### HEADLINES of the WEEK

As Compiled by the Grosse Pointe News

**Thursday, August 1**  
**PRESIDENT NIXON** received an educational aid bill today that leaves intact a compromise allowing courts to order busing past a student's second-nearest school, but only if deemed necessary to insure the constitutional rights of minority children. The House voted Wednesday to accept a \$25 billion, four-year education package containing a Senate anti-busing provision that had been watered down. The bill had been stalled in a House-Senate conference for two months in a dispute over the busing language.

**Friday, August 2**  
**FIGHTING CONTINUES** on the island of Cyprus despite a cease-fire agreement signed three days ago. Turkish forces advanced into four Greek Cypriot villages that were abandoned after heavy Turkish artillery barrages in the last 48 hours. Turkish tanks launched a major assault today against the sole Greek stronghold on the western Kyrenia mountains. A UN armored patrol tried to go up the mountain earlier but was machine gunned and had to turn away without suffering any casualties.

**Saturday, August 3**  
**A SPECIAL HOUSE** investigating committee Friday recommended censure of State Rep. John P. Smeekens by the full House. The committee found that Smeekens, from the 41st district, had misappropriated state funds in double and triple collecting for some expenses and making an unauthorized trip to Europe at taxpayer expense. If a formal vote of censure is approved by the full House, the state's auditor general would determine how much Smeekens must refund to the state.

**Sunday, August 4**  
**A LETTER** to President Nixon from Sen. Robert P. Griffin, warning Mr. Nixon that he must be prepared to surrender all tapes and documents sought by the Senate if a trial should take place there, has been made public. Many observers feel the letter is intended to put pressure on the President to resign. Mr. Griffin said in the letter he would vote to remove Mr. Nixon from office if all tapes sought were not produced. The letter stopped short of actually calling for the President's resignation. Mr. Griffin has traditionally been a staunch Nixon supporter.

**Monday, August 5**  
**A TEXAS JUDGE** ruled yesterday that convict Fred Gomez Carrasco and an accomplice, Rudolph Dominguez, who had held 12 hostages for 11 days in a Texas state penitentiary, killed two hostages and then committed suicide. The longest such prison ordeal in American history ended Saturday evening with the shoot-out. Justice of the Peace J. W. Beeler made the ruling but did not say definitely the men died of self-inflicted wounds. He might have meant they allowed themselves to be killed by gunfire from officers.

**Tuesday, August 6**  
**PRESIDENT NIXON** admitted yesterday he did not tell the whole truth in his previous statements on the Watergate case. He released three tapes of conversations from June 1972 that indicate he tried to use the CIA and the FBI to mask the involvement of the Committee to Re-Elect the President in the 1972 break-in at Democratic headquarters. In a written statement accompanying the transcripts, the President admitted that "portions of the tapes of these June 23 conversations are at variance with certain of my previous statements." The newly-released transcripts refute a central element of his Watergate defense — that he did not know of the cover-up until March 21, 1973.

### Bus License Law Fought By SEMTA

Ordinance about to Be Passed in Woods Questioned by Authority; Exemption Claimed

**By Roger A. Waha**  
The Woods' proposed ordinance providing for the annual inspection and licensing of all buses operated within the city was unanimously approved for a second reading and final adoption at the Monday, August 19, council meeting.

This action was taken by the solons at the regular session Monday, August 5. The proposed measure, which was focused upon in depth in the Thursday, July 18, edition of the NEWS, has caused some concern on the part of the Southeastern Michigan Transportation Authority (SEMTA).

**City Gets Letter**  
In a letter to City Administrator Chester E. Petersen, SEMTA Operations Manager Daniel D. Morrill cited the NEWS' story and said, "In order that we may properly respond to this proposal, I would request that you notify the Authority if the city intends to apply this ordinance to vehicles operated by SEMTA." (City Attorney George Catlin said the measure, when finally adopted, would apply to SEMTA buses.)

"In a case of other communities served by Metropolitan Transit Incorporated," continued Mr. Morrill, "the Authority has taken the

### Charges Discrimination By Neighborhood Club

**By Tom Panzenhagen**  
Charlotte Strachan, now 59, was placed on a "terminal leave of absence" from the Mutual Aid and Neighborhood Club of Grosse Pointe, on February 8. She claims she was fired for reasons of age discrimination. Her employer states Mrs. Strachan was given early retirement because of a personality conflict. The matter has been referred to an attorney and the case may be finally resolved in the courtroom of Wayne County Circuit Court Judge Peter B. Spivak on Friday, August 30. In the meantime, charges and countercharges have been leveled, and Mrs. Strachan remains bitter. Despite the fact that the Neighborhood Club retired

### Widow and Father of Man Slain By Park Policeman Tell Their Side of Story

Charge Husband/Son was Afraid of Officers Because of Past Record; Said Shooting was Without Reason and Needless

The widow and the father of Thomas Holstin, 24, who was fatally wounded in his home, 360 Alter road, by a Park policeman on Tuesday, July 16, both charged that the shooting was "without reason and needless."

The widow, Linda, 23, who is expecting her second child, and the dead man's father, Eugene of The City asserted that Park police had a "grudge" against their husband/son, and that the shooting was unnecessary.

Thomas Holstin was pursued to his home at the Alter road address, following a car chase that reached speeds of up to 80 miles an hour, according to a Park police report. The chase began at Nottingham and Jefferson when Sgt. Charles Petrie and Patrolman Edward Serwach, while patrolling west on Jefferson, saw a Jeep cross the Nottingham - Jefferson intersection at high speed.

**Stopped Car Rammed**  
Holstin sped to the Alter road address and into the driveway, with the officers close behind. The policemen rammed into the rear of the stopped vehicle, after which, they said, they followed Holstin into the darkened house through an unlocked front door.

According to information released by Park authorities, the sergeant and patrolman heard a woman screaming, and assuming that the man being chased was trying to take a hostage, drew their service revolvers and went in the direction of the screams, which were coming from a bedroom.

"Why should my husband pick this one particular house (Continued on Page 2)

### Unruly Light Quickly Fixed

It's not always true that a good poke or two will make a finicky implement work again, but it has been known to happen. Take, for example, a report received by The Woods Department of Public Safety Saturday afternoon, July 27, when police learned the traffic light at Mack avenue and Vernier road wasn't operating correctly. At the scene, an officer pounded upon the traffic light box and, presto, the light began working properly. The officer stood by for a few moments to make sure the light continued to blink correctly and then left the area.

### Woods Gives Approval to Paving Plan

Would Concrete East Half of Sunningdale Park by Special Assessment Method

**By Roger A. Waha**

A major step towards establishing a special assessment district for the paving of the east half of Sunningdale Park was taken by The Woods Council at the regular meeting Monday, Aug. 5. A resolution was unanimously approved, declaring the necessity to pave the east half, (the west half is already paved), and that it be paved by a special assessment method. A public hearing date of Monday, August 19, was set to hear objections to the proposed improvement and to the method of assessment.

**Estimate Prepared**  
City Engineer Laurence H. Pate prepared a plan and cost estimate to construct a 9'-6 1/2" x 9" concrete pavement 21 feet back-to-back of curb with necessary drainage in Sunningdale Park from Sunningdale to Lochmoor, S.A.D. (special assessment district), No. 138.

"The total cost of this improvement is estimated to be \$28,200 of which \$11,280 is chargeable to the City-at-large leaving a balance of \$16,920 chargeable to the district," said Mr. Pate.

Property benefiting from this improvement includes lots 85 to 94 and 129 to 138, all inclusive, of the Lochmoor subdivision. Mr. Pate said this includes 18 frontage lots and two flankage lots with the rest being city-owned property. The resolution says the council believes the making of this improvement is "necessary and for the public benefit and welfare" of the city.

It notes that the \$16,920 figure will be chargeable and payable by a special assessment tax levied against the special assessment district, the assessment to be made upon a benefit basis. City Administrator Chester E. Petersen said the city will have a tabulation of the breakdown of the special assessment tax at the August 19 hearing so affected residents will have a specific idea of the amounts. The measure also says that the assessment will be levied in seven installments.

All property owners in the proposed assessment district, as shown by the city's current assessment roll, will receive notice by mail of the public hearing.

### Four Items Cut Off C-W Agenda By Woods Solons

Park Fence, Boat Launching Fees, Senior Citizens Complex, Reclamation Center Involved in Approved Recommendations

The Woods Council approved four recommendations from the Committee of the Whole (C-W), regarding the deletion of four items from the C-W's agenda, at the regular meeting Monday, August 5.

These included a request for a fence between the property of a Holiday road resident and a sidewalk entrance to Sweeney Park; a request for seasonal launching passes; an item focusing upon a senior citizens complex; and one on a municipal collection center for recoverable resources.

On the Sweeney Park topic, Mr. and Mrs. Albert L. Pfalter appeared before the council at the regular meeting June 17 to make their request. They live on the outside of the park, which is located in the area of Holiday and Ford and Clairview courts. The only access to the park is by four pedestrian sidewalks.

**Feared Accidents**  
At that time, Mr. Pfalter told the council he was concerned that he might run over a child while backing out of his driveway, since youngsters cut across the lawn. He also said some dog owners use the park as a "public restroom" for their animals.

City Administrator Chester E. Petersen told Mr. Pfalter that the city needed to use the sidewalk entrances for Department of Public Works maintenance equipment.

Mr. Petersen said if the city built a fence for the Pfalters, then they would have to build fences for all of the adjoining property owners. He also expressed a concern that heavy equipment could not get through if fences were built.

**Asked Fee Reduction**  
The seasonal launching pass request stemmed from the April 15 meeting when Ferdinand Jossart, 81, of Manchester boulevard, asked the solons to consider a reduction for senior citizens in the \$5 boat launching fee at the Lake Front Park.

Mr. Jossart also cited various favors which senior citizens enjoy from Federal and State governments, along

### School Meeting Set for Aug. 12

The regular monthly meeting of the Grosse Pointe Board of Education will be held at 8 p.m. on Monday, August 12, in the Board Room of the schools' Administration Building, 389 St. Clair.

Mrs. Edward C. Hanpeter, president of the board, will preside. Dr. James A. Adams, Superintendent of Schools, will present his recommendations for the trustees' action.

The meeting is open to the public.

### Nab Trio at Restaurant; Facing Various Charges

A suspicious subjects call to Woods police resulted in the arrest of three men near the Landmark Restaurant, 19229 Mack avenue, early Monday morning, August 5.

Mark Allen Stack, 17, of Harper Woods, was charged with malicious destruction of property, and was released without bond pending his scheduled court date of Wednesday, September 25. Anthony Bolden, 29, of Detroit, was charged with possession of narcotics paraphernalia, and was released without bond pending his September 25 court date.

Michael Louis Surup, 23, of St. Clair Shores, was charged with careless driving and he, too, was released without bond pending a September court appearance. (No date has been set).

Upon receiving the call from the restaurant's manager, Officers Michael Giffert and Thomas Hunke spotted Stack and Bolden standing in the cash register area. Officer Hunke drove to the rear and spotted an auto standing in the driveway with its motor running.

After seeing the scout car, Surup drove south through the parking lot with the right passenger door opening and closing. The officer stopped the motorist at the rear of Wrigley's Market.

At this point, Stack and Bolden approached the vehicle and their identification was requested. Stack, who said his ID was in the auto, laid down on the front seat (Continued on Page 4)

### City Opens New Facility For Parking

Williamsburg Type Structure Providing Space for 300 Cars Financed by Bond Issue

**By Nancy Kramer**

The presence of City officials, a spectacular line-up of vintage automobiles and a ceremonious ribbon breaking highlighted the dedication and grand opening of The City's carriage house parking structure in The Village, last Thursday, August 1.

