PRESIDENT FORD lost his first battle of the 1976 session with the Democratic Congress on a spending issue Wednesday. The Senate, by a comfortable 70-24 margin, joined the House in overriding Mr. Ford's veto of a \$45 billion money bill and thus enacted it into law. The House rejected the veto Tuesday, 310-113. The appropriations measure carries funds for politically popular health, welfare and job programs, but it's almost \$1 billion over the President's budget request.

TWO EMPLOYEES at the Detroit House of Correction were to be barred Friday from using inmates to cut hair, shine shoes, prepare food and wash and wax cars for employees. Until Friday, the clubs have been paying prisoners a small fee to perform those services, which were sold at markup to correctional employees. The profits went into the pockets of club members. The practice, which has been called unethical by State correctional officials, was criticized by the Detroit City Council as unfairly exploiting prisoners.

Saturday, January 31

FIRE RACED through the top floor of a Chicago nursing home and into a chapel where elderly residents were attending mass Friday, killing 13 patients and injuring 33 others. Twenty-five of the injured were in critical condition. Fire Commissioner Robert Quinn said the killer blaze was an "ordinary fire... a room fire" that got out of hand. He said the nursing room staff was so intent on trying to extinguish the fire itself with five fire extinguishers that they forgot to call the fire department. The alert reached the fire department through a heat warning device in the home.

Sunday, February 1

A RECORDER'S COURT jury of seven women and five men Saturday found Andrew Chirlian, 39, accused in the July 28 shooting death of Obie Wynn, 18, guilty of a high misdemeanor, punishable by a maximum of two years in prison. Wynn's death outside Chirlian's Bob Bolton's Lounge, 14907 Livernois, was followed by two nights of violence in the Livernois-Fenkell area of northwest Detroit. The verdict was announced at 2:30 p.m. after the jury had deliberated for 14 hours over a three-day period.

THE INDIAN GOVERNMENT arrested hundreds of members of a regional political party opposed to Prime Minister Indira Gandhi on Sunday after a federal takeover of the administration of Tamil Nadu state. The arrests were part of tough and apparently effective security measures clamped on the state after the central government's decision Saturday to dissolve the Tamil Nadu legislature and bring the state administration under what is known as president's federal rule.

Tuesday, February 3

At least 10 southern Wayne County communities were shaken up to two minutes Monday by what a geologist termed a "genuine small earthquake." No injuries or damage were reported. The 4 p.m. earthquake was felt in an area stretching more than 10 miles from Trenton south to Rockwood, and some 30 miles from the New Boston area across Lake Erie to Colchester, Ont. A spokesman for the University of Michigan said the tremor registered a 2.5 on the Richter scale. A reading of four points could have knocked down chimneys. The last earthquake in Michigan was recorded in August 1947. It registered four points.

Crime Rate Drops in GP Shores

Breaking and Enterings
Show Big Decline Last
Year; Vandalism
Increases

Crime in The Shores during 1975 has shown a general decline in comparison to 1974, except in the area of vandalism, (in which no figures were released), according to Chief Joseph Vitale.

In 1974, a total of 10 breakings and enterings were reported, while no such incidents were reported last year. Seven attempted burglaries in 1974 came down to three in 1975.

There was a decided decrease in larcenies over \$200, showing only five last year as compared to 19 in 1974. Although the chief did not give a figure in larcenies under \$200, records showed the increase was very minor.

Violations Increase
Traffic arrests remained nearly the same. In 1975 the total number of arrests reached 170 as compared to 169 the previous year. Traffic violations issued in 1975 numbered 2,138, whereas, in 1974, it was 1,938.

In regards to vehicular traffic accidents in 1974, Chief Vitale pointed out, there was one fatality, 25 persons were injured and 42 motorists and passengers escaped injuries. In 1975, there were no fatalities, 22 injuries.

Safety Is Main Objective Of Scuba Diving Course Taught at Brownell School

Young Instructor Explores Several Lessons Which
Students Learn over 10-Week Period;
Requirements of Class Discussed

By Tom Greenwood

Scuba diving is one of the most popular and rewarding past times available to the citizens of Michigan. But it is also a dangerous and serious sport that requires thorough training before a novice diver makes his way to the water.

It was during a scuba diving trip to an underground lake in Missouri recently that two Michigan divers died. One man ran out of oxygen and was sharing his partner's air while they ascended to the surface.

A third diver watching the two noted everything was proceeding calmly, when suddenly the two divers began fighting. Struggling in a panic, the two divers fought for the remaining air. The third diver swam to break them up, but moved away as one diver made a grab for him. In a few seconds the divers were unconscious as their air bubbles stopped.

Views Tragedy
Neither victim was breathing when brought to the surface.

One of the dead men was a 19-year-old novice diver. The other was a 22-year-old newly certified diving instructor.

Why did the men die? Was it equipment malfunction? Inexperience? Lack of proper training?

"It's a great misconception that everyone believes bad equipment is at fault in diving mishaps," answered

Crime Level In Farms Fluctuates

Major Crimes Against
Property Decline But
Crimes of Violence
Rise Last Year

By Tom Greenwood

In a 72-page, end of the year report, Farms Police Chief Robert K. Ferber reported some good news and some bad news for residents of The Farms.

The good news is that in 1975, major crimes against property decreased. The bad news is that major crimes of violence in 1975 increased. Chief Ferber also believes that this trend is likely to be repeated in 1976.

"Major crimes in general in The Farms... may be summarized as corresponding to an increase in major crimes of violence, and unlike national crime trends, reveal a decrease in major crimes against property, as compared to the previous year's experience," said the chief.

Points to Reasons
Chief Ferber said the crimes of violence showing the largest increase in order of violence and frequency were homicide, kidnapping, unarmed or strong armed robbery, (muggings), and assault.

The chief laid the blame for the increase on the economic plight of the metropolitan area, accessibility of fires and the increased usage of alcohol.

The largest decrease in crimes against property was in burglaries. The chief believed the major reasons behind the reduction were the increased use of automatic protection systems, a decrease in new and beginning narcotic addicts in The Farms, apprehension of perpetrators of crimes while in the act and the increased concern and involvement of Farms residents, themselves.

Two of the most startling increases for the 1975 year were the increases in kidnapping and murder. While The Farms has seen attempted kidnappings in the past, 1975 recorded the first actual kidnappings in the city's history.

The first kidnapping involved a female resident who was released unharmed after her banker husband paid a \$100,000 ransom demand.

Two Murders Listed
The second kidnapping involved a business manager and his assistant who were

Woman Dies in Fire in Woods; Home Destroyed

Blaze, Which Started in Bedroom and Extended to
Basement and Roof, Causes Extreme Smoke
Damage Throughout Single Family
Dwelling; Pet Poodle Also Perishes

A 68-year-old woman died in a fire which started in a bedroom of her home at 1627 Sunningdale drive, extended through the floor to the basement, (burning a hole in the floor approximately 4 by 6-feet), and up the crawl space to the roof. Extensive smoke damage throughout the single family dwelling occurred in the incident which was reported early Thursday morning, January 29.

The victim, Mrs. Helen M. Kopp, was found in a small den off the hallway from the bedroom. The Medical Examiner's Office told Woods authorities the cause of death was asphyxiation.

Woods officials reported this was the first fatality due to fire in the city since June 1969 when a young girl died in a dwelling fire in Oxford road.

Already Started

The two-alarm blaze, which was fought by a combined total of 24 firefighters from The Woods, including auxiliaries, and Harper Woods, was called in by a neighbor at 3:28 a.m. However, officials discovered indications the fire was already burning before 10:20 p.m. Wednesday, January 28.

Det. Lt. Jack Patterson said two clocks were stopped at the 10:20 hour after the fire caused a short circuit in a fuse. It probably smoldered a considerable amount of time with Mrs. Kopp leaving the bedroom during the smoldering stage, walking down the hallway and collapsing in the den from asphyxiation, he feels.

The lieutenant added she was physically handicapped, was able to get around with a walker but was generally confined to a wheelchair.

The specific cause of the blaze, which was investigated by the Michigan State Police Fire Marshal's office in conjunction with Woods officers, is undetermined.

Blaze Accidental

However, there was no indication of electrical failure and Lt. Patterson felt in all probability the form of heat causing ignition was a lighted cigarette, although he added he wasn't positive. (The type of material first ignited, according to the report, was

GP Shores Obtains Funds To Buy Lighting System

By James J. Njaim
The Shores Council on Tuesday morning, January 27, accepted the bid of the Michigan National Bank to purchase \$200,000 worth of bonds from the village at a low interest rate, the lowest of nine offered by financial institutions.

Raising of the funds is the second step to be taken by The Shores in buying the entire street lighting system from Detroit Edison. The sale of the bonds was approved by the Michigan Municipal Finance Commission in Lansing.

The bank offered to charge a low rate of interest, 4.43559 percent, for the nine-year life of the bond issue. The village had already signed a contract of intent to

Roof Signs Stay Alive In Woods

Tie Council Vote Kills
Proposal to Ultimately
Eliminate Visuals in
The Community

By Roger A. Waha

The book has closed on a proposed amendment to Ordinance No. 198, which would have ultimately eliminated all open roof and solid roof signs in The Woods by January 1, 1981.

For the council, sitting six strong, voted 3-3 on two separate occasions — once on a substitute motion to refer the entire matter back to the Committee of the Whole for further study and then to approve the amendment for final adoption. When the vote for approval failed to pass by a majority, the proposal died while roof signs received a new life.

Voting in favor of the substitute motion were Councilmen Ronald R. Kefgen and George Cueter and Councilwoman Joan M. Mullan, while those voting against it were Councilmen Conrad A. Naege and John Sabol and Mayor Pro-Tem George S. Freeman. Voting for adoption of the proposal were the latter trio, while the former three were against it.

Nix Elimination
In this instance, Mayor Benjamin W. Pinkos was excused from the meeting because he was out-of-town. His vote would have broken the tie.

Several businessmen spoke against the proposal and cited cost factors and a potential loss of advertising if the amendment became a reality. Donald DiMaria of the Mack Avenue Business Men's Club said he realized the necessity of having a restrictive ordinance but was against the total elimination of such signs.

He felt such a measure would be a burden to businessmen and could result in a loss of revenue over a period of time. And just as important, he said, was the need of such signs as identifiable symbols on the public's part in finding various businesses, e.g., in helping a

Heavy Usage Making Dent In Supplies

Added Costs of Application
Could Put Strain
on Each Community's
Budget

By James J. Njaim

With winter slightly more than one-third gone, the five Pointes are hard pressed with their street salt supply. The municipalities have used a combined total of more than 3,968 tons at a total cost, (the salt alone), of \$35,695.90 from December 1 through January 31, according to reports.

The strain on the respective fiscal 1975-76 budgets creates a problem, since the added costs of the use of trucks, gasoline and overtime pay is still difficult to compute.

This is how the Pointes reported the amount of salt purchased and distributed for the months of December and January:

THE PARK — During the two months, the city used up its complete supply, a total of 1,060 tons at a price of \$8.79 a ton. The total cost of salt used so far is \$9,137.40. The amount used is about 60 tons over normal.

With its supply depleted, The Park is awaiting delivery of another 100 tons. If this is not forthcoming, and when and if it should be needed, The Park usually borrows salt from The City, and vice versa, with each replacing the amount borrowed.

There has been some problems in delivery in the last month and a half, according to Herbert Heger, director of public services, due to the breakdown of delivery equipment by the city's salt supplier.

Too, all surface salt, (stockpiled salt), has been used up and there is a wait for salt from the mines.

Just as the other Pointes, The Park spreads salt completely on all major streets and spots intersections and residential streets, letting moving vehicular traffic carry the salt along.

THE CITY — The municipality has used 300 tons of salt in December and approximately 400 tons in January, according to Douglas Collinson, DPW head. At \$9 a ton, this comes to \$6,300. There is 60 tons of salt piled in reserve in the DPW storage bin and more has been ordered, but when delivery

Board to Set Millage Vote

The Board of Education is expected to set the date for a millage election at its regular monthly meeting Monday, February 9, in the Administration Building, 389 St. Clair avenue, at 8 p.m.

All the school district's and public library's voted operational millage has expired. Funds collected in the winter tax collection will operate the schools and libraries until June 30, 1976.

Dr. James A. Adams, superintendent of schools, said the Board is still studying the financial aspects of the school district's operation and will set the amount of millage to be sought at a special meeting to be held Monday, February 16, in the Board Room at 389 St. Clair, at 8 p.m.

Dr. Adams said the financial picture of the school system is clouded by events that have occurred recently at the State level which have reduced the income of the school system.

The regular February meeting of the Board of Education will be chaired by Joan R. Hanpeter, president. A feature of the session will be a report to the Board by the district-wide Athletics Study Committee headed by Dr. Thad H. Joos.

The meeting is open to the public.

He added the State Fire Marshal's office said the blaze was accidental after an eight-hour investigation was completed.

In his report, Lt. Peter Thomas said the roof on the southeast corner of the house was engulfed in flames when he arrived. Hook ups were made to fight the blaze and three officers forced open two rear doors and attempted to enter. But they were driven back by the intense heat and smoke.

