### HEADLINES of the WEEK

As Compiled by the  
 Grosse Pointe News

**Thursday, October 16**  
**PRESIDENT FORD** defended his proposed income tax surcharge yesterday as costing middle-income Americans only pennies a day and predicted it would help bring a "meaningful reduction" in the rate of inflation by early next year. Responding to criticism from both Republicans and Democrats in Congress that his request for a one-year, five percent surtax was too harsh and inequitable, Ford told a news conference the proposal would affect only 28 percent of all individual taxpayers and would not cut significantly into their buying power.

**Friday, October 11**  
**THE DETROIT CITY** Council demanded a congressional investigation into the evictions of Housing and Urban Development (HUD) in Detroit and prepared to leave for Washington Tuesday to confront top HUD officials. The Council also called for a moratorium by Wayne County Common Pleas Court on all HUD evictions and instructed city attorneys to join in a class-action suit filed against HUD last week in Federal Court.

**Saturday, October 12**  
**SEN. EDWARD M. KENNEDY** announced that he would introduce legislation to create a new federal agency to oversee the operation of buses and locomotives.

**Monday, October 14**  
**JOHN D. EHRLEICHMAN** and H. R. Haldeman public in legal papers made public Friday that they urged former President Richard Nixon to call off the dogs in the summer of 1972 to make "a full and complete disclosure" of the Watergate affair. The papers, in which the two former Nixon aides also make numerous other assertions, seek to place much of the blame for the Watergate cover-up on Nixon, who cannot be prosecuted for it because of his pardon by President Ford. The three men, nine women and four whites, most of them in late middle-age, were locked up in a motel and will remain there for the next three to five months. They will hear opening arguments Monday. Watergate Special Prosecutor Leon Jaworski resigned Saturday, saying his decision has nothing to do with the pardoning of the former president. His departure, effective Friday, October 25, will not affect the trial.

**Tuesday, October 15**  
**RICHARD NIXON** was portrayed Monday as an active leader of the Watergate cover-up who, as it began to unravel, tried to hide what he secretly acknowledged was "incriminating" evidence against him. Although absent from Judge John Sirica's courtroom and not a defendant, former President Nixon was the central figure as a prosecutor began outlining the cover-up.

### Woods Senior Citizens Win Costume Contest

Woods senior citizens had a fun Wednesday-Friday, October 2-4, when 46 participated in the Michigan Recreation and Park Association's seventh annual "Senior Citizens' Get-Together." One of the main items on the agenda was a Mardi-Gras party and an ensuing costume contest in which Woods seniors took six of the 10 prizes. Some of the travelers, who are sporting an array of costumes, include (first row, from left to right), IRENE SUTTON, Senior Citizens Commission

chairman; FLORENCE SMALL; HELEN FINDLAY; HARRY FINDLAY; ADELE RYDER; GEORGE KALTENBACH; EMMA KALTENBACH; FRED BILLNER; FRANK BILLNER; and FRANK CINDER. In the second row, (from left to right), are RAY SMALL; ELEANOR LARSON; ANN DIETZ; ARDELL SCHAEFFER; RAZEL ELLIOTT; ANN HOGAN; LEONA RIEHL; ROSEMARY KAMMER; and CATHERINE BROPHY.

### Seniors Have Happy Time At Mackinac

Woods Citizens Grab Majority of Prizes at Seventh Annual Get-Together

Forty-six Woods senior citizens had a wonderful time while participating in the Michigan Recreation and Park Association's seventh annual "Senior Citizens' Get-Together" at Mackinac Island's Grand Hotel Wednesday-Friday, October 2-4, said Irene Sutton, chairman of the Woods' Senior Citizens Commission.

Mrs. Sutton was not only pleased with the turnout but also with the prizes won by Woods seniors in a Mardi-Gras costume contest with citizens from other communities. She said of the 10 prizes offered, Woods seniors won six.

### Adoption of Two Policies By Board of Education Attacked by GPEA Head

Deal with Use of Teachers' Personal Property in Instructional Program and School Property for Political Purposes

By Nancy Kramer  
 A pair of policies adopted by the Board of Education at its regular meeting Monday, October 14, do not sit well with Carl Lord, president of the Grosse Pointe Education Association (GPEA).

The policies deal with the use of teachers' personal property in the instructional program and with the distribution of political materials, and it's Mr. Lord's contention that both substantially violate the contract negotiated between the GPEA and the Board.

The first matter basically calls for a principal-teacher discussion in the event a teacher decides to bring to his class outside materials for which he would want to be reimbursed should damage or loss occur. The teacher and principal would establish the worth of the item(s) as well as the length of time the property would be in the school building.

### ULS Happy With Rink Enclosure

New Facility, Which Cost \$300,000, Opens This Week; Open House Set for All Residents

By Roger A. Waha  
 "A very appreciable asset for our program" is how University Liggett Headmaster Raymond P. Robbins described the enclosure of the McCann Ice Rink, the construction of which is now completed.

We expect to begin skating this week with the facility being used in a limited way in October, he said. The full operation of the rink begins in November and concludes in mid-March.

### Park Firemen Blame Arsonists For Four Blazes

Benches, Picnic Tables and Brush Piled Up to Start Fire in Three Mile Park; Gasoline Used to Burn Leaves, Hedges

A rash of fires in the same general vicinity, beginning Saturday evening, October 12, caused concern for the Park Fire Department. The department responded with an engine and three men to each of the four fires.

It is believed that all the fires were deliberately set. The first, reported at 9:30 p.m., involved two park benches, two picnic tables and brush piled together at the Three Mile Park.

The next, reported approximately one hour later, occurred at 1004 Balfour road, where leaves were burning in the gutter on the street. Park Fire Chief Philip Costa said a flammable liquid substance was possibly used to ignite the fire.

Four Gas on Hedges  
 At the third fire, reported at 11:30 p.m., firefighters stated vandals had used gasoline to ignite the hedges at 873 Balfour road.

In the last fire, reported at 12:15 a.m. Sunday, October 13, firefighters noted that vandals once again had used gasoline to ignite the leaves in the gutter on Balfour road, and had left behind a five-gallon gasoline can.

Chief Costa emphasized that gasoline used in this manner was a danger not only because it can cause a fire to spread so quickly, but also because it can splash on the person and set him on fire.

Lt. Gordon Duncan of the Park Police Department added that arson was a serious offense. Arson to woods or grounds is a four-year felony, and arson to a home or dwelling is a 20-year felony.

### Ignore City Directive to Go to Work

Object to Reassignments and Cutback of Guards at Certain Corners by Woods Officials

By Roger A. Waha

In a series of hectic developments last week on The Woods school crossing guard front, the city's 17 guards were fired from their jobs when they didn't report to work Friday afternoon, October 11, after a city directive.

Previous to this telegram, which the guards received last weekend, the city sent them an earlier telegram on Tuesday, October 8, directing them to report for their duty assignments to Traffic Safety Officer Stephen Patrick on or before 2 p.m. on the 11th.

This communication also advised the guards that, in the opinion of City Attorney George Catlin, they were involved in an unlawful strike as defined in Public Act 236 of 1947. "Failure to report for assignment shall be grounds for disciplinary action," said the telegram. Mr. Catlin stated this public act says public employees are prohibited from striking.

After they received this communication, 13 guards went to city hall Thursday, October 10, and conversed for over an hour with Public Safety Director Henry Marshall and Officer Patrick.

Crossing guard Mary Moloci said the guards told the officers they wanted to return to their regular corners and stressed their concern over reassignments.

As for their decision not to report on the 11th, Mrs. Moloci stated the guards felt they should stand by the position they originally took on the reassignment question, plus the cutback of guards at certain corners.

Then came the telegram which told the guards their services with the city were terminated for their failure to report to work as directed. "The guards were expecting this," she commented. "We will all wait and see what transpires next."

In this regard, Mrs. Moloci said the guards will wait for word from their union, Metropolitan Council 23 AFSCME-AFL-CIO, and also for developments at a hearing before the Michigan Employment Relations Commission, scheduled for Thursday, October 30, via the union's recently filed unfair labor practices charge against the city.

Kenn Classified Ad  
 The city has run a classified ad in this week's edition of the NEWS after these developments took place. It asks men and women who are interested in part-time crossing guard work, (approximately two hours per day, Monday-Friday), to apply for such work at the Municipal Building, 20025 Mack avenue.

City Administrator Chester E. Peterson said last week that the crossing guard union apparently rejected the city's last best offer, which included a 1974-75 wage rate of \$2.20 a half hour, (per crossing), which is up from the guards' previous rate of \$1.90 a half hour, (per crossing).

As part of the city's proposal, dated Friday, September 27, it was their understanding that the union would take it back to its membership for a secret ballot election supervised by the Michigan Employment Relations Commission. Mr. Peterson stated apparently no secret ballot election has taken place.

He also said the city was sending the guards a telegram informing them they were conducting an illegal strike, (the October 8 communication).

Mrs. Moloci confirmed that no secret ballot election was held. However, she said, the guards met Thursday, October 3, and by a show of hands unanimously nixed the city's offer because of what she

### \$18,424,546 To Be Spent For Schools

Budget Approved by Board of Education Includes \$675,472 for Library Operations

The Board of Education unanimously passed a resolution adopting the proposed 1974-75 budget, a total package amounting to \$18,424,546, at a regular meeting held Monday, October 14.

During the public hearing held on the budget, Monday, September 30, Dr. James A. Adams, superintendent of schools, and his administrative staff pointed out to the community that it would cost \$18,424,546 to provide quality education for the 11,611 students enrolled in kindergarten through the 12th grade.

The public was also told at that time that \$4,123,000 of the total would be set aside for debt retirement, and the \$675,472 for the operation of public libraries.

The Board feels the budget is in keeping with the instructional programs they have outlined, and that it meets all commitments made to citizens at the time of the April millage election.

### Council Can Attend Parley

The Woods Council unanimously authorized any of its members to attend the 50th Anniversary Congress of the Cities and Exposition December 1-5 in Houston, Tex., with the reimbursement of all necessary expenses.

This action was taken at the regular meeting Monday, October 7.

Before the final vote was taken, Councilwoman Joan M. Mullan asked if such a trip was necessary or valuable. Mayor Benjamin W. Pinkos said this is a decision each individual would have to make regarding the expense of information and experience from such a program.

Councilman George S. Freeman stated, "As I've said in previous years, I feel there's value in this type of meeting." He noted much information can be obtained at such a session with "our city becoming acquainted with how other cities operate."

The program will open with the annual State of the Cities message followed by theme-oriented sessions on topics of timely interest to city officials. The exposition will feature commercial and other exhibits to help city officials stay up-to-date on new municipal equipment, systems and services. Business sessions also are scheduled to transpire, according to an invitational sheet on the confab.

### Downward Trend in Cases Continues, Reports YSD

A downward trend in complaints processed observed in July and August continues in September, reports the Youth Service Division (YSD).

During September, 47 complaints were referred to the YSD. Of these, one was an investigation of the abuse of suspected marijuana but this proved to be unfounded as the substance involved was oregano. So the total is actually 46.

The monthly case load of 46 is a decrease of 16 under August 1974.

