HEADLINES of the WEEK

As Compiled by the
Grosse Pointe News

Thursday, March 14
THE SENATE has approved legislation designed to meet Supreme Court objections to the death penalty and reinstate it as punishment for a group of serious federal crimes. The Court had declared the punishment unconstitutional in 1972, largely because of its irregular enforcement. The measure, advocating the death penalty for treason, espionage and a series of crimes such as kidnapping, hijacking, escape from custody, some murders and the blowing up of any government building that results in death, will now go to the House. The bill already has the approval of the President and Department of Justice.

Friday, March 15
GOVERNOR WILLIAM MILLIKEN assailed the Nixon administration's fuel allocation policies for threatening the state's economy and setting the stage for possible emergency rationing of gasoline to Detroit area motorists. Claiming that Michigan has suffered greater hardships than any other state in the nation, the governor acknowledged he may be forced to put Detroit on an odd-even gasoline rationing program. He said he would not hesitate to use that approach but added that he was encouraged by some indications that the state's fuel situation is improving.

Saturday, March 16
MAYOR COLEMAN YOUNG'S ADMINISTRATION has ordered all department heads to clear their public statements and interviews with his office, and a two-page order issued earlier in the week requires all city employees to clear any public statements through their department heads before they are issued. William Beckham, Jr., chief executive assistant to the mayor and author of the new policy, asserted the orders were only intended to insure that city officials did not try to attribute policy statements to the mayor without being sure of the mayor's actual viewpoint on any given matter.

Sunday, March 17
EUROPE HAS VOICED fears of trade wars and a new period of American isolationism as repercussions of a speech President Nixon delivered in Chicago on Friday, charging the United States' transatlantic allies with a lack of cooperation. British newspapers claimed the President's remarks shocked the North Atlantic Treaty Organization and the European Economic Community. French newspaper, Le Figaro said the President fashioned his Chicago statement to assume the form of an ultimatum.

Monday, March 18
ARAB OIL MINISTERS could not reach any agreement on lifting the oil ban against the United States and have scheduled another meeting for Monday. The ministers, representing nine countries of the Organization of Arab Petroleum Exporting Countries, met for nine and a half hours in Vienna. Egypt and Saudi Arabia were reportedly ready to lift the embargo at a meeting last Wednesday and Algeria was alleged to be in favor of lifting the ban for two months, pending the outcome of negotiations on a Middle East peace settlement.

Tuesday, March 19
SEVEN OF NINE MAJOR ARAB NATIONS have lifted their five month oil embargo imposed upon the United States, but Libya and Syria refused to go along. Saudi Arabia, the world's largest oil-exporting nation, and one of the seven countries in favor of lifting the ban said the U. S. would start getting all the oil it needs. The action was taken during the second day of discussions by the ten nation Organization of Arab Petroleum Exporting Countries.

Woods Honors Cross Country Champions

Signs indicating The Woods as the home of the 1973 State cross country champions, North High School, were installed at three locations, (the south, north and west entrance points into the city), earlier this month. This action stemmed from a unanimously passed council motion last December which authorized Mayor BENJAMIN W. PINKOS, (far right), to sign a proclamation citing the harriers, who finished "number one" in the Grand Blanc meet last November. At that time, Councilman RONALD R. KEFGEN, (far

left), Parks and Recreation Committee chairman, authorized City Administrator Chester E. Petersen to have such signs placed at entrance points into The Woods. Kneeling, (from left to right), are cross country coach TOM GAUERKE and team members DAVE MARSTILLER, JOHN DI MERCURIO, GARY KOPACKA, three senior members of the 50-man squad. Seniors not pictured are All-Stater Tom Hammer and Ed Brennan. The other two signs are located in Mack avenue.

Symphony Concert Set For Mar. 31

Pointe's Own Orchestra in 21st Season; Derek Francis, Arno Mariotti Are Soloists

Grosse Pointe's own symphony orchestra, now in its 21st season, will present its third concert of the year, next Sunday, March 31, in the Grosse Pointe Center for Performing Arts, located next to Grosse Pointe North High School, Vernier road at Morningside. Sunday's concert, beginning at 3:30 p.m., will feature Schubert's Unfinished Symphony, performed by the 70-member orchestra. Then, Derek Francis, violinist with the Detroit Symphony Orchestra, associate of the Royal Academy of Music and a recent Doctor of Musical Arts at the University of Michigan's Music School, will join the group to play Bartok's First Rhapsody for Violin and Orchestra.

Principal Obolst Following an intermission, Arno Mariotti, Michigan's most distinguished oboist, will play the Handel Concerto for Oboe and Orchestra, No. 3 in G Minor. For many years principal oboist with the Detroit Symphony, (Continued on Page 4)

Double-Barreled Gripe Aired by City Resident

By Nancy Kramer
A Cameron place resident, Donald Cole, confronted the Grosse Pointe City Council with a double-barreled affair at the solon's regular meeting held Monday, March 18. Mr. Cole came before the council to request something be done about the amount of trash accumulated along Jefferson avenue as well as to ask that steps be taken to curb the amount of traffic on Cameron place. Both, he termed, as "areas of public concern, and not just the selfishness of an individual."

Woods Council Changes Real Estate Advertising Signs Ordinance No. 103

Residents Complain of Overuse of Displays Placed Along Streets; Time Limits Also Specified

By Roger A. Waha
The interest in, and concern over the amount of real estate advertising signs at certain home sites on the parts of three Vernier road residents has led to a change in The Woods' sign ordinance, No. 103.

This amendment, which had its first reading at the regular council meeting Monday, March 4, was unanimously adopted by the solons at the Monday, March 18, session. Councilman Rodger A. Graef's motion also stipulated that local real estate associations be presented with a copy of the ordinance so they may communicate with their own members regarding its effective date.

The measure becomes effective 20 days after the date of its enactment, hence, April 6.

Complain of 'Plague'
At a council meeting last September 17, Mary E. Currie and Mr. and Mrs. Frances Ban wrote the solons expressing concern with the "plague" or overuse of real estate advertising signs, particularly at corner sites, such as Vernier and Marler road. They felt this corner was an "overused site" regarding sign placement.

They also stressed the possible "personal accident hazard" with such signs placed on corner property, such as tripping or stumbling over them, plus the "disturbance and nuisance of having strangers ring the doorbell on Sunday to ask, 'Is this house open?'" The actual house may be either lots or blocks away from the sign.

But the signs must be so placed so they won't create a traffic hazard or a nuisance or inconvenience to the neighborhood, and they must not exceed two in number.

Signs must be placed only during the period the premises advertised are open for inspection. However, the measure also stresses that under no circumstances shall signs be placed prior to 10 a.m., and they must be removed by 9 p.m.

Jaycees Pay Chief Ferber High Honor

Head of Farms' Police Department Is Unanimously Selected as Young Man of Year

Farms' Police Chief Robert K. Ferber was presented a plaque acknowledging him as the Outstanding Young Man of Grosse Pointe for 1973, at an annual dinner sponsored by the Grosse Pointe Jaycees on Thursday, March 14 at the University Club, 1411 East Jefferson, Detroit.

The chief, whose name was placed in nomination for the honor by Edward M. Bunn of McKinley avenue, an attorney and a member of the local Jaycees, was selected by a group of private citizens, none of whom hold membership in the organization, nor hold any public office. Chief Ferber, 34, was picked from a list of six nominees.

Is Good Citizen

Bunn said that he submitted Ferber's name on the basis of the chief's contributions to the community, his work and time given to his parish church, St. Paul-on-the-Lake and the many new innovations brought to the Farms Police Department since Ferber became chief three years ago. Also because of the fact the honoree, a non-member, devoted much of his time in the charitable projects of the Pointe Jaycees, especially in the organization's programs in helping the needy.

Also a factor, it was said, is that Chief Ferber is secretary of the Southeastern Michigan Police Chiefs Association. Too, he is the editor of the magazine, "Michigan Police Journal," the first Pointer to ever hold this post.

The five-judge panel, comprised of one resident from each of the Pointes, was unanimous in selecting Ferber as the Pointe's Outstanding Young Man for 1973.

Complete Surprise
"I am very proud and honored that the Grosse Pointe Jaycees selected me as the Outstanding Young Man of 1973," Chief Ferber said. "It came as a complete surprise to me. I was on a committee with Mrs. Ferber for a chicken dinner affair at St. Paul's for that night, when I received a call from a representative of the Jaycees earlier in the day, informing me that I had been selected for the honor and inviting me to their annual dinner to be presented with the plaque."

"This was a total surprise, since I am not a member of (Continued on Page 8)

School Proposals Put Under Study On Three Fronts

University-Liggett Projects Would Include Enclosing Ice Rink and Building Tennis-Squash-Handball Facility

By Roger A. Waha
A public hearing will be held next week by The Woods Planning Commission to consider a University-Liggett School application for approval of a proposed enclosure of the McCann Ice Rink, plus the construction of indoor tennis facilities on school grounds.

The session will take place Tuesday, March 26, in The Woods Municipal Building, 20025 Mack avenue, beginning at 8 p.m. University Liggett's application was made to the Commission on Wednesday, February 20.

A number of private investors, some of whom are school parents, are financing the proposed projects. Anthony Fruhauf, ULS business manager, said the approximate, estimated cost of the proposed ice rink enclosure, plus the new facility, is \$1.6 million, (including extensive landscaping, i.e., around the buildings, along fencelines, work done on the playfields). The architect for the project is Rossetti Associates, Inc.

Location Undecided
Mr. Fruhauf emphasized that the location and precise plans for the indoor facility, which would include tennis, squash and handball courts, is still a question at this time, and that the drawings are being reevaluated.

"The plans previously handed in, (to the Planning Commission), were a first version in terms of location and the configuration of the facility. No definite decision has been made on the part of the school," he said. In relation to this, Mr. Fruhauf cited working along with neighbors.

On the residential front, property owners in the area surrounding the school are concerned over the proposed facility. Jack Trent, a spokesman of the group, said an estimated 60-70 residents met Wednesday, March 13, at Barnes School to discuss the project.

He said the group wants to gather all the available information it can on the facility. (Continued on Page 4)

Dismiss Duck Hunting Case

The case against John and Christopher Carlisle, two members of a trio arrested for violating duck hunting regulations, has been dismissed. A third member, Allen Wire, paid a \$100 fine and did not go to court.

The group was issued violations by agents of the U.S. Fish and Wildlife Service last October 30, for allegedly hunting in a baited area.

Federal Magistrate Paul Komives dropped charges against the pair after Assistant U. S. Attorney Robert Sharp decided not to prosecute. According to Mr. Sharp, "The reason for the dismissal was strictly an evidentiary one. There was not sufficient evidence to carry the case any further."

Park, City Given Control Of Lake Dikes and Levees

In a letter dated February 18, the U. S. Army's Detroit District Corps of Engineers announced that it has completed the transfer of protective structures on public and private properties along Lake St. Clair to the control of The Park and The City.

The structures, dikes and levees, were constructed under "Operation Foresight," the Corps of Engineers program of emergency flood assistance as authorized by Public Law 84-99. Depending on the assistance requested, the construction was either accomplished by citizens of the communities with material furnished by the Corps, or by private contractors hired by the Corps when the construction was beyond the capabilities of the local residents.

Woods Irked With Liquor Commission

Council Angered by Issuance of License to Market Despite Official Objections

By Roger A. Waha
The Woods Council, which indicated its disapproval last December of the application of Borman's Inc., for a new SDM license at the Farmer Jack Super Market, 20382 Mack avenue, is angered over the fact that the Liquor Control Commission issued the license over its objections.

As a result, the solons at the regular meeting Monday, March 18, unanimously passed a resolution strongly objecting to the Commission's actions in this instance. Councilwoman Joan M. Mullan, who voted against the motion of denial at the December 17 meeting, said this matter was "bigger" than this particular point.

She felt it indicated, "The State's ever increasing negation of the home rule concept of local government," and that it showed the "continual erosion" of the home rule concept. So she moved that the resolution be adopted.

Advice Rejected
The measure said that the Commission, pursuant to its rules and regulations, requests the advice of local government when an applicant desires a SDM liquor license. It then noted The Woods disapproved this particular application, (because there were other SDM licenses in close proximity to that location).

Continuing, the resolution says the Commission has apparently seen fit to issue the license over the council's objection, and has not seen fit to notify the solons of its action.

The council thus requested that "the authority granted by the Michigan Liquor Control Commission to Farmer Jack Super Market (a/k/a Borman's) for sale of beer and wine at 20382 Mack avenue, Grosse Pointe Woods, be suspended and a public hearing held as to the necessity and desirability of the issuance of such license."

A copy of the measure will be sent to the Commission, Governor William Milliken, Attorney General Frank Kelley, Senator James D. (Continued on Page 2)

Judges Ask For Support Of Program

Volunteer Officers Would Be Selected to Counsel and Help Rehabilitate Offenders

By Kathy Duff
Over 30 Grosse Pointe civic leaders gathered at the Interfaith Center for Racial Justice Thursday night, March 14, to discuss the feasibility of a volunteer probation officers program.

Representing the judicial structure of Grosse Pointe were the three judges who have jurisdiction over the five Pointes: J. Patrick Denis, Robert Pytell and John Urso.

John Urso, who has been municipal judge in The Park since November 1973, called the meeting to order at 8 p.m. In his opening remarks, he read a memo written by three Wayne County Circuit Court judges recommending the establishment of a volunteer probation officers program in Grosse Pointe. The memo was directed to the late Park Judge C. Joseph Belanger in 1968.

Must Face Facts

The Park judge, after reading the six-year-old memo, pressed for the establishment of a probation bureau. "It's time to face the facts," Judge Urso said. "The same people who come before us in misdemeanor court are the ones who will go on to more serious crimes if undirected. I think that it is time to establish a volunteer probation program. The three municipal judges are thoroughly supportive of this program."

Area volunteers would be trained in three three-hour sessions and would then be assigned to an offender. Not all persons to come before the municipal judges would be placed on the probation program. It would be strictly those offenders, convicted of a minor criminal charge such as shoplifting or simple larceny, who would be recommended for the program. Ages of most of the offenders would be between 17 and 30 years old.

Would Aid Community
"It's also been proved that once citizens are involved in the correctionary process, they become more supportive." (Continued on Page 2)

John C. Hertel Against Busing

Some misconceptions apparently were generated by last week's front page story, which focused upon the Second District Senate election Tuesday, March 19, between Democrat John C. Hertel and Republican John Lauve.

This was in regard to a charge made by Mr. Lauve in a press release that Mr. Hertel favors busing, and that a pro-busing resolution approved by the Democratic State Central Committee on October 2, 1971, was unanimously passed.

Affidavits signed by three members or alternate members to the committee were presented to the NEWS. They stressed the fact that a voice vote was taken on the resolution, that no record of how the persons in attendance voted individually was made, but the trio were witnesses to the fact that Mr. Hertel voted against the resolution because they saw him do so.

The members are Mary Ellen Walker, Robert Agacinski and Helen Irving.

The affidavits made it clear that the resolution wasn't unanimously passed.

Mrs. Walker also signed an affidavit that stated she witnessed Mr. Hertel attempting to get the floor to introduce a substitute resolution which would have eliminated any "pro-busing" resolution. The affidavit also said that the chairman would not recognize Mr. Hertel so he could speak, therefore, he wasn't officially introduced.

Mr. Hertel told the NEWS in the last week's story that he was completely opposed to busing.

All men are born equal, but the quality fails to hold out.

Judges Ask for Support of Probation Program

(Continued from Page 1)

portive of law enforcement penal reform programs in the community," Mr. Urso said. "The establishment of a volunteer probation officers program would strengthen the community."

