## Students Cited in Language Competition

Grosse Pointe Public High Schools were well represented in State-wide German language competition recently sponsored by the American Association of Teachers of German. Prize winners receiving books from the Detroit German Consulate are, front row, (from left to right),

LISA KLINE, DEBBIE ADAM, HEIDI AMEN and MEGAN GORMLEY and, back row, (from left to right), PETER SCHMIDT, REINHARDT MOTTE and PAUL ENGSTROM. Miss Adam is a North High student. The rest of the winners are students of Grace VanderSchaaf at South High.

## Jaycees Look Forward to Circus at SHS

Event, Scheduled for June 7, Is One of Several Activities in Group's Busy Schedule; Plans Also Being Made for Citizens to Attend Miss Michigan Pageant

By Roger A. Waha

Activity on the Grosse Pointe Jaycee front is currently at a feverish pace. Besides making final preparations for the 1976 edition of the International All-Star Circus, the organization is making plans for a local contingent to visit Muskegon for the Miss Michigan Pageant in which Marcia Sweany, 18, Miss Grosse Pointe for 1975-76, will be competing.

At the same time, the Jaycees and the Jaycee Auxiliary installed new officers for one-year terms at the group's annual Awards Banquet and Wives' Appreciation Dinner Thursday, May 27, at the Bayview Yacht Club.

The circus, out of Sarasota, Fla., will be presented Monday, June 7, in South High School's gym beginning at 7:30 p.m. This appearance is sponsored by the Jaycees as a fund raising and public service project, with monies scheduled to go towards helping retarded children and the burn institute, Ann Arbor.

First for Area Project co-chairmen Jim Ferriole and Ed Serwach both expressed excitement over the venture, while indicating this was the first time a circus has been sponsored in the community.

The event is scheduled to feature, Raisin and Siri, the youngest performing chimpanzees in show business, Targa the Leopard and Popcorn and Butter, billed as "the craziest clowns in circus."

Both chairmen said the group was contacted late last year by a promoter, who expressed interest in having a circus in the area and having the Jaycees sponsor it.

As it turned out, some 30 students from North and South were hired by the promoter to man telephones for \$2 an hour, said Mr. Serwach. For around five weeks they called individuals and businesses in the community in a ticket-selling effort.

As a result, an estimated \$20,800 in tickets has been sold. Many of the tickets were \$7.50 sponsor tickets wherein an individual, who declined to attend the circus, could sponsor six youngsters.

Helping Children Mr. Serwach said sponsors have provided tickets for many children, including those of the Foundation for Exceptional Children, Cub Scouts, Blue Birds and youngsters physically and mentally handicapped. "George Blair, (a police sergeant), in The (Continued on Page 2)

## Discussion Set On Millage Vote

All members of the community are invited to a public discussion of the four school and library millage proposals that will go before voters on Monday, June 14. The meeting will be held this evening, June 3, at 8 p.m. in the Parcels Middle School Auditorium, 20600 Mack avenue.

## FLEC's 'Help-Line' Has 2nd Birthday Celebration

Dialogue, the adult "help-line" sponsored by the Family Life Education Council, (FLEC), was started in April 1974. It's now celebrating its second birthday.

This "help-line" is for people who want help but don't know where to turn. Trained volunteers offer a "listening ear" plus information and referrals on family problems with all inquiries being confidential.

Dialogue listeners are paraprofessionals trained in active listening skills which require them to temporarily "forget" their own attitudes, opinions and experiences and

## New Group To Oversee Projects

Unlike Most, Seven Members Will Make Up Commission Authorized by Voters Last November

By Susan McDonald

The Grosse Pointe City Council has joined the other four Pointes in authorizing a formal planning arm to its political body to cope with the problems of crowding and age that beset the community.

The seven-member City Planning Commission was officially constituted on Tuesday, June 1, but was authorized by voters on a November 4, 1975, special ballot.

Members of the commission will be the mayor and six councilmen—an organization unique to the suburban Detroit area, according to City Planning Consultant Brandon Rogers. Most planning commissions, organized under State Act 285 of the municipal code, consist of nine members, including at least three from the community at large.

"The City commission is 'unique but perfectly legal under Act 285,' according to Mr. Rogers, 'and it is more than adequate for The City's needs.'"

Extend Powers Formation of the commission will extend the administration's powers to shape the development of housing, roads, ways and park facilities and will make it possible for the first time for The City to adopt a State-registered master plan.

Among the powers vested in the commission will be oversight approval of all subdivision plat roadway systems, which will mainly effect Jefferson avenue estate developments, and approval power over all building by other government agencies.

The council, as presently constituted, exerts a limited influence on housing and general development through various city building codes and site plan review ordinances. This has been a very effective means of maintaining architectural continuity. (Continued on Page 2)

## Rose Terrace Auction Slated

Large emeralds, a profusion of diamonds, a great pearl and other noteworthy gems will be among the more than half a million dollars in jewelry to be sold at the Rose Terrace auction, Saturday, June 5, according to Stalker and Boos, Inc., auctioneers.

A 17.5 carat emerald brooch plus a 12 carat diamond brooch will be sold, along with an 11.75 carat emerald ring. Another 7.5 carat diamond ring will be on the auction block, too.

A 16 carat, (total weight), pair of ear clips also will face bidders.

These gems, and more, plus articles from other estates will be sold at the auction scheduled to run Saturday-Wednesday, June 5-9, at the Dodge Mansion.

Artifacts from the mansion itself also will be sold. Called a "walk-through auction," bidders will be allowed to buy the actual paneling, marble, floor tiles, glass, draperies, door knobs, chandeliers, elevators and doors that make up Rose Terrace.

A two day exhibition of articles to be auctioned begins today, June 3, and runs from 2-8 p.m. On Friday, June 4, the exhibition is slated from 11 a.m. - 5 p.m.

There will be an admission charge of \$2 per person for the preview, or the purchase of a catalogue will admit two persons.

Admission to the auction by catalogue only, (each catalogue admits two persons), is \$8. For further information, call Stalker and Boos, Inc., at 646-4580.

## Probation Given for Art Thefts

Defendant Also Issued Court Costs of \$580 in Double Art Robbery of Simon Home

Detroit Donald Fromm, 23, was given two years probation and issued court costs of \$580 at his recent Wayne County Circuit Court sentencing before Judge Robert J. Colombo for the double art robbery at the George Simon home in Vendome road last year.

Fromm, who at one time lived with the Simon family, had pled guilty to the thefts. The first robbery took place the night of November 18, when 11 paintings valued at \$120,000 were stolen from the Simon home. Entrance was made through unlocked French doors on the ground floor. The paintings were stolen while Mr. and Mrs. Simon, and eight of their 10 children, were sleeping upstairs.

Returns Again Working on an anonymous tip, Farms Dets. Earl Field and Joseph Miller recovered the paintings on December 11. They were found hidden in a trash container behind "Uncle John's Restaurant" in Kelly road, East Detroit.

Hours after the paintings were recovered, a bizarre chapter was added to the art thefts when Fromm burglarized the Simon home again. In the second theft, paintings valued at \$5,850 were taken while the family slept.

After an extensive police investigation, Fromm confessed to the two thefts, and all the paintings were recovered.

## Two Green Automobiles Prove Keys to Confusion

By George Polgar Jr.

Members of an extended family come together for the funeral of a relative. In the parking lot of the funeral home, Mr. A wants to transfer the luggage of his out-of-town brother-in-law, Mr. B, into the trunk of brother C's green 1970 LTD. Mr. A goes inside to get the keys and on returning to the parking lot, spots the green 1970 LTD. Using the key given to him by brother C, Mr. A opens the trunk and deposits the luggage.

Later that same evening it turns out that Mr. A spotted the wrong green 1970 LTD, and deposited the luggage

## YSD Officers Express Concern over Certain Pranks at High Schools

Dets. Fagan and Baum Urge Restraint on Part of Students to Avoid Vandalism, Plus Activities Which Could Result in Injuries

By Roger A. Waha

What are commonly known as "senior pranks," although the commission of such activities isn't limited to seniors, are in full force at both South and North High Schools. While some are reasonably harmless and in the spirit of good fun, others have proven dangerous and have caused concern to officers of the Youth Service Division, (YSD).

Last week, for instance, YSD Dets. Patrick Fagan and Donald Schmalz, South District, and Dets. Wayne Baum and Stuart Gerow, North District, spent many hours at the schools and had their hands full with a variety of pranks.

The activities have ranged from such a dangerous exercise as having two motorcyclists race through a South hallway to such lighthearted actions as a water-balloon fight on South's front lawn or the release of around 10 chickens in a North hallway.

Dangerous Practice On the South side, Det. Fagan questions the use of the word "tradition" as a springboard for such actions as "power shows" wherein youths drag race on thoroughfares near the school. This is one of several problems which law enforcement officials have been facing.

This is a dangerous practice because a car could lose control and strike students along the curb line, stated Det. Fagan. "It's been difficult getting this point across to them. We patrol Grosse Pointe boulevard throughout the school day, which helps curtail such activity."

Just as disturbing were the pair of cyclists who zipped through the hallway, (another went across the front lawn), which, Det. Fagan said, was

lined with people. While noting they drove at speeds of between 35-40 miles per hour, the implication of potential tragedy fused with anger was apparent in his voice.

The trio, who were all apprehended, were not criminally charged although each received suspensions from the school, he said.

Other potentially dangerous activities cited by the detective include the use of fireworks and smoke bombs in the hallways.

On the other hand, the water balloon fight transpired during the lunch hour and no one bothered the students. This type of activity, along with a front lawn shaving cream fight, are generally harmless and the chance for injury is minimal.

In fact, while another incident where a pair of male streakers dashed across the front lawn is bothersome, there's less of a chance of (Continued on Page 4)

## Campaign Goal Near For Center

Officials Hope Rose Terrace Benefit Supper, Tour Will Put War Memorial over Objective

While slightly behind in achieving its goal of \$135,000 by Memorial Day, May 31, Center officials expect to reach this objective within the next few days as part of the War Memorial's Annual Family Participation Campaign.

As of Tuesday morning, June 1, a total of \$128,142.11 had been received from 5,951 contributors. At the same time last year, \$126,631 was received from 6,012 donors, according to John Lake, executive director of the War Memorial.

He expressed his hope that monies received from the Benefit Supper and Tour in Rose Terrace, held Wednesday evening, June 2, would bring the campaign to the \$135,000 figure.