Through last month, the overall total is 537. Although this remains an increase of 18 over the same period last year, the declining trend for July-September remains

### Ferber Reports Soaring Crime Trend in Farms

Farms Police Chief Robert Ferber presented a gloomy series of crime statistics for The Farms at the Farms Council meeting, Monday, October 7.

In his remarks, Chief Ferber gave a comparison of 1973 records to the statistics already compiled for 1974 in the areas of burglaries and robberies.

In all of 1973 there were 36 actual burglaries committed and 11 attempted. In the first three quarters of 1974 that record has already been surpassed with 40 actual burglaries committed and 12 attempted burglaries.

Chief Ferber said only 30 percent of these burglaries have been cleared by arrests as compared to an average

clearance rate of approximately 70 percent over the past five years for this crime. He noted that if this year's trend continues, "The Farms may approach the 73 burglaries and 13 attempted burglaries committed in 1971, which was the high in a five-year period."

In the category of robberies, three were committed in The Farms in all of 1973. Chief Ferber said six armed robberies have been recorded in the first three quarters of 1974, of which five have been cleared.

This is already a five-year high, surpassing the five robberies committed in 1970 and is a five-year high for armed robberies with the six com-

### Preschoolers Being Tested

Between October 7 and November 15, members of the public schools' Department of Pupil Personnel are examining all children in the school district who will be four years of age on or before December 1, 1974. This is the group of children who will enter kindergarten in September, 1975.

The screening process assesses each child's development in the areas of speech, language, vision, motor coordination, hearing, reasoning, perception, and general intellectual maturity. Parents will be informed by letter of the results of the examination.

For students identified as most in need of remedial assistance, a Preschool Educational Program will be initiated following completion of the screening examinations.

The preschool screening program will serve as a basis for selection of candidates for the Summer Speech and Language Program, as well as for the district's Developmental Kindergarten classes.

Examinations will be conducted by psychologists and speech correctionists and trained volunteers from the Delta Gamma Sorority alumnae will perform vision examinations of each child which meets the State requirement of a vision test prior to entrance into kindergarten.

In conjunction with American Education Week, Monday-Friday, October 28-November 1, the schools' Department of Pupil Personnel will present an afternoon seminar to discuss the purpose of the preschool screening program and other related educational opportunities available throughout the public school system.

The session will be held at 1:30 p.m. on Tuesday, October 29, in the Board Room at the Administration Building, 389 St. Clair avenue. Interested citizens are cordially invited to attend.

### Arrest Suspect after Assault

James McNamara, 25, of Touraine road, was arrested by Farms Police about 8:30 p.m. Friday, October 11, and charged with felonious assault in an incident that occurred a short time earlier Friday evening, Farms police reported.

The man was released into the custody of his parents and attorney after his arraignment Saturday afternoon, October 12, and after posting a \$5,000 bond. He will appear before Farms Municipal Judge Robert H. Pytell for an examination on the charge Wednesday, October 23, at 11 a.m.

Police said they received a report from a Touraine road resident about 8 p.m. Friday that four young girls had been accosted by a man while on a scavenger hunt in the 200 block of Touraine.

The girls told responding Officers Johannes Winter, Clarence Reichling and Kenneth Pine that they rang the bell at a home on the street and left when it appeared no one was home. One girl, who is 13 years of age, told police the man, who is believed to have come from that house, chased after the girls and grabbed her arm, holding an open knife blade to her throat. The girls told police they were first threatened and then the man fled without injuring any of them.

Police said the girls went to another Touraine road residence and notified police. Upon investigating the case, Farms officers went to the McNamara home where a houseguest informed them that McNamara had gone to the Sears, Roebuck store at Mack avenue and Moross road.

Police reported Officers Reichling and Pine went to the rear parking lot at the store, and saw a car fitting the description of the one the suspect was using and they stopped and arrested the man as he drove from the parking lot. Police said a knife was found in his possession.

Farms detectives obtained a warrant charging the man with felonious assault Saturday morning, October 12, from the Wayne County Prosecutor's Office.

### Lawn Riding Trio Caught

Three St. Clair Shores youths, who apparently damaged a combined total of nine lawns in The Shores and Woods, were apprehended after a resident gave chase and blocked the trio's escape Sunday evening, October 6.

Youth Service Division Detective Donald Schmalz said the two 16-year-olds and the 15-year-old will make restitution for damages. Their parents also will take corrective action, he added.

Woods Public Safety Officer Michael Giffer received information that a vehicle involved in an accident at Glen Arbor near Morningside drive was wanted for lawn damage at three Sunningdale drive homes and at six residences in The Shores.

The citizen said he pursued the auto after it ran over his lawn and into some shrubs. He chased the car to Glen Arbor, which is a dead end street, and parked his vehicle to block the roadway. When the accused trio attempted to get around his car, they rode over the lawn at a Glen Arbor residence.

When the citizen tried to prevent the youths' escape by positioning his vehicle in front of their auto, his car hit the youths' auto on the right side.

Shores Public Safety Officer John Frasad also was at the scene and reported the 16-year-old driver told him he did some lawn damage in The Shores.

After being taken to The Woods station, the trio said they thought they ran over approximately 10 lawns.

Shores police said four South Duval homes and two North Duval residences received lawn damage.

### Slate Hearing on Lawsuits

A hearing on two separate lawsuits filed by Woods public safety officers against the city and Public Safety Director Henry Marchand was adjourned to Friday, October 18, as the court asked both attorneys in the case to file briefs.

The hearing, which will be held in the courtroom of Wayne County Circuit Judge James N. Canham, focuses upon the lawsuits which cite

alleged injustices and irregularities in promotional procedures during the recently conducted public safety department promotional examinations.

The lawsuits were filed by Detective Sergeant Bernard Kelly and by the Grosse Pointe Woods Police Officers Association (GPWPOA), on behalf of Corporal Thomas Kervin, Detective Donald Sun, Youth Service Division Detective Donald Schmalz and Officer Theodore Hinz.

YSD Detective Patrick Fagan, GPWPOA president, said he was optimistic over the court's action on Friday, October 11. "If the judge felt there was nothing there, he could have dismissed the lawsuits," he said.

An error in the Lake Front Park improvements bond resolution approved by The Woods Council at the September 9 meeting prompted the solons' approval of a corrected measure at the regular meeting Monday, October 7.

The schedule has been amended as follows regarding maturation: \$30,000, October 1, 1975, (in the previous measure the year 1976 was given), \$50,000, October 1 of each year from 1976, (previously listed as 1977), to 1981, inclusive.

In a sloping yard, a raised deck gives maximum usable area with minimum soil disturbance.

### Correct Error With Measure

An error in the Lake Front Park improvements bond resolution approved by The Woods Council at the September 9 meeting prompted the solons' approval of a corrected measure at the regular meeting Monday, October 7.

The schedule has been amended as follows regarding maturation: \$30,000, October 1, 1975, (in the previous measure the year 1976 was given), \$50,000, October 1 of each year from 1976, (previously listed as 1977), to 1981, inclusive.

### To Face Court on CCW Charge

A 24-year-old Detroit man, on a charge of carrying a concealed weapon, is scheduled to appear in Wayne County Circuit Court on Wednesday, October 30, for further disposition, reported Woods police, after the arraignment and pre-trial of Edward Albin Wunderlich, of 10861 Peerless, on Wednesday, October 9.

The suspect was stopped on August 31 after officers said he ran a red light at Mack avenue and Vernier road. A search of his vehicle revealed a loaded five shot .32 caliber revolver, resting in a shoulder holster, in the glove compartment.

Police also found cigarette papers, two bags of suspected marijuana, an electric battery-powered pipe and a box containing 19 disposable syringes.

Wunderlich wasn't charged with a "traffic" violation for possession of suspected marijuana, police said.

The reason for this stems from a Michigan Supreme Court and State Court of Appeals decision that says if a suspect allegedly commits a number of offenses in a continuous time sequence, both misdemeanors and felonies, where the offenses arose out of the same transaction and aren't related, the suspect can only be tried once, officers stated. A decision must then be made on which offense he would be charged with.

### Camera Club Meets Oct. 22

## Set Book Fair at GP Academy

The Grosse Pointe Academy will hold its Annual Book Fair Wednesday, through Friday, October 23 to 25 from 10 a.m. to 4 p.m. in the main school building. The Academy campus is at Moran road and Lakeshore drive, and parking is available from the Moran entrance.

Everyone is welcome to go and browse among the outstanding selection of books for all ages, hard cover and paperback, including best-sellers, craft books, cook books, art books, dictionaries,

children's books and series. In addition, the fair has puzzles, mazes and calendars. "The Winnie-the-Pooh calendar and the Joan Walsh Anglund books are some of our best-sellers. It's best to buy Christmas books now before they get sold out at the stores," says Mrs. Don T. Galvin, school librarian, who helps in the selection of books.

This year, for the first time, the fair will include a display of encyclopedias from a number of publishers, so parents may pursue available materials and ask questions about them.

Mrs. Pat A. Mascar, Fair chairman, explains, "the school gets so many requests for guidance from families ready to purchase an encyclopedia that we decided to get the publishers' representatives all in one place at one time. This is a new service for the area, and it should be helpful to many parents." Among those on display will be World Book, Compton's, and New Standard. Orders may be placed with the publishers' representatives.

Volunteer mothers from the school will be helping with selections and purchases. "It's easy to get volunteers for the fair," says Mrs. Mascar, "because it's so much fun. The only problem is sneaking the books into the Christmas closet before the children see them."

It strengthens your bluff if you know the other fellow is playing the same kind of game.

Are you sure the gas station's open?

## Soaring Crime Rate in Farms

(Continued from Page 1)

Chief Ferber said an analysis of this year's statistics indicates a different type of criminal is operating in the city this year as opposed to recent years.

He said the area is experiencing an influx of the professional, transient criminal who makes his or her living through crime and has a lengthy previous conviction record. This is in contrast to the local area narcotic addict of the previous five years' experience.

He stated that 75 percent of those persons arrested for breaking and entering or rob-

bery are hard narcotics addicts as compared to a 90 percent narcotic offense rate over the previous five years' statistics.

As an example of this type of criminal, the chief noted the arrest of a subject believed to be responsible for a theft from the Country Club of Detroit. This man is now wanted by three other metropolitan area police departments on felony warrants and is out on bail on a burglary charge in Macomb County.

As a result of his description and method of operation he is suspected of a theft from the convent at St. Paul's

Church and a total of eight burglaries and attempted burglaries in The Farms within the past two months. Chief Ferber said the man has a long criminal conviction record.

The chief noted the F.B.I. crime statistics recently released that indicate crime in suburban areas will continue to rise. He told the councilmen that a doubling in criminal occurrences within the next 10 years can be anticipated.

Chief Ferber said that while his statements were pessimistic, crime statistics in The Farms must be compared to the more serious index crimes — murder, armed robbery, burglary, forcible rape, larcenies over \$100, auto theft — which are computed statewide and on a national basis per 100,000 population.

In these categories, he said The Farms has no crime problem with the exception of larcenies over \$100. He noted that this was primarily due to the high incidence of bicycle thefts in the city.

This is no consolation or reason to ignore the crime problem in The Farms, the chief said, adding that extensive planning in the areas of staffing, operational procedures and police services will be an increasing need.

