### HEADLINES of the WEEK

As Compiled by the  
Grosse Pointe News

Thursday, April 15  
GOV. WILLIAM MILLIKEN kicked off the petition campaign Wednesday to place controversial legislation banning most throwaway beverage containers on the November ballot. In a ceremony in his office, Gov. Milliken put the first signature on initiative petitions being circulated by the Michigan United Conservation Clubs and said the measure, if it becomes law, will conserve energy, create jobs and serve to beautify the State.

INDIA TOOK A FIRST step Thursday toward a possible rapprochement with China, saying it will send an ambassador to Peking for the first time since the two countries fought a border war in 1962. A rapprochement could have major impact throughout the region, where Peking and Moscow compete for the friendship of developing Asian countries. Indian sources said the two governments worked out the arrangement during three months of discussions held in New Delhi and Peking.

Saturday, April 17  
THE INDIAN GOVERNMENT announced a new plan Friday that would attempt to halt the nation's rampant population explosion by banning early marriages and allowing states to go ahead with the world's first compulsory sterilization laws. The plan's key provision would raise the minimum marriage age from 15 to 18 for women and from 18 to 21 for men. The new plan also provides increased financial incentives for those being sterilized voluntarily, penalizes states with poor planning performance and ends increased representation in Parliament for growing population centers.

Sunday, April 18  
THE PRESIDENT OF THE 47,000 member United Rubber Workers union said Saturday that the union and tire industry negotiators were "still far apart" in reaching a contract settlement. Pete Bommarito made the comment after conferring with union leaders in Columbus, O., to plan for a possible strike at midnight Tuesday, April 20. Bargainers for both sides were expected to continue intensive bargaining under pressure of the strike deadline. A walkout at the end of Tuesday's work day would idle some 4,100 Michigan rubber workers at a Uniroyal plant in Detroit and a Goodyear facility in Jackson.

Monday, April 19  
TENS OF THOUSANDS of militant Jews, toting babies, submachine guns and guitars, began a 20-mile trek into the occupied West Bank of the Jordan River Sunday to press for its permanent rule by Israel. Hundreds of Arabs raised Palestine Liberation Organization flags and tossed rocks at Israeli troops in scattered protests against the march in the West Bank towns of Hebron, Ramallah and Jenin. No injuries were reported. A spokesman for Gush Emunim, which means "Band of Believers" in Hebrew, said more than 45,000 persons joined the march, which comes in the middle of Passover. But Israel's semi-official radio put the number at about 20,000.

Tuesday, April 20  
THE COMMERCE Department reported Monday that the nation's economy grew at an annual rate of 7.5 percent in the first quarter of 1976, an unexpected but welcome increase over administration expectations. The department also said that the nation's overall inflation rate during the same period was 3.7 percent, the lowest rate in more than three years.

### Tragedy Strikes on a Sunny Day

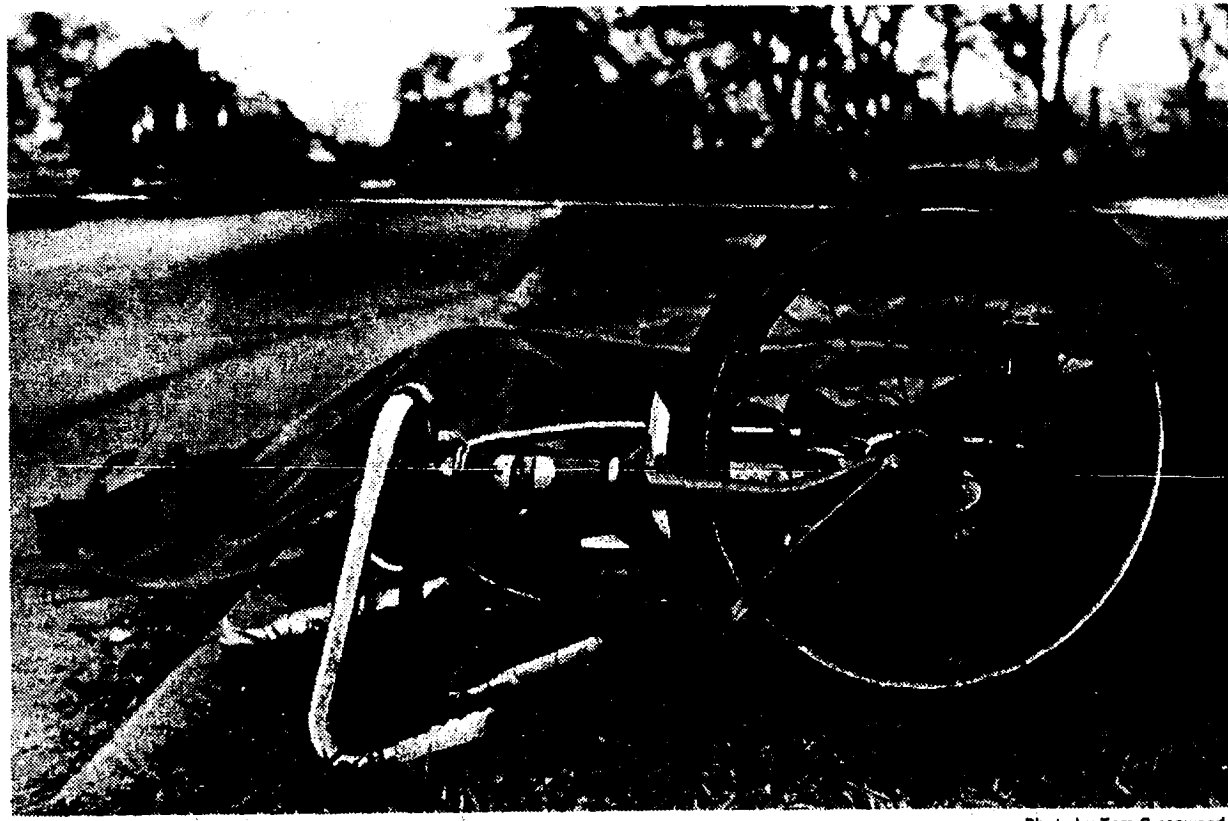

Photo by Tom Greenwood

Tragedy struck on a warm, sunny Monday afternoon, April 19, when one boy was killed and two others were injured by a hit-and-run driver

while riding their bikes on Lakeshore road. Steve Salkowski, 10, of Harvard road, was killed instantly.

## One Boy Killed, Two Others Hurt In Hit-and-Run

Suspect Arrested in Incident Which Occurred Along Lakeshore road; Police Believe 10-Year-Old Park Cyclist Died Instantly at Scene

A hit-and-run driver killed one boy and injured two others Monday afternoon, April 19, as they rode their bikes eastbound along Lakeshore road. Riding single file and near the curb, the boys were struck from behind at Lakeshore and Moran by a late model four-door car straddling the curb near Lake St. Clair.

After striking the boys, eyewitnesses said the car sped away and went over on the grass along the lake for approximately 400 feet before swerving back onto the road. Police forced the car over at the intersection of Lakeshore and Kerby road.

Dead at the scene was Steve Salkowski, 10, of Harvard road.

Given Account  
Injured and taken to Saint John Hospital were Billy Trombley, 12, of Washington road, and Jamie Burke, 11, of Muir road. They were first listed in stable condition with minor injuries and later released to their families.

The driver of the car, a large male in his mid-60's, resisted arrest and had to be subdued by three police officers. His name was withheld by police until his scheduled arraignment on a manslaughter charge Tuesday, April 20, (after press time).

The accident occurred at approximately 4:15 p.m. and was the first traffic fatality in The Farms this year. An eyewitness from St. Clair Shores, driving behind the hit-and-run vehicle, said the boys were riding single file with the traffic next to the curb when they were struck from behind.

The boys, one on one bike and two on the other, were thrown into the air from the force of the impact. After striking the boys, the witness said the car never hesitated, but sped away from the scene, leaving a huge cloud of dust and debris behind.

Driver Arrested  
The eyewitness stopped to aid the boys along the road. One boy was crying in pain while the other youngster was quiet and shaken. Steve appeared to be dead, showing no pulse or signs of respiration. Police believe he died instantly.

Ironically, Steve was in the lead bike and was not the first victim struck by the auto.

The car, running with the right rear tire flat, was forced over at the intersection of Lakeshore and Kerby. (Continued on Page 8)

## Woods Learns Courts Will Not Uphold Sign Proposal

By Roger A. Waha  
Based upon a memorandum legal brief from City Attorney George Catlin, The Woods Council unanimously referred a proposed amendment to Ordinance No. 188, which would eliminate all open roof and solid roof signs in the city by January 1, 1981, along with the brief, to the Planning Commission for further study with a report back to the council.

This action was taken at the regular meeting Monday, April 19.

In his brief, Mr. Catlin cited several Michigan Supreme Court cases related to the content of the proposal. In light of these cases, he concluded, "It appears that the proposed amendment to

## Pay Boost Climbs Over 10 Percent

Longest Negotiation Session in Department's History Comes to a Close

By Susan McDonald

The longest negotiation session in the history of the department ended Monday, April 19, when arbitrator Julian A. Cook awarded Grosse Pointe City firefighters an estimated 13 percent increase in their contract.

The one-year contract calls for an increase in base salary from \$14,000 to \$15,300.

Overtime payments, which had been a hot item during bargaining sessions, were set at \$125 per day during the first 20 duty days. After that time the men will be compensated with one extra day off for each overtime day worked. This excludes hours worked when firefighters are called to battle a fire in progress.

Other Increases  
Longevity increments were increased from \$20 to \$25 per year, with a maximum of \$350, or 15 years.

Holiday pay will increase from a flat rate of \$386 per year to \$400. City firefighters also will receive \$200 per man reimbursement for food. In past years they received nothing.

Insurance coverage, (accidental death and dismemberment), was increased from \$2,000 to \$10,000. The City also will pick up a 22 percent increase in the present Blue Cross coverage, with no increase in benefits accruing to the men. On retirement, The City was directed to pay \$25 a month towards hospitalization insurance.

The contract is retroactive to June 30, 1975.

Calls It "Costly"

Union president, Lt. Tim Champagne, said the men were basically satisfied with the package, which he calculated to be a 13.2 percent increase. He would have liked to have seen more economic issues, such as hiring a replacement for Lt. Parnell D'Hooghe, who retired last June.

"Manpower here is dangerously low," he said. Lt. Champagne indicated that would be one of his major thrusts in negotiation sessions for the 1976-77 contract, which will begin in a few weeks.

City Manager Thomas Kressbach called the award "costly."

"The effect of this award and the yet unsettled police negotiations on City services, programs and taxpayers can not be fully determined at this time," he said.

Mr. Kressbach said he computed the economic increase to be closer to 11 percent, rather than Lt. Champagne's figure of 13.2 percent. Overall the award will cost The City about \$28,000, he added.

The negotiations began just about one year ago. After bargaining and State mediation avenues had been exhausted, an arbitrator was appointed last November.

## Pottery Show Begins Today

Gene Pluhar, of Lincoln road, will present a one man show of original and functional pottery today, April 22, at the Mole Hole, 672 Notre Dame avenue.

The showing will give area collectors a chance to see Mr. Pluhar's winter production before he begins a busy summer schedule of art fairs throughout Michigan. His works range from jewelry to large containers suitable for kitchen use or as planters.

The show will run through Saturday, May 1.

## Center Asks Citizens to Aid Drive

War Memorial Reports Campaign Currently Lags Over \$5,000 Behind Last Year's Returns

Following an excellent start, the War Memorial's 1976 Annual Family Participation Campaign is lagging behind last year's returns despite the need for \$10,000 more in the goal figure of \$135,000, report Center officials.

To date \$68,902.50 has been received from 3,358 donors in comparison to \$72,068.85 from 3,618 donors in 1975.

Follow-up letters and remittance envelopes are in the mail to all Pointe families who have not as yet responded to the annual appeal.

Express Hope  
Easter being late this year, plus the possibility many families are staying south due to the long winter, has undoubtedly caused the delay in many returns.

With spring arrivals, officials hope all residents will quickly respond to the second appeal to help operate and maintain The Pointe's War Memorial, a unique civic and cultural center.

Buildings, grounds and gardens on the lake were outright gifts to the community. The Center also is two-thirds self-sustaining and takes no tax monies.

Only once a year are Pointers asked to give in any measure they can, and feel, the institution deserves, and this gift is income tax deductible, officials add.

## Park, Woods, Other Cities Win Street Lighting Battle

By James J. Njaim  
The Public Service Commission, (PSC), issued a final order regarding an increase in rates for suburban cities receiving service from Detroit Edison. The increase it granted will raise The Park's street lighting bill by \$10,677, according to a report made to The Park Council by City Attorney Richard Rohr at the regular meeting Monday, April 12.

Mr. Rohr's report revealed the PSC had recently entered the final order after Edison agreed with the cities, (for the first time), that it would seek a percentage increase no greater than which it received from all customers.

## Proposed Fishing Pier at Lake Front Park Under Study by Woods Officials

Several Decisions Will Have to Be Made Before Project Becomes a Reality; City Engineer Reports to Council on Necessary Requirements on Application Front

By Roger A. Waha  
Whether a proposed fishing pier at the Lake Front Park becomes a reality depends on several decisions which will have to be made by Woods officials. A report on the proposal from City Engineer Laurence H. Pate, viewing the necessary steps which would have to be taken before construction could begin, was referred to the Committee of the Whole and the Citizens Recreation Commission for further study at the regular council meeting Monday, April 5.

"The next step is to have both the Citizens Recreation Commission and the council determine whether or not to go ahead with the pier, and the amount to be spent," said City Administrator Chester E. Petersen.

This January, the council authorized Mr. Pate to formulate engineering plans for the pier, which, as proposed, would cost a maximum of \$100,000, and research the project at a cost not to exceed \$2,000.

Awaits Word  
In his report, Mr. Pate said, "We have completed our lake bottom survey, except for the need for any possible borings, and have all application forms from the DNR, (Department of Natural Resources), and the Corps of Engineers ready to be filled in and filed."

But before these forms can be completed, the city's direction is needed. "The council has to decide whether to go ahead and spend up to \$100,000 or redesign the initial scheme," stated Councilman Ronald R. Keegen, chairman of the Parks and Recreation Committee.

Raising several questions, he asked, "What kind of a project can we get for \$100,000?" and "Is it worth it?" regarding the planned \$100,000 expenditure. "Do we build the pier and say this is it? Or do we build it in segments with the first stage costing \$100,000 and add to it in the future?"

Will Take Time  
For his own part, he stated, "If we could get it for \$100,000, or a little more, I'd be inclined to go ahead."

While noting the \$100,000 has been tentatively set aside for such a project, Mr. Keegen doesn't expect a final decision to be reached for some time. If the proposal receives the green light, he feels there would be nothing this year on the actual construction front.

As proposed, the pier will extend out into Lake St. Clair about 350 feet. Mr. Keegen said the wooden structure would be around 15-16 feet wide and contain warning lights.

In his report, Mr. Pate said he sees no apparent elevation conflict with the pier regarding terms of a 1956 agreement entered into between the city and a resident in which the citizen's line of site cannot be affected.

## Instructors Given Slips By Board

Mass Layoffs Largest in System's History; List Teachers Affected By Action

By Susan McDonald  
In a budget-cutting effort, aimed at enabling The Pointe public schools to operate next year without a millage increase, the Board of Education announced the dismissal of 162 teachers at its Monday, April 12, meeting.

The mass layoffs, the largest in the system's history, will reduce the teaching staff by more than one-quarter, saving about \$75,000.

The Board has indicated that most of the teachers would be rehired by next September if additional millage of a yet undisclosed amount is passed in the June 14 election.

Not After Position  
The administration had planned to layoff about 22 teachers because of a projected drop in enrollment of 450 students. These teachers would not be rehired if additional millage is granted by the voters.

The second largest teacher layoff occurred in 1971 when 101 teachers were dismissed. Grosse Pointe Education Association president Doris Cook has indicated that the layoffs will not alter her organization's bargaining position in the upcoming contract talks.

ELEMENTARY SCHOOLS  
Teachers receiving their pink-slip layoff notices on April 12 on the elementary school level include the following:

• BARNES: Bonnie McLean, Janeane Avery, Camille Ecklund and Carolyn Smith.  
• DEFER: Betty Maynard, Ann Curtis, Shirley LaJoy, Michael Stanek, Ferol Tanner and Yara Zubalsky.  
• FERRY: Janet Judd and Dyanne Apkarian.

• KERBY: Dolores Kulski, Jean Strachan, Evelyn Daniels, Edith Rasch, Janet Thompson and Helene Bailey.  
• MAIRE: Barbara Bruce, Barbara Boss, Constance Reynolds and Barbara Thompson.

• MASON: Lila Fuher and Jean Rusing.  
• MONTEITH: Dolores Bolden, Joann Case and Michael Manzella.  
• POUPARD: Carolyn Arata, Barbara Goodwin and Mary Markel.

• RICHARD: Ann Thomas and Suzanne Berlenbach.  
• TROMBLEY: Dorothy Schade, Susan Blakely, Lynda Crowder and Myron Ranney.

Other elementary school teachers laid off include Melanie Fisher, who was on (Continued on Page 2)

## Cities Win Lighting Fight

(Continued from Page 1)

The city attorney said if the PSC had granted Edison its request for the 18.5 percent hike in street lighting, it would have added about \$35,000 a year to The Park's

bill. This increase is the first since February 1975, and will remain in effect until the company's next rate case. This will probably not be completed until early 1977, he added.

Mr. Rohr revealed that Edison sought a fuel cost escalator clause for street lighting, which had never been imposed. But this was opposed on the ground that fuel burned during street lighting hours is cheapest with a heavy concentration of coal. The fuel clause was denied by the PSC.

