Thursday, March 25
PRESIDENT FORD announced Wednesday a \$135 million plan to vaccinate every American against a deadly flu virus by next November. The virus is believed to be of the same strain that killed 500,000 Americans and 20 million persons throughout the world in 1918. Ford emphasized no one could as yet determine the extent of the threat posed by the strain of flu known as swine influenza, which could become epidemic in America next fall. If Congress provides the money he seeks to produce the vaccine, Ford said, flu shots would be available in schools, hospitals, doctors' offices and public health facilities.

Friday, March 26
PRESIDENT FORD Thursday decided to lift a 20-year boycott against military trade with Egypt and sell the country six C-130 transport planes. Congress has 20 days to veto the estimated \$40 million cash sale, which has been opposed by leading American Jewish groups and the Israeli government. The sale includes training for Egyptian airmen in U.S. military schools and was approved by the President under provisions of the Foreign Military Sale Act.

Saturday, March 27
ARGENTINA'S NEW MILITARY government won U.S. recognition and a \$127.5 million International Monetary Fund (IMF) loan Friday. The three-man military junta which seized power Wednesday announced that Army Commander Lt. Gen. Jorge R. Videla would be inaugurated as president Monday. There were new arrests of suspected terrorists and former government officials.

Sunday, March 28
A POWERFUL BOMB exploded without warning among crowds attending an "Ideal Home" exhibition in London Saturday, injuring 85 persons. The Sunday Mirror newspaper in the northern city of Manchester said a man telephoned there and said the bombing was committed by the "Irish Brigade" of the IRA's Provisional wing. The bomb, estimated to weigh about two pounds, was planted in a wastepaper bin at the top of an escalator in the Olympia exhibition complex, jammed with 15,000 visitors. Witnesses said the bomb went off in one of the exhibition's most densely packed areas.

Monday, March 29
EARLY RESULTS of week-end voting by 400,000 teamsters indicate overwhelming authorization for a strike that could bring the nation's trucks to a halt, union officials said Sunday. Bargaining in the trucking talks was suspended late last week until Monday, but both industry and union sources are hopeful of a settlement before midnight Wednesday, when the current national master freight agreement expires. The pact covers drivers who move nearly 60 percent of the country's manufactured goods.

Tuesday, March 30
A SERIES OF TORNADOES slashed through parts of Arkansas and Mississippi Monday, killing at least 10 persons, injuring nearly 250 and trapping others in building wreckage, authorities said. Gov. David Pryor of Arkansas called out 60 members of the Arkansas National Guard to help rescue workers sift through the debris, looking for possible additional victims, and prevent looting in Cabot, about 20 miles northeast of Little Rock. In Mississippi, a tornado ripped through the center of Canton, killing at least three persons and injuring 100 in that town of 10,000 persons.

Beautification Commission Wants Council to Reconsider Proposal to Eliminate Roof Signs

By Roger A. Waha
The Woods Beautification Commission is planning to ask The Woods Council at its regular meeting Monday, April 5, to open the book on a proposed amendment to Ordinance No. 198, which would eliminate all open roof and solid roof signs in the city by January 1, 1981.

It was unanimously decided at the commission's Wednesday, March 24, meeting to "pick it up again," said Dr. Albert C. Howe, chairman, who added he wanted the council to take a more definitive stand on the proposal, (in reference to what transpired at the February 2 meeting).

At that time, the council, sitting six strong, voted 3-3 on two separate occasions—one on a substitute motion to refer the entire matter back to the committee of the whole for further study and then to approve the amendment for final adoption. When the vote for approval failed to pass by a majority, the proposal died.

May Consider Proposal
In this instance, Mayor Benjamin W. Pinkos was excused from the February session because he was out of town. His vote would have broken the tie.

In an interview Monday afternoon, March 29, Mr. (Continued on Page 2)

Low Profile Police Cars Playing Important Role In Reduction of Crime

Woods Public Safety Director Cites Advantages Of Dark Colored Vehicles in Response to Concerns Expressed by Resident; Big Drop in Criminal Activity Reported in Late 1975, Early 1976

Remember the "old" days when Woods public safety vehicles were bright red in color and their visibility was high? A resident who attends Albion College apparently does, and wrote the city to express his concern over the transition to a low profile emergency vehicle, first gray in color and now dark green.

For others who have expressed a similar apprehension over the change in color, the news, according to Public Safety Director Henry Marchand, is decidedly positive in the area of reducing crime.

The council unanimously received and placed on file the letter of concern from James V. Stuart, of Doyle court, and a reply from Director Marchand, citing the advantages of low profile police vehicles, at its regular meeting Monday, March 22.

Cites Drop in Crime
Councilwoman Joan M. Mullan said she has received similar expressions of concern from citizens on the color change and emphasized the director did an excellent job in responding to Mr. Stuart.

She cited the fact that after the transition to low profile cars, crime in the city showed a decline based upon the director's report, e.g., a drop of 36 percent in January-February 1976 under the same two-month period last year.

Feeling that the dark green color was "useless" for an emergency vehicle, Mr. Stuart said the darker color

makes the identification of such a car difficult.

"It may aid in trapping traffic violators who would normally slow down or correct any misdoings upon sighting a brightly-colored police car, but I feel this should not be the reason for the use of a common civilian vehicle color," he said.

Not Distinguishable
While indicating there may be other factors favoring such a color of which he's unaware, Mr. Stuart continued by saying if an emergency occurred and spotting a police car was deemed necessary, "then pine green is hardly a distinguishable color."

He added at least the fire trucks are still conveniently red "but then again, they're not out issuing traffic violations."

Public safety vehicles with the exception of traffic enforcement and detective vehicles have been predominantly red over the years until 1974.

By way of background on the color transition, Director Marchand said during 1974, when the department solicited bids for new patrol cars, it was learned that a dealer could bid because it

All Pointes Hope for Federal Aid

Governments Seek Reimbursement for Heavy Costs Due to Ice, Wind Storms

By Susan McDonald
Reimbursement under the Federal Disaster Relief Act is expected by all five Grosse Pointes within the next few months to help defray the staggering clean-up bills they face in the wake of the severe ice and wind storms that struck Michigan between March 2-4.

Letters of intent to apply were submitted by Pointe city officials after they met with Civil Defense directors on Thursday, March 25, in Pontiac for a briefing on funding procedures.

The local governments will be eligible for about 90 percent reimbursement for the cost of debris clearance and measures taken to insure the safety of life and property during the emergency, according to Grosse Pointe City Manager Thomas Kressbach.

Estimated Bills
This could include the cost of overtime to non-supervisory personnel in public works, police and fire departments, plus the cost of hiring independent contractors and damage to equipment.

The clean-up bills are now roughly estimated by officials at about \$35,000 for The City, well over \$40,000 for The Woods, from \$50,000 to \$80,000 for The Farms and about \$40,000 for The Park. Shores Village Superintendent Thomas Jefferis said he could not estimate the final clean-up bill to his community at this time.

These rough estimates of damage costs may be drastically modified when city administrators, with the help of Federal and State survey crews, complete their detailed accountings of the damage within the next few weeks.

Work Remains
The funds were made available when it was announced on Friday, March 19, that President Gerald Ford had signed a major disaster declaration for 29 Michigan counties which suffered an estimated \$52.8 million damage in the storm.

Besides help for local governments, the declaration also made available assistance for individuals such as Small Business Administration loans, temporary housing, disaster unemployment assistance, individual and family grants and food stamps.

Babe Ruth Loops Bid for Diamond In Park Refused

Tie Votes on Two Motions Kill Hopes of Baseball League to Have Facility Provided At Three Mile Site

By James J. Njai
A request from the Babe Ruth Baseball League that a baseball diamond be constructed at the Three Mile Drive Park, at the foot of Three Mile drive and Essex boulevard, became a dead issue following a public hearing held in The Park council chambers on Monday, March 22. One motion to deny, and another motion to construct one on a trial basis, both died when the votes tied, 3-3.

The one councilman, Clayton Alandt, who could have swung the vote either way, was in Saint John Hospital where he had undergone surgery. He's reported on his way to recovery.

The matter, first brought up at the January 12 council meeting and succeeding meetings thereafter, was initially broached by Donald Armbruster, a Babe Ruth League official, who asked the council to authorize a regulation diamond on four acres of land at the park, bordering on Grand Marais boulevard.

A petition with 1,715 signatures favoring the recreational facility was presented to the council at the January 26 session. The total cost of the diamond would be \$7,500, it was said.

Recommend Denial
The city council authorized The Park Plan Commission to study the proposal and make a recommendation.

At the March 22 session, a jammed council chambers, a majority of the audience proponents of the diamond, heard that the commission recommended a denial of the project. The entire minutes of the commission meeting were read by City Manager Robert A. Slone.

It must be said that the project was a "hot issue" and proponents and opponents presented good arguments. The members of the council admitted it was a difficult proposition to vote on, even though it was pointed out that the four acres requested for the diamond are very seldom used.

Passive Recreation
The main reason, it was pointed out further, is that on September 26, 1960, The (Continued on Page 4)

Egg Hunt Set For April 10

Kercheval in the Village is again sponsoring its popular Easter Egg Hunt on Saturday, April 10, for all Pointe children. Two thousand colorful eggs filled with candy and gift certificates will be hidden at Elworthy Field, corner of St. Clair and Waterloo.

Children six-nine-years-old search at 10 a.m. and the younger group, three-five-years-old, hunt at 11 a.m. Parents are urged to be present early as the eggs are collected by eager kids quickly.

System-Wide Bicentennial Celebration Set by Schools

By Susan McDonald
No one enjoys a birthday party like kids do, and the Bicentennial will be no exception next week when all Pointe public schools salute the nation's 200th birthday in a system-wide celebration from April 5-9.

There will be gigantic helium-balloon launchings, concerts, plays and special assemblies every day — geared to stir the patriotic impulses of every school child. "As educators we are charged with passing on the torch of liberty and culture to succeeding generations," according to North High School's Bicentennial chairman, Bob McKenna.

"This week's activities will help us do this in a relaxed, pleasant, cooperative man-

Rose Terrace Demolition Set for July

Pointe Landmark Awaits Wrecking Ball to Make Way for New Homes

By Tom Greenwood
One by one, the old Pointe landmarks are falling. First to go was the Glancy estate, followed by the Schlotman mansion, Stonehurst. Next on the agenda will be Rose Terrace, the 75-room mansion that once belonged to Anna Thomson Dodge.

If everything goes according to schedule, this building of a bygone era will be demolished on July 26 or 27, according to Dick Crawford, of the construction firm of Crawford, Etting and Bruce. Mr. Crawford's firm has been retained by Superior Lake Enterprises, the present owner of the estate, to construct and sell new homes on the present site of Rose Terrace.

Plan Auction
The demolition date was set for 45 days after the completion of an auction to be held at the mansion beginning June 5 and continuing to June 10 or 11. Gems, bronze and oriental art, oriental carpets and antiques will be auctioned off.

"By the time the wrecking ball hits it, there won't be very much of the old place left," said Mr. Crawford. "It'll just be a shell of its old self."

"It's sad to think of the home coming down. We would have taken any viable solution offered to us to save it, but none were economically feasible."

Among the ideas offered were to turn the mansion into a Grosse Pointe museum, but this was rejected by The Farms Council because the home would then be taken off the city tax rolls.

Another idea given consideration, then rejected, was one of converting the estate into an exclusive home for senior citizens, but this idea died for lack of interest.

A third alternative was (Continued on Page 6)

Reject Plea For Support Of System

Tax Millage Proposal for Libraries Also Defeated; Serious Situation Created

By Roger A. Waha
It was a "gray Monday" in more ways than one for many Pointe school officials as voters defeated a four-year proposal to renew a school tax millage of 24.35 mills, additional millage of 2.75, plus a 1.31 mill renewal and an additional .14 of a mill for the libraries, on Monday, March 29.

Proposition One, (the schools), was defeated by a vote of 7,187 to 5,544, while Proposition Two, (the libraries), was much closer, 6,378 to 6,304. The total number of people voting on the first proposition was 12,731; the second, 12,682. And this is out of a total of around 40,500 registered voters.

Disappointment over the results was the keynote at school system offices. This was coupled with the bleak outlook for the immediate future, (as all voted millage, \$24.35 out of the total \$33 per \$1,000, has already expired with winter tax collection revenues operating the schools only through this June 30).

Complicated Issue
Stressing her personal disappointment, Board of Education president Joan Hanpeter said the immediate first step is a review of the results on the Board's part, making a decision when to come back with another proposition and how that proposition will be stated.

"This is more complicated than it appears," she continued, regarding scheduling a date for another election. At this point, a possible date of June 14 could be set unless the State presidential primary, (planned for May 18), is cancelled.

It was previously pointed out at a millage informational meeting that a school millage election cannot be held within 30 days of another election.

Assessing the defeat, Mrs. Hanpeter felt a main reason was an "anti-tax" feeling among voters with a school millage election being an outlet for electors to express themselves.

"Serious Situation"
In a statement released by the school system, Mrs. Hanpeter said on Monday night that the Board is faced with "a very serious situation." She cited five points regarding the immediate future.

• A date for a second election is complicated by the (Continued on Page 2)

Rummage Sale Helps Retarded

The Grosse Pointe Association for Retarded Citizens, (GPARC), will hold a Rummage and Bake Sale on Saturday, April 10, at the new Eastern Unit Work Activities Center, 9200 Conner, from 10 a.m.-4 p.m.

The committee in charge of this fund raising event includes Jean Cornelius, Joanne Maki, Ray Costan and Frank Evanski.

All proceeds will be used to promote the interests of the retarded citizens in the community.

The committee is seeking good household discards such as portable furniture, small appliances, tools, children's games and clothing. For tax deduction purposes, the association will provide a receipt for articles donated.

Numbers to call for pick up are 884-6585 in The Farms, 886-6036 in The Woods, 372-9440 in Harper Woods and 839-3144, the Eastern Unit.

The GPARC was founded to promote the welfare of the mentally retarded and to encourage programs in their behalf. For information, call Mrs. Maki at 886-3380.

Voters Nix School, Library Millage Proposals

scheduling of other elections this spring.

- Planning for the coming year will have to come to a virtual standstill.
- It is impossible to move forward with negotiations.
- The necessary borrowing of funds to operate the schools and libraries from the beginning of the fiscal year on July 1 until the tax collections in December will be made extremely difficult.
- The possibility of staff reductions and program curtailments must be faced.

Still Go Forward

Superintendent of Schools Dr. James A. Adams also expressed his disappointment over the failure of the millage to pass. "It makes planning for next year difficult but we will go forward," he said.

He attributed the defeat to the confusion over the State Aid question and to a "tough economic climate."

When asked if his announcement that he will leave July 1 to assume a new position as head of the Winston-Salem, N.C., school district had any effect, Dr. Adams asked, "How could my announcement have any impact?" while citing the big vote spread on the defeat of Proposition One.

He felt there was "no connection at all" between his announcement and the defeat.

For his part, Dr. George T. Eddington, assistant to Dr. Adams, said, "The reality that the citizens of a fine, residential community such as Grosse Pointe would defeat millage proposals that would keep the doors of the public libraries open after June 30 and would open the public schools in September is indeed sobering."

Ramifications

"Although another election will have to be held in the future, the immediate ramifications are extremely serious with regard to the negotiation of employee contracts, student scheduling for 1976-77 and the potential disruption of the schools' and libraries' program."

"As to the reason for the turnout, I attribute it to economic conditions — the recession and the effects of inflation."

Disappointment and disbelief were the reactions of Mrs. Robert Feeser, co-chairman of the Citizens' Campaign Committee, which fought for voter approval.

She had hoped Grosse Pointe residents would have made themselves more aware of the issues as property owners and taxpayers. Mrs. Feeser felt many who voted "no" may not have been fully cognizant of the issues.

In assessing the "why" of the defeat, she stated citizens didn't want to spend more money — that they were voting against costs in general and not against the millage per se.

Interested in finding out why voters nixed the millage, Mrs. Feeser added, "We feel the public was trying to get

a message across by voting 'no.' We would like their specific reasons, so we invite residents to jot them down and drop them in collection containers in each of the Grosse Pointe Public Libraries."

Unknown Factors

While plans for the future on the Board's part are known, specifics regarding those plans, e.g., when another election will be scheduled, wording of the proposition, et al, are unknown factors. One of the biggest factors in this temporarily cloudy outlook is on the labor negotiations front. What will happen here?

All master agreements between the Board and employee organizations expire this June 30. This includes pacts with the Grosse Pointe Education Association (GPEA), administrators, secretarial and clerical workers, custodians and engineers and cafeteria workers.

The largest of these organizations is the GPEA, which represents 604 educa-

tors in The Pointe. Doris M. Cook, association president, reacted to the results by saying, "It is unbelievable that the voters would reject what is already a mere survival millage."

"The voters at the south end of the district passed it by 52 to 58 percent 'yes' votes at each of the five elementary schools, (Trombly, Richard, Defer, Mair, Kerby). In the north end above Moross road, each of the five schools, (Monteith, Ferry, Mason, Poupard, Barnes), had only 31 to 35 percent 'yes' votes, and that is where the millage was defeated."

"The question is why it passed in half the district and was defeated by such a margin in the other half," she said.

Position The Same

"We do not see, that our negotiating position has changed. We will begin collective bargaining as scheduled. Our position cannot change because we have lost so much over the last three

Makes Bid on Sign Law

(Continued from Page 1)

Pinkos said he was in favor of the proposed amendment.

If this matter is part of the agenda on April 5, he stated it was possible the council would vote on the proposal.

"I would guess if a motion is made in favor of adopting the amendment, I feel it would pass. If there's a motion to refer it to committee, there's a strong possibility it would be referred to committee," added Mr. Pinkos.

Cites Concerns

In noting the proposal will be in the same form as when it "died," Dr. Howe felt the passing away of the amendment didn't represent the feelings of many who have put money into the community. He also expressed his concern over the appearance of the city with such signs and the potential of "crudding up" the city with further visuals.

