and present director of the Atlanta Symphony.

There are three new hymns for the congregation which will be accompanied by the Grosse Pointe Festival Brass under the direction of Doris Eubank. The ordinary of the mass will be accompanied by an Orff Ensemble under the direction of Mary Locke. Mrs. Eubank and Mrs. Locke are on the staff of the Detroit Community Music School.

"unitarian mass" will begin at 11 a.m. at the church on Maumee avenue. The public is welcome.

Time may be a great healer, but it's up to you to help out.

## Woods Police Catch Speeder

A high-speed auto chase resulted in a motorist's arrest by Woods police early Monday morning, March 5. Gary Curtis Stewart, 21, was charged with reckless driving after police pursued him through parts of The Woods and into St. Clair Shores.

The chase began when Lieutenant Jack Patterson spotted Stewart going north on Mack avenue at a high rate of speed. After stopping for a traffic signal at Vernier road and Mack, Stewart accelerated when the light turned green.

He passed a vehicle, traveling the left lane, on the right, and then cut to the left and passed a second vehicle in the right lane, from the left side. Police said Stewart attained a speed in excess of 35 m.p.h. in a 35-mile zone.

In attempting to overtake the pursued, Lieutenant Patterson activated the lights and siren and spot lighted the rear window of Stewart's vehicle, but he continued on.

At the north city limits, Lieutenant Patterson pulled alongside of Stewart and again sounded the siren. At this time, Stewart either attempted a left turn or was attempting to ram the scout car, police reported. Then the lieutenant made a second attempt alongside with Stewart, again, turning to the left forcing Lieutenant Patterson into the oncoming traffic lane.

The lieutenant soon forced Stewart to a halt. But as he exited the scout car, Stewart drove away and turned left onto Shady lane in St. Clair Shores. Ultimately, the lieutenant pulled behind him and stopped.

While informing Stewart of the violation, Lieutenant Patterson observed both the vehicle's clutch and brake peddle were supported by a wire attached to the auto's fire wall. Assistance was then called to take Stewart and the vehicle to the station.

Police said Stewart became belligerent and was asked by the lieutenant to sit in his car, which he refused to do. Stewart finally walked to his auto and drove away as the responding scout car with Officers James Fowler and Paul Crook arrived. Stewart then stopped a short distance from Lieutenant Patterson.

After informing Stewart he was under arrest and was going to the station, the lieutenant said he exited his vehicle and became uncooperative.

Stewart was handcuffed by Officers Fowler and Crook, and as Officer Fowler took him to the scout car, (occupied by Corporal Thomas Kervin and Officer Russell Allard), Stewart leaned over towards the corporal, shouldered him, then spit in the corporal's face, police said.

In attempting to stop the incident, Officer Fowler shoved Stewart and knocked him off balance into the scout car's hood. Police said Stewart was treated for an abrasion to the left wrist and elbow, and had x-rays of his head at St. John Hospital. All x-rays proved negative.

After being released, the hospital called a few hours later and requested Stewart return for a tetanus shot, and this was done.

Stewart was released after paying a \$100 cash bond, and is scheduled to appear in court Wednesday, April 11.

## Attend Parley Of Fire Chiefs

Grosse Pointe City Fire Chief Robert Marshall and Farms Fire Chief Michael Beaupre attended the 16th annual Fire Chief Training Conference, Tuesday and Wednesday, February 20 and 21, at the University of Michigan. The conference was sponsored in connection with the Michigan Fire Chief Association and was open to chiefs throughout the state.

Included in the program were symposiums on public safety, carbon monoxide poisoning and treatment, fire safety in high rise buildings and the use of sprinkler systems.

### Resident Nips Grease Blaze

The Shores Department of Public Safety praised a resident who doused a grease fire last week with a hand extinguisher, while emphasizing the value of having such an extinguisher nearby.

Phyllis Osler, 67 Colonial road, contacted the department when grease overheated in a frying pan. When fire fighters arrived, the blaze was already extinguished with a dry chemical hand extinguisher.

Investigation showed that the ignited grease caused "severe" damage to the range, plus moderate smoke damage to the entire interior of the dwelling. A smoke ejector and air purifier were utilized by fire fighters at the scene.

Public Safety Officers responding to the call included Sergeant Stanley Otulakowski, Dan Healy and Robert Bensinger. Fire fighter Harry McColl also assisted.

### Resident Opposition Kills Pumping Station Project

By Roger A. Waha

Resident opposition has quenched the Environmental Action Now (EAN), and National Bank of Detroit proposal for renovation and use of the Marter Road Pumping Station in The Woods. This matter was discussed at the regular council meeting Monday, March 5.

Due to the "unfavorable reception" of area residents on the proposal, "the Board of Directors of EAN has decided to discontinue its plans for this project. We take this action with regret but hesitate to go on with a plan that has already created hostility," said EAN President Jeanette H. Duffield in a letter to the council.

The proposal was part of the EAN-NBD Pointe-wide major environmental improvements program announced last June.

#### Await Action

A letter from residents J. F. Norris and D. S. Dudash, along with a petition bearing 225 signatures, was received by the council. The petition expressed opposition to the use of the Marter Road Pumping Station property by EAN or "any other organization or group. We oppose any non-residential occupancy of this property."

The residents' letter said, "This letter should not be construed as an attempt to block renovation of the area. In fact, a second letter has been submitted to Mr. Petersen, (City Administrator) requesting that he investigate the sale of this property for residential development, thereby providing added revenue to the city."

What specific and final action will be taken by the council regarding this property could be a while in coming. Mayor Pro Tem Marvin R. Boutin said the council is presently awaiting a reply from the city engineer on the feasibility of building two or three residences on the grounds. No definite time was stated on this reply.

#### Possible Committee

Mr. Petersen mentioned the possibility of creating a citizen's committee to make recommendations to the council for the proper use of the site. However, this is for the future.

Some residents at the meeting were concerned about the "unkept conditions" of the property. Mr. Petersen said

the area would be cleaned up in the spring.

The original EAN-NBD proposal included the use of the station as a resource office, the installation of a new floor, the laying of a patio and walkways and the planting of trees to encourage a park-like atmosphere and bird life.

#### Search for Agreement

At a January 30 meeting of EAN representatives and residents, the citizens reportedly were not desirous of having any type of office, and were concerned about a possible increase in vehicular and pedestrian traffic in the immediate area. Residents were scheduled to seek alternatives for the property's use.

Meanwhile, the council requested additional information, plus definite proposals, months ago on this matter. In the meantime, EAN was trying to reach agreement with surrounding neighbors on what they would like to have before final proposals came before the council.

A Hollywood avenue resident suggested some alternatives in a letter to the council. They include: the demolition of the building and a proposal to use the property for home construction.

#### No Park, Courts

He also said, "I, personally, would not like to see this area made into a park. I believe a park would become an exercise area for dogs and the resulting dog droppings would make it undesirable as a place for children. As a park it would also be an additional area for the police to patrol for possible marijuana smoking and the city would have to maintain the grounds and pick up the litter."

The resident also said he wouldn't like to see tennis courts on the property as they, in the middle of a residential area, "could become a real nuisance."

As for EAN's part, the organization is not "closing the door" upon future possibilities of creating an environmental project in The Woods, said Mrs. Duffield, who added, "We hope to work with your council to find a solution which will satisfy all our needs. We thank you for your continued support."

#### TATTLE-TALE GRAY

A heavy coat of whitewash on a misspent past is no iron-clad guarantee of a rosy future.

### Mothers Aid School Clinic

(Continued from Page 1)

Brownell in late November 1972. On a typical day, Brownell mother Mrs. J. W. Whims was on duty in the three-room clinic behind the administration offices. One room, containing two resting couches, is set aside for the girls who do not feel up to attending classes for a short time, but who are not sick enough to go home. A second room is for the boys. The third room is for the health aides and contains patient records and rudimentary first aid material.

"We are asked to be here from 10:30 a.m. to 1:30 p.m., and if you get out by 1:30, that's great!" Mrs. Whims said as she reviewed the operation.

"We get everything, from bumped heads, to nose bleeds, to sore throats. If the child is very sick, then I call his home and his mother picks him up. Last week, a student showed a rash on his stomach. It turned out to be German Measles."

The role of a health aide is strictly defined in the Red Cross course. They are not allowed to treat anything but minor complaints, and are not allowed to use even the mildest medications such as aspirin or Bactine. Their job is to determine if it is in the best interests of the child to stay at school and rest, or to go home.

However, Brownell mothers have found one invaluable remedy that they are allowed to use, TLC, or "Tender Loving Care," as Mrs. Whims defined it.

"Often a student will come in and say he 'feels shot.' If he is given a little TLC and asked to rest for a short time, he usually feels better. Children also come in with splinters which we remove, wash the area and then bandage."

Asked why she joined the program, Mrs. Whims mentioned that she had four children in The Pointe school system and she liked to feel that she was doing her share.

"Matter of fact, the third customer I had the first day I was on duty was my daughter," Mrs. Whims said.

A few minutes later, when a 7th Grade girl came in to keep her girlfriend company (she was told it wasn't allowed), she shyly asked, "Are you Tracy Whims' mother?"

Brownell counselor Mrs. Mary Wernet serves as the school liaison with the volunteer aides.

At South High School, the program has been in effect since December 7, 1972. It's similar to the program at Brownell, as the mothers have to take the Red Cross course and have to pass a TB test; however, it is geared to the older students.

Instead of welcoming the student-patients with a motherly show of affection and concern, the mothers in the high school program are advised not to become emo-

tionally involved with the patient's problems. It's a better policy, as most of the students know exactly what is wrong with them and ask to be sent home or ask to rest for a short time on the clinic's couches.

If there is a serious problem, such as drug-related symptoms or if it is apparent that a student has a poor home environment, the case is referred to the student's counselor. But such cases are rare.

On a recent Friday morning, Mrs. Howard Kay, of Grand Marais boulevard, was on duty.

"I learned of the program through the Mothers Club, and I decided to volunteer my time. I started duty once a week, but there have been so many volunteers that now I am called in only once a month. I'm sorry, for I really enjoy this work. I feel as though I am doing something worthwhile," Mrs. Kay commented.

It would be impossible for her not to feel worthwhile, as throughout the interview she kept checking her watch for when to wake up resting students, and, intermittently, to call a parent to pick up her sick daughter.

A record is kept of each student who comes into the clinic, so that a new volunteer will have an instant record. The record notes the student's address, phone number and counselor; it also details the medical complaint. In the Red Cross course, the volunteers were taught how to take temperatures, pulse and respiration rates, and there are spaces on the records to note these facts if relevant.

Often an hour of rest on one of the high school's two clinic couches will prove an adequate cure for staying up too late the night before or from tension generated by a morning's exam.

"They have just done the greatest job," said Frances French, assistant principal at South. "We don't know what we would do without them, they have become a part of the school's operation." Miss French serves as the school contact for the Health Aides.

Mrs. Ross Bush, of Pemberton road, is in charge of the South High volunteers.

As the program has met with such success at the two schools, Mrs. Warren hopes to establish the program at the other schools in The Pointe system. The trend looks good, as Defer Elementary School Principal Jesse Lother recently gave the program the go-ahead at his school.

It is a good program, for even if school systems can't afford professional nurses, children still become ill at school.

### Scouts to Host AFS Students

Cadet Girl Scout Troops 78, 580 and 282 of Parcels Middle School joined Senior Troop 327 of North High School to observe "Thinking Day" Monday, February 26. The theme of this yearly observance is International Friendship and Scouting Around the World.

Two foreign exchange students from North High School were the guest speakers. Mayumi Harada told of being a Girl Scout in her native country, Japan. Ahmet Eroglu, from Turkey, spoke of his country and school. In return, Troop 282 presented a flag ceremony and led the group in singing. Troop 327's contribution was a discussion of the World Association of Girl Scouts with headquarters in London, Switzerland, India, Mexico. Mayumi, living with the Donald Yerkes family in Oxford road, is sponsored by Youth for Understanding. Ahmet is visiting the U.S. under the American Field Service and lives with the Jack Otto family, of Moorland drive.

