HEADLINES of the WEEK

Thursday, March 21
BRITAIN'S PRINCESS ANNE and her husband, Captain Mark Phillips, were victims of an apparent kidnapping attempt as they were riding in a limousine to Buckingham Palace and six shots were fired through the vehicle's windows. The couple escaped injury but four persons were wounded before a policeman tackled the assailant. Police said a white Ford pulled up next to the princess' Rolls Royce, forcing it to the curb, and the gunman jumped out and began firing. It was the first assault on a member of the British royal family in 35 years.

Friday, March 22
THE U.S. COURT OF APPEALS has ruled that a secret grand jury report, focusing on the President's role in the Watergate affair, should be sent to the House Judiciary Committee. The court denied petitions by former White House aides H. R. Haldeman and Gordon Strachan, who sought to keep the secret report from going to Capitol Hill. Their attorneys were given a Monday deadline for appealing the decision to the Supreme Court, but it was indicated the ruling would probably not be appealed. In addition to the 50 page report, the committee also will get a briefcase full of evidence collected by the grand jury.

Saturday, March 23
THE ENVIRONMENTAL PROTECTION AGENCY, under strong pressure from the White House and the fuel shortage, is backing away from clean air requirements for cities, factories, power plants and autos. Russell Train, EPA administrator, announced a list of proposals aimed at loosening strict energy regulations. EPA sources claim Train fought bitterly against the White House offensive to weaken the Clean Air Act of 1970, but industry, especially automakers, utilities and coal companies, have been lobbying for several years to relax the laws and the energy crisis gave them further ammunition.

Sunday, March 24
THE WHITE HOUSE indicated it will not consider surrendering 42 taped conversations sought for the House impeachment inquiry until the Judiciary Committee defines its charges against President Nixon and specifies what materials are wanted and why. Press secretary Ronald Ziegler issued a formal statement denying a published report that the White House would turn over tapes of the 42 presidential conversations next week. Ziegler also denied that Nixon's taped conversations with former White House counsel John Dean clearly showed the President did not disapprove of the payment of hush money to Watergate defendants.

Monday, March 25
SECRETARY OF STATE Henry Kissinger arrived in Moscow for extensive daily sessions with Communist party leader Leonid Brezhnev on prospects for a new treaty restricting offensive nuclear weapons. Kissinger earlier had held three hours of talks with West German leaders in Bonn, and later said he welcomed some of their ideas on strengthening shaky U.S.-European consultations.

Tuesday, March 26
THE MICHIGAN SENATE has defeated a constitutional amendment to exempt food from the four percent state sales tax. The Senate returned the \$150 million-a-year tax relief measure to committee after giving preliminary agreement to an alternative \$24 million tax reduction recommended by Governor William Milliken.

Single Car Light Throws Beam on Multiple Thefts; Suspect Talks of 1,000

Car Stopped in Woods for Traffic Violation Starts Investigation That Solves Many Local Robberies
The watchful eye of a Woods public safety officer plus some telltale evidence led to the arrest of three men on charges of receiving and concealing stolen property over \$100, and the discovery that one of the men is suspected of being involved in some 60-65 recent burglaries in four communities. The trio were arrested Tuesday evening, March 19.
John Preston Kials, 20, of 29314 Calahan, Roseville, Walter Joseph Cierpial, 21, 3334 East Ferry, Detroit, and Daniel Sherwood Gibbs, 20, 11117 Borgman, Belleville, were arraigned in The Woods Municipal Court Wednesday, March 20. Their examination was scheduled for yesterday, Wednesday, March 27.
At their arraignment, Cierpial and Gibbs were released on \$2,000 bond pending their examination date. Kials, the burglar suspect, was held in The Woods until he posted a \$200 cash bond and a \$2,000 personal bond Saturday, March 23, at which time he was released to St. Clair Shores police on a charge of the breaking and entering of an occupied dwelling, Woods police said.
Woods Cases Solved
Through an intensive investigation, Woods Detective Everett Plumb said 14 burglaries, (13 of which were committed this year and one last year), have been cleared in his city through the arrest of Kials. At the same time, 19 break-ins have been cleared in Roseville, 25 in Clinton Township and three in The Farms, police added.
In fact, Detective Plumb said Kials told him he could be involved in around 1,000 burglaries in Wayne and Macomb Counties over a five-year period.
Police were quick to add, however, that while they are pleased with such a clearance rate that, in the case of The Woods, none of the missing property has been recovered.
These Woods break-ins include two on Allard road, two on Roslyn road and one each in Norwood, Hampton, Broadstone, Severn, Lennon, Fleetwood, Lochmoor, Hawthorne, Torrey and Holiday. This chain of events all

Painstaking Police Probe Pays Off in Robbery Case

By Roger A. Waha
A 16-year-old Woods juvenile, who's awaiting a Wayne County Juvenile Court hearing Tuesday, March 26, on a breaking and entering of an occupied dwelling charge stemming from several Woods break-in incidents last November, has been charged with the burglary of a Putnam place residence on Wednesday, March 13.
Exhausting police work, including some 16 hours of surveillance Friday-Sunday, March 15-17, on the parts of Youth Service Division, (YSD), Shores and Woods public safety officers, climaxed in the youth's arrest at North High School Monday, March 18, and the closing of the break-in case.
A 15-year-old Woods youth also was arrested in the same case and charged with receiving and concealing stolen property under \$100, police said. A petition has been filed with Juvenile Court on the 16-year-old, while action on the 15-year-old is currently being contemplated.
YSD Agent Michael Ferrence stated several other burglaries are being investigated at this time with a similar method of operation to see if this 16-year-old, and/or others, are involved.
The NEWS talked with Agent Ferrence to explore the background, and step-by-step process, which resulted in solving the break-in.
"We've had somewhere in the range of 40 breaking and...

School Tax Election Set For April 8

Age Proposals to Prevent Curtailment of Present Programs
Residents of the Grosse Pointe school district will ballot Monday, April 8, on two proposals for the financing of the community's public schools and libraries through 1976.
Basically a renewal of voted millage that has expired, Proposition 1 seeks approval of 24.35 mills for the continued operation of the district's 10 elementary, three middle, and two high schools.
Approval of Proposition 1 for the schools would renew 21.50 mills that expired in December and would add 2.85 mills to pay for program improvements, rising costs of goods and services caused by inflation, and salary settlements negotiated with employee groups through the 1975-76 year.
Current Need Cited
The schools would have required the proceeds of 1.75 mills additional each year through 1976 to finance the current educational program.
Without approval of Proposition 1 on April 8, the school system would have only the operational funds generated by 8.65 mills allocated to the district from county taxes, about one-third of the funds necessary to operate the school system. Because of the current state aid formula, Grosse Pointe's schools receive no general financial aid in 1973-74 and expect to receive none in the future.
Proposition 2 seeks voter approval of .19 of a mill for the community's three public libraries. Voter authorization of Proposition 2 would renew .14 of a mill that expired and would add 5 cents per \$1,000 of taxable valuation. The funds would be used to meet rising costs and to provide modest improvements in the public library program.
What It Entails
Proposition 2 would maintain the present staff, book and record collections, and hours—including Sunday opening—and would provide new services for senior citizens, would offer a program for homebound residents, and would assist the handicapped.
A mill is \$1 per thousand of the taxable value of local real estate. Since no increase in property assessments is anticipated by the municipalities, passage of both proposals would add only \$2.90 per...

City Stays Put On Water Fees

For the time being, City residents will not have to worry about forking over more money for City water and sewage disposal rates.
It was announced at the regular meeting of the Grosse Pointe City Council, held Monday, March 18, that the Director of finance, Dennis Foran, had made a comprehensive review of the financial condition of the water and sewage disposal system, including a projection to the end of the current financial year, June 30, 1974. Based on the review, Mr. Foran determined no change in rates is necessary at this time.
Mr. Foran's report to the council noted that the main factors affecting customers rates are: amounts paid to The Farms for water purchases; monies paid to Detroit Metro Water System for sewage disposal; water consumption by City customers; system improvement needs, and increased costs of labor and materials.
If any of the factors show cost escalation, it will be necessary for the director of finance to re-evaluate the system's income position and rate structure. If this does not occur, the system will not be reviewed again until the close of the fiscal year.

Move to Prevent Further Erosion Of Drain Canal

Contract Awarded to Start \$293,000 Project of Installing Piling Along Banks of Milk River Outlet
By Roger A. Waha
Work is scheduled to begin sometime in April on the installation of approximately 2,400 feet of sheet piling along the banks of the Milk River Drain canal, (an estimated 1,200 feet on each side of the canal), reported Stanley B. Patterson, chief engineer, Wayne County Drain Commissioner's Office.
Bids for the work were taken earlier this month with the contract being awarded to the Sheppard Marine Construction Company, of Mount Clemens, in the amount of \$293,000 including engineering and contingency costs, said Woods City Administrator Chester E. Petersen. The total amount, excluding engineering and contingency costs, is \$253,284.54.
Mr. Patterson stated the cost will be paid from the drain funds of the Milk River Drain.
Last summer, The Woods Council adopted a resolution urging the Milk River Drainage Commission to take action towards preventing flooding conditions stemming from the river. At a January meeting, the solons accepted with pleasure a similar resolution from the Harper Woods Council.
Agree to Act
At a January 16 meeting of the Milk River Drain Inter-county Drainage Board, a resolution was unanimously approved by the board authorizing that action be taken.
Those okaying the measure were Stanley R. Quackenbush, chairman and deputy director in charge of Inter-county Drains, Michigan State Agriculture Department; Charles N. Youngblood, secretary, and Wayne County Drain Commissioner, and Richard Doherty, Macomb County Deputy Drain Commissioner.
The measure cites the fact that the canal is being eroded, with such erosion and sedimentation causing damage to public and private property in the right of way for the canal.
It notes that high lake levels occurring in combination with the pumping of storm water through the canal has caused flooding to private and public properties adjacent to the canal from Jefferson avenue to its outlets.

Slate Benefit Dance Concert

A benefit dance concert for Centerpoint Crisis Intervention Center will be held on Saturday, April 13, from 7:30 to 11:30 p.m. at the Grosse Pointe War Memorial.
Loose Caboose, Erasmus Hall and Dawn, three local bands, will be providing the entertainment. Tickets are \$2 each and are available at the door the night of the concert.
Further information can be obtained by calling 881-7744.
Center Fund Drive Now Underway
The Grosse Pointe War Memorial Center is celebrating its 25th Anniversary. The annual Family Participation Campaign for members to help maintain this unique community establishment is now underway. This year's goal is \$110,000; deemed necessary to balance the budget for the fiscal year beginning August 1.
Campaign Chairman, Frederick C. Ford, Jr. is hoping to announce successful completion of the Memorial Day when the Center honors those Pointers who died in the armed services.
Solicitation Letter
By now, Pointe families should have received in the mail the Center's combination solicitation letter and postage-paid remittance envelope, together with a small brochure picturing some of the Center's many educational and cultural activities and listing some of the programs and facilities the Center offers to the community: Family recreation and entertainment, youth programs, free loan of hospital equipment, accommodations for activities of community organizations, senior citizen activities, cultural enrichment, study opportunities and many forums and seminars.
The Memorial's lake front property and central mansion were given to the community by the Russell A. Alger family and the Fries auditorium and civic hall were the gift of William H. Fries. These gifts represent a multimillion dollar investment in the community.
The Center tries to keep fees and charges at a level which all Pointers can afford and still remain two-thirds self supporting. The War Memorial uses no tax monies or United Foundation Funds.
All residents are urged to become members of the Memorial Association and support the Center to the extent they are able.

Woods Police Officers, City Agree on Contract

By Roger A. Waha
What turned out to be a long process, which began when the Grosse Pointe Woods Police Officers Association, (GPWPOA), and the city entered into contract negotiations on the 35-member association's new pact last January 31, and which subsequently went into mediation and ultimately to binding arbitration on a GPWPOA request last July 5, reached its climax when the Tripartite Panel issued its final award Monday, February 18.
At a press conference Monday morning, March 25, at The Woods Municipal Building, information on the two-year pact, which runs from July 1, 1973, to June 30, 1975, (thus being retroactive), was released.
A major point of the new contract is the elimination, as of July 1, 1973, of the previous distinctions as to public safety premium pay and fire training bonuses and the establishment of a base wage for fiscal year 1973-1974 and fiscal year 1974-75. Officers previously received \$900 in premium pay for fire fighting duties under the 1972-73 pact, and had been receiving premium pay for some 15 years, it was reported.
Another point is the fact that the final salary awards for a four-year officer were less than the GPWPOA proposed.
For the first year of the pact, an officer will receive a base wage of \$14,272, plus...

