## WOODS PARK PLANS PUSHED

### HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, September 5  
**PRESIDENT FORD** ordered a major re-aligning of diplomatic, political and economic positions yesterday including the forthcoming return of White House Chief of Staff Alexander M. Haig Jr. to military duty. Republican National Chairman George Bush was named as chief of the U.S. Mission to China. Kenneth Rush, a hold-over economic adviser from the Nixon administration, was also nominated as U.S. ambassador to France while former Sen. John Sherman Cooper was selected as first U.S. ambassador to East Germany.

Friday, September 6  
**A MICHIGAN STATE** Medical Society staff report reveals that the state's largest medical malpractice insurance company is refusing to cover physicians entering private practices in Wayne, Oakland, Macomb and Genesee counties. The report also discloses that Michigan's second largest malpractice insurer refuses to cover doctors who have been dropped by other insurers, no matter what the reason for their dismissal. Other firms are dropping physicians simply to cut back on the number of doctors they insure, the report said.

Saturday, September 7  
**ATTY. GENERAL WILLIAM B. SAXBE** assured Michigan's Gus Harrison and lottery officials from 12 other states that he has no plans to shut down their state lotteries. He did warn that he might be forced to seek injunctions against some aspects of the lotteries which may be illegal under federal law unless Congress acts quickly to make necessary revisions. He hopes the officials will "prod congressional delegates... to wipe out antiquated federal anti-lottery laws that were passed before any state had a lottery." Michigan's lottery amasses an estimated \$65 million in annual revenue.

Sunday, September 8  
**HURRICANE CARMEN**, with wind gusts up to 180 miles an hour, smashed into the Louisiana Gulf Coast on Saturday, then became nearly stationary with the eye centered 20 miles offshore between Morgan City and Houma, La. The first hurricane of the 1974 season to make a U.S. landfall already had taken four lives in sweeping from the Atlantic Ocean through the Caribbean and northward in the Gulf of Mexico.

Monday, September 9  
**PRESIDENT FORD** granted former President Nixon a "full, free and absolute pardon" Sunday for any federal crimes he may have committed during his 5½ years in the White House. Ford said he was taking this unprecedented step both as an "act of mercy" and in order to carry out his constitutional duty to "ensure domestic tranquility." Also disclosed was that Mr. Nixon's papers and tapes will be placed in a structure at Leguina Niguel, Calif. Mr. Nixon and the archivists of the United States, or members of his staff, will possess the two existing keys.

Tuesday, September 10  
**PRESIDENT FORD** did not announce his amnesty plan for war resisters as scheduled today, saying he was too preoccupied with the Nixon pardon to consider all amnesty options. Deputy press secretary Jack Hushen said the Vietnam evaders will not get the unconditional pardon given Mr. Nixon. Mr. Ford has already indicated any amnesty plan will contain some sort of civilian review board to consider amnesty on a case-by-case basis.

### 'Pals Forever' Plan Many Activities

"Pals Forever" is the slogan used by the various tribes of the Grosse Pointe Indian Guides Nation whose purpose is to foster the companionship of father and son at a time when boys should think their dads are the greatest guys in the world. Getting ready for another membership drive, (from left to right) are ROGER WILLIAMS, (Gray Fox); MATT TERRY, (Wildcat); RANDY WILLIAMS, (Red Fox); and ROB TERRY, (Crazy Bear), chief of the 16 tribes of the Grosse Pointe Indian Guides Nation. Indian Guides are open to

all fathers of first, second or third grade boys who attend school in The Pointe. Interested fathers should plan on attending one of two short meetings at the central library, 10 Kercheval avenue, either Tuesday, September 17, or Wednesday, September 18. Both sessions start at 8 p.m. Among the many fun packed activities planned for this season are four overnight campouts to various YMCA camps. Around 230 fathers and sons are currently "Pals Forever."

### Who Says Football's Man's Game

Pam Stanton Authors Weekly Column on Sport from Woman's Point of View

By John Tingwall  
The first woman ever allowed into the Notre Dame press box didn't have to muscle her way into it. In fact, Pam Stanton, weekly columnist for the "Football News," just informed officials she was coming down for a game two years ago and she was admitted without a struggle.

Whether this is a tribute to her personal success and renown as a sports columnist or to the inroads women have made in their fight for equal rights is inconsequential, for the distinction is undeniably hers. And as the only woman member of the Professional Football Writers Association, Pam is one Pointer who has grown accustomed to such accolades, honors and distinctions as a pioneer in a territory once reserved exclusively for males—writing about sports.

### Harper Woods' Property Transfer Plea Squelched By Board of Education

Passes Resolution Totally Rejecting Idea of Turning over Jurisdiction of Portion of School District

The Board of Education at its public meeting held Monday night, September 9, announced its position and passed unanimously a resolution strongly opposing the Harper Woods Board of Education's property transfer resolution.

The Harper Woods Board of Education passed a resolution Tuesday, August 27, seeking a property transfer to its jurisdiction of the portion of the municipality of Harper Woods which is a part of the Grosse Pointe school district.

Harper Woods Board adopted this resolution because it has been faced with declining school enrollment and difficulties in raising necessary operating revenue.

Has Own Resolution  
Having presented its position "totally and unequivocally" rejecting the transfer, the School Board unanimously adopted the following resolution:

WHEREAS, The Board of Education of The Grosse Pointe Public School System is in receipt of a Resolution adopted by the Harper Woods Board of Education pursuant to Section 340.461, et seq., of the Michigan School Code of 1955, seeking a transfer to its jurisdiction of that portion of the Grosse Pointe School District lying within the City of Harper Woods; and  
WHEREAS, this Resolution is premised upon certain allegations in justification of this proposed transfer, which premises the Grosse Pointe Board of Education believes are irrelevant and with respect to which it takes exception; and

### Police Clear 19 Break-ins With Arrest

Woods Detectives' Investigation Solves Seven Burglaries in Their City, One in Farms, 11 in Other Communities

A combined, estimated total of 200-300 hours of tireless investigative work on the part of three Woods detectives over a six-week period led to the arrest of a 24-year-old Woods man on a breaking and entering charge and the clearance of 19 break-ins, including seven in The Woods and one in The Farms.

Larry Joseph Reininger, 24, of Aline drive, is charged with the breaking and entering of a business stemming from his alleged involvement in the burglary of the Roslyn Market, 21020 Mack avenue, late last month.

Arrested at Home  
The suspect was arrested at his residence last week after an intensive investigation of the Roslyn Market burglary and several other burglaries by Dets. Everett Plumb and Donald Sun and Det. Sgt. Bernard Kelly.

Reininger was arraigned before Woods Municipal Judge J. Patrick Denis and through the court's advice, he stood mute and requested a court-appointed attorney.

He was released on \$1,000 personal bond and \$100 in cash, pending his examination scheduled for yesterday, September 11.

Officers said Reininger also is being prosecuted in St. Clair Shores on a breaking and entering of a business charge.

Clearances  
Through the investigation and Reininger's arrest, Woods police cleared the following incidents in their city:

- The Roslyn Market break-in where around \$96 in cash was taken.
- The breaking and entering of the Physicians X-Ray Center, 21003 Mack, on February 15, in which \$50 was taken.
- The burglary of a Roslyn road home on July 24, where a color television set was snatched.
- The break-in of the Vine (Continued on Page 4)

### Crossing Guards Refuse to Work On Woods Terms

Turn Down Offer of Slight Pay Raise, Citing Higher Rates Paid by Contiguous Districts; Both Sides Unhappy

By Roger A. Waha  
Seventeen Woods school crossing guards who went on strike Thursday, September 5, in a dispute over salary and reassignments, resisted a city ultimatum to return to work Monday, September 8. Their failure to do so was considered as their resignations by the city.

In their absence, public safety officers, auxiliaries and meter maids have been covering 11 affected crossings during the following times: from around 8:20-8:45 a.m., 11:27 a.m.-12 noon, 12:20-12:45 p.m. and 3:27-4 p.m.

City Administrator Chester E. Petersen said, as a result of the strike, the city is "seriously considering getting out of the business of providing school crossing guards. There's no law in the State which says the city must supply crossing guards. The city of Grosse Pointe Woods has attempted to provide this service to our residents."

Consider Alternatives  
He said the council will be considering alternatives on the supplying of crossing guards based upon his recommendations. "One is the placing of responsibility for crossing guards back with the school systems, PTA's and the mothers' clubs."

"A second alternative is that the city may provide crossing guards at Mack and Vernier with the PTA's and mothers' clubs making up the rest of the crossings."

Mary Moloci, who has been a Woods crossing guard for nine years, said all the guards met Sunday evening, September 8, discussed the telegram and decided not to return to work. "There's no way we could come back under the new assignments and we didn't feel we could return for \$7.60 a day," (\$1.90 per crossing).

Stand Ground  
"It was a very sad meeting. No one was jumping for joy. Some of the ladies have been school crossing guards for 15-20 years," she continued.

"It wasn't our desire to do what we had to do. We do care for the children and we (Continued on Page 6)

### Reception Set For Dr. Adams

The Grosse Pointe Board of Education extends a cordial invitation to community residents to attend an open house to meet Superintendent of Schools and Mrs. James A. Adams on Sunday, September 15.

