What causes vapor locks? These are generally created by excessive heat which vaporizes the fuel in the pump or lines. When the car is caught in heavy traffic on a hot day, vapor locks often occur. In normal driving, the gas tank is cooled by air and fuel passing rapidly. In heavy traffic the hot engine can cause slow-moving fuel to boil. If fuel lines are too close to the exhaust, the same thing will happen.

## Symphony Concert Set For April 28

Two Pointers Perform As Soloists in Final Event of 1973-74 Season

The Grosse Pointe Symphony will present its fourth and final concert of the 1973-74 season Sunday afternoon, April 28, at 3:30 p.m.

The concert, with two Pointe residents performing as soloists, also will feature the Harbinger Dance Company of the Detroit Community Music School, one of the performing companies of the National Association for Regional Ballet.

Wendy Judson, of Wedgewood road, will be the flautist for the Mozart Flute Concert No. 2 in D Major, K. 314. The Harbinger Dance Repertory Company will then join the Symphony for Surinach's "Tientos."

Plan Reception  
Their second number will be "Solstice" danced to Vivaldi's "The Four Seasons, (Winter)." The violin solo in the Vivaldi will be played by Jeanne Rupert, of Calvin road. Ms. Rupert is chairperson of the String Department of the Detroit Community Music School.

After an intermission, the orchestra will return to perform Rimsky-Korsakov's "Scheherazade."

A reception for all concertgoers to meet the soloists and conductor, Felix Reznick, will follow in the North High Cafeteria.

Tickets are available at the box office in the Grosse Pointe Performing Arts Centre, located next to North High School on Vernier road at Morningside drive. Adult admission is \$2.50; for students, \$1.

Ticket information may be obtained by calling 881-1256.

## Bon Secours Fund Gains \$1 Million

(Continued from Page 1)

terms of better health protection. He characterized the building program as "not something merely desirable, but an absolute necessity if Bon Secours is to continue to meet modern and developing standards for the delivery of health of the highest quality with maximum economy."

He cited the new Ambulatory Care Department as of special interest because it will provide a comprehensive program of diagnosis and treatment for the "vertical patient" at much lower cost than as an inpatient and will also provide the environment for a residency program in family practice.

Edward J. Hickey, III, Special Gifts chairman, presided at the meeting and urged the committee to "do a careful job of explaining the need for greater hospital facilities and the proposed program to meet those needs."

He emphasized, "A capital fund like this one cannot be raised through out-of-pocket gifts; only generous pledges on the six-payment plan can bring success."

Charles Verheyden, honorary chairman, joined Mr. Hickey in stressing the importance of "getting to work promptly and obtaining exceptional results so this building program can continue to move forward without delay."

Many Objectives  
The building fund is aimed towards an objective of \$2.5 million to help finance the construction program now in progress at the hospital.

Included are a new building rising three stories above a basement along Notre Dame, complete replacement of the original hospital building, (built as a convalescent home in 1941), facing on Cadieux, a two-story services building in the center and extensive renovation of the

1951 and 1954 buildings at Cadieux and Maumee, as well as construction of the new power plant which made it possible to demolish the old smokestack.

The greater Bon Secours will have 270 beds for patients, some 160 of them in new construction. It is expected that part of the new construction at Maumee and Notre Dame will be ready to accommodate patients in late 1974.

The invocation at Wednesday night's meeting was of-

fered by Rt. Rev. Msgr. Frank McPhillips. Among the head table guests were Sister Ann Lutz of the Sisters of Bon Secours and Barry M. Spero, executive director of the hospital.

Following the speaking program, the volunteers selected the names of those families they will be calling upon during the next five weeks to seek support for the fund. They will hold their first report meeting on Tuesday, May 7, at 12 noon in the Science Hall at the hospital.

teams, transportation for away events, training and game equipment, stop watches, officials' fees, individual trophies and other items. The Club also sponsors the three Sports Awards Nights held annually at the school.

### Worth Effort

"I'm sure that many North parents—and students, too, don't know that millage only covers the cost of a basic

coaching staff, maintenance, utilities and some major equipment," said Mr. Reese. "It doesn't supply bus transportation, balls of any type, uniforms, umpires, referees, football pads, some of the vaulting poles and so on."

Continuing, he said, "We're thoroughly convinced that it's worth the effort to raise the funds to make possible a program that directly involves more than 400 boys and girls of North, either as players, Timettes, cheerleaders, or managers, and has a spectator appeal to thousands more students and residents."

### To Give Certificates

Certificates will be awarded to all participants in the "Swim for Sports."

Those who wish to participate, either from the student body or the public at large, should contact any member of the Grosse Pointe North Athletic Department, for pledge forms and details. They may be reached at 886-8100.

## Baby-sitter Douses Fire

A lighted candle, which tipped over, ignited a plastic table covering in the second floor bedroom of the home of Mr. and Mrs. John McKay, 16635 East Jefferson, destroying the table and causing some smoke damage to the upstairs area.

Park Fire Chief Phillip Costa said on Wednesday, April 17, a seven-year-old son of the McKays was left in the charge of a 15-year-old boy baby-sitter. The son and a boy playmate were in the lad's bedroom. The boys lighted two candles on the table, one of which tipped over. The plastic covering instantly burst into flames.

The chief said the baby-sitter, on smelling the smoke, rushed to the bedroom and removed the two youngsters to a place of safety outside the house, then rushed back in and threw several buckets of water on the flames, which destroyed the table.

The 15-year-old then called his mother, who in turned notified the Fire Department. When firefighters arrived, the table was still smoldering. The firemen had to don gas masks because of the toxic smoke, Chief Costa said. Breathing the smoke of burning plastic can render a person unconscious within 25 to 30 seconds.

Firefighters used an ejector fan to clear the dense smoke from the second floor, the chief stated.

He said the youngsters were given a brief lecture on the dangers of playing with matches and candles and the toxic effects of burning plastic.

The baby-sitter was complimented for his cool and fast action in removing the children from the house, but was also admonished of the danger involved in inhaling the smoke of the burning material as he threw water on the blaze.

Those bent on causing trouble use the light of truth to cast the shadow of suspicion.

Fraternal Order of Police Lodge No. 102 President ANDREW MEEKER, (left), a Park patrolman, presents a trophy to Woods Public Safety Sergeant THOMAS KANE, who was the high scorer in the Lodge's Annual Pistol Shooting Match Thursday, April 11.

### Police Lodge 102 Holds Pistol Shooting Match

By James J. Njain

Woods Public Safety Sergeant Thomas Kane "coped," (pun intended), The Fraternal Order of Police, Lodge No. 102 trophy, as the best shot at the Lodge's annual pistol shooting match held at the Rifle and Pistol Range in The Woods Public Safety Building, 20025 Mack avenue, Thursday, April 11.

By capturing the shoot, the sergeant won the right to represent the Lodge at the State Match to be held in Jackson Thursday, May 23.

Park Patrolman Andrew Meeker, president of Lodge 102, said associate members were invited to participate in the event, but in a separate class, enabling them to try to qualify to represent the local Lodge, comprised of officers of all the Pointes and Harper Woods. Approximately 30 regular and associate members took part in the shoot, the president said.

"We as a Lodge were honored to have some of our associates participating in the event," Meeker stated. "Our associates paid their entrance fee and the Lodge supplied the ammunition. From some of their scores, it appeared that they had done considerable practicing for the match."

"Finishing in first place in the associate class was Al Klick, with a score of 269 out of a possible 300. In second place was Harold Lewis with his score of 250."

Meeker expressed his appreciation to Chairman, (Park Sergeant), Bobby McAlister; Assistant Chairman, (Park Patrolman), Michael Kortas and to Woods Sergeants Kane and Bernard Kelly, all of whom did a tremendous job as members of the committee.

The president had a special thanks for Woods Officer Stephen Petrik, whose culinary arts were responsible for a tasty and excellent luncheon following the shoot.

### Residents Seek More Lighting

The Woods Council backed a request from 13 River road citizens who wanted the Milk River Drain Commission to install some lighting on the property directly behind their residences "in order to deter further criminal activity in the neighborhood."

City Administrator Chester E. Petersen was authorized to write a letter to the Wayne County Drain Commissioner's Office on the residents' behalf, requesting that proper lighting be installed at the aforementioned location.

The citizens told the council that several of their houses have been burglarized, or have been subject to attempted break-ins. They didn't want "obtrusive lighting" but requested "enough lighting to deter criminal activity."

All of the participants were eligible for trophies in the various classes they entered. Kortas, as a committee-of-one, was responsible for making the trophies and 14 prizes available, and did a great job in selecting them.

Woods Officer Thomas Hunke took first prize, a .38 caliber snub-nosed revolver, donated by the Grosse Pointe Park Police Officers Association, for his dead-center bull's-eye.

The following are the names of the regular Lodge members, who topped the list of the 15 best shooters, in the order of their winning positions: Sergeant Kane; Sergeant Kelly; Woods Officer William Lentz; Sergeant McAlister; Park Patrolman David Hiller; Officer Hunke; Woods Officer William Desilets; Park Lieutenant Gordon Duncan; Youth Service Division Detectives Wayne Baum and Donald Schmalz; Shores Sergeant Donald Jacobs; Officer Petrik; Patrolman Kortas; Y.S.D. Detective Michael Ferrance and Patrolman Meeker.

### Farms Warns Dog Owners

Farms dog owners are reminded by police that Tuesday, April 30, is the deadline for obtaining dog tags for their pets. After that date penalties will be imposed.

Police Chief Robert Ferber said under a city ordinance, dog licenses went on sale on January 1, and that all such pets over six months of age must be licensed annually.

Licenses expire on April 30 of each year, and police personnel have been instructed to begin issuing violations, starting May 1 to all owners of unlicensed dogs.

Tags may be obtained at the Municipal Office, 90 Kerby road, (not the police station), during regular office hours, 8:30 a.m. to 4:30 p.m. The office is closed on Saturdays.

