116-MPH Chase Of Car Involves 11 Law Agencies

Forty-Mile Long Chase Started in The Shores and
Ends in St. Clair County When Driver
Loses Control of Car

Allan Ray Schrum, 18, of 30553 Bluehill, Roseville, was taken into custody by officers of the Shores Public Safety Department on Thursday, April 1, following a 40-mile long chase at speeds of up to 116 miles an hour, in which 11 police agencies took part. The pursuit ended in St. Clair County when Schrum lost control of his car and

damaged it in a crack up. Schrum, who evaded road blocks during the chase, is charged with reckless driving and evading traffic arrest, and is being held in the Shores local cell until his hearing set for April 28, Shores authorities said. He is being detained because he was unable to post a bond of \$150 on the reckless driving charge, and \$100 for trying to evade traffic arrest.

Participating in the chase besides officers from The Shores, were police from The Woods, Harper Woods, St. Clair Shores, Clinton Township, New Haven, officers of the Macomb County, St. Clair County and Sanilac County Sheriffs' Departments, and Michigan State Police.

Clocked at 116 MPH
A Michigan Public Service Commission officer, who was monitoring speeds of trucks on the road, clocked Schrum at 116 mph, as he sped past the truck weighing station and check point on St. Clair County, just before Schrum lost control and cracked up his auto near 26 Mile road and the I-94 Freeway.

Shores Public Safety Officers Daniel Healy and Gary Mitchell were patrolling north on Lakeshore road at 1:04 a.m., when they saw a car driven by Schrum, also traveling north on the road and approaching Vernier road. When first seen, Schrum slowed for the cross over opposite the Grosse Pointe Yacht Club property, making a turn north on the southbound lanes to Vernier, then a sharp turn west onto Vernier, and then began picking up speed.

PSOs Healy and Mitchell gave chase and noted that at the Morningstar intersection, Schrum drove his auto at a speed of 60 mph. They (Continued on Page 2)

Historical Document Given To Library by Questers
A rare historical document was added to the Grosse Pointe library collection by the Grosse Pointe Chapter of Questers No. 147 at a Thursday, April 1 presentation.

The framed document, signed by President James Buchanan and Secretary of State Lewis Cass, was purchased by the history-minded group from a Philadelphia rare-documents dealer. It is their contribution to the Pointe's bicentennial celebration.

"We wanted to do something for the community in observance of the bicentennial," said the chapter's bi-centennial chairman, Mrs. Pierre Palmentier, "and we wanted it to be something permanent."

"We feel very fortunate to have found an item signed both by a president and Lewis Cass, who was so im-

Ordinances Amended by G. P. Woods

Basic Fire Prevention and Mechanical Codes Become Effective 20 Days after Adoption

At its regular meeting held on Monday, April 5, the Woods council adopted amendments to two ordinances approved by the Building Officials Conference of America, (BOCA), covering a basic fire prevention code of 1975; and a basic mechanical code, regarding building regulations.

The new fire regulation code falls under the jurisdiction of the Department of Public Safety, and the mechanical code, under the department's division of Safety Inspection. The new regulations will become effective 20 days after its enactment.

The BOCA Fire Regulations Code replaces Chapter I of Title VII, the repeal of which has been approved by the city's solons. The second amendment repeals Chapters II and VII, Title IV, of the building regulations.

Governs Hazards
The first amendment prescribes regulations governing conditions hazardous to life and property from fire or explosion and establishing an enforcing agency and providing officers and defining their powers and duties.

The second amendment has been adopted for the control of mechanical equipment in order to protect the public safety, health and welfare as provided; and each and all of the regulations, provisions, penalties, conditions and terms of the BOCA Basic Mechanical Code.

The Director of Public Safety may name a chief inspector of the Division of Safety Inspections, who shall have full authorized representative to enforce the provisions of the ordinance, to make inspections and to issue permits.

In order to carry out the provisions of the ordinance, (Continued on Page 6)

Board Seeks Suggestions By Citizens

Libraries Also Face Critical Situation when
All Voted Funds
are Depleted
June 30

"In light of the defeat of both millage proposals on March 29, the public schools and public libraries face an uncertain future beyond June 30," Joan R. Hanpeter, president of the Grosse Pointe Board of Education, stated.

Mrs. Hanpeter said that she and her fellow trustees solicit constructive suggestions for the future of the district's public schools and libraries.

"However, time is of the essence," Mrs. Hanpeter said. "Because of legal complications and requirements for the holding of an election, and because our voted funds will be depleted June 30, the board must act quickly," she said.

Receive Suggestions
"To date we have had some suggestions regarding the reasons for the voter turnout, future timing, and composition of the ballot proposals. We appreciate those who have taken the time to communicate their thoughts with the trustees and school staff," the board president said.

Others who have not done so yet, should write to her immediately at 384 St. Clair avenue, Grosse Pointe 48230, or telephone the schools' Administration Building at 885-2000, and register their thoughts by calling extensions 58, 57, 58 or 59 any time this week.

Boxes in Libraries
In addition, Mrs. Hanpeter said that suggestion boxes for citizens' comments had been placed in the three public libraries.

The Board of Education will hold its regular monthly meeting at 8 p.m. on Monday, April 12.

Parents to Pay For Vandalism

Shores police arrested six juveniles on Wednesday, March 31, for smashing 18 glass panes of the old Vernier School, adjacent to the Shores Municipal Building. The school, now the property of the Village, is in Vernier road.

A citizen called The Public Safety Department to complain that youngsters were tossing stones and rocks, and smashing windows at the north side of the building. The young teens were standing on the ski hill at the rear of the edifice, the reporting citizen stated, while committing the vandalism.

Public Safety Officers Ronald Klotz and John Frassard, were dispatched to the scene, but the boys had already left the area. The officers searched the surrounding streets and saw six boys who answered to the descriptions given of the vandals and took them into custody. The boys were taken to the station where they admitted they were responsible for the damage.

Mr. Frank McWhirter of the Village Highway Department, said he counted 18 broken window glass panes. He also counted 15 basement glass windows broken, but whether the boys were responsible was not disclosed.

The parents of the juveniles were notified to appear at the station, and were informed of the actions of their offspring. The parents were also told that they, under the law, are responsible for payment of all damages caused by their children.

It was not disclosed what it would cost to replace the windows, but the parents were told that the actual cost of replacement will be made by Department of Public Works Superintendent Stanley Vernier, and the parents will know what their share of the cost payments will be.

FLEC Hopes For Chance To Reopen

Cancellation of Malpractice Insurance Forces Medical Clinic to Cease Operations

By Tom Greenwood

With their current medical malpractice insurance cancelled plus the prohibitive cost of new insurance, the Grosse Pointe Family Life Education Council (FLEC) has been forced to temporarily close down their medical clinic, according to FLEC Dr. Joseph Beals.

"The current malpractice insurance was dropped for everyone in Michigan when the company, Dale and Harper Insurance Co., went out of business," said Dr. Beals. "We're shopping around for a new company, but the rates they want are astronomically high. Since we depend on contributions, we're trying to find the most economical deal we can."

Helpful to Many
The medical clinic, located at 17150 Maumee, serves the Grosse Pointe area, and is utilized by many families. The clinic's last day of operation was Tuesday, March 16.

The clinic is regularly open on Monday and Tuesday of each week, from 7-8:30 p.m. If everything works out, the clinic hopes to re-open in a few weeks.

"We hope to be open again very soon," said Dr. Beals. "We offer a much needed service in this area, and we don't want to keep our doors closed too long."

'Al Capone' Strikes Again—A Champion's Tragic End

By Tom Greenwood

Monday, April 5th. I was working the day watch out of homicide, when the call was routed to my desk.

Fighting his emotions, the caller identified himself as Preston Madler, 15, of Al-lard avenue.

He said there was a dead body in his living room. Dum Da Dum Dum. I said not to touch anything, I'd be right over.

Putting on my Foster Grant's and buttoning up my trench coat, I slid behind the wheel of my unmarked black and white Nash and headed for the scene of the crime.

Preston met me at the door and led me into the living room. There was a dead body there alright. The vic-

North High School Teacher and Husband Will Both Run in Boston Marathon; Have Collection of Over 200 Trophies

By Tom Greenwood

Jerry and Jeanne Bocci run around. The entire neighborhood knows about it, and they all approve. Who wouldn't approve of the only husband and wife team from The Pointe planning to run in their second consecutive Boston Marathon?

Rain or shine, in cold weather or hot, the dynamic duo can be seen running to and from their Graydon road home, intent on completing their daily 10-mile training regimen.

Jerry, 38, is a social services supervisor and runs home from work each night. He's been a "track man" for 25 years, and is responsible for turning his wife into a "jogging junkie."

Jeanne, is the mother of two children, Jerry, 6, and Geraldyn, 4, and teaches at North High School.

Nominated for Crown
She also was among four Michigan athletes nominated as Sportsman of the Year by the United Foundation committee in 1975. She holds 12 U.S. Women's A.A.U. records and eight international marks.

In April, 1971, she set the world record for the 20 kilometer race-walk in one hour, 57 minutes and currently holds the record for the 1500 meter race-walk.

She's also the first Michigan woman to enter the Boston Marathon. She finished 10th among the women entries and about 1200 overall in a field of 2,000 runners.

Jerry finished 505th in overall competition.

Gives Jerry Credit
Jeanne, short and blond, credits Jerry for turning her on to running. "This is my 12-year anniversary in

"I can tell you right now how he died," I said grimly. Visibly bracing himself, the North High School sophomore told me to go ahead.

"Asphyxiation," I said. Dum Da Dum Dum.

Whipping out my notebook, I asked the victim's name. "We just called him Oscar," said Preston. "He's been with us for over a year. Who would do such a thing? Why, only yesterday was the greatest day of his life. We were over at Eastland and people gave Oscar trophies for being what he was—the most perfect and beautiful Cichlid in the en-

No Headlights Traps Driver

Michael R. Shook, 21, of 972 Vernier road, will have to appear in Woods municipal court on May 5, to answer for three counts of traffic violation.

Shook was arrested by Woods Public Safety Officer Thomas Hunke, when he was seen driving his car north on Mack avenue without headlights on Thursday, April 1, at 8:30 p.m.

The officer stopped the motorist at old Eight Mile road in St. Clair Shores. Shook produced an operator's license, but no registration, claiming he had just purchased the vehicle.

