### HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

**Thursday, February 28**  
**DETROIT AREA MOTORISTS** are feeling the effects of the most severe weekday gasoline shortages since the energy crisis began, with more and more service stations running out of fuel and long lines in front of those stations that still have some left. March allocations are expected to begin arriving at the pumps later this week, but the pinch probably won't ease up until next week. Gasoline industry spokesmen predict that March will be even worse than February.

**Friday, March 1**  
**EGYPTIAN PRESIDENT ANWAR SADAT** announced the resumption of full diplomatic relations with the United States and has invited President Nixon to visit Egypt. Sadat mentioned that Arab oil ministers will meet this month to decide whether to lift the oil embargo against the United States. Sadat made it clear that the decision on the matter was not his to make. The main leader of the oil boycott is Saudi Arabia, whose King Faisal has maintained that Arabs must regain the Golan Heights and East Jerusalem before the ban is lifted.

**Saturday, March 2**  
**BRITISH PRIME MINISTER** Edward Heath has decided not to quit in spite of a vast loss of parliamentary majority. He made the move after former Prime Minister Harold Wilson, leader of the Labor Party, claimed the right to govern. Constitutionally, the Queen has the right to name a prime minister. When a party has a clear majority, the choice is obvious, but since Thursday's election resulted in a stand-off, she must act with the aid of her advisors, one of which is the prime minister. Heath advised the Queen that he intends to study the effect of carrying on in office even though his Conservative party holds fewer seats in the new House of Commons.

**Sunday, March 3**  
**SOURCES CLOSE TO THE WATERGATE GRAND JURY** that indicted seven former aides to the President have alleged that the jury wanted to indict Mr. Nixon on the grounds that he was involved in the Watergate cover up and because he has used the presidency to obstruct the grand jury probe. Only the intercession of a series of Watergate prosecutors, who warned that such a move would result in an unprecedented constitutional crisis, kept the jurors from indicting the chief executive. Ultimately, the jury was persuaded to go along with Special Prosecutor Leon Jaworski's recommendation that a sealed presentation of the panel's evidence be submitted to Judge John Sirica.

**Monday, March 4**  
**A TURKISH JETLINER**, five minutes after takeoff from Orly Airport, crashed into a wooded slope just north of Paris, France, spewing bodies and debris for miles. French authorities reported that all 346 persons aboard were killed, making it the worst civil air disaster in history. In Istanbul, Turkish Airline sources indicated that the crash may have been caused by terrorist bombs believed carried on the craft by three Japanese and two Arabs who boarded at Paris for the flight to London.

**Tuesday, March 5**  
**BRITISH PRIME MINISTER** EDWARD HEATH resigned after nearly four years at the head of a Conservative Party government and Queen Elizabeth named Labor Party leader Harold Wilson as Heath's successor. Wilson had hoped to remain in power but gave up when the Liberal Party rejected an offer to join with Conservatives in forming a coalition government.

### Douglas West Presents Brief to Supreme Court

Somewhere in that pile of a dozen briefs is the one DOUGLAS H. WEST, attorney for the Grosse Pointe School System, filed in opposition to court-ordered busing. Mr. West, along with School Board trustees Laurance J. Harwood, William F. Huetteman and Joan R. Hanpeter, were in Washington D.C. Wednesday, February 27, to hear oral arguments in the U.S. Supreme Court on the Detroit Desegregation Case. The nine-justice panel is expected to hand down a decision before June on the historic Detroit case which involves 52 suburban school districts.

### 13 Selected As Entrants For Pageant

Jaycees Very Pleased With Response To Third Annual Miss Grosse Pointe Event

**By Roger A. Waha**  
The Jaycees are very pleased with the response for its third annual Miss Grosse Pointe Scholarship Pageant. The event will be held Saturday, May 11, in North High School's auditorium. After the deadline for submitting entry blanks passed on Thursday, February 28, the Jaycees selected 13 girls, 10 of whom will be finalists in the pageant. Obviously delighted with the response, Pageant Publicity Director George A. Williamson said, "This is the finest group of young ladies we have had so far," and all of them are "raring to go." Many rehearsals. As for the pageant itself, Mr. Williamson stated, "This looks like the finest pageant we will ever have. We're ahead of schedule rehearsals and our committees are set up and ready to go." Several rehearsals will take place before the field of 13 is cut to 10 on Friday, March 22. From that point on, rehearsals will be held every Friday evening until pageant night. The young ladies selected include Kathleen Laurie Bentley, 19, a 1972 graduate of Lutheran High East, who's currently attending the Grace (Continued on Page 4)

### Woods Council Studying Ways to Solve Problem Concerning Disposables

Declines to Take Action on Coalition Request but Recognizes Need of Taking Action on Its Own

**By Roger A. Waha**  
While The Woods Council declined to take any action on a request from the Michigan Returnable Coalition urging the support of House Bill 4926, (which if adopted would require minimum deposits upon beverage containers of at least 10 cents and would encourage the use of returnable beverage containers), the solons are focusing upon a similar matter on the local level. In action at the regular meeting Monday, February 25, the council unanimously concurred in a Committee of the Whole recommendation to take no further action on the Coalition's request. However, at the C-W meeting Monday, February 11, Councilman Roger A. Graef moved, and the solons unanimously approved, that the matter of the disposition and/or recycling of recoverable resources, i.e., paper, tin, and aluminum cans, glass containers and the collection of a municipal collection center for reclamation of such materials, be placed on the C-W's agenda. The NEWS contacted Mr. Graef to explore the proposal and what it means on the ecology front. Problem Recognized. He said while the council declined action on the Coalition's request, which is on the State level, "we recognized an ever-increasing problem of the accumulation of disposables in the area of paper, plastic and metal containers. We hope to be able to collect these materials in a uniform, and separated, program to get these items recycled." Such a program, he felt, would help solve the shortage problem of such materials, and could help ease the high cost of producing the materials. "Non-burnables are a serious problem for disposal. We need a program where non-burnable materials could be recycled in an economically practical fashion," said Mr. Graef. At the same time, he stressed there are no specific proposals at this time regarding precise action to be taken and that he didn't know what would be forthcoming. Gives an Example. However, in pursuing the discussion, Mr. Graef said, as an example, different color plastic bags could be deposited in, say, a blue bag and bottles in a red one. This would then entail a different method of pick-up. At this time, all rubbish is transported by each Pointe to the Grosse Pointes-Clinion (Continued on Page 8)

### City Police Saluted by Councilmen

Chief Teetaert and Entire Force Praised Following Department's Annual Report

Chief Andrew Teetaert and the entire Grosse Pointe City police force were accorded sound words of praise by the city councilmen at their last regular meeting, held Thursday, February 21. The solons were impressed with the department's annual report for the year ending December 31, 1973. The 18-page account, submitted to City Manager Thomas Kressbach on January 11, showed a marked decline over the past five years in every classification of known offenses, with the exception of larceny over \$50. There were 147 instances of that offense recorded. Violations in all other categories, including automobile theft, robbery, assault and burglary, were down in some instances as much as 50 percent, from what was reported during the past five years. Chief Teetaert was justifiably pleased with that section of the report. The number of adults arrested over the year amounted to 121, 18 less than the figure for 1972. Juvenile arrests, 142 in all, were up, but, "we're keeping things in check," Chief Teetaert maintained. 20 Vandals Arrested. The figures tie most juvenile arrests to vandalism since there were 20 youths charged with that offense. Crimes of larceny represented the second highest reason behind juvenile arrests, followed closely by narcotic-related violations, totalling 19. Most adult arrests were narcotic-related. Seventeen people faced charges based on that violation. There were 16 incidents of larceny/theft and the third place category for adult arrests was driving while intoxicated, with 14 persons charged for that infraction. The downtown statistics it self in city accident statistics. Total accidents for the year amounted to 173. This was 19 less than recorded for 1972. One fatality occurred in the City last year, that of Sophia Musulin Hornovich, who ran a stop sign at the intersection of St. Clair and St. Paul avenues, colliding with a driver going west on (Continued on Page 4)

### YSD Subject of Informative Meeting Feb. 26

Session, Attended by An Estimated 50 Representative Citizens, Coordinated by League of Women Voters

**By Roger A. Waha**  
A meeting focusing upon The Youth Service Division, (YSD), and the rotation system involving division personnel was held Tuesday, February 26, in the board room of the Grosse Pointe School District Office, 389 St. Clair avenue.

The session, coordinated by the Grosse Pointe League of Women Voters, was called a "strictly educational, informative and productive" meeting by Mrs. C. R. Kinnaird, voters' service chairman of the league. Mrs. J. J. Schoenberg, Jr., said the gathering "gave people a chance to air their views with city officials." It was originally arranged by the league because concerned groups and citizens requested such an informational meeting. Mrs. Kinnaird said an estimated 50 people, who collectively represented a variety of organizations, participated. She added various school PTA's, the Lawyers Wives, the Health Education Council, among others, took part.

Reviews Background. Woods City Administrator Chester E. Petersen, YSD program coordinator, reviewed the background, organization and formation of the division and discussed future planning. From discussions with citizens, Mr. Petersen said he felt some of the residents were more interested in a social services oriented program. He stressed that the YSD was "a police oriented program."

He suggested if some citizens wanted to enlarge upon the social services being offered that another type of vehicle should be created to implement it. Mr. Petersen also said he would be available to discuss the YSD with any groups. "We are formulating the budget of the YSD this month, (for fiscal year 1974-75), and we will present it to the respective units of government, (the other Pointe communities), and the Board of Education, (all of whom contract for the division's services), for the renewal of our contract," he added. **Shores Officer To Have Party**  
A party will be held for Shores Public Safety Officer Gordon Swartz, (who was given a disability retirement), on Friday, March 15, at the American Legion Hall, 20916 Mack avenue, starting at 7:30 p.m. Tickets for the retirement gathering are available at Department of Public Safety headquarters, 795 Lakeshore road. They are \$6 apiece. Officer Swartz is a 20-year veteran of the department.

**Trustees Give Impression Of Supreme Court Hearing**  
**By Kathy Duff**  
There are cafeteria lines, and there are cafeteria lines. But the one in the basement of the U.S. Supreme Court has got to be one of the best. No where else can you see Pointe School Board Trustee Joan Hanpeter waiting patiently beside Roy Wilkins, NAACP executive director, for the day's perch in line. A few steps ahead in line was James O'Neill, vice-president of the State Board of Education. A few clusters behind was Mary Ellen Riordan, president of the Detroit Federation of Teachers. When in such august company, there are two general rules to follow: (1) Don't say anything too controversial, too loudly, and (2) Listen to hear what other people are saying who don't follow rule No. 1. The huge cafeteria line was a result of the Supreme Court adjourning for lunch, promptly at 12 noon, on Wednesday, February 27, in the midst of the Detroit Busing Case. Arguments resumed promptly at 1 p.m., which brings admiration for judicial expediency; however, everyone was sure that the justices did not have to wait in the lunch line. Impressions of the Supreme Court were still unsettled during the lunch hour as Trustee Joan Hanpeter, William Huetteman and School Board Attorney Douglas West had the concerned look of students (Continued on Page 4)

### High Court Hears Oral Arguments

All Nine Justices Present; Their Verdict on Desegregation Issue Expected by June

**By Kathy Duff**  
The legal case which will shape education in Grosse Pointe for decades to come was heard in the U.S. Supreme Court on Wednesday, February 27. All nine justices were present for oral arguments on the Detroit Desegregation Case which has been termed by the NAACP as the most important issue since the 1954 school integration decision. Over an hour-and-a-half period, arguments were presented by five persons. Arguing against court-ordered busing was Attorney General Frank Kelley and William Saxton, an attorney representing 44 suburban school districts. Arguing for court busing as the only way to achieve school integration was J. Harold Flannery, a Harvard lawyer, and Nathaniel R. Jones, general counsel for the NAACP which originated the case. The fifth person was U.S. Solicitor General Robert Bork who presented the legal aspects of the case and the administration's view. 3 Trustees Present. Seated in the audience, amid Michigan VIP's, were School Board trustees Joan R. Hanpeter, William F. Huetteman and Laurance J. Harwood. Douglas H. West, attorney for the Grosse Pointe School System, was seated in the front of the courtroom. On behalf of the Grosse Pointe School System, Mr. West submitted a 65-page brief to the Supreme Court defending the Pointe's stand against busing. His brief, along with the other briefs filed both for and against busing, will be considered by the justices before they issue a decision. Their verdict is expected before June. The architecture of the Supreme Court building distinguished by massive white marble columns and red velvet draperies, was initially more impressive than the nine justices who yawned, passed notes and asked few questions during the proceedings. Each side's arguments (Continued on Page 2)

**Hold-Up Nets Gunman \$275**  
A white male held two employees of the Jack-in-the-Box restaurant, 20955 Mack avenue, at gunpoint and took an estimated \$275 in assorted bills and silver early Monday morning, March 4. One employee told Woods Public Safety Officer Patrick DeVine he was in the back room cleaning up, came to the counter and discovered the gunman pointing a nickel plated revolver towards him. After telling the employee, "This isn't any joke, this is a robbery," he ordered him behind the counter and told him to empty the cash registers into a restaurant bag. At this time, the second employee, who was in the rest room, entered and was told by the gunman to move behind the counter into the cooling area. Before leaving, the culprit forced the two men to lay face down on the floor. He told them not to get up for five minutes if they didn't want to get hurt, police said. The thief then escaped, his method and direction unknown. He was described as between 23-28 years of age and around 5'11"-6'1" tall, of a medium build and having a thin face. He had a bushy reddish brown mustache and was wearing black plastic frame sunglasses, a green knit ski cap or flight jacket and a green field jacket.

### Hospital Parking Problem Stalls Renovation Plans

Cottage Hospital was denied a permit to renovate its old section of the hospital building, until it comes up with a solution to provide an additional 149 offstreet parking spaces. Under a present Farms parking ordinance, the hospital is required to provide two spaces for each bed. At a Farms council meeting on Monday, March 4, John N. McNaughton, president of Cottage's Board of Trustees, spokesman for the institution, informed the solons that the hospital is under pressure from the Michigan Department of Health (MDH) and the State Fire Marshal's Office (SFMFO) to bring the older portion of its building up to present standards, and to do this within a reasonable amount of time. This was in August of 1973 with a deadline set for March 30, with a little more time added to give the Hospital time to comply with the directives. McNaughton said that the renovation will cover three one section, containing no more than 15 or 20 beds, a year, for a period of three years, which is the number of years it would take to bring the older sections up to the safety code standards set by the MDH and SFMO. Stairways must be constructed where corridors deadend, and electrical wiring must be updated to present code. (Continued on Page 2)

### Woods Amends Sign Ordinance

Adoption of an amendment to The Woods Sign Ordinance No. 103 is expected at the next Woods Council meeting, Monday, March 18. The first reading of the amendment took place Monday night, March 4. The new feature of the ordinance is that a person must have written permission of the two adjacent property owners before he places a sign. Other regulations in the old ordinance still stand, such as the size of a sign may not exceed 24" by 30" inches and that signs may only be posted between 10 a.m. and 9 p.m. Only one resident, an area realtor, appeared concerned over the proposed amendment. He asked for a copy of the amendment so that his salesmen could review it before the March 18 hearing.

Forget the past—the future holds plenty to worry about. The right that might make usually turns out to be wrong.

In cold winters thank goodness for the heating systems in cars. Your car keeps you warm during winter driving by a coolant mixture. This mixture is heated by the engine, flows through the heater and back to the cooling system through special hoses. A blower forces air through ducts to outlets in the passenger compartment. Two outlets inside and below the windshield shoot warm air streams against the glass when you need to remove ice or clear a fogged windshield.

## Oral Arguments Heard in School Busing Case

(Continued from Page 1) were strictly limited to 15 minutes, so the oral presentations were tailored to the last minute. Only rarely did a justice interrupt an attorney for clarification.

**Little Speculation**  
Very few people are willing to speculate on how the justices will rule. The only similar case to come before the high court was last April with the Richmond school case. A deadlocked vote (4-4) resulted after Justice Lewis F. Powell disqualified himself since he was a former member of both the Richmond and Virginia school boards.

It's hoped that the Detroit case will settle once and for all the question of whether courts can order the busing of school children between cities and suburbs to achieve racial integration.

Opening the arguments, Attorney General Kelley urged the Court to overturn an appeals court decision ordering busing of school pupils across Detroit and suburban boundaries. He argued that the suburban school districts were never guilty of segregative practices. Mr. Kelley also upbraided the courts for trying to achieve social goals by first trying to prove a violation so that a remedy could be proposed.

Following the attorney gen-

eral was Mr. Saxton, the attorney who represents 44 school districts banded together to fight the busing order. He stated that Detroit integration plans should stop at the city line.

"Absolutely no school district in the state, with the exception of Detroit, has committed any act of segregation," Mr. Saxton said. He then argued that the "mere existence" of predominantly white suburban schools surrounding predominantly black city schools is not unconstitutional.

A similar position was taken by U.S. Solicitor Gen-

eral Robert Bork who said that a metropolitan plan "is so disproportionate to the violation that it is an impermissible exercise of judicial power." Mr. Bork said that the case would have to be sent back to the lower courts to find evidence of segregative practices by the suburbs.

**Two Speak for NAACP**  
Two attorneys represented the interests of the NAACP, the National Association for the Advancement of Colored People.

J. Harold Flannery challenged the sacredness of city boundary lines, saying that they were no more than

"artifacts of convenience." He contended that the Detroit school district lines were drawn to conform with the segregation created by residential housing patterns. The two factors, he argued, were "mutually supportive, interlocking devices" that operate in "lockstep" throughout the metropolitan area.

When his turn came, Mr. Jones said that a Detroit-only plan would have little effect on integration because of the great majority of black students. He urged that the Court come up with a plan "that would realistically work both now and forever after."

The black lawyer also stressed that to prohibit metropolitan school integration by busing would end the school integration movement and would return the country to the days of "separate but equal" schools for blacks.

After the hour and a half of arguments were presented, Chief Justice Warren E. Burger concluded the hearing with, "Thank you, gentlemen. Your case is submitted."

## Hospital Parking

(Continued from Page 1) While the renovation is in progress, he said, that would mean about 20 beds will not be in use, eliminating approximately 40 car spaces, under the Parking Ordinance formula.

McNaughton said that during the course of the remodeling, the material could be stored in a fenced off section of Kercheval place and in the basement of the hospital.

As far as the contractor's employees are concerned, arrangements could be made to have them park elsewhere, including in the Bon Secours Hospital parking lot, and workers would be shuttled to and from both hospitals.