Councilman James Dingeman, acting mayor at the meeting, told the chief that members of city government are alert to the problem. He stressed that individual homeowners and businessmen must take the initiative to protect their properties in this time of rising criminal activity.

The Farms Police Department has available brochures outlining steps homeowners can take to safeguard their properties against burglaries. They also have a program whereby valuables may be specially marked to aid recovery in the event the items are stolen.

This information may be obtained at the department, 98 Kerby road.

## Students Seek 50,000 Pennies

It makes "cents" to collect pennies say 12 youngsters at the University Liggett Middle School. They are out to gather up 50,000 of them to pay for an animal for the Detroit Zoo as a Christmas gift by December 10, according to Mrs. Jane Renaud, science coordinator at the school, whose youngsters are carrying out the project.

The zoo will get its Christmas gift ahead of the traditional visit of Santa Claus, however. He is flying in to the zoo this week from New York with a three-year-old male chimpanzee in his knapsack which was obtained from an animal dealer in that city.

With a price tag of about \$800, Dr. Robert F. Willson, director of the Detroit Zoological Park, wants to use whatever pennies the youngsters collect to help pay for the chimpanzee, which will be a part of the zoo's animal acts for children.

The first installment of pennies will be given to Dr. Willson Friday, October 18 at 10 a.m. in the main office of Detroit Bank & Trust, 211 West Fort street.

"We'll consider the chimpanzee as an early Christmas gift from some very public spirited youngsters," said Dr. Willson.

The decision to collect pennies, reports Mrs. Renaud, was a result of a recent visit to Detroit by Mrs. Mary T. Brooks, director of the United States Mine, who launched a nationwide campaign at Detroit Bank & Trust on September 16 to encourage

youngsters to turn in their pennies from piggy banks, pickle jars and sugar bowls.

Dr. Willson will take advantage of a penny counting machine in the bank's main office to tally up and then cash in the first batch of pennies the youngsters from University Liggett turn over to him.

At a rally in the school's auditorium, the 13-year-old eighth graders in Mrs. Renaud's class announced plans for a penny-wishing fountain to be put up in the hallway and then called on all the children at the school to collect and hunt up pennies and then turn them in at the school.

Periodically through December 10, the children will then turn them in to the bank for counting and cash.

Each year, Mrs. Renaud explained, students at the school develop programs to involve themselves in community action and as a result gain an early introduction to the concepts of civic and social involvement.

that if GPAC were allowed to distribute literature on one candidate through faculty mailboxes and bulletin boards; all candidates would have to be given that same advantage.

Mr. Lord then explained to Mrs. Hanpeter that each candidate is interviewed so all viewpoints are available to staff members. "It is not one-sided," he said.

In spite of Mr. Lord's objections, the trustees moved to adopt both policies, voting their approval unanimously.

When contacted later, Mr. Lord said GPAC would continue to support candidates and, if necessary, the GPEA would seek resolution of the problem through arbitration or the courts.

"We have no choice but to continue our long-time practice of endorsing candidates," he said. "The Board has done irreparable damage to the Association's role in politics."

## The Beauty and the Beast.

Audi. A luxury car. With an interior you can hardly tell from a Mercedes 280. Just about as much legroom and headroom as a Rolls-Royce Silver Shadow. And more trunk space, actually, than a Continental Mark IV.

The Audi 100LS. A beauty. But much more than just a pretty face.

A performance car. With front-wheel drive like a Cadillac Eldorado. Independent front suspension like an Aston Martin. Rack-and-pinion steering like a racing Ferrari. And getting about 24 miles to the gallon.

It's a lot of cars for the money. That's the beauty of the beast.

A lot of cars for the money.

## Invest in the Detroit Symphony.

The Detroit Symphony is one of our greatest cultural assets. Certainly its contribution to our community can't be measured solely in monetary terms. But, unfortunately, money matters. And going to the Symphony just isn't enough to keep the Symphony going.

It will take \$1,500,000 over and above that earned from ticket sales, concert fees, grants, and endowments.

That's a lot of money. But precious little when you consider that 500,000 Detroiters benefited last

year from regular concerts, educational concerts for children, a tour of 30 inner-city schools, the Summer Music Theater, and performances by the Detroit Symphony Youth Orchestra as well.

To help us keep one of the greatest symphony orchestras in the country in our city, fill out the coupon and send us your tax-deductible contribution (check payable to the Detroit Symphony Orchestra, Inc.).

It'll be one of the soundest investments you ever made.

**Center for TM Keeps Active**

Fall activities keep the Grosse Pointe Center for Transcendental Meditation (TM) in the Colonial Federal Building, 63 Kerecheval avenue, a busy place.

The center boasts 580 meditators and seven teachers of TM from the area, including the chairman of the Detroit World Plan center, Andrew Leonard, and Dan Balow, the current president of AFSCI-Detroit. AFSCI, (the American Foundation for the Science of Creative Intelligence), is the organization through which TM is made available to business, industry and government.

Liz McIntyre and Irene Kearney are currently in Switzerland where the former is completing the six-month Teacher Training Course. The latter, who finished her studies in September, has been asked to continue on as an instructor.

Ken Peterson, also from the Pointe, is at Michigan State University this semester where he is teaching TM. Pete Armstrong and Tom Macintosh are both teaching TM in Ann Arbor and Chris Stocher, another Pointer, is preparing to leave for Switzerland in December to begin the Teacher Training Course.

This task force, with plenty of help from local volunteers, is busy preparing for a national symposium to be held during World Plan Week Sunday-Saturday, November 10-16.

Making Detroit one of five stops on a cross-country lecture tour, faculty from Maharishi International University will present the current medical research and applied value of TM in three meetings — a dinner for the professional community in business, industry and government at the Detroit Athletic Club on Wednesday, November 13; a presentation to the medical community at Wayne State University's School of

**Woods Views Change in Law**

The Woods Planning Commission unanimously approved several recommendations for the council's consideration on amending Ordinance No. 128, (which regulates the erection, construction and alteration of signs in the city). This action was taken at a recent commission meeting.

Four recommendations were made including:

- Prohibit all future roof signs.
- All existing roof signs to be classified as non-conforming must be removed by January 1, 1980.
- Any change of occupancy of a building having a roof sign shall require the removal of such sign.
- The height of pole signs is to be restricted, the maximum height of which is not to exceed 20-feet or the height of the building, whichever is lower.

The amended ordinance is scheduled for presentation to the council at a future meeting.

**ACCOMPLISHMENT**  
It's always the results that count in the final analysis — not great plans or promises.

**Park Problem Being Studied**

A proposed ordinance with the City of St. Clair Shores regarding the enforcement of rules and regulations governing Lake Forest Park was discussed by members of The Woods' Citizens' Recreation Commission at its Tuesday, October 9, meeting.

But, at this time, nothing so far has been resolved.

Mary Babcock, commission member, said, "We will discuss it again but we need to get together with George Catlin, (city attorney). We have to try to find out what is legal and what is not."

She said the commission hopes to meet with Mr. Catlin on or before the group's next meeting in early November. "We can't make any recommendations without further information," she stated. Meanwhile, Mr. Catlin said he will meet with the commission at their November session.

**Memorial Church Picks Leaders for Program**

Gilbert Hudson, of Beverly road, and Ronald K. Delby, of Cloverly road, were chosen leaders for the Grosse Pointe Memorial Church's "Stewardship-Commitment" program, which began Loyalty Sunday, October 3.

The early church saw its task in a threefold way: to study the "good news," to share that news in worship, fellowship and with money, and to serve others in the name of Christ.

The church hopes to help its members continue this Christian tradition through this program. Studying, sharing and serving are the three "S's" involved in the church's membership commitment drive.

**City Managers Attend Meeting**

Three Grosse Pointe city managers are attending the 90th annual conference of the International City Management Association, being held this week from Sunday, October 13, through today, Thursday, October 17, in Dallas, Tex.

Robert Stone from The Park, Thomas Kresbach from The City and Chester Petersen from The Woods are meeting with other management personnel for the professional program which treats the four track subjects: professionalism, services, management and "nuts and bolts," (focusing on small city issues).

## PIANO

## Nedzi Explores Revenue Sharing

Relative entitlements due The Woods and Harper Woods on the revenue sharing front were explored in a recent letter to Woods City Admin-

istrator Chester E. Petersen from Congressman Lucien D. Nedzi.

Mr. Petersen sent the congressman a copy of his letter to the director of the Office of Revenue Sharing relative to the city's fiscal year entitlement.

At the request of Congressman Nedzi, revenue sharing officials reviewed all pertinent data on both cities' relative entitlements. "I have been advised that the greater allocation to Harper Woods is fully consistent with the distribution formula," the congressman said.

"That formula takes into account population, adjusted taxes and per capita income. The heaviest emphasis is on the last of these; the per capita income figure is squared in the computation. All other things being equal, cities having lower per capita incomes are entitled to higher entitlements than wealthier cities.

"While the two communities' populations and adjusted taxes are virtually equal, their respective per capita incomes are substantially disparate. Grosse Pointe Woods' income is approximately 140 percent that of Harper Woods'.

"When 140 percent is squared, the result is about 196 percent.

"Accordingly, since the other factors almost cancel out, the Harper Woods F.Y. 1975 revenue share is approximately 196 percent of that of Grosse Pointe Woods."

## Making Plans for Miss GP Pageant

Photo by Rick Montgomery

Several members of the Miss Grosse Pointe Scholarship Pageant committee met earlier this month to arrive at a theme for the event which will be held April 5 in the Fries Auditorium of the War Memorial. The theme selected is called "This Is Our Country." Committee members ranging to go include, (from left to right), HELGA FIRNSCHILD, who's in charge of chaperones; RICK STANDER, pageant director;

SHERRY CHIVAS, pageant auxiliary chairman; GEORGE A. WILLIAMSON, general chairman and publicity director; VICKI BASH; and LINDA FINGER. The Jaycees hope that all entries and ads for the programs book will be in by January 26. Tom Andris and Gilbert Finger are heading the entries and anyone desiring information may call Mr. Finger at 886-8487.

## Woods Okays First Reading of Proposed Law

The Woods Council unanimously approved the first reading of a proposed ordinance focusing upon the

city's building code and set the date of Monday, October 21, for its second reading and possible final adoption. This action was taken at the regular meeting, Monday, October 7.

With the adoption of the measure, the city's building code will be the BOCA Basic Building Code, (fifth edition, 1970), and the BOCA Basic Building Code accumulation supplement, (1973 edition), pursuant to the provisions of a section of the State Construction Code Act, (Act 230 of 1972).

At the same time, the proposed law would repeal existing Ordinance 203, (the 1960 edition of the Basic Building Code), and Ordinance 228, (which centers upon swimming pool regulations).

"The city is now going to the current code with the 1973 supplement," said Building Inspector Earl Wakely. "With the ordinance's passage, every municipality in Michigan will be using a nationally recognized code."

It can be a well-beaten path, and still not the right one.

City officials also note, with the measure, local control will be retained over the design, construction, alteration, enlargement, equipment, repair, demolition, removal, conversion and the use of maintenance of all buildings and structures in The Woods.