PSO Hunke radioed his station for information over the Law Enforcement Information Network (LEIN) for Shook's driving record. The reply from the Secretary of State's office in Lansing revealed that the man's license had been revoked by the State because of an accumulation of 20 points for bad driving.

Shook was informed he was under arrest and was taken to the station, where PSO Hunke issued him a violation ticket for driving without headlights; another for driving while his license was suspended, and still another, when it was found that the license plates of the vehicle he was driving were registered to another auto.

He was released after posting a bond of \$100 pending his court date hearing.

activated the scout car's flasher and siren and pulled up alongside the speeding vehicle and motioned the driver to pull over to the curb.

Schrum sustained minor cuts about the face from the broken glass.

Refuses All Help

Schrum was taken to the Macomb County Jail, where he refused medical attention. He was later released to PSOs Healy and Mitchell and taken to the Shores station where he refused to be examined by a doctor, or to be treated for the cuts. Taken to Bon Secours Hospital, he refused treatment there and was returned to the Shores Station.

Ignors Commands

Schrum ignored the signal and greatly increased his speed, the officers stated in their report, and the chase continued, with the officers radioing their station that they were in pursuit.

Woods Public Safety Officers

William Desilet and Robert Kwiatkowski intercepted the message on the police car radio and set up a road block at Mack and Vernier and activated their flasher. However, Schrum was approached at too fast a speed to halt, and the Woods officers were forced to move the scout car before a collision occurred, allowing the fleeing vehicle to pass. Then PSOs Desilet and Kwiatkowski joined in the chase, which was now up to 80 mph.

G P Jaycees Sponsor Circus

The Grosse Pointe Jaycees will be sponsoring the International All-Star Circus to be presented at South High School Monday, June 7 at 7:30 p.m.

More Join in Chase

Police patrol cars from St. Clair Shores, Roseville, Clinton Township, and The Macomb County Sheriff's Department participated in taking after Schrum, along with State police and Chesterfield Township police crews.

Loses Control of Car

As he approached 26 Mile road, Schrum lost control of his auto, when he eluded a road block set up by New Haven and Chesterfield Township police. At the terrific speed he was traveling, Schrum went another quarter of a mile before he went off the road at St. Clair Highway, which allowed the pursuing police to prevent any further escape, as they surrounded his car.

Deputies Smashed the Window

Deputies Knopek and Devantier smashed the window of the driver's side of Schrum's vehicle, reached in and opened the door, and had to use force to pull Schrum out of the car.

As the chased neared the St. Clair-Sanilac Counties' boundary lines, deputies from the Sanilac County Sheriff's Department, entered St. Clair County, to offer their help. At this point, the Michigan Public Service Commission officer, William Mahr, clocked Schrum's speed at 116 mph on his radar screen.

Grunyons Plan Drive Concert

As a part of Grosse Pointe War Memorial's 1976 Family Participation Campaign efforts, the Grunyon's, Grosse Pointes' local Whiffenpoofs, will give a free concert in the Memorial's Fries Crystal Ballroom on Tuesday evening, April 27 at 8 o'clock, to which all Grosse Pointers and their families are cordially invited.

The Grunyons, headed by Yalee William Y. Gard, are 15 spirited men-about-town who present a series of songs new and reminiscent in the best Whiffenpoof tradition. The Grunyons sing without accompaniment and include in the program everything from Bachrach and the Beatles to oldies of the Raccoon coat era and Rudy Vallee, who incidentally was a Yale man too. Moody Eyeing Supreme Court

Judge Blair Moody, Jr., of Willow Tree place, has announced his candidacy for the Supreme Court of Michigan. Moody, 48, is presently a judge of the Wayne Circuit Court, a position he has held for over 10 years.

He plans to seek election to the six-year term opening caused by the death of the late Chief Justice Thomas M. Kavanaugh.

In announcing that he was a candidate for the State's top judicial body, Moody stated:

"While justice requires the innocent be free and our constitutional safe-guards be met — justice also demands that the rights of all law abiding citizens be guaranteed and that the guilty shall not escape. Justice cries out that the habitual criminal be sentenced to long jail terms until rehabilitation is assured." The judge concluded, "This is the message from our courts that should be heard loud and clear by thugs that think crime pays."

Judge Moody has been deeply involved in the administration of justice in Michigan for 24 years. He was an active trial lawyer for 13 years and handled cases in every aspect of the court system.

Judge Moody attended the University of Michigan where he received a B. A. Degree in Economics in 1949 and his law degree in 1952. He worked as a reporter for the Detroit News and, later, for the Washington Post. Upon completion of his college career he served in the Air Force during the Korean War.

Judge Moody is married to Mary Lou Kennedy of Grand Rapids. They are the parents of five children: Diane, Blair, Susan, Brian and Peter.

Purse Thieves Attack Woman

A 76-year-old woman was mugged and beaten and her purse taken from her on Wednesday, March 31, according to information released by Park Police Lt. Gordon Duncan. The incident took place at about 2:28 p.m. on Maryland, just south of Mack avenue.

An official report revealed that the woman, name and address withheld, was walking on Maryland, when two black males approached her. One of the men held a small caliber pistol which he pointed at the victim and demanded she hand over her money.

The woman had an armful of groceries and her purse was atop one of the bags. Whereupon, the pistol holder grabbed the purse, and about the same time his companion came up behind the woman and struck her in the face with his fist. The man with the gun struck her about the face with the gun, after which both culprits fled from the scene in a nearby parked car.

The man with the pistol, a blue steel automatic, was described as being between 18-19 years old, well groomed and wearing a brown leather jacket and dark trousers.

The second male was said to be between 14-15 years old, wearing a black visor cap, black slacks, a green knit shirt and black boots.

The woman, who was taken to Bon Secours Hospital for treatment of minor lacerations about the face and head, told police all the robbers got was the purse containing only two dollars.

LOSING BATTLE
The fellow with the pinched expression today is just trying to live within his income.

They Run Around A Lot

Photo by Tom Greenwood
JEANNE and JERRY BOCCI, who will both run in the Boston Marathon on April 19 and some of the more than 200 trophies they have collected.

(Continued from Page 1)
Jerry and Jeanne had to qualify in other U.S. marathons. Acceptance for Jeanne meant finishing a 26-mile marathon in three hours and 30 minutes or less. In the men's division, Jerry's deadline was three hours and under.

Jeanne ran last year's Boston race in 3:45, but hopes to improve it to 3:20 this year. Jerry predicts she'll finish around 3:10.

Residents of The Pointe since last November, the

Bocciis will be among at least eight other Pointers competing in this year's Boston Marathon. Running with and against Jerry and Jeanne will be localites George Bay, Dr. Jerry Coyle, Maurice Tyler, Bob Hayes, Bob Kiess, Tim Kozak, Ron Moore and Ken Isherwood.

Running marathons is a love-hate thing with serious competitors. It's agonizing, tedious, hard work. But Jerry and Jeanne Bocci know the loneliness of the long distance runner is easier to take when you have someone to share it with.

Police Clerk-Dispatcher Position Okayed by Farms

By Tom Greenwood
Members of The Farms City Council voted 6-0 Monday night, April 5, to allow Farms Police Chief Robert Ferber to fill the position of "clerk-dispatcher," for The Farms Police Department.

At the present time, the position is staffed by various Farms police officers.

Chief Ferber said the creation of the position is designed to improve the operational efficiency of the police department by: releasing police personnel from "clerk-dispatcher" responsibilities; clarifying the performance of clerical responsibilities within a position requiring the necessary skills for the position; and enabling the police department to provide the "supportive services," (which are not now being provided), for the efficient operation of police line and staff units.

Chief Ferber pointed out that the hiring of a "clerk-dispatcher" would not put The Farms police department over total strength number wise, since the department is currently understaffed due to the death of Farms Police Officer Kenneth Pine in 1975.

The salary for the position would range from \$7,001 to \$9,606, with supplemental benefits in accord with other city employees occupying similar positions.

Duties covered by the position of "clerk-dispatcher" include: receiving requests for police services and dispatching police units per departmental policy; operation of the Violation Bureau; assisting in the processing, care and custody of police prisoners as directed; performing clerical tasks of filing, typing and report writing as directed and required by the department and in the best interests of the department.

A total of 221 students from 18 area high schools entered the competition at five different levels. Twenty of these were North students.

Miss Roberts' score will be sent to Lansing where it will be compared to scores of other students who took the same test.

Robbery Pair Awaiting Trial

Two holdup suspects in the armed robbery of the Fairfax Market, Fairfax and Beaconsfield, waived examination at a hearing held before Park Municipal Judge John Urso on Wednesday, March 31. Both were bound over for trial at the next session of the Wayne County Circuit Court.

Judge Urso continued bond of \$10,000, two sureties each of the suspects, John Mosby, Jr., 24, of 1317 Fourteenth street, and Lee Earl Cox, 22, of 19640 Riverline, both of Detroit, and ordered them detained in the Park local cell until their trial. The detention in the Park Jail was necessary because of the overcrowded condition at the County Jail.

Mosby and Cox were also accused of felonious assault because the owner of the market, Costas Kouparis of The Woods, was pistol whipped, and the gun, a .357 magnum, went off while Mr. Kouparis was being assaulted. According to information released by Park Police Chief Henry Counce, the weapon was in the possession of Mosby, who actually struck the store owner.

It is not known whether the gun went off accidentally, or if the shot was deliberately fired, the chief said at the time the two were arrested.

The accused pair entered the front door of the market and Mosby drew the pistol and ordered Mr. Kouparis, a male employee of the store, and a customer to lay down on the floor.

It was said that Mr. Kouparis did not move fast enough and Mosby began beating him about the head with the gun. Mosby and Cox opened the cash register and grabbed its contents, mostly checks, and a minimum amount of currency, after which they fled to a waiting car, with a third man behind the wheel.

The car motor failed to start and the three men jumped out and escaped on foot. Cox was arrested by Park officers, with the aid of City and Farms policemen who converged on the area, when he became trapped in an alley south of Jefferson, between Nottingham and Beaconsfield. He was searched and a small caliber revolver was found in his pocket. The weapon was confiscated.

Mosby was arrested by Det. Sgt. James LaPratt and Det. William Furtaw at Wayburn and Jefferson, and disarmed.

The third man, the driver, made good his escape and is still being sought.

Mapped Lakes Available From MUCC

Maps of many Michigan inland lakes no longer are available from the Department of Natural Resources, but can be ordered from the Michigan United Conservation Clubs, P.O. Box 2235, Lansing 48911, at 75 cents each. The equipment necessary for manufacturing the maps is no longer being used by the DNR.

