## DEBATE LAKELAND SEAWALL

### HEADLINES of the WEEK

As Compiled by the  
Grosse Pointe News

**Thursday, June 13**  
**PRESIDENT NIXON** was welcomed by more than two million Egyptians as he rode through the streets of Cairo to inaugurate a new era of American diplomacy in the Middle East. Later on, President Anwar Sadat told Mr. Nixon the U.S. must do more to settle the Palestinian question, calling it the crux of the whole problem in the troubled region. Sadat also declared Egypt would be ready to fight if necessary to regain territory now occupied by Israel. Mr. Nixon did not respond directly to Sadat's challenges, but said he had no ready-made solution, and that solving the problem would require "a great deal of delicate diplomacy."

**Friday, June 14**  
**FORMER ARMY LIEUTENANT** William L. Calley has been ordered back into Army custody as a result of a federal appeals court decision to rescind bail while his My Lai conviction is being argued in civilian courts. The 5th U.S. Circuit Court of Appeals reversed the ruling of a U.S. district judge who had granted bail that blocked the Army's move to send Calley to military prison at Fort Leavenworth, Kan.

**Saturday, June 15**  
**LEONID BREZHNEV**, Communist Party General Secretary, has said he is ready to sign a partial underground nuclear test ban treaty with President Nixon during his forthcoming Moscow visit, and that the agreement could set out a timetable for the eventual end of all such tests. Brezhnev's statement, at a Kremlin rally, was his first to Soviet people on the subject and the first public expression of Soviet readiness to reach such an accord.

**Sunday, June 26**  
**RUBENS MASTERPIECE**, "The Adoration of the Magi," one of the world's most valuable paintings, has been defaced with the letters "IRA." A spokesman for England's Cambridge University, whose Kings College chapel houses the 17th Century painting, said the letters across the center of the 128 square foot canvas appear to have been scratched with a coin. While the initials "IRA" have come to stand for the Irish Republican Army, the guerrilla organization waging a campaign to unite Northern Ireland with the Irish Republic, there was no other evidence to suggest that group was responsible for the vandalism.

**Monday, June 17**  
**PRESIDENT NIXON** has agreed to supply American military aid to Israel on a long term basis and also to sell nuclear reactors to the Israelis as a source of electrical power. Aid will be supplied to Israel at levels needed to assist that country in offsetting the heavy additional costs inherent in assuring the country's military capability for the maintenance of peace. A delegation from the Israeli defense ministry is expected to visit Washington soon to work out details of the long-term military aid program.

**Tuesday, June 18**  
**HERBERT KALMBACH**, President Nixon's personal lawyer, was sentenced Monday to at least six months in prison and fined \$10,000 for illegal political fund-raising activities. Kalmbach, the 11th former White House or Nixon campaign official to be convicted in the Watergate scandals, was sentenced by U.S. District Judge John J. Sirica. Defense attorney James H. O'Connor asked for a suspended sentence since Kalmbach pleaded guilty and had cooperated with prosecutors. Sirica did not comment on the request but said he would recommend that the term be served at a minimum security federal institution.

### All Set To Win, Place or Show at Hunt Club!

The 63th Annual Grosse Pointe Horse Show, traditionally one of the Pointe's biggest sports events, is now underway through Sunday, June 23, at the Grosse Pointe Hunt Club. Afternoon and evening performances are being held daily at the Club, 655 Cook road. Local riders as well

as horses and riders from across the country are participating. Pictured above, (left to right), are Show Committee member MRS. ARTHUR J. JOHNSON with ALWYN CASSIL astride Winthrop and BILL BEARDSLEE, JR., both of whom are riding in the Juniors Divisions.

### Milk River Pump Area Gets Ticket

**Residents Sign Petition to Complain of Gas Stench Which Emanates From Pumping Station**

Sixty-seven Woods residents, living in the area of the Milk River Pumping Station located on Parkway between Marter and River Road, submitted a petition to The Woods Council Monday night, June 17. The petition complained about the offensive odor which emanates from the pumping facility.

Their petition, also sent to the Director of the Wayne County Health Department, got results. A violation notice was issued to the Wayne County Drain Commission, in care of Charles N. Youngblood, to install odor control devices.

The violation notice states that quantities of air contaminants and odors were emitted from the agitation and draining of the basin.

The Commission has been ordered to submit a detailed written report specifying what control equipment will be installed or what processes changed to prevent continuation of the violation.

The residents said that, over the years, there have been many complaints about the stench caused by raw sewage and other waste material, but that nothing had been done to correct the situation. They felt that the gases, which were a result of untreated waste, could constitute a health hazard, besides a public nuisance.

The petition drive was headed by Rowland L. Austin, of Edmundton drive.

### G.P. Artists Association Plans Summerfest Art Sale

Summerfest, an outdoor art sale will be held in the D'Hondt Pedestrian Way beneath Jacobson's in the Village Thursday through Saturday June 27-29, from 1 to 4:30 p.m. The Grosse Pointe Artists Association will display a variety of paintings, sculptures, jewelry and pottery.

Among water color artists present will be Elizabeth Dumas, Edna Kreichelt, Doris Derbyshire and Michael Derbyshire. Sonja Preuthun will show her handmade silver and enameled jewelry. Rita Meech will have pottery. Florence Ericson will show bronze and ceramic sculpture

### Gerich Fund Tops \$4,000, Saint John Will Benefit G.P. Students; Donations Still Accepted

**Monies to be Overseen by Grosse Pointe Foundation for Academic Enrichment Which is Now in Its Third Year of Providing Special Programs to Pointe Students**

Over \$4,000 has been raised by the Committee to Honor Jerry Gerich upon his retirement from South High School after 18 years of service. The funds will be made a part of the Grosse Pointe Foundation for Academic Enrichment, an independent non-profit organization founded in 1971.

Lee Allen, president of the Foundation, and Richard Fox, chairman of the Gerich Committee, are planning to meet with Mr. Gerich at the end of June to discuss the use of the funds. Mr. Gerich has already given suggestions for the use of the money in a letter to Mr. Fox, yet he has also indicated that he wants the Foundation Board to use the funds in any way they see fit.

Although only in its third year, the Foundation has sponsored many successful cultural events in Grosse Pointe schools. The Foundation was started by friends of Mrs. Joanne Bokram as a way to honor the Pointe resident who died suddenly in a car accident in April 1970. Always known for her interest in cultural affairs and the mother of four children in Pointe schools, the Foundation provided a living memorial to her.

Since the Foundation began, it has brought outstanding professionals in filmmaking, music, art and creative writing to the high schools to conduct lectures and seminars. Its sole purpose is to supplement and enrich the programs of the public schools in ways that tax dollars cannot provide.

Under the Bokram monies, Dr. Frank Beaver, an associate professor at the University of Michigan, was brought to North and South High Schools to conduct four lecture discussions on the art of film. In his lectures, Dr. Beaver went into the history of film, showed some original student films, discussed how to critique films and explained the relationship between film and the other arts.

In the afternoon, Dr. Beaver conducted workshops with special film students on the basics of film shooting, cutting and editing to produce a movie.

Another very successful program sponsored by the Bokram fund was the bringing of the Interlochen Jazz Quintet to North High School for a concert. The visit was supplemented by individual instrument clinics, which again brought the artists in direct contact with the students.

In his letter to heads of the Committee, Mr. Gerich said that he hoped the programs would be "beneficial to South youth and might make a constructive difference in their aspirations, attitudes or career possibilities."

He said that his major concern was to underline ideas on programs that would motivate young people and broaden their horizons. In particular, he suggested that "residence chairs" be established for outstanding personalities from the fields of art, poetry, literature, history, business, labor and politics. He hoped that these persons could be invited to visit the campus for a short period of time to interact with the students.

### Saint John Given \$1,250 For Clinic

**Monies Raised from Lollipop Sale to Be Used for Pacemaker Analyzer for Saint John Hospital's Pacemaker Clinic**

The Detroit East Suburban Alumni Chapter of Alpha Phi Fraternity has donated \$1,250 for a Pacemaker Analyzer for Saint John Hospital's Pacemaker Clinic.

Pacemakers, which electronically correct abnormal heart rates, should be checked every three months for the first two years, after which they may have to be checked more frequently depending on the battery condition of the pacemaker.

The Pacemaker Analyzer makes this possible by checking the batteries which control the pulse rate. It also has a built in electrocardiograph and the capability of telephone monitoring pacemaker patients.

Cardiac aid has been Alpha Phi's National philanthropy since 1946. For the past four years, they have conducted international lollipop sales to raise funds. Local women sold the lollipops in neighborhood stores and beauty salons and to room mothers and teachers.

Alpha Phi was presented with the Heart and Torch Award from the American Heart Association in 1966 for its outstanding contribution to cardiac care.

Among area workers were Mrs. Richard Dietz, of Washington road and Mrs. Floyd (Continued on Page 2)

### Board Honors Don Semmler

A resolution in honor of Trustee Donald J. Semmler, who is retiring after a four-year term on the School Board, was read at the Board's last meeting, Monday, June 10. Trustee Joan Hanpeter read the citation for Mr. Semmler who chose not to run for re-election.

The resolution commended Mr. Semmler for conscientiously attending executive, regular and special meetings of the School Board and for serving on the Finance Committee during 1973-74. The Board members also commended him for keeping abreast of state and national legislation which affected local school matters.

The citation said that Mr. Semmler demonstrated "a concern to the taxpayers of the community in all financial matters" and that "he has held steadfastly to his own philosophical principles."

### Marter Station Again Subject Of Controversy

**Over 30 Residents Attend Woods Council Meeting to Ask Property Zoned for Residential Usage; Dislike Suggestion That Area Be Used for a Park**

Some familiar faces were seen in The Woods Council chambers Monday, June 17, when the question of what to do with the Marter Road Pumping Station was brought up again. The property has been the subject of controversy ever since the Milk River Pumping Station was built five years ago, making the Marter one obsolete. Since that time, the property has been unused, and the pumping station fell into disrepair and became an eyesore.

When the National Bank of Detroit proposed that the building be used as an ecology center, the residents complained because they did not want the noise and traffic they thought the facility would bring. At the council meeting over a year ago, when this suggestion was discussed, they made it clear that they wanted the property zoned residential and houses built.

The old pumping station was torn down last month, and the large sink well filled according to engineering specifications. However, several residents wrote letters to The Woods and requested that the property be turned into a children's playground or be used for tennis courts. To consider these, and other suggestions, The Woods Council placed the issue on its council agenda last Monday night and notified the residents on Hollywood, Hampton, and Hawthorne roads.

Bill Kresse, of 1294 Hollywood road, was the first resident to speak. He urged the council to keep the area residential by rezoning the property.

Currently, the property located at the corner of Marter road and Hollywood avenue is zoned CF or community facility, a classification which includes city buildings, parks, substations and other municipally-owned areas. The property would have to be rezoned R1-C, or residential.

Dennis Dudash, of 1220 Hollywood avenue, pointed out that the property was near Ferry and Mason School playgrounds, so that the children could always go there and play. He also asked that the property be sold only with the condition that houses be built within a certain time limit, so that the area would not remain vacant and become covered with weeds.

The Woods already has one interested customer, namely Detroit Edison which would like to build a substation there. John C. Greenlee, a company official, said that the station would be used to complement the Vernier Substation located on Vernier near Mack. He said that the Vernier Substation was expected to reach its ultimate capacity by 1979.

The residents didn't buy this idea either. One man suggested a hand vote, and it came out 30 persons for residential zoning, one person for the park and one person for the substation.

The question was referred back to The Woods Council for further study.

### City Okays Plans for Unique Shop

If all goes according to N. Michael Williams' plans, a veritable "museum" will soon be standing among other businesses along Kercheval avenue in the Village.

Mr. Williams is president of Charterhouse and Company, a jewelry-by-appointment business that will shortly be moving into 18835 Kercheval, the former quarters of York Jewelers.

He appeared before the Grosse Pointe City Council at the regular meeting Monday night, June 17, to seek approval of his renovation plans.

Mr. Williams explained that a number of pieces that will decorate the building were purchased from the estate of Mrs. Joseph Schlotman, at an auction held prior to that building's demise.

The Charterhouse entrance will feature a hand made wrought-iron front doors secured from the auction and the inside of the store will incorporate the wood from Stonehurst's grand hallway. One of the home's magnificent marble fireplaces will also be used to decorate the inside and the building's leaded glass front bay windows also were obtained from the Schlotman home.

In keeping with the woodwork on the interior, the outside of the building will be mostly wood, with possibly some metal used for preservation purposes, and bronze-appearing affixed letters will form the company name across the top of the store.

Mr. Williams said the business would provide the services of gemologists and personal jewelers and that smaller bronze type letters might also carry that message across the front of the building.

"You should charge admission," joked Councilman George Henry when Mr. Williams concluded his presentation.

City Manager Thomas Kressbach was concerned that the Charterhouse sign might not comply with city ordinances, so the solons unanimously approved of Mr. Williams' building plans but held off on sign approval until a later date.

### Residents Dispute Use Of City Lot

**Petition Against Closing Street is Presented to Council; Signed by 203 Persons**

By Nancy Kramer  
What to do or what not to do with the foot of Lakeland avenue seemed to be the question put before the Grosse Pointe City Council at its regular meeting on Monday, June 17.

The problem had arisen before, at the Council's May meeting when Drs. S. J. Moroun and Robert Whiteley, who live across the street from each other, on lakefront property adjacent to City-owned land at the foot of Lakeland, proposed erecting a seawall to contain their front yards from the record high water levels of Lake St. Clair.

The City's triangular turn around at the south end of the street used to provide a public boat ramp, but the rising water has prevented the use of the ramp within the past year and a half since it is submerged under water.

The City had to build a crude seawall of dirt and concrete slabs. A pool of water often collects at the foot of the street when there is overflow from the catch basins or Lake St. Clair.

The doctors, aware of the City's difficulty in maintaining its right-of-way at the foot of the street, proposed a deal.

They would construct a seawall from Dr. Whiteley's property next to the City Park, across the City-owned land to the point where Dr. Moroun's lot meets the Warren Wilkinson frontage. The doctors would finance construction of the seawall if the City would relinquish to them, its title to the pie-shaped segments of land that jut into each front yard.