"People are attracted by nice looking places" (signs notwithstanding), he said. At the same time, Dr. Howe felt everyone should think more of dispersing good products and service, and customers will consistently return. "There's no need for a sign to get the fellow who drifts into the area looking for a pack of cigarettes."

In the past, businessmen cited cost factors and a potential loss of advertising if the amendment became a reality. One man said he realized the necessity of having a restrictive ordinance but was against the total elimination of such signs.

For his part, Dr. Howe stressed that businessmen who have such signs have received more than equity out of them, while adding there weren't that many signs which he considered worthwhile.

Last November, The Woods Planning Commission reaffirmed its recommendation of last June which requested the council to adopt the amendment. A major reason for the proposal, from the commission's viewpoint, is based upon the beautification area, i.e., towards improving the appearance of Mack avenue.

At an earlier meeting, it was said there are approximately 54 roof signs along Mack avenue in The Woods.

These total around 18 percent of business places. Around 82 percent or 246 establishments were in compliance with the proposal. City Administrator Chester E. Petersen also has stated that The Woods is the only Pointe which has permitted roof signs in a commercial district.

Center's Drive Has Good Start

Although the first week of returns in the War Memorial's 1976 Annual Family Participation Campaign have been most gratifying, \$100,000 is still needed to bridge the gap between earned income, plus operational and maintenance expenses, in the coming fiscal year which begins this summer.

To date \$33,627 has been received from 1,650 donors.

After 75 years, the Belgian block cobblestone forecourt of Alger House must be reset and the landscaping around it replaced even though it has borne up admirably, officials report.

Many other items in the buildings and grounds must be restored, revamped or replaced to properly and safely accommodate the many classes and group users who fill the Center every day and evening.

Over the last fiscal year, nearly 250,000 individuals, (including repeaters), in over 2,000 groups made use of the community center buildings and grounds which were given outright to the Pointes as a memorial to those who fought and died to maintain the American way of life.

The War Memorial is one of the few great architectural examples remaining of an era that is past in Grosse Pointe but which helped make it the community it is.

It offers educational opportunities and services to citizens of all ages and interests as well as preserving a place of great beauty and dignity for all to enjoy.

The Center is two-thirds self-sustaining, and takes no tax monies or United Foundation funds. All gifts are income tax deductible and all will be appreciated. The overall campaign goal is \$135,000.

Woods' Street Plan Accepted

The Woods Council at its regular meeting Monday, March 22, unanimously received and placed on file an acknowledgment from the Department of State Highways and Transportation regarding receipt of the city's major street system.

William E. Atchison, assistant local government engineer, said the department received the city's implementation plan to bring its major streets up to the "Uniform

Criteria for Major Streets," and accepted the plan as submitted.

However, three groups of exceptions to the plan will receive no action at this time, he said, while adding the department will contact the city at a later date regarding this matter.

The council unanimously adopted a resolution designating the city's major street system at its Monday, February 23, meeting.

GP Probation Program Welcomes New Officers

The board of directors of the Grosse Pointe Volunteer Probation Program elected new officers at its meeting on Monday, March 15.

Woods Municipal Judge J. Patrick Denis is the new president, while City Municipal Judge Stan C. Kazul is vice-president and Woods Public Safety Officer Michael Ferrence is secretary-treasurer.

The outgoing officers, who have served since the inception of the program as president, vice-president and secretary-treasurer, respectively, are Park Judge John R. Urso, Farms Judge Robert H. Pytel and Judge Denis.

Other members of the board are Judge George N. Bashara Jr., Michigan Court of Appeals; Judge Blair Moody Jr., Wayne County Circuit Court; Sister Sean Martin, director, Center Point; Robert Healy, assistant prosecuting attorney, Wayne County Organized Crime Task Force; David Howell, of Scott, Schroeder and Howell; and Edward Bunn, of Young, O'Rourke, Bunn and Bunn.

Many community organizations are represented by members of the group including the Jaycees and the Rotary Club.

The position of director, which has been held by R. Terry Cuson, will now be assumed by Mrs. Jean M. Anderson. Both of these volunteers have been with the program since the first training session in October 1974.

Other staff members are Owen T. Snyder, assistant director; Selden B. Daume, chairman, finance committee; and five coordinators who supervise approximately 10 volunteers each, Mrs. Victoria Johnides, Mrs. Georgia Mandich, Mrs. Lois Pettit, John Buell and Warren

Scott.

The implementation of the operation of the program has reached a level of success only dreamed of two years ago, officials say. The concerned citizens of the community, who comprise the roster of approximately 70 active volunteers, have become increasingly effective in performing the work requested by The Pointe municipal judges, be it Pre-Sentence Investigation or Volunteer Probation Officer.

The role of the VPO is to assist a probationer to gain an awareness that his or her previously acquired attitudes and patterns can be changed, thus improving the quality of their life.

The program will be announcing the next training sessions in the near future. Any person who's interested is invited to contact the program's Park office at 15206 Mack avenue, between 9:30 a.m.-1:30 p.m., Monday-Friday, to obtain an application for enrollment, or call 885-8228.

OKAYS COURT USAGE

The Woods Council unanimously granted Tennis and Crumpets, Inc., permission to use four tennis courts at both Ghesquiere and Lake Front Parks for the group's tournament benefiting Children's Hospital on September 18. This action was taken at the regular meeting Monday, March 22.

Car Thieves Strike Woman

Two yet unknown car thieves resorted to purse snatching after becoming involved in an accident at Ludvick and Chandler Park drive, Detroit, reported Park Police Lt. Gordon Duncan.

The car, property of Leon Maenhout, of 1623 Alder road, was reported stolen sometime between 11 p.m. on Sunday, March 28, and 10 a.m. on Monday, March 29. The vehicle was stolen from the rear of 1107 Maryland, where it had been parked.

The auto thieves became involved in an accident at the Ludvick and Chandler Park intersection with a woman motorist, information from Detroit authorities revealed.

The woman told Detroit police that following the collision, she got out of her car to talk to the pair in the stolen vehicle. One of the two men got out, pushed her to the pavement, grabbed her purse and jumped back into the stolen car.

The culprits fled from the accident-theft scene and disappeared. The woman failed to notice the direction the robbers had taken.

The stolen auto is described as being a 1968 Plymouth with a black top and a blue bottom, with a 1976 license plate number of GPH 387.

CARPETING APPROVED BY WOODS COUNCIL

The Woods Council at its regular meeting Monday, March 22, unanimously approved the installation of carpeting in an amount not exceeding \$200 for the office floor of the new Lake Front Park bath house. The monies will come from the Lake Front Park Improvement Fund.

SPORTS HIGHLIGHTS

by Tom Seiter

According to the experts, the youngest age at which anyone has successfully participated in a world title event is 12 years, in the case of Bernard Malvoire of France, coxswain of the winning coxed fours in the Olympic regatta at Helsinki in 1952. The youngest individual Olympic winner was Marjorie Gestring of the United States, who won the springboard diving title at the age of 13 years 9 months, at the Olympic Games in Berlin in 1936.

Athletes of all ages can get proper fitting uniforms and equipment at GRAY'S SPORT SHOP, 106 Kercheval ave., Grosse Pointe Farms. With the baseball season ready to go, now is the time to stop in for baseball shoes, catchers' equipment, bats, balls, gloves, or uniforms — everything you need for a successful season! Come in alone or with your entire team; we can put lettering on your uniforms and have them ready within 3 to 5 days. As a complete sport shop, we have equipment and supplies for all indoor and outdoor sports. Every item we sell is guaranteed! Tie Votes Kill Bid for Diamond in Park

(Continued from Page 1)

Park Council adopted a resolution setting forth a policy establishing a family type, (passive recreation), park for the Three Mile drive facility.

In other words, the park should not be used for active sports, but only for picnicking, golf putting, tennis, et al. Another resolution could be approved to rescind the first.

Proponents of the diamond claimed that tennis is an active sport, which sometimes draws a large and loud crowd. They claimed the city had expended thousands of dollars to build the courts at Three Mile, while not wanting to spend a cent for a baseball diamond.

One citizen charged that a very active sport taking place in the park is cross-country races in which non-Park residents participate. This has been going on for at least five years with non-residents entering the park without benefit of a park pass. Many residents are allowed into the park without showing passes, contrary to the established city park pass system.

Regulations Tightened
A number of the council members expressed surprise that the cross-country activity is going on, and for such a length of time, saying they had no knowledge of this.

It was pointed out by a member of the audience that at least on one occasion, two busloads of participants in the cross-country sport, each bus with 60 persons aboard, were allowed to enter the park in violation of pass regulations.

Other pass violations were cited with the end result being the council ordering a tightening of regulations whereby residents and guests

will not be permitted to enter the Three Mile Drive Park, or the Windmill Pointe Park, at the foot of Alter road.

Non-residents will not be allowed to enter either park, except as guests of residents, who must have their guest tabs punched.

At least two residents who had signed the Babe Ruth Baseball Diamond petition said they had withdrawn their endorsement after they had found what it was all about. It was said that a few others also had withdrawn their names.

Division on Jefferson
A point was reached where residents living on the south side of Jefferson argued with those living on the north side of the avenue, with the north side emphasizing the park belonged to all residents of the city, not just those residing on the south side.

One south side resident charged that out of the more than 1,700 signatures on the petition asking for the building of the diamond, probably not more than 10 people on his side of the avenue affixed his or her signature. Whereupon, a north side citizen claimed that he himself obtained at least five pages of names from people living on the south side.

Mr. Armbruster said in order to stay within the city's pass regulations, non-resident players will not play baseball in the park.

The non-resident players are comprised of players from The City and The Farms, which comes under the jurisdiction of the Park Babe Ruth Baseball League franchise. The latter will use facilities at Elworthy Field, Kerby Field and South and North High Schools.

It was emphasized The Park is the only Pointe which does not provide a baseball diamond for Babe Ruth League, although there are Little League baseball diamonds at Defer School and Pierce Middle School, plus available facilities in The City, Farms and Woods.

The Babe Ruth League is comprised of players 16-18 years of age. Little Leagues are made up of players 13-15 years old.

One Babe Ruth League official said the league is willing to extend a 17-foot high by 36-foot long backstop at the Three Mile Drive Park at a cost of \$2,300, which, since it's on public property, will belong to The Park.

After nearly two hours of debate, pro and con, on the issue, Mayor Matthew Patterson called for a vote of the council members present. Councilman Charles Tompkins motioned to accept the recommendation of the Plan Commission to deny the construction of a diamond in Three Mile Park. He was backed by Mayor Patterson and Councilman Dr. Roger McNeill. Those against were Councilwoman Camille Peterson, and Councilmen Douglas Graham and George Verdonck.

Second Motion Made
Councilman Graham then motioned that the diamond be constructed and the Babe Ruth League be allowed to use it during its playing season, April to July, on a trial basis, and with the issuance of a permit, which can be renewed on a yearly basis.

Included in his motion was that the league keep the area clean. This motion was favored by Councilwoman Peterson and Councilman Verdonck. Opposed were Mayor Patterson, and Councilmen Tompkins and McNeill.

Following the deadlocked votes, there were mutterings in the audience that there was going to be some changes in the council at election time. Several people even suggested that a petition be circulated to put the issue up for a referendum vote, giving the entire city a chance to decide whether the diamond should be constructed at the park.

The Plan Commission brought out that there are only 40 acres of land within the city limits available for recreational facilities, whereas, according to national standards, a city the size of The Park should have at least 170 acres.

St. James Sets Chancel Drama

Saint James Lutheran Church, McMillan road near Kercheval, will host a youth structured service, Chancel Drama, and a personal reflection of the drama Wednesday, April 7, at 8 p.m.

The sixth Lenten vesper service will be based on Hebrews 9:27—And as it is appointed unto man once to die, but after this the judgment.

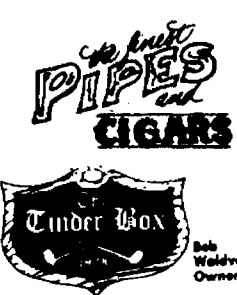

The question, Where will you spend eternity?, will be the theme for the Chancel Drama, Flight 47, presented by the fifth grade weekday class instructed by Mrs. Joanne Falk.

Passengers of Flight 47 are Kurt Allen, Dave Baldrak, Karla Finger, Tom Keller, Kelly McNamara, Richard Moellerling, Wendy Petrosky and Julie Ulmer.

The service will include young people as prayer leaders, scripture readers and ushers. Bruce Garthe will conclude the service by giving a personal reflection of the drama, basing his message on the Ultimate Trip, John 14, 1-6.

Ferry School held its annual elections for officers and board of directors for the coming year at its PTA meeting Tuesday, March 9.

Mrs. Joan De'Ronne will serve as Ferry's first female PTA president with Arno Marcaccio and Mrs. Guilla Papineau serving as vice-presidents. Mrs. Joan Bock will be secretary, James Gilleran, treasurer, and Bernard Schenk, publicity director.

Board of directors serving two-year terms will be Mrs. Jane Turnbull, Mrs. Dianne Heisner and William Cox. Those serving one-year terms are Ray Dallman, Norm Du Coin and Mrs. Nancy Orr.

Teacher vice-president is Mrs. Regina Gersch.

most have completed a preliminary pick-up and disposal of tons of debris that littered streets and lawns in the wake of the storm.

Woods City Administrator Chester E. Peterson said his Department of Public Works is still working 10 hour days with much of the heavy work, such as stump removal and tree trimming, remaining to be done.

Grinds Up Limbs
Park City-Manager Robert Stone expects three more weeks will be necessary to complete the clean-up. Mr. Kressbach said he doesn't think The City's work will be finished for at least a month.

The City hopes to cut some of the clean-up costs by grinding up collected limbs into wood chips and making them available to residents for gardening purposes.

Full truck loads of the chips will be delivered to City residents' homes if they call the Public Works Department during regular business hours. Residents of other communities must pick-up the chips themselves.

Woods Streamlines Public Safety Department Law

An ordinance providing for a department of public safety in The Woods, and repealing a chapter of the 1975 city code, was unanimously adopted by the council at its regular meeting Monday, March 22.

This measure replaces, and streamlines, Ordinance No. 45 which was adopted in January 1944 and subsequently amended on several occasions through February 1968.

The older measure established rules and regulations governing consolidated police and fire departments in the city, and was 14 pages in length. The new law, which becomes effective 20 days after its enactment, is only two pages.

Administrative Aide Gerard McNamara said the older ordinance mainly focused upon how to conduct the de-

partment rather than establishing and providing for it as the new law does.

The older measure was called "obsolete" by Public Safety Director Henry Marchand, who said the new updated law probably offers a model for other communities to emulate. He noted, for example, Ordinance No. 45 referred to a fire department and assistant fire chiefs, which the department no longer has.

He indicated certain rules and regulations contained in the older law will be incorporated in the form of a general order for members of the department.

The new ordinance views the duties of the public safety department, the chain of command and the responsibilities of the public safety director and all officers.

Noting that the director shall be appointed by the city administrator for a term of indefinite duration, the law says he shall be responsible to the city administrator for the proper administration of the activities and operations of the department pursuant to State statutes and city ordinances and codes.

The director's duties include the supervision of the activities of departmental members, the annual preparation of a recommended financial budget of anticipated expenditures for the city administrator, the formulation and promulgation of general rules and regulations regarding the department's conduct and the maintenance of complete and detailed records of all public safety activities in which the department engages.

Gets Big Haul In House Theft

Someone entered a Briarcliff road home and took an estimated \$1,800 in cash, uncashed checks of unknown value, several articles of jewelry and a stereo, reported Woods police on Sunday afternoon, March 28.

Officers opened a cabinet door which houses the stereo and found it to be missing. The boy also recalled that the rear patio door was open when he came home but thought nothing of it at the time.

A further check of the premises revealed that around \$1,500 was taken from a bedroom dresser drawer, several jewelry boxes were found empty and a stack of uncashed checks had disappeared from a bedroom closet, along with some \$300 in cash.

Police said no signs of forcible entry to the patio doors was discovered, although the thief is believed to have gained entry through a sliding patio door.

The incident is under investigation by the detective bureau.

Tree Planting Plan Slated

An Arbor Day and/or Bicentennial Liberty Tree planting is being offered to all Woods schools by the city's Beautification Commission as the group unanimously approved this project at its Wednesday, March 24, meeting, reported commission chairman Dr. Albert C. Howe.

In a letter sent to various school administrators, three trees, e.g., Columnar Maple, Shademaster Locust and Little Leaf Linden, will be delivered to the designated area at each school for a wholesale cost of \$50 a tree.

Trees from L. H. Allen and Sons Nursery are scheduled for delivery on Monday, May 3, courtesy of Denton Construction Co. "Schools wishing to avail themselves of this service must . . . be responsible for digging the hole for planting prior to tree delivery," reports the commission.

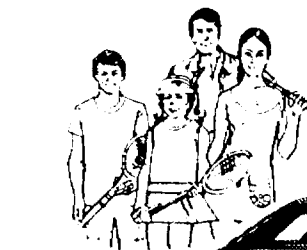

Citing the need for correct planting and follow-through procedures to insure a successful tree transplant, the commission says three knowledgeable individuals have volunteered as consultants to the schools.

They include Robert Hope, greens superintendent, Lochmoor Club; Richard Stevens, of Sweeney Florists; and Edward DeNovarre, of Four Seasons Landscaping.

Schools wishing to be included in the program should contact beautification member Jesse Lowther no later than Wednesday, April 14.

Schools Look Forward to Big Celebration

(Continued from Page 1)

"U.S.: Stairway to the Stars" will be the theme for Defer Elementary School's week-long festivities, which will be marked by old-fashioned spelling bees, a balloon launch, dress-up days and flag-raising.

The Kerby PTO will host many of its school's celebrations which will include showings of the films "The American Partnership" and "The Williamsburg Gunsmith" on Monday-Tuesday, April 5-6, at 9 a.m. in the gym.

