HEADLINES of the WEEK

THE SOUTHEAST'S COLDEST winter since 1885 forced the cutoff of natural gas supplies to major industrial users in a large portion of the region Wednesday. The cold also caused scattered problems for some electric utilities elsewhere. The cold weather was widespread throughout the eastern U.S. and record lows were recorded in parts of Florida. Southern Natural Gas Co., which serves five southern states, curtailed supplies to all but residential and small commercial customers.

Friday, January 14

PRESIDENT-ELECT Jimmy Carter's choice to lead the Defense Department won unanimous confirmation from the Senate Armed Services Committee Thursday. Defense Secretary-designate Harold Brown, president of the California Institute of Technology, became the second member of Mr. Carter's cabinet to receive committee approval. Agriculture Secretary Robert Bergland was approved earlier this week.

Saturday, January 15

WITHOUT A DISSENTING word, the Senate Foreign Relations Committee gave its approval Friday to Cyrus Vance to become secretary of state when the Carter administration assumes power next week. The vote endorsing the 59-year-old Wall Street lawyer and foreign and military policy advisor to Presidents John F. Kennedy and Lyndon B. Johnson was unanimous. Mr. Vance announced nine appointments to senior State Department posts, retaining three Ford administration holdovers as regional assistant secretaries and naming two blacks to other positions.

Sunday, January 16

TWO FORMER OFFICIALS of President Gerald Ford's Clemency Board proposed a sweeping program of amnesty and relief Saturday for Vietnam-era draft evaders, deserters and servicemen punished for minor anti-war offenses. They said their proposal could cover up to half a million persons—military and civilian—already punished or still facing charges for non-violent protest acts such as draft evasion, desertion, civil disobedience, failure to pay taxes and other offenses "reasonably related to the Vietnam war."

POPE PAUL VI should give way to a younger man who could better deal with such modern problems as the population explosion and Christian divisions, a leading Anglican newspaper said Sunday. The plea came from the independent weekly, "Church Times," the oldest and most widely read journal in the Church of England. The editorial appeared just before the opening of an international week of prayer for Christian unity and four days before a scheduled publication of a joint statement by Catholic and Anglican scholars who say that the Pope should be recognized as patriarch over all.

A SPANISH FREIGHTER sliced into a launch ferrying more than 100 American sailors and Marines back to their ships from shore leave in Barcelona early Monday. At least 24 men died and 26 others were unaccounted for. Frogmen searched Spain's busiest harbor Monday night and early Tuesday for more bodies. Eighteen of the 95 survivors were injured. More than 18 hours after the launch capsized, a U.S. consulate spokesman reported 24 men dead, but cautioned others might be missing. The Navy withheld identification of the victims, pending notification of next of kin.

City Store Agrees to Cut Hours

Kroger Manager Responds to Citizen Complaints with Voluntary Effort

By Susan McDonald

In response to citizen complaints of "public safety threats, noise and congestion" around the Kercheval avenue Kroger market, store manager George Sassin has voluntarily cut his night time operating hours.

Residents told the City Council at its Monday, January 17, meeting, that the 11 p.m. closing time at Kroger "can only be a magnet to the criminal element... who victimize late night shoppers" and threaten the safety of their children.

They also attributed traffic congestion and noise problems to Kroger's 7 a.m.-11 p.m. hours.

Present Letter
Seven residents presented a letter of complaint to the council which was signed by 43 people living in Lincoln, Washington, Neff, Notre Dame, St. Clair and Lakeland.

They requested the council to pass an emergency ordinance forcing the store to close at 9 p.m. The council declined to pass an emergency act, but directed its attorney to look into a new law.

The morning after the meeting, though, after conferring with other Kroger of-

Flavio Varani Featured With Pointe Symphony At January 30 Concert

Brazilian Pianist Has Brilliant Career; Reception to Follow Program Beginning at 3:30 in North High School Arts Center

Pianist Flavio Varani will be the featured guest artist at the Grosse Pointe Symphony's second concert in the current season, to be played on Sunday, January 30, at 3:30 p.m., in the Performing Arts Center of North High School, 707 Vernier road.

The afternoon's program, under the direction of conductor Felix Resnick, will include Hungarian Rhapsody, No. 2, by Liszt; White Peacock, by Griffes; and selections from Porgy and Bess, by Gershwin.

Following the intermission Mr. Varani, who is presently artist-in-residence at Oakland University, will perform the Piano Concerto No. 1 in D Minor by Brahms.

Native of Brazil
Mr. Varani, a native of Brazil, received his Bachelor and Master of Music degrees at Manhattan School of Music and made his American debut at New York's Carnegie Hall and Lincoln Center.

His other U.S. credits include appearances with the Detroit Symphony, the Brooklyn Academy Orchestra and the Newport Music Festival, Rhode Island. For the past two seasons, he has participated in the Summer Music Festival at Meadowbrook.

In his country, Mr. Varani won wide attention when he was named, at the age of eight, as Brazil's "Discovery of the Year." At 14, he was awarded a French government scholarship to study in

Paris and, at 18, won first prize in the International Chopin Competition held in Majorca, Spain. He also has been concertized extensively throughout Europe and South America.

Tribute to Gypsies
The Hungarian Rhapsody, No. 2, which will open the program, is one of 20 written by Franz Liszt, Hungary's great pianist and composer. When Liszt heard the gypsy fiddlers play, he said, "This is music. It can speak, it can narrate, it can sing."

He then immortalized the music of the gypsies in a form intended to be a national ballad, naming it "rhapsody" after the old Greek storytellers, the rhapsodists.

Selections by two American talents complete the first part of the concert. White Peacock composer, Charles Tomlinson Griffes, who was born in New York state, was greatly influenced during much of his creative life by German romanticism and the impressionistic style of Debussy.

Opera Climaxed Career
Brooklyn-born George Gershwin, on the other hand, in his more serious compositions, combined traditional music forms with jazz and folk themes. The famous folk opera, Porgy and Bess, climaxed his brief and brilliant career, which produced some of this country's most popular and original music.

Nineteenth century German composer Johannes Brahms, ranked among the greatest masters of the romantic period, wrote works in almost every musical genre except opera. Mr. Varani has chosen one of (Continued on Page 9)

City Police Begin Fire Instruction

Officers' Training Starts As Fight Against Consolidation Continues

By Susan McDonald

While City firefighters continue their battle against the proposed consolidation of police and fire forces in Wayne County Circuit Court and arbitration proceedings, City officials are moving ahead with the plan to join the departments.

They began Tuesday, January 11, training City policemen in firefighting techniques they need to function as public safety officers. The consolidation plan also calls for a new director of public safety to replace Acting Chief of Police Robert Van Tiem and Fire Chief Robert Marshall as department heads.

So far, City Manager Thomas Kressbach said he has narrowed down the field of 35 applicants for the top post to eight possibilities. Oral exams will eliminate all but two or three final candidates within the next few weeks, he added.

Davidson Hired

To conduct the fire training sessions, The City has hired Woods PSO Sgt. James Davidson. He will train the policemen twice a week in four hour sessions at a fee of about \$10 an hour, according to Mr. Kressbach.

Sgt. Davidson, a 13-year veteran of The Woods force, has completed two weeks of fire training, the last in 1967, at the University of Michigan Fire Training Center, Ann Arbor.

In addition, he has been responsible for training men in his command in firefighting techniques since his promotion to sergeant in 1974.

The City was forced to look outside its own department for an instructor because of a lack of cooperation from its own firefighting force, Mr. Kressbach said.

The City firemen "are aware of the situation and have not indicated any interest in facilitating public safety implementation," he said.

City Fire Lt. Tim Champagne, who also is head of the local firefighters association, explained why his men will not participate in the training program and challenged Sgt. Davidson's qualifications as an instructor.

"We won't train the police because we know that no

Officials of The Woods Council, Planning Commission and Saint John Hospital Set Meeting to Discuss Plans for Seven-Mack Area

By Roger A. Waha

A meeting between Saint John Hospital officials and members of the Woods Council and Planning Commission might be held in early spring to explore the hospital's ideas for the proposed redevelopment of the Seven-Mack shopping center area.

In emphasizing the benefits to be derived, not only for the hospital and The Woods, but for the community at large, Dr. Andrew Dahl, director of planning at Saint John, said he hopes officials can meet sometime after Easter to discuss the hospital's long range plans.

The council earlier this month unanimously authorized City Administrator Chester E. Petersen to arrange such a meeting. This action was taken based upon a Planning Commission recommendation to the council in late December that a joint session be scheduled to view future possibilities.

Mutually Beneficial

From the city's perspective, Mr. Petersen stated, "We know of some of the hospital's preliminary plans for developing their own property but we don't know about their aspirations for the shopping center."

"That is the purpose for arranging the joint meeting," he continued, "so the city and the hospital can, hopefully, mutually benefit from any proposed redevelopment."

Several factors interest Mr. Petersen regarding the hospital's plans at this point. With the proposal, he hopes the city will be able to add to its tax base and that in the preparation of any such master plan, the needs of the city and the hospital will both be met.

And from the aesthetic standpoint, he indicated, based upon a previous conversation with Dr. Dahl, that "we both realize if we can't stop the ongoing blight of Detroit at Mack and Moross, then both agencies are in trouble. We want to coordinate such efforts to enhance the hospital and the city."

Party to Honor Shores Officer

A retirement party will be held for Shores Sgt. Donald Jacob on Thursday, February 3, at the Barrister House, 21801 Harper, St. Clair Shores.

The sergeant, who joined the department in May 1955, will be honored for his years of service and dedication to the community. The event begins at 7 p.m. with refreshments. Dinner follows at 8 p.m.

Tickets at \$12 apiece for this stag party are available at any Pointe police station and also at Harper Woods headquarters.

'Family' Law Subject Of Woods Exploration

By George Polgar Jr.

Now that the Forever Family has moved on, Woods city officials are left with the thorny problem of finding some legal way to maintain the present character of residential neighborhoods.

In the minds of most concerned residents this means keeping certain kinds of people out.

At the height of the Roslyn road controversy, which originally involved the religious group and a rowdy household on the next block, it was suggested that the zoning ordinance which allows five unrelated people to live together be changed.

Some said the new limit should be two unrelated persons, while others said no un-

related persons should be allowed to live together in the community.

These suggestions were received with some skepticism by members of the council, who felt that such a change would unjustly infringe on the rights of people to live where and with whom they choose.

City Attorney George Catlin has been charged with the job of reassessing the legal definition of the term "family" in hopes of coming up with a solution to The Woods dilemma.

Mayor Benjamin W. Pinkos stated at the Woods Council meeting on Monday, January 17, that he would like to see an absolute definition specifying who can live in what kind (Continued on Page 2)

Officials Talk About Legislation

Most See No Problem in Complying with Provisions of Measure

By The NEWS Staff

Most Pointe city officials feel there will be no problem in complying with the provisions of the Open Meetings Act, (Act No. 267 of Public Acts of 1976), which was recently signed into law by Gov. William Milliken. It becomes effective around April 1.

Affecting government at all levels, the new law requires that all decisions made by a public body and all deliberations on public policy must be made in a meeting open to the public.

Coverage based upon provisions of the act is broad, encompassing any state or local legislative or governing body, including a board, commission, committee, subcommittee, authority or council which is empowered to exercise governmental or proprietary authority or perform such a function.

Must Be Notified

A meeting is strictly defined as the convening of a public body at which a quorum is present for the purpose of deliberating toward or rendering a decision on a public policy.

The law stipulates that the public must be notified in advance of all meetings, may attend without restrictions or requirements and may speak within reasonable, written rules of the body, according to Sen. David A. Plawewski, who played a prominent role in introducing the legislation.

A citizen may examine minutes and voting records, and may challenge the validity of a decision if it is not made according to the law, he said.

While there's a major emphasis upon openness in the law, closed sessions are permitted and are strictly defined. At the same time, violations of the provisions contain strict penalties.

While most city officials maintain they see no problems with compliance and feel the law is basically a good one, school officials have decidedly mixed reactions.

THE WOODS

The main effect of the legislation in this community will be making Committee of the Whole meetings, (i.e., the council meeting in executive session), consistently open to the public.

Cottage Gets \$50,000 Gift

Cottage Hospital received a gift of \$50,000 when James T. Barnes Sr., prominent Michigan banker, recently presented John N. McNaughton, president of the Cottage Hospital Board of Trustees, a stock certificate valued at that amount.

Present at the presentation were Cottage Administrator Ralph L. Wilgarde and Dr. Harold E. Cross, member of the Cottage Hospital Medical Staff and long-time friend and business associate of Mr. Barnes.

A similar gift was made to Cottage from the James T. Barnes Foundation in 1975.

Mr. Barnes' interest in Cottage Hospital "probably began in the 1950's when I operated on him," says Dr. Cross. Since then, the family has contributed generously to the hospital in many ways.

Mrs. Barnes is greatly interested in the work done in the hospital's speech therapy department and she and Mrs. Cross gave cocktail parties in the early 1970's to raise funds for speech therapy.

Continuing financial support from the Barnes Foundation has provided staffing and equipment for successful summer speech therapy programs, and with the summer help children have received, they have each made progress instead of taking a back-step because of school vacation.

Food Plan Gets Boost

site director Mary Alely made connections which resulted in the ensuing and fast-moving spirit of cooperation.

Combine Talents
Aware of the nutrition program through stories in the NEWS, Mr. Bruce attempted to contact Wayne County to explore areas of assistance without success. However, a short time later, Mrs. Alely called him to see if the club might be able to provide an alternate site for one day.

While this wasn't feasible at that time, the pair, according to Mrs. Alely, talked for over an hour describing the functions and purposes of their respective programs.

Because of their common interest, both indicated a willingness to combine their talents. As Mr. Bruce put it, "We immediately got together to see what the club could do to help."

"They, (Mr. Bruce and Jon Austin, club senior citizens director), have just been fantastic in cooperating with us. They really have extended themselves and are touching upon people we have been unable to reach," (e.g., Village Club seniors), stated Mrs. Alely.

"We're tapping their expertise," she continued, "as they have been into this area longer. They are helping us along with all kinds of suggestions, and offering us facilities."

Counsel Will Help
Further help will come from the nutrition program's site counsel, which is currently being formed. The counsel will not only explore the needs of seniors but will make certain the program is functioning properly.

Noting that The Pointe contains many senior citizens groups who apparently are striving toward similar goals but are working independently, Mrs. Alely said the site counsel will be able to provide direction in this respect from the standpoint of coordination.

This counsel, the personnel of which must comprise 51 percent from the site and 49 percent from the community, will contain around 21 members.

At this juncture, they include Mrs. Alely, site aide Diane Heavner, Mr. Austin, Gerards Administrative Aide Gerard E. McNamara, Alder Councilman George Cueter, Judy Maghakian of the church staff, Nora Blixt, assistant state director for Wayne County's 12 chapters of the American Association of Retired Persons, Adele Ryder and Dr. Albert Eckel, the representative from the Woods Senior Citizens Commission.

September Start
While the Neighborhood Club has been involved in senior citizen programs longer than site personnel, it hasn't been that long.

"Our board of directors asked that we look at the needs of leisure time and service programs for senior citizens. We did the initial investigation and contacted a number of organizations and people in the community," recalled Mr. Bruce, regarding the club's start last year.

When the aforementioned areas began to be identified from the club's perspective, the Village Club was formed and it held its first meeting in September. Fifty chairs were set up but that proved insufficient as 150 seniors were in attendance—a decidedly pleasant surprise for club officials.

At that session, a questionnaire was given to the citizens, who comprised a cross-section of all the Pointes and included couples, widows and widowers. Some also were active in other groups such as seniors' organizations within local churches.

The questionnaire, the results of which are almost compiled, indicated the club was a novice in seniors' programming and would, therefore, like to learn more about citizens' interests.

Vigorous Vehicle
Questions asked include if a senior lives alone, drives, is employed, while a second sheet views activities such as dancing, card games, tennis, movies, physical fitness and areas of concern like housing, social security, health services and public safety. Seniors were asked to check these areas.

Already established and continuing to grow, the Village Club is involved in a variety of activities with day trips being prominent. At the same time, seniors, (55 and up), are invited to the club on Sundays from 1-5 p.m. and on Thursdays from 1-4:30 p.m. for socialization and games on an informal, "drop-in" basis.

While the club is new in the area of senior citizen programming, it's making great strides and Mr. Bruce feels the organization can be a vigorous vehicle in the overall area of coordination.

He explains that the club encompasses the entire Grosse Pointe School District, has worked in the past with a variety of other groups and the five municipalities and has "administrative expertise" in the area of leadership.

Willing to Lead
There are many viable organizations and groups with an emphasis upon service in several areas, e.g., food, health programs and checking on seniors in their homes, but there's no coherent plan toward performing such services, he feels.

"Services and leisure time are tied together and coordinating senior citizens' programs is a big need. We're willing to play a leadership role in this area. Perhaps we can play a primary role regarding the services we can perform," added Mr. Bruce.