To Iron Out Agreement On Parking

Hope to Clear Way for Start of Renovation of Old Section of Cottage by Deadline
By James J. Njalm
Representatives of The Farms Council and Cottage Hospital will meet tonight, March 28, at 8 p.m., at the hospital to iron out an agreement, which, if satisfactorily arrived at, will make it possible for the hospital to begin renovation of its old section before a March 30 deadline.
Cottage must agree to provide approximately another 149 parking spaces within its area before the city will approve a permit to allow the renovation of the old part of its building.
If terms are arrived at tonight, whereby the hospital must agree to provide the needed parking spaces for visitors, administrative staff and employees, the document can be signed tomorrow, March 29, and contractors will begin some form of work, to meet the Saturday, March 30, deadline for the renovation set by the Michigan Department of Health (MDH) and the State Fire Marshal's Office (SFMO) in East Lansing, according to John N. McNaughton, president of Cottage Hospital's Board of Trustees.
Put Under Pressure
Since August 1973, the hospital has been under pressure from the MDH and the SFMO to bring the older portion of the building up to present code standards and to do this within a reasonable amount of time.
On July 15 of last year, the city council adopted an ordinance which required that the hospital increase its parking spaces from 1 1/2 spaces per bed to two spaces per bed. This in essence made it mandatory that Cottage must provide at least another 149 parking facilities. With its new addition just completed, Cottage has a total of 189 beds, which means that it must provide 368 parking spaces.
It was disclosed at The Farms Council meeting on March 4, that under present conditions, the hospital is crowding 240 into 236 spaces.
Residents Unhappy
At a meeting held on Monday, March 25, postponed from March 18, a group of residents residing in Muir, Ridge, Lewiston and Mapleton roads, expressed apprehension of the hospital's intention to increase its parking facilities, basing their...

Main Library Has New Head

Recently appointed chief of Central Library is Arthur M. Woodford, 33, who comes to Grosse Pointe after being with the Detroit Public Library for over nine years.
Commenting on his new position, Mr. Woodford said that he was looking forward to working in a smaller library where there would be a greater variety of experience.
At the Detroit Library, Mr. Woodford was director of personnel and labor relations after being assistant director for three years. He also worked in the branch Detroit libraries and in the reference section of the science department.
Besides knowing where to file books, Mr. Woodford also knows how to write them. This week, his book "Detroit and Its Banks" will be released. The book, commissioned in conjunction with Detroit Bank and Trust's 125th anniversary, delves into Detroit's banking history.
Mr. Woodford attended the University of Wisconsin and Wayne State University. He received his Masters in Library Science from the University of Michigan.
Currently a resident of Royal Oak, he is married and has two children, Mark, 5, and Amy, eight months.

Farms, Hospital to Iron Out Parking Agreement
(Continued from Page 1)
fears that sometime in the future the hospital will again ask for a permit to expand its building facilities, and thereby will need more parking, under the two spaces per bed formula.
Mayor William Butler assured the citizens that this is not the situation, that the Farms will not allow the hospital to expand further, and that homes, other than those on the south side of Muir, will not be purchased by the hospital, or condemned by the city to create more facilities for parking.
At Monday night's meeting, the council adopted the first step in seeking a solution to the hospital's parking problem, when it voted to change the zoning of the land on the south side of Muir road, between Kercheval and Ridge road, from residential use to parking.
Cottage Hospital presently owns three pieces of property, one a vacant lot and two houses adjoining the lot, still standing. The occupants of the homes have been served with notices to vacate within 30 days, McNaughton said.
When these houses are vacated, they will be razed and the three lots will be properly cleared and graded, providing parking for about 40 cars. These vehicles will be "stack parked," hospital officials said.
The next step agreed to was a commitment by the hospital to purchase additional land on Muir, between Kercheval and Ridge to be used for parking, when and if owners are ready to sell.
Mayor Butler informed the concerned residents that Cottage Hospital will provide the funds for future purchases of the homes on the south side of Muir, with the monies jointly controlled by the Farms and the Hospital. If the houses cannot be purchased by the hospital within a reasonable time, the city will then assume control of the funds, then by its "power of eminent domain" condemn the remaining homes and buy them at reasonable prices.
Entire Block Involved
The mayor said that eventually the entire block will be used for parking for both the hospital and the Kercheval Business District. This use of the land is in accordance with the long-term goals for development of the community recommended by Villican-Leman and Associates, city planning consultants.
As part of the agreement, The Farms will issue a building permit to remodel the original hospital building to meet the current requirements set by the MHD and the SFMO.
During the renovation, Cottage has made arrangements for construction workers to park outside of the hospital neighborhood and not on city streets.
Three Phase Plan
McNaughton said at the March 4 council meeting, that the remodeling will cover three phases, that is, closing off one section, containing not more than 15 or 20 beds, a year, for a period of three years. This is the length of time it would take to bring the old section up to the safety code standards set by the MDH and the SFMO.
Stairways must be constructed where corridors dead end, and electrical wiring must be updated to present codes. While the construction is in progress, it will mean that about 20 beds will not be in use, thereby eliminating the need for 40 parking spaces.
McNaughton also said that during the course of the remodeling, the material will be stored in a fenced off section in Kercheval place and in the basement of the hospital.
First Bids Received
It was announced that bids have already been received for the first stage of the remodeling work which will start as soon as the Farms grants the permit.
The "old" hospital will be completely remodeled for the comfort of its patients. No additional beds will result from the renovation, it was added.

Proposal of Library Head Debated by School Board

By Kathy Duff
For the second time in as many meetings, School Board trustees called on the rug one of the school system administrators. On Monday, March 11, it was Ray MacArthur, director of business and finance, who was criticized for not buying commercial certificates from the same bank which gave the school system a \$6,000,000 loan.
Last Monday night, March 25, it was William Peters, director of the Grosse Pointe Public Libraries, who came before the trustees' firing line.
For several months, the new library director has pressed for affiliation with the Wayne County Federated Library. Even though membership would cost about \$14,000 annually (offset by a one-year federal incentive grant of \$6,600), Mr. Peters feels that the benefits including a greater book discount, processing and cataloging services and inter-library loans, would be worth the money.
The proposal had been discussed in special sessions of the School Board, and it looked like it would pass after Trustees William Huettnerman and Joan Hanpeter made and seconded the motion Monday night.
However, Trustee Donald Semmler announced that he did not see how the libraries were going to save any money and that, in fact, it looked like the library budget would go up \$14,000 a year once the affiliation was approved.
When asked where the savings would be realized, Mr. Peters said that there would be savings in the processing department, that the library might be able to operate with one less person, and that there would be a cut in hourly help.
While Mr. Peters was explaining the savings, Mr. Semmler continued to study the library budget and asked Mr. Peters from what accounts the savings would come. It was obvious that the library director had not expected to defend his proposal at Monday night's meeting, and he did not have the facts and figures to satisfy the trustees.
Mr. Huettnerman said, "I'm withdrawing my motion. Before, I heard how much we were going to save by affiliating, and tonight I am hearing that we are going to spend money."

Larceny Trial Is Adjourned

The Wayne County Circuit trial date for a 19-year-old Detroit man and a 26-year-old Detroit woman, both of whom are charged with two counts of larceny, has been adjourned from Monday, March 18, to Tuesday, April 2, Woods police reported.
Walter Durand Trombly and Sadie Mae Harris are both charged with larceny over \$100 on the first count and larceny in a building on the second count stemming from an incident last November 28.
At that time, both allegedly took numerous wrist watches from Bob's Drug Company, 21084 Mack avenue. The suspects were nabbed the same day by police, who then confiscated the watches and plastic watch containers.

GRANT LICENSE
The Woods Council at the regular meeting Monday, March 18, unanimously granted the issuance of a parking lot license renewal to Xavier Manzaroli, 21211-21215 Mack avenue.

The measure also cites the resolutions of The Woods and Harper Woods urging the Milk River Drainage District Board to take "all necessary steps for the installation of permanent sheet piling" to provide permanent protection against flooding conditions.
Mr. Petersen had earlier told the NEWS that for the last 10 years, his city has put in over \$400,000 worth of sheet piling along the Milk River. However, he said, this further sheet piling still needed to be installed.

Hertel Wins Senate Post As Voters Stay at Home

Democrat John C. Hertel, 27, of Woodside, Harper Woods, was the choice of Second District voters to fill

the unoccupied term of former Second District Senator Charles Youngblood, Jr., in the Tuesday, March 19, special election.

In the unofficial tabulation, Mr. Hertel polled 16,195 votes, while his opponent, Republican John Lauve, of Sunningdale drive, received 6,825 votes.

Voter turnout in the district, which comprises The Woods, Grosse Pointe Township, Harper Woods and portions of Detroit's east side, was reportedly light.

This "ho hum" response, however, was a slight improvement over the Tuesday, February 26, primary turnout in The Woods and GP Township.

In the primary, The Woods reported less than an eight and a half percent response, while in the special election over 13 percent of the voters went to the polls.

Meanwhile, in GP Township, the primary turnout was just over eight and a half percent but in the special election, 13 percent of the electorate went to the polls.

In Harper Woods, 10 percent of the voters "spoke" in the special election.

Of The Woods' 13,788 registered voters, 1,845 participated in the special election in which Mr. Lauve outpolled Mr. Hertel 1,391 to 454.

In GP Township, where 278 of the municipality's estimated 2,038 registered voters took part, Mr. Lauve outdistanced Mr. Hertel, 232 to 46.

Finally, in Harper Woods, 1,228 out of the city's 12,172 registered voters participated, with Mr. Hertel netting 969 votes to Mr. Lauve's 257.

Now, Mr. Hertel will serve the remaining term of Mr. Youngblood which runs to December 31, 1974. If he wishes to retain this seat, Mr. Hertel will have to run again in the August primary.

Mr. Youngblood resigned his seat over two months ago and is currently appealing his conviction on a charge of bribing a State official in a liquor license deal.

Warn Juveniles At Stonehurst

Six juveniles, four from The Woods and two from The Shores, received warnings from Shores police for trespassing on the Schlotman estate, Stonehurst, 501 Lakeshore road, Monday afternoon, March 18.

The youths, who were observed in the greenhouse by Corporal Chester Painter, were told to stay off the grounds. If they were caught on the property again, they would be taken to the station where their parents would have to pick them up, officers said.

This is the third reported incident which has transpired at Stonehurst. On Friday, March 15, police received a vandalism report where two greenhouse windows were smashed in the southwest building by stones. On Thursday, March 7, two palm type plants in clay pots, with a combined value of \$30, were taken from the greenhouse.

At that time, the culprits entered all six buildings in the greenhouse structure and pushed out numerous glass panels.

As a result of these incidents, Shores officers are giving greater attention to the estate. This paid off in the spotting of and warning to the juveniles. Guards at the estate also are remaining alert so further incidents can be avoided.

Corporal Painter said the greenhouse is a dangerous place to play around as most of the glass in the lower windows is broken. In fact, while he and Officer Dan Healy were talking to the youths, some glass from higher up the structure came sliding downwards causing the group to scatter.

Take Jewelry In Woods B-E

Thieves entered a New-castle "road" home Friday evening, March 22, and took several articles of jewelry before making their escape.

At the scene, Woods Public Safety Officer Michael Giffert spotted around six people standing in the driveway. A Detroit man, who went to the home of another Newcastle citizen who then reported the break-in, told the officer he thought someone was inside the home. However, a check proved negative.

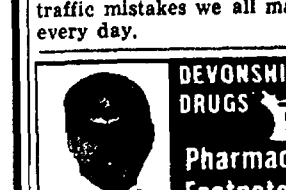

Police said the culprits took the contents from a jewelry box. These items included a "Linde" star sapphire white gold ring with a blue stone, valued at \$175, a pair of gold cuff links, of unknown value, and an Accutron-calender watch, silver with a white face, valued at \$150. The watch had a black Spidel expansion band.

A Sylvania color television set, valued at \$330, also was taken.

The thieves gained entry by breaking the glass portion of a side door, reaching in and unlocking it.

The burglary is under investigation by the Detective Bureau.

Burglary Suspects Nabbed Leaving Scene of Crime

An elderly Park woman, who asked that her name be withheld, kept her wits about her when she heard a noise on the first floor of her residence and promptly called the police. The responding officers apprehended two men as they were leaving the woman's Audubon road home.

Lt. Gordon Duncan said that the woman was alone on Saturday, March 23, and had retired at about 11:37 p.m. to her second floor bedroom, when she heard a noise downstairs. Taking no chances, she locked the bedroom door and called the authorities.

The lieutenant said that it was fortunate that she had locked the door because someone had turned the knob and attempted to enter.

Patrolmen Timothy Mink and Collin LaLonde arrived in one scout car, a brief minute before the arrival of Sgt. Thomas Martin and Patrolman Edward Serwach. Mink and LaLonde went to the rear of the building, Martin covered the front and Serwach the side door. The sergeant saw a light in the first floor kitchen.

As Serwach waited by the side door, two white males came out of the house and he promptly placed them under arrest. The suspects, surrounded by the policemen, had no chance to escape.

The suspects were identified as Kenneth D. Rimmer, 20, of 1107 Chalmers; and Gary A. Emery, 21, of 1178 Lakewood, both of Detroit.

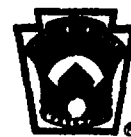

The policemen searched the subjects on the spot and found they had a two-inch plexi-glass cube with a rare coin embedded inside, and a man's wrist watch, which were identified by the woman as having been taken from her property. Also, inside the home, the officers found a plastic bag filled with other items belonging to the household. It is believed that the arrival of the police surprised the pair and they did not have an opportunity to take the filled bag with them.

Rimmer and Emery were arraigned before Park Municipal Judge John Ursio on Sunday, March 24, on charges of breaking and entering an occupied dwelling. They stood mute to the charge and the court entered a plea of

innocent for them. Judge Ursio set bond at \$5,000 two sureties each and ordered them held in the local cell until their examination, they were unable to post the ination, scheduled for bond.

