A 664-FOOT NORWEGIAN TANKER rammed a Mississippi river ferry crowded with nearly 100 persons Wednesday, dumping vehicles and screaming passengers into the swift, muddy current. Twenty-two persons were known dead, and as many as 56 were missing. The accident occurred about 20 miles north of New Orleans. Most of the 22 bodies were found by divers. Rescue work was complicated by muddy water up to 80 feet deep and currents that scattered the cars and pickup trucks thrown over the side.

A JUDGE DECLARED A MISTRIAL Thursday on grounds of "prejudicial publicity" stemming from a prosecutor's statement in the case of John Adamson, charged with the car-bomb murder of Phoenix, Ariz., investigative reporter Don Bolles. Adamson, a 32-year-old greyhound breeder, is the only defendant so far in the gangland-style bombing murder of Bolles. A motion to move the case out of Maricopa County, in which Phoenix is located, was denied by Superior Court Judge Frederick Heineman.

AN UNPRECEDENTED ASSEMBLY of Roman Catholics recommended Friday that American bishops lift the penalty of excommunication suffered by an estimated four million U.S. Catholics who remarried divorced and remarried U.S. Catholics. The vote came as bishops, clergy and lay Catholics met in Cobo Hall at a national "Call to Action" conference, aimed at drawing up programs to eliminate injustices in the church and society. The gathering also voted to have the American bishops pledge themselves "to reconcile separated, divorced and remarried Catholics within our community of faith."

PEACE MARCHERS and supporters of the Irish Republican Army clashed Saturday in Belfast in a bloody hour-long melee in which scores were injured. At one point protesters of the militant Provisional wing of the IRA trapped a large number of peace marchers—most of them women and children—inside a garage. When the melee ended the littered pavement outside the garage was streaked with blood. Perhaps 9,000 persons were involved in the fighting. For most of it, police and British army forces made no attempt to intervene.

TWENTY-FIVE PERSONS, trapped by a flash fire in a South Bronx social club, burned to death early Sunday when a violent flame argument transformed an irate lover into a firebomber. The club's only exit was down a narrow stairwell where the bomb was tossed and the fire reached its greatest intensity. Two other fire escapes were blocked by metal gates. The survivors, perhaps as many as 53 who were inside the small private club when the fire broke out, saved themselves by jumping from windows or braving flames in the stairwell.

THE CITY OF BERKELEY, Calif., may become the first city in the nation to charge admission. The federal Urban Mass Transportation Administration wants to have Berkeley take \$1 or \$2 a day from motorists driving on its streets and the city council is studying the proposal. The money would be used to pay for shuttle buses which would transport people from parking lots at the edge of town to their destinations in the city.

St. John Expansion to Benefit Community

Viewing with pride a model of planned expansion of Saint John Hospital, which incorporates three developmental planning phases, are, (from left to right): THOMAS K. FISHER, hospital president JAMES T. FARLEY, HUGH C. DALY, Sister PATRICIA MULLEN, SSJ, and C. BRADFORD LUNDY JR., all members of the

hospital's board of trustees. Saint John is embarking on a \$54.9 million project which includes the construction of a new clinical office building and a new concentrated care building. Completion of the total project is expected to be in 1980.

Meditation Not Held In GP Woods

Mediator Fails to Make Meeting; GPWPOA Decides to Resume Negotiations

By Roger A. Waha

No mediation session between representatives of the Grosse Pointe Woods Police Officers Association (GPWPOA), and the city transpired on Friday, October 22, because the mediator was unable to make the scheduled meeting.

Both sides had earlier mutually agreed that a mediator take part in the talks.

At the same time, no further mediation has been planned at this moment towards resolving differences regarding a new agreement which will affect 38 officers, including three corporals.

"We've decided to resume negotiations and conduct further bargaining," said Officer Michael VanDeGinste, president of the GPWPOA. "I felt it was necessary to try to reach a settlement with a focus upon the economic area."

In response to this initiative, City Administrator Chester E. Petersen said, "We are going to try to finalize the contract document itself and resolve any issues which have not been previously resolved."

He indicated both sides have tentatively agreed on around 97 percent of the issues, including non-economic.

Shores Public Safety Officer Honored for Saving Life of Girl

Gary Mitchell Cited by Village Officials, Public Safety Department in Rescue of Drowning 12-Year-Old This June

By James J. Njaim

Shores Public Safety Officer Gary Mitchell was presented a Citation of Merit Tuesday morning, October 19, for saving the life of a 12-year-old girl who was drowning in a swimming pool while at a class swimming party in June.

Shores President Gerald Schroeder, acting in the capacity of public safety commissioner, read the citation aloud and presented the document to the trustees for their signatures at the regular council meeting.

The document also will bear the names of Mr. Schroeder and Village Clerk Edmund M. Brady, who was absent from the meeting. The citation will then be suitably framed and presented to PSO Mitchell.

Training Cited

Following the reading of the citation, which gave the detailed accounts which merited the honoring of the officer, Public Safety Director Joseph Vitale pinned a white bar with a star on the officer's uniform, after which Officer Mitchell thanked those assembled for the honor bestowed upon him.

Officer Mitchell accepted the Citation of Merit and the bar, but gave credit for his action in saving the child's life to the training he received, which was made possible by the Village solons.

"What I did was just by chance," the officer said. "The other 19 members of the department, including Chief Vitale, would have

done the same thing.

"All the officers of our department have received the same training as I, thanks to the council, who made this training possible. I accept this Citation of Merit, with sincere thanks, on behalf of Chief Vitale, Sgt. James Jurcak, who submitted my name for the citation, and all the members of our department."

Two Blocks Away

"I am sure that the other officers of our fine department would have acted in the same manner. I just happened to be the officer nearest the scene and arrived first. It could have just as

Schools Show Student Loss

The fourth Friday Grosse Pointe school enrollment figures show a 3.7 percent loss of students for the 1976-77 year.

There are 10,730 students attending public schools this year, as compared to 11,146 last year. The administration had projected the loss would be even higher, at 450 students.

The figures put Grosse Pointe slightly above the rest of Wayne County, which showed an average 3.4 percent drop last year. Superintendent of Wayne County Intermediate School District, Dr. William Simmons, said the figures continue a trend of several years in the area.

"The decrease was anticipated due to the declining birthrate in recent years," Dr. Simmons said in a press release. "Unfortunately, it contributes to the financial problems of many school districts which will suffer a drop in state aid."

The department of public personnel of Pointe schools plans to make public next month a complete census of the district which was begun in May. The survey, which is undertaken every three years, provides vital information on the zero-four-year-old population as well as school age children and adults.

Citizens Pay Tribute To Mrs. Edsel B. Ford

Mrs. Edsel B. Ford, a woman who devoted her life to her family and to the City of Detroit, died Tuesday evening, October 19, after a long illness. She was 80.

Mrs. Ford died at 6:55 o'clock in Henry Ford Hospital. She had been admitted on Sunday, October 10.

She was the widow of Edsel Ford and was the mother of Henry Ford II, Benson, William Clay and Josephine Ford.

Blessed with grace, simplicity and fortitude, she took temporary control of the Ford empire in 1943, after the death of her husband, and authored the transfer of power from then 80-year-old Henry Ford to her son, Henry Ford II. A patron of the arts, she

was responsible for molding the Detroit Institute of Arts and the Detroit Symphony into cultural institutions renowned throughout the world.

After her husband's appointment to the arts commission in the late 20's, Mr. and Mrs. Ford took worldwide trips to study art and obtain the finest treasures available to donate to the museum.

Educational Leaders Oppose Proposition C

Often at Odds in The Past, Joan Hanpeter, Doris Cook Express Similar Views on Ballot Proposal

Two prominent Pointe educational leaders whose organizations have often been at odds in the past are now involved in a vigorous campaign to defeat Proposal C on the Tuesday, November 2, ballot. Joan Hanpeter, Board of Education legislative chairperson, and Doris Cook, president of the Grosse Pointe Education Assoc., (GPEA), have come out in opposition of Proposal C because of the effect such a state tax limitation measure might have on local taxes and the funding of vital services, particularly education.

The proposal calls for the limitation of all state taxes and spending to 8.3 percent of the combined personal income of Michigan.

With the increasing costs of providing state services, Mrs. Hanpeter believes that the proposed tax limit would create enough financial pressure to significantly increase local property taxes.

Calls Hike Unfair

"The money will have to come from somewhere and it will be from local taxes," she said. "For Pointe taxpayers who are already doing their part, such an increase would be very unfair."

According to Mrs. Cook, Proposal C would not only increase local taxes but also shift more of the financial burden of maintaining the existing levels of aid to education, health and public safety services.

"The passage of Proposal C will cause an additional increase in local taxes simply to hold the line in the educational programs as well as in other areas," she said. If local taxes would have to rise to sustain existing levels in vital services, meeting increasing costs of the future would present a greater problem.

Future funding problems created by the passage of Proposal C would inevitably result in drastic cuts in services, according to Mrs. Hanpeter.

Implications Viewed

Jaycees Offer Aid to Seniors

The Grosse Pointe Jaycees are offering all Pointe seniors citizens free rides to the polls on election day, Tuesday, November 2.

Volunteers will pick up seniors who cannot arrange to vote, drive them to the polls and return them to their homes.

The program is part of the Jaycees' "Get Out to Vote" project.

A ride may be arranged by phoning 881-8973 on election day, and the service will be provided from 9 a.m.-7:30 p.m.

Duties Listed

The new ordinance, passed at a recent council meeting, provides the legal basis for that change over, outlining the new administration, functions and responsibilities of the department. All City public safety personnel henceforth are "peace officers" and responsible for either police or fire work when directed.

The officers' new list of duties will include all those previously handled by the separate departments, from manning the dispatch desk, to prevention of juvenile delinquency, to traffic control and fire investigation.

The first step towards implementing the departmental reorganization will be to start training sessions, teaching police new firefighting techniques and transforming firemen into officers of the law. Mayor John King estimated that about 97 weeks will be needed to complete the training.

The program is being held up, however, by the firefighters' refusal to settle contract language providing for the training. The City had planned to use the firefighters to train police officers in fire work.

Contest Proposal

The firemen's contract is presently in arbitration and it is unlikely that the cross-training program can begin before the issue is settled. (Continued on Page 4)

Undertaking Comprises 3 Phases

Emphasis of \$54.9 Million Development Placed on Serving Needs of Community

By Roger A. Waha

A massive expansion program, which is budgeted at around \$54.9 million and which, as planned, should be completed within four years, has been undertaken by Saint John Hospital with an emphasis upon providing far reaching services for the community of which it's a part.

The proposed program, which covers three phases, was formally approved by the Greater Detroit Area Hospital Council in April and was recently approved by the Michigan Department of Health, which authorized the institution to proceed with the development.

In noting the ever-changing needs of health care and the fact that Saint John serves the community of eastern metropolitan Detroit, (an area with a population of nearly one million people), hospital president James T. Farley emphasized the hospital's role in the community and the growing needs of the area in relation to expansion.

To Obtain Bids

The first step towards implementation of the program was taken by the hospital's board of trustees, comprising 25 members, the majority of whom are Pointers, Friday morning, October 22, when a motion to proceed with the initial phase one project was approved.

It authorized the hospital's president and chief executive officer to proceed with the necessary projects to obtain construction and financing bids for the proposed clinical office building.

Projects included in this phase of the overall hospital development plan are as follows:

- Prepare for, obtain and evaluate bids for the clinical office building and the related mechanical services.
- Negotiate terms of the financing of the clinical office building as it relates to the

Girl Critical After Mishap

A 15-year-old girl is in critical condition in Saint John Hospital's intensive care unit after being struck by a van while riding her bike late Saturday morning, October 23, in the area of Lochmoor boulevard and Jackson avenue.

The hospital issued this report Monday morning, October 25, saying that Mary Miller, of Harper Woods, suffered head injuries and a ruptured bladder. Details on the accident are sketchy at this time as Woods police continue their investigation.

Lt. Peter Thomas reported the van, driven by a 16-year-old Detroit boy, was going south on Jackson and the girl was riding west on Lochmoor. She crossed Jackson and was struck by the van.

She was transported to Saint John by Officer Michael VanDeGinste and Sgt. William Lentz. In his report, Officer VanDeGinste said he saw the girl lying around 50 feet from the southwest corner of the intersection, several feet from the sidewalk.

The officer stated 200 pounds of oxygen were administered en route with the girl breathing on her own. No verbal response was obtained from her.

In his report, Officer Robert Rabe said he observed the van some 13 feet from the victim. The vehicle was resting against a tree, facing west, approximately 35 feet from the intersection.

Skid marks, he noted, were observed on Jackson with the left skid marks reaching around 108 feet and right skid marks, 99 feet.

Officer Rabe added the youth was unable to make any statement at the scene because of his nervous condition.

Measures Taken to Meet Onslaught of Vandalism

Local school and public safety officials said this week they have tightened security to prepare for the usual onslaught of vandalism that precedes Halloween trick or treats.

All school property will be specially guarded by groups of volunteer parents, school personnel and law enforcement officers working overtime to prevent the costly pranks. The buildings will be surveyed on Friday, Saturday and Sunday nights.

Although parent groups have been used to secure the schools for the past several years, Director of Support Services Ben Zenn said this year they're better organized and working closer with public safety groups than ever before. As a result, he expects them to be far more

effective than in the past. The measures are first in a series of actions promised by the Board of Education to stop the flow of tax dollars into costly, unnecessary maintenance of vandalized school buildings. Last year, Mr. Zenn estimated the school system paid \$27,000 to repair the damage done by student pranks.

The student unruliness came to a peak last June 1 when about 500 South High students gathered in Fisher road. One police officer was injured at that time, and several students arrested.

As a result, the school administration has held several meetings with community leaders and police officers to design a strategy to deal with the problem. (Continued on Page 8)

St. John Hospital Gears for Massive Development Program

(Continued from Page 1) financing of the overall development program phase one facilities.

Construct alternative electrical service to allow the clinical office building to start on schedule. Construction of this service is estimated to be \$275,000.

Spring 1978 Start

As proposed, the first phase, which is budgeted at around \$19.8 million, includes the clinical office building, which is expected to be completed in the spring of 1978. This new structure will be located at the east end of the present hospital building and will be attached to it.

The clinical office building will contain the private practice of approximately 75 physicians currently on the hospital's staff, as well as major ambulatory diagnostic services. A new coffee shop also will be included in this structure.

Other aspects of the phase one program as planned includes extensive renovation of the existing hospital buildings, including a completely new air conditioning system, renovation of obstetrics and pediatrics and renovation of kitchen and central support departments.

A parking lot containing 900 spaces also is scheduled for construction. This lot will be located between the new office building and a fence at the east end of the property. The second phase of the project, which is budgeted at around \$22 million, features the construction of the concentrated care building, which will be attached at the west end of the present structure.

Modern Services

It includes new services in surgery and radiology, a new emergency room, (viewed as a medium size hospital itself), and 47 intensive care beds. This project is expected to be completed in the fall of 1979 and Mr. Farley estimates it will be in the area of one and a half years before the board of trustees considers this phase for approval.

"The earlier we can do it, the more money we will save, and the community will have at its fingertips the services it needs," he stated.

In viewing the concentrated care building, hospital officials feel the services provided will be the most comprehensive and modern services available in eastern metropolitan Detroit, thus

forming the heart of the hospital's commitment as a major referral center.

The final phase at this time includes the inclusion of new services in psychiatry, alcoholism and substance abuse and renal disease. Plans for this phase are scheduled for completion in 1980.

Focusing upon the need and objective of the development program, Mr. Farley said, "First of all, without our either wishing it or desiring it, we have become the emergency center for the northeast quadrant of the area. A very large portion of our programs are designed to adjust our facilities and equipment to meet that need."

Emergency Picture

(In the area of need, the hospital is designated as a regional neonatal intensive care center).

In citing the amount of emergency room patients admitted over the past few years, Mr. Farley stated four years ago six percent of patients visiting the emergency room were admitted to the hospital. "Today, close to 12 percent of the patients coming to the emergency room are admitted. This is a significant change."

At the same time, he noted of all the patients admitted to Saint John, around 38 percent today are admitted through the emergency room.

Right now, the hospital is approaching a ratio of 70,000 visits per year and, last year, it had up to 65,000 visits. And an important aspect of those coming to the emergency room is in the changing nature of individual cases.

In comparison to past years, cases reaching the emergency room are of a more traumatic nature rather than the sniffles and colds, cut finger types. "The nature of our institution is changing and the program is designed to change the facility in order to care for the types of patients" (which the hospital services in the community), he said.

On Specialists

At the same time, Mr. Far-

(Continued from Page 1) and economic matters, e.g., fringe benefits. "We're in the process of preparing a final draft of the contract document for final review," he continued.

"The GPWPOA will submit in writing its latest economic package and we in turn will submit a counter proposal in writing so each side can assess its position before final negotiations," stated Mr. Petersen.

"I'm very hopeful at this time we can come to an agreement of mutual benefit to both parties."

Clarifies Point

A main focus at this point is a one-year pact, (for fiscal year 1976-77).

In last week's story on the then-scheduled mediation meeting, Armand Bove, GPWPOA attorney, cited several problem areas from the union's perspective. Because of his involvement in working towards a settlement for Shores officers, he inadvertently cited pension-related problems in relation to The Woods.

Mr. Bove made it clear last week that "pension isn't a problem in Grosse Pointe Woods," while noting the other areas were at one time viewed,

ley stressed the hospital isn't attempting to become large for the sake of growth. "Another objective is to put in place as many operational types of care, including ambulatory types of care, as possible," he said. Ambulatory care is defined as any treatment given to a non-bed patient.

A total of 605 beds were approved in the hospital's certificate of need and Mr. Farley feels the site has as large a number of beds as it ought to have. (The hospital owns 17 acres of property).

He expressed a hope that the clinical office building will house many specialists and that it will become a referral center rather than a primary care center, (in viewing the family practitioner).

"It's the intention that the office building will house many specialists and sub-specialists, although there may be a few primary care physicians," he stated, while noting that all such physicians shouldn't be gathered in one spot only but be at various locations.

Study Viewed

"The big change in the hospital is a change in the concentration of the care we have," noted Mr. Farley, who then reflected upon a study commissioned by the Metropolitan Fund around 30 years ago. This study, under the guidance of Anthony J. J. Rourke, MD, consultant, recommended that the Detroit Medical Center be formed around the Wayne University Medical School.

The study noted that three major peripheral hospitals be developed in the approximate locations of Saint John, Oakwood (in Dearborn) and Beaumont (in Royal Oak). Then the study was ultimately forgotten, he indicated.

At it turns out, today, the trio of hospitals have grown to be regional medical centers with direct relationships to the smaller hospitals around them.

At the same time, they are all related to the main medical center in the WSU area which incorporates such hospitals as Hutzel and Harper.

As time passes, needs change and Saint John's development program has resulted from an intensive study, which took three years to complete, of the health care needs of the northeast area.

Serves Community
The hospital serves the community in cooperation with other providers of health and welfare services in the primary care areas of pediatrics, obstetrics, internal medicine and family practice.

Officials say Saint John is the designated emergency service center for the Pointes, eastern Detroit and a significant portion of southeastern Macomb County. In relation to this, its role as a major trauma center reaches to the core of the hospital's service program and was a principle determinant in the scope of the development program.