Although scale and detail vary, the maps generally show lake outline, depth contour, weed beds, and shoreline features such as inlets, outlets and channels.

An MUCC publication entitled "Michigan Mapped Lakes" lists the lakes for which maps are available, and contains map order blanks. This 80-page booklet, priced at \$1, also includes handy reference sections on Michigan campgrounds, boat launching sites and canoe trails, plus a host of other useful outdoor information.

Church Plans Brahms Work

Brahms choral work, "Ein deutsches Requiem," will be performed at Christ Church, 61 Grosse Pointe boulevard, on Good Friday evening, April 16, at 8 p.m. by a symphonic choir, orchestra and soloists, under the direction of Frederic DeHaven, choir-master at Christ Church.

In its complete form, the "German Requiem" was written between 1857 and 1868 and its inspiration has been credited to a number of sources, including Brahms' grief over the deaths of Schumann in 1856 and his own mother in 1855. After reworking the score several times, Brahms conducted the full six-movement Requiem in its first official performance in the Bremen Cathedral on Good Friday, April 10, 1868. It was with this work that Brahms first won general acceptance as a composer to be reckoned with in Europe.

The concert is free.

Library Week Being Observed

The Grosse Pointe Public Library will be celebrating National Library Week April 4-10 with a special Puppet Show for children at the Central Library on Saturday, April 10 at 10:30 a.m., and again at 1:30 p.m. Seating will be available for the first 85 children.

The program will consist of two short plays—"Three Billy Goats Gruff" and "The Traveling Musicians." These stories are especially suited for pre-schoolers through grade four.

The Peppermint Players are a group of Grosse Pointe school children ranging in age from 8 to 13. They originally participated in the Puppet Workshop sponsored by the library last summer under the direction of Mrs. Howbert, the children's librarian at Central. Their interest in puppetry continued through the Fall and Winter as they met each week at the Central Library to prepare for their first production. They have made their own puppets and scenery, in addition to taping an original script, complete with sound effects and music.

The puppets will be appearing in a most attractive

new puppet theatre recently constructed with the help of a number of staff members and their husbands who kindly donated their time and effort to this project. The Friends of the Library have generously contributed funds to underwrite the cost so that the theater complete with lighting will be a permanent acquisition of the library.

In addition, the library is especially happy to present Mary Ann Ghesquire and Fran Davis who will lead the audience in a sing-along of popular children's songs. Grosse Pointers, Mrs. Ghesquire and Miss Davis have had extensive experience in musical programs with children and are especially well-known for their work at the folk masses for children at St. Paul's Church.

The program will also be presented in May at the branch libraries — Woods Branch on Saturday, May 1 at 10:30 a.m. and at the Park on Saturday, May 8, at 10:30 a.m.

Just seeing others as we see ourselves might help some, too.

Footnotes

by John C. Gawryk R.Ph.

The doctor of medicine who specializes in the treatment of eye defects, the correction of improper vision, diseases of the eye and their treatment, and eye surgery, is called an ophthalmologist. The old name for this physician was oculist. The optometrist, on the other hand, corrects defects of focus by means of glasses and eye exercises. He is trained in the use of mechanical instruments for the measurement of vision. Since he is not a medical doctor, he refers cases of eye injury or suspected disease to an ophthalmologist.

Speakers Join School Salute

Capping off a week-long bi-centennial salute in Grosse Pointe's two high schools will be a number of special events of interest to the community.

South High will continue a week of special lectures in its newly-renovated auditorium on Thursday, April 8, with an 8:15 a.m. talk by Dr. Orin Gelderloose, professor of biology at University of Michigan-Dearborn, on "Environmental Problems."

At 10:30 a.m. on Thursday Dr. Gerald Moran, history professor at University of Michigan-Dearborn, will speak on "American Ideas." Following that, at 1 p.m. will be a speech on "Urban Politics," by Dr. Bernard Klein, a political science professor at University of Michigan-Dearborn. Dr. Donald Proctor, professor of history at University of Michigan will also speak at 2 p.m. on Thursday on "Makers of America."

The speaking schedule will conclude on Friday, April 9, with a 1 p.m. talk by Wayne State University professor of history, Dr. Max Mark on "United States-Soviet Relations." The public is invited to any of the lectures.

At Grosse Pointe North High, the Thursday, April 8, celebration will include the showing of the film "1776" at 7:30 p.m. in the Performing Arts Center Auditorium. Tickets are \$1.

On the lighter side, North students will dress up in either Colonial Period, Civil War, Gay Nineties, Roaring Twenties or special ethnic costumes on Friday, April 9.

Center Dance Club to Start

The Center's Thursday Night Dance Club hosted by Mr. and Mrs. Ted Forrest begins April 15 continuing through June 17. The club gives members the opportunity to learn, practice and enjoy all the traditional ballroom dancing plus the newer fads and movements.

Novices come at 7:30, the more experienced at 8:30 and advanced dancers at 9:30 p.m. Memberships are \$35 for married couples; \$20 for singles. Both the young and more mature are welcome.

Mme. Bachrach's French conversation salons will be held Monday evenings April 12-May 17 for those "busy" through the day and Tuesday mornings April 13-May 18 for those free during the day. Both beginners and intermediate students are welcome from 8 to 10:30 Monday evenings, intermediate conversationalists 9 - 10:30 a.m. Tuesday mornings from 10:30 a.m. till noon on Tuesdays. Mme. Bachrach, a native of France, who spends part of each year in her chateau near Le Mans, teaches class members all the nuances of the French language and uses topics of current interest from recent French periodicals as a basis for discussion. One learns to be at ease in the language and to think and feel as well as speak French. The fee is \$17.50 for six weeks.

By popular demand, there will be another Pillow Talk Workshop on Saturday, April 10, from 9:30 a.m.-3 p.m. Here Misses Stuart and Carson, the instructors, will teach workshop members to make their own decorator pillows and set up a four-way Bargello snowflake design. A work kit consisting of canvas, five pounds of French wool, a pillow form and backing is necessary. The kit costs \$7.50 and registration is \$10. All day workshop is \$10. There is complimentary coffee and all are asked to bring a sack lunch.

Bank Promotes Gerald Hanson

National Bank of Detroit has announced the promotion of Gerald K. Hanson, of The Park, to first vice-president in the bank's General Services Division. An NBD employee for 12 years, Hanson is director of bank operations, overseeing all customer deposits, fund transfers and trust securities processing and accounting. He holds a B.S. degree in accounting and is a Certified Public Accountant. Hanson is a director of the Grand Valley National Bank, a subsidiary of the National Detroit Corporation. NDC also is the parent company of National Bank of Detroit. In addition, he is a director of the Grosse Pointe Park Little League, a member of the American Institution of Certified Public Accountants and a member of the Trust Operations Committee of the American Bankers Association.

Film to Cover British Isles

Britain's Holiday Islands will be featured next on Grosse Pointe War Memorial's Adventure Series the evenings of Wednesday and Thursday, April 21 and 22. Dinner will be served at 7:30 o'clock on Wednesday and at 7 o'clock on Thursday. The personally narrated color travel film will be shown Wednesday evening at 8:45 and Thursday at 8:15.

The film lecturer is Robert Davis and the film begins with a Hovercraft ride to the Isle of Wight where Queen Victoria had her palatial mansion, Osborne House. Other famous homes visited on Wight are John Keats and Alfred Lord Tennyson's Farringford. One of the annual events on the Isle of Wight is Cowes Week where hundreds of sailboats compete in class competition.

Then Mr. Davis will take his viewers to Britain's Channel Islands which are much closer to France than England. They include Guernsey, Sark, Jethou and Jersey. At Guernsey, quaint St. Peter Port is visited and Martello Towers dating from the Napoleonic Era. Guernsey was occupied by the Germans in World War II and their extensive fortifications are toured. Guernsey was also the home of Victor Hugo in exile and his house there is a veritable museum.

Sark is an almost feudal domain ruled by Dame Sybil Hathaway, who outlaws all motor vehicles.

The Isle of Jethou is strictly for solitude. It is a sanctuary for birds and wild flowers.

On Jersey, the beautiful herds of Jersey cows receive attention and the Battle of the Flowers similar to the Pasadena Rose Parade is reviewed.

From the Channel Isles the film transports one to the Isle of Man in the Irish Sea, which is reached by ferry from Liverpool where the "Toast Rack," a horse drawn tram, takes the visitor to a retirement farm for old tram horses. In the town of Peel, the castle church and a Viking Festival are taken in. The festival is the reenactment of a Viking raid in the 800's.

Reservations for the complete evening, dinner and show, are \$8.75, tax and service included; the show only is \$2.75.

Cigarette Flavor Decoded.

**Scientists isolate tobacco ingredients most essential to taste
—'Enriched Flavor' packed into new low tar MERIT.**

By "cracking" cigarette smoke down into separate ingredients, researchers at Philip Morris have discovered very special "key" flavor units that deliver taste way out of proportion to tar.

The discovery is called 'Enriched Flavor.'

The cigarette packed with 'Enriched Flavor' is MERIT. At 9 mg., one of the lowest tar levels in smoking today.

Yet MERIT actually packs the taste of cigarettes having *more* tar.

Up to 60% more tar.

If you smoke, you'll be interested.

Tests Verify Taste

Thousands of smokers were tested. The results were conclusive: Against five current leading low tar brands, 9 mg. MERIT was reported by a significant majority of smokers to deliver more taste.*

Repeat: deliver more taste.

In similar tests against 11 mg. to 15 mg. menthol brands, a significant majority of all smokers tested reported MERIT MENTHOL delivered as much—or more—taste.

MERIT and MERIT MENTHOL.

Both packed with 'Enriched Flavor.'

Both lower in tar than 98% of all cigarettes sold today.

Both turning in extraordinary flavor performances against higher tar competition.

You've been smoking "low tar, good taste" claims long enough.

Now smoke the cigarette.

Wine Lines

by Pat Ulatowski

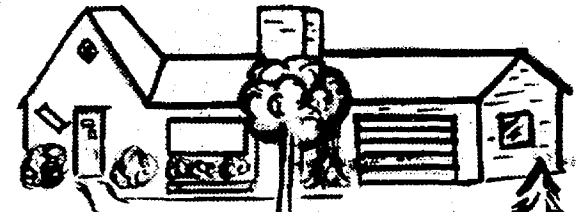

Malmsey is probably the best known of all Madeiras due, perhaps, to the fact that the unfortunate Duke of Clarence, the brother of England's King Edward IV, was reputedly drowned in a barrel of Malmsey! It is the sweetest and richest of all the range of Madeira wines. Ideally Malmsey should be served with dessert at dinner, or as in the last century, with a mid-morning cake or biscuit. Another type of Madeira, true Rainwater wine is made from vineyards on high ground, which are watered on by rain, and not by the traditional water courses.