Will Continue

The funds are needed to complete the budget so the Center can continue to operate without cutting activities in the new fiscal year, which starts at the end of July. Mr. Lake indicated the campaign will continue until the goal is reached.

All Pointers who haven't sent in their annual donations are urged to do so towards helping make up the one-third portion of the maintenance and operating budget which the Center doesn't earn itself, officials report.

They emphasize the building and grounds cost Pointers nothing, no tax monies are taken, the Center is two-thirds self-supporting and is a solid plus value to area living.

## Correction

Last week's story, "JC Auxiliary Plans Auction," indicated the group was holding an art exhibit and auction on Wednesday, June 7, at the Gabriel Richard Knights of Columbus Hall, 18000 East Warren, Detroit, beginning with refreshments and previews from 7:30-8:30 p.m.

The correct day was published but not the date, which should have read Wednesday, June 2.

## Gives His Plea In Cycle Death

James Howard, of Charest street, Detroit, pled "no contest" to charges in the April 10, hit-and-run death of Steve Salkowski, 10, of Harvard road.

Appearing before Wayne County Circuit Court Judge Joseph Sullivan on Tuesday, May 25, Howard pled nolo contendere in the use of a motor vehicle on public property that resulted in death and injury.

Steve was killed instantly and Billy Trombley, 12, of Washington road, and Jamie Burke, 11, of Muir road, were injured as they were struck from behind as they rode their bikes single file along Lakeshore road.

Howard faces possible incarceration in a county or municipal jail for not less than 30 days, nor more than one year, or jailing in a state prison of not less than one year nor more than five years. A fine of not less than \$100 nor more than \$5,000 also can be assessed.

He will be sentenced on August 3.

It's called the Hathaway Golf Classic. Jack Nicklaus wears it for a lot of good reasons. The comfort is playing comfort, not just clubhouse comfort; full in the sleeve for a free unhampered swing; nothing to bind or chafe; nothing to take your mind off the game. The fabric is what you need when things get hot and sticky: a fine 100% mercerized cotton lisle; it breathes and absorbs. It even works in the wash: basin, machine or commercial laundry. No wonder Jack Nicklaus wears it!

## Board Candidates Air Views on Issues

By Susan McDonald

Pointers will have a wide range of candidates to consider in the Monday, June 14, elections to fill two Board of Education positions. The candidates' ages range from 18-year-old Michael Echlin to John Schonenberg, 61, and their viewpoints represent a wide range of experiences.

Others running for the two posts are incumbent Board president Joan Hanpeter, William Fleming, Susan Hopkins, Paul McCarthy, John R. Kirkpatrick and Aphrodite Roumell.

Voters will have a chance to question all eight candidates at a public forum, jointly sponsored by the League of Women Voters and the American Association of University Women, on Tuesday, June 8, in South High School, room 137, at 8 p.m.

Candidates will be asked to speak about their qualifications for the Board position and the needs of the public school system, as well as answer questions from the audience. A voters guide also will be available at the forum or at the public library.

Most of the candidates feel that community-Board relations are one of the major issues of this campaign.

Mrs. Roumell agrees that the Board's relationship with the community could be improved.

"I'm not satisfied with the attitude of the community towards education in general here and would like to improve the educational climate if I could. Good relations with parents are vital if The Pointe is to have a superior school system."

Mrs. Roumell, who has taught French and Spanish at North High, is a graduate of the Boston University College of Liberal Arts and has done advanced work at Central Michigan, Michigan State, Wayne State and Michigan Universities. Besides The Pointe, she taught in the Long Island and Warren School Systems.

Her community activities include work with the Girl Scouts, PTO Council, South

High Mothers' Club and Grosse Pointe Citizens for Education.

She has two daughters, one a South High grad and another who will graduate this fall.

A North High class of 1971 graduate, Susan Hopkins, also shares Mrs. Roumell's concern about Board-community relations.

"School Board members should make a point of interacting with parents and students, by attending all the school activities they can," she said.

Miss Hopkins, who is manager of the Livonia Michigan Bell Telephone Employee Cafeteria, employed by Service Systems Corp., is a member of the American Association of University Women, Oakland University Alumni Association, War Memorial and the Hope Lutheran Church.

As a former co-op student, Miss Hopkins feels that business education and career guidance is important for students.

"I'm in a good position for the Board spot because of my age, (23-years-old). I

## Bob-Low Prexy Has Close Call

The president of the Island of Bob-Lo, Grosse Pointe City Councilman Lorenzo D. Browning, had a close call recently when his car and he slipped off a barge into the Detroit River on its way to the island.

He successfully escaped the 42-degree river water by climbing out a window and standing on the top of his sinking vehicle. He was rescued by a passing motor boat. His car is a total loss.

Mr. Browning said he has been making the ferry trip almost daily since 1949 and was quite embarrassed about the incident.

"All those years we have gone without an accident on that barge, and I had to be the dummy to forget to put his emergency brake on," he said.

The City Council took note of the mishap at its Monday, May 24, meeting by presenting the councilman with a plastic inner tube—to signify their continuing support.

**Concern over Pranks**

(Continued from Page 1) someone getting hurt in comparison to the "power shows" and cycle shenanigans.

For his part, Det. Fagan doesn't care for the term "senior pranks" but prefers, rather, "school pranks" because of the participation of other classmates.

"As long as such activities aren't destructive or dangerous, I imagine there's a place for them. And I'm not condemning the senior class, because others participate too," he said.

Because the end of the school year draws near, "This doesn't give a person the right to damage a school or endanger the lives of people," he emphasized, while adding, "It isn't mandatory to have such pranks."

Pleased with Restraint Over at North, Det. Baum said, "Overall, I'm very pleased with the restraint shown by the seniors at North High. We've had some problems, (e.g. the insertion of plastic tooth picks and epoxy glue in several door locks), but these activities haven't been well organized."

The "chicken incident" featured the release of the cacklers on the second floor and their apprehension by the detective and some students. They were ultimately

killed and distributed with the detective ending up with one for his barbecue spit.

Other pranks included placing some lawn furniture in a hallway between the cafeteria and the main building and the erection of a dummy with a bottle of beer and a golf bag for garnishes.

The door lock incident was costly, however, as several locks were victimized on all floors. The cores on some were damaged and some glass in various doors had to be broken out to gain entry. Some of the cores were removed and solvent applied to clean the locks, so they all didn't have to be replaced.

**Keep Damages Down**  
The estimated cost in damages from this "prank," including clean-up, materials and man hours, was placed at around \$346.50. Det. Baum said he's attempting to locate the culprits, who will either pay restitution or be prosecuted.

"I hope the seniors will continue with the mature theme they've shown us already," he said. "If they keep damages down, no one will deny them a good time."

Final exams, which are on the horizon, may provide a breather in this respect and, hopefully, by commencement time, (Wednesday, June 9, for South and Thursday, June 10, for North), such activity will vanish into oblivion.

**JC Auxiliary Sets Carnival**

A Children's Carnival for Muscular Dystrophy has been scheduled by the Grosse Pointe Jaycee Auxiliary for Saturday, June 5, from 10 a.m.-12 noon at the Saint Paul Lutheran Church parking lot, Chalfonte avenue and Lothrop road.

Mothers and their children will be running 10 different game booths, and there will be popcorn, pop stands and lots of prizes for all. The admission is five cents and games will be offered at five and 10 cents.

All proceeds will go towards the fight against muscular dystrophy.

For further information, call Marilyn Ruh at 882-8284.

**Plan Parties For '76 Grads**

Public high school careers for 1,129 Pointers will come to an end next week and parents from both schools are planning the traditional all-night parties to help them celebrate.

South's Mother's Club has arranged to hold a "Yesterday and Today" party at the War Memorial from 10:30 p.m.-2 a.m. on Wednesday, June 9, after commencement exercises.

Tickets are \$2 in advance and \$2.50 at the door. There will be music by the Suite Fury band, food and entertainment.

The chairman of the South committee is Mrs. James Williams. She is assisted by co-chairmen Mrs. Robert Chapelle and Mrs. Richard Speer. Mrs. Tom Peters is in charge of decorations, Mrs. Joseph Greiner, ticket sales, Mrs. John Ault, prizes, and seniors Cindy Beck and Kent Severson, publicity.

The South committee is asking for donations from senior parents to help defray party costs. Checks may be mailed to Mrs. Williams, 306 Mount Vernon road, Grosse Pointe Farms.

The North seniors' party also will follow commencement on Thursday, June 10, from midnight-5 a.m. at the North cafeteria and gym.

**Gets 3½-10 In R/A Case**

A New Haven, Mich., man who was found guilty by a Wayne County Circuit Court jury of armed robbery in March, received from three and a half to 10 years in prison, reported Woods police.

Leonard Allen Miron was sentenced to this term before Judge Richard Dunn on Wednesday, May 12.

Miron, along with two other men, was reportedly involved in an incident wherein a Woods man was beaten and robbed of his wallet last fall.

One of the men, Daniel John Liberty, of Hazel Park, also was found guilty of armed robbery after a March jury trial. Police said he's scheduled for sentencing on Wednesday, June 9.

The other man, Lonnie Dale Snell, of Hazel Park, was originally charged with armed robbery but ultimately pled guilty to a reduced charge of assault with intent to rob, being armed.

He was sentenced to from one and a half to five years in prison. However, police noted, after a check with prison authorities, he was serving his sentence in Camp Ojibway near Ironwood, Mich.

**Birthday for Dialogue**

(Continued from Page 1) problem-solving methods.

The world is full of places that will put people on "hold," reports FLEC, which adds, "We are not a society that gives each other time. Generally, parents who are having difficulty coping with the frustration of family problems are often anxious for help and few are aware of community resources."

Annette U. Rickel, Ph.D., stated, "People are trained for most jobs they undertake in life, but they get no training for parenthood."

For example: The voice on the other end of the line was young and kind of shaky. The caller was a young mother with two pre-school aged boys who were causing her problems. Mostly, she just wanted to talk—about how she felt and about the frustration of being inside all winter with two small boys.

The Dialogue volunteer listened with undivided attention to what the young mother had to say. Just talking it over made her feel better. This young mother found an anonymous listener as close as her phone because she knew where to call.

After two years of phone service to the community, the 35 Dialogue listeners have answered several hundred calls. A summer training

session is to begin soon for new recruits.

Any person interested in participating in the training and volunteering two hours per week on the telephone should call the Dialogue office at 881-0270 for more information.