## Cinema League Meets Oct. 24

Pierre and Elfrida Palmertier will present "Let's Go to Amsterdam and Copenhagen!" At the Thursday, October 24, meeting of the Grosse Pointe Cinema League.

The color motion picture will be shown at 8 p.m. in Fries Auditorium. The film, photographed in May of this year by Mr. Palmertier, will be narrated by Mrs. Palmertier. The showing is open to the public and there is no admission charge.

The Amsterdam portion of the program takes the viewer

on a trip through the many canals and the harbor of the city. There also is a visit to Rembrandt's home, now a museum, and views of the world's largest flower auction house at Aalsmeer.

A train trip aboard the Scandinavian Express to Copenhagen, Denmark, is featured. There, the Palmertiers joined a large group of travelers on the War Memorial's Scandinavian trip.

The Palmertiers were two of the founders of the Grosse Pointe Cinema League, and served as its second and third presidents.

The organization is celebrating its 20th anniversary next month.

Following the program for Cinema League members and their guests, a local hour will be held under the chairmanship of Mrs. Charles Holm and Dorothy Haycock.

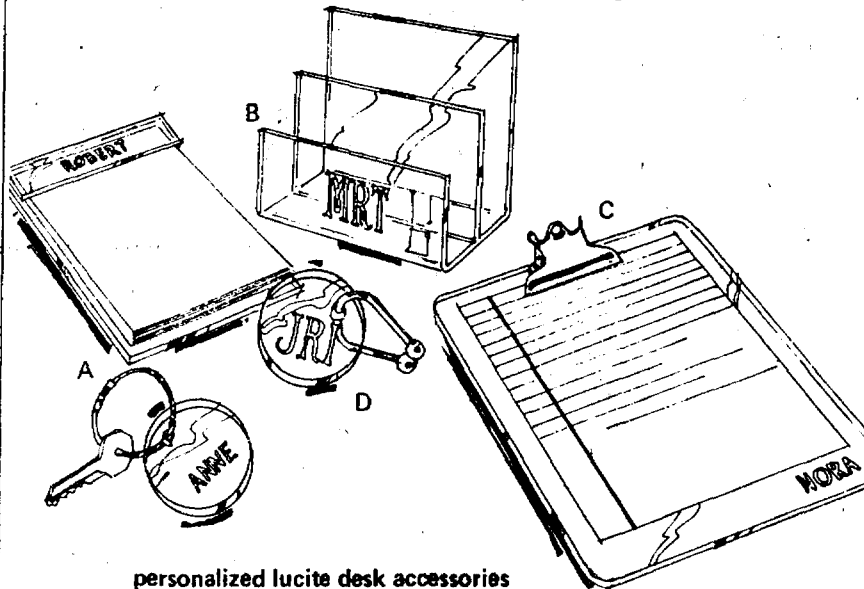

## Carilloneurs Plan Recital

There will be a 40-minute carillon recital beginning at 12:30 p.m. at the Grosse Pointe Memorial Church, 16 Lakeshore road, on Sunday, October 20. It will be given in honor of the church's new organist and choir director, Paul L. Reynolds.

Mr. Reynolds begins his first Sunday at the church after coming from the Church of Covenant in Cleveland, O.

Douglas Edwards and David Smith, Memorial Church carilloneurs, will play a variety of hymns as well as works by Handel, Bach and Percival Price, a former University of Michigan carillonneur.

## Park Solon Aids University

The South Dakota State University Alumni Association (SDSUAA), will have its long-desired Alumni Center, thanks to the generosity of a Park councilman and his two brothers, all of whom are graduates of the university.

The trio celebrated their graduation anniversaries by pledging large donations to the Alumni Association's kick-off fund drive.

The project, which has been under consideration for more than two years, was given its first big boost in June 1973 when Councilman Charles S. Tompkins, (Class of 1928), and his brothers, Arthur W., (Class of 1918), and Lawrence R., (Class of 1923), pledged a large gift to the Center.

The Alumni Council accepted their pledges with the decision to call the new center the Tompkins Alumni Center. Since the brothers announced their gifts, other alumni members have responded by giving their pledges and support.

In addition, the South Da-

kota State University Foundation has made a contribution of \$7,500 to the Alumni Building Fund.

To date, more than half of the needed \$150,000 for the project has been received or pledged and the 22,000-member SDSUAA's new home should be built by 1978.

Since the Tompkins' gift pledge, more than \$87,500 has been pledged toward the \$150,000 goal.

The Tompkins brothers, starting with Arthur and followed by Lawrence and Charles, celebrated their 55th, 50th and 45th graduation-year anniversary, respectively, with their pledges.

## Wants Broken Glass Cleared

A plan to rid The Woods of broken glass was unanimously received, placed on file and referred to the public safety department by the council at the regular meeting Monday, October 7.

North High School student Karry Jursek, of Fairway drive, wrote the solons and asked, "Can't something be done about the glass covering the sidewalks? There is never a place free from all this litter."

Continuing she stated, "As a result, people get cut feet, torn tire tubes and glass aggravating skinned knees. Many high school kids don't consider this problem since they hardly use sidewalks, but elementary school children are confined to the sidewalks."

She also said some children, who fall off bikes, run the danger of getting small pieces of glass inside their cuts.

"Many mothers and especially the children would be very grateful if you could devise some way to clear the

## PWP to Hold Open Meetings

The Grosse Pointe Chapter 182 of Parents Without Partners, (PWP), invites all eligible single parents to attend their general membership meetings. Residency of Grosse Pointe is not a requirement.

The meetings are held on the second and fourth Friday of each month at the War Memorial, 32 Lakeshore road.

Membership is offered to any single parent whether divorced, widowed or separated. A social hour of coffee, cake and conversation begins at 7:30 p.m. An orientation is held at 8 p.m. for prospective members to find out what the chapter could offer them.

After a brief business meeting, a speaker of interest to single parents will give a talk. After the meeting, for those who wish to extend their evening, a place to meet for an "afterglow" will be announced.

The group's philosophy believes that "single parents" are all "Parents Without Partners." Custody of children does not affect eligibility.

## Police Recover Stolen Chair

Shores police have recovered one of four chairs which were taken from the patio of a Michaux lane home. The theft was reported on Monday, October 7.

The white wrought iron wing back chairs were part of a set which also consisted of a round table which was purchased two years ago for \$350. The resident believes the chairs are worth \$175 at this time. She last saw the set complete while in her yard on Friday, October 4.

Officers said one of the chairs was found in the shed at the rear of the Vernier School Wednesday afternoon, October 9. It was returned to the resident.

The investigation of this incident is continuing.

Those who live beyond their income travel the road to ruin.

## New ULS Players Strive for Educational Theater

By Nancy Kramer

Used to be University Liggett School staged one big theater production a year. Used to be juniors and seniors who got first consideration as far as prime roles went, too.

That's all changed now, though, with the birth of the New University Liggett Players, a group of students hoping to make good on the concepts of the school's new drama teacher, Richard Schwab.

The director of the New ULS Players is a Theater Arts graduate of Brown University, who holds impressive credentials. He was president of Brown's "Society and Business," the oldest college dramatic organization in the country and he's responsible for organizing the first Summer Theater in Providence, R.I., which is currently in its sixth season as The Brown University Summer Playhouse.

Mr. Schwab has appeared off-Broadway and in the national television series, "The Edge of Night," and he's worked in regional theaters on the East Coast and at the Cincinnati Playhouse in the Park.

Prior to taking the position at ULS, Mr. Schwab was Director of Theater at The Fessenden School, West Newton, Mass.

He also spent time working at Boston University with Word Baker, director of the original productions of "The Crucible," "The Last Sweet Days of Isaac," and "The Fantasticks." He is currently a member of the company at The Port West Playhouse in Tiverton R.I. where he most recently played Don Baker in "Butterflies are Free," and Paul Friedman in "6 Rms Riv Vu."

Mr. Schwab has selected three productions for the Players to work on during the year, and with the help of a dedicated committee of interested ULS mothers and the Players themselves, has made arrangements for them to be offered on a subscription basis.

Pledging innovative, educational theater, the Players, in an introductory statement, promise not only to please themselves with their productions, but also the community-at-large, and hope the experience will be equally meaningful to both participants and audiences.

The second presentation, an adaptation of Shakespeare's "Two Gentlemen of Verona," is slated for Thursday and Saturday, December 20 and 22.

The last play of the season will be William Gibson's "The Miracle Worker," based on the true story of the struggle between Helen Keller and her tutor, Anne Sullivan.

Series subscriptions for all three plays are available at \$5 a person and series sponsorships are \$10. Individual tickets also will be sold at the door.

The Players are also thinking in terms of the future and hope, eventually, to take their shows on the road. Prospective audiences might include students at other schools or church groups.

Ruling out any profit motive, Mrs. Schwab said "We would even be willing to stage the productions for free, initially, just to get people behind the idea of a traveling troupe."

"Maybe we could do it for cost," he remarked as plans were being tossed around, "or maybe just for a better production the next time."

The founding premise behind the Players seems clearly to be one of public acceptance and artistic self-gratification and, if their acting is as positive as their thinking, they shouldn't have any problems gaining either.

As Mr. Schwab concluded, "If you do theater well, it appeals to anybody."

**Set Sentencing Date for Pair**

Two men who pled guilty to attempted larceny from a building, the maximum sentence for which is two years in prison, are scheduled for sentencing on Wednesday, October 30, reported Woods police.

The pleas of Daniel Sherwood Gibbs, 20, of 11117 Borgman, Belleville, and Walter Joseph Clerpial, 21, of 3334 East Ferry, Detroit, were taken at their Wayne County Circuit Court trial on Wednesday, October 9, police added.

The pair, along with John Preston Rials, 20, of 29314 Cahalan, Roseville, were nabbed by Woods police on March 19. Rials wasn't charged in The Woods because he was being prosecuted a St. Clair Shores on a breaking and entering of an occupied dwelling charge.

Officers said Rials was sentenced in Macomb County Circuit Court to from six to 15 years in prison on the burglary charge.

Police stopped the trio with one headlight illuminated and found two television sets, a record player and radio inside the auto.

Investigation revealed these items were taken during the burglary of a St. Clair Shores home.

**Farms Accepts Bid for Heaters**

The Farms Council, on Monday, October 7, approved a bid in the amount of \$3,580 for the installation of four 100,000 BTU gas-fired heaters in the city. The bid, the lowest received by the city, was made by Roul's Plumbing and Heating Co., Inc.

Three of the heaters will be used in the Pier Park bath house where humidity is causing the interior to deteriorate. The heaters will keep the building from freezing and keep the moisture contact down.

The other heater will be used in the booster pump station.

Excavation costs were not included in the bid and Farms City Comptroller Carol Lock said the city would subcontract that work itself. He could not give a dollar amount for that portion of the project.

The vote to accept the bid was 5-2. Mayor William R. Rust and Councilman E. Rust Multhead were absent from the meeting.

### Need Support For JC Bingo

More community support is needed for evening bingo, supported by the Jaycees, which is held every Monday night at 7:30 p.m. in the War Memorial.

An estimated 30 people have been participating in the activity on a regular basis, but the majority of them are members of the Jaycees, said George A. Williamson of the organization. "We need more citizens to participate. If they do not, we will have to stop the activity."