At the same May meeting that the doctors made their proposal, the Council was presented with another petition, signed by 12 Lakeland residents, requesting the entire area between the turn around at the south end of the avenue at the lake be closed off to public access.

The City Manager, Thomas Kressbach, and his staff were asked to study both requests and report back to the Council at the June meeting. Dennis Foran, director of finance, read Mr. Kressbach's findings to the Council. The city manager made no recommendation, only presented a variety of ways the solons might approach the situation.

It was pointed out the Moroun-Whiteley seawall, if built, would extend from 10 to 40 feet further into the lake to meet adjacent property and that two storm water outfalls would also have to be extended. Special steps would have to be taken to deal with the drainage of the area as long as the water (Continued on Page 10)

### Shores Buys 50 Pool Chairs

At the last meeting of the Shores Council, the trustees approved the purchase of 50 pool lounge chairs at a cost of \$85 each, adding up to a total bill of \$3,250.

Also noted was the purchase and installation of children's playground equipment for \$1,000. The equipment is similar to that on Elworthy Field in The City.

Daniel C. Beck, chairman of Parks and Recreation Committee, said that the two new tennis courts were in use constantly, from 9 a.m. until 11 p.m. Last summer, lights were installed on four of the five courts. Residents are required to pay the gate guard \$1 an hour for use of the lighted courts at night.

Village Superintendent Thomas K. Jefferis said that all but eight of the boatwells were rented, that several 30 and 45-foot wells were still available. Boat well rentals range from \$89 to \$414 a summer.

### Farms Detective Lectures On Women's Safety Tips

The number of sexual assaults against women has reached such proportions that many women's organizations have requested speakers from area police departments to lecture on the subject and to show safety films. The Farms Police Department has been carrying on such a program, initiated by Chief Robert K. Ferber, since 1972.

The main purpose of the lecture and film is to better inform women on the best methods of safety and what to do to protect themselves against sex criminals.

The latest group to hear talks and to view a film was the Lake Shore Association of Operating Nurses (LSAON), comprised of registered nurses from local hospitals east

of Detroit. The latest talk was held in the Science Hall of Bon Secours Hospital on Wednesday, June 12, and was presented by Farms Detective Earl Field, at the request of Mrs. Mary Luck of Cottage Hospital, president of LSAON.

The detective's topic was "Self Defense." After his talk and the showing of a film entitled "Nobody's Victim," he handed out material compiled with the help of Lieutenant Katherine Lesney, of The Detroit Police Women's Division.

## SEMTA Alters Bus Schedule

Southeastern Michigan Transportation authority, (SEMTA), has announced a number of time schedule changes that affect the Jefferson Beach, Kercheval, Deanhurst and Charlevoix, Grosse Pointe Woods buses, beginning Monday, June 17. A SEMTA representative said the revisions, too lengthy to list in the NEWS, have

been made to bring timetables in conformance with a new union contract.

Persons interested in obtaining specific timetable information should call 962-5515. The new schedules will be available aboard SEMTA coaches.

men can protect themselves. Detective Field has lectured and shown films to many women's organizations including The American Association of University Women, The Macomb County Women's Realty Association, and the Farms women employees.

Groups wishing a speaker and a showing of the film should contact Chief Ferber by calling 885-2100, or by dropping by The Farms police station.

For those unable to avail themselves of this literature, the NEWS has been asked to print the following material on personal safety and what to do in case of confrontation.

No one is immune to the possibility of becoming an object of a criminal assault. By being apprehensive in times of particular vulnerability, a woman will do all she can to protect herself.

The two most effective means of protection are very simple, and they work.

The first is light. The value of illumination as a crime deterrent was recognized long ago, and the lighting of dangerous areas, streets, alleys, school yards, parking lots, etc., has always resulted in discouraging criminal activity. Installation of outside lights has become a popular means of discouraging house breaking and prowlers.

As personal protection, the flashlight is probably the easiest and most effective weapon a woman can carry. If a woman can see the surroundings before leaving the car, and in walking in a darkened area, she will feel more confident. A potential attacker can see that she is aware of possible danger and is prepared, she has a potential weapon in her hand.

The second way to deter crime is with sound and lots of it! There are burglar alarms for stores and homes, and personal alarms have been made. The criminal is probably even more frightened than his victim and it doesn't take much to frighten him off. If a woman thinks she can't or won't scream,

she should get one of these personal alarms.

Women should scream when they apprehend danger. They shouldn't wait too long. As soon as it becomes apparent, she should scream and try to get out of the area.

## SAFETY TIPS

1. Walk where it is well lighted; 2. Walk near the curb, not near the building line, near doorways and alleyways; 3. If at all possible, never walk alone at night. Try and arrange to take a car, or public transportation. Or when travelling at night, travel with a group of people; 4. Plan a well-populated route. Don't take short cuts through isolated places; 5. Keep the shades drawn while dressing, or if dressed scantily at home. Avoid use of provocative attire or manner when walking alone; 6. Carry a whistle in your purse.

7. Carry a hatpin, or a small can of hair spray in your purse; 8. Avoid talking to strangers for a prolonged period of time while traveling; 9. Install dead bolt double locks and chains or peepholes on your door. Do not open the chain to a stranger; 10. Make certain that a stranger has proper identification when he wants to enter your house. Many rapists and thieves pretend to be from the telephone company or from Con Edison, as a ploy to get into the house. If you are alone in the house, admit strangers only after extremely careful scrutiny. If you are not sure, don't let him in. Don't be ashamed to ask for credentials; 11. Don't leave your home unlocked, even if you just leave the house for a moment or are working in the backyard.

12. Never tell a stranger over the phone what your telephone number is. If a stranger calls, ask him what number he is trying to reach, and tell him he has the wrong number; 13. If you are a woman living alone, list only your first name initial in the telephone book.

14. Never tell a stranger at the door or on the telephone that you are alone in the house; 15. When driving alone, keep the doors locked and the windows closed or opened slightly to let air in; 16. If you are driving alone and a stranger asks directions, do not roll your windows down; 17. If you are walking alone and a car stops and the driver asks for directions, do not approach the car, lock it and take your car; 18. If you leave your car, lock it and take your keys—always.

19. If you have mechanical trouble with your car on an isolated road keep going if at all possible to a busy street even at the expense of ruining the engine or the rims of a flat tire. If you cannot possibly move the car, tie a white handkerchief to the door handle, lift the hood, get back in the car and lock it. Do not get out until reliable help arrives. Never walk for help if at all possible; 20. If you are attacked, the first thing to do is scream, as loudly as you can; 21. Use the whistle if you can; 22. Use the hatpin and spray the hairspray in the assailant's eyes.

23. If you are accosted on the street, chances are that the assailant is merely after your property. As such it is a good idea to carry money with you, for if a robber is frustrated in his quest for money or valuables, he may then take his frustration out on you. This is especially true of an addict, who is desperately in need of funds. Don't try and resist a robber. It is not worth it. Only use physical force when your person is being threatened, that is—use force only as a last resort.

24. Use everything at your command: a) Stomp down on his instep (especially with spike heeled shoes); b) Knee to the groin; c) Finger in his eye; d) Elbow in stomach or groin; e) Bite; f) Kick; g) Use your pocketbook; h) Use your fingernail to scratch at his eyes; i) Keep screaming.

25. Try and take notice of physical characteristics of the assailant. Notice the color of his hair, eyes, height, weight, etc. Try comparing him in size with someone you know; and 26. Cooperate fully with the police and with our office. It is more important to incarcerate criminals than to save you the time and embarrassment of filing a complaint and appearing as a witness. Your cooperation will protect your friends and neighbors from experiencing the same horror that you did.

## Gerich Fund Tops \$4,000

(Continued from Page 1)  
emphasize the establishment of living tributes to persons. The first two funds in honor of Joanne Bokram and Hazel McCaig, were established by friends and family upon their deaths. With the establishment of the Jerry Gerich fund, the Foundation has turned the corner.

Lee Allen, who served on the Board of Education for four years, is currently acting as president of the Foundation Board. Also serving on the Board is a mixture of community leaders, artists, teachers, parents and School Board members. The group meets about once a month to discuss uses of the funds.

"The most important thing about the Foundation is that it is completely independent of the tax monies," Mr. Allen commented. "There are no administrative costs and all the donations directly benefit the kids. We have flexibility both in the programs we elect and in the way we invest the monies. We can either use the interest from funds or directly use the money."

"Up to now, most of the programs have been in the high schools, but future programs will be directed to the middle and elementary schools. For example, we

might plan a program to enrich the music instruction in the elementary schools. So far, I think all of the Foundation money has been used extremely well."

The Foundation was started in 1971, one of the years of the worst cut-backs in school programs. The idea originated in Citizens for Education meetings when the concerned parents would discuss ways to supplement the lagging school program. Since that time, school millages have been more successful, but there always proved to be the need for enriching academic programs.

If anyone doubts the success of the program, just ask 14-year-old Marianne Mikhail who won the art contest at South sponsored by the Hazel McCaig Memorial Fund. Her bronze rabbit brought first prize and is now sitting on a mahogany pedestal in the new science and social studies building at South.

Currently serving on the Board, besides Mr. Allen, are William Bokram, Mrs. Heather Bokram, Mrs. Donald Briggs, Mrs. Rex G. Clavola, John F. Diebel, Mrs. E. Dawson Fisher, Mrs. Edward Hanpeter, Mrs. Hugh Harness, John Lake, Joseph Maniscalco, Donald McConachie, Mrs. William Porter, Robert R. Rathbun and Russell D. Reed.

Boy, 12, Attacks  
Baseball Use

Twelve-year-old David Blais, of Oxford road, had a gripe to air before The Woods Council Monday night, June 17. After hearing his prepared statement, the council said that they would refer his comments to the director of Parks and Recreation and to local Little League leaders. David's remarks follow:

"I am 12 years old, am in 7th grade and am an avid sports fan. In 1972 and 1973, I played in the Grosse Pointe Woods-Shores Little League. However, this year our family is going to avoid the inconvenience of it all.

"The big problem is: Where do I play baseball? The best solution would normally be to go to the nearest park or playground area. Upon going to the nearest park or playground area I find that all of the Little League diamonds are taken.

"These diamonds are literally 'hogged' by the Little League anywhere from May 5th to July 7th or so. On weekdays, after school is out I would like to play ball for 2 or 3 hours. By the time we round up a good number of kids it is at least 4 or even 4:30 p.m. That gives us, may be half an hour to an hour to play before the Little League managers, coaches and players get over there.

"This isn't just two or three nights a week either, it's all week long! When Saturday comes around, the diamonds are taken almost all day long. Sunday is a relief though, as the diamonds are only taken half of the day.

"It looks as if the only way out of it would be to join Little League. My parents and I both think that Little League is a waste of time, and an inconvenience to schedule.

"Can you do something about this?"

Hospital Hides  
Building Litter

At the request of The Farms Council, Cottage Hospital has erected a 10-foot-high stockade fence in front of the hospital's former Kercheval avenue entrance.

"We hope the fence will shield the residents from the unsightly view of litter caused by construction work being done to renovate the old building," said Cottage Administrator Ralph L. Wilgarde.

Renovation of the old part of the hospital complex was begun April 1, and will be completed in approximately three years at a cost of \$3,000,000. It is being done to modernize the building and to bring it up to code. It will not increase the hospital's bed capacity, Mr. Wilgarde added.

## Police Helicopter Visits Academy

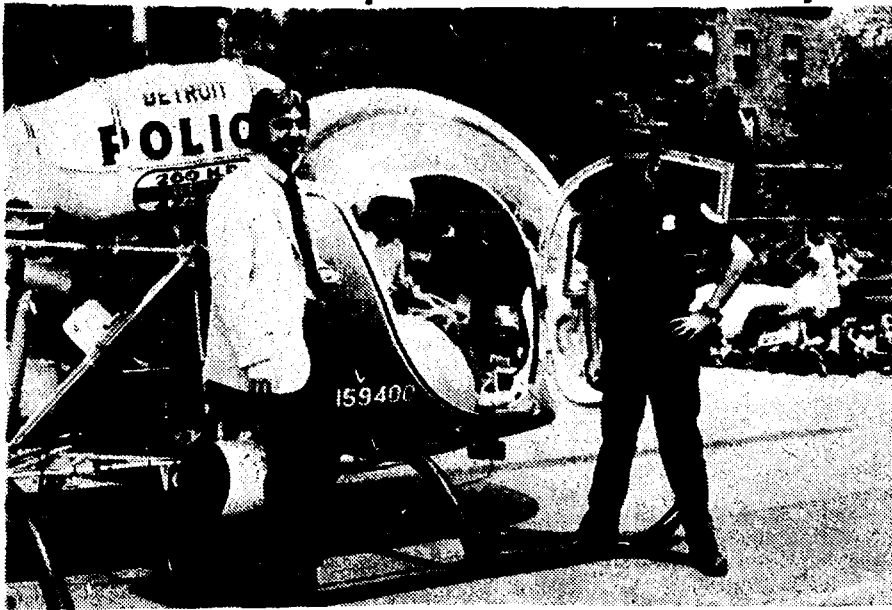

Photo by Kathy Duff

A big bird, but not the Big Bird of Sesame Street, descended upon the Grosse Pointe Academy campus Friday afternoon, June 7, in response to a third grade boy's letter to Police Commissioner Philip Tannian. The student, JOHN KULKA, is pictured here inside the chopper with HEADMASTER JOHN POPLAWSKI and DETROIT POLICE PILOT JOHN QUINN. The entire school listened while the police officer explained the

use of the department's helicopters to give aerial support to police ground crews. Officer Quinn said that the helicopters were directly involved three or four times a week with the apprehension of burglary suspects and that they were often called in to assist in a fire emergency. At night, the chopper is able to employ its "night sun" floodlight which can illuminate an area with 3.8 million candlepower.

## Center Offers Student Ballet Concert

Grosse Pointe War Memorial's student Corps de Ballet under the direction of Mary Ellen Cooper will present its 21st Annual Spring Ballet Thursday and Friday, June 20 and 21, at 8 p.m. in the Center's Fries Auditorium.

There will be an original ballet, "Festival," choreographed by Miss Cooper and danced by the Elementary Troupe, and a Classical Ballet in Variation, danced by the Senior Troupe. Music for the ballet will be from Ros-

sin's "La Boutique Fantasque" arranged and orchestrated by Respighi.