In his report, Mr. Rohr also said, "The commission's order actually gave street lighting the lowest percentage increase of any class other than the domestic customers. This also is the lowest percentage increase for street lighting which has been granted in the last five years."

The Park Council recently authorized an appropriation of \$1,200 in a joint legal action with other southeastern Michigan communities against Edison's request for higher rates in street lighting costs.

The Woods, which also was involved in the fight against Edison, will add approximately six percent more to its 1976-77 fiscal budget for street lighting costs. Its current annual rate is about \$300,000 with the increase adding another \$18,000 to the bill, according to City Administrator Chester E. Petersen.

## Woods Studies Proposed Pier

(Continued from Page 1)

meeting were most encouraging. A fishing pier reasonably designed to permit a continuous flow of shoreline waters and a fishing pier generally confined to the length proposed... could be expected to be approved," he stated.

"Such approval, understandably, would require basic approvals from riparian land owners adjacent to the property," he noted.

In exploring requirements from the Department of the Army-Corps of Engineers, Mr. Pate said a booklet revealed the extent of material required including a rather detailed plan and elevation of the proposed improvement, a location plan to scale including latitude and longitude, all water elevation data and a thorough written description of the project.

At the same time, review procedures through the Corps may require certification from the Secretary of Commerce reference Marine Sanctuary areas, certification for approval and/or requirements for navigational lights by the U. S. Coast Guard and even the preparation of an Environmental Impact Statement by the Corps.

"All things considered from time of submittal of the application to the Corps to public notice to public hearings to issuance of a permit can require a time period from as little as 60 to 90 days to one in excess of one year," said Mr. Pate.

**Cities Limitation**

Beyond the authority of the DNR and the Corps, he stated the city should realize that approval also will have to be obtained from St. Clair Shores. "We would believe that information contained in the preparation of permit applications for both the DNR and Corps of Engineers would satisfy the City of St. Clair Shores."

At this juncture, Mr. Pate said his office has been attempting to provide plans for a total engineering project which has been priced out for construction at around \$190,000, such pricing being generally confirmed by recent bids received for construction of a similar fishing pier in Chesterfield Township totaling approximately \$240,000.

"Since the latter pier extended some 400 feet plus, the estimates prepared for the proposed city pier of 350 feet seem quite reasonable," he said.

However, he cited the apparent limitation of \$100,000 for the construction of the city's pier.

**Could Be Expensive**

Mr. Pate then stated his primary concern is with such a definite limitation on initial cost, if the project is eventually expanded to the scope presently proposed, a second phase of work could result which might be "extremely expensive."

On the other hand, if the intent is to limit the total scope of the project to a fixed

dollar amount, the design should be altered, he continued.

"Such decisions seem most imperative before any applications are filed with the State, City of St. Clair Shores and Corps of Engineers. Permits to construct expire and what might have been obtained originally may only be obtained later at considerable expense, if ever," added Mr. Pate.

**HIGH SCHOOLS**

At the high school level, the teachers include:

**NORTH:** Shirley Burroughs, Marybeth Carduck, Ann Ferguson, Frank Guns, David Harchick, Lucille Carmichael, Elizabeth Soby, Rosanne Clark, Brian Killian, Donna Leung, Ilse Kalmajs, Jannine Palazzo, Rose Belanca, Mary Jane Brennan, Laura Long, Carol Schubert, William Kurovch and Daniel Liggett.

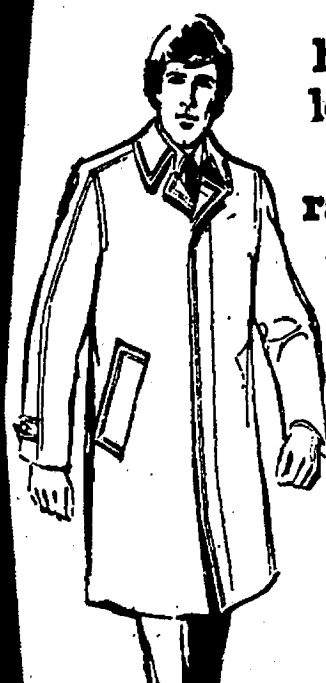

More are Herman Klein, Nathan Judson, Marlene Maige, Margaret Van Eckoute, John Herrold, Janice Janosi, Arthur Weins, Curtis Lange, Frank Bunton, Josephine Leonard, Christina Brodey, Eileen Hayes, Anne Marie Karlsen and Pamela Munger.

**PROFESSIONS GROW**

Employment in professional and technical occupations, the fastest growing major occupation group, is projected to increase from 11.5 million workers in 1972 to about 17 million in 1985, about 1.5 times the annual rate of employment increase projected for all occupations combined, reports the U.S. Department of Labor.

## Juries Find Pair Guilty

Two men, both of whom were charged with armed robbery, were found guilty in two separate Wayne County Circuit Court jury trials held late last month and early this month, reported Woods police.

Leonard Allen Miron, of New Haven, Mich., and Daniel John Liberty, of Hazel Park, were reportedly involved in an incident where in a Woods man was beaten and robbed of his wallet last fall. Miron is scheduled to be sentenced Wednesday, May 5, while Liberty's sentencing date is set for June 9.

A third man involved in the incident, Lonnie Dale Snell, of Hazel Park, was originally charged with armed robbery but ultimately pled guilty to a reduced charge of assault with intent to rob, being armed.

Snell was sentenced to from one and a half to five years in Jackson Prison. Police noted that a check with prison authorities revealed he was serving his sentence in Camp Obidway near Ironwood, Mich.

### Stag Dinner Set for May 11

Saint John Hospital Guild's 16th annual Stag Dinner committee is winding up plans for the forthcoming gala slated for the Raleigh House on Tuesday, May 11.

Some 1,500 men are expected to attend. The evening begins with cocktails and hors d'oeuvres at 5:30 p.m. followed by an epicurean dinner.

J. P. McCarthy, popular radio personality of WJR, is scheduled to serve as master of ceremonies. Rick Forzano, head coach of the Detroit Lions, Bill Munson and Greg Landry, Lions' quarterback, and Johnny Orr, head basketball coach of the University of Michigan, will be among the celebrities in attendance.

Pre-dinner entertainment will be provided by Glen Haywood. Eddie Santos and his Singing String Violins will provide the music during the cocktail hour. There also will be plenty of gifts including several automobiles.

Pointers Gennaro J. DiMaso, MD, is general chairman and James F. Causey is co-chairman.

Planning committee members include William F. Baker, Eugene H. Moyle, MD, Michael C. Burke, George Chieter, Dr. DiMaso, James F. Farley, C. Bradford Lundy, William B. McIntyre, MD, George N. Monro III, Alexander M. Nick, Roger J. Rinke, Roland Rinke, Charles E. Stumb Jr., James Cammarata and Cletus J. Wellington.

Mr. Nick is chairman of the door prize committee, while Hoot McInerney is in charge of entertainment.

Proceeds will be used for the expansion of pediatric services, and tickets are \$100 per person.

## Woods Resolutions Blast Senate, House Proposals

Three separate resolutions nixing proposed State legislation were approved by The Woods Council at its regular meeting Monday, April 5.

The measures viewed the following subjects: the abolishment of municipal courts, local control of local zoning and legislation dealing with ambulance services.

Substitute Senate Bill 986 focuses upon the abolishment of municipal courts and the resolution says it will "force the utilization of the district court system within municipalities that have consistently advised the Michigan State Senate of their opposition to the abolishment of their courts."

The measure says the council has previously furnished testimony at the committee level outlining numerous reasons for opposing the

abolishment of its municipal court, while noting the bill would abolish its court on January 1, 1977, thereby creating "chaotic conditions" in the suburban area contiguous to the city.

As a result, the council "vehemently opposes the abolishment of its municipal court which operation is most suitable to the needs of the community." The council also "protests the waste of the taxpayers' money" incident to the establishment of a district court for the city.

The second resolution says the State Legislature and, specifically, the House of Representatives, is currently considering for adoption legislation which will undermine and destroy the concept of local control of local zon-

ing matters. This legislation, known as the "community placement package," consists of House Bills 4893, 4894, 4896, 6094 and 6095.

"The community placement package would permit the location of foster homes and residences for adult mental patients indiscriminately within the communities of the State," says the measure. The council, it continues, views such proposed legislation as a "colossal incursion into the home rule concepts guaranteed to local communities by the Michigan Constitution."

Calling the package ill-advised, ill-timed and another effort by the legislature to shift State responsibilities unto local government, the resolution says the council is inimical to the concept of the package.

The last measure views Senate Bills 985, 986 and 987 which are presently under consideration by the House of Representatives. These center upon comprehensive legislation dealing with ambulance services.

"A careful reading of the aforementioned proposed legislation indicates that a legislative take-over will result should these bills become law," says the resolution. "Certain provisions of the proposed legislation will require a greater expenditure of taxpayer funds and may well result in less service to the residents of those communities presently providing ambulance services."

Saying the legislation makes no provision for the increased costs that will be incurred by affected communities, the measure states the council views the bills as "a further incursion" by the State into the concept of "home rule" guaranteed to local community governments under the Michigan Constitution.

Finally, it expresses the council's feelings the legislation is "unwarranted, unnecessary and extremely burdensome" to the city, which "provides exceptional service to its residents for emergency transportation to medical facilities."

### Suspect Has Case Dropped

The case against a suspect, who was charged with receiving and concealing stolen property over \$100 last April, was dismissed in Wayne County Circuit Court last month.

At that time, Cecil McIntosh appeared before Judge Charles Kaufman with the complaint against the suspect originating out of Northland Ford, which is now out of business, police said. As a result, the department doesn't know where to contact potential witnesses at this time.

Thus, the case pending against McIntosh was nolle prossed without prejudice by Judge Kaufman upon the request of the Wayne County Prosecutor's office, police added.

Ever hear of Ollamallitzi? As a matter of fact, this unpronounceable game was really a 16th-century Aztec precursor of basketball, and it was played in Mexico. The rules to Ollamallitzi were that if the solid rubber ball was put through a fixed stone ring placed high on one side of the stadium, the player was entitled to the clothing of all the spectators. Who says our modern games are the most interesting? The old game had a somewhat tasteless ending, however: the captain of the losing team often lost his head; that is, he was executed for losing!

No one likes to lose! You have a better chance to win in any sport if you have proper fitting equipment and uniforms. Visit GRAY'S SPORT SHOP, 106 Kercheval ave., Grosse Pointe Farms, for everything you need to have a successful season in the sport of your choice. Whether you prefer baseball, tennis, golf, swimming, or other games you'll find quality supplies at GRAY'S. ### Pointe Lions Set for Sale

The Lions Clubs of Grosse Pointe and Grosse Pointe Woods will hold their annual White Cane sale next week to raise funds for the blind.

The Woods group will be selling miniature white canes, the symbol of the blind, from Saturday, April 24, through Friday, April 30, on street corners along Mack avenue, in the Mack-Seven shopping center at J. C. Penney's and at the Manufacturer's Bank, Mack and Lochmoor.

Grosse Pointe Lions will begin their drive Sunday, April 25. It will continue through Sunday, May 2. Their sales locations also will be in the Moross road and Mack avenue area as well as in the Village.

Over the years the clubs have paid for eye examinations, financed cataract operations, purchased braille watches and furnished many white canes for the blind.

The clubs also donate annually to Leader Dog School for the Blind, Rochester, Mich., the Lutheran School for the Deaf, Detroit, The Penrickton Center for blind

pre-schoolers and Welcome Home for the Blind.

The Lions Clubs of Michigan throughout the year have been interested in the welfare of the blind. The idea of using the white cane to indicate a blind person originated in the clubs.

Anyone wishing to send a contribution to Woods Lions may mail it to the Grosse Pointe Woods Lions Club, c/o 25318 Harmon, St. Clair Shores 48061. Contributions to the Grosse Pointe Lions Club should be sent to that group c/o the Old Place restaurant, 15301 East Jefferson, Grosse Pointe Park 48230.

### "HAVE WE NOT ALL ONE FATHER? HATH NOT ONE God CREATED us?" Malachi 2:10

A lot of people acknowledge God as Father. But do they really understand the man He made?

As you get a deeper understanding of the Bible, the spiritual nature of man and of all creation appears. Then Christian unity and the brotherhood of man appear in your life, too.

Selections from the Bible and Science and Health with Key to the Scriptures by Mary Baker Eddy, to be read in our church service this Sunday, will help you understand the Bible's message of brotherly love in a new light.

We'd love to welcome you.

## Courts Will Not Uphold Proposal

(Continued from Page 1) commissioners, who originally recommended adoption of such an amendment, remains to be seen.

Exploring Mr. Catlin's brief further, he said the proposed amendment involves, essentially, the following:

\*Preclude the installation of any new roof top signs in the commercial district along Mack avenue.

\*Require that unused roof top sign frames be removed from the property within 30 days.

\*Require that all roof top signs presently in existence be removed by a date certain, several years hence, with a provision for an extension of time to be granted upon appeal.

The present sign ordinance permits the installation of business signs in the commercial district on the face of the buildings, upon poles and on the side walls and upon pylons constructed as part of the building structure. These provisions of the ordinance would remain essentially unchanged, he said.

As a result, the total ordinance would not be subject to the infirmity of denying lawful business advertising.

He indicated the regulation of business, including adver-

tising signs, by home rule cities comes under the attribute of sovereignty known as police power. "Exercise of this power must bear a reasonable relationship to the health, safety, morals or general welfare of the community. An ordinance that would totally prohibit sign advertising within our city would be invalid," said Mr. Catlin.

Other cited points included a 1937 case which revealed, "While it may not be the sole force, aesthetics can be incidental to the valid exercise of police power."

As to the question of forcing the removal of roof signs, the Michigan Supreme Court has said, (in a 1962 case), "Whatever the law may be in other states, law stemming as it does from specific and variant statutory zoning enactments and judicial construction thereof, the fact remains that the cities of Michigan have not as yet been authorized by requisite legislative act to terminate nonconforming uses by ordinance of time limitation."

In a 1972 case regarding a provision of the Ann Arbor sign ordinance, the Court of Appeals discussed this provision which provided that certain signs, depending on their costs, had to be removed within a certain period of years.

As an alternate to the amortization scheme, a hearing before a sign board of appeals could be had wherein the board of appeals would determine the amount "which fairly compensates for the actual dollar cost of alteration of the sign or signs."

According to the ordinance, this cost to be paid by the city could, in no event, exceed the then fair market depreciated value of each said sign. The court concluded that the signs could not be forced to be removed at the end of the amortization period without paying just compensation, he noted.

The ordinance limitation of fair market depreciated value for signs to be removed immediately was also held to be unconstitutional as being in violation of the Michigan Constitution 1963, . . . which requires just compensation for a taking of private property, reported Mr. Catlin.

In a final note, this request that the council again consider the proposed amendment came from the city's Beautification Commission.

## Board President to Run For Second Term June 14

By Susan McDonald  
Board of Education president Joan Hanpeter announced Monday, April 12, that she will run for a second term of office in the June 14 Board election.

Her decision to run for re-election, she said, is based on a deep belief in public education and an equally deep commitment to the community.

"I could call it 'paying my civic rent,'" she said. "I have been richly blessed in my public and private life here and I want to be part of the future of this community by being of service to the schools and libraries."

Among the accomplishments of the Board of Education under her tenure, Mrs. Hanpeter pointed to improved curriculum quality and coordination, the region of special education to the Pointe, a reorganized business department involving some cost saving and greater efficiency, the completion of system-wide policies, student assessment programs and expanded management development for administrators.

## To Give Talk On Astrology

A free introductory lecture on "Celestine Lore and How Astrology Works" will be conducted at the War Memorial Wednesday, April 28, at 8 p.m. by astrologer and author Raymond A. Merriman, who also will direct two astrology workshops.

The first workshop, for beginners, deals with planets and the signs of the zodiac. It will run from Thursday-Saturday, April 29-May 1. An intermediate workshop will then be held Thursday-Saturday, May 6-8.

For further information on times and cost, contact the Center at 881-7511.

## Cites Concern Over Skating

A letter from a citizen focusing upon safety factors during skating periods at the McCann Rink was referred to the Citizens Recreation Commission and the Finance Committee for further study by The Woods Council at its regular meeting, Monday, April 5.

The communication from Hannelore Treue, of Hawthorne road, viewed the actions of some teenagers who "chase each other across the ice, barely avoiding collision with slower skaters."

She stated her family, (two adults, one six-year-old and one four-year-old), has been skating regularly since Christmas. While grateful for the opportunity, "we have often felt apprehensive about our children's safety" as they have just started learning to skate.

Noting such actions culminated in an accident in March, and fearing other accidents could transpire, Mrs. Treue suggested that the Wednesday skating time from 7-9 p.m. be split into two one hour sections.

This would include family skating from 7-8 p.m., (skating at a leisurely pace), and an 8-9 p.m. time slot for "all those racing across the rink hockey style."

She felt these youngsters seemed to defy all rules and regulations, while having no consideration for the slower skater.

## Group Seeks to Aid Elderly

Services for the elderly, who comprise so much of the population in the northeast section, are almost nonexistent, reports Sue Fessant, president of Fish of North-east Detroit, which serves The Pointe area.

Fish has been trying to fill that gap for the last two years, she said.

The group incorporated as a charitable organization for the purpose of providing emergency help in the area bounded by Eight Mile, Lake St. Clair, Alter, Mack and

Conner-Outer Drive. It is made up of non-professional volunteers from the area.

"During the last two years we have provided free emergency services to an average of 85 people a month through a 24-hour answering service. Most of the people seeking help have been elderly," she noted.