In further exploring the program, the hospital reports it serves as the community's major referral hospital for services in select subspecialties of surgery, medicine, pediatrics and obstetrics.

The development program expands the hospital's role as a referral center into the

subspecialties of psychiatry, alcoholism, physical medicine and nephrology, officials say. Saint John's plan is to work closely with neighboring hospitals and with the Detroit Medical Center, too.

And the hospital notes, as a point of interest, that approximately one-half of its professional staff hold WSU faculty appointments.

Met in December

Controlling and containing health care costs, officials say, is a main and ongoing goal of Saint John. The development program, they note, contains many services which emphasize ambulatory care and other alternatives to costly inpatient services.

Officials feel ambulatory surgery and the ambulatory diagnostic center are examples of services which will reduce the cost of care to patients when compared to similar services provided on an inpatient basis.

In the area of steps of approval, the hospital's planning people met with the Greater Detroit Area Hospital Council's planning staff last December to discuss the format and content of the hospital's presentation to the council's planning committee.

At that point, the committee asked the hospital to consider a further exploration of seven areas of concern, e.g., clarification of service program priorities for construction and program implementation, concerns over potential overbedding and in depth financial feasibility studies, and return to the committee a second time.

Then this March, the hospital returned for a second presentation and the planning committee unanimously voted to recommend to the council executive committee its general endorsement of the hospital's long-term program.

Formally Approve

At the same time, Saint John was encouraged to file a formal application under the provisions of Act 256 for a certificate of need, and under a section of the social security amendments of 1972 to implement the program and construction projects with the council's support.

In April, the executive committee met and formally approved a motion committing the council to support Saint John's plans.

Next, the planning committee of the Comprehensive Health Planning Council of Southeastern Michigan approved the entire program. However, the group's execu-

Wanda the Witch Offers Halloween Safety Hints

By George Polgar Jr.

If you are old enough to have forgotten your childhood excitement with the coming of each Halloween then don't pooh-pooh Grosse Pointe's own Wanda the Witch — she's talking to you, too.

Wanda, (Barbara Lozelle), good witch of The Pointe, is sweeping down on her domain again this year to bring children and adults a message of safety to keep Halloween happy. Last week she arrived at the NEWS office with her police escort, Sgt. Charles Petrie of The Park, to deliver her itinerary and her safety tips.

Her first warning is directed at motorists. Wanda says that drivers should watch out for spirits. Now she wasn't very clear whether she meant the spirits who will be scampering from one house to the next or the ones party-goers may be indulging in that evening.

Either way it sounds like a good tip.

Motorists should remember the streets will be filled with children wearing masks that may restrict their vision.

Don't expect them to think about traffic when they're lugging a sack full of candy. Moms and Dads need a few reminders as well when they bid their ghosts and goblins happy haunting. Costumes should be made of light, white or reflective materials. Parents also should accompany trick or treaters under the age of 10 on their appointed rounds.

Older children should be briefed on traffic ground rules before they go out; age is no automatic exemption from accidents. Insist that streets be crossed only at intersections. Traffic lights should be obeyed and children should look both ways before crossing at streets where there are stop signs.

Parents should remind their children to save the evening's loot until they get home where the goodies can be inspected, separated and even shared.

Wanda wants all her Halloweeners to remember that the one night set aside every year for costumed kiddies is not a free ticket for foolishness and carelessness.

"If you know better than

dashing out into the street from between parked cars any other time of the year then you should keep it in mind on Halloween as well," she said.

Children should go trick or treating in groups for fun and safety. Leaves piled in the streets are not for weary candy collectors to snooze or play in. Matches should not be used as special effects to go with costumes, and play tricks unto others as you would have them played unto you.

Finally watch your manners and accept each treat with a thank you.

Wanda will be carrying similar messages to Grosse Pointe Academy, Saint Paul School, Maitre, Poupard, Richard and Defer Schools when she arrives Friday, October 29, to give the pupils their Halloween good wish blessing.

She'll be accompanied on each visit by a police officer from each of the Pointes.

Speaking of the police, they too, have some comments on Halloween and particularly for the mischievous.

Sgt. Petrie says that Halloween and devil's night, (the evening before Halloween), are busy times for the police. They don't always "get their man" but if they find someone with eggs stuffed in their pockets, the officers administer a vigorous frisking and send the offender on his way, eggs scrambled.

In case there is any confusion as to the correct date for beggar's night, it is by all reports still on the traditional October 31, Sunday evening.

Board to Talk With Senators

The Board of Education, PTO/PTA presidents and civic and community leaders will meet Monday, November 1, with Sen. John Hertel to discuss the political issues of public education.

The following week, the group will meet with Sen. William Fitzgerald on Wednesday, November 10.

Both sessions will be informal luncheons, from 11:30 a.m.-2 p.m. in the Conference Room of the Administration Building, 389 St. Clair avenue.

No, Wanda the good witch of The Pointe, (BARBARA LOZELLE), isn't getting a ticket for a double parked broom. She is just giving Park Sgt. Wanda will be visiting Pointe elementary schools on Friday, October 29, to deliver her safety tips directly to prospective trick or treaters. Halloween in the Pointes is on Sunday evening.

Hospital Area Dispute Ends

By George Polgar Jr.

Saint John Hospital officials and residents of the neighboring Kingsville, Raymond and Bournemouth roads have come to an amicable resolution of their differences through the good offices of Woods city officials, according to the hospital's Director of Planning Dr. Andrew Dahl.

After a meeting last week between hospital officials, residents, Woods City Administrator Chester E. Petersen and Councilman George S. Freeman, a majority of the residents were satisfied with the revised proposal of the hospital concerning a new permanent barrier facing Kingsville road and the condition of a vacant strip of land known as the Mack easement.

"Except for about two out of 12 of the residents who came to the meeting, they agreed to what we offered them," said Dr. Dahl.

What the neighbors got in their final agreement with Saint John was essentially what they have demanded since the beginning. The barrier on Kingsville road will be a brick wall, six feet high, 10 feet from the roadway

without any ingress or egress openings.

The Mack easement which was discussed at a recent Woods Council meeting will be plowed up, seeded and landscaped.

"As far as that piece of property is concerned, we never even knew that it was creating a problem," said Saint John president James Farley.

DEBUT OF STREETCAR

The first streetcar made its appearance on the streets of New York City on November 14, 1832. New Yorkers referred to the new conveyance as a "horse car" because it was drawn by two horses along tracks laid on Fourth Avenue between Prince and 14th streets. Each car had three compartments accommodating a total of 30 people. The fare was a scant 12½ cents.

Law Establishes DPS

(Continued from Page 1) Police officers agreed to take the fire training earlier this year.

The next important step to consolidate the departments will be the naming of a public safety director. The City has received 28 applications for the post, four from within the department, according to City Manager Thomas Kressbach.

Screening and examining the applicants will take at least two months, Mr. Kressbach said.

The City's firefighters hotly contested the council's proposal to combine departments on the grounds that it would reduce the effectiveness of the departments and increase fire loss in The City.

They failed to spur public concern over the matter with publicity campaigns early this fall and lost the battle

on Monday, October 4, when the council unanimously voted for consolidation.

May File Suit

Since that time, attorneys for the firefighters association have filed one unfair labor practices charge, alleging the administrators threatened the employees with dismissal for non-compliance with their proposals.

Firefighters' attorney Brendan Bolanowski said last week he was considering the possibility of filing another suit on the basis of the new ordinance.

The law, he said, may constitute a unilateral change in working conditions for the department, which is illegal while the two sides are in the process of arbitrating a contract.

As of press time, (Tuesday afternoon, October 26), he had not filed such a charge.

Presidential Election Set for November 2

(Continued from Page 1) Opponents of this proposition say that the construction of the regulation size baseball field with the accompanying bleachers and other fixtures will destroy the passive park concept which the council and residents agreed upon when the property was first acquired.

The opposition is based on the noise that baseball games and fans would bring to Three-Mile Park which many residents use for quieter pursuits.

Supporters of the proposition point to the fact that the issue is on the ballot at all is proof that it is a question of community initiative. They say that there is a need for such a facility in a community the size of The Park and that contrary to much discussion of who will be using the field it is intended

for children of the community.

Could Be Close

After months of primaries, two solid weeks of national conventions, three presidential debates and campaigns of gaffes and grandiloquence, only a hermit could be unfamiliar with presidential candidates Gerald R. Ford and Jimmy Carter.

The pollsters for either side—as well as independent opinion samplers—are coming up with different findings which means only that this election could be too close to call by election day.

Closer to home there is a bitter United States senatorial race between Donald Riegle and Marvin Esch. Though the polls had been showing Democrat Riegle in the lead by a comfortable margin, a "Detroit News" expose of Mr. Riegle's 1969 extramarital affair with one of his unpaid congressional office workers could hurt his chances. Again, this race may be too close to call.

Faces Veteran

In the 14th Congressional District, which includes The Pointe, Republican challenger John Getz, of The Farms, is facing veteran incumbent, Democrat Lucien Nedzi. In this race, Mr. Nedzi is favored, based on the momentum of his long tenure.

In the First District, incumbent Republican William R. Bryant Jr., is running unopposed.

There are five candidates running for one full eight-year regular term in the state Supreme Court, three others seeking to fill a six-year term and two others running for a two-year term. The six and two year terms are to fill vacancies occupied up to now by appointees.

For the court of appeals of the first district there are two openings, one for a full term and one for a two-year term to fill a vacancy.

Local Candidates

In the race for Wayne County Commissioner for the First District, incumbent Republican Ervin Steiner Jr. is being challenged by Democrat Val Huvaere.

The only local officers up for election are two slates of unopposed incumbents in Grosse Pointe Township and Lake Township, (the former being The Shores in Wayne County and the latter being the portion of The Shores in Macomb County).

In Grosse Pointe Township, the officers are Supervisor Gerald C. Schroeder, Treasurer Walter R. Frizzell, Clerk Thomas K. Jeffers, Trustee William Killebrew and Constables Don Haigh, Frank Jeffers, Albert Klick and Frank MacWhirter.

In Lake Township the officers include Supervisor Jay

Smith, Treasurer Carl E. Hedeon, Clerk Arthur J. Berk and Trustee John J. Zolad.

Voters also will have the opportunity to vote on a list of ballot issues.

• Proposal A would, if passed, prohibit the use of non-returnable bottles and cans for soft drinks and beer and also would require refundable cash deposits for soft drink and beer containers.

• Proposal B would, if approved, change the qualifications for the offices of state senator and state representatives to allow 18-year-olds to run. The present age limit is 21.

• Proposal C, if adopted, would limit all state taxes and spending to 8.3 percent of the combined personal income of Michigan.

• Proposal D would, if passed, replace the present flat rate state income tax with a graduated state income tax for calendar year 1977. Thereafter, rates and bases of state income taxes would be determined by the legislature.

Polls in all the Pointes will open at 7 a.m. and will close at 8 p.m.

'Coors Caper' Spawns Rumors

Rumors concerning the 405 cases of Coors beer confiscated by Farms police earlier this month are flying fast and thick, according to Farms Det. Earl Field.

"We've received all sorts of calls from people wanting the beer," he said. "Contrary to what the public may have heard, the brew has not been bought by a local civic group or by a well-known radio personality.

Any decisions along those lines have to be made by the state Liquor Control Commission. What they do with the Coors is up to them, once we turn it over to the state."

So, instead of chilling in someone's kitchen, the beer is currently sitting in the Farms Police Department's "cooler"—and we don't mean a refrigerator.

"PROPOSAL 'C' IS BAD PUBLIC POLICY"

GOVERNOR MILLIKEN VOTES NO ON C

"This proposal would turn back the clock. It increases the likelihood that the state will have to rescind the \$225 million dollars it now grants in property tax relief each year. That means higher local taxes.

It halts tax reform, since any further improvement in the state tax structure would take yet another constitutional amendment.

It would force budget cuts, and during recessions this is the very time when state services are needed most.

Proposal C is bad public policy, and has no place in our state constitution."

State Switches Time on Sunday

Many Michigan motorists will be driving home from work in darkness—the most dangerous period of the day—after the switch from Daylight Saving to Eastern Standard Time Sunday, October 31, at 2 a.m., according to the Automobile Club of Michigan.

There will be added safety for children walking to school because of the extra hour of daylight in the morning, but motorists will find the earlier arrival of darkness puts them on the road at the time most fatal traffic accidents occur.

"Nearly two-thirds of Michigan's fatal traffic accidents are the result of nighttime driving during the final three months of the year," stated Arthur Gibson, Auto Club's Safety and Traffic Engineering manager.

To adjust to driving in late afternoon darkness, he gave this advice:

- Reduce driving speed while increasing distance between other cars.
- Keep windshield, headlights and tail lights clean to insure maximum visibility.
- Be especially alert for pedestrians and bicyclists.

Park Police Arrest Mean Trio for Assaulting Kids

Three teenage boys, who physically assaulted younger boys without provocation, were arrested by Park police on Saturday, October 23. The beatings occurred within a 45-minute period, according to Lt. Gordon Duncan.

Arrested was a 16-year-old boy, who was the driver of a car, and two companions, one 15-years-old and the other 14-years-old. The victims, all younger boys, include one who was struck so hard in the mouth that his teeth went through his lower lip. Thirty stitches were needed to close the wound at Bon Secours Hospital where he was taken by Park ambulance.

The assailants were taken to The Park station and later released to their parents. They were informed that they would be contacted by officers of the Youth Services Division, (YSD), for further questioning and investigation.

Lt. Duncan said that the first assault occurred at 7:45 p.m., when the three subjects came to a stop at Grand Marais and Jefferson. One of the youths got out of the vehicle and asked a 13-year-old boy if he knew the name of another lad.

Before the youngster could answer, he was struck hard on the nose, after which the youth got back into the vehicle and the trio drove away.

At 8:20 p.m., another 13-year-old was accosted while walking from Saint Clare de Montefalco School, at Audubon and Charlevoix. One of the trio, it was not disclosed whom, got out of the car and asked directions to a certain street.

As the youngster pointed to the street, he was struck in the mouth with a fist and fled to the ground, his lip bleeding through the flesh. The three older boys again fled in their car.

At 8:30 p.m., the same three teen thugs came upon two boys, one 12-years-old and the other 13-years-old, at Cadieux and Kercheval. This time the three in the car got out, walked up to the younger lads and struck the 13-year-old in the head and face and the 12-year-old in the face with their fists.

The boy hit in the mouth had the presence of mind to note the make of car and the license number of the older boys and gave them to the police officers who arrived at the scene.

At 9 p.m., Sgt. Charles Petrie and Officer Alan Pretty saw the wanted car and occupants at Kensington and Jefferson, arrested the trio and took them to the station.

It was found that the boys, all white, were residents of Detroit. They confessed to the assaults and said they did it for no reason at all.

"The arresting officers did a good job and are to be commended for their alertness," said Lt. Duncan. "I cannot understand why these three boys did what they did. It must have been just pure meanness."

The parents of the trio were called and the teens were released until their custody until their appearance for questioning by the YSD.

Woods Okays SDM License

The Woods Council by a 5-2 vote approved a request for a new SDM license at Arnold's Inc., 20853 Mack avenue, at its regular meeting Monday, October 18.

Approval came after a brief review of past cases in relation to the issuance of such licenses.

City Attorney George Catlin said the municipality could send a communication to the State Liquor Control Commission stating the council's negative view as has been done in the past. But, he noted, the commission went ahead and issued the licenses anyway.

For his part, Councilman George Cueter said the council has an obligation to the health and welfare of the community. He felt the drug-store created traffic problems now and if the license was approved, further congestion problems would ensue.

However, Public Safety Director Henry Marchand in a memo to City Administrator Chester E. Retenard said his office had no objection to the issuance of the license to Arnold's.

In his communication, Director Marchand indicated Arnold's currently operates 30 stores, 29 of which have SDM licenses while 13 locations also have SDD licenses. He added the owner of the building housing Arnold, Inc., at the Mack address has no objection to the license issuance.

Councilman Ronald R. Kefauver, in view of Director Marchand's comments, he would move that the request be approved. Those disagreeing on the motion were Mr. Cueter and Mayor Benjamin W. Pinkos.

Proposal C Opposed

The Michigan Association of
School Administrators, the
Michigan Federation of
Teachers and the Michigan
Education Assoc., (MEA).
Gov. William Milliken, the
League of Women Voters,
the Michigan AFL-CIO and
other prominent groups also
are opposing the measure.
Locally, the GPEA has
taken out several hundred
dollars worth of advertising
to publicize the implications
of Proposal C. It also has
conducted an extensive leaf-
let campaign and has joined
with other education associa-
tions in Macomb County in
organizing a public informa-
tion booth at Eastland Sat-
urday-Sunday, October 30-31.

Hunger Group Plans Dinner

The Grosse Pointe Hunger
Coalition is sponsoring a
"Consumer Awareness" din-
ner and film on Thursday,
November 11, at 6:30 p.m.
at Saint Michael's Episcopal
Church, 20475 Sunningdale.

The dinner will include an
entree, salad, bread, dessert
and beverage. The film will
focus on United States Agri-
business. Donations are \$2.50.

Reservations should be
mailed to Mrs. Winnifred
Meredith, 1819 Littlestone
road, Grosse Pointe Woods.
For further information, call
884-1215 or 886-9703.

All proceeds will go to the
Cross Roads Food Center.

This public education cam-
paign is imperative, accord-
ing to opponents of Proposal
C because the measure may
win by default.

Not Well Known

A recent Market Opinion
Research statewide poll com-
missioned by the MEA shows
that only three of 10 voters
had heard of Proposal C, and
only two of those three could
explain what they thought it
meant.

Many opponents of Pro-
posal C feel that its support-
ers have misrepresented it
as a tax relief measure.
Some say the appeal of the
tax limitation wording of the
proposal glosses over the
fact that it offers no relief
for the state's deepening fi-
nancial crisis.

"Proposal C will greatly
inhibit the ability of our
elected state and local rep-
resentatives to deal effectively
with economic depressions
and will very likely precipi-
tate further financial diffi-
culties in our state," said
Mrs. Hanpeter in a release
from her office.

WOODS THANKED

A note of appreciation was
received by the Woods Coun-
cil from the associate execu-
tive director of the American
Diabetes Assoc. thanking the
sponsors for granting the group
permission to conduct its
Annual Diabetes Bike-a-Thon
through the city in early
May. Paul A. Attar reported
the association exceeded last
year's proceeds by some
\$2,000.

The fund, established by
Mrs. Ford after her hus-
band's death, enabled Detroit
to present magnificent col-
lections of art to the public.
It was for this fund that Mrs.
Ford wished to be remem-
bered, she told friends.

She was born Eleanor
Lothian Clay on June 6,
1896. Her father was William
Clay and her mother was
Eliza Hudson, sister to Joseph
L. Hudson, who founded the
J. L. Hudson department
stores.

As a girl, Mrs. Ford, was
schooled in dance and the
social graces. She met Edsel
B. Ford, the only son of
Henry Ford, fell in love and
married him on November
1, 1916. They lived in Indian
Village, then in Jefferson
avenue, and finally built a 60-

Point in The Shores.