And the club already has given an example in the services area by providing assistance toward developing the nutrition program so it can better meet the needs of all senior citizens.

'Family' Law

of residence.
"First of all we would like to insure that single family homes are occupied by single families," he said. "Mr. Catlin is looking into the constitutionality and feasibility of a new enforceable ordinance."

Mr. Catlin reported that he will have the ordinance drawn up by the end of the week and estimated that it would be two or three months before it could be approved by the council.

One resident at the meeting gave the clearest summary of community feeling on the subject when he said, "The Forever Family is gone now and we've got a second chance. Now, let's not blow it."

The former residence of the Forever Family is now being advertised for sale for \$24,000. According to Building Inspector Earl Wakely the porch, for which a violation has been issued, will be repaired when weather permits.

Open Meetings Law

(Continued from Page 1)

Mayor Benjamin W. Pinkos feels there will be no problems at all on the compliance front. In relation to Committee of the Whole meetings, the only problem he anticipates is one of delay in relation to citizen participation.

"We will have to keep those people in the audience from being part of the discussion other than for something that is pertinent," he said.

Indicating he has no objection to people listening to such discussions, the mayor stated citizens wouldn't be allowed to interrupt at will.

Stressing the openness of the city, Mr. Pinkos noted, in relation to Committee of the Whole sessions, that "we'll have to segregate those items for the general public and those which are not, within the confines of the law."

In relation to this, he felt, in comparison to closed Committee of the Whole meetings, "the basic openness of an individual councilman or an appointed official could be somewhat restricted" with the public in attendance.

He added an announcement would be made of an upcoming Committee of the Whole meeting at a preceding council meeting so the citizenry would be aware of the session.

Advisory in Nature

The Woods has several commissions including the Senior Citizens, Beautification and Citizen Recreation Commissions and Mr. Pinkos feels, while there has been no big problems regarding citizen attendance in the past, that these groups aren't directly affected by the law.

Noting the commissions are advisory in nature, and that they do not make decisions directly affecting the public, the mayor said their recommendations form the council in a public forum for that body's consideration.

On the law itself, Mr. Pinkos felt if the legislation applied to everyone it would be acceptable. He then cited two of several provisions permitting a closed session: partisan caucuses of members of the state legislature and to consider material exempt from disclosure by state or federal statute. These exemptions, he stressed, were arbitrary.

For his part, City Administrator Chester E. Petersen feels there will be no compliance problems "because we are not transacting business other than at an open public meeting."

At the same time, he indicated the city must be careful to comply with the provisions governing the proper notice of meetings, including special sessions.

Viewing the content of the law, Mr. Petersen stated it will not cause "any undue hardship on the operations of

our city because we feel we're already in compliance with about 98 percent of its provisions."

Finally, City Attorney George Catlin felt it is a good law, and noted the city has been in general compliance with such provisions prior to the measure's effective date.

THE CITY

Officials in The City say they like the "Sunshine" bill, but most also are quick to point out that it will actually have very little effect on their operations.

Council meetings will be longer, as all background briefings will now have to be held in public, and there will be a little extra necessary paperwork to keep the public informed of meeting dates.

"For the past few years we have essentially been working in accordance with the new law," explained City Mayor John King. "We have a policy of hashing out most issues in public and providing the citizens with any information they need."

City Manager Thomas Kressbach agreed with the

Woods Police Viewing Offer

By Roger A. Waha

The city presented a three-year proposal on Friday, January 14, for the consideration of the Grosse Pointe Woods Police Officers Association, (GPWPOA), before arbitration becomes a reality.

"We gave them the new proposal on Friday. It attempts to compromise the impasse and, at the same time, incorporates some of the main features the association felt should be included," said City Administrator Chester E. Petersen on Monday morning, January 17. He declined to cite such features.

Acknowledging receipt of the proposal, Officer Michael VanDeGinsie, former GPWPOA president who has been directly involved in negotiations since early last summer, said the association was scheduled to view the offer Wednesday, January 19.

At that time, members, (including 36 officers including three corporals), would vote either to ratify the proposal or nix it. In the latter case, the officer stated this probably will mean arbitration.

For his part, Mayor Benjamin W. Pinkos said early Monday afternoon he hopes the problems will be resolved and that the association would accept the proposal. If not, the city will probably have to go to arbitration.

Armand D. Bove, association attorney, in a letter to Mr. Petersen earlier this month, said it's apparent that compulsory arbitration was the only reasonable means left to resolve the impasse in negotiations.

In that communication, he stated that J. Douglas Korney has been designated as the union's representative to the proposed arbitration panel. He also urged the city to name its representative so the selection of an impartial arbitrator could be accomplished quickly.

With the gears of arbitration having been set in motion, the only apparent detour to such proceedings rests in the GPWPOA's vote on the proposal.

State Puts Off City's Bid to Exempt Cadieux

By Susan McDonald

State highway officials put off The City's request for exemption of Cadieux road from new major street criteria that would force a ban on parking in the already congested area.

In a letter to the City Council, the Department of State Highways and Transportation said it will not take action on the matter until state-wide guidelines for evaluating such requests are developed.

The letter, presented to council at its Monday, January 17, meeting, gave no indication of how long the city must wait for a decision.

Under the new major street guidelines, The City must ban parking on Cadieux or risk losing \$8,000 per mile of road in state gas tax monies.

Nearly 150 residents of the area, however, petitioned the council last October to protest the proposed ban. They said a parking prohibition "would have a highly detrimental effect" on the area that is always crowded with parked cars along the streets.

The petitioners also said realtors have estimated property values would drop \$2,000 or more if the ban is enforced.

City officials responded to the residents' pleas with a written request for an exemption in early December. The Woods had a similar request pending with the state.

Such exemptions are allowed by the state code if "full compliance with criteria would cause undue hardship on the community."

City Manager Thomas Kressbach of Grosse Pointe City was optimistic the state may relax the code for Cadieux because of the community's age and intense development.

While the street may not be completely exempted, other alternatives, such as prohibiting parking on certain blocks only or just at specific times of the day, may be worked out, Mr. Kressbach said.

The problem on Cadieux road is aggravated by the large number of condominiums that line the street. Most of these apartments have only one space assigned to them, and many residents are forced to park on the street.

A parking ban, the residents point out, would force many of them to leave their cars blocks from their homes, which is a special hardship for senior citizens in the area.

Youth Injured In Auto Mishap

A 15-year-old Farms youth suffered serious head injuries in an auto accident at Lakeland and Maumee avenues on Thursday, January 13.

The youth, William Wandschneider, of Moross road, was unconscious and listed in serious condition in Bon Secours Hospital's intensive care unit at the NEWS' press time.

Anthony Reed, 25, of 14600 Cherrylawn, Detroit, was charged with careless driving after police said he ran the stop sign at the intersection, striking the car the boy was riding in.

Police are checking Mr. Reed's car for possible brake failure.

Others in the victim's car was the driver, Eleanor Tuttle, who suffered one broken rib, and Richard Tuttle and Margaret Stronki, who were not injured.

Mr. Reed was alone in his car at the time of the accident. The group was on its way downtown to a Cobo Hall concert at about 7 p.m. when the accident occurred. Mrs. Tuttle said she was traveling east on Maumee when Mr. Reed struck her car forcing it into a telephone pole at the intersection.

Both cars were totally destroyed.

Extend Contracts

The Board of Education approved contract extensions until June 30, 1978, for Claire Basco, Parcells Middle School assistant principal; Eric Follo, principal of Trombly Elementary School; and Sally J. Bell, principal of Defer Elementary School. The action was taken at its Monday, January 10, meeting.

Open Meetings Law Discussed by Officials

(Continued from Page 2)

mayor's assessment of the bill's impact. Executive sessions are now generally limited to discussion of labor negotiations, lawsuits and the purchase of property — all items that are excluded from the open meetings requirement, Mr. Kressbach said.

"I can't ever recall our council taking a vote in a working session," he added. "They are generally just used to inform the members of details of certain issues. They make their decisions in public."

Cites Problem

Although Councilwoman Jeanette Duffield thinks the law is a good one, she does see some problems with budget planning sessions, which must be held in public, especially in relation to negotiations with labor unions.

"When we're planning our next year's budget, we have to set aside a certain amount of money to settle future contracts," she said. "If we blow our hand at that time, by making the figures public, we might as well not even go to the negotiating table, because they will already know just what to ask for."

"When it gets down to dollars and cents, we're just going to have to find a legal way to close the meetings."

THE PARK

Mayor Matthew C. Patterson assessed the law by saying, "As far as I'm concerned, the so-called 'Sunshine Law' is perfectly all right."

"As far as the council is concerned, we have worked in accordance with such a law and have never held back anything from the people of Grosse Pointe Park."

The U. S. Congress and the Michigan Legislature have held executive sessions, but far as we of The Park are concerned, we have never withheld anything from the public.

"We have been holding these sessions so that the members of the council would better understand what public business they are voting for or against, according to the view of each individual member of the council."

The mayor added, "Our executive sessions were held to better understand the matters that are on the agenda, not to withhold anything from the public."

Not Change Anything

Meanwhile, City Manager Robert A. Stone stated, "As far as operations are concerned, it will not change anything because it is all brought out at open public meetings. The only executive sessions that are kept from the public, according to law, are labor arbitrations, land acquisitions, etc., and even these are made open to the public, under a court order."

"The new law will not affect us at all, since we take minutes at all executive sessions, and these are available to the public if they wish to know what is going on."

"We have never hidden

anything from our citizens, since much of what is discussed at executive sessions are brought out at open meetings anyway."

"We want our citizens to know what their officials are doing, since it is the public's business we are conducting and they have a right to know everything."

THE FARMS

In The Farms, city officials believe the bill will cause little or no problems. "It's not going to change our operations," said City Manager Andrew Bremer Jr.

"We already operate pretty much as the new bill will require. However, we have our city attorney checking to make sure we are familiar with all the provisions of the bill."

"The only area I believe it may affect is the Mayor's Planning Advisory Board, and that has always been run on an 'open door policy.' If anyone had any problems, all they had to do was knock on the door."

Farms City Clerk Richard Solak is taking a wait-and-see attitude about the new bill.

"The Farms' city attorney is checking on the legal ramifications of the bill and will make a full report to us," he said. "I don't foresee any problems, but until we hear from our attorney we will wait to make legal provisions for compliance."

"One problem area may lie in paperwork. Minutes will have to be typed up and prior notice given for all types of meetings. It's going to involve a lot of paperwork for my office."

THE SHORES

Village Superintendent Thomas K. Jefferis said he sees no effect of the law on his community. At this time, he is in the midst of making up a list of all meetings for the Village, Grosse Pointe Township and Lake Township regarding compliance with meeting notice provisions.

Saying he has no comment on the law itself, Mr. Jefferis added, "Our meetings have always been open" (to the public).

THE SCHOOLS

The state's school boards have been some of the strongest opponents of the so-called "Sunshine Law" — and local trustees are no exception.

Pointe Board members are plainly furious about the bill and maintain it will severely limit their opportunities for frank discussion and criticism of school programs.

"It's destructive of meaningful debate," Trustee William Huetteman said in an angry speech at a recent Board meeting. "My feelings are that it's a very bad law."

Trustee Joan Hanpeter agreed. "Our philosophy for the past few years has been to hammer out our problems in private and come to the public unified on all issues," she explained.

Sees No Problems

"Because any disagreement between us is usually used for political purposes, this method of operation has served the community well. But we're not going to be able to continue it and its going to seriously impair the effectiveness of the Board," she said.

While Superintendent Dr.

William Coats does not share some of the trustees' dislike of the bill, he said he was concerned about "the lack of uniformity in its application," in that the legislature has exempted their political caucuses from its provisions.

Other than that, he said he has no problems with the law.

"I think it is desirable for interested citizens to have the opportunity to hear varying points of view expressed by Board members, the superintendent and others," he said in a news release.

On Request

A public body may meet in a closed session for the following purposes:

- To consider the dismissal, suspension or disciplining of, or to hear complaints or charges brought against a public officer, employee, staff member or individual agent, when the named person requests a closed hearing.
- To consider the dismissal, suspension or disciplining of a student when the public body is part of the school district, intermediate school district or institution of higher education which the student is attending, when the student or the student's parents request a closed hearing.
- For strategy and negotiation sessions connected with the negotiation of a collective bargaining agreement when either negotiating party requests a closed hearing.

Property Viewed

- To consider the purchase or lease of real property up to the time an option to purchase or lease that real property is obtained.
- To consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only when an open meeting would have a

deliberational financial effect on the litigating or settlement position of the public body.

- To review the specific contents of an application for employment or appointment to a public office when the candidate requests that the application remain confidential. However, all interviews by a public body for employment or appointment to a public office shall be held in an open meeting pursuant to the act.

Other highlights of the act note that to go into a closed meeting, the purpose of the closed session must be recorded in the minutes; regular meeting dates must be posted at the beginning of each year; and minutes showing names of members present and absent, decisions made and the roll call votes taken at every meeting are to be made available for public inspection. On the latter, copies must be provided at cost.

Finally, the law says if a public body is not complying with the act, the attorney general, prosecuting attorney of the county in which the public body serves, or a person may commence a civil action to compel compliance or to enjoin further non-compliance with the act.

A public official who intentionally violates this act is guilty of a misdemeanor punishable by a fine of not more than \$1,000.

An official who is convicted of intentionally violating a provision of the act for a second time within the same term shall be guilty of a misdemeanor and shall be fined not more than \$2,000, or imprisoned for not more than one year, or both.

An official also may be personally liable for civil damages up to \$500.

Woods Reports Two Burglaries

Two breaking and entering reports were received by Woods police on Saturday, January 15. One came from the Grosse Pointe Club, 655 Cook road, while the other came from Mr. Tony's Restaurant, 19341 Mack avenue.

In the former incident, an envelope containing around \$233 in cash was taken from an office, while in the latter case, approximately 50 cookies, a display submarine sandwich, (which was later recovered), a calculator of unknown value and four keys were reported missing.

The burglary at the Hunt Club was discovered Saturday morning. The office in question was on the second floor with a door adjoining the ladies lounge being pried open with a blunt instrument, police said. The door is located at the back of the office.

Officers reported the envelope was removed from an office desk drawer, and that no other items were found missing at this time.

Police were told, in addition to the attendance of several members at the club Friday evening, there also was a birthday party for the daughter of a member in which several youths were in attendance.

Meanwhile, Officer Paul Shields, while on patrol, observed a broken 8'x5' window at the southeast corner of Mr. Tony's. A check by the patrolman and Officer Thomas Morawski for intruders proved negative.

The manager arrived and reported the aforementioned missing items with the large display submarine sandwich, which hung from two small chains in front of the shattered window, being recovered in Touraine road.

Because four keys were apparently stolen, the manager advised police that the locks would be immediately changed.

New Courses Set for Adults

In addition to its usual adult education offerings, the school system's Department of Community Services has new courses for the winter session.

Natural Food Cooking, taught by Bonnie Breidenbach, will begin today, January 20, while Patty Porster and Nancy Ulmer will start their Time Management course on Monday, January 24.

Further information and class reservations may be obtained by calling the department at 885-3808 or 885-0271.

Farms Council Hears Protests

About 20 residents of Allard road appeared before the Farms Council on Monday night, January 10. The residents were protesting the December 20, 1976, decision of the council to erect temporary barricades on Roland road, near Mack avenue.

The barricades, which constitute a temporary experiment in traffic control, will be erected in about two weeks to try and re-route heavy use of the road by non-local traffic. A no right turn sign also will be erected on Mack avenue near Allard.

The main contention of the residents of Allard road was that the barricades would divert the traffic elsewhere, and not solve the problem.

"The 1,300 cars a day that were using Roland and Main roads will have to go somewhere," said one resident. "You're just shifting the blame to another area. I don't want all that traffic on my street."

After listening to the citizens' complaints, the council reconfirmed that the barricades would be going up as a temporary measure.

STEVENS APPOINTED

Park resident John Stevens, president of John Stevens Associates, Inc., architects, engineers and planners in Detroit, has been appointed to the American Institute of Architects 1977 National Committee on Architecture for Justice, a committee charged with improving facilities for the American justice system.

Mr. Stevens was a chief designer responsible for coordinating the Frank Murphy Hall of Justice in Detroit, and is a member of the American Institute of Architects, the Michigan Society of Architects, the Royal Architectural Institute of Canada and the Engineering Society of Detroit.

Tickets for the review are \$1.50 and may be purchased at the door.

Fast-Change Artists Hit Businesses

Four reports filed within two days has prompted Woods police to alert merchants in all the Pointes, Harper Woods, St. Clair Shores and Roseville of two fast-change artists working fast-food outlets and small restaurants in Mack avenue.

Det. Lt. Jack Patterson said that the four incidents are still under investigation, and there are no suspects at this time.