Miss Cooper teaches her students the Cecchetti or traditional Italian method of ballet. This method was first formulated by Maestro Enrico Cecchetti who coached such notables as Pavlova and Nijinsky. After Cecchetti's death, his students formulated his teachings into a graded method for training students from beginning to professional status.

Senior students appearing in the Evening of Ballet include Sarah Bleich, Patricia Blinkhorn, Katy Elsey, Sally Face, Mary Christine Foley, Gail Hammond, Julie Helin,

Marie Oakman, Anna Platt and Kathy Rowe.

Some of the junior students taking more important character roles include Mary Davies, Cynthia Ehrlich, Judy Fennessey, Barbara Gabhart, Marie Leithausen, Lydia Nichols and Melanie Ganchuk.

Tickets for the Evening of Ballet are \$1.75 for adults and \$1 for children under 14. They are now on sale at the Center's office, 32 Lake Shore road.

Summer Ballet will begin Tuesday, June 25. New students, children and adults, must enroll by interview with Miss Cooper Saturday, June 22, between 10 a.m. and noon.

## Little League Results

### FARMS AAA

By Phil Frame

Portland clinched the AAA League championship for the third straight year Saturday, June 15, defeating Sacramento in a "walkathon," 17-15.

Ace Dickson of Portland and Jim Rieth and Steve Mecke of Sacramento together allowed 32 walks to help balloon the score. Don Chamberlin hit a solo homer for Portland in the fourth and Zan Stewart added a two-run shot in the fifth to help Portland to a 17-10 lead going into the bottom of the sixth.

Steve Mecke and Paul Berg each had singles and Jeff Clark was hit by an Ace Dickson pitch, setting the stage for Rick Dwyer's grand slam.

Louisville edged Hollywood, 8-7, Monday, June 10, in a rain interrupted game.

Seve Vinci went the distance for Louisville and Matt Slotke led the Louisville hitting attack with a double and a triple. Peter Ruwart and

Troy Thomas each tripled for the losers.

Portland scored six times in the top of the sixth inning Wednesday, June 12, to break up a pitching duel between Zan Mitchell to win the contest, 7-1.

Sean English picked up his first victory of the season Thursday, June 13, pitching Sacramento to a 10-4 decision over Newark.

The only extra-base hit of the game was a second inning double by Newark's Bill Grambo.

John Gallagher and Jim Kolowich homered to pace Denver's 18 hit attack Friday, June 14, as Denver clobbered Phoenix, 14-5.

Jacques Baudeloque added a pair of doubles for Denver and Christopher Warren hit a home run for Phoenix.

Phoenix lost another tough game Saturday, June 15, as Louisville scored five times in the bottom of the sixth to overcome a 10-6 deficit to win, 11-10.

John Dolson and Mike Hartman combined for the victory in their first pitching appearances of the season. It turned out to be less than a pitching gem, however, as Louisville and Phoenix pitchers combined for 25 walks, 13 hits and 21 runs.

Hollywood defeated Hawaii, 12-1, in a game that was postponed due to the severe thunderstorm warnings last Saturday and replayed Sunday, June 16.

Dave Knott pitched a two-hitter pacing Hollywood to the victory, and Jeff Smith doubled for the only extra-base hit of the game for Hollywood.

The Denver-Newark game scheduled for Saturday, June 15, was also rained out and will be played Saturday, June 22.

The standing through Sunday, June 16 are: Portland, 11-2; Denver, 9-3; Hollywood, 8-4; Newark, 8-4; Louisville, 8-3; Hawaii, 3-9; Sacramento, 3-9; and Phoenix, 2-10.

In action the week of June 2: Brian White provided his own 12th birthday present Monday, June 3, by cracking a solo homer and a double to pace Denver to a 10-9 victory over Sacramento.

Hawaii defeated Louisville 5-4 Tuesday, June 4, in a pitchers' duel between Hawaii's Paul Mitchell and Louisville's Steve Vinci. Bill Raynal added a home run for Hawaii.

Portland scored five times in the bottom of the fifth

Wednesday, June 5, to overcome a 5-2 Phoenix lead to win, 7-5.

Don Chamberlain connected for his fifth round tripper of the season for Portland and teammate Ken Newa added another. Bill Raynal had the big blow for Phoenix, a three-run shot in the second inning.

Brothers Steve and Pete Fisher faced each other on the mound for the second time this season as Steve pitched a two-hitter to lead Newark to a 10-2 victory over Hollywood Thursday, June 6.

Hollywood's Pete Fisher won the first contest 13-11, but did not have the hitting support he needed to win this one.

Robert Carr delivered a two-run double for Newark and David Knott hit a home run for Hollywood.

Newark took an 18-6 victory over Phoenix Saturday, June 8, behind Steve Fisher's three doubles and some timely relief pitching by Robert Carr.

The relief pitching made the difference as Robert Carr pitched three innings for Newark allowing only two runs on two hits. The two

Phoenix relievers gave up 15 runs on 10 hits while pitching the last four innings.

Portland won its second game of the week Saturday, June 8, defeating Louisville, 8-4.

Zan Stewart picked up his fifth pitching victory of the season for Portland and Chuck Haring gave some key support with a double and two RBI.

Hollywood beat Sacramento 9-3 Saturday, June 8, as both teams had only five hits collectively.

Hollywood could only manage three as most of the runs scored after walks or fielding errors. The only extra-base hit was Jim Rieth's two-run triple for Sacramento.

In other action Saturday, June 8, Denver topped Hawaii, 8-3.

## Men's Garden Club to Meet

In addition, the Garden Club will present an annual flower, fruit and vegetable show, with quality produce being shown by expert gardeners. An invitation is extended to all Pointers who have an interest in gardening.

Elmer Frank, the organization's current president, who is very knowledgeable on the growing and care of lawns, flowers and in the art of landscaping, will be available to answer questions from anyone in the audience.

## Lakefront Park Bond Decided

Woods voters will determine if their Lakefront Park receives a new swimming pool complex, tennis courts, additional parking and renovation of the existing facilities at the polls Tuesday, August 6.

The Woods Council approved wording of the proposition at its Monday night, June 17, council meeting. The members estimated that the improvements would cost \$1,980,000 and they are asking the voters to approve general obligation bonds in that amount.

The planning of the new swimming pool complex and other proposed recreational facilities has been the subject of a thorough study by The Woods Council and interested residents this year.

## Youth Council Completes Busy Year

By Kathy Duff

Pictured making final plans for the Third Annual Pet Show held last Sunday, June 16, are War Memorial Youth Council officers (left to right), DAVE MANGLOS, vice-president;

CATHY CARION, treasurer; JACK DOTSON, president; and MARTHA GRAY, secretary. Standing behind the group is DENNIS DRAGIEWICZ, head of youth activities at the Center.

Photo by Kathy Duff

The pet show drew its usual assortment of creatures, everything from dogs, to reptiles, to gerbils. War Memorial Director John Lake said that it was a fun, but relatively calm afternoon. He recalled past years when a boa constrictor disappeared and a large steam iron had to be taken apart to find it, or the year when a large dog took a strong disliking to a smaller dog and trouble ensued.

To prevent such unscheduled show-stoppers, pet owners were required to bring their pride-and-joys on strong leashes or in containers this year.

Besides the Pet Show, which is a very popular event, the Youth Council plays an integral part in many Center activities. In addition to ushering and taking tickets at numerous events, they act as hosts at the annual New Residents Reception and help plan the annual Christmas Party. They also assisted in the Recovery Room of the recent Red Cross Blood Drive.

"I don't know what the War Memorial would do without them," Mr. Lake commented. "We are always calling on them to volunteer for special events. They're just a great group of kids."

The Youth Council has been in existence for about 25 years. It was started by Mrs. Charles Lord, who was concerned that the high schools had little representation in War Memorial activities. The Board asked Ralph Steffik, an English teacher and counselor at Grosse Pointe High School, to act as the first faculty advisor and the Youth Council came into being.

Besides volunteering for all-age events at the Center, the Council organizes and promotes activities for high school students. Throughout the years, the Council has tried to get representation from all area high schools, and not just Grosse Pointe High School, or later, South and North High Schools. "We have about 30 active members now," Kathy Chu-

commented. "Most of our members seem to come from South High, followed by North and Our Lady Star of the Sea. We are supposed to have about 75 members, but about 30 remain active."

The Council was meeting Thursday night, June 7, on the back terrace of the Center to discuss the Pet Show. However, Mr. Lake was having a hard time getting them to stop laughing over their recent trip to Toronto over the Memorial Day weekend.

The group left early Saturday morning, May 25, from the Windsor train station and returned Monday night, May 27. When asked what they saw while in Toronto, a chorus answered "Just everything."

Over the years, the Council has had close ties with organizations such as the former Protestant Children's Home and Franklin Settlement in Detroit. During the Easter break, the Council invited a group from Franklin Settlement to the Center and held a picnic with games and prizes.

## Gift Honors Park Resident

A group of Detroit law firms hosted a reception at the Savoyard Club in the Buhl Building in downtown Detroit, on Wednesday, June 12, for a pre-presentation viewing of an original sculpture of Michigan's late Chief Justice Thomas M. Cooley.

The sculpture, the work of Robert Scheffman, of Bloomfield Hills, is a gift to the

Cooley Law School by Attorney Thomas L. Prowse.

The commissioned work will be donated to the newly founded Thomas M. Cooley Law School in honor of former Associate Justice Michael D. O'Hara of the Michigan Supreme Court. Former Justice O'Hara, who maintains a Park residence, has been serving with the Michigan Court of Appeals for the past several years in assignment of the Supreme Court and Mr. Prowse, the donor, has been Justice O'Hara's judicial assistant during a large part of this assignment.

At Christmas, the Council members helped plan the children's party and presented a special skit. They also acted as ushers and on the cleanup crew for the Christmas Family Night.

Discussing his group's activities, President Jack Dotson said that the Council helps chaperone the Junior Other Sides which were attended by middle school students. As far as the Senior Other Sides, they are planned by the Council with the help of Dennis Dragiewicz.

Two of the group's most successful ventures were a 1950's party and the "Battle of the Bands" in February. On both occasions people had to be turned away at the door due to space limitations.

Other activities have included a Flea Market in the fall which served to kick off the Council's activities, a bike rally, an old movie festival, and a canoe trip (of course, it rained.)

However, the most important impression a person gets from seeing the Youth Council at a meeting is that the members really enjoy their work. Council business is important, but friendship between students from different high schools comes first.

Singled out for their outstanding contributions to this year's Youth Council are: Kris Alex, Delisa Allen, Jeff Armstrong, Sue Carion, Margaret Cipoth, Randy Cook, Colleen Dooley, Mike Echlin, Kathy Finan, Elise Finch, Pat Foley, Jim Fox, Liz Fradeneck, Cathy Giroux, Caroline Gray, Nicky Grimshaw, Chris Ground, Katie Higbie, Louis Homfeld and Julie Hookanson.

More are Liz Hunt, Jean Jensen, Gil Kernan, Rob Kidd, Mike Lorkowski, Ellen McCollister, Dave McDonald, Jane McLeod, Bill Michels, Liz Moran, Marianne O'Shea, Dave Ostaszewski, Rick Robb, Sue Robin, Jeff Sheehan, Pam Shorter, Kurt Smith, Marilyn Saltzman, Jeannette Stronski, Bridget Sullivan, Matt Sullivan, John Templeton, Denise Treusch, Tony Treusch, Ken Voigt and Scott Wickland.

### Elect Pointers to UF Board

At its 25th annual meeting on Thursday, May 30, the United Foundation re-elected Pointer Allen W. Merrell to his second term as chairman of the board. Merrell was one of the original incorporators of the fund-raising organization, founded in 1949.

Re-elected as UF president was Edward N. Cole, GM president.

Joseph L. Hudson Jr. was re-elected as vice-chairman of the board, and Mrs. Lawrence D. Buhl, Jr. was named to the board of directors.

Alan E. Schwartz, of the law firm Honigman, Miller, Schwartz and Cohn was also

re-elected as a vice-chairman of the board.

New vice-presidents elected were Detroit City Councilman The Hon. Ernest C. Brown, Jr.; Robert E. Dewar, chairman and chief executive of the S. S. Kresge Co., and Mrs. Aaron H. Gershenson.

Guest speaker for the event was George M. Elsey, president of the American National Red Cross. He spoke on the Red Cross program in disaster areas, national blood policy and legislation affecting disaster assistance.

President Cole noted that Detroit's relationship to the Red Cross was a unique one, inasmuch as UF reserve funds have always been sufficient to meet disaster needs.

Cole said that in other communities special fund-raising appeals have been necessary to help in times of natural disasters such as floods, hurricanes, and earthquakes, but that Detroit has, since 1956, met these needs without such additional campaigns.

This is due to the generosity of Detroit's citizens who respond at Torch Drive time, he concluded.

Last year, the United Foundation allocated more than \$3 million to the Southeastern Michigan Chapter of the American Red Cross for its operating budget. In addition, nearly one million dollars from the UF's Capital Fund Campaign was used to help toward construction of the new Red Cross headquarters building at John R and Mack.

This year's Torch Drive begins October 15 to raise operating funds for nearly 140 health and community service agencies including the Red Cross. Torch Drive general chairman is Douglas A. Fraser, International UAW vice-president.

Other new members elected to the board of directors were Irving Bluestone, vice-president and UAW Director, GM department; Mrs. Wendell Cox, Elliott M. Estes, executive vice-president, operations staff, General Motors Corp.; Edward J. Giblin, president, Ex-Cell-O Corp.; and John B. Naughton, vice-president — sales group for Ford North American Automotive Operations.

Also, Charles J. O'Neil, district general manager, Montgomery Ward, Dean E.

### Commodore

Photo by Eddie McGrath

**BERNARD L. VAN ANTWERP**, of Harvard road, is the Commodore of the Grosse Pointe Sail Club. Commodore Van Antwerp is a veteran sailor and has been a club member for 17 years.

The Sail Club, founded in 1946, is well known among local sailors for sponsoring weekly Tuesday night races off the docks of the Windmill Pointe Park.

The Commodore was officially installed at the club's annual Commodore's Ball in January.