A leader in the social
world, the Ford home was
the site of many gala parties

the gathering place for the
Ford family, hosting holiday
parties, debuts and dinners.

City Considers Liquor License

The Michigan Liquor Con-
trol Commission recently
granted a limited liquor li-
cense for a new shop in
Fisher road. "It—the petite
gourmet" will be allowed to
market packaged beer and
wine under the license.

City Council members, con-
sidering the move at their
Monday, October 18, meet-
ing expressed some concern
about the new license because
of the shop's proximity to
South High School. It is just
across the street.

Councilwoman Jeanette
Duffield said she investigated
the new store and concluded
it would pose no threat to
the sobriety of the students
as it is very small and ex-
pensive.

Farms Police Chief Robert
Ferber, who is responsible
for the South High area, said
he trusts there will be no
problem with the shop as long
as the new owners are "as
discreet with their sales to
students as other liquor out-
lets in the area are."

Although the Liquor Con-
trol Commission has juris-
diction over the granting of
licenses, the council can
make recommendations that
the commission will consider
in reviewing each case. The
council took no action on the
subject.

Save up to \$75 in your attic this winter.

Insulate!

Nobody likes higher Gas bills, including us at
Michigan Consolidated. But because the cost of Gas
we buy from our suppliers has gone up, your Gas bills
will be higher this winter than they were last year.

So it makes sense to stretch each dollar's worth of
Gas just as far as possible, and to keep your Gas bills
as low as you can. One way to do this is by insulating
your home.

Once again, Michigan Consolidated is offering a
low-cost Home Ceiling Insulation Program designed to
conserve Natural Gas and save you money.

Since the program's introduction nearly three years
ago, more than 115,000 of our customers have installed
ceiling insulation, and have cut their home heating
costs by as much as 17% each year. Based on current
Gas prices, this means you may be able to reduce your
own heating costs by as much as \$75.00, from what
they might be without insulation, starting right this winter.

If you do the job yourself, you should be able to
buy insulation for a home with 650 sq. ft. of attic space

for about \$125.00. That means you'll probably save
enough Gas to pay for the material in less than two
years. Our free Do-It-Yourself Insulation Handbook
tells you how. Pick one up at any of our customer
business offices or any participating retail outlet. Or
call or write, and we'll mail you a copy.

If you'd rather not do the job yourself, one of our
participating insulation subcontractors can. The cost?
About \$250.00 for homes with less than 1000 sq. ft. of
ceiling area. You can pay cash. You can pay 20%
down and pay the balance without interest over your
next three Gas bills. Or you can make extended pay-
ments at an interest rate of 1% per month on the unpaid
balance (ANNUAL PERCENTAGE RATE OF 12%).

So why not save money in your attic this winter
with our low-cost Home Ceiling Insulation Program?
We'd like to help you cut your heating costs, and we'll
both be working to save our country's valuable Natural
Gas supplies. We do care about your tomorrow.

VOTE NO To Higher Taxes

VOTE NO TO PROPOSAL D

Do You Know That PROPOSAL D Could Double Your State Income Tax?

HERE ARE THE FACTS

IF PROPOSAL D PASSES:

- Michigan's Constitutional ban on a graduated income tax would vanish. The Constitution as it now stands protects you from a graduated tax.
- You could be stuck with a whopping tax increase of almost 200 percent.
- Working families really get clobbered. Second incomes feel the biggest tax bite. Do you want to destroy the financial security of working families?
- After 1978, you have no say about your tax rate. The Legislature would be free to raise your taxes as high as it desires. And what will that be? 10%, 15%, 20%.
- The graduated income tax has been overwhelmingly rejected twice before.

You'd think they would have gotten the message by now.

Remember that the graduated Income Tax has been recommended by a splinter-group with special interest concerns—NOT BY THE STATE LEGISLATURE.

WE can't let them saddle us with the graduated income tax. .

Vandalism Measures

(Continued from Page 1)

While many ideas have been submitted, Mr. Zenn noted that right now they are still in the planning stages.

"It is going to be a year-long activity and we still have a great many mechanical aspects of it to consider," he said. Some of the problems being worked on now are school lighting improvements and posting "no trespassing" signs on school grounds, he added.

The problem of student vandalism "seems to defy readily available resources to prevent or reduce" the destruction, according to Superintendent of Schools, Dr. William Coats. For that reason, Dr. Coats said he also plans to involve more parent groups and student leaders in the search for a solution.

"A plan of action is needed now," Dr. Coats said, "be-

cause for the past several years periodic vandalism activities have given cause for serious concern both to school officials and taxpayers in the community.

"These incidents have occurred in all of the Pointes and by no means are limited to school properties, though the most serious incidents have happened at our high schools," he said.

The Board's first meeting on the subject, in September, was attended by 10 community leaders including councilmen and police chiefs. A number of suggestions were submitted including stricter student identification systems, limitations of student driving privileges and staggering dismissal times at the end of the school year.

Other suggestions at the September meeting were stricter penalties for student offenders and more parent surveillance of school activities.

Vandalism has been at its usual level thus far this year, with several thousands of dollars damage done in a South High boiler room which was flooded when vandals opened a near-by fire hydrant in September.

There also have been numerous reported incidents of broken windows in schools and businesses.

Girl Purse Snatcher Nabbed in GP Park

It is a very rare occasion that a purse snatcher is revealed to be a girl, but such was the case in The Park on Wednesday, October 20, when police arrested a teenager who knocked down an elderly woman, grabbed the victim's purse and fled the area on foot.

The woman, name withheld, who suffered a broken left arm when she fell, described the teen as a boy about 14- or 15-years-old.

The woman, according to information released by Lt. Gordon Duncan, told investigating officers that she was at Bedford and Charlevoix and was about to enter her house, when the juvenile ran up behind her, pushed her to the sidewalk and grabbed her purse. The victim fell on her arm, breaking it.

The thief was seen at Mack and Maryland, the woman said, and again at Nottingham and Charlevoix, and

still, again, at Bedford and Nottingham, where, the woman stated, the teen made an attempt to take her purse, but without success.

The young thief followed her to Bedford and Charlevoix and this time was successful in the theft, causing the resulting injury.

The purse snatcher ran west on Bedford between houses and disappeared.

Sgt. Bobby McAlister saw the suspect walking west on Vernor. A description of the thief fit the suspect and the sergeant, assisted by Officer Collin LaLonde, grabbed the youngster, who began to put up a fight demanding to be left alone.

The sound of the suspect's voice made the policemen do a double take and they discovered the person they had arrested was actually a female, who gave her age as 14. She said she resided in Detroit.

The girl was taken to the station, where she was later identified by the woman who had been robbed. The woman said she thought the person who took her purse was a boy because the thief's hair was Afro-style. The suspect also was wearing levis and a jacket.

The girl offered to take the policemen to the spot where she claimed she had tossed away the purse, but it was never found. The contents of the purse was not disclosed, Lt. Duncan said.

well been one of the other officers."

PSO Mitchell received a handshake and personal congratulations of Mr. Schroeder and the members of the council.

He was credited with saving the life of Janey Pekarek, 12, of 1245 Hampton road, now a seventh grader at Ferry School, who was on a picnic at the rear of a Hampton road home.

When the officer received an emergency radio broadcast of an apparent drowning at the Hampton site, he was only two blocks away. When he arrived at the scene, he was met by an unidentified woman who told him that a young girl might have drowned in the pool in the rear yard.

FIRM RETAINED

The City Council recently voted to retain the firm of Haskins and Sells to perform the annual audit for fiscal 1976-77. The projected cost, including printing, would be \$7,700 as compared to \$7,300 last year.

When PSO Mitchell entered the yard, he found a group of children surrounding the girl, who a brief moment earlier had been pulled from the pool. Her eyes were rolled back and she had stopped breathing.

Gasps for Air

The public safety officer turned the girl over on her stomach and applied artificial respiration. Within brief moments, Janey began breathing and gasping for air, just as Sgt. Jurcak arrived with the ambulance.

The sergeant administered oxygen at the scene, and after a few minutes the girl was placed in the ambulance and conveyed to Saint John Hospital. En route, she was breathing normally, it was said.

Sgt. Jurcak remarked at the time, "Officer Mitchell did a hell of a job," and recommended to Chief Vitale that the officer be cited for his action.

Chief Vitale, who was in the area with Harper Woods Fire Chief Howard LeFerver, also went to the scene.

Board Issues Budget Report

The Board of Education issued a budget report at a recent meeting showing they ended up spending about 3.4 percent less than planned for the 1975-76 school year.

The original budget for the last year called for more than \$18.5 million in general fund expenditures. The schools actually spent just under \$18 million, though, with the biggest real savings coming in special education and custodial salary categories.

This is the first such report compiled by the district and reflects a new budgetary process in central offices, according to Assistant Superintendent of Business Affairs Thomas Ott.

Past practice, Mr. Ott said, has been for the Board to make piecemeal revisions in their budget as was necessary throughout the school year. Last year, though, the Board chose to stand by their original document and then publicize variances in a single report after the final figures are in.

The move is aimed at improving the Board's financial credibility, Mr. Ott said.

"Before, few people were even aware that we were making budget revisions. This way, we're being responsible to the public for explaining the differences and accounting for why they were necessary."

Copies of the 11-page report are available at Board offices, 389 St. Clair avenue.

Rheumatism is actually a group of diseases which produce an inflammation of body tissue. Rheumatic diseases are not one of the newer afflictions of mankind. As a matter of fact, the Java man, who lived some five hundred thousand years ago, and the Neanderthal man, of some twenty-five thousand years past, were both victims of arthritis. The Arthritis and Rheumatism Foundation says: "More than ten million men, women and children in the United States suffer from some form of arthritis or rheumatic disease."

Prescriptions and non-prescription medications for rheumatism and arthritis are always available at THE PARK PHARMACY, 15324 E. Jefferson, Grosse Pointe Park. Orient Subject of League Film

The Grosse Pointe Cinema League will present "Oriental Potpourri," a 16mm movie by Lester Elliott, when it meets on Monday, November 1, in the War Memorial's Rialto Auditorium at 8 p.m.

Mr. Elliott, a past president of the league, has visited the Orient at least eight times. The film was photographed in May of this year and places special emphasis on the people and native dances of the countries visited.

There are beautiful views of picturesque Japan. In Taiwan, Republic of China, visit is made to the spectacular marble mountains of the Taroka Gorge, said to be one of the Seven Wonders of the Orient. It is here that the beautiful girls of the Ami Aborigines perform their tribal dances.

In Bangkok, Mr. Elliott

photographed the New Klong Section and the surprisingly modern glass-enclosed Thai markets, as well as rice fields and native dances.

The Balinese portion of the film shows colorful dances, plus fascinating views of the countryside and festivals.

There are unusual scenes of the colorful Aberdeen fishing village in Hong Kong, photographed from a rented skiff, steered by a girl through the busy activities of the harbor.

The Korean portion of the movie, in addition to native dancers, covers the special Bicentennial celebration at the Army Base.

The public is invited to attend the film portion of the evening without charge. The social hour following the program is limited to Cinema League members and their invited guests.

Woods Okays Sale of Cakes

A request from representatives of the Southeast Exchange Club to sell fruit cakes on election day, Tuesday, November 2, at two locations in the city was unanimously approved by the Woods Council. This action was taken at its regular meeting Monday, October 18.

In this communication to the council, Robert J. Hopkins, of Beaufait road, chairman of the club's fund raising program, asked permission to sell the cakes at city hall and the American Legion Hall in Mack avenue from 10 a.m.-7 p.m.

The profits would be used for the club's youth programs and also to aid the less fortunate at the Grosse Pointe Nursing Home. "In the past we have donated a wheel chair, TV sets and taken the patients on an excursion to Bob Lo and to the Bird Sanctuary in Canada," he noted.

"Our president, Charles Kirchner and immediate past president, Phil Lauri, are residents of the Grosse Pointes," added Mr. Hopkins. During the discussion it was made clear that the sale would be conducted on public property, i.e., not inside either building. The question of the need for liability insurance also was viewed.

City Attorney George Catlin felt it would be a good idea if such insurance would be furnished in this case and Mr. Hopkins agreed.

Councilman John Sabol inquired if all groups which have approval to solicit have to furnish such insurance.

Mr. Catlin replied this was mainly in the case of special

events, e.g., Kiwanis Club sponsored fireworks display, rather than Girl Scouts selling cookies at a local market. He said it was up to the council to set a policy regarding the furnishing of liability insurance.

As it turned out, the motion to approve the solicitation request didn't include a stipulation that such insurance be furnished in this case.

Forces Joined For Eye Study

As part of its program of continuing education for staff physicians, Bon Secours Hospital will join the Detroit Institute of Ophthalmology in presenting "Ophthalmology for Primary Care Physicians" on Saturday, November 6.

According to Richard C. Connelly, MD, director of medical education at Bon Secours, the day-long seminar will review new methods of eye examination and treatment.

"The purpose is to instruct our physicians in the primary care specialties in new methods of examination of the eyes," Dr. Connelly said. "The ophthalmologists will also discuss the means of determining which eye ailments are treatable by primary care physicians and which demand the attention of a specialist in ophthalmology."

Bon Secours Hospital has participated in continuing education since it first opened its doors to patient care. In 1944, the hospital's first formal staff meeting included a lecture by a physician on the subtleties of physical diagnosis. In the same year, Bon Secours' first resident was accepted for training.

This year, Bon Secours Hospital will present the Semmes award to its most outstanding resident on Visiting Professor Day, Wednesday, November 3.

At that time, Kenneth E. Lemmer, MD, FACS, professor of surgery at the University of Wisconsin Medical School, will address the medical staff on "Bleeding from the Gastrointestinal Tract."

Obituaries

Two Suspects to Face Trial in Circuit Court

Two persons, one charged with negligent homicide, and the other, with receiving and concealing stolen property over \$100, were bound over for trial in Wayne County Circuit Court following their examinations before Shores Municipal Judge J. Patrick Denis on Thursday, October 14.

Larry Anderlite, 17, of 1318 Yorktown road, who is charged in the August 7 traffic death of Mark Schoenith, 17, son of J. Lee and Shirley Schoenith, of 777 Lakeshore road, was released until his trial and his \$1,000 personal bond was continued.

James Lynn Thomas, 27, of 3024 Balfour, Detroit, accused in the theft of a car in Roseville, was remanded to the custody of the Wayne County Sheriff's Department in lieu of \$5,000 which he was unable to post.

The trial for both is set for Tuesday, November 2, according to Shores Det. Sgt. Frank Mustazza.

On the August date, Anderlite and Schoenith were traveling on Lakeshore, with Anderlite driving. He lost control of the vehicle, which left the roadway, a short distance from the Schoenith residence, and smashed broadside into a tree, shearing the car in half.

Anderlite suffered only head and knee injuries, but Schoenith's injuries were more serious. Both were taken to Bon Secours Hospital, where Schoenith died two hours after admittance.

Thomas was arrested on August 29, when an automobile he is alleged to have stolen in Roseville became stuck in the mud of a lot opposite 47 Fordcroft.

Shores Public Safety Officer Ronald Klotz, who was cruising in the area, observed two men trying to free the car from the mud and stopped to investigate and offer assistance.

While Thomas was looking for his license, and while the officer radioed his station for information on the car, the second man left the area on foot.

Later it was established that the second man was from another state, was visiting relatives in The Woods and had stopped to render assistance in trying to free the car.

Thomas claimed that the man who left the scene was the owner of the vehicle, but PSO John Frasad, while searching the car, discovered that its ignition had been punched out.

Another check on the Law Enforcement Information Network, (LEIN), machine at The Shores station disclosed that the auto had been reported stolen by Roseville authorities.

The accused man was formally arrested and charged in a warrant with receiving and concealing stolen property over \$100.

Warrants in the Anderlite and Thomas cases were obtained by Sgt. Mustazza, who conducted further investigation in both incidents.

Police Seek Girl's Molester

Law enforcement authorities say that a woman's best weapon against molesters is a loud scream and this proved correct on Wednesday, October 20, when a man grabbed a 16-year-old girl at Bedford and Essex, said Lt. Gordon Duncan.

The lieutenant reported that the girl was riding her bicycle around 8:35 p.m. while approaching the Bedford-Essex intersection, a man in a car drove up alongside of her and asked directions to a street. The girl gave him verbal directions and pointed toward the street he had inquired about, the teenager told police.

She said that the man then asked something like, "What was that?" and jumped out of his vehicle and grabbed the girl, putting his hand over her mouth while attempting to drag her to his auto.

Secretaries Put Off Vote

Grosse Pointe School secretarial workers postponed their planned ratification vote on a new three-year contract last Saturday, October 23. The group's president, LaVerne Groat, said that after several hours discussion she felt her membership still did not fully understand the new contract.

"We just ran out of time," Mrs. Groat explained, "so we rescheduled the vote for Thursday, (today, October 28), to give everyone more time to consider the issues."

The Board of Education announced Monday, October 18, it had reached a tentative agreement with the secretaries after about three weeks of bargaining. One source said the agreement included a straight seven percent pay increase for each year. No other details were made public.

Administrators voted 16-5 to ratify a new pay scale agreement with the Board on Friday, October 15. They have deferred discussion of merit pay and other non-economic issues until January, according to the group's president, James Cooper.

Fact-finding sessions are slated to begin with Dr. John Simpkins presiding on Monday, November 15, with the Board and the 600-member Grosse Pointe Education Association, (GPEA).

The Board formally rejected a GPEA proposal that it enter into binding arbitration instead of fact-finding earlier this week. The GPEA is now expected to request that the fact-finding be binding in response.

The Board has yet to settle with the custodial workers as well. A mediator has been requested by the custodians to help settle their contract differences but no progress has been reported yet.

Woods Clears Church B-E's

Four breakings and entries at Saint Michael's Episcopal Church, 20475 Sunningdale, were cleared and closed by Woods police last week when the suspect admitted his involvement in the incidents.

Garlon Crawford, 18, who was placed on one year's probation with the first six months in DeHoCo, (Detroit House of Correction), stemming from a breaking and entering of an occupied dwelling charge in Detroit, was interviewed Tuesday, October 19, in DeHoCo by Woods Det. Lt. Jack Patterson and Det. Charles Philip Hamel.

At that time, he admitted committing the break-ins at Saint Michael's on August 18, September 19, October 1 and October 2, police said.

Woods City Attorney George Catlin had recommended a warrant for Crawford's arrest charging him with larceny under \$100 earlier this month. Det. Hamel said a hold had been placed on the suspect, who will be brought to trial after he serves his six months in DeHoCo.

The detective added Crawford was a former employee at the church and that articles taken during the break-ins were mainly food.

The molester's intended victim pulled his hand away from her mouth and let out a piercing scream. The man released the girl, jumped back into his car and drove away at a high rate of speed. The girl told officers who arrived at the scene that her attacker was driving a 1971 or 1972 full size, beige colored automobile. She was unable to note the model of the vehicle.

The attacker was described as being a white male in his 30's, about 6' tall, around 200 pounds, of a stocky build and wearing a waist-length jacket.

The man's hair ranged from dark blond in front to light blond in the back. His face was round. He had a broad nose and rough complexion, possibly due to wind burn or chapping.