Also to help alleviate the current parking problem, it was said, the hospital's Women's Auxiliary have been holding their meetings at the War Memorial Center. Further, McNaughton pointed out, the hospital administration has leased 25 spaces from the city in the Municipal parking lot for its employees.

Cottage also owns three lots at the west side of Muir and is seeking to acquire more property, but must wait until the home owners are willing to sell.

At the present time, Cottage has a total of about 186 beds, which means that it must provide 368 parking spaces. Because of its present condition, 240 cars are being crowded into 236 spaces.

During the renovation, McNaughton said, the beds in the section being remodeled will be out of service, which will create a decline in the number of parking spaces needed.

With the completion of the renovation program, there will be no increase in the number of beds, since no expansion of services is contemplated, according to a statement made last November, when hospital administrators met with the council to petition the council to sit

in as a Board of Appeals and grant the necessary permit for the remodeling.

At Monday night's meeting, Mayor William Butler informed the hospital officials that a further meeting must be held on the matter in order to resolve the problem.

He selected Councilmen W. James Mast and Jack M. Cudlip to meet with the hospital officials sometime this week to seek a solution, and to present the findings at the next regular meeting scheduled for Monday, March 18, at 8 p.m. Provisions must be arrived at to provide the 149 parking spaces before the city will grant a permit for the alterations in the old section of the hospital, the mayor added.

If a solution is found, then a public hearing will be held on Monday, March 25, regarding the rezoning of the property on the west side of Muir, from R-1 (single residences) to P-1 (parking), the mayor added further.

## Thief Snatches Suits Off Rack

After thanking a saleslady for her assistance, a black female stole a pair of pantsuits off a rack in the Peck and Peck store in the village, on Wednesday afternoon, February 27.

The thief ran out the back door and hopped into a car waiting for her behind the store.

The saleslady told police she had shown the woman some pantsuits, and after being thanked, had turned her back momentarily. The woman, described as being about 20 or 21 years old and approximately five feet, one inch tall, took the clothes, ran out the rear door and got into a brown Mustang being driven by a black male.

The saleslady followed the thief out the door and saw the car take off down Kercheval place, turning north onto Cadieux road.

A necessary evil is just a bad habit some men feel they can't get along without. If you have a problem to solve, remember that hard work is the best solvent of all.

### Salvation Army Sale Approved

The Salvation Army Harbor Light Center received the unanimous approval of The Woods Council to conduct its annual sale of the Easter "War Cry" magazine on two Saturdays, March 23 and March 30, from 10 a.m. to 5 p.m.

The solons took this action at the regular meeting Monday, February 25.

Sale proceeds are used in the organization's rehabilitation program.

Stay awake and listen to the Sunday sermons—and you'll probably sleep better nights.

### Woods, GP Twp. Have Light Primary Turnouts

Less than eight percent of eligible voters in the Second Senate District went to the polls for the Tuesday, February 26, primary to select one Democratic and one Republican candidate to fill the unoccupied term of former Second District Senator Charles Youngblood, Jr.

In the election, Republican John Lauve, 32, of Sunningdale drive, emerged the winner with 957 votes, while John C. Hertel, 27, was the Democratic front runner with 5,239 votes. Both candidates will now face each other in the Tuesday, March 19, special election.

Mr. Lauve is an automotive engineer at the Cadillac Motor Car Company and Mr. Hertel is a Wayne County Commissioner and a school teacher.

Both The Woods and Grosse Pointe Township, which comprise the second district with Harper Woods and portions of Detroit's east side, reported small turnouts.

Of The Woods' 13,788 registered voters, only 1,151 went to the polls. This was just under eight and a half percent. Meanwhile, 177 persons of GP Township's estimated 2,038 registered voters went to the polls. This was just over eight and a half percent.

Woods City Administrator Chester E. Petersen said the estimated cost of the election to his city would be around \$4,600. (The Woods has 13 precincts), while Shores Village Superintendent Thomas K. Jefferis stated the over-

all cost to GP Township was \$372. (two precincts).

Mr. Jefferis added around \$220 went for workers' salaries, \$80 towards setting up the voting machines and \$72 in sending sample ballots to each household through the mail, (a Township policy).

The top Democratic vote getters in The Woods were Perry W. Lewis, 243 votes; Mr. Hertel, 177, and Harold M. Ryan, 128. Mr. Lauve led GOP candidates with 463 votes, while Thomas E. Terwilliger had 46.

In GP Township, Mr. Lewis topped Democratic candidates with 30 votes, followed by Mr. Hertel with 21. Mr. Lauve, again, led Republican hopefuls with 69, followed by Mr. Terwilliger's 22.

In the overall tabulation, Mr. Ryan finished behind Mr. Hertel with 2,130 votes, while Ted M. Sikora had 1,367. Fourteen Democrats participated in the primary.

### Teen Burglar to Face Trial

John Patrick Higgins, 17, no known address, waived examination at a preliminary hearing held before Park Municipal Judge John Urso on Wednesday, February 27, and was bound over for trial in Circuit Court.

Higgins' bond of \$5,000 was continued, and he is being held as a police prisoner in Detroit General Hospital, with a gunshot wound in his right shoulder. Police said he may need surgery.

The teenager was shot by Patrolman Edward Serwach, when the youth was apprehended in the home of a rare coin collector, whose name and address is being withheld, at about 8:52 p.m. on Monday, February 18.

Sgt. Thomas Martin, Serwach and Patrolman Robert Michael responded to the home of the collector, who reported a possible burglary in progress at his home.

While Martin covered the rear of the house to prevent any possible escape, Serwach and Michael covered the front of the building. Serwach peered through the front door of the house and saw a light in one room and a figure approaching the door.

As he neared the door, Higgins put his hand in his coat pocket and raised it as though aiming a gun. Serwach smashed the glass of the door and fired one shot.

The bullet shattered the glass of a foyer door and hit the youth in the right shoulder, breaking a shoulder bone.

Higgins was ordered to come to the front porch and was placed under arrest on a charge of breaking and en-

tering. When searched, the officers found a five-inch long, two-inch wide vial of prescribed pills, taken earlier from another house burglary in The Park. The name and address of the person for whom the medication was intended was inside the bottle. It was this bottle Higgins raised as though it was a firearm.

The owner of the house and his wife were taking their children to a school swimming pool. As they passed their home, to pick up a neighbor youngster, they saw a light on in one of the rooms of their house.

As the couple drove by the house again, to pick up still another child, they saw the light go out in the one room, and another light being turned on in a different part of the building.

The man of the house pulled into the driveway of a neighbor and told his wife to call police from the neighbor's residence. This resulted in the capture of Higgins before the youth had a chance to escape.

Basketball players seem to get bigger and bigger every year, but did you ever wonder who was the tallest player in history? ... The House of David team once had a player who holds the all-time record. His name was "Tiny" Reichert. He stood 8-1.

Here's an oddity ... Every city that won the championship of the National Basketball Association between 1949 and 1955 is no longer in the league! ... Minneapolis won the NBA title in 1949-50-51-52-53-54. Rochester won it in 1951 and Syracuse in 1955, and none of these cities are now in the NBA.

Did you know a boxer once won the heavyweight championship of the world while lying on his back? ... How did this happen? ... Well, in 1930, Jack Sharkey and Max Baer fought for the title. Sharkey knocked Baer down in the fourth round but his punch was called a foul blow. ... Because of the foul, Sharkey was disqualified and the championship awarded to Baer as he was lying on his back! There was such a "stink" about this that the rule was changed and now no boxer can win a fight while lying on his back — even if fouled.

## Give Impressions of Supreme Court Hearing

(Continued from Page 1)  
in the middle of final exams.  
However, by Monday, March 4, after all the arguments were heard and the trustees were back in Grosse Pointe, definite impressions had emerged.

Commenting on the case, Mrs. Hanpeter said that she was "very well satisfied by the presentation of the arguments," and that she felt things went as well as they possibly could. Her only disappointment, she said, was that the justices did not seem more knowledgeable on the facts of the Detroit case.

Mrs. Hanpeter was referring to the lack of questions the nine justices posed before the attorneys. For the most part, the justices sat back in their immense leather chairs and watched the five attorneys present arguments.

The panel's demeanor also troubled Trustee Laurance Harwood who mentioned the judges' "yawning, passing notes, and getting up to go to the bathroom" in the midst of proceedings.

"It was my first time in the Supreme Court," Mr. Harwood said. "So it was all new to me. I was, however, a little surprised that the justices did not seem more attentive."

"They have such a tremendous influence. The impact of what they decide will affect 200,000,000 people; it will have such vast social consequences. That is the thing I have been thinking about since I returned home," Mr. Harwood said.

The attorney, Mr. West, said that he expected a more dramatic hearing. "In the Court of Appeals, both times the arguments were emotionally charged. We expected questions and heated responses, but both were totally lacking."

"As far as speculating on what this means, the lack of debate, both sides are at a loss to explain. It could mean that the justices had not had the opportunity to study the briefs, so that they could not ask informed questions. Or it might be that the briefs were so good that all the possible questions were answered."

"Another possibility is that they didn't want to provide a big story for the press by asking questions, grist for the mills so to speak. They might not want this busing issue to flare up again."

The Grosse Pointe attorney was very optimistic about the probable outcome of the case. "It looks favorable," Mr. West commented. "I would guess the decision to be 6-3 against busing."

Even more optimistic about the outcome is Trustee Heutteman who speculates on a 7-2 decision.

"The justices to watch," Mr. Heutteman said, "are Justices Potter Stewart, Byron R. White and Lewis F. Powell. Justice Powell is a former member of the Richmond and the Virginia School Boards, and I think he is a strong believer in local control of schools."

The trustee took notes throughout the proceedings of the questions asked by the nine justices. In particular, he noticed an exchange between Justice White and J. Harold Flannery, a Harvard lawyer and a noted civil rights advocate. Flannery suggested that Judge Roth was willing to take further evidence on the suburbs' role in segregation in the Court of Appeals while Judge White said that he didn't think the district courts were open to additional evidence.

There are three possible outcomes of the Wednesday, February 27, Supreme Court hearing. The justices could rule in favor of the NAACP and reaffirm Judge Roth's busing order. Or, the justices could rule in favor of the suburban school districts and the State of Michigan and kill the busing movement. The third possibility is that they could remand the case back to the lower courts for additional evidence of segregative practices on the part of the suburban schools.

Grosse Pointe trustees and lawyers are hoping for a decisive verdict which would stop the busing movement once and for all. Both Mr. West and Mr. Heutteman remain optimistic.

"I think the justices are just beginning to comprehend the scope of the Detroit case," Mrs. Hanpeter commented. Mr. Hanpeter's comments echoed hers when he said, "There is just no legal precedent to this case. And what they decide will have such vast social consequences."

Sandra Kay Hamilton, 18, a senior at North High; Debra Mary Hennig, 18, a 1973 South High grad, who's a freshman at Macomb College; Ronna Marie Jacobs, 17, a North senior; Christine Sophia Levick, 19, a 1973 Our Lady Star of the Sea graduate, who's attending the University of Windsor.

Kathleen Ann Lewis, 22, a 1969 South High grad, who was graduated from Michigan State University in 1973; Kathleen Mary Loafman, 18, a senior at North; Janet Lynn Popp, 18, a 1973 North grad, who's now attending Michigan State.

Karen Anne Seagram, 19, a 1973 graduate of South; Janet M. Wascher, 18, a 1973 South grad, who's currently attending Wayne County Community College; Jill Ann Zevallos, 17, a senior at South, and Margaret Anna Zylk, 17, also a South senior.

Both Miss Levick and Miss Seagram participated in last year's pageant.

Mr. Williamson said the following have offered their services free of charge for the event: Pointe Dodge, Viviane Woodward Cosmetics, Jacobson's In-The-Village, photographer Eddie McGrath, Jr., LaParisiene Salon and Ahee Jewelers.

He also had sound words of praise for South Principal Jerry J. Gerich and North Assistant Principal Robert D. Welch, who "have both been helpful and eager to give their assistance."

"I also want to give my personal thanks to Mrs. Carter Billu for getting the entries and to Linda Finger," Mrs. Finger is the official hostess for the pageant.

Radio personality Morrie Carlson of WWJ will repeat as master of ceremonies, while Mrs. James Dinverno will handle all props.

The winner will receive a \$500 academic scholarship to the school of her choice from the Jaycees. She also receives a \$200 wardrobe, a \$500 modeling scholarship from the Barbizon School of Modeling, plus other jewelry, clothing and trophies.

Each of the 10 finalists will be presented a \$25 savings bond from the Jaycees, and each will have her picture taken by Mr. McGrath, with the winner receiving a color photo.

Mr. Williamson said all the young ladies and their parents were hosted by the Jaycees at a Sunday, March 3, tea. The pageant rules were explained to everyone and the girls had an opportunity to meet "ke, people" involved in the event.

Karen Garrett, Miss Grosse Pointe for 1973-74, spoke to the group. Mr. Williamson said, "Karen will be available to help the girls all she can," he added.

The publicity director is anxious to have Miss Garrett perform before various segments of the community to gain further experience towards her participation in the Miss Michigan Pageant this summer in Muskegon. He said said all interested individuals or groups should contact him at 882-5449 to schedule an appearance.

In a related pageant matter, Mr. Williamson reported openings remain for advertisements in the pageant program. He said local businesses who would like to place an ad should call Thomas Andris at TU 6-2972.

## Embezzlement Trial Adjourned

The Wayne County Circuit Court trial date for a 28-year-old New Baltimore woman, who's charged with embezzlement of over \$100, was adjourned from Thursday, February 28, to Monday, March 11, Woods police reported.

Sandra Randall was originally charged on the basis of a \$462 check which she allegedly converted to her own use, police said.

The suspect worked as a receptionist and bookkeeper at the Mack avenue offices of two doctors whose books were found to be \$20,692.86 short by a professional auditing firm last July.

## Solons Salute City Police

(Continued from Page 1)  
St. Paul. That accident happened in January of 1973. During the year, 70 persons were injured in accidents, six less than in 1972. The number of fixed objects involved rose from 12 in 1972 to 15 in 1973. Police only issued 73 violations for accidents last year, compared to the 1972 total of 95. "We're kind of proud of the low total in traffic accidents," the Chief commented. He noted the accidents last year were not nearly as severe as those occurring over previous years.

The department logged a total of 101,381 miles on its four scout cars and consumed 13,644 gallons of gasoline. "The cars averaged 7.5 miles per gallon," the Chief figured. Much of the mileage can be attributed to hospital runs. "We made more of these than ever," the Chief said, referring to the 189 listed runs made by the police department ambulance.

**5,591 Violations**  
The police wrote 5,591 general violations during the past year and most of these were for meter infractions or illegal parking.

Finally, apart from legalities, the report makes mention of the fact that City police once again scored highest in the Grosse Pointe area for sales of Goodfellow Paper.

ers. Ten officers participated in the annual event. The City council studied the statement and was obviously pleased with the figures. "Chief Teetaert and the while police department should be congratulated for their fine job," Mayor John L. King concluded. The solons unanimously agreed with the mayor and moved to file the report.

## "HAVE WE NOT ALL ONE FATHER? HATH NOT ONE GOD CREATED US?"

Malachi 2:10

A lot of people acknowledge God as Father. But do they really understand the man He made?

As you get a deeper understanding of the Bible, the spiritual nature of man and of all creation appears. Then Christian unity and the brotherhood of man appear in your life, too.

Selections from the Bible and Science and Health with Key to the Scriptures by Mary Baker Eddy, to be read in our church service this Sunday, will help you understand the Bible's message of brotherly love in a new light.

We'd love to welcome you.

## State Petitioned on Water Board

A resolution for the State to place the Detroit Metro Water Department under the jurisdiction of the Michigan Public Service Commission (MPSC), was unanimously approved by The Woods Council at the regular meeting Monday, February 25.

The City of Warren passed such a resolution which the council unanimously referred to the Committee of the Whole for further study at the Monday, February 4, meeting.

The resolution notes the Detroit Metro Water Department supplies water to over 85 communities throughout southeastern lower Michigan, involving millions of residential users. It says this department has sole charge of the distribution of water to these communities, and, "therefore, is able to set rates at its own discretion."

Continuing, the measure stresses that every other utility of this size is under the jurisdiction of the Commission and in subject to its directions and guidelines.

It also states these other utilities are also required to request and justify rate increases before the Commission, allowing "a full unbiased investigation into the necessity of such increases."

Thus, the council petitions the State to place the department under the Commission's jurisdiction, "thereby affording the participating communities some control over the ever-increasing water rates."

Those receiving a copy of the resolution include the Michigan Municipal League's Board of Trustees, all Woods State legislators and the Michigan Public Service Commission.

## Woods Studying Liaison Proposal of NH Student

By Roger A. Wahn  
A North High School freshman, who's very interested in politics, wrote The Woods Council to propose the appointment of a non-voting North student representative to the council as a "liaison person."

Freshman Timothy Mucciante, 14, will have to wait, however, for the council's decision as the solons unanimously referred his proposal to the Committee of the Whole for further study, with a report back to the council.

This action took place at the regular meeting Monday, February 25.

In his letter to the solons, Mucciante, a member of the student council who's on the judicial and social and recreational affairs commissions, said the student council has been reorganized and one commission is now aimed at improved communications with local political groups.

With that in mind, the student council suggested that at least one, preferably two, students be appointed as

liaison persons to The Woods Council. These students would be recommended by the student council.

The responsibilities of this person, or persons, would be three-fold: (1) to carry ideas from the student body to The Woods Council and vice versa.

(2) To report all relevant business conducted by The Woods Council to the Student Senate.

(3) To be an observer and to voice student opinions when called upon to do so in a consultative role.

"It is understood that students do not vote, are not paid, must be Grosse Pointe Woods residents and must be present for all meetings," said Mucciante.

In concluding his letter, he said the choice of this representative would be made from a volunteer list, approved by the Student Association, with selection through an interview held by The Woods Council.

If approved by the solons, Mucciante said he hoped this would be something which would carry on into the future.

Councilman Ronald R. Kefgen, who made the original motion to refer this matter to the C-W, said the proposal bears some investigation and is worthy enough to consider.

He felt the proposal would have to be explored to discover if this was to be on a basis of active participation, a consulting basis, or what, specifically.

At the meeting, Mayor Benjamin W. Pinkos told Mucciante the council would determine, on the C-W level, if his proposal is feasible and workable for the council and the student body.

## Schools Offer Sport Classes

Classes in Sports and Exercise for men and women are being offered this spring by the Department of Community Services, Grosse Pointe Public School System.