Three members of the Wayne County Probation Department were at the meeting to outline a possible program in Grosse Pointe and to answer any questions posed by the audience. One of the speakers pointed out that 95 percent of the offenders between 15 and 30 years conformed to a common profile, that of a person with few job skills, an urban slum background and a history of personal and family failures. He said that it was critical for the probation officer to deal with the offender's problems within their social context in order to rehabilitate him to choose a more worthwhile life.

Would Give Reports

Besides working as probation officers, the volunteers would be asked to compile pre-sentence reports. These reports of an offender's past criminal activity, if any, are used by a judge in determining the sentence. Probation is only recommended if the judge feels that the offender would benefit from adult supervision and that there would be a good chance that the offender might be swayed from becoming a professional criminal.

Repeatedly, it was said that it was up to the probation officer how successful the counseling program was. "It is by sheer force of personality that the officer can convince the offender to take up traditional social values," the Wayne County director said.

Also speaking at the meeting was Officer John Kendall, of the Youth Service Division, who said: "The YSD provides counseling services for offenders 16 years old and younger. We have three Wayne State graduate students who work on the Voluntary Counseling Program, as we call it. We only place the kids in the program that we think will be helped. The counselors act as big brothers to the kids since over 90 percent of them are from broken families. They try to establish new values for the kids, and we have a 92 percent success record with our program."

"Just because a kid turns 17 is no reason to stop a counseling program. I think that there is a need for a volunteer probation officers program, particularly in the case of the first offender. Of course, the judge will never recommend probation for a person convicted of a violent crime."

Farms Judge Pytell also spoke at the meeting. "This program, of course, is not for the hard-core offender. What I am concerned about is how we are going to set up the program because it is critical to match the needs of the offenders with the right volunteers. A rapport must be established between the offender and the probation officer."

The next few weeks will be spent by the judges and interested civic leaders discussing the idea with the five Pointe governments and interested community groups. The judges estimate that they would recommend about 60 offenders for probation treatment a year, most over a six-month to one-year probation period.

Among the organizations represented at the meeting were the League of Women Voters, Center Point, Northeast Guidance Center, St. Clare of Montefalco Education Committee, the American Association of University Women, and the Family Life Education Council. Numerous Pointe government officials were also present.

Gripe Aired by Resident

(Continued from Page 1)

by the city, not by area residents.

Because their homes are set back from the avenue and since their driveways open onto sidestreets, "People on the north side of Jefferson avenue are blissfully unaware of the mountains (of debris), sitting behind their hedges," he maintained.

The council, still unconvinced that the problem was that serious, asked Mr. Cole what he felt the solution should be. "A routine pick-up is what's needed," he replied, "the area should be picked up on a minimum of once a week."

"This type of clean-up is the homeowners' responsibility," Mayor John King explained, "if we did this for one, we would have to do it for all." Mr. Cole wondered if there wasn't some existing law that could be more stringently enforced, thus making it mandatory that property owners keep their lots free of debris.

City Manager Thomas Kressbach noted then, that while the City does have litter laws, they apply to persons caught in the act. Violations could not be issued to people for just having some debris on their lawns. "The ordinance is for throwing it there, not for having it there. The key here is private citizen participation. All people need to have a similar perspective about what constitutes trash."

"We could do it for several thousand dollars with city forces," Mr. Kressbach said referring to Mr. Cole's request, "but it is just not practically feasible for a minor thing." Suggesting that residents continue their own surveillance of the area, he explained, "if homeowners would do it, we'd pick it up."

Mr. Cole was not satisfied with the Council's reply, but submitted an informal petition signed by neighbors, before moving on to his next area of concern; the amount of traffic on Cameron place.

The crux of Mr. Cole's argument on this matter was that residents on that street are subjected to an abnormal amount of traffic because of the unique quality of the Frank Parcells house, located at the foot of the street. The strikingly modern house differs from most others in the community and is an object of numerous curious stares. Because Cameron place also happens to be a cul-de-sac, all traffic must turn around at the foot of the street and leave it the same way it was entered. Mr. Cole complained that the inordinate volume of traffic undermines property values.

He pointed out that after discussing the problem with the city manager, a counter had been installed on the street to gauge the actual amount of traffic. If the counter shows there is an excessive amount of cars traveling on the road, all the City could do is post the street as a dead-end.

"Everyone already knows it's a dead-end street," Mr. Cole protested. His suggestion was that the City place a "no through traffic" sign at the street's entrance. The mayor objected to this proposal on the grounds that since Cameron place is not a through street, it would not be legal to erect such a sign.

Policing the area was offered as another alternative, but was rejected for various reasons. While the City might be able to handle the policing of one street, they certainly could not make a policy of keeping tabs on all roads with lay-outs similar to that of Cameron place. The City attorney, Richard Hinks, was not even sure a violation written for such an offense could hold up in court.

"We can't turn it into a private street because of one resident's home," the mayor said, "and we can't bar the public from public streets."

The Council then accepted a second petition from Mr. Cole, regarding the traffic situation. "We'll consider the problem, look into it, discuss it with the city attorney," Mayor King concluded, "but we can't promise you anything."

Irked Council

(Continued from Page 1)

Gray and Representative William R. Bryant, Jr. City Administrator Chester E. Petersen, in a memo to the council, explored this subject further. He said his office is "greatly concerned" that the Commission had apparently failed to heed the council's recommendations on this matter.

"Of special further concern to this City is the fact that our prerogatives of 'home rule' were apparently over-ruled without this City being given an opportunity to be 'heard' before the Liquor Control Commission on such application and the fact that we did not receive any communication whatsoever from the aforesaid Commission as to their final disposition on same."

Mr. Petersen also reported the only recent communication received from the Commission was a copy of a letter dated March 11 to Arnold's, Inc., (a division of Borman's), advising them that their application for a new SDM license was being denied at the discretion of the Commission inasmuch "as it appears that the subject area is adequately serviced with existing SDM outlets."

So, Mr. Petersen questioned why Farmer Jack was granted a license after the council recommended denial of the license on the same denial basis as that for Arnold's.

Council Slates Alcohol Forum

The Health Education Council of Grosse Pointe will sponsor a public session dealing with contemporary alcoholic problems on Monday, March 25, at 1 p.m. in the Central Library.

Walter Kowalczyk, co-ordinator for the Wayne County Highway Alcohol Safety Program, will present a film, "Conspiracy of Silence," and offer his comments. Discussion will follow the film.

The Council encourages the public to attend.

Try to Steal Gas at School

Two 16-year-old Park boys were arrested by Park police on Friday, March 15, as they were attempting to break into the tool storage shed on the grounds of Trombly School, it was disclosed by Lt. Gordon Duncan.

The teenagers were apprehended by Patrolmen Paul Konefke and Timothy Mink, as the youths were trying to pry open the shed doors.

The officers said they arrived at the scene on a radio run, following a complaint of a citizen, and when they approached they noticed that the hinge pins of the doors had been removed.

One of the teens had a wooden cane and the other a metal bar, with which they were trying to pry open the doors. The shed houses various garden tools and power mowers, it was said.

Lt. Duncan said that there had been three other break-ins into the shed over the past several days, and all that was taken was gasoline. Apparently this was what the youths were after, the lieutenant said.

The 16-year-olds were released to officers of the Youth Service Division for further questioning and investigation. Charges against the boys will be filed with Juvenile Court authorities, police said.

Teeners Facing Charges Of Burglary, Vandalism

Three Detroit teenagers were arraigned for a preliminary hearing before Park Municipal Judge John Urso on Wednesday, March 13, in connection with the February 18 burglary and vandalism of the home of Mr. and Mrs. Oscar Glass, 1172 Yorkshire. Charges against a 16-year-old juvenile, also of Detroit, and also involved, have been filed with Juvenile Court authorities, it was disclosed by Park Lt. Gordon Duncan.

Accused of burglary, larceny and vandalism were, Norman Hogue, 20, of 2524 Drexel; Michael Seebach, 17, of 2535 Drexel; and Donald Steshetz, 18, of 2526 Drexel. Lt. Duncan said that Judge Urso released Hogue and Seebach on \$1,000 each. Steshetz, was ordered detained in the Wayne County Jail on \$5,000 bond, and the juvenile was ordered held in the Wayne County Youth Home.

Steshetz and the juvenile are facing charges in a Detroit burglary, with Steshetz being held on a \$10,000 bond by Detroit authorities on their charge.

Judge Urso set yesterday, March 20, as the date for examination, for the four some.

The lieutenant credited officers of the Detective Bureau with clearing the Glass burglary through long hours of investigation and questioning of suspects.

Thieves Enter Woods Homes

The Woods Department of Public Safety received three burglary reports, one each on Wednesday, March 13, Tuesday, March 12, and Monday, March 11.

On the 13th, a Holiday road man and his wife returned home, found the front door open, called police who then discovered the break-in. The culprits took a variety of articles, including several watches, from the home.

Missing at this time are a blue fox shoulder stole with the initials "GJG" on the lining, valued at \$350; an RCA 25-inch color console television set, \$875, and the watches, of varying values.

They include a gold Bulova man's watch with six diamonds, \$500; another gold watch with a black face, \$195; an electric Bulova watch, of unknown value; a Longine solid silver man's watch, \$750, and a gold Bulova man's watch, reported to be very old, \$100.

Police said the culprits didn't gain entry to the kitchen or basement because a large dog was in the kitchen. The complainant told officers another family dog, a 16-year-old female Toy Manchester, was missing. The dog apparently ran out of the house during the burglary and a police check proved negative on the pooch at this time.

On the 12th, thieves entered a Wedgewood road residence and took a plastic bag containing pennies, nickels and dimes, totalling an estimated \$10.

Finally, on the 11th, a 23-inch RCA color TV set and

a "Tiffany" lamp were taken from a Roslyn road home.

To Pay Honor to Firefighter

Farms Firefighter Harold T. Campbell retired from the Fire Department after nearly 32 years of service to the city. His retirement took effect on Wednesday, March 13, when he became 60, the mandatory retirement age, it was disclosed by Fire Chief Michael Beaupre.

Born in Detroit, he is a 1932 graduate of Holy Redeemer High School. After working a few years in private industry, he decided on a firefighting career and was appointed to the Department as a probationary fireman on July 6, 1942. Through the years he served with distinction and is the holder of a number of Department citations received for heroic action in the line of duty.

On Saturday, March 30, the Farms firefighters plan a private retirement party for Campbell at the Metropolitan Club, Warren and Lode-lyck, in Detroit. The only invited guests will be members of the retiree's family.

Campbell is married to the former Marion Beaupre of the Farms, sister of Chief

Beaupre. They reside at 303 Moross road. The couple have five children, all of whom are married, except 16-year-old Judy, who is a junior at Grosse Pointe South High School.

The other members of the family are Tom, 37, of Lincoln Park; Charles R., 35, of The Farms; William, 29, of Detroit; and Mrs. Linda (Richard) Jablonski, of The Woods.

Campbell said that he has no immediate plans, at least for the next few months, except to stay home and relax and do some work around the house.

"I have had a good life and enjoyed my work with the department and have made a lot of friends," Campbell said. "I'm going to miss the job and my colleagues, but when you must leave, well that is it. Of course, I'll return to visit at the fire station often, if only to say hello, but it will be hard to take for a while, knowing that I don't have to be on the job any more."

The retiree said that the family has a cottage in Ortonville, Mich., which has been winterized and converted into a home, where he and his wife will spend some of their time. After Judy graduates, he and the 'missus' plan to make the cottage their permanent residence.

Pleads Guilty To Embezzling

A 28-year-old New Baltimore woman appeared before Wayne County Circuit Court Judge Victor J. Baum on a charge of embezzlement of over \$100 at her trial Monday, March 11.

Woods police reported Sandra Randall entered a plea of guilty to the included offense of attempted embezzlement of over \$100. Judge Baum set Monday, April 22, as the accused's scheduled trial date. Police added she could receive a maximum of five years in prison on this charge.

She worked as a receptionist and bookkeeper at the Mack avenue offices of two doctors whose books were found to be over \$20,000 short by a professional auditing firm last July.

 city before reaching any decision. "There's an indication the group wants to decide if it's a good move for the area or an improper one," stated Mr. Trent.

At this stage, an objective of the group is to canvas the opinions of area residents. They want to know who is going to use the facility and are concerned about traffic patterns on Cook road, among other points, he said.

The proposed enclosure of the ice rink "would be brickwork on all four sides with a gabled roof," noted Mr. Fruhauf. "The architecture would be consistent with the architecture of the other school buildings, including landscaping requirements." Needless to say, the location of the rink is determined and fixed.

As for the new facility, "the exact configuration of the building and the courts

is not definitive," stressed Mr. Fruhauf. "The whole configuration of the building is under review." He said it's designed as a single level structure now but it could be sunk into the ground. As proposed, the facility would include a lobby area, locker rooms, a nursery and a pro shop.

Mr. Fruhauf emphasized that ULS would have control in every phase of the facility's operation. "The school would have absolute and complete control of the project and its operation," he continued, regarding construction stages, use of the rink, tennis, handball and squash courts, et al.

The new facility, he said, would be available for school use during school hours and that private use would be open by subscription. Here, he cited potential use by residents in the immediate area and people related to the school, itself, such as parents and alumnae.

Mr. Fruhauf felt there would be no increase in traffic during school hours. As for the use of the facility afterwards, he stressed no spectator events would be allowed, thus keeping the traf-

fic flow to a minimum. The hours the facility could be used are "still up in the air," he added.

The school hopes construc-

tion will begin sometime during the summer but much depends on what transpires on the Planning Commission, residential and school fronts.

Joseph G. Schulte has been named vice-president and account supervisor of Grey Advertising, Inc. of Detroit. He will be account supervisor on the Ford Division account, which includes the Mustang II, Pinto and Maverick automobile advertising.

Most recently, Schulte was account supervisor on the Buick Motor Division account

at McCann-Erickson, Inc. in Troy, Mich. Previously, he was with Grey/Detroit. Schulte was also an account executive at Young & Rubicam, Inc. of Detroit.

Schulte received a bachelor's degree from the Detroit Institute of Technology.

Married, he and his wife, Holly, have two children. They reside in Muir road in Grosse Pointe Farms.

KIDNAP INSURANCE AVAILABLE

Now for the man who appears to have everything, a new kind of insurance has come into prominence, instigated because of the current rash of kidnappings. Not just millionaires, but small business owners, bankers, professional people, corporate officers and their firms are all concerned with how they would be able to cope with the dreadful actuality of a kidnapping and subsequent ransom or extortion demands.

The answer, according to William T. Shilson of American Underwriters Corporation, a Detroit based specialty insurance intermediary, is Kidnapping and Ransom Insurance. The new insurance was created in response to the demand for financial protection from these untimely and increasingly frequent risks.

While Kidnapping and Ransom Insurance policies vary, most contain provisions that the contract remain absolutely secret. In some cases corporate officials are insured without ever being told, since a leak, however innocent,

might encourage kidnapping of the insured individual.

Other provisions of the contracts are that the F.B.I. and other law enforcement agencies must be notified of the kidnapping immediately. That all reasonable efforts be made to secure the return of the kidnapped person in some way other than by paying ransom. And that ransom must be paid only under duress.

Benefits of the insurance are obvious. Even great wealth is no match for unreasonable demands. And, for the person of modest means, such demands could spell financial disaster.

Says Mr. Shilson, "We are scrupulously careful to protect the identity of our insured."

He noted that all requests for information on the new insurance will be handled promptly. It is suggested that individuals contact their own agent who can obtain coverage through American Underwriters Corporation which is located at 16311 Mack Avenue, Detroit, Michigan 48224.

 the shoreline and with help from citizen volunteers.

Both Park City Manager Robert Slone and Grosse Pointe City Manager Thomas Kressbach said that sections of their structures along the lake are still in good condition, but citizens should inspect their own periodically to make sure they are still so.