### Farms Officer Makes a 'Hit' on March 2

A Farms patrolman, while on routine patrol during the early hours of Friday morning, March 2, stopped a female motorist traveling faster than the posted speed limit and on checking with his station, found he made a "hit."

Patrolman Johannes Winter said he was cruising on Lake Shore at about 2:35 a.m., when he noticed the

car, driven by the woman, a Harper Woods resident, from Kerby road. The officer promptly brought the woman to a stop.

Winter, in his report, said that a male passenger was in the vehicle, and that he appeared to be drunk. The policeman called his station for a check on the Law Enforcement Information Network (LEIN) and the return

reply revealed that the passenger, John P. Withers of 10 Beacon Hill, was wanted by State Police on a felony warrant involving narcotics.

Winter called for assistance, and Cpl. Otto Glanert and Patrolman Philip Miglio responded. The officers searched the woman's auto at the scene. On the floor on the passenger side, they found a white pill. On the ground, near the right door, another half pill was located, it was said. The substance was confiscated and held on the suspicion it might be narcotics.

The woman and Withers were taken to the station, where a second check on the LEIN machine brought back an instant reply that the State Police Post in Mt. Pleasant had a valid warrant for Withers' arrest on a narcotics charge. The State authorities asked that the man be held until he is picked up by the troopers of that post.

Later, State policemen arrived at the Farms station and took Withers into custody.

No charge was placed against the woman and she was released.

**ATTACHE CASE STOLEN**  
W. J. Schulte, 275 Roosevelt place, reported to City Police on Thursday, March 1, that an attache case had been taken from his car during the night. The car was locked and parked on the street. The tan leather case contained miscellaneous papers and an electrical beeper used on a telephone. The total value was \$250.

**MOZART CONCERT SET**  
A major attraction of Austria's world-famous Salzburg Music Festival will come to the Detroit Institute of Arts Friday, March 16, when the Mozarteum Orchestra of Salzburg appears in the museum's concert series at 8:30 p.m. The 45-member orchestra, under chief conductor Leopold Hager, will perform an all-Mozart program.

### U-L Musicians Receive Honors

Five groups of University-Liggett students participated in the 12th District competition of the District Solo and Ensemble Festival held Saturday, February 9 at Henry Ford Community College.

The festival was sponsored by the Michigan School Band and Orchestra Association and judged by directors of high school and college bands.

Any high school student who is participating in a school music program can enter, either as a soloist or as part of a small ensemble. Events are rated I through V with a rating of I constituting eligibility for the state competition.

U-L events receiving ratings of I were pianist Craig Leon and a string quartet comprised of Carrie Smith, David Schaffer and Heather Mayson on violin with Becky Smith on cello. These students will go to the state competition to be held at Schoolcraft Community College Saturday, March 24.

Three U-L students received ratings of II. These students were Carrie Smith, violin solo; Gay Gilezan, violin solo; and Cynthia Artis, flute solo.

### Grosse Pointe Club Given Bottom Land Lease Okay

At a regular meeting of the Farms council on Monday, March 5, the city solons approved an application by the Grosse Pointe (Little) Club, to be submitted to the State for a marina lease covering the lake bottom lands occupied by the Club's dock and marina.

Under the Great Lakes Submerged Land Act of 1955, all lake bottom lands are the claimed property of the State of Michigan. Residents or private organizations, and communities, too, whose properties border along the shore line, who wish to purchase or lease such bottom lands, must first receive the approval of neighboring property owners and the consent of their city councils.

Henry M. Campbell, of the firm of Monaghan, Campbell, LePrete and MacDonaid, appeared before the solons on behalf of the Grosse Pointe Club, to request the council's approval for the acquisition of the lands. Campbell informed the

council that the present marina of the club is approximately 60 years old, and the organization is planning to expand this particular facility, which it cannot do unless the council gives its okay.

The council gave its consent.

**Richard School Crossing  
Safety Okayed by Farms**

A survey of the Richard School crossing at McKinley place and Grosse Pointe boulevard, made by the Safety and Traffic Engineering Division of the Automobile Club of Michigan, was submitted to the Farms council on Monday, March 5, by Police Chief Robert K. Ferber.

The survey was authorized recently by the council at the recommendation of the chief, when Mr. and Mrs. Nelson C. Holland of Pine Court, expressed concern regarding the safety of their children and children in the neighborhood attending the school.

The AAA survey revealed that the primary danger that these children are faced with is the many parents who use the north side of the intersection crosswalk as a drop-off area for students of Grosse Pointe South High School. These parents, the surveyors noted, stop across the crosswalk, unload students, then make "U" turns in the intersection.

"In view of the close proximity of the traffic signal at the Fisher road intersection," according to a statement made by A. C. Gibson, manager, and Robert V. DeCorte,

traffic engineer, "the fact that these elementary school students must walk along Fisher road to get to and from Gabriel Richard School, we recommend that the McKinley avenue crossing be abolished. Students should cross Fisher with the signal and the help of a safety patrol boy."

The improvements that should be implemented at the Fisher-Grosse Pointe boulevard crossing point, the AAA officials stated, include regular maintenance of painted crosswalks and stop bars. In view of the total number of elementary and high school students crossing here, the installation of pedestrian signals should also be considered, it was added.

On February 14, a meeting was held between Chief Ferber, Lt. Ignatius Backman and Richard Principal Ted Jacob to discuss the survey results and the problems involved.

At Monday night's meeting, Chief Ferber submitted his recommendations to the council, which are as follows:

1. That the necessary traffic control devices be installed 20 feet on either side of the crosswalk preventing standing, stopping, parking and unloading.
2. That the necessary traffic control device be installed to prohibit "U" turns.
3. That the necessary traffic control devices be installed prohibiting left turns from the boulevard onto McKinley place during actual crossing hours IF recommendations one and two do not alleviate congested conditions.

And 4. That the crossing be supervised by a safety patrol cadet.

The chief said that his recommendations are temporary in that the actual locations of the driveway entrances and exits for the new high school parking lot are yet unknown.

"It is a real possibility that these factors may necessitate moving the crosswalk to the Fisher-Grosse Pointe boulevard crossing, on completion of the new high school parking lot," the chief said.

Chief Ferber said that his Department, with the cooperation of Benjamin Zenn, business manager of the Grosse Pointe School System is awaiting the results of a survey now being conducted by the AAA Safety and Engineering Division, pertaining to the congestion on Fisher and the boulevard, caused by persons "dropping off" students at South High School. Hopefully, it was added, some means may be devised by which "drop zones" can be created on the high school property.

The council authorized the chief to take the needed steps toward these measures as quickly as possible.

**Shores Trustees Approve  
Nature Program Project**

By Kathy Duff

Members of Environmental Action Now are ready to launch into the second project of their Pointe-wide nature program. Their objective: to convert the wooded hillside on the old Vernier School property into a nature park.

When the request was considered at a recent Shores Council meeting, the trustees were assured that EAN would assume responsibility for finding, organizing and completing the program without the assistance of the Village or the Board of Trustees.

The trustees were informed that the environmental group would enlist the help of the community's young people in creating the nature area. A similar project was undertaken at Elworthy Field in The City in October 1972 and met with great success.

EAN states that the purpose of the five Pointe projects is "to instill a reverence for life (plant, animal and human) and to teach the importance of preservation versus destruction."

Actual work on the wooded hillside is slated for fall 1973 or spring 1974. The final plans on the project are subject to the council's approval.

So far, the combined EAN and National Bank of Detroit's ecological beautification program has received only one major setback, The Woods' refusal in regard to the Marter Pumping Station project.

The City's project, the creation of a children's play area and passive park on the

Elworthy Field property, is an unqualified success.

Councils in The Farms and Park have yet to review EAN and NBD's plans for their nature areas. The Park is slated to have a nature trail through a portion of the Three Mile Park. In The Farms, a Children's garden and the rebuilding of the existing greenhouse on Grosse Pointe Academy grounds is anticipated.

The only stipulation The Shores trustees made was that the Vernier School area was still for the use of Shores residents, as the property belongs to the village.

Wrong. In fact if anyone tries to sell you something just because it's new, you can bet they don't have a whole lot to sell.

But there are some good sound reasons why you should plan your future meetings and conventions at Somerset Inn. Good reasons like some of the most complete facilities anywhere. Our six meeting rooms afford space for over 600 people with one room alone capable of seating 450 for banquets. Moreover, each room features complete sound proofing, folding curtain walls, and a selection of tables, stages and podiums so varied that you'll be able to tailor your meeting place to your own exact requirements. Of course, there are smaller rooms for planning sessions and high-level conferences.

And after the meeting? Entertain friends and clients in a split level hospitality suite—or dine in one of our two great restaurants. Browse through the elegant shops of nearby Somerset Mall. Swim, ski, take in a movie or concert, cheer for one of Detroit's major league sports teams—our convenient location in suburban Troy lets you do it all.

All of which adds up to one very good reason why you should meet at Somerset Inn.

## Charge Youth With Larceny

A 17-year-old Warren youth was arrested by Shores police Sunday, March 4, and charged with "larceny by stealing the property of another." The youth was reportedly involved in stealing a 10-speed boy's bicycle from the M. O. Ski Hill.

While writing a traffic violation on Lake Shore road, Public Safety Officer Robert Bensinger was told by a 14-year-old Shores juvenile that he was chasing the youth. The lad said his friend's bike was stolen from the ski hill.

The officer stopped the youth on Briarcliff at Ballantyne. At the station, the youth wrote a statement of what he and his friends had done, police said.

The youth said he and a friend, plus another person he never met, pulled into the M.O. parking lot. His friend then went to the park and brought back a bike. The friend told the youth to ride down the street and he would pick him up. So the youth started down Lake Shore and rode to his arrest.

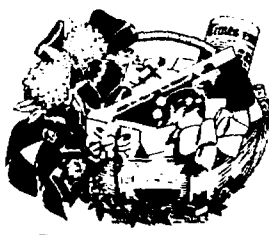

He was released after paying a \$25 bond, and is scheduled to appear in court Monday, April 23.

## Millage Discussion Held to Air School Problems

By Holly Angell

A special millage discussion meeting was held at the Grosse Pointe War Memorial on Thursday, March 1.

Entitled "The 'Ayes' of March," it included speakers Mrs. Michael Marrs, co-chairman of the Citizens' Millage Committee; William Dahling, chairman of the Citizens for the Library Committee; Mrs. Edward Hanpeter, secretary of the School Board; and Muir B. Snow, III, trustee of the Board. Board president William F. Huettelman was chairman.

The speakers emphasized the necessity of millage approval and cited facts, figures and reasons to support this end.

There will be four propositions on the ballot in March. Proposition One is the renewal of the expiring 20.9 school mills; Proposition Two is the renewal of the expiring 1.12 library mills; Proposition Three is the additional .6 levy to restore programs in the schools; and Proposition Four is the .14 levy to restore library services.

By law, the ballot must contain the word "increased" even though propositions one and two are a "renewal" of tax levies that have expired.

The passage of the two renewal propositions will provide no improved salary schedules for teachers and librarians.

All the school district's voted operational millage expired with the December, 1972 tax collection. Unless local residents approve tax levies, the public schools will close November 1, 1973, and the public libraries will close June 30.

Mrs. Hanpeter detailed aspects of school financing, citing the loss of state aid and the decrease in enrollment as two specific reasons why millage renewal is necessary.

If the propositions lose, the Board will be forced to give teachers notice on April 15. Furthermore, the school system's fiscal year ends June 30. If there are no funds, the system will be unable to borrow additional monies in tax anticipation.

Mrs. Hanpeter also claim-

## Defer to Host 'Family Night'

"Family Back to School Night" at Defer Elementary School, 15425 Kercheval, is scheduled for Wednesday, March 14, from 7:30 p.m. to 9 p.m.

Students will act as family tour guides, leading their families through every nook and cranny of the school as they know and experience it daily.

Besides classroom visits, centers of special interest will be set up. Dr. Fenton, Instrumental Music Teacher, will be in the third floor Library Center with the Sixth Grade Band. Other special teachers will be found in their usual teaching stations.

In Room 313, renamed "The March 29th Millage Information Center," will be two members of the Board of Education, Mrs. Joan Hanpeter and Muir B. Snow. The trustees will answer questions on the upcoming millage election.