A basketball for men is scheduled to begin on Thursday, March 14 at South High School with Jack Coury supervising. Gym and Swim for men is to begin on Wednesday, March 27, also meeting at South High, with Bob Hessler in charge. Volleyball, with Gilbert Gray coaching, will begin a spring session on Thursday, March 21, at North High.

Two classes in Exercise for women are scheduled to meet at Kerby School starting Wednesday, March 20. The first group will meet from 7 to 8 p.m.; the second group from 8 to 9 p.m. Myra Halsig is the instructor. Volleyball for women, with Joan Thornton instructing, will meet at North High beginning on Monday, March 18, for eight weeks.

Badminton and Yoga are also offered for men and women. Badminton (no instruction) will meet at South High starting Monday, April 22, for three hours each evening. Yoga will meet at Barnes School starting Tuesday, March 19, for an eight week session; George Johnston instructing.

Pre-registration is required for these offerings. Call Community Services, 885-3808 or 885-0271 for reservations and further information.

## South to Hear Medical Panel

Five technical areas in the health care field will be featured in a careers seminar scheduled for 10:15 a.m., Wednesday, March 13, in South High School.

The health careers program is the last in a series of four weekly presentations planned by Dr. Kathleen Herschelmann, South career guidance counselor, in cooperation with the Detroit Medical Center. Comprising Wednesday's panel are Reginald Holm, X-ray technician; Carol Robinson, pharmacy technician, and Thomas Williams, respiratory therapy technician, all of Children's Hospital of Michigan.

Also speaking will be Michael Siro, emergency technician trained at Detroit General Hospital and now employed by the Detroit Emergency Medical Service, and Gretta VanBree and Cecilia Chann, both laboratory technicians employed in Grace Hospital.

Children's, Detroit General and Grace Hospitals are among seven institutions comprising the Detroit Medical Center. Others are Hutzel and Harper Hospitals, the Rehabilitation Institute and Wayne State University School of Medicine.

Your lungs inflate and deflate about 16 to twenty times a minute. The elastic tissue in such air sacs allows them to expand and contract like balloons. It is the muscles between your ribs that lift your ribs outward and upward away from the lungs, allowing them to expand. When the lungs are stretched and filled with air, they tend to return to their smaller size, just as rubber balloons do.

## How to keep from going over the speed limit—even accidentally.

**Install a Speedostat Speed Control.**  
It holds you at gas-saving speeds—automatically.

In these gas-short, lower speed days, Speedostat is as important an accessory as you can have on your car. It will hold your car at a constant speed, uphill and down. Merely accelerate to the desired speed, press a button, take your foot off the pedal, and Speedostat takes over. To disengage it, step

on the brake. If you must speed up, step on the accelerator. Lift your foot and Speedostat automatically returns the car to the pre-determined speed. Speedostat pays off in fuel saved, money saved (gas prices are out of sight), and safer, more relaxed driving.

**New Gun Transportation Law Causing Big Furor**

Someone in the State Legislature made a "boo-boo" by enacting a provision in the Michigan Concealed Weapons statute, which after March 29, will prohibit the carrying of an unloaded and cased handgun in the trunk of a car without a concealed weapons permit. Now there are two conflicting laws, one which allows carrying such a weapon in a car trunk, and the new one, which prohibits this.

The new provision of the law was hidden somewhere in a bill that was signed by Gov. Milliken about four weeks ago. No one in the Legislature will accept responsibility for the provision, and many of the legislators were surprised that this section, No. 191, was in the bill.

The problem is, that the new law was passed without repealing the old one, which allows hunters and target shooters to transport their handguns, unloaded and cased, in their car trunks to hunting and target shooting areas.

The Department of Natural Resources (DNR) has asked Attorney General Frank Kelley for an interpretation of the situation. Charles Guenther, DNR executive as-

stant, said that his Department does not know what to do about enforcing either of the laws, stating now there are two laws on the books, each conflicting with the other.

Sen. Oscar E. Bouwsma (R-Muskegon), announced that he is preparing to introduce an emergency bill before the March 29 deadline, when the new statute is to take effect, to repeal the new law.

It was disclosed that the main intent of Sec. 191, was to set up a reciprocity with other states concerning concealed weapons permits.

Michigan is one of the very few states which, under its existing laws, maintains that a police officer, regardless of in which state he resides, as a peace officer, is allowed to enter the state and carry his weapon without obtaining a concealed weapons permit. Too, any citizen of another state, who has a permit from the state of his residence, provided he is not in violation of restrictions of the permit, can carry his handgun in Michigan, concealed on his person, without fear of arrest.

Guenther said that conservation officers won't en-

**Hospital Scene of Disturbance**

Grosse Pointe City police arrested two brothers on charges of being disorderly persons at Bon Secours Hospital, on Saturday, February 23.

William Chené, a hospital security guard, called police at 3:38 a.m. to ask for assistance with Ronald Charles Ridge, 20, and his brother, William George Ridge, 23. Both men were, according to Chené, creating a disturbance, wandering around the ground floor of the hospital. The pair had been at the hospital since 2 a.m., waiting for two friends being treated for cuts received in a fight.

When Chené was making his rounds, he discovered the cash register in the cafeteria had been moved from one end of the room to the other. It had been dropped to the floor in what appeared to be an attempt to spring it open.

Patrolmen James Cronin and David Teolis answered the call and proceeded to the hospital where they found the pair asleep in the waiting room. After initial questioning one of the brothers admitted seeing the cash register on the cafeteria floor and said he had kicked it.

The two were taken to the station for further questioning. An x-ray technician called the police to report her purse had been taken from the x-ray room and was found dumped on the floor of the men's room. \$1.50 in change was missing from the handbag, but \$16 in bills were still intact in the center pocket of the purse.

Three other employees, a desk clerk, nurse and a lab technician also reported seeing the pair roaming about the hospital's ground floor.

Police reported that Ronald Ridge, while at the station, attempted to escape twice and had to be restrained. When police ran a LEIN, (Law Enforcement Information Network), check on his name, they learned he was wanted by Detroit Recorder's Court for violation of probation on charges of carrying a concealed weapon. He was also wanted by St. Clair Shores police for three traffic warrants.

Both brothers were eventually charged with being disorderly persons and bond set at \$100 apiece. Ronald was turned over to St. Clair Shores police.

William appeared in City Municipal Court on Tuesday, February 26. He pled guilty to the charge, was fined \$50 and ordered to serve 10 days in the Detroit House of Correction.

The '74 Fox by Audi gets about 25 miles to the gallon. Which is about average for an economy car. The thing is, the Fox isn't an economy car. It's a sports sedan. It does 0 to 50 in 8.4 seconds. It has sports car steering and suspension. As well as front-wheel drive. And the fact that you can buy a car that has all this (and more) for a reasonable price provides a Foxy solution to another problem as well.

## Parcells Students Learn Winter Ecology at Camp

By Kathy Duff  
Recently returning from a five-day camping trip were 102 hardy Parcells Middle School students. They, along with seven teachers, 13 high school counselors and four parents, spent the week at Camp Cavell, near Lexington, learning about winter survival tactics, outdoor cooking, trail blazing and other winter camping fundamentals.

Assessing the trip, Morris F. Hanzek, Parcells principal who joined the group for two days, said that it was very successful. "I think the kids were a bit apprehensive at first about what was in store for them, but after Wednesday, most of them didn't want to go home."

To be eligible for the camping trip, students had to be in one of the environmental education classes at Parcells. For many of them, winter camping was a new experience. Each day was heavily scheduled, with three hours of classes in the morning and three hours in the afternoon, followed by an evening program.

The program was uniquely tailored to winter camping. Students learned how to recognize and trace animal tracks in the snow; rabbit and fox tracks proved to be the most abundant. Winter

survival in the cold was also stressed; students learned how to use roots to climb up a hill and a rope for the downward return. In crossing a half-frozen creek, the students were told to hold hands to aid any student who might lose his balance.

Speaking with a Monday afternoon Environmental Studies class at Parcells, one of the girls said that her most exciting moment came when she heard the ice cracking one night. "The winds came and blew the ice, and made ice mountains as high as 30 feet," she commented.

The class was being taught by George Pamerleau who organized the five-day expedition. Not only did he secure the arrangements and personally draw up the schedule, he also wrote the Counselors' Handbook and the Campers' Guidebook in order to make it an official camping experience.

"I can't say enough about Mr. Pamerleau," his principal commented. "It was entirely his project from the start. Parcells has never attempted anything on this scale before, and it proved to be very successful."

Mr. Hanzek also had compliments for the teachers who volunteered their services for the camping experiment. Besides Mr. Pamerleau, Chris

Brady, Eugenia Morgan, Diane and Peter Moskaluk, Doug Schubert and Jim Webers were on the trip. Tim Loten of Environmental Action Now visited the camp as a special resource person. Some of the teachers' unpredictable talents came to the surface during the trip. For example, the students learned from Mr. Schubert how to make bread outdoors.

"At first, all the students would make faces and say, 'Ick, I'm not going to eat that bread. But I can't remember a time when there was any bread left,'" Mr. Hanzek said. Not every activity concerned survival in the winter wilderness. In the class, one girl was wearing blue jeans she had embroidered with fanciful designs on the trip. Other students mentioned time spent learning the fundamentals of yoga or taking time for sketching. Many of the students took photographs and are hoping to compile a slide show to illustrate their camping experience.

A literary effort will also come out of the camping trip since the students are writing a souvenir newspaper. It was stated in the Campers' Guide that each student was to write an entry in his journal every night. The log books were collected at the end of the week for the teachers to evaluate the camping experience.

The students were divided into 13 cabins, with about nine campers in each cabin. Thirteen high school counselors joined the group to provide a counselor for each cabin. Four parents, Dr. and Mrs. William Weihaf, Mrs. Carolyn Study and Dr. William Mullen completed the group.

Dr. Weihaf helped in the clinic during the camping stay. "We had an excellent health record with only two students having to go home because of the flu," Mr. Hanzek said. "And there were no injuries."

Besides the usual parent information forms, a clothing guide was sent to each parent. Since the students might be outside for as long as three hours learning how to build fires or navigate forests, thermal underwear was a required item. So were lined slacks and galoshes ("combat boots are not satisfactory" the form noted).

As far as the other students' comments on the trip, one boy said that he learned how to build a shelter from space blankets. A girl said that her most exciting moment came when her group found a sulphur spring. And, finally, one boy said in conclusion, "Well, the food wasn't bad."

## Sewer Cleaning Will Go on TV

The Farms council on Monday, March 4, approved a television camera view, which certainly will not appeal to the citizens of the community.

A recommendation of John A. DeFoe, director of Public Service, was made to City Manager Andrew Bremer, Jr., who in turn asked the city solons to approve a contract with Sewer Specialists, Incorporated, for high pressure jet cleaning and TV camera inspection of approximately 2,400 feet of sewer under Lake Shore road.

DeFoe stated that this type of work has never been done before in the Farms, but the firm will do this small section in order for the Public Service Department to determine the feasibility of this procedure for future sewer cleaning and repair.

Bremer said that Sewer Specialists, Incorporated, has offered to do this work on 1,700 feet of 18-inch sewer pipe, 18 feet under Lake Shore; and 700 feet of a 21-inch line, nine feet deep under the road.

The combination sewer lines, it was disclosed by Bremer, run from McKinley to Warner, on Lake Shore. DeFoe said he favored the company doing the job, since there would be no advantage to the city to take competitive bids because of the short run of the line to be serviced.

The firm will do the work, based on an actual charge of no more than \$50 an hour, nor to exceed the maximum charge of \$1.15 a lineal foot.

The advisability of grouting any sewers will be determined after the TV inspection is completed and an estimated cost for repair and proposal submitted, a company official said.

The council accepted the recommendation and gave the contract to the company, which will start without delay, depending on the weather conditions which could effect the work.

## Center Slates Flight School

Grosse Pointe War Memorial Association is again sponsoring its Flight Training Ground School under the direction of W. E. "Woody" Coche. The school will be held at the Center, from 7 to 10 o'clock Monday evenings, March 18 through June 3. The classes cover navigation, meteorology and safety regulations. The course is a prerequisite for taking the required FAA examination to acquire a pilot's license. That exam is given at the conclusion of the course.

Mr. Coche has taught flying at his own flight school for two decades and offers a special, optional "in flight" lesson for his students. Fee for the course is \$35.

Always expect the unexpected — drive with care at all times.

### Postage Rates Raised March 2

Postmaster Edward L. Baker reminded mailers today that the postage rate increases, which were scheduled to take place earlier this year but postponed by action of the Cost of Living Council, took effect Saturday, March 2.

Following are the new rates on the classes of mail most commonly used by individuals, as opposed to business or commercial mailers:

To U.S.A. addresses: First-Class Letters, 10¢ per ounce; Post Cards (Standard Size), 8¢ each; Air-Mail Letters, 13¢; Air-Mail Cards (Standard Size), 11¢ each; Parcel Post (Average increase is 6%, varying with weight & zone).

To foreign countries: Canada and Mexico (Letter and card rates basically the same as for U.S.A. mailings); other Foreign Countries (Check with your post office).

Postmaster Baker said the rates will also be increased on most other classes of mail, including second and third-class. He advised mailers who have not already received notice of the new rates on the classes of mail they are interested in, or who have any questions on the new rates, to check with their post office before mailing.

### Burglar Robs Elderly Lady

An elderly Park woman, name and home address withheld, who resides in Harcourt road, was forced to lie on the floor and was robbed by a burglar who surprised her in her home at 4:13 a.m. on Wednesday, February 27, it was disclosed by Police Lt. Gordon Duncan.

The intruder placed a pillow over the victim's face and stole her wallet, a diamond ring and other items and fled the premises.

According to information released by the lieutenant, the woman was awakened by a noise in the house and got up to investigate. What she heard was the noise made by the intruder who first tried to open two milk chutes and failing this, broke the glass of the television room to enter the house.

When she stepped out of her bedroom, investigating officers were told, she saw a male figure in the house. The woman told police that the man said, "Don't look at me," and forced her to lie on the floor of her bedroom. Grabbing a pillow, the burglar placed it over her face, saying "I won't hurt you if you stay quiet." He disconnected a phone from a wall telephone jack.

The thief stripped a diamond ring from the woman's finger, took her wallet from her purse, then grabbed a portable radio in the room, and two fur coats from a closet.

Lt. Duncan said that the value of the items stolen are

### Woods Divides Proposed Law

A proposed ordinance in The Woods, which is under study by the council on the Committee of the Whole level, was unanimously approved to be divided into two ordinances by the C-W at its Monday, February 11, meeting.

The measure originally would provide for the annual inspection and licensing of all buses operated within the city, would require the annual approval of school bus routes by the council within the city and would require information pertaining to school bus drivers.

After division, one proposed ordinance would require the annual approval of school bus routes by the council within the city.

The other would provide for the annual inspection and licensing of all buses operated within the city and would require information pertaining to school bus drivers.

City Attorney George Catlin was requested to prepare and submit to the C-W examples of the two proposed measures. Mr. Catlin said the main reason for splitting the original measure into two different ordinances was the unwieldiness of the first proposed law.

The original ordinance was unanimously referred to the C-W by the Council at the regular meeting last December 3.

### Bronze Rabbit Brings Prize

Winner of \$75 in a student art competition at South High School is Marianne Mikhail, a 14-year-old ninth grader. Marianne's winning entry, a bronze sculpture of a rabbit, will be permanently displayed in the new wing at South.

The prize was given by the Hazel McCraig Memorial Fund, established last year in memory of the mother of Roger McCraig, curriculum associate for the Grosse Pointe Public School System. The competition was open to South students only, and entries included painting, graphic art and textiles. Judges were members of the South art department, along with Robert Rathbun, chairman of the North High School art department and trustee of the Grosse Pointe Foundation for Academic Enrichment.

## St. Paul's Sets Chicken Dinner

"Wearin' of the Green" will be a prominent feature at St. Paul's Teacher-Parent Guild Chicken Dinner Thursday, March 14.

Mrs. William Flaherty, event chairman, promises that the best fried chicken will be on hand. Seatings in the school cafeteria at 5:30 and 6:30 p.m. will insure room for all.

Co-chairman Mrs. Robert VanAuken reports that adult "portion" tickets, (three pieces), are priced at \$2.50 in advance or \$3 at the door, while child "portion" tickets, (two pieces), are \$1.50 in advance or \$2 at the door.

The event has been given much support and assistance by many enthusiastic mothers including Mrs. Francois Belanger, Mrs. Jean Doelle, Mrs. John Donnelly, Mrs. Robert Ferber, Mrs. Jan Lehman, Mrs. James McKenna, Mrs. Frank McHugh, Mrs. Theodore Oldham, Mrs. Malcolm Proffit, Mrs. Gerry Ribant and Mrs. William Wayland.

Tickets for the dinner may be obtained from any St. Paul student or by calling Mrs. Edward Kane at 885-1639. Proceeds will go to benefit the school.

## Austin to Play 'Damn Yankees'

In their 16th season, the Austin Players will be presenting the musical "Damn Yankees" this weekend, March 8-10, at Pierce Auditorium at 8 p.m. each evening.

"Damn Yankees" is about a fanatic, middle-aged Washington Senators fan, played by Charlie Pentis, of 19882 Doyle place, who keeps glued to his TV set during the baseball season. He rants against the Yankees, who are clobbering the Senators, and the rest of the ball clubs.

Finally in an impulsive oath, he says that he would sell his soul if he could stop those Yankees. A happily cynical Devil, played by Mike Sawicki, of 16228 Eastburn, Detroit, appears and the fan becomes transformed into something the Senators need — a young, phenomenal long-ball hitter, played by Joel Stone, 1135 Fairholme road.

Joe Boyd becomes Joe Hardy, the sensation of the leagues. The Washington Senators start to climb in the league standings. As a safety precaution, the Devil introduces Joe to Lola, his prize, sure-fire worker, played by Lisa Parets, of 4715 Audubon, Detroit. However, when the Devil is ready for Joe to live

up to his end of the bargain, Joe outwits him in this sensational home run of a musical.

Other members of the cast include Debby DeYonker, of 991 North Oxford road, who plays Joe Boyd's wife, and Jayne Rizzo, of 38 Warner road, who plays a reporter.

Director of the Austin Players is Thomas E. Bailey, of 1785 Huntington road. Producer of the Austin Players is the Reverend Lawrence Dore, vice-principal of activities.

Tickets for this weekend's performances of "Damn Yankees" are available at the door each night.

## Jewelry Taken in Woods B-E

Thieves entered two Woods homes, one on Saturday, March 2, and the other on Sunday, March 3.