"Often family problems can be too personal or even too embarrassing to discuss with close friends — people want to help but do not know where or to whom to turn. In some small way, Dialogue is hopefully filling this need and helping to create a better community, mental health-wise," adds the organization.

## Youth Caught With Evidence

A 16-year-old Detroit youth, who has had extensive contacts with the Detroit Police Department's Fifth Precinct Youth Bureau, was arrested and charged with receiving and concealing stolen property by Woods police Friday afternoon, May 21.

The Youth Service Division filed a petition on the youth with the Wayne County Juvenile Court last week on the aforementioned charge. He's allegedly involved in taking four hubcaps off an auto parked in the lot near Saint John Hospital.

While cruising through the lot, Officer Jack Treppa was stopped by a hospital security guard, who said he had a report from a witness that a man took the hubcaps from an auto parked at the rear of the building.

The suspected vehicle, which was starting to leave the area, was stopped by two security guards and four hubcaps were removed from the rear floor.

They said the witness told them the juvenile passenger was the person who took the hubcaps. She didn't give her name nor did she want to become involved.

Meanwhile, Officer James Fowler checked the lot for a vehicle minus its hubcaps and discovered an auto in that condition with pry marks, plus other signs the caps were recently removed.

The driver of the wanted vehicle, a 32-year-old Detroit man, told police he went to visit a friend in the hospital and, upon learning he was discharged, returned to discover that the juvenile had moved the car from where it was parked. He claimed he had no knowledge of the incident, and was subsequently not charged.

Police said the juvenile stated the hubcaps belonged to his brother, who had the caps stolen off his car.

A check with the Fifth Precinct revealed that Detroit authorities had 11 contacts with the juvenile including two for armed robbery, one robbery unarmed and two for felonious assault, including one which involved a stabbing.

The suspect was taken to the Wayne County Youth Home after his apprehension.

## Pair Sentenced For Bike Theft

Two Detroiters were sentenced to the Detroit House of Correction, (DeHoCo), after pleading guilty to possession of stolen property, i.e., a bicycle, last month, reported Woods police.

Raymond Thacker, 17, and John Zacchi, 22, each pled to the charge at their Wednesday, May 19, arraignment before Woods Municipal Judge J. Patrick Denis. Thacker was sentenced to 60 days in DeHoCo, while Zacchi received a 30-day sentence.

They were involved in taking a bicycle at the P and G Market, 20408 Harper, Harper Woods.

While on patrol, Woods Officer Jack Treppa received information on the larceny from Harper Woods authorities. Moments later, he spotted a car, matching the broadcast description, along Mack avenue at Torrey road, with a bike in its trunk.

After stopping the auto at Mack and Bournemouth road, information on the bike was sent to Harper Woods in order to verify that the cycle in question was stolen.

Upon confirmation that it was the missing bike, Harper Woods police requested Woods authorities to prosecute the case on the aforementioned charges.

## Pointers Join Sounds of '76

South High School instrumental music director Russell Reed and 15 Grosse Pointe students have been selected to tour Michigan in concert with the State's Sounds of '76 Bicentennial project.

The group of 120 students and five conductors from all over Michigan will perform in 18 concerts, beginning with a Tuesday, June 15, appearance at Interlochen and ending with a July 4 performance at a Tiger baseball game.

"We've got some of the finest music students in the State," according to Mr. Reed, "and it's going to be a great tour."

The Sounds of '76 project is jointly sponsored by the Michigan Bicentennial Commission, Michigan School Band and Orchestra and Vocal Associations and the "Detroit Free Press."

The group will perform as a choir, band, jazz band,

swing choir and orchestra. Mr. Reed will conduct the orchestra.

More than 300 Michigan students applied for the tour. Eight students from South and seven from North High were accepted.

Other Detroit-area concerts slated for the Sounds of '76 include a July 2 appearance at the riverfront Freedom Festival and July 3 at Greenfield Village. Times have not yet been announced.

Dr. Eugene Crawley was re-elected club vice-president.

## LWV Answers Voters' Queries

The Grosse Pointe League of Women Voters, (LWV), as a service to voters, is responding to questions on the upcoming school millage election.

Correction: The statement in the May 13 column which came out "The Farms . . . asks aliens to bring citizenship papers with them," (when they register), is incorrect as aliens can't vote.

Clarifying this matter, naturalized citizens are asked to bring their citizenship papers with them if they register in The Farms, whereas the other Grosse Pointes ask from naturalized citizens only what they ask from others—some type of identification, e.g. a driver's license.

Q: Is there a difference in the millage proposal this time?

A: There are a couple of differences. There will be four propositions this time instead of two.

Proposition One renews the expired school operating millage rate for four years; Proposition Two increases the school operating millage rate by \$2.20, (down from \$2.75), for one year only; Proposition Three renews expired library operating millage for four years; and Prop-

osition Four increases the library millage rate by 11 cents, (down from 14 cents), for one year.

Q: How many seats are there on the Board of Education, and when are members elected?

A: The seven trustees serve four-year, staggered terms. The sequence of election is two, two, two and one.

Q: So, there are two seats up. Who is running for office?

A: The two seats to be filled at this election are those of incumbent Joan Hanpeter, who is running again, and Lee Allen, who was appointed to fill an unexpired term and isn't running.

There are eight candidates including Mrs. Hanpeter, John Schonenberg Jr., Aphrodite Roumel, William Fleming, Michael Echlin, John Kirkpatrick, Paul McCarthy and Susan Hopkins.

The wines of Sauternes are unique and generally held to be the finest of all sweet white wines. The taste is very rich, and the bouquet very flowery. The color of the wine ranges from pale yellow and amber, to deep gold as it ages. What makes Sauternes so different is a fungus which is created by climatic conditions. This fungus forms on the ripe grapes, breaking the skin and attacking the juice, causing the water content to evaporate, and then leaving a very highly concentrated sugar mixture.

From the unique to the commonplace, PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 has a full selection of wines, beers and liquors. If you're looking for a unusual gift for Dad for Father's Day, how about a wheelbarrow of "beverages" gift-wrapped; we will custom-make your gift to suit the taste of the recipient. Open: 10-10 Mon.-Thur.; 10-11 Fri., Sat.; noon-10 Sun.

Sauternes age extremely well, remaining in prime condition for as long as thirty years.

## ULS Offers Big Variety of Courses for Summer

College-bound students eager to get a head start with advanced credit or those just wishing to brush up on skills will find a place at University Liggett School's (ULS), summer program this year.

Headed by ULS Science Department chairman Darrel C. Watson, the program, taught by regular ULS staff teachers, will consist of classes ranging from four to six students in size, thus allowing for flexible, individualized instruction.

The lower school program, grades four-eight, will offer two basic academic courses, verbal skills development and mathematics. Each will consist of one hour in class and one of supervised study at the school. The program will run from June 21-July 30 from 8 a.m.-12:15 p.m., Monday through Friday. Tuition for one course is \$140, for two courses, \$225.

All students will be pre-tested and placed into appropriate class groupings. Verbal skills, fourth-sixth grade, will emphasize spelling, grammar and composition. More advanced composition, reading and critical reading will be emphasized in the seventh and eighth grade verbal skills program.

Math for the fourth-sixth grade group will focus on basic computational skills. Seventh and eighth graders will study percentages, decimals, integers and abstract mathematical concepts.

The lower school programs are primarily developmental in nature with no homework being assigned. "When they are finished for the day, they are done. The idea is to enrich a student's summer, not make him feel bogged down," said Mr. Watson, who added that building a student's confidence and enjoyment of school is a key objective in the summer school program.

Physics, four hours, is limited to superior science students as it covers a full-year laboratory course, including homework and special projects.

Shakespeare, two hours, will cover about 10 representative works, with emphasis on the author's life and age and development as a dramatist.

Modern European History, four hours, traces the French Revolution to the 20th century, including a survey of basic trends in modern history.

For further information, contact Mr. Watson at 1045 Cook road, or call 884-4444.

## Noisy Muffler Nets 2 Tickets

The noise from a defective muffler, which attracted the attention of a Shores public safety officer, resulted in a motorist receiving two violation tickets.

PSO John Trevillian arrested Frank W. Long, of 617 Montclair, Detroit, on Friday, May 28, at about 4:40 a.m. when the officer heard the noise and noticed the muffler of Long's auto barely clinging.

The officer said he saw Long traveling west on Blairmoor court, from Putnam, and followed the man to Blairmoor where Long turned north. He drove to Putnam and back to Blairmoor, went east on Blairmoor to Lake Shore and then south.

Long was stopped near Roslyn, but could not produce an operator's license or car registration, only a birth certificate to prove his identity.

PSO Trevillian radioed his station for a check on the Law Enforcement Information Network (LEIN), and the return answer revealed that Long's license had been suspended.

## Woods Police Check Blast

The Woods Department of Public Safety is currently investigating an explosion incident which was reported Sunday, May 23, near a Holiday road home.

A resident told police he was sitting in the rear of his house watching television when he heard the explosion. He looked up, saw a white flash and then ran outside. The citizen spotted a youth, sitting in a car, who said a young white male had just run from the scene.

He also noted that the explosion was strong enough to knock the hubcaps off a vehicle parked a few feet away.

Officer Paul Shields stated he observed many pieces of cardboard and another unknown substance in the area. These items were confiscated and taken to the station.

The officer saw an area which appeared to be where the explosion took place. This area contained a five-inch burn mark on the cement of the driveway, about 10 feet from the sidewalk.

The young lady in the car said she was driving south on Holiday when she observed the youth running north. As she approached the suspect, he threw something that bounced off the top of her auto, dropped to the ground and exploded.

While she didn't hear too much of an explosion, the young lady added there was a lot of white smoke.

## Crime Control Jury Convenes

Residents of Wayne County have been urged to report any crimes or suspicions of criminal activity to a newly convened 17-member Citizens' Grand Jury, called by order of the Wayne County Circuit Court.

Judge Horace W. Gilmore, who's presiding over the crime stopping panel, has asked for the cooperation of all citizens to wage a successful fight against crime in the county.

All reports and complaints will be treated in confidence and can be communicated by mail to the Wayne County Citizens' Grand Jury, P.O. Box 30, Detroit 48231.

With the assistance of PSO Bruce Darlington, Officer Trevillian was able to take Long to the station, where the man's car was impounded.

He was issued a violation ticket for having a defective muffler and another for driving while his license was suspended.

Long was required to post a bond of \$150 pending a court hearing in The Shores on Wednesday, June 9.