Set a goal for yourself—don't try to get more out of life than you are putting into it.

ed that millage approval would emphasize Pointe residents' desire to keep school control local. Legislation pending in Lansing could abolish this.

Mr. Snow itemized some of the programs that would result in the passage of the 6 levy. Classes such as journalism, computer mathematics, and creative writing could be instituted as well as additional counselors and teachers.

He stressed the need for vocational education counselors since the trend amongst students now is toward specific skills rather than college. He also stressed the importance of remedial reading and writing counselors.

Mrs. Marrs voiced her concern as a parent. "We have only one opportunity to educate our children; we don't get a second chance."

She pointed out present school problems such as crowded classrooms, overloaded teachers and loss of extra-curricular activities as reducing educational quality. "We want the best for our children... If parents don't become involved, don't vote, then the millage won't pass. There is no time for apathy."

Mr. Dahling, representing the library, stated that the libraries would not be able to operate at all without millage approval. The passage of both propositions would provide library operation at its present level for three years and supply funds for additional books, equipment and extended hours.

Audience discussion centered around the organization and use of personnel in the school system. Board president Huettelman mentioned

that the school budget is audited yearly to make sure that personnel and money are used properly.

Superintendent Theos Anderson was present and elaborated on operation costs and use. "We are making a long range projection of the school system as the enrollment is declining... We have an on-going review of course offerings, what can and cannot be continued... We also evaluate the function of the personnel each year."

He too stressed the need for guidance counselors, particularly in the middle school and felt there was also a definite need for career vocational learning.

He went on to clarify some aspect of school financing. State aid is computed on the state equalized value behind each student. A loss of students means a loss of state aid.

Furthermore, he said that for the first time in about

40 years, there will probably be no increase in assessed valuation of property for 1973-74. This also means a loss of revenue for the schools.

The school systems will continue to receive special aid for special programs as well as the 8.6 allocated county millage. However, the passage of the proposals will give the same program as last year. "We are running a tight ship."

A final discussion concerned the millage election campaign. Its accent is on person to person contact through discussions, meetings and coffee. Mr. Dahling closed with an emphatic "We've really got to do it ourselves."

All qualified registered residents may vote on Thursday, March 29 in their neighborhood public elementary school. For additional election information, call TU 5-2000, extension 56 at the school's Administration Building.

## Tank Title Won By North High

North High nataters "churned the waters" to win the school's fourth straight title in Bi-County League swimming and diving championships Saturday, March 3, at St. Clair Shores South Lake High School.

In the process, North swimmers set two league records. The school's 200-yard medley relay team set a league mark of 1:45.7, and the 400-yard freestyle relay team won with a conference record time of 3:26.0.

The winners had 481 points, way ahead of second place St. Clair Shores Lakeview at 191.

### Troubles Pile Up on Driver

Larry G. McIntyre of 12941 Kercheval, was traveling east on Lake Shore road at 2:10 a.m. on Monday, March 5, without car headlights. He ignored motorists who flashed their lights on and off as signals, which attracted the attention of a Farms policeman.

The officer observed McIntyre driving in an erratic manner, from the Newberry intersection, and followed the driver to Kerby road, where he stopped him.

McIntyre was taken to the station, where a check via the LEIN machine brought back the answer that the man was wanted on a bench warrant by State Police of the East Tawas Post, and that he was also wanted for a traffic violation by Detroit authorities who also had a warrant for his arrest.

According to the information received from Lansing, the State warrant was dated June 3, 1971; and that from Detroit, April 2, 1972.

Information on the apprehension of the wanted man was relayed to the two law enforcement agencies, and the State Police requested

that McIntyre post a bond of \$50 on their warrant. Detroit asked only a bond of \$15.

While still in the station, the accused man was given a violation ticket for driving a motor vehicle at night without lights, and another for driving with an expired operator's license, (over 90 days).

McIntyre's troubles did not end there. In checking the license plates on the car he was driving, police found that the plates were registered to another person's auto, so the arresting officer added another violation count, and gave the man a third ticket, for operating a motor vehicle with improper plates.

It was not revealed how McIntyre got the plates, but these were removed and tagged, to be held for the rightful owner.

Before he was released, the errant driver was required to post \$65 pending a hearing date in the Farms Municipal Court.

Chart your course in advance—then concentrate all your energy toward that coveted goal.

### North Shares Cage Title

By Phil Guastella

Playing their last basketball game in front of the home crowd, seniors Larry Bauer, Kevin Clinton, Chuck DeMars, Jeff Humes, Kevin Kiley and Ron Zenn of Grosse Pointe North didn't disappoint their followers. "They all were up for this game," said coach Ray Ritter. "Ron was fantastic. Not only did he score 20 points, but also came up with 10 steals and a heck of a defensive game."

The coach was referring to North's 65-55 victory over Lakeview Friday, March 2. This victory deadlocked North with Lake Shore, sharing identical 10-2 records. North finishes the season as co-champions of the Bi-County League.

The Norsemen started quick in racing to a 24-15 first quarter lead. Junior John Puleo had seven points while Kiley and Zenn chipped in with six and five points, respectively. The shooting of Bob Kauffman kept the Huskies in the game as he pumped in eight points in the opening period.

Behind five more points from Kauffman and five from Scott Liebart, Lakeview cut the lead to 36-29 at half-time.

In the third stanza Larry Bly connected on five baskets as Lakeview cut the gap to 48-43 after 24 minutes of action.

The fourth quarter was all Zenn. He drove to the hoop on numerous occasions and when he didn't score, he drew the fouls. He finished with 11 points in the period and finished off the Huskies hopes for an upset.

Kiley and Gerry Humes joined Zenn in double figures. Kiley hit for 16 points, while Humes netted 10.

North outrebounded the Huskies, 36-33. Brothers Jeff and Gerry Humes paced North with 10 apiece.

Hitting on a remarkable 51 percent of their shots, Lakeview, percentage-wise, topped North's 48 percent. But North managed 60 shots to only 45 for the Huskies. Lakeview made good on 23 of those 45 shots, while North hit 29 of 60 shots.

### U-LS Ice Team To Play Swiss

For the past two years, a plane load of University-Liggett School families have made a European spring trek headquarters in St. Moritz, Switzerland, during the school's spring vacation.

While in Switzerland this year, an ice hockey team made up of members from the school's Pee Wee, Bantam and Varsity Hockey teams, and coached by U-LS parent Jack Hastings, will play against St. Moritz and Davos hockey teams. Mr. Hastings is the regular coach for the U-LS Pee Wee team.

U-LS Headmaster, Raymond P. Robbins, under whose leadership the Spring European trips have originated, said "University-Liggett has some outstanding hockey players and naturally we hope to do well, but the educational experience of representing their country and meeting athletes from another country is more important than winning or losing. In fact the experience carries with it considerable responsibility."

Students who will participate in the games are Larry Buhl, David Hansen, Rick Fruehauf, Jon Wardwell, Tom Matthews, John and Tom Hastings and Kris Robbins. The boys range in ages from 10 to 15 years and, prior to their departure today, March 8, had four practices as a team.

### Pointe Natators In State Meet

Several swimmers from the Grosse Pointe Swim Club, (GPSC), participated in the Weimans State Open AAU Championship at Patton Pool, west Detroit, Saturday, March 3.

In team points the club finished third behind Garden City and Ann Arbor. Several Pointers finished with strong individual performances. Mickey Montagne took two first places in individual events. Her time of 25.6 won the 50-yard freestyle and she came back for a first in the 100-yard free event at 57.5.

Meagan Montagne took two fourth places, both in the 100 and 200-yard backstroke. Laura Rinke's time in the 100-yard breaststroke was good for a fourth place showing.

Grosse Pointe had both relay teams place second. The free relay of Mickey, Meagan, Marsha Maurer and Star Hessburg took second and Laura Rinke combined with Mickey, Meagan and Marsha for the same results in the medley relay.

Next week the GPSC "A" team travels to Clarenceville for an AAU age group meet.

### Rose Society Meets Mar. 14

Richard Schmidt will speak on planting, transplanting and preparing rose beds at the Grosse Pointe Rose Society's Wednesday, March 14, meeting at the Central Library, Kercheval avenue at Fisher. The activities begin at 7:30 p.m.

The hostesses for the evening are Mrs. Charles McKenna and Mrs. Louis Parent, while Charles McKenna is program chairman.

### Correction!

The Varsity Men's Glee Club of Wayne State University will present its annual spring concert on Saturday, March 10, at 8:30 p.m. in the North High School auditorium. The original publicity set the concert on Saturday night, March 17, which is incorrect.

### Approve Street Light Request

A request for the installation of a street light, (or lights), in Coventry lane was unanimously referred to City Administrator Chester E. Petersen, who will contact Detroit Edison to install the necessary lighting with an emphasis upon underground wiring.

This action was taken by The Woods Council at the regular meeting Monday, March 5.

In a letter to the council, Samuel T. Sanom enclosed a petition signed by seven residents, including himself, who are now living in the street.

The petition stated there are now four homes that are

inhabited in the street, (which is part of a new development), with other homes being under construction and being completed. Another building site is being excavated.

"Without street lighting the area has been unsafe for the residents, there having been one incident of an attempted robbery during the past several months," the petition said. It also noted there are many cars which have been parked on the street because of the area's darkness.

Mr. Sanom, in his letter, said due to the darkness "the residents all concur that in the best interests of the health and safety and under the Police Power Regulations of the City," the council would best serve the interests of the residents by placing at least one light on the street.

### Thieves Visit Woods Home

An all gold Elgin watch, valued at \$300, was taken from a Holiday road residence Monday, February 26, according to The Woods Department of Public Safety.

Upon arriving home in the evening, Alvin Peterson discovered a side door window broken and contacted police. After checking the home, police said the only room which appeared to be entered was a bedroom, from which the watch was taken.

## Here We Go Again!

It was only on January 13 that three 13-year-old Woods juveniles were discovered shooting a .22 caliber rifle out an upstairs bedroom window. Their targets included an old tennis shoe and rifle stock. Woods police told a boy's mother, who was unaware of the incident, about the hazards involved, and of the city ordinance prohibiting the outdoor use of firearms. The mother told police she would take the rifle from her son and only let him use it at a rifle range.

At the time of this incident, an editorial was written about the tragic possibilities which could have happened in this case, plus a warning to parents about having accessible guns in their homes with children nearby.

But it's obvious some children and/or parents never learn, for on Wednesday, February 7, a 17-year-old Woods youth shot a squirrel from a neighbor's tree, he admitted this act to police on Thursday, February 22.

After the gun shot, both the complainant and another neighbor saw the youth drive from the scene. The complainant also observed a rear upstairs window open at the youth's home immediately after she heard the shot. Police reported on February 7 the youth denied any knowledge of shooting the animal or to have fired out of his home with any type of weapon.

After considering the matter, police decided there was insufficient evidence to prosecute the youth for discharging a weapon within the city limits. And further, the identification of the person responsible was of paramount interest. So the youth was approached with a promise if he, in fact, was the person involved, no prosecution would follow. However, police would expect him to get rid of the rifle or to place it in safe keeping with the department for a one year period.

Confronted with this approach, the youth freely admitted he shot the squirrel and told the police he would attempt to sell the rifle. He was told to make certain the purchaser's name be provided for verification. If he didn't sell the weapon, the rifle would be confiscated. Police said he agreed to this method of disposition and did sell the rifle.

Is it going to take somebody to have his head blown off by a ricocheting bullet to finally stop this dangerous stupidity? Will a few parents and their children, through the possible shooting of an innocent person, have to learn the "hard way"? And will more animals have to be targets for unthinking, trigger-happy individuals?

Would anyone even consider answering "yes" to these questions?

Do you, in short, want another incident of "Here We Go Again!"?

## School Property Tax Case Employs Statistical Wizard

By Kathy Duff

There was an important man behind the scenes in the recent arguing of the Property Tax Case before the Michigan Supreme Court. His name is Dr. Leonard Jensen, and, until recently, he held the position of Curriculum Assistant-Research in the Grosse Pointe School System.