Both city managers said they still have a limited amount of bags, originally supplied by the Corps of Engineers last year when battering waves from record high level of lake waters flooded low areas in their communities. The lake, which is still at an extremely high level, still presents a danger when a north-easterly wind gusts over the water, causing six to eight-foot waves to batter the shoreline.

Dikes and levees have been constructed between the lake and homes in The Park, and along The Park's Windmill Pointe Park, which are near the lake, the length of the city.

In the City itself, City Manager Kressbach said that diking was limited to The Norbert P. Neff Memorial Park, the foot of Lakeland, and along some private property.

However, the city managers said, if an emergency should arise, it is felt that the Army Corps of Engineers would furnish more material if needed. If the lake level goes down, there will be no cause for alarm in regard to flooding, but they urge residents to be ever vigilant and to constantly inspect the protective structures along their properties.

High seas and battering waves have caused extensive damage to the seawall the full length of Lake Shore road. The Wayne County Road Commission made a study of the erosion caused by the battering waves and formulated plans for the reconstruction of the seawall.

Estimated cost of the repairs, which is expected to be completed by July 1, is set at \$250,000.

Home Looted In Shores B-E

Thieves entered a Putnam place residence sometime between 7:05 and 11:14 p.m. Wednesday, March 13, and took a variety of articles, plus \$97 in cash, reported Shores police.

The complainant, who returned home to discover the burglary, told officers the following articles were missing: light brown calfskin mountain climbing boots with the trade name of "Eddie Bauer," valued at \$37; a "Sony" weather band solid state AM-FM radio, \$60; a Kodak instamatic camera, size 220, \$48, and a glass vial containing some sleeping pills.

A Swedish steel bladed hunting knife, with the trade name "Morseth," also was taken. It was described as having an eight- or nine-inch blade and a stag horn handle. It was in a dark brown leather sheath containing a pouch with a stone. The estimated value of the knife is \$60.

At this time, the method of entry is undetermined, police added.

The break-in is under investigation by the Detective Bureau.

A go-getter is anyone who runs out of gasoline two miles from the nearest filling station.

How to keep from going over the speed limit—even accidentally.

In these gas-short, lower speed days, Speedostat is as important an accessory as you can have on your car. It will hold your car at a constant speed, uphill and down. Merely accelerate to the desired speed, press a button, take your foot off the pedal, and Speedostat takes over. To disengage it, step on the brake. If you must speed up, step on the accelerator. Lift your foot and Speedostat automatically returns the car to the predetermined speed. Speedostat pays off in fuel saved, money saved (gas prices are out of sight), and safer, more relaxed driving.

Larceny Cases Lead YSD Complaints in February

The Youth Service Division, (YSD), processed 42 complaints in February, six under the January total, but six above the February 1973 tabulation. The overall yearly total is 90, an increase of nine over the same period last year.

Larceny/theft was the leading category of complaints last month, with 12 such incidents being reported. These cases involved 16 juvenile males and three juvenile females.

The second category of highest incidence was violation of controlled substances with 10 cases being processed.

Five of these cases were marijuana involving one male adult and eight male juveniles. The three synthetic cases involved one male juvenile and two female adults, while the "all other" classification involved two male juveniles and one female juvenile.

The two "all other" inci-

dents involved one case of unidentified drug use, while the other involved a combination of marijuana and synthetics.

Use of Alcohol

"It should be noted that during February an increase in the use of alcohol by juveniles was recorded," said the YSD. "Three incidents of violation of liquor laws were processed, involving eight males, two females. One incident of drunkenness was handled, involving four females. Officers of the YSD believe they are seeing an increase in the use of alcohol by juveniles."

Only one runaway incident was processed during February. This was a girl who was arrested and returned to her parents. One application for petition was filed with the Wayne County Juvenile Court. And one case was terminated during the month in the Counseling program.

The breakdown of total

cases for February shows: larceny/theft, 12; violation of the Controlled Substances Act, 10; other criminal contacts, five; other assaults, four; malicious destruction of property and liquor laws, three each; weapons laws violations, two, and drunkenness, runaways and neighbor trouble, one apiece.

End Publication

Beginning with the January 1974 monthly report, the YSD announced it was initiating a monthly coverage from its three counselors regarding case terminations.

In the February 21 edition of the NEWS, a story, including the January 1974 report and an evaluation of a case terminated by counselor Thomas Canasi, was published.

However, the YSD has requested that no further case terminations be published in the newspaper. Sergeant Thomas Kane, division supervisor, felt it was a compromise of the counseling program to run such terminations.

"If a youngster can recognize who he is by reading it, it could destroy the relationship between youth and counselor," he stated. The sergeant wasn't only considering current cases but also future ones.

While the NEWS feels that such reports provide a penetrating insight for our readers into the functions and approaches of a counselor in

Center Hosts Youth Group

Report Vandals at Stonehurst

Shores public safety officers are giving greater attention to the Schlottman estate, Stonehurst, at 501 Lakeshore road, in the wake of two incidents of vandalism, one of which included the theft of two palm type plants from the greenhouse. Guards at the estate also are remaining alert so further incidents can be avoided.

Police received a vandalism

report Friday, March 15, from a gardener who said two greenhouse windows were shattered at the southwest building bystones. One of the windows was made of curved glass.

The gardener discovered the damage who he arrived for work in the morning. He told police when he left work the previous day he noticed a boy and girl around 12-years-old, watching him from the rear yard of a nearby house.

A check revealed that some children were given permission to use a handball court at the home. Police reported the cement floor of the court is green and matched a stone recovered from the inside of the greenhouse.

On Thursday, March 7, the plants, with a combined value of \$30, were reported missing from the greenhouse. Both were in clay pots.

The culprits entered all six buildings in the greenhouse structure, police said. Entry was gained by removing a pane of glass from a french type door on the east side of the structure, and by kicking in a plastic screen in the same door, and also by pushing out some glass panels in other buildings in the structure.

While vandalism is being kept to a minimum, noted the department, a closer watch is being placed on the grounds to prevent further incidents from recurring.

Burglar Visits Farms Home

A Farms resident who arrived home became suspicious when he discovered the side door of his house had the night-chain attached and hailed two police officers at Kercheval and Moross to investigate. The investigation revealed that the house had been burglarized.

James J. Trudell of 360 Country Club lane, came home at 6:15 p.m. on Thursday, March 14, and noticed that the night chain had been hooked to the side door. He stopped Patrolmen Kenneth Pine and Gordon Evans and asked the officers to check out the building. Trudell told the policemen he did not touch the chain when he left earlier in the day.

Pine and Evans said that there was no doubt that the house had been entered but found no one in the place. They requested that Trudell look to see if anything had been taken.

The homeowner discovered three color television sets taken from three rooms. He reported a 12-inch portable Sony; a table model General Electric 18-inch; and a 20-inch table model RCA missing. The value of the sets was not known.

It was further found that the burglar, or burglars, had entered the residence by breaking the glass of the enclosed porch at the southeast side of the house.

The matter was referred to Det. Earl Field for further investigation.

Mini-Bike Theft Solved By Help of Alert Youths

Some watchful youths, plus an admission of guilt on the part of a 16-year-old Shoreham road boy, helped The Shores Department of Public Safety close a burglary case the same day, Tuesday, March 12, that the theft of a mini-bike occurred.

The case was turned over to the Youth Service Division, (YSD), and the division reported a petition, charging the youth with the breaking and entering of an occupied dwelling, is scheduled to be filed with Wayne County Juvenile Court.

A Colonial road woman told police her 12-year-old son's mini-bike, valued at \$150, was taken from the garage. She showed officers where the bike had been chained to a wooden bench; the lock remained intact but the chain was cut. Other articles in the garage, e.g., bicycles, remained untouched.

A short time later, after the officers left the scene, the woman called back and said some of her son's friends told her a juvenile was seen riding a mini-bike, which looked like her son's, moments earlier.

Later that afternoon, police went to the accused's residence where, he confessed taking the mini-bike. He said after entering the pedestrian garage door, he cut the chain with a pair of pliers and walked the bike from the area. The youth, when away from the scene, drove the bike to a Weber place residence and hid it behind a metal shed. After this was done, he returned to retrieve his bicycle, previously left at a Renaud road residence.

After school the youth told police he returned to the Weber place home, picked up the mini-bike and rode it in the area for a short time with a friend. He then returned it to the rear of the shed and waited home.

Police went with the lad and his father to retrieve the bike and returned to the station, where the boy was interviewed by YSD Agent Michael Ferrer and Shores Officer Bruce Darlington in the presence of his parents. Arrest cards and a YSD referral sheet were completed at this time.

Shores Officer Gary Mitchell also worked on the case, while Woods Corporal Thomas Kering provided assistance.

Chamber Music Concert Slated

A 15-year-old Pointe flutist will be one of the soloists at the next program of Chamber Music Players of Grosse Pointe, on Sunday, March 24, 3 p.m., at the War Memorial.

Wendy Judson will open the program with Vivaldi's Concerto for Piccolo, a work which she will play with the Southfield Symphony in May.

The young musician has racked up 14 first-division medals in music competitions, on flute, on piano, and in ensemble work. She joined the Grosse Pointe Symphony at the age of 12 and will play a Mozart flute concerto with that group in April.

Her piano teacher, Virginia Shover, will accompany her on Sunday.

Another young flutist, Shoshana Freedland, who will be 14 the day of the concert, will play obbligato when Shirley Frost, soprano, accompanied by Lillian Freedland, piano, perform "Kacha," a song, based on Hebrew folk melodies, written by Israeli composer Zaira and arranged by Detroit composer and conductor Julius Chajes. Mrs. Freedland and Mrs. Frost also will present songs by Richard Strauss and by Manuel de Falla.

Victor Hickman, viola, Lauren Mitchell, clarinet, and Kay Engle, piano, will perform three pieces for that trio of instruments by Max Bruch.

Mrs. Freedland and Michael Pilafian, piano, will play four-handed piano works by Poulenc and Khachaturian; and Lucia Brill, piano, Alex Robinson, violin, Jean Gregory, viola, and Donald Gregory, cello, will conclude the afternoon with Mozart's Piano Quartet No. 1.

These monthly Sunday afternoon concerts, by and for chamber musicians and chamber music lovers, are free to members, \$1 to non-members. They are followed by refreshments.

Edward Acorn is chairman of the day, Fontaine Laing, program chairman for the season.

Fair Winners Announced

Six students from The Pointe took home awards from the Science and Engineering Fair for Macomb and Northeastern Wayne Counties, held Thursday through Sunday, March 14 to 17, at Mott High School.

In the Junior Group, Mary B. Wilson of Lewiston road, a student at Saint Paul School, won first prize for a seventh grade experiment entitled "Mother Mouse Gets a Maid."

Ann L. Wilson, also of Lewiston road, and also a student at Saint Paul, took second prize in the same category for her experiment, "The Effect of Temperature on Bacteria." Both girls are taught by Lee Caripidis.

Another Saint Paul pupil, Mark Pytell, an eighth grader who lives in Kenwood court, was awarded a Certificate for Effective Communication from the Detroit Science Center for his project on "Electrical Conductivity of Various Substances."

Three other eighth graders, all students at Saint Joan of Arc School, received Certificates of Achievement from the U. S. Army. They are: Dennis Donahue, of Blairmoor court, for his project, "Elements of Bird Flight;" Robin Ann Rowe, of Edmunton drive, for her project on "Weather Forecasting;" and John W. Sullivan, of Brys drive, for his work on "Computers."

Saint John Plans Forum On Alcoholism April 2

"Alcoholism—a Treatable Illness" will be the subject of a public forum at Saint John Hospital Tuesday, April 2, at 7:30 p.m.

This forum is one of a series of community health education lectures sponsored by the Saint John Hospital Guild as part of the expanding community health services of the hospital.

Speaking at the forum will be George Birch, D. D., Director of Community Services

at Donwood Institute, a hospital for the treatment of alcoholics in Toronto.

In this capacity, Dr. Birch is involved with Donwood's After Care Program, educational programs for families and professionals, and occupational programs.

He has been at Donwood seven years. Prior to joining its staff, he was Provost at the University of Guelph in Ontario. Dr. Birch will discuss "the making and unmaking of an alcoholic."

The second speaker will be John Helner, executive director of the National Council on Alcoholism. Mr. Helner will discuss where the alcoholic and his family may obtain help in the tri-county area.

He is responsible for developing policies and implementing programs geared toward the prevention of alcoholism and educational programs for the general public, as well as professionals.

According to Mr. Helner, while heroin and other hard drug abuse have received greater attention recently, in terms of economic and social loss, alcoholism far outweighs all other forms of substance abuse.

Fortunately, with medicine, government and industry increasingly viewing alcoholism as an illness, the facilities for the successful treatment of this major health problem are rapidly increasing.

Two members of Alcoholics Anonymous will be present to discuss AA's programs during the question and answer period immediately following the speakers.

All persons who are interested in the problem of alcoholism and what can be done about it are invited to this free forum.

To obtain further information and free tickets, call Saint John Hospital at 881-8200, extension 474.

SHS Symphony Merits Praise

The Grosse Pointe South High School Symphony Orchestra maintained its tradition of high quality by scoring first division ratings from all four judges at the District Orchestra Festival on Saturday, March 16. The festival, sponsored by the Michigan School Band and Orchestra Association, was held at Lincoln Consolidated High School in Ypsilanti.

Phil Mason of Albion College commented on the South Orchestra performance: "This is an outstanding group. You listen and play together extremely well... Fine sense of dynamic shape."

Miss Green of University of Michigan wrote: "Such a pleasure to hear this great orchestra in great music. Fine brilliant string tone—fine woodwinds—great full-throated brasses—and percussion who understand musical percussion playing."

Morette Rider of Hope College wrote: "A very fine performance. You obviously are serious, and work hard."

The orchestra performed Night on Bald Mountain by Mussorgsky, Concerto Grosso by Handel, and Finale from the New World Symphony by Dvorak.

The next public appearance of the South Bands and Orchestra will be at their annual Cabaret-Pops Concert in the South High School Gymnasium on April 6 at 7:30. The public is invited to attend.

South's Disappointing Cage Season Explored

By Mack Emery

They began the season as a team which could have been E.M.L. champions, a team which could have taken the District Championship, a team which had the potential to defeat any opponent they played.

But despite their talent, South saw their disappointing season come to an abrupt stop at the hands of Lakeview, 60-59. The game was played under protest at the request of South's Coach Charles Hollosy. However, the State Director of Athletics ruled in favor of Lakeview, putting South out of District competition.

"What that official did, was deny us a chance to win," commented Hollosy after the one point loss. "This is the first game in 13 years of coaching which I have played under protest. I felt that it was something I had to do."

A player, after a basket is scored, is allowed five seconds to take the ball out of bounds and get it back in play. The same player is allowed to call a time out after using not more than 80 percent of the allowed five seconds.

A Lakeview player attempted to call a time out with eight seconds left on the clock after taking a ball out of bounds. The time out was disallowed by the official who claimed the player used more than 80 percent of the

allowed time.

Hollosy cited the official's mistake and protested the game. "The player from Lakeview might just as well have gone and sat in the bus for the remaining eight seconds. Lakeview was leading by one point and we never got a chance to win after we closed to within one point," stated Hollosy.

It all seemed quite fitting, redundant of what the team had faced all year. The one-point loss only followed the poor and disappointing pace which sent South to a 6-15 record. Roseville, East Detroit, Mount Clemens and now Lakeview, all defeated South by a single point this year.

"We could have defeated any opponent we faced this season. Stevenson could be the only exception, our first loss to Stevenson was our poorest game. We played some good halves, but we couldn't put two back to back," said Hollosy.

There were signs of a good ball team, sparks of what may well have been the most talented team South has ever assembled. Team captains Pete Grambo and Terry Corbett both had fine years. Grambo kept South in contention with his rebounding strength. He also was the leading scorer in the final two games for South.

