FORMER PRESIDENT NIXON was unexpectedly readmitted to a hospital in Long Beach, Calif., last night on orders of his personal physician Dr. John Lungren. The doctor said the possibility of surgical intervention to remove blockages in his left leg must be considered. The physician said there is nearly total blockage of blood flow deep within the vein system of the thigh. The former president's phlebitis, a vein inflammation, first flared up during a trip to the Middle East last June.

Two men charged with breaking and entering an occupied dwelling in Wayburn with intent to commit lar-ceny were bound over to Circuit Court for trial on Wednesday, October 23, following their examination before Park Municipal Judge John Urso. Their cash bond of \$2,500 each was continued and they were remanded to the Wayne County Jail in default of the bonds.

The pair, Bruce David Diola, 22, of 3313 Pirrin, Waterford, and George William Ridge, 24, of 12601 Macison, St. Clair Shores, were arrested by Park police late in the evening of October 5, while carying an allegedly stolen stereo and four speakers, taken from the Wayburn residence.

The original preliminary hearing was scheduled for October 16, but was post-poned to the October 23 date when Diola's and Ridge's court appointed attorney failed to appear on the earlier date.

The accused men were arrested at about 11:30 p.m. on October 5 in possession of the loot, after two Wayburn avenue residents discovered the theft and reported it to the authorities at 1:11 a.m. on October 6

How do you react in an emergency? The way you react can have the power of life or death. For example. what do you do when you lose your brakes? The first thing to do, is to pump them hard, in order to build up enough pressure to get back partial braking. Shift to a lower gear, permitting the engine to help slow down the car. Look for a safe place to guide the car. On a downhill grade, it is even possible to use a parking brake, if it is the kind you pull up by hand. Apply it rhythmically, so as not to send your car into a skid.

# WONDERFUL, WASHABLE by Hathaway

The Swiss village of Weislingen has supplied Hathaway with Lochlana cloth for sport shirts for many years. This year they outdid themselves with crisp, colorful checks and tartans to add to the regular solid colors.

Lochlana is a luxurious, soft blend to 80% fine cotton and 20% pure wool. It's comfortable to wear and easy to wash. The weight is just right - warm enough for outdoors yet not too heavy for inside wear. All of the fine Hathaway tailoring, of course.

The Grosse Pointe City Council, convening as a Board of Zoning Appeals, at a meeting on Monday, October 21, granted Mrs. Denise a 16-by 22-foot garage to the south of her home.

Mrs. Potter was requesting several variances. The side yard requirement would be reduced from eight to six feet; the maximum lot coverage would be increased from 30 to 39 percent and the solons would have to permit alteration of a building that was non-conforming due to a

deficient side yard. City Planner Brandon Rogers advised the Council that the benefits of granting the variances would outweigh the disadvantages.

"In essence it says that tong time users of boat docks will be 'bumped' to provide space for residents who have waited two years for a dock assignment," he said. He stated while the procedure seems fair at first glance, there were some unfair points.

"I have about as much continuous prior usage as almost anybody else in the park. (A resident since 1937 and a dock user almost since their inception.) This means that for a large number of years I have been paying my way in such usage.

"Park improvements such as paving, lighting, dock improvements, etc., have been paid for out of my rental fees. The docking facilities in our park are now quite attractive as a result of the use of long time users, (and therefore substantial), rental fees.

"The unfairness comes with newcomers usurping docks improved solely through assessments paid by people like me.

This would be done by eliminating from consideration for a boat dockage permit a person or persons who have had the longest, continuous prior usage of space at Lake Front Park.

"Any applicant who has been removed from eligibility for a boat dockage permit in compliance with this proviso may file a new application, which will be placed at the bottom of the eligibility list for future consideration.

"It is the intent of this proviso to remove from eligibili-ty for a boat dockage permit person or persons having the longest continuous period of boat dock usage as determined by the priority list, so as to make available spaces for applicants who qualify as above provided," the measure states.

inspected the landscaping, planting plan and the wall detail plan at 501 Lakeshore road at the corner of Woodland Shore drive. The plans show the proposed erection of a brick wall eight inches wide and three feet high, ap-proximately three feet north of the property line along Woodland Shore drive.

The Commission voted un-animously to approve the wall in the described location and recommend Council approval.