"Because of our increased calls we find ourselves in desperate need of volunteers. If we do not obtain more volunteers soon we will have to curtail our activities, e.g., transporting senior citizens to doctors and grocery shopping."

Anyone wishing to donate their time or services, even if homebound, should call Fish at 521-2602, she added.

# GROSSE POINTE'S LAID-OFF TEACHERS

## To tell the truth . . .

... the Grosse Pointe community cannot dismiss 162 teachers and expect to have a quality education system. When Grosse Pointers voted NO to the March millage request they, in effect, voted for a second rate school system. The facts of declining enrollments and increased property valuations had been figured into the original millage request. To prepare for the possible eventuality of only a millage renewal, the School Board has laid off the teachers listed below. Most of these lay-offs will become permanent unless an additional millage is passed in June.

With these teachers goes educational quality. The school day must be shorter, course offerings must be cut back, and activities such as music, athletics, drama, debate and clubs must be sharply cut or eliminated. Art, music, skills/talent and physical education, the programs that enrich elementary education, get the ax. There will be a few left to teach them. Although specific program reductions will not be known until the May 3 meeting of the Board of Education, the qualities that raise an educational program above the level of mere adequacy will no longer be available. The tragedy appears devastating for the futures of Grosse Pointe children and for the quality of life in Grosse Pointe. However, it can be averted when the community is given a second chance on June 14. An increase in millage MUST be approved to avoid the cut-backs now planned. A renewal of the existing millage will do no more than keep the school doors open. Vote YES on June 14, but start NOW to convince your friends and neighbors that Grosse Pointe's future as a first-rate community hangs on the decision.

\*Years in Grosse Pointe at the end of school year to nearest half year.

No one else can do for the community what Grosse Pointers refuse to do for themselves. Only an additional millage will save the schools.

Paid for by the Grosse Pointe Education Association and the Grosse Pointe Action Committee

107 KERCHEVAL - ON-THE-HILL

## One Boy Killed, Two Others Hurt in Accident

(Continued from Page 1)

The driver was arrested by Officers Robert Bensinger of The Shores and Tim Morrison of The Farms.

Additional help in subduing the 6'1", 285 pound man was given by Youth Service Division Det. Patrick Fagan.

Conducting the investigation for The Farms were Dets. Earl Field and George Van Tiem.

Taken to The Farms police station, the driver was formally charged with manslaughter in the hit-and-run death. He was read his rights

and refused to take a breathalyzer test to determine if he had been drinking. A LEIN, (Law Enforcement Information Network), check on the man showed he was driving on a financial responsibility license stemming from a 1974 conviction in Bloomfield Hills for driving while under the influence of liquor.

**Inspect Car**  
Because of his refusal to take a breath test, a search warrant permitting a blood test for alcohol was provided by Assistant Wayne County Prosecutors James M. Wouczyna and Thomas Ziolkowski.

The defendant was taken to Cottage Hospital where the sample was taken, and ultimately sent to the State Police for testing.

The car suspected of hitting the boys was kept in The Farms garage where photographs and prints were taken of the auto. It was later turned over to the State Police for more exhaustive tests.

Visual inspection of the car show what appeared to be blood on the left front fender of the vehicle. The left front turn indicator was smashed and moulding along the left front fender was loose. There was a dent on the top of the fender.

Farms Assistant Chief of Police Lt. I. A. Backman and Det. Fagan broke the news of the tragedy to the Salkowski family.

**Services Today**  
Steve was a fifth grader at Saint Clare de Montefalco School. He also was an altar boy at Saint Clare Church. He was one of seven children in the Salkowski family. Services for Steve will be held 10 a.m. today, April 22, at Saint Clare Church.

He's survived by his parents, Mr. and Mrs. Ted Salkowski; four brothers, Tom, Jim, Dan and David; two sisters, Diane and Nancy; maternal grandmother, Mrs. Hazel Marentette; and paternal grandmother, Mrs. Catherine Salkowski. Interment will be at Mount Olivet Cemetery.

## Summer School Program To Retain Many Features

Most of the new features, which made last year's summer school program such a marked success in comparison to previous years, will be continued in public school offerings this summer.

Among the continuing innovations will be a later, shorter schedule, registration by mail and several new courses for both youngsters and adults who wish to brush-up on skills or learn a new hobby.

The program, approved at the Board of Education's regular Monday, April 12, meeting, also calls for offering the elementary school program at two locations, Monteith and Maitre Schools.

Credit courses, which proved popular last year, will be expanded, as will instrumental, vocal, dance and dramatic programs for elementary school students.

Special, six-day basic skills sessions in reading and arithmetic for elementary, middle and high school students, from August 17-19 and 24-26, also will be continued.

Review courses for elementary school students, grades three-six, will be held on Tuesdays, Wednesdays and

Thursdays, from June 21-July 23 at Monteith and Maitre. The fee is \$19, per class.

The arithmetic workshop will meet from 8-9:30 a.m., language skills from 9:40-11:10 a.m. and reading workshop from 9:40-11:10 a.m.

Middle school review classes for grades seven-nine will be held at South High on Tuesdays, Wednesdays and Thursdays, June 21-July 23. Each will cost \$25.

The arithmetic workshop will meet from 8-10 a.m., language skills from 10:10-12:10 a.m.

Six high school review courses for grades 10-adults will be held from June 21-July 23 on Mondays-Fridays, at a fee of \$56 per course.

English composition and language will meet from 8-10:30 a.m. and 10:45-1:15 p.m.; algebra, 8-10:30 a.m.; geometry, 8-10:30 a.m.; advanced algebra, 8-10:30 a.m.; freshman math, 8-10:30 a.m.; and civics-American government-American history, 10:45 a.m.-1:15 p.m.

Enrichment courses for elementary students are slated for Tuesday, Wednesday and Thursday mornings, and will include ballet, computer mathematics and gymnastics.

Among middle, high school and adult enrichment offerings, scheduled for Monday-Friday, are art workshops, automotive, typing, sewing, speed reading, computer math, French, German, Spanish, woodwork and photography.

Other special, shorter courses, open to students and adults alike will be bicycle repair and summer experiences in the arts.

Another special course, offered by the department of pupil personnel, will be an activity, program for trainable retarded children. It will be held at Barnes School Mondays - Fridays, June 14-August 6, from 9:30 a.m.-2:30 p.m.

The schools will be sending out a complete listing of courses and registration forms within a few weeks.

## Woods Selects DPW Architect

The Woods Council unanimously agreed on the selection of an architect to prepare plans for the proposed new Department of Public Works facility. This action was taken at the regular meeting Monday, April 5.

Based upon the recommendation of Administrative Aide Gerard E. McNamara, the council picked George P. Head, who proposed to do the work at a price of \$2,650.

Three architects heading the list were interviewed with each, according to Mrs. McNamara, responding in substantially the same manner to several questions, e.g., How long would this project be in the construction phase?, and the answer, approximately three months.

The questions were asked in an effort to uncover a qualification which might lead Mr. McNamara to recommend one architect over the others. But no compelling reason to pick a particular architect was found, so the recommendation was made on the basis of price. Thus, Mr. Head's selection.

The other two architectural proposals were \$3,500 and \$3,950.

## NOISE LEVELS

A man's home is his castle, but even within a home you can be exposed to a wide variety of dangerous or potentially dangerous noise levels, according to the Beltone Crusade for Hearing Conservation, which encourages everyone to check his own dwellings for excessive sound levels.

### Explains Stand on Sharing Plan

The Woods Council at a recent regular meeting unanimously authorized City Administrator Chester E. Petersen to reply to a letter from Gerald H. Miller, director, Department of Management and Budget, which indicated surprise at the city's resolution opposing Gov. William Milliken's "share-the-wealth" tax plan.

Noting this plan didn't appear to be equitable when applied to suburban communities, the resolution stated it didn't appear to take into

"The purpose of the Governor's proposal is not to erode local control, (a point of concern cited in the city's resolution), but to strengthen it by providing all the communities in an urban area the financial resources needed to remain independent."

"Gov. Milliken and I ask you to reconsider your resolution of opposition."

In response, Mr. Petersen said the city would have presumably benefitted by receiving additional revenues from such a plan if it had been in effect from 1972-74, while adding the municipality would probably benefit from the plan in the future.

"However, our city council is still of the unanimous basic opinion that the Governor's proposed tax base sharing plan does erode local control and does infringe upon the 'home rule' concept so cherished by this city," he said.

"This office is also of the further opinion that such a plan will promote and escalate the theory of regional government and that such legislation would border on a policy of collectivism."

Mr. Petersen also cited the city's opinion that the formula for the distribution of any funds to the cities, as proposed in the plan, continues to provide an incentive for Michigan cities to operate inefficiently — thereby increasing, rather than decreasing, their local tax effort in order to receive a greater portion of any new funds made available under the proposed plan.

"Conversely, no incentive is provided to those cities who demonstrate an efficient local government operation and, therefore, are self-sustaining," he concluded.

### Chamber Music Set at Center

The Chamber Music Players of Grosse Pointe will present a program in the Crystal Ballroom of the War Memorial Sunday, April 25, at 2:30 p.m.

The Albert Stoessel Sonata in G Major will be performed by Catherine Goodsell, violinist, and Helene Vabolis, pianist. Mr. Stoessel was a former president of the Juilliard School of Music and was the son-in-law of Walter Damrosch.

As the second offering on the program Cecelia Marony, violinist, Wayne Dunlap, cellist, and Herbert Schueller, pianist, will play the Brahms Trio in C Minor.

Mary Ellen Klerkx, soprano, will sing three Schubert Lieder including "An die Musik," "Die Post" and "Du bist die Ruh," followed by the Aria, "Vissi d'Arte" by Puccini. She will be accompanied by Helen Vabolis.

The final number on the program will be the Piano Quartet Number One by Mendelssohn, performed by Janet Young, pianist, Ann Wallace, violinist, Margot Krumel, violist, and Nancy Von Oeyen, cellist.

The public is invited to attend these concerts. Admission is \$1.

### Business Club Cites Students

The Mack Avenue Business Men's Club awarded three \$25 savings bonds to winners in the middle school Bicentennial essay contest at the Board of Education's regular meeting Monday, April 12.

Eighth-graders Madelyn Nichols, Brownell, Virginia Berry, Pierce, and Margaret Gillis, Parcells, were honored for compositions entitled "What the Bicentennial Means to Me."

Presenting the awards were Dr. Kenneth A. Schulte and Don DiMarzio of the club.

The program was co-sponsored by the Grosse Pointe School System and held in conjunction with the system-wide Bicentennial celebration Monday-Friday, April 5-9.

Judging the compositions were middle school English and literature teachers.

**Police Witness  
Auto Accident**

Two Shores public safety officers witnessed a car accident early Friday morning, April 16, in which a woman driver escaped with only a bump on the head.

Sgt. Stanley Otulakowski and PSO Bruce Darlington were patrolling Lakeshore road at the South Edgewood drive intersection when they observed the driver, Karen Anne Vercurryse, of St. Clair Shores, lose control of her vehicle while turning at the Hampton road crossover. It was drizzling and the pavement was wet, police said.

The woman's car turned sideways, jumped the curb at the intersection, went over the island, hit a street sign and continued to southbound Lakeshore. It then jumped the curb again and crashed into a fire hydrant at the northwest corner of Hampton and Lakeshore.

The officers stopped at the accident scene and the woman said the only injury she sustained was a bump on the head.

After producing her operator's license and car registration, Mrs. Vercurryse was taken to the station where she was issued a violation ticket for careless driving. She was not required to post a bond, but was directed to appear in The Shores Municipal Court Wednesday, May 12.

There was extensive damage to the right front and the right rear of the auto, which had to be towed away to a service station.

**Spring Riding  
Lessons Slated**

Flat or jump riding lessons will be offered through the War Memorial Center on Mondays-Tuesdays, May 3-4 through June 7-8.

A private bus will pick up students at the Center, 32 Lakeshore road, after school and take them to the Rochester Hills riding school. Students will return at approximately 8 p.m.

In addition to riding, students will learn stable management and grooming.

The fees are \$42 for six weeks of flat lessons and \$48 for jump lessons.

In this motorized age it takes at least one steering wheel to complete the family circle.

**Shores Officers Finish  
Variety of Schooling**

Three Shores officers attended classes at different institutions of learning to further their knowledge of police duties, reported Public Safety Director Joseph Vitale.

Sgt. Stanley Otulakowski recently completed three days of schooling at the State Police Academy, Lansing, (State funded), in which he was taught the complicated use of the Law Enforcement Information Network, (LEIN), machine.

He also was taught how to disseminate Federal and State information releases. The sergeant was instructed in what is, or what is not, privileged information, so that the investigation of important cases will not be jeopardized while they are still being carried out.

Officer Michael Kenyon attended a breathalyzer training class at the Criminal Justice Institute, Detroit, where he learned the use of the breathalyzer machine.

On completion of the course, he received a certificate attesting that he's qualified in giving testimony in court against motorists accused of drunk driving.

PSO Kenyon attended classes from April 2-9.

Officer Harry Hamilton was among one of eight policemen who attended a two-week class at Michigan State University from March 29-April 9. He took an advanced course in Alcohol Information Training.

On completion of the schooling, he received both a Federal and Michigan certificate, certifying him as a specialist in the detection and apprehension of drivers who drink, regardless of the level of alcohol consumed.

The course was sponsored by the Michigan Highway Traffic Safety Center at the University, in conjunction with the Michigan Law Enforcement Officers Training Council. The tuition was provided by the U.S. Department of Transportation and the National Highway Traffic Safety Administration.

PSO Hamilton is now among only 39 officers of law enforcement agencies throughout the State who have graduated from this course. His grade average was 94.4.

The strict training has taught the officer to detect at a glance the level of intoxication of a motorist, and to identify subtle clues to detect behaviors of drivers with low levels of alcohol.

contents in their blood. The ultimate goal of this type of training is to remove drunk drivers from the road.

The course had six objectives including the following:

1. To develop the ability to detect and properly apprehend drivers who are under the influence of intoxicants.

2. To develop an understanding of (a), the relationship of drinking and driving to accidents; (b), the effects of alcohol on driving behavior; and (c), laws relating to drunk driving offenses.

3. To develop an appreciation of the need for sufficient enforcement action against drunk drivers.

4. To develop skills in eliminating hazards created by drunk drivers, thus serving to accomplish the fundamental alcohol count measure goal.

5. To provide an understanding of the procedures for processing the suspect, gathering and recording evidence and maintaining the chain of evidence.

6. To develop basic skills for testifying in court regarding observation of the suspect during detection and apprehension, plus arrest and field tests.

PSO Hamilton took a basic course on the subject about a year ago. With the Federal and State certificates, he's qualified to give instructions on the subject to his departmental colleagues and to other officers in the area.

He pointed out that an average of 55,000 persons are killed on the nation's highways each year. Of this number, 50-60 percent of the deaths are caused by drunk drivers.

"I am very happy to see the officers of The Shores Department of Public Safety keep up with, and taking part in, this and other training programs," said Director Vitale.

**Woods Okays  
Inspection Fee**

An ordinance to amend the city code by adding a section to the uniform traffic code to provide a fee for inspecting a motor vehicle was unanimously adopted as an emergency measure by The Woods Council. This action was taken at the regular meeting Monday, April 5.

The measure says that upon request of any person, the public safety department will assign an officer to inspect the safety equipment of a motor vehicle. A certification certificate will be issued by the officer indicating the results of the inspection, with the person paying \$3 to the city as a fee for such service.

City Administrator Chester E. Petersen viewed the intent of the ordinance and said the State has mandated that any violation ticket issued against a person operating a motor vehicle having defective equipment will be dismissed when that equipment is repaired, re-inspected and approved by the police agency issuing the violation.

This ordinance would cover the city's administration and service costs involved in such an inspection, he added.

The only thing slower than standing still today is those who insist on paying as they go.

A wrong attitude will never get you on the right side.

**HARDENING OF THE ARTERIES**, or arteriosclerosis, is one of the most common causes of death in our country today. This disease is caused by the formation of a hard, waxlike substance called cholesterol in the walls of the arteries. Many arteries can be hardened before the blood pressure is affected, but eventually the thick deposits of cholesterol reduces the arteries to small, inadequate channels. Since the amount of blood in the system remains the same, the strain on the heart increases. Isn't it time that we all re-evaluated our diets?

Make sure your diet is adequate by adding vitamins and other food supplements from the fine selection at **THE PARK PHARMACY**, 15324 E. Jefferson, Grosse Pointe Park. We feature a full line of health and beauty aids along with our professional prescription department. *"Even if the cigarette tested had 60% more tar than MERIT, a significant majority of all smokers tested reported new 'Enriched Flavor' MERIT delivered more taste."*

—American Institute of Consumer Opinion

## **Extensive taste-testing with thousands of smokers shows 'Enriched Flavor' MERIT delivers more taste than higher tar brands.**

The bottom line was conclusive: In a series of taste tests conducted for MERIT by the American Institute of Consumer Opinion, smokers from all across the country judged MERIT to have more flavor than five leading low tar cigarette brands.\*

What's really startling—and of major importance to all smokers—is that MERIT has less tar than these five brands.

Less tar. Yet more taste.