## Honor Doctors At Bon Secours

Area physicians attended an educational program on recent advances in clinical medicine at Bon Secours Hospital's 27th annual Clinic Day Wednesday, May 26.

Lechy Jr., MD, first place, and William I. Sabates, MD, second.

Dr. Sabates also received the first place Holden Award for his paper "Diabetic Retinopathy: A Blinding Disease."

Second, third and fourth place awards, set up by the late James and Lynelle Holden, were presented to Robert M. Lechy Jr., MD, Satish N. Kamath, MD, and Floramante B. Rojas, MD.

Concluding the evening's ceremonies, Mark M. Ravitch, MD, professor of surgery at the University of Pittsburgh School of Medicine and surgeon in chief of Montefiore Hospital, spoke on "Medicine and Surgery in Russia."

## Name Van Tiem Acting Chief

City Police Lt. Robert Van Tiem was designated acting police chief, effective July 1, at the Grosse Pointe City Council's regular Monday, May 24, meeting.

He will replace Public Safety Director Andrew C. Teetaert, who is retiring after almost 40 years on the City force.

In the meantime, The City is still accepting applications to permanently fill the \$24,000 a year position.

### SELF HELP

Charity begins at home, which makes it easy for some people to practice on themselves.

The matter is somewhat complicated because the council is considering a consolidation of its police and fire departments into a public safety unit — a move that would force a re-evaluation of the police chief position.

The police chief's salary and responsibilities as well as the educational requirements for the post would be affected by such a consolidation, according to City Manager Thomas Kressbach.

A final report on the feasibility of the public safety concept in The City is expected to be presented to the solons next month by the Citizens Research Council of Michigan.

## Cycle Mishap Injures Youth

One youth was injured in a motorcycle-auto accident on the corner of St. Paul and Washington road on Thursday, May 7, at 3 p.m.

Dennis Rogers, 17, of 1449 Nottingham road, was rushed to Bon Secours Hospital after his leg apparently was caught in the wheel of his motorcycle. He suffered a broken right foot and compound fractures to his leg.

The accident drew a crowd of more than 100 people to the intersection. City Police were assisted by officers from The Farms and Park in clearing the resulting traffic jam.

Three vehicles, a motorcycle driven by Mr. Rogers, an auto driven by Leonard Steven Coraci, 17, of Audubon

road, and another motorcycle driven by James Scherer, 18, also of Audubon road, were traveling westbound on St. Paul when the accident occurred, according to police.

Mr. Scherer, pulled over to the curb and Mr. Coraci pulled along next to him to talk, police said.

Mr. Rogers, who was traveling behind the two vehicles, said he tried to pass them but instead struck the back end of Mr. Coraci's auto. He and the motorcycle skidded several yards along the road.

Both Mr. Rogers and Mr. Coraci were cited for traffic violations in the accident and told to appear in court on August 25.

Police also cited the owner of the motorcycle Mr. Rogers was driving, Barry Burton, of 1163 Buckingham road, for allowing an unlicensed driver to operate his vehicle.

## Clown Corps Keeping Busy

Active and energetic are words which describe the members of the Grosse Pointe Bicentennial Clown Corps as the group completed a full slate of activities last month.

First, the Clown Corps on Sunday, May 2, was part of the Wayne County Bicentennial Parade, which is now on the books as "The World's Largest Parade." Had it not been for several outstanding contributions made to the Clown Corps, the chances of their being in the parade would have been very bleak.

Clown Corps chairman Arthur J. Kuehnelt said he wanted to recognize the following in the respect:

The Grosse Pointe Jaycees for their cash donation.

Milt J. Hancheruk of Ted Ewald Chevrolet for the use of his car to pull the clowns' float.

Mrs. Walter Kuehnelt for allowing the float to be built in her yard after the original building site had to be changed at the last moment.

Mr. Kuehnelt also thanked Anthony LaBonty and Robert Rau for the many varied services they performed.

As May drew to a close, members of the corps participated in other events as the Our Lady Queen of Peace School Bicentennial Celebration Sunday, May 23, the Montie School Ice Cream Social Wednesday, May 26, and the Harper Woods Annual Memorial Day Parade Monday, May 31.

With all this behind them, the group is now looking forward to entertain at the University Liggett Fair Friday-Saturday, June 4-5.

Knitting is definitely a female sport, and it is fitting that there should be a female record holder for the knit-and-purl section. Of course, any man is welcome to try and beat the record. Any male contestant would have to knit non-stop for more than 90 hours, according to authorities. This record is held by Mrs. Janice Marwick at Pukekohe, New Zealand. We will admit that Mrs. Marwick was allowed five minute time outs in every hour she knit. Well, men, want to try it?

### FARMS MAJORS

By Joe Fromm

The Indians completed the first half of the season by winning their league lead in one and a half games over the second place Tigers with two wins last week. The Indians have a 6-1 record, while the Tigers stand 6-3.

After dropping their first three games, the Red Legs have won six out of their last seven to move into third place with a record of 6-4. The Pirates are in fourth place at 5-5 and are followed by the Yankees, 2-9, and the Phils, 2-9.

The Indians downed the Tigers 12-0 on Wednesday. May 26. G. Westrum pitched his fourth win. Steve Kormel led the Indians hitting attack with a triple and single. Paul Guttavall, Travis Trullion and Mark Brooks picked up two hits each for the Tigers.

The Indians played errorless ball including a double play executed by third baseman Peter Keane to his brother, first baseman John Keane, to catcher Bob Carr. The Indians won a close 4-3 decision over the Pirates on Monday, May 24, in a well played game. Indian manager Bob Haase faced with his third game in four days gave the pitching assignment to catcher Bob Carr who came through with a three-hit performance.

John Keane of the Indians broke up a 3-2 tie with a long home run in the bottom of the fifth.

Pirate pitcher Mike Downs retired the first nine batters he faced while his teammates stalked him to a 2-0 lead. Craig Haase put the Indians in front 3-2 with a three-run home run in the fourth but the Pirates left it 3-3 in the fifth on Bill Cunningham's hit.

Downs gave up only five hits and did not issue a walk as only five Indian runners reached base. The Indians defense led by third baseman Gerry Chamberlin and shortstop Rick Gallagher, played brilliantly. Brian Seia made a diving catch of a foul ball in left field. After the game Pirate manager Dick Gallagher said, "It was a tough game to lose but I was proud of the game played by the boys."

The Tigers defeated the Yankees, 14-0, on Tuesday, May 25. Todd Covel won his second game. John Murphy homered and Paul Goff doubled for the Tigers. Mike Kelly picked up a triple and double and George Zinn doubled for the Yankees. The Red Legs downed the Yankees, 11-3, on May 24 as Brian Augsburger picked up his third win and led the hitting attack with two home runs and a double.

In Augsburger's fourth trip to the plate, Yankee manager Dick Surheim ordered the "Augsburger shift" with the shortstop and left fielder moving to the right side of the field in defense against the power hitting left hander. The strategy didn't work as Augsburger walked. David Snow picked up two hits for the Red Legs.

The Red Legs defeated the Phils, 10-9, in a game highlighted by a nine-run first inning. Don Keller picked up the win and good fielding was turned in by Keith Kowalik and Stu Sargeant of the Red Legs. Bill Sime collected two hits and Mike Connell and Jim Zavell doubled for the Phils.

The Pirates snapped a five-game losing streak with a 11-7 win over the Phils on May 28. Rick Gallagher won his second game and was helped by the defensive play of Brian Seia and James Burke.

Walt Jackson doubled for the Phils and the Phil's defense was led by Peter Ruwart and Jim Corbett.

The National League winners are the Pirates, who have played superb ball all season, with a 10-0 mark. The past week began with win over the Dodgers, 8-2, on May 25. Big doubles came from John Elia who also pitched two innings, and Charles Janson, who pitched one.

The Giants, in second place at 6-4, gave the league leader a run for their money Thursday, May 27. 2-0. Soboh hit any home runs in the 10-7 game.

In the first inning Mike Lyons doubled for the Braves and knocked in two. Dan Levitt came back in the second and got a pair home with his double. He pitched his first six innings of the season this past week. Meanwhile, Tom Herndon eluded a dou-

ble in the third and two more pirates scored.

Willie Haisek ran all the way into the center field fence to make a spectacular catch and deny a possible Pirate homer.

On May 25, the Giants moved up the Cards, 16-6. Early game doubles for the Cards were shared by Todd McCoy, Jamie Dupper and Bob Morris. Todd Venderhous tripled in the sixth, hoping for a Cardinal comeback after the Giants had taken the lead. John Forbes, Chris Brown and Jimmy Arnold all had two-baggers.

The Braves, now tied for third at 4-6 with the Dodgers and Red Legs, literally blast-

ed themselves out of last place, now held by the Cardinals, with a 2-8 record.

Tony Alfonso got another homer for the Braves with one man on against the Red Legs on May 25. The Braves scored 11 more runs than the Dodgers with eight hits, four walks and four Reds errors.

The final score was 10-5. Against the Dodgers on May 27, the Braves had magnificent fielding in a 14-2 win. Alfonso scored a line drive for the third out in the first inning and Shawn Whelan grabbed a fly ball in the second inning for the third out.

The Reds came back to beat the Cards 9-5 on May 27. (Continued on Page 12)

## A WISE INVESTMENT FOR YOUR FAMILY'S WELL-BEING...

DOUBLE "E" ROUND ONE FROM

Carrier

### As Necessary As Your Furnace!

You wouldn't dream of having your family live in a home without a furnace or central heating system. The same should be true for central air conditioning.

### Pays Its Own Way!

What makes Carrier's Double E Round One central air conditioner such a bargain is the fact that it costs so little to own and operate. It was designed for economy and efficiency and has a purchase price that is affordable to the average family.

From the moment it's installed and put in operation, Carrier's Double E Round One pays its own way. It does this by using less electricity and requiring less maintenance and service.

Most likely, Carrier's Double E Round One will let you come out financially ahead in the long run, too. It increases the resale value of your home and may even be worth more than your initial investment to a potential home buyer.

27. Back-to-back homers were clobbered by Alex Posada and Dom Ceaser in the second inning for the Reds. The Cards' Bob Morosi and Bill Verhelle doubled and tripled in the second.

Trevor Dinka doubled for the Cards in the fourth, but the fifth inning was the clincher. Pat Boll, the Reds' pitcher the entire game, grand slammed to take and keep the lead.