Police are searching for two white males, around 24 years of age. One is described as 5'10" tall, about 160 pounds and dark complexioned, wearing a dark waist-length jacket and beige pants. According to police reports, this suspect usually waits until no other customers are in the establishment, then makes a purchase under \$1, which he pays for with a \$10 bill.

The second suspect, described as about 5'11" tall, 150 pounds, of a slender build and wearing light-colored clothing, accompanies the first suspect but is said to do no fast-changing himself.

In one of the incidents, \$16 was fast-changed from a clerk working alone at Mr. Tony's, 19341 Mack avenue, on Wednesday, January 12.

The clerk told police the two men entered together but ordered separately. The first suspect handed the clerk a \$10 bill for his coffee, then turned away after receiving only his coin change.

When the clerk said she still had the man's \$9 in bills, he began confusing her.

VISIT FOR MUSEUM

Abraham Lincoln began a 12-day trip by train to Washington and the presidency of the United States on February 11, 1861, a day before his 52nd birthday. He arrived in the nation's capital from Springfield, Illinois on February 23. Among the many items associated with the Great Emancipator at Greenfield Village in Dearborn, are several pieces of furniture from the house in Springfield which Lincoln left behind and to which he never returned alive. Some of that furniture is displayed in the Abraham Lincoln Courthouse where as a young circuit rider Lincoln once practiced law in Illinois.

demanding his original bill, then changing his mind again and insisting to pay with different bills.

By the time the pair left, the clerk said she was short \$16.

Earlier that day, two men entered the Jack-in-the-Box, 29599 Mack avenue, one of them making a purchase under \$1 which he paid for with a \$10 bill. The man changed his mind, asked to pay with different bills and later tried to exchange larger bills for singles.

Ten dollars was short-changed in the incident.

In other reports filed last week, two men attempted short-changing employees at the Landmark Restaurant, 19299 Mack, and at the Steak 'n Eggs, 20195 Mack. In both cases, \$10 bills were used for small purchases, although no money was reported missing in either incident.

In a related case, Farms police said two men of a similar description attempted to short-change an employee at Mister A's party store, 19210 Mack avenue, on Friday, January 14.

The first man, whose description varied with that put out by Woods police in that he wore a beard, bought a 59-cent bottle of pop, which he paid for with a \$10 bill.

Upon receiving his change, the man asked for his \$10 bill back and offered to pay with a \$1 bill. The second man then asked to pay for a candy bar, with the first man still distracting the clerk.

The store owner, who suspected the two men from the descriptions sent out by Woods authorities, offered to return the money if the men would wait for police. But the men left before police arrived.

Doctor Faces Fraud Charge

A prominent Grosse Pointe physician became the first target of the attorney general's Medicaid abuse probe when he was arrested Friday, January 14, for allegedly billing the system for work never performed.

Dr. Robert J. Sillery, of The City, who was named last year as the leading recipient of Medicaid payments in the Detroit area, was charged last week with fraudulently obtaining over \$1,500

in Medicaid payments.

St. Clair Shores Associate Municipal Judge William A. Crouchman entered a plea of innocent for Dr. Sillery who was later released on \$20,000. His preliminary examination is set for Monday, January 24.

While Dr. Sillery was unavailable for comment when called by NEWS, his office secretary and his wife reported that he is carrying on his normal schedule.

Merit Technology Applied To 100mm Cigarette.

'Enriched Flavor'™ process adapted to new low tar 100mm cigarette with remarkable success.

MERIT established a whole new taste standard for low tar smoking.

If you smoke but haven't chosen to take advantage of the MERIT breakthrough because you prefer a longer length cigarette, you'll be interested.

Because now there's a MERIT for you, too. New MERIT 100's. Only 12 mg. of tar. Yet packed with extra flavor. The kind of flavor that makes "low tar, good taste" a reality for 100's smokers.

'Enriched Flavor' Tobacco

Like MERIT, MERIT 100's are packed with 'Enriched Flavor' tobacco. Tobacco fortified with certain key flavor-rich ingredients isolated in cigarette smoke, and

proven to deliver taste way out of proportion to tar.

We taste-tested MERIT 100's against some of the toughest competition we could find: higher tar 100mm cigarettes.

Here are the results.

Test Data Conclusive

New 12 mg. tar MERIT 100's were taste-tested against a number of major 100mm brands ranging from 17 mg. to 19 mg. tar.

Thousands of smokers were tested.* The results: *overall, they liked the taste of MERIT 100's as much as the higher tar 100mm brands tested.*

MERIT and MERIT MENTHOL. King Size and new 100's.

The taste barrier for low tar smoking has been broken again.

Cinema League Views Canada

Pierre and Elfrida Palmentier will present "Let's Go to Eastern Canada!" at the Monday, January 24, meeting of the Grosse Pointe Cinema League in the War Memorial's Fries Auditorium at 8 p.m.

This 16mm color movie was photographed last May and June. It covers all the provinces of Eastern Canada from Ontario to Newfoundland.

The Ontario portion of the film includes views of one of Canada's favorite vacation cities, Toronto, and its beautiful capital, Ottawa. There are picturesque scenes around Kitchener, which still clings to the culture of its early German settlers, and the world's second highest hydraulic lift lock at Peterborough.

The site of the 1976 Olympics at Montreal is shown, as well as views of "Man and His World," at the former Expo '67 site.

The walled city of Quebec is viewed from a two-wheel caleche, and there are films of the elaborate changing of the guard ceremony at Quebec City's Citadel.

On the Gaspe Peninsula, the camera visits the wood-carvers of St. Jean-Port-Jolie, and the famous rock at Percé where Jacques Cartier anchored his three small ships in July 1534.

A visit is made to the unique Reversing Falls in New Brunswick, and the town of Baddeck on the famed Cabot Trail, with its Alexander Graham Bell museum.

The Palmentier's traveled by ship to Newfoundland and photographed the picturesque towns, and fishing and logging activity along the 550-mile-long highway crossing the province.

There are fascinating views of the people and buildings of Canada's "Williamsburg-type" restoration, Fort Louisbourg on Cape Breton Island erected by the French from 1720-1745. The federal government is pouring millions into this historic project to bring about its restoration in a completely authentic manner.

In Nova Scotia a visit is made to the mysterious Oak Island with its Money Pit and exciting tales of buried treasure. There are delightful views of the rocky coastline of southern Nova Scotia, with its picturesque old towns, historic buildings and fishing centers.

T. RAYMOND JEFFS
Services for Mr. Jeffs, of The Farms, were held Wednesday, January 19, at the William R. Hamilton Co. and Christ Church.

He died Saturday, January 15, at Cottage Hospital.

A graduate of the University of Michigan College of Engineering, Mr. Jeffs was a prominent Grosse Pointe realtor and was instrumental in the development of The Pointe.

He had his own brokerage firm for many years, and was recently an associate of Purdy and Toles. He served on the Farms Planning Commission during the period when many of the old estates were subdivided.

Mr. Jeffs was a life member of the University Club and was a member of the Detroit Boat Club.

He is survived by his wife, Geraldine Bogan; a son, Thomas H. II; a daughter, Mrs. Peggy H. Fahnestock; three sisters and four grandchildren.

Woods Nixes Plan for CB's

The Woods Council received the recommendation of Public Safety Director Henry Marchand that it would be unfeasible for the police to monitor a CB channel on which private citizens could report suspicious goings on and emergencies.

The letter was received and placed on file at the Monday, January 17, council meeting.

It came in response to a Kiwanis Club suggestion that such a system might be valuable in the fight against crime in the community.

Director Marchand stated in the letter there used to be a CB scanner in the front desk area of the police station but it was removed after the constant stream of "verbal garbage" coming over the air became an interference to the desk personnel in the performance of their regular duties.

The council directed a copy of Director Marchand's recommendation to be sent to Kiwanis Club President Robert B. Frederick.

many years. He was a veteran of World War I.

He is survived by one brother and two sisters.

Memorial contributions may be made to the Michigan Cancer Society.

Interment was at Emmett, Mich.

Wine has been with us for a long time. Archeologists believe that the first grape wine was made 10,000 years ago. They think that honey wine, commonly known as mead (it is not a kind of beer, as popularly thought), may even be older. It competes with palm and date wines for "oldest wine" honors. We know for sure that wine is mentioned often in the Bible and it is said that Noah, after floating around for so long, rushed to plant a vineyard as soon as he reached dry land. Perhaps what he said when he landed was something like, "Boy, do I need a drink!"

For a fine selection of wines as well as beers from all over the world, visit PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626. Try something different for your next party—serve genuine draft beer. We have both 1/2 and 1/4 barrels and you can choose from any keg beer available in the state of Michigan. Hours: 10-10 Mon.-Thurs.; 10-11 Fri., Sat.

Redevelopment Viewed

(Continued from Page 1)
In an interview with the NEWS on Monday, January 17, Dr. Dahl, in reviewing the background and objectives of the project, noted that the fate of the shopping center not only affects the hospital but also the community in total.

"It's fair to say the character of the shopping center hasn't changed but has kept pace with the continually improving character of the whole community," he said.

"As this hospital invests in new programs and new buildings, it's important for the hospital and the community to see that improvements all over also occur in the shopping center area."

In an effort to see that this happens, Dr. Dahl said the hospital was able to negotiate a long term lease for the huge parking lot area with the understanding that it be improved, and that has been done at a cost of around \$100,000.

When A&P moved out of its structure in the shopping center, the building was vacant for six months and suffered at the hands of vandals. The hospital then negotiated a lease for it and now uses the former store to house medical records. "We also redid the structure, too, so it wouldn't be an eyesore," said Dr. Dahl.

Hopes for Center

In the same vein, when Wrigley's moved out of its building, the hospital negotiated a lease for the structure. Plans now call for it to be used in a similar manner as the A&P building.

If this becomes a reality in the future, he said, it's ultimately hoped the A&P building will be used as a renal disease center, as there's none in the immediate east side area.

Meanwhile, Dr. Dahl noted the hospital on several occasions in the past has been in contact with the owners of the shopping center regarding the possibility of purchasing some parts and leasing others.

"The difficulty has been the cost factor on a lease or purchase basis. It's a concern to us and to the city because we want to develop as the rest of the area is developed," (thus providing for a fine commercial shopping location), he said.

If the hospital is able to obtain the shopping center grounds, Dr. Dahl noted, as leases in the center change, new tenants would be required to improve their shops toward a specific kind of standard, e.g., similar to the development of the Village district, for instance, thus making the center a "viable, wholesome area."

Cites Harmony

Part of the long range outlook from the hospital's perspective is having businesses which relate to services offered by the institution, hence, creating a harmony for the immediate environment, e.g., a health-related sporting goods store and a florist shop.

"I feel this is an evolutionary process on the hospital's part. The objective is to see that it maintains itself and becomes a real credit in the community," he said.

With such a planned redevelopment program for the shopping center, hospital officials stress the theme of being "a good neighbor," emphasizing that such a plan will not only benefit the institution but also the entire community. For the hospital's objective is service.

Fire Training

(Continued from Page 1)
man can do two jobs at a time—you're either a policeman or firefighter," he said. "It is not in the best interests of the community to have them doing both jobs."

As for Sgt. Davidson, Lt. Champagne said, "He's not qualified to train those men because he is not even certified as an instructor by the Michigan Fire Training Council."

Although there is no Michigan law mandating formal training for city-employed firefighters, the fire council does recommend 66 hours of instruction by a certified teacher.

Express Confidence

Even though Sgt. Davidson is not a certified instructor, Woods Director of Public Safety Henry Marchand expressed great confidence in his ability to train City men adequately.

Mr. Kressbach said he had trouble finding certified instructors to train his men because most are members of the International Firefighters Assoc., which is financially supporting City firefighters' legal battle against consolidation.

Most City police officers have expressed a willingness to take part in the training, although at least one grievance has been filed on the subject.

March of Dimes Bid Approved

A request to solicit funds from the March of Dimes was unanimously approved by the Woods Council at its regular meeting Monday, January 3. The drive is part of the annual fund raising campaign of the metropolitan Detroit chapter, the Mothers' March.

It will be conducted through Wednesday, January 26, and, according to the motion, will be held between 10 a.m.-5 p.m. in the city with the public safety department being so advised.

The Mothers' March chairperson in The Woods is Mrs. Stella Craig, of Hollywood avenue.

Health Council Looks at Crime

"Juvenile Crime — What Can We Do About It?" will be the topic of Dr. Guy Doyal's talk at the Monday, January 24, meeting of the Health Education Council of Grosse Pointe.

The talk will begin at 1:30 p.m. in the Central Library Conference Room, 10 Kercheval avenue, following the council's business meeting at 1 p.m. The public is encouraged to attend.

Head of the Department of Educational and Clinical Psychology at Wayne State University, Dr. Doyal also conducts a private practice in The Pointe area dealing with children and adolescents.

"In the past, juvenile crime has been thought of as a problem primarily of the lower socio-economic levels," says Dr. Doyal. "But the highest increase in juvenile crime has occurred in suburban and rural areas."

The Youth Service Division, (YSD), reports that juvenile crime in The Pointe has occurred at a relatively steady rate each year since the division became fully operational in August 1970. However, no figures are available for preceding years.

The year 1975 showed a

sharp rise in juvenile crime, but the rate reverted to earlier levels in 1976.

The most frequent crimes committed by juveniles in The Pointe in 1976, says the YSD, are malicious destruction of property—most commonly dwellings, schools and autos, 120; larceny, 117, including five auto thefts; violation of the controlled substances act, 71; and assault, 49.

The YSD also was called into the search for 78 runaways. There were 21 juvenile arrests for violation of state liquor laws and eight for public drunkenness.

In the interest of involving concerned citizens in an informed public effort to reduce these crimes, Dr. Doyal will discuss the development of juvenile crime and the factors which produce criminal behavior.

He believes the "community must assume part of the responsibility for juvenile crime" and will offer approaches open to parents and the community to deal with the problem.

When people ask you to listen to reason they expect you to listen to their version of it.

Amendment to General Offenses Ordinance

CODE NO. 7-07

AN ORDINANCE TO AMEND SECTION 15 OF CHAPTER 4 OF THE GENERAL OFFENSES ORDINANCE OF GROSSE POINTE FARMS, BEING: AN ORDINANCE DEFINING GENERAL OFFENSES; PROVIDING PENALTIES FOR THE COMMISSION THEREOF; AND REPEALING ORDINANCES NOS. 81, 98, 60 AND 97.

THE CITY OF GROSSE POINTE FARMS ORDAINS:

Section 1. Section 15 of Chapter 4 of the General Offenses Ordinance of Grosse Pointe Farms being Ordinance No. 185 enacted December 21, 1971, is hereby amended to read as follows:

Section 15. Obscene Books, Pictures, Literature and Motion Pictures.

(a) Indecency and Immorality: Obscene, Sadistic or Masochistic literature, recording or image; penalty for sale, transmutation or possession. Any person who knowingly either manufactures, provides, publishes, insures, transfers, transmits, circulates, exhibits, sells, lends, gives away, distributes, shows or transmits or offers either to manufacture, provide, publish, insure, transfer, circulate, exhibit, sell, lend, give away, distribute, show, transmute, or otherwise transmit, or has in his possession with intent to either manufacture, provide, publish, insure, transfer, transmit, circulate, exhibit, sell, lend, give away, distribute, show or transmute or advertise in any manner, or who otherwise knowingly either offers for either loan, gift, sale or distribution, any obscene, lewd, lascivious, filthy or indecent, sadistic or masochistic book, magazine, pamphlet, newspaper, story paper, writing, paper, photograph record, picture, photograph, motion picture film, figure, image, wire or tape recording, or any other device of communication of any written, printed or recorded matter of an indecent character, which is distinguished or characterized by its emphasis on matter depicting, describing, or relating to "specified sexual activities" (as defined below in sub-section f) which may or may not require mechanical or other means to be transmuted into auditory, visual or sensory representation of such character, shall be guilty of a misdemeanor.

For the purposes of this section, the following definitions shall apply:

(1) Knowingly -- means having actual or constructive knowledge of the content and character of work. A person shall be deemed to have constructive knowledge of the content and character of a performance of work if he has knowledge of facts which would put a reasonable and prudent man on notice as to the nature of the work.

(2) Person -- any individual, partnership, firm, association, corporation, trustee, lessee, agent, assign, or other legal entity.

(b) Obscene literature, recording or image; upon average person of community-offensive sexual conduct; no literary, artistic, political or scientific value. The test to be applied in cases under this section of this ordinance shall be:

(1) whether the average person, applying contemporary community standards would find that the work, taken as a whole, appeals to the prurient interest;

(2) whether the work depicts or describes, in a patently offensive way, sexual conduct specifically defined by sub-section f;

(3) whether the work, taken as a whole, lacks serious literary, artistic, political or scientific value.