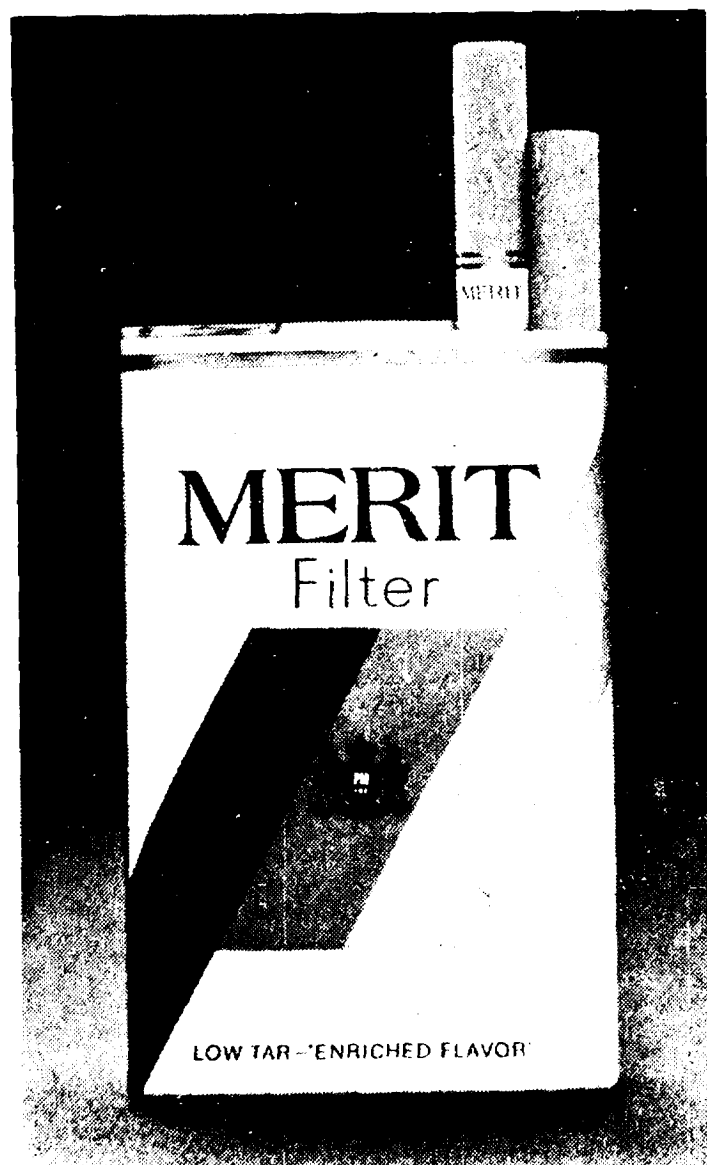

That's the report on a remarkable new taste process called 'Enriched Flavor.' A way to pack tobacco with extra flavor without the usual corresponding increase in tar.

'Enriched Flavor.' It's exclusive to MERIT. The cigarette with only 9 mg. tar, one of the lowest tar levels in smoking today.

MERIT MENTHOL is packed with 'Enriched Flavor' too. And in similar tests, 9 mg. MERIT MENTHOL was reported to deliver as much—or more—taste than the 11 mg. to 15 mg. tar menthol brands tested.

You've been smoking "low tar, good taste" claims long enough. Now smoke the cigarette.

The vineyard is the object of constant attention. Practically all the work demands a skilled and delicate touch, especially pruning. The methods vary from area to area, according to the size and way of growing the vines. There are also two basic methods of pruning the grape vine. Dry pruning takes place during the dormant season, to encourage the growth of the plant and the bearing of the fruit. Green pruning involves pinching out unwanted shoots and buds, thinning out leaves and clipping branches. Plowing and hoeing must also be done winter and summer — and all this to make the wines we love.

And at PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 you'll find a full selection of the wines you love, and if you have a preference for a wine we do not have, we'll be happy to special order and stock for you. Open: 10-10 Mon.-Thurs.; 10-11 Fri., Sat.; noon-10 Sun.

## SHS Suffers Four Losses

By Lisa Roumell

South High School's baseball team played four games, including two in league competition, during the week ending Sunday, April 18. South, in losing all four contests, now stands 2-4 overall and 0-2 in EML play.

On Tuesday, April 14, South met East Detroit in a league game and lost 3-2. South tallied three hits while East Detroit picked up six.

Bob Glass was charged with the loss for the Devils. Although he showed good control, he gave up six hits before being relieved by John Beebe in the fourth. Beebe kept East Detroit hitless for the remainder of the game.

Bob Gough got the game's only RBI when he singled to drive in Charlie Murphy from second. Tony Abraham doubled and Rick Baker singled for South.

Though South was defeated, the Devils made some fine defensive plays. Paul Genter in centerfield made a great throw to third for an out and Abraham at third handled a double play.

Assessing his team's performance, Devil coach George Duditch said, "We didn't hit as well as we could have with six strike outs against us. Yet we played well, and perhaps we lost because of two debatable calls against us."

On Thursday, April 16, the Devils played poorly, making a total of 10 errors against L'Anse Creuse, in losing 9-5. Beebe started for South and was charged with the loss. Baker relieved Beebe in the third. Both pitchers showed good control, and only three of the opponent's nine runs were earned.

Saturday, April 18, saw the Devils drop a double-header to Lakeview. South committed three errors in losing the first game 5-3. Baker was the starting pitcher and had a 2-0 lead before being relieved by Doug Skipp. Skipp, later relieved by Beebe, was charged with the loss.

In the second game, South committed five errors and four Devil hurlers were needed before the 9-5 game was finished.

## Single Parents To Meet Friday

The Grosse Pointe chapter of Parents Without Partners, (PWP), meets Friday, April 23, at 7:30 p.m. to hear Jerry Bonham, a researcher on the subject of health, speak on the nutritional approach to happiness.

The session will be held at the War Memorial, 32 Lakeshore road, and all members and eligible guests are invited.

Following the meeting, an afterglow will provide music for dancing and socializing.

#### WORKING MOTHERS

The labor force participation rate of mothers in the United States has increased dramatically over the years. In 1940 only nine percent of all women with children worked but, by 1974, that figure had risen to 46 percent, according to the U.S. Department of Labor.

## GP Police Softball Team Begins Play on April 25

By Mark Brecht

The Grosse Pointe Police softball team, (FOP Lodge 102), began workouts for its 1976 season this month. The season opener is Sunday, April 25, at 9 a.m. against the Roseville Police Department.

The police team won its division title in the Metro Police League, were play-off champions in the Grosse Pointe City League and, in the National FOP Tournament held in Dayton, O., the Pointers finished eighth in a field of 50 police teams from all over the country. At season's end the team compiled an overall record of 38-9.

The Pointers look to even better things this year. They will lose only one player from last year's squad as Ted Hinz, (Woods), has hung up his spikes. The nucleus of last year's team will remain intact.

The team will return such blue-chippers as John Trevillian, (Shores), who led the team in hits, doubles and batting average; Archie Grieve, (Shores), who led the team in homers and runs batted in; Mike Kortas, (Park), the team's pitcher who hurled every game in 1975 and compiled the 36 wins; and the dynamic key-stone combination of Mike Van DeGiste, (Woods), and Pat DeVine, (Woods), who besides adding a lot of punch to the offense, solidified the outstanding defense.

At the same time, the Pointers also can look to the addition of two promising rookies, Jack Harwood, (Woods), and Mike Makowski, (Woods), both of whom are new officers to the Pointe.

The team will be further strengthened by the return of Wayne Baum, (Woods), who did not play last year, and Dave Teolis, (City), who missed last year with a back injury.

Player-coach Trevillian will carry a larger contingent this season to cope with an increased schedule as well as the inevitable injuries and players missing games due to conflicting work demands.

The success of the team a year ago was premised upon a stingy defense and an offense which averaged over 10 runs per game. With last year's accomplishments to bolster their confidence, and with hard work and a renewal of purpose, the Pointers should be as strong as ever in the coming season.

On Sunday the Pointers will face Roseville at 9 a.m. at Roseville's Memorial Park #2 located on Barkman and Chestnut, (Barkman is the first traffic signal west of Gratiot off of 11 Mile road). At 10:15 a.m. on the same field, the club will play Macomb County Probate Court in the second half of its weekly double-header. The season will consist of 13 weeks of double-headers every Sunday morning.

The players will be competing for \$1,500 in prize money, plus trophies.

Championship play begins at 9 a.m. Saturday, with the finals scheduled for 3:30 p.m. Sunday.

## Rusche Directs Award Winner

John P. Rusche, of Fisher road, recently produced and directed a film for the Ford Tractor Operation which won a Gold Camera Award in the ninth annual International Awards Competition of the U.S. Industrial Film Festival.

Titled "The New Leader—The Ford 550," the film was featured in Regional Ford Tractor dealer introduction shows for a new tractor line including the 550 Flatdeck Tractor-Loader-Backhoe.

Each day can be made more tolerable by seeking all the opportunities it will provide.

## Dog Owners Offered Tips

The Michigan Humane Society is distributing "Safety with Dogs" leaflets and conducting obedience training classes for new owners in anticipation of increased dog versus people problems this spring.

The leaflets, which may be obtained by calling 872-3400, or writing the Humane Society, 7401 Chrysler drive, Detroit 48211, described the potential dangers of dog handling and the precautions to be taken with strays.

The obedience training classes, which will be conducted Saturday mornings for one hour starting May 8, will deal with the fundamentals of "come," "heel" and "sit."

For further information on registration for this eight-week course, which costs a total of \$15, contact the society's central shelter.

## Pointers Aid In Ohio Loss

Michigan's top competitive swimmers, including several Pointers, competed against an All-State Ohio team on Saturday, April 10, at Cleveland State University. Michigan won the event, 728-589.

Swimming in the 10 and under boys age group, Jack Nelson took a fourth place in the 100 butterfly with a time of 1:15.908. In girls 11 and 12, Sara Brieden took third place in the 200 free with a 2:09:389 and swam on a first place 200 free relay team.

Todd Lindheim, 13, placed fourth in the 500 free event with a 5:16.936 showing. His brother, Toby, 15, was selected for the team but could not attend.

Tom Shook, 14, placed fifth in the 100-yard breaststroke with a 1:07.920. Frances Shook, 13, swimming in the girls 100-yard breaststroke, won the event with a time of 1:11.128. This is the fastest time for a woman from Michigan in the 1975-76 indoor shortcourse AAU season.

Frances also was second in the 200 IM with a time of 2:20.197.

This meet closed out the 1975-76 swimming season for indoor competition.

(Note: Following is the text of Ordinance No. 180 adopted by the Council of the City of Grosse Pointe on April 19, 1976 to become effective immediately.)

**ORDINANCE NO. 180**

AN ORDINANCE TO AMEND SECTION 4.6 OF THE UNIFORM TRAFFIC CODE FOR CITIES, TOWNSHIPS AND VILLAGES AS ADOPTED BY REFERENCE IN TITLE X, CHAPTER 126, SECTION 10.1, OF THE ORDINANCE CODE OF THE CITY OF GROSSE POINTE.

Section 1. Section 10.4 of the Grosse Pointe City Code is amended to add the following:

Sec. 4.6(c) amended to read:

Sec. 4.6(c) Steady Red Indication.

(1) Vehicular traffic facing a steady red signal alone shall stop before entering the crosswalk on the near side of the intersection or at a limit line when marked or, if none, then before entering the intersection, and shall remain standing until a green indication is shown, except as provided in subsection (c) (2).

(2) Vehicular traffic facing a steady red signal, after stopping before entering the crosswalk on the near side of the intersection or at a limit line when marked or, if none, then before entering the intersection, shall be privileged to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn unless prohibited by sign, signal, marking, light, or other traffic control device. The vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

Section 2. This ordinance shall be effective immediately.

**To Broadcast DSO Concerts**

A special \$100,000 grant announced by the Ford Foundation will help initiate statewide broadcasts of Detroit Symphony Orchestra concerts over Public Radio stations beginning with the 1976-77 season.

The grant was made under the Foundation's special fund for Michigan, an annual allocation for philanthropic activities in the Foundation's state of origin and incorporation.

"To our knowledge this is the first such venture in the nation," says Marshall Turkin, executive director of the DSO. "We are delighted that the Ford Foundation has accepted our request for funding to assist in the establishment of regular broadcasts on Public Radio stations throughout the State of Michigan."

The Ford Foundation grant covers a three-year period beginning with the current 1975-76 season.

The first year allows for purchase of stereophonic recording and duplication equipment necessary for the broadcasts.

Remaining funds will help cover the cost of additional salary payments to DSO musicians for at least two seasons of broadcasts.

Station WDET-FM, (101.9 Mz), Detroit's Public Radio station, owned and operated by Wayne State University, will air delayed broadcasts of the concerts for metropolitan-area audiences and will be responsible for all production and distribution of the tapes to other Public Radio stations in Michigan.

The concert tapes will be made available free of charge to participating stations, including WUOM, (91.7 in Ann Arbor), WAUS, (90.9 in Berrien Springs), WKAR-FM, (90.5 in East Lansing), WFBE, (95.1 in Flint), WVGR, (104.1 in Grand Rapids), WGGL, (91.1 in Houghton), WIAA, (88.3 in Interlochen), WMUK, (102.1 in Kalamazoo), WNNR, (90.1 in Marquette), and WCMU-FM, (89.5 in Mount Pleasant).

Virtually every Michigan resident will be able to hear the delayed concert broadcasts.

In addition to providing for our first regularly-scheduled stereophonic broadcasts to Detroit listeners, this program will give outstate concertgoers and symphony supporters their first chance to hear all our major concerts," Mr. Turkin comments.

"We continue to receive requests for more Detroit Symphony programs in other Michigan communities; however, the formidable expense of traveling the state with a full symphony orchestra keeps tour dates at a minimum. With this thought in mind, we conceived the statewide broadcast concept.

"We definitely plan to continue our statewide outreach programs, including community concerts, in-residence and the annual Upper Peninsula Summer Music Festival."

Further information on broadcast schedules will be announced this fall.

**Police Accuse Drunk Driver**

Sheldon F. Cailler, 35, of 8011 Cadillac, Detroit, who was driving along Lakeshore road at a very high rate of speed, narrowly missed hitting another car, reported Shores police. He was arrested and charged with driving while under the influence of liquor.

PSO Harry Hamilton was patrolling east on Hampton Sunday, April 18, at 11:44 p.m., as he observed Cailler traveling south along the road at a fast pace.

The officer gave chase and paced the motorist at 75 miles per hour. The road is zoned for a speed limit of 35 m.p.h. As PSO Hamilton trailed behind the speeding car, still at 75 m.p.h., Cailler's auto began pulling away at a faster rate of speed.

The officer said Cailler was driving in both traffic lanes. He saw the man reach over, still going at the same pace, to raise the right front window. While doing this, Cailler narrowly missed hitting another vehicle, swerving his car in time to avoid a collision. Cailler was about six inches away from a smash up, PSO Hamilton said.

In swerving, Cailler's car hit the left curb and was forced to a stop at Whitcomb road in The Farms, where the motorist made a fast turn before turning off his motor. Park Officer Steven Molitor, driving his own car, pulled up behind The Shores scout car and informed PSO Hamilton that Cailler pulled up alongside him, then accelerated to 80 m.p.h. Officer Molitor said he also witnessed Cailler's erratic driving.

Cailler was taken to The Shores station and formally charged with drunk driving. He was issued a violation ticket, after being taken to The Farms station for a breathalyzer test, which he failed to pass.

### NHS Scores at Festival

North High School instrumentalists achieved an outstanding record at the State Solo and Ensemble Festival Saturday, March 27.

Students from Wayne, Macomb and Oakland Counties met at Harrison High School, Farmington, where they performed for adjudicators, specialists from high schools and colleges in Michigan and neighboring states.

They were rated on tone, intonation, rhythm, technique and musicianship. Solos and ensembles were rated on a divisional basis.

More advanced soloists entered proficiency examinations, which require performance of scales and sight-reading in addition to a prepared solo.

Thirty-one of North's 39 events achieved passing grades in proficiencies or Division I ratings in solo and ensemble events.

Students passing proficiency exams included Barbara Duncan, clarinet; Wendy Judson, flute; Peter Barbour, clarinet; Lori Bohlinger, flute; Jill Haelewyn, violin; Mary Huettnerman, flute; Janice Krell, bassoon; and Karen Montauk, flute.

More are Lisa Pepper, flute; David Reed, violin; Andrew Rist, euphonium; Susan Shepard, flute; David Thomas, trumpet; Nathan Judson, horn; Linda Pruett, violin; Christine Pruett, flute, and John Willison, trombone.

Soloists and ensemble per-

formances earning first division included soloists Sarah Gall, violin; Michael Reed, horn; Kathryn Thomas, flute, and Ann Willison, oboe.

Winning ensembles included flute duet, Beth Ferguson and Sue Saelen; flute trio, Karen Montauk, Mary Huettnerman and Lisa Pepper; flute duet, Lori Bohlinger and Carol York; flute duet, Susan Shepard and Kathryn Thomas; and clarinet quartet, Barbara Duncan, Diane Slavik, Linda Schmidt and Peter Barbour.

More ensembles are woodwind quintet, Wendy Judson, Steve Arbaugh, Pam Thomas, Janice Krell and Nathan Judson; horn duet, Dale Drew and Ann Hoffman; brass quartet, Michael Stoeckel, Tim Mucclante, Carl Weber and Andrew Rist; percussion quartet, Tom Rousseau, David Paton, Peter Koenig, and James Miller; and mixed duet, David Reed, and Michael Reed.

Nathan C. Judson, instrumental director at North, was extremely proud of these students. In terms of the number of events performed, and the percentage of success, the 1976 festival was North's most successful.

## Letters to the Editor

(Editor's Note: This letter, a copy of which was sent to the NEWS, was addressed to the Board of Education.)  
Dear Members of the Board: It is with great reluctance that I take the time from a busy schedule to write a Board that appears to be insensitive to the needs of its own community.

Indeed, the last election was not the first time that an apparently arrogant group had decided to "jump together" requests that could only result in total failure. The recent election is evidence that many of our representatives are totally out of touch with the constituency.