In the March 2 burglary of a Lochmoor boulevard residence, the culprits took four men's rings, three wrist watches and assorted money. The combined, estimated total value of these items is \$10,000. A 14-inch color television set also was snatched.

Entry was gained by breaking a glass in the rear door enabling the culprit to reach in and unlock the door.

On the 3rd, someone entered an Aline drive resi-

dence and took \$260 in cash and four packages of cigarettes. These were the only items reported missing at this time.

Entry was gained by breaking a glass in the rear door enabling the culprit to reach in and unlock the door.

## Smashed Car Moves Itself

Farms Police Lt. and Mrs. Ignatius Backman, while driving on Moross road, came upon a car that had smashed into an Edison pole near the intersection of Country Club lane.

Lt. Backman said that he and his wife on Thursday, February 28, were only a block away from their house when they observed the auto against the pole, with steam coming from its front end. They also saw a man behind the wheel bleeding about the face.

Backman said he stopped to assist the man, and at the same time told his wife to go home and call the station and report the accident. Cpl. Ronald Wooten and Patrolman Gerald DeBurghgraeve responded to the call.

The lieutenant and DeBurghgraeve aided the man out of the smashed auto,

while Wooten looked under the car's hood to see how much damage was done.

As the corporal was inspecting the damage, the motor burst into flames, and a prompt call was made to the Fire Department over the emergency radio.

Then a strange thing happened. The motor of the auto started up and the vehicle went into reverse, knocking down two lighted barricades, and the car, its gears in reverse, backed up a hill of dirt from a water main break excavation, and came to a stop at the top.

The firefighters arrived and doused the flames with a hand extinguisher, and other firemen took the man, identified as Henry W. Harvey, 51, of 22709 Lincoln, St. Clair Shores, to St. John Hospital for treatment of his facial wounds. Other than the cuts, doctors could find no other injuries.

Harvey was alone in the auto, the lieutenant said. When Harvey was questioned by the corporal and the patrolman, they were informed by the man that he was traveling south on Moross, when he lost control and ran into and knocked down a lighted barricade around the hole. The car owner said the vehicle swerved and slammed into the pole.

The policemen said that Harvey had been drinking, but did not issue him a violation ticket because he was not actually seen driving the car. It was surmised that flames burned away the insulation around the ignition wires and the bare wires touched, causing the motor to start up.

## Cinema League Meets Mar. 14

The Grosse Pointe Cinema League will feature a South American Holiday at their next meeting to be held in the Alger House of the Grosse Pointe War Memorial at 8 p.m., on Thursday, March 14.

Dora Rowley's color slide program will begin with Panama and the Canal Zone, and encompass Indian villages in Ecuador, the equatorial monument and the cities of Lima and Cuzco in Peru.

The program features special pictures of the lost city of Machu Picchu, the holy city of Inca royalty, Countless mountains, lakes and forests of Chile, a flight over the Andes to Paraguay and a visit to the Iguassu Falls, viewed by land and helicopter are also recorded on film.

Brazil, with lush tropical gardens, a snake farm in Sao Paulo and the city of Rio de Janeiro, concludes the program.

Hostesses for the evening will be Miss Ann Stock and Mrs. Grant Weitzel. There is no admission charge and the public is invited to attend.

Worry may be a confession of weakness, but that's little consolation when trouble strikes.

## Continue Study On Woods Law

The Woods Council's Parks and Recreation Committee is steadily progressing in its re-vamping of the proposed ordinance which provided for the regulation of the outside storage of boats, various trailers, (boat, utility, travel, house), and other recreational equipment.

In an effort towards improving the ordinance, which has been a thorn in the sides of many residents for over one and a half years, the committee has held several meetings on the measure which is still in the Committee of the Whole stage.

Councilman Ronald R. Keffen, committee chairman, said the "package of suggestions" for possible inclusion into the measure, which was scheduled to be presented to City Attorney George Catlin on or before Friday, March 1, has been delayed a week because the committee is awaiting the arrival of a similar ordinance from New Jersey.

He said this measure might have some effect on the city's own ordinance regarding its improvement. As a result, the committee will meet sometime this week to go over the New Jersey measure before the "package of suggestions" is "signed, sealed and delivered" to Mr. Catlin.

After the city attorney reviews the suggestions, they will go back to the committee so the solons can see what the items "look like in print."

The variety of suggestions include the establishment of a hearing process with an appeal mechanism to determine the feasibility of the outside storage of boats and other recreation vehicles mainly regarding a vehicle's location on a resident's property, the inclusion of regulations on the outside storage of fuels and the dumping of waste from holding tanks.

Other committee members include Councilman George S. Freeman and Conrad A. Naegel.

Don't despair—the less you have the more there is to get.

10 reasons to....

# call us collect today about owning a luxury condominium on Lake Charlevoix

## 1. Enjoy Michigan's greatest winter sports yet this season.

The Landings, luxury condominiums, are less than 30 minutes from Michigan's five greatest ski areas: Boyne Mountain, Boyne Highlands, Walloon Hills, Thunder Mountain and Nub's Nob. You'll also enjoy cross country skiing, ice fishing and snowmobiling. This Spring you'll do some of the finest fishing in Michigan.

## 2. You get a private beach, heated pool and private boat slip.

Each condominium is located right on the water at Lake Charlevoix. You can sail, cruise, fish, water ski and swim. There is also a sandy beach and heated swimming pool. A large number of superb golf courses are within easy driving distance. Excellent hunting areas are also nearby. In the Fall the Koho salmon fishing is fantastic.

## 3. Own property in Michigan's most prestigious recreation area.

Lake Charlevoix opens directly into Lake Michigan with its beaches, high sand dunes, cliffs and picturesque lakeshore villages. It is in the very heart of ski country, within easy land, air and water access of major midwest cities.

## 4. Condominiums blend with natural lake-front environment.

You may never have seen a community like this before. The natural environment has been preserved. In addition, the landscaping is outstanding. Condominium homes blend easily into the natural surroundings.

## 5. Select the interior of your choice, with two or three bedrooms.

You'll enjoy a wood burning fireplace, an unobstructed lake view through giant size windows in your living room and dining area. If you select a three bedroom townhouse you'll find a dramatic spiral staircase leading to a great sleeping loft overlooking the lake. All kitchen appliances are built in, including color coordinated electric range, spacious refrigerator-freezer and dishwasher. You get a garbage disposal, and a stacked washing machine and dryer.

## 6. You get the best of two worlds: seclusion and convenience.

You'll live in wild, rugged, secluded country but Boyne City provides natural gas, electricity and water—complete sanitary services. Don't even think about septic tanks or well water. There's also cable TV. One of the finest and most exclusive shopping areas in the midwest is in Petoskey, just 15 minutes away.

## 7. The Landings is ready. Construction complete.

See for yourself. Many families are enjoying the Landings while you are reading this ad. Call us now for more information.

## 8. All the tax benefits and equity building of home ownership, plus freedom from maintenance.

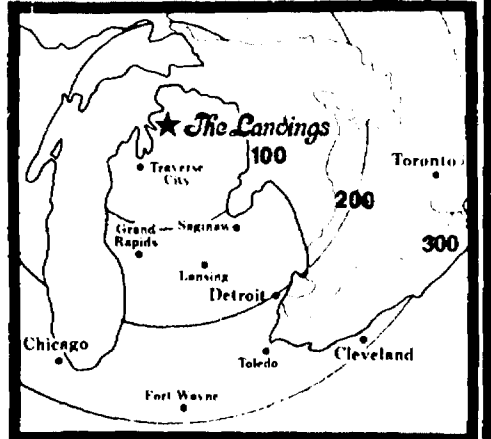

You own your Landings condominium just as you own a home. You enjoy equity buildup and tax benefits. The Landings provides all exterior maintenance. You'll never have to paint or make exterior repairs. You'll never have to shovel snow or cut your grass. We'll even stack your fire wood, ready your boat and turn on your refrigerator when you tell us you are on the way.

## 9. There were just 36 condominiums left when we wrote this ad.

One of the most important features at the Landings is privacy. You'll live and vacation in a small, quiet community. We built just 36 exclusive condominiums at the Landings. This isn't pressure talk, but we do expect these homes to sell very quickly.

## 10. You can't beat the prices.

The price range at the Landings is \$51,900 to \$65,900 depending on the number of bedrooms and location you select. If you have looked at vacation home prices before, you know that you can pay twice these amounts in less desirable locations. Financing is available.

Call, or write, for a brochure, floor plans and additional information.

## Woods Council Studies Master Park Plan; Decision Expected Soon on Pool

(Continued from Page 1)  
and Bogue, Inc., says, regarding the master plan, that since the available facilities are apparently satisfactory, an attempt was made to only re-structure the park layout for optimum uses.

"In the development of this proposed plan we have consulted with professional land planners and the Parks and Recreation director of the city. We have listened to their ideas, reviewed proposed park layouts and injected some thoughts of our own," said the report.

"We have considered the movement of traffic, the continued use of existing facilities, the need for a general but not concentrated placement of park recreational activities in a limited area and the uninterrupted continuity of picnic and general park areas."

In the layout for projected park use, a new pool site is located where the park's largest picnic area is currently located off of Jefferson avenue.

**Why Site Selected**  
The report cites a variety of reasons why the new pool site was chosen including: the pool being readily accessible for both picnickers and swimmers and swimmers brought to the park for that purpose only by private auto or by bus, and the potential noise problems arising from swimming would be greatly diminished because of moving to an area now buffered by parking facilities, a main off-site traffic thoroughfare and future green belts.

Another reason was that the effects of wind off the lake on the swimmers and sunbathers will be appreciably reduced because of protection afforded by trees in the park.

Continuing, the report notes, regarding pool size, that the "size selected by this office, based on allowable swimming loads established under Act 230 of the Public Acts of 1966 and Rules, will accommodate 1,944 people at any one time."

Proposed dimensions show the total square footage of the pool to be 21,485 square feet comprising general swimming, 17,285 square feet; a training pool, 2,800 square feet, and a diving bay, 1,400 square feet. Meanwhile, the total deck area reaches 48,360 square feet and the bath house, 7,500 to 9,000 square feet.

The pool and bath house's estimated cost of \$748,215, notes the report, reflects excavation, special backfill, off-site sewer and water, sun deck, fencing, general site grading, pool water heaters, underwater lighting in the diving bay, general overhead site lighting, safety floats, diving boards, ladders, lane markers, life guard chairs and bath house.

Mr. Petersen said the material utilized could either be aluminum or concrete. This depends upon which way the council wishes to go, not only regarding materials, but if the solons go the new pool route.

Other proposed phases in the master plan include Phase II, (tennis courts, building demolition, parking facilities, engineering, legal, advertising and construction contingency), which totals \$115,400, and Phase III, (parking facilities, engineering, legal advertising and construction contingency), which totals \$123,800.

**Main Problem**  
The NEWS contacted Councilman Ronald R. Kefgen, chairman of the Parks and Recreation Committee, to explore the master plan and new pool proposal, along with the purposes of the Citizens' Recreation Committee. Mr. Kefgen said the pool situation is the primary problem which must be solved. It's a major focal point in the master plan and is part of "phase one" along with such related matters as a

filtering system, parking and a bath house.

If the council okays a new pool, it will be geared for use, hopefully, next year, which means, Mr. Kefgen stated, "We have to get the shovel in the ground this summer or by early fall."

"We have to start thinking about location and size and prepare a bond issue sometime in March which would require holding public hearings," he said. This would give Woods citizens a chance to share their viewpoints with the council.

**Talks On Plan**  
As for the master plan, it's an overall view to improve the entire park in various phases "to make more use of the available space we have," stated Mr. Kefgen.

In short, he said it could be a "recreational complex with an eye to the future" which would "best utilize the area we have available" and not "curtail the (current) level of activity."

At the same time, he emphasized, "We have not talked about anything but the pool. We have not discussed further phases at all," while reiterating the major problem. In seeking all the potential behind such a master plan, the councilman was asked about other activities which could be a part of some phase.

He said, "Southfield has a combined pool and hockey rink," but stressed he had no opinion one way or the other on this. "The main point was to decide which way to go on the pool question, including location, and go from there regarding available space."

Mr. Kefgen personally felt a new pool would be cheaper in the long run over renovation of the old pool where money could be spent with the "monstrosity" remaining.

As for the Citizens' Recreation Committee, he said they "will have a lot of work to do" regarding the pool problem plus the overall master plan. He stated the committee will be a "Planning Commission type of thing" where committee members will review the scope of the pool situation and park facilities and make periodic recommendations for alterations and improvements.

**Much Agony**  
As the majority of Woods residents realize, the city has been struggling with problems at the pool since last summer. For instance, Parks and Recreation personnel spent many agonizing

hours battling the shaky facility, which is over 20-years-old, along with Mother Nature.

The problems included the seepage of lake water into the filled pool because of the pressure created by the lake level being higher than the pool level, plus the clogging of the filter plant and drains from the apparent washing of new concrete into the system via a prior re-surfacing of one-third of the pool.

Parks and Recreation Director Donald J. Hallmann also stressed the pool's "antiquated filtering system" which did not "allow or enable us to maintain clear water conditions, especially on crowded days."

**Give Report**  
Last September Macomb County Health authorities inspected the pool and advised the city the structure should be completely replaced or that the renovation of the existing facilities, as well as the pool itself, should take place.

This report said the facilities were "substandard in many respects. The swimming pool has many noncomplying items which should be given attention in the interest of protecting the health and safety of the people using it. They include the lack of appropriate pool wall and floor slopes, the lack of adjustable pool water inlets, the lack of an overflow gutter

system except for a small part of the pool, and the general deterioration of the pool structure over the years."

In relation to these points, the council at the regular meeting Monday, February 25, unanimously concurred in a Committee of the Whole recommendation that the matter of the review of operational deficiencies of the pool and/or emergency repairs and maintenance of same be deleted from the C-W's agenda inasmuch as Mr. Kefgen, as Parks and Recreation Committee chairman, reported corrective steps were taken to maintain and secure operational standards at the park.

Mr. Kefgen said these "operational deficiencies" included the rise in lake water along the pool's canal side where high winds would force

the canal water into the pool, thus creating a filthy mess. He also cited the filtering system problems, plus leaks in the pool's bottom.

He stated these problems have been remedied "to the extent that unless something else happens, it will last one more summer. But we have got to have a pool by next summer."

**Other Action**

In other council action related to the overall recreational picture at the February 25 meeting, the solons unanimously concurred in a C-W recommendation that the matter of asphaltting an access road to the boat dock facilities at the park be referred to the newly-created Citizens' Recreation Committee.

The solons also unanimously concurred in a C-W recommendation that the matter of

two proposed bond propositions, (previously considered for the November 6, 1973, city election ballot), be deleted from the C-W agenda and that no further action be taken.

These included the issuance of general obligation bonds in the amount of \$650,000 for the construction of a new swimming pool or the complete renovation of existing pool facilities, and \$185,000 for the construction of eight new tennis courts at the park.

Finally, at the C-W meeting on February 11, the chair directed that the renovation versus construction question regarding the pool remain on the C-W's agenda and be referred to the Parks and Recreation Committee for its report back to the C-W as to the best possible plan for the pool.

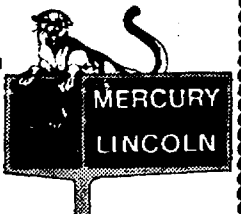

A good look at the family budget reduces vacation fever.

Mrs. Schaffer attended the Convent of the Sacred Heart

and was formerly a medical secretary at the University of Michigan Medical School. She was a descendant of the Beaubien family, which was one of the first to settle in the Detroit area and for which Beaubien street was

named. Mrs. Schaffer is survived by her husband, Paul J.; a son, Michael; her mother, Mrs. Frederick R. Beaubien, and a sister.

Interment was in Mt. Olivet Cemetery.

## Bridge Classes Being Formed

Spring Bridge classes are being offered by the Department of Community Services of the Grosse Pointe Public School System, and will begin Thursday, March 21. Taught by Mrs. Carrie Kiley, six classes will be formed on three levels of instruction.

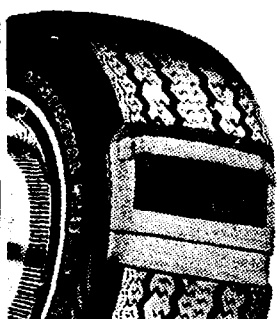

Beginners Bridge will acquaint the acknowledged beginner with basic rules and bidding conventions. The Refresher course will review all general rules of bridge, and the Players group is designed for the more seasoned bridge

player and will cover the finer points and more advanced strategies of the game.

Mrs. Kiley will base all classes on the Goren method and recent revisions to this method will be covered. Each class will include eight weeks of instruction and supervised play for two hours each class period.

For further information and class reservations, call the Department at 885-3808 or 885-0271.

## THERE'S NO SHORTAGE of Security, Comfort and Convenience

at The **Jefferson Apartments** Grosse Pointe's Newest Condominium  
now 2/3 Sold. And we still have 7-1/2% mortgage money available.

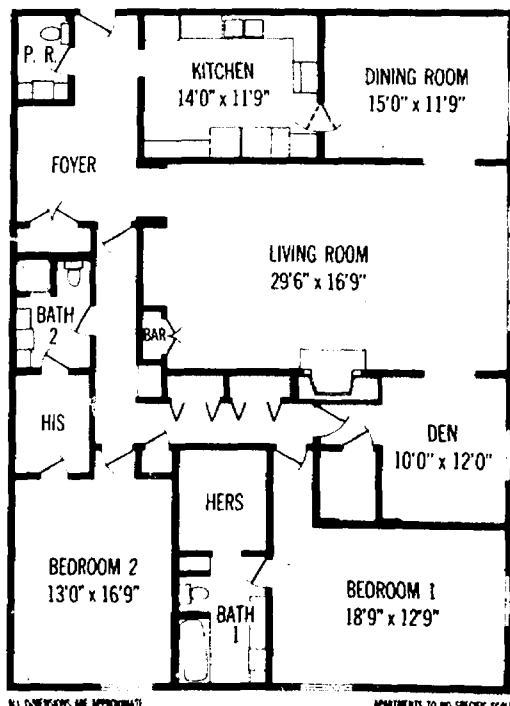

Not one, but a network of the most modern security systems guard you, your home and your possessions.

A CLOSED TV MONITORING SYSTEM covers the entrance, outside parking areas and inside garage. The caller can be viewed from a selected channel on the Owner's TV set in each apartment. The doorman and manager's office views the same areas.