Courtesy of the Grosse Pointe Commerce and Civic Association (GPCCA), a group of Village merchants, businessmen and professional people, champagne and hors d'oeuvres were served by personnel from Jacobson's St. Clair Room, at a private reception which kicked off the big doings at 4:30 p.m.

**Party Took Cover**

The threat of rain forced the "invitation only" party to take cover under the structure's top deck, but it did not deter Councilmen and their wives, David Robb, Mr. and Mrs. Lorenzo Browning, Mr. and Mrs. Arthur Fettes, Jeannette Duffield, Mr. and Mrs. George Henry, Robert Nugent, former Councilman and Mrs. George Monro, or Mayor and Mrs. John King from toasting completion of the facility which is being financed through a \$975,000 Automobile Parking System bond issue.

"A little while later, council members and their wives enthusiastically sat inside old fashioned cars that War Memorial Director John Lake had assembled for the occasion.

**Antique Car Parade**

Along with owner-drivers Harold R. Boyer, Charles DeGalen, Mr. and Mrs. Andrew Henderson and Gilbert Mack, participants paraded around the block in a 1929 Rolls Royce, a 1930 LaSalle limousine, a 1929 Stutz Blackhawk, a 1931 Packard 8 Club sedan, a 1931 Cadillac sedan and a 1940 LaSalle sedan.

Besides the council and mayor, other passengers included City Police Chief Andrew C. Teetart, at the wheel of the LaSalle sedan, City Attorney Richard Hinks, architect Arthur A. O. Schmidt, general contractor John Tocco, from the firm of Cronk and Tocco, Kresge Manager Larry Carlson, who recently was elected head of the GPCCA, Jane Kay and chairman of the board of Jacobson's, Nathan Rosenfeld.

**Rolls Breaks Ribbon**

Fire Chief Robert Marshall brought up the rear in his official car.

The procession halted momentarily for picture taking, just outside the entrance to (Continued on Page 2)

### Farms Taxes Due Aug. 31

Farms residents are being urged to get all tax payments into city offices by Friday, August 30. Tax payments are due before September 1, according to law, and city offices will not be open Saturday, August 31, to accept payments.

Residents who wish to mail in their returns must have them postmarked by the post office by August 31 and they will be accepted without penalty, according to Farms City Comptroller Carrol C. Lock. He stressed these bills must be stamped by the post office and not with private metering machines.

He said such payments will probably be received by the city Tuesday, September 3, since Monday is a legal holiday, but they will be accepted.

Mr. Lock said tax bills were issued July 1, giving residents 60 days to make their payments. A one percent penalty charge will be placed on all payments received after August 31.

## Vandals Visit Barnes School

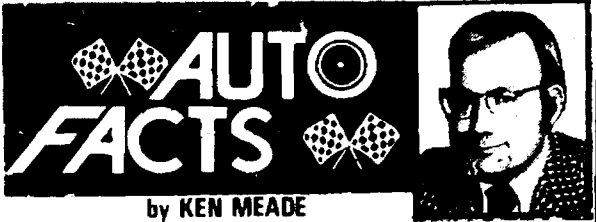

Several windows were found shattered at Barnes School, 20090 Morningside drive, Tuesday, July 30. Woods police also discovered that someone had gained entry to the building.

While on patrol, Lt. Jack Patterson spotted a smashed window in the south side door where a small tree trunk was jammed through the glass. The culprits also had removed boards covering a broken window to gain entry.

Police said it appeared the culprits entered, checked some closets and exited through the same window. A limb was left inside the room. Officers made an inspection of the school with George Green, custodian, later that day. Mr. Green said he believed nothing had been taken.

However, six windows had been broken in the gymnasium area. Located on the school's top floor, the windows had been smashed with a golf club by someone standing on the roof. Three plastic windows, around 30"x28", were destroyed, while a trio of other plastic windows, about 42"x30", were shattered.

Mr. Green also said three grounding rods had been broken off the chimney.

Buying a used car? Dealers will sometimes agree to make repairs as a precondition of sale. Also, you might prefer to make a list of repairs you will have to pay for after the purchase, and compare this with the dealer's price. If your old car is clean and well maintained, the dealer should offer you at least the minimum wholesale value, a price he can recover at the next dealer's auction. Most used car dealers offer a standard guarantee that covers the car's basic system, such as the engine and drive train, for thirty days or 1,000 miles.

## Widow, Father of Slain Man Give Side of Story

(Continued from Page 1)  
—his own—and enter an unlocked door. When my husband came into the bedroom, I frantically wanted to know what was the matter, and while I was pleading with Tom to answer, the police officers entered. One policeman, (Pat. Serwach), pointed his gun at my husband and stated: 'Just hold it there, buddy'; and my husband was not behind me."

Mrs. Holstin said that her husband mentioned several times that she was his wife, and that several times he requested that she get out of the way. Never, at any time, she said, did he try to take Pat. Serwach's revolver from him.

**Three Feet Away**  
"Tom was only about three feet away when the officer fired the shot, and the bullet, from a .357 Magnum, entered his body and did not come out. I understood it was a hollow-shelled bullet, which if it had passed through Tom's body, would have hit the sergeant, who was only about three feet behind my husband. The sergeant could have grabbed Tom and thereby prevent the shooting."

She claimed that Pat. Serwach and Sgt. Petrie just stood there looking at her husband as she tried to assist him. Her husband died approximately 25 minutes after he was shot, she added.

Mrs. Holstin said their 15-month-old son was screaming and crying before and after the confrontation. The child was in another room, and the mother was glad that he did not see what had happened.

The dead man's wife said she had received knowledge of an autopsy report, which showed that Pat. Serwach's gun was fired from a distance of three feet away, and not close up as claimed when the patrolman asserted that he jerked the weapon away to prevent her husband from grabbing it.

**Have Jurisdiction**  
Mrs. Holstin charged that during the course of the investigation by Detroit authorities, (who have jurisdiction since the shooting took place in their city), Pat. Serwach and Sgt. Petrie changed their version of what had happened three times.

She said following the shooting, Detroit authorities were called and detectives ordered everyone not to touch a thing in the house until they completed their questioning and investigation.

"It was a frightening experience, especially watching my husband die in front of my eyes, and not being able

to do a thing about it. I just cannot get over how both officers just stood there, looking at my husband on the floor and not doing a thing to help him," she said.

Park Police Chief Henry Coonce denied this, stating that both Pat. Serwach and Sgt. Petrie stood there in shock for several moments, then called the Detroit Emergency Medical Service, (EMS). When the EMS did not arrive fast enough, they called for the Park's emergency ambulance and Park firemen took the fatally wounded man to the hospital.

**"Special Person"**  
Mrs. William Boyd of The Farms, a close friend of the Holstin family, had this to say:

"Tom Holstin was an artistic and sensitive young man,

and a very gifted person. He had had problems with the law before, and was a one-time hard drug user, but he fought and overcame the habit. For three years he led an exemplary life and then he got married. He became a father and his wife, Linda, is expecting another child.

"He was a special sort of person. A lot of people had an investment in him in bringing him back to a law-abiding life and his overcoming the drug habit.

"Of course he had problems with the law in the past, but we all were very proud of him for fighting back and getting on the right course."

The slain man's father, Eugene, said he had the same opinion as his daughter-in-law, that his son was afraid of The Park police,

who had a "grudge" against him because of his past record.

**Other Methods**  
"My son died as he feared he would," Mr. Holstin said. "The killing was not justifiable, and a warrant should have been issued immediately for the arrest of that officer, (Pat. Serwach). He should have been suspended, and not placed on desk duty."

"The Park police knew my son and they knew where he lived. Ask any one in Grosse Pointe who knew Tom, and they will tell you that he was completely rehabilitated. The police officers involved should have used other methods in trying to catch him. They did not have to kill him. I am sure they had a grudge against him."

Mr. Holstin said his son had been in trouble with the law for several years, but in the last three years he led an exemplary life and settled down and became a good family man.

**"Tragic Mistake"**  
"I own a steel hauling firm," the father said, "and Tom had been driving for me for a year. He was a good family man, had one child and another on the way. He worked hard and was very conscientious. What happened to him was a very, very criminal thing and they, (the police), made a very tragic mistake."

"My son was five feet, eight inches tall and weighed about 160 pounds and I cannot see why they should shoot any one like that. It does not make any sense. I cannot see any logic to it. I know they had a grudge against him."

When asked if he planned any legal action, Mr. Holstin's only comment was that he had hired attorneys to look into the matter.

On Thursday, August 1, the slain man's widow called the NEWS to state that Pat. Serwach was seen on patrol duty the day after the shooting, and was not placed on desk duty pending the outcome of Detroit's investigation as had been reported. She said she received the information from a friend who is seeking a Detroit judge post, who claimed to have seen the officer in a scout car.

"This is not true," said Chief Coonce. "Patrolman Serwach was in shock and in a highly emotional state following the shooting. This is the kind of traumatic thing no police officer hopes to ever experience."

"Because of his highly emotional stress and because it would have a decided affect on the rest of the department if the officer continued on duty, he was sent home and remained off-duty on July 17 and 18. On July 19, he was assigned to desk duty and the following day, because of a shortage of manpower, he was assigned to patrol duty for the one night."

"On July 21, Patrolman Serwach was reassigned to desk duty and will remain at this post until the Detroit authorities and the Wayne County Prosecutor's Office fully completes the investigation in the matter."

Chief Coonce said the Prosecutor's Office, if all goes according to schedule, should have the investigation finished in about one or two weeks, after which a determination will be made.

## Tries to Cash Stolen Check

An attempt was made to cash a stolen check at the Mack-Moross branch of the National Bank of Detroit Monday, July 29, but the teller was checking the validity of the check.

Richard Clarke, branch manager, told Farms detectives a man came up to the window of the first cage between 11 and 11:30 a.m. and presented a check for \$35 dated July 28. It was payable to a John Homebrath, of 1273 Roslyn road. The address and name were both found to be fictitious by detectives investigating the case.

The check was drawn on the account of a St. Clair Shores man who had been the victim of a burglary some time earlier, in which the checks were stolen.

The teller in window one ran the check through a routine procedure to see if there were funds in the account. That check came back positive but for some reason she investigated further and compared the signature on the check to the one in the bank's files.

She found the signature to be forged and completely different than the legitimate signature of the St. Clair Shores man whose checks were stolen. When the teller returned to the cage to ques-

tion the subject she found he had left the bank.

The suspect was described as a white male, about 21 years of age, about five feet, eight inches tall, with light brown hair and moustache. He was wearing a light shirt and blue jeans, spoke softly and rapidly and was very polite.

Bank surveillance cameras were working at the time of the incident and took several pictures of the subject while he was waiting. Farms detectives will receive the pictures once they have been processed.

the structure on St. Clair avenue. Then the Rolls, spurred on with a horn voluntary sounded by members of the band, "Tequila," drove through the ribbon, officially opening the facility to the public.

Once inside and standing before a podium set up on the ground level, Mayor King commended and thanked all persons responsible for making creation of the structure a reality. The architect and general contractors, he maintained, did an "outstanding job. We gave them a date to work for and they hit it right on the nose."

**Kressbach Praised**  
Special words of praise were accorded City Manager Thomas Kressbach. "Tom is always the man standing in the background, making sure things get done—and they always do!" Mr. King remarked.