The reception will be held at the Grosse Pointe Central Library from 2 to 4 p.m. on Sunday. Hosts and hostesses for the occasion will be the trustees of the Board of Education.

Dr. Adams began his tenure as Superintendent of Schools on Monday, July 1, coming to Grosse Pointe from a similar post in Montclair, N.J.

Officers said Reininger also is being prosecuted in St. Clair Shores on a breaking and entering of a business charge.

Clearances  
Through the investigation and Reininger's arrest, Woods police cleared the following incidents in their city:

### Agree Upon Architects, Bond Expert

Bloomfield Hills Firm to Handle Construction; Ohio Company to Help with Financial Details

By Roger A. Waha  
Three major actions related to recreational improvements at the Lake Front Park were taken by The Woods Council at the regular meeting Monday, September 9.

The first was the approval of the firm of Taropata, MacMahon, Paulsen Associates, Inc., of 1191 West Square Lake road, Bloomfield Hills, as architects/engineers for the proposed new swimming pool complex and other improvements at the park. The vote was 4-3.

A second action was the council's unanimous approval of an eight-point bond resolution, including a notice of the sale of bonds.

The final action was the council's unanimous approval of a service agreement with The Ohio Company of Detroit, who will act as financial counsel in connection with the proposed issue of around \$1,980,000 Woods park improvement general obligation bonds.

Difficult Choice  
"I feel they are very well qualified," said Mayor Benjamin W. Pinkos, (speaking of the architects/engineers), who along with Councilmen Ronald R. Keiggen, Conrad A. Nagel and Rodger A. Grand voted for the firm. Voting "no" were Councilwoman Joan M. Mullan and Councilman John Sabol and George S. Freeman.

"They have had quite a bit of experience in buildings of the type used in conjunction with swimming pools and in pools, themselves," stated Mayor Pinkos. He said he based his "yes" vote upon the background, integrity and experience of the firm.

"All the architects who came before us, (11 were originally considered), were well qualified," the mayor continued. "The council had a difficult time in determining a final choice. We did the best we could and spent lots of time discussing all pros and cons."

He said this firm was one of several which the Citizens Recreation Commission recommended to the council for its consideration.

Explain "No" Vote  
Mayor Pinkos stated the firm could take over the entire project or take over the pool and bath house and separate them from the eight new tennis courts and roadways. "They will definitely take over the pool and bath house facilities and I feel they might take over the entire project."

When asked why she voted "no," Mrs. Mullan said she preferred a smaller firm over a larger one and felt a smaller firm could provide better service.

Mr. Sabol said he felt a smaller firm would give the city more direct attention and would be less likely to shirk on original duties than a larger firm.

Neither Mrs. Mullan nor Mr. Sabol implied that the architect/engineers approved by the majority of the council would be anything but honest. They just preferred a smaller firm.

Mr. Freeman said he voted "no" because the Bloomfield Hills firm wasn't his first choice.

Bond Resolution  
Various points of the bond resolution include the issuance of general obligation recreation bonds in the sum of \$1,980,000 for paying the cost of acquiring, constructing and equipping improvements at the park. The issue will consist of 396 bonds in the denomination of \$5,000 each. They will be numbered consecutively in direct order of maturity from 1 to 396, inclusive, and dated as of November 1, 1974.

## Woods Acts on Three Recreation Related Items

(Continued from Page 1)

inclusive; \$75,000, October 1 of each year from 1982 to 1986, inclusive; \$100,000 October 1 of each year from 1987 to 1991, inclusive; \$125,000, October 1 of each year from 1992 to 1996, inclusive; and \$150,000, October 1, 1997.

The bonds shall be coupon bonds and will bear interest at a rate or rates to be determined on their public sale, "but in any event not exceeding the maximum rate permitted by law, payable on October 1, 1975, and semi-annually thereafter on April 1 and October 1 of each year, both principal and interest to be payable at a bank or trust company qualified by law to act as paying agent."

### Reverse Order

Bonds maturing in the years 1983-1997, inclusive, will be subject to redemption prior to maturity, at the option of the city in inverse numerical order, on any interest payment date on or after October 1, 1982, at par and accrued interest plus a

premium expressed as a percentage of par as follows:

• Three percent on each bond redeemed on or after October 1, 1982, but prior to October 1, 1990;

• Two percent on each bond redeemed on or after October 1, 1990, but prior to October 1, 1994; and

• One percent on each bond redeemed on or after October 1, 1994, but prior to maturity.

Notice of redemption will be given to the holders of bonds to be redeemed not less than 30 days prior to the date fixed for redemption by publication of such notice at least once in a newspaper or publication circulated in the State, or in the case of registered bonds, by mail to the registered holder at the registered address.

### Separate Account

The mayor and city clerk are authorized to execute and sign the bonds. They also will execute the interest coupons to be attached to the bonds by signing them. Upon due and legal execution of the bonds, the city treasurer is authorized to deliver the bonds to the purchaser upon receipt of the purchase price in accordance with his bid.

At the same time, the city treasurer is authorized to keep a separate account to be designated, "General Obligation Recreation Bond Debt Retirement Fund." The money which will be deposited into the fund will be specifically earmarked and used solely for the purpose of paying principal and interest on the bonds authorized.

All proceeds from taxes levied for the fund will be deposited as collected into the fund.

The resolution says beginning in 1975, there will be levied upon the city's tax rolls each year, for the purpose of the fund, an amount sufficient so that the estimated collection therefrom will be sufficient to promptly pay, when due, the principal and interest on the bonds coming due prior to the next tax levy.

"If at the time of making any such annual tax levy there shall be surplus monies on hand in the Debt Retirement Fund for the payment of principal and interest on the bonds herein authorized, then credit therefore may be taken against such annual levy," it states.

### Bond Sale Notice

The measure then indicates the form of the bonds and coupons and directs the city clerk to make application to the Municipal Finance Commission for an order granting permission for the issuance of the bonds.

At the same time, the city clerk will attach to the application a certified copy of the complete proceedings of the council pursuant to the bond issue.

Then, the resolution authorizes the city clerk to publish notice of the sale of bonds in the "Bond Buyer," New York, N.Y., and the "Grosse Pointe News" in a form indi-

cating when sealed bids will be received by the city, plus sections on bond details, prior redemption, interest rate and bidding details, paying agent, purpose and security, good faith, award of bonds, legal opinion, delivery of bonds, financial consultant, et al.

### Many Services

As for the service agreement approved by the council, all services to be provided by The Ohio Company were listed in a letter to City Administrator Chester E. Petersen from Robert C. Bendzinski of the company.

These include the following:

• The company will prepare complete financial information in cooperation with city officials, auditors and architects in order to arrive at the amount, nature and terms of the issue to be sold, and make recommendations for a plan of financing for the city's consideration.

• The company will lend its assistance, when requested, to the city's local attorneys and special bond counsel in assuring that all possible provisions are made that will help toward the most advantageous sale of the bonds.

• The company will prepare, with the city's cooperation, applications required by the State's Municipal Finance Commission for its approval, and aid in expediting the application.

• The company will prepare a comprehensive prospectus, outlining all of the details of the proposed financing. This prospectus will be distributed to prospective bidders on the bonds offered for sale and to a current list of financial institutions and individuals known to be purchasers of municipal bonds.

• The company will advise the city on the condition of the municipal bond market and on the time for the marketing of bonds in order to obtain a sale on the best terms available.

• A representative of the company will attend the scheduled bond sale and will assist in calculating interest cost on bids submitted.

• After the bond sale, the company's staff will assist with printing and delivery of the bonds and furnish a schedule of principal and interest costs based on the coupon rates specified by the purchaser.

• The company's responsibility to the city and to bond purchasers will not end with the payment of its fees. It will continue to be available, within reasonable limits, to render advice and services.

Mr. Bendzinski said the company's fees in connection with these services would be \$3,500 plus travel and out-of-pocket expenses, to be paid to them only when, as and if the bonds are sold and delivered and payment is received by the city. "This fee is exclusive of the actual cost of printing approximately 650 copies of the prospectus. We estimate this cost at \$700."

In the event the bond issue is initiated but isn't sold and the project is abandoned, the company, he said, would expect to be reimbursed for travel and out-of-pocket expenses plus a fee for work authorized in an amount not exceeding \$500.

The council's acceptance of the proposal constitutes an

## Cabin Cruiser Sinks in Lake

A 30-foot used cabin cruiser, owned by the Mariner Yacht Sales, Incorporated, St. Clair Shores, was pounded to pieces by high waves produced by heavy winds from Sunday, September 1 through Wednesday, September 4, according to information released by Park police.

The craft was shipping water through a 2-by-1-foot hole in its bow, approximately 500 feet from the foot of Trombley road, and sank in Lake St. Clair with water reaching its deck. The cruiser was towed to a sandbar about 100 feet from the shoreline by a Belle Isle Coast Guard cutter, where most of its structure was visible.

Police Lt. Gordon Duncan said that a call was received at 5:47 p.m. that Wednesday that a boat was sinking in the lake, and officers who went to the scene relayed a message through their station to the Coast Guard and the cruiser was towed closer to the shore, its port and starboard lights still on, and left there until the owner claimed it.

A spokesman for the boat sales firm said that it is not known what caused the hole in the bow. The name of the man piloting the craft was withheld by the company.