Such test shall be the effect of the book, picture or other subject of the complaint considered as a whole upon all those whom it is likely to reach, that is, its impact upon the average person in the community. The book, picture, or other subject of the complaint must be judged as a whole in its entire context, not by considering detached or separate portions only, and by the standards of common conscience of the community of the contemporary period of the violation charged.

(c) Publishing, distributing. Any person who publishes or distributes for resale or for reading or other perusal any book, magazine, or pamphlet, so composed as to constitute a compilation of pictures, illustrations, caricatures, cartoons, words, stories and advertisements, or any combination or combinations thereof, featuring and primarily devoted for the purpose of commercial exploitation, to the description or portrayal or suggestion of illicit sex, or sexual relations or perversions, lust or sexual passion, or to any combination or combinations thereof, which are distinguished or characterized by its emphasis on matter depicting or relating to "specified sexual activities" (as defined in sub-section f), shall be guilty of a violation of this ordinance.

(d) Requiring retailer to accept. Any person who shall as a condition to a sale, allocation, consignment or delivery for resale of any paper, magazine, book, periodical or publication require that the purchaser or consignee receive for resale any other article, book or other publication which is contrary to this ordinance, or shall deny or threaten to deny any

THE PARK PHARMACY

Congenital defects of the heart or circulatory system occur in only a small percentage of children and are responsible for only about two percent of all cardiac patients. Some of the causes of such defects are not known. However, some contributory factors are known and can be prevented. In addition, some of the defects can be treated effectively with surgery. It is known that if a woman has an attack of the German measles during the early months of pregnancy her child may be born with a defective heart or other defects as well.

For personalized service in all your health and beauty needs, visit THE PARK PHARMACY, 15324 E. Jefferson, Grosse Pointe Park. Woods Police Head Likes New Agility Program

By Roger A. Waha

As part of its recruit training program, the Woods Department of Public Safety for the first time put into operation a formalized job-related public safety officer's agility test on Saturday, January 8, at North High School.

Height, weight and the sex of the applicant has no bearing on the test, and, according to Public Safety Director Henry Marchand, if a recruit passes this phase of his training, he (or she) should be able to perform the duties of a public safety officer, (who's required to handle both police and fire-fighting responsibilities).

As part of the agility test in the past, applicants had to do chin-ups, broad jump, sit-ups, a hand over hand exercise and climb a short ladder. But now, the program has become more complex with all tests being directly related to duties a public safety officer is expected to perform.

Based upon a workshop, which focused upon physical performance tests for policemen and firefighters, last summer and an ensuing exploration of what other communities are doing in this area, Director Marchand culled several specific agility tests and geared them for public safety officers as part of a coordinated program.

These events include a ladder climb, a quarter mile run, sit-ups, push-ups, the long jump, chin-ups and obstacle course and body drag. The tests, he noted, are all precisely job-related and are suited to situations an officer may find himself in within the community.

Being a public safety officer, a recruit is required to fight fires, he said. If a fear of heights is apparent and the individual is unable to function, it will be noted in relation to the ladder climb.

Bannon Talks About Crime

Executive deputy chief of police for the City of Detroit, James R. Bannon, discussed "Crime and Crime Prevention/Conditions of The City of Detroit" at the Grosse Pointe Kiwanis Club's Tuesday, January 11, meeting.

Mr. Bannon, who holds a Masters degree in criminology and a Ph.D. in sociology, has been a Detroit employee for 27 years. He was made an honorary member of the Kiwanis and presented with the Grosse Pointe Kiwanis Club Award by member Richard Beach.

Know Your Schools

By Dr. William Coats,
Superintendent of Schools

Having discussed four of the components, (Basic Skills, Self-Discipline, Citizenship, Academic Excellence), of the school system's recently-approved Philosophy Statement, I turn to an explanation of the fifth of the seven goals—Career Preparation.

What are the ramifications of the term "Career Preparation"? Components of this area include the creation in students of the awareness of career possibilities and the changing nature of occupations, the self-assessment of personal values, skills and interests, career planning and vocational training for job entry skills.

This represents great progress from more traditional programs consisting of just typing and shorthand for the girls and industrial arts for boys.

For the 1977-78 year the Grosse Pointe Public School System is offering four new vocational programs: Cooperative Dental Aides, Machine Shorthand, Child Care Services and Health Occupations. These additions bring to 14 the number of wage earning vocational program options which will be available to students in our district.

Other programs are Distributive Education, Office Procedures, Office Education, Medical Aides, Commercial Food, Home Economics Coop, Auto Mechanics, Radio and TV Repair, Technical Drawing and Trade and Industry Coop.

Through a system of Advisory Committees, all vocational programs are evaluated to insure that program graduates have the necessary job skills required by business and industry.

Career Preparation in the public schools was given a boost with the implementation of Section 7 of Public Act 97, signed by Gov. William Milliken on May 7, 1974, which states that "beginning with the 1975-76 school year each local educational agency shall have a comprehensive career education plan and shall establish performance objectives."

The 1975-76 "Career Education Plan" identified those yearly objectives which the Grosse Pointe School District deemed appropriate for a developing program of Career Education. Within this "plan" the first objective involved a community Steering Committee task force organized to recommend Career Goals on a kindergarten-12 basis to the Grosse Pointe Board of Education.

The major purpose of the committee was to review thoroughly the Michigan Career Development Model—the specific elements of (1) Self Awareness; (2) Career Awareness; (3) Decision Making; and (4) Placement.

Our Board of Education has approved district-wide Career Development Goals, K-12. The necessary performance objectives are being identified and developed to achieve district goals. Effective in-service programs will be developed to assist all teachers with the task of re-

lating their discipline to the world of work.

Community resources, (parents, employer/employee volunteers, business and labor representatives), will be an important ingredient to a successful career program.

Thus, our goal of Career Preparation is one vital component of career education—which embraces vocational education, but goes a great deal further.

It is a new orientation of education toward the world of work, starting with the earliest grades and continuing through high school—that exposes students to the range of career opportunities, prepares them to make career decisions in terms of values, preferred life styles, aptitudes and interests and provides them with education and training appropriate to their career ambition.

This approach also will make academic studies more relevant. In many cases their training would involve the employability and technical job skills associated with occupational training and it would be strongly and relevantly undergirded by education in the traditional academic subjects.

One View from the Capitol

By William R. Bryant Jr.

The liquor legislation to give the Pointes greater control over issuance of bar licenses has finally been enacted.

The bill, which we sought to give our communities the same controls as communities outside Wayne County have always had, was finally passed at the very end of last year's legislative session.

In a previous article, I wrote about the saga of this struggling little bill and how it had to be recalled from the Governor to make changes he requested.

We recalled the bill and made the changes, but even then our problems were not ended.

After we sent the bill back to the Governor, two other liquor bills came along in the final rush toward adjournment. These bills treated different problems but amended the same section of the law as did our bill.

If we passed these later bills as proposed, they would have killed our bill because they did not contain the language of our bill. The last bill signed, amending that section of the law, would control, so our bill would be defeated by a later signing of either of the two other bills.

Our choices were to either insist our bill be signed last, or to amend the two later bills to include our language. But one of the two later bills had slipped through and it would have to be recalled in order to make the change.

So, after much complaining and confusion the second bill was recalled and amended, and all three went to the Governor with our language included.

The problems faced by this

What Goes On at Your Library

By Arthur Woodford
Chief of Central Library

The bath has had a variety of meanings, purposes and methods at different times in history.

In Greece it was an adjunct to gymnastics, brief, cold and invigorating. In Rome and Islam it meant relaxation, bodily refreshment and resultant well-being; the basic method was the use of steam and water in a succession of varying temperatures. It was a social duty carried out in company.

The Greek or Roman bath, however, was only incidentally a cleaning process. The Latin word "sanitas," (from which comes our word sanitary), meant health, not the removal of dirt. The communal bath of the Middle Ages, and the Turkish bath in its many revivals in Europe, had a like purpose.

In the medieval monastery, the bath was strictly a routine cleaning, not to linger over, not to be enjoyed, and perhaps to be imposed—icy cold—as a penance.

At times the bath has been used as a symbolic rite, its pleasures and its cleansing

being both purely spiritual. In the 18th and early 19th centuries in Europe, the bath normally implied medical treatment; the bather was "the patient."

From about 1860 the bath revived as a private routine cleaning, but with something of the monastic penance in the preference for cold water. With the coming of a liberal hot water supply, it became once more permissible to enjoy one's bath, and to its purpose of routine cleaning there is added today a dash of Roman relaxation.

If you would like to know more about the bathroom, and in particular the bathtub and water closet, let me recommend three books that have been added to the collection at your Grosse Pointe Public Library.

Did you know that the Romans had hot-water heaters; that Queen Elizabeth I had a valve water closet; that Louis XIV had cushions in his bath; that baths have been concealed in sofas, and wash basins in pianos; that whiskey may be added to the bath water that mutton chops should not be eaten in the tub; that the shower bath calls for a hat, and can cause asphyxia; and that sponges have sex?

The story behind these and innumerable other facts will be found in Lawrence Wright's CLEAN AND DECENT, (University of Toronto Press).

Subtitled "The Fascinating History of the Bathroom and the Water Closet and of Sundry Habits, Fashions & Accessories of the Toilet," this book will tell you more of the social history of the bath than you probably will ever need to know.

With its footnotes, bibliography and index it is quite a scholarly work, but the pleasant writing style and many illustrations make it also fun to read.

Never has the saying "A prophet is without honor in his own land" been more true than in the case of Thomas Crapper. Here was a man whose foresight, ingenuity and perseverance brought to perfection one of the great boons to mankind. But is his name revered in the same way as, for example, that of the Earl of Sandwich?

Whenever we order a sandwich we pay verbal tribute to the Earl who originated the idea, to enable him to spend more time at the gaming table.

Likewise with the Earl of Davenport, Lord Cardigan, the Duke of Wellington—davenport, cardigan and wellingtons are all everyday words now. Nobody ever had any hesitation in saying, "Would you like to sit on the davenport?"

But what of poor Crapper? "Would you like to wash your hands?" is a pretty poor tribute to a man who put in as much effort, if not more, into his contribution to human comfort—the modern water closet.

In an attempt to overcome this slight, Wallace Reburn has written a fascinating biography of this Victorian inventor, and entitled it FLUSHED WITH PRIDE, (Prentice Hall). Like the Wright book, this biography with its many illustrations is as fun to look at as it is to read.

Now if your concerns about the bathroom are a bit more serious let me suggest THE BOOK OF SUCCESSFUL BATHROOMS, (Structures Pub.), by Joseph F. Schram. This attractive and informative new book gives the home owner who is designing a new bathroom, remodeling an old one, or just looking for ideas to brighten the present one, some imaginative examples of modern bathroom decor. We find spacious areas with whirlpool, baths, sun lamps, gardens and artwork.

Mr. Schram gives a short history of the bathroom and then gets right to the basics of color, lighting, fixtures, remodeling, maintenance and repair.

Character and sincerity are the mainstays of any man's life.

GPPBPA Picks 1977 Officers

At its recent annual election, the Grosse Pointe Park Business and Professional Association elected its officers for 1977 and proposed an organized Citizens Patrol Committee to offer assistance to the Park Police Department.

The association meets once a month with its next session to be held on Tuesday, January 15, at which time the new officers will be installed by Park Mayor Matthew C. Patterson.

The following officers who will take their oaths of office are: Mrs. Clara N. Odell, president; Julian Shoreck, first vice-president; William Smith, second vice-president; Edward Klieman, treasurer; Mrs. Evelyn Weststen, recording secretary; Garrie Mitchell, financial secretary; James M. Odell, corresponding secretary; and the Reverend Dr. Raleigh E. Sain, pastor of United Church of Christ, Kercheval and Lakepointe, chaplain.

Under the chairmanship of former Park Municipal Judge William E. Speer, formation of a Citizen Patrol Committee was discussed, but plans have not yet been finalized. Police Chief Henry Coonce, who was present at the recent session, said the plan was still under study, and that it was up to the association to elect a committee to meet with him on this matter.

Quartz clocks are here to stay. Some are very fancy, with calendars. Some are water-resistant for marine use, some have three-year power reserve batteries. But the biggest clock news came recently from the Ebauches atomic clock. This clock is very compact and comprises two different units. One holds the caesium atom time standard, the other a quartz clock. The accuracy of this little gem of a clock is really astounding. According to authorities, it is designed to lose one second over a period of three thousand years.

Letters to the Editor

To the Editor:

Regarding the article "Guidelines from Blue Cross Hit" in your January 6 "Grosse Pointe News," I would like to say I do not feel it is an inadequate cost cutting measure in a sensitive service area. I think it is extremely practical and sensible.

In June 1974, I took my husband to Saint John's emergency at 12 noon. He finally got into a room at 6 p.m. The waiting room was full of people with everything from hang nails to a bleeding nose. My husband was in excruciating pain and ultimately had surgery. I found the admitting procedure very involved, lengthy and time consuming even with BC-BS and feel if further billing and processing will be involved with these changes it couldn't make much difference.

GPW Accepts Resignation

The resignation of Thomas Barlow from the Senior Citizens Commission was unanimously accepted with regret by the Woods Council at its regular meeting Monday, January 3.

With Mr. Barlow's resignation, the commission now has eight members, and Mayor Benjamin W. Pinkos said he will consider another appointment as expeditiously as possible.

By comparison I found when I took a child to Bon Secours emergency, the admittance was brief, concise and to the point and my daughter was X-rayed promptly. I was issued a card to facilitate admittance if it was ever needed again.

As for Saint John needing additional personnel to explain the changes, large posters put in strategic places would be adequate and perhaps better than verbal explanations.

It is unfortunate BC-BS did not advertise these changes more thoroughly but possibly if they do they will be accused of wasting money on unnecessary publicity.

As for anyone who has raised children 101 degree temperature is hardly an emergency. Frequently children have a temperature one minute and none the next, and aspirin can be a big help, without going to emergency.

Altman-Wightman Vows Are Spoken

Alencon Lace Trims Bride's Gown and Veil; White Silk Gardenias Accent Her Bouquet; Pair Are at Home in Clarkston

Exchanging marriage vows Saturday, October 30, at an evening ceremony in Regina High School's Regina Chapel were Suzanne Marie Wightman and Gary Fredric Altman, who are now at home in Clarkston.

They vacationed in Toronto following the 8 o'clock rites, at which Father James Sam presided, and a reception at Penna's in Warren.

The bride, daughter of Mr. and Mrs. David G. Wightman, of Fisher road, wore an Empire-waisted gown of white sate peau with Alencon lace accents. Matching lace edged her cathedral mantilla.

She carried an arrangement of dried autumn flowers with white silk gardenias.

She was attended by her sister, Mary-Anne Wightman, as honor maid, and bridesmaids Dianne Wightman, another sister, Mrs. Nicholas Wetherby, sister of the bridegroom, and Jeanne Van Deusen, in frocks of burnt orange polyester and long-sleeved chiffon jackets cuffed in cream and rust ribbon.

Each carried a gold cricket box filled with dried fall flowers.

Mr. Altman, son of the Fredric Altman, of Hillcrest road, asked Mr. Wetherby to act as best man. Ushers were David Wightman, brother of the bride, Graham Edwards, the bridegroom's uncle, and James Jones, who came from Florida for the ceremony.

Flower girl was Mary Murphy, cousin of the bride. Ring bearer was Grier Edwards, the bridegroom's cousin.

The mother of the bride wore a sleeveless, apricot knit, accented with a matching chiffon cape. Two apricot cymbidium orchids formed her wrist corsage. Rhinestones trimmed the neck of the bridegroom's mother's sheer, flowing mint green chiffon. Her wrist corsage featured deeper green cymbidium orchids.

Fort Pontchartrain DAR Honors Good Citizens

Fort Pontchartrain Chapter, Daughters of the American Revolution, gathers Friday, January 21, at the Detroit Boat Club for a noon luncheon followed by a business meeting, Mrs. Joseph H. Embury, regent, presiding.

The afternoon program will focus on presentation of Good Citizen awards to Cathy Cook, of Lincoln Park High School, Michael Durisin, of Melvindale High, and Debra Stachel, of East Detroit High.

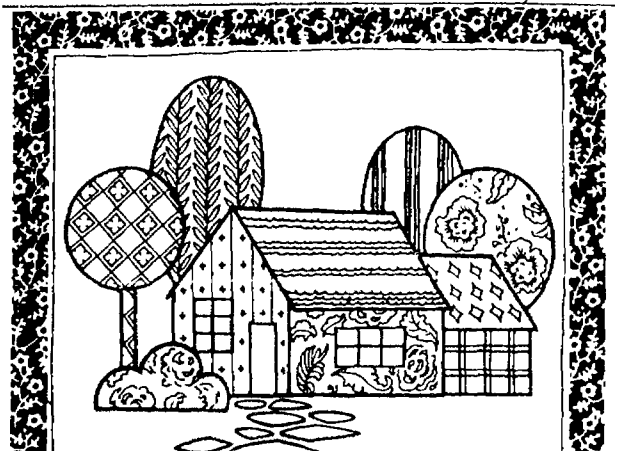

Mrs. Robert J. Murray is chairman of Fort Pontchartrain's Good Citizens program.