He welcomed officials from other Points, who were seated in the audience, among them Park Mayor Matthew Patterson and City Manager Robert Stone, and Woods Mayor Benjamin Pinkos and City Administrator Chester Petersen.

Mr. King pointed out that Jacobson's is partially responsible for development of the area since they paid for construction of D'Hondt Way, a walk between the Williamsburg-style structure and the store, that has been designed with colonial lighting fixtures, a brick patio and attractive landscaping.

Additionally, Carolyn Barnhart, Jacobson's public relations director, worked closely with The City in coordinating the grand opening festivities.

## Farms Police Receive Praise

Farms Police Chief Robert Ferber has received a note of thanks from the American Theatre Organ Society for the guided tour of The Farms given by Sergeant Arnold Parsons and Officer Vincent Peters for a group of international visitors attending a convention in Michigan and visiting the city.

The group, composed of people from 11 countries, was traveling in 23 buses and attended a program at a local theater.

The letter said: "Chief Robert K. Ferber: I would like to express to you my Thank You for the wonderful cooperation we received from your department while at the Punch and Judy Theater on Sunday, July 14. A special Thank You to Sgt. Parsons and Officer Peters."

"The little scenic drive was very impressive and most enjoyable to our out-of-state guests. I heard many remarks in favor of your procedures and feel you contributed a great deal in 'Goodwill' regarding Detroit and surrounding suburbs."

"Again a big Thank You. Sincerely, Edward Lyon, Transportation Chairman, American Theatre Organ Society National Convention."

### Woods Officer Recovers Auto

A high speed chase resulted in the recovery of a stolen auto by Woods police early Sunday morning, August 4.

While on patrol, Officer James Fowler spotted a motorist going north on Mack at 50 miles per hour. He pursued the vehicle into St. Clair Shores at speeds reaching 70 m.p.h. and on Elizabeth, west of Harper the auto spun out of control.

The driver abandoned the vehicle and ran between some houses. A check was made but proved negative.

Upon returning the car to the station, attempts were made to contact the owner. Soon, Sarkis Michael Simon, of Warren, appeared and told officers the auto was stolen on Lakewood in Detroit.

The ignition switch, which was damaged, contained a key which didn't belong to Mr. Simon, who then contacted Detroit police to say the vehicle was stolen but recovered by Officer Fowler.

### Foundation's Swimathon Nets Estimated \$5,000

The Foundation for Exceptional Children's Swimathon netted close to \$5,000 for the organization thanks to a solid group of swimmers and sponsors, who pledged a fixed amount of money per mile for the Wednesday, July 31, event.

Patrick Jewell, 40, of Three Mile drive, completed the 12-mile course across Lake St. Clair from Harsen's Island to the Grosse Pointe Yacht Club. Mr. Jewell was in the water 10 1/2 hours.

A member of the Foundation board of directors, Mr. Jewell is a certified scuba diver, pediatric surgeon and the father of five children. The winner of five awards in the State Masters Swim Meet, he swam daily in preparation for the Swimathon.

Mr. Jewell's son, Michael, 16, an honor student at South High School, completed 8 1/2 miles and spent four hours in the water. A certified scuba diver, Michael is a member of the school's junior varsity swim team and The Park swim team.

August DeLuca, 30, of The Park, completed six miles as an individual swimmer plus approximately one mile with the Sea Turtle relay team for a total of seven miles. He was in the water around 3 1/2 hours.

The Dolphins team, comprised of 12- and 13-year-olds, completed over 12 miles with eight swimmers. They were

in the water 6 1/2 hours. Members included Teresa Day, John Hessburg, Wally Kilgore, Debbie King, Tim Nelson, Tracy Nelson and Tricia Richardson.

The Marlins team, comprised of 14- and 15-year-olds, finished over 12 miles with 10 swimmers. They were in the lake for six hours. Marlins members included Ray Bernard, Terry Burnham, Tom Hessburg, Abby Frame, Megan Montagne, Jim Nichols, Steve Swanson and Lisa Colletti.

The 16- and 17-year-old Sharks squad completed over 12 miles with five swimmers. They were in the water 6 1/2 hours. Sharks members included George Daudlin, John DeForest, Mickey Montagne, Jodi Nelson and Craig Swanson.

Meanwhile, the Sea Turtles, who were between 30 and 56, finished 12 miles with six and a half swimmers. (Mr. DeLuca joined the team after he stopped his individual swim). They were in the lake 6 1/2 hours.

The Sea Turtles included Grosse Pointe Swim Club Masters Group, (Jack Shook, manager), members Andrew Dahl, Carolyn DeLuca, Tim Hannert, Sally Hannert, Tim Kennary, Park swim team coach, and Axel Mueller.

Mr. Dahl, a Pointer, is director of planning at Saint John Hospital. He is a certified water safety instructor and has been waterfront director for many Boy Scout activities.

Mrs. DeLuca and her husband, August, are members of the Country Club of Detroit. In the State Masters swim competition in April, they received a combined total of 11 awards and six awards later in the National Masters in Florida.

### Woods Refuses Bus Shelters

The Woods Planning Commission unanimously denied a proposal from the Southeastern Michigan Transportation Authority (SEMTA), to erect bus shelters within the city. This action was taken at its June meeting.

At its March session, the commission voted to delete consideration of the shelters from its agenda because, at that time, the commissioners hadn't heard from SEMTA on the shelter design plan.

However, at the June meeting design and elevation plans were ready for the commissioners consideration. They nixed approval of the plans because the design of the proposed shelters wouldn't be in harmony nor consistent with the Early American Colonial architecture and aesthetics being maintained with the community.

Their denial also was based on the fact the maintenance of such structures should be SEMTA's responsibility and not the city's.

City Administrator Chester E. Petersen said the plans are "what we considered a contemporary glass enclosure design." He also stressed the proposal requiring the city to maintain the shelters, a point officials didn't agree with.

If the shelters were approved, two locations, based on a survey, where they could have been built were at the northeast corner of Mack avenue at Vernier road and at the northwest corner of Vernier at Mack.

### SCORES HOLE-IN-ONE

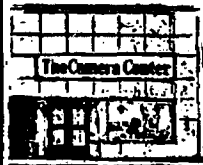

John J. Kelly Sr., of Oxford road, didn't need a second chance when he hit a six iron shot off the 125-yard third hole at Hickory Hollow Golf Course last Thursday for a hole-in-one.

Mr. Kelly is a member of the Saint John Hospital "Second Chance Club," having survived heart artery bypass surgery last March.

### His Walk Ends in Cell

James E. Apple, 29, of 24868 North Elda, Mount Clemens, was walking home from the Detroit-Park city limits on Monday, August 5, but he never got there. He was stopped by a Shores public safety officer and released to Michigan State Police who had a warrant for his arrest.

Patrolman Harry Hamilton, while on routine patrol at about 3:45 a.m., observed Apple walking north on Lake Shore road and because of the lateness of the hour, stopped to ask the man if he was in any sort of difficulty and offered him assistance.

The Mount Clemens resident told the public safety officer that he had gotten off a bus in Detroit, and called

his wife to pick him up, but because of marital troubles, his wife refused and he began walking home. Apple said he took another bus to the Detroit-Park city limits and started to walk.

Patrolman Hamilton, before giving the walker any aid, made a routine call to his station for a check on the man over the Law Enforcement Information Network, (LEIN). The return answer revealed that Apple was wanted on a warrant by the Romeo State Police Post. It was not disclosed why he was wanted.

Instead of giving Apple a lift to the Grosse Pointe Shores-St. Clair Shores limits, Officer Hamilton took the man to the Shores station, where the Romeo Post was informed that Apple was being held. Two hours later, a State trooper from Romeo arrived to take Apple into custody.

### Nurses Invited To See System

Area nurses are invited to learn about a new system of non-nurse-station nursing at Bon-Secours Hospital at a tea Saturday, August 17, from 2-4 p.m. in the hospital science hall.

The system will be put into operation with the opening of a new patient wing at the hospital this fall. Another wing will be opened early next year.

By 1976, the existing hospital units will undergo architectural changes necessary to the plan.

The system is built around nurseservice cabinets in patient rooms which contain all supplies and medications ordered to treat each individual patient.

Opening to the corridor where they are stocked by supply personnel, and to the patient, (including medical charts), is at the nurse's fingertips.

The program will include a presentation by the director of nursing and a tour of a model in the wing to be opened in October. There will be ample time for informal discussion with members of the nursing staff over tea or coffee.

Registered and licensed practical nurses are invited to attend the program.

### Police Close Robbery Case

Woods police reported they have closed the case where a 31-year-old Detroit woman, then five months pregnant, was kidnapped by two women, forced to drive to her home and then to her bank, before being robbed of \$1,000.

The incident, which occurred over a three-hour period on May 2, started and ended in the Mack-Seven Shopping Center.

Officers said the Detroit, who had viewed several mug shots previously, viewed 10 more of women possibly involved in the armed robbery on Tuesday, July 30. However, she couldn't identify any of the subjects.

Due to lack of information from the complainant, who was vague on descriptions, the case is to be considered closed, police said.

## Trio Faces Various Charges in Woods

(Continued from Page 1)  
as though he was looking on the floor. Both officers saw him remove a 13 inch metal pry bar from inside his pants and drop it on the floor.

When Stark removed the pry bar, Officer Giffier drew his revolver and ordered him out of the vehicle. He was searched and then placed in the rear of the scout car.

Officer Giffier discovered a brown handled hunting knife with a five inch blade, along with a prescription bottle,

containing 65 assorted pills, in the glove compartment. Meanwhile, Officer Ronald Hayden searched Bolden and found a liquid dropper in his right hand, a hypo-needle plastic tip cover in a front pocket and a nylon stocking in a rear pocket. A .38 caliber bullet also was found on his person. Assisting at the scene were Farms Patrolmen Philip Miglio and Gerald Deburghgraeve.

Police said Stark became very violent while in the

back seat and kicked the driver's seat, damaging it. He also kicked the lock button of the left rear door breaking the plastic button and bending the metal pin. Police stated Stark also expectorated over the interior and at officers at the scene. Stark was transferred to a Farms scout car as it was equipped with a plastic shield. Officers said he also expectorated in the back seat of this auto.

A Windsor citizen told police Bolden asked the girl at the register for change and then said, "Is there anything else you can do for me?" At this time, Stark positioned himself almost behind the register. The girl wouldn't open the register so Bolden received change from the manager, who then went to the back and called police.

Officers were told both men milled around the register for a few minutes, went downstairs and came up again. The pair ultimately left and were stopped by the officers.

## GPFA Slates Registration

Grosse Pointe Hockey Association, (GPFA), registration dates for the 1974-75 season are Saturday, August 24, and Saturday, September 7, from 9 a.m.-12 noon in the meeting room of the Grosse Pointe Community Rink, 4831 Canyon.

All boys signing up must bring their birth certificates at time of registration. A parent or guardian must accompany each boy at time

of registration, as the parent must sign the registration form.

The fee remains the same at \$25 for each boy and \$10 for each additional boy of the same family.

In lieu of a candy sale, parents will be responsible for a \$10 booster ad for the booklet, (for each child), payable at time of registration. The registrar for the coming season is Jim Farquhar.

## Neighborhood Club Case

(Continued from Page 1)  
ter explaining he would rely on both the Michigan Age Discrimination Act and the 14th Amendment to the Constitution when arguing his case.