An official of the firm said that the boat, valued at about \$20,000, was smashed by the high waves, leaving only the flight bridge and deck intact. The official said that the cruiser was a total loss. The pilot escaped safely.

The company arranged to have the boat towed to its marina in St. Clair Shores.

## Judge Sets Sentencing Date for Bicycle Thief

Circuit Judge Nathan Kaufman accepted a plea of guilty to attempted larceny from a building from Kenneth Carter Bednarchik, 18, of 8250 Hayes, Detroit, at a trial held on Tuesday, August 13, it was disclosed by Shores Det. Sgt. Frank Mustazza on Friday, August 30.

Bednarchik was originally charged with receiving and concealing stolen property over \$100 and larceny of property over \$100, both felonies.

Judge Kaufman set sentencing date for September 23. Bednarchik faces up to two years in prison on the attempted larceny charge. Under the original charges, conviction could have meant up to a maximum of five years on each count, the detective revealed. The reduced charge is also a felony, the sergeant added.

Bednarchik was captured by two 20-year-old Pointers last May 17, while he was riding a stolen bicycle, and in effect made a citizen's arrest. They personally took him to The Shores station and signed a formal complaint. A second youth, also riding a stolen two-wheeler, escaped.

One bike was stolen from a Lakeshore road residence and the other from a residential property in Webber place.

The two captors, who asked at the time that their names not be mentioned, and who still ask to remain anonymous, on the May date saw Bednarchik and a second man riding separate 10-speed bikes on Webber. On sighting the pair in the car, the thieves jumped off the two wheelers and ran to hide behind some bushes.

The 20-year-olds rode to the Lakeshore road home to find that a bicycle had been stolen. They returned to Webber place and observed the same two youths on the bikes pedaling west on the street. The duo in the car drove up and got out of their vehicle. At about this time, Bednarchik lost control of his bike and ran into the side of the automobile's door and was captured before he could get away. Bednarchik's companion, however, escaped.

Bednarchik, who claimed that he was "just waiting around the corner" when his friend stole the bicycles, was taken to The Shores station by his captors, and the two signed the complaint against him.

Shores Police Chief Joseph Vitale and Sgt. Mustazza commended the youthful citizens in the apprehension of the accused man.

Assistant Prosecutor Jerome O'Connor, who handled the prosecution, complimented the two for their part in arresting the thief and for being concerned enough to be involved.

He wrote a letter to Chief Vitale regarding the matter, in which he highly praised the two men for what they did. The pair's testimony helped in a successful prosecution, the assistant prosecutor stated.

Chief Vitale said that he was so pleased with the part the 20-year-olds played in stopping the convicted man, that he is submitting their names to the Grosse Pointe Lawyers Wives Association for consideration during the organization's annual presentation of Concerned Citizens Awards.

"Bicycle thefts are now one of the most prevalent crimes in the Pointes, and possibly in Michigan," said Sgt. Mustazza. "We need the help of all citizens."

"Strangely, this is no longer a crime committed by children. Thefts are being done by groups of criminals, and have become big business. Losses run into the thousands of dollars."

Sgt. Mustazza said, "In stamping out this criminal activity the citizen can help in many ways, including keeping bikes in their garages or in their houses and not leaving them on the sidewalks, front lawns, driveways, or backyards, where they can easily be seen and stolen."

Bicycle owners should have their two-wheelers licensed and registered with their local police departments, as provided under local ordinances, the sergeant said.

He said he is hopefully looking forward to the day when the Michigan Legislature will enact a statute that will require all bicycle owners to register their two-wheelers, as is now required of motor vehicles.

If such a law is ever passed, and those riding bikes are stopped for any legitimate reason, they will have to produce the registration on demand of police officers, to prove ownership, or that they have the right to the use of the bike.

If that day should ever come, bike thefts would be reduced considerably, Sgt. Mustazza added.

## Phone Caller Gets Big Blast

An obscene phone caller heard everything loud and clear from a Shores public safety officer dispatched to a residence where a 13-year-old girl was being pestered by his daily calls. As a matter of fact, the foul-mouthed person probably walked around for quite a while trying to regain his hearing.

PSO John Frasad was sent to the home when the girl kept the caller on the phone, while another member of the family went to the home of a neighbor to call police.

Officer Frasad entered the house and quietly picked up an extension phone, and after signaling the young lady to hang up, blew his police whistle as loud as he could into the receiver. Following this, there was absolute silence at the other end of the line, as foul-mouth, hopefully with a shattered eardrum, hung up hurriedly.

Officer Frasad informed the girl, and other members of the family, if any more such calls are received, to call the authorities for further investigation.

## Sponsor Bingo To Aid Groups

Bingo games, sponsored by the Jaycees, will resume on an expanded basis beginning Monday, September 16, and every Monday following at 7:30 p.m. The games will be played at the War Memorial, 32 Lakeshore road.

The jackpot has been set at \$400 with the prizes for the regular games being increased proportionally.

"We hope the larger prizes and the increased number of games will substantially increase the amount of money which can be turned back into the community for such projects as Family Life Education Council, Operation Threshold, Foundation for Exceptional Children and others," stated Dave Kingwill, chairman, bingo committee.

## Runaway Deer Killed in Lake

The propellers of a Coast Guard cutter caused the death of a small deer, which had apparently escaped from Detroit's Belle Isle preserve, it was disclosed by Park Police Lt. Gordon Duncan.

At 2:40 p.m. on Wednesday, September 4, Patrolman Edward Serwach was dispatched to a home in Balfour road, where it was reported a deer was in the backyard. The officer arrived in time to see the animal, with small, spiked horns, leap over the fence and flee east on the street toward Grand Marais, where it was nearly hit by a car.

At 4:23 p.m., an unknown citizen called the Park station to report seeing a deer in the water at the foot of Three Mile drive and Patrolman Collin LaLonde was sent to the scene. The policeman saw the deer swimming in Lake St. Clair and it appeared to be headed toward Canada.

The officer radioed the station to alert the CG at Belle Isle.

A Coast Guardsman said a cutter was dispatched to the area in about two minutes, and as the craft swung around to rescue the animal from the water, it was accidentally hit by the boat props and killed.

The carcass was pulled aboard the craft and later released to State Conservation Department officers for disposition.

## Student Thanks Farms Police

Michael J. Wilberding, of Kenwood court, recently spent six weeks in field training with the Farms Police Department as a student in a law enforcement program. The course, worth 12 credits, gives students an opportunity to gain on-the-job experience in police work.

Farms Police Chief Robert Ferber received a letter from Michael thanking the department for their help. The letter said:

"Dear Chief: I simply wanted to take one more opportunity to sincerely thank you for allowing me to participate in my field training program with your department."

"My experience was very helpful and interesting, and I'm sure will serve me greatly in the future."

"I was very impressed with the GPPD as a whole and would like to express a special thanks to Officers Sam Cardella, John Winter and Tim Morrison, and to the officers of the Youth Service Division."

"Once again thank you for your help and cooperation."

Being weighted down with money seldom hinders one from swimming in the sea of life.

## Artists Plan Festival

(Continued from Page 1)

said a light lunch will be available for a small charge and a carillon concert from the neighboring Grosse Pointe Memorial Church will be heard throughout the day.

"The music gives our fair something no other art show around can offer," she said. Mrs. Freiwald said the exhibits will move inside the Center if weather doesn't cooperate with the outdoor setting.

Julia Ford, entry chairman, said the range of works to be shown goes far beyond the traditional oil and watercolor paintings. Crafts appear to be in abundance.

Ceramics, pottery, including raku pottery, and candles will all be offered. Other crafts to be displayed include batik hangings, pewter pieces, paper toys, brumm birds and Christmas decorations of needlepoint and ribbon.

Of special interest to fairgoers will be demonstrations of a variety of art specialties.

Weaving, macrame, metal sculpture, wood carving and china painting will all be demonstrated. In addition, a blacksmith and glass blower will display their talents.

Mrs. Freiwald said the Grosse Pointe Artists are winning recognition throughout the state and even internationally. She said their biggest project each year is the Fall Festival. They are such art fair veterans that young groups planning exhibits often contact the Pointe artists for assistance and advice.

Spaces at the Fall Festival are first offered to members of the Association who number about 150. Invitations are then extended to artists across Michigan and nearby states. Exhibitors are juried dur-

ing their first showing at the Festival and may appear thereafter without jury screening.

Mrs. Freiwald said any artist interested in becoming a member of the Grosse Pointe Artists Association can be sponsored by an active member. If an active member is not known, a board member of the association can be contacted through the War Memorial, 32 Lakeshore road, Grosse Pointe Farms, for information on sponsorship.

Chairman of the association is Alice Balfrey. Fall Festival Chairman is Corinne Dolega, who is in her sixth year of coordinating the annual event.

## Statue Honors Daniel Murphy

Dedication ceremonies for a memorial to Daniel James Murphy, Jr., formerly of the Pointe, were held Sunday, August 25, in the Courtyard of the Glessner House in Chicago.

Mr. Murphy, a 1959 graduate of Grosse Pointe High School, was the son of Mrs. Clyde L. Reed, of South Brys drive.

The tribute included a three-dimensional sculptured figure titled "Sprite," by Alfonso Iannelli, and two large planting urns completed in 1914 for Frank Lloyd Wright's Midway Gardens. They were selected and installed by landscape architect Benjamin Weiss in a

bower of trees by an active fountain.