The material cost and frustration of scheduling two elections seems never to deter the Board from charging ahead and doing whatever it desires, regardless of a weary public.

Consistently in the past 10 years we have been inundated with press releases regarding new, creative and stimulating teaching activities. Open classrooms, programmed instruction, individualized lessons, prescriptive techniques—where, oh where, have all the results gone?

The answer is all too painful. Lower scores on ITBS tests, fewer National Merit Scholars, more need for remedial reading classes, increased vandalism, continued attendance problems.

Shockingly, this spring, just prior to the recent election, we were informed that South High would be offering classes, (mini to be sure), in human sexuality, bridge and other nonsense curricula to "motivate" Johnny to learn.

The fact that Johnny can no longer read, write or perform the four basic operations in math, seems not to be of any concern.

We, the public, however, are not entirely blameless. A minority always appears at the polls to elect a chosen few to represent a silent majority on the Board. We show up a little better in elections regarding finance, but even then our apathy is appalling. We seem to think that the schools can and should do everything.

Frequently, we have been told by professional educators that the schools are the only ones who can do anything. The inestimable cost to society must shock us into realizing that we, the parents, must continue to gather our strength to bring about a peaceable, accountable changes.

Let me end this letter by stating that I am a graduate of the Grosse Pointe system. Our eldest daughter was graduated as a National Merit Finalist. Another son was graduated two years ago. Our youngest child will be a senior in September. I

am currently employed as an educational consultant, but have been teaching for the last four years. We are not without credentials that justify our criticism.

Reinstitute "grammar and usage" at the high school level. Return to phonetic instruction in the elementary grades. Insist that every elementary child be able to quickly complete basic math problems. Interview applicants instead of hiring those best known to some person involved with the system. Keep accountable records. Return with an election that offers a choice, not a mandate.

Sincerely:  
Mrs. James D. Connolly,  
(Meeky van Zanen, '49),  
Grosse Pointe Park

To the Editor:

We, in the community, can gain nothing in the printing of letters of attempted personal ridicule. This is an endeavor to degrade our judgment to an emotional status and undoubtedly creates more polarization on the issue.

There is a saying about the classification of people into categories of little, good and great as they relate themselves to personalities, events and ideas.

The issue of State money and the Business Activities Tax Law are again covered below:

1. Money for the State of Michigan Categorical Programs should not be confused with Direct State Aid. Direct State Aid is figured by a formula based on the degree of local underfinancing of certain school districts in Michigan. Currently, Grosse Pointe receives no or little Direct State Aid.

In reality, the Categorical Program money can be classified as a form of voucher, or faith and credit statement of Michigan. This is why we have 17 school districts within the State. Could we have 17 lawyers pursuing a meritless case? I doubt it.

2. The Business Activities Tax Law during its formation and passing stressed that no dollars would be lost to any school district. I believe these people should be made to stand by their word.

I repeat that there is legislation in the "hopper" to correct this: the Mastin House Bills Numbers 6065 & 6066. These bills, I am told, have the support of all the education lobbies in Lansing. My excitement in the above two issues is that the confiscated dollars can amount to over a \$1,200 salary increase to each teacher. This is no small amount.

Sincerely,  
Louis J. De Perro, Jr.,

## What Goes On at Your Library

By Arthur M. Woodford  
Chief of Central Library

In celebration of my "centennial" column for the "Grosse Pointe News" last week, I wrote about my favorite 10 novels. This week, for the first of what is hopefully my second 100 columns, here are the 10 non-fiction books that I have most enjoyed reading and writing about since I began this column.

Heading my list is ALL THE PRESIDENT'S MEN by Carl Bernstein and Bob Woodward. This is an exhilarating and candid account by the two "Washington Post" reporters who won Pulitzer prizes for their role in breaking open the Watergate story.

The book is really a detective story, investigative journalism at its best, and the authors have turned Watergate into a fast-moving mystery, a real whodunit.

In AMERICA, Alistair Cooke has expanded and developed into book form the scripts of his 13-part PBS television series of the same name. Mr. Cooke has produced a thick, handsome, abundantly illustrated book that starts before Columbus and ends with a hesitant peer into the future.

The tone of his voice, his use of a droll phrase, his knack of bringing history home by showing some small detail—they all come through unblurred by the printed page.

Physicist-turned-biologist Jacob Bronowski was invited by the BBC to do for science, by way of TV, roughly what Mr. Cooke did for American history, and THE ASCENT OF MAN is the printed version of that enterprise.

This book is crisp and lucid in its writing, broad yet flexible in its scope, humane in its emphasis and expertly adapted to the intelligent layman. The author is particularly good at reducing to intelligible essentials the work of a Newton, a Mendel, an Einstein.

What he did in his earlier books for Madison Avenue and Wall Street, Martin Mayer does for the country's troubled banking industry in THE BANKERS.

Writing in layman's language he begins with a quick history of banking and a short course in banking principles. Then he concentrates on the "revolution" that hit U.S. banks in the 1960's and the pressing problems—inflation and high interest rates—that threaten today. Some readers may take

issue with a number of Theodore White's judgments, but few will deny that in BREACH OF FAITH he has written one of his finest books.

Here we have a full and balanced appraisal of Richard Nixon's "fall." Out of the scenes of high drama—the firing of Archibald Cox, impeachment, resignation—emerges a Nixon who overreached, overkilled and ultimately fled in panic.

Everyone knows that Hitler had plans for the invasion and occupation of England. In his book IF BRITAIN HAD FALLEN, Norman Longmate asks the author's ultimate question: "What if?"—and bases the answer on known fact.

What would have happened to the King, the Government? Would Canada, Australia and the United States have been able to come to the rescue? Would deportation of friends and the flying of the swastika from the buildings of Parliament have incited docility or brave resistance from the British people? What if?

The story of the Pilgrim fathers is so well known that it is a tribute to the talent of Kate Caffrey that she retells it in her book THE MAYFLOWER with such freshness, wit and elegance of style as to make of it an entirely new and vivid adventure.

She individualizes the Pilgrims, places them in the context of their times and shows them in all their strengths and paradoxical frailties.

In MONEY: WHEN IT CAME, WHERE IT WENT John Kenneth Galbraith is at his brilliant and stylish best in this discerning and often dryly amusing history of money, its forms, uses and abuses in Western society.

Mr. Galbraith handles the enormously complex forms and functions of money and monetary systems with clarity, discussing such topics as paper currency, banking, the Federal Reserve and capitalism's characteristic boom-and-bust cycles.

In PURSUIT Ludovic Kennedy recounts the chase and sinking of the German battleship "Bismarck." In 1941 the "Bismarck" set out for Britain's Atlantic shipping lanes. Spotted off Scandinavia she was soon being tracked by the Royal Navy. Then began the epic chase as "Bismarck" sought safety in occupied France.

One of the great stories of the sea as told in a well-researched and well-written book.

Newsreader Edwin Newman is justifiably alarmed at the misuse and adulteration of the English language in America and Britain. In STRICTLY SPEAKING he states that the responsibility lies with the newspapers, television writers, advertisers and government "spokesmen."

Written in the form of entertaining essays, this is the perfect tonic for those sensitive to the subtleties of language. Or, as one reviewer said, "A witty book on why Americans don't talk so good."

### Pointe Sculptor Commissioned

The German-American Bicentennial Memorial Association has commissioned Pointe sculptor Frank Varga to create a statue for Bremerhaven, Germany.

The 20-foot monument will honor the many German families that left their homes to participate in the founding of America. It will be dedicated in Bremerhaven, Germany, this August.

Social events are in the planning stage as the U.S. Fleet has been invited to participate in the celebration of the event.

### 'Bottle Bill' Drive Slated

The first citizen to sign a petition calling for a vote on banning non-returnable bottles and cans in Michigan was Gov. William G. Milliken.

In a recent ceremony in his office, the Governor affixed his signature to a petition circulated by Thomas L. Washington, executive director of the Michigan United Conservation Clubs, (MUCC), which is conducting the petition drive.

Gov. Milliken said that a ban on throw-away containers would be in the best interests of Michigan from the standpoint of natural beauty, energy conservation and—in the long run—employment.

MUCC, the State's largest conservation organization, has set a goal of 300,000 peti-

tion signatures by June 1 in hopes of having the "bottle bill" question placed on the ballot for the November 2 election. If voters approve the proposal, a deposit would be required on soft drink and beer containers and "pull tabs" on cans would be prohibited.

Mr. Washington felt passage of the measure would reduce litter, save energy now being consumed in the manufacture of disposable containers and spare taxpayers millions of dollars in roadside cleanup costs.

Citizens interested in the "bottle bill crusade" can request petitions from MUCC at Box 2235, Lansing, 48911, or by telephoning (517) 371-1041.

### From Another Pointe of View

By Janet Mueller

Warm, earth tones, with accents ranging from "cream of tomato soup" to apricot, peach and rust these are the color themes recurring through Decorators' Show House.

It's the William B. Cudlip home at 900 Lakeshore road, overlooking Lake St. Clair, and it's being "done," room by room, by 12 leading metropolitan Detroit interior decorators.

It will be open to the public Saturday, May 1, through Sunday, May 23, as a fund-raiser for the Junior League of Detroit.

Among things-to-look-for in the 14 decorated rooms are an "opiate" and a cupboard bed, brass and shell collections, French balloon draperies and precious antique furniture, including, in the Garden Room, an octagonal natural pine Chippendale table surrounded by imported Louis XV armchairs.

If your taste runs to contemporary, check out the Gentleman's Dressing Room's leather and suede, polished steel chairs, lucite and glass table and the chaise which won the Compasso de Oro, highest award for Italian furniture, and is in the permanent collection of New York's Modern Museum of Art.

The Junior League's own Professionals are turning a 15th room into a Baby's Bower. There's a third floor boutique, too, and a Garage Greenery offering plants and pots.

Decorators' Show House will be open daily Monday through Saturday from 10 to 4 o'clock, Wednesday evenings from 7 to 9 and Sundays from 1 to 4 in the afternoon. Tickets at \$4 each may be purchased at the door.

Advance sale tickets, at \$3.50, are available at the Junior League Office in the War Memorial and at all J. L. Hudson ticket outlets.

## Market Aids GP Symphony

Mrs. Lyndle R. Martin, chairman of Market Day, the big Grosse Pointe Symphony funds-raiser scheduled for Saturday, May 22, from 10:30 to 6:30 o'clock at Grosse Pointe North High School, has all her committees completed and working in high gear.

The event, a part of Grosse Pointe Symphony Week May 17 through 22, is a project of the Grosse Pointe Symphony Women's Committee, of which Mrs. Paul Kelley is general chairman.

"The orchestra is one of the Pointe's important cultural assets," says Mrs. Kelley. "Of course, it greatly needs additional money to carry on its good work. This Market Day benefit is a fun way for the community to show its support."

Market Day departments are Arts and Crafts, Mrs. Edward F. Suits, chairman, Mrs. Harold D. Gumpfer, co-chairman; Auction, Mrs. Kelley; Baked Goods, Mrs. L. Verne Ansel, with Mrs. Harold Lee and Mrs. Ralph Urso as co-chairmen; Plant Booth, Mrs. Richard W. Kay; Flea Market, Mrs. Raymond J. Duffy, Jr., and Mrs. Michel A. Skaff; Placement, Mrs. Elmer L. Barber; Snack Bar, Mrs. Robert J. Kazmarek; Finance, Mrs. Leonard Hopkins; Publicity, Mrs. Joseph J. Marshall; and Property Management, Paul Kelley.

## Miss Eaton Wed In Christ Church

Little Club Reception Follows Afternoon Rites at Which She Becomes Bride of James Fenton Dickerson

At a small, family ceremony Saturday, April 10, in Christ Church, Grosse Pointe, Mary Woodruff Eaton, daughter of Mrs. Ann Crouse Eaton, of Provencal road, and Minot Dennett Eaton, of Santa Barbara, Calif., was married to James Fenton Dickerson.

The 4 o'clock rites at which The Reverend Robert F. McGregor presided were followed by a reception at the Grosse Pointe Club.

The newlyweds, cruising in the Bahamas, will be at home in Chicago after April 24.

The bride's gown of candlelight metallic brocade featured a floor length, A-line skirt and bateau neckline.

Bridesmaids, their noses gaily fashioned of white daisies, baby's-breath and camellia leaves, their heads bare, were Karen L. Howling, of New York City, Mary D. Pierson, the bridegroom's sister, of Washington, D.C., Tempe W. Twohey and Alyson D. Ware, of St. Charles, Ill.

They were dressed identically in halter-necked frocks of Kelly green chiffon, styled with full, triple-tiered, floor length skirts and removable chiffon shoulder tiers.

John Gilette Dickerson came from Brooklyn, N.Y., to act as best man for his brother. They are the sons of Mr. and Mrs. Willard Dwight

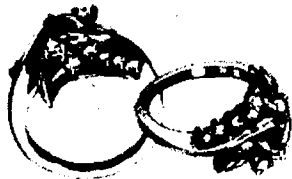

Dickerson, of Williamstown, Mass.

Ushering were Willard D. Dickerson, Jr., another brother, of Williamstown, M. Howard Eaton, who came from California for his sister's wedding, Sanford Faison, of New York City, and Christian Gottfredson, of Hingham, Mass.

The mother of the bride wore a street length sheath, high-necked and printed in tulips against a white background, dark green spirals and small polka dots separating the tulip motifs.

The bridegroom's mother also selected a street length print, red, white, blue and purple in color, styled with a cummerbund and long sleeves.

## Camps Offered by Girl Scouts

Applications are being accepted now for the Girl Scouts of Metropolitan Detroit's summer camping program, offering individual resident camping at Camp Metamora, located about 55 miles north of Detroit near Lapeer, and Camp Innisfree, 65 miles northwest of Detroit near Howell. Troop camping may be arranged at Camp Holly in Oakland County. A special horseback program will be offered at the John F. Ivory Farm in Union Lake.

Camp Metamora's program is specially designed for younger Scouts: third through sixth grade Brownies and Juniors.

Camp Innisfree is for Juniors with previous camping experience, Cadettes and Senior Scouts.

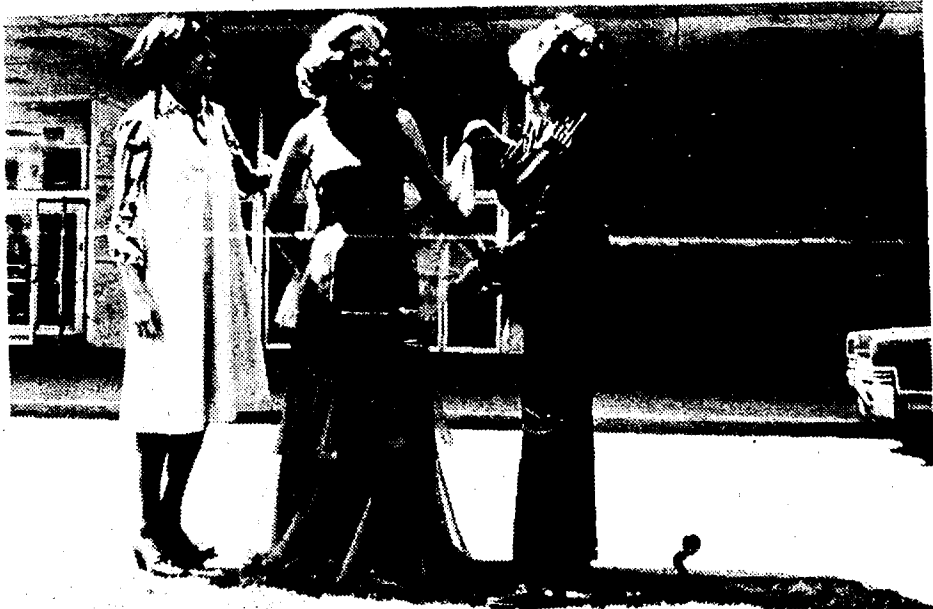

Both camps offer a variety of special interest activities, including waterfront, crafts, ecology projects, sports, cookouts, tent camping and canoe trips.

Each camp is operated by a director and staff of experienced counselors and Scout counselors-in-training. Margaret Mann, director of Scout camping services in Hawaii, will supervise Camp Metamora. Camp Innisfree's supervisor will be Mary Walker, of Arlington Heights, Ill., who has directed Scout

## That's Some Fashionable Garage!

### WORLD'S LARGEST GARAGE SALE

APRIL 21 22 23

Antiques to memorabilia to curiosities, an incredible collection of items culled from the City of Detroit's various departments, the Archives of American Art, the Detroit Public Library, the Founders Society Detroit Institute of Arts, Detroit Historical Society and Central Business District Association members, are all for sale, at bargain prices, at the World's Largest Garage Sale, underway now at Cobo Hall. How about a cobblestone from an early Detroit street, (each one is accom-

panied by a Certificate of Authenticity from the Mayor)? Or a World War II gas mask? Or a second-hand park bench? New fashions from Dawood's Boutique are being featured, too, modelled by the likes of MRS. GEORGE A. SIMON, (center), who is being checked out by daughter JODY SIMON, (left), and MRS. CHARLES DAWOOD, of Berkshire road. Admission to the benefit, open from 10 in the morning to 9 in the evening, is 25 cents. Once in—the sky's the limit!

campers for the past three summers. Rita Glaze, a teacher at Detroit's Tappan school, will direct Camp Holly.

The John F. Ivory Farm horseback riding program is open to Cadette and Senior Scouts only. Day sessions, overnight stays and week-long trail rides are available.

Participants will learn various styles of riding and are expected to help take care of the horses. Swimming, cookouts and other camp activities also are planned.