The 14th Amendment issue involved is the deprivation of due process of a hearing prior to release by an employer, Mr. Donnelly said.

But defense attorney Frederick B. Schwarze contended in a brief filed Wednesday, July 10, that age discrimination was not a factor in the release of Mrs. Strachan, and that the motion before Judge Spivak was improper because Mrs. Strachan has failed to exhaust the proper administrative remedies.

Mr. Schwarze was referring to the action still pending before the Michigan Civil Rights Commission.

Furthermore, in regard to the 14th Amendment issue applied by Mr. Donnelly, Mr. Schwarze said in his brief that, "Plainly put, there is no due process right to private employment."

"Michigan law interpreting the due process clause rests on the implicit assumption that some governmental action is necessary before a due process right may be asserted."

Mrs. Strachan has contended that the Neighborhood Club is a private club, funded largely through the contributions of The Thrift Shop. But Charles E. Keller, partner in the firm handling Mrs. Strachan's case, said "Their brief doesn't concern us one bit."

Citing his profession's ethics, however, Mr. Keller refused to respond directly to any of the charges made by the defense attorneys in their "Answer to Order to Show Cause" brief.

Those charges included the following statements:

## O'Lane Named To St. John Post

John M. O'Lane, M.D., has been named Saint John Hospital's first full-time Chief of Obstetrics and Gynecology.

He also was recently appointed Clinical Associate Professor of the Department of Obstetrics and Gynecology at Wayne State University.

Dr. O'Lane came to Saint John from Ridgecrest, Calif., where he had a large private practice and was a member of the school board and Rotary Club.

He earned his B.S. and M.D. degrees from the University of Washington, and served his internship at King County Hospital, Seattle.

Dr. O'Lane was a lieutenant commander in the United States Navy and served his residency at the Naval Hospital, San Diego.

Prior to moving to California, Dr. O'Lane was assistant professor of OB/GYN at Temple University Health Services Center, Philadelphia, Pa. He became a diplomate of the American College of OB/GYN in 1967.

He and his eight children, John 18, Tom 17, Howard 15, Sally 14, Alan 13, Mary 11, Kevin 10, and Karen 9, make their home in The Pointe.

## Woods Council Deletes Four C-W Items

(Continued from Page 1)  
with private enterprises.

In a letter to the council at that time, he asked for a reduction on the \$5 fee required for boatwell use in the park but this \$5 fee is actually a boat launching fee for use of the boat launching ramp, (covering ramp use for the whole season).

### Up to Commission

On the senior citizens complex, the council a year ago received petitions from various residents to consider the construction of a senior citizens housing complex, said Mr. Petersen. "Now, with the formation of the Senior Citizens Commission, there's no need for the council to keep this on the Committee of the Whole agenda." This topic will be delivered into by the Commission.

The municipal collection center for recoverable resources item has been on the

C-W's agenda since February. At that time, the C-W approved that the matter of the disposition and/or recycling of recoverable resources, i.e., paper, tin and aluminum cans, glass containers and the possibility of a municipal collection center for reclamation of such materials be studied.

### Hard to Make Work

When asked the reason why this item was deleted, Councilman Rodger A. Graef, who made the original motion to place it on the C-W's agenda, felt it was difficult to have such a separation center at this time and make it work. In relation to this, he cited the problems of actual separation of articles and also of logistics.

The communities, (including all the Pointes and Harper Woods), have a contract with the Grosse Pointes-Clinton Refuse Disposal Authority and "we're not in a posi-

tion to enact anything independent of the authority," he said.

At the same time, however, Mr. Graef stressed this issue was definitely "a live one." Besides the interest of each individual council member on this subject, he stated, "The authority is interested in pursuing avenues of research in this area and will consider this subject in their studies."

### Will Make Contact

He requested that Mr. Catlin contact Walter Clements, Authority staff counsel, to establish "whether or not there is agreement between the parties on the legality of said ordinance as it applies to the Authority's operation." Mr. Catlin said he plans to contact Mr. Clements on this matter.

When asked what could happen on this front if the ordinance is approved, Mr. Catlin cited three points:

- SEMTA could comply.
- SEMTA could start a lawsuit to enjoin us from enforcing it.
- If SEMTA did nothing, and the ordinance becomes effective, "we could ticket one of their drivers," with possible legal action transpiring.

## Woods Accepts Bid for Paving

By Roger A. Waha  
The bid of the Macomb Concrete Corporation, 33180 Kelly road, Fraser, in the amount of \$105,840.70, was unanimously accepted by the Woods Council for the city's 1974 street asphalt resurfacing program. This action was taken at the regular meeting Monday, August 5.

In accepting this bid, (the other bid from the Maraldo Asphalt Paving Inc. of Royal Oak was \$129,518), the gloom of rising costs enveloped the solons' brief discussion.

This aspect was cited in a memo to the council from City Administrator Chester E. Petersen. "Due to the tremendous increase in petroleum products, (asphalt), the low bid is approximately \$50,000 more than we have budgeted for such," he said. "Consideration was given to the possibility of decreasing the amount of the re-surfacing program in order to come within our budget limitations."

However, Mr. Petersen continued, a review by his office indicated that any cut-backs in the resurfacing program "would put us so much further behind that we could not possibly keep up with our future resurfacing needs over the next three years." So, he recommended

the council accept the bid of the Macomb Concrete Corporation, and the solons agreed. The expense will be charged to the following accounts: Highway Special Fund, \$47,900; Boat Dock Enterprise Fund, \$13,500; Sewer Maintenance Enterprise Fund, \$11,200; and Parking Enterprise Fund, \$33,041. The engineering costs will be distributed and charged accordingly to the same accounts.

Mr. Petersen reported the following areas are included in the resurfacing program: Fairway from the University-Liggett athletic field to South Oxford road; Wedgewood drive from South Oxford to South Rensselaer road; Sunningdale drive from Wedgewood to Fairway; North Rensselaer road from Mack avenue to Holiday road; and North Oxford road from Holiday to Morningstar drive.

In connection with the program, the total contract price includes some \$13,500 for build-up and surfacing of the parking lot adjacent to the steel sheeting in Lake Front Park between the bridge and bath house.

It also includes some \$11,200 for rebuilding catch basins on North Oxford between South Oxford and Morningstar drive, said City Engineer Laurence H. Pate.

## SATTLER ELECTED

Robert I. Sattler, of Oxford road, was elected a director of Acme-Cleveland Corp., according to an announcement by Arthur S. Armstrong, chairman and chief executive officer. Mr. Sattler is president of LaSalle Machine Tool, Inc., Warren. It is a wholly owned subsidiary of Acme-Cleveland. LaSalle is a principal United States producer of automated manufacturing systems for making automobiles, trucks, farm machinery, appliances and other mass produced items.

## New Pastor

THE REV. GEORGE M. SCHELTER was ordained and installed as a pastor of the Lutheran Church-Missouri Synod at St. James Lutheran Church in The Farms, on Sunday, August 4. He will serve on the team ministry with Pastor George E. Kurz. Rev. Schelter, a native of Cypress, Tex., is the son of Rev. and Mrs. Herman J. Schelter. He attended Concordia Junior College, Austin, Tex., and Concordia Senior College, Fort Wayne, Ind. He received his Master of Divinity degree from Concordia Seminary in Exile, St. Louis, through the Lutheran School of Theology, Chicago, Ill., in May 1974. His vicarage was served at St. Paul Lutheran Church, New Orleans, under the supervision of the Rev. Richard H. Meyer.

The Rev. Herman J. Schelter, of Hereford, Tex., ordained his son, Rev. Kurz, conducted the installation, and the Rev. William Wolcott, Mission Counselor for the English district, of the Lutheran Church-Missouri Synod, delivered the sermon. Other pastors officiating at the service included the Rev. Richard Feucht, Director of Parish Education for the English district, and the Rev. Carl Sangers, Circuit Counselor for the Detroit East Circuit for the English district liturgists, and the Rev. Edwin Rehner, Gloria Dei Lutheran Church, Detroit, lecturer. The church choir of St. James Church, under the direction of Herman A. Clein, sang Mozart's "Gloria."

## Two Figurines Reported Taken

Two Chinese figurines were reported missing from the second floor sitting room of Rose Terrace, 12 Lakeshore, the former Dodge estate, about July 29 or 30, according to Farms police.

The figurines, approximately eight inches high, were discovered missing Wednesday, July 31, by Frank Kerbrat, caretaker. Mr. Kerbrat was unable to give a description of the figurines, but two apparently similar ones were left untouched on an opposite wall. Police photographed those for their files.

## Slate Interfaith Center Musicale for August 16

The Grosse Pointe Interfaith Center for Racial Justice has scheduled its 2nd Annual Musicale Benefit that is expected to feature about seven hours of live folk music and singing.

The backyard of the Gordon Blake home, 41 Shoreham drive, in The Shores will once again be the setting Friday, August 16, for the event which is open to all members of the community. Ten folk music groups from the Detroit metropolitan area will sing traditional and contemporary folk music beginning at 8:30 p.m., with no definite cut-off time scheduled.

Rain date is the following evening, Saturday, August 17.

Guests are asked to bring their own lawn chairs or sit-upons to the musicale. Punch and ice will be served and guests are invited to bring any extras they would like.

Adult donation is \$2.50 and student donation is \$1. Tickets may be obtained at the door. Proceeds from the Musicale will benefit the Interfaith Center. Last year's Musicale raised about \$1,200 for the organization.

The Grosse Pointe branch of the Center was established in 1969 by the concerned clergy and church members as a common means of working within the community to better understand and achieve racial justice for all minority persons.

Some of the activities of center volunteers have included race relations workshops and seminars, black

lecture series, teacher training through workshops and seminars, textbook evaluation and a study of Detroit Recorder's Court.

The center offices, now located at 15222 East Jefferson in The Park, house a library, resource materials, conference area and work area where persons in the community can come for information, discussion or study.

The benefit musicale is the second one the Blakes have held for the Center although they have held musicales for

the past five years. The tradition goes back to 1973 with Mr. Blake's great aunts, May and Elizabeth Fisher, who sponsored festivals at which all in attendance had to participate.

Sometimes as many as 150 people would entertain from noon to the early morning hours. After the death of the Fisher sisters in the forties, other members of the family carried on the tradition of the annual musicale.

Gordon and Rita Blake have continued hosting the events because they believe recreation should be a recreation of the spirit. They also appreciate the value of encouraging young artists to share their talents with people of all ages.

Some of the selections for this musicale are original although many of the more familiar traditional and contemporary folk songs will be included.

Most of the artists playing during the evening are semi-professional or professional but they have volunteered their time for the benefit.

## \$4,000 Raised by Walkathon

Over 200 area high school and junior high school students raised \$4,000 when they tramped more than 100 miles through The City, Farms, Park, Shores and Woods as participants in the Council for Youth Development's (CYD), walkathon on May 11.

At an afternoon party on Saturday, July 20, CYD teachers and students presented part of the walkathon proceeds, a \$1,000 check to the Environmental Field Center, an organization of Detroit and suburban students and members of the Research Park Relocation Council representing residents of the Hobart street area in Detroit's inner city.

Mildred Smith, secretary of the Field Center, said the money would be used to sponsor projects in which young people could help fight the housing shortage and work for planned developments, such as the Research Park and Calumet Projects, to provide low and moderate income housing particularly for those displaced by urban renewal.

The office that the Research Park Council shares with the Field Center on Hobart, where the check was presented, was once a Field Center project. Formerly condemned and deteriorating

because of city neglect, the home was rehabilitated by students from the University Liggett School in 1971.

