FORMER PRESIDENT NIXON'S doctors say it is too early to tell how his health will hold up in the future following an operation for phlebitis Tuesday, which Nixon aide Ron Ziegler said left Mr. Nixon close to death. Doctors described Mr. Nixon's condition as critical saying he is suffering pain, restlessness and nausea after his surgery. Tuesday afternoon Mr. Nixon went into postoperative shock which doctors described as a circulatory system collapse.

Friday, November 1
A TEXAS YOUNGSTER, 8-year-old Timothy O'Bryan, died Thursday night from cyanide poison contained in candy he received while trick-or-treating on Halloween. Police in the Houston suburb of Pasadena combed the residential area where the boy, his sister and a friend were taken for trick-or-treating by Timothy's father, optometrist Ronald O'Bryan. The county medical examiner said cyanide granules were found in giant Pixie Sticks, 22-inch straws filled with powdered candy. The medical examiner said two inches were found at the end of each of the sticks given to Timothy's sister and friend.

Saturday, November 2
GOV. WILLIAM MILLIKEN said today that State Rep. James J. Damman will remain on the Republican ticket as his running mate in Tuesday's gubernatorial election. In a Detroit news conference Milliken reaffirmed his support of the former Troy city commissioner after the Detroit Free Press questioned his involvement in Troy land acquisitions while he held public office there. After his own personal investigation the governor said "the conclusions reached by the Free Press are not justified by the facts."

Sunday, November 3
NELSON JACK EDWARDS, 57, the first black man to become a vice-president of the UAW and long-involved in the civil rights movement, was killed early Saturday morning by a stray bullet as he tried to halt an argument in an inner city bar. He was shot in the head and left wrist about 2 a.m. in the Broadway Sportsman's Club at 7053 West Warren. Edwards was a close friend of the late Walter Reuther and rose through the union ranks until being elected a union vice-president in 1970. A suspect is being held in the slaying.

Monday, November 4
MAYOR ORVILLE HUBBARD, of Dearborn, is in critical condition today in Ford Hospital's intensive care unit following surgery early in the day to remove a clot blocking blood flow to a section of his brain. The colorful Dearborn mayor was stricken Sunday morning by a stroke and was transported to the hospital where doctors say the stroke caused paralysis on the right side and some speech impairment.

VOTERS ACROSS THE nation will go to the polls today to cast their votes for a wide range of offices. In Michigan the most prominent contest is the race for governor with Democrat Sander Levin challenging Gov. William Milliken. Pollsters say that contest is too close to call and even the rainy weather is expected to play a role in determining who wins. In an election-eve message, President Ford put aside any partisan campaigning and urged all Americans to vote, whatever their party.

Volunteers Set to Help Offenders

Judges Pleased with
Number and Quality
of Group Who Will
Serve as Probation
Officers

By Barbara Bruno
Training of volunteers to serve in the Grosse Pointe Volunteer Probation Program has ended and Pointe municipal judges are ready to begin assigning offenders placed on probation to volunteers.

Sister Sean Martin, coordinator of the five-week training sessions, said about 60 persons responded to the call for volunteers.

"They were really a high quality group," she said. "Many have already done extensive work in counseling." Training sessions included talks on the criminal justice system, techniques of interaction, objective decision making and available community resources.

Volunteers will also be offered in-service training sessions. Still to be named is a director of the program. In coordinating the program he will be responsible to the board of directors which is comprised of three Pointe municipal judges, Woods Judge J. Patrick Denis, Farms Judge Robert H. Pytell and Park Judge John R. Urso, along with Court of Appeals Judge George N. Bashara, Jr. and Wayne County Circuit Court Judge Blair Moody, Jr.

Brownell Parents Learn About Student Programs During Education Week

Blanket Invitation Extended to Visit School During
Regular Hours; Five Special Emphasis
Days Observed

By Nancy Kramer
Brownell Middle School celebrated American Education Week, October 28 through November 1, by extending a blanket invitation for parents to visit during normal school hours and take advantage of five special emphasis days.

"Many parents feel the doors of the middle school are closed," remarked principal William Christofferson. "They aren't. We want them to come in and find out what's going on in school. Basically, that's why we do this — to show parents we have more or less an open door policy."

Subject areas covered within the week-long program included English, math, science, social studies, home-making and industrial arts, art, music, physical education and guidance and counseling. Mr. Christofferson was on hand at each parent session and two or three instructors in each category gave presentations on what is being taught, which areas are being stressed and what methods are being used to educate Brownell students.

Guidance Counseling
Focal point for Friday afternoon, November 1, was guidance and counseling. Brownell's two counselors are Mary Grace Wernet and Kenneth McMillin.

Several mothers showed up to hear them speak and by mutual agreement, it was decided the forum should begin with the two counselors discussing evaluation methods. Mrs. Wernet explained measurable and non-measurable evaluation, saying that

testing could not provide an accurate picture of a child's creativity, self-direction, self-knowledge or self-discipline, nor could it graph a student's desire or determination.

Individual progress, she asserted, should be thought of in terms of how much is gained overall, rather than in terms of moving from point A to point B in accumulated knowledge.

Child Can Get Lost
"Sometimes," she cautioned, "a child gets lost in the woodwork. You can help here." Mrs. Wernet asked the parents' assistance in spotting their children's areas of difficulty, and alerting counselors or teachers to the problem. "You should call and let us know if you don't think your child is getting enough attention in a certain area," she said.

Mr. McMillin gave a rundown on the various tests administered in the schools and emphasized the continuity of exams now being given from kindergarten through the eighth grade.

Test results are assimilated into each child's record, but lately, he pointed out, schools have been shying away from including in those records, subjective comments or opinions of former teachers. (Continued on Page 4)

Seek Funds For Olympic Ski Squad

Pointers Urged to Participate in Big Auction
on Saturday,
November 16, at
Troy Hilton Inn

An Olympic ski champion from Grosse Pointe? "Not so far-fetched as it may seem, but to make that kind of dream come closer to reality takes more than wishing to make it so," says Mrs. Allen F. Edwards Jr., Pointe chairman for Ski Prix '74.

The Michigan Ski Association is sponsoring Ski Prix '74 at the Troy Hilton Inn, Stephenson, highway and Maple road, Troy, on Saturday, November 16. Event co-chairmen are Mr. and Mrs. H. Samuel Greenawald Jr., who are anticipating an encore of last year's successful benefit which netted over \$10,000 for the ski team.

Need Contributions
The sum enabled Michigan skiers like Boyne City racer Cary Adgate to advance to the U.S. Ski Team Class "A" squad from which the Olympic ski team is chosen.

Ski team training, however, is never ending. The training squad must prepare for and compete in national and international events all over the world throughout the year to maintain the sharp, well-tuned racing skill that creates a winning team.

The sole source of funds available for this training is through private contributions from individuals and from fund-raising benefits held in all major cities. Team travel and maintenance is entirely supported by these funds.

Many Guests
Ski Prix '74 will begin with an indoor pool side cocktail party at 6:30 p.m., followed by a sirloin steak dinner and dancing to Johnny Trudell's orchestra. The highlight of the evening will be a continuous write-in auction.

The host of the WJR "Focus" show, J. P. McCarthy, will be the master of ceremonies and celebrity auctioneers include baseball's Norm Cash, TV's Marilyn Turner and Jack Kelly and tennis pro Trish Faulkner.

Such items as TV weatherman Sonny Eliot's air-tour of Detroit in his Cessna airplane, plus a cocktail-dinner cruise for four in June aboard the 40-foot sloop "Belle Aureole," captained and hosted by the Norbert "Holly" Holterbachs, of Lewiston road, will be on the auction block. Sign Agreement On Improvement Of Wood's Park

Program Scope of Project Now Official with
Adjustments Provided for in Several Areas;
Cost Estimate Is \$1,815,000

By Roger A. Waha
The standard form of agreement between the city and architects Tarapata, MacMahon, Paulsen Associates, Inc., of Bloomfield Hills, for Lake Front Park improvements was unanimously approved by The Woods Council at the regular meeting Monday, November 4.

With the approval of the document, the project's program scope becomes official, although adjustments, e.g., in the measurements area, can still be made. The architect estimates that the total cost of the package will not exceed \$1,815,000, including construction contingency.

The breakdown of the program scope shows three heated aluminum or granite pools, (34,096 square feet of water surface with the architect's cost estimate being \$875,000). This includes a swimming pool, 212 feet by 164 feet with a 55 foot by 89 foot island, (including a training area); a diving pool, 35 feet by 50 feet by 13 feet deep; a wading pool, 2,396 square feet of water surface, (irregular shape); and surge tanks, heaters and other equipment.

No Decision on Pool
Mayor Benjamin W. Pinkos said a decision on whether to go the aluminum or granite route hasn't been made as yet. The architect has been asked for his recommendation and the pros and cons of both will then be discussed. He said bids on each material will be taken with the final determining factor possibly being the amounts.

Other facets of the program include an asphalt parking area for 250 cars, a concrete sun deck area, 85,174 square feet, site lighting, fencing, and a new 11,000 square foot bathroom, fully enclosed and heated.

The bathroom will contain men's and women's locker rooms, showers and toilets, a lobby-activities area, first aid room, office, life guards' room, equipment storage room, mechanical and electrical equipment room, janitorial storage and equipment room, men's and women's public toilets and circulation. Slate School Board Meeting

The regular monthly meeting of the Grosse Pointe Board of Education will be held at 8 p.m. on Monday, November 11, in the Board Room of the schools' Administration Building, 389 St. Clair avenue.

Mrs. Edward C. Hanpeter, president of the Board, will preside, and Dr. James A. Adams, superintendent of schools, will present recommendations to the trustees' action.

The meeting is open to the public.

'911' System Unworkable For Pointes, Say Police

By Diane Femminio
The Wayne County Board of Commissioners can expect a disappointing show of support in the Pointes for a plan to expand the "911" telephone dialing system in Wayne County.

Under the "911" system, citizens dial only the three digits for assistance with any emergency police, fire department or medical need. The calls are received by a central communications center where specially trained operators screen and then direct the calls to the proper agency.

A feasibility plan to include all Wayne County cities and townships in the system is under study by a special committee of the Board.

Air Traffic Problem at North High

Timing Changed on Signal
Better Chance to Get
Out of Drive

By Roger A. Waha
An engineer from the Wayne County Road Commission viewed the traffic signal at the Vernier road entrance to North High School Tuesday, October 29, and agreed more time would be needed for autos exiting the drive, reported Traffic Safety Officer Stephen Petrik.

This action was taken after several North students, at the regular council meeting Monday, October 21, complained about traffic congestion at the entrance around the 3 p.m. hour because the signal's cycle was too short. They also said the light sometimes didn't work at all, and cited the problem of pedestrians ignoring the signal.

Timing Changed
Jean Clinton, assistant engineer in the traffic and safety division of the Road Commission, said the timing of the signal was changed on Friday, October 29.

The green light held for a minimum time of 13.5 seconds but on the engineer's recommendation, it was upped to 18.5 seconds for exiting traffic, said Public Safety Director Henry Marchand.

"The longest a car would have to wait for a green light is 80 seconds," he continued. "The more cars that go over the traffic activator in the school drive, the longer the light holds green." He said an added two seconds per car is gained by going over the activator.

Director Marchand stated when there are no cars exiting the drive, a pedestrian must activate the "walk sign" control by pressing the button. "I strongly urge all pedestrians to press the button or they could stand around for two or three minutes waiting for the light to change," he said.

"They should press the button anyway, even if the light is green."

Woods Told Of Concern Of Citizens

Old and New Arguments
Heard at Council Meeting;
Parents Fear for
Children's Safety

By Roger A. Waha
An estimated 25 - 35 concerned citizens, including several fired school crossing guards, appeared before The Woods Council at the regular meeting Monday, November 4, and emphasized two main points: (1), There's an inadequate number of guards at four Mack avenue crossings, and (2), The current part-time guards recently hired by the city are inefficient.

At the same time, Aldo V. Cardosi, of Country Club drive, read a letter to the council stressing the concern of Mason and Monteith School parents over the reduction of guards at the Mack crossings at Anita avenue, Vernier road and Cook road. He said 282 citizens signed the letter which he presented to the solons.

Restore Service
The letter asked all citizens whose children are affected to urge the council to restore full crossing guard service at each of these intersections.

One guard has been handling the four corners, i.e., Mack and Cook, Anita and Mack, Mack and Vernier and Vernier and Mack, for some 60 days.

City Administrator Chester E. Petersen said his recommendation to the council on these crossings was based on a prior recommendation from the public safety department which had recommended that the crossings could be manned by four guards rather than the prior combined total of seven.

Seven on Job
Mr. Petersen said Tuesday morning, November 5, that seven part-time guards are on the job, excluding meter maids and the dog warden. (No public safety officers are manning any corners.) With the three meter maids and the dog warden, the number of guards reaches 11. He said applications for further guards are being taken by the city.

The sore spot with residents was the reduced number of guards on the aforementioned Mack crossings. When asked if each crossing (Continued on Page 2)

Costumed Man Robs Eatery

The Dobb's House, 15412 East Jefferson, was held up by a man dressed in a Halloween costume, including a face mask, shortly after midnight, on Thursday, October 31, according to information released by Park Police Chief Henry Coonce.

An apparently shaken woman employee, the only person in the eatery when the crime took place, called Detroit police, who in turn notified Park authorities over the police monitor radio, when the incident was reported.

Four Park officers, Patrolmen Steven Molitor, Robert Michael, Edward Serwach and Paul Konefke were dispatched to the restaurant within minutes, but were too late to apprehend the robber.

The waitress said that a man wearing a full face mask and an orange dress entered the place with his hand in a large pocket as though he had a gun and announced a hold-up, the chief said. At no time did the man display a weapon.

Chief Coonce said that the man took all the money from the cash register, and a small sum from the woman's purse. The exact amount, including that from the purse was not disclosed, but it was in excess of \$100, the chief added.

The thief fled from the eatery, but it is not known if he escaped in a car, or which direction he took.

'Devil's Night' in Pointe Quieter Than Last Year

Reports of large groups, exploding firecrackers, the smashing of windows and youths throwing an assortment of objects such as cans, bottles and eggs, (despite starving people who have a better use for such food), were once again part of "Devil's Night," the evening before Halloween, in The Pointe.