THE ENTRY COMMUNICATIONS SYSTEM is a new system conceived and engineered by Michigan Bell Telephone Company. Using a touchtone panel telephone in the lobby, the caller dials the owner's apartment. This enables each party to have a private conversation. During the time the caller is in the entrance vestibule, he is under surveillance by the concealed TV camera.

AN ON-GUARD ALERT SYSTEM features a control panel in the manager's apartment and the attendant's office. This notifies of an intrusion into any apartment when the occupants are away. The doorman or manager controls the system by activating the apartment's security supervision at the request of the owner.

THE FIRE PROTECTION ALERT SYSTEM gives supervision added protection to all occupants of the building and will insure notification of each individual occupant of a fire in an unoccupied apartment. Further elements of security are the unformed doorman-attendant and around the clock resident caretakers.

WE CARE ABOUT YOUR COMFORT AND CONVENIENCE. It's part of the gracious living at The Jefferson Apartments. Here is a typical spacious floor plan of an apartment home which features 9 foot ceilings, individual gas heating and cooling, top of the line G. E. kitchen with an icemaker and a washer-dryer. A wet bar is conveniently located for entertaining. Insulated walls, floors, plumbing and windows insure maximum quiet. Natural fireplaces.

There are three separate elevators and approximately a thousand square feet of private storage. Exterior maintenance, gardening and snow removal are arranged, which is part of your assessment fee. The Jefferson Apartments is an adult community. You'll be a neighbor to some of the nicest neighbors in Grosse Pointe. Residents are home owners and enjoy tax deductions and the investment security of being a property owner and equity advantages.

## Letters to the Editor

To the Editor:

On Monday, February 25, a number of South High seniors attended a Board of Education meeting in hopes of changing the newly constituted rule concerning final examinations.

Under this new policy every student, (including seniors), will be required to take final exams. Under the old policy seniors did not have to take final exams unless they wished to.

At the Board meeting many seniors expressed what they believed to be valid arguments against this new policy. Every senior there treated the Board with the utmost respect. Unfortunately, the seniors were not regarded in the same manner.

The Board seemed to think the whole idea of seniors coming to a board meeting was a big joke. Some members of the Board even openly laughed at some of the questions and comments raised by the students. To us, that can only be explained as a lack of control.

Obviously the question of whether or not seniors should take final exams does not mean that much to the Board. But the seniors that attended that meeting were completely sincere in their intentions to change this policy.

Throughout our schooling we have been taught that the way to bring about change is to go through the proper channels. However, our attempt to do just that with the Board of Education was a great disappointment.

We've always been told, "Go to your School Board meetings, go to your council

meetings, participate in your community activities." When we did attend a Board meeting we were listened to but not heard.

How can anyone expect us to respect our city officials when they fail to show us the same common courtesy?

Sincerely,  
Becky Wicklund

Dear Mr. Edgar:

7,000 in Detroit and suburbs DO CARE!

We have just returned from a Benefit performance of Peter Pan at the Olympia Stadium and wanted to immediately express our gratitude to a caring community.

Last May, the Women's Auxiliary of Children's Hospital obligated itself to raise money for the much needed, new Child Abuse Center. We decided to "go for broke" and contracted to take the entire Olympia Stadium for the February 14 performance of Peter Pan. During the ensuing months we watched our 50 committee members (comprised of both men and women) going all over the Detroit metropolitan area

selling tickets, appearing on television and radio, and lecturing to civic groups on the abused child. We watched Hospital personnel selling hundreds of tickets within the Hospital itself. Businesses and private citizens were called upon to support the project; many gave generous contributions in support of the Center. As a result, 2,500 underprivileged children and a large group of senior citizens were able to attend Peter Pan.

On the night of February 14 as we looked around the Stadium we realized our motto "Give Your Heart to a Child" was, in truth, a reality. Over 7,000 people bought tickets — an almost seemingly impossible dream come true. What did these super "7,000 plus" do for Children's? They, by their caring, made it possible to give \$30,000 to the Child Abuse Center.

Thanks to all of you from the bottom of our hearts! Most sincerely,  
Jane E. Buell

**OKAY APPOINTMENTS**  
The Woods Council unanimously appointed Peter R. Gilezan, of Severn road, and George R. Rinaldi, of Hunt Club drive, to terms on the Planning Commission. Mr. Gilezan's term expires January 1, 1977, while Mr. Rinaldi's term expires January 1, 1976, (he fills the vacancy of former Planning Commissioner, now Councilman, John Sabol). This action was taken at the regular meeting Monday, February 25.

There is some question as to FLEC's financial future. Members of the organization recently appeared before all five Pointe councils to seek city funding. At present, no appropriations have been voted into city budgets.

## Bryant Co-Sponsors Fair Information Practices Bill

State Representatives William R. Bryant, Jr., (R-Grosse Pointe), and Earl Nelson, (D-Lansing), introduced a bill in the State House for a Michigan Fair Information Practices Act on Friday, March 1.

The legislation seeks to protect the privacy and security of State information systems and further requires private computerized systems to allow citizens, who are the subjects of information access, a way to challenge false information in their file.

"We are confident we have developed a bill which is the best, fairest and most comprehensive of its kind in the country," Representative Bryant said. The bill has been in the process of development since last fall. "We have had good review and input by those in State government who must work within its provisions. It is not only essential legislation, but also workable."

Governor William Milliken strongly supports the concepts of the bill and gave it advance express support in last month's State of the State address.

The governor said, "We need to strike a proper balance between government's need to know and the individual's right of privacy." "I am determined that we accelerate our efforts to make the protection of personal privacy a reality," and "A Fair Information Practices Act for Michigan is a step in that direction."

The bill requires computer-

ized personal information systems, both public and private, to do four things: (a) tell a person if there is a file on him; (b) let him see it and get a copy; (c) set up procedures so he can challenge accuracy or timeliness, and, (d), tell a person requested to give information if he legally has to do so, and what may happen if he refuses. The bill provides only civil penalties for violation of these provisions.

## Solon Praises Woods Attorney

Woods City Attorney George Catlin received the congratulations of Councilwoman Joan M. Mullan for his participation in recent hearings on a Detroit Edison Company request, (filed with the Michigan Public Service Commission), at the regular council meeting Monday, February 25.

The request, for approval of an Automatic Fuel Adjustment Clause to electric rate schedules, was approved by the Commission early last month. This clause permits

## Young Natator Wins 3 Medals

The Michigan-Lake Erie Ohio Dual meet, featuring the top swimmers from each AAU section was held Saturday, March 2, at the Clarenceville High School pool. Michigan won with a Detroit Yacht Club 10-year-old girl swimmer doing very well.

Sara Bryden brought home two Olympic size gold medals for her performances in the 100 yard breast, (1:24.5), and her breast stroke leg of the 10 and under 200 girls medley relay, (2:12.229).

She also won a bronze medal for her third place in the 100 yard free, (1:07.1). These placings mean that Sara is now the fastest 100-yard breaststroker and the third fastest 100-yard freestyler in all of Michigan and the northern half of Ohio for girls 10 and younger.

The DYC "B" teamers did well in the Utica-Shelby Swim Club AAU Class "B" meet Saturday - Sunday, March 2-3.

DYC Pointe area youngsters placing included Dale Gannon, first, 50 free, (27.9), and 4th in the 200 breast, (2:49.4), in the open boys events.

Margaret Sobieski took first place in the 11- and 12-year-old girls 50 free with a time of 33.0. These swimmers bettered their times to Class "A" qualification.

Laurel Bacillus took a second in the 50-yard back (37.6), and a third in the 100 free, (1:11.6), in the 11 and 12 girls events.

Other Pointers swimming and bettering their times were Carol Sobieski, Denise DeSantis, Cindy Gannon and Pat Coughlin.

## Little League's Registration Set

The Park Little League will be conducting registration for its upcoming season Monday-Tuesday, March 11-12, at Pierce School, 15430 Kercheval avenue, beginning at 7 p.m.

League President Charles B. King reports registration must be completed by March 12 so there will be time to finish team rosters.

In an effort to fund the program, the league is asking for a contribution of \$15 per person or \$25 per family at the time of registration. The league doesn't participate in candy sales or other fund raising efforts.

After registration is completed, tryouts for 11- and 12-year-olds will be held at Defer Saturday, March 23, while tryouts for nine and 10-year-olds are scheduled for Saturday, March 30, also at Defer.

Practice commences on April 6, followed by an April 20 workday for dads — then it's "Play Ball!" on opening day, May 4.

Tomorrow is a reflection — a reflection of what you do today.

The remainder of the complex bill governs the collection, use and dissemination of information by the State. It covers manual as well as computer systems, including systems the State shares with the Federal government or others. It provides criminal as well as civil penalties for violation.

A Fair Information Practices Board would be created. It would have eight appointed members, at least half

coming from outside State government. The board would have broad powers to implement the act.

Under the Board there would be a Security and Privacy Council of 11 members and a staff Ombudsman who could represent citizens before the Practices Board.

The State would be stopped from using information unless it is legally obtained, serves a valid public purpose and is timely and accurate.

The only kind of information used by the State which would not be covered by the general provisions of the act would be criminal intelligence and even that could not be computerized and users would have to sign nondisclosure agreements.

Any person could see their files, get copies, challenge accuracy and if dissatisfied with an administrative decision refusing to change information, appeal to the Fair Information Practices Board and, if necessary, from there to a court.

"We have had good input and cooperation from all the departments and agencies, especially the Department of Management and Budget, in the months of work and extensive redrafting which have gone into the bill," Representative Bryant related, "and happily we have been able to satisfy early concerns with the first draft without weakening the bill."

"The proposed youth services information system would be governed by this act as would the law enforcement information system, and the people who are responsible for each of those major areas are on record supporting governance by a board not controlled by people in State government or other users."

Senator Carl Pursell, (R), will introduce an identical bill in the State Senate.

## Mount Clemens Thumps South

By Mark Emery  
The EML season has been over for some time as far as South was concerned, but it officially ended Friday, March 1, with Mount Clemens taking the title and at the same time showing South basketball supremacy. Again, it was Mount Clemens on top, like so many times before, 71-55.

South played host to Lakeview Monday, March 4, in the first game of the District Tournament being played at South again this year. Favored Lakeview came to South with an impressive 16-4 overall season record. While South stands at 6-14.

Despite the strong offensive efforts of two South juniors, the Devils fell victim to an overpowering Mount Clemens ballclub. Kevin Kovanda, along with Tim Kramer, led South with a combined offensive effort of 37 points.

South battled the winners to a one-point deficit at the half, 37-36, but were outscored in the third period by an eight-point margin which made the difference in the ballgame. Mount Clemens controlled virtually every aspect of the action, showing South championship play in the final EML game of the season.

Recently, John Long and Romulus defeated South by a 16-point margin handing the Devils a 85-69 final score. South was beaten by the unmatched efforts of two Romulus players, Long and John Hall, as they combined to score an overall 50 points.

When Romulus needed two points, Long scored; when Romulus needed ball control, Long outlasted anything South could counter with. Long only reinforced his All-State, All-American rating by showing South his offensive and defensive abilities. And Long only played two full quarters in the game.

After defeating University Liggett, 9-2, and Mount Clemens, 7-0, late last month, Austin dropped a 5-3 contest to South Lake, before coming back with 5-3 and 5-0 wins.

In the loss, Joe Gorey netted two goals and Pete Costello, one. Tom Gotfredson was injured in this game when he received a skate in the face. He suffered a broken jaw and took 60 stitches. However, Gotfredson is reported to be in "pretty good shape" now.

Gorey scored the "hat trick" in the 5-3 win, and netted one goal in the 5-0 victory. In that contest, Kevin Lane led the way with two goals, while Walter Leveck and Nick Vetere added single tallies. Greg Supina received the shutout.

The Friars faced Catholic Central Monday night, March 4, after press time.

## Pleads Guilty Of Bad Driving

A 19-year-old Detroit youth appeared in The Shores Municipal Court Wednesday, February 27, on a reckless driving charge.

Raymond Lloyd Nikodyn pled guilty and was fined \$100, plus \$10 costs, according to court reports. His arrest stemmed from an incident on Sunday, January 20.

## Woods Requests Health Services

The Woods Council, on the recommendation of City Administrator Chester Petersen, is petitioning the Wayne County Board of Health to reinstate a variety of social and health services.

At the Monday night, March 4, Woods Council meeting, Mr. Petersen explained that the health services would not "take the place of FLEC," the Family Life Education Council, but would provide some related services.

In particular, The Woods asked that the mental health, counseling and other "social services" programs be reinstated.

After receiving the council's approval, copies of the resolution were sent to the Wayne County Board of Health, Harper Woods, the other Grosse Pointes, and Cottage Hospital which administers county health services.

There is some question as to FLEC's financial future. Members of the organization recently appeared before all five Pointe councils to seek city funding. At present, no appropriations have been voted into city budgets.

## From Another Pointe of View

By Janet Mueller

Something different in the way of benefits is being planned by the Detroit Association of University of Michigan Women.

President Mrs. Thomas Roach has invited Association members over to her Westchester road home Sunday afternoon, March 24, for a "Caricature in Wine" get-together.

The \$5 admission donation will be applied to Vera Baits Scholarships for U. of M. freshman women, Henderson House Scholarships and the Frances Brown Emergency Fund.

Inside the Roach house, the wine will flow... and for an additional \$5 donation, an Association artist will provide a personal souvenir of the party: a caricature or line drawing of the donor.

It should be interesting to see if the character (Continued on Page 19)

## Alliance Sponsors Lecture On Sorcery

Psychiatrist to Talk on Witchcraft in France During 15th, 16th and 17th Centuries; Program Is Open to Guests for \$1 Fee

Dr. Garfield Tourney will speak to the Grosse Pointe Alliance Francaise on Witchcraft and Sorcery in France next Thursday evening, March 14, at 8 o'clock at the Grosse Pointe War Memorial.

Dr. Tourney, chief of staff at Lafayette Clinic, chief of the Department of Psychiatry at Harper Hospital and chairman of the Department of Psychiatry at Wayne State University School of Medicine will focus on the 15th, 16th and 17th centuries until 1682, when Louis XIV promulgated a law against witchcraft. Dr. Tourney also will discuss the leading French writers on witchcraft.

His talk, in English, will be accompanied by slides.

Dr. Tourney earned his medical degree at the University of Illinois College of Medicine and had further training in his specialty at the University of Iowa and the University of Colorado. He has made a study of the relationship between the mentally ill and those accused of witchcraft.

Several of his papers on related subjects have appeared in scientific journals, including "The Physician and Witchcraft in Restoration England," published in 1972.

A book collector since adolescence, Dr. Tourney owns an extensive collection of rare and unusual volumes in several languages on demonology, ritual magic, witchcraft, demoniacal possession and exorcism.

The oldest is a 1496 treasure, written in Latin. Many others date from the 16th and 17th centuries.

A sampling of these books as well as some of Dr. Tourney's old prints dealing with witchcraft will be on display during the War Memorial talk.

The discussion period at the end of the lecture will be followed by light refreshments.

The program is free to members of the Grosse Pointe Alliance Francaise. Guest admission is \$1.

KATHLEEN ANDRULIS, daughter of MR. and MRS. ANTON ANDRULIS, of Somerset road, is Servite's winner of the 1974 Betty Crocker Family Leaders of Tomorrow Award.

Navy Hospitalman Recruit RONALD M. WHATELEY, son of the CLEMENT WHATELEYS, of Ridgemont road, has been graduated from recruit training at the Naval Training Center, Great Lakes, Ill. The Grosse Pointe North High School graduate

will be reporting to Hospital Corpsman A School at Great Lakes.

ROBIN E. AVIS, of Chalfonte avenue, has enrolled as a freshman at the University of Wisconsin-La Crosse.

Among 40 Wayne State University on-faculty artists exhibiting in the Community Arts Gallery March 10 through March 31 will be LOUISE JANSEN NOBILI, of East Jefferson avenue. (Continued on Page 26)

This is a smile.

Most of our customers wear one when they leave our salon. We don't change their lives, but we do change their looks and often their outlooks. Their hair shines and sparkles and shapes up beautifully. ## Candlelight Rites For Julaine Brophy

Newlywed Peter Elford Brents, Vacationing in Francisco and Hawaii, Will Make their Home in Toronto Where He Will Practice Law

Saint Paul's-on-the-Lakeshore was setting for the candlelight wedding of Julaine Marie Brophy, daughter of the Patrick J. Brophys, who moved recently from Washington road to the Detroit Towers, and Peter Elford Brent.

The bridegroom's great-uncle, The Reverend Hugh Coughlin, of St. Michael's College, Toronto, presided at the 7 o'clock rites Friday evening, March 1.

A reception at the Grosse Pointe Yacht Club followed the nuptial mass.

The bride's gown of pale ivory silk-faced satin featured a high neckline and sleeves of English net applied with re-embroidered Alencon lace. Matching lace appliques accented the train that fell from her Empire waist. Rows of pearls circled her neck, cuffs and hem.

A lace and pearl Camelot cap caught her lace-edged mantilla, and she carried an arrangement of white roses and stephanotis with trailing ivy.

Moira Brophy was maid of honor for her sister. Bridesmaids were Jean Lyssaught, Melanie Walsh, of Chicago, Barbara Traci, of Cleveland, Mrs. John Mathews, of Lawton, Mrs. Peter Bologna, Mrs. Lawrence Carr, of Triangle, Va., and Pamela King, of Chicago.

Their yellow chiffon frocks were high-necked and Empire-waisted, styled with long, sheer Bishop sleeves and rimmed at neck and

cuffs with ivory Venice lace. Their bouquets were fashioned of yellow and white spring flowers and they wore yellow roses and baby's-breath in their hair.

Paul Brent acted as best man for his brother. They are the sons of John E. Brent, chairman of the board of IBM-Canada, and Mrs. Brent, of Toronto.

Ushers were John Brent, of Atlanta, Ga., another brother, Gerald and Robert Tillman, of London, Ont., the bridegroom's cousins, and Brian Jones, Alan Liston, Richard Ketcheson and William Brooks, all of Toronto.

Flower girl Patricia Tillmann's frock matched those of the senior attendants. Ring bearer was Peter Tillmann.

Mrs. Brophy selected a long gown of apricot silk chiffon and a pale green orchid corsage for her daughter's wedding. The bridegroom's mother wore a long gown of turquoise matte jersey with a matching feather boa. Her corsage, too, was a pale green orchid.

The newlyweds, vacationing in San Francisco and Hawaii, will return to Toronto on March 22 for the bridegroom's investiture as a lawyer. They will make their home in Toronto.