The home's rehabilitation was proof that the city was tearing down good homes and that rehabilitation was cheaper and more constructive than tearing them down.

Due to the efforts of young people and Hobart families, and based on the results of a land use and marketability study by Urban Design and an investigation ordered by Harold Varner, then director of the Detroit Housing Commission, the city reversed its policy. The Detroit Common Council ruled that it was more feasible and desirable to rehabilitate homes rather than tear them down.

Hobart street residents feel this would not have happened without the efforts of area high school students. However, the community still has problems finding enough government or private funding to rehabilitate the homes.

Jan Gilbert, ULS teacher and treasurer for the CYD, said the Field Center was chosen for funding because it is a valuable organization ignored by government funders and it represents a program that points area youths could "contribute to and be a part of. The most important thing," she said, "is to get the communities involved with each other."

The CYD presented other \$1,000 checks realized from the walkathon to Center Point, the Detroit Transit Alternative Runaway House and the Michigan Committee on Indian Youth.

United Community Ombudsman, a Detroit based civic organization, applauded the students for "their act of concern and brotherhood," noting that "many adults could learn a lesson of responsibility and dedication from the young people of Grosse Pointe."

ing all areas of the park. He said he felt that for the number of persons who use the park, the figures for thefts from boats are low.

City Not Responsible  
Councilman Joseph Fromm noted that under park rules, the city is not responsible for private property in the park or on boats docked at the Pier.

The councilmen were in general agreement that policing of the area cannot be increased and that no amount of policing would eliminate all crime problems.

Mr. Corbett said he was not satisfied with this position and felt something more should be done. He added that he may have to install a device on his own boat to keep away intruders.

## Vandal Wrecks Church Organ

Someone entered the Grosse Pointe Woods Presbyterian Church, 19950 Mack avenue, and damaged the pipe organ, Woods police reported. This incident occurred sometime between Saturday evening, July 27, and Sunday morning, July 28.

Richard Johns, choirmaster told Officer Charles Philip Hamel the organist showed him where someone had walked across the top of the organ. It was then noticed that several pipes above the organ were caved in. No signs of forced entry were seen, police added.

**U-LS Reports Two Break-ins**  
Someone broke into the boy's equipment room at University Liggett School, 1045 Cook road. Woods police received two breaking and entering reports Sunday, August 4. The first was at 2:54 p.m. and the second was at 8:07 p.m.  
At the first call, Al Schuknecht, security man, showed Corporal Gerald Kensora where someone had smashed a 1½x5 foot window leading into the equipment room. Inside, police found where various articles had been moved about but until an inventory is taken, missing items won't be known.  
Mr. Schuknecht said a watchman, who was on duty until midnight Saturday, August 3, hadn't reported any break-in.  
Over five hours later, police received a burglary in progress report from the school. Mr. Schuknecht told Officer Arthur Gekiere he spotted two youths removing sports equipment from the equipment room. Entry was gained through the previously damaged window.  
When the pair spotted Mr. Schuknecht, they ran across the roof to an unknown destination.  
A check of the roof produced a box containing one football helmet left by the youths.

**GPYC to Hold Splashdown III**  
The Grosse Pointe Yacht Club will host a dance for all teens, Splashdown III, Thursday, August 15, from 8:30 to 12:30 p.m. The dance, featuring the Holy Smoke band, is sponsored by the club's Teen Council.  
Dress for the occasion, which is open to the public, is casual. No blue jeans are allowed.  
Chairmen of the Teenage Council are Laurie Rinke and Ray Spitzley. Committee members are Don Allen, Chris Baker, Claudia Barker, Kirk Baker, John Barker, Elizabeth Grear, Vince Penicamo and Lillian Hoppin.  
Carolyn Barnhart, Jacobson's public relations director said the idea for such a display was inspired by the Detroit Art Institute's Art Train, a sort of traveling media show that carried works around the city.

**Woods Ruthers Beaten in Final**  
It looked as though the district champion Woods Babe Ruth baseball team had won the state finals in Port Huron late last month until they ran into upset-minded Lincoln Park and dropped a 2-to-1 decision in the championship game.  
The Woods had already won three and lost only one in the two-game elimination series, including a 3-to-1 win over favored West Seven, a team drawing players from a northeast Detroit.  
But Lincoln Park pitcher Mark Mierzejewski four-hit The Woods team, a feat Woods pitcher Mike Menzo could not match. But Mike did account for two of The Woods three wins, including the one over West Seven.  
In all, The Woods defeated Port Huron Consolidated, 6 to 3; West Seven, 3 to 1, and Ypsilanti, 7 to 1, but lost twice to Lincoln Park, 5 to 3, and 2 to 1 in the final.

**Shop Supports State Artists**  
Community minded Jacobson's in The Village has put together another project all residents can take advantage of.  
The store's art buyer, Arnold Wright, has selected a number of works done solely by Michigan artists and craftsmen which will be on display in the Home Decorating Shop through Thursday, August 15.  
Some of the featured artists are regulars at the Grosse Pointe Artists Association's annual fall show on the lawn of the War Memorial, and others are lesser known. The works range from the very traditional to the totally abstract, but Mr. Wright felt all were worthy of local support.  
There is an oriental aspect to Marie Woo's pottery collection and an impressionistic angle to William Plante's sailing photographs. Vera Wolfe explained that her one-of-a-kind mono prints have a relief quality to them and that Peggy Sayad's oils were attempts at grasping special concepts.  
Some other featured artists are Lorraine McCarty, Elizabeth Grear, Vince Penicamo and Lillian Hoppin.  
Carolyn Barnhart, Jacobson's public relations director said the idea for such a display was inspired by the Detroit Art Institute's Art Train, a sort of traveling media show that carried works around the city.

**Americans Bow in State Final**  
The Woods Americans following a semi-final win Friday, August 2, over a team from Davison, Mich., lost the state championship game the next day, 3 to 2, to a team from Parchment.  
The loss Saturday, August 3, marked the end of the season for the District #6 Little League champion Americans, after they had advanced to the finals by virtue of six successive wins over teams from around the state.  
In Friday's win, at the Papp Complex in Taylor, Tim Mitchell again was the winning pitcher, as he paced his team to a 2-to-1 victory over Davison.  
But Parchment, winners in their semi-final game 20 to 0 over a team from the Sioux area, proved too much for The Woods entry.  
Trailing 3 to 0 going into the bottom of the sixth inning, Woods player Tom Blair blasted a two-run home run and it looked as though the Americans might forge ahead.  
But the rally soon fizzled and The Woods lost out, 3 to 2.  
Champion Parchment now goes on to play the Ohio state champions August 10, and the winner of that game will be one of the teams competing in the Central States Regional Tournament in Harper Woods, August 16 and 17.

After dinner,  
there's more than  
dessert.

First, cocktails, carefully prepared, generously poured, then served under a disappearing sun on the terrace or in a dark, romantic corner of John Larue's Saloon at the Homestead at Glen Arbor.  
Next, dinner in the grand old tradition in the newly redecorated, rejuvenated Inn, where the only tough part is choosing from our extensive listing of superb continental cuisine. We mention Veal Piccata, Roast Long Island Duckling and Black Forest Sauerbraten just to give you an idea what awaits you at your Homestead table.  
Then, after dinner and dessert (Austrian Torte, anyone?), squeezed in between coffee and liqueurs and talk and laughter, what else but dancing? Cheek to cheek under the stars or under the romantic spell of the Saloon, the smooth music is interrupted only by an occasional fox trot or cha-cha to keep things lively.  
If it sounds like a perfect evening, it is. So, come soon.  
Come take a look at all the Homestead has to offer you and you may want to come for a lifetime.

See our stunning facilities, including the sand beaches, clay tennis courts, sailing harbor and acres of forest land that make us not only famous, but one of the most picturesque resorts in all of America.  
Imagine sailing, fishing, swimming or playing tennis with one of Billie Jean King's TennisAmerica pros. Imagine living here at the Homestead in a beautiful condominium home of your own. Waterfront homes are immediately available, from \$42,000.  
So, come for drinks and dinner and dancing and all the rest. For a week-end or a week. Better yet, come for a lifetime.  
For reservations or information, call toll-free (800) 632-1708. Or, send the coupon at your earliest convenience.

### MD Carnival Benefit Slated

A carnival to benefit muscular dystrophy (MD), research will be held Monday, August 12, 10 a.m. to 8 p.m., at 24512 Harper, St. Clair Shores. Seven teenagers from that community are staging the event after holding a similar carnival last year which raised \$257 for MD.

Terri Ann Matlin, organizer of the carnival, said they hope to raise \$500 this year. Included in the day's events will be games, a bake sale, rummage sale, and a play, "That's Entertainment?" to be presented at 4 p.m.

An added attraction will be Detroit Tiger relief pitcher John Hiller, appearing from 1-3 p.m., who will sign autographs and pose for pictures.

The carnival participants all are entering Lakeview High School this fall. They plan to donate the carnival proceeds to MD at the Jerry Lewis MD Telethon to be held Labor Day weekend.

## Letters to the Editor

Dear Editor:  
To the bothered resident of Harper Woods:  
I too would be bothered if I, as a resident of Grosse Pointe Woods was finding "ways" of using Harper Woods facilities that were for the private use of their residents and guests only. It was nice of you to admit, (as a teacher of our children), that you are dishonest and willfully violate our city ordinances, putting our right and the right of our children to use the park in jeopardy. I sincerely hope that you do not instruct our children in this kind of disobedience of the law.

As for your suggestion that you be permitted to purchase a pass for \$25 to help offset the cost of improvements. I understand the new bond issue will cost the average property owner in Grosse Pointe Woods over \$60 per year. I am sure all of the Grosse Pointe Woods residents are willing to finance the Woods park (for improvements and maintenance) for their enjoyment as well as the fact that it enhances the value of their property. But I am equally sure they are not willing to support it for non-residents. It is a shame that because you work for the taxpayers of Grosse Pointe you feel they should also pay for your after working hours entertainment.

At the rate of \$25 per pass for non-residents, our park would soon be so overcrowded with non-residents that the residents who have paid for the park over the years would be unable to enjoy it. I suggest, instead of willfully disobeying the city ordinance, that you contact a Grosse Pointe realtor and move into our lovely city. That way you will not only help finance our park but you may enjoy it legally.

Sincerely,

A Grosse Pointe Woods Resident and Taxpayer and a supporter of the bond issue.

To the Editor:

Regarding the comment on bicyclists, which have appeared recently in the News, I should like to add my ten cents worth.

The Grosse Pointes probably have the largest concentration in the world of fools on bicycles. They are divided into two categories: the arrogant, who do things like riding two abreast on busy thoroughfares without the slightest concern for the twelve

cars held captive at 5 mph behind them; and the stupid, who tool around at night without lights or reflectors, who ride against traffic, who consider stop signs and traffic lights cautionary suggestions for the weak willed, who blithely sail down the sidewalk past blind exits, and who take the attitude that a bike is not only a privileged vehicle with allowances to go anywhere, in any direction, at any speed, at any time; but that it also enjoys a special sanctity that keeps it and the rider from being laminated to car hoods, fenders, windshields, bumpers, and the sides of trucks.

The blame, however, must be shared by the gracious officers who police the Pointes, and who have presumably never, down the echoing corridors of time, ever ticketed a bicyclist. I've seen cruising police cars, in pitch darkness, unconcernedly pass bicyclists who didn't have so much as an inch of reflective tape on themselves or their bikes.