Corbett played strong at the end of the season, making a great desperation shot to boost South to a two-point victory over Port Huron. He finished the season with a 14-point game against Lakeview where his defensive abilities highlighted his offensive output.

Tim Kramer, a junior, led South offensively in 12 games, highlighted by two 27-point games against teams like Romulus and Highland Park.

Another junior, Kevin Kovanda, led South in three games in the final half of the season. Kovanda had two 19-point games, one of them against a tough East Detroit team.

Defensively, South relied on the efforts of Scott Solomon and Stu Cammett, both seniors. Solomon led a defensive charge against Port Huron Northern which was held to only 37 points. South battled Port Huron to almost a third period shutout, where

Port Huron only scored three foul shots.

It all started with Dearborn. The Devils lost their first game of the season; then came three more setbacks including a one-point loss to Roseville and another loss to rival North. South led in the North game with 1.09 remaining in the fourth period. But the turnover-marred final minute saw North take a nine-point victory from the Devils.

Warren Towers was the kind of team opposing coaches dream about. South's first win came over Towers in a game which produced points for each member of South's squad. South saw themselves slide to a 1-6 record against the Titans of Stevenson and against Notre Dame.

Then came two Port Huron teams, two quick back-to-back victories to boost South to a 3-6 overall record. Then came Mount Clemens, the E.M.L. champions. South dropped a close game to them in the final seconds. The Devils then lost six in a row before returning to Port Huron where, again, South showed basketball supremacy and took two more easy victories.

Hollosy commented on South's success against the Port Huron teams. "Against teams like Port Huron and Port Huron Northern, we played well because we controlled the boards. We were a bigger club than both of those teams. When we control the boards we'll win the ball game. But against teams like Mount Clemens and Romulus, we were beaten on the boards and beaten in the outcome of the game."

Their morale was low, after every loss came the inner-conflict which plagued South all season. Two players were released from the team before the year ended. First, Jim Scala. He was asked by Hollosy to leave the team. Rob Heidt, who played as a regular last season, quit the team before the second game against Stevenson.

"Each player on our team has the ability to start. It was hard finding the right combination. Each player on the bench feels that he should be playing. It is hard when you have so much talent on one team," stated Hollosy at a pep assembly before the sea-

son began. Those words still hold true.

"Next year if you are a senior on the team you will either be capable of starting or be a first or second substitute. There will be more juniors who need the learning experience," said Hollosy in hopes of avoiding the same problem again.

South next year will be relying on players like Kramer and Kovanda on the boards, Bill Schaffner and Tom Maranete on top. All four of these players made critical contributions to South's chances this year. As seniors they should be equally effective in South's chances for victory.

Club's Cagers Finish Season

The fourth grade Neighborhood Club Collegiate basketball league finished up its season recently in action at Brownell when Michigan State beat Marquette, 14-9. State, coached by Dr. Tom Gentile, featured the fine work of the Bautista brothers, John and Mike.

Other team members include Paul Arpin, Tom Gentile, Robert Koblis, John McCormick, Dan Sheridan and Craig Stafford.

Marquette coach Tom Pflaum kept his team moving with a half time score of 4-4. Outstanding efforts by Andy Pflaum, Dan McEnrow and Marty Kanan on defense and on the boards helped Marquette to second place.

The next starting date for Driver Education is Monday, March 25. Classes are held at the Club Monday, Wednesday and Thursday evenings from 7-9 p.m. The total fee is \$85 which includes text, plus club membership. For additional information call, 885-4600.

Japan. No country combines so much of the old with so much of the new. For excitement there's downtown Tokyo at night. Go especially to the Asakusa quarter where you can live in the blaze of neon signs. There you'll find triple feature movies, teahouses, jazz clubs. Or for the more traditional Japan, visit Ueno Park in Tokyo. There you will find a sacred shrine honoring Tokugawa Ieyasu, a 17th century statesman.

Don't forget that you will enjoy your trip more when all of your plans are made with the assistance of MR. Q TRAVEL, 19517 Mack Avenue. . . Don't miss the beauty of the Orient. This year why not take the "Big" trip, because now you can travel to the Orient at bargain prices. . . Call 886-0500 . . . Open daily 9-5:30; Saturday 10-3.

TRAVEL TIP: Always travel well-prepared to listen as you go; you'll learn more that way.

YOU CAN BEAT THE DESIRE FOR ALCOHOL.

Permanently. With a method that cures the problem, rather than just controls it. The method is Christian Science.

At the Christian Science Reading Room, you'll find a lot to read that can help you gain a new view of yourself as God knows you—upright, fearless, and free.

Come in and read. Or borrow books, without charge, to read at home.

GPSC Girls State Champs; Club Hosts Weekend Meet

Girls from the Grosse Pointe Swim Club competed in the Michigan AAU Girls State Swimming Championships Saturday - Sunday, March 16-17, in East Detroit. Four GPSC girls were crowned as State champions.

Frances Shook won the 100 breaststroke with a time of 1:15.5. Frances swims in the 11 and 12 age group. Julie Eugenio was the best 50 freestyler in the State as she won the title with a 27.2. Julie also is in 11 and 12.

Megan Montagne captured the girls 13 and 14, 50 freestyle with a winning time of 28. Mickey Montagne, girls 15 and 17, won the 50 freestyle with a time of 28.0. Mickey took the title in the 200 freestyle and the 100 free, thus she swept three events.

Coach Tim Kennary was happy his girls swam so well. He also was proud of the great times by some other swimmers.

Debbie King placed in the 500-yard freestyle. Margaret Wittmer placed in the 100-yard freestyle. Kyle Gasper and Beth Boerner swam with Marsha Maurer and Mickey Montagne on the winning 200-yard free relay teams (1:48.5).

Amy Rentschler swam with Margaret Wittmer, Frances Shook and Julie Eugenio on the 400 free relay that placed fourth. Whitney Semple bettered her time in the 50-yard backstroke.

All four of the girls who won State titles placed in many other events. This was without a doubt the finest showing the Grosse Pointe Swim Club has ever made in a State championship meet, it's recalled.

Except for a relay meet at the end of March this meet concludes the indoor season for the GPSC girls.

Now, everyone is looking forward to the club hosting the Boys State Championships at North High School on Friday, Saturday and Sunday March 22-24.

Meet director Jack Shook says the entry looks to be the largest in the history of AAU as the outstanding age group boys will come from all parts of Michigan to compete at North.

Grosse Pointe has never held a major AAU championship and everyone in the community is invited to attend. The finals for each day will start about 5:30 p.m. while the preliminary events begin at 9 a.m. on both Saturday and Sunday.

There will be 50 individual events and nine different relays. Entries will be somewhere near 1,500. The admission fee is \$1.

Girls Perform In Gymnastics

North High School finished fourth and Our Lady Star of the Sea, sixth, in the Metro East Girl's Gymnastics League Meet held Saturday, March 9, at Fraser High School.

Thirty-two contestants participated in six different events in the meet, which was won by Troy with 134.95 points. Lakeshore was second at 105.55, followed by Fern-dale, 93.55, North, 92.35, Warren Lincoln, 82.70, Star of the Sea, 79.90, Lakeview, 76.90, and Fraser, 72.40.

North's Becky Paterek placed third in the trampoline event, while Lisa Stout, also of North, came in sixth in the balance beam event.

NHS to Hold Cabaret Party

Grosse Pointe North High School's Stage Band will play hits from the 30's through the 70's, for dancing or listening, at a Cabaret Party to be held on Friday, March 29, from 8 to 11 p.m.

Tickets are available at \$3 a couple and proceeds will go toward summer camp band and orchestra scholarships.

Refreshments, including sandwiches and drinks will be provided free.

TOWER WINS AGAIN

For the 35th time in the last 40 years, The Tower, student newspaper at South, has been awarded an "All American" rating by the National Scholastic Press Association, which critically evaluates high school papers from all over the United States. Tower adviser, Robert Button, was invited to Newspaper Day at Michigan State University to talk to state advisers on how South produces one of the top high school papers in the United States.

Nurses Invited to Bon Secours

Bon Secours Hospital will introduce an exciting new concept in nursing care at Michigan Nurse Week celebrations on Monday, March 25.

Area nurses are invited to join Bon Secours nurses at an afternoon tea in the hospital's science hall between 1:30 and 3:30 p.m. A half hour program at 3:30 p.m. will follow the tea. The decentralized nurse station, opening at Bon Secours this fall, will be introduced by Sally Jo Saunders, R.N., assistant administrator.

The new system features individual patient nurse-servers containing supplies, linens, unit-dose medications and medical chart. With nursing materials centralized in each patient's room, the nurse will spend the majority of her time with the patient rather than charting at a central desk or fetching supplies. The result will be a closer nurse/patient relationship and less paperwork.

The program also will include general information on the hospital's building program by Executive Director Barry M. Spero, and the nurse internship program by Patricia Grady, R.N., in-

South Captures Music Honors

Seventeen events from South High School received first division ratings at the District Junior High Solo and Ensemble Festival on Saturday, February 23. The seventeen were among the 23 freshman entries participating from the school.

Students performed before an adjudicator who gave them a written critique and a rating from I to V. Five South events received second ratings and one received a third division rating.

The students receiving first division rating from South for their solo performances were Blaire Houchens and David McHugh, violin solos;

Pat Blenman, Chris Carmell, Lynda English, Fay Songe, Nancy Sultzman, Katie Walton, flute; Kyle Ground, French horn; Jim Bonner, Peggy Gillis, and Debby Lisotto, piano.

Honored for their duet performances were Pat Blenman and Katie Walton, on flute; Sandy Caverly and Janice Franceschini, clarinet; Kyle Ground and Dave Klenle, French horn.

Two trios received first division recognition: Sara Fischer, Bridget Sullivan and Joan Thomson, flute trio; and Jay McCormick, Jim Bonner and Peggy Gillis, clarinet trio.

Pointe Doctor Implants Atomic Heart Pacemaker

Rodman E. Taber, of Saddle Lane, a staff physician at Harper Hospital and associate professor of medicine at Wayne State University's School of Medicine, implanted a nuclear powered heart pacemaker into a 52-year-old housewife, on Tuesday, March 12. It was the first time an atomic pacemaker had been used in any of the six hospitals that comprise the Detroit Medical Center.

The pacemaker emits a tiny surge of electricity whenever needed to stimulate the heart action of the patient, Mrs. Warren Roberts, of Lincoln Park. Mrs. Roberts, who was born with a heart defect, has had a succession of four battery-powered pacemakers which

have lasted an average of two and a half years each, about the normal life span for such a device. The nuclear pacemaker is expected to function without attention for 10 years, and its power source—two and a half curies of plutonium 238—would be useful for more than 80 years.

The hospital is allowed by the Atomic Energy Commission to install only one nuclear pacemaker a month, and patients have already been scheduled through September. Harper is the only hospital in the Detroit Medical Center to be licensed by the AEC for the use of nuclear pacemakers.

Each patient receiving one of the devices is required to return to the hospital periodically for a brief checkup in the pacemaker clinic.

The patient also is required to carry an identification card and wear a bracelet or necklace denoting the fact that the wearer has a nuclear pacemaker.

Mrs. Roberts' pacemaker looks like a small, flat, round metal box about the size of a package of cigarettes. It weighs 170 grams (about 11 ounces). From it lead two thin wires that are sewn into the outer covering of the heart.

Mrs. Roberts' heart functions normally without a pacemaker much of the time, but whenever the beat slows down, the pacemaker turns on automatically and provides the short, tiny, electrical impulses that continue normal heart action.

The pacemaker is so well shielded that she will receive about the same amount of radiation in a year that she would from one routine chest X-ray or from the luminous dial of a watch, Dr. Taber said.

Woods Reports Two Burglaries

Two burglaries were reported to The Woods Public Safety Department, one on Sunday, March 17, and the other on Monday, March 18.

Thieves entered a Severn road home on the 17th and took a 19-inch black and white television set, valued at \$290. This is the only item reported missing at this time.

At this moment, no articles were reported missing to police from the burglary of a Broadstone road home on the 18th, although a further check is being conducted. Entry was gained by prying open a wooden storm door to the back porch. Once inside the porch, the thieves pried open a wooden rear door.

Initiate Art Series at NH

Two demonstration workshops in metal sculpture will inaugurate a series of seminars sponsored by the Joanne P. Bokram Memorial Arts Fund, today, Thursday, March 21, at North High School.

Artist Earl Kretz will hold morning and afternoon sessions for selected students. He will follow the meetings with a visit by students to his Hillcrest road studio on Friday, March 22.

On Tuesday, March 26, artist Joseph Maniscalco will hold a demonstration-lecture in the morning and a workshop in the afternoon at South High School, for students from both schools. This will be followed by an afternoon rap session that day and a visit to his Scarab Club studio on Tuesday, April 2.

James Powell of Pewabic Pottery will be at North High School on Friday, April 26, holding morning and afternoon demonstration workshops. The students will visit the Pewabic studio on May 2.

Other artists will be included in the series as schedules can be arranged, according to Robert Rathbun, chairman of the North High School art department. Mr. Rathbun is a trustee of the Grosse Pointe Foundation for Academic Enrichment, under whose auspices the Bokram Fund operates.

Choirs to Offer Music Program

The combined junior choirs of Saint Michael's and Saint Mark's Episcopal Churches will present a cantata about Noah and the Ark on Sunday, March 24, at 3:30 p.m. in Saint Michael's parish hall, 20475 Sunningdale drive.

The musical, entitled, "100 Percent Chance of Rain," will be led by Mrs. Peter Witzky and Mrs. Shirley Lein.

In addition to the newer music, a short "Old Time Hymn Sing," incorporating both the old and the new, will conclude the program. The public is invited to attend.

PWP to Learn Belly Dancing

An exotic belly dancer will be the "educational entertainment" when the Grosse Pointe chapter of parents Without Partners meets at the War Memorial, 32 Lakeshore road, Friday, March 22, at 7:30 p.m.

Any person who is a parent and single due to death, divorce, separation or unmarried status is eligible for membership in Parents Without Partners. Eligible guests are cordially invited.

Singles Club Holding Dance

The Catholic Adult Single Club is holding a serenade in spring dance on Friday, March 22, at the Father Dolan K of C Hall, 1024 East Nine Mile road, Hazel Park. Festivities will begin at 9 p.m. and last until 12:30 a.m. Admission is \$2.75. A cash bar will be provided.

Dominican Sets Spring Musical

Dominican High School's Drama department will present a spring musical, "Carnival" at the school auditorium, Thursday through Saturday, March 28 to 30 at 8 p.m., and on Sunday, March 31, at 7:30 p.m.

The curtain opens on an empty stage which suddenly becomes a beehive of activity as a carnival is erected. Lili, a lonely orphan, wanders into the scene, and is enchanted with the desire to join the colorful and glamorous carnival. She is unsuccessful at several jobs with the troupe, and becomes the pawn in a fierce rivalry for her affection between magician Marco the Magnificent and Paul, a

puppeteer with a game leg. Paul becomes very jealous of Marco who seems to be winning Lili with his suave ways. Still searching for her place in the carnival Lili finally joins the puppet act.

The cast includes Julie Ouvry, senior, who plays Lili; Larry Burkeen as Paul; Kristopher Powell, Notre Dame junior, as Marco; Pamela Jones, senior, as Rosalie, Marco's partner and mistress; Dave Podulka, Notre Dame senior, as Jacquot, Paul's partner; and Alton James, Notre Dame junior, as B. F. Schlegel, owner of the carnival.

Tickets are available from any Dominican High student or at the box office preceding the performances for \$2.00.

Hard tasks mastered early in life will make tougher problems easier to master later on.

Bill Could Ease Cost of College

Congressman Lucien N. Nedzi, (D-Mich.), has introduced legislation that would make it easier for middle-income families to finance college educations, according to a news release from his office.