Dog tags are \$3 until April 30; \$5 after that date, and fines for all owners of unlicensed dogs after the April date is \$5.

To obtain a dog license you must produce a certificate by a licensed veterinarian showing that the animal has been immunized against rabies for the period through December 31 of the licensing year.

Reminder cards are being sent to all dog owners of record. New owners will have to take care of the matter themselves.

Conscience is like a railway switch—if properly tended it will keep you on the right track.

## Orientation Seminar on ESP

(Continued from Page 1)  
them to a degree. He points out that psychic awareness is always there but you can't see it, just like the air you

breath. "You pick up thoughts and feelings and you send them out."

In stressing the sharing of thoughts and experiences at the seminar, and helping people to help themselves regarding psychic awareness, Mr. Kellogg focused upon two "myths" on this subject.

One is that psychic awareness "is not for the chosen few," such as Jeanne Dixon, for example, and, secondly, the fact if someone is psychic, feelings don't always turn into bad things dominated by evil forces.

"We attract (such feelings) according to our state of consciousness. If we are a positive person, we attract positive things. If we are a negative person, we attract negative things," he said. The emphasis, here, is upon positive thinking, "being relaxed and open."

A pamphlet put out by the Inner Peace Movement says ESP is the ability to pick up thoughts, impressions, hunches and energy patterns, that it brings an awareness "of more than the eye can

see, the ear can hear, nose can smell, fingers can feel or the tongue can taste. In some circles it is referred to as the sixth sense."

Every person possesses it, notes the pamphlet. "The fact that some have developed this extra sense to a very high degree has created the impression that only certain people have it. Yet we all fit into the category of the sensitive. Everyday in all circumstances we constantly respond to it. This is the most important of all senses for it is the response to life," it states.

In discovering inner dynamics, the movement has an accelerated personal growth program including orientation lectures on awareness and sensitivity, workshops using therapy techniques, weekly discovery groups, perception counseling and lend-by-mail and book service.

For those who are interested and wish to learn more about ESP, this seminar offers a fine opportunity. For further information, call Mr. Kellogg at 682-2072.

## Community 'Bike Day'

(Continued from Page 1)  
before The Farms Council on Monday, May 6.

The reason both councils must approve their request is simple. It's proposed that the eastbound lanes of Lake-shore road between Lake-crest lane and Vernier road be open for cyclists while the westbound lanes of Lake-shore remain open for two way traffic.

Farms Police Chief Robert Ferber said he has prepared a plan focusing upon needed traffic control orders and traffic control devices to implement such a procedure. "My big concern is in the

cost of manpower and the liability the city would have to assume on this. I would caution the council in the area of liability," he said.

The chief also noted that under the plan, autos would have to cross the bike paths at two locations.

Meanwhile, Shores Public Safety Director Joseph Vitale said he's working on tentative traffic control plans if the council should okay the request.

So, for the scouts and their leaders, including Mrs. Betty Smith, much depends on council authorization.

The girls jumped at the "Bike Day" idea for many reasons. "They thought it would be fun to have the chance to ride bikes in a safe environment, and they liked the idea of the entire family getting a chance to ride together," said Mrs. Smith.

Besides being good exercise and an energy saving idea, the scouts also focused upon the goal of involving the entire Grosse Pointe community.

"Cooperation and participation by all the Pointes is the goal of the Girl Scouts and Commissioner Steiner in their proposed afternoon of a family fun day," she stated.

And, besides that, there's a pleasant coincidence. "During the month of May, the schools emphasize bike safety. They could prepare the youngsters on the safety aspects of such a bike day," noted Mrs. Smith, who added she feels community support for this event is growing.

## Youth to Face Juvenile Court

A Wednesday, May 8, Wayne County Juvenile Court hearing date has been scheduled for a 16-year-old Woods juvenile on three separate charges of breaking and entering of an occupied dwelling.

This stems from the juvenile's alleged involvement in several Woods break-in incidents last November, the burglary of a Putnam place home March 13, and, now, the break-in of a Crescent lane residence in January.

Through his investigation, Youth Service Division Detective Michael Ferrence learned that the 16-year-old is believed to have entered the Crescent lane home. The detective recently discovered this information.

Another juvenile, a 15-year-old Woods youth, who had knowledge of the Crescent lane and Putnam place burglaries, was placed on the division's supervision program.

The 16-year-old, who was to appear in Juvenile Court March 26 for a hearing on the November break-ins, had his case deferred to Monday, April 15. With a further petition being filed for the Crescent lane burglary, the trio of charges are scheduled to be heard on May 8.

## Cites Efforts of Volunteers

The week of April 21-27 has been designated as "Grosse Pointe Woods Volunteer Week" by Mayor Benjamin W. Pinkos via a proclamation which he signed on Monday, April 15, after receiving the unanimous authorization of the council.

Volunteer Week in The Woods is in recognition of the many volunteers — men, women, young people, as individuals and in groups, who have served and do serve as planners and decision-makers on commissions, boards and governing bodies of the city, and who serve in all volunteer capacities that affect the city's quality of life.

President Richard M. Nixon recently proclaimed the week of April 21-27 as "National Volunteer Week."

### Oppose Change In Court System

The Woods has once again stated its opposition to any change in the present municipal court system in the State. For the council unanimously approved a resolution in opposition to House Bill 4432 which proposes to abolish such a system.

This action was taken at the regular meeting Monday, April 15.

A proposed amendment to this bill, which is presently being considered in the State Senate, provides a local option for those cities presently having municipal courts.

However, the resolution stresses that the council has previously gone on record as being opposed to any change in the municipal court system as "being costly, unnecessary and an infringement upon 'home rule.'"

While it says the present bill under consideration "at least provides for the cities comprising more than 50 percent of a district court geographical area (as) having the option to retain its municipal court system," the council remains opposed to any change in such a system and urges the State Senate to reject any proposed tampering of the present municipal court system.

The measure will be sent to Governor William G. Milliken, Senators James D. Gray and John C. Hertel, Representative William Bryant, Jr., and the Senate and House Judiciary Committees.

### G. P. Park Little League Prepares for Opening Day

In their 22nd year of baseball, the Grosse Pointe Park Little League is looking forward to their best season ever.

"There has been so much activity that knowing where to begin our expression of appreciation for the interest and help we have received is difficult," said Charles B. King, president.

Registration this year brought forward about 400 anxious baseball players and 80 some parents who offered to lend a hand where possible, he stated.

"Although not the first game, our season began about two weeks ago after the drafting of players was completed for 12 major league teams and 14 minor league teams," Mr. King said. "The weather has not been the greatest, but enthusiasm makes the difference, and practice has started."

A second big push came after this past weekend when Tom Nihem, president of the Pierce School Student Council, brought over 100 volunteers from Pierce to aid in preparation of the playing fields for the coming season.

There was plenty to be done. Raking, shoveling dirt, spreading fertilizer, cutting grass, painting bleachers, backstops and trash cans — enough activity to keep all hands busy. Of course, the players and the dads all pitched in and that added to the crowd of workers.

The general clean-up was of great assistance as the Park Little League is in the process of rebuilding their playing fields. It has been six years since this has been done and by the end of this fall they will have been completely refurbished, including sod.

"Another first for 1974 will include full uniforms for all players. The minor league teams will receive a light gray uniform while the major leagues will have all white double knits. The differentiation of the teams will be accomplished with the hats, socks and shirt trimmings," said Mr. King.

"Other additions this year include computerized services for keeping track of our players' progress, our equipment and general accounting of our season's efforts. We have also instituted a general information telephone number. Parents and players will be able to call to check on game status when weather conditions are questionable. The recorded announcement will advise callers of postponements and rescheduling dates," he continued.

The first season games start Saturday, May 4, and there will be games Monday through Friday nights at 6

### Swords Taken In Woods B-E

Thieves burglarized an Anita avenue home on two occasions Sunday, April 14, and took a variety of articles, Woods police reported. It's believed the culprits entered around 1 a.m. and then returned at 6:30 p.m.

Two ceremonial Japanese World War II Samurai swords, approximately three-feet long, were taken. Each sword was in a metal sheath with one having a carved ivory grip with braiding, while the other had a plain metal grip. They are of unknown value.

Other missing items include two Bozak stereo speakers in wood cases, valued at \$331.76, an f 2.8, 135 mm lens for a Minolta camera and a 10 shot, .22 caliber high standard Citation blue steel automatic pistol, both of unknown value.

The resident, although he was away for the weekend, returned home for a short period of time before leaving again. When he came home on the second occasion, he discovered the break-in. Entry was gained by smashing and unlocking a rear porch window.

This incident is under investigation by the Detective Bureau.

## Four Youths Arrested For G. P. Woods Break-in

A report of a "suspicious subject in the rear yard" Monday evening, April 15, led to the arrest of two 16-year-old juveniles, (one from The Woods, the other from St. Clair Shores), and two 17-year-old St. Clair Shores youths after an investigation by Woods Detective Everett Plumb.

One 16-year-old Shores youth was nabbed inside a Hollywood avenue home while the 16-year-old Woods youth and one of the 17-year-olds were apprehended less than 30 minutes later by Woods officers. On Thursday, April 18, the other 17-year-old gave himself up to Detective Plumb and admitted he was involved in the burglary, as did the other three.

Police said \$96.75 in checks and cash was taken during the break-in. Of this amount, \$96.25 has been recovered, including \$46 in cash.

The cases of the juveniles will be turned over to the Youth Service Division for action, while the 17-year-olds will be charged with misdemeanors under a local ordinance.

At the scene, Corporal Robert Setchell entered the residence while Officer Thomas Podeszwick waited outside to prevent a possible escape. After searching the upstairs area, the corporal discovered the youth hiding in a bedroom closet.

The 16-year-old Woods youth was arrested by Corporal Peter Thomas on Hampton road, while the 17-year-old youth was nabbed by Officer Patrick DeVine coming out of the yards on Charlevoix between Hollywood and Hawthorne.