The second request for a decorative wall came from the contractor for a home at 24 Woodland Shore drive. The wall is to be constructed of brick to match the building, eight inches thick, two feet, nine inches high, and located about 17 feet north of the north side of the south property line on Woodland Shore

The Planning Commission also unanimously approved that this construction be recommended to the Council.

The Village Trustees voted unanimously that the Plan-ning Commission's recommendations be followed.

The firefighters will cover as much of The Park as time will allow, and any funds collected will be given to the NBI for research for improvement of treatment of burn victims, most of whom are children. The improvements will consist of attempting to increase the number of facilities handling burn patients and the training of Tapestry Theft doctors and nurses in the proper care and treatment of burns.

The NBI is headed by Dr. Irving Feller, founder of the University of Michigan Burn Center, (UMBC). Dr. Feller's goal is to see centers established throughout the country within easy reach of all unfortunate victims of burns requiring treatment. His intention is to have this pro-gram "off the ground" through an annual fund raising campaign over a period of 10 years, after which the NBI will be funded through contributions from the United Foundation.

Here are some of the cold. hard facts about burns: more than two million Americans suffer severe burns every year, and 75,000 require hospitalization. More than 12,000 people die as a result of burns, over 3,000 of these are children. Burn treatment is very expensive and requires a hospital stay of from six months to a year.

Burns are very often ac-companied by permanent dis-figurement and disability, causing lifelong problems. Severely burned children may need five to 10, or more, op-erations throughout their growing years. Only 30 of the 6,000 acute care hospitals in the United States can pro-

### City Purchases **Used Machines**

The City Council, at its regular meeting Monday, October 21, approved the purchase of two used sewer bucket machines to replace those presently being used which are 19 and 23 years

When the City announced it was taking bids for new buckets, none were received and it was learned there was a shortage of this type of eguipment.

The two used machines were secured through a major supplier who had received them from a trade-in deal. Public works personnel examined them and found that with a little paint and maintenance, the used machines will be satisfactory.

The cost of the used machines is \$1,500, as opposed to an estimated cost of \$4,000 for two new ones.

### Church Offers Harvest Feast

The Grosse Pointe Woods Presbyterian Church has set Friday, November 8, as the date for the annual Harvest Feast, Dinner will be served between the hours of 5 p.m. and 7 p.m.

The menu consists of tur-key ham meat balls, salad, squash, potatoes, hot rolls and an endless variety of pies. Fee for the dinner is \$3 for adults and \$1.25 for

children up to age 12.
Mrs. Duane Johnson heads the harvest committee and is preparing to serve over 600 celebrants. She urges the public to make reservations promptly to insure being served by calling Mrs. Alice Conway, 886-2645.

We are parents of children who attend Mason and Monteith elementary schools, and are concerned about the reduction of the crossing guard staff at the Mack avenue crossings at Anita avenue, Vernier road and Cook road.

Each of these crossings is presently staffed by one per-son who takes the children to the island while the light is green, (at Vernier and Cook), or when traffic clears, (at Anita), and completes the crossing on the next green light or, (at Anita), when traffic clears.

While the guard is on the island and completing this second crossing there is no adult, (on the side from which the children are coming), to keep the children from edging out, or being pushed out, into the stream of traffic. This represents a change from prior years, when there were two guards at each intersection, one always available to hold children on the curb.

We have personally observed this situation, and strongly feel it is dangerous to our children and their school-

We understand that the Grosse Pointe Woods city manager has said that he will assume personal responsibility for the safety of these children. If true, this would be small consolation for the parents of a small child injured as a result of this dangerous situation.

Only last week, a child was killed and another injured in Hamtramck in a very similar situation, where proper safety practice required two safety guards rather than one, just one week before the second guard assumed her duties.

All citizens whose children are affected should urge The Woods City Council to restore full crossing guard tersections.

If our city can afford \$2,000,000 for municipal park improvements and substantial sums for council members to travel to seminars throughout the country, there is no legitimate reason why it should save a small amount by taking chances with the safety of our chil-

Preliminary Scholastic Aptitude Test, (PSAT). Later this winter they will have the op-portunity to take the Scholastic Aptitude Test, (SAT), and the American College Test, (ACT). Prior to the PSAT I wrote the parents of all members of the Junior Class about the tests because the trustees of the Board of Education and the staff wanted to be sure that our capable student body did as well as possible in them.

In my letter I asked parents to extend active support in their discussions at home and to help in the development of a proper attitude in preparing for testing, including proper rest the night be-fore. Parents with questions were urged to contact the high school staff.