An alarm also was made on the spreading fire in the basement area by Sgt. Davidson, Officer Patrick DeVine and members of the Harper Woods Fire Department, which responded to the second alarm. The blaze in the crawl space area and roof also was ultimately extinguished.

In all, firefighters used an estimated 1,000 gallons of water, (some 60 minutes pumping time), and were at the scene over two hours.

After the post fire investi-

gation was completed, the house was turned over to a family member.

All of the rooms and their contents were covered with smoke, including several cards, which were resting on a piano in the living room, that Mrs. Kopp had received. She had celebrated her birthday on Tuesday, January 27.

Services for Mrs. Kopp were held Saturday, January 31, at the A. H. Peters Funeral Home.

She and her late husband, Fred M., had owned Kopp Pharmacy in Kercheval avenue for over 25 years.

Mrs. Kopp is survived by her daughter, Mrs. Marie Thayer, four grandchildren and one great-grandchild.

Interment was at Forest Hills Cemetery, Ann Arbor.

Churches View Own Heritage

Five Woods churches are planning to participate in American Religious Heritage Sunday, (February 15), in a program coordinated by The Woods Bicentennial Commission and the churches, themselves, reported commission chairman Robert E. Trinklein.

Each church will examine its own particular religious heritage during the service and in their bulletins, he said.

Those churches taking part include Grosse Pointe Baptist Church, 21336 Mack avenue, Our Lady Star of the Sea, 575 Ballantyne road, Saint Michael's Episcopal,

20475 Sunningdale, Christ the King Lutheran, 20338 Mack, and First English Evangelical Lutheran, 800 Vernier road.

Mr. Trinklein said the Grosse Pointe Woods Presbyterian Church, 19950 Mack, didn't plan on participating because its services were already prepared, and they are scheduled to have a similar program this summer.

EXpansion Program Is Big Success at Kimberly

By Roger A. Waha

Last July, Kimberly Korner, a group of specialty shops at Mack avenue and Lochmoor boulevard, launched a quarter million dollar expansion and improvement project. Major work was completed in November and now six of the seven shops are filled.

"Every square inch of the building was remodeled from wall-to-wall," said an obviously pleased Chuck Moraco, who, along with Ron Serba, own the building and property and operate Kimberly Flowers Inc. Prior to expansion, the complex contained three businesses.

Their original thought was to have a site offering a unique shopping experience for the entire family with an emphasis upon a quiet elegance and intimacy in design. "I've been amazed at the response of shoppers. We sort of turn our heads and smile at ourselves. The response has been gratifying," said Mr. Moraco.

Both men have been at the location for around 18 years and this is the first extensive renovation which has taken place. "We borrowed many ideas from trips to Europe, (regarding the design), and wanted to obtain an outdoor courtyard feeling," noted Mr. Moraco.

This feeling is definitely the key in the interior design as shoppers are immediately greeted by a fountain and an array of plants upon entering the interior courtyard. "Chuck and I designed the interior foot-by-foot," chimed in Mr. Serba, who noted everything has been coming along nicely since construction was completed.

"Every store is a separate entity regarding services offered to area customers," said Mr. Moraco. "There's no overlapping of goods for sale."

At this moment, the following businesses occupy the building: Gerri's, offering "Women's fashions of the hour"; Kaleidoscope, which

offers a wide sampling of gifts; Horizons, which specializes in bead work; Ross and Seeley's Signs of the Lion, home furnishings; Benno's Restaurant, which offers courtyard seating, a formal dining room; and the flower shop, which specializes in fresh and dry silk floral arrangements.

As for the vacant shop, both men indicated they hope to obtain either a bath and linen operation or a business which sells crystal, silver and china.

Besides their pleasure over the project's completion and the response from citizens, they are excited about a planned program of events, e.g., fashion shows, lectures and demonstrations, covering a variety of subjects which will happen "very soon."

In fact, beginning Thursday, Friday, February 12-13, an early supper will be offered along with an informal modeling of fashions via Gerri's from 5-8 p.m. This particular event is planned to continue every Thursday and Friday.

They said the dining room is available for private functions, such as card parties, during the day, while the courtyard is available during the evening for such functions as receptions. Any area club or organization also is welcome to have meetings at the Korner. However, reservations for such activities must be made in advance.

Woods Seniors Host Speakers

The Senior Citizens of Grosse Pointe Woods will hear different speakers at their two meetings this month, reported Irene Sutton, chairman, Senior Citizens Commission.

Henry Langberg, supervising attorney, Legal Aid Office, Senior Citizen Legal Aid Project, will address seniors on legal aid programs in the county and explore various potential problems and needs in this respect today, February 5.

Then, Mrs. Ann McCleary, education committee chairman of the Grosse Pointe League of Women Voters, will focus upon continuing education on Thursday, February 15.

Both sessions will be held in North High School from 3:30-7:30 p.m.

Two trips also are being planned, both of which are open to seniors of all the Points.

One trip is to Hawaii and the other is a Caribbean cruise. Both start on March 13, with the former costing \$899 per person and continuing for 15 days, and the latter running \$625 per person and continuing for eight days.

Four further information on the trips, call Eleanor Larson at 881-8554 or Mrs. Sutton at 884-2942.

PRO AND CON

If you snail, misfortune may haunt you — grin and perhaps your misfortunes will unspool.

Styles for Today

All of us struggling with the problem of how to be pretty, with a minimum of time and care will be happy to learn of Paul Azar. Paul is a hair stylist, colorist, cosmetologist all wrapped up in a very charming package. He is new to Jacobson's Beauty Salon and a refreshing breeze from New York where his career of twelve years distinguished him as a leading talent in the country. Touted recently by "Hair Do" Magazine as one of the U.S. best Paul is not affected by work with such glamorous ladies as Joey Heatherton, model Judy Jensen, Lainie Kazan and Mrs. Morey Amsterdam. What Paul sees as the challenge in his career is to help women develop "their own personal style, a total look," modified and updated by current fashion. Knowing fashion is important but it must always be re-interpreted to suit a particular woman, he says. If short hair is fashionable it would be silly to cut a woman's long hair just to suit fashion and it is catastrophic if it so happens that she looks beautiful with long hair. This is just common sense, Paul asserts. I strive to unify my talents with a woman's own concept of herself and the life she leads. A housewife has a different approach toward life than a career woman and a fashion model again has needs which differ from the first two ladies. "The woman of today is freer, more individual and more naturally attractive than any other time in history. I simply work with what is an established cultural facet of today's society — The Self-Actualizing American Woman."

With this kind of thinking it's worth trying Paul at least for one styling. It almost seems unpatriotic not too!

Salt Usage in Pointes

(Continued from Page 1)
is expected is anybody's guess.

A majority of the time, city trucks sprinkle salt all the way on major streets and small piles are spotted on the side of residential streets to be carried along by cars and other types of vehicles.

THE WOODS — So far this

Roof Signs

(Continued from Page 1)
prospective customer find the specific location of a business along a main thoroughfare.

In fact, one businessman said if he had to remove his sign, it would be the same as giving the public safety department an unlisted telephone number.

Yet another businessman stressed the need for such signs on the competition front and cited the proximity of Eastland and other local business districts. "Give businessmen the chance to occupy buildings and not have them vacant," he said.

Wants Different Type
Basically agreeing with the viewpoints of the businessmen, Mr. Kefgen said, "The ordinance as proposed infringes on the free enterprise system. An ordinance regulating the physical dimensions of roof signs would be more in accord with reasonableness and fair play."

He felt most of the roof signs in The Woods were attractive. "Some are hazardous but these could be taken care of if we had a different type of (proposed) ordinance. Roof signs are a landmark for identification. We should consider a different type of ordinance."

Dr. Albert C. Howe, chairman of the Beautification Commission, asked if businessmen considered one factor. Signs in evidence now represent a small percentage of businesses along Mack avenue, he said.

Dr. Howe felt if all businesses had roof signs, the city would literally have a "sign jungle," while citing the restraint of many businessmen in erecting such signs.

Subjective Concept
Expressing her concern over legislating aesthetics, Mrs. Mullan said she would hate to think the day would come when some political body would "sit up here and say what color a house should be."

She stressed her interest in beautification but "felt beauty is a subjective concept, and that a 'dangerous door' would be open regarding the legislation of aesthetics."

In a final note, Mr. DiMaria felt the passage of such a proposal might spread throughout the other Pointes as well. In reply, City Administrator Chester E. Petersen said The Woods is the only Pointe which has permitted roof signs in a commercial district. Of this, Mr. DiMaria stated, he was unaware.

winter the community has used about 1,030 tons, spreading 478 tons in December and 552 tons in January. At a cost of \$8.95 a ton, this comes to about \$9,218.50, it was said by City Comptroller-Assessor Frederick G. Hornfisher.

The city, at the present time, has enough to spot salt intersections, residential streets and even municipal parking lots. This practice is continuous when cold weather ices the streets. Main streets are completely sprinkled with salt.

THE FARMS — The city has used only 900 tons of salt, spreading 400 in December and about 500 in January. The price of salt to The Farms is \$9 a ton, and at this price, the city has expended \$8,100.

DPW spreaders, at times, dispense salt heavily on main streets and sometimes on side streets.

City Comptroller Carroll Lock said in a majority of cases, following a heavy snowfall, the city plows the snow when the white stuff stops coming down. The plowing process affects a savings on the cost of salt, he pointed out.

Main streets are salted if slick surfaces create a danger and the same holds for residential streets. However, plowing does help save on the purchase of salt, although a stock pile is stored just in case.

THE SHORES — Village Superintendent Thomas K. Jeffers revealed The Shores only used a total of 276 tons of salt, 89 tons in December and the balance in January. The village pays \$10 a ton for its salt, making the cost expended on the tonnage used, \$2,760.

On very bad days, salt is sprinkled at intersections, crossovers and curves, and spotted on residential streets and completely spread over the main streets. Depending on how icy the roads are, he said, sometimes only six tons of salt is used and sometimes as much as 20 tons.

He said the village plans ahead in ordering its salt, which takes about one and one-half to two weeks to deliver. This keeps a stockpile on hand in case of emergencies.

New Duo at the Old Place

SHERRY JOHNSON AND MARK VAN HAAREN, the new entertainment duo at the Old Place restaurant, are proof to owner Diamond Phillips of the validity of the old rule, "If you want something done right, do it yourself."

After a disappointing three-month search for "just the right" musical duo to fit his new Old Place policy of entertainment plus dinner dancing, Phillips decided that the team he wanted didn't exist. So, along with agent Art Quatro, he auditioned individual performers until he came up with singer-pianist Sherry and singer-guitarist Mark, the perfect ingredients for his new duo.

The final test, the blending of their voices, was yet to come. As Diamond well knew, a really pleasing combination of two voices is as much serendipity as it is musicality. However, as soon as Sherry's bright voice as merged with Mark's soft modulations, it was clear that the talent hunt was over.

Although they had never even met, much less performed together, Mark and Sherry compared notes, and they came up with a surprising number of coincidences. Both are native born east side Detroiters, with Mark having graduated from Osborn High and Sherry from St. Ambrose. Both started their professional studies at the age of seven, and both have 12 years of formal music studies to their credit. Both of their professional careers have been dominated by Detroit area country clubs up to now, however each listed the Top of the Pontiac as a previous public booking.

For the Old Place clientele, Mark and Sherry are perfect entertainment. Since they have long backgrounds as single performers, they can offer two differing styles in vocal solos as well as their new-found sound together. Even their instruments, the piano and guitar, lend to the entertainment variety since each can be used for melody or accompaniment, together or alone. And with Mark and Sherry taking separate breaks, each can be spotlighted individually for a while, and that affords the diners with an uninterrupted evening of dance music, oldies, show tunes and some of the more pleasant contemporary music.

Incidentally, Mark and Sherry don't have a name for their new act, and they would appreciate suggestions from their Old Place customers. They can be seen and heard every Wednesday through Saturday evenings, starting at 7 p.m. on Wednesday and Thursday, and at 8 p.m. on Friday and Saturday.

LWV to Focus Upon Education

Community education in the expanded sense — year-long education for residents of all ages and interests — will be the discussion topic at the Wednesday, February 11, League of Women Voters' meeting, (LWV), at 7:30 p.m. in the South High School auditorium.

This is a public meeting conducted by the League's education committee.

Dr. Jack Minzey, Dean of Education at Eastern Michigan University, and Carl Schoessell, coordinator of Grosse Pointe's community education program, will speak on "Community Education — Where Are We? — Where Are We Going?" A question and answer period will follow the presentation.

Clinic Offered On Babysitting

The Grosse Pointe Jaycee Auxiliary will hold its annual babysitting clinic Saturday, February 21, at the Central Library, 10 Kercheval avenue, from 10 a.m.-4 p.m.

Instruction in first aid, home and fire safety and general child care will be given. A written examination, which must be passed in order to receive a certificate of graduation, will conclude the class.

The size of the class will be limited to 30 people with the minimum age of 11 being set. Cookies and punch will be provided but students should bring their own lunches.

Registration information may be obtained by calling Mrs. Mary Pratt, project chairwoman, at 886-1773. The deadline for participation is Tuesday, February 17.