The Nedzi bill would drop the requirement for a stringent need analysis for those students whose adjusted annual family income is under \$20,000 and who seek a government-subsidized loan of less than \$2,000. Currently, anyone seeking such a loan must go through a need analysis and is limited, by a strict formula, to a certain-size loan.

"Middle-income students have been squeezed out more and more in recent years in their efforts to get financial assistance," Congressman Nedzi observed. "And with the soaring costs of attending school, the pinch on these middle-class families

has become especially severe."

The government subsidizes some loans and guarantees others, and as the subsidized ones become more difficult to obtain, students must turn to guaranteed loans which require the student to pay the interest while he is in school. Banks are more reluctant to make loans under that arrangement, thus closing out large numbers of students.

"This nation cannot afford to deny education to such a sizable group," Congressman Nedzi said. "It would be a terrible waste of talent."

He had praise for Congressman James G. O'Hara, (D-Mich.), the principal sponsor of this legislation and chairman of the subcommittee handling it. "Congressman O'Hara is a recognized leader in this area, and I am confident that his efforts on behalf of this legislation will be a strong force in getting favorable action on it," Congressman Nedzi said.

Four days of hearings on the bill have been completed, and the subcommittee is now preparing it for consideration by the full Committee on Labor and Education. The Senate has passed a similar measure, but it waives the need analysis for only those students whose families make less than \$15,000.

"Naturally," Congressman Nedzi added, "timing is important. We must get action on this legislation as soon as possible so that it can go into effect in time for loan applications this fall."

now 2/3 Sold. And we still have 7-1/2% mortgage money available.

Not one, but a network of the most modern security systems guard you, your home and your possessions.

A **CLOSED TV MONITORING SYSTEM** covers the entrance, outside parking areas and inside garage. The caller can be viewed from a selected channel on the Owner's TV set in each apartment. The doorman and manager's office views the same areas.

THE **ENTRY COMMUNICATIONS SYSTEM** is a new system conceived and engineered by Michigan Bell Telephone Company. Using a touchtone panel telephone in the lobby, the caller dials the owner's apartment. This enables each party to have a private conversation. During the time the caller is in the entrance vestibule, he is under surveillance by the concealed TV camera.

AN **ON-GUARD ALERT SYSTEM** features a control panel in the manager's apartment and the attendant's office. This notifies of an intrusion into any apartment when the occupants are away. The doorman or manager controls the system by activating the apartment's security supervision at the request of the owner.

THE **FIRE PROTECTION ALERT SYSTEM** gives supervision added protection to all occupants of the building and will insure notification of each individual occupant of a fire in an unoccupied apartment. Further elements of security are the uniformed doorman-attendant and around the clock resident caretakers.

Focus on Impeachment

The League of Women Voters, with a reputation for providing factual, nonpartisan information on current governmental issues, has received numerous requests for clarification of the process of impeachment of federal officials.

In response to these inquiries, the Grosse Pointe League has prepared the following summary as a Voters' Service function.

To "impeach" means to bring charges of impeachable offenses; the United States House of Representatives has sole power to impeach. Its role has been likened to that of a grand jury. A vote of accusation does not result in removal from office.

WHAT THE CONSTITUTION SAYS
The Constitution (Article II, sec. 4) states that all civil officers of the U.S. "shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors."

The roles of the House and the Senate are specified by the Constitution in Article I, sec. 2 and 3, as follows: The House of Representatives brings charges and defines—within the language of the Constitution—what constitutes "impeachable offenses." The Senate alone has the power to bring the accused individual to trial and to determine innocence or guilt—to convict and remove from office.

The sole penalty which the Senate may impose is to remove from office and disqualify from holding any future public office. (Article I, sec. 3 further states, "... but the Party (person) convicted shall nevertheless be liable and subject to Indictment, Trial, Judgment and Punishment, according to Law." Further penalties could only be imposed by a Court of Law.)

STEPS IN IMPEACHMENT PROCESS

1) A House of Representatives committee must first determine if there is justification for a formal accusation. If the investigating committee recommends impeachment, it sends the House a resolution detailing the accusation.

2) The grounds for accusation are debated and voted upon by the House; a majority vote of those Representatives is required to bring the official to trial. If the decision is for a trial, House members are selected to prosecute the impeachment; they are called "Managers."

3) Senate Rules of Procedure govern the trial. (When the President of the United States is on trial, the Chief Justice of the Supreme Court presides.) All Senators are put under oath to "do impartial justice according to the Constitution and laws." The accused may appear personally or by counsel.

The proceedings are far more flexible than those in either a civil or a criminal trial. Both sides may present witnesses and evidence, and the accused has the right to cross-examine witnesses. Procedural questions, (such as questions of admissible evidence), are ruled upon by the Chief Justice, but a single senator may challenge his ruling, and he may be overruled by a majority of the Senators present.

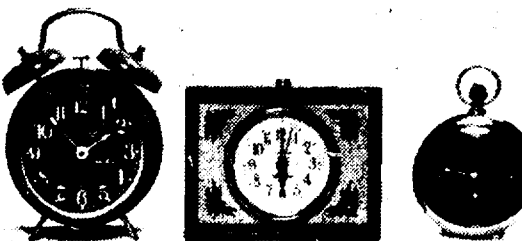

If any of the charges receives a 2/3 yes vote, the Senate has the power to remove the official from office. In the absence of 2/3, the official would continue in his post; he would, however, remain liable for indictment by the federal courts.

4) Removal from office and disqualification from future office are the only penalties the Senate may impose.

The League of Women Voters takes no position regarding impeachment. The above information is provided solely to increase understanding of the process as prescribed by the Constitution.

• Millage Hotline •

Each week before the Monday, April 8, millage election, the NEWS will run a Millage Hotline. Any resident of the Grosse Pointe School District may call the NEWS at 882-5347 or 882-6900, or write the NEWS at 99 Kercheval (48236), to ask questions about the upcoming millage vote or the operation of the school system. NEWS reporters will refer the questions to Dr. Theos I. Anderson, superintendent of schools. Answers will be printed in the following week's NEWS.

Q. I know that three of the School Board trustees went to Washington, D.C. at the end of February to hear the Detroit Busing Case before the U.S. Supreme Court. Who paid for their expenses?

A. Each of the trustees paid for his own expenses including plane ticket. Those attending were Mrs. Joan Hanpeter, Laurence C. Harwood and William Heuttmann.

O. Is it true we now have excess space at Grosse Pointe South and that the School Board is spending money on teachers' lounges, a spiral staircase and is still searching for ways to use all the funds voted for renovation of South?

A. There is no excess space at South High. During the remodeling, a teachers' lounge was taken over to make room for a corridor; therefore, bids were taken on a new toilet area and 11 bidders responded. If the Board approves the project, there will be men's and women's toilets on the first and second floor of Cleveland Hall with a small kitchen area. The spiral staircase was present before the building program began. As far as the remainder of funds, there are still several smaller projects to complete such as interior and exterior painting, some equipment and furniture expenditures, and a study on how to best use the old auditorium space. \$182,776.28 remains in the South High remodeling fund to complete the designated work.

Q. Please explain in simple terms why the Grosse Pointe School System does not qualify for state aid. Also inform the public how our sales tax, liquor tax and tobacco tax monies go to other school districts as state aid.

A. The formula for receiving state school aid for 1973-74 is as follows: \$38,000 State Equalized Valuation per pupil, less the local school district State Equalized Valuation per pupil multiplied by operating millage (up to 22 mills) multiplied by enrollment of students. The State Equalized Valuation for Grosse Pointe is: SEV. of \$470,097,600, divided by estimated enrollment of 11,738 equals \$40,049 per pupil. Because our SEV per pupil is greater than the equalizing factor in the formula, our school system does not qualify for basic state school aid.

Since Grosse Pointe cannot receive state aid, sales tax, liquor tax, etc., is diverted to other school districts.

O. Is our School Board contemplating closing some elementary schools due to lower enrollments? Is it likely within 10 or 12 years that we will have one high school facility too many?

A. No plans to close any elementary school for 1974-75 are being considered. A study will be made and recommendation may be made for the possible closing of an elementary school for 1975-76. There is absolutely no chance that one of the high schools will be closed in the future.

Q. How much library millage is the Board of Education requesting?

A. 0.19 mills, which will replace the expiring 0.14 mills and will be in addition to 1.12 mills already approved through 1975-76.

Q. Why is this millage needed?

A. Library costs have risen like all other costs, and 14 mills of voted library millage has now expired.

Q. Why doesn't the library rely on the expected distribution of approximately \$70,000 from the O'Brien trust?

A. This can't be used for operating purposes under the terms of the proposed distribution.

Q. Why is a high school alternative program needed?

A. The alternative education program is planned to give 60 to 80 high school students at each of our high schools an optional educational program, probably outside of the regular school hours so that they may be employed and go to school at the same time. It is particularly designed to meet the needs of the students who cannot adjust to the regular school day and program. Their enrollment in the alternative education program may be for a year or longer at the end of which they might move back into the regular school program. We hope this program also has the side effect of reducing some of the attendance problems of these students and the consequent time and money spent in following up with these students.

Q. How will the treatment of the handicapped be changed under the proposed budget?

A. Children who are presently bused into Detroit will be housed in the Grosse Pointe schools with teachers qualified to meet their individual needs.

Q. Why is this needed?

A. These children deserve school facilities equal at least to what their normal brothers and sisters are receiving. Because of declining enrollments we now have the classroom space available.

Letters to the Editor

Dear Sir,

As a concerned parent and former teacher in the Grosse Pointe Public School System, I am happy to see that reduction in class size in the elementary schools has been established as a priority upon passage of the millage.

Each child attending an elementary school is unique. With fewer pupils per class the teacher is more able to successfully help each child develop his or her potential in these years of very basic education, upon which later learning is built.

It is during these same early years of schooling that attitudes toward learning and life are developed. Guidance is needed so that the child does develop responsibility, initiative, creativity and a thirst for knowledge. This can only be accomplished in a more reasonably sized class.

We moved to Grosse Pointe because of the excellent school system. We feel that the large classes in the elementary schools are eroding the quality of education being provided. We anticipate the passage of the millage will not only stop the erosion we have witnessed, but will aid us in moving toward the excellence we all want and need.

I urge your yes vote on April 8.

Sincerely yours
Mrs. Daniel Manthe,

PTA at Maire Meets Tonight

The Maire School P.T.A. will meet on Thursday, March 21, at 7:30 p.m. Featured speaker will be Mrs. George Maghielse, a member of the Board of Education, who will give a 10-minute presentation on the school millage election. Refreshments will be served following the room visitations.

Bell Launches Costly Program

Michigan Bell reported this week it has embarked on a record construction program this year that calls for the expenditure of nearly \$420 million for the expansion and improvement of communications facilities throughout the State.

David K. Easlick, company president, said Michigan Bell has committed itself to the record outlay even though "neither the immediate economic outlook nor the company's poor earnings would ordinarily encourage an investment of this magnitude."

Mr. Easlick said the construction program is based on forecasts that, despite the present instability in the economy, there will be continuing long-term growth in telephone customers and calling, requiring major expansion of communications facilities.

"We must look ahead and plan for the future," he said. "It is less costly to anticipate future growth and to build now than it would be to engage in a 'crash' construction program at a later date."

"And, in the long run, a 'catch-up' construction program would cost us and our customers more money and wouldn't satisfactorily meet our service obligations to them," continued Mr. Easlick.

Stressing the importance of the company's program to the economy, Mr. Easlick said it would directly support 20,000 jobs — half of them in Michigan — in the telephone company and in such industries as construction and manufacturing.

He pointed out that providing communications services requires a lead time of months and even years in some instances in the planning, engineering and manufacturing of the increasingly complex equipment needed to meet customer demands.

"And, we have to keep ahead of population shifts and local growth too," he said.

"It costs money to meet customer expectations and to keep a step ahead of growth," he emphasized, "and our 1974 construction budget is a reflection of this." Mr. Easlick said the company has spent over \$2.2 billion during the past decade for

Woods Okay's Use of Courts

The use of tennis courts in The Woods for the Tennis and Crumpets, Inc., Tournament received the green light from the council at the regular meeting Monday, March 4.

Scheduled for September 14, the tourney, which is for the benefit of Children's Hospital, would be postponed to September 15 in case of rain. In a letter to City Administrator Chester E. Petersen, Mrs. John L. King, procurement chairman, said the tennis committee requested the use of the four courts at Ghesquiere Park and the two courts at The Woods beach. "As we have in the past, we will try to schedule Woods residents on these courts," she said.

Play commences at 10 a.m. and concludes no later than 4 p.m.

WE ARE ALWAYS ON THE LOOKOUT for TALENTED HAIRDRESSERS

This is a hairdresser looking at your face.

In other words, this is a hairdresser that cares. He doesn't consider his clients faceless ladies in shapeless robes. He considers them interesting individuals. Which is why he studies their faces and clothes and asks about the lives they lead and the way they really see themselves. It's also why he gets the most beautiful results. This kind of hairdresser isn't easy to come by. But if you come to our place, you'll find quite a few. You see, it's the only kind of hairdresser we believe in.

Miss Taylor Bride Of John H. Grassby

Pair Are Vacationing in Puerto Vallarta, Mexico, After Afternoon Rites Saturday in Steamboat Springs, Colo.

Betse Meier Taylor, of Steamboat Springs, Colo., daughter of Mrs. Norman L. Bird, of Lothrop road, and the late Jerome Taylor, of Omaha, Neb., was married Saturday, March 16, to John Hunt Grassby, also of Steamboat Springs.

He is the son of the Edward Grassbys, of Cuernavaca, Mexico.

The 4 o'clock rites in Saint Paul's Episcopal Church, Steamboat Springs, with The Reverend Leon Wilkins presiding, were followed by a reception at the Brandywine.

Real Estate Counselors Hold Meeting March 20

John A. Moss was the guest speaker at a luncheon meeting of the Grosse Pointe Real Estate Counselors on Wednesday, March 20, at the War Memorial.

Mr. Moss, president of the Grosse Pointe Real Estate Board, selected "Education Talks" as his topic. He discussed the series of educational seminars being held monthly by members of the Grosse Pointe School System.

Any woman in real estate who is interested in joining the group may call Irene Meffer at 884-6200.

The bride's gown of ecru chiffon featured a shirred bodice and full sleeves. Ruching accented her neck and cuffs and edged her floor length hem.

She wore a garden hat of heirloom rosepointe lace and carried a nosegay of Colorado wildflowers.

She was attended by her sister, Mrs. William Kirke, of Des Moines, Iowa, as honor matron, and her sister-in-law, Mrs. Jerome Taylor, Jr., of Omaha, as bridesmaid.

Their frocks were fashioned of bittersweet and lilac print, their bouquets of tiger lilies and baby's-breath.

George Grassby, of Colorado Springs, served as his brother's best man.

Upon their return from a vacation in Puerto Vallarta, Mexico, the newlyweds will make their home in Steamboat Springs where the bridegroom is an attorney.

To Wed

Dr. and Mrs. Thomas J. McBryan, of Berkshire road, have announced the engagement of their daughter, BONNIE, to Cihan Annisoglu, son of Dr. and Mrs. Rashan Annisoglu, of Northville.

The bride-elect is a graduate of Our Lady Star of the Sea High School and received her B.A. in political science from the University of Michigan. She is currently working as a planner for the Monroe County Planning Commission and hopes to obtain a M.A. in the urban redevelopment field.

Her fiancé is studying for his M.A. in the School of Architecture and Design at the University of Michigan. The Annisoglu family are from Ankara, Turkey, but currently reside in Northville where Dr. Annisoglu practices psychiatry.

A June 2 wedding is planned after which they will reside in Ann Arbor.