From Madeiras to sherries, PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 has a full selection of imported and domestic wines, and will be happy to guide you in the selection of the best wine to suit your taste. We give a 10% discount off our already low prices for wine purchased by the case. Hours: 10-10 Mon.-Thurs.; 10-11 Fri., Sat.; noon-10 P.M. Sun.

WINE WISDOM:
Vintage Madeiras are now rare and expensive wines, and the domain of the dedicated wine-lover and collector.

Shook Makes All State Team

Royal Oak Kimball High School was the site of the Boys Michigan AAU State Swimming Championship on Friday-Sunday, March 26-28. With the largest numbers of entries ever recorded, Tom Shook, of The Woods, was a finalist in all six events he entered.

Tom, an eighth grader at Parcels School, had a time of 2:12.0 in the 200 I.M. and did his best time of 4:45.0 in the 400-yard individual medley.

Swimming for the Fitzgerald Swim Club in Warren, Tom went 2:17.00 in the 200 back and 1:12.0 in the 100-yard backstroke. He swam to two third place finishes in both the 100 and 200 breast.

Tom's performance earned him a spot on the Michigan All State Swimming Team that will compete against the state of Ohio at Cleveland State University on Saturday, April 10.

Values Stolen Statue at \$500

Shores public safety officers recorded the theft of a valuable statue from the property of Gerald Prapowicz, 49 Hawthorne. The statue was reported missing on Monday, April 5.

Mr. Prapowicz told investigating officers that the statue, "St. Christopher and Christ Child," made of Canara, (Italian), marble, was on the front porch of his house. He said the art object, depicting the Christ Child sitting on the left shoulder of St. Christopher, was last seen at about 6 p.m. on April 4, and discovered missing at about 7:25 a.m.

Pee Wee Blues Lose Nationals

The Grosse Pointe Blues, as Michigan Pee Wee Open Champions, participated in the National Pee Wee Tournament in Philadelphia, Penn., the week-end of Friday-Sunday, April 2-4.

The Blues played in games against teams from Stoneham, Mass., Long Island, N. Y., and Hershey, Penn., in a preliminary round of play and by winning two of these three games became eligible for semi-final action.

Matched against the Chicago Minor Hawks in a semi-final contest, the Pointers were soundly defeated.

The Hawks demonstrated a team discipline and technical proficiency totally unexpected in amateur hockey outside of the U.S.S.R.

It was no surprise that Chicago went on to win the National Championship while the Blues went on tour of historical sites in the city most responsible for the commemoration of the Bicentennial.

It was a good season for the Blues and all of the players. Coach Stu McLaren and Manager Don Hiles have been commended for bringing together a combination and team effort which exceeded all expectations at the beginning of the season.

the next day, as he was leaving the house to go to work. He said the statue measured about 18 inches high, about 10 inches wide and weighed approximately 40 pounds. The art piece was his own creation, he added.

Mr. Prapowicz said he valued his loss at \$500.

There seems to be no shortage of money today — the trouble is, it is moving too fast.

Meadow Brook Festival to Offer Many Specials

Highlights of the Meadow Brook Music Festival will feature a special concert performance of Wagner's Die Walkure Act I; the Pennsylvania Ballet returns for four performances; a special Fourth of July celebration featuring Up With People; an All-Beethoven Marathon; the inauguration of Country Western Night; a Mostly Mozart Week—all with the international music heritage theme of our country.

The Meadow Brook Music Festival, summer home of the Detroit Symphony Orchestra, under the musical directorship of Aldo Ceccato, will open its Bicentennial summer season on Thursday, June 24, at 8:30 p.m. The gala opening concert with Lorin Hollander performing the Copland "Piano Concerto". The program will include Gershwin's "American in Paris" and "Rhapsody in Blue" and will conclude with Copland's "Lincoln Portrait."

During the summer months the festival will present the Detroit Symphony Orchestra in classical concert on Thursday and Saturday evenings. Each of these concerts will highlight a particular national musical heritage that has been a gift to the United States in its 200 year history.

The festival will continue its very successful Friday night series of jazz performances, opening with one of America's premiere jazz artists, Benny Goodman, on Friday, June 25, and continuing with performances by Cleo Laine, Tony Bennett, Barry Manilow and other jazz greats. Sunday concerts at the Festival will continue the Pops tradition featuring the Detroit Symphony Orchestra under Andre Kostelanetz and Richard Hayman along with popular artists and a Country Western special with popular stars, Johnny Rodriguez and Barbi Benton. The Pennsylvania Ballet will return following a successful premier at the Festival last year to perform August 12 through 14 with the assistance of the Detroit Symphony Orchestra. The Musica Aeterna Orchestra, under the baton of Frederic Waldman, will make its first appearance at the Meadow Brook Music Festival playing two all-Mozart programs. Eugene Istomin will be the artist. The famous Bach Aria Group will also make a special appearance at the Festival for the first time on Tuesday, July 13th.

A featured presentation of the Festival offerings will be a double bill of Stravinsky's "Les Noces" and Orff's "Cantata Carmina" for chorus, dancers and soloists, August 19-21. The evening will also feature the world premier of Sam Hore's "Blessed Be Thou, Lord." The conductor will be Otto-Werner Mueller. (See full program listing at the conclusion of this release for complete program details).

Following the success of last year's All-Tchaikovsky Marathon, on Sunday, June 27, this year the Festival will present an All-Beethoven Marathon from 5 to 10 p.m. Tickets are non-refundable at single admission price of \$5 (\$3 for students). The program will include piano and violin solo works, chamber music ensembles, vocal and choral selections and will culminate in a full orchestral program featuring Beethoven's Symphony No. 9 ("Choral") and a performance of Wellington's "Victory Overture" with cannon. Last year's Marathon broke attendance records for a symphonic concert at Meadow Brook and this year's Beethoven Marathon promises to do the same.

The Detroit Symphony Orchestra will present a total of 22 evening performances and three Children's Concerts. Conductors assisting in the programs will be Aldo Ceccato, Meadow Brook Music Festival Director; Paul Paray, who is returning to the Festival by critical and popular demand after last summer's appearance; Eduardo Mata, the young Mexican-born director of the Phoenix Symphony Orchestra; Sixten Ehrlin, previous music director of the Detroit Symphony Orchestra; and Andre Kostelanetz, Yoshimi Take-da, Frederic Waldman, Otto-Werner Mueller and Richard Hayman.

Assisting concert artists in the Festival symphonic series will be Lorin Hollander, Eugene Istomin, Laura de Fusco and Mario Miranda, pianists; Eugene Fodor, violin; Jessye Norman, Ezio Flagello, Irene Gubrud, John McCollum, Henry Grossman, vocal artists. Nicanor Zabaleta will be the guest artist on the Spanish program. Jazz artists appearing at the Festival will include Tony Bennett/Woody Herman, Benny Goodman, Cleo Laine, Oscar Peterson, Chuck Mangione, Maynard Ferguson, Preservation Hall and Tex Beneke in a "Night of Glenn Miller Music" and Barry Manilow.

Sunday, the Fourth of July will feature a special Bicentennial presentation of Up With People, the internationally-travelled young performers who have presented exciting spirit up-lifting music all over the globe (recently featured on the nationally televised Super Bowl halftime). Other popular artists appearing with the Festival will be the New England Conservatory Ragtime Ensemble with the music of Scott Joplin; Bobby Short and his Trio in an "Evening of Cole Porter, George Gershwin, Noel Coward and the Rest of the Gang"; Gordon MacRae with a program of Rogers and Hammerstein musical comedy hits and Ravi Shankar, popular Eastern sitar player.

The Meadow Brook Music Festival will also feature a series of four Children's Concerts and a series of four Open Rehearsals at weekday matinees. The winner of the Meadow Brook Music Festival Young Artist's Competition will be featured at one of these concerts.

All evening performances on Thursday, Friday and Saturday begin at 8:30 o'clock with Sunday Pops performances beginning an hour earlier at 7:30. Trumbull Terrace Food Service opens two and one-half (2½) hours before every performance. Season subscriptions and coupon books can be purchased at discount savings. SPORTS HIGHLIGHTS

It's a well-known and deplorable fact that idle gossip keeps a lot of people busy. Easy Street is never reached without sacrificing many loyal friends along the way.

There is no sport available to everyone that is so seated in traditions of grace and strength than that of archery. And perhaps there is no sport with a longer history. Paleolithic drawings of archers indicate that bows and arrows are an invention of at least 20,000 years ago. In fact, archery developed as an organized sport at least as early as the 4th century A.D. Today the world governing body is the Federation Internationale de Tir a l'Arc, founded in 1931. But whether you try archery as an organized sport, or as a private test of skill, you will be a part of sport's history that is almost as old as man.

Letters to the Editor

To The Editor:
I am 83 years old. My hobby is fishing.

In view of the rapid and almost yearly increase in the fee of a boatwell in our park I wrote two letters to the Mayor and Council asking a reduction in those fees for senior citizens. (The first one two years ago, the second in February). Every member including the Mayor seemed to be in favor. But I am sorry to say... on my last inquiry at the office no action had been taken. I know some people will say: "If he can buy a boat he can afford to pay the fee." I am glad to answer not everybody takes the same attitude. If I am lucky enough to visit one of our National parks THEY DO NOT SAY: "If you come and visit us you can pay the fee of ten dollars. No, they very graciously issue me a Golden Age Passport free. When I buy my fishing license in Michigan they do not say: "If you can afford to pay for the license at five dollars or more. No, they issue me a senior resident fishing license for seventy-five cents.

Even in private business some people follow the same trend. When I take my Ford car in for service they do not say: "If you can buy a car you certainly can afford to pay the bill in full. No, as a senior citizen they grant me 10% off.

I hope the City of Grosse Pointe Woods will do something about my request.

F. Joart
A Disappointed Senior Citizen

To The Editor:
The Section 143 of Public Act 261 on the inventory reimbursement formula — the 100 percent factor coupled with the student enrollment 'shuffle', smells of confiscatory totalitarianism. We seem to be drifting aimlessly

or by device into this condition. It is of urgent importance that we let our legislators be aware of this and act accordingly.