Richardson, chairman and chief executive officer of Manufacturers National Bank of Detroit; and Roger B. Smith, group vice-president and group executive, non-automotive and defense group, General Motors Corp.

In addition, Arthur F. F. Snyder, president, Bank of the Commonwealth; Joseph D. Williams, president, Parke Davis & Co.; and the Hon. Coleman A. Young, Mayor of the City of Detroit.

President Cole re-appointed W. Calvin Patterson as chairman of the Goal and Allocations Committee for the coming year. Also re-appointed as vice-chairman Robert E. Dewar.

Two new members on the 21-member group, which has the task of determining the 1974 Torch Drive goal and allocating funds raised during the campaign, are Mrs. Aaron H. Gershenson and Thomas Turner of the AFL-CIO.

Executive Vice-President of the UF, H. Clay Howell, paid tribute to the hard work of the thousands of volunteers who have contributed to the 25 years of success of the United Foundation.

Last year's Torch Drive raised more than \$35 million. This year's goal will be set in mid-September.

### ELECTED

Thomas B. Stevens, of Muir road, has been elected as assistant vice-president of NN Investment Services, Inc., a national institutional investment management organization. Mr. Stevens, who holds degrees from the University of Virginia and Columbia University, will join the company's fixed income group with responsibility for the management of corporate bond portfolios.

### Teen Problems Seminar Topic

When parents of adolescents get together, they find they have many of the same problems:

"He never listens!"  
"She thinks she can do anything she wants to do."  
"When he's not on that phone, he's racing around in my car. Nothing constructive ever gets done."

A discussion group for parents began Thursday evening, June 6. Four 90-minute sessions, occurring each Thursday in June from 7:30 to 9 p.m., are enabling parents of the "child becoming an adult," the adolescent, to meet and discuss their child's developmental stages.

"The Adolescent in the Changing World" is sponsored by the Northeast Guidance Center. Open to the public at no charge, it is being held at the Jefferson Branch of the Detroit Public Library at 12350 East Outer drive, Detroit.

The series is being co-led by Ms. Barbara Simons and Ms. Loukia Pelosoff, who are social workers with the Northeast Guidance Center's Day Treatment Unit.

Ms. Simons emphasized that the sessions are designed to deal with immediate problems, that it is a spontaneous program and not a series of lectures by the discussion leaders. Parents themselves determine the subjects and topics that they are interested in talking about.

"Topics can include sex, drugs, communication, adolescent conflicts, expectations and values," added Ms. Pelosoff. "I've talked with many parents," she said, "and for most, the problems are the same."

The discussion group is one of a series co-ordinated by Dr. Annette Rickel of the Northeast Guidance Center,

as a situational grouping experience for parents. "By grouping parents who are sharing the same experiences, they can identify with each other and draw strength from this. Problems can be seen more objectively, and importantly, insights as well as alternatives are suggested," she explained.

Dr. Rickel added that this educational effort of the Guidance Center is prevention in mental health work: "Here we are attempting to get at problems before they start."

The Northeast Guidance Center is the Community Mental Health Center serving eastside Detroit, Harper Woods and the Grosse Pointes, providing a variety of diagnostic and treatment services to persons of all ages.

Persons may call the Center at 886-7923 for further information.

Center to Hold Greek Evening

"Is the lost continent of Atlantis found?" Santorini, or Thera, in Greece, a village resting on the rim of an island volcano with the sea hundreds of feet below, is believed to be the location of the lost "continent" of Atlantis. Excavations are being undertaken hoping to prove Plato's story true.

"Impressions of Greece," a travel motion picture in color will take arm chair travelers to Santorini and many other places in Greece. It is presented by Philip Walker, cinematographer and producer, and will be seen at Grosse Pointe War Memorial's Fries Auditorium on Tuesday and Wednesday evenings June 25 and 26 at 8:15 p.m. Mr. Walker will tell his story in person from the stage as the film runs.

Each evening, the film will be preceded by an authentic

Greek banquet in the Crystal Ballroom above the theatre at 7 o'clock. The complete evening - dinner and show (tax and service included) is \$7.50. The show only is \$2.50. Advance reservations are required.

The people of Greece, their pursuits and occupations, are the picture's main theme. Ilias Lalounis, the designer of gold body jewelry, who patterns his torso-sized pieces after ancient Greek ornaments, is in the film. So are Americans of Greek descent who return to their ancestral villages. The Firewalkers of Langada walk on live coals, and night fishermen of Michanoina fill their nets with the aid of lanterns. Authentic music is heard in tavernas.

Besides Santorini, there are island trips to Crete, Rhodes, Mykonos, Delos and Hydra. The Peloponnese, Athens, Thessaloniki, Corfu and Mt. Olympus of the present day are seen in the film, as are the antiquities of Mycenae, Mistra, Delphi, Olympia with the original Olympic Stadium, the Acropolis at Athens and the labyrinthine Palace of Knossos at Crete.

The film is produced by Philip and Florence Walker who have been globe trotting as a full time occupation since 1953.

Damage Small In School Fire

A fire originating in the refuse drop chute at the Grosse Pointe Academy, 171 Lake Shore road, on Wednesday, June 12, was an automatic three-alarm, to which the Farms, City and Woods Fire Departments responded. It was disclosed by Farms Fire Capt. Warren Schultz. Assistance from the City and the Woods was not needed, since the flames were confined to the chute.

The captain said because of the size of the academy building, the response by the City and the Woods was automatic under the Mutual Fire Pact. The City Fire Department responded with a pump and all personnel, and the Woods with its Snorkel truck fully manned. They stood by in case the fire should happen to get out of control.

Capt. Schultz said it is believed that someone had tossed either a lighted cigarette, or match down the chute, igniting the paper refuse. Flames shot up the chute, but were promptly brought under control. Some smoke spread to the second floor of the building, but damage there was minimal, the captain added.

The fire could easily have spread to other parts of the academy, but the quick response by firefighters prevented this from happening, the captain said.

Students Attend '74 Girl's State

Two high school juniors, Julianne M. Patterson and Carol Jean Doerr, are attending the 1974 Girl's State on the campus of Olivet College until Sunday, June 23. The girls are being sponsored by the American Legion Auxiliary, Unit 303, Grosse Pointe, whose president is Mrs. Harold M. Cable. They were selected by Mrs. William E. Duster, unit chairman of Girl's State.

Miss Patterson is a junior member of Unit 303 and a student at Grosse Pointe North. Her father, C. A. "Pat" Patterson is past chief of Voiture 102 and past commander of the American Legion Post 303.

Miss Doerr, daughter of Mr. and Mrs. Jack A. Doerr, of St. Clair Shores, is a student at Lakeview High School. Her father is a veteran of the United States Air Force and her great-grandfather, the late Colonel George Charles Waldo, was the organizing president and the first commander of the American Legion for the State of Michigan.

Girl's State, sponsored by the American Legion Auxiliary units in Michigan, will educate 504 high school juniors in the principles of Americanism and good citizenship. It is one of the main projects of the Auxiliary whose members feel that the country's future depends upon the intelligence and honesty of youth in maintaining the founding fathers' principles.

## SPORTS FANS!

**I BET YOU DIDN'T KNOW**

By TED EWALD

What's the favorite sport of the American viewing public? It still could be baseball.

In an "Awareness Test" conducted for The Pepsi-Cola Co. by a large research firm to determine the best known sports personalities out of the first 25 athletes named, ten were baseball players, boxing, golf, and football tied for second with 3 players named—hockey and tennis had no personality named in the "25 best known." (Maybe that's part of the love problem.)

Who were the best known sports figures? Here are the top 5: 1) Willie Mays, 2) Joe Namath, 3) Muhammad Ali, 4) Mickey Mantle, 5) Arnold Palmer.

Here's a new wrinkle to see if anybody reads this column—and also to test your sports acumen:

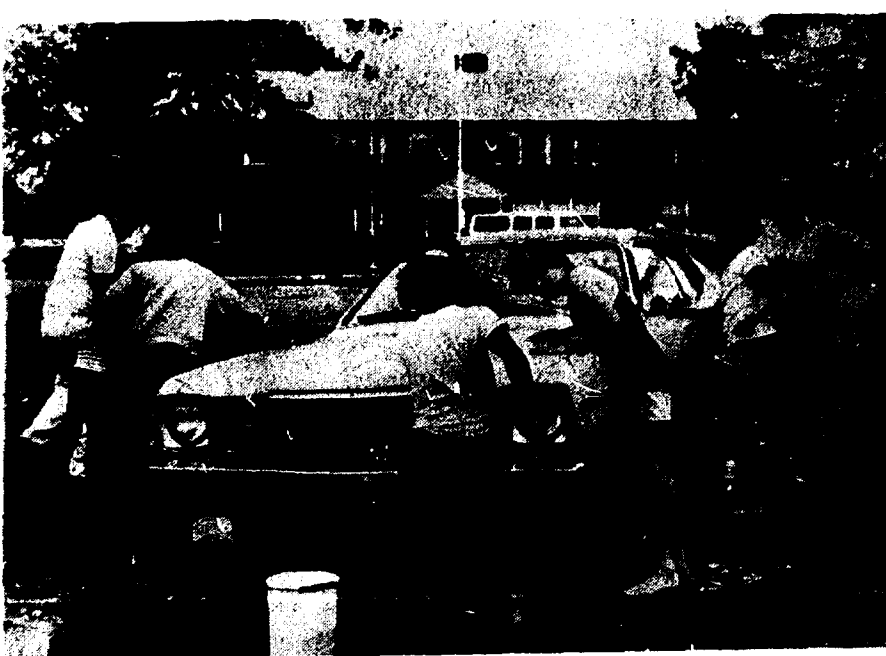

Who is the only pitcher to have pitched in an American League game against both Babe Ruth and Mickey Mantle?

Who is the only American League player since Ty Cobb to steal over 70 bases in one season?

There's a crisp new \$20 bill waiting for the first person who can give me the right answer to both questions (Ted Ewald Chevrolet employees not eligible).

## Children's Home Hosts Car Wash

By Kathy Duff  
Under the watchful eye of their teacher, SUE POPLAWSKI (far right), residents of the Children's Home of Detroit, 900 Cook road, ran a one-day car wash on Friday, June 7. Two boys, who were taking tickets

at the entrance to the Home's 15-acre campus, said that it had been a very successful day with about \$15 raised. Matter-of-fact, they begged me not to ask to have my car washed since it was 2:30 p.m. (closing time) and all the car washers were tired.

However, the students still had time to talk as they finished the last car of the day. They were enthusiastic about their very successful

if short-lived, business venture and were looking forward to the University-Liggett Carnival that weekend.

It's hard, when visiting the school, to realize that all the children are there for a reason: they have to be institutionalized because they simply can't cope with the world at this stage of their development. Most will spend two years at the Home, either attending the special Barnard School on campus or attending Montclair, Brownell or North High School. The children at the Home range from six to 14-years-old.

"Children are referred to us by parents, hospitals, guidance clinics, juvenile courts, schools, social agencies and individuals," Clinton Justice, director of the Home, said. "The thing that all these children share is severely damaged relationships with adults. Many come from broken families, and suffer from the inconsistent guidance and discipline which is a product of broken families. What we provide here is a stable, controlled environment where children can learn to understand themselves. We try to provide them with enough self-motivation so that they can leave us after a few years and lead a worthwhile life."

The expense of keeping a child at the home is great—\$9600 a year. However, each child is treated as an individual which calls for a corps of five social workers, 27 child care workers and 10 teachers, besides secretarial and maintenance staff. By

the time he reaches the Home, each child is a veritable "linder box," able to be set off by any upsetting action.

On a recent Thursday, Mr. Justice and I had lunch in one of the boys' "cottages," as the residential houses are called. The house was presided over by "Mr. Mike," a 23-year-old student who was studying social work. Each of the Home's six cottages, (four for boys and two for girls) is overseen by a child care worker who is skilled in working with children with problems.

All the cottage residents were immediately on their best behavior after finding out that I was visiting, and they were eager to give a tour of the cottage when lunch, consisting of Sloppy Joes, salad and jello, was over.

My particular tour director, a boy about 13-years-old, took me upstairs and showed me three neat bedrooms, complete with brightly colored curtains and bedspreads, and then showed me the living areas downstairs. In the utilities room, the boys could see posted on a bulletin board their recent behavior reports. Certain privileges, such as weekend leaves, are given to the residents according to their recent behavior.

Walking back to the central administrative offices, the natural question to ask Mr. Justice was exactly what was wrong with the children after seeing their friendly and attentive behavior.

"They are so interested

when a new person is around that they momentarily forget their problems," Mr. Justice commented. "They want to find out everything they can about the new person."

"We have no problem with the children when they are doing what they want to do, such as the car wash. It's when they are asked to do something that they don't want to, such as school work, that the problems come out."

Children at the Home might suffer from school-phobia, (the inability to function within the normal school environment), uncontrollable fits of temper, or hyperkinesia (the inability to control muscular action). On campus, there is the Barnard School which is attended by about 40 percent of the children.

At the Barnard School, the classrooms are smaller and more homelike than in a traditional school. The class size is also smaller, ranging from five to eight students. Many times a child will start out at the Barnard School and then graduate to the local public schools once his behavioral problems have been brought under control.

During the winter months, the children's daily schedules revolve around their school work. They are up at 6:30 a.m. and have breakfast in the cottages after washing, dressing and making their beds. After breakfast, each child has a cottage responsibility such as drying dishes, sweeping bedrooms, etc.

After school and the hour-long free play period, the children have dinner at 5:30 p.m. Following dinner, there are organized activities for some children or they have free play. The younger children go to bed at 8 p.m., the older ones between 9 and 10 p.m.

"Their days are highly structured," Mr. Justice said, "because these children need structure. We are also very careful to keep our discipline consistent. By the time a child reaches us, he has probably had such a disrupted background that he has lost the ability to relate to or trust an adult."

In the summer months, the children are placed in a summer recreation program which includes camping, field trips, crafts, sports and swimming. Some of the children also have the option of working at odd jobs around the school and earning spending money.

A typical example of a Home resident is a boy who was enrolled when he was 10-years-old. His father died when he was young, and he had been subjected to many father and parent substitutes.