MPPA to Hold Seminar In London April 10-18

The Michigan Professional Police Association is planning its first seminar since it was founded in March 1973, in London, England, it was disclosed by Park Patrolman Edward Serwach, founder and organizer of the Association and its first president. Membership is comprised of police officers from throughout the State.

This special seminar is designed to offer Association members the opportunity to participate in a program that will provide the ultimate in professional growth, Serwach said.

"Participants will be able to investigate the English Criminal Justice Systems. The seminar will be from Wednesday, April 10, through Thursday, April 18. The seminar supervisor will provide four two-hour formal presentations in the conference room of the Penta Hotel in London.

"Representatives from Scotland Yard, the Metropolitan Police Department, the

English Court and the Beef-eaters will be available on an informal basis to provide information regarding their respective departments," Serwach reports.

The rest of each day will be spent in direct studies approach in which the participants, with their families, can visit Scotland Yard, Buckingham Palace, Westminster-Abbey, the House of Parliament, or other places in London.

In each case, the Park officer said, arrangements have been made so that those who attend will be welcomed and guided by members of each department visited.

"Since this seminar will be during Easter Week," Serwach said, those who go may attend Westminster Abbey for Good Friday Services, or St. Paul Cathedral for Easter Services. No programs are scheduled for Friday, Saturday, or Easter Sunday.

"During these days, those attending the seminar, and their families, will be on their own to visit any of the sights of London, or, if they wish, spend a day in Paris, France, at an extra cost of about \$70 a person."

This seminar is designed to offer a good time in London and provide an excellent opportunity to learn about the Criminal Justice System from which our American System was derived, Serwach pointed out. There will be an abundance of free time to shop, dine or tour. All evenings are free to enjoy at leisure.

Arrangements have been made for Association members, their families and other guests to stay at the London Penta Hotel. Estimated cost for each person is about \$300.

Driver Selects Bar for Target

Two Detroit police officers, cruising by the Union Street Bar, 15012-6 Mack avenue, were eye witnesses to a motorist who crashed into the building housing the bar, located on the Park side of the avenue. The policemen pursued the driver and arrested him at Maryland and Charlevoix and then called Park authorities.

The Detroit officers, Patrolmen Jack L. Brinker and Frank Cusmano, informed Park Patrolmen Eugene Magnee and Richard Warren, they were cruising by the bar, when they saw a car, driven by a lone man, later identified as David J. Bay, 25, of 255 Eastlawn, Detroit, traveling east on the sidewalk on the south, or the Park side of Mack, from Wayburn avenue. The Detroit policemen said they saw Bay's car smash into the bar building, with the front end entering the edifice.

Brinker and Cusmano said they observed Bay extricate his vehicle, then drive east on the sidewalk to Maryland, then onto the street and continue on toward Charlevoix. Magnee and Warren took Bay to the Park station,

where the man failed a breathalyzer test, and he was issued a violation ticket, charging him with driving while under the influence of liquor. Patrolman Cusmano was the complaining witness.

Park Lt. Gordon Duncan said that prior to closing time, 2 a.m., the accused man Bay, was ejected from the bar because of rowdy conduct during which he had damaged some property.

After he was made to leave, Bay got into his car and then the planned accident occurred.

The lieutenant said that not only did Bay smash into the bar building, but the car also went through the floor inside, exposing the basement to view. However, Bay's car apparently was driveable, although there was considerable damage to it, and he tried to leave the scene, but was stopped by the Detroit policemen.

Damage to the building was estimated at about \$1,000, the lieutenant said. The extent of damage to Bay's auto is not known.

Woods Officers Two-Year Pay Pact

(Continued from Page 6)
also noting the elimination of premium pay.
Officer Fagan took exception to the statement in the final award on Woods officers ranking first in comparison to "comparable communities" regarding the citing of Fraser and The Shores. He said the GPWPO did

their own comparative studies of surrounding communities and felt "the award was not reflective of what we should be getting."
"We attempted to present other comparative studies such as Farmington, Oak Park, Huntington Woods and Dearborn but they weren't allowed to be brought in, possibly for geographical reasons," the officer continued. He felt only a very limited geographical area was considered on the comparative front.

In citing some figures, Officer Fagan said, Huntington Woods public safety officers, under a three-year contract, receive \$14,500 from January-December 1973, \$15,900 from January-December 1974 and \$16,832 from January-December 1975. He added that officers in Fraser under a 1973-74 pact receive \$14,700, and that Farmington officers receive \$14,550 salary under a 1974 contract and \$15,250 under a 1975 pact.

Benefits Please
However, the officer said he was happy with the benefits in the pact including a dental plan, which he termed a "major step." He stated, "In comparative studies we are one of the first departments to receive such a benefit." This plan will be included in the second year of the agreement.

Seventy-five percent of dental care costs are covered by the plan with an employee only paying 25 percent. The city pays a premium on the plan not to exceed \$240 a year per man. The plan is for an officer and his family.

The shift differential under the new contract is \$200, while under the 1972-73 pact, it was \$125. And officers now receive a \$225 clothing allowance and clothing maintenance allowance where under the old pact they received a \$200 clothing allowance.

The matter of the inclusion of corporals, (the city has three corporals), in the bargaining unit, and whether they should be included in the scope of the award, also was discussed. The award says the Association maintains the corporals are part of their bargaining unit and that the award is, therefore, applicable.

For its part, the city recognizes the association as representing the corporals, but has not bargained with them over their contract demands. The city, noted the award, has indicated its willingness to negotiate at the conclusion of these hearings.

Mr. Petersen said the corporals are recognized as part of the association's bargaining unit but the arbitration award didn't take in their contract demands because they were not part of the bargaining unit at the time arbitration was requested, (their demands were presented during the arbitration hearings).

Seven matters concerning non-economic issues raised by the Association were agreed to by the city and

were incorporated as part of the award.
One of these says it is agreed that Association members shall be permitted to donate one or more earned vacation days to another member of the same rank, who is on medical leave due to extended injury or illness provided that the following situation exists:

- The Association member who is on medical leave has utilized all of his sick leave and personal leave reserve, as well as any earned vacation time, and,

- The Association member who proposes to donate one or more of his earned vacation days shall sign a release form, as may be mutually agreed upon by both parties, which will guarantee the release of the employer from any obligation to such employee for payment to the individual member so donating any day or days for the benefit of another Association member.

Another matter says it is agreed that an employee's personnel record shall be reviewed after 60 months of satisfactory service and all disciplinary matters appearing therein shall be destroyed; nor shall any prior disciplinary action of more than 60 months duration be adversely used in any subsequent disciplinary action.

The probationary period for a new public safety officer has been reduced under the new pact to 12 months from the previous 24 months. The award says, "This clause shall be effective immediately as to public safety officers hired after the date of this award. As to existing probationary officers, probationary periods shall expire no later than six months from the date of this award." This reportedly affects four officers.

On the reduction of the probationary period, Officer Fagan said, "The Association is happy with that. It's very fair."

Grooming Code
Lastly, the award stresses that effective immediately the Association and city shall establish a revised grooming code which shall "incorporate specific standards such as hair and mustache length and sideburn width."

"We want to update such standards in a new code," the officer stated, while citing the apparent rigidity of the present code, dated February 6, 1973, in a departmental special order. He noted, for example, the "old" order says neatly trimmed mustaches are permissible; however, they shall not extend below the upper lip or beyond the edges of the corner of the mouth.

Besides Mr. Bloch, other members of the panel included Leonard R. Page, who represented the Association, and Frederick G. Hornfisher, City Comptroller-Assessor, who represented the city.

In the award, Mr. Page issued a dissenting statement on the corporal issue and the

Council Tables League Request

The Grosse Pointe City Council has tabled a request made by Richard Harrison, on behalf of the City Little League, that the group be allowed to renovate existing dugouts and erect new dugouts near the major and minor league baseball diamonds at Elworthy Field.

The Council so moved after Mr. Harrison's proposal provoked objections from four City residents who live near the field.

Mr. Harrison explained that the present dugouts constitute a health and safety hazard due to improper drainage facilities, and that the Little League needs dugouts to confine youngsters during games so they will not be injured by wayward balls or interfere with other players on the field.

The construction of the dugouts, he stated, would be done at no cost to the City.

The residents were mainly lobbying in favor of constructing the buildings so they would be allowed to see, from their homes, all the way through the dugouts, to make sure groups could not gather inside to drink or smoke marijuana, and that they would be able to check on their own children who often play there. From the site plan Mr. Harrison presented them, it appeared the dugouts would be closed on three sides, not allowing them the unobstructed view they wanted.

When Mr. Harrison indicated a willingness to revise the plans to comply with the residents' concerns, and as-

economic package calculations. He backed the Association's demand for corporals and his dissent on the economic package rested "solely with the majority's calculations as to just what constitutes the City's last best offer."

sured the Council that any action taken at the next regular meeting would allow the contractor ample time to complete dugout construction before the season's opener, the Council made their motion.

The proposal and site plans will be further studied by Mr. Harrison, the area residents and the City Manager, Thomas Kressbach.

Mason Scouts Set Derby Race

Mason School Cub Scout Pack #290 has announced plans for its annual Pinewood Derby Race Thursday, April 11, at 7:30 p.m. in the school's gym.

During the evening the Cubs will have the opportunity to race their home-made model cars against each other, with the top winners receiving special trophies to commemorate the event. The cars must be made by the boys themselves according to specific standards, with some "father help" permitted.

This event is one of the highlights of the Cub Scout's year and will be the last get-together for the Mason pack this season.

Time trials and official model car inspection will be held before the race Tuesday, April 9, at 7 p.m. in the school's gym.

At the Pack's Thursday, March 14 meeting, the following Woods boys received awards: Richard Crawford, of Anita avenue, a gold and a silver arrow; Todd Binkowski, of Hampton road, a Bobcat pin; Jim Wessenberg, of Hampton, a Bear badge, two silver arrows and a gold arrow; Tad Dickie, of Hollywood avenue, a Wolf award, a gold arrow and two silver arrows.

In addition, the following boys received their Webelos achievement pins: Greg Grove, of Vernier road, craftsman; Paul Sipe, of Van

Antwerp road, engineer; citizen, naturalist, scholar and sportsman; Eric Collis, of Beaufait road, citizen; Lester Klose, of Hampton, sportsman and aquanaut; Eric Berger, of Hampton, craftsman and scholar; Glenn Patterson, of Hampton, naturalist; and John VanGelderen, of Hawthorne road, outdoorsman and scholar.

On Sunday, March 17, the Mason Cubs visited the Cranbrook Science Museum and Planetarium as part of the monthly outside activities program.

It was announced at the March meeting that Richard Gross, of Anita avenue, will be the Pack's general chairman for the 1974-75 season.

Approve Horse Show at Club

A request from the Grosse Pointe Hunt Club's board of directors, regarding approval to hold the club's June Horse Show Tuesday-Sunday, June 18-23, was unanimously approved by the Woods Council at the regular meeting Monday, March 18.

The Club also requested that authority be granted in past years to allow parking adjacent to the Cook road fence and over the sidewalk. Kenneth F. Kahn, vice-president, said this area would be under supervision so no cars will project or obstruct moving traffic on Cook. The club also will assume full responsibility for any damage to the walk.

In his motion for approval, Councilman Conrad A. Naegele stipulated the club would be subject to any Department of Public Safety restrictions.

Parking Meter Case Adjourned

The case of a Grosse Pointe City man, who's charged with interference with the Public Safety Department stemming from a Saturday, March 2, incident, was adjourned in The Woods Municipal Court from Wednesday, March 20, to Wednesday, May 22, according to court reports.

Martin B. Potter, 38, of 301 Roosevelt place, requested to have his case heard before a jury and that is scheduled to take place on the 22nd.

In the March 14 edition of the NEWS, a "Letter to the Editor" from Mr. Potter was published stressing his "experience" after he was given a ticket for overtime parking on Mack avenue.

He then put pennies in some expired meters along Mack while walking in front of a meter maid.

He also expressed concern about his treatment "for such a minor incident." Mr. Potter said he was confronted by four scout cars, draped over the trunk of a car, held and handcuffed with his hands behind his back, searched and taken to the station, where he was fingerprinted, photographed and locked in a cell. He was subsequently released on \$25 bond.

Police said Mr. Potter fed about 10 meters and prevented the complainant, (metermaid Susan Thomas), from issuing meter violations, and preventing her from discharging her official duties.

Public Safety Director Henry Marchand told the NEWS in reply to Mr. Potter's statements that no one is brought into the station unless they are searched and handcuffed. This, he said, was for the protection of the officers and the defendant.

**City Council
Accepts Bid**

In action taken at the regular meeting of the Grosse Pointe City Council on Monday, March 18, the bid of Jed Products of Royal Oak, on the purchase and installation of parking control equipment for the municipal parking structure, was unanimously approved.

Three bids were reviewed by the parking committee, the architect and an electrical engineering consultant. The offer received by Jed Products, a net price of \$9,542, was deemed the lowest and best of those given, and the Council authorized that a contract in the form of a purchase order be drawn up.

It may be better to give than receive at Christmas, but Father has found out the cost is just about the same.

Batteries are rated by ampere hours—these count the time it takes for the battery to discharge to an inoperative level. The more plates a battery has, generally speaking, the greater its ampere-hour rating, the greater the reserve in the battery. A 12-volt battery rated at 60 ampere hours should discharge three amperes for twenty hours. The older the battery, the lower the ampere hour reserve.