Both Camp Metamora and Camp Innisfree are open, to all girls, on a space-available basis, regardless of whether or not they are Girl Scouts. Fees for the two-week camping sessions vary from \$85 to \$120, with some financial assistance available to registered Girl Scouts.

Cost of the Ivory Farm horseback riding program ranges from \$55 to \$225.

Further information on any of the camping programs may be obtained, or arrangements for a Girl Scout camp promoter to speak at a meeting made, by contacting GSMD Camping Services, 964-4475.

## Double May Fashion Benefit Slated

The Archives of American Art and the Fashion Group of Detroit staged a designer fashion show at the Hyatt Regency early this month as a preview to two fund-raising events the organizations are co-sponsoring next month: The Designers Fashion Auction of new designer clothes, scheduled for Sunday, May 16, at the Hyatt Regency; and the "Wearhouse" sale planned for the following weekend, Saturday, May 22, through Monday, May 24.

Professional models volunteered their time for the preview, showing fashions by Halston, Oscar de la Renta, Molly Parnis, John Anthony, Stephen Burrows, James Daugherty and others—all of which will go to the highest bidder May 16.

The auction begins with a 2 o'clock aperitif preview. Bidding starts at 3. Volunteer professionals will again be modeling, under the organization and supervision of fashion show committee co-chairmen Barbara McIntosh and Linda Hack.

Admission to the auction is by ticket, available for \$5, (tax deductible), by phoning the Archives of American Art office, 833-0835.

The Wearhouse sale will feature new and nearly new furs, dresses, suits, gowns, coats and separates, fine and costume jewelry and accessories donated by designers and manufacturers, local merchants and many of the city's "best dressed."

Admission is free. Hours are 10 to 5 o'clock all three days. Place is the Adair Street Warehouse at 120 Adair Street, between Jefferson and the Detroit River, just east of downtown.

Coordinators for the two fashion fund-raisers are the Mesdames Sherwin Davidson and Irving Burton, Diane (Mrs. Tom) Schoenith is in charge of the preview show and party. Other committee chairmen are Karen Sklar, Judy Bigelow, Rosemary Bannon, Florine Mark, Molly Hudson, Judy Schaffer and Mrs. Charles Kessler.

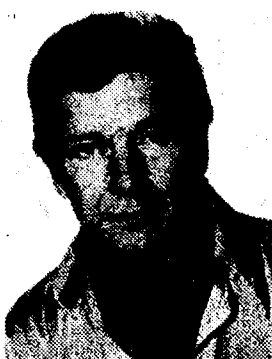

## To Sell Plants Next Tuesday

Mrs. J. Ross Bush, of Pemberton road, and Mrs. Alfred Warren, Jr., of Stratford place, are co-chairmen of the Plant Sale scheduled for next Tuesday, April 27, from 11 to 3 o'clock in Grosse Pointe Memorial Church's Fellowship Hall.

Perennials, geraniums, pachysandra, snapdragons and petunias will be available.

## James Kelley Takes A Bride

James Thomas Kelley, son of Dr. and Mrs. Frank Kelley, of Lothrop road, claimed Kay Lynne Copeland as his bride Friday evening, April 2, at a double ring ceremony in Old Christ Church, Detroit.

The Reverend Samuel Johnston presided at the 6:30 o'clock rites which were followed by a reception at Windsor's Holiday Inn.

The newlyweds vacationed in Toronto, and are at home in Beaconsfield avenue.

The former Miss Copeland, daughter of Mr. and Mrs. Richard N. Copeland, of Pierson street, Detroit, chose a wedding gown of organza over taffeta with lace and seed pearl accents.

A lace and pearl headpiece caught her floor length veil. She carried white roses and tuberoses.

She was attended by honor maid Barbara Bremer, bridesmaids Linda Birg, Kathy Soper, Mary Orlando and Martha Madarasz and flower girl Kristin Copeland.

Frank Kelley served as his brother's best man. Ushers were John Rinaldi, James Christman, Joe Versical and John Sierant.

The mother of the bride wore a mint green crepe gown with a matching lace coat. The bridegroom's mother selected a turquoise knit crepe.

## Orchestra Coming From Interlochen

**Patrons' Dinner Will Precede One-Night Benefit Performance in Ford Auditorium Honoring Cal Patterson**

The Interlochen Arts Academy Orchestra comes to Detroit's Ford Auditorium Tuesday, May 4, at 8:30 o'clock in a benefit concert for the Interlochen Center for the Arts. The performance is part of Mayor Coleman A. Young's proclaimed "Cal Patterson Day" activities.

The 100-member orchestra will be conducted by Mischa Semanitzky, assistant conductor of the Pittsburgh Symphony, and Byron Hanson, resident conductor of the Academy.

The program includes works by Antonin Dvorak, Charles Ives-William Schuman, Frederic Chopin and Maurice Ravel. The closing selection, Ravel's "Bolero," brings on stage colleagues from Interlochen's dance department.

Concert-goers also will

## Pointe Book Club to Meet

Mrs. Watson Ford will review Nancy Hale's "Mary Cassatt" at a Pointe Book Club meeting Monday, April 26, in the Lakeshore road home of Mrs. Windsor Davies, whose luncheon co-hostesses are Mrs. Donald Cherry and Mrs. Wilfred Harrison.

have an opportunity to view art works by Academy students, exhibited in the auditorium lobby.

W. Calvin Patterson was named to the Interlochen Center board of trustees in 1969. He has served with great dedication.

Mr. Patterson has been recognized often for his contributions to the arts in Detroit and throughout Michigan.

Benefit chairperson Mrs. Peter W. Stroh, of Provincial road, is in charge of pre-certain plans honoring Mr. Patterson.

Other chairpersons for "Cal Patterson Day" are Damon J. Keith, Chief Judge, United States District Court of Detroit, Thomas A. Murphy and Dean E. Richardson, of Cloverly road, also an Interlochen board member.

The evening's festivities begin with a 6 o'clock reception followed by a patrons' dinner at 6:45 in the Versailles Room of the Pontchartrain Hotel. Inspired by the concert's springtime setting, Mrs. Stroh and her committee will embellish the "Music in May" theme with a colorful bouquet at each table.

Buses will take dinner guests to Ford Auditorium for the concert.

Assisting Mrs. Stroh are the Mesdames Mary Ball, of Rosedale Park, Lawrence Smith, of Birmingham, Joseph A. Vance, Jr., of Southfield, and R. Alexander Wrigley, of Bishop road.

The committee ladies and their husbands will be on hand to greet guests. Coming from Interlochen for the occasion are Center President and Mrs. Roger E. Jacobson and Academy Director and Mrs. John R. Hood.

Donation for the black tie dinner is \$75 per person, including concert admission. Reservations must be made

## Married

Photo by Richard Kay

Setting for the wedding of JUDITH SCHNEIDER BAILY and Herman E. Mozer Wednesday evening, April 21, was Grosse Pointe Congregational Church. Pastor Patrick O'Brien presided at the 5:30 o'clock ceremony, which was followed by a dinner reception at the Detroit Boat Club.

The new Mrs. Mozer formerly resided in Fisher road. She teaches at Kerby School. Mr. Mozer is on the administrative staff of Chrysler Corporation. They are making their home in Maumee avenue.

by Saturday, April 24, by calling the Office of the Chairman, 222-4673, or by writing Interlochen — Cal Patterson Night, care of Manufacturers Bank, Office of the Chairman, 151 West Fort Street, Detroit, Michigan 48226.

Checks should be made payable to Interlochen — Cal Patterson Night.

Concert tickets at \$3 and \$5 per person are available at Ford Auditorium box office or by contacting the Office of the Chairman.

The event is a combined Detroit-area effort to raise funds and build support for the Interlochen Center for the Arts, a year-round operation including the National Music Camp and Interlochen Arts Academy.

Both the Camp and the Academy are non-profit educational institutions supported solely by tuition and gifts.

Serving as honorary chairpersons are Governor and Mrs. William Milliken, Senator and Mrs. Robert Griffin, Senator and Mrs. Philip Hart and Detroit Mayor Coleman A. Young.

## Free Rehearsal of 'El Capitan' Slated at Music Hall

To launch its first membership drive, the Music Hall Association is inviting the public to a special open rehearsal of "El Capitan," the comic opera written by John Philip Sousa, featuring film, stage and television star Dick Shawn.

The open rehearsal will be held Friday, April 30, at 1 o'clock. There is no admission charge, but reservations must be made by calling 983-7622.

"El Capitan," an 1896 musical farce, begins regular performances Monday, May 3, and will continue through Sunday, May 16, as part of Music Hall's special Bicentennial season.

Music Hall Association President Pauline Young and Sylvia Gershenson, membership chairman, both feel "there are hundreds of people in the community who like what Music Hall means

to this area and would like to help support the non-profit performing arts center."

The Association, a three-year-old organization of 150 members, has arranged the special open rehearsal to introduce these people to the Center.

Refreshments and an explanation of the Association, its projects and purposes, will precede the rehearsal. The Association hopes to at least double its membership through this effort.

Mrs. Young cautions those who plan to attend not to expect a full-dress, finished performance. "That's not what rehearsals are."

"This isn't a dress rehearsal; the audience will see scenes really being worked on by actors and directors. It's a real working rehearsal, which few theater patrons ever see."

Mrs. Gershenson adds, "We hope the open rehearsal will

attract people who want to participate in the Association either as volunteer members, (\$10 per year), who elect special assignments, or as (\$15), primarily supporting members."

Among upcoming events at the Music Hall is "SummerSnow," an original stage musical written by Fred Rogers of "Mister Rogers Neighborhood," which will have its world premier at the non-profit performing arts center June 17.

Mr. Rogers came to town last week for Music Hall's

announcement that it will produce the show, featuring characters from his "Neighborhood."

He was introduced, on his first official visit to Detroit, by Music Hall Board Chairman Ruth R. Glancy, of Cloverly road, who praised the consistently high quality of programming which has made him one of the most respected figures in American television.

"SummerSnow" will be presented twice daily, at 11 and 2 o'clock, June 17 through 27.

## Orpheus Club Slates Bicentennial Concert

The Orpheus Club of Detroit, an all-male chorus, will observe the Bicentennial with a special concert of American music at 8:30 o'clock Friday, May 7, in the Scottish Rite Auditorium of Detroit's Masonic Temple.

Music to be presented includes Randall Thompson's "Testament of Freedom" set to the writings of Thomas Jefferson, "The Battle Hymn of the Republic" and an interpretation of "Give Me Your Tired, Your Poor," the poem inscribed on the base of the Statue of Liberty.

The program ends with Aaron Copland's "Stamp Your Foot," an adaptation of an old-fashioned square dance in which the Club will be assisted by students from the Evelyn Kreson School of Dance.

Other parts of the concert will be devoted to folk songs, spirituals and the American way of life as expressed by Broadway composers.

The Orpheus Club was organized in 1900. It gives two concerts yearly. Membership consists of men who have a common desire to sing good male choral music, and who have some degree of vocal training.

Dallas Grobe is the conductor, Alden Schell the accompanist. Tickets for the May 7 concert, at \$3.75 and \$3, may be purchased at the door.

## Inside the Mothers Club

Two officers of the South High School Student Association will be planning next fall.

Student Association President John Langel and Vice-President Damian Kiska reported on SA-sponsored activities during the school year, that nearly every weekend has been filled with programs including dances, coffee houses and hayrides. All have been well attended.

John and Damian felt the students were supportive of activities this year because of better communications between the SA and its constituents, general interest, frequency of activities, and strong parent interest.

The Mothers' Club assisted in providing chaperones for some SA events.

Because of the power outage, the mini-course day planned by the SA had to be cancelled. Many outside speakers and field trips had been scheduled. If students and faculty show interest

and support, another such activity will be planned next fall.

The SA spent \$300 to have a flyer printed supporting the millage. Association members delivered these, as well as another flyer put out at a later date by the millage committee.

Another \$360 was given toward Arbor Day tree planting, and the Association matched \$288 raised by students for the Guatemala Earthquake disaster.

The Mothers' Club Board supported the following motion: "After all scholarships have been awarded, any money left over that was raised this year and not earmarked for scholarships should be allocated for a specific school need which has been thoroughly investigated."

Judy Lees, scholarship chairperson, reported that 56 scholarship applications had been taken by students. Twenty-five have applied, and the committee is now in the process of interviewing all applicants.

## Thank You, Rosemary

Photo by R. G. Shaufelt

Pointer ROSEMARY (Mrs. John) ELIAS, co-chairman of the Sweetheart Ball, the elegant fund-raiser for the March of Dimes held each year on Valentine's Day, was honored recently at a Detroit Chapter March of Dimes executive board meeting and luncheon. Presenting the "thank you" for Rosemary's volunteer efforts is RICHARD T. KEILY, Wayne County auditor and Detroit March of Dimes Chapter board chairman, as JOANNE CARRON, 1976 Metropolitan Detroit March of Dimes Poster Child, looks on.

Members of the Board and honorees were brought up to date on plans for Superwalk '76, largest walkathon in the country, to be held this Sunday, April 25. Sports and media celebrities, the Red Garter Band and high school marching bands, clowns and

city officials will join citizens from all walks in life in walking for a common goal: to contribute to the fight to prevent birth defects and to improve the quality of life for those who have been born with birth defects.

The Grosse Pointe Women's Club donated two \$300 scholarships in its name.

Green plant parties have raised \$1,392.50 this year.

The evening discussion group meeting Tuesday, May 4, will feature Joan Hanpeter, president of the Board of Education, and Doris Cook, president of the Grosse Pointe Education Association, speaking at the Lothrop road home of Dr. and Mrs. Douglas Sargent. This group is a new effort by the Mothers' Club to involve fathers and working parents.

The 1976 Graduation Party will be held at the War Memorial June 9. Theme is "Yesterday and Today."

A discussion on the recent millage defeat ensued. Melissa Maghielse, secretary of the Board of Education, was present.

Ideas on how to package the next millage propositions,

and suggestions on how to publicize the cuts that would take place if the proposal should fail, were offered.

Board members also discussed how they could be more involved in the next election by establishing a calling committee.

Health Education Council Representative Jean Stronski reported that Mary Paonessa, Family Life and Sex educator, will speak at Defer school Thursday, May 6, at 8 o'clock. Mrs. Paonessa will train both men and women this summer for the Hygiene program being introduced in the elementary schools next fall.

Health Education Council meetings are open to the public. The Council is currently soliciting membership at \$5 individual, \$10 continuing, \$15 supporting and \$25 patron.

Mrs. Benson McCure reported that all students have been enrolled for the fall semester. All courses offered had enough students registered to hold classes, except Russian.

Because of the millage defeat, scheduling and course selections may have to be revised.

It was announced that the Grosse Pointe Garden Club Council is sponsoring a Garden Walk on May 14 and 15. Proceeds will go to the beautification of South High School.

## Now Is Time to Fix Lawns for Summer Beauty

If you want a good-looking lawn this summer, now is the time to start working on it. According to turfgrass experts at Michigan State University, April is clean-up, fix-up time for Michigan lawns.

Start by raking the lawn to remove leaves, twigs, bits of wire, rocks and other debris. If frost heaving has made the surface of the lawn uneven, roll it after the soil has thawed, but before it dries out.

"Rolling should be done if needed to firm the crowns of the grass plants back into the soil," says Ken Payne, MSU professor of Crop and Soil Sciences. "It also smooths the surface for less bumpy mowing later on."

Unless you cut the grass very short in the fall, the next

step is to mow it to a height of about one inch. To avoid injuring growing tissues, this should be done before the lawn greens. The aim is to get rid of last year's grass blades, which have frozen and dried out during the winter.

"Removing these old blades makes it easier for new growth to emerge," Professor Payne explains. "It also opens up the lawn for cultivating and reseeding."

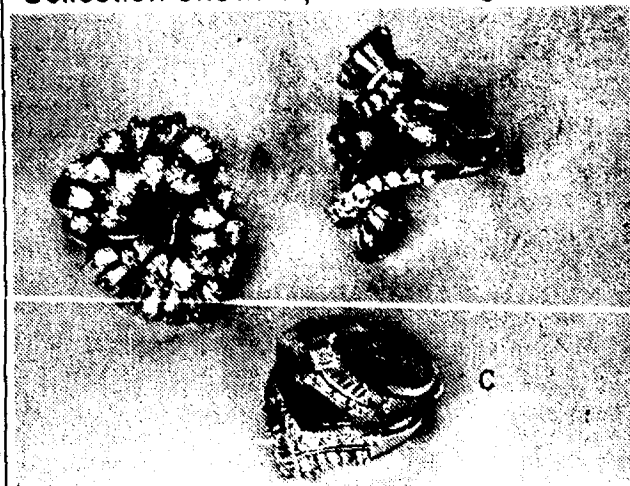

After you've mowed, check the lawn for thatch, Payne advises. Cut a wedge of turf at least two inches deep and examine the cross section. If there is a half-inch thick buildup of tightly intermingled stems and roots between the green vegetation and the soil surface, thatch removal is in order.

"Thatch increases the likelihood of turfgrass disease and insect problems, interferes with the movement of air and water into the soil and generally reduces turf vigor and quality," Professor Payne says. "Remove the

thatch accumulation in the early spring before new growth begins."

Some lawns do not need dethatching every year, he notes. If yours does, rent a dethatching machine. It is easier than working by hand.

## Canada's Laurentians Have Excellent Cuisine

By Janet Mueller  
"No, I won't be here this weekend. I'm going to Canada for a food festival..."

And, when they'd picked themselves up off the floor, where they'd fallen, laughing, the reaction was always the same: "You're spending the weekend at a CANADIAN food festival?"