A neighbor said she was walking through her front

room, looked across the street to see if her neighbor had returned home and noticed a car driving north on Goethe with its lights off. The auto then parked at the curb.

Two subjects exited the car, crossed the street and entered the home's rear yard. At this time, she told her husband to call police. Upon the arrival of Corporal Setchell and Officer Podeszwick, she shouted about a light being turned on in the upstairs part of the house, and the officers took over.

## Two Perfect Gentlemen, (Undressed), Given Break

Two 18-year-old streakers, who were not arrested, are free today because a citizen, (name withheld), refused to file a complaint with Farms police because the men were perfect gentlemen, according to a report made by Patrolman John Kriaza.

Kriaza said he received a radio run to Beacon Hill and Lakeshore, where the citizen informed him he observed two men exit a 1959 or 1960 Oldsmobile. Both subjects disrobed completely and then ran south on Beacon Hill.

The informant said the streakers passed his wife, and as they ran, one of the men shouted: "Hey lady. How do you like this?" As the two passed a parked auto, the occupant of the vehicle tossed out an empty wine bottle which shattered on the pavement, just as they approached 28 Beacon Hill. The runners successfully evaded the broken glass.

Kriaza said the witness refused to sign a complaint against the two men, described as being about 18 years old, around five feet, nine inches tall, weighing about 170 pounds, both having sandy colored hair and both of a husky build.

In his report, the officer disclosed the citizen refused to sign a formal complaint for the following reasons: because he was glad they did not cut their feet on the broken glass, but more importantly, (although they were performing an uncouth act), they were perfect gentlemen.

"They showed some respect by referring to my wife—as a lady," said the citizen.

## Club to Offer Many Activities

Registrations are now being taken for spring and summer classes, at the Neighborhood Club. Get your children involved in day camps, horseback riding, golf, softball clinics, tumbling and gymnastics and backgammon, the Club urges.

Play camps are programmed for three-through six-year-olds. Activities include games in and out of doors, arts and crafts, storytelling and music. There are two day and three day sessions. The three- and four-year-olds meet in the morning; those five and six in the afternoon.

Games camps will be held at three centrally located school facilities this summer on Tuesday, Wednesday and Thursday at Brownell, and on Monday and Friday at Defer and Ferry. Activities include softball, basketball, field hockey, net games, arts and crafts, tumbling and gymnastics, trampoline, track and field and special events.

Playground programs will be featured by the Club this summer during August at Brownell, Defer and Ferry. A playground leader is planned at Elworthy Field primarily for children whose parents are involved in the Club's tennis clinic.

Horseback riding is offered for boys and girls, ages 12-

15. The van leaves the Teen Center for Chartiers Riding stable at 9 a.m. on Saturdays, May 4, 11, 18 and on June 1, 8. The fee for the package is \$30 and individual trips are \$7 plus membership.

Sunny Acres Golf Club is the place for teenagers in grades seven through nine. The trips are on Tuesdays, June 18, 25, and July 9, 16, 23. Transportation, a one hour lesson, and nine holes of golf are all \$35.

For further information, call the Club at 885-4600.

## Vandals Smash School Windows

Woods police received a report of vandalism at Mason School, 1640 Vernier road, Wednesday, April 17.

Officer James Fowler was shown where someone had smashed 17 13x16-inch windows on the building's south side. Police said it appeared the windows were punched out with a baseball bat.

The value of the damage is unknown at this time.

# Let NBD take that extra \$10, before someone else does.

Almost everyone has a little money left over after all the bills are paid.

It may be \$10, \$30 or \$5.

Whatever the amount, it's extra money that all too often disappears, leaving you at the end of the year with a sizable sum of money you have no idea what happened to.

Which is why we'd like to suggest

you put that \$10, \$30 or \$5 in the bank.

Not only will you get back more than you put in, your money's always available. With our EveryDay Interest Account, you can withdraw anytime without losing the interest you've earned up to that time.

We've also instituted an elaborate electronic system that allows you to

make deposits (and withdrawals) at any NBD office. So that no matter where you are, we're there to help.

And if you think your extra money every month can't amount to much, last year National Bank of Detroit paid out more than \$90,000,000 interest.

A lot of it was earned \$10, \$30 and \$5 at a time.

Making banking better for you.

## This man needs \$20,000,000.

He has already raised more than \$2,300,000 of that amount. He wants to invest the money in the greatest Blue Chip Security of them all. An investment that will eventually affect every one of us.

His name is Jim Knott. He's Chairman of the University of Michigan College of Engineering Capital Campaign. And the twenty million will be used to make sure that the midwest continues to have one of the top-ranked engineering schools in the world.

As he said recently: "The campaign gives us all an opportunity to demonstrate our loyalty to the College and the University and our belief in the value of engineering education. It also gives us

a chance to invest in the type of young man and woman for whom engineering has a special appeal. The type of young person who has in the past helped our country solve some of its most difficult problems."

The money will build engineering facilities on North Campus to replace obsolete facilities on Central Campus. And enrich the entire engineering program by adding to the faculty and increasing the Scholarship and Fellowship Programs.

It's expensive. Worthwhile things always are. But this campaign is important to us all. Particularly to the youngsters of today who will be called upon to solve the problems of tomorrow.

Industry, alumni and friends of the College will be asked to participate.

Supporting Jim Knott in this effort is the Campaign Executive Committee:

## Gives Opinion On Station Site

A letter from a resident asking The Woods Council to consider utilizing the Marter Road Pumping Station site for tennis courts was unanimously referred to the Committee of the Whole by the solons at the regular meeting Monday, April 15.

Herbert O. Steiger, of Blairmoor road, said, "With the great upsurge in tennis participation by our citizenry, the six present courts on city property are woefully inadequate to meet the demand."

"Two or three additional courts on Marter would be most helpful."

Mr. Steiger also expressed his appreciation to the city "for the fine level of municipal services we residents receive."

A public hearing will be held Monday, June 3, regarding the disposition of this site in the council chambers of The Woods Municipal Building, 20025 Mack avenue.

## ULS Students Receive Awards for Creativity

Mrs. William Y. Gard, chairman of the Creative Awards Program at University Liggett School, welcomed a large group of parents attending the banquet honoring Creative Awards winners on Wednesday, April 17.

Sixteen winners were awarded honors on behalf of the Parents' Association who sponsored the program.

The idea, conceived by Mrs. Richard B. Gushee, chairman of Special Programs, provides recognition for outstanding creativity in the many divisions of Art, Music and English. The program met with such outstanding success that it has become a new school tradition.

The students, 77 in all, submitted contracts proposing projects in chosen areas in January. Several entered more than one field.

Six judges designated first place and honorable mention awards which went to those who deserved recognition. Eric Fornell took top honors in the English area with a winning entry in Poetry, Short Story, Formal Essay and Longer Fiction categories. Frank Judge won the Informal Essay award, while Marcia McBrien took the award for Drama.

In art, Bernadette Cracchiolo won both the Crafts and Sculpture awards. Other art honors went to

Darlene Blackburn, Watercolor; Danita Peoples, Oil Painting; Sara Hicks, Drawing; Sandy Day, Ceramics; Jim Greer, Motion Picture, and David Watkins, Photography.

Musical awards were shared by Tom Keydel and Craig Leon for the Classical division, while the Contemporary award was given to Carrie Smith.

Winners' names were inscribed on large plaques donated by ULS parents to be permanently installed in the Library.

## Summer School for Montessori

The Grosse Pointe Academy is offering its annual Montessori Summer Session for children three- to six-years-old Monday, June 17 to Friday, July 28. The Montessori Session will be held from 9 a.m. to noon with an option to continue in an afternoon arts and crafts session from 12 to 2:30 p.m.

The summer class is an opportunity for exposure to the Montessori Method. The basic idea of the Montessori philosophy of education is that every child carries unseen within him the person he will become.

In order to develop his physical and intellectual powers to the fullest, the child must have freedom, a freedom achieved through order and self-discipline.

Dr. Maria Montessori recognized the only valid impulse to learning is self-motivation of the child. Children move themselves toward learning.

The teacher prepares the environment, directs the activity, functions as the authority and offers the child stimulation. However, it is the child who learns, who is motivated through his work.

The Montessori philosophies and method as applied during the regular school year are followed during the summer session.

Children will be exposed primarily to individualized learning but also may participate in large and small group activities. Five areas, practical life, sensorial development, language development, mathematics and geography, will be emphasized. Youngsters exposed to the Montessori Method are said to develop self-discipline, independence, an enthusiasm for learning, an organized approach to problem solving and academic skills.

Dr. Montessori believed that the first six years were vital in a child's life since the child possesses unusual sensitivity and mental powers for learning from his environment.

The afternoon Arts and Crafts program will offer a variety of art experiences. Early registration is recommended to insure a place.

Further information may be obtained by calling 888-4833.

## Study Request to Reduce Fee

By Roger A. Waha

An 81-year-old Woods resident wrote the council and asked them to consider a reduction for senior citizens in the \$5 boat launching fee at the city's Lake Front Park.

Ferdinand Jossart, of Manchester boulevard, appeared before the solons at the regular meeting Monday, April 15, and told them senior citizens enjoy such favors from Federal and State governments, and also from private enterprises.

In his letter, Mr. Jossart asked for a reduction on the \$5 fee required for boatwell use in the park but this \$5 fee is actually a boat launching fee for the use of the boat launching ramp. This covers ramp use for the whole season.

If boaters declined to pay this fee, they could pay 50 cents per day for ramp use but this could be more expensive, (depending on how many times boaters utilize the ramp).

Mr. Jossart told the council he recently bought a 15-foot boat which took a "big chunk" out of his savings and he felt the fee was out of his reach. "My earning days are over," he stated, "and I want to try and save what I can."

Councilman Rodger A. Graef moved that this matter be studied in depth at the

Committee of the Whole level, with a report back to the council. His colleagues unanimously agreed.