But, overall, the volume of such activity wasn't on the shrill side this year.

Ben Zenn, director of administrative services for the school system, said everything went very well. He felt the cooperation received from the police departments, the PTA's, the PTO's and parents in the community were plus factors. Mr. Zenn

added that "very little vandalism was experienced to school buildings."

In The Woods, Public Safety Director Henry Marchand said his department was geared up for the evening and compared the amount of activity to last year's which was on the mild side. He did, however, cite a party at an Aline drive home which caused some problems for officers.

At the party, police said an estimated 40-60 youths were in the backyard and that, after the residents were told of the complaint, they refused to break up the gathering. Officers reported several scout cars were the recipients of eggs, bottles and (Continued on Page 2)

Needle Found Inside Candy

"Trick or treat" cry the youngsters on Halloween night.

Well, one Woods girl almost was the victim of a nasty "trick" when she found a sewing needle in a bar of candy.

The girl's father reported this discovery to Woods police Saturday evening, November 2.

While his daughter was eating some of the candy she received, she opened a miniature bar, broke it in half and found the sewing needle planted inside.

A close examination of the bar and wrapper revealed no holes in the wrapper. Police said it appeared the candy was unwrapped, the needle inserted and the wrapper replaced. The bar with the needle was confiscated.

cans thrown by some teens who came from and returned to the yard.

Police also said that on three occasions party goers moved out to the sidewalk and into the street and had to be moved by the officers. The resident, meanwhile, received a violation for an illegal party, police added.

In another incident, Officer Paul Crook received a serious arm sprain while affecting an arrest at the Lochmoor Club after a report of youths throwing missiles was received. In all, an estimated total of 44 calls were received by Woods police on "Devil's Night."

Everything went well in The Shores with Public Safety Director Joseph Vitale saying, "I consider that we were very lucky." He also had praise for the children whom he termed "well behaved."

Only minor incidents of malicious destruction to property were reported to Farms

police. Assorted leaf fires and indications of egg throwing were found but, in total, it was a quiet Halloween period for police and residents.

In The Park, Lieutenant Gordon Duncan said some 20-30 complaints were received.

Several egg throwing and firecracker reports were received by City police with one egg throwing incident being close to home. In this, someone fired two eggs at a police station window, hitting the mark. Two juvenile girls told police the eggs were thrown by a boy standing near the Grosse Pointe Unitarian Church, 17150 Mauve avenue.

In another incident later that evening, Officers Arthur Maes and Edward Miller stopped an auto at Lincoln road and Charlevoix containing three youths and several boxes of eggs. The "ammunition" was confiscated and the boys were released after a reprimand.

Woods Residents Request More Crossing Guards

(Continued from Page 1)
will be upped to two guards, Mr. Petersen replied. "We have the recommendation of the public safety department, traffic safety division, and we will continue to study street safety requirements. We will have further studies of the Mack avenue crossings."

At the meeting, Councilwoman Joan M. Mullan said she wasn't clear on who made what decision on this problem after receiving several calls from citizens. She felt the only decisions made on the council's part were to get out of the crossing guard business and then ultimately back in. She asked if the number of guards used was an administrative decision.

Went on Record
Mayor Benjamin W. Pinkos stated the council is the city's legislative body and thus sets policy, while Mr. Petersen administers it. He said the number of guards and the placement of guards are within Mr. Petersen's jurisdiction.

At the same time, the mayor noted if Woods citizens have a petition or a grievance they have to come to the council. "We pass information to Mr. Petersen on what we feel but he is the administrator and, generally speaking, he will follow our wishes."

To this, Mr. Petersen said

if the council instructs him to increase the number of guards, it would be their prerogative. Mr. Pinkos then stated the council has gone on record noting that Mr. Petersen should hire all the guards necessary for the safety of the children, (a point which he emphasized several times during the meeting and a point which the citizens felt hadn't been accomplished as yet).

"Going to Get It"
Earl Penno, a teacher at Monteith and a safety patrol sponsor for 18 years, felt there was a "passing of the buck" in this matter and that the situation should be immediately rectified. He stressed his concern over the safety of children with even two guards at the Mack crossings and emphasized, "Someday, someone's going to get it!"

Mr. Pinkos then read a memo from Lieutenant Jack Patterson to Mr. Petersen, dated September 30. It says, "Patrolman (Stephen) Petrick, (traffic safety officer), and myself are presently working on the re-evaluation as ordered."

"In order to expedite this I am recommending that the first three requests be carried out now. In all instances the reduction of guards along Mack avenue will not jeopardize the safety of the children. The fact that properly

trained safety patrols are assigned to the curb as well as the island assures that the children will be held while the guard changes sides.

"In locations where traffic lights are used the children normally stop in the island anyway as it takes two light cycles to complete a crossing," said the lieutenant.

Clara Schultz, a crossing guard for 21 years, was stationed at the Mack-Vernier intersection. She said it was unsafe for one guard to cross children at that location and cited the growing traffic at that spot. Mrs. Schultz said a car struck her in 1972, and stated she was thankful no child was in the street when this happened.

Other citizens complained about the guards currently working the corners with one person saying, "The guards are not there at the time they are supposed to be there." City officials said they would look into this.

Yet another resident said, "This issue is getting to be ridiculous and the laughing stock of other communities." He also stressed the use of city vehicles to transport individuals to their corners and felt this was a waste of money.

Mr. Petersen said the dog warden is using his truck to take the meter maids, who are city employees, to their corners up and down Mack avenue. But he added, to the best of his knowledge, these are the only persons who are being transported.

Before the council unanimously received and placed on file Mr. Cardosi's letter with the signatures and Lt. Patterson's memo, Mr. Pinkos told the citizens, "You have given us the message and we are somewhat concerned but it's in Mr. Petersen's hands. After the meeting, the mayor said it would be wrong for the council to become involved in the administration of city departments."

Library Holds Children's Week

The Grosse Pointe Public Library is featuring a children's Book Showcase, a collection of the finest in young peoples literature for 1973 during Children's Book Week, November 11-17.

These books have been deemed outstanding because of their illustrations, design and physical production — paper, printing and binding. Displays will be held at each of the three branches — Central, Woods and Park.

As an added attraction, Marshal Bodrie, who has taught many motion picture and television stars the techniques of handling a six-shooter, will make a personal appearance during the week. He will demonstrate pistol wizardry and safety at the Park branch, Wednesday, November 13 at 4 p.m., and on Saturday, November 16, at 11 a.m. at the Woods branch, and at 1:30 p.m. at Central Library.

He has appeared on TV in western shows and with the stars of "Bonanza," "Wyatt Earp," "Gunsmoke," "Omnibus" and the "Red Foley Show."

Mr. Bodrie will demonstrate tricks used by legendary gunfighters of the Old West and perform some of the fancy draws and pistol handling that have made Hollywood westerns famous the world over. Admission is free.

Youths Snatch Halloween Loot

An 11-year-old Washington road resident had a not-so-happy Halloween on Thursday, October 31, after two youths took her profits from an evening's begging at around 8:45 p.m.

City police were told the girl was out trick or treat-

ing near the intersection of Lincoln road and Kercheval when two youths, both approximately 14-years-old wearing dark jackets and jeans, grabbed her pillow case full of candy and ran. The youngster chased the pair toward Fisher road but was unable to catch up.

Woods Park Agreement

(Continued from Page 1)
Continuing, the program shows activity center alterations consisting of the removal of present partitions in the east and west wings and adapting those areas for summertime senior citizen activities, filling and landscaping the present pool, and eight open tennis courts with lights.

Mr. Pinkos said the city is ready to advertise for bids for the sale of bonds and felt this would be done within the next two weeks. He added the awarding of the construction contract should transpire during the first week in December.

Several meetings have been held between the council and the architect over the past few weeks, and Mr. Pinkos said, "Up to now, the meetings have been very good and informative. Slight changes have been made, mostly in regard to the pool."

Pool Turned Around
While the pool will still be located near the park's main entrance off of East Jeffer-

son avenue, he said it has been "turned around" so the training and wading pools would be closer to parents.

He described the pool as being like a large "C" having two outstretched legs with a walk way in its center. Before the adjustment, it faced in a northeasterly direction. Now, it faces a southwesterly direction.

Mr. Pinkos said the project is feasible within the established budget and felt there will be no higher cost adjustments in the near future.

"Fortunately, some of the material items have dropped slightly. The material items we are using haven't gone up in price," he said.

Good Time to Build
"We are building at the proper time as the building business is presently sluggish," stated Mr. Pinkos, who added "good and reasonable bids" should be received.

The agreement between the city and the architect stipulates for basic services that basic compensation shall be computed on the basis of a fixed fee in the amount of \$100,000.

For additional services, compensation is computed as follows: the principals' time at the fixed rate of \$35 per hour. The principals include Peter Tarapata, William J. Hayes, Maurice B. Allen Jr., Richard K. Albyn, Glen Paulsen and Thomas J. Lucas Jr., all of the firm.

Employees' time, other than the principals in the additional services area, shall be figured at a multiple of two and one-quarter times the employees' direct personnel expense. Services of professional consultants shall be figured at a multiple of one and one-quarter times the amount billed to the architect for such services.

Set Initial Payment
The agreement says an initial payment of \$1,000 will be made upon the execution of the pact and it will be credited to the city's account.

It states if the scope of the project is changed materially, compensation will be the subject of renegotiation. If the services covered by the agreement haven't been completed within 12 months, (starting Monday, October 28), the amounts of compensation, rates and multiples listed in the pact will be subject to renegotiation.

The council will have the final say on additional services as described in the agreement. These wouldn't be provided without specific resolutions on the solons' part.

Finally, the architect agrees to maintain Architect and Engineers' Professional Liability insurance providing coverage in the amount of \$1,000,000 for each claim and \$1,000,000 in the annual aggregate, subject to a \$25,000 deductible, during the course of this project. The current policy period is from August 22, 1974, until August 22, 1975.

Brownell consistently has been among the leading point schools in supporting the United Foundation. The drive is coordinated by the Student Association under the sponsorship of Thomas Neil, advisor. Friendly homeroom competition helps make raising the money a success. There were no rewards given to the students although the monies derived came in large measure through the sale of baked goods, "slave drives" and auctions.

"It is refreshing to see students respond so well to such a worthy philanthropic project as the Torch Drive, and to see them have so much fun while doing it," remarked principal William Christofferson.

Mrs. Oscar Keller, president of the Auxiliary, said that the Saturday distribution will be from 2 p.m. to 3:30 p.m. As in the two other programs, the pamphlets will be made available through the courtesy of the U.S. Naval Recruiting Station, Brodhead Armory, and Chief Sonar Technician Robert Joyner. The Armory is located at East Jefferson and East Grand boulevard in Detroit, near the Belle Isle bridge.

Mrs. Keller said that four young boys will be given the task of passing out the pamphlets under her supervision. She said that the main purpose of the program is to instill patriotic fervor among the citizens of the Pointe and other areas, so that more flags will be displayed on National holidays and on days designated by the president of the United States.

The Auxiliary president said that more flags have been seen displayed in the Pointe area than ever before, since the Ladies of Post 955 started the first distribution on July 3. The number of flags flown has increased after August 28.

The Auxiliary's passing out of the booklets will be just in time for Monday, November 11, Veterans Day, (formerly Armistice Day). Congress has designated October 28 as Veterans Day, but because of a deluge of protests by Veterans' organizations, The Michigan Legislature, as far as the State is concerned, returned the date to November 11.

Pointes Share \$100,395 In Federal Job Funds

The Pointes will be among 40 cities and townships in Wayne County to share a total of \$2,562,185 in additional job funds available under the federal Comprehensive Employment and Training Act (CETA).

Allocations will range from a high of \$252,250 for Taylor to a low of \$2,881 for Grosse Pointe Shores. Amounts are based on the unemployment rates and the number of economically disadvantaged families in each community.

The Human Resources Committee of the County

Board of Commissioners voted to use the same distribution formula under which the 40 areas shared a total of nearly \$3.4 million in CETA funds last July.

The additional funds became available through passage of a supplemental Title II CETA appropriation by Congress at the request of President Ford.

The Human Resources committee also made a new option available to the local communities. In addition to regular job classification, communities now will have the option of hiring unemployed residents as "public service interns" at a salary of \$6,000 per year. Participating communities will be expected to assist such interns in seeking permanent employment in private enterprise or other agencies.

The allocation formula and the new intern concept were recommended by the Wayne County office of Manpower which administers federally-funded employment programs for most communities.

The amounts allotted to each Pointe community are: The City, \$8,948; The Farms, \$16,855; The Park, \$35,243; The Shores, \$2,881 and The Woods, \$36,468.

Candles Start 2 Home Fires

Park firefighters responded to two fires, one on Saturday, November 2, and the other on Sunday, November 3, at separate homes. Both fires had a common origin—they were started by burning candles, according to Fire Chief Phillip Costa.

The Saturday blaze was at the home of Fred Neuman, 1011 Three Mile drive; and the other was in the residence of Mrs. Rita Sloan, 1365 Harvard.

Chief Costa said that a candle burning too close to a set of window draperies in the family room of the Neuman house, started a fire that destroyed the draperies, charred the wall and a counter top in the room. The flames were confined to the room and extinguished within about 15 minutes, the chief said. There was minor smoke damage throughout the first floor.

At the Sloan home, a candle on a wooden desk, just before burning itself out, ignited the desk, carpeting and a small section of a wall. This was on the second floor of the house.

Chief Costa said that firefighters put out the blaze within about 20 minutes. The fire was confined to the one room, he said. Smoke damage to the top floor was minimal, he added.

The chief said his department personnel responded to a total of 129 fire and ambulance runs during October.

Old Snow Plow To Be Replaced

The Farms Council Monday, October 21, approved the purchase of a standard road plow and is hoping the equipment arrives before the year's first snowfall.

The plow would replace a 30-year-old plow that is badly deteriorated, according to City Manager Andrew Bremner. He said the plow is attached to the front of a rubbish truck and can be quickly installed and removed.