Anyone having information regarding an individual fitting this description should call Park police at 822-7400. Informants' identities will be held in the strictest confidence.

Bus Spruce-Up Set by SEMTA

The Southeastern Michigan Transportation Authority, (SEMTA), has begun an intensive program of upgrading bus service in the region by refurbishing and painting buses owned by the authority.

The buses being redone in this program are those SEMTA has gradually acquired over the last few years through purchase of the area's suburban bus companies.

The refurbishing work actually serves a two-fold purpose. The program will bring older model buses up to near modern standards, and it continues an identification program begun by SEMTA two years ago.

As different companies were purchased by SEMTA, buses of various colors and designs were added to the authority's fleet, making it difficult for customers to be sure just which buses in the region were SEMTA's and which were not.

To eliminate that problem, a new, modern color scheme and design were developed by SEMTA Supervisor of Graphics and Design, Jac Purdon. "The new design," said Mr. Purdon, "not only aids passengers, but gives SEMTA much greater visibility and clearer identity."

The current refurbishing work, made possible by portions of a recent \$10 million federal grant, will involve 47 buses, and bring the total of those completed to 150 out of a possible 180.

The buses are being painted and refurbished at the rate of five per week with "Emron," a new type of paint which is both more durable and attractive, as well as fade resistant. In addition to the exterior paint job, worn seats and flooring and cracked glass will be replaced, and the buses will be thoroughly cleaned.

• **GROSSE POINTE PARK POLICE and FIRE Have Had a 1.7% FACTOR for DETERMINING RETIREMENT BENEFITS for 30 YRS.**

• **GROSSE POINTE PARK POLICE and FIRE ARE ASKING YOU TO INCREASE THEIR RETIREMENT FACTOR FROM 1.7 TO 2% BY VOTING YES ON PROPOSAL NUMBER 1 WHICH DEALS with THE IMPROVEMENT OF POLICE AND FIRE PENSIONS.**

(YOUR POLICEMEN and FIREMEN REQUEST That YOU)
(VOTE YES on CITY PROPOSAL I, on the Nov. 2nd ballot.)

An affirmative vote will increase our pension factor from 1.7% to 2% per year of service. Over a period of thirty-three years, an average employment for retirement, this improvement would increase the pension received by about 10%.

We are not covered under **Social Security**, so our pension is the only retirement benefit that we receive for our years of service to the City and to you the residents.

The pension is a contributing type in which we contribute 5% of our gross annual salary each year.

There is no cost-of-living allowance built into the pension system so we can only expect to receive a continuance of the original annual payout during our retirement years.

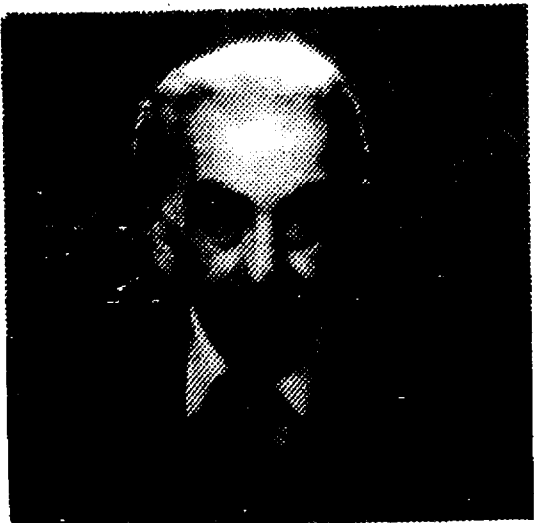

There is no automatic provision to cover continuing payment to a widow under the pension system, so if a retiree desires to have his widow covered in the event he preceeds her in death, he must reduce his yearly benefits by a substantial sum to cover her, based upon actuarial determination of her age at the time of his retirement.

There will of course be some catch-up cost to the City if this proposal is passed by you, the voter, but the enactment will not become effective until July 1, 1977 the start of the next fiscal year and we are confident that a surplus of the present budget will more than easily cover this cost.

We ask you to please vote **YES** on Proposal 1, which deals with improvement of Police and Fire Pensions.

Respectfully yours,
Your policemen and firemen

Two Suspects to Face Trial in Circuit Court

Two persons, one charged with negligent homicide, and the other, with receiving and concealing stolen property over \$100, were bound over for trial in Wayne County Circuit Court following their examinations before Shores Municipal Judge J. Patrick Denis on Thursday, October 14.

Larry Anderlite, 17, of 1318 Yorktown road, who is charged in the August 7 traffic death of Mark Schoenith, 17, son of J. Lee and Shirley Schoenith, of 777 Lakeshore road, was released until his trial and his \$1,000 personal bond was continued.

James Lynn Thomas, 27, of 3024 Balfour, Detroit, accused in the theft of a car in Roseville, was remanded to the custody of the Wayne County Sheriff's Department in lieu of \$5,000 which he was unable to post.

The trial for both is set for Tuesday, November 2, according to Shores Det. Sgt. Frank Mustazza.

On the August date, Anderlite and Schoenith were traveling on Lakeshore, with Anderlite driving. He lost control of the vehicle, which left the roadway, a short distance from the Schoenith residence, and smashed broadside into a tree, shearing the car in half.

Anderlite suffered only head and knee injuries, but Schoenith's injuries were more serious. Both were taken to Bon Secours Hospital, where Schoenith died two hours after admittance.

Thomas was arrested on August 29, when an automobile he is alleged to have stolen in Roseville became stuck in the mud of a lot opposite 47 Fordercroft.

Shores Public Safety Officer Ronald Klotz, who was cruising in the area, observed two men trying to free the car from the mud and stopped to investigate and offer assistance.

While Thomas was looking for his license, and while the officer radioed his station for information on the car, the second man left the area on foot.

Later it was established that the second man was from another state, was visiting relatives in The Woods and had stopped to render assistance in trying to free the car.

Thomas claimed that the man who left the scene was the owner of the vehicle, but PSO John Frasad, while searching the car, discovered that its ignition had been punched out.

Another check on the Law Enforcement Information Network, (LEIN), machine at The Shores station disclosed that the auto had been reported stolen by Roseville authorities.

The accused man was formally arrested and charged in a warrant with receiving and concealing stolen property over \$100.

Warrants in the Anderlite and Thomas cases were obtained by Sgt. Mustazza, who conducted further investigation in both incidents.

Police Seek Girl's Molester

Law enforcement authorities say that a woman's best weapon against molesters is a loud scream and this proved correct on Wednesday, October 20, when a man grabbed a 16-year-old girl at Bedford and Essex, said Lt. Gordon Duncan.

The lieutenant reported that the girl was riding her bicycle around 8:35 p.m. while approaching the Bedford-Essex intersection, a man in a car drove up alongside of her and asked directions to a street. The girl gave him verbal directions and pointed toward the street he had inquired about, the teenager told police.

She said that the man then asked something like, "What was that?" and jumped out of his vehicle and grabbed the girl, putting his hand over her mouth while attempting to drag her to his auto.

Secretaries Put Off Vote

Grosse Pointe School secretarial workers postponed their planned ratification vote on a new three-year contract last Saturday, October 23. The group's president, LaVerne Groat, said that after several hours discussion she felt her membership still did not fully understand the new contract.

"We just ran out of time," Mrs. Groat explained, "so we rescheduled the vote for Thursday, (today, October 28), to give everyone more time to consider the issues."

The Board of Education announced Monday, October 18, it had reached a tentative agreement with the secretaries after about three weeks of bargaining. One source said the agreement included a straight seven percent pay increase for each year. No other details were made public.

Administrators voted 16-5 to ratify a new pay scale agreement with the Board on Friday, October 15. They have deferred discussion of merit pay and other non-economic issues until January, according to the group's president, James Cooper.

Fact-finding sessions are slated to begin with Dr. John Simpkins presiding on Monday, November 15, with the Board and the 600-member Grosse Pointe Education Association, (GPEA).

The Board formally rejected a GPEA proposal that it enter into binding arbitration. Instead of fact-finding earlier this week. The GPEA is now expected to request that the fact-finding be binding in response.

The Board has yet to settle with the custodial workers as well. A mediator has been requested by the custodians to help settle their contract differences but no progress has been reported yet.

Woods Clears Church B-E's

Four breakings and enterings at Saint Michael's Episcopal Church, 20475 Sunningdale, were cleared and closed by Woods police last week when the suspect admitted his involvement in the incidents.

Garlon Crawford, 18, who was placed on one year's probation with the first six months in DeHoCo, (Detroit House of Correction), stemming from a breaking and entering of an occupied dwelling charge in Detroit, was interviewed Tuesday, October 19, in DeHoCo by Woods Det. Lt. Jack Patterson and Det. Charles Philip Hamel.

At that time, he admitted committing the break-ins at Saint Michael's on August 16, September 19, October 1 and October 2, police said.

Woods City Attorney George Catlin had recommended a warrant for Crawford's arrest charging him with larceny under \$100 earlier this month. Det. Hamel said a hold had been placed on the suspect, who will be brought to trial after he serves his six months in DeHoCo.

The detective added Crawford was a former employee at the church and that articles taken during the break-ins were mainly food.

The molester's intended victim pulled his hand away from her mouth and let out a piercing scream. The man released the girl, jumped back into his car and drove away at a high rate of speed. The girl told officers who arrived at the scene that her attacker was driving a 1971 or 1972 full size, beige colored automobile. She was unable to note the model of the vehicle.

The attacker was described as being a white male in his 30's, about 6' tall, around 200 pounds, of a stocky build and wearing a waist-length jacket.

The man's hair ranged from dark blond in front to light blond in the back. His face was round. He had a broad nose and rough complexion, possibly due to wind burn or chapping.

Anyone having information regarding an individual fitting this description should call Park police at 822-7400. Informants' identities will be held in the strictest confidence.

Bus Spruce-Up Set by SEMTA

The Southeastern Michigan Transportation Authority, (SEMTA), has begun an intensive program of upgrading bus service in the region by refurbishing and painting buses owned by the authority. The buses being redone in this program are those SEMTA has gradually acquired over the last few years through purchase of the area's suburban bus companies.

The refurbishing work actually serves a two-fold purpose. The program will bring older model buses up to near modern standards, and it continues an identification program begun by SEMTA two years ago.

As different companies were purchased by SEMTA, buses of various colors and designs were added to the authority's fleet, making it difficult for customers to be sure just which buses in the region were SEMTA's and which were not.

To eliminate that problem, a new, modern color scheme and design were developed by SEMTA Supervisor of Graphics and Design, Jac Purdon. "The new design," said Mr. Purdon, "not only aids passengers, but gives SEMTA much greater visibility and clearer identity."

The current refurbishing work, made possible by portions of a recent \$10 million federal grant, will involve 47 buses, and bring the total of those completed to 150 out of a possible 180.

The buses are being painted and refurbished at the rate of five per week with "Emron," a new type of paint which is both more durable and attractive, as well as fade resistant. In addition to the exterior paint job, worn seats and flooring and cracked glass will be replaced, and the buses will be thoroughly cleaned.

Know Your Schools

By Dr. William Coats,
Superintendent of Schools

At the October meeting of the Board of Education, the trustees gave formal approval to a document entitled "Curriculum Guide and Program of Studies for the Elementary School."

Although its specific contents had been approved by Boards of Education over the years as a series of separate actions, this is the first time that a comprehensive, single document had been produced in this school district.

We have been sharing the curriculum document with interested parents by making it available at PTO meetings which have been held since the Board took its recent action. Copies also are available to anyone in the community who is interested in seeing the scope and sequence of our elementary curriculum.

Recently, in reviewing the curriculum document, it occurred to me how strong elementary education in Grosse Pointe is in what are commonly called "the basics." But today's label for reading, writing and arithmetic are a bit more comprehensive than they used to be. The terminology that is used today is employed for good reason.

GATLING GUN

Richard J. Gatling patented his forerunner of the machine gun in November 1862. The gun, which fired many shots in rapid succession, was given Gatling's name and was used in every war for half a century until it was declared obsolete in 1911. Twenty years later, however, the name "Gatling" was still around in abbreviated form. Prohibition-era gangsters often referred to their firearms as "gats." A Gatling gun is on display at Henry Ford Museum in Dearborn.

For example, "language arts" is a more descriptive term than reading and/or writing, since today's program includes the basic communication skills of reading, literature, composition, punctuation and capitalization, spelling, handwriting, usage, grammar and listening.

In keeping with modern learning theories, these skills are taught in an integrated, life-centered context, with more time devoted to reading than to any other single subject in the elementary school curriculum.

Other "subjects" taught in modern elementary school are mathematics, science, social studies, art, music and physical education.

In addition, an enrichment program is available for elementary pupils who are maintaining at least a satisfactory level of achievement in their basic program and who have demonstrated special talent and interest in one of the areas of enrichment offered by the school district.

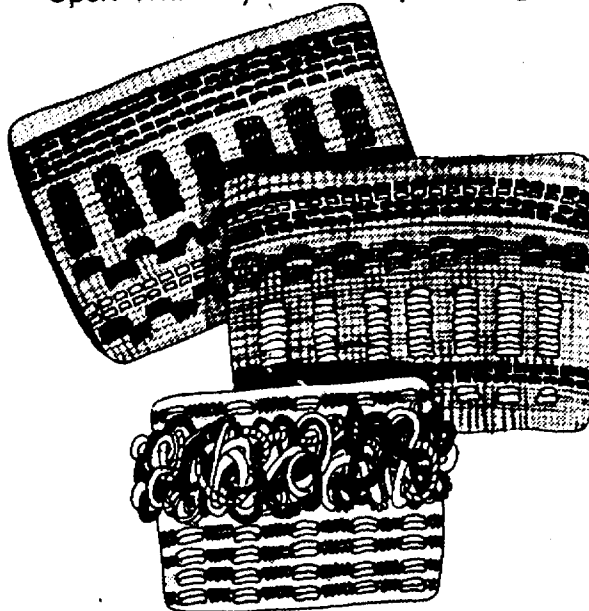

Special units of study have been developed in four basic areas: language arts, mathematics, science and social studies.

For example, in language arts program, five of the offerings are "Best in Books," "News and Views," "On Stage," "Wonderland of Words" and "Young Authors."

I believe that our elementary curriculum, which is basically a good one, will become even better with the recent administrative realignment that permits the employment of a director of elementary education.

This person will have the primary leadership responsibility of working with principals and teachers in the implementation and improvement of the elementary curriculum.

Open Thursday and Friday evenings

You are invited... on Thursday, October 28 from 1:00 P.M. till 4:00 P.M. and 6:00 P.M. till 8:00 P.M., a noted artist, Cynthia Ann Savell, will demonstrate the art of weaving at our Grosse Pointe store.

Miss Savell works primarily with natural fibers, wool, silk, cotton and mohair in her richly textured pillows. Her framed "fiber graphics" are achieved by her own original techniques and often include fine leathers.

Concerning the Election

Voters will have a chance next Tuesday to take a giant step toward a much-desired goal of eliminating at least a portion of our disgraceful litter problem.

State Proposal A on the ballot seeks to stop the use of non-returnable containers for beer and soft drinks. It would also ban the use of "pop-top" beverage cans.

Our streets, highways, sidewalks, parking lots and lawns have long been the targets of a veritable avalanche of debris, carelessly discarded or intentionally tossed by extremely sloppy or moronic individuals. Despite what the beverage purveyors say, the containers of their products constitute a very large percentage of these disgusting deposits.

With the diminution of can and bottle throw-aways, more attention would be focused on the gum and candy wrappers, cigaret packages and butts and varied items that make up the other litter that insults our aesthetic senses. This should engender a step-up in action to produce total elimination of the refuse aggravation.

Oregon adopted such a law despite intensive and costly opposition by the beverage faction, and extensive skepticism by a large percentage of the voters. Recent surveys have shown amazingly satisfactory results and almost total agreement of the residents that enactment of the law was a very worthwhile accomplishment. Let's profit by Oregon's experiment.

Tuesday's election could well be one of the most important in the history of our country. Never has one been more publicized. Anyone not familiar with the views of the candidates and all the issues involved, has only himself to blame. It is to be hoped that every qualified voter will cast a ballot.

One closing confession. The thought that President Ford or Senate candidate Marvin Esch might be defeated almost makes me actively ill.

Composers' Directory Set

Acting upon the recommendation of its Music Advisory Panel, the Michigan Council for the Arts and Western Michigan University are producing the first comprehensive directory of Michigan composers in over 30 years.

Dr. Robert Fink, chairman of the Department of Music at WMU, will direct the project, scheduled for late fall publication.

The directory is aimed at identifying serious composers and their major compositions in the areas of orchestra, chamber and choral music, music for band or wind ensemble, jazz, opera or ballet music and electronic computer or multimedia works.

Identification of the artists and their works should facilitate the utilization of Michigan composers by Michigan music organizations. The publication will be made available to music organizations, associations and educational institutions throughout the state, and to those of other states upon request.

According to Dr. Fink, locating composers will be a problem; particularly those not associated with composition departments in the major universities. Readers are encouraged to contact composers they know to make sure they are aware of the directory.

Further information may be obtained by contacting Dr. Robert Fink, Department of Music, Western Michigan University, Kalamazoo, Michigan 49008, or Rosemary Twomey, Music Liaison, Michigan Council for the Arts, Detroit, Michigan 48226, at 256-3495.

A heated political argument has been cited as a perfect example of an irresistible force meeting an immovable object.

Letters to the Editor

To the Editor:

The "Coors Caper" makes me cry, too. Deliberately destroying \$8,000 worth of anything when so many worthy causes are begging for money is truly sad. Crime shouldn't pay the criminal but it also shouldn't penalize the rest of society. It cost you and me and the citizens of Grosse Pointe to just move the beer. It will cost more to destroy it. Wouldn't it be nice if it could be auctioned off to reimburse us, pay the state its due and provide a lift for some worthy cause—playground equipment, medical equipment—you name it?

Of course, local beer producers probably wouldn't go for this but a little outside competition might improve the quality of their product.

They could be high bidders on the Coors. I wonder what your readers might think of this?

Sincerely,
Brendan J. Klein
Of Calvin road,
Grosse Pointe City

To the Editor:

Grosse Pointe Park possesses a true gem in the Three Mile Park. The area is quiet and peaceful and grows lovelier by the year as the original plantings mature. Areas such as this are fast passing from our grasp. Let's not lose this one to swimming pools or the proposed baseball field, but keep it as it is.

As one of the original petitioners to save this land for park usage, I feel very strongly about its preservation. The citizens of Grosse Pointe Park were promised that this would be a quiet park. This could never include a baseball field.

If we feel we must spend \$15,000 from the city's general fund, why not use it to further beautify the park land as it is? In a few years these same young ball players, (and their parents), will be glad to have this unspoiled land.

Little and Babe Ruth League baseball is dandy in its place. Its place is not at Three Mile Park. Please vote

What Goes On at Your Library

By Arthur Woodford
Chief of Central Library

This year marks the publication anniversary of one of the best known novels of all time — GONE WITH THE WIND. It is astonishing to reflect that Margaret Mitchell's single published book became, within six months of its appearance on June 30, 1936, one of publishing's landmark successes.

Today, GWTW is still one of the most widely read novels. For example, of the seven copies owned by the Central Library alone, five were in circulation the morning I checked.