Committee members working at the clinic include Mrs. Sue Czernak, Mrs. Maureen McHugh, Mrs. Helga Firschild and Mrs. Pamela Wheeler.

Lodge 102 'Reps' Attend Meeting

Youth Service Division Det. Patrick M. Fagan, president of Grosse Pointe Lodge #102, Fraternal Order of Police, attended the mid-year state board meeting of the FOB at the Troy Hilton on Sunday, January 25.

Others in attendance from the Lodge were Parks Lt. Gordon Duncan, Woods Officers James Fowler, Stephen Petrik and Donald Sun, Shores Officer Donald Jacob and Ladies Auxiliary representative Kathy Petrik.

gan University, and Carl Schoessell, coordinator of Grosse Pointe's community education program, will speak on "Community Education — Where Are We? — Where Are We Going?" A question and answer period will follow the presentation.

The committee has conducted a three-year study of education in this community and in other communities, and is exploring the question of whether Grosse Pointe wants and could benefit from similar programs.

This exploration calls for consideration of lifelong education for all citizens; use of academic programs at the high school; more open access to recreational facilities; expanded summer programs, both academic and recreational, for all; the possible unifying value of such a program; and if or how it can be financed.

Ann McCleary is chairing the committee, whose members include Esther Howell, Barbara Slickford, Shirley Piku, Mary Ann Melican, Clare Kay, Audrey McConachie and Betty McCollister.

Jaycees Set for Big Night

The Grosse Pointe Jaycees will present their second annual Monte Carlo Night Saturday, February 7, at the War Memorial, 32 Lakeshore road, beginning at 7 p.m.

"This is one project that everyone in the community can participate in, something and have a good time," emphasized George A. Williams of the Jaycees.

While a good time is an objective of the fun evening, this isn't the main purpose. The major goal is to raise funds for community organizations with monies going to FLEC, (Family Life Education Council), and the Foundation for Exceptional Children. Last year around \$1,800 was raised and the group hopes for even better things this year.

Admission, which is limited to those 18 years or older, is \$4.50. This includes one million dollars in play money for a variety of games of chance like those seen in Las Vegas. Winners will receive various prizes.

Student Earns Music Award

Stephanie Leon, daughter of Mr. and Mrs. Harold B. Leon of Ridgmont road, was declared winner of the Michigan Music Teachers Association High School Division auditions at Central Michigan University on Saturday, January 10.

She will now participate in the Divisional Auditions in Kalamazoo, where music teachers and outstanding high school and college students throughout Illinois, Indiana, Michigan, Ohio and Wisconsin will meet for the East Central Division conference of Music Teachers National Association Saturday-Monday, February 7-9.

Winners in each of the various music categories will go on to national competition in Dallas, Tex., in March where prizes totaling over \$6,500 will be awarded.

In April Stephanie will appear as state winner at the spring convention of the Michigan Music Teachers Association at Delta College in Bay City.

She's a sophomore at South High School and a Dykema Scholarship student at the Detroit Community Music School, studying with Albert Fillmore. She has performed in many soloist recitals in the metropolitan Detroit area and with the Grosse Pointe Junior Symphony.

Center to Host American Folk Ballet February 23

The War Memorial's "Lighter Side" series welcomes the Bicentennial year on Monday evening, February 23, with a performance by Burch Mann's American Folk Ballet in their only Detroit appearance.

A totally new concept in theatrical dancing, the group is the only company in the world created directly from the folklore and folk history of America. Mr. Mann, director and choreographer, has taken the period of American history between the years 1800-1900 and the expansion of the western plains country to set the mood and style.

This company of trained young dancers, singers and musicians captures the magic and myth of the West, the youth and wild exuberance of a young society hammering its way across a continent.

It shows this country was built from the strength and talents of immigrants from every part of the world, recreating a time and place in

history when a handful of hardy immigrants were turning a raw land into America and themselves into Americans.

The American Folk Ballet was just recently featured on the ABC 90-minute special "American Spirit" starring Frank Sinatra, Andy Williams, Shirley MacLaine and Sandy Duncan.

The performance will be preceded with a complimentary cocktail party at 5:30 p.m. in the home of Mr. and Mrs. Warren S. Wilkinson on the lake. Guests are asked to park in the Center's lot, and they will be shuttled by charter bus to and from the Wilkinsons. A dinner follows at 7 p.m. in the Center's Crystal Ballroom over Fries Theatre, where the curtain will go up on this show at 8:30 p.m.

The entire evening is \$25. Tickets should be obtained immediately at the Center's office, 32 Lakeshore road. A limited number of performance only tickets also are available.

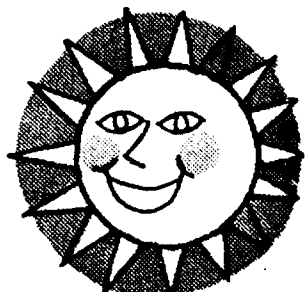

For further information, call 881-7511.

Report from Philip Morris

Tar/Taste Theory Exploded.

New 9 mg. tar MERIT with 'Enriched Flavor' proves taste no longer depends on amount of tar.

Until now, cigarette flavor pretty much depended on the amount of tar that went along with it.

Regardless of "low tar, good taste" claims, regardless of fancy filters and "space-age" filtering systems—you couldn't get high taste without high tar.

Nor low tar without low taste.

That was the theory.

Until now.

This is another report on MERIT from Philip Morris.

If you smoke, you'll be interested.

Low Tar, Good Taste: Filters Fall Short

At first, we tried designing special filters, too. Like others, our results were generally disappointing.

These results confirmed a belief that if there was any way to get flavor—real flavor—into a low tar cigarette, the answer had to lie somewhere in the tobacco itself.

So we focused on the business end of smoking. The tobacco end. And decided if we wanted to get more flavor through to you, we'd just have to start with more.

After a twelve year effort, our Richmond Research Center succeeded. They isolated the "key" flavor ingredients of tobacco as they exist in cigarette smoke.

By adding only those natural ingredients of extreme high quality as flavor contributors, yet low tar producing as well, they were able to pack MERIT with 'Enriched Flavor'—without the usual corresponding increase in tar.

'Enriched Flavor.' It's extra flavor. Natural flavor. Flavor that can't burn out, can't drop out, can't do anything but come through for you.

Read the taste-test results for yourself.

Taste-Tested By People Like You

9 mg. tar MERIT was taste-tested against five current leading low tar brands ranging from 11 mg. to 15 mg. tar.

Thousands of filter smokers were involved, smokers like yourself, tested at home.*

The results were conclusive.

Even if the cigarette tested had 60% more tar than MERIT, a significant majority of all smokers tested reported new 'Enriched Flavor' MERIT delivered more taste.

Repeat: delivered more taste.

In similar tests against 11 mg. to 15 mg. menthol brands, 9 mg. tar MERIT MENTHOL performed strongly too, delivering as much—or more—taste than the higher tar brands tested.

You've been smoking "low tar, good taste" claims long enough. Now you've got the cigarette.

MERIT. Incredible smoking pleasure at one of the lowest tar levels in smoking today—only 9 mg. tar.

From Philip Morris.

Icy Walks Take Toll on Postmen

Icy, snow-covered walks in residential areas are taking a greater toll than ever on Detroit postmen this winter, according to Postmaster Edward L. Baker.

He said during the short period from January 3-23, his carriers have suffered 120 falls with 88 requiring medical attention. As a result, he issued an urgent appeal to local residents to help prevent further mishaps to postmen by clearing walks, steps and porches of ice and snow as soon as possible after a freeze or snowfall.

The postmaster explained hazardous walking conditions cause more injuries and lost time to letter carriers than any other single factor. During the winter of 1974-75, they suffered 250 slips and falls due to ice and snow conditions, and, up to now this year, the incidents are about twice as frequent.

"We are conducting an intensive 'Winter Falls Prevention Campaign' this year," Mr. Baker said, "to try to reduce the number of injuries sustained annually by our employees as a result of slips and falls."

Center Offers Austria Film

The next program on the George Pierrot selected Grosse Pointe Adventure Series will be "Austria a la Carte" Wednesday-Thursday, February 25-26, just a month before the War Memorial tour to Vienna.

"Austria a la Carte" will be personally presented by Lisa Chickering and Jeanne Porterfield, who spent 10 months photographing this country in all seasons of the year.

Life long friends, these women head their own film company in New York and both have similar backgrounds in music and theatre. Each has had careers on stage and TV and they have traveled all over the world many times.

The film begins in Vienna where by carriage the Ringstrasse is explored and Schöenbrunn Palace, the Hofburg and the Stadt Park visited. Performances by the Vienna Boys Choir and the Spanish horses are included as well as views of them in the country where they work, play and train. Then it's off to the spas and mountains.

There is a visit to a romantic 12th century castle and to

the abbey town of Klosterneuburg to sample wine. Of course, Salzburg, the home of Mozart, is visited along with the ski country of Bad Aussee, Kitzbühel and Innsbruck.

The 8:15 p.m. show is preceded at 7 p.m. by a Tyrolean banquet in the Crystal Ballroom. The complete evening, dinner and show is \$8.75, while the show is only \$2.75.

Reservations should be made as soon as possible by calling 881-7511.

Schedule Trial Date for Suspect

A Wayne County Circuit Court trial date has been scheduled for March 18 in the case of a 26-year-old Roseville man, who's charged with carrying a pistol in a motor vehicle and possession of phenylhydrazine, (PSP), an animal tranquilizer, reported Woods police.

This date was set at the Circuit Court arraignment and pre-trial conference for Leonard Terry Marchesani Monday, January 19. Police said no agreement was made as to the plea, with the trial date being set. A plea cutoff date was scheduled for Monday, March 1.

The suspect was arrested last December after being stopped for speeding on Vernier road, officers said. At that time, police said he dropped a bottle with an unknown white substance from his person. (This substance according to a Michigan State Police Crime Lab immediate field test analysis was found to be PCP). At headquarters, a custodial search of his vehicle revealed a .32 caliber automatic with four bullets in the magazine and none in the chamber, according to the report.

Two traffic violations, for speeding and driving on a suspended license, are pending at this time, police added.

Christ Church Picks Officers

New officers were selected during the annual parish meeting at Christ Church on Sunday, January 18.

The following members of the parish were elected to three-year terms on the vestry: Bruce D. Birgbauer, Paul F. Decker, Mrs. Ronald Haughton, Mrs. Joseph F. Maycock Jr. and George Reindel III.

Scuba Diving Course Stresses Safety

(Continued from Page 1)
they aren't comfortable in the water, I won't teach them." The students study from 6:30 until 9 p.m., then resume training in the pool from 9 until 10:30. To be certified, the new divers must pass a 10-page written exam and master diving procedures such as clearing their masks, rescue work and buddy breathing.

Where It Starts
To Mike, the third and most important lesson the divers learn is the proper establishment of safety patterns in the water. If the student fails any of these three criteria, he will not be certified.

"I keep my classes limited to about 20 pupils," he said. "This way I can devote more time to each student. Together with my assistants, we can evaluate each diver over the 10-week period."

Besides the 32 hours of pool and classroom instruction, Mike takes his students on four open water dives. NAUI calls for three dives, but Mike feels the extra outdoor exposure is good for his pupils. "Open water is where the real diving starts," he said. "We work with surface floats, practice emergency procedures and learn rescue dives in the open water. It's good practical experience."

Although he has been diving since 1960, Mike had to pass a strenuous training regimen to become a certified instructor.

"I learned to dive from an unqualified instructor when I was nine-years-old in Florida," he said. "And I learned everything the wrong way. Once I attended a basic qualification course, I learned a great deal about diving. It was then I decided to become an instructor."

Hunger Group Slates Forum

The first in a series of public forums planned to stimulate an awareness of hunger at home and abroad is slated for Sunday, February 8, at 2 p.m. at the Grosse Pointe Woods Presbyterian Church, 19950 Mack avenue.

The film "Hunger in Detroit," prepared by former Channel 7 news reporter Kelley Burke, will be shown.

The GP Hunger Coalition is made up of The Pointe's Ministerial Association, the Interfaith Center and the Human Relations Council.

For further information, call 824-0350.

"The course was run by NAUI and submitted us to great physical and mental pressure, to see how we would react," he continued. "The course was six days long and covered 100 hours of instruction. We were up at 6 a.m. and in bed at 2 a.m." After graduation, NAUI keeps tabs on its instructors, constantly monitoring members for shoddy teaching practices.

NAUI is a very strong organization that follows all its members carefully, sending their instructors questionnaires and checking all training procedures. Anyone failing to meet their standards has his certification card revoked.

"I could make a lot of money at this profession by pushing equipment off on my students," said Mike. "But what's more important is that we teach students good safety habits they'll keep all their lives."

Students taking the class are required to own their own mask, snorkel and flippers. The rest of the equipment can be rented from diving shops for about \$4 a night.

Caution Is Key

Students wishing to advance to intermediate diving courses can take a sport diving course offered by Mike. "This course also is covered by NAUI," said Mike. "It requires a minimum of 12 hours of open water diving." In the course, Mike and his assistants teach underwater navigation, night diving, simulated deep diving, limited visibility diving, light salvage work and an air consumption diving. "The air consumption dive helps determine a diver's breathing rate at a certain depth," said Mike.