Mrs. John H. Grassby

Exchanging marriage vows in Saint Paul's Episcopal Church, Steamboat Springs, Colo., Saturday, March 16, were BETSE MEIER TAYLOR, of Steamboat Springs, daughter of Mrs. Norman L. Bird, of Lothrop road, and the late Jerome Taylor, of Omaha, Neb., and Mr. Grassby, also of Steamboat Springs, son of Mr. and Mrs. Edward Grassby, of Cuernavaca, Mexico.

Engaged

Mr. and Mrs. William E. Keane, Jr., of University place, announce the engagement of their daughter, MARILYN ANN, to Barrett Glen Sutton, son of Mr. and Mrs. Justin C. Sutton, of East Lansing.

The couple is planning a mid-October wedding at St. Paul Church.

University Liggett's RANEE GUPTA tied for \$200 second place at the 17th annual Michigan high school mathematics competition and awards program held recently at Western Michigan University. Among \$200 Silver Award winners was Grosse Pointe South High School's STUART KURTZ, and among \$100 Bronze Award winners were Pointers SUSAN FORDON, CATHERINE CARION and BRIAN LITCH.

AAUW Having Active March

Fashion Show for Law Wives

The Macomb County Lawyers Wives will stage a spring luncheon and fashion show, "Festival of Fashions," Wednesday, April 3, at the Somerset Inn in Troy.

The event will begin at 11:30 a.m. with cocktails; luncheon will be served at 12 noon. Alvins of Rochester will display spring fashions.

Club members modeling some of the fashions include Mrs. Harry L. Burkart, president of the Lawyers Wives of Michigan, and Mrs. Thomas D. Rinehart, of Hampton road. Committee members working on the show include Mrs. Philip F. Greco, of Moorland drive.

AMIT to Hold Annual Party

The American-Italian Professional and Business Women Club (Amit) members and friends will gather for a dinner dance "Serata D'Onore" Saturday, March 30, at the Lochmoor Club. It is the club's annual fund-raiser and will honor Amit's distinguished past presidents.

The evening will begin with cocktails at 7 o'clock and dinner at 8 o'clock. Dance music and table serenading by the Capri Combo, featuring Ilio Benvenuti, will add to the enjoyment.

Honorees from The Pointe include Mrs. Thomas Lo Cicero and Mrs. Dominic Pucci. Having the great inspiration of Amit Club founders, each of these ladies displayed her unique leadership, uniting loyal members in furthering their aims of cultural, civic and charitable activities in the Detroit area.

Proceeds from the party will benefit the Detroit Symphony Orchestra. Two scholarships will also be given to young outstanding students through the Maria Giuliano Scholarship Award and the Maria Lalli charity award.

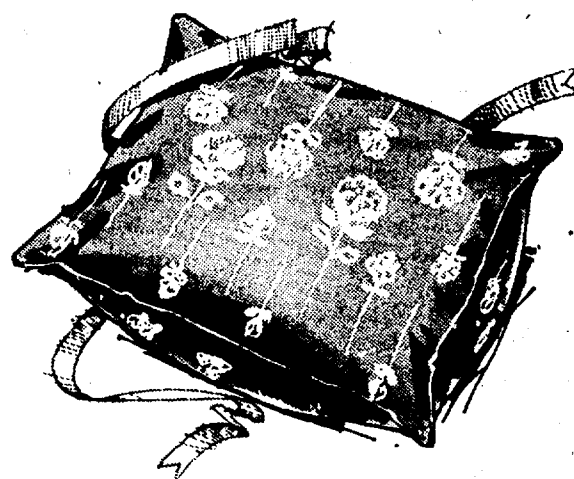

Mrs. Edward M. Baker, of Warren, president of Amit, is honorary chairman. General chairman is Mrs. John J. Pulio, of Roseville, and co-chairman is Mrs. Walter Jaisle, of The Woods. They are assisted by committees which include Pointers: Mrs. S. D. Palazzolo and Mrs. Felix P. Abaldo, reception; Linda Eugenio, advertising; Mrs. Jerome DeSantis, Rose Giglio and Lillian Licata, decorations.

Braille Club Gets Copy Machine

Thermoform Machine Capable of Producing Multiple Copies of Braille Pages From Hand Produced Master Sheet

The Grosse Pointe Braille Club added a new dimension to its services for the blind with its recent acquisition of a thermoform machine.

Mrs. W. A. McClellan, retiring president, presided at the Club's annual luncheon meeting at the Hampton road home of Mrs. Kenneth Coleman, on Tuesday, March 12. During the meeting, members were given details concerning the new equipment to be located at Redeemer United Methodist Church.

The local group, affiliated with Tri-County Braille Volunteers which includes similar organizations in Wayne, Oakland and Macomb counties, has been delegated the responsibility of serving as the outside thermoform center for this area.

Mrs. Glenn Corbett will assume the duties of Thermoform Chairman. This additional process broadens the Club's bindery services which are headed by Mrs. W. A. Huegli.

Primary function of the Club is filling requests from blind persons for braille transcription. The thermoform machine is capable of producing multiple copies of braille pages from an embossed master sheet which is produced manually.

Comparable to a mimeo-

graph-stencil operation, it makes possible far wider use of each book produced by the brailleists. Requests often come from other states whose students also require a book already transcribed here.

Mrs. Fred Cimstead, chairman of the Nominating Committee, presented the slate of new officers for the 1974-75 year. Mrs. Donald Less and Mrs. Coleman also served on that committee.

Elected to head the non-profit, volunteer organization were: Mrs. Sydney Partington, president; Mrs. Less, vice-president; Mrs. William Glynn, secretary; and Mrs. Robert Turnow, treasurer. Committee chairmen will be: membership, Mrs. Harold Saxman; assignment, Mrs. John Millett; bindery, Mrs. Huegli; thermoform, Mrs. Corbett; and publicity, Mrs. John Huettnerman, Jr.

Those completing their term of office in addition to Mrs. McClellan are Mrs. Huegli, secretary, and Mrs. Walter Wesley, treasurer.

Mrs. Millett reported that during the calendar year of 1973, 3,770 pages of braille divided into 47 volumes, including 14 volumes of cal-

George Sutton To Claim Bride

Mrs. Jean Scherer Reis, of Cincinnati, O., and Charlevoix, Mich., announces the engagement of her daughter, Julie Jean, to George D. Sutton, son of Mr. and Mrs. Robert J. Sutton, of Mt. Vernon road.

The bride-elect attended the University of Cincinnati and was graduated from Gables Art Advertising School. She is also the granddaughter of James Reis, of Cincinnati and Charlevoix.

Her fiancé, a Grosse Pointe graduate, received his Bachelor of Science degree from Western Michigan University, and expects to receive his Masters in Business Administration from Wayne State University in June.

A Cincinnati wedding is planned for late June.

Not all of the work brailled in bound into permanent book form. Mrs. Huegli's bindery report showed that 933 pages were bound from October to the first of this year and 189 additional pages were bound during the first quarter.

To insure an increased number of qualified brailleists, the Club sponsors a Braille Transcription Class which meets at the central branch of the Grosse Pointe Public Library. Mrs. A. Lawson, who has served as the teacher for the past six years, brought the members up to date on the progress of the current group. They will soon begin their trial manuscripts which will be submitted to the Library of Congress.

Upon approval of their work, the students become Certified Braille Transcribers and as such join the ranks of the Club's active membership which now numbers 37. Classes will begin again in October for which there is already a waiting list. Information may be obtained by calling 886-3228.

give demonstrations of the fundamentals of braille to groups who request them. This serves to acquaint the public with the continuing need for this service. Both Mrs. Saxman and Mrs. McClellan recently spoke to groups in Sterling Heights. Mrs. Saxman talked to the women's organization of Plumbrook Baptist Church. Mrs. McClellan displayed a number of hand-printed thank you notes she received after her presentation to the third grade at Messmore School. Speakers are always available for interested school, church or service organizations. Further information may be had at 828-8239.

A pot luck salad luncheon at the VanAntwerp home of Mrs. McClellan on June 11 will be the Club's next meeting.

University-Liggett graduate CHRISTOPHER W. BUSHNELL, son of MR. and MRS. GEORGE E. BUSHNELL, JR., of Cloverly road, has been named to the first semester Dean's List at Windham College, Putney, Vt., where he is a freshman.

Fashion Show to Have French Touch

Discussing plans for the Federation of Women's Club's luncheon-fashion show to be held Saturday, March 23, at the War Memorial, are (left to right), MRS. H. LLOYD PATTERSON, general chairman of the luncheon; MADAME JACQUES DIRCKS-DILLY, wife of the Consul General of France; and MRS. THEODORE HUEBENTHAL, chairman of hostesses. Crowley's is presenting authentic couture clothes by Boussac of Paris, French fabrics and four French models, plus Parisian fashion commentator Mlle. Axielle Liatuad.

Crib Deaths Seminar Topic

Several Pointers, members of the National Foundation for Sudden Infant Death, will be participating in a series of lectures and discussions at the Sheraton-Cadillac Hotel until Saturday, March 23. The opening session was held on Wednesday, March 20.

The Fourth Annual Meeting of the Council of Chapter Presidents will bring together chapter presidents from all over the country. They will hear noted doctors discuss SIDS, Sudden Infant Death Syndrome which is the number one cause of death in infants over one week old. About 10,000 to 15,000 babies die of SIDS every year in the United States and there is no evidence that the event can be predicted or prevented, even by a physician.

Attending the meeting will be Mrs. Ronald Eschenburg, of Bedford road. She was president of the Michigan Chapter of the National Foundation for Sudden Infant Death, Inc. in 1971 and 1972. She is currently on the Board of Directors for the Michigan Chapter and on the National Board of Trustees of the NFSD, as well as president of the Council. She has been actively involved with the Foundation for the past six years.

Church Circles Plan to Meet

The Circle Groups of Grosse Pointe Memorial Church will meet Tuesday, April 2, for Bible and mission study. Chairman is Mrs. Peter J. Koenig, 889-0618.

Morning circles meet at 9:30 o'clock as follows: One, Marjorie Dean, 5035 Bishop road; Two, Mrs. Glenn Clark, 21 Carmel lane; Three, Mrs. Floyd Secrest, 1008 Bedford road; Four, Mrs. Douglas D. Smith, 228 Kenwood court; and Nine, in the church lounge.

Afternoon circles meet at 1 p.m. as follows: Five, Mrs. A. A. Beardslee, 21501 Kingsville; Six, Mrs. William F. Watson, 840 Washington road; and Seven, Mrs. George Hanson, 17431 Mamee.

Evening Circle Eight meets at Mrs. Marshall Collins, 1141 Bishop road. Visitors are welcome.

This would be a much happier world if we allowed opportunity to do all the knocking.

Playing the female lead in the University of Detroit High School Harlequins' production of "Fiorello!" which opened Friday, March 8, at 8 o'clock at U. of D. High is Grosse Pointe South High School student VALERIE MANN.

Among Michigan nurses who participated in a two-day course in Advanced Coronary Care techniques sponsored by the Michigan Heart Association in Gaylord January 30 and 31 was Cottage Hospital's GLORIA JAECKEL.

Miss Elliott Says Vows To Mr. Rice

Mrs. Marc Des Lauriers Serves as Her Sister's Honor Matron; Bridegroom's Father Acts as Best Man

Saint Paul's-on-the-Lakeshore was setting for the wedding of Elizabeth Anne Elliott, daughter of Mr. and Mrs. Charles William Elliott, of Touraine road, and Peyton English Rice, Jr., Thursday evening, March 14.

Monsignor Frank McPhillips presided at the 6:30 o'clock rites which were followed by a reception at the Country Club of Detroit.

The bride's candlelight beau de soie gown featured long, puffed Alencon lace sleeves and a lace neck insert. Matching lace appliques embroidered with pearls accented her bodice.

She wore a lace-edged fingertip illusion veil and carried an arrangement of Fuji mums, stephanotis and baby's-breath.

In turquoise and white print frocks, carrying daisies, were Mrs. Marc Des Lauriers, who served as her sister's honor matron, and bridesmaids Mrs. Robert Tiderington and Margaret Elliott, two other sisters of the bride, Susan Rice, the bridegroom's sister, and Mrs. Mark Duster.

The bridegroom, son of Mr. and Mrs. Peyton English Rice, of Little Rock, Ark., asked his father to act as best man.

In the usher corps were Wiley D. Cotton, Jr., John Wilson, Dennis Alexander Dillard and James Monroe McHaney, Jr.

The newlyweds will make their home in Little Rock.

Soroptimists Plan Meeting

The Soroptimists Club of Grosse Pointe will hold a reception at the Grosse Pointe War Memorial on Sunday, March 24, from 3 to 5 p.m.

Honored guest will be Mrs. Edith M. Roberts from Wallasey, Cheshire, England, where she is a Soroptimist member and past president of the Wallasey Club and the Divisional Union of Cheshire and North Wales.

Mrs. Roberts is traveling in the U.S.A. as a recipient of the Kathleen Elliott Scholarship Award for further study in the field of "Oral Communications in Industry." This scholarship is named after a former secretary of Soroptimist International who has left a trust fund to be used by selected organizations for further education of their members.

Nancy Davidson, program chairman of the Grosse Pointe Club, is the chairman for the reception. Representatives of neighboring Soroptimist groups will also be present.

The next regular meeting of the Soroptimist Club will be on Wednesday, March 27. Members will meet at the War Memorial for dinner at 5:45 p.m. They will then join the Detroit Soroptimists for a program on foods to be held at the downtown office of the Detroit Edison Company at 7:30 p.m.

Among seven members recently appointed to the State Board of Ethics by Governor WILLIAM G. MILLIKEN is THEODORE SOURIS, of Edgemont Park, Detroit attorney and former Michigan Supreme Court Justice.

Inside the Mothers Club

To assure a thorough understanding of the School Board's proposals for millage to be voted on Monday, April 8, Mrs. Joan Hanpeter and Mrs. Melissa Maghielse, members of the Board of Education, attended the Monday, March 4 meeting of the Grosse Pointe South High Mothers Club.

After the two trustees gave an extensive report, the Mother's Club Board voted unanimously to support the millage proposal and said that they would be working for its passage.

Mrs. Martha Speer, Mothers Club president, discussed again the Mothers Club's concern about the Youth Service Division rotation plan. She read a letter from Chester Petersen, Woods City Administrator, which explained his reasons for believing such a rotation was necessary and worthwhile.

Mrs. Sue Petz announced the theme of the spring benefit, "The Good Old Days." The Pointe Players will perform "The Man Who Came to Dinner" Wednesday through Friday, April 3, 4, and 5.

Detroit Dental Auxiliary Elects 1974-75 Officers

LWV to Consider Revenue Sharing

Set Meeting on Wednesday, March 27, to Review Funding Operation; Interested Persons Invited to Luncheon

The Grosse Pointe League of Women Voters has planned a luncheon meeting for Wednesday, March 27. The program, which has been arranged by Dorothy Zito, will center mostly on a discussion of revenue sharing. There will also be an account of housing action in metropolitan Detroit and a brief discussion of the forthcoming school district millage election.

The afternoon will begin at 12:30 p.m. in the home of Betty McCollister, 718 Middlesex boulevard, with a light luncheon served.

Revenue sharing, sometimes referred to as "Nixon's New Federalism," is a system by which monies from states and municipalities are returned from Washington, D.C. for certain local purposes under stipulated conditions.

Pointers Joan Jessup and Sunny Hill are one of a number of Michigan teams who began late last fall to monitor revenue sharing at the state level. The national League of Women Voters is part of a coalition of citizens' watchdog groups, funded by a \$500,000 grant from the Clark Foundation ("Avon Calling"), which are conducting a nationwide study.

What it amounts to, according to League members, is "How is your money spent? Do citizens have a say in how it is allocated? Is power really being restored to the people through revenue sharing?"

Mrs. Jessup and Mrs. Hill will report on what they have learned and whom they have interviewed and intend to interview in Lansing. Mrs. Jessup points out that one prerequisite for obtaining revenue is full public information, of which there has been little so far.