To date over 7,000,000 hardcover copies of the book have been sold and of course, printings continue. There have now been 85 printings; the book has never gone out of print since 1936 and continues to sell about 25,000 hardcover copies a year. (Avon, which has the paperback rights, sells annually 10 times as many).

In addition, this year there is to be a new edition of the novel, with an introduction by James Michener.

Along with this new edition of GWTW, the publishers, Macmillan, have issued this past month MARGARET MITCHELL'S GONE WITH THE WIND LETTERS: 1936-1949, edited by Richard Harwell.

At the time GWTW was published and for years afterward, Margaret Mitchell, (or Peggy Marsh, as she was known in Atlanta), corresponded with reviewers, historians, movie people, editors, strangers and friends about her novel. Here is a long-awaited collection of those letters, and they make marvelous reading. The letters cover the years from publication of the novel to 1949 when Margaret Mitchell was killed in an automobile accident at age 49.

What Margaret Mitchell wrote and how she wrote it reveals so much about her and her response to her incredible success; she emerges, in what is itself a fascinating chronicle, as a quiet yet vital woman with a gift for laughter and friendship, and for hard work and the kind of levelheadedness that helped her meet fame head on.

An earlier, (1973), book about the movie that is in our collection is Gavin Lambert's GWTW: THE MAKING OF GONE WITH THE WIND, (Little, Brown).

This account begins with the story of the Selznicks, David and his father Lewis, and how David came to buy GWTW and what went on with the casting.

Mr. Lambert describes the stars of the film: Clark Gable, so unsure of his talent; Vivien Leigh, so rightly sure of hers; Leslie Howard, who was bored and embarrassed by the project; and Olivia de Havilland, who endured the innumerable upheavals on and off the set.

The author retells, with a lavish use of still photos in black-and-white, such details as the authenticity of the furniture and props. This is a good study on how a film is made and should be enjoyable reading for anyone who enjoyed the movie.

'Noise' Upsets Shores Citizen

Nelson Galle, of Hampton road, appeared before The Shores trustees Tuesday morning, October 11, to answer a complaint of a neighbor who allegedly charged that a new air conditioning system he recently installed to take care of a two-room addition to his house was making too much noise.

The conditioner, according to the neighbor, was disturbing the peace and quiet of the area and annoyed her considerably.

Mr. Galle, in answering questions put to him by the Village solons, said he was mystified by the complaint. He said he has a central air conditioning unit for the older section of his residence, which hardly makes a sound, and which takes care of that part of his home.

However, when he added the two rooms, it was necessary to install a separate air conditioner to service the additions.

Apparently, Mr. Galle said, the noise that is so disturbing to his neighbor must be coming from another source, perhaps another house close by—because his new air conditioner has not yet been wired to the electrical system by the contractor.

Jewels & gems

by Jerry Valente

Modern jewelry is generally a part of dress and it changes with changing fashion. The mode for short hair has helped to make jewelry about the ears and neck even more decorative today. Also important today is casual dress, and dress which demands natural look jewelry, especially that made out of wood and other natural or found materials. The casual look is here in precious and semi-precious stones as well—and it is especially effective to see the light of fine stones glimmering from beneath short curls.

At VALENTE JEWELRY, 16601 East Warren at Kensington, Detroit, 881-4800, we invite you to come in whether you are presently contemplating the purchase of a piece of fine jewelry or not. If you are looking for something truly different, we have a wide variety of one-of-a-kind items on display. As designers of fine jewelry since 1934, we are very favorably known throughout the area for our integrity and high degree of professional workmanship.

Salvation Army Sale Approved

The Woods Council unanimously approved a request from the Salvation Army Harbor Light Control Center to conduct its annual sale of the Christmas "War Cry" Magazine in the city.

This action was taken at the regular meeting Monday, October 18.

The sale will be conducted on Saturdays, December 4 and 11, from 10 a.m.-5 p.m. Proceeds will be used in the Salvation Army's rehabilitation program, according to Capt. John C. MacDonald.

Shores Installs Outside Meters

By next spring every home in The Shores will have an outside water meter, according to a report submitted to the Shores Council Tuesday morning, October 19, by Trustee Robert C. Palmer, who is in charge of the program.

Mr. Palmer informed his colleagues of the approximately 925 residences in The Shores, all but 56 obsolete meters will have been replaced by employees of the Department of Public Works.

The obsolete meters are such that it will take time to purchase new pumps to which the outside meters will be attached.

This cannot be done before spring.

The School of Packaging at Michigan State University, the first of its kind, is the major consulting source for the world's packaging industry.

The pump replacements will be paid for by the Village, but each home owner is charged \$25 for the outside meter, which is the actual cost for each unit, Mr. Palmer said. The Village does not make a cent on these units and uses DPW labor to install them.

He said the removal of the obsolete pumps will be done during the winter, as fast as new ones are received. This entails considerable time and work, he noted.

He stated there has been some opposition to the new outside meters, but objections were very few.

Mr. Palmer said the new meters will enable water department personnel to obtain an accurate reading of water consumption from each household, without bothering citizens who must allow meter readers to enter homes to check basement meters as under the old system.

Beautification Group's Funds' Bid Under Study

By Roger A. Waha

A recommendation from the Beautification Commission that site development specifications for the proposed Veterans Memorial Parkway project be approved, along with a recommendation that the city apply for a federal grant in the amount of \$140,000 to finance the plan, was unanimously referred to the Committee of the Whole for further study by the Woods Council.

This action was taken at its regular meeting Monday, October 18.

The application, as planned, would be under the \$3.7 billion public works jobs bill which President Gerald Ford signed earlier this month.

In the event such funds wouldn't be forthcoming, the commission at its Wednesday, October 13, meeting, recommended that the council give immediate approval to the funding of a portion of the proposal so the initial phase of this Bicentennial project could begin. This would be in the amount of \$19,600.

These cost estimates were prepared by Eichstedt, Grissim, Young and Associates, landscape architects.

The objective of this proposal is "to make an outstanding Bicentennial contribution in 1976," said Dr. Albert C. Howe, commission chairman, in an effort toward honoring the country's veterans over the 200-year period. An emphasis upon beautification also is stressed.

As proposed in the \$140,000 package, the area most affected would be Vernier road from the Harper Woods border to a location past Mack avenue going towards The Shores.

The cost estimate breakdown, prepared by John N. Grissim, shows the following: 62 coach lamp type light poles at a cost of \$62,000; an automatic pop-up sprinkler system, \$29,750; and two entrance signs indicating "Veterans Memorial Parkway" at the Harper Woods border and on Vernier road near Mack, incorporating brick walls, a flagpole at the Harper Woods border and possibly lights, \$12,000.

Other estimates include the planting of 150 flowering trees, e.g., crabapple, dogwood and redbud, \$9,750; the planting of 60 evergreens, e.g., spruce and pine, \$5,400; the planting of 40 shade trees, e.g., maple, oak and ash, \$4,800; new street signs, i.e., entrance signs, plus paving at Mack and "Veterans Memorial Parkway," \$3,600. A contingency amount of \$12,700 also makes up the overall total.

Dr. Howe said if the application for the federal grant fails to materialize,

the commission would ask the council for the \$19,600 amount so the program could begin.

Under this figure would be the two entrance signs, including brick walls, at \$12,000, four coach lamp type light poles with two at each wall, \$4,000, and the new street signs and paving at Mack and the "Veterans Memorial Parkway," \$3,600.

Dr. Howe indicated his hope that all the work would be done over a period of time, perhaps several years.

As proposed, the plantings would be on a solicitation basis, i.e., offered to Woods citizens whereby residents could make donations to purchase trees, for instance, in memory of a relative, who's a veteran, or in memory of any American veteran dating back to the time of George Washington.

In further exploring the goal of the project, Dr. Howe said The Pointe has the War Memorial which is a wonderful thing.

But, to him, the veteran is "somewhat of a forgotten segment of society." While noting no one likes to think about wars, he felt through history there have been many discouraged veterans who return from battle, whose "bright life has been cut short in many, many ways."

When they do return home,

they often don't fit into society, stated Dr. Howe. "I like to think we're giving this recognition to the people who served our country in its time of need, over a period of 200 years, to keep alive the fact that people have served and sacrificed."

At the same time, he stressed, "This would be a great thing for the aesthetics of the city, too," while emphasizing the proposal, if implemented, would be like a "national boulevard" with qualities of refinement and beauty.

Three Eligible for Cash, Trip

Three Pointe residents are eligible to win \$1,000 and a free trip to Scotland as a result of scoring holes-in-one recently at the Country Club of Detroit.

They are Mrs. Hugh Daly, of Edgemont road, Walter L. Van Goethem Jr., of Pear-

Tree lane, and Mary Whims, of Cloverly road.

Their aces qualified them for the Rusty Nail Hole-In-One Sweepstakes sponsored by the Drumbie Company of Edinburgh, Scotland. The winner of the 15th annual competition will be announced early next year.

YSD Seeking NHS Arsonist

The Youth Service Division, (YSD), is currently investigating four separate arson incidents at North High School which were belatedly reported to Woods police earlier this month.

In one instance, someone set fire to a chair in practice room one, "C" building, while in another case somebody set fire to a toilet seat in a boy's restroom, "C" building.

Then, fire was set to a trash receptacle in the southwest hall of the "A" building and this extinguished itself.

The final report was of a fire in the boy's restroom, "B" Building. Investigation showed that a plastic toilet seat and paper tissue had been ignited. Heavy smoke damage to the ceiling, a destroyed toilet seat and some tile damage to the wall resulted.

YSD Det. Stuart Gerow is investigating these incidents.

Another attempt is being made by the Babe Ruth League of Grosse Pointe, Inc. to require the City to install a full-size, regulation baseball/soft ball field, with bleachers for 100 spectators, at the Three Mile Drive Park, to be used everyday, including Saturdays and Sundays, by organized baseball teams from neighboring cities and the Park. The Babe Ruth League, a franchised organization, competes in district, regional, state and national tournaments and moves from city to city.

This would change the beautiful lake-side Park into an athletic field for organized baseball, destroy the private, quiet, recreational area of the Park, and open its use to all other communities.

Grosse Pointe Park residents, through their City Council, already support the Babe Ruth League and the Little League with substantial cash contributions. Elworthy Field is partially supported by the Park, and, yet is not used at all by organized Babe Ruth League teams after early July because they participate in the championship tournaments. In addition, several athletic fields are provided at the several schools in the Park.

The Three Mile Drive Park, purchased and maintained by the residents of Grosse Pointe Park, should be available only to its residents and their chosen guests, not by outsiders.

Any present promise that the baseball field would be limited to Park residents and controlled by the Pass System now in effect cannot be fulfilled because developing competition of the League with other cities, would force a change in the future.

No other Grosse Pointe City provides a full size regulation baseball field at any lake-side park.

We believe the passive character of the Park, must be maintained for our residents, and that several additional recreational facilities should be added so that the entire park is utilized.

Let us have more tennis courts, with a Tots Care Center, ice-skating rinks, with a shelter, several soft-ball back-stops, golf putting green and garden plots for school children and other facilities.

Police Hunt Sex Deviate

Park authorities are searching for a male suspect, who, on four separate occasions indecently exposed himself to young girls.

The latest report, according to Lt. Gordon Duncan, indicated that the suspect was active at Windmill Pointe drive and Westchester at 6:40 p.m. on Friday, October 22.

The lieutenant said that a man fitting the description of the suspect is wanted for the same offense in several communities in the Detroit area. On the Friday date the man was reported to have stopped his car next to two girls standing at the Windmill Pointe drive-Westchester intersection. He then exposed himself and made obscene remarks. When the girls ran from the area, the man drove away.

"This kind of a man can become dangerous," said Lt. Duncan, "and should be locked up before he hurts or kills someone. The fact that he has done this several times in our city and is wanted on complaints from other communities points out that he has an unstable mind."

"The description of the suspect leads us to believe it is the same person in each case, here in The Park and elsewhere."

The suspect is described as being white, about 24-26 years-old, with long, shoulder-length, dark brown hair and possibly having a mustache. At times he has been known to wear a colored bandana to hold back his hair, it was said.

When last seen he was wearing dark trousers, or possibly dark jeans, and a dark jacket. He was driving an old model station wagon.

Walk-A-Thon Boosts High School Fund

Marching to help their fellow students, 750 boys from the University of Detroit High School held a Walk-A-Thon on Friday, October 22, along Lakeshore road. The 10-mile trek from Vernier road to Belle Isle was held to help raise funds for the

school's Grant and Aid Scholarship Fund, according to Roger Barris, president of the Student Senate. "Although the total figures aren't in yet," said Roger, "it looks like we've gone over our goal of raising \$20,000."

RESIDENT'S PET HURT

A Ridgemont road resident told Woods police Monday afternoon, October 18, that his cat came home bleeding in the area of his right shoulder. The cat was taken to an animal hospital where an X-ray disclosed a .22-caliber pellet under his breast bone. The resident had no idea when or where the cat was injured.

A community meeting will be held on Thursday, November 11, in the Board of Education Office, 389 St. Clair avenue, at 1:30 p.m.

The meeting will explore the concept of the Widowed Persons Service and depending on the number of people in attendance the need for such a service in this community.

Lee Baldwin of Washington, D.C., the national coordinator of Widowed Persons Service, will speak at the meeting to members of a number of Pointe area groups including the Senior Men's Club, Family Life Education Council, (FLEC), the Neighborhood Club, Parents Without Partners and others.

"TALKING MACHINE"

Thomas Edison announced his invention of the phonograph in November 1877. So unique was this new "talking machine" that the United States government granted Edison a patent only three months after his announcement. Later applications, from then until 1926, gave him a total of 186 patents on the phonograph alone.

Hungarians Plan Program

Detroit-area Hungarians, including several Pointers, will celebrate the 20th anniversary of the October 23, 1956, revolution with a commemorative program on Sunday, October 31, in the Marble Hall of the Holy Cross Roman Catholic Church at 3 p.m.

The church is located at 8423 South Street, Detroit. The Hungarian Freedom Fighters Association of Detroit has invited Tibor Tollas, editor of the international freedom fighters newspaper, "Nemzetor," to be guest speaker at the program. Mr. Tollas was imprisoned by the communists after their takeover of Hungary. He won his freedom during the 1956 revolution and escaped to the West.

About 35,000 Hungarian refugees found new homes in the United States after the events of 1956. Several hundred of them live in the Detroit area and many of them in the Pointers.

Woods Trying To Sell Land

An offer to purchase a vacant piece of land at the old Marter road pumping station site was turned down by the Woods Council at its regular meeting Monday, October 18.

The bid came from Peter LaFata in the amount of \$15,000.

Mayor Benjamin W. Pinkos indicated a sale could not be negotiated without advertising for bids on a low bid basis. The city has been unsuccessful in earlier attempts to sell the property.

City Administrator Chester E. Petersen recommended to the council that the municipality re-advertise for bids in an effort to sell the land, with the minimum bid being \$17,500. (A minimum bid for an earlier attempt was \$21,000). The council unanimously agreed with his recommendation.

EDUCATION COSTS

The cost of educating a child in Michigan last year ranged from \$845 in Missaukee County's Lake City Area Schools to \$2,183 in Oak Park, the State Board of Education reports.

Retain JUDGE Robert J. COLOMBO
Circuit Judge
Rated "OUTSTANDING"

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

Efficiency in Government: "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."

Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."

Woods Okays Walk-a-Thon

A request from the Business Office Education Club, of (BOEC), of North High School for permission to conduct a walk-a-thon was unanimously approved by the Woods Council at its regular meeting Monday, October 18. A stipulation of the motion was that the route be coordinated with public safety department.

The tentative date for the event is Saturday, November 6, beginning at 12 noon.

"This year, the Michigan Association of BOEC will be participating in a national project to raise money for special olympics," said Kathleen Ramant, chairman, Julie Mitchell, co-chairman, and Paul A. Pierron, coordinator, in a letter to the council. "Our chapter would like to raise money through a walk-a-thon called 'BOEC Walks for Special Olympics.'"

It's anticipated part of the route will be through The Woods so the council's approval was needed.

MAXWELL RESIGNS

The Woods Council at its regular meeting Monday, October 18, unanimously accepted the resignation of Richard E. Maxwell from the Insurance Commission, and authorized that he be given a certificate of appreciation. Mr. Maxwell's company transferred him to Chicago.

SHS Girls Tie for State Honors

Tying for first place in the state "Class A" tennis finals over Friday-Saturday, October 22-23, at Midland are members of the girls tennis team of South High School. The team beat out 16 other teams in tieing with Portage Northern High School for top honors. The girls in the front row, (from left to right), are LORI

WOOD, KIM PIERCE, SUE TRAN-SUE and PAM PIERCE. In the back row, (from left to right), are coach STEPHANIE PRYCHITKO, BARB WARREN, JENNIFER TEWES, DENISE BEAUFIT, LISA WOOD, LEE ROBINSON and CAROLYN REISIG.

Area Hospitals to Offer Diabetes Detection Tests

Free blood-screening tests to detect diabetes will be available again this year at Saint John, Bon Secours and Cottage Hospitals during the observance of Diabetes Week, the week of November 8.

Testing is limited to persons who are not known to have diabetes and who are over 18 years of age.

The presence of diabetes may be indicated by excessive thirst and urination, loss of weight, itching, constant hunger, easy tiring, slow healing of cuts and scratches and changes in vision.

Some 34,710 persons were tested by 134 agencies in 46 counties last year. Of these, 587 were diagnosed diabetic by their physicians. Diabetes can be effectively controlled by a physician through diets and medication.

The Michigan Diabetes Association, a United Fund Agency, will provide the follow-up for "positives," and those tests outside the normal range, with a letter to the person tested and one to the physician indicating that further evaluation is needed.

Persons who do not hear from the association within eight weeks may assume the

test results fell within the normal range.

Persons coming for testing at any of the three hospitals should bring the name and address of their family physician with them.

The testing at Saint John will be done in the conference room on the lower level of the new Center for Health Education between 9-11:30 a.m., Tuesday, November 9, Wednesday, November 10, and Thursday, November 11.

The Bon Secours Hospital laboratory will offer the tests between 8 a.m.-1 p.m., November 8-12.

Cottage Hospital will test between 9 a.m.-12 noon, November 9-12.

Persons planning to be tested are advised to eat a hearty meal two hours before these tests.

NHS Harriers In Invitational

By Diane Marsteller

The freshman and sophomore cross country teams of North High School traveled to Bay City to compete in an invitational on Saturday, October 23. The freshman team took first place and the sophomore team took home the runner-up trophy.

Jim Schmidt led the frosh race with a time of 16:27. Wright Wilson, also from North, finished in fifth place, while Steve Lugo was sixth. Dan VanVliet was seventh and John Buccacink finished in ninth place to give the freshman team its winning total of 28 points. Chris Lynch was 14th and Jim Mel-drum was 18th.

The Norsemen won the meet and St. Louis was second with 62 points. Flint Daly was third with 98 points.

North harriers also did well in the sophomore race with Dave Schepke finishing in fourth place at 16:40. Dave Hoffman was sixth and Brian Kennedy was 19th. Bill Cobau was 34th and John Przeslawski was 35th. Kevin Burns and Rich Taylor were fifth and sixth man, respectively, for the Norsemen.