The problem in December 1971, when the financial discrimination suit was filed by Governor William Milliken and Attorney General Frank Kelley, was to disprove the charge that the present system of financing schools was unconstitutional. The suit charged that there were "substantial disparities of revenue" among the school districts which "invidiously discriminate against and deny equal education opportunity to students in violation of the equal protection clauses of the Michigan and Federal Constitutions."

The law firm of Hill, Lewis, Adams, Goodrich and Tait, representing The Pointe school system, along with lawyers for Bloomfield Hills and Dearborn, which were also named in the suit, were faced with a singular challenge. They had to prove that the quality of a student's education was not a direct product of the number of dollars spent per capita on his education, so that the present method of financing schools was not unconstitutional.

There was no precedent as it was the first time a group of lawyers tried to disprove a direct correlation between dollars spent and education received.

In discussing the problem at the school system's administrative headquarters, 389 St. Clair avenue, a late 1960s educational study, the Coleman Report, was mentioned. The Coleman Report, sponsored by the federal government, purported to show the relationship between the "inputs" of a school system, (the pupil-teacher ratio, the average teacher's experience and salary, the amount of money spent on each student), and the "outputs," (how well the student fared on standardized tests).

The results of the Coleman Report shocked the educational establishment by showing that many "rich" school districts produced the poorest students, while some of the lower income districts produced high achievers.

It was then the brainchild of several Pointe administrators to call in the local statistical wizard of the school system, Dr. Jensen, and ask if there was any way he could conduct a similar study to prove that the quality of Michigan schools is not a direct product of the dollars spent per pupil.

"The lawyers were in a very precarious position, as there was no precedent for this case. What the lawyers had to find was a measuring stick of the ratio of education vs. financing, and we had to evolve a very systematic method of analysis for it to stand up in court," Dr. Jensen later commented in an interview in his office.

That "measuring stick" was provided by a booklet printed by the Michigan Department of Education. The publication contains the results, school district by school district, of standardized achievement tests given

to all fourth and seventh

graders in the state. The

booklet also contains a break-

down of pupil-teacher ratio,

the average teacher's expe-

rience, educational level and

salary, and most important-

ly, the amount of State Equal-

ized Valuation (SEV), be-

hind each pupil.

In a compressed time

frame of two months, Dr.

Jensen completed a study

which normally would take

six months of work. The re-

sults were a series of scatter-

grams, a graph that lives up

to its name as it looks like

a bagful of dots scattered

over a graph.

Testifying before the Mich-

igan Supreme Court, Dr. Jen-

sen explained that the higher

the dot registered on the

graph, the greater the average

student achievement in that

school district. The farther

to the right a dot was, the

greater the State Equalized

Valuation (the taxable wealth

behind each student). If there

was a direct correlation, (i.e.

the more taxable wealth be-

hind each student, the higher

his achievement) the dots would

form a "fat cigar" shape point-

ing to the upper right hand

corner of the graph.

However, in the series of

scattergrams, the dots were

spread in a chaotic manner

and no correlation could be

seen. For example, Leland,

Mich., had a greater SEV

per pupil than The Pointe

and Bloomfield, but its

schools lag behind us in re-

sults of standardized tests.

Bloomfield Hills has less

SEV behind each student

than Hamtramck, but be-

cause of the local tax effort

and a good administration,

its pupils rank far and above

those in Hamtramck.

Even though The Pointe,

Bloomfield Hills and Dear-

born did not win the case in

the Supreme Court, Justice G. Mennen Williams, in writing the majority opinion, candidly admitted that the Supreme Court was "presented with unrefuted evidence which destroys plaintiffs' (Govern-

ment Milliken and Attorney General Kelley), assumption that the quality of a child's education is a function of the wealth of the school district in which he resides."

Even though the Michigan property tax case remains undecided by the Court, Dr. Jensen's contribution did not go unnoticed. He has been asked to speak before groups of educators, notably the Wayne County Curriculum

Directors which include representatives of all the public school systems in the county.

More importantly, other districts involved in similar property tax suits are employing his analytical methods to prove their cases. A school system in California recently asked Dr. Jensen to prepare scattergrams for them. However, the greatest tribute to him came when the superintendent of the Bloomfield Hills Schools sent a letter to Governor Milliken to suggest Dr. Jensen for a new state education committee. The committee, all appointed by the Governor, will give recommendations for future school programs and the allocation of funds.

The only unfortunate result of Dr. Jensen's recent success is that The Pointe School System recently lost the administrator to the Wayne-Westland school district. Because of cutbacks in The Pointe's school budget, Dr. Jensen's position will be dropped at the end of this school year. When the Westland system offered him a permanent job, Dr. Jensen accepted.

However, even though The Pointe has lost Dr. Jensen, the school system will continue to benefit from his work. The Property Tax Case is currently before the Michigan Supreme Court as a rehearing was granted. Dr. Jensen's graphs, which proved decisively that there is no direct correlation between the wealth behind each student and his scholastic achievement, will figure strongly in the judges' verdict.

## What Goes On at Your Library

By Virginia Leonard

Last week, in a general fashion, I posed hypothetical situations one would be in without a public library. I was trying to zero in on how a community would be so much poorer culturally, intellectually and factually without books and related media to which to turn.

By now all of you are aware that the Grosse Pointe Board of Education has designated Thursday, March 29 as election day. We are once again facing the possibility of no libraries after June 30, 1973. Four propositions will be on the ballot. Two of these will apply directly to the Public Libraries; the other two will be concerned with the Public Schools.

On September 7, 1972 a school/library millage was voted on. This election, held nine weeks into the July-June fiscal year, was to provide operating funds through June, 1973. Now, almost seven months later, we must vote again to continue the financial support after June 30, 1973.

The Board of Education was unanimous in voting to allow four propositions on March 29. Proposition I will ask for citizens to approve a renewal of 20.9 mills (\$20.90 for each \$1,000 of State Equalized Valuation on real estate property.) This is the amount presently being collected.

Another proposition concerning the schools will request 6 mills (60 cents per thousand of State Equalized Valuation) for the restoration of some school programs dropped in the past three years.

Proposition III asks for the renewal of 1.12 mills (\$1.12 per thousand of State Equalized Valuation) for the support of the public libraries for a period of three years (July 1, 1973-June 30, 1976.)

The second library proposal provides, for one year, an increase of .14 mills, or 14 cents per thousand of State Equalized Valuation.

If both library propositions are approved funds will be available to open the Central Library 58 hours a week, instead of 39 hours. Service hours would be Monday through Thursday, 10 a.m.-9 p.m.; Friday and Saturday 10 a.m.-5 p.m. Woods Branch Library would be open on Saturday. Also, some of this

money would be used for increasing the book and audio-visual budgets, as well as replacement of equipment. We feel certain that you would like to see more new books and basic books on our shelves, more copies of the popular titles, and a lift given the audio-visual inventory.

Our September, 1972 library millage victory was very heart-warming to us—almost three to one in favor of the library! Now we are hopeful that all of our loyal friends will come through for us again, and give us a chance to give you better services. But, at the risk of sounding the "gloom and doom" bell, we must quote Mr. Robert M. Orr, Director of Grosse Pointe Libraries as saying that if our library millage fails the public libraries will be closed July 1, 1973.

We feel that our millage requests are modest and reasonable. I feel that Mr. Orr and Mr. William T. Peters, Assistant Director, have spent much time on intelligent reflection and planning. They have had years of experience, and have drawn on the experience and thoughts of all the staff members. I think they are presenting a reasonable, reasoned request. Can you imagine Grosse Pointe after July 1, 1973 without one single library? The area would no longer be the same. The whole idea is abhorrent and nightmarish. A locality with such a fine reputation, financial resources and beautiful surroundings simply cannot allow this millage to go down the drain. What a blow to culture and education!

Think back to the column I wrote last week. Think of all the things you would miss without any libraries! Think of yourself, your family, especially your children. Think of how you would change—narrowed horizons intellectually, insularity, impoverishment culturally, deprivation of the use of some of our other services, (other than books), such as audio-visual materials, art prints, tools, pamphlets, magazines and newspapers.

Are you going to let this happen? We're sure you aren't, so please mark March 29 on your calendar—and GET OUT AND VOTE! If you will be out of town on that date be sure to get an absentee ballot. BUT VOTE!

## Hosts Sought for Europeans

Pointe families are needed to entertain English-speaking European teachers in their homes for one or two weeks this summer, in connection with The American Host Program.

According to J. Stuart Perkins, board chairman of the program, American Host is one of the few non-governmental programs designed to show the American way-of-life to foreign teachers by

pairing them with American families.

Now in its eleventh year, American Host has opened doors to better understanding for more than 3,000 European teachers who have passed on their new understanding of America to their students.

Mr. Perkins said that being a "host family" is open to anyone who has the desire to increase understanding and friendship between Americans and Europeans. All that is required, he said, is hospitality; a private room for a guest and free time for one or two weeks to introduce the guest to friends, neighbors and perhaps fellow teachers.

American Host arranges all transportation. Host families are asked to meet their guest upon arrival in their community. Teachers and host families have an opportunity to correspond for at least a month before meeting.

Information and arrangements for participating as a host family can be made by writing to: Mr. Tom Murphy, The American Host Program, Hotel Commodore, Suite 2100, New York, New York 10017.

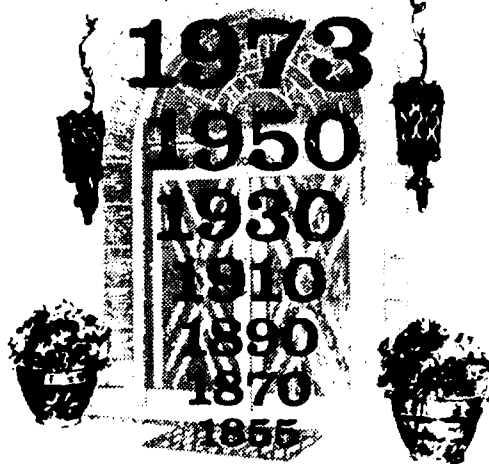

## School Board Meeting Slated

The regular monthly meeting of the Grosse Pointe Board of Education will be held at 8 p.m. on Monday, March 12, in the auditorium of North High School, 707 Vernier Road.

William F. Huetteman, president, will chair the meeting and Dr. Theos I. Anderson, Superintendent of Schools, will present his recommendations for the trustees' action.

The meeting is open to the public.

## From Another Pointe of View

By Janet Mueller

Jean Belliard, troubadour-guitarist, is coming back to The Pointe, appearing at a Soiree au Cabaret at the Grosse Pointe Hunt Club this Saturday.

Mr. Belliard, who sings and plays in Medieval and Renaissance style, has performed at many chateaux in France's Loire Valley. He was first introduced in the United States last year by the Alliance Francaise de Grosse Pointe, which is sponsoring his 1973 Hunt Club reprise.

Admission to the 8 o'clock concert is free to Alliance members, \$3 for guests. Snacks and drinks may be purchased.

Mr. Belliard will also perform Sunday, for student Pointe Alliance members, at a 2:30 o'clock Apres-Midi Musicale at the Warren S. Wilkinson home in Woodland place.

His Excellency Jacques Kosciusko-Morizet, France's Ambassador to the United States, and Mme. Kosciusko-Morizet will visit Detroit next month, and the Grosse Pointe Alliance is planning an April 16 dinner in their honor.

Mrs. Wilkinson will be hostess that afternoon at a luncheon in honor of the Ambassador's wife. Settled In Fiji

Donald C. Unger, Jr., son of Mr. and Mrs. Donald C. Unger, of Harvard road, has completed his 14-week Peace Corps training in the Fiji Islands and begun a two-year stint as a teacher at Queen Victoria High School on the northeastern tip of Viti Levu, Fiji's main island.

His subjects are Mathematics and Chemistry. His pupils are 11th and 12th graders, whom he teaches in English—but all volunteers were required to master the Fijian language, in order to converse with the villagers.

Donald, graduated in 1967 from Grosse Pointe High School, had been completing work toward his Masters degree in Bio-Physics at Wayne State University before volunteering for the Peace Corps.