That the mortality rate for bicyclists in Grosse Pointe has remained so low is a testimony to the alertness, politeness, and panic-stoppability of Pointe drivers — who know from white-haired experience that around every corner, or out of every driveway, or behind every hedge, is potentially some idiot on a bike who doesn't have the faintest idea of the responsibilities that go with riding one.

August 1

To the Editor:

I was disappointed reading the article about the Grosse Pointe Farms Regatta. There was no mention of the synchronized swim show. I thought, although I'm partial, that it was worth being included in the article. The 25 or so girls in the club worked very hard, did a great job and the show was well received.

Sincerely yours,

Kathe Moran

Editor's Note: The writer of the excellent story which covered this regatta says she's sorry. There were so many activities and events involved that it was understandably difficult, (under pressure of meeting a deadline), not to omit something. It was completely unintentional and Barbara sends special congratulations to the synchronized swimmers who gave such a splendid performance.

Dear Sir:  
I know since I am only 13 you probably won't listen,

## What Goes On at Your Library

By Arthur Woodford  
Chief of Central Library

Article II Section 4 of the United States Constitution states: "The President, Vice-President and all civil Officers of the United States, shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors." A recent newspaper poll showed that the citizens of this country were greatly confused about the subject of impeachment. Many were unclear as to just exactly what impeachment is. For those interested in gaining a better understanding of the concept, procedures, and historical background of impeachment, I would like to recommend the following books available at your Grosse Pointe Public Library.

**IN IMPEACHMENT TRIALS AND ERRORS** (Knopf) Irving Brant discusses impeachment in its broadest terms, not merely impeachment of the Chief Executive. Brant explains the process and recounts the history of impeachment from its constitutional background to the last instance of its use in the 1930's. Here the author provides an impressive and pointed summary of the 12 cases of federal impeachment beginning with the trial of Senator William Blount of Tennessee in 1797. Brant sets each case in the political context of its time and shows how the impeachment procedure was used as a weapon

but still I am going to try.

I would like to complain about the librarians at the Grosse Pointe Woods branch. They don't treat us kids with respect. I know some of us bother them, but that's no reason to punish all by taking away our knowledge resources.

For instance, I came into the library, sat down quietly, started to study and the man in charge came up to me and said, "I don't think your nail polish is appropriate," and kicked me out.

Another time I was at the check-out desk and an adult came up after me and she took the adult first. That really didn't bug me because they always do that, but while I was waiting seven other adults came up and she took care of them first too. I know we are just kids, but we are people too.

in the struggle for partisan manipulation of the Constitution. The author's thesis is that there is an inherent danger in the failure to define the "high crimes and misdemeanors" which are the sole constitutional basis for impeachment.

Raul Berger's IMPEACHMENT: THE CONSTITUTIONAL PROBLEMS (Harvard Univ. Press) is concerned with the possible use of impeachment proceedings as a way to enforce legislative accountability upon the Chief Executive. Included is a survey of the English sources and usages contemporary with the framing of the Constitution. Berger argues that while impeachment is a remedy of last resort, it is and ought to be considered an available remedy for the political misconduct of Presidents and other high officials. This is a serious, scholarly effort, but nonetheless a highly readable one.

Charles L. Black is a Yale Law School Professor and his new book is entitled IMPEACHMENT: A HANDBOOK (Yale Univ. Press). This is the most authoritative, clear and incisive analysis of the process and significance of impeachment that has yet appeared. An example of a cool legal intelligence applied to a complex and thorny issue, it may also become a big seller. Black does not approach impeachment wholly in hard legalistic terms. Here are congressional procedures in impeachment, contrary interpretations of the Constitution, and finely balanced views pro and con. Altogether this is an invaluable clarification of the subject of impeachment.

Only once before in our history has there been an attempt to remove a President from office, Andrew Johnson, the 17th President, in 1867. In his new book THE IMPEACHMENT AND TRIAL OF ANDREW JOHNSON (Norton), Michael Benedict discusses the law and impeachment, challenging the conclusions of most historians regarding the legitimacy of the act. He describes the critical issues and events leading up to the impeachment, then moves to the trial itself, pointing out the weakness of the defense. He concludes that there were legitimate grounds on which unbiased senators could have convicted and removed the president. But, they did not, despite the strength of the argument for conviction. Ever since, their motives have been suspect. Here those motives are examined, as well as the many other factors which resulted in victory for the defense. While this work is thorough and scholarly, it is an excellently clear and compressed account of the extraordinarily confused proceedings.

The theme of Eric L. McKittrick's ANDREW JOHNSON AND RECONSTRUCTION (Univ. of Chicago) is to demonstrate how Andrew Johnson threw away his own power both as President and as party leader, how he assisted materially, in spite of himself, in blocking the reconciliation of North and South, what his political behavior did toward disrupting the political life of an entire nation, and why it led to his impeachment. This is a scholarly, heavily documented study that is both fair-minded and readable. For those wishing to read more on Andrew Johnson and his impeachment, the footnotes in this book are invaluable. To gain a fuller historical perspective of impeachment, I recommend reading Clinton Rossiter's 1787: THE GRAND CONVENTION (Macmillan). In this account of the Philadelphia summer when the Constitution was born, the author depicts the setting, the men, the event, the finished work, an the struggle for ratification. This is sure-footed history concise in argumentation, rich in narrative, and written for both scholar and layman.

## From Another Pointe of View

You say your daughter/son's getting engaged/married and you want to put the information in the NEWS and you don't know how to go about it . . .

You say you've just been elected publicity chairman of your garden club/sorority group/PTA and they've told you you have to get an article in the NEWS once/twice a month, a picture once a year, and you've never done this before . . .

How does the NEWS get those items on kids away at school anyway?

Well, now . . . by popular request—we're moving into the end-of-summer bridal season, and the phones have been ringing off the hook—here are the answers to, (we hope!), all your "how do I submit submit copy?" questions.

### The Prime Directive

Rule Number One for submission of ANY copy to ANY newspaper is this: ALWAYS INCLUDE YOUR NAME—AND A TELEPHONE NUMBER WHERE YOU CAN BE REACHED DURING THE DAY—with, (preferably ON, at the top or bottom of the paper), your release.

### This Is A Precision Cut

A super cut. And how well hair is cut determines how well hair looks. A precision cut must cut with your hair, never against it. A scissor must cut enough, but never too much. We use a scissor this way — skillfully and sparingly. And we get Super Results. Like to see? We'd love to show you.

## Tours Feature Art for All

Fine art can be enjoyed at any age, so free summer tours at the Detroit Institute of Arts are being offered for small groups of preschoolers, youngsters of elementary school age and adults.

A lively half-hour introductory visit will hold the interest of preschoolers, who may be invited to assume the poses of the struggling boat crew in John Singleton Copley's "Watson and the Shark" or to imagine what sites are behind the closed doors of George Segal's Tunnel sculpture.

Elementary students are offered a choice of two tours. Exploration of Technique and Materials takes a close look at the mechanics of painting and sculpture from work on wet plaster, (the Rivera murals), to manipulation of free-form bronze and thin steel spirals, (Naum Gabo's "Linear Construction No. 4"). Stories in Art concentrates on works which visualize historical episodes, myths and religious beliefs

in the Greek and Roman, African and American collections.

New Acquisitions is the adult tour, focusing on outstanding works added to the collection during the last four years, among them Caravaggio's "The Conversion of the Magdalene," Rembrandt's "Officer with Plumed Hat," Copley's "Hannah Loring," Sargent's "Portrait of Madame Poirson" and the 18th century French splendor of the Dodge room.

All tours have a minimum requirement of 10 participants except the preschool tour which will be done for five or more youngsters. Informal groups as well as clubs and organizations are welcome to make advance reservations by writing or telephoning the Education Department of the Detroit Institute of Arts, 832-3488. Tours can be scheduled between 10 and 3 o'clock Tuesdays, Wednesdays and Thursdays now through August 29.

## Molly Strong Wed On Apple Island

James Walter Murrays, Jr. Honeymoon in Northern California after Rites in Woodland Sanctuary

Much sentiment is associated with the setting of the marriage of Molly Strong and James Walter Murray, Jr. on Saturday, July 27.

The bride is the daughter of Mr. and Mrs. John Ward Strong of Thorn Tree road. She is also the granddaughter of the Marvin W. Moestas of Trombley road and of General Frederick S. Strong, Jr., of Orchard Lake and the late Mrs. Strong. The bridegroom is the son of Mr. and Mrs. James Walter Murray of Trenton.

Present at the wedding were the bride's twin brother, John, and the bridegroom's twin sister, Katherine.

Molly's great, great grandfather purchased a farm at Orchard Lake in 1862, and her great grandfather, Willis C. Ward, spent summers at his one-time home on Apple Island. According to legend the island was the site of the burial of Chief Pontiac, leader of the Chippewa, Ottawa and Potawatomi Indians.

The island was given by the family recently to the West Bloomfield Schools to be preserved as a woodland sanctuary in memory of Molly's grandmother, Mar-

jorie Ward Strong. Guests were transported to the island for the ceremony in pontoon boats which are used to take school children there for nature study.

The Rev. Edward D. Auchard of the Orchard Lake Community Church officiated. A reception followed on the lawn of Orchard Lake Country Club.

The bride chose a Victorian style long, beige cotton gown with rows of white lace. She carried a bouquet of gloriosa and shasta daisies from her father's garden.

Maid of honor was JoAnn Lazadze and bridesmaids were Karen Maisel and Michele Green. They wore long printed cotton dresses and carried large bouquets of mixed garden flowers. The bridegroom chose as his best man Robert Geniac of Trenton. Ushers were John W. Strong, Jr. and Ronald Zilly.

The couple went to Northern California for their honeymoon.

KEVIN MICHAEL CROSS, son of DR. and MRS. HAROLD E. CROSS, of North Deeplands road, has received a Bachelor of Arts degree cum laude from Tufts University, where he majored in German and was a Dean's List student, varsity swim team member and active participant in Tufts' Newman Center, serving as proctor and manager of the Newman Center - sponsored coffee house. He plans to pursue graduate studies in Guidance and Counseling.

## Miss Bozich Wed To Dennis Murray

Bridegroom's Grandparents Come from Florida for Ceremony, Bride's Sister is Honor Maid; Couple at Home in Mount Clemens

At home in Mt. Clemens are Mr. and Mrs. Dennis John Murray, whose wedding at Our Lady Star of the Sea Church Friday, July 19, was followed by a reception at the Grosse Pointe War Memorial.

For the 6:30 o'clock wedding Mass, at which the Reverend Ralph Barton presided, the former Barbara Anne Bozich, daughter of Mrs. Anthony Bozich, of North Brys drive, and the late Mr. Bozich, selected a Priscilla of Boston gown of ivory English net that featured panels of re-embroidered Alencon lace with seed pearl appliques. A capelet effect fell from the sleeveless shoulders and she wore a Camelot headpiece attached to an ivory illusion veil accented with

ivory Alencon lace and seed pearls. She carried a single long-stemmed white rose.

In yellow flowered chiffon halter dresses with sheer capelets that tied under their bodices were honor maid Patricia Bozich, the bride's sister, and bridesmaids Mary Anne Bozich and Mrs. Harold H. Stilson, III, of Angola, Ind., other sisters of the bride, Susan Moesta and Lynne Murray, the bridegroom's sister.

They also wore sheer pale yellow picture hats accented with ribbon matching their dresses.