The Royal Oak team won the meet with 72 points. The Norsemen were second with 98 points and Flint Northern was third with 109 points.

The Norsemen varsity ran against its cross town rivals on Thursday, October 21, and beat South, 15-50. Ed Hammer won the race with a time of 16:07. Dale Savage at 16:13 was second and Dan Beck was third at 16:28.

Steve Brandt was fourth and Luke Przeslawski was fifth. Mark Kennedy and Joe Ciavino were sixth and seventh, respectively. In eighth place was South's first runner, Steve Behm.

Coach Tom Gauerke was pleased with all performances and is looking forward to the state regionals on Saturday, October 30, at Metro Park.

Pointe Lions Drop 2 of 3

A rain-soaked Elworthy Field was the site for the Grosse Pointe Lions' annual Parents Day celebration.

The Pierre Middle School band played the national anthem as a color guard headed by the Ninth Central Region Coast Guard Auxiliary color guard, flanked by players from the Lions and their St. Clair Shores Green Hornets opponents, raised the Lions Bi-centennial flag.

Parents Day activities, planned by board members, Andrea Reeder and Tom Gibney, included the traditional ceremony where the parents of the players and cheerleaders accompanied them onto the field as they were individually announced before each game.

The Lions freshman game set the tone for the day as the slippery conditions were clearly instrumental in the final outcome, a scoreless tie.

Head coach Gary Reeder complimented his team for a fine overall effort. Coach Bill Fournier noted that his offensive line several times blocked well enough to key a touchdown but the backs were felled by the muddy going.

Coach John Whelan named Steve Reynolds, Mike Seward, J. B. Valente and Chris Welsh for special praise for tough offensive line play.

Meanwhile, coach Tom Landau singled out quarter-

Norsemen Top Lakeview, 36-6

By Bob Evanski

North High School kept up its total domination of the Bi-County League after walking over Lakeview last week, 36-6.

The onslaught was led by the powerful running of half-back Steve Arthur who scored twice. Dave Walz also scored two touchdowns on passes from quarterback Rob Burns.

The Norsemen led 14-6 at halftime after Arthur scored on a 29-yard run. Then Burns hit wide receiver Walz with a five-yard touchdown toss. Karl Tech contributed two extra point kicks to close out the first half scoring.

North really opened it up in the second half as Arthur blasted through for a 13-yard score and Tech added another extra point to make it 21-6. Burns found Walz open again and threw up a 25-yard pass that the sure handed receiver hauled in for a 17-6 lead.

Late in the game, Burns ran one in from inside the 10-yard line for North's last touchdown and Tech booted a field goal.

Tight end Paul Radman had a super day as he caught five passes for sizable gains. The Norsemen also had five interceptions with Ken Humes and Bryan Patmon getting two apiece and lanky Harry Gemuend getting the other.

Senior guard Gary Sham commented on the victory, "Our passing game has improved vastly over the last couple of games and our defense sure proved why we are number one this year in the Bi-County."

North now takes its perfect 4-0 BCL and 5-1 overall record back to its home field when they take on Roseville Braltec-Saturday, October 30, at 2 p.m. This will be Parents' Day at North.

GP Red Barons Top Roseville

The Grosse Pointe Red Barons traveled to Roseville to challenge the always aggressive Rebels at the Roseville Junior Sports Park on Sunday, October 24, and won two games, tied one and dropped one.

In the freshman game, the Red Barons scored three quick TDs and then hung on to preserve a 20-0 victory. Cedric Patmon and Greg Fleming, behind superb blocking along the line of scrimmage, accounted for the TDs.

Ross Kovanda, who had a fine day through the air for the Barons, passed to David Balcerzak for one PAT and Fleming added another to complete the scoring.

Greg Lambrecht sparked the defense with a third quarter interception to thwart a Rebel march. Tom Poirer, Mark Tocco, Barry Sutton, Chris Piche, Chris Bingamen, Matt Spadafora and Dan Kopitzke played fine defensive football.

The powerful running of Bill Crow set up a one-yard TD burst by Brian McGivern as the Red Baron junior varsity squad downed Roseville, 7-0. The Red Barons faithful had little else to cheer about until, with less than one minute remaining, the Baron defense held inside its own two-yard line.

Mike Bartoszewicz, John Fischer, Joe Barolo, Tim Sheridan, Mike Marasco, Brian Hopp and Chris Turzak anchored the defense. Ken Sanders intercepted a pass and Turzak recovered a fumble to contribute to the win.

At the varsity level, Jamie Keough scampered around end for the lone TD as the Red Barons battled Roseville to a 6-6 tie. The blocking of Buck Garner, Chris Neal, Chris Krucki and Pat

Girl Tankers Win for NHS

By Nick Manzella

The North High School girls swimming team upped its record to 6-2 on Thursday, October 21, as they easily defeated Star of the Sea, 128-41.

The Norsemen took the lead from the start and never relinquished it in winning 10 of the 11 events. Jenni Elle led the way, capturing first in both the 50-yard free style (2:25) and the 100-yard backstroke (4:10).

The relay teams, which have both qualified for state action, also were victorious. The medley relay, (Margaret Wittmer, Patti Hallmann, Ann Hoffman, Jenni Elle) won in 2:01.1, while the 400 free relay, (Margaret Wittmer, Ann Hoffman, Priscilla Langs, Patti Hallmann), finished with a time of 4:04.

Lisa Stout won the diving competition with 161.65 points, while Jody Stout finished second, scoring 150 points.

Many of the girls were swimming in events they usually don't compete in and coach Peggy Leston commented, "The team, as a whole, did well in its events."

The teams are currently about halfway through its season. They have five more dual meets, the next one at Fraser on Tuesday, November 2, along with two invitationals. Following these meets, the swimmers who qualified, compete in the state championships.

North has already qualified five individuals and all relay teams for the meet, to be held December 31 at Central Michigan University.

Cottage Hospital Hopes To Remodel Nurses Area

The administration of Cottage Hospital wants to repair and remodel its nurses residence, and has asked the state to approve the project, according to a news release from the Michigan Department of Health's Office of Information and Education.

In keeping with the requirements of state and federal regulations, a Certificate of Need to cover the proposal has been requested from the Division of Health Facility Planning and Construction of the State Health Department.

Among other things, the proposal calls for the construction of a new roof on the building, replacement of leaking windows and replacement of the antiquated heating, plumbing and electrical systems.

The hospital plans to spend an estimated \$303,000 on the project, and would like to have it completed by November 1977.

Plans for the renovation of the nurses residence are just in the preliminary stages, according to Ralph L. Wilgarde, Cottage Hospital administrator.

"We have not yet gone to the City of Grosse Pointe Farms for a building permit," he said. "We feel that we should wait until the renovation now being done to the old part of the hospital complex is completed. That work will probably not be finished until the spring of 1977."

"I don't see how anything can be started toward re-

Pointe Busing Foes Disband

The board of directors of the Grosse Pointe Residents Against Busing held its annual meeting on Tuesday, October 12. It was the unanimous vote of the board to disband the organization as of December 1.

In accordance with the by-laws, any pledge holder desiring his donation must mail the pledge certificate along with a stamped, self-addressed envelope to P.O. Box 15006, U.S. Post Office, 14500 Kercheval avenue, Grosse Pointe Farms 48210, no later than Thursday, November 18.

After that date, all remaining monies will be donated to a Grosse Pointe charity or non-profit organization, as decided by the board.

Neighborhood House Settlement served the people of Corktown for over 100 years before it was torn down to make way for the Lodge Freeway. The Settlement is no more, but its active women's board, composed largely of Pointers, remains.

Its 40 members meet in Grosse Pointe to channel inherited funds toward a dozen charities.

Grosse Pointe was a recipient of the board's largesse earlier this month, as the Neighborhood House Settlement women gathered in the Grosse Pointe Central Library, Kercheval avenue at Fisher road, to present their gift to all Pointe children.

The bronze "Boy and Bear," created by Marshall Fredericks, is a memorial to Mrs. Ralph Thomas, of Merriweather road, a long-time, devoted member and past-president of the Settlement board.

The sculpture now graces the Grosse Pointe Library's Children's Reading Room, thanks to tributes sent to the board by Helen Hines Thomas' countless friends across the country.

Following the presentation, officers of the Friends of the Library, Mrs. Howard Robinson, Jr., current board president, and Mrs. Wesley R. Johnson presided at a small reception.

The women then went on to the Tonnancour place home of Mrs. Kimball Buckminster, where they were entertained at luncheon.

Though younger women now serve faithfully for this 119-year-old organization, there are eight who have been on the board FORTY years, and are still going strong. They are Mrs. Carl B. Grawn, Mrs. Ezra W. Lockwood, Mrs. John R. Decker, Mrs. Gage W. Cooper, Mrs. Frank N. Isbey, Mrs. Louis B. Hyde, Mrs. Neil Bentley and Mrs. Crawford Frost.

DIA Founders Elect Pointers

Among new trustees of the Founders Society Detroit Institute of Arts are Mrs. Joseph L. Hudson, Jr., of Ridge road, and Mrs. Wilber H. Mack, of Country Club drive, elected to three-year board terms.

Jean Hudson, who has been active at the Detroit Artists Market and in early planning for Michigan Artrain, was a member of the Merrill-Palmer Corporation and on the board of the Planned Parenthood League. Currently, she is a trustee of the Center for Creative Studies.

Lois Mack has been a Founders associate trustee. She served two terms as chairman of the museum's Women's committee, and is currently chairman of the

Detroit Grand Opera Association season. She is a member of Merrill-Palmer Corporation.

The board of trustees represents some 11,000 Founders whose contributions underwrite museum programs and services, including all levels of the Education Department, all special exhibitions and publications and, most crucially, the continuing purchase of works of art for the permanent collection.

Honorary board chairman is William M. Day, of Winthrop place. Mrs. Gaylord W. Gillis, Jr., of Merriweather road, is a vice-president.

Dr. Frederick J. Cummings, director of the Detroit Institute of Arts, is executive director.

popular, traditional Christmas coffee and petite auction.

Funds raised via the auction are allocated to Delta Gamma's Aid to the Blind Fund. The Association is presently engaged in Pre-School Vision Screening, in cooperation with the School System.

All Delta Gammas in the area are welcome to participate in Association meetings. Any who have not previously attended a meeting are asked to call the local alumnae president, Dorothy Cowan, at 886-8040.

The Michael Worhachs

Wedding vows were spoken by KATHRYN DIEHL and Mr. Worhach, son of the Michael Worhachs, of Binghamton, N.Y., Saturday, September 4, in Saint Clare de Montefalco Church. The bride is the daughter of the Robert J. Diehls, of Buckingham road.

AAUW Council Meets Nov. 6

Regionalism—how it affects urban-suburban living in expanded metropolitan areas—will be the topic under discussion at the American Association of University Women Interbranch Council's ninth annual meeting, scheduled for Saturday, November 6, at the First Presbyterian Church of Royal Oak.

The workshop, co-sponsored by Regional Citizens, Inc., will feature Robert Farley, executive director of the Denver Council of Governments, formerly with SEM-

COG in the Detroit area, speaking at the morning session on the Future of Regionalism.

Small group discussions during the afternoon will focus on such specific regional services as transportation, health, recreation programs and government costs. Julie Evans, a member of the SEMTA board of directors, will lead the transportation sessions.

Twenty branches of the American Association of University Women in southeastern Michigan comprise the Interbranch Council. Mrs. Jane Iahy, of the Rochester Branch, is chairman of the day.

Kay Kirby, of the Grosse Pointe Branch, is handling publicity for the 9:30 to 2:30 o'clock program.

Zion United Methodist Women State Festival

Women of Zion United Methodist Church in Chandler Park drive, at the corner of Neff road, will become costumed salespersons Friday, October 29, offering Christmas novelties and decorations, handicrafts and baked goods at their Fall Festival.

Booths open at 1 in the afternoon. A snack supper will be served from 5 to 7 o'clock. Two lots are available for parking.

Mrs. Hazen Hennig, of Beaconsfield avenue, is in charge of the Christmas Booth. Pointers Mrs. Frances Falk and Mrs. Sylvia Youngman will sell the baked goods. Mrs. Ellsworth Anthony, chairman, is in charge of Circle leaders and members.

Among featured items are stuffed animals, dolls, toys and games, aprons, linens and house plants. A Promise Tree will offer surprises, a Country Store edibles.

Mrs. Charles Bowman is president of the Church Women. Mrs. Warren Hardy is vice-president. Mrs. Ray Allen is treasurer.

September Rites For Kathryn Diehl

Michael. Stephen Worhachs Vacation in Maine and Nova Scotia after Early Autumn Wedding; They Are at Home in Connecticut

The wedding of Kathryn Diehl and Michael Stephen Worhach Saturday morning, September 4, in Saint Clare de Montefalco Church, was followed by a reception at the Grosse Pointe War Memorial, after which the newlyweds left to vacation in Maine and Nova Scotia.

They are making their home in Newington, Conn., where the bridegroom, who received his Bachelor of Science degree from Kings College, Wilkes-Barre, Pa., and his Masters degree in Business Administration from the University of Massachusetts, is an account manager with the Burroughs Corporation, Hartford.

The bride, who received her Bachelor of Arts degree in Economics from Michigan State University and her Masters degree in Economics from the University of Michigan, is an analyst in the Operations Research Department of the Hartford Insurance Group.

She is the daughter of Mr. and Mrs. Robert J. Diehl, of Buckingham road. Mr. Worhach is the son of Mr. and Mrs. Michael Worhach, of Binghamton, N.Y.

covered her bodice. Her lace-edged, fingertip veil fell from a beaded lace cap, and she carried a cascade of white roses, stephanotis and daisy mums.

Mrs. John J. Murphy, the former Nancy Diehl, was honor matron for her sister. Bridesmaids were four other sisters, Mrs. James C. Guy, the former Diane Diehl, and Janice, Linda and Lisa Diehl, and Lynn Viehmann, of Gaitersburg, Md.

All except Lisa wore mint green, sleeveless frocks of nylon knit, with matching chiffon capes, and pale green picture hats banded in mint green lace.

They carried cascades of yellow roses and white daisy mums.

Lisa Diehl, the bride's

youngest sister, who led the attendants into the church, wore a yellow gown trimmed in white lace. Her white picture hat was banded in yellow lace, and she carried a basket of yellow and green dried flowers.

Thomas Worhach was his brother's best man. Guests were seated by John Worhach, another brother, Todd Lingoski, of Annapolis, Md., Ira Barkan, of Newark, Del., and Robert Diken, of Fords, N.J.

The mother of the bride wore a long-sleeved, V-necked, formal length yellow knit. Her corsage was a green orchid. The bridegroom's mother chose flowing green chiffon, with a gold and green brocade jacket, and a yellow orchid corsage.

Goodwill Juniors Feature Antiques

Many Pointers Are Involved in 29th Annual Market-Sale, Which Opens with Advance-Ticket Preview Wednesday Evening, November 10

The Junior Goodwill Antiques Market and Sale returns to Dearborn's Fairlane Manor Thursday, Friday and Saturday, November 11, 12 and 13, with a gala, admission-by-advance-ticket-only preview slated for Wednesday evening, November 10.

Honorary co-chairmen Mr. and Mrs. Ernest A. Jones, Mr. and Mrs. Robert B. McCurry, Jr., and Robert L. Green will be on hand to greet preview guests, together with Mrs. David McGill Batey, president of the Junior Group, and the show's general co-chairmen Mrs. Robert Kennedy and Mrs. Warren Boos.

Shirley Kennedy is, of course, a Pointer: resident of Trombley road — and next week's "Pointer of Interest."

Other Pointers who are serving as committee chairmen this year include Fran (Mrs. Gordon) Tanner, of Lincoln road, in charge of advance tickets, catalogue editorial chairman Marion (Mrs. Joseph) Perry, of Lewiston road, and advertising assistant Eleanor (Mrs. Bruce) Hines, of South Oxford road, and Ann (Mrs. Geoffrey) Welshe, of Touraine road, in charge of costuming.

Sharing dealer hospitality and advisory board responsibilities are Beverly (Mrs. William A.) Champion, of Lewiston road, and Doris (Mrs. Max) Gardner, of Barclay road.

Mary Bodkin, of Trombley road, heads the Junior Juniors.

Lectures by outstanding authorities on antiques are scheduled for 10:45 o'clock each morning of the show. Marge (Mrs. Bill O.) Brink, of Edgemere road, is in charge of these programs, which open with Preston Reid, discussing Antique Toys Thursday, November 11.

Early American Furniture will be William Lyman's topic Friday, November 12. James Rutkowski will speak on Early American Indian Arts and Crafts, (with special emphasis on "Michigan Tribes"), Saturday, November 13.

Over 3,000 jars of home-canned goods—pickles, jams, jellies, sauces, et al — stock the Goodwill Juniors Pantry Shelf, supervised by Dolores (Mrs. John F.) Fralick, of Sunningdale drive, and Jane (Mrs. Clark) Hinkley, of University place.

Betty (Mrs. Norman) Bolz, of Winthrop place, is overseeing the Bake Shop's home-made goodies.

A new - this - year Greenhouse, offering small plants, many in unique containers, is the responsibility of Gerry (Mrs. Robert E.) Dice, of Sunset lane.

Marie (Mrs. Thomas J.) Murphy, of Harcourt road, and Ruth (Mrs. Sheldon) Drennan, of Lakecrest lane, are in charge of patrons; Peggy (Mrs. Owen F.) Keeler, of Merriweather road, and Betty (Mrs. Thomas) Fox, of Radnor circle, of personnel.

General publicity chairman Mary Beth (Mrs. Harry) Melien, of Lakeland avenue, is also handling posters and handbills. Special contacts publicity is the province of Marcy (Mrs. Roger) McNeill, of Windmill Pointe drive.

Advisory board member is Betty (Mrs. Arnold) Fuchs, of Roslyn road.

The 29th annual show sponsored by the Junior Group of Goodwill Industries will feature 46 dealers from many

tiqers Supper" will be served by Fairlane Manor in the North VIP Room Thursday and Friday evening.

Special features include the traditional Goodwill Booth, where fine furniture and antiques donated during the year to Goodwill, lovingly restored to their former beauty, represent a true value to buyers.

This year's items include several fine, antique chests from the early and mid-19th century, and many attractive, small cane and rush-seated chairs.

The Country Store will sell

cheeses, old-fashioned candies and "Shotzels," a new item similar to a bite-sized pretzel stuffed with cheese. The Country Store also stocks wooden spinning bobbin candle holders and long, calico wrap-around hostess aprons, which can double as summer patio dresses. Among other new-this-year items is a novel picnic tote.

The Junior Goodwill Boutique will present gifts hand-made by members during the year, from pine cone and calico wreaths to gingerbread houses and hand-painted toleware.

Preview Planned By 'Understudies'

Dinner to Precede, Champagne Reception to Follow Premier Performance of "Journey of the Fifth Horse" at Hilberry

Plans for the President's Preview at Wayne State University's Hilberry Theatre have been announced by the "Understudies," the women's committee which sponsors the annual event opening Hilberry's new repertory season.