A nominating committee will be elected as will delegates and alternates to the DAR State Conference, scheduled for April 6 in Kalamazoo, and the DAR Continental Congress, to be held April 17 through 22 in Washington, D.C.

Trowel, Error Club Convenes

Lois Pollack spoke on flower arranging at a meeting of the Trowel and Error Garden Club Wednesday, January 12, at 12:30 o'clock.

Among those attending the 10:30 o'clock board meeting will be director Mrs. Bruce K. Reynolds, of Washington road.

Newcomers Find Pointe A Good Place to Live

By Katie Eisila
The War Memorial was a warm and friendly place to be last Saturday as Grosse Pointe welcomed its newcomers.

More than 100 new residents enjoyed the icy view from the ballroom windows as they browsed through pamphlets and met representatives from many community groups on hand to acquaint them with the variety of services and activities available in the community.

Both the wintry view and the variety of activities impressed William and Susan Kirkland, who recently moved to the Farms from Houston, Tex. The Kirklands are happy here, they reported. "The Welcome Wagon really DID make me feel welcome," Susan said. "It's gotten me off to a good start."

Joan and Chet Byerly re-

cently moved to the Park from Dearborn, though she's originally from Nebraska and he's from Pennsylvania.

Friends in his office at the National Labor Relations Board recommended the area to them and, like the Kirklands, they praised the variety of activities and services available. Joan takes ballet lessons at the Neighborhood Club; both enjoy the programs at the War Memorial.

Dee Gillen, of Los Angeles, and Anne Eshelman, of Chicago, are now neighbors in the Park, who met while taking tennis lessons at Three Mile Park. Anne and her husband, George, enjoyed the Newcomers Club's trip to Greentown and their December Dance, and think the Grosse Pointe parks are "tremendous."

Dee and Bill Gillen moved to Michigan when he became executive producer of the

Channel 4 News.

Although Dee misses the "informal beach life" the Gillens left behind, she is enthusiastically exploring the variety of craft classes offered in the community.

Lynnae and Ed Rutledge recently moved to the Woods from Detroit. Avid readers, they are pleased with the Grosse Pointe library system and "use it" extensively. They are also touring cyclists and have developed a 20-mile loop, which they ride each night during season to stay in shape.

They especially enjoy the leg of their drive which takes them along Lakeshore road, although they "would like to see Lakeshore drive re-paved soon."

Although Julie and Pete Demos miss their former neighbors and family, they appreciate the excellent municipal services in the Woods. They've been "impressed with the Woods Police Department—it's responsive and alert."

Former St. Clair Shores residents David and Aida Di Pasquale moved to the Woods because they "needed a larger home and knew of the school system's excellent reputation." They feel comfortable but are "still getting used to it."

Gary Douglas of the Farms also likes the comfort of his large home and feels secure in his quiet, peaceful neighborhood, he said, and Anya Pancewicz, formerly of Roseville now living in Grosse Pointe City, agreed, "I enjoy the friendly people and

the quality life here."

Two couples who wholeheartedly endorse the community are Rick and Julie Thompson and Nancy and James Large.

Recently graduated from Ohio State University as a surgeon, Large came back to Michigan to go into practice with his father, Dr. Alfred Large. James Large grew up in Grosse Pointe and wanted to come back to live because he "enjoyed living here as a kid." Nancy Large grew up in Royal Oak and likes her new community. She thinks she has "great neighbors."

Rick and Julie Thompson have just returned to Michigan after three years in Washington, D.C., and are now living within one-half mile of where they each grew up. Both the Larges and Thompsons mentioned the schools, parks and facilities as the reasons for their return to Grosse Pointe.

Barbara Porbe teaches violin in Grosse Pointe. Her husband, Philip, plays the viola in the Detroit Symphony. They're originally from Los Angeles, and find their new community "convenient, cultured and appealing."

Kim Porbe, 16, "misses her old friends and feels it's hard to get used to a new high school." Vicky, 13, enjoys the orchestra at Pierce School and appreciates her teacher, Mr. Bauer. She's glad they have a string program for young musicians here.

Alex, 10, said he is happy with his new friends at Maize School, and Camilla Porbe, 4, just smiled.

Perhaps the spirit of friendliness is best typified by John and Pat Wilting and their children, Mike, Mary and Anne. Although the Wilting family just moved to the Park last week from Cincinnati, O., they took time out from unpacking to stop by the War Memorial and greet their new neighbors.

To Marry

April wedding plans are being made by DEBRA ANN BRADY, daughter of David T. Brady, of Harvard road, and the late Mrs. Brady, and James Leo Kerwin, son of the late Mr. and Mrs. Leo Kerwin, of Washington road.

The bride-elect was graduated in 1973 from Grosse Pointe South High School and in August, 1975, from Henry Ford Hospital School of Nursing. Mr. Kerwin is a 1971 Grosse Pointe South High School graduate.

Julie Reynolds Will Be Bride

Plans for an August 6 wedding are being made by Julie Ann Reynolds and Randall Eugene Payne, whose engagement has been announced by her parents, Mr. and Mrs. Bruce K. Reynolds, of Washington road.

Miss Reynolds, a 1974 Grosse Pointe South High School graduate, received her Criminal Justice degree from Northern Michigan University, where she affiliated with Chi Omega sorority.

Mr. Payne, son of the Jack Paynes, of Marquette, was graduated in 1971 from Marquette High School, served two years in the United States Army and is presently attending Northern Michigan University.

North High School Mothers Group Is Busy

Dr. Kathleen Herschelmann, assistant principal-instruction, Grosse Pointe North High School, spoke to the North High Mother's Discussion Group, which holds its meetings the third Tuesday of the month in the faculty dining room, last Tuesday, January 18.

She explained the duties of her new position and reviewed the program-of-studies book received in the mail by parents. Mothers were asked for comments on course description of curriculum offered at North High.

Of interest were 10th grade required English, additional vocational education and the new format of the curriculum guide.

This is the third meeting for the Mother's Group, and attendance has been outstanding. Shirley Piku, chairperson, is assisted by Amy Cusenza, Janise Jevons and Ann Stricker in planning the meetings.

The group finds it convenient to meet at the school, as do the speakers.

The Mothers will be served lunch February 15 by Miss Rose Bellanca's Commercial Foods Department students, after which they will have a tour of the facilities. George Hitch, coordinator of Career

and Vocational Education, and William Fleming, school board member, will also attend.

Future meetings are scheduled for March 15, April 19 and May 17. Possible discussion topics range from the effect of Title IX, (sex discrimination), on gym classes to forthcoming millage proposals, the school social worker and services of a writing consultant.

Further information may be obtained by calling Mrs. Piku, 886-7936, or Mrs. Cusenza, 886-8598.

Phase I Slates Talk on Rape

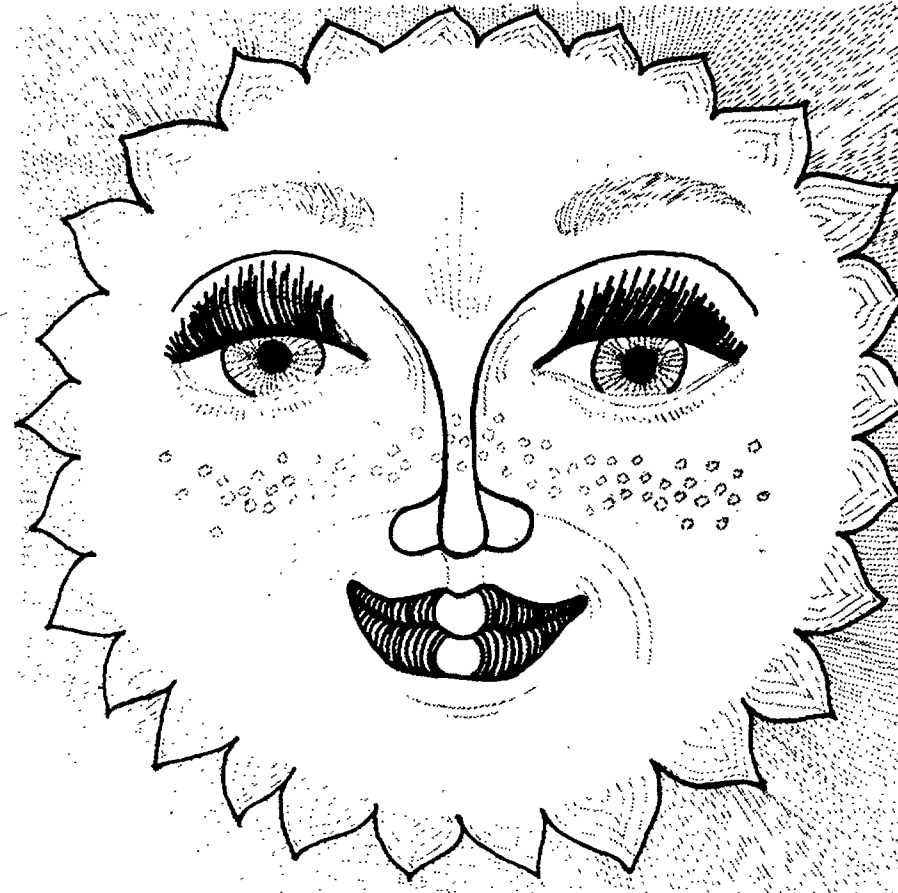

The problem of sexual assault will be the topic of a discussion by Barbara Simon, coordinator of the Detroit Rape Crisis Center, at a meeting of Phase I, an all-singles group, this Sunday, January 23, at 7:45 o'clock at Grosse Pointe Memorial Church.

Ms. Simon will present a short film on the rape problem and speak on its mythologies and realities.

All singles between the ages of 20 and 39 are invited to attend. A social hour follows the program.

Earlier Sunday, Phase I singles will meet at the Grosse Pointe South High School parking lot in Fisher road at 9:30 in the morning to form car pools for a day of tobogganing at Kensington Metro Park. Independent travelers are invited to rendezvous with the group at the toboggan runs at 11 o'clock.

Phase I, open to all singles between the ages of 20 and 39, meets every Sunday evening at Memorial Church. Further information on the group's activities may be obtained by contacting Gust Jahnke at the church, 882-5330.

Pro Musica Date For Leslie Guinn

Traditional Lieder with Modern Materials for Contrast to Comprise Baritone's Program January 28 in Art Institute's Lecture Hall

Pro Musica Society presents baritone Leslie Guinn at the second concert of its 1976-77 series, in the Lecture Hall of the Detroit Institute of Arts Friday evening, January 28, at 8:30 o'clock.

Mr. Guinn, who enjoys a reputation as dean of New York's recitalists and oratorio soloists, has performed with major symphony orchestras throughout the United States.

He has also performed opera, Renaissance drama and premieres of new music at the Marlboro Festival.

Leslie Guinn studied at Northwestern University, where he was heard by the famous teacher Lotte Leh-

man who invited him to study with her.

He won the American Auditions Award for Performance in Italy and was a three-time winner of the Martha Baird Rockefeller Grant. He made his New York debut in 1966, with Leopold Stokowski.

Mr. Guinn will appear with the Detroit Symphony later this season in Beethoven's Ninth Symphony.

In addition, his future engagements include the world

premier of Alan Stout's "Passion" with the Chicago Symphony Orchestra, recitals of music by Charles Ives and performances of "Civil War Parlor Music: Singing, Playing and Commentary." The latter work was prepared by Mr. Guinn in collaboration with musicologist Richard Crawford.

Leslie Guinn is now on the faculty of the University of Michigan. For Pro Musica, he has prepared a program of traditional lieder, including some modern materials for contrast. There will be songs by Franz Schubert, Arnold Schoenberg, Hugo Wolf, Robert Schumann and Johannes Brahms.

Members of Pro Musica and their guests traditionally gather after each recital in the Romanesque Hall of the museum to enjoy refreshments, socialize with friends and visit with the guest artists.

Hosts and hostesses for the January 28 reception, under chairman Mrs. Frederick Greiling, of Bedford lane, will include Mr. and Mrs. Marvin Bookstein, Mrs. John Chase, Mr. and Mrs. James Diamond, Mr. and Mrs. Edwin Elms, Mr. and Mrs. Edward P. Frohlich, Ian Grif-

litha, Mr. and Mrs. Paul Irwin and Miss Magda Kende. More are Miss Irene LaFontaine, Mr. and Mrs. Thomas LoCicero, Mr. and Mrs. John Miller, Mrs. Brigitte Rauer, Dr. and Mrs. Hershel Sandberg, Mrs. Thomas Shea, Mrs. Ruth Stanley, Mr. and Mrs. Richard Tarnas and Mrs. C. Stacey Wheeler.

The final concert of Pro Musica's current series, March 11, will feature Roumanian pianist Juliana Markova in her recital debut in Detroit.

Miss Markova made her American recital debut in Chicago's Orchestra Hall in December, 1973; in May of 1974, she was one of several young artists chosen by the Carnegie Hall Corporation and Columbia Records to appear in the newly-formed "Three by Three" series in New York's Carnegie Hall.

She returns to New York for her second recital in the "Great Performers" Series at Lincoln Center.

She made her orchestral debut in 1974 with the Los Angeles Philharmonic under the direction of Zubin Mehta, and in December, 1976, made her orchestral debut in Detroit with the Detroit Symphony Orchestra.

Set Conference on Childbirth

Childbirth Information Service, a non-profit corporation that teaches the Lamaze Method of prepared childbirth in east suburban Detroit, (two of its teaching centers are Bon Secours and Cottage Hospitals), will sponsor a conference to explore safe alternatives in childbirth Saturday, January 29, at the Holiday Inn in Mount Clemens.

The day-long program, presented in cooperation with

the International Childbirth Education Association, will feature guest speakers discussing such topics as home births, midwifery in Michigan and breastfeeding.

Among the scheduled speakers are Lewis Mehl, M.D., director of the Childbirth Research Institute, Cottage Grove, Wis., William B. Kirtland, Jr., M.D., associate professor of Obstetrics at Wayne State University School of Medicine, assistant chief of Obstetrics-Gynecology at Hutzel Hospital, and David Gustafson, M.D., medical advisor to the La Leche League.

More are Marion McCartney, R.N., C.N.M., mother of three and nurse-midwife with Maternity Center Associates, Ltd., Bethesda, Md., a service that does approximately 25 home births a month, Ruth Winkler, R.N., Newborn Nursery supervisor at Hutzel Hospital, and Pat Prushniewski, R.N., C.N.M., head labor and delivery nurse at Hutzel.

Dawn Saverino, current president of Childbirth Information Service, will welcome all participants at 9 in the morning, after which Eula Hoover, co-founder of CIS, director of conferences and conventions for ICEA,

Begin Mount Holyoke Year

Mrs. John Mozena opened her McKinley avenue home Wednesday, January 19, for Mount Holyoke Club of Detroit's first meeting of the year.

Board members gathered to discuss plans for 1977, highlighted by the April 27 appearance of Mount Holyoke's president, Dr. David Truman, who will journey from Massachusetts to meet Detroit area alumni, friends and interested students.

Luncheon at Mrs. Mozena's was followed by a trip to Renaissance Center, to complete plans for the president's visit.

Mrs. Ugo Ippolito, of Birmingham, is president of Mount Holyoke Club's board this year.

Among her assistants are Pointers Mrs. William Salot, vice-president / hospitality, Mrs. Robert Leidich, schools contact chairman, Mrs. David Wenzler, publicity chairman, and Mrs. Mozena, immediate past-president.

Vice-president/program is Mrs. William Foster, III, of Birmingham. Recording and corresponding secretaries are, respectively, Mrs. Sidney Prystowsky and Mrs. Elsie Vieira, both of Bloomfield Hills.

Treasurer is Mrs. Steele Sellers, of Birmingham. Members-at-large are Mrs. Hoyt Stewart, of Lathrup Village, Mrs. Garvin Bawden, Jr., of Birmingham, and Mrs. Don Cargill, of Bloomfield Hills.

May Wedding Date Is Made

Christine Hudson McNaughton and Gary Allan Cameron, whose engagement has been announced by her parents, Mr. and Mrs. John Neil McNaughton, of Edgemont Park, are making plans for a May 14 wedding.

The bride-elect, an alumna of Grosse Pointe University School, attended the University of Valencia, Spain, and received her Bachelor of Arts degree from the University of Colorado.

She is a member of Sigma Gamma and the Junior League of Detroit.

Mr. Cameron, son of Dr. and Mrs. Allan K. Cameron, of Bloomfield Hills, is a Cranbrook alumnus. He received his Bachelor of Arts degree from Princeton University, and his Masters degree in Business Administration from the University of Chicago.

will speak on "Family Centered Maternity Care through ICEA Today."