When he came to the Home, he was afraid of people and would sometimes hide by curling into a ball (the fetal position) in a closet or some other obscure place. However, when he was asked to do anything, such as school assignments, he would refuse. He also became destructive when angry. "It took us three years before he could function in a normal public school setting," Mr. Justice said, "but by the end of his fourth year, we were able to return him to his home. His mother had since remarried, so we think there will be a more stable home environment."

Mr. Justice is very realistic when viewing the futures of the Home residents. "We are just trying to get the children to understand themselves, to be able to cope with their problems. Some of our students have gone on to be electricians, mechanics, home makers, some have gone on to college or joined the service. Less than one-third of our residents are sent to other institutions when they leave here, so we feel that we are getting some place."

Parents are assessed tuition expenses according to their ability to pay. The balance comes from Juvenile Court funds, the State Department of Social Services and Mental Health, donations and the endowment fund.

Each year, a fund drive is conducted by the Board of Trustees of the Home. Since the Home's founding in 1840, after a large cholera epidemic in Detroit, a group of women have guided the Home's destiny.

Currently serving as officers of the Board are: Mrs. Ford Ballantyne, Jr., Mrs. J. Otis Wardwell, Mrs. Gerard C. Mooney, Mrs. Frederick S. Ford, Jr., Mrs. W. Warren Sheldon, Mrs. Sterling Berry, Mrs. James F. McClelland, Jr., Mrs. Horace N. Carpenter and Mrs. Alfred L. Marks.

The Home was originally called "The Ladies Orphan Association of Detroit" and was housed on St. Antoine Street. Through the years, the Home has evolved from an orphanage to the special care institution it is today.

At the car wash, I talked with one 14-year-old girl who was scheduled to be released at the end of June. When asked if she was looking forward to leaving, she said,

"Yes, but I was in really bad shape when I got here. That's what this place is all about. We all have our problems, but we have to work them out. They've a lot of people here who can help us."

Also having hits were Bob Conlan and Brian Doms. Steve Metz gave up only five hits in the loss.

The Cardinals bombed the Fikany Dodgers 16-4, Thursday, June 6, with Dave Ferris making his first start since returning from the South Junior Varsity team. Ferris scattered eight hits while fanning nine, as his teammates' bats' roared for eighteen hits, including those by Bob Gough, Mark Verbiest, Dave Ferris, Tony Abraham, Brian Doms, Bob Conlan, Art Schmelzer, Tom Nihem, Eddie Raymond and Walt Owens.

Saturday, June 8, the Sears Tigers downed the Metropolitan Club Indians 8-1. Dean McPhail hurled a one-hitter while fanning 13 Indians. The Tigers belted six extra base hits with Chris Block and Dean McPhail leading the attack with a triple, two doubles and a single.

Kevin Fitzgerald made the fielding gem of the day for the Yanks, with a diving one handed catch off the bat of George Maghielse, to rob him of an extra base hit. Tod Ralph of the Sox also made a fine catch of a windblown foul.

Wednesday, June 12, in one of the best games of the season, Rick Thomas turned in a no-hitter for the Trevor Steel Red Sox over the Sears Tigers, 1-0. Tiger John Beebe pitched a great game, fanning ten Sox batters in a losing cause.

## Farms Officer Earns Degree

Farms Police Chief Robert K. Ferber announced that Patrolman Thomas H. Kelly, received his Associate Degree in Law Enforcement from Macomb County Community College, graduating with honors.

Officer Kelly, 33, began his college training in January 1970, attending part time. He graduated with a final grade point of 3.3 on a 4.0 scale. He was already enrolled in Wayne State University, where he will work toward a Bachelor's degree in Police Administration this fall.

The patrolman was appointed a probationary officer in the Farms Department before applying in The Farms. He also served in the U. S. Air Force for four years and was honorably discharged with the rating of Airman First Class.

Since joining The Farms Police Department, Kelly has earned one Departmental Commendation, one Departmental Citation and six Letters of Commendation.

## Exhibit Shows Pointe History

A special exhibit of Grosse Pointe memorabilia will be on display at the new Mack-Bry's office of Manufacturers Bank in The Woods through Friday, June 28. Featured are three photographs of members of the Alger family each of whom contributed to the existence of the Grosse Pointe War Memorial—Russell A. Alger, Russell A. Alger, Jr., and Henry P. Chaney.

Russell A., fondly remembered as "General Alger," was founder of the family fortune and father of Russell A. Alger, Jr., who built "The Moorings" which is now the War Memorial. Orphaned at age 12 and thrown upon his own resources, General Alger earned a distinguished military record and gained national prominence as Secretary of War under President William McKinley.

His son, Russell J. Alger, Jr., was an extraordinarily successful businessman, with ventures ranging from lumber to automobiles to railroads. Mr. Chaney was the only grandchild born in "The Moorings" and he was killed in World War II.

In addition to the Alger pictures, the exhibit also includes a rare color photograph of the main dining room of Rose Terrace as it appeared when Mrs. Horace Dodge lived there, with the table set for a formal dinner. In addition, an architect's model of Grosse Pointe South, the first edition of the school's newspaper dated 1928 and a 1939 edition of the yearbook are included in the display.

## Two Residents Bitten by Dogs

City police received complaints from two Pointe residents, one a 17-year-old Park girl and the other a 13-year-old City boy, of being attacked by a pair of German Shepherd dogs on Saturday, June 8.

The girl reported early Saturday evening that she had been riding her bike on Jefferson and Lakeland avenue when the dogs chased her and bit her right leg, causing it to bleed.

After listening to the report, Officer James Cronin took the girl to the area where the dogs were last seen and chased them back to the Jefferson avenue residence of Frank Donovan. Mr. Donovan was informed of the complaint the girl had registered.

The officer then conveyed her to Bon Secours Hospital for treatment, and back to her home where her mother was told of the incident.

A violation was issued to Mr. Donovan for harboring a nuisance.

Later on, a City youth told police a similar occurrence took place near Jefferson and University place. He also had been bitten on his right leg by one of a pair of German Shepherds running loose in the area. The boy said he didn't report the attack right away but first went home to tell his parents.

The Wayne County Department of Health was notified of both complaints.

## Lakeland

(Continued from Page 1)

level remains high.

Mr. Kressbach's report concluded that the feasibility of the sea wall proposal hinged upon deciding if the boat ramp should be maintained.

A Lakeland avenue resident in favor of keeping the ramp facility open, Alfred J. Jehle then told the Council he circulated a petition among City residents and secured 203 signatures within an eight day period.

The petition stated that all citizens have the right to access to Lake St. Clair at the foot of Lakeland and, since there are no other boat launching facilities in the City the ramp should remain open. Signers also were opposed to the City giving away valuable lakefront property.

Later on at the meeting it was noted that Drs. Moroun and Whiteley had hedges running along the side of their lots that were encroaching on the City-owned land and the petition demanded the return of that property.

Backing Mr. Jehle's position was Ralph Burton, of Lincoln road, president of the Grosse Pointe Boat Club. He could not speak for the club's board, Mr. Burton said, but he had heard at a recent meeting that many members wanted the City to maintain control of the ramp and open it up so boat owners could once again use it to launch their crafts.

Councilman David Robb asked if the club was willing to finance re-opening the ramp and Mr. Burton admitted the club treasury could not provide enough funds to cover cost of the venture. But, he said he had come up with a rough draft of a fairly inexpensive plan for putting the ramp back in working order, based on a system used with Holland dikes, where the ramp would first go up, then down.

Discussion continued and several other points were made. A Park resident asked the Council to consider owners of small boats, like Sailfishes and Sunfishes, who, up until recently used the ramp on an intermittent basis throughout the summer to take in a day's sailing. Although the water level is high now, he remarked, it will soon be low again.

A University road resident wondered why the City did not consider recreational possibilities of the lake-front property.

Dr. Moroun took the floor then and said residents did not appreciate his and Dr. Whiteley's inconveniences. Stressing that all either of them really wanted was to improve and further protect their own property, he asked if there weren't some way all parties concerned could combine their ideas to work out a solution.

Mr. Burton agreed. "That property can't be used at all now. I think something could be worked out if people of goodwill got together," he commented.

The Council favored the idea and asked Mr. Burton to join forces with the doctors, the City Attorney, Richard Hinks, and Mr. Kressbach, to come up with a viable plan.

The group will report their findings to the Council at its next regular meeting, Monday, July 21.

The payoff in bluffing lies in knowing just when not to.

## Driver Classes Have Openings

## Richard PTA Elects Officers

The executive board of the Richard School PTA recently met at the home of Mrs. Michael Vining to conclude the year's business and announce the new officers.

They are Laurence M. Scoville, Jr., president; G. Steven Urban, vice-president; Samuel Ulmer, treasurer and Mrs. Frank Parcells, secretary.

The 1973-74 year concluded with a substantial pledge of money from the year's fund raisers to the Wilderness Project. George Nancarrow was elected to a new position on the board to oversee the project.

The PTA rewarded the Service Squad Girls (sixth graders) and Safety Patrol Boys (fifth graders) with a trip to Tiger Stadium by bus on Saturday, June 8. The library volunteers were also commended for a successful year.

## New Appointee At Bon Secours

Donald E. Wise has been appointed administrator of Bon Secours Hospital by Barry M. Spero, executive director.

The 12 years he spent as a hospital administrator in Kansas included experience in overseeing the planning, construction and operation of a new hospital. Two institutions received their first accreditations from the Joint Commission on Accreditation of Hospitals while under Mr. Wise's administration.

"Mr. Wise has a fine record of accomplishment in administering community hospitals and is backed by excellent academic credentials," executive director Barry Spero remarked. "He is well prepared to meet the special demands of our building program now entering the first completion stage to insure a smooth transition to the greater Bon Secours Hospital."

Mr. Wise is a member of the American College of Hospital Administrators and a former member of the board of trustees of the Kansas Hospital Association. He and his wife Marilyn have purchased a home on Whittier road in The Park.

## Appoint Probst At Bon Secours

Richard C. Probst has been appointed director of environmental service at Bon Secours Hospital.

Mr. Probst holds a Masters degree in business administration from Michigan State University and an undergraduate degree from Western Michigan University.

After a brief stint as a secondary school teacher, he moved into unit management at Harper Hospital where he progressed to assistant director of nursing.

His immediate goals at Bon Secours include a planned growth of his staff and additional services to prepare for the opening of two new hospital wings this fall within an ongoing \$19.5 million expansion program.

## Shores Studies Rubbish Routes

Chester F. Ogden, chairman of the Shores Public Works Committee, recently made a study of the village's rubbish and pick-up schedule to see if any savings could be realized.

In presenting his report to the Shores Council at a recent meeting, Mr. Ogden said that he had discussed several options with the Department of Public Works. His first suggestion was to use one large truck to pick up garbage, instead of the two small trucks currently being used, in order to save gas. The DPW men proved how it would take much more time to collect the garbage in that fashion, so two smaller trucks will continue to be employed.