The American League champs are the Orioles at 9-1. On May 24, they squeezed by the Senators, 11-10. John Treier showed some "Senator Spunk" with two doubles and a triple. At the end of six innings the score was 10-10. Rick Overbey belted a double and Murray Smith brought him home with a clutch hit to win the game.

On May 26, the Orioles topped the second place Athletics, 7-3. The A's Rob Zimmerman doubled and teammate John Astfalk belted him home. On a single, Harold Cote drove two runs home for the Birds.

The Athletics were victorious on May 24 over the third place Indians, 5-5. 5-3. Zimmerman pitched the whole game and struck out 12.

The fourth place Senators, (4-6), were blasted by the White Sox, 13-1, on May 26. Strong pitching was shown by Ken Hawk who hurled six innings, allowing only three hits and one run.

The White Sox are in fifth place at 3-7. They clobbered the Yankees, 17-6, on May 24 with a mighty Stronski three-run homer, and hefty doubles by Larry Edwards and Ken Smith. In a double play, third baseman Stronski snaggled a fly ball and got it to first baseman Darrin Whitchee.

The Indians rallied on May 26 to squelch the Yankees, 8-1. Bayard King had 11 strike outs for the Yanks, who are in sixth place with a 2-8 record.

Minor and Instructional Leaguers will be covered in the next issue as the holiday weekend didn't allow enough time for all leagues to be covered and written.

## G. P. CITY

By Ralph Gray

The Senators of The City's Major-Minor League closed out an excellent first portion of the season with twin wins, beating the Giants, 11-3, and the Phillies, 12-6.

In the Giants game, May 24, the Senator offense was led by catcher John Mikesell, who scored once on two hits, and by Frank Charbonneau, who scored three times. He also hit a double. The big Senator inning was the sixth when the club scored six runs. Tight pitching by Lincoln Day and Marty Bedell held the Giants to three runs.

Mikesell, pitching against the Phillies on May 28, was again the offensive leader, hitting safely twice. Marty Bedell also had two hits, including a triple. Nine of 12 Senators were in the scoring column for the game.

In the Majors, the Dodgers closed out the first portion of their season with a 13-7 victory over the Cardinals on May 27.

The game, deadlocked 5-5 in the fifth inning, was broken open with eight runs on two walks. John Conway, relieving Alex Draper in the last two innings, held the Cardinals to two additional runs for the win.

Good defense work in the outfield helped the Dodger pitchers with their win.

## DSO Slated for Opening Of Center Music Festival

The Detroit Symphony Orchestra with Paul Freeman conducting will launch the War Memorial's Summer Music Festival on the Center's lakeside terrace Sunday evening, June 20, at 7 p.m.

This is the first of a series

## Fleet Blessing Slated Sunday

Many boats and spectators from The Pointe are expected to take part in the annual St. Clair Shores Community Fleet Blessing and Boat Parade slated for Sunday, June 6, according to George Grivas, Fleet Captain.

This is one of the oldest fleet blessings in the country, and in past years more than 500 boats have been involved in the annual event. The parade of boats will begin at 2 p.m. and will occur simultaneously with the religious ceremonies being held in the lakeside park of Jefferson Beach Marina.

The "Ship O' Hoey," skippered by Dr. John Hoey, of Roslyn road, will be the communication and committee boat. The yacht Helene, owned by C. M. Verbiest, of Clairview road, will be the reviewing boat.

After the ceremonies, an open house will be held at the Jefferson Yacht Club, 24504 Jefferson avenue.

of four concerts to be given at the Center in June and July. The concert will be held in the Performing Arts Center of North High School in case of rain. The remaining concerts will be held in Fries Auditorium or ballroom on the Center's grounds at 32 Lakeshore road.

The concerts will be preceded by picnic suppers by the lake. Patrons may either bring their own hampers and thermos or may reserve in advance suppers prepared by the Center for \$3.50.

The opening concert by the entire Detroit Symphony will present a program starting with Gershwin's "American in Paris," continuing with Paul Creston's "Fantasy for Trombone and Orchestra," and concluding with Tchaikovsky's "Symphony Number 5."

Grosse Pointers may subscribe for the complete Summer Music Series for \$25. Single concert reserved seat section is \$7.50 and there's a special general admission seating on the lawn or boats for the opening outdoor Detroit Symphony at \$3. A special \$50 patron section has been set aside for the series, too.

### THE FINGER

The average man's idea of a good sermon is one that goes over his head—and hits one of his neighbors.

## Know Your Schools

By Dr. James A. Adams  
Superintendent of Schools

In this, the last column I shall write before I leave Grosse Pointe, and the last one to appear before the critical Monday, June 14, millage election, I wish to make seven points which I believe every resident of this school district should consider seriously. As I said when I came here, a community is only as good as its schools—its schools are only as good as the community.

Quite frankly, I am appalled at the amount of misinformation which is being disseminated about the upcoming election. If residents have questions about the election, I urge them to contact members of the Board of Education or to call my office at 885-2000.

1. Contrary to circulating rumors, the Board of Education has no operating reserve to fall back on in this time of fiscal crisis. Budgeted categorical aid which did not materialize from the State of Michigan took over \$400,000—all our reserves.

In fact, a staff member went to Lansing on Wednesday, May 26, to attempt to encourage prompt consideration, (the Municipal Finance Commission), to give approval of our request to borrow on tax anticipation in order to meet the July 9 payroll.

The situation is that critical. 2. In addition, our normal tax anticipation loan, (which provides operating money from July through December), cannot be secured without the collateral of voted millage. Because we have no voted millage, we shall be delayed in those deliberations with the banks until we have voted millage.

3. As a result of the circulation of misinformation, there is no issue more clouded than whether or not the school district will receive categorical aid for State-mandated programs in 1977. We have an array of letters from Gov. William Milliken, Senators William Fitzgerald, Joseph Snyder and John Hertel, and Representatives William Bryant and Bobby Crim which may be examined.

Not one of the letters contains a promise that our district will receive any money from the State. And how many of our citizens can fall into the trap of considering "budgeted" money as that

which we shall actually receive totally escapes me. For the last two years money was "budgeted" one month and taken away the next by executive order of the Governor.

4. In line with this matter, the Board of Education has stated that should funds materialize, they will not be used in the 1976-77 program, but will be set aside for future budgets and to reduce future millages.

5. To continue the current program of staff and services offered by the Grosse Pointe Public Schools and Libraries in 1976-77 will require the approval of all four ballot propositions on June 14. Propositions One and Three renew expired tax rates. Propositions Two and Four increase present rates a total of 2.31 mills.

6. If Proposition Two fails, those 162 staff members given notice April 12 will not be rehired, with the exception of the seven from this group rehired at the Monday, May 10, meeting.

This action was possible because the enrollment picture and student course elections became clearer. These position reductions are based on a renewal of the expired tax levy. If the renewal and increase both pass there will only be a reduction of 22-25 positions.

7. The public libraries will close on July 1 if Proposition Three fails. If Proposition Four is not approved, the number of staff and program curtailments which have been outlined will be in effect.

I firmly believe that a suburban residential community's finest asset is its public school and library system. Without quality institutions, property values and community life will surely decline. The choice is up to the voters on June 14.

Finally, I would like to thank the "Grosse Pointe News" staff, and the many residents of Grosse Pointe who have consistently demonstrated their interest in maintaining a quality school system and a quality community.

## What Goes On at Your Library

By Arthur M. Woodford  
Chief of Central Library

In addition to best sellers, mysteries, biographies, literary criticism and travel books, your Grosse Pointe Public Libraries have a good variety of science titles. This week I would like to sample for you some of these books—from anthropology to zoology—all of which have recently been added to our collection.

From the microscopic one-celled animals to the giant spiral galaxies, Sir Alan Howard Cottrell has written a most fascinating account in *PORTRAIT OF NATURE: THE WORLD AS SEEN BY MODERN SCIENCE*, (Scribner).

In his preface Cottrell states that he has tried, (and I believe succeeded), "to look through the dense jungle of technical scaffolding at the breathtaking structure that is beginning to take shape behind it, the portrait of nature as seen by science." An excellent introduction for the non-scientific layman.

*OF MATTERS GREAT AND SMALL*, (Doubleday), is a collection of 17 essays that once again demonstrate the profound knowledge and imagination which have become the hallmarks of Isaac Asimov's works.

Here, Dr. Asimov explores such topics as the farthest distance in the universe; how eclipses occur and how they were predicted by the ancients; why the North Star keeps shifting, and how it proves that Bacon didn't write Shakespeare's plays; and why fusion, and not fission, is the only solution to the energy crisis.

*HOW TO READ THE NIGHT SKY*, (Doubleday), by W. S. Kals, a former planetarium director, sets forth a new and easy method of finding and identifying stars, constellations and those planets that are visible to the naked eye.

With the aid of simple charts and illustrations, Kals explains how to know what heavenly bodies are visible at what times, how and where to find them and how to identify them. This is a book that will tell the occasional skywatcher all he needs to know, in a format that is clear and instructive.

*NATURE OF EARTH MATERIALS*, (Prentice-Hall), by Anthony C. Tennen is a thorough and up-to-date introduction to the most important minerals and rocks used in the service of modern society.

The author covers such topics as atoms, ions, crystals, minerals, igneous rocks, sedimentary rocks and metamorphic rocks. He also discusses the origins of rocks as well as their important industrial uses, sources of supply, major world consumers and the primary producers.

*PEKING MAN*, (Simon and Schuster), by Harry R. Shapiro, is both an anthropological detective story and an illuminating account of

man's evolution. Here, Dr. Shapiro recounts the astonishing discovery of the fossils of Peking man, and the even more dramatic tale of their disappearance and mystery of their present whereabouts.

This is a book about the history and romance of man's discovery of his own descent, centered on what are perhaps the rarest objects in the world, the fossil remains of his past.

*IN INTO THE OCEAN WORLD*, (Knopf), Ritchie Ward draws us into the depths of the oceans to show us, through the exploits of the great marine biologists, the strange life forms that inhabit the seas and the ways in which they sustain themselves and reproduce their kind.

This is an account of a science coming into being, and something more—the first intimations of new possibilities for man: new sources of food and energy, an age of bounty from the waters that surround us.

Bradford Angier's *FIELD GUIDE TO EDIBLE WILD PLANTS*, (Stackpole), is a quick all-color identifier of more than 100 edible wild foods growing free in the United States and Canada. Along with his beautiful paintings Angier provides details on what each plant is, how it grows, where it can be found and how it can be prepared for us.