State Record Set by Rodin

A new State record and four gold medals climaxed the A.A.U. swimming season for the DYC swim team.

In the Michigan A.A.U. State age-group championships, held Saturday-Sunday, March 16-17, in East Detroit for the girls, and Saturday-Sunday, March 23-24 in Grosse Pointe for the boys, the nine Pointe DYC'ers who qualified with AA times did very well.

This year, for the first time, Michigan children had to have AA qualification to swim in the championships. Even with that, over 1,800 entries participated in boys events and nearly that many in the girls.

Having placed 10th in the recent State High School Class A Championships as a freshman, Eric Rodin was primed to break the State record in the 13 and 14 year boys 100-yard breast event.

He qualified and won first place with a 1:06.2 but did not break the record, (he had swum the record time in the high school championships but had to do it in an A.A.U. meet to set this record).

Eric did a new State record for 13 and 14 year old boys in the 200 breast in the preliminary heat with a blistering time of 2:24.2. He also holds the State record for the 11 and 12 boys 100 breast.

A South High freshman, Eric then went on to win the 200 breast and collect his gold medal for the second time. He proved he's an all around swimmer by placing sixth in the 200 yard individual medley with a time of 2:17.9.

The other fine performance by a Detroit Yacht Club swimmer saw the presentation of two gold medals and five bronze in seven events.

These were won by 10-year-old Sara Brieden who proved she's a tough competitor every time she swims. She won the 100- and 50-yard breaststroke events for 10 and under, and collected a third for her 100-individual medley, a fourth for her 100 free, and a fifth in the 200 individual medley.

She teamed up with Mimi Storen and two Detroit teammates to place in the 200 free relay and 200 Medley relay.

Thirteen-year-old Laurie DeSantis placed second in the 200-yard breast, for 13, and 14-year-old girls, and third in the 100 breast. Her places and times are noteworthy in that she recently turned 13 and is in the bottom of her age-group.

Another "bottom of the age grouper" is Todd Lindheim who took a fifth place in the 200-yard free for boys 11 and 12 with a qualifying time of 2:08.0 and is still only 11.

The other Pointers—the DYC team was proud to have swimming in the championship but who did not place were Matt Sobieski, Bill Brownell, Dale Gannon, Nick Trost, Toby Lindheim and Sandy Fires.

WSU Fencer Mike Duika Sports A 'Flynnish' Sabre

Wayne State University senior Mike Duika, a South High School graduate, completed his collegiate fencing career by claiming third place in the sabre competition during the recently held Eighth Annual Great Lakes Championship. The host Tartars emerged victorious with a record 107 points.

Duika fashioned a 12-2 mark for the two-day tournament. He was unbeaten through the preliminary and semi-final rounds, dropping his first bout to teammate and eventual champion Steve Danosi in the opening match of the final round. The lanky Farms resident dropped one other bout, to Notre Dame's Sam DiFiglio, eventual runner-up.

It was Duika's first appearance in the Great Lakes Championship. Only a third-

Rockets 'Streak' To State Ice Title

In an action packed weekend of hockey, the Grosse Pointe Rockets sponsored by Dallas R. Kitchen Construction captured the State Class B Squirt Title, (9-10), held at Lakeview Arena Marquette, Mich., March 22-24, by winning five consecutive games.

The finest hockey teams around the State qualified for the meet by winning their district games. Those teams qualifying to compete in the tournament were Grosse Pointe, Southgate, Redford Township, Sterling Heights, Marquette, Houghton, Dearborn and Flint.

In a hard fought game the Rockets defeated the Sterling Heights Gremlins, 4-2, for the championship on Sunday afternoon. John Hackett tied the score early in the first period after the Gremlins took a 1-0 lead. Paul Kypros, Jeff Black and Mike Mollahan added the other goals. Kypros also had three assists and Hackett, two.

The defense was solid with Chip Barnes Mike Mollahan and Robert Kitchen keeping the high scoring Gremlins in check. Goalie Jeff Stenzel continued his fine play with a strong performance.

The Rockets opened the tournament by defeating Dearborn, 6-2, with John Hackett leading the team with a "hat trick" and Jeff Black adding two and Peter Grifo, one.

In other games, Marquette went down, 3-2, as Black led the attack with two goals, while Hackett tallied once. Flint fell next by a 4-2 count as Grifo, Hackett, Kypros and Mike Brown scored. In a semi-final game with the Redford Township Cobras, Paul Kypros led the team with a "hat trick" in a 5-4 win.

The Rockets were further honored by the selection of John Hackett, (left wing), and Mike Mollahan, (defense), to the all Tournament Team for their outstanding play in the event.

Bicycle Club Invites Riders

To add greater enjoyment to your spring, summer and fall, the Cadieux (Easy Riders) Touring Club invites Pointers to join their weekly bicycle excursions.

The club, which has around 50 members, will "hit the road" Sunday, March 31, for a tour of Chandler Park. Riders will meet at 1 p.m. at the park's Golf Course parking lot before starting.

Then, on Saturday, April 6, a tour of the Pointes is on the agenda. Everyone will meet at 1 p.m. at The Woods Municipal Building parking lot before leaving.

Other planned trips include Baldock Park, Saturday, April 13; Mount Clemens, Sunday, April 21, and Belle Isle, Sunday, April 28.

A single membership costs \$5 per year, while a couple membership runs \$7.50. The club reports that 100 members will fill its quota, so if you're interested in joining, you'd better "cycle fast."

Exhausting Police Work Nets Arrest in Shores B-E

(Continued from Page 1)
enterings, (42 through Monday, March 25), in The Woods since January 1," he said, while noting all last year the city had only 79 break-ins.

"Based upon their method of operation and other sources of information we felt at least part of the same group arrested in November were responsible," Agent Ferrence said.

This "method of operation" included entering homes in the early evening hours, usually by breaking out a door window to gain entry, and the theft of "small items" such as money and jewelry which are easily concealed in a pocket without the use of a vehicle for transportation.

"We then picked out who we felt would be the likely individuals," he continued. The surveillance was precipitated by a request from Shores Detective Sergeant Frank Mustazza, and with the assistance of Shores and Woods officers, it began on March 15. At that stage, police had a specific idea who committed the Putnam place burglary, i.e., the 16-year-old youth.

The surveillance entailed keeping this boy, plus his friends, in sight. It included five hours of work, from 6-11 p.m., on the 15th by Agent Ferrence, Sergeant Mustazza, Shores Sergeant Charles Wenrich, YSD Agent John Kendall and Woods Detective Donald Sun.

On the 16th, from 5-11 p.m., Agent Ferrence, Sergeants Mustazza and Wenrich, YSD Detective Donald Schmitt and Shores Officer John Frasad participated. Finally, on the 17th, from 5-10 p.m., Agent Ferrence, Sergeants Mustazza and Wenrich, Officer Frasad and Woods Officer Ronald Hayden took part.

However, Agent Ferrence said, the surveillance itself didn't prove fruitful as the youth and his friends were not observed to have committed a breaking and entering.

But on the 18th, Agent Ferrence had an opportunity to talk with the juvenile at North while at the school on another matter. When the youth was called to the agent's office for interviewing, he observed the boy wearing a pair of boots which matched the description of those taken from the Putnam place home.

When the description was confirmed, Sergeant Mustazza and Woods Public Safety Director Henry Marchand were informed. "It was the consensus of opinion to charge the youth with the minimum charge of possession of stolen property," said Agent Ferrence. He added the youth could not give an account of how he got the boots. And at the same time, the 15-year-old was arrested at North.

The school notified the parents of both youths, who were taken to the station.

"Based on information gathered from the investigation (the 16-year-old juvenile) was charged with the breaking and entering of an occupied dwelling. He was taken to the Wayne County Youth Home that night, (March 18), based upon the fact that the other charge was pending," Agent Ferrence said.

Meanwhile, the 15-year-old was released to his parents as he had no other charges against him.

Arrests at school are avoided as much as possible but police felt it was necessary in this case.

"The youth had the stolen property at the school. If this wasn't taken care of then, he could dispose of the property," said Agent Ferrence.

While there was no choice on the matter in this incident, the agent stressed, "We try to avoid making any arrests at school, if possible. It's disruptive of the educational process when an officer goes to school and arrests people."

"School officials have to be informed of what's tak-

ing place as we're treading upon their sphere of influence." The agent added North's Assistant Principal James Cooper was most cooperative in this instance.

In looking at this particular case, other questions arise. What penalty could the youth receive in Juvenile Court in comparison to that of an adult offender in a similar situation? And, from the standpoint of police work, what about the often agonizing process of surveillance?

While drawing a comparison between penalties, a hypothetical example was utilized between a juvenile and adult offender to make this matter distinct.

As previously noted, this 16-year-old youth allegedly committed a burglary while awaiting a hearing on a similar charge. In drawing a parallel, the agent said, "Take an adult, (17 or over), in the same situation as a juvenile who commits a burglary while out on bond for a previous break-in."

"Usually, his bond would be revoked on the first burglary and he would be remanded to the custody of proper authorities to await trial on the first offense." This adult, who, for purposes of this example, already has a couple of break-ins under his belt, could be put away on a burglary charge for up to 15 years.

But this penalty doesn't hold true for an offender 16 years or under. The worst such a youth could receive, depending on his record, would probably be placement at the Boys Training School, said Agent Ferrence. "His placement, (time-wise), would be substantially less than the possible 15-year sentence of his adult counterpart."

In this case, based upon his police experience and work in the YSD, the agent said the 16-year-old youth, with two burglary charges against him, would probably get probation.

Unless it's shown that a particular young person is an habitual offender, that a pattern of criminality is observed, the Juvenile Court would not place him at the school, noted the agent. "The court's philosophy is primarily rehabilitation rather than incarceration."

As for the process of surveillance, it may prove fruitful with any consistency only in the movies.

"Surveillance is time," said Agent Ferrence, a "sitting and waiting" process which often features cold coffee, if any coffee at all. "The odds that a particular surveillance will prove fruitful are slim."

But at the same time, a similar "modus operandi" was apparent in committing burglaries in this case, "so we just can't sit back and do nothing," he emphasized.

As a result, "You wait and sit around for something to happen until your eyes fall out of your head." Nonetheless, such an approach, depending on a specific case, may have to be taken on the chance it will pay off because one cannot "sit back and do nothing."

Sergeant Mustazza, who was in charge of the case, told the NEWS, "Without Mike Ferrence we couldn't have made the arrest. He worked diligently on the case and was on top of it." The sergeant stressed the combined efforts "of all concerned" in bringing the case to a successful conclusion.

Numerous articles also

have been recovered in the Putnam place incident.

As for the Woods burglaries last November, besides the 16-year-old, another youth was convicted of the breaking and entering of an occupied dwelling, and receiving and concealing stolen property with the disposition of his case scheduled for Tuesday, April 9. Still another juvenile had his case come back adjusted, which basically means he received an

admonishment, Agent Ferrence said.

Finally, three other youths involved in the November break-ins were placed on the YSD's counselling program.

Woods Studies Fee for Audit

The Woods Council unanimously referred a letter from Price Waterhouse and Company, regarding their price for the city's annual audit, to the Committee of the Whole for further study. This action took place at the regular meeting Monday, March 18.

In a letter to City Comptroller-Assessor Frederick G. Hornfisher, the company said it estimated its fee for the examination of the city's various funds, for the year ending June 30, 1974, will not exceed \$10,000. This is an in-

crease of \$1,750 over its 1973 fee and is based on the company's per diem rates for the time required to do the examination. The company also said during its 1973 examination, they found the accounting records to be "in excellent order and we noted no major weaknesses in internal accounting controls."

Mr. Hornfisher in a memo to City Administrator Chester E. Petersen recommended that the company be appointed as the city's auditors for 1974.

He also listed the cost of audits performed at other cities as follows: The Farms, \$10,000, 1974; The City, \$6,600, 1974; The Park, \$4,700, 1974; Harper Woods, \$12,000, 1974; Mount Clemens, \$16,800, 1974; Sterling Heights, \$23,000, 1974; Roseville, \$18,800, 1974; and St. Clair Shores, \$14,500, 1973.

Higher fuel costs are pushing up the price of electricity.

We produce most of our electricity by burning coal. The cost of coal is going up rapidly. Oil and natural gas are even more expensive. And they are in critically short supply. Almost 1/3 of our electric revenue is used to pay our fuel bill. So the rising cost of fuel is one more reason why the price of electricity is going up. You can't take electricity for granted anymore, but we'll continue to do our best to provide reliable electric service now and in the future.

Benefits of Belly Dancing
Highly Touted by Teacher

By Nancy Kramer

Forget all those shady notions you ever associated with belly dancing. As Virginia Batts, who'll teach a YWCA-sponsored course at the Grosse Pointe Unitarian Church, tells it, "belly dance is sensual, not sexy."

"It's an art," she further maintains. And like all arts, it possesses a history. Virginia has done plenty of research into the dance's collective past. It dates clear back to early man and is notably related to Stone Age fertility rites. "That's one reason stress is placed on the belly muscles, to commemorate life," she says.

The dance became a conglomerate of middle east cultures partially through the impact of sultans' harems being composed of various ethnic groups. Women from all different cultures were presented as gifts to a sultan. Bored with simply being a part of a harem, the girls would spend some of the time demonstrating their own native dances to fellow harem-members. Each would pick up on the different dances, always adapting it so as to make it her own.