To advanced students, Mike also teaches the most dangerous types of scuba work. Ice and cave diving.

"Ice diving is dangerous, but it's not as bad as cave diving," said Mike. "At least under the ice, there's light from the sun, but if your light fails in a cave, you're totally blind."

It was while cave diving that two divers died in Missouri recently. "I personally think they went too deep for a couple of beginners," said Mike. "No one should go down 300 feet for the first couple of years of diving. I never tell my students how deep I've gone because they might develop a 'top the teacher' syndrome, and that's dangerous."

"Clean Up Act" Mike is worried that the diving deaths may prompt

Lansing to evoke strict legislation concerning scuba diving.

"I'm afraid the recent articles in the 'Detroit News' spotlighting the diving deaths will have a bad effect on this sport," he said. "Legislators look over diving in California and made it nearly impossible for anyone to dive, including instructors. The law has since been repealed, but it was a classic case of legislative overkill due to sensationalistic journalism."

"There are definitely poor instructors around more concerned with making a buck than with turning out qualified divers," said Mike.

"If those people are responsible for underwater tragedies, then they should be held liable for their actions. But I think we should be given a chance to clean up our own act first. It's not up to politicians to do it for us."

Rose Society Meets Feb. 11

The Grosse Pointe Rose Society will be holding its first meeting of the year Wednesday, February 11, at the Grosse Pointe Central Library, 10 Kercheval avenue, at 8 p.m.

The program is entitled "New Roses for 1976," and the speaker is Forrest Geary, who is one of the outstanding Rosarians of the Great Lakes District.

Mr. Geary, who is president of the Detroit Rose Society, past president of the Grosse Pointe Rose Society, vice-president of the Great Lakes District of the American Rose Society, and an accredited ARS judge, will discuss the new rose offerings for 1976 and compare these newer varieties with the old. He has grown many of the newer roses in his garden before they were generally available and has a vast knowledge of their performance and growth habits.

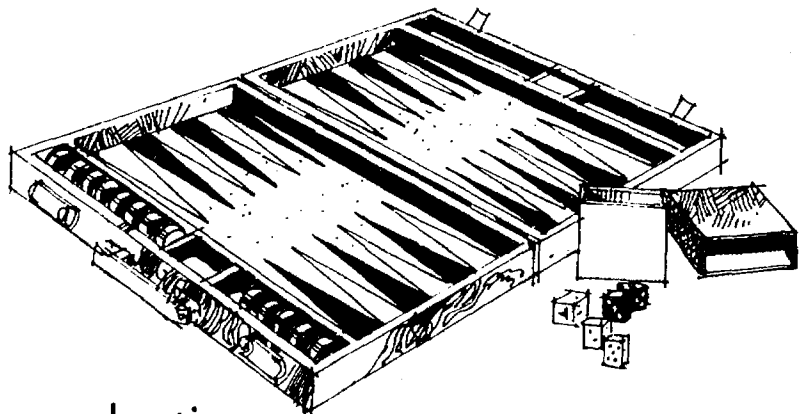

This is an opportunity to obtain information on the

latest rose introductions. Visitors are cordially invited to attend the meeting.

In charge of the Grosse Pointe Rose Society for 1976 are Dr. Woodburn O. Ross, president; Elmore Frank and Mrs. Louis Parent, vice-presidents; Mrs. Mark Loush, treasurer; Mrs. George Strachan, recording secretary; Raymond C. Miller, corresponding secretary; Kenneth M. Wheeler, past president; Mr. Geary, consulting Rosarian; and John Stephens, editor of Rose Pointes.

Directors for 1975-76 include John C. Cook, Robert L. Kovanda and Mrs. Ralph Urso, while directors for 1976-77 are David Bogart, Mrs. Sterling Sanford and Robert P. Seiber.

Pointe Natator Has Good Meet

Pointer Tom Shook, 14, swimming for the Fitzgerald Swim Club, recently competed in the sixth annual Bulldog Aquatic A meet at Schoolcraft Community College. It was the largest meet of the 1975-76 AAU schedule as over 4,000 entries from 60 clubs from the United States and Canada took part.

Competing in the 13-14 age group, Tom placed in several events. His 2:28.0 in the 200-yard open men's breast was

He also placed in the 200 back, went 2:14 in the 200 IM, was second in the 100 breast and fourth in the 100 back.

Tom's time in the 200 breast qualified him for the Senior Midwest Invitational in Cincinnati, O., later this month. Top swimmers from around the country will compete in this event in preparation for the nationals in California this April, and the Olympic trials the first of June.

Winning 10 of 11 events and led by record setting performances by Drew Pillsbury and Steve Swanson, the South High School varsity swim team rolled to a 63-18 rout of Sterling Heights Stevenson Friday, January 3.

In swimming action, Pillsbury set a new South varsity and pool record of 1:52 in the 200-yard freestyle. Swanson set a new varsity record of 1:03.1 in the 100-yard breaststroke.

Other event winners included the medley relay team of Steve Soderberg, Pete Dever, Steve Swanson and Dave Strachan. The freestyle relay team of Bill Brownell, Rick Speer, Mike Scott and Drew Pillsbury also placed first.

In the 100-yard butterfly, Wally Kilgore finished first, and Steve Makos finished third.

Doug Waugaman won the 500-yard freestyle, just ahead of Mike Jewell who finished second.

Peter Saggau finished first and Audrey Miedema third in the diving competition.

North on Move In Volleyball

By Sue Fancett

In their first showdown of the season, North High School's Volleyball team defeated Grosse Pointe South in a non-league match Wednesday January 21. A spirited North team took the match in two games, 15-6 and 15-11.

Then, North proved victorious in its league opener Monday, January 26, against St. Clair Shores Lakeview by taking the first and third games by scores of 15-9 and 15-11.

But North's momentum was halted by an impressive Fraser team Wednesday, January 28. Fraser defeated the Norsemen in two games, 15-8 and 15-10.

Coached by Marlene Maige, the team is proving to be an exciting addition to North's athletic program.

Unfortunately for the squad, they lost the services of two players, Dennis Knoff and Bob Marshall. The Bi-County League Athletic Directors voted that if North retained the boys on the squad, they would refuse to play them.

Knoff and Marshall voluntarily left the team in order to avoid conflict. However, they will be allowed to play in scrimmage games and in the State tournament in March.

Suspect's Exam Date Changed

The Woods Municipal Court examination date for a 21-year-old Sterling Heights man, who's charged with possession with intent to deliver marijuana, was adjourned from Wednesday, January 28, to Wednesday, February 25, according to court reports.

The suspect, Vincent Campo, was stopped by police early Friday morning, January 23, after his auto had only one headlight illuminated. Further investigation at the scene, (the Landmark Restaurant, 19299 Mack avenue, parking lot), revealed 29 bags of suspected marijuana in the auto with 26 of the bags being found in the trunk.

Charges against his passenger, a 19-year-old Detroit girl, are pending at this time.

CITY OF Grosse Pointe Farms MICHIGAN Summary of The Minutes January 19, 1976

The meeting was called to order at 8:00 p.m. Present on Roll Call: Mayor James H. Dingeman, Councilman Harry R. Fruehauf, Jr., Jack M. Cudlip, Nancy J. Waugaman, Joseph L. Fromm and Lloyd A. Semple.

Those Absent Were: Councilman W. James Mast. Also Present: Mr. John K. Renke, II, representing the City Attorney.

Mayor James H. Dingeman presided at the meeting.

Councilman Mast was excused from attending the meeting.

The Minutes of the Regular Meeting which was held on December 15, 1975, were accepted as submitted.

The Council, acting as the Zoning Board of Appeals, rendered the determination that the sale of liquor on the premises located at 383 Kercheval Avenue, "Gene's Party Store", owned by Mr. and Mrs. Linville Stover, is equally appropriate to the present and existing use of the property.

The Council, acting as the Zoning Board of Appeals, granted the appeal of Mr. and Mrs. Richard Colombo, thereby authorizing the Building Department to issue a Permit for the construction of a second-story bedroom over a single-story extension now existing at the rear of their home located at 220 McKinley Avenue.

The Council adopted a resolution recommending that the State Liquor Control Commission approve the application of Mr. Linville Stover for a new S.D.D. License to be located at 383 Kercheval Avenue, "Gene's Party Store".

The Council adopted a resolution authorizing the City Manager to schedule a meeting with representatives of the Detroit Metro Water Department, for the purpose of resolving what the City has determined to be an improper increase in the charge to the City for stand-by water service; and for the further purpose of reviewing and resolving the matter concerning their increased charges for sewage treatment services.

The Council adopted a resolution denying the request of Mr. and Mrs. William K. Hovenstein for permission to utilize the Water Filtration Plant for a cocktail party which would benefit the Grosse Pointe Academy as an item to be offered at their 1976 Auction, for reason that the Council determined that social functions are not a proper use of a public facility such as the Water Filtration Plant, and would involve additional liability responsibilities.

The following Reports were received by the Council, and ordered placed on file:

A. Building Department Report for the quarter which ended December 31, 1975.

B. Fire Department Report for the month of December, 1975.

C. Police Department Annual Report for 1975.

The Council adopted a resolution rejecting the proposed agreement from the Wayne County Road Commission which would provide for the joint participation in the costs of the project to resurface Lake Shore Road from Moross Road to the north City limits, between the City and the Wayne County Road Commission; the total estimated cost of the project being \$141,000, of which the City was requested to pay a one-third share in the amount of \$47,000; for reason that the City's participation in such project would not be a proper or justifiable use of City funds, in view of the fact that Lake Shore Road is a County-owned road for which they receive certain Federal funds for the maintenance of such road.

The Council adopted a resolution to cancel the Regular Meeting scheduled to be held on February 16, 1976, due to the legal holiday in observance of George Washington's birthday on that date, at which time the City Offices will be closed.

Upon proper motion made, supported and carried, the meeting adjourned at 10:00 p.m.

Level Fluctuates in Farms

(Continued from Page 1)
kidnaped at gun point while leaving their place of business. They were driven to Detroit where they were released after turning over the day's receipts.

Whereas 1974 saw the first murder recorded in The Farms in over 30 years, 1975 listed two murders.

One was a murder-suicide in which a woman under psychiatric care drove her car into Lake St. Clair with her three-year-old son beside her. The other murder involved a love triangle.

There was one attempted murder in The Farms in 1975. Chief Ferber said it was the first recorded attempt since the prohibition era.

The report also carried one negligent homicide for the year. This was the death of Pines Police Officer Kenneth Pines who was killed by a hit and run driver who had been consuming alcoholic beverages.

The driver was convicted of negligent homicide and received two years probation with conditions.

While there were 10 attempted suicides in 1974, there were only seven in 1975. Actual suicides for 1974-75 were the same with four in each case.

Meanwhile, arsons rose from two in 1974 to eight in 1975.

On Juvenile Crime

Of juvenile drug arrests, Chief Ferber said 90 percent involved marijuana, whose use is "widespread" and "open." The other 10 percent involved pills of some type—qualudes, amphetamines, barbiturates, etc.

The report also noted an increase in the use of alcohol in this age group. Under adult drug arrests, 62 percent of those arrested during 1975 were drug addicts. The chief viewed this as "initial step towards an overall reduction in major crimes if the trend continues."

A summarizing view of 1975 showed there were no rapes in 1974-75; one armed

robbery in 1975, (six in 1974); six unarmed robberies in 1975, (six in 1974); and 31 burglaries for 1975 — (down from 58 in 1974).

Car thefts in 1974-75 remained the same with 30 each year.

Vandalism Falls
In crimes against personal property the overall picture showed a general decrease.

There were 291 reported cases of malicious destruction of property in 1974 and 240 in 1975.

According to the report, bicycle thefts, while on a decline in 1975, still remain the largest larceny, unrecovered dollar loss to the residents of The Farms.

There were 201 thefts in 1974, (with 68 cases cleared by The Farms Police Department), and 182 thefts in 1975, with 51 cases cleared. The report stated that 80 percent of all thefts occurred at private residences, followed by thefts from businesses, schools and the Pier Park, in that order.

According to the report, the average thief, is a casually dressed young, white adult, between the ages of 17 and 20, strolling through residential neighborhoods looking for bikes. In most cases, the thief will return that night to steal the bike from any closed, but unlocked garage.

Police believe that constant vigilance and cooperation between the police and citizens of The Farms can help further reduce the loss of bicycles.

In conclusion, Chief Ferber said his department will approach 1976 with the attitude that "even though our overall crime rate may be considered low, we will have the attitude in 1976 that 'one crime is too many.' With the assistance of the community, we will continue to modify our programs, actions and techniques to meet the demand of the coming year and the ever changing criminal occurrence pattern."

Surprise Gift for Cottage

(Continued from Page 1)
Speaking of changes which took place during the past year, Mr. Wilgarde said a total of 25 patient rooms were remodeled in 1975 as part of the work of hospital renovation now being done.

He pointed out changes also took place in the parking lot between the hospital and the nurses' residence with the lot being resurfaced and lights being installed, along with underground wiring for the fixtures as well as for the hospital's main electrical and telephone cables.