Councilwoman Nancy Waugaman asked why the matter wasn't brought to the Council's attention sooner since delivery of the equipment will take between 60 and 90 days.

Mr. Bremner said the city has no idea of how much deterioration has taken place until the equipment is brought from storage at the change of seasons.

Mrs. Waugaman moved that the city be authorized to purchase the equipment "with haste." The vote to approve the purchase was 5-0.

Councilmen James Mast and James Dingeman were absent.

Church Books Noted Speaker

A nationally known speaker on problems of communicating ideas, Dr. W. J. Beeners, will talk on "Bridging the Communication Gap" at the Grosse Pointe Memorial Church, 16 Lakeshore road, today, November 7.

Dr. Beeners, while serving as the director of speech at Princeton Theological Seminary, also has an active speaking schedule with various business, social and church groups around the country.

Sponsored by the Men's Association of the Memorial Church, dinner by candlelight which precedes Dr. Beeners' speech will be served at 6:30 p.m. The cost is \$7.75 per person and all are welcome.

Reservations for dinner can be made by calling the church office at 882-5330.

RV Law Takes Hold April 4

The Woods newly passed ordinance providing for the regulation of the outside storage of boats, various trailers, (boat, utility, travel, house), and other recreation equipment becomes effective April 4, 1975.

The council approved the measure after some 2½ years of study at the regular meeting Monday, October 7.

Slate Second ULS Book Fair

The second annual University Liggett School Book Fair is slated to begin Wednesday, November 13 at 10:30 a.m. in the ULS Lower School library, 1045 Cook road.

Chairman, Mrs. Ronald Lovisa, has announced that the Fair will be open through Friday, November 15 from 10:30 to 5 p.m., and every evening from 7 to 9 p.m. The Book Fair committee, Mrs. Toby J. David, Mrs. Salah Gouda, Mrs. Carl Rasimas and Mrs. John Martin have been helping Mrs. Lovisa choose a well balanced selection ready to stimulate the interest of all children from the ages of 4 to 14.

The books will all be brand new, (thanks to the help of Frank Sladen and the Book Shelf), and ready to be read now or wrapped up for Christmas giving. The Lower and Middle school children are contributing to the Fair by designing individual book marks, which will be on sale at the Fair.

Profits from every book sold will be used to improve school and library facilities.

Last year's proceeds have helped the Middle School start building a music corner for their library. Records, cassette tapes and books have been ordered to supplement the music courses.

The Lower School used their share of proceeds to purchase four Kindle Units,

each comprised of five filmstrips with accompanying cassette recordings. They are used as a continuous program in development of values in elementary school children.

The Reverend George Andrews, Chaplain at ULS, has already begun this values and guidance curriculum at the fifth grade level.

Methodists Go On Radio, TV

The Every Member Commitment Committee is composed of the Reverend Perry A. Thomas; Camille Thompson, Organist-Choir Director; Eunice Hayward and Jack Van Baelaere, Co-Chairpersons; Donald Hansen and Sydney Yerge, Record Keepers; Ralph Reor, Media; Tammy Moin, Telephone Associate; John Seales, William and Kitty Evans, Resources; Dwight McGraw, Visitation; Catherine Goodsell, Visitation Luncheon; Gene Chosy, Teller; Ruth Davey and Lynn Prisk, Youth and Doris Dalesandro, Publicity.

Volunteers Offer to Help

(Continued from Page 1)
concept for the Pointes, said the courts are anxious to begin utilizing the volunteers.

"We were confident that when the need for a probation program was recognized by members of the community they would respond in the way they did," he commented.

The Pointe program is a non-profit corporation with offices at 20943 Mack Avenue. Sadie Bolos, of The Park, a student at Macomb County Community College, serves as part-time secretary, Monday-Friday, 2-6:30 p.m.

The majority of volunteers will act as Volunteer Probation Officers (VPOs). They will work in a one-to-one relationship with offenders for a period of time specified by the court. The program is geared toward aiding the 17- to 30-year-old offender who has committed a misdemeanor and generally has no previous conviction record.

Other positions to be filled by volunteers include staff coordinators and pre-sentence investigators. Upon a plea of guilty or a finding of guilt, the judge may ask for a pre-sentence investigation of the individual.

The investigator will interview the individual to find out as much as possible about the offender's background and his interpretation of the offense. This report will be returned to the judge before the sentencing date to help the judge determine the proper sentence.

If probation is prescribed, the offender will be required to notify the probation office and make an appointment to meet his VPO.

The court will also send a copy of the order of probation to the volunteer office where the offender will be matched with a VPO.

The VPO is to fulfill the role of friend and companion to the probationer, representing acceptance, understanding, affection and concern. VPOs and probationers will meet regularly to discuss problems, objectives and simply to talk.

Judge Urso said not only will the offender benefit but the VPO will as well.

"We expect there will be benefits in terms of personal growth both on behalf of the offender and the VPO," he said.

At the final training session, Sister Sean emphasized the wide variety of resources available to volunteers who may be experiencing difficulty with a probationer or seeks professional guidance in a particular area.

This could range from professional drug counseling to guidance in career education.

With program offices established, training completed and professional resources available, the next step is to put the plan into operation by matching volunteers and probationers.

Those involved with the program are sure this will be the most successful step of all.

**Slate Second
Film Forum**

The second program of the Friends Film Forum will be shown Thursday, November 7, in the Exhibition Room of the central branch of the Grosse Pointe Public Library, at 7:30 p.m.

"Treasure Island," the original, 95-minute version of Robert Louis Stevenson's literary classic which has fired the imagination of millions of readers, will be shown.

Jackie Cooper and Wallace Beery play major roles in the thrilling adventures of pirates, the Spanish Main, buried treasure, sailing ships, fighting men and the open sea.

The following week, on Thursday, November 14, Family Film Night will return.

"Point Pelee," a 28-minute color film featuring close-up photography of the narrow peninsula located in Lake Erie, will be shown along with "Magic of Walt Disney World," which shows highlights of the Florida amusement park including the Polynesian village, the monorail ride, Fort Wilderness, fireworks and water shows.

"Toolbox Ballet" brings a collection of everyday tools alive playing the roles of people in the real world. The eight-minute color film features a violent conflict between a blowtorch and a hammer.

Film Night also will be presented in the Exhibition room at Central Library, at 7:30 p.m.

Unworkable '911' System

(Continued from Page 1)
tem local police would probably respond to the call anyway. "It's quicker just to call the local department," he said.

Shores Public Safety Director Joseph Vitale also expressed opposition to the plan.

"The '911' system would not help in our area," he said, "because if citizens call their local departments we can respond in less than two minutes. If people use the '911' system, the call has to go through a relay system and it takes longer to get help."

Farms Police Chief Robert Ferber said he likes the "911" concept, but also said the overlapping telephone exchanges would cause problems.

"With a delay in dispatch," Chief Ferber stated, "there would be a corresponding delay in service. A central dispatch is all right if a

common area is shared, but the telephone exchanges overlap. It's an idea worth exploring, and I think the first step would be to supply the Pointes with a plan for us to study."

City Lt. Robert Van Tiem said he is in favor of the system if it is used for emergency calls only.

"When Detroit gets a '911' call for the Pointes, we respond," he stated, "but so far the few calls we've gotten have been non-emergency calls."

Park Police Chief Henry Coonce said the question of the "911" system was posed about three years ago and was not approved.

"By dialing '911,' a dispatcher would have to figure out what city the street was in before he could relay the call. This could cause a loss of time. Unless each city had a separate three-digit number, it would be faster to call the local departments."

Commissioners Jarrette Simmons and George Killen comprise a sub-committee of the Board's Public Safety and Judiciary Committee. Both Detroit Democrats, they will be conducting a poll to determine community interest in a county-wide "911" system. They are planning to wait for responses from the various cities and townships in the county before making a recommendation to the Public Safety and Judiciary Committee.

RECEIVES PROMOTION
Ann Garrison Simmons, of The Farms, has been promoted by the National Bank of Detroit to assistant vice-president in NBD's Trust Division. She is a supervising investment analyst and a graduate of the University of Vermont. She is a member of the Institute of Chartered Financial Analysts, the Financial Analysts Society of Detroit and the Women's Economic Guild of Detroit.

Learn About Programs

(Continued from Page 1)
ers. "We're leaning over backwards to get away from subjective opinion," Mrs. Wernet interjected.

Discipline problems, Mr. Christofferson said, unless serious in nature, are for the most part, not included in a student record. Any information that concerns the safety of other students would be passed on and anything that stays on a record is, or will be, made known to parents.

Sometimes, if a counselor or teacher notices a trend in a student he or she might check back with a person at a child's former school to try and pinpoint where the problem originated, but generally, Brownell students begin the year with a clean slate.

Options Learned
When the subject of career education came up, it was pointed out that on the middle school level, guidance is geared to giving students an idea of what options exist.

The counselors spoke of a new Careers Unit, a 10-week program soon to be implemented in all the middle schools on the eighth grade level.

"The emphasis here is on awareness," Mr. Christofferson said. "We aren't trying to channel a student's interest toward any particular field."

Both Will Benefit

When asked what the role of a counselor was, Mr. McMillin and Mrs. Wernet agreed it was their job to completely support the student in order to assist him in finding his own direction.

Guidance and counseling is available to Brownell students on as-needed basis with parents and teachers deciding if a student might benefit from the service.

**Thieves Take
\$500 in Tools**

An open garage door led to the theft of a tool box and assorted implements, valued at around \$500, on Sunday afternoon, November 3.

David J. Breen, of Thorn Tree Road, told Woods Public Safety Officer Arthur Gekiere he placed his tool box in the garage with the door open, went into the house for 45 minutes and returned to find it missing.

The box was described as grey in color with six drawers, all red.

Thieves Enter 4 Woods Homes

Woods police received four breaking and entering reports last weekend with two of the incidents being called in on Sunday, November 3. One each was reported on Friday, November 1, and Saturday, November 2.

On the 1st, a South Oxford road citizen returned after a two-hour departure from his home to discover the burglary. Police said items missing at this time include \$3 taken from a sugar bowl, \$15 in rolled change and sev-

Offer Ski Trips
Two separate ski-weeks are up for bids with all expenses and air travel included. One is to the Big Sky, Wyo. resort with a room for two at the Chet Huntley Lodge. The other is to Park City, Utah, for skiing in the famous Utah powder snow.

Other items being offered are ski weekends at Boyne Country and Sugar Loaf. Still more in auction items include lunch and drinks for four at the Lindell A.C., gathering spot for sports figures, dinner and cocktails for two at Joe Muer's Restaurant and a ride in the "Cloud Nine" hot air balloon.

"No matter what your 'thing' is, there is something to satisfy it," notes Mrs. Edwards. "All you have to do is be there to bid and have a good time doing it."

Promising to stimulate the action is Charles Kinsey, well-known Detroit area auctioneer, who will conduct live bidding for special items periodically all evening. Tickets for the party are \$25 per person, (greater portion tax deductible). For information and reservations, call 626-9500.

eral candy bars. Entry was gained by smashing a window out a door and opening the dead bolt.

An Anita avenue resident was victimized on the 2nd when thieves entered her home through the back door by breaking out a window. A file cabinet and hutch were both entered but the citizen didn't discover anything missing at this stage.

Then on the 3rd, a Fairway drive citizen told police her home was entered when the culprits pried open a rear porch door. Four dollars worth of silver Australian coins were missing.

Finally that same day, another Fairway drive resident reported a burglary which occurred sometime between the afternoon of the 2nd and the evening of the 3rd.

In this incident, entry was gained by prying open a sliding glass door. Three bedrooms were ransacked but only some money was missing from one of them. Taken were one silver dollar and 10 John F. Kennedy half dollars. A half gallon of scotch and a bottle of whiskey also were snatched.

SH Girls Make Splendid Splash

By Patricia Lindheim

The South High School girls' swim team had a very successful first year as a varsity sport. The swimmers were unbeaten in their Eastern Michigan League with a 6-0 record in dual meets.

Then, to climax their season, the South girls came through by winning the league's championship meet by scoring 89 points to crown the team's and Coach Mary Haddad's season.

The meet was recently held in East Detroit High School's 25-yard pool. South was behind one point going into the last event which was the 400-yard free relay. With a first place in that event, swum by Sandy Fires, Kyle Gaspar, Cari Courson and Sue Trost, the South team wrapped up the meet. The squad is co-captained by Cathy Graham and Sue Trost.

Other events in which South girls placed, (points were awarded through the top six places), were: 200 medley relay — second, Cathy Graham, Marie Zerwick, Cori Courson, Robin Carty; 200 free — second, Sue Trost; third, Sandy Fires, sixth, Margaret Pendy.

More include the 200 individual medley — second, Cathy Graham, seventh, Barb Belfore, eighth, Nancy Stricker; 50 free — third, Robin Carty, fourth, Cari Courson, eighth, Vickie Gracey; diving — first, Leslie Edmunds, second, Mary Schawwz, sixth, Jenny Miller.

Others are 100 fly—first, Robin Carty, fourth, Vickie

Hearing Held in Labor Case

Several hours of testimony were given at a hearing conducted before the Michigan Employment Relations Commission Wednesday, October 30, on an unfair labor practice charge filed against The Woods by Metropolitan Council 23 AFSC & ME-AFL-CIO, which represents 17 school crossing guards.

The guards were fired last month when they failed to report to work Friday afternoon, October 11, after a city directive.

City Attorney George Catlin reported that testimony was taken from both sides, transcripts will be made and attorneys for both sides will file briefs. Then, a decision will be reached.

Meanwhile, Mr. Catlin added the city withdrew its unfair labor practices charge against the union because

this was "a moot question as far as we were concerned at this time."

DEVONSHIRE DRUGS

Of all the senses which help us appreciate the world, perhaps there is none so important as vision. People live by their eyes; they work, talk, play, and love with them. Did you know that four fifths of your awareness of things comes through the eyes? Because life in our society is usually visually oriented, to see and to see accurately is closely related to progress and success. Some of the organs necessary for the sight? Eyebrows are necessary to give protection from light, moisture, and or blows. Eyelids, tear glands, muscles, and the visual center itself are all important to sight.