He stated those in attendance seem to enjoy themselves and come back regularly but further participation is needed. "At this point, we're asking members of the community to get behind us if they want bingo," said Mr. Williamson.

"The money we make goes back into the community through charitable contributions given by the Jaycees," he said.

Dave Kingwell heads this project for the organization.

### Woods Studies Pact on Park

The Woods Council referred a standard form of agreement between the city and the architect for the estimated \$1,800,000 Lake Front Park improvements program to the Committee of the Whole for further study.

This action was taken at the regular meeting Monday, October 7.

Mayor Benjamin W. Pinkos said he felt this contract would be considered at the Monday, October 21, council meeting.

Last month, the solons approved the firm of Tarapata, McMahon, Paulsen Associates, Inc., of 1181 West Square Lake road, Bloomfield Hills, as architects/engineers for the proposed new swimming pool complex and other improvements at the park. The vote was 4-3.

### Pair Sentenced For Attempt RA

Two Warren men, both of whom were charged with attempted armed robbery, were sentenced to from 1 1/2 to 5 years in prison in Wayne County Circuit Court last month, reported Woods police.

Carlos Wayne Biggs was sentenced on Monday, September 23, while Carl Jarson was sentenced on Thursday, September 12.

The pair were involved in picking up a 21-year-old Woods man who was hitchhiking, holding a knife to his throat and striking him in an apparent robbery attempt, police said.

This occurred early Sunday morning, May 5, in The Woods.

No charges were filed by Woods police against another Warren man, Buele Scott, in this incident.

### Park Firemen Have Busy Day

Park Fire Department responded with an engine and three men to each of three minor fires on Saturday, October 12.

The first, at 1144 Kensington road, was reported by the mother of the household who thought it was an electrical fire. The children had placed an empty crackerjack box over a lightbulb, causing the box to char and emit smoke. It was discovered before the fire spread to the table or nearby draperies.

Defer School reported at 11:35 a.m. that vandals had set fire to a trash can. Fire Chief Phillip Costa warned that it could have been serious and caused injury to passers-by if there had been items such as pressurized cans among the trash.

The last fire, reported at 8:34 p.m. was caused by a short in a television set at 1005 Whittier road. The firefighters removed the back of the smoking set, and discovered an overheated transformer.

### Youth Arrested Following Theft

Park police arrested a black youth who had apprehended a woman at Maryland avenue and Kercheval, early Saturday morning, October 12.

Officer Paul Konefke arrested the youth after a chase between Alter and Ashland roads, just south of Kercheval avenue.

The woman reported the robbery at 6:29 a.m., to Park police who were driving down Kercheval avenue shortly after the incident occurred.

Two youths had approached her and asked for her purse.

She told them she needed her purse and offered them five dollars. They took the money and ran through an alley south of Kercheval between Wayburn avenue and Alter road.

The second youth who had possession of the money was not caught, and the first told police he had "just met the other guy," and did not know his name.

The case has been turned over to the Youth Service Division for further investigation.

### Slate Circuit Court Forum

With the establishment of five new Circuit Court judgeships, voters have an opportunity at the Tuesday, November 5, election to enhance the efficiency and quality of the Wayne County Circuit Courts.

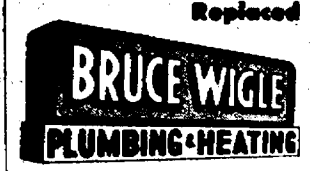

Four local organizations will sponsor a Candidates Forum on Wednesday, October 23, at 7:30 p.m. at which all 10 candidates are expected to be present. The Grosse Pointe War Memorial Association is hosting the session and Mrs. Carl J. Fischer of the League of Women Voters, (LWV), will moderate.

Other sponsors of the forum are the American Association of University Women and the Junior League of Detroit. Nonpartisan Voters Guides, provided by the LWV, will be available at the door.

The ten candidates for the five new Circuit Court seats are Irwin H. Bardick, William Leo Cahalan, John J. Conley, Andrew DiMaggio, Richard D. Dunn, Roman S. Gribbs, Thomas L. Poindexter, Joseph B. Sullivan, Henry J. Szymanski and Daniel J. Van Antwerp.

The advice some people dole out should be accompanied with carefully printed directions.

## Chrysler Corporation announces a new 12 month unlimited mileage warranty.

For the first 12 months of use, any Chrysler Motors Corporation dealer will fix, without charge for parts or labor, any part of our 1975 passenger cars we supply (except tires) which proves defective in normal use, regardless of mileage.

## It's a lot of warranty without a lot of words.

When was the last time you saw a warranty this strong, this simple yet this complete?

We could have written our new warranty in one of two ways: We could have loaded it with fine print (more to protect the company than to benefit the consumer). Or we could have designed a simple, easy to understand warranty that backs our cars in a strong, confident way.

Well, since our cars are designed and built with our customers in mind, we felt we should design our warranty that same way. That's why we chose to make our warranty so strong and simple.

#### No catch. And no charge.

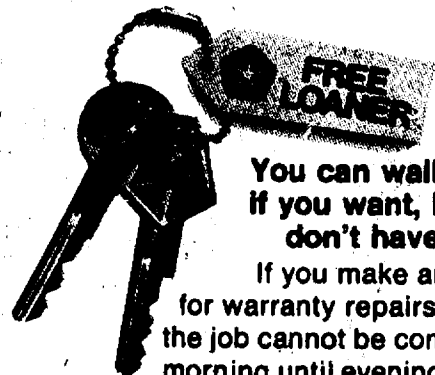

If Chrysler Corporation put that part on your car, it's covered for as many miles as you can drive in 12 full months. Parts and labor. And that goes for everything except tires, which are covered separately by their manufacturer.

We'll even replace many of the expensive things that could just "wear out" if you drive enough miles. Even though they're not "defective."

You know: brake linings, mufflers and shock absorbers. These are the things you might normally have had to worry about. But since we want to make your relationship with the cars we make as worry-free as possible, we're ready to take on those responsibilities. So, even if they just wear out during the first 12 months of normal use, we'll replace them no matter how many miles you drive. And we'll do it for free.

#### Your part is easy.

All we expect of you is that you take care of normal maintenance—the little things like changing filters and wiper blades (unless, of course, they're defective, then they come under the warranty).

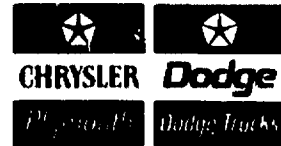

You can walk home if you want, but you don't have to.

If you make an appointment for warranty repairs in advance, and the job cannot be completed from morning until evening of the same working day, participating dealers will supply you with a loaner. Free.

#### "The Clincher!" It's good for both of us.

The things you've read about are just the beginning of our new Owner Care Program. That's good for you. And because it helps make our cars more worry-free, we think you'll find them irresistible. And that's good for us.

See your Chrysler-Plymouth or Dodge Dealer. Ask him about his new cars, then ask about "The Clincher!"

# 'THE CLINCHER!'

It's going to take better care of the people who buy our cars.

## Brother Rice Stops Austin

By Paul T. Denis

The State's number one football team, Brother Rice, once again proved its ranking by beating Austin, 35-7, in league action, Saturday, October 12. Rice is now 5-0 overall while Austin is 1-4 and 0-3 in league play.

The Warriors played their first string for only one half and scored all their points in the same half. Jim Livois opened the scoring for Rice with a four-yard run. The extra point attempt was blocked. Livois scored again in the second quarter on a one-yard plunge. Quarterback Rocky Role went in for the two-point conversion.

Role, son of former pro football great Tobin Role, scored once on a five-yard run around end and added another two-point conversion. He also threw a 28-yard touchdown pass to his backup quarterback Tom Henry.

Mike Cullen went 15 yards for the Warriors' other score and K.C. Ryan kicked the extra point. Cullen led Rice's explosive running attack as he went for 78 yards in only nine carries, all in the first half.

## Lutheran West Wins over ULS

By Frank T. Judge III

The University Liggett football Knights ended their winning ways in losing to defending Metro Conference champions Lutheran West, 24-14, on Friday October 10. The loss set Liggett's overall record at 4-1, while their league mark is 2-1.

Liggett took the opening kickoff and quickly drove down the field to score on Bob Neville's two yard quarterback sneak. Whit Boyd ran in the conversion.

Minutes later, Boyd intercepted a Lutheran West pass giving ULS excellent field position. Senior fullback Mark McKee then powered into the end zone on a six-yard burst. The conversion attempt was unsuccessful and Liggett held a 14-0 lead as the first quarter ended.

Lutheran West overcame this deficit scoring 18 points in the second quarter on a three-yard touchdown plunge and a nine-yard pass into the end zone.

West added eight more points in the third quarter on a six-yard run to end the scoring.

It was Lutheran West's third consecutive league victory and the winners are now 4-1 overall. Liggett was considered by many to be the major threat to Lutheran West's retaining the Metro Conference title.

## Ruth Loop Cites North Student

North High School student

Karl Joseph Kornetfel, of Country Club drive, Harper Woods, was one of two persons selected to Babe Ruth baseball's "Athletes of the Year" program for 1974.

Nominations were made earlier this summer by Babe Ruth league managers and presidents from across the nation. They were invited to nominate candidates with the best records of local achievement on their teams or in their leagues.

The criteria by which these local baseball players were nominated include the athlete's athletic ability, including statistics and overall performance, sportsmanship and personal leadership displayed during the current season. To be eligible for the program, a player must have been an active participant in an officially recognized Babe Ruth league during the 1974 season.

Joseph Jerald Zaccagni, of Woodland road, Harper Woods, also was selected.

## RECEIVES PLAQUE

At The Woods senior citizens meeting held Thursday, September 19, Roger A. Waha, NEWS reporter, received a plaque of appreciation for his conscientious coverage and support of their group. The plaque was given by the Grosse Pointe Woods Senior Citizens Commission.

How some family trees survive the underbrush is miraculous.

## ANNUAL FINANCIAL REPORT THE GROSSE POINTE PUBLIC SCHOOL SYSTEM

The following report is a summary of the financial condition and the financial transactions authorized by your Board of Education in support of the total Educational program of the Grosse Pointe Public School System for the fiscal years ended June 30, 1973 and 1974.

The Board of Education wishes to supplement the financial data with a few brief comments:

In accordance with State Law, all funds received and disbursed by The Grosse Pointe Public School System are maintained under three major classifications, or Funds, which broadly indicate the function. These are:

### GENERAL OPERATING FUND BUILDING AND SITE FUND DEBT RETIREMENT FUND

As indicated by the title, this fund provides for all activities of the School System, other than those specifically designated as Building and Site or Debt Retirement.

The General Fund receives the bulk of its revenue from two main sources. The first and largest source is from tax levies on real and personal properties within the school district. The second is from State Aid. Expenditures from the General Fund are made in accordance with a budget prepared by the Superintendent of Schools and as reviewed and adopted by the Board of Education.

Comments on the General Fund operation: The School System completed the 1973-74 fiscal year in a operating cash deficit position of approximately \$91,996.33.

This is a temporary cash deficiency which is primarily the result of delayed current tax collections. It is estimated that approximately \$71,000.00 of these delinquent taxes will be received in July and August of our 1974-75 fiscal year. As noted above expenditures during year exceeded our revenue by approximately \$30,292.00. It will be necessary to absorb this amount within the framework of the 1974-75 budget.