This year's Preview is scheduled for Friday, November 12, and will feature a performance of Ronald Ribman's "Journey of the Fifth Horse," according to Mrs. Wilber M. Brucker, Jr., of Merriweather road, Under-

studies chairman.

At a late September meeting at the Grosse Pointe Hunt Club, a group of Understudies including Pointers Mrs. Katherine N. Anslow, Ann (Mrs. Ronald K.) Dalby, Carol (Mrs. Gilbert E.) Grove, Anne (Mrs. Ronald

Woman's Club Excursion Set

The Grosse Pointe Woman's Club Discussion and Garden Group is finalizing plans for a bus tour to Fair Lane early next month.

Members and their guests will meet in the Grosse Pointe War Memorial Center at 9:30 o'clock Wednesday morning, November 10, to board a bus for Fair Lane, home of Henry and Clara Bryant Ford.

After a tour of the mansion, it's back on the bus to travel to the Rotunda restaurant, atop the Hyatt Regency Hotel, for a subscription luncheon. Last stop is Fair Lane Town Center, Dearborn's new shopping center.

The bus is scheduled to be back in Grosse Pointe about 3:30 o'clock.

Accepting reservations through Friday, November 5, are chairman Mrs. Thomas K. Colbert, 886-0682, and Mrs. John T. Condon, 822-2053.

W.J. Houghton, Kaia (Mrs. Carl W.) Lohmann, Jane (Mrs. Edward St. C.) Thomas, Nancy (Mrs. G. Mennen) Williams and Ruth (Mrs. Joseph A., Jr.) Vance, Understudies chairman from 1967 to 1973, plus members from other metropolitan communities, detailed arrangements for a three-part evening to entertain Sponsors of the Theatre, those who have contributed \$100 or more for 1976-77.

Festivities begin at 5:45 o'clock, with cocktails and dinner at the Standard Club in the Detroit Cadillac Hotel, from where guests will proceed to the Hilberry for the Detroit premier of the American play based on a short story, "Diary of a Superfluous Man," by Turgenev. Curtain rises at 8:45 o'clock. Following the per-

Plans for the fourth annual Saint Paul's-on-the-Lakeshore Beef and Bingo are well underway, and MR. and MRS. ANTHONY OSTOSH, general chairmen, MONSIGNOR FRANCIS X. CANFIELD, Saint Paul's pastor, and MR. and MRS. RICHARD GALLAGHER, ticket chairmen, (left to right), invite everyone to join them at The Meat'in

Place, (Saint Paul's School Gym), Friday, November 5, at 7 o'clock, for a beef buffet plus an evening of fun. Tickets at \$12.50 each, (\$25 per couple), may be obtained by contacting the Gallaghers at 885-5296. Tables for 10 may be reserved in advance by contacting Mr. and Mrs. Ostosh at 776-5204.

ever before, and we think we can promise them a wonderful evening, and an exciting play."

This will be the 14th President's Preview for contributors to the Hilberry Theatre, the sixth hosted by WSU President and Mrs. George E. Gullen, Jr.

The Understudies have assumed responsibility for raising funds for Hilberry since its second season in 1964-65. Money raised goes toward fellowships for the 42 actors, actresses, technicians and management assistants, all selected via competitive, national auditions to perform and study at Wayne State University.

The Hilberry Company's 1976-77 repertory also will include new productions of "The Lion in Winter," "Othello," "The Three Sisters," "Moby Dick," "Rehearsed," and "You Never Can Tell," as well as two holdovers from last season: "As You Like It," which re-opened October 8, and "The Miser,"

re-opening tomorrow, Friday, October 15.

Mothers Meet at North High

The Grosse Pointe North High School Mother's Discussion Group held its first meeting Tuesday, October 19, in North High's Faculty Dining Room.

Speaking on "Vandalism in the Schools" were Ben Zenn, director of Support Services, Detective Wayne Baum, of the Youth Service Division and Ken Humes, North High senior.

Topics covered included cost of vandalism, penalties for vandalism, devil's night, graduation pranks and 18-year-old drinking.

Detective Baum expressed a need for bi-monthly youth court sessions for the Pointes, and urged parents to write their legislatures. Mr. Zenn noted mothers' suggestions, promising to take them back to a commission studying vandalism.

The Discussion Group, first of its kind for North, will meet the third Tuesday of each month. Speaker at the next session, November 16, at 1:15 o'clock will be Dr. William Coats, Superintendent of Schools.

Further information may be obtained by contacting Shirley Piku, 886-7936, or Amy Cusenya, 886-8598. All mothers are invited.

Mrs. C. W. Plummer, IV

AMY ROBESON ROGERS was married Saturday, September 4, in Christ Church, Grosse Pointe, to Mr. Plummer, son of Mrs. Helen Lemoine, of Annapolis, Md., and Dr. Charles Warner Plummer, III, of Hull, Mass. Mr. and Mrs. Norman Rogers, of North Deeplands road, are the bride's parents.

Plummer-Rogers Vows Are Spoken

The Reverend Henry Bird Comes from New Mexico to Officiate at The Wedding of His Goddaughter in Christ Church

Mr. and Mrs. Norman Rogers entertained at a reception at their North Deeplands road home Saturday, September 4, following the wedding of their daughter, Amy Robeson Rogers, and Charles Warner Plummer, IV.

He is the son of Mrs. Helen Lemoine, of Annapolis, Md., and Dr. Charles Warner Plummer, III, of Hull, Mass.

Presiding at the 12:30 o'clock rites in Christ Church were The Reverend Henry Bird, godfather of the bride, who came from Farmington, N.M., for the ceremony, and The Reverend Paul Hiyama.

Alencon lace appliques accented the former Miss Rogers' ivory silk organza gown, styled with short sleeves, a deep, square neckline and a chapel train. Her double illusion mantilla, outlined in matching lace, fell from a lace Juliet cap.

Gardenias, stephanotis, baby's-breath and ivy formed the bridal bouquet.

Honor maid Carol Haynes and bridesmaids Elizabeth Plummer, sister of the bridegroom, Catherine Osterman and Mrs. Wayne Boyce carried white baskets filled with

wore a floor length, flowered dress and jacket ensemble. The bridegroom's mother was in pale blue, also floor length. Gardenias formed both mothers' corsages. The newlyweds are at home in Stevensville, Md.

DSO Chamber Group to Play

The Detroit Symphony Chamber Orchestra will give the first of three concerts in its 1976-77 series Saturday evening, October 30, at 8:30 o'clock in Ford Auditorium, under the direction of Polish conductor and violinist Szymon Goldberg.

The DSCO—about 30 musicians from the larger Symphony—will perform four works for chamber-sized orchestra: Joseph Haydn's Violin Concerto No. 1, (Mr. Goldberg will be both soloist and conductor), Wolfgang Mozart's Symphony No. 33, Wallingford Riegger's "Study in Sonority" and Franz Schubert's Symphony No. 5.

Szymon Goldberg, hailed as "probably the most musically alive" by The New York Times, has been music director of the Netherlands Chamber Orchestra since 1955. He began his career as a soloist, and was concertmaster of the Berlin Philharmonic under Wilhelm Furtwaengler.

From the mid-1930's he has toured the world, (he was interned by the Axis Powers in Java during 1941-45), appearing with all the major orchestras, including the DSO in 1952.

As a conductor he has appeared with the London Symphony, the BBC Symphony and the Orchestras of Chicago, Boston, Cleveland and Philadelphia. This will be his first appearance conducting the Detroit Symphony.

Tickets for Saturday evening's concert, priced from \$3.50 to 6.50 are available at the Ford Auditorium box office. Some season tickets for the three-concert series may still be available from the DSO season ticket office.

The two remaining DSCO concerts will feature conductor-violinist Rafael Drui-an December 23, and conductor Alexander Schneider February 17.

Information on all forthcoming DSO concerts is available 24 hours a day by calling 961-7017.

Grosse Pointe North High School graduate JAMES COWLES, son of MR. and MRS. CARROLL J. COWLES, of South Oxford road, has been named to the Dean's List for the 1975-76 school year at Denison University, Granville, O., where he is now a senior.

Windsor Light Opera To Present 'Red Mill'

Mrs. Don Hansen, of Bedford road, is providing piano accompaniment for the Windsor Light Opera Association's production of "The Red Mill," to be presented Saturday, November 13, Friday, Saturday and Sunday, November 19 through 21, and Friday, Saturday and Sunday, November 26 through 28, in Windsor's Cleary Auditorium.

Vicki Hansen also plays for the Grosse Pointe and other theater groups.

Betty J. Campbell, of Beaconsfield avenue, is prompter for the Windsor Light Opera's 55th major musical production. Ticket and curtain time information may be obtained by calling (519) 252-6455 between noon and 5 o'clock starting Saturday, October 23.

Local Quester Groups Cited

Mrs. Gilder Jackson, Eastern Area chairman for the Michigan Questers, returned from the state organization's fall council meeting at Central Michigan University with several awards for local Questers Chapters.

Ribbon Farms received a certificate of honorable mention for its short-term project for the Bicentennial Year. Fox Creek earned a certificate of honorable mention for its long-term Bicentennial Year paper.

The Grosse Pointe Chapter won a ribbon for its 1975-76 yearbook, and Pettipointe received a 10-year scroll.

New Garden Club to Meet

The second meeting of a new-y-forming garden club for Grosse Pointe Woods residents will be held in the Community Room in the basement of the Woods City Hall Monday, November 8, at 1 o'clock.

"Ten Practically Indestructible Houseplants" will be discussed.

In addition to programs on such topics as flower arranging, horticulture and garden-related crafts, the club expects to take an interest in Woods' beautification efforts.

Residents interested in joining may attend the meeting or contact Jean (Mrs. L. A.) Rice, 886-2097, for further information.

Cottage Fetes Junior Aides

Cottage Hospital honored its junior volunteers at a tea for their families and friends Wednesday evening, October 13, presenting the young aides with awards in recognition of their work at Cottage during the past year.

Bronze medals—special awards in recognition of outstanding efforts—went to Barbara Boekamp, who gave 290 hours of service, and Darlene Sleeper, who gave 262 hours.

Karen Rabbideau and Beth Wilmot, a former Pointer who presently resides in Saginaw, received both caps and pins, indicating a total of more than 100 service hours in the past 12 months.

Russell Herschmann received a tie tac for more than 100 hours.

Receiving pins for 50 hours or more of service were Janine Blanchard, Monica Beutcher, Sheila Caverly, Christine Chapelle, Carolyn Freismuth, Jamie Hanzakos, Karen Hopp, Pam Jacobus, Vicki Jenks, Laura Johnston, Kim Mathews, Noelle Nickerson, Ann Stickford, Cindy Warner, Janice Brooks, Diane Manko, Karen Mueller, Tina Van Graaf, Michelle Wojik, Sandy Doane and Mary Ann Vermeulen.

Mary Frances Lilly, Chris Norton, Cindy Politowicz, Anne Marie Carsley and Linda Marchiori received caps for 50 hours' service this year, having given 50 hours last year, at which time they were awarded pins.

Junior volunteers participating in the program at Cottage Hospital during the past year but not qualifying for special awards were recognized "for their living service."

They include Jenny Baumstock, Mary Ann Behm, Martha Boyle, Lori Schlack, Maureen Parker, Paula Brownlee, Julie Schieppe, Laura Robertson, Margaret Counen, Robert Dotson, Denise Beels, Renee Walsh, Gwen Thompson, Sabrina Mueller, Sylvia Paul, Lisa Young, Patty Downs, Amy Dunn, Beth Epstein, Cathy Gaskin, Marci Germain and Nancy Birch.

More are Ann Heymes, Debbie Harwood, Vicky Bullock, Linda Clemett, Diane Fearn, Andre Nakamura, Cheryl Kunert, Kathy Hazlett, Cheryl Horne, Renee Young, Jeff Van Gelderen, Marie Trombley, Rita Peck, Linda Pfeiffer, Mary Kay Roeschke, Susan Schultz, Virginia Large, Janet Suminski and Diana Madsen.

Still others are Jayne Mihelich, Kathryn Sargent, Alexis Miller, Robert Smith, Donna Osborn, Kathy Palazolo, Elizabeth Reames, Jo Ann Senegore and Wendy Shiner.

St. Philip and Stephen Prepares for Bazaar

Christmas crafts, children's wear through age six, toys and dolls, knits and aprons, quilted items, plants, jewelry, attic treasures and baked goods will be featured Saturday, November 6, from 10 to 4 o'clock at a "Star Spangled Bazaar" at the Episcopal Church of St. Philip and St. Stephen, Frankfort at Lakewood avenue, Detroit.

Luncheon service, (sloppy joes and hot dogs, chef's salad, dessert, baked beans and beverage), is scheduled from 11 to 2 o'clock.

Co-operative Nurseries Attract Many Pointers

By Katie Elslila

Parents seeking a quality pre-school for their three and four-year-olds have a wide choice in the Grosse Pointe area. There are play-oriented schools and others that emphasize learning skills. Some operate several times a week; others offer a daily program.

There are excellent staff-run schools, which are cordial to parents but are not dependent on their participation. Then there are the co-ops.

The basic idea of a co-operative nursery is that the parents "co-operate" with each other in setting up and running the school. When parents enroll their child, they agree to work at the school one or two mornings a month, volunteer to be on one of several work committees, and attend a monthly parent-teacher meeting.

The typical four-year-old class meets Mondays, Wednesdays and Fridays from 9 to 11 o'clock. Most are held in churches.

Co-ops are not ideal for everybody, of course. Unless they are combined with other child care arrangements, they are not useful for the working mother, who also may not have the time to participate.

Still, co-ops are quite popular in the metropolitan area, and there are eight in Grosse Pointe alone.

Why do parents choose co-op nurseries? One immediate advantage is the low cost. Because they are non-profit institutions, their fees are only a fraction of those of private nurseries. But there are even more compelling reasons why some parents prefer co-ops.

Last year, Valerie Moran sent her daughter, Lauren, to the Grosse Pointe Woods Nursery Playgroup. She explains: "I wanted an introductory nursery experience for Lauren, and the two mornings a week at the co-op provided just the right amount of time away from home. We both made many new friends and really enjoyed the experience."

Lisa Gandelot, a parent at the Grosse Pointe Memorial Church Co-op, says: "I like the school's emphasis on helping the child build good self-concepts. I try to work on learning skills at home with my daughter, but I really value the time Nancy spends at the co-op learning how to play and share with other children."

Chris Anker explains: "I knew I wanted to send my son, David, to a co-op and I'm really pleased with Faith Nursery at Jefferson and Philip. The teachers and the facilities are excellent, and the class is integrated. Not only that, but while David is enjoying himself in his upstairs classroom, I'm upstairs taking an aerobic dancing class, which the YWCA offers in the same building!"

Congregational Women Plan a Fair

The women of Grosse Pointe Congregational Church have been getting ready for Christmas, hand-crafting macrame and decoupage items, plexiglass ornaments, lovely pillows, (including a tooth fairy "special"), baby quilts and much, much more in anticipation of their Church Fair, set for Wednesday, November 10, from 10 in the morning until 4 in the afternoon at the Church in Chalfonte avenue. Admiring some

of the finished work are, (standing, left to right), MRS. STEWART E. STEWART, MRS. STEWART E. PURSEL, MRS. JOSEPH BURNS and MRS. WILLIAM FRAME, (seated, left to right), MRS. JOHN GROUSTRA, MRS. ROBERT NANK, GROSSE, MRS. KELLAM and MRS. MARGUERITE BATES, all of whom have done their bit to assure a successful event.

ker's teacher, asserts: "I think co-ops are one of the best things that have happened to the pre-school movement. Co-ops offer an invaluable opportunity for parents to see their child in relation to others of his or her age. After working a few times at the school, parents, who may

be worried about their child's behavior, begin to relax because they see that other four-year-olds act much the same way.

"Or parents' who know that their child is academically gifted may suddenly realize that the child needs extra help with social skills."

Mrs. Wilcox continues: "As co-op teachers, we are really interested in helping parents work with their pre-schoolers. At our monthly parent-teacher meetings we discuss various administrative problems, but we also take time for discussions about common behavioral problems.

"Co-op teachers are involved in on-going teacher education."

There are also periodic conferences for parents to help them extend and im-

Christmas Gallery Is Open at DIA

The seasonal Christmas Gallery Shop, which supplements Museum Shops at the Woodward and Farnsworth entrances to the Detroit Institute of Arts, is open and, like the permanent shops, is operated by the Founders Society Detroit Institute of Arts, with many Pointers among its members, as a service to the public.

Two items unique to the DIA debut in this year's Gallery. One is a 1977 calendar featuring a dozen graphics from the museum's collection. The full-color reproductions include works by Degas, Nolde, Matisse, Boudin, Renoir, Klee, Tou-

louse-Lauree and Chagall. The second is a tote bag in a neutral combination of taupe and black canvas, screen-printed on both sides with a design combining the triple arches of the Woodward avenue entrance and the museum name.

Among other items are Potok/Copley porcelain with fool-the-eye tendencies (pieces mimic such utilitarian paper products as shopping bags and napkins); Kita Ware glazed and decorated pottery from Seto, Japan, (its distribution is limited to only three other museums in the nation); iridescent, peacock-hued art glass by

Plume, (production is limited, each piece registered); and mirrors in various sizes and shapes, framed in Art Deco and Art Nouveau motifs by Gargoyles.

Objects by area artists range from ceramics to jewelry to wooden toys.

Founders Society members are entitled to a 10 percent discount on purchases over \$5. The Shops are open during regular museum hours: 9:30 to 5:30 o'clock Wednesday, Thursday, Saturday and Sunday; Fridays from 1 to 9 in the evening.

Plan Masked Phase I Disco

Phase I, an all-singles group, has scheduled a Masked Halloween Disco Party for Sunday evening, October 31, at 7:45 o'clock at Grosse Pointe Memorial Church. Prizes for the best costumes, (optional, but preferred), will be awarded.

All singles between the ages of 20 and 39 are invited to participate. Admission is the regular Sunday meeting

donation of 75 cents. Cider and doughnuts will be provided.

Phase I, open to all single or formerly-married persons between the ages of 20 and 39, offers a variety of programs and activities. Meetings are held every Sunday evening at Memorial Church.

Further information may be obtained by contacting Gust Jahnke at the Church, 882-5330.

Let's Talk Real Estate

by John E. Brink

The residential cycle may begin in a small, furnished, rented apartment, but the next step in family life is often the purchase of a home. The newly built family, with small children, may buy a small new or used house and build up an equity. The family may later sell this in favor of a larger house. Later, demands of children call for expansion, or for the purchase of another, larger house. Retirement often indicates the need for smaller, more easily maintained homes. Where are you on the residential cycle?

Professional representatives from the office of GROSSE POINTE REAL ESTATE CO., 20087 Mack Avenue, Grosse Pointe Woods, 882-0087 offer more than just real estate service. We make sure every client receives the utmost in personal attention and service while we maintain the highest ethical standards of the real estate profession. Whether you are buying or selling call us today. "Exclusively in Grosse Pointe". Open: Mon.-Sat. 9-5. Sun. noon-5, 24 hour answering service.

DID YOU KNOW?
If a family moves several times the way to own their own house becomes a matter of building up equity on successive houses.