Along with general usages such as soup flavorings, in salads and stews, for jams, beverages and garnishments, the author has included stories of how the Indians and early settlers used these vital foods. Anyone for a dish of buffalo berry pudding?

*IN MASTER BUILDERS OF THE ANIMAL WORLD*, (Harper and Row), David Hancock reminds us that long before our primitive ancestors had the intelligence to seek out caves for shelter, the other animals of this planet were already accomplished at building elaborate structures for the protection of themselves and their families.

It is the whole range of such building activities which this book examines in detail, including structures as diverse as the delicate tubes built by the fan-worms and the crude nests of the gorilla. Excellent photographs and drawings accompany the informative text.

## Police Picture Gets Exposure

The Farms Police Department has announced that in keeping with the Bicentennial year, Farms police cruisers will feature a red, white and blue shield logo of the department.

"The decal depicts The Farms' 1914-15 Ford police cruiser," said Police Chief Robert K. Ferber. "It's our salute to America, the automobile industry and the residents of The Farms."

A police magazine, the "Police Chief," has picked up The Farms' idea and has decided to reproduce the shield on the cover of its July issue, according to "Police Chief" editor Alice Pitcher. A story on the decal also will accompany the photo.

## Science Church Offers Lecture

A Christian Science Lecture on the broader meaning and importance of "home" will be delivered by Nancy Houston of Urbana, Ill. on Tuesday, June 15, at 8 p.m. on the lakeside lawn of the War Memorial Center.

The lecture, entitled "Is Anybody at Home," is open to the public free of charge. Miss Houston is a member of the Christian Science Board of Lectureship.

## Bantam Bruins Slate Tryouts

The Grosse Pointe Bruins invite any boy to their Bantam, (boys born between January 1, 1962, through December 31, 1963), open tryouts being held Tuesday-Thursday, June 8-10.

All tryouts will be at 9 p.m. at the Grosse Pointe Community Rink, 4831 Canyon, next to Austin High School.

## From Another Pointe of View

By Janet Mueller

The ball started rolling back in 1970, when Shelley Rauss, a high school student, decided to become a candy stripper.

Then Pat Rauss, Shelley's mother, became interested, and decided to become a hospital volunteer. Then Arthur Rauss, (Pat's husband, Shelley's father), after hearing his ladies enthuse about their work, decided he'd like to be involved, too.

And patients and their families at Saint John Hospital really lucked out.

Arthur and Pat Rauss, of Oxford road, are two very special people. They are assigned to the Emergency Unit at Saint John Sunday evenings.

Pat registers patients, types identification bands for patients being taken into the hospital, and regulates the flow of patients from the waiting room into the holding area.

She "minds the store" — and supports and reassures patients and those concerned about them at a time when support and reassurance are needed.

Arthur works with the Emergency Unit coordinator. He is the coordinator's extra hands and feet.

Mr. Rauss is often busy transporting patients from the Emergency Unit to the hospital wing to

## Navy League Ball Set at Lochmoor

First Michigan Fife and Drum Corps to Play Before Dinner; Sea Cadet Program Will Benefit from Party-Raised Funds

The Detroit Women's Council of the Navy League of the United States will present its annual Navy League Ball Friday, June 11, at Lochmoor Club. Mrs. Emil Grob, of Renaud road, vice-president of the Council, is sponsor of the party.

Mrs. Roger E. Harter, the Council's immediate past-president, is general chairman.

Mrs. William J. Weinstein, whose husband is Marine Corps General, Retired, is honorary chairman.

Acting as official host and hostess will be James E. Houlihan, Captain, United States Naval Reserves, Retired, and Mrs. Houlihan, this year's Women's Council president.

The '76 Ball will be a special birthday party, celebrating both the nation's 200th birthday and the 21st birthday of the United States Navy.

The Colonial Navy was established in 1631, when English colonists built the ship "Blessing of the Bay" to fight off pirates along the East Coast.

The United States Continental Navy was established by the Continental Congress with the first of four ships commissioned October 13, 1775, nine months before the Declaration of Independence was signed.

In commemoration of this autumn date, the United States Navy League, with about 50,000 members nationally, historically holds its parties in October—but the Detroit Women's Council traditionally schedules its Navy League Ball for June.

## Museum Tour For Fox Creek

Fox Creek Quarters gather this morning, Thursday, June 3, at 10 o'clock at Grosse Pointe Methodist Church to form car pools to travel to the Detroit Institute of Arts to view the exhibit of American Art in the Robert H. Tannahill Wing.

Following their tour, conducted by a DIA curator, they will enjoy luncheon in the Richardson Room, where Fox Creek officers for 1976-77 will be installed.

There's a special historical reason for this failure to conform. On June 12, 1775, before the United States Navy was officially established, there was a skirmish in the harbor at Machias, Me. Three dozen lumbermen, led by Jeremiah O'Brien and armed with guns, swords and pitchforks, captured the merchant sloop "Unity" and, from her decks, boarded and captured the "Margaretta."

The Detroit Women's Council holds its Navy League Ball in June to commemorate this first sea fight of the Revolution.

Tradition is important in the United States Navy. Change is slow, but recently, with the emphasis on "One Navy, united in purpose, striving for common goals," a new uniform has been introduced.

This basic uniform will be the same for all, seaman to Admiral.

The change was suggested almost 200 years ago, when sailors aboard the Continental frigate "Providence" requested their Captain that "a proper Navy uniform be procured, so that all may have an opportunity to appear alike as brothers united in one cause."

That was in 1778. The change took place in July, 1775.

The middie and bell bottom trousers are gone; the enlisted man now wears a distinctive — and traditional — double-breasted coat; the same style uniform as his Admiral.

Among Pointe Members of the Detroit Women's Council serving on this year's Ball committee are Mrs. Emil C. Grob and Mrs. Samuel J. Lafata, decorations; Mrs. Louis Duenweg, hospitality; and Mrs. Paul C. Grubbs, invitations.

Mrs. Grubbs is the Council's chaplain. Its Judge Advocate, Mrs. Aaron E. Wil-

## New Look for The Grand Old Navy

Flanking THOMAS K. FISHER, one of the Great Lakes' greatest sailors, are BM2nd Class NORRIS KARICKHOFF, (left), modeling the United States Navy's new uniform, and AMSC JOHN AUGSBURGER, (right), in the old middie blouse and bell bottoms. Mr. and Mrs. Fisher's Cameron place home was the setting for the picture taking/modeling session designed to promote this year's June 11 Navy League Ball. Posing with Tom Fisher and friends are, (left to right), MRS. EMIL GROB, sponsor of the party at Lochmoor Club, MRS. ROY WHITLOCK, hospitality chairman, MRS. JAMES

HOULIHAN, president of the Detroit Women's Council of the Navy League, LIEUTENANT (j.g.) DER-EK SMITH, from the Navy's Public Affairs Department, MRS. ROGER K. HARTE, past-president of the Detroit Women's Council and '76 Ball chairman, MRS. AARON E. WILCOX, the Council's Judge Advocate and publicity chairman, and MRS. GEORGE A. BELLEAU, Souvenir Program chairman. Tom's wife, Gerry, as devoted to all things nautical as her husband, received an award for distinctive service to the Detroit Women's Council at last year's Navy League Ball.

cox, of Loraine road, is handling publicity—and she's had a great time, and done a great job, researching information for her Bicentennial year press releases.

Special attraction at this year's Ball will be an appearance by the First Michigan Fife and Drum Corps. Founded by Mark Logsdon, of Sterling Heights, its members are historically correct as to age, (the corps in Revolutionary days ranged in age from 12 to 17), and Colonial dress.

Their handmade costumes were fashioned from Williamsburg, Va., patterns.

Their music, too, is historically correct. The fifes and drums used by the First Michigan are handmade replicas of the original instruments.

Members of this young corps, all good musicians, have undergone a critical audition, coming out of it

with flying colors. They have been invited to appear at Coventry, England, in July.

The Ball begins with cocktails at 7 o'clock. The Fife and Drum Corps will perform before dinner.

A big share of funds raised via this annual party goes to helping the Sea Cadet program which assists with the training of eligible young men, 14 to 17, and informing them about the Navy.

Mrs. Carroll Doyle, of Country Club drive, a member of the Women's Council, is ensign in the corps and administrative officer for the program. Her husband is the corps' commanding officer.

"Sea Cadets is strictly a volunteer organization, with no obligation to join the Navy," Mrs. Doyle notes. "The program helps boys learn about ships, the sea, military bearing and parading." Members participate in community affairs, gaining a sense of community responsibility as well as the sense of patriotism, courage, self-reliance and confidence the program is designed to instill.

The Detroit Women's Coun-

The Unitarian Women's slate of officers for 1976-77 is headed by Mary Ellen Aurelius, president. First, Second

and third vice-presidents are, respectively, Veronica Smith, Judy Preston and Kay Freisen.

Caroline La Vole will serve as treasurer, Elsa Sheridan as recording secretary and Vesta Dajani as corresponding secretary.

The flower committee consists of Helen Poxson, Adele Baer, Mary Ellen Hadjisky, Nita Mitasic and Mary Miller. Publicity person is Muriel Stotzer.

## FAD Auction Fun Aids Northwood

Vacations Throughout The World To Be a Feature at Saturday's Invitational Fund-Raiser; Party Setting Is DAC

How about a vicarious trip to the moon with a pocket-size American flag that made the trip? This possibility will be offered guests at the Detroit FAD Auction benefit for Northwood Institute's Scholarship and Library Funds Saturday night, June 5, at the Detroit Athletic Club.

Not only will the priceless flag be there, but Colonel Alfred M. Worden, Command Module Pilot of Apollo 15 Lunar Landing Mission, will be on hand to describe his experience. Colonel Worden is giving the flag to the auction.

In addition to that excitement, FAD will offer a wide range of choices to guest bidders, including vacations in Honolulu, Paris, Athens or Acapulco.

Bids will be taken on having a portrait painted by

Joseph Maniscalco, a membership in the Bourbon Barrel Hunt Club, a day with the Detroit Lions at their training camp, including lunch or dinner and a chance to meet and chat with the players.

A complete bedroom in deep green wicker with a bright glazed chintz bed canopy in oranges, yellows and greens is being offered, as is a "transformation" at a famous beauty spa.