## August Bride

## Spring Tour for Symphony

The Detroit Symphony Orchestra sets off on its annual spring tour Monday morning, March 11.

This year's tour includes six concerts in four states, concluding Sunday, March 17, with an appearance at the John F. Kennedy Center for the Performing Arts in Washington, D. C.

The opening concert in Youngstown, O., Monday evening will be conducted by the Orchestra's Conductor-in-Residence Paul Freeman.

The remainder of the tour will be led by Serge Baudo, the young French conductor who conducts tonight's and Saturday's concerts in Ford

Auditorium.

Baudo and the Orchestra will appear in Elmira, N. Y., March 12; Scranton, Pa., March 13; Wilkes-Barre, Pa., March 14; and Glassboro State College, N. J., March 16.

The tour was originally to have been led by Andre Previn, who cancelled three weeks' appearances with the Orchestra on doctor's orders.

The Orchestra resumes its concerts in Ford Auditorium Thursday and Saturday evenings, March 21 and 23, with Principal Conductor Aldo Ceccato on the podium for a complete performance of Verdi's Requiem.

## Slate School Daze Party At North High

Benefit Will Raise Funds for Parent Club Scholarships; Daisies, Ivy, School Banners and Slateboards to Keynote Decor

School Daze is the theme of this year's spring benefit for Grosse Pointe North High School Parent Club's Scholarship Fund. It will be held next Thursday, March 14, at 12:30 o'clock in the School gymnasium.

Mrs. Willard S. Smith is general chairman of the party which features, following dessert, a fashion show presented by Martha's Closet.

Assisting the professional models will be North High mothers Mrs. Rupert Atkin, Mrs. James Danforth, Mrs. Duane Johnson, Mrs. Robert Massie and Mrs. Robert Maxon.

Doug Krieger, North High Class of '74, will provide piano accompaniment.

Bart Edmond has selected five North High girls for a hairstyling demonstration. Other students will be modeling their Home Economics classes' creations.

Card playing and the distribution of prizes will complete the afternoon.

Decorations chairman Mrs. William J. Lane and Mrs. Mark Schmidt are using baskets of daisies, ivy, school banners and large slate boards to decorate the gym.

The slateboards, especially constructed for the party, are being decorated by North High students from the Departments of Art, Athletics, Drama, Foreign Languages and Sciences, along with students from the Interact Club, library, Northpointe staff and the Valkyries.

Other committee chairmen are Mrs. John N. Grissim and Mrs. Henry Hartkop, tickets; Mrs. J. V. Clemente, prizes; Mrs. William F. Huetteman, publicity; Mrs. William R. Fox and Mrs. Frederick J. Lepley, fashions; Mrs. Robert L. Lucas, bridge; Mrs. E. Dawson Fisher and Mrs. Robert G. Vallee, food; Mrs. Paul F. Reed, after-sales; Mrs. Frank Sandmair, silver; and Mrs. William A. Belluono, clean-up.

All monies raised via the benefit are to be used for the benefit of North High students who seek to continue their education either in a Michigan tax-supported school or a licensed technical, vocational or special training institution for higher education.

Tickets at \$2.50 each may be obtained by calling Mrs. William Queen at 881-4448.

## Tennis Takes Center Stage At Hunt Club

Member-Guest Tournament Starts Tomorrow; Competition With Indian Village Tennis Club Scheduled for March 23

Edwin V. Larson, chairman of tennis activities at the Grosse Pointe Hunt Club, has announced that March will be a big month for local tennis buffs.

Tomorrow through Sunday, March 8, 9 and 10, the Club will hold a Member-Guest Tournament on the four Boltex-carpeted indoor courts of the Tennis Barn.

Women's Preliminaries will be played on Friday, Men's on Saturday. Men's Quarter-Finals are scheduled for Saturday evening. Semi-Finals and Finals will be played on Sunday.

Frank J. Huster is tournament chairman.

During the Saturday night matches a cocktail hour in the Horn and Racquet Viewing Lounge, will precede adjournment to the Clubhouse proper for dinner and dancing.

Mr. and Mrs. John E. Jay and Mr. and Mrs. John R. Cobau are co-chairmen of this social side of the weekend.

The First Annual Competition between the Grosse Pointe Hunt Club and the Indian Village Tennis Club will be held Saturday evening, March 23, beginning at 6 o'clock on the Hunt Club courts.

Indian Village is putting up the trophy. The Hunt Club hopes to keep it in the Pointe!

Tournament committee for the evening includes Mr. and Mrs. James Brooks and Mr. and Mrs. Frank J. Huster. Captains for the four formal matches are Arthur Hackman, (GPHC), and Don Huss, (IVTC). Referee will be Mrs. Max K. Fogt. Head umpire is William E. Kohr.

Mr. and Mrs. Norman J. Werthmann, Mr. and Mrs. Harry W. Mellen and Mr. and Mrs. Ralsemond B. Parker are in charge of a candlelight buffet for onlookers and players, planned to begin at 9 o'clock.

## Plan Meeting At Goodwill

The Women's Association of Goodwill Industries will meet Wednesday, March 13, in the Goodwill Building, Brush street at East Grand boulevard, Detroit. A free-will donation luncheon at 12:15 o'clock will be followed by a program and business session.

Mrs. Ralph L. Young, president, will conduct both the board meeting at 10:30 o'clock and the afternoon members' meeting.

Parking is available in the Goodwill lot, Milwaukee between John R and Brush street.

Sergeant Ernest McMahon, of the 16th Precinct Police Task Force on Burglary, will speak at 1 o'clock. Sergeant McMahon, an 18-year veteran of the Detroit Police Department, has chosen "Detroit is a Great Place To Live" as his subject.

Sergeant McMahon has been assigned to many facets of police duty, from scout car to Vice Squad to the Community Relations Division. He also is a Police Academy instructor.

Mrs. Young will summarize the business of the annual meeting of the League-Goodwill, held February 26, when it was reported that among the organization's rehabilitation training program accomplishments was the training and subsequent placement in competitive business or industry of 840 persons.

In addition, 218 handicapped persons were given training and placed in the sheltered workshops of League-Goodwill.

The report shows 772,068 hours of employment provided and \$3,868,733 paid in wages in 1973.

During the year League-Goodwill employed 1,177 handicapped people at Goodwill in addition to those in training programs.

The opening of two new Goodwill Thrift Stores was announced: one at Michigan and 35th street, another in Gratiot near Russell.

Mrs. Herbert C. Path, chairman of the recent Valentine Card Party-Book Review, will report, as will the Nominating committee chaired by Mrs. William Schneider.

Membership in and attendance at meetings of the Women's Association are open to anyone interested in the training and employment of handicapped people.

## Portrait Is His Promise

Photo by Sandy Langerhausen

MRS. LYNDLE R. MARTIN, general chairman of the Promise Tree benefit for the Grosse Pointe Symphony Orchestra, got together last week with JOSEPH MANISCALCO, well-known portrait artist, for a look at some of his work. Mr. Maniscalco has offered a 16 by 20-inch oil portrait to be auctioned off at the dinner-dance Friday, March 29, at the Roostertail. Staging the springtime event, which begins at 6:30 o'clock, are members of the Grosse Pointe Symphony Women's Committee.

## Baudo Debuts With Symphony

Young French conductor Serge Baudo will make his American conducting debut with the Detroit Symphony Orchestra this Thursday and Saturday evenings, March 7 and 9, at 8:30 o'clock in Ford Auditorium.

Pianist Gary Graffman will appear at the concert, performing Rachmaninoff's Rhapsody on a Theme of Paganini.

The program includes the DSO premier of a Symphony by J. J. Mouret, Mozart's Haffner Symphony and the Symphony No. 3 of Albert Roussel.

Serge Baudo is permanent conductor of L'Orchestre de Paris and regularly appears at the Paris Opera and with the O.R.T.F., (French Radio and Television Orchestra).

Gary Graffman, born in New York of Russian parents, began studying the piano at the age of three. Four years later he was accepted at Philadelphia's Curtis Institute of Music.

He made his professional debut with Eugene Ormandy and the Philadelphia Orchestra at 18, won the Leventritt Award in 1949, made his first appearance with the DSO in 1950 and has returned three times.

Mr. Graffman's annual tours are worldwide. He often plays over 100 concerts a year.

The two French symphonies on the program contrast the 18th and 20th centuries.

Jean Joseph Mouret was music director of the Concerts Spirituels in Paris in the 1730's and '40s and composed dozens of symphonies for performance by them.

Albert Roussel composed his Third Symphony for the 50th anniversary season of the Boston Symphony Orchestra in 1930.

Mozart's Haffner Symphony (K.385) began as a serenade performed at a party given by Herr Haffner in Salzburg in 1780. Mozart enlarged it into a symphony two years later.

The theme of Rachmaninoff's Rhapsody is the same Paganini used in his Violin Concerto No. 2, performed at a DSO concert last September.

Tickets for tonight's and Saturday's concerts are available at Ford Auditorium Box Office, all Hudson's and Grinnell's ticket offices.

A limited number of \$1.75 tickets for students and senior citizens become available at the Auditorium beginning at 7:45 o'clock concert nights.

## Finnish Post For Freeman

The Helsinki Philharmonic Orchestra has announced the appointment of Detroit Symphony Conductor-in-Residence Paul Freeman as Principal Guest Conductor, effective with the 1974-75 concert season.

Dr. Freeman will retain his Detroit post and commute to Finland for a minimum of six weeks every season.

Next season he will spend three weeks in Helsinki in October, with an additional three-week engagement set for January, 1975.

This appointment follows the warm reception given Freeman by the Finnish concert-going public and press when he stepped in to open the current Helsinki Philharmonic season in Finlandia Hall last September, replacing conductor Paavo Berglund who was injured in an automobile accident.

In addition to his conducting duties with the Detroit Symphony and Helsinki Philharmonic Orchestras Freeman will continue as artistic director and conductor for the Columbia Masterworks Recorded Anthology of Music by Black Symphonic Composers series. First recordings are scheduled for release in late February.

The Helsinki Philharmonic will participate in the second phase of this project.

Freeman also plans to maintain a full schedule of guest conducting, including a November debut with the London Symphony Orchestra and engagements in Germany and Denmark as well as appearances before major orchestras in the United States.

## Belly Dancing Class Offered

Fariba Bringard, a native of Iran who learned the Arabic art of belly dancing in her homeland before coming to Michigan as a housewife and mother, will demonstrate and teach belly dancing at the Grosse Pointe War Memorial Center Thursday afternoons from 1 to 2 o'clock March 21 to May 9.

Mrs. Bringard previously taught at the YWCA and St. Clair Shores Community Center.

Coming from a strict Mos-

lem family she was permitted to study with Mme. Lily Lazarian, the best Arabic dancer in Iran, but was never permitted to dance professionally.

Mrs. Bringard says dancing, for her, is a way of expressing herself. She dances for gatherings of friends, as do all Iranians, who learn Russian and Hindu dances as well as Arabic.

She cautions would-be belly dancers to be careful about the quality of their teachers, who should teach breath control and the more difficult motions, not merely show how to shake.

Classes will be conducted in strict privacy, to prevent initial embarrassment before grace is mastered. Students are asked to wear leotards. As they progress, they may add cymbals and veils, and acquire records if they wish. Instruction fee is \$25 for eight weeks. Enrollments are being taken now at the Center's office.

## Musicians League To Meet March 26

The Detroit Musicians League will hold its monthly meeting at the Women's City Club Tuesday, March 26, at 10 o'clock. Dr. Kurt Pickett, of the University of Michigan, has chosen Do You Know Your Piano and How It Works? as his topic. A piano recital will follow the forum.

## Girl Scout Cookie Sale Starts Friday

Pointers Participate in Annual Metropolitan Detroit Council Fund-Raising Project; Mrs. Albert Cooper is Area Manager

The Girl Scout cookie sale is a family affair, as thousands of families in the area will prove when they participate in the annual Girl Scouts of Metropolitan Detroit cookie sale running Friday, March 8, through Sunday, March 17.

Whether selling, delivering, eating or enjoying, every member of the family, from Grandma to little brother, pitches in to help support this annual fund-raising event.

GSMD reports that nearly 1,900 volunteers are responsible for planning and coordinating the sale. The families of more than 30,000 Scouts help make it a success.

Favorite variety among Girl Scout cookie connoisseurs, based on last year's sales, is the peanut butter pattie, followed by mint, chocolate chip, shortbread and sandwich.

All five types are available again this year.

Even though bakery costs have increased the price of Girl Scout cookies remains the same: \$1 for each large family-sized box.

According to Mrs. Richard E. Cross, president of GSMD, the dollar charge is actually a donation to Girl Scouts. A box of cookies is given to the contributor as a means of saying thank-you for his/her support.

"This once-a-year sale is our only Council-wide fund-raising effort. It is conducted with complete approval of the United Foundation.

"Although the UF Torch Drive finances a large portion of our operating expenses, additional funds are needed to provide the wide variety of Scouting programs we offer," Mrs. Cross explains.

Unique to this Council is the cookie booth aspect of the sale.

Through the cooperation of merchants and other businessmen more than 750 booths

## Fete To Raise Hutzel Addition Funds

MRS. JAMES M. PIERCE, (seated), of Renaud road, points out features of the planned addition to Hutzel Hospital for which funds will be raised at a June 1 dinner-dance. Mrs. Pierce, whose husband is a physician at the Hospital, heads the party committee. Working with her are, (left and right), MRS. RICHARD

G. HANNA, of Shore Club drive, St. Clair Shores and MRS. RUSSELL CHAUVIN, of Lincoln road, both officers of the Hospital's Volunteer League. Sponsors of the benefit will be the League, the trustees and medical staff of Hutzel, located in the Detroit Medical Center.

## Historical Museum Has Big Reference Library

The Detroit Historical Museum's collection and basic reference library is now located in the Museum Annex, Room 200, Kirby and Cass avenue.

Use of the library and consultation assistance from members of the professional staff is offered as a free public service Monday through Friday from 8:30 to 4 o'clock. Appointments may be made by calling 321-1701.

Although the Museum's library makes no attempt to duplicate the vast resources of the Detroit Public Library its books and references, consolidated in one location, range from Farmer's "History of Detroit" to copies of the Detroit Historical Society's publication "Detroit in Perspective: A Journal of Regional History."

Of particular interest to hobbyists, collectors or antiquarians is a growing list of titles geared to specific areas of collectibles, from glass, ceramics, metals and toys to costumes, radios, automobiles and tools.

Further reference resources include files of data relative to these subjects as well as biographical files and ready-reference catalogue cards on personalities, special events, holidays and buildings.

Primary reference resources relating to these and similar subjects are available through consultation with a member of the curatorial staff.

Books or periodicals may be borrowed from the Library by members of the Detroit Historical Society upon application to the registrar for use off the premises.

Funding of the library is through a continuing grant from the Detroit Historical Society Guild through the operation of its Old Detroit Shop.

Gifts of appropriate books or contributions, such as memorial tributes, for their purchase would be welcomed.

## Catholic Study Club Will Meet March 11

The Catholic Study Club of Detroit will meet at the Federation of Women's Clubs in Fenkell avenue Monday, March 11, at 11:30 o'clock.

Mrs. James Hayes, program chairman, will present guest speaker Mrs. M. Robert Syme, wife of Rabbi Syme of Temple Israel. Her subject will be the Role of Women in the Church.

Miss Joan Rzepce is hostess of the day. Mrs. Peter Montagne is club president.

Carpeting

Rugs with patterns often have the most to say about your room decorations. You can build a whole color scheme around a finely patterned rug. Oriental rugs may make you wish to do whole rooms in oriental motif. A braided rug can sum up early America and inspire you with antiques. Remember this: the boldness of the design and the brightness of the colors have a lot to say about just how the room will be affected.

There is no one more reliable than ED MALISZEWSKI CARPETING, 21435 Mack, 776-5510, when it comes to selling and installing carpeting. In business since 1913, we believe in catering to the needs of our customers and will bend over backwards to insure your satisfaction. We have one of the largest and finest displays of quality carpeting in the Grosse Pointe and St. Clair Shores area, and you'll find we are competitive and reasonable when it comes to price. Open: Tues., Wed., & Sat. 9:30-6; Mon., Thurs., and Fri. 'til 9.

**HELPFUL HINT:** Why not cut area rugs to the shape of some important piece of furniture? It'll bring unity to your design.

will be set up in stores, banks and other neighborhood shops during the March 8 to 17 period.

These booths, supervised by adults, provide an opportunity for the Scouts to sell to the public since GSMD does not permit door-to-door sales.

Local adults serving as Girl Scout cookie managers include Mrs. Albert Cooper, of Stephens road, area manager; Mrs. John Woodon, of Woods lane, Mrs. Donald Cal-

caterra, of Lochmoor boulevard, Mrs. Robert Lake, of Harbor Hill, Mrs. D. C. Unger, of Harvard road, and Mrs. John Lapish, of Berkshire road.

Mrs. John Raluis, of South Brys drive, is in charge of Pointe booth assignments.

Mrs. Fred M. Lewis, of Lincoln road, is manager of the region including Grosse Pointe, east side Detroit, Highland Park, Hamtramck and Harper Woods.

## Retired Teachers Help Aliens Learn English

An appeal for tutors for foreigners in the Detroit area was made to members of the Detroit Retired Teachers Association about 12 years ago.

One member who responded is Robert Schindler, a counselor at Cooley High School for over 32 years until his retirement. Mr. Schindler is now in his 82nd year and still tutoring.

Just recently he was given an accountant from Taiwan as a student. Over the years he has tutored 18 students from 11 areas of the world. An International Institute

supervisor interviews prospective students, diagnosing their needs. The tutor is given a list of topics needing emphasis, such as pronunciation, dictionary use, grammar, reading and conversation.

Background information on the student is provided.

Idioms, everyday dialogue and recreational and cultural speech are covered, with appropriate experiences and trips to bring the language alive. Students planning to become citizens are taught about the United States government and made acquainted with requirements for citizenship.

The tutor is a volunteer receiving no remuneration — other than becoming friends with foreigners and learning about their culture and current conditions in their homelands.

Gail Seitz, counselor at Osborn High School, is in charge of the program for the International Institute. Its title is Speech Clinic for Foreign Adults Tutorial Program.

## Safety First Heating Rule

How would you keep warm if your furnace went off tonight? And could you keep warm safely?

"A heating emergency could arise from the present energy crisis or from a natural disaster," says James Boyd, Michigan State University extension housing specialist.

"As homeowners, you should be aware of the safety hazards in temporary heating systems."

If you use a gas space heater to heat a small area, don't let anyone stand too close or bump into the heater — it can cause burns or set clothing on fire.