Currently two bills, House Rule 6065 and 6066, have been introduced by Philip O. Mastin, Jr. of Hazel Park three weeks ago. These bills are presently in the House Taxation Committee headed by George Montgomery of Detroit. The bills call for the return of the 1975 inventory tax dollars for 1976 to each of the school districts regardless of student enrollment changes. This student enrollment has been a gimmick whereby about 75 percent of all of the school districts will suffer lost dollars.

Please write Mr. Montgomery encouraging swift action on their passage. Our Governor might also get a copy as the Business Activities Tax Law was his 'pet'. Mr. Montgomery's school district will also suffer a serious dollar loss if these bills are not passed.

Sincerely,
Louis J. De Perro, Jr.

To The Editor:

It is evident the School Board erred in offering a single "take it or leave it" ballot package. Traditionally Grosse Pointe voters approve any school tax increase. This time the voters just could not stomach certain elements of the package.

First, they were convinced a "yes" vote would destroy the Board's bargaining position with the teachers' union on the very large salary increases the union is demanding. Many were upset because neither board nor union would reveal the amount of the union's demands, or what, if any, increases the board would recommend.

Voters who remembered

the illegal teachers' strike, sponsored by the same union in 1969, resented the militant press releases of the union which described the 15 percent tax increase provided for in the proposals as "peanuts" and "appalling."

Second, they were not convinced that a big part of the requested tax for "loss of state aid" was justified. On the one hand they were told the legislature is considering bills to restore the "lost" aid; on the other hand the board had set up the "lost aid" as a certainty.

Third, many objected to committing to a millage increase for such a long time—four years—despite the fact other districts were limiting tax increases to two years, and despite uncertainty as to state aid, and to probable future reductions in student enrollment, now decreasing at a rate of 450 per year.

By way of constructive suggestion, it is our recommendation that the board frame this single proposal for the next election, presumably in June: a simple extension of the existing millage for both Library and schools for two years. It is our belief such a proposal would be overwhelmingly approved, in which event it would immediately relieve the pressures on everybody. The board could immediately proceed with its borrowings and planning. The library and school employees would be immensely relieved of worries of immediate cut-backs or layoffs. The citizens would be spared the scary threats of disruptions in library or school services.

As soon as the union wage negotiations with the board are concluded there could be a third election for additional millage to cover wage and salary increases, if any, negotiated with the union plus other needed increases from loss of state aid, (that picture should be much clearer by then), and increased costs of heating, supplies, insurance, etc. Prior to that third election the voters would be provided with full information as to the union's and the board's wage and salary contract, justification therefor and answer the voters' questions on all items involved.

Sincerely,
John C. Cook

Attention: Violation Bureau
Dear Bureaupersons:

I wish to take this opportunity to thank you for introducing my wife and myself to the complexities of municipal bureaucracy. Enclosed is payment for our parking violation. I know it will be our last, because I have no intention whatever of ever using your parking meters again.

On the day in question, my wife parked at the Kimberly Korners area, found that the parking meter (both coin slots) was jammed, went

ahead and did her shopping which amounted to running into Kimberly Korners for some birthday candles, and returned to find the lovely meter-person writing her a violation. Her attempted explanation of the jammed meter was interrupted with a curt reply, "... and if you don't like it, take it to court."

My next step was to call the number on the violation which refers to information. I called the number, listened to a recorded message stating that it was after business hours, and would I please call the Police Department. The Police Department was very helpful, telling me that the violations questions should be directed to the Violation Bureau, not the Police Department.

The following day, during business hours, I called the Violation Bureau and explained the nature of the jammed meter and asked if the Violation Bureau was responsible for reporting and repairing jammed meters. "Oh No," said the young lady, "that's the responsibility of the Police Department." Bureaucracy at its finest!

Now, dear Bureaupersons, here are some facts to ponder:

1. The meter-person knew the meter was jammed, but wrote the violation anyway, stating that the vehicle should be moved to an operating meter.

2. The Violation Bureau and the Police Department are not too clear as to who should answer questions about violations after business hours.

3. Meter-persons are encouraged to write violations on jammed meters.

From these brief facts, it would seem that the City of Grosse Pointe Woods is asking its citizens to pay \$2.00 (or \$1.00 if paid within 48 hours) to park at a meter. If that be the case, why not jam all the meters in the City, then the revenues would certainly go up. Secondly, you are asking citizens to feel they have been wronged, to take a day off work to plead their case in court.

Outstanding logic... take a day off work, lose a day's pay, but fight for your principles, even if it's a \$2.00 parking violation. I doubt if many citizens who work for a living can afford those kind of principles. What they can afford, however, is the option of using that \$2.00 in gasoline, and drive to Eastland Center or any number of other business areas that would welcome our sales dollars.

Again, thank you for the lesson in municipal bureaucracy as well as the one in economics. They will both be put to good use.

Sincerely,
Arno C. Marcaccio

P.S. As for the lovely meter-person, may a thousand sand fleas infest her go-cart seat.

What Goes On at Your Library

By Arthur M. Woodford
Chief of Central Library

Now that Spring has officially arrived it is time to start those annual homeowners' tasks of clean-up, fix-up and paint-up. If you need help in getting your projects underway why not stop at one of your three Grosse Pointe Public Libraries. We will probably have, among our combined collection of nearly 140,000 volumes, just the book that will give the information necessary to tackle most any home repair task.

First, let us start with the tools that you may need. In EVERYONE'S BOOK OF HAND AND SMALL POWER TOOLS (Reston), George R. Drake describes in detail the use and care of over 150 hand tools and 13 small power tools. This book presents you with the most important things you should know for accomplishing any repair or do-it-yourself job — the selection of the proper tool for the job, the proper use of the tool, and the proper care of the tool. The author also covers important related areas such as beginning tool sets, tool boxes, workbenches, workshop floor plans, lighting, and storage areas. Anyone working with hand and small power tools, no matter what his or her level of expertise, can expect immediate benefits from this useful guide.

Once you have the proper tools you can select a book for your particular job. For example, there is FLOYD M. MIX, HOUSE WIRING SIMPLIFIED (Goodheart-Willcox) giving you the hows and whys of home electrical fundamentals; JAMES R. DALZELL, MASONRY SIMPLIFIED (American Technical Society) with pointers on the tools, materials and practice of bricklaying, concrete block and cement masonry; HARRY F. UREY, CARPENTERS AND BUILDERS LIBRARY (Andel), a four volume series providing a complete range of topics for both the would-be and professional woodworker; and HAROLD P. MANLY, PLUMBING, INSTALLATION AND REPAIR (Drake), a handy guide intended for use by the homeowner having no previous training in plumbing practice. Plumbing fixtures, water closets, drain and waste pipes, etc., they are all covered here.

You say you want to decorate your living room? How about INTERIOR PAINTING, WALLPAPERING, AND PANELING (Reston), by Gershon J. Wheeler. Subtitled "A Beginner's Approach" this book provides you with complete, easy-to-follow instructions, accompanied by numerous, detailed photographs of each operation.

Does the redecorating of your living room include the rebuilding of an existing, or installation of a new, fireplace. Then let me recommend HOW TO PLAN AND BUILD FIREPLACES by the editors of Sunset Books and Sunset Magazine. Along with chapters on how a fireplace works, where to locate a fireplace, how to install or build a fireplace, there is a useful section on how to build and tend a fire.

Other books in this Sunset series include building and remodeling bathrooms, kitchens, and recreation rooms.

If your project is a backyard patio, we have GEORGE E. DANIELS, DECKS, PORCHES, AND PATIOS (Creative Home Library). Along with information on how to design and build a deck, porch or patio the author provides useful tips on the selection and care of outdoor furniture and the design and installation of outdoor lighting equipment.

To go with your patio, we have books on how to design and build fences and gates, barbecues and grills, garden walks and walls, garden pools, fountains and waterfalls.

If you want something more than a garden waterfall, how about a backyard swimming pool? Stanley Schuler provides the directions needed in his new book HOW TO DESIGN, BUILD, AND MAINTAIN YOUR SWIMMING POOL (Collier Books). This is a book that tells everything you need to know about residential pools — from excavation to erecting a poolhouse and choosing poolside accessories.

These are just a few of the many types of home maintenance and repair books in our collection. So before you clean-up, fix-up, paint-up, why don't you stop up to your Grosse Pointe Public Library.

'Own' Program for Girl Scouts

The Girl Scouts of Grosse Pointe and Harper Woods recently commemorated Girl Scout Week with a "Scout's Own" program at Grosse Pointe Memorial Church. More than 800 local Scouts and their families attended. Planned and conducted entirely by Brownie, Junior, Cadette and Senior Scouts, the program was based on the Girl Scout Promise, the Scouts explaining the Promise and interpreting what it means to them.

Mrs. William Cox, Chairman of Scout neighborhood 115, was coordinator. She was assisted by Mrs. Donald Unger, Mrs. Bernie Van Antwerp, Mrs. Terrence Kilbride, Mrs. Robert Brackett, Mrs. Karl Eppler, Mrs. Richard Morris, Mrs. Sterling Berry, Mrs. Ellwyn Gilbert and Mrs. Edward Kay.

Leslie Sanders, a Scout father and assistant organist at the Church, provided the musical accompaniment.

Sigma Sigma Sigma Marks 78th Birthday

Grosse Pointe's Tri-Sigma Alumnae will honor their founders and celebrate their sorority's 78th birthday at a luncheon and dinner next week.

Mrs. Robert E. Quarters, of Lincoln road, will host the Daytime Chapter's Founders' Day luncheon Tuesday, April 13, at the Grosse Pointe Hunt Club. Festivities begin with a 12:30 o'clock social hour. A ceremony will follow the 1 o'clock luncheon.

Mrs. Michael T. Welsh, of Berkshire road, president of the Evening Group, has invited her chapter members and guests for punch, hors

d'oeuvres and a sit-down dinner at 7 o'clock, to be followed by the "Sigma Salutes the Red, White and Blue" ceremony.

Reservations for the Hunt Club luncheon may be made with Mrs. Robert C. McCort, 884-1628. Mrs. Donald Fornal, 532-9040, is accepting reservations for the dinner.

Tri-Sigma was founded April 20, 1898, by eight young women who braved social stigma by leaving their homes and going to college. They enrolled at the Farmville, Va., Normal School, (now known as Longwood College).