The community - at - large may be interested in learning that the school system has devised both short-andlong-range plans, not only to make an effort to improve students' scores but also to point out to parents the importance of their role in the process. Last Saturday many of our | all this discussion and prephigh school students took the aration about a series of tests? Just how important are they?

> The PSAT is designed to serve a double purpose. It can help assess a student's ability to do college work and form plans for college. The test is also used to qualify students for the National Merit Scholarship program, (NMSQT). Quite frankly, we are not completely satisfied with these test instruments as a measure of our curriculum or program. However, the SAT and the ACT are widely used-and will continue to be used by colleges and universities as one of the criteria used to qualify students for admission.

The verbal portion of the tests consists of areas of learning that do not respond to a crash program of coaching. An additional 30-minute portion of the SAT, new this year, and not included in the PSAT, tests the student's ability to use the standard written language. The questions require the student to recognize errors in English usage or to select the best construction of a sentence. All items are multiple choice the best possible light has and do not involve knowledge ing, or capitalization. Scores on this portion are intended to be used only after the student has been admitted to college, as an aid in place-2. is a book about a more spacious age, when the roads were free and cars were as different as the people who drove them; the age of the chauffeur and of the "owner driver"-a happy time it seems to us now.

It was an age when motoring was a hobby and phrases like "motor-vehicle user" were no more than pompous thoughts at the back of a bureaucrat's mind; an age of individualism in the factory and in the workshop, which began in the early nineties and lasted, somewhat tenu-ously, until 1939.

This is the world that the author has tried to recreate. He has done a very fine job indeed.

One of the highlights of this book is the collection of 189 color drawings by Pierre Dumont. Ranging over 40 years with his drawings, Mr. Dumont has selected some of the cars for their looks, others for their engineering, format and background of also a number of pure rac-ing cars and a freak or two for good measure.

One of the most interesting chapters is devoted to the extraordinary, optimistic or simply ill-conceived white elephants which have briefly appeared on the European and American motoring scenes.

Among others, Mr. Twite describes the Chrysler Airflow of 1934, a design disaster: the massive Buccioli of 1931 with its V-16 engine. It never went into production; the Type-41 Bugatti Royale of 1927 with its 300 horsepower straight eight engine that measured nearly five feet in length; and, of course, our own famous Edsel.

In his book THE AMERI-CAN AUTOMOBILE, (Ridge Press), Ralph Stein selects 22 pre-1940 makes which he considers to be of "that wonderful era when many American cars were still built with care and precision, and were still designed by men who put the stamp of their own genius on the rich variety of their machines."

Along with such familiar names as Locomobile, Pierce-Arrow, Cord, and Duesenberg, Mr. Stein includes the Chadwick, Lozier, Welch

Printed and bound in Italy, this is truly a beautiful book. Of special note are the extraordinary color photographs taken by the author. Particularly high in quality are the 22 double-page color photos. Because of the extra care taken with the binding, the book opens flat so that the double-page photographs are not marred by a center seam.

### This is a smile.

Most of our customers wear one when they leave our salon. We don't change their lives, but we do change their looks and often their outlooks. Their hair shines and sparkles and shapes up beautifully. And they feel that something marvelous that only a simply marvelous hair-do can make a female feel. If you'd like to leave a beauty salon wearing a smile on your face, see us. We specialize in putting one there.

# DSO Premier for Steinberg This Week

Steinberg makes his first appearance as guest conductor of the Detroit Symphony Orchestra at a pair of concerts of 1969 and later that year tonight and Friday evening, October 31 and November 1, at 8:30 o'clock in Ford Audi- 20.

Pinchas Zukerman in a program including Wieniawseki's Violin Concerto No. 2, Respighi's transcription of Bach's Passacaglid and Fugue in C minor and Brahm's Symphony No. 4.

The Friday night concert is part of the regular Saturday series, but played this week on Friday because of a scheduling conflict.

William Steinberg was born in Cologne in 1899 and became assistant to Otto Klemperer at the Cologne Opera in 1920. He was director of the Frankfurt Opera from 1929 until he was dismissed by the Nazis in 1933.

In 1936 he helped found the Palestine Orchestra and two years later assisted Toscanini in organizing the NBC Symphony.

After five years as conductor of the Buifalo Philharmonic, (1947-52), he became music director of the Pittsburgh Symphony, the post he still holds.