"It's a very personal dance," Virginia states. "Today, you might see a dancer twice in the same evening but she will not perform the same dance both times. As the emotions change, so does the dance."

Motions performed in belly dance reek with symbolism and historical allusion. For instance, there's a sort of swaying back gesture referred to as the camel walk that is intended to simulate the animal that once meant everything to the Arabs. Another, "whirling dervish" movement is an attempt at imitating the pattern of the solar system. Proper interpretation of a dancer's hands can even clue one in as to whether or not a celebrity of sorts is among members of the audience.

Even costumes tell a story. Single Arabian girls in need of money to present a future husband would dance in the streets. Passers-by tossed coins her way and she would attach them to her clothes. "That's why many performers of the dance today wear coins on their costumes," Virginia explains. "But once the bride price was raised, a girl never danced publicly again. From then on, it became a private thing."

Virginia is the first to admit she was rather an unlikely candidate to fall victim to the mid-east, belly dance charm. "It really snowballed on me," she laughs.

Imagine Virginia, two years ago, a normally staid mother of David, then 19,

Charles, 14, and Tom, 11, out for a drive in Taylor with husband Howard. They notice a sign: 1,001 Knights. Curiosity grabbing the upper hand, Howard and Virginia enter to witness their first belly dance. She turns to him. "I've got to learn how to do that," she says to an unsuspecting Howard.

"You wouldn't," he gasps. "It was a typical male reaction," Virginia recalls, "but now he's my best critic. He comes to all my performances and has grown to love the dance as much as I do."

The place in Taylor has since burned down, but it set things rolling for Virginia. She studied for a year before her teacher suggested she dance professionally. She was reluctant, but did perform, going under the name of Randa, a small Lebanese flower. Even so, she doesn't dance a lot, preferring mainly to lecture on the subject and teach the intricate movements to others.

"Teaching the class at the 'Y' is so important because I'll be able to sway the more conservative people. I want to make the dance respectable; bring it out of the cellar."

Initially, the dance may be a little more strenuous and demanding than other forms of exercise because it utilizes muscles most women have allowed to become dormant. But Virginia feels the rigorous paces are well worth their trouble: "What you learn carries over into everyday life. You achieve poise and grace and feel more confident when your body is in control."

"Anyone can learn belly dance," Virginia maintains. "I'm a walking example of that. Barring serious health problems, I would say there's something in the dance for anyone."

Anyone, in this case, happens to include her granddaughter, 18-month-old Lisa. While Lisa's father, David, who's in the service, is stationed in the Philippines, daughter-in-law Anna is thinking about moving with Lisa to the Batts' residence in Beaconsfield avenue. "I can't wait to get my hands on Lisa," Virginia anticipates. "I'm just dying to teach her."

Virginia's YWCA course will be offered in two sessions, beginning next Thursday, April 4. One group will meet from 10 to 11 a.m.; the other, from 7:30 to 8:30 p.m. Fee for the course is \$25 and all interested persons should contact Allyson Hillis, at Woodward 1-9220, to register for the class. Be forewarned, however: Virginia Batts' enthusiasm is catching.

North Honors Athletes
At Sports Award Night

Tributes to the basketball team with the best record in the school's history high-lighted Winter Sports Award Night Tuesday, March 26, in North High School's auditorium.

More than 150 participants in basketball, swimming, cheerleaders and Timettes were honored, in the annual ceremony sponsored by the North Athletic Booster Club.

Under Coach Ray Ritter, 1974 Metro East Coach of the Year, the Norsemen won their third Bi-County League basketball championship in six years with a 13-1 mark. Along the way they set three new school records, with a best ever overall record of 19-2, 17 consecutive wins and the least points allowed in a game, 27.

Ritter, who won Class A district titles in 1970-71-72, and whose 1974 team was ranked in the State's top 10, presented varsity awards to many players.

They included co-captains Gerry Humes and Dave Chapman, Chip Alexander, Bob Beyer, Jim Everett, Jim Fisher, Mark Johnson, Bob Kepler, Tom Lasher, Jim Marshall, John Meier, John Puleo, Bob Thomsen, Norm Thomsen and Doug Ulmer. All are seniors except Everett, Fisher, Johnson and Marshall.

Humes was named third team All-Metro and first team All East Side. He and Chapman were named All Bi-County and Kepler and Puleo were honorable mention All Bi-County. The team named Humes Most Valuable, John Meier Most Improved and Norm Thomsen received the Coach's Award. Roy Matchko is assistant varsity coach and the cheerleaders are John Grizzo, Bob Hryciuk, Dave Hoerner and Rick Quinn.

The JV record under Coach Matchko was 19-1. The co-captains were Phil Humes and Cliff Morehead.

North varsity swimmers also were champions of the Bi-County League, with an 8-3 record, while setting three records. Scott Veil's 1:49.2 in the 200-yard freestyle and his 4:59.5 in the 500-yard freestyle were new marks both for a Norseman swimmer and for the Bi-County. Tom Hellstrom's 267 points in diving is an all-time North varsity best. The team took third place in the Battle Creek Cereal Bowl Relays and fourth in the Royal Oak Kimball Relays.

Coach Tom Teetaert presented varsity awards to co-captains Mark Craig and Scott Veil, John Brown, Bill Dimond, Tom Filgo, Shawn Garman, Mark Gerganoff, Jeff Gross, Tom Hellstrom, Jeff Hinks, Fred Klingbell, Hank Kuhlman, Brian Lowery, Jim Moore, Doug Ottens, John Reinhard, Chuck Riddle, Matt Savage, Tom Scherr, Matt Sobieski and Eric VanHee.

All Bi-County honors went

to Bill Dimond, Mark Gerganoff, Chuck Riddle, Mark Craig, Tom Filgo, Scott Veil, and Jeff Gross. The team named Scott Veil Most Valuable and Mark Gerganoff Most Improved. Bill Dimond won the Coach's Award. Roy Pouliot is assistant varsity coach and Louis Neuder is manager.

The JV swimmers, coached by Pouliot and captained by Paul Halsey, compiled a 4-1 record. Their Most Valuable was Paul Halsey and Most Improved was Dan Couvreur. Varsity cheerleader awards were presented by sponsor Linda Ritter to co-captains Nanette Filippelli and Marie Jara, Kirby Berns, Lynne De-Claire, Sheryl Duster, Mary Jo Miserendino, Chris Peleman and Leslie Rauhen. Nanette Filippelli and Marie Jara were named Most Valuable and Mary Jo Miserendino, Most Improved.

JV cheerleader awards went to co-captains Karen Martin and Dena Shelton, Kathy Allen, Cheryl Hamilton, Cindy Jevons, Maria Perez, Kristin Queen, and Cindy Hoffman. Karen Martin was JV Most Valuable and Kristin Queen was Most Improved.

The Timettes were sponsored this year by faculty member Chris Brodey. Their co-captains were Sally Hubbard and Ann Curtis. Secretary was Peri Mavian and treasurer was Sue Reinhard.

North's Director of Athletics, Ed Wernet, made special mention of the Timettes in the awards ceremony. "Speaking for myself and the coaches, you should all know what a vital part these girls play in the development of our winning tradition at North. Their skill and dedication in recording hundreds of split-second timings in practice and in competition make a contribution we can hardly measure. They're truly a part of our team effort."

Tom Lusk, director of athletics at Fraser High, and president of the Bi-County League, presented the League championship trophies for basketball and swimming. Robert Reese presided as president of the North Athletic Booster Club.

Woods Opposes SS Registration

The Woods Council received two resolutions from the City of Dearborn at the regular meeting Monday, March 18, and on one, proposed a similar measure expressing opposition to the registration of voters by the Secretary of State, (SS).

As for the other resolution, focusing upon tax deductions for public service employees, it was unanimously referred to the Committee of the Whole for further study with a report back to the council. Councilwoman Joan M. Mullan, who proposed the voter registration measure, said she prefers that such registration continue at the local level.

A copy of The Woods' measure will be sent to members of the legislature. Finally, the council also unanimously referred a resolution centering upon positive tax deduction and incentives for car pool operators to the C-W for further scrutiny.

This measure was offered by Richard E. Manning, chairman, Energy Conservation Council, Wayne County Board of Commissioners, to the National Association of Counties' Legislative Conference which ended February 28. Mr. Manning requested the solons' support on this matter.

While on tour with the "Holiday on Ice" show and traveling from state to state, Corinne said that she found the work hard, but rewarding.

Having her fill of show life, Corinne has returned to teaching because she feels that it is more rewarding. She is also attending Macomb County Community College.

"Springtime on Ice" will be at 8 p.m. on Saturday and at 2 p.m. on Sunday. The other performers, ranging in age from three to 40, are persons receiving group or private lessons at the Fraser ice rink.

Spring has finally arrived, at least according to the calendar, and it will soon be time to start getting the garden prepared and the lawn fertilized. Before these outdoor chores take up all of your spare reading time, I would like to recommend a half-dozen new novels available at your Grosse Pointe Public Library.

COMMAND A KING'S SHIP, by Alexander Kent is the fourth novel of the career of Richard Bolitho, a worthy successor to C. S. Forester's immortal Horatio Hornblower. In 1784 Bolitho, Captain of the English frigate "Undine," is ordered to India where he learns that Britain hopes to strengthen an outpost in Indonesia, a valuable link between India and the relatively untapped resources of the China seas. Bolitho comes up with a daring plan to rid the British settlement of enemies who include a native pirate. Kent is at his best in describing sea battles and once again he brings his hero through safely, victorious against great odds.

A military novel of today is William D. Blankenship's THE LEAVENWORTH IRREGULARS. Three "graduates" from the Army prison at Leavenworth, (for reasons having mainly to do with corruption or incompetence of higher-ups), decide to take their revenge by stealing the half-million dollar monthly payroll from Fort Riley, Kansas. The trio set off to obtain the money via torture and murder, learned too efficiently in Vietnam. Unfortunately, Master Sergeant Moody, who is involved with the post's crooked commanding general in everything from loan sharking to extortion, figures out the plot and takes chase. Not only is this an exciting tale, but apparently the crooked army personnel is taken from real life... one more footnote to America's most unpopular war.

In the same exciting tradition as her MESSAGE

FROM MALAGA, Helen MacInnes weaves a web of suspense and desperate love in her latest novel THE SNARE OF THE HUNTER. It does not take Trina Kusak long to realize she is a fugitive, a prey of ruthless hunters. From the moment she flees across the Czechoslovakian border into Austria to find her father, a Nobel-prize winning novelist in hiding, suspicion and fear become Trina's constant companions as she comes up against forces she could not have dreamed about in her worst nightmare. This is a novel of breathtaking pace.

Like Helen MacInnes, Constance Heaven uses Austria as the locale in her CASTLE OF EAGLES. Mid-nineteenth century Austria with a flurry of cotillions, a passel of brilliant musicians, and a frosting of snow-covered mountains is the setting for this light romance as beautiful, young English orphan Lisa tries to decide if she is in love with student revolutionary-pianistic genius Rudi—or perhaps it is Rudi's uncle, with his aristocratic bearing and mysterious past, whom Lisa really loves—or maybe it really is Rudi after all! A Viennese pastry for readers on the Heyer diet.

THE PARTNERS is Louis Auchincloss' newest novel and is certain to make the best-seller list. The author of THE EMBEZZLER and THE RECTOR OF JUSTIN has written again of the fascinating work he knows so well: of lawyers and of the people in whose service they may gain riches and prestige. Within that bond each one pursues different answers to the search for money, power, love, revenge or a meaning in life. THE PARTNERS is a portrait done with consummate skill and exhibits Mr. Auchincloss' talents at their urbane and polished best.

Another title which may very well become a best seller is WATERSHIP DOWN by Richard Adams. This tale, set in the rolling hills and dales of England, is written in the great tradition of Grahame, Orwell, C. S. Lewis, and Tolkien: of fantasy and allegorical literature. The characters in this novel are animals—wild rabbits. When Fiver senses disaster about to strike the home warren, a group of pioneers, led by Fiver's brother, Hazel, strike out for a new home and a new society. The group reaches Watership Down only after racking hardships, narrow escapes and a bizarre sojourn at a sinister warren of welcoming fat rabbits who withhold their dreadful secret of inevitable execution.

The major battles, however, are fought against the dictator rabbit General Woundwort and his secret police. Right and democracy triumph through supreme strategy and mighty sacrifice. Adams' rabbits are warm companions and the story is filled with appealing and even moving touches: inventive rabbit/folk stories of that arch-imp, the demi-god El-ahrairah, poetry, a gull with a French-Canadian accent, a mouse clattering in organ-grinder Italian, and anagram titles from rabbit law and tradition. This is a very special novel that may not appeal to everyone, but then again it may turn out to be another JONATHAN LIVINGSTON SEAGULL.

The gala affair combined with a buffet dinner-dance is sponsored by the Grosse Pointe Symphony Women's Committee to benefit the Grosse Pointe Symphony Orchestra.

Mrs. Lyndle R. Martin, chairman, and her committee have been gathering promised items for weeks. They range from art treasures, (some heirlooms), to an exercising bicycle.

Music lovers will delight in an unusual bound collection of operas and music from 1848 to 1860, including two original compositions by Stephen Foster.

A framed greeting inscribed by Ignace Jan Paderewski is another rarity.

A hand-painted porcelain medallion is among the fine jewelry pieces being offered, and a selection of original paintings and choice bric-a-brac is included in the catalog.