"And attractive landscaping on the Muir road side of the new wing was made possible by a generous gift from the Garden Club of Michigan," he said.

Mr. McNaughton gave the corporation details of negotiations which have been carried on in 1975 for the purpose of enlarging the hospital's parking space. As result of the purchase of several lots, "Cottage now has 180 feet of contiguous vacant property on Muir road for parking," he said.

"This has relieved the parking problem to a great extent, but we are still attempting to purchase homes across Muir road from time to time when they become available at reasonable prices," he continued.

Other reports were given by Dr. David H. Barker, Chief of Staff, and Mrs. John Barlow, out-going president of the Cottage Hospital Auxiliary.

Nine members of the board of trustees were re-elected to three-year terms. They include Mrs. Clarence E. Besler, Mrs. John L. Booth, Cleveland Thurber Jr., Robert E. Valk, Robert A. Waters, Mrs. H. Gordon Wood, Mrs. Livingstone Howard, Mrs. F. James Robinson II, and Robert Lambrecht.

Mr. McNaughton introduced Peter Fink and Gordon T. Ford as new members of the board who were elected to fill vacancies in December, and also Mrs. Howard, Mrs. Robinson and Mr. Lambrecht, who had been elected to the board in June. Mr. McNaughton also was re-elected president of the board.

Those chosen to serve with him include Howard F. Smith Jr., first vice-president; W. Merritt Jones Jr., second vice-president; Earl I. Heenan Jr., treasurer; Mr. Thurber assistant treasurer; Mr. Robinson, recording secretary; Mrs. Miles O'Brien, assistant recording secretary; Mrs. Cyril J. Edwards Jr., corresponding secretary; and Mrs. Elliott H. Phillips, assistant corresponding secretary.

Shores' Crime Rate Drops

(Continued from Page 1)
and 46 non-injuries. Injuries ranged from whiplash, bruises and lacerations, to more serious bodily harm.

"All things considered," Chief Vitale said, "we had a good year, mostly because of the cooperation received from our citizens."

"Police officers cannot be everywhere, therefore, we are highly dependent on the citizens of our communities. This applies to all departments."

Let Police Help

"We ask the continued cooperation of residents that whenever they see any suspicious persons, or any suspicious activities, to call your police immediately. Do not delay. There is a possibility that police officers dispatched may find nothing remiss, but this is better than having a crime committed and no calls received."

"Let your police check out your suspicions. They are happy to do this. This is their job. They can arrive at the scene within minutes. Citizens are urged not to act on

their own. Your police are trained and equipped to handle all situations."

Chief Vitale said there is an excellent rapport between the officers of The Shores Public Safety Department and the citizens of the village.

Personnel Praised

He pointed out he has received many complimentary letters from Shores residents praising the actions of the personnel of his department. This, he noted, not only spurs the officers to do a better job, it makes them feel happy that they are serving an appreciative community.

"Since policemen cannot be everywhere at once, we are very dependent on the cooperation we receive from our people. Together, we can make this a better and safer community to live in," he added.

Woods Police Clear B-E Case

An 18-year-old Anita avenue youth admitted he broke into a residence on that street to apparently take some liquor, reported Woods police. The boy told police of his involvement on Monday, January 19, in the incident which was reported on January 1.

Police said the youth will not be charged in this case because of other pending cases against him.

He was recently found guilty of violation of probation and was sentenced to 45

days in DeHoCo. (Detroit House of Correction), and placed on two years probation. If the boy violates any state, national or local law or ordinance he will be brought back to court and sentenced to the maximum penalty on five other charges which include prowler, assault and battery, minor in possession, tumultuous conduct and assault.

The only items reported taken in the Anita burglary were some bottles of wine.

Since 1945, Alsation wines have greatly improved, the experts tell us, and today these fine wines are enjoying an increasingly high reputation. The reasons for this may be found in the perservance and painstaking care of wine growers. They take immense pride in their wines. They make German-style wines in a French manner... Every ounce of sweetness — so important to German wines — is fermented out, so that the resulting dry white wines have a strength which is very similar to good white Burgundy.

Auto Club Says Camping Popular Winter Pastime

The camping boom continues to explode across Michigan with approximately two-thirds of the State's 118 private campgrounds operating this winter expecting business to increase an average 15 percent over last year, reported the Automobile Club of Michigan recently.

Good snow conditions for outdoor enthusiasts also should boost pressure at Michigan's 61 State parks with winter camping facilities.

"The growing popularity of winter camping in Michigan can be traced to cost savings for winter sports enthusiasts as well as the excitement of braving the cold weather in the warmth and comfort of a self-contained recreational unit," stated Joseph Ratke, Auto Club touring manager.

"Snow enthusiasts interested in enjoying a winter vacation without straining budgets will find camping a great way to do so," Mr. Ratke added.

The Auto Club official noted that 78 of the 89 private parks operating the last two years reported winter business up an average 15 to 20 percent in 1974-75 in comparison to the previous winter season.

"Several campgrounds near popular ski and snowmobile facilities in northwest Lower Michigan experienced business spurts of 300 percent last year," he said.

Camping enthusiasts not interested in hauling trailers back and forth will find that 106 of the 118 private parks listed on Auto Club's 1976 Campground Guide offer winter storage plans.

"The convenience and fuel-saving economy of parking camping units on a winter site are major reasons for the number of private campgrounds open during winter in Michigan growing from 20 to 118 in the last seven years," Mr. Ratke pointed out.

The fact that 90 percent of the private parks are open seven days a week is another popular feature with campers.

"Campers should find winter storage rates easily within their budgets with prices ranging from \$25 to \$50 monthly to a high of \$300 for the entire season," said Mr. Ratke. He added that campers pay only for the days they use their site with storage rates taking care of the remainder of the month.

Services offered by Michigan's private campgrounds are another factor for their increasing popularity during the cold-weather months, the Auto Club noted.

Eighty-nine, or 75 percent, of the private facilities have heated shower and toilet buildings. All but one park listed by the Auto Club offers electrical hookups at campsites. A few of the parks even offer such luxuries as sauna baths.

Nearly one-third of the private parks have general stores for shopping convenience, laundries and heated activities buildings.

Sixty-one State parks offer winter camping but none of the service buildings is open in winter. Many State parks also are without electricity.

Many parks open to winter campers attract outdoor enthusiasts with marked snowmobile and cross-country ski trails and inland waters for ice fishing. Some parks even offer special weekend events, such as snowmobile safaris.

Campers seeking private park accommodations will find that East Michigan has the largest number, 44; West Michigan has 41; Southeast Michigan, 13; and the Upper Peninsula, 20.

Another Sad Week for ULS

By Robert Holmes

It was another sad week for the Knights as on Tuesday, January 27, Whitmore Lake soundly trounced ULS, 74-50. Then on Friday, January 30, the Knights were totally outclassed by Class B power Lutheran West, 80-35.

ULS' record now stands at 2-11.

Against Whitmore Lake, the Knights started out colder than a car engine on a winter morning. At the end of the first quarter ULS was behind, 22-10, and for all purposes the game was over.

At the half, it was 45-28 and from there on Whitmore

Cafe Manager Found Guilty

Steve Scandalis, of 719 St. Clair, avenue, was found guilty of a battery charge in Grosse Pointe City's Municipal Court, conducted by Judge Stanley Kazul on Saturday, January 28.

Scandalis was fined \$75 plus \$25 in court costs for the conviction, stemming from a Sunday, January 18, incident at the Ram's Horn Restaurant, 17410 Mack avenue.

Joseph Kuntz, of Yorkshire road, the plaintiff in his case, charged that Scandalis, who is night-manager at the restaurant, attacked him at 2:30 a.m. that morning as he came out of a restroom, accusing the plaintiff of not paying his bill.

Mr. Kuntz said he had left the money for the bill, about \$1, on the table instead of bringing it up to the cashier's register.

After grabbing him by the hair and punching him several times, Mr. Kuntz said that Scandalis drew out a revolver and hit him on the head.

Scandalis had pled not guilty to the charge.

South Cagers Split Two Games

By Tom Shine

South High School cagers stretched their winning streak to five games by destroying Roseville, 57-30, Tuesday, January 27, but then saw that streak snapped by East Detroit, 66-63, on Friday, January 30.

The loss to the Shamrocks, who South defeated earlier in the year by almost 20 points, dropped the Devils overall record to 8-4 and was their first Eastern Michigan League loss after six straight wins.

The defeat also allowed Mount Clemens to climb back into a first place tie with South.

The Devils came out flat in the first quarter against East Detroit but began to roll as the quarter progressed. Meanwhile, the Shamrocks were shooting poorly from the outside but were scoring consistently in close and trailed 19-15 as the quarter ended.

South began to speed up play as the second quarter started and opened up an 11 point lead. The Devils threatened to put the game away but East Detroit didn't fold. The Shamrocks began scoring inside again and sliced South's lead to 36-32 at the half.

Play became sloppy as the third quarter started and

South was especially guilty. The Devils committed many turnovers and fouls besides being dominated by East Detroit on the boards. The Shamrocks board strength enabled them to tie the score at 40-40 but South shot ahead 46-42 as the period ended.

South continued to lead through most of the fourth quarter but by margins never larger than three points. East Detroit finally made its move and jumped ahead, 57-56, and again it was their strength on the offensive boards that did it.

South tied the score at 61-61 but fell behind again, 64-63, with only 14 seconds remaining. The Devils had one last chance to score with 10 seconds left but lost the ball on an offensive foul.

Drew Peterson led South scorers with 17 points, while Bob Conlan added 16.

In the Roseville game, South started out flat again and trailed 12-10 as the quarter ended.

In the second quarter, the Devils' offense was still having trouble scoring but their defense was superb. South allowed the Wildcats only seven points and jumped to a 24-19 halftime lead.

Amazing as it may seem, South's defense continued to improve. They held Roseville to an unbelievable five points in the entire third period. The Devils, however, were not exactly scoring at will and only led 35-24 as the period expired.

South made the outcome of the game clear as they opened up a 20-point lead midway in the final quarter. Roseville was unable to keep the game close as they could only manage six points in the last quarter.

High scorers for South were Jim Parsons with 12 points, while Peterson had 10.

SH Frosh Dump Highland Park

By Rick Mayday

South's frosh basketball team defeated Highland Park, 45-39, for the second time this season on Tuesday, January 27. This is the first time any South freshman basketball team has beaten Highland Park twice in the same season.

Brad Wilson led the scoring with 18 points, followed by Joe Quinn with eight points.

However, on Friday, January 30, the South frosh suffered their fifth loss to Grosse Pointe North, 39-28. This leaves South 6-5 for the season.

On Friday, February 6, South will play Grant at home. The game starts at 4 p.m.

The biggest problem teenage boys have assigned to them is that of bringing up father.

Confidence must get restored. All that glitters should never be measured by the golden rule.

Silence Isn't Golden

After the November defeat of an advisory ballot proposal which asked Woods citizens if they favor the city council taking appropriate action to transfer a portion of city-owned property, i.e., Ghesquiere Park, to a municipal building authority for the purpose of constructing a senior citizens housing complex, many seniors, while disappointed at the result, (2,525-1,647), decided to move ahead in this direction, feeling there was a need for such housing in the community.

The Senior Citizens Commission at its meeting Wednesday, January 14, followed through on a housing motion which was expressed at two commission sessions in November and unanimously agreed to recommend to the city that it pursue housing for seniors.

This particular recommendation was before the council at its regular meeting Monday, February 2, to wit: that the council continue to pursue the feasibility of providing such housing.

Several seniors, including members of the commission, were in the audience awaiting some indication from the council on this request. When this recommendation was brought up for action by Mayor Pro-Tem George S. Freeman, (Mayor Benjamin W. Pinkos was excused from the meeting as he was out-of-town), not one council member said a word. So after some 15 seconds of deafening silence, the solons moved onto the next item of business. A few minutes later, the group of seniors quietly left the council chambers.

One can assume by the council's silence that the body, in total, has no interest at this time in exploring the feasibility of seniors' housing. However, this isn't the point.

The point is simply this: the council showed a lack of common courtesy by remaining silent to the request. If someone said anything, whether it be pro, con or verbally indifferent, that would have at least been something. But silence...

Any group, (or individual for that matter), whether they be senior citizens, boy scouts, a block club, et al., deserves some kind of verbal response if they have a request or recommendation before their elected officials for consideration. But not silence.

Such a reaction can only make the individual or individuals feel hurt, let down, insulted, angry, you name it.

For any response is better than none at all.

Letters to the Editor

Editor's Note: This is an open letter to NEWS readers exploring the purposes of FOP Lodge 102 from its president.

Dear Citizens:

As the newly elected president of Grosse Pointe Lodge #102 of the Fraternal Order of Police, I would like to openly offer my services to the residents of Grosse Pointe and Harper Woods.

We, as members of GP Lodge #102 have joined together for the following purposes:

To support and defend the Constitution of the United States of America, and the State of Michigan; to inculcate loyalty and allegiance to the United States of America; to promote and foster the impartial enforcement of law and order; to improve the individual proficiency of our members in the performance of their duties; and to encourage social, charitable and educational activities among all law enforcement agencies and officers.