It is wise never to put anything in your eyes that has not been approved by your doctor. You should also check old prescriptions with your druggist to make sure they are still usable. At DEVONSHIRE DRUGS, 16037 Mack, "on the block," we take a personal interest in your prescriptions and fill them in a prompt, professional manner. We also offer free prescription delivery. Pair Foiled Stealing Auto

Two juveniles face car theft charges and will have a hearing in Juvenile Court, it was disclosed by Park Lt. Gordon Duncan.

Mary Louise Gayette of Detroit, parked her automobile in front of the home of Michael J. Shaheen, 21, in Kensington road, on Sunday, October 27, while both were on a date. At about 10:41 p.m., the couple returned to Shaheen's house, just in time to see the young woman's car leaving the curb in front of the property without lights and head south on Kensington. In leaving her vehicle in the driveway, the lieutenant was informed, Miss Gayette had forgotten to remove the key from the ignition.

Mr. Shaheen, heading north on Kensington, stepped up

his speed and blocked the teenagers' path and jumped out and apprehended a 16-year-old boy, who was driving the young lady's auto. Another male, a passenger, who is 14 years old, leaped out of the car and fled from the area on foot. He was known to Park police, who took the older boy to the station, after which they went to the home of the 14-year-old and informed his parents that their son will be contacted by Officers of the Grosse Pointe Youth Service Division.

The 16-year-old was released to YSD detectives for further questioning and investigation, pending charges of unlawfully driving away an automobile. He was later released to a relative.

Austin's Freshmen Win Football Championship

By Jim Crockaert

Austin's freshman football team became the first Friar football team since 1961 to win a championship on Saturday, November 2, as it copped the Central Division freshman title with a 38-12 victory over Harper Woods Notre Dame.

The frosh finished the season with a 6-1 record with their only loss coming against Birmingham Brother Rice on opening day, 20-14.

Austin's closest competitor was Bishop Borgess, which had an identical 6-1 season record. But Austin took the championship by virtue of the fact that it beat Borgess 18-12 during the season.

Joe Fikany, from St. Clair, quarterbacked the team, completing 54 percent of his passes for 762 yards and nine touchdowns during the year. Fikany carried the ball for 91 yards and scored two touchdowns himself.

Bob Conway, also from St. Clair, played split-end and defensive cornerback. Conway caught 23 passes for 472 yards and seven touchdowns. As a cornerback, he intercepted five passes.

The most versatile man on the team was Bill Ibianski. Ibianski ran for 968 yards, a school record, and scored nine touchdowns. He passed for 54 yards and caught 10 passes for 100 yards. Besides his duties as punter and kicker, Ibianski intercepted three passes and returned a punt

75 yards for a touchdown.

Tough line play won it for Austin, both defensively and offensively. Standouts on the line were Victor Long, who led the team in tackles; Matt Kanar, who played center and linebacker; Kevin Norris, who played offensive and defensive tackle; and Ron Vaughn, who played the other tackle spot.

Coaching this year's team was Jim Gerbe, head coach, along with Gary Buslepp and Frank Paduch, O.S.A., assistants.

After its opening day loss to Brother Rice, Austin beat Southgate Aquinas, 40-14; University of Detroit High, 28-6; Detroit DeLaSalle, 26-14; Detroit Catholic Central, 18-13; Bishop Borgess, 18-12, and, finally, Notre Dame.

Austin rolled up 2,067 yards total offense, 1,254 yards rushing and 813 passing, to 1,071 yards total offense for its opponents. Austin outscored its opponents, 182-91.

Woods Okays Traffic Light

The installation of a traffic signal at the intersection of Marter road and Roslyn road received the unanimous approval of the Woods Council based upon a Committee of the Whole recommendation, at the regular meeting Monday, November 4.

At the same time, the traffic engineering report of Reid, Cool and Michalski, Inc., traffic engineers, of Southfield, was referred to the progress file of City Administrator Chester E. Petersen.

The council at the September 9 meeting had referred

the results of a survey prepared by the engineers to the C-W for further study. This focused upon the possibility of installing signals at the Marter-Roslyn, Cook-Holiday/East Kings court and Morningside drive-Roslyn crossings.

In all three instances, the engineers said it would be difficult to make any case for traffic signals at those intersections.

However, the council felt the installation of a signal at the Marter-Roslyn crossing was necessary.

Mr. Petersen said, "This

particular corner probably warrants a traffic signal in all phases, in both vehicular and pedestrian traffic. The council feels it will help reduce the speeds of vehicles on Marter as there are no stop signs from Vernier road to Parkway drive.

As for the other pair, he said, "At this time, no traffic signals will be installed."

Baron Gridders Sweep GP Lions in Driving Rain

The G.P. Red Barons and G.P. Lions renewed their traditional rivalry in a season finale at North High School Sunday, November 3.

Despite the bitter cold and driving rain, a large crowd was on hand to witness the games, all won by the Barons. It was also Father's Day for the Red Barons. As each Red Baron was introduced he was accompanied from the end zone to midfield by his father.

Bill Raven, Brian Augsberger and Craig Stafford each scored TDs, and Chris Krucki and Marty MacEnroe added the extra points as the Red Barons defeated the Lions, 20-0, in the freshmen game. The Baron defense allowed short yardage and no first downs in their shutout. The third quarter featured a blocked punt by the Barons' Jeff Kusch, who rambled to the Lion 15-yard line to set up the final score.

Marty Frisbie, Todd Poole, Chris Neal, Eric Safran, and Kusch anchored the Baron defense, while Steve Lesha, Kyle Kurtz, Robert Henry, Dave Babcock, and Pat James played fine offensive football.

The Lion defense was led by Harry Constant, Jim Harrison, John Gregg and Brian Carion, who repeatedly throttled Baron scoring drives with crisp tackling causing three fumbles. Harrison recovered two fumbles and Gregg recovered one. Joe Leto and Mike Sullivan ran with power in a losing cause.

In the junior varsity game, Tom Brown scored four TDs and Chick Steepe scored one.

In-Court Drama For SH Players

Grosse Pointe South High's drama club, Pointe Players, is hard at work on its fall production, "Night of January 16th," by Ayn Rand.

The mystery-comedy takes place in a courtroom situation and is directed by Mrs. Marke Reeve.

Judge Blair Moody Jr. assisted in researching technical courtroom procedures and arranged for the cast to attend a criminal court case. Major parts will be played by Mike Martin, Margaret Arsenault, Rick Berg, Karen Duffy and Denise Ribant.

The audience, in perhaps the most important role of all, is the jury and will decide on the verdict.

The play is scheduled for Thursday-Saturday, November 14, 15 and 16, at 8 p.m., in the Performing Arts Center at North High. Tickets at \$2 for adults, \$1 for students are available at South or through the Grosse Pointe South High Mothers Club.

All proceeds benefit the Club's Scholarship Fund which helps graduates needing financial assistance for college or other advanced education.

while Bruce Stewart, Gary Kinder and Paul Keller added extra points to lead the Barons to 33-0 victory.

Peter Mogk, Peter Kotula and Mark Kaiser each recovered fumbles, and Karl Kurtz intercepted two passes to spearhead the Baron defensive effort.

Glenn Piche, Wright Wilson, Tom Krucki, Stuart Johnson and Bill Ruswick also played well defensively for the Red Barons. The Baron junior varsity finished the season undefeated with an 8-0 record.

For the Lions, Scott Suckling blasted through the Baron offensive line to block an extra point attempt. Chris Kohut played solid defensive football, aided by the strong two-way play of David McAllister, Tom Keane, Alan

Kozlowski and Ward Krull. The Lion offense was hampered by the mud and the rain, but put together several nice drives.

At the varsity level, the weather and field conditions forced a lack of offensive punch on both sides.

Late in the third quarter the Barons took over on downs at the Lion 20. On the first play from scrimmage in the fourth quarter Jon Stewart barged over from the five-yard line for the only score of the game, as the Barons held on to win 6-0.

Stewart intercepted a pass, while Steve Shucker, John Clem, Dave Monark and Jay Frontera played tough defense. Monark also blocked a punt that led to the lone TD. Bob Brown, Bill Babcock, Charles Haring, Victor Cava-

tao and Pat Day played well on offense.

The tenacious Lion defense was led by Steve Kienle, Dan Sullivan, Greg Drais and Mark Raymond. The Lion offense, led by Todd Platt, Rich Harrison, Chris Mebus and Tom McShane, was punishing but ultimately fell victim to the bad weather.

The losing Lions carried home the traditional deflated football trophy as a memento of the day.

The Red Baron junior freshmen ended its season with a 6-6 tie with the Green Hornets.

The running of Joe Cardosi led to the lone TD by Ken Sanders. Robert Moesta, Robert Metzler and Robert Gould made their presence felt.

Coach Joe Angeli stated after the game, "It was a great pleasure to work with these fine boys and watch their hard work and dedication pay off. I am sure they have learned more than just the fundamentals of football this year."

The Lions and the Red Barons wish to thank their parents for the wonderful support they have received this season. Both squads express best wishes for continued success to those boys who will not return next year.

'B' Swimmers in Utica Meet

The Grosse Pointe Swim Club's "B" team traveled to Utica, N.Y. to compete in the first "B" meet of the year Saturday-Sunday, November 2-3, at Eisenhower High School.

Many of the swimmers moved into "A" class in their respective events and most of the competitors dropped their times and many placed.

In 8 and under events, the girls 100 free relay team of Sara Semple, Katy Eckel, Lisa Nelson and Christine Strong took second place. The boys' 8 and under relay squad of Judson Kotos, Greg Peabody, James Meehan and Bill Hohman did the same. In girls' 10 and under, the 200 medley relay team of Sara McLeod, Laura Hackman, Chris Bourget and Christine Barnes placed sixth.

Next, in individual events, Chris Bourget took first place in the 50-yard back with a 40.3 and then placed second in the 50 fly.

In 10 and under boy's action, the free relay team of James Meehan, Chris Brown, David Center and Marty Montagne took fifth place.

The same relay swam the medley with the addition of Mark Mullen and took a second.

In girls' 11 and 12, the 200 free relay team of Theresa Meehan, Wendy Watts, Karen Strong and Rooney Richards finished fourth. Rooney Richards was sixth in the 50 free with a 31.5, while Chris Truhol was fourth in the 50 yard backstroke with a 36.6.

Karen Strong was fifth in the 50-yard breast with 42.0, and Kathy Brown, 11, placed fourth in the women's open breaststroke with 1:29.0. In boy's 11 and 12, the relay team of Gene Miczak, Billy Babcock, John Wooten and Phil Chadwell placed fourth.

Lisa McFarland and Lisa Spindler were heat winners in their events.

Many of the "B" team swimmers moved into "A" times and they will be able to compete at North High School Sunday, November 10, as GPSC will host a State AAU meet.

Coach Kitty Montagne said the times were unusually fast for this period of the year, and she was pleased with the performances of her swimmers.

Related to this, the council at the regular meeting Monday, November 4, unanimously approved a Committee of the Whole recommendation directing City Administrator Chester E. Petersen to take necessary action to correct the problem with the possibility of installing a "delayed action" traffic light at the Vernier road entrance.

"If the light cycle change doesn't help, we'll probably have to tear out some controls to where all vehicular traffic stops at one time and the pedestrians go. But maybe the cost for this would be prohibitive," said Mr. Petersen.

In the meantime, he stated the city will wait around two weeks to see if there's any noticeable improvement with the retimed cycle. If the retiming doesn't help, the matter will come before the council again.

APPROVE SALT BID

The Shores Council, at its regular meeting Tuesday, October 22, voted unanimously to accept the price quotation of \$9 per ton for salt from the International Salt Co. to use this winter in clearing the village streets. The price paid last year by The Shores was \$9.73 per ton. It was noted at the meeting that this year's price quotation is protected through March 31, 1975.

Troop Has New Eagle

Boy Scout Troop 96, Grosse Pointe Memorial Church, held a Court of Honor in Barbour Chapel on Thursday, October 28.

After the Color Guard presented the flags, a candlelight ceremony was conducted by Brad Murray, senior patrol leader, and his two assistants, Chris Powell and Jim Teetzel. Fifteen candles were lit, 12 representing the 12 points of the Scout Law and the remainder signifying the three parts of the Scout Oath.

Advancement chairman, Dean K. Riddle, officially opened the Court of Honor.

The highlight of the evening was the presentation of scouting's highest award, Eagle Scout, to Brad Murray by his scoutmaster, Charles W. Donovan. Only one percent of scouts achieve this distinction.

Brad is the first scout in Troop 96 to receive the Eagle Award under the new scouting program. Twenty-four merit badges are now required for Eagle Scout, and Brad earned 27 in his three years of scouting.

His Merit Badges, in many diverse fields, include Citizenship in the World, First Aid, Electronics, Mammals, Environmental Science and Orienteering.

For his service project, Brad worked for the Children's Home of Detroit, collecting and repairing uniforms and equipment to launch a newly-formed scout troop in the home. He was recognized for his fine efforts by the Board of Trustees at the Children's Home.

Brad has held many offices in Troop 96 and is presently senior patrol leader. He was elected to the Order of the Arrow in 1973. An honor roll student at South High School, he is in his junior year. Brad is the son of Dr. and Mrs. Gordon M. Murray, of Lakeland avenue.

Before the Eagle Award presentation by scoutmaster Donovan, a moving tribute "To an Eagle Scout" was narrated by the Reverend

Father William Sayers, assistant scoutmaster.

During the presentation, Brad was flanked by his proud parents, and an array of Eagle Scouts including his assistant scoutmasters James Powell, Reverend Sayers and John Onstwedder, along with Dean Face, Bill Teetzel, Dr. Foster Redding, and scoutmaster Fred Blair and Steve Linne of Troop 86.

Scoutmaster Donovan is a 1965 Eagle Scout alumnus from Troop 96 which was chartered 37 years ago. Mr. Donovan has presented six Eagle Scouts in his four years as scoutmaster of Troop 96.

Life Scout, just under

Brad Murray

Eagle, was achieved by Chris Powell. The award of Star Scout went to Stephen Redding, Andrew Richner and Danil Riddle. First Class awards were presented to John Onstwedder, Stephen Redding and Coleman Rogers. Jeff Eisenbrey and Peter Tobin earned Second Class awards. New Tenderfoot scouts included Mark Damborg, Blake Hill, Don Kavanaugh and Dan Schaitberger.