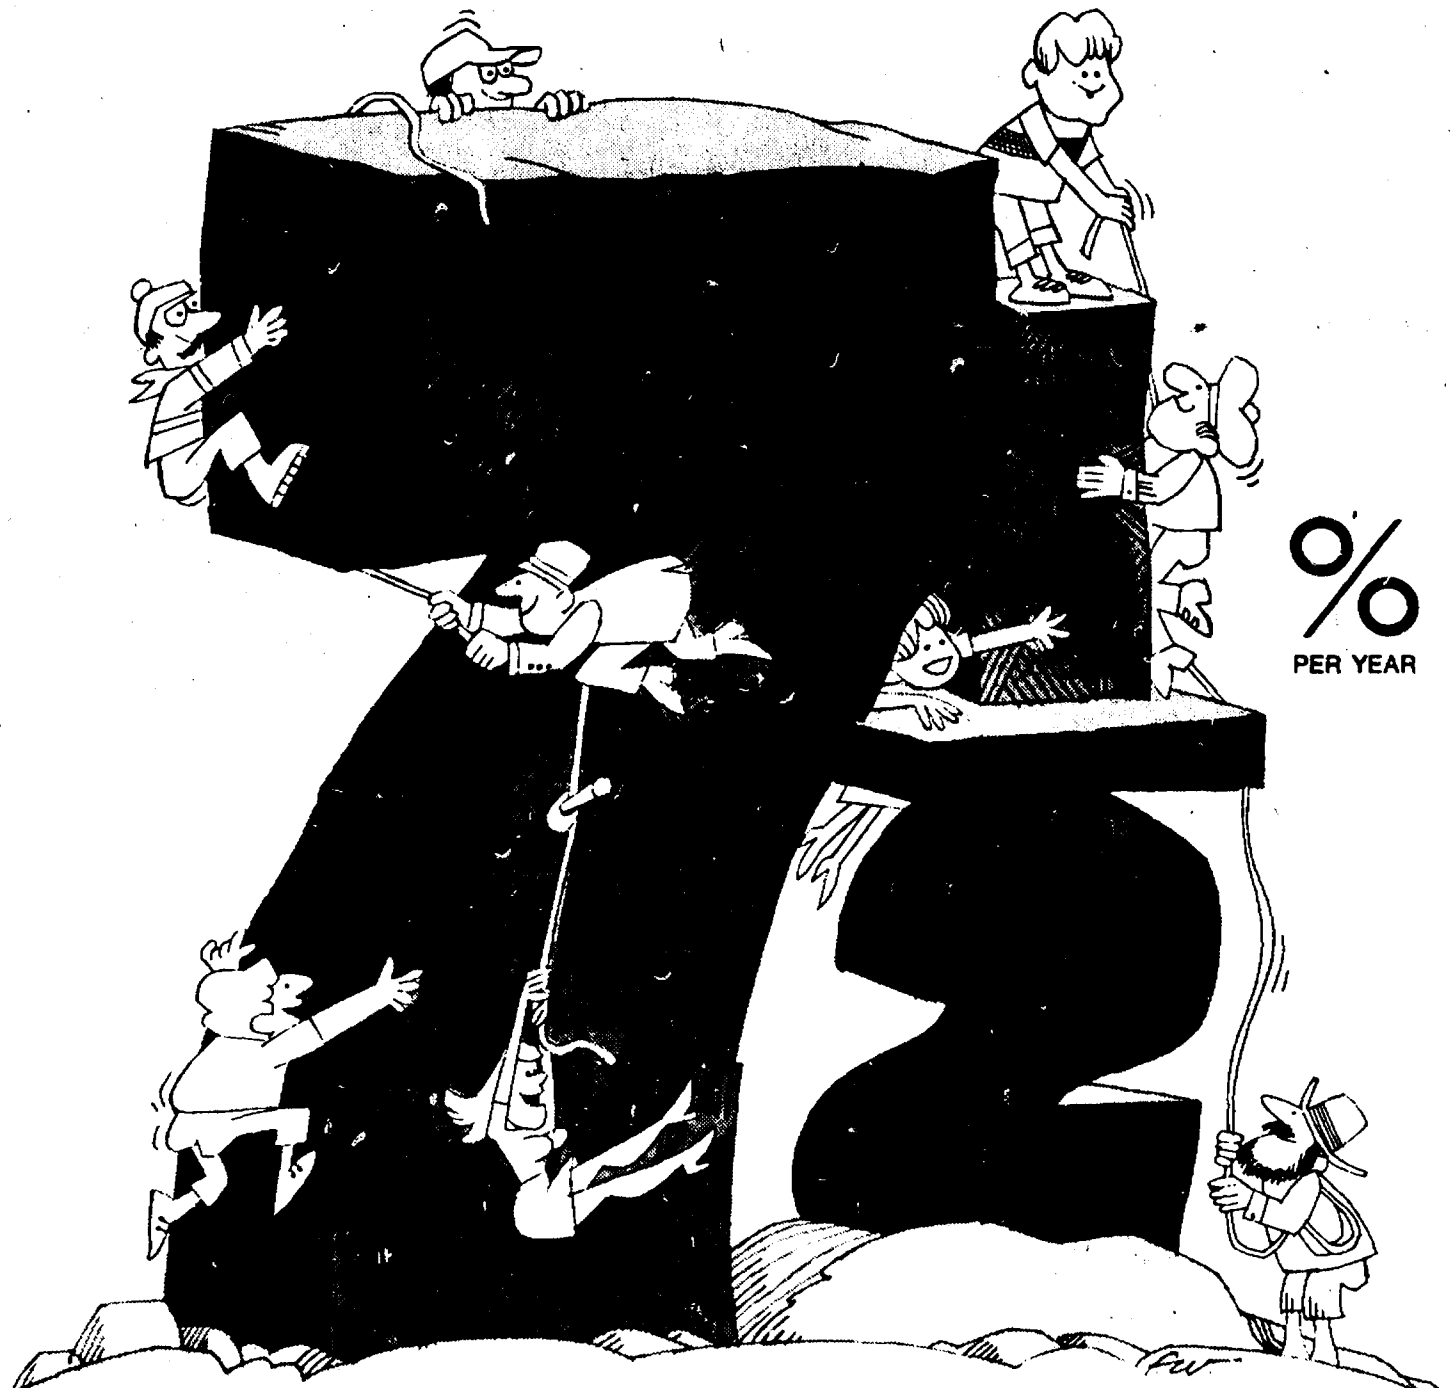

One part of the rubbish

pick up schedule will be changed. On some of the older streets in The Shores, the rubbish was picked up twice a week. This service will be dropped to once a week.

The Shores will continue to pick up "seasonal" lawn refuse, such as grass clippings in the spring and leaves in the fall, twice a week at the height of the seasons.

Since it sometimes takes the DPW three to four minutes to locate the homeowner's garbage, the trustees discussed the possibility of asking the residents to place their garbage bags at the curb the morning of garbage pick-up. The trustees decided not to require curb pickup at the present.

## Letters to the Editor

June 9, 1974

Dear Sir:

I had just finished reading a national magazine article on how public funds were used to increase the value of one man's property at Biscayne Bay and San Clemente, when I picked up your newspaper and read an article on how two citizens were going to help the City of Grosse Pointe. I could hardly believe what I read! According to the Grosse Pointe News, two adjoining property owners have offered to build a seawall at the foot of Lake Avenue, at their expense, in return for ownership of this lakefront property.

Anyone, who has a small boat, or who likes to walk or

"bike" and look at Lake St. Clair will be the loser. There will no longer be any access to the Lake in the winter — no place to launch a "Sun-fish" in the summer — no place to swim your dog at anytime.

To me the "compound desire" of a few people is an anathema to all citizens of the City of Grosse Pointe.

In "The Godfather" someone states, "make him an offer he can't refuse!" I know there are many who will refuse the offer to relieve the City of this lakefront property, by calling the Mayor or the City Manager to object to this land grab scheme.

Respectfully,  
Alfred J. Jehle  
522 Lakeland

## One View From The Capitol

By William R. Bryant, Jr.

The Governor had designated a native Grosse Pointe as his choice as a running mate, his choice to be the next Lieutenant Governor.

State Representative Jim Damman, now of Troy, was born at the family home on Maryland in Grosse Pointe Park. His father had been a seaman on the Great Lakes and then settled down and started Damman Hardware, a retail hardware chain.

The Damman's moved from Maryland to Lakeshore when Jim was in his teens. The hardware business must have gotten better. That home was the Damman home until his father died four years ago.

When Jim married Peggy (Peg) Shulte, of Mt. Clemens, their first home was back at the same home where Jim was born, back on Maryland.

The Damman's soon moved to Mt. Clemens and from there to Troy. They have six children.

Jim Damman was first elected to the State House in 1970 and he and I became freshman legislators together and also became very good friends.

Jim is an excellent choice for Lt. Governor, a better choice than I would have been.

It was exciting working with Jim to try to soft-sell him to the Governor and get the nod from the Governor. It was a lengthy, nerve-racking process trying to keep track of who was being considered, getting input from enough but not too many people to the Governor in Jim's behalf, making sure we weren't appearing to try to push the Governor and trying to know who would be most relied on by the Governor in helping him make his decision.

It all paid off, as we always had high hopes it would, at 10:04 p.m. last Wednesday night, June 12, as we sat around Jim's apartment waiting for the crucial call from Governor Milliken. It came and the Governor asked Jim to be his running mate.

Jim's response was, "Governor, that's the best offer I've had today." It is a great choice by the Governor and an "offer" Jim is rightly very proud of having received.

## Will Discuss Classic Plays

The beauty and peace of a summer's night, the dignified atmosphere of the theater — these are the qualities that make up fond memories of the all too few pilgrimages that Pointe play lovers make to Stratford, Ont.

This year's program constitutes the 22nd year of the Stratford Festivals, and also marks the beginning of a program that hopes to bring Stratford just a little closer to the Pointe.

The College of Lifelong Learning, Wayne State University, is sponsoring a series of introductory lectures surrounding three selections from the 1974 Stratford Festival program that will be delivered the three Tuesday evenings of June 25, July 2 and July 9 at the War Memorial, 32 Lakeshore road, at 8 p.m.

The lectures, conducted by Dr. Philip J. Traci, Pointe resident and associate professor of English at Wayne State University, will involve

two Shakespearean plays, "Love's Labour's Lost" and "King John" and Moliere's "The Imaginary Invalid."

Called "Three for Stratford '74," the program was designed to give interested playgoers an opportunity to gain a richer knowledge of the written works and their authors for a greater enjoyment of the theatre. All those interested who sign up for the series are urged to prepare by reading the texts before the lectures.

Professor Traci is the author of articles on Christopher Marlowe, John Donne, and Shakespeare, of a book on "Antony and Cleopatra" and a teacher of graduate as well as undergraduate Shakespeare courses at WSU. This summer, he will be conducting a graduate seminar on the text, sources, stage history and criticism of "King John."

The fee for the lecture series is \$12. For further information, call 577-4680.

## Offer Students FLEC Program

Grosse Pointe Family Life Education Council, (FLEC), is sponsoring a volunteer program geared to middle school students this summer.

The project, coordinated by Mrs. Louise TeWalt, is designed to introduce middle schoolers to opportunities for volunteer service in the community. It includes tours and visits to a number of community service organizations and elementary instruction in a variety of fields given by professional personnel.

Sessions will be held at the Grosse Pointe Memorial

Church, from 9 to 11 a.m., beginning June 18 and running through July 18. No meeting will be held on July 4 and a picnic is planned for the last day.

The group will make field trips to the Foundation for Exceptional Children, the Grosse Pointe Nursing Home, Cottage Hospital and the Neighborhood Club Day Camp.

For registration or further information, interested persons should contact the FLEC office, 885-3510, or Mrs. TeWalt, at 885-7214.

## Boats Compete in GPYC Race

A field of over 35 Offshore Ocean Racers will compete for the Grosse Pointe Yacht Club Classic Trophy this Saturday, June 22, in two circuits of a 25-mile course that begins off the pier of the club, proceeds southward to The Farms Municipal pier, and then out into Lake St. Clair and back around to the Yacht Club.

The trophy will be presented for the second time this year by Frank McBride, the Club's Commodore. Last year's trophy was captured by the Great Lakes region's "Ancient Laking Mariner" Wally Harper, who edged out Ken Black's Lil' Rhino by only 20 seconds.

Still relatively new to the Great Lakes area, offshore powerboat racing can trace its history back to the turn of the century, when winners averaged less than 25 mph.

Today's breed traverse 50 miles of open water at an average speed of over 70 mph providing a kind of spectacle that is finding growing popularity on the Great Lakes.

The Grosse Pointe Yacht Club Classic starts at 10 a.m., and ends at approximately noon. Trophy presentation will take place later on in the evening, following and awards banquet at the Club.

## What Goes On at Your Library

By Arthur Woodford  
Chief of Central Library

Before long, bags will be packed for Peloskey, Harbor Springs, East Tawas and the wilds of the Upper Peninsula. It's vacation time once again. As a service to our patrons the Grosse Pointe Public Library has a vacation-loan policy where readers may borrow books on a long-term basis during the summer months. This vacation-loan is restricted to popular titles which are at least one year old and not in current demand. Here is your chance to catch up on those books you never got around to reading, or a chance to reread some of your old favorites. For example, how many of the fiction best sellers of 10 years ago have you read?

The year 1964 marked the first time a "spy thriller" had topped the fiction best seller list. In THE SPY WHO CAME IN FROM THE COLD by John LeCarre, British agent, Leamas, undertakes one last assignment before that hoped-for retirement. Aided by unusual word-of-mouth praise, THE SPY WHO CAME IN FROM THE COLD sold a whopping 230,000 hardcover copies through bookstores alone, and in 1965 sold more than two million in paperback.

Second place on the list went to CANDY by Terry Southern and Mason Hoffenberg, who wrote the story as a spoof on the rising tide of "dirty" books. CANDY is a comic satire on the theme of an innocent girl going out into the world and being besieged by a motley array of men. This book is wickedly funny to read and morally bracing as only good satire can be.

Third on the list was the novel that had the highest critical praise of the year, HERZOG. Its author, Saul Bellow, was a long-established writer and in 1964 was, for the first time, reaching a very large audience. Awarded the National Book Award for 1965, this is a novel which is a vehicle for the outpourings of the hero, a Jewish scholar, about himself, his friends, the state of the country and of life in general.

ARMAGEDDON by Leon URIS, in fourth place, was one of the two war novels on the list. Berlin, from the close of World War II to the end of the airlift, is the setting. Sean O'Sullivan, an American captain responsible for the military government of the City of Rome, nurses a fierce hatred of the Germans, and is faced with a dilemma when he

falls in love with a German girl.

THE MAN by Irving Wallace was fifth on the list. This is the story of the first black President of the United States, Douglas Dilman is an obscure black Senator who is suddenly catapulted into the White House by the death, in an overseas accident, of the President and the Speaker of the House, the Vice-President having earlier succumbed to an illness. This is a book with a cleverly contrived plot.

THE RECTOR OF JUSTIN by Louis Auchincloss, who like Bellow was finally reaching the large audience, is a novel of a rector of a New England Episcopal private school as seen through the eyes of both admirers and detractors. Sixth on the list, this story is a complex and profound character study.

There were six best selling novels of 1964 by authors making their first appearances on the yearly list, but only one of them by a first novelist. He was Richard E. Kim, a young Korean, whose THE MARTYRED sold 70,000 copies. Although set during the Korean War, this novel is not about the war on the battlefield, but the war in the hearts and minds of men.

In eighth place, the now famous James Bond, 007, made his first appearance as a best seller in YOU ONLY LIVE TWICE. Unfortunately for author Ian Fleming, this came just after his death. In all, over three and one-half million copies of YOU ONLY LIVE TWICE were sold.

Ninth place belonged to THIS ROUGH MAGIC by Mary Stewart. Like other Mary Stewart novels, this represented the best type of romantic mystery with colorful background. This is a story in which the heroine, an out-of-work young English actress, encounters high adventure on the Greek Island of Corfu.

The last spot on the best seller list for 1964 went to Fletcher Knebel and Charles M. Bailey, II for their novel CONVENTION. Representing the novel of politics in a new style, this is the story of a leading candidate at a Republican Party convention. The authors skillfully maintain the suspense and use subplots to maximum advantage.

These were the best sellers of 10 summers ago — why don't you pack a couple of them in your vacation suitcase?

## From Another Pointe of View

By Janet Mueller

The Grosse Pointe Garden Club Council has ended another very successful year and plans are progressing for a special mid-summer project: a two-day Tour of Grosse Pointe Gardens in full-season glory.

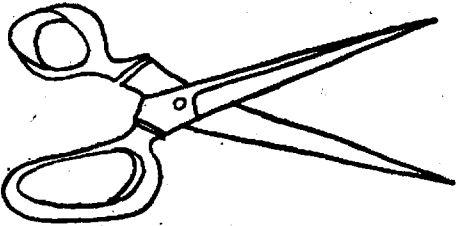

The Council's major 1973-74 commitment was planting on South High School's grounds. Funds for the greenery came from local garden club donations and the Council's tree and shrub sale last year.

Now in place at South High are one Moraine Locust, one Norway Maple, three Arborvitae, two Pink Dogwood, two White Ingles Flowering Crab and one Pyracantha, while 20 tall hedges line the School's fence.

Leading the Council in 1974-75 will be Mrs. H. James Gram, of the Junior League Gardeners. Mrs. H. A. Powell, of the Grosse Pointe Farm and Garden Club, will serve as vice-president.