The installation in the recently restored courtyard was decided an appropriate memorial for Mr. Murphy who, with five others, encouraged the Chicago School of Architecture Foundation to purchase the Glessner House. This purchase was the start of a restoration drive to make Prairie avenue in Chicago the city's first architectural district. It is now a center of architectural and historical societies' activities and provides civic tours and programs.

The American Institute of Architects of Illinois is located there. Plans are underway to develop a park around four other restored houses as well as have the Glessner coach house transformed into a performing arts theater. The court yard entrance would be located by the fountain and figure of the "Sprite."

Mr. Murphy was killed in 1967 at the age of 26 in an automobile accident in Canada. He was affiliated with the firms of I. C. Wong Associates, Mies Van der Rohe and Skidmore, Evans and Merrill while in Chicago.

The surest way to stay poor is to try to get rich fast.

(a recreation vehicle), into your backyard, do it," he stated.

Mr. Keigen said he must have read around 20 different recreational vehicle measures, applying to communities in and out of the State, since "we drafted the current proposed ordinance, which incorporates some suggestions from recreational vehicle people, too."

Realizing the time, effort

and study which has gone into the proposal over the past two years, Mr. Keigen stated, "If it doesn't make it, it could be all or nothing—a complete absolute ban or no restrictions at all." But he added, "We don't want to do that."

Copies of the proposed measure are available at The Woods Municipal Building, 20025 Mack avenue, for interested citizens.

None of the cash nor property has been recovered.

Farms police cleared the breaking and entering of the Farms Delicatessen, 18860 Mack, on Tuesday, August 13, in which \$75 in cash was taken.

A combined total of 11 break-ins also were cleared in St. Clair Shores, Detroit and Roseville, police said.

Citing the work of his trio of detectives, Public Safety Director Henry Marchand said his officers showed lots of effort in their diligent investigation. "It makes you feel good when things like that happen," he said.

## Motorist Nabs Purse Snatcher

Park Police Chief Henry Counce made a formal arrest of a purse snatcher on Wednesday, September 4, at 12:45 p.m., when the thief was captured by a passing motorist, who witnessed the incident.

According to Lt. Gordon Duncan, who was riding with the chief, as they were returning to the station after a lunch period, they saw the motorist grab the purse snatcher. They stopped to investigate and were furnished with the details, after which Chief Counce told the thief, identified as Floyd E. Smith, 23, of 2553 Dickerson, Detroit, that he was under arrest.

The captor, Frank Calcaterra, Jr., of Detroit, told the chief and lieutenant, that he saw an 80-year-old woman, name withheld, walking west on the south side of Mack avenue. He saw a black male, (Smith), pedaling a bicycle west on the avenue, and in front of No. 15114. As the

cyclist passed the woman, he bumped into her and grabbed her purse and continued on his way, still heading west.

Mr. Calcaterra, who was at the Maryland intersection, jumped out of his car and grabbed the man just as Chief Counce and Lt. Duncan turned the corner of Maryland.

Smith was conveyed to the Park station and after being booked, was placed in the local cell. A warrant charging him with larceny from a person was approved by the Wayne County Prosecutor's Office the same day.

The accused thief was arraigned before Park Municipal Judge John Urso for a preliminary hearing. The judge set bond of \$5,000, two sureties, and when Smith was unable to post bail, ordered him detained in the local cell until his examination, which was scheduled for yesterday, Wednesday, September 11.

Larceny from a person is a felony, conviction of which can mean up to five years in prison.

Chief Counce and Lt. Duncan had high praise for Mr. Calcaterra for his action in apprehending the accused man, stating that they are pleased that there are still citizens who are concerned with upholding the law, and are not afraid of being involved.

### ASSIST SCOUTING

There are scouting 27,000 girls who belong to the Girl Scouts of Metropolitan Detroit (most of Wayne County)—and hundreds more who would like to join, but can't because there aren't enough leaders. Adults, both male and female, who are interested in becoming Scout volunteers should contact GSMD at 961-8921.

## State FOP to Represent GPWPOA in Bargaining

By Roger A. Waba

Members of the Grosse Pointe Woods Police Officers Association, (GPWPOA), approved a proposal to have the State Fraternal Order of Police, (FOP), represent the GPWPOA in all bargaining matters. The final vote was 34-0 in balloting conducted last week.

The proposal which each public safety officer considered, said, "That a \$5 assessment per member be diverted from the association's legal fund to the State Fraternal Order of Police to cover the cost of its becoming the association's representative in all matters concerning bargaining, grievances and contractual disputes.

"This would be done with the understanding that Armando Bove, (attorney), could be retained as the association's legal counsel."

Youth Service Division Detective Patrick Fagan, GPWPOA president, explored the benefits of the proposal for the association.

"We now pay \$5 per man per month into a legal fund and hire attorneys and counselors. We were told the State Fraternal Order of Police offers full coverage in grievance matters, contractual disputes and in bargaining. The Fraternal Order of Police said it would provide advisors, legal counsel and a negotiating committee," if needed, he said.

As a result, Detective Fagan felt the association would get the added experience of the State Fraternal Order of Police in bargaining with the cost being deferred to them.

"It's a big organization which can assume the re-

sponsibility of large fees of a legal nature. We can use our own people in bargaining and if there's a hangup, we can have advisors to assist us. Their backlog of research material is extensive," he stated.

"The FOP facilities, resources and experience are much greater than ours," the detective added.

## Bon Secours Plans Parleys

The Bon Secours Hospital fall conference for physicians will begin Thursday, September 12, with Stewart R. Reuter, M.D., professor of radiology at the University of Michigan School of Medicine, presenting a program on locating acute hemorrhage (through x-rays of opaque material in veins and arteries).

The Thursday breakfast conferences, beginning at 7 a.m., run through December 12. The entire 14 week program will be devoted to re-

cent advances in the diagnosis and treatment of gastrointestinal diseases.

The faculty is composed of guest lecturers from Wayne State University and the University of Michigan schools of medicine, as well as staff members of Ford and Bon Secours Hospitals.

Area medical and osteopathic physicians are invited to attend the series of lectures supported by the James and Lynelle Holden Fund at Bon Secours.

## Woods Crossing Guards Decide to Strike

(Continued from Page 1)  
 hope no harm comes to them," emphasized Mrs. Moloci. But she said all the guards felt they had to stand their ground with the city and "it's costing some of us our jobs."

The crossing guards joined Metropolitan Council 23 AFSCME-AFL-CIO last fall and around 13 negotiating

sessions, including a meeting with a State mediator in the summer, had transpired this year. No further negotiating sessions took place although one was set for September 5 but never got off the ground.

### Major Dispute

Mr. Petersen said the crossing guards were notified they were being recalled to work September 5 on a basis setting forth an hourly rate of \$3.80, (which breaks down to \$1.90 per crossing per half hour), plus fringe benefits, including full coverage under workman's compensation and improved clothing benefits.

"We subsequently made assignments and sent them written notice to this effect, asking them to report on September 5. None showed up. We were not notified that a strike would take place and the guards gave no indication they would not report for duty," he said. (Mrs. Moloci stated the guards did call in sick the morning of the 5th and felt Mr. Petersen had a good inkling they wouldn't report to work).

"The major dispute is over salary," said Mr. Petersen. "The city's position is that crossing guards would be comparable to the meter maid classification (with whom the city already has a contract). We cannot pay part-time crossing guards more money than full-time meter maids," (who receive \$3.79 an hour for some 40 hours per week).

### Disagreements

"It's unfortunate the crossing guards do not care enough about the safety of the children to go ahead and report for duty while continuing in negotiations," he said on the 5th. The city is currently taking applications for retired citizens to serve as guards.

Mr. Petersen stated the city pays for crossing guards for students from three other cities, The Shores, Farms and Harper Woods, regarding youths coming into the city on their way to school. "This is an unfair burden on our taxpayers," he said, and felt that the cost should be spread among the cities receiving these benefits.

In reviewing the concerns

of the crossing guards, Mrs. Moloci said they have been striving for a raise for four years, and asked for a 10 cent raise to bring their pay per crossing to \$2. She said the city came up with a five cent raise which Mr. Petersen said wasn't correct. He stated during negotiations the guards last offer was \$3 per crossing or \$6 per hour. (Mrs. Moloci denies this.)

### Pay Differences

Mrs. Moloci said the pay per crossing that guards have received wasn't equivalent to the pay guards are receiving in neighboring communities. For example, she stated Harper Woods guards receive \$2.25 per crossing, while those in Detroit receive \$2.40. She said guards in St. Clair Shores have a new three-year pact in which they will receive \$2.45, \$2.60 and \$2.80 per crossing over that period.

At the crossing guards' annual meeting Thursday, August 29, which she described as cordial, Mrs. Moloci stated Mr. Petersen attended the session and said nothing about pay raises. Then on Tuesday, September 3, she said the ladies received hand delivered letters from public safety officers indicating the reassignment of some guards to new corners.

Mrs. Moloci said the guards were upset over the reassignments because some were moved to other corners after previously working certain areas for years. She felt they would be at the same corners. Another reason was the removal of one guard from the corners of Mack and Cook, Mack and Anita and Mack and Vernier, all of which previously had two guards, and the fact on the 5th and 6th there were two guards at those locations. Finally, she said Mr. Petersen said nothing about the reassignments at the August 29th meeting.