Other purposes are to create a tradition of esprit de corps insuring fidelity to duty under all conditions and circumstances; to cultivate a spirit of fraternalism and mutual helpfulness among our membership and the people we serve; and to increase the efficiency of the police profession and thus more firmly establish the confidence of the public in the service that is dedicated to the protection of life and property.

Fraternally yours,
Patrick M. Fagan,
president
GP Lodge #102
Fraternal Order of Police

To The Editor:

I recently left my purse in a restaurant. When I arrived home, there was a message that two girls had found the purse and were keeping it for me.

When I arrived at the address they gave me, I found a group of young people gathered in a brightly lit living room. Several of them were carrying on low-voiced, serious conversations in twosomes, but the majority of them were on their knees in subdued prayer.

I knocked and went in with my husband. Many of the young people stopped what they were doing and greeted us with big smiles,

asking us to join them.

The girls who had my purse brought it to me and said they were happy to have been the ones to find it. They steadfastly refused any reward of any kind, asking only that we remember their "work" in prayer.

Since the address was 1785 Roslyn road, (the "Forever Family"), and the address has been in the papers more than once in the past, I thought you'd be interested in this: a "good" story about the young people, (for a change).

Needless to say, the contents of my purse were intact, even though I had over \$100 in cash, a couple of dozen credit cards and other things of value in it.

Very truly yours,
Phyllis Enters,
of Westland

Dear Sir:

I often wonder how many people realize how lucky we are in Grosse Pointe, to have in the small Village Post Office, such lovely ladies to wait on our mailing needs.

Even during the Christmas rush, these ladies manage to smile cheerfully, and take care of everyone very patiently and efficiently, even though, after standing in a long line, some of the customers are feeling less than gracious.

The cramped quarters they have to work in would drive most of us crazy, but they utilize their space as well as they can, and don't complain.

Recently, I mailed a package to my daughter on which they had made a mistake on the postage they had quoted me, as it was right after the rates had changed. One of the ladies went ahead and added the postage for me, and then sent me a note about it, so I could pay the amount the next time I came in. Where else could this possibly happen?

After being exposed to surliness and inefficiency in larger post office branches, even though most of them are overstaffed, I can't help appreciating and admiring these busy, cheerful women who run our branch, and would like to thank them publicly for all they do for us.

Lois N. Winkler,
1339 Graydon road,

Sherwood's Loss Tightens Race

Grosse Pointe's Sherwood Forest hockey club and last year's all Ontario champions, the Petrolia Jets, squared off Saturday, January 31, and Petrolia proved why they are number one with a big 9-5 win.

Sherwood played a strong game, holding Petrolia to a 2-2 tie at the end of one period and 3-3 at the end of two.

Petrolia blew the game open midway through the final period. With the score tied 5-5, Doug Zonneville, who last season played with the Thunder Bay Chiefs,

blasted in four straight goals to give Petrolia the victory.

The win puts Petrolia one game out of first place while Sherwood hangs on to sixth place and the last playoff spot.

Goal scorers for Sherwood were Mike Stecko, Fred Springer, Dwight Thomas, Rich Nadon and Joe Gerbe. Sherwood will host first place Dresden, Ont., Saturday, February 7, at 4:30 p.m. at the Grosse Pointe Community Rink.

The playoffs start Monday, February 9. Dates, times and teams will be announced later.

Austin Drops into Second

By Paul T. Denis

The Friars dropped to second place in the A-East division with a 52-49 defeat at the hands of East Catholic, Friday, January 30. East Catholic is now tied for first place with Saint Clements.

Austin and Pontiac Catholic are tied for second.

The top two teams at the end of the season will participate in the playoffs.

Austin played well despite being outplayed by the tall East Catholic squad. Two East Catholic players scored in double figures to offset Phil Colletti's 21 point effort.

The J V Friars handed East Catholic its first loss of the season, 62-57. Mark Van-

Sile, the team's leading scorer, led the way with 20 points. Bob Conway had 16 points, Jeff Neidermeier, 12, and Lionel Goeder added 10 to round out the well balanced attack.

Austin has two league games remaining. The next one is against Holy Redeemer on Friday, February 6, at 8 p.m.

Center Slates Concert, Film

The War Memorial has reserved its ballroom Friday, February 6, from 8:11-30 p.m. for all Pointe students in grades 9-12 of public, private and parochial high schools and preparatory schools for a night of rock.

The band "Superglide" will play in concert and for dancing.

As a special added attraction, those attending the concert-dance also will be admitted to a free showing of the movie, "Where's Poppa?"

Admission to the dance is \$2 in advance until 6 p.m. and 50 cents more at the door.

What Goes On at Your Library

By Arthur M. Woodford
Chief of Central Library

One item of fiction that has had a resurgence in the last year is the novel set during the Second World War. This week I would like to review for you several of these novels recently purchased by your Grosse Pointe Public Libraries.

Of the 40,000 men who went to sea in German submarines during World War II, only 10,000 survived. Lothar-Gunther Buckheim was one of them and his story is entitled THE BOAT, (Knopf).

The book begins with the sailors' drunken escapism the night before the U-Boat puts to sea, and ends when, after having stalked and been stalked in return by the enemy, they make an incredible return trip to their home base. The tension and excitement build so strongly that you soon are reading about very young, very vulnerable men and what war does to them, without any thought that they were "the enemy." The last two sentences of this outstanding novel are as devastating as any in recent fiction.

This book caused considerable debate in Germany where it was a best seller prior to its translation and publication in the United States.

What TIGER TEN, (Putnam), by William Blankenship, a story of the early months of the war, may lack in subtlety, it makes up for in action.

The Japanese have overrun most of Southeast Asia, but Burma, with the aid of Chennault's Flying Tigers, is still holding out. Riley Stone of the Tigers accepts the one million pounds offered by the British to anyone who will steal one of Japan's awesome new fighter planes.

Accompanied on his mission by a fellow-Tiger, an American woman journalist and a Burmese partisan called Maung Dan, he infiltrates the jungle behind Japanese lines and finds himself involved in a rich tangle of adventures. Riley, Maung Dan and a giant Japanese general are the most interesting characters in an exciting tale that keeps close to the way things actually happened.

THE EAGLE HAS LANDED, (Holt), by Jack Higgins is a novel with a tantalizing plot that probably never was, but just might have been, and so plausibly does Mr. Higgins put it all together that the reader can't wait to see what will happen next.

A writer stumbles on a mysterious gravestone in a churchyard in Norfolk, England, recording the death and burial of 14 German paratroopers who landed on British soil in 1943. What unfolds is the story behind a dramatic attempt to kidnap Winston Churchill. The story builds to a confrontation of terror that none of the participants had anticipated.

This is for the reader who has enjoyed the writings of Frederick Forsyth and Alistair MacLean.

Douglas Reeman continues to prove his mastery of the modern sea story in WINGED ESCORT, (Putnam), an exciting tale of naval and aerial combat during World War II.

Tim Rowan is a naval pilot attached to "HMS Growler," a makeshift, wooden-decked escort carrier of the type that significantly contributed to the defeat of Hitler's navy in the latter part of the war.

"Growler" has been assigned to help protect a vital convoy on its way to Russia, and the story crackles with action as Rowan and his brother airman fight off enemy subs and fighter planes and make a daring diversionary attack on an oil tanker.

Rowan's admiral, a megalomaniac, later leads his fleet into reckless action in the Indian Ocean. There the Japanese, sensing the hour of their defeat, have resorted to "kamikaze" tactics.

Credible characters are woven into a realistic narrative brimming with the drama and horrors of modern warfare.

War story buffs should relish THE LAST DOG FIGHT, (Houghton Mifflin), by Martin Caidin for its authenticity alone — the scenes of aerial combat, camaraderie between men, the insights into military strategy. There also is a taut story dealing with two modern warriors, each committed to victory, yet respectful of an opponent's valor.

It's 1944 and U.S. forces have bypassed enemy-held archipelagos on their way to Japan. On one such "backyard" island chain Shiguro Tanimoto, a Zero pilot who's notched 17 kills, leads a beleaguered squadron. On the American side is Captain Ross. This man's bravado inspires awe, but once on the ground he wears "a no trespass sign on his psyche."

The pair skirmish in general engagements between their forces, but then they square off, like acers of 30 years before, in a crunching winner — take-all duel, "the last dogfight."

Vietnam Bonus Moving Along

More than \$160 million has been paid to 360,000 eligible Michigan Vietnam Era Veterans and qualified survivors since funds became available last February.

Capt. Michael J. Rice, director of the Bonus Section, (a division of the Michigan Department of Military Affairs), announced the section has surmounted the initial deluge of applications and the resulting backlog of claims.

Applications sent in now are being processed for payment within three to four weeks, providing there are no irregularities.

Capt. Rice urges the estimated 40,000 Vietnam Era Veterans who have not yet applied for their bonuses to do so without further delay. "We're compelled to keep our employee strength in line with claim volume, and we're hopeful that those veterans who have not filed will do so soon before the decreasing work load necessitates further reductions in our staff."

He further stated that conservative estimates place the unclaimed bonuses in excess of \$18 million.

A veteran did not have to participate directly in the Vietnam conflict to be eligible for the bonus.

The basic qualifications are:

- Discharge under honorable conditions.
- At least 190 days active duty service between January 1, 1961-September 1, 1973.
- Must have been a resident of Michigan for at least six months prior to entering active military service.

Eligible applicants are entitled to draw a bonus of \$15 for each month of service up to a maximum of \$450. Veterans eligible to wear the Vietnam Service Medal or the Armed Forces Expeditionary Medal are entitled to receive a flat rate \$600 cash bonus.

Eligible next-of-kin are entitled to receive the same bonus that the respective deceased veteran or veteran listed as missing-in-action would have received.

Application requests for Veterans, (V-1), and Next-of-Kin, (Form V-2), will be filled by writing the Michigan Vietnam Veteran Era Bonus Section, Department of Military Affairs, P.O. Box 1500, Lansing 48904.

The tennis-bridge-buffet that was so successful last year is being repeated by the Detroit Wellesly Club this Valentine's Day.

It begins at 6:30 o'clock Saturday, February 14, at the Grosse Pointe Hunt Club, where four sets of mixed doubles will play simultaneously, partners changing on the half hour. The player who wins most games in each flight gets the prize.

Last year's "stars" were Frank Huster, Marianna DalSanto, Fran Krustufek and Phyllis Solberg.

Non-racquet-wielders and those waiting for or finished with the courts can play duplicate bridge in GPHC's upstairs lounge. Kibitzers are welcome. Duplicate boards will be arranged to facilitate play, and winners will be recognized.

Connie and Bill Griffith took home last year's bridge trophy.

Buffet dinner service is scheduled from 8:30 to 10 o'clock. Mrs. Robert C. Everett, of Woodland Shores drive, (884-1024), is chairman of the evening, open to anyone at \$10 per tennis playing person, \$7.50 per bridge player-diner-kibitzer.

Double 'Openings' To Benefit Museum

Shopping Center First-Nighters Will Enjoy Everything from a Musical Parade of Fashions to An Ice Show

Two of the largest shopping center openings ever staged in the United States to benefit a museum are scheduled for Saturday, February 28, in Dearborn, and Monday, March 1, in Sterling Heights.

They're the brainchildren of Harold O. Love, of Lochmoor boulevard, general benefit chairman for the Founders Society Detroit Institute of Arts, who is establishing a 400-member metropolitan area committee to publicize both events, sell advance discount tickets and manage ticket donations at the door.

Advance contribution tickets at \$10 per person are available now at the Art Institute Ticket Office. Fairlane Town center in Dearborn is scheduled for the Saturday, February 28, premiere; Sterling Heights' Lakeside Center for the Monday, March 1, one.

First-nighters at both will be entertained by what is believed to be the biggest cast of talent ever assembled for a benefit show in metropolitan Detroit.

There'll be a 45-minute musical fashion show, "You The Night and The Music," featuring mannequins in motion and name designers. There'll be an ice ballet, a concert by Dearborn or Warren Symphony members and an exhibition of public sculpture commissioned for the Taubman Company's shopping developments.

There'll be evening-long dancing to music by Austin Moro's big band, and entertainment by three other musical groups in different locations of the multi-level, enclosed centers.

Complimentary hors d'oeuvres and cash bars will be available. Parking outside the centers numbers 11,000 spaces at Fairlane, 8,000 at Lakeside.

Beneficiary is the Founders Society Detroit Institute of Arts, the 91-year-old public membership group which founded the museum, purchases all its art and finances its special exhibitions, education programs, publications and general services.

Hair Issue Settled; Beauticians Can Cut Men's Locks

Reprinted from the Detroit Free Press.

LANSING (AP) — The state Court of Appeals declared Tuesday that cosmetologists have the right to cut the hair of both men and women.

The appeals court said there is no chemical or material difference between male and female hair and that the training of beauty shop operators to cut and style women's hair equips them to do the same for men.

The ruling ends a two-year jurisdictional war between Michigan barbers and cosmetologists and puts them officially in head-to-head competition for customers. Most hairstyling salons for men, which em-

ploied licensed cosmetologists rather than barbers, actually have operated in violation of state law while local officials turned their heads, court sources said. The salons opened when long hair became fashionable.