Marilyn Ellis Sings on TV

No, you weren't dreaming the lady belting out "Everybody Loves My Baby" in Betty Boop style on television's "City of Angels" last Tuesday WAS Marilyn Ellis, daughter of Mr. and Mrs. William H. Ellis, of University place.

Marilyn, who plays the guitar as well as sings, is a Grosse Pointe High School graduate. She spent a year at Ferris State College before the opportunity to perform at Detroit's Attache Club came up. "If I don't try it, I'll never know if I could make it," said Marilyn. She's been a pro ever since.

Since that first Attache Club engagement in 1969, she's appeared at the Playboy Club, Top of the Poch and Chuck Muer's Sun Dog, at Aku-Aku in Toledo, in California, Las Vegas and Hawaii.

She did a USO-type trip to Asia. She has a bit part as a sideline musician, (violinist), in the soon-to-be-released film "Dick and Jane." Back at Grosse Pointe High, in her junior and senior years, she had a four-piece girls' band: The Innocents.

Marilyn was married last August 23, in Detroit's Lutheran Church of the Reformation, to flamenco guitarist James Hare, son of Mrs. Sylvia Hare, of Hollywood, Calif.

The reception following the ceremony, at which The Reverend Gary Wheeler presided, was held at the St. Clair River Country Club. Attending the couple were the bride's sister and brother, Mrs. Steven Conrad and James E. Ellis. Jimmy Ellis was ring bearer for his aunt. The Hares make their home in Hollywood.

Congregational Ladies to Meet

The Grosse Pointe Congregational Church Women's Association will gather Tuesday, April 13, at 11:45 o'clock in the Church Lounge for a general business meeting followed by luncheon in the Social Hall, with Group III members as hostesses.

Dr. Roy Hutcheon's post-luncheon program is entitled "A Minister's View on the Proposed Merger." Luncheon reservations are being taken at the Church office.

August Bride

Plans for an August wedding are being made by MARIANNE ELIZABETH METES and Larry Parker Channell, whose engagement has been announced by her parents, Dr. and Mrs. John S. Metes, of Webber place.

Both the bride-elect and her fiancé, son of Mr. and Mrs. Nelson S. Channell, of Briarcliff place, are Grosse Pointe North High School graduates, and both attend Michigan State University.

She is affiliated with Alpha Lambda Delta, Beta Beta, Phi Kappa Phi and Mortar Board honor societies, and expects to receive her Bachelor of Science degree in Biology in June. She will enter Medical School in the fall.

The prospective bridegroom, affiliated with Theta Chi fraternity, expects to receive his Bachelor of Arts degree in Operations Management in June.

Pointer Girls Meet April 15

Members of the Pointer Girls' Bridge Club will meet at 11:30 o'clock next Thursday morning, April 15, at Lochmoor Club. Luncheon will be served at noon.

Mrs. Burton J. Locke, chairman of the gathering, assisted by co-chairman Mrs. William Kabbush, must receive reservations accompanied by checks, no later than Monday, April 12.

Get 1976 Cancer Crusade Underway

Martha Gorey Heads Wayne County Educational and Fund-Raising Effort; Free Pap Tests Being Offered in April

Martha Fink (Mrs. Charles B.) Gorey, of Stephens road, has been named Wayne County Standing Crusade chairman for the American Cancer Society's 1976 educational and fund raising Crusade which begins April 1. Mrs. Gorey's appointment was announced by Benson Manlove, chairman of the board of the Wayne County ACS unit.

A combined Wayne County open house and Tri-County media kickoff for the '76' Crusade will be held from 5 to 7 o'clock today, Thursday, April 8, at the Parklane Towers in Dearborn. Mrs. Gorey and Alex Karras, annual Crusade chairman for Wayne County, will host the event.

Mrs. Gorey brings to her position an energetic commitment to the fight against cancer. Her first effort was in helping re-locate Wayne County ACS offices to new, larger quarters.

The office suite is dedicated in memory of her son, Charles Fink "Chick" Gorey, whose photographic work hangs in the reception area.

The '76' Crusade theme is to "help wipe out cancer in your lifetime." Fifteen thousand volunteers will canvass Wayne County, distributing cancer prevention information and asking residents to help with a check and a check-up.

Mrs. Gorey served as volunteer chairman of admissions for 22 years at Harper Hospital. She is the owner of Martha's Closet.

The nearly 60,000 educational programs, on uterine cancer and the Pap test being completed this year put the American Cancer Society within reach of its five-year goal: a Pap test for every American woman 20 years or older by the end of our country's 200th anniversary year.

"Although considerable progress has been made in the Detroit area, as in the rest of the country, we need an added push to put this life-saving program over the top," Mrs. Gorey notes.

Five years ago the Society launched a campaign, "Let No Woman Be Overlooked." By the end of 1974, a Gallup poll showed that almost nine in 10 women were aware of the Pap test—and that 78 percent of the nation's women had had one. This was a dramatic advance from the 53 percent noted in a 1970 poll.

that cancer of the endometrium, (body of the womb), has been rising among middle-aged women. For this reason, the Society recommends that every woman at menopause have a pelvic examination and Pap test, and those at high risk have an endometrial sample examined.

"Although the uterine cancer death rate has declined by two thirds in the last 35 years, about 11,000 women will needlessly die of uterine cancer this year.

"There is no need for young or older women to brood about cancer. They should be aware, however, that with cancer it's what you don't know that may hurt. A regular health examination including the Pap test, or in the case of abnormal bleeding a medical examination, can help prevent uterine cancer death."

Project CODAC, (Community Outreach Detection and Care), co-sponsored by the Michigan Cancer Foundation and the American Cancer Society, is offering free Pap tests.

Newman-Wagner Vows Exchanged

Bride's Sister Comes from Traverse City to Serve as Honor Matron; Bridegroom's Brother is Best Man

Exchanging marriage vows Sunday, March 28, in Barrister House, St. Clair Shores, where a reception followed the ceremony, were Anne Richardson Wagner and Robert Bruce Newman.

Dr. John Forsyth and Rabbi Sherman Wine presided at the 1:30 o'clock rites.

The bride, daughter of Mr. and Mrs. David M. Crocker, of Hidden lane, wore an ivory silk gown accented with Viennese lace, V-necked, its puffed sleeves ending in small, satin ribbon cuffs, its soft, full skirt extending into a chapel train.

A headpiece of lace applique caught her silk illusion

veil. She carried a cascade of cymbidium orchids, stephanotis and greens.

Mrs. Kenneth H. Steppitz, Jr., came from Traverse City to serve as her sister's honor matron, in a floor-length knit of scarlet Qiana styled with a drape back, its front sashed to hold in the fullness of the skirt.

Her bouquet of candy-striped carnations, blue statice and baby's-breath was tied

Pointe Dentist Plans Bicentennial Exhibit

By Johanna Gilbert
The patient's mouth is open, the dental drill expertly placed on the teeth, and above the hum of the motor a soothing voice says: "Did you know Paul Revere not only was an excellent silversmith, but a dentist as well?"

The drilling continues as does the narrative: "In fact, Paul Revere identified Dr. Joseph Warren's body, (Dr. Warren was an early Battle of Bunker Hill casualty), by the appliance he had carved from ivory and fastened with silver wire to the remaining natural teeth!"

Without thinking, the patient expresses surprise at this nugget of information—only to be told to hold still while the drilling continues. After a respite from work being done, Dr. John Pericin, of Ballantyne road, continues telling—his enthusiasm increasing—of early dentistry and the wonderful improvements that have been made.

For instance: we all know that George Washington had dentures, "but do you realize that because they were so uncomfortable, his inaugural address was brief because his mouth pained him so much?"

Now Dr. Pericin really warms to the topic... "and do you know Washington's dental problems were in large part attributed to his fondness for sweets?" With a triumphant look he says, "that problem is still Number One, BUT today we know there is a definite relationship between dental disease and 'sweets,' and we are EDUCATING the public to preventive dentistry."

"Dr. John" is enthusiastic and energetic whenever something really interests him. Right now, the upcoming Michigan Dental Association Bicentennial Exhibit, (he's general chairman), at Cobo Hall April 11 through 13, 9 to 5 o'clock daily, is

his all-consuming challenge. The theme of the exhibit will be "Serving Dental Health—Century 3." To contrast the progress dentistry has made up to today, antique dental equipment will be on display, (one can well imagine why "suffering," "pain," "fear," were common words to describe a visit to a dentist).

A series of functional office units displaying the philosophy of modern dental care, plus futuristic self-educating displays which have been developed in cooperation with the University of Michigan also will be shown.

"Dentistry is hardly recognizable from those early days," says Dr. Pericin. "Today we have fluoridation of community water supplies—a tremendous contribution to the prevention of tooth decay throughout life."

"Improvements in local anesthetics; use of acrylics for crowns, bridgework; diagnostic screening tests for dental decay activity; the development of the water turbine handpiece as the

forerunner to high speed drilling in dentistry... all these have added to the care and comfort people can expect. However, the real thrust in dentistry is PREVENTATIVE dentistry."

At 11 years of age, John Pericin came to the United States with his parents from Yugoslavia. He spoke no English.

Accepting school as a challenge with the enthusiasm and energy to overcome obstacles that had been part of him from earliest youth, he finished his grammar and high school education in eight years. At high school commencement ceremonies it was announced he had won a scholarship to Wayne University.

Dr. John enrolled with a major in History as his goal—until the Music Department heard him play string bass. After his audition, that department offered him a scholarship, too, as an incentive for him to play in the Wayne Band and Orchestra and give consideration to Music as his major.

It was a dilemma to be quickly resolved: Music had always kept an up-beat tempo with him; he switched his course to the School of Music.

Dr. Pericin had just completed two years at Wayne when his draft call came to service in World War II. His training center was the Naval Aviation School in Jacksonville, Fla.

Graduation time... this time to receive his "wings"... and it was a custom, at this ceremony, for all new officers to throw their hats into the air. If, the saying went, the hat was caught by a young lady, you were "hooked."

Dr. John's special girl, Delphine, caught his hat. A few days later they were married in Jacksonville.

She returned to Detroit; he was sent to the Pacific. His entire tour of duty was flown in that area, and when V-J day came it was One Happy Navy man who found himself on a troop ship headed for home.

During his years of service, Dr. John had not seen his dentist regularly and, consequently, many dental problems had developed. On board the troop ship was a dentist who not only took care of dental problems in a kind, thorough and gentle way, (so unlike the usual military treatment at that time), but was a concerned human being as well.