For the year under review we report that the School System received no basic per pupil membership allowance under the 1973-74 State Aid Act. Our School System does not qualify for basic membership State Aid because our State Equalized Valuation per pupil is greater than the equalizing factor contained in the applicable distribution formula.

The System, however, does qualify for some State assistance in financing our special education programs, such as Remedial Reading, Mentally and Physically Handicapped, Emotionally Impaired, Teacher Aides, Social Workers and School Psychologists. The Board of Education continues to be committed to the concept of a balanced budget and will periodically review its financial condition and consider necessary adjustments to finance the educational program within available income.

### DEBT RETIREMENT FUNDS:

This fund is established for the purpose of paying principal and interest on the outstanding bonded indebtedness of the School System.

These are serial bond obligations financed with unlimited tax levies. This means that we levy taxes each year sufficient to meet the annual principal and interest payments.

During the year under review the School System retired \$625,000.00 in bonds resulting in a balance outstanding in the amount of \$14,130,000.00. At June 30, 1974 the ratio of debt to the State Equalized Valuation of the entire School District was reflected at 2.966%.

### BUILDING AND SITE FUND

Monies in this fund are used primarily for the acquisition of land, construction for buildings and the equipment for such buildings.

Funds may be realized from the sale of general obligation bonds, by special voted tax levy specifically designated for the purposes mentioned above, or by appropriation from the General Fund.

## Pointe Skaters Take A Pair

The Pointe's Senior "A" Sherwood Forest hockey team had a come-from-behind 5-3 win over Novi Saturday, October 12, at the Grosse Pointe Community Rink.

Fred Springen powered Sherwood's offense with a three-goal "hat trick," while Rich Nadow and John Thill added single tallies. Sherwood outshot Novi 22-8.

After Nadow opened the scoring in the first period, Novi bounced back with three fast goals to take a 3-1 lead. But then Springen and company went to work.

Springen netted two goals before the second period ended and then put the red light on at the nine minute mark of the final period on a set up from Mike Stecko. Thill put the frosting on the cake with his marker.

In an exhibition game Sun-

day, October 13, Sherwood dumped the London, Ont. senior team, 4-2, at London. Springen scored two goals, and Nadow and Stecko added single markers.

Springen, who lives in St. Clair Shores, spent four years with the Junior "B" Saints and enjoyed two national titles.

Sherwood's next home game will be against Brighton, Mich., Saturday, October 19, at the Community Rink. Game time is 8 p.m. The team's official league opener is against Belmont, Ont., on Saturday, October 26, at the Community Rink.

## Three Lions Teams Beaten

The Lions' varsity football squad lost a tough 12-7 decision to the Sterling Heights Chargers last weekend. The Lions' only score came on a pass to Tom McShane with Rich Harrison blasting over for the extra point.

Stalwarts on the defense were Steve Klenke and Jim Palamelo.

Head coach Jack Currie commented after the game, "The desire of this group of boys is outstanding and it's just a matter of time and we'll put it all together."

The Lions' junior varsity lost its game, 6-0. Coach Gary Reeder said after the game, "This is one of the Lions' finest defensive efforts." The Lions kept the Chargers off balance most of the game with Pat Sullivan and Rick Overby making crucial pass interceptions.

A missed punt led to the Chargers' lone score late in the third quarter.

Mike Allen led the defensive charge along with Stark Lango, Mark Brouwer, Mike Wood, John Platt, Ward Krull and Tim Humphries.

The Lions' freshman team lost 27-0 to the Chargers. Mike Sullivan continually broke through the Charger line throughout the game. Bob Coddens and Brian Carlson led the defense with Jim Brabb squeezing through to sack the Charger quarterback on several occasions.

## Baron Gridders Win 3 Games

The G.P. Red Barons traveled to St. Clair Shores to meet their arch-rivals, the Black Knights, at South Lake's Cavalier Stadium, on Sunday, October 13.

In the freshmen game, the Red Barons defeated a well balanced Black Knight squad, 12-0. Brian Augsberger and Mike Bautista each tallied one TD to account for the scoring, while David VanElslander and Jeff Roberts each recovered a fumble to lead the defensive unit to its third shutout of the season.

Head defensive coach Paul Garner said after the game, "To echo the sentiments of Michigan's Bo Schembechler, a hard hitting defense is the name of the game."

At the junior varsity level, Tom Brown, Chick Steepe and Glenn Piche all scored TDs to lead their squad to a 20-0 victory.

Piche's TD came on a 35-yard pass from quarterback Gary Kinder. Jeff Garman and Bill Ruwick completed the scoring by adding one extra point each.

Harvey Voskopi sacked the Black Knight quarterback five times, with Matt Lehmann, John DuCain, Stuart Johnson, Peter Schoof, and David Roland supplying excellent defensive support.

A fourth quarter surge fell short as a disappointed varsity lost a tough 12-7 decision. Despite the loss, Bob Brown did a fine job at quarterback and Pat Day, Tom Shook, Steve Lugo and Greg Mullan played strong offensive football.

The defense was led by the tackling of David Monark, Jon Stewart and Steve Schucker, who also intercepted a Black Knight pass to thwart a late game scoring threat.

The Red Baron junior freshmen defeated the St. Clair Shores Green Hornets, 13-0. Ken Sanders and Brian Haeberle each scored one TD. Haeberle passed to Mark Dwyer for the lone extra point. Mark Denis, David Fobare, Garret Rice and Alex Rothis played well.

## Mount Clemens Edges SH, 12-6

By Damian Kiska  
South High School was boosted out of EML competition on Saturday, October 12, as the football team lost to Mount Clemens, 12-6.

The loss put South's league record at 2-2 and its overall record at 2-3. This was the fifth win in a row for the Bathers. They are now the only undefeated team in the EML, and for all practical purposes, have clinched the EML title.

Both teams knew how im-

portant the game was before it ever started. If South won, it would have been in a three way tie for first. If it lost, it was all over.

From the opening kickoff, it was a very hard hitting game with defense dominating. Both teams were physically tough and played excellent football. It was the kind of contest that would be lost by a mistake capitalized on by the other team.

The mistake came with five minutes left in the last quarter as junior Dirk Koolman's pass was intercepted after his hand was deflected. That later set up a 15-yard touchdown run by the Bathers.

The defense was the overpowering aspect of the game. Senior Tom Steen led the Devils with 13 tackles and assists. The defense held the Bathers to 162 total yards and seven first downs in only 46 plays. South's offense gained more in each of these categories.

The Bathers were only 1-5 in the passing department, however, one completion was a 27-yard touchdown pass.

The offense was led by junior Dave Wyboraki with 97 yards and the only touchdown. Barry Davis recovered a Bather fumble on their third play of the game. The offense then gained 31 yards in eight plays topped off by a 13-yard romp by Wyboraki. This was the last good drive of the game.

The offense had 176 total yards, nine first downs and 53 plays.

The Blue Devils' next game will be Friday, October 18, on Roseville High School's home field. Game time will be 7 p.m.

## ULS Has 1-1 Soccer Week

By Steve Bohn  
The ULS varsity soccer team placed very well on Tuesday, October 8 in defeating Cranbrook, 3-0.

The team got together and showed good ball control, excellent team work, plus exceptional effort by forward Clark Standish.

The defense also was at its best and was led by Tom Check and goalkeeper Dave Simone. The three ULS goals were scored by John Phillips, Standish and Matt Ray.

Coach Al Benavides said he was quite pleased with the team's effort and he is confident that its winning skill will continue for games to come.

But Friday, October 11, was a different story when the ULS lost to Inter-City Christian, 1-0. The ULS squad started out playing just as they had left off in the Cranbrook game, but the Inter-City Christian team proved to be a very aggressive group which constantly drove for the net.

Simone, playing probably his best game of the season, managed to hold off numerous drives by making some really unbelievable saves.

Again the team was led by Check, Standish and Ray. They are continuing to put spirit and drive into the club but had trouble holding back a very well executed drive by the Inter-City Christian team and allowed one goal to score.

## Fire Started By 4-Year Old

A four-year-old girl playing with matches started a small fire Wednesday, October 9, in the garage of a McKinley avenue home but she was not injured and damage to the structure was minimal.

The pumper and aerial units of the Farms Fire Department were dispatched to the scene at 4:33 p.m. Fire Chief Warren Schultz said some papers did burn but the problem was generally one of smoke.

The chief said the girl's hair was singed but she required no hospitalization. He said he talked to the girl about the hazards of playing with matches and she promised never to do so again.

A small booster line on the truck was used to put out the fire.

### A Chance to Participate

The Quest for Excellence Fund campaign now being conducted by the Detroit Symphony Orchestra is most deserving of the support of all who are able to make a contribution, large or small. The goal of \$1,550,000 must be reached to enable this great cultural asset to maintain its present standards, which have achieved world-wide renown.

Pointe residents have long played a most important role in support of the Symphony. One Ford family contributed the Henry and Edsel Ford Auditorium, the home of this great musical organization. John B. Ford accepted the leadership a number of years ago of a great campaign to save the Symphony and restore to it the prestige it had formerly enjoyed. He is still chairman of the board and under his guidance and that of another Pointer, Robert B. Semple, the president, the orchestra has risen to great heights.

Now we all have an opportunity to share in the maintenance and continued growth of the Symphony. Aldo Ceccato is the new and exciting Music Director. Ford Auditorium has dramatically renovated its acoustics and aesthetics. Join the other Pointers who have made such progress possible. All donations are tax-deductible. ### One View From The Capitol

By William R. Bryant, Jr.

Proposal C on the November 5 ballot is the question of repeal of the State sales tax on food and drugs.

This matter was first considered back in 1967 when the legislature first adopted the State income tax law. It was decided then that repeal of the sales tax on food and drugs, the legislature would adopt a high personal exemption in the income tax.

Thus, the adverse impact on low income persons of the sales tax was offset by the high personal exemption on their income tax.

This high personal exemption has now been raised to \$1,500 effective this year.

The language of the proposed constitutional amendment would (1) Remove the sales tax on food and prescription drugs used for human consumption, except food prepared for immediate consumption, and alcoholic beverages, and (2) Compensate units of government, other than the State, for the resulting loss of revenue by increasing each present allocation of sales tax revenues to such units by one fifth. Should this constitutional amendment be adopted?

And you vote "yes" or "no" on the question.

The budget of the State for the fiscal year ending June 30, 1975, is already in precarious balance. There is, further, grave doubt whether present program levels can be maintained for the 1975-1976 fiscal year without an income tax increase.

This is so because the budget adopted this year spends more than current available revenue and is balanced only because of a substantial surplus, of some \$200 million, also available.

Added to this picture are all the questions of possible revenue reduction by reduced economic activity and increased costs due to higher welfare caseloads and general inflation.

Estimates of the lost revenue by adoption of Proposal C are from about \$70-\$100 million dollars to June 30, 1975, and in excess of \$200 million for the full year of July 1, 1975, to June 30, 1976.

It would be nice to say, "Let's reduce State expenditures to match the reduced revenue." But I assure you I would try, but I cannot disagree with Speaker Bill Ryan, who says the revenue will have to be replaced.