The speakers will also give examples of how revenue sharing has worked in Grosse Pointe.

Mrs. Zito, Human Resources chairperson, will describe projects undertaken by the Metropolitan LWV's Housing Action Committee during the last year, including what has been done, what effect it has had, and what needs to be done.

This luncheon meeting, like all League meetings, is open to interested members of the public. It will be very informal.

Marj Fischer is in charge of luncheon arrangements. Reservations, at \$2 per person, may be made by phoning 882-5108 or 824-2638.

Questers Plan Songfest Party

The members of the Pear Tree Chapter of Questers will bring their husbands to a get acquainted cocktail party Thursday, March 21, at the home of Mrs. John McClellan at 7:30 a.m.

The Grosse Pointe Woman's Club held its Spring Tea on Wednesday, March 20, at 12:30 p.m. in the Crystal Ballroom of the Grosse Pointe War Memorial.

A very unusual program, "Numerology and Phycometry" was presented by Mrs. Elaine Lewis and Mrs. Irene Rucinski following the tea.

Mrs. Lewis is a member of the Michigan Metaphysical Society. Numerology and phycometry is the ability of a person to study an object, pick up vibrations, and give a character reading on the owner of the object.

Tea hostesses were Mrs. William Quigley assisted by Mrs. George Petersen.

Detroit Rose Society To Hold Indoor Clinic

The Detroit Rose Society might have just the cure for spring fever at the UAW Local 771 Hall 20424 John R. (between State Fair and Eight mile road Friday, March 29, at 7:45 p.m.)

An indoor clinic will be held on how to select, plant, prune, fertilize and spray roses along with a program on lawn care. A question and answer period will be held following the clinic.

Listening In At North

A meeting of the Grosse Pointe North High School Parent Club was called to order February 20 by President Mrs. Thomas Dimond, who gave a report on the millage election to be held April 8.

Millage co-chairmen for North will be Mrs. Floyd Nixon and Mrs. Charles Begeman.

Standing committees reported on various projects and groups working to help support North High's programs.

Mrs. Lewis Neuder announced that all scholarship applications are due April 1 and summer enrichment applications are due May 1.

The North High Geranium Sale has been launched. Letters were mailed to all last year's customers February 15.

All classes at North will participate in the sale by phoning customers in Grosse Pointe Woods and Harper Woods. Adults will telephone the rest of The Pointe.

Sharon Klemchuck is telephone chairman.

Geraniums are being sold eight plants to a flat for \$6. Customers may order a choice of two colors, Irene Red or Salmon Pink.

All flowers will be delivered on Geranium Sale Day, May 18.

The Spring Benefit report was given by chairman Mrs. Willard Smith. She revealed that students were very much involved with School Daze, having made bulletin displays and helped with decorations.

Some will be in their tailoring classes. Others will model hair styles. Adults will model fashions from Martha's Closet, and Bart Edmond will demonstrate hair styles.

A faculty report was presented. North High is in the process of changing report cards. The site of the report card computer service is being changed, too, from Macomb to Wayne County.

A representative of the School Athletic Department reported that North had had a great athletic season. The swimming team had a 5-2 average for wins and losses, the basketball team a 17-0 record, making it the fifth top team in the state.

Spring sports will start shortly. Varsity tennis has been included in the program.

Nathan Judson, representing the band and orchestra, reported that a paper drive had raised \$383 for the Instrumental Department. A dance will be held March 29 to raise more money for band and orchestra projects. Tickets are \$3 per couple. The dance will recreate the good old days via a "Big Band" sound.

Mr. Judson also announced that the Easter Concert will be held at Our Lady Queen of Peace Church April 4, at 8:15 in the evening. The band and orchestra have a full and busy schedule. The concert band has been responsible for the music at all the basketball games.

Principal G. Bruce Feighner gave a concluding report. He discussed the changing of report cards and stated that the Grosse Pointe Rotary and Lion's Clubs contributed funds to send two North students to Washington, D.C. The Rotary donated \$300, the Lion's \$100, for a total of \$400.

This year, for the first time, two seniors, members of the National Honor Society, will have a chance to compete for scholarships given by the National Committee of the National Honor Society.

CAN SPRING BE FAR BEHIND and will you be left behind when the predictable spring selling surge pushes real estate prices upward? Why not get down to that serious business of house hunting right now, and not wait to get into the market next month when you'll be competing with many others seeking to buy the few too many houses on the market.

OPEN SUNDAY 2-5

ALONG WITH THE SEASON, Edgar & Associates "Springs" on the market a first offering at 2189 Ridgmont. This white ranch house has complete aluminum siding and is centrally air conditioned. There are three bedrooms inside and large mortgage balance to assume. Priced to fit a lot of pocketbooks at \$25,500.

A HARBINGER OF SPRING and other good things, Edgar & Associates announces a first showing of this brand new house at 22208 Colonial Court. For the family that wants to build but doesn't like the estimates, this could be the answer. Four bedrooms on the second deck and formal living room, dining room and large family room complement the handsome galley on the main deck. Welcome aboard Sunday afternoon.

WHERE THE ACTION WILL BE is in this deceiving story-and-a-half at 2167 Anita. Streak on over and see this far from modest cutie with two bedrooms on the first floor and a large dormitory room and lavatory on the second. Our newest sales agent, Dan Lundell will be your host. So bare with him as it will be one of his first showings.

A HOT ITEM during the past few years and we'll venture that this kind of house will be just as attractive a package to sell in the Spring of '74. This little starter house is impeccably decorated both inside and out, and because the owner is building another house, most of the floor coverings and window hangings are offered in the low price of \$33,700.

ALL GOOD THINGS come to those who wait and we are very proud to offer this most exquisite contemporary on S. Brys Drive. Every feature is special from the Philippine mahogany and Domolite stone exterior to the fully equipped kitchen which will delight the most fastidious chef. Four family bedrooms plus that secret bedroom over the heated garage. There's central air conditioning and an intercom system.

FIRST OFFERING

Ideally located two bedroom ranch home in Grosse Pointe Farms. Close to the Hill shopping area and Cottage hospital. We feel that this realistically priced home, flexible in living accommodations for any age, will be sold quickly. Call us today for an appointment.

Popular 4 bedroom, 3½ bath center hall Colonial with an oversized 2 car attached garage. This air conditioned home has a large recreation room, complete sprinkler system and numerous features that most of us would be interested in.

We are offering one of the finest mansions presently for sale in the Pointes. This classic Colonial has exquisite detail and appointments that are impossible to duplicate today. The location, on Lake St. Clair, is the perfect setting for such a gracious home. In our opinion, to duplicate the magnificent library would cost the price that the home is offered at.

This 5 bedroom, 3½ bath Colonial built in 1964 is not only tastefully decorated but very fairly priced. An attractive paneled family room, spacious first floor laundry room are features worth noting.

If you are considering condominium type living we have one of the finest constructed units presently for sale. Modern kitchen and newer furnace plus spacious rooms make this an excellent investment. Priced in the 40's.

Pierce Athletes Set to Perform

Pierce Middle School's Gymnastics Club will give a demonstration on Wednesday, March 27, at 7:30 p.m., beginning in the girls' gymnasium. The program will include routines in tumbling, free exercise, trampolining, uneven parallel bars, vaulting horse and balance beam.

The 42 girls who will participate have already had a demonstration clinic with approximately 30 girls from Fraser.

On April 10, at 3:30 and 7:30 p.m., the girls synchronized swimming club will put on a water show and swimming demonstration. The performance will last about an hour.

Both events are open to the public, free of charge.

Richard Offers Millage Session

Pointers who reside in the Richard School district are invited to the Richard School Library for coffee and donuts, on Tuesday morning, March 26, between 9:30 and 11.

The purpose of the session is for residents to meet or become re-acquainted with their neighbors. Information sheets on the April 8 millage election will be available and Richard district millage representatives will be on hand to answer questions. Further millage information is available from Joyce Donaldson, 886-8557.

BYC 'Minis' Swim in Meet

The Detroit Yacht Club sent its "minis" to the Saturday-Sunday March 9-10, Clarenceville Swim Club's A.A.U. Mini-Meet where eight-year-old and younger swimmers compete.

Youngsters from eight states and Canada competed for medals in six and under, seven and under and eight and under events.

Pointe DCYers competing and winning medals were: seven and under boys—Jack Nelson, (second, 50 free, 36.7); (fourth, 25 free, 17.0), and (sixth, 25 back, 21.4), plus; Hans Brieden, (second, 25 breast, 23.3). In seven and under girls, Denise DeSantis was third in the 25 breast. Other Minis who improved their times and made their coaches, Ralph Stevens and Mary Lou Goyette, pleased, were Kenny Baculis, Billy Hohmann, Sue Storen, Molly Riley and Cindy Gannon.

Slate Concert At Notre Dame

The Notre Dame Symphony and Jazz Bands, under the direction of Larry Egan, will present a Cabaret Concert at Notre Dame High School in Harper Woods, on Friday, March 22 and Saturday, March 23.

Slate Business Classes at SH

Classes in business procedures and training are being offered this Spring by the Department of Community Services of the Grosse Pointe Public School System.

Two classes in Investment Procedures with Peter Logan as instructor are offered on beginning and advanced levels. The beginning class will have its first meeting on Thursday, March 28, and the Advanced group will start on Tuesday, March 26, from 7:30 to 9:30 in the evening. Mr. Logan has been on the staff of the University of Michigan and Wayne State University in Business Administration and is an investment broker in downtown Detroit.

Business and Real Estate began on Thursday, March 14 for an eight week session. Daniel Hodgman is the instructor. Mr. Hodgman is a practicing attorney in Detroit, specializing in the field of Real Estate.

For those wishing to learn, or refresh their knowledge of office skills, classes in Typing and Shorthand will begin the first week of April. All these classes will be held at Grosse Pointe South High School.

For further information and class reservations, call the Department at 885-3806 or 885-0271.

School Slates Paper Drive

Pierce Athletes Set to Perform

Pierce Middle School's Gymnastics Club will give a demonstration on Wednesday, March 27, at 7:30 p.m., beginning in the girls' gymnasium. The program will include routines in tumbling, free exercise, trampoline, uneven parallel bars, vaulting horse and balance beam.

The 42 girls who will participate have already had a demonstration clinic with approximately 30 girls from Fraser.

On April 10, at 3:30 and 7:30 p.m., the girls synchronized swimming club will put on a water show and swimming demonstration. The performance will last about an hour.

Both events are open to the public, free of charge.

Richard Offers Millage Session

Pointers who reside in the Richard School district are invited to the Richard School Library for coffee and donuts, on Tuesday morning, March 26, between 9:30 and 11.

The purpose of the session is for residents to meet or become re-acquainted with their neighbors. Information sheets on the April 8 millage election will be available and Richard district millage representatives will be on hand to answer questions.

Further millage information is available from Joyce Donaldson, 886-8557.

JERRY J. GERICH, PRINCIPAL OF GROSSE POINTE SOUTH

By Kathy Duff

After completing 16 years as principal of Grosse Pointe High School and South High School, Jerry J. Gerich will retire in June. For some people, the announcement came as a surprise since Mr. Gerich is 61 years old. However, for those close to the principal, they knew that he felt it was the "right time."

Now that his retirement has been announced, everyone wants to interview Mr. Gerich and take a last picture of him at his desk in the gym, or in front of the South High tower. When I took out my camera, he said, "You should speak with Tom Henes on the Tower staff. He was in here the other day and took lots of pictures. Do you know how good a yearbook book the Tower is? You really should see Tom."

Mr. Gerich has always looked to the total needs of the high school student. While other high school principals are sometimes referred to as "phantoms" by their own students because of their rare appearances in the hallways, Mr. Gerich is always seen in the midst of student and faculty activities.

Praised by Teacher "When asked to describe the retiring principal, a South civics teacher described him as 'stable, dedicated and involved.'"

It was those qualities which made Mr. Gerich an asset to any school system. He received his degree from Northwestern University in 1936, in one of the Depression years. But he was able to land a job at Todd's School for Boys in Woodstock, Ill. "It was the only job I ever applied for," Mr. Gerich remembers.

From then on, it was the schools which came to the teacher, and later, the administrator. The Oak Park, Ill., School System asked him to come to teach. Two years later, he found himself principal of the local Willard School. From there, it was on to Hales Creek, Mich., and later, Arlington, Va., for top administrative jobs.

Won Scholarship Mr. Gerich was not pushed into the education field; rather he chose his career. His father died when he was 10 years old, and his pre-college years were spent in Saskatchewan, Canada, and Milwaukee, Wis. He got a scholarship to Northwestern which he supplemented, while in college, with jobs such as night watchman and shoe salesman.

When he moved to Illinois in 1938 with his bride of one year, Ellen, they were able to put all of their belongings in a Plymouth sedan. "And we sometimes found it hard to meet our \$42.50 monthly

Grosse Pointe North High School Class of 1971 graduate ROBERT ENGLISH, son of the LEON ENGELHARTS, of Hawthorne road, is Capital University's outstanding junior swimmer this year. Throughout the 1973-74 season he captured 11 first and second places in the 200 individual medley and butterfly to pace Crusader tank efforts, and took third place in the 200-yard butterfly at the Ohio Athletic Conference championship at Oberlin. In addition to swimming, he participated in the Men's Glee Club at Capital, where he is majoring in Voice Performance.

Among members of the 1974 Western Michigan University Golf Team is rookie CHRIS WILSON, a Grosse Pointe North High School graduate, WMU freshman. Number One qualifier from Michigan for the National Junior Men's Golf tournament in the State Class A tournament during his high school days.

JOHN GRYLLS, of University place, chairman of the Wayne County Community College Citizen Advisory Committee, reported several recommendations at the WCC board meeting held in a March 16 organizational workshop for all interested residents.

Among chairpersons of committee task forces for the reorganized Friends of the Detroit Concert Band, now entered in an all-out effort to generate statewide support for the B and J, year-round Band concerts and national JOY (Mrs. John O.) MONTGOMERY, of University place.

PATRICIA L. JAHN, of Kalamazoo, daughter of the FRED L. JAHNS, of St. Clair avenue, will become new director of the Van Buren County Board of trustees. He moved to California and is now an engineer for the NASA program. John is receiving a graduate degree in hospital administration and is working with severely emotionally disturbed children.

Both his sons, Jerry and John, were graduated from G.P.H.S. His oldest son, Jerry, was state high school champion. After graduating from University of Michigan, he moved to California and is now an engineer for the NASA program. John is receiving a graduate degree in hospital administration and is working with severely emotionally disturbed children.

But for now, Mr. Gerich has three months left of a career which spanned 38 years.

Woman's Club To Play Cards

Jeanne Barr, Tish Fox, Marion Sandmar, Leigh Lane were the glamorous models on the runway at the Grosse Pointe North High School Scholarship program. Hair stylists from The Bart Edmond Beauty Salon: Loretta, Jenetta, David and Vern predicted more waves for spring, gently wind-swept off the face. They used blow-drying and iron curling TECHNIQUES. The News-Maker was the super cut! . . . no back comb look . . . swinging hair! Bart Edmond of The Bart Edmond Salon, 21316 Mack Ave., Grosse Pointe Woods, said first "a basic cut and modern perm support for today's styles." Second, "instructions on at-home, in between care for hair and skin." Ms. Dee and Jackie Wood, of Jackie Wood Room at THE BART EDMOND SALON, taught girls make-up and skin care to Tish, Jeanne, Marion and Leigh . . . they looked natural, feminine, tender. Jackie said "At BART EDMOND SALON, we believe in things as nature intended them — only better!" The Program was a huge success.

From Another Pointe of View

(Continued from Page 18)

Among the 17 dedicated Docent lecturers on Egypt were Celia Cone, of Wellington place, Leona Putnam, of Earl court, and Mrs. Frank Kruse.