The auction also offers professional services, such as a gourmet dinner for eight people, a harpsichord recital, maid and butler service, an oil portrait and the drawing up of a will.

Felix Resnick, conductor of the Grosse Pointe Symphony, will share the podium at the orchestra's spring concert with the high bidder on a chance to conduct "Stars and Stripes Forever."

Bass drum sticks will be handed to a co-bidder for a

"big beat" chance. Dispersing the promises will be auctioneer Lawrence F. DuMouchelle. Mark C. Stevens will preside as master of ceremonies.

Subscription cocktails begin the evening's activities. Auction time is 8:30 o'clock. Dancing follows, to the music of Chet Bogan and his Wolverine Jazz Band, ending at 12:30 o'clock.

Donation for the entire party is \$15 per person. Reservations may be placed by calling Mrs. William G. Self, 886-0421.

The film begins at 9:45. Ticket-holders have been invited to dress a la Gatsby for the occasion.

Last Lecture-Open Rehearsal

It's possible to sandwich in a "live" performance between the two film premiers too, for the final Junior Women's Association for the Detroit Symphony Orchestra-sponsored 1973-74 Lecture-Open Rehearsal is scheduled for Wednesday afternoon, from 1 until 4:30 o'clock.

That leaves a long morning free to sleep in after the "Mame" celebrations, and plenty of early evening time to get in costume for "Gatsby."

Wednesday's program at Ford Auditorium will feature Aldo Ceccato, the Orchestra's principal conductor, and guest pianist Michele Campanella rehearsing Ravel's Rapsodie Espagnole, Stravinsky's Symphony Number One and Bartok's Piano Concerto Number Three.

Ruth (Mrs. Robert) Kaiser, of Merriweather road, will give another of her brilliant lectures before the rehearsal begins.

Ticket prices remain a remarkably low \$2 for adults, \$1 for students, senior citizens and groups of 20 or more.

It's Been A Lovely Summer

While we've all been fighting winter, Mrs. Wilber M. Brucker has been having a lovely summer down in South America, journeying from Machu Picchu to the Chilean lakes.

Her month-long traveling itinerary included seven countries. Then, on her way home from the Andes, unable to bear the thought of arriving in icebound Michigan, she stopped off in Florida for a 10-day visit with Mrs. Reginald Murphy.

Mrs. Brucker is back in Vendome road now. And spring is just around the corner.

A Sign Of Spring

Speaking of spring... the Tau Beta Geranium Sale is underway now, and will continue through April 17, with plant delivery scheduled for Saturday, May 11—in plenty of time for Mother's Day giving—at the Country Club Polo Field.

Order forms are available at The Book Shelf on-the-Hill and from Sale chairman Mrs. Wallace G. Harper at 884-2724.

Symphony Reveals 1974-75 Schedule

Advance Orders for Subscription Concert Series Are Now Being Accepted; Guest Artists and Conductors Announced

The 1974/75 subscription concert season presented by the Detroit Symphony Orchestra in Ford Auditorium will be highlighted by a combination of the dramatic programming of Aldo Ceccato, auditorium acoustic and aesthetic improvements and an impressive roster of internationally famous guest soloists and conductors.

Maestro Ceccato will be on the podium to open his second season as Principal Conductor September 19 and will conduct 13 weeks during the 25-week subscription season according to DSO Executive Director Marshall W. Turkin.

Fifty-five subscription performances consisting of 26 pairs of programs and three single performances will be presented between September 19 and April 24, 1975.

In addition, four pairs of Young People's Concerts will be offered.

Planned completion of the forestage canopy and stage side walls plus the installation of new seats and carpeting will provide new images of sight and sound.

These latest additions are part of the continuing program to update Ford Auditorium and create an acoustic and aesthetic setting worthy of one of the world's finest orchestras.

Guest conductors will include the renowned Music Director of the Pittsburgh Symphony William Steinberg, making his debut appearance at Ford Auditorium with the Orchestra, and former Detroit Symphony Music Director Sixten Ehrling who will conduct two pairs of subscription concerts next February.

Paul Freeman, Detroit Symphony conductor-in-residence, will be on the podium

for a pair of subscription concerts and a Sunday afternoon Kresge Omnibus Family Concert.

Return conducting engagements by Morton Gould, Georg Semkow and Gunther Schuller are scheduled, and making their Detroit Symphony conducting debuts will be Kazuyoshi Akiyama, James DePreist and Lawrence Foster.

Three Detroiters will return to their home town to appear with the Orchestra next season. They are violinist Charles Treger, soprano Mary Lindsey in her Detroit Symphony debut and pianist James Tocco.

The piano artistry of soloists such as Emil Gilels, Rudolf Firkušny, Claudio Arrau, Vladimir Ashkenazy, Alexis Weissenberg, Agustin Anievas, Lorin Hollander, Maurizio Pollini, Christoph Eschenbach, Alfred Brendel and Malcolm Frager will be featured throughout the subscription season.

Guest pianists making their Detroit Symphony debut appearances are Walter Klien and Marta Argerich.

Among violinists who will appear as concert soloists are Pinchas Zukerman, Kyung-Wha Chung, Leonid Kogan and the Orchestra's concertmaster Gordon Staples.

Other soloists scheduled to appear next season are Leonard Rose, cellist, Lucero Tena, castanet virtuoso and dancer, and soprano Elisabeth Schwarzkopf. Choral groups and additional soloists will be announced shortly.

The Detroit Severo Ballet Company will perform in a full concert-length production of Tchaikovsky's "Nutcracker" ballet with sets and scenery.

Major works to be performed next season include Janacek's "Glagolitic" Mass, a first performance by the Detroit Symphony Orchestra conducted by Aldo Ceccato and featuring soprano Janice Yoes, contralto Lili Chookasian, tenor Henry Grossman and bass-baritone Ara Berberian.

Ms. Yoes and Mr. Grossman will be making their Detroit Symphony debut appearances.

Sixten Ehrling will conduct the first Detroit Symphony performances of Mahler's Symphony No. 7.

First performances of Stravinsky's Symphony of Psalms and Ravel's "L'enfant et les sortilèges" will be presented under the baton of Aldo Ceccato.

Gunther Schuller's Suite from "Treemonisha," a work drawn from the Scott Joplin opera and scheduled to receive its world premiere at Tanglewood this summer, will be conducted by the composer.

The final concert of the season will feature a work by Heuvel Turcut which has been commissioned by the Detroit Symphony.

Also featured next season will be the beginning of a survey of works by Brahms as well as commemorative works and programs presented in honor of Schoenberg, Ives and Ravel.

Season ticket purchasers will have nine series from which to choose, ranging from the four-concert Zodiac series presented in co-operation with Wayne State University on Friday evenings to the full 20-concert Royal or Elite series on Thursday or

Saturday evenings.

Other series are NBD Coffee Concerts, five Friday mornings presented in co-operation with National Bank of Detroit, the popular Sunday afternoon six-concert Kresge Omnibus series, the 12-concert Laureate Series on Thursday nights; the 12-concert Impresario series on Saturday evenings and the eight-concert Sampler series available either Thursday or Saturday evenings.

A 10th series of Young People's Concerts offers four Saturdays at a choice of 11 or 2 o'clock performances.

Designed for special appeal to youngsters ranging from kindergarten through third grade these Young People's Concerts will feature "A Day at the Circus" October 12, the opera "Hansel and Gretel" produced by the University of Michigan Opera December 14 and an "Un-Birthday Party" program in honor of everyone's natal day at one gala February 22 celebration. The festive birthday musical salute will be conducted by Paul Freeman.

The final Young People's Concert of the season, titled "Happiness is..." will be conducted by Aldo Ceccato.

No upward adjustments have been made in any season ticket prices.

Special half-price student admissions for Zodiac concerts will again be in effect, as will the family rate for Kresge Omnibus concerts. The latter allows purchasers of two full-price adult seats

to buy additional seats for junior or senior family members at half-price.

Prices start from as little as \$4, (Young People's series), \$10, (Kresge Omnibus or Zodiac Concerts), \$13, (Coffee Concerts); and \$20, (Thursday or Saturday evening) for a subscription series.

Kresge Omnibus "family plan" or Zodiac Concert student rates are as low as \$5 per person for an entire series.

Kelly Girls Visit Hospital

For the third consecutive year, a bit of Irish joy was brought to the children confined in pediatric departments in Detroit area hospitals. Girls from Kelly Services, Inc., a company which provides part-time clerical and light industrial help, visited Bon Secours Hospital during St. Patrick's Day week.

The girls, along with Skip-It the Clown, distributed candy, balloons and comic books to the young hospital patients while entertaining them with blarney and music.

Miss Gentz Bride Of Bruce A. Baker

Pair at Home in Royal Oak After Toronto Vacation; Evening Rites Are Followed by Reception at Hillcrest Club

Exchanging marriage vows at a double ring ceremony Saturday, February 9, were Karen Louise Gentz, daughter of Mr. and Mrs. William P. Gentz, of Willow Tree place, and Bruce Alan Baker.

Dr. John Olert, Jr., presided at the 6 o'clock rites in Grosse Pointe Woods Presbyterian Church.

After a reception at Hillcrest Country Club the newly-

weds left to vacation in Toronto. They are making their home in Royal Oak.

Re-embroidered Alencon lace appliques accented the bodice and skirt of the bride's candlelight satin-backed crepe gown. Matching lace edged her veil.

She carried a cascade of Sweetheart roses, stephanotis and ivy.

Carrying nosegays of pink and red rosebuds with white baby's-breath were honor maid Laura S. Gentz, the bride's sister, and bridesmaid Janet Baker, the bridegroom's sister.

Their geranium red crepe frocks featured pink collars and cuffs, and they wore large picture hats.

The bridegroom, son of Mr. and Mrs. Russell Baker, of Farmington, asked Jon Pusey to act as best man. Seating the guests were David Baker, the bridegroom's brother, Barney Pollard, Jr., and Ronald Faber.

Out-of-town guests included the bride's grandparents, Mr. and Mrs. Paul Gentz, former Ballantyne road residents who now make their home in Fort Lauderdale.

William Martin To Claim Bride

Mr. and Mrs. Robert W. Shaffer, of Rochester, announce the engagement of their daughter, Kathryn Ann, to William H. Martin, son of Mr. and Mrs. William G. Martin, of Cuyahoga Falls, O., formerly of Grosse Pointe.

Miss Shaffer, a 1970 graduate of Clawson High School, will graduate in May from Central Michigan University.

Mr. Martin, a graduate of Grosse Pointe South High School and Central Michigan University, is currently a teacher in Durand, Mich.

A late June 29 wedding is planned at the University Presbyterian Church in Rochester.

DAR to Study Quilt Patterns

"The Romance Of Old Pattern Quilts" will be discussed by Mrs. Charles H. Sutton at the Elizabeth Cass Chapter, Daughters of the American Revolution, meeting Monday, April 1. The members of the chapter will gather at the home of Mrs. Marvin Putnam, 10689 Peerless, Detroit, at 12 noon for a dessert luncheon.

The guest speaker, who is a past regent of the Ezra Parker Chapter, DAR, has been interested in the making and the history of quilts for the past 50 years. She was 10 years old when she made her first quilt blocks.

Mrs. Sutton was born and raised in Missouri where quilt making played an important part in the life of the people. Both of her grandfathers were veterans of the Civil War, and during the war, Mrs. Sutton said that thieves on horseback roamed the countryside and frequently robbed the residents of their quilts and livestock.

Members of the Elizabeth Cass Chapter have been asked to bring their favorite quilts to the meeting.

Sunday Movie For Alliance

The Grosse Pointe Alliance Francaise will present a comedy film Le Caporal Epingle (The Elusive Corporal), in the University Liggett School Auditorium Sunday afternoon, March 31, at 3 o'clock. Dialogue is in French, with English subtitles.

This 1962 movie directed by France's Jean Renoir tells the often farcical story of two World War II prisoners of war and their repeated attempts to escape.

Jean-Pierre Cassel and Claude Brasseur play the principal roles.

Jean Renoir already had 35 feature pictures to his credit when he masterminded The Elusive Corporal. He acquired a solid reputation in the movie world in the '30's with such achievements as The Lower Depths, La Grande Illusion, The Rules of the Game and Toni.

Critical comments on The Elusive Corporal include the following: "A very funny film but also a very moving one, in which Renoir catwalks the tragic-comic line with delicate balance," "one of the most delightful of comedies," "Jean Renoir, the grand old man of France's movie-making,

proves once again that he is definitely grand and far more youthful, perceptive and effective than most of the young men who have followed him in the film field."

The movie is free to members of the Grosse Pointe Alliance. Guests are asked to contribute a \$1 donation.

Bill Brammer To Take Bride

Mr. and Mrs. Walter J. Pask, of Detroit, announce the engagement of their daughter, Barbara Anne, to William Evert Brammer, son of Dr. and Mrs. Forest E. Brammer, of Devonshire road.

A summer wedding is planned.

Two Pointers Head U.F. Healthorama '74

The seventh annual United Foundation Healthorama begins this week, bringing more than 20 free health tests to the greater metropolitan Detroit community.

Testing of 500 adults a day will begin today, Thursday, March 28, at 9 a.m. and run through Sunday, March 31, at the League for the Handicapped-Goodwill Industries branch building, 6522 Brush street near grand boulevard.