### Have Right

Mr. Petersen said at that meeting Traffic Safety Officer Stephen Petrik consulted with the guards regarding assignments and what corners they wished.

The city administrator emphasized, "We tried to make the assignment close to where each guard lives and by seniority. Management does have the right to assign personnel."

When asked about cutting guards at Mack and Cook, Mack and Anita and Mack and Vernier, Mr. Petersen stated, "We are going to have one guard at these crossings. The reason why we had two guards on the 5th and 6th is

because we hadn't had the opportunity to properly train them at the crossings, plus some meter maids had received threatening calls from members of the so-called crossing guard union. As of this morning, (September 9), we have only one guard at these crossings."

Mrs. Moloci stressed all the guards continued on with their duties during negotiations but when the reassignment change came, the picture altered completely.

On the reassignment matter, Mr. Petersen said he asked the guards to volunteer for the crossings they wanted and that they advised him to assign the crossings and give them the list. "And this is what we did," he stated.

However, Mrs. Moloci noted, "We were all to go to work, then came the reassignments. He, (Mr. Petersen), had the opportunity to iron this all out then, (at the August 29th meeting), but he said he forgot."

She also questioned a classified ad which the city ran in the NEWS in its September 5 edition. It read, "Retired Grosse Pointe Woods residents for school crossing guards. Approximately two hours per day during school season: \$3.80 per hour. Apply Grosse Pointe Woods Municipal Building, 20025 Mack."

In relation to this, she stated the guards wouldn't be able to start work until the 5th and felt Mr. Petersen might have been aware the guards wouldn't show up. Mr. Petersen had no comment on this.

### Not All Monetary

Mrs. Moloci felt their side negotiated in good faith, (as did Mr. Petersen for the city's side). She said, "We had no thoughts of a strike. We performed our duties as before as negotiations progressed."

She said the guards have served the community well, year after year, in all kinds of weather. "It's not all monetary, (although she felt a raise was necessary so all guards, many of whom travel by car four times a day to and from their crossings, wouldn't have to subsidize their jobs), "we care for the youngsters and the job. But you have to stand up for yourself sometime or get walked on."

The NEWS made several attempts to contact the union representatives to see what action, if any, they planned to take in this matter, but met with negative results.

## Reports Theft at Farms Pier

Farms police received a report from a local boat owner that items valued at about \$200 were stolen from his boat docked at the Pier Municipal Park. The theft apparently took place between September 2 and September 8, when the owner

was out of town. Missing are the mast boom, a new sail, three ski belts, two life vests and rigging.

The boat, a sail fish, was being stored in a rack at the Pier Boat House.

## Two Officers Receive Promotions in Woods

By Roger A. Waha

Activity on the promotional and hiring fronts was at a high pitch last week within The Woods Department of Public Safety.

Public Safety Director Henry Marchand announced the council approved two promotions. Sgt. Peter Thomas, who joined the department in January 1964, will be promoted to lieutenant, while Officer William Lentz, a 6 1/2 year veteran, will be "upped" to sergeant. Both positions become effective on Tuesday, October 1.

Two new officers and a meter maid also have been hired. Michael Cavanah, who's currently attending classes at the Criminal Justice Institute, will report to work Monday, September 23, while Michael Genereaux began his duties on Tuesday, September 3. Meter maid Charlene Artz started work on Friday, September 6.

Director Marchand said five officers took exams for lieutenant and 13 tried for sergeant. "The results of the testing was very close," he stated. "A few percentage points separated officers who finished first, second and third. It's a shame not more officers could have been promoted."

He called both Sgt. Thomas and Officer Lentz "fine, dedicated officers whom I know will do the job."

The director said Sgt. Thomas scored 92 percent on the police portion of his exam; 84 percent on the fire portion; 95 percent on the criminal law section; and 93 percent in administration. The sergeant had an 81 percent score on his oral and received the highest rating in a departmental evaluation.

Officer Lentz received 88 percent on the police portion of the sergeant's exam; 87 percent on the fire section; and 84 percent in administration. He had 81 percent on his oral, 100 percent on his

proficiency test and 71 percent on his written evaluation. His general average was 86 percent.

A graduate of Michigan State University, Officer Cavanah has completed work at the Michigan Law Enforcement Training School. He attended Austin Prep and moved to The Woods from The Farms in 1970.

A former employee of the J.L. Hudson Co., Officer Cavanah is interested in the social aspect of police work. Citing this point, City Administrator Chester E. Petersen said he could be a possible future candidate for assignment to the Youth Service Division.

Officer Genereaux, who has attended Western Michigan University and is presently attending Macomb County Community College, had been a Detroit police officer since 1972. He has an associate degree in Police Administration from Macomb College. Officer Genereaux, resides in Detroit.

## Invite Parents To NH Meeting

This school year the staff of North High School is again planning meetings for parents of students to further acquaint them with programs and policies.

Parents of freshmen will meet Thursday, September 19; parents of seniors, Thursday, September 26; and parents of sophomores, Wednesday, October 2. All three sessions begin at 7:30 p.m. in the auditorium with presentations from staff members. The meetings then will divide into small groups with the students' counselors for discussion and questions.

The Junior class has been included in the planning. Parents of those students will again be invited to an information night in January, as has been traditional since the school opened.

Invitations to all of the meetings will be in the mail soon. The all-school Back-to-School Night is scheduled for Tuesday, October 8, at 7:30.

## Richard Slates Annual Social

Richard School's annual ice cream social will be held Thursday, September 19, from 5-7:30 p.m. Sundaes will be served by students and parents, with games, cake walks and dog cart rides organized for recreation.

Proceeds from the event, which have neared the \$1,000 mark in past years, will be used for supplies and equipment for the school. Ted Jacobs, Richard principal, will request that part of the proceeds be used to begin a new musical program for second, third and fourth graders.

The Kercheval Playground behind the school will be used for parking.

Congress passed its first legislation exerting control over drugs in 1848. This statute, as you might suspect, was concerned only with controlling importation of adulterated drugs into the United States. It turned out, that soon afterward the same adulteration took place within the country, making it necessary for some states and the District of Columbia to pass inhibitory legislation. In 1906 the congress passed the Federal Food and Drug act, which governed the interstate commerce of drugs.

(Continued from Page 1)

plus. Her column, which deals in predictions, analyses, personality sketches and commentary on the football world, began appearing regularly in the Football News almost four years ago, about the time she became Mrs. Roger Stanton.

Reared in Grosse Pointe, Pam majored in English and speech at Aquinas College in Grand Rapids after graduating from St. Paul High School. She met her husband in May, 1970, at the Grosse Pointe Yacht Club while working in public relations at the National Bank of Detroit. Their marriage was responsible for her transformation from a sports enthusiast to a controversial, recognizable figure to football fanatics throughout the country.

"It's become a novelty to get Roger and me to speak together at various Touch-down clubs and sports affairs — sometimes as far away as Alabama or Montana," she said.

A recent television appearance on Dennis Wholey's "AM Detroit" show and frequent radio interviews attest to their new-found popularity as a husband and wife sports "team."

"I'm not a woman's libber, though," Mrs. Stanton states flatly. "I'm not out to make a name for myself. I have no need or desire to get into the hot, smelly dressing room, or to force myself into any press boxes where I'm unwelcome."

She does, though, have ambitions. In writing her column, she hopes to acquaint women with sports and prove they can understand and enjoy them. "If women were smart," Pam suggests, "they would realize that they don't have to lose out on a weekend just because their husbands are glued to the television watching football games."

"It's sad," she continued, "that women have to spend these afternoons shopping. There is no reason to be a football widow. Sports are fun and women should be a part of them."

"We're much more capable of doing more than putting a meal on the table," she boasted.

For skeptics, she does not speak about her sports interest and enthusiasm flippantly. The Stantons attend 35 to 40 college and professional football games each season, with an annual trip to the Super Bowl the culmination of the season.

"Then Roger and I spend six or eight weeks at our Florida condominium, relaxing and playing tennis."

The petite, vivacious Mrs. Stanton exudes the exhilaration and excitement in her

lifestyle, saying she enjoys life tremendously.

"I love to travel, meet people and attend sports events," she remarks. "Now is the time to do what I'm doing, before we have children. Fortunately, I've had

got to know him, he turned out to be one of the most warm-hearted, sensitive people I know. The Stantons and the Cosells are now the best of friends."

When she's not writing a column, traveling or entertaining, the sound of a sports announcer's voice may be one clue to where Pam is — in front of the television set, rooting for a favorite team.

"Roger and I fight over who's going to answer the phone during the Monday night football games, because neither of us wants to miss a thing," she explained.

Just for the record, Pam picks Kansas City to win it all in the American Football Conference and Minnesota over Detroit in the National Football Conference Central.

**PAM STANTON**

the opportunity to pursue my interests—Roger has had a lot to do with my success."

From her travels and experiences entertaining football personalities, Pam draws many of her column ideas. She estimates she devotes about a half day a week to writing it.