Kerby students will spend all day in the gym on Thursday, April 8, at a student craft fair featuring colonial items, and a 3 p.m. square dancing exhibition. Other demonstrations to be presented throughout the week are glassblowing, Indian weaving, quilting and gunsmithing. An all-school assembly on Friday, April 9, will cap off the week with a song fest, films and cakes. Senior citizens are especially invited to visit Mason Elementary School on Thursday, April 8, to view the Early American Museum put together by all fifth grade classes there. The rest of the week will be marked by Town Crier, historical announcements over the public address system, the sixth graders' presentation of a Bennington flag to the school and the planting of a Michigan Pine Tree on Friday, April 9.

Most of the Maize Elementary students' efforts have gone into the production of an operetta "My Country 'Tis of Thee," to be presented on Wednesday, April 7, at 7:30 p.m. in the gym. Mason School Bicentennial projects also will be displayed all week in the Central Library, 10 Kercheval avenue.

A special assembly on Wednesday, April 7, at 9 a.m. will be the highlight of Month School's activities when sixth grade speech contest finalists present their talks on "Makers of America, Yesterday, Today, Tomorrow."

A Colonial Fife and Drum Corps also will entertain the assembly in the gym.

Poupard students from kindergarten through sixth grade have all worked hard on their production of an original play written by fifth grade teacher Charles Stewart, "Bicentennial Birthday Party," which will be presented on Wednesday, April 7, at 7:30 p.m. in the Parcels auditorium.

"Horse Sense," a play by Richard School fifth graders depicting Paul Revere's famous midnight ride from his horse's point of view, will be shown in each school room on video-tape during the week.

On display all week at Trombly School will be samples of first grade Bicentennial art, third grade craft projects and a Bicentennial quilt made by fourth graders. May pole dances, recipe exchanges and a play called "The Little Country That Could" will make the week special for students.

The Mack Avenue Business Men's Club is helping the middle schools in their celebration by offering a \$25 bond award for the best articles written by students on American heritage.

English and literature teachers from Brownell, Pierce and Parcels will judge the winners who will be presented with their awards sometime during Bicentennial week.

Parcels also will honor the nation with special red, white and blue dress-up days, the dedication of a time capsule and a Bicentennial garden, planned by the school's art club.

Brownell students will be treated to special ethnic

tapes in which teachers and students discuss their national backgrounds during the week. Halls and showcases will be decorated with famous people posters and a special display of American war uniforms for visitors and students alike.

The Brownell Daze T-shirt selling competition also will be taking place, with all proceeds going to supplement the school's library on American subjects.

The Pierce School celebration will take the form of an ethnic festival in the auditorium on Wednesday, April 7, from 7:30-10 p.m. Bands, folk dancers and talent shows will be presented and a variety of ethnic foods will be sold with 25 cent tickets.

At the high school level the festivities will take on a more academic look, with special films, speakers and assemblies being supplemented by lectures in classes at South High.

North High has divided its activities into Ethnic Day, Monday, April 5, featuring special music, food and costumes; Religious and Moral Heritage Day on Tuesday, April 6, with a special concert slated for 7:30 p.m. at Our Lady Queen of Peace Church; Youth and Future Day on Wednesday, April 7, featuring student art, music, literature and fashion displays; Local Notables Day on Thursday, April 8; and Red, White and Blue Day on Friday, April 9, to be feted by a special showing of the film "1776" in the auditorium from 8-10:30 p.m. Tickets are \$1 per person.

The public is invited and encouraged to participate in any of the schools' activities.

Rose Terrace Demolition

(Continued from Page 1)

using the mansion as a private club for Pointe residents. This fell through when it was pointed out that The Pointe already has a similar establishment in the War Memorial.

The greatest drawback to saving Rose Terrace was the economics of running such a large estate. Built in 1933 at an estimated cost of three to four million dollars, the mansion consumed 55,000 gallons of fuel oil a year to heat. A large staff of servants were needed to keep it running properly and it cost \$600 dollars each time the lawn needed mowing.

"Homes like Rose Terrace are, unfortunately, doomed to extinction," said Mr. Crawford. "People can't afford homes like that today, nor do they want to. The trend now is to smaller homes, with smaller lots, and that trend is going to continue. People just don't want the headaches that come with an estate like Rose Terrace."

According to Mr. Crawford, the mansion and surrounding grounds will be the site of 24 new homes in the \$150,000 to \$500,000 price range. The company has already had bids on 11 of the lots.

Views Plans

If the customer desires it, the builders will use materials from Rose Terrace in the construction of a new home. The development will be laid out like a traditional New

England village, with winding cobblestone streets, dotted with large, old gas lamps, meandering through the trees on the 9½ acre site.

The new homes will have a 24-hour guardhouse for the complete protection of the residents. Maintenance service also will be provided inside and outside the homes.

"This way people needn't worry if they leave their homes for any long period of time," said Mr. Crawford. "This is completely new in the Pointes and is needed in the community."

"Since the home will be coming down, at least we can try to save some of the things that made Rose Terrace great," said Mr. Crawford.

"No one likes to think of it no longer existing, but if it was left standing in its present condition, all the beautiful things left in there would just deteriorate to dust."

Bell Ringing Effort Slated

The Woods Beautification Commission presented a commemorative bell ringing proposal to the Bicentennial Commission at its Thursday, March 18, meeting in the hope that a coordinated effort can be achieved within the next three months, reported Dr. Albert C. Howe, chairman of the beautification group.

If all goes well, the plan is to have Pointe churches of all denominations ring their bells for a period of 15 minutes the morning of July 4.

"If enough churches with these facilities wish to participate, we believe this great holiday will insure a new dimension of meaning for all Americans," said Dr. Howe.

HARKNESS PHARMACY

Most of us are born with more acute hearing than we need. Nature starts us out with the kind of hearing primitive man needed to keep alert in the presence of invisible dangers. Many people retain acute hearing through long lives, and if, in the second half of life, hearing (especially for high tones) shades off a bit, most experts agree that this is nothing to worry about. But if you have a hearing loss serious enough to be a handicap, by all means do something about it. There are at least 15,000,000 people in the United States that are hard of hearing.

A reputation for giving personal attention to the needs of each customer has made HARKNESS PHARMACY, 20315 Mack ave., at Lochmoor blvd., Grosse Pointe Woods, a true neighborhood pharmacy. We offer prompt, professional and personalized prescription service along with all your health and beauty needs. For your safety, we keep complete records of your allergies, immunities and other health data; we also keep family prescription records to help you in obtaining proper credit at income tax time! Visit HARKNESS PHARMACY for greeting cards, cosmetics, all your liquor needs, and fresh Whitman candies. Call us at 881-3100. We are open daily until 9 P.M., Saturdays until 5 P.M.

Jaycees Plan to Sell Jelly

The Grosse Pointe Jaycees will be holding their annual "Jelly Week Sale" Thursday-Saturday, April 15-17. The Jaycees have teamed

with members of the Jaycee Auxiliary and the Foundation for Exceptional Children in a combined effort to ensure the sale's success.

Project chairman Craig Hollidge appealed to all segments of the community to participate.

"Proceeds from the sale of jelly, which will cost \$1 per jar, will benefit the Foundation for Exceptional Children," he said.

"Booths will be set up April 15-17 in Penney's and Sears in the Seven Mile-Mack shopping area. Kroger's in the Village will be another site along with Art's Party Store on Kercheval at Wayburn.

"We are hopeful that the citizens will respond in the affirmative and make this year's sale a giant success," said Mr. Hollidge.

"Our goal is 6,000 jars. With the help of Mrs. Sally Spain, foundation chairman, and her people, along with Mrs. Terri Dorn and the Jaycee Auxiliary, we feel this sale will be more successful than ever.

"We also have the great support of Al Kaline, who's the State All God's Children chairman," he added.

Woods Okays Fireworks Bid

While further preparations remain to be made, a proposed fireworks display geared for July 4, or July 5, in The Woods received the unanimous nod of the council at its regular meeting Monday, March 22.

In her motion, Councilwoman Joan M. Mullan stipulated that the Kiwanis Club of Grosse Pointe, event sponsors, provide one million dollars worth of insurance to cover the city, and that the location be limited to either the Lochmoor Club and/or the Parcels School grounds.

During discussion of the proposal, it was said the Lochmoor Club, up to this point, is viewing the proposal favorably and that the Parcels site was a second choice.

But the main point appeared to be the cost of insurance which would have to be pursued by the Kiwanians.

Three councilmen are members of the club, Mayor Benjamin W. Pinkos, Councilmen George Cueter and Conrad A. Naegel.

In relation to this the mayor asked City Attorney George Catlin if it was advisable for the trio to vote on the motion. Mr. Catlin indicated it was okay to do so as no financial gain or other potential conflicts were involved.

The one thing that does most to make a man's youth seem virtuous is a failing memory.

GPW Citizen Seeks Relief From Recreational Vehicle

By Roger A. Waha

A Torrey road resident appealed to The Woods Council for relief from a 27-foot recreational vehicle parked on her neighbor's property at the regular meeting Monday, March 22.

Mildred Becker said the house trailer is parked in her neighbor's driveway next to her back yard fence and up against their garage door. She stated the vehicle is so long that the front of it overlaps their family room and, as a result, "everything from the very front of their house to the extreme rear of the garage is blotted out."

Saying there are no views of the houses and gardens beyond, Miss Becker stressed the winds from that direction are cut off. "I hate to think what will happen to my place in the hot summer-time. It will be intolerable."

She also said access to their garage is hampered by the house trailer so the family parks their two cars in the driveway between both houses. As a result, three of her living room windows only show parked cars some two and a half feet away.

While she said her neighbors are very nice, she didn't like the vehicle, which is too big for their garage, parked at that location. "This is like having two houses on one lot," she stressed, while adding this is a problem which probably will grow unless something is done.

A similar complaint was received by the council at its January 19 meeting from a West Doyle place citizen who, like Miss Becker, wanted Ordinance No. 343, which provides for the regulation of outside storage of boats, various trailers and other recreational equipment, to include a neighbor consent clause, e.g., that no permission be given to residents to store such a vehicle on their property unless adjoining neighbors gave their consent.

At the meeting, Mayor

Benjamin W. Pinkos asked Building Inspector Earl Wakely if the parking of the vehicle conforms to the ordinance and Mr. Wakely replied in the affirmative.

Councilman Ronald R. Kefgen, chairman of the Parks and Recreation Committee, said Miss Becker's comments were one of several similar complaints and/or suggestions which the council has received regarding the neighbor consent clause.

All such information is currently under study by the Committee of the Whole, (the council meeting in executive session). Mr. Kefgen said the solons are considering the possibility of amending the measure on the consent issue and moved that Miss Becker's complaint also be referred to committee. His colleagues unanimously agreed.

Ironically, regarding the neighbor consent clause, prior to the ordinance's final adoption in October 1974, the solons approved the incorporation of some revised language into two sections of the measure.

A change in Section 5, (Storage Site Approval), included the deletion of a neighbor consent clause in writing in relation to storage.

So under the ordinance a citizen has no outlet for appeal after a neighbor receives his permit with the exception of appearing before the council and calling attention to a particular problem.

The ordinance does provide an appeal process, but this is when the issuance of a permit is denied to an applicant, who then may appeal such denial to the Planning Commission.

The commission, after notice of a public meeting being mailed to the adjoining property owners, may authorize the issuance of the site approval certificate upon a determination that the proposed storage will not be detrimental to the neighborhood.

However, in the case of Miss Becker and the previous complainant, that appeal procedure has no bearing.

Minister Has Return Visit

The Rev. Gillesburg Macmillan, pastor of Saint Giles' Cathedral, Edinburgh, Scotland, returns to Grosse Pointe Memorial Church, 16 Lakeshore road, for a one week visit.

He will preach on Sunday, April 4, "Passion Sunday, 1976," at 9:30 and 11:30 a.m. Rev. Macmillan served the church for several weeks in 1972 as an Ecumenical Minister staff member.

Low Profile Police Cars

(Continued from Page 1)

was model changeover time. As a result, the department was faced with a situation wherein it had to purchase regular passenger vehicles.

Patterns Develop

One dealer was located who could supply the department with six cars, all the same color. "Although the cars were gray and not the customary red, the vehicles were purchased and put into service with some apprehension," said Director Marchand.

Then, two "curious patterns" began to develop after a few months, he said. First, none of the gray cars had been involved in any accidents and, second, crime was going down in The Woods while crime was increasing everywhere else.

"For a time, we thought we were just lucky, until one day one of our detectives reported that he had just interrogated a prisoner in another community about possible criminal involvement in Grosse Pointe Woods and the prisoner stated that he and his friends did not and would not operate in Grosse Pointe Woods because of the difficulty in spotting the police cars.

"This was the first indication that the low visibility of our patrol cars could be the reason for the reduction of crime in our community.

"A few weeks later the same reason was related to our detectives by two other burglary suspects held in Harper Woods. At the end of 1975, while crime increased approximately 18 percent throughout the country, crime decreased approximately 10 percent in Grosse Pointe Woods," said Director Marchand.

Will Be Utilized

He stated the council, impressed with the crime statistics, agreed to go along with his recommendation to

keep low profile colors for patrol units. So dark green Plymouths were purchased and department statistics revealed the aforementioned 36 percent drop for the January-February time period.

Director Marchand assured Mr. Stuart the reason for the green patrol units wasn't for the issuance of traffic citations, "but for the prevention of crime and the apprehension of criminals."

As for the fire trucks of the future, the familiar red color will soon disappear in favor of a lime yellow, he noted.

The director concluded by saying he's charged with the prevention of crime and the safety and welfare of Woods citizens. "Therefore, I will continue to utilize dark-colored police cars as long as they prove to be useful and practical in reaching those ends."

NHS to Present Easter Concert

With the cooperation of Queen of Peace Parish of Harper Woods, the 100-voice North High School Choir under the direction of Herman A. Clein, and the 70-piece Symphony Orchestra under the direction of Nathan C. Judson, will present their annual Easter Concert at Queen of Peace Church, Bournemout and Harper avenue, (I-94 service drive), Harper Woods, on Tuesday, April 6, at 8:15 p.m.

The highlight of the evening will be this area's premiere performance of "The Requiem Mass in C Minor" by Luigi Cherubini. This work was written in 1815 to commemorate those who had died in the French Revolution.

Since its commission by the French Government of the Restoration and first performance in 1817, the Mass has been modified and rewritten through the years. In 1974, a copy of the original score was found on which

Pair Nabbed in Robbery

(Continued from Page 1) through the front door. Mosby drew a .357 magnum revolver and ordered Mr. Koupparis, a male employee and a lone customer in the store to lay face down on the floor.

Apparently the store owner did not move fast enough and Mosby allegedly began beating him about the head with his gun. Mosby and Cox then opened the cash register and grabbed its contents, mostly checks, and a minimal amount of currency, after which they fled to a waiting car. A third man was waiting behind the wheel.

When the motor of the vehicle failed to start, all three men jumped out and fled the area on foot.

Cox was arrested by Park police officers, with the aid of City and Farms policemen, who converged on the

area when the robbery alarm was sent over the radio.

Cox, who was trapped in an alley south of Jefferson, between Nottingham and Beaconsfield, was searched and a small revolver was taken from him.

Mosby was arrested by Park Det. Sgt. James LaPratt and Det. William Furtaw at Wayburn and Jefferson and disarmed.

Mr. Koupparis was conveyed to Bon Secours Hospital where he was treated for minor scalp wounds and released.

Chief Coonce said a passing-Park motorist saw what he thought was a suspicious person leaving the parking lot in a car, minutes after the robbery was reported.

He followed the other motorist for approximately 45 minutes through Detroit and Highland Park. In the Detroit Woodward Station, Thirteenth Precinct jurisdiction, he pointed out the other man to passing Detroit police officers.

The man was taken to the Woodward station for questioning and later released when it was found he was not involved in The Park crime, Chief Coonce said.

However, the chief expressed his pleasure that a citizen went through all the trouble to try to aid authorities in apprehending a suspect in a committed crime, even if it was a mistake in this instance.

Club to Start Biking Season

The Neighborhood Club, 17150 Waterloo avenue, will officially begin the spring biking season with a presentation on Tuesday, April 13, at 7:30 p.m.

Being offered as part of the expanding Nomad outdoor program, it will feature a color film on biking and information on upcoming trips, as well as a biking

expert from the Wolverine Sports Club, Royal Oak.

This "visiting expert" will offer trips to interested bikers on bike maintenance, conditioning and equipment.

A variety of the latest biking accessories also will be demonstrated and displayed. According to John Shaheen, Nomad program director, the presentation is open to Pointers, junior high through adult, interested in biking. There is no charge for the event, and no obligation to participate in other Nomad programs.

For those teens and adults interested in biking with the club, the presentation will offer details on spring bike trips. Highlights will include weekend day trips, the Belle Isle Marathon and bike-camping weekends.

The presentation will be held in the teen lounge. For further information, call 885-4600.

this new edition is based.

Cherubini's Mass was such an influence on Ludwig Von Beethoven, that he requested the "Requiem" of Cherubini be sung for his funeral Mass. Ten days after Beethoven's death in 1827, a Memorial Mass with Cherubini's music was celebrated.

According to the publisher, this is the first performance of this work by a high school choir and orchestra.

The program also will include the singing of Haydn's anthem "Great and Glorious," conducted by Rob Seski, North senior. Mr. Clein will be at the Wicks organ. "Suite for Strings" by Corelli, performed by the orchestra under the direction of Mr. Judson, also will be performed.

This program is given in conjunction with North's Bicentennial Week, (April 5-9). The theme for April 6, Moral and Religious Heritage, will be the focus of the evening performance. The community is cordially invited and there's no admission charge.

Woods Studies Sewer Portal

The Woods Council at its regular meeting Monday, March 22, unanimously concurred in a Citizens Recreation Commission recommendation regarding the possible installation of a sanitary sewer portal for camping vehicles and trailers.

This topic was discussed by the commission at its Tuesday, March 9, meeting. The group recommended this matter be referred back to the council to be in turn referred to the Public Works Committee, and the solons agreed.