Let's get one thing straight. I like Canada. Every time my sister asks me up to her cottage at Tobemore, I go. A summer without Stratford, Ont., is no summer at all, and Pointe Pelee is super for bird-watching, and I've had good times, and good meals, in Windsor, and as for Toronto — well, someday, someone is going to come back from a trip to Toronto and say something bad about that city, but it hasn't happened yet.

Toronto is the North American Dream.

But to go to Canada, (with

the exception of Toronto), to EAT... that's like going to the Upper Peninsula to eat, and that, unless you're a freak for pasties, is something you just don't do. (I know there are exceptions to this rule, and I know that someone who knows a superb little restaurant in London or Hamilton is sitting down right now to write me a nasty letter, but I'm speaking in general... and, in general, this is what people from Michigan think about food in Canada.)

However: the Laurentians are French Canada, 50 miles north of Montreal, and wherever I've been that the French have been, from Dakar to Port au Prince, I've eaten very well. So I'm going up to Canada for the 11th Salop Degustation — laugh if you want to, my Michigan friends — because when the chefs of 12 hotels, members of the Laurentian Resorts

Association, propose a menu of 165 different types of food, to be accompanied by 900 bottles of 55 different types of wine from seven countries, I think that's a pretty good proposal.

Would they say come if they didn't think they had something pretty good to offer?

If what they have to offer turns out to be pretty bad... well, there's always the scenery.

There is always the scenery, and that in itself is worth the trip, and the fact that "ici on parle francais" adds an extra fillip to the scenery, for it's fun to be in foreign territory, (don't worry, though: anglais is not exactly an exotic tongue), and the accommodations are excellent.

And the food is superb. The Salon featured basically Continental food, beautifully prepared and displayed, seemingly endless in variety. It was a six-hour banquet, pates to gateaux, and the only problem was not to taste too much of what tasted so good on the plate-of-the-moment, because there'd be another plate to fill. The artichoke salad may be exquisite, but leave room for one stuffed quail's egg. A forkful of terrine de canard a l'orange is enough, when there's escargots to follow, and after that spring lamb, scampis a l'Armagnac, medallions de veau, filet de boeuf en croûte...

And the pastries! I take back everything I've ever said about Canadian food.

In fact, although the chefs concentrated on Continental food for the Salon, French Canadians have a cuisine of their own that combines New World flavors with Old World expertise.

It's maple sugar time in the Laurentians, and here are two recipes courtesy of Marcel Kretz, chef de cuisine at Hotel La Sapiniere, utilizing this typical North American product:

### Slate Annual LWV Lunch

The annual luncheon of the Grosse Pointe League of Women Voters will be held at the Grosse Pointe Hunt Club next Wednesday, April

23, with cocktails available at 11:30 and lunch served promptly at 12:30 so the meeting can begin at 1:15 o'clock.

Joan Jessup will present possible plans and priorities for next year's LWV projects. Reservations, at \$5 per person, should be made by Friday, April 23, with either Joan Dotson, 885-9446, or Joyce Sanders, 882-7838.

Potential members and guests are welcome.

Rose of Sharon Circle of the Daughters of Isabella will present a luncheon and fashion show next Wednesday, April 28, at 12:30 o'clock at Monsignor Vismara Knights of Columbus Hall in Harper Avenue, Harper Woods.

Tickets, (\$2.50 general admission, \$1.50 for Senior Citizens), may be obtained in advance by calling 881-3581 or 884-0551.

### SMOKED HAM, OVENBAKED IN MAPLE SYRUP LAURENTIAN STYLE

1 whole ham, 14 to 16 lbs., (or picnic, ham shoulder butt, cottage roll, according to size of family or party)

1 Tbsp. ground cinnamon  
1 Tbsp. ground cloves  
1 lb. brown sugar  
20 oz. can maple syrup

The ham should be as well-smoked and least salty as you can get. Remove the rind. Cut diagonal gashes across the fat side of the ham in square shapes. Rub with cinnamon and cloves; cover evenly with brown sugar. Put in a roasting pan. Put as much water as maple syrup, (20 oz. can), on the bottom of the pan. Bake for three hours at 350 degrees. Baste often, and make sure the maple syrup won't caramelize by adding a little water from time to time.

Serve with baked beans, (a good spoonful). This replaces any vegetable you might otherwise serve with the meat, although a plain potato goes very well with it. Garnish with sautéed apple slices. Hold back some of the maple syrup and juice combination from the pan, to moisten each serving.

Leftover ham will make tasty pan-fried steaks.

**MAPLE SYRUP PIE**  
1 cup maple syrup  
½ cup water  
2 Tbsp. cornstarch  
3 Tbsp. butter  
½ cup nuts

Your favorite pie crust. Bring the maple syrup and water to a boil. Mix cornstarch with a little water, pour into boiling syrup, mix well and steadily until mixture is nice and smooth. Add butter. Add nuts or not, according to taste.

Pour into a nine-inch pie dish, cover with same pie crust. Make small cuts on top. Bake at 375 degrees from 25 to 30 minutes.

## Shades of Betsy Ross!

MRS. CHARLES BOMMARITO, (left), and MRS. PETER TOCCO admire the flag, hand-knit by Margaret Coyne, which will be presented to one of the ladies attending Saint John Hospital Fontbonne Auxiliary's annual spring fashion show, "Apple Blossom '76," next Thursday, April 29, at Hillcrest Country Club. Tickets for the party, at \$10 each, may be obtained by calling the Fontbonne Office, 881-8200, Extension 545. Proceeds will be used for a new Mammography Unit at Saint John.

### Congregational Ladies to Meet

The Grosse Pointe Congregational Church Women's Association has scheduled group meetings for next Tuesday, April 27, with Group I gathering for luncheon at 12:30 o'clock in the St. Clair Shores home of Mrs. Ralph Bressler.

Mrs. Bressler's co-hostesses will be Mrs. Robert Lake, Mrs. Vern Norris and Mrs. Joseph Dingman. Mrs. Robert Choate will present the program. Mrs. James Ziegenfuss will open her Country Club drive home for a Group II luncheon, also at 12:30 o'clock, with Mrs. Stanley Lindow and Mrs. Neil Gottschall as co-hostesses.

The program, "Piedmont and Olivet," will be presented by Mrs. Frank Seydler and Miss Clarice Wigman.

Group III convenes at 9:15 in the morning in the Allard Avenue home of Mrs. Frederick Rector, whose co-hostesses are Mrs. Ray Jacobs and Mrs. Louis Charvat. A

book review on "That Eaton Woman" will be given by Charlotte Goring.

Transcendental Meditation teacher Germaine Ciesiak will lecture on TM at Group IV's evening meeting at 7:30 o'clock, at the Church. Hostesses are Mrs. Donald Gagen, Mrs. Edmund Fairchild and Mrs. Joseph Maryon.

Group V meets at 9:15 in the morning in the Outer Drive home of Mrs. Peter Robertson, who will "show-and-tell" focus on her loom and spinning wheel. Her co-hostesses are Mrs. Herbert Kohls and Mrs. Dudley Arnold.

### Church Tour for Pettipointe

A tour of some of the most outstanding churches in Detroit, organized by the Detroit Historical Society and including a box luncheon, is the program for Pettipointe Chapter of Quarters Monday, May 3.

Mrs. Gilder Jackson has been elected Pettipointe president for 1976-77. Mrs. Frank Seaver and Mrs. Frank Longo will serve as first and second vice-presidents, respectively.

Mrs. Gordon Sorenson as corresponding secretary, Mrs. William House as recording secretary, Mrs. Neil Hayes as treasurer and Mrs. Henry Cornille as historian.

Several chapter members will be attending Quarters' "Bicentennial" national convention in Philadelphia. Trips to Winterthur and Germantown have been included in the convention plans.

### 'Understudies' Plan Matinee

The "Understudies" of Wayne State University's Hilberry Theatre, Mrs. Wilber M. Brucker, Jr., of Merriweather road, chairman, have planned a May Matinee Theatre Party featuring an

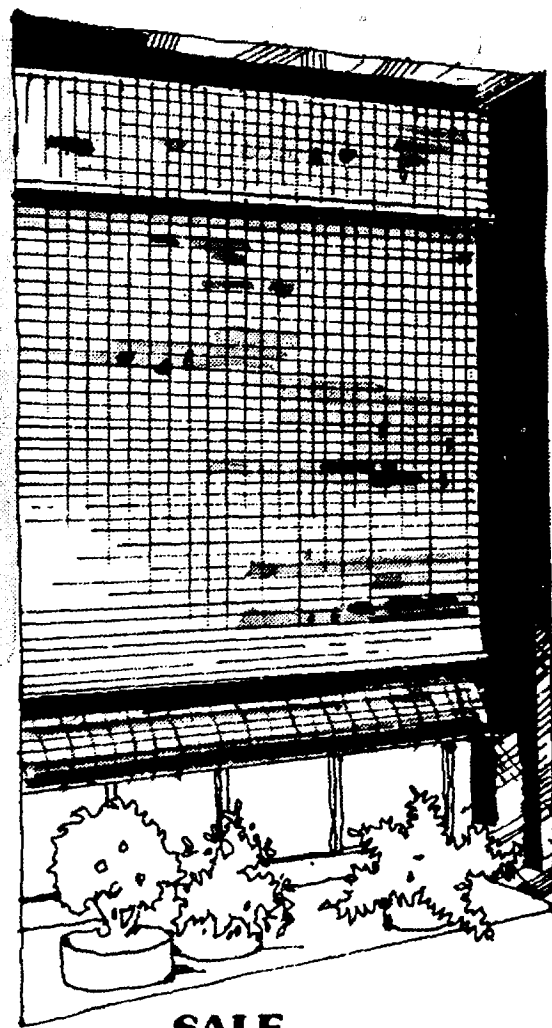

11:30 o'clock subscription luncheon at WSU's McGregor Center and an afternoon performance of "The Miser." The invitational event is scheduled for Wednesday, May 12, with a 1:15 o'clock curtain time.

### Decorating With Sheets Seminar

Jacobson's in The Village has planned an interesting home decorating program Friday, April 23 at 9:30 A.M. Janet Roda, Martex Fashion Coordinator, will conduct a seminar and demonstration of how easy and economical it is to decorate with sheets and a bit of imagination. She will discuss and show how to make pillows, reversible round table cloths, wall coverings, lamp shades, padded head boards, folding screens and many other clever ideas for the new or experienced homemaker, house or apartment dweller. Guests are welcome to the special event in the St. Clair Room.

## Most Fitting Finale For Fine Arts Year

Reprise of "Meet Me In The Lobby" First Presented 35 Years Ago; Is Society's 70th Birthday Present to Itself

Libby and Charlie Davis were a pretty busy pair 35 years ago. They were breaking new ground, turning out an original musical comedy in a style that had never been done before, and when "Meet Me In The Lobby" opened February 27, 1941, at The Players Playhouse in East Jefferson avenue, everyone agreed that Fine Arts Society of Detroit had really come up with something GREAT!

It was so... different. You couldn't call it an operetta. It wasn't a revue. Instead, it utilized a plot, with popular, singable music an integral part of that plot.

Two years later, "Okla-homa" burst on Broadway, its integrated music-and-plot concept revolutionizing the American musical theater.

Fine Arts, remembering "Meet Me In The Lobby," could have predicted it would.

This year, Fine Arts will conclude its 70th anniversary season with a reprise of its 35th anniversary success.

"Meet Me In The Lobby," book and lyrics by Elizabeth Blood Davis, music by Charles S. Davis, Jr., is scheduled for performances Friday, Saturday and Sunday evenings, April 23, 24 and 25, at 8:30 o'clock at The Players Playhouse.

Mr. Davis is back as music director of the current production. Director is Roy Adelberg. Producer is Mrs. William Evans. Choreographer is Suzanne Adelberg. Assistant director is Bonnie Denler.

The cast includes Mr. and Mrs. Charles S. Davis, III, Mr. and Mrs. Donald Bliss, Mr. and Mrs. Michael Buc-

## Ann Malcolm To Say Vows

Plans for an August 5 wedding are being made by Ann Malcolm and Rodney Plotzke, whose engagement has been announced by her parents, Mr. and Mrs. Irvin L. Malcolm, former Oxford road residents who now make their home in Escondido, Calif.

The bride-elect, who was graduated from Grosse Pointe High School and received her Bachelor of Arts degree from the University of Denver, is presently associated with the Joseph Magnin Company in Denver.

Her fiancé, son of the James Plotzkes, of Denver, received his Bachelor of Arts and Bachelor of Science degree from the University of Denver. He works for the Colorado Hospital Association.

The orchestra features Joseph Krecj on the piano, Ed Forrester on bass, Tim Forrester on guitar, Kurt Forrester on drums, Mary Ellison, cello, John Stone, viola, Clifford Carbury, first violin, James Lovat, second violin, Mark Fernandez, third violin, Diana Littlefield, flute, Paul Kelly, trumpet, and Matthew Litwalski, trombone.

Stage manager is Steve Shrader. Martin Linder, Paul Ellison, Don Worley, Paul Koch and Frank van Deventer comprise the stage crew. Costumes were designed and executed by Marie Berthe, Trudie Carey, Sheila Damm, Denise Forrester, Margaret Guerrier, Charlotte Giltner, Grace Hanselman, Pearl Linder, Dottie Lord, Susan McKee, Marianne Schradner, Lorayne Sinclair and Sally van Deventer.

Set design is by Archibald Le Paunchy, lighting by Terry Davis. Properties were collected by Jean Dickinson, Johanna Hoot, Mike and Judy Bucciero and Jean Judge.

Rae Kuhn, Doris Rothgang, Lou Eisenbrey, Johanna Hoot, Bud Pearse, Nita Mikos and Sue Pets are on Mike's Jack Moldovan, Marzelle Van Deusen and Denise Forrester did the program, Elly Bundenen the publicity.

Fine Arts President Diamond T. Phillips will take a few minutes before the curtain rises to welcome the audience, members and their

## They'll 'Meet You in The Lobby'

Fine Arts Society of Detroit celebrates its 70th anniversary this week-end with three performances of "Meet Me In The Lobby," Libby and Charlie Davis' original musical comedy first presented by Fine Arts 35 years ago. Behind-the-scenes principals involved in the 1976 production

are, (back row, left to right), CHARLES S. DAVIS, JR., musical director, BONNIE DENLER, assistant director, ROY ADELBERG, director, (front, left and right), HELEN EVANS, producer, and SUZANNE ADELBERG, choreographer.

## Talk by Rose Expert Slated

Speaker at the Detroit Rose Society's "Celebrity Nite" this year is Lincoln Atkiss, nationally known rosarian from Newton Square, Pa., an exhibitor who has won most of the American Rose Society national trophies and a hy-

bridizer whose new rose will be introduced next year.

Mr. Atkiss will describe his "Adventures with Roses" Friday evening, April 30, at 7:45 o'clock at the Grosse Pointe Congregational Church. The meeting is free and open to the public.

## Let's Talk Real Estate

by John E. Brink

It's finally happened — we're getting scores of calls by people looking for an old beat-up home that they can fix up. It's tough tho' because they are asking for old run-down homes in prime areas! Our next campaign will be to convince these people that all of Grosse Pointe is a prime area.

This is a great step forward. I can remember one home that sat for over a year before it was recognized as a potentially fantastic house. The trouble now is that there actually aren't enough of these bargains to satisfy the insatiable demand. So what's the next step? Where do these frustrated people go if they want a home they can really do things with? We say the bargains are still around but it takes care and study of an experienced eye. This is where Grosse Pointe Real Estate Co. has proven its worth more times than once!

If you're interested in having fun with your next purchase, call the people at G.P.R.E. Co. They have an on-staff designer at your service who will help you plan fantastic things with a home you might like to purchase. No charge — just purchase the house through G.P.R.E. Co. Okay?

## Set American Music Survey

Two concerts devoted to music by American composers will highlight an American Music Survey to be presented by the Detroit Symphony Orchestra during the first week of May.

The survey, a major project of both the University of Michigan and the Orchestra's Bicentennial activities, has been approved as an official project by the City of Detroit Bicentennial Commission. It is supported in part by a grant from the National Endowment for the Arts.

The concerts will be given Thursday and Friday evenings, May 6 and 7, at 8:30 o'clock in WSU's Community Arts Auditorium.

The DSO will be under the direction of guest conductor Lukas Foss, director of the Brooklyn Philharmonia and the Jerusalem (Israel) Symphony. Mr. Foss conducted the first American Music Survey last May.

Guests, including some who were in that "on stage" audience — or "behind-the-scenes" — 35 years ago.

Mr. and Mrs. Richard Law and Mr. and Mrs. William Peattie handled reservations for this weekend's performances. Mr. and Mrs. Harold H. Emmons, Jr., Mr. and Mrs. Arthur W. Goble, Mr. and Mrs. Leslie C. Putnam and Mr. and Mrs. Francis B. Van Deusen are on the reception committee.

Mr. and Mrs. Milton W. Volkens, Mr. and Mrs. Donald Rothgang, Mr. and Mrs. Victor Breidenbach, Mrs. Raymond J. Duffy, Mrs. Thomas Girardy, Hugh Munce and Mr. and Mrs. Peter Rettig will serve as hosts and hostesses.

The lobby display is by Aileen and Ken Kurtz, candid by Joe Maniscalco, rehearsal slides by Lee Corliss.

"Meet Me In The Lobby" was a collaborative effort on the part of the Davises, who worked on the play, mostly from after dinner until mid-

This year's concerts will feature two instrumental soloists. Pianist Leo Smit, professor of Piano and Composition at the State University of New York at Buffalo, will appear May 6, performing Louis Moreau Gottschalk's "Gran Tarantella" and George Gershwin's "Variations on 'I Got Rhythm'."

A composition by Smit will be included on the program, as will works by Charles Ives, William Grant Still and Aaron Copland.