Mayor Benjamin W. Pinkos told Mr. Jossart the council would have to consider what impact his request would have on programs at the Lake Front Park and at the city's other parks. He also said if such a request was approved that it would require an ordinance amendment.

Parks and Recreation Director Donald J. Hallmann, who explained that the \$5 fee was a boat launching fee rather than a boatwell fee, said, "We should help our senior citizens as much as possible," but added this matter was up to the council.

Mr. Hallmann stated the cost of storing a boat at the park for a season, (from May 1-November 1), is as follows: a boat 16' and under, \$65; 16'-1" to 22', \$80, and 22'-1" to 28', \$115. A boatwell with water and electricity is an extra \$20.

## Bon Secours Elects Board

Sister Justine Cyr, C.B.S., president of the Bon Secours Hospital Board of Trustees, has announced the election of Januarius A. Mullen, of Provençal road, chairman of the board. Mrs. Hans Gehrke, Jr., of North Deeplands road, and Sister Mary Catherine Rogers, C.B.S., were appointed trustees.

Mr. Mullen was appointed to the hospital board in July 1968. At that time, he was chairman of the board of Sheller-Globe Corporation, where he now serves as consultant and director.

He holds a law degree from Creighton University, and has held top offices in the United Health Organization, Rehabilitation Institute of Detroit, Southeastern Michigan Transportation Authority and the Greater Detroit Chamber of Commerce.

Sister Mary, an assistant head nurse at Bon Secours, holds a bachelor of science degree in nursing from Cath-

olic University of America. She served on the board of another hospital owned and operated by the Sisters of Bon Secours, St. Mary's in Richmond, Va., from 1968-1973.

Mrs. Gehrke is chairman of the Bon Secours Building Fund. A long-time member of the hospital auxiliary, the Assistance League, she negotiated a showing of the Salvador Dali art-jewel collection in Detroit in 1969 to benefit the hospital.

Members of the governing body of Bon Secours Hospital, a voluntary, non-profit organization, serve without pay.

Carpeting

Resilient flooring is popular for kitchens, bathrooms, dens and playrooms. It is manufactured in two forms: tile and sheet. Tiles are cemented in place—you can do it yourself or have it done. Sheet materials are either cemented or simply laid down. Professional installation insures pattern matching. Sheet flooring comes in linoleum, vinyl, and cushioned, in order of cost, durability, and indentation resistance. Tiles come in asphalt, vinyl-asbestos, vinyl, corktile, and vinyl cork tile. They both come in many colors, designs, and styles to fit the decor of your home.

For a wide variety of colors, designs, and styles in carpeting to fit the decor of your home visit **ED MALISZEWSKI CARPETING**, 21435 Mack, 776-0510. **does CHRISTIAN SCIENCE really HEAL?**

Yes, it does. Because the healing Principle taught and practiced by Christ Jesus can apply to anyone at any time. New proofs of its healing power occur every day. Healing in Christian Science means much more than physical release. It means a victory over fear. A clearer understanding of God, and of yourself. You're invited to learn more at our Sunday service. The Bible Lesson you'll hear will explain more of how Christian Science heals. Won't you come this Sunday? **CHRISTIAN SCIENCE CHURCH SERVICES**

### QUIETLY STATED ELEGANCE

A "MUST SEE" is this gracious French country house being offered in one of the best locations of Grosse Pointe Farms. From the curb the house appears overpowering, but inside you'll find just four comfortable, family bedrooms and two more bedrooms over the attached garage. The first floor has a beautifully proportioned living room which is a step down from the large foyer with its circular staircase. The library is as large as many living rooms, and the dining room formal enough for a State dinner.

## Your Stonehurst Hosts

Photo by Kathy Duff

Making final plans for the Tuesday night, April 30, Treasure Hunt through Stonehurst are, (from left to right) MRS. STANLEY DOLEGA, MRS. ALBERT C. DICKSON, JR., MRS. WATSON FORD, and JOHN LAKE. Proceeds from the evening will benefit a new art facility at the Grosse Pointe War Memorial. Cocktails, a buffet supper and entertainment will be followed by the treasure hunt through the mansion for hidden works of art. While the picture was being taken, the four organizers were saying, "Well, we could have the guests start there, and then give them this clue and finally end up..." None of them will give you a premature clue, but maybe the little fellow behind them overheard and will provide you with some inside information.

## What Goes On at Your Library

By Arthur Woodford  
Chief of Central Library

With the coming of spring and the beginning of the boating season, the weekend sailor will be busy preparing both boat and equipment for that first outing. Along with these tasks the yachtsman has to update his charts and sharpen his navigation skills.

To help the sailor, he has begun or old-hand, your Grosse Pointe Public Library has purchased several new books on navigation and piloting.

The first is "Practical Navigation," (Doubleday), by W. S. Kals. The responsibility for small craft and passengers' safety is emphasized in this detailed manual for chart - and - compass, electronic, and celestial navigation with explicit information presented in an informal but thorough manner.

Beginning boatmen will find a wealth of instructions, excellent illustrations and tables in this packed volume. Included as appendices are a list of standard abbreviations and a summary of navigator Kals' eight-step method for celestial navigation.

This new title is a companion to Kals' "Practical Boating; Inland and Off-shore, Power and Sail" which was published in 1969.

Another title just recently ordered is Warren Norville's "Celestial Navigation Step by Step," (Associated Press). The author, who has an extensive background of naval and boating experience, claims anyone who knows simple arithmetic can learn to navigate with this book. It is aimed at the non-professional. Several different methods are given, allowing the reader a choice of which to use. Reproductions of appropriate tables and navigational almanacs are included, and several step-by-step examples are shown.

While this next title will not teach you how to read a chart or the fundamentals of navigation, it is a book which I am certain many sailors, and non-sailors alike, will enjoy reading. Entitled "The Sea Chart," (McGraw), it is written by Derek Howse and Michael Sanderson.

A beautifully illustrated history of navigational charts and maps, this volume contains 60 reproductions, many in color, of sea charts in the famous collection of the National Maritime Museum of Greenwich, England, from 1420 to the present. The authors combine text and maps to present a fascinating account of the evolution of hydrographic charts. Man-

uscript and printed specimens that are outstanding examples of representative types of charts are featured. There is a good bibliography at the end of the book on the history of sea charts and cartography.

I highly recommend this unusual chronicling of sea charts from the first known effort about 100 A.D., through the earliest printed atlases that appeared in Italy, to our own modern day ocean survey maps. Many readers may want to purchase this handsome volume for their own personal libraries.

Along with these newly purchased books, there are several old standards in the library's collection. The most familiar is probably Charles F. Chapman's "Piloting, Seamanship and Small Boat Handling," (Motor Boating Books).

The first edition of this book dates back to the days when yachtsmen joined the U. S. Navy during World War I. Year by year, from when boating was in its infancy, to the present time with boats numbering in the millions, every edition has been enlarged and revised.

The first edition amounted to only 120 pages with the current volume numbering over 700 pages. Included in this latest edition are excellent chapters on the mariner's compass, aids to navigation, the nautical chart, dead reckoning, tides and currents, position determination and navigation and piloting hints.

Like Chapman, Tom Bottomley's "Boatman's Handbook," (Motor Boating Books), covers a whole range of information for sailors including good chapters on rules of the road, piloting and navigation. The monthly periodical "Motor Boating and Sailing" also includes navigation aids and pointers in its annual boats and equipment issue.

Finally, for the experienced navigator, the library has copies of "Knight's Modern Seamanship," (VanNostrand), "Dutton's Navigation and Piloting," (U. S. Naval Institute), and of course the granddaddy of all the navigation books, Bowditch's "American Practical Navigator," (U. S. Navy Hydrographic Office).

In addition to covering in extensive detail all aspects of navigation, this volume includes as its first chapter, a very interesting history of navigation.

## One View From The Capitol

By William R. Bryant, Jr.

Watched the movie "Judgment at Nuremberg" last week on television. There are lessons for all of us in that film and in the horrors which made such trials necessary.

Whether one fashions the belief and the commitment from religion or from lessons of history or a molding of both - it is clear neither one person nor a nation can engage in, nor allow the diminishment of even one man's basic rights in the name of service to some supposedly greater good.

We must not allow ends to justify means. We must stand and fight for human dignity, the worth of each individual and allow our means, our equal and real justice to all to justify our ends, to justify our own existence and that of our nation.

Rights and responsibilities are one and yet there will always be gray and difficult areas of conflict between them in any society. There will always be some who violate rights or fail to do that which is their responsibility.

Do we dare to allow, however, our government, in the name of law and order, domestic tranquility or in any other name, to stoop to the level of those against whom it may seek to act in our behalf?

To me and nearly all Americans the answer is a resounding "No." Short of some clear situation of rebellion or invasion when certain rights may be suspended, as provided in our constitution, we dare not allow deprivation of rights.

In the past two decades, we have seen social change which has vastly increased justice to minority groups and those lacking wealth. We have accomplished this with a minimum of violence.

We have experienced the agony of a war we could not clearly view as necessary and just.

And we have experienced and will yet experience the agony of Watergate.

What impresses me most and gives me a feeling of optimism is that we have openly and meaningfully met challenges and that it is clear from the past year the people of this nation want to be just, want our law and our government to serve justice and that we will not allow ourselves to stoop to fight injustice with injustice, nor to try to let ends justify unjust means.

We may approach our 200th anniversary with a feeling our constitution is alive and well.

The victory was not as great as portrayed - and I believe the Board of Education hurt themselves for future elections when they take away the power of decision from the voter in relation to new millage and new programs. In the future more citizens will have to become involved and see that the facts on renewal and new millage are equally pointed out. I feel quite sure that if the citizens knew exactly what they were voting for - the renewal would have passed by a large majority - but I doubt the additional millage would have been approved. Education gets hurt with these tactics and it will backfire in future elections. Again, I'm happy that your letter was printed - and it was too bad that the letter box did not carry some of these ideas prior to the election.