Judi Springer, president-elect of OIS, will close the conference with a talk on "Responsible Parents through Childbirth Education."

All are welcome to remain after the 4:30 o'clock adjournment to view "Gentle Birth," a 15-minute, color, sound film detailing Dr. Frederick LeBoyer's Birth Without Violence, adapted to American hospital procedures.

Other conference features are a bookstore with new and leading books, (some authored by the guest speakers), and a "sharing table" offering information, brochures, pamphlets and reprints from various organizations throughout the United States.

It's Mystery Time for Fine Arts Society

The Fine Arts Society of Detroit will present a three-act mystery, "The Whole Truth" by Phillip Marks, at 8:30 o'clock Friday and Saturday, January 28 and 29, at The Players Playhouse in East Jefferson avenue.

ROBERT SELBY, MRS. RICHARD GROW, MRS. HARRY KURRIE and MRS. EDGAR GORDON. For further information on the "Fruits of the Harvest" festivity, check out this week's From Another Pointe of View.

Soroptimists Meet Jan. 26

Members of the Soroptimist Club of Grosse Pointe have extended a special invitation to select Grosse Pointe businesswomen who have expressed an interest in becoming members of the international businesswomen's charitable and social organization.

The invitees will join Grosse Pointe Soroptimists and members of the Detroit, North Macomb and South Macomb Chapters at a dinner meeting Wednesday, January 26, at the Grosse Pointe War Memorial.

Mrs. Donald Farkus, astrologer, will be guest speaker.

The Grosse Pointe Soroptimists hold a business meeting the second Wednesday of each month, and a program meeting the last Wednesday of each month at the Grosse Pointe War Memorial.

Programs are educational, informative... and fun.

Program on Cancer For Alpha Xi Delta

Grosse Pointe Alpha Xi Delta gathered Monday evening, January 17, in the St. Clair Shores home of Joan Conventini for Margaret Secour's special presentation: "Cancer Information... For and About Women."

Topics during the program and question-and-answer period ranged from cancer self-examination procedures to free Detroit and Grosse Pointe area cancer facilities and new cancer detection devices and techniques primarily for women.

A film clip was shown, and cancer pamphlets distributed.

The monthly meeting ended with presentation of a Grosse Pointe Alpha Xi Delta Alumnae Chapter contribution to Mrs. Secour for the American Cancer Foundation of Michigan.

Co-hostesses were Mrs. Richard Swinbank and Mrs. Edmund Deeb.

Arrau to Play with Detroit Symphony

World-renowned Chilean pianist Claudio Arrau will be featured guest soloist at three Detroit Symphony Orchestra concerts this weekend, Friday morning, January 20, at 10:45, Saturday evening, January 21, at 8:30, and Sunday afternoon, January 22, at 3:30 o'clock in Ford Auditorium.

Theo Alcantara, a frequent guest conductor with the DSO, will be on the podium. The program will include the Overture (Suite) No. 3 of J. S. Bach, the Piano Concerto No. 4 of Beethoven and the Symphony "Mathis der Maler" of Paul Hindemith.

Theo Alcantara is music director of the Grand Rapids Symphony and founder of the highly successful Grand Rapids Mozart Festival.

He began his career at seven as a choir boy in his native Spain; after study at

the Royal Conservatory of Music in Madrid, where he took diplomas in piano and composition, he studied conducting at the Mozarteum in Salzburg.

He was conductor with the Frankfurt Opera until 1966, when he won the silver medal of the Mitropoulos International Conducting Competition, and was director of Or-

chestras at the University of Michigan from 1968 to 1974.

A pupil in Berlin of Martin Krause, Arrau is thus a pianistic "great-great-grandchild" of Beethoven—through Czerny, Liszt and Krause.

The Berlin Philharmonic, in a tribute to his 65th birthday, called him "the heir to the throne of Busoni and Gieseking."

Begin Outstate DSO Broadcasts

Ten Public Radio stations throughout the state of Michigan began last week to broadcast concerts of the 1976-77 Detroit Symphony Orchestra season in Detroit's Ford Auditorium.

The state-wide syndication project, funded in part by a grant from the Ford Foundation, marks the first time in many years that recorded DSO concerts have been available to listeners outside the Detroit radio broadcasting area.

Recordings of these concerts are made by Detroit's Public Radio station, WDET-FM, owned and operated by Wayne State University.

WDET broadcasts the tapes in Detroit Wednesday evenings, at 8:30 o'clock, then duplicates and distributes them to participating stations: WUOM, (91.7 in Ann Arbor); WAUS, (90.9 in Berrien Springs); WKAR-FM, (90.5 in East Lansing); WFBE, (95.1 in Flint); WVGK, (104.1 in Grand Rapids); WGGL, (91.1 in Houghton); WIAA, (88.3 in Interlochen); WMUK, (102.1 in Kalamazoo); WNMR, (90.1 in Marquette); and WCMU-FM, (89.5 in Mount Pleasant).

Virtually every resident of Michigan will be able to hear the broadcasts.

A special \$100,000 grant from the Ford Foundation helped initiate this statewide broadcast project, believed to be the first venture of its kind in the nation.

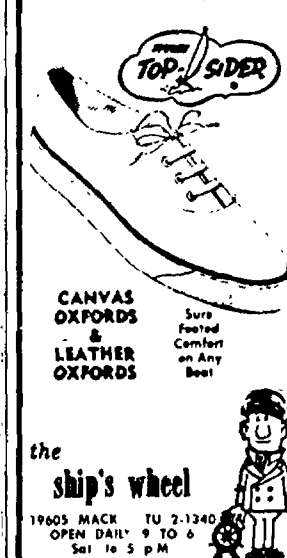

The grant, made under the Foundation's special fund for Michigan, an annual allocation for philanthropic activities in the Foundation's state of origin and incorporation, covers a three-year period and has been used, in part, to purchase the stereophonic recording and duplication equipment necessary for these broadcasts.

Remaining funds are being used to help cover the cost of additional salary payments to the DSO musicians for at least two seasons of broadcasts.

The first state network broadcast will be a tape of the all-Berlioz concert which opened the 1976-77 season in September, and was aired over WDET in November. The concert features DSO music director Aldo Ceccato and contralto Maureen Forrester.

Commentator for the series is WDET music director Orin Hood.

Robert J. McHugh's Vacation in Toronto Following Double Ring Ceremony and Champagne Reception at Grosse Pointe Yacht Club

Setting for the double ring ceremony at which Valerie Pokorny Schnur, daughter of Dr. and Mrs. Donald Kavan Pokorny, of Willison road, spoke her marriage vows to Robert James McHugh was Saint Paul's-on-the-Lakeshore.

Monsignor Francis X. Saturday, December 11. A champagne reception followed at the Grosse Canfield, pastor, celebrated the 1 o'clock mass.

Mrs. Robert J. McHugh

In Saint Paul's-on-the-Lakeshore Saturday, December 11, VALERIE POKORNY SCHNUR, daughter of Dr. and Mrs. Donald Kavan Pokorny, of Willison road, was married to Mr. McHugh, son of the James P. McHughs, of Northville.

Pointe Yacht Club.

The newlyweds vacationed in Toronto and are at home in St. Clair Shores.

The bride, in a long-sleeved, V-necked gown of white embroidered cutwork over champagne taffeta, wore the gold crucifix both she and her paternal grandmother had worn at their first communions, and carried the misal her paternal grandmother had carried at her wedding.

The bridal headpiece was a wreath of baby's-breath. The bridal bouquet of entwined phalaenopsis and ivy was accented with baby's-breath.

Patrice Noel Pokorny, in a burgundy velvet, halter gown with a hooded capelet, carrying entwined American Beauty roses, pink carnations and holly, was her sister's honor attendant.

James Philip McHugh, Jr.,

came from Westchester, O., to act as best man for his brother. They are the sons of the James P. McHughs, of Northville.

Ushering were Richard McHugh, another brother, and Paul Pokorny, brother of the bride. Jason D. Schnur, the bride's son, was ring bearer.

Emerald green chiffon veiled the rhinestone halter neckline of the castan Mrs. Pokorny chose for her daughter's wedding. The bridegroom's mother selected sky blue chiffon with blue and rose highlights, over a silk sheath. Each mother wore a wrist corsage of cymbidium orchids.

Edward Person was organist, Kenneth Boerner soloist during the ceremony.

The bride is affiliated with Massachusetts Mutual Life Insurance Company, the bridegroom with Wood Motors, Inc.

music and congenial people will make this a great party." The fact that it's for a Very Good Cause doesn't hurt, of course: proceeds will enable two high school students to go to France this summer.

Dr. Antoine Nahoum is chairman of the Pointe Alliance's scholarship committee, which includes Mrs. Bertram, Mrs. Pierre Augier, Mrs. Sidney Newhouse, Dr. Mark McQuiggan, Arthur Rooks and Dr. Arthur Seski. They'll decide who deserves first prize, round-trip air fare to France plus a period of study with all expenses paid, and second prize, round trip air fare to France.

Mr. and Mrs. Marco Nobili and Mr. and Mrs. Rooks are in charge of decorations for the Nouvelle Orleans gala. Refreshments will be handled by Warren Wilkinson and Mr. and Mrs. Leslie McDougal.

Frances M. Sheridan, in charge of transportation, promises bus service if demand warrants it. The bus will leave the National Bank of Detroit parking lot at the corner of Rivard boulevard and Jefferson avenue at 7:40 o'clock. Fare will be \$3 per person. Party donation is \$25 per person. Reservations must be made through Mrs. Bertram.

To Sell Candy for Camp Fire Girls Program

Some 5,000 girl and adult members of Camp Fire Girls Detroit Area Council will conduct their 1977 Camp Fire Candy Sale starting tomorrow, Friday, January 21, and continuing through February 12.

Rosa Parks, nationally-known civil rights worker, is honorary chairwoman of this year's sale.

All members of the Detroit Area Council in the tri-county area participate in the Candy Sale. Goal for 1977 is 180,000 tins of Peanut Crunch and boxes of chocolate-covered Mint Sticks, at \$1.50 each.

Proceeds provide up to one-third of the Council's yearly operating budget. Several

thousand dollars are traditionally set aside for campships to Camp Fire's Camp Wathana, a 380-acre resident facility near Holly, open to Camp Fire members and non-members.

The 1977 Candy Sale gets underway tomorrow, with the fourth annual Downtown Candy Day. This year's event, "The Sweetest Show on Earth," features clowns and balloons, kids and candy on Detroit's Kern Block during the Friday lunch hour.

The Camp Fire Candy Sale is organized and implemented by volunteers, with professional staff assistance. Candy is delivered to private homes which serve as candy cup-

boards throughout the sale. Parents then coordinate the flow of candy, help their daughters sell, keep the records and provide encouragement.

All girls are eligible to earn Candy Sale awards, and their Camp Fire groups get a commission for each box and tin sold. In 1976 the Council had more than 30 girls sell at least 300 units of candy each to win campship monies or gift certificates.

Council total for 1976 was 163,476.

Camp Fire affirms the selling experience as a valuable program for girls, helping them learn to deal with the public, to account for the candy they take to sell, to handle money and make change and to keep sales records.

Camp Fire groups usually set candy goals and make careful plans for the commissions they earn — plans for trips to special events, camp weekends at Camp Wathana, et al.

The Detroit Area Council is a Torch Drive agency serving 5,000 members in the tri-county area. National Camp Fire, founded in 1910, is the oldest interracial, non-sectarian organization for women in America.

Inside the Mothers Club

The executive board of the Grosse Pointe South High School Mothers' Club met January 3, with Mrs. Gerald E. Warren, president, introducing a special guest, Mary Coyle, a student representative of the Art Department.

Miss Coyle explained an art exhibit and sale scheduled for January 30 and 31. Adele Zeron has offered the use of her gallery located in the Colonial Federal Bank Building on the Hill.

Students will receive 90 percent of sale revenues; 10 percent will go to the Art Department.

These ambitious students, hoping to gain recognition for their work, will continue to present exhibits to the public, with another show scheduled for the South High lawn in the spring.

Mrs. Warren remarked that scholarship students are now receiving checks representing the second half of the amounts awarded to them. She also thanked all board members who assisted at the Christmas coffee for faculty and staff December 22.

Many members donated homemade coffee cakes, and several helped Mrs. Jessie Davies making small favors for each person attending.

Due to the over-abundance of "goodies" and the diet-conscious faculty, extra coffee cakes were donated to Mr. Justice and Mr. Christlieb of the faculty. They, with their students, provided Christmas cheer to needy families.

Mrs. Warren read a note of appreciation from a member of the staff. It typified the thanks and notes from many other staff members.

Mrs. W. Philip Ardussi reported that a box will be in the office at South High to receive any contributions to the Paperback Project. Books also may be delivered to her home.

Mrs. Malcolm Sutherland, co-chairman of the parent volunteer program, passed around a sign-up sheet to get names of board members' friends and acquaintances who might be available as substitutes in case of emergencies, etc.

Chairman of membership Mrs. James Sanford reported on dues and donations. Membership exceeds that of the last several years. Mrs. Warren thanked Mrs. Sanford for her excellent job, not only in keeping track of memberships and donations, but also in compiling volunteer lists.

Plans are proceeding for the May 4 spring benefit.

Mrs. Thomas Coulter, South High chairman for the Christmas tea and concert, announced a final wrap-up

meeting in January. A profit is expected from the tea.

Norman DuCoin, Grosse Pointe South counselor, reported briefly on the summer travel-study program, approved by the school board. Forty students and five advisors will travel from June 29 to July 29.

Mr. DuCoin showed a few minutes of an hour-long film featuring highlights of a previous trip. This film is being shown to various groups in the area. Brochures are available.

Mrs. Benson McClure, faculty representative, reported a very successful blood drive sponsored by the student body in December. She also told about the booklet of course offerings mailed to parents, with a work sheet to help them plan courses for next year with their youngsters.

Mrs. McClure invited Mrs. Doris Cook, president of the Grosse Pointe Education Association, to visit the meeting and discuss the status of negotiations for a teachers' contract. The GPEA has completed its presentation to the Fact Finder, Dr. John Simpkins of Wayne State University. The school board will complete its presentation.

Dr. Simpkins' report will be completed in four to six weeks.

Mrs. Cook asked anyone with questions to contact her at the GPEA office. She also emphasized the importance of the language of the contract, which covers such issues as class size, seniority and evaluation.

Mrs. Joan Hanpeter of the school board, who was also present, agreed that the language of the contract is of paramount importance; the board feels it must be tightened up to insure an efficient school system.

Mrs. Jane Frame, Red Cross chief volunteer assistant, announced a special training course for clinic volunteers at Pierce on February 14. This course is designed to prepare more mothers to staff clinics in all schools.

Mrs. Helen Meyer, president of the Health Education Council, introduced a new film on Breast Self-Examination aimed especially at teenage girls. The Council plans to present to the school board in February a proposal that this film be viewed by senior high girls and their mothers, if desired.

Mrs. Meyer described two forthcoming programs of interest: January 24, at 1 o'clock at the Central Library, Dr. Guy Doyle, child psychologist, speaking on "Juvenile Crime and What To Do About It"; and March 28, an all-day program on Nutrition, presented by the National Dairy Association.

Let's Talk Real Estate

by John E. Brink

Visual quality, in a house as in a good school system, is not achieved quickly. It depends on long traditions of pride and a long-continued program of public works. Streets trees take years to mature. Established visual elegance in a residential community is literally priceless. Consider also, when purchasing a home, convenience to work, shopping, and schools in terms of distance and methods of transport, for a house for most families in this day and age is the center from which to commute to work and to acquire goods and services.

Buying or selling you'll get the results you want and the answers to all your questions from the knowledgeable people at GROSSE POINTE REAL ESTATE CO., 20087 Mack Avenue, 882-0087. All girls are eligible to earn Candy Sale awards, and their Camp Fire groups get a commission for each box and tin sold; in 1976 the Council had more than 30 girls sell at least 300 units of candy each to win campship monies or gift certificates.

Council total for 1976 was 163,476.

Camp Fire affirms the selling experience as a valuable program for girls, helping them learn to deal with the public, to account for the candy they take to sell, to handle money and make change and to keep sales records.

Camp Fire groups usually set candy goals and make careful plans for the commissions they earn — plans for trips to special events, camping weekends at Camp Wathana, et al.

The Detroit Area Council is a Torch Drive agency serving 5,000 members in the tri-county area. National Camp Fire, founded in 1910, is the oldest interracial, non-sectarian organization for women in America.

"The only way we can continue to grow is with L to L. Learning to learn, and we will grow and grow and grow, constantly learning, sometimes in an agonizing manner, but always learning. Our work takes on direction, purpose and meaning as we strip away old values, substitute the real for the false, realizing and appreciating the true-ness of what we are and have.

Hair is an exciting adventure making people, men and women, happy with their make-overs and new looks.