It's important to provide proper ventilation to the outside and keep the heater from blocking any escape routes in case of fire.

"Don't use charcoal indoors without a chimney or vent," Dr. Boyd states. "Charcoal uses up oxygen as it burns and releases deadly carbon monoxide fumes."

Fireplaces, which are normally supplements to the main heating system, also require safety precautions.

To prevent embers from popping onto the floor put a screen over the opening. Check to see that the damper is open before starting a fire, to keep harmful fumes from backing up into the house.

"Sufficient ventilation is vital when you're using supplementary or temporary heating devices," Dr. Boyd says. "Proper ventilation will remove harmful fumes and supply plenty of oxygen."

of those caricatured changes as the glasses are drained, and the hours grow later . . . Mrs. John Feikens, 8200 East Jefferson avenue, Detroit 48214, is accepting Caricature in Wine reservations.

Mrs. Philip Dickinson, of Grayton road, is benefit chairman.

### Pastels In Progress

The Skinner Twins, Elliott and David, will be doing their exquisite pastel portraits of children and/or adults for the Christ Church Fair again this year.

Now the Fair, as you know, isn't until next November . . . but portraits take time, and skinnings must be arranged, and demand for the Skinnners' work is huge.

So, starting next Tuesday, and every Tuesday thereafter until the Fair, the artists will be at work in the Christ Church undercroft.

Portraits are \$27.50 each. Appointments for sittings must be made in advance through Glenda (Mrs. Don, Jr.) Walker, 882-3797.

So, all you doting Pointe grannies, be advised that the Skinnners will be here, and tell your sons and daughters to have the toddlers ready . . . and come to the undercroft prepared to pay a bit more than the pastel price: there'll be ladies there taking orders for Christ Church Fair's irresistible smocked dresses, with matching dolls, and for Christmas ornaments.

### Nature And The Artist

Nature and The American Artist will be Dr. Nola Huse Tutag's topic for the Grosse Pointe Farm and Garden Club's meeting this Monday, at 2 o'clock, at the Grosse Pointe War Memorial. Hostesses are Mrs. J. Lawrence Buell, Mrs. Ernest Briar and Mrs. Alfred H. Whittaker.

### Pointers Outside The Pointe

Mrs. Reed Zens, of Devonshire road, and Mrs. L. Murray Thomas, of Berkshire road, will be out in Royal Oak, at Red Run Golf Club, April 3, enjoying the Grace Hospital Women's Auxiliary's annual spring benefit.

They're entitled to enjoy: they're among the group of Grace Auxiliaries hard at work now planning the party.

Jacobson's of Birmingham will present a parade of spring and summer fashions at this Hearts and Flowers luncheon. Patron tickets at \$15 and general admission tickets at \$8.50 may be obtained by contacting Mrs. Stephen Senecoff, 642-8124.

Proceeds will be applied to a fund for special medical equipment for Grace.

Last year, through the combined efforts of a bake sale, a clutter-closet sale and a dinner-dance, the Auxiliary raised \$7,800 for the fund. Other Auxiliary-raised monies have been applied to nursing scholarships and teaching equipment for the nursing school. Tribute Fund donations go to Grace's Coronary Care units.

Mrs. Harold R. Smith of Merriweather road, Mrs. H. Rollin Allen, of Lakeshore road, Mrs. Roland R. Postel, of Hampton road, Mrs. Theodore A. Foster, of Trombley road, and Mrs. John Veech, of Lakeland avenue, will be out at Bloomfield Hills, at the Village Woman's Club, March 27, participating in the Michigan Graduate Judges Association of the Woman's National Farm and Garden Association, Inc., annual spring meeting.

Mrs. Frank Cartee's slide program on Protected Michigan Wildflowers will follow a 10 o'clock business session.

After luncheon at 12:30 o'clock, program chairman Mrs. George M. Duke will introduce guest speaker Edward Allison, of Flint, a horticulturist whose talk on Orchids will cover native orchids, orchid culture and orchid judging.

Many Pointers, members of the Jenny Lind Club of Detroit, will be out in Troy next Monday, at the home of Mrs. Hugh T. Carney, enjoying Jenny Lind's annual party honoring charter and associate members.

Members may bring guests, and prospective members, women of Scandinavian descent or women married to men of Scandinavian descent, are most welcome to the 1 o'clock tea.

## Mastectomy Talks Begun

The Michigan Cancer Foundation has begun a series of group discussions for mastectomy patients designed to help women deal with emotional and physical reactions to breast surgery.

Sessions conducted by MCF patient services staff are offered once a week from 10:30 o'clock until noon at MCF headquarters in East Warren avenue.

Mastectomy patients may join a group by calling Eu-

genea Tokarz, a registered nurse at MCF, at 833-0710.

By talking with women who share the same experience patients often are better able to formulate constructive ideas and find solutions to common concerns.

Additional group discussions will start in the spring and be offered throughout the year, according to Mrs. Tokarz.

The Michigan Cancer Foundation also coordinates a mastectomy visitors program, using volunteers who have experienced a mastectomy as friendly advisors to hospitalized patients who recently have had breast surgery.

KENNETH R. MACLEOD, son of the KENNETH I. MACLEODS, of Blairmoor court, has been promoted to Cadet Corporal at Howe Military School, where he is a sophomore member of Company B.

## Will Wed

Mr. and Mrs. Robert C. Moody, of West Kings court, have announced the engagement of their daughter SARA ANN, to Mark Anthony Nehra, son of Mr. and Mrs. George A. Nehra, of Lakeshore road.

Miss Moody, graduated from Grosse Pointe North High School, is currently majoring in Foreign Language Education at Wayne State University.

Her fiancée, graduated from Austin Catholic Preparatory School, is a Chemical Engineering major at the University of Detroit.

An August 2 wedding is planned.

## MAHA Workshop Set For Tuesday, March 19

The 17th annual Southeast Michigan Association of Hospital Auxiliaries Workshop is scheduled for Tuesday, March 19, at the Wayne County Medical Society.

Following a continental breakfast at 9 o'clock and a welcoming address by Mrs. Edward C. Caris, Southeast District president, four programs will be presented to help the auxiliary meet the challenge of responsibilities as a volunteer and an auxiliary leader.

Basics is designed to clarify the roles of the board of directors, committee chairmen and nominating committee. Designing educational and informative programs for auxiliaries is the topic for Programs.

Mrs. Robert Gerisch, counselor for Southeast District, will chair the workshop on Funds, exploring new and innovative ways to raise money for auxiliary projects.

How and why volunteers make a difference will be defined in the session on Volunteers chaired by Mrs. Russell Peebles, volunteer chairman at Detroit General Hospital and past-president of Detroit General's Service League.

The afternoon program will feature a panel discussion on Inter-Relationships moderated by Mrs. Ralph Quinones, of Cottage Hospital. Reservations may be obtained through Mrs. Harold LaBeau, of Lincoln Park, 381-1568.

CATHERINE ANN ANDERSON, of Beaconsfield avenue, has been named to the fall semester Honor Role at the University of Mississippi where she is a senior.

## Engaged

Summer wedding plans are being made by GLORIA JOY SCHMITT and Gary Douglas Alta, whose engagement was announced by her parents, Mr. and Mrs. Walter E. Schmitt, of Beaupre avenue, at their annual "three-generation" New Year's Eve party.

The bride-elect was graduated from Grosse Pointe South High School and is now a fourth year student at the University of Virginia, member of the University of Virginia's first co-ed graduating class. She will receive her Bachelor of Science degree in Elementary Education in May.

Her fiancée, son of Mr. and Mrs. Ernest Alta, of Belle Mead, N. J., is an alumnus of Princeton High School, Princeton, N. J. A fifth year student at the University of Virginia, he, too, expects to receive his degree, a Bachelor of Architecture, in May.

## Grand Marais Club Gathers

The Grand Marais Branch of the Michigan Division, Woman's National Farm and Garden Club, met in Mrs. Paul Nagel's Park lane home Monday, March 4, at noon. Co-hostesses were Mrs. Wilber Landis and Mrs. Phil Skillman.

Luncheon and a business session were followed by a talk on Annuals: What, How and Where to Plant. Speaker was Ted Weber, of Weber Greenhouses.

PENELOPE J. MASOURIS, of Doyle place east, has been named to the first semester 1973-74 Dean's List at Butler University.

## Slate Sessions On Genealogy

Genealogy, an introduction to various methods of research used in tracing one's American origins, will be taught at the Grosse Pointe War Memorial Center Monday mornings from 9:30 to 11:30 o'clock March 11 through May 6.

This elementary eight-week course is designed for beginners. Heraldry and family crests will be included in a later course.

The first course will, however, include field trips to the Burton Collection at the Detroit Public Library, repository for some of the most valuable research materials in the country.

Course instructor is Donna Stuart. Fee for the eight-week term is \$30.

## Richard Kelly To Take Bride

Mr. and Mrs. Walter C. Hall, of Berwick, Me., have announced the engagement of their daughter, Mary Anne, to Richard James Kelly, son of the James E. Kellys, of Lakepointe avenue.

The bride-elect, who received her Bachelor of Arts degree in Mathematics from the University of Maine, Orono, and her Masters degree in Sociology from Arizona State University, is a research analyst at the University of Arizona's College of Medicine.

Her fiancée holds a Bachelor of Fine Arts degree from Wayne State University. He attended Arizona State University and currently works as a goldsmith in Scottsdale, Ariz.

## School of Government Focus is Bi-Centennial

The School of Government will present Howard Lancoeur as guest speaker Wednesday, March 20, at the Women's City Club at 1 o'clock. President Mrs. Phillip R. Flanders will preside.

Mr. Lancoeur, executive director of the Michigan American Revolution Bi-Centennial Commission, will be introduced by Mrs. Ralph L. Mason, vice-president of the School and chairman of the day.

Mr. Lancoeur will present Michigan Bi-Centennial plans. Nationwide celebrations of the 200th Anniversary of the American Revolution in 1976 will include statewide and city celebrations. The Federal Government will provide the money for the festivities.

Michigan's Lieutenant Governor James H. Brickley is serving as chairman of the Commission. Four years have been allotted to develop the celebration.

Mr. Lancoeur, in his address to the School of Government, will expand on themes which have been adopted by the Commission for the State of Michigan.

As a public service, all friends of members are invited to attend.

## Museum Slates Medici Exhibit

Some 310 works of art from the final years of the Medici family's reign in Florence and other European courts will be assembled for the first time in a Twilight of the Medici exhibit which opens Wednesday, March 27, at the Detroit Institute of Arts.

Paintings, sculptures, drawings, furniture, tapestries, medals and decorative arts from more than 100 public and private collections in Europe and North America will be shown.

Works from such famous Florentine museums as the Uffizi, Bargello and Palazzo Pitti will make their first appearance in the United States. Paintings by Sebastiano Ricci and sculptures by G. B. Foggini and Massimiliano Soldani will be shown.

An outstanding feature will be the five gem-studded figurines called the Jewels of the Electress Palatine, created for Anna Maria Luisa de Medici whose death in 1743 marked the end of the Medici dynasty.

This most ambitious exhibition in the Detroit Institute of Arts' recent history defines a neglected period,

now a new concern to scholars of Baroque art. The finest achievements of the style called "Florentine Baroque" will be presented, adding a new dimension to knowledge of the Florentine culture which set the 18th century's artistic standard.

Twilight of the Medici culminates more than three years of planning and negotiation by an international group of scholars headed by Dr. Frederick J. Cummings, director of the Detroit Institute of Arts, and Dr. Marco Chiarini, director, Palazzo Pitti, Florence, Italy.

It is sponsored by The Detroit Institute of Arts and the City of Florence and will be seen only in these two locations.

In Detroit it will be underwritten by the Founders Society Detroit Institute of Arts, the Eleanor and Edsel B. Ford Exhibitions Fund, the Ford Motor Company Fund and a grant from the National Endowment for the Arts.

It will continue at the Detroit Institute of Arts through June 2 and open in the Palazzo Pitti, Florence, in mid-July for 12 weeks. Detroit Museum hours

clothing specialists at Michigan State University. For wool crepes the specialists suggest using little heat, moisture and pressure to prevent the fabric from stretching.

Mohair should be pressed without steam to avoid possible shrinkage.

A wool fabric bonded to a manmade fiber should be pressed at a temperature suitable for the manmade fabric. Acetate or nylon manmade fibers are often used in bonded fabrics and a cooler temperature than the wool setting on your iron is recommended.

Sheer wools require less moisture and heat for shaping than regular weight wools.

## 13-REAL ESTATE FOR SALE

Have "Your" Needs changed? If you no longer have use for your large house or yard... but would sell if you could find something smaller that will enable you to maintain your residence in Grosse Pointe... call us. We have some recommendations which might prove beneficial to you. That's our job. Helping you. Professionally!

## Family Convenience Plus

If you and your children are sports minded, the large grounds of this 2 story Colonial will be particularly appealing. 4 bedrooms, 3 1/2 baths, family room, modern kitchen, attached garage, circular drive, etc. real close to Lochmoor Club and North High. \$85,000.

## "That Something Extra"

can be recognized throughout this very special English condominium. From its thick slate roof to its plastered moldings, here's a limited opportunity to live amid beautiful surroundings without the bother of outside maintenance, and for less than \$45,000 it can be yours.

## First Offering

You might be the second proud owner of this 5 bedroom 3 1/2 bath Center Entrance Colonial. Barnes and Star of Sea elementary schools nearby. Large paneled family room with fireplace. First floor laundry. Under \$80,000.

## You Are Assured

of an ever changing view of Lake St. Clair from many rooms of this outstanding residence. Built without concern for cost, its elegance remains obvious today. We can't describe its real worth... but we want you to know it has a "rare" library and its price is only \$149,000.

## Tired

of climbing stairs? Treat yourself to this smart 2 bedroom Ranch home located in Grosse Pointe Farms near Kercheval - Deanehurst busline, shopping, etc. only \$35,000.

## Master Bedroom Fireplace

is just one of many reasons you'll want to buy this outstanding 2 story home. Others: 4 bedrooms, 2 1/2 baths, den, newer kitchen, first floor laundry, and a lot of individuality. \$49,500. Call us for particulars.

## COMPLETE HOME SELLING AND BUYING SERVICE

OXFORD—A superb and spacious Georgian Colonial ideally suited for family living and gracious entertaining. Situated on estate size grounds in a most desirable location. A host of custom features including two fireplaces, five bedrooms, library, first floor laundry, lavish drapes and carpeting. Quick occupancy. Price reduced. G-490. 886-4200.

TWO FIREPLACES—An elegant four bedroom brick colonial with 2 1/2 baths. Family room, library, formal dining room. Partitioned basement, attached 2 1/2 car garage. FG 20

OPEN SUNDAY 2-5

THIS ONE IS IN PERFECT SHAPE—Two bedrooms on the first floor and a third bedroom with lavatory on the second. 2167 Anita also has a two car garage and recreation room in the basement with plenty of room to party. Come meet Marty Owens and see for yourself.

NEW, NEW, NEW and if you only knew how great a house we will be showing at 22208 Colonial Court in St. Clair Shores, you will be joining Bob Monroe for a first-hand preview of this four bedroom Colonial with family room and attached garage. As new as the year and tagged at \$39,500.

BY APPOINTMENT PLEASE

THIS LITTLE BIG HOUSE in Grosse Pointe Shores has that much desired master bedroom on the first floor. Upstairs are two more bedrooms. There is a step-down living room with cathedral ceiling and TWO family rooms. The kitchen and one of the family rooms open into a patio beside the large L-shaped swimming pool. Full basement with paneled party room, laundry and lavatory are super for partying. The garage is heated and so are we about this one.

THE FOREVER POPULAR center hall colonial becomes even more desirable when it comes with four bedrooms and a family-size porch which is screened and covered. The deep lot affords plenty of room for the two car garage, a play area and ranging room for the dog. In the City of Grosse Pointe and offered at \$46,000.

SHOULD BE SOLD this week. Only an old timer in the business can remember when you could buy a three bedroom house in this location with a cathedral ceiling in the living room with open rafters, full basement, two car garage, spruced up kitchen and a 1964 price tag of \$33,500.

MARCH MAY COME in like a lion, but we're not lying when we say this little gem offers more for \$33,700 than any other we've seen. You'll purr when you find the two bedrooms on the main floor AND that family room. Upstairs is a large dormitory bedroom with a lavatory. We're not trying to pull the wool over your eyes honey lamb. This one is something to beat the drums for.

THIS TWO-YEAR-OLD Georgian Colonial is one of Grosse Pointe's show places! With five bedrooms, three baths, complemented with two powder rooms, library, and spectacular kitchen, and two family rooms with natural fireplaces and a wet bar, first floor laundry room; what more could you ask for?

ALL GOOD THINGS come to those who wait and we are very proud to offer this most exquisite contemporary on S. Bryers Drive. Every feature is special from the Philippine mahogany and Domino stone exterior to the fully equipped kitchen which will delight the most fastidious chef. Four family bedrooms plus that secret bedroom over the heated garage. There's central air conditioning and an intercom system.

## Decline Action On Stop Signs

The Woods Council unanimously concurred in a Committee of the Whole recommendation to take no further action on a request to install further stop signs on Morningside drive and to explore the parking meter situation on Mack avenue.

This action was taken at the regular meeting Monday, February 25.

At the regular meeting last November 5, two petitions, one on stop signs and the other on parking meters, were presented to the council.

Eighteen residents signed the petition requesting additional stop signs installed on Morningside "especially in front of Barnes School at the intersection of Fairford road," while 26 citizens signed a petition requesting the removal of parking meters from Mack avenue.

John Lauve, as citizens' representative, spoke before the council on both subjects. He requested a new stop sign be placed on Morningside in the area of Barnes and Our Lady Star of the Sea Schools.

He also stressed the need for stop signs being placed at two corners of Lochmoor and Morningside where, he said, an accident had occurred, and where motorists have driven over an island at that location.

On the parking meter matter, Mr. Lauve suggested a two-hour limit, (marking cars with chalk), "let the store have an option for the space in front," the staggering of some free spaces and the possibility of taking a survey of the feelings of store owners.

A reason why no action was taken on the stop signs request is, based upon the city's traffic counts and accident rates on Morningside at the aforementioned intersections, no further signs were warranted, said City Administrator Chester E. Petersen.

He also noted, "It's been our experience if we put up too many stop signs, the chances for accidents increase."

As for the parking meter situation, it was felt this subject didn't merit any further action.