Further, if the proposal passes and the legislature cannot agree as to what constitutes "food prepared for immediate consumption," the Attorney General has indicated that restaurants and food take-out sales would be exempted, causing a further substantial decrease in revenue.

### Know Your Schools

By James A. Adams

At a public hearing slated for 7:30 p.m. on Thursday, October 17, in the gymnasium of Poupard Elementary School, 20655 Lennon, Harper Woods, the trustees of the Wayne County Intermediate School District will listen to arguments, pro and con, on the transfer of a portion of the Grosse Pointe school district to the Harper Woods school district.

In late August, because of declining enrollments and financial difficulties, the Harper Woods Board of Education sought the transfer to its jurisdiction of that portion of the City of Harper Woods which is contained in the Grosse Pointe school district.

The reaction to this totally unexpected attempt to dismember our school system was swift and decisive. Cries of outrage were expressed in hundreds of letters and telephone calls both to my office, to our trustees, to the staff of the Wayne County Intermediate School District, and to its trustees. Much precious time and energy and money have been expended by both systems in preparation of both informal and legal responses to the proposed property transfer.

The contested area of property has been a part of the Grosse Pointe school district since its inception, long before there was a City of Harper Woods. Therefore, our Board feels it must protect the integrity of the school district and its boundaries. The Harper Woods portion of our school district is not now, nor has it ever had "step-child" status.

At the September 9 meeting of the Grosse Pointe Board of Education, our trustees, in formal resolution, opposed the transfer. The resolution concludes: "NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION OF THE GROSSE POINTE PUBLIC SCHOOL SYSTEM, that the proposed transfer of the portion of the Grosse Pointe School District lying within the City of Harper Woods to the Harper Woods School District, be and is hereby opposed, and its administrative staff and attorney are hereby directed to take such action as may be necessary to defeat such proposed transfer."

And the reaction to the attempt to alter the Grosse Pointe school district boundaries continues to cause a furor: statements and resolutions have recently been issued by such school-interested groups as the Grosse Pointe PTA Council, (which represents the parents and teachers throughout the entire school district), the executive board of its legislative subcommittee, the Grosse Pointe Study and Action Committee for Education and the Grosse Pointe Education Association, (which represents all teachers in the system).

Three questions relating to the proposed property transfer have been asked of us in recent weeks. They are (1) How can this be done without a vote of the people? (2) What is the Wayne County Intermediate School District? (3) Are appeals of the decision of the Wayne County Intermediate Board of Education possible?

How can this be done without a vote of the people?

The Michigan School Code states: "340.461 Transfer of territory between districts; approval. Sec. 461. The county board of education may, in its discretion, detach territory from 1 district and attach it to another when requested to do so by resolution of the board of any district whose boundaries would be changed by such action, or when petitioned by not less than 75 percent of the residents of the land to be transferred."

"The county board of education shall take final action in regard to the resolution or petition. Only territory contiguous to a district may be transferred."

"Whenever the latest available taxable valuation of the area to be detached is more than 10 percent of the latest available taxable valuation of the entire school district from which it is to be detached, the action of the county board of education directing such detachment shall not be valid unless approved at an annual or special election called for that purpose in the district in which the detachment is to be made, by an affirmative vote of a majority of the school tax electors of the district, voting thereon."

What is the Wayne County Intermediate School District? Information supplied to me by their staff states: "The intermediate district in Michigan is a regional education service agency that occupies a middle echelon between the state department of education and the local school district. Geographically, the boundaries of intermediate districts are those of their constituent districts rather than county or township boundaries. Under Michigan law, there is no exempt territory; that is, every local school district must be a part of some intermediate district."

Over the course of almost four decades of devoted scholarly enterprise, the late author, (he died just before the book went to press), studied the history of Pacific exploration. This biography builds on the foundation of Beaglehole's extensive knowledge of the journals of Cook and the scientist, Joseph Banks, and it is a fitting culmination to the career of a remarkable historian.

### What Goes On at Your Library

By Arthur R. Woodford  
Chief of Central Library

The life of Captain James Cook, R.N., renowned explorer of the 18th century and perhaps the greatest professional navigator of any age, presents a challenge to the conscientious biographer. A frustrating challenge because, though there is an overwhelming store of data about his voyages—much of it written by Cook himself—almost nothing survives that gives a clue to the man. His official journals are largely impersonal accounts, and his letters and papers were systematically destroyed by a wife who felt his privacy should be guarded.

Nevertheless, several good biographies have been written about Cook. By far the best of these is the newly published *THE LIFE OF CAPTAIN JAMES COOK* (Stanford Univ. Press) by J. C. Beaglehole.

Over the course of almost four decades of devoted scholarly enterprise, the late author, (he died just before the book went to press), studied the history of Pacific exploration. This biography builds on the foundation of Beaglehole's extensive knowledge of the journals of Cook and the scientist, Joseph Banks, and it is a fitting culmination to the career of a remarkable historian.

A model of the biographer's art, the work plumbs the depths of Cook's motivations and purpose in convincing fashion. Its literary merits are such that the powerful narrative never falters despite its great length (760 pages).

While this is a scholarly work, it is also an exciting one because Professor Beaglehole lets the events speak for themselves. Suddenly, the unsuspecting reader is sailing with Cook through the Great Barrier Reef, (which Cook discovered), and searching for Antarctica in among the icebergs, and up inside the Arctic Circle looking for the nonexistent Northwest Passage. Cook's achievements were two-fold; by what he did not discover he disproved European geographers of long-cherished fantasies, and what he did discover he placed in his correct latitude and longitude. Cook was an expert navigator and a fine commander, who made immense demands on his men, but watched their health like a mother. He was also a great learner, for he taught himself mathematics, surveying, and chartmaking; thus his life's work endured.

Replete with many illustrations, maps, and an excellent bibliography, Beaglehole's book is the definitive life of Cook. It is an immensely rich book.

For those readers who may feel uncomfortable with the sheer weight of detail presented by Professor Beaglehole, I would recommend either *CAPTAIN JAMES COOK* (Scribners) by Alan Villiers, or *CAPTAIN COOK* (Doubleday) by Alistair MacLean.

Allan Villiers, today's foremost sailing master, brings a special dimension to his presentation—that of his own exceptional experience. For Villiers is perhaps the only man in the world today who has been in command of a sailing ship on voyages covering much the same waters as Cook. And Villiers is also a writer of wide accomplishment.

He gives us not only Cook; he gives us Cook's work. The era of the sailing ship is recreated and the life of a

### City Starts Leaf Pickup

The City started its special fall leaf pickup program this past week. Residents may now rake their leaves into window piles between the curb and sidewalk where they will be picked up by the City's vacuum truck.

Citizens are reminded that the burning of leaves is not permitted and they are asked not to rake leaves into the street where they can cause traffic hazards and clog catch basins.

Brush and similar debris should not be mixed in with the leaves as it clogs the vacuum collection equipment.

Public Works Superintendent Douglas Collinson reports the leaf collection program is operated on a continuous cycle throughout the City and this results in approximately two pickups per week during the beginning and end of the fall leaf season.

When the leaves are falling at their heaviest rate, the collection cycle lengthens to about six or seven days and the equipment is operated on an overtime basis to keep the cycle as short as possible.

To keep the equipment in actual collection operation as much as possible, the collected leaves are dumped in The City Park. From that point they are loaded into refuse packers and hauled to the Grosse Pointe-Clinton waste reduction plant for disposal.

## Arrau to Play with Symphony

One of the world's most illustrious keyboard masters Claudio Arrau will appear as guest soloist with the Detroit Symphony this week at 8:30 o'clock Thursday and Saturday evenings, October 17 and 19, in Ford Auditorium.

DSO Music Director Aldo Ceccato is conducting these subscription concert performances which also will feature the University of Michigan Choir.

The program includes Ives' "Three Places in New England," Beethoven's Piano Concerto No. 5, ("Emperor"), and the Orchestra's first performances of Verdi's "Four Sacred Pieces."

Claudio Arrau has become a legend in his lifetime, a world-wide concert hall sensation since the 1920's. Born in Chile he received his formal musical training in Berlin and over the years has won renown as a celebrated interpreter of the works of Beethoven, Schumann, Brahms, Chopin and Liszt. He is currently making his 34th consecutive concert tour of the United States and Canada.

Each season his itinerary covers no less than three—and with the 1974-75 season extends to four—continents. His last appearance with the Detroit Symphony Orchestra was at Meadow Brook Music Festival in 1965.

The 130-voice University of Michigan Choir last performed with the Orchestra in Carnegie Hall during the fall tour of 1973. Choir director is Maynard Klein.

The concerts begin with a tribute to the 100th anniversary of the birth of Charles Ives, whose "Three Places in New England," (1904-14), was first performed by the DSO in 1968.

Verdi's "Four Sacred Pieces" first performed in Paris in 1898 include his two last compositions. Beethoven's Fifth Piano Concerto, (1811), was first played by the DSO in 1917 with Ossip Gabrilowitch as soloist.

Tickets for the concerts at \$7.50, \$6.50, \$5.50, \$5, \$4.50, \$4 and \$3.50 are available at Ford Auditorium Box Office, 961-0700, all Hudson's and Grinnell's ticket offices. A limited number of tickets

## To Present Melody Of Fashions Benefit

Harper's Bazaar Beauty Editor Flying in for Dinner-Dance and Program Sponsored by Grosse Pointe Symphony Women's Committee

Three hundred women comprise the membership of the Grosse Pointe Symphony Women's Committee—but when they start singing siren songs on behalf of the Orchestra, they sound like 10 times that number.

These days they are giving the massed chorus treatment to their fund-raising dinner-dance and Melody of Fashions benefit, scheduled for Friday, November 1, at the Grosse Pointe Yacht Club.

It's to be a community-wide party for members and friends of the Pointe Orchestra.

Jacobson's Carolyn Barnhart is putting together a parade of holiday fashions for men and women. The Arrangement's Don Jensen has a red, white and silver decorations' motif in mind, with stained glass windows backing Art Quatro's Orchestra.

A touch of Manhattan glamor will be added by Maureen Lippe, Beauty editor of Harper's Bazaar, who is flying in

Groundwork for the festivities has been in the hands of co-chairmen Mrs. Walter F. Isley and Mrs. Michel Skaff, assisted by Mrs. William G. Self, overall chairmen of the Women's Committee.

It was Mrs. Self who conceived the idea of the party as the group's one-and-only fund-raiser of the year. She talked to Jacobson's and booked the date at the GPOC 365 days in advance.

At the Committee's first 1974-75 business meeting and luncheon last Thursday at Lochmoor, Mrs. Self presented a generous four-figure check to Richard Kay, president of the board of directors of the Grosse Pointe Symphony, to get the new concert season off to a well-cushioned start.

Subsequent concerts, all scheduled for 8:30 P.M., will be presented January 19, February 23 and May 4. Receptions arranged by the Women's Committee follow each program.

## SELLING YOUR HOME?

There's a local firm called Grosse Pointe Real Estate Co. that has come up with a new idea in selling homes. If successful, it could change their industry in Grosse Pointe considerably. It's called GROUP LISTING, which means they will immediately purchase your home, at your asking price, once you have listed with them. The one circumstance, they say, is that they must have a group of five similar homes before their plan takes effect. Once achieved, they buy all five houses simultaneously. They say it's easier to sell five homes in a group because it's easier on the buyer and much easier to promote. For more information you can call Grosse Pointe Real Estate Co., 882-0087, direct.