Hex Sign Talk For Pettipointe

The Pettipointe Chapter of Quilters will gather next Thursday, November 4, at 11:30 o'clock in the Rivard boulevard home of Mrs. Alex Dornin, to enjoy dessert and a short business meeting in an eclectic setting of art and antiques reflected in a mirrored wall in the dining room, then travel to the Kenwood road home of William Defibaugh for a talk on Pennsylvania Hex Signs.

Mr. Defibaugh also has a very special collection of country implements.

SUSAN S. KLINGBEIL, daughter of the WILLIAM H. KLINGBEILS, of Hawthorne road, has begun her senior year at the Emma Willard School, Troy, N.Y.

HOSTING A PARTY?

Is it large or small? Is it formal with crystal china and silver and special decorations, or a fun-filled children's party with simple paper cups and plates?

Is it an office party requiring extra tables and chairs, or is it just an old fashioned family get-together with convenient plastic dinnerware in the back yard?

Whichever it is, invite us over. Not as guests, but as professional party planners who have everything you need for a successful party at reasonable rental rates. Delivery service is also available.

So call us today, and rent a good time for your guests, and a relaxing time for yourself.

ANNOUNCING CREATIVE AD WRITING CONTEST NUMBER ONE!

Write us an ad for any of the following properties and mail or drop off at our office, no later than 10 A.M. Monday. Winners will receive absolutely nothing except the satisfaction of being a successful Copy Writer, plus their names acknowledged at the bottom of the Ad. If house sells prior to publishing the winning ad, don't despair... other fine homes will continue to appear in our Future ads.

1ST HOUSE—Grosse Pointe Farms version of New England Cape Cod for \$58,500. 3 bedrooms plus bath up, bath and fine modern kitchen, big living room, den or fourth bedroom on the first floor. Big garage and fenced yard.

2ND HOUSE—In the prime area of Grosse Pointe near Kercheval, an all brick English. Clean and freshly decorated with den and family room plus four bedrooms, 3 1/2 baths. Fast occupancy.

3RD HOUSE—Owner has purchased another property and does not desire a residential Real Estate portfolio at this time. This is unfortunate as this 3 bedroom Dutch Colonial is in tip top condition including a fine modern kitchen, den, newer decor and carpeting usually found in expensive homes. Grosse Pointe Woods under \$40,000.

4TH HOUSE—Close to both elementary and Jr. High and bus lines, and because there are two bedrooms and bath up, plus one of each on the first floor, this clean G.P.C.C. (Grosse Pointe Cape Cod) is ideal for non-driving parents with school age children who have A) live-in relatives, B) live-in friends, C) Health problems, D) hate stairs. Market valued with a mid 40's price.

5TH HOUSE—G. P. Schools at Harper Woods Price. Clean, mint condition 3 bedroom bungalow that feels twice as big as it looks from outside, at a below competition price of \$37,500, because owner has purchased another fine home in Harper Woods.

Authors are invited to write, potential buyers to call, and the curious to contemplate.
"Don't miss next week's winners!"

Seniors Told To Set Rules

A recommendation from the Senior Citizens Commission for speedy approval of the organization's "rules and regulations" was considered by the Woods Council at its regular meeting Monday, October 18.

As it turned out, this request, which was referred to the Committee of the Whole by the council for further study last month, really didn't need the solons' action. Mayor Benjamin W. Pinkos told commission members in the audience, "It's not necessary for the council to approve such rules."

As a result, the representatives appeared pleased it was up to the organization to handle its own guidelines.

FAMOUS BUT SHORT

President Abraham Lincoln delivered his now-famous Gettysburg address on November 19, 1863. The occasion was the dedication of Gettysburg, Pa., battlefield as a national cemetery. Lincoln spoke for a short two minutes in contrast to Edward Everett, the principal speaker of the day, whose oration lasted two hours.

Applications for Opera Scholarships Available

The Scholarship committee of the Detroit Grand Opera Association has announced dates for the Grinnell Foundation of Music \$2,500 opera scholarship, the Elizabeth Hodges Donovan \$1,000 Memorial Award, the Henry E. Wenger \$1,000 Memorial Award and other awards given through the Metropolitan Opera National Council Regional Auditions program. Preliminary auditions will be held in Varner Hall at Oakland University's Performing Arts Center Saturday, January 8, from 10 until 5 o'clock.

Semi-finals are scheduled for Sunday, January 9, beginning at 10. Date of the final auditions will be announced following the preliminary auditions. Purpose of these auditions is to discover new operatic talent and to help and encourage young singers in their careers.

Madrigal and Orpheus Clubs Join for Concert

The Madrigal Club of Detroit, an outstanding women's choral group, will join the Orpheus Club of Detroit male chorus in the presentation of the Christmas section of Handel's "Messiah" during the Orpheus Club's regular winter concert scheduled for Friday, December 3, in the Scottish Rite Auditorium of Detroit's Masonic Temple.

The full program will consist of feature groups by both clubs during the concert's first half. The "Messiah" will be performed during the second half.

Solos will be sung by members of both clubs. This is the first time since the Bach Commemorative Concert directed by Leonard Bernstein at Ford Auditorium in 1950 that these two well-known singing societies have appeared on stage together.

Actually, the Orpheus and the Madrigal Clubs have an historical association. Charles Frederick Morse, director of the Orpheus Club from 1911 to 1946, founded the Madrigals in the early 1920's, and was their director also until his retirement in 1946.

Tickets are available at \$3.50 and \$2.50 in advance from Harold P. Langrill, 16285 Edmore, Detroit 48205. They may also be purchased at the door on the night of the concert.

Dalos Grobe is director of the Orpheus Club of Detroit. Charles Gleason conducts the Madrigal Club.

Workshop Set For Gardeners

Windmill Pointe Garden Club members gather Wednesday, November 3, at 11 o'clock in the South Oxford road home of Mrs. Frank Wilton, for a demonstration of Heritage Pieces, using pine cones and greens, by Mrs. Robert W. Hill, well-known for her workshops and classes at the Detroit Garden Center, Frank's Trims, Rochester Community College and Brighton Community House.

The ladies will participate in a workshop following luncheon.

Applicants must be in the following age brackets: sopranos 18 to 30; mezzos and contraltos 20 to 30; tenors 20 to 30; baritones 20 to 32; basses 20 to 33.

A photostatic copy of the applicant's birth certificate or similar proof of age must be submitted with all applications. No age waivers are granted to former or present members of the armed services.

Applications are now being accepted for the 1977 auditions. Completed forms must be returned by noon Monday, December 20.

Application requests may be made by writing Mrs. Sam B. Williams, Scholarship chairman, Detroit Grand Opera Association, Ford Auditorium, Detroit, Michigan 48226.

See The New Octagonal Jewelry Case . . . in the "Glass House" at Walton-Pierce which features beautiful new jewelry. Among the new arrivals (which incidentally are nicely priced) are delicate gold chains . . . one with a golden apple accented with diamonds, another with a tiny gold cube set with diamonds, still another with a gold heart. Narrow gold ring-chokers feature contemporary designs. There are three fairly wide gold bangle bracelets, Florentine, brushed design and hammered. Wear them separately or together. There is also a good selection of gold rings. For those of you who like silver there are sterling and other silver designs. Perhaps you'd choose the dramatic contemporary choker. Silver and jade combine in a not-to-be-missed medallion. Silver, crystal and jet form an unusual necklace. Add interest to your holiday dressing with any of the new jewelry or write your Dear Santa letter early.

MRS. ROGER FITCH, OF WASHINGTON ROAD

By Janet Mueller

It's a Family A-Fair being presented at Christ Church, Grosse Pointe, next Thursday, November 4, from 9:30 to 3:30 o'clock, and the Fitch family says "Amen" to that. Every Fitch has done his/her bit, from almost eight-year-old Randy, who stained dowsels for alphabet hangings, to his father, who's been welding the jigsaw, cutting out wooden Christmas tree figures.

Doug, a Grosse Pointe South High School senior, aiming for a career in Accounting and Law, has taken a turn at the jigsaw, too.

He and Roger, Jr., a student at Western Michigan University, have both done some photography.

Connie, 19, is involved in painting—in her spare time. With one Northern Michigan University year behind her, Connie is taking a year off . . . during which she is studying violin under Emily Mutter Austin and piano and theory with Christ Church Organist and Choirmaster Dr. Frederic De Haven, working part-time at The Merry Mouse, and teaching a few private violin students.

Then there's Moonyeen. "I'm an Indian, not a chief," she maintains. Moonyeen has done a little bit of everything.

She loves to sew. "That's how I got into this Fair; learning to quilt pillow tops." One thing led to another, and Moonyeen has just finished her 17th alphabet wall hanging.

She's worked on hand-quilted squares for the prize Lily coverlets. She's cut out her share of wooden ornaments. She's painted coffee cans—in the "kitchen cabinet" rather than the Rembrandt sense: the coffee cans, appropriately decorated, may be used as containers for Christmas goodies, as outdoor pool-and-patio ashtrays . . . but before they can be handed over to the Fine Arts decorators they must be covered with a base coat, on which the Fine Arts painters work.

Moonyeen is a spray can base-coater.

She's done some bargello for the . . . Notable Needles Booth.

Typical Fair Worker

She's a typical Fair worker, into anything, everything, reporting to the Christ Church Educational Building for this or that Fair workshop, sometimes with Randy in tow. He's been a definite asset, entertaining the workers royally.

She answers to almost anything. If your name were Moonyeen, you would too.

Her parents saw a film, "Smilin' Through," before their daughter was born. The heroine, Norma Shearer, was named Moonyeen. "Lord knows what they would have named me if I'd been a boy!"

Moonyeen the Second loves sports, both as a participant and an on-looker. She enjoys gardening, but finds her own garden "greatly lacking; I haven't had the time, and ought, to do."

She's very interested in

health. She and Roger met at the University of Virginia, where he was in college and she in Nursing School. She's a Registered Nurse, who worked at Saint John Hospital before the children started coming and is seriously considering going back to her profession now that Randy is well-established at Richard School.

She is currently heading the Fluoride Program in the Grosse Pointe Schools.

Do-It-Yourselfers

The Fitches are do-it-yourselfers around the house, campers in the outdoors. The latter activity is the legacy of two glorious years in Colorado. "It all started there."

Music is their main family motif. Connie, their violinist, was concertmistress of the Grosse Pointe South High School Orchestra for two years. Roger, Jr., is in the South High Symphony Band.

Moonyeen just finished a term as chairman of the Christ Church Choir Guild. "Our whole family is involved in Christ Church music."

Roger, Jr., and Doug provided Fitches for the Christ Church Boys' Choir for 10 years, moving from trebles to altos. Randy is a Boys Choir probationer now. Connie has sung with the Christ Church Chorale and Girls Choir.

Roger, Sr., has been a member of the Christ Church Men's Choir for 19 years. He sang in a men's choir in Colorado during the family's two-year Rocky Mountain sojourn.

In Music Festival

Moonyeen, who worked on the Summer Music Festival at the Grosse Pointe War Memorial, took piano lessons for seven years. "Very unsuccessfully: I play for my own amusement only." She was once a church organist, before the University of Virginia . . . "That," she says, assessing her own abilities, "was a riot!"

Connie and her mother will be pushing Fred's Cheese and Fruitcake Sales at the Christ Church Fair. Fred is Dr. De Haven who, believing in extra-cultural experiences for his musical groups, hopes to take a Christ Church choir to Europe. The Cheese and Fruitcake monies are going into Fred's Traveling Fund.

All other monies raised via the Fair provide the Christ Church, Grosse Pointe, Episcopal Church Women's budget for two years. That budget is used to support both community and Episcopal-oriented programs.

Among the community programs the Christ Church Women have contributed to are FLEC, (Grosse Pointe's

Family Life Education Council), the Interfaith Center for Racial Justice, Focus Hope and the just-opened Women's Justice Center.

Backers of ECW

Their church-related contributions have gone to the ECW, (Episcopal Church Women), Outreach Program, Mariner's Inn and Saint Christopher's House, an inner city community center; to the University of Michigan Medical Center Chaplaincy, to the Presiding Bishops Fund for World Relief, ("Guatemala," notes Moonyeen Fitch, "was one of their last efforts"), and to scholarships for Camp Holiday, (girls), and Camp Chickagami, (boys).

The budget also supports Christ Church Women's in-church programs, speakers and luncheons.

Alternate Their Fairs

The Christ Church Fair is held every two years, alternating with the Grosse Pointe Memorial Church Fair. Because parking in Grosse Pointe boulevard can be a problem, Christ Church Fairgoers are advised to park in the Memorial Church lot just off East Jefferson avenue. A shuttle service will transport shoppers from cars to Fair all during Fair hours.

A baby sitting service will operate, at Christ Church, during Fair hours. Lunches will be available, from 11:30 on, at \$2.50 per person.

Judy (Mrs. Richard K.) Simonds is general chairman of the Fair this year. Sue (Mrs. Raymond) Senkowski and Alice (Mrs. Robert) Valk are co-chairmen.

It's a Family A-Fair, emphasizing beautifully lovingly handmade items. The Collector's Corner will feature heirloom pieces and objects-of-quality donated by Christ Church members and their friends.

Have Country Kitchen

The Country Kitchen will be stocked with homemade delicacies. The Kid's Korner will feature alphabet hangings, stuffed and knitted snakes, stuffed animals and Holly Hobby dolls, some lovely sweaters and a few, perfectly exquisite, smocked dresses.

Notable Needles offers purses, glasses' cases, check-book covers — and a Christmas treetop angel.

The Paris Table is a tradition. It's blanket covers, hostess towels, padded hangers, et. al. are always among the Fair's most beautiful—and most popular—items.

Personified Pillows

Pillows Personified are hand-quilted, all with completely washable covers. The coffee cans Moonyeen Fitch spray-coated, suitably decorated now, will be for sale at Painters' Pastiche, along with handpainted birdhouse tissue boxes, picture frames . . . and much, much more.

Purses range from canvas tote to Bermuda-type. There are loads of canvas bags, from big, (for laundry, week-ending), to small to plastic-lined, (for toiletries, wet bathing suits).

Potpourri features a collection of new, gift-type items picked up by Christ Church members and friends on their travels all over the globe.

Santa's Sack is a surprise grab bag. Christmas Decorations has been expanded to include Fall Arrangements. "Mr. and Mrs. Scarecrow" might replace Indian corn on an autumn door, and there are all sorts of wall hangings and table centerpieces, and a charming, holiday-decorated hearth broom . . .

Christmas Ornaments

And then there are the Christmas ornaments. "We have over 150 wooden ornaments," says Moonyeen Fitch. Each cut-out figure is hand-painted.

I must confess: these wooden ornaments are my personal favorites, and out of the goodness of my heart and past, (painful), experience, I pass along this tip—if they're your favorites, too, make sure you get to the Fair early, and get to the Christmas Ornaments first. One hundred and fifty may seem a lot, but I'll eat a Personified Pillow if they're not all gone by mid-morning.

Among participants in the fourth annual Summer Youth Program at Michigan Technological University, open to junior and senior high school students, were GREG GU-

THAY, of Rivard boulevard, an eighth grader at Brownell Middle School this fall, and CHARLES THOMAS, of Manchester boulevard, a Grosse Pointe North High School freshman. The program's emphasis is on laboratory and field work not usually taught in high schools. Greg spent his week on amplifiers, power supplies and printed circuit boards. Charles designed and built a scale model, working in the architectural design exploration facet of the program.

Grace Auxiliary Plans a Party

Members, husbands and friends of the Northwest Grace Hospital Auxiliary gather at the Grosse Pointe Hunt Club Saturday evening, October 30, for an informal evening of cocktails, dinner and square dancing. Wes and Julie Rea will be the callers.

Assisting Mrs. Manton Cummins, chairman, in planning the party are committee members Mrs. Harold C. Buckland, Mrs. Henry Kurtz and Mrs. Donald Young.

I must confess: these wooden ornaments are my personal favorites, and out of the goodness of my heart and past, (painful), experience, I pass along this tip—if they're your favorites, too, make sure you get to the Fair early, and get to the Christmas Ornaments first. One hundred and fifty may seem a lot, but I'll eat a Personified Pillow if they're not all gone by mid-morning.

Raleigh House where "A Luncheon with Nancy Dickerson" will benefit the Development Fund of the Bloomfield Hills Academy.

The luncheon replaces "Hemlines and Horsepower," which benefited the school's Development Fund in former years. It is open to the public. Information on tickets, at \$15 per person, may be obtained by calling 626-6538.

A History of Holiday Fashions

"Holiday Fashion Lore," a parade of past and present high fashions for the Christmas season, sponsored jointly by the Detroit Historical Society Guild and the Junior Women's Association for the Detroit Symphony Orchestra, will be presented Saturday, November 6, at 1:30 o'clock, at Mercy College.

It will feature outfits and complete accessories from the 1860's to the 1940's, selected from the Detroit Historical Museum's extensive collection.

A showing of contemporary styles by Jacobson's will comprise the second half of the program.

The afternoon opens with a welcome from Mrs. R. Alexander Wrigley, of Bishop road, president of the Detroit Historical Society, and vocal selections by the Symphony Juniors' Choraliers, directed by Mrs. David Lindner, of Balfour road.

Styles of Christmas Past will be modelled by members of the Historical Society Guild and Symphony Juniors, assisted by guest models, including wives of commissioners of the Historical Department and television and radio personalities JoJo Shetty and Beverly Payne.

Pointers parading in Christmas Past finery will include Mrs. Wrigley, Mrs. Henry Domzalski, president of the Symphony Juniors, Janette Duster, Mrs. John E. Young, Mrs. Heywood J. Knighon, Mrs. Don Jensen, Mrs. Grant Keough and Mrs. Henry Dittman.

Holly Ulseth, curator of Social History at the Detroit Historical Museum, will provide commentary for the period costumes. Carolyn Barnhart, Jacobson's fashion coordinator, will comment on the contemporary styles, to be shown by professional models.

Following the fashion show, guests will be invited to afternoon tea. Individual tickets are \$10 each. A ticket plus membership in the Detroit Historical Society is available for \$17.76. Ticket information may be obtained by calling 833-1805.

Co-chairmen of the show are Mrs. William Scott, representing the Guild, and Mrs. John Prost, representing the Juniors. Serving on the central committee are Mrs. John Nolan, Mrs. Alex McCloskey, Mrs. William Peattie, Mrs. William Ficus, Mrs. Patrick McKeever and Mrs. Wayne Wegner.

Proceeds will be used for the restoration of historic Fort Wayne and the Detroit Symphony's Pension and Maintenance Fund.

The LYLE C. COLLINSONS, of Grand Marais boulevard, were honored by family and friends at a Golden Wedding anniversary dinner September 15, at the Detroit Boat Club, where they'd received guests following their wedding September 15, 1926.

Hosts were Lyle and Flora's children, L. KENNETH COLLINSON, of Notre Dame avenue, and MR. and MRS. JAMES E. NORTH, of Birmingham. Mrs. North is the former JEAN COLLINSON. Her wedding reception was held at the DBC too, in July, 1953.

Grosse Pointe North High School graduate BRYAN K. POURCHOS, son of the KENNETH J. FOURCHOS, of Hawthorne road, has begun his freshman year at the United States Air Force Academy.