Recording secretary is Mrs. Robert Schlaff, of Deeplands Garden Club, corresponding secretary is Mrs. Carl Saltzman, of the Little Garden Club, and treasurer is Mrs. Henry Ledyard, of the Garden Club of Michigan.

## Seeking Funds For Symphony

Third phase of the Detroit Symphony Orchestra's Quest for Excellence Campaign, a fund drive concept conceived in 1972, was launched Monday, May 20, at a kickoff luncheon in downtown Detroit.

General chairman of the 1974 campaign is Norman A. Bolz, of Winthrop place, who observed that his team of volunteers is the vital force needed to realize this year's campaign goal of \$1.5 million.

Mr. Bolz also acknowledged the accomplishments of his predecessor, Harold G. Warner, who served as Quest for Excellence chairman last year. Under Mr. Warner's leadership the 1973 total reached an all-time high of \$1,350,000 from 2,310 contributors.

Mr. Warner, who now serves as chairman of the Orchestra's Development committee, the body that oversees and coordinates all fund-raising activities, presented special awards to four of 1973's outstanding campaign volunteers.

## Club Assists Camp Oakland

The Grosse Pointe Farm and Garden Club is the first area group to assist Camp Oakland's 1974 summer camp program.

William J. Matus, Camp Oakland director, announced that Mrs. Thomas J. Hammond, president of the Grosse Pointe Farm and Garden Club, has presented a \$25 check as her group's first support of the summer camp.

Each year Camp Oakland provides 400 underprivileged children with free two-week stays at its 300-acre lakeside facility in Oxford.

The summer camp program will open June 24 and continue through August 24. Three groups of 100 youngsters each will participate. Subsequently, family camp will make it possible for mothers to attend camp with their children.

"The cost of providing a child with two weeks of camping has risen to \$127," explains Jack Lee, summer camp director, "and we anticipate costs will rise another 18 percent by August."

"It is vital that we obtain

financial aid from a widened group of contributors."

Camp Oakland does more than provide such traditional camping activities as summer sports and arts and crafts for underprivileged children who otherwise could never attend summer camp. "There are constantly more temptations in the streets," Mr. Lee notes. "Our young adult workers try to give very positive attitudes to counteract these negative attitudes learned in the streets."

Living together on a 24-hour basis, children are taught to be conscious of each other's needs. They have an opportunity, too, to learn about ecological balance.

"Here on the camp grounds we can have turtle races and then turn the turtles back to the wild," Mr. Lee says. "City children can be shown and taught to appreciate the beauties of nesting birds."

During family camping sessions mothers get needed vacations and special counseling regarding their children's problems.

## SELLING YOUR HOME?

There's a local firm called Grosse Pointe Real Estate Co. that has come up with a new idea in selling homes. If successful, it could change their industry in Grosse Pointe considerably. It's called GROUP LISTING, which means they will immediately purchase your home, at your asking price, once you have listed with them. The one circumstance, they say, is that they must have a group of five similar homes before their plan takes effect. Once achieved, they buy all five houses simultaneously. They say it's easier to sell five homes in a group because it's easier on the buyer and much easier to promote. For more information you can call Grosse Pointe Real Estate Co., 882-0087, direct.

## Mackinac Duty For Pointe Girl Scouts

The first group of Girl Scouts ever selected to serve as Governor's Honor Guards on Mackinac Island — a prestigious duty previously assigned only to Boy Scouts — will include 50 Grosse Pointe girls scheduled for duty June 29 through July 6.

During this week the Scouts will be responsible for raising and lowering the flags at 15 historic locations on the Island daily, guiding visitors through old Fort Mackinac and helping to preserve the natural beauty of the Island by performing numerous conservation projects.

While on the Island the Scouts will stay in a camp setting consisting of a two-story barracks-type building which includes a dormitory, large kitchen, dining area and washroom facility. The girls must plan, cook and provide all food for their meals.

According to Mrs. Robert Martin, advisor to Senior Troop 327, "In addition to their official duties as honor guards, the girls are also responsible for all the routine camping chores. And cooking for 50 girls is no small feat."

"To assure a smooth-functioning week we have had several sessions to 'rehearse' our rather complicated daily routine, as well as to practice marching and flag ceremonies."

Girls are being offered the opportunity of serving as Governor's Honor Guards for the first time this year through the efforts of Mrs. William Milliken, who felt that Girl Scouts can serve in this capacity just as well as Boy Scouts.

The Governor's wife made this suggestion to the Mackinac Island State Park Commission, which then decided to invite interested Girl Scout troops to apply.

Scouts from Cadette Troop 1463, of Grosse Pointe Farms, and Senior Troop 327, of Grosse Pointe Woods, will join forces to serve during their week.

The only other Girl Scouts selected for a one-week assignment are from Cadette Troop 464, of Ann Arbor.

Boy Scouts will perform the duties during the rest of the summer.

To apply as Governor's Honor Guards a troop must be able to guarantee a minimum of 45 uniformed Scouts to perform assigned duties adequately, have an outstanding record of community service and long-term camping experience and be able to supply a minimum of four experienced leaders.

The Grosse Pointe Scouts certainly fill the bill!

Participants from Cadette Troop 1463, of Brownell Junior High School, include Monica Boettcher, Patty Downs, Sharon Jacobs, Sue Padala, Carole Ruwart, Mary Sanders, Gail Shefferly, Diane Urtel, Amy Bleich, Geri Crossman, Gayle Fairchild, Carey Kelly, Cheryl Mazzei, Susan Mazzei, Karen Nelson, Kathy Spenser and Jamie Hackett.

More are Leslie deMontfort, Karen Dolson, Linda Garska, Lisa Gigante, Blaire Houchens, Katie Kelly, Regina Piche, Cathy Williams, Jocelyne Wolfe, Janine Belanger, Janice Bershis, Donna Camp, Kathy Dolson, Carol Hicks, Julie Kelly, Kim Peattie, Jane Phillip and Jill Hartman.

Members of Senior Troop 327, of Grosse Pointe North High School, who will serve on Mackinac Island are Debbie Drago, Marcia Enderle, Barb Martin, Lisa Pepper, Linda Lawrence, Sheri Dolson, Debbie Kaal, Laurel Shover, Ruth Davey, Betsy Barrett, Charlotte Parks, Cindy Poltowicz, Sue Garska, Sandie Jacobs and Cheryl Patterson.

Adults accompanying the group are Mrs. Robert Dolson, Mrs. Larry Garska and Mrs. Stanley Morgan, leaders of Troop 1463, Mrs. Robert Martin and Mrs. Clark Lawrence, advisors of Troop 327, Mrs. Joe Belanger and Mrs. John Sanders.

## Scarab Club Schedules Art Auction

## Free Concerts This Week

Two concerts at Harmonie Park in downtown Detroit this weekend will wind up the Detroit Symphony Orchestra's annual early summer program of admission-free local community concerts.

Yoshima Takeda will conduct a program featuring a performance of the Oboe Concerto in C major attributed to Josef Haydn by DSO principal oboist Donald Baker Friday evening, June 21, at 7:30 o'clock.

Also on the program are Berlioz' Roman Carnival Overture, Mussorgsky's Pictures at an Exhibition and Kobiki - Uta (Woodcutters' Song) by contemporary Japanese composer Kiyoshige Koyama.

Mr. Takeda is music director and conductor of the Albuquerque Symphony Orchestra.

Saturday evening's concert at 7:30 o'clock will feature guest conductor Samuel Jones, director of the Shepherd School of Music of Rice University, in a program including his own composition Overture for a City as well as the overture to Borodin's Prince Igor, Walton's Wise Virgins Ballet Suite arranged from music of Bach and Dvorak's New World Symphony.

This pair of free concerts is sponsored by the National Endowment for the Arts and the Detroit Symphony Orchestra in cooperation with the Central Business District Association's Downtown Detroit Arts Festival.

The Festival will be held in the Madison Avenue/Harmonie Park area Friday through Sunday, June 21 to 23. Hours are noon to 10 o'clock Friday, 10 to 10 o'clock Saturday and Sunday.

The Festival features, in addition to the two free DSO concerts, exhibits by 300 artists and craftsmen from the metropolitan area as well as members of the University of Michigan Artists and Craftsmen Guild.

## AMERICAN ODYSSEY: A Unique History of America Told

by Robert Conot

In this brilliant work, one of the most important problems facing this nation today is explored: the changes of our urban way of life. Robert Conot uses a combination of history, analytic study, and dramatic narrative to tell the life story of an entire city — Detroit. And through this biography of one city, the author also provides us with a unique history of all cities and America itself. He further explains why and how our urban centers are collapsing, and what can be done about it. Robert Conot is the author of the widely acclaimed *Rivers of Blood, Years of Darkness*, and spent five years researching and writing *American Odyssey*. 800 pgs. 7 maps. 64 photos. Bibliog. ## Cottage Guilds Need Working

A volunteer recruitment program is underway for two Guilds of the Women's Auxiliary to Cottage Hospital. The Book Cart Guild and the Sunshine Guild need members to fulfill their commitments to Cottage patients.

The Book Cart Guild, under chairmanship of Mrs. Walter Bertschinger, needs volunteers one to four half-days each month, (morning or afternoon), depending on the amount of time each volunteer wants to give.

Members visit patients' rooms with books and magazines patients may borrow. The Sunshine Guild seeks members interested in arts and crafts who can create new designs or who enjoy making tray favors and seasonal decorations.

Chairman Mrs. Jack Hanika and her Guild members meet the fourth Thursday of each month at the Nurses Residence in Ridge road at 10 o'clock for bring-your-own-sandwich work sessions. Assignments and training sessions are immediately available, or volunteers may choose to wait for September scheduling.

Information and application forms may be obtained by calling Cottage Hospital's director of Volunteer Services Pat Clayton 884-8800.

## Inside the Mothers Club

The combined regular and annual meeting of the Grosse Pointe South High School Mothers' Club was held June 3. This meeting is mainly a time of recognition and remembrance. Board members were thanked for a good and successful year and retiring South High Principal Jerry Gerich and his wife were presented a three-day trip to the Greenbriar.

Some money was allocated to the Foundation for Academic Learning, in hope that the fund will increase over the years.

Sixteen graduating seniors will receive higher education financial aid directly from the Mothers' Club, while six students will receive awards from other organizations. The students have been notified of their scholarships.

Twenty-nine thesauri for the top fifth of the graduating class were presented June 3 at South High's Honor Society Awards Night.

Plans for the 12th grade post-commencement graduation party were discussed. Mr. Gerich announced that Dr. Robert J. Hanson, a counselor at South, would be at school during the last two weeks of August to handle new enrollments.

Mr. Gerich also noted that an increase of interest in

school activities has created a need for qualified leadership.

Mr. Gerich expressed thanks for the excellent volunteer program at South High. There are now about 150 mothers helping in the school.

## Horse Show Triggers Parties

Since horse shows and hospitality go hand in hand the committee for the 63rd Annual Grosse Pointe Horse Show, now in progress at the Grosse Pointe Hunt Club, has scheduled several fun affairs.

Last night, Wednesday, an invitational cocktail party was given for exhibitors and officials.

Junior exhibitors and Hunt Club teen members will attend a Swim-Rock party at the Clubhouse Friday evening, June 21, at 9 o'clock. Bill Beardslee, Jr., and Alwyn Cassil, president and vice-president respectively of the Hunt Club "Fox Heads" are hosting this get-together.

Saturday evening a Steamship Round of Beef will be featured at the annual Horse Show dinner-dance, slated to begin at 9:30 o'clock.

The traditional Exhibitors' Champagne Brunch will be

served Sunday in the Clubhouse from 11 to 2 o'clock.

The 63rd Annual Grosse Pointe Horse Show, which attracts top hunters and jumpers from across the nation for competition in 12 divisions, is featuring afternoon and evening performances now through Sunday.

The thrilling Jumper Classes will be run off at evening sessions in the main ring to night, Friday and Saturday at 7:30 o'clock, Sunday at 7:10 o'clock.

Last year Troy Maschmeyer, Jr., Michigan State student whose parents live in The Pointe, won the Open Jumper Stake and the Sterling H. Dockson Trophy with "Trollop." Horse and rider are back this year to try to duplicate the feat.

General admission to the Horse Show is \$1 for adults, 50 cents for children.

## Fall Bride

October wedding plans are being made by KAREN ANN ROY and Roy William Edmonds whose engagement has been announced by her mother, Elaine Limberg Roy, of South Rosedale court.

Karen is also the daughter of the late John Hugh Roy. Her fiancé, son of Mr. and Mrs. Robert Hayes Edmonds, of Clovis, Calif., received his Bachelor of Arts degree from Michigan State University.

## Heffner-Fox Troth Is Told

Mr. and Mrs. Howard Fox, of Sand Creek, Mich., have announced the engagement of their daughter, Beverly Kay, to Douglas J. Heffner, son of Mr. and Mrs. Harold Heffner, of Hampton road. A September 14 wedding is planned.

## SELLING YOUR HOME?

There's a local firm called Grosse Pointe Real Estate Co. that has come up with a new idea in selling homes. If successful, it could change their industry in Grosse Pointe considerably. It's called GROUP LISTING, which means they will immediately purchase your home, at your asking price, once you have listed with them. The one circumstance, they say, is that they must have a group of five similar homes before their plan takes effect. Once achieved, they buy all five homes simultaneously. They say it's easier to sell five homes in a group because it's easier on the buyer and much easier to promote. For more information you can call Grosse Pointe Real Estate Co., 882-0087, direct.

## From Another Pointe of View

(Continued from Page 13)

Now about that mid-summer Garden Tour: it's scheduled for Friday and Saturday, July 19 and 20, so mark your calendars, (if you'll be in town), and watch for further information as the days draw near.

### Looking Farther Ahead

Looking even farther ahead, be aware that the National Society, Colonial Dames of America in Michigan, will present its First Annual Needlework Fair next spring, April 24 and 25, in the Grosse Pointe War Memorial's Fries Ballroom.

Entries will be judged in Knitting, Quilting, Canvas Work, Rugs, Crewel and Cross Stitchery categories.

Entry blanks will be available later in the NEWS and by mail—but since summer's the time when we have time to concentrate on creating prize-winning handicrafts, aren't you glad you know NOW so you can get to work creating those entries.