The Detroit Northwood FAD Auction is an invitational affair. The sponsoring committee secures contribution of new, valuable and ex-

## Shores Garden Club Is Cited

The Grosse Pointe Shores Branch of the Women's National Farm and Garden Association was cited as first place achievement award winner, among clubs numbering no less than 25 nor more than 39 members, in the International Cooperation category at the Michigan Division WNF&GA's spring council and annual meeting held in mid-May at East Lansing's Kellogg Center.

Planting of over 1,000 trees and seedlings during the Bicentennial year was among many accomplishments reported by branch presidents. Restorations, flower shows and parade floats have been other projects. The State Capitol lawn now boasts two crimson king red maple trees, courtesy of Michigan WNF&GA members.

Scholarships, workshops, conferences, recycling and civic improvements continue to be part of the Association's spectrum. During the annual awards luncheon, national recognition from "Keep America Beautiful" was presented to the Michigan Division by Jack Burton, state supervisor of Roadside Development Units.

## Brenckle-Krajenke Vows Exchanged

Bride's Brother Is Lector at April Rites; Her Two Nieces Serve As Flower Girls, Two Sisters As Honor Attendants

At home in Pittsburgh, Pa., after vacationing in Zurich, Switzerland, and Germany are Mr. and Mrs. Dennis Philip Brenckle, whose wedding Sunday, April 25, in Gesu Church was followed by a reception at the Detroit Golf Club.

Mrs. Brenckle, the former Patricia Marie Krajenke, had been making her home in Dallas, Tex., where she was based as a flight attendant with American Airlines. She is the daughter of Mr. and Mrs. Richard Krajenke, of Canterbury road.

Mr. Brenckle, son of Mrs. Philip Brenckle, of Coropolis, Pa., and the late Mr. Brenckle, is a vice-president of Pittsburgh National Bank. Father Joseph Muenzer, S.J., presided at the 5 o'clock rites, with the wedding service written by the bride and bridegroom. Steven Kra-

jenke, the bride's brother, was lector.

Lace appliques accented the high neck, bodice, sheer sleeves and train of the ivory gown selected by the former Miss Krajenke for her marriage. A crescent of peach roses and baby's-breath held her illusion veil.

Peach ribbon streamers accented her bouquet of roses and baby's-breath.

Her attendants wore form-fitting frocks of peach jersey, with keyhole necklines, and carried arrangements of peach roses, baby's-breath and streamers.

Mrs. James J. O'Boyle came from Chicago, Ill., to

serve as her sister's honor matron. Honor maid was Mary Elizabeth Krajenke, another sister. Bridesmaids were two other sisters, Mrs. William J. Lawrence, of Crofton, Md., and Mrs. David P. Klasnick, of Pittsburgh, the bridegroom's sister Mrs. Darius Walat, and Mrs. Matthew Plein, of Detroit.

Flower girls Anne Marie Lawrence, the bride's niece and godchild, and Katie Megan Lawrence, Anne Marie's sister, wore lace-trimmed frocks of natural cotton, flowers in their hair, and carried bouquets similar to those of the senior attendants.

Best man was Kenneth Windsheimer, of Pittsburgh. Ushering were Mr. Klasnick, Mr. Walat, Frank Durando, Frank Graff and Tony Accamando, all of Pittsburgh.

Mrs. Krajenke's mint green chiffon gown featured a double cape of hand-painted flowers in front. She pinned green cymbidium orchids to her purse.

A short cape fell from neck to elbow of the rose-and-green on silver gray print costume selected by the bridegroom's mother. Her corsage of green cymbidium orchids was pinned at her shoulder.

## League Gives Its Gift to Bon Secours

A \$60,000 gift from the Bon Secours Assistance League has completed the League's \$210,000 pledge to Bon Secours' building program well ahead of schedule. The check was presented at the Assistance League's annual May meeting by MRS. CLAYTON ALANDT, Assistance League president, to LAWRENCE C. REDOUTEY, associate administrator of the hospital.

The building fund pledge of close to a quarter of a million dollars was raised in four years through the Assistance League's operation of the hospital gift shop, the Grosse Pointe Celebrity Series, a memorial fund and hundreds of group projects. The monies will be used for emergency service renovation. In the fall, emergency services will move into the spacious area where construction is currently underway. The greatly expanded department will provide more comfort and privacy for patients and their families.

President Alandt concluded the annual business meeting with the announcement of five new officers and committee chairmen, including recording secretary Mrs. Robert Frear, corresponding secretary Mrs. Sidney Terry, Gift Shop chairman Mrs. Charles LaFond, membership chairman Mrs. A. Douglas Sutherland and memorial chairman Mrs. Eugene Kornmeier.

After the meeting, the Sisters of Bon Secours entertained the women at a tea in the Science Hall.

Mr. Wagner received his Bachelors and Masters degrees in Organ while studying with Professor Ray Ferguson at Wayne State. He is presently completing his Doctorate in Music at the University of Michigan. Two violin soloists, Rodica Schileru and Misha Lefkowitz, will play the Vivaldi "Double Violin Concerto in D Minor" with the orchestra and organ. Both young artists are graduate students at Wayne State University. Not even the worst Michigan weather keeps this couple from keeping their commitment to Saint John. Both serve on the Reception Committee for special events and forums sponsored by the Hospital Education Association.

During one of Detroit's classic snow storms, they made it to the hospital to fulfill their volunteer assignment to help at a diabetic forum.

In addition to the his-and-hers Sunday hours, Pat volunteers Wednesday mornings as hostess in the Surgical Lounge, taking calls and relaying messages to patient's families.

Mrs. Rauss, a teacher by profession, has served six years at Saint John. Mr. Rauss, a business executive, has served four.

They have three grown children. Shelley, who started it all, was graduated this spring from Miami's Barry College.

She is justly proud of her parents, who received the highest recognition possible from the Volunteer Action Center of the United Community Services of Metropolitan Detroit when they were named "Volunteer of the Month" for May.

They deserved it.

Questers 1977 national convention will be held in Scottsdale, Ariz., May 1 through 4.

Joan Gillis directed chapter members in preparing the display of Early American primitives on view in Jacobson's St. Clair Avenue window now through June 15. The display is part of Windmill Pointe Questers' participation in America's Bicentennial celebration.

Michigan Questers Mill Race Restoration Project at Northville has received financial support from the Windmill Pointe group, via a donation to assist in adding authentic furniture to the Greek Revival House.

New members received into the chapter in the past year include Elaine (Mrs. J. Lawrence) Collins, Joan (Mrs. John) Gillis and Dorothy (Mrs. Oscar) Norren.

## Girl Scouts Say 'Thank You' to Adults

Accepting a "Thanks Badge," highest honor for an adult member in Girl Scouting, from MRS. THOMAS E. COULTER, of Westchester road, (right), is MRS. ROBERT MARTIN, of Lochmoor boulevard. Mrs. Coulter, president of the Girl

Scouts of Metropolitan Detroit, cited eight outstanding GSMD adult volunteers as 1976 "Thanks Badge" recipients at the recent GSMD annual meeting. Among the eight was another Pointer, Mrs. Charles Ebner, of Balfour road.

Betsy Martin's current positions in Scouting are Leader, Troop Consultant, Council delegate and member of the Council Program committee. She's served in the past as a Junior-Cadet leader for seven years, Senior advisor for four years, Neighborhood chairman for six years and Troop organizer for four years.

Mrs. Martin has also been a Troop Camper and Activities leader. Her troop activities have included many senior service projects, such as Nursing Homes, and a trip abroad to Our Chalet in Switzerland, with a side trip to Olave House in London.

Her Cadette Troop was chosen, in 1974, to be the first Girl Scouts to perform flag raising and guide duties

at Los Angeles. He has been associated with the FBI since 1960, serving in the Seattle, Los Angeles, San Francisco, Phoenix and Washington, D.C., offices and, for the past year, in Michigan. He is married, and the father of five children.

on Mackinac Island; the honor was repeated in 1975 and '76. Another troop will travel to Switzerland under Mrs. Martin's guidance in July. A "Thinking Day Program" for Cadettes and Seniors is carried out each year with foreign students as guests, under Betsy Martin's direction.

In the community, Betsy has been active in PTA and served on many school committees. She is treasurer for the Band and Orchestra Parent Association of Grosse Pointe North High School, and became "mom" last year to an exchange student from Sweden.

Currently, Irene Ebner is leader of Girl Scout Junior Troop 1393. Her past experiences include organizing and directing the group of Girl Scouts who sang selections from the "Daisy" opera at the Fall Council meeting, and working closely with the entire production of the opera.

In 1971, her troop invited four retarded black girls to be with them; this developed into a truly rewarding experience for everyone. Irene developed the Gar-

dener Badge which was approved by Girl Scouts' National Headquarters in New York. Her Neighborhood Service Project in 1969 was her troop's repairing, labeling and constructing new flags for all the countries in the World Association—94 at that time.

In the community, she has served in the Macomb County Medical Society Auxiliary, as Auxiliary president in 1971-72. She has worked for her church, St. Clare of Montefalco, and at both St. Clair and Defer Schools. She has been a United Foundation volunteer.

She received the St. Anne's Medal from the Catholic Youth Organization for her outstanding work.

Cited as a Scholarship Cup recipient during Adrian College's annual Honors Banquet was Pointer JIM COLSON.

## New Officers Leading Ibox

Mrs. Harry Esling, honorary president of Ibox, presented the presidential gavel to Mrs. Antonio Tewes, who will serve as the club's president in 1976-77, following Ibox' annual meeting this spring in Mrs. Donald Cole's home.

Other officers are Anne Parcells, vice-president; Mrs. John Nicholson, treasurer; Mrs. Donald Blain, recording secretary; Mrs. Arnold Combrinck-Graham, Jr., corresponding secretary; Mrs. William Turner, Jr., in charge of the house committee; Mrs. William Montgomery, program; Mrs. John Renick, publicity; and Mrs. Guy Willets, membership.

Ibox' current season ends officially this Saturday, June 5, with a dinner dance at the Grosse Pointe Hunt Club preceded by cocktails in Mr. and Mrs. Willets' University place home.

## Pointers of Interest

MRS. JOSEPH PRIMO AND HER DAUGHTER JOAN, OF NORTH RENAUD ROAD

By Janet Mueller

In June of 1968, little Joanie Primo finished, very successfully, Liggett School's third grade, and—all alone—ran the cafeteria at the third annual Liggett Antiques Show and Sale. "We gave her a high bench," her mother recalls, "and she sat there." Joan sat and supervised and made change on Thursday, Friday, Saturday, for 12 hours, (with a few minutes off here and there, but only after she'd made sure her position was "covered"), at a stretch.