At an evening ceremony in Our Lady Star of the Sea Church Friday, July 19, BARBARA ANN BOZICH, daughter of Mrs. Anthony Bozich, of North Brys drive, and the late Mr. Bozich, spoke her vows to MR. MURRAY, son of the Edward F. Murrays, of Robert John road.

wore a dress similar to the bridesmaids', high-waisted and tied in apricot velvet, and a picture hat bowed and banded in matching velvet.

The bridegroom, son of Mr. and Mrs. Edward F. Murray, of Robert John road, asked his brother, Michael, to act as best man. Ushering were Patrick Murray, of Champaign, Ill., another brother, Robert Bozich, the bride's brother, Brian Berlenbach, of Mount Clemens and Jeffrey Jaskolski. Thomas Murray, of Champaign, the bridegroom's nephew, was ring bearer.

For her daughter's wedding, Mrs. Bozich chose a champagne beige jersey halter dress with a full flowing skirt and matching shirt jacket.

The bridegroom's mother wore a long yellow point d'esprit gown that featured a ruffled back and flounced hemline.

Out-of-town guests at the ceremony included the bridegroom's grandparents from Florida, Mr. and Mrs. John McCallum, and Mr. and Mrs. Elroy Brett and Mr. and Mrs. Richard Haber, from California.

## From Another Pointe of View

(Continued from Page 11)

The NEWS staff has literally spent hours tracking down "Suzy Smith," who put her name but neglected to put her phone number on the club notice she submitted, beautifully typed up, with all the correct information — except the date of the club's meeting. Then there was the girl who announced her engagement to "the son of Mr. and Mrs. John Doe." We thought it might be nice to have the boy's name in there in his own right, somewhere...

Silly slips, little lapses... they can happen to anyone, (they happen to us all the time: we read over each other's copy in galley proofs and catch each other up), and are easily correctable—if we know where to go for the slipped/lapsed information.

If, however, we have to start calling every Smith, (Suzy, married, is listed in the phone book as Mrs. "Something" Smith, which would make it easier—if we knew what that "Something" was), in the White Pages, we're in trouble.

### Final Deadlines

Final deadline for submission of copy for a specific week's issue is MONDAY NOON before the Thursday issue in which you would like the copy to appear. This is a CHANGE FROM LAST YEAR. Last year's deadline was Tuesday noon; this year, due to a different printing schedule, we must have our edited copy at the print shop earlier, so we must have the copy-to-be-edited earlier.

We suggest, however, that you submit copy at least a week in advance, on or before the Thursday before the Thursday issue in which you would like the copy to appear. We take copy and schedule it for

## Will Wed

Making plans for a February wedding are WENDY MESSENGER and GARY HOLLIDGE, whose engagement has been announced by her parents, Mrs. Nancy Messenger, of Fox Point, Wis., and Mr. Clifford Messenger, of Mequon, Wis.

The bride-elect is a senior at Albion College where she is a member of Kappa Alpha Theta. Her fiancé, son of Mr. and Mrs. Kenneth Hollidge, of Blairmoor court, was graduated from Albion and is affiliated with Delta Tau Delta.

## Bach Brunch Set Sundays

Brunch with Bach — and other master composers — was introduced as a Sunday innovation in the Detroit Institute of Art's Kresge Court Cafe July 21 and will be offered each Sunday through August 25 from 10 to 1 o'clock.

The setting in the heart of the museum is appropriate for instrumentalists performing classical, renaissance and baroque music. A special brunch is offered at \$2.25, as well as a la carte service.

Two unrelated couples, Marilyn, (flute, recorder), and David Jones, (viola da gamba), and Ann, (lute, viola da gamba), and Robert Jones, (harpsichord), make up The Jones Consort of Ann Arbor. They opened the series and will appear again in the final program August 25.

Brunch with Bach is presented by the Detroit Institute of Art in cooperation with the Music Performers Trust Funds of the Recording Industries through the Detroit Federation of Musicians, The Michigan Council for the Arts and private contributions.

## Soroptimists Meet August 14

Soroptimists International of Grosse Pointe will conduct a regular business meeting on Wednesday, August 14, following a 7 o'clock dinner at the Grosse Pointe War Memorial.

Any woman who owns, manages or holds an executive or managerial position in an area business is eligible to become a member of Soroptimist International. The Grosse Pointe club also includes residents of Harper Woods.

There is also a sustaining

membership classification for those members who have retired but wish to continue as active Soroptimists.

The new Corresponding Secretary of the Grosse Pointe club is Jean Hawley of McMillan road, one of several new members inducted during the past year.

She and her husband, Martin, own and operate Mack Avenue Drapery, (Elkins Interiors), in The Woods.

Jean is a Home Economics graduate of DePauw University and a past alumnae president and regional officer of Alpha Omicron Pi sorority.

JOHN B. WILLIAMS, of Merriweather road, has received a Bachelor of Arts degree from Hamilton College, Clinton, N. Y.

## Spaces Left at Wathana for Final Session

"We're only half full for the last session," says Connie Coutellier, Camping Specialist for Camp Fire Girls Detroit Area Council and director of the Council's Camp Wathana, 380 acres of woods and water near Holly.

"If we can fill the 168 spaces of our final session August 12 through 21, we'll just meet our budget for the summer."

Camp Wathana is on its way to becoming self-supporting. In previous years money from the annual Camp Fire Sale has helped pay bills not met by camping fees, but food prices have played havoc with this year's budget.

The Camp now has a vegetable garden, planted by Camp Fire Girls at their annual spring Mini Mix and Fix in May, to help supplement the daily menu.

Two ten-day sessions, the last for this summer, are scheduled in August. Campers need not be members of Camp Fire Girls Detroit Area Council to attend.

Camp program levels correspond with the Camp Fire structure: Blue Birds ages 6 to 8; Adventurers, 9 to 11; Discovery Club, 12 to 13; and Horizon Club, 14 to 17.

The final session in August features a back-packing specialty for Discovery Club level and openings in canoeing units for Horizon Club girls.

General programs for the other campers include swimming in a spring-fed lake, horseback riding, hiking, boating, fishing, cook-outs and crafts. Summer programs are girl-planned. Each unit of youngsters decides how it will spend its days at Wathana.

Campers are placed in units with girls their own age. Counselors and counselors-in-training offer friendship and guidance and share special skills.

The Detroit Area Council originally purchased one-third of the current Wathana acreage from the Girl Scouts in 1935. Detroit Camp Fire

Registration for Camp Wathana is handled through Pat Jensen at the Detroit Area Council office, 51 West Warren, Detroit, 48201. Mrs. Jensen may be reached by telephone at 833-2670.

Camp brochures are available at branches of the Detroit Public Library, Detroit City Theatre's Summer Stravaganza, the Children's Museum and from the Camp Fire office.

## SELLING YOUR HOME?

There's a local firm called Grosse Pointe Real Estate Co. that has come up with a new idea in selling homes. If successful, it could change the industry in Grosse Pointe considerably. It's called GROUP LISTING, which means they will immediately purchase your home, at your asking price, once you have listed with them. The one circumstance, they say, is that they must have a group of five similar homes before their plan takes effect. Once achieved, they buy all five houses simultaneously. They say it's easier to sell five homes in a group because it's easier on the buyer and much easier to promote. For more information you can call Grosse Pointe Real Estate Co., 882-0087, direct.

## OPEN SUNDAY 2-5

WE'RE GOING TO BE HERE Sunday afternoon so come by and see why we believe it's worth our while to spend the afternoon showing the interested public one of the better houses offered for sale in the Farms. At 100 Lothrop, Marty Owens will guide you through this fine colonial with four family bedrooms and a large suite for live-in help. Sensibly located off the kitchen. There are fireplaces in the library, living room and family room. A glass walled garden room has access to the beautifully landscaped grounds with its swimming pool focal point. If you want something special to move into, get a move on and see us Sunday.

## FIRST TIME ADVERTISED

GREAT EYE APPEAL both inside and out. This four bedroom colonial, painted white, is a strong contender for the "best buy" on Windmill Pointe drive. Special features are a library with fireplace and a family room. Super backyard with patio and plenty of privacy. A very attractive mortgage may be assumed. Priced to sell quickly so some will miss this one . . . don't you.

A "MUST SEE" is this gracious French country house being offered in one of the best locations in Grosse Pointe Farms. From the curb the house appears overpowering, but inside you'll find four comfortable, family bedrooms and two more bedrooms over the attached garage. The first floor has a beautifully proportioned living room which is a step down from the large foyer with its circular staircase. The library is as large as many living rooms and the dining room formal enough for a State dinner.

ONE OF THE MOST substantial English properties in Grosse Pointe. A spacious entry hall 22 feet long, huge living room and dining room, and a modern kitchen all make this a great home for family and/or entertaining. There are four large bedrooms and three full baths on the second floor. A superb recreation room and completely equipped built-in bar add to the many features of this fine property. Hard to believe but true—priced in mid-70's.

WE KNOW NOT WHERE you can buy another three bedroom in the Farms which is listed well below 45 thousand dollars. Where else could you buy where both elementary and high schools are just a few steps away? Hill Shopping, The Library and the movie theatre are around the corner, a bus line even closer. Get it on and call us on . . . this one. It'll turn you on.

COMMANDS YOUR IMMEDIATE ATTENTION if you desire a well maintained, center entrance colonial with five bedrooms and two and a half baths. Shows well and comes with complete carpeting. A large mortgage balance of \$30,500 carrying an interest rate of 7% may be assumed. Priced at \$53,000.

A SPACIOUS FOUR BEDROOM colonial in the City of Grosse Pointe, just a short walk to Village shopping. First floor plan has good traffic pattern with "flow" between the living room, family room and dining room. There is also a paneled den with access to the large entrance hall. The garage is attached and the backyard is dominated by a heated swimming pool.

VERY DESIRABLE LOCATION — Near Lochmoor Country Club. Home has large family room with fireplace. There are six bedrooms, three baths and two one-half baths. Large, beautiful landscaped lot plus a large storage building or playhouse. One of the many extras is a fireplace in the master bedroom.

If you're considering around a \$15,000 down you might appreciate purchasing a plush flat and getting more for your money than you might realize possible. Many people are beginning to realize the value of owning and living in their own investment for the future. The asking price \$66,800 means that your half is only \$33,400. This is a lot of home for so little money. The flat is large, 3 br., 2 ba., fam. rm., DR., Kit., all rooms oversized. It's like buying a \$30,000 house and growing equity in a \$70,000 house. Smart investors have known this for years now!

DREAM HOUSE — beautifully decorated, move in condition, all appliances and carpet included. Two bedrooms, professionally finished rec. rm., large living rm. with fireplace, 2 car garage, large patio and gas grill for balmy evenings and outdoor cooking. If two bedrooms will suffice—you'll agree that \$32,500 is a bargain for this one.

**DYC Wins Swim Honors For Second Straight Year**

The Detroit Yacht Club swim team won the Michigan Inter-Club Championship for the second year in a row with 686 points.

The 35th annual meet, bringing together all 14 teams from throughout the Metropolitan Detroit area, was held Saturday-Sunday, August 3-4, at Western Golf and Country Club, Redford.

Competition this year was very strong with 18 old records falling and seven of those were broken by the DYC team. Since the meet was electrically timed many of the heats were so close that they were decided by a thousandth or a hundredth of a second.