Much thanks to Artistic Director, Lauretta Zelles and Bart Edmond staff for their feelings on what's happening "NOW." Michael Marks widened the definition of "NOW," by quoting Shakespeare, he summed up what hairdressing is all about in two words "Infinite Variety."

Bart Edmond is the only Intercoiffure Salon on the east side of the state. For free Intercoiffure Michigan (Sal) Da Bani demonstrated their techniques and their stamped envelope to Bart Edmond Salon, 21316 Mack Avenue, Grosse Pointe Woods, MI 48236.

Bart Edmond's Educational group held their session at the Georgian Inn, before 130 of Detroit's most professional hairdressers. Michael Marks and his top assistant Salvador (Sal) Da Bani demonstrated their techniques and their stamped envelope to Bart Edmond Salon, 21316 Mack Avenue, Grosse Pointe Woods, MI 48236.

If you collect glass, have we got a weekend for you!

Friday, Jan. 28 thru Sunday, Jan. 30, 1977 is Glass Collectors' Weekend at Henry Ford Museum. Centering on Pittsburgh Glass, the program will include lectures and panel discussions with Lowell Innes (author of the new book Pittsburgh Glass, 1797-1891), Paul N. Perrot (of Smithsonian), John Keefe (from The Art Institute of Chicago) and other notables. A Sunday highlight will be a tour of the Museum's outstanding exhibit of glass made in the Pittsburgh area (including items on loan from the Corning Museum of Glass, Mr. Innes and other private collectors). Registration, \$30 per person. For more information, call 271-1620, Ext. 573 weekdays.

Inside the Mothers Club

The executive board of the Grosse Pointe South High School Mothers' Club met January 3, with Mrs. Gerald E. Warren, president, introducing a special guest, Mary Coyle, a student representative of the Art Department.

Miss Coyle explained an art exhibit and sale scheduled for January 30 and 31. Adele Zeron has offered the use of her gallery located in the Colonial Federal Bank Building on-the-Hill.

Students will receive 90 percent of sale revenues; 10 percent will go to the Art Department.

These ambitious students, hoping to gain recognition for their work, will continue to present exhibits to the public, with another show scheduled for the South High lawn in the spring.

Mrs. Warren remarked that scholarship students are now receiving checks representing the second half of the amounts awarded to them. She also thanked all board members who assisted at the Christmas coffee for faculty and staff December 22.

Many members donated homemade coffee cakes, and several helped Mrs. Jessie Davies making small favors for each person attending.

Due to the over-abundance of "goodies" and the diet-conscious faculty, extra coffee cakes were donated to Mr. Justice and Mr. Christlieb of the faculty. They, with their students, provided Christmas cheer to needy families.

Mrs. Warren read a note of appreciation from a member of the staff. It typified the thanks and notes from many other staff members.

Mrs. W. Philip Ardussi reported that a box will be in the office at South High to receive any contributions to the Paperback Project. Books also may be delivered to her home.

Mrs. Malcolm Sutherland, co-chairman of the parent volunteer program, passed around a sign-up sheet to get names of board members' friends and acquaintances who might be available as substitutes in case of emergencies, etc.

Chairman of membership Mrs. James Sanford reported on dues and donations. Membership exceeds that of the last several years. Mrs. Warren thanked Mrs. Sanford for her excellent job, not only in keeping track of memberships and donations, but also in compiling volunteer lists.

Plans are proceeding for the May 4 spring benefit.

Mrs. Thomas Coulter, South High chairman for the Christmas tea and concert, announced a final wrap-up

meeting in January. A profit is expected from the tea.

Norman DuCoin, Grosse Pointe South counselor, reported briefly on the summer travel-study program, approved by the school board. Forty students and five advisors will travel from June 29 to July 29.

Mr. DuCoin showed a few minutes of an hour-long film featuring highlights of a previous trip. This film is being shown to various groups in the area. Brochures are available.

Mrs. Benson McClure, faculty representative, reported a very successful blood drive sponsored by the student body in December. She also told about the booklet of course offerings mailed to parents, with a work sheet to help them plan courses for next year with their youngsters.

Mrs. McClure invited Mrs. Doris Cook, president of the Grosse Pointe Education Association, to visit the meeting and discuss the status of negotiations for a teachers' contract. The GPEA has completed its presentation to the Fact Finder, Dr. John Simpkins of Wayne State University. The school board will complete its presentation.

Dr. Simpkins' report will be completed in four to six weeks.

Mrs. Cook asked anyone with questions to contact her at the GPEA office. She also emphasized the importance of the language of the contract, which covers such issues as class size, seniority and evaluation.

Mrs. Joan Hanpeter of the school board, who was also present, agreed that the language of the contract is of paramount importance; the board feels it must be tightened up to insure an efficient school system.

Ms. Jane Frame, Red Cross chief volunteer assistant, announced a special training course for clinic volunteers at Pierce on February 14. This course is designed to prepare more mothers to staff clinics in all schools.

Mrs. Helen Meyering, president of the Health Education Council, introduced a new film on Breast Self-Examination aimed especially at teenage girls. The Council plans to present to the school board in February a proposal that this film be viewed by senior high girls and their mothers, if desired.

Mrs. Meyering described two forthcoming programs of interest: January 24, at 1 o'clock at the Central Library, Dr. Guy Doyle, child psychologist, speaking on "Juvenile Crime and What To Do About It"; and March 28, an all-day program on Nutrition, presented by the National Dairy Association.

Visual quality, in a house as in a good school system, is not achieved quickly. It depends on long traditions of pride and a long-continued program of public works. Streets trees take years to mature. Established visual elegance in a residential community is literally priceless. Consider also, when purchasing a home, convenience to work, shopping, and schools in terms of distance and methods of transport, for a house for most families in this day and age is the center from which to commute to work and to acquire goods and services.

Buying or selling you'll get the results you want and the answers to all your questions from the knowledgeable people at GROSSE POINTE REAL ESTATE CO., 20087 Mack Avenue, 882-0087. We specialize in all forms of real estate including commercial, residential and vacant property as well as farms. Stop in soon and visit with one of our friendly staff whose reputation is based on personal service and professional results. "Exclusively in Grosse Pointe" Hours: Mon.-Sat. 9-5, Sun. noon-5, 24 hour answering service.

GP Theatre Presenting 'Catch Me If You Can'

The second production of the current Grosse Pointe Theatre, (GPT), season, which opened Wednesday, January 19, at the Fries Auditorium, contains another first in the group's 29-year history. The play includes characters from the Detroit area, though not necessarily of a desirable type: There's a murderer in there somewhere.

"Catch Me If You Can," which runs January 19-23 and 26-29, is a light-hearted approach to mystery, set in a plush mountain lodge nestled in the Catskills. In a plot with more twists and turns than a scenic railway, a group of memorable characters is busy making mysteries—or trying to solve them.

As a suspense-thriller, the show is written in the Agatha Christie tradition. Its authors, Jack Weinstock and Willie Gilbert, returned to Broadway with this play four years after winning a Pulitzer Prize for writing the book for "How to Succeed in Business Without Really Trying."

With all this going for it, the show is something different for GPT audiences, according to its director,

Barbara Trudel, of Notting-ham road. "Something else that makes the play unusual is that while it's quite modern, it's a type of play that isn't written much any more," Mrs. Trudel said. "It has the 'old fashioned' virtues of a strong plot and strong characters."

YSD Views December Petitions, Counseling

A total of 51 complaints were referred to the Youth Service Division, (YSD), for investigation and disposition last month, with one proving unfounded. In November, the YSD investigated 79 complaints with, again, one proving unfounded.

The category of highest incidence in December was larceny cases in which 11 were reported. Of these, four were shoplifting complaints involving two male juveniles and four female juveniles. At this time, six cases remain unsolved and one was unfounded.

In related offenses, three burglary incidents were reported, while two incidents of apiece were investigated for possession of stolen property and unlawfully driving away an auto. Five male juveniles, one male adult and one female juvenile were involved.

Malicious destruction of property, nine cases, were general in type, says the YSD, and included windows broken by ice balls, the spray painting of buildings and cars, "lawn jobs" and shrubbery damage. Nine male juveniles and one male adult were identified as having been involved but three of the complaints are unsolved to date.

Meanwhile, four marijuana or hashish cases involved four male adults, two male juveniles and one female adult. One marijuana and heroin paraphernalia incident involved four female juveniles. Finally, one drunk in public case involved two male juveniles.

The YSD says one complaint of threat/extortion was received. "This is noteworthy in that the perpetrator is again a student in middle school. The extortion was for dimes or quarters, but the incidents were repeated and on threat of physical harm," notes the division.

"Usually offenses of threat and extortion received by (the) YSD are instigated by male juveniles of this age group because physical size is disparate and peer grouping prevalent. "If a boy of smaller size can be intimidated and has no group to protect him, he is an easy prey for a bully or bullying gang."

Last month, four applications for petition were filed with Wayne County Juvenile Court. Two of them have been authorized for a court hearing. For the year, 96 applications were submitted to the court. Of these, 42 petitions were authorized, 13 were referred to probation, 15 were denied and 26 were classified unofficial service in lieu of petition.

The latter category broke down as follows: adjusted, 11; referred to another agency, seven; supervision, none; and other, (e.g., warned and released), eight.

On the counseling front, the YSD's two counselors have terminated or are still counseling the 42 juveniles, (nine girls, 33 boys), assigned

to them last year. Counseling periods range from two weeks to six months of weekly conferences. "Again (a) review of the year's experience affirms the value of the program, both to juveniles and concerned or frustrated parents. (The) recidivism rate is at (a) record low of 4.8 percent," adds the division.

SHS JV's Drop Pair of Games

By Rick Mayday
During the past week South High School's JV basketball team suffered two EML losses, giving them a disappointing 3-2 EML record.

The JV Devils were defeated by Port Huron, 44-37, on Tuesday, January 10. The Devils dropped another game to Port Huron Northern, 58-54, Friday, January 14. The JV Devils played a dull game against Port Huron. At the half Port Huron was up by four points, building their lead to 20 points by the third quarter.

Bob Baker led the scoring with 10 points and seven rebounds. Brad Wilson played a tough game against Port Huron Northern, scoring 19 points and pulling 13 rebounds. Joe Quinn had 16 points, followed by Baker with 11 points and 12 rebounds.

The role of Elizabeth is played by Kathleen Grabruck, of Detroit, while Norman Arendell, of Detroit, appears as Sidney.

"Catch Me If You Can" is produced by Emma Jean Evans, of Detroit, who has worked both on and behind the GPT stage in her four seasons with the group. Stage manager James Rodgers, of St. Clair Shores, also does double duty as backstage worker and performer, most recently appearing in the lead role of "The Devil's Disciple."

The show's technical director is Mary Lou Britton, of St. Clair Shores, a former GPT president who has stage managed several shows and worked on countless others. Some tickets are still available. For information, call the GPT box office at 881-4004.

NOTICE OF PUBLIC HEARING FOR THE PROPOSED REZONING OF CERTAIN PROPERTY IN THE CITY OF GROSSE POINTE WOODS MICHIGAN

NOTICE IS HEREBY GIVEN that the Council of the City of Grosse Pointe Woods will hold a Public Hearing in the Council Court Room of the Municipal Building, 20025 Mack Avenue, Grosse Pointe Woods, Michigan, on Monday evening, February 7, 1977, at 7:30 p.m. o'clock to hear the following petition for the rezoning of certain property within the City, namely:

Austin Skates to 12-0 Win

By Donald J. Schmid
Austin's varsity hockey team continued its winning ways by crushing Milford, 12-0, on Tuesday, January 11. Scoring for the Friars were Kevin Knight, Dan Sahutskie, Bob Rahaim, George Griffo, Bill Jefferies, Jerry Shiner and Eugene Boyle. Goalie Marc Matthews earned the shutout.

The victory gives the Friars a 7-1 league record and puts them in a tie for first place in the second division of the Michigan Metro Hockey League.

Leading the league in scoring is Austin's Kevin Knight, with Rahaim and Sahutskie also in the league's top 10. Goalie Matthews is second in the league with a goals against average of 2.06.

In their latest action, the Friars defeated Bowling Green, 6-1, on Saturday, January 15. Scoring for Austin were Greg Grillo, Knight, Paul Gracey and Rahaim.

The Friars are under the direction of head coach Bud Newberry again this year with a new assistant coach, Bill Ciraulo.

In other league action, the Austin hockey team has defeated Lakeland, 14-2, and Ecorse, 16-3.

The Friars next league game is Monday, January 24, against Lahser.

Wheaton Group Plans Concert

The Wheaton College Men's Glee Club, of Wheaton, Ill., will present a concert of sacred music on Sunday, January 23, at the Grosse Pointe Baptist Church, 21336 Mack Avenue, at 11 a.m.

Prof. Clayton E. Halvorsen will direct the concert, which will include selections from various periods.

The Wheaton Men's Glee Club has made numerous international tours, including the 1973 International Choral Competition in Llangollen, Wales, in which it ranked fifth out of 21 choirs from 12 different countries.

Wheaton College is a co-educational Christian liberal arts college located 25 miles west of Chicago.

CITY OF GROSSE POINTE FARMS MICHIGAN

Summary of The Minutes January 10, 1977

The meeting was called to order at 8:00 p.m.

Present on Roll Call: Mayor James H. Dingeman, Councilmen Harry R. Fruehauf, Jr., Jack M. Cuddip, Nancy J. Waugaman, Joseph L. Fromm, W. James Mast and Lloyd A. Semple.

Those Absent Were: None.

Mayor James H. Dingeman presided at the meeting.

The Minutes of the Regular Meeting which was held on December 20, 1976, were accepted as corrected.

A Public Hearing was held concerning the proposed formal adoption of a proposed Amendment to the City's Fence Ordinance, following which the Council adopted a resolution to adjourn such Public Hearing until 8:00 p.m. on Monday, February 7, 1977.

A Public Hearing was held concerning the proposed formal adoption of a proposed Amendment to the City's General Offenses Ordinance, following which the Council adopted a resolution to formally enact Code No. 7-07, Ordinance No. 210, an Amendment to the General Offenses Ordinance.

The Council adopted a resolution denying the request of Mr. Emmet Tracy, Jr., of 28 Elm Court, for a reduction in the water bill which he received for the three-month period ending September 30, 1976, and further resolved that he must pay the amount due as billed at the end of the foregoing billing period.

The Council deferred action until the next Regular Meeting to be held on January 24, 1977, upon the appeal of Mr. and Mrs. Douglas A. Sargent, of 232 Lothrop Road, from the denial of the Building Department to issue a Permit for the construction of a six-foot fence along the rear line of their property, for reason that there was no one present to pursue such appeal with the Council.

The Council deferred action until the next Regular Meeting to be held on January 24, 1977, upon the appeal of Mr. and Mrs. B. Towar, of 332 Stephens Road, from the denial of the Building Department to issue a Permit for the addition of a lavatory to the rear of their home, for reasons that there was no one present to pursue such appeal with the Council.

The Council adopted a resolution approving the proposed agreement which was reached with the Police Command Officers for the fiscal year 1976-1977, as presented at that time.

The Council adopted a resolution approving the proposed terms of agreement for a contract with the Grosse Pointe Farms Fire Fighters Association for the fiscal year 1976-1977, as presented at that time.

The Council adopted a resolution to delete Section 7, pertaining to service charges, of the Tax Collection Agreement between the City and the National Bank of Detroit, in accordance with the Bank's policy.

The Council adopted the proposed resolution from the Office of Program Development and Coordination of Wayne County, authorizing the City's participation with the County in the Title I Program of the Federal Housing and Community Development Act of 1974.

The Council appointed Mrs. Joan Bartoszewicz, Mrs. Frances Higbie and Mrs. Marilyn Stanitzke to serve as the members of the City's Election Commission for a two-year period ending in January, 1979.

The Council reappointed Mrs. Eileen Dossin to the City's Board of Review for a three-year term ending in January, 1980, and appointed Mr. John B. Lizza to the Board of Review for the remainder of the term of service, ending in January, 1978, of Mr. Robert L. Hannon, Jr., who resigned from the Board.

In response to the invitation of the Grosse Pointe War Memorial Association, Councilwoman Waugaman and Councilman Semple volunteered to represent the City at the New Residents Reception held in the Fries Crystal Ballroom on January 15, 1977.

The Council adopted a resolution authorizing the Administration to pursue with the Wayne County Road Commission, their action to alleviate the traffic safety hazards and congestion which exists at the intersection of Mack Avenue and Moross Road.

The Council adopted a resolution approving the low bid of McDonald Ford, in the total amount of \$8,560.00, for the purchase of one 27,500 GVW truck cab and chassis.

The Council adopted a resolution approving the low bid of Garwood-Detroit, in the total amount of \$2,031.00, for the purchase of a nine-foot dump box to be mounted on the foregoing new truck cab and chassis.

The Council adopted a resolution approving payment of a statement from the Michigan Department of State Highways and Transportation, in the total amount of \$10,380.00, in connection with the project for the improvement and upgrading of regulatory and warning signs on streets and roads off the Federal-Aid System.

