Thursday, December 12 THE SECOND fatal shooting of a Detroit high school student in three days occur-red yesterday outside Mac-kenzie High School, 9275 Wyoming. Dead is Virgil But-ler, 16, of 9622 Appoline. About four hours after the morning shooting, police arrested a 17-year-old Mackenzie junior for investigation. Witnesses said an argument over a piece of paper two weeks ago triggered yesterday's violence. Detroit police Sgt. Ronald Karchfski said a fight prior to the shooting involved 17 youngsters.

Friday, December 13 A DETROIT POLICE tele-

phone operator listened for six minutes to an emergency call while 24 bullets were fired into an east side Detroit couple, but mistook the shots for someone "hammering" and dispatched the call as a routine burglary. The call came through the city's 911 emergency line. A tape of the call indicates that Mr. and Mrs. Clifton Ledbetter were shot when Mrs. Ledbetter called to report a burglar had entered their home while they were away and killed their dog. The couple were dead when an officer arrived at the home about 25 minutes after the call.

Saturday, December 14 3,000 PRO-BUSING march ers and Boston police clashed today as demonstrators tried to push through a police barricade in the downtown area. Six arrests and one injury were reported. The marchers were led by the Rev. Ralph D. Abernathy and state Sen. William Owens. The violence arose when the marchers ignored a parade route approved by the city and tried to follow one that had been forbidden. The march climaxed a week of violence at South Boston High School, as students protested a federal

Hardening of the arteries very prevalent, and affects many men and women under forty-five, as well as older. Arteriosclerosis which is how hardening of the arteries is known technically, is a result of changes in the wall of an important artery leading to the heart. "There are very few sailboats left at the park. Three of the 14 to be bumped are sailboat owners. We understand there are 185 people on the waiting list, (The city reports the number is 135). Bumping 14 of the present boats will hardly make a dent in the waiting list," said Mr. Noves.

"It would be a hardship for us to use a commercial marina. We race our boats in waters directly off Lake Front Park, Unlike power-boats which can go 25-30 miles per hour it is more difficult for a sailboat located a great distance away to get

Adopt English **Course Changes**

The English Departments at North and South High School will be changing their approach to the English Electives Program during the 1975-76 School year, it was announced at a regular meeting of the Board of Education on Monday, December 9.

The modifications will be carefully outlined in Curriculum Guides at each school and extensive orientation programs for ninth grade students and parents will be conducted in January, 1975.

Superintendent of Schools Dr. James A. The elective program then, s open to students who are taking or have taken the introductory course. Toward the end of the first half year in the introductory course, teachers will orient students to the elective classes avail-able to them the following year and assist them in making selections.

Counselors will work with students and English teachers in making meaningful recommendations based on student performance and test

All elective courses will be explained to students by the English Department chairman, a counselor and the Assistant Principal-Instruction, so all ninth grade students will have the chance to find out what options are open to them. This will be conducted the week of January 6-10, 1975.

The week of January 13-17, English teachers will discuss the available electives with individual students in their ninth grade classes and a recommendation form will be filled out, signed by both student and teacher and brought to the counselor's

The counselor will sign if he agrees with the elective choice. If there is disagreement, the counselor will resolve the matter with the

Parents will have the opportunity to find out about the elective program during the week of January 20-24, at evening orientation sessions involving the English De-partment chairman, counselors and the Assistant Principal-Instruction. ULS Cagers Split Games

By Bob Holmes

The University Liggett Knights paid a productive visit to Maumee Valley, O., Country Day and came up with a 48-36 victory Tuesday, December 10. Then, on Friday, December 13, the Knights dropped a 61-44 contest to Lutheran East.

Against Maumee, Liggett held a 12-5 lead after the first quarter, playing super defense through the half. The Knights led 23-15 at halftime and 35-23 after the third

Coach Robert Wood credited the defense for winning this game. ULS played only six men with Mike Solomon giving an exceptional performance. This was surprising considering Solomon had a bad case of the flu. He netted 16 points, while Drew Miller and Todd "Rainbow" Greer added 13 and 12, re spectively.

ULS's win gave Maumee its first loss in four games.

Against Lutheran East, the Knights, who trailed 26-21 at the half, fell apart in the third quarter and trailed 11 points. The fourth quarter was even more of a disaster as ULS could do nothing right as passes sailed out-of grammatically - or at least bounds and shots hit nothing but air.