Plans for the event were announced by John H. French, Jr., of Merriweather road, chairman of the board of City National Bank, and H. Clay Howell, executive vice-president of the United Foundation.

Mr. French serves as voluntary president of the United Health Organization, a Torch Drive agency which co-sponsors Healthorama along with Women for the United Foundation.

Mr. French said, "Healthoramas are meant to promote preventive medicine by encouraging regular health checkups. If an individual thinks a definite medical problem is present, he should see his doctor. Our tests are intended for well people without specific complaints of illness."

Statistics from the 1973 Healthorama showed that more than 37 percent of those attending had not had a complete physical in more than five years.

Among tests offered are urinalysis for kidney malfunction and diabetes, hearing examinations, eye tests for glaucoma, blood checkups for anemia and sickle cell anemia, and other illnesses. Tests will be given for heart

diseases, blood pressure and mouth and throat abnormalities. Cervical cancer (Pap smear) tests will be available for women.

Educational and scientific exhibits focusing on health and social problems will be part of Healthorama. Included will be drug and alcohol abuse information, help and understanding for the aged, information on speech and hearing difficulties and referrals to agencies to help with these and other problems.

Individuals whose test results are abnormal for any phase of screening will be referred to physicians for more precise tests and examinations.

Record Gifts for Symphony

Support for the Detroit Symphony Orchestra through its 1973 Quest for Excellence Fund campaign brought an all-time high of \$1,350,142.90 from 2,310 contributors, according to Harold G. Warner, past executive vice-president of the General Motors Corporation and general chairman of the 1973 campaign. Numbers of contributions increased 63 per cent as a result of an all-out effort to broaden the base of support, while the dollar amount increased about 4 per cent in 1973.

The results included the successful second matching of a three-year Kresge Foundation Challenge Grant. The foundation agreed in 1972 to establish a grant of \$150,000 annually for each of the following three years provided the Orchestra would secure at least 150 gifts of \$1,000 or more from individuals. More raised in 1973 is attributable than \$360,000 of the total to the Kresge Foundation grant program, which continues to help broaden the Orchestra's support base.

Another successful matching grant program, inaugurated in 1973, came through an anonymous \$25,000 grant to help the Orchestra increase the numbers of contributions at the \$156 basic contributing

membership level. Almost \$45,000 of the 1973 total, and 185 new names in the basic contributing membership category, are attributable to this generous grant.

Mr. Warner emphasized the importance of understanding that no symphony orchestra can exist on income from ticket sales. He said, "The future of every major American orchestra is directly related to the willingness of the home community to share more widely the financial responsibility of maintaining such an organization."

"The fundamental objective of the Quest for Excellence campaign is to help cover the difference between the Orchestra's earned income and expenses, a gap of some \$1.5 million annually."

Total operating costs for the Detroit Symphony Orchestra last year were almost \$3 million, although at least 10 other United States orchestras had higher expenses, six of these in excess of \$4 million.

Symphony president Robert B. Semple added that the Orchestra's trustees decided two years ago that the only realistic course towards maintaining the Detroit Symphony as a top caliber orchestra was to double annual contributions.

Pianist to Star at Symphony

Gina Bachauer, for over two decades the "queen of the piano," returns to Ford Auditorium for a pair of concerts with the Detroit Symphony Orchestra this Thursday evening, March 28, at 8:30 o'clock and Friday morning, March 29, at 10:45 o'clock.

She will perform Mozart's C minor piano concerto (K. 491), with the Orchestra under the direction of its Principal Conductor, Aldo Ceccato.

Also on the program will be the first orchestra performances in Detroit of Giovanni Gabrieli's "Canzona duodecimi toni" and Frank Martin's Concerto for Seven Winds, Strings, and Percussion. The program will conclude with Strauss's tone-poem, "Till Eulenspiegel."

Friday morning's concert will be the fifth in the season's series of NBD Coffee Concerts.

Miss Bachauer first appeared with the orchestra in February 1954, and has returned many times since. Born in Athens, Miss Bachauer studied in Paris with Alfred Cortot, and later with Sergei Rachmaninoff. She

made her New York debut in 1950 and has become a world-wide favorite, traveling over 100,000 miles every year to pursue her concert and recital career.

Gabrieli's "Canzona in the twelfth tone" was composed for the brilliant antiphonal brass choirs of St. Mark's Church in Venice. Mozart composed his concerto to perform himself.

Martin, a Swiss born in 1890, wrote his concerto for the Bern Music Society Orchestra in 1949.

Strauss's "Till Eulenspiegel" has entertained audiences with its merry pranks since 1895.

The NBD Coffee Concert Series is presented in cooperation with National Bank of Detroit. Coffee and pastry are served at 9:30 a.m. and a showing of mother-daughter fashions for Easter will be presented by Crowley's immediately preceding the concert this week.

Group discounts for the Friday morning concert are available at all NBD offices.

Night concert tickets are available at Ford Auditorium Box Office (961-0700), all Hudson's and Grinnell's.

Flexibility Key To Landscape

Flexibility is the key word in landscape design for the young and growing family says Joseph Cox, Michigan State University extension specialist in Landscape Architecture.

"Because children do grow up your grounds should be designed basically to meet adult needs," he believes.

"But built-in adaptability allows the landscape to meet children's needs too."

A patio designed to provide space for outdoor entertaining can be located so it is visible from indoor work areas. There it can serve as a safe, dry play area for little ones.

A fence to restrict small children can later serve a privacy function or act as a trellis for climbing plants.

Position a child's sunken sandbox as an element in the total landscape scheme, so

you can later transform it into an attractive planter.

"Your backyard is your outdoor family room," Cox points out, "but a perfect lawn isn't in keeping with the hard use kids give a backyard."

Don't worry about an occasional worn spot or hole. There's time enough later to create a lawn like a golf green.

Outdoor storage facilities can be adapted for young children. Dangerous chemicals, garden implements and tools should be put away safely under lock and key. Then an area can be set aside for children's things.

It's much better that a child imitate dad by parking his tricycle in its parking crate 'garage' than by playing outdoor cook with real charcoal lighter.

"For a successful landscape, look at your grounds as a nucleus of possibilities," Cox says.

"Keep your grounds flexible with freedom for change, let those possibilities develop, and your landscape will more readily meet the whole family's needs and change as those needs change."

Cabin Crafts Makes the Carpet That Makes the Home

is good taste a dangerous thing?

Maybe so... because some folks have our line pegged as purely decorative, not down-to-earth. They don't see the fact for the frou-frou. The fact is... Cabin Crafts stresses Beauty and the Basics. We have Wild Ones... and Safe Ones. Sensationals... and Staples like "National Velvet." So why settle for one or the other when you can have both... Beauty and the Basics... with Cabin Crafts.

National Ballet of Canada at Masonic

The National Ballet of Canada, with guest artist Rudolf Nureyev, appears at Masonic Auditorium Friday, Apr. 12 at 8:30 p.m. and Saturday, Apr. 13 at 2:30 and 8:30 p.m., during its second North American tour.

Canada's noted company, now in its twenty-third year, is internationally recognized by dance critics and dedicated audiences as one of the world's leading ballet organizations.

The current tour is the second in which Rudolf Nureyev dances as guest artist, although he has given many guest performances at galas in Toronto, Ottawa and Montreal.

The repertoire for the Detroit engagement features Peter Wright's "Giselle" Friday evening and "Les Sylphides," "Solitaire" and John Neumeier's "Don Juan" at both Saturday performances.

After an extremely successful engagement at Expo '70 in Japan, the company was invited to Europe, and in the summer of 1972 appeared in London, Stuttgart, Paris, Brussels, Glasgow, Lausanne and Monte Carlo.

The troupe is under the artistic direction of its founder, Celia France, who left a successful career as a ballerina with the Sadler's Wells Ballet (now the Royal Ballet) to come to Canada to form a national company.

In addition to his dancing engagements, which have amounted to over 50 roles with more than 25 companies, Rudolf Nureyev has mounted and partly choreographed nineteen productions. He has also appeared on countless TV programs and in five feature films, "An Evening with the Royal Ballet," "Romeo and Juliet," "Swan Lake," "I Am a Dancer" and "Don Quixote."

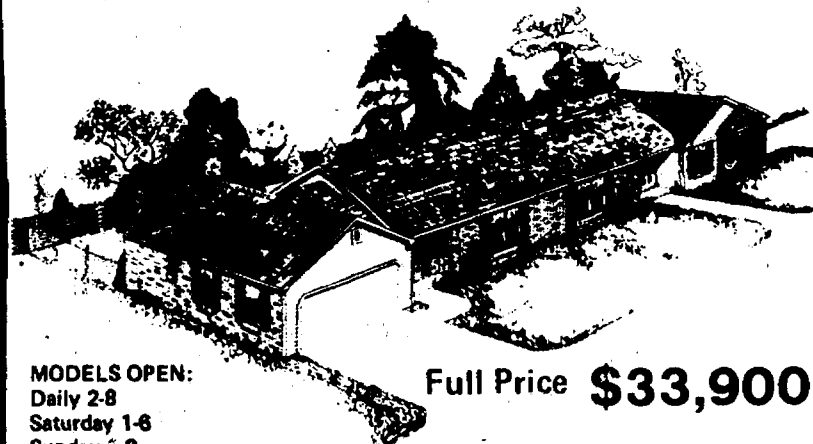

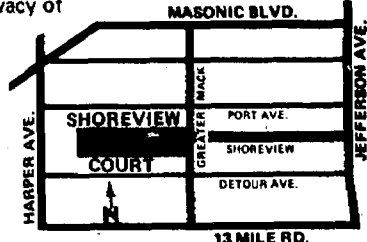

Tickets for the three performances of the National Ballet of Canada at Masonic Auditorium Apr. 12 and 13, priced at \$10, \$8 and \$7, are on sale at all Hudson's, Grinnell's and Masonic Temple Box office.

South's Band Gets 'A' Rating

The Grosse Pointe South High School Symphony Band again received first division ratings at the District Band Festival. On Saturday, March 9, the South Band under the direction of Russell Reed performed at Crestwood High School in Dearborn Heights.

The band performed Centennial Fanfare March by Roger Nixon, the Finale from Symphony No. 1 by Kalinnikov, and the Finale from Symphony No. 4 by Tchaikovsky. These three selections were adjudicated by Harold Arnoldi of Wayne State University, William Watts of Detroit Catholic Central High School and Manley Fay of Bad Axe Public Schools.

Mr. Arnoldi wrote of the South Band, "You have an excellent band, the best I've heard today, you play with a sensitive musical style."

After the band's concert performance, Harold Luoma of Muskegon judged the group in two sight reading selections. He wrote "Overall phrasing is excellent, some real musical playing. This is certainly a real fine and musical group."

Carpeting

The texture of your carpeting affects its appearance and its placement. Tightly-tufted looped carpets are hard-wearing and best in heavy traffic areas. Lower tufts keep soil and spills on the surface and are best for kitchens. Shags are casual and look great with modern furnishings. They wear best in bedrooms and medium traffic areas. Embossed carpets and those with sculptured and carved patterns are more formal and look well with traditional furniture. Velvet "plush" carpets are luxury with pile all of the same height. Surface texture results from walking on it and foot impressions produce changing patterns of light and shadow. Always seek professional advice when deciding what to put under your feet.

You'll enjoy looking at the beautiful area rugs at ED MALISZEWSKI CARPETING, 21435 Mack, 776-5510. We feature domestic and imported area rugs including genuine furs and oriental rugs of all kinds. We will be glad to show you such brand names as Cabin Crafts, Burlington House, and Barwick in all colors, patterns, and styles. For the finest in carpeting and service anywhere in the U.S., visit ED MALISZEWSKI. Open: Tues., Wed., & Sat. 9:30-6; Mon., Thurs., & Fri. 'til 9.

Always lift furniture to move it. If you push it across the surface of a floor covering, you may damage the fibers seriously.

In the Heart of Grosse Pointe

BEEN FOOLED before by a sweet sounding ad on a house that soured when you got inside? Well, this April 1st, we are serving up three new offerings which "show" as well as they sound: Stephens road in the Farms is the location, and if you have the inclination, we'll show you this house sensation. Designed by one of the Pointe's better architects, this French country house has four family bedrooms. Two have private baths and a connecting bath serve the other two bedrooms. Over the attached garage are two more bedrooms and another bath. The step-down living room with large bay window and fireplace are most impressive, but take a peek at that library. Better yet make an appointment and see the entire property. It is a site to behold.

NOT FAR AWAY on Hillcrest is the setting for this three bedroom colonial which has just been painted and pampered. It is large on lot but low on price. \$34,000 buys the package which also has a new furnace.

LIGHTNING STRIKES TWICE, 'cause we have another colonial also priced in the mid-thirties. This one has two full baths on the second floor and a den. Excuse our thunder but we think these three deserve a round of claps.

BRYN 1588—Reduced Price \$32,900. Owner building new home must part with exceptional three bedroom, bath and one half bungalow. Home in excellent condition, finished basement, family room, fully carpeted, two car garage.

A STately HOUSE located in the Farms just a few feet from the Lake has become even more attractive because now it is available for purchase. Designed by Albert Kahn Associates, this petite mansion offers a large entrance foyer with marble floor, a large formal living room with magnificent fireplace; and the dining room, library and living room all face the lake. Five bedrooms and four baths comprise the second floor. This one will appeal to everyone... we wish we had more.