He has also served as music director of the London Symphony, (1957-59), and the Boston Symphony, (1969-70), and has guest conducted his own and other orchestras all over the world.

Pinchas Zukerman first studied violin with his father, then at the Israel Conservatory and the Academy of Music in Tel Aviv. Chris, Cheryl and Michelle Decker Attend Their Aunt as Flower Girls; Newlyweds Vacation in Maine, to Live in Toledo

The Honorable Merritt W. Green, II, presided at the Saturday, October 12, wedding of Mary Joan Decker, daughter of Mr. and Mrs. Louis Decker, of Manor avenue, and Dennis Neil Elder at Sunny Vale Estates, Toledo, O., where a reception followed the afternoon ceremony.

The bride designed and made her apricot faille gown with its bodice and sleeves of apricot chantilly lace.

She wore a matching headpiece and veil and carried apricot roses.

Mrs. Brian Decker was Stephen Harris and Dayid honor matron for her sister- Littin seated the guests. in-law. The bride's nieces, Decker, were flower girls.

They wore green, gold, rust and orange peau frocks and carried baskets filled with

autumn-hued strawflowers.
Mr. Elder, son of Stanley Elder, of Petersburg, Mich., and the late Mrs. Elder, asked Brian Dawson to act as best man.

The newlyweds vacationed Chris, Cheryl and Michelle in Maine and will make their home in Toledo.

## North Blanked by Fraser, 21-0

By Bob Evanski It was a beautiful day on Saturday, October 26, a per-fect day for football. And as North charged out on Fraser's field, nothing would make the day more complete than a victory over the Ram-blers. But when it was over, that perfect day turned out to be quite dismal as North was shutout, 21-0.

The Norsemen could muster no offensive attack. They could only manage 138 yards rushing and a mere 33 yards passing against Fraser's stubborn defense.

North used two quarterbacks in the game, Sopho-more Rob Burns started at the helm, but he could only complete one of four attempts. Burns was intercepted twice.

Chuck Martin then came on and had the same problem as he only hit on one for six. North's defense allowed Fraser 67 yards passing and

Austin Prep School recent-ly held its annual fall Honors Convocation. Under the direction of Mr. Thomas Bailey, vice principal of studies, the ceremony honors students for during the past semester.

The guest speaker was Conrad Krugulecki of the admissions office of the Detroit College of Business. First honors went to 112 students and 58 more achieved second honors. First honors go to students who maintain a grade-point average of 3.5; second to those with a 3.2 average.

Senior John Niedermaier inducted eight students into the Austin chapter of the National Honor Society. Requirements for this honor are a 3.5 average for three semesters and approval of the school administration.

Six students with 3.5 gradepoint averages for three semesters were presented scholastic letters by senior Brad Merrelli, president of the Scholastic Lettermen.

# Citizens View Paving Option

The Woods Planning Commission adjourned a public hearing focusing upon the possible vacation of the east half of Sunningdale Park to its Tuesday, November 28, session. This action was taken at the Commission's regular meeting Tuesday, October 22.

This vacancy request was referred to the Commission by the council after the solons killed a proposed Special As-sessment District for paving the street's east half after receiving petitions requesting the vacation at the September 9 meeting.

Thomas Fahrner, chairman of the Commission, said only one citizen attended the hearing but he was prominent in starting the earlier resident petition drive for the vacation.

However, a new wrinkle was added when Mr. Fahrner said the citizen wasn't aware of a further option besides paving the street or vacating it. That option was simply to leave it as it is, (a gravel

The commissioner stated the citizen said he wasn't even aware of this and felt other residents in that immediate area would want the street left alone. So, the citizen is scheduled to gather signatures on a petition to the effect for presentation to the Commission at its November meeting,

This matter will ultimately come before the council again after the Commission gives its recommendation.

Marygrove Celebrity Night Coming Up

It's count-down time for Marygrove College's 1974 Celebrity Night, too. Patron chairman Mrs. Thomas K. Fisher, of Cameron place, has most of her work done, of course, for the patron letters went out weeks ago, but Tom and Diane Schoenith are still handling last-minute afterglow details, Mrs. Joseph J. Marshall is still doing a bit of publicity and the Thomas V. LoCiceros are putting final touches on their hosts and hostesses list.

Marygrove's benefit Evening with Pearl Bailey and Jud Strunk is scheduled for Friday, November 15, in Ford Auditorium. Tickets range from \$10 general admission to \$500-per-couple benefactor.