Sincerely,  
Robert F. Weber

## Letters to the Editor

To the Editor:

I was extremely interested in your story in last week's newspaper on the financial problems of North High School's student newspaper. It should be a matter of real community concern whenever cutbacks must be made in any school program, but the school newspaper is both the best writing laboratory a school can offer and its most important communications tool.

I am writing because the comparison in the article of North's program with South's did not include the rationale for South's and because I believe some important misconceptions may have developed from the article, although I found no evidence of inaccuracy.

The phrase, "The Tower has a full-time advisor-teacher," was misleading because it implies that my only responsibility is advising the school newspaper.

South's journalism program has, in fact, grown to the point where enrollment this year in beginning journalism had to be cut off at 120 divided into four classes. Another 26 students enrolled in advanced journalism are the only ones directly involved in production of the newspaper.

Although I have also taught other sources in the English department, because of the heavy enrollment in journalism, that is now my only area of responsibility.

Because of the current concern over class size in the Grosse Pointe school district, I would also point out that in the eight years I have taught here, my daily student load has increased from 95 to 145 with the further addition of 30 assigned to a daily study hall. This has occurred although most educators agree that writing can be taught far more effectively in small classes where there is time for individual attention.

A priority item during this period of increasing enrollment and tightening financial conditions has been maintenance of a weekly newspaper. Students enrolled in advanced journalism can get the necessary experience only with regular and frequent opportunities to produce. A newspaper has almost no real news value and much reduced effectiveness as a means of communication if published less than weekly.

We have been able to maintain weekly publication only by changing printers and sacrificing both some quality of reproduction and much service to the school and by increasing sources of income.

Increasing revenue involved both a heavier volume of advertising and paid subscriptions. We have no evidence to support the contention that paid subscriptions reduce readership. Our information leads us to conclude that through shared subscriptions the paper reaches 90 to 95 percent of the student body and that students take much more seriously a product they have paid for than one which comes to them for nothing. We are convinced that a strong paid subscription is an effective selling point for advertisers.

We have been able to supplement the Board's allocation of \$7,000 for each school newspaper with an additional \$6,000, and that permits publication of 30 six-page issues as opposed to 10 or 12 four-page issues.

We believe our decisions are supported by the heavy enrollment in the school's journalism program, the popularity of "The Tower" within the school, critical acclaim in virtually every competition or evaluation entered, and the high degree of success of former staff members who have gone on in journalism.

Bob Bulton  
South High School  
Journalism Teacher  
and "Tower" adviser

To the Editor:

I am a resident of Muir road. I have been a resident of the Pointes since I was a small child. I have paid taxes which have been included in my rent for approximately 30 years and therefore I feel I have a right to express my opinion about this community.

Since the rezoning of Muir road has now included condemnation of the houses of the poor and the elderly, I am ashamed that I have lived in The Farms.

I have voted faithfully at almost every election. I have even voted for many of the council members. I welcomed the expansion of Cottage Hospital, although for a year and a half everyone who came to my door tracked mud from the trucks as the driveway was opposite my front door.

I attended one of the first meetings in which it was discussed that the hospital had not provided the parking places that were promised when they received approval to build. Nor did the hospital landscape to screen the cars.

It would seem perfectly clear that the hospital deliberately misplanned parking space while counting on the rezoning and condemnation of houses across Muir road. The hospital has not been penalized in any way for this aggression. Nor did the Mayor ever intend to see that the hospital rectified its miscalculation.

Before the council decision, the Mayor said he was in favor of rezoning Muir road. He also appointed a resident who did not live on Muir road to represent the "rights" of the citizens. The man appointed had already made up his mind, as he told me directly after the meeting he was in favor of rezoning Muir road.

It is more than generous to say that it appeared to be an unspoken rather than a calculated collusion. Further, false security was given when the residents that spoke against it were reassured that in spite of the rezoning, they would be allowed to live in their homes as long as they wished.

At least three elderly residents on this block of Muir road bought their homes to live in until they died and do not want to sell at any price. There is no satisfactory solution to relocation that will not require adjustments that may be costly in lives. The problem might well be solved by the hospital maintaining its integrity by erecting a two-story parking lot.

Are the property values of those on Ridge and Touraine more important than the rights and needs of the disfranchised citizens on Muir road? Money before human souls?

I now believe as others do that The Farms Council has added to the nationwide stigma of living in Grosse Pointe - anti-Semitic, anti-black, anti-poor and anti-elderly.

Disrespectfully yours,

Mrs. Marjorie R. Neale

Editor's Note: The following letter, a copy of which was sent to the NEWS, was a reply to Mrs. M. Howell, of 20632 Kenmore, Harper Woods, (Grosse Pointe School District resident), whose "Letter to the Editor" was published in the April 18 edition.

Dear Mrs. Howell:

I want to compliment you on your letter to the Grosse Pointe News, dated April 18. As a past president of the Grosse Pointe Board of Education, I had written the Letter Box of the Grosse Pointe News pointing out exactly what you did as well as the fact that the private mailing to each resident headlined the word renewal. That mailing was so late, the only chance a citizen had was to write the paper - but there were no letter box letter in that issue.

WOMEN'S PAGES

## From Another Pointe of View

By Janet Mueller

Have you ever wondered what trials, tribulations and laughter go into putting a black tie ball together?

Consider the case of the Junior Women's Association for the Detroit Symphony Orchestra: after deciding to use a Renaissance theme for their annual, formal spring party this year, Judy (Mrs. Don) Jensen and Jeanne (Mrs. Carl) Reichert were contacted by general chairman Louise (Mrs. Rex) Ciavola and asked to come up with some unique and beautiful decorations for Saturday's fete at the Detroit Athletic Club.

Their only instruction was to use blue as a main color theme—for blue is the favorite color of Mado (Mrs. Kim Khong) Lie, the Junior's current president.

So Judy and Jeanne went to work, and designed a beautiful centerpiece, and ordered the necessary candelabra to complete it—and the Energy Crisis entered the picture.

The Mesdames Jensen and Reichert were informed, for one reason or another, that they would be unable to obtain their candelabra.

So Judy and Jeanne went back to work, and planned a ballroom dance floor centered with a gazebo, in which the orchestra would be seated—and, after calling some 30 gazebo "leads," discovered that the nearest available gazebo was some 35 miles down the pike, and, in a combination rain/snowstorm, husbands in tow, went forth to examine this really "neat" summerhouse.

It's hard to get excited over a glorified phone booth with a few, sad slats of trellis.

So Judy and Jeanne went back to work, and, eventually, located a perfectly lovely gazebo, and measurements were taken at the DAC, and it was determined this lovely gazebo would fit perfectly in the center of the dance floor—and then someone remembered to remember electrical outlets.

As Dr. Reichert pointed out: extension cords snaking across a floor from in-gazebo orchestra to wall outlets might present a few problems.

Well... Instead of The Renaissance Ball, they could call it The Orthopaedic Hop.

So the orchestra will be playing against the wall Saturday. The gazebo has become focal point

## ULS '74 Carnival All Set for June

Alumni and Students Working Together to Insure Success of 24th Annual Carnival; Proceeds Go Toward Scholarships

"Low prices and big fun will be the keynotes of this year's University Liggett Carnival," according to Carnival Chairmen Mr. and Mrs. Joseph Cobane. Friday and Saturday, June 7 and 8 are the dates for what has for 24 years been one of The Pointe's most anticipated events.

Last year, freak, torrential rains stopped much of the Midway and many of the larger rides from coming in, but this year, no such luck is in sight. Carnival '74 promises to be bigger and better than ever!

It's to be held, as always, on the University School Campus athletic field along Cook road. Over 600 parent, student and alumni volunteers will be everywhere, doing everything from managing entrance gates to flipping hamburgers.

In fact, every member of the ULS community is selling Scholarship Tickets right now. Monies raised via the Scholarship Ticket Sales and the Carnival are the major

contribution to the University Liggett Scholarship Program. The school believes these scholarships play an invaluable part in providing a quality educational experience not only for the pupils on scholarship, but also for the entire ULS student community.

Last year, out of an Upper and Middle School population of 564 on both the University and Liggett campuses, 90 were receiving either full or partial scholarships.

Among those organizing this year's project are Carnival Chairmen Mr. and Mrs. Cobane. Their assistant chairmen are Mr. and Mrs. John French, III. Administrative assistant for his eighth straight year is Jack Good-

## Isaac Stern Symphony Star

Violinist Isaac Stern will make his first appearance with the Detroit Symphony Orchestra in three years at the Orchestra's final subscription concert of the season, Thursday and Saturday, April 25 and 27, in Ford Auditorium at 8:30 p.m.

The program, which will be directed by the Orchestra's Principal Conductor Aldo Ceccato, will include the "Variations" of modern American composer George Crumb, the Symphony No. 5 of Tchaikovsky, and Mendelssohn's popular Violin Concerto in E minor, performed by Mr. Stern.

Mr. Stern is one of the greatest and best-loved musicians of all time. Born in Russia, he was brought to San Francisco as a baby. After studying at the Conservatory there, he made his debut at 15 in 1934. He played with major orchestras, made his Carnegie Hall debut in 1943, and very quickly became "the world's finest violinist" recording virtually all the violin repertoire, touring all over the world, even playing for movie soundtracks, most recently "Fiddler on the Roof." He first appeared with the DSO in 1953, and has returned over a dozen times since.

The Violin Concerto, Mendelssohn's last major orchestral work, is certainly his best known, and probably the best known of all violin concertos. Tchaikovsky's Fifth Symphony was composed in 1888 and has been a staple of the concert repertory ever since.

George Crumb won the Pulitzer Prize in 1968 for his "Echos of Time and the River." This is the first time the DSO has ever performed one of his works.

## 'Parade' Topic for Alliance Francaise

The Grosse Pointe Alliance Francaise will present Richard H. Axson discussing "Parade: Reflections on a Cubist Ballet" for members and guests this evening, Thursday, April 25, at 8 o'clock.

The meeting will be held at 315 Washington Road, the home of Mrs. Garfield Tourney, Alliance program chairman.