It was this dedicated man who motivated Dr. Pericin to dentistry.

Upon his return, he received many job offers from the airlines. Although the offers were very lucrative, Dr. John had no problem turning them down. He entered the University of Detroit, cramming his schedule with science classes for two years, then entered U. of D.'s School of Dentistry.

His interest in music never left him. In fact, after joining The Players and conducting some of their musicals, he was "hooked" on show business.

For a number of years, Dr. Pericin also played string bass in the Grosse Pointe Symphony. When a choice

May Wedding Date Is Made

Alpha Phi Alumnae To Hold Plant Party

Members of the Detroit East Suburban Alumnae Chapter of Alpha Phi have been advised to bring plants to exchange with other members at Ann Welsher's Touraine road home next Tuesday evening, April 13.

Co-hostess Jean Rice, 886-2097, is accepting reservations for the 8 o'clock Plant Party through Monday, April 12.

Members who wish to attend the upcoming Panhellenic luncheon and fashion show at Lochmoor Club are advised to call Sis Christensen, 886-9437, as soon as possible.

Miss Kiernan Speaks Vows

Marion Roberta Kiernan and Raymond Gin Hom exchanged marriage vows Saturday, November 29, at a late morning ceremony in the University place home of her brother, Gordon Kiernan, Jr.

A reception at the Detroit Athletic Club followed the 11 o'clock rites.

The bride, daughter of former Pointer Mrs. Gordon Kiernan, who now makes her home in Seminole avenue, Detroit, and the late Mr. Kiernan, was attended by Susan Bejin.

The bridegroom, son of Mr. and Mrs. Gin Hom, of San Francisco, Calif., asked Michael Geary, of Plymouth, to act as best man.

The newlyweds are at home in San Francisco.

Wiggs China Shop

Pat Sterner, Wilton Armetale Molder

Forming metal from a sand mold is one of the oldest crafts known to Man, dating from early Egyptian dynasties. Today, that same ancient process is still in use at the Wilton Foundries to make the Armetale metal dinnerware & giftware. We're very fortunate to have Pat Sterner demonstrate this fine sand molding craft in our China Shop Thursday afternoon and evening. Pat works with special hand tools, rare sand and metal fired to its melting point and poured into the mold. Come to Wiggs and watch Pat make the finished product. He'll answer any questions and explain his craft while working in his foundry.

Armetale dinnerware and serving pieces have the look and feel of traditional pottery... but with very special features. Armetale won't chip, crack or break. You can cook in it, eat and drink from it... it's completely non-toxic. Every piece is individually cast and painstakingly finished. Come in and see our extensive Armetale collection.

Banquet to Aid Homeless Italian Boys

Members of the Michigan Chapter of Boys' Towns of Italy are holding their annual awards banquet this evening, Thursday, April 8, at Fairlane Club in Dearborn. The organization, celebrating its 31st year, will honor John J. Riccardi, Frank S. Valenti and Martha Griffiths.

Monsignor John Patrick Carroll-Abbott started the first Boys' Towns of Italy, supported largely by contributions from United States Servicemen, in a bombed-out villa. Today, there are nine Boys' Towns of Italy, a girls' town and 31 other children's institutions.

Each year, the International Board of Boys' Towns of Italy meets in Rome to

select and nominate a person or persons to receive the "Michaelangelo Award," conferred upon persons of character, regardless of race, nationality or religion, who have contributed outstandingly to the welfare of children and who have also rendered notable service to the cause of Boys' Towns of Italy.

The Award derives its name from a homeless boy, "Michaelangelo," cared for by Monsignor Carroll-Abbott prior to the founding of Boys' Towns of Italy. John J. Riccardi has been chosen to receive this year's Michaelangelo Award. Martha W. Griffiths will receive the "Woman of the Year Award." Frank S. Valenti

will be honored as "Man of the Year."

Chairman of the 1976 awards dinner is Richard W. Cordtz, assisted by the Women's Committee general chairman Mrs. Edward M. Baker. Mrs. Maria Lalli serves as honorary chairman.

Among those serving on the Women's Committee are Mrs. John Mulroy, Mrs. Dorothea Giovan, Mrs. James Merriam Barnes, Miss Joan Rossi, Mrs. Mark Valente, Jr., Mrs. Marion Macioce, Mrs. John Noonan, Mrs. Rina Cossetini, Mrs. Carolyn Sinelli Burns, Mrs. Maria Dinon, Mrs. Vic Caputo, Mrs. Rosalie House, Miss Dora Colombo, Miss Carol Palazzolo, Mrs. Paolo Polidori, Mrs. Louise Trafletti, Mrs. John Stante, Mrs. Patsy Urso, Mrs. Joseph N. Let's Talk Real Estate

by John E. Brink

Movement in the past years has been toward new housing, and there is nothing like a new house for immediate livability, a reduction of time spent in repairwork, and general ease of living. But there is also something to be said for older homes. With an older home you may find more personal fixtures, landscaping already well-grown. Rooms are sometimes larger with old houses, amenities like front porches are also more likely. Older homes may demand more work, but sometimes the less expensive price tag makes that worthwhile.

Technical real estate terms and the terms of any contract need not be a problem for you when you list with GROSSE POINTE REAL ESTATE CO., 20087 Mack Ave., Grosse Pointe Woods, 882-0087. We will take the time to explain the entire transaction to you. Remember our reputation has been built on our personalized service and our ability to get results. We excel in helping you obtain the maximum market value for your property also. Call on our professional representatives whether you are buying or selling. Open: Mon.-Sat. 9-5, Sun. noon-5, 24 hour answering service.

Pointe Chargers Capture Second in State Tourney

The State hockey tournament opened at the Royal Oak Arena on Friday, March 5.

The Grosse Pointe Dodge Chargers' first competition that night was their season-long adversary, the Fraser Highlanders, and the Chargers won the hard-skating game 4-2. Goals were scored by Tom Dow, Gary Dennis and Brian Valice, who netted a pair.

The Chargers next game was Saturday morning, March 6, against the S. and A. Ind. Stags.

Led by the goaltending of George Zinn, the defensive team of Marty Wittmer, Marty Montagne, Mark Brooks and Tim Askew held the Stags scoreless through three periods of stop time play.

The only score was by the Chargers' Tony Amore, assisted by Tim Askew and Brian Valice.

That evening the Chargers lost to Little Caesars, 4-2. Scoring for the Chargers were Brian Valice, assisted by Marty Wittmer, and Tom Dow set up by Rick Stroebe.

On Sunday morning, March 7, the semifinal rounds got underway with the Chargers meeting a team from the Dearborn Hockey Association. The Chargers won 5-1.

The first goal came off the stick of Rick Stroebe, set up by Scott Brady. In the second period, Peter Moody slid one past the goalie with the help of Rick Stroebe and Tom Dow.

That same period Mark Tirikian put in Mark Brooks' rebound. Mark Tirikian came right back to close out the period with an unassisted goal.

Dearborn finally put one in at 4:52 of the final period but Gary Dennis set up by Mark Tirikian and Jimmy Trybus came right back to score the Chargers' fifth goal to win the semi-finals.

This placed the Pointers in the finals against the team that barely beat them the night before, Little Caesars.

That the Chargers came to play was obvious as they were able to score three times in the first period. Little Caesars also scored three goals in the first period.

The Chargers first goal came from Brian Valice, set up by Mark Brooks. Tom Dow scored, assisted by Rick Stroebe, and Mark Tirikian scored, assisted by Jimmy Trybus.

In the second period the Chargers settled down de-

fensively allowing no goals but scoring two of their own to go ahead 5-3. Scott Brady and Tony Amore both scored from Brian Valice.

The defensive play of the Chargers and the fine goaltending of George Zinn held Little Caesars scoreless until the final 46 seconds of the third period when Little Caesars ultimately tied the score at 5-5.

The two teams played four sudden-death overtimes before Little Caesars scored to win the championship.

The Grosse Pointe Hockey Association and the parents and friends of the Chargers said they are very proud of their efforts and the hard work which put them in first place of the American Division of the Michigan National Hockey League, as well as runners up in the State finals.

The Chargers' head coach is Dr. Robert Valice, who's assisted by Jim Butram and Dave Dennis.

The team manager is Lee Wittmer.

If you are a Grosse Pointe resident...Here are 10 reasons why you should support the GROSSE POINTE WAR MEMORIAL Family Participation Campaign for 1976

THE ALGER HOUSE . . . a gift to the community from the Russell A. Alger Family

Dear Grosse Pointer:

Grosse Pointe War Memorial — Alger House, Fries Auditorium, the beautiful lakeside lawns and gardens were outright gifts to Grosse Pointe. The Center is two-thirds self-supporting and uses not one dollar of tax monies.

Just once a year Pointe residents are asked to contribute toward the operational costs. This they have done without fail for twenty-eight years while the Center has grown and expanded its educational opportunities, services and facilities for all age groups and interests. The Board of Directors and staff are most appreciative of this support without which the Center could not continue.

This year the amount estimated to balance minimal operational and maintenance costs is \$135,000.00.

We ask you to continue your support of this uniquely beautiful living Memorial Center by renewing or becoming a member donor in whatever category you can and feel the Civic Center deserves. Your gift is income tax deductible.

Thank you for your help.

MRS. PATRICK G. McKEEVER, OF DEVONSHIRE ROAD

By Janet Mueller

She's Pat, and he's Pat, and they have a son, Patrick—but no Patricia. Enough of a good thing is enough. Their daughters are Maura, 10, Bridget, seven, and Megan, five, (Patrick the Lesser is nine), and if Schnapps, their German Schnauzer, tends to think of himself as an Irish wolfhound... it's understandable.

Irish is in the McKeever household. The children take Irish dancing at the Gaelic League, ("the Irish Country Club"), near Tiger Stadium.

Music is in, too. Pat the Mother majored in Music at Saint Mary's, across the road from Notre Dame where Pat the Father was a student. Patricia from Ohio met Patrick from Detroit.

She Loves Woody

Now, when Ohio State plays Notre Dame, the Lady Pat may be ambivalent... but when Ohio State plays Michigan, there's no doubt where her sympathies lie. "I love Woody Hayes."

It takes a lot of Irish pluck to make that statement in this state.

If there's one thing Mrs. McKeever's got, it's pluck. Just imagine: you're chairman of Musical Marathon, the Junior Women's Association for the Detroit Symphony Orchestra's spring fund-raiser, a project that's been done, successfully, before.