Docents are in training now for gallery talks on the Art Institute's next major exhibition, Twilight of the Medici, which opens Monday with a formal subscription dinner-reception at the museum organized by Mrs. Henry Ford, II, of Lakeshore road, and Ferdinand Hartz Cinelli, of Country Club drive.

Mr. Cinelli is honorary consul of the Italian republic of San Marino, and a museum trustee.

Mrs. Ford is . . . but YOU KNOW who Mrs. Ford is . . .

All governing members of the Institute's Founders Society have been invited to the dinner. Guests of honor will be His Excellency Egidio Ortona, Italy's Ambassador to the United States, and Mrs. Ortona, Marchese and Marchesa Leonardo Glinori Lisci, of Florence, and Contessa Frederica Piccolomini Bandini, also of Florence.

A Founders Society members' evening is scheduled for Tuesday, from 7:30 until 11 o'clock. The format will combine a museum open house, with major gallery areas and the Kresge Court Cafe open, and a Twilight of the Medici preview.

Admission is by Founders membership card or invitation only.

Then on Wednesday the Medici Exhibit opens to the public, and the Docent lecturers begin to do their thing again.

They've been learning all about the 300 finest Florentine Baroque paintings, sculpture, drawings, furniture, tapestries and decorative arts, from collections in Europe and America, included in the Medici display.

They've been learning all about the history and philosophy of the period.

It's been a crash course, and it's been hard, and the Docent volunteers are to be commended for their efforts. Mastering a subject well enough to teach it isn't easy.

Of course, it is EXCEPTIONALLY rewarding, and EXTREMELY interesting, and THOROUGHLY satisfying.

The Docents love their work.

Perhaps that's why everyone loves their lectures.

Twilight of the Medici, more than four years in the planning, organized by Dr. Frederick J. Cummings, director of the Detroit Institute of Arts, and Dr. Marco Chiarini, director of Florence's Pitti Palace, continues at the Detroit Institute of Arts through June 2.

Among those serving on the committee for the exhibition are Pointers Mr. and Mrs. Joseph L. Hudson, Jr., Mrs. Cinelli, Mr. and Mrs. Alvan Macaulay, Jr., Mr. and Mrs. Allan Shelden, III, and Mrs. Mr. Robert H. Kanizer.

Faculty Wives Turn Gourmets

An invitation, "Cheese tasting, washed down with mulled cider," is being offered to members of the Grosse Pointe Faculty Wives Club for the evening of Monday, March 25, at 8 p.m. Hostess is Mrs. Joseph Spagnoli, who is co-chairman with Mrs. Edwin Wendt for "Ideas Unlimited," one of the activities of the club.

The cheese tasting is being presented by Joyce De Vries of "The Merry Mouse" in the Village. Reservations are being accepted by Mrs. Spagnoli or Mrs. Wendt.

Administration

Members of the central administrative staff met with Florence Miller (Mrs. Eugene), President of the Grosse Pointe Administrators Association, to discuss results of the recent state-wide assessment tests. Pictured during the conference are (left to right) Dr. Joseph Spagnoli, Assistant Superintendent-Instruction, Dr. Theos I. Anderson, Superintendent of Schools, Mrs. Miller, Assistant Principal-Pupil Personnel at North High School, and Lawrence F. Kennedy, Assistant Superintendent-Personnel. Administrative costs amount to \$606,255.70 in 1972-73, or 3.91 percent of the general fund disbursements.

Health Services

Alumnae of Delta Gamma Sorority are among the many community residents who each year provide valuable volunteer services to the school system. Janet Insley (Mrs. Charles) and pre-schooler John Van Syckle were photographed recently at Poupard School. Each year more than 70 women in the organization conduct pre-school vision screening in cooperation with the system's Department of Pupil Personnel. Each fall the women, trained by local ophthalmologists, staff clinics organized in each elementary building. Children who fail the vision screening are given an individual examination by a professional visual technician employed by the Board of Education. A portion of the \$5,962.21 in the Health account in 1972-73 was used for these salaries. Other expenses covered by the account include employee physicals, medical consultations for special education students, and vision and hearing screening for children in grades 1-8 in Grosse Pointe's public and parochial schools. The Health account comprised .04 percent of the 1972-73 disbursements from the district's general fund.

Instruction

This picture of purposeful instruction in elementary math, taken in Mrs. Dolores Nique's first grade classroom at Richard School, is duplicated daily in countless subjects at all levels in the 15 buildings of the system. Pictured (left to right) are Martha Kolojeski (sorting plastic discs by color), Bob Tumacder (following directions for putting pegs in a board), Mrs. Nique, Don McKnight (looking for his page in the math kit), and Ellen Srebernak (using balance scales). Instructional costs amounted to 72.52 percent of the 1972-73 school system budget, with total disbursements of \$11,241,677.81.

Attendance

Salaries of the system's eight social workers and supportive clerical personnel were funded by the \$179,763.13 Attendance account in the 1972-73 operating budget. The staff provides individual attention for minor to severe adjustment problems in settings outside the regular classroom. The service is available to all children in Grosse Pointe's public and non-public schools, from elementary through high school for a modest 1.16 percent of the general fund disbursements. In the photograph (left) Owen Clinton, Chairman of the Social Workers, builds rapport with an elementary pupil by playing a game as part of the therapeutic process.

Transportation

John Wiemie, 16, a multiply-handicapped resident of Grosse Pointe Woods, is transported daily to classes at the John Lee Trainable Center in Detroit. He is shown alighting (left) from the school-provided bus at home at the end of the day. State law requires that John will receive similar training until he reaches 25. The Transportation account of the 1972-73 operating budget provided opportunities for other students with special needs to be transported to central learning centers.

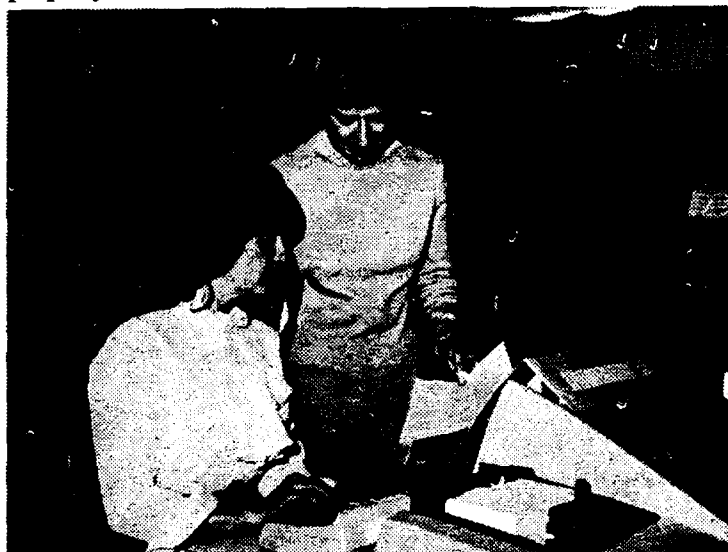

Operation

William Kalkhoff, Custodian-Engineer, is shown adjusting the boiler at Parcels Middle School. The school district expended \$1,616,649.96 or 10.43 percent of its total disbursements in 1972-73 on Operation. Operation of Plant consists of the house-keeping activities concerned with keeping the physical plant open and ready for use. It includes cleaning, heating, lighting, communications, power, moving furniture, handling stores, caring for grounds, and other such house keeping activities as are repeated somewhat regularly on a daily, weekly, monthly, or seasonal basis. Operation of plant does not encompass the repairs and replacements of facilities and equipment when done by other employees than building operating staff.

Maintenance

Jim Locke (Maintenance) and Furrel Fountaine (right), Head of Maintenance, were photographed making adjustments on the recently-installed vacuum condensate pump at Ferry Elementary School. The system spent \$477,637.06 or 3.08 percent of its 1972-73 budget maintaining facilities. Maintenance of Plant consists of activities concerned with keeping the grounds, buildings, and equipment at their original condition of completeness or efficiency, either through repairs or by replacement of property.

Fixed Charges

Mrs. Christina Beck, Assistant Payroll Supervisor (standing), watches as Mrs. Rita Lavis, Key punch Operator, prepares IBM cards for processing at the Macomb Intermediate School District office. Fixed Charges, such as those incurred for data processing, are expenditures of a generally recurrent nature which are not readily allocable to other expenditure accounts. These include contributions to state, county or local funds for employee retirement, payments for social security, and insurance.

Capital Outlay

Equipment purchased for the improvement of the reading program in the middle schools came from the school district's Capital Outlay account. Pictured are (left to right) Parcels student Diane Reaser, Principal Morris Hanzek, and teachers Diane Moskaluk and James Webers. Capital Outlay expenditures are those which result in the acquisition of fixed assets or additions to fixed assets. They are expenditures for land, buildings, improvement of grounds or site, construction of buildings, additions to buildings, remodeling of buildings and the purchase of initial or additional equipment. Salaries and other expenses of school district employees, such as architects or engineers, who are hired or assigned to capital improvement projects may be determined as Capital Outlay expenditures.

Public Library

Malcolm Laurer of Harvard Road in Grosse Pointe Park was photographed as he checked out from Mrs. Colleen Smith, Professional Assistant, an electric drill, part of the extensive Rotary Club tool collection housed at the Central Library for the use of community residents.

Heather Hatlin, a Grosse Pointe preschool deaf youngster, attends classes daily at the Detroit Day School for the Deaf. Heather is shown receiving individual speech and language instruction from special education teacher Mary Rothrock. Heather is one of 34 local children whose education is funded by local taxes, but whose training occurs in one of several metropolitan area regional centers.

Student Services

South High Senior Bill Hennes took pictures for the building's student identification cards. He was photographed taking Leigh Collings. Student Services are activities, not directly a part of the regular instructional program, which are carried on for the benefit of public school pupils. These include Food Services, Bookstores, and Student Body Activities.

Additional information on the financing of Grosse Pointe public schools and public libraries may be obtained from the Department of Business and Finance at 389 St Clair Avenue. This includes an audit report by an outside public accounting firm and an internal annual report detailing revenues and expenditures.

It cost only \$6.69 a day to educate a child in Grosse Pointe's public schools in 1972-73. Here's a summary

Instruction

Of the \$2.69 per day spent to educate a child in The Grosse Pointe Public School System in 1972-73, \$3.01 was allocated to instruction. In addition to paying teachers' salaries — and those of such directly related auxiliary personnel as school librarians, guidance counselors, psychologists, and building principals — this money purchased teaching supplies, books, and other necessary instructional materials.

Administration

At the same time, system-wide administrative costs per pupil amounted to \$.27. The funds expended paid the salaries of administrators with system-wide responsibilities, related clerical salaries, and office supplies.

Maintenance

The per pupil cost of maintaining school facilities in 1972-73 was \$.21 and included equipment replacement.

Fixed Charges

The schools spent \$.29 per pupil on such insurances as fire, public liability, and property damage — and on such other items as workmen's compensation, interest on short term loans and data processing as well as the costs of such employee fringe benefits as hospitalization, long-term disability, and life insurance.

Capital Outlay

In 1972-73 the \$.03 per pupil cost in this category financed improvements to buildings and grounds and the purchase of new equipment.

Student Services

The per pupil cost of operating high school bookstores, secondary school cafeterias, and subsidies to such student activities as publications was \$.03 in 1972-73.

Attendance

Although the salaries of school social workers and related clerical costs accounted for \$.08 per pupil in the public schools in 1972-73, services were also provided, on request, to the district's non-public schools.

Health Services

The schools' medical expenses were virtually negligible (.003) on a per pupil basis in 1972-73.

Transportation

Contracted services for transporting handicapped youngsters to various out-of-district schools accounted for most of the \$.925 per pupil spent in 1972-73.

Operation

Fuel, utilities costs, custodial supplies — along with the salaries of the district's engineers and custodians — amounted to \$.72 per pupil in 1972-73.

Three Typical Public School Success Stories

The human side of our educational expenditure

The three students who are pictured here demonstrate, in small measure, the breadth of opportunity available to youngsters attending The Grosse Pointe Public School System. Whether a student's interests lie in academics, in vocational training, or in extra-curricular activities, the school system stands ready to fill his needs.

Gracie Oliver, 17 and a Senior at South High School, is crippled and a dwarf. But her handicap has not stopped her from learning to drive or from holding down a part-time job at the J. L. Hudson Co. And Gracie also has her sights set on college!

Gracie's activities at South include membership in the National Honor Society, the choir, Future Teachers of America, and the Girl Scouts. Sports, sewing, and baby-sitting round out a busy and productive life.

Gracie accents her challenges philosophically and expresses gratitude to the Shriners who sponsored the surgery which enabled her to enter school — and who also gave her the bike that was her main means of locomotion until she acquired a car.

School personnel also have lent helping hands and moral support. Maynard Leigh, coordinator of the work-study program, assisted Gracie in her job hunt; David Basehor, automotive teacher, helped with the installation of special equipment in her car; and counselors Gerry Morrison and Margaret Casteel have been at her side throughout her school career.

Gracie Oliver

During 1972-73 Ron Zenn was a Senior at North High. He made an outstanding record as a member of Coach Ray Ritter's basketball team. Ron, considered as "outstanding defensive player, top ball-handler and adequate scorer, with a good outside shot and driving ability" was also a member of the National Honor Society. Ron, a 6-foot guard, was the lone freshman starter for Wayne State University's 1973-74 basketball team.

Leo Slatin, an eighth grader at Pierce Middle School in 1972-73, built an 8-foot hydroplane in woodshop. For his efforts, Leo won first prize and grand award in the District

Industrial Arts Contest and first prize and grand award in the State Industrial Art Awards Fair. Leo started in September with his project in order to finish in time for the contest. He put in long hours, often working as late as 11:00 p.m. on weekends in the garage of his instructor, Russell Hachee.

Gracie Oliver, Ron Zenn, and Leo Slatin are among our district's many, many students who achieve success in countless ways.

A Message to all citizens

We wish to take this opportunity to report to the community on the highly successful 1972-73 school year. Most obvious among our many successes were the outcomes of the operational millages of September 7 and March 23 which we interpreted as a community wide vote of confidence in the continued maintenance of public schools and public libraries of high quality. We were also delighted with the fine record of academic and extra-curricular achievement among our students at all levels.

During the 1972-73 year we enjoyed a high level of participation by countless citizens in many phases of our program. Our volunteers, in a wide variety of categories, have done a truly outstanding job. We are indebted to these dedicated and responsive men and women who demonstrated their interest in a good school system through their active involvement.

As to the 1973-74 year, although we see a recurrence of many of the serious challenges of the past, we are confident that our talented and dedicated staff, aided by you, will resolve all of them expeditiously.

Financing Grosse Pointe's Public Libraries in 1972-73

In September of 1972, the Grosse Pointe Board of Education submitted to the electorate a one-year ballot proposal in the amount of 1.12 mills (\$.12 per \$1000 state equalized valuation of property) to finance operation of the local public library system for the 1972-73 fiscal year.

The trustees' action was the culmination of many months of study by members of the Board, school system and library staff members, and leaders of the Friends of the Grosse Pointe Library. The earmarking of separate operating funds for the libraries, the first time in the 43 years that the libraries have been a division of the school system, had the support of the 3000-member Friends group, as well as of the libraries' staff.

The earmarking of separate operational funds for the public libraries did not signal a legal separation of the two community institutions.

The decision to earmark public library funds was necessitated to forestall further cuts in staff and service that would further damage the services the Central Library and the Woods and Park branches supply to the community. As a division of the public schools, the libraries have sustained curtailments similar to those of the schools since the 1969-70 fiscal year. Since then, for example, one-third of the professional staff of the public libraries has been cut. With passage of the 1.12 mill levy in September of 1972 the libraries restored service to the 1971-72 level.