The speaker, a 1961 graduate of Grosse Pointe High School, presently an instructor in History of Art at the University of Michigan-Dearborn campus, is the son of Mrs. Axson and Mr. R. H. Axson.

Richard Axson, who expects to receive his Doctorate from the University of Michigan in December, chose the ballet "Parade" as subject of his doctoral thesis. The landmark production was commissioned in 1916 by Serge Diaghilev for his Russian Ballet company, and combined the awesome talents of Picasso, Cocteau,

Satie and Massine. During his Alliance lecture, which will be supplemented by color slides, Mr. Axson will discuss "Parade" as a collective whole of dance, music and decor, as well as its relationship to Cubism.

Mr. Axson's advanced academic work has all been done at the University of Michigan: a B.A. in French Literature; an M.A. in History of Art; his Doctoral Candidacy course work in the History of 20th Century Painting and Sculpture.

In 1971-72 Mr. Axson received the Chester Dale

Award from the National Gallery of Art, Washington, D.C. This honor, given to scholars in the field of Art History, enabled him to travel to Russia and Paris to further his "Parade" research.

The lecture will be in English, the discussion period bilingual. Light refreshments will be served. There is no admission charge.

The R. H. Axsons will entertain at a cocktail party at their Vincennes place home before the lecture.

the Edward and Bernice Forrester Family Group. Health permitting, Mrs. Frank Wellington Coolidge, a past-president of the Federation, will be on hand to report on the National Headquarters Building Fund.

## Inside the Mothers Club

Ten years ago, a student volunteer program was begun at Grosse Pointe South High with 36 students signing up to tutor at inner city schools. The program has grown steadily, and last year 500 students involved themselves in a variety of volunteer activities in the school and community.

Mrs. Perry Tewalt organized the program and has been its coordinator through the years.

Invited by Mrs. Martha Speer, president, to attend the Monday, April 1, meeting of the South High Mothers Club, Mrs. Tewalt described the scope of the program and the benefits accruing to students who participate. In addition to the sense of personal satisfaction, responsibility and awareness, she said that there was an opportunity for the job experience and exposure to career possibilities.

Mrs. Tewalt indicated that today's college admissions officers give attention to, and indeed, often expect, a student to have participated in some kind of volunteer service.

Her enthusiasm for the volunteer program, combined with her obvious talents, explains easily its tremendous success.

Plans are under way for the Mothers Club Spring Benefit May 10 under the chairmanship of Mrs. Sue Petz.

Another date coming up is June 12, the day set for the Graduation Party. The committee is presently formulating plans for this event.

Mrs. Maurer, chairman of the parent volunteer program, announced there will be a training program on April 29 and 30 for mothers who will assist at spring registration.

It was decided to subscribe \$100 in advertisement for the 50th anniversary issue of the Tower.

## 'Understudies' Plan Matinee

The "Understudies" women's committee for the Hilberry Theatre is giving its second May Day Matinee Theatre party on Wednesday, May 1, at Wayne State University.

The party begins with a subscription luncheon at 11:30 at McGregor Memorial Conference Center, followed by a 1:15 p.m. matinee performance of Moliere's "Tartuffe" at the Hilberry Theatre.

Invitations have been sent throughout the Detroit metropolitan area to women whom the committee members thought would enjoy a social afternoon at the Hilberry Theatre. They hope the afternoon will be instrumental in introducing many women to the Hilberry repertory company for the first time.

The committee has arranged for guest parking near the McGregor Center and for shuttle bus service between McGregor and the Hilberry Theatre.

Many of the 50 committee women are planning to fill complete tables at the luncheon. Among them, from Grosse Pointe, are Mrs. Wilber M. Brucker, Jr., Mrs. Ronald Haughton, Mrs. Edward St. C. Thomas, Mrs. L. Murray Thomas and Mrs. Anthony J. Vinci.

The "Understudies" committee, which annually sponsors the President's Preview opening the Hilberry season, was formed in 1964 to raise funds for the graduate fellowships for members of the Hilberry repertory company, a select group of young actors from all parts of the country. They also sponsor projects, such as the May Day party, to help promote the theatre in general and widen its audience.

Reservations for the May Day party will be accepted as long as there is room available by calling 577-2972.

Take a day off occasionally and let the rest of the world do all the worrying.

## Honoring a Noble Tradition

SISTER DOROTHY MARIE of Bon Secours Hospital here displays a painting of Mere Geay, the nun who guided the Sisters of Bon Secours in their early charitable missions in Paris, France.

One hundred and fifty years ago, the Sisters of Bon Secours began their work attending to the sick and dying in the streets of Paris. When the Sisters first came to Grosse Pointe they were not far removed from their humble beginnings, practicing nursing care in their patients' homes.

Today, as they prepare to celebrate their sesquicentennial, the sisters are halfway through a major expansion program on the full-service community hospital with which they have served this area's medical needs for the past 30 years.

Sunday, May 5, is the day the sisters have chosen to celebrate the anniversary of their founding. Bishop Walter J. Schoenborn will officiate as chief concelebrant at a 2:30 p.m. liturgy at St. Paul Church in Grosse Pointe.

There will be an openhouse reception afterwards at the Grosse Pointe Academy where friends have been invited to join the celebration to recall favorite memories of the sisters and wish them well for the future.

The congregation of the sisters of Bon Secours was founded on January 24, 1824, while the French were still suffering the effects of the Revolution. At a time when the cloister was considered the only place for nuns, the Sisters of Bon Secours were accepting calls to stay with the sick in their homes, within the family setting, to provide nursing and spiritual care. Their work, considered inappropriate by many, proved highly effective.

Their purpose was to care for the sick with courage, Christian devotion and loving concern in the hope that by their example, they would bring Christ into the homes of the people of the world, both rich and poor.

Three sisters brought Bon Secours to the United States in 1881 at the invitation of Cardinal Gibbons in Baltimore. In 1909, five sisters arrived in Detroit at the invitation of Bishop Foley, a former Baltimore pastor.

The Sisters intended to build a hospital here, but would care for the sick in their homes until they could accomplish their goal. They soon developed a reputation with area physicians and residents for their skill and especially their bedside manner.

There were many setbacks in the sisters' attempts to build a hospital. By 1924 they had raised the money to purchase a 4 acre tract from the Cadieux farm in Grosse Pointe. Before long, the country was in the midst of the Great Depression and the building fund was dipped into to feed the poor.

Finally, a hospital was erected in 1941, but due to war shortages of building materials, Bon Secours operated as a convalescent home until 1944, when a one-room surgical suite, a laboratory and x-ray department were completed.

The original building, sandwiched between later additions, will be taken down, brick by brick next fall and replaced with a new structure. New building codes have made the old brick structure obsolete with its narrow halls and stairwells and shortage of private bathrooms.

The sisters view the loss of this building, for which they worked so hard and waited so long, not with sadness, but rather with the joy and promise of rebirth. And for the Sisters of Bon Secours, that is the most important thing.

Learning from the mistakes of others is the easiest way of acquiring a practical education.

## After all these years, maybe it's time you moved to bigger and better things.

If you've been considering a bigger house, or a newer one, there'll never be a better time than right now to make your move.

And, right now, National Bank of Detroit can help you make that move. We have mortgage money to lend, and we lend more than any other bank in town.

We'll give you prompt word on the

approval of your mortgage loan, and set up your closing in as little as two weeks thereafter at an NBD office in your neighborhood.

We might also save you some money. Our closing fee on uninsured conventional mortgages is a simple flat fee that has nothing to do with the size of your

mortgage. And that could possibly save you enough money to buy a new chair for your new home, or carpet one of your new bedrooms.

Why not look into a mortgage loan now at any of the more than 100 offices of NBD.

## Tri Sigmas Form Twin GP Chapters

Sigma Sigma Sigma Now in its 76th Year as a National Panhellenic Sorority; Founded in Farmville, Virginia School in 1898

Sigma Sigma Sigma, National Panhellenic Sorority, recently granted charters to two Grosse Pointe Alumnae Chapters, an afternoon and an evening group, to commemorate 76 years as a National Sorority.

Founded at Longwood College, then known as the Farmville Normal School, on April 20, 1898, in Farmville, Va., it was the second in the quartette of national sororities begun there. Preceded by Kappa Delta, followed by Zeta Tau Alpha in the fall of 1898, and Alpha Sigma Alpha in 1901, the group became known as The Farmville Four.

The afternoon group of the new Tri Sigma Grosse Pointe Chapter met Monday, April 8, in the home of Mrs. John W. Nelson, in Washington road, and elected for its first

officers: Mrs. Nelson, as president, and Mrs. M. A. Willard, of Moran road, as vice-president.

Mrs. Jay Jodway, of Balfour road, is recording secretary; Mrs. Robert E. Kotas, of Harvard road, corresponding secretary; and Mrs. Charles R. Jaeger, of Nottingham road, treasurer.

Other members of the new chapter include Mesdames William A. Baldwin, Walter V. Bernard, Jr., John J. Blake, Jr., William E. Dinan, James R. Harrell, John Hayes, Albert E. Lorenzo, Robert C. McCort, Robert E. Quarters, Phillip H. Rezanka and George H. Stover.

The second meeting of the group will be at 12:30 p.m. in the home of Mrs. Jay Jodway, in Balfour road, on Monday, May 6. Members of this group will be modeling fashions by Himeloch's of Grosse Pointe at the Detroit Panhellenic Association Annual Meeting and Luncheon-Fashion Show at the Grosse Pointe War Memorial on Wednesday, May 15.

The "twin" group, the evening Alumnae Chapter of Tri Sigma, met on April 8 in the home of Mrs. Michael T. Welsh, in Barksdale road. They elected Mrs. Welsh, president; Jeanie Catenacci, of East Detroit, vice-president; Kathy Reed, of Detroit, recording secretary; Mrs. Robert G. Schuch, of Littlestone road, corresponding secretary; and Mrs. Robert VanAcker, of Warren, treasurer.