The ground's been broken. You know where you're going.

Nothing To Chair

Then, suddenly, there is no Musical Marathon: WWJ can't give the Symphony Juniors spring time, so the radio marathon is off for the time being, postponed until next fall, leaving the Juniors with no spring project. You're a chairman with nothing to chair.

Then Pat (Mrs. John E. Jr.) Young of Audubon road, president of the Symphony Juniors, has a brainstorm, and, after consulting with the Central Business District Association's Diane Edgecombe "Detroit '76," a guided bus tour highlighting the city's landmarks and landmarks, past and present, is born.

It's not a one-day tour. It's not even a one-day tour, (well... the tour itself is one day, but you have a choice of days on which to take it).

Busses will leave Northland, Eastland, the Top of Troy Building and the Grosse Pointe City Park PROMPTLY at 10 o'clock Thursday, April 29, and Friday, April 30.

The Itinerary

They'll visit Belle Isle and Indian Village, the Moross House, Old Christ Church and Sts. Peter and Paul Jesuit Church in East Jefferson avenue. They'll stop at Ford Auditorium, home of the Detroit Symphony, and Orchestra Hall.

There'll be a chance to relax in Greektown, to view the city from the Renaissance Center, to learn, at Rossetti and Associates, what an architect with the future of his city in mind can do with a building of the past.

There'll be stops at the New Center Area, and at Old Mariner's Church.

A Symphony Junior will be aboard each bus, to answer questions and comment on the areas covered. The Juniors see themselves as "hostesses" rather than "guides," (there'll be guides specializing in each stop at each stop), but as "informal" rather than "casual" hostesses.

Attend Workshop

The hostess volunteers spent last Monday at First Federal downtown, at a CBDA workshop: a working session designed to bring them up-to-date and back-to-the-beginning about Detroit. Tom Holleman, architect at

Smith, Hinchman and Grylls, was one of their resource persons. There's a saying in Detroit: If it happened here, Mr. Holleman knows about it.

It's getting so you can say that about Mrs. McKeever, too. She's been averaging every other day downtown, exploring, observing, learning—and she loves it!

"When you're involved in a project like this, you look at Detroit in a different way." She's focusing on the city's possibilities rather than its liabilities. It's a whole new world.

Musical Marathon may be postponed; Pat's chairmanship isn't. She's still the lady in charge of the Symphony Juniors spring '76 project.

Outgrew First Home

Pat and Pat McKeever lived in Bishop road, Detroit, when they were first married. They moved to their present home when they outgrew their first.

Their three older children go to St. Clair School, Megan, (the only redhead), to Defer. All the children are very involved in swimming at the Detroit Yacht Club. Mother's a Girl Scout leader.

She's also a member of the Assistance League to the Northeast Guidance Center and, in between "driving the children around," keeps up her music. She once taught music in school. She plays the piano. She can hold her own on the flute. She will be among those singing the Brahms Requiem at Christ Church, Grosse Pointe, Good Friday evening.

She's No Soloist

"I'm strictly a group singer, not a soloist," she maintains. Her "regular" group is the Madrigal Club of Detroit, and it was through Madrigal Club that she became involved with the Junior Women's Association for the Detroit Symphony Orchestra. "A lady in Madrigal asked if I'd be interested in joining the Symphony Juniors."

Pat's awfully glad she said yes. "I've really enjoyed it. The Juniors are an amazing group of people. They're dynamic!"

They also know how to roll with the punches. Mrs. McKeever, dubbed perfect as chairman for Musical Marathon because of her strong background in music, is proving equally perfect as chairman for "Detroit '76."

She's had President Pat Young's help all along the way. Together, the Pats Young and McKeever, (I can't help it: I've got to say it—this is the "Patstet") Pointer I've ever written), have checked out every stop on the tour.

Excited by Greektown

"We were at Mariner's Church and Moross House last week. They're really beautiful... but I suppose my personal favorite, the place I'm really excited about, is Greektown.

"We," (Pat and her husband), "go downtown quite a bit, but I had never been to Greektown. Oh-h-h-h, that baklava!"

With 20 busses leaving at the same time from four different locations, the logistics of "Detroit '76" have to be carefully worked out. It wouldn't do for all busses to converge on the same stop at the same time. "We sat down, timed each stop, and made a schedule. We figured it out—then we followed it out, and made some changes."

Short and to The Pointe

(Continued from Page 15)

Grosse Pointe North High School graduate DIANE R. DESPIRT, daughter of MR. and MRS. DANTE DESPIRT, of Berns court, has been selected for membership in Alpha Sigma Nu National Jesuit Honor Society at the University of Detroit where, a senior, she has been named recipient of the Dean's Scholarship Award for the fourth consecutive year.

Receiving highest accolades at the Catholic Youth Organization's ninth annual volunteer awards dinner April 4 was VAUGHN ADAMS, of Lakepointe avenue, associate dean of the University of Detroit's College of Arts and Sciences, a ward of the Joe Glaser plaque for exceptional contributions as a member of the CYO's board of directors. Mr. Adams, first member in a quarter of a century to serve three terms as board president, is now chairman of the planning committee.

Traveling to East Lansing March 13 to see KIM MICHELLE MENAGH receive her Bachelor of Music degree cum laude from Michigan State University were her parents, MR. and MRS. CHARLES R. MENAGH, of Blairmore court, her brother JASON and grandmother MRS. JOHN PANKOW. Another brother, CLAYTON MENAGH, pre-Med Chemistry major at the University of Nebraska-Lincoln, was honored for outstanding scholastic achievement during the University's spring honors convocation.

Wittenberg University sophomore Sociology major SUSAN SANDROCK, daughter of THE REVEREND and MRS. CHARLES W. SANDROCK, of Williams avenue, will spend spring term working with Planned Parenthood as an "on the job" intern under Wittenberg's Urban Studies Program.

"Detroit '76" is her first major project chairmanship. This seems to be her season for big assignments. "My husband and I are co-chairmen of the Michigan CPA Convention in Lake Geneva, Wis., this year."

She's not a dedicated athlete. "I like to play tennis, but I'm not that good." She's not a creative handicrafter. "I don't sew: I mend—and I don't apologize anymore."

She'd rather deal with people than with things. She'd rather sing than scrub the kitchen floor.

Has Bee in Bonnet

She'd rather "Detroit '76" were a smashing success than just about anything. So would Pat Young, for if it is well, President Pat has a bee in her bonnet.

She'd like to see "Detroit '76" tours a permanent, ongoing project of the Symphony Juniors.

The Juniors could provide hostesses for convention groups throughout the year.

"Our girls are all intelligent, and poised and pretty. This is something they can do."

And do well. And enjoy doing. And the Symphony benefits: the project would be a constant money-maker, funneling funds into DSO Funds. And the city benefits: "We've got to let people know Detroit IS a city, so why not put 'em on a bus and show 'em?"

The "Detroit '76" tours end at 3:30 in the afternoon. Anna Marie (Mrs. Maurice) Day, of Woods lane, is in charge of East Side tickets and reservations. Mrs. Ed-

The kites will leave the Club with the dinner-dancers, who may use them as interesting adjuncts to family room decors... or may just go out and fly them Saturday morning.

"Go fly a kite"—it's a lovely way to say hello to spring.

Come To The Carnival

Another lovely way to say hello to spring is to come to the carnival, whirl and twirl and wreak havoc with your nerves and digestion—and generally have yourself a high old time.

The Assistance League to the Northeast Guidance Center is presenting a carnival at Eastland Wednesday, April 14, through Sunday, April 25. Hours are 1 to 10 o'clock daily.

There'll be all sorts of rides, from "mild" to a spectacular something called "Zombie Lodge." All Assistance League profits, as Carnival chairman Irene Shannon points out, go to support the programs of the Guidance Center, the community mental health center serving Grosse Pointe, Harper Woods and northeast Detroit.

Take In A Play

How about greeting spring by taking in a play—a really happy play, with lots of good, old-fashioned, non-message fun, like "George Washington Slept Here"? Not only is it fun—it's Bicentennial!

The fact that George Washington slept in an uncounted number of farmhouses during the American Revolution, (he was moving around a lot), has been made much of by real estate agents trying to sell abandoned homesteads in the backwoods of Pennsylvania.

Back in 1940, George S. Kaufman and Moss Hart also decided to make much of this situation by writing the Broadway comedy that has become an American Theater classic: a bucolic episode chronicling the tribulations of a sentimental American who craves—and gets—"that little place in the country."

Ibex is putting it on tomorrow evening, Friday, April 9, and Saturday evening, April 10, in the Grosse Pointe War Memorial's Fries Auditorium. Ticket information is available at the War Memorial Box Office, 881-7511.

Rose Society Topic Is Dirt

The Grosse Pointe Rose Society will hold its third meeting of the year next Wednesday, April 14, at 8 o'clock at the Grosse Pointe Central Library.

The program "Dirt It Ain't," will be presented by Donald D. Juchartz, director of Wayne County's Cooperative Extension Service since 1962.

Mr. Juchartz holds both Bachelor and Master of Science degrees in Horticulture from Michigan State University. He has addressed over

900 groups and conferences in the United States and Canada, has written and published more than 800 articles on Horticulture, and has appeared on more than 500 radio programs as the "Garden Doctor."

Mr. Juchartz will discuss the structure of soil, what is meant by "PH," the effectiveness of various chemicals on the soil, and how to improve the quality of soil in your garden.

As always, visitors are cordially invited to attend this Rose Society meeting.

Present Agape Meal, Program

The Women's Association of Grosse Pointe Memorial Church will hold its usual monthly program meeting next Tuesday, April 13, at the Church.

In observance of Holy Week, the Service Guild of the Association is inviting all women of the community to participate in an Agape Breakfast, a sharing of food and friendship, with a dramatic program to follow.

The program includes a playlet, dialogues and readings portraying the personalities and characters of the women of Jesus' day, with emphasis on the differences and similarities between their

self-image and that of women today.

Explored also will be the thoughts and emotions of the women who visited the Tomb, and their human reactions to the realization of the Resurrection. Writer and director of the program and playlet is Rae Bambas.

Reservations for the meal, a Continental breakfast featuring homemade rolls and pastries, should be made by calling the Church office. Price is \$1.25.

The meal will be served promptly at 9:30 o'clock by members of the Service Guild, who have also planned a decorative setting for the occasion.