"We frequently meet and entertain people like the Howard Cosells," she noted. "I once wrote a devastating column about his sportscasting, but when I met him and

**Teens March For St. Jude**

A number of Pointe teenagers wearing buttons inscribed "I march with Danny Thomas" will be ringing doorbells Saturday - Sunday, September 14-15, to raise money for St. Jude Children's Research Hospital, Memphis, Tenn.

Each of the five Pointes has a teenage chairman for the upcoming march, and four have adult executive chairmen.

Chairman of the City is Sarah Whitty. Heading The Farms, Park, Shores and Woods, respectively, are George G. Mantho, II, Deborah Murphy, Chris Guastella and Katie McEnroe. In the same order, acting as executive chairmen, are Marilyn Schmid, Karen Housey, Mrs. Marie Guastella and Cheryl Westgarth.

This year St. Jude is proceeding with a \$10 million expansion program to provide better research facilities and also to handle a growing patient-load.

**Marilyn Shoppe Reports Theft**

A shoplifting theft was reported by the Marilyn Shoppe, 63 Kercheval avenue, on August 30, at 7:08 p.m. A sales clerk told Farms police she suspects two black females about 25 years old stole one pair of ladies dress pants valued at \$20.

Both suspects were described as approximately five feet, six inches tall with red Afro-style hair. The direction and method of escape were unknown.

**Auto Stolen From Dealer**

Frank Adam Lincoln Mercury, 130 Kercheval avenue, reported a stolen vehicle to Farms police Tuesday morning, September 3.

The stolen vehicle, a 1974 Lincoln Continental Mark IV valued at \$10,980, was taken from the Kercheval lot next to the dealership sometime during the Labor Day weekend. The two-door, black car with a black vinyl top was new and had no license plates. The dealer said the car was locked, without keys.

**Committee to Assess Program of Schools**

The trustees approved the formation of a Steering Committee for an educational assessment of the school's program at the Board of Education's regular meeting Monday, September 9.

Community assessment, one component of Superintendent James A. Adams' proposed "Four Steps to Progress," consists of a plan to assess community opinion about the strengths and weaknesses of The Pointe public schools and to use this assessment of opinion as a major resource for making recommendations to the Board for educational improvement.

The Steering Committee will serve as an advisory council to the superintendent, who will make recommendations to the Board regarding all aspects of conducting the project and planning for educational improvement in The Pointe.

The Steering Committee will conduct a variety of activities and will prepare these documents for the superintendent's consideration.

- Identification of a number of specific objectives of a quality education program, using a statement of educational philosophy approved by the Board as the major resource for developing the objectives.

- Draft a questionnaire.
- Recommend a design for conducting the poll.
- Analyze and interpret the results of the poll and prepare recommendations.

To launch the project, Dr. Adams recommended that the Board create and appoint a Steering Committee from a cross-section of the community, representing a di-

versity of views. It will consist of the following: a member of the Board of Education; a member of the Grosse Pointe Education Association named by the GPEA; a member of the Grosse Pointe Administrators Association named by the GPAA, and two high school students, one from each high school, named by the Student Association.

In addition, there will be 10 members-at-large from the community appointed by the Board from a list of nominations and volunteers solicited from service organizations, and through the news media.

The following will serve as ex-officio members of and resource people for, the Steering Committee: Mrs. Edward Hanpeter, Board

president; Dr. Adams; Dr. George Eddington and Roger McCaig as executive assistants for the committee, and Dr. Leonard Jensen, technical consultant from the Wayne County Intermediate School District.

In addition to educational assessment, Dr. Adams' other proposed "Four Steps to Progress for 1974-75" consist of an educational plan, evaluation and communication.

The questionnaire will be followed by direct citizen and staff input, with the findings reported to the Board and the community in mid-winter.

The schools hope for in-depth input in community meetings and from such organized groups as PTA's, the GPEA, GPAA, high school student councils, Board of

Realtors, Ministerial Association, Municipal Officers, and Friends of the Library, among others.

During the spring 1975, Dr. Adams said he expects to develop an educational plan with both short-range and long-range goals and priorities. At that time, program strategies and a financial plan also will be developed.

As to evaluation, the superintendent said he wishes to collect baseline student and district data for program decisions and to make an assessment of educational programs.

The superintendent's plan is to expand communications with the district's many public and to improve and expand school publications.

**City Police Chief Teetaert Gives Warning to Vandals**

Motorists who deliberately run over lawns or cause other property damage, if apprehended by police officers, or arrested on complaint of citizens, will be punished to the full extent of the law, it was revealed by City Police Chief Andrew Teetaert on Monday, September 9.

"Those who senselessly drive over and damage lawns, I personally classify as 'maniacs and morons,'" the chief said. "I cannot conceive of any reason why any person would deliberately drive their cars over lawns, and in some cases, spinning wheels and creating deep ruts, causing hundreds of dollars in damage."

"The home owner or resident must spend considerable money and time repairing the damage, while those responsible get away, perhaps to do damage to other property. This is something I cannot understand. Apparently these vandals get some kind of a 'kick' out of causing malicious destruction to property."

**To Offer Ideas For Recreation**

The Woods Citizens' Recreation Commission, which met Tuesday, September 3, will make several recommendations to the council for its consideration at a future meeting.

Mary Babcock, commission member, said the group will recommend an additional tennis court be constructed at Ghesquiere Park, plus new lighting be installed for all of the park's courts. There are currently four courts at Ghesquiere Park.

E. D. Grady has left the commission to join the Planning Commission with the council's approval, she stated. So, the commission has asked the council to appoint another individual to the group.

She said they also decided to stay together as a commission. This was echoed by Councilman Ronald R. Kefgen, Parks and Recreation Committee chairman, who stated they will remain as a full-time commission for the time being.

They will continue to follow the progress of, and keep their eyes on, all recreational facilities, including their potential decay, he said. "The commission will keep up what we have and will make recommendations for adding to facilities where possible."

Other commission members include Robert W. Sabo, Charles J. Van Hove and David E. Feryus.

Chief Teetaert said that there are times when those involved in such vandalism are caught and taken to court and made to pay, either by being given a jail term, or ordered by the court to make restitution, with the alternative of facing time in jail.

However, there are times when the law enforcement agencies are frustrated by persons who call their police department to report wheel tracks and deep ruts on their lawns, and then disclose they know who are responsible, Chief Teetaert said.

"Just to show how frustrating such a situation can be," the chief said, "last week, a resident called our department to report her lawn damaged by a car driven over her front lawn. There were four young occupants in the car, including the driver."

"The complainant, a woman, stated she was willing to sign a formal complaint against the culprits, which would have made it possible for us to prosecute these irresponsible teenagers. The officers investigating the incident, took a complete report, including the names of the foursome, known to the complainant."

"After going through all this trouble, gathering the information and taking down the names of the culprits, the complainant called the department and said she wished to withdraw her complaint."

Chief Teetaert said that the citizen had disclosed that the young men responsible for the damage had returned and promised to make restitution, if the woman would drop charges against them. And, that is exactly what happened."

After accepting the promise, the complainant was reluctant to sign complaints against these people, the chief added.

"It is this type of action by our citizens that sometimes makes our work frustrating, but believe me, any vandals arrested will be punished, if the citizens will only give us their full cooperation and not make deals with these people," Chief Teetaert said.

"Parents who allow their children to use family cars, should make it their responsibility to find out where they are going and where they have been, and if the parents find out their offspring have been indiscriminately running over lawns, or otherwise damaging property, take appropriate measures of punishment and pay for any damages. If the parents won't do the punishing, then the law will whenever possible."

While you are examining a used car for rust, also keep an eye out for salt corrosion. Salt can devastate a car by rusting its paint, pitting the chrome, and causing rusting on the underside. Salt corrosion damage, as you might expect, is extremely common in cars driven during the winter in places where chemicals are used to help melt snow and ice. New or refinished chrome parts, or a new paint job on a recent model should be clues to you that at one point or another salt and rust may have been a problem.

You expect and you get fine service from the knowledgeable staff at POINTE DODGE, INC., 18001 Mack Ave., 884-7210. ## Baron Gridders To Open Season

Fall and football, a compatible pair, have arrived and the Grosse Pointe Red Barons Little Football League hopes to duplicate its fine 1973 record again this season.

The Red Barons are composed of boys between the ages of 9-12 who engage in weekly competitive football with youngsters in surrounding suburbs. They play their home games at the University Liggett field on Cook road. Last season, attendance was reported to be excellent and much appreciated by the players.

All games played by the Red Barons are on Sundays with the opener set for September 15 against East Detroit on the road. The Barons' home opener, against St. Clair Shores, is September 22 at 1 p.m. On September 29, they face Sterling Heights on the road.

In October, they play four games: the 6th, Denby, home; the 13th, St. Clair Shores, away; the 20th, Northeast Detroit, home; and the 27th, Roseville, away. Their lone November contest is on the 3rd against the Grosse Pointe Lions at home. There's no admission charge for the games.

For further information on the program, call Richard Moore, who's in charge of registration, at 772-6661.

Have faith in your effort or it is bound to be a failure.

## One View From The Capitol

By William R. Bryant, Jr.

The economic situation in our State, the nation and the world is extremely troublesome and answers continue to elude everyone.

One factor which is often discussed is government spending, and obviously when the Federal government spends billions over revenue, and when it has new billions each year to spend because of higher income taxes at higher rates, inflationary pressures are created.