The evening group will meet again on Monday, May 13, in the home of Mrs. John T. Garr, in East Outer drive.

Philanthropic projects and social service work play a major role in sorority life. Tri Sigma's efforts have gone to Maintenance of the Children's Ward in Chapel Hill Memorial Hospital in Chapel Hill, N. C. This year, area alumnae included a \$350 Scholarship to a needy student nurse in Harper Hospital's School of Nursing connected with the Webber Memorial Medical Complex.

Additional help for elderly people wishing to live in their own homes rather than in institutions has been afforded through a generous bequest of the late CORINNE D. SMITH, long-time Grosse Pointe resident and Detroit school teacher, to Well Being Service for Aging, a Torch Drive service. A bequest of \$5,000 was given by Miss Smith for the purpose of maintaining a fund by which persons over 65 years of age may be helped, financially and with supportive services, to live out their remaining years in dignity and independence. Well-Being Serv-

indicative of the upswing in recognizing the importance and value of Greek Letter Societies on the campuses of the United States are recent statistics of the National Panhellenic Conference which showed a 480, 842 increase in new members, 647 new chapters, a total of 1,500,000 women in sororities, and 2,500,000 men in fraternities.

Sigmas from East Detroit, Harper Woods, St. Clair Shores, Warren, and neighboring Detroit zones, are invited to become members of the two Grosse Pointe Tri Sigma Alumnae Chapters.

For additional information, persons may call 823-0145. The late Miss Smith, a member of the Jefferson Avenue Methodist Church, also willed a bequest to the church for its continuing program of help to the aging.

For the first time in its 42-year history the Scholar Craftsman Award of Western Michigan University's Industrial Education Department, honoring the most outstanding WMU Industrial Education senior, has been given to a woman: Pointer THERESA POLITOWICZ, current president of WMU's student Industrial Education Association.

Member of the Kenyon College swimming team that set a new NCAA record by capturing its 21st straight Ohio Athletic Conference swimming title, breaking the old NCAA record for consecutive titles in any sport, is PHIL PORTER, son of the WILLIAM C. PORTERS, of

Hampton road. Phil, graduated in 1970 from Grosse Pointe North High School, now a Kenyon senior majoring in pre-law, placed second in the three-meter diving event and third in the one-meter dive in the Ohio Conference championships at Oberlin and competed in the 1974 NCAA-College Division Swimming Championships in Long Beach, Calif., when Kenyon's Lords placed 17th, best in Ohio, in a field of 88 colleges.

## UWM Appoints Two Residents

Two Pointe residents have been added to the budget committee of the United Way of Michigan, (UWM).

They are Robert J. Voigt, of Fisher road and John J. Buell, of Wicks lane.

Jules E. Guillaumin, of Detroit, committee chairman, said they will be assigned to review panels at UWM's annual budget conference to be held Tuesday-Wednesday, April 30-May 1, at the Kellogg Center, Michigan State University.

Each panel will review the budget presentations of three UWM member agencies and then make recommendations for the funding of the agencies during 1975.

UWM helps plan programs and provides communications services and financial support for its 23 health and social service agency members.

## Meeting Slated By Chi Omega

The annual spring dinner and business meeting of the Detroit Alumnae of Chi Omega will be held next Wednesday, May 1 at the Kenwood court home of Mrs. Gilbert Gove.

Out-going president, Mrs. B. F. Poirier, will turn over her gavel to the new president, Mrs. Michael Ballew.

All area alumnae have been asked to attend the spring dinner. Tickets are \$2.50 per person, and reservations may be made by calling Mrs. William Denomme, chairman, at 862-6730 or Mrs. James Bond at 865-8557 by Friday, April 26.

Woods resident MARY LYNN SEARS is among the 50-voice West Suburban Hospital Student Nurses' choir, making the Oak Park, Ill., school's annual concert tour, Saturday, April 27, through Sunday, May 5. The choir will make 10 appearances in churches in Illinois, Wisconsin, Minnesota, Iowa and Nebraska. Miss Sears is a junior in the School of Nursing.

Model husbands and model wives seldom live together. It's easier to renew a good resolution than a 90-day note.

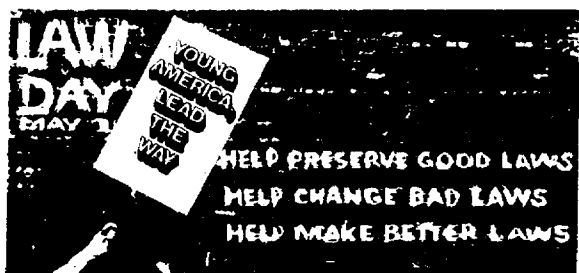

## TO LOVE LIFE IS TO SEEK JUSTICE

On May 1, 1974, from one end of the country to the other, young Americans from nine to ninety will be celebrating Law Day. They will be celebrating it not as a slogan, not as a gimmick, but as a symbol of a great truth: the quest for justice is man's highest ideal.

On May 1st, despite the disillusioning headlines of the past months, an army of young citizens will stand up to be counted, to pledge their resistance to apathy and cynicism. Join them, won't you? Help say "yes" to the proposition that ours is a government of law, not license.

Make your voice heard. Let us shout to the world that no one in America—big or little—may take away the rights of others.

Let us teach ourselves anew the basic lesson of the American heritage: for a nation to lower its ideal, equal justice for all, is to forfeit its very life force.

My dream is shared by all people, I'm certain. It is not impossible. Much has already been learned through research.

Soon perhaps all Americans. All the world. That is the aim of a powerful organization that supports cancer research.

But they need mothers and fathers—and everyone—to help them do it.

**FIRST TIME OFFERED**

A RAMBLING COLONIAL for the family which requires elbow room. Six bedrooms and three and a half baths can accommodate quite a brood. This is a one-of-a-kind house with a surprising floor plan. The backyard was designed for kids with deck tennis and basketball court. Priced in the mid-sixties with a large mortgage balance to step into.

R.S.V.P.

AN INVITATION . . . To see this sparkling, customized colonial in a prime location in the Woods. Four good size bedrooms on the second floor and two bedrooms. The first floor has a family room and den, plus a full bath. Situated in an area where the price of neighboring properties is much higher. You're invited to inspect.

SEEING IS BELIEVING. So join our amazement when we first saw this English terrace condominium with central air conditioning and completely modern kitchen and baths. Concealed wet bar and wine rack in the living room. The furnace and hot water heater are new, as is the decorating. The only department which is old in this one is its foundation.

**OPEN SUNDAY 2 UNTIL 5**

1641 HAMPTON. Nesting instinct? Ranch for the young or young at heart, cathedral ceiling living room, loft bedroom plus two more, huge family room and new 2 car garage, full basement. Flexible financing and an old fashioned price of \$32,500. See Mary Owen at 2:00.

DIFFICULT TO FIND but we have one today. A three bedroom colonial with two baths up AND a large family room. The kitchen is new with color coordinated dishwasher, and electric range and refrigerator. Central air and a price that's fair. For \$50,000 you'll be there.

COME ON NOW. You can buy a five bedroom house with large family room with fireplace. The two car garage is attached and the house air conditioned.

YOU'VE MADE IT and don't care who knows it. This prize winning house with swimming pool, greenhouse, carriage house and spacious grounds is a perfect reflection of you. Your guests will be aware of the comforts of elegant living, while you and your family will enjoy the advantages only a large house can provide. Live it up with seven spacious bedrooms, five baths, a library and den, super kitchen and entertainment planned basement. And all this comes with central air.

A "MUST SEE" is this gracious French country house being offered in one of the best locations in Grosse Pointe Farms. From the curb the house appears overpowering, but inside you'll find four comfortable, family bedrooms and two more bedrooms over the attached garage. The first floor has a beautifully proportioned living room which is a step down from the large foyer with its circular staircase. The library is as large as many living rooms and the dining room formal enough for a State dinner.

A STately HOUSE located in the Farms just a few feet from the Lake has become even more attractive because now it is available for purchase. Designed by Albert Kahn Associates, this petite mansion offers a large entrance foyer with marble floor, a large formal living room with magnificent fireplace and the dining room, library and living room all face the lake. Five bedrooms and four baths comprise the second floor. This one will appeal to everyone . . . we wish we had more.

## University Head to Speak Here

Reverend R. J. Henle, S.J., president of Georgetown University, will be honored at a parent-alumni reception and dinner at 7 p.m. Wednesday, May 1, at the Grosse Pointe Club.

Father Henle was recently in the news for firing his executive vice-president, Reverend Edmund G. Ryan for "irreconcilable differences."

Father Henle had a walk on part in the film, "The Exorcist," and had appeared as an exorcism expert on NBC's "Today" and "Tomorrow" shows.

Father Henle, 65, has been president of the Jesuit University for five years and has been in the Pointe one other time during the past four years.

The dinner is sponsored by the Georgetown Alumni Club of Detroit. Assisting Daniel N. King, alumni president, with arrangements, are John C. Donnelly, Miles M.

**Show Features Parade on Ice**  
The Grosse Pointe Community Rink will hold its first annual ice show entitled "I Love a Parade," Saturday-Sunday, April 27-28, at the rink, 4831 Canyon, next to Austin High School. The show will feature members of the figure skating classes, girls from four through 25 years, who have been learning skating skills since last September.

The program, directed by Mrs. Jackie Locnikar and Mrs. Mary Howe, will feature several Pointe girls in each of these acts: Kewpie Dolls, Clowns, Lions and Lion Tamers, Marching Band, Cannonballs, Cowgirls, Showgirls and Aerialists.

In addition to local talent, viewers also will see guest skaters from Windsor, Ont., St. Clair Shores and Detroit. The Saturday show begins at 7 p.m.; the Sunday performance, at 5 p.m. The public is invited to attend and there is no admission charge.