The appeals court held that a state law allowing barbers to cut the hair of both men and women but restricting cosmetologists to work only on women's hair was an unconstitutional infringement on the rights of equal protection and due process.

The law is "not only anachronistic but unreasonable and

unconstitutional," the court said. It said it did not consider the case one of sexual discrimination as far as barbers and cosmetologists were concerned.

SIMILAR laws in eight other states also have been declared unconstitutional, the court said, adding:

"All hair is created equal — organically and chemically — according to the unanimous trial testimony. Thus, no difference exists between the hair of males and females which would render one qualified to cut women's hair unqualified to cut men's hair."

Above left, Miss Beverly of The Bart Edmond Hairdressing Salon, styles Roy Spiza. Roy is a major in journalism in the 12th grade at Grosse Pointe North. Roy's styling design can be adapted for either a straight or curly look. Above right, Miss Nora of the Bart Edmond Salon styles Jack Coury, Senior at Grosse Pointe North. Nora explained to Jack the restructuring and conditioning of hair before she cuts and blow dries. Nora prefers using a round brush in this technique. Bart Edmond, commented that styles are eye-catching. The boys enjoyed their new hair design as you can see by their happy expressions. The Edmond Salon is located at 21316 Mack Ave., Grosse Pointe Woods, between 8 and 9 Mile rd. Telephone 886-6060.

Guidance Center To Issue 'Gazette'

'Volunteerism' Is Theme of Year's Issue; Ads Geared to Raising Funds for Mental Health Facility

Inflation. Recession. High unemployment. We are aware that these are key economic problems faced by our metropolitan area, but we can sometimes forget they can become mental health problems as well.

The unemployed man doubts his self-worth. The financially pinched family worries and quarrels. The unemployed teenager is angry and frustrated. To prevent these emotional reactions from producing real personal and social crises, professional counseling is frequently needed. In our community that often means the Northeast Guidance Center.

The Center, a community mental health agency serving northeast Detroit, Har-

per Woods and the Grosse Pointes, is the beneficiary of a current fund-raising effort by the Assistance League to the Center. On Wednesday, February 25, the Assistance League will publish the "Guidance Gazette," as a supplement to the NEWS, which will tell the Northeast Guidance Center story and contains ads placed by local businesses and individuals.

Volunteerism is the theme of the "Gazette" this year, with Assistance League members writing stories about the ways in which Guidance Center programs use volunteers to accomplish mental health goals.

Writers for this year's edition include Susanne DeSorano, Barbara Ferry, Barbara Jay, Marion Lisotto, Jane Marshall, Diane Sim-

mons, Marilyn Wheeler and Judy Cox, working under the direction of editorial chairman Flo Kliber. Art work is by Judy Sieber and Ann Droste.

Members of the League are selling ads in the "Gazette" to members of the business community. Directing the effort are Sidney Burrows as advertising chairman and Toni Stewart as project business manager.

Both display and courtesy ads are offered at a range of prices, as well as business patron status, for \$25.

Although Assistance League and salesladies are attempting to contact all area businesses, any businessman who is not contacted can place an ad by calling Mrs. Jackson at 824-8000.

The D. L. Duchenes, Jr.

ANNE WILLIAMS, daughter of MR. and MRS. JOHN WILLIAMS, of Merriweather road, has been elected to one of the Trustees Committee-Educational Programs at Wheaton College, where she is a senior.

CHERYL HEXHAM, of Willison road, is now a member of the Ferris State College Alpha Nu Chapter of Phi Gamma Nu national professional sorority in Business.

Among 55 Michigan State University students admitted to the Honors College fall term were Grosse Pointe South High School graduate PRISCILLA SPENCER, a MSU junior majoring in Dietetics, daughter of the DONALD SPENCERS, of Trombley road, and Grosse Pointe North High School graduate ERICH GRAHAM, a sophomore Accounting major, son of the ERICH GRAHAMS, of Severn road.

Duchene-Malik Vows Exchanged

Pair Are at Home in Mount Clemens; They Vacation in Florida, on Longboat Key, After Autumn Nuptials

A scoop-necked gown of ivory satin trimmed in Alencon lace was Yvonne Marie Malik's choice for her Friday, October 24, wedding in Our Lady Star of the Sea Church to Donald Lawrence Duchene, Jr.

A jeweled lace cap caught her cathedral length double ivory English illusion veil. She carried an arrangement of white Sweetheart roses and baby's-breath, centered with two white cymbidium orchids.

The former Miss Malik is the daughter of Mr. and Mrs. George J. Malik, of Beaconsfield avenue, Detroit. Mr. Duchene is the son of Mr. and Mrs. Donald L. Duchene, of Ballantyne road.

The 5 o'clock rites, The Reverend Ralph V. Barton presiding, were followed by a reception at Hillcrest Country Club, after which the newlyweds left to vacation on

Longboat Key, Fla.

They are making their home in Mount Clemens.

Honor maids Linda M. Martin and Deborah T. Stelzer wore sleeveless, A-line frocks of rust crepe, with matching, long-sleeved jackets.

Bridesmaids Janice Malik, the bride's cousin, Barbara Duchene, the bridegroom's sister, and Kristina and Lisa Linford, two other cousins of the bride, were dressed identically in apricot crepe.

They carried baskets filled with orange Sweetheart roses, carnations and baby's-breath.

Best man was William Tetro. In the usher corps were Kenneth MacLeod, Michael Duchene, the bridegroom's cousin, Michael Cicci, Dwight Zuetermause and Jameson Malik, brother of the bride.

Flower girl was Jill Sine. Ring bearer was Christopher Moeck, the bride's cousin.

Mrs. Malik chose a long-sleeved, high-necked gown of pink brocade for her daughter's wedding. The bridegroom's mother selected lime green chiffon, also high-necked and long-sleeved. Two white cymbidium orchids formed each mother's wrist corsage.

J. R. Johnson Claims Bride

James Richard Johnson, son of the Richard H. Johnsons, of Lincoln road, claimed Anne Bartholomeo, daughter of the John W. Bartholomeos, of Norristown, Pa., as his bride Saturday, January 24, in Saint Francis of Assisi Church, Norristown.

The 5:30 o'clock rites at which The Reverend James W. Donlon presided were followed by a reception at the Bell Tower, Center Square, Pa.

The newlyweds will return from a skiing trip to Elk Mountain in the Poconos to reside in West Chester, Pa., where the bridegroom, a Grosse Pointe South High School graduate who holds a Bachelor of Science degree in Mechanical Engineering from Michigan Technological University, has been making his home.

He is employed by the Westinghouse Electric Corporation.

The bride, graduated from

Chestnut Hill in Philadelphia, obtained her Masters degree from Villanova. She teaches at Methacton High School, Fairview Village, Pa.

For her marriage, the former Miss Bartholomeo chose a white peau de soie gown, princess style and fashioned with a jewel neckline and long sleeves.

A narrow gold crown held her full length French illusion veil. She carried an arrangement of white carnations and pink and white roses.

She was attended by Elizabeth Sue Johnson, the bridegroom's sister, in an Empire-waisted peacock blue gown styled with long, full chiffon sleeves, carrying a cascade of blue rose carnations.

Best man was Philip Bartholomeo, brother of the bride. Ushering were John T. Bartholomeo, another brother, and Charles H. Nicholl, the bridegroom's brother-in-law.

The bride's mother wore a long, shocking pink velvet suit, the bridegroom's mother a pearl-accented, floor length aqua shirtwaist.

Museum Benefit

(Continued from Page 15)

Last summer, the DIA was closed for the first time in its 90-year history. While huge crowds visited the magnificent Russian Masters loan sponsored by the Founders Society, most of the museum's 101 galleries were dark to the public.

The problem is, of course, money — so while the DIA's friends, including the State of Michigan, are rallying to help the Art Institute stay fully open, the Founders are seeking private support from the broadest possible base.

The public is invited to attend either evening, (7:30 o'clock to midnight at Fairlane; 8 to midnight at Lakeside), via a \$12.50 per person contribution at the door.

"If the opening night extravaganzas are attended by only 10,000 couples," Mr. Love says, "the museum will benefit by more than \$200,000."

"That money will enable the Art Institute to continue its cultural services to an expanding Michigan audience. The shopping centers want to keep the museum bright

and beautiful."

Mrs. Love is working with Mr. Love on the benefit. So is W. Hawkins Ferry, of Lakeshore road. So are The Honorable G. Mennen Williams, Michigan Supreme Court Justice, and Mrs. Williams, of Tonnancour place.

Mr. and Mrs. Ralph T. McElvenny and Mr. and Mrs. Alexander R. Wrigley are chairmen and co-chairmen of the Grosse Pointe area executive committee, which includes Mr. and Mrs. Warren S. Wilkinson, Mr. and Mrs. Norman L. Bird, Mr. and Mrs. Charles M. Endicott, Mr. and Mrs. James R. Doll, Mr. and Mrs. Louis A. Rossetti, Mr. and Mrs. William W. Cunningham and Mr. and Mrs. Joseph L. Hudson.

Meeting Today For Fox Creek

Karen (Mrs. James) Berschlag, of Hunt Club drive, took her Pledge Ritual, officially becoming a member of the chapter at a meeting yesterday, February 4, in the Harbor Hill home of Lori (Mrs. Robert) Dolson.

Presenting the evening's program, "Never Underestimate the Power of a Woman," were Ruth (Mrs. Robert) MacKay, of New Baltimore, and Marge (Mrs. Donald) Parsons, of Roslyn road.

Exemplar members of Iota Mu Chapter were invited to join the Xi Alpha Omegas at yesterday's meeting. Refreshments were served.

Lusky-McIntyre Rites Celebrated

Pair Are at Home in Dallas, Tex., After Evening Rites at Grosse Pointe Memorial Church and Reception in The Fries Ballroom

At home in Dallas, Tex., are Mr. and Mrs. Stephen Leo Luskys, who exchanged marriage vows in Grosse Pointe Memorial Church Saturday evening, December 27, at a 7 o'clock ceremony with The Reverend John L. McCreight presiding.

Mrs. Luskys is the former Jean Edith McIntyre, daughter of the William McIntyres, of Kercheval Avenue.

Mr. Luskys is the son of the Francis J. Luskys, of Edison, N. J.

Following a reception at the War Memorial's Fries Ballroom, the couple vacationed in the southern states.

Alencon lace and pearl beading trimmed the bride's hood and floor length ivory empire-waist jersey gown. A short train fell from the

gown's yoke. The bride carried a nosegay of holly, ivory roses and baby's breath.

She was attended by Jody Ungerleider, of Ann Arbor, and Wendy Hubbell, of Alameda, N. Mex., both in Burgundy Qiana, front-pannelled gowns designed by the bride. They carried nosegays of holly, pink carnations and baby's breath.

Sanjay Panditji, of Nagpur, India, served as best man, with Walter Spiller, of Ann Arbor, the bride's brother, David, and the groom's brother, Michael, assisting.

Mrs. McIntyre chose a floor-length dress of wool and silk with a fitted jacket, accented with jewel buttons and a corsage of burgundy sweetheart roses and pink carnations for her daughter's wedding. The bridegroom's mother accented her silver, v-neck floor-length gown with a band of pink and burgundy flowers and carried a corsage of burgundy sweetheart roses. The bridegroom will work for Texas Instruments in Dallas.

Let's Talk Real Estate

by John E. Brink

How do you sell a home? One of the most important points about selling a home is finding a price that is relatively realistic for the home you wish to place on the market. In this regard, do not rely on your neighbors or on rumor for an estimate of the value of your property. Your best bet is to find a really good real estate professional like us, and let us take care of this tough job for you. We will be able to show you why the price you set for your property is fair. We will give you information on comparable homes in your area. You will be happy that you did.

GROSSE POINTE REAL ESTATE CO., 20087 Mack Ave., Grosse Pointe Woods, 882-0087 has an opening for our staff for a mature individual with a keen desire to learn the real estate profession. This is a challenging opportunity for the person willing to put in the long hours of work and study necessary to become a respected member of our sales staff. Hours: Mon.-Sat. 9-5, Sun. noon-5, 24 hour answering service.

DID YOU KNOW?

That the term "alienation" in real estate means simply the transfer of property from one person to another.

by Fred Seltzer R.Ph. THE PARK PHARMACY Footnotes

Hormones are produced by the body in pretty small doses, but the smallest amount of a given hormone can have an extensive effect. Hormone preparations are generally considered most appropriately prescribed by doctors. Why? The extreme potency of these substances, combined with gaps in our knowledge as to their total effect, makes it necessary to use all hormones with some caution. It is really advisable not to use hormone preparations except on the advice of your physician. If used improperly hormones can do great harm.

When your doctor prescribes medication for you, bring the prescription to THE PARK PHARMACY, 15321 E. Jefferson, Grosse Pointe Park, for personalized professional service. A registered pharmacist is always on duty to take care of your prescription needs and will be happy to answer any questions concerning your medication. We also offer free prescription delivery and keep complete "patient profile" records to further insure the safety of each prescription. At PARK PHARMACY, you'll also find a complete selection. We are open 7 days a week, (Sundays from 10 A.M. until 3 P.M.).