The State cannot operate at a deficit, so the problem of State spending is somewhat different. But, on the other hand, the State has increased its expenditures at a phenomenal rate over the past 10 years and has, until the last two years, increased tax rates. The State also gets more revenue as income and sales prices rise.

So state government, and I might add local government and school districts, have contributed to inflationary pressures in no small measure.

However, don't be fooled into thinking you can vote to eliminate the sales tax on food and drugs and thereby reduce taxes by that much, because it just won't happen.

The elimination of the sales tax on food and drugs is a ballot question for you to decide November 5. If the proposal passes, the lost revenue from then to June

30, 1975, would be \$80 million. For the full fiscal year of July 1, 1975, to June 30, 1976, the loss would be \$200 million.

Now, it might be politically possible to absorb that loss of revenue without raising the income tax if it were not for an additional factor. I say politically possible because that is what counts in the end, not the fact that it is, of course, theoretically possible to absorb the loss by cutting programs.

But the additional factor is that this current fiscal year we are already, as a result of the tax cuts of the past two years, spending \$190 million over current revenue. How can we when we cannot generate deficits? Well, we simply had that much in surplus from prior years and are spending nearly every penny of that surplus this year.

So, for 1975-1976, State government might get by without a tax increase if it does not lose the sales tax revenue, but with that additional \$200 million loss an income tax increase is assured.

Confusing, you bet; but again, what it means is that you cannot vote to eliminate the sales tax on food and drugs without expecting an increase in the income tax rate—and maybe a shift to an actual graduated income tax.

## Letters to the Editor

Recently the side of my car was damaged in a collision with a bicycle. The answering officer was very helpful, taking the young man, age 14, home, and then meeting me at the police station to file a report. He assured me that the fault of the accident was entirely the bicycle rider's because he failed to stop at a stop sign and I was driving on a

through street.

The disturbing thing about this encounter was that I was told that because the boy was a minor, our courts had no jurisdiction over him. No tickets were issued. I find this difficult to comprehend. I thought all persons using streets were subject to the same laws. The fact that this was a Solex motorized bicycle should make no difference to law enforcement.

I'm sure you are aware that the bicycles of this area are becoming more of a road hazard daily. Yet, I frequently see public safety officers ignore the problems of running stop signs, riding on all sides of the street, with and against traffic. I wonder if a tragic accident would change the law enforcement? Had this young man been a moment earlier, I might have been seriously injured him by striking him with the front of my car.

Yours truly,

E. Rae Hudspeth, M.D.

Editor's Note: This letter was sent to Woods Public Safety Director Henry Marchand, while a copy was sent to Municipal Judge J. Patrick Denis, City Attorney George Catlin and the NEWS. Commenting on the letter, Director Marchand said a ticket wasn't issued because the officer probably didn't see the incident happen. He also said Dr. Hudspeth could have signed a complaint against the juvenile.

The director also cited the problem that there's no specific regulations governing Solex bikes per se.

As for Dr. Hudspeth's comment that he frequently sees officers ignoring the problems of cyclist's running stop signs and riding on all sides of the street, Director Marchand stated she should get the number of the scout car the next time she sees such an incident "so we can do something about it."

## What Goes On at Your Library

By Arthur R. Woodford  
Chief of Central Library

Ten years ago it would have been difficult to find more than a handful of books dealing with the subject of divorce that were written for the layman. Fortunately this is no longer true. Today there are any number of well-written titles available on the subject. I would like to review for you a sampling of books on divorce that are available at your Grosse Pointe Public Library.

One of the reasons for this increase in the number of books is that divorce itself, unthinkable to most women only a generation ago, is becoming an increasingly popular alternative.

Lawyer Barbara Hirsch in her book *DIVORCE: WHAT EVERY WOMAN NEEDS TO KNOW* (Regnery) has provided a sensible down-to-earth volume of legal information for the woman who wants to look before she leaps. It covers every legal phase of the subject: finding lawyers, lawyers' costs, courtroom procedure, child custody and visitation rights, and alimony. She devotes separate chapters to each of the various grounds for divorce. Her account is factual and peppered with fictionalized illustrations of cases in point. Ms. Hirsch does not cover any of the emotional problems resulting from divorce; and she refrains from philosophical speculation on the wisdom or reality of today's divorce laws. Nevertheless, one is left with the impression that divorce is a serious and complicated business.

IN THE WORLD OF THE FORMERLY MARRIED (McGraw-Hill), Morton M. Hunt takes the reader on an intimate tour of this strange world, following the formerly married through the entire process of marital dissolution, separation, and divorce, and the various phases of their self-rededication and adjustment. Through the words and experiences of hundreds of actual people, he reveals surprising aspects of life in that world: the unexpected exhilaration and rejuvenation that often go hand in hand with bouts of dread; despair; the rediscovery of passion and emotion; the special ecstasies and difficulties.

Mel Krantzler, a divorce therapist, looks upon divorce as a potential new beginning. In his book *CREATIVE DIVORCE* (Evans), Krantzler discusses the patterns that ordinarily emerge at the breakup of a marriage, from the sense of defeat and rejection and the loneliness of renewed single life to the other extreme of hostility and the desire to punish the former mate. The importance of coming to understand the distance between one's expectations and reality and approaches to being more fully a self-reliant individual are described. Krantzler is a reassuring guide who avoids jargon and easy panaceas.

Joseph Epstein, *DIVORCED IN AMERICA* (Dutton) has written one of the better and more searching inquiries into marriage on the current scene. His examination of marriage as an institution, why we commit ourselves to it, what we do with it, is a compelling background to his meaningful and provocative look at divorce — that "squalid, painful and often ugly phenomenon that ends an appalling number of American marriages." Epstein moves beyond the mere data — the mechanics of divorce law, alimony, child custody and so on — to a penetrating look at the hypocrisies of the courts and the human and moral dilemmas that married and divorced individuals must confront.

Rain or shine, Pointe Juniors Mrs. William Rice, Mrs. John Young, Mrs. Donald Stanitzke, Mrs. Dale Petrosky, Mrs. Gilbert Kurup, Mrs. Paul Eagan, Mrs. Daniel Gallagher and Mrs. Henry Domzalski will be there.

### Speech Therapy Clinic Benefit

Summer is a time for children to grow, expand, explore... but for children who need special speech therapy, and who get it in special schools and classes during the school year, summer can be a time of silence and isolation, a moving backward into old habits rather than forward into new maturity.

That's why the Cottage Hospital Speech Therapy Clinic doesn't take a summer vacation.

The Clinic, a year-round facility, will benefit when Mr. and Mrs. Troy Maschmeyer open their Renaud road home for a 5 to 8 o'clock cocktail fete Sunday after next, September 22. Donation is \$15 per person. It's a \$15 that couldn't be better spent.

Mrs. Maschmeyer is chairman of the party. Serving on the honorary committee headed by Mrs. Lynn McNaughton and Mr. and Mrs. John N. McNaughton are Mr. and Mrs. James T. Barnes, the Bryan A. Chaplows, Mr. and Mrs. Nathan B. Goodnow, Judge and Mrs. Blair Moody and Mr. and Mrs. Raymond M. Whyte.

### Tribute To A Good Man

The diverse opportunities for retirees to discover new or continue old hobbies can have unforeseen and lasting benefits. Consider the case of the late Sidney H. Morgan who, on retiring from Grosse Pointe, moved down to Tryon, N.C., several years ago.

Mr. Morgan had had no experience in the production end of amateur theater, but the satisfaction he found in stage lighting for the Tryon Little Theatre was profound. He was fascinated by his new hobby... so, when his untimely death moved many of his new-found friends as well as former ones from far and near to contribute to the Sidney H. Morgan Memorial Fund, it was decided to use the Fund to create a Performing and Creative Arts Collection at the Lanier Library—right next door

Paul Danill Kelly, Jr., son of the Paul D. Kellys, of Champine place, claimed Mary Ellen Moore, daughter of Mr. and Mrs. Sherman W. Moore, of Ypsilanti, as his bride Friday evening, August 16.

The newlyweds will return from a vacation in Toronto and Montreal to make their home in Ypsilanti while they complete their studies at Eastern Michigan University.

The bride's dotted swiss gown featured front and rear bodice lace inserts, long, full sleeves and a high lace collar. A matching headpiece held her short, tiered illusion veil.

She carried an arrangement of white tea roses, stephanotis, baby's-breath and silk violets.

Carrying baskets filled with white and yellow daisies and

baby's-breath complimenting their yellow print frocks and white picture hats circled with yellow ribbons ending in streamers were honor maid Kathy Crouch and bridesmaids Mrs. Daniel Haynee, Susan Kelly, the bridegroom's sister, and Linda Alber.

William Roubie came from Cincinnati to serve as his brother-in-law's best man. In the usher corps were Mike Rinke, Stephen Moore, of Hobart, Ind., the bride's brother, and Charles Socia.

The bride's mother wore a long gown of shrimp chiffon with a floating back panel, the bridegroom's mother an orchid, green and turquoise on white floral print styled with a V-neck. Both mothers chose white orchid corsages.

## Open Alliance Francaise Year Sunday

The Alliance Francaise de Grosse Pointe launches its fifth season with a Cheese Tasting Party Sunday afternoon, September 15, from 3 to 5 o'clock at the Lake court home of Dr. and Mrs. Donald Blain.