## Short and to The Pointe

MR. and MRS. SARKIS Y. MATOSSIAN, JR., of Addison, N. Y., announce the birth of their first child, SARKIS Y. MATOSSIAN, III, January 24. Mrs. Matossian is the former LILLIAN RUTH DARGEL, daughter of MR. and MRS. FLOYD W. DARGEL, who moved recently from Crestwood drive to Sebastian, Fla., where they're eating home-grown tomatoes in February and gazing out their windows at palm and citrus trees, green grass, bright flowers and a lovely little lake filled with bluegill, speckled perch and wide-mouthed bass. The Dargels welcomed son BILL, graduated from Grosse Pointe North High School last June, who racked up all A's in his first semester at the University of Michigan's College of Engineering, in Florida over Christmas. The SARKIS MATOSSIANs, of Los Angeles, Calif., are the newest Sarkis' paternal grandparents.

Addressing a black tie men's dinner recently at the Royal Canadian Military Institute was Colonel BERRIEN EATON (U.S. Army, ret.) of Audubon road, who for 20 years has been chairman of two annual events involving the Essex and Kent Scottish Regiment of Windsor: Remembrance Day Service and the American-Canadian Friendship ceremony, both held in Detroit. He spoke Monday, February 5 — 25 years to the day when he became the first associate member of the RCMI, (now there are 50 such members, from 20 countries). Colonel Eaton had been given, as an expression of appreciation

Lieutenant Colonel WILLIAM G. HEARD, RCMI museum chairman, realizing a "light space" remains whenever something is removed from a wall, in turn presented Colonel Eaton with a print from Neville Green-slag's painting of the Non-such, the Hudson's Bay Company's first vessel, framed and identical in size to the plaque.

TERRENCE B. KULKA, son of LEO KULKA, JR., of Lakeshore road, has been named to the Dean's List at Aquinas College, Grand Rapids. A senior, he has served on various Community Student Government committees, and is listed in the 1971-72 "Who's Who Among Students in American Universities and Colleges."

ROBERT W. STEWART, son of MR. and MRS. ROBERT W. STEWART, of Fontana lane, has been named executive editor of the Brown Daily Herald, campus newspaper of Brown University. His term began January 31. A Film Making major, mem-

ber of the Class of '74, he will direct the paper's outside affairs bureau and supervise arts coverage.

Named to Aquinas College Fall Semester Dean's List is TIM DETTLOFF, son of the JOSEPH A. DETTLOFFS, of Kensington road. Tim is a junior at the Grand Rapids College. His sister KATHRYN, a senior Math and Secondary Education major at the University of Detroit, is among 26 U. of D. coeds accepted into Gamma Pi Epsilon, Jesuit national honor society for women, January 23. Kathy, secretary of Pi

Mu Epsilon national mathematics fraternity, is presently doing her practice teaching at Austin Prep. She expects to receive her degree in April.

MARY MARGARET WEIKSNAR, daughter of DR. and MRS. JOHN F. WEIKSNAR, of Westchester road, has been named to the Dean's List with honors, cited for maintaining an average between 3.6 and 3.79 during the first semester of the 1972-73 school year at Stephens College, Columbia, Mo.

## Charlotte Ford To Wed May 1

Mrs. Deane F. Johnson, of Bel-Air, Calif., and Henry Ford, II, of Lakeshore road, have announced the forthcoming marriage of their daughter, Charlotte, to J. Anthony Forstmann, of New York.

The wedding will take place Tuesday, May 1, at the home of the bride's sister, Mrs. Giancarlo Uzielli, in New York.

Charlotte is one of three children of Mrs. Johnson and Mr. Ford. She attended school in Grosse Pointe and Noroton, Conn., before studying abroad for two years, at Le Fleuron in Florence, Italy, and at Academie Maxim in Paris.

She made her debut in 1959 at the Country Club of Detroit, and has since been active in civic, social and philanthropic causes in New York.

Mr. Forstmann, son of Mrs. Jesse Sammis, of Greenwich, Conn., and the late Julius Forstmann, is an alumnus of Andover, Yale and Columbia Graduate School. His business career has included associations with Smith, Barney and Company, Incorporated, and Wertheim and Company, Incorporated. He now operates his own investment firm, Forstmann-Leff.

Mr. Forstmann is a member of the National Golf Links of America, the Meadow Club of Southampton and the Deepdale Club.

## Deborah Hanson Is Wed March 2

Dinner Reception at Detroit Athletic Club Follows Evening Rites in Grosse Pointe Memorial Church

A white peau de soie gown, fashioned with a beaded Empire bodice and self-train, was Deborah Lynn Hanson's choice for her Friday, March 2, wedding to Arthur Taide Monterubio.

Her bouffant illusion veil fell from a floral headpiece, and she carried an arrangement of white Jack Frost roses and yellow roses.

Dr. Ray Kiely presided at the 7 o'clock rites in Grosse Pointe Memorial Church, which were followed by a dinner reception at the Detroit Athletic Club.

The bride is the daughter of Mr. and Mrs. George Hanson, of Maumee avenue. The bridegroom, who has been making his home in Mount

Clemens, is the son of Mr. and Mrs. Fred Monterubio, of St. Louis, Mo.

Honor maid Gretchen Remter, the bride's cousin, and bridesmaid Priscilla Mead wore shirtwaists styled with long yellow chiffon skirts and white bodices trimmed with yellow rosebud lace.

They carried baskets of yellow starflowers and yellow Sweetheart roses, with purple statice accents.

Craig Dykstra, of Princeton, N.J., the bride's brother-

## Church Women To Hear Indian

The Women's Association of Grosse Pointe Congregational Church will hold its monthly meeting next Tuesday, March 13, at the Church.

Mrs. William Frame, president, will conduct the business session at 12:15 o'clock in the Church Lounge, after which luncheon will be served at 1 in the Social Hall.

Mrs. James Mackintosh, Missionary chairman, has invited Mrs. Hannah Aiken, a Lenni Lenape Indian of the Delaware Nation, to address the group.

Mrs. Aiken is one of the founders of the North American Indian Association of Detroit, organized in 1940. She is a graduate of Wayne State University and has had speaking experience throughout Michigan and Canada, including talks at universities and churches.

Baby-sitting will be available. Reservations may be made by calling the Church office before noon Monday, March 12.

in-law, was best man. Mrs. Dykstra also came from Princeton for the ceremony. Walter Remter, the bride's cousin, ushered.

The bride's mother's shirtwaist-style frock featured a long aqua damask skirt and aqua knit bodice, with damask collar and cuffs. She pinned cymbidium orchids to her purse.

## Something New For Symphony

The click of castanets will be heard at the Detroit Symphony Orchestra's concert version of an opera by Spanish composer Manuel de Falla, to be presented at Ford Auditorium this Thursday and Saturday, March 8 and 10, at 8:30 o'clock.

Spain's most famous conductor will be on the podium to lead the Orchestra's first performances ever of "La Vida Breve (The Short Life)." Rafael Fruhbeck de Burgos, returning as guest conductor for his second engagement of the season, conducted "La Vida Breve" in Cleveland last year, and introduced it to San Francisco audiences last week.

Joining Fruhbeck de Burgos and the Orchestra for the Detroit premiere will be a host of international talents, including soprano Angeles Gulin as the gypsy heroine Salud and tenor Gene Bulard, who will sing the role of Paco.

Spanish-born Miss Gulin makes her Detroit Symphony debut at these concerts. American tenor Gene Bulard, member of the New York City Opera, first sang with the Orchestra at the Cabaret "Pops" last year.

Flamenco dancer and castanets virtuoso Lucero Tena, featured on the recording of "La Vida Breve" conducted by Fruhbeck de Burgos, and Spanish flamenco singer Perico Sevilla will be making debut appearances with the Detroit Symphony.

Other guest artists appearing with the Orchestra for the first time include mezzo-soprano Elsie Inselman and baritone Quinto Milito, and soprano Betsy King and baritone Charles Roe, who have appeared with The Overture to Opera Company.

Another debut appearance will be made by tenor Herbert Kraus, who will sing several off-stage roles.

Choral selections will be sung by the Rackham Symphony Choir, directed by Charles Heard.

A contemporary Spanish tragedy, "La Vida Breve" concerns Salud, a gypsy, who is seduced by Paco, a young man of higher social station. He swears eternal love but deserts her to marry Car-

mela, a young woman of his own class.

On the wedding day Salud, accompanied in the gypsy custom by her relatives, appears at the reception, publicly accuses Paco of infidelity, then falls dead.

The work was composed in 1905. It was first performed in Nice, April 1, 1913.

The symphony program also will include Symphony No. 104 in D major by Franz Josef Haydn. Often referred to as the "London" Symphony, it is Haydn's final symphonic composition.

Tickets are available for \$7, \$6, \$5 and \$4.50 (also \$4 and \$3.50 on Thursday), at Ford Auditorium Box Office, 961-0700, all Hudson's and Grinnell's ticket offices.

## Yachtswomen Meet Tonight

Yachtswomen gather for their monthly meeting this evening, Thursday, March 8, at 8 o'clock, at the St. Clair Yacht Club. Hostesses are the Mesdames Julius Maxwell, Robert Szabo, Robert Stuart and Lynn McCorry. ## All-Time High for Symphony 'Excellence'

First phase of a three-year "Quest for Excellence Fund" program to raise \$4.5 million in support of the Detroit Symphony Orchestra has been concluded.

The 1972 campaign results were \$1.3 million, it was announced February 18 by Robert B. Semple, of University place, president of the Symphony and chairman of the 1972 campaign.

Progress to date represents an all-time high in the Symphony's traditional annual appeals for contributed support, Semple said.

Semple also announced that the Symphony's 1972 solicitation included the successful matching of the first part of a three-year Kresge Foundation "challenge grant."

The Foundation had agreed last summer to establish a grant of \$150,000 annually

for each of the following three years in which the Symphony would secure at least 150 gifts of \$1,000 or more from individuals. The 1972 grant was met well within the deadline.

More than \$300,000 of the \$1.3 million raised in 1972 is attributable to the Kresge Foundation grant program, which also helped broaden the Orchestra's support base.

"The results thus far have been very encouraging, and we are grateful to the many generous individuals, corporations and foundations — for gifts large or small — who are helping to assure that Detroit has a fine symphony orchestra worthy of a great city," Semple said.

The \$4.5 million fund drive was launched last summer and will continue through 1974.

"No symphony orchestra

today exists on income from ticket sales alone," Semple said. "The future of every major American orchestra is directly related to the willingness of the home community to share more widely the financial responsibilities of maintaining such an organization."

Total operating costs for the Detroit Symphony last year were \$2.7 million, though at least nine other United States orchestras had higher annual expenses, six of these in excess of \$4 million.

"Contributions to the annual maintenance campaign of the Detroit Symphony in recent years had reached a plateau of approximately \$760,000, so our 1972 figure represents a substantial upswing," Semple said.

"This reflects a renewed dedication and good team-

## Off To Open Rehearsal

Among those boarding busses recently at the Grosse Pointe War Memorial for the journey downtown to the first Detroit Symphony Orchestra 1972-73 Lecture-Open Rehearsal, sponsored by the Junior Women's Association for the Symphony, were (left to right), hostess MRS. NEAL BAUER, of Vernier road, MRS. VOLLRAD J. VONBERG, of North Rosedale court, chairman of last year's series, and her mother-in-law, MRS. JOHANNES VONBERG. The excursion will be repeated again Wednesday, March 21, for the third and final program, "The Darker Side of Russia," a 1 o'clock talk on Shostakovich and Rachmaninoff by Ruth Kaiser followed by the Rehearsal, Sixteen Ehring, conductor, Alexis Weissenberg, pianist, guest artist. Tickets, including bus transportation, are \$2.50 per person per concert.

work all around.

"Certainly, a good share of the credit must go to the Kresge Foundation, whose grant program was and will be an important stimulus during the remainder of the campaign."

Semple added that a fundamental objective of the three-year drive to raise \$4.5 million is to help cover the difference between the Symphony's earned income and expense — a gap of some \$1.5 million annually.

"While many of our contributors have already made three-year pledges, we will need ongoing annual campaigns to further expand our support base."