Library Offers Family Films

The Grosse Pointe Public Library will feature three films Thursday, February 18, as part of their Family Film Night series in the exhibition room of the Central Library, 10 Kercheval avenue. The presentation begins at 7:30 p.m.

One film is the "Voyage of the Brigantine Yankee"—a 50-minute presentation about Irving Johnson and his wife as they transform a crew of college students into a crew of sailors on an around-the-world voyage, providing a life style different from the one they usually lead.

"A Zoo and You" is a 13-minute presentation about the Calgary Natural History Park, while "An American Time Capsule" is a three-minute film on American history.

Thieves Enter Woods Home

Someone entered a sliding glass door of a Van K road residence and took several articles, including a portable black and white television set and a clock-radio, said Woods police.

In the incident, which was reported Friday evening, January 23, an antique box telephone, 14-15 bottles of liquor, six stemmed cordial glasses and possibly a pillow case and toilet paper also were taken. All the items are of unknown value.

The complainant said the home was vacant between 9:30 a.m. and 11:25 p.m. on that day.

Youths to Face Juvenile Court

The Youth Service Division has filed petitions with Wayne County Juvenile Court charging a 15-year-old Woods lane boy and a 16-year-old East Ida lane youth with illegal entry based upon the suspects' alleged involvement in breaking into a Hawthorne road home on Friday, January 23.

Youth Service Division Det. Wayne Baum talked with both juveniles on Tuesday, January 27, and the pair admitted entering the home without permission. Both also said they drank some beer while in the residence.

Nothing was reported missing during the incident.

Fire Losses Up in Shores

The Shores Council on Tuesday, January 2, received and placed on file the public safety department's annual fire report, submitted by Lt. Charles Wenrich, Village fire marshal, and approved by Chief Joseph Vitale.

The report revealed fire losses in The Shores during 1975 amounted to a total of \$47,847. This included damages to dwellings and their contents, miscellaneous buildings and four autos. In 1974, total losses were \$39,259.28.

The fire loss to dwellings amounted to \$17,442.67; contents, \$15,589.17; miscellaneous buildings, (garages, etc.), \$14,015; and car fires, \$800.25.

The lieutenant's report showed the public safety department responded to 24 actual alarms and 15 false alarms.

In all, the department answered a total of 60 calls, including extended and stand by under the Mutual Fire Aid Pact between the five Pointes and Harper Woods.

Grand Marais Club to Meet

The Grand Marais Garden Club will meet Monday, February 9, for a noon luncheon at the Fontana lane home of Mrs. Ellsworth Allison whose co-hostesses are Mrs. J. Ross Bush and Mrs. John R. Squire.

Following a business session, guest speaker Miss Agnes Crow will give a program on "Operation Green Thumb."

Tim, who coaches the Grosse Pointe Swim Club age group swimmers as well as the Masters group, won first places in the 100-yard individual medley, the 100 and 200-yard backstroke events and was second in the 50-yard butterfly.

Carolyn DeLuca, who ranks in the national top 10 in eight individual events and four relays, turned in another strong performance with firsts in the 50-yard freestyle and the 50-yard butterfly, and a second in the 100-yard freestyle while swimming the butterfly.

Wally Schmitt, in the 25-29 year age group, kept pace with firsts in the 100- and 200-yard freestyle events and was second in the 50 free. DR. AND MRS. ROBERT SILLERY AND THEIR DAUGHTERS, DENISE AND SUZANNE OF LAKELAND AVENUE

By Tom Greenwood

"When it comes to horses, there are two types of people. Those who look at them, and those who get on them. I look at them." This was made abundantly clear to the horse-happy family of Dr. Robert Sillery, of Lakeland Avenue, before I went to interview them.

The Sillery family consists of Dr. Sillery, a pathologist; his wife Suzanne, who looks and talks like a Moroccan Zsa Zsa Gabor; number one daughter Suzanne, 23, a Fine Arts major, (painting), at the Center for Creative Studies; and another daughter, Denise, 20, Criminal Justice major at Michigan State University.

There are also two Sillery sons, Charles, 25, and Paul, 19, who weren't at home.

Have Whole Menagerie

Rounding out the Sillery house hold is a menagerie of animals filling every category from hobby to just plain pets. Would you believe they own nine horses, three cats, an aquarium of fish, a friendly poodle name Bridgette and surly parrot named Shadrack? Shadrack—I hope—asked if there were a Meshach and an Abednego skulking around the house, but received only a giggle and a negative reply.

Being profoundly ignorant of the wily ways of Equus caballus, (horses), I asked them to tell me about the large, solid-hoofed, herbivorous quadrupeds they owned.

BOOM! The air was immediately filled with descriptions of five-gaited, three-gaited, world champion and world reserve champion horses owned by the Sillerys since Suzanne was nine and Denise seven.

Receiving lots of information, but not understanding it, I finally brought the conversation to a halt by yelling "Whoa." Being part of the horse set, I figured they'd understand this. I was correct.

It was then I learned that a five-gaited horse is really a three-gaited horse that learned two man-made gaits: the slow gait and the rack. The three natural gaits are walk, trot and canter.

Knows What She Means

"Canter," you mean gallop," I said, wanting to show I wasn't completely dumb. "No I mean canter," said Denise, "if you gallop in the ring, you'll lose the competition. When your horse gallops, it tells the judges you've lost control of the animal."

Gradually I learned that presenting show horses in the ring is a very controlled sport. Dr. Sillery drives road horses. It looks like harness racing, except you don't race. The animals are judged on speed, grace, quality of horse, form and control.

Wearing the Sillery "barn colors" of green and gray, the doctor sits in a sulky-type vehicle and drives around a ring before the judges.

The girls, (mom doesn't ride), sit astride their horses, also in colors, and parade around the ring.

Apparently the Sillerys are pretty good at parading, since Denise is the current Ladies Three Gaited-15-2 and Under World Champion. The 15-2 denotes how many hands high the horse stands. "It was a very nervous, half-crying, half-laughing feeling to win like that," she said. "I was taking a victory ride around the circle, spotlights were on me and I was on TV. Horses and horse shows are very big in Kentucky."

Kentucky is where the Sillerys keep six of their nine horses. The other three are pleasure horses, kept in Mount Clemens for recreation only.

The six show horses are stabled in the Don Judd Stables, in Louisville, where the World Championships are held every year. "Usually, the third week in August," said Suzanne.

While riding in the show ring is the ultimate thrill, the real enjoyment of the sport comes at another time for the girls. Early in the a.m., as a matter of fact.

As They Really Are

"We love going to the stables early in the morning," said Sue. "That's when you see the horses as they really are. They're not all made up for the ring like during the championships. You get to see the real horse during the quiet dawn hours. They're just like athletes, and it's beautiful to watch them working out."

"Horses are just like people," said Denise. "They have different temperaments, likes and dislikes."

"I hate studs," she went on. "You can't trust them. They're unpredictable and you learn never to relax with them. I never go in the stalls with them, and ladies can't ride studs. Only amateurs can."

I was at a loss for words till I realized she was still talking about horses. A stud and a stallion are the same thing, much to my relief.

Shifting the spotlight to Mrs. Sillery, I found out she is originally from Marakesh, in Morocco. She was visiting the U.S. when she met her husband-to-be. While at

the top of the Statue of Liberty she was stricken with appendicitis and was taken by the Coast Guard to the Staten Island Marine Hospital.

Guess who was working there and who cured her? Being a real operator, Dr. Sillery and his patient fell in love and married. Just your average boy meets girl romance.

They first lived in New Orleans, then moved to the Pointe 23 years ago. Mrs. Sillery takes an active part in community affairs and is currently co-chairman of the Opera, a member of the Detroit Institute of Arts Foundation Society, the South High School Mothers Club and the Alliance Francaise de Grosse Pointe, and is on the board of the French Festival.

They Keep Her Busy

She also helped with the planning of the French Room recently opened at Wayne State University. Just a few things to keep her busy.

One thing that doesn't keep her busy is riding the family horses. "Too dangerous," she said with a smile. "They make me nervous."

"You expect to get hurt working around horses," said Suzanne. "Everyone gets thrown by, stepped on and bitten by horses if they stay around them enough."

Actually, what Suzanne should do is stick with horses and stay away from bicycles. She broke her hip while riding her bike on Kercheval last summer. "I swerved to avoid hitting another bike and fell on my hip," said Suzanne, with a rueful smile.

"It didn't hurt much and I tried to ride home, but I finally had to call my dad to come and get me."

Suzanne was kept in traction for the weekend ("that definitely hurt," she said), and on Monday, a five-inch-long pin was inserted in her hip.

"The pin wasn't too bad at first," she said, "but it later got painful when I rode in different competitions." I jokingly asked if she had trouble at airports, and surprisingly she said she did.

"It was always funny when it happened. After I got rid of the metal I was carrying, they would finally guess I had a pin somewhere and let me go through."

"The pin has since been removed. My dad plans to have it mounted and hung on the wall."

The pin might have some trouble finding room on the walls of the Sillery home. All are filled with pictures, portraits and photographs of the Sillery family and their prize-winning horses.

JOHN PINGEL, of Peach Tree Lane, received the Distinguished Community Citizen Award at the sixth annual Metropolitan Detroit Chapter March of Dimes Sports Award Dinner held January 14 at Raleigh House. Mr. Pingel, a former All-American Michigan State football player and member of the Detroit Lions, was elected to the National Football Hall of Fame in 1968 and the Michigan Sports Hall of Fame in 1973. President of Ross Roy Advertising, he is currently vice-chairman of the Greater Detroit Chamber of Commerce and serves on several committees within the community, including a directorship of Project Hope.

MONICA A. MULLINS, daughter of MR. and MRS. BERNARD F. MULLINS, of Bishop road, has been elected to the Student Senate of Lake Superior State College, Sault Ste. Marie, for the College of Arts and Social Sciences, Monica, an Our Lady Star of the Sea High School graduate, is majoring in Sociology and expects to receive her degree from LSSC in the spring. She is a member of the Association of Women and Men Students, Circle K, the Newman Center and WLKR, the College's radio station, has been on the Dean's List for more than two years and is frequently involved in community activities.

Enrolled at Pine Manor Junior College, which elected ROSEMARY ASHBY president effectively January 1, are KIMBERLY FRUEHAUF, daughter of MR. and MRS. H. R. of the house, Mrs. Sillery and I passed through a formal dining room. There on an immense table were enough silver plates to fill an army mess hall. At first I thought it was dinnerware, but it was actually a fraction of the awards the family has won at horse shows.

If Dr. Sillery were a dentist, he could have filled about 25,000 cavities with the metal sitting on the dining room table.

Actually, Dr. Sillery is a forensic pathologist who works out of his laboratory in St. Clair Shores. Although he does private work now for families, insurance companies and lawyers, he was once in great demand by police departments in helping to solve crimes.

One of his most notable cases involved the deaths of three young black men at the Algiers Motel during the Detroit riot in 1967. His testimony was published in the book "The Algiers Motel Incident" by John Hersey.

"I thought the book was poorly done," said Dr. Sillery. "It was too disjointed. Not at all in chronological order. They allowed in too much hearsay evidence and gossip information. Not enough factual details were

Auditorium after which Mrs. Joseph Watson, Jr., Division president, will hold a "town meeting" for all members.

Then comes luncheon, and post-luncheon the real fun begins. Fran Parcells has agreed to show her exquisite flower slides, taking the Grosse Pointe Garden Center's War Memorial Trial Gardens through a whole year: ice to midsummer to snowfall again.

When the lights go up in Fries Auditorium, the Forresters come on. They're Grosse Pointe's own banjo-playing family, and they're fantastic!

In charge of hostesses for the day is Mrs. Orville T. Thompson. Decorations chairman is Mrs. Wilbur H. Mack. Tickets are the responsibility of Mrs. Richard Durant. Mrs. Crawford Frost is handling publicity.

All these ladies are members of WNF&GA's Grosse Pointe Branch, "granny" to the four local branches, including Windmill Pointe, Shores and Grand Marais Garden Clubs.

For many years, the Grosse Pointe Branch provided a corps of marvelous women — the Mesdames Standish Backus, Henry P. Williams, Lynn McNaughton and Alvan Macauley, to name a few — for state and national positions.

Still active among the Grosse Pointe Branch's 100 members is Mrs. Frederick W. Campbell, very first Branch president way back in 1931. Miss Marie Louise Anderson who, with her mother, was present at the "burning" of the Branch, has held offices from the first year until now.

The War Memorial's beautiful Fries auditorium was a gift of Ernestine Fries, another longtime member.

of milk carts." Besides an interest in horses, Dr. Sillery is also interested in horsepower. The type found under the hood of sports cars. "I own a Jaguar and an MG. I like to tinker with the engines."

The ultimate dream of the Sillery family—father, mother and daughters, is to own and operate their own stable down in Kentucky. "We're keeping our eyes open for a stable around Louisville," said Dr. Sillery, "but things are so expensive now."

"Maybe someday," he added wistfully.

Until someday comes, the Sillerys can often be seen riding their bicycles around Grosse Pointe, or pictured riding their prize winning horses in equestrian magazines throughout the country.

When it comes to having fun, the Sillery family definitely horses around.