These awards were presented to the scouts and their parents by the assistant scoutmasters, and Dr. Gordon M. Murray, Dr. Foster Redding and Cedric Richner. The Ben R. Marsh Trophy was awarded by scoutmaster Donovan to Dean Face for his outstanding work in scouting in Troop 96. Ross Murray and Chris Powell were recognized by the Court of Honor for their recent election by fellow scouts to the Order of the Arrow and for their camping ability and their scout spirit.

Service Stars recognizing from one through eight years of service with the troop were given 22 scouts and four leaders. In addition, a total of 88 merit badges were awarded to 18 scouts. Following the Court of Honor, a reception was held in the Fellowship Hall of the church.

VERHEYDEN HONORED Charles Verheyden, of The Pointe, was honored at the Fifth Annual Charter Night of the Anthony Wayne Society of Wayne State University.

WSU President George Gulen Jr. and Anthony Wayne Society Executive Committee Chairman Walker L. Cisler presented the Anthony Wayne Plaque. The Society honors those who have made generous contributions to the University's continuing excellence and future growth.

Unitarians Schedule Forum

The social responsibility committee of Grosse Pointe Unitarian Church, 17150 Maumee avenue, will present a Sunday evening forum on the subject "Man vs. Nature: Who's Ahead?" featuring five lectures on environmental ethics by Professor Paul W. Rahmeier.

Campout Has Extra Sparkle

Six inches of snow gave an extra sparkle to the semi-annual campout by the Webelos of Cub Pack 147 from Defer School.

The scouts and their dads were camping near Sarnia, Ont. on Saturday-Sunday, October 19-20, when an unseasonable snowfall descended.

Working toward their outdoorsman badges were den leaders Joe Craig and James Martin and Webelos scouts Mark Brouwer, Rob Correa, Stan Fildew, Kevin Grindler, Greg Onychuk, Don Robertson and John Ziadat.

The series of taped lectures for Sunday evening listening and discussion begins November 10, at 7 p.m. The first lecture is the "Five Roles for Man." On November 17, "Man's Three Struggles: Himself, His Neighbor and Nature;" December 1, "Relationship of God to Man;" December 8, "Value Conflicts in Abortion;" and December 15, "Is Man Part of or Apart from Nature?" The presentation will be followed by audience discussion and coffee will be served.

The tapes are replays of five lectures presented by Professor Rahmeier at the Dartmouth Alumni College in August 1974. He was the chaplain of Dartmouth College from 1967-1974, and now is the headmaster of the Northfield - Mount Hermon School.

No admission will be charged, though a donation of \$1, (50 cents for students), to the Social Responsibility Fund will be encouraged.

Bruin Mites Win 3 Games

The Bruins of the Grosse Pointe Hockey Association, Mite Division, (6-8-year-olds), have started off their regular season with a 3-1 record.

In the opening game Saturday, October 26, the Bruins won 1-0 over the Flyers on a second period goal by Tony Ugval. Rob Pytell turned in a fine game in the nets.

The following morning was not quite as successful for the Bruins as they lost to the Hawks 3-2. Bruin goals were scored by John Weber and Craig Lenhard.

But the Bruins chalked up another win on Saturday, November 2, over the Rangers on a first period goal by John Weber, the only score of the game. Rob Pytell posted his second shutout for his team.

The Bruins then dominated play with a 5-3 win over the Blues. Tony Ugval held the fort in the nets while John Hogan scored two goals. Other Bruin goals were scored by Craig Lenhard, Tim Bohan and Tommy Ugval.

Veterans of this year's Bruin team are co-captains Rankin Barker, Tony Ugval and John Weber, plus Tony Tharenos, George Krappmann, Tom Dombrowski, Ken Fruehauf, John Hogan, Keith Kovalick, Tom Ugval, Bobby Jewett and Rob Pytell. Newcomers to the team include Craig and Tim Lenhard, Tim Bohan, Ray Bauer, David Ketchum and Steve Gaskin.

NH Gridders Win Handily

By Bob Evanski
The Norsemen, coming off a beating by Fraser last week, turned the tables this week by trouncing lowly L'Anse Creuse 28-0.

Chuck Martin returned as starting quarterback for North. He wasted little time in getting North going as he hit Greg Catalano for a 15-yard scoring pass.

Ed Tropp then hauled in another Martin pigskin pass, this one good for a 26-yard score.

The final tally came on Andy Georgeson's short plunge. Pete Richards put three extra points through the goalposts, and Jerry Cardani booted one to complete North's defense.

The North defense handled the Lancers' offense awesomely as they held them to as little as 58 yards in total offense. The North defense also picked off two more Lancer passes and recovered three fumbles.

North's next game is the big one, as they will meet South on Saturday, November 9. The game is on North's "demolition zone," and will be North's last game of the season.

Many more failures can be charged to the lack of will power than the lack of strength.

Brownell Holds Fashion Show

Simplicity's Fall 1974 Educational Presentation "Fashion Futures" will be presented in Brownell School, 260 Chalfonte, on Monday morning, November 11.

A Simplicity Pattern Company representative will narrate the show.

Models are students in Mrs. Evelyn Toll's home-making classes, including Kathy Sanford, Lill Graham, Lynne Fancon, Helene Voight, Becky Kiess, Sue Uppleger, Heidi Kovanda, Carol Nesom, Kathy Hueter, Amy Pollina, Renee Clemente, Jamie Hackett, Chris Kaliardos, Charlene Reardon, Loretta Monte and Nell Hosler.

Outfits to be modeled include a patch print skirt, a simple-to-sew jumper, an A-shaped dress, blouses, pants, vests, knits, a long slinky halter dress for knits, unlined and shirt jackets, a shirt dress and evening pajamas. A wide variety of fabrics will be shown—denim, corduroy, knits, prints, plaids and tweeds.

Boy models who will be wearing vest or jacket ensembles are Rick Lock and Dale Kronbach.

Morrison Wins Football Plaque

Steve Morrison, who quarterbacked South High School to its first Eastern Michigan League championship last year, was awarded the most valuable freshman plaque at Kalamazoo College's recently held annual football banquet.

Morrison, of 616 Lakepointe avenue, started all eight of Kalamazoo's games as a defensive back. In the Hornets' game against Adrian this season, Morrison had three pass interceptions and was recognized as the MIAA Conference "Defensive Back of the Week."

Listening In At North

America's Bicentennial celebration was the first topic of business at the recent North High Parent Club board meeting. The Woods has asked the school to provide club representatives to help plan the city's part in the celebration. Tim Mucciante has been selected as the North student council representative for this committee.

All classes have scheduled money-raising activities for the fall including car washes, paper drives and possibly sales of pumpkins and T-shirts. The French Club recently held a very successful garage sale on Vernier road.

Traditional football rivals, North and South High meet on the field this Saturday, November 9. Of additional interest that day is a pre-game Balloon Sale to benefit the Foreign Exchange Club at North. Helium-filled balloons, purchased at the gate, will be released at half-time and prizes will be awarded for balloons travelling the furthest distance. Postcards will be attached so that they may be returned to the school.

Mrs. Floyd Nixon reported that 150 families joined the Parents Club by paying dues on the Back-to-School Night held recently, bringing the total membership now to over 500 families.

Four new chairmen were introduced by president Dan Beck. Mrs. Fred Lepley will chair the Christmas Tea to be held on December 4 and Mr. William Lacey will chair the spring Geranium Sale. Mr. and Mrs. William Queen will be in charge of obtaining chaperones for school events and Mrs. Leslie Hughes has accepted the job of recruiting mother volunteers this year.

Mrs. Eldert Bontekoe, chairman of Neighborhood Groups, said 19 couples have signed up for the Bridge Marathon. Plans are moving forward on the formation of afternoon bridge groups for men. A few openings are available in both the men and women's afternoon bridge groups.

Mrs. Bontekoe stressed that you need not have a student at North to participate. She said four discussion groups are meeting regularly, and

the possibility of a needle-point-crowd group is being explored. For information regarding any of these activities, contact Mrs. Bontekoe at 884-7552.

Of interest to parents of graduating seniors was the meeting at which Marvin Rist, Associate Director of the Office of Admissions and Scholarships, Michigan State University, spoke to parents of prospective college students regarding scholarships, financial aid, and grants, and how to obtain them from many colleges and universities.

Kung-Fu enthusiasts should know that North is now the scene of a student-founded Martial Arts Club. Meeting Tuesday afternoons, the group is under the instruction of Mrs. Karl Koenigsmann.

The Canadian government has selected North as one of 10 schools in Michigan to be the recipient of a library of 100 new volumes covering Canadian art, history, government, biography, and science.

M. B. Bursey, the Canadian Consul in Detroit, made the presentation to a delegation including G. Bruce Feighner, principal, Robert Welch, assistant principal-instruction, John Corbin, chairman of social studies department, Muir Snow, vice-president of the Board of Education, and students Ann Mongovan and Sue Rubin.

The Canadian government encourages students to use these books as research material and will present a two-week vacation in Canada next summer to a student and teacher sponsor who completes the best written, oral or visual presentation about Canada. The Canadian embassy in Washington, D. C. will judge the entries.

New faces added to the faculty this fall now include Mrs. Vicky DeWitt, English, Franklin Bunton and Miss Sandra Anderson, Social Studies, and Miss Anne DeBoer, Foreign Languages.

Senior Citizens in the North community are urged to take advantage of the free ticket program offered by the school. Free admission may be obtained to any athletic, theater or music program, by picking up a Senior Citizen's Pass at the school for reservations and tickets for any event.

Pointers Play In Net Tourney

Four doubles teams will play in the semi-finals of the mixed doubles tennis tournament, which celebrates the 100 year birthday of the sport, Saturday, November 9, at 1 p.m. at the Wimbledon Racquet Club, 20250 Nine Mile road, St. Clair Shores. The finals are set for 2:30 p.m. on Sunday, November 10.

Two Pointers are participating including John Thomson, who's paired with Ginny Taylor of Detroit, and Floristine Schmidt, who's teamed with Alex Jemal of Birmingham.

A consolation round will take place at 10 a.m. on the 9th. Pointers participating in this action include Yolanda Mascarin, Walter and Virginia Cavanaugh, Bob Smith, Keith and Chrit Leibbrand and Frank Kreuzer, according to the club.

For further information on tourney play, call 774-1300.

Slate Buffets Before Theater

The Grosse Pointe Theater's first production of the season, "The Pleasure of His Company," opening today, November 7, will be preceded by reception hours and buffets to be held in the War Memorial's Crystal Ballroom.

The buffets will be served before the performances Thursday and Friday, November 7 and 8, and Wednesday, Thursday and Friday evenings, November 13-15.

A table of gourmet-type

appetizers — whole mushrooms, herring in cream, marinated sprouts — a salad bar and entrees of prime beef, fowl and casseroles will be offered.

Parking, service and tax are included in the reception hour and buffet for a fee of \$7.50 per person. Reservations must be made in advance by calling the War Memorial at 881-7511. Reservations may be made for individuals or parties.

Cinema League Meets Nov. 14

The Middle East and Holy Land will be the subject of color slides to be shown by Olive Radtke at the next Cinema League meeting, Thursday, November 14, in the Alger House of the War Memorial, at 8 p.m.

The trip to the Middle East was taken in February of 1973 with an ecumenical

church women's group. Highlights of the tour are Egypt, Lebanon, Syria, Jordan, Israel and Greece.

The 20th Anniversary of the league is being celebrated this month. The public is invited to the program. Hostesses for the evening are Mrs. Pierre Palmentier and Dr. Elizabeth Downie.

If you save money these days, you'll do well. You'll also be doing some good.

The interest First Federal Savings of Detroit is now paying on savings deposits is the highest the law allows us to pay. It's also the highest we've ever paid. Which is an excellent reason for saving now.

But there's another reason. By saving now, you'll be doing your part to make things better for the whole country. Because you'll be helping to fight inflation.

So, if you agree that now is an excellent time to save, let's talk about where you should save.

We think it should be with us. First Federal Savings of Detroit.

For one thing, we're the largest savings and loan association in Michigan. With assets of more than 1.5 billion dollars. So we're strong.

Our size makes us good and convenient, too. We have more branch offices than any other savings and loan association in Michigan. Because we don't think you should have to go out of your way to save.

What's more, effective November 27, 1974, First Federal savings accounts are insured to \$40,000 by the Federal Savings and Loan Insurance Corporation.

Our size also means we can provide you with a variety of savings services. Like having your Social Security, pension or dividend checks deposited directly to your savings account. Or like our Check-A-Month plan. Or our Prestige Card. Or our Night Owl Window service.

Take a moment to find out about the savings plans and services we offer. Then decide on the one that's best for you. (We'll be happy to help you pick the one that suits you best.)

Because there may never be a better time to save than right now.

Country Day Defeats ULS

By Frank T. Judge III
The University Liggett football Knights were defeated by Detroit Country Day School, 14-6, in a hard fought battle Saturday, November 2. As in past contests with Country Day, this game was a defensive battle. Both teams threatened to score on

Big Green Wins Eighth in Row

The Pointe's big "green machine," the Sherwood Forest Hockey Club, made it eight wins in a row by defeating Petrolia, Ont., 7-5, Saturday evening, November 2, at the Grosse Pointe Community Rink.

With the win, the Senior "A" team jumped into a first place tie with Watford, Ont., in the Canadian Blue Water League. Both clubs have posted four wins.

After the first period ended 1-1, Sherwood's Brent Rutherford netted his second and third goals of the game in the second frame. Then, defenseman Joe Springer upped the lead to 4-1. However, Petrolia stormed back with three goals to tie the contest at 4-4.

Sherwood again went to work in the final period on goals by the Perish brothers, Jeff and Tim, to make it 6-4. After Petrolia narrowed the lead to 6-5, Richardson scored to "ice" the victory. Sherwood's next home game will be played Saturday, November 9, against Parkhill, Ont. Game time is 8 p.m. at the Community Rink.

numerous occasions. However, Country Day fumbles and Liggett penalties kept both teams from scoring early in the game.