"The heartening results of the record-level 1972 campaign convince us that we can reach the \$4.5 million goal within the three-year timetable."

Semple noted that the Symphony trustees had forseen more than a year ago that the only realistic course to maintaining the Detroit Symphony as a top-caliber orchestra is to virtually double the annual fund-raising objectives.

"We needed a broader consensus before we could really decide to embark on such a program, though."

Consequently, the "Symphony Story" was presented

in detail to Common Council of Detroit, the board of the Greater Detroit Chamber of Commerce and Detroit Renaissance, as well as other groups and community leaders, to get their views on the role of the Symphony in the city.

"It is a pleasure to report that in every instance we were encouraged to continue our efforts to fund the Orchestra and many pledged their warm support, despite knowledge of the increasingly difficult financial situation."

"In fact, we found a growing awareness that a truly fine orchestra can count for a great deal in the quality of life a community can offer, which as we all know has become one of the chief issues of our time."

## Pointe Quester Group to Meet

The Grosse Pointe Chapter of Questers will hold its monthly meeting at the home of Mrs. Cyril Moore in East Jefferson avenue tomorrow, Friday, March 9. Co-hostesses are Mrs. S. E. Franz and Mrs. Austin Wheatley.

Mrs. William Krebs will speak on Faberge and His Fabulous Easter Eggs.

## Healthoramas Set for April and May

Tri-county residents again will have an opportunity to take more than 20 free health tests at a United Foundation Healthorama.

Various Torch Drive agencies participate in these annual events, which have served nearly 30,000 people since 1968. This year, April 4 through 7 are scheduled dates for the first series, to be held in the Community Arts Building at the State Fairgrounds.

A second Healthorama is scheduled for May 9 through 12 at Brodhead Naval Armory in East Jefferson avenue.

Co-sponsoring the events are Women for the United Foundation (WUF), which recruits and trains hundreds of Healthorama volunteers, and United Health Organization, a Torch Drive service.

Joining voluntary and public health services in staging the Healthoramas will be medical and paramedical personnel, hospital volunteers, student nurses, and some 25 industries, unions, utilities and businesses.

Testing begins at 9 o'clock each day, and is open to all 18 and over on a first-come, first-served basis.

A maximum of 500 adults per day will be checked for anemia, blood pressure, cervical cancer, diabetes, kidney

malfunction, glaucoma and other abnormalities.

Tests for sickle cell anemia will be given, as well as tuberculin skin tests.

There will be supervised child care areas at both Healthorama sites.

Free inoculations for children for measles, rubella and other childhood diseases will be available at the Brodhead site in May, but not at the earlier Fairgrounds Healthorama.

In addition to the tests, there will be educational and scientific exhibits focusing on health and social problems. Included also will be information on drug and alcohol abuse, help and understanding for the aged, information on speech and hearing difficulties, and referrals to agencies for help with these and other problems.

Advice on nutrition and diabetes will be available.

Purpose of Healthorama is to promote preventive medicine by encouraging regular health checkups. The tests are meant for well people, without specific complaints of illness.

## Second Symphony Prelude Scheduled

Woodwinds Will Be Featured at Mini-Musical-Luncheon March 16; War Memorial's Crystal Ballroom Is Setting for Programs

The second in a series of Detroit Symphony Preludes, presented by the Women's Association for the Detroit Symphony Orchestra is scheduled for Friday, March 16, at the Grosse Pointe War Memorial's Crystal Ballroom.

Each mini-musical-luncheon program is planned exclusively to allow patrons to "get-to-know" their Detroit Symphony Orchestra.

The morning performances begin at 11:15 o'clock. Luncheons follow at 12:15.

A unique musical study of the different sections of the orchestra is being offered this season, with Symphony artists demonstrating and playing their instruments.

Strings provided a motif for the first 1973 Preludes program guests, as they listened to masterful bowing by Concertmaster Gordon Staples.

The March 16 program, Woodwinds, will feature the Detroit Symphony Woodwind Quintet, including Ervin Monroe, principal flutist, who came to the Detroit Symphony in 1968 by way of the Bolshoi Ballet Theater, Royal

Ballet and Chamber Symphony of Philadelphia.

Born in Louisiana and Florida-bred, he is a songwriter and member of the Metamorphosis rock group.

He helped found the Oakland University Jazz-Rock Institute, and is a faculty member at Oakland and Wayne State Universities. He resides in Detroit.

Arno Mariotti, principal oboist, joined the Detroit Symphony in 1952. He was born in Germany. Arriving in the States, he made Bridgeport, Conn., his home.

He was served as first chair oboist with the Pittsburgh and the Indianapolis symphonies, each for a period of seven years.

He is a well known teacher, with a Golden Crest label instructional recording to his credit, and has taught at Indiana, DePauw, Duquesne

## To Marry

The engagement of JUDITH ELLEN ROPES and John Paul Redeagle has been announced by her parents, Mr. and Mrs. Gilbert E. Ropes, of McKinley avenue. The prospective bridegroom is the son of Mr. and Mrs. John Redeagle, of Muskogee, Okla. A June wedding is planned.

and Carnegie Tech Universities, and at Pennsylvania College for Women. He resides in Royal Oak.

Paul Schaller, principal clarinetist, also serves as Orchestra personnel manager. He joined the Detroit Symphony in 1957.

He has been first chair clarinetist with the New Orleans and Pittsburgh Symphonies.

A native Chicagoan, he studied music at Tanglewood, at the Juilliard School of Music in New York and with his father, who played with the New York Philharmonic.

Mr. Schaller is on the music faculty of the Wayne State University. He resides in Birmingham.

Charles Sirard, principal bassoonist, came to the Detroit Symphony in 1947. He was born and raised in the San Francisco area.

His previous musical experience has been with the Pittsburgh Symphony Orchestra, under conductor Fritz Reiner, and the Columbia Broadcasting Symphony Orchestra in New York City.

He attended the Juilliard School of Music. He resides in Southfield.

Eugene Wade, principal French horn player, joined the Detroit Symphony this season. He is a native of Kansas.

He was with the Minnesota Symphony Orchestra for five years, and has been a member of the New Orleans Symphony and the Rochester Philharmonic.

He received his Bachelor of Music degree from Wichita University and a Master of Music from Northwestern University, did further graduate work at the Eastman School of Music, and is presently teaching horn and brass ensemble work at Wayne State University. He resides in Birmingham.

Mrs. Arnold W. Lungenhausen, is Preludes chairman. Single tickets may be obtained for the remaining two Preludes by contacting her at 849 Berkshire road, Valley 1-6922.

Tickets for the mini-musical-luncheons are \$7.50 each, by reservation. Tickets for the mini-musicals only, at \$3 each, may be purchased at the door.

Cheeks should be made payable to Detroit Symphony Preludes.

Hostess chairman Mrs. Winfield S. Jewell, Jr., of Washington road, has asked the Mesdames L. Gaylord Hulbert, Sterling Sanford, Bernard Whitley, Robert Pife and Kenneth E. Frankford to assist her March 16.

The closing program, Percussion, April 6, will feature Salvatore Rabbio, timpani, Robert Pangborn, Norman Fickett and Sam Tundo.

## Hockey Hawks In Third Place

The Grosse Pointe Hawks, ("B" travel but technically the "A" travel team), are currently in third place behind Fraser and St. Clair Shores in the Southwest Michigan Hockey League.

In recent action, the Hawks won three of four games. On Saturday, February 24, the club nipped the Minor Atoms, 3-2, on two goals by Rich Carron and a single tally by Doug Rahaim. The following day, the Minor Atoms turned the tables with a 1-0 victory. Then, the Hawks edged Sterling Heights, 3-2, on Monday, February 26. Goal scorers included Mike Eugenic, John Dettlinger and Tom Smith. On Thursday, March 1, the Hawks dumped Port Huron, 3-1, on scores by Rahaim, Dettlinger and Glenn Nema.

The Hawks are scheduled to compete in the State playoff around Thursday, March 15.

## Thieves Enter 5 Buildings In GP City over Weekend

There was a rash of breaking and entries in Grosse Pointe City over the weekend of March 2 through March 4. Three homes and two offices were broken into, one entry attempt was made, and damage to property was reported.

The offices were on Mack Avenue; the homes and property were located on neighboring streets in the City.

On the morning of Friday, March 2, Betty Wodtke, manager of the Fisher Road Salon, 18020 Mack, reported to City Police that an unknown person had broken into her beauty shop by the rear glass door.

About \$50 in change was taken from Ms. Wodtke's desk, but the rest of the building was not ransacked. The culprit also went into Tony's Barber Shop next door, but nothing was reported missing.

Also on Friday, March 2, Dr. J. B. Cooper reported that his office at 18150 Mack Avenue had been broken into. City Officers David Teolis, James Cronin and Corporal Edmond Benthuis went to the scene.

The rear glass door, reinforced with wire, had been punched in with a tire iron or crow bar. The offender injured his hand entering for there was fresh blood on the broken glass on the floor.

The rear room had been ransacked and an adding machine was missing. A large pill box in the hall closet seemed to have been tampered with and was taken to the station.

Three large pill bottles were open on the office desk, and pills were spilled over the desk. Desks also had been entered in two other rooms but nothing was missing.

The refrigerator in the supply room was open. A large box of Plastipak disposal syringes was lying on the floor. A hypodermic needle box was also open. Dr. Cooper was unable to determine what has been taken at that time since the nurse took care of the supply room.

He came to the station on Saturday, March 3 with a list of missing articles. It included five glass syringes, 100 Plastipak syringes, 100 one half inch disposable needles, 100 one inch disposable needles, 75 one and one half inch disposable needles and

an unknown quantity of Darvon, Qualude and Fembutal. Mrs. Sue Abbott, 430 University, contacted City Police on Saturday, March 3 to report that someone had entered her house while she was away.

She had recently purchased the home, and it was being decorated during the day. The offender cooked potatoes in the basement fireplace and entered the crawl space in the attic. There was no damage reported.

The home of Mr. and Mrs. Roger Tuttle, 481 Lakeland, was also entered on March 3. The R. B. Sanfords, 875 Balfour, were watching the house while the Tuttles were away for the weekend.

City Officer Dale van Dale discovered that the rear screen door on the sun porch had been cut. The guilty party then went onto the porch and broke the kitchen window to open the lock. There were mud tracks on the porch floor.

There seemed to be no thefts. Mrs. Sanford phoned Mrs. Tuttle to confirm that nothing had been taken.

On the morning of Sunday, March 4, Mr. V. Morris, 673 Washington, called to report that his lawn had been damaged during the night.

City Officers Dennis Van Dale and Edward Miller went to the scene and found tire marks starting at 693 Washington and exiting at 671 Washington. There was extensive lawn damage at 693, 687, 681, 673 and 671 Washington.

Officers Van Dale and Miller also discovered an entry attempt at 757 Rivard. While making house checks on Sunday, they noticed that the back door of the Rivard residence had been tampered with. There were pry marks on the door jam.

The officers were able to push the door open about three eighths of an inch, but it was held fast by an inner lock. The home was secure on March 3 when it was checked by Park Fireman Mark Sillman.

A delayed breaking and entering was reported in the afternoon of March 4. Gertrude Gage, 587 University place, notified City Police that her panasonic tuner and two speakers were missing from her bedroom.

She had left the house about 6:30 in the evening of Saturday, March 3 and returned about 10:30. No one in her family had borrowed the tuner, and nothing else was missing.

City Police Chief Andrew Teetaert felt that the breaking into the doctor's office was obviously drug related. He said he had a pretty good idea who did it, and police in the area had been alerted.

He went on to say that the police usually catch most breaking and entering offenders during the year. In many cases, there are one or two who are responsible for the majority of them.

When questioned about the unusual number of entries over the weekend, Chief Teetaert said that crimes of this sort generally come in streaks. "But when the pressure is put on, they go somewhere else."

Chief Teetaert felt that a great deal of the illegal entries are drug-related. Sometimes the police have difficulty recovering stolen goods that have been sold on a fence. But when the culprits are caught, they generally admit to their guilt.