Several stars of the French cheese world, including Port Salut, Brie, Gouda and Boursin St. Paulin, will be featured with French bread

and suitable wines. Mrs. Charles Woodbury and Mrs. Tom DeVries, of the Merry Mouse, plan a brief presentation on the history of the cheeses, their characteristics, storage and menu suggestions.

Locale of this Sunday festivity is of special interest to Grosse Pointe Francophiles. The Blain home, listed in Hawkins Ferry's book "The

Buildings of Detroit—a History," is a French manoir built in 1924 for Edwin H. Brown.

Architect Robert O. Derrick used the mansard roof, French fenestration and characteristic round tower to achieve a particularly charming and picturesque effect.

Some experts claim this residence and gardens provide the most typically French setting in the area.

On hand to greet Alliance members and guests will be Mrs. Garfield Tournay, 1974-75 president of the group, Mrs. Robert Sillery and Mrs. William Barry, entertainment co-chairmen, and Mrs. Elmo Joseph, in charge of hostesses.

Other directors and committee heads who expect to attend are Mr. Joseph, first vice-president, Dr. Antoine Nahoum, vice-president and scholarship chairman, E. D. Marande, treasurer, Mrs. George Mikhail, secretary, Mrs. Warren S. Wilkins, Pierre Palmentier, Miss Marjorie Paquette, school chairman, Rene Robert, films, Mrs. Karl Bertam, membership, Mrs. Pierre Augier and Mrs. Joseph J. Marshall, publicity, Mrs. Patrick Griffin, children's classes, and Mrs. Charles Bachrach, travel.

Deadline for Cheese Tasting Party reservations, which should be phoned to Mrs. Gillery or Mrs. Barry is today, Thursday, September 12.

The Grosse Pointe Alliance is composed of localities interested in French language, culture and civilization and in strengthening contacts and understanding between the peoples of the United States and France.

Its busy 1974-75 schedule will include lectures in English and French, musicales and film showings as well as social occasions. In the education area an Alliance scholarship will make it possible

## SELLING YOUR HOME?

There's a local firm called Grosse Pointe Real Estate Co. that has come up with a new idea in selling homes. If successful, it could change the industry in Grosse Pointe considerably. It's called **GROUP LISTING**, which means they will immediately purchase your home, at your asking price, once you have listed with them. The one circumstance, they say, is that they must have a group of five similar homes before their plan takes effect. Once achieved, they buy all five houses simultaneously. They say it's easier to sell five homes in a group because it's easier on the buyer and much easier to promote. For more information you can call Grosse Pointe Real Estate Co., 882-0087, direct.

### Brownell Keeps PRIDE, SMILE

Brownell Middle School Principal William Christofferson is pleased to announce that highly successful projects PRIDE and SMILE begun on an experimental basis last year will be continued once again this school year.

PRIDE is an acronym for Principal Raps with Interested Dads on Education. SMILE likewise an acronym, stands for School and Mothers Interested in the Learning Environment.

Designed to further open the doors of communication between the school and parents, these forums have been scheduled in conjunction with Brownell P.T.O. meetings giving parents scheduled opportunities each month to come and discuss the school program with administrators, counselors and teachers.

PRIDE and SMILE provide, in an informal setting in the school's cafeteria, a special opportunity for Dads and Moms to find out more about their children's educational program at Brownell. The emphasis will be on informal give and take with no long speeches permitted.

PRIDE sessions for Dads are scheduled at 7 a.m. on

September 25, November 20, January 22, February 26, and April 30. Coffee and rolls will be served courtesy of the Brownell P.T.O. and sessions will conclude no later than 7:45 a.m.

SMILE meetings begin at 10:00 a.m. and conclude by 11:00 a.m. SMILE meetings this year have been scheduled for September 18, November 6, January 8, February 12, and April 16.

In addition to PRIDE and SMILE meetings, the Brownell parents are invited to the four regularly scheduled P.T.O. meetings on October 9 (Back to School Night), December 12 (Christmas Concert), March 11, and May 19.

Brownell P.T.O. President Mrs. Lee Allen, is pleased to report that each of the four P.T.O. meetings will be an OPEN HOUSE, with ample opportunities for parents to meet and talk with their children's teachers.

Brownell parents are encouraged to mark these dates on their calendars and plan to come as often as they can throughout the school year. Parents of students NEW to Brownell this year, mainly 7th grade parents, are invited especially to the first meetings of PRIDE and SMILE in September, and to the October 9 "Back to School Night."

In addition, Mr. Christofferson reaffirms the open door policy of the school and invites parents to contact him or any member of the school staff at any time during the school year that the parents desire information or need clarification.

It is only through communication that school and parents can work together most effectively to the betterment of the education program at Brownell.

College level juniors, seniors and graduate students are eligible to take the course, and may enroll by contacting the War Memorial. Questions on the course should be directed to course instructor Elizabeth Williams at 885-8724.

### Center Slates Behavior Class

"Human Behavior Concepts and Methods" is the new three-credit course being offered by the Grosse Pointe War Memorial in connection with Wayne State University's College of Lifelong Learning.

The course, designed to provide insights into recent research in the fields of human behavior, is scheduled for Thursdays from 4:30-7 p.m., beginning September 19.

College level juniors, seniors and graduate students are eligible to take the course, and may enroll by contacting the War Memorial. Questions on the course should be directed to course instructor Elizabeth Williams at 885-8724.

Skating season for the newly-formed Grosse Pointe Skating Club begins Sunday, September 15, and membership applications from area skaters are due by that date.

We admired a new Nat Kaplan coat and dress costume, the coat is a check combination of camel and subtle green and the dress is solid knit. Both are great alone or paired with other wardrobe makers, such as a camel knit/dress. Come, build your wardrobe from the newest of the new fashions at Walton-Pierce.

For example, if nature was too generous when she fashioned your nose, Joyce will select a frame with a dropped bridge. This will shorten the nose and bring it into proper proportion to the rest of your features. This is Joyce's approach to fashion in eyewear... diminishing the less than perfect and accenting the one feature that never gets old... the mirrors of your soul, your beautiful eyes..." 19599 Mack between 7 and 8 Mile Roads... 881-8911.

## Party Honors Harold Horen

Harold Horen, officer and director of the Walton-Pierce Company and president of the Grosse Pointe Commerce and Civic Association for 1973 through 1974, has retired.

A tribute was paid to Mr. Horen by Mrs. William Rust Pierce at a retirement party in the shops of Walton-Pierce.

Charles Wright, III, company attorney, read the following letter to him:

"We, who are the principals and directors of Walton-Pierce Company, wish to acknowledge at this time our deep indebtedness to Harold Horen, an officer and director of the company for over 10 years.

"Mr. Horen came to be with one of us in 1963. He brought with him a broad experience in general merchandising and special talents in financial management. Much more important, however, he brought with him a dedication to his duties and loyalty to us that perhaps no one can ever surpass. While we were engaged in problems of purchasing, inventory and sales, (not to mention customer relations), he carried forward with the major financial concerns of a Grosse Pointe business, handled delicate credit problems, personally supervised all of our shops' housekeeping and met daily maintenance requirements. From as early as 7 a.m. daily to as late as 6 and 9 and 10 p.m. when needed, Harold Horen was on hand, not 5 but even 6 and 7 days a week.

"We have gone through changes of every kind, not the least of which were our establishment of our Somerset store and the shift in location of our Grosse Pointe store, but Harold Horen attended to them all. He was and is our man for all occasions and now that he has decided for personal reasons to retire, we wish to take this opportunity to acknowledge formally and publicly that Walton-Pierce would not be what it is today without his magnificent, self-sacrificing contribution.

"We wish our Mr. Horen God's care for himself and his family and extend to him our immeasurable appreciation and gratitude for what he has done for us and our family."

Henrietta W. K. Pierce, Anita P. Huntington, Irene P. Leonard and Natalie P. Sears signed the letter.

In 1963 Harold Horen joined Walton-Pierce as a controller and corporate secretary with additional duties of chief financial officer. He brought with him a considerable background in the retail field which began in 1926. He represented Walton-Pierce for five years in the Grosse Pointe Commerce and Civic Association and was elected president for 1973 through 1974. He was on the Detroit Area Campfire Council for over 20 years. A regular contributor to the American Red Cross Blood Bank, he probably wears the five gallon pin.

He has great faith in the expansion of business in the Grosse Pointe area. He was presented with a portable Zenith color TV and a Polaroid camera by William Pierce Huntington and Elizabeth L. Fitzpatrick.

His closing remarks were "I couldn't have cared more for the business if it were my own and probably not performed as well if it had been mine because of being over cautious." Both he and his wife, Theresa, invited all those present to visit their home in Fort Pierce, Fla.

It's a fine living tribute to a gentleman who loved the Little Theatre and was a member of the board of directors of the Lanier Library, where his widow is now administrator.

So... the next time you're in Tryon on a Tuesday, Thursday or Saturday, stop by the Lanier Library and ask "Mid" Morgan to show you around. She'll be delighted to point out the new Sidney H. Morgan Performing and Creative Arts Collection—but don't be surprised if several of its books are checked out. A new Tryon Little Theatre season is beginning; local schools are starting to plan their dramatic activities...

That's what's meant by a "living tribute."