## Judge Denis Holds Court

Woods Municipal Judge J. Patrick Denis, filling in for City Municipal Judge Douglas Paterson, convened court on Tuesday, February 26. He heard a total of 13 cases. Six persons were found not guilty, two were found guilty but received suspended sentences and two warrants were signed for failure to answer summons.

William George Ridge, 13205 Waveney, Detroit, pled guilty to being a disorderly person. He was fined \$50 and ordered to serve 10 days in the Detroit House of Correction.

Howard Orchocke, 21223 Littlestone, Harper Woods, pled guilty to a charge of careless driving and was fined \$25.

Finley Hooper, 22901 Lakeshore drive, St. Clair Shores, pled guilty to a charge of careless driving and was fined \$75.

Bradley Maloney, 833 Briarcliff, pled guilty to two charges of disobeying a red light and was fined \$25 for one charge. His case was dismissed for the second charge.

Arthur Budd, 714 Notre Dame, pled not guilty to a disorderly person charge but was found guilty and ordered to pay costs of \$50. He stood mute to a second disorderly person charge, and that case was dismissed.

## GPSC Natators Named All Stars

Three girls from the Grosse Pointe Swim Club have been selected from 7,000 swimmers in the Michigan AAU to represent the State in the annual Michigan-Ohio All Star Meet.

The event was held at Clarenceville High School, Clarenceville, on Saturday, March 2. It pitted the outstanding swimmers in Michigan against Ohio's finest. Michigan won the dual meet by over 30 points.

Frances Shook and Julie Eugenie represented Michigan in girls 11 and 12. Frances currently has the state's best time in the breaststroke and Julie was a member of the 200 free relay team which lost to Ohio. Frances was disqualified in her event for two false starts.

Megan Montagne was selected as a member of the team for one of the best individual medley times and her 100 freestyle time. She was a member of the 400 yard freestyle relay team.

Frances and Megan were both members of the Michigan team last year. Megan reportedly placed sixth and third in two different events.

On Saturday-Sunday, February 23-24, two members of the Grosse Pointe Swim Club competed in the Glass City Diving Championships at Roosevelt Pool in Toledo, O.

Mike Brown in boys 11 and 12 took a first place in the one-meter with a 256.40. In 11 and 12 three-meter, Mike was second with a 262.95. This was not the end of his fine performance as he was third in the men's open with a 308.10 in the one-meter.

## North Notches Swim Honors

North High School's swimming team won its fifth consecutive Bi-County League Championship Friday-Saturday, March 1-2, at Lakeshore High School. North accumulated 473 points to runner-up Lakeshore's 192. They were followed by Lakeview, 160, Southlake, 136, and Clintondale, 123.

The Norsemen placed at least three individuals at the top six finalists in each of the 11 events.

North won seven of those 11 events. North's medley relay of Bill Dimond, Mark Gerganoff, Mark Craig and Jeff Gross topped the field in the first event with a time of 1:46.3.

Scott Veil was a double winner in the 200- and 500-yard freestyles with two State qualifying times of 1:50.4 and 4:59.5, respectively.

Thom Filgo won the 50-yard freestyle with a time of 23.1 and was just "touched out" in the 100 freestyle by Lakeshore's Dave Kramek.

Dimond connected on the 100-yard backstroke and Chuck Riddle and Gerganoff combined for preliminary and final victories in the 100-yard breaststroke. Gerganoff qualified for the State in the preliminaries by winning the 100 breaststroke in a State qualifying time of 1:05.5.

North also placed one, two in the 100-yard butterfly as Craig and Tom Scherr took the honors. Craig's time of 56.2 also places him in the State meet.

North also qualified for State meet in the 400-yard freestyle relay by placing first in the Bi-County League competition with a time of 3:24.8. Veil, Hank Kuhlman, Craig, and Filgo were the relay members. North now must get themselves ready for the State Championships to be held at the University of Michigan Friday-Saturday, March 15-16.

and second in the three-meter at 340.55. Chris Brown, in boy's 10 and under one-meter, was third with a 142.40.

## YAF Chapter Forms in Area

The Grosse Pointe community chapter of Young Americans for Freedom (YAF), the nation's most active political youth organization, has just been formed. Its members have come from The Pointe and other areas. The local chapter has 20 members and is still growing.

Two objectives of YAF are: (1), to get involved in political activities and help bring back conservative viewpoints in politics, and (2), to help reestablish the traditions and beliefs that our forefathers set out and fought for when our Independence was established.

The officers of The Pointe chapter are Chairman, Peter Dingeman, of Radnor circle; Vice-Chairman, William T. Skitch, of Balfour road; Secretary, Mike Higgins, of Jefferson avenue, and Treasurer, Terrance L. Hillier, of Utica road, Roseville.

YAF is a conservative organization which was started during the weekend of September 9-11, 1960. The group of college students, who organized YAF in Sharon, Conn., wanted to discuss what they could do to help educate the youth of America about the aims of conservative philosophy and the security of a constitutional government. Out of this meeting came the organization.

Other Pointe members include Mary Burns, William Fischer, Karl Kratz, Steve Marr, Bob Delaney, and Harry Vervser.

Those interested in becoming active members should call Mr. Skitch at 823-4716.

## Club Reports On Activities

Womens volleyball is held every Wednesday night at North High School, reports the Neighborhood Club. In first place are the Babbling Brooks, led by Liana Bantleon, Emily Carragher and Peggy Leins. There is a tie for second place with the Tennis Shoe Steamers and Harveys' Girls.

At East Warren Lanes on Wednesday mornings some of the same ladies try their luck at bowling. The first place team consists of Janet Ford, Pat Haney, Lois Hardy and Dorothy Woodard. The high game belongs to Jean Rivard, a new member of the women's league, (a 179).

Men's basketball is finishing up the regular season at Brownell School. Playoffs begin next week with the standings as follows:

A LEAGUE—Wayne State, 6-1; Woods Sport-Peppermill, 5-2; Bengals, 5-2; D C L Pistons, 4-3; Challengers, 4-3; Superbuddies, 4-3; Golden State, 3-4; Spoilers, 2-5; Bullets, 2-5; Old Pros, 1-6.

B LEAGUE—Celtics, 7-1; Hustlers, 6-2; Grove City, 6-2; Bummer Rd., 6-2; Vikings, 4-3; Read Buddies, 4-3; Stellwagen, 4-4; Edgar & Assoc., 3-4; Sibley Lumber, 3-4; Hosch, 3-5; Hutzel Hospital, 2-5; Schulte, 1-6; Stubbs, 0-8.

Outstanding scorers for the Top A teams are Bob Davis and Ian Smith, (Wayne State), Dave Merrick, (Woods Sport-Peppermill), and John Parker, (Bengals).

In the B league the top place Celtics are led by Tom Walker and Paul Louisell. Tom Barnes from the Hustlers and Bob Czarnecki, (Grove City), keep their teams on top, says the Club.

## Thieves Visit Woods Homes

A Lennon road couple apparently scared off burglars when they pulled into their drive but not before the culprits snatched a camera, coin proof sets, a stamp collection, and a strong box with personal papers. The incident occurred on Tuesday evening, February 26.

The resident told Woods Public Safety Officer Charles Philip Hamel he pulled into the drive and saw a seven-foot piece of aluminum leaning against the side of the house.

He said his wife spotted a dark colored, four-door auto, possibly a Chrysler, parked in front and that when they swung into the drive, someone in the car started to blow the horn.

The citizen said he ran to the rear of the house, rounded the corner and saw a television set and two camera equipment cases, but nobody was in sight. He went inside to discover a bedroom was ransacked. In the meantime, his wife ran to a neighbors to call police.

A sliding screen door was dismantled enabling the thieves to pry open the sliding door and gain entry, police said.

The missing camera was a Cannon 35mm single lens reflex with a black body. It's of unknown value.

Fourteen coin proof sets dating from 1959-73 and several blue coin books containing pennies, nickels, dimes, quarters, half dollars and a few silver dollars also were snatched.

Meanwhile, the stamp collection was described as follows: "First Day Cover Collection"—first day of issue cancellations of United States and United Nations stamps on cacheted envelopes—United States from about 1959 to date, and United Nations from about 1962 to date. The envelopes are in glassine protectors, some containing the complainant's name.

On Wednesday, February 27, a Fleetwood road citizen reported a stereo component unit, of unknown value, was taken during a break-in of her house.

Then, on Thursday, February 28, a Van Antwerp road resident told police a 12-inch Zenith black and white portable television set was removed during a burglary of her house.

## Woods Okays EAN Exhibition

"Earthfest" sponsors, Environmental Action Now (EAN), went two-for-three on requests before The Woods Council at the regular meeting Monday, February 25.

First, the council unanimously approved the holding of the exhibition at the Grosse Pointe Hunt Club Saturday, May 18, from 10 a.m. to 5 p.m. subject to cooperation with and the requirements of The Department of Public Safety.

This request was from Mrs. Robert G. Vallee, of Thorn Tree road, who's arrangements chairman for the event, and Mrs. Dorothy Turri, Hunt Club manager.

A second request from Mrs. Vallee, i.e., that the city consider loaning Kewanee buses as a means of transportation to the exhibition, was unanimously denied. The reason for this is because such buses are used for municipal purposes only, a city policy.

The last request, to have parallel parking on Cook road between the 10 a.m.-5 p.m. time slot, was unanimously okayed subject to the Public Safety Department's review.

EAN's "Earthfest" Steering Committee reported, "In holding 'Earthfest' '74 we intend to provide a forum in which interested businesses, environmental organizations, citizen organizations and citizens, (young and old), can meet together to display the products and services they offer and to share ideas and plans to help improve environmental quality."

"In this way we hope to promote achievement of the following goals . . .

"To develop in people: (a) an awareness, understanding and concern for the environment with its associated problems (natural, social, political and economic), and (b), the knowledge, skill, motivation and commitment to work toward solutions to these current and projected problems.

### APPOINTED

Stephen A. McGratty, of Whittier road, has been promoted to assistant trust officer of Detroit Bank and Trust. Mr. McGratty is a member of the trust investment staff. He joined the bank in 1967 as a security analyst and received his Bachelors degree in business administration from the University of Detroit in 1968.

## Pointer of Interest

ADAM PASNY, OF ALINE DRIVE

By Nancy Kramer

On the degree presented him by the Detroit College of Law, the last name is spelled P-a-s-i-e-c-z-n-y. But when you decide to make a career out of helping other people, one of the first things you do is eliminate all possible stumbling blocks. Including the somewhat difficult pronunciation of a Polish name.

Not that Adam Pasny realized from the start exactly what he wanted to do. Vocational rehabilitation wasn't the most glamorous or talked-about field 28 years ago. On the contrary, Adam sort of stumbled into the profession. A probation officer, involved in politics, ("My man lost"), Adam ran into a man who had been through the rehabilitation process after he'd experienced heart troubles.

He had Adam pegged for a career in vocational rehabilitation; told him he thought that was field he should move into.

### He Got Involved

Always open to a suggestion, Adam decided to give it a go. He joined Vocational Rehabilitation Service, a federal program, administered in Michigan, by the State Department of Education. "I got so involved . . . about 20 years later . . . I began thinking it just might be permanent."

Drop the words, "vocational rehabilitation" in casual conversation and you're liable to evoke a few quizzical glances not much more. For the uninitiated, Adam goes to great lengths explaining what those words involve. "I dealt with people, who, due to some mental or physical disability, were failures in life. They simply could not function normally. It was my responsibility to see that clients acquired their dignity . . . so they could live a normal life."

Describes Procedure Once people make up their minds to open the door to which vocational rehabilitation holds the key, the procedure goes something like this: First there's an initial interview that lasts about an hour. Then there's a visit with a general practitioner. He determines the overall nature of the client's disability. Specialists are then brought in to find out just what the client is capable of doing. Then it was Adam's turn to really counsel on a one-to-one basis. "My business didn't exactly allow for mistakes," he notes. It necessitated extensive research, legwork and conversation.

The client submits to a battery of tests, both psychological and aptitudinal. School records are scrutinized and special reports compiled and studied. "We have to determine just what a client is capable of so we know how to deal with him; where to place him so he can function best."

### Accidents Interfered

Some of Adam's clients had

their lives interrupted by accidents and, as a result, could not return to jobs they previously held. "Then a new field had to be secured for them to work in." Others, due to life-long handicaps, had never been employed. Some were responsible and eager to achieve normality. Others were lackadaisical and would come only when they felt like it.

"I've had them from all walks of life," Adam explains, "and no matter if they were poor or wealthy, all had the same problem. They had to be taught to function normally, and I had to raise them to their highest potential."

Level of achievement in Mr. Pasny's line of work is difficult to gauge. Agency statistics attribute the highest amount of successfully rehabilitated clients, (1,864), to Adam Pasny. They further note that Mr. Pasny has to his credit several dentists, two medical doctors and three doctors of philosophy in psychology as well as countless trained craftsmen, salesmen and skilled workers. There's even a prominent African government official today who "owes it all" to Adam Pasny.

### They Get Letters

The Agency gets letters. Adam gets them too: grateful responses from people whose lives took on new meaning after they encountered Adam Pasny. Approximately 33 various and sundry honors, awards of merit and citations for services rendered adorn the wall of his den. That's a pretty heavy track record.

Adam's career suggests a formula: the scope of accomplishments is directly proportionate to the quantity and quality of effort put forth. When he first took up vocational rehabilitation in 1946, things were structured a little differently from the way they are now. Then it was up to the rehabilitation counselor to sell himself and his services. Adam attacked with gusto, speaking at schools, hospitals and halls. He visited patients in hospitals, leaving his cards behind with them, hoping they would call.

### A Lot of Driving

Once they did, he was prepared to go all out. "I worked a 40-hour week, but it involved a lot of driving." There were school admissions agents to see for clients who might be college material, personnel directors to coax into hiring the handicapped, trade schools to drop in on to determine if a client could learn a skill.

But there are no trade

fruit and nuts, glazed nuts, caramel corn and party candies in individual cups decorated with rose buds. They also carry a wide selection of wedding invitations, custom stationery and boutique items.

Starting enrollment for spring classes at Fenlon's Fabrics . . . double knit jacket, slacks and top, dress making class, children's wear, Bishop classes, one thru six. Registrations for these classes are now being taken at Fenlon's Fabrics, next to the Crafty Cricket in the 7-Mack Center. Call 886-8288 for more information.

"GROSSE POINTE ON LAKE ST. CLAIR" . . . Mr. Sheridan Books, 369 Fisher Road has placed a second order on this reprint of the Silas Farmer Book, originally published in 1886, telling about the Grosse Pointes and their historical families. This new limited reprinting will be available about the middle of April. Call now to reserve your copy . . . as the first reprint has been completely sold out. These make interesting gifts. 881-2916.

## Rose Society Plans Meeting

The Grosse Pointe Rose Society will hold its regular monthly meeting next Wednesday, March 13, at 8 o'clock at the Grosse Pointe Central Library, Kercheval avenue at Fisher road.

Dr. Woodburn O. Ross, former dean of Wayne State University's Montclair College, will tell How To Talk About Roses, explaining the technical terms used by rose growers and nurserymen. A question-and-answer period will follow his lecture.

Rose Society meetings are held the second Wednesday of each month and are always preceded by a 7:30 o'clock coffee and dessert hour. March hostesses are the Mesdames Harold Lee, Paul Maharak, Louis Parent and Gordon Sorenson.

The public is invited to attend and is advised to use the rear entrance to gain admittance to the Library.

Dame then," he recalls, "and Grosse Pointe Woods really was woods."

Janet and Adam watched Grosse Pointe mellow. "There used to be this small-town atmosphere . . . little stores. People were somewhat clannish, but I remember when you could walk down Waterloo, see a well-dressed man on the other side of the street, and exchange waves. Then you would realize it was Henry Ford."

The Pasnys raised two daughters, Carol and Sue, both of whom are now married, live in the Pointe and have between them provided Adam and Janet with five grandchildren.

### Not Relaxed Yet

"Not quite relaxed in his retirement, Adam is concentrating on keeping occupied. He's had his problems. At first he hung around the house, sticking close to Janet. But when he tried to help out in the kitchen, she laid down the law: 'I've got a system in here and you are confusing things.' That ended that."

He went back to the office, but after a couple of trips realized he didn't belong there.

So he found a sewing machine to repair, and a piano in need of an overhaul. Later he's taken to tinkering around the cottage on Harsen's Island he bought five years ago.

"I'm sure glad we've got that place now," he smiles. "My son-in-law has a cottage up north, but Harsen's Island is much easier to get to. I can make it up there and back on three or four gallons of gas."

### Odd Jobs Help

The odd jobs offer some means of distraction, but really it's not enough. "I have to go where the action is," Adam contends. He means to write VISTA to see if there isn't some kind of volunteer work he could take on. He studies newspaper want-ads, scouting for a possible part-time job.

For all the Adam Pasnys in the world, retirement isn't something you can just fall into. Two months don't provide enough time to adjust to the new status in life.

"I'm having a hard time letting go of my job," Adam readily admits. "I still think I'm not too old to do anything."

Consider that line under-statement of the year. Adam Pasny isn't through yet.

The Keep Detroit Beautiful Teens recently received a plaque from Keep America Beautiful in New York, initiating them into KAB's President's Society, (Hall of Fame). "In special recognition of those programs whose excellence makes them uncompetitive within the normal framework of the KAB Awards Program. Adult KDB chairman BETTIE (Mrs. Charles) DAWOOD, of Berkshire road, made the presentation to the young Detroiters.

## Slate Film-TV Buffet Meeting

Mrs. Joseph Higgins, president of the Grosse Pointe Motion Picture and TV Council, has announced plans for the Council's Monday, March 18, meeting: a spring sandwich buffet 1 o'clock sharp at the Grosse Pointe Central Library.

Mrs. L. E. Holmes and Barbara Masha are chairing the event.

Barbara Lobeck, of La Petite Marche, will give a demonstration of quilting — something new — and cloth flowers. Board members will bring the fresh fruit plates and finger sandwiches.

All members and friends will be asked to give a \$2.50 donation, as this is the Council's main fund-raiser.

Other officers of the group who have served this year are Mrs. Charles Hohmann, vice-president and a program chairman, Mrs. Richard Roland, recording secretary, Mrs. Philip Wehrmeister, corresponding secretary, and Mrs. Robert Payne, treasurer.

Committee chairwomen include Mrs. George Gerow, TV and Motion Picture ratings, Mrs. Holmes, membership, Mrs. John Dyle, historian, Mrs. Reginald Murphy, parliamentarian, Mrs. Edward Kliber, publicity, and Mrs. Maurice Declercq, ways and means.