FOR ALL OF YOU who have been searching in vain for that perfect single story house with a master suite and a guest room, this could be the place. It is located on a deadend street in the Farms, has a secluded lot with swimming pool, is centrally air conditioned and is missing just one thing... you.

TROMP INTO THE WOODS to consider another colonial with family room and three bedrooms up. This offering also has the finished basement and is in Poupard, Parcels, and G. P. North school districts. \$34,900 takes it off the market.

Bus Hits Car; Three Injured

Three persons suffered minor injuries when their car was struck by a DSR bus on Mack avenue, near Buckingham, on Sunday, March 24. Park police said their investigation showed the auto driver to be at fault.

According to information released by Lt. Gordon Duncan, the driver of the automobile, Robert J. Drews, 42, of 24609 Princeton, St. Clair Shores, pulled into a driveway on the avenue, about 80 feet west of Buckingham, on the Park side, and was backing into another driveway on the Detroit side, when his vehicle was struck in the left rear by the bus, driven by Marius L. Holmes of 2236 Parker, Detroit.

Drews complained of a headache. His wife, Mary, suffered a back injury and their son, Robert, Jr., came out of the mishap with a bruised left leg. All three were conveyed to Bon Secours Hospital by Park firefighters in the emergency ambulance, and released after treatment.

Neither Holmes, nor the four passengers in his bus were injured, it was disclosed.

Drews was issued a violation ticket for backing a motor vehicle without safe observation. He is scheduled for a court hearing on April 24.

Reports Items Taken in B-E

Woods police recently received information from a Fairfield road resident on missing articles stemming from a burglary of his home Thursday, February 21.

The following items were found missing: a lady's Hamilton watch, in a platinum case with diamonds around the face, valued at an estimated \$2,500; a Polaroid camera; a Cross gold pen and pencil set; a Texas calculator; a lady's black coat with fox fur trim, size 14; a one ounce bottle of perfume, and some sterling silver flatware, service for eight.

Outside of the watch, no value was placed on the other goods.

GP Blues Win Ice Tourney

The Grosse Pointe Blues, the Pointe's top 9- and 10-year-old team, swept the Trenton Invitational Tournament.

All of the best community travel teams in the Detroit area participated in the event which was played over the weekends of March 15-16 and March 24-25.

The Blues won the championship series and grand championship game without a loss.

The Blues met the St. Clair Shores Cougars in the championship game Saturday, March 23, and skated away with a 4-3 victory.

After St. Clair Shores scored in the first minute of play, Scott Seaver came back with two tallies with assists from Mike Fredal, John Mueller and Paul Treder to put the Pointers ahead.

John Mueller stretched the lead to 3-1 but the Cougars tied the score with two quick goals.

Then with eight minutes left in the last period, Mike Fredal scored the winning goal with assists from John Mueller and Scott Seaver. The Blues held the Cougars for the rest of the game to win the championship.

The following Sunday morning the Blues faced the Livonia Travelers in the grand championship game. The Livonia team had advanced to the grand championship game by winning the consolation series. However, the Blues were in top form as they skated away with a 6-0 victory.

Scott Seaver scored the three goal hat trick while John Mueller, Mike Fredal and Captain Rob Brykalski added single tallies. Pat McKee and Ted Maitland shared goaltending duties to register the shutout.

In reaching the finals of the championship series the Blues defeated the Toronto Kings 6-1 Saturday, March 16, and the next day followed with a 4-2 victory over the Southfield Scouts.

Other member of the team are Mike Eugenio, Don Hiles, Erich Avedisian, Tim Luzad, Phil Brykalski, forwards, and Gary Lewis, Tom Smith, and Steve Valice, defensemen.

Nip Stove Fire In G.P. Shores

A stove fire at 40 Webber place was quenched by Shores firefighters early Sunday evening, March 24. Corporal Chester Painter, the officer-in-charge, doused the blaze with a dry chemical extinguisher.

Investigation revealed that a pan, partially filled with cooking oil, had been placed on a burner which was accidentally activated. The oil heated to its ignition temperature and the fire ensued.

An exhaust fan located above the stove, and some adjacent cabinets, sustained severe damage, firefighters said. A monetary estimate of the destruction is unknown at this time. Meanwhile, the interior of the dwelling sustained a minimum amount of smoke damage.

The person reporting, Thomas Casey, of 44 Webber place, slowed the fire's progress at the home of Telly Mascarini by placing baking soda on the flames prior to the officers' arrival, firefighters added.

Scuba Course Starts April 1

With the 1974 diving season already here, it is now time for everyone to not only be exposed to the fascinating wonders of the underwater world, but also to learn to explore it, safely and confidently.

For this reason the Department of Community Services has started a Scuba diving program designed to enable Pointers to competently participate in these activities. The instructor will be Raymond Weidenfeller, head scuba instructor in the aquatics program at Wayne State University.

Mr. Weidenfeller has been diving and instructing for about nine years and is well versed in all phases of the diving field. He also holds instructor certificates in first-aid, cardio-pulmonary resuscitation, water safety, sailing, canoeing and lifesaving.

In addition, he holds certificates with other organizations in the diving-related field and is certified to give instruction under both the National Association of Underwater Instructors (NAUI), and the Professional Association of Diving Instructors (PADI). He is the instructor in charge of education for the Grosse Pointe Police Marine Rescue Team being started in the Detroit area. If you decide to enroll in

Petersen to attend a labor relations seminar, sponsored by the American Management Association, in New York, Monday - Wednesday, April 15-17, and that all personal expenses incurred be reimbursed, subject to the prior approval of same by the council.

This action took place at the regular meeting Monday, March 18.

Pointe Vault Scores at MSU

Former North High School pole vaulter, Tom Wilson, is now plying his trade for the Michigan State University track team.

Appearing in every Spartan meet of the indoor season, the 6'2" junior's biggest success came in a dual meet against Michigan where he won his event with a vault of 14-6.

Under coach Tom Gauerke, Wilson was captain of the North track team his senior year and was the Bi-County League's pole vault champion.

He is a physical sciences major at MSU. His parents, Mr. and Mrs. James A. Wilson, now reside in St. Clair Shores.

Law Violators Pay in Farms

Three of seven persons who appeared before Farms Municipal Judge Robert Pytell on Wednesday, March 13, were charged with illegal entry without authority — unoccupied dwelling. One entered a plea of not guilty and two pled guilty.

Pleading not guilty was Sarah Lynn Furtaw of 65 Hawthorne. Judge Pytell set a trial date for April 24.

The two who pled guilty, Pamela Marie Stoil of 2126 Beaufait, and Jay Scott Jerry of 1441 Somerset, were ordered to return on April 24 for sentencing.

In other matters heard in court, Nancy B. Morrison of 1378 Whittier, accused of ignoring a red traffic signal and causing an accident, pled guilty as charged and was given a suspended sentence.

Craig H. Schumacher of 364 Rivard boulevard, pled guilty to two counts of traffic violations, driving while his operator's license was suspended and speeding 50 miles an hour in a 35 mile-zone. The court accepted the pleas.

For the first offense, Schumacher was fined \$100, and placed on probation for one year during which he must report to the court once a month, and was fined \$75 for the second.

Alexina Dana Lodato of 22304 Beechwood, East Detroit, pled guilty to a charge of driving a motor vehicle with no operator's license on person. The court imposed a fine of \$10 and court costs of \$20.

Pointer of Interest

MRS. THOMAS COULTER, OF WESTCHESTER ROAD

By Janet Mueller

She had not expected to make a speech. Usually, when one receives a Heart of Gold Award at the Heart of Gold Council's February luncheon honoring the tri-county area's outstanding women volunteers of the year, one takes one's Gold Heart, smiles and sits down.

This year, (1971), the first recipient spent a few minutes saying thank you.

Leaving the remaining recipients two options: to say thank you, publicly, too, or to stand exposed as the village idiot who couldn't add a few words if her life depended on it.

Those are no options—that's an ultimatum. Jan Coulter, scrambling in for something to say—quick!—came up with The Truth.

She told the audience how her kids complained about dirty socks and unwashed shirts.

"Well," said a friend when, speech completed, Jan sat down again, "you're honest!"

She Can't Help It. There's simply nothing she can do about it.

She hates housework, and will do just about anything to put off doing it, and will admit that that's what she's doing.

Needlework, busy work, crafts drive her nuts.

She enjoys working with people because she's intensely, innately curious. She's also extremely competent, (she doesn't tell you that, but some truths are self-evident). She's also extremely funny, possessed of the wry, laughing-at-self-as-well-as-others humor that's based on recognition of a common, amazing humanity.

She was nominated for her Heart of Gold by the Junior Women's Association for the Detroit Symphony Orchestra, but she could have been proposed by a number of other groups in and for which she's been indefatigably, (and happily!)... always happily), active.

Other Activities. Delta Gamma, for instance. Jan's a past-president of the local alumnae, and has worked on Delta Gamma's Vision Screening project.

The Junior League of Detroit, Inc. A sustainer, she remains involved in LINC and is a veteran of Poison Control, ex-head of the Bulletin Board, onetime, (with Tom), props person for a Junior League Folies.

Williams House. She stepped down as president of its board two years ago.

Grosse Pointe Memorial Church. She's a deacon there now.

The Girl Scouts of Metropolitan Detroit.

The Lawyers' Wives of Grosse Pointe.

The list, listed, is formidable.

moderately priced. Come in and browse. VA 1-1650.

Spring Special... at Robelle's, 104 Kercheval Avenue, this week only... regular Hanes \$1.95 EVERYDAY sheer stretch panty hose, two pair for \$2.90, while they last. 885-3318.

Join The Fun... Find the golden egg at The Sphere-Squirrel's Nest, 19849 Mack Avenue and register for the drawing April 13th for a \$100.00 gift certificate... good for one year at The Sphere-Squirrel's Nest.

Beautiful, Imported Leather Goods... can be found at BARBARA'S STATIONERY, 373 Fisher Road, from a world famous leather house in Italy... including wallets, eye-glass cases and many other versatile items to choose from. Something special you have been looking for... perhaps you will find it at Barbara's. 881-6557.

South to Stage Cabaret Party

The third Grosse Pointe South High School Pops Concert will begin at 7:30 p.m., Saturday, April 6, in the South High Gymnasium. Patrons are invited to sit around tables and relax to popular melodies of the past and present.

Russell Reed will lead the Symphony Band, Orchestra, and Concert Band though works such as Richard Rogers' "South Pacific," a Chicago tune "Just You and Me," Leroy Anderson's "Bugles Holiday" featuring trumpeters Charles Austerbury, Scott McCaig and Don Miller. The Stage Band will be playing songs of Stan Kenton, Glen Miller and others of big band fame for dancing.

Preparations are now being made for the music, food and decorations. The theme will center around Roger's musical South Pacific. Food and drinks will be served at modest prices.

Admission is only \$1 per adult, children under 12 admitted free. Tickets may be purchased at the door or beforehand from Band and Orchestra members. All profits go toward summer music camp scholarships.

Last year, the Bands and Orchestra scholarship fund made it possible for approximately 50 students to attend music camps such as Blue Lake, National Music Camp, and all-state sessions at Interlochen, Michigan State and Wayne State.

Singles, couples and families are invited.

Church Leader To Speak Here

Robert Nelson West, president of the Unitarian Universalist Association, (UUA), headquartered in Boston, will be in The Pointe on Saturday, April 6, to address the Greater Detroit Unitarian Universalist Organization at Grosse Pointe Unitarian Church, 17150 Maumee avenue. Dr. West's talk is scheduled for 1 p.m., following an 11:30 a.m. brunch.

Dr. West will discuss the new UUA program "Sharing in Growth," a program designed to revitalize denominational life through groups of trained laymen. Two task forces, each from a different society within the denomination, study the needs of a given society, meeting separately and with each other, and set goals to work for. Emphasis is on growth, leadership development, the creation of programs that other societies can use, and increasing cooperation and sharing among existing congregations.

A two-hour talk-back with Dr. West and other trained leaders will follow the talk. Reverend Harry Meserve will serve as the host minister to Dr. West and Pointe representatives are Ruth Van Leeuwen, Darrell Eubank and Russel Peebles.

Detroit Unitarian Universalist and suburban societies planning to be represented include groups from the Ann Arbor, Birmingham, Troy, Farmington, Downriver, Macomb and Windsor areas.

There will be a moderate charge for the luncheon. Reservations may be made by calling 881-0420 before Saturday, March 30.

year. Nominees are screened by a citizen panel.

Schools Get Speakers. The Lawyers' Wives have arranged for Law Day speakers in the schools for several years. ("The judges and lawyers are great about going in," Jan Coulter reports), and Judge George Bashara, Jr., will be conducting a Mock Trial at North High School again this year.

There's a Law Day Essay Contest, too, open to seventh, eighth and ninth grade students, with prizes awarded on the local level and the best essays going on to state level competition at Lansing.

Jacobson's in The Village has agreed to devote one whole window display to Law Day.

Praises Helpers. Jan doesn't consider her Pointe Lawyers' Wives presidency difficult.

"I think it's been easy, because the people I've had as project chairmen—like Judy (Mrs. Xhafer) Ohran, this year's Law Day chairman—have done a fantastic job."

It's been time-consuming... but people projects tend to take time.

Jan Coulter likes it that way.

"I don't think I could ever sit still. I suppose I'll always have a finger in something." I suppose so, too.

Short and to The Pointe