## Pointers of Interest

MR. AND MRS. DANIEL A. LAFERTE, OF LINCOLN ROAD

By Nancy Kramer

Look at it this way: Where else might you be able to buy a tennis match with newspaper columnist Charley Manos, an antique phone booth for your home or 50 pounds of Polish sausage? And how else could you run into a couple as dedicated and hard-working as Gertie and Dan LaFerte?

Through Action Auction, that's how.

The LaFertes are this year's chairmen in charge of securing advertising for the program that lists and describes all the unique items up for grabs at the annual fund-raiser, the proceeds of which go to the Grosse Pointe Academy. Plainly, it's an important job: "Without the advertising, the program couldn't be," Dan points out.

### Did It Well

As chairmen, Gertie and Dan composed a form letter, mailed out countless copies to companies, organizations, stores, any likely prospects. The letters were asking if they were interested in placing any of four different sized ads in the attractively laid out program booklet.

Often, it was necessary to make contact by phone, but however Dan and Gertie did the job, they did it well.

The program auction-goers will study this year should be a little thicker than previous catalogues since more ads than ever before have been sold.

It will feature an added plus for advertisers, too. Up until now, ads have been grouped together, in one rear section of the book. For this program, though, ads and copy will run on alternate pages. The bidder studies the list of items and can't help but notice the ad alongside.

Ultimately, Dan and Gertie are responsible for that change.

### Hardly Rookies

They know their stuff. Dan and Gertie are hardly rookies at getting themselves involved in worthwhile activities.

Besides working his regular job as a sales representative for Ace Tel-A-Tape, Dan has managed to find the time to instruct altar boys at Saint Paul's, and serve on the Church Worship Commission. He's helped out with the Boy Scouts, and also within the parish, working on the Archdiocesan Development Fund. (He's a captain this year.)

At the Academy, he's taken part in numerous father-son outings, pancake suppers, and in faculty vs. father athletic contests. Gertie is a member of the Bon Secours Assistance League and works in the gift shop there.

And, "Every year we've worked for the auction in different capacities," Gertie explains.

For the first official

Academy Action Auction, in May 1970, it was he, patrons co-chairman and she, reservations committee member. That was after the Academy changed hands. Previously, the school was known as the Convent of the Sacred Heart, an all-girl institution, run by Sacred Heart nuns.

The nuns announced in December 1968 that the order wanted to redirect their abilities more toward the nation's cities, rather than the suburbs. Since there was another Convent relatively close by in Bloomfield Hills, the Grosse Pointe school was the one within the vicariate that could be closed least painfully. The class of 1969 was the last.

**Christian Atmosphere**  
It was due mainly to the efforts of a group of Pointe women that the school became a private institution for both boys and girls, first through eighth grades, and John Poplawski was hired as headmaster. The school now retains a Christian atmosphere, rather than a specifically Catholic one and its students are gathered from every kind of religious, social and ethnic background.

Dan and Gertie decided to enroll their three youngsters, Dan, Jr., now 13, Larry, 11, and Helen, 9, at the Academy. "We were ready for a change," Gertie explains. The children had been attending Saint Paul School.

"We were aware that the Academy boasted a different approach to education as well as a novel educational philosophy." The Academy believes each student achieves individually, not collectively, as a class. Thus, more attention is paid to the student himself on a singular basis. "It was a new approach, and we were intrigued."

Dan and Gertie weren't strangers to the Sacred Heart approach to education and that may have had some bearing on the decision to change schools. She is a third generation Convent graduate and even went on to Barot College for a while. Dan's two sisters attended Sacred Heart schools.

Family connections also played a role in the transfer. Miles O'Brien, the Academy's first president, is Gertie's uncle. "We had to support Miles," Dan explains.

They seem happy with the education their children are getting. They must be. Why

else would they give it the support they do?

### Pool Resources

The kids are in on the act, too. Dan, Larry and Helen have been busy selling raffle tickets. "Larry is this year's raffle chairman in our family," Gertie explains.

Since a prize is awarded to the Academy student who sells the most, the kids got together and decided their chances would be better if they pooled their resources. They all sold tickets, but only Larry turned in the money. Dan, Jr. was family chairman last year, and Helen will hold the position next year.

And, if Larry wins this time, they'll all share in the victory. The LaFertes are that kind of "together" family.

Vacations, for instance, are spent as a group. Recently, they went to Orlando to take in the sights of Disney World. And annually, they spend some time at Camp Michigan, on Walloon Lake.

It used to be two, brother-sister type camps, Camps Sherwood and Huntington. The University of Michigan Alumni Association owns it now, and it's a "you-can-do everything" sort of place, highly appropriate for a family like the LaFertes.

"I don't think there's anything we haven't tried," Dan contends.

### Active in Sports

They're sailors. Gertie, before she was married, crewed several times in the Mackinac Race. Dan, Jr. currently takes lessons at Bayview.

In the summer they play tennis. By winter, they ski. Last summer, Dan, Sr. became an expert angler in one easy lesson. Dropping his line off of Little Traverse Bay, he managed to land a 15-pound Coho Salmon and a six-pound Lake Trout. Not bad for a self-proclaimed novice to the sport. And he wouldn't mind trying it again.

"The kids are involved in Neighborhood Club functions," Dan says. They play baseball, basketball and swim. They take art classes and Helen studies ballet.

Other not-so-athletic activities include jaunts to Art Institute exhibits and Detroit Symphony Orchestra performances.

When the parents do plan a getaway for themselves, it's almost always to the wilds of Bois Blanc Island, in northern Lake Huron, just adjacent to the straits of Mackinac. There, they rough it, and manage to get in some bird and deer hunting.

There is a family fondness for animals. Right now, four mice, assorted fish and cats, along with a beagle, Sport,

Northern Michigan University chapter of the honor society Phi Kappa Phi will conduct its third annual initiation ceremonies on Sunday, April 21. A new member will be GEORGE O. YOUNG, III, of Hawthorne road, a senior at the university.

**JOHN C. PROST** of Pemberton road, will be Oakland County chairman for Oakland County Week, May 18-25. Mr. Prost, who also served as Oakland County chairman in 1973, is branch manager for the Dominion Life Assurance Company, Detroit-Northland branch, located in Southfield. He is past president of the Detroit Association of Life Underwriters, former state vice-president of the Michigan Jaycees and is a member of the Board of Directors of the Michigan Life Under-

make their homes with the LaFertes.

For a while, the backyard was a veritable rabbit warren. But all that was nothing compared to the Boia Constrictor. Larry bought it about five years ago and fed it live rats secured from an aunt who ran a laboratory. The Boia grew to such length and width that it was donated to the Detroit Zoological Society about a year and a half ago. But, for the three or four years he owned it, Larry wielded a lot of power on Lincoln road.

**Give Their All**  
The LaFertes put a lot of work into this year's auction. Everyone has.

On Friday, May 3, those in attendance will see some interesting innovations to show for the effort.

The party will begin at 5 p.m. in the Sentinal Center in East Jefferson avenue. Cocktails and "heavy" hors d'oeuvres will be served while write-in bidding takes place. A hot jazz band, Mystic Knights, will provide background music, and when they're done, they'll auction themselves off. Or . . . at least their musical services for a three-hour cocktail party will be auctioned off. Then, at 7:15, Auctioneer Larry DuMouchelle will conduct the "live" auction.

If the success and excitement of past auctions have any bearing on what's being offered next Friday, and it's likely they do, this year's Action Auction should do justice to all who had a hand in the planning. Dan and Gertie LaFerte included.

Guest of honor at the 1974 spring ball, traditionally a time when Symphony Juniors gather to rejoice over the past year's accomplishments and look forward hopefully, enthusiastically, to the year ahead, will be Karl Haas.

### Visitor From Belgium

Count Freddy Cartuyvels, staying with the Warren S. Wilkinsons, of Woodland Place, for two weeks before he begins his tour of the United States, will present an English-version color film on Belgium's historic chateaux AND a series of slides of his own Chateau D'Ecaussines-Lalain, one of the best-preserved military castles in Belgium, for members and friends of the Alliance Francaise de Grosse Pointe Saturday, May 4, at noon at the Grosse Pointe Hunt Club.

It's an afternoon-long program, starting with luncheon, open to Alliance members at \$5.75 per person, to guests at \$6.75 per person. Mireille Wilkinsons must have luncheon reservations in before next Wednesday, May 1.

The Wilkinsons will, of course, be doing a good deal of private entertaining for their Belgian houseguest, including a dinner party this Saturday to which Mireille and Warren have invited their French-speaking European friends, and a large meet-the-Americans cocktail party May 3.

### A Working Luncheon

"Wheels For HOPE" ball chairman Mrs. Florence Sisman has invited a goodly group of ladies to lunch at the Ranger House in East Jefferson avenue today.

They will combine business with pleasure, socializing as they address invitations to the \$100-a-couple black tie dinner dance to be presented Friday, May 31, at Raleigh House.

Among Pointers lending a helping hand are Mrs. Thomas G. Girardy and Mrs. Maxine Clements, invitations co-chairmen, Mrs. Ted Berendsohn, Mrs. Daniel Tindall, Mrs. Leo Marx, Mrs. Ross Corbit, Mrs. Frank Germack, Jr., and Mrs. David Easlick.

Gribbs, named him to the Mayor's Insurance Advisory Committee. In 1968, Mr. Prost was named "Outstanding Young Man" by the Grosse Pointe Jaycees and in 1970 he was nominated by Detroit Edison chairman Walker Cislser as one of the five "Outstanding Young Men of Michigan."

## Carl's Corner

May 1st is Law Day, and the Grosse Pointe branch of the lawyer-wives of Michigan have worked very hard for nearly a year to make it a day of meaning—at least in Grosse Pointe. They have arranged speakers for the public schools, sponsored an essay contest (with cash prizes).

In cooperation with the greater Grosse Pointe Police and Fire departments, they will give concerned citizens awards (bonds, certificates, and a ceremony at the Woods court room May 1st). It is groups like this, who work so hard and unselfishly, that really make our country great. Thank you wives, and Mrs. Judith Orhan — chairlady.