A request for the consideration of such a facility was received by the council from the Pointe Campers group.

Four Curriculums Okayed By Board of Education

As part of a continued attempt to standardize educational programs in the public schools, the Board of Education recently approved four curriculum handbooks outlining standard approaches for the art, music, skill-talent and kindergarten programs.

The curriculum papers are the result of months of study and discussion by Board-appointed committees representing all phases of the educational process.

The art program, which was just initiated at the beginning of the present school year in the elementary schools, was studied by a variety of groups from middle, elementary and high school levels.

The new, formalized program is designed to provide a continuous, integrated curriculum in art from kindergarten through the first half of the seventh grade, according to curriculum assistant Robert Welch.

Beyond the middle school years, the program is gauged to allow students with special interests and talents to proceed as far as they can studying art, with a special emphasis on the career possibilities in the area.

The general program goals include instilling an awareness of the social functions of art as well as appreciation and understanding of line, shape, form, pattern and color.

The general music curriculum approved by the Board for grades kindergarten through six combines much of the past teaching methods with new concepts of Orff music.

"The theory of instruction and learning embodied in the curriculum is activity-centered," according to the handbook's introduction. "Children explore and per-

form in musical activities before conceptualizing what they have learned."

Elements of the Orff method are mainly seen in lower grade level programs, in the integration of body movement, dance activities and use of the basic pentatonic instruments in the curriculum.

In the fifth and sixth grade levels, students with special aptitudes and interests are encouraged to enter into the instrumental or choir programs, while education in the basics, with the emphasis on appreciation, is continued.

The kindergarten report was submitted by a committee composed of Dorothy Kennel, of Richard School, Carole Leen, teacher consultant, Irene Lowther, of Barnes School, Ann Scott, of Defer, Lois Smith, of Perry, Jack McMahon, principal at Barnes, and Mr. Welch, curriculum assistant in the department of instruction.

The kindergarten curriculum is divided into language arts, math, music, physical education, science, social studies and free choice areas of concentration. Each area is broken down into basic skill or concept areas with appropriate activities suggested.

The handbook on the skill-talent program, now in its second year, represents a formalization of the 21 units developed by teachers Carey Morton, Linda Schoonbeck, Wayne Bolden, Rita Flaherty, Ed McKeehan, Joan Robie Kubista, Bill Raupagh, Stan Smith, Betty Brady and Betty Lou Frounfelter.

The handbook defines the purpose, scope, suggested activities and resource materials for each of the 21 areas, which range from workshops in probability and archeology to the arts and literature.

Proposed Tax Hike Blasted

The Woods Council, via a resolution, has taken a strong stand against a proposed property transfer tax increase for Wayne, Oakland and Macomb Counties in an amount exceeding 900 percent with the funds raised to be used to finance mass transit for southeast Michigan.

This action was taken at the regular meeting Monday, March 22.

As part of Councilwoman Joan M. Mullan's motion all members agreed to sign a statement of protest and forward it to Daniel T. Murphy, Oakland County executive, who originally contacted the city about the proposal.

The statement calls the proposal "unfair and unconscionable," while saying it shouldn't be enacted as law by the Michigan Legislature.

Calling the proposal not only "ridiculous but outrageous" and a denial of the equal protection of the law, the resolution emphasizes the council's opposition to the concept that three counties in the State "should be forced to bear a disproportionate cost of a mass transit system that would benefit the people in the entire State of Michigan."

A copy of the measure will be sent to Gov. William Milliken, Senators Joseph Snyder and John Hertel, Rep. William Bryant, the board of trustees of the Michigan Municipal League, Mr. Murphy and the legislature's committee on taxation.

SHS to Host Lansing Band

The South High School Symphony Orchestra will host the East Lansing High School Symphony Orchestra in a free concert on Wednesday, April 7. The concert will be presented at the Performing Arts Center Auditorium at North High School starting at 7:30 p.m.

The South orchestra, under the direction of Russell Reed, will open the program with a performance of the Egmont Overture by Beethoven. The string sections of the two orchestras will combine on a short work by Britten.

The final portion of the program will be presented by the East Lansing High School Symphony Orchestra directed by Gerald L. Bartlett.

The East Lansing Orchestra will perform Night on Bald Mountain by Mouskorsky, Finlandia by Sibelius and other orchestral selections. East Lansing students will be hosted for dinner and lodging in the homes of South students that evening.

Pump Station Work Approved

Emergency repairs at the Torrey Road pumping station were unanimously authorized by The Woods Council at its regular meeting Monday, March 22. The cost of such work will be shared by The Woods and Harper Woods.

City Administrator Chester E. Petersen informed the council the sluice gate at the station is in need of immediate replacement as an emergency precautionary measure in order to provide and maintain adequate storm water pumping capacity for both cities.

"It's estimated that the labor and material cost for such sluice gate replacement should be approximately \$10,000," he said.

At the same time, Mr. Petersen said there's a need for an additional electrical switchgear to be reserved for emergencies in case of a mechanical failure in any of the existing switchgear equipment.

"Inasmuch as this particular equipment is also obsolete, we will have to try and locate some used equipment which we believe that the

General Electric Co. can rebuild and make serviceable again for an estimated cost of \$5,000," he said. (The sluice gate is reportedly an original installation, dating back to around 1942, hence, its obsolescence).

Mr. Petersen recommended that the council authorize an expenditure not to exceed \$15,000 for the replacement of the sluice gate and the purchase of additional switchgear equipment. He said the city's water sewer depreciation fund has sufficient reserves in which to pay The Woods' share of the cost.

Calling it imperative that such work be accomplished as expeditiously as possible, Mr. Petersen felt it was best if his office be authorized to proceed with the work at once. "It is believed that the interests of the city would be best served by not receiving competitive bids on such," he added.

True sherry comes from Jerez in Andalusia, Spain; countries like Cyprus and South Africa only produce sherry-type wines that have been fortified and made in a similar way. Unlike most other wine districts in Andalusia, Spain, the traditional methods of making sherry have always been strictly controlled and kept to a very high standard. All sherry is made from the juice of white grapes. The wine is fortified and blended; and wines from different vineyards and different vintages are blended together so that there is a continuity in style and character. There is no such thing as vintage sherry.

PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 has a great many different wines from many different countries to choose from, according to your taste. May we remind you that wine is a fine gift for special occasions — birthdays, anniversary of hostess gift. We also prepare gift baskets and will custom create one with the wines, cheeses and other items you select. Open: 10-10 Mon.-Thurs.; 10-11 Fri., Sat.; noon-10 P.M. Sun.

Woods Receives Report on Brys

This February marked the 28th consecutive month that no reported accidents occurred on Brys drive west of Mack, or on that portion of East Eight Mile road within Woods city limits, reported Public Safety Director Henry Marchand.

The director's report was unanimously received and placed on file by the council at its regular meeting Monday, March 22.

"Although the law of averages will eventually catch up to us and we will have an accident someplace in the area, I feel that 28 months without an accident continues to bear out the fact that Brys drive and East Eight Mile road are one of the safest areas within the city," said Director Marchand.

He reported 37 traffic violations were issued during February with 25 of them being for disobeying a stop sign.

This communication, among others received earlier in the year, stems from council action last December.

At that time, the solons asked Director Marchand to report on a 30-day basis as to the status of Brys traffic conditions after citizens appeared before the council on several occasions seeking relief from what they said was heavy vehicular traffic on their streets.

The director added the public safety department will continue to give special attention to the area.

League to See Colorful Film

Pierre and Elfrida Palmentier will present "Let's Cruise Western Europe!" at the Monday, April 5, meeting of the Grosse Pointe Cinema League in the War Memorial's Fries Auditorium at 8 p.m.

This 16mm color movie was photographed in August-September 1975 when the Palmentiers joined 100 other members of the Smithsonian Institution on a chartered yacht for an "Art and Architecture" study tour.

The cruise from Denmark to Portugal was in observance of Europe's Architectural Heritage Year, the slogan of which was "Preserving the Past for the Future."

While the ship traversed the Kiel Canal, the group visited historic Gottorf Castle in Schleswig-Holstein.

The Holland portion of the movie covers the museums of Amsterdam, the Royal Palace and the great Saint Bavo Cathedral of Haarlem, with a special invitation being extended to the travelers by Queen Juliana to visit her palace at the Hague.

The ship was the first passenger vessel ever permitted to travel the canal from Zeebrugge to Bruges, Belgium.

Special receptions were given by the mayors of the art treasure towns of Bruges and Ghent, and there are views of the magnificent Grand Place of Brussels.

The yacht travels up the picturesque River Seine to Rouen, famous for its quaint buildings and reminders of Joan of Arc. A visit is made to the rocky monestry area which has more Druidical remains than any other in the world.

The River Loire is traversed to visit some famous chateaux, such as Angers and the Chateau of the Dukes of Brittany at Nantes. A private dinner party was given by the marquis of Chateau Goulaine, which has been in the family for a thousand years. The old seaport La-Rochelle is photographed, and in the wine-growing areas near Bordeaux receptions were held for the group.

From the Spanish ports of San Sebastian and LaCoruna, overland tours are made to

Burgos, Santiago de Compostela and Santillane del Mar.

In Portugal, the first capital Guimaraes is seen, with the nearby castle of Henry of Burgundy.

Because of political unrest in Lisbon, the Palmentiers abandoned their plans to spend a week there after the cruise terminated and flew to London instead. The film closes with unusual views of Saint Katherine's Yacht Harbor and Marine Museum near the historic Marine Bridge.

The public is invited to view the program without charge. A reception for Cinema League members follows the presentation.

The man who manages to make his own way is the only one who actually gets his own way.

Blues Capture Pee Wee Crown, Await Nationals

By Haig Avedisian

The Grosse Pointe Hockey Association entry in the Michigan Open Pee Wee Division brought home the State Championship for the second straight year in the state playoffs held Friday-Monday, March 12-15, at Port Huron.

The Grosse Pointe Blues, coached by Stu McLaren and assistant coach Carl Merlo, and managed by Don Hiles, swept through a five-game tournament besting Little Caesars, Paddock Pools, Lincoln Metal Products, Port Huron and the Michigan Stars.

In the first contest, the Pointers handily defeated Little Caesars, 4-2, on goals from Mike Fredal, Steve Valice, Scott Seaver and Don Elland.

On Saturday morning, the Blues were paired against Paddock Pools and the Pointers were victorious, 2-1, in a hard hitting contest. Both Blues goals were scored by Mike Eugenio, with assists from Mike Fredal and Don Hiles, and from John Mueller and Mike Fredal, respectively.

On Saturday afternoon, playing against Lincoln Metal, the Blues were guilty of defensive lapses probably attributable to a letdown from the hard contest in the morning. Fortunately, Eugenio with two goals, Seaver, David Merlo, Elland and Fredal with one each provided sufficient scoring punch to overcome the four goals of Lincoln Metal.

Contributing to the goals were John Klein with five assists, Mueller with two and Fredal and Elland with one each. The free-wheeling game ended 6-4 in favor of the Pointers.

In the semi-final played Sunday morning, the Blues faced Port Huron and won 3-0 with Nick Melnyk and Pat McKee sharing goal tending duties. Their solid work in goal and the fine defense provided by Valice, Klein, Tom Koltvedt and Paul Treder were major factors in the shutout.

In the finals, the Blues' scoring power clicked early in the first period on three quick goals. The hard-checking defense furnished by the Tom Smith, Eric Avedisian, Tim Luzadze line was a major factor in frustrating the efforts of the Stars who seldom crossed the Pointer's blue line.

The defense corps of Klein, Koltvedt, Valice and Treder turned back the few charges mounted by the Stars and Melnyk and McKee in goal had little difficulty in blanketing their opponent.

The final score of 6-0 and the win by the Grosse Pointe Blues of the State Championship was the culmination of a weekend of superb hockey.

In the Stars game, Eugenio had the hat trick and Fredal, Merlo and Seaver each scored once with Klein receiving five assists, Fredal, two, Hiles and Mueller, one each.

After the tournament, State All-Star Awards were made to the six best players in the entire tournament. One was awarded to Nick Melnyk, as goalie; Mike Eugenio, as a forward; and John Klein as a defenseman.

No team other than the Blues took such a collection of honors.

Coaches McLaren and Merlo deserve special recognition for bringing a lightly regarded team to a full realization of its potential.

The Blues now journey to Philadelphia to participate in the National Championship playoffs which will be held Friday-Sunday, April 2-4, at the University of Pennsylvania arena.

A 'Hot Dog' on Skis—Tracy Sets Sights on Olympics

By Tom Greenwood

Eleven-year-old Tracy Edwards has been skiing since before she was born. Thanks to her mother, of course, Tracy, a sixth-grader at University Liggett, put on her first pair of skis when she was two-years-old.

Since then, going downhill has been tops with her. As a member of the United States Ski Association, (USSA), Central Division-Region Three, she recently won three medals skiing competitively in Wisconsin. The medals, just as in the Olympics, were gold, silver and bronze.

The USSA is the official sponsoring selection organization for the U.S. Olympic

Ski Team. Skiers earn points in the USSA that enable them to work their way towards the Olympics. The regional divisions are the grass-roots of the organization, where future champions are trained.

Tracy would like to win a real gold medal at the 1984 Olympics, but she'll have to work hard to earn it.

Tracy won her medals competing against 20 other girls in her age group representing four other skiing regions in the U.S. She captured two medals, the gold and the silver, for her competition in the slalom and giant slalom. She won her third medal for her overall score.

Tracy's parents, Allen and Terry Edwards, of Moross road, are dedicated skiers who make sliding on snow a family affair. Following in Tracy's ski tracks is her eight-year-old sister, Susan, who uses any equipment Tracy outgrows.

"It's better if lots of people in a family ski," said Mrs. Edwards. "That way you get more use out of the equipment."

Tracy trains with her coach, Tom Gratsch, every Wednesday after school. On weekends, the entire family heads north to Mount Brighton and to Boyne Highlands. Skiing isn't all training and competition to Tracy. She's also a dedicated "hot dogger."

"I like to 'hot dog' a lot," said Tracy, with a smile. "I can ski on one leg and also pull 360's." (full circles while skiing). She isn't ready yet for mid-air somersaults.

During the off season, Tracy keeps in shape by playing little league baseball in the spring, goes to camps in the summer and plays basketball during the fall.

She also runs errands to earn money for new skis.

"I save what I earn at odd jobs, plus any money I get on my birthday and from my allowance," said Tracy. "That's how I got my last pair of skis."

Mom and Dad also have been known to chip in and help out on occasion.

With warmer weather coming on, it'll soon be time for Tracy to trade in her skis for a baseball bat. Training for the Olympics is hard, tiring work, but Tracy loves it. The only thing she doesn't like about skiing is racing downhill with her mouth open.

Her braces get cold.

Woods Okays License Bid

An application for a vendor's license to pick up newspapers at the curb was unanimously approved by The Woods Council at its regular meeting, Monday, March 22.

The license, which was requested by Raphael Bernardi, of Hawthorne road, was previously okayed by Public Safety Director Henry Marchand. This makes Mr. Bernardi the second refuse vendor who's licensed for this year.

FINIS

The pathetic part about it is that some college students find that the final exams are final.

Pointe Girls Place in Finals

Megan Montagne and Cindy Gannon of the Grosse Pointe Swim Club placed in the finals of 13 events at the Girls State Championships held at Alma High School Friday-Sunday, March 19-21.

Megan, representing the 15-18 age group, placed first in the 200 individual medley with a time of 2:16.2. She also placed second in the 50 free, fourth in the 100 free, fifth in the 100-yard breast and 200-yard breast and fifth in the 100-yard backstroke.

Cindy, representing the 10 and under age group, placed first in the 100-yard free, (1:04.2), and first in the 200-yard free, (2:18.5). She also placed second in the 100 IM, 100 fly, and third in the 200-yard IM and 50-yard fly.

The fine performance by Megan and Cindy will enable them to represent Michigan at Cleveland State University on Saturday, April 10, for the Bicentennial Dual Meet against Lake Erie Ohio AAU Associations.

Other swimmers representing the Grosse Pointe Swim Club and placing were Whitney Whemple and Sara McLeod. Whitney, in the 13-14 age group, placed ninth in the 100 back and 13th in the 200 back. Sara, in the 11-12 age group, placed 10th in the 50 breast and 13th in the 100 breast.

Cubs at Kerby Conduct Derby

Cub Scout Pack 481 of Kerby School held its Pine-wood Derby Races on Monday, March 22, in the school gym.

Tommy Keller, a Webelos, won both first place in the pack competition and the most novel design with his Spark Plug car.

Second place and best design awards went to last year's winner, Craig Beetz, a Bear. Joel Palombo, a first year Wolf, won third place in the pack competition with his gray mouse car and fourth place was awarded to Paul Grammatico, a Bear.

The best paint job went to Tucker Holland, a Bear, for his yellow dream car.

In the Den competition, for which the top finishers were ineligible, Den One was won by Stephen Goodrich; Den Two, Dennis Luz; Den Three, Freddie Fordon; Den Four, Eric Dolson; Den Five, David Spindler; and Webelos, Bill Dorman.

The pack is planning its annual Bike Rodeo at the Farms Park, and its Blue and Gold Awards Banquet on Monday, April 26, at the Kerby Gym. The Cub Master is Tom Smith and the Den leader coach is Sue Askew.

The final test of good manners is the way we treat people we don't expect to meet again.

Austin Baseball Opens April 12

Austin varsity baseball coach Gary Buslepp has announced his Austin team will open its 1976 baseball season in a double-header against North High School on Monday, April 12, at North. Game time is 3:30 p.m.

The Friars will be competing in the "A"-East Catholic League this year against such powerhouse squads as Saint Clements and Saint Ladislaus. Facing a 29-game schedule, the Austin nine are coming off their first winning season in 10 years. They are rated seventh in the State in the Class "B" division.

The Austin team will be led by captain-catcher Dino Carbone, All-Catholic centerfielder Dick Boland and third baseman Phil Colletti.