## Pointe Garden Club To Meet

Mrs. Manfred Whittingham will open her Kenwood court home to members of The Pointe Garden Club this Monday, October 21, at 12:30 o'clock. The program will be a Friends of Belle Isle lecture and slides presented by Marilyn Tuchow, Friends' president.

## Motor City Business Women Meet Oct. 23

Guests are welcome. Further information may be obtained by contacting Mary LeGree, Chapter president, at 961-0798.

## Movie Society Sets Program

A little bit of everything for anyone interested in movies.

That's what the Union Street Film Society is offering in the winter season of 10 Monday night shows running from November 4 through January 20.

The movies will be shown at the Union Street Restaurant, 1916 Mack avenue, near Alden. Although there will be no admission charge for any of the films, the series will be financed by a film society.

Anyone who wants to be a member of the Union Street Film Society may join by paying \$10. Members only will have the right to make table reservations. Since the seats are limited, there can be only 50 members.

Membership is on a first-come, first-serve basis. Those wishing to join may send a \$10 check, payable to Alan Fortunaki or Nels Olsen, to the Union Street Film Society, 15106 Mack avenue, Grosse Pointe Park, 48203.

It is necessary to include a return address with the check in case the membership has closed. If this occurs, the society will return the check.

The schedule for the winter season is as follows:

• November 4, "All Quiet on the Western Front," directed by Lewis Milestone, 1930. One of the first sound movies. An anti-war film banned in the late '30s by the Third Reich.

• November 11, "Duck Soup" with the Marx brothers.

• November 18, "Dracula," directed by Tod Browning, 1931. The original film version with Bela Lugosi.

• November 25, "The Red Balloon." A famous French short set in Paris. "The Blood of the Poet." An avant garde film from the 1930's by Jean Cocteau. "Bolero."

• December 2, "Gold Rush," directed, produced, written by and starring Charlie Chaplin, 1927. "The Mystery of the Leaping Fish." Made several years before cocaine was illegalized. Douglas Fairbanks in "Coke Any Day."

• December 9, "The Little Shop of Horrors," directed by Roger Corman.

• December 16, "Juliet of the Spirits," directed by Francesco Falucci, 1965.

### MRS. EDWARD R. HARRIGAN, GROSSE POINTE GARDEN CENTER PRESIDENT

By Janet Mueller

Karen called her mother a few minutes before I arrived. "Look," said Nell, "I can't talk now. Janet Mueller's coming to interview me." "MOTHER," said Karen, "what are you going to tell her?" "Darned if I know," said Nell. "How about: 'I was born in a log cabin at Mullett Lake that I helped my father build'?"

That's Nellie Harrigan.

And it is Nellie. Not Eleanor. Not Helen. Nellie. Right there on the birth certificate.

One day her girls, school-girls then, came home from school and informed their mother "Sister says you CAN'T be named Nellie, because there's no saint by that name."

Saint in Waiting

"Well you just go right back," Nell riposted, "and tell Sister that when I die there will be!"

That's Nell.

She actually was born at Mullett Lake. Her father was in the lumber business in northern Michigan, and Mullett Lake was where the family was when Nell arrived. They moved into Cheboygan a year later; that's where Nell grew up.

She left to go to Lake Erie

College in Ohio, a select seminary for young ladies. Lake Erie girls were well-behaved and got to leave the grounds if an earthquake struck the College.

Nell took her last three undergraduate years at the University of Michigan.

She went back to Cheboygan to teach at the high school, and two years and then decided she was definitely a City Girl. Detroit was her obvious city; her sister was already there, had a job.

Goodbye, Cheboygan.

Nell moved south for good. She found a place to live, in an apartment hotel with four other girls. She put her name in for substitute teaching, landing a permanent job as an English teacher when the "regular" teacher was arrested for shoplifting.

She met a man named Harrigan. They got married.

They set up housekeeping near the University of De-

troit, began to have children.

The Harrigans spent the World War II years in the East. Mr. Harrigan, an engineer, Massachusetts Institute of Technology graduate, was in the Navy, a Commander stationed at the Brooklyn Navy Yard, able to come home to Caldwell, N.

where he and Nell had bought "an enormous house that no body wanted" complete with such amenities as a back yard chicken coop.

In 1947 they said goodbye to the East, the house—and the chicken coop—forever; and came back to Michigan.

Mr. Harrigan had gone on ahead and found a house in Devonshire road, Nell, trusting in his judgment, didn't see it until the day she moved in.

She lived there for 25 years.

Harrigan was, now.

The house is still in the family, home for the Harrigans' second daughter, Mary Ann, her husband John Boll and their seven children.

Oldest daughter Peggy (Mrs. William A.) Cole, her husband and their four children live in Kensington road, youngest daughter Karen (Mrs. Tim) Mourad, her husband and their two children in Hampton road.

Third daughter Kathy, her husband Peter DeVine and their four children live in Bay Village, O.

The Harrigans turned their Devonshire road home over to the Bolls two years ago and moved into a 14th floor Shore Club tower apartment. It was their first experience with apartment living and they didn't know how they'd like it.

They love it.

They spend the worst of winter on Florida's west coast, at their place in Siesta Key.

## Short and to The Pointe

(Continued from Page 15)

Among 185 freshmen who started classes September 4 at John Brown University, Siloam Springs, Ark., is Grosse Pointe South High School graduate HOWARD SEMMLER, of Berkshire road, who has chosen Business as his major field of study.

Airman STEVEN C. VEEN, graduated in 1973 from Grosse Pointe South High School, son of the CONRAD R. VEENS, of Nottingham road, has completed basic training at Lackland Air Force Base, Tex., and is remaining at Lackland for specialized training in communications-electronics systems.

Performing in Northern Michigan University's fall production of "Charley's Aunt" will be JAMES E. GREER, II, of Linville avenue.

Among five Susquehanna University students awarded Lutheran Campus Scholarships in recognition of their "outstanding academic achievement, leadership capabilities and potential service to the Lutheran Church" is KURT H. KOHLER, a junior Accounting major, son of MR. and MRS. HOWARD KOHLER, of North Bryn drive.

LESLIE R. BENNETT, daughter of the ROBERT E. BENNETTS, of South Oxford road, has pledged Kappa Alpha Theta social sorority at Drake University where she is a freshman in the College of Fine Arts.

Receiving a Bachelor of Science in Administration degree from the University of Michigan-Deerborn recently was EDWARD V. TENKEL, of Vernier road.

Among exhibitors in the

den Center Room, 881-4594, or at the Tour Houses Saturday and Sunday during Tour hours.

**Six Homes on Tour**—Six homes will be featured. They range from Mr. and Mrs. R. Alexander Wrigley's Farm Colonial in Bishop road with its antique French furnishings, its charming pool and poolhouse, to the original American Farm House, (it is reported to have been moved to its present site in Lakeview avenue from Provencal road at the turn of the century), remodeled in 1966 by Mr. and Mrs. Albert D. Thomas, Jr.

The Thomas K. Fisher home at the foot of Cameron place reflects Mr. Fisher's nautical interests and Mrs. Fisher's exquisite taste. It was built in 1972, on the water's edge, and boasts a greenhouse filled with orchids.

The Rudy Speerschneider's extensive travels are mirrored in the furnishings of their East Jefferson avenue residence. Traditional in style, it fronts on a busy thoroughfare but manages, thanks to careful planning and a courtyard, to seem marvelously secluded.

The Voltaire place home of Mr. and Mrs. Ervin A. Steiner, Jr., is pure Georgian in design, with son Mark Steiner's art work providing an interior modern accent, while Mr. and Mrs. Ferdinand O.F. Cinelli's Colonial Ranch in Country Club drive features magnificent collections of Italian paintings and furniture, pre-Colombian art and Meissen china.

The Grosse Pointe Garden Center House Tour procurement committee has done itself proud this year.

**"Just The President"**—"Actually," says Nell Harrigan, "I haven't done a thing for the House Tour. I'm just the president. I delegate committees to do all the work."

Her workers include daughter Peg, secretary of the Garden Center board, who has served on House Tour properties committees for two or three years. "That," says her mother, "is a heck of a job. You have to go around and measure for the canvas runners people will be walking on."

Nell prefers the presidency. It fits in with her simplified life.

"Of COURSE I take care of any obligations I take on," she admits. "I wait until the Garden Center's annual meeting. THEN I go to Florida."

Sometimes she takes on a bit more than she bargained for, but she never weishes on her bargains.

### One More Laurel For Mrs. T.

And while we're on the subject of art . . . Virginia Durbin (Mrs. Robert E.) Thibodeau, of Broadstone road, has added another laurel to her already-luxuriant artist's wreath.

It's the Colonel Archibald King Memorial Award, and it's for her miniature bronze sculpture in the 41st National Miniature Painters, Sculptors and Gravers Society Show in the Smithsonian Washington Arts Club which opens this Sunday.

Mrs. T. has another piece, an enamel, in the Show, too.

### Tennis And Crumpets 1974 Champions

Winners in this year's Tennis and Crumpets finals played at the Country Club of Detroit were Diana McMahon and Norm Sprock, Class A, John Fisher and Mary Ellen Boyle, Class B, and Roger and Betty Eger, Class C.

But big winner, as always, was Children's Hospital of Michigan. The purchase of Children's Cardiac Catheterization Suite with its highly-specialized equipment is T&C's new five-year project.

Last year, through the combined efforts of Grosse Pointe, Oakland County and Dearborn participants in the T&C tournament, over \$34,000 was presented to the Hospital. This year, when all the figures are in, the committee hopes to present \$40,000.

That's cause for celebration, and congratulations—to all the winners.

### Voters Guides Published by LWV

The League of Women Voters has published a Voters Guide for the November 5 election, available now in all three branches of the Grosse Pointe Public Library and at the Grosse Pointe War Memorial.

It is, like all LWV Voters Guides, non-partisan. It contains information on state and local office-seekers and describes Propositions A, B, C and D.

Guides will also be available at the door next Wednesday, October 23, when candidates for the five new Circuit Court judgeships appear at a 7:30 o'clock public forum at the Grosse Pointe War Memorial.

Pleasant Ridge Arts Council's recent Renaissance Faire was RITA MEECH, of Lenhon road.

MARY E. COPE, of Somerset road, has been elected to the position of assistant treasurer of the Detroit Chapter of the National Association of Accountants for its 1974-75 fiscal year. CHARLES W. FINGER, III, of Whittier road, has been elected associate director, Member Relations, for the same period, and JAMES R. WATERSTON, of Devonshire road, has been elected associate director, Member Acquisition.

In Montmartre, hangs on one wall of the Harrigan apartment. Nell bought him from the artist, off the street, on the first stop of a three-week run-around-Europe.

She carried him with her on that three-week run, on buses, planes, trains. Ever tried running around Europe with an oil painting?

"It got to be a joke. The people I was traveling with would say, 'Here comes Nell and her Old Man.'"

Nell, toting, hefting, laughed right along with them, all the way home.