The Colonial Dames are raising funds for the refurbishing of the Detroit Institute of Arts' Whitby Hall, which they helped furnish in 1929 when it was moved here from Philadelphia.

Other current Dames' projects are the Bus Tours to Historic Churches, co-sponsored the first Monday of each month with the Detroit Historical Society, cataloging of the Burton Historical Collection's pamphlets and trouping the "History of Michigan" and "George Mason, Colonial Patriot" slide shows to metropolitan area schools.

The Dames have pledged funds to build a blacksmith shop in the Detroit Historical Museum's Streets of Old Detroit. They sponsor a Scholarship in American History for a Wayne State University graduate student.

Dames officers, elected recently at the Society's annual meeting in the East Jefferson avenue home of Mrs. Roger Powers, are headed by Mrs. John B. Watkins, of Cloverly road, president.

First and second vice-presidents, respectively, are Mrs. Alfred Moore and Mrs. George Bushnell, Jr. Secretary is Mrs. Roger Marquis, corresponding secretary is Mrs. John C. Donnelly and assistant secretary is Mrs. Bryce Russell.

Serving as treasurer is Mrs. Richard Turner, assisted by Mrs. Robert Winter. Historian is Mrs. Cleveland Thurber, Jr. Registrar is Mrs. Jonathan Walton.

Mrs. George Nicholson, Jr., is Whitby Hall chairman, Mrs. Robert Hamilton is Gunston Hall regent and Mrs. William Ledyard is Dumbarton House Lady. Other Pointe members of the Dames' board of directors are the Mesdames Ferdinand Cinnelli, Charles B. Johnson, Jr., Horace C. Ford, Norman Alexander MacColl, Jr., and John Van Hagen.

### Pointe Has Another Author

John A. Thomas, son of Mrs. Murray Hentgen, of McKinley avenue, is The Pointe's newest author, with "How To Choose The Right Home For You," a nationally-distributed consumer's guide to house-hunting, hot off the presses.

Jack, graduated from Grosse Pointe High School in 1963, was president of Grosse Pointe Memorial Church's Tuxis Club in 1962-63. He's married now, living and working in advertising in the Los Angeles area.

### Zoo Party Is Tonight

Sorry kids . . . tonight it's "adults only" at the Detroit Zoo, as members of the Detroit Zoological Society gather for their annual, grand Sunset at the Zoo. They'll get to take the tractor train tours. They'll get to munch the hamburgers.

They'll get a few Big Kid privileges, too, like the chance to sip something stronger than pop, and music, and a few hors d'oeuvres.

And don't begrudge them the privilege: after all, it's only one evening a year . . . They'll be taking YOU to the Zoo several times this summer.

## Sunday Menu Is Pancakes

## Interlochen Visit Planned For July

War Memorial Offers Weekend Trip to National Music Camp; Van Cliburn Concert to be Among Excursion Highlights

A weekend visit to Interlochen's famed National Music Camp is planned by the Grosse Pointe War Memorial Association for Friday and Saturday, July 19 and 20.

Subscribers will have the opportunity of experiencing the "magic of Interlochen" as they stay on-campus and attend the many performing and visual arts activities, including the annual concert appearance of pianist Van Cliburn.

Interlochen, which means "between two lakes," is the site of the 1,400-acre wooded campus of Interlochen Center for the Arts. It is located in northern Michigan, 15 miles southwest of Traverse City between lakes Wahbeke and Wahbeke.

The Center is a year-round operation offering Camp in the summer and the Interlochen Arts Academy program in the winter.

The Interlochen Institution, founded by the late music educator Dr. Joseph

E. Maddy, are presently headed by Roger E. Jacobi. George C. Wilson is Camp director. John R. Hood is Academy director.

Interlochen is a non-profit enterprise supported entirely by tuition and gifts.

The weekend schedule begins Friday, July 19, at 12:30 o'clock with departure from the War Memorial via chartered air-conditioned bus. Refreshments will be available.

Arrival at Interlochen, scheduled for 6 o'clock, will be followed by dinner in the west dining room of Stone Student Center and an 8 o'clock concert, Beethoven "Symphony IX," by the Festival Choir and University Orchestra, conducted by Maynard Klein, in Kresge Auditorium.

On-campus lodging will feature rooms with private bath. Saturday activities after an 8 o'clock breakfast will in-

clude an hour's walking tour of the campus, luncheon with a special student concert and a 3:30 o'clock matinee concert.

Van Cliburn, soloist, and the World Youth Symphony Orchestra will perform the Piano Concerto No. 2 by Rachmaninoff. George C. Wilson will conduct in Kresge Auditorium.

Departure by bus for Grosse Pointe is scheduled for 5 o'clock, with arrival slated for 10:30.

Those who have seen Interlochen and have been exposed to its educational philosophy find that the students are challenged not only by fine teachers in art, music, drama and dance, but also, (particularly the music students), by their peers for position in the instrumental sections of various performing groups, such as the Interlochen orchestra or band.

A student's ability to achieve under pressure of a competitive situation is of utmost importance. Competition is a byword at Interlochen.

The Camp, now in its 47th season accommodates approximately 1,600 students aged eight through college.

They come from 44 states, the District of Columbia and 17 foreign countries to spend eight weeks of concentrated study in their chosen art. Several Pointe students are among them.

The Interlochen visit at \$49 per person is available on a first-come basis. Arrangements may be made at the War Memorial Office.

## Girl Scouts To Go Abroad

Thousands of hours spent washing cars, selling cookies and collecting newspapers are finally paying off for the 14 Grosse Pointe Girl Scouts who will use their earnings to help finance a two-week trip to London, Paris and Switzerland.

The Scouts, all members of Senior Troop 327, have been planning and preparing for their international sightseeing excursion for the past three years. They will be accompanied by their Troop advisor Mrs. Robert Martin and mothers Mrs. Thomas Gallagher and Mrs. Raymond Henry.

They leave Detroit Wednesday, June 17, and will spend their first night in London at Olive House, a Girl Guide/Scout Center. From there they go on to Paris for four nights at La Nef, a Girl Scout Hostel.

Then they will travel via train across France to Switzerland, to spend five nights at Our Chalet, one of three Girl Guide/Scout World Centers.

Sightseeing is the primary interest of the girls, who have been making lists of the many famous places they don't want to miss. They also are looking forward to meeting Girl Guides from other countries during their visit to the World Center.

In preparation for their stay at Our Chalet, where they will be housed in a tent unit, the girls have been planning menus. They will be responsible for all their own cooking.

They also have learned to square dance in order to demonstrate this form of American folk dancing to the foreign Girl Guides they hope to meet.

Members of Senior Troop 327 who will participate in the European trip are Cheryl Adamo, Ann Anderson, Karen Bertschinger, Sandy Dickerson, Mary Ann Gallagher, Kathy Henry, Ronna Jacobs, Cathy Martin, Barb Martin, Peggy Martin, Mary McQueen, Jane Pollard, Myla Study and Marty Wayland.

## Men Needed For MD Camp

A search is underway for 100 young men to act as "arms and legs" for handicapped children during the annual Muscular Dystrophy Summer Camp scheduled for July 21 through 28 near Port Huron.

Volunteers, age 16 and older, will serve as individual attendants to each child during the week-long camp session.

Dystrophic children, confined to wheelchairs and braces, traditionally learn to play baseball, swim, fish, boat and hike with the help of their attendants at this specially-designed camp. Nurses and doctors are on the camp grounds at all

times. Enough young women are signed up as attendants, but young men are needed to assist some of the heavier campers and act as big brother figures to the adolescent boys.

The camp, supported through Detroit's Holden Fund, provides all living expenses for campers, volunteer attendants and medical personnel. No salaries are paid however. The entire camp staff, including doctors, are volunteers.

Young men may volunteer as camp attendants by calling the local Muscular Dystrophy office, 399-8805. Interviews will be held during the last week of June and the second week of July.

According to recent reports, the migraine headache is closely associated with abdominal pain. In Sweden, researchers have discovered this to be true in thirteen out of one hundred consecutive migraine patients. The thirteen all had a heredity which involved an inheritance of migraine headaches. Abdominal pain had begun in childhood. Whether occurring alone, or with the headache, the pain usually lasted up to six hours, and no other cause could be found for it. If you don't suffer from these symptoms, thank your lucky stars!

Thank your lucky stars you have such a competent pharmacy in the area as DEVONSHIRE DRUGS — 16037 Mack "on the block." 881-0478. **GROSSE POINTE CLASSIFIEDS** BRING FAST RESULTS!

**Springer** got out of his auto and approached the officers and volunteered the information that he did not have his operator's license on his person, but that he did in fact have a license, but forgot it at home. The officers asked him to produce some form of identification, and the man showed them a union card, bearing the name "W. Smith." He said his name was "Willie Smith" and became evasive when the policemen questioned him further.

**Springer** was searched at the scene and two cards were found on his person with his true name on them. He was taken to the Shores station where a check on the Law Enforcement Information Network (LEIN) showed that he did have a license and that his record was clear.

**Springer** was issued a violation ticket for having no operator's license on his person; another for having no proof of insurance; and a third for insufficient license plate lights.

**UF Promotes Two Pointers**

Two Pointe residents have been promoted to new positions in the United Foundation. H. Bayard Leonard has been named staff director of the Professions fund raising unit of the UF, and David Robinson has been named associate director of the Metropolitan fund raising unit in Western Wayne and Western Oakland counties.

Their promotions were announced by H. Clay Howell, UF executive vice-president.

In his new position Mr. Leonard will be responsible for organizing fund raising activities for all non-profit organizations in the tri-county area as well as individual professional groups including architects, doctors, attorneys and engineers.

Mr. Robinson will have staff responsibility of organizing the fund raising activities of more than 2,000 volunteers calling on some 10,000 community and independent businesses and local units of government in Western Wayne and Western Oakland counties.

**Report Two B-E's in City**

Two cases of breaking and entering were reported to City police last week.

The first occurred sometime Sunday night or Monday morning, June 9 or 10, and involved the theft of numerous drugs from the dental offices of Drs. Eudoro Cello and John Burrows, at 660 Cadieux road.

Lieutenant Robert Van Tiem, who is investigating the incident, assumes two persons were involved in the burglary since police found two different sets of footprints.

The thieves entered the complex by using a half inch screw-driver to pry open a window on the building's southeast side. This window enters into the office of another dentist, Dr. Thomas Gebbeck, who reported over \$300 worth of camera equipment missing.

The burglars entered other offices in the building by prying open the door moldings and tripping the locks.

After taking 97 vials and 133 ampuls of assorted drugs from a locked cabinet in Dr. Burrows' and Dr. Cello's office, the thieves apparently exited through a window there, taking along a white plastic pillow which police presume was used to carry their loot.

Dr. Burrows told police he was last in his office at 3 p.m. on Sunday.

A Fisher road resident complained that someone entered his garage between 7 p.m. on Wednesday, June 12 and 8 a.m. Thursday, June 13.

The complainant told Officer David Teolis a pair of electric hedge cutters worth \$30 and a green leather briefcase valued at \$75, were missing.

The case had been in a car parked in the garage and it was recovered later on Thursday on Lincoln road.

**Driver Tagged On 3 Counts**

A Detroit motorist who tried to conceal his true identity when stopped by Shores public safety officers Sunday, June 16, was arrested and charged with three counts of traffic violations.

Charged was Willie Lee Springer, 44, of 503 Dickerson, who was stopped by Corporal Chester Painter and Patrolman Bruce Darlington who saw Springer traveling south on Lake Shore road at 9:55 without rear license plate lights. He was stopped at the Village limits.

Springer got out of his auto and approached the officers and volunteered the information that he did not have his operator's license on his person, but that he did in fact have a license, but forgot it at home. The officers asked him to produce some form of identification, and the man showed them a union card, bearing the name "W. Smith." He said his name was "Willie Smith" and became evasive when the policemen questioned him further.

Springer was searched at the scene and two cards were found on his person with his true name on them. He was taken to the Shores station where a check on the Law Enforcement Information Network (LEIN) showed that he did have a license and that his record was clear.

Springer was issued a violation ticket for having no operator's license on his person; another for having no proof of insurance; and a third for insufficient license plate lights.

### RIP ODELL, OF KERBY ROAD, DIRECTOR OF THE NEW THEATRE

By Kathy Duff

With a little help from Rip Odell, Woody Allen will be in Grosse Pointe Friday and Saturday night, June 28 and 29. Not Woody Allen in person, but his alter ego Allan Felix embodied in the romantic comedy, "Play It Again, Sam." The play will be presented in the Fries Auditorium of the Grosse Pointe War Memorial at 8:30 p.m. both nights.

The New Theatre of the War Memorial is "new" both in concept and in the length of time it has been around. It's the project of 24-year-old Rip Odell, who returned to Grosse Pointe after spending four years at Denison College in Granville, O. While a student at the former Grosse Pointe University School, Rip was stage manager of the auditorium and produced and directed a Harold Pinter play his senior year. At Denison, he went from plays to filmmaking and made several 16 mm documentaries his senior year (while he was living on a pig farm).

But now Rip's back in Grosse Pointe. It's not the first time he's organized a theatre group, since he put together a Grosse Pointe Repertoire Theatre when he was home from college in 1969. That summer, the group produced five one-act plays, by avant garde playwrights such as Harold Pinter and Samuel Beckett. But The New Theatre is something else.

"The New Theatre is definitely not avant garde. The plays we'll select, which include "Play It Again, Sam," draw on real people in real situations. On a superficial level, "Play It Again, Sam" is a very, very funny play. But the important thing is that it is about Allan Felix, a guy who's short, shy, insecure, recently divorced, and has a hero cult on Humphrey Bogart. It's very believable and we can all identify with him."

The New Theatre will produce only one play a year. But it's all part of Rip's design.

"There are many talented people around here who would like to get involved in theatre projects," Rip said, "but who don't have the time to join a group which produces four or five plays a year. The New Theatre gives to those people the chance to contribute, to work on one big project a year. There are no set ages for the group. This year there are a lot of kids working on the production since the play calls for persons under 30. But next year it might be different, it all depends on the play."

"Just as we select the plays—hopefully a play which draws on real people in real situations—we hope to draw genuine people to the production."

Rip said he found the experience of going through rehearsals as important as the experience of putting on the play the final nights. "It involves working with people