Runners-up were Plum Hollow, 584 points; Lochmoor, 433; Birmingham Athletic Club, 408; Dearborn Country Club, 397; Grosse Pointe Yacht Club, 310; Red Run CC, 245; Detroit Boat Club, 240; Western CC, 214; Detroit Golf Club, 195; Oakland Hills CC, 187; Country Club of Detroit, 160; Grosse Pointe Hunt Club, 12.

The dual meet competition for next year is decided by the 1974 standings in the championship with the top seven teams to compete in the Blue League and the other seven in the White League.

DYC also was awarded the Blue League's championship trophy after the meet for its undefeated dual season this year.

The girls' high point trophy was awarded to DYC with 370 points while the boys' also was captured by DYC with 316 points.

Coaches Ralph Stevens, Mary Lou Goyette and Mark Stevens gladly accepted a fully clothed dunking after this hard earned victory. All are from The Pointe area and work with the DYC swimmers year around for both the summer league and A.A.U. competition.

DYCers performing well included Sara Brieden, first (42.496), new record, 10 and under 50M. breast, first, (16.54), new record, 10 and under 25M. fly, back.

**Drinking Driver Receives Assist**

Public service is what a concerned resident and a Woods public safety officer performed for an intoxicated man in the 20900 Mack avenue area on Saturday afternoon, August 3.

George Haddad, of Hawthorne road, contacted police to report the man, who entered his auto, was too intoxicated to drive. He said the vehicle would probably be going east on Hampton from the area.

Upon his arrival, Corporal Gerald Kensora stopped the Hampton road citizen and observed he had been drinking. After the man identified himself, the corporal drove him to his residence.

Meanwhile, his wife said she would pick up their auto and take it home.

MRS. GEORGE R. GRENZKE, OF WOODLAND SHORE DRIVE

By Janet Mueller

Lucille Grenzke traveled over 2,700 miles in Michigan this May. In June she was on Mackinac. In August she heads for Chicago. She'll be on the road at least one week in September, two in October.

"Then it's just Lansing trips until the spring."

Just!

What Lucy was doing on Mackinac was this: she was being formally installed, at the Michigan Association of Hospital Auxiliaries' annual banquet at the Grand Hotel, as president of the 45,000 Auxiliaries who serve in various volunteer capacities in 145 hospitals throughout the state.

MAHA picked a winner.

**Pushed Book Cart**

Lucy Grenzke began her stint as a hospital volunteer, Auxiliary member, 17 years ago. She pushed the Book Cart at Cottage.

The Grenzkes and their three young children had just moved into a new home in Ballantyne road.

Today the senior Grenzkes are still in residence there although the dead-end street they moved into, an extension of Ballantyne, was cut through to Lakeshore road and re-christened Woodland Shore drive a few years back.

Today Lucy, having held every Cottage Auxiliary job there is to hold, from Book Cart Lady to president, still serves, as she has for the past eight years, as a member of the Cottage Auxiliary board. Her current official title is parliamentarian.

**Children on Own**

Today the three young Grenzkes are out on their own.

Gary married a fellow Pointer, the former Linnoah Miles. They live in Birmingham with four-and-a-half-month-old Betsy.

Rick and his wife, the former Casey Cusack, of Chicago, live in McKinley avenue, and Beverly Grenzke, 23, has moved into her first apartment and a new job, as unit secretary at Cottage Hospital.

They see each other often. They remain a close family.

They're all Michigan State University graduates. All includes everybody, George and both daughters-in-law as well as Gary, Rick and Beverly, (who's been going with an MSU alumnus), except Lucy. Sometimes, Lucy is ever-so-slightly maverick.

**A Happy Passenger**

For instance: the Grenzkes have been Crescent Sail Yacht Club members more than 20 years; their Lightning has raced weekly all those years; Mr. Grenzke created each of the children's crewing for him and they all went on to get summer jobs teaching sailing during college vacations—and Lucy, a Happy Passenger, would no more race as a member of the family crew than she would swim the English Channel.

Who needs it? "That, (NOT racing), is the reason I've been happily married over 30 years!"

She's managed to keep sufficiently busy while maintaining her Freedom of the Seas. She makes most of her own clothes—"although I'm running out of time now"—and always made her daughter's, and makes her own draperies. She enjoys needlepoint and decoupage. She used to

do a lot of photography and continues to do "all the gardening around here."

**She's Not Competitive**

She golfs at Gowanite. Mr. Grenzke is a golfer too, and a dedicated badminton buff who plays at least twice a week. Lucy is less inclined toward competitive sports. Her idea of an athletic day might include a little hiking or fishing.

The Grenzkes maintain a year-around home up north as well as their Pointe residence. They go north whenever they can, (that, of course, is where Lucy hikes and fishes), even if it means leaving the branches of the cherry tree in their Pointe courtyard heavy with almost-ripe fruit.

But the fruit doesn't go to waste, for Lucy puts a ladder up under the tree, and makes a few phone calls. "We'll be gone over the Fourth of July. If you don't mind doing your own picking, come over and have a cherry pie on us."

She really hates to see anything go to waste, especially if it could bring pleasure and/or profit to someone/somewhere else.

**Pushes Bob-Lo Boat**

"I keep pushing people to charter the Bob-Lo boat. It's a great way to raise money—and I have a whole attic full of Bob-Lo boat decorations!"

Seems that Lucy, at one point, found herself on the board of the Detroit Women's Symphony Orchestra, and at that point the Women's Symphony decided to charter the Bob-Lo boat for a fund-raising cruise, and Lucy spent one whole summer helping make Bob-Lo boat decorations, and after the cruise was over the decorations went into the Grenzke attic.

They're still there. Waiting. Lucy Grenzke has been a member of and officer in the Society of Engineers Wives. She attends Tuesday Musicals. She's been going to meetings of the Stockettes, her investment group, for seven years.

**Was Scout Leader** When her children were children she was a Cub Scout, Brownie and Girl Scout leader, a PTA officer, "all the usual things."

The young Grenzkes made their way up through the Grosse Pointe School System. Both boys were drum majors and musicians, playing in dance bands in high school and college. Beverly was a cheerleader.

Music remains a constant family motif. Beverly, Rick and their father all sing in the Charity Lutheran Church Choir.

Somewhere along the way the Grenzkes acquired Bridget, a Yorkshire terrier who became the family's premier celebrity when she was one of the "pampered pooches" featured in an article in a downtown paper. When Bridget goes to a kennel her family sends along specially-prepared meals to tempt the doggie vacationer's palate. (To those of you who have never owned a Yorkie, this sounds weird. Those of us who have know it's par for the course.)

way Lucy Grenzke found herself on the MAHA board.

**Makes MAHA Board**

As Cottage Hospital Auxiliary's president Lucy, like all Michigan hospital auxiliary presidents, was automatically invited to all MAHA programs. She heard about the Harper Hospital Methadone Clinic, first of its kind in the state. She asked the Harper Auxiliary who had initiated the Methadone program there to speak to Cottage's Auxiliaries.

The Harper Auxiliary, a MAHA board member, made a great presentation and a great contact: Lucy Grenzke, obviously a winner, would be a grand member of the MAHA board. Would Lucy serve...?

"Delighted to," said Mrs. Grenzke — and found herself planning MAHA's fall conference, arranging everything from hotel rooms to programs to menus to speakers!

"Right after they took me in, there was a change in the by-laws. Now, any person charged with a major job has to be on the board for at least a year."

"AND right after they took me in, the lady who nominated me left town!" She came back now. Lucy's not still looking for her.

**She Enjoys Coping**

But MAHA has picked a winner. Lucy not only coped — she enjoyed coping. She enjoyed MAHA. She particularly enjoyed being associated with the Michigan Hospital Association, MAHA's "angel" and parent organization.

As president of MAHA, Lucy represents her Auxiliaries on the Michigan Hospital Association board. "That's one reason I took the job." She is extremely impressed by the hospital association's excellence, the high caliber of its personnel, the wealth and depth of its information. The Hospital Association gives MAHA the money to maintain its educational program, for MAHA members pay no dues.

Basically, MAHA's purpose is to educate Auxiliaries

wide and to provide an opportunity for the hospital volunteers to exchange ideas. MAHA schedules only two general meetings a year. The annual meeting is always held in the spring, on Mackinac. The fall conference may be held anywhere in the state.

**Travel The State** During the year as president Lucy will travel the state, visiting and putting on educational programs in each MAHA district.

During her year as president, visiting the different districts and addressing individual Auxiliaries. In August she's off to the American Hospital Association meeting in Chicago. In September she'll be in Calumet.

She'll go to Lansing at least twice a month, for the Michigan Hospital Association and MAHA board meetings.

She's familiar with the Lansing "run," of course, from her MAHA board service. "There are about 27 MAHA board members, and we never have less than 24 at a board meeting." Two women make the monthly trek from the Upper Peninsula. A grandmother from Charlevoix and a lady from Boyne Falls on the sunny side of 30 meet in Gaylord and travel down together.

**Proud Husband Attends**

When Lucy received her presidential gavel at the Grand Hotel on Mackinac Island June 18, George Grenzke was there. Beaming, "He's really proud of me," Lucy says. "I think he's going to be my co-president."

Mr. Grenzke enjoyed himself on Mackinac. "I had no idea," he told Lucy, "how much Auxiliaries do — AND how nice they are while they are doing it!"

Lucy, needless to say, beamed.

Of course, Mrs. Grenzke takes very good care of Mr. Grenzke, and that good care will continue, he knows, even though he's married now to Madame MAHA President.

For Lucy is a winner, and winners cope.

Taking all the help they can get.

"I give a lot of credit," Lucy says, smiling, "to Mrs. Stouffer. There she is: cooking all those good things, and putting them up in all those nice little plastic bags..."

publication AS IT COMES IN, so the notice that's in Thursday is on the schedule sheet ahead of the notice that's in Friday, and if we happen to be running a "tight" paper with space at a premium, Thursday's submitted copy will take space precedence over Friday's. It's the fairest way we can figure to operate.

## The Copy Itself

The only item we take over-the-phone are birth announcements. All other notices must be submitted in WRITING, preferably typewritten. If you cannot type, please PRINT ALL PROPER NAMES.

You may submit information any way you like, as long as it is written down. Some people like to write sentences. "A meeting of the Lakeshore Garden Club is scheduled for..." Some people prefer a Fact Sheet Form: "Who: The Lakeshore Garden Club. Where: The Grosse Pointe Yacht Club. What: A general membership meeting..."

Either way, it's all right with us—as long as the facts are there, we can read them, and we have someone to contact, (a TELEPHONE NUMBER), if we have to check them.

## Engagements/Weddings

We have wedding forms at the NEWS office. They may be picked up at the office. With the form, we give you a page of "Wedding Guidelines." Read the Guidelines, fill in the form, and you can't go wrong. Forms will be sent to those who request them (by mail) if they include a STAMPED, SELF-ADDRESSED ENVELOPE with their requests.

We have no engagement form. We ask brides-to-be to look in the NEWS, find an engagement and use it as a "form." There's really only one way to announce an engagement...

Because our space is limited, we only print engagement pictures of girls who themselves or whose families live in Grosse Pointe. Out-of-town girls who are planning to marry Pointe boys may have a complete engagement "story," but no pictures. This is a right-down-the-line rule, with no exceptions.

We print wedding pictures of out-of-town girls if the picture is a "double" one, including the Pointe boy.

All pictures submitted must be BLACK and WHITE GLOSSIES, 5x7 or 8x10. COLOR PHOTOS WILL NOT REPRODUCE.

Pictures will not be mailed back, but will be held at the NEWS office for pickup for several weeks after the story appears.