Rounding out the coaching staff are assistant varsity coach Greg Boos and JV coach Frank Swaney.

Frank Willard Wins Tourney

The 1976 Windsor Tudor Racquet Club Tennis Tournament in Windsor, Ont., was recently won by Frank Willard, of Moran road. The 18-year-old Willard defeated Walter Robinson of Detroit, 6-2, 6-4, in the semi-finals and Dave Bailingall of Kalamazoo, Mich., 6-7, 7-6, 6-3, in the finals in the 18-year-old division.

Willard was accompanied by his coach Ken Angyal of The Park and is a member of the Austin High School tennis team.

Films to Mark Library Week

The Friends of Grosse Pointe Public Library will celebrate National Library Week, April 4-10, with a special film program for children.

The children's department will show the film version of the American classic "Tom Sawyer."

The hilarious incident of white-washing the fence, plus the escapades with Huck and the cave adventure, all have been brought to the screen in a delightful production by David O. Selznick.

"Tom Sawyer" will be shown at all three branches at the following times: the

Pair Sentenced For Attempt BE

Two men, who pled guilty to a charge of attempted breaking and entering of an occupied dwelling with intent to commit larceny, were sentenced to six months in the Detroit House of Correction.

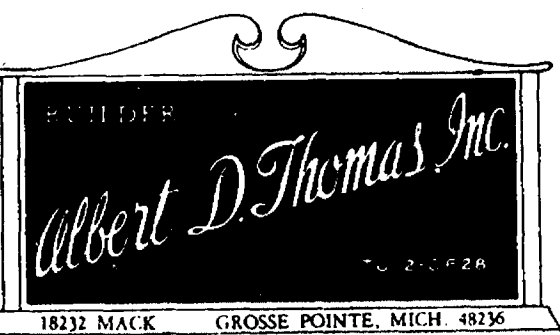

Richard Allen Pretty, of Mount Clemens, and Edward William Bogan, of Mio, Mich., also were placed on three years probation when they appeared before Wayne County Circuit Court Judge James Canham last month.

The pair were arrested last August after they reportedly burglarized a Hollywood avenue home.

Park Fire Losses Show Rise over Previous Year

In an annual fire report submitted to The Park Council on Monday, March 22, Chief Phillip Costa disclosed that the fire loss in the city was higher in 1975 than in 1974.

He attributed the increase to several large fires and the high cost of materials and labor.

According to the chief's report, the residential building loss amounted to \$169,680.11; the commercial building loss, \$1,200; contents, \$117,668; and automobiles, \$4,699.04. This makes a total loss of \$293,217.15 for last year as against a loss of \$208,404 in 1974.

The total value of buildings involved was set at \$10,678,000, contents, \$1,892,450, and automobiles, \$23,800. This makes an overall total of \$12,594,250. The chief pointed out the fire loss per capita on a population of 15,641 is \$18.74.

The fire department ambulance made a total of 473 runs last year, conveying 380 persons to the hospital, of the 450 receiving a ambulance service. The ambulance also made nine runs to The City and one to The Farms.

"Our ambulance this year, (1975), serviced the residents of The Park with trained and licensed personnel, and patients were given professional type first aid," Chief Costa said.

"A fee of \$40 was placed on all ambulance runs that required transporting patients to a hospital. This fee was

Scouts Present Flag to Ferry

Ferry School Girl Scout troops recently gathered to present a Bicentennial flag, standard and pole to the school in appreciation for the use of its facilities and support received from personnel and parents.

The program began with a flag ceremony conducted by Junior Girl Scouts. The Juniors then taught a variety of songs and games to the Brownies, who provided cupcakes, decorated with small flags.

Hostesses were members of Brownie Troop 319, under the direction of Mrs. Sarah Frakes, and co-leaders Mrs. Marge Adams and Mrs. Carolyn Mermer. Guests included Brownie Troops 378 and 379 and Junior Troops 303, 537, 204 and 1277.

The program was planned in conjunction with Girl Scout Thinking Day in observance of the Bicentennial.

Proclaim Week for Symphony

The mayors of the Grosse Pointes have proclaimed May 17 through 22 as "Grosse Pointe Symphony Week," according to Mrs. Paul Kelley, the general chairman of the Grosse Pointe Symphony Women's Committee.

The officials who have participated in this plan to honor the fine local orchestra are Matthew C. Patterson, Grosse Pointe Park; John L. King, Grosse Pointe City; James H. Dingeman, Grosse Pointe Farms; Benjamin W. Pinkos, Grosse Pointe Woods; and Gerald C. Schroeder, village president of Grosse Pointe Shores.

The Women's Committee, which has been the support organization for the Symphony since 1965, hopes during this May week to focus the attention of the community on the achievements and financial needs of the orchestra, which brings live classical music to The Pointe and also provides a platform for local musical talent.

To this end the Women's Committee will stage an outdoor "Market Day," to be held on Saturday, May 22, at Grosse Pointe North High School. Mrs. Lyndie R. Martin is chairing this day-long Symphony benefit, which promises good shopping and good fun for all the family.

The "Market Day" attractions will include a bake sale, a flea market, a plant booth, an art exhibition and sale, a stall with antique and quality frames, a snack bar, music, celebrities and a 60-40 resale shop for Pointers who have little treasures or heirlooms they would like to dispose of on a percentage basis.

Those who wish to make donations to the flea market or to inquire about arrangements for the 60-40 shop are invited to phone 822-7141 for further information.

The opening day of "Grosse Pointe Symphony Week" will feature the Membership Tea of the Grosse Pointe Symphony Women's Committee, to be held on Monday, May 17, at the home of Mrs. Robert J. Crossen, of Tonnancour. Mrs. Kenneth L. Kimmel is chairman of this event, which will introduce interested women to the organization.

The Grosse Pointe Symphony Society has also scheduled its annual meeting and dinner for Symphony Week. It will be held on Tuesday evening, May 18, beginning at 6:30 p.m. at the Lochmoor Club.

GPW Responds To LCC Letter

A State Liquor Control Commission (LCC) letter, citing an application for a new full year Class C license in The Woods, was acknowledged by City Administrator Chester E. Petersen based upon the council's authorization at its regular meeting Monday, March 22.

In his letter, Roger J. Rosendale, director, licensing and enforcement division, LCC, requested that the application from Anthony John Ferlito, for a new license at 20745 Mack avenue be incorporated to a list of other applicants regarding the 12 remaining licenses, (according to the LCC), to be allocated within the city in accordance with the 1970 Federal decennial census.

However, in reply, Mr. Petersen told Mr. Rosendale there's litigation pending between the city and the LCC over the issue of whether or not the city council may signify its approval of any additional Class C licenses in the community.

As a result, he continued, the request of Mr. Ferlito will be held in abeyance pending the resolution of the legal issues.

On the legal front, the municipality via unanimous council action last April instituted a lawsuit against the LCC. In a Wayne County Circuit Court hearing last May, Judge William Leo Cabalan issued a temporary restraining order stopping the LCC from issuing any additional licenses during the pendency of the suit or until further order of the court.

The Attorney General's office filed an answer in mid-May to the lawsuit in which the LCC acquiesced to the issuance of the temporary injunction. At this point, the temporary injunction still stands pending further court proceedings.

Austin Orators Enjoy Success

The Austin Forensics team, under the direction of Rev. James Sheridan, qualified three students for the National Tournament at a recent Detroit Catholic Forensics League Grand Tournament.

Tim Ruwart and Bob Neville, who finished first and third, respectively, in the Men's Oratory, and Tom McDonald, who placed fifth in Men's Extemporaneous Speaking, will compete in the Nationals at Southfield in late May.

Other Austin presentations which placed in the Grand Tournament but did not qualify for the Nationals were Brian Sullivan, with sixth place in Humorous Interp.; and the Multiple Readings "Pardon Me, Is This Planet Taken?" "Born on the Fourth of July" and "The Nymph and the Lump," which took first, second and third, respectively.

"Pardon Me" also is champion of the Warren Silver Cup Invitational and runner-up in the Birmingham Invitational.

Another Austin student, Darryl Schimeck, received a

What Goes On at Your Library

By Arthur M. Woodford
Chief of Central Library

Be careful what you do today for it is the first of April—All Fool's Day.

Although this holiday has been celebrated for hundreds of years, nobody seems to know just when or why the first day of April was dedicated to foolishness and to playing pranks. Some speculate that it derives from an ancient New Year festival celebrated at the vernal equinox. It bears certain resemblances to Hilaria, an ancient Roman festival in honor of a nature goddess, which was celebrated on March 25.

Most likely, however, the day is of independent origin. At least that is the opinion of Robert J. Myers in his book CELEBRATIONS: THE COMPLETE BOOK OF AMERICAN HOLIDAYS, (Doubleday). But whatever its roots, the timing of April Fool's Day is certainly appropriate, since it occurs during that part of the year when nature fools men with capricious changes from showers to sunshine.

In his volume THE AMERICAN BOOK OF DAYS, (H. W. Wilson), George William Douglas states that the origin of April fooling may have originated with the French, following the Gregorian calendar change of January 5, 1582, when the New Year was moved from March 25 to January 1.

Originally, New Year festivities lasted until April 1, when presents were exchanged and formal visits made. When the year was set back to January 1, people claimed that mock presents were exchanged and formal visits made, in order to show up the foolishness of those who had forgotten the holiday.

Today in France the person fooled is called a "poisson d'avril," an April fish. Whether this is because the sun is leaving the zodiacal sign of Pisces at the time or because April fish are easily caught, no one knows.

The practice of April fooling in England is said to have begun in the 18th century as the English did not reform their calendar until 1752. But even this is not certain says Dorothy Gladys Spicer in her YEARBOOK OF ENGLISH FESTIVALS, (H. W. Wilson). As noted in POOR ROBIN'S ALMANACK for 1780:

The first of April, some do say
Is set apart for All Fool's Day:
But why the people call it so,
Nor I, nor they themselves do know.

Miss Spicer also mentions that whenever anyone indulges in April fooling in England, the victim is sent on "fool's errands" up to 12 noon. Any attempt to pull a prank after that hour, however, may be met with the reply:

Up the ladder and down the wall,
You're the greatest fool of all.

In northern England and Scotland, the name "April Gawk," (the gawk is a cuckoo), is given to anyone who is duped, while in Yorkshire "April Noddy" is the name applied to the victim.

The colonists, of course, brought with them their holiday customs, including April Fool's Day, when they sailed to the new world. The holiday has survived to this day and while it is now largely a children's holiday, Douglas reports on this one interesting adult prank.

It has been common in cities in which there is an aquarium or a zoological garden for a man to tell another in his office to call up such and such a telephone

number, giving the number of the aquarium or the zoo, saying that a "Mr. Fish" or "Mr. Camel" wished to speak to him. This custom became such a problem to the people at the Aquarium and zoological garden in New York City that "they have their phones disconnected on April 1."

In addition to the history of April Fool's Day, William S. Walsh discusses the history of the word "April" in his tome CURIOSITIES OF POPULAR CUSTOMS, (Lippincott). He states that the origin of the name is lost in the mists of antiquity. The most commonly accepted theory is that it is derived from the Latin verb "aperire," meaning "to open," in allusion to the opening of buds on trees and plants at this season. The Anglo-Saxons called the month Ostermonath or Eastur-monath from Ostre or Eastre, the goddess of spring.

If you would like to know more about the month of April, or April Fool's Day, or any holiday for that matter, stop in at your library. You may be surprised to find how easy it is to get an answer to that seemingly unanswerable question—and that's no joke!

Center Starting Two Classes

Two Pointers will present classes at the War Memorial in the fields of art and music this spring. They are Hungarian born sculptor Frank Varga, who maintains his studio in the Grosse Pointe Academy building, and Harvard graduate and president of Pro-Music, Alexander Sucek, who has taught guitar at the Center for the past decade.

Mr. Varga's sculpture classes convene on Thursdays, April 1-June 10, from 8-10 p.m. Pupils work in clay and also may have their works bronzed in Mr. Varga's own kilns. Students are directed individually along either traditional or contemporary lines. The fee for the term is \$45.

Mr. Sucek's folk guitar classes begin their spring term Monday, April 5, and continue on Monday evenings through June 14. The beginners group meets at 8:45 p.m. and the intermediate course II starts at 8 p.m. The fee is \$22 for 10 weeks.

Every student learns chords and songs in many languages and learns to accompany himself and others. Increasingly difficult chords and combinations are mastered as the student progresses.

Lions to Hold Eye Screening

A request from The Woods Lions Club to park the Michigan Lions Sight Mobile in the municipal parking lot at Ghesquire Park was unanimously approved by the council.

This action was taken at the regular meeting Monday, March 22.

The sight mobile will be utilized for the club's annual glaucoma screening for citizens of the city and the surrounding area on May 2.

Prior to the council's approval, the club had received the permission of the Grosse Pointe Woods-Shores Little League to have the trailer in the annual league parade.

Dr. Robert G. Nesom, OD, expressed his hope that residents will avail themselves of "this community service" following the parade.

From Another Pointe of View

By Janet Mueller

The Friends of the Cathedral Church of St. Paul, with the support of the Michigan Council for the Arts, will sponsor the sixth annual performance of Bach's "St. Matthew Passion" this Sunday afternoon.

It's set for 4 o'clock at the Cathedral, Woodward avenue at Hancock street, Detroit, and will feature the Cathedral Chamber Orchestra and Singers, the Cathedral Boy's Choir and guest soloists, including Grosse Pointe's own Roma Riddell and former Grosse Pointe Memorial Church soloist Cynthia Blough, who recently returned from West Germany where she was under guest contract with the Regensburg Opera Company.

It's all under the direction of yet another Pointer, Elwyn Davies, of Cranford lane, the Cathedral's organist-director of Music.

Mr. Davies, a graduate of the University of Manitoba, Winnipeg, has had specialized training at the Royal School of Church Music at Canterbury, England. He has been organist-choirmaster in several Canadian parishes and cathedrals, and at St. Bartholomew's Church, Dover, England.

In addition to his position at St. Paul's, he is a Special Commissioner and Guild Advisor for the Royal School of Church Music, director of the Birmingham Musicales String Orchestra, member of the Berkshire Boy's Choir, (Tanglewood, Mass.), Music Advisory Board and president of the American Cathedral Organists Association.

Ibex Is Presenting American Comedy

'George Washington Slept Here' Proceeds Will Benefit The Grosse Pointe War Memorial's Art Department

Ibex feels it has accomplished a real coup in casting the area's best and most qualified actors for its revival of the Moss Hart-George S. Kaufman comedy "George Washington Slept Here."

The play will be presented two evenings, Friday, April 9, and Saturday, April 10, at 8:30 o'clock in the Grosse Pointe War Memorial's Fries Auditorium.

Tickets, at \$5 each, are available at the Grosse Pointe War Memorial office, 881-7511, or by calling 886-9364 or 884-5525. Proceeds will benefit, appropriately, the War Memorial's Art Department.

The production is being directed by Alice Thorne Finney. Eight distinguished Ibox actresses, the Mesdames Milton Volkens, J. Johnson Lackey, John Baetz, Jr., Frank Parcells, Arnold Combrinck-Graham, Jr., Mike Mikos, Robert Smart, Jr., and William Turner, Jr., complete the roster of performers, which includes Messers Thomas Fox, Kenneth Howard, Mark Perry, John Peters, Mike Mengden, Dr. Brooks, W. David Kludt, Dr. Frank Parcells and Tom Brandt, Jr., as the teenager.