Country Day broke the deadlock in the second quarter as Dave Merritt returned a punt 35 yards to set up his own three-yard plunge into the end zone. Merritt also powered in for the two-point conversion.

The winners added to their eight-point lead in the final period as quarterback Willard Holt threw a 22-yard touchdown pass to Mike Young in the corner of the end zone.

Liggett set up their only touchdown in the closing minutes of the game as Merritt fumbled a Liggett punt deep in his own territory. Quarterback Whit Boyd threw a six-yard pass to end Drew Miller for the score.

Liggett coach Tom Taber cited the team's penalties, over 100 yards in all, along with the loss of tackle Jim Swan with a separated shoulder as the factors that hurt his club the greatest. Liggett with only 17 players was forced to juggle its lineup to make up for the loss of Swan.

Though the loss set Liggett's record at 6-2 for the season, coach Taber maintained, "This team is one of the best I've ever coached."

He added, "We lost five starters during the season and when you have only 22 players to begin with, that really hurts. However, everyone gave everything they had and I think we've done very well under the circumstances."

Friar Harriers Eighth in State

By Paul T. Denis
Last weekend, the Austin cross country team participated in the State Class "B" finals in Charlotte, Mich. The team left Charlotte with eighth place in the State meet.

Leading the way for the harriers was sophomore Dan MacClellan who ran the hilly course in 16:29. This time gave him 21st place in the meet. The remainder of the varsity team finished in the order of juniors Ron Lang, Ernie Chiodo, Mike Lizza, senior John Monahan and freshmen Brad Cweysystyn and Dave Denis.

The Class "B" championship was won by Shrine followed by Harper Woods Bishop Gallagher in second. Shrine totaled an extremely low 85 points to win the team championship. In individual action, senior Jack Sinclair from Grosse Ile ran his usual strong race to finish at 14:56, only nine seconds off the course record set last year.

In order to get into the finals Austin first had to finish in one of the first two spots in regional competition at Tren-

ton. The regionals occurred one week before the finals and Austin ran away with the first place trophy.

Austin finished their top five men in the first eight spots for a total of 28 points. Their nearest competition was league rival DeLaSalle, who finished 41 points away with 69 for their total.

Ron Lang led the way for the Friars this time finishing with a 150-yard burst of speed to finish second to Sinclair. Sophomore Dan MacClellan, Lizza and Chiodo, as well as Monahan, all packed together to finish in the top eight.

Austin Takes DePoores, 14-6

By Paul T. Denis
Austin won its second game of the season Sunday, November 2, against another Class "B" school DePoores, 14-6. The game, played in the rain and mud at DePoores' home field, was watched by only a small number of fans.

Austin was the first to score with Tom Kasunic capping a drive with a two-yard touchdown plunge. John Polack added the extra point.

DePoores struck back with their defense in the second quarter by returning a fumble for 55 yards for a touchdown. The game continued along the defensive lines until the fourth quarter when sophomore Rich Counsman ran 20 yards for a touchdown. Once again, Polack kicked the extra point.

The defense of the Friars was outstanding with Rich Counsman standing out in the backfield. The offensive line also gave a solid performance. The game was "Austin's finest performance of the year."

DePoores was hurt by five fumbles covered by the Friars' defense. Junior Mike Smith recovered two and returned one for 15 yards.

Purse Thief's Pickings Slim

An elderly woman in her 70s, was the victim of purse snatchers on Friday, November 1, but the thieves did not get much for their effort, a Park police officer said.

Lt. Gordon Duncan said that the woman, name withheld, who resides in the 900 block of Beaconsfield, was only a few doors away from her home, when two men in a late model car drove by at 11:50 p.m., as she was walking south on Beaconsfield, from Jefferson avenue. The driver of the vehicle stopped, made a turn in the street, and the lone passenger got out and demanded she give him her purse.

When the woman refused, the man grabbed the purse after pushing the woman, causing her to fall to the sidewalk. The robber leaped back into the car and he and his companion sped away, direction unknown. The woman was not hurt.

The only description the woman could give police was that both were black, and the person who took her purse had bushy hair. All they got for their trouble—was \$1.50, the victim said.

North's DECA Takes Honors

By Jeff Lubeck

Grosse Pointe North High School's chapter of Distributive Education Clubs of America, (DECA), traveled to Monroe, Mich., on Tuesday, October 22, to compete in an Interstate DECA Tournament between Ohio and Michigan.

And after a long day of work, North finished first among 56 schools in the point standings.

DECA is an organization whose program of leadership and development is designed specifically for students enrolled in Distributive Education—a program of instruction which teaches marketing, merchandising and management.

A non-profit youth organization, DECA is the only national youth group of its kind, operating through public schools to draw young people to careers in marketing and distribution.

Interstate tournaments are designed to measure the development of each individual chapter.

Judging from the October 22 performance, North's chapter excels in this area.

A total of 364 students showed up at Monroe Community College to compete in 14 different events ranging from public speaking to sales demonstration.

North chapter coordinator Brian Killian and his 15 students arrived at the college around 2 p.m. and opening ceremonies, scheduled for 2:30 p.m., were about 45 minutes late.

The extra time added to the tension, planning, practicing and excitement that would mount as the day wore on, but finally, each student was given a schedule of when and where to appear for his specialized area.

The competition ranged from demonstration of the use of a fishing rod to description of a product in a 60-second commercial. After individual events were completed, the judges tabulated

scores and award ceremonies began.

Eight finalists were selected and brought onto the stage and then winners were announced.

Although Cardinal Stuch School from Ohio gave North some tough competition, there was really no doubt which school would come out ahead in the overall standings.

Competitors from North who took awards included Mark Oberski, first place, sales demonstration and public speaking; Marie Vito, first place, cash register operating; Jeff Lubeck, first place, 60-second commercial; Sue Stichman, second place, job interview; Bonnie Barnett, second place, human relations; Nancy Massie, finalist, public speaking; Russ Smith, finalist, math, product identification and sales demonstration; and Dave Turgeon, finalist, cash register, job interview.

SH Ends EML Year with Win

By Damian Kiska

South High School ended its league football season with a 5-2 record as they defeated Port Huron Northern, 35-6, last week.

The offense and the defense combined for the first time all year. This was probably the best game for the Devils as the defense held PHN to 143 total yards while the offense gained 398 total yards.

Junior Dave Wyborski once again led the offense with 124 yards rushing, a touchdown, plus an extra point conversion. The Devil passing attack came alive for the first time as senior Kevin Kovanda was on the receiving end of four passes for 78 yards.

The defense, as always, was sharp as a razor as they held the Huskies to six points. They allowed no pass receptions and forced two fumbles.

Junior Jack Tocco also had an interception coupled with a 19-yard runback.

South received the opening kickoff and marched to the Huskie five-yard line. Junior Pete Frasier then scored from there. The extra point kick was brought back after a penalty, forcing Wyborski to run in the two-point conversion.

Port Huron Northern took the ensuing kickoff straight to the Devils, as they eventually scored on a one-yard plunge by Jess Brown. The Devil defense held on the two point conversion, however.

In the second quarter, senior Jeff Welscher connected with Kovanda on a 32-yard screen pass. This set up a later four-yard touchdown pass from Welscher to Kovanda. The extra point attempt failed leaving the score 14-6 at the half.

This was the end of the competition for the Devils as they totally dominated the second half.

Frasier opened up the Devil scoring with a 22-yard burst. Junior Mike Dooley's extra point kick was good.

In the fourth quarter, Wyborski scored from nine yards out to make the score 28-6. Dooley kicked the extra point.

Junior Mike O'Sullivan closed the scoring with a 10-yard ramble followed by an extra point kick by sophomore Alan Jones.

The defense allowed only two first downs in the second half as they totally dominated the Huskie offense.

South will end its season next week when it will play North High. Game time is 2 p.m. at North.

One View From The Capitol

By William R. Bryant, Jr.

The election is over, but it will be analyzed for weeks to come.

What effect did the attacks on James Damman by the "Detroit Free Press" have? Hard to say, and we may never really know.

Large daily metropolitan newspapers carry a heavy burden in major elections. They should have learned from Watergate the awesome power they wield, and that lesson should make them cautious in their use of sensational attacks on public figures, to the extent they would at least be certain of their facts before printing an attack by story or editorial.

The Detroit Free Press was less than thorough and cautious in its attacks on Damman. The result was terrible publicity against Damman. Statewide, for a week, followed by what can only be termed a complete retraction by the Free Press on Sunday, November 3, only two days before the election.

The reversal in the press was started by a relatively small newspaper in Macomb County. One of the reporters on its staff was the first reporter to bother to look at the Troy public records, records which disproved the charges which had been made.

By and large the weekly papers had held back from using the Free Press charges and waited for full development to occur. The electronic media had carried the charges but had refrained from editorializing on the basis of the charges.

The freedom of the press is a right we cherish and will fight for, but as with other rights there are balancing responsibilities. To illustrate the balance for the right of freedom of speech, we say it does not include the right to

yell "fire" in a crowded theater.

To illustrate the balancing of the right of a "free press" I must say that that right may even include making unfounded charges against a candidate in the midst of a close major election, but that such action is a gross abuse of a precious right and that it is the Detroit Free Press and not Jim Damman who was guilty of "abuse of power."

I was with Peg and Jim Damman most of last Friday, and I saw the frustration and disbelief tearing at them as they fought to prove their innocence. Both uttered words that they never would have had they thought such incredible attacks could happen and yet they showed their strength through it all, through the wet eyes, through the loss of any appetite, the hours of answering phone call after phone call.

And they kept their heads and battled through Friday, collecting documentary proofs, relaying it to attorneys, filling in last bits of the solid defense.

And into the evening they went as reporters gathered, some 15 or 20 of them, to await the result Friday night of the review of the evidence gathered for the Governor to study. Pizza and beer and congenial talk filled the home as the Dammans made welcome the reporters doing their job. And the reporters marveled at the graciousness of their hosts in the midst of these anxious hours.

Word came late Friday night—the Governor was satisfied that there had been no abuse of trust, no conflict of interest. He wanted Jim to stay on the ticket.

Late that night a meeting was set up for Saturday morning with the Free Press. The attorneys would present the case to the Free Press.

They did, and the Free Press honorably admitted their case against Jim Damman had no facts left to show any abuse or conflict.

The Governor and Mr. Damman had a press conference at 1 p.m. Saturday and in the afternoon campaigned at Oakland and at Tel-Twelve Malls. The reception was encouraging. There was nothing but sympathy for Mr. Damman and people urged him to keep fighting.

I arrived at the Damman house at about 5 Saturday afternoon and Peggy Damman looked like a great weight had been lifted from her shoulders. Jim was still at the Malls with the Governor.

When Jim came in he too looked like a different person and for the first time in 48 hours he could smile and relax. My question to him was "Did you ever think it possible that the election would seem like an anticlimax?" And he said, "No, but it sure will now."

So Tuesday night as we sat in the Damman suite downtown we watched and listened and wondered what the effect of the "Damman thing" had been on the election. And we couldn't tell for sure, and we may never know.

DETECTIVE SPEAKS

Farms Detective Earl Field gave two presentations recently on Self Defense for Women. On Thursday, October 3, he spoke before the Doll-Fins, wives of members of the Michigan Power Squadron. He showed the motion picture "Nobody's Victim" before the 45 women gathered. The same presentation was given before 25 members of the Libri Club, a literary organization, at a luncheon meeting Monday, October 14.

By Arthur Woodford
Chief of Central Library

At 11 a.m. on November 11, 1918, in a railroad car in the Compiègne forest at Rethondes, France, articles of surrender were signed bringing to an end the greatest war in history. At last, on the eleventh hour of the eleventh day of the eleventh month, all was quiet on the Western Front.

One of the best over-all surveys of the First World War will be found in THE AMERICAN HISTORY OF WORLD WAR I (American Heritage). Prepared by the editors of American Heritage magazine, with narrative by S. L. A. Marshall, this is a first-rate combination of strong text and excellent picture work.

In this book there is a continuous pursuit of the main theme in each campaign, yet a wealth of absorbing detail is presented that keeps the reader aware of what the individual soldier went through. General Marshall's text provides the odd and unexpected details which constitute so large a part of the narrative's high merit.

Combined with the text are some 300 illustrations, many in full page color, and many not previously published. Included are reproductions of contemporary photographs, paintings and sketches.

Other books may be more detailed about particular events, but few are as readable or as graphic.

D. F. Fleming begins his book, THE ORIGINS AND LEGACIES OF WORLD WAR I (Doubleday), with summaries of the major forces which overthrew the declining aristocratic states between 1900 and 1914, and created the "rivalry of armed leagues" that made an international debacle almost inevitable.

Dr. Fleming follows his account of the conflict with the reasons for the failure of an international peace between 1919 and 1939; the relation of the First World War to the Second; and the probable consequences of the "balance of terror" which has dominated international politics since 1945.

The dramatic story of the first war in the air is well told by Quentin Reynolds in THEY FOUGHT FOR THE SKY (Rinehart). This popular history covers the activities of the air forces employed by both the Allies and the Germans.

The story of the Zeppelin raids, for example, is described from both the German and the British points of view and thereby gains in the telling.

The book is in no way a definitive history of air fighting during World War I, but as the author himself admits, is, "in the main a story of the airplanes and the men who flew them." Its emphasis is upon the individual exploits of the aces on both sides—Nungesser, the Frenchman; McCudden, the Englishman; Richthofen, the German; and Rickenbacker, the American.

FLEURS DES SIECLES AT WILLIAM DENLER AND COMPANY . . . These exquisite fall arrangements of enameled and jewel-finished miniature flowers have been designed by brilliant American designer Jane Hutcheson. Taking inspiration from 17th and 18th century Vincennes Porcelaine floral pieces, found now only in museums and private collections, she has created a new American art form of great value today, of greater value tomorrow. Reminiscent of the jeweled treatment utilized by Faberge, the great Russian court jeweler, in decorated enameled object d'art, each piece, each leaf and flower has been hand-assembled, hand-crafted, and hand-enameled. Each flower and miniature jeweled cluster is mounted on slim gold plated wire, giving vibration to the arrangements which are created by artisans under the direction of Mrs. Hutcheson. Arrangements are color and style coordinated to fine containers reproduced from 18th century porcelains and crystal imported from all over the world. The Fleurs des Sicles collection embraces all ages. Each arrangement in the presentation group is a work of artistic creativity. Truly an item for the collector of fine art. William Denler and Company is proud to present Fleurs des Sicles on display and in our windows at 77 Kercheval.