Percussionist Jan Williams, director of the Center for the Creative and Performing Arts at SUNYAB, will be guest soloist May 7, performing the Concerto for Solo Percussion and Orchestra. Foss wrote for him in 1974, on a commission from the Ford Foundation.

Other composers represented on this program are Charles Ives, Ned Rorem and Ray Harris.

He fit the music to it. For the more serious numbers, they sat down and worked everything out together.

Mr. Davis gives his wife full credit for the smart dialogue and trick plot, involving a Judge's daughter who has led a sheltered life, her independent young novelist and his pessimistic, slow-witted but conscientious secretary, all of whom meet in a motel lobby in Reno, Nev.

After twists and turns of mistaken identity, boys get girls, (or girls get boys): Women's Lib may be new, but who gets who has always been recognized as a moot point, and everybody's happy.

That "everybody" includes the audience, who've had a happy time viewing a delightful play, and the performers, principals to chorus members, who've had a ball putting it on.

No doubt about it: Fine Arts is the liveliest septuagenarian in town.

3 bedroom Colonial in Grosse Pointe Woods, lease-purchase agreement. Write Box B-10, Grosse Pointe News.

**OPEN SUNDAY 2 - 5**

**20028 HUNT CLUB.** Four bedroom bungalow with one and one-half car garage for immediate occupancy. This fine home is of brick and aluminum construction with storms and screens, making for comfort and low maintenance costs. The finished natural woodwork inside, and wet plaster walls create a beautiful and sound home. John France hosts this Sunday.

**OR COME SEE US** at WILLIAMS COURT, one block south of Eastland Shopping. Here we have a three bedroom townhouse, air conditioned and has 1st floor lavatory. This apartment has sold well. Fifty-three buyers thus far for fifty-five units tells the story. A salesman will be at 19986 Vernier.

**OPEN SUNDAY 1 - 6**

**HAVE WE GOT CONDOMINIUMS.** In Grosse Pointe Woods and St. Clair Shores you have a choice from fifteen townhouse condominiums! All have either attached garages or carports. These are centrally air conditioned and are available with a multitude of options. See our six model apartments at SHORE-POINTE off Mack between 8 and 9 Mile Roads.

**AVAILABLE BY APPOINTMENT**

**PRICED BELOW** the competition because our owner has already purchased another house and is ready to deal. This colonial has that all important extra first floor room and the competency remodeled kitchen has a breakfast room. Priced realistically at \$43,700.

**IF YOU'RE AN INCURABLE ROMANTIC . . . DREAM OF** a rambling Italian Villa designed by Hugh Keyes on a one and one-half acre sloping site in Grosse Pointe Farms and surrounded by quiet oaks. French doors open to intimate gardens on one side and a long stretch of lawn on the other. Upstairs, the large master suite has a fireplace as do two of the three remaining family bedrooms. All the closets you've dreamed of. Two fireplaces and a sixteen foot high hand-painted ceiling in the living room, and fireplaces in both the dining room and library provide plenty of atmosphere. As a bonus an art deco separate apartment or party room with its own kitchen and outside entrance is all part of the package.

**IN THE WOODBRIDGE** Condominium complex we have a two bedroom townhouse which has just been completely decorated with carpeting and new kitchen appliances. Our owner is moving out of state so has allowed us to place the realistic price of \$39,900 on this like-new apartment.

**DON'T DESPAIR** if you have been searching for a four bedroom colonial with a large family room with fireplace and an attached garage. We can offer you a selection of three such houses to choose from. All are presently under construction and will be ready for occupancy by June. Two of these houses are on a deadend street which leads to the lake, and the third is in the Woods on Oxford Road.

**A PETITE MANSION** which will really turn you on if you like that French country house look. This one has a Mansard roof and circular drive and looks as great inside as it does from the curb of Oxford Road. All the bedrooms have private baths and there is a library and family room, both with fireplaces.

7,397 ACRES — 149 PARCELS  
AVAILABLE IMMEDIATELY  
Owner desires to sell entire real estate holdings which are spread over Michigan in parcels averaging 40 acres each. All of the acreage is listed under the commercial forest reserve act. This means that taxes are only 15 cents per acre!!

Owner will consider land contract. He is also willing to accept a price considerably lower than the actual value. This makes this property an excellent investment which could be immediately put on the open market through a program we already have prepared.

# Pointe Counter Points

By Pat Rousseau

Twiggs, Fun, Young Dresses . . . are in at Walton-Pierce. The look of crisp white pique but really an easy-care blend, comes in two styles. One is a sleeveless V neck embroidered with ladybugs and trimmed with rickrack, the other style is buttoned down the front with gay embroidered posies on the pocket. Another entertaining fashion is white palazzo pants, swingy-wide with a gathered waist, perfect for south and summer parties. Also from the Separates Collection, Gordon of Philadelphia's new sky blue blazer, meant to go with jungle print pants and lots of other fashions, too.

## Pointers of Interest

By Susan McDonald

It all began during the height of the teenage drug scare in The Pointe, with concerned parents getting together with their kids and professionals to try to figure a way to cope with the new and frightening problem of drug usage.

Since then, the Family Life Education Council, (FLEC), has helped hundreds of Pointe kids and parents come to grips with the phenomena of drugs. But it has done more than just that.

As the times have changed, so has FLEC. Part of the secret, in fact, of its 10 years of successful service to The Pointe has been its flexibility.

### Respond to Needs

Dozens of programs have come and gone through FLEC offices throughout the years, originating in response to new needs and problems and, sometimes, discontinuing as those needs change.

A methadone drug withdrawal clinic, "Living with Alcohol," discussions for middle and high school students and human sexuality courses are among FLEC's responses to specific community needs that have gone by the wayside.

Several of their programs, however, have grown into mainstays of social service in The Pointe. The Center Point Crisis Intervention Center, a short-term, drop-in center for youth, a Medical Clinic, Dialogue, an adult hotline, an Education and Speakers Bureau and an Alcohol Education program continue to serve hundreds of Pointers in times of trouble.

The whole operation costs about \$50,000 a year to run. That includes salaries for only six employees. The rest of the workers, 105 of them, work without pay.

### No Funding

FLEC receives no Federal or State aid and very little support from the local city fathers. A \$10,000 grant from the Grosse Pointe Rotary Club provided a healthy start for the drug abuse program back in 1969 but from there on the organization has had to depend entirely on donations out of the pockets of Pointers.

That is, until next week when FLEC will sponsor its first fund-raiser with the premier of Grosse Pointe Children's Theater's spring musical, "The Sound of Music," on Thursday, April 29, at the War Memorial's Fries Auditorium.

The 8 p.m. performance will be preceded by an Italian chicken dinner at 6:45 in a Crystal Ballroom all decorated for spring. Theater tickets, which will be available at the door, are \$5. Combination dinner and theater tickets are \$12.50 and may be purchased before Tuesday, April 27, by sending a check, made out to FLEC, to Mrs. Robert Wright, Box 5112, Grosse Pointe, 48236.

Grosse Pointe Children's Theater will donate all the proceeds of its opening night

performance to FLEC coffers. It might be considered by the group, all kids ages Six-18, to be a wise investment in their own future.

### Offers Experience

Founded and directed by Mrs. Sally Reynolds, the theater is geared to give youth the broadest possible experience in the dramatic arts. To that end, three separate casts divide up each performance, giving each child a chance on stage.

Lead players in "The Sound of Music" cast include Sue Brammer, Sue Keegan and Martha Terry as Maria; Chip Gibson, Jerry Michaels and David Ludwig as Captain Von Trapp; Terri Turpin and Diane Millenbach as Elsa; Tom Wisely and Terry Berg as Max; Charlotte Parks, Sharon Fihany and Dawn Caputo as Reverend Mother; Laura Bentley, Grace Piku and Mary Helen Berg as Liesel; Terry Berg, Bob Keegan and Tom Wisely as Rolfe.

The children will be played by Tom McCarren, Suzy Kappaz, Matt Seely, Jeannette Bentley, Laura Stanczyk, Heather Cross, Leo Babcock, Ellen Alpert, Jerry Chamberlin, Lisa Keegan, Katie Mercier, Toni Borrow, John Wise, Robin Lees, Andy Vogel, Amy Dietz, Denise Guevara and Tina Burrow.

Musical director is Mrs. John Mazer and choral director is Nick Kappaz.

Other performances of "Sound of Music" besides the FLEC benefit, will be Friday, April 30, at 8 p.m.; Saturday, May 1, at 1 p.m. and 7 p.m.; Friday, May 7, at 7 p.m.; and Saturday, May 8, at 1 and 7 p.m.

### Benefit a First

The benefit is a first for FLEC, as well as for its two co-chairmen, Mrs. Robert A. Wright, Jr., of Blairmoor road, and Mrs. Marilyn Beckenhauer, of Danbury lane. It's the first plunge for both of them into the world of charity benefits.

Mrs. Beckenhauer became involved with FLEC through her mother, FLEC president Mary Evelyn Self. "She thought it would be beneficial for me to get out of the house and involve myself in something," Mrs. Beckenhauer explains. It was a good idea, but along with taking care of her three daughters, ages nine, eight and five, the work has been quite a handful.

All the activity is good preparation, though, as Mrs. Beckenhauer plans to return to her studies full time this fall when her youngest daughter enters first grade. Before she married, she attended Virginia Intermount College, studying fine arts, and then worked as a freelance model in local fashion shows.

Her interests have changed, however, and this time around she'll study interior design at Wayne State University, and hopefully still find time to squeeze in her mandatory round of tennis each day.

The FLEC benefit co-chairmanship is a first adventure of its kind for Mrs. Robert Wright, Jr., too. She is thoroughly familiar with FLEC operations, though. Since her youngest child went into first grade four years ago, and she "almost went nuts with boredom," Mrs. Wright has been volunteering her time every week to help out in FLEC offices.

### Plays Broom Ball

Besides that she busies herself taking care of two sons and two daughters, all between the ages of nine and 15, and her newest occupation — broom ball, or ice hockey for moms.

Her sons and husband, ice hockey nuts themselves, insisted she get involved, and, sure enough, Mrs. Wright was on the roster for the Grosse Pointe Mothers' "Sweeping Beauties" game against the St. Clair Shores "Sweepers" in early April. Broom ball, by the way, is played on ice, (but no skates), with hard balls and brooms with the same rules as regular ice hockey.

Assisting the co-chairmen, as patron ticket chairman, is Mrs. Cleveland Thurber, Jr., whose years of volunteer work in The Pointe have made her an old hand at such things as patron lists, invitations and party preparations.

Mrs. Thurber, who has lived in The Pointe since she was a child, began her volunteer career at 14 years old, working with Sigma Gamma at their Mount Clemens clinic.

During the war she became a part of the Red Cross nurse brigade and since then has labored with the Junior League on the decorator showhouses, as historian for the Colonial Dames, on the Dames' Whitty Hall restoration project and the Detroit Artist Market.

She's been involved in countless benefits and considers her current preoccupation to be one of the finest causes around.

As one FLEC worker put it, "If just the parents and kids who have been personally helped at one point in time through our offices show up to give their support at the benefit, we'd have a full house."

That, after all, should be the least FLEC can expect.

### Meeting at Marygrove For Musician's League

The Detroit Musicians League will meet next Tuesday morning, April 27, at 10 o'clock in Madame Cadillac Hall on the Marygrove College campus, for a lecture-recital by Flavio Varani, concert pianist and teacher at Oakland University, on "Impressionism — Technical and Musical Approach."

Among four Alma College juniors who tied to receive President's Cup for the best academic records in their classes is Grosse Pointe South High School graduate MARTHA DASEF, daughter of the J. THOMAS DASEFS, of Bedford road. Martha was also a President's Cup recipient in her freshman and sophomore years.

## Short and to The Pointe

(Continued from Page 17) Among members of the Wayne State University Faculty Wives Club who recently viewed the Pharmacy Museum, set up exactly like a pharmacy from the Gay Nineties, in the lobby of WSU's College of Pharmacy and Allied Health Professions was MRS. PAUL RUBLE, of East Jefferson avenue.

Grosse Pointe South High School graduate JOHN LUDWIG, of Rivard boulevard, has been elected to Phi Beta Kappa at the University of Wisconsin.

FRANK H. MUSTAZZA, son of the FRANK MUSTAZAS, of Hollywood avenue, has been elected president of Sigma Phi Epsilon fraternity at Baldwin-Wallace College, Berea, O., where he is a junior Business major. Frank previously served as Alumni chairman, Golden Hearts chairman and captain of Sigma Phi Epsilon.

Among 252 candidates for Bachelors degrees participating in Alma College's 89th year commencement April 17 are THOMAS W. BAUMGARTEN, who majored in Physics and is a candidate for the Bachelor of Science degree, son of DR. and MRS. THOMAS W. BAUMGARTEN, of North Deepwells road; DONNA S. GRUNEWALD, a music major, candidate for the Bachelor of Music degree, daughter of the CARSON GRUNEWALDS, of Lakeland avenue; and GAIL M. SATTLER, who majored in Biology and is a candidate for the Bachelor of Science degree, daughter of the ROBERT I. SATTLERS, of Oxford road.

## Nature Is Theme for Symphony Concert

Detroit Symphony Orchestra Music Director Aldo Ceccato will be on the podium for his final Ford Auditorium concerts of the 1975-76 season this Thursday, Friday and Saturday, April 22, 23 and 24.

The all-orchestral program, which runs from the mountains to the ocean, consists of two works: the Detroit premier of Richard Strauss' 50-minute "Alpine Symphony," (Eine Alpensinfonie), and Claude Debussy's "The Sea," (La Mer).

Thursday and Saturday evenings' concerts begin at 8:30 o'clock, Friday morning's program, an NBD Coffee Concert presented in cooperation with National Bank of Detroit, at 10:45, with doors opening at 9:30 for complimentary coffee, and a fashion show from Alvin's at 10:15 o'clock.

The three concerts were to have been the DSO's last in Ford Auditorium this season, but two more sets have been scheduled, (for April 29, May 1 and 2, and May 28 and 29), as part of a series of make-up concerts.

Aldo Ceccato has conducted the DSO in 13 weeks of concerts during the 1975-76 season, at the same time continuing his highly successful guest appearances all over the world.

Last February and March he was praised in Madrid, Milan and Rome. After this week's concerts he returns to Europe to complete preparations for his debut with the Berlin Philharmonic at the end of this month, then goes to Hamburg for more performances of the Götter Friederich production of "Così fan tutte," (he conducted its premier last November).

Later in May, he conducts two concerts at the 1976 Vienna Festival, (Wiener Festwochen 1976), and in June flies to the West Coast to conduct the San Francisco Symphony, before returning to Detroit to open the Meadow Brook Music Festival June 24.

"An Alpine Symphony" dates from the years 1911 to 1915. It requires one of the largest orchestras ever assembled, including a heckelphone, 20 horns, (12 of them offstage), six trumpets, (two offstage), six trombones, (two offstage), six tubas, a pipe organ, wind machine, thunder machine and cowbells, in addition to the more normal array of instruments.

Debussy's "The Sea" (1903-5) uses only a regular-sized orchestra, but paints its nature picture with a skill equal to Strauss', and probably greater ultimate success.

Group discounts for Friday morning's NBD Coffee Concert are available at 100 NBD branches. SEMTA buses provide round-trip transportation from many suburban locations.

Tickets for all three concerts are available at Ford Auditorium Box Office, 961-0700, all Hudson's and Montgomery Ward ticket outlets. A limited number of senior citizens at \$1.75 is available at the Box Office from 7:30 o'clock Thursday and Saturday nights.

## From Another Pointe of View

(Continued from Page 17) at the first Michigan Arts Award ceremonies in Lansing.

At 15, Eleanor Clay was giving dancing lessons at Franklin Settlement to children of foreign-born families. It was the start of a life-long participatory commitment during which countless civic and social organizations, small through such "biggies" as the Detroit Symphony and Detroit Institute of Arts, have benefitted from her support, both as a philanthropist and an informed patron.

Yesterday, the Michigan Foundation for the Arts said "thank you," conferring its first Michigan Patron of the Arts tile, a specially-designed Pewabic pottery piece, on Michigan's First Lady of the Arts.

### Sacred Heart Alumnae Meeting

Moving up Lakeshore road . . . you come to the home of Mrs. Peter Van Osdol, who will open her doors to the Grosse Pointe Alumnae of the Sacred Heart next Thursday afternoon.

Dessert and the election of a nominating committee are on the agenda for this spring tea and meeting. Mrs. William L. Hurley, 882-0763, and Mrs. Robert Grambo, 882-2691, are taking acceptances.

### Award For 'Geomorphic' Watercolor

Moving farther up . . . Lakeshore road becomes East Jefferson avenue, and it's here that Louise (Mrs. Marco) Nobili lives.

Louise is an artist of repute, her "Geomorphic" on display now at the Detroit Institute of Arts in the Michigan Water Color Society's 30th annual exhibition, where it captured top honors: a Michigan Water Color Society \$300 award.

The competition attracted nearly 400 entries from current and former Michigan residents who work in water-based media on paper.

### An Inland 'Pour'

Moving back and inland now . . . a short ways up from Lakeshore, on one of Grosse Pointe's most gracious roads, Vendome, Mrs. Thomas F. Morrow lives in one of Grosse Pointe's most gracious homes.

Among the friends Thirza Morrow has asked to pour at the Christ Church Fair Collector's Corner donation tea she's hosting next Wednesday afternoon are Mrs. Ralph T. McElvenny, Mrs. Robert McGregor, Mrs. Herbert I. Lord, Mrs. Robert H. Kanzler, Mrs. Crouse Eaton and Mrs. Simpson Leonard.