The Council adopted a resolution approving payment of the 1976 County and School Tax Statement, in the total amount of \$2,669.41, for the parking area property adjacent to the U.S. Post Office located on Mack Avenue.

The following Reports were received by the Council and ordered placed on file:

A. Building Department Report for the quarter which ended December 31, 1976.

B. A corrected copy of the Building Department Report for the quarter which ended September 30, 1976.

C. Fire Department Report for the month of December, 1976.

Upon proper motion made, supported and carried, the meeting adjourned at 11:25 p.m.

Call It Gaucho Or Split Skirt . . . the look is staying in the fashion picture for cruise and spring. One of the newest gauchos is of a lime green linen-look fabric with a white vest top. Find it in the Sportswear Department at Walton-Pierce along with fresh white blazers, pants and wrap skirts . . . many bright colors, too! There's lots of opportunity to use your fashion skills to coordinate great new looks in the separates collection. A smart black wrap dress which can be worn all seasons is accented with a giant brass buckle. Looking ahead, shades of purple are going to be important this spring and there's a pretty soft lilac knit dress and jacket which has just arrived. A perennial favorite, navy wool is iced with a white collar and cuffs from Abe Schrader. Another breeze-light wool crepe in mint green is from the Mollie Parnis Boutique. New coats come mohair-soft in a blend of green, pink, blue and white plaid or white tissue wool and polyester blend or are sleek light weight wool in red, black or brown. Cruise jewelry is arriving daily at Walton-Pierce and the newest pieces are glazed crystal and white beads combined with gold.

Do you need additional storage space in your living room, dining room or family room? See the design-a-wall displays in oak or cherry, also available in maple at Mutschler Kitchens, 20227 Mack Avenue . . . TU 4-3700.

We Asked Nine . . . at David F. David Salon d'Elegance what the trend is in hair styling for 1977. He said the short cut with a tapered back is still very much in style. Coming into the fashion picture is the longer, one length look. You can start the new year beautifully with a newer hair style, massage, facial, manicure, nail wrap and make-up at 20902 Mack Avenue. Call 886-3656 for an appointment. While there have your jewelry cleaned FREE of charge in the jewelry boutique.

Why Not . . . use your eyewear as a fashion accessory? We stopped by Wood's Optical Studios and asked Joyce to help pick out a new frame. We like to add to our eyewear collection every so often. We usually choose a color to coordinate with our wardrobe. For an other change, we sometimes have the glasses we've been wearing for a while made into sun glasses. This time we took home two Dior frames one in a deep blue and the other a light green to see if we really like them. This is another helpful service of Wood's Optical. Stop by 18599 Mack Avenue . . . 881-8811.

Martha Of Martha's Closet . . . 375 Fisher Road, knows that sooner or later your sun and sea dream will come true. So whether it be Florida or the sunny coast of California, let's be prepared. Come in and see our tremendous selection of Gordon golf skirts and color coordinated golf shirts. Another great group of golf skirts are from Vestred Gentress with interesting animal prints. Again, these wrap skirts have color coordinated tops. If you prefer slacks, there's a superb selection from a California line, exclusive with Martha's Closet. Beautifully fitted pull-on slacks with crevel stitched beetles, butterflies or ladybugs. The slacks come in red, navy, white, pink, yellow or lime green. Lovely cotton and knit shirtmaker dresses in prints or patterns with long or short sleeves are from McMullen, Tanner and Jamison in a size range from 4 through 20.

Beauty Specials . . . at the Notre Dame Pharmacy . . . Helena Rubinstein's Deep Cleansing Lotion, regularly \$5.75 is now \$4.25. Her Skin Dew Moisturizing Emulsion, regularly \$12.15 is now \$9. Rubinstein's Ultra Feminine Cream, regularly \$10 is now \$6.50.

Visit the islands everyone hasn't seen . . . the beautiful Philippines. Charter air only or land arrangements with options to Hong Kong, Bangkok, Tokyo and Taipei. Air only from San Francisco \$550. Call Those Folks at Mr. Q. 886-0500.

20% OFF . . . enameled cast iron cookware, Le Creuset . . . through January only! At The Squirrel's Nest, 19849 Mack Avenue.

Malliszewski Carpeting has a great assortment of carved area rugs plus a new edition of area rugs from Mainland China. A new area rug will give your room a new look and a bright touch of color . . . just what it might need . . . see them at 21435 Mack Avenue . . . 776-5511.

We Took A Ring To Tony Cueter . . . to have it made smaller. We stayed to admire all the beautiful jewelry at Bijouterie, 19860 Mack Avenue. Emerald and diamond rings, ruby rings, exquisite pendants, watches and jewelry for men. Tony was working on a handsome, original design. He said his special orders for Christmas were more than ever this year. It's no wonder! His work is so distinctive. I plan to have him design a piece of jewelry using stones from jewelry left to me. You can do this or select stones from his collection. The piece will be one-of-a-kind and just right for you.

UNIVERSITY LIGGETT SUMMER OPPORTUNITY TAKERS PETE WORCESTER AND JOHN HASTINGS, (BACK ROW, LEFT AND RIGHT), KIM HOENLE, VICKY URBAN AND NOEL HABEREK, (FRONT, LEFT TO RIGHT)

By Janet Mueller

This year, it's NOT scheduled for Super Bowl Sunday. Last year, the first year University Liggett School presented its Summer Opportunities Fair, by the time anyone realized representatives from camps and "summer experiences" throughout the United States, and beyond, would be coming to ULS' Cook road campus on the day of the biggest of the Big Games, it was too late . . .

Or was it? Over 1,000 people came to the '76 Fair. Parents and children from all over the metropolitan Detroit area. Shoppers interested in finding a good, traditional camp for their boys and girls. Browsers interested in seeing just what is available in the way of summer opportunities for youth. Curious teens. Doting grandparents.

Almost No Limit One thing they all found out: there's almost no limit to the type of experience offered today's young people in a given summer.

Consider the case of ULS twelfth grader Vicky Urban, who spent four weeks at Dauphin Island Marine Biology Sea Lab. "I heard about it at the Fair."

Vicky, daughter of the Harry D. Urbans, likes to swim, play tennis, read. She has one brother, 15-year-old David Urban. Her 12th grade course schedule ranges from the Contemporary Novel through Physiology, Spanish and Economics. She's headed for college: either DePauw, Wittenberg, Albion or the University of Tampa.

She calls her Dauphin Island summer "wonderful." There were about 30 in her group, (five girls, the rest boys). "We learned all about classifying various species of fish, about the ocean itself . . . Every Wednesday, we went out on a boat trip and collected specimens."

Where Learning Is Fun Living at Dauphin Island is dormitory-style. College students take courses there. It's definitely a learning experience . . . but it's also great fun, truly fascinating.

"One time," Vicky recalls, "the boys went out shark fishing, and came back with an eight-foot, 350-pound female shark, with babies inside." That's the sort of lab experience you can only get when your lab is the ocean.

Seventh grader Noel Haberek was vice-president of his cabin, member of the Camp Council and selected Honor Camper by faculty, staff and students in his first summer at Interlochen National Music Camp.

He wants to go back. "It was nice. I met a lot of people from different parts of the world. I learned a lot, especially appreciation for music. I think I'd like to go to Interlochen for high school."

Plays Two Instruments Noel, son of the Noel B. Habereks, has one brother, Erik, eight. Noel plays hockey, soccer and baseball, swims a lot and enjoys listening to records and practicing his instruments; piano and guitar.

In his first experience at Interlochen, in the Intermediate Division, Noel majored in piano and minored

in guitar. "They have art, dance, drama and sports — and swimming — there too," he notes.

Noel spent eight weeks at Interlochen. He first learned about it "from the Fair, and friends . . . and my aunt, who knew a teacher there."

He Chose Mountains Pete Worcester heard about southwestern Colorado's Pinon Valley Ranch through friends. He's spent two summers there, riding, mountain climbing and hiking. "Learning how to act in the wilderness when you don't have all the supplies you'd like to have."

Pinon Valley is small, with about 30 campers in the boys' division. There's also a girls' division, and a session for families. Pete's a ULS 10th grader, son of Mr. and Mrs. John P. Worcester. He has a brother, John, 22, and a 24-year-old sister, Kathy.

Hockey, baseball and soccer are among Pete's favorite sports. He also enjoys tennis and golf. "And I like to read occasionally."

He's taking a full academic schedule: English, Algebra, European History, French and Spanish. He'd like to head East to college, "Trinity, maybe," but there's still time for that decision.

Wherever he heads, if there's bush about, he's eminently equipped for survival.

Kim Played Tennis Kim Hoenle stayed home and went to camp last summer. "I went to Mr. Andrews' summer tennis camp at ULS."

"Mr. Andrews" is George E. Andrews, II, University Liggett chaplain, Upper School Director of Counseling and Director of Student Activities, member of the steering committee for University Liggett's 1977 Summer Opportunities Fair.

He runs the University Liggett Summer Tennis Clinics where Kim, daughter of the W. Paul Hoenles, "learned the basics and played a lot" for two two-week sessions last summer, "until it got too close to my mom's due date, and my dad didn't think she should drive any more."

Kim's little brother, Erik, is five months old now. Her other brother, Ralph, is 10. Kim's the oldest in the family, a seventh grader who's already studying Latin and French.

Likes Water and Ice She likes to read and ice skate a lot, "and in summer I swim a lot, because we live right on the lake. I like to water ski." She also likes to play tennis. She particularly enjoyed last year's field trip to Traverse City, where the ULS Tennis Clinic participants played against a local Racquet Club's boys

and girls whose families opened their homes to the young visitors.

Kim hopes there'll be another Traverse City trip this summer. She wants to go back to the ULS Tennis Clinics. Living on the lake, she has no desire to go away to camp. "I like it here."

Bicycled Abroad

John Hastings bicycled his way through England, (four weeks), and pedaled on into France for a week last summer as a member of Cowen-Ladd's bicycle touring group. "I learned about it through friends, and the Summer Opportunities Fair."

John, an 11th grader, is a veteran of camping sessions in Upper Michigan and Montana. He's enjoyed them all. He would definitely recommend a Cowen-Ladd type experience. "I learned what foreign people are really like."

He's an unabashed jock — football, hockey, tennis, golf, water and snow skiing, ice and "regular" fishing—who enjoys stamp collecting.

John son of Mr. and Mrs. John O. Hastings, brother of Tom, 15, and 11-year-old Muffy, has an academic schedule which includes Calculus, French, United States History, British Literature and Independent Chemistry.

Eyes Eastern Colleges

He's looking East to college: Trinity, perhaps, or Brown, Dartmouth or Williams. He hopes to divide his time this summer between teaching tennis and relaxing at the family cottage.

He'll probably look in on the 1977 Summer Opportunities Fair. Even if you're not planning on an "opportunity," it's interesting to see what's available. Some students check out counseling jobs at the Fair. That, in itself, is an opportunity.

This year's University Liggett Summer Opportunities Fair will be presented this Sunday, January 23 — two weeks after Super Bowl Sunday — from 12:30 to 5 o'clock on the ULS Cook road campus.

Open to Everyone

Admission is free. The Fair is open to everyone: public, private and parochial school students, their parents and friends. ULS presents it as a public service, encouraging people to come, pick up Summer Opportunity brochures . . . and take a look at University Liggett, while they're at it.

The program has been arranged by a steering committee of University Liggett parents and faculty, including Mr. Andrews, Toby J. David, Rita Stormes, Jean Johnson, Jan Harness, Marilyn Gushee, Janet Fruehauf and Ron Johnson, whose Science Club will be offering refreshments during Fair hours.

Sixty-plus Summer Opportunities will be represented at the '77 Fair, which follows a similar Fair in Cleveland, sponsored by the Cleveland Independent Schools. Many exhibitors make a weekend of it: Cleveland on

DR. FRED S. COOK, of Doyle place east, a Wayne State University professor, received the Merit Award for Outstanding Service to Business and Office Education at the American Vocational Association Convention in Houston, Tex., recently.

Among December candidates for degrees at Miami University, Oxford, O., was JUDITH ANN SWENSON, of Kenwood court, Bachelor of Science in Education.

Grosse Pointe South High School graduate RICHARD JAMES ZARANEK, who holds a Bachelor of Science degree from the University of Detroit, son of MR. and MRS. CASIMIR S. ZARANEK, of Anita avenue, and grandson of the late JULES DE PORRE, former Mayor of the City of Grosse Pointe Woods, and the late MRS. DE PORRE, received his Master of Arts degree in Educational Administration from the University of Michigan December 19.

The JOHN L. ECKENRODES, of Nottingham road, received Master of Science degrees in Biology from Wayne State University during winter commencement exercises. Both had earlier earned Bachelor of Science degrees from the University of Michigan.

JANE E. THOMAS, of Whittier road, received her Ph.D. degree in Guidance and Counseling from Wayne State University during winter commencement exercises. Mrs. Thomas, who holds a Bachelor of Arts degree from Rockford College and a Master of Arts from the University of Michigan, is currently serving as a counselor in the WSU School of Medicine. She and her husband EDWARD are the parents of one child.

Saturday, Grosse Pointe on Sunday.

Big Choice Offered

The "opportunities" range from traditional camping sessions which focus on athletics to six weeks in Greece studying art and classic culture with the Athens Center for Creative Arts.

There's a summer program for gifted students, offered by the Gifted Students Institute for Research and Development. There are wilderness challenges which pit young people against mountains, wild rivers and bush, teaching them the skills necessary for survival — and the confidence which comes with knowing that they CAN survive.

Local Opportunities

There are Volunteer Opportunities in Grosse Pointe and Detroit. There are camps within Michigan, discovery tours of America and Europe, cultural programs, language programs, camps which specialize in tennis, sailing, riding . . .

There are programs for girls, programs for boys, co-ed programs.

It's a toss-up between who had most fun at last year's Summer Opportunities Fair: parents or children. The kids loved it, and got ideas. The parents, after talking to representatives, viewing exhibits, displays and slides, were, if anything, more excited than the kids.

And perhaps a little envious. How come nobody ever offered ME an Infinite Odyssey when I was in school?

A New Cookbook Debuts

Special plans are underway for a special dinner to be held Wednesday, January 26, at 6:30 o'clock in Grosse Pointe Memorial Church's Fellowship Hall.

The occasion, celebrating the successful launching of the Memorial Church Women's latest cookbook, "Fruits of the Harvest," will feature a menu of gourmet recipes from the book, preceded by hors d'oeuvres in the church lounge.

Chairmen of the event are Alice Gordon and Karen Kurrie. Their assistants include Joyce Edwards, Louise Hoyt, Ginger Grow, Lucy Johnson and Nancy Selby.

Reservations may be made by calling the church office.

A New Lie (Natasha) Debuts

I remember laughing with Mado Lie as we tried to fit six children, plus mother, into one Pointer of Interest photograph.

That was three years ago, and Mado was president of the Junior Women's Association for the Detroit Symphony Orchestra. She's a past-president now . . . and she doesn't think six children were that many, now that there are eight!

Dr. and Mrs. Kim K. Lie, Winston, Roxane, Marc, Lancelot, Parcival, Gunther and Tamara welcomed the newest Lie, Natasha Olga, December 27.

Natasha is starting life as a most accommodating child. She waited until after Christmas to be born, so Mado could be home for the holiday, then arranged her arrival so Mado would be back in Bedford road in time for New Year's Eve.

"I made it to all the holiday parties, except for one dinner while I was in the hospital." That, Natasha, is consideration; no wonder your family is so delighted with its best-ever Christmas present!

A New Headmistress for Madeira

Jean Struven Harris has been named headmistress of The Madeira School, Greenway, Va., a 70-year-old independent boarding and day school for girls in suburban Washington, D.C.

Mrs. Harris is very well known in Grosse Pointe. She taught at several levels during different periods at Grosse Pointe University School, from 1945 until 1966 when she moved to become director of Philadelphia's Springdale Middle School.

She became headmistress of The Thomas School, Rowayton, Conn., in 1971, then sales administration manager with Allied Maintenance Corporation of New York. She'll assume responsibility as Madeira's headmistress July 1.

Her background is impressive, including a magna cum laude degree from Smith College, where she was elected to Phi Beta Kappa, and a Masters in Education from Wayne State University.

She has published articles on the value of the single-sex secondary school concept, and on the advantages of study abroad for high school students. A report on her experience with The Choate School's Summer Program in Russia was for a number of years required reading for students in Education at Stanford University.

A sex education program for fifth and sixth grade youngsters and their parents will begin in January in nine pilot schools.

The February 7 board meeting begins at 12:45, and will feature a special program on testing. There will be four parts.

Dr. Hanson will speak on Testing and Scholarships. A new film, "Let's Talk About the SAT," will be shown. Jon Rice will give a short summary on his workshops "How to prepare students for the SAT," and there will be a question period.