The Window At Young Clothes . . . 110 Kercheval features adorable long holiday party dresses for girls. Miss Robinson, born in Meridian, Miss., winner at 19 of the Mid-South division of the Metropolitan Opera's National Council Auditions and, after that, the finals, gained stardom in Detroit a few seasons ago when she made an unscheduled debut in the title role of the Met's touring production of Lucia de Lammermoor, stepping in at the 11th hour for an ailing colleague.

Her concert inaugurates Pro Musica's 48th consecutive season. The roster of artists who have performed for the Society constitutes an elite of the musical world.

Exchanging marriage vows Friday evening, October 4, at a 6 o'clock ceremony in Saint Philomena Church with Father Ricardo Bass presiding were Elizabeth Theresa Myers and Mark Denis Vollrath.

She is the daughter of Mr. and Mrs. Tennyson Myers, of Rivard boulevard. Mr. Vollrath is the son of Mr. and Mrs. Richard O. Vollrath, of Monroe.

Captain Thomas L. Vollrath, of Oxon Hill, Md., acted as best man for his brother. Groomsmen were Mr. Mulcrone and Dr. Richard C. Vollrath, of Ann Arbor, another brother of the bridegroom.

The bride's mother chose a floor-length, long-sleeved gown of Nile green chiffon over taffeta, the bridegroom's mother a gown of coffee and beige polyester crepe, also long-skirted and long-sleeved. Yellow roses formed their corsages.

Rose to Play with Symphony

Polish-born conductor Georg Semkow and American cellist Leonard Rose, two established favorites with Detroit Symphony Orchestra audiences, are featured artists at DSO concerts tonight and Saturday evenings, November 7 and 8, at 8:30 o'clock in Ford Auditorium.

The program will consist of Tchaikovsky's "Variations on a Roccoco Theme" for cello and orchestra and Bruckner's massive Seventh Symphony in E major.

Georg Semkow made his impressive Detroit Symphony debut in December, 1971. He was born in Radomsko, Poland, received his musical training at the Krakow Conservatory and in 1950 won a fellowship to study conducting with Yevgeny Mravinsky in Leningrad.

Upon graduation from Leningrad Conservatory he became assistant conductor of the Leningrad Philharmonic, then a permanent conductor at Moscow's Bolshoi Theatre. He was appointed permanent conductor and artistic director of the National Opera of Warsaw in 1959.

He has pursued further conducting studies with Tullio Serafin in Rome and Bruno Walter in Vienna.

Mr. Semkow, permanent conductor of the Royal Opera House and Royal Danish Or-

chestra in Copenhagen since 1966, last spring was named music director and principal conductor of the St. Louis Symphony Orchestra, effective with the 1975-76 season.

Leonard Rose, solo cellist of the NBC Orchestra at age 20, held in the same position successively in the Cleveland Orchestra and the New York Philharmonic, then, in 1955 began the independent concert career which has made him by far America's most famous and successful cellist.

He is a renowned recording artist, chamber music player, (The Istomin-Stern-Rose Trio), and teacher, having trained firstchair players of many major United States orchestras.

He first appeared with the DSO at Meadow Brook in 1966, returning in 1968 and 1971. This week's concerts mark his first appearance at a DSO subscription series in Ford Auditorium.

Tchaikovsky's "Variations on a Roccoco Theme" Opus 33 (1876) and Bruckner's Symphony No. 7 (1881-83) were first performed by the DSO under Ossip Gabrilowitsch, the former in 1919, the latter in 1923.

Both works represent homages to other musical masters, Tchaikovsky's, (although the theme was composed by himself), to the precursors of Mozart, Bruckner's, (as were all his symphonies), to Wagner.

Tickets for the concerts at \$7.50, \$6.50, \$5.50, \$5, \$4.50, \$4 and \$3.50 are available at Ford Auditorium Box Office, 961-0700, all Hudson's and Grinnell's ticket offices.

A limited number of tickets for students and senior citizens is available at Ford Auditorium Box Office beginning at 7:45 o'clock concert nights.

In Honor of Its Grosse Pointe Opening CHARTERHOUSE & CO.

Proudly Presents This Story

Once upon a time there was a magnificent English Renaissance mansion of marvelous beauty on Lakeshore Drive. Its carved oak paneled rooms and hallways, its marble floors and fireplaces, its wrought iron doors, and its intricately beamed and medallioned ceilings rivalled the splendor of European palaces. It was called Stonehurst . . . and now it is gone.

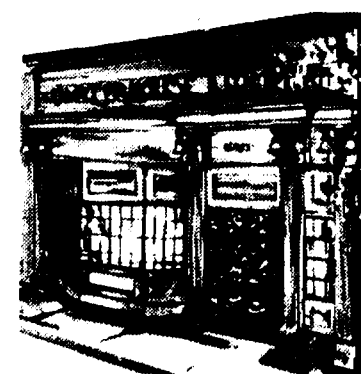

Like others before it, this stately hall lost the battle against time and change and has been torn to the ground. We wish it could have been saved in its entirety as a historic symbol of a bygone era for generations yet to come. But the mansion was so large, the land so valuable, that to preserve it intact was impossible and it was sold piece by piece.

The library was dismantled and shipped to a penthouse in Milwaukee. The grand staircase was removed to a home in the mountains of Tennessee. The den and the dining room are stored and will be fitted into a new home in Bloomfield Hills.

However, what many believe to be among the finest portions of this landmark home remain in the Grosse Pointes. They were carefully removed and painstakingly reassembled, only 3.5 miles from their birthplace, in the elegant showrooms of Charterhouse on Kercheval in the Village.

The Stonehurst wrought iron filagree entry doors grace our new facade and complement the bay constructed of leaded glass windows from Stonehurst's music room. A six-foot carved white marble fireplace from the reception room adorns the "gold" room of Charterhouse and the incredible carved oak grand hallway, replete with cherubs and garlands of fruit, now provides a fitting background for the timeless beauty of the Charterhouse collection of fine gems and jewelry.

Now that this exacting work is complete, we hope you will visit us the next time you are in the Village so that we may share with you the glory that was Stonehurst.

Jud Strunk to Share Bill at Third Annual Marygrove College Fund-Raiser Scheduled for November 15 in Ford Auditorium

Among Pointers attending the 1974 Marygrove College Celebrity Night kick-off cocktail reception hosted by Mr. and Mrs. John Z. DeLorean at the Recess Club Thursday, October 24, were patron chairman Mrs. Thomas K. Fisher and Mr. Fisher, Mr. and Mrs. Thomas L. Schoenith, afterglow co-chairmen; Mr. and Mrs. Thomas V. LoCicero, in charge of hosts and hostesses; Mrs. Joseph J. Marshall, publicity chairman, and Mr. Marshall; Dr. and Mrs. Eugene L. Freitas, Mr. and Mrs. John C. Griffin and Walter B. Connolly, member of the Marygrove College board of trustees, with Mrs. Connolly.

The third annual Marygrove Celebrity Night fund-raiser will bring Pearl Bailey and Jud Strunk to the stage of Ford Auditorium Friday evening, November 15, at 8:30 o'clock.

Sponsors, patrons and benefactors gather post-performance in the lower level of Ford Auditorium for a Meet-the-Stars afterglow.

"Our first two Celebrity

Nights were sell-outs," says Mrs. William A. Compton, director of the Marygrove College President's Council which sponsors the event, "and we hope for another Standing Room Only crowd in 1974."

Pearl Bailey, one of America's most celebrated entertainers, has achieved success in virtually every show business medium. Since her 1946 Broadway debut she has appeared in many stage tri-

ADDY, (standing, left and right). Commentating the parade of fall styles, holiday and resort wear from B. Siegel will be Mary Morgan. Mrs. Addy, 886-0275, and Mrs. James O'Grady, 885-7185, are in charge of tickets. umphs, notably "Hello Dolly" which earned her a Tony award.

Among her films are "That Certain Feeling" with Bob Hope and "Porgy and Bess" with Sidney Poitier.

She has appeared frequently on television through the years, as a guest celebrity, in her own musical variety production "The Pearl Bailey Show" and most recently in

the syndicated "Pearl's Kitchen."

Miss Bailey's unique and easy-going style earns her plaudits in top night clubs from coast to coast. She recently became an authoress, with three published books to her credit and several more in the pre-release stage.

Jud Strunk who shares the spotlight with Miss Bailey is a bucolic wit in the Herb Shriner and Will Rogers tradition. TV viewers have seen him on "Laugh-In," the Merv Griffin Show, the Glen Camp-

bell Goodtime Hour and several one-hour specials.

He is also making a name for himself in the world of records. His recent single release "My Country" is a top seller, and many remember his "Daisy a Day."

General admission tickets for Marygrove Celebrity Night at \$10 each are available at the J. L. Hudson Company, Ford Auditorium Box Office and Marygrove College, 882-8000. Extensions 237 or 238. Donations are tax deductible.

The Villagers dinner-dance group began its 27th season with a party at Lochmoor Club for members and their guests.

New committee members this year are Dr. and Mrs. Raymond Bauer, Mr. and Mrs. Ronald Hill, Mr. and Mrs. C. Gregory Marshall and Mr. and Mrs. George Moulton.

Clifford Hammerlee is the group's retiring president. The Villagers Christmas party at the Grosse Pointe Yacht Club, scheduled for December 20, will feature music by the Alfano Band. Membership information

may be obtained by calling 881-0140. Newcomers are invited, but because of a limited number of openings, only the first couples responding can be accommodated at the present time.

Rites In Nebraska For Nancy McNeill

Lace and Pearls Accent Candlelight Satin Gown in Which She Becomes Bride of Michael Charles Ziemba

Westminster Presbyterian Church, Lincoln, Neb., was setting for the Saturday, October 19, wedding of Nancy Reynolds McNeill, daughter of Dr. and Mrs. Roger Franklin McNeill, of Windmill Pointe drive, and Michael Charles Ziemba.

The 4:30 o'clock rites at which Dr. Robert Palmer presided were followed by a reception at the Country Club of Lincoln.

The bride's candlelight de-lustered satin gown was accented with re-embroidered Alencon lace and pearls and featured a removable, lace-appliqued tubular train.

Matching lace outlined her illusion mantilla, falling from a lace crown, and she carried a cascade of ivory Sweetheart roses, stephanotis and baby's-breath.

In apricot polyester knits fashioned with gored skirts and cape-sleeved, Bertha-colored bodices were honor maid Tamara Hathaway, of Lincoln, and bridesmaids Jean Sandberg, also of Lin-

coln, and Cathy Devereux, of Omaha.

Yellow Sweetheart roses accented their modified short cascades of apricot gladiolus florettes.

The bridegroom, son of Mr. and Mrs. Theodore John Ziemba, of Hastings, Neb., asked his father to act as best man.

Ushering were Alan Kuzma and Daniel Semrad, of Lincoln, Jay Jacupke, of Hastings, and Douglas McNeill, the bride's brother.

Mrs. McNeill chose a long-sleeved, long-skirted gown of blue French silk crepe styled with an Empire waist and flared skirt and accented at sleeves and neck with self-ruffles for her daughter's wedding. She pinned a gardenia to her matching purse.

Satin trimmed the cowl-necked formal gown of mist chiffon selected by the bridegroom's mother. Her flowers were white phalaenopsis orchids.

After a vacation at Lake of the Ozarks the newlyweds will make their home in Hastings.

Candlelight Rites For Ellen Wittwer

Single Ring Ceremony at Which She Speaks Vows to John William Rohde is Followed by Dinner at Gourmet House

A white maracaine gown styled with long, full sleeves, cuffed at the wrists, was Ellen Louise Wittwer's choice for her candlelight wedding to John William Rohde Saturday, October 19, in Christ the King Lutheran Church.

Seed pearls outlined her bodice, jewel neckline and the maracaine jersey headpiece holding her short illusion veil.

Her bouquet of white silk roses and white dried flowers was tied with white velvet ribbon.

The former Miss Wittwer is the daughter of Mr. and Mrs. Alfred P. Wittwer, of Edmunton drive, and granddaughter of Mr. and Mrs. Edmund Hock, of East Outer

drive, and Mr. and Mrs. Alfred J. Wittwer, of Country Club drive.

A reception and dinner at the Gourmet House followed the 6 o'clock single ring ceremony at which Pastor Joseph Fabry officiated.

Nancy Wittwer, honor maid for her sister, and bridesmaids Mrs. Bruce Richards, the bride's cousin, of Sunnyvale, Calif., and Mrs. Frank DeMarco, of Omaha, Neb., wore shrimp-colored

halter-style knit frocks with matching long-sleeved jackets that buttoned beneath their bodices.

They carried brown wicker baskets filled with dried beige, brown and shrimp-colored flowers, accented with brown velvet streamers.

James Rohde acted as best man for his brother. They are the sons of Mr. and Mrs. John Rohde, of Balfour road, Detroit, and grandsons of Frank

Hollands, of Plainwell, Mich. Ushering were Richard Rohde, of Sterling Heights, cousin of the bridegroom, and the bride's brothers, Thomas Wittwer, of Fort Rucker, Ala., and David Wittwer.

The bride's mother wore a beige silk shirtwaist paisley-printed in rose, shrimp and brown. Her flowers were brown and shrimp silk roses. The bridegroom's mother selected a dusty rose and silver knit and a corsage of dusty rose silk flowers.

The newlyweds will return from a vacation in Montreal to reside in Grand Rapids, where both had been making their homes.

Channel 56 Artfair on Air Opens Nov. 23

Over 100 Channel 56 volunteers are visiting art galleries, studios of local artists and homes of collectors in their annual search for donations to be sold via the station's Artfair on the Air.

The televised auction of art, antiques and collectibles will take place live on Channel 56 Saturday and Sunday, November 23 and 24. Celebrities from press, radio, TV and the art community will serve as auctioneers, showing and selling about 1,000 donated pieces to home viewers who place bids by phone.