That's the sort of story a mother likes to tell about her daughter.

Joan's the sort of daughter who likes her mother well enough not to mind when she, (the mother), tells stories about her, (the daughter).

What I mean to say is: they've got a good relationship going.

It goes a long way back. Marie, who grew up in West Virginia, moving to the Detroit area at 14, when her father brought the family here, was a Working Woman before Joan arrived. Marie is still a Working Woman.

Was Bank Secretary

She began her career in 1945, as a National Bank of Detroit secretary. Since 1950, she's been administrative assistant and shopping center manager for Irwin I. Cohn, attorney. In between the bank and the shopping centers, there was a stint as executive secretary with the Cutting Tool Manufacturers Association.

She's currently managing four shopping centers: Bloomfield Plaza, Drayton Plains, Rochester's North Hill and South Allen in Allen Park.

She's a success professionally, filling in her biography for Marquis' American Women's "Who's Who." She's worked hard for that professional success, and she's enjoying it—but she's not admitting she wouldn't have done it if she hadn't been able to adjust her working hours around her family.

I was fortunate. Before Joan came along, I was well established in my position, and could make my own hours.

So . . . when Joanie, four, balked at being left alone at nursery school, Marie Primo stayed with her daughter every morning, for four weeks, until the teacher finally said, "Look: Joan's never going to WANT you to go. You're just going to have to GO."

Teacher Advises And Marie went back to reporting into work at a normal, morning hour. (She'd been starting at mid-day and working into early evening.) Joan, as her teacher knew she would, survived.

The point is: Marie was able to juggle her schedule to stay with Joanie, as long as necessary. Neither her job nor her child suffered.

"I think before a mother works, she should weigh a lot of things. Is there enough in it to make it worthwhile? Can you get off when your child needs you? If you can't, it's not worth it."

Marie has learned, too, that she can't play Superwoman. She has household help. "I don't think you can run a house and a career by yourself." She has priorities. She loves to putter around outside. She'd like to try her hand at handwork, but there are only so many hours in a day . . . so Marie leaves the needlework and crafts to

Joan, who is fabulous at both.

Then, too: both the Primo women have Joe.

Never Skip Vacation

No matter what, the Primos have always taken a family summer vacation. "We're very fortunate that our daughter still goes with us," Joan thinks she's the fortunate one. She's loved those journeys to the East Coast, and the West, and she can't wait to go back to Italy: that was a dream of a trip.

Marie, Joe, a pension, profit-sharing and estate planner, and Joan flew to Rome in '72, rented a car and drove south, almost to the tip of Italy's boot, then back to Rome and up to Florence, where Joan found her cameo ring and gold charms. They stopped at the Ferdinand Cennelli's Castello Spannocchia, then drove on toward their base camp, Rome, again, arriving after dark.

And they couldn't find their hotel! ("It's on a hill," "We KNOW it's on a hill!") Rome's sidestreets after dark are dark.

Joe spent two frustrating, meandering hours at the wheel. Then he pulled up beside a cab.

Hired a Leader

"Can you take us to the Cavalleri Hilton?" This was Rome—anything possible—still.

"But," said the taxi driver, "you HAVE a car!"

"I know," said Joe. "I want you to LEAD us there."

Safe inside the Hilton, Marie spoke up. "Let's get rid of the car. I don't want it in Rome."

Eventually, Joe allowed as how he didn't want it either. Joan, who was having a great time, lost or found, would have gone either way.

Marie Primo has been involved in the University Liggett Antiques Shows from the very beginning. The first Show was held the first year Liggett moved from Indian Village to Briarcliff drive, before the Liggett-Grosse Pointe University School merger.

Joan was a Liggett first grader. Marie was an Antiques Show hostess.

"The second year, I was asked to help in the tea-room." And there she stayed, for a few more years—but the Antiques Show committee had its eye on Mrs. Primo.

Good Bookkeeper It's not that easy to find a volunteer mother who can keep a beautifully-accurate, beautifully-detailed books.

When the '60s became the '70s, Marie became Antiques Show treasurer. She's been handling show finances ever since.

Joan's '68 stint as cafeteria manager proved prophetic. Her math has always been good. Today, it's one of her "three favorite" subjects. (English and languages are

the others), although she doesn't really have any non-favorites.

The fact is: as a student, Joan is just plain good. She was one of four juniors inducted into ULS' cum laude society this spring. She's aiming for a career as an attorney.

She's still involved in the Antiques Shows. This year, as head of the Junior Committee, she's responsible for lining up student volunteers to assist with everything from decorating for the Preview Party to serving as booth sitters while dealer/exhibitors grab a bite to eat.

One of the Best

The University Liggett Antiques Show is considered by dealers and collectors to be one of the most prestigious in the country. It is directed by Russell Carrell, of Salisbury, Conn. It benefits the ULS Endowment Fund.

The Preview's set for Wednesday evening, June 9. The Show is open to the public Thursday and Friday, June 10 and 11, from noon until 10 o'clock, and Saturday, June 12, from noon until 6, at University Liggett's Liggett campus in Briarcliff drive.

General admission is \$3 per person. The Preview, at \$35 per person, (reservation information may be obtained by calling 884-1639), features cocktails and dinner, a sealed bid auction, and an opportunity to browse among the wares of 40 dealers, from 17 states, and buy ahead of the crowds.

Joan will be spending 12 to 13 hours, at least, on the Liggett campus starting Monday, continuing through Saturday, calling people up to make sure they're coming, filling in when there's a gap.

Get Early Start

"We start three days prior to the Show opening. We do the decorations, flowers, tablecloths . . . If there's painting to be done, we paint: we've painted the trellises every year."

Needless to say: "You go in rotten clothes for the first three days."

Once the Show's underway, Juniors, (suitably dressed), are put to work in the tea-room and cafeteria, utilized as runners and booth sitters.

While all this is going on, Marie won't be hanging around the house in Renaud road. "I'm there, (at the Show), all the time. I never leave."

Have No Resistance

Joe usually comes for dinner. He's the one who shops. "Every year, we buy something." The Primos are in-veterate antiquers. Marie finds it almost physically impossible to drive past an antique store without stopping. Joe and Joan aren't much better. The result is a perfectly beautiful home.

Marie points to one thing: "That came from Montreal." To another: "That came from San Francisco." To another: "That Rose Medallion tea set in the wicker basket came from Salem, Mass. I stopped in at the shop of one of our, (University Liggett Antiques Show), exhibitors."

She loves the history of things. She loves to make things part of her family's history. "We bought our first oil painting at the University Liggett Antiques Show." It was the start of a collection that now includes the lovely

portrait from Rose Terrace over the Primos' living room mantel.

Is Tradition Lover What I'm trying to get across is: continuity counts with Marie. She likes tradition. She believes in rites of passage celebrations, in Mother's Day, in Father's Day . . .

Which brings us back to Joe. "By Saturday night, (the Antiques Show always closes on a Saturday night), I'm sure he feels like The Lost and Forgotten Man," Marie says.

"It's a let-down feeling," Joan explains. "That week of the show, you're so geared up . . . and suddenly it's over, and you're exhausted. The Sunday after the Show, we invariably sleep late, and the Sunday after the Show is invariably Father's Day."

Two years ago, the Primos women woke up Sunday morning to the realization that it was Father's Day, and they'd done nothing, got nothing, for Joe. He said he didn't mind. They did. Last year, they were well-prepared. They got all his Father's Day gifts at the Antiques Show.

## From Another Pointe of View

(Continued from Page 20)

work they do . . . that was a terrific display Margaret Hutchings, head of volunteers at Cottage Hospital, put together on 200 Years of Volunteering in America.

She traced the history of Americans helping each other, from barn raising in Colonial days to Cottage Hospital volunteers of yesterday and today, who turn out to have been a pretty socially-aware, and committed, lot.

Cottage's ladies are devoted to their hospital, but they've seldom limited themselves to it.

Seems as if they were instrumental in organizing just about EVERYTHING that grew into ANYTHING in the Detroit area, from the Franklin Street Settlement to the Planned Parenthood League, the Federation of Girls Homes to Channel 58, the Women's Association for the Detroit Symphony Orchestra to the Foundation for Exceptional Children.

The list is, literally, endless. The display is, unfortunately, gone.

The volunteer work, at Cottage and beyond, goes on.

## A Case in Point

Speaking of Cottage Hospital volunteers . . . Myrtle Harkness, when she lived in The Pointe, was one of the best, a dedicated, active member of Cottage Hospital Women's Auxiliary.

AND she was active in the Grosse Pointe Soroptimists, AND in the Grosse Pointe Woods Presbyterian Church Women's Association.

Then, in 1967, Myrtle and Russ retired, moved from Hidden lane, (they moved INTO the Woods in 1937), and began dividing their time between the north, (Lincoln, Mich.), and the south, (Fort Lauderdale, Fla.).

With an occasional stop-off in The Pointe in between.

The Harknesses had too much living invested in Grosse Pointe to cut their ties completely. Russ owned and operated Harkness Pharmacy from its inception in 1945 through 1966.

He was a member of the Mack Avenue Businessmen's Association, Grosse Pointe Rotary, and at one time served on the Woods Planning Commission.

Not only is The Pointe riddled with Harkness friends and business associates, (often, the two categories are combined in one person), but there's still family here . . .

Mr. and Mrs. Russell Harkness are making their spring stop-over now.

They're also celebrating their 50th wedding anniversary, and will be guests of honor on the Anniversary Day, June 5, (Saturday), at an open house reception in the East William court home of their daughter, Doris (Mrs. Donald A.) Dirven.

## Rose Society to Host Show

The annual Rose Show at Fisher road, Wednesday, June 9, at 8 o'clock. All interested rose growers are welcome to attend.

Forrest Geary, an accredited American Rose Society judge, and his daughter, Mrs. Louis (Andrea) Parent, an apprentice ARS judge, both accomplished exhibitors, will demonstrate the fine points of preparing roses for exhibition or home display.

They will show how to groom hybrid teas, grandifloras, floribundas and miniatures. A question and answer period will follow and refreshments will be served. Hostesses for the evening are Mrs. Harold (Betty) Lee and Mrs. Raymond (Julia) Miller.

The meeting will be held at the Grosse Pointe Central Library, Kercheval avenue

and his Law degree from the University of Michigan School of Law in 1951. He and his wife, the former JEANNE CARIS, are parents of a son and daughter, ERIC and DINA.