General chairperson for the play is Arme Volkens—a real whirlwind, since she also has the leading role. Her assistants are Mrs. Charles Davis, III, and Mrs. Richard Lambrecht, Jr. Chairing other committees are Mrs. Toula Dirksen, set

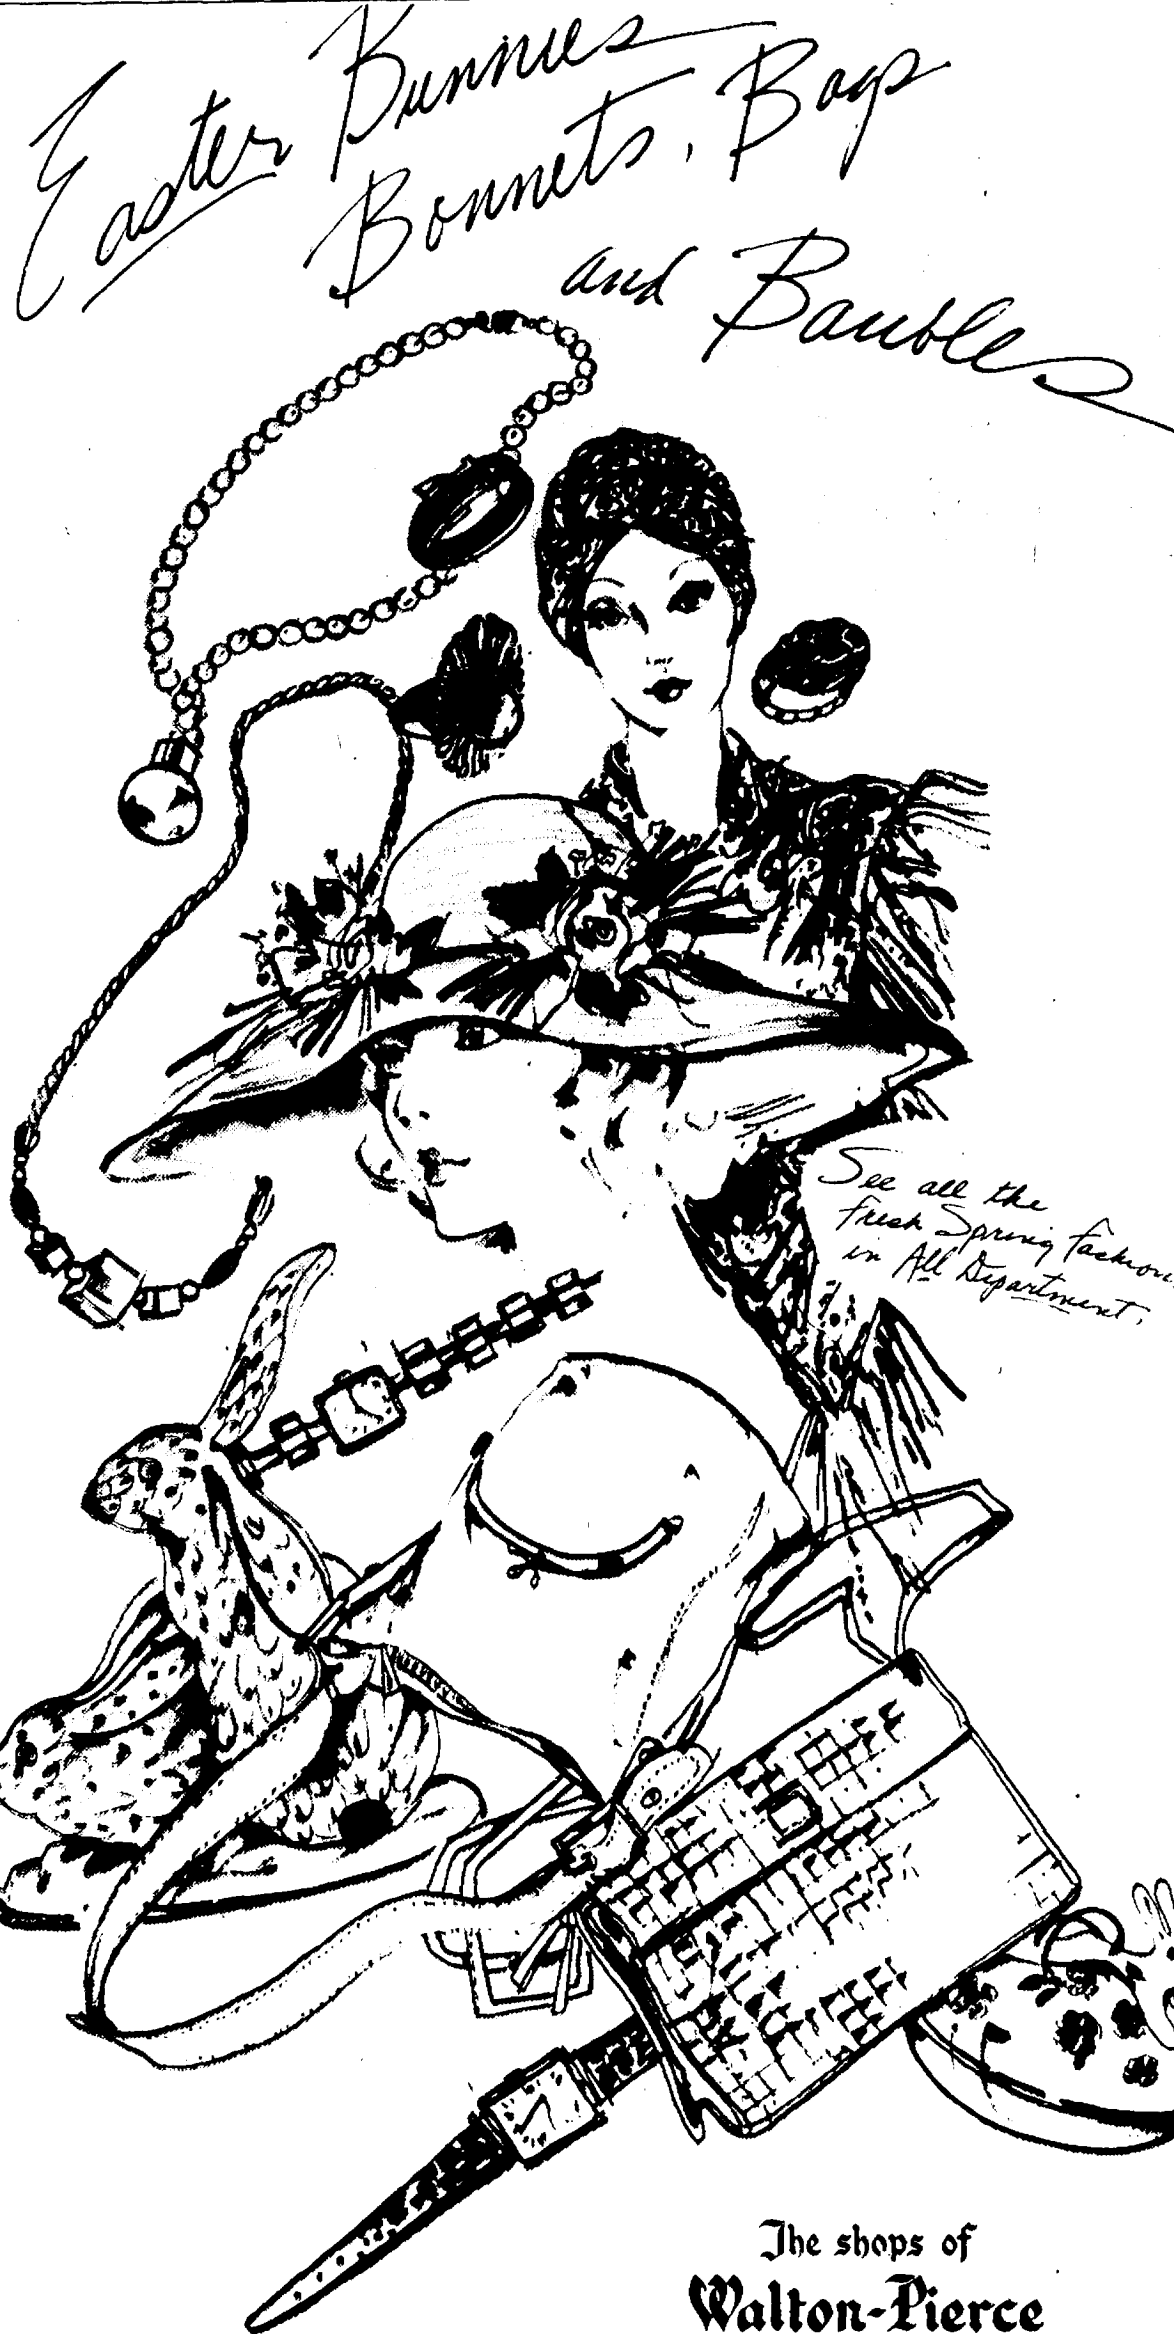

dresser; Mrs. John Hastings and Mrs. Joseph Mengden, properties; Mrs. John Adair, Jr., and Mrs. Turner, costumes; Mrs. Mikos, make-up; Mrs. Parcells, Mrs. John Renick and Mrs. Daniel Bowen, tickets.

Publicity is the responsibility of Mrs. William Montgomery, program of Mrs. Lackey and Mrs. Joseph Murphy, Jr. Mrs. Bowen is seeing to posters. Mrs. E. Brown Munger serves as stage manager, with Joe Lackey, Jr., and Curt Pruet on sound, Mrs. Davis on lighting and Harold Emmons, Jr., managing the stage crew.

Mrs. Jack Rosch will provide the music, Mrs. Guy Willets the ushers.

Mrs. Justin Giltner, whose knowledge of theater arts is no less impressive than her way with a hammer, designed the set and is supervising its construction. Mrs. Giltner's co-chairperson Mrs. Donald Stewart reports that behind-the-scenes work is progressing well... with the indispensable help of Ibox husbands and sons.

Qualification for Ibox membership, (it's by invitation only), is an artistic "bent" — so the club is a multi-talented group, with interests in all facets of the arts.

This is a hair that used to be grey.

It didn't like being that way. So it came to us and said make me a pretty warm rich brown again. And we did. And now it looks years younger and feels years younger and is enjoying life all over again. We don't always think grey should be eliminated. Some heads turn that way magnificently. Others only seem to wash and washed out. If your case is the latter, see us. We know how to make big bad grey go away. Like that.

'Spring In Focus' Benefit For Grace

Fashion Brunch Party Proceeds to Be Directed Into Fund for Special Medical Equipment; Two Pointers Will Model

"Grace Focuses on Spring" is the theme for the annual fashion show and brunch planned by the Women's Auxiliary to The Grace Hospital this Sunday, April 4, at Raleigh House. Co-chairpersons are Mrs. Oswald Bostic, of Southfield, and Mrs. Kim K. Lie, of Bedford road.

Their committee members include Mesdames M. A. Aussie, John Bielwaski, Edward Heil and Paul Somlyo. Mrs. Stephen Senecoff, of Bloomfield Hills, is Auxiliary president.

Following the noontime brunch, spring and summer fashions from the men's, women's and children's departments of Himelhoch's will be modeled by Auxiliary

members, staff physicians, a student nurse from The Grace Hospital School of Nursing — and a surprise guest.

Mrs. Charles Himelhoch will moderate the show.

Tables of 10 will be set up to encourage family participation. Party proceeds will be directed into a fund for special medical equipment. (In December, the Auxilia-

Tri-Sigma to Hold State Day April 10

Five Tri-Sigma area alumnae groups gathered Saturday, March 13, in the Banquet Room of the Golden Lion to honor seniors of Omicron and Beta Tau collegiate chapters at Eastern Michigan University and the University of Detroit. Hostesses were the Grosse Pointe Daytime Alumnae.

Mrs. Robert E. Kotas, of Harvard road, mistress of ceremonies, opened with greetings from Tri-Sigma's National Executive Council.

Mrs. A. Raymond Ebaugh, president of Royal Oak's Detroit Alumnae Group Number One, and presidents of the two Grosse Pointe groups, Mrs. John W. Nelson, of Washington road, and Mrs. Michael T. Welsh of Berkshire road, spoke on sorority philanthropy, extension and Joy Through the Years.

News of national and local Panhellenic activities was reported by Tri-Sigma Detroit Panhellenic Council delegates Mrs. Robert Hoffman and Mrs. Joseph Pawlik.

Mrs. Ronald C. Morketter, of Bedford road, and Mrs. Robert C. McCort welcomed and seated the guests. Mrs. Robert E. Quarters, of Lincoln road, assisted Mrs. Jay Jodway, of Balfour road, officiant at the "send-on" ceremony ushering collegiates into alumnae life.

Silver trivets inscribed with Sigma Sigma Sigma were presented to the 13 collegiate honorees.

Tri-Sigma collegiates including groups from Adrian College and Central, Northern and Western Michigan Universities and alumnae throughout Michigan are making plans to attend Sigma Sigma Sigma Day Saturday, April 10, on the University of Detroit campus.

Social hours, skits, singing, workshops, boutique tables and displays of scrapbooks and philatelic projects will be featured.

Guest of honor is Mrs. Gerald O'Hara, of Elmhurst, Ill., Tri-Sigma's national alumnae chairman for Illinois, Indiana, Michigan and Wisconsin.

Gem of a Program for Elizabeth Cass

Elizabeth Cass Chapter Daughters of the American Revolution will meet Monday, April 5, at noon in the Touraine road home of Mrs. R. J. Hummel for a dessert luncheon. Mrs. Hummel will be assisted by Mrs. Leo Hardwick and Mrs. Clarence Marr.

W. Michael Williams, president of Charterhouse and Company, will speak on jewelry and antique silver. He plans to include historic anecdotes about jewelry belonging to famous Americans. Using slides, he will explain how to judge good quality gem stones.

A question and answer period will follow his illustrated lecture. A display of antique silver and jewelry will be featured.

Mr. Williams, who holds degrees in the fields of

Chemical Engineering and Gemology, is an expert in the identification and appraisal of gem stones. He is also knowledgeable and interested in antiques.

Included in his slides are a few interior scenes from "Stonehurst," home of the late Mrs. Joseph Schlotman. Selected pieces from Stonehurst — the marble fireplace once part of the reception room, beautifully carved wood from the mansion's hallway and leaded glass from its windows—may now be seen at Charterhouse headquarters in the Village. The pair of ornate sconces on the store front, fashioned from a variety of brass made to imitate gold, came from a train station in Bay City.

WILLIAM S. FISCUS, of Balfour road, was presented a "resolution of commendation" recently, in recognition of 37 years of devoted service to Boy Scouting, by Wayne County Commissioners CLEMENS E. BYKOWSKI and JARRETTE SIMMONS. Mr. Fiscus is Scoutmaster of Troop/Post 244.

June Bride

Plans for a June 26 wedding in Saint Michael's Episcopal Church are being made by BARBARA LYNN BODY-COMBE and David P. Handke, Jr., whose engagement has been announced by her parents, Mr. and Mrs. Alan E. Bodycomb, longtime Pointe residents who moved recently to Los Gatos, Calif.

The bride-elect received her Bachelor of Arts degree in Education from Western Michigan University and her Master of Arts in Guidance and Counseling from Eastern Michigan University. She was a founder of Phi Kappa Tau Little Sisters.

She is currently teaching elementary school in Monroe.

Mr. Handke, son of Mr. and Mrs. David P. Handke, of Shaker Heights, O., was graduated from Vanderbilt University with a Bachelor of Engineering degree and received his Masters in Business Administration from Ohio State University.

His fraternity is Delta Kappa Epsilon. He is a research and investment analyst with Detroit Bank and Trust.

Richard Adair To Claim Bride

A June wedding is being planned by Melissa Brooks Malm and Richard Herbert Adair, whose engagement has been announced by her parents, Dr. and Mrs. James R. Malm, of Irvington, N.Y. The bride-elect is an alumna of The Masters School, Dobbs Ferry, N.Y., the University of Utah and the College of the Atlantic.

Mr. Adair, son of Mr. and Mrs. J. Douglas Adair, of Stratton place, is an alumnus of University Liggett School and Eastern Michigan University, where he affiliated with Beta Theta Pi fraternity.

BARBARA MCSORLEY, of Kerby road, has been named to the fall semester Dean's List at Siena Heights College, Adrian, where she is a sophomore majoring in Child Development.

sion" production are Bob Wollard, of McKinley avenue, member of the Cathedral Chamber Singers, and Boy's Choir members Benjamin Liston and Eric and John Steinhauer.

Joining soprano Roma Riddell and mezzo-soprano Cynthia Blough as guest soloists will be tenor Edward King and basso Ara Berberian, of the San Francisco and New York City Opera Companies, performing in the Cathedral's 18th century setting, framed against a backdrop of stained glass windows portraying scenes in the last week of Christ's earthly life.

A \$4 donation at the door as general admission, (\$2 for students and Senior Citizens), is suggested. Friends of the Cathedral will provide coffee, tea and dessert at a planned supper break midway through the concert.

Michigan Art Journal

Volume One, Number Two of Michigan Art Journal, the new art quarterly edited by former Pointer Sylvia Wilkinson Murphy, is due out this month, but if you hurry you may still be able to pick up a copy of Number One, with its fascinating article on "A Chance Encounter with the Grand Wazoo," Jim Pallas' remarkable computer sculpture commissioned by Mr. and Mrs. B. Courtney Rankin.

The Journal, first of its kind in the state, is designed to appeal not only to the pro's, artists, galleries and patrons, but to the public at large. It was initiated under a grant from the Michigan Council for the Arts, (same group that's supporting the "St. Matthew Passion"), and is fast becoming everyone's pet project, from the man down the street to Betty Ford.

Speaking of Michigan artists... Mary Ewald, of Maryland road, who has exhibited at the Grosse Pointe War Memorial, Lafayette Park and Ann Arbor Art Fairs, is currently winding up her second one-woman show, (it closes tomorrow), at the

Miss Azar Speaks Vows March 27

She Fashions Gown in Which She Is Wed to Gary James Beal; Two Sisters Serve as Bridesmaids at Evening Rites

Returning to Juneau, Alaska, where he owns a taxidermy shop and she is a Special Education teacher working toward a Masters degree, are Mr. and Mrs. Gary James Beal, who were married Saturday evening, March 27, in Faith Presbyterian Church.

The bride is the former Merriam Azar, daughter of Mrs. Fred Azar, of Crestwood drive, and the late Mr. Azar. The bridegroom is the son of Mr. and Mrs. Donald D. Beal, of Warren.

The 6 o'clock small, family ceremony at which Richard C. Smith presided was followed by a reception at Griss

Questers Hear Talk on Lights

The Windmill Pointe Chapter of Questers gathered Monday, March 22, at the Beaufort avenue home of Mrs. Stanley Kenn for Dorothy Lander's program on Candlesticks, Lamps and Lanterns.

The Betty Lamp, Fairy Lamp, Gone With The Wind lamp and pierced tin lantern were among items mentioned by Mrs. Lander in her talk on early lighting.

Hall during which the couple cut a wedding cake baked in the shape of their fishing boat, "Helena."

The bride designed and fashioned her satin-skirted wedding gown, accenting its sheer bodice and sleeves with embroidery and hand-beading. Flowers framed her long veil. Sweetheart roses were featured in her bouquet.

Honor maids Jeri Joseph and bridesmaids Sandra Azar and Mrs. Thomas Brooks, sisters of the bride, wore frocks of blue and green floral-printed sheer.

Best man was Chris Lessnoff. Robert Smykila and Edward Azar, the bride's brother, seated the guests.

Flower girl and ring bearer were the bride's niece and nephew, Jennifer Lynn Kentall and Matthew Azar.

Mrs. Gary J. Beal

Marriage vows were spoken Saturday, March 27, in Faith Presbyterian Church by MERRIAM AZAR, daughter of Mrs. Fred Azar, of Crestwood drive, and the late Mr. Azar, and Mr. Beal, son of the Donald D. Beals, of Warren.

Mrs. William Wilson Heads Detroit AOPi's

Mrs. William Wilson, of Wedgewood drive, was elected president of the Detroit Alumnae Chapter of Alpha Omicron Pi at a recent business meeting at the home of Mrs. David Adams in St. Clair Shores.

Mrs. Wilson will also serve the group as senior Panhellenic delegate. Mrs. Martin Hawley, of McMillan road, was named publicity chairman and historian.