Selected donations to Artfair on the Air will be on display in a special exhibition

November 12 through 20 in the lobby of the Fisher Building, Channel 56's New Center area neighbor.

Art shoppers can examine items at leisure and plan their bidding in advance.

Among the works is a liberal selection donated by Detroit-area artists and craftsmen. Volunteer hostesses will circulate throughout the nine-day exhibit, answering questions and distributing information about Channel 56's full program schedule.

Local artists whose gifts have arrived at the Channel 56 studios include Howard Nordlund, Reva Hayward, Mary Beard, Barbara Keidan, Mav Shaye, Kit Snider, John Glick and David Einstein.

The Auction also will feature works by prominent local and international artists donated by galleries and collectors. Among first arrivals have been a Karel Appel lithograph, two oils by Sarkis Sarkisian, a Lowell Nesbitt graphic and a Gauguin etching.

During Artfair's 14 hours on the air, viewers will find pottery, woven pillows and wall-hangings, exotic plants,

designer jewelry, antiques, coins and stamps, art glass and a range of one-of-a-kind collectibles as well as paintings, sculpture and graphics. In 1973 the value of donated items ranged from \$25 to \$3,500.

Artfair on the Air is one of two auctions held annually on Channel 56 to support its year-round programming as Detroit's only public TV station.

The week-long Auction 56, held each year in early May, brought in \$416,000 this year. The November, 1973 Artfair earned \$76,000.

Auctions are responsible for 39 percent of the station's annual income.

Non-commercial Channel 56 offers outstanding children's television programs daily, including Sesame Street, The Electric Company, Mister Rogers' Neighborhood and the new bilingual Villa Alegre.

Evening schedule highlights are Masterpiece Theatre, currently showing 13 new episodes of the BBC serial, "Upstairs, Downstairs," Evening at the Symphony, Wall Street Week and Soundstage.

Bad Year Ends for ULS Kickers

By Steve Bohn
The ULS varsity soccer team again lost to Cranbrook, 2-0, on Tuesday, October 29. The inexperience of the

team showed through all year and again on Saturday, November 2, when ULS lost to Detroit Country Day School, 3-0. ULS ended its year with an overall record of 3-12-0.

Pleds Guilty To CCW Charge

A 34-year-old Detroit man pled guilty to attempt carrying a concealed weapon in a motor vehicle in Wayne County Circuit Court Wednesday, October 30, reported Woods police.

The plea of Edward Albin Wunderlich, of 10861 Peerless, was taken under advisement with the defendant being scheduled for sentencing on December 30, police added.

The suspect was stopped Saturday evening, August 31, after officers said he ran a red light at Mack Avenue and Vernier Road. A search of his vehicle revealed a loaded five shot .32 caliber revolver, resting in a shoulder holster, in the glove compartment.

There also are many good soccer players on the junior varsity team and in the lower grades who will be joining the varsity to help out next season.

With the soccer season coming to a close, the varsity hockey team is starting play. The hockey team has a brand new rink and a new coach, plus an experienced and enthusiastic squad who have been practicing for quite awhile and are looking forward to their first game.

The String Coat . . . made in France is one of the most unusual and fun coats we've seen. It is literally made of fluffy strings, comes in an off white tone and is washable. We tried it on at Walton-Pierce and really didn't want to take it off. What a happy surprise for Christmas! On the subject of coats, if those Borgana T.V. commercials on prime time shows have been turning you on, see the great selection at Walton-Pierce. To tie fashion together there is a new collection of belts. We bought an adjustable leather one with a great brass closing for our cozy winter coat and there are linked metal combinations for dresses and pantsuits.

MRS. WILLIAM A. CHAMPION, OF BALFOUR ROAD

By Janet Mueller

Doris (Mrs. Robert B.) Sanford is moving in with Beverly Champion for the duration. Doris is chairman of committees for the 27th Annual Antiques Market and Sale sponsored by the Junior Group of Goodwill Industries, Bev is chairman of exhibitors, and the "duration" begins next Wednesday, November 13, when the Market-Sale opens with an invitational evening preview party.

Preview hours are 7 to 10 o'clock. Admission is by advance ticket only. Preview donation is \$12.50 per person. The show continues for three days, Thursday through Saturday, November 14, 15 and 16, from 11:30 to 9:30 o'clock daily in the Masonic Temple's Fountain Ballroom. Regular admission donation is \$2.

She Refused To Quit Sunday morning, Doris gets to go home to Ann Arbor. She moved there after she'd accepted the 27th Junior Goodwill Antiques Market committee chairmanship. She could have resigned—that long drive is the most legitimate of excuses—but she didn't want to.

Goodwill Juniors see their projects through. They're an extraordinary group: metropolitan area-wide, very hard-working and very quiet about their work, surfacing once a year to publicize their Antiques Market and Sale—one of Detroit's finest—then going back to quiet, steady, year-long bread and-butter business.

Don't Feel Too Sorry Bill Champion, unfortunately, won't be able to sip the Market-Sale champagne this year. "Bill's leaving on a business trip the day of the Preview," Beverly mourns.

Since Bill's destination is Bermuda it's hard to feel really sorry for him, but it would have been nice if his Bermuda business commitment could have come in some other week.

"Bill loves antiques. He's always worked on the show with me." This year Bev is handling her biggest Market-Sale assignment ever. The bulk of her work—correspondence, telephone calls and arrangements—is pre-show, but last-minute things do come up. On-the-spot decisions must be made.

Beverly Champion and Doris Sanford will be, physically, at the 27th Annual Junior Goodwill Antiques Market and Sale for the duration. Bev's accent gives her away: people who grow up in the southwest make very poor spies. Bev grew up in East Texas. Her father was a North Carolinian which probably influenced her decision to go to the University of North Carolina. It was a happy decision. She met Bill there.

He was in the service, a young man from Columbus, O., taking pre-flight training in the south. They've Been Around Post-service the young Champions returned to Columbus for a time before beginning their midwest business transfer peregrinations. Sue was born in Cincinnati. Six years in Minneapolis

were followed by six years in Lake Forest, Ill., preceding the Champions' six, (so far), years here.

The Champions bought their Balfour road home a year before they moved in. Bill, Sr., commuted from Lake Forest so that Bill, Jr., who'd arrived on the scene shortly before Sue, could finish his last year of high school in Lake Forest.

Through it all, Minnesota, Illinois and Michigan, Bill, Sr., has remained, according to his wife, "the most rabid Ohio State fan you ever saw!"

Bill, Jr., is a graduate student at Michigan State University now, holder of an English Literature fellowship. His wife teaches Spanish-speaking children.

Sue spent two-and-a-half years at Western Michigan University, then returned home to study at the School of the Detroit Society of Arts and Crafts, then discovered Detroit is a grand town for a good-looking girl who can work as a photographic model.

Picks Own Hours She's in demand, she can pick and choose her hours and assignments and—hopefully—she'll be able to work her modeling schedule around winter term classes at Arts and Crafts.

There's a family dog, Shorty, a black Scottie who tends toward allergies, and a family cat, Oakley, who can't be left alone in a room with a dried flower arrangement. Oakley can't resist trying claws on dried flower re-arranging.

All the Champions are sailors. "When we first moved here, the (City) park wasn't finished, so we joined the Boat Club."

The Champions continue to enjoy the DBC. They moor their "Panacea," a 26-foot sailboat that sleeps four, there.

They're All Sailors Sailing for Bill is a passion, for Bev—"I'm a fine sailor, but I don't like to be at the helm if it's rough"—an avocation. Bill, Jr., and Sue have sailed since they were small.

Young Bill and his wife even honeymooned at sea, participating in an ocean race in California.

The Champions look forward to an end-of-winter getaway to Florida every year. In the Pointe, in the spring, summer and fall, Bev is a passionate dirt gardener, a back and front yard girl.

She's a member and past-president of the Grosse Pointe Shores Branch of the Women's National Farm and Garden Association.

"When I was little, in Texas, we lived in a house my grandfather had built. My grandmother was an avid

gardener." The older lady impressed her granddaughter with the admonition: "All ladies are gardeners." Grown-up Beverly still has one major unfulfilled desire. "I'd like to have a greenhouse."

Loves Pointe Living Other than that . . . "I feel pretty happy. I love living in Grosse Pointe. I'm not a handworker—my mother-in-law does that—but I like to cook. I play the viola for fun."

Service chairman for the Christ Church, Grosse Pointe, Altar Guild for four years, Bev is at the Church today, serving as a hostess for the Christ Church Fair which began at 9:30 this morning and will close at 4:30 this afternoon.

She is not, basically, a joiner. She prefers one or two strong commitments to a host of minor ones. She found the Goodwill Juniors through Emily (Mrs. Kenneth) Reichle, a fellow Shores WNF&GA Branch past-president.

Have Great Group "Why Goodwill? I think it's really worthwhile. Emily took me down and introduced me to Goodwill, and I found I knew so many Juniors. They're a great group of girls, and the people at the plant are so appreciative."

"Goodwill Juniors come from all over the metropolitan area. I've met so many nice, talented people I wouldn't have met any other way. The Provisional Year, (Juniors are accepted as members on a provisional basis for one year, during which they must volunteer a specified amount of hours in specified areas), is the fun part: you go down and do all that canning. I'd never canned before in my life; it's great . . ."

Sell Homemade Goodies Homemade pickles, relishes, salad dressings, jams and jellies have been a special Goodwill Antiques Market-Sale feature for years. The Juniors stock their Pantry Shelf with edible goodies and fill a boutique with handmade treasures.

Bev Champion was boutique chairman last year. "My mother-in-law was just fantastic! She came up for a few weeks and helped me organize everything."

"Last year we had a typical boutique. This year it's Holly Heaven, strictly Christmas ornaments, decorations and gifts."

There's a Country Store, too, featuring a variety of candies and cheeses, an Ice Cream Parlor for light lunches and refreshments and Goodwill's own Booth with its array of antiques, collectibles and items of quality gathered by the industries during the year.

All of which is frosting on the 35 antique dealer-cake. "They're all quality dealers," Beverly emphasizes. "We have no reproductions. Many of our dealers have done the show for years, and we have a waiting list of dealers who want to do it."

The dealers will be showing American, English, French and Oriental furniture, jewelry, prints, clocks, silver, china, glass, pewter and many other items.

"It's a tremendous amount of work," the 1974 Junior Goodwill Antiques Market and Sale exhibitors' chairman admits, "but it's really fun. You get to know all the exhibitors."

Lasts Most of Year It's a long job, too. Bev started working on the '74 show right after Christmas, checking lists, getting out contracts. She has visited other shows, in the area and farther afield, (Indianapolis, for instance), spotting dealers who "look good and have the type of things we want."

She's satisfied she's done her job. "They're all good," she says of the '74 exhibitors. "They really are."

The Junior Group of Goodwill Industries, founded in 1933, is dedicated to assisting the clients of the League For The Handicapped—Goodwill Industries. The Antiques Market is organized, run and staffed, with the exception of individual dealers' booths and the Goodwill Booth, completely by Juniors' members.

All proceeds are used for building repairs, medication, insurance, school tuitions and rehabilitation services for the mentally, socially and physically handicapped clients of League-Goodwill.

In the past 41 years the Juniors have raised and contributed over \$½ million to the Industries.

The dealers will be showing American, English, French and Oriental furniture, jewelry, prints, clocks, silver, china, glass, pewter and many other items.

See them at Ed Maliszewski and ask to see the catalog from which you can order custom order sizes and color combinations . . . 21435 Mack Avenue.

Straw Wreaths . . . for you to trim plus ribbons and trimmings are available at the Kaleidoscope of Grosse Pointe, Mack Avenue between Brys and Roslyn.

English Bone China Birds . . . and decorative floral pieces are found at WRIGHT'S GIFT AND LAMP SHOP, 18650 Mack Avenue, with convenient free parking.

Plus appropriate wines, with an aperitif to precede, of course.

The food will be prepared by three Alliance gourmet cooks: Mrs. Charles Bachrach who is chairman of the scholarship fund-raiser for the third year, Mrs. Pierre Augier and Mrs. Wilkinson. Connoisseur Edward Marande, Alliance treasurer, is selecting the wines.

Mrs. Garfield Tournay, Grosse Pointe Alliance president, and Dr. Tournay will be host and hostess both nights. Lending general assistance is Mrs. Robert Sillery, 1974-75 Alliance program chairman.

Diner guests will be greeted in the Wilkinson foyer by the music of the Cors de Chasse, a tape recording brought back by the Bachrachs from France, featuring horn music used in France during the progress of a chasse a courre, (riding to hounds).

To add to the atmosphere several gentlemen, including Mr. Bachrach, Joseph J. Marshall and Dr. Donald G. Blain, who have earned their colors in recognized fox hunts, have promised to wear their evening "pinks."

The Grosse Pointe Alliance annually sends an outstanding Grosse Pointe high school student of French to France for a month's summer study. South High's James Fox earned the honor for the summer of '74.

Don't Forget . . . That the Christ Church Fair is TODAY, all day, (well . . . until 4:30 in the afternoon—but that's almost all day), at Christ Church in Grosse Pointe boulevard . . . and the Grosse Pointe Garden Center Eska and Raymond Berry Memorial Lecture is TOMORROW, at 11 o'clock, at the Grosse Pointe War Memorial's Fries Auditorium.

The Latest Styles, Circa 1910 It's Chicago 10 years after the turn of the century, the latest styles have just arrived from Europe, from New York, and are on display NOW in the windows of Marshall Field, of Carson, Pirie and Scott, and here's Marie Louise Anderson standing outside those windows, sketching furiously . . .

She is careful to capture each intricate detail, lace and ruching and drapery. The finished sketches are in color, of course, with appropriate fabric notations.

Fortunately, Marie Louise saved those sketches . . . and fortunately, she took them over to Jacobson's in-the-Village one day . . . and NATURALLY they were snapped up for a special display.

They're on exhibit now, and they're perfectly lovely.

I just read that the house agriculture committee approved a 10% increase in the support price of tobacco. Is there anything more idiotic than one government agency forcing the tobacco advertising off the air, and another agency subsidizing the same product?