**NOTICE OF PUBLIC HEARING OF THE City Council, Acting as a Board of Appeals Under the Provisions of the Zoning Ordinance OF THE CITY OF Grosse Pointe Woods MICHIGAN**

NOTICE IS HEREBY GIVEN that the Council of the City of Grosse Pointe Woods, meeting as a Board of Appeals under Article 44.9 of the Zoning Ordinance of the City of Grosse Pointe Woods, will hold a Public Hearing at the Municipal Building, 20025 Mack Avenue, Grosse Pointe Woods, Wayne County, Michigan, on Monday evening, March 19, 1973 at 7:30 o'clock in the Council-Court Room to hear the following Appeal:

Appeal No. 1 — 1973  
The petition of Flowers by Kimberly, Inc., in behalf of Ronald B. Serba and others, owner of the premises commonly described at 20311 Mack Avenue, and being Lot 16 and the Southwesterly Triangular Part of Lot 17, A. J. Scully's Eastern Super Highway Subdivision, Grosse Pointe Woods, for a variance in the off-street parking requirements in order to permit the construction of an addition and remodeling of such building in accordance with the regulations as contained in Section 44.3.16 of the Zoning Ordinance No. 88 as amended, of the City of Grosse Pointe Woods, Michigan. This variance is requested on the grounds of an undue hardship because a municipal off-street parking lot is located immediate across the street from such building.

This Notice is issued at the direction of the City Council, acting as a Board of Appeals.

**THE SHOW MUST GO ON—QUEEN PROUDLY PRESENTS THE EYE OPENER:** She's a colonial and has all the right things in the right places—3 bedrooms, family room, 1½ baths and a kitchen with breakfast area. Her tender loving care is as obvious as her tasteful decor. You'll want to take a second look, she's in the Farms.

**THE DUET—A TWOSOME** A two family, and the fact that both upper and lower has a family room and 2 baths should be sweet music to your ears. The two bedrooms up and 3 bedrooms down are generous in size. You'll clap harder if you see it for yourself.

**GRAND FINALE—OUR ZIEGFELD GIRL**—A real beauty! She's a 4 bedroom colonial, has a library, family room, heated pool—you name it and we'll just bet you that she has it. She's not only lovely to look at on the outside, when you cross her threshold you'll be impressed at the good taste she reflects.

Hope you liked our presentation, know we can't compare ourselves to the GROSSE POINTE THEATER, but they've been around now for 25 years—hats off to one of our fine community groups! Guess we all have a little "ham" in us—at Queen we like to show off too—

## OPEN SUNDAY — 2:00 to 5:00

SUPER THREE BEDROOM COLONIAL. Large living room with natural fireplace. Basement paneled recreation room has a second fireplace and an adjoining powder room. Fenced yard. Open for your inspection at 1440 Vernier.

SPACIOUS FIVE BEDROOM ENGLISH. From the entrance court yard to the studio living room this house is meant for gracious entertaining. Room for the spill over crowd in the recreation room—drinks available at the wet bar. You'll be amazed when you see 851 Bedford.

## APPOINTMENTS PLEASE

HERE'S ONE TO SATISFY YOUR HEART'S DESIRE. Elegant contemporary living with every convenience devised by man. Just picture yourself relaxing in the heated, sunken bath of the master bedroom cheered by a fire in the fireplace; or lounging in the octagonal shaped family room—it also has a fireplace. Any master chef would delight in the magnificently equipped kitchen. If this doesn't whet your appetite, call us for more details.

FOR THE LARGE FAMILY. Seven bedrooms and six full baths overlooking the Country Club. Ideal location for those desiring quiet surroundings. Drive by and then call us for an appointment to see 381 Country Club Drive.

FRENCH COUNTRY HOUSE ON 300 FOOT LOT. This house is even more spectacular inside than it appears from the curb. Skillfully designed, it has four master suites on the second floor and three more bedrooms on the third. A separate carriage house is connected to the main house by a greenhouse. An enormous swimming pool is the focal point of the back yard. Maintained in peak condition and complete with air conditioning.

SITUATED ON WELL OVER AN ACRE OF GROUND, this English Mansion has an excellent view of Lake St. Clair. It offers the larger family togetherness for those special occasions, while providing privacy with six family bedrooms, each with bath and fireplace. There are servants' quarters and additional rooms. Carved stone fireplaces and wood paneling highlight the entrance hall, living room, morning room, dining room, and ballroom. \$89,500. Available Sunday for inspection to qualified purchasers by advance appointment only.

BE IT EVER SO SELDOM we have a four bedroom colonial to offer in a price range which fits the "almost new" category. Tagged to sell in the fifties with a large family room with fireplace. The garage is attached and up front, which allows for the large backyard. Buy all this in 804 Woods Lane.

AN ACRE OF YOUR OWN. The large trees provide a beautiful setting for this charming American Colonial with four bedrooms and three and a half baths. Both the living room and the den have natural fireplaces. The beautiful living room with bay windows adjoins a modern kitchen. Your inquiry for details is requested.

## GP Spitfires Skate to Wins

The hard charging Grosse Pointe Spitfires, the Pee Wee hockey travel team, (11-12-year-olds) battled into the State Championship finals set next weekend at Jackson. This is the first time in the history of the hockey association that Grosse Pointe has been represented in the Pee Wee category where the six strongest teams will square off.

In the semi-final district playoffs behind goalie Rich Parks, the Spitfires trounced Oak Park, 6-0. With Coach Maurice Hogan arousing his swift skaters, Jeff Logan scored four goals, while Joel Fabry tallied the other two goals.

The victory that propelled the Spitfires into the State Championship was a sizzler as the team overpowered arch-rival St. Clair Shores, 3-0. With goalie Parks again frustrating Shores' thrusts, Bobby Barrett popped in the first goal and the second goal was slipped in by Joel Fabry. John Schuster tallied the final marker.

Thrilling hockey will be played during the first round at the State Finals where Grosse Pointe will face the strong Detroit Blazers and Trenton. In their last encounter with Trenton, the Spitfires were victorious, 2-1, in a bruising battle. The first goal was scored by Mark Fabry and Jeff Logan netted the second.

Tuning up for the States, the Spitfires recently defeated one of the strongest Tri-County teams, Roberts Pools, 5-4. Goals were scored by Carron, Barrett, Terry Hogan, Johnston and Logan. In the Trenton and Roberts Pools games, the Spitfire wings bottled up their opponents and the defensemen stood their ground at the blue line. These lads were led by strong play from Mike Mallard, Matt Rossetti and goalie Cab Morris.

Assisting coach Hogan in spurring on the young men towards victory and sportsmanship are Gino Rossetti, Peter Logan and John Lowery. In Michigan Open League play the Spitfires' record is 13-3-2 for a firm second place position. Overall, the Spitfires are 35-20-8.

Star of Sea Wins Thriller

Our Lady Star of the Sea High School's basketball team downed Aquinas High in an overtime thriller, 31-26, to gain a berth in the semi-finals of the CYO Girls' High School basketball playoffs. The game was played Sunday, March 4.

Led by All-City center Denise Sark, the local cagers were forced to overcome an early Aquinas lead, finally knocking the score at 26-26 on a bucket by Diane Bingham with only nine seconds remaining.

Sark led all scorers with 14 points, while Gini Kodan and Colleen Woodbury tossed in six points each. Sark also pulled down an incredible 25 rebounds.

The Star quintet met powerful Detroit Dominican High in the semi-final round Wednesday, March 7, at the Regina High gymnasium.

REPORTS THEFT Ronald J. Goodwin of 1176 Vernier road, complained to Farms police recently that while his car was parked, unlocked, in the lot at the rear of Sears Store, Mack and Moross, someone entered the trunk and stole his new spare tire and wheel, valued at \$80.

He said he was gone only 20 minutes. The thief damaged the bumper jack while committing the theft, he added.

CITY TRUCK STRUCK Lloyd Arnel, 19513 Brandt, Roseville, hit a Grosse Pointe City "pick-up" truck while driving north on Lakeland avenue on Friday, February 16. The truck, driven by Police Corporal Edward Behrend, was going west on Maumee avenue. There was damage to both vehicles.

## Biology Teacher at U-LS Receives Top State Award

Doris Ranke, University-Liggett Upper School biology teacher has been named "Michigan's Outstanding Biology Teacher for 1972." It is the first time this honor has been given to a woman or to an instructor in an independent school. The award is under the auspices of the National Association of Biology Teachers, and Miss Ranke received notification of the award on Tuesday, February 27.

A relatively new teacher, Miss Ranke began teaching at U-LS in 1970. She received her B.S. degree in Biology from Wayne State University in 1964 and completed her M.A.T. Masters of Arts and Teaching, in 1971.

One of her colleagues in the U-LS science department commented on Miss Ranke's talent: "She approaches her course from a problem-solving angle. She gives her students a problem which is interesting and relevant. In order to solve the problem, the students have to learn certain concepts in biology which they do willingly and which they are obviously going to remember because they have tied these concepts into something relevant. What sets her approach apart is the way she goes about it."

On Saturday, April 14, she will attend the state meeting of the National Association of Biology Teachers in Hastings, Mich. At the University-Liggett Cum Laude Assembly in May 1973 she will be presented with a \$1,000 microscope, an award from the Association of Biology Teachers, in conjunction with the American Optical Society.

The new microscope will allow Miss Ranke to do biology research at home. She expects to begin her research in the field of Histology, the study of the structure of tissue and its structure.

However, Miss Ranke has indicated that she plans to

## Generation Gap To Be Probed

Communication is the key word in family relationships. Many families experience parent-teenage tensions as a normal part of the growing up process, yet would like very much to understand each other and communicate with love. Some may need help in learning how.

Recognizing this need, the Family Life Education Council (FLEC) has planned a Youth-Adult Communications Workshop to be held on Saturday, March 31, from 9 a.m. to 5 p.m. at Miller's Place behind Christ Church, 61 Grosse Pointe boulevard.

Dr. James Knotts, counselor, teacher and behavioral scientist from South Redford High School District, will moderate the session as he has specialized experience in leading communications workshops of this nature. The workshop is planned to help families grow in positive self-image; clarify values (both shared and not-shared), and develop communications skills.

The workshop is open to the public; but both the parent and child must attend. Cost is \$3 which includes lunch; advance registration is necessary.

Reverend Eugene T. Locke are co-chairmen of the workshop. For further information, interested families may contact the FLEC office at 885-3510.

## Cougars Pull Switch in Win

The Frank Adam Lincoln-Mercury PeeWee Cougars pulled a switch when they played the last week. They played goalies Dave Nurdy and Doug Tito as forwards and put left winger Kevin McMahon in goal. One surprise was Dave Nurdy getting a three-goal "hat-trick" as a forward and Kevin McMahon collecting a shutout in goal as the Cougars routed Madison, 9-0.

The next game against the Dearborn entry in the Michigan Open League was a different story as the Cougars lost, 4-1. The game however was closer than the score indicated as the Dearborn goalie stopped three clean breakaways. Steve Levick scored the lone Cougar goal, unassisted.

Then the Cougars met Fraser and suffered their third league loss, 3-1. The Cougar's goal was by Tom McHugh, assisted by Chick Taylor.

The last game of the week was with the Pontiac Lake-landers at the Austin rink. After an unproductive two periods the Cougars finally started to put the puck in the net, and won 4-1. Goals were by Dave Seagram, Chick Taylor, Jeff Kydd and Joe Seehee.

The Cougars drew the Farmington Flyers and Livonia as their first opponents in the state championship finals starting Friday evening, March 9, at Jackson, Mich.

Most successful men are those who stayed calm—and collected.

JOY REGISTRANTS LAURA PICKFORD, (LEFT), TOM CURTO, (IN TOP HAT), MIKE DONAHUE, (WITH GUITAR), AND BARBARA HINTZEN

By Janet Mueller

You're going away for a day-and-a-half, you don't want to leave your dog alone in the house, but it's hardly worthwhile putting him in a kennel. What you need is an "animal sitter"—but where do you find one?

Your daughter's agreed to come home to be married, but she refuses a traditional ceremony. She wants, specifically, contemporary music. An organist and a soprano you could find—but where do you start looking for a folk singer with a guitar?