Other Pointe members in attendance included Mrs. Mrs. Louis Neuder, retiring delegate and past-president of Detroit Panhellenic, and Mrs. Watson Ford, of McKinley avenue who will present a book review when she hosts the chapter's May meetings. The chapter's newly-elected vice-president Barbara Zolnierczak, who is president of the Detroit Area Council of Alpha Omicron Pi, reported on results of a Council-sponsored art auction held in March at the Gallery Art Center. Over 100 area alumnae attended. The sale netted a considerable sum to benefit the Michigan Arthritis Foundation.

The Arthritis Foundation is AOPi's national philanthropy. At the sorority's biennial international conventions, research grants are made to American doctors concerned with the cure and treatment of this disease.

Several Detroit Chapter members are involved in plans for a regional convention of Alpha Omicron Pi to be held in June on the Eastern Michigan University campus.

WSU Alumni Plan Reunion

Local Wayne State University alumni and friends will join alumnae from southern Macomb County and Harper Woods at their annual reunion Wednesday evening, April 21, in WSU's Hilberry Theatre.

A special block reservation plan for opening night of William Saroyan's "The Time of Your Life" has been arranged to enable alumni

pus in Ypsilanti. Mrs. Wilson will attend as delegate for the group. Mrs. Hawley will serve as publicity chairman for the convention. Miss Zolnierczak will participate as regional extension chairman.

Tuesday Musicales Sets April Concerts

Tuesday Musicales of Detroit, Mrs. Burt E. Taylor, Jr., of Ridge road, president, will present its annual Student League Concert next Tuesday, April 6, at 10:30 o'clock in the Lecture Hall of the Detroit Institute of Arts.

The Student League consists of both male and female music students, ages 13 to 22, who have auditioned to become performing members. Many of their teachers are members of the parent group.

Mrs. Douglas P. MacIntosh is chairman of the Student League; her assistants are Mrs. James Gerlach, Mrs. H. H. VanHusen and Mrs. Edward Wilson.

Among participants in the concert will be Pointe pianist Suzanne Hull, flautist Vickie Blaszczkiewicz who will also solo in piano, soprano Jane Smith who will be accompanied by Mark Smith, pianist Peggy Gillis, another Pointer, and pianist Glen Polinski.

Robert Danforth and Michael Danforth will play the French horn and trombone. Rolf Von Walthausen will perform solos both in piano and marimba; his accompanist for the marimba solo will be Mrs. VanHusen.

Pointe pianist Laura Pickford will play a solo, as will pianist Carol Sterling. Deanna Perich will play a piano and a flute solo with Mrs. Wilson as accompanist. Also playing a flute solo will be Heather Mason, accompanied by Miss Blaszczkiewicz.

Pointe pianist Lynn Whitson will perform and accompany Kim Rockshaw in a cello solo. More pianists playing solos are Carol Kalafut and Leslie Blair.

Information regarding membership in the Tuesday Musicales Student League may be obtained by contacting Mrs. MacIntosh at 646-8882.

The Musicales' next regular concert, "Preludes to Spring," is set for April 27, at 10:30 o'clock in the museum's Lecture Hall, with Mrs. Wilson as chairman of the day.

The Tuesday Musicales Choral Ensemble, directed by Mrs. Clark Pardee, Jr., accompanied by Miss Mary Levack, will present a selection of early English and American folk songs.

Mrs. Adrian V. Wallace, of Broadstone road, violinist, and Mrs. Thomas I. Young, of Loraine road, pianist, will perform Mozart's Sonata No. 17, K. 526. Mrs. Robert Shover, of Hampton road, pianist, will play Etudes, Op. 2, No. 1, and Op. 8, No. 11, by Scriabin as well as two works by Liszt: "Au bord d'une source" from "Années de pèlerinage" and "Rhapsodie Hongroise, No. 15."

Mrs. MacIntosh will accompany Mrs. Donald I. Lahli, flautist, in Overture from a Suite in A Minor by Telemann, Gyula's Preludio and Howard Hanson's Serenade.

Tuesday Musicales closes its 1975-76 season May 4, with a performance of the Beaux Arts Trio from New York, (Menahem Pressler, piano; Isidore Cohen, violin; Bernard Greenhouse, cello), at 8:30 o'clock in Rackham Auditorium.

The public is invited to attend both the concert and a meet-the-artists afterglow. Tickets at \$5 per person, and at \$2.50 for the afterglow, may be obtained by contacting Mrs. Joseph Shaheen, 882-0710.

Bridging The Gap for Handicapped

Warming up to Bridge the Gap for the Handicapped are Pointers JULIE ISENBERG, MAUREEN SCHAEFER, JILL BEVIER and JUDY HELLMICH, (left to right), who consider their cards as they prepare for the marathon to be sponsored April 30 and May 1, 2, 7 and 8 by the Metropolitan Society for Crippled Children and Adults. The Society's goal is to have 5,000 tables in play throughout the metropolitan area. Information on how to host or join a foursome may be obtained by calling 341-4900.

Youth Concert Bonus Is Art

Detroit Symphony Orchestra conductor-in-residence Paul Freeman will lead the DSO in two performances of "Think Spring" at Young People's Concert this Saturday, April 3, in Ford Auditorium.

The concerts, at 11 and 2 o'clock feature Buffo the Clown as narrator/guide and the Just Moving Dance Company from the University of Michigan's Physical Education Department.

The program includes Benjamin Britten's "Young Person's Guide to the Orchestra" narrated by Buffo, Samuel Barber's Overture to "The School for Scandal" and Scott Joplin's world-famous "Entertainer" rag. It will close with the Just Moving Company in Ravel's "Bolero."

Buffo first appeared at DSO Young People's Concerts in October, 1974. The Just Moving Company performed at children's concerts in the fall of 1972 and again the following spring.

A special attraction this Saturday is an art contest, open to youngsters through age 12. Each may submit one drawing on the theme "Think Spring" for judging during the concerts.

Winners will be announced at the end of each concert. Prizes include season tickets to the 1976-77 DSO Young People's Concerts. Further details are available from the Symphony Office, 961-0700.

Tickets for the concerts, priced at \$3.50, \$2.50 and \$2, may be obtained at Ford Auditorium Box Office, 961-0700, all Hudson's and Montgomery Ward ticket outlets.

Prepare for 'Passion' Performance

ELWYN DAVIES, of Cranford lane, organist-director of Music at the Cathedral Church of St. Paul, is directing the sixth annual performance of Bach's "St. Matthew Passion" featuring St. Paul's Cathedral Chamber Singers and Orchestra, the Cathedral Boy's Choir and guest soloists. Tickets for the "Passion," to be presented this Sunday, April 4, at 4 o'clock at the Cathedral, are \$4 at the door, (students and Senior Citizens \$2). Advance tickets may be obtained at the J.L. Hudson Company ticket offices.

Plan Program on Rose Care

Mrs. George W. Johnson is opening her Berkshire road home for a Wednesday, April 7, noon luncheon and meeting of the Windmill Pointe Garden Club. Mrs. David C. Lowe, program chairman, has asked August Pokriefka, Rose Society board member, to talk on Rose Care.

Making a Date for Superwalk '76

Making a date for Superwalk '76 with JOANNE CARRON, Metropolitan Detroit March of Dimes Foster Child, are GEORGE MUDIE, of South Edgewood drive, and fellow Pointers MRS. JOHN (Rosemary) ELIAS and BOB KIESS, (left to right), members of the Metropolitan Detroit March of Dimes executive board. "Giant Steps to Prevent Birth Defects" is set for Sunday, April 25, and will feature a Golden Mile for walkers who obtain a sponsor or sponsor themselves for \$100 or more, and walk only that mile if they have the heart, but not the time or stamina, to go the full 20-mile course. At the recent Superwalk '76 kick-off, Joanne indicated even she could walk one mile — and before she left the party, she had almost \$1,000 in sponsor pledges.

DSO Premiers Symphony by Gould

The Symphony of Spirituals by American composer Morton Gould will be given its world premiere by the Detroit Symphony Orchestra under music director Aldo Ceccato at a pair of concerts tonight and Friday evenings, April 1 and 2, at 8:30 o'clock in Ford Auditorium.

French pianist Michel Beroff makes his Ford Auditorium debut at the same concerts, playing two works by Igor Stravinsky, "Movements" and "Capriccio," never before performed by the DSO.

Both concerts will conclude with Prokofiev's "Scythian Suite." Friday evening's concert, fourth in this season's Zodiac Series, will be preceded at 7:30 o'clock by a "Prelude" featuring a talk by Mr. Gould on his new work.

Since his United States debut in 1972, Michel Beroff has been engaged by almost every leading American orchestra. He has performed under the baton of many of the world's foremost conductors. He made his DSO debut at Meadow Brook in 1974, performing the first Prokofiev concerto with Yuri Ahronovitch.

Beroff began his piano studies at age seven. In 1959 he entered the Conservatory of Music in Nancy, in 1963, the Paris Conservatory of Music. After completing his training in 1966, he gave his first public concert in Paris. He has toured throughout Europe and North and South America, and has made extensive orchestral tours with the BBC Orchestra and the Orchestre de Paris.

Morton Gould's new Symphony of Spirituals is one of seven works funded by the National Endowment for the Arts as a Bicentennial joint commissioning project.

The project, between the NEA and a group of the nation's most prestigious orchestras, was inaugurated by DSO executive director Marshall W. Turkin and includes commissions for, and multiple performances of, the new Gould piece and works by George Rochberg, (whose Violin Concerto was heard here two weeks ago), Ned Rorem and Jacob Druckman, (both of whose works will be performed next season by the DSO), Lorin Rush, Gunther Schuller and Michael Colgrass.

Mr. Gould has written of his new work: "With the exception of a few highly transformed references, I do not use any actual spirituals. In a sense this symphony is a return in my mature years to an idiom that stimulated one of my earlier recognized works, 'Spirituals for Orchestra' (1940)."

"One of the distinguished conductors who performed this work was the legendary Victor de Sabata on his American tour following World War II. It is fitting, therefore, that this new 'Symphony of Spirituals' is premiered by his son-in-law, Aldo Ceccato and the Detroit Symphony Orchestra, to whom the work is dedicated."

"The movement titles are self-explanatory — structurally they are a fugue fantasy (Hallelujah), air and dirge (Blues), dance (Rag), toccata (Shout)."

Tickets for the two concerts are available at the Ford Auditorium Box Office, 961-0700, all Hudson's and Montgomery Ward ticket outlets. Student tickets for Friday evening's Zodiac concert are half-price.

Exciting Year Ahead for DSO

Through its 14 major series, the Detroit Symphony's 1976-77 subscription concert season in Ford Auditorium will offer more options for concert-goers than ever before, according to Marshall W. Turkin, the Orchestra's executive director, who recently detailed the schedule of forthcoming concerts.

The season, under the baton of DSO music director Aldo Ceccato, will open on September 23 and run through May 7.

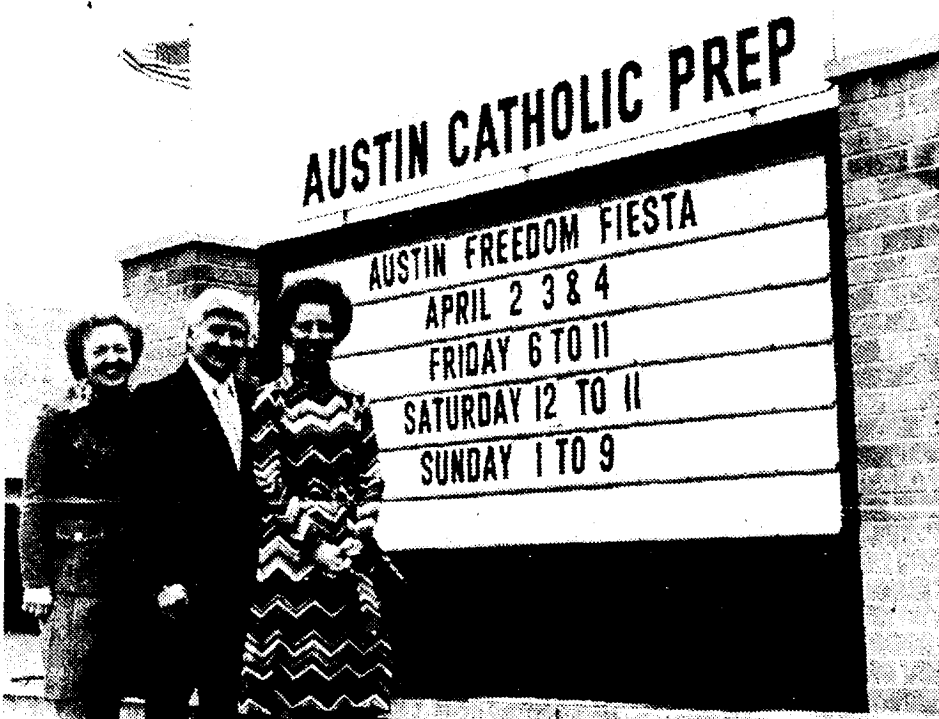

He has scheduled major choral works, including the Brahms Requiem on October 14, 15 and 17 and Beethoven's Missa Solemnis on March 18 and 19, and has dedicated entire programs to the works of Berlioz, Brahms and Sibelius.

A distinguished list of guest conductors includes Germany's Klaus Tennstedt and Hungary's Zoltan Pesko, as well as Leonard Slatkin, associate principal conductor of the St. Louis Symphony and principal guest conductor of the Minnesota Orchestra, and James Loughran, principal conductor of the Halle Orchestra in England.

All four will be making debut podium appearances with the DSO.

The guest conductor roster also includes Andrew Davis, music director of the Toronto Symphony, Hiroyuki Iwaki, chief conductor of the NHK Symphony in Japan, Theo Alcanlara, music director of the Grand Rapids Symphony, and Paul Freeman,

DSO conductor-in-residence.

Appearing with the Orchestra in 1976-77 subscription concerts will be some of the world's most exciting artists.

They include violinists Leonid Kogan, Kyung-Wha Chung, Uto Ughi and DSO

Associate concertmaster Bogos Mortchikian; pianists Claudio Arrau, Garrick Ohlsson, Ruth Laredo, Geza Anda, Rudolf Firkušny, Gyorgy Sandor, Radu Lupu, Jorge Bolet, Michele Campanella and former DSO pianist Mischa Kottler, plus DSO

debut appearances by Murray Perahia, Janina Fialkowska and Juliana Markova; cellists Leonard Rose and Arto Noras in a DSO debut; and vocal soloists Phyllis Curtin and Benita Valente, sopranos, mezzo-soprano Elaine Bonazzi, contraltos Maureen Forrester and Lili Chookasian, tenor Seth McCoy and basses Simon Estes and Ara Berberian.

Choruses and additional soloists will be announced at a later date.

The world premiers of Benjamin Lees' Concerto for Woodwinds and Orchestra, a DSO-commissioned work, will be conducted by Aldo Ceccato on October 7 and 9.

Detroit Symphony first performances on subscription series will include Ned Rorem's "Air Music," (December 9 and 10), and Jacob Druckman's "Mirage," (April 22, 23 and 24), both works of the National Endowment for the Arts Joint Commissioning Project.

Also included as DSO first performances will be Shostakovich's Symphony No. 14, (September 30, October 1 and 2), Sibelius' "Tapiola," (November 18 and 20), and Joonas Kokkonen's Cello Concerto, (February 26 and 27). Series of 20, 12 and eight

concerts are again being offered on Thursday and Saturday evenings at 8:30 o'clock.

The National Bank of Detroit will continue to cooperate with the Detroit Symphony Orchestra in the presentation of two series of five Friday morning Coffee Concerts. This year, however, there are added savings for patrons who purchase a Coffee Concert Combination: the full 10-concert package.

New this year is an extended Weekender Pops Series presenting six special Pops attractions with a choice of attending on Friday nights at 8:30 or Sunday afternoons at 3:30 o'clock.

Principal Pops Conductor Richard Hayman will be on the podium. Guest stars include "Doc" Severinsen, Jack Jones and Virgil Fox.

An all-Gershwin program featuring "Porgy & Bess" and a perennial favorite, the Christmas Pops, also are scheduled to entertain Weekender crowds.

The list of series also contains Sunday afternoon Kresge Family Concerts and Friday evening Zodiac Concerts. Special half-price student subscriptions for Zodiac concerts will again be in effect, as will the family series rate for Kresge Family concerts.

The latter allows purchasers of two full-price adult seats to buy additional seats for junior and/or senior family members at half-price.

Young People's Concerts are offered as a series on

Freedom Is Theme For Austin Fiesta

Games, Booths and Food to Highlight Three-Day Extravaganza Presented by School's Parents, Students and Faculty

Freedom is the theme for Austin Prep School's Annual Fiesta this year. The fun-filled fund-raiser will feature a variety of booths, games and refreshments, including a new-this-year Sunday smorgasbord.

The Freedom Fiesta opens tomorrow, Friday, April 2, at 6 o'clock and will continue until 11 at the School in East Warren Avenue.

Hours Saturday, April 3, are noon to 11. Hours Sunday, April 4, are 1 to 9 o'clock.

Fiesta is the combined responsibility of Austin parents, students and faculty. Assisting general chairman Hub Hemmen in 1976 are co-chairmen Betty (Mrs. Charles) Bolton, of North Oxford road, and Norma (Mrs. Richard) Burnham, of Allard road.

Special features include a Senior Pie Smearing booth and a Record Shop supervised by co-chairmen Vi (Mrs. George) Daudlin, of East Jefferson Avenue, and Rose (Mrs. William) Stieber, of Bedford road.

Overseeing the Soda Bar will be Nan (Mrs. Henry) Van Egmond, of Anita Avenue, Marge (Mrs. William) Quinlan, of Doyle place, Ella Mae (Mrs. Donald) Garry, of South Renaud road, and Sharon (Mrs. Michael) Burke, of Cloverly road.