Bob Neville popped in 16 points for the Knights, while Miller scored 14. Solomon contributed 9 points to the

starts Friday, December 27. South came out running and speed to control the ball against crosstown rival North.

It seemed at first as though North would provide South with their first real competition this year. But this didn't happen, as South fell behind only once during the entire game. The Devils overcame the first period to lead at the half 31-23.

Senior forwards Tim Kramer and Kevin Kovanda led and 24 points, respectively.

The Devils dominated play

throughout the game though both teams made crucial turnovers on offense. It was a closely played contest with South edging away as the game progressed. South's big quarter was the third as they outscored North, 19-14.

Against Roseville, South's defense came alive late in the game to assure the Devils their first Eastern Michigan League victory. (The win over East Detroit was its second). South's one quarter of almost shutout defense came late in the game and secured victory.

"We didn't play good defense until very late in the commented coach game,' Charles Hollosy. "We had one good strong quarter defen-sively. But it will take more consistency to make our team effective."

The Devils came on in the fourth quarter with a fast break offense and ran the ball until Roseville had been badly beaten. The cagers came up with 24 steals throughout the evening with the competitions, Kelly is many coming in the final period

South ran on offense and played aggressive defense as they mounted an awesome attack late in the game to outscore Reseville, 20-4, in the final period,

In 'Nutcracker' A shimmering Christmas tree will grow to a height of

30 feet before the eyes of delighted concertgoers at this year's performances of Tchaikovsky's Nutcracker ballet, being staged as part of the Detroit Symphony Orchestra's 1974 Christmas Festival in Ford Auditorium.

The tree, which "grows" on cue from a height of 10 to 30 feet in a matter of seconds at the conclusion of Act One. was designed especially for Nutcracker by Tim Dewart, an industrial theater designer and former Wayne State University Hilberry Theater designer who currently instructs at the University of

Detroit.

His design, based on a hoop-skirt concept, is made of 15 aluminum rings starting at a radius of seven feet six inches at the base and diminishing by six inches with every ascending ring to form the cone-shaped tree.

It will be decorated with 400 feet of colored Mylar garlands and approximately 500

twinkling lights.
Nutcracker, which annually plays before record crowds, will be performed by the Severo Ballet Company under the direction of Sandra Severo at 11 and 2 o'clock Saturday, December 21, and at 7:30 o'clock Sunday, Dec-ember 22. Theo Alcantara will conduct the Orchestra.

Tickets are available at \$6 \$4.50 and \$3 at Ford Auditor ium, 961-0700, all Hudson's CA 3-5100, and Grinnell's 961-5075, ticket offices. Children 12 and under are admitted at half-price.

ON THE COUNTRY CLUB Golf Course with a view shared by only a few! As any prestigious home, there are fire places in eight locations. How nice the master bedroom is with its private dressing room and attached bath.

The formal wing is separated from the family room area by a 50' gallery hall which makes a fantastically beautiful greenery and gallery.

A very private sunken library with dark, dark, walnut paneling and rustic fireplace has exits to golf course and "inside" terrace. It wraps around you like a cashmere sweater. Almost every bedroom has its own bath and fireplace.

If you are looking in the \$200,000 range this is your house with lots of money back. If your in the \$100,000 range its just a little stretch. When you have an opportunity to feel this very gracious home around you, price will be secondary.

A wonderful place to spend the rest of your life. A terrific house for children of all ages. We call this our Christías house because it feels like Christmas all year long.

There is a positive force that is moving forward in America today, opening doors for young men and women who will make a difference in the America of tomorrow.

Since 1970, John Wesley College, under the dynamic leadership of its president, Dr. Kenneth S. Armstrong, has been pulling back the curtain on unique and exciting educational programs.

These are programs that live on the cutting edge of tomorrow. They are designed to meet America's youth where they are living and take them to a point of responsible living and leadership.

This is not a new idea. The small private Christian college has been one of the greatest influences in

shaping America's leadership in the world.

One hundred twenty-five years ago, these colleges served nearly all of America's college students. Today, while many of these small, private colleges are dying, some - such as John Wesley College are finding new vitality and reclaiming their heritage of providing a guiding and stabilizing force in the midst of social and moral upheaval in America and of being pioneers in education by designing and implementing educational programs that meet the real needs of America's youth.