You're a teenager, and you're sick and tired of being told you're lazy when you're not: You WANT a job, you've GOT a skill, you're more than willing to market it—but how do you connect with the market?

There's this service, this bureau, this thing called JOY.

**Around Since '68**  
JOY is Job Opportunities for Youth. It's been around since 1968, (it was called the Neighborhood Club Teenage Placement Bureau then), but this year it's expanding, taking on a whole new identity.

JOY still handles leaf-rakers, attic-cleaners, et al. It's still a good place to go for a baby-sitter.

It's also a good place to go for a young magician who can keep a birthday party spellbound with a half-hour to 45-minute act.

Tom Curto, known professionally as ToPaC, found his first three tricks in the trash. He salvaged them one day when he was on his newspaper delivery route, brought them home, figured them out, and wanted more.

His parents took him to a professional magician, ToPaC was on his way.

Tom, born in Bon Secours Hospital, is 13, a seventh grader, one of JOY's youngest listees. His parents are Joan and Fred Curto, of Hillcrest road. He has two older brothers, Dave, 15, and Jim, 16, both Grosse Pointe South High School students.

**ToPaC Stands Alone**  
Tom's the only magician in the bunch.

He still has a paper route, and gets up at 5 every morning to make his deliveries.

His favorite school subjects are Art and Industrial Arts. He's good with his hands. He enjoys crafts of all kinds,

but is especially interested in glass cutting.

Tom likes swimming and boating. He belongs to the Christ Church Boy Scouts, and is looking forward to his first Boy Scout National Jamboree in Pennsylvania this August.

He is, in short, very much a typical 13-year-old boy—with a very special skill. He wants to be a professional magician when he grows up. He's played birthday party dates, had shows going all day at the Kerby Carnival, performed at the last Kerby Club Scout Pack 481 Blue and Gold Banquet at the War Memorial and is due for a repeat Kerby Blue and Gold performance this year.

**Mrs. Curto Bails**  
His most recent booking was March 1, at Roma Hall. His mother advised him on his costume, and provides transportation to and from engagements. She'll even help him set up ... but there's one thing at which, so far, she's balked.

Tom would like to practice cutting a woman in half. For this, Mrs. Curto refuses to volunteer.

Barbara Hintzen, a 10th grader at Grosse Pointe South High School, has a regular after-school job, obtained through JOY. Every afternoon, from 4:30 to 7:30 o'clock, she helps with light housekeeping, cooks and serves dinner to a woman and her husband.

She enjoys her work, but it isn't all she's qualified to do.

Barbara, daughter of Heinz and Hanna Hintzen, of Ridgemont road, is a babysitter with excellent references, has had some training in photography—and can repair and overhaul a 10-speed bicycle!

**Cycling Her Passion**  
Cycling is Barbara's passion. Member of the Amateur Bicycle League of America, she belongs to the Cadieux Club, sponsored by the Cadieux Cafe, and is training to race this spring.

Wednesday and Friday nights and weekends, she's out there pedaling. Tuesday and Thursday nights, she speedskates.

Angie, Mary and Diana ... are going to the Hair Show in New York. They'll be back with the latest ideas for hair cutting and styling at the Grosse Pointe Coliseum, 20335 Mack Avenue ... 881-7252.

**Head For Ports Of Call ... where most of the antiques are greatly reduced. March 17 the sale ends. Hurry for the best selection to 23220 Gr. Mack.**

**From Mexico ... to the Spanish Bilt** has come men's hand embroidered shirts \$15.95; women's hand embroidered blouses ... \$9. For the children there are authentic Mexican dolls and leather shoulder bags for girls ... 17331 Mack near Cadieux.

**Home Health Care Products ... are increasingly important for all of us today. Facing rising hospital costs and convalescent homes filled to capacity, more and more of us face caring for patients at home. We can service all your needs, prescriptions, medications, walkers, wheelchairs, hospital dressings, incontinence pads, catheters. We have them all. We will charge and deliver. Let us help you. It's a difficult job ... A. J. Meyer, Inc., 16361 Mack Avenue.**

**Announcing the opening of ELECTROLYSIS CLINIQUE, 21143 Mack Ave. A new beauty clinic, specializing in electrolysis; all unwanted hair is removed by our trained specialist, speedily, gently ... permanently. You are invited to consult with our registered electrologists. For appointment call ... 885-3077.**

## Lundi Gras

(Continued from Page 13)

ka Iconomoff, Cleo (Mrs. Lester) Gruber and Marianne (Mrs. Alan) Schwartz.

Each Lundi Gras—the first was held in 1961—has a theme. This year the London Chop House became a typical French bistro, with Tom Schoenith's Eiffel Tower marking the entrance, red and white checked cloths covering the tables, waiters in aprons and rolled-up sleeves, strings of garlic depending from the ceiling, hanging cheeses and meats.

The food, of course, was pure gourmet, as were the wines, at dinner and at the wine-tasting party preceding the formal meal.

The party committee made a special effort to attract metropolitan Detroit's Young Set, and they were attracted. Bobbie and Buhl Ford, Laura and John Winans, Mickey and Emmet Tracy and Denny and David Summers were among young Pointe couples present.

At one point in the evening lights were dimmed and Tammy Benson resplendent in jewelry worth \$100,000, stood in the spotlight. Her appearance marked formal announcement of the Archives Jewelry Auction, scheduled for next November 9.

A previous Jewelry Auction, held in 1968, was an outstanding success. This year's Auction acquisitions committee, headed by Mrs. Livingstone Howard, has already received valuable donations.

Honorary chairman of the Jewelry Auction is Mrs. Walter Buhl Ford, II. Chairman is Tom Schoenith. Coordinating chairman is Doris Burton.

She'll be starting tennis in the spring.

So far, JOY hasn't come up with anything specific for Laurie. She's busy, so she'd prefer short-term work, although she thinks she might be able to handle a small regular after-school job.

The money she earns will go into a college fund.

**Could Tutor Piano**  
She could babysit, or cook, or clean. She's played the piano for seven years, (she earned a second in this year's Solo and Ensemble Festival; last year, she rated a first), still takes lessons at the Grosse Pointe Conservatory, and could teach or tutor a young child on the piano.

She sews all her own clothes, and can set-in sleeves on blazers.

"Nowadays, things are so overpriced," she explains. "My mother had always sewn, but as we grew older, she had less and less time for sewing."

"When I was in the seventh grade, I picked up a pattern and material, and started to put it together. My sister helped me. I just went on from there."

Laurie's experimenting a bit now, and would like to take a course in designing. She loves to sew. "It's time-consuming, but relaxing. A nice hobby." She doesn't intend to make fashion her career.

She sees herself as an Occupational Therapist some day, or perhaps an Accountant, or perhaps ...

It's really too soon for Laurie to say for sure what she will be.

But whatever, she's DETERMINED she'll be it, live and work in Colorado.

**Mike Is Versatile**  
Mike Donahue has had one JOY job, washing windows and cleaning, and he's available for others. He could work in an office, as a stock-

holder, or as a waiter.

One day, they crossed the Continental Divide seven times.

Sometimes, in the winter, they'll leave Hawthorne road for a skiing vacation, out west or in Quebec. Laurie's skied since she was five. "If I ever got a job at a skiing resort, I could probably teach."

Summers she sails, racing out of Crescent Sail Yacht Club. "I'd like to get a crewing position this year, and sail more with the DRYA (Detroit River Yachting Association)."

Mrs. Paul Nagel and Mrs. Ellsworth Allison will assist as co-hostesses.

The program, presented by Mrs. L. L. McDowell, P.S.A., will focus on "Flowers, Myths and Facts."

**Grand Marais Club to Meet**

Grand Marais Garden Club gathers Monday, March 12, for its monthly meeting. Mrs. Robin Mace will open her Cloverly road home for the 12:30 o'clock luncheon and business session.

Mrs. Paul Nagel and Mrs. Ellsworth Allison will assist as co-hostesses.

other nation. Great-grandmothers of the present generation quilted as young girls to fill idle hands and hours; much of their stitchery and design is superb.

Today, many modern Ms.'s study and work at this American Folk Art, while the beautiful heritage pieces cherished and preserved from great-grandmother's time are a source of inspiration, much sought-after by museums.

### More On Americana

"Barns in the United States" is Mrs. John Makara's topic for tomorrow's Grand Marais Chapter of Quilters' meeting at the Belanger road home of Mrs. John D. Cassens.

Did you know that wanderers in ancient times upturned their ships for shelter ashore—and out of this custom evolved the architecture of the barns of today?

boy. He could work as a busboy.

He's had guitar lessons for six years, and is very experienced at giving lessons. He's giving them now to one of his younger brothers. He works well with kids. He knows how to handle them.

He should: He has five brothers and three sisters.

Donald and Grace Donahue and their brood moved from St. Clair Shores to Blairmore court two years ago. Mike, an 11th grader at North High now, went to St. Paul's for one year before the high school closed. "That (St. Paul's) was a nice school."

North High is a nice school too, he adds.

The young Donahues range in age from a year-and-a-half to 17. Mike's second from the top. His older brother, a North High senior, will be going to the University of Michigan next fall, and Mike, who's interested in pre-Med, thinks he may end up at U. of M. too. He knows he wants to go to college somewhere in the state.

English and Science are his favorite school subjects.

**Belongs To Interact**  
He belongs to Interact Club, a teen service group sponsored by Grosse Pointe Rotary. Interact's activities include putting on Christmas parties for orphans.

A summer job is out for Mike, at least around here. The Donahue clan departs for Port Austin the day after school ends, returning the day before classes begin again, and Mike loves his summer at the cottage. He loves to water ski and fish. "Winters, I hibernate."

He chose guitar as his instrument because everybody else in the family had taken piano. "I wanted to try something different." He has his own electric guitar and amplifier.

"It's easy," he says, "to play basically. It takes time and practice to play with variety."

Like most listees, Mike heard about JOY at school. He thought it sounded like a good deal. So did another 100 students at North High, and 150 at South High.

So much for the myth of the lazy, unwilling-to-work teenager.

**Variety of Skills**  
Most of them are interested in the traditional teen jobs, baby-sitting, garage cleaning, et al., but they've been encouraged to list any skills they may have, no matter how "far out."

JOY's in the business of marketing all sorts of skills. The 1968 Junior League Provisional Class agreed to co-sponsor the original Teenage Placement Bureau with the Neighborhood Club. JOY

remains headquartered at the Neighborhood Club, 885-4600, where volunteers are on duty Mondays through Fridays, from 3 to 5 in the afternoon, handling telephone requests and providing information.

Any Pointe teen may sign up with JOY.

Between 400 and 450 already have.

Last summer, Peggy (Mrs. Bruce D.) Birgbauer was asked by Ruth (Mrs. Alfred R., III) Glancy, Junior League president, to serve as member-at-large on the League's board. Peggy's responsibility, Ruth said, would be the Neighborhood Club Teenage Placement Bureau.

### A New Concept

Peggy plunged in. The first thing that went, under her aegis, was the concept of the Placement Bureau as "just a sitting service." Peggy saw it as much, much more.

"You have a skill, whatever it may be," her sign-up campaign told teens. "We can help you market it."

Then the name went. Face it: Neighborhood Club Teenage Placement Bureau is rather a mouthful! The kids themselves settled on JOY.

Then the word went out, and it's still going out: If you're looking for someone special to do something special, maybe JOY is the place to look.

Maybe it is.

### Booklovers' Binge Set At Press Club

The annual Booklovers' Binge of the Detroit Chapter of Women in Communications, a national professional organization of journalists, will be held next Thursday, March 15, at the Detroit Press Club.

The book sale, free and open to the public, will be staged from noon to 2 and 5 to 7 o'clock. It will feature outstanding bargains on all types of new and used books, both paperback and hard cover.

Proceeds provide scholarships for women studying journalism in Michigan colleges. Unsold books are donated to the Detroit school system and public libraries.

Free wine and cheese will be available to browsers during sale hours.

### Slate Evening Group Meeting

The Evening Group of Grosse Pointe Memorial Church will hold its monthly sewing meeting at 1 o'clock Wednesday, March 14, at the home of Miss Hulda Martin in the Shore Club. Co-hostesses are Anne and Lucy Seeley.