Helen (Mrs. Alex) Alexander is responsible for decking Austin's gym and hallways in red, white and blue, and for placing a large birthday cake, celebrating America's first 200 years, in the

four Saturdays, with a choice of 11 o'clock earlybird or 2 o'clock lazybird performances. This year's fun includes a Halloween Party and a kite design contest plus special attractions at Pickwick Puppet Theater and the Claude Kipness Mime Theater.

Current season ticketholders are being sent renewal forms by mail. They will be given additional opportunity for season ticket renewals in the Ford Auditorium lobby during April concerts.

Advance orders for all new subscription series tickets are being accepted now. A detailed brochure with order form is available free by writing or telephoning the Detroit Symphony Orchestra office at Ford Auditorium, 961-0700.

center hall.

Claire (Mrs. Stanley) Jursek, of Fairway drive, and Barbara (Mrs. William) Mitchell led the corps of workers who stocked the Flea Market full-to-bursting.

Pat (Mrs. Earl) Antonelli, of Hampton road, and Ginny (Mrs. Ted) Guden, of Edmondton drive, have compiled an equally full inventory of Handicrafts.

Connie Costello, of Edshire lane, is in charge of the Children's Games Room. Pauline (Mrs. Sam) Riccobono and co-chairman Mary Ann (Mrs. David) Shipton arranged the fantastic line-up of adult prizes.

Food Basket, a very popular booth last year, is co-chaired this year by Barbara (Mrs. Donald) Genord and Marilyn (Mrs. Joseph) Bourgois. Co-chairing New Articles, another popular "repeat," are Marie (Mrs. Augustino) Venditti, Betty (Mrs. Raymond) Fisher and Eleanor (Mrs. Jack) Grifo.

The kitchen, under the guidance of Bernice (Mrs.

John) Sabatella, Betty (Mrs. Roy) Matzka and Pat (Mrs. Robert) Van Sile is offering a spaghetti dinner Saturday night and the all-you-can-eat 2 to 7 o'clock Sunday smorgasbord.

There'll be snack fare, too,

from sloppy joes to hot dogs, pizzas and submarines, and Austin's ladies are preparing mounds of Bake Shop goodies.

The public is invited. There is no admission charge.

Let's Talk Real Estate

by John E. Brink

Talking with an officer of one of the largest Savings & Loan Companies the other day and he predicted mortgage rates would soar to 10% by Labor Day! He said this despite some recent articles that prophesied the opposite! This means two things: If rates go too high the buyers hold off which pushes down the prices of houses. Secondly if potential sellers are considering soon; perhaps that "soon" should be changed to now. This brings us to the point of which Broker should you consider? We say give us all a chance to give our sales talk. We know we're the only company who can give a one year warranty. We're also the only company with an on staff designer and decorator! We're also the only company who can contract to build you a new kitchen or add a bath at generally half the regular cost! But what the heck — hear the others anyway perhaps they might have something that we don't have. But what could it be?

If you're moving into Grosse Pointe or going away be sure to ask the people at Grosse Pointe Real Estate Co. 882-0087 about their "moving machine" that can show you pictures electronically from the telephones also a copy machine. In just six minutes you'll have actual pictures of homes in the town in which you plan to relocate.

DID YOU KNOW? Grosse Pointe Real Estate Co. is the only company in Grosse Pointe that can give you a one year warranty on the next home you buy!

Talk on Rugs for Fox Creek

Robert Zahloute will present a program on the origin and art of the Oriental Rug for the Fox Creek Chapter of Quilters today, Thursday, April 1. Mrs. Melvin Block is opening her Warner road home for the meeting.

Co-hostesses are Mrs. Michael Brennan, Mrs. Raymond Mellinger and Mrs. Fred Winfield.

Chapter officers elected to serve in the coming year are Mrs. Arthur Batten, president; Mrs. Kenneth Kimmel, vice-president; Mrs. Noel Fry, secretary; Mrs. Block, treasurer; and Mrs. Philip Gould, historian.

Plans for members who will represent Fox Creek at Quilters' national convention in Philadelphia May 2 through 5 are being discussed. Plans for the chapter's annual meeting and luncheon have been finalized: it's set for Thursday, June 3, at the Detroit Institute of Arts, and will feature a tour of the museum's American Wing.

OPEN SUNDAY — 2 - 5:00

486 ST. CLAIR — CONDOMINIUM living at its finest. Four spacious bedrooms, two and one half baths. Living room with natural fireplace, two car garage, sliding door to deck and patio. Newly decorated kitchen including all appliances plus ice maker, washer and dryer. In move-in condition with early occupancy.

20028 HUNT CLUB, HARPER WOODS

FOUR BEDROOM BUNGALOW with one-and-one-half car garage for immediate occupancy. Brick and aluminum construction with storms and screens, making for comfort and low maintenance costs. The finished natural woodwork inside, and wet plaster walls create a beautiful and sound home. A well located house on a quiet street, for your next residence, call John France.

LOOKING FOR A COLONIAL with four bedrooms, a large family room AND library? This has it with a breakfast nook, redwood deck to a brick patio, new wool carpeting, all kitchen appliances and is located at 610 Rivard and in the Richard and South High districts.

HAVE WE GOT CONDOMINIUMS, and in all shapes, locations and prices. We can offer you a four bedroom townhouse in the City of Grosse Pointe, just a block to Village shopping. In Grosse Pointe Woods and St. Clair Shores you have a choice from seventeen townhouse condominiums!! All have either attached garages or car ports. These are centrally air conditioned and are available with a multitude of options. See our six model apartments at SHOREPOINTE, off Mack between 8 and 9 Mile Roads.

OR COME SEE US at Williamsburg Court, one block south of Eastland Shopping off Vernier. Here we have both two and three bedroom townhouses. All are air conditioned and have 1st floor lavatories. These apartments have sold well. Fifty-two buyers thus far for fifty-five units tells the story. A salesman will be at 20545 Williamsburg.

MAY WE MAKE AN APPOINTMENT FOR YOU?

5581 HARVARD — Excellent 3 bedroom 1 1/2 bath Colonial. Fireplace, two-car garage, gas heat. \$26,900.

DON'T DESPAIR if you have been searching for a four bedroom colonial with a large family room with fireplace and an attached garage. We can offer you a selection of three such houses to choose from. All are presently under construction and will be ready for occupancy by June. Two of these houses are on a deadend street which leads to the lake, and the third is in the Woods on Oxford Road.

HOW MANY of us has yearned to live in one of the great, original mansions of Lake Shore Road? Have you pictured yourself in a house with hand carved fireplaces in almost every room including the master bathroom? Use your gracious marble foyer as a ballroom for your next dinner dance. All this can be yours in a house with a view of the lake but on a lot which is quite manageable.

A PETITE MANSION which will really turn you on if you like that French country house look. This one has a Mansard roof and circular drive and looks as great inside as it does from the curb of Oxford Road. All the bedrooms have private baths and there is a library and family room, both with fireplaces.

Pointer of Interest

MRS. THOMAS G. GIRARDY, OF VERNIER ROAD

By Janet Mueller

She disconnected the phone before we started talking. We both thought it was a good idea. For when Esther Girardy is home during the day—an infrequent occurrence—she answers her phone, and it's hard to conduct an interview around telephone calls.

Both interviewer and interviewee tend to lose their train of thought.

So off, at 10 o'clock on a Monday morning, went Esther's phone, and cups of coffee were poured and bakery goodies declined. ("I have to lose 10 pounds before summer." "So should I.") and Esther and I settled down, and settled back, and had a long, lovely uninterrupted chat.

Is Ball Chairman

A lot of our talk centered around Project HOPE, of course. A lot of the phone calls would have been Project HOPE-related, too, if they'd been allowed to come through, for Esther is chairman of the 1976 Project HOPE Ball, to be presented by the Detroit Women's Division for Project HOPE Saturday, May 1, at the Hyatt Regency Hotel in Dearborn. That's certainly a chairmanship to set one's phone to ringing!

There've been other such committees, projects and chairmanships in Esther's life. She's active in the Women's Association for the Detroit Symphony Orchestra. She's worked with the Detroit Grand Opera Association.

She's a director of the Grosse Pointe Symphony Women's Committee, current chairman of its by-laws committee.

She's on the board of the American Lung Association Women's Committee, one of its past-presidents, and served as chairman of its ball for two years.

Also Helps Hospital

She belongs to the Mount Carmel Mercy Hospital Ladies' of Mercy, and has served on the committee for that organization's ball every year since it was founded.

She and Tom are both members of Fine Arts Society of Detroit. Neither acts, but Esther is a whiz at producing plays.

Together, the Girardys have served as chairmen of Fine Arts' arts and crafts committee.

Meanwhile, back in Harbor Beach, where Esther was born and raised, there's a 40th high school reunion planned for May—and guess who's getting the Class of '36 together?

Esther managed to find a picture of the "old" high school, (it burned down in 1947), to head her reunion flyer. She and Tom will be in residence at Beechwood, their vacation home in Harbor Beach, during the reunion festivities.

Gets His Own Name

Actually, they're at Beechwood every chance they get, for Esther is a fascinating combination of Big City Lady/Small Town Girl who loves "home," cooking mar-

practical to fly personnel into underdeveloped areas. HOPE doctors and nurses, all sorts of medical personnel, are at work all over the world—including our own southwestern United States.

Can Move Quickly

"HOPE" moves quickly when there's an emergency. We sent supplies into Guatemala (after the earthquake). The hospital ship was a symbol—no doubt about that!—but the work of bringing medical expertise to underdeveloped areas and training local personnel to carry on that work was always the reality.

The Detroit-area women whose project HOPE is are not just a committee but a full-fledged Division, first and largest of its kind in the country, for Project HOPE.

Esther Girardy may not have been among the Division's founders in 1963, but by the time the Division got around to staging its first fund-raiser, in '64, she was on that fund-raiser's committee.

She's been on every such committee since. This year, Esther's good friend Addie (Mrs. Russell) Bauer, a Division founder, accepted the Detroit HOPE Women's presidency. "I said I would back her in any way I could," Esther recalls.

"Fine!" said Addie. "Now: about this year's ball chairmanship."

She Goes to Work

Esther, well and truly caught, went to work. "A Spirit of Hope in '76" will feature a May Day theme, bright and spring-like, in its decor. Its setting—the Detroit HOPE Women, drawn from all over the metropolitan area, try to alternate their ball's locales—will be Dearborn's Hyatt Regency, where Esther Girardy held her first committee meeting: a subscription luncheon designed to acquaint committee members with the hotel's facilities and bring them up to date on what their chairman expected of them . . . and to bring the chairman up to date on what her committee expected of her!

"I asked each of the more than 30 girls attending for suggestions, and we voted on them."

To Pass Half Million

With this year's party, the Women's Division expects to bring its total contribution to Project HOPE over the \$½ million mark. The Detroit HOPE Women, almost 600 strong, are working to add more names to their membership roster this year, too. The ship may be gone but the reality remains, and Esther Girardy is convinced anyone who becomes involved with Project HOPE will become committed to it.

"I went to see the ship come into New York harbor

Alpha Delta Kappas to Have Busy Spring

Members of Alpha Delta Kappa sorority of women educators, their husbands and friends, gathered recently at the North Rosedale court home of Mr. and Mrs. William Obermeyer to welcome the first day of spring at an honors d'oeuvres evening.

The organization used the occasion to announce an exciting spring agenda, urging members and friends to attend an April 28 meeting at the Central Library. Dr. Weldon Petz, of the Detroit School System, will speak on the life of Abraham Lincoln.

Dr. Petz holds degrees in Education, School Administration and Musicology from Wayne State University,

Austin Catholic Prep School's THOMAS G. DENNEHY, son of MR. and MRS. JOHN J. DENNEHY, of Kensington road, is one of four students from the State of Michigan nominated for the Presidential Scholars Program, established by executive order in 1964 to "honor our nation's most intellectually distinguished and accomplished graduating high school seniors." Of this year's approximately three million graduates, only 121 will be designated Presidential Scholars.

Among University of Michigan College of Engineering students named to the fall semester Dean's List are STEPHEN W. KENNEL, of Middlesex boulevard, SCOTT J. McCAIG, of Washington road, PETER and EDWIN VAN HORNE, of Blairmoor court, ROBERT A. SWOR, of Stanhope avenue, GARY M. CATLIN, of Anita avenue, DAVID M. SWAN, of Cloverly road, DALE F. REID, of Edmuntion drive, and CHARLES M. BAYER, JR., of Grosse Pointe boulevard.

This year's recipient of the University of Michigan's Marian Sarah Parker Award, presented annually to an outstanding senior or graduate woman in the College of Engineering, is PATRICIA ELAINE ROMZICK, of York-shire road, member of Pi Tau Sigma, Vulcans and Tau Beta Pi engineering honorary societies, who will receive her Bachelors degree in Mechanical Engineering in May.

Christ the King Lutheran Church member JOAN JENZEN, daughter of the RAYMOND JENZENS, of Kenmore drive, has been selected by the Lutheran Deaconess Association of Valparaiso, Ind., as recipient of an Aid Association for Lutheran Campus Scholarship.

Grosse Pointe North High School graduate ROBERT AMBROSE, son of DR. and MRS. ROBERT AMBROSE, of Roslyn road, plays tuba in the Concert and at Hope College, where he is a senior Music major.

one year. I was VERY impressed by the fact that the people who had served on the ship, who had been away a whole year, were still so enthusiastic."

Another year, she went to Wilmington, Del., to see the ship leave for Nicaragua.

She continues to marvel at the enthusiasm and awareness of HOPE's founder and president, Dr. William B. Walsh. She continues to find inspiration in the dedication of such men as Dr. Herbert J. Bloom, who founded HOPE's dental program, and of all the professional personnel who have been and are involved in HOPE's people-to-people missions around the world.

"If you've never been involved with Project HOPE, you don't know how much IS involved in Project HOPE."

She Likes to Cook No matter how busy she is during the day, Esther tries to make it home every night for dinner with the family.

Visitors From The FAR South

I take 16mm movies when I travel, and Hans (Dr. Vollrad J.) von Berg, of Stillmeadow lane, takes Super 8mm movies when he travels, and about the only person whose Super 8's I envy, (we 16mm's are a very snooty bunch), is Hans von Berg, because (a) his pictures are very good; (b) he edits them into a story, with a sound track; (c) I'd love to go to the places Hans and Lee go to FOR their pictures.

Like South Africa. From the bush of Zululand to the beaches of the Indian Ocean . . .

Hans got his White Rhino, (Trophy Book size), on a South African safari last year, with professional hunter Coenraad M. Vermaak, and who should show up in Grosse Pointe last week, just as the rhino was ready to be hung in the place of honor over the fireplace in Hans' Trophy Room, but Coenraad, with another South African friend, William Daley, of Durban.

Now THAT calls for a party. Two in fact: the first an intimate gathering of fellow hunting enthusiasts, to view the White Rhino and meet Coenraad and Bill; the second a Movie Night, with wine and apples and cheese, (and Coenraad and Bill), during intermissions at the Saint John Hospital Auditorium.

Both parties, like both guests, were terrific. As for the films . . . well, Hans has done it again. He's STILL about the only person whose Super 8's I envy—just as I envy Lee's ability to look so Out-door Girl Good on safari in her "camp clothes," jeans and open-necked shirt . . . and so Poised Lady Good in Grosse Pointe: the perfect hostess in a long, African gown and Zulu necklace, Bill's gift from the VERY far south.

Focus Is On Father's Role

What role do fathers—and men in general—play in the development of children? Do men relate to children differently than women do? How important is it for a child to have contact with men: as fathers, teachers or day care workers?

Two workshops, dealing with these questions and others, will be held at The Merrill-Palmer Institute in East Ferry avenue, Detroit. At the first, Friday, April 2, from 11:30 to 1 o'clock, lunch will be served. The second, Saturday, April 3, runs from 8:30 to noon.

The workshops will be led by James Levine, educational director of the Wellesley College Child Study Center, and Dr. Rita Jeremy of Merrill-Palmer.

and Forensics coach at Grosse Pointe North High School, addressed the Communication Section of the Michigan Academy of Science, Arts and Letters at East Lansing's Kellogg Center March 20, speaking on Curricular Developments and Organized Out-of-Class Activities in Speech in Michigan Elementary and Secondary Schools Since 1925.

Although many fathers do take an active role in child-rearing, it is frequently assumed that bringing up children is mother's business.

Dr. Jeremy points out that even our language reflects this: "mothering" means caring for and raising a child, while "fathering," in its traditional sense, means only the act of procreation.

Many men, however, are increasingly concerned with the problems and challenges of being a father. Little is known about the relationships between men and children, and the workshops will give participants the opportunity to explore the unique contributions men can make in raising children.

Both workshops, open to the public, will examine men's roles not only as fathers but also as teachers in pre-school and elementary school settings. Men and women are invited to participate.

The Merrill-Palmer Institute is an institution of higher education devoted to the study of human development and family life. A nominal fee will be charged for the workshops. Further information may be obtained by calling 875-7450.

Usually, she cooks it. "I like to cook. I do all the cooking for our family get-togethers at Harbor Beach."

Those get-togethers generally find from 12 to 16 people gathered around the table. Add Tom's family, and Esther still can cope . . . "but after 24, I don't have matching china."

She's sent in quite a few recipes for "Cooking With HOPE," another current Women's Division project, with Kay Savage as its chairman. Esther knows a bit about compiling cookbooks herself. She and Addie Bauer put the Women's City Club one together.

How She Gets Away Getting-away-from-it-all

may, for Esther, involve a game of tennis, a ceramic-making session in her Harbor Beach studio . . . or a complete, physical change-of-place. Esther likes to travel. Tom doesn't "He hasn't been away on a vacation, (Harbor Beach doesn't count: that's home), since 1960."

Addie Bauer's Russ is cut from the same cloth, so the two ladies take off on their own every so often, with their husbands' blessing— "Tom and Russ are both very nice about it"—to Spain, to Greece, to cruise the Mediterranean, returning after a few weeks ready to pick up the threads of their everyday lives.

And their telephones.
